- (iii) In Subarea A, such tower shall occupy at least 30 percent of the #lot area# of the #zoning lot#, except that such minimum #lot coverage# requirement shall be reduced to 25 percent above a height of 220 feet. However, no minimum #lot area# requirement shall apply to the highest four #stories# or 40 feet of such #building#, whichever is less.
- (iv) In Subarea A, the maximum length of any #story# located above a height of 220 feet shall not exceed 150 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each #story# entirely above a height of 220 feet. Any side of such rectangle shall not exceed 150 feet.

(v) In Subarea A, for any #zoning lot# with more than 75 feet of #narrow street# frontage in which a #side lot line# is located within an area bounded by a line 200 feet east of and parallel to Eleventh Avenue and a line 410 feet east of and parallel to Eleventh Avenue, no tower portion of a #building# shall be located closer than 25 feet to such #side lot lines#.

(vi) In Subarea D, the maximum #building# height shall be 250 feet, and the maximum length of any #story# located above the maximum base height shall not exceed 150 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each #story# wholly or partially above the maximum base height. Any side of such rectangle shall not exceed 150 feet. However, for #zoning lots# that occupy the entire Eleventh Avenue #block# front, a portion of the #street wall# may rise above the maximum base height without setback from Eleventh Avenue, provided the #aggregate width of the street wall# for Eleventh Avenue does not exceed 100 feet.

(c) Subareas C, F and G

In Subareas C, F and G, for #zoning lots# with #wide# and #narrow street# frontage, no #street wall# is required beyond 50 feet of a #wide street#. Furthermore, for any #development# or #enlargement# that occupies at least one corner of the Tenth Avenue #block# front and extends along the Tenth Avenue frontage of the #zoning lot# for at least 170 feet, exclusive of existing #buildings# to remain, a lowered #street wall# shall be provided for any #building# that exceeds 45 feet in height. Such lowered #street wall# shall have a maximum height of 45 feet and a minimum height of 35 feet and extend along the Tenth Avenue frontage for a width not less than 25 percent and not more than 30 percent of the #aggregate width of street walls# facing Tenth Avenue. Such lowered #street wall# portion of the Tenth Avenue frontage shall be located at the intersection of Tenth Avenue and a #narrow street#. Such lowered #street wall# shall extend along such #narrow street line# for a distance of at least 50 feet from Tenth Avenue. Beyond 50 feet of Tenth Avenue, excluding the #High Line frontage# of

a #building#, such portion of the #building# shall not exceed a height of 45 feet.

The provisions of this Section, relating to the location and height of the lowered #street wall# portion of the Tenth Avenue frontage of a #building# are illustrated in Diagram 1 (Street Wall and High Line Frontage Regulations in Subareas C, F and G) in Appendix C of this Chapter.

In Subarea C, for #zoning lots# with Tenth Avenue frontage between West 24th Street and West 28th Street, the maximum #building# height shall be 125 feet.

(d) Subarea E

The #street wall# location provisions set forth in paragraph (a) of this Section shall not apply on a #zoning lot# fronting on West 18th Street and located partially in Subareas D, E and G, where #floor area# has been transferred pursuant to Section 98-24. A maximum of 60 percent of the West 18th Street frontage within Subarea E may rise without setback to a maximum #building# height of 250 feet, and a minimum of 20 percent of the West 18th Street frontage within Subarea E shall rise without setback to a minimum height of 60 feet and a maximum height of 85 feet and be located within 10 feet of the #street line#.

(e) Subarea H

No #building or other structure# shall be located east of the #High Line#, unless otherwise specified in agreements and other instruments that provide for City construction of some or all of the At-Grade Plaza Work and some or all of the Stairway and Elevator Work, executed in accordance with Appendix D.

No portion of a #building or other structure# shall exceed a height of 85 feet except for two #buildings#, or portions of #buildings#, hereinafter referred to as "Tower East" and "Tower West." At or above the base height, both such towers shall be set back at least 10 feet from any #street wall# facing a #wide street# and at least 15 feet from any #street wall# facing a #narrow street#. Such setbacks shall be provided at a height not lower than 60 feet, except that such setbacks may be provided at a height not lower than 40 feet, provided at least 65 percent of the #aggregate width of street walls# facing #narrow streets# and at least 60

percent of the #aggregate width of street walls# facing #wide streets# have a minimum base height of 60 feet.

Tower East shall be located in its entirety within 240 feet of the Tenth Avenue #street line#, and Tower West shall be located in its entirety within 200 feet of the Eleventh Avenue #street line#. Tower East shall not exceed a height of 290 feet and Tower West shall not exceed a height of 390 feet. No portion of Tower East shall be located closer than 25 feet to any portion of Tower West.

A maximum of 50 percent of the #street wall# of Tower West may rise without setback from a #narrow street line#. Such portion of the #street wall# shall be located a minimum of 15 feet and a maximum of 20 feet from the #narrow street line#.

(f) Subarea I

In that portion of Subarea I located within 300 feet of Tenth Avenue between West 16th Street and West 17th Street, the #street wall# location provisions set forth in paragraph (a) of this Section shall not apply along Tenth Avenue, as shown in Diagram 5 (Subarea I Requirements) of Appendix C of this Chapter, but shall apply along a minimum of 85 percent of the West 16th Street and West 17th Street frontages. No portion of a #building or other structure# located within 300 feet of Tenth Avenue shall exceed a height of 120 feet, except for one #building# which may have a height not to exceed 250 feet provided such #building# is located in its entirety between 10 feet and 90 feet of West 17th Street and has a length that does not exceed 175 feet when measured parallel to the West 17th Street #street line#.

In all other portions of Subarea I, the provisions of paragraph (a) shall apply.

(g) Subarea J

The provisions set forth in paragraph (a) of this Section shall not apply to any #development# or #enlargement# that utilizes the provisions of Section 98-25. In lieu thereof, the provisions of this paragraph, (g), shall apply.

(1) Midblock Zone

The Midblock Zone shall be that portion of Subarea J located more than 150 feet west of the Ninth Avenue #street line# and more than 200 feet east of the Tenth Avenue #street line#. Within the Midblock Zone, a #building# shall have a maximum #street wall# height before setback of 110 feet, and shall have a maximum #building# height of 130 feet.

(2) Ninth Avenue Zone

The Ninth Avenue Zone shall be that portion of Subarea J within 150 feet of the Ninth Avenue #street line#. Within the Ninth Avenue Zone, any portion of a #building# shall have a maximum #street wall# height of 130 feet before setback and a maximum #building# height of 135 feet. Any #building# located above a height of 130 feet shall be set back at least five feet from the Ninth Avenue #street wall# and at least 15 feet from the West 15th Street and West 16th Street #street walls#.

(3) Tenth Avenue Zone

The Tenth Avenue Zone shall be that portion of a #zoning lot# within 200 feet of the Tenth Avenue #street line#. Within the Tenth Avenue Zone, any portion of a #building# shall have a maximum #street wall# height of 185 feet before setback and a maximum #building# height of 230 feet, provided that any portion of a #building# located above a height of 90 feet shall be set back not less than 15 feet from the Tenth Avenue #street line#. Any portion of a #building# located above a height of 185 feet shall be set back at least 10 feet from the West 15th and West 16th Street #street lines#, and at least 25 feet from the Tenth Avenue #street line#. Any portion of a #building# above a height of 200 feet shall be set back at least 25 feet from the West 15th and West 16th Street #street lines#, and at least 35 feet from the Tenth Avenue #street lines#, and any portion of a building located above a height of 215 feet shall be set back at least 75 feet from the Tenth Avenue #street line#. Permitted obstructions allowed pursuant to Section 33-42 shall be permitted.

