The Director shall have the right to determine the amount, quality, acceptability and fitness of the Services and her or his approval shall be a condition precedent to the right of the Consultant to receive any compensation under this Contract. Upon completion of work and as stated in Article 2, Section 2.1.2, Requisitions shall be in a form reasonably acceptable to the Corporation and shall be supported by any appropriate or necessary documentation or other evidence relating to the amounts set forth in the Requisition, as the Corporation may reasonably require including, but not limited to invoices, receipts and vouchers from Subcontractors and suppliers, information related to M/WBEs required under Section 9.6 and, where applicable, the time sheets and/or certified payroll reports of the Consultant's staff and its Principal. **PART II
GENERAL TERMS AND CONDITIONS**

The Corporation and the Consultant agree as follows:

**ARTICLE 1
PERFORMANCE OF SERVICES**

1.1 Services. The Corporation hereby retains and engages the Consultant and the Consultant agrees to perform the Services as described in **Appendix B** (Scope of Services), attached hereto.

1.2 Time for Performance of Services/Term/Delays and Force Majeure.

1.2.1 The Consultant shall commence the Services upon or promptly after the Commencement Date and shall complete the Services and each phase of the Services within the time or times stated for Final Completion as set forth in **Appendix B**, and in accordance with any directive given and Progress Schedule approved by the Corporation, unless this Contract is earlier terminated pursuant to Article 3 hereof.

1.2.2 This Contract shall be for the Term as set forth in Part I, Section 1.5 unless sooner terminated pursuant to Article 3 hereof.

1.2.3 Time of the Essence. CONSULTANT ACKNOWLEDGES AND AGREES THAT TIME IS OF THE ESSENCE IN THE COMMENCEMENT, PROSECUTION AND COMPLETION OF THE WORK.

1.2.4 If the Consultant has been delayed and as a result will be unable to complete performance fully and satisfactorily within the time fixed therefor, the Consultant may be granted an extension of time fixed for performance equal to the period the Consultant was actually and necessarily delayed upon submission of evidence of the causes of the delay, subject to the written approval of the Director in his or her sole discretion. The decision of the Director as to the granting of the extension and its length shall be binding upon the Consultant.

1.2.5 Subject to the Corporation's determination and approval, the Corporation may extend the time or times for performance of the Services where such performance has been substantially obstructed, hindered or delayed by reason of acts of Force Majeure. The Consultant shall have no claim against the Corporation or the City for any loss or damage sustained by the Consultant nor for any extra compensation in the form of an increase in the Maximum Contract Price, or otherwise, through such delay, hindrance or obstruction.

1.3 Complete Work and Timing and Sequence/Meetings. It is the intent of the parties that the provisions of this Contract shall not be construed so as to limit the Services, but that the Services shall include all acts necessary to fully and finally complete the work described in **Appendix B** hereof. The Consultant shall schedule and perform the Services in a manner so as to permit their completion diligently and expeditiously. The Principal, the Person in Charge and such other Representatives of the Consultant as may be required under the circumstances shall be available to meet with the Director or her or his designee as often as necessary to effectively perform the Services, and as often as may be specified in **Appendix B**.

1.4 Authority of Director/Performance of Services.

1.4.1 The Services to be performed by the Consultant shall at all times be subject to the review, direction and control of the Director, whose decision shall be final and binding upon the Consultant. The Director shall have the right to determine the amount, quality, acceptability and fitness of the Services and her or his approval shall be a condition precedent to the right of the Consultant to receive any compensation under this Contract. The Director shall act reasonably in exercising her or his authority under this Contract. The Director and any other person or agent duly authorized to act for and on behalf of the Corporation shall not, by virtue of such authority or action, be liable in any manner to the Consultant.

1.4.2 The Consultant shall perform all of the Services in a prudent and professional manner and in accordance with standards and practices as are customary for such Services in the New York City Metropolitan Statistical Area.

1.5 Changes to the Services.

1.5.1 The Consultant shall not make any changes in the Services without prior written authorization from the Director. The Consultant shall revise or correct any Work Product submitted in accordance with this Contract until accepted by the Director and accepted by all agencies whose approval is required by law, without additional compensation or time extension. Any changes to the performance of the Services or the Work Product which are necessary due to improper performance of the Services, a defect of design, unworkability of details or other fault or error of the Consultant shall be made by the Consultant, also without additional compensation or time extension.

1.5.2 The Director shall have the right to alter the Services, provided however, that if the Consultant believes that any work or services that it has been directed to perform as a result of such alteration is beyond the Scope of Services and constitutes Extra Work, the Consultant shall notify the Director within three (3) days of such directive. The Director shall determine whether such altered Services are (i) within the Scope of Services; or (ii) Extra Work requiring an amendment to the Scope of Services and the Contract. The Director's determination shall be final, binding and conclusive.

1.5.3 The Director reserves the right to reduce the Scope of Services under this Contract by Notice to the Consultant specifying the nature and extent of such reduction. The Consultant shall be compensated for all Services satisfactorily performed prior to the reduction and for Services satisfactorily performed thereafter. If said reduction results in a credit for the

Corporation, such credit shall be immediately due and owing to the Corporation, and the Consultant shall either pay such credit to the Corporation or the Corporation may withhold the credit amount from any future payments by the Corporation to the Consultant, at the exclusive option of the Corporation.

1.6 Equipment.

1.6.1 The Consultant, at its own expense, shall secure all supplies, materials and equipment required to perform and complete the Services.

1.6.2 The Consultant shall act immediately to procure and furnish all requisite Materials and Equipment necessary for the Consultant to commence deliveries and start the Work at the Project immediately upon the Commencement Date. The Consultant shall make deliveries of all such Materials and Equipment to the Project Site at such times so as to avoid delays to the Project.

1.6.3 The Consultant, at its sole cost and expense, shall bear the risk of loss for any supplies, materials and equipment used to perform the Services whether such loss arises by reason of fire, theft, vandalism, negligence or any other cause whatsoever. Consultant, at its sole cost and expense, shall promptly replace or repair all such lost, stolen or damaged supplies, materials and equipment.

1.6.4 The Consultant, at its sole cost and expense, shall maintain all of its supplies, materials and equipment in good working and serviceable order so as to enable the Consultant to perform the Services in a first-class and professional manner.

1.6.5 The Consultant shall be solely responsible for the means and methods and the safety and protection of all its employees and shall assume all liability for injuries, including death, that may occur to such employees due to the act, omission, negligence, fault or default of the Consultant.

1.7 Services Subject to City Contract, Indemnification and Third Party Beneficiary. This Contract is a subcontract under the City Contract. The Consultant acknowledges that it has reviewed the City Contract and agrees to comply with the City Contract with respect to the Services and not to violate, or through its acts or failure to act cause the Corporation to violate, the City Contract. The Consultant agrees to defend, indemnify and hold harmless the Corporation from any claim, liability or judgment to which the Corporation may be subject because of any such action or failure to act. The City shall be a third party beneficiary of this Contract and shall have a direct cause of action against the Consultant in the event that any claim be made or any cause of action be brought against the Corporation or City or if the Consultant breaches this Contract.

1.8 Acts to be Performed by the Corporation. The Corporation shall perform the following acts in connection with this Contract:

1.8.1 The Corporation shall make available to the Consultant all relevant technical data (subject to the provisions of Part II, Section 5.3 herein) in regard to the Contract which is in the possession of the Corporation.

1.8.2 The Corporation shall designate a Project Manager to serve as a liaison between the Corporation and the Consultant.

ARTICLE 2

COMPENSATION

2.1 Payments.

2.1.1 Subject to, and in accordance with this Article 2, the Corporation shall pay to the Consultant, and the Consultant agrees to accept, in full consideration for the Services, and for all expenses of the Consultant in connection therewith, including Subcontractors' Costs and Allowable Additional Costs, an amount not to exceed the Maximum Contract Price, payable as provided for in this Section 2.1 and in Appendix C.

2.1.2 Requisitions shall be in a form reasonably acceptable to the Corporation and shall be supported by any appropriate or necessary documentation or other evidence relating to the amounts set forth in the Requisition, as the Corporation may reasonably require including, but not limited to invoices, receipts and vouchers from Subcontractors and suppliers, information related to M/WBEs required under Section 9.6 and, where applicable, the time sheets and/or certified payroll reports of the Consultant's staff and its Principal.

2.1.3 Each Requisition submitted to the Corporation by the Consultant shall constitute a representation that, except as specifically set forth in the Requisition, as of the date of the Requisition, all representations and warranties made by the Consultant in Article 7 are true, complete and accurate as if made as of the date of the submission of the Requisition.

2.1.4 The Director shall review the Requisitions and the Work Product. If, in her or his judgment, the Services have been satisfactorily performed in accordance with this Contract, the Director will approve the Requisition. All payments to the Consultant will be made in accordance with this Article 2.

2.1.5 Subject to Section 3.5, Final Payment will be due only upon Final Completion.

2.1.6 The Consultant, with the Director's prior approval, may exceed the Maximum Payment allocated to a particular Portion of the Services if the Consultant by Notice determines that the Maximum Payment initially allocated to the Portion is insufficient to adequately perform the Portion of the Services and if the Consultant demonstrates to the Director a savings with respect to another Portion of the Services which is at least equal to the amount of such excess. However, notwithstanding the above, in no event shall the Corporation pay the Consultant more than the Maximum Contract Price.

2.1.7 All Requisitions must be submitted to the Corporation's Accounts Payable Department.

2.2 Miscellaneous Payment Provisions, including Lien Releases.

2.2.1 In addition to its rights under Section 9.10, if the Corporation shall have reasonable grounds for believing that:

(i) the Consultant will be unable to perform the Services or any Portion thereof fully and satisfactorily in accordance with any Progress Schedule, or
 (ii) a meritorious claim exists or will exist against the Corporation, the Consultant or the City arising out of the act, omission or negligence of the Consultant or the Consultant's breach of any provision of this Contract,

then the Corporation may withhold payment of any amount otherwise due and payable to the Consultant hereunder. Any amount so withheld may be retained by the Corporation for such period as it may deem advisable to protect the Corporation and the City against any loss and may, after Notice to the Consultant, be applied in satisfaction of any claim herein described.

2.2.2 The Corporation shall not be deemed to have released the Consultant from any claim or liability, or to have waived any cause of action arising from any breach of this Contract by virtue of making payments to the Consultant.

2.2.3 Upon acceptance by the Consultant of the Final Payment to be paid pursuant to this Contract, the Consultant agrees that it shall be deemed to have fully released the Corporation and the City from any and all claims, demands and causes of action whatsoever which the Consultant has or may have against the Corporation or the City in connection with this Contract and, upon the request of the Corporation, shall execute a release (*see* Appendix D) to such effect.

2.2.4 Prior to any final payment for Subcontractor services as part of any requisition, such Subcontractor shall execute a release (*see* Appendix D) releasing the Corporation and the City from any and all claims, demands and causes of action whatsoever which the Subcontractor has or may have against the Corporation or the City in connection with this Contract.

2.2.5 All payments to the Consultant under this Contract shall be subject to all applicable Legal Requirements.

2.3 Electronic Funds Transfers. All payments due under this Contract in excess of \$100,000 shall be made by Electronic Funds Transfer ("EFT"). Upon execution of this Contract, and in no event later than its submission of its first Requisition, the Consultant shall complete and submit to the Corporation the "EFT Vendor Payment Enrollment Form" annexed to Appendix C. The Consultant shall update such information to the extent necessary for EFT payments to be made. The Corporation shall not be obligated to make any payment in excess of \$100,000 unless such information is provided and shall be entitled to rely solely on the information provided by the Consultant. Payments to the Corporation shall be made by check unless the Corporation Notifies the Consultant to make payments by EFT.

ARTICLE 3

3.1 Delay, Postponement or Suspension of Work.

3.1.1 The Corporation shall have the right to delay, postpone or suspend the Services, or any Portion thereof, immediately or upon a specified date, for a period of not more than ninety (90) days, upon Notice to the Consultant, for any reason deemed by the Corporation to be in its

interest. The Consultant and all of its Subcontractors and Representatives shall cease all Services, or any specified Portion thereof, immediately or as of the date specified in the Notice.

3.1.2 Any such delay, postponement or suspension shall not give rise to any cause of action for damages against the Corporation or the City, but the Term specified in Part I of this Contract and the Consultant's time for performance of the Services shall be extended for the period of the delay, postponement or suspension.

3.1.3 In the event of any delays, postponements or suspensions, the Consultant shall resume the Services upon the date specified in the Notice or upon such other date as the Corporation may thereafter specify by Notice.

3.3 Defaults and Termination for Cause.

3.3.1 In addition to any other right that the Corporation may have, upon the occurrence of an Event of Default, the Corporation shall have the right to declare the Consultant in default and terminate this Contract, in whole or in part, for cause, by giving Notice to the Consultant of the cause and the date of such termination.

3.3.2 An Event of Default shall be deemed to have occurred if any of the following events has occurred, each an "Event of Default":

any of the acts or omissions specified as the grounds for debarment in the City's *Procurement Policy Board Rules*.

