§ 1. The city. The city of New York as now existing shall continue with the boundaries and with the powers, rights and property, and subject to the obligations and liabilities which exist at the time when this charter shall take effect.

§ 2. The boroughs. The boroughs of the city are continued as existing at the time of the adoption of this charter.

CHAPTER 1
MAYOR

§ 3. Office powers. The mayor shall be the chief executive officer of the city.

§ 4. Election; term; salary. The mayor shall be elected at the general election in the year nineteen hundred sixty-five and every fourth year thereafter. The mayor shall hold office for a term of four years commencing on the first day of January after each such election. A mayor who resigns or is removed from office prior to the completion of a full term shall be deemed to have held that office for a full term for purposes of section 1138 of the charter. The salary of the mayor shall be two hundred twenty-five thousand dollars a year.

§ 5. Annual statement to council. The mayor shall communicate to the council at least once in each year a statement of the finances, government and affairs of the city with a summary statement of the activities of the agencies of the city. Such statement shall include a summary of the city's progress in implementing the goals and strategies contained in the most recent final strategic policy statement submitted by that mayor pursuant to section seventeen.

§ 6. Heads of departments; appoint; remove. a. The mayor shall appoint the heads of administrations, departments, all commissioners and all other officers not elected by the people, except as otherwise provided by law.

b. The mayor, whenever in his judgment the public interest shall so require, may remove from office any public officer holding office by appointment from a mayor of the city, except officers for whose removal other provision is made by law. No public officer shall hold his office for any specific term, except as otherwise provided by law.

§ 7. Deputy mayors. The mayor shall appoint one or more deputy mayors with such duties and responsibilities as the mayor determines.

§ 8. General powers. The mayor, subject to this charter, shall exercise all the powers vested in the city, except as otherwise provided by law.

a. The mayor shall be responsible for the effectiveness and integrity of city government operations and shall establish and maintain such policies and procedures as are necessary and appropriate to accomplish this responsibility including the implementation of effective systems of internal control by each agency and unit under the jurisdiction of the
mayor.

b. The mayor shall be a magistrate.

c. Notwithstanding any other provision of law, the mayor shall have the powers of a finance board under the local finance law and may exercise such powers without regard to any provision of law prescribing the voting strength required for a resolution or action of such finance board, provided, however, that whenever the mayor determines that obligations should be issued and the amount thereof, he shall certify such determination to the comptroller who shall thereupon determine the nature and term of such obligations and shall arrange for the issuance thereof.

d. The mayor shall establish a minimum per diem compensation for inspectors of election and clerks employed to assist the inspectors of election in polling places under the direction of the board of elections as follows: on registration and primary election days twenty dollars; on Election day thirty-five dollars, except that the chairman of each election board shall receive an additional three dollars compensation per day. The minimum per diem rate for compensation for election inspectors attending classes of instruction shall be five dollars.

e. The mayor shall establish a professional internal audit function in the executive office of the mayor which is sufficient to provide the mayor with such information and assurances as the mayor, as the chief executive of the city, requires to ensure the proper administration of the city's affairs and the efficient conduct of its business.

f. Except as otherwise provided in section eleven, the mayor may, by executive order, at any time, create or abolish bureaus, divisions or positions within the executive office of the mayor as he or she may deem necessary to fulfill mayoral duties. The mayor may from time to time by executive order, delegate to or withdraw from any member of said office, specified functions, powers and duties, except the mayor's power to act on local laws or resolutions of the council, to act as a magistrate or to appoint or remove officials. Every such order shall be filed with the city clerk who shall forward them forthwith to the City Record for publication.

g. The city has the power to determine the duties of its employees, and it is essential to the workings of city government that the city retain control over information obtained by city employees in the course of their duties. In the exercise of this power, the mayor may promulgate rules requiring that information obtained by city employees be kept confidential to the extent necessary to preserve the trust of individuals who have business with city agencies. To the extent set forth in such rules, each agency shall, to the fullest extent permitted by the laws of the United States and the state of New York, maintain the confidentiality of information in its possession relating to the immigration status or other private information that was provided by an individual to a city employee in the course of such employee's duties.

§ 9. Removal of mayor. The mayor may be removed from office by the governor upon charges and after service upon him of a copy of the charges and an opportunity to be heard in his defense. Pending the preparation and disposition of charges, the governor may suspend the mayor for a period not exceeding thirty days.

§ 10. Succession. a. In case of the suspension of the mayor from office, the mayor's temporary inability to discharge the powers and duties of the office of mayor by reason of sickness or otherwise, or the mayor's absence from the city, the powers and duties of the office of
mayor shall devolve upon the public advocate or the comptroller in that order of succession until the suspension, inability or absence shall cease. While so acting temporarily as mayor neither the public advocate nor the comptroller shall exercise any power of appointment to or removal from office or any power lawfully delegated by the mayor to a deputy mayor before the commencement of such suspension or inability, or before or after the commencement of such absence; and shall not, until such suspension, inability or absence shall have continued nine days, sign, approve or disapprove any local law or resolution, unless the period during which the mayor can act thereon would expire during said nine days in which case the public advocate or the comptroller shall have the power to disapprove the same within forty-eight hours before the time to act expires.

b. In the case of a failure of a person elected as mayor to qualify, or a vacancy in the office caused by the mayor's resignation, removal, death or permanent inability to discharge the powers and duties of the office of mayor, such powers and duties shall devolve upon the public advocate, the comptroller or a person selected pursuant to subdivision c of section twenty-eight, in that order of succession, until a new mayor shall be elected as provided herein. Upon the commencement of the term of the person first elected mayor pursuant to the provisions of subdivision c of this section, the person then acting as mayor pursuant to the provisions of this subdivision, if an elected official, shall complete the term of the office to which such person was elected if any remains.

c. 1. Within three days of the occurrence of a vacancy in the office of the mayor, the person acting as mayor shall proclaim the date for the election or elections required by this subdivision, provide notice of such proclamation to the city clerk and the board of elections and publish notice thereof in the City Record. After the proclamation of the date for an election to be held pursuant to paragraphs four or five of this subdivision, the city clerk shall publish notice thereof not less than twice in each week preceding the date of such election in newspapers distributed within the city, and the board of elections shall mail notice of such election to all registered voters within the city.

2. If a vacancy occurs during the first three years of the term, a general election to fill the vacancy for the remainder of the unexpired term shall be held in the year in which the vacancy occurs, unless the vacancy occurs after the last day on which an occurring vacancy may be filled at the general election in that same year with party nominations of candidates for such election being made at a primary election, as provided in section 6-116 of the election law. If such a vacancy occurs in any year after such last day, it shall be filled for the remainder of the unexpired term at the general election in the following year provided, however, that no general election to fill a vacancy shall be held in the last year of the term, except as provided in paragraph nine of this subdivision. Party nominations of candidates for a general election to fill a vacancy for the remainder of the unexpired term shall be made at a primary election, except as provided in paragraph five of this subdivision.

3. If a special or general election to fill the vacancy on an interim basis has not been previously held pursuant to paragraphs four, six, seven and eight of this subdivision, the person elected to fill the vacancy for the remainder of the unexpired term at a general election shall take office immediately upon qualification and shall serve until the term expires. If a special or general election to fill the vacancy on an interim basis has been previously held, the person elected to fill
the vacancy for the remainder of the unexpired term at a general
election shall take office on January first of the year following such
general election and shall serve until the term expires.

4. If a vacancy occurs during the first three years of the term and on
or before the last day in the third year of the term on which an
occurring vacancy may be filled for the remainder of the unexpired term
at a general election with party nominations of candidates for such
election being made at a primary election, as provided in section 6-116
of the election law, a special or general election to fill the vacancy
on an interim basis shall be held, unless the vacancy occurs less than
ninety days before the next primary election at which party nominations
for a general election to fill the vacancy may be made and on or before
the last day on which an occurring vacancy may be filled for the
remainder of the unexpired term at the general election in the same year
in which the vacancy occurs with party nominations of candidates for
such election being made at a primary election, as provided in section
6-116 of the election law.

5. If a vacancy occurs after the last day in the third year of the
term on which an occurring vacancy may be filled for the remainder of
the unexpired term at a general election in each year with party
nominations of candidates for such election are being made at a primary
election, as provided in section 6-116 of the election law, but not less
than ninety days before the date of the primary election in the fourth
year of such term, a special or general election to fill such vacancy
for the remainder of the unexpired term shall be held.

6. Elections held pursuant to paragraph four or five of this
subdivision shall be scheduled in the following manner: a special
election to fill the vacancy shall be held on the first Tuesday at least
sixty days after the occurrence of the vacancy, provided that the person
acting as mayor, in the proclamation required by paragraph one of this
subdivision, may schedule such election for another day not more than
ten days after such Tuesday and not less than forty days after such
proclamation if the person acting as mayor determines that such
rescheduling is necessary to facilitate maximum voter participation;
except that

(a) if the vacancy occurs before September twentieth in any year and
the first Tuesday at least sixty days after the occurrence of the
vacancy is less than ninety days before a regularly scheduled general
election or between a primary and a general election, the vacancy shall
be filled at such general election; and

(b) if the vacancy occurs before September twentieth in any year and
the first Tuesday at least sixty days after the occurrence of the
vacancy is after a regularly scheduled general election, the vacancy
shall be filled at such general election; and

(c) if the vacancy occurs on or after September twentieth in any year
and the first Tuesday at least sixty days after the occurrence of the
vacancy is after, but less than thirty days after, a regularly scheduled
general election, the vacancy shall be filled at a special election to
be held on the first Tuesday in December in such year.

7. All nominations for elections to fill vacancies held pursuant to
paragraphs four and five of this subdivision shall be by independent
nominating petition. A signature on an independent nominating petition
made earlier than the date of the proclamation required by paragraph one
of this subdivision shall not be counted.

8. A person elected to fill a vacancy in the office of the mayor at an
election held pursuant to paragraph four of this subdivision shall take
office immediately upon qualification and serve until December
thirty-first of the year in which the vacancy is filled for the remainder of the unexpired term pursuant to paragraph two of this subdivision. A person elected to fill a vacancy in the office of the mayor at an election held pursuant to paragraph five of this subdivision shall take office immediately upon qualification and serve until the term expires.

9. If a vacancy occurs less than ninety days before the date of the primary election in the last year of the term, the person elected at the general election in such year for the next succeeding term shall take office immediately upon qualification and fill the vacancy for the remainder of the unexpired term.

10. If at any election held pursuant to this subdivision for which nominations were made by independent nominating petitions, no candidate receives forty percent or more of the vote, the two candidates receiving the most votes shall advance to a runoff election which shall be held on the second Tuesday next succeeding the date on which such election was held.

d. Determination of mayoral inability.

1. Voluntary declaration of temporary inability. Whenever the mayor transmits to the official next in line of succession and to the city clerk, a written declaration that he or she is temporarily unable to discharge the powers and duties of the office of mayor, such powers and duties shall devolve upon the official next in line of succession, subject to the provisions of subdivision a of this section. Thereafter if the mayor transmits to the acting mayor and to the city clerk a written declaration that he or she is able to resume the discharge of the powers and duties of the office of mayor, the mayor shall resume the discharge of such powers and duties immediately upon the receipt of such declaration by the city clerk.

2. Inability committee. (a) There shall be a committee on mayoral inability consisting of: the corporation counsel, the comptroller, the speaker of the council, a deputy mayor who shall be designated by the mayor, and the borough president with the longest consecutive service as borough president. If two or more borough presidents have served for an equal length of time, one of such borough presidents shall be selected by lot to be a member of such committee. If at any time there is no valid mayoral designation in force, the deputy mayor with the longest consecutive service as a deputy mayor shall be a member of such committee. The authority to act as a member of such committee shall not be delegable.

(b) Such committee by affirmative declaration of no fewer than four of its members shall have the power to make the declarations described in paragraphs four and five of this subdivision. No such declaration shall be effective unless signed by all the members making it.

3. Panel on mayoral inability. (a) There shall be a panel on mayoral inability. Unless otherwise provided by state law, such panel shall consist of all the members of the council.

(b) The panel shall have the power to make the determinations described in paragraphs four and five of this subdivision.

4. Temporary inability. (a) Whenever the committee on mayoral inability personally serves or causes to be personally served upon the mayor and transmits to the official next in line of succession, the members of the panel on mayoral inability and the city clerk, its written declaration that the mayor is temporarily unable to discharge the powers and duties of the office of mayor, together with a statement of its reasons for such declaration, such declaration shall constitute a determination of temporary inability unless the mayor, within
forty-eight hours after receipt of such declaration, transmits to the official next in line of succession, the members of the committee on mayoral inability, the members of the panel on mayoral inability and the city clerk, a written declaration that he or she is able to discharge the powers and duties of the office of mayor, together with responses to the statement by the committee on mayoral inability of its reasons for its declaration.

(b) If personal service of the committee's declaration upon the mayor cannot be accomplished, or if such service has been accomplished but the mayor has not transmitted a declaration that he or she is able to discharge the powers and duties of the office of mayor within forty-eight hours after receipt of such declaration, such powers and duties shall devolve upon the official next in line of succession, subject to the provisions of subdivision a of this section, unless and until the mayor resumes the authority to discharge such powers pursuant to the provisions of subparagraphs (e) or (f) of this paragraph.

(c) If within such forty-eight hours, the mayor transmits a declaration that he or she is able to discharge the powers and duties of the office of mayor, such powers and duties shall not devolve upon the official next in line of succession and the mayor shall continue to discharge the powers and duties of the office of mayor, unless and until the panel on mayoral inability, within twenty-one days after its receipt of the mayor's declaration, determines by two-thirds vote of all its members that the mayor is temporarily unable to discharge the powers and duties of the office of mayor. If the panel determines that the mayor is unable to discharge the powers and duties of the office of mayor, such powers and duties shall devolve upon the official next in line of succession, subject to the provisions of subdivision a of this section, unless and until the mayor resumes the authority to discharge such powers and duties pursuant to the provisions of subparagraphs (e) or (f) of this paragraph.

(d) If, at any time prior to a final determination by the panel pursuant to subparagraph (c) of this paragraph the mayor transmits a voluntary declaration of temporary inability pursuant to the provisions of paragraph one of this subdivision, to the official next in line of succession, the members of the committee on mayoral inability, the members of the panel on mayoral inability, and the city clerk, then the procedures set forth in paragraph one of this subdivision shall be followed.

(e) If a determination of temporary inability has been made pursuant to the provisions of subparagraphs (a) or (c) of this paragraph, and if thereafter, the mayor transmits to the acting mayor, the members of the committee on mayoral inability, the members of the panel on mayoral inability and the city clerk, a written declaration that he or she is able to resume the discharge of the powers and duties of the office of mayor, then the mayor shall resume the discharge of such powers and duties four days after the receipt of such declaration by the city clerk, unless the committee on mayoral inability, within such four days, personally serves or causes to be personally served upon the mayor and transmits to the acting mayor, the members of the panel on mayoral inability and the city clerk, its written declaration that the mayor remains unable to discharge the powers and duties of the office of mayor.

(f) If the committee transmits a declaration that the mayor remains unable to discharge the powers and duties of the office of mayor, the mayor shall not resume the discharge of the powers and duties of the office of mayor unless and until the panel on mayoral inability, within
twenty-one days of its receipt of such declaration, determines by
two-thirds vote of all its members that the inability has in fact
ceased. Upon such a determination by the panel, or after the expiration
of twenty-one days, if the panel has not acted, the mayor shall resume
the discharge of the powers and duties of the office of mayor.

5. Permanent inability. (a) Whenever the committee on mayoral
inability personally serves or causes to be personally served upon the
mayor and transmits to the official next in line of succession, the
members of the panel on mayoral inability and the city clerk, its
declaration that the mayor is permanently unable to discharge the powers
and duties of the office of mayor, together with its reasons for such
declaration, the panel on mayoral inability shall, within twenty-one
days after its receipt of such declaration, determine whether or not the
mayor is permanently unable to discharge the powers and duties of the
office of mayor.

(b) If the panel determines by two-thirds vote of all its members that
the mayor is permanently unable to discharge the powers and duties of
the office of mayor, such powers and duties shall devolve upon the
official next in line of succession as acting mayor pursuant to
subdivision b of this section, and the office of mayor shall be deemed
vacant.

6. Continuation of salary; disability allowance. (a) During the time
that any official is acting as mayor pursuant to a determination of
temporary inability, the mayor shall continue to be paid the salary of
the office of mayor, and the acting mayor shall continue to be paid the
salary of the office to which such person was elected.

(b) Any mayor who has been determined to be permanently unable to
discharge the powers and duties of the office of mayor pursuant to
paragraph five of this subdivision shall continue to receive from the
city, a sum which together with the mayor's disability benefits and
retirement allowance, if any, computed without optional modification,
shall equal the annual salary which such mayor was receiving at the time
of the determination of permanent inability. Such disability allowance
shall begin to accrue on the date of the determination of permanent
inability and shall be payable on the first day of each month until the
expiration of the term for which such mayor had been elected or such
mayor's death, whichever shall occur first. Such mayor shall apply for
any retirement allowance or disability benefits to which he or she may
be entitled and the disability allowance provided for in this section
shall not reduce or suspend such retirement allowance or disability
benefits, notwithstanding any other provision of law.

§ 11. Reorganization of agencies under jurisdiction of mayor. a. The
agencies existing on the effective date of this section are continued
except as otherwise provided in the charter or as otherwise provided by
state or local law enacted since that date or by any actions taken by
the mayor pursuant to this section since that date. To achieve effective
and efficient functioning and management of city government, the mayor
may organize or reorganize any agency under his jurisdiction, including
the authority to transfer functions from one agency to another; create
new agencies; eliminate existing agencies; and consolidate or merge
agencies. Any action by the mayor pursuant to this subdivision shall be
termed a "reorganization plan" and shall be published in the City
Record.

b. In preparing reorganization plans, the mayor shall eliminate, as
appropriate, agencies or functions which duplicate or overlap similar
agencies of, or functions performed by, other agencies of city, state or
local government.

c. If any proposed reorganization plan involves a change of a provision of this charter, except as provided pursuant to subdivision f of this section, or local law now in effect, or otherwise involves reorganization of an agency created pursuant to a resolution of the board of estimate or executive order of the mayor, a copy of the reorganization plan first shall be submitted to the council. Within a period of ninety days from the date of receipt, the council may adopt a resolution that approves or disapproves the reorganization plan. In the event the council takes no action within the ninety-day period, the reorganization plan shall be deemed approved as if the council had taken affirmative action, and is then effective.

d. The text of a reorganization plan approved pursuant to subdivision c of this section shall appear as a part of the administrative code.

e. The mayor may withdraw or modify a reorganization plan submitted to the council before any final action by the council with respect to it.

f. The authority of the mayor pursuant to this section shall not apply
(1) to any matter which would otherwise require the submission of a local law for the approval of the electors pursuant to section thirty-seven, or
(2) to any board or commission established pursuant to a provision of this charter.

§ 12. Mayor's management report. a. Not later than January thirtieth in each year the mayor shall make public and submit to the council a preliminary management report of the city and not later than September seventeenth in each year the mayor shall make public and submit to the council a management report.

b. The preliminary management report shall contain for each city agency
(1) a statement of actual performance for the first four months of the current fiscal year relative to the program performance goals and measures established for such year;
(2) proposed program performance goals and measures for the next fiscal year reflecting budgetary decisions made as of the date of submission of the preliminary budget;
(3) an explanation in narrative and/or tabular form of significant changes in the program performance goals and measures from the adopted budget condition to the current budget as modified and from said modified budget to the preliminary budget statements; and
(4) an appendix indicating the relationship between the program performance goals and measures included in the management report pursuant to paragraph two of this subdivision and the corresponding appropriations contained in the preliminary budget.

c. The management report shall include a review of the implementation of the statement of needs as required by subdivision h of section two hundred four and shall contain for each agency
(1) program performance goals for the current fiscal year and a statement and explanation of performance measures;
(2) a statement of actual performance for the entire previous fiscal year relative to program performance goals;
(3) a statement of the status of the agency's internal control environment and systems, including a summary of any actions taken during the previous fiscal year, and any actions being taken during the current fiscal year to strengthen the agency's internal control environment and system;
(4) a summary of rulemaking actions undertaken by the agency during the past fiscal year including
(a) the number of rulemaking actions taken,
(b) the number of such actions which were not noticed in the regulatory agenda prepared for such fiscal year, including a summary of the reasons such rules were not included in such regulatory agenda, and
(c) the number of such actions which were adopted under the emergency rulemaking procedures;
(5) a summary of the procurement actions taken during the previous fiscal year, including: (i) for each of the procurement methods specified in section three hundred twelve, the number and dollar value of the procurement contracts entered into during such fiscal year; and (ii) for all procurement contracts entered into pursuant to a procurement method other than that specified in paragraph one of subdivision a of section three hundred twelve, the number and dollar value of such procurement contracts by each of the reasons specified in paragraph one of subdivision b of section three hundred twelve; and
(6) an appendix indicating the relationship between the program performance goals included in the management report pursuant to paragraph two of this subdivision and the corresponding expenditures made pursuant to the adopted budget for the previous fiscal year.
d. For agencies with local service districts or programs within community districts and boroughs, the mayor's preliminary management report and management report insofar as practicable shall include schedules of agency service goals, performance measures and actual performance relative to goals for each such local service district or program.
e. Prior to April eighth in each year the council shall conduct public hearings on the preliminary management report and on the proposed program and performance goals and measures of city agencies contained in such report. The council shall submit to the mayor and make public not later than April eighth a report or reports of findings and recommendations.

§ 13. Coordinator of criminal justice. There is established in the executive office of the mayor a position of coordinator of criminal justice, to be appointed by the mayor. The coordinator shall:
(1) advise and assist the mayor in planning for increased coordination and cooperation among agencies under the jurisdiction of the mayor that are involved in criminal justice programs and activities;
(2) review the budget requests of all agencies for programs related to criminal justice and recommend to the mayor budget priorities among such programs; and,
(3) perform such other duties as the mayor may assign.

§ 13-a. Code of administrative judicial conduct. The mayor and the chief administrative law judge of the office of administrative trials and hearings shall jointly promulgate, and may from time to time jointly amend, rules establishing a code or codes of professional conduct governing the activities of all administrative law judges and hearing officers in city tribunals, except to the extent that such promulgation would be inconsistent with law. Prior to promulgating or amending any such rules, the mayor and the chief administrative law judge shall consult with the conflicts of interest board, the commissioner of investigation and affected agency and administrative tribunal heads. An administrative law judge or hearing officer shall be subject to removal or other disciplinary action for violating such rules in the manner that such administrative law judge or hearing officer may be removed or otherwise disciplined under law. Further, such rules may set forth
additional sanctions or penalties for violations of such rules to the extent consistent with law.

§ 14. Office of veterans' affairs. a. There shall be an office of veterans' affairs, the head of which shall be the director of veterans' affairs, who shall be appointed by the mayor.

b. Definition. The term "veteran" means a person who has served in the active military service of the United States and who has been released from such service otherwise than by dishonorable discharge.

c. Powers and duties. The office: 1. shall have such powers as provided by the director of the state veterans' service agency and shall have the duty to inform military and naval authorities of the United States and assist members of the armed forces and veterans, who are residents of this state, and their families, in relation to (a) matters pertaining to educational training and retraining services and facilities, (b) health, medical and rehabilitation service and facilities, (c) provisions of federal, state and local laws and regulations affording special rights and privileges to members of the armed forces and veterans and their families, (d) employment and re-employment services, and (e) other matters of similar, related or appropriate nature. The office also shall perform such other duties as may be assigned by the state director of the division of veterans' affairs;

2. shall utilize, so far as possible, the services, commissions, boards, bureaus, institutions and other agencies of the state and of the political subdivisions thereof and all such officers and agencies shall cooperate with and extend such services and facilities to the office as it may require.

d. Veterans advisory board. If the public advocate receives a complaint which is subject to a procedure described in items (i) or (ii) of this paragraph, the public advocate shall advise the complainant of the appropriate procedure for the resolution of such complaint. If the public advocate receives a complaint of the type described in item (iii) of this paragraph, the public advocate shall promptly refer the matter in accordance with subdivision k of this section.

g. The public advocate shall establish procedures for receiving and processing complaints, responding to complainants, conducting investigations, and reporting findings, and shall inform the public about such procedures. Upon an initial determination that a complaint may be valid, the public advocate shall refer it to the appropriate agency. If such agency does not resolve the complaint within a reasonable time, the public advocate may conduct an investigation and make specific recommendations to the agency for resolution of the complaint. If, within a reasonable time after the public advocate has completed an investigation and submitted recommendations to an agency, such agency has failed to respond in a satisfactory manner to the recommendations, the public advocate may issue a report to the council and the mayor. Such report shall describe the conclusions of the investigation and make such recommendations for administrative, legislative, or budgetary action, together with their fiscal implications, as the public advocate deems necessary to resolve the individual complaint or complaints or to address the underlying problems discovered in the investigation.

h. In addition to other duties and responsibilities, the public advocate may review the programs of city agencies. Such reviews shall include, but not be limited to, annual evaluations of: (1) the implementation of the requirements for coterminality of local services contained in all subdivisions of section twenty seven hundred four; (2) the effectiveness of the public information and service complaint programs of city agencies; and (3) the responsiveness of city agencies to individual and group requests for data or information regarding the agencies’ structure, activities and operations. The public advocate shall submit any reports documenting or summarizing such reviews to the council, mayor and appropriate agency and shall include in such reports his or her recommendations for addressing the problems identified and the fiscal implications of such recommendations.

i. Except for those matters which involve conduct which may constitute a violation of criminal law or a conflict of interest, the public advocate may, on the request of a resident, taxpayer, community board, council member or borough president, or on his or her own motion, inquire into any alleged failure of a city officer or agency to comply with any provision of the charter. If as a result of such inquiry, the public advocate concludes that there is any substantial failure to comply with any provision of the charter, he or she shall submit a preliminary report documenting the conclusions of the inquiry to the officer or officers and the head of each agency involved. Within a reasonable time after submitting such preliminary report, the public advocate shall issue a final report to the council, mayor, and agency documenting the conclusions of the inquiry.

j. The public advocate shall have timely access to those records and documents of city agencies which the public advocate deems necessary to complete the investigations, inquiries and reviews required by this section. If a city agency does not comply with the public advocate’s request for such records and documents, the public advocate may request an appropriate committee of the council to require the production of
such records and documents pursuant to section twenty-nine of the charter. The provisions of this subdivision shall not apply to those records and documents of city agencies for which a claim of privilege may properly be raised or which are prepared or maintained by the department of investigation for use in any investigation authorized by chapter thirty-four of the charter.

k. If the public advocate receives a complaint alleging conduct which may constitute a violation of criminal law or a conflict of interest, he or she shall promptly refer the complaint regarding criminal conduct to the department of investigation or, as applicable, to the appropriate prosecuting attorney or other law enforcement agency and shall refer the complaint regarding conflict of interest to the conflicts of interest board. If during the conduct of any investigation, inquiry, or review authorized by this section, the public advocate discovers that the matter involves conduct which may constitute a violation of criminal law or a conflict of interest, he or she shall take no further action but shall promptly refer the matter regarding criminal conduct to the department of investigation or, as applicable, to the appropriate prosecuting attorney or other law enforcement agency and shall promptly refer the matter regarding conflict of interest to the conflicts of interest board. Unless otherwise provided by law, all complaints received and any investigative file prepared or maintained by the public advocate regarding matters covered by this subdivision, shall be confidential.

l. Before making public any portion of any draft, preliminary or final report relating to the operations or activities of a city officer or agency, the public advocate shall send a copy of the draft report to any such officer, and to the head of any agency, discussed in such report and provide the officer and agency, in writing, with a reasonable deadline for their review and response. The public advocate shall include in any report, or portion thereof, which is made public a copy of all such officer and agency responses.

m. The public advocate may hold public hearings in the course of fulfilling the requirements of this section provided that a complete transcript of any such hearings shall be made available for public inspection free of charge within sixty days after the hearing. The public advocate shall also provide a copy of any requested pages of such transcript at a reasonable fee to cover copying and, if relevant, mailing costs.

n. Not later than the thirty-first day of October of each year, the public advocate shall present to the council a report on the activities of the office during the preceding fiscal year. The report shall include: (1) a statistical summary of the complaints received during such fiscal year, categorized by agency, type of complaint, agency response, mode of resolution, and such other factors as the public advocate deems appropriate; (2) an analysis of recurring complaints and the public advocate's recommendations for administrative, legislative or budgetary actions to resolve the underlying problems causing the complaints; (3) a summary of the findings and recommendations of the agency program reviews conducted during the fiscal year and a summary of the agency responses to such findings and recommendations; (4) a summary of the charter requirements which, in the opinion of the public advocate are not being implemented by the city agencies and officers subject to them, including a description of the nature and extent of the failure to comply and a summary of the responses of the agencies or officers to the public advocate's conclusions; and (5) a summary of improvements in charter compliance since the public advocate's last annual report. Notwithstanding any other provision of this charter or other law, a full term of two years, as established by this subsection, shall not constitute a full term under section 1138 of this charter, except that two consecutive full terms of two years shall constitute one full term under section 1138. A member of the council who resigns or is removed from office prior to the completion of a full term shall be deemed to have held that office for a full term for purposes of section 1138 of the charter.

b. Any vacancy which may occur among the council members shall be filled by popular election in the following manner.

1. Within three days of the occurrence of a vacancy in the council, the mayor shall proclaim the date for the election or elections required by this subdivision, provide notice of such proclamation to the city clerk and the board of elections and publish notice thereof in the City Record. 2. If a vacancy occurs during the first three years of a four-year term or the first year of a two-year term, a general election to fill the vacancy for the remainder of the unexpired term shall be held in the year in which the vacancy occurs, unless the vacancy occurs after the last day on which an occurring vacancy may be filled at the general election in that same year with party nominations of candidates for such election being made at a primary election, as provided in section 6-116 of the election law. If such a vacancy occurs in any year after such last day, it shall be filled for the remainder of the unexpired term at the general election in the following year provided, however, that no general election to fill a vacancy shall be held in the last year of the term, except as provided in paragraph nine of this subdivision. Party nominations of candidates for a general election to fill a vacancy for the remainder of the unexpired term shall be made at a primary election, except as provided in paragraph five of this subdivision.

shall take office immediately upon qualification and shall serve until the term expires. If a special or general election to fill the vacancy on an interim basis has been previously held, the person elected to fill the vacancy for the remainder of the unexpired term at a general election shall take office on January first of the year following such general election and shall serve until the term expires.

4. If a vacancy occurs during the first three years of a four-year term or in the first year of a two-year term and on or before the last day in the third year of such a four-year term or the first year of such a two-year term on which an occurring vacancy may be filled for the remainder of the unexpired term at a general election with party nominations of candidates for such election being made at a primary election, as provided in section 6-116 of the election law, a special or general election to fill the vacancy on an interim basis shall be held, unless the vacancy occurs less than ninety days before the next primary election at which party nominations for a general election to fill the vacancy may be made and on or before the last day on which an occurring vacancy may be filled for the remainder of the unexpired term at the general election in the same year in which the vacancy occurs with party nominations of candidates for such election being made at a primary election, as provided in section 6-116 of the election law.

5. If a vacancy occurs after the last day in the third year of a four-year term or the first year of a two-year term on which an occurring vacancy may be filled for the remainder of the unexpired term at a general election in each year with party nominations of candidates for such election being made at a primary election, as provided in section 6-116 of the election law, but not less than ninety days before the date of the primary election in the fourth year of such a four-year term or the second year of such a two-year term, a special or general election to fill such vacancy for the remainder of the unexpired term shall be held.

6. Elections held pursuant to paragraph four or five of this subdivision shall be scheduled in the following manner: A special election to fill the vacancy shall be held on the first Tuesday at least forty-five days after the occurrence of the vacancy, provided that the mayor, in the proclamation required by paragraph one of this subdivision, may schedule such election for another day no more than ten days after such Tuesday and not less than forty days after such proclamation if the mayor determines that such rescheduling is necessary to facilitate maximum voter participation; except that
   (a) if the vacancy occurs before September twentieth in any year and the first Tuesday at least forty-five days after the occurrence of the vacancy is less than ninety days before a regularly scheduled general election or between a primary and a general election, the vacancy shall be filled at such general election;
   (b) if the vacancy occurs before September twentieth in any year and the first Tuesday at least forty-five days after the occurrence of the vacancy is after a regularly scheduled general election, the vacancy shall be filled at such general election; and
   (c) if the vacancy occurs on or after September twentieth in any year and the first Tuesday at least forty-five days after the occurrence of the vacancy is after, but less than thirty days after, a regularly scheduled general election, the vacancy shall be filled at a special election to be held on the first Tuesday in December in such year.

7. All nominations for elections to fill vacancies held pursuant to paragraphs four and five of this subdivision shall be by independent nominating petition. A signature on an independent nominating petition
made earlier than the date of the proclamation required by paragraph one of this subdivision shall not be counted.

8. A person elected to fill a vacancy in the council at an election held pursuant to paragraph four of this subdivision shall take office immediately upon qualification and serve until December thirty-first of the year in which the vacancy is filled for the remainder of the unexpired term pursuant to paragraph two of this subdivision. A person elected to fill a vacancy in the council at an election held pursuant to paragraph five of this subdivision shall take office immediately upon qualification and serve until the term expires.

9. If a vacancy occurs less than ninety days before the date of the primary election in the last year of the term, the person elected at the general election in such year for the next succeeding term shall take office immediately upon qualification and fill the vacancy for the remainder of the unexpired term.

§ 26. Salaries and allowances. a. The salary of the public advocate shall be one hundred sixty-five thousand dollars a year.

b. The salary of each council member shall be one hundred twelve thousand five hundred dollars a year. In addition any council member, while serving as a committee chairperson or other officer of the council, may also be paid, in addition to such salary, an allowance fixed by resolution, after a hearing, for the particular and additional services pertaining to the additional duties of such position.

c. If prior to the enactment of a local law increasing the compensation of council members, the council establishes a commission to study and make recommendations for changes in the compensation levels of council members, or if it otherwise causes an analysis of such compensation levels to be made to assist it in its consideration of a local law, such study or analysis may include an analysis of the benefits, detriments, costs and impacts of placing restrictions on earned income derived by council members from sources other than their council salary.

§ 27. Local laws and resolutions increasing or decreasing salaries or allowances. No local law or resolution increasing or decreasing the salaries, or other allowances, in accordance with section twenty-six shall be adopted during the period between the general election day and the thirty-first day of December, both such days inclusive, in any year in which all of the council members are elected.

§ 28. Powers of council. a. The council in addition to all enumerated powers shall have power to adopt local laws which it deems appropriate, which are not inconsistent with the provisions of this charter or with the constitution or laws of the United States or this state, for the good rule and government of the city; for the order, protection and government of persons and property; for the preservation of the public health, comfort, peace and prosperity of the city and its inhabitants; and to effectuate the purposes and provisions of this charter or of the other laws relating to the city. g. The council shall hold a public hearing prior to the consideration of any resolution requesting the state legislature, in accordance with the provisions of section two of article nine of the Constitution of the state of New York, to pass any bill, the substance of which, if adopted by the council as a local law, would require its approval by the electorate voting thereon at a referendum. Notice of such public hearing shall be published in the City Record for at least five days immediately preceding the commencement of such a hearing.

§ 29. Power of investigation and oversight. a. The council, acting as a committee of the whole, and each standing or special committee of the council, through hearings or otherwise:

§ 32. Local laws. Except as otherwise provided by law, all legislative action by the council shall be by local law. The style of local law shall be "Be it enacted by the council as follows." Every local law shall embrace only one subject. The title shall briefly refer to the subject-matter.

The city clerk shall have charge of all the papers and documents of the city, except such as are by law committed to the keeping of the several departments or of other officers. The city clerk shall keep the record of the proceedings of the council and shall also keep a separate record of all the local laws of the city in a book to be provided for that purpose, with proper indices, which book shall be deemed a public record of such local laws, and each local law shall be attested by said clerk. Copies of all papers duly filed in the office of the city clerk, and transcripts thereof and of the records of proceedings of the council and copies of the laws, ordinances and local laws of the city, certified by the city clerk under the corporate seal of the city, shall be admissible in evidence in all courts and places in the same manner and for the same purposes as papers or documents similarly authenticated by the clerk of a county. The city clerk may be removed on charges by a two-third vote of all the council members, subject, however, to judicial review. The city clerk shall collect such fees as shall be fixed by law.

b. It shall be the duty of the city clerk to keep open for inspection at all reasonable times the records and minutes of the proceedings of the council. The city clerk shall keep the seal of the city, and his or her signature shall be necessary to all grants and other documents, except as otherwise provided by law. In the absence of the clerk by sickness or otherwise, the first deputy clerk shall be vested with and possessed of all the rights and powers and be charged with all the duties by law imposed upon the clerk. The signature of the person so designated shall be in place of and of the same force and effect as the signature of the city clerk.
Such designation shall be made in triplicate and shall be duly filed and remain of record in the city clerk's office and in the offices of the mayor and of the comptroller, but the designation shall be for a period not exceeding three months and shall not extend beyond the city clerk's term of office and shall be at all times revocable by the city clerk.

§ 49. Members not to be questioned for speeches. For any speech or debate in the council and any committee or subcommittee thereof, the members shall not be questioned in any other place.

CHAPTER 2-A
DISTRICTING COMMISSION

§ 50. Districting Commission; composition; appointment; terms; vacancies; compensation. a. There shall be a districting commission consisting of fifteen members appointed as provided in this section.
1. The council delegation of the political party which has the largest delegation in the council shall, by majority vote, appoint five members of the commission, no more than one of whom may be a resident of the same borough.
2. The council delegation of the political party which has the second largest delegation in the council, shall, by majority vote, appoint three members of the commission, no more than one of whom may be a resident of the same borough.
3. If only one political party has a council delegation, then the chairpersons of the county committees of the political party with no council delegation which, at the time of the general election last preceding the time at which such appointments are required to be made, had the largest number of enrolled voters in the city, shall each submit three nominations to the mayor, in order to provide a list of fifteen nominations from that party. The mayor shall appoint three members from such list, no more than one of whom may be a resident of the same borough.
4. The mayor shall appoint seven additional members, but the party enrollment, if any, of these additional members shall be such that individuals enrolled in a single political party shall not be a majority of the total number of members of the commission.
5. Officers and employees of the city or any city agency, lobbyists required to file a statement of registration under federal, state or local law, the employees of such lobbyists, federal, state and local elected officials, and officers of any political party shall not be eligible to be members of the commission.
6. The members of the commission shall elect one of the fifteen members to serve as the chair of the commission.
7. For purposes of this section, a member of the council who was elected to the council upon the nomination of more than one political party shall be considered to be a member of the council delegation of the political party on whose ballot line he or she received the largest number of votes in his or her last election to the council.

b. 1. The commission shall have among its members (a) at least one resident of each borough, and (b) members of the racial and language minority groups in New York city which are protected by the United States voting rights act of nineteen hundred sixty-five, as amended, in proportion, as close as practicable, to their population in the city.
2. The mayor, no later than twenty-two months before the general election of the council to be held in the year nineteen hundred and ninety-three, and every ten years thereafter, shall convene one or more
meetings of all of the appointing and recommending authorities specified in subdivision a of this section for the purpose of establishing a screening and selection process for ensuring that the racial and language minority groups in New York city which are protected by the United States voting rights act of nineteen hundred sixty-five, as amended, will be fairly represented on the commission.

c. Each council delegation authorized by subdivision a of this section to make appointments to the commission shall make such appointments no earlier than one year and eight months before, and no later than one year and six months before, the general election of the council to be held in the year nineteen hundred ninety-three, and every ten years thereafter. In any case in which the chairpersons of the county committees of a political party are authorized to submit nominations to the mayor, such nominations shall be submitted no earlier than one year and eight months before, and no later than one year and six months before, the general election of the council to be held in the year nineteen hundred ninety-three, and every ten years thereafter. The mayor shall make appointments to the commission after each council delegation authorized to make appointments has done so but not later than one year and five months before such a general election of the council. The commission's term shall end sixty days after the day of the first general election of the council following the commission's adoption of a districting plan, as set forth in section fifty-one.

d. In the event of a vacancy by death, resignation or otherwise, a new member enrolled in the same political party from which his or her predecessor was selected shall be appointed in the same manner as the member whose departure from the commission created a vacancy to serve the balance of the term remaining.

e. No member of the districting commission shall be removed from office except by the person or persons who appointed such member and only for cause and upon notice and hearing.

f. The members of the commission shall serve without compensation except that each member shall be allowed actual and necessary expenses to be audited in the same manner as other city charges.

g. The commission may hire or contract for necessary staff assistance and may require agencies of city government to provide technical assistance. The commission shall have a budget as provided by the mayor.

