	<b>6 Statements and Signature</b>			

A sustainable contractor designation is issued to a licensee based upon the licensee meeting the conditions set out by the Department. As a condition of being granted a sustainable contractor designation, I acknowledge that I have one of the credentials or certifications deemed acceptable to the Department and that this credential or certification is currently valid. In addition, I agree to practice and promote the use of green technologies with my customers and report upon my practice and promotion of these technologies upon the Department’s request.

I agree to comply with all New York City Administrative Code and Department rules, regulations and directives governing how licensees conduct their specific trade.

I understand that the Department may decline to issue me a sustainable designation if my trade license is not in good standing, if my application is incomplete, or I do not otherwise meet the requirements set out by the Department. I understand that my sustainable contractor designation will remain active during the length of the license term and so long as my green credential or certification remains valid. I understand that proof of continuing credentials or certification will be required at each license renewal.

I understand that if I do not submit the required documentation with my application for license renewal, the designation will be removed from my license number. I also acknowledge that the Department may decline to issue me a sustainable designation for any grounds upon which a licensee may be disciplined pursuant to Chapter 4 of Title 28 of the NYC Administrative Code.

Additionally, the Department may, following notice and an opportunity to be heard, remove my sustainable designation based on my failure to practice or promote green technologies or for any grounds upon which a licensee may be disciplined pursuant to Chapter 4 of Title 28 of the NYC Administrative Code. I further acknowledge that if I make a false or misleading statement, act deceitfully, or commit fraud in obtaining or maintaining this certification, it may form a basis for disciplinary action against me.

I understand that it is unlawful to make a false statement to the Department; or to give to a city employee, or for a city employee to accept any benefit, monetary or otherwise, either as a gratuity for properly performing their job or in exchange for special consideration. Such actions are punishable by imprisonment, fine and/or loss of license. I understand that as a licensee, the Administrative Code requires that I cooperate with any investigation and that failure to do so may result in immediate suspension, revocation or other disciplinary action.

I understand that by signing the application, I agree to all the conditions set forth above. I understand and agree that by signing and submitting this application, I am affirming the truth of the information contained therein and that I am the license holder.
