Citywide Learning & Development

Learning & Development (L&D) is the central source of training within NYC government for managerial, clerical, professional, and technical employees. Our Citywide Training Center (CTC) offers agencies a full range of courses, workshops and seminars to meet the training and professional development needs of City employees at all levels.
Our courses and programs are offered in multiple portfolios. Most of the classes in each portfolio are delivered at the Citywide Training Center.

TECHNOLOGY SKILLS PORTFOLIO

This portfolio has a full complement of software offerings, including Microsoft Office products, Adobe products, IT Certification, eLearning at Your Desktop, and Online Live Training.

PERSONAL DEVELOPMENT PORTFOLIO

Inspired to develop your skills on a personal and professional level? Programs in this portfolio provide a full spectrum of options enhance your personal/professional development, including: creative thinking, written and oral communication, analysis and decision-making skills, time management skills, cultural competency, project management knowledge, and achieving enhanced work-life balance.

MANAGEMENT & SUPERVISION PORTFOLIO

This portfolio offers a broad range of development opportunities for managers and supervisors. Programs link to the core competencies necessary to manage within our public-sector environment, and include navigating within the civil service framework.

PROFESSIONAL PRACTICES PORTFOLIO

These courses and programs are designed for specific communities-of-practice to allow for continuity in networking, collaboration, and knowledge sharing. Whether you are in the Energy, Audit, Procurement or IT community, or are an HR Professional, you can find programs geared specifically to your field of expertise.

EXECUTIVE DEVELOPMENT PORTFOLIO

This portfolio offers an array of learning opportunities for mid- to senior-level managers and executives throughout the City. Participants are introduced to next and best practices in management and leadership, while learning from experts in areas such as neuroscience, leadership, organizational psychology, strategic change and innovation. Other opportunities in this portfolio include: Executive Coaching, Assessment, Planning, and skill development.

CERTIFICATION & CREDIT BEARING PORTFOLIO

NYC employees can prepare for professional certifications and examinations with training that is specific to their certification’s requirements. L&D’s current offerings include the CUNY Public Administration Program, NIGP (National Institute of Governmental Purchasing) Certification, and a wide variety of IT (Information Technology) Certifications.

NYC SPECIFIC PORTFOLIO

L&D has partnered with City agencies to present programs to provide the resources and knowledge that are specific to all New York City agencies in areas such as Emergency Management, Conflicts of Interest, M/WBE Purchasing, Customer Service, and Diversity & Inclusion.
The Citywide Training Center (CTC) course offerings are uniquely designed to meet the training and development needs of all New York City employees.

**CTC PROVIDES**
- Turn-key services
- Courses designed specifically for City employees
- Instructors who specialize in working with the public sector and know City staff, systems, and environments
- Rapid course roll-outs
- Convenient payment through a simple inter-agency charge-back agreement

**COURSE FORMATS**

*Open Enrollment Courses*
CTC’s Open Enrollment courses include participants from multiple agencies. Open Enrollment courses are perfect for agencies when they want to enroll one or several of their staff in a course rather than schedule a specific class for their agency. Unless otherwise noted, open enrollment classes are conducted from 9:00 am to 5:00 pm.

*Agency-Specific Courses*
The CTC can offer most courses in the catalog as agency-specific courses. In addition, if you are looking for a topic that you’d like to offer as an agency-specific course, but it’s not in our catalog, please contact us. CTC professional staff and facilitators are able and eager to develop and deliver new courses to meet workforce training and professional development needs. For a nominal fee, agencies that prefer to train a number of their employees on specific topics may request dedicated and/or customized workshops scheduled at their convenience.

Agency-specific courses usually are delivered at the Citywide Training Center in Manhattan. These courses, however, also can be offered at the agency site. Please contact Citywide L&D at 212.386.0004 for information about agency-specific course customization and fees.

**INSTRUCTORS**
All CTC courses are led by highly qualified consultants from the government, academic, the private-sector, or CTC in-house facilitators. Practitioners of the skills they teach, all CTC trainers bring a wealth of knowledge and experience in training City personnel that address City-specific issues and challenges. Instructors may not solicit sales or payments, for books, articles, documents or other materials in which they may have a proprietary interest, directly from any City of New York employee or agency client during any activities related to a CTC program delivery.

**TRANSFORMS**
City employees interested in personal transcripts of courses they’ve taken at the CTC can contact us at citywidetrainingcent@dcas.nyc.gov.
HOW TO APPLY FOR TRAINING
To apply for classes, participants must complete the Citywide Training Center Application located at the back of this catalog or on our website at www.nyc.gov/ctc. For your convenience, one application may be used for multiple course requests and all types of courses.

Applications must be signed by an immediate supervisor and submitted to your agency’s designated Agency Training Liaison. Employees may contact their Agency Personnel Officer for their Agency Training Liaison(s)’ name and contact information.

The Agency Training Liaison obtains authorization to proceed with the application from the Agency Fiscal Officer. After authorization has been granted, they are forwarded to the CTC. Applications sent directly to the CTC from an individual employee and/or sent without the required authorizing signatures will NOT be processed.

The CTC will send confirmations for training to Agency Liaisons in advance of the course(s). Agency Training Liaisons are responsible for notifying employees about the classes and dates of training that have been confirmed.

Employees should not attend a class for which they have not received a confirmation. Employees should contact their Agency Training Liaison if they have questions concerning a confirmation.

NYCAPS REGISTRATION
Mayoral and Non-Mayoral agencies that have access to NYCAPS must register staff for training through the NYCAPS training module.

Agencies that do not have access to NYCAPS may complete the CTC Application and submit via fax to 212-313-3439.

FEES AND PAYMENT
The Department of Citywide Administrative Services (DCAS) charges agencies for most of the training classes in which their employees are enrolled. Your agency will receive invoices once a month based on the number of staff who participated in training classes. All training invoice letters with payment instructions are sent from the CTC to Agency Training Liaisons. Payment is a simple, convenient, and familiar process:

- **Mayoral Agencies** must establish an Intra-City Budget Modification (MOD) with DCAS. Checks are NOT accepted from mayoral agencies. We advise all agencies to anticipate training needs and expenses at the beginning of each fiscal year and set up budget modifications with DCAS at that time. Once granted invoices are sent to agencies and your agency establishes the budget mod, CTC draws down upon the allocated funds.

- **Non-Mayoral agencies** must pay by check. Checks must be made payable to: DCAS/Citywide Training Center. Agency Training Liaisons and/or Agency Fiscal Officer are responsible for ensuring that payment is made to DCAS prior to training.
CANCELLATION POLICY
Requests for cancellations or schedule changes must be received at DCAS, Learning & Development Bureau in writing at least seven (7) business days prior to the start of a confirmed class. Requests received without the required notice will result in a charge of the full course fee. Agencies may designate a qualified participant for substitution up to the start of the class without penalty. However, the CTC should be notified in advance of the substitution.

DIRECTIONS TO THE CITYWIDE TRAINING CENTER
The David N. Dinkins Municipal Building
1 Centre Street, 24th Floor (South Side)
New York, NY 10007

Note: NO food or beverages are permitted inside CTC classrooms.

If an agency has an appropriate training facility the CTC, upon request, can deliver programs at on-site agency locations.

Closest Subway Lines:
• 4/5/6 to Brooklyn Bridge-City Hall
• J/Z to Chambers Street-Centre Street
• R to City Hall
• A/C to Chambers Street-Church Street

Closest Bus Routes:
• M22
• M15
Fall 2018 Schedule & Application Form
The Fall 2018 class schedule and a CTC Application form are included at the back of the catalog.

Contact the CTC at:
1 Centre Street, 24th Floor (South Side)
New York, NY 10007

Citywide Training Center

The CTC is an authorized provider of Continuing Education Units (CEUs) and professional development credits from various accreditation associations:

International Association for Continuing Education and Training (IACET)

NYC Citywide Training Center has been credentialed as an Accredited Provider by the International Association for Continuing Education and Training (IACET). In obtaining this accreditation, the NYC Citywide Training Center has demonstrated that it complies with the ANSI/IACET Standard which is recognized internationally as a standard of good practice. Because of the Accredited Provider status, NYC Citywide Training Center is authorized to offer IACET CEUs for programs that qualify under the ANSI/IACET Standard.

Universal Public Purchasing Certification Council (UPPCC)

Through the UPPCC, individuals who are currently employed in public purchasing can achieve industry-wide recognition by earning the Certified Public Procurement Officer (CPPO) and Certified Public Procurement Buyer (CPPB) designation. The requirements for certification are based on academic and professional experience.

National Institute of Governmental Purchasing (NIGP)

The National Institute of Governmental Purchasing (NIGP) is a national, non-profit organization that provides support to professionals in the public-sector purchasing profession. NIGP provides its members with education, professional networking, research, and technical assistance.

Continuing Professional Education Credits (CPEs)

The Citywide Training Center is registered as a sponsor of Continuing Professional Education Credits (CPEs) with the New York State Board of Public Accountancy; sponsor ID number: 002483. One CPE is earned for every 50 minutes of classroom instruction.

COIB Continuing Legal Education (CLE) Credits

In collaboration with the NYC Conflicts of Interest Board (COIB), the Citywide Training Center offers a series of workshops that focus on Chapter 68 of the New York City Charter and the issues related to conflicts of interest. Continuing legal education (CLE) credit for participation is provided through the NYC Conflicts of Interest Board.
Citywide Learning & Development offers a full complement of software courses, including Microsoft Office products, Adobe products, IT Certification, eLearning at Your Desktop, and Online Live Training.

Microsoft Office Products – Access 2010
Access 2010, Part 1

In this course, participants will learn how to use Access 2010 to manage their data, including creating a new database; constructing tables; designing forms and reports; and building queries to join, filter, and sort data.

Objectives:
- Get to know the layout of Access 2010
- Work with table data
- Query a database
- Create advanced queries
- Generate reports
- Customize the Access environment
- Design a relational database
- Join tables
- Organize a database for efficiency
- Share data across applications
- Explore advanced reporting

Target Audience: Employees who wish to establish a foundational understanding of Microsoft Office Access 2010

Prerequisite: Basic knowledge of computer applications
Access 2010, Part 2
Participants will practice advanced Access 2010 features such as database management, form design, packaging a database, encrypting a database, preparing a database for multi-user access and more.

Objectives:
- Restructure data into appropriate tables to ensure data dependency and minimize redundancy
- Write advanced queries to analyze and summarize data
- Create macros
- Customize reports by using various Access features
- Maintain your database using Access tools

Target Audience: Database administrators or prospective database administrators who have experience working with Access 2010 and need to learn advanced skills

Microsoft Office Products – Access 2016
Access 2016, Part 1

In this course, participants will use Access 2016 to manage their data, including creating a new database; constructing tables; designing forms and reports; and creating queries to join, filter, and sort data.

Objectives:
- Create and manage an Access 2016 database
- Navigate within the Microsoft Access application environment
- Create a simple database
- Customize Access configuration options
- Organize and manage data stored in Access tables
- Use queries to join, sort, and filter data from different tables
- Use forms to make it easier to view, access, and input data
- Create and format custom reports

Target Audience: Employees who wish to establish a foundational understanding of Microsoft Office Access 2016

Prerequisite: Basic knowledge of computer applications
### Access 2016, Part 2

This course builds on the foundational skills obtained by attending the Access 2016, Part 1 course. The participants will implement advanced form design; will share data across applications; will use macros and Advanced Database Management. Topics such as usage of Visual Basic for Applications (VBA), a distribution and securing of a database, and managing switchboards will be covered.

**Objectives:**

- Create and manage a fundamental Access 2016 database
- Customize a form layout to improve usability and efficiency of data entry
- Share data across applications
- Use macros to improve user interface design and VBA to enhance tasks
- Organize data into appropriate tables to ensure data dependency and minimize redundancy
- Lockdown and prepare a database for distribution to multiple users
- Create and modify a database switchboard and set the startup options

**Target Audience:** Database administrators or prospective database administrators who have experience working with Access 2016 and need to learn advanced skills

<table>
<thead>
<tr>

</tbody>
</table>

**Prerequisite:** Access 2016, Part 1
Microsoft Office Products – Excel 2010
Excel 2010, Part 1

In this course, participants will use Microsoft Office Excel 2010 to create spreadsheets and workbooks that they can use to store, manipulate, and share data.

Objectives:
• Create a basic worksheet using Excel 2010
• Perform calculations in an Excel worksheet
• Modify and format an Excel worksheet
• Print Excel workbook contents
• Manage an Excel workbook

Target Audience: Employees who wish to gain the foundational understanding of Microsoft Office Excel 2010 necessary to create and work with electronic spreadsheets

<table>

<tbody>
<tr>
<td>T3054</td>
<td>1</td>
<td>Nov 30</td>
<td>$150</td>
<td>.6/8</td>
</tr>
</tbody>
</table>

Prerequisite: Basic knowledge of computer applications
Excel 2010, Part 2

This course builds upon the foundational knowledge presented in the Microsoft Office Excel 2010, Part 1 course. Participants will create advanced workbooks and worksheets which will enable the ability to analyze massive amounts of data, extract actionable intelligence from it, and present that information to decision makers or make organizational decisions.

Objectives:

- Customize the Excel environment
- Create advanced formulas
- Analyze data by using functions and conditional formatting
- Organize and analyze data sets and tables
- Visualize data by using basic charts
- Evaluate data by using Pivot Tables, slicers, and Pivot Charts

Target Audience: Employees who already have foundational knowledge of Excel 2010 and who wish to begin taking advantage of some of the higher-level functionality in Excel to analyze and present data

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Days of Training</th>
<th>Dates</th>

</tr>
</thead>
<tbody>
<tr>
<td>T3055</td>
<td>1</td>
<td>Dec 7</td>
<td>$150</td>
<td>.6/8</td>
</tr>
</tbody>
</table>

Prerequisite: Excel 2010, Part 1
Excel 2010, Part 3

In this course, participants will explore some of the more advanced features of Excel including automating common and repetitive tasks, auditing workbooks to avoid errors and troubleshoot large and complex workbooks, sharing data with other people, analyzing data, and using Excel data in other applications.

Objectives:

- Work with multiple worksheets and workbooks simultaneously
- Share and protect workbooks
- Automate workbook functionality
- Apply conditional logic
- Audit worksheets
- Use automated analysis tools
- Present data visually

Target Audience: Employees who are experienced Excel 2010 users and have a desire or need to advance their skills in working with some of the more advanced Excel features

<table>

Prerequisite: Basic knowledge of computer applications

Excel 2013, Part 2

Participants will build upon the foundational Microsoft Office Excel 2013, Part 1 course. The main topic of this class will be learning to create advanced workbooks and worksheets, including advanced formulas, tables, Pivot Tables, Pivot Charts, and data filtering.

Objectives:
• Customize the Excel environment
• Create advanced formulas
• Analyze data with functions and conditional formatting
• Organize and analyze data sets and tables
• Visualize data with basic charts
• Examine data with Pivot Tables, slicers, and Pivot Charts

Target Audience: Employees who already have foundational knowledge of Excel 2013, and who wish to take advantage of some of the higher-level Excel functionality to analyze and present data

Prerequisite: Excel 2013, Part 2
Excel 2013, Data Analysis with Pivot Tables

Analyzing data and gaining insight is important. You have experience creating Pivot Tables, but Excel can do more. In this course, participants will learn how to organize data in a way that can be meaningfully presented to others using Pivot Tables.

Objectives:
• Prepare data and create Pivot Tables
• Analyze data using Pivot Tables
• Working with Pivot Charts

Target Audience: Employees taking this course are experienced Excel users who are seeking to advance their data analysis capabilities by using Pivot Tables

Prerequisite: Participants should have experience working with Excel 2013 and Pivot Tables

Microsoft Office Products – Excel 2016
Excel 2016, Part 1

This course aims to provide participants with a foundation for Excel knowledge and skills, which they can build upon to eventually become an expert in data manipulation.

Objectives:
• Get to know the layout of Excel 2016
• Perform calculations
• Modify and format a worksheet
• Manage and print workbooks

Target Audience: Employees who wish to gain the foundational understanding of Microsoft Office Excel 2016 necessary to create and work with electronic spreadsheets

</tbody>
</table>

Prerequisite: Excel 2016, Part 1
Excel 2016, Part 3
This course builds off the foundational and intermediate knowledge presented in Excel 2016 Part 1 and 2. This interactive class will help you get the most out of your Excel experience. The ability to collaborate with colleagues, automate complex or repetitive tasks, and use conditional logic to construct and apply elaborate formulas and functions will put the full power of Excel right at your fingertips. The more you learn about how to get Excel to do the hard work for you, the more you will be able to focus on getting the answers you need from the vast amounts of data your organization generates.

Objectives:
• Work with multiple worksheets and workbooks
• Use lookup functions and formula auditing
• Share and protect workbooks
• Automate workbook functionality
• Create Sparklines and map data
• Forecast data

Target Audience: Employees who are experienced users of Excel 2016 and have a desire or need to advance their skills in working with some of the more advanced Excel features

Prerequisite: Excel 2016, Part 2
Microsoft Office Products – Outlook 2013
Outlook 2013, Part 1

Participants will learn the necessary skills needed to start using Outlook 2013 to manage email communications, calendar events, contact information, tasks, and notes.

Objectives:
• Get to know the layout of Outlook 2013
• Compose, read, respond, and manage your messages
• Manage your calendar and contacts
• Work with tasks and notes
• Customize the Outlook environment

Target Audience: Staff at all levels

Queens Civil Court
89-17 Sutphin Blvd, Jamaica
Outlook 2013, Part 2

In this course, participants will explore the Outlook interface’s advanced features such as advanced messaging, calendar, and contacts management. They will practice overseeing their activities, sharing their workspace with others and managing Outlook data files.

Objectives:
• Configure advanced message options
• Explore advanced message management
• Practice advance contact and calendar management
• Use tasks and journal entries
• Share workspaces with others
• Manage outlook data files

Target Audience: Employees who have a basic understanding of Microsoft Windows and Microsoft Office Outlook 2013 and want or need to know how to perform more advanced tasks in Outlook.

Prerequisite: Outlook 2013, Part 1
Microsoft Office Products - Outlook 2016
Outlook 2016, Part 1

In this course, participants will use Outlook to send, receive, and manage email messages, manage their contact information, schedule appointments and meetings, create tasks and notes, and customize the Outlook interface to suit their working style.

Objectives:
- Compose, read, and respond to emails
- Schedule appointments and meetings
- Manage contact information
- Create notes and schedule tasks
- Customize message response options and organize your mail
- Attach files and insert illustrations to messages
- Use flags, categories, and folders to organize messages
- Work with contacts

Target Audience: Employees who need to know how to use Outlook as an email client to manage their communications, appointments, contact information, and other communication tasks

Prerequisite: Basic knowledge of computer applications
Outlook 2016, Part 2

In this course, participants will customize command sets, configure mail accounts, set global options, perform advanced searches, apply filters to intercept mail and control spam, create rules to automate many management tasks within Outlook.