3.4 Effects of Termination for Convenience or for Cause.

3.4.1 The Contract, or such portion of the Contract described in the Notice of termination, shall terminate as of the termination date set forth in the Notice given pursuant to Section 3.3.1, or immediately if no date is specified.

3.4.2 Upon receipt of a Notice of termination for cause or for convenience, the Consultant shall cease any or all Services, immediately or on the date specified, in accordance with the terms of the Notice.

3.4.3 Termination, whether for convenience or for cause, shall not give rise to any cause of action for damages against the Corporation or the City.

3.4.4 Within ten (10) days after the effective date of termination, the Consultant shall surrender and turn over to the Corporation all Work Product and any other materials related to this Contract requested by the Corporation including, without limitation, all materials, equipment and supplies purchased by the Consultant on behalf of the Corporation in connection with this Contract.

3.5 Payment Upon Termination.

3.5.1 Upon termination with or without cause, the Consultant shall promptly present to the Corporation a verified statement of all costs actually incurred prior to the date of termination, together with all documents in the Consultant's possession related thereto that the Corporation may demand in order to verify such statement of costs including, without limitation, canceled checks, subcontracts, and paid receipts and bills from Subcontractors. The Corporation will review the statement of costs and review or audit any supporting documentation provided by or in the Consultant's possession. The Corporation will Notify the Consultant of the results of such review or audit and the amount approved for payment.

3.5.2 If the termination was without cause, the Consultant shall receive such equitable compensation for such Services as shall, in the judgment of Director, have been satisfactorily performed by the Consultant up to the date of the termination, such compensation to be fixed by the Corporation after consultation with the Consultant, subject to any rights of audit provided herein. Such payment will be processed by the Corporation after Consultant provides all information and documentation required hereunder. Such payment shall constitute full and Final Payment to the Consultant.

3.5.3 If the termination was for cause, the Consultant shall receive such equitable compensation for such Services as shall, in the judgment of Director, have been satisfactorily performed by the Consultant up to the date of the termination, such compensation to be fixed by the Corporation, subject to any rights of audit provided herein, and subject to set-off by the Corporation for any additional expenses the Corporation incurs to complete the Project satisfactorily, including the expenses of engaging another consultant and the costs set forth in Section 9.10(ii). The sum of (i) such additional expenses incurred to the Corporation for the completion of the Project, and (ii)

payments made to the Consultant prior to the termination of the Contract shall hereafter be referred to as the "Contract Completion Costs".

(i) If the Contract Completion Costs exceed the Maximum Contract Price, Consultant shall pay such difference to the Corporation, as described in Section 3.5.4 below.

(ii) If the Contract Completion Costs are less than the Maximum Contract Price, provided that the Consultant has provided all information and documentation required by this Section, the Corporation will pay to the Consultant, an amount equal to the lesser of (a) the difference between the Maximum Contract Price and the Contract Completion Costs, or (b) such amount, when added to sums previously paid to Consultant, equitably compensates Consultant for Services satisfactorily performed up to the date of termination. Such payment will be made as further described in Section 3.5.4 below.

3.5.4 If the termination was for cause, the Corporation will, upon full completion of the Project, deliver a written notice to the Consultant advising the Consultant that the Project has been completed and setting forth the Contract Completion Costs. If the Contract Completion Costs exceed the Maximum Contract Price, the Consultant shall promptly pay such difference to the Corporation upon receipt of such notice. If the Contract Completion Costs are less than the Maximum Contract Price, then, subject to (i) the Consultant's providing to the Corporation all information and documentation required by this Section, and (ii) any other applicable provisions of this Contract including, without limitation, Sections 3.5.5 and 3.5.6 hereof, the Corporation will pay the Consultant the amount described in Section 3.5.3(ii). Such payment shall constitute full and Final Payment to the Consultant.

3.5.5 The Corporation need not wait until the completion of the Services to seek the enforcement of its rights against the Consultant if there has been a termination for cause, but no monies shall be due or payable to the Consultant terminated for cause until the Services are completed.

3.5.6 The provisions of this Section 3.5 shall be in addition to any other rights the Corporation may have under this Contract, any Applicable Requirement, any Applicable Agreement, or otherwise, in law or in equity.

3.6 No Release. Termination of this Contract, whether by expiration of its Term or otherwise, shall not release the Consultant from any liability to the Corporation or from the Consultant's indemnification and other obligations under this Contract that have not been specifically terminated pursuant to this Article of the Contract.

ARTICLE 4

PERSONNEL AND SUBCONTRACTORS

4.1 Personnel.

4.1.1 The Consultant shall employ at its own expense all personnel and retain all Subcontractors as may be required to perform the Services, and shall be solely responsible for their work, compensation, direction and conduct during the performance of this Contract. The personnel of the Consultant and any Subcontractor shall cooperate fully with the personnel of the Corporation

including, without limitation, the Director, and, in the event any personnel of the Consultant or any Subcontractor fails to cooperate, the Consultant shall relieve them of their duties of performance under this Contract.

4.1.2 The Consultant shall submit to the Director, prior to performance of Services by such personnel, resumes of the Consultant's personnel and those of its Subcontractors' personnel who will perform the Services. The experience and training of such personnel is a material inducement for the Corporation to enter into this Contract and make payment for the Services. The Consultant and its Subcontractors are expected to use such personnel to perform the Services. If the Consultant or a Subcontractor proposes to substitute any other personnel for those heretofore identified, it shall assign persons with equivalent or better experience and training and shall submit the resumes of such proposed substitute personnel to the Director and obtain the Director's prior approval of the substitution. Notwithstanding anything contained herein to the contrary, all personnel furnished by the Consultant as required under this Contract shall be employees of the Consultant or approved Subcontractors of the Consultant and not employees or subcontractors of the Corporation or the City.

4.2 Subcontractors.

4.2.1 The Consultant is authorized to enter into subcontracts for specialized services as required for performance of the Services. The Consultant, and not the Corporation, is responsible for the Subcontractor's work, acts and omissions.

4.2.2 The Consultant shall pay any Subcontractors for work that has been satisfactorily performed no later than thirty (30) days from the date of Consultant's receipt of payments from the Corporation.

4.2.3 The Consultant is solely responsible for the payments to the Subcontractors. Upon receipt of evidence of Consultant default hereunder with respect to its obligations to make payments to its Subcontractors, the Corporation reserves the right, after three (3) calendar days prior Notice, to retain any money due the Consultant and pay directly for labor, materials, equipment, Services and all other obligations of the Consultant and to deduct the amount of any such direct payments from any payments or amounts then due or thereafter to become due to the Consultant.

4.2.4 The Consultant shall inform all Subcontractors fully of the terms and conditions of this Contract. All subcontracts shall provide that:

- (i) there is no privity of contract between the Subcontractor and the Corporation or the City;
- (ii) neither the Corporation nor the City will incur any liability by virtue of any act, omission, negligence, or obligation of the Subcontractor or the Consultant;
- (iii) the Subcontractor shall indemnify, defend and hold harmless the Corporation and the City, their agents, employees, members, directors, officials and officers against any and all claims, judgments or liabilities to which they may be subject (including, without limitation, any and all claims for injuries to persons (including death) and damage to property) because of any

negligence or any fault or default of the Subcontractor, its agents, employees or subcontractors or the breach of the Subcontractor's obligations under the subcontract;

(iv) the Subcontractor's Requisitions shall conform to the same requirements and include the representations, warranties and agreements set forth in Sections 2.1.2 and 2.1.3;

5.2.3 The Work Product shall be considered “work-made-for-hire” within the meaning and purview of Section 101 of the United States Copyright Act, 17 U.S.C. § 101, and the Corporation is the copyright owner thereof and of all aspects, elements and components thereof in which copyright protection might subsist. To the extent that the Work Product does not qualify as a “work-made-for-hire”, the Consultant hereby irrevocably transfers, assigns and conveys exclusive copyright ownership in and to the Work Product to the Corporation, free and clear of any liens, claims or other encumbrances. The Consultant shall retain no copyright or other intellectual property interest in the Work Product.

5.2.4 To the extent that the Work Product does not qualify as a “work-made-for-hire”, Consultant acknowledges the existence, if any, of its statutory moral rights as those rights are described in 17 U.S.C. § 106A(a), and knowingly executes this Contract on the following terms: (i) this waiver applies to the Work Product and to any promotional materials connected with the Work Product; (ii) the Consultant hereby expressly and forever waives any and all rights under 17 U.S.C. § 106A, and any rights arising under U.S. federal or state law or under the laws of any other country that conveys rights of the same nature as those conveyed by 17 U.S.C. § 106A, or any other type of moral right or *droit moral*.

5.2.6 The Consultant represents and warrants that to the extent that the Work Product incorporates non-original material, the Consultant shall obtain and provide the Corporation with copies of all necessary permissions and clearances, in writing, for the use of such non-original material under this Contract. Since some licenses for materials may be for a limited duration, the Consultant shall provide and/or specify the following to the Corporation with respect to all non-original materials included in its Work Product:

5.2.8 The Consultant agrees that the Corporation and the City may use the Consultant's name and the names, biographies and likenesses of its members, in advertising and promotion related to the Work Product, and in any and all ancillary products related to the Services regardless of the format in which such use occurs.

5.2.9 Prior to acceptance of any Work Product by the Director, upon the Director's request and within a reasonable time following delivery of the Work Product, the Consultant shall submit revised Work Product incorporating any revisions, changes or alterations reasonably requested by the Director. 5.2.10 The Consultant acknowledges that the decision to accept the Work Product for use, incorporation, transmission, display or publication is within the sole discretion of the Director.

5.2.11 Consultant agrees that it will cooperate in providing any other documentation necessary to effectuate the intent of this Section of the Contract.

5.2.12 The Consultant shall not make any unauthorized use of copyrighted, trademarked or other protected materials or intellectual property and agrees to defend, indemnify and hold harmless the Corporation and the City and their respective officers, officials, agents, members, directors, and employees against any damage or liability arising out of the Consultant's infringement or unauthorized use of any such material or property.

5.3 Confidential Information.

5.3.1 The Consultant shall hold all Confidential Information provided by the Corporation in the strictest confidence. Consultant agrees to:

- (i) use the Confidential Information solely for evaluation and the performance of the Services under this Contract;
- (ii) not disclose the Confidential Information outside of its Subcontractors who have agreed in advance in writing to be bound by the terms of this Section 5.3 and its employees and to limit dissemination to only those Subcontractors and employees who have a need to know it in order to accomplish the Services;
- (iii) execute any confidentiality agreements required by any governmental or other entities or individuals which provide any information, records, data, materials, documents or electronic files to Consultant for use in performance of the Services; and

Consultant shall defend, hold harmless and indemnify the Corporation for any and all claims, losses, expenses and/or damages arising out of breach of this Section 5.3 or unauthorized use of the Confidential Information.

ARTICLE 6

INDEMNIFICATION, CLAIMS AND INSURANCE

6.1 Indemnification of the Corporation and the City.

6.1.1 The Consultant shall indemnify, defend and hold harmless the Corporation and the City, their agents and employees from any and all claims, judgments or liabilities to which they may be subject because of any negligence or any fault or default of the Consultant, its agents, employees or subcontractors or the breach of the Consultant's obligations under the Contract.

6.1.2 The Consultant shall be solely responsible for all injuries to persons, including death, or damage to property sustained during its operations and work under this Contract resulting from any negligence, fault or default of the Consultant or of its employees, authorized agents, servants, independent contractors or subcontractors retained by the Consultant pursuant to this Contract. The Consultant agrees to indemnify, defend and hold the Corporation and the City harmless from any liability upon any and all claims for injuries to persons (including death) and damage to property on account of negligence, fault or default of the Consultant, its employees, authorized agents, servants, independent contractors and subcontractors retained by the Consultant.

6.2 Claims or Actions Against the Corporation.

6.2.1 The Consultant shall look solely to the funds appropriated by the Corporation for this Contract for the satisfaction of any claim or cause of action the Consultant may have against the Corporation in connection with this Contract or the failure of the Corporation to perform any of its obligations hereunder. In no event shall the Corporation's aggregate liability hereunder in connection herewith or related to the performance of the Services exceed the Maximum Contract Price.

6.2.2 Upon acceptance by the Consultant of the Final Payment to be paid pursuant to this Contract, the Consultant agrees that it shall be deemed to have released the Corporation from any and all claims, causes of action, and liability to the Consultant, its Representatives, successors and assigns, in connection with this Contract or the performance of the Services.

6.2.3 No member, director, employee, servant, officer, agent or other person authorized to act on behalf of the Corporation shall have any personal liability in connection with this Contract or any failure of the Corporation to perform its obligations hereunder.

6.2.4 No person or entity shall have any right against the Director or any member, director, employee, servant or officer, agent of the City or the Corporation or other person authorized to act on their behalf or any claim against the City or the Corporation by reason of the failure or refusal to withhold money pursuant to Section 2.2.1 hereof.

