To register by phone:

To volunteer or to schedule an appointment, please call **1-877-REDCROSS**.

The American Red Cross responds to over 50,000 apartment and home fires across the nation each year, providing comfort and assistance to traumatized disaster survivors. Tragically, on average, seven Americans die every day in these fires. In 3/4 of fire deaths, there is no working smoke alarm in the household.

Please share this information with family, friends, colleagues and anyone who may be interested in helping better prepare the community and/or would like to have a fire alarm installed.