Objectives:

- Modify messages and set global options
- Organize, search, and manage messages
- Manage your mailbox
- Automate message management
- Work with calendar settings
- Create groups and manage contacts
- Plan your activities with tasks and notes
- Share workspaces with others
- Configure Outlook data files

Target Audience: Employees who want to know how to use Outlook’s advanced features to manage their email communications, calendar events, contact information, search functions, and other communication tasks

Microsoft Office Products — PowerPoint 2010
PowerPoint 2010, Part 1

Using the vast array of features and functionality contained within Microsoft Office PowerPoint 2010, participants will gain the ability to organize content, enhance it with high-impact visuals, and deliver it with a punch.

Objectives:
- Get to know the layout of PowerPoint 2010
- Develop a PowerPoint presentation
- Perform advanced text editing
- Add graphical elements, tables, and charts to your presentation
- Modify objects in your presentation
- Prepare to deliver your presentation

Target Audience: Employees who wish to gain the foundational understanding of Microsoft Office PowerPoint 2010 that is necessary to create and develop engaging multimedia presentations

Prerequisite: Basic knowledge of computer applications
PowerPoint 2010, Part 2

In this course, participants will enhance their presentation by using features that will transform it into a powerful means of communication. They will customize the PowerPoint interface to suit the requirements and use features to create presentations.

Objectives:
- Customize the PowerPoint environment
- Tailor a design template
- Add SmartArt graphics and special effects to your presentation
- Modify a slide show
- Collaborate on a presentation
- Secure and distribute a presentation

Target Audience: Employees who have a foundational working knowledge of PowerPoint 2010, who wish to take advantage of the application’s higher-level usability, security, collaboration, and distribution functionality

Microsoft Office Products — Project 2013
Project 2013, Part 1

In this course, participants will be familiarized with the essential features and functions of Microsoft Project Professional 2013 so that they can use it effectively and efficiently in a real-world environment. Topics will include managing project time frames and tasks, working with and managing project resources, and delivering a project plan.

Objectives:
- Start a project
- Change working time and project timeframes
- Add summary tasks and milestones
- Manage project resources
- Deliver a project plan

Target Audience: Employees who manage projects and wish to learn the fundamentals of Project 2013

Prerequisite: Basic knowledge of computer applications
Project 2013, Part 2

In this course, participants will exchange project plan data with other applications, update project plans, create visual reports, and reuse project plan information.

Objectives:
- Manage project environment
- Change task structures
- Generate project views
- Produce project reports
- Analyze your project

Target Audience: Employees who manage projects and wish to learn the advanced features and functions of Project 2013

Prerequisite: Project 2013, Part 1
Microsoft Office Products — Visio Professional 2013
Visio Professional 2013, Part 1

Participants will learn to create a professional-looking visual product, including workflows and flowcharts, using various shapes in Visio Professional 2013.

Objectives:
• Get to know the layout of Visio 2013
• Create a workflow diagram
• Create an organization chart
• Make a floor plan
• Create a cross-functional flowchart
• Create a network diagram
• Style a diagram

Target Audience: Employees who are new to Visio, and who will use this application to create basic workflows and perform end-to-end flowcharting

Prerequisite: General computer proficiency and knowledge of Windows 8 to access programs, files, and folders
Visio Professional 2013, Part 2

Participants will learn the advanced features of Visio Professional 2013 to create sophisticated graphics and illustrations, that may be linked to an external data source and may be inserted into other Microsoft Office files.

Objectives:

- Enhance the look of drawings
- Create shapes, stencils, and templates
- Connect drawings to external data
- Leverage development tools
- Share drawings

Target Audience: Graphic designer, subject matter specialist, or other employees with basic Visio 2013 skills who need to use this application to create sophisticated graphics and illustrations that may be linked to external data sources

Prerequisite: Visio 2013, Part 1
Microsoft Office Products — Word 2013
Word 2013, Part 1

In this course, participants will learn how to use Word 2013 to create and edit simple documents; format documents; add tables and lists; add design elements and layout options; and proof documents.

Objectives:
- Get to know the layout of Word 2013
- Edit a document
- Format text and paragraphs
- Add tables
- Manage lists
- Insert graphic objects
- Control page appearance
- Proof a document
- Customize the Word environment

Target Audience: Employees who want to learn essential Word 2013 skills and a variety of techniques for improving the appearance and accuracy of a document content.

<table>

</table>

Prerequisite: Basic knowledge of computer applications
Word 2013, Part 2

In this course, participants will learn to use Word 2013 more efficiently by automating some tasks and creating compound documents that include lists, tables, charts, graphics, and newsletter layouts and will merge data to personalize correspondence and labels.

Objectives:
- Work with tables and charts
- Customize formats using styles and themes
- Place images in a document and create custom graphic elements
- Insert content using Quick Parts
- Control text flow
- Use templates, mail merge, and macros

Target Audience: Employees who want to learn the advanced functions of Word 2013

</table>

Prerequisite: Word 2013, Part 1

Word 2013, Part 3

In this course, participants will learn to collaborate on complex documents and manage how the materials are accessed and distributed. Advanced features of Word 2013 enable you to revise, manage, secure your business documents, and create forms.

Objectives:
- Use Microsoft Word 2013 with other programs
- Collaborate on documents and manage document versions
- Add reference marks and notes
- Make long documents more accessible to use
- Secure a document, create forms, and use XML in Word

Target Audience: Employees who create and work with lengthy documents, collaborate with others on documents, and create forms in Microsoft Word

Prerequisite: Basic knowledge of computer applications
Word 2016, Part 2

In this course, participants will learn the new features which enable them to create complex documents with a consistent look and feel. Participants will also learn how to automate tedious tasks such as preparing a letter to send to every customer of your organization.

Objectives:
• Create and modify complex documents
• Organize content using tables and charts
• Customize and automate formats using styles and themes
• Control the flow of a document and insert content using Quick Parts
• Simplify and manage long documents
• Create letters, envelopes, and labels by using mail merge

Target Audience: Employees who want to use Word 2016 to create and modify complex documents and use tools that allow them to customize those documents

Prerequisite: Word 2016, Part 1
Adobe CC Products
Adobe InDesign CC 2017, Part 1

In this course, participants will learn to design, and publish a broad range of documents in print, online, and mobile devices with this desktop publishing tool. They will create and deliver eye-catching professional page layout and designs for documents by identifying and customizing InDesign Interface components.

Objectives:
• Get to know the layout of Adobe InDesign CC 2017
• Design a document
• Customize a document
• Work with page elements
• Build tables and prepare a document for delivery

Target Audience: Employees who want to use the basic tools and features of InDesign for creating professional page layouts and designs

Adobe Illustrator CC 2017, Part 1

In this course, participants, who are designers or in marketing fields, will create illustrations, logos, advertisements or other graphic documents. The objectives covered in this class will help them prepare for the Adobe Certified Associate (ACA) exam.

Objectives:
• Get to know the layout of Adobe Illustrator CC 2017
• Create documents containing basic shapes and customized paths
• Work on graphics containing customized text
• Customize objects and basic shapes
• Prepare documents for deployment

Target Audience: Designers, publishers, pre-press professionals, marketing communication professionals, or employees switching to a design job or taking on design responsibilities

Crystal Reports Products
Crystal Reports 2013, Part 1

Organizations use reporting tools to access data sources and generate customized reports. Crystal Reports 2013 enhances report building and report processing techniques with a variety of features that add value to a presentation. In this course, participants will create a basic report by connecting to a database and modifying the report’s presentation.

Objectives:
- Explore the Crystal Reports interface
- Work with reports
- Use formulas in reports
- Build parameterized reports
- Group report’s data
- Enhance a report
- Create a report from Excel data
- Distribute data

Target Audience: Employees who need to build the advanced reports from a database

IT Professional & Certification Courses

DATABASE EXPERTISE

Microsoft Certified Solutions Associate (MCSA): SQL Server

Querying Microsoft SQL Server 2014

This course provides aspirants with the technical skills required to write basic Transact-SQL queries for Microsoft SQL Server 2014. This course is the foundation for all SQL Server-related disciplines; namely, Database Administration, Database Development and Business Intelligence.

This course is designed for customers who are interested in learning SQL Server 2012 or SQL Server 2014. It covers the new features in SQL Server 2014, but also the important capabilities across the SQL Server data platform.

Target Audience: This course is intended for Database Administrators, Database Developers, and Business Intelligence professionals. The course will very likely be well attended by SQL power users who aren’t necessarily database-focused or plan on taking the exam; namely, report writers, business analysts and client application developers.

Administering Microsoft SQL Server 2014 Databases

This course provides learners with the knowledge and skills to maintain a Microsoft SQL Server 2014 database. The course focuses on teaching individuals how to use SQL Server 2014 product features and tools related to maintaining a database.

This course is designed for customers who are interested in learning SQL Server 2012 or SQL Server 2014. It covers the new features in SQL Server 2014, but also the important capabilities across the SQL Server data platform.

**Target Audience:** The primary audience for this course is individuals who administer and maintain SQL Server databases. These individuals perform database administration and maintenance as their primary area of responsibility, or work in environments where databases play a key role in their primary job. The secondary audience for this course is individuals who develop applications that deliver content from SQL Server databases.

Implementing a Data Warehouse with Microsoft SQL Server 2014

This course describes how to implement a data warehouse platform to support a BI solution. Aspirants will learn how to create a data warehouse with Microsoft SQL Server 2014, implement ETL with SQL Server Integration Services, and validate and cleanse data with SQL Server Data Quality Services and SQL Server Master Data Services.

This course is designed for customers who are interested in learning SQL Server 2012 or SQL Server 2014. It covers the new features in SQL Server 2014, but also the important capabilities across the SQL Server data platform.
Target Audience: This course is intended for database professionals who need to fulfill a Business Intelligence Developer role.

Certification and Exams

Oracle 11G

Oracle Database 11g: Introduction To SQL
In this course, students learn the concepts of relational databases. This course provides the essential SQL skills that allow developers to write queries against single and multiple tables, manipulate data in tables, and create database objects. Students learn to control privileges at the object and system level.

This course covers creating indexes and constraints, and altering existing schema objects. Students also learn how to create and query external tables. Students learn to use the advanced features of SQL to query and manipulate data within the database, use the dictionary views to retrieve...
metadata and create reports about their schema objects. Students also learn some of the date-time functions available in the Oracle Database. This course discusses how to use the regular expression support in SQL.

**Target Audience:** This course is intended for Business Analysts, Developer, Application Developers, PL/SQL Developer, Forms Developer, System Analysts, Data Warehouse Administrator

HELPDESK EXPERTISE

CompTIA A+ Certification

If you are getting ready for a career as an entry-level information technology (IT) professional or computer service technician, the CompTIA A+ Certification course is the first step in your preparation. The course will build on your existing user-level knowledge and experience with a personal computer (PC) software and hardware to present fundamental skills and concepts that you will use on the job. In this course, you will acquire the essential skills and information you will need to install, configure, optimize, troubleshoot, repair, upgrade, and perform preventive maintenance on PCs, digital devices, and operating systems.

The CompTIA A+ course can benefit you in two ways. Whether you work or plan to work in a mobile or corporate environment, where you have a high level of face-to-face customer interaction and where client communication and client training are important, or in an environment with limited customer interaction and an emphasis on hardware activities, this course provides the background knowledge and skills you will require to be a successful A+ technician.

Target Audience: This course is intended for Database Administrators, Database Developers, and Business Intelligence professionals. The course will very likely be well attended by SQL power users who aren’t necessarily database-focused or plan on taking the exam; namely, report writers, business analysts and client application developers.

Microsoft Certified Solutions Associate: MCSA Windows 10
Implementing and Managing Windows 10
This course provides aspirants with the knowledge and skills required to install and configure Windows 10 desktops and devices in a corporate Windows Server domain environment. The skills that this course details include learning how to install and customize Windows 10 operating systems and apps, and configure local and remote network connectivity and storage. Aspirants also will learn how to configure security for data, devices, and networks, and maintain, update, and recover Windows 10.

Target Audience: This course is for information technology (IT) professionals who administer and support Windows 10 desktops, devices, users, and associated network and security resources. The networks, with which these professionals typically work, are configured as Windows Server domain-based environments with managed access to the Internet and cloud services.

Deploying and Managing Windows 10 Using Enterprise Services

This course provides administrators with the knowledge and skills necessary to deploy and manage Windows 10 desktops, devices, and applications in an enterprise environment. Students learn how to plan and implement Windows 10 deployments in large organizations. Students also learn how to manage the Windows 10 installations after deployment to provide secure identity and data access using technologies related to Group Policy, Remote Access, and Workplace Join. In addition, to support a variety of device and data management solutions, Microsoft Azure Active Directory, Microsoft Intune, and Microsoft Azure Rights Management are introduced. These services are part of the Enterprise Mobility Suite, which provides identity and access management, and cloud-based device, application, and update management. Also, Enterprise Mobility Suite offers more secure data access to information stored both in the cloud and on location within the corporate networks.

Target Audience: This course is intended for IT professionals who are interested in specializing in Windows 10 desktop and application deployments, and in managing cloud-based application and data service environments for medium-to-large enterprise organizations. These professionals typically work with networks that are configured as Windows Server domain-based environments with managed access to the Internet and cloud services.

NETWORKING EXPERTISE

CompTIA Network+ Certification

Network+ Certification

The CompTIA Network+ certification is an international industry credential that validates the knowledge of networking professionals. This course teaches the fundamentals of networking and prepares students for the Network+ certification exam. Through hands-on training and exercises, students learn the vendor-independent skills and concepts necessary for all networking professionals.

This training addresses the latest skills needed by technicians, such as basic principles on how to secure a network. It focuses on the topics covered in the exam including network technologies, media, and topologies, devices, management, tools and security.

Target Audience: Network+ Certification is suited for computer technicians who are searching for a challenging career in the administration and support of complex internetworking environments. Anyone who wants to learn about fundamentals of Networking and TCP/IP

Microsoft Certified Solutions Associate (MCSA): Windows Server 2016

Installation, Storage, and Compute with Windows Server 2016
This course is designed primarily for IT professionals who have some experience with Windows Server. It is designed for professionals who will be responsible for managing storage and compute by using Windows Server 2016, and who need to understand the scenarios, requirements, and storage and compute options that are available and applicable to Windows Server 2016.

Windows Server administrators who are relatively new to Windows Server administration and related technologies, and who want to learn more about the storage and compute features in Windows Server 2016.

Target Audience: IT professionals with general IT knowledge, who are looking to gain knowledge about Windows Server, especially around storage and compute technologies in Windows Server 2016.

Networking with Windows Server 2016
This course provides the fundamental networking skills required to deploy and support Windows Server 2016 in most organizations. It covers IP fundamentals, remote access technologies, and more advanced content including Software Defined Networking.

Target Audience: Network administrators who are looking to reinforce existing skills and learn about new networking technology changes and functionality in Windows Server 2016.
System or Infrastructure Administrators with general networking knowledge who are looking to gain core and advanced networking knowledge and skills on Windows Server 2016.
Identity with Windows Server 2016

This course teaches IT Pros how to deploy and configure Active Directory Domain Services (AD DS) in a distributed environment, how to implement Group Policy, how to perform backup and restore, and how to monitor and troubleshoot Active Directory–related issues with Windows Server 2016. Additionally, this course teaches how to deploy other Active Directory server roles such as Active Directory Federation Services (AD FS) and Active Directory Certificate Services (AD CS).

**Target Audience:** Some exposure to and experience with AD DS concepts and technologies in Windows Server 2012 or Windows Server 2016.

Experience working with and configuring Windows Server 2012 or Windows Server 2016. Experience and an understanding of core networking technologies such as IP addressing, name resolution, and Dynamic Host Configuration Protocol (DHCP).

Experience working with and an understanding of Microsoft Hyper-V and basic server virtualization concepts. An awareness of basic security best practices

INFORMATION SECURITY EXPERTISE

CompTIA Security+ Certification

Security+ Certification

CompTIA Security+ is the primary course you will need to take if your job responsibilities include securing network services, devices, and traffic in your organization. You can also take this course to prepare for the CompTIA Security+ certification examination. In this course, you will build on your knowledge of and professional experience with security fundamentals, networks, and organizational security as you acquire the specific skills required to implement basic security services on any computer network.

Target Audience: This course is targeted toward the information technology (IT) professional, who has networking and administrative skills in Windows®-based Transmission Control Protocol/Internet Protocol (TCP/IP) networks; familiarity with other operating systems, such as Mac OS X®, Unix, or Linux; and who wants to further a career in IT by acquiring foundational knowledge of security topics; prepare for the CompTIA Security+ certification examination; or use Security+ as the foundation for advanced security certifications or career roles

EC-Council: Certified Ethical Hacker (CEH)

CEH: Certified Ethical Hacker V9 & CNDA: Certified Network Defense Architect
EC-Council’s Certified Ethical Hacker (CEH) is the most renowned and desired professional credential in the network security domain. A Certified Ethical Hacker finds vulnerabilities in systems and network by way of scanning, penetrating and testing. They use hacking techniques, tools and knowledge like a hacker but lawfully and legitimately for security purposes. Finding the vulnerabilities helps them to secure the entire IT architecture against any malicious attacks.

Target Audience: This course is targeted at Security officers, Auditors, Security professionals, Network Administrators, Firewall Administrators, Site administrators, Individuals concerned about the integrity of the network infrastructure.

CISSP: Certified Information Systems Security Professional

Certified Information Security Systems Professional (CISSP)
The CISSP has become the key certification for security professionals. Corporations are demanding experienced information security professionals, with the certifications to prove it, to protect their information and assets.

(ISC)² CISSP is more than just the best way to refresh and review your knowledge base for the CISSP certification exam. It’s also the best way to maintain your access to the latest news regarding
information system security issues, concerns, and countermeasures. This is not a test preparation. This is your best bet for making sure you’re adequately prepared to take on the challenges inherent in a world of constantly evolving information.

**Target Audience:** The CISSP certification program is targeted at professionals with at least four years of experience in two domains and a college degree, or five years’ experience in two domains without a college degree.

**INFORMATION ANALYSIS / INFRASTRUCTURE EXPERTISE**

**ITIL Foundation 2011**

**ITIL Foundations**

The IT Infrastructure Library® (ITIL®) Foundation certification training course from NetCom Learning provides an insight into the fundamentals of the globally adopted framework for IT Service Management. The ITIL Foundation courses focus on basic concepts of the ITIL Service Lifecycle and how it influences IT Service Management across private and public organizations.

Learners are provided with real-world projects, assessments, and presentations to prepare competently for their ITIL Foundation certification exam. The program explains the key concepts and principles of the ITIL Service Management model, providing comprehensive coverage of the knowledge required for this entry-level qualification.