6.2.5 The Consultant agrees that no cause of action against the Corporation in connection with this Contract or the Services shall lie or be maintained by the Consultant, its successors or assigns unless such action is commenced within six months after (i) the termination of this Contract, or (ii) the accrual of the cause of action, whichever is earlier.

6.2.6 If any claim is made or any action brought relating to this Contract or the Services, whether or not the Consultant is a party, the Consultant shall diligently render to the Corporation any and all assistance that the Corporation may require of the Consultant, without compensation.

6.2.7 The provisions of this Section shall not waive, limit or in any way prejudice any other right of the Corporation or the City.

6.3 Insurance.

6.3.1 At all times during the performance of the work or Services in connection with this Contract or for such other time periods as the Corporation may require, the Consultant, at its sole cost and expense, shall purchase and maintain the insurance described in this Section 6.3 and the annexed Appendix E, as may be applicable and as may be required by the Corporation.

6.3.2 Consultant shall purchase and maintain insurance with insurance companies that:

- (i) are acceptable to the Corporation;
- (ii) are rated A:X or better by A.M. Best Company; and
- (iii) are licensed to issue such insurance by the New York State Department of

Insurance.

6.3.3 The insurance policies purchased and maintained by the Consultant shall:

- (i) be in form and substance satisfactory to the Corporation;
- (ii) be in the minimum face policy amounts set forth in Appendix E;
- (iii) list all individuals and entities identified in Appendix E as Additional

Insureds except in the case of any workers' compensation, automobile liability and professional liability policies required to be maintained hereunder; and

- (iv) contain the provisions set forth in Appendix E.

6.3.4 Coverage for the individuals and entities identified in Appendix E as Additional Insureds shall be written into those policies set forth in Section 6.3.3 above as an endorsement at least as broad as ISO Form CG 20 10 (07/04 ed.).

6.3.5 The Consultant shall make and maintain timely premium payments for all policies required hereunder.

6.3.6 The Consultant shall require that each of its Subcontractors, prior to the commencement of their work, purchase and maintain, or be covered by, at no cost or expense to the Corporation or the City, the same types and amounts of insurance (except that Subcontractors may maintain Umbrella/Excess Liability insurance in the lesser amount listed in Appendix E) and meet all of the same requirements as required of the Consultant as set forth in this Article 6 and Appendix E. The Consultant hereby covenants and warrants that its Subcontractors shall purchase and maintain the policies required by this Section in the amounts and for the periods required by this Section.

6.3.7 Prior to the commencement of the Services the Consultant shall forward to the Corporation's Contract Administration and Procurement Department at least three (3) original certificates of insurance for each policy required for compliance with this Contract, for itself and its Subcontractors substantially as set forth in Appendix E. The Consultant shall also provide an original certificate of insurance to each of the Additional Insureds.

6.3.8 The Consultant shall provide the Corporation and the Additional Insureds written confirmation of the renewal of any policy required hereunder no less than five (5) days prior to the expiration of any such policy.

6.3.9 Unless otherwise agreed to in writing by the Corporation, the types of insurance to be purchased and maintained by the Consultant and its Subcontractors are as follows:

(i) Workers' Compensation, Disability Benefits, and Employer's Liability Insurance. The Consultant shall purchase and maintain and shall require each of its Subcontractors to purchase and maintain workers' compensation, disability benefits insurance in statutory amounts, and employer's liability insurance in the amounts set forth in Appendix E, for all of its employees engaged in the Services. The failure of the Consultant to comply with this Section 6.3.9(i) shall make this Contract voidable at the option of the Corporation.

(ii) Commercial General Liability. The Consultant shall purchase and maintain commercial general liability insurance to protect the Corporation, the City and the Additional Insureds, the Consultant and its Subcontractors against any and all claims for property damage, personal injury and death arising out of the Services performed by the Consultant and its Subcontractors, and any work incidental thereto. The commercial general liability insurance policy must also include products and completed operations coverage, which shall include a provision that coverage will extend for a period of at least twelve (12) months from the date of final completion and acceptance by the Corporation of all of the Services. The certificate of insurance must indicate that such insurance is on a "per occurrence" and an aggregate basis. The commercial general liability policy shall be in a form at least as broad in coverage as the most current ISO Form CG 00 01. The additional insured protection must be as broad as coverage that would be afforded through use of ISO Forms CG 20 26, CG 20 33 and CG 20 37. The liability policy(ies) certificate of insurance must indicate cross-liability coverage providing severability of interests so that, except with respect to the limits of insurance, and any rights or duties specifically assigned to the first named insured, coverage will respond as if separate policies were in force for each insured. If at any time the commercial general liability policy should be canceled, terminated, or modified so that the insurance is not in effect as above required, then the Consultant shall suspend performance of the Services if the Corporation shall so direct. If the Contract is so suspended, no extension of time shall be due on account thereof. If the Contract is

not suspended, whether or not because of omission of the Corporation to order suspension, then the Corporation may, at its sole option, obtain insurance affording coverage equal to that required hereunder, the cost of such insurance to be payable by the Consultant to the Corporation.

(iii) Automobile Liability Insurance. The Consultant shall purchase and maintain automobile liability insurance covering all automobiles used in connection with the work or Services under this Contract whether owned, non-owned and/or hired automobiles.

(iv) Umbrella/Excess Liability Coverage. If the Consultant purchases or maintains umbrella/excess liability insurance, such insurance should specifically list the Consultant's commercial general liability, comprehensive automobile liability and employer's liability as primary coverages, to protect the Corporation, the City, the Additional Insureds, the Consultant and its Subcontractors from any and all claims in excess of the underlying policy limits for such primary coverages. The certificate of insurance must indicate that such insurance afforded by this Section 6.3.9(iv) is on a "per occurrence" basis and an aggregate basis.

(v) If applicable, any additional policies as may be described in Appendix E.

6.3.10 As a condition precedent to payment of any amounts owing to the Consultant by the Corporation, the Consultant shall, unless otherwise expressly agreed to in writing by the Corporation, provide to the Corporation the original certificates of insurance required under this Contract and shall on demand provide true copies of policies and endorsements to policies showing compliance with the insurance requirements set forth in this Article 6 and Appendix E.

6.3.11 The policies to be maintained by the Consultant hereunder that are subject to the Additional Insured requirements set forth in Section 6.3.3 (iii) above shall constitute the primary coverage for claims arising out of this Contract, and shall state that insurance, if any, carried by the Corporation, the City or the Additional Insureds will not be called upon to contribute to a loss that would otherwise be paid by the Consultant's insurer. The Consultant shall comply with the provisions of all policies required pursuant to this Contract, and shall give the insurer, the Corporation, the City and the Additional Insureds due and timely Notice of all claims, accidents and losses promptly upon its acquiring knowledge of the same.

6.3.12 The insurance provisions of this Article 6 shall be in addition to any rights that the Corporation, the City and the Additional Insureds may have under any hold harmless and indemnification provisions of this Contract and any other right provided by this Contract or by law. The Consultant shall not violate or permit to be violated any term or condition of the policies.

6.3.13 The Commercial General Liability and Umbrella Excess Liability Coverage policies must be endorsed to show that these primary and/or excess policies are to be considered primary and non-contributory. In addition, the Commercial General Liability and Umbrella/Excess Liability Coverage policies must provide that (i) the Additional Insured protection afforded under the Consultant's policies shall be primary and not on an excess or contributing basis with any policies which may be available to the Corporation, and (ii) that the Consultant's policies, primary and excess, must be exhausted before implicating any Corporation policy available.

6.3.14 In order to ensure vertical erosion of liability limits provided by the Consultant under this Contract, the Consultant agrees to permit the Corporation's staff and/or the Corporation's insurance consultants to review the Consultant's liability policy language for all liability policies and to endorse those policies to clarify the hierarchy of policies in the event of a claim.

ARTICLE 10
M/WBE REQUIREMENTS

10.1 M/WBE Program. Local Law No. 129 of 2005 added and Local Law 1 of 2013 amended Section 6-129 of the Administrative Code of the City of New York (hereinafter "Section 6-129"). Section 6-129 establishes a program for participation in City procurement by minority-owned business enterprises ("MBEs") and women-owned business enterprises ("WBEs", together with "MBEs" collectively referred to as "M/WBEs"), certified in accordance with Section 1304 of the City Charter. As stated in the Section 6-129, the intent of the program is to address the impact of discrimination on the City's procurement process, and to promote the public interest in avoiding fraud and favoritism in the procurement process, increasing competition for City business and lowering contract costs. The Corporation endorses these goals and has adopted an M/WBE Program to further participation by MBEs and WBEs in the provision of the Services. All Consultants shall comply with all requirements of the Corporation's M/WBE Program applicable to this Contract.

10.2 Minority and Women -Owned Business Enterprises. M/WBE firms must be certified by DSBS to credit such firms' participation toward attainment of the Participation Goals. Such certification must occur prior to the firms' commencement of work.

10.3 Participation Goal.

10.3.1 The Participation Goal for this Contract is set forth in Part I, Section 1.12. The Participation Goal represents a percentage of the total dollar value of the Contract that may be achieved by awarding subcontracts to firms certified with DSBS as MBEs or WBEs, and/or by crediting the participation of the Consultant.

10.3.2 The Participation Goal is a material term of the Contract and the Consultant shall be subject to the Participation Goal.

10.3.3 A consultant that is an M/WBE shall be permitted to count its own participation toward fulfillment of the Participation Goal, provided that the value of the Consultant's participation shall be determined by subtracting from the total value of the Contract any amounts that the Consultant pays to direct Subcontractors. A Consultant may not subcontract more than 50% of the total value of the Contract unless it working under a retainer contract or a construction management contract. The value of an M/WBE Consultant's participation shall be determined by subtracting from the total value of the Contract any amounts that the respondent will pay to direct Subcontractors. If the Consultant is not an M/WBE, it must meet the Participation Goal through the awarding of subcontracts to firms certified with DSBS as MBEs or WBEs.

10.3.4 A Consultant that is a Qualified Joint Venture shall be permitted to count a percentage of its own M/WBE participation toward fulfillment of the Participation Goal. The value of the Qualified Joint Venture's participation shall be determined by first subtracting from the total value of the Contract, any amounts that the Qualified Joint Venture will pay to direct Subcontractors. Thereafter, the M/WBE percentage of the Qualified Joint Venture shall be applied to the remaining value of the Contract to determine the overall Participation Goal.

10.4 Subcontractors Participation Plan.

10.4.1 The Subcontractors Participation Plan for this Contract is annexed hereto as Appendix H.

10.4.2 In the event that the Corporation does not approve a Subcontractor proposed by the Consultant, the Consultant shall have a reasonable time to propose alternate Subcontractors.

10.5 M/WBE Compliance Reports.

10.5.1 The Consultant shall provide the Corporation with written statements ("M/WBE Compliance Reports"), certified under penalty of perjury, reporting the status of the Consultant's compliance with its M/WBE Subcontractor Participation Plan as set forth in this Section 9.5.

10.5.2 The Consultant shall submit a M/WBE Compliance Report to the Corporation:

- (i) with each Requisition for payment; and/or
- (ii) on a periodic basis as the Corporation may require.

10.5.3 Each M/WBE Compliance Report shall set forth the following for the period covered by the report:

- (i) the total amount paid to Subcontractors (including Subcontractors that are not MBEs or WBEs);
- (ii) the names, addresses and contact numbers of each MBE or WBE hired as a Subcontractor pursuant to such plan as well as the dates and amounts paid to each MBE or WBE.

10.5.4 In addition to the foregoing, the Consultant shall submit a final, cumulative M/WBE Compliance Report to the Corporation with its Requisition for Final Payment. The Consultant shall set forth in such final report the information required by Section 9.5.3 in connection with all Services rendered by the Consultant and its Subcontractors during the entire Contract Term.

10.6 Change Orders. If the Consultant requests a change order having a value that exceeds ten percent (10%) of the Contract, the Corporation will establish an M/WBE participation goal for the work to be performed pursuant to the change order.

10.7 Modification of the Consultant's Subcontractors Participation Plan.

10.7.1 The Consultant may request modification of its Subcontractors Participation Plan after the award of the Contract. The Corporation may grant such request if it determines that the Consultant has established, with appropriate documentary and other evidence, that the Consultant has made all reasonable, good faith efforts to meet the Participation Goal set for the Contract.

