RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

Subject: Hearing Oct 10 @ LaGuardia Community College

I am sending this email to oppose the redistricting plans for my neighborhood Cambria Heights, Queens. We're a safe, family oriented community that is comprised of hard working African Americans and other immigrants. We pay our taxes, contribute to this community and society in a whole, and now being stripped of our community and homes that so many of us work to maintain.

Rezoning will decrease our property value, increase congestion and not to mention change the years of investment so many of us worked hard to accomplish-our sense of community. Additionally, the people voting to propose these changes are not of our community and are not familiar with our values and views. Likewise, I strongly opposed building a hotel/motel in OUR community as well as installing parking meters to accommodate any outsiders. We the residents support our local businesses and having a hotel here is not of interest to us, as we will not be utilizing it or be given employment opportunities.

Unfortunately I am unable to attend the public hearing on October 10, 2012 but I wish to exercise my rights by taking action to preserve our community.

Connie Gordon

Dear Commissioner.

This letter is to let you know that I oppose the plan to divide Cambria Heights, where I live for the past thirty five years. Such a decision will divide the community and weakens our association, which is "Cambria Heights Civic Association". The rule established by the city stipulates that: " District lines shall keep intact neighborhoods and communities with established ties of common interest and association".

Thank you for your time and understanding.

Subject: NO

I am completely against this. The neighborhood is prefect just the way it is. Its quiet and a great place to raise a family. It's not fair to agree to this "plan" at all. It would mean higher property taxes, loud and frequent traffic, and a hick in prices for the basics such as food, gas, etc. It was slick moving our voting site thinking people and Cambria wouldn't make the trek. Like we are lazy and wouldn't bother voting because "its too far". Leave our neighborhood alone

October 9, 2012

NYC Districting Commission
253 Broadway
7th Floor
New York, NY 10007

Dear Members of the Commission:

I am sending this email to voice my opinion regarding dividing our community. Please, forward my email to the commission for the Wednesday, October 10th hearing. Raised and I am raising my children in the wonderful community of Cambria Heights. My reason I continue to make Cambria Heights my home because of the efforts of the residents and the Cambria Heights Civic Association (CHCA). Additionally, with the assistance of our council member, we are achieving to improve services to our community.

If the Commission does go forward with the plan to divide our community, it will slow and perhaps reverse the improvements made over years. Furthermore, having more than one councilperson to report our needs will hinder response to time sensitive issues. Currently, our community is facing challenging issues from outside interest that may threaten our current and future goals. Frustratingly, outsiders seek to impose their own agendas and simply do not understand the essential needs of our community. These outsiders clearly are not protecting Cambria Heights' interests.

During the 90s, our community was separated into two council districts and the results were disastrous. Little or nothing was accomplished regarding addressing the issues our community was facing. Many of the residents during that time, was confused and/or did not know whom their councilperson to speak. Additionally, a two city council districts was very unpopular and a hindrance to be properly represented in the city council.

In conclusion, I urge the commission to reconsider the proposal and leave Cambria Heights whole. Too many present and past residents diligently worked and sacrificed to see their efforts erase. Furthermore, our civic association, community board, and residents are actively laboring improving our community. We intend to continue to make Cambria Heights, a community, to live and raise their families. Under one city council district, we will be heard as one. Presently, with one voice at representing us at the city council, we will continue to make a desirable place to reside.

Thank you for your time.

Sincerely,
Harry Lauture

Subject: Redistricting Cambria Height

My name is Nkemdilim Ezekwe; I am a resident of Cambria Height. I am writing this because I will be working on October 10th 2012 and will not be able to attend the Hearing on October 10th 2012, please this e-mail is for the hearing on 10/10/12. I have lived in Cambria Height for about six years now and will raise my children here, I love the peace and serenity here in Cambria Height. I have no problem with the Jewish Center Ohel Chabad as we are a nation of multiple religion and thus must learn to tolerate one another's religion. Expanding the Synagogue will further increase the traffic here in Cambria Height, in the past during the yearly service in June, we the residents experience a lot of traffic, streets littered and some female worshippers asking to use the bathroom. Some younger worshippers have stopped by to ask if my house is for sale making me wonder if, they want us out of the neighborhood. Cambria Height has always being a residential area and we want it to remain so as redistricting it may leave it open to be commercialized. This is one of the areas in Queens that remains our 'little Italy' our little Long Island'. It is mostly populated by African Americans, please do not push us away from what we've built and called our Niche. We have also put in a lot of effort in building our school P.S.176 and we have one of the best Elementary school in Queens, redistricting Cambria Height will reshuffle what we've worked for from generation to generation, busing will also be affected and Cambria Height has a high population of aged African Americans and Hispanics that depend on the current busing system. Please leave Cambria Heights the way it is, we have co-existed with our Jewish neighbors for years, please leave Cambria Heights the way it is.

Thank You

Nkemdilim Ezekwe.

To: Hearings
Subject: 10/10/12 Hearing

NYC Districting Commission
Attn: Jonathan Ettricks
253 Broadway, 7th Floor
New York, NY 10007

Re: 10/10/12 Hearing

Dear Mr. Ettricks:

This letter is written to state our opposition to the proposed redistricting of Cambria Heights from one to two city council districts. This community is an intact neighborhood with established ties of common interest and association.