**Target Audience:** IT Consultants, IT Managers, IT Support Teams, Process Owners, Service Delivery Professionals, Quality Analysts, System Administrators / Analysts, Database Administrators, Development Team / Application Management Team, Senior Operational and Technical Staff, IT professionals looking to understand and leverage ITIL concepts, as well as understand the differences from previous ITIL® versions.

CompTIA Train the Trainer (CTT+) Certification

CompTIA Train The Trainer (CTT+)
CompTIA Certified Technical Trainer (CTT+) certification is a cross-industry credential that provides recognition that an instructor has attained a standard of excellence in the training industry. CompTIA CTT+ is a highly interactive and participant-driven course designed to cultivate the technical training and concept delivery skills in trainers, technicians, Subject Matter Experts, presenters, sales and support staff in any organization. The participants will connect abilities, theories and situations to create their most effective instructional styles. Microsoft and ProSoft accept this course towards their MCT.

Target Audience: This certification is targeted towards all training professionals and can be applied to all industries that provide technical and non-technical training and education

WEB PUBLISHING / ONLINE COLLABORATION EXPERTISE

Microsoft Certified Solution Expert (MCSE): SharePoint 2013

Core Solutions of Microsoft SharePoint Server 2013

This course will provide you with the knowledge and skills to configure and manage a Microsoft SharePoint Server 2013 environment. This course will teach you how to configure SharePoint Server 2013, as well as provide guidelines, best practices, and considerations that will help you optimize your SharePoint server deployment. This is the first in a sequence of two courses for IT Professionals and will align with the first exam in the SharePoint Server 2013 IT Pro certification.

Target Audience: The course is targeted at experienced IT Professionals interested in learning how to install, configure, deploy and manage SharePoint Server 2013 installations in either the data center or the cloud

Advanced Solutions of Microsoft SharePoint Server 2013

This five-day course examines how to plan, configure, and manage a Microsoft SharePoint Server 2013 environment. Specific areas of focus include implementing high availability, disaster recovery, service application architecture, Business Connectivity Services, social computing features, productivity and collaboration platforms and features, business intelligence solutions, enterprise content management, web content management infrastructure, solutions, and apps. The course also examines how to optimize the Search experience, how to develop and implement a governance plan, and how to perform an upgrade or migration to SharePoint Server 2013.

Target Audience: The course track is targeted at experienced IT Professionals interested in learning how to install, configure, deploy and manage SharePoint Server 2013 installations in either the data center or cloud. In addition, Business Application Administrators (BAAs) who are engaged in the administering line-of-business (LOB) projects in conjunction with internal business customers would benefit from the understanding of managing SharePoint Server 2013.

ARCHITECTURAL DESIGN EXPERTISE

Autodesk AutoCAD 2017

AutoCAD 2017 Level 1: Essentials

Learn to design and shape the world around you using the powerful, flexible features found in AutoCAD® design and documentation software, one of the world’s leading 2D and 3D CAD tools. In this course, you will learn to navigate the AutoCAD user interfaces and use the fundamental features of AutoCAD. You will learn to use the precision drafting tools in AutoCAD to develop accurate technical drawings and you will also discover the ways to present drawings in a detailed and visually impressive way.

Target Audience: Professionals who want unparalleled creative freedom, productivity, and precision for producing superb 3D modeling

**PROJECT MANAGEMENT EXPERTISE**

**PMI: Project Management Professionals (PMP)**

**Project Management Professional (PMP)**

The Project Management Professional (PMP)® Certification program is led by the industry’s top PMP instructors, who prepares you to pass the PMP® exam, earning one of the most valued credentials around.

The PMP® exam content is majorly focused on A Guide to the Project Management Body of Knowledge - Sixth Edition, (PMBOK® Guide) and other sources, this program features a wide variety of proven learning tools and study aids.

**What you will receive:**

- Expert-led lectures
- Real-life examples
- 35 PMI PDUs (Based on course delivery & assignment hours)
- Tips and tricks to conquer the exam
- Assistance with the PMI application process
To become a certified Project Management Professional, a student must have:

- A bachelor’s degree and 4,500 hours of Project Management experience, and 35 hours of classroom instruction that relate to project management objectives (NetCom’s PMP training satisfies this requirement) - OR - a High School diploma or equivalent and 7,500 hours of Project Management experience
- Supporting Documentation is required for the above qualifications.
- Pass the PMP exam, which consists of 200 multiple-choice questions to be completed in 4 hours. NetCom’s Project Management Professional (PMP) Certification course will prepare you for this exam

**Target Audience:** Project Managers, Associate Project Managers, Project Coordinators, Project Analysts, Project Leaders, Senior Project Managers, Team Leaders, Product Managers, Program Managers, Project team members seeking the PMP certification

Action Grammar

This course is designed to answer the most frequently asked questions about grammar, punctuation, and usage. The focus is on the grammatical issues that are essential for ensuring that on-the-job writing reflects a polished, professional image.

Objectives:
- Identify well-constructed sentences and correct run-on sentences and sentence fragments
- Create transitions between sentences and use correct verb tenses
- Practice the principles of subject-verb agreement
- Form possessives of singular and plural nouns
- Use pronouns correctly
- Explore rules of capitalization and correct punctuation, including commas, semi-colons, colons, and quotation marks
- Understand the meanings and differences of commonly misused words, including words that sound alike and look alike

Target Audience: Individuals who want to enhance or refresh their understanding of Standard English grammar

Citywide Learning & Development
Advanced Writing Skills for Experienced Professionals

Writing is never easy if your job responsibilities include frequent reporting about complex issues for a variety of readers. Grammar rules and stylistic preferences regularly change, yet most workplace writers haven’t thought about grammar and usage standards since they were in school. This advanced course exposes experienced writers to information that may contradict some of the hard and fast rules they learned as students.

Objectives:
- Clarify the differences between academic and workplace writing
- Identify English grammar and usage rules that have changed over time
- Build documents based on principles of visual design
- Cite stylistic problems that compromise clear writing
- Revise texts based on timeless principles of focused writing
- Edit with an industry-specific style guide and an in-house style sheet
- Use a variety of rhetorical techniques to help readers hear the writer’s voice

Prerequisites: Action Grammar and Business Writing: Clarity Through Critical Thinking

Target Audience: Individuals who want to align their writing with current standards and preferences

<table>

Requirements: Registered participants will rely on their documents, as well as their organization’s preferred style guide and style sheet if these resources are available. Participants should bring their work documents and style guide on a flash drive in Microsoft Word 2010 (or above) format. Confidentiality guaranteed.
Anger Management

Anger is a natural human emotion. However, unconstrained anger can have detrimental effects on the workplace, our health, and success. It impacts the morale of those around us, and it affects productivity. Being in a constant state of anger can cause both physical and emotional damage. Anger has equally damaging effects on family life—it alienates partners and breaks up families. This seminar provides an opportunity to learn productive ways of managing angry feelings and productively.

Objectives:
- Understand the anger phenomenon by looking at physiological and behavioral reactions and factors
- Recognize signs of anger and identify the impact of anger on the workplace
- Explore alternative ways to express and control anger

Target Audience: Employees at all levels

Attitude is Everything

Attitude is a highly personal and sensitive topic. As attitudes deteriorate, so do commitment, loyalty and, most importantly, performance. Everyone encounters setbacks that can shake their attitude into a negative focus. *Attitude is Everything* provides individuals with the knowledge and skills to develop and maintain positive attitudes while becoming sensitive to underlying causes leading to negative attitudes. Participants will explore various methods for responding to different attitudes positively and productively.

Objectives:
- Improve relationships and increase empathy and respect for others
- Understand the consequences of a negative attitude in the workplace and the benefits of promoting a positive, healthy environment
- Transform negative attitudes into positive ones
- Develop effective listening and communication skills
- Achieve new levels of performance through goal-setting techniques
- Practice effective approaches to problem-solving

Target Audience: Individuals who want to build and maintain better workplace relationships

Business Writing: Clarity Through Critical Thinking

If you think critically, you can increase your ability to write with greater clarity. You will be able to more precisely analyze information and assess a task, subject, issue, etc. This one-day course will help you to use critical thinking skills and provide practice in a specific writing model to improve your business writing and completion of both large and small writing projects.

Objectives:
• Practice to ask appropriate questions to gather relevant information in an efficient manner
• Assess information to determine reliable and trustworthy conclusions
• Organize and draft content to increase clarity
• Apply a problem-solving approach to ensure your document’s clarity
• Describe strengths and weaknesses of inductive and deductive arguments in a document’s content
• Develop skills to avoid misleading or deceptive wording

Target Audience: Professional staff who frequently write letters and reports

Creating and Delivering Powerful Presentations

This course is for managers, supervisors, and professionals who, in their leadership roles, must make important presentations. Participants will receive one-on-one coaching and develop a skill set for speaking with confidence and projecting the best possible image of themselves and the agency. Emphasis will be on developing and cultivating a conversational tone when speaking and formulating clear and logical presentation points to attain the desired audience reaction.

Objectives:
• Understand the importance of “image” and how to use it to positively influence every audience
• Structure the presentation for clarity, impact, and persuasiveness
• Capture the audience’s attention from the beginning - and keeping it
• Use visual materials – including PowerPoint – to reinforce the power of your presentation
• Respond to challenging questions and statements with confidence, authority, and understanding
• Close the presentation with impact

Target Audience: Managers, supervisors, and professionals who make presentations

Developing Dynamic Listening Skills

This workshop will focus on the skills, knowledge, and attitudes necessary to meet the challenges of efficiently listening. Through practical exercises, participants will improve their behaviors in this critical component of the communication process.

Objectives:
- Assess your own listening strengths and weaknesses
- Identify attitudes that interfere with effective listening
- Distinguish between listening to understand and listening to reply
- Separate message content from feelings
- Achieve results through better communication

Target Audience: Professionals seeking to enhance their listening behaviors for improved communication

Managing Multiple Priorities

This program will prepare participants to manage better the multiple priorities faced in today’s fast-paced work environment. It will focus on how participants can take control of their workday with methods for maximizing efficiency and effectiveness and minimizing stress.

Objectives:
- Clarify and set work and personal goals and objectives
- Develop skills that get you organized and help you stay organized
- Take charge of time
- Identify and keep top priorities in motion when everything is important
- Recognize and overcome “productivity killers”
- Utilize planning and organizing tools to measure and monitor progress

Target Audience: Individuals who need to balance multiple tasks and manage their time

Mind Tools for Memory

In today’s high-demand agency workplace, it is harder than ever to remember everything you need to retain—from names and passwords to all the details required to bring your projects to successful completion. But building your memory can be achieved by practicing a few simple but powerful techniques. In this course, we will study memory-enhancing methods that will improve your ability to solve problems, organize your time, meet deadlines, work well with co-workers and clients, and project your best professional self.

Objectives:
• Assess your ability to remember facts, figures, names, and assignments
• Revitalize your mindset about remembering
• Practice powerful memory improvement techniques
• Give and receive feedback to help improve your skill
• Drill memory-focused listening
• Plan how to use memory techniques to meet your agency workplace challenges
• Develop your action plan to apply and further refine your memory skills

Target Audience: All employees who wish to study memory improvement techniques

Citywide Learning & Development
**Negotiation Skills**

Negotiation is an integral part of creating value for the organization. Your success depends on your skills as a negotiator. In this negotiation training program, you will gain insight into the habits of dealmakers as you build your skills. Through a series of group exercises, you will learn how to execute proven tactics, refine your negotiating style, and improve your ability to bargain successfully and ethically in any situation. Along the way, you will gain a new appreciation for how negotiating skills can help you overcome a wide range of challenges—at work and beyond.

**Objectives:**
- Achieve better results in both formal and informal negotiations
- Build confidence in your bargaining power and abilities
- Improve negotiations by managing your emotions and influencing others
- Build positive, productive relationships with all parties at the table
- Create value and “enlarge the pie” to produce win-win outcomes

**Target Audience:** Professionals at all levels who want to enhance their negotiation skills and work more productively with customers, colleagues, partners, vendors, and others. No prior training in negotiation is required.

**Personal Financial Management**

When individuals think about personal financial management, they often do not know where to start to achieve their goals. This needs to change. To be successful in personal financial management, there are a few things that you just must do and other things that are strongly recommended. We will be discussing ways to generate assets, protect assets, and build assets. Finally, we will share the importance of prioritization and decision making to enhance your financial situation.

**Objectives:**
- Identify the critical components of preparing a budget
- Develop your own personal budget through hands-on exercises
- Explore credit management issues in preparing you for financial success
- Review and evaluate insurance considerations in order to protect your assets
- Provide you with resources that can help you to achieve greater financial success
- Utilize what is taught here to help your family onto the road to financial empowerment

**Target Audience:** Staff at all levels

Revising, Editing, and Proofreading

This interactive program focuses on exercises designed to enhance revising, editing, and proofreading skills. Participants will receive individual, confidential feedback and will practice their writing organization, sentence structure, grammar, word usage, and punctuation skills.

Objectives:
• Understand that good writing is rewriting
• Employ the “Protect Your REP” formula when reviewing documents
• Review strategies for proper placement of content
• Lay out text to support the reader’s need to scan the document
• Edit for sentence structure, grammar, and word usage
• Check for all punctuation marks, capitalization, and abbreviations

Target Audience: Professional staff who wish to polish their writing skills

Successful Letter and Memo Writing

This course focuses on fundamental writing concepts necessary for moving letters and memos from a draft to a finished document. Participants will acquire a system for organizing and composing clear, concise, and complete letters and memos.

Objectives:
- Identify characteristics of effective business writing
- Plan and organize thoughts before writing
- Create a professional tone
- Avoid run-on sentences and sentence fragments
- Check for cohesive paragraphs
- Minimize the most frequently made grammatical errors

Target Audience: Clerical and administrative support staff responsible for drafting and writing routine office correspondence

Time Management Strategies

This course will assist participants in taking control of the time in their workday. Participants will identify unproductive work habits and learn a wide array of time management tips and techniques to maximize their effectiveness. The focus will be on setting priorities and planning as the cornerstones of developing productive work habits. Participants will also identify those strategies that best fit their work style and the realities of their work environment.

Objectives:
- Identify individual work styles
- Learn how to get organized and manage time in a variety of ways
- Select specific individualized time management strategies
- Develop and implement time management strategies

Target Audience: All who wish to develop tailored, immediately practicable time management skills

Turning Obstacles Into Opportunities

Sometimes we feel overwhelmed and can’t imagine having the energy to move in a new direction. We ignore that “little voice” inside that tugs at us to take a risk, explore a different path, or move forward to achieve our goals. In this interactive workshop, you will identify the barriers that keep us from moving forward. You’ll discover how to tap into the intuitional talents that we sometimes push aside and create effective strategies to help you move “up” the road to opportunity for achieving your goals.

Objectives:
• Create your own “mission statement” to move in the right direction
• Overcome barriers associated with risk-taking
• Analyze if passions and goals are in sync
• Manage negative emotions and naysayers
• Learn strategies to turn on creativity
• Master the technique of SMART goal setting

Target Audience: All employees who have a passion for aligning their talents and skills in their personal and professional life

Workplace Violence Prevention

The purpose of this training is to provide participants with the skills to identify and de-escalate potentially violent behavior in the workplace. Employees are given a model of telegraphed behavior that violent individuals often engage in before being physically assaultive and then appropriate responses provided. Participants will also get an opportunity to practice skills taught during the training session.

Objectives:
- Define violent behavior
- Understand workplace violence and the workforce’s responsibilities
- Identify precipitating personality, behavioral, stress and situational factors of violence
- Recognize organizational risk factors
- Learn what managers/employees can do through violence response procedures

Target Audience: Employees at all levels

Writing Effective and Efficient E-mail

This workshop focuses on the process used by professionals to fulfill their e-mail needs. Through real-time e-mail exercises on computers networked with other classmates in the workshop, the course enables participants to create clear, concise, complete, courteous, and correct e-mail. You will reap the benefits of using this efficient, user-friendly mode of communication for your intended purpose and achieving results.

Objectives:
- Define the purpose of your e-mail message
- Distinguish necessary details to support your purpose without overloading your readers
- Develop techniques for checking the tone of your email
- Revise and edit e-mail for clarity, conciseness, and completeness
- Manage your e-mail system effectively: attaching, copying, filing, responding, and more

Target Audience: Professional staff who write frequent internal and external e-mail messages as part of their daily work routine

Writing in Plain Language & Clinic

The Federal Plain Language Writing Act of 2010 requires government employees to write in a plain language that is “simple and easy to understand, with the goal of minimizing uncertainty and litigation.” The one-day workshop and half-day clinic are designed to provide you with the tools to write in plain language while maintaining a level of professionalism reflective of your position and agency. You will have many opportunities to practice the course principles through writing, revising, editing, and proofreading activities.

The one-day workshop covers all the course content. You may bring to the seminar a work-related writing sample for a confidential review by the course leader. Between the workshop and half-day clinic, approximately one month later, you will have an opportunity to write a new work-related assignment and e-mail it to the course leader. During the clinic, you will again receive confidential feedback on your writing development based on plain language principles.

It is a computer-assisted course to reflect the way you write on the job.

Objectives:
• Organize ideas effectively
• Use visual design to reinforce the content
• Edit sentences for fluency
• Use active and passive voice effectively
• Maintain conceptual and grammatical consistency in sentence structure
• Employ techniques to reduce verbiage and highlight key ideas
• Proofread messages for correct grammar and proper diction

Target Audience: Professional staff who need to convey complex language in simple terms to enhance readability

Building Collaborative, Productive and Cohesive Teams

Is your team at the top of its game? This course will focus on the three key elements needed to build a collaborative, productive, and cohesive team: Trust, Open communication, and Purpose (TOP). You’ll discover the importance of inter-dependence, conflict management, transparency, vision and clearly defined roles, and will have the opportunity to practice skills associated with these characteristics.

Objectives:
• Identify the key elements of “Trust” “Open Communication” and “Purpose” in a team environment
• Understand the stages of team development and how these stages impact the overall project
• Align team expectations and clarify roles and tasks of the varying team participants
• Apply group decision making and problem-solving skills
• Discover processes to uncover and resolve conflicts on a team
• Practice methods for effectively managing different work styles

Target Audience: Anyone serving formally or informally as a leader in the workplace

Change Management

In today’s world, change is a constant. The goal of this one-day seminar is to provide first-line group supervisors with skills to more effectively manage their constantly changing workplace. Supervisors are charged with the responsibility of implementing new technology, procedures and even making personnel changes yet many employees resist these changes, especially when these changes occur in high-performance, fast-paced environments. To be effective at their jobs, supervisors must understand how change impacts their staff and they need to develop a “tool kit” of strategies and behaviors that will help their employees accept the changes while concomitantly maintaining performance and productivity.

