Attn: Jonathan Ettricks

New York, N.Y. 10007

Dear Mr. Ettricks,

Community Board 15 adamantly opposes the proposed plan for the new City Council District lines. Community Board 15 believes these new lines will alter and divide our existing communities which share many common elements. The new lines are further segregating these same communities that share so much.

As mandated by the City Charter, the Community Board's primary function is the delivery of City Services which is further complicated by these new lines. Most of the district shares many common problems and issues which are easily handled. It appears very little thought was put into creating these new boundaries. Therefore, we believe it is necessary for the Commission to rethink these lines and make a district that is more cohesive.

The lines should be more in keeping with the Police Precincts as well as the Community Board boundary lines.

As Chairperson of Community Board 15, I will pursue whatever avenues necessary to preserve my community.

Sincerely,

*Theresa Scavo*