§ 51. Powers and duties of the commission; hearings; submissions and approval of plan. a. Following each decennial census, the commission shall prepare a plan for dividing the city into districts for the election of council members. In preparing the plan, the commission shall be guided by the criteria set forth in section fifty-two.

b. The commission shall hold one or more public hearings not less than one month before it submits its plan to the city council, in accordance with subdivision c of this section. The commission shall make its plan available to the public for inspection and comment not less than one month before the first such public hearing.

c. The commission shall submit its plan to the city council not less than one year before the general election of the city council to be held in the year nineteen hundred ninety-three and every ten years thereafter.

d. The plan submitted in accordance with subdivision c of this section shall be deemed adopted unless, within three weeks, the council by the vote of a majority of all of its members adopts a resolution objecting to such plan and returns the plan to the commission with such resolutions and a statement of its objections, and with copies of the
written objections of any individual members of the council who have 
submitted objections to the speaker prior to such date. Any objections 
from individual members submitted to the speaker by such date shall be 
transmitted to the districting commission whether or not the council 
objects to such districting plan.

e. Upon the receipt of any such resolution and objections, the 
commission shall prepare a revised plan and shall, no later than ten 
months before such general election of the city council, make such plan 
available to the council and the public for inspection and comment. The 
commission shall hold public hearings and seek public comment on such 
revised plan.

f. Following its consideration of the comments received pursuant to 
subdivision e of this section, the commission shall, no later than eight 
months before such general election of the council, prepare and submit a 
final plan for the redistricting of the council.

g. Notwithstanding the provisions of subdivision d or subdivision f 
of this section, no plan shall be deemed adopted in accordance with 
either of such subdivisions until the commission files, with the city 
clerk, a copy of such plan and a statement signed by at least nine 
members of the commission certifying that, within the constraint of 
paragraph a of subdivision one of section fifty-two, the criteria set 
forth in the other paragraphs of such subdivision have been applied in 
the order in which they are listed and that such criteria have been 
implemented, in such order, to the maximum extent practicable. Such 
certification shall also set forth the manner in which the commission 
implemented the requirements of paragraph b of subdivision one of 
section fifty-two. Such plan shall be deemed adopted upon the 
commission's filing with the city clerk of such plan and such 
certification.

h. After the commission files its final plan with the city clerk 
pursuant to subdivision g of this section, the commission shall take all 
steps necessary to ensure that such plan is effectuated, including but 
not limited to submitting such plan for preclearance by the United 
States department of justice pursuant to the United States voting rights 
act of nineteen hundred sixty-five, as amended, and making such 
adjustments in its plan as may be necessary and appropriate to respond 
to a determination of a court or the United States department of 
justice.

§ 52. District plan; criteria. 1. In the preparation of its plan for 
dividing the city into districts for the election of council members, 
the commission shall apply the criteria set forth in the following 
paragraphs to the maximum extent practicable. The following paragraphs 
shall be applied and given priority in the order in which they are 
listed.

a. The difference in population between the least populous and the 
most populous districts shall not exceed ten percentum (10%) of the 
average population for all districts, according to figures available 
from the most recent decennial census. Any such differences in 
population must be justified by the other criteria set forth in this 
section.

b. Such districting plan shall be established in a manner that ensures 
the fair and effective representation of the racial and language 
minority groups in New York city which are protected by the United 
States voting rights act of nineteen hundred sixty-five, as amended.

c. District lines shall keep intact neighborhoods and communities with 
established ties of common interest and association, whether historical,
racial, economic, ethnic, religious or other.

d. Each district shall be compact and shall be no more than twice as long as it is wide.

e. A district shall not cross borough or county boundaries.

f. Districts shall not be drawn for the purpose of separating geographic concentrations of voters enrolled in the same political party into two or more districts in order to diminish the effective representation of such voters.

g. The districting plan shall be established in a manner that minimizes the sum of the length of the boundaries of all of the districts included in the plan.

2. Each district shall be contiguous, and whenever a part of a district is separated from the rest of the district by a body of water, there shall be a connection by a bridge, a tunnel, a tramway or by regular ferry service.

3. If any district includes territory in two boroughs, then no other district may also include territory from the same two boroughs.

1. Within three days of the occurrence of a vacancy in a borough presidency, the mayor shall proclaim the date for the election or elections required by this subdivision, provide notice of such proclamation to the city clerk and the board of elections and publish notice thereof in the City Record. If a vacancy occurs during the first three years of the term, a general election to fill the vacancy for the remainder of the unexpired term shall be held in the year in which the vacancy occurs, unless the vacancy occurs after the last day on which an occurring vacancy may be filled at the general election in that same year with party nominations of candidates for such election being made at a primary election, as
provided in section 6-116 of the election law. If such vacancy occurs in
any year after such last day, it shall be filled for the remainder of

general election and shall serve until the term expires.

or before the last day in the third year of the term on which an
occurring vacancy may be filled for the remainder of the unexpired term
at a general election with party nominations of candidates for such
election being made at a primary election, as provided in section 6-116
of the election law, a special or general election to fill the vacancy
on an interim basis shall be held, unless the vacancy occurs less than
ninety days before the next primary election at which party nominations
for a general election to fill the vacancy may be made and on or before
the last day on which an occurring vacancy may be filled for the
remainder of the unexpired term at the general election in the same year
in which the vacancy occurs with party nominations of candidates for
such election being made at a primary election, as provided in section
6-116 of the election law.

term on which an occurring vacancy may be filled for the remainder of
the unexpired term at a general election in each year with party
nominations of candidates for such election being made at a primary
election, as provided in section 6-116 of the election law, but not less
than ninety days before the date of the primary election in the fourth

6. Elections held pursuant to paragraph four or five of this
subdivision shall be scheduled in the following manner: A special
election to fill the vacancy shall be held on the first Tuesday at least
forty-five days after the occurrence of the vacancy, provided that the
mayor, in the proclamation required by paragraph one of this
subdivision, may schedule such election for another day no more than ten
days after such Tuesday and not less than forty days after such
proclamation if the mayor determines that such rescheduling is necessary
to facilitate maximum voter participation; except that

(a) if the vacancy occurs before September twentieth in any year and
the first Tuesday at least forty-five days after the occurrence of the
vacancy is less than ninety days before a regularly scheduled general
election or between a primary and a general election, the vacancy shall

§ 93. Powers and duties. a. The comptroller from time to time in his or her discretion may, and whenever required by law or requested by the mayor or the council, shall advise the mayor and the council on the financial condition of the city or any phase thereof and make such recommendations, comments and criticisms in regard to the operations, fiscal policies and financial transactions of the city as he or she may deem advisable in the public interest.

b. The comptroller shall have power to audit and investigate all matters relating to or affecting the finances of the city, including without limitation the performance of contracts and the receipt and expenditure of city funds, and for such purpose shall have power to require the attendance and examine and take the testimony under oath of such persons as the comptroller may deem necessary. The comptroller shall conduct all audits of entities under contract with the city as expeditiously as possible and in no case shall initiate an audit later than two years after the expiration of a contract term unless the comptroller determines in writing that: (1) such audit is initiated in connection with litigation brought by or against the city, (2) it was not practicable to initiate an audit within such two year period, or (3) the initiation of the audit after the two year period is appropriate in light of information discovered in an audit of another contract of the same contractor. Such written determination shall be filed with the mayor, council and public advocate.

c. The comptroller shall have power to audit all agencies, as defined in subdivision two of section eleven hundred fifty, and all agencies, the majority of whose members are appointed by city officials. The comptroller shall be entitled to obtain access to agency records required by law to be kept confidential, other than records which are protected by the privileges for attorney-client communications, attorney work products, or material prepared for litigation, upon a representation by the comptroller that necessary and appropriate steps

g. The comptroller shall have power and it shall be his duty to audit all vouchers before payment for availability of funds and prepare warrants. No warrant shall be prepared by the comptroller unless sufficient appropriations are available to cover the payments involved. No agency shall expend or commit any funds otherwise than for the program and purposes for which the funds have been appropriated and the comptroller shall conduct audits and take such other action as is required to assure compliance with this provision.

h. Except as provided in subdivision g, the agencies shall prepare and audit vouchers before payment, prepare and audit payrolls, receive and inspect goods and forward vouchers to the comptroller for payment. The comptroller shall prescribe methods, with which all agencies shall comply, for preparing and auditing vouchers before payment, preparing payrolls, and recording, reporting and accounting in the several agencies and shall conduct reviews to assure compliance. The comptroller may suspend or withdraw the authority delegated to an agency
pursuant to this subdivision (1) upon a finding of abuse of such authority or on a determination that the agency lacks adequate internal controls to exercise such authority properly and (2) upon the approval of the audit committee after the agency has had an opportunity to be heard on this matter.

i. The comptroller shall have the power to settle and adjust all claims in favor of or against the city in such manner as shall be prescribed by law and for that purpose may administer oaths, except that, with regard to excise and non-property taxes, such power shall be vested in the commissioner of finance. The comptroller shall not revise the terms of a contract or agreement with the city after its execution. The city may include in construction contracts or agreements for capital projects provisions that authorize the comptroller to submit disputes arising under any such contract or agreement to impartial arbitration.

of the election law, a special or general election to fill the vacancy on an interim basis shall be held, unless the vacancy occurs less than ninety days before the next primary election at which party nominations for a general election to fill the vacancy may be made and on or before the last day on which an occurring vacancy may be filled for the remainder of the unexpired term at the general election in the same year in which the vacancy occurs with party nominations of candidates for such election being made at a primary election, as provided in section 6-116 of the election law.

5. 7. All nominations for elections to fill vacancies held pursuant to paragraphs four and five of this subdivision shall be by independent nominating petition. A signature on an independent nominating petition made earlier than the date of the proclamation required by paragraph one of this subdivision shall not be counted.

8. A person elected to fill a vacancy in the office of the comptroller at an election held pursuant to paragraph four of this subdivision shall take office immediately upon qualification and serve until December thirty-first of the year in which the vacancy is filled for the remainder of the unexpired term pursuant to paragraph two of this subdivision. Copies of such resolutions must be included as an appendix to any preliminary budget, executive budget, and adopted budget to which they apply. If, in accordance with such a resolution, a proposed unit of appropriation for other than personal service shall represent the total amount requested for other than personal service for more than one proposed unit of appropriation for personal service, the amount of such unit of appropriation for other than personal service which is allocable to each unit of appropriation for personal service shall be set forth for informational purposes at the end of each such unit of appropriation for personal service. If, in accordance with such a resolution, a proposed unit of appropriation for personal service shall represent the total amount requested for personal service for more than one proposed unit of appropriation for personal service, the amount of such unit of appropriation for personal service which is allocable to each unit of appropriation for other than personal service shall be set forth for informational purposes at the end of each such unit of
appropriation for other than personal service.

d. Each proposed unit of appropriation contained in the departmental estimates, the preliminary expense budget and the executive expense budget shall be accompanied by a statement of the programmatic objectives of the program, purpose, activity or institution involved.

e. Each proposed unit of appropriation contained in the departmental estimates and the executive budget shall be supported by line items showing how the total amount of such unit is determined.

f. The departmental estimates shall be in such form and contain such further information as may be required by the mayor or by law and shall be public records which shall at all reasonable times be open to public inspection.

g. For each city agency that has local or borough service districts within community districts and boroughs, the departmental estimates and the executive budget, where practicable, shall contain a statement of proposed direct expenditures in each such service district for each requested unit of appropriation.

h. The departmental estimates and the executive expense budget shall include a contract budget prepared in accordance with the provisions of section one hundred four.

§ 101. Preliminary expense budget. The preliminary expense budget shall contain proposed expenditures and a forecast of revenues for the ensuing fiscal year, including, for each tax revenue source which represents five percent or more of the total forecast of tax revenues, a detailed statement of the methodology and assumptions used to determine the forecast of revenues estimated to be received from such source in sufficient detail to facilitate official and public understanding of the manner in which such forecasts are made, shall indicate proposed units of appropriations for personal service and for other than personal service, shall include a financial plan for the city for the four ensuing fiscal years (of which the first year is the year for which such preliminary expense budget is being prepared), consistent with section two hundred fifty-eight, with the amounts estimated to be available for discretionary increases, as defined in section one hundred two, in such years, shall include the departmental estimates of agency expenditures for the ensuing fiscal year pursuant to section one hundred together with proposed sources of revenue for each unit of appropriation specified therein and shall present a plan to ensure balance between the expense and revenue budgets during the ensuing fiscal year.

§ 102. Expense budget borough allocations. a. Definition. The term "discretionary increases" as used in this section shall mean an amount equal to the total amount of general fund expenditures of city funds and state and federal funds over which the city has substantial discretion proposed to be made in the ensuing fiscal year for all purposes other than debt service minus the sum of the following items as certified by the mayor, including related fringe benefits:

(1) all such proposed expenditures which are necessary to continue to operate current programs and provide current services at the levels at which they were authorized to be operated or provided, pursuant to the expense budget for the current year as adopted in accordance with section two hundred fifty-four and two hundred fifty-five or at levels not exceeding such levels;

(2) all proposed increases in such expenditures for current programs or services which are projected to be necessary to accommodate projected increases in the caseload of current programs or to accommodate a
portion of such projected increases;

(3) all proposed increases in such expenditures for current programs or services which are projected to be necessary as a result of federal, state or local laws or judicial decisions which require increases in benefit levels, service levels, or similar matters;

(4) all proposed increases in such expenditures for new programs or new services required by federal, state or local law to be initiated during the ensuing fiscal year; and

(5) all proposed expenditures, in excess of the expenditures specified in paragraph one of this subdivision, which are necessary to continue to operate current programs and provide current services at the levels at which they are currently authorized to be operated or provided pursuant to the expense budget for the current year as modified in accordance with section one hundred seven, excluding the portion of such excess which is attributable to budget modifications adopted in accordance with such section which were not necessary to (i) continue to operate programs and provide services at the level at which they were authorized in the expense budget for the current year as initially adopted, (ii) accommodate actual but unanticipated caseload increases in such programs, or (iii) accommodate actual but unanticipated increases in spending of the types referred to in paragraphs three and four of this subdivision, and excluding that portion of any expenditure increase which was financed by a decrease in any appropriations originally included in the executive expense budget for the current year to pay for a discretionary increase.

b. Borough allocation. Five percent of the total amount of the discretionary increases which the mayor includes in the executive expense budget for the ensuing fiscal year shall be allocated among the boroughs by a formula based on factors related to population and need and shall be known as the expense budget borough allocation. Such formula shall be established by local law, but in any fiscal year for which no such local law is effective, such expense budget borough allocation shall be allocated among the boroughs on the basis of the average of (i) each borough's share of the total population of the city, (ii) each borough's share of the total population of the city below one hundred twenty-five percent of the poverty level, and (iii) each borough's share of the total land area of the city. Such a borough allocation shall be reduced by any amounts necessary, in excess of the amounts available pursuant to section one hundred two-a, to pay for the operating costs, as certified in accordance with the provisions of subparagraph a of paragraph one of subdivision c of section two hundred eleven, of capital project constructed with funds recommended for appropriation by the borough president in accordance with the provisions of section two hundred eleven.

c. Preliminary borough allocations; initial borough president notification. Concomitantly with the submission of the preliminary expense budget, the mayor shall inform each borough president of the portion of the executive expense budget for the ensuing fiscal year and for the three subsequent fiscal years that, pursuant to the formula required by subdivision b of this section, would be allocated to each borough if the amount of the discretionary increases for the ensuing fiscal year and for the three subsequent years were the same as the amounts projected by the mayor, in accordance with section one hundred one, to be available for such purposes in such years. The amount of such portion shall be known as the preliminary expense budget borough allocation.

d. Borough president proposals. Each borough president, during the
consultations required by section two hundred forty-four, shall submit to the mayor, in such form as the mayor shall prescribe, proposed appropriations for the expense budget not exceeding such borough's allocation of the expense budget borough allocation as certified by the mayor to the borough presidents during such consultations. The timing of such certification shall allow sufficient time for such consultations and for meeting the deadlines established by section two hundred forty-nine. The mayor shall include such proposed appropriations without modification in the executive expense budget in accordance with the provisions of subdivision two of section one hundred three; provided, however, that the mayor may also include such comments and recommendations relating to such proposed appropriations as the mayor may deem proper.

§ 102-a. Capital budget borough allocation expense budget contingencies. An amount equal to nine tenths of one percent of the cost of capital projects constructed with funds recommended for appropriation in accordance with the provisions of section two hundred eleven, shall be available to provide for the expense budget requirements of such capital projects.

§ 103. Contents of the executive expense budget. a. There shall be included in the budget:
1. Units of appropriation, prepared according to section one hundred, in such amounts and upon such terms and conditions as may be determined by the mayor. Such appropriations shall include:
   (a) The amounts required by law to be appropriated to the several sinking funds as certified by the comptroller.
   (b) The amount required to pay the interest and principal of city obligations as certified by the comptroller.
   (c) An amount, as certified by the comptroller, equal to the average of all expenditures during each of the five preceding fiscal years for the payment of the expense of the removal of snow and ice, exclusive of salaries and wages of regular employees of the city except for overtime work and for work on Sundays and holidays, and exclusive of the purchase of equipment.
   (d) The several amounts which are payable from sources other than the real estate tax levy, provided however that amounts appropriated pursuant to chapter nine of this charter which are allocable to a particular program, purpose, activity or institution, shall be included for informational purposes only.
   (e) Such other amounts as may be required by law.
   (f) Such amounts as shall be determined in the manner provided in this chapter to be necessary to pay the expenses of conducting the business of the city for the ensuing fiscal year and for other lawful public purposes.
   (g) A reserve for unanticipated contingencies.
2. The proposed appropriations submitted by the borough presidents in accordance with section one hundred two.
3. An identification of the proposed appropriations, being proposed, by agency and project type and, within project type, by personal service and other than personal service, for the maintenance of all major portions of the capital plant, as such terms are defined in subdivision a of section eleven hundred ten-a.
4. The terms and conditions under which appropriations shall be administered.
   b. All such units of appropriation and other amounts shall be set
forth without deduction of revenues from any source except as otherwise provided by law.

§ 104. Contract budget. a. Each contract budget shall set forth by agency each major category of contractual services and each multiple purpose category of contractual services for which appropriations are being proposed.
b. Each agency head for the departmental estimates, the mayor for the executive budget, and the council for the adopted budget by a resolution adopted with the budget, shall certify that each major category of contractual services is presented as such and that no multiple purpose category contains a major category of contractual services.
c. For purposes of this section
   1. the term "major category" shall mean:
      (a) a programmatic category related to a major service provided by the agency or a major responsibility of the agency regardless of dollar amount; or
      (b) a programmatic category related to a particular state or federal requirement; or
      (c) a subcategory of those categories set forth in subparagraph a or b of this paragraph where the dollar amount constitutes a major commitment of city funds; or
      (d) a category established by the council as a major category pursuant to subdivision f of this section; or
      (e) a category certified by the mayor as a major category.
   2. the term "multiple purpose category" shall mean:
      (a) groupings of contractual services for related purposes, none of which individually constitute a major category, but which together facilitate public understanding of contractual spending provided by an agency; or
      (b) a grouping of unrelated contractual services, which individually do not constitute a major category, and which are not appropriately grouped with other contractual spending of the agency.
   3. the term "contractual services" shall mean technical, consultant or personal services provided to the city through contracts.
d. Major categories. Each major category of contractual services shall be accompanied by a detailed description of the programmatic objectives of the category, the number of contracts estimated to be included in the category and the proposed appropriations for that category.
e. Multiple purpose categories. All other contractual services shall be aggregated in multiple purpose categories. Each multiple purpose category shall be accompanied by the number of contracts estimated to be included in the category and the supporting schedules identifying the purposes and amounts involved in sufficient detail to allow the council to certify that the category does not contain major categories of contractual services.
f. Change of categories. The council may alter any category in the contract budget submitted by the mayor, or change any terms and conditions of it. The mayor shall provide sufficient information and technical assistance to allow the council to certify each category as a major or multiple purpose category. The mayor may disapprove any alteration by the council. The mayor's disapproval may be overridden by a two-thirds vote of all of the members of the council.
g. Adoption of contract budget. The council may increase, decrease, add or omit any amount in the contract budget as submitted by the mayor, or change any terms and conditions of the amount in that category. The mayor may disapprove any increase or addition to the amounts in the
categories, or any change in any term and condition of the contract budget. The mayor's disapproval may be overridden by a two-thirds vote of all of the members of the council.

h. Modification of terms and conditions. All spending for contractual services shall be in accordance with the terms and conditions of the contract budget as adopted; provided, however, that during any fiscal year the mayor shall notify the council of any proposed modification of such a term or condition. Within thirty days of the first stated meeting of the council following the receipt of such notice, the council may disapprove the proposed notification.

§ 105. Appropriations for goods, services or construction. Appropriations for the procurement of goods or services or the provision of services, utilities, or facilities by the department of citywide administrative services for other agencies and institutions in accordance with the authority of the department of citywide administrative services under the provisions of this charter shall be made to the department of citywide administrative services but shall be segregated under the name of the agency or institution for which they are intended and shall be considered and accounted for as appropriated for such agency or institution. Nothing herein contained shall prevent the designation of part of such appropriations as a general stores account or under other appropriate designation to enable the department of citywide administrative services to maintain a stock in anticipation of requirements or to provide services, utilities or facilities for joint use by more than one agency or institution.

§ 106. Expense budget administration. a. Except as otherwise provided by law, no unit of appropriation shall be available for expenditure by any city agency until schedules fixing positions and salaries and setting forth other expenses within the units of appropriation are established pursuant to the adopted budget, the administration of which is subject to the provisions of this chapter, the civil service law, and other applicable law.

b. The mayor shall establish and may modify for each agency (1) quarterly spending allotments for each unit of appropriation and (2) aggregate position and salary limits for each unit of appropriation, which shall be made available for public review upon adequate notice. No agency shall expend any sum in excess of such quarterly spending allotments, or exceed aggregate position and salary limits. The mayor may set aside specified sums as necessary reserves which shall not be included in the quarterly spending allotments until released by the mayor. Each agency shall administer all monies appropriated or available for programs and purposes of the agency in accordance with quarterly allotment plans proposed by the agency and approved or modified by the mayor. Each such plan shall set forth by units of appropriation for the quarter of the fiscal year during which it is to remain in effect: (1) rates of expenditures for personal services and other than personal services; (2) ceilings on the total number of uniformed, civilian and pedagogical employees; and (3) the total amount of funds to be spent or committed by the agency during such quarter.

c. The mayor shall keep informed, during the course of each fiscal year, of the progress of expenditures and the receipt of revenues, and it shall be the duty of all agencies, when requested by the mayor, to supply all information needed for this purpose.

d. The mayor may assume direct responsibility for the administration of the schedule required to be filed by the agency head pursuant to
subsection a of this section when in the mayor's judgment the fiscal condition of the city so requires or when an agency (1) is expending funds in excess of the quarterly spending allotments or (2) is otherwise not complying with spending allotments or aggregate position and salary limits or (3) is not maintaining adequate accounts pursuant to requirements of this charter.

e. Whenever the mayor determines, pursuant to the provisions of this charter or other relevant statutes, that the full amount of any appropriation should not be available for expenditure during the fiscal year, the mayor shall notify the council of such determination and the implications and consequences of those impoundments for service levels and programmatic goals affected. The mayor shall respond in writing to a request by the council for an explanation of why an appropriation should not be expended.

f. 1. Within thirty days of the adoption of the executive expense budget, the head of each agency responsible for one or more of the services listed in paragraph four of this subdivision shall submit to each borough president, a plan for the allocation within the borough of the personnel and resources appropriated for each such service in the borough.

2. Within thirty days of receiving such a plan, the borough president may propose a reallocation of the personnel and resources within the borough. Such proposed reallocations shall be implemented by the agency, unless the head of the agency objects, in writing, to the borough president. If such an objection is submitted, the borough president may submit a revised reallocation proposal to the agency head which shall be implemented by the agency head provided that no such modification may increase or decrease the personnel or resources allocated to any community district for such service by more than five percent.

3. If, during the course of the fiscal year, however, a material reallocation of personnel or resources within a borough is anticipated by an agency head to be necessary for any of the services listed in subdivision four, the agency head shall consult with the borough president prior to the implementation of any such reallocation.

4. The services covered by this subdivision shall include the following services and any additional services identified for this purpose by the mayor: local parks services, street cleaning and refuse collection, housing code enforcement, highway and street maintenance and repair, sewer maintenance and repair, and the maintenance of public buildings by the department of citywide administrative services.

§ 107. Budget modification.  a. Subject to the quarterly spending allotments and aggregate position and salary limits established pursuant to section one hundred six, and to other applicable provisions of this charter, of the civil service law and of other law, changes in schedules, within units of appropriation, may be made by the head of each agency. Any such changes shall be reported to the mayor and the comptroller before the effective date thereof, and shall be made available for public inspection under reasonable terms and conditions.

b. The mayor during any fiscal year may transfer part or all of any unit of appropriation to another unit of appropriation, except that when any such transfer (1) shall be from one agency to another or (2) shall result in any unit of appropriation having been increased or decreased by more than five per cent or fifty thousand dollars, whichever is greater, from the budget as adopted for such unit of appropriation, the mayor shall notify the council of the proposed action. Within thirty days after the first stated meeting of the council following the receipt
of such notice, the council may disapprove the proposed action; provided, however, that the mayor may recommend such a transfer if it is related to an appropriation included in the budget pursuant to section one hundred two only with the concurrence of the relevant borough president; and a borough president may make such a recommendation with regard to such an appropriation if it is concurred in by the mayor and does not include a reduction in an appropriation other than one included in the budget pursuant to section one hundred two on the recommendation of such borough president. c. The provisions of this section shall not be deemed to authorize any transfer from appropriations required by law.

d. The council may during any fiscal year transfer part or all of any unit of appropriation within the council appropriation to any other council unit of appropriation for any of its programs or projects or for any other purpose, solely by adoption of a council resolution. Each such transfer shall be published in the City Record and written notice thereof shall be given to the mayor and to the comptroller not less than ten days before the effective date thereof.

The procedures and required approvals pursuant to sections two hundred fifty-four, two hundred fifty-five, and two hundred fifty-six, without regard to the dates specified therein, shall be followed in the case of: (1) any proposed amendment to the budget respecting the creation of new units of appropriation; or (2) the appropriation of new revenues from any source except for revenues from federal, state or private sources in regard to the use of which the city has no discretion; provided, however, that the mayor shall give notice to the council of the receipt and proposed utilization of any such revenues; or (3) the proposed use by the city of previously unappropriated funds received from any source. Any request by the mayor respecting an amendment to the budget that involves an increase in the budget shall be accompanied by a statement of the source of current revenues or other identifiable and currently available funds required for the payment of such additional amounts.

§ 108. The council shall be required to publish quarterly accountings of its actual and planned expenditures, in sufficient detail to indicate the positions and their purposes which have been funded, as well as the activities and categories of materials and supplies purchased.

§ 109. General fund. All revenues of the city, of every administration, department, board, office and commission thereof, and of every borough, county and other division of government within the city, from whatsoever source except taxes on real estate, not required by law to be paid into any other fund or account shall be paid into a fund to be termed the "general fund."

§ 110. Expenditure reports. Any public or private agency, authority, corporation, board or commission which receives city funds and is not otherwise subject to the requirements of section one hundred six of this chapter shall submit quarterly reports of the expenditure of such funds to the mayor in such form and detail as the mayor may prescribe.

Such application, in the case of real property indicated on a tax map by a parcel number, shall be filed in the office of the tax commission in the borough in which such real property is situated and in the case of real property indicated by an identification number, it shall be filed in the main office of the tax commission. Employees of the commission assigned by the president for the purpose of receiving such applications are thereby authorized to administer oaths between the fifteenth day of January and the first day of March.

§ 164. Procedure on application. a. Between the fifteenth day of January and the twenty-fifth day of May, the tax commission may itself or by a commissioner or assessor thereunto authorized by the commission or any other person with qualifications relevant to the review of real property tax assessments, including real estate and real estate law, as determined by the commission and consistent with state law, act upon applications, compel the attendance of witnesses, administer oaths or affirmations and examine applicants and other witnesses under oath. Any such application shall specify all income received or accrued and all expenses paid or incurred in the operation of the property during the calendar year preceding the date of application, or during the applicant's last fiscal year preceding the date of the application if the applicant's books and records are maintained on a fiscal year basis for federal income tax purposes which ends six months or more prior to the date of application, or during any part of such calendar or fiscal year in which the property was operated by the applicant, except that where the applicant has not operated the property and is without knowledge of the income and expenses of the operation, it shall state such facts under oath in lieu thereof. In the event that the statement of income and expenses is not filed as part of the application, such statement, when duly verified, shall be filed prior to the twenty-fifth day of March.

b. All other provisions of law shall apply to the review of applications for correction of tentative assessed valuation of property assessed for seven hundred fifty thousand dollars or more except insofar as the dates contained therein are inconsistent with the dates set forth in this section.

d. Whenever such a reduction is granted after a final completion of the assessment roll any tax imposed upon the amount of such reduction shall be refunded or credited as soon as practicable.

e. Any reduction shall be made public within sixty days after it is rendered. A list of reductions in real property assessments shall be published thereafter in the city record on or before the first of November.

4. "Unequal assessment" or an assessment which is unequal shall mean and include an entry on an assessment roll of the assessed valuation of real property improved by a one, two or three family residence which is made at either a higher proportion of full value than the assessed valuation of other residential property on the same roll or at a higher proportion of full value than the assessed valuation of all real property on the same roll.
5. "Unlawful assessment" or an assessment which is unlawful shall mean and include:
(a) an entry on the taxable portion of the assessment roll of the assessed valuation of real property which, except for the provisions of section four hundred ninety of the real property tax law, is wholly exempt from taxation; or

(d) an entry of the assessed valuation of real property on an assessment roll which has been made by a person or body without the authority to make such entry.

b. Notwithstanding any other provision of this charter or administrative code, any party claiming to be aggrieved by the assessed valuation of a parcel designated class one pursuant to the provisions of article eighteen of the real property tax law may apply for correction of such assessment from the fifteenth day of January until the fifteenth day of March, including the filing of exemptions for senior citizens, and the office of the real property assessment bureau of the department of finance in each borough shall remain open for accepting such applications during normal business hours and for at least three additional hours each week.

Such application must be made by the aggrieved party or by some person authorized in writing by the aggrieved party or his agent to make such statement who has knowledge of the facts stated therein. Such written authorization must be made a part of the application and bear a date within one year of the date on which the application is filed. In lieu of a verification the application shall contain the following sentence: "I certify that all statements made on this application, including the attached sheet(s) consisting of ____ pages, are true and correct to the best of my knowledge and belief and I understand that the making of any willful false statement of material fact herein will subject me to the provisions of the penal law relevant to the making and filing of false statements."

e. The tax commission shall thereafter determine the final assessed valuation or taxable assessed valuation, or the actual assessment or transition assessment, or the proper class designation of the real property of each applicant. When the applicant specifies that the assessment is unequal, in addition to other evidence presented, the tax commission shall consider the residential assessment ratio determined pursuant to section seven hundred thirty-eight of the real property tax law. The final assessed valuation or taxable assessed valuation of real property may be the same as or less than the original assessment or, if determined to be unlawful, the same shall be ordered stricken from the roll or where appropriate entered on the exempt portion of the roll. If it is determined that the real property is misclassified, the correct class designation or allocation of assessed valuation shall be ordered entered on the roll.

f. All other provisions of law shall apply to the review of applications for correction of tentative assessed valuation of class one property except when inconsistent with any provision of this section.

§ 165. Final determination of the tax commission. The final determination of the tax commission upon any application for the correction of an assessment shall be rendered not later than the twenty-fifth day of May. Otherwise, the assessment objected to shall be deemed to be the final determination of the tax commission.

§ 165-a. Notices of final determination on applications for owner-occupied residential property. On or before the last day provided by law for the rendering of the final determination of the tax commission pursuant to section one hundred sixty-five of this charter the tax commission shall mail to each applicant who has filed an application for the correction of the assessment of a one, two or three family residential structure, except such property held in a cooperative or condominium form of ownership, a notice of the tax commission's determination of his or her assessment. Such notice shall also contain the statement: "If you are dissatisfied with the determination of the New York city tax commission and you are the owner of a one, two or three family residential structure and reside at such residence, you may seek judicial review of your assessment either under title one of article seven of the real property tax law or under the small claims assessment review law provided by title one-A of article seven of the real property tax law." Such notice shall also state the last date to file petitions for judicial review and the location where small claims assessment review petitions may be obtained. Failure to mail any such
notice or failure of the applicant to receive the same shall not affect
the validity of the assessment.

§ 166. Proceeding to review final determination of the tax
commission. A proceeding to review or correct on the merits any final
determination of the tax commission may be had as provided by law, and
if brought to review a determination mentioned in section one hundred
sixty-five must be commenced before the twenty-fifth day of October
following the time when the determination sought to be reviewed or
corrected was made.

§ 168. Tribunal for tax appeals. a. An independent tax appeals
tribunal is hereby established. Such tribunal shall be within the office
of administrative tax appeals established under section one hundred
fifty of this charter. The tribunal shall have jurisdiction to hear and
determine cases initiated by the filing of petitions protesting notices
issued by the commissioner of finance, which give a person the right to
a hearing, including but not limited to any notice of determination of
tax due, of a tax deficiency, of a denial of a refund or credit
application or of the refusal to grant, the suspension or the revocation
of a license issued pursuant to chapter thirteen of title eleven of the
administrative code, which notices relate to nonproperty taxes, excise
taxes and annual vault charges imposed by the city, except those taxes
and charges administered by the State of New York on behalf of the City
of New York. For purposes of the preceding sentence, if the commissioner
of finance fails to act with respect to a refund application before the
expiration of the time period after which the taxpayer may file a
petition for refund with the tribunal pursuant to subdivision (c) of
section 11-529 or subdivision three of section 11-680 of the
administrative code, such failure shall be deemed to be a notice of
denial of a refund issued by the commissioner of finance pursuant to
such subdivision. The tribunal shall review petitions and other
documents submitted to it, hold hearings, and render decisions as
provided in this chapter. In rendering its decisions on claims asserted
by taxpayers or the commissioner of finance, the tribunal shall have the
same power and authority as the commissioner of finance to impose,
modify or waive any taxes within its jurisdiction, interest thereon, and
any applicable civil penalties. In appeals in which the rules of the
commissioner of finance are at issue, the tribunal shall have the power
and authority to rule on the legality of such rules.

b. The tribunal shall be composed of three commissioners, each of whom
shall be appointed by the mayor. The mayor shall designate one of the
three commissioners as president of the tribunal, who shall serve as
president during his or her term as commissioner. The president of the
tribunal, in addition to performing his or her duties as a commissioner,
shall be in charge of the administration and operation of the tribunal.
Each commissioner shall serve a term of six years, except the mayor
shall specify in the case of the first three commissioners appointed
that (i) the term of one of those commissioners shall expire on June
thirtieth, nineteen hundred and ninety-two, (ii) the term of another of
those commissioners shall expire on June thirtieth, nineteen hundred and
ninety-four, and (iii) the term of the commissioner designated president
shall expire on June thirtieth, nineteen hundred and ninety-six. The
mayor may remove any commissioner from the tribunal for neglect of duty,
for inability to perform duties because of mental or physical
disability, for malfeasance or for any other just cause, after providing
such commissioner prior notice and an opportunity to be heard. The mayor
shall fill any vacancy in the tribunal occurring other than by expiration of term in the same manner as for making original appointments, except an appointment to fill a vacancy shall expire at the end of the term of the commissioner whose departure created the vacancy. The number of commissioners on the tribunal may be increased by local law.

c. No person shall be appointed as a commissioner unless that person possesses substantial knowledge and competence in the area of taxation and has been admitted to practice as an attorney in the State of New York for at least ten years. Every commissioner, while in office, shall give his or her whole time to the duties of the office, and shall not engage in the practice of law or other occupation, profession or employment. Each commissioner shall receive an annual salary in the same amount as is payable to a judge of the civil court of the City of New York. A commissioner's annual salary shall not be diminished during his or her term of office.

d. The president of the tribunal shall appoint administrative law judges, subject to appropriations therefor, who shall be authorized to conduct any hearing or motion procedure within the jurisdiction of the tribunal, subject to en banc review by the tribunal. Each administrative law judge shall be an attorney admitted to practice in the state of New York for at least five years or are currently employed as a hearing officer in the department of finance. Each administrative law judge shall be appointed pursuant to the civil service law. The president may designate one of the administrative law judges to be the chief administrative law judge, having such powers as are prescribed under the rules of the tribunal. A determination issued by an administrative law judge shall finally decide the matters in controversy unless any party to the hearing takes exception by timely requesting a review by the tribunal sitting en banc as provided for by rules adopted under section one hundred sixty-nine of the charter. Determinations issued by administrative law judges shall not be cited, shall not be considered as precedent nor given any force or effect in any other proceedings conducted by the tribunal or in any judicial proceedings conducted in this state.

e. The president of the tribunal shall appoint presiding officers, subject to appropriations therefor, who shall be authorized to conduct small claims hearings under a procedural system to be established pursuant to subdivision e of section one hundred sixty-nine of the charter. The qualifications for the position of presiding officer shall be determined by rules adopted pursuant to subdivision e of section one hundred sixty-nine of the charter, and each presiding officer shall be appointed pursuant to the civil service law.

f. The tribunal shall collect, compile and prepare for publication statistics and other data with respect to its operations, and shall submit annually to the mayor a report on such operations, including, but not limited to, the number of proceedings initiated, the types of dispositions made and the number of proceedings pending.