OBJECTIVES:
• To understand the change process and its impact on the workplace
• To understand the link between change and stress
• Identify personal styles of handling change and develop strategies for making oneself more proactive
• To learn about personal paradigms and their impact on change and stress management
• Understand a supervisors/manager’s role as a change agent
• Learn to implement change by utilizing supportive communications and employee involvement

Target Audience: Supervisors, managers and team leaders

Conducting Effective Performance Appraisal Interviews

This practical workshop will boost the confidence and skills of participants in conducting both interim and yearly feedback evaluation interviews with their staff. It will focus on the core purposes of performance evaluation and the communication skills needed to discuss employee performance.

OBJECTIVES:
• Identify the core purposes of performance evaluation
• Practice giving constructive feedback
• Define common rating errors in the appraisal
• Conduct difficult appraisal interviews
• Create development plans as part of the evaluation process

Target Audience: Managers and supervisors who conduct performance appraisal interviews

Data Analysis with Python

This full-day course covers the fundamental concepts of how to leverage the Python programming language for data analysis. The course will include the basic syntax of Python as it relates to performing basic exploratory data analysis, as well as how to create impactful charts, graphs, and other information visualizations using NYC Open Data for operational decision making.

Objectives:
- Define what Python is and why it is useful
- Explore how Python structures data and the difference between Python and Excel
- Open a dataset in Python and shape it into a usable structure for analysis
- Create a visualization and calculate summary statistics of a dataset in Python
- Download and open data from the NYC Open Data Portal
- Conduct a simple data analysis using NYC Open Data
- Demonstrate how Python can be used to build a data-driven culture in the workplace

Target Audience: Analysts with basic programming knowledge and/or experience performing advanced analysis in Excel (nested formulas with conditionals, pivot tables, and macros)

Data Analytics for Managers

This course introduces participants to the concept of data-driven decision making and management. Participants will learn how to better use data for setting goals and defining objectives while identifying the proper metrics for those objectives and the elements of meaningful management dashboards. Participants will also learn how to assess the right analytical tools to manage projects, processes, and analytic staff within their departments.

Objectives:
- Using data to meet departmental and organizational goals
- Understanding what data/information is needed for effective planning and decision making
- Benchmarking as it relates to project development
- Visualizing data for informative reports and presentations
- Working to achieve measurable outcomes
- Identify the concerns and opportunities of working with government open data

Delegation and Time Management

This course focuses on skills for organizing, planning, and prioritizing work assignments. Participants will learn strategies for developing short and long-term plans to delegate, track, monitor, and ensure successful completion of their unit’s work.

Objectives:
- Analyze and improve work processes
- Develop a personalized daily/monthly plan to accomplish goals
- Identify and address time wasters
- Manage interruptions and crises
- Delegate work to appropriate staff
- Overcome resistance to delegation

Target Audience: Managers and supervisors responsible for delegating and balancing multiple tasks

Developing Yourself and Others Through Delegation

Effective delegation may be the hardest skill set for a supervisor or manager to master; it often confounds and eludes even the most experienced leaders. Delegating involves high levels of trust, self-awareness and strategic thinking. It is different from assigning routine work. Done well, it enables you and others to take on new challenges, maximizes productivity, increases team performance and reduces stress. Done incorrectly, it results in improperly completed projects and increased frustration. This highly interactive one-day workshop will explore many facets of delegation and take you through the delegation process step by step.

Objectives:
- Evaluating your delegation skills
- Differentiating delegation from assigning work and “dumping”
- Identifying real and self-imposed barriers to delegation
- Avoiding the “pitfalls” in delegating
- Dealing with trust and accountability issues
- Pinpointing the right task, time and person for delegating
- Planning and practicing the five-step delegation process
- Developing strategies for assigning work and following up effectively

Target Audience: Managers and supervisors who want to examine the benefits of delegation

Emotional Intelligence: The Key to Effective Leadership

Emotional intelligence is the ability to recognize and deal effectively with your own and other people’s emotions. According to recent studies, it is a better predictor of success than IQ. This workshop is designed to help people in leadership positions increase their EQ (emotional quotient). High IQ Leaders are more productive because they gain cooperation from others and use their intuitive knowledge to make decisions and solve problems. EQ is vital for implementing change and leading high-performing teams.

Objectives:
• Acquire emotional literacy to read people, situations and yourself more effectively
• Identify ways to choose your emotional responses, instead of getting triggered by them
• Develop techniques to use emotional energy positively to move self and others forward
• Practice techniques to manage non-productive emotional behaviors
• Describe how to use the five key EQ competencies
• Generate methods to apply EQ to diverse on-the-job circumstances

Target Audience: Managers and supervisors in leadership roles

Excel Tools: Summarizing Data

This course will address one of the most significant challenges managers face today: making sense of the data they already have. Being able to quickly and efficiently summarize and analyze information is essential to making better business decisions. Using Excel, participants will practice some of the most effective techniques of summarizing and displaying data to extract actionable intelligence quickly and accurately.

Objectives:
• Basic functions
• Specific functions: Average, Count, Round, If Then, Nested If, Concentrate, PMT, Using Ranges, VLookup and Time and Date functions
• Specific Excel features: Sorting, Consolidating, Eliminating of Duplicates, multiple sheet references, and Using Basic Pivot Tables

Prerequisites: Basic math skills, Excel Part 1

Target Audience: Managers, supervisors, and team leaders involved in data analysis

Follow the Leader: Taking the Lead at Any Level

Anyone who needs the cooperation of others is taking the role of a leader. But what makes a good leader? How can you cultivate the qualities that people expect and respect from leaders? This fast-paced, highly interactive course will give you insight into the skills and thinking of successful leaders. You will learn innovative approaches and practical techniques to help you become a better leader at any level.

Objectives:
• Identify the actions and mindsets that distinguish leaders from bosses and great leaders from merely adequate ones
• Analyze typical situations requiring leadership in your job, including ethical challenges you face
• Boost your ability to motivate, communicate, and inspire individuals and teams
• Adjust your leadership style to meet the needs of different generations, shifting circumstances and diverse people

Target Audience: Managers, supervisors, and team leaders who assume a leadership role

Fundamentals of Supervision

This workshop offers participants an introduction to the issues, challenges, and typical situations related to supervising “frontline” employees. Participants will learn basic skills and be introduced to the key techniques that they will need to function effectively in their supervisory role. Emphasis will be placed on the supervisor as part of a management team committed to developing excellence in government.

Objectives:
• Recognize the challenges of public sector supervision
• Propose strategies to work with a diverse workforce effectively
• Communicate performance objectives for effective staff performance
• Develop leadership practices that encourage commitment and teamwork
• Employ delegation as a work method that benefits both the supervisor and subordinate
• Coach staff members for top performance
• Master conflict management skills

Target Audience: All supervisors

Giving Feedback and Getting Results

This course is a one-day practicum devoted to helping managers and supervisors practice the skill of providing feedback to employees. Using a variety of “real life” scenarios, participants will engage in multiple role plays to provide descriptive, effective feedback to an employee. Participants will receive ongoing “feedback” from their peers on their coaching abilities.

Objectives:
- Identify positive feedback as a performance improvement mechanism
- Apply various types of feedback approaches
- Coach employees when poor performance is a problem
- Give feedback in a descriptive, specific, timely and clear manner
- Engage in difficult conversations with employees
- Develop employees by implementing the coaching process

Target Audience: Supervisors, managers and team leaders

Initiating and Managing Difficult Conversations

This course will allow participants to practice the communication skills and techniques needed for handling difficult work issues with candor, tact, and sensitivity. It explores complex situations such as addressing performance problems, dealing with tensions among team members, and enforcing agency policies.

Objectives:
- Identify the interests of each party in a complex situation
- Utilize methods of positive, direct phrasing
- Recognize ‘triggers’ that can upset positive conversations
- Explore a model to initiate, conduct, and end a ‘hard conversation’

Target Audience: Managers, supervisors, team leaders who must initiate “difficult” conversations

Lean Six Sigma: Process Improvement Initiatives (Green Belt Certificate)

Lean Six Sigma provides tools and techniques to streamline work processes, improve time management, and produce higher quality work while delighting internal and external customers. These tools are now used in many government agencies and institutions.

Participants will be able to create strategies for Leading Lean Six Sigma Teams and implementing Lean Six Sigma projects. Applying the tools can result in reducing errors, improving efficiency and better teamwork. Participants will design and present a plan for implementing a Lean Six Sigma Project.

At the completion of this program, participants will earn a Lean Six Sigma Green Belt certificate.

Objectives:
- Identify the history, purpose and goals of Lean Six Sigma
- Develop Process Mapping and Value Stream Mapping Skills
- Perform a Root Cause Analysis to solve problems at work
- Improve methods of achieving higher productivity and reducing errors
- Master key Lean Six Sigma tools
- Identify key drivers and develop metrics and evaluate cost savings
- Successfully lead project teams
- Design and implement Lean Six Sigma Projects

Prerequisite: Lean Six Sigma: Introduction to Process Improvement (White Belt Certificate)

Target Audience: Managers, supervisors and team leaders working on short-term improvement projects

Lean Six Sigma: Introduction to Process Improvement (White Belt Certificate)

Are you feeling the pressure of getting more done with less time and resources?

Achieving excellent results on a daily basis is a challenge. Often, employees and managers stretched beyond full capacity. In this seminar, participants will develop an understanding of proven methods for being more creative and resourceful when performing daily tasks. These methods, including eliminating wasteful task steps, reducing errors and improving efficiency, will result in improved productivity.

Lean Six Sigma provides tools and techniques to streamline work processes, improve time management, and produce higher quality work while delighting internal and external customers. These tools are now widely used in many government agencies and institutions.

At the completion of this program, participants will earn a Lean Six Sigma White Belt certificate.

Objectives:
• Identify the history, purpose, and goals of Lean Six Sigma
• Develop Process Mapping and Value Stream Mapping Skills
• Perform a Root Cause Analysis to solve problems at work
• Improve methods of achieving higher productivity and reducing errors
• Use new streamlined methods of accomplishing tasks and projects

Target Audience: Managers, supervisors, project leaders, and employees who are performing a leadership role

Managerial Decision Making and Problem Solving

This workshop is designed to help participants improve the quality and impact of their decisions, analyze and expand their decision-making methods, and identify solutions for on-the-job problems.

Objectives:
- Discuss why problem solving and decision making are critical to every manager’s success
- Strategize to reach decisions
- Identify techniques to resolve problems more efficiently
- Enhance problem solving and decision making
- Assess and improve individual and team efforts to problem-solve

Target Audience: Managers who want to make better decisions and solve problems more effectively

Motivating Employees to Be Their Best

Keeping employees motivated and challenged can be a complex task. It depends on continual communication with an employee and an understanding of that employee’s strengths and weaknesses. When procrastination, a lack of enthusiasm, and refusal to take initiative creep into an employee’s performance, it is time to find strategies to relight the fire.

It is critical for leaders to understand the needs of their employees and find intrinsic methods of motivating. This course is designed to teach you how to tailor your leadership and communication style to better suit the needs of your employees. As a result, you will be able to create a shared vision for your organization, build group identity, create a culture of ownership, and establish a more collaborative, inspiring work environment.

Objectives:
• Identify major factors that affect motivation
• Apply dialogue and listening skills that model community, influence, and openness
• Identify inhibitors to fostering group commitment and passion
• Teach a four-step process designed to help groups learn from mistakes
• Encourage group initiative-taking
• Identify and apply strategies for dealing with outside pressures that negatively affect motivation
• Identify and apply strategies for dealing with systems and policies that negatively affect group esteem
• Match or tailor your leadership style to various employees’ motivational preferences

Target Audience: Managers and Supervisors

Project Management

This workshop will cover the structures and practices of Project Management with the overlay of engagement and collaboration strategies. The focus will be on identifying and defining project objectives, efficiently and effectively coordinating project tasks, and applying the right processes and tools for managing a project team.

Objectives:
- Understand project management terms and knowledge areas
- Create a Project Charter that incorporates a project scope, a project plan with deliverables, time frames, resources, and risk analysis
- Incorporate tools from other methodologies such as: appreciative inquiry, story-telling, open space, and world café
- Utilize tools that facilitate workflow and accountability
- Communicate project-related information accurately and effectively
- Discover techniques for making project management meetings more dynamic and participatory
- Leverage collaboration to get projects done better, faster, cheaper, and greener
- Explore creative methods for effective problem solving

Target Audience: Professionals responsible for leading project initiatives

Selection Interviewing: Hiring Right

This intensive one-day program will help participants plan and conduct an effective selection interview. Participants will be able to develop questions that are legal, effective and behaviorally based in order to improve their chances of hiring the “right” person for a given position.

Objective:
- Analyze job specifications
- Identify the conditions for holding an effective interview
- Develop key legal questions that are behaviorally-based
- Employ techniques to help make the interview fair, legal and effective
- Differentiate between hearing vs. listening
- Understand the role of perception in interviewing
- Handle difficult interview situations
- Practice interviewing and receive feedback on your interviewing skills

Target Audience: Managers and supervisors who interview candidates for positions in their agency

The Science of Success: Motivation, Judgement and Teamwork

Why do teams of over-performers often underperform? Why do monetary incentives often fail to get results? Current research reveals a host of often overlooked factors and practices that affect people’s motivation, judgment, and teamwork. In the workshop, participants will learn to use the latest research and best practices to motivate yourself and others, make better decisions, and collaborate effectively.

Objectives:
- The current science on what really motivates people
- Elements that result in effective decision making
- Skills that result in the highest levels of collaboration and teamwork
- Applying research-based techniques to motivate people and to build teams and organizations that make effective decisions and collaborate effectively

Target Audience: Managers, directors, supervisors, and professionals interested in better understanding how to motivate themselves and others, make better decisions, and collaborate successfully

Writing Performance Evaluations

Completing evaluations requires managers to write in an objective manner that accurately describes the employees’ performance. Specifically, managers are expected to document the strengths and weaknesses of employees as well as future goals and developmental needs. This course provides managers practice in writing about observed behaviors and job competencies. In addition, participants will prepare precise goals and statements of developmental needs.

Objectives:

- Utilize a technique for gathering performance data
- Decipher fact from opinion to write actually
- Separate actions from attitude to write objectively
- Document developmental needs based on job performance and job competency
- Write goals that are specific and measurable

Target Audience: Managers and supervisor who write performance evaluations

Creative Thinking for Auditors

Eliminate roadblocks to creative thinking and boost your output of innovative ideas. This course demonstrates practical, easy-to-use techniques to help generate new ideas and apply them to the audit process. Practice these skills using exercises related to governmental auditing, business and real life. Topics covered include idea-generating techniques, best practices in auditing, the use of control frameworks and the impact of organizational cultures on auditing.

Objectives:
• Identify and explain the four phases of the creative process
• Eliminate roadblocks and pitfalls to creative thinking and auditing
• Use specific tools to boost your output of innovative ideas
• Use creative thinking techniques to identify the real cause of and the best solutions to performance problems

Target Audience: Auditors who do performance, grant and contract auditing

Developing and Presenting Audit Findings

Receive an in-depth, hands-on guidance, and practice in developing audit findings. Adequate findings development requires that you compile sufficient, relevant information to satisfy the audit’s objectives, promote a proper and correct understanding of the reported matters and convince readers to recognize the validity of the findings and the benefit of implementing any recommendations. Learn the appropriate finding elements to match the kind of audit you are doing. In multiple case exercises, you practice developing audit findings for the following types of audits: compliance, processes and controls, accomplishments and impact.

Objectives:
- Cite the government auditing standards provisions that apply to developing and presenting audit findings
- Explain the central role of effective audit objectives in findings development
- Describe two findings paradigms used in performance auditing and the elements they contain
- Outline a finding and prepare a synopsis summarizing the audit results in response to the audit’s objectives
- Develop and present audit findings and related conclusions and recommendations

Target Audience: New auditors, who prepare a performance, contract and grant auditing. It will also benefit experienced auditors who have had limited exposure to the subject matter

Information Technology for Auditors

Learn the components of information technology and how they are organized, developed and managed; how technology affects your audit responsibilities; and the guidelines governing audits performed under the Government Auditing Standards. This course is the prerequisite for all other technology-related courses offered in our auditing curriculum. The information systems audit process is presented in Information Systems Auditing (A8029).

Objectives:
• Describe how information technology is organized, developed and managed
• Explain how technology affects audit responsibilities
• Cite standards and guidelines governing audits performed under the Government Auditing Standards

Target Audience: New auditors and experienced auditors with limited exposure to the subject matter

Making Your Case to Prosecute Fraud

Fraud is a booming business today. With fraud schemes becoming more sophisticated and defense attorneys more proactive, there is a need for more interaction among auditors, investigators, and prosecutors. Often task forces are assembled for this purpose. Learn how each team member contributes to the success of such joint efforts and the special rules and procedures that apply in obtaining evidence to substantiate and prosecute fraud. Learn the pitfalls to avoid in pursuing fraud on your own and how to discern whether a potential fraud scheme you have identified in an ongoing audit may be prosecutable.

Objectives:
• Describe and apply the five elements of a prosecutable fraud scheme
• Be conversant with the criteria used by prosecutors in making litigation decisions
• Describe the current situation that mandates joint task force efforts of auditors, investigators and prosecutors – in combatting fraud, and the auditor’s role in such a task force
• Contrast the standards of evidence and rules of collection that apply in auditing from those that apply in prosecuting fraud
• Differentiate the various ways that a government agency may obtain evidence for use in administrative, civil, and criminal cases
• Describe the restrictions that a government agency must observe in obtaining evidence for use in prosecuting a criminal fraud case
• Apply general litigation principles and procedures to audit planning, implementation, and defense to include testifying

Target Audience: New auditors, who prepare a performance, contract and grant auditing. It will also benefit experienced auditors who have had limited exposure to the subject matter.

Written Communication for Auditors

Learn the writing tools you will need to be able to produce professional audit documents that comply with Government Auditing Standards. You will learn to develop sound messages in response to audit objectives, support those messages by presenting compelling evidence and developing the appropriate elements of a finding, and organize your writing to eliminate unnecessary information. The course includes the instructor's written evaluation of your own writing sample, and a one-on-one 25-minute conference before or after the class. Enrollment is limited to 15 participants to ensure individual attention.

Objectives:
- Assess the strengths and weaknesses of report messages and structures
- Develop a strong link from objectives to findings to the recommendations
- Use all four elements of a finding
- Master the message-first style
- Control paragraph unity and coherence
- Control common sentence problems
- Avoid common grammar and punctuation problems
- Review your own and other's writing effectively

Target Audience: New auditors and junior-level auditors who want basic guidance on writing performance audit reports

ENERGY MANAGEMENT INSTITUTE (EMI)

DCAS Energy Management, in partnership with the City University of New York (CUNY) School of Professional Studies (SPS), CUNY Building Performance Lab (BPL) and the Citywide Training Center (CTC), is pleased to announce our schedule for courses for Fall 2018.

