AGENCY DESCRIPTION (Max characters 3000)

As first responders to fires, public safety and medical emergencies, disasters, and terrorist acts, the FDNY protects the lives and property of New York City residents and visitors. The Department advances public safety through its fire prevention, investigation and education programs. The timely delivery of these services enables the FDNY to make significant contributions to the safety of New York City and homeland security efforts.

UNIT DESCRIPTION (Max characters 1000)

The Bureau of Technology Development and Systems (BTDS) is responsible for the ongoing maintenance, repair and technical support of all Department computer-related equipment and systems. Technology issues such as Internet access, e-mail accounts and IT systems access must be processed through this Bureau. BTDS procures IT-related equipment for the Department, installing, developing and maintaining various FDNY software applications. Additionally, BTDS is responsible for all technical support issues related to radio communications including repairs, maintenance and system upgrades, and enhancements.
