Bus Lane Enforcement

If you drive, park, or stand in a bus lane during hours of operation you face fines ranging from $115 to $150. NYC enforces bus lanes in two ways:

**Bus Lane Cameras:** The City has installed cameras along bus lanes to catch violators. Signs are posted along routes that have bus lane cameras as an extra warning for drivers to keep out of bus lanes, except for allowed right turns and passenger pick ups/drop offs.

**Police Enforcement:** NYPD regularly patrols bus lanes, and issues both moving and parking violations to bus lane violators.

Bus Lanes Move New York City

Two and a half million people ride the bus every day in New York City. Buses reduce traffic and air pollution because they are more space and fuel-efficient. Bus lanes keep buses, and their passengers and emergency vehicles from getting stuck in traffic, making bus travel faster and more reliable, while organizing traffic to be more predictable for all road users.

Entering A Bus Lane

Making a right turn from the street with a bus lane: Unless otherwise restricted, vehicles are permitted in the bus lane to make a right turn at the next intersection, or to access a driveway within 200 feet of entering the bus lane. To make a right turn from a bus lane, enter the bus lane safely along the block you are turning from.

Picking up or dropping off passengers at the curb on the street with a bus lane: If possible, arrange a pick up or drop off where there isn’t a bus lane across the street, or on a side street. However, you may stop in the bus lane for the time it takes for a passenger standing at the curb to enter the vehicle or a passenger to exit the vehicle and get onto the sidewalk.

Receiving a delivery on the street with a bus lane: You cannot pick-up or deliver goods in a bus lane during the hours it is in effect. Many curbside bus lanes have mid-day hours when parking and deliveries are permitted. Use these hours for deliveries where available, find an alternate location, or schedule the delivery before or after the bus lanes are in effect.

Accessing parking in the curbside lane: Vehicles can enter a bus lane to access on-street curbside parking adjacent to the bus lane.

Types of Bus Lanes

Bus lanes are for use by buses and emergency vehicles. All vehicles can use a bus lane when bus lanes are not in effect. Violating bus lane rules results in a $115 – $150 fine.

Curbside bus lanes are travel lanes for buses at the curb. Parking and standing at the curb are not allowed during the hours the bus lane is in effect.

Offset bus lanes are travel lanes for buses one lane away from the curb. This makes parking and standing at the curb still possible.

Vehicles That Can Drive in Bus Lanes

All buses, including MTA buses, charter buses, and school buses

All emergency vehicles