The goal of EMI is to prepare City facilities personnel to make energy-smart decisions that will assist the City in meeting its greenhouse gas (GHG) emissions reductions goals.

Important:

DCAS Energy Management (DEM) covers the cost of City staff participating in this training to improve the energy efficiency of building operations and maintenance, and to encourage building staff to develop, implement and monitor energy efficiency projects. If a City employee registers for the course but drops out before satisfactory completion, a fee will be assessed to their agency’s training department for “No Show” per CTC cancellation policy. See course descriptions for respective fee amounts.

Please visit www.nyc.gov/ctc for Fall 2018 EMI Course Catalog to view detailed information on all Energy Management Institute courses.
ENERGY MANAGEMENT INSTITUTE
BUILDING OPERATOR CERTIFICATION
LEVEL I

Program Overview:
Building Operator Certification Level I (BOC-1) serves as the gateway training program of the Energy Management Institute. It is a competency-based training program that is designed to help building operators manage their facilities to become more energy efficient as part of the City’s efforts to meet its greenhouse gas reduction goals.

The program provides an overview of building systems including lighting, mechanical, and electrical systems and guidance to improve thermal comfort, air quality, and life-safety considerations.

Instruction is delivered both in a traditional classroom setting, as well as through self-paced, online modules via the Hughes Learning Management System.

Learning Objectives:
At the conclusion of the BOC-1 program, participants will be able to:
• Apply knowledge of building mechanical and electrical systems—HVAC equipment and controls, electrical distribution, motors, and lighting, and how their operation relates to energy efficiency performance and building comfort conditions.
• Recognize system configurations, drawings of schematics, observation and interpretation of operating conditions.
• Develop strategies for systematic maintenance and performance monitoring.

Who Should Enroll:
The course is designed for building operators who may have limited formal systems training, but have substantial work experience in building systems. This course is also beneficial to facility managers who have entered the field from a management background and seek to improve their understanding of physical and equipment principles.

Prerequisites:
Skill Assessments

CUNY SPS will confirm registration in the program and send the participant a link to two (2) mandatory skills assessments (Math and Microsoft Excel).
• Both required assessments take about 15 minutes each to complete.
• If a satisfactory score is not achieved on an assessment, one (1) or (2) online, self-paced prep courses available through the learning management system, must be completed prior to the start of the class.
Videos
Topical videos are available via the DCAS YouTube channel at www.youtube.com/user/dcasnyc:
“This is DEM”: https://www.youtube.com/watch?v=bT2N9TNa2TI

No Show Fee:
If a City employee registers for this course and drops out before satisfactory completion and/or does not meet the course completion criteria, a “No Show” fee of $1,875 will be assessed to their agency’s training department in accordance with CTC’s cancellation policy.

Course Overview:
Term: Fall 2018
Days: Fridays
Date: Sept 5, 14, 28, Oct 12, 26, Nov 2, 9, 16, 30, Dec 7, 21
Sessions: 11
Hours: 9:00am-4:00pm
Location: Citywide Training Center, 1 Centre Street, 24th Floor-South Tower
Online Webinars: September 5th (10:00am-11:00am Pre-class Webinar)
November 2nd (10:00am-11:00am)

Registration Deadline: August 31st
ENERGY MANAGEMENT INSTITUTE
BUILDING OPERATOR CERTIFICATION
LEVEL II

Program Overview:
For those City employees who have completed BOC-1, this advanced program provides an opportunity to deepen building performance skills, while working towards earning the BOC-2 credential. This 28-week intensive program follows a blended learning format, consisting of instructor-led training sessions, video instruction, learning labs and field activities guided by subject matter experts. The program also includes support provided by a dedicated BOC-2 Learning Coach.

This competency-based program helps building operators and stationary engineers improve their job skills by teaching the tools necessary to increase building efficiency, improve occupant comfort and conduct energy efficient facility operations that meet the city’s greenhouse gas reduction goals.

BOC-2 is comprised of five core modules:
• Best Practices for High-Performance Operations and Maintenance
• Sensors, Calibration, Transmitters
• HVAC Controls Optimization
• Energy Strategies: Control Sequences of Operation
• Electrical Maintenance and Troubleshooting

In addition to the five core modules, there is a sixth elective module. Participants have the option of taking one of the two electives:
• Boiler Plant and Hydronic System High-Performance Operations and Maintenance or
• Building Re-Tuning (BRT).

Learning Objectives:
At the conclusion of the BOC-2 program, participants will be able to:
• Collect facility operating data for monitoring and troubleshooting of operations.
• Identify sophisticated controls and control strategies.
• Identify, diagnose, and correct control errors.
• Read and optimize a Control Sequence of Operations (CSO)
• Describe the most common types of sensors in building systems
• Use energy data to maintain high levels of building performance.
• Select and apply maintenance strategies and techniques.
Who Should Enroll:
BOC-2 is open to City staff with either of the following credentials:
- BOC-1 Training Certificate of Completion (TCOC)
- Certified Building Operator (CBO) credential
Certifications must have been acquired at least 12 months prior to the scheduled start date for BOC-2.

Prerequisites:
Credentials
- BOC-1 Training Certificate of Completion (TCOC)
- Certified Building Operator (CBO) credential

No Show Fee:
If a City employee registers for the course but drops out before satisfactory completion, a fee of $1,875 will be assessed to their agency’s training department for “No Show” in accordance with the CTC cancellation policy.

Course Overview:
Term: Fall 2018
Days: Fridays
Date: Oct 12, 19, 26, Nov 2, 9, 16, 30, Dec 7, 14, 21, 28, Jan 4, 11, 18, 25, Feb 1, 8, 15, 22, Mar 1, 8, 15, 22, 29, Apr 5, 12, 19, 26
Sessions: 28
Hours: 9:00am-4:00pm
Location: Citywide Training Center, 1 Centre Street, 24th Floor-South Tower
Online Webinar: N/A
Registration Deadline: August 31st
Note: The BOC Level I credential must have been earned during fall 2017 or earlier. Additional courses may fulfill completion requirements.
ENERGY MANAGEMENT INSTITUTE
BUILDING RE-TUNING

Program Overview:
Building Re-Tuning (BRT) training is designed to give building operators advanced training in analysis of facility operations to further identify efficiency improvements.

BRT is designed to teach participants the skills that are needed to conduct a re-tuning of facilities that use a BAS/BMS system. The course walks participants through the BRT process from foundational concepts through an initial BRT tune-up. BRT training requires hands-on implementation practice in their facility.

Learning Objectives:
At the conclusion of the BRT program, participants will be able to:
- Explain the overall BRT process from start to finish.
- Identify how BRT protocol relates to retro-commissioning and continuous commissioning concepts/ practices.
- Create trend logs using BAS data collection function.
- Create graphic displays from BAS/BMS data using basic methodologies.
- Interpret graphical trend data for diagnostics and identification of energy reduction/optimization opportunities.

Who Should Enroll:
This course is designed for building operators with previous energy efficiency/energy management training. It is also beneficial to facility managers who have entered the field from a management background and seek to gain skills in data-driven facility diagnostics. Participants should have a working knowledge of energy efficiency in building systems and the ability to access trend log functions in their facility’s BAS/BMS.

Prerequisites:
Credentials
- BOC Level 1 Credential

Videos
Topical videos are available via the DCAS YouTube channel at www.youtube.com/user/dcasnyc:
No Show Fee:
If a City employee who is registered for the course drops out before its satisfactory completion, a fee of $975 will be assessed to their agency’s training department for “No Show” in accordance with the CTC cancellation policy.

Course Overview:
Term: Fall 2018
Days: Wednesdays
Date: Oct 10, Nov 7, 14, 21, Dec 5, 19
Sessions: 6
Hours: 9:00am-1:00pm
Location: Citywide Training Center, 1 Centre Street, 24th Floor-South Tower
Online Webinar: October 10th (10:00am-11:00am)
Registration Deadline: September 7th
Note: Participants must have access to an agency building and be able to access trend logging functions in a BAS/BMS.
ENERGY MANAGEMENT INSTITUTE

Certified Energy Manager Program

Program Overview:
The Certified Energy Manager (CEM) credential has become widely used as a measure of professional accomplishment within the energy management field. It has gained recognition as the standard for qualifying energy professionals both in the United States and abroad. It is recognized by the U.S. Department of Energy, the Office of Federal Energy Management Programs (FEMP), and by numerous state energy offices, major utilities, corporations and energy service companies.

This course is a comprehensive four-day exam preparation course designed to prepare facility professionals to earn their CEM certification. The CEM exam will be administered at the conclusion of the four-day review (separate application required). The certification is sponsored by the Association of Energy Engineers (AEE), and is hosted by the City University of New York’s School of Professional Studies (CUNY SPS).

Learning Objectives:
At the conclusion of the CEM program, participants will be able to:
• Raise the professional standards of those engaged in energy management,
• Improve the practice of energy management by encouraging energy managers in a continuing program of professional development,
• Award special recognition to those energy managers who have demonstrated a high level of competence and ethical fitness for energy management.

Who Should Enroll:
Building Operators, Senior Stationary Engineers, Stationary Engineers, Deputy Directors of Facilities, Custodian Engineers, Building Managers, Architects, Engineers, Engineering Project Managers, Construction Project Managers, and Supervisors of trades are encouraged to enroll if they meet the eligibility requirements noted in the chart on the next page.

Foundations for Energy Efficient Building Systems

Program Overview:
The Foundations for Energy Efficient Building Systems training course introduces skilled tradespeople working within City buildings to the trades' role in improving energy efficient operations in City building systems. It prepares tradespeople for additional advanced trades courses focused on specific topics. The course consists of two in-person instructional sessions (classroom and field) taught by subject matter experts over a two-day period. Covered topics include identifying energy savings opportunities and performing cost comparisons between system maintenance and correction.

During this course, tradespeople will learn more about the different building systems and how they interact with each other in a city-owned building by conducting a thorough tour of a building and visiting all accessible building system areas. They will also practice their critical thinking skills in identifying real building problems, researching the identified problem, generating ideas, and creating solutions that will improve the energy efficiency of the systems of interest (i.e., controls, electrical and mechanical).

Learning Objectives:
At the conclusion of the Foundations program, participants will be able to:
• Recognize their specific role in energy efficiency efforts
• Diagnose a building-system problem using critical thinking skills
• Demonstrate techniques for communicating problems, issues, and resolutions
• Explain the impact of root cause analyses on energy efficiency
• Compare the cost of a system that has been maintained preventively to a system that has only been corrected

Who Should Enroll:
This course is designed for tradespeople and non-building operators (i.e., Energy Managers, Energy Analysts and other administrative personnel) without previous energy efficiency/energy management training.

Foundations for Energy Efficient Building Systems is also the prerequisite for non-trades operators who seek to complete systems-specific courses of the Advanced Energy Efficient Building Systems program.

Prerequisites:
Skill Assessments
None

Fundamentals of Building Systems

Program Overview:
Fundamentals of Building Systems is provides foundational industry knowledge pertaining to building systems, vocabulary, concepts, and the goals of energy efficiency in municipal building operations within the City of New York. This course also prepares students interested in furthering their energy management training to succeed in the next program in the series: Building Operator Certification Level I (BOC-1).

Fundamentals of Building Systems is a blended learning course. It consists of a half-day classroom Introduction session, ten (10) self-paced online learning modules, and a half-day classroom Wrap-Up session. Topics include:

• Building Envelope
• Management and Maintenance
• Science of Building Systems
• Risks
• HVAC, Plumbing and Electrical Building Systems
• Codes, Zones and Regulatory Requirements
• Building Controls
• Environmental Factors
• Occupant Controls

Learning Objectives:
At the conclusion of the Foundations program, participants will be able to:
• Identify the regulatory mandates driving municipal energy efficiency initiatives.
• Comprehend building operations systems including their relationship to overall energy consumption.
• Introduce essential scientific knowledge on electrical and mechanical engineering that pertain to building operations.
• Identify best practices for energy efficiency in municipal buildings.
• Define common terms and concepts used in building operations management.
• Demonstrate comprehension of the knowledge base needed to enter the BOC-1 program.

Who Should Enroll:
This course is designed for non-building operators (i.e., Energy Managers, Energy Analysts and other administrative personnel) without previous energy efficiency/energy management training. Participants in this course should not have the primary job responsibility for managing the building operations in their facility or extensive knowledge of building systems.

Fundamentals of Building Systems is also the prerequisite for non-building operators who seek to complete the BOC-1 program.
Prerequisites:
Skill Assessments
None

No Show Fee:
If a City employee registers for the course but drops out before satisfactory completion, a fee of $975 will be assessed to their agency’s training department for “No Show” in accordance with the CTC cancellation policy.

Course Overview:
Term: Fall 2018
Days: Tuesdays (2)
Date: Dec 4th, 18th
Hours: 9:00am-1:00pm
Location: CUNY SPS – 119 West 31 Street
Online Webinar: N/A

Registration Deadline: September 7th
ENERGY MANAGEMENT INSTITUTE
no Building Automation System (BAS) BRT

Program Overview:
Building Re-Tuning without Building Automation System (noBAS BRT) is designed to give building operators advanced training in analysis of facility operations to further identify efficiency improvements. The noBAS BRT course is offered in five (5) in-class sessions. It covers five (5) measures/systems of interest related to fan operation and outdoor supply (HVAC Zone Temperature, Fan Operation Times, Outdoor Air Control, Discharge Air Temperature Hunting & Outside Air Damper Minimum Position).

The noBAS BRT course is designed to teach participants the skills needed to conduct re-tuning of facilities that do not use a BAS/BMS system. Participants learn to identify inefficiencies and appropriate operation improvements. Integrated project-based assignments are completed by participants in between classroom meetings.

Learning Objectives:
At the conclusion of the noBAS BRT program, participants will be able to:
• State the Building Re-Tuning process, its objectives and its implementation.
• Identify systems for re-tuning and the associated data requirements.
• Set-up trend logs and graphical representations.
• Interpret graphical representations to diagnose common system operating faults.
• Begin the thinking and planning for a long-term building operations improvement process.

Who Should Enroll:
This program is aimed at operators and managers with previous energy management training (i.e., BOC-1 and/or BOC-2, Certified Energy Manager, etc.) It is also beneficial to facility managers who have entered the field from a management background and seek to gain skills in data-driven facility diagnostics. Participants should have a working knowledge of energy efficiency in building systems and the ability to access their agencies buildings.

Prerequisites:
Program Prerequisites
• BOC Level 1 Credential

Videos
Topical videos are available via the DCAS YouTube channel at www.youtube.com/user/dcasnyc:
• “This is DEM”: http://www.nyc.gov/html/dem/html/home/home.shtml
No Show Fee:
If a City employee registers for the course but drops out before satisfactory completion, a fee of $975 will be assessed to their agency’s training department for “No Show” in accordance with the CTC cancellation policy.

Course Overview:
Term: Fall 2018
Days: Thursdays
Date: Oct 11, 25, Nov 8, 29, Dec 13, 27
Sessions: 6
Hours: 9:00am-4:00pm
Location: Citywide Training Center, 1 Centre Street, 24th Floor-South Tower
Online Webinar: October 11th (10:00am-11:00am)
Registration Deadline: September 7th
Note: Participants must have direct access to an agency building to attend this
HUMAN RESOURCES PROFESSIONALS

Human Resources Management Certificate Course

The Human Resource Management (HRM) certificate course is designed for middle- and senior-level HR managers seeking to become certified HR professionals. The course, offered in cooperation with the Society for Human Resource Management (SHRM) and Pace University, provides an overview of the key roles and functions of a senior Human Resource generalist. In addition to preparing participants to sit for SHRM certification exams, the course provides a solid foundation for managing the HR challenges faced in today’s demanding work environment. HRM focus areas include:

- Strategic Management
- Workforce Planning and Employment
- Human Resource Development
- Risk Management
- Employee and Labor Relations

Please call 212.386.0004 for more information.
PROCUREMENT PROFESSIONALS

As one of the nation’s largest public contracting entities, New York City is dependent on a procurement workforce with high-level skills and knowledge in all areas of the procurement field. Procurement classes are intended to increase the professionalization of procurement staff at all employment levels, to provide staff development opportunities that will lead to improved efficiency and productivity in City procurement, to encourage innovation in procurement, and to foster excellence in all aspects of the procurement function.

Conflicts of Interest Seminar for Procurement Professionals

This course provides an overview of the Conflicts of Interest Law, Chapter 68 of the New York City Charter. In-class case studies and practical exercises are used to provide participants with a general understanding of the Conflicts of Interest Law, how to avoid conflicts and appearances of conflict, and the responsibilities of the Conflicts of Interest Board (COIB).

Objectives:

- Understand the Conflicts of Interest Law (including but not limited to: accepting gifts, reporting misconduct by others, post-employment restrictions)
- Determine to whom the law applies
- Know when to seek an opinion from COIB

Target Audience: Procurement personnel employed by the City of New York

Contract Management/Administration

This course will discuss the range of activities in the contract management and administration from contract award through contract closeout.

Objectives:
- Develop a plan for contract administration and management
- Recognize contract terms and conditions
- Identify and define roles of project team members
- Monitor contractor performance
- Manage invoices and payment
- Modify contract terms and/or conditions
- Resolve conflicts
- Close out the contract

Target Audience: Procurement personnel employed by the City of New York

MAYOR’S OFFICE OF CONTRACT SERVICES (MOCS)

Agency Introduction to PASSPort

PASSPort (Procurement and Sourcing Solutions Portal) is a user-friendly, online procurement portal, where vendors and agencies exchange information to create and manage vendor accounts, and complete performance evaluations. During this session, you will hear an overview of PASSPort and have hands-on training on navigation, searching for and reviewing vendor information.

Objectives:
• Understand PASSPort
• General System Navigation
• Search for and review vendor data

Target Audience: Agency PASSPort users and any agency staff who is interested in learning PASSPort basics

For dates, times, registration and other information for PASSPort trainings, please go to the website http://cityshare.nycnet/passport
APT (Automated Procurement Tracking) Basics

NYC Automated Procurement Tracking (APT) system, launched in Spring 2010, is the system currently in use to support, manage and track procurement tasks for 14 procurement methods and 4 contract management activities. This course will provide a basic introduction to accessing the system, help functions, and key navigations features, and will provide you with tips and tricks to help you avoid common errors and enable you to move effectively complete your tasks in the system. You will also be provided a brief introduction to other citywide online procurement systems, including the Procurement and Sourcing Solutions Portal (PASSPort), the City’s new online system that will become the primary platform to do business with the City of New York over a series of releases. See the PASSPort courses for more information.

