

What's Happening Here?

Improve Bus Travel Times

Improve Pedestrian Safety

Organize Vehicle Movements

Simplify Traffic

DOT will reconstruct Woodhaven Boulevard from Union Turnpike to 81st Rd, and implement bus and safety improvements as part of the Q52/Q53 Select Bus Service Project:

- Remove service road medians to create simpler central median with pedestrian refuge
- Maintain three vehicular traffic lanes in each direction
- Install curbside bus-only lanes that allow for right turns to the next intersection or driveway
- Restrict left turns from Woodhaven Blvd to Union Turnpike
- Create turn bay to allow for U-Turns at 81st Rd for access to Union Turnpike

Implementation begins Mid-September