98-424

Authorization to modify certain bulk regulations

For #zoning lots# located entirely within 75 feet of the west side of the #High Line#, the City Planning Commission may authorize the modification of height and setback regulations set forth in Sections 98-40 and 98-50, inclusive, the transparency requirements set forth in Sections 98-141 and 98-54, and the underlying #rear yard# and minimum distance between #legally required windows# and walls or #lot lines# regulations. The Commission shall find that such modification will result in a better distribution of #bulk# on the #zoning lot# and will not adversely affect access to light and air for surrounding public areas.

The Commission may prescribe appropriate conditions and safeguards to enhance the character of the surrounding area.

(6/23/05)

98-43

Special Distance Between Buildings Regulations

The provisions of Section 23-70 (MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT) shall not apply.

(6/23/05)

98-50

SPECIAL HEIGHT AND SETBACK, OPEN AREA AND TRANSPARENCY REGULATIONS FOR ZONING LOTS ADJACENT TO THE HIGH LINE

(3/22/05)

98-51

Height and Setback Regulations on the East Side of the High Line

(a) Subarea A

At least 60 percent of the aggregate length of the eastern #High Line frontage# of a #building# shall set back at the level of the #High Line bed#. Not more than 40 percent of the aggregate length of such #High Line frontage# may rise above the level of the #High Line bed#. No portion of such #High Line frontage# shall exceed a maximum height of 20 feet above the level of the #High Line bed#, as illustrated in Diagram 2 (Street Wall and High Line Frontage Regulations in Subarea A) in Appendix C of this Chapter.

(b) In C6-3A Districts and in Subareas C, F and G

For #zoning lots# extending less than 115 feet along the eastern side of the #High Line#, no portion of the eastern #High Line frontage# of a #building# shall exceed a height of 3 feet, 6 inches above the level of the #High Line bed#.

For #zoning lots# that extend for at least 115 feet along the eastern side of the #High Line#, no portion of the eastern #High Line frontage# of the #building# shall exceed a height of 3 feet, 6 inches above the level of the #High Line bed#, except that a maximum of 40 percent of such #High Line frontage# may rise without setback above a height of 3 feet, 6 inches above the level of the #High Line bed# provided such portion of the #building# is not located directly between the #High Line# and any #street wall# of a #building# that is subject to a maximum height of 45 feet in accordance with paragraph (c) (Subareas C, F and G) of Section 98-423 (Street wall location, minimum and maximum base heights and maximum building heights).

However, the provisions of this paragraph, (b), shall not apply to any #zoning lot# existing on June 23, 2005 where the greatest distance between the eastern side of the #High Line# and a #lot line# east of the #High Line# is 35 feet when measured parallel to the nearest #narrow street line#.

(6/23/05)

Height and Setback Regulations on West Side of High Line

In C6-2A, C6-3A and M1-5 Districts and in Subareas A, B and E, no portion of the western #High Line frontage# of a #building#, including parapets, shall exceed a height of 3 feet, 6 inches above the level of the #High Line bed#.

For any #zoning lot#, or portion thereof, with more than 60 feet of width measured perpendicular to the west side of the #High Line#, the following rules shall apply to any #building# containing #residences#:

- (a) At least 60 percent of the aggregate length of that portion of the #building# located above a height of 3 feet, 6 inches above the level of the #High Line bed# and facing the #High Line# shall be located between 15 and 20 feet of the west side of the #High Line# and extend up to at least the applicable minimum base height specified in the table in Section 98-423; and
- (b) No #building#, or portion thereof, that exceeds the applicable maximum base height specified in the table in Section 98-423 shall be located within 30 feet of the #High Line#.

Chain link fences and razor wire shall not be permitted within the western #High Line frontage#.

(2/2/11)

98-53

Required Open Areas on the East Side of the High Line

For any #development# or #enlargement# on a #zoning lot#, or portion thereof, within C6-3A Districts or within Subareas A, C, F or G and over which the #High Line# passes or on a #zoning lot# adjacent to a #zoning lot# over which the #High Line# passes, a landscaped open area shall be provided in an amount equal to at least 20 percent of the #lot area# of the portion of the #zoning lot# that is within C6-3A Districts or within Subareas A, C, F or G, pursuant to the requirements of paragraphs (a) and (b) of this Section. Such open area shall be located directly adjacent to the #High Line# with its longest side adjacent to the #High Line# and shall be located at an elevation not to exceed a height of three feet, six inches above

the level of the #High Line bed# adjacent to the #zoning lot#. At no point shall such open area be located within 50 feet of Tenth Avenue.

(a) Open area requirements

All required open areas shall:

- (1) have no portion used as a driveway, vehicular access way or for parking, and shall be screened from off-street loading and service areas;
- (2) be landscaped with shrubs, vines, flowers, ground cover, trees, and/or plants in planters over a minimum of 25 percent of the required open area;
- (3) be maintained by the #building# owner who shall be responsible for the maintenance of the open area including, but not limited to, the repair of all amenities, litter control and the care and replacement of vegetation within the #zoning lot#;
- (4) have all mechanical equipment which is located at the same elevation as the open area, or within 15 feet of the level of the open area, screened and buffered with no intake or exhaust fans facing directly onto the required open area; and
- (5) for open area screening, required open areas may be screened from the public areas of the #High Line# by a wall, fence, or plantings extending not higher than eight feet above the average elevation of the open area. All screening materials must be substantially transparent. For the purposes of this Section, substantially transparent screening is defined as transparent, or non-opaque, in an evenly distributed fashion for at least 75 percent of its area. Chain link fences and razor wire shall not be permitted. Vegetated screening, such as shrubs, vines and other plantings, may be opaque if completely covered by vegetation, provided that any underlying surface is substantially transparent.

In addition, such screening material shall be maintained in good condition at all times, may be interrupted by normal entrances and/or exits, and

shall have no signs hung or attached thereto, other than those permitted in Section 98-16.

(b) Permitted obstructions

Only the following shall be permitted to obstruct a required open area:

- (1) any #High Line# access structure providing pedestrian access to the #High Line# by stairway or elevator;
- (2) those items listed in paragraph (a) of Section 37-726 (Permitted obstructions); and
- (3) open air cafes and kiosks, provided that open air cafes may occupy in the aggregate no more than 75 percent of such required open area.

(2/2/11)

98-54

Transparency Requirements on the East Side of the High Line

The transparency requirements of this Section shall apply to the #High Line frontage# portion of #buildings developed# or #enlarged# after June 23, 2005 and located in C6-3A Districts and within Subareas A, C, F and G, except for such portions that contain #dwelling units#. At least 50 percent of the area of such frontage, to be measured from a point not lower than four feet and not higher than eight feet above the level of the #High Line bed#, shall be glazed and transparent and at least 75 percent of such glazed surface shall be fully transparent.

(11/13/12)

98-55

Requirements for Non-Transparent Surfaces on the East Side of the High Line

Except in Subarea J, any portion of such #High Line frontage# that is 40 feet or more in length and contains no transparent element between the level of the #High Line bed# and an elevation of 12 feet above the level of the #High Line bed#,

shall be planted with vines or other plantings or contain artwork. Such elements shall substantially cover the applicable non-transparent portion of the #High Line frontage#.

(10/27/10)

98-60

SPECIAL REGULATIONS FOR CERTAIN ZONING LOTS

(11/13/12)

98-61

High Line Access or Support Easement Volumes Requirement

For all #developments# or #enlargements# within the #Special West Chelsea District#, an easement volume to facilitate public pedestrian access to the #High Line# via stairway and elevator (hereinafter referred to as "primary access"), shall be provided on any #zoning lot# over which the #High Line# passes that, on or after December 20, 2004, has more than 5,000 square feet of #lot area#. For all #developments# or #enlargements# within Subareas H, I and J that are developed pursuant to Section 98-25, this provision does not apply.

In the #High Line Transfer Corridor#, an easement volume to facilitate public pedestrian access to the #High Line# via stairway (hereinafter referred to as "secondary access"), shall be provided on any #zoning lot# from which #floor area# has been transferred pursuant to Section 98-33 unless a primary access easement has been provided pursuant to this Section.