Objectives:
• Gain access to APT and navigate through the system
• Understand which methods are supported in APT
• Use search functions
• Access resources and know where to go for help

Target Audience: New APT users who possess basic procurement knowledge and are required to use APT as part of their basic job responsibilities

Ethics: A Crash for The Public Procurement Professional

Public procurement professionals are tasked with handling sensitive information and as such are held to high standards for upholding ethical values and behaviors. They must understand and follow state and local compliance laws and regulations, and exercise sound judgment and decisions under pressure. In this course, participants will learn about state and local laws governing procurement, as well as how to apply core ethical concepts arising in the procurement context of accountability for compliance, confidentiality and openness in government. The course uses an interactive approach and creative problem-solving techniques to teach you how to identify and address ethical issues that might arise in NYC procurement.

Objectives:

- Understand the role and responsibility of upholding ethical behavior in public procurement
- Explain the history and context of the procurement compliance and regulatory environment in NYC
- Understand they duty to report corrupt and unethical behaviors to appropriate bodies
- Explain state and local procurement and finance laws, NYC Procurement Policy Board role and rules, and Administrative codes
- Uphold key concepts of ethics and compliance in procurement in matters of confidentiality, transparency, and disclosure

Target Audience: All Mayoral agency staff with procurement related responsibilities in New York City

HHS Accelerator Procurement Management

The HHS Accelerator System was launched to streamline and enhance the procurement and financials processes for competitive health and human services contracts. The system allows City Agencies to quickly plan and execute procurements and manage relationships with providers who deliver direct health and human services to clients and communities. The City manages the online system is managed by the City as a service to providers whose critical contributions keep New York City strong. In this session, Agency staff will be provided with an overview of procurement actions.

Objectives:

- Navigate the Procurement Roadmap
- Release RFPs in HHS Accelerator
- Configure Evaluations
- Complete Evaluations
- Review Scores
- Make Award Selections

Target Audience: New procurement staff within an Agency that utilizes HHS Accelerator and existing procurement staff required to use it as part of their basic job responsibilities

For dates, times, registration and other information for HHS Accelerator trainings, please go to the website [http://cityshare.nycnet/working/hhs procurement & financials](http://cityshare.nycnet/working/hhs procurement & financials)
Introduction to NYC Procurement Process and Methods

This course will provide an overview of the procurement environment including key stakeholders, industries, requirements for selecting methods, and an understanding of the basic steps in the procurement process from planning to registration. Opportunities to test knowledge acquisition will be offered throughout the course and participants will be expected to engage in activities and discussions.

Objectives:
- Describe the roles of the key stakeholders involved in public procurement oversight
- Understand the Citywide Public Procurement landscape
- Distinguish between competitive and non-competitive methods and when and why they are used
- Understand the basic steps in the procurement lifecycle
- How to leverage existing contracts to encourage efficient and cost-effective procurement
- Basic contract management activities
- Where to go for resources to support your daily work

Target Audience: Agency procurement and program staff with no background knowledge of municipal procurement

Local Law 34 Compliance/DBA (Doing Business Accountability) Project

*This class is held at the Mayor’s Office of Contract Services, 253 Broadway, 14th floor

Local Law 34 of 2007 (LL34) established a public Doing Business Database of all entities that are doing or seek to do business with the City, as well as their principal officers, owners, and senior managers. When an entity is doing business with the City, persons in these positions have stricter limits put onto their donations to candidates for City office than those for persons not doing business with the City. This course will cover everything you need to know regarding how and when in the procurement cycle and process agencies will need to collect DBDF forms in order to comply with LL34.

Target Audience: Staff involved in the procurement process and those interested in how campaign finance law relates to City procurement

PASSPort Agency Performance Evaluations

PASSPort (Procurement and Sourcing Solutions Portal) is a user-friendly, online procurement portal, where vendors and agencies exchange information to create and manage vendor accounts, and complete performance evaluations (PEs). This hands-on session will focus on the Performance Evaluation process including: a performance evaluation overview, process flow walkthrough, and system exercises including sending a PE to evaluators and completion of a PE scorecard.

Objectives:
• Assign a Performance Evaluation task
• Understand the role of the Performance Evaluation Manager
• Complete a Performance Evaluation Score Card

Target Audience: Agency PASSPort users who manage or contribute to Performance Evaluations

For dates, times, registration and other information for PASSPort trainings, please go to the website http://cityshare.nycnet/passport
PASSPort Agency Responsibility Determinations

PASSPort (Procurement and Sourcing Solutions Portal) is a user-friendly, online procurement portal, where vendors and agencies exchange information to create and manage vendor accounts, and complete performance evaluations (Pes). This hands-on session will focus on the Responsibility Determination (RD) process including: an overview, process flow walkthrough, and system exercises including duplicating and RD, RD initiation, and RD completion.

Objectives:
- Start the RD process, and forward Vendor Name Check (VNC) requests to the Department of Investigation (DOI) and Business Tax Check requests to the Department of Finance (DOF)
- Manage Responsibilities Determinations in PASSPort
- Utilize best practices when completing and RD in PASSPort
- Review RD information and confirm a vendor’s responsibility

Target Audience: Agency PASSPort users who manage or contribute to Responsibility Determinations

For dates, times, registration and other information for PASSPort trainings, please go to the website http://cityshare.nycnet/passport
Prevailing Wage Law for Procurement Professionals

This course will focus on the role of procurement professionals as part of the City’s team effort to enforce prevailing wage requirements on construction and building service contracts. The course will include an overview of prevailing wage laws in New York State; an overview of Executive Order 102 due diligence reviews; a review of documentation including sign-in sheets and certified payrolls reports, as well as a summary of ‘telltale signs’ of potential prevailing wage abuses.

Objectives:

- Understand the prevailing wage requirements under Article 8 and Article 9 of the New York State Labor Law
- Determine when prevailing wage applies to a particular contract
- Understand the prevailing wage schedules published by the NYC Office of the Comptroller
- Understand the various obligations and documentation/forms required on prevailing wage contracts
- Identify trouble signs that may indicate non-compliance with prevailing wage
- Understand the requirements under Executive Order 102 of 2007

Target Audience: Procurement professionals, contract administrators, project managers, and resident engineers whose focus is primarily in the construction industry

Processing City Council Expense Allocations-Delving into Discretionary

The City of New York registers between one and three hundred million dollars’ worth of contracts funded through the discretionary process each year for everything from job training to after-school programs to legal services. This training will cover the fundamentals of how the City vets and processes these contracts. The training will cover the City Council Discretionary Award application and vetting process, the award clearance and contracting process, and HHS Accelerator Vault and Financials within the discretionary awards framework. We will also address new policies and procedures in place for FY19.

Objectives:
- Process a City Council Discretionary Award application
- Use HHS Accelerator to process discretionary awards
- Understand the vetting and clearance process
- Learn about the new policies and procedures in place for FY19

Target Audience: Agency staff members who serve as discretionary contract managers

Procurement Policy, Laws and Directives

NYC procurement professionals serve as leaders at their agency in ensuring and encouraging compliance with local laws and standards focused on promoting and protecting human and environmental health. Through established purchasing standards of preferable goods and products, this course covers the application of Environmentally Preferable Purchasing (EPP) laws and standards on certain city procurements. This course also provides an overview of State and local laws that encourage the purchasing of locally sourced and healthy food, on the New York City’s Earned Sick Time Act also known as the Paid Sick Leave Law and how it applies to the City’s solicitations and contracts; and the living and prevailing wage standards for contractors and how they are to be held accountable.

Objectives:
• Environmentally Preferable Purchasing (EPP) Laws
• Local Law 50 of 2011, relating to the purchase of New York State food, and the New York City Agency Food Standards
• The living and Prevailing Wage Law
• New York City Earned Sick Time Act, The New York State Preferred Source Law and reporting on preferred source contract awards under Local Law 125 of 2013
• Local Law 18 of 2012, relating to disclosure of project cost increases

Target Audience: All Mayoral agency staff with procurement related responsibilities in New York City

Subcontractor Tracking

This course will provide a participant with an overview of the requirements surrounding subcontractor data collection and reporting. The course will include a demonstration of the Payee Information Portal (PIP) subcontractor data collection system and the subcontractor screens in FMS and will provide vendor use case scenarios to support a solid understanding of how to navigate through the PIP system. The course will also cover the regulatory requirements for subcontracting in the PPB Rules and Local Law 1 of 2013 (M/WBE). Participants should be prepared to discuss practices within their agencies and share best practices with colleagues.

Objectives:
- Navigate and search for contracts in PIP
- Determine what contracts are reportable and associated penalties
- Help vendors navigate and manage accounts in the Payee Information Portal
- Use PIP to help with subcontracting duties

Target Audience: Agency procurement staff and contracting officers

EXECUTIVE DEVELOPMENT PORTFOLIO

This Portfolio offers an array of learning opportunities for mid- to-senior-level managers and executives throughout the City. Participants are introduced to next and best practices in management and leadership while learning from experts in areas such as neuroscience, leadership, organizational psychology, strategic change and innovation. Other opportunities in this portfolio include Executive Coaching, Assessment, Planning, and on-going skill development.

What is Organization Development? ................................................................. 142
Assessment & Facilitation ........................................................................ 142
The Leadership Institute ............................................................................. 143
The Management Academy ....................................................................... 143
Executive Coaching .................................................................................... 144

Human Resources Programs .................................................................... 124
(Located in the Professional Practices Portfolio)
What is Organization Development?

**Organization Development (OD)** is a body of knowledge and practice that enhances organizational performance and individual development. The focus of an OD intervention can be individual, group (team) or organizational and take place and use methodologies and approaches that facilitate strategic planning, organization design, leadership development, change management, and performance management.

Citywide Organization and Executive Development (OED) partners with experts in the fields of Organizational Psychology, Neuroscience and Leadership, Business Management, and Social Science to offer relevant training and OD opportunities to agencies and individuals. Staff and faculty are committed to helping clients move toward more efficient and effective work models. All programs and classes offered within the Executive Development Portfolio are available for customization in support of ongoing agency initiatives.

**Assessment & Facilitation**

Assessment and Facilitation programs are offered to managers and leaders who wish to gage strengths and growth opportunities for their team. Assessments are administered by licensed practitioners who provide a context for how assessment results are to be interpreted and appropriately applied. Participants receive confidential, anonymous feedback and, through the use of an action or development plan, are offered tools to use to further increase their management capacity.
The Leadership Institute

The Leadership Institute prepares a select group of outstanding mid-level agency executives to lead organizational change initiatives. The institute is organized into three sections – organizational diagnosis, direction setting, and implementation strategy – and looks at management frameworks and tools, and their application to organizational change in the public sector.

Participants are identified through a competitive selection process, and are introduced to state-of-the-art change models focusing on process and performance improvement during the program. Managers leave with an invaluable set of tools and a vast network of colleagues to support them as they implement change initiatives within City agencies.

Participants are selected to the Leadership Institute based on the results of an extensive application review and interview process. Additional information about the program can be found on the website at http://www.nyc.gov/html/dcas/html/employees/leadership_institute.shtml or by calling 212.386.0004.

The Management Academy

The Management Academy is designed specifically for the City’s new and emerging leaders. The Academy’s goal is to expose participants to exceptional management practices and offer them an understanding of the formal and informal processes that drive City government. Through a series of workshops, the Academy stimulates analytical and creative thought to better equip its participants for meeting the daily challenges they face in increasing productivity and delivering service excellence.

The Academy focuses on three areas essential to management success in City government:

1. Developing and utilizing human resources,
2. Improving service delivery, and
3. Understanding the operational aspects of City systems.

Participants are selected to the Management Academy based on the results of an extensive application review and interview process. Additional information about the program can be found on the website at http://www.nyc.gov/html/dcas/html/employees/leadership_manacad.shtml or by calling 212.386.0004.
Executive Coaching

Executive Coaching is a vital tool used by agencies to facilitate professional growth and personal development for managers and executives. The practice offers clients the opportunity to examine current work behaviors, seek clarity and understanding, reevaluate assumptions and reframe problems as well as gain new insights. Coaches use a variety of methodologies to help clients gain an assortment of management and leadership tools which can be used at their disposal.

A coaching experience includes:
1. Preliminary meeting with Organization and Executive Development to assess coaching needs.
2. A review of coach profiles, and self-selection of a coach that best suits your work style.
3. Meeting with the Coach to...
   a. agree upon desired outcomes resulting from your coaching relationship
   b. establish a prescribed work-plan
   c. determine meeting parameters
   d. begin the work!

All of L&D’s coaching options incorporate an assessment and feedback. For more detailed information on Executive Coaching, please call 212.386.0004.
Frederick O’Reilly Hayes Prize

Frederick O’Reilly Hayes was a remarkable leader who was passionate about innovation in government service delivery. He pioneered management and analytic methods while crafting daring public policy and recruiting and mentoring a generation of public service minded leaders. His influence during his career spanned federal, state and local government, and he managed the largest municipal budget in the United States as Budget Director of the City of New York. Fred’s dedication to improving the delivery of public service knew no bounds. He instilled this spirit of innovation and excellence to his associates who learned from his ideas, ideals and work.

To honor his career, promote his ideals, and enhance the attractiveness of public service careers, the Frederick O’Reilly Hayes Prize recognizes innovative contributions to the delivery of public services by emerging leaders in New York City government. The Prize seeks to reward public servants who have demonstrated a high degree of talent, commitment and accomplishment, and who anticipate continuing their careers in public service.

After a review of nomination packages, finalists are interviewed by The Hayes Prize Committee. Based upon the results of the interview a winner is selected. Additional information about the Hayes Prize can be found on the website at http://www.nyc.gov/executivedevelopment or by calling 212.386.0004.
The Hundred Year Association Awards Program

The Hundred Year Association of New York honors outstanding, permanent civil servants, and provides college scholarships for the children of New York City employees. Founded in 1927, The Hundred Year Association of New York is composed of professional, educational, religious and charitable organizations that have been in continuous operation in New York City for over a century. The Association has honored career civil service employees since 1958. In addition, since 1971, the Association has awarded college scholarships to the children of City employees. Two long-standing and prestigious awards are offered of the Hundred Year Association:

**Public Service Awards**
The Isaac Liberman Public Service Awards (PSA)

**College Scholar Awards**
The E. Virgil Conway College Scholar Awards (CSA)

Additional information about the 100 Year Association Awards Program can be found on the website at [http://www.nyc.gov/executivedevelopment](http://www.nyc.gov/executivedevelopment) or by calling 212.386.0004.
CERTIFICATION & CREDIT BEARING PORTFOLIO

NYC employees can prepare for professional certifications and exams with training that is specific to their certification’s requirements. L&D’s current offerings include the CUNY Public Administration Program, NIGP Certification, LMSW Preparation Program, and a wide variety of IT Certifications.

CUNY Public Administration Programs .................................................................................................. 150

IT Professional & Certification Courses .................................................................................................. 44

(NLocated in the Technology Skills Portfolio)

National Institute of Governmental Purchasing (NIGP) ................................................................. 164
CUNY PUBLIC ADMINISTRATION PROGRAMS

The CUNY/DCAS Public Administration Certificate Program (undergraduate and graduate level) is offered in a collaboration between the City University of New York’s School of Labor and Urban Studies (formerly the Murphy Institute), and participating unions. It is designed to provide an opportunity to earn college credits, improve communication and analytical skills, and provide for expanded knowledge of government agencies, social services, labor relations, and the legislative and budgetary processes in the context of deepening the understanding of urban challenges and institutions.

ENROLL AT THE UNDERGRADUATE OR GRADUATE LEVEL:
• Earn a Certificate in Public Administration & Public Policy, Healthcare Policy & Administration, or Labor Relations from the City University of New York and the NYC Department of Citywide Administrative Services (DCAS)
• Apply completed certificate credits toward a bachelor’s or master’s degree at the Murphy Institute
• Union tuition plans are applicable and tuition reimbursement may apply
• Students are responsible for tuition costs

SPRING 2019 ADMISSIONS DEADLINE:
DECEMBER 3, 2018 (DEGREES); DECEMBER 17, 2018 (CERTIFICATES)

The School of Labor and Urban Studies Enrollment Specialist at: (212) 827-0200 or cherise.mullings@cuny.edu

The following courses will be offered as part of the School of Labor and Urban Studies spring 2019 academic program:
UNDERGRADUATE CERTIFICATE IN PUBLIC ADMINISTRATION & POLICY

The Undergraduate Certificate in Public Administration and Public Policy provides students with a solid background in government, policy-making, and public administration. To earn the Certificate, participants must hold a high school diploma or GED/TASC* and complete four courses, for a total of sixteen credits.

### Public Issue & Public Policy

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Credits: 4</th>
<th>Start Date: January 25, 2019</th>
<th>End Date: May 15, 2019</th>
<th>Day: Tuesday</th>
<th>Time: 6:15pm-9:35pm</th>
<th>Location: DCAS: 1 Centre Street, CTC Training Center 24th Floor</th>
</tr>
</thead>
</table>

This course will provide an overview of the major problems facing American cities and will examine the federal, state and local policies that address urban poverty and inequality. Participants will explore a range of economic and social policies, including: taxation; minimum wage; social security; immigration; education; the environment; crime; social welfare; discrimination; and civil rights. Participants will also examine the political and intellectual debates over policy initiatives to regulate social and private life.

### Public Administration

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Credits: 4</th>
<th>Start Date: January 25, 2019</th>
<th>End Date: May 15, 2019</th>
<th>Day: Monday</th>
<th>Time: 6:15pm-9:35pm</th>
<th>Location: The School of Labor and Urban Studies: 25 West 43rd Street 19th Floor</th>
</tr>
</thead>
</table>

This course will examine the growth, structure, role, and methods of local and federal bureaucracies and their impact on American government and society. It will introduce participants to the subject of bureaucracy in American government and will survey the major areas of study in Public Administration, including the context of public administration, the meaning of federalism and intergovernmental relations. In addition, the course will address organizational theory and behavior, decision-making, leadership, policy implementation, budgeting, personnel management, performance management, legal and regulatory constraints, ethics and accountability.

### Government, Politics, and the Policy-Making Process

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Credits: 4</th>
<th>Start Date: January 25, 2019</th>
<th>End Date: May 15, 2019</th>
<th>Day: Tuesday</th>
<th>Time: 6:15pm-9:35pm</th>
<th>Location: The School of Labor and Urban Studies: 25 West 43rd Street 19th Floor</th>
</tr>
</thead>
</table>

This course will explore the policy-making process in a range of public institutions and will introduce participants to the approaches, methods, tools and techniques of decision making. The role of conventional political institutions, as well as alternatives to conventional politics will be studied. In the process, participants will identify official, as well as unofficial, political actors, including those in the executive, legislative and judiciary branches of government; social and political activists; the media; and the public. Finally, the course will examine several models of the policy-making process.
Research Seminar on Public Policy

</tbody>
</table>

This course is a seminar in public-policy analysis, including full class sessions as well as supervised independent research. The seminar will focus on a single topic, such as health care, housing or criminal justice, which will change each semester. Using a task force model, students will survey the literature on the topic under consideration and work in teams to work on particular aspects of the social problem and policy. The task for each team is to identify, analyze and evaluate an existing policy or set of policies related to the selected topic. Students will develop criteria for evaluation and assemble data to support an argument concerning the viability and effectiveness of policies under examination.

