

**Outcome 3:
Low Replacements, Borough Summary**

This outcome provides a measure of the foster care system's success at providing stable placements for children while they are in foster care. This report provides information on this outcome for children whose home borough was the borough of this report. In the top section of this report the number of children who were in care at least one day in a given month or calendar year to date and were transferred during that month or year is enumerated. The next section of the report shows the total number of transfers that occurred in a given month or calendar year and focuses on the following five aspects of these transfers: (1) whether they resulted in a move from one agency to another; (2) whether they were the 1st, 2nd or 3rd or more transfer to occur in a given child's spell¹ in foster care; (3) whether they involved a move to or from a kinship placement; (4) whether they involved a move to or from a child's community district (CD) of origin; and (5) whether they affected the intactness of sibling groups in care.

¹ A spell is the time between foster care entry and discharge. A child's first spell is his/her first episode in foster care.

² Intra-agency transfer is a transfer in which a child is moved from a facility managed by a given agency to another facility managed by that same agency.

³ Inter-agency transfer is a transfer in which a child is moved from one agency's facility to a different agency's facility.

⁴ Separated refers to sibling groups in which none of the children are placed together in the same facility.

⁵ Fully intact refers to sibling groups in which all siblings are placed together in the same home or facility.

⁶ Partially intact refers to sibling groups of three or more in which some of the siblings are placed in the same home or facility and some are not.

**Outcome 3:
Low Replacements, Community District Summary**

This outcome provides a measure of the foster care system's success at providing stable placements for children while they are in foster care. This report provides information on this outcome for children whose home community district (CD) was the CD of this report in the borough of this report. In the top section of this report the number of children who were in care at least one day in a given month, the number in care at least one day during a calendar year to date and the number that were transferred during that month or year are enumerated. The next section of the report shows the total number of transfers that occurred in a given month or calendar year and focuses on the following five aspects of these transfers: (1) whether they resulted in a move from one agency to another; (2) whether they were the 1st, 2nd or 3rd or more transfer to occur in a given child's spell in foster care; (3) whether they involved a move to or from a kinship placement; (4) whether they involved a move to or from a child's CD of origin; and (5) whether they affected the intactness of sibling groups in care.

¹ A spell is the time between foster care entry and discharge. A child's first spell is his/her first episode in foster care.

² Intra-agency transfer is a transfer in which a child is moved from a facility managed by a given agency to another facility managed by that same agency.

³ Inter-agency transfer is a transfer in which a child is moved from one agency's facility to a different agency's facility.

⁴ Separated refers to sibling groups in which none of the children are placed together in the same facility.

⁵ Fully intact refers to sibling groups in which all siblings are placed together in the same home or facility.

⁶ Partially intact refers to sibling groups of three or more in which some of the siblings are placed in the same home or facility and some are not.

**Outcome 3:
Low Replacements, Community District Summary**

This outcome provides a measure of the foster care system's success at providing stable placements for children while they are in foster care. This report provides information on this outcome for children whose home community district (CD) was the CD of this report in the borough of this report. In the top section of this report the number of children who were in care at least one day in a given month, the number in care at least one day during a calendar year to date and the number that were transferred during that month or year are enumerated. The next section of the report shows the total number of transfers that occurred in a given month or calendar year and focuses on the following five aspects of these transfers: (1) whether they resulted in a move from one agency to another; (2) whether they were the 1st, 2nd or 3rd or more transfer to occur in a given child's spell in foster care; (3) whether they involved a move to or from a kinship placement; (4) whether they involved a move to or from a child's CD of origin; and (5) whether they affected the intactness of sibling groups in care.
