I am from Caspian Sea

I am from Darius, Cyrus, Esther the people who shaped my land's history

I am from miniatures, antiques, rugs

I am from saffron so red like the sun that warms the heart

I am from Break houses so strong like my mother

I am from basil and mint that smells like heaven

I am from the south where the people are willing to welcome you anytime to their home

I am from a mixed culture that I only know one of them but I love all of them

I am Nouroz, first day of spring

I am from giving gifts, cards, and love

I am from the smell of fresh bread with fresh seafood

I am from my mother Zina and my father Baba

I am from six brothers and sisters

I am from respect loving family

I am from people who need freedom of religion, freedom of speech and expressing ideas.

I am from Persia