GRADUATE CERTIFICATE IN PUBLIC ADMINISTRATION & POLICY

The Advanced Certificate in Public Administration and Policy (Level I) will provide participants a deeper understanding of such topics as public management, the administrative decision-making process, diversity, training and staff development, and union-management relations. To earn the Certificate, participants must complete twelve credits.

Policy Analysis

This course will introduce participants to theories and techniques of policy analysis and will help them acquire the basic skills necessary to do analytic work. The course will begin by defining policy analysis and the various social models that underlie differing analytic and evaluative frameworks. It will examine the institutions, interests, and forces that shape policy debate and affect “delivery” of policy initiatives. Participants will explore several models of analysis and consider their limits as well as their strengths. They will explore the role of government in implementing public policy and allocating resources.

This course is designed for participants with a basic knowledge of public administration. It will examine critical issues confronting government and public administration. Readings and discussions will cover a broad range of topics and will include comparisons of public and private bureaucracies as well as proposals for “reinventing” government. Participants will analyze theoretical questions of public administration and address the real-world experience of public sector employees, both managers and staff. Participants will examine such key managerial issues as evaluation of employee performance; motivation of employees; organizational justice; diversity management; training and staff-development; union-management relations; and collective bargaining.

Social and Economic Policy in the United States

This course will explore the economic and political aspects of critical social issues, discussing a range of policies and policy alternatives that address these issues at both the national and local levels. To provide a framework for these discussions, we will examine the relationship between government, the economy, and the variety of policy approaches historically employed to address social issues. Participants in the course will focus on specific urban issues such as poverty; welfare; housing; health-care; public education; and urban crime. While the focus of this course is on municipal issues and policies, participants will examine both federal and local policies for economic growth, seeking to understand the relationships between national and local economic policy.

UNDERGRADUATE CERTIFICATE IN HEALTH CARE POLICY & ADMINISTRATION

The Undergraduate Certificate in Health Care Policy and Administration provides participants with a rich understanding of the theory and practice of health care policy and administration while developing advanced analytic, research, writing and presentation skills. It is ideal for those currently employed within the field or interested in pursuing careers as health care managers and administrators, as well as public policy analysts and advocates. To earn the Certificate, participants must hold a high school diploma or GED/TASC and complete four courses, for a total of sixteen credits.
Urban Health Issues & Public Policy

HCA 30000  |  Credits: 4  |  January 28, 2019 to May 13, 2019  |  Monday  |  6:15pm-9:35pm  |  The School of Labor and Urban Studies: 25 West 43rd Street, 19th Floor

This course will use New York City as the context within which to examine a variety of urban health services and institutions, reviewing their historical development, financing mechanisms and regulatory and legislative oversight. Service provision in private and public institutions will be compared and contrasted, and the impact of services examined within a wide range of health contexts, including HIV/AIDS services, mental health, disabilities services, reproductive services, elder care, child health, and more. The course will also analyze how class, race/ethnicity, gender and sexuality affect the provision of and access to services. Policies that influence the delivery of services and the functioning of institutions, such as the development of managed care, will be critically analyzed.

Research Seminar in Health Policy

HCA 30200  |  Credits: 3  |  January 29, 2019 to May 14, 2019  |  Tuesday  |  6:15pm-9:35pm  |  The School of Labor and Urban Studies: 25 West 43rd Street, 19th Floor

This course is a seminar in health policy that will focus on the topic of health services research and the role of research in supporting, creating, or challenging health policy. Assigned readings consisting of published research on health services will be utilized as a springboard for class discussion. In addition to critically evaluating each of these research reports in class discussions, participants will work in teams to: identify a researchable problem based on their workplace experiences; formulate the research question and hypothesis; identify the variables to be studied and apply a conceptual or theoretical framework to the research question; conduct a comprehensive and critical literature review related to the research question; and choose an appropriate research methodology and defend this choice.
GRADUATE CERTIFICATE IN HEALTH CARE POLICY & ADMINISTRATION

The Advanced Certificate in Health Care Policy and Administration provides professional development for administrative and professional workers in New York City’s health care industry. Participants will gain a rich understanding of the theory and practice of health care policy and administration while developing advanced analytic, research, writing, and presentation skills. To earn the Certificate, participants must complete twelve credits.

### Health Care Administration

<table>
<thead>
<tr>

<td>Thursday 6:15pm-8:45pm</td>
<td>The School of Labor and Urban Studies: 25 West 43rd Street, 19th Floor</td>
</tr>
</tbody>
</table>

This course will examine critical issues confronting health care administration, focusing on the public and not-for-profit sectors. Students will analyze theoretical questions of health care administration and will address the real-world experience of health care employees, both managers and staff. Students will examine and evaluate academic literature on current and future trends in health care human resources, including: evaluation of employee performance and motivation of employees; health care financing, including the impact of managed care and the role of third-party payers; union-management relations and collective bargaining; quality improvement in health care; training and staff-development; the nursing shortage; organizational justice; and diversity management.

### Politics of Health Care

</tbody>
</table>

This course will approach the politics of health care in the U.S. by examining and analyzing the interests of the major stakeholders in the system of care delivery. These stakeholders will include the federal, state and local governments; hospitals; insurance companies; the pharmaceutical, tobacco, and food industries; organized labor; health providers and professional organizations, the public health movement, and consumer health movements. Among the issues to be considered are financial gain, control of health care resources, and process and power in decision making. Relationships among the various stakeholders will be assessed as will their contributions to fostering or thwarting universal access to care, equitable health treatment, health promotion and disease prevention, and health research free from bias.
Evaluation of Health Care Policy

| HCA 60300 | Credits: 3 | January 30, 2019 to May 15, 2019 | Wednesday | 6:15pm-8:45pm | The School of Labor and Urban Studies: 25 West 43rd Street, 19th Floor |

This course will present a variety of compelling issues and problems that confront the U.S. health care system today. It will examine policies that have been enacted or promulgated to address each of these issues as well as present alternative policies that address access to care and equity in services. These policies will include legislation at the federal, state, and local levels, regulations and guidelines issued by agencies at each governmental level, and positions or strategies offered by advocacy groups. Policies will be analyzed and evaluated in terms of their effectiveness as solutions to the problems they address, their feasibility, and their relationship to the concepts of health as a basic human right, equity in health care delivery, and health promotion and disease prevention.

UNDERGRADUATE CERTIFICATE IN COMMUNITY LEADERSHIP

The Certificate in Community Leadership provides students with the skills to help them participate effectively in political processes on behalf of communities. Students gain the educational and professional credentials needed to pursue careers in public service, specifically in local nonprofits, community advocacy organizations, government agencies, and elected office. Using New York City and its diverse municipalities as the classroom, students learn how communities are organized, how nonprofits serve constituents, and how community engagement can result in social progress and political power. To earn the Certificate, participants must hold a high school diploma or GED/TASC and complete four courses, for a total of sixteen credits.

Work, Culture, and Politics in New York City

| LPOL 30100 | Credits: 4 | January 25, 2019 to May 10, 2019 | Friday | 6:15pm-9:35pm | The School of Labor and Urban Studies: 25 West 43rd Street, 19th Floor |

This course explores the work, culture and politics of New York City, examining where New Yorkers live and work, how communities develop, and questioning if the cultural and political institutions of New York adequately serve the city’s diverse population. Major topics covered include the history of New York, New York’s key industries, trends in immigration, economic development, public policy, public and private space, high culture, popular culture, urban social identity, community organizations, and labor’s contributions to building the city’s institutions.
Community Development

| URB 32300 | Credits: 4 | January 31, 2019 to May 9, 2019 | Thursday | 6:15pm-9:35pm | The School of Labor and Urban Studies: 25 West 43rd Street, 19th Floor |

This course will examine the way the term “community development” has been defined and used historically in the U.S. It will address the role of government and policy in community development, including the role of Community Development Corporations. Students will explore concepts of community development, focusing on current theories and empirical data to evaluate the effectiveness of different strategies for community development. They will seek to answer central questions, concerning community development: who sets goals; who has agency; how the diverse interests are and needs balanced or not balanced. Students will analyze case studies of specific community development projects.

Introduction to Nonprofit Leadership

| URB 32400 | Credits: 4 | January 29, 2019 to May 14, 2019 | Tuesday | 6:15pm-9:35pm | The School of Labor and Urban Studies: 25 West 43rd Street, 19th Floor |

This course introduces the field of nonprofit management. The class will cover issues that arise for leaders of these kinds of organizations, including governance and boards, strategic planning, fundraising and philanthropy as well as grant-writing, administration, personnel management, and ethical questions. The class will focus on nonprofits broadly but investigate variations in the sector, from public-sector organizations to education, labor organizations, 501 c(3) organizations, and others. The class will emphasize issues related to best practices needed for nonprofit leaders to successfully meet the mission of their organizations. Students will be required to engage in discussion and exercises that explore the relationship between theories and practices of nonprofit leadership and management.

GRADUATE CERTIFICATE IN COMMUNITY LEADERSHIP

The Advanced Certificate in Community Leadership provides students with the educational and professional credentials to help them pursue leadership-path careers in public service, specifically in locally serving nonprofits, community advocacy organizations, government agencies, and elected office. Students deepen their understanding of the critical theoretical, conceptual, practical, and grassroots issues relating to community development and urban policy innovations. To earn the Certificate, participants must complete four courses, for a total of twelve credits.
### Work, Culture, and Politics in New York City

<table>
<thead>
<tr>
<th>LPOL 60200</th>
<th>Credits: 3</th>
<th>January 25, 2019 to May 10, 2019</th>
<th>Friday</th>
<th>6:15pm-8:45pm</th>
<th>The School of Labor and Urban Studies: 25 West 43rd Street, 19th Floor</th>
</tr>
</thead>
</table>

This course is designed to provide an interactive overview of the constantly changing worlds of work, culture and politics in New York City. Students will learn about where New Yorkers live and work, how specific urban communities develop, and assess how the cultural and political institutions of New York serve the city’s diverse population. The class uses an historical frame to situate the contemporary city, spending equal time on past and present inquiries. Throughout, we will learn about New York’s key industries, trends in immigration, economic development, public policy, public and private space, popular culture, urban social identity, community organizations, and labor’s contributions to building the city’s institutions.

### URBAN SOCIAL PROBLEMS AND COMMUNITY DEVELOPMENT

<table>
<thead>
<tr>
<th>URB 61200</th>
<th>Credits: 3</th>
<th>January 29, 2019 to May 14, 2019</th>
<th>Tuesday</th>
<th>6:15pm-8:45pm</th>
<th>The School of Labor and Urban Studies: 25 West 43rd Street, 19th Floor</th>
</tr>
</thead>
</table>

The main emphasis of the course is a broad examination of the issues that have confronted communities since the mid-20th century. First, it studies the historical development of urban communities and the structural roots of urban social problems. Second, it traces the community development movement from its historic connections to the civil rights movement and the War on Poverty to its present-day manifestations. Third, it introduces students to various community development approaches and the complex constraints residents, activists, and organizations face as they confront common challenges. Finally, this course will use New York City as its main “case,” relying on New York-focused studies to illuminate the theoretical and practical issues outlined above.

### Community Organization

<table>
<thead>
<tr>
<th>URB 63500</th>
<th>Credits: 3</th>
<th>January 25, 2019 to May 15, 2019</th>
<th>Thursday</th>
<th>6:15pm-8:45pm</th>
<th>The School of Labor and Urban Studies: 25 West 43rd Street, 19th Floor</th>
</tr>
</thead>
</table>

This course will examine the historical development and contemporary practice of community organizing. Students will examine why and how people in urban communities and neighborhoods have organized to protect their rights and entitlement to public services, to acquire resources for development, and to improve their quality of life. Students will develop a historical and theoretical perspective on community organizing and will explore the range of issues around which communities organize. They will acquire practical knowledge and skills for effective grassroots organizing, including coalition-building and alliances between community organizations and labor. Through readings and presentations by guest speakers, they will gain familiarity with various models and strategies of community organizations in New York City.
UNDERGRADUATE CERTIFICATE IN LABOR RELATIONS

The Undergraduate Certificate in Labor Relations, offered through an educational partnership between Cornell University’s School of Industrial and Labor Relations and CUNY SPS’s Joseph S. Murphy Institute, provides NYC area union members, officers and staff with practical knowledge, skills and resources needed to be effective practitioners in the field of labor and industrial relations. To earn the Certificate, participants must hold a high school diploma or GED/TASC and complete four courses, for a total of sixteen credits.

Contemporary Labor Issues

<table>
<thead>
<tr>
<th>BABR 30200</th>
<th>Credits: 4</th>
<th>January 25, 2019 to May 15, 2019</th>
<th>Monday</th>
<th>6:15pm-9:35pm</th>
<th>The School of Labor and Urban Studies: 25 West 43rd Street, 19th Floor</th>
</tr>
</thead>
</table>

This course examines the social, economic, political, and organizational issues confronting the U.S. labor movement today. As an ever-changing economy and political climate impact workers and the labor movement, unions face challenges that require changes in the visionary, structural, functional, and strategic aspects of their organizations. Students in this course consider how the external environment—globalization, shifts in the economy, employer resistance, political and legal obstacles—has shaped the current state of the union movement in general and affected union density, economic power, and political influence.

Unions and Labor Relations

<table>
<thead>
<tr>
<th>LABR 30400</th>
<th>Credits: 4</th>
<th>January 25, 2019 to May 15, 2019</th>
<th>Thursday</th>
<th>6:15pm-8:45pm</th>
<th>The School of Labor and Urban Studies: 25 West 43rd Street, 19th Floor</th>
</tr>
</thead>
</table>

This course focuses on unions and their role in labor-management relations. Students will examine the purpose, structure and function and governance of unions in the United States. Emphasis will be placed on how unions function in the collective bargaining process and in contract administration. Topics will include: sources and uses of bargaining power, the negotiation process, the content and language of labor contracts, and the role and function of grievance procedures and labor arbitrations.
Labor and Employment Law

| LABR 32400 | Credits: 4 | January 25, 2019 to May 15, 2019 | Monday | 6:15pm-8:45pm | The School of Labor and Urban Studies: 25 West 43rd Street, 19th Floor |
| LABR 32400 | Credits: 4 | January 25, 2019 to May 15, 2019 | Wednesday | 6:15pm-8:45pm | CWA/ATU SI (Staten Island Cohort) |

This course will introduce students to the fundamentals of law governing labor relations and employee rights in the workplace. Topics covered will include the National Labor Relations Act, employee representation, the grievance process, labor’s right to organize, the ground rules for collective bargaining, legal aspects of strikes, Weingarten rights, the obligation to bargain, and the duty of fair representation. The second part of the course will focus on employment rights at the workplace including statutes regarding discrimination, family medical leave, and workplace privacy.

Leadership and Administration

| LABR 32800 | Credits: 4 | January 25, 2019 to May 15, 2019 | Tuesday | 6:15pm-8:45pm | Cornell U.’s School of Industrial & Labor Relations |

This course draws on a considerable body of social science and historical research. It also applies leadership and organizational theories to a union context to examine and analyze the leadership models, practices, and approaches we find in contemporary unions. Students will examine the labor movement in the context of current economic, political and legal conditions. Topics in the course include organizational structure and group dynamics, motivating membership, ethical decision-making, strategic planning, and resolving conflict.

GRADUATE CERTIFICATE IN LABOR RELATIONS

The Advanced Certificate in Labor Relations offers participants the opportunity to develop the practical skills necessary for participation in collective bargaining, conflict resolution, and contract administration. It also provides a theoretical and historical understanding of labor law, public policy and the role of worker organizations in employment relations. To earn the Certificate, participants must complete four courses, for a total of twelve credits.
U.S. Labor History

| LHIS 60100 | Credits: 3 | January 25, 2019 to May 15, 2019 | Thursday | 6:15pm-8:45pm | Course offering is still to be determined |

Participants in this course will examine U.S. labor history from several perspectives, seeking to understand how the experience of workers and the nature of working-class institutions have evolved in the context of broader historical developments.

Collective Bargaining Theory and Practice

| LHIS 62000 | Credits: 3 | January 25, 2019 to May 15, 2019 | Tuesday | 6:15pm-8:45pm | Course offering is still to be determined |

This course will provide students with a theoretical understanding of the collective bargaining process in the U.S. In addition to studying union and management theories of bargaining, students will analyze contemporary and historically significant bargaining scenarios in the private and public sectors and will develop advanced knowledge of labor relations in a variety of workplace environments. Students will examine the legal framework of collective bargaining and will study the evolution of public policy governing labor relations.

BACHELOR OF ARTS IN URBAN AND COMMUNITY STUDIES

The BA in Urban and Community Studies degree program is designed for participants with interests in urban, social, economic, and political issues, especially as they relate to diverse working-class communities. The program allows participants to explore the dynamics of urban and community life, public policy and administration, the structure of urban government and agencies, the delivery of social services, and community and labor organizing. Course offerings include:

Urban Populations and Communities

| URB 32000 | Credits: 4 | January 25, 2019 to May 15, 2019 | Tuesday | 6:15pm-9:35pm | The School of Labor and Urban Studies: 25 West 43rd Street, 19th Floor |

This course will introduce participants to the history of urbanization and the development of urban communities and enclaves. Participants will examine the various economic, social, and political factors that stimulate global immigration and internal migrations, including the shift from an industrial to a service economy that marks contemporary cities such as New York.
MASTER OF ARTS IN URBAN STUDIES

The MA in Urban Studies degree program is designed for participants interested in the political, economic, and social dynamics of contemporary urban life. Blending theory with practice, the program offers participants an emphasis on urban problems and solutions, public policy, community organizations and community organizing, social change and social movements, civic engagement, the urban workforce, the administration of public agencies, and the delivery of public services. Course offerings include:

Urban Public Management

| URB 60100 | Credits: 3 | January 25, 2019 to May 15, 2019 | Monday | 6:15pm-9:35pm | The School of Labor and Urban Studies: 25 West 43rd Street, 19th Floor |

This course examines the scope and range of urban public management, with the aim of defining and evaluating how services are delivered through local government and nonprofit agencies. The focus will be on government managers, public-sector employees, and public-sector unions.

Social and Economic Policy in the United States

| PADM 61100 | Credits: 3 | January 25, 2019 to May 15, 2019 | Thursday | 6:15pm-9:35pm | The School of Labor and Urban Studies: 25 West 43rd Street, 19th Floor |

This course will explore the economic and political aspects of critical social issues, discussing a range of policies and policy alternatives that address these issues at both the national and local levels. To provide a framework for these discussions, we will examine the relationship between government, the economy, and the variety of policy approaches historically employed to address social issues.

