**To:** Hearings  
**Subject:** Oct 10 , 5:30pm redistricting meeting

The Bowne Park Civic Association is in agreement with the report submitted by the Queens Civic Congress refuting the City Council Districting Commission's first draft for the re drawing of the Council

lines in Queens County. It is important that our communities remain cohesive units that can easily work together with their City Reps for the common good. Districts borders should logically follow ex

existing main roads, and districts should include ALL of the people who share a common interest in a community, such as kind of housing, ethnic background, etc., so that they can be effectively

represented by their elected City Councilmen. Please do what is best for our neighborhoods. Don't split us up.

Wanda Antosh,

President, Bowne Park Civic Association
