2015 Winner
Commissioners' Cup

Unmatched Service... Unquestionable Commitment!

- **We serve** the 20 million people of greater New York via partnerships with more than 200 hospitals in New York City, Long Island, the Hudson Valley, New Jersey, and parts of Connecticut and Pennsylvania.
- **We're the largest** nonprofit organization providing local services, but remain laser-focused on the individual donor groups (and the chairpersons who lead them) who make everything we do possible.
- **We're on the job** 365/24/7 and have been for the past 50 years.
- **We provide** hospitals with whatever life-saving product they need on a regular basis, but we also make 300 emergency deliveries a week.
- **We innovate:** our research institute developed the Hepatitis B vaccine, the technology used around the world to purify blood, and methods of reducing the transmission of HIV (including recruiting trial participants for HIV vaccine studies).
- **We pioneered** the use of Non-Controversial umbilical cord blood as a stem cell treatment for patients with leukemia, sickle cell disease, among other conditions. We now operate the world's largest public cord blood bank, and were recently awarded the world's first government license for a stem cell product.

Annual NYC Employee Blood Program Coordinators' Recognition Ceremony

Friday, May 13, 2016
9:00 a.m. – 11:00 a.m.