Policy Analysis

| URB 62100 | Credits: 3 | January 25, 2019 to May 15, 2019 | Wednesday | 6:15pm-9:35pm | DCAS: 1 Centre St., CTC Training Center, 24th Floor |

This course will introduce students to theories and techniques of policy analysis and will help them acquire the basic skills necessary to do analytic work. The course will examine the institutions, interests, and forces that shape policy debate and affect “delivery” of policy initiatives. Students will explore several models of analysis and consider their limits as well as their strengths. They will explore the role of government in implementing public policy and allocating resources.
MASTER OF ARTS IN LABOR STUDIES

The MA in Labor Studies degree program draws from the fields of sociology, law, history, economics, political science and labor relations to examine the opportunities and challenges facing workers and their organizations. The program strengthens the ability of students to advocate for equity and social justice in their communities and workplaces. Students develop critical thinking, analytical and leadership skills, while learning about labor law, organizing, collective bargaining, international perspectives, labor relations and strategic research. Course offerings include:

Labor in the Era of Globalization

| LABR 60100 | Credits: 3 | January 25, 2019 to May 15, 2019 | Wednesday | 6:15pm-8:45pm | Course offering is still to be determined |

This course will examine the impact of the globalization of production on work itself, as well as on workers and international labor movements. It will present globalization as a central problem for both developed and developing economies and as a dilemma for U.S. workers and their unions. Students will analyze the history and function of the World Trade Organization, the International Monetary Fund, and the World Bank, including how these institutions influence the global flow of capital and labor, as well as goods and services. The course covers topics essential for understanding workers’ issues and rights in contemporary economies, such as: the impact of global outsourcing; the rise in women workers around the world and the implications for gender issues; organizing in a multi-national context; increasing poverty and inequality; and the decreased regulatory powers of states relative to multinational corporations because of free-trade agreements and neo-liberal development policies.

Perspectives on the Labor Movement

| LABR 60500 | Credits: 3 | January 25, 2019 to May 15, 2019 | Tuesday | 6:15pm-8:45pm | Course offering is still to be determined |

This course is organized as an introduction to the field of Labor Studies and theories of the labor movement. Students will be introduced to the basic theoretical concepts in labor studies and the study of work. We will read historical and contemporary scholarship and students should leave the class familiar with the structure of the labor movement and historical debates about the purpose of unions and working-class organizations. The course readings are interdisciplinary and draw on a number of fields, including history, sociology, economics, political science and women’s studies.
The National Institute of Governmental Purchasing (NIGP) is a national, non-profit organization providing support to professionals in the public sector purchasing profession. NIGP provides its members with education, professional networking, research, and technical assistance. The NIGP Course Alignment assists public procurement professionals in preparation for exams leading to the Certified Public Procurement Officer (CPPO) and the Certified Professional Public Buyer (CPPB).

Contract Administration in the Public Sector

This class provides a framework for examining contract administration by focusing on essential elements of the discipline. The intent is for the student to develop a strong understanding of the complexities of contract administration and recognize the importance of planning, monitoring, and proactive insight into and oversight of contract performance. Practical examples, discussion, group exercises and case studies will be used throughout the course.

Objectives:

- Identify and define terms, concepts and principles of the contract administration process
- Identify contract risk and plan appropriate mitigation
- Develop the CAP and PAP for a given case study
- Recommend an appropriate remedy when given a contractual problem or issue
- Apply a process to handle a performance problem
- Describe and apply dispute resolution methods
- Closeout a contract including conducting a contract analysis
- Describe how contract administration can be continually improved to enhance contract performance in accordance with the commonly accepted practices of the profession

Target Audience: All levels of Contract Managers

Developing and Managing Requests for Proposals in the Public Sector

This course is uniquely designed to prepare procurement professionals to use the Request for Proposals (RFP) process to its maximum potential. The class agenda will identify the process, offer a key understanding of the elements of the proposal, and ascertain ways in which the document can be used to its full capability. Pitfalls and success stories will make the class relevant and applicable when planning to incorporate this type of solicitation into the government process. Practical examples, discussion, group exercises, and case studies will be used throughout the course.

Objectives:
- Select the best solicitation process for a given procurement
- Describe the RFP planning and development process
- Describe the Evaluation Team roles and responsibilities
- Identify and describe the different types of evaluation methodologies and their associated application
- Describe proposal handling processes
- Prepare to conduct a negotiation
- Describe how to customize terms and conditions in a contract to meet the needs of the procurement
- Identify and describe how to manage post award issues in accordance with the commonly accepted practices of the profession

Target Audience: Procurement professionals who are entrenched in the competitive, best value solicitation process

Introduction to Public Procurement

The work of public procurement is no longer a clerical function performed independently by various people throughout different agencies or departments within a government entity. This class provides an overview of the ever-changing profession by identifying fundamental concepts that affect procurement in the public sector. Practical examples, discussion, group exercises and case studies will be used throughout the course.

Objectives:
- Describe the roles, organization and functions of public procurement
- Explain the steps in the procurement cycle and the stakeholder relationships inherent in each step
- Demonstrate how public procurement adds value to the delivery of public services
- Describe the cultural, social, political, economic and legal environments that impact public procurement
- Demonstrate the importance of ethics and professionalism in public procurement

Target Audience: Individuals interested in an overview of procurement functions for the purpose of understanding the basic elements that underlie all areas of public procurement

Legal Aspects of Public Procurement

Designed to be an educational exploration of the legal elements of public procurement, this course will provide a foundation of the principles and general concepts of the law as it applies to public procurement. Course content will address issues such as the Uniform Commercial Code (U.C.C.), the Model Procurement Code, Sale of Goods Act and the legal implications surrounding solicitations, contracting, and post-award issues. Attention will be given to the ethical issues facing the profession relevant to the law. This course will focus on actual procurement situations with relevant procurement implications using practical examples, discussion, group exercises, and case studies throughout the course.

Objectives:
- Identify and define public purchasing legal terms, concepts and principles
- Apply basic legal concepts and principles to practical public procurement situations
- Describe how the three categories of law — the common law of contracts, statutory law and administrative law — apply to public purchasing
- Describe how the laws establish the rights and obligations of all parties
- Distinguish between ethical and legal requirements and apply the appropriate actions and conduct
- Describe the role of the public professional in the application of procurement and contract law in accordance with the commonly accepted practices of the profession

Target Audience: Those who are involved in the public procurement contracting process who want to increase their understanding of both the capability and limitation of the law on government procedures

Strategic Procurement Planning

The direction of public sector organizations has generated increased demand for strategic procurement planning and participation by procurement professionals in the actual implementation of many projects—particularly out-sourcing, privatization, and public-private partnerships. This course provides practical tools and approaches that can be used by the procurement practitioner to contribute to an organization’s strategic mission. These include the development of strategic plans, the strategic role of procurement in the budget process, pricing strategies and value-adding analysis techniques, the tools and analytics of strategic sourcing, client satisfaction strategies, and talent management. Practical examples, discussion, group exercises, and case studies will be used throughout the course.

Objectives:
• Describe the value-added role of procurement in the organizational strategic planning process
• Develop a strategic procurement plan for an organization
• Describe the various budget processes and the ways that the procurement function can add value to each process
• Describe the steps in the strategic sourcing process
• Evaluate, select, and apply the tools and processes available for a comprehensive procurement plan
• Use analysis tools to identify opportunities for strategic sourcing
• Use tools to manage client expectations and engagements to create positive outcomes
• Use activity analysis and tracking tools to determine the staffing required to support organizational success

Target Audience: Public procurement professionals involved in strategic planning related to organizational development, budgeting processes and staffing

Sourcing in the Public Sector

This course provides the participant with a comprehensive overview of the sourcing process within the public sector. Essential elements, including pre-sourcing planning, needs assessment, specifications, the scope of work, deliverables, procurement strategies, value analysis, and internal control processes, are explored. Determining the appropriate sourcing method, preparing the relevant sourcing invitation document, managing the acquisition process, evaluation of response submissions, and contract awards will also be covered. In addition, the course will examine trends, technology developments, and the effects of both on the processes. Practical examples, discussion, group exercises and case studies will be used throughout the course.

Objectives:
• Describe the stages in the solicitation process (from the cradle to the grave)
• Define various methods of competitive and non-competitive procurement including risk and benefits of each
• Identify when prequalification is appropriate and the methods of prequalifying suppliers and products
• Prepare and issue procurement documents including types of specifications, terms and conditions and bid/proposal forms
• Describe the process of receiving, opening and analyzing bids, methods for award and award strategies
• Identify and select responsive and responsible suppliers
• Identify trends and technologies and their impact on sourcing in the public sector

Target Audience: Those who want to learn how to navigate the sourcing process, increase their understanding of the critical issues that frame the concept of public sector sourcing, and discuss future sourcing challenges

CONFLICTS OF INTEREST BOARD (COIB) SEMINARS

Special Topics in Chapter 68 of the City Chapter: Gifts

This training will examine the importance of understanding the unconscious or hidden biases that inform our behaviors and decisions at work. Participants will learn the difference between conscious (explicit) and unconscious/hidden (implicit) bias, understand the different levels of bias, and how we interpret and make decisions using our individual lenses, layers and legacies. The training will examine several types of bias, which influence workplace relationships and inadvertently privilege some and exclude others.

**Target Audience:** Staff at all levels

What Every Attorney Should Know About Chapter 68 of the City Charter

This workshop, taught by Conflicts of Interest Board (COIB) Training and Education professionals and COIB attorneys, provides the City attorneys an overview of what they need to know about the NYC Conflicts of Interest Law. Attorneys who attend this class will receive two (2) Continuing Legal Education (CLE) credits.

Objectives:
- Chapter 68: Understand the basis and purpose of the law
- Review basic requirements of the law
- Learn COIB structure and responsibilities
- Discuss private practice while employed as a City attorney
- Define situations and conditions which could be deemed as unethical and a conflict of interest
- Discuss recent changes in the law, recent advisory opinions, and enforcement cases

Target Audience: Attorneys employed by the City of New York

Conflict Resolution Strategies for the Culturally Diverse Workplace

Conflict, strife, and opposing points of view are part of the workplace and part of life—and you can’t change that. But you can change the way you react to and manage conflict when it does occur. Meet conflict and disagreement head-on and reach a positive outcome for everyone involved. After this interactive and dynamic session, you will experience a positive change in yourself—a shift to a new perspective. Discover what it takes to keep your own cool—and prevent others from losing theirs!

**Objectives:**
- Recognize the eight root causes of conflict that help you understand what’s really bugging you and others
- Discover your conflict management style and be able to adapt your style for all types of conflicts
- Raise awareness about cultural differences in the workplace and its impact
- Discuss real world case scenarios and practice conflict resolution techniques.

**Target Audience:** Hiring managers and supervisors

Everybody Matters (1/2 day)

The City of New York is committed to serving its constituents most effectively by continuing to employ people of all backgrounds. We are proud that our employees represent a full spectrum of diverse backgrounds (i.e., cultural, ethnic, generational, religious, etc.) which mirror the community at large. We are committed to creating an innovative environment where people can be authentic and feel included and at the same time understand how to manage conflict across lines of difference. Everybody Matters is a highly interactive training experience designed to develop the inclusive leadership skills required for today’s managers and individual contributors to be successful in leading a diverse employee team/department. The tools provided will assist participants, whether a manager or an individual contributor, to lead inclusively wherever they may be operating in the organization.

**Objectives:**
- Develop inclusive behaviors that will create an environment where all employees feel valued, included, and engaged
- Utilize your skill set to better serve the vast diversity of all NYC communities
- Draw upon personal experiences to gain insight about inclusion

**Target Audience:** All employees who want to enhance their awareness of diversity and inclusion and its impact on employee work productivity, sustainability, and overall organizational engagement

SEXUAL HARASSMENT PREVENTION

This training will facilitate awareness of the City’s prohibition on sexual harassment in its workplaces under applicable laws and the City’s Equal Employment Opportunity (EEO) Policy. Participants will learn the definitions of sexual harassment, a relevant legislation, the prevention techniques and a procedure for filing a complaint. This course will help the participants to create an environment that is free from sexual harassment.

**Topics included:**

- Definitions and examples of Sexual Harassment
- How Sexual Harassment is a form of unlawful discrimination under federal, state and local law
- The role of the New York City Commission on Human Rights (NYC CHR), the New York State Division of Human Rights (NYS DHR), and the United States Equal Employment Opportunity Commission (US EEOC), and the complaint procedures
- The complaint process for employees, managers, and supervisors
- The prohibition of retaliation
- The importance of bystander intervention

MAYOR’S OFFICE FOR PEOPLE WITH DISABILITIES COURSES

NYC Disability Service Facilitator (DSF) / ADA Coordinator Training

This training is a two-day course administered through the ADA National Network, NYC Mayor’s Office for People with Disabilities (MOPD) and the New York City Department of Citywide Administrative Services (DCAS). The program provides training on the Americans with Disabilities Act (ADA) as well as other federal, state and local laws that impact people with disabilities. The hallmark of the program is that it provides the most relevant and up to date information, guidelines, new resources and other pertinent information that is specific to city governmental programs, services and activities offered to New Yorkers with disabilities. The training is meant to establish a knowledge base essential to performing the role of the DSF/ADA Coordinator in New York City or any employee interested in ways to make their agency more accessible.

Objectives:
• Role of the DSF/ADA Coordinator
• Standards for Accessible Design
• Effective Communication
• Inclusive Emergency Planning
• Self-Evaluation & Transitional Planning
• Fair Housing
• Accessible Digital Technology

Target Audience: Employees to be trained for DSF/ADA Coordinator role or any employee interested in making their agency more accessible

EMERGENCY MANAGEMENT CERTIFICATE PROGRAM

The Emergency Management Certificate Program (EMCP) introduces government, private sector, and non-profit personnel to the fundamentals of emergency management and provides participants with an awareness and understanding of how the City of New York operates and responds to emergencies.

The suite of classroom and online courses that comprise the certificate will allow individuals to develop and refine their emergency management skill set. The curriculum is based on a series of essential courses regularly offered to New York City Emergency Management (NYCEM) employees and the emergency management community.

AUDIENCE:
The EMCP is designed for government employees, non-profit, and private sector partners who support emergency operations in their home agency/organization, in the field, or in the City’s Emergency Operations Center (EOC), however, all City employees are eligible to participate with their supervisor’s approval.

CERTIFICATE OBJECTIVES INCLUDE:
• Educate and train government employees on emergency management principles
• Explain Citywide Incident Management System (CIMS) Protocol and its application in New York City
• Provide participants with interdisciplinary emergency management training with an emphasis on “real world” experience
• Apply emergency management principles in problem-solving activities

In addition to classroom and online study, participants will engage in a culminating tabletop exercise with other program participants. Participants will have the opportunity to draw upon the knowledge that they have learned throughout the year and represent their agency in a tabletop exercise focused on an emergency scenario.

TIMELINE:
Participants will have a year to complete the suite of required classes, including the culminating tabletop exercise, from the designated cohort start date. The flexible nature of this program allows participants to enroll in courses at their convenience because they are offered multiple times throughout the year. The program will be headquartered at NYCEM, 165 Cadman Plaza East Brooklyn, NY 11201 where classes will generally be conducted.

REGISTRATION PROCESS:
Please email NYCMAcademy@oem.nyc.gov for an application form if you are interested in participating in this program. Upon completion of the Emergency Management Certificate Program, you will receive a signed certificate of completion from NYCEM’s Commissioner.
Small Business Services M/WBE Courses

Best Practices for Identifying M/WBEs

This course will provide an overview of the City’s M/WBE Program, guidance for navigating the Online Directory of Certified Businesses, and information on the City’s certification programs, agency and vendor resources, and best practices for identifying M/WBEs.

Objectives:
• Understand the City’s M/WBE Program requirements and how to increase an agency’s M/WBE utilization

## CITYWIDE TRAINING CENTER CONFIRMATION/CANCELLATION POLICY

1. Your agency training liaison will notify you of your confirmation to attend the class(es) for which you have registered. You should not attend a class for which you have not received a confirmation. If you have not received a confirmation, please check with your liaison. **Please note that no food or beverages are permitted inside the classrooms.**

2. Requests for cancellations or schedule changes must be received in writing at least 7 business days prior to the start of a confirmed class. Requests received without the required notice will result in a charge of the full course fee. Agencies may designate a qualified participant for substitution up to the commencement of the class without penalty.

## APPLICANT SIGNATURE

Applicant Signature: ______________________ Date: ____________

(OVER)
REVIEW THESE INSTRUCTIONS BEFORE COMPLETING APPLICATION

Applicant completes all fields in the TRAINING APPLICANT INFORMATION section and includes required Employee Reference Number (NOT Social Security Number) found on pay stub. First-time, non-City applicants will be assigned a CTC ID number.

Applicant completes all fields in the SELECTED COURSE INFORMATION after selecting courses from the current Citywide Training Center Class Schedule or contacts the Agency Training Liaison for additional course information.

Applicant forwards completed application to immediate Supervisor for signature and authorization.

Supervisor forwards completed application to the appropriate Agency Training Liaison for processing.

Agency Training Liaison forwards application to Agency Fiscal Officer or Designee for fiscal authorization.

Agency Training Liaison signs and forwards completed, authorized applications to the Citywide Training Center, Applications Processing Unit.

SUPERVISOR AUTHORIZATION

<table>
<thead>
<tr>
<th>Supervisor’s Name (Print Clearly)</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>Work Phone</td>
<td>Work Fax</td>
</tr>
</tbody>
</table>

By my signature, I certify that this employee is authorized for training in the course(s) requested and confirm that this employee has taken, where applicable, the prerequisite basic courses and/or has demonstrated the skill necessary to participate successfully in advanced-level coursework. Additionally, I understand that this employee is excused from normal work assignments during the hours of training and is required to attend the training course(s), as scheduled, once CTC registration confirmation is received by the Agency Training Liaison.

Supervisor Signature Date

FISCAL OFFICER/DESIGNEE AUTHORIZATION

<table>
<thead>
<tr>
<th>Fiscal Officer or Designee’s Name (Print Clearly)</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>Work Phone</td>
<td>Work Fax</td>
</tr>
</tbody>
</table>

By my signature, I certify that funding in the appropriate budget/object codes is available for the training requested and that all training costs will be paid in accordance with DCAS/Citywide Training Center payment procedures.

Fiscal Officer/Designee Signature Date

AGENCY TRAINING LIASON AUTHORIZATION

<table>
<thead>
<tr>
<th>Agency Training Liaison Name (Print Clearly)</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>Work Phone</td>
<td>Work Fax</td>
</tr>
</tbody>
</table>

By my signature, I certify that I have reviewed this for content and completeness.

Agency Training Liaison Signature Date

The NYC Department of Citywide Administrative Services (DCAS) is committed to Equal Employment Opportunity (EEO) and a policy of non-discrimination in the employment, development, advancement and treatment of City employees. DCAS will provide reasonable accommodations to employees with disabilities who need and request such accommodations.