However, a primary access easement shall not be required if a primary access easement is already provided on the same #block# and a secondary access easement shall not be required if a primary or secondary access easement has already been provided on the same #block#. Furthermore, primary and/or secondary access easements shall not be required where the Chairperson of the City Planning Commission certifies that:

- (a) the minimum dimensions required for the access easement volume pursuant to paragraph (a) of Section 98-62 cannot be accommodated within 33 feet, 6 inches of a #street line#

for primary access easements and 40 feet of a #street line#
for secondary access easements; or

- (b) in the case of a primary easement, a secondary easement is already provided on the same #zoning lot# and such easement is sufficient in size, or has been enlarged to be sufficient in size, to accommodate the provisions for primary access easements as specified in Section 98-62; or
- (c) for primary or secondary easements, access has already been constructed or, an access volume has been dedicated, on the same #block# or on the same #street# frontage, and that such access or access volume meets the location and access requirements for primary or secondary access easements, as specified in Section 98-62, paragraphs (a) and (b), and meets all standards, as applicable, for persons with disabilities; or
- (d) for primary or secondary easements, construction documents for the #High Line# open space have been developed by the City that specify the same #street# frontage as an access location; or
- (e) such #development# or #enlargement# is located wholly within an M1-5 District and no portion of such #development# or #enlargement# has more than 10,000 square feet of #floor area# and is located within five feet of the #High Line#; or
- (f) such #development# or #enlargement# is located on a #zoning lot# that fronts on West 23rd Street.

(11/13/12)

98-62

High Line Access Easement Regulations

The provisions of this Section shall apply to any #zoning lot# providing an access easement volume, other than a #zoning lot# developed pursuant to Section 98-25, as follows:

- (a) Location and Minimum Dimensions
 - (1) Primary access easement volume

A primary access easement volume may be located within a #building# or within open areas on the #zoning lot#, including open areas required pursuant to Section 98-53 (Required Open Areas on the East Side of the High Line), provided such volume is within 15 feet of a #narrow street line#. The minimum length of such volume shall be 18 feet, 6 inches and the minimum width shall be ten feet; however, the minimum area of such volume shall be 350 square feet. The height of such volume shall extend from a point at least ten feet below #curb level# to a point at least 15 feet above the level of the #High Line bed#. A primary access easement volume may also replace a previously provided secondary access easement volume, and such secondary access easement volume may be terminated pursuant to Section 98-64. Such minimum dimensions are illustrated in Diagram 6 (High Line Access Easement Volume Parameters) of Appendix C of this Chapter.

(2) Secondary access easement volume

A secondary access easement volume shall be located within 15 feet of a #narrow street line# and directly adjacent to the #High Line# for a minimum length of 25 feet. Such volume shall have a minimum width of ten feet. The height of such volume shall extend from #curb level# to a point at least ten feet above the level of the #High Line bed#.

(b) Access

All access easement volumes shall be accessible either directly from a public sidewalk or through a publicly traversable way through the #zoning lot# directly connecting with a public sidewalk. Such publicly traversable way shall meet the following requirements:

- (1) The required width of the publicly traversable way shall be a minimum of eight feet.
- (2) No portion of the publicly traversable way shall be interrupted or occupied by an off-street parking or loading area.
- (3) The access easement volume shall be visible from the public sidewalk or the publicly traversable way.

- (4) The publicly traversable way shall be maintained by the property owner in good repair.
- (5) The publicly traversable way shall be fully accessible to persons with disabilities.
- (6) The publicly traversable way shall be open and accessible to the public at all times when a stairway and/or elevator located within the associated access easement volume is open and accessible to the public.

(c) Permitted obstructions

Any access structure within the access easement volume, or any weather protection provided by an overhang or roofed area over such access easement volume, accessory to the access structure, shall be considered permitted obstructions within required #yards# or open areas.

(d) Permitted #uses#

An access easement volume required on a #zoning lot# pursuant to the provisions of this Chapter may be temporarily used by the owner of such #zoning lot# for any permitted #use# until such time as required by the City of New York or its designee for access purposes. Such permitted #use# shall be limited to non-residential #uses# where such access easement volume is within a #building#. Where such access easement volume is within an open area, such area shall be landscaped, or may be improved in accordance with the provisions of Sections 37-726 (Permitted obstructions) and 37-73 (Kiosks and Open Air Cafes), except that in the case of open air cafes and kiosks, a certification shall not be required.

Improvements or construction of a temporary nature within the easement volume shall be removed by the owner of such #zoning lot# prior to the time at which public use of the easement areas is required. A minimum notice of six months in writing shall be given by the City of New York or its designee to the owner of the #zoning lot#, in order to vacate the tenants of such temporary #uses#.

(e) #Legally required windows#

The minimum distance between any #legally required window# in a portion of a #building# used for #residential use# and

an access easement volume shall be 30 feet, measured in a horizontal plane at the sill level of, and perpendicular to, such window for the full width of the rough window opening.

(6/23/05)

98-63

Recording of High Line Access Easement Volume

An instrument in a form acceptable to the Department of City Planning creating a #High Line# access easement volume shall be recorded in the Office of the City Register, a certified copy of which shall be submitted to the Department of City Planning.

Notice by the Department of City Planning of its receipt of a certified copy of an instrument establishing any access easements required pursuant to this Chapter shall be a precondition to issuance by the Commissioner of Buildings of any building permits including any foundation or alteration permit for any #development# of #enlargement# on a site pursuant to Section 98-60 for primary access easements. Receipt of a certified copy of an instrument creating a secondary access easement shall be provided in conjunction with notification, pursuant to Section 98-33, paragraph (a).

(11/13/12)

98-64

Termination of High Line Access Easement Volume

In the event that the City Planning Commission notifies the Department of Buildings and the owner in writing that a #High Line# access easement volume is not required on a #zoning lot# under the final construction plans for the restoration and reuse of the #High Line# as an accessible, public open space, the restrictions imposed on such #zoning lot# by the provisions of Section 98-61 (High Line Access or Support Easement Volumes Requirement) shall lapse, following receipt of notification thereof by the owner, and the owner shall have the right to record an instrument reciting the consent of the City Planning Commission to the extinguishment of the easement volume. On termination of the #High Line# access easement volume

requirement which has been certified pursuant to this Section, any area reserved for such easement within a #building or other structure# may be used for any #use# permitted pursuant to the provisions of this Chapter and such area shall not be considered #floor area#; and any open area reserved for such easement shall be maintained as an open area and shall be subject to the open area requirements of Section 98-53 (Required Open Areas on the East Side of the High Line).

(10/27/10)

98-65

Transit Facilities

The provisions of paragraph (b) of Section 93-65 (Transit Facilities) shall apply to any subway-related #use# on a #zoning lot# that includes the volume bounded by a line 37 feet east of and parallel to Eleventh Avenue, West 26th Street, a line 100 feet east of and parallel to Eleventh Avenue, and a line 95 feet south of and parallel to West 26th Street, up to a height of 60 feet, as illustrated on the District Map in Appendix A of this Chapter.

(10/27/10)

98-70

SUPPLEMENTAL REGULATIONS

- (a) In the #Special West Chelsea District#, the provisions of paragraphs (a) through (d), inclusive, of Section 93-90 (HARASSMENT) shall apply as modified in this Section.
- (b) In the #Special West Chelsea District#, the provisions of Section 93-91 (Demolition) shall apply.

For the purposes of this Section, the following definitions in Section 93-90 shall be modified:

Anti-harassment area

"Anti-harassment area" shall mean the #Special West Chelsea District#.

Referral date

"Referral date" shall mean December 20, 2004.

