To the New York City Districting Commission,

We the concerned residents and action committee would like to implement our suggestions and concerns regarding re-districting of the 18th Councilmatic District. The areas to include are Parkchester, Castle Hill, Soundview, Westchester Square and Shorehaven. Parkchester is a thriving and heavily active voter community that prides themselves in business, diversity and family values. Since the last redistricting the 18th district has changed for the worst. Our main business districts were excluded, services were eliminated and there were increased modifications that were not beneficial to our communities. Due to the decrease, necessary funding was not applicable for projects that reflect the environmental and demographic changes needed within our communities. Insurance cost went up, transportation routes were eliminated and rerouted without public input. Senior and youth services declined and were put in worst conditions due to these changes. Benefits to the community had declined overall within the 18th district. Please take into consideration these changes for the betterment of our community.

Thank you in advance for your time and concern in this matter.

William Russell Moore

Note: Business districts eliminated from the 18th district .