10.7.2 Good Faith Efforts. Good faith efforts should be documented by Consultant requesting a modification and such documentation provided to the Corporation upon the Corporation's request. In determining whether the Consultant has made all reasonable good faith efforts to meet the Participation Goal, the Corporation will consider, along with any other relevant factors, evidence submitted by the Consultant showing that the Consultant has, without limitation, conducted the following:

10.7.2.1 Direct Outreach. The Consultant provided timely notice to M/WBEs of specific opportunities to participate in the Contract;

10.7.2.2 NYCEDC Assistance. The Consultant submitted timely requests for assistance to the Corporation's M/WBE liaison officer and provides the Corporation with a description of how the Corporation's recommendations were acted upon and an explanation of how action upon such recommendations did not lead to the desired level of participation of M/WBEs;

10.7.2.3 Advertised Opportunities. The Consultant advertised opportunities to participate in the Contract in general circulation media, trade and professional association publications, small business media and publications of M/WBE organizations;

10.7.2.4 Follow Up with M/WBEs. The Consultant sent timely written notices to advise M/WBEs that their interest in the Contract was solicited;

10.7.2.5 Substitution of Work. The Consultant made efforts to identify portions of the Contract Work that could be substituted for portions originally designated for the

participation by M/WBEs in the M/WBE Subcontractors Participation Plan and for which the Consultant claims an inability to retain M/WBEs;

10.7.2.6 Meeting with M/WBEs. The Consultant held meetings with M/WBEs prior to the date their proposals were due, for the purpose of explaining in detail the scope and requirements of the work for which their proposals were solicited;

10.7.2.7 Negotiated with M/WBEs. The Consultant made efforts to negotiate with M/WBEs as relevant to perform specific subcontracts, or acts as suppliers or service providers; and

10.7.2.8 Interested Subcontractor List. The Consultant made efforts to contact interested M/WBEs listed on the Website's Interested Subcontractor list.

10.7.3 The Corporation's M/WBE Director and Chief Contracting Officer will provide written notice to the Consultant of the determination on whether the Consultant has made all reasonable good faith efforts to meet the Participation Goal.

10.8 Compliance Audits. This Contract may be audited by the Corporation, DSBS and the City Comptroller to determine the Consultant's compliance with the requirements of the Corporation's M/WBE Program and the Consultant's M/WBE Subcontractors Participation Plan.

10.9 Enforcement. In the event the Corporation determines that the Consultant or its Subcontractors have violated the requirements of the Corporation's M/WBE Program or the M/WBE Subcontractors Participation Plan including, without limitation, a determination that the Consultant has made payments to or awarded work to M/WBE Subcontractors in amounts less than the amounts specified in the Consultant's M/WBE Subcontractor Participation Plan (unless the Corporation has permitted the Consultant to modify the Consultant's M/WBE Subcontractors Participation Plan in accordance with Section 9.7), the Corporation may:

- (i) terminate the Contract;
- (ii) assess actual and consequential damages for and/or exercise its right to set off any additional expenses the Corporation incurs to complete the Project satisfactorily in accordance with the Corporation's M/WBE Program and in order to meet the Participation Goal including, without limitation, the actual and administrative costs of:
 - (a) meeting the Participation Goal through additional procurements;
 - (b) payments made to any other consultant retained to complete the Services; and
 - (c) investigation and enforcement; or
- (iii) assert any other right or remedy it has under the Contract.

10.10 Liquidated Damages for Failure to Fulfill Approved Participation Goals. If the Consultant fails to fulfill its Participation Goals set forth in its Subcontractors Participation Plan or the Participation Goals as modified by the Corporation pursuant to Section 9.7, the Corporation may assess liquidated damages in the amount of ten percent (10%) of the difference between the dollar amount of work required to be awarded to M/WBEs to meet the Participation Goal and the dollar amount the Consultant actually awarded and paid to M/WBEs. In view of

the difficulty of accurately ascertaining the loss which the Corporation will suffer by reason of the Consultant's failure to meet the Participation Goals, the foregoing amount is hereby fixed and agreed as the liquidated damages that the Corporation will suffer by reason of such failure, and not as a penalty. The Corporation may deduct and retain out of any monies which may become due under this Contract the amount of any such liquidated damages; and in case the amount which may become due under this Contract shall be less than the amount of the liquidated damages suffered by the Corporation, the Consultant shall be liable to pay the difference.

10.11 Statements. Statements made in any instrument submitted to the Corporation in connection with the Corporation's M/WBE Program shall be submitted under penalty of perjury and any false or misleading statement or omission shall be grounds for the application of any applicable criminal and/or civil penalties for perjury.

10.12 Evaluations. The Consultant's record in implementing its M/WBE Subcontractor Participation Plan shall be a factor in the evaluation of its performance.

11.11 Refusal to Testify.

11.11.1 The Consultant agrees to cooperate fully and faithfully with any investigation, audit or inquiry conducted by a State or City governmental agency or authority that is empowered, directly or by designation, to compel the attendance of witnesses and to examine witnesses under oath, or conducted by the Inspector General of a governmental agency that is a party in interest to the transaction, submitted bid, submitted proposal, contract, lease, permit, or license that is the subject of the investigation, audit or inquiry.

SCOPE OF SERVICES

BACKGROUND

RISE : NYC is a \$30 million Superstorm Sandy business recovery program and one of the initiatives included in New York City's comprehensive recovery and resiliency plan, A Stronger More Resilient New York.

Through RISE : NYC (the "Program"), the City of New York sought proposals for innovative projects that will make New York City small businesses more resilient to the impacts of future storms, sea level rise, and other effects of climate change. The Program provides assistance to Sandy-impacted small businesses by funding the implementation of projects that use creative new technologies and solutions to ensure that they are better able to resist, adapt to, or bounce back from extreme weather events.

The Program is funded by the Community Development Block Grant-Disaster Recovery (CDBG-DR) program administered through the U.S. Department of Housing and Urban Development (HUD).

OBJECTIVES

The goal of the Program is to fund Projects that enable the allocation of CDBG-DR funds to:

- Install technologies and solutions that are both innovative and ready for deployment, and have the potential to significantly improve the resilience of Project Beneficiaries;
- Deploy cost-effective and scalable solutions that, once implemented, can be easily replicated to improve the resiliency of New York City's businesses, buildings and infrastructure networks;
- Demonstrate the viability of technologies and solutions and their potential for deployment elsewhere within New York City;
- Create positive economic impacts such as retention or creation of full-time jobs, particularly for low-moderate-income individuals or in low-moderate income areas;
- Leverage or otherwise catalyze additional permanent investment in businesses, buildings and infrastructure networks in New York City.

If approved, NYCEDC shall provide its approval in writing.
- If the Technology Provider is unable to identify a replacement Project Beneficiary and/or Project Site, any resulting proposed alteration or reduction in the Scope of Services must adhere to the preceding *Changes to Scope of Services* protocols. Failure to identify an eligible replacement Project Beneficiary and/or Project Site may result in, (i) a reduction of Scope of Services or; (ii) a reallocation of Funding within the Project, at NYCEDC's sole discretion.

The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Director of the Division of Labor Services as a means of enforcing such provisions including sanctions for noncompliance.

The contractor further agrees that it will refrain from entering into any contract or contract modification subject to E.O. 50 (§10-14) and the rules and regulations promulgated thereunder with a subcontractor who is not in compliance with the requirements of E.O. 50 (§10-14) and the rules and regulations promulgated thereunder.

- A. The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted project covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low- income persons, particularly persons who are recipients of HUD assistance for housing.
- B. The parties to this contract agree to comply with HUD's regulations in 24 CFR Part 135, which implement Section 3. - C. The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment practices can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.
- D. ARTICLE 3. LABOR REQUIREMENTS

[Applicable to Contractors and Subrecipients; must be included in all subcontracts]

Pursuant to 24 CFR § 135.38, the Contractor or Subrecipient agrees to the following:
 1. The work to be performed under this Agreement is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. § 1701 u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by Section 3 shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.
 2. The parties to this Agreement agree to comply with HUD's regulations in 24 CFR Part 135, which implement Section 3. As evidenced by their execution of this Agreement, the parties to this Agreement certify that they are under no contractual or other impediments that would prevent them from complying with the Part 135 regulations.

3. The Contractor or Subrecipient agrees to send to each labor organization or representative of workers with which the Contractor or Subrecipient has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the Contractor's or Subrecipient's commitments under this Section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.
4. The Contractor or Subrecipient agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 CFR Part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the Subcontractor is in violation of the regulations in 24 CFR Part 135. The Contractor or Subrecipient will not subcontract with any Subcontractor where the Contractor or Subrecipient has notice or knowledge that the Subcontractor has been found in violation of the regulations in 24 CFR Part 135.
5. The Contractor or Subrecipient will certify that any vacant employment positions, including training positions, that are filled (1) after the Contractor or Subrecipient is selected but before the Agreement is executed, and (2) with persons other than those to whom the regulations of 24 CFR Part 135 require employment opportunities to be directed, were not filled to circumvent the Contractor's or Subrecipient's obligations under 24 CFR Part 135.

- (b) ***The Davis-Bacon Act (40 U.S.C. §§ 3141 et seq.)***. In Construction contracts involving an excess of \$2000, unless exclusively in connection with the rehabilitation of residential property containing fewer than 8 units, the Contractor shall pay and the Subrecipient shall cause its contractors to pay all laborers and mechanics at a rate not less than those determined by the Secretary of Labor to be prevailing for the City, which rates are to be provided by the Agency. These wage rates are a federally mandated minimum only, and will be superseded by any State or City requirement mandating higher wage rates. The Contractor also agrees to comply with Department of Labor Regulations pursuant to the Davis-Bacon Act found in 29 CFR Parts 1, 3, 5 and 7, which enforce statutory labor standards provisions. **This provision supersedes section D(1)(a) of the Uniform Federal Contract Provisions Rider for Federally Funded Procurement Contracts.**
- (c) ***Overtime***. In Construction contracts involving an excess of \$2000, and subject to the exception in 24 CFR section 570.603 (regarding the rehabilitation of residential property containing less than 8 units), Contractor shall comply and the Subrecipient shall cause its contractor to comply with sections 103 and 107 of the Contract Work Hours and Safe Standards Act (40 U.S.C. §§ 3701 et seq.), which provides that no laborer or mechanic shall be required or permitted to work more than eight hours in a calendar day or in excess of forty hours in any workweek, unless such laborer or mechanic is paid at an overtime rate of 1½ times his/her basic rate of pay for all hours worked in excess of these limits. In the event of a violation of this provision, the Contractor shall not only be liable to any affected employee for his/her unpaid wages, but shall be additionally liable to the United States for liquidated damages. **This provision supersedes section D(1)(b) of the Uniform Federal Contract Provisions Rider for Federally Funded Procurement Contracts.**

ARTICLE 4. ADDITIONAL FEDERAL CONDITIONS FOR CONSTRUCTION FOR SUBRECIPIENTS

[Applicable to Subrecipients. A similar provision for Contractors is included in the Uniform Federal Contract Provisions Rider for Federally Funded Procurement Contracts at section D(1)(c)-(d), (2) and (3).]

If this Agreement involves Construction work, design for Construction, or Construction services, all such work or services performed by the Subrecipient and its Subcontractors shall be subject to the following requirements:

- (a) ***Impermissible Salary Deductions***. In Construction contracts of any amount, the Subrecipient shall cause its Subcontractor to comply with the Copeland "Anti-Kickback" Act (18 U.S.C. § 874), as supplemented by the regulations contained in 29 CFR Part 3, requiring that all laborers and mechanics shall be paid unconditionally and not less often than once a week, and prohibiting all but "permissible" salary deductions.
- (b) ***Federal Labor Standards***. In Construction contracts of any amount, the Subrecipient shall cause its Subcontractors to comply with the more detailed statement of Federal Labor Standards annexed hereto as FEDERAL EXHIBIT 2.

- (c) **Equal Employment Opportunity.** In Construction contracts or subcontracts in excess of \$10,000, the Subrecipient shall cause its Subcontractors to comply with Executive Order 11246, as amended by Executive Order 11375, and as supplemented in Department of Labor regulations (41 CFR chapter 60). Subrecipient shall include the following Specifications, which are required pursuant to 41 CFR 60-4.3 in all federally assisted contracts and subcontracts. For the purposes of the Equal Opportunity Construction Contract Specifications and Clause below, the term "Construction Work" means the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.

Standard Federal Equal Employment Opportunity Construction Contract Specifications for Contracts and Subcontracts in Excess of \$10,000. (Federal Notice Required by 41 CFR 60-4.3)

1. As used in these specifications:
 - a. "Covered area" means the geographical area described in the solicitation from which this contract resulted;
 - b. "Director" means Director, Office of Federal Contract Compliance Programs, United States Department of Labor, or any person to whom the Director delegates authority;
 - c. "Employer identification number" means the Federal Social Security number used on the Employer's Quarterly Federal Tax Return, U.S. Treasury Department Form 941.
 - d. "Minority" includes:
 - (i) Black (all persons having origins in any of the Black African racial groups not of Hispanic origin);
 - (ii) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish Culture or origin, regardless of race);
 - (iii) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands); and
 - (iv) American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).
2. Whenever the contractor or any subcontractor at any tier, subcontracts a portion of the work involving any Construction trade, it shall physically include in each subcontract in excess of \$10,000 the provisions of these specifications and the Notice which contains the applicable goals for minority and female participation and which is set forth in the solicitations from which this Agreement resulted.
3. If the contractor is participating (pursuant to 41 CFR 60-4.5) in a Hometown Plan approved by the U.S. Department of Labor in the covered area either individually or through an association, its affirmative action obligations on all work in the Plan area (including goals and timetables) shall be in accordance with that Plan for those trades

which have unions participating in the Plan. Contractors must be able to demonstrate their participation in and compliance with the provisions of any such Hometown Plan. Each contractor or subcontractor participating in an approved Plan is individually required to comply with its obligations under the EEO clause, and to make a good faith effort to achieve each goal under the Plan in each trade in which it has employees. The overall good faith performance by other contractors or subcontractors toward a goal in an approved Plan does not excuse any covered contractor's or subcontractor's failure to take good faith efforts to achieve the Plan goals and timetables.

