TOSS garbage in a trash can – not on the street, sidewalk, or subway tracks.

DON'T FEED squirrels, pigeons, and strays. If you do, you're feeding rats, too.

BAG your garbage in plastic and put it in a can with a tight-fitting lid.

RATS.
LET'S STOP THEM!

In the building, on the block,
in the subway, in the park . . .

You and your neighbors can make a difference.
Nobody should put up with rats.