§ 169. Rules of tribunal. Pursuant to chapter forty-five of this charter, the tribunal shall promulgate rules of procedure, which shall include, but not be limited to, rules on the following matters:

a. The types of representatives, such as accountants and enrolled agents enrolled to practice before the internal revenue service, who may appear, in addition to lawyers, on behalf of a petitioner before the tribunal;

b. The form and contents of the petition, answer, affidavits and
memoranda to be submitted to the tribunal, and reasonable time
limitations for serving and filing such papers;

c. A procedure for promptly hearing and determining any matter
concerning jeopardy assessments or predecision warrants based thereon;
d. A procedural system guaranteeing a hearing in compliance with
chapter forty-five of this charter. Such a system shall be designed to
assign each petition filed with the tribunal to an administrative law
judge who shall hear and determine all matters pertaining to questions
of law or fact. Such a system also shall be designed to require the
tribunal to review en banc at the request of any party the determination
rendered by an administrative law judge, provided, however, that if
there is no such request for a review within thirty days of the giving
of notice of such determination by the administrative law judge, such
determination shall finally and irrevocably decide all the issues in the
proceeding before the administrative law judge and shall be considered a
final decision of the tribunal upon the expiration of such thirty-day
period, except that, notwithstanding any other provision of law, such
determination by the administrative law judge shall not be subject to
judicial review. Such a system shall provide that the tribunal may,
based upon the record of the hearing before the administrative law
judge, make its own findings of fact and conclusions of law and issue a
decision either affirming, reversing or modifying the determination of
the administrative law judge, or the tribunal may remand the case for
additional proceedings before the administrative law judge, as it may
dea m appropriate. The tribunal in its discretion may grant oral
argument. Such a system shall provide that when the tribunal reviews a
matter en banc it must have a majority present and that not less than
two votes shall be necessary to take any action. Such a system also
shall provide for a pre-hearing conference at which settlement is
encouraged; reasonable discovery; and the submission of papers
addressing both the factual and legal merits in each proceeding;
e. A procedural system to be followed in cases in which the matter in
controversy is ten thousand dollars or less, exclusive of interest and
penalties. Such a system shall be designed to provide a simplified and
informal procedure for such small claims proceedings. The option to
proceed with a small claims hearing shall be exercised by the
petitioner. At any time prior to the conclusion of such hearing, a
petitioner may by written notice to the tribunal discontinue such small
claims hearing and request that the matter be transferred to a hearing
conducted before an administrative law judge. Such transfer shall be
effectuated by such written notice and such discontinuance shall be
without prejudice to any subsequent hearing before an administrative law
judge. The determination of the presiding officer conducting the small
claims hearing shall be conclusive upon all parties, shall be considered
a final decision of the tribunal and shall not be subject to review by
the tribunal sitting en banc or by any court of the state. However, the
tribunal may order a rehearing upon proof or allegation of misconduct by
the small claims presiding officer. Determinations issued by presiding
officers shall not be cited, shall not be considered as precedent nor
given any force or effect in any other proceedings conducted by the
tribunal or in any judicial proceedings conducted in this state; and
f. A method for notifying taxpayers and the commissioner of finance
of, and for publishing, the decisions of the tribunal.

§ 170. Commencing an appeal before the tribunal. a. Any taxpayer who
has been issued a notice referred to in subdivision a of section one
hundred sixty-eight of the charter by the commissioner of finance may
petition the tribunal for administrative review. To commence a proceeding, such a taxpayer must, within ninety days after being issued the notice at issue by the commissioner of finance or, if the commissioner of finance has established a conciliation procedure pursuant to section 11-124 of the administrative code and the taxpayer has requested a conciliation conference in accordance therewith, within ninety days from the mailing of the conciliation decision or the date of the commissioner's confirmation of the discontinuance of the conciliation proceeding, both (1) serve a petition upon the commissioner of finance and (2) file the petition with the tribunal. Notwithstanding the time specified in the preceding sentence for filing a petition, a petition for refund filed pursuant to subdivision (c) of section 11-529 of the administrative code or subdivision three of section 11-680 of such code may be filed within the time specified in such subdivision (c) or such subdivision three. The tribunal shall not extend the time limitations for commencing a proceeding for any petitioner failing to comply with such time limitations. The petition shall contain a plain and concise statement of the facts and law on which the proceeding is based.

b. Within thirty days after service of the petition on the commissioner of finance, or within such longer period as the tribunal may prescribe by rule, the commissioner of finance shall serve and file an answer responding to each of the allegations in the petition and setting forth all affirmative defenses and requests for counter-relief.

c. The filing of a petition with the tribunal shall stay (1) the collection of any taxes or annual vault charges and (2) the payment of any refund of taxes or annual vault charges, together with interest and penalties, which are the subject of the petition, provided, however, if the commissioner of finance finds that the assessment or collection of a tax, charge, penalty or interest will be jeopardized by delay, such assessment or collection shall not be stayed.

d. Upon assignment of a petition filed with the tribunal to an administrative law judge, such administrative law judge shall hear and determine any issues of fact or law. Unless otherwise provided by law, the party seeking relief as to each issue shall bear the burden of proof. Upon a request to the tribunal for review of a determination of an administrative law judge, the tribunal shall proceed in accordance with the rules adopted pursuant to subdivision d of section one hundred sixty-nine of the charter. The tribunal shall follow as precedent the prior precedential decisions of the tribunal (but not of its small claims presiding officers), the New York State Tax Appeals Tribunal or of any federal or New York state court or the U.S. Supreme Court insofar as those decisions pertain to any substantive legal issues currently before the tribunal.

e. The tribunal shall have power to subpoena and require the attendance of witnesses and the production of books, papers and documents pertinent to the proceedings which it is authorized to conduct, and to examine them in relation to any matter which it has power to investigate and to issue commissions for the examination of witnesses who are out of the state or unable to attend proceedings conducted pursuant to the authority of the tribunal or excused from attendance at such proceedings. The tribunal may designate and authorize administrative law judges and other officers or employees of the tribunal to exercise any of the powers or perform any of the functions provided for in this subdivision. A subpoena issued under this subdivision shall be regulated by the civil practice law and rules. Any person who shall testify falsely in any proceeding conducted pursuant to
the authority of the tribunal shall be guilty of and punishable for perjury.

f. The tribunal shall have power to provide that an attorney for any party at a hearing conducted before an administrative law judge may issue a subpoena as provided in the civil practice law and rules.

§ 171. Decisions of the tribunal and judicial review. a. (1) The determinations of the administrative law judges and the decisions of the tribunal sitting en banc shall be in writing. Each determination or decision, with the exception of those rendered pursuant to the small claims procedure, shall contain findings of fact and conclusions of law. A final decision of the tribunal may (i) grant in whole or in part the relief sought by the petitioner and/or the commissioner of finance, or (ii) dismiss the petition or request for counter-relief either on the merits or with leave to renew.

(2) An administrative law judge shall render a determination after a hearing, within six months after submission of briefs subsequent to completion of such a hearing or, if such briefs are not submitted, then within six months after completion of such a hearing. Such six month period may be extended by the administrative law judge, for good cause shown, to no more than three additional months. If the administrative law judge fails to render a determination within such six month period (or such period as extended pursuant to this subdivision), the petitioner for such hearing or the commissioner of finance, or both, may institute a proceeding under article seventy-eight of the civil practice law and rules to compel the issuance of such determination.

(3) A decision of the tribunal sitting en banc shall be issued within six months from the date of the request to the tribunal for en banc review of an administrative law judge's determination, except that where oral argument is granted or written arguments are submitted such six month period will commence to run on the date that such oral argument was concluded or written argument received by the tribunal, whichever was later.

b. Except as otherwise provided in subdivisions d and e of section one hundred sixty-nine of the charter, each decision of the tribunal, shall finally and irrevocably decide all the issues raised in the proceedings before it, unless the petitioner who commenced the proceeding seeks judicial review of any such decision in the manner provided in article seventy-eight of the civil practice law and rules within four months after the giving of the notice of such decision.

c. A decision of the tribunal shall be deemed to have been rendered on the postmarked date on the decision sent by certified mail, return receipt requested, to the address most recently provided to the tribunal by each of the parties to the proceeding.

d. The tribunal shall not participate in proceedings for judicial review of its decisions. The record to be reviewed in such proceedings for judicial review include but not be limited to the notice of the commissioner of finance which was the subject of the petition filed with the tribunal, the determination of the administrative law judge, the decision of the tribunal, the stenographic transcript of the hearing before the administrative law judge and any exhibit or document admitted into evidence at any proceeding before the administrative law judge or the tribunal.

§ 172. Sanctions.
a. The failure of any party to appear for a conference or hearing without having obtained an extension from all the opposing parties or
the tribunal at least forty-eight hours in advance of such conference or hearing shall be grounds for the tribunal to enter a decision in favor of the opposing party or parties.

b. The signing of any paper submitted to the tribunal constitutes a certificate by the signer that the signer has read the paper, and that to the best of the signer's knowledge, information and belief formed after reasonable inquiry, the paper is well grounded in fact and is warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law, and that the paper is not interposed for any improper purpose, such as to harass or cause unnecessary delay or needless increase in the cost of the proceedings. If a paper is signed in violation of this section, the tribunal, upon motion or upon its own initiative, shall impose upon the person who signed the paper, a represented party, or both, an appropriate sanction, which may include an order to pay the other party or parties such sanction. The amount of any sanction shall be related to the amount of reasonable expenses, including a reasonable attorney's fee, incurred by the other party or parties because of the serving or filing of the paper.

CHAPTER 8
CITY PLANNING

§ 191. Department and director of city planning. a. There shall be a department of city planning, the head of which shall be the director of city planning. The director of city planning shall be the chair and a member of the city planning commission and shall serve at the pleasure of the mayor.

b. The director of city planning shall:
1. Advise and assist the mayor, the borough presidents and the council in regard to the physical planning and public improvement aspects of all matters related to the development of the city.
2. Provide staff assistance to the city planning commission in all matters under its jurisdiction.
3. Be the custodian of the city map and record thereon all changes legally authorized.
4. Conduct continuous studies and collect statistical and other data to serve as the basis for planning recommendations.
5. Provide community boards with such staff assistance and other professional and technical assistance as may be necessary to permit such boards to perform their planning duties and responsibilities under this chapter.
6. Assist the mayor in the preparation of strategic plans, including the preparation of the report provided for in section sixteen concerning the social, economic and environmental health of the city, the strategic policy statement provided for in section seventeen and the ten-year capital strategy provided for in section two hundred fifteen.
7. Appoint a deputy executive director for strategic planning.
8. Make a complete transcript of the public meetings and hearings of the commission available for public inspection free of charge within sixty days after any such meeting or hearing. The director shall also provide a copy of any requested pages of such transcript at a reasonable fee to cover the costs of copying and, where relevant, mailing.
9. Perform such other functions as are assigned to him or her by the mayor or other provisions of law.

c. The department shall employ such planning experts, engineers, architects and other officers and employees as may be required to
perform its duties, within the appropriation therefor.

§ 192. City planning commission. a. There shall be a city planning commission to consist of the chair and twelve other members. The mayor shall appoint the chair and six other members of the commission, the public advocate shall appoint one member, and each borough president shall appoint one member. Members shall be chosen for their independence, integrity and civic commitment. Appointments of all members, except for the chair, shall be subject to the advice and consent of the council. For such appointments by officials other than the mayor, the procedure for obtaining the advice and consent of the council shall be the same as the procedure provided for in section thirty-one for appointments by the mayor. Except as otherwise provided in section one hundred ninety-one, no member shall hold any other city office. Members other than the chair shall be appointed for a term of five years; provided, however, that of the members other than the chair, one member appointed by the mayor and one member appointed by a borough president shall serve for terms to expire on the thirtieth day of June, nineteen hundred ninety-one; one member appointed by the mayor and one member appointed by a borough president shall serve for terms to expire on the thirtieth day of June, nineteen hundred ninety-two; one member appointed by the mayor and one member appointed by a borough president shall serve for terms to expire on the thirtieth day of June, nineteen hundred ninety-three; one member appointed by the mayor and one member appointed by a borough president shall serve for terms to expire on the thirtieth day of June, nineteen hundred ninety-four; and two members appointed by the mayor, the member appointed by the public advocate and one member appointed by a borough president shall serve for terms to expire on the thirtieth day of June, nineteen hundred ninety-five. The borough presidents shall determine by lot the length of the term to be served by the member first appointed by each borough president. The appointing officials shall make their first appointments to the commission on or before the first day of March, nineteen hundred ninety. The commission members so appointed shall assume office on the first day of July, nineteen hundred ninety. Members of the commission shall serve until their successors have been confirmed. Any vacancy occurring other than by expiration of a term shall be filled by the official who appointed the member in the same manner as the original appointment. A person so appointed shall serve for the unexpired portion of the term of the member succeeded. Terms shall begin on the next date after the expiration date of the preceding term.

b. Members, except for the chair, shall not be considered regular employees of the city for purposes of chapter sixty-eight. The agency served by the members of the commission shall for purposes of chapter sixty-eight be deemed to be both the commission and the department of city planning. No member, while serving as a member, shall appear directly or indirectly before the department, the commission, or any other city agency for which the conflicts of interest board shall, by rule, determine such appearance creates a conflict of interest with the duties and responsibilities of the member. No firm in which a member has an interest may appear directly or indirectly before the department or commission. For purposes of this section, the terms "agency," "appear," "firm," and "interest" shall be defined as provided in chapter sixty-eight.

c. One of the members other than the chair shall be designated by the mayor as vice-chair and shall serve as vice-chair at the pleasure of the mayor. The vice-chair shall possess the powers and perform the duties
of the chair when the chair is absent or while a vacancy exists in the office of the chair, and shall at such times serve as director of city planning.

d. The city planning commission shall be responsible for the conduct of planning relating to the orderly growth, improvement and future development of the city, including adequate and appropriate resources for the housing, business, industry, transportation, distribution, recreation, culture, comfort, convenience, health and welfare of its population.

e. The city planning commission shall oversee implementation of laws that require environmental reviews of actions taken by the city. The commission shall establish by rule procedures for environmental reviews of proposed actions by the city where such reviews are required by law. Such rules shall include procedures for (1) selection of the city agency or agencies that will be responsible for determining whether an environmental impact statement is required in connection with a proposed action and for preparation and filing of any such statement required by law, (2) participation by the city in environmental reviews involving agencies other than city agencies and (3) coordination of environmental review procedures with the land use review procedures set forth in this charter. The director of city planning and the commissioner of the department of environmental protection shall assign from the staffs of such departments an office of environmental coordination, which shall provide assistance to all city agencies in fulfilling their environmental review responsibilities.

f. Not later than the thirty-first day of December, nineteen hundred ninety-two and every four years thereafter, the commission shall file with the mayor, the council, the public advocate, the borough presidents, and the community boards, a zoning and planning report. The report shall include (1) a statement of the planning policy of the commission, which policy shall take into consideration, among other things, the ten-year capital strategy, the four-year capital program, the report on the social, economic and environmental health of the city issued pursuant to section sixteen, the strategic policy statements provided for in section seventeen and plans approved pursuant to section one hundred ninety-seven-a, (2) a summary of the significant plans and studies completed or undertaken by the department of city planning in the preceding four years, (3) an analysis of those portions of the zoning resolution that merit reconsideration in light of the planning policy of the commission and (4) proposals for implementing the planning policy of the commission whether by amendment of the zoning resolution, development of plans or otherwise.

§ 193. Removal of commission members. A member of the commission other than the chair may be removed by the appointing official only upon proof of official misconduct, neglect of official duties, conduct in any manner connected with his or her official duties which tends to discredit his or her office, or mental or physical inability to perform his or her duties. Before removal, any such member shall receive a copy of the charges and shall be entitled to a hearing on a record by the office of administrative trials and hearings, which shall make final findings of fact, recommend a decision and submit such findings and recommended decision to the appointing official for final action.

§ 195. Acquisitions of office space. Acquisitions by the city of office space or existing buildings for office use, whether by purchase, condemnation, exchange or lease, shall be subject to the following
review and approval procedure:
   a. The agency proposing any such acquisition shall file with the
department of city planning a notice of intent to acquire. The
department of city planning shall send such notice to the community
board in which the proposed acquisition is located and to all borough
presidents.
   b. Within thirty days of the filing of such notice, the city planning
commission shall hold a public hearing on such acquisition and shall
approve or disapprove such acquisition. Notice of such hearing shall be
published in the City Record not less than ten days in advance of such
hearing.
   c. In reviewing any such acquisition, the commission shall apply the
criteria for the location of city facilities provided for in section two
hundred and three.
   d. Within the thirty days provided for commission action pursuant to
subdivision b of this section, the commission shall file any approval of
such an acquisition with the council. Within twenty days of such
filing, the council may by two-thirds vote disapprove such acquisition.

§ 196. Affected boards and borough presidents. For purposes of this
chapter: the term "affected community board" shall mean the community
board for a community district in which land included in a plan or an
application pursuant to this chapter is located; the term "affected
borough president" shall mean the president of a borough in which land
included in such a plan or an application is located; and a borough
board shall be deemed "affected" if such a plan or application includes
land within two or more community districts within the borough
represented by such borough board.

§ 197-a. Plans. a. Plans for the development, growth, and improvement
of the city and of its boroughs and community districts may be proposed
by (1) the mayor, (2) the city planning commission, (3) the department
of city planning, (4) a borough president with respect to land located
within his or her borough, (5) a borough board with respect to land
located within its borough, or (6) a community board with respect to
land located within its community district. A community board, borough
board or borough president that proposes any such plan shall submit the
plan together with a written recommendation to the city planning
commission for determinations pursuant to subdivision b of this section.
Any such submission may be made by a community board, borough board or
borough president only after the board or borough president proposing
such a plan has held a public hearing on the plan.
   b. The city planning commission shall adopt rules establishing minimum
standards for the form and content of plans pursuant to this section
within a reasonable time period after the first day of July, nineteen
hundred ninety. Upon receipt of a plan proposed pursuant to this section
by a community board, borough board or borough president, the city
planning commission shall, within a reasonable time period, determine
whether such plan satisfies the standards established in such rules and
is consistent with sound planning policy. If the commission makes such
determinations with respect to a plan submitted by a community board, it
shall prepare or cause to be prepared any environmental analysis of such
plan required by law to enable the city planning commission and the
council to act on the plan pursuant to subdivision d of this section. If
the city planning commission makes the determinations provided for in
this subdivision with respect to a plan, such plan shall be referred to
the department of city planning for circulation and review pursuant to
subdivisions c and d of this section.

c. All plans proposed pursuant to this section shall be referred to
the department of city planning for circulation by the department to all
affected community boards, all affected borough boards and all affected
borough presidents for review and written recommendation, except that
any such plan need not be circulated to the agency or official that
proposed such plan. All affected community boards and borough boards to
which such a plan is referred shall hold a public hearing on any such
plan, except that in the case of a plan that includes an entire borough
or land in more than one borough, only one public hearing need be held
in each affected borough. The city planning commission shall establish
by rule the procedures and schedule for review of such plans, consistent
with the provisions of this section. A community board or borough board
may review a plan which does not involve land so located as to require
its review if in its judgment the plan significantly affects the welfare
of the district or borough served by such board. In such a case, the
plan and any written recommendations relative thereto shall be made
available to such board on request. Such board may hold its own public
hearing on such plan if it desires and may submit its own written
recommendations in regard thereto to the city planning commission.

d. Within a reasonable time period following review and recommendation
of a plan pursuant to subdivision c of this section, the city planning
commission shall (1) review such plan, (2) hold a public hearing on such
plan, and (3) by resolution approve, approve with modifications or
disapprove such plan. If the commission has approved a plan or approved
a plan with modifications, such plan shall be subject to review and
action by the council pursuant to section one hundred ninety-seven-d.
The council may by a two-thirds vote approve a plan which the city
planning commission disapproved or on which the commission has failed to
act if the mayor so requests. Upon the filing by the mayor of such a
request with the commission and the council, the commission shall within
five days file with the council a copy of its decision together with a
copy of the plan. Copies of approved plans shall be filed with the city
clerk, the department of city planning, the affected borough presidents,
the affected borough boards and the affected community boards.

§ 197-b. Notification of plans and proposals. a. Advance notice of
all preliminary and final plans of public agencies and public benefit
corporations or of private agencies, entities or developers filed with
the city that relate to the use, development or improvement of land
subject to city regulation shall be given to the affected community
board or boards and the office of the affected borough president,
provided that exceptions may be made in matters of no appreciable public
concern by agency rule.

b. Copies of (1) all requests for proposals and other solicitations of
proposals issued by or on behalf of the city, whether or not issued by
an agency, a local development corporation or other entity, and (2) all
letters of intent executed by or on behalf of the city, whether or not
executed by an agency, a local development corporation or other entity,
that relate to the private use or the disposition of city-owned land,
shall be conveyed to the community boards where such land is located and
the office of the borough president where such land is located promptly
after issuance or execution.

§ 197-c. Uniform land use review procedure. a. Except as otherwise
provided in this charter, applications by any person or agency for
changes, approvals, contracts, consents, permits or authorization
thereof, respecting the use, development or improvement of real property subject to city regulation shall be reviewed pursuant to a uniform review procedure in the following categories:

1. Changes in the city map pursuant to section one hundred ninety-eight and section one hundred ninety-nine;
2. Maps of subdivisions or plattings of land into streets, avenues or public places pursuant to section two hundred two;
3. Designations of zoning districts under the zoning resolution, including conversion from one land use to another land use, pursuant to sections two hundred and two hundred one;
4. Special permits within the jurisdiction of the city planning commission under the zoning resolution, pursuant to sections two hundred and two hundred one;
5. Site selection for capital projects pursuant to section two hundred eighteen;
6. Revocable consents pursuant to section three hundred sixty-four, requests for proposals and other solicitations for franchises pursuant to section three hundred sixty-three, and major concessions as defined pursuant to section three hundred seventy-four;
7. Improvements in real property the costs of which are payable other than by the city pursuant to section two hundred twenty;
8. Housing and urban renewal plans and projects pursuant to city, state and federal housing laws;
9. Sanitary or waterfront land-fills pursuant to applicable charter provisions or other provisions of law;
10. Sale, lease (other than the lease of office space), exchange, or other disposition of the real property of the city, including the sale or lease of land under water pursuant to section sixteen hundred two, chapter fifteen, and other applicable provisions of law;
11. Acquisition by the city of real property (other than the acquisition of office space for office use or a building for office use), including acquisition by purchase, condemnation, exchange or lease and including the acquisition of land under water pursuant to section sixteen hundred two, chapter fifteen, and other applicable provisions of law; and
12. Such other matters involving the use, development or improvement of property as are proposed by the city planning commission and enacted by the council pursuant to local law.

b. The following documents shall be filed with the department of city planning: (1) applications under this section, (2) any amendments thereto that are made prior to approval of such applications pursuant to this chapter, (3) any written information submitted by an applicant for purposes of determining whether an environmental impact statement will be required by law, and (4) documents or records intended to define or substantially redefine the overall scope of issues to be addressed in any draft environmental impact statement required by law. The department of city planning shall forward a copy of any materials it receives pursuant to this subdivision (whether or not such materials have been certified as complete) within five days to each affected borough president, community board or borough board.

c. The department of city planning shall be responsible for certifying that applications pursuant to subdivision a of this section are complete and ready to proceed through the uniform land use review procedure provided for in this section. Upon certification of an application, the department shall give notice of such certification to the council. If an application under this section has not been certified within six months after filing, both the applicant and, if the land use proposed in
an application is consistent with the land use policy or strategic policy statement of the affected borough president, the affected borough president shall have the right at any time thereafter to appeal to the city planning commission for certification. The commission shall promptly, but in any event within sixty days of the filing of such an appeal, either certify the application or state in writing what further information is necessary to complete the application. If such an appeal is brought by an affected borough president, the affirmative vote of five members of the commission shall be sufficient to certify the application.

d. If a meeting involving a city agency and an applicant is convened to define or substantially redefine the overall scope of issues to be addressed in any draft environmental impact statement required by law for an application subject to review under this section, each affected community board and each affected borough president shall receive advance notice of such meeting, and each shall have the right to send one representative to the meeting.

e. Each affected community board shall, not later than sixty days after receipt of an application that has been certified pursuant to subdivision c of this section,

   (1) notify the public of the application in a manner specified by the city planning commission pursuant to subdivision i of this section, and

   (2) either (a) conduct a public hearing thereon and prepare and submit a written recommendation directly to the city planning commission and to the affected borough president or (b) where authorized by this charter, submit a written waiver of the right to conduct a public hearing and to submit such written recommendations to the commission and the affected borough president.

f. A copy of a recommendation or waiver by a community board pursuant to subdivision e of this section that involves land located within two or more community districts in a borough shall also be filed with the affected borough board within the same time period as specified in subdivision e. Not later than thirty days after the filing of a recommendation or waiver with the borough board by all affected community boards, or, if any affected community board shall fail to act, thirty days after the expiration of the time allowed for such community board to act, the borough board may hold a public hearing on the application and any such recommendations and submit a written recommendation or waiver thereof to the city planning commission.

g. Not later than thirty days after the filing of a recommendation or waiver with the borough president by all affected community boards, or, if any affected community board shall fail to act, thirty days after the expiration of the time allowed for such community board to act, the borough president shall submit a written recommendation or waiver thereof to the city planning commission.

h. Not later than sixty days after expiration of time allowed for the filing of a recommendation or waiver with the city planning commission by a borough president, the commission shall approve, approve with modifications, or disapprove the application. Any such approval or approval with modifications of the commission shall require the affirmative vote of at least seven of the members, except that the affirmative vote of nine members shall be required to approve or approve with modifications an application pursuant to paragraph five, ten or eleven of subdivision a of this section relating to a new city facility if the affected borough president recommends against approval of such application pursuant to subdivision g of this section and has proposed an alternative location in the same borough for such new city facility.
pursuant to subdivision f or g of section two hundred four. The commission shall conduct a public hearing on all applications that are subject to review and approval by the commission pursuant to this section. Prior to taking any action pursuant to this subdivision on a matter involving the siting of a capital project, the sale, lease, exchange or other disposition or acquisition of real property, a request for a proposal or other solicitation for a franchise or a revocable consent, the city planning commission may obtain a report from the office of management and budget or the department of citywide administrative services, as appropriate. Any action of the city planning commission which modifies or disapproves a written recommendation of the community board, borough president or borough board shall be accompanied by a written explanation of its reason for such action.

i. The city planning commission shall establish rules providing (1) guidelines, minimum standards, and procedural requirements for community boards, borough presidents, borough boards and the commission in the exercise of their duties and responsibilities pursuant to this section, (2) minimum standards for certification of applications pursuant to subdivision c of this section, and (3) specific time periods for review of applications pursuant to this section prior to certification.

j. If a community board, borough president or borough board fails or waives its right to act within the time limits for review pursuant to subdivisions e, f and g of this section, the application shall be referred to the next level of review. If the city planning commission fails to act on an application within the time limit specified in subdivision h of this section, the application shall be deemed to have been denied unless the application (i) is pursuant to paragraph three or four of subdivision a of this section, in which case the application may be forwarded to the council for review pursuant to the provisions of subdivision b of section two hundred, if applicable, or (ii) is pursuant to paragraph eight of subdivision a of this section, in which case the application shall be referred to the council for review and action as provided by state law.

k. Notice of any hearing on an application by the city planning commission shall be published in the City Record at least ten days immediately prior to the date of the hearing, and a copy of the notice shall be mailed to all community boards or borough boards affected by the application.

l. The commission shall establish by rule procedures for advance posting of notices of commission hearings on applications. Such notices shall be posted at the location of the land involved in such manner and with respect to such types of applications as the commission deems appropriate. Failure to post any such notice shall not affect or impair the validity of any decision of the city planning commission, the council or other agency or official pursuant to this chapter.

m. A community or borough board may review an application which is subject to the uniform land use review procedure pursuant to this section but does not involve land so located as to require reference to such board for review, if in the board's judgment the application might significantly affect the welfare of the community district or borough served by such board. In such a case the application and the related materials submitted to the affected board or boards by the city planning department shall be submitted also to such board upon the request of such board, and such board may hold its own public hearing thereon if it so desires and may submit its own written recommendations in regard thereto to the city planning commission for consideration at any time.
before the city planning commission takes action thereon.

§ 197-d. Council Review. a. The city planning commission shall file with the council and with the affected borough president a copy of its decisions to approve or approve with modifications (1) all matters described in subdivision a of section one hundred ninety-seven-c, (2) plans pursuant to section one hundred ninety-seven-a, and (3) changes in the text of the zoning resolution pursuant to sections two hundred and two hundred one. Any such filing of a decision pursuant to section one hundred ninety-seven-c shall be completed prior to the expiration of the sixty-day period for action by the commission. Any such filing with the council shall include copies of all written recommendations of community boards, borough boards and borough presidents with respect to the decision being filed.

b. The following decisions filed with the council pursuant to subdivision a of this section, shall be subject to review and action by the council:

(1) any decision of the city planning commission to approve or approve with modifications a matter described in paragraph three or eight of subdivision a of section one hundred ninety-seven-c, a disposition of residential real property (as defined in this paragraph) pursuant to paragraph ten of subdivision a of section one hundred ninety-seven-c (except for dispositions to companies that have been organized exclusively to develop housing projects for persons of low income), a plan pursuant to section one hundred ninety-seven-a, or a change in the text of the zoning resolution pursuant to sections two hundred or two hundred one. For purposes of this section, residential real property shall mean real property improved by structures, whether or not occupied, built for or converted to a use which is primarily residential, but shall not include property subsequently converted to non-residential use; (2) any other decision of the city planning commission to approve or approve with modifications a matter described in subdivision a of section one hundred ninety-seven-c, if (i) both an affected community board (after holding a public hearing) and the affected borough president, within the time periods allotted for their reviews pursuant to section one hundred ninety-seven-c, have recommended in writing against approval and (ii) the affected borough president, within five days of receiving a copy of the decision of the commission, files with the commission and the council a written objection to the decision; and

(3) any other decision of the city planning commission to approve or approve with modifications a matter described in subdivision a of section one hundred ninety-seven-c, if within twenty days of the filing of such decision pursuant to subdivision a of this section, the council resolves by the majority vote of all the council members to review the decision of the commission.

c. Within fifty days of the filing with the council pursuant to subdivision a of this section of any decision of the city planning commission which pursuant to subdivision b of this section is subject to review by the council, the council shall hold a public hearing, after giving public notice not less than five days in advance of such hearing, and the council, within such fifty days, shall take final action on the decision. The affirmative vote of a majority of all the council members shall be required to approve, approve with modifications or disapprove such a decision. If, within the time period provided for in this subdivision and, if applicable, in subdivision d of this section, the council fails to act or fails to act by the required vote on a decision
of the city planning commission subject to council review pursuant to subdivision b of this section, the council shall be deemed to have approved the decision of the commission.

d. The council shall not approve with modifications a commission decision if the commission has determined pursuant to this subdivision that additional review of the modifications is required. Prior to approving a decision of the commission with modifications, the council shall file the text of any such proposed modifications with the commission. Within fifteen days of such filing, the commission shall file with the council a written statement indicating whether such proposed modifications are of such significance that additional review of environmental issues or additional review pursuant to section one hundred ninety-seven-c is required. If no additional review is required, the commission may include in such statement its advisory recommendation concerning the proposed modifications, together with any proposed amendments to the proposed modifications. The council may thereafter approve such proposed modifications, with or without the amendments proposed by the commission. The amount of such portion shall be known as the preliminary capital budget borough allocation.

c. Borough president proposals. 1. Each borough president, during the consultations required by section two hundred forty-four, shall submit to the mayor, in such form as the mayor shall prescribe, proposed

The head of the agency shall notify the comptroller of the amount of appropriated planning funds to be encumbered for such purpose.

b. The approval of a scope of project for a capital project pursuant to this chapter, including the amount of obligations necessary to finance the design and construction of the project, shall constitute a direction and order to the agency to design the project, unless sufficient funds for such purpose have not been appropriated in the capital budget or are otherwise not available within the appropriate program category of the capital program. Such approval shall constitute notification to the comptroller of the comptroller's authorization to expend appropriated design funds.

c. The approval of the final design for a capital project pursuant to this chapter shall constitute a direction and order to the agency responsible for construction to prepare bid and award documents and to proceed to bid, unless sufficient funds for such purpose have not been appropriated in the capital budget or are otherwise not available within each year of the capital program in which it is projected that funds will be expended for the completion of the project. Such approval shall constitute notification to the comptroller of the comptroller's authorization to expend appropriated construction funds.

d. The mayor shall require each agency to prepare and submit periodic reports in regard to the progress of its capital projects, including schedules and clear explanations of any delays for particular projects and summary information on each agency's record on such matters. Such reports shall be published at least three times each year: within ninety days of the adoption of the capital budget; with the preliminary capital budget; and with the executive capital budget. Copies of such reports shall be transmitted by the mayor to the council, the city planning commission, and the community boards, the borough boards and borough presidents. Such reports shall include, for each project, the dates set in the adopted capital budget for the completion of scope, design, and construction and any changes in such dates.

1. The report issued with the executive budget shall include, for each new capital project being proposed in the executive budget, a description of the project including, to the extent practicable, the information required to be included in a scope of project by paragraph four of section two hundred ten.

2. The report issued following the adoption of the budget shall include, for each capital project added to the budget, a description of the project including, to the extent practicable, the information required to be included in a scope of project by paragraph four of section two hundred ten.

3. The report issued following the adoption of the budget shall include, for each capital project for which a substantial change was made, a revised description of the project including, to the extent practicable, the information required to be included in a scope of project by paragraph four of section two hundred ten.

e. Any capital project which results in the acquisition or construction of a capital asset which will be subject to the requirements of section eleven hundred ten-a shall contain a provision requiring a comprehensive manual setting forth the useful life of the
asset and explaining the activities necessary to maintain the asset throughout such useful life.

f. The mayor may issue directives and adopt rules and regulations in regard to the execution of capital projects, consistent with the requirements of subdivisions a, b, c and d of this section, which shall be binding upon all agencies.

§ 220. Improvements payable other than by city. Any owner of real property or any other person interested may apply to the council to authorize an improvement referred to in paragraph d of subdivision one of section two hundred ten hereof, not included in the capital budget. The council may authorize such improvement to be made by the city or by such owner or other person interested upon compliance with the following conditions:

1. Such owner or group or other persons interested shall enter into an agreement with the city, whereby they will either authorize the city, or themselves agree, to perform such work in accordance with such plans and specifications approved by the agencies having jurisdiction thereover and under their supervision.

2. All of such work shall be done for the account of or at the sole cost and expense of the person or persons applying for permission to do the same, who shall furnish to the city such security and in such amount as may be required to secure the payment of such cost and expense or the proper performance of the said work in the time and in the manner agreed upon, and shall further secure the city, in the latter case, against latent defects in such work for a period of two years.

3. Such improvement shall be approved by the city planning commission and reviewed pursuant to sections one hundred ninety-seven-c and one hundred ninety-seven-d.

4. Any agreement providing for the performance of such work and the furnishing of such security, shall be first approved by the council before the same shall become effective.

§ 221. Standards for capital projects. The mayor shall prepare general standards and cost limits for categories of capital projects and standards for the preparation of the scope of project for capital projects of various types. Such standards and limits shall be submitted by the mayor to the council for review. The proposed standards shall become effective thirty days after they have been filed with the council unless within that time the council modifies or disapproves them or part of them, after conducting a public hearing. Any modification by the council shall be subject to disapproval by the mayor in accordance with section thirty-eight and any such disapproval shall be subject to override by the council in accordance with such section.

§ 222. Scope of project. a. Each agency, with respect to a capital project under its jurisdiction included in a capital budget, shall prepare a proposed scope of project within appropriated planning funds. In preparing the proposed scope of project, the agency shall consult with the community board for the community district in which the capital project is to be located. The proposed scope of project, or, in the case of a delay, an explanation for such delay along with a revised schedule, shall be submitted to the mayor and to the respective council committee, borough president and community board by the date specified in the adopted capital budget in which the capital project is included. Such proposed scope shall identify all substantial differences between the guidelines for the capital project as contained in such scope and the
description of the capital project contained in the report issued pursuant to subdivision d of section two hundred nineteen at the time such project was proposed in the executive budget or following the budget adoption in which such project was added to the capital budget.

b. Not later than sixty days after receipt of the proposed scope of project from an agency pursuant to subdivision a of this section, the mayor shall approve, modify, or disapprove the proposed scope of project and notify the agency, and the respective council committee, borough president and community board. In the case of a scope approved by the mayor with modifications, such notification shall include a copy of the scope as approved.

c. During the review of the selection of a site of a capital project pursuant to the uniform land use review procedure established by section one hundred ninety-seven-c, the community board and borough president shall also review, and may comment on, the scope of the project.

d. No scope of project shall be approved by the mayor unless (1) it contains the information required by paragraph four of section two hundred ten and it conforms to the applicable standards for the type of project adopted pursuant to this chapter, and (2) funds are available within the appropriate program category of the capital program that can be reserved for each fiscal year required to complete the project.

§ 223. Design of capital project. The proposed design and final design for a capital project shall be made available for review to the respective council committee, borough president and the community board for the community district in which the project is to be located. The mayor or his representative shall review the final design to determine its conformance with the approved scope of project pursuant to this chapter.

§ 224. Works of art. a. As used in this section the term "works of art" includes all forms of the visual and performing arts conceived in any medium, material or combination thereof.

b. Works of art shall be provided for each capital project which involves the construction or the substantial reconstruction of a city-owned public building or structure the intended use of which requires that it be accessible to the public generally or to members of the public participating in, requiring or receiving programs, services or benefits provided thereat. For the purposes of this section a police precinct house and a firehouse shall be deemed to be such buildings.

c. An amount not less than one per cent of the first twenty million dollars and one-half of one per cent of any amount in excess of twenty million dollars of capital funds appropriated by the city for each such capital project, other than funds appropriated for the acquisition of real property, shall be allocated for works of art; provided, however, that this section shall in no case require the expenditure of more than four hundred thousand dollars for works of art for any capital project; nor more than the sum of one and one-half million dollars for works of art in any fiscal year. The mayor may exempt a capital project from the provisions of this section if in his sole judgment the inclusion of works of art as provided hereby would be inappropriate.

d. Reasonable advance notification of the intention to include works of art in a project shall be provided to the appropriate council member, borough president and chairperson of the community board of the community district in which the project is located. All such works of art shall be subject to the approval of the art commission pursuant to section eight hundred fifty-four of this charter.
e. The mayor shall adopt rules and regulations to implement the provisions of this section.

§ 224.1 Green building standards. a. As used in this section the following terms shall have the following meanings:

1. The term "capital project" shall mean a capital project as defined in section 210 of this chapter that is paid for in whole or in part from the city treasury.

2. The term "city agency" shall mean a city, county, borough, or other office, position, administration, department, division, bureau, board or commission, or a corporation, institution or agency of government, the expenses of which are paid, in whole or in part, from the city treasury.

3. The term "construction work" shall mean any work or operations necessary or incidental to the erection, demolition, assembling, alteration, installing, or equipping of any building.

4. The term "green building standards" shall mean design guidelines, a rating system or rules for constructing buildings that ensure site planning, water efficiency, energy efficiency and renewable energy, conservation of materials and resources and indoor environmental quality.

6. The term "LEED energy and atmosphere credit 1" shall mean the credit point under LEED for New Construction version 2.1 intended to achieve increased energy performance.

7. The term "LEED green building rating system" shall mean a version of the Leadership in Energy and Environmental Design (LEED) building rating system published by the United States Green Building Council, not less stringent than the selected green building rating system, including a standard developed by or for the city consisting of practices and technologies derived from the LEED rating system that are reasonable and appropriate for building in New York city.

8. The term "LEED water efficiency credit 3.2" shall mean the credit point under the LEED for New Construction version 2.1 intended to achieve water use reduction.

9. The term "not less stringent" shall mean providing no less net environmental and health benefits.

10. The term "rehabilitation work" shall mean any restoration, replacement or repair of any materials, systems and/or components.