4. The contractor shall implement the specific affirmative action standards provided in paragraphs 7 a through p of these specifications. The goals set forth in the solicitation from which this Agreement resulted are expressed as percentages of the total hours of employment and training of minority and female utilization the contractor should reasonably be able to achieve in each Construction trade in which it has employees in the covered area. Covered Construction contractors performing Construction Work in geographical areas where they do not have a Federal or federally assisted Construction contract shall apply the minority and female goals established for the geographical areas where the work is being performed. Goals are published periodically in the Federal Register in notice form, and such notices may be obtained from any Office of Federal Contract Compliance Programs office or from Federal procurement contracting officers. The contractor is expected to make substantially uniform progress in meeting its goals in each craft during the period specified.

5. Neither the provisions of any collective bargaining agreement, nor the failure by a union with whom the contractor has a collective bargaining agreement, to refer either minorities or women shall excuse the contractor's obligations under these specifications, Executive Order 11246, or the regulations promulgated pursuant thereto.

6. In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the contractor during the training period, and the contractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.

7. The contractor shall take specific affirmative actions to ensure equal employment opportunity. The evaluation of the contractor's compliance with these specifications shall be based upon its effort to achieve maximum results from its actions. The contractor shall document these efforts fully, and shall implement affirmative action steps at least as extensive as the following:

a. Ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites, and in all facilities at which the contractor's employees are assigned to work. The contractor, where possible, will assign two or more women to each Construction project. The contractor shall specifically ensure that all foremen, superintendents, and other on-site supervisory personnel are aware of and carry out the contractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at such sites or in such facilities.

b. Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to

community organizations when the contractor or its unions have employment opportunities available, and maintain a record of the organization's responses.

c. Maintain a current file of the names, addresses and telephone numbers of each minority and female off-the-street applicant and minority or female referral from a union, a recruitment source or community organization and of what action was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the contractor by the union or, if referred, not employed by the contractor, this shall be documented in the file with the reason therefor, along with whatever additional actions the contractor may have taken.

d. Provide immediate written notification to the Director when the union or unions with which the contractor has a collective bargaining agreement has not referred to the contractor a minority person or woman sent by the contractor, or when the contractor has other information that the union referral process has impeded the contractor's efforts to meet its obligations.

e. Develop on-the-job training opportunities and/or participate in training programs for the area which expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the contractor's employment needs, especially those programs funded or approved by the Department of Labor. The contractor shall provide notice of these programs to the sources compiled under 7b above.

f. Disseminate the contractor's EEO policy by providing notice of the policy to unions and training programs and requesting their cooperation in assisting the contractor in meeting its EEO obligations; by including it in any policy manual and collective bargaining agreement; by publicizing it in the company newspaper, annual report, etc.; by specific review of the policy with all management personnel and with all minority and female employees at least once a year; and by posting the company EEO policy on bulletin boards accessible to all employees at each location where Construction Work is performed.

g. Review, at least annually, the company's EEO policy and affirmative action obligations under these specifications with all employees having any responsibility for hiring, assignment, layoff, termination or other employment decisions including specific review of these items with on-site supervisory personnel such as Superintendents, General Foremen, etc., prior to the initiation of Construction Work at any job site. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.

h. Disseminate the contractor's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written notification to and discussing the contractor's EEO policy with other contractors and subcontractors with whom the contractor does or anticipates doing business.

i. Direct its recruitment efforts, both oral and written, to minority, female and community organizations, to schools with minority and female students and to minority and female recruitment and training organizations serving the contractor's recruitment area and employment needs. Not later than one month prior to the date for the acceptance of applications for apprenticeship or other training by any recruitment source, the contractor shall send written notification to organizations such as the above, describing the openings, screening procedures, and tests to be used in the selection process.

j. Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer and vacation

employment to minority and female youth both on the site and in other areas of a contractor's work force.

k. Validate all tests and other selection requirements where there is an obligation to do so under 41 CFR Part 60-3.

l. Conduct, at least annually, an inventory and evaluation at least of all minority and female personnel for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.

m. Ensure that seniority practices, job classifications, work assignments and other personnel practices, do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the EEO policy and the contractor's obligations under these specifications are being carried out.

n. Ensure that all facilities and company activities are non-segregated except that separate or single-user toilet and necessary changing facilities shall be provided to assure privacy between the sexes.

o. Document and maintain a record of all solicitations of offers for subcontracts from minority and female Construction contractors and suppliers, including circulation of solicitations to minority and female contractor associations and other business associations.

p. Conduct a review, at least annually, of all supervisor's adherence to and performance under the Contractor's EEO policies and affirmative action obligations.

8. Contractors are encouraged to participate in voluntary associations which assist in fulfilling one or more of their affirmative action obligations (7a through p). The efforts of a contractor association, joint contractor-union, contractor-community, or other similar group of which the contractor is a member and participant, may be asserted as fulfilling any one or more of its obligations under 7a through p of these specifications provided that the contractor actively participates in the group, makes every effort to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the Program are reflected in the contractor's minority and female work force participation, makes a good faith effort to meet its individual goals and timetables, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf of the contractor. The obligation to comply, however, is the contractor's and failure of such a group to fulfill an obligation shall not be a defense for the contractor's noncompliance.

9. A single goal for minorities and a separate single goal for women have been established. The contractor, however, is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, the contractor may be in violation of the Executive Order if a particular group is employed in a substantially disparate manner (for example, even though the contractor has achieved its goals for women generally, the contractor may be in violation of the Executive Order if a specific minority group of women is underutilized).

10. The contractor shall not use the goals and timetables or affirmative action standards to discriminate against any person because of race, color, religion, sex, or national origin.

11. The contractor shall not enter into any Subcontract with any person or firm debarred from Government contracts pursuant to Executive Order 11246 or suspended or is otherwise excluded from or ineligible for participation in federal assistance programs.

12. The contractor shall carry out such sanctions and penalties for violation of these specifications and of the Equal Opportunity Clause, including suspension, termination and cancellation of existing subcontracts as may be imposed or ordered pursuant to Executive Order 11246, as amended, and its implementing regulations, by the Office of Federal Contract Compliance Programs. Any contractor who fails to carry out such sanctions and penalties shall be in violation of these specifications and Executive Order 11246, as amended.

13. The contractor, in fulfilling its obligations under these specifications, shall implement specific affirmative action steps, at least as extensive as those standards prescribed in paragraph 7 of these specifications, so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the contractor fails to comply with the requirements of the Executive Order, the implementing regulations, or these specifications, the Director shall proceed in accordance with 41 CFR 60-4.8.

14. The contractor shall designate a responsible official to monitor all employment related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required by the Government and to keep records. Records shall at least include for each employee the name, address, telephone numbers, Construction trade, union affiliation if any, employee identification number when assigned, social security number, race, sex, status (e.g., mechanic, apprentice trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and locations at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; however, to the degree that existing records satisfy this requirement, contractors shall not be required to maintain separate records.

15. Nothing herein provided shall be construed as a limitation upon the application of other laws which establish different standards of compliance or upon the application of requirements for hiring of local or other areas residents (e.g., those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).

Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by HUD, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

- (e) The Subrecipient shall promptly and fully report to the City any discovery or invention arising out of or developed in the course of performance of this Agreement and the Contractor shall promptly and fully report to the Government to make a determination as to whether patent protection on such invention shall be sought and how the rights in the invention or discovery, including rights under any patent issued thereon, shall be disposed of and administered in order to protect the public interest.

EXHIBIT 2

Applicability

The Project or Program to which the construction work covered by this contract pertains is being assisted by the United States of America and the following Federal Labor Standards Provisions are included in this Contract pursuant to the provisions applicable to such Federal assistance.

A. 1. (i) Minimum Wages. All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under Section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR 5.5(a)(1)(iv); also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs, which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period.

Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under 29 CFR 5.5(a)(1)(ii) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible, place where it can be easily seen by the workers.

(ii) (a) Any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate and fringe benefits therefor only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(b) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and HUD or its designee agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by HUD or its designee to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, D.C. 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB control number 1215-0140.)

(c) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and HUD or its designee do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), HUD or its designee shall refer the questions, including the views of all interested parties and the recommendation of HUD or its designee, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

(d) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (1)(ii)(b) or (c) of this paragraph, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part

of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

2. Withholding. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract in the event of failure to pay any laborer or mechanic, including any apprentice, trainee or helper, employed or working on the site of the work, all or part of the wages required by the contract, HUD or its designee may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased. HUD or its designee may, after written notice to the contractor, disburse such amounts withheld for and on account of the contractor or subcontractor to the respective employees to whom they are due. The Comptroller General shall make such disbursements in the case of direct Davis-Bacon Act contracts.

3. (i) Payrolls and basic records. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in Section 1(b)(2)(B) of the Davis-bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5 (a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in Section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been

communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs. (Approved by the Office of Management and Budget under OMB Control Numbers 1215-0140 and 1215-0017.)

(ii) (a) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i) except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this subparagraph for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to HUD or its designee. (Approved by the Office of Management and Budget under OMB Control Number 1215-0149.)

(b) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under 29 CFR 5.5 (a)(3)(ii), the appropriate information is being maintained under 29 CFR 5.5(a)(3)(i), and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR Part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(c) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by subparagraph A.3.(ii)(b).

(d) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under subparagraph A.3.(i) available for inspection, copying, or transcription by authorized representatives of HUD or its designee or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, HUD or its designee may, after written notice to the contractor, sponsor, applicant or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

4. Apprentices and Trainees.

(i) **Apprentices.** Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who

is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) **Trainees.** Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by

the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) **Equal employment opportunity.** The utilization of apprentices, trainees and journeymen under 29 CFR Part 5 shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR Part 3 which are incorporated by reference in this contract

6. Subcontracts. The contractor or subcontractor will insert in any subcontracts the clauses contained in subparagraphs 1 through 11 in this paragraph A and such other clauses as HUD or its designee may by appropriate instructions require, and a copy of the applicable prevailing wage decision, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this paragraph.

7. Contract termination; debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act Requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract

9. Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and HUD or its designee, the U.S. Department of Labor, or the employees or their representatives.

10. (i) Certification of Eligibility. By entering into this contract the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be

awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001. Additionally, U.S. Criminal Code, Section 1 01 0, Title 18, U.S.C., "Federal Housing Administration transactions", provides in part: "Whoever, for the purpose of . . . influencing in any way the action of such Administration..... makes, utters or publishes any statement knowing the same to be false..... shall be fined not more than \$5,000 or imprisoned not more than two years, or both."

11. Complaints, Proceedings, or Testimony by Employees. No laborer or mechanic to whom the wage, salary, or other labor standards provisions of this Contract are applicable shall be discharged or in any other manner discriminated against by the Contractor or any subcontractor because such employee has filed any complaint or instituted or caused to be instituted any proceeding or has testified or is about to testify in any proceeding under or relating to the labor standards applicable under this Contract to his employer.

B. Contract Work Hours and Safety Standards Act. The provisions of this paragraph B are applicable where the amount of the prime contract exceeds \$100,000. As used in this paragraph, the terms "laborers" and "mechanics" include watchmen and guards.

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which the individual is employed on such work to work in excess of 40 hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of 40 hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in subparagraph (1) of this paragraph, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in subparagraph (1) of this paragraph, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of 40 hours without payment of the overtime wages required by the clause set forth in subparagraph (1) of this paragraph.

(3) Withholding for unpaid wages and liquidated damages. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contract, or any other Federally-assisted contract subject to the Contract Work Hours and Safety Standards Act which is held by the same prime contractor such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in subparagraph (2) of this paragraph.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in subparagraph (1) through (4) of this paragraph and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in subparagraphs (1) through (4) of this paragraph.

C. Health and Safety. The provisions of this paragraph C are applicable where the amount of the prime contract exceeds \$100,000.

(1) No laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his health and safety as determined under construction safety and health standards promulgated by the Secretary of Labor by regulation.

(3) The contractor shall include the provisions of this paragraph in every subcontract so that such provisions will be binding on each subcontractor. - (1) **Remedies for Breach of Contract.** If the Contractor violates or breaches the Contract, the City may avail itself of any or all of the remedies provided for elsewhere in this Contract. If there are no remedies provided for elsewhere in this Contract, the City may avail itself of any or all of the following remedies.