In addition, Section 93-90, paragraph (d)(3), is modified as follows:

No portion of the #low income housing# required under this Section shall qualify to:

- (a) increase the #floor area ratio# pursuant to the provisions of the #Special West Chelsea District#, #Special Hudson Yards District#, #Special Garment Center District#, #Special Clinton District# or Section 23-90; or
- (b) satisfy an eligibility requirement of any real property tax abatement or exemption program with respect to any #multiple dwelling# that does not contain such #low income housing#.

Appendix D

Special Regulations for Zoning Lots Utilizing the High Line Improvement Bonus in Subarea H

This Appendix sets forth additional requirements governing #zoning lots# located within Subarea H between West 17th and 18th Streets over which the #High Line# passes with respect to a #development# or #enlargement# which involves an increase in the applicable basic maximum #floor area ratio# of the #zoning lot# up to the amount specified in Section 98-22 (Maximum Floor Area Ratio in Subareas), with respect to: (1) the issuance of a building permit for such #development# or #enlargement# pursuant to paragraph (a) of Section 98-25 (High Line Improvement Bonus); and (2) the performance or funding of improvements as a condition of issuance of temporary or permanent certificates of occupancy, pursuant to paragraph (b) of Section 98-25, for #floor area# in such #development# or #enlargement# which exceeds the basic maximum #floor area ratio# of the #zoning lot#. The term "parties in interest" as used herein shall mean "parties-in-interest," as defined in paragraph (f)(4) of the definition of #zoning lot# under Section 12-10.

(a) Requirements for issuance of building permit under paragraph (a) of Section 98-25

(1) As a condition of issuance of a building permit under paragraph (a) of Section 98-25:

- (i) Owner shall, subject to reduction pursuant to the other provisions of this Appendix, D, deposit into the #High Line# Improvement Fund, or secure by letter of credit or other cash equivalent instrument in a form acceptable to the City, a contribution of \$50.00 per square foot of #floor area# which exceeds the basic maximum #floor area ratio# of the #zoning lot#, up to the amount specified in Section 98-22, provided, that in the event the Owner has previously entered into agreements for construction of At-Grade Plaza Work and Stairway and Elevator Access Work by the City, pursuant to paragraph (a)(2) of this Appendix, D, and has made a contribution pursuant thereto, the amount of contribution to the #High Line# Improvement Fund under this subparagraph for purposes of Section 98-25, paragraph (a) shall be reduced by such amount at the time it is made;
- (ii) all parties-in-interest shall execute a restrictive declaration including easements to the City providing for: the location of and public access to and use of the At-Grade Plaza and the stairway and elevator that will provide access to the #High Line#, as shown in Diagram 3 of Appendix C, such easement area for the At-Grade Plaza to include the entire area of the #zoning lot# east of the #High Line# and such easement area as it relates to such stairway and elevator to be at least 2,500 square feet and in a location and configuration acceptable to the City; access for the potential performance by the City of work under the provisions set forth below; and maintenance and repair of the stairway and elevator. Such declaration shall incorporate by reference the maintenance and operating agreement referred to in paragraph (a)(1)(iii) of this Appendix, D, provided, that in the event the Owner enters into agreements for construction of some or all of the At-Grade Plaza Work and Stairway and Elevator Access Work by the City pursuant to paragraph (a)(2) of this Appendix, D, the provisions of such restrictive declaration shall be modified as deemed necessary by the City to effectuate such agreements; and

- (iii) the Owner shall execute a maintenance and operating agreement for the At-Grade Plaza.

The easements and agreements described herein shall remain in force and effect irrespective of whether certificates of occupancy are issued pursuant to Section 98-25, paragraph (b).

- (2) Upon the request of the Owner or the City, the City in its sole discretion, may enter into agreements with the Owner, in a form acceptable to the City, providing for construction by the City of some or all of the At-Grade Plaza Work described in paragraph (b)(2)(ii)(b) of this Appendix, D, and some or all of the Stairway and Elevator Access Work described in paragraph (b)(3)(ii) by the City, including provisions with regard to the viability of retail space fronting the At-Grade Plaza. Pursuant to such agreements, the Owner shall make a contribution of \$2,300,000 to a sub-account of the #High Line# Improvement Fund to fund such construction, which amount may be reduced in accordance with provisions of such agreements by an amount reflecting expenditures that the owner has reasonably incurred or shall reasonably incur with respect to remediation work for the At-Grade Plaza and any other work which is the responsibility of the Owner pursuant thereto. All parties in interest shall execute a Restrictive Declaration pursuant to paragraph (a)(1)(ii) of this Appendix, D, with such modifications as deemed necessary by the City to effectuate such agreements.
- (3) Upon the request of Owner, the City in its sole discretion, may elect to have Owner perform all #High Line# improvements (i.e., non-structural and non-remediation work) at its own expense within the #High Line# improvement area, as shown in Appendix C of this Chapter, on such #zoning lot# and over #streets# contiguous to such #zoning lot#. In that event, certification under Section 98-25, paragraph (a), shall also be made upon execution of an agreement by Owner, approved by the Chairperson of the City Planning Commission, to perform such improvements, the cost of which shall be refunded or credited from the contribution to the #High Line# improvement. Such agreement may require Owner to reimburse the City for

the costs of a full-time resident engineer to supervise such work.

- (4) The location of #floor area# which would exceed the basic maximum #floor area ratio# and be subject to the provisions of Section 98-25 shall be considered to be the topmost portion of the #development# or #enlargement# unless, at the time of certification pursuant to Section 98-25, paragraph (a), Owner designates, subject to the concurrence of the Chairperson of the City Planning Commission, an alternate location.
- (b) Requirements for issuance of certificates of occupancy under paragraph (b) of Section 98-25
- (1) Structural Remediation Work under paragraph (b)(2) of Section 98-25:
 - (i) Owner may, at its option, elect to perform Structural Remediation Work on the portion of the #High Line# within the #High Line# improvement area, as shown in Appendix C of this Chapter, on such #zoning lot# and over #streets# contiguous thereto in accordance with the provisions of this paragraph, (b). Owner may exercise such option following receipt of the City's specifications for the Structural Remediation Work or upon the City's failure to provide such specifications, as set forth in paragraphs (b)(1)(iv) and (b)(1)(v) in this Section (unless such dates are extended by mutual agreement of the City and Owner), but in no event may exercise such option later than 90 days following receipt of a notice by the City of its intent to commence improvements to the #High Line# within the #High Line# improvement area applicable to the #zoning lot# within the next twenty-four months. In that event, the amount of contribution to the #High Line# Improvement Fund shall be reduced by \$21.00 per square foot of #floor area# which exceeds the basic maximum #floor area ratio# of the #zoning lot# up to the amount specified in Section 98-22 and the City shall refund or credit the Owner, as applicable, for any excess from or against the #High Line# Improvement Fund. In the event of exercise of such option, certification pursuant

to Section 98-25, paragraph (b)(2), with respect to the Structural Remediation Work, shall be of substantial completion with respect to issuance of any temporary certificate of occupancy, and of final completion with respect to issuance of any final certificate of occupancy.

