Fire Prevention Week 2010: Forum on Fire Safety

Citizens for Fire Safety would like to invite you to take part in Fire Prevention Week 2010. Please join us in an exciting and educational forum to discuss the often neglected issue of African Americans and fire safety.

The African American Commuinty is shockingly dis-proportionately affected by fires. Though African Americans comprise only 13% of the population, they account for 22% of all fire deaths nationwide.

Learn more about this issue and find out what you can do to protect yourself, your family and your community.