After declaring the Contractor in default pursuant to the procedures in paragraph (a) of subdivision (2) of this section (B) below, the City may (i) withhold payment for unsatisfactory services, (ii) suspend or terminate the Contract in whole or in part; and/or (iii) have the services under this Contract completed by such means and in such manner, by contract procured with or without competition, or otherwise, as the City may deem advisable in accordance with all applicable Contract provisions and law. After completion of the services under this Contract, the City shall certify the expense incurred in such completion, which shall include the cost of procuring that contract. Should the expense of such completion, as certified by the City, exceed the total sum which would

have been payable under the Contract if it had been completed by the Contractor, any excess shall be promptly paid by the Contractor upon demand by the City. The excess expense of such completion, including any and all related and incidental costs, as so certified by the City may be charged against and deducted out of monies earned by the Contractor.

(2) **Termination.** The City shall have the right to terminate the Contract in whole or in part for cause, for convenience, due to force majeure, or due to reductions in federal funding. If the Contract does not include termination provisions elsewhere, the following termination provisions apply:

a. **Termination for Cause.** The City shall have the right to terminate the Contract, in whole or in part, for cause upon a determination that the Contractor is in default of the Contract. Unless a shorter time is determined by the City to be necessary, the City shall effect termination according to the following procedure:

i. *Notice to Cure.* The City shall give written notice of the conditions of default signed by the Commissioner, setting forth the ground or grounds upon which such default is declared (“Notice to Cure”). The Contractor shall have ten (10) days from receipt of the Notice to Cure or any longer period that is set forth in the Notice to Cure to cure the default. The Commissioner may temporarily suspend services under the Contract pending the outcome of the default proceedings pursuant to this section.

ii. *Opportunity to be Heard.* If the conditions set forth in the Notice to Cure are not cured within the period set forth in the Notice to Cure, the Commissioner may declare the Contractor in default. Before the Commissioner may exercise his or her right to declare the Contractor in default, the Contractor must be given an opportunity to be heard upon not less than five (5) business days’ notice. The Commissioner may, in his or her discretion, provide for such opportunity to be in writing or in person. Such opportunity to be heard shall not occur prior to the end of the cure period but notice of such opportunity to be heard may be given prior to the end of the cure period and may be given contemporaneously with the Notice to Cure.

iii. *Notice of Termination.* After an opportunity to be heard, the Commissioner may terminate the Contract, in whole or in part, upon finding the Contractor in default. The Commissioner shall give the Contractor written notice of such termination (“Notice of Termination”), specifying the applicable provision(s) under which the Contract is terminated and the effective date of termination. If no date is specified in the Notice of Termination, the

termination shall be effective either 10 calendar days from the date the notice is personally delivered or 15 calendar days from the date Notice of Termination is sent by another method. The Notice of Termination shall be personally delivered, sent by certified mail return receipt requested, or sent by fax and deposited in a post office box regularly maintained by the United States Postal Service in a postage pre-paid envelope.

iv. *Grounds for Default.* The City shall have the right to declare the Contractor in default:

1. Upon a breach by the Contractor of a material term or condition of this Contract, including unsatisfactory performance of the services;

2. Upon insolvency or the commencement of any proceeding by or against the Contractor, either voluntarily or involuntarily, under the Bankruptcy Code or relating to the insolvency, receivership, liquidation, or composition of the Contractor for the benefit of creditors;

3. If the Contractor refuses or fails to proceed with the services under the Contract when and as directed by the Commissioner;

4. If the Contractor or any of its officers, directors, partners, five percent (5%) or greater shareholders, principals, or other employee or person substantially involved in its activities are indicted or convicted after execution of the Contract under any state or federal law of any of the following:

a. a criminal offense incident to obtaining or attempting to obtain or performing a public or private contract;

b. fraud, embezzlement, theft, bribery, forgery, falsification, or destruction of records, or receiving stolen property;

c. a criminal violation of any state or federal antitrust law;

d. violation of the Racketeer Influence and Corrupt Organization Act, 18 U.S.C. § 1961 et seq., or the Mail Fraud Act, 18 U.S.C. § 1341 et seq., for acts in connection with the submission of bids or proposals for a public or private contract;

e. conspiracy to commit any act or omission that would constitute grounds for

conviction or liability under any statute described in subparagraph (d) above; or

f. an offense indicating a lack of business integrity that seriously and directly affects responsibility as a City vendor.

5. If the Contractor or any of its officers, directors, partners, five percent (5%) or greater shareholders, principals, or other employee or person substantially involved in its activities are subject to a judgment of civil liability under any state or federal antitrust law for acts or omissions in connection with the submission of bids or proposals for a public or private contract; or

6. If the Contractor or any of its officers, directors, partners, five percent (5%) or greater shareholders, principals, or other employee or person substantially involved in its activities makes or causes to be made any false, deceptive, or fraudulent material statement, or fail to make a required material statement in any bid, proposal, or application for City or other government work.

v. *Basis of Settlement.* The City shall not incur or pay any further obligation pursuant to this Contract beyond the termination date set by the City in its Notice of Termination. The City shall pay for satisfactory services provided in accordance with this Contract prior to the termination date. In addition, any obligation necessarily incurred by the Contractor on account of this Contract prior to receipt of notice of termination and falling due after the termination date shall be paid by the City in accordance with the terms of this Contract. In no event shall such obligation be construed as including any lease or other occupancy agreement, oral or written, entered into between the Contractor and its landlord.

b. **Termination for Convenience.** The City shall have the right to terminate the Contract for convenience, by providing written notice ("Notice of Termination") according to the following procedure. The Notice of Termination shall specify the applicable provision(s) under which the Contract is terminated and the effective date of termination, which shall be not less than 10 calendar days from the date the notice is personally delivered or 15 days from the date the Notice of Termination is sent by another method. The Notice of Termination shall be personally delivered, sent by certified mail return receipt requested, or sent by fax and deposited in a post office box regularly maintained by the United States Postal Service in a postage pre-paid envelope. The basis of settlement shall be as provided for in subparagraph (iv) of paragraph (a) of subdivision (2) of this section (B), above.

c. Termination due to Force Majeure

- i. For purposes of this Contract, a force majeure event is an act or event beyond the control and without any fault or negligence of the Contractor ("Force Majeure Event"). Force Majeure Events may include, but are not limited to, fire, flood, earthquake, storm or other natural disaster, civil commotion, war, terrorism, riot, and labor disputes not brought about by any act or omission of the Contractor.
- ii. In the event the Contractor cannot comply with the terms of the Contract (including any failure by the Contractor to make progress in the performance of the services) because of a Force Majeure Event, then the Contractor may ask the Commissioner to excuse the nonperformance and/or terminate the Contract. If the Commissioner, in his or her reasonable discretion, determines that the Contractor cannot comply with the terms of the Contract because of a Force Majeure Event, then the Commissioner shall excuse the nonperformance and may terminate the Contract. Such a termination shall be deemed to be without cause.
- iii. If the City terminates the Contract due to a Force Majeure Event, the basis of settlement shall be as provided for in subparagraph (iv) of paragraph (a) of subdivision (2) of this section (B), above.

d. Termination due to Reductions in Federal Funding

- i. This Contract is funded in whole or in part by funds secured from the Federal government. Should the Federal government reduce or discontinue such funds, the City shall have, in its sole discretion, the right to terminate this Contract in whole or in part, or to reduce the funding and/or level of services of this Contract caused by such action by the Federal government, including, in the case of the reduction option, but not limited to, the reduction or elimination of programs, services or service components; the reduction or elimination of contract-reimbursable staff or staff-hours, and corresponding reductions in the budget of this Contract and in the total amount payable under this Contract. Any reduction in funds pursuant to this paragraph shall be accompanied by an appropriate reduction in the services performed under this Contract.
- ii. In the case of the reduction option referred to in subparagraph (i), above, any such reduction shall be

effective as of the date set forth in a written notice thereof to the Contractor, which shall be not less than 30 calendar days from the date of such notice. Prior to sending such notice of reduction, the City shall advise the Contractor that such option is being exercised and afford the Contractor an opportunity to make within seven calendar days any suggestion(s) it may have as to which program(s), service(s), service component(s), staff or staff-hours might be reduced or eliminated, provided, however, that the City shall not be bound to utilize any of the Contractor's suggestions and that the City shall have sole discretion as to how to effectuate the reductions.

- iii. If the City reduces funding pursuant to this paragraph (c), the basis of settlement shall be as provided for in subparagraph (iv) of paragraph (a) of subdivision (2) of this section (B), above.

C. Standard Provisions. The Contractor shall comply with, include in its subcontracts, and cause its subcontractors to comply with the following provisions, as applicable:

- (1) *Reporting.* Contractor shall be required to produce and deliver such reports relating to the services performed under the Contract as may be required by the Awarding Entity, City or any other State or Federal governmental agency with jurisdiction.
- (2) *Non-Discrimination.* Contractor shall not violate any Federal, State, or City law prohibiting discrimination concerning employment, the provision of services, and, if applicable, housing, funded by this Contract.
- (3) *Environmental Protection.* If the Contract is in excess of \$150,000, the Contractor shall comply with all applicable standards, orders, or regulations issued under the Clean Air Act (42 U.S.C. § 7401-7671q), Federal Water Pollution control Act (33 U.S.C. §§ 1251-1387) Section 508 of the Clean Water Act (33 U.S.C. § 1368), Executive Order 11738, and Environmental Protection Agency regulations (provisions of 40 CFR Part 50 and 2 CFR Part 1532 related to the Clean Air Act and Clean Water Act). Violations must be reported to the Federal Agency and the Regional Office of the Environmental Protection Agency (EPA). The Contractor shall include this provision in all subcontracts.
- (4) *Energy Efficiency.* The Contractor shall comply with mandatory standards and policies relating to energy efficiency that are contained in the New York State energy conservation plan issued in compliance with the Energy Policy Conservation Act (Pub. L. 94-163).
- (5) *Debarment.* The Contractor certifies that neither it nor its principals is currently in a state of debarment, suspension, or other ineligible status as a result of prior performance, failure, fraud, or violation of City laws. The Contractor further certifies that neither it nor its principals is debarred, suspended, otherwise excluded from or ineligible for participation in Federal assistance programs. The City reserves the right to terminate this Contract if knowledge of debarment, suspension or other ineligibility has been withheld by the Contractor.

- (6) *Byrd Anti-Lobbying Amendment (31 USC §1352)*. Contractor certifies that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any Federal agency, a member of Congress, officer or employee of Congress, or any employee of a member of Congress in connection with obtaining this Contract. If the Contract is \$100,000 or more, the Contractor shall disclose to the City any lobbying with non-Federal funds that took place in connection with obtaining this Contract. Each lower tier subcontractor shall make such certification and forward any required disclosures from tier to tier up to the City as grant recipient. (Certification appears in Federal Appendix A)
- (7) *Solid Waste Disposal Act*. Pursuant to 2 CFR § 200.322, Contractor must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act (codified at 42 USC § 6962). The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$ 10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$ 10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.
- (8) *Documentation of Costs*. All costs shall be supported by properly executed payrolls, time records, invoices, or vouchers, or other official documentation evidencing in proper detail the nature and propriety of the charges. All checks, payrolls, invoices, contracts, vouchers, orders or other accounting documents, pertaining in whole or in part to the Agreement, shall be clearly identified and regularly accessible.
- (9) *Records Retention*. The Contractor shall retain all books, documents, papers, and records relating to the services performed under the Contract for three years after final payment under the Contract is made and all other pending matters are closed.
- (10) *Records Access*. The Contractor shall grant access to the City, State or any other pass-through entity, the Federal Agency, Inspectors General, and/or the Comptroller General of the United States, or any of their duly authorized representatives, to any books, documents, papers, and/or records of the Contractor that are pertinent to the Contract for the purpose of making audits, examinations, excerpts, and transcripts. The right also includes timely and reasonable access to the Contractor's personnel for the purpose of interview and discussion related to such documents. The rights of access in this section are not limited to the required retention period but last as long as the records are retained.
- (11) *Small Firms, M/WBE Firms, and Labor Surplus Area Firms*. Contractor shall take the following affirmative steps in the letting of subcontracts, if subcontracts are to be let, in order to ensure that minority firms, women's business enterprises, and labor surplus area firms are used when possible:
- a. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

- b. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
- c. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
- d. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
- e. Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce.

(12) *Intangible Property.*

- a. Pursuant to 2 CFR § 200.315(d), the Government reserves a royalty-free, non-exclusive, and irrevocable right to obtain, reproduce, publish, or otherwise use, and to authorize others to use, for Government purposes: (a) the copyright in any work developed under the Contract or subcontract; and (b) any rights of copyright to which a Contractor purchases ownership with grant support.
- b. Any reports, documents, data, photographs, deliverables, and/or other materials produced pursuant to the Contract ("Copyrightable Materials"), and any and all drafts and/or other preliminary materials in any format related to such items produced pursuant to the contract, shall upon their creation become the exclusive property of the City. The Copyrightable Materials shall be considered "work-made-for-hire" within the meaning and purview of Section 101 of the United States Copyright Act, 17 U.S.C. § 101, and the City shall be the copyright owner thereof and of all aspects, elements and components thereof in which copyright protection might exist. To the extent that the Copyrightable Materials do not qualify as "work-made-for-hire," the Contractor hereby irrevocably transfers, assigns and conveys exclusive copyright ownership in and to the Copyrightable Materials to the City, free and clear of any liens, claims, or other encumbrances. The Contractor shall retain no copyright or intellectual property interest in the Copyrightable Materials. The Copyrightable Materials shall be used by the Contractor for no purpose other than in the performance of this Contract without the prior written permission of the City. The City may grant the Contractor a license to use the Copyrightable Materials on such terms as determined by the City and set forth in the license.