11. The term "selected green building rating system" shall mean the current and most appropriate building rating system published by the United States Green Building Council; provided, however, at the mayor's discretion, the term "selected green building rating system" shall mean New Construction version 2.1, Existing Buildings version 2 or Commercial Interiors version 2, whichever is most appropriate for the project under United States Green Building Council guidelines.

12. The term "substantial reconstruction" shall mean a capital project in which the scope of work includes rehabilitation work in at least two of the three major systems, electrical, HVAC (heating, ventilating and air conditioning) and plumbing, of a building and construction work affects at least fifty percent (50%) of the building's floor area.

b. (1) Each capital project with an estimated construction cost of two million dollars ($2,000,000) or more involving (i) the construction of a new building, (ii) an addition to an existing building, or (iii) the...
substantial reconstruction of an existing building shall be designed and constructed to comply with green building standards not less stringent that the standards prescribed for buildings designed in accordance with the LEED green building rating system to achieve a LEED silver or higher rating, or, with respect to buildings classified in occupancy groups G or H-2, to achieve a LEED certified or higher rating. If the mayor elects to utilize green building standards other than the LEED green building rating system, the mayor shall publish findings demonstrating that such other green building standards are not less stringent than the LEED standards described above for achievement of a LEED silver or, if applicable, a LEED certified rating. The green building standards utilized by the city in accordance with this section shall be reviewed and updated, as necessary, by the mayor no less often that once every three years.

(2) In addition, if the estimated construction cost of a project required to comply with green building standards in accordance with paragraph one of this subdivision is 12 million dollars ($12,000,000) or more such project shall be designed and constructed to reduce energy cost as follows:

(i) Capital projects, other than buildings classified in occupancy group G, with an estimated construction cost of 12 million dollars ($12,000,000) or more but less than 30 million dollars ($30,000,000) shall be designed and constructed to reduce energy cost by a minimum of twenty percent (20%), as determined by the methodology prescribed in LEED energy and atmosphere credit 1 or the New York state energy conservation code, whichever is more stringent. In addition to such twenty percent (20%) reduction in energy cost, the design agency shall make investments in energy efficiency that reduce energy cost by an additional five percent (5%) if it finds that the payback on such investment through savings in energy cost would not exceed seven years.

(ii) Capital projects, other than buildings classified in occupancy group G, with an estimated construction cost of 30 million dollars ($30,000,000) or more shall be designed and constructed to reduce energy cost by a minimum of twenty-five percent (25%), as determined by the methodology prescribed in LEED energy and atmosphere credit 1 or the New York state energy conservation code, whichever is more stringent. In addition to such twenty-five percent (25%) reduction in energy cost, the design agency shall make investments in energy efficiency that reduce energy cost by an additional five percent (5%) if it finds that the payback on such investment through savings in energy cost would not exceed seven years.

(iii) Capital projects involving buildings classified in occupancy group G with an estimated construction cost of 12 million dollars ($12,000,000) or more shall be designed and constructed to reduce energy cost by a minimum of twenty percent (20%), as determined by the methodology prescribed in LEED energy and atmosphere credit 1 or the New York state energy conservation code, whichever is more stringent. In addition to such twenty percent (20%) reduction in energy cost, the design agency shall make investments in energy efficiency that reduce energy cost by an additional five percent (5%) if it finds that the payback on such investment through savings in energy cost would not exceed seven years or, in the alternative, the design agency shall make investments in energy efficiency that reduce energy cost by an additional ten percent (10%) if it finds that the payback on such investment through savings in energy cost would not exceed seven years.

c. Capital projects, other than those required to comply with green building standards in accordance with subdivision b of this section,
shall be subject to the following:

(2) Each capital project, other than a project required to comply with paragraph one of this subdivision, that involves the installation or replacement of HVAC comfort controls at an estimated construction cost for such installation or replacement of two million dollars ($2,000,000) or more, shall be designed and constructed to reduce energy cost by a minimum of five percent (5%) as determined by the methodology prescribed in LEED energy and atmosphere credit 1 or the New York state energy conservation code, whichever is more stringent.

d. In addition to complying with any other applicable subdivision in this section, each capital project involving the installation or replacement of plumbing systems that includes the installation or replacement of plumbing fixtures at an estimated construction cost for such installation or replacement of plumbing systems of five hundred thousand dollars ($500,000) or more shall be designed and constructed to reduce potable water consumption in the aggregate by a minimum of thirty percent (30%), as determined by a methodology not less stringent than that prescribed in LEED water efficiency credit 3.2; provided, however, that such percentage shall be reduced to a minimum of 20% if the department of buildings rejects an application for the use of waterless urinals for the project.

e. This section shall apply only to capital projects involving buildings classified in occupancy groups B-1, B-2, C, E, F-1a, F-1b, F-3, F-4, G, H-1 and H-2.

f. The mayor may exempt from each provision of this section capitol projects accounting for up to 20% of the capital dollars in each fiscal year subject to such provision if in his or her sole judgment such exemption is necessary in the public interest. At the conclusion of each fiscal year the mayor shall report to the council the exemptions granted pursuant to this section.

g. This section shall not apply to capital projects of entities that are not city agencies unless fifty percent (50%) or more of the estimated cost of such project is to be paid for out of the city treasury. This exemption shall not apply to any capital project that receives ten million dollars ($10,000,000) or more out of the city treasury.

h. This section shall not apply to capital projects that have received capital dollars from the city treasury before January 1, 2007.

certification, shall apply to the United States Green Building Council for certification that such projects have achieved a silver or higher rating under the LEED green building rating system or, with respect to projects involving buildings classified in occupancy groups G or H-2, a certified or higher rating under such rating system.

finance shall set apart, from the first revenues thereafter received applicable to the general fund of the city, a sum sufficient to pay such amounts and shall so apply such sum; and

(2) money, the ownership and equitable title of which belongs to an individual, corporation, organization or government other than the city and which is being held by any agency or officer of the city pending transfer of such money to such individual, corporation, organization or government in accordance with the terms and conditions pursuant to which it was placed in the custody of such agency or officer, may be transferred to such individual, corporation, organization or government by such agency or officer without an appropriation by law, provided such transfers are made in accordance with such terms and conditions; and

(3) money or other financial resources may only be transferred from one fund to another without specific statutory authorization for such a transfer if that money or those other financial resources are being loaned temporarily to such other fund and an accurate accounting and reporting of the balance of financial resources in each fund and of the amount due by each fund to each other fund is made at the end of each month; and

(4) grants or gifts from private entities exempt from the requirements of this section, and expenditures of such funds, shall be subject to disclosure, at least annually, by the responsible agency, officer or entity in a form and containing such information as the mayor shall prescribe for this purpose by rule.

b. Each borough president shall propose such modifications to the preliminary budget as the borough president deems to be in the best interest of the borough, taking into consideration community and borough board priorities and testimony received at public hearings held pursuant to section two hundred forty-one. The net effects of any such modifications recommended by the borough president may not result in an increase in the total amount of appropriations proposed in the
preliminary budget. If increases in appropriations within the borough are recommended, offsetting reductions in other appropriations within the borough must also be recommended. Each proposed increase or reduction must be stated separately and distinctly and refer each to a single object or purpose.

§ 246. Report of independent budget office on preliminary budget. On or before the fifteenth day of March, the director of the independent budget office shall publish a report analyzing the preliminary budget for the ensuing fiscal year.

Findings and recommendations of the council, or its committees, including recommendations for any changes in the unit of appropriation structure which the council deems appropriate, shall be submitted to the mayor and published not later than the twenty-fifth day of March. The net effect of the changes recommended by the council in the preliminary capital budget shall not result in a capital budget which exceeds the maximum amount set forth in the preliminary certificate issued pursuant to section two hundred thirty-five of this chapter.

§ 248. Ten-year capital strategy. Not later than the twenty-sixth day of April in each odd-numbered year, the mayor shall issue and publish a ten-year capital strategy, prepared in accordance with the provisions of section two hundred fifteen of this charter.

Within seven days of receiving such notification, each borough president shall submit to the mayor and the council, in such form as the mayor shall prescribe, proposed additional appropriations or proposed reductions in appropriations equaling such portion of such difference.

Within seven days of receiving such notification, each borough president shall submit to the mayor and the council, in such form as the mayor shall prescribe, proposed additional appropriations or proposed reductions in appropriations equaling such portion of such difference.

§ 251. Borough president recommendations on the executive budget. Not later than the sixth day of May, each borough president shall submit to the mayor and the council a response to the mayor's executive budget. Such response shall indicate which of the recommended appropriations submitted by the borough president pursuant to section two hundred forty-five, which were not included by the mayor in the executive budget, should be considered by the council for inclusion in the budget. Any appropriations recommended in this manner for inclusion in the budget shall be accompanied by recommendations for offsetting reductions in other appropriations within the borough. Any such increases or reductions must be stated separately and distinctly and refer each to a single object or purpose.

§ 252. Report of independent budget office on executive budget. On or before the fifteenth day of May, the director of the independent budget office shall publish a report analyzing the executive budget for the ensuing fiscal year.

§ 253. Executive budget hearings. Between the sixth day of May and the twenty-fifth day of May, the council shall hold public hearings on the budget as presented by the mayor. The council may hold such hearings either as a body or by its finance committee or other committees. Officers of agencies and representatives of community boards and borough boards shall have the right, and it shall be their duty when requested by the council, to appear and be heard in regard to the executive budget and to the capital and service needs of the communities, boroughs and the city.

§ 254. Amendment and adoption of the executive budget. a. The council may not alter the budget as submitted by the mayor pursuant to section two hundred forty-nine except to increase, decrease, add or omit any unit of appropriation for personal service or other than personal service or any appropriation for any capital project or add, omit or change any terms or conditions related to any or all such appropriations; provided, however, that each increase or addition must be stated separately and distinctly from any items of the budget and refer each to a single object or purpose; and, provided, further, that the aggregate amount appropriated for capital projects shall not exceed the maximum amount of appropriations contained in the mayor's
certificate issued pursuant to subdivision sixteen of section two hundred fifty.

b. The council shall consider, and act upon, all recommendations made by the borough presidents pursuant to section two hundred fifty-one of this chapter and all recommendations made by the mayor pursuant to paragraph thirteen of section two hundred fifty of this chapter.

c. The budget when adopted by the council shall become effective immediately without further action by the mayor, except that appropriations for the council or appropriations added to the mayor's executive budget by the council or any changes in terms and conditions, shall be subject to the veto of the mayor.

d. If an expense budget has not been adopted by the fifth day of June pursuant to subdivisions a and b of this section, the expense budget and tax rate adopted as modified for the current fiscal year shall be deemed to have been extended for the new fiscal year until such time as a new expense budget has been adopted.

e. If a capital budget and a capital program have not been adopted by the fifth day of June pursuant to subdivisions a and b of this section, the unutilized portion of all prior capital appropriations shall be deemed reappropriated.

§ 255. Veto of the mayor.  a. The mayor, not later than the fifth day after the council has acted upon the budget or capital program submitted with the executive budget, may disapprove any increase or addition to the budget, any unit of appropriation, or any change in any term or condition of the budget.  The mayor, by such date, may also disapprove any item or term or condition included in such budget pursuant to the provisions of section two hundred forty-three of this chapter.  The mayor shall return the budget by that date to the council, setting forth objections in writing.

b.  The council, by a two-thirds vote of all the council members, may override any disapproval by the mayor pursuant to subdivision a of this section; provided, however, that if no such action by the council is taken within ten days of such disapproval, the expense budget to which such disapprovals relate shall be deemed adopted as modified by the disapprovals by the mayor.

§ 256. Appropriation, certification and publication.  Not later than the day after the budget is finally adopted, the budget as finally adopted in such year shall be certified by the mayor, the comptroller and the city clerk as the budget for the ensuing fiscal year, and the several amounts therein specified as appropriations or units of appropriation shall be and become appropriated to the several purposes therein named, whether payable from the tax levy or otherwise and subject to the terms and conditions of the budget.  The budget shall thereupon be filed in the offices of the comptroller and the city clerk, and shall be published forthwith.  When finally adopted in accordance with sections two hundred fifty-four and two hundred fifty-five, such budget as adopted and as modified during the fiscal year in accordance with sections one hundred seven and two hundred sixteen shall have the force of law.

§ 257. Comparison of adopted budget and ten-year capital strategy.  Not later than thirty days after the budget is finally adopted, the mayor shall prepare a statement of how the capital budget and program as finally adopted vary, if at all, from the ten-year capital strategy, submitted pursuant to section two hundred forty-eight.  Such statement
shall be published as an appendix to the ten year capital strategy.

§ 258. Standards for budget and financial plan. a. The operations of the city shall be such that, at the end of the fiscal year, the results thereof shall not show a deficit when reported in accordance with generally accepted accounting principles. The mayor shall take all actions necessary in accordance with the provisions of the charter, including but not limited to section one hundred six, or other applicable law to ensure that the city is in compliance with this subdivision.

b. Pursuant to the procedures contained in subdivision c of this section, each year the mayor shall develop, and from time to time modify, a four year financial plan. Each such financial plan and financial plan modification shall comply with the requirements of subdivision d of this section and shall conform to the following standards:

(1) For each fiscal year, the city's budget covering all expenditures other than capital items shall be prepared and balanced so that the results thereof would not show a deficit when reported in accordance with generally accepted accounting principles and would permit comparison of the budget with the report of actual financial results prepared in accordance with generally accepted accounting principles.

(2) The city shall issue no obligations which shall be inconsistent with the financial plan prepared in accordance with this section.

(3) Provision shall be made for the payment in full of the debt service on all bonds and notes of the city and for the adequate funding of programs of the city which are mandated by state or federal law and for which obligations are going to be incurred during the fiscal year.

(4) All projections of revenues and expenditures contained in the financial plan shall be based on reasonable and appropriate assumptions and methods of estimation. All cash flow projections shall be based upon reasonable and appropriate assumptions as to sources and uses of cash (including but not limited to the timing thereof), and shall provide for operations of the city to be conducted within the cash resources so projected.

(5) A general reserve shall be provided for each fiscal year to cover potential reductions in projected revenues or increases in projected expenditures during each such fiscal year. The amount provided for such general reserve shall be estimated in accordance with paragraph four of this subdivision, but in no event shall it be less than one hundred million dollars at the beginning of any fiscal year.

(6) In the event that the results of the city's operations during the preceding fiscal year have not comported with subdivision a of this section, the first fiscal year included in any financial plan shall make provision for the repayment of any deficit incurred by the city during the preceding fiscal year.

b. The financial plan shall be developed and may from time to time be modified, in accordance with the following procedures:

(1) The mayor shall, in conjunction with the preliminary budget prepared pursuant to section one hundred one, prepare a financial plan covering the four ensuing fiscal years (the first year of which is the year for which such preliminary budget is being prepared) as well as updating the current fiscal year.

(2) After the preparation by the mayor of a financial plan in accordance with the preceding paragraph, the mayor shall reexamine, at least on a quarterly basis, the projections of revenues and expenditures and other estimates contained in the financial plan, and shall prepare
modifications in accordance with the following procedures:

(a) The budget message, issued pursuant to section two hundred fifty of this chapter, shall include an update of the financial plan covering the four ensuing fiscal years (the first year of which is the year for which such budget message is being prepared) as well as an update for the current fiscal year.

(b) Not later than thirty days after the budget is finally adopted, the mayor shall issue an update of the financial plan covering the four ensuing fiscal years (the first year of which shall be the year for which such budget has been adopted) as well as an update for the fiscal year that is ending or has just ended. Such update shall reflect changes which were made in the budget in accordance with sections two hundred fifty-four and two hundred fifty-five; provided, however, that the budget adopted in accordance with such sections shall be consistent with the standards applicable to the financial plan set forth in this section.

(c) During the second quarter of the fiscal year, the mayor shall issue an update of the financial plan covering the fiscal year in which such quarter occurs and the three ensuing fiscal years.

(d) In addition, on such schedule as the mayor deems appropriate, the mayor may issue further updates of the financial plan during the fiscal year.

d. The financial plan shall include projections of all revenues, expenditures and cash flows (including but not limited to projected capital expenditures and debt issuances) and a schedule of projected capital commitments of the city. In addition, each financial plan and financial plan modification shall include a statement of the significant assumptions and methods of estimation used in arriving at the projections contained therein.

e. Notwithstanding any inconsistent provision of this charter, in the event of any change in generally accepted accounting principles, or change in the application of generally accepted accounting principles to the city, if the mayor determines that immediate compliance with such change will have a material effect on the city's budget over a time period insufficient to accommodate the effect without a substantial adverse impact on the delivery of essential services, the mayor may authorize and approve a method of phasing the requirements of such change into the budget over such reasonably expeditious time period as the mayor deems appropriate.

f. The powers, duties, and obligations set forth in this section shall be subject to the powers, duties, and obligations placed upon any state or local officer or agency, including but not limited to the New York state financial control board, by or pursuant to the New York State Financial Emergency Act for the City of New York, while such act remains in effect.

remaining members of the committee. The members of the committee shall receive no compensation but shall be reimbursed for their necessary expenses. The committee shall at its first meeting in every even numbered year elect, from among its members, a chair and vice-chair who shall serve until the thirty-first day of March of the next even numbered year.

CHAPTER 12
OBLIGATIONS OF THE CITY

§ 265. Allocation of authorization to department of citywide administrative services. So much of the amount of any obligation authorized as is applicable to the purchase of supplies, materials and equipment or the provision of services, utilities or facilities which the department of citywide administrative services is authorized to purchase or provide shall be allotted to the department of citywide administrative services, but shall be considered and accounted for as a part of the cost of the project for which the obligations were authorized.
§ 265-a. Allocation of authorizations to department of design and
construction. So much of the amount of any obligation authorized as is
applicable to the completion of construction projects, acquisition of
real property or acquisition of personal property in connection with
construction or a capital project by the department of design and
construction, including but not limited to the provision of services,
utilities or facilities of such department, shall be allotted to the
department of design and construction, but shall be considered and
accounted for as a part of the cost of the project for which the
obligations were authorized.

§ 266. Short term debt. a. Subject to the provisions of subdivisions b
through j of this section, the city may issue temporary debt obligations
in anticipation of taxes and revenues as authorized by state law. The
city shall issue no short-term obligations which shall be inconsistent
with the limitations set forth in subdivisions b through j of this
section. The limitations on short-term borrowing imposed upon the city
by this section shall be in addition to the limitations on short-term
borrowing imposed on the city under the state local finance law. The
powers, duties, and obligations set forth in this section shall be
subject to the powers, duties, and obligations placed upon any state or
local officer or agency, including but not limited to the New York state
financial control board, by or pursuant to the New York State Financial
Emergency Act for the City of New York, while such act remains in
effect.

b. Revenue or tax anticipation notes shall be issued against a
specific tax or revenues receivable which are clearly identified by
source and fiscal year.

c. If the amount of taxes or revenues receivable against which
anticipation notes have been issued becomes equal to the amount of such
notes outstanding, the city shall deposit all further funds obtained
from such sources into a segregated bank account which may be used only
to redeem such debt upon maturity.

d. The city shall not issue anticipation notes against taxes or
revenues which have been receivable for more than two years.

e. No tax anticipation notes shall be issued by the city in
anticipation of the collection of taxes or assessments levied for a
fiscal year which would cause the principal amount of such issue of tax
anticipation notes to exceed an amount equal to ninety percent of the
available tax levy with respect to such issue. For purposes of this
subdivision, "available tax levy" with respect to an issue of tax
anticipation notes means at any date of computation the total amount of
city real estate taxes or assessments projected, consistent with the
financial plan then in effect, to be received in cash on or before the
fifth day preceding the maturity date of such tax anticipation note
issue, less amounts required during the period between the date of
computation and the fifth day preceding such maturity date to be paid
into a general debt service fund or otherwise required to pay interest
payable on other outstanding city bonds and notes, principal (including
payments into sinking funds) coming due on outstanding city bonds and
principal to be paid from sources other than the proceeds of bonds or
renewal notes on other outstanding city notes (exclusive of revenue
anticipation notes or renewals thereof issued less than two years prior
to the date of computation) but not including payments from sinking
funds required by the terms of certain city bonds.

f. Tax anticipation notes and renewals thereof shall mature not later
than the last day of the fiscal year in which they were issued.

g. (1) No revenue anticipation note shall be issued by the city in anticipation of the collection or receipt of revenue in a fiscal year which would cause the principal amount of revenue anticipation notes outstanding to exceed ninety percent of the available revenues for such fiscal year. For purposes of this subdivision, "available revenues" shall be the revenues other than real estate taxes and assessments which have been estimated in the financial plan prepared pursuant to section two hundred fifty eight to be realized in cash during such year, less revenues previously collected, other than revenues on deposit in any special fund or account established pursuant to law for the payment of interest and/or principal of revenue anticipation notes.

(2) Each issue of revenue anticipation notes shall be issued only in anticipation of the receipt of a specific type or types of revenue and the amount of revenue, the source of revenue and the anticipated date of payment shall be stated in the proceedings authorizing the issuance of such notes.

(3) Revenue anticipation notes shall mature not later than the last day of the fiscal year in which they were issued, and may not be renewed or extended to a date more than ten days after the anticipated date of receipt of such revenue. No such renewal note shall mature after the last day of such fiscal year unless the mayor shall certify that the revenue against which such renewal note is issued has been properly accrued and estimated in the financial plan set forth in section two hundred fifty-eight in effect on the date of issuance of such renewal note; provided that in no event shall any such renewal notes mature later than one year subsequent to the last day of the fiscal year during which such revenue anticipation notes were originally issued.

h. (1) No bond anticipation note shall be issued by the city in any fiscal year which would cause the principal amount of bond anticipation notes outstanding, together with interest due or to become due thereon, to exceed fifty percent of the principal amount of bonds issued by the city in the twelve months immediately preceding the month in which the note is to be issued.

(2) The proceeds of each bond issued shall be (i) held in trust for the payment, at maturity, of the principal of and interest on any bond anticipation notes of the city issued in anticipation of such bonds and outstanding at the time of the issuance of such bonds, (ii) paid into the general fund of the city in repayment of any advance made from such fund pursuant to section 165.10 of the state local finance law, and (iii) any balance shall be expended for the object or purpose for which such bonds were issued.

(3) Bond anticipation notes shall mature not later than one year after their date of issuance and may be renewed for a period not to exceed two years, or such longer period as may be permitted for bond anticipation notes of the state, from the date of original issue.

i. Budget notes issued pursuant to section 29.00 of the state local finance law may only be issued to fund projected expense budget deficits. No budget notes or renewals thereof shall mature later than sixty days prior to the last day of the fiscal year next succeeding the fiscal year during which such budget notes were originally issued.

j. All references to the state local finance law in this section shall be deemed to refer to the provisions of the New York state local finance law as such provisions may be amended over time or any successor provisions thereto.

§ 270. Application. The provisions of this chapter shall apply to the
several sinking funds of the city established prior to July first, nineteen hundred eighty-one.

§ 271. Sinking fund of the city of New York. There is hereby continued the fund known as the "sinking fund of the city of New York" which shall have for its purpose the amortization and redemption of the principal of the debt of the city of New York incurred on and after the first day of January, eighteen hundred ninety-eight, and evidenced by corporate stock of the city of New York, excepting that issued to provide for the supply of water and that issued since the first day of January, nineteen hundred ten, for rapid transit or rapid transit unification purposes and that issued since the first day of July nineteen hundred eighty-one which is redeemable from the general sinking fund or any other sinking fund established pursuant to chapter 11-A of this charter.

§ 273. Rapid transit sinking fund of the city of New York. There is hereby continued the fund known as the "rapid transit sinking fund of the city of New York" which shall have for its purpose the amortization and redemption of all corporate stock of the city of New York issued on and after the first day of January, nineteen hundred ten, for rapid transit purposes, excepting that issued since the first day of July nineteen hundred eighty-one which is redeemable from the general sinking fund or any other sinking fund established pursuant to chapter 11-A of this charter.

§ 273-a. Transit unification sinking fund of the city of New York. There is hereby continued the fund known as the "transit unification sinking fund of the city of New York" which shall have for its purpose the amortization and redemption of all corporate stock of the city of New York issued on and after the first day of January, nineteen hundred thirty-nine, for transit unification purposes.

§ 274. Administration of sinking funds. The comptroller shall administer and manage the several sinking funds of the city established prior to July first, nineteen hundred eighty-one, and shall have custody of the securities in such funds. In the administration of such funds the comptroller shall be deemed to be acting in a fiduciary capacity. Where moneys of such sinking funds are invested pursuant to section two hundred seventy-five of this charter, in securities which are obligations of the United States or of any agency, subdivision, department, division or instrumentality thereof, or obligations fully guaranteed or insured as to interest and principal by an agency, subdivision, department, division or instrumentality of the United States, acting pursuant to a grant of authority from the congress of the United States, notwithstanding any other provision of law, the comptroller may turn over the physical custody and safekeeping of these obligations to (a) any bank or trust company incorporated in this state,
or (b) any national bank located in this state, or (c) any private banker
duly authorized by the superintendent of banks of this state to engage
in business here. All such private bankers shall, as private bankers,
maintain a permanent capital of not less than one million dollars in
this state. The comptroller may direct such bank, trust company or
private banker to register and hold any such securities in its custody,
in the name of its nominee. The comptroller may deposit, or authorize
such bank, trust company or private banker, to deposit, or arrange for
the deposit of, any of such securities with a federal reserve bank to be
credited to an account as to which the ownership of, and other interest
in, such securities may be transferred by entries on the books of such
federal reserve bank without physical delivery of any such securities.
The records of any such bank, trust company or private banker shall
show, at all times, the ownership of such obligations, and they shall,
when held in the possession of such bank, trust company or private
banker be, at all times, kept separate from the assets of such bank,
trust company or private banker. When any such obligations are so
registered in the name of a nominee, such bank, trust company or private
banker shall be absolutely liable for any loss occasioned by the acts of
such nominee with respect to such obligations.

§ 275. Investment of sinking fund moneys. The comptroller may invest
the moneys of the several sinking funds of the city established prior to
July first, nineteen hundred eighty-one in any of the following
securities:
1. Obligations of the city of New York.
2. Obligations of the state of New York.
3. Obligations of the United States or of any agency, subdivision,
department, division or instrumentality thereof, or obligations fully
guaranteed or insured as to interest and principal by any agency,
subdivision, department, division or instrumentality of the United
States, acting pursuant to a grant of authority from the congress of the
United States.
4. Obligations of the municipal assistance corporation for the city of
New York.

§ 276. Annual appropriations to the sinking funds. For the redemption
of the corporate stock redeemable from the several sinking funds of the
city established prior to July first, nineteen hundred eighty-one there
shall be included annually in the budget and paid into each of such
sinking funds an amount to be estimated and certified by the
comptroller, which amount shall be not less than the aggregate of such
annual contributions, as calculated at the time each issue of corporate
stock redeemable from such sinking fund was made, would be sufficient if
thereafter annually contributed to such fund together with the
accumulations of interest thereon computed at the rate of four per
centum per annum to meet and discharge such outstanding corporate stock
when the same shall be payable; provided, however, that if at the close
of a fiscal year there is in any sinking fund a surplus over and above
the reserve required by such sinking fund computed as hereinabove
provided, the comptroller, in estimating the amount to be included for
such sinking fund in the budget, shall reduce the amount of the annual
contributions by the amount of such surplus.

Amounts received annually from the operation of any rapid transit
railroad for the construction, equipment or acquisition of which
corporate stock redeemable from any such fund shall have been issued,
shall not be considered or treated as surplus, but such amounts shall be
deducted from the amount certified by the comptroller for the budget for the ensuing year.

§ 277. Monthly report. Not later than the tenth day in each month, the comptroller shall submit to the mayor and the council a certified report, which shall be published forthwith in the City Record, setting forth the operations of the several sinking funds during the preceding month and the condition of such funds at the commencement and close of such month and such other information as may be required.

§ 278. Annual report. Not later than the first day of September in each year, the comptroller shall submit to the mayor and the council a certified report, which shall be published forthwith in convenient form as a supplement to the City Record and which shall set forth in detail the operations of the several sinking funds during the preceding fiscal year, the reserves required, the assets of such funds at the close of such year, the obligations redeemable from such funds, the dates of their maturities and such other information as may be required.

§ 290. Application. The provisions of sections two hundred ninety-one through two hundred ninety-nine shall apply to the establishment, operation and administration of sinking funds established on or after July first, nineteen hundred eighty-one.

§ 291. General sinking fund. There is hereby established a general sinking fund to amortize and redeem any or all of the sinking fund bonds issued and sold from time to time by the city of New York on or after July first, nineteen eighty-one for any purpose for which sinking fund bonds may be authorized, excepting sinking fund bonds which are redeemable from the sinking fund of the city of New York, the water sinking fund of the city of New York, the rapid transit sinking fund of the city of New York, or any additional sinking fund established pursuant to section two hundred ninety-eight.

§ 292. Administration. The comptroller shall administer and manage the general sinking fund and any additional sinking funds established pursuant to section two hundred ninety-eight of this chapter and shall have custody of the securities and other assets in such funds. In the administration of such funds the comptroller shall be deemed to be acting in a fiduciary capacity.

§ 293. Terms and conditions with respect to the general sinking fund. a. The comptroller may:
   (1) provide for the redemption, purchase and cancellation prior to maturity of sinking fund bonds redeemable from the general sinking fund;
   (2) establish accounts within the general sinking fund for the amortization and redemption of specific issues of sinking fund bonds and provide for restrictions on the use of assets of any such account for purposes other than the redemption of the sinking fund bonds to be redeemed from such account; and
   (3) subject to the rights of bondholders and notwithstanding any other provision of this charter (i) withdraw moneys from the general sinking fund, or (ii) transfer any or all responsibility for the administration and management of the general sinking fund and the custody of securities and other assets contained therein to any bank or trust company incorporated in this state, or any national bank located in this state.

b. The sinking fund bonds of a particular series redeemable from the
general sinking fund may differ among themselves in their stated maturities, rates of interest and applicable redemption provisions.

c. A schedule of annual or semiannual payments shall be established at the time of issuance of any series of sinking fund bonds redeemable from the general sinking fund sufficient to provide for the redemption of the principal amount of such bonds, and annual appropriations shall be made to the general sinking fund in accordance with such schedule of payments.

§ 294. Redemption. The sinking fund bonds to be redeemed from the general sinking fund or any additional sinking funds established pursuant to section two hundred ninety-eight may be selected in such manner as the comptroller may determine and may be identified on the face thereof. The principal amount of sinking fund bonds required to be redeemed on any date by payment from the general sinking fund or any additional sinking fund shall be reduced by the principal amount of any such bonds which has been timely purchased or redeemed and cancelled by the city and not theretofore applied as a credit against such requirements.

§ 295. Defeasance. A series or part of a series of sinking fund bonds redeemable from the general sinking fund or any additional sinking fund established pursuant to section two hundred ninety-eight, including any covenants or other agreements relative thereto, shall be fully discharged and of no further force and effect at such time as (a) sufficient moneys or direct obligations of the United States or obligations guaranteed by the United States have been deposited in a separate trust account with a bank, trust company or other fiduciary, the principal of and/or interest on which will provide sufficient moneys to pay punctually when due at maturity or prior to maturity by redemption, in accordance with their terms, all principal of, applicable redemption premium, if any, and interest on such sinking fund bonds, and irrevocable instructions from the city to such bank, trust company or other fiduciary to make payment of such principal, applicable redemption premium, if any, and interest with such moneys shall have been given, or (b) such sinking fund bonds, together with interest thereon, shall have been paid in full at maturity, or shall have otherwise been refunded, redeemed, defeased or discharged.

§ 296. Investments. Subject to subdivision a of section two hundred ninety-three, the comptroller may invest the moneys of the general sinking fund or any additional sinking funds established pursuant to section two hundred ninety-eight in any securities in which the city is authorized to invest, including but not limited to the following securities:

(1) Obligations of the city of New York;

(2) Obligations of the state of New York:

(3) Obligations of the United States or of any agency, subdivision, department, division or instrumentality thereof, or obligation fully guaranteed or insured as to interest and principal by an agency, subdivision, department, division or instrumentality of the United States, acting pursuant to a grant of authority from the congress of the United States;

(4) Obligations of the municipal assistance corporation for the city of New York.

§ 297. The provisions of sections two hundred seventy-seven and two
hundred seventy-eight of the charter shall apply to the general sinking fund and any additional sinking funds established pursuant to section two hundred ninety-eight.

§ 298. Additional sinking funds. On or after July first nineteen hundred eighty-one the comptroller may establish from time to time additional sinking funds to amortize and redeem any or all of the sinking fund bonds issued and sold from time to time by the city of New York on or after that date for any purpose for which sinking fund bonds may be authorized excepting sinking fund bonds which are redeemable from the sinking fund of the city of New York, the water sinking fund of the city of New York, the rapid transit sinking fund of the city of New York or the general sinking fund. Notwithstanding any inconsistent provision of section two hundred ninety-three, such additional sinking funds shall be established with such terms and conditions as the comptroller shall prescribe.

§ 299. The comptroller shall determine whether sinking fund bonds issued on or after July first, nineteen hundred eighty-one shall be redeemable from any of the several sinking funds of the city established prior to July first, nineteen hundred eighty-one, the general sinking fund or any of the additional sinking funds established pursuant to section two hundred ninety-eight.

CHAPTER 13
PROCUREMENT

§ 310. Scope. Except as otherwise provided in this charter or by statute,
1. all goods, services or construction to be paid for out of the city treasury or out of moneys under the control of or assessed or collected by the city shall be procured as prescribed in this chapter; provided, however, that for (i) the office of an independently elected city official, or (ii) the council, where the provisions of this chapter require action by the mayor or an appointee of the mayor in regard to a particular procurement except for mayoral action pursuant to subdivision c of section three hundred thirty-four, such action shall not be taken by the mayor or such appointee of the mayor, but shall be taken respectively, by (i) such elected official or (ii) the speaker of the council, or another member of the council designated by the speaker with the approval of a majority of the members of the council, and
2. all goods, services or construction to be procured by an entity, the majority of the members of whose board are city officials or are individuals appointed directly or indirectly by city officials shall be procured as prescribed in this chapter; provided, however, that where the provisions of this chapter require action by the mayor or an appointee of the mayor in regard to a particular procurement except for mayoral action pursuant to subdivision c of section three hundred thirty-four, such action shall not be taken by the mayor or such appointee of the mayor, but shall be taken by the governing board of such entity or by the chair of the board or chief executive officer of such entity pursuant to a resolution adopted by such board delegating such authority to such officer.

§ 311. Procurement Policy Board. a. There shall be a procurement policy board consisting of five members, three of whom shall be appointed by the mayor and two of whom shall be appointed by the
comptroller. Each member shall serve at the pleasure of the appointing
official. Members shall have demonstrated sufficient business or
professional experience to discharge the functions of the board. At
least one member appointed by the mayor and one member appointed by the
comptroller shall not hold any other public office or public employment.
The remaining members shall not be prohibited from holding any other
public office or employment provided that no member may have substantial
authority for the procurement of goods, services or construction
pursuant to this chapter. The mayor shall designate the chair.

b. The board shall promulgate rules as required by this chapter,
including rules establishing:

1. the methods for soliciting bids or proposals and awarding
contracts, consistent with the provisions of this chapter;

2. the manner in which agencies shall administer contracts and oversee
the performance of contracts and contractors;

3. standards and procedures to be used in determining whether bidders
are responsible;

4. the circumstances under which procurement may be used for the
provision of technical, consultant or personal services, which shall
include, but not be limited to, circumstances where the use of
procurement is (a) desirable to develop, maintain or strengthen the
relationships between non-profit and charitable organizations and the
communities where services are to be provided, (b) cost-effective, or
(c) necessary to (i) obtain special expertise, (ii) obtain personnel or
expertise not available in the agency, (iii) to provide a service not
needed on a long-term basis, (iv) accomplish work within a limited
amount of time, or (v) avoid a conflict of interest;

5. the form and content of the files which agencies are required to
maintain pursuant to section three hundred thirty-four and such other
contract records as the board deems necessary and appropriate;

6. the time schedules within which city officials shall be required to
take the actions required by this chapter, sections thirteen hundred
four and thirteen hundred five, or by any rule issued pursuant thereto,
in order for contracts to be entered into, registered or otherwise
approved, and time schedules within which city officials should take
action pursuant to any other provision of law or rule regarding
individual contracts, which rules shall specify the appropriate
remedies, including monetary remedies, for failure to meet the terms of
any applicable schedule for taking such actions. The board may set forth
exceptions to these rules. The promulgation of rules defining time
schedules for actions by the division of economic and financial
opportunity of the department of small business services and the
division of labor services of such department shall require the approval
of each division, as such rules pertain to actions required of such
divisions, prior to the adoption of such rules by the procurement policy
board;

7. procedures for the fair and equitable resolution of contract
disputes; and

8. rules relating to the making of small purchases in a manner that
will advance the purposes of the program for minority- and women-owned
business enterprises and emerging business enterprises established
pursuant to subdivision b of section thirteen hundred four.

9. such other rules as are required by this chapter.

c. The board may promulgate such additional rules, policies and
procedures consistent with and as may be necessary to implement the
provisions of this chapter. The board shall annually review all of its
rules, policies and procedures and make such revisions as the board
deems necessary and desirable. Nothing herein shall prevent the board from reviewing its rules, policies and procedures, and making such revisions as the board deems necessary and desirable, more than once per year.

d. The board shall promulgate rules to facilitate the timely and efficient procurement of client services, and to ensure that such contracts are administered in the best interests of the city. Such rules shall include but not be limited to: (i) rules authorizing city agencies to meet annual financial audit requirements through the acceptance of consolidated audits across multiple contracts and multiple agencies; (ii) rules providing for expedited renewal or extension of existing client services contracts; (iii) rules mandating the promulgation of draft and final contract plans by all agencies procuring client services.

e. The board shall submit an annual report to the mayor, comptroller, and council setting forth the professional standards for agency contracting officers adopted by the mayor, including any applicable certification process.

f. In the promulgation of any rules pertaining to the procurement of construction or construction related services, the board shall consult with any office designated by the mayor to provide overall coordination to the city's capital construction activities.

g. The board shall make such recommendations as it deems necessary and proper to the mayor and the council regarding the organization, personnel structure and management of the agency procurement function including, where appropriate, recommendations for revision of this charter or local laws affecting procurement by the city. Such reports may include recommendations regarding agency use of advisory groups to assist in preparation of bids or proposals and selection of contractors. The board shall also review the form and content of city contract documents and shall submit to the law department recommendations for standardization and simplification of contract language.

h. The board shall not exercise authority with respect to the award or administration of any particular contract, or with respect to any dispute, claim or litigation pertaining thereto.

§ 312. Procurement; general rule and exceptions. a. Prior to entering into or renewing a contract valued at more than one hundred thousand dollars to provide technical, consultant, or personal services, an agency shall follow the procedure established herein.

1. Prior to issuing an invitation for bids, request for proposals, or other solicitation, the agency shall determine whether such contract will directly result in the displacement of any city employee. If the agency determines that such result would not occur, it shall include a certification to that effect, signed by the agency head, in any invitation for bids, request for proposals, or other solicitation. If the agency determines that such result would occur, the agency shall determine the costs incurred and the benefits derived in performing the service, consistent with the scope and specifications within the solicitation, with city employees, and shall submit such analysis, with all supporting documentation, prior to issuance of any solicitation, to the comptroller.