- (ii) Such Structural Remediation Work shall include work on or under the #High Line# and above, at, and below grade, which shall be of the same quality and performance standards (i.e., with respect to use, useful life and maintenance requirements) as required for the remainder of the #High Line# (recognizing that there may be different standards for portions of the #High Line# that will be exposed to public view versus those that will not be so exposed) and shall include, but not be limited to, the following:
 - (a) Removal and disposal of all lead-based products in accordance with specifications provided by the City, and disposal of all waste, all in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities;
 - (b) Repair of all damaged portions of the entire steel structure, including but not limited to railings, columns and footings, in accordance with the specifications provided by the City and all applicable rules, including those pertaining to historic preservation;
 - (c) Recoating of the entire steel structure with the types of products and numbers of coats specified by the City;
 - (d) Repairs to damaged concrete; removal, disposal, and replacement of any concrete that is found to contain hazardous materials; and recoating of the entire concrete portion of the #High Line# as specified by the City, all in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities;

- (e) Removal of any or all portions of the ballast material on the #High Line#, including but limited to gravel, railroad ties and steel rails, trash, plant material, and any other objectionable materials (including, but not limited to, asbestos and pigeon guano) that are found on or under the #High Line#, as specified by the City, and disposal of all such material in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities. In the event that the City directs that any or all ballast material is to remain on the #High Line#, it shall be capped, as necessary, in accordance with the specifications provided by the City and the rules and regulations of all appropriate agencies. Any ballast material that is to remain, but also remain uncapped, shall be cleared and grubbed in accordance with specifications of the City; and
 - (f) Any work required to be performed below-grade for the anticipated improvements of the #High Line# for reuse as open space.
- (iii) Subject to the Not-To-Exceed Limit set forth in paragraph (c) of this Appendix, D, if Owner exercises the option to perform the Structural Remediation Work, it shall reimburse the City for the reasonable cost of hiring or procuring the services of a full-time resident engineer to supervise the Structural Remediation Work, with associated costs (e.g., trailer, computer, telephone).
- (iv) The City shall consult with Owner regarding the drafting of the specifications for the Structural Remediation Work, and then provide Owner with such specifications by January 31, 2006, subject to delays outside the reasonable control of the City (including, without limitation, litigation, but such delays shall not extend more than 180 days), unless such date is extended by mutual agreement between the City and Owner.

- (v) In the event Owner exercises the option to perform the Structural Remediation Work, Owner shall have 12 months to complete such work following June 23, 2005, or of the date of exercise of such option, whichever is later, unless such date is extended by mutual agreement between the City and Owner, and subject to reasonable extension for any delays beyond Owner's reasonable control and, in addition, for any time during which Owner is unable to gain access in order to perform the Structural Remediation Work due to the actions of a tenant occupying the #zoning lot#, or portion thereof, upon December 20, 2004.
- (vi) In the event that the City does not provide the specifications for the Structural Remediation Work, within the timeframe set forth in paragraph (iv) of this Section, Owner may exercise the option to perform such work, and shall complete it within 12 months of the exercise of such option, unless such date is extended by mutual agreement between the City and Owner, and subject to reasonable extension for any delays as described in paragraph (b)(1)(v), but may use its own specifications, consistent with the description of the Structural Remediation Work set forth above and sound, high quality engineering, construction and workmanship standards and practices.

(2) At-Grade Plaza Work under paragraph (b)(3) of Section 98-25:

The following shall apply, except to the extent that agreements and other instruments in a form acceptable to the City have been executed pursuant to paragraph (a)(2) of this Appendix, D, that provide for construction of some or all of the At-Grade Plaza Work set forth in paragraphs (b)(2)(ii)(b) and (b)(2)(ii)(c), by the City:

- (i) Owner shall perform At-Grade Plaza Work within the area on the #zoning lot# shown in Diagram 3 of Appendix C. For any temporary certificate of occupancy, certification pursuant to Section 98-25, paragraph (b)(3), shall be of substantial

completion of the At-Grade Plaza Work (i.e., the At-Grade Plaza shall be open and accessible to the public). For any permanent certificate of occupancy, certification pursuant to Section 98-25, paragraph (b)(3), shall be of final completion of the At-Grade Plaza Work. Substantial completion of the At-Grade Plaza Work shall also require execution by all parties-in-interest of the declarations, easements and maintenance and operating agreement described in paragraph (a) of Section (1) of this Appendix, if not previously provided in connection with issuance of a building permit.

- (ii) At-Grade Plaza Work shall include, but not be limited to:
 - (a) remediation work; and
 - (b) all paving, plantings, surface treatments, lighting, trees, seating, fountains and other site amenities; and
 - (c) infrastructure work, including conduits, drainage, water line, electrical connections, and other utility work serving the At-Grade Plaza.
- (iii) The At-Grade Plaza Work shall be performed by the Owner pursuant to construction documents provided by the City by January 31, 2008. The At-Grade Plaza Work shall be completed within one year following January 31, 2008, subject to reasonable extension for any delays beyond Owner's reasonable control and to such extension as the City and the Owner may mutually agree, and, in addition, for any time during which Owner is unable to gain access in order to perform the At-Grade Plaza Work due to the actions of a tenant occupying the #zoning lot#, or portion thereof, upon October 17, 2007, or for any time needed to perform any necessary remediation work on the #zoning lot#.
- (iv) In no event shall Owner be required to complete the At-Grade Plaza Work until the #High Line#

improvements within the portion of the #High Line# Improvement Area, as shown in Appendix C of this Chapter, adjacent to the #zoning lot# (and, as applicable, over such Improvement Area, as shown on Diagram 3 of Appendix C), are substantially complete (i.e., open to the public but for the work needed to complete the At-Grade Plaza Work). Notwithstanding the foregoing, in no event shall Owner be entitled to certification pursuant to Section 98-25, paragraph (b)(3), until the Chairperson determines that the At-Grade Plaza Work is substantially complete.

- (v) The cost to Owner of the At-Grade Plaza Work (inclusive of the Stairway and Elevator Access Work described in paragraph, (b)(3) of this Section) shall not exceed \$2,300,000. The amount of contribution to the #High Line# Improvement Fund under subdivision (a) of section (1) of this Appendix made for purposes of Section 98-25, paragraph (a), shall be reduced by such amount at the time it is made. In addition to the costs of the At-Grade Plaza Work, subject to the Not-To-Exceed Limit set forth paragraph (c) of this Appendix, D. Owner shall be required to reimburse the City for:
 - (a) the reasonable cost of developing the plans and construction documents for the At-Grade Plaza Work; and
 - (b) the reasonable cost of hiring or procuring the services of a full-time resident engineer to supervise the At-Grade Plaza Work, with associated costs (e.g., trailer, computers, telephone).
- (vi) In the event that construction documents for the At-Grade Plaza Work (inclusive of the Stairway and Elevator Access Work described in paragraph (b)(3) of this Section) are not delivered to Owner within the timeframe set forth in paragraph (3) of this subsection, Owner shall not be required to perform the At-Grade Plaza Work (inclusive of the Stairway and Elevator Access Work described in paragraph (b)(3) of

this Section) consistent with such documents. Instead, Owner shall perform Alternate At-Grade Plaza Work which shall include all necessary remediation work, all necessary below-grade work (including related infrastructure work necessary to support the #High Line#), and at-grade improvements pursuant to the standards set forth in Sections 37-718, 37-726, 37-728, 37-741, 37-742, 37-743 and 37-76 of the Zoning Resolution, except that open-air cafes and kiosks shall not be permitted. Permitted obstructions, whether as described in the City's specifications for the At-Grade Plaza Work or as specified in Section 37-726, for the Alternate At-Grade Plaza Work, shall not count towards #lot coverage#.

(vii) The cost to the Owner of the Alternate At-Grade Plaza Work shall not exceed \$1,400,000. In addition, Owner shall, subject to the Not-To Exceed Limit of paragraph (c) of this Appendix, D, be required to reimburse the City for the reasonable cost of hiring or procuring the services of a full-time resident engineer to supervise the Alternate At-Grade Plaza Work, with associated costs (e.g., trailer, computers, telephone).

(viii) Upon substantial completion of the At-Grade Plaza and in any event as a condition of certification of substantial completion pursuant to Section 98-25, paragraph (b)(4), Owner shall provide the City with the declarations, easements and maintenance and operating agreement described in subsection (a) of section (1) of this Appendix, if not already provided in connection with the issuance of a building permit; such At-Grade Plaza shall be open and accessible to the public during at least the same hours during which the #High Line# is open and accessible to the public, subject to the terms of the maintenance and operating agreement; and Owner shall maintain the At-Grade Plaza pursuant to the terms of the maintenance and operating agreement.