- c. The Contractor acknowledges that the City may, in its sole discretion, register copyright in the Copyrightable Materials with the United States Copyright Office or any other government agency authorized to grant copyright registrations. The Contractor shall fully cooperate in this effort, and agrees to provide any and all documentation necessary to accomplish this.
- d. The Contractor represents and warrants that the Copyrightable Materials: (i) are wholly original material not published elsewhere (except for material that is in the public domain); (ii) do not violate any copyright law; (iii) do not constitute defamation or invasion of the right of privacy or publicity; and (iv) are not an infringement, of any kind, of the rights of any third party. To the extent that the Copyrightable Materials incorporate any non-original material, the Contractor has obtained all necessary permissions and clearances, in writing, for the use of such non-original material under this Contract, copies of which shall be provided to the City upon execution of this Contract.
- e. The Contractor shall promptly and fully report to the City any discovery or invention arising out of or developed in the course of performance of this Contract and the Contractor shall promptly and fully report to the Government to make a determination as to whether patent protection on such invention shall be sought and how the rights in the invention or discovery, including rights under any patent issued thereon, shall be disposed of and administered in order to protect the public interest.
- f. If the Contractor publishes a work dealing with any aspect of performance under this Agreement, or with the results of such performance, the City shall have a royalty-free, non-exclusive irrevocable license to reproduce, publish, or otherwise use such work for City governmental purposes.

D. Special Provisions for Construction Contracts. If this Contract involves Construction work, design for Construction, or Construction services, all such work or services performed by the Contractor and its subcontractors shall be subject to the following requirements in addition to those set forth above in paragraphs (A), (B), and (C):

(1) *Federal Labor Standards.* The Contractor will comply with the following:

- a. The Davis-Bacon Act (40 U.S.C. §§ 3141-3148): If required by the federal program legislation, in Construction contracts involving an excess of \$2000, and subject to any other federal program limitations, all laborers and mechanics must be paid at a rate not less than those determined by the Secretary of Labor to be prevailing for the City, which rates are to be provided by the City. These wage rates are a federally mandated minimum only, and will be superseded by any State or City requirement

mandating higher wage rates. The Contractor also agrees to comply with Department of Labor Regulations pursuant to the Davis-Bacon Act found in 29 CFR Parts 1, 3, 5 and 7 which enforce statutory labor standards provisions.

- b. If required by the federal program legislation and subject to any other federal program limitations, Sections 103 and 107 of the Contract Work Hours and Safe Standards Act (40 U.S.C. §§ 3701-3708), which provides that no laborer or mechanic shall be required or permitted to work more than eight hours in a calendar day or in excess of forty hours in any workweek, unless such laborer or mechanic is paid at an overtime rate of 1½ times his/her basic rate of pay for all hours worked in excess of these limits, under any Construction contract costing in excess of \$2000. In the event of a violation of this provision, the Contractor shall not only be liable to any affected employee for his/her unpaid wages, but shall be additionally liable to the United States for liquidated damages.
 - c. The Copeland “Anti-Kickback” Act (18 U.S.C. § 874), as supplemented by the regulations contained in 29 CFR Part 3, requiring that all laborers and mechanics shall be paid unconditionally and not less often than once a week, and prohibiting all but “permissible” salary deductions.
 - d. If this Contract involves Construction work, design for Construction, or Construction services, a more complete detailed statement of Federal Labor Standards annexed hereto as FEDERAL EXHIBIT 2.
- (2) *Equal Employment Opportunity*. Executive Order 11246, as amended by Executive Order 11375, and as supplemented in Department of Labor regulations (41 CFR chapter 60) for Construction contracts or subcontracts in excess of \$10,000. The Contractor shall include the notice found at FEDERAL EXHIBIT I in all Construction subcontracts. For the purposes of the Equal Opportunity Construction Contract Specifications and Clause below, the term “Construction Work” means the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction .

Standard Federal Equal Employment Opportunity Construction Contract Specifications for Contracts and Subcontracts in Excess of \$10,000.

1. As used in these specifications:
 - a. “Covered area” means the geographical area described in the solicitation from which this Contract resulted;
 - b. “Director” means Director, Office of Federal Contract Compliance Programs, United States Department of Labor, or any person to whom the Director delegates authority;

c. "Employer identification number" means the Federal Social Security number used on the Employer's Quarterly Federal Tax Return, U.S. Treasury Department Form 941.

d. "Minority" includes:

(i) Black (all persons having origins in any of the Black African racial groups not of Hispanic origin);

(ii) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish Culture or origin, regardless of race);

(iii) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands); and

(iv) American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).

2. Whenever the Contractor, or any subcontractor at any tier, subcontracts a portion of the work involving any Construction trade, it shall physically include in each subcontract in excess of \$10,000 the provisions of these specifications and the Notice which contains the applicable goals for minority and female participation and which is set forth in the solicitations from which this Contract resulted.

3. If the Contractor is participating (pursuant to 41 CFR 60-4.5) in a Hometown Plan approved by the U.S. Department of Labor in the covered area either individually or through an association, its affirmative action obligations on all work in the Plan area (including goals and timetables) shall be in accordance with that Plan for those trades which have unions participating in the Plan. Contractors must be able to demonstrate their participation in and compliance with the provisions of any such Hometown Plan. Each Contractor or subcontractor participating in an approved Plan is individually required to comply with its obligations under the EEO clause, and to make a good faith effort to achieve each goal under the Plan in each trade in which it has employees. The overall good faith performance by other Contractors or subcontractors toward a goal in an approved Plan does not excuse any covered Contractor's or subcontractor's failure to take good faith efforts to achieve the Plan goals and timetables.

4. The Contractor shall implement the specific affirmative action standards provided in paragraphs 7 a through p of these specifications. The goals set forth in the solicitation from which this Contract resulted are expressed as percentages of the total hours of employment and training of minority and female utilization the Contractor should reasonably be able to achieve in each Construction trade in which it has employees in the covered area. Covered Construction Contractors performing Construction Work in geographical areas where they do not have a Federal or federally assisted Construction contract shall apply the minority and female goals established for the geographical areas where the work is being performed. Goals are published periodically in the Federal Register in notice form, and such notices may be obtained from any Office of Federal Contract Compliance Programs office or from Federal procurement contracting officers. The Contractor is expected to make substantially uniform progress in meeting its goals in each craft during the period specified.

5. Neither the provisions of any collective bargaining agreement, nor the failure by a union with whom the Contractor has a collective bargaining agreement, to refer either minorities or women shall excuse the Contractor's obligations under these specifications, Executive Order 11246, or the regulations promulgated pursuant thereto.

6. In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the Contractor during the training period, and the Contractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.

7. The Contractor shall take specific affirmative actions to ensure equal employment opportunity. The evaluation of the Contractor's compliance with these specifications shall be based upon its effort to achieve maximum results from its actions. The Contractor shall document these efforts fully, and shall implement affirmative action steps at least as extensive as the following:

a. Ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites, and in all facilities at which the Contractor's employees are assigned to work. The Contractor, where possible, will assign two or more women to each Construction project. The Contractor shall specifically ensure that all foremen, superintendents, and other on-site supervisory personnel are aware of and carry out the Contractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at such sites or in such facilities.

b. Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to community organizations when the Contractor or its unions have employment opportunities available, and maintain a record of the organization's responses.

c. Maintain a current file of the names, addresses and telephone numbers of each minority and female off-the-street applicant and minority or female referral from a union, a recruitment source or community organization and of what action was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the Contractor by the union or, if referred, not employed by the Contractor, this shall be documented in the file with the reason therefor, along with whatever additional actions the Contractor may have taken.

d. Provide immediate written notification to the Director when the union or unions with which the Contractor has a collective bargaining agreement has not referred to the Contractor a minority person or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meet its obligations.

e. Develop on-the-job training opportunities and/or participate in training programs for the area which expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Contractor's employment needs, especially those programs funded or approved by the Department of Labor. The Contractor shall provide notice of these programs to the sources compiled under 7b above.

f. Disseminate the Contractor's EEO policy by providing notice of the policy to unions and training programs and requesting their cooperation in assisting the

Contractor in meeting its EEO obligations; by including it in any policy manual and collective bargaining agreement; by publicizing it in the company newspaper, annual report, etc.; by specific review of the policy with all management personnel and with all minority and female employees at least once a year; and by posting the company EEO policy on bulletin boards accessible to all employees at each location where Construction Work is performed.

g. Review, at least annually, the company's EEO policy and affirmative action obligations under these specifications with all employees having any responsibility for hiring, assignment, layoff, termination or other employment decisions including specific review of these items with on-site supervisory personnel such as Superintendents, General Foremen, etc., prior to the initiation of Construction Work at any job site. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.

h. Disseminate the Contractor's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written notification to and discussing the Contractor's EEO policy with other Contractors and subcontractors with whom the Contractor does or anticipates doing business.

i. Direct its recruitment efforts, both oral and written, to minority, female and community organizations, to schools with minority and female students and to minority and female recruitment and training organizations serving the Contractor's recruitment area and employment needs. Not later than one month prior to the date for the acceptance of applications for apprenticeship or other training by any recruitment source, the Contractor shall send written notification to organizations such as the above, describing the openings, screening procedures, and tests to be used in the selection process.

j. Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer and vacation employment to minority and female youth both on the site and in other areas of a Contractor's work force.

k. Validate all tests and other selection requirements where there is an obligation to do so under 41 CFR Part 60-3.

l. Conduct, at least annually, an inventory and evaluation at least of all minority and female personnel for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.

m. Ensure that seniority practices, job classifications, work assignments and other personnel practices, do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the EEO policy and the Contractor's obligations under these specifications are being carried out.

n. Ensure that all facilities and company activities are non-segregated except that separate or single-user toilet and necessary changing facilities shall be provided to assure privacy between the sexes.

o. Document and maintain a record of all solicitations of offers for subcontracts from minority and female Construction contractors and suppliers, including

circulation of solicitations to minority and female Contractor associations and other business associations.

p. Conduct a review, at least annually, of all supervisor's adherence to and performance under the Contractor's EEO policies and affirmative action obligations.

8. Contractors are encouraged to participate in voluntary associations which assist in fulfilling one or more of their affirmative action obligations (7a through p). The efforts of a Contractor association, joint Contractor-union, Contractor-community, or other similar group of which the Contractor is a member and participant, may be asserted as fulfilling any one or more of its obligations under 7a through p of these specifications provided that the Contractor actively participates in the group, makes every effort to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the Program are reflected in the Contractor's minority and female work force participation, makes a good faith effort to meet its individual goals and timetables, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf of the Contractor. The obligation to comply, however, is the Contractor's and failure of such a group to fulfill an obligation shall not be a defense for the Contractor's noncompliance.

9. A single goal for minorities and a separate single goal for women have been established. The Contractor, however, is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, the Contractor may be in violation of the Executive Order if a particular group is employed in a substantially disparate manner (for example, even though the Contractor has achieved its goals for women generally, the Contractor may be in violation of the Executive Order if a specific minority group of women is underutilized).

10. The Contractor shall not use the goals and timetables or affirmative action standards to discriminate against any person because of race, color, religion, sex, or national origin.

11. The Contractor shall not enter into any Subcontract with any person or firm debarred from Government contracts pursuant to Executive Order 11246 or suspended or is otherwise excluded from or ineligible for participation in federal assistance programs.

12. The Contractor shall carry out such sanctions and penalties for violation of these specifications and of the Equal Opportunity Clause, including suspension, termination and cancellation of existing subcontracts as may be imposed or ordered pursuant to Executive Order 11246, as amended, and its implementing regulations, by the Office of Federal Contract Compliance Programs. Any Contractor who fails to carry out such sanctions and penalties shall be in violation of these specifications and Executive Order 11246, as amended.

13. The Contractor, in fulfilling its obligations under these specifications, shall implement specific affirmative action steps, at least as extensive as those standards prescribed in paragraph 7 of these specifications, so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Contractor fails to comply with the requirements of the Executive Order, the implementing regulations, or these specifications, the Director shall proceed in accordance with 41 CFR 60-4.8.

14. The Contractor shall designate a responsible official to monitor all employment related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required by the Government and to

keep records. Records shall at least include for each employee the name, address, telephone numbers, Construction trade, union affiliation if any, employee identification number when assigned, social security number, race, sex, status (e.g., mechanic, apprentice trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and locations at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; however, to the degree that existing records satisfy this requirement, Contractors shall not be required to maintain separate records.