2. Immediately upon receipt of bids and proposals, the agency shall submit such determination, analysis, and supporting documentation to the council and to the appropriate collective bargaining representatives representing employees who would be affected pursuant to paragraph 1 of subdivision a of this section.
3. Prior to award of a contract, the agency shall perform a comparative analysis of the costs expected to be incurred and the benefits expected to be derived from entering into a contract with the proposed vendor, based on such vendor's best and final offer, and such agency's analysis of the costs incurred and the benefits derived from providing the service with city employees. If the agency head intends to award the contract, he or she shall submit the reasons therefor, together with such analysis, and all supporting documentation, to the comptroller, the council, and the appropriate collective bargaining representatives representing employees who would be affected pursuant to paragraph 1 of paragraph a of this section.

4. The council may, within thirty days after receipt of such reasons, analysis, and supporting documentation hold a hearing on this matter. No contract award shall be made prior to the expiration of this thirty-day period or a council hearing, whichever is sooner.

5. a. All cost and comparative analyses required under this section shall be conducted in accordance with standard methodology of the office of management and budget, and consistent with the rules of the procurement policy board, as both are modified herein, subject to further modification by local law. Such analyses shall include all reasonable costs associated with performing the service using city employees and all reasonable costs associated with performing the service under the proposed contract.

   b. Such analyses shall further include, the total number, qualifications, job descriptions, and titles of all personnel to be employed by the vendor under the proposed contract, as well as the nature and cost of salaries and benefits to be provided to such personnel.

   c. Such analyses shall further include, but not be limited to, the cost of employee supervision directly related to the provision of the service, vendor solicitation, contract preparation, contract administration, monitoring and evaluating the contractor, capitalization of equipment over the period such equipment shall be in use, supplies; the cost of providing the equivalent quantity and quality of service by city employees compared to the cost of providing such service by contract, based upon the best and final offer of the proposed vendor, and such other factors as will assist in arriving at full and accurate cost determinations and comparisons.

6. The reasons given to award the contracts shall include all factors that have been considered in determining whether contracting for this service is in the best interest of the city, whether or not such reasons are contained within the cost or comparative analyses. Such factors shall include, but not be limited to, the potential for contractor default, the time required to perform the service, and the quality of the service to be delivered.

7. The mayor or his or her designee may prepare and implement a plan of assistance for displaced city employees, which may include, but need not be limited to, training to place such employees in comparable positions within the contracting agency or any other agency. The cost of such assistance plan may be included within the cost of contracting-out in the cost and comparative analyses.

8. For the purpose of this section, "displacement" shall mean any employment action that results in a reduction in the number of funded positions, including but not limited to, those resulting from the layoff; demotion; bumping; involuntary transfer to a new class, title, or location; time-based reductions, or reductions in customary hours of work, wages, or benefits of any city employee.
b. 1. Except as provided for in sections three hundred fourteen, three hundred fifteen and three hundred sixteen, contracts shall be awarded by competitive sealed bidding under such rules as shall be made by the procurement policy board, except that, in a special case as defined in subdivision b of this section, the head of an agency proposing to award such contract may order otherwise in accordance with policies and procedures established by the procurement policy board.

2. A determination by the head of an agency to use other than competitive sealed bidding except as provided for by sections three hundred fourteen and three hundred sixteen shall be made in writing, stating the reasons why competitive sealed bidding is not practicable or not advantageous and why the method of procurement selected pursuant to section three hundred seventeen is the most competitive alternative that is appropriate under the circumstances. The head of the agency shall include the determination or a summary of the determination in the notice of solicitation, or for an emergency procurement in the notice of award, required to be published pursuant to section three hundred twenty-five of this chapter.

c. 1. For the purposes of this chapter, the term "special case" shall be defined as a situation in which it is either not practicable or not advantageous to the city to use competitive sealed bidding for one of the following reasons:

   i. specifications cannot be made sufficiently definite and certain to permit selection based on price alone;
   ii. judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality, and other factors;
   iii. the good, service or construction to be procured is available only from a single source;
   iv. testing or experimentation is required with a product or technology, or a new source for a product or technology, or to evaluate the service or reliability of such product or technology; or
   v. such other reasons as defined by rule of the procurement policy board.

2. The procurement policy board may provide by rule that it is either not practicable or not advantageous to the city, for one of the reasons set forth in paragraph one of this subdivision, to procure a specified type of good, service or construction by competitive sealed bidding.

§ 313. Competitive sealed bidding. a. The term competitive sealed bidding shall mean a method of procurement where the award of a contract is made to the lowest responsible bidder whose bid meets the requirements and criteria set forth in the invitation for bids.

b. Procedures for competitive sealed bidding.

1. Bids shall be solicited through an invitation for bids, which shall include a purchase description and a notice of where vendors may obtain a copy of all contractual terms and conditions applicable to the procurement. A notice of the intention to solicit bids shall be publicly advertised in accordance with the provisions of section three hundred twenty-five of this chapter. The terms of such contracts shall be settled by the corporation counsel as an act of preliminary specification to an invitation for bids.

2. The agency letting the contract may reject all bids if it shall deem it for the interest of the city so to do; if not, it shall, without other consent or approval, award the contract to the lowest responsible bidder, unless the mayor shall determine in writing, justifying the reasons therefor, that it is in the best interest of the city that a bid
other than that of the lowest responsible bidder shall be accepted. Such determination shall be published in the City Record. Tie bids are to be decided by the agency letting the contract and the award made. Whenever a contract is awarded to other than the lowest bidder because the lowest bidder is determined by the agency not to be a responsible bidder or because the lowest bid is determined by the agency to not meet the requirements and criteria set forth in the invitation for bids, the agency making such determination and awarding such contract shall immediately notify the lowest bidder of such determination and shall file in the agency contract file a statement in detail of the reasons therefor.

3. Any bidder who is declared not responsible by an agency and any bidder whose bid is determined by an agency to not meet the requirements and criteria set forth in the invitation for bids may, within five days of receipt of notice of the agency decision, appeal such decision to the agency head. A determination of an agency head of an appeal of a decision of non-responsibility may be appealed to the mayor who shall take final action regarding such matter. A determination of an agency head of an appeal of a decision that a bid does not meet the requirements and criteria set forth in the invitation for bids shall be final.

c. No bid shall be valid unless accompanied by a deposit in the amount and manner set forth and specified in the proposal; provided, however, that the procurement policy board shall establish such requirements for bid deposits as are necessary and practicable, and, pursuant to rules and standards, may waive the bid deposit requirement for specific classes of purchase or types of transactions. Upon the award of the contract the deposits of unsuccessful bidders shall be returned to them, and the deposit of the successful bidder shall be returned upon execution of the contract and furnishing of the required security.

d. Every invitation for bids shall contain a provision that in the event of the failure of the bidder to execute the contract and furnish the required security within ten days after notice of the award of the contract, the deposit or so much thereof as shall be applicable to the amount of the award made shall be retained by the city, and the bidder shall be liable for and shall agree to pay on demand the difference between the price bid and the price for which such contract shall be subsequently relet, including the cost of such reletting and less the amount of such deposit. No plea of mistake in such accepted bid shall be available to the bidder for the recovery of the deposit or as a defense to any action based upon such accepted bid.

§ 314. Small purchases. a. Notwithstanding any other provision of this charter, the procurement policy board and the council may, by concurrent action, establish dollar limits for procurement of goods, services, construction, or construction-related services that may be made without competition or without public advertisement. Awards pursuant to this section shall be made in accordance with rules of the procurement policy board.

b. On or before September thirtieth, two thousand and three, and on or before the last day of every quarter thereafter, the mayor or his or her designee shall submit to the council and the comptroller a report detailing each small purchase award made pursuant to this section during the quarter that ended three months before such report is due and for which information is required to be contained in the computerized data base maintained pursuant to subdivision a of section 6-116.2 of the
administrative code. Such report shall provide the name of the vendor selected to fulfill the requirements of each such small purchase award, the date and dollar amount of each such small purchase award and the type of goods or services provided.

§ 315. Emergency procurement.
Notwithstanding the provisions of section three hundred twelve of this chapter, in the case of an unforeseen danger to life, safety, property or a necessary service, an emergency procurement may be made with the prior approval of the comptroller and corporation counsel, provided that such procurement shall be made with such competition as is practicable under the circumstances, consistent with the provisions of section three hundred seventeen of this chapter. A written determination of the basis for the emergency and the selection of the contractor shall be placed in the agency contract file and the determination or summary of such determination shall be included in the notice of the award of contract published pursuant to section three hundred twenty-five of this chapter.

§ 316. Intergovernmental procurement. Notwithstanding any other requirement of this chapter,
a. any goods may be procured, ordered or awarded through the United States General Services Administration, or any other federal agency if the price is lower than the prevailing market price; any services or construction may be procured, ordered or awarded through the United States General Services Administration, or any other federal agency if the price is fair and reasonable, and
b. any goods may be procured, ordered or awarded through the New York State office of general services, or any other state agency, if the price is lower than the prevailing market price; any services or construction may be procured, ordered or awarded through the New York State office of general services, or any other state agency, if the price is fair and reasonable.

§ 317. Alternatives to competitive sealed bidding. a. If, in accordance with section three hundred twelve, an agency determines that the use of competitive sealed bidding is not practicable or not advantageous to the city, the agency shall select the most competitive alternative method of procurement provided for by sections three hundred eighteen through three hundred twenty-two which is appropriate under the circumstance. Each agency contract file shall contain documentation of such determination and of the basis upon which each contract is awarded, as is required by the procurement policy board.
b. Each contract for goods, services or construction in value of more than five million dollars proposed by an agency to be awarded which is let by other than (i) competitive sealed bidding, (ii) competitive sealed bids from prequalified vendors, or (iii) competitive sealed proposals, where the weight assigned to each of the factors or criteria to be considered in selecting the proposal most advantageous to the city was set forth in a writing filed in the agency contract file prior to the opening of proposals, shall require the approval of the mayor prior to its execution. Notwithstanding the preceding sentence, the mayor may, where the mayor has determined that it is appropriate, exclude an agency's contracts or a particular category of contracts from the approval requirement of this subdivision.

§ 318. Competitive sealed bids from prequalified vendors. In accordance with section three hundred seventeen, bids may be solicited
§ 319. Competitive sealed proposals. In accordance with section three hundred seventeen, proposals may be solicited through a request for proposals with award to the responsible offeror whose proposal is determined to be the most advantageous to the city, taking into consideration the price and such other factors or criteria as are set forth in the request for proposals. No other factors or criteria shall be used in the evaluation and award of the contract except those specified in the request for proposals. Discussions may be conducted with responsible offerors who submit proposals, provided that offerors shall be accorded fair treatment with respect to any opportunity for discussion and revision of the proposals.

§ 320. Competitive sealed proposals from prequalified vendors. In accordance with section three hundred seventeen, proposals may be solicited from vendors who have been prequalified for the provision of a good, service or construction pursuant to section three hundred twenty-four by mailing notice to each prequalified vendor or, if special circumstances require, to a selected list of prequalified vendors. Award of the contract shall be made in accordance with the provisions of section three hundred nineteen. A determination to employ selective solicitation for a particular procurement or for a particular category of procurement shall be made in writing by the agency and approved by the mayor; unless the mayor, upon adequate assurances of an agency's capacity to comply with procedural requirements in relation to this section, has determined that such approval is not required for an agency's contracts or particular categories of contracts.

§ 321. Sole source. a. In accordance with section three hundred seventeen, a contract may be awarded for a good, service or construction without competition when an agency determines, pursuant to rules promulgated by the procurement policy board, that there is only one source for the required good, service or construction. The agency contract file shall contain the agency's determination that only a single source is available for the required good, service or construction, including the process by which the agency made such determination. Copies of such notice shall be filed with the comptroller.

b. Whenever an agency determines that there is only a single source for a good, service or construction, an agency shall give immediate notice in the City Record of such determination and shall in such notice solicit the application of vendors qualified to provide such good, service or construction, or interested in providing such good service or construction in the future. The procurement policy board shall by rule define the timing and duration of such notification to ensure that
vendors qualified to provide such good, service or construction have sufficient opportunity to express their interest to the agency prior to the initiation of any sole source negotiation; provided, however, that if the agency has determined that it should not reveal to the vendor with whom it is negotiating that it is doing so on a sole source basis under circumstances defined by rule of the procurement policy board, the notice required by this subdivision shall be made upon the completion of such negotiations or the award of the contract. Vendors interested in providing such good, service or construction in the future shall be prequalified in accordance with section three hundred twenty-four, or shall be included for receipt of notice in accordance with subdivision a of section three hundred twenty-five.

§ 322. Alternative procurement procedures. In accordance with section three hundred seventeen, a contract may be awarded according to another procurement procedure established by rule of the procurement policy board, under circumstances, defined by rule of the procurement policy board, in which the use of such procedures is in the best interest of the city. An agency determination to utilize such an alternative procurement procedure for a particular procurement or for a particular type of procurement shall require the written approval of the mayor prior to seeking bids or proposals. The agency contract file shall contain the determination to use an alternative procurement procedure which shall state (1) which circumstances defined by the board to be in the best interest of the city apply to the procurement, including the basis upon which the agency made such determination, and (2) which procedure, as defined by the board pursuant to this section, was used in awarding the contract.

§ 323. Multi-step sealed proposals. A preliminary request for proposals may be issued requesting the submission of unpriced offers. Submissions in response to such a preliminary request for proposals may be relied upon by an agency (a) to solicit competitive sealed bids in accordance with section three hundred thirteen of this chapter; (b) to solicit competitive sealed bids from prequalified vendors in accordance with section three hundred eighteen; (c) to solicit competitive sealed proposals in accordance with section three hundred nineteen; or (d) to solicit proposals from prequalified vendors in accordance with section three hundred twenty.

§ 324. Prequalification. a. Agencies may maintain lists of prequalified vendors and entry into a prequalified group shall be continuously available. Prospective vendors may be prequalified as contractors for the provision of particular types of goods, services and construction, in accordance with general criteria established by rule of the procurement policy board which may include, but shall not be limited to, the experience, past performance, ability to undertake work, financial capability, responsibility, and reliability of prospective bidders, and which may be supplemented by criteria established by rule of the agency for the prequalification of vendors for particular types of goods, services or construction or by criteria published in the City Record by the agency prior to the prequalification of vendors for a particular procurement. Such prequalification may be by categories designated by size and other factors.

b. Any vendor who is denied prequalification or whose prequalification is revoked by an agency may appeal such decision to the agency head. A determination of an agency head may be appealed to the office of
administrative trials and hearings for a hearing and such office shall take final action regarding such matter. A decision by an agency to suspend a vendor's prequalification may be appealed to the agency head, provided that if such suspension extends for more than three months it shall be deemed a revocation of the prequalification for the purposes of this section.

§ 325. Planning and Notification. a. Agencies that award client services contracts shall produce a draft and final plan and schedule detailing anticipated contracting actions for the upcoming fiscal year, and shall hold at least one public hearing each year immediately following the release of the draft plan and schedule to receive testimony regarding the plan and schedule. The draft and final plan and schedule shall include, but not be limited to: the type of services to be provided, the authorized maximum amount of funding associated with the program, the authorized number of contracts to be let for a particular program, the month and year of the next planned competitive solicitation. Failure to include a contract in the plan and schedule issued pursuant to this section shall not be grounds for invalidating the contract. The procurement policy board shall promulgate rules governing the issuance of the draft and final plans and schedules, which shall ensure that the draft plan and schedule is issued promptly following the submission of the executive budget and that the final plan and schedule is issued no later than September thirtieth each year.

b. Pursuant to rules of the procurement policy board, each agency shall

1. for each category of goods, services or construction which is regularly procured by the agency, periodically publish in the City Record a notice soliciting the names of vendors interested in being notified of future procurement opportunities in each such category,

2. for each category of goods, services or construction for which the agency prequalifies vendors for future procurement, periodically publish in the City Record a notice soliciting the names and qualifications of vendors interested in being considered for prequalification for such category, and

3. publish in the City Record, and where appropriate, in newspapers of city, state or national distribution and trade publications, notice of

(a) the solicitation of bids or proposals pursuant to section three hundred thirteen and three hundred seventeen through three hundred twenty-two, where the value of a contract is estimated to be above the small purchase limits, except where the agency has determined pursuant to section three hundred eighteen or three hundred twenty that solicitation should be limited to prequalified vendors,

(b) the award of a contract exceeding the small purchase limits in value. Each such notice of award shall indicate the name of the contractor, the dollar value of the contract, the procurement method by which the contract was let, and for contracts let by other than competitive sealed bidding, a citation of the clause of subdivision b of section three hundred twelve pursuant to which a procurement method other than competitive sealed bidding was utilized.

c. The procurement policy board, in consultation with the commissioner of general services, shall promulgate rules providing for the publication and content of notices of contract actions required by this chapter. Such rules shall include provisions regarding,

i. the timing and frequency of notices,

ii. required duration of solicitation periods,

iii. the form and content of notices, including the organization and
presentation of such notices within standard categories of goods, services and construction which are sufficiently detailed to provide meaningful distinctions among categories.

d. The notice required by subparagraph a of paragraph three of subdivision a of this section shall not apply to contracts awarded on an emergency basis pursuant to section three hundred fifteen, provided that the agency shall, as soon as is practicable, publish notice that such a contract has been entered into, pursuant to rules of the procurement policy board, nor shall such notice requirements apply where the notice would disclose litigation strategy or otherwise impair the conduct of litigation by the city.

§ 326. Public hearings on contract awards. a. Prior to entering into any contract for goods, services or construction to be awarded by other than competitive sealed bidding or competitive sealed bids from prequalified vendors, the value of which exceeds one hundred thousand dollars, the agency shall upon reasonable public notice conduct a public hearing to receive testimony regarding the proposed contract. Notwithstanding the preceding sentence, if within a period of time after such notice, which period of time shall be determined by the procurement policy board, no individual requests an opportunity to speak at such a public hearing with respect to any such proposed contract the value of which does not exceed one million dollars, then such public hearing need not be conducted. The procurement policy board may by rule exempt from this public hearing requirement contracts to be let which do not differ materially in terms and conditions, as defined by the board, from contracts currently held by the city where the parties to such contracts are the same; provided, that under no circumstance may such exemption apply to any contract in value exceeding ten million dollars.

b. The requirements of this section shall not apply to any procurement (i) let pursuant to a finding of an emergency under section three hundred fifteen, (ii) required to be made on an accelerated basis due to markets which experience significant, short-term price fluctuations, as identified by rule of the board, or (iii) where a public hearing would disclose litigation strategy or otherwise impair the conduct of litigation by the city.

§ 327. Certification of legal authority and procedural requisites. a. In the case of any contract which is let by other than competitive sealed bidding, the mayor shall certify, prior to the filing of the contract with the comptroller for registration in accordance with section three hundred twenty-eight of this chapter, that the procedural requisites for the solicitation and award of the contract have been met. The mayor may delegate such function to the agency proposing to award a contract only upon adequate assurance of an agency's capacity to comply with procedural requirements.

b. The corporation counsel shall certify prior to the filing of a contract with the comptroller for registration in accordance with section three hundred twenty-eight of this chapter, that each agency proposing to award a contract has legal authority to award each such contract.

§ 328. Registration of contracts by the comptroller. a. No contract or agreement executed pursuant to this charter or other law shall be implemented until (1) a copy has been filed with the comptroller and (2) either the comptroller has registered it or thirty days have elapsed from the date of filing, whichever is sooner, unless an objection has
been filed pursuant to subdivision c of this section, or the comptroller
has grounds for not registering the contract under subdivision b of this
section.

b. Subject to the provisions of subdivision c of this section, the
comptroller shall register a contract within thirty days unless the
comptroller has information indicating that:

i. there remains no unexpended and unapplied balance of the
appropriation or fund applicable thereto, sufficient to pay the
estimated expense of executing such contract, as certified by the
officer making the same;

ii. that a certification required by section three hundred
twenty-seven of this chapter has not been made; or

iii. the proposed vendor has been debarred by the city in accordance
with the provisions of section three hundred thirty-five.

c. The comptroller may, within thirty days of the date of filing of
the contract with the comptroller's office, object in writing to the
registration of the contract, if in the comptroller's judgment there is
sufficient reason to believe that there is possible corruption in the
letting of the contract or that the proposed contractor is involved in
corrupt activity. Such objection shall be delivered within such thirty
day period to the mayor setting forth in detail the grounds for the
comptroller's determination. After the mayor has responded to the
comptroller's objections in writing, indicating (i) the corrective
actions if any, that have been taken or will be taken in response to the
comptroller's objections, or (ii) the reasons why the mayor disagrees
with the comptroller's objections, the mayor may require registration of
the contract despite the comptroller's objections. Such response by the
mayor shall not serve as the basis for further objection by the
comptroller, and the comptroller shall register the contract within ten
days of receipt of the mayor's response.

d. The requirements of this section shall not apply to

(1) an emergency contract awarded pursuant to section three hundred
fifteen or to an accelerated procurement as defined under section three
hundred twenty-six, provided that the agency shall, as soon as is
practicable, submit any such contract to the comptroller for an audit of
the procedures and basis for the determination of the need for an
emergency or accelerated procurement, or

(2) a contract awarded pursuant to this chapter for the provision of
goods, services or construction that is not to be paid for out of the
city treasury or out of moneys under the control of the city, provided
that the board of the entity awarding such a contract shall within ten
days of awarding contract, file a copy of such contract and any related
materials specified by the mayor, with the mayor or the mayor's designee
for purposes of section three hundred thirty-four of this charter.

§ 329. By whom procured. a. All services to be performed by contract,
including the furnishing of goods incident thereto, shall be obtained by
the agency for whose use the appropriation therefor shall have been
made, except as otherwise provided by law or by rule of the procurement
policy board.

b. All other goods shall be purchased or procured by the department of
citywide administrative services, except as otherwise provided pursuant
to this chapter or other law.

c. Pursuant to rules of the procurement policy board and subject to
other sections of this chapter, each agency may purchase directly goods
in an amount not to exceed one thousand dollars for each transaction or,
with the prior approval of the commissioner of citywide administrative
services, in an amount not to exceed five thousand dollars for each transaction. The limitation of this subdivision shall not apply to purchases by an agency under a vendor contract entered into by the commissioner of citywide administrative services.

d. The dollar limits for direct agency purchases without the prior approval of the commissioner of citywide administrative services pursuant to subdivision c of this section may be raised to five thousand dollars for each transaction for any or all agencies by the commissioner of citywide administrative services with the approval of the mayor. Any proposed increases in the limits for such purchases above five thousand dollars shall be subject to the further approval of the comptroller. Any increase in dollar limits pursuant to this subdivision shall be published in the City Record and may be rescinded by the commissioner of citywide administrative services, the mayor, or the comptroller.

e. Subject to the approval of the comptroller, a specific procurement of a specific good may be delegated by the commissioner of citywide administrative services, in the best interest of the city, to any agency for direct purchase by such agency, and shall not be subject to the provisions of subdivisions b, c or d of this section; provided, however, that such delegation shall not be made for goods that are to be generally used by city agencies.

§ 330. Inspection. Inspection and acceptance or rejection of all deliveries of goods shall be made by the agency that makes the direct purchase other than under a vendor contract. The commissioner of citywide administrative services may authorize an agency to which delivery is made to perform such functions on purchases made by the department of citywide administrative services subject to standards and policies of the commissioner. The comptroller may continue to perform such inspectional duties as are necessary for auditing purposes, including ascertainment of whether items purchased and paid for by the department of citywide administrative services or other agencies have been received and put to use by agencies.

§ 331. Specifications. All purchases shall be based upon specifications which are definite and certain, which permit of competition and which shall not be at variance with standard specifications for the various classes of goods approved by the commissioner of citywide administrative services. Before adopting standard specifications the commissioner shall obtain and consider the recommendations of agencies using the items to be standardized.

§ 332. Payments procedure. The procurement policy board shall promulgate rules for the expeditious processing of payment vouchers by city agencies and departments including (i) the maximum amount of time allowed for the processing and payment of such vouchers from the later of (a) the date such vouchers are received by the agency, or (b) the date on which the goods, services or construction to which the voucher relates have been received and accepted by the agency, (ii) a program for the payment of interest, at a uniform rate, to vendors on vouchers not paid within the maximum amount of time pursuant to clause i of this subdivision, (iii) a process for the allocation and charging of any such interest payments to the budget of the agency responsible for the delay leading to the interest payments and (iv) agency reporting on the promptness of such payments in such form and containing such information as the board shall prescribe. The board shall coordinate and publish such prompt payment reports.
§ 333. Evaluation and monitoring of contractor performance. a. Each agency letting contracts shall monitor the performance of every contractor. Information with respect to contractor performance shall be maintained in a central place in accordance with subdivision c of section three hundred thirty-four.

b. 1. If a borough president determines there is reason to believe a term or condition of a contract providing for the delivery of services in the borough is not being complied with and that the contract should be terminated for noncompliance, modified, not renewed, modified at the time of renewal, or that the existing terms of the contract should be enforced, the borough president shall document in writing the reasons for that determination and present such determination, with a recommendation for appropriate action, to the agency head for review. In the case of a recommendation that a contract should not be renewed or should be modified at the time of renewal, such recommendation shall be made to the agency head at least one hundred and twenty days prior to the expiration of the contract.

2. The agency head shall respond to the borough president's findings within ten business days from receipt of such findings, indicating what action, if any, shall be taken. If such action is not satisfactory to the borough president, the borough president shall, within thirty days of receipt of such responses, be authorized to require that a hearing be held in the borough by a contract performance panel consisting of the public advocate, the comptroller and the mayor, or their designees, to receive the testimony of the borough president and other interested persons on the borough president's recommendations. The hearing shall be held within twenty days from the borough president's request for the hearing. The head of the agency which procured the services in question, or a designee of such agency head, and the contractor whose performance is being evaluated, shall have the right, and it shall be their duty when requested by the panel, to appear and be heard.

3. The panel shall recommend, within thirty days of the date of such hearing, such action as it deems appropriate and shall promptly deliver its recommendations in writing to the agency head, borough president and contractor. Within thirty days of receipt of the panel's recommendation, the agency head shall respond in writing to the panel and the borough president, indicating which of the panel's recommendations shall be acted upon and what, if any, alternative action will be taken.

4. In the case of any contract regarding which more than one borough president has submitted a determination in accordance with paragraph one of this subdivision, the agency receiving such determinations shall notify each such borough president of the agency response submitted in accordance with paragraph two of this subdivision. A hearing, if any, held shall include the comments of all such borough presidents.

§ 334. Information on city contracts. a. Agency contract files. Each agency shall maintain files containing information pertaining to the solicitation, award and management of each contract of the agency in accordance with standard record maintenance requirements established pursuant to section three thousand four of this charter. The agency contract files shall contain copies of each determination, writing or filing required by this chapter pertaining to a contract and such information as is prescribed by rule of the procurement policy board, in such form as is prescribed by the procurement policy board. Agency contract files shall be open to public inspection with adequate protection for information which is confidential.
b. Requests by elected officials for contract documentation. Whenever an elected official of the city requests documentation relating to the solicitation or award of any city contract, the mayor and city agencies shall promptly provide such documentation as is requested or shall promptly respond to the requesting official with reason why such documentation cannot be provided. If the mayor or agency is unable to provide the requested documentation within ten business days of the day the request is received, the mayor or agency shall within such time deliver to the requesting official a statement of the reasons the documentation cannot be promptly provided and shall include in such statement a timetable within which the documentation will be provided, not to exceed thirty days from the date of the original request.

c. Centralized contract and contractor information. The mayor shall ensure that copies of city contracts and other standard information regarding city contracts and contractors are reasonably available for public inspection in accordance with provisions of section one thousand sixty-four of this charter.

§ 335. Centralized evaluation of contractor integrity, performance, and capability. The mayor may evaluate the integrity, performance, and capability of entities that contract with the city, are seeking to contract with the city, or may seek to contract with the city. The mayor may designate one or more agencies to participate in such efforts. The evaluations of the mayor and any agency designated by the mayor may include conclusions regarding whether the entity should be considered a responsible contractor. The mayor and any agency designated by the mayor may make such evaluations and conclusions available to agencies and the public through a centralized data base.

CHAPTER 14
FRANCHISES, REVOCABLE CONSENTS AND CONCESSIONS

§ 362. Definitions. For the purposes of this charter:

a. "Concession" shall mean a grant made by an agency for the private use of city-owned property for which the city receives compensation other than in the form of a fee to cover administrative costs, except that concessions shall not include franchises, revocable consents and leases.

b. "Franchise" shall mean a grant by an agency of a right to occupy or use the inalienable property of the city to provide a public service.

c. "Responsible Agency" shall mean (1) with respect to a franchise, the agency designated by the mayor pursuant to section three hundred sixty-three or three hundred seventy-eight as the agency having primary expertise and responsibility for the type of franchise involved, (2) with respect to a revocable consent, the agency authorized to grant a revocable consent of the type involved pursuant to section three hundred sixty-four, or (3) with respect to a concession, the agency granting a concession.

d. "Revocable Consent" shall mean a grant by the city of a right, revocable at will, (1) to any person to construct and use for private use pipes, conduits and tunnels under, railroad tracks upon, and connecting bridges over inalienable property, (2) to an owner of real property or, with the consent of the owner, to a tenant of real property to use adjacent inalienable property for such purposes as may be permitted by rules of the department of transportation or the department of information technology and telecommunications or (3) to a public service corporation for facilities ancillary to, but not within, a
§ 363. Franchises.  

a. Franchises shall be awarded only in accordance with the provisions of an authorizing resolution adopted by the council pursuant to the provisions of this section.

b. An initial determination of the need for franchises of a particular type shall be made by the head of the agency designated by the mayor as having the primary expertise and responsibility in the policy area covered by that type of franchise. Upon making such a determination, such agency, with the advice of the corporation counsel and such other agencies as the mayor shall determine, shall prepare a proposed authorizing resolution for that type of franchise and shall submit such proposed authorizing resolution to the mayor. Such a proposed authorizing resolution shall set forth the nature of the franchise or franchises to be granted, the public service to be provided, the terms and conditions of the franchise or franchises, including any subsidies that will be given to a franchisee, the method by which proposals will be solicited for the franchise or franchises and the criteria to be used in evaluating the proposals submitted in response to such a solicitation.

c. The mayor may submit such a proposed authorizing resolution to the council. Promptly upon submission to the council, the text of any such authorizing resolution shall be published in the City Record. Within ninety days of receiving such a proposed resolution, the council or a committee of the council shall hold a public hearing on such resolution. The council may approve, approve with modifications or disapprove such resolution by majority vote. Any action of the council approving a modification to a proposed authorizing resolution or disapproving a proposed authorizing resolution shall be subject to the disapproval of the mayor in the same manner as a local law which is passed by the council, and any such disapproval shall be subject to reconsideration, repassing and adoption, notwithstanding the objections of the mayor, in the same manner as a local law which is disapproved by the mayor. The council may on its own initiative amend an authorizing resolution. The procedure for council review and approval of such a proposed amendment shall be the same as for an authorizing resolution.

d. No authorizing resolution or other action of the council may provide for any involvement by the council or any member of the council in the selection of a franchisee pursuant to such resolution.

e. Pursuant to an authorizing resolution adopted by the council, the responsible agency may issue one or more requests for proposals or other solicitations of proposals, provided that (1) the corporation counsel shall have determined that the request for proposals is consistent with the provisions of the authorizing resolution and (2) no such request or solicitation shall be issued unless either the department of city planning has determined that the proposed franchise would not have land use impacts or implications or such request or solicitation has been reviewed and approved pursuant to section one hundred ninety-seven-c and section one hundred ninety-seven-d. A community board may waive a public hearing and the preparation of a written recommendation with respect to any such request for proposals or solicitation which in its judgment does not involve a substantial land use interest. Any such request for proposals or solicitation issued in accordance with this subdivision shall set forth the criteria and procedures to be utilized in evaluating the proposals submitted in response to such request or solicitation.

f. The selection of a franchisee shall be in accordance with the
provisions of the authorizing resolution covering franchises of the type involved. Each such selection and each franchise agreement shall be subject to the review and approval of the franchise and concession review committee pursuant to sections three hundred seventy-one, three hundred seventy-two and three hundred seventy-three.

g. Nothing in this section shall preclude any agency, prior to proposing an authorizing resolution, from issuing one or more requests for information or other solicitations of information regarding the availability of potential franchisees with expertise in the subject matter of a proposed type of franchise, suggestions regarding the appropriate terms and conditions which should be contained in an authorizing resolution for that type of franchise or any other information which would assist the agency in determining how to proceed with regard to the public service involved.

h. All franchises shall be consistent with the following requirements:

(1) Every grant of a franchise or modification thereof must be by written agreement approved by the franchise and concession review committee and executed by the responsible agency under the authority of an authorizing resolution adopted by the council in accordance with the provisions of this chapter.

(2) No such agreement shall be for a longer period than twenty-five years except that in the case of a tunnel railroad it may be for a period not exceeding fifty years.

(3) The agreement may, at the option of the city, provide for giving to the grantee the right of renewals not exceeding in the aggregate twenty-five years on a fair redetermination of the compensation to the city to be made upon standards and methods as therein specified.

(4) At the termination of such agreement all the rights or property of the grantee in the inalienable property of the city to which the franchise relates shall cease without compensation.

(5) Any such agreement may provide that upon its termination the property, plant and equipment of the grantee shall, to the extent therein specified, thereupon be and become the property of the city, either without compensation to the grantee or on payment to the grantee of the fair value thereof as property, to be determined as provided in the contract, but excluding any value derived from the franchise. The city shall have the option either to take and operate on its own account the property, plant and equipment when so acquired, or to lease the same for a term not exceeding twenty years or to require that the property of the city be restored to its condition prior to the granting of the franchise.

(6) Every agreement granting a franchise for the performance of any public service shall contain an agreement by the grantee to recognize the right of its employees to bargain collectively through representatives of their own choosing, and at all times to recognize and deal with the representatives duly designated or selected by the majority of its employees for the purpose of collective bargaining in respect to rates of pay, wages, hours of employment or other conditions of employment and not to dominate, interfere with or participate in the management or control of or give financial support to any union or association of its employees. This subdivision shall not apply to a contract providing for a modification or amendment of or extension of service under a franchise not containing a similar provision, provided that the term of such franchise is not extended thereby.

§ 364. Revocable consents. a. A revocable consent shall not be
granted for a use that would interfere with the use of inalienable property of the city for public purposes, nor shall a revocable consent be granted for a purpose for which a franchise may be granted.

b. All revocable consents shall be revocable at any time by the responsible agency, shall be granted for a fixed term, and shall provide for adequate compensation to be annually provided to the city during the continuance of the consent.

c. Revocable consents, other than for telecommunications purposes, may be granted by the department of transportation with respect to property under its jurisdiction or by such other agency as may be authorized by law to grant revocable consents. Revocable consents for telecommunications purposes may be granted by the department of information technology and telecommunications. All revocable consents shall require the approval of the department of transportation.

d. Every petition for the grant of a revocable consent shall be filed with the department of transportation. Each petition shall state the location of the proposed revocable consent and shall be in such form and contain such other information as the department of transportation and other responsible agencies, if any, shall require by rule. Petitions for each type of revocable consent shall be distributed to and reviewed by the agencies required to do so by local law or executive order of the mayor. If, in the judgment of the department of city planning, a proposed revocable consent has land use impacts or implications, the petition for the proposed revocable consent shall be subject to review and approval pursuant to section one hundred ninety-seven-c and section one hundred ninety-seven-d.

e. Notwithstanding any provision of this charter or the administrative code, revocable consents to construct and operate sidewalk cafes shall be reviewed pursuant to subchapter six of chapter two of title twenty of the administrative code.

§ 365. Terms of agreements; enforcement. a. Every agreement memorializing the terms and conditions of a franchise, revocable consent or concession shall contain adequate provisions by way of forfeiture or otherwise (1) to secure efficiency of public service at reasonable rates, if a public service is to be provided, (2) to assure the maintenance of the property of the city in good condition throughout the term of the agreement, and (3) to provide for adequate compensation to the city.

* b. Every agreement memorializing the terms and conditions of a franchise, revocable consent or concession shall contain an agreement by the grantee that it will (1) permit the placement or display of the public health messages required by section 17-621 of the code, on any property subject to such franchise, revocable consent or concession, or any facility, plant, equipment or other property used in connection with such franchise, revocable consent or concession; and (2) bear any costs associated with the posting of such public health messages and any costs in terms of foregone advertising revenues associated with the placement or display of such public health messages.

* NB Effective until February 25, 2010

* b. Every agreement memorializing the terms and conditions of a franchise, revocable consent or concession shall contain an agreement by the grantee that it will (1) permit the placement or display of the public health messages required by section 17-707 of the code, on any property subject to such franchise, revocable consent or concession, or any facility, plant, equipment or other property used in connection with such franchise, revocable consent or concession; and (2) bear any costs
associated with the posting of such public health messages and any costs in terms of foregone advertising revenues associated with the placement or display of such public health messages.

* NB Effective February 25, 2010

c. The responsible agency shall also monitor the performance of the grantee and enforce the terms and conditions of any franchise, revocable consent or concession under its jurisdiction.

§ 371. Public hearing on proposed agreement; publication of notice. The franchise and concession review committee in the case of a franchise, or the responsible agency in the case of a revocable consent, shall hold a public hearing on the proposed agreement memorializing the terms and conditions of each proposed franchise or revocable consent before final approval of the proposed franchise or consent. Any such public hearing conducted by the franchise and concession review committee shall be held within thirty days of the filing with the committee by the responsible agency of a proposed agreement containing the terms and conditions of the proposed franchise. No hearing held by the franchise and concession review committee or by the responsible agency shall be held until after notice thereof and a summary of the terms and conditions of the proposed agreement shall have been published for at least fifteen days, except Sundays and legal holidays, immediately prior thereto in the City Record, nor until a notice of such hearing, indicating the place where copies of the proposed agreement may be obtained by all those interested therein, shall have been published at least twice at the expense of the proposed grantee in a daily newspaper designated by the mayor which is published in the city of New York and having a circulation in the borough or boroughs in which the affected property of the city is located and a weekly newspaper or newspapers designated by the mayor which are published in the city of New York and have a circulation in the community district or districts in which the affected property of the city is located. In the event a franchise or revocable consent relates to property of the city located in more than one borough, notice of hearing in a weekly newspaper shall not be required; however, in that event, notice of hearing in two daily newspapers, and mailing by the grantee, no later than fifteen days immediately prior to the date of the public hearing, of such notice to the borough presidents and community boards and council members in whose districts the affected property of the city is located, shall be required. In the case of a franchise for a bus route which crosses one or more borough boundaries, notice of hearing in a weekly newspaper shall not be required; however, in that event, notice of hearing in two daily newspapers, and mailing by the grantee, no later than fifteen days immediately prior to the date of the public hearing, of such notice to the borough presidents and community boards and council members in whose districts the bus route is located, and posting of such notice in the buses operating upon such route, shall be required.

§ 372. Powers of the mayor. a. The separate and additional approval of the mayor shall be necessary to the validity of every franchise agreement and revocable consent agreement.

b. Every such agreement shall before it takes effect be presented, duly certified, to the mayor for approval. Such agreement shall not be effective unless approved by the mayor within sixty days after it is presented to the mayor.

