Reimagining Meeker Avenue

What We Know:

During our 2016 Meeker Ave. outreach to the local community, we heard feedback that additional improvements were desired at other intersections along the corridor, as well as activation of the spaces under the BQE.

Additionally, as NYS DOT continues construction of the Kosciuszko Bridge, including a new bike/pedestrian path, we are seeking public input about preferred connections to the bridge.

How Can You Help?

NYCDOT is currently collecting public input for how the community wants to improve Meeker Ave.

Goals:

Pedestrian Safety

Traffic Improvements

Bike Connections

Public Spaces

Streetscape Enhancements

Maintenance and Programming Partners