(3) Stairway and Elevator Access Work under paragraph (b)(4) of Section 98-25:

The following shall apply except to the extent that agreements and other instruments in a form acceptable to the City have been executed pursuant to paragraph (a)(2) of this Appendix, D, that provide for the construction of some or all of the Stairway and Elevator Access Work described in paragraph (b)(3)(ii) of this Appendix, D, by the City:

- (i) Except as provided in paragraph (b)(3)(iii) of this Section, Owner shall perform Stairway and Elevator Access Work within the At-Grade Plaza area as shown in Diagram 3 of Appendix C in conjunction with performance of the At-Grade Plaza Work. For temporary certificates of occupancy, certification pursuant to Section 98-25, paragraph (b)(4), shall be of substantial completion of the Stairway and Elevator Access Work (i.e., the stairway and elevator could be made open and accessible to the public). For permanent certificates of occupancy, certification pursuant to such Section shall be of final completion of the work.
- (ii) The Stairway and Elevator Access Work shall consist of one stairway and one elevator, shall be included in the construction drawings for the At-Grade Plaza Work described above, and shall be performed by Owner within the time period for performance of the At-Grade Plaza Work described in paragraph (c) of this Section. The location for the stairway and elevator shall take into account the viability of any retail spaces fronting the At-Grade Plaza.
- (iii) Owner shall not be responsible for performance of the Stairway and Elevator Access Work where it performs the Alternate At-Grade Plaza Work in accordance with paragraph (b) of this Section. In that event, prior to commencing the Alternate At-Grade Plaza Work and in any event as a condition of certification of substantial completion pursuant to Section 98-25, paragraph (b)(4):
 - (a) Owner shall deposit into the #High Line# Improvement Fund, a contribution of \$900,000.00 (the Access Contribution), to be

used at the direction of the Chairperson of the City Planning Commission for construction of stairway and elevator facilities on the #zoning lot#; and

- (b) Owner shall provide the City with the declarations, easements, and maintenance and operating agreement described in paragraph (a)(1) of this Appendix, D , if not previously provided in connection with issuance of a building permit.

- (4) City performance of work in the event of failure to perform:

- (i) In the event Owner has not completed any of the #High Line# Improvement Work (where an agreement for performance of such work has been executed under paragraph (a) of this Appendix, (D), Structural Remediation Work (where Owner has exercised the option under paragraph (b)(1) of this Appendix), the At-Grade Plaza Work or Alternate Plaza Work, as applicable, and the Stairway and Elevator Access Work (where required to do so under paragraphs (b)(2) and (b)(3) of this Appendix), by a time at which the City has completed portions of the #High Line# (i.e., such that such portions are open and accessible to the public) immediately on either side of the #High Line# improvement area, as shown in Appendix C of this Chapter, for the #zoning lot#, as shown on Diagram 3 of Appendix C, and a relevant deadline for performance of such work under paragraphs (b)(1), (b)(2) or (b)(3) has passed, subject to the provisions of such sections relating to extension by mutual agreement or delay, the City, at its sole option, may, upon written notice to Owner, notify Owner of its intent to proceed with performance and/or completion of the relevant work at its own expense.
- (ii) The City may proceed with performance and/or completion of the work following such notice unless Owner:
 - (a) within 45 days following such notice, submits to the Department of City Planning a

reasonable schedule (not to exceed 12 months in total), unless such date is extended by mutual agreement between the City and Owner, for completion of the relevant work, as applicable, which schedule shall be subject to review and reasonable approval by the City; and

(b) completes the relevant work in accordance with such schedule, subject to reasonable extension for any delays beyond Owner's reasonable control and, in addition, any time in which Owner is unable to gain access in order to perform the At-Grade Plaza Work or Alternate Plaza Work due to the actions of a tenant occupying the #zoning lot#, or portion thereof, upon December 20, 2004, or for any time during which remediation work is in progress on the #zoning lot#.

(iii) In the event Owner does not comply with the requirements of paragraph (b)(4)(ii):

(a) the City may proceed with performance and/or completion of relevant work, and may obtain access to perform such work pursuant to the easements described in paragraph (1) of Section (a) of this Appendix;

(b) the City shall return to Owner any contribution made to the #High Line# Improvement Fund; and

(c) no building permit may be issued pursuant to Section 98-25, paragraph (a), nor any temporary or permanent certificate of occupancy may be issued pursuant to Section 98-25, paragraph (b), for #floor area# in a #development# or #enlargement# which exceeds the maximum #floor area# of the #zoning lot#.

(c) Reimbursement Not-To-Exceed Limits

Reimbursement of the City by Owner of costs pursuant to this Appendix shall not exceed a total of \$450,000.00.

(2/2/11)

Appendix E

Special Regulations for Zoning Lots Utilizing the High Line Improvement Bonus and Located Partially Within Subareas D, E, G or I

This Appendix sets forth additional requirements governing #zoning lots# located partially within Subareas D, E and G or within Subarea I between West 16th and 17th Streets over which the #High Line# passes, with respect to a #development# or #enlargement# which involves an increase in the applicable basic maximum #floor area ratio# of the #zoning lot# up to the amount specified in Section 98-22 (Maximum Floor Area Ratio and Lot Coverage in Subareas), with respect to: (1) the issuance of a building permit for such #development# or #enlargement# pursuant to paragraph (a) of Section 98-25 (High Line Improvement Bonus); and (2) the performance or funding of improvements as a condition of issuance of temporary or permanent certificates of occupancy, pursuant to paragraph (c) of Section 98-25, for #floor area# in such #development# or #enlargement# which exceeds the basic maximum #floor area ratio# of the #zoning lot#. The term "parties in interest" as used herein shall mean "parties-in-interest," as defined in paragraph (f)(4) of the definition of #zoning lot# in Section 12-10.

(a) Requirements for issuance of building permit pursuant to paragraph (a) of Section 98-25

(1) As a condition of certification:

- (i) Owner shall, subject to reduction pursuant to the other provisions of this Appendix, E, deposit into the #High Line# Improvement Fund, or secure by letter of credit or other cash equivalent instrument in a form acceptable to the City, a contribution of \$50.00 per square foot of #floor area# which exceeds the basic maximum #floor area ratio# of the #zoning lot#, up to the amount specified in Section 98-22 (Maximum Floor Area Ratio and Lot Coverage in Subareas); and
- (ii) all parties-in-interest shall execute a restrictive declaration including easements to the City providing for: the location of and

public access to and from a stairway and elevator on the #zoning lot# that will provide access to the #High Line# and for maintenance and repair by the City of such stairway and elevator; and the potential performance by the City of work under the provisions set forth below. In the case of #zoning lots# between West 16th and 17th Streets, Owner shall also provide the City with easements providing for City access to and from and for public use of the #High Line# Service Facilities on the #zoning lot# and for maintenance and repair by the City of such #High Line# Service Facilities. All easements described herein shall be in a form acceptable to the City and shall remain in force and effect irrespective of whether certificates of occupancy are issued pursuant to Section 98-25, paragraph (c); and

- (iii) submit plans for Stairway and Elevator Access Facilities and, where applicable, #High Line# Service Facilities that demonstrate compliance with the provisions of this Appendix, E, and are consistent with New York City Department of Parks and Recreation standards and best practices governing materials life cycle and maintenance for review and approval by the Chairperson of the City Planning Commission.
- (2) Upon the request of Owner, the City in its sole discretion, may elect to have Owner perform all #High Line# improvements (i.e., non-structural and non-remediation work) at its own expense within the #High Line# improvement area, as shown in Appendix C of this Chapter, on such #zoning lot # and over #streets# contiguous to such #zoning lot#. In that event, certification under Section 98-25, paragraph (a), shall also be made upon execution of an agreement, approved by the Chairperson of the City Planning Commission, to perform such improvements, the cost of which shall be refunded or credited from the #High Line# Improvement Fund contribution to reflect the cost of such improvements. Such agreement may require Owner to reimburse the City for the costs of a full-time resident engineer to supervise such work.
- (3) The location of #floor area# which would exceed the basic maximum #floor area ratio# and be subject to the

provisions of Section 98-25 shall be considered to be the topmost portion of the #development# or #enlargement# unless, at the time of certification pursuant to Section 98-25, paragraph (a), Owner designates, subject to the concurrence of the Chairperson of the City Planning Commission, an alternate location.