The geographic integrity of this community has been preserved by the 7/27/05 NYC Department of City Planning's adoption of the lower density rezoning initiative to maintain the prevailing character of the neighborhood and to ensure that new residential development reflects the scale of the existing area's housing mix. This approval recognized Cambria Heights' northern border at Murdock Ave.; its eastern border at the Cross Island Parkway; its southern border at 121st Ave. and its western border at Springfield Blvd.

Likewise, the political integrity of this community must be preserved by keeping the entire community within the 27th Council District. Comprised of middle class, tax-paying homeowners who have a vested interest and stake in the integrity of this community, our current districting ensures fair and effective representation. This family oriented community characterized with low crime rates has worked hard to maintain its quality of life and property values.

The proposed redistricting undermines our ability to hold one official accountable thereby weakening our political effectiveness and ultimately our community's health, safety and welfare. Clearly, the proposed redistricting plan draws an artificial line to separate an otherwise intact community and flies in the face of true democracy.

While the rationale for the proposed redistricting results from the 2010 Census noting a population decrease, it is puzzling why there would be any discussion of splitting a community with fewer people into two districts. It stands to reason that Cambria Heights is best served by one council member.

As the NYC Districting Commission is charged with making recommendations regarding the proposed redistricting plan, we believe that it is in the best interests of our community to remain one district represented by one City Council member. We believe that your rejection of the proposed redistricting plan for Cambria Heights best represents the resident's interests as well as those who share our values, interests and vision.

Your support for the Cambria Heights community is most appreciated.

Sincerely,

Robert Myers

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO
TWO SEPARATE CITY COUNCIL DISTRICTS

Dear Mr. Etricks:

I reside at [REDACTED] Street in Cambria Heights, NY and, I also work in Cambria Heights, NY which, will be reflected from the three letter heads from which, I will be corresponding to you on as my Boss, Mr. Dennis Rappaport own and run three different business entities at 225-01 Linden Blvd. in Cambria Heights, NY.

I respectfully, vigorously and vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district: District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and the 27th Council District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community that share many common elements and interest.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter section 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services, common interest and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Council District.

Respectfully submitted and with kind regards I am,

Frank Emanuel Spaulding-Bey, Jr.

RE: LETTER IN OPPOSITION TO DIVIDING CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate City Council districts. Currently, Cambria Heights is entirely in one City Council district, District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and the 27th Council District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "district lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Council District.

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

Dahlia Thomas

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

Lydia

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

Carlos

To: Ettricks, Jonathan
Subject: Cambria Heights Re-Districting

Hello My name is Vladimir Cadet and I have been a resident of Cambria Heights for 38 years. I met you at the Community Board Meeting Monday night. I grew up in Cambria Heights and purchased the home from my parents Ten years ago when they retired and moved to Florida. I am married and raising my two children in Cambria Heights. I am an attorney and so is my wife.

I am truly upset at the possibility that I may be redistricted out of Cambria Heights. I am even more upset at the local elected official who did not notify the citizens of the pending decision. I just wanted to inform you that I have always been proud to say I am from Cambria Heights. That has always represented hard working people who take excellent care of their family, homes, and community. Cambria Heights has previously been featured by the New York Times as an excellent well cared African American Community. Although there are members of other races it is a majority African American neighborhood.

I can guarantee you that if the community would have known about the opportunity to address the City Council you would have had hundreds of people eager to speak. In conclusion I just wanted to again introduce myself and express my deep opposition to the redistricting.

Vladimir Cadet, Esq.

To: Ettricks, Jonathan

Dear Mr. Ettricks,

I am sending this email to **express my opposition to the rezoning/disctricting** of Cambria Heights. My family has lived in Cambria Heights for 42 years and there is no need for a disctricting in this area.

Lisa P. Sam

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO
TWO SEPARATE DISTRICTS

Dear Mr. Ettricks;

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue in the natural border of the neighborhood and 27th Councilmanic District. The commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "(d)istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter #52 (1) (c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

Nkem

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural boarder of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a boarder that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the boarder of the 27th Councilmanic District.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

Lelia

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

Danica Cranshaw

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural boarder of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a boarder that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the boarder of the 27th Councilmanic District.

Respectfully Submitted,

Alex

Dear Mr. Etricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

Ms

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural boarder of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a boarder that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the boarder of the 27th Councilmanic District.

Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

[Signature]

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

Respectfully Submitted,

Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district, District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.

RE: LETTER IN OPPOSITION TO DIVIDE CAMBRIA HEIGHTS, QUEENS INTO TWO SEPARATE DISTRICTS

Dear Mr. Ettricks:

I vehemently oppose the New York City Districting Commission's proposed plan to divide the neighborhood of Cambria Heights into two separate city council districts. Currently, Cambria Heights is entirely in one city council district; District 27. Furthermore, 121st Avenue is the natural border of the neighborhood and 27th Councilmanic District. The Commission's proposed map created a border that would split the neighborhood. I believe the new lines will alter and divide our community which shares many common elements.

As mandated by the New York City Charter, the "[d]istrict lines shall keep intact neighborhoods and communities with established ties of common interest and association." City of New York Charter § 52 (1)(c). I believe it is a grave mistake to divide Cambria Heights because the divide will adversely impact our cohesion, services and sense of community.

As a registered voter and resident of the community, I urge the Commission to submit to the City Council a proposed map showing 121st Avenue as the border of the 27th Councilmanic District.
