

## The New York City Health Literacy Fellowship

### **Letter of Recommendation: Non-Academic Reference**

Please tell us about your relationship to the fellowship applicant: for how long have you know her/him and in what capacity. We are looking for individuals who can work well with others in community-based, multi-cultural settings and who are ready to learn new skills outside of textbooks and lecture format. We are also looking for medical students with potential to take on leadership roles as physicians and make substantial contributions towards improving the City's health care system. Please comment on how well suited you think the applicant is to this Fellowship.

If submitted via email or fax, letters must be received by the Mayor's Office by March 25<sup>th</sup>, 2009. If submitted via US mail, letters must be post-marked by March 25<sup>th</sup>, 2009.
