

DCA Capital Equipment Catalog

Equipment Systems Purchase List

This a list of the equipment approved by DCA for it's Capital Equipment Program. DCA has developed this list, based on our experience, to define our capabilities in the context of capital eligibility requirements and procurement procedures and to communicate clearly with our constituents. The catalog consists of equipment that meets the special needs of arts organizations.

Equipment systems must be at least \$35K with components that are integral to operation of the system.