§ 373. Franchise and concession review committee. a. A franchise and
concession review committee is hereby established. The committee shall consist of the following officials or their designees: the mayor, who shall serve as chair; the director of the office of management and budget; the corporation counsel; the comptroller; and one additional appointee of the mayor. Whenever the committee reviews a proposed franchise or concession or the procedures for granting a particular concession, the borough president of the borough in which such franchise or concession is located or his or her designee shall also serve as a member of the committee. If such a franchise, concession or procedure relates to more than one borough, the borough presidents of such boroughs shall designate one of such borough presidents or another individual to serve as a member of the committee for the purpose of considering such matter.

b. The mayor shall designate a public officer or employee to act as the clerk of the committee who shall be responsible for maintaining the records and minutes of the committee and performing such other duties as may be required.

c. The committee shall act by the affirmative vote of at least four members except that the affirmative vote of at least five members shall be required to approve a franchise agreement.

d. The committee shall:

(1) adopt rules establishing procedures for granting concessions through public bidding or by other means designed to ensure a competitive and fair process;

(2) review and approve the granting of concessions that are proposed to be granted pursuant to procedures that differ from the procedures established by the rules of the committee; provided, however, that the committee need not review awards of concessions that are not subject to renewal and have a term of less than thirty days;

(3) determine whether each franchise agreement proposed by a city agency is consistent with the request for proposal or other solicitation pursuant to which such agreement was negotiated and require appropriate modifications to any such agreements to correct any significant inconsistencies; and

(4) review and approve the selection of franchisees pursuant to subdivision f of section three hundred sixty-three.

§ 374. Concessions. a. No city agency shall grant a concession without either complying with the procedures established by the franchise and concession review committee or obtaining the approval of the committee prior to granting the concession.

b. The city planning commission shall adopt rules that either list major concessions or establish a procedure for determining whether a concession is a major concession. A "major concession" shall mean a concession that has significant land use impacts and implications, as determined by the commission, or for which the preparation of an environmental impact statement is required by law. All major concessions shall be subject to review and approval pursuant to section one hundred ninety-seven-c and section one hundred ninety-seven-d.

§ 375. Registration with the comptroller. department and school principal or district superintendent in accordance
with the provisions of subdivision b of this section shall have immunity
from any civil liability that may arise from the making of such report,

There shall be an art commission the members of which shall be the mayor, who may appoint a person to represent him and replace such representative at his pleasure, the president of the Metropolitan Museum of Art, the president of the New York Public Library (Astor, Lenox and Tilden foundations), the president of the Brooklyn Museum, one painter, one sculptor, one architect, and one landscape architect, all of whom shall be residents of the city, and three other residents of the city no one of whom shall be a painter, sculptor, architect, landscape architect or active member of any other profession in the fine arts.

b. All the members of the commission shall serve without compensation for their service on the commission. Those whose service is not ex officio shall be appointed by the mayor from a list of not less than three times the number to be appointed, such list to be submitted by the Fine Arts Federation of New York. In case the Fine Arts Federation shall fail to present a list of nominees within three months from the time when a vacancy occurs, the mayor shall appoint without such nomination. In case the mayor shall fail to appoint within one year from the time when a vacancy occurs, such vacancy shall be filled by the commission for any balance of the unexpired term.

c. In all matters which come before the commission pertaining to work under the special charge of an agency, the head of such agency may act as a member of the commission. Each president of an institution who is an ex officio member may, by a writing filed with the executive director of the commission, appoint a trustee of the institution of which he is president to serve in his place as member of the commission. Such appointment shall be revocable at any time by such president and shall terminate whenever he ceases to be president.
§ 852. Terms of members; vacancies. All appointments of members of the commission whose service is not ex officio shall be for a term of three years commencing at the expiration of the terms of the present incumbents, except that appointments to fill vacancies shall be for the unexpired term. All vacancies shall be filled in accordance with the provisions of section eight hundred fifty-one.

§ 853. Officers; procedures; expenses. a. The commission shall elect a president, vice-president and secretary from its own members, whose terms of office shall be for one year and until their successors are elected and have qualified. The commission shall keep minutes of its proceedings and adopt its own rules of procedure, which shall be public documents. Six commissioners, excluding any who may be acting temporarily as representatives of an agency pursuant to subdivision c of section eight hundred fifty-one, shall constitute a quorum.

b. The offices and staff necessary for the commission to fulfill its obligations shall be provided for the commission, and the amount of its necessary expenses shall annually be provided in the budget.

§ 854. Approvals by the commission. a. The term "works of art" as used in this chapter shall apply to and include all sculptures, paintings, mural decorations, mosaics, stained glass, statues, carvings or castings in high or low relief, inscriptions, monuments, and fountains installed or erected or to be installed or erected upon or over land belonging to the city whether the works of art be the property of the city itself or of an institution, corporation or private individual, and whether intended for ornament, commemoration or actual use.

b. The term "structure" as used in this chapter shall apply to and include all buildings, walks, bridges and viaducts and their approaches, exterior walls, arches, docks, piers, gates, fences, steps, curbing, distinctive pavings, benches, lamps, posts, traffic signals, and signage other than signage guiding, directing or otherwise regulating and controlling traffic erected pursuant to chapter seventy-one of the charter.

c. On request or on its own initiative, the art commission may consult with and advise any such agency as to the suitability of preliminary plans for any work of art under consideration for acquisition or the design or location of any work of art or any structure under consideration for installation or erection in, on or over any property of the city.

d. No work of art shall hereafter become the property of the city by gift or otherwise, or be purchased, commissioned, contracted for, accepted, erected or placed in or upon any public building, or allowed to be placed on or extend into or over any public street, avenue, highway, square, park, dock or pier or other public place belonging to the city, unless such work of art or a design of the same, accompanied by a specification and an estimate of the cost thereof, a plan showing its proposed location, and, if the commission deems it necessary or desirable, also a model, and any other pertinent information as may be required by the commission including a plan in such detail as the commission may require for the maintenance or conservation thereof, shall first have been submitted to the commission by the agency having jurisdiction, and such work of art or the design thereof, its location, and the plan for its maintenance or conservation, shall have been approved in writing by the commission. The commission shall have authority to bar final payment for the purchase or erection of any such
work of art if the president or executive director of the commission certifies that the work of art has not been completed substantially in accordance with the approval of the commission.

e. No structure, except as provided in subdivision f or h, shall be erected or placed upon land belonging to the city, and no arch, bridge, structure or approach which is the property of any corporation or private individual shall extend over or upon any street, avenue, highway, park or public place belonging to the city, and no new lines, grades or plotting or layout of public ways and grounds shall be accepted or work in pursuance thereof commenced unless the design thereof, accompanied by an estimate of cost and a plan showing the proposed location, shall have been submitted to the commission and the design, and in the case of a building or other structure its location in relation to existing or projected developments in the vicinity, shall have been approved in writing by it. If exterior wall, fences, gates, steps, curbing, distinctive paving, benches, lamps, posts, signage, traffic signals or other structures of the same type and design are considered for installation at various locations, the commission may approve the type and design with specifications as to the types of location for which they would be approved as suitable without passing on each individual installation. In addition, replacements-in-kind need not be approved by the commission. The commission shall have the authority to bar final payment for such structure, or for such lines, grades or plotting or layout of public ways and grounds if the president or executive director of the commission certifies that the work has not been erected or placed substantially in accordance with the approval of the commission.

f. In the case of any building or other structure that is part of a construction or other project, where the total estimated cost of such project shall not exceed one million dollars, the approval of the commission pursuant to this section shall not be required if the mayor or the council shall in writing request the commission not to act. Nothing in this section shall be construed as intended to impair the concurrent power of the commissioner of parks and recreation to refuse his or her consent to the erection or acceptance of any public monument or memorial or other work of any sort within any park, square or other public place under his jurisdiction.

g. Designs for all works of art or structures intended for temporary use in a fixed location during a period of more than one year, shall be subject to the same forms of procedure as those adopted for permanent use; but the approval of such designs shall be for a period to be determined by the commission, not to exceed three years, after which the commission shall either extend the period or order the removal of the work of art or structure.

h. Notwithstanding any inconsistent provision of this chapter, if an approval of a structure pursuant to subdivision e of this section primarily concerns a landmark, landmark site, landmark interior, an existing building within a scenic landmark, or an action within an historic district, and also requires a report or determination by the landmarks preservation commission pursuant to chapter three of title twenty-five of the administrative code of the city of New York, then, in that event, the powers and duties of the art commission with respect to such structures pursuant to such subdivision e and subdivisions f and g of this section shall instead be exercised by the landmarks preservation commission pursuant to its own rules and procedures. If such commission shall fail to take action upon any matter legally submitted to it within sixty days after such submission, its action shall be deemed
unnecessary. Any action taken by such commission pursuant to this subdivision shall be filed with the art commission.

§ 855. Time for decision limited. If the commission shall fail to take action upon any matter legally submitted to it within sixty days after such submission, its action shall be deemed unnecessary.

§ 856. Maintenance, repair, removal, relocation or alteration of works of art. a. The commission shall periodically examine all works of art belonging to the city, shall make, request or approve detailed recommendations for their cleaning, maintenance and repair, and shall have general and curatorial supervision over such works of art belonging to the city and their cleaning, maintenance and repair. Except as provided in subdivision d, no cleaning, restoration, repair, alteration, removal or relocation of any work of art shall be contracted for, commenced, or prosecuted, unless approved in writing by the commission. Except as provided in subdivision d, the commission shall have the authority to bar final payment for such work if the president or the executive director of the commission certifies that the work has not been completed substantially in accordance with the commission's approval.

b. If a city agency fails to expend funds allocated for the proper maintenance of works of art, or allows undue deterioration to occur which threatens the visual and structural integrity of any work of art under its jurisdiction, the commission shall be authorized to review the procedures governing the care of said work and may request the agency to relocate such work to a suitable location approved by the commission.

c. Before any work of art is repaired, altered, demolished, removed, or relocated, the art commission shall be notified and given an opportunity, not to exceed sixty days, to pass on the disposition of such work of art. The commission may, with the consent of the mayor, order the work of art to be preserved. Except as provided in subdivision d, no work of art shall be altered, demolished, removed or relocated without the written approval of the commission.

d. In case the immediate removal, repair or relocation of any existing work of art shall be deemed necessary by the mayor, he may require the commission to pass on its disposition within an emergency period, which shall be not less than three business days after the receipt of written notice from him. In case of the commission's failure to act within such period, he may authorize the removal, repair or relocation without such action.

§ 857. Advisory oversight of works of art. a. The art commission shall have general advisory oversight over all works of art belonging to the city. It shall advise the agencies having jurisdiction over them as to methods and procedures for their proper maintenance.

b. The commission shall maintain and make available for inspection a register of (i) works of art in the city's collection which have been preserved and (ii) works of art in the city's collection which are available, as determined by either the agency or the commission, for a new use or relocation. Every agency shall maintain a list of works of art installed in or erected upon city property assigned for use by the agency and shall notify the commission whenever a work of art becomes available, in its judgment, for a new use or relocation.

§ 858. Notice of agenda. A printed calendar of items to be heard, which may be subject to later amendment, shall be made available to the
public and forwarded to members of the council at least three days in advance of the meeting.

The inadvertent failure to provide the reason such rule was not included in the regulatory agenda shall not serve to invalidate the rule.

§ 1043. Rulemaking. a. Authority. Each agency is empowered to adopt
rules necessary to carry out the powers and duties delegated to it by or pursuant to federal, state or local law. No agency shall adopt a rule except pursuant to this section. Each such rule shall be simply written, using ordinary language where possible.

b. Notice. 1. Each agency shall publish the full text of the proposed rule in the City Record at least thirty days prior to the date set for a public hearing to be held pursuant to the requirements of subdivision d of this section or the final date for receipt of written comments, whichever is earlier. A proposed rule amending an existing rule shall contain in brackets any part to be deleted and shall have underlined or italicized any new part to be added. A proposed rule repealing an existing rule shall contain in brackets the rule to be repealed, or if the full text of the rule was published in the Compilation required to be published pursuant to section one thousand forty-five, shall give the citation of the rule to be repealed and a summary of its contents. Such published notice shall include a draft statement of the basis and purpose of the proposed rule, the statutory authority, including the particular sections and subdivisions upon which the action is based, the time and place of public hearing, if any, to be held or the reason that a public hearing will not be held, and the final date for receipt of written comments. If the proposed rule was not included in the regulatory agenda, such notice shall also include the reason the rule was not anticipated, as required in subdivision c of section one thousand forty-two of this chapter.

2. Copies of the full text of the proposed rule shall be electronically transmitted to the office of the speaker of the council, the council’s office of legislative documents, the corporation counsel, each council member, the chairs of all community boards, the news media and civic organizations no later than the date the proposed rule is transmitted to the City Record for publication pursuant to paragraph one of subdivision b of this section; provided that an inadvertent failure to fully comply with the notice requirements of this paragraph shall not serve to invalidate any rule.

3. (a) News media, for the purposes of this subdivision, shall include (i) all radio and television stations broadcasting in the city of New York, all newspapers published in the city of New York having a city-wide or borough-wide circulation, and any newspaper of any labor union or trade association representing an industry affected by such rule, and (ii) any community newspaper or any other publication that requests such notification on an annual basis.

(b) Civic organizations, for the purposes of this subdivision, shall include any city-wide or borough-wide organization or any labor union, trade association or other group that requests such notification on an annual basis.

c. Review of statutory authority. The corporation counsel shall review the proposed rule to determine whether it is within the authority delegated by law to the agency proposing the rule. If the corporation counsel determines that the proposed rule is not within the agency’s delegated authority, the corporation counsel shall notify the agency in writing prior to the publication of the final rule in the City Record.

d. Opportunity for and consideration of agency and public comment. The agency shall provide the public an opportunity to comment on the proposed rule (i) through submission of written data, views, or arguments, and (ii) at a public hearing unless it is determined by the agency in writing, which shall be published in the notice of proposed rulemaking in the City Record, that such a public hearing on a proposed rule would serve no public purpose. All written comments and a summary
of oral comments concerning a proposed rule received from the public or any agency shall be placed in a public record and be made readily available to the public as soon as practicable and in any event within a reasonable time, not to be delayed because of the continued pendency of consideration of the proposed rule. After consideration of the relevant comments presented, the agency may adopt a final rule pursuant to subdivision e of this section. Such final rule may include revisions of the proposed rule, and such adoption of revisions based on the consideration of relevant agency or public comments shall not require further notice and comment pursuant to this section.

e. Effective date. 1. No rule shall be effective until
(a) the rule is filed by the agency with the corporation counsel for publication in the Compilation,
(b) the rule and a statement of basis and purpose is transmitted to the council for its information, and
(c) the rule and a statement of basis and purpose have been published in the City Record and thirty days have elapsed after such publication. The requirement that thirty days shall first elapse after such publication shall not apply where a finding that a substantial need for the earlier implementation of a program or policy has been made by the agency in writing and has been approved by the mayor prior to the effective date of the rule and such finding and approval is contained in the notice.

2. A rule shall be void if it is not published in the next supplement to the Compilation in which its publication is practicable; provided, however, that in the case of an inadvertent failure to publish a rule in such supplement, the rule shall become effective as of the date of its publication, if it is published within six months of the date the corporation counsel receives notice of its omission; and further provided that any judicial or administrative action or proceeding, whether criminal or civil, commenced under or by virtue of any provision of a rule voided pursuant to this section and pending prior to such voidance, may be prosecuted and defended to final effect in the same manner as they might if such rule had not been so voided.

f. Petition for rules. Any person may petition an agency to consider the adoption of any rule. Within sixty days after the submission of a petition, the agency shall either deny such petition in writing, stating the reasons for denial, or state the agency's intention to initiate rulemaking, by a specified date, concerning the subject of such petition. Each agency shall prescribe by rule the procedure for submission, consideration and disposition of such petitions. In the case of a board, commission or other body that is not headed by a single person, such rules of procedure may authorize such body to delegate to its chair the authority to reject such petitions. Such decision shall be within the discretion of the agency and shall not be subject to judicial review.

g. Maintenance of comments. Each agency shall establish a system for maintaining and making available for public inspection all written comments received in response to each notice of rulemaking.

h. Emergency procedures. 1. Notwithstanding any other provision of this section, an agency may adopt a rule prior to the notice and comment otherwise required by this section if the immediate effectiveness of such rule is necessary to address an imminent threat to health, safety, property or a necessary service. A finding of such imminent threat and the specific reasons for the finding must be made in writing by the agency adopting such rule and shall be approved by the mayor before such rule may be made effective. In the event that an elected official other
than the mayor has the authority to promulgate rules, such official may
make such findings without prior mayoral approval. The rule and
accompanying finding shall be made public forthwith and shall be
published in the City Record as soon as practicable. Agencies shall also
electronically transmit all emergency rules adopted pursuant to this
paragraph to the office of the speaker of the council, the council's
office of legislative documents, the corporation counsel, each council
member, the chairs of all community boards, the news media and civic
organizations, as such term is defined in subdivision b of this section,
no later than the date the emergency rules are transmitted to the City
Record for publication pursuant to this paragraph.

2. A rule adopted on an emergency basis shall not remain in effect for
longer than sixty days unless the agency has initiated notice and
comment otherwise required by this section within such sixty day period
and publishes with such notice a statement that an extension of such
rule on an emergency basis is necessary for an additional sixty days to
afford an opportunity for notice and comment and to adopt a final rule
as required by this section; provided that no further such finding of an
emergency may be made with respect to the same or a substantially
similar rule.

§ 1044. Review of previously adopted rules. a. Submission of
previously adopted rules. 1. By the tenth day of August, nineteen
hundred eighty-nine, each agency shall send to the corporation counsel a
copy of each rule, as defined in subdivision five of section one
thousand forty-one, in force as of the first day of January of nineteen
hundred eighty-nine. Each such rule shall be identified by the agency as
one of the following:

(a) a rule which should be continued in its present form;
(b) a rule which should be continued with amendments; or
(c) a rule which should be repealed.

2. Any amendment or repeal of a rule described in paragraph one of
this subdivision, shall be subject to the provisions set forth in
section one thousand forty-three.

b. In regard to all rules submitted pursuant to subdivision a of this
section, the corporation counsel shall

1. include such rules in the Compilation required to be published
pursuant to section one thousand forty-five; provided, however, that
each rule which the agency identifies as a rule which should be
continued but with amendments, and each rule which the agency identifies
as a rule which should be repealed, shall be published in the
Compilation with an appropriate notation as to the agency's comments and
intentions. Such notations shall be provided for informational purposes
only and such rule in its present form shall remain in full force and
effect until and unless such rule is amended or repealed pursuant to the
procedures set forth in section one thousand forty-three, and

2. submit to the City Record for publication by the first day of
September, nineteen hundred ninety, a list of rules submitted pursuant
to subdivisions a and e of this section, except for rules contained in
the health code. Such list shall include for each rule a short
descriptive title, as well as any available identifying names, numbers,
adoption dates or similar information regarding such rule; and an
indication of the agency's intention to continue such rule without
amendments, to continue it with amendments or to repeal it.

c. No rule, as defined in subdivision five of section one thousand
forty-one, which is in force as of the first day of January, nineteen
hundred eighty-nine shall have any force or effect on or after the tenth
day of August, nineteen hundred and eighty-nine unless it is submitted by the agency to the corporation counsel by such date.

d. Except as provided in subdivision e, no rule adopted by any agency prior to the effective date of this chapter shall have any force or effect after the first day of July, nineteen hundred ninety-one unless it is included in the Compilation required to be published by that date pursuant to section one thousand forty-five; provided however that in the case of an inadvertent failure to publish a rule in such Compilation, the rule shall become effective as of the date of its publication, if it is published within six months from the date the corporation counsel received notice of its omission, and further provided that any judicial or administrative action or proceeding, whether criminal or civil, commenced under or by virtue of any provision of a rule voided pursuant to this section and pending prior to such voidance, may be prosecuted and defended to final effect in the same manner as they might if such rule had not been so voided.

e. On or before a date one hundred eighty days after the publication date of the Compilation required to be published pursuant to section one thousand forty-five, any person may submit to the agency involved a copy or a description of a rule which such person believes to be in force as of the effective date of this chapter. Upon the receipt of a description or copy of such a rule, the agency shall endeavor to verify the existence of such rule and upon identifying such rule, if such rule was in force and effect as of the effective date of this chapter and has not been submitted to the corporation counsel pursuant to subdivision a of this section, the agency shall take the actions required pursuant to subdivision a of this section, and notwithstanding the provisions of subdivisions c and d of this section, such rule shall remain in force and effect until or unless amended or repealed pursuant to section one thousand forty-three.

§ 1045. Compilation of city rules. a. The corporation counsel shall publish a Compilation of city rules and thereafter keep such Compilation up to date through supplements issued at least every six months and at such other times as the corporation counsel shall determine. The Compilation and its supplements shall be certified by the corporation counsel and shall include every rule currently in effect. The Compilation and its supplements may contain such other information as the corporation counsel deems necessary and appropriate for full understanding of any rule or which the corporation counsel in his or her discretion determines may be of interest or assistance to the public. The Compilation and its supplements shall be organized by agency and indexed by subject matter. An indexed edition of the Compilation shall be published by the first day of July, nineteen hundred ninety-one, which date shall be deemed the publication date of the Compilation, and shall be updated and republished by the first day of March of every fourth year thereafter.

b. The rules contained within the Compilation and its supplements shall be certified by the corporation counsel and shall be the rules of the city unless added to, amended or repealed in accordance with section ten hundred forty-three of the charter. Materials included in the Compilation may be edited, rearranged and updated for clarity, accuracy and reorganization without change in substance. Section numbers, stylistic and organizational formats and other non-substantive revisions to the rules effected by the law department pursuant to this subdivision shall become effective on the publication date of the Compilation and upon the publication of each supplement.
c. Documents submitted by an agency pursuant to subdivision a of section ten hundred forty-four of the charter which were not formally adopted by the agency as rules pursuant to section eleven hundred five of the charter as in effect prior to November eighth, nineteen hundred eighty-eight shall either be included in the Compilation or filed in the municipal reference and research center in the manner provided below. All documents which the corporation counsel, in his or her discretion, determines should not be included in the Compilation shall be organized by agency and subject matter in a form which shall be easily accessible to the public and filed by the corporation counsel in the municipal reference and research center on or prior to July first nineteen hundred ninety-one. Notice of such filing and a list of the documents filed shall be published in the City Record. Notwithstanding any inconsistent provision of section ten hundred forty-four of the charter, any of such documents so filed shall, if otherwise valid, continue to be effective provided, however, that the amendment or repeal of any document which is within the definition of rule set forth in subdivision five of section ten hundred forty-one of the charter shall be in accordance with section ten hundred forty-three of the charter.

§ 1046. Adjudication. Where an agency is authorized to conduct an adjudication, it shall act, at a minimum, in accordance with the provisions set forth below. The parking violations bureau shall not be subject to the requirements of this section.

a. Notice. All parties shall be given reasonable notice of such hearing, which shall include:
   1. a statement of the nature of the proceeding and the time and place it will be held, if applicable;
   2. a statement of the legal authority and jurisdiction under which the hearing is to be held, and a reference to the particular sections of the law and rules involved; and
   3. a short and plain statement of the matters to be adjudicated, including reference to the particular sections of law and rule involved.

b. Notice of agency procedures. Agencies shall adopt rules governing agency procedures for adjudications and appeals. Agencies shall make a copy of any such rule available, upon request, to any party who has received notice of violation of the laws, rules or orders enforced by the agency.

c. Hearing. 1. All parties shall be afforded an opportunity for a hearing within a reasonable time. At the hearing the parties shall be afforded due process of law, including the opportunity to be represented by counsel, to issue subpoenas or request that a subpoena be issued, to call witnesses, to cross-examine opposing witnesses and to present oral and written arguments on the law and facts. Adherence to formal rules of evidence is not required. No ex parte communications relating to other than ministerial matters regarding a proceeding shall be received by a hearing officer, including internal agency directives not published as rules.
   2. Findings of fact shall be based exclusively on the record of the proceeding as a whole. Except as otherwise provided for by state or local law, the party commencing the adjudication shall have the burden of proof.
   3. The hearing shall be transcribed or recorded and a copy of the transcript or record, or any part thereof, shall be made available to any party to the hearing upon request therefor. A typed or recorded copy of such transcript shall be provided upon request for a reasonable cost.

d. Informal disposition. Unless precluded by law, informal disposition
may be made of any matter which is the subject of an adjudication by methods of alternative dispute resolution, stipulation, agreed settlement, or consent order.

e. Hearing officer. Except as otherwise provided for by this charter the person presiding at a hearing shall be assigned solely to adjudicative and related duties. Except as otherwise provided for by the rules of the agency, such hearing officer shall make final findings of fact and shall not make any final decision, determination, or order, but shall only recommend such, and shall forward such recommendation and the record of the adjudication to the agency, who may adopt, reject or modify any such recommended decision, determination or order.

f. Recommendation or decision. Any recommended decision, final decision, determination or order shall be in writing, or stated in the record if the parties are present, and shall include findings of fact and conclusions of law. A copy of any written recommended decision, final decision, determination, or order shall be delivered or mailed forthwith to each party.

§ 1047. Declaratory ruling. On the written petition of any person, an agency may issue a written declaratory ruling on the applicability of any rule adopted by it, to any person, property, or state of facts. A declaratory ruling shall be binding only with respect to the person who makes the petition and only with respect to the stated facts contained in the petition.

CHAPTER 45-A
OFFICE OF ADMINISTRATIVE TRIALS AND HEARINGS

§ 1048. Office. There shall be an office of administrative trials and hearings which shall conduct adjudicatory hearings for all agencies of the city unless otherwise provided for by executive order, rule, law or pursuant to collective bargaining agreements. The office shall be directed by the chief administrative law judge, who shall be an attorney admitted to practice for at least five years in the state of New York. The chief administrative law judge shall be appointed by the mayor.

§ 1049. Powers of the chief administrative law judge.
1. 3. In the conduct of an adjudication, an administrative law judge may:
   (a) hold conferences for the settlement or simplification of the issues;
(b) administer oaths and affirmations, examine witnesses, rule upon offers of proof, receive evidence, and oversee and regulate discovery procedures;

(c) upon the request of an agency or any party, or upon the administrative law judge’s own volition, subpoena the attendance of witnesses and the production of books, records, or other information;

(d) regulate the course of the hearing in accordance with agency rules and chapter forty-five of the charter, provided that if agency rules are silent as to a particular matter, the rules of the office of administrative trials and hearings shall apply;

(e) dispose of procedural requests or similar matters;

(f) make recommended or final findings of fact or decisions, determinations or orders, as authorized by law;

(g) take any other action authorized by law or agency rule consistent therewith.

§ 1049-a. Environmental control board. a. There shall be in the office of administrative trials and hearings an environmental control board consisting of the commissioner of environmental protection, the commissioner of sanitation, the commissioner of buildings, the commissioner of health and mental hygiene, the police commissioner, the fire commissioner and the chief administrative law judge of the office of administrative trials and hearings, who shall be chair, all of whom shall serve on the board without compensation and all of whom shall have the power to exercise or delegate any of their functions, powers and duties as members of the board, and six persons to be appointed by the mayor, with the advice and consent of the city council, who are not otherwise employed by the city, one to be possessed of a broad general background and experience in the field of air pollution control, one with such background and experience in the field of water pollution control, one with such background and experience in the field of noise pollution control, one with such background and experience in the real estate field, one with such background and experience in the business community, and one member of the public, and who shall serve for four-year terms. Such members shall be compensated at the rate of one hundred fifty dollars per day when performing the work of the board. Within its appropriation, the board may appoint an executive director and such hearing officers, including non-salaried hearing officers and other employees as it may from time to time find necessary for the proper performance of its duties.

b. The environmental control board may adopt and amend regulations not inconsistent with any provision of law:

(1) regulating or prohibiting the emission into the open air from any source, whether fixed or movable, and whether on land or waters of any harmful or objectionable substances including, but not limited to, smoke, soot, dust, fumes, flyash, gas vapors and odors, and the installation, construction or alteration of equipment giving forth such emissions into the open air insofar as such emissions are effected thereby; and

(2) regulating or prohibiting the emission into the waters within and about the city of New York from any source whether fixed or movable and whether on land or water of any harmful or objectionable substances, contaminants and pollutants.

b-1. The environmental control board shall promulgate rules or regulations not inconsistent with any provision of law:

(1) providing that appropriate language assistance services are afforded respondents whose primary languages are not English to assist
such respondents in communicating meaningfully with hearing officers;

(2) (a) providing that if a notice of violation sets forth a specific hearing date and hearing office and the respondent timely appears on such date at such office pursuant to that notice of violation, then the hearing officer may exercise his or her discretion to adjourn the hearing only: (i) if a representative of the petitioning agency appears at the hearing; (ii) if, due to extraordinary circumstances, a representative of the petitioning agency is not present at the hearing; or (iii) if the respondent consents to the adjournment;

(b) notwithstanding any other provision of this charter, for the purpose of making an appearance under this paragraph, any city agency that issues notices of violations returnable to the environmental control board may delegate authority to appear on its behalf to any representative authorized to appear on behalf of any other city agency that issues notices of violation returnable to the environmental control board; and

(3) providing that if (i) a hearing has been adjourned by a hearing officer solely for the purpose of obtaining the presence and testimony of the officer of the petitioning agency who issued the subject notice of violation, (ii) the respondent timely appears on the adjourned hearing date, and (iii) such officer of such agency fails to timely appear on the adjourned hearing date, then the hearing shall not be further adjourned solely to obtain the presence and testimony of such officer of such agency, unless the respondent consents to the adjournment or the hearing officer determines that extraordinary circumstances warrant the adjournment.

c. (1) The environmental control board shall enforce the provisions of the charter and the administrative code, and any rules and regulations made thereunder, which relate to:

(a) the cleanliness of the streets;
(b) the disposal of wastes;
(c) the provision of a pure, wholesome and adequate supply of water;
(d) the prevention of air, water and noise pollution;
(e) the regulation of street peddling;
(f) the prevention of fire and danger to life and property therefrom which are within the jurisdiction of the fire department and which the fire commissioner shall designate by rule or regulation;
(g) the construction, alteration, maintenance, use, occupancy, safety, sanitary condition, mechanical equipment and inspection of buildings or structures and the regulation, inspection and testing of wiring and appliances for electric light, heat and power in or on buildings or structures in the city which are within the jurisdiction of the department of buildings or the department of small business services and which the commissioner of buildings or the commissioner of small business services shall designate by rule or regulation;
(h) the response to emergencies caused by releases or threatened releases of hazardous substances;
(i) the use and regulation of all property subject to the jurisdiction of the department of parks and recreation;
(j) the reporting of information relating to the amount, location and nature of hazardous substances, and the labeling of hazardous substances;
(k) the construction, maintenance and repair and obstruction or closure of public roads, streets, highways, parkways, bridges and tunnels which are within the jurisdiction of the department of transportation and the department of information technology and telecommunications;
(l) the use and regulation of all property subject to the jurisdiction of the department of small business services;
(m) the defacement of property; and
(n) landmarks and historic districts within the jurisdiction of the landmarks preservation commission.
(2) The board shall have concurrent jurisdiction with the board of health to enforce those provisions of the health code and the rules and regulations relating thereto which the board of health shall designate.
(3) The board shall have authority from time to time to make, amend and rescind such rules and regulations as may be necessary to carry out its duties under this subdivision.
d. (1) (a) The environmental control board shall conduct proceedings for the adjudication of violations of the laws, rules and regulations enforced by it pursuant to the provisions of subdivision c of this section or of any other law providing for enforcement by the environmental control board in accordance with this paragraph (1) and with rules and regulations promulgated by the board, and shall have the power to render decisions and orders and to impose the civil penalties provided under law for such violations.
(b) The form and wording of notices of violation shall be prescribed by the board. The notice of violation or copy thereof when filled in and served shall constitute notice of the violation charged, and, if sworn to or affirmed, shall be prima facie evidence of the facts contained therein.
(c) The notice of violation shall contain information advising the person charged of the manner and the time in which such person may either admit or deny the violation charged in the notice. Such notice of violation shall also contain a warning to advise the person charged that failure to plead in the manner and time stated in the notice may result in a default decision and order being entered against such person. The original or a copy of the notice of violation shall be filed and retained by the board and shall be deemed a record kept in the ordinary course of business.
(d) Where a respondent has failed to plead within the time allowed by the rules of the board or has failed to appear on a designated hearing date or a subsequent date following an adjournment, such failure to plead or appear shall be deemed, for all purposes, to be an admission of liability and shall be grounds for rendering a default decision and order imposing a penalty in the maximum amount prescribed under law for the violation charged.
(e) Where a proceeding has been referred by the board to a hearing officer, upon the failure of any party to respond properly to a lawful discovery order or request made pursuant to rules of the board governing discovery, or upon any party's wrongful refusal to answer questions or produce documents, the hearing officer may take whatever action he or she deems appropriate including, but not limited to, preclusion of evidence or witnesses, or striking the pleadings or defenses of such party. It shall not be necessary for a party to have been subpoenaed to appear or produce documents at any properly ordered discovery proceeding for such sanctions to be applicable.
(f) Where the rules of the board permit exceptions to be filed with the board from a recommended decision and order issued pursuant to this subdivision and such exceptions are filed pursuant to the rules of the board, if no final decision and order has been issued by the board to the parties after the expiration of one hundred eighty days from the filing of the exceptions, a respondent who filed such exceptions may seek, at any time after the expiration of the one hundred eighty days,
judicial review pursuant to article seventy-eight of the New York civil practice law and rules, and if a respondent does so, the recommended decision and order issued pursuant to this subdivision shall be deemed the final decision and order of the board, provided that no respondent may rely upon this subparagraph to have a recommended decision and order deemed a final decision and order of the board unless: (i) at least forty-five days before the filing of any petition pursuant to article seventy-eight of the New York civil practice law and rules, such respondent shall have filed with the board written notice, pursuant to its rules, of the respondent's intention to file such petition; and (ii) such respondent has served such petition on the board pursuant to the New York civil practice law and rules. The board may issue a final decision and order at any time after the respondent has filed with the board written notice of his or her intention to file such petition, provided that the respondent has not filed such petition on a day prior to the board's issuance of its final decision.

(g) Any final order of the board imposing a civil penalty, whether the adjudication was had by hearing or upon default or otherwise, shall constitute a judgment rendered by the board which may be entered in the civil court of the city of New York or any other place provided for the entry of civil judgments within the state, and may be enforced without court proceedings in the same manner as the enforcement of money judgments entered in civil actions; provided, however, that no such judgment shall be entered which exceeds the sum of twenty-five thousand dollars for each respondent.

(h) Notwithstanding the foregoing provision, before a judgment based upon a default may be so entered the board must have notified the respondent by first class mail in such form as the board may direct: (i) of the default decision and order and the penalty imposed; (ii) that a judgment will be entered in the civil court of the city of New York or any other place provided for the entry of civil judgments within the state of New York; and (iii) that entry of such judgment may be avoided by requesting a stay of default for good cause shown and either requesting a hearing or entering a plea pursuant to the rules of the board within thirty days of the mailing of such notice.

(i) A judgment entered pursuant to this paragraph shall remain in full force and effect for eight years.

(j) Notwithstanding any inconsistent provision of section fifteen hundred four of the New York city civil court act, an execution with respect to a judgment of the board arising out of any violation of a provision of chapter one of title sixteen of the administrative code of the city of New York shall be directed only to the sheriff.

(k) The board shall develop and implement technology to enable electronic case management, including but not limited to: online adjudication and payments in appropriate cases; more efficient administration of case conferences, hearings and appeals; electronic case scheduling; and generation of data and other reports to enhance the efficiency and increase public accountability of board adjudication functions. Not later than December 1, 2008, the board shall report to the city council on its plans and progress in fulfilling the requirements of this subparagraph and shall include in its report a projected schedule for implementation.

(2) (a) The environmental control board shall not enter any final decision or order pursuant to the provisions of paragraph one of this subdivision unless the notice of violation shall have been served in the same manner as is prescribed for service of process by article three of the civil practice law and rules or article three of the business
corporation law, except that:

(i) service of a notice of violation of any provisions of the charter or administrative code the enforcement of which is the responsibility of the fire commissioner, the commissioner of buildings, the commissioner of environmental protection, the commissioner of transportation, the commissioner of small business services, the landmarks preservation commission or the commissioner of the department of information technology and telecommunications and over which the environmental control board has jurisdiction, may be made by delivering such notice to a person employed by the respondent on or in connection with the premises where the violation occurred, provided however, that the department of buildings and the fire department may not utilize the procedures set forth in this item to serve a notice of violation relating to commercial premises or residential premises with a legal occupancy of four or more dwelling units; and

(ii) service of a notice of violation of any provision of the charter or administrative code, the enforcement of which is the responsibility of the commissioner of sanitation, the commissioner of buildings or the commissioner of the fire department and over which the environmental control board has jurisdiction, may be made by affixing such notice in a conspicuous place to the premises where the violation occurred; and

(iii) service of a notice of violation of any provision of the administrative code relating to the prevention of noise pollution caused by an audible motor vehicle burglar alarm and over which the environmental control board has jurisdiction may be served upon the owner of a motor vehicle by affixing such notice to said vehicle in a conspicuous place; and

(iv) service of a notice of violation of any of the provisions of section 10-119 or 10-120 of the administrative code of the city of New York and over which the environmental control board has jurisdiction, may be made by certified mail, return receipt requested, to the respondent's last known residence or business address, provided that delivery of such notice shall be restricted to the respondent. Service by certified mail shall be deemed complete upon mailing of the notice of violation unless the notice of violation is returned to the sender by the United States postal service for any reason other than refusal of delivery.

(b) Such notice may only be affixed or delivered pursuant to items (i) and (ii) of subparagraph (a) of this paragraph where a reasonable attempt has been made to deliver such notice to a person in such premises upon whom service may be made as provided for by article three of the civil practice law and rules or article three of the business corporation law. When a copy of such notice has been affixed or delivered, pursuant to items (i) and (ii) of subparagraph (a) of this paragraph, a copy shall be mailed to the respondent at the address of such premises. In addition to the foregoing mailing, if the respondent is neither the owner nor the managing agent nor the occupying tenant of such premises, then a copy of the notice shall also be mailed to the respondent at such respondent's last known residence or business address, and, if the respondent is the owner or agent of the building with respect to which such notice was issued and the identity of and an address for such person is contained in any of the files specified in items (i), (ii) and (iii) of this subparagraph, a copy of the notice shall also be mailed:

(i) to the person registered with the department of housing preservation and development as the owner or agent of the premises, at the address filed with such department in compliance with article two of
(ii) to the person designated as owner or agent of the building or
designated to receive real property tax or water bills for the building
at the address for such person contained in one of the files compiled by
the department of finance for the purpose of the assessment or
collection of real property taxes and water charges or in the file
compiled by the department of finance from real property transfer forms
filed with the city register upon the sale or transfer of real property;
or
(iii) to the person described as owner or agent of the premises, at
the address for such person contained in the files of the agency which
issued such notice of violation compiled and maintained for the purpose
of the enforcement of the provisions of the charter or administrative
code or other law over which such agency has jurisdiction.

(c) Proof of such service made pursuant to item (i) or (ii) of

Except for the chairperson, such member shall not be enrolled in the same political party as the other member appointed by the official who failed to so appoint. Each member shall be a resident of the city, registered to vote therein. Each member shall agree not to make contributions to any candidate for nomination for election, or election, to the office of mayor, public advocate, comptroller, borough president, or member of the council which in the aggregate are in excess of the maximum contribution applicable to such office pursuant to any local law establishing a voluntary system of campaign finance reform. Not more than four days after receiving such estimate and supporting materials, the commissioner of finance shall transfer an amount equal to such estimate from the general fund to such special fund or funds. All monies transferred to such special fund or funds shall not be considered revenues of the city and payments from such fund or funds shall be made without appropriation and shall not be included in the expense budget of the city. The comptroller shall have custody of such fund or funds on behalf of the board and shall have the power to invest the monies of such fund or funds in the manner in which the city is authorized to invest its funds and shall deposit the monies of the fund or funds in such deposit banks as have been designated by the banking commission pursuant to section fifteen hundred twenty-four of this charter. (b) The board shall promulgate such rules as it deems necessary to attribute expenditures that indirectly assist or benefit a candidate participating in the voluntary system of campaign finance reform as in-kind contributions to such candidate.