(b) Requirements for issuance of certificates of occupancy pursuant to paragraph (c) of Section 98-25:

(1) Structural Remediation Work pursuant to paragraph (c)(2) of Section 98-25

(i) Owner may, at its option, elect to perform Structural Remediation Work on the portion of the #High Line# within the #High Line# improvement area, as shown in Appendix C of this Chapter, on such #zoning lot# and over #streets# contiguous thereto in accordance with the provisions of this paragraph. Owner may exercise such option following receipt of the City's specifications for the Structural Remediation Work or upon the City's failure to provide such specifications, as set forth in paragraphs (b)(1)(iv) and (b)(1)(v), (unless such dates are extended by mutual agreement of the City and Owner), but in no event may exercise such option later than 90 days following receipt of a notice by the City of its intent to commence improvements to the #High Line# within the #High Line# improvement area applicable to the #zoning lot# within the next twenty-four months. In that event, the amount of contribution to the #High Line# Improvement Fund shall be reduced by \$21.00 for each square foot of #floor area# which exceeds the basic maximum #floor area ratio# of the #zoning lot# up to the amount specified in Section 98-22 and the City shall refund or credit the Owner, as applicable, for any excess from or against the #High Line# Improvement Fund. In the event of exercise of such option, certification pursuant to Section 98-25, paragraph (c)(2), with respect to the Structural Remediation Work shall be of substantial completion with respect to issuance of temporary certificates of occupancy, and of

final completion with respect to issuance of final certificates of occupancy.

- (ii) Such Structural Remediation Work shall include work on or under the #High Line# and above, at, and below grade, which shall be of the same quality and performance standards (i.e., with respect to use, useful life, and maintenance requirements) as required for the remainder of the #High Line# (recognizing that there may be different standards for portions of the #High Line# that will be exposed to the public versus those that will not be so exposed) and shall include, but not be limited to, the following:
 - (a) Removal and disposal of all lead-based products in accordance with specifications provided by the City, and disposal of all waste, all in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities;
 - (b) Repair of all damaged portions of the entire steel structure, including but not limited to railings, columns and footings, in accordance with the specifications provided by the City and all applicable rules, including those pertaining to historic preservation;
 - (c) Recoating of the entire steel structure with the types of products and numbers of coats specified by the City;
 - (d) Repairs to damaged concrete; removal, disposal, and replacement of any concrete that is found to contain hazardous materials; and recoating of the entire concrete portion of the #High Line# as specified by the City, all in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities;
 - (e) Removal of any or all portions of the ballast material on the #High Line#, including but limited to gravel, railroad

ties and steel rails, trash, plant material, and any other objectionable materials (including, but not limited to, asbestos and pigeon guano) that are found on or under the #High Line#, as specified by the City, and disposal of all such material in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities. In the event that the City directs that any or all ballast material is to remain on the #High Line#, it shall be capped, as necessary, in accordance with the specifications provided by the City and the rules and regulations of all appropriate agencies. Any ballast material that is to remain, but also remain uncapped, shall be cleared and grubbed in accordance with specifications of the City; and

- (f) Any work required to be performed below-grade for the anticipated improvements of the #High Line# for reuse as open space.
- (iii) The City shall consult with Owner regarding the drafting of the specifications for the Structural Remediation Work, and then provide Owner with such specifications by January 31, 2006, subject to such delays as are outside the reasonable control of the City (including, without limitation, litigation, but such delays shall not extend more than 180 days), unless such date is extended by mutual agreement between the City and Owner.
- (iv) In the event Owner exercises the option to perform the Structural Remediation Work, Owner shall have 12 months to complete such work following June 23, 2005, or of the date of exercise of such option, whichever is later, unless such date is extended by mutual agreement between the City and Owner, and subject to reasonable extension for any delays beyond Owner's reasonable control.
- (v) In the event that the City does not provide the specifications for the Structural Remediation Work within the timeframe set forth in paragraph

(b)(1)(iii) of this Appendix, Owner may exercise the option to perform such work and proceed with the Structural Remediation Work, and shall complete it within 12 months of the exercise of such option, unless such date is extended by mutual agreement between the City and Owner, and subject to reasonable extension for any delays beyond Owner's reasonable control, but may use its own specifications, consistent with the description of the Structural Remediation Work set forth above and sound, high quality engineering, construction and workmanship standards and practices.

(vi) If Owner exercises the option to perform the Structural Remediation Work, Owner shall reimburse the City for the reasonable cost of hiring or procuring the services of a full-time resident engineer to supervise the Structural Remediation Work, with associated costs (e.g., trailer, computer, telephone), such reimbursement not to exceed \$115,000.

(2) Stairway and Elevator Access Work pursuant to paragraph (c)(3) of Section 98-25:

(i) Owner shall perform Stairway and Elevator Access Work subject to the provisions of this paragraph, (b)(2). For temporary certificates of occupancy, certification pursuant to Section 98-25, paragraph (c)(3), shall be of substantial completion of the Stairway and Elevator Access Work (i.e., the stairway and elevator could be made open and accessible to the public). For permanent certificates of occupancy, certification shall be of final completion of the work.

(ii) The Stairway and Elevator Access Work shall consist of one stairway and one elevator located directly adjacent to or below the #High Line#. Except as approved by the Chairperson of the City Planning Commission pursuant to paragraph (a)(1)(iii) of this Appendix, #curb level# entrances to such access facilities must be located at the #street line#. Such access facilities shall be harmonious with the design of

the #High Line# on the #zoning lot# and shall be visible and identifiable as #High Line# access facilities when viewed from Tenth Avenue. Such access facilities may be unenclosed or enclosed. When such access facilities are enclosed and located at the #street line#, any wall or façade separating the access facility from the #street# shall be substantially glazed and fully transparent from ground level to the full height of the access facility. Any wall or façade separating the access facility from the #High Line# shall be substantially glazed and fully transparent from the level of the #High Line bed# to the full height of the access facility. Stairways shall have a clear path of not less than six feet in width. Such access facilities shall be identified with signage placed at the #High Line# level and at street level that is consistent with guidelines specified in the signage plan as authorized by the City Planning Commission pursuant to the provisions of Section 98-16.

- (iii) The Stairway and Elevator Access Work shall be completed within one year following the later of June 23, 2005, or the Chairperson's review and acceptance of the plans and specifications that demonstrate compliance with the provisions of paragraph (b) (2)(ii) of this Appendix, subject to reasonable extension for any delays beyond Owner's reasonable control, unless such date is extended by mutual agreement between the City and Owner.
- (iv) In no event however shall Owner be required to complete the Stairway and Elevator Access Work until the #High Line# improvements in the portion of the #High Line# improvement area, as shown in Appendix C of this Chapter, adjacent to the #zoning lot#, as shown on Diagram 4 or 5 of Appendix C, are substantially complete. Notwithstanding the foregoing, in no event shall Owner be entitled to certification, pursuant to Section 98-25, paragraph (c)(3), until the Chairperson determines that the Stairway and Elevator Access Work is substantially complete.

(3) #High Line# Service Facility Work pursuant to paragraph (c)(4) of Section 98-25:

(i) For #zoning lots# located between West 16th and 17th Streets, Owner shall perform #High Line# Service Facility Work subject to the provisions of this Appendix. For temporary certificates of occupancy, certification pursuant to Section 98-25, paragraph (c)(4), shall be of substantial completion of the work. For permanent certificates of occupancy, certification shall be of final completion of the work.

