Manhattan

September-October 2014

Installation of Distribution Water Mains in West 10th Street

West 10th Street (West Street-5th Avenue)

Project # MED-617

The New York City Department of Design and Construction (NYCDDC) is managing a capital construction project MED 617 along West 10th Street from West Street to 5th Avenue, including each intersection. DDC will install new distribution water mains, new traffic signs and street lighting, new roadway surface, curbs and sidewalks in certain locations, as well as, installing catch basins, and upgrade private utilities.

Work Completed to Date:
July/August 2014

1. Con-Ed Gas Mains Replacement on West 10th Street between Greenwich Avenue and 6th Avenue
2. Distribution Water Mains Replacement on West 10th Street from West Street to the west side of 7th Avenue South
3. Installation work completed of 20' Water Main in the intersection of West 10th Street & Washington Street
4. Performed Con-Ed Electrical Layouts on West 10th Street from 7th Ave South to Greenwich Avenue
5. Catch basins were replaced in (various locations)

Proposed Work Schedule
September/October 2014
Daytime work operations include:

1. Excavation and Replacement of the Distribution 20" Water Mains on West 10th Street from 7th Avenue South to 6th Avenue and West 10th Street from 6th Avenue to 5th Avenue
2. Installation of distribution Water Mains (and Appurtenances)
3. In and around West 10th Street & 7th Avenue South
4. Installation of Catch Basins in (various locations)
5. Continue with utility test pit operations

Weekend work operations include:

- Replacement of the 12" and 20" Distribution Water Mains in and around the intersection of West 10th Street & 7th Avenue (North & South sides of the street)

Special Needs
Individuals with special needs who may be uniquely impacted by this project should contact the project's Community Construction Liaison, as soon as possible, to make them aware of your situation. DDC will work with you to attempt to minimize the inconvenience as much as possible.

Installing a new catch Basin on W. 10th St and West 4th St looking North East

Water Service Interruption
During the course of the project there will be service interruptions. To allow water replacement, the existing water service must be shut off by closing the valves at either end of the section. Advance notice will be given for all planned interruptions. Water service will be restored at the end of the day.

Community Construction Liaison (CCL)
The DDC has assigned **Diane Guskin**, EnTech Engineering, as the Community Construction Liaison (CCL) for this project. Please contact **Diane** for any project related inquiries/concerns you may have:
Phone: 212-354-4905 Fax: 212-575-0745
Email: med617ccl@gmail.com
Field Office: 262 W 38th Street, Room 903, NY, NY 10018

Newsletter Distribution
Construction Newsletters for this project are distributed regularly within the project area and to Community Board #2 & #5– Manhattan.
