

BETTER BUSES Restart

Hylan Boulevard Bus Lanes

NYC DOT will extend the existing Hylan Blvd. bus lanes from Nelson Ave. to Lincoln Ave. in the northbound direction, and Lincoln Ave. to Guyon Ave. in the southbound direction to provide faster, more reliable bus service for Staten Islanders.

This project will:

- Improve bus speeds for 33,000 riders per day
- Improve bus reliability and inter-borough connections between Staten Island, Brooklyn, and Manhattan

Project Details:

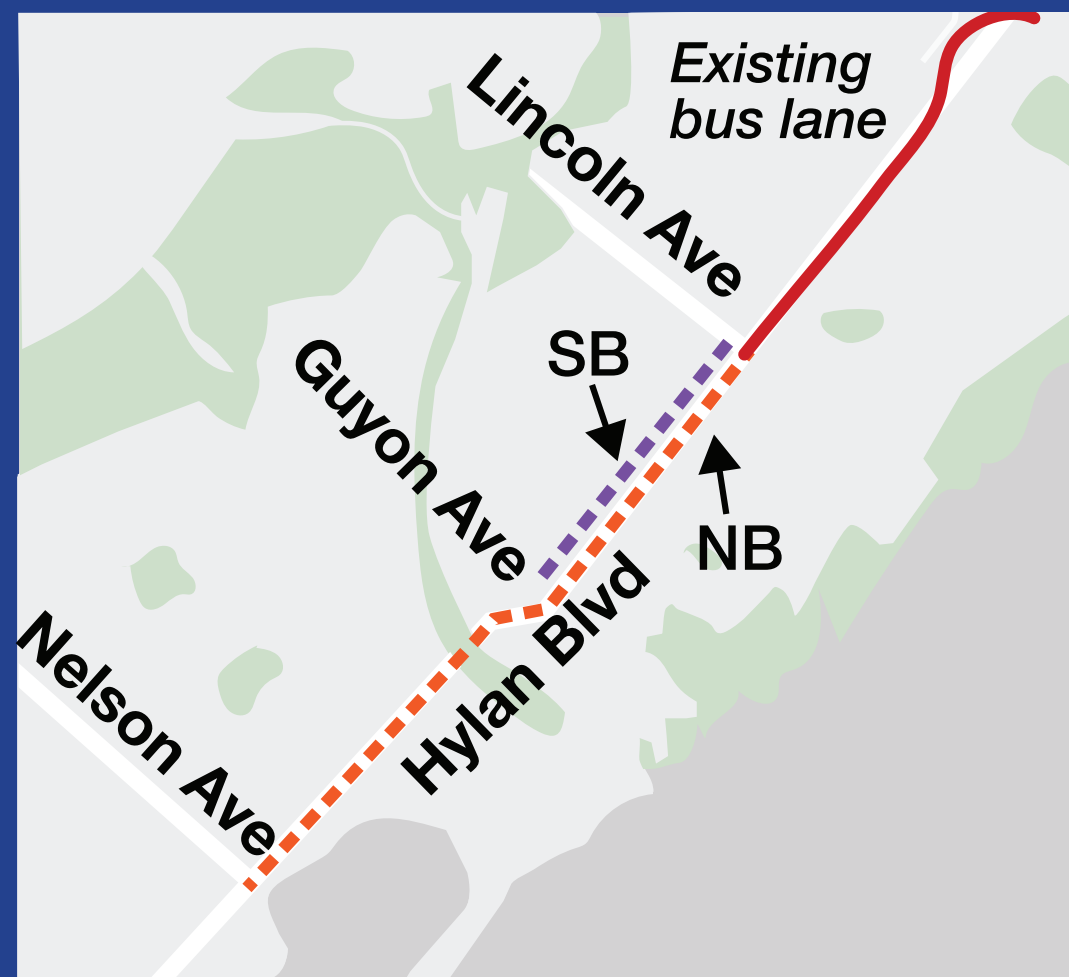

- NYC DOT will install 4.7 miles of curbside bus lanes
- Northbound bus lane: Nelson Ave. to Lincoln Ave.

Hours in effect: 6 AM – 9 AM

- Southbound bus lane: Lincoln Ave. to Guyon Ave.

Hours in effect: 3 PM – 7 PM

- Emergency vehicles will be permitted to access the bus lane, and vehicles may use the bus lane to make a right turn

Community Outreach:

- NYC DOT has created a Community Advisory Board (CAB) – made up of bus riders, community members, and elected officials, who have been providing feedback through this restart process

After Implementation:

- NYC DOT will monitor traffic and bus speeds to study the impacts of the new bus lanes and continue to provide public updates on progress