15. - (3) (A) **Equal Opportunity Clause** (for contracts for Construction Work) required by 41 CFR Part 6-1.4(b). **[Effective through January 10, 2016]**

During the performance of this contract, the Contractor agrees as follows:

(1) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(4) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(5) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(6) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be

canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(7) The Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, That in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

During the performance of this contract, the Contractor agrees as follows:

(1) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(4) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

E. Rights to Inventions. [Special Provisions For Contracts Involving Experimental, Developmental, or Research Work.]

(1) If this Contract involves the performance of experimental, developmental, or research work by the Contractor or its subcontractors, and the entity performing such work is a Nonprofit Organization or Small Business Firm as defined below, the following provisions apply in addition to those set forth above in paragraphs (A), (B), and (C), unless the Contract specifically states that this provision is superseded:

a. Definitions. The following definitions apply to this section (D).

i. "Invention" means any invention or discovery which is or may be patentable or otherwise protectable under Title 35 of the United States Code, or any novel variety

of plant which is or may be protected under the Plant Variety Protection Act (7 U.S.C. § 2321 *et seq.*).

- ii. "Subject invention" means any invention of the Contractor conceived or first actually reduced to practice in the performance of work under this Contract, provided that in the case of a variety of plant, the date of determination (as defined in section 41(d) of the Plant Variety Protection Act, 7 U.S.C. 2401(d)) must also occur during the period of Contract performance.
 - iii. "Practical Application" means to manufacture in the case of a composition or product, to practice in the case of a process or method, or to operate in the case of a machine or system; and, in each case, under such conditions as to establish that the invention is being utilized and that its benefits are, to the extent permitted by law or government regulations, available to the public on reasonable terms.
 - iv. "Made" when used in relation to any invention means the conception or first actual reduction to practice of such invention.
 - v. "Small Business Firm" means a small business concern as defined at section 2 of Pub. L. 85-536 (15 U.S.C. 632) and implementing regulations of the Administrator of the Small Business Administration. For the purpose of this clause, the size standards for small business concerns involved in government procurement and subcontracting at 13 CFR 121.3-8 and 13 CFR 121.3-12, respectively, will be used.
 - vi. "Nonprofit Organization" means a university or other institution of higher education or an organization of the type described in section 501(c)(3) of the Internal Revenue Code of 1954 (26 U.S.C. 501(c) and exempt from taxation under section 501(a) of the Internal Revenue Code (25 U.S.C. 501(a)) or any nonprofit scientific or educational organization qualified under a state nonprofit organization statute.
- b. *Allocation of Principal Rights.* The Contractor may retain the entire right, title, and interest throughout the world to each subject invention subject to the provisions of this clause and 35 U.S.C. 203. With respect to any subject invention in which the Contractor retains title, the Federal government shall have a nonexclusive, nontransferable, irrevocable, paid-up license to practice or have practiced for or on behalf of the United States the subject invention throughout the world.

- c. *Invention Disclosure, Election of Title and Filing of Patent Application by Contractor.*
- i. The Contractor will disclose each subject invention to the City and the Federal Agency within two months after the inventor discloses it in writing to Contractor personnel responsible for patent matters. Such disclosure shall be in the form of a written report and shall identify the contract under which the invention was made and the inventor(s). It shall be sufficiently complete in technical detail to convey a clear understanding to the extent known at the time of the disclosure, of the nature, purpose, operation, and the physical, chemical, biological or electrical characteristics of the invention. The disclosure shall also identify any publication, on sale or public use of the invention and whether a manuscript describing the invention has been submitted for publication and, if so, whether it has been accepted for publication at the time of disclosure. In addition, after such disclosure, the Contractor will promptly notify the City and the Federal Agency of the acceptance of any manuscript describing the invention for publication or of any on sale or public use planned by the Contractor.
 - ii. The Contractor will elect in writing whether or not to retain title to any such invention by notifying the City and the Federal Agency within two years of disclosure to the City and the Federal Agency. However, in any case where publication, on sale or public use has initiated the one year statutory period wherein valid patent protection can still be obtained in the United States, the period for election of title may be shortened by the Federal Agency to a date that is no more than 60 days prior to the end of the statutory period.
 - iii. The Contractor will file its initial patent application on a subject invention to which it elects to retain title within one year after election of title or, if earlier, prior to the end of any statutory period wherein valid patent protection can be obtained in the United States after a publication, on sale, or public use. The Contractor will file patent applications in additional countries or international patent offices within either ten months of the corresponding initial patent application or six months from the date permission is granted by the Commissioner of Patents and Trademarks to file foreign patent applications where such filing has been prohibited by a Secrecy Order.

- iv. Requests for extension of the time for disclosure, election, and filing under subparagraphs (1), (2), and (3) may be granted at the discretion of the Federal Agency.

d. Conditions When the Government May Obtain Title

The Contractor will convey to the Federal Agency, upon written request, title to any subject invention --

- i. If the Contractor fails to disclose or elect title to the subject invention within the times specified in (c), above, or elects not to retain title; provided that the Federal Agency may only request title within 60 calendar days after learning of the failure of the Contractor to disclose or elect within the specified times.
 - ii. In those countries in which the Contractor fails to file patent applications within the times specified in (c) above; provided, however, that if the Contractor has filed a patent application in a country after the times specified in (c) above, but prior to its receipt of the written request of the Federal Agency, the Contractor shall continue to retain title in that country.
 - iii. In any country in which the Contractor decides not to continue the prosecution of any application for, to pay the maintenance fees on, or defend in reexamination or opposition proceeding on, a patent on a subject invention.
- e. Minimum Rights to Contractor and Protection of the Contractor Right to File

- i. The Contractor will retain a nonexclusive royalty-free license throughout the world in each subject invention to which the Government obtains title, except if the Contractor fails to disclose the invention within the times specified in (c), above. The Contractor's license extends to its domestic subsidiary and affiliates, if any, within the corporate structure of which the Contractor is a party and includes the right to grant sublicenses of the same scope to the extent the Contractor was legally obligated to do so at the time the Contract was awarded. The license is transferable only with the approval of the Federal Agency except when transferred to the successor of that party of the Contractor's business to which the invention pertains.
- ii. The Contractor's domestic license may be revoked or modified by the funding Federal Agency to the extent necessary to achieve expeditious practical application of

the subject invention pursuant to an application for an exclusive license submitted in accordance with applicable provisions at 37 CFR Part 404 and agency licensing regulations (if any). This license will not be revoked in that field of use or the geographical areas in which the Contractor has achieved practical application and continues to make the benefits of the invention reasonably accessible to the public. The license in any foreign country may be revoked or modified at the discretion of the funding Federal Agency to the extent the Contractor, its licensees, or the domestic subsidiaries or affiliates have failed to achieve practical application in that foreign country.

- iii. Before revocation or modification of the license, the funding Federal Agency will furnish the Contractor a written notice of its intention to revoke or modify the license, and the Contractor will be allowed thirty calendar days (or such other time as may be authorized by the funding Federal Agency for good cause shown by the Contractor) after the notice to show cause why the license should not be revoked or modified. The Contractor has the right to appeal, in accordance with applicable regulations in 37 CFR Part 404 and Federal Agency regulations (if any) concerning the licensing of Government-owned inventions, any decision concerning the revocation or modification of the license.

f. Contractor Action to Protect the Government's Interest

- i. The Contractor agrees to execute or to have executed and promptly deliver to the Federal Agency all instruments necessary to (i) establish or confirm the rights the Government has throughout the world in those subject inventions to which the Contractor elects to retain title, and (ii) convey title to the Federal Agency when requested under paragraph (d) above and to enable the Government to obtain patent protection throughout the world in that subject invention.
- ii. The Contractor agrees to require, by written agreement, its employees, other than clerical and nontechnical employees, to disclose promptly in writing to personnel identified as responsible for the administration of patent matters and in a format suggested by the Contractor each subject invention made under contract in order that the Contractor can comply with the disclosure provisions of paragraph (c), above, and to execute all papers necessary to file patent applications on subject inventions and to establish the Government's rights in the subject inventions. This disclosure format should require, as a

minimum, the information required by (c)(1), above. The Contractor shall instruct such employees through employee agreements or other suitable educational programs on the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or foreign statutory bars.

- iii. The Contractor will notify the Federal Agency of any decisions not to continue the prosecution of a patent application, pay maintenance fees, or defend in a reexamination or opposition proceeding on a patent, in any country, not less than thirty calendar days before the expiration of the response period required by the relevant patent office.
- iv. The Contractor agrees to include, within the specification of any United States patent applications and any patent issuing thereon covering a subject invention, the following statement, "This invention was made with government support under (identify the contract) awarded by (identify the Federal Agency). The government has certain rights in the invention."

g. Subcontracts

- i. The Contractor will include this clause, suitably modified to identify the parties, in all subcontracts, regardless of tier, for experimental, developmental or research work to be performed by a small business firm or domestic nonprofit organization. The subcontractor will retain all rights provided for the Contractor in this clause, and the Contractor will not, as part of the consideration for awarding the subcontract, obtain rights in the subcontractor's subject inventions.
 - ii. The Contractor will include in all other subcontracts, regardless of tier, for experimental developmental or research work the patent rights clause required by 2 CFR § 200.315(c) and Appendix II to 2 CFR Part 200.
- h. *Reporting on Utilization of Subject Inventions.* The Contractor agrees to submit on request periodic reports no more frequently than annually on the utilization of a subject invention or on efforts at obtaining such utilization that are being made by the Contractor or its licensees or assignees. Such reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received by the Contractor, and such other data and information as the Federal Agency may reasonably specify. The Contractor also agrees to provide additional reports as may be requested by the Federal Agency in connection with any march-in proceeding undertaken

by the Federal Agency in accordance with paragraph (j) of this clause. As required by 35 U.S.C. § 202(c)(5), the Federal Agency agrees it will not disclose such information to persons outside the Government without permission of the Contractor.

- i. *Preference for United States Industry.* Notwithstanding any other provision of this clause, the Contractor agrees that neither it nor any assignee will grant to any person the exclusive right to use or sell any subject inventions in the United States unless such person agrees that any products embodying the subject invention or produced through the use of the subject invention will be manufactured substantially in the United States. However, in individual cases, the requirement for such an agreement may be waived by the Federal Agency upon a showing by the Contractor or its assignee that reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States or that under the circumstances domestic manufacture is not commercially feasible.
- j. *March-in Rights.* The Contractor agrees that with respect to any subject invention in which it has acquired title, the Federal Agency has the right in accordance with the procedures in 37 CFR § 401.6 and any supplemental regulations of the Federal Agency to require the Contractor, an assignee or exclusive licensee of a subject invention to grant a nonexclusive, partially exclusive, or exclusive license in any field of use to a responsible applicant or applicants, upon terms that are reasonable under the circumstances, and if the Contractor, assignee, or exclusive licensee refuses such a request the Federal Agency has the right to grant such a license itself if the Federal Agency determines that:
 - i. Such action is necessary because the Contractor or assignee has not taken, or is not expected to take within a reasonable time, effective steps to achieve practical application of the subject invention in such field of use.
 - ii. Such action is necessary to alleviate health or safety needs which are not reasonably satisfied by the Contractor, assignee or their licensees;
 - iii. Such action is necessary to meet requirements for public use specified by Federal regulations and such requirements are not reasonably satisfied by the Contractor, assignee or licensees; or
 - iv. Such action is necessary because the agreement required by paragraph (i) of this clause has not been obtained or waived or because a licensee of the exclusive right to use

or sell any subject invention in the United States in breach of such agreement.

k. *Special Provisions for Contracts with Nonprofit Organizations.*
If the Contractor is a nonprofit organization, it agrees that:

- i. Rights to a subject invention in the United States may not be assigned without the approval of the Federal Agency, except where such assignment is made to an organization which has as one of its primary functions the management of inventions, provided that such assignee will be subject to the same provisions as the Contractor;
- ii. The Contractor will share royalties collected on a subject invention with the inventor, including Federal employee co-inventors (when the Federal Agency deems it appropriate) when the subject invention is assigned in accordance with 35 U.S.C. § 202(e) and 37 CFR § 401.10;
- iii. The balance of any royalties or income earned by the Contractor with respect to subject inventions, after payment of expenses (including payments to inventors) incidental to the administration of subject inventions, will be utilized for the support of scientific research or education; and
- iv. It will make efforts that are reasonable under the circumstances to attract licensees of subject invention that are Small Business Firms and that it will give a preference to a Small Business Firm when licensing a subject invention if the Contractor determines that the Small Business Firm has a plan or proposal for marketing the invention which, if executed, is equally as likely to bring the invention to practical application as any plans or proposals from applicants that are not Small Business Firms; provided, that the Contractor is also satisfied that the Small Business Firm has the capability and resources to carry out its plan or proposal. The decision whether to give a preference in any specific case will be at the discretion of the Contractor. However, the Contractor agrees that the Secretary may review the Contractor's licensing program and decisions regarding Small Business Firm applicants, and the Contractor will negotiate changes to its licensing policies, procedures, or practices with the Secretary when the Secretary's review discloses that the Contractor could take reasonable steps to implement more effectively the requirements of this paragraph (k)(iv).

1. *Communication.* The central point of contact at the Federal Agency for communications on matters relating to this clause may be obtained from the City upon request.

=====

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the

Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
