## **Organ Donor Enrollment Day for City Employees!**

On Thursday, October 6th, the Department of Citywide Administrative Services (DCAS) will join forces with **LiveOnNY** for New York's second annual Organ Donor Enrollment Day.

While 92% of New Yorkers support organ donation, only 27% are currently registered. Our low registration numbers directly contribute to a troubling fact -- every 18 hours a New Yorker dies waiting for a life-saving organ transplant.

**To help the 10,000 New Yorkers who are in need of a transplant, we need your support. Please come join us and enroll in the Donor Registry Program that enables patients to "Live On":**

**Date:** Thursday, October 6, 2016

**Location:** David Dinkins Municipal Building, 1 Centre Street, 18th floor  
North Side Pre-Bid Room

**Time:** 9:00 am - 4:00 pm

The registration process is easy, fast and free! Volunteers will be on hand to answer questions, and to share ways in which you can continue to be part of the movement after registering.

For more information, please visit [LiveOnNY.org](http://LiveOnNY.org) or call 646.291.4444.

**We look forward to registering you on October 6th!**