(c) In promulgating rules pursuant to this paragraph, the board shall consider the following criteria: (1) the effectiveness of the voluntary system of campaign finance reform, (2) the costs of such system, (3) the maintenance of a reasonable balance between the burdens of such system and the incentives to candidates to participate in such system.

(d) Any rules promulgated pursuant to this paragraph shall apply only with respect to nomination for election, or election, to the office of mayor, public advocate, comptroller, borough president, or member of the city council.

(e) Proposed rules promulgated pursuant to this paragraph shall be published in accordance with subdivision b of section one thousand forty-three of this charter no later than December thirty-first, nineteen hundred ninety-nine. 13. Notwithstanding any other provision of law, the board shall prohibit candidates for offices covered by the voluntary system of campaign finance reform from accepting, either directly or indirectly, a campaign contribution, loan, guarantee or other security for such loan, from any corporation. The board shall promulgate such rules as it deems necessary to implement and administer this provision.

In any year in which the board publishes a voters guide, if the board determines that the amount of money in its budget is insufficient or likely to be insufficient for the publication and distribution of the voters guide, it shall report such determination to the director of the office of management and budget, who, after consultation with the board, shall, without an appropriation, transfer to the board a reasonable amount, as the director shall determine, to cover the cost of publishing and distributing the voters guide.

c. Participating agencies shall ensure that the employees of such agency do not make any statement to an applicant for services or client or take any action the purpose or effect of which is to lead the applicant or client to believe that a decision to request public health insurance or a public health insurance program options pamphlet has any bearing on their eligibility to receive or the availability of services or benefits provided by such agency.

§ 1502. Deputies. The mayor may appoint three deputy commissioners. In addition, the mayor shall appoint one deputy commissioner whose functions shall be to serve as the city sheriff. The commissioner and deputy commissioners shall provide a bond. The first deputy commissioner shall supervise and be responsible for the operations of the parking

§ 1503. Powers and duties of the commissioner. In the performance of his or her functions, the commissioner shall have, in addition to such others as may be conferred upon such commissioner from time to time by law, the power and duty to prepare and disburse payroll checks upon a master warrant prepared by the comptroller as prescribed in the administrative code.

§ 1504. Functions of the department. Except as otherwise provided by law, the department shall perform those functions and operations of the city which relate to the administration and collection of all taxes, assessments and charges imposed by the city, the collection of arrears due the city and all other sums due the city, including state and federal aid, the receipt and safekeeping of all moneys paid into the city treasury and payment of money out of the treasury, and the administration and management of certain trust funds held by the city, including, without limitation, the following:

1. Real property assessment. With respect to real property tax assessment, the department shall assess for taxation all the taxable real property in the city and prepare the assessment rolls. The commissioner shall appoint, within the appropriation therefor, as many assessors as shall be necessary for the performance of such functions in accordance with the provisions of this chapter.

2. Tax collection. a. The department shall administer all excise and non-property taxes imposed or administered by the city. With respect to such taxes, the department shall have the power to settle and adjust all claims in favor of or against the city and, except with respect to cases within the jurisdiction of the tax appeals tribunal established by section one hundred sixty-eight of this charter, to make determinations in contested cases. For such purposes, the commissioner or his delegate may, except with respect to cases within the jurisdiction of such tax appeals tribunal, hold hearings and administer oaths.

b. The department shall collect all real property taxes, water and sewer charges, other assessments and arrears against real property and all other taxes, assessments and arrears payable to the city.

c. Notwithstanding the provisions of any general, special or local law to the contrary, the commissioner shall have the exclusive authority to compromise any excise or nonproperty taxes or annual vault charges or any warrant or judgment for excise or nonproperty taxes or annual vault charges administered by the commissioner, and the civil penalties, interest and additions to tax or charge in connection therewith, if the tax debtor has been discharged in bankruptcy, or is shown by proofs submitted to be insolvent, but the amount payable in compromise shall in no event be less than the amount, if any, recoverable through legal proceedings, and provided that where the amount owing for excise or nonproperty taxes or annual vault charges, exclusive of any civil penalties, interest and additions to tax or charge, or the warrant or judgment, exclusive of any civil penalties, interest and additions to tax or charge, is more than one hundred thousand dollars, such compromise shall be effective only when approved by a justice of the supreme court.

d. Notwithstanding the provisions of any general, special or local law to the contrary, the commissioner shall have the exclusive authority to compromise civil liability, with such qualifications and limitations as may be established pursuant to such rules as the commissioner may prescribe, where such liability arises in connection with an excise or
nonproperty tax or annual vault charge administered by the commissioner, at any time prior to the time the tax or administrative action becomes finally and irrevocably fixed and no longer subject to administrative review. Upon acceptance of an offer in compromise by the commissioner, the matter may not be reopened except upon a showing of fraud, malfeasance or misrepresentation of a material fact. The corporation counsel may compromise any such liability after reference to the law department for prosecution or defense at any time prior to the time the tax or administrative action taken by the department is no longer subject to administrative or judicial review. Whenever a compromise is made by the department of any such liability, there shall be placed on file in the office of the commissioner the opinion of the commissioner or a deputy commissioner, with reasons therefor, with a statement of: (i) the amount of excise or nonproperty tax or annual vault charge and any other issues that may be the subject of such compromise, (ii) the amount of interest, additions to the tax or penalty imposed by law on the taxpayer or other persons against whom the administrative action was taken by the department, and (iii) the amount actually paid in accordance with the terms of the compromise. Notwithstanding the preceding sentence, no such opinion shall be required with respect to the compromise of any civil liability in which the unpaid amount of the excise or nonproperty tax or annual vault charge that was the subject of the administrative action (including any interest, additions to tax, or penalty) is less than twenty-five thousand dollars.
e. Nothing in paragraph c or d of this subdivision shall be construed to diminish or otherwise impair any power of the department exercised pursuant to any other provision of law.
3. Deposit and payment of moneys in the city treasury; trust funds.
a. The department shall have the power and duty to provide for the reception and safekeeping of all moneys paid into the treasury of the city and for the payment of all moneys on warrants drawn by the comptroller and countersigned by the commissioner.

The department shall provide for the receipt and safekeeping of all such moneys of the trust funds held by the city and disburse the same on warrants signed by the comptroller.
c. (i) Notwithstanding any provision of law to the contrary and unless otherwise determined by the court which directed payment of the funds in the first instance, for purposes of administering and managing the trust funds, other than cemetery trust funds, enumerated in paragraph b of this subdivision, whenever the department is permitted or required by law to deposit such funds in a savings bank, trust company, bank, or banking association, or to invest such funds in its discretion or in legal investments for trustees or savings banks, the department may combine all such trust funds into one or more common trust funds, which may be deposited in such savings banks, trust companies, banks or banking associations as are designated by the state comptroller pursuant to section one hundred eighty-two of the state finance law, or invested in legal investments for trustees or savings banks. Such funds, when
deposited in a savings bank, trust company, bank or banking association, may be placed in demand or time deposit accounts, including time certificates of deposit, and such deposits shall be either insured by a federal deposit insurance corporation or fully collateralized by securities acceptable to the state comptroller.

(ii) The department may retain trust funds temporarily pending investment or deposit or to meet cash requirements in connection with the deposit or withdrawal of such funds, but such temporary retention of trust funds shall not deprive any owner or beneficiary of any income therefrom to which the owner or beneficiary would otherwise be entitled by law.

(iii) When trust funds are received by the department it shall forthwith open and maintain a separate ledger account for each action, proceeding or matter and shall keep an exact accounting of all such funds and all income earned thereon in such manner as the state comptroller may prescribe.

4. Parking violations bureau. The department shall operate and control the parking violations bureau. The commissioner shall appoint the director of the bureau, deputy director and all other officers and employees of the bureau, and hearing examiners.

§ 1505. Real property tax assessment. The department shall have those powers and duties with respect to the assessment of real property for taxation as are prescribed by this chapter and, in addition such other powers and duties as may be conferred upon it by law. The department shall maintain in each borough an office for the performance of such powers and duties.

§ 1506. Duties of the assessors. The assessors, under the direction of the commissioner, shall assess all the real property in the several districts that may be assigned to them by the commissioner and shall prepare the assessment rolls. The term "assessment" shall mean a determination by the assessors of (a) the taxable status of real property as of the taxable status date; and (b) the valuation of real property, including the valuation of exempt real property, and where such property is partially exempt, the valuation of both the taxable and exempt portions.

§ 1507. Taxable status of property. The taxable status of all real property assessable for taxation in the city shall be fixed for the succeeding fiscal year on the fifth day of January in each year.

§ 1508. Assessment of real property. The assessors shall commence to assess real estate on the first day of July in each year, not a Saturday, Sunday or legal holiday.

§ 1509. Statement of assessed valuation. An assessor or other person designated by the commissioner shall compute from the annual record of the assessed valuation of real estate in each borough the total aggregate amount of the assessed valuation of real property appearing on such annual record for such borough, and shall transmit a statement of such aggregate amount to the commissioner on or before the fifth day of January in each year.

§ 1510. Annual record of assessed valuation; public inspection. The books of the annual record of the assessed valuation of real estate shall be opened to the public not later than the fifteenth day of
January in each year, not a Saturday, Sunday or legal holiday, and remain open during the usual business hours for public inspection and examination until the first day of March thereafter. The commissioner, previous to and during the time such books are open to public inspection, shall advertise such fact in the City Record and in such other newspaper or newspapers published in the several boroughs as may be authorized by the director of the City Record with the approval of the mayor and the comptroller.

§ 1511. Notice of increase in assessed valuation of real property. The department or division responsible for the assessment of real property shall, upon an increase in assessed valuation of real property, notify the owner, as recorded in said department or division, of such increase by first-class mail at least thirty days prior to the final date for filing any appeal. The department or division shall notify the commissioner of the mailing of such notices by the filing of an affidavit of such mailing in the main office of the department.

§ 1512. Annual record of assessed valuation, additions and changes. During the time the books of the annual record of the assessed valuation of real estate remain open for public inspection and examination, and, in the case of real estate other than residential real estate, during an additional period ending the tenth day of May in each year, the commissioner may place on such books any real estate and also the assessed valuation of any such real estate that may have been omitted from such books on the day of the opening thereof, and may increase or diminish the assessed valuation of any real estate as in the commissioner's judgment may be just or necessary for the equalization of taxation; but no such addition to the books and no such increase in assessed valuation shall be made, except upon mailing ten days' prior written notice addressed to the person whose name appears on the records in the office of the city collector as being the owner or agent of the owner of the real estate affected thereby at the last known address of such owner or agent. Where no name appears on such records such notice shall be sent to the premises addressed to either the owner or agent. An affidavit of such mailing shall be filed in the main office of the department. When such notice is mailed after the first day of February, such owners may apply for a correction of such assessment so added or so increased within twenty days after the mailing of such notice with the same force and effect as if such application were made on or before the first day of March in such year. For purposes of this section the term "residential real estate" shall include but not be limited to one and two-family homes and multiple dwellings (including co-operative and condominium dwelling units), but shall not include hotels, apartment hotels and motels.

§ 1513. Apportionment of assessments. When any separately assessed parcel of real estate shall have been divided prior to the first day of June, the commissioner may apportion the assessment thereof in such manner as may be provided by law.

§ 1514. Assessment rolls; preparation and delivery. 1. Commencing immediately after the close of the period for public inspection and examination of the books of annual record of the assessed valuation of real estate, the commissioner shall cause to be prepared, from such books, assessment rolls for each borough in such manner as shall be provided by law.
2. As soon as such rolls are completed, the commissioner shall annex to each of such rolls a certificate that the same is correct in accordance with the entries and corrected entries in the several books of annual record. The rolls so certified must, on or before the twentieth day of June in each year, be delivered by the commissioner to the council.

§ 1515. Statement and estimate by the mayor. a. The mayor shall prepare and submit to the council, immediately upon the adoption of a single budget pursuant to section two hundred fifty-four, a statement setting forth the amount of the budget as approved by the council for the ensuing year and the mayor shall prepare and submit to the council not later than the fifth day of June an estimate of the probable amount of (1) receipts into the city treasury during the ensuing fiscal year from all the sources of revenue of the general fund and (2) all receipts other than those of the general fund and taxes on real property. The mayor may include in the statement of the amount of the budget as approved by the council a confirmation of such amount, and thereby waive mayoral veto power pursuant to section two hundred fifty-five.

b. If, as a result of the exercise of the mayor's veto pursuant to section two hundred fifty-five, the amount of the budget for the ensuing fiscal year differs from the amount of the budget approved by the council pursuant to section two hundred fifty-four, not later than two days after the budget is finally adopted the mayor shall prepare and submit to the council a statement setting forth the amount of the budget for the ensuing year, and the council shall, if necessary, fix new annual tax rates pursuant to subdivision c of section one thousand five hundred sixteen.

c. The mayor, prior to establishing the final estimate of revenues for the ensuing fiscal year as required by this section, shall consider any alternative estimate of revenues which is submitted pursuant to subdivision d of this section and which is accompanied by a statement of the methodologies and assumptions upon which such estimate is based in such detail as is necessary to facilitate official and public understanding of such estimates.

d. Any person or organization may, prior to the fifteenth day of May, submit to the mayor an official alternative estimate of revenues for consideration by the mayor in accordance with subdivision c. Such estimate shall be in a form prescribed by the mayor.

§ 1516. Fixing of tax rates. a. The council shall fix the annual tax rates immediately upon the approval of the budget pursuant to section two hundred fifty-four. The council shall deduct the total amount of receipts as estimated by the mayor from the amount of the budget, for the ensuing fiscal year, and shall cause to be raised by tax on real property such sum as shall be as nearly as possible but not less than, the balance so arrived at, by fixing tax rates in cents and thousandths of a cent upon each dollar of assessed valuation. The tax rates shall be such to produce a balanced budget within generally accepted accounting principles for municipalities.

b. If a single budget has not been adopted by the fifth day of June pursuant to subdivision b of section two hundred fifty-four, the tax rates adopted for the current fiscal year shall be deemed to have been extended for the new fiscal year until such time as a new budget is adopted.

c. In the event the mayor exercises the veto power pursuant to section two hundred fifty-five, the council shall, if necessary, fix new...
§ 1516-a. Fixing of tax rates. Notwithstanding the provisions of sections fifteen hundred sixteen, fifteen hundred seventeen and fifteen hundred eighteen or any other provisions of law to the contrary:

(a) If the city council has not fixed the tax rates for the ensuing fiscal year pursuant to section fifteen hundred sixteen on or before the fifth day of June, the commissioner of finance shall be authorized to complete the assessment rolls using estimated rates and to collect the sums therein mentioned according to law. The estimated rates shall equal the tax rates for the current fiscal year.

(b) If, subsequent to the fifth day of June, the council shall, pursuant to section fifteen hundred sixteen, fix the tax rates for the ensuing fiscal year at percentages differing from the estimated rates, real estate tax payments shall nevertheless be payable in accordance with subdivision a of this section at the estimated rates. However, in such event, prior to the first day of January in such fiscal year, the commissioner of finance shall cause the completed assessment rolls to be revised to reflect the tax rates fixed by the council pursuant to section fifteen hundred sixteen, and an amended bill for the installment or installments for such fiscal year due and payable on or after the first day of January shall be submitted to each taxpayer in which whatever adjustment may be required as a result of the estimated bill previously submitted to the taxpayer shall be reflected.

§ 1517. Completion of assessment rolls. At such annual meeting the council shall cause to be set down in the assessment rolls, opposite to the several sums set down as the valuation of real property, the respective sums, in dollars and cents, to be paid as a tax thereon, rejecting the fractions of a cent. It shall also cause to be added and set down the aggregate valuations of the real property in the several boroughs, and shall transmit to the comptroller of the state by mail a certificate of such aggregate valuation in each borough.

§ 1518. Collection of the real property tax. 1. Immediately upon the completion of the assessment rolls, the city clerk shall procure the proper warrants authorizing and requiring the commissioner to collect the several sums therein mentioned according to law. Such warrants need be signed only by the public advocate and counter-signed by the city clerk. Immediately thereafter and on or before the thirtieth day of June, the assessment rolls of each borough, as corrected according to law and finally completed, or a fair copy thereof, shall be delivered by the public advocate to the commissioner with the proper warrants, so signed and counter-signed, annexed thereto. At the same time the public advocate shall notify the comptroller of the amount of taxes in each book of the assessment rolls so delivered.

2. The commissioner upon receiving the assessment rolls and warrants shall immediately cause the assessment rolls and warrants to be filed in the respective borough offices.

§ 1519. Real property taxes due and payable. The commissioner, immediately after receiving the assessment rolls, shall give notice for at least five days in the City Record that the assessment rolls have been delivered to the commissioner and that all taxes shall be due and payable at the commissioner's office as follows:

1. a. With respect to all properties which are:
(1) real property with an assessed valuation of forty thousand dollars or less on such assessment roll, except such property held in a cooperative form of ownership;

(2) real property held in a cooperative form of ownership, provided that the assessed valuation on such assessment roll of such property divided by the number of dwelling units contained in such property shall equal forty thousand dollars or less;

(3) for the fiscal year commencing on the first day of July, nineteen hundred ninety-eight, and for each fiscal year thereafter, real property (i) with an assessed valuation of eighty thousand dollars or less on such assessment roll, except such property held in a cooperative form of ownership, and (ii) classified as class one or class two in accordance with subdivision one of section eighteen hundred twenty of the real property tax law as such subdivision was in effect on January fifth, nineteen hundred ninety-seven; and

(4) for the fiscal year commencing on the first day of July, nineteen hundred ninety-eight, and for each fiscal year thereafter, real property held in a cooperative form of ownership, provided that (i) the assessed valuation on such assessment roll of such property divided by the number of dwelling units contained in such property shall equal eighty thousand dollars or less, and (ii) such property is classified as class one or class two in accordance with subdivision one of section eighteen hundred two of the real property tax law as such subdivision was in effect on January fifth, nineteen hundred ninety-seven; all taxes upon real estate for each fiscal year shall be due and payable in four equal installments each of which shall be due and payable in such year as follows: the first payment on the first day of July, the second payment on the first day of October, the third payment on the first day of January, the fourth payment on the first day of April. However, if any property is acquired by the city in condemnation proceedings, the proportionate share of the amount of the tax on such property which would be due and payable on the next succeeding installment date, shall be due and payable on the date when the title to such property vests in the city.

b. With respect to real property other than such property listed in paragraph a of this subdivision one, for the fiscal year commencing on the first day of July nineteen hundred eighty-three and for each fiscal year thereafter: all taxes upon real estate for each fiscal year shall be due and payable in two equal installments, the first of which shall be due and payable on the first day of July in such year, and the second of which shall be due and payable on the first day of January in such year. However, if any property is acquired by the city in condemnation proceedings, the proportionate share of the amount of the tax on such property which would be due and payable on the next succeeding installment date, shall be due and payable on the date when the title to such property vests in the city.

2. All taxes shall be and become liens on the real estate affected thereby and shall be construed as and deemed to be charged thereon on the respective days when they become due and payable, and not earlier, and shall remain such liens until paid.

3. Any installment of taxes on real estate for any fiscal year may be paid, in full or in part, twenty-five days prior to the date on which the first installment for such fiscal year would otherwise become due and payable or at any time thereafter and, provided that payment of any installment or part thereof is made not later than fifteen days prior to the date that such installment would otherwise become due and payable and provided that all prior installments shall have been paid or shall be paid at the same time, a discount shall be allowed from the date of
payment of such installment or part thereof to and including the fifteenth day of the calendar month on which such installment would otherwise become due and payable at the rate fixed by the council and a receipt shall be furnished to the extent of such payment and the discount thereon. Upon payment of any such installment or part thereof prior to the date such installment would otherwise become due and payable, such installment or part thereof shall be deemed due and payable and shall be satisfied and extinguished to the extent of the amount so paid plus the discount provided for herein. Not later than the fifteenth day of May in each year, the banking commission shall transmit a written recommendation to the council of the proposed discount rate for the ensuing fiscal year. The council may adopt a discount rate for such ensuing fiscal year on the fifth day of June preceding such ensuing fiscal year or at any time thereafter. As used in this subdivision, the words "taxes on real estate," in the case of utility companies, shall also include special franchise taxes.

4. a. (1) Notwithstanding anything in subdivision three to the contrary, the discount allowed pursuant to such subdivision shall not be allowed to and including the fifteenth day of the calendar month in which an installment of taxes on real property would otherwise become due and payable if the real property with respect to which such installment is paid is described in paragraph b of this subdivision. With respect to real property described in paragraph b, the discount shall be allowed only to and including the date on which an installment of taxes becomes due and payable.

(2) Notwithstanding anything in subdivision three to the contrary, no discount shall be allowed with respect to an installment of taxes on real property described in paragraph b of this subdivision unless such installment is paid no later than thirty days prior to the date on which such installment becomes due and payable.

b. Real property is described in this paragraph if:

(1) its assessed valuation is more than forty thousand dollars, provided that, for this purpose, real property held in a cooperative form of ownership shall not be deemed to have an assessed valuation of more than forty thousand dollars if its assessed valuation divided by the number of dwelling units contained therein equals forty thousand dollars or less, except that for the fiscal year commencing on the first day of July, nineteen hundred ninety-eight, and for each fiscal year thereafter, such property shall not include real property with an assessed valuation of eighty thousand dollars or less, provided that, for this purpose, real property held in a cooperative form of ownership shall not be deemed to have an assessed valuation of more than eighty thousand dollars if its assessed valuation divided by the number of dwelling units contained therein equals eighty thousand dollars or less, and provided, further, that such real property or such real property held in a cooperative form of ownership is classified as class one or class two in accordance with subdivision one of section eighteen hundred two of the real property tax law as such subdivision was in effect on January fifth, nineteen hundred ninety-seven; or

(2) irrespective of its assessed valuation, real property taxes on such property are held in escrow and paid to the commissioner by a mortgage escrow agent.

c. For purposes of this subdivision, the term "mortgage escrow agent" shall include every banking organization, federal savings bank, federal savings and loan association, federal credit union, bank, trust company, licensed mortgage banker, savings bank, savings and loan association, credit union, insurance corporation organized under the laws of any

      (i) if all the installments due for a fiscal year are paid in full on
or before July fifteenth, a discount shall be allowed for such
installments.
      (ii) if the installments due on October first, January first and April
first are paid in full on or before October fifteenth, a discount shall
be allowed for such installments.
      (iii) if the installments due on January first and April first are

7. Calculation of discount for early payment.
(a) Calculation of discount. Where a discount is allowed under this section, the discount shall be a percentage of the installments paid.

(b) Determination of discount percentage. Not later than the twenty-fifth day of May in each year, the banking commission shall send a written recommendation to the council of a proposed discount percentage for the ensuing fiscal year.

(c) The council may adopt a discount percentage on the fifth day of June preceding such ensuing fiscal year, or at any time thereafter.

(d) If the council does not adopt a discount percentage prior to the date that the statement of account or other similar bill or statement is prepared, a discount percentage of one and one-half percent shall be used to determine the discount provided where a discount is allowed for payments made on or before the last day that the installment due July first could be paid without interest, and this percentage shall continue to apply until the council adopts a discount percentage pursuant to paragraph (c) of this subdivision.

(e) Application of discount percentages.

(i) For properties the taxes for which are due in quarterly or semi-annual installments, the discount percentage applied for payments made on or before the last day that the installment due July first could be paid without interest, as set forth in subparagraph (i) of paragraph (c) of subdivision two of this section or paragraph (c) of subdivision three of this section, shall be the percentage established pursuant to paragraph (c) of this subdivision or, where applicable, paragraph (d) of this subdivision.

(f) A discount shall be allowed only if all prior installments have been paid or are paid at the same time as the payments for which a discount would apply.

(g)(i) The commissioner may provide a discount, at a percentage not more than two times the discount percentage established pursuant to paragraph (c) or (d) of this subdivision, to taxpayers who pay their real property taxes by electronic funds transfer. This subparagraph shall apply only to taxpayers who are not required by law to pay their real property taxes by electronic funds transfer. The commissioner shall establish such discount percentage by rule and may promulgate such other rules as may be necessary to implement this subparagraph.

(ii) The commissioner may provide a discount, at a percentage not more than two times the discount percentage established pursuant to paragraph (c) or (d) of this subdivision, to taxpayers whose annual real property tax liability exceeds one million dollars and who pay their real property taxes before the date such taxes become due and payable, where the commissioner determines by rule that it would be in the best interests of the city to provide an incentive for such payment by a specified date and at a specified discount percentage. The commissioner may promulgate such other rules as may be necessary to implement this subparagraph.

8. As used in this section, "taxes" shall include special franchise
taxes in the case of utility companies.

9. If property is acquired by the city in a condemnation proceeding, on the date that title vests in the city, any tax due prior to the title vesting date, and interest, shall be due and payable, and shall become an equitable lien with first priority against any condemnation award.

§ 1520. Interest and penalties on real property taxes. The commissioner shall charge, receive and collect the interest and penalties upon taxes on real estate not paid when due and payable in such manner and at such rates as shall be provided by law, provided, however, where such taxes are not escrowed, and where such interest does not exceed five dollars, it shall be forgiven.

§ 1521. Right of entry. The commissioner or any assessor may, in accordance with law, enter upon real property and into buildings and structures at all reasonable times to ascertain the character of the property. Refusal by the owner or the agent of such owner to permit such entry shall be a misdemeanor triable by a judge of the criminal court of the city of New York and punishable by not more than thirty days' imprisonment or a fine of not more than fifty dollars, or both.

§ 1522. Warrants. No money shall be paid out of the treasury except on a warrant authorized by law, signed by the comptroller and countersigned by the commissioner of finance which shall refer to the law under and to the appropriation against which it is drawn. No warrant shall be paid on account of any appropriation after the amount authorized to be raised for the purpose specified in the appropriation shall have been expended. In counter-signing warrants drawn by the comptroller, the commissioner shall be under no duty of inquiring as to the legality or propriety thereof but may rely on the comptroller's signature thereto.

§ 1523. Deposits. 1. The commissioner shall deposit all moneys which shall come into the commissioner's hands on account of the city on the day of receipt thereof, or on the business day next succeeding, in such banks and trust companies as shall have been designated as deposit banks, but no amount shall be on deposit at any one time in any one bank or trust company exceeding one-half of the amount of the capital and net surplus of such bank or trust company. The moneys so deposited shall be placed to the account of the commissioner who shall keep a record in which shall be entered the commissioner's accounts of deposits in, and moneys drawn from, the banks and trust companies in which the deposits shall be made. Each such bank and trust company shall transmit to the comptroller a weekly statement of the moneys which shall be received and paid by it on account of the commissioner.

2. The commissioner shall draw moneys of the city from said banks or trust companies only by checks subjoined and attached to warrants and subscribed by the commissioner or by payment orders duly authorized by the comptroller and the commissioner, and no moneys shall be paid by any such banks or trust companies on account of the commissioner except upon such checks or orders; but this provision shall not apply to transfers of such funds from one city depository to another.

3. The commissioner of finance, in consultation with agency heads, shall by rule establish criteria by which to evaluate whether banks are using the means at their disposal to comply with the embargo on trade and financial transactions with Burma and any other sanctions imposed by the United States government with regard to Burma, including but not limited to:
a. withdrawal of operations from Burma;
b. the denial of loans, letters of credit and other correspondent banking services to Burmese entities;
c. restrictions on the rescheduling of loans owed by Burmese entities, and on conversion of outstanding loans to instruments having longer maturity dates; and
d. divestiture of outstanding debt owed by Burmese entities.

The commissioner shall, after offering banks designated pursuant to section fifteen hundred twenty-four and the public an opportunity to be heard, classify such banks according to such criteria and publish notice of such classification in the City Record. The commissioner may at any time, upon the request of a bank or at his or her own initiative and after offering the public and the bank an opportunity to be heard, change the classification of a bank and publish notice of such change. The failure of a bank to provide information requested by the commissioner for the purposes of this subdivision shall be grounds for the commissioner to lower the classification of the bank. When choosing among banks offering comparable services at a comparable cost, city agencies shall, in a manner consistent with guidelines established by the commissioner of finance, seek to deposit or invest funds at, and obtain services from, the available banks that have received the highest classification.

§ 1524. Deposit banks. 1. The banking commission which consists of the mayor, the commissioner and the comptroller shall, by majority vote, by written notice to the commissioner, designate the banks or trust companies in which all moneys of the city shall be deposited, and may by like notice in writing from time to time change the banks and trust companies thus designated.

2. a. No bank or trust company shall be designated pursuant to this section unless:

(1) it shall agree to pay into the city treasury interest or to provide the city with equivalent value on the daily balances at a rate which the banking commission shall negotiate according to the current rate of interest upon like balances deposited in banks and trust companies in the city by private persons or corporations; and

(2) it shall file with the banking commission and city clerk a certificate signed by the president or other duly authorized officer of such bank setting forth that its board of directors has established and will adhere to a policy of hiring and promotion of employees and officers without regard to sex, race, color, religion, religious affiliation, national origin, disability, age, marital status, or sexual orientation, which certificate shall further set forth affirmatively the steps taken by the bank or trust company to implement said policy.

(3) it does not provide the following services, either directly or through a subsidiary or agent, to the Government of Burma; (a) advertising or otherwise promoting the sale, outside of Burma, coins minted in Burma, (b) underwriting securities of the Government of Burma, or (c) making loans to the Government of Burma.

(4) it has certified that neither it nor any of its affiliates is or will become a predatory lender or an affiliate thereof, as such terms are defined in section 6-128 of the administrative code of the city of New York.

b. If the banking commission by a majority vote shall decide that a requirement or condition contained in paragraph a of this subdivision has been violated after giving the bank or trust company an opportunity to be heard, then upon thirty days' notice to the bank or trust company
such designation may be revoked.

3. The commissioner may, with the approval of the comptroller, make time deposits of city moneys, for a period not to exceed six months, in any bank or trust company designated for deposit of city funds. Each such bank or trust company shall before deposits are made, other than such as are of a temporary character and specifically relate to the current business of the city, execute and file with the commissioner a bond to the city in such form and in such amount as may be prescribed and approved by the commissioner and the comptroller for the safekeeping and prompt payment of city moneys on demand with interest at the rate agreed upon and, as security for such funds, shall deposit with the comptroller outstanding unmatured obligations of the United States of America, or any obligation fully guaranteed or insured as to interest and principal by the United States of America acting through an agency, subdivision, department or division thereof, obligations of the state of New York or obligations of the city of New York, the value of which at the existing prices on the open market shall be equal to the estimated amount of the proposed deposit, for which the comptroller shall deliver a certificate of deposit containing the condition of such bond.

4. On the withdrawal of all or a part of the funds deposited in any depository and a closing or depleting of the account thereof, or in the event of the deposit actually made being less than the estimated amount of such deposit, the commissioner and the comptroller shall certify to such settlement or depletion or difference and direct the surrender of the whole or a proportionate share of the securities so deposited to the owner or owners thereof.

* The validity of local law 36 of 2002 is currently a subject of disagreement between the Mayor and the City Council. This certification is not intended as a legal opinion as to the validity of the local law other than certifying the truth of the facts presented herein.

§ 1525. City register. 1. There shall be within the department a city register who shall be appointed by the mayor.

2. The functions, powers and duties formerly exercised by the registers or registrars of the several counties shall remain with the city register.

§ 1526 Office of city sheriff. 1. There shall be within the department an office of the city sheriff which shall be subject to the supervision and control of the commissioner of finance. Notwithstanding any other provision of law, the commissioner of finance may exercise or assign within the department such management functions of the office of the sheriff, including but not limited to those functions related to the appointment and removal of deputy sheriffs and other personnel of such office pursuant to the civil service law, as he or she may deem appropriate to achieve effective and efficient functioning and management of such office.

2. Except as otherwise provided by law, the city sheriff shall exercise the functions, powers and duties formerly exercised by the sheriffs of the several counties.

be subject to the provisions of sections three hundred twelve and three hundred thirteen.

2. Any such contract shall apply only to such tax warrants and judgments and to such water and sewer charges as the commissioner may refer to the collection agency, and shall be terminable at the will of the commissioner.

3. The consideration to be paid to such collection agency may be a percentage or percentages of the amount collected by such agency, or as otherwise provided in the contract, but shall be within the amount appropriated and available for such purpose.

4. No legal action to collect tax warrants and judgments or water and sewer charges under any contract entered into pursuant to this section shall be initiated without the express written permission of the corporation counsel, and the selection of any attorney to take such legal action shall be subject to the approval of the corporation counsel.

5. Before beginning performance of a contract authorized by subdivision one of this section, the contracting collection agency shall give security for faithful performance and shall provide such insurance policies, including but not limited to a comprehensive general liability insurance, naming the city as a party in interest, as the commissioner may require. The adequacy and sufficiency of such security and insurance policies, as well as the justification and acknowledgement thereof, shall be subject to the approval of the comptroller. The commissioner, in his or her discretion, may require additional security or insurance in such amounts and running to such city officers and employees as the commissioner may require, to indemnify them for any liability incurred by reason of any act or omission of such collection agency.

The report shall include a summary of the proceedings and activities of the board, a description of the education and training conducted pursuant to the requirements of this chapter, a statistical summary and evaluation of complaints and referrals received and their disposition, such legislative and administrative recommendations as the board deems appropriate, the rules of the board, and the index of opinions and orders of that year. The report, which shall be made available to the public, shall not contain information, which, if disclosed, would constitute an unwarranted invasion of the privacy of a public servant.

* NB Effective upon confirmation of members per § 2602

* j. Revision. The board shall review the provisions of this chapter and shall recommend to the council from time to time such changes or additions as it may consider appropriate or desirable. Such review and recommendation shall be made at least once every five years.

* NB Effective upon confirmation of members per § 2602

* k. Except as otherwise provided in this chapter, the records, reports, memoranda and files of the board shall be confidential and shall not be subject to public scrutiny.

* NB Effective upon confirmation of members per § 2602

§ 2604. Prohibited interests and conduct. a. Prohibited interests in firms engaged in business dealings with the city.

1. Except as provided in paragraph three below,

(a) no public servant shall have an interest in a firm which such public servant knows is engaged in business dealings with the agency served by such public servant; provided, however, that, subject to paragraph one of subdivision b of this section, an appointed member of a community board shall not be prohibited from having an interest in a firm which may be affected by an action on a matter before the community or borough board, and

(b) no regular employee shall have an interest in a firm which such regular employee knows is engaged in business dealings with the city, except if such interest is in a firm whose shares are publicly traded, as defined by rule of the board.

2. Prior to acquiring or accepting an interest in a firm whose shares are publicly traded, a public servant may submit a written request to
the head of the agency served by the public servant for a determination of whether such firm is engaged in business dealings with such agency. Such determination shall be in writing, shall be rendered expeditiously and shall be binding on the city and the public servant with respect to the prohibition of subparagraph a of paragraph one of this subdivision.

3. An individual who, prior to becoming a public servant, has an ownership interest which would be prohibited by paragraph one above; or a public servant who has an ownership interest and did not know of a business dealing which would cause the interest to be one prohibited by paragraph one above, but has subsequently gained knowledge of such business dealing; or a public servant who holds an ownership interest which, subsequent to the public servant's acquisition of the interest, enters into a business dealing which would cause the ownership interest to be one prohibited by paragraph one above; or a public servant who, by operation of law, obtains an ownership interest which would be prohibited by paragraph one above shall, prior to becoming a public servant or, if already a public servant, within ten days of knowing of the business dealing, either:
   (a) divest the ownership interest; or
   (b) disclose to the board such ownership interest and comply with its order.

4. When an individual or public servant discloses an interest to the board pursuant to paragraph three of this subdivision, the board shall issue an order setting forth its determination as to whether or not such interest, if maintained, would be in conflict with the proper discharge of the public servant's official duties. In making such determination, the board shall take into account the nature of the public servant's official duties, the manner in which the interest may be affected by any action of the city, and the appearance of conflict to the public. If the board determines a conflict exists, the board's order shall require divestiture or such other action as it deems appropriate which may mitigate such a conflict, taking into account the financial burden of any decision on the public servant.

5. For the purposes of this subdivision, the agency served by
   (a) an elected official, other than a member of the council, shall be the executive branch of the city government,
   (b) a public servant who is a deputy mayor, the director of the office of management and budget, commissioner of citywide administrative services, corporation counsel, commissioner of finance, commissioner of investigation or chair of the city planning commission, or who serves in the executive branch of city government and is charged with substantial policy discretion involving city-wide policy as determined by the board, shall be the executive branch of the city government,
   (c) a public servant designated by a member of the board of estimate to act in the place of such member as a member of the board of estimate, and
   (d) a member of the council shall be the legislative branch of the city government.

6. For the purposes of subdivisions a and b of section twenty-six hundred six, a public servant shall be deemed to know of a business dealing with the city if such public servant should have known of such business dealing with the city.

b. Prohibited conduct. 1. A public servant who has an interest in a firm which is not prohibited by subdivision a of this section, shall not take any action as a public servant particularly affecting that interest, except that
   (a) in the case of an elected official, such action shall not be
prohibited, but the elected official shall disclose the interest to the conflicts of interest board, and on the official records of the council or the board of estimate in the case of matters before those bodies,

(b) in the case of an appointed community board member, such action shall not be prohibited, but no member may vote on any matter before the community or borough board which may result in a personal and direct economic gain to the member or any person with whom the member is associated, and

(c) in the case of all other public servants, if the interest is less than ten thousand dollars, such action shall not be prohibited, but the public servant shall disclose the interest to the board.

2. No public servant shall engage in any business, transaction or private employment, or have any financial or other private interest, direct or indirect, which is in conflict with the proper discharge of his or her official duties.

3. No public servant shall use or attempt to use his or her position as a public servant to obtain any financial gain, contract, license, privilege or other private or personal advantage, direct or indirect, for the public servant or any person or firm associated with the public servant.

4. No public servant shall disclose any confidential information concerning the property, affairs or government of the city which is obtained as a result of the official duties of such public servant and which is not otherwise available to the public, or use any such information to advance any direct or indirect financial or other private interest of the public servant or of any other person or firm associated with the public servant; provided, however, that this shall not prohibit any public servant from disclosing any information concerning conduct which the public servant knows or reasonably believes to involve waste, inefficiency, corruption, criminal activity or conflict of interest.

5. No public servant shall accept any valuable gift, as defined by rule of the board, from any person or firm which such public servant knows is or intends to become engaged in business dealings with the city, except that nothing contained herein shall prohibit a public servant from accepting a gift which is customary on family and social occasions.

6. No public servant shall, for compensation, represent private interests before any city agency or appear directly or indirectly on behalf of private interests in matters involving the city. For a public servant who is not a regular employee, this prohibition shall apply only to the agency served by the public servant.

