Statement of Basis and Purpose of Proposed Rules

These proposed Procurement Policy Board (PPB) amendments would update the provisions of the PPB Rules relating to certain requirements for sole source procurements for goods, services, and construction. The sole source procurement method set forth in PPB Rule § 3-05 allows agencies to award contracts exceeding a certain amount when there is only one source for the required good, service, or construction. For example, if an agency requires goods that are only supplied by a single vendor, and there are no alternative sources available that would be sufficient to meet the agency's needs, then the agency may use the sole source procurement method.

The PPB is proposing amendments to: (1) to align the sole source procurement method dollar limits to procure goods, services, and construction with the micropurchase dollar limit; and (2) to clarify the application of sole source procurement rules and make those rules more consistent.

Section 1 of these proposed rules would amend PPB Rule § 2-02(b)(1) to align the presolicitation review for sole source procurements dollar limits with the micropurchase dollar limit set forth in Section 3-08(c)(1)(ii).

Section 2 of these proposed rules would amend PPB Rule § 2-08(e)(1)(ii) to remove the reference to construction-related services.

Section 3 of these proposed rules would amend PPB Rule § 2-09(a)(1) to align the Recommendation for Award for sole source procurements dollar limits with the micropurchase dollar limit set forth in Section 3-08(c)(1)(ii).

Section 4 of these proposed rules would amend PPB Rule § 3-05(a) to align the dollar limits for use of sole source procedures with the micropurchase dollar limit set forth in Section 3-08(c)(1)(ii).

The PPB's authority to promulgate these rules is found in sections 311, 321, and 1043 of the New York City Charter.

On December 6, 2023, the PPB voted to initiate the rulemaking process under the Citywide Administrative Procedure Act for this proposed rule amendment.

The new material added in the text of the rule is underlined and the deleted material is in [brackets]. "Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.
