

DOB NOW: *Build* for Antenna and Curb Cut

The New York City Department of Buildings (DOB) is pleased to announce that DOB NOW: Build for Antenna and Curb Cut filings is available as of August 28, 2017.

What is DOB NOW?

DOB NOW is the Department's new system that allows owners and licensed professionals to conduct business with DOB online. It provides owners and licensed professionals with the ability to manage robust online accounts, making it easier to submit filings, upload supporting documentation, make payments, pull permits, check the status of a filing, and have virtual interactions with DOB staff. These efforts will reduce the number of in-person visits to Department offices and will replace the current Building Information System (BIS) mainframe system.

Benefits to our customers include:

Increased access
to information

Streamlined
processes

Improved
transparency

Better
customer service

How do I access DOB NOW and materials about how to use it?