7. No public servant shall appear as attorney or counsel against the interests of the city in any litigation to which the city is a party, or in any action or proceeding in which the city, or any public servant of the city, acting in the course of official duties, is a complainant, provided that this paragraph shall not apply to a public servant employed by an elected official who appears as attorney or counsel for that elected official in any litigation, action or proceeding in which the elected official has standing and authority to participate by virtue of his or her capacity as an elected official, including any part of a litigation, action or proceeding prior to or at which standing or authority to participate is determined. This paragraph shall not in any way be construed to expand or limit the standing or authority of any elected official to participate in any litigation, action or proceeding, nor shall it in any way affect the powers and duties of the corporation counsel. For a public servant who is not a regular employee, this prohibition shall apply only to the agency served by the public servant.
8. No public servant shall give opinion evidence as a paid expert against the interests of the city in any civil litigation brought by or against the city. For a public servant who is not a regular employee, this prohibition shall apply only to the agency served by the public servant.

9. No public servant shall,
   (a) coerce or attempt to coerce, by intimidation, threats or otherwise, any public servant to engage in political activities, or
   (b) request any subordinate public servant to participate in a political campaign. For purposes of this subparagraph, participation in a political campaign shall include managing or aiding in the management of a campaign, soliciting votes or canvassing voters for a particular candidate or performing any similar acts which are unrelated to the public servant's duties or responsibilities. Nothing contained herein shall prohibit a public servant from requesting a subordinate public servant to speak on behalf of a candidate, or provide information or perform other similar acts, if such acts are related to matters within the public servant's duties or responsibilities.

10. No public servant shall give or promise to give any portion of the public servant's compensation, or any money, or valuable thing to any person in consideration of having been or being nominated, appointed, elected or employed as a public servant.

11. No public servant shall, directly or indirectly,
   (a) compel, induce or request any person to pay any political assessment, subscription or contribution, under threat of prejudice or promise of or to secure advantage in rank, compensation or other job-related status or function,
   (b) pay or promise to pay any political assessment, subscription or contribution in consideration of having been or being nominated, elected or employed as such public servant or to secure advantage in rank, compensation or other job-related status or function, or
   (c) compel, induce or request any subordinate public servant to pay any political assessment, subscription or contribution.

12. No public servant, other than an elected official, who is a deputy mayor, or head of an agency or who is charged with substantial policy discretion as defined by rule of the board, shall directly or indirectly request any person to make or pay any political assessment, subscription or contribution for any candidate for an elective office of the city or for any elected official who is a candidate for any elective office; provided that nothing contained in this paragraph shall be construed to prohibit such public servant from speaking on behalf of any such candidate or elected official at an occasion where a request for a political assessment, subscription or contribution may be made by others.

13. No public servant shall receive compensation except from the city for performing any official duty or accept or receive any gratuity from any person whose interests may be affected by the public servant's official action.

14. No public servant shall enter into any business or financial relationship with another public servant who is a superior or subordinate of such public servant.

15. No elected official, deputy mayor, deputy to a citywide or boroughwide elected official, head of an agency, or other public servant who is charged with substantial policy discretion as defined by rule of the board may be a member of the national or state committee of a political party, serve as an assembly district leader of a political party or serve as the chair or as an officer of the county committee or
county executive committee of a political party, except that a member of
the council may serve as an assembly district leader or hold any lesser
political office as defined by rule of the board.

c. This section shall not prohibit:
   1. an elected official from appearing without compensation before any
city agency on behalf of constituents or in the performance of public
official or civic obligations;
   2. a public servant from accepting or receiving any benefit or
facility which is provided for or made available to citizens or
residents, or classes of citizens or residents, under housing or other
general welfare legislation or in the exercise of the police power;
   3. a public servant from obtaining a loan from any financial
institution upon terms and conditions available to members of the
public;
   4. any physician, dentist, optometrist, podiatrist, pharmacist,
chiropractor or other person who is eligible to provide services or
supplies under title eleven of article five of the social services law
and is receiving any salary or other compensation from the city
treasury, from providing professional services and supplies to persons
who are entitled to benefits under such title, provided that, in the
case of services or supplies provided by those who perform audit, review
or other administrative functions pursuant to the provisions of such
title, the New York state department of health reviews and approves
payment for such services or supplies and provided further that there is
no conflict with their official duties; nothing in this paragraph shall
be construed to authorize payment to such persons under such title for
services or supplies furnished in the course of their employment by the
city;
   5. any member of the uniformed force of the police department from
being employed in the private security field, provided that such member
has received approval from the police commissioner therefor and has
complied with all rules and regulations promulgated by the police
commissioner relating to such employment;
   6. a public servant from acting as attorney, agent, broker, employee,
officer, director or consultant for any not-for-profit corporation, or
association, or other such entity which operates on a not-for-profit
basis, interested in business dealings with the city, provided that:
   (a) such public servant takes no direct or indirect part in such
business dealings;
   (b) such not-for-profit entity has no direct or indirect interest in
any business dealings with the city agency in which the public servant
is employed and is not subject to supervision, control or regulation by
such agency, except where it is determined by the head of an agency, or
by the mayor where the public servant is an agency head, that such
activity is in furtherance of the purposes and interests of the city;
   (c) all such activities by such public servant shall be performed at
times during which the public servant is not required to perform
services for the city; and
   (d) such public servant receives no salary or other compensation in
connection with such activities;
   7. a public servant, other than elected officials, employees in the
office of property management of the department of housing preservation
and development, employees in the department of citywide administrative
services who are designated by the commissioner of such department
pursuant to this paragraph, and the commissioners, deputy commissioners,
assistant commissioners and others of equivalent ranks in such
departments, or the successors to such departments, from bidding on and
purchasing any city-owned real property at public auction or sealed bid sale, or from purchasing any city-owned residential building containing six or less dwelling units through negotiated sale, provided that such public servant, in the course of city employment, did not participate in decisions or matters affecting the disposition of the city property to be purchased and has no such matters under active consideration. The commissioner of citywide administrative services shall designate all employees of the department of citywide administrative services whose functions relate to citywide real property matters to be subject to this paragraph; or

8. a public servant from participating in collective bargaining or from paying union or shop fees or dues or, if such public servant is a union member, from requesting a subordinate public servant who is a member of such union to contribute to union political action committees or other similar entities.

d. Post-employment restrictions. 1. No public servant shall solicit, negotiate for or accept any position (i) from which, after leaving city service, the public servant would be disqualified under this subdivision, or (ii) with any person or firm who or which is involved in a particular matter with the city, while such public servant is actively considering, or is directly concerned or personally participating in such particular matter on behalf of the city.

2. No former public servant shall, within a period of one year after termination of such person's service with the city, appear before the city agency served by such public servant; provided, however, that nothing contained herein shall be deemed to prohibit a former public servant from making communications with the agency served by the public servant which are incidental to an otherwise permitted appearance in an adjudicative proceeding before another agency or body, or a court, unless the proceeding was pending in the agency served during the period of the public servant's service with that agency. For the purposes of this paragraph, the agency served by a public servant designated by a member of the board of estimate to act in the place of such member as a member of the board of estimate, shall include the board of estimate.

3. No elected official, nor the holder of the position of deputy mayor, director of the office of management and budget, commissioner of citywide administrative services, corporation counsel, commissioner of finance, commissioner of investigation or chair of the city planning commission shall, within a period of one year after termination of such person's employment with the city, appear before any agency in the branch of city government served by such person. For the purposes of this paragraph, the legislative branch of the city consists of the council and the offices of the council, and the executive branch of the city consists of all other agencies of the city, including the office of the public advocate.

4. No person who has served as a public servant shall appear, whether paid or unpaid, before the city, or receive compensation for any services rendered, in relation to any particular matter involving the same party or parties with respect to which particular matter such person had participated personally and substantially as a public servant through decision, approval, recommendation, investigation or other similar activities.

5. No public servant shall, after leaving city service, disclose or use for private advantage any confidential information gained from public service which is not otherwise made available to the public; provided, however, that this shall not prohibit any public servant from disclosing any information concerning conduct which the public servant
knows or reasonably believes to involve waste, inefficiency, corruption, criminal activity or conflict of interest.

6. The prohibitions on negotiating for and having certain positions after leaving city service, shall not apply to positions with or representation on behalf of any local, state or federal agency.

7. Nothing contained in this subdivision shall prohibit a former public servant from being associated with or having a position in a firm which appears before a city agency or from acting in a ministerial matter regarding business dealings with the city.

e. Allowed positions. A public servant or former public servant may hold or negotiate for a position otherwise prohibited by this section, where the holding of the position would not be in conflict with the purposes and interests of the city, if, after written approval by the head of the agency or agencies involved, the board determines that the position involves no such conflict. Such findings shall be in writing and made public by the board.

§ 2605. Reporting. No public servant shall attempt to influence the course of any proposed legislation in the legislative body of the city without publicly disclosing on the official records of the legislative body the nature and extent of any direct or indirect financial or other private interest the public servant may have in such legislation.

§ 2606. Penalties. a. Upon a determination by the board that a violation of section twenty-six hundred four or twenty-six hundred five of this chapter, involving a contract work, business, sale or transaction, has occurred, the board shall have the power, after consultation with the head of the agency involved, or in the case of an agency head, with the mayor, to render forfeit and void the transaction in question.

b. Upon a determination by the board that a violation of section twenty-six hundred four or twenty-six hundred five of this chapter has occurred, the board, after consultation with the head of the agency involved, or in the case of an agency head, with the mayor, to impose fines of up to ten thousand dollars, and to recommend to the appointing authority, or person or body charged by law with responsibility for imposing such penalties, suspension or removal from office or employment.

c. Any person who violates section twenty-six hundred four or twenty-six hundred five of this chapter shall be guilty of a misdemeanor and, on conviction thereof, shall forfeit his or her public office or employment. Any person who violates paragraph ten of subdivision b of section twenty-six hundred four, on conviction thereof, shall additionally be forever disqualified from being elected, appointed or employed in the service of the city. A public servant must be found to have had actual knowledge of a business dealing with the city in order to be found guilty under this subdivision, of a violation of subdivision a of section twenty-six hundred four of this chapter.

d. Notwithstanding the provisions of subdivisions a, b and c of this section, no penalties shall be imposed for a violation of paragraph two of subdivision b of section twenty-six hundred four unless such violation involved conduct identified by rule of the board as prohibited by such paragraph.

§ 2607. Gifts by lobbyists. Complaints made pursuant to subchapter three of chapter two of title three of the administrative code shall be made, received, investigated and adjudicated in a manner consistent with
investigations and adjudications of conflicts of interest pursuant to this chapter and chapter thirty-four.

CHAPTER 69
COMMUNITY DISTRICTS AND COTERMINALITY OF SERVICES

§ 2700. Declaration of intent. It is the intent of this chapter to encourage and facilitate coterminous community districts and service districts to be used for the planning of community life within the city, the participation of citizens in city government within their communities, and the efficient and effective organization of agencies that deliver municipal services in local communities and boroughs.

§ 2701. Community districts. a. Each community district shall:
   (1) Lie within the boundaries of a single borough, except as provided in subdivisions d and e of this section, and coincide with historic, geographic and identifiable communities from which the city has developed;
   (2) Be suitable for the efficient and effective delivery of those services of municipal agencies required to be made coterminous with the community districts, pursuant to section two thousand seven hundred four, including particularly the service and districting requirements of the police and sanitation departments; and,
   (3) Be compact and contiguous and have a population of not more than two hundred fifty thousand persons.
   b. Community districts shall be as nearly equal in population with each other as is possible under the criteria in paragraphs one, two and three of subdivision a of this section.
   c. With respect to the city's central business district in the borough of Manhattan from fifty-ninth street south, the council may adopt as part of the community district map, districts which shall reflect its unique character as the city's financial, business and entertainment center. In so doing, the council shall take into consideration the residential, working and other daytime populations as well as the hotel and transient or other nighttime populations and adhere as nearly as possible to the provisions of paragraph three of subdivision a of this section.
   d. The community district map for the borough of Manhattan shall include Roosevelt Island, located in the east river, as part of a community district in the borough of Manhattan, immediately opposite and to the west of Roosevelt Island. However, for the purposes of meeting the requirements of section twenty-seven hundred four relating to coterminality of local services, section twenty-seven hundred five relating to district service cabinets and section twenty-seven hundred seven relating to agency budget and service statements, Roosevelt Island shall be deemed included within a community district of the borough of Queens immediately opposite and to the east of Roosevelt Island. The chairperson of the community board of the Manhattan community district which includes Roosevelt Island, or his or her designee, shall be a member of the district service cabinet of each of the community districts in which Roosevelt Island is included in the respective boroughs.
   e. The community district map for the borough of the Bronx shall include that portion of the borough of Manhattan which lies north of the Harlem River.

§ 2702. Preparation and adoption of map. a. The map of community
districts in effect as of the seventh day of November, nineteen hundred eighty-nine shall be continued until modified pursuant to this section. Not later than the first day of May nineteen hundred ninety-four and every tenth year thereafter, the mayor shall, and at such other times as the mayor deems appropriate, the mayor may, prepare and present to the council a report reviewing the community district map then in force and presenting such recommendations for changes in the map as the mayor deems appropriate. Such review shall consider shifts in population shown in the most recent decennial census that may require adjustments in the community district map to conform to the criteria in section twenty-seven hundred one. Such review shall also consider whether reducing the size of any community district would provide more efficient and effective service delivery within the district or districts involved. If the mayor's recommendations for changes in the map would produce a community district with a population below seventy-five thousand persons, the mayor may consider whether partial suspension of coterminality within the district is likely to provide more efficient or effective service delivery of one or more of the services for which coterminality is required, and may recommend that coterminality for one or more designated services within the community district and any adjacent district be suspended. The mayor's recommendations for changes shall be referred to as the preliminary revision of the community district map.

b. The borough presidents, city planning commission, community boards and other civic, community and neighborhood groups and associations shall be consulted and their recommendations considered in the preparation of the preliminary revision of the community district map.

c. The mayor shall publish the preliminary revision of the community district map in the City Record and in each borough of the city and shall, jointly with the borough president, conduct one or more public hearings on it in each borough of the city. Within sixty days after the last such hearing, the mayor shall submit to the council such preliminary revisions of the community district map as he or she deems appropriate.

d. The council shall conduct public hearings on the preliminary revision of the community district map submitted by the mayor and it shall, by resolution, within one hundred twenty days of such submission, adopt, adopt with modifications, or disapprove the map as submitted. If the council adopts the proposed map without modifications, or if the mayor concurs in any modifications adopted by the council, the new map shall be effective as of the date specified in the mayor's proposal or in the modifications adopted by the council and concurred in by the mayor. If the council disapproves the map as submitted by the mayor, or if the council fails to act within the one hundred twenty day period, or if the mayor does not concur in any modifications adopted by the council, the community district map then in force shall remain in effect.

§ 2704. Coterminality of local services. a. The head of each agency responsible for one or more of the services listed below shall organize the local service delivery districts of such agency as follows.

(1) To be coterminous with each of the community districts: local parks services; local recreation services; street cleaning and refuse collection services; the patrol services of the police department; and social services, including community services, community development, youth services, child development, and special services for children; and
(2) To be coterminous with one or more community districts or aggregates of them: housing code enforcement, highway and street maintenance and repair, sewer maintenance and repair, and health services, other than municipal hospitals.

b. Notwithstanding the provisions of subdivision a, the requirement that patrol services of the police department be coterminous with each of the community districts in any borough shall not apply to any community district where the mayor, after consultation with the police commissioner, shall determine that establishment of such coterminality would be inconsistent with the most effective delivery of such services. The mayor shall promptly notify the council of any such determination, and the council may, by majority vote, disapprove such determination with respect to any community district within sixty days after the first stated meeting of the council following the receipt of such notice. If the council shall disapprove such determination with respect to any community district, the police commissioner shall organize patrol services to be coterminous with such district within ninety days of such disapproval.

c. The council, by resolution subject to the approval of the mayor, or the mayor by executive order, may direct that city services in addition to those specified in subdivision a of this section be made coterminous with one or more community districts or aggregates of them.

d. The head of each agency whose local service delivery districts are not required to be coterminous with community districts pursuant to subdivision a or c of this section shall organize the local service delivery districts of the agency to coincide as closely as possible to the boundaries of the community districts.

e. For purposes of this section, coterminality of services shall mean that the boundaries of the local service districts of each agency service listed in subdivision a or required to be made coterminous pursuant to subdivision c shall coincide with the boundaries of community districts.

f. The head of each agency responsible for one or more of the services listed in subdivision a or required to be made coterminous pursuant to subdivision c shall: (1) assign to each such local service district at least one official with managerial responsibilities involving the exercise of independent judgment in the scheduling, allocation and assignment of personnel and equipment and the evaluation of performance or the management and planning of programs; each such official shall have operating or line authority over agency programs, personnel and facilities within the local service district; (2) assign to each borough at least one borough commissioner, or official with an equivalent title, who shall have line authority over agency programs, personnel and facilities within the borough related to such services; such official shall consult regularly with the borough president and shall be a member of the borough service cabinet established pursuant to section twenty-seven hundred six of the charter; and (3) publish semi-annually in the City Record and make available to interested parties a list, by community district and borough, of the name, title, office mailing address, and office telephone number of the officials appointed pursuant to paragraphs one and two of this subdivision and to subdivision a of section twenty-seven hundred six.

g. The head of any agency may assign or reallocate personnel, equipment or other resources outside a community district to meet emergency needs, special situations, or temporary conditions.

h. Nothing in this chapter shall prohibit any agency from maintaining sub-districts within a community district for purposes of efficient and
effective service delivery so long as the combined sub-districts shall coincide with the boundaries of the community district. Nothing contained in this section shall prevent the establishment of any special district authorized pursuant to federal, state or local law, the boundaries of which do not coincide with the boundaries of a community district.

i. Each borough president may publish an annual report evaluating the delivery, within the borough, of the services which are listed in subdivision a, or are required to be made coterminous pursuant to subdivision c, of this section.

j. On or before the first day of December, nineteen hundred ninety, the mayor shall appoint a task force on service delivery, consisting of no more than ten members, to review the requirements of subdivisions a, c and f of this section. Such task force shall include members appointed upon the recommendation of the council, comptroller, public advocate, and borough presidents. The membership of the task force shall include, but not be limited to, community board members, district managers, and representatives of the agencies subject to the requirements of this section. On or before the first day of December, nineteen hundred ninety-two, the task force shall submit a report to the mayor and council summarizing its conclusions and presenting such recommendations for changes in the list of services made coterminous pursuant to subdivisions a or c, and in the requirements for such services contained in subdivision f, as the task force deems appropriate.

k. The mayor shall report biennially to the council on the implementation of the requirements of this section. Such report shall include: (1) an evaluation of the quality of the services delivered to community districts pursuant to subdivisions a and c of this section during the preceding two fiscal years, (2) a review of the agencies' implementation of subdivisions d and f of this section, and of subdivision a of section twenty-seven hundred six, and (3) any recommendations for changes in the services listed or in the requirements for those services which the mayor deems appropriate.

§ 2705. District service cabinet. a. There shall be a district service cabinet within each community district established pursuant to this chapter. The members of the district service cabinet shall include:

(1) The agency officials designated pursuant to paragraph one of subdivision f of section twenty-seven hundred four;

(2) Representatives of other agencies that provide local services on a regular basis in the community district, who shall be the ranking line official assigned to the district;

(3) Each council member whose district comprises all or part of the community district;

(4) A representative of the department of city planning designated by the director of city planning;

(5) The district manager appointed pursuant to subdivision f of section twenty-eight hundred; and,

(6) The chairperson of the community board for the community district or his or her representative.

b. Each district service cabinet shall:

(1) Coordinate service functions and programs of the agencies that deliver services in the community district;

(2) Consider interagency problems and impediments to the effective and economic delivery of services in the district;

(3) Plan and recommend joint programs to meet the needs and priorities of community districts and their residents;
(4) Consult with residents of the community district and their representatives about local service problems and activities; and
(5) Keep a public record of its activities and transactions, including minutes of its meetings.

§ 2706. Borough agency managers and borough service cabinets. a. The head of each agency delivering services in the boroughs shall designate one or more senior officials of the agency with line authority as borough representatives of the agency with such coordinative or other duties and responsibilities as the head of the agency may specify in a written statement filed in the agency and with the director of operations and the appropriate borough president.

b. There shall be a borough service cabinet within each borough whose members shall include the borough representatives designated pursuant to subdivision a of this section, and the borough president, who shall be the chairperson. Each borough service cabinet shall:

(1) Coordinate at the borough level service delivery functions and programs of agencies that provide services in the borough;
(2) Consider interagency problems and impediments to the effective and economic delivery of services in the borough;
(3) Plan and develop programs addressed to the needs and priorities of the borough and its residents;
(4) Consult with residents of the borough and representatives of the community boards about service problems and activities; and
(5) Keep a public record of its activities and transactions, including minutes of its meetings.

§ 2707. Agency budgets and service statements. a. Each agency with service districts within the community districts and boroughs shall prepare annually a statement of its service objectives, priorities, programs and projected activities within each community district and each borough for the new fiscal year, if requested by the respective community board or borough board.

b. In preparing such statements for community districts the agencies shall consult with the respective district service cabinets and community boards. In preparing such statements for the borough, the agencies shall consult with the borough service cabinet and borough board. The statements shall be filed no later than the fifteenth day of August with the mayor, council, borough president, community board and borough board.

c. By no later than four months after the end of the fiscal year, each agency with service districts within the community districts and boroughs shall report to the respective community and borough boards the amount of expenditures within each service district for each unit of appropriation for the preceding year.

§ 2708. Agency information. Each agency with service districts within the community districts and boroughs shall make available to each community board and borough board and to the respective borough presidents current information on its operations and programs within each community district and borough.

CHAPTER 70
CITY GOVERNMENT IN THE COMMUNITY

§ 2800. Community boards. a. For each community district created pursuant to chapter sixty-nine there shall be a community board which
shall consist of (1) not more than fifty persons appointed by the
borough president for staggered terms of two years, at least one-half of
whom shall be appointed from nominees of the council members elected
from council districts which include any part of the community district,
and (2) all such council members as non-voting members. The number of
members appointed on the nomination of each such council member shall be
proportional to the share of the district population represented by such
council member. The city planning commission, after each council
redistricting pursuant to chapter two-A, and after each community

§ 2901. Department; commissioner. There shall be a department of transportation, the head of which shall be the commissioner of transportation.

§ 2902. Deputies. The commissioner may appoint three deputies, one of whom shall be in charge of highway operations and be a licensed professional engineer in good standing under the education law.

§ 2903. Powers and duties of the commissioner. Except as otherwise provided by law, the commissioner shall have control over and be responsible for all those functions and operations of the city relating to transportation including, without limitation, the following:

a. Parking and traffic operations. The commissioner shall:

(1) make such rules and regulations for the conduct of vehicular and pedestrian traffic in the streets, squares, avenues, highways and parkways of the city as may be necessary. The violation of such rules and regulations shall be a traffic infraction triable by a judge of the criminal court of the city of New York and, except as otherwise provided by law, punishable by not more than fifteen days' imprisonment, or by a fine of not more than fifty dollars, or both, and may also be adjudicated pursuant to title nineteen of the administrative code or pursuant to articles 2-A and 2-B of the vehicle and traffic law. The police commissioner may, in an emergency, suspend for a period of forty-eight hours the provisions of any such rule or regulation and shall immediately notify the commissioner of such suspension. In order to expedite the movement of traffic or to safeguard pedestrians or property, a police officer or authorized employee of the transportation department may order a person to disregard any traffic signal or any such rule or regulation;

(2) establish, determine, control, install and maintain the design,
(1) establish parking meter zones, determine the design, type, size, location and use of parking meters and fix the fees for parking in parking areas and public parking garages except that regulations pertaining to the use of parking meter zones shall not apply to vehicles operated by disabled persons duly displaying special vehicle identification cards issued by the commissioner other than at those periods of time when "no standing" restrictions are in effect in the metered zones. The parking fees and fines and penalties for violation of parking rules so collected shall be paid into a special fund to be known as the "traffic improvement fund." The revenues of such fund, upon authorization by the council, shall be used for the payment of all costs of purchase, rental, engineering, installation, operation, maintenance and repair of parking meters, for the collection of coins, for the enforcement of rules and regulations pertaining to vehicular parking, the collections of fines and penalties for violation of such rules and regulations, and for the payment of interest on, amortization of, or payment of any indebtedness contracted by the city in connection with the installation, operation and maintenance of parking meters. Any
revenues remaining after such payments are made shall be used for capital and other expenditures to ameliorate traffic conditions which adversely affect the welfare of the city;

(13-a) in conjunction with the commissioner of finance and with any other city agency, enter into at least one agreement with a financing agency or card issuer to provide for the acceptance by the city of credit cards as an alternate means of payment of fines, civil penalties, charges and fees incurred due to a violation of any law, rule, or regulation providing for or regulating parking, stopping, standing or trespassing of a motor vehicle. Such agreement(s) shall be in accordance with the provisions of the administrative code governing the acceptance by the city of credit cards as an alternate means of payment of fines, civil penalties, taxes, fees, rent, rates, charges or other amounts owed by a person to the city.

(13-b) notwithstanding the provisions of any other law, consult with the commissioner of finance or the police commissioner, or any other appropriate agency head, one or more of whom shall enter into at least one agreement with a financing agency or card issuer to provide for the acceptance by the city of at least two major credit cards as an alternate means of payment of fees or charges required to be paid in order to retrieve a motor vehicle which has been towed due to a violation of any law, rule, or regulation providing for or regulating parking, stopping, standing or trespassing of a motor vehicle. Such agreement(s) shall be in accordance with the provisions of the administrative code governing the acceptance by the city of credit cards as an alternate means of payment of fines, civil penalties, taxes, fees, rent, rates, charges or other amounts owed by a person to the city. For purposes of this provision, the term "major credit card" shall mean MasterCard, Visa, American Express or Discover. This provision shall not be construed to apply to the towing of a vehicle in satisfaction of a judgment for an outstanding debt owed to the city.

(14) enforce laws, rules and regulations concerning the parking of vehicles and the movement and conduct of vehicular and pedestrian traffic;

(a) Notwithstanding the provisions of any other law the commissioner shall have the power, concurrently with the police department, to enforce all laws, rules and regulations prohibiting, regulating, directing, controlling or restricting both the parking of vehicles and the movement and conduct of vehicular and pedestrian traffic in and on all streets, squares, avenues, highways, parkways and public off-street parking facilities in the city. As used in this section the term "parking" shall mean and include the parking, standing and stopping of vehicles at meters and off-street parking metered areas and on any highway in the city as such terms are defined in the traffic regulations of the city promulgated pursuant to law; and the term "highway" shall mean and include any highway or public highway as defined in sections one hundred thirty-four and sixteen hundred forty-two of the vehicle and traffic law.

(b) The commissioner may employ, hire and retain officers, agents and employees for the purpose of enforcing laws, rules and regulations prohibiting, regulating, directing, controlling or restricting the parking of vehicles and the movement and conduct of vehicular and pedestrian traffic, which officers, agents and employees are hereby authorized, empowered and designated to issue, make and serve tickets, summonses and complaints for traffic infractions pursuant to article two-A of the vehicle and traffic law and such rules and regulations as may be promulgated thereunder, to issue, make and serve simplified
traffic informations and to issue, make and serve appearance tickets for
traffic infractions, misdemeanors and violations related to the movement
and conduct of vehicular traffic, pursuant to article two-B of the
vehicle and traffic law and title nineteen of the administrative code of
the city of New York and such rules and regulations as may be
promulgated thereunder.

(15) issue special vehicle identification parking permits;

(a) The commissioner shall issue a special vehicle identification
parking permit to a New York city resident who requires the use of a
private automobile for transportation and to a non-resident who requires
the use of a private automobile for transportation to a school in which
such applicant is enrolled or to a place of employment, when such person
has been certified by the department of health and mental hygiene or a
provider designated by the department or the department of health and
mental hygiene, who shall make such certification in accordance with
standards and guidelines prescribed by the department or the department
of health and mental hygiene, as having a permanent disability seriously
impairing mobility. A permit shall be issued to such person upon his or
her application. A permit shall also be issued to such person upon
application made on such person's behalf by a parent, spouse, domestic
partner, guardian or other individual having legal responsibility for
the administration of such person's day to day affairs. Any vehicle
displaying such permit shall be used exclusively in connection with
parking a vehicle in which the person to whom it has been issued is
being transported or will be transported within a reasonable period of
time. Such permit shall not be transferable and shall be revoked if used
on behalf on any other person. Any abuse by any person to whom such
permit has been issued of any privilege, benefit or consideration
granted pursuant to such permit, shall be sufficient cause for
revocation of said permit.

(b) A vehicle bearing such special vehicle identification permit when
parked shall not be deemed in violation of any of the provisions of the
rules and regulations governing parking in the city except where such a
vehicle shall be parked in a bus stop, a taxi-stand, within fifteen feet
of a fire hydrant, a fire zone, a driveway, a crosswalk, a no stopping
zone, a no standing zone, or where such vehicle is double parked.

(c) The name, address and telephone number where the permittee can be
reached shall be written on the reverse side of the permit, not to be
displayed to the public, but to be available for emergency purposes.
Such permit shall also include on the front side thereof, the license
plate number(s) of the vehicle(s) which will be used to transport the
permittee. The commissioner shall allow the permittee to add or delete
license plate number(s) as may be necessary; however, at no time shall
the number of license plate numbers on any given permit exceed ten.

(d) Any person to whom a permit has not been issued, and who shall use
a permit issued pursuant to this section for any purpose other than
parking a motor vehicle while transporting a physically handicapped
person, shall be guilty of a misdemeanor.

(e) Certifications by the department of health and mental hygiene of
applications for special vehicle identification permits shall be made at
those district health offices designated for such purpose by the
commissioner of health and mental hygiene. At least one such district
health office shall be designated in each borough for special vehicle
identification permit certifications. Such certifications shall be
available by appointment at each of said borough health offices, or an
alternative location within the borough as designated by the
commissioner by regulation, on a regular basis.
(17) Establish and publicize a telephone number for citizen reporting of violations of section 1203-c of the vehicle and traffic law;

(a) The department shall affix a sign indicating the aforementioned telephone number to all above grade signs, located on city property which display the international symbol of access;

(b) Any person, firm or corporation that is required by law to install such above grade signs, which display the international symbol of access, shall affix a sign indicating the aforementioned telephone number to these signs.

(c) Whenever the department shall determine that such a sign should be installed or affixed, it may order the owner of the property to perform such work. Such order shall specify the work to be performed and shall fix a reasonable time for compliance. The department shall, by appropriate regulations, provide for a reinspection by a departmental inspector, if the owner of the property requests such reinspection.

(d) Upon the owner’s failure to comply with such order or notice within thirty days of service thereof, the department may perform the work or cause same to be performed, the cost of which, together with administrative expenses, as determined by the commissioner, but not to exceed twenty percent of the cost of performance, shall constitute a debt recoverable from the owner by lien on the property affected or otherwise. Upon entry by the city collector, in the book in which such charges are to be entered, of the amount definitely computed as a statement of account by the department, such debt shall become a lien prior to all liens or encumbrances on such property, other than taxes. An owner shall be deemed to have complied with this subdivision if he or she performs such work as specified in the order within the time set forth therein.

(e) Service of a notice or order upon an owner pursuant to the provisions of this section shall be made upon such owner or upon his or her designated managing agent personally or by certified or registered mail, return receipt requested, addressed to the person whose name appears on the records of the city collector as being the owner of the premises. If the records of the city collector show that a party, other than the owner, has been designated to receive tax bills for such property, the notice shall be mailed to such party as well as to the owner of the record, at his or her last known address. If the postal service returns the order with a notation that the owner refused to accept delivery of such notice, it may be served by ordinary mail and posted in a conspicuous place on the premises.

(f) A copy of such notice or order shall also be filed in the office of the clerk of the county where the property is situated, together with proof of service thereof.

(g) A notice of such account, stating the amount due and the nature of the charge, shall be mailed by the city collector, within five days after such entry, to the last known address of the person whose name appears on the records of the city collector as being the owner or the agent or as the person designated by the owner to receive tax bills or where no name appears, to the premises, addressed to either the owner or the agent.

(h) If such charge is not paid within ninety days from the date of entry, it shall be the duty of the city collector to charge and receive interest thereon, to be calculated to the date of payment from the date of entry.

(i) Such charge and interest shall be collected and the lien thereof may be foreclosed in the manner provided by law for the collection and foreclosure of the lien of taxes, sewer rents, sewer surcharges and
water charges due and payable to the city, and the provisions of chapter four of title eleven of the code shall apply to such charge and the interest thereon and the lien thereof.

(j) In addition to collecting the charge for the cost of installation or affixing of such a sign, the city may maintain a civil action for recovery of such charge against a property owner who is responsible under this section for such work in the first instance, provided however, that in the event that the department performs the work without duly notifying such person in the manner prescribed in subdivision e, the cost to the city of performing such work shall be prima facie evidence of the reasonable cost thereof.

(18) Upon receipt of a complaint in the appropriate borough office of the department concerning a measurement error, incorrect property assessment, or that the property qualifies for local law sixty-seven, the borough office shall notify the property owner, within ten business days, in writing, where appropriate, that all records will be reviewed and the results will be sent, if applicable, to the sidewalk assessment review board within the department for review within thirty days of receipt of the complaint. The property owner may schedule an appointment in the appropriate borough office of the department to review that property owner's records. The appropriate borough office shall notify the property owner of the determination of the sidewalk assessment review board in writing within fifteen business days of receiving the determination from the sidewalk assessment review board. The borough office shall also notify the property owner in writing that if the property owner is not satisfied with the determination, of the right to file a notice of claim with the office of the comptroller as provided by section 19-152.2 of the administrative code of the city of New York and of the right to file a petition for appeal and commence a proceeding to review and/or correct the notice of account and/or the quality of work performed under the direction of the department in the manner provided by section 19-152.3 of the administrative code of the city of New York. Such notice shall also include the appropriate claim form to be filed with the office of the comptroller.

Upon receipt of complaint in the appropriate borough office of the department regarding the quality of work, the department shall send an inspector to investigate the complaint within thirty days. Where appropriate the department shall notify the property owner in writing of the inspection date at least five days prior to the inspection date. If the quality of the work is determined to be poor, the work shall be corrected by the appropriate contractor within eighteen months of substantial completion. If the property owner alleges that the subsequent or the corrective work was of poor quality, or if the inspector determines that no correction is required, the property owner shall be informed in writing, where appropriate, within ten business days, by the appropriate borough office of the department of the right to file a notice of claim with the office of the comptroller as provided in section 19-152.2 of the administrative code of the city of New York and of the right to file a petition for appeal and commence a proceeding to review and/or correct the notice of account and/or the quality of work performed under the direction of or by the department in the manner provided by section 19-152.3 of the administrative code of the city of New York. Such notice shall also include the appropriate claim form to be filed with the office of the comptroller. Upon receipt of a complaint other than a measurement error, incorrect property assessment, that the property qualifies for local law sixty-seven or concerning quality of work performed under the direction of or by the department in the
appropriate borough office of the department, the appropriate borough office shall notify, in writing, where appropriate, within ten business days, of the right to file a notice of claim with the office of the comptroller as provided by section 19-152.2 of the administrative code of the city of New York and of the right to file a petition for appeal and commence a proceeding to review and/or correct the notice of account in the manner provided by section 19-152.3 of the administrative code of the city of New York. Upon request of the owner of property, the department through the appropriate borough office shall within fifteen business days provide for the reinspection as provided in section 19-152 of the administrative code of the city of New York. Upon request of the owner of property, the appropriate borough office shall within fifteen business days provide for the reinspection as provided in section 19-152 of the administrative code of the city of New York. The department shall also post signs in conspicuous places in the borough offices advising the public of such rights;

b. Highway operations. The commissioner shall have charge and control of the following functions relating to the construction, maintenance and repair of public roads, streets, highways, parkways, bridges and tunnels:

Notwithstanding anything to the contrary in this subdivision, the commencement of a judicial action or proceeding for review of a determination of the commission shall preclude the appeal of such a determination to the panel. Any party, including the commission, aggrieved by a final determination of the panel may commence a judicial action or proceeding for review of such determination of the panel.

11. In addition to the powers conferred by this chapter, the commission shall have the powers specifically conferred upon it by chapter thirty-seven of the charter.

No more than two members of the panel shall be residents of the same borough.
(b) The term of each member shall be three years, provided, however, that of the members first appointed on or after the effective date of this section, two shall be appointed for a term of two years and one shall be appointed for a term of one year.
(c) The mayor shall designate one member to be chair.
(d) The members shall serve without compensation but shall be reimbursed for actual and necessary expenses incurred in the performance of their duties.
3. The panel shall review appeals from determinations of the commission denying applications for certificates of appropriateness, based on the grounds of hardship, to demolish, alter or reconstruct improvements that are exempt from real property taxes, provided that such appeals may be brought only with respect to applications made under applicable law on the grounds of hardship applicable only to tax-exempt properties. Notwithstanding the foregoing provision, the panel shall not have jurisdiction to review such appeals if a judicial proceeding for review of such determination of the commission has been commenced.
4. A proceeding for review pursuant to this section shall be commenced by filing a notice of appeal and petition. A notice of appeals shall be
filed with the panel and the commission no more than forty-five days after the date that notice of the determination of the commission is served upon the appellant. A petition and any supporting memoranda of law shall be filed with the panel and the commission no later than sixty days after the date on which the notice of appeal was filed with the panel and the commission. Upon the filing of a petition, the panel shall obtain from the commission the record of the proceedings before the commission relating to the matter to be reviewed. The commission shall have the opportunity to file with the panel responsive memoranda of law within thirty days after receipt of the petition and supporting memoranda. Any other submissions to the panel, including reply memoranda, shall be filed in accordance with a schedule established by the panel. Notwithstanding the foregoing provisions, with respect to applications described in subdivision three of this section that are denied by the commission after the first day of January, nineteen hundred ninety and prior to the effective date of this section the notice of appeal and petition shall be filed with the panel and the commission no more than sixty days after the effective date of this section.

The panel shall not substitute its own judgment for that of the commission. It shall not take testimony or consider any evidence that was not in the record below. If the panel finds that the determination of the commission has a rational basis supported by substantial evidence in the record, it shall affirm the determination of the commission; otherwise it shall reverse the commission's determination and remand the matter to the commission, which shall then issue a preliminary determination of insufficient return and take such steps as are provided by law following such preliminary determination.

6. The appellant or the commission may commence a judicial proceeding for review of a determination of the panel.

7. The panel shall render a determination expeditiously. If the panel does not render a determination within ninety days after the date of the filing of the petition, the petitioner at his or her option may agree to an extension of time for such determination or may withdraw his or her petition. If the petitioner chooses to withdraw the petition, the panel shall no longer have jurisdiction to hear the appeal and the determination of the commission described in subdivision three of this section shall be considered final and shall be subject to judicial review as provided by law.

8. Any determination of the panel reversing the commission's determination and remanding the matter shall be stayed pending the final resolution of any judicial proceeding for review of the determination of the panel.

9. Nothing in this section shall be construed to affect the provisions of law and procedures governing determinations of the commission, including, but not limited to, the nature and conduct of hearings and the burdens of proof, that are otherwise provided for under chapter three of title twenty-five of the administrative code and any rules promulgated thereunder and any judicial interpretations thereof, or to
affect the standards provided in law for judicial review of any determination of the commission or panel.

10. Nothing in this section shall be construed to require a person aggrieved by a determination of the commission to appeal to the panel prior to commencing a judicial proceeding for review of such determination.

11. The panel may adopt such rules of procedure consistent with this section as are necessary to carry out the provisions of this section.
