For Attorneys - Business Integrity Commission Administrative Violations

Beginning in October 2012, all hearings for administrative violations issued by the Business Integrity Commission will be conducted by the Office of Administrative Trials and Hearings (“OATH”). Attorneys who represent companies that operate in the trade waste industry are invited to attend a seminar presented by the Commission’s staff to provide OATH Administrative Law Judges with an overview of Local Law 42 of 1996 and the Commission’s rules. This seminar will take place on September 10, 2012 at 12:30 p.m. Space is limited. You must RSVP in order to attend. If you wish to attend, please RSVP to David Mandell at (212) 676-6296 before the close of business on September 4, 2012.