(ii) #High Line# Service Facilities shall consist of satellite maintenance and operations space for the #High Line# open space as well as public restrooms, in accordance with the following standards:

(a) Location

Such facilities shall have a component located at the level of the #High Line bed#, or within five feet of such level (hereinafter referred to as the "upper service facility"). Such facilities shall also have a component located no higher than #curb level# (hereinafter referred to as the "lower service facility"). The upper facility must be located directly above the lower facility to enable placement of a trash chute connecting the upper and lower facilities. Where the upper facility is not located exactly at the level of the #High Line bed#, a fully accessible ramp must connect such level with the level of the upper facility. Where the lower facility is not located exactly at #curb level#, a means acceptable to the City of connecting the lower service facility to a #street# frontage shall be provided.

(b) Program and dimensions

(1) Lower service facilities

Lower service facilities shall contain a room which is accessible from #street# level and is no less than 50 square feet in area. Such facility shall contain the outlet of a trash chute from the upper service facility and shall also have a minimum of one electrical outlet furnishing a wattage consistent with its intended use within a maintenance and operations facility.

(2) Upper service facilities

Upper service facilities shall be no less than 350 square feet in area and shall contain, at a minimum, one public restroom not less than 250 square feet in area with separate restroom spaces for each gender, one storage room not less than 70 square feet in area, and one waste disposal room not less than 30 square feet in area and containing a trash chute to the lower service facility

Each room within such upper service facilities shall have a minimum of one electrical outlet furnishing wattage consistent with its intended use within a maintenance and operations facility.

- (iii) The #High Line# Facility Work shall be completed within one year following the later of June 23, 2005, or the Chairperson's review and acceptance of the plans and specifications that demonstrate compliance with the standards of paragraph (b)(3)(ii) of this Appendix, subject to reasonable extension for any delays beyond Owner's reasonable control, unless such date is extended by mutual agreement between the City and Owner.
- (iv) In no event, however, shall Owner be required to complete the #High Line# Facility Work until the #High Line# improvements in the portion of the #High Line# improvement area, as shown in Appendix C of this Chapter, adjacent to the

#zoning lot#, as shown on Diagram 5 of Appendix C, are substantially complete. Notwithstanding the foregoing, in no event shall Owner be entitled to certification pursuant to Section 98-25, paragraph (c)(4), until the Chairperson determines that the Stairway and Elevator Access Work is substantially complete.

- (v) The cost to Owner of the #High Line# Facilities Work shall not exceed \$1,150,000. The amount of contribution to the #High Line# Improvement Fund under paragraph (a)(1) of this Appendix, E, made for purposes of Section 98-25, paragraph (a), shall be reduced by such at the time it is made.

(c) City performance in the event of failure to perform

- (1) In the event Owner has not completed any of the #High Line# Improvement Work (where an agreement for performance of such work has been executed under paragraph (a)(1) of this Appendix), Structural Remediation Work (where Owner has exercised the option under paragraph (b)(1) of this Appendix) and the Stairway and Elevator Access Work (under paragraph (b)(3), by a time at which the City has completed portions of the #High Line# (i.e., such that such portions are open and accessible to the public) immediately on either side of the #High Line# improvement area, as shown in Appendix C of this Chapter, for the #zoning lot#, as shown on Diagram 4 or 5 of Appendix C, and a relevant deadline for performance of such work under paragraphs (b)(1), (b)(2) or (b)(3) of this Appendix, as applicable, has passed, subject to the provisions of such paragraphs relating to extension by mutual agreement or delay, the City, at its sole option, may, upon written notice to Owner, notify Owner of its intent to proceed with performance and/or completion of the relevant work at its own expense.
- (2) The City may proceed with performance and/or completion of the work following such notice unless Owner:
 - (i) within 45 days following such notice, submits to the Department of City Planning a reasonable schedule (not to exceed 12 months in total) for

completion of the relevant work, as applicable, which schedule shall be subject to review and reasonable approval by the City, unless such date is extended by mutual agreement between the City and Owner; and

(ii) completes the relevant work in accordance with such schedule, subject to reasonable extension for any delays beyond Owner's reasonable control

(3) In the event Owner does not comply with the requirements of paragraph (c)(2) of this Appendix:

(i) the City may proceed with performance and/or completion of relevant work, and may obtain access to perform such work pursuant to the easements described in paragraph (a)(1) of this Appendix;

(ii) the City shall return to Owner any contribution made to the #High Line# Improvement Fund; and

(iii) no building permit may be issued pursuant to Section 98-25, paragraph (a), nor may any temporary or permanent certificates of occupancy may be issued pursuant to Section 98-25, paragraph (d), for #floor area# in a #development# or #enlargement# which exceeds the maximum #floor area# of the #zoning lot#.

(11/13/12)

Appendix F
Special Regulations for Zoning Lots Utilizing the High Line
Improvement Bonus and Located Within Subarea J

This Appendix sets forth additional requirements governing #zoning lots# located within Subarea J over which the #High Line# passes for any #development# or #enlargement# which involves an increase in the applicable basic maximum #floor area ratio# of the #zoning lot# up to the amount specified in Section 98-22 (Maximum Floor Area Ratio and Lot Coverage in Subareas). The additional requirements are set forth in this Appendix, (F), in paragraphs (a), the issuance of a building permit for such #development# or #enlargement# pursuant to paragraph (a) of

Section 98-25 (High Line Improvement Bonus); paragraph (b), the performance of improvements as a condition of issuance of temporary or permanent certificates of occupancy pursuant to paragraph (d) of Section 98-25; and paragraph (c), the option of the owner to offer to the City an additional #High Line# Support Easement Volume. The term "parties in interest" as used herein shall mean "parties-in-interest," as defined in paragraph (f)(4) of the definition of #zoning lot# in Section 12-10.

(a) Requirements for issuance of a building permit pursuant to paragraph (a) of Section 98-25

(1) As a condition of certification:

(i) For each square foot of #floor area# which causes the #floor area ratio# of a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on November 13, 2012, up to the amount specified in Section 98-22, the owner shall:

(a) for the first 80,000 square feet of such #floor area#, deposit such contribution to the Affordable Housing Fund established under Section 98-262, paragraph (c), for use in accordance with the provisions of that Section; and

(b) for all such #floor area# which exceeds 80,000 square feet, subject to a deduction pursuant to other provisions of this Appendix, (F), deposit such contribution to the #High Line# Improvement Fund, or secure such contribution by letter of credit or other cash equivalent instrument in a form acceptable to the City.

Such contribution, in each case, shall be \$59.07 per square foot of #floor area# as of November 13, 2012, which contribution rate shall be adjusted July 1 of the following year and each year thereafter by the percentage change in the Consumer Price Index for all urban consumers as defined by the U.S. Bureau of Labor Statistics;

(ii) All parties-in-interest shall execute that restrictive declaration, dated October 25, 2012, and on file at the Office of the Counsel,

Department of City Planning, required in connection with environmental assessment (CEQR No. 11DCP120M) for the purpose of addressing historic resources and containing other provisions regarding the preservation of certain features of existing #buildings# and structures and related matters;

(iii) All parties-in-interest shall execute a restrictive declaration in a form acceptable to the City addressing the terms described in this paragraph, (a)(1)(iii):

(a) Hotel #use#

No #development# or #enlargement# that utilizes the provisions of Section 98-25 shall include a #transient hotel#;

(b) Retail concourse

As a condition of any #development# or #enlargement# pursuant to Section 98-25, the owner shall provide a pedestrian passageway within any #building# located on the #zoning lot# connecting the Ninth Avenue sidewalk with the Tenth Avenue sidewalk, which passageway shall be open to the public during business hours. Not less than 60 percent of the length of the frontages of such passageway shall be occupied primarily by retail uses, and in addition may be occupied by service, wholesale, production and event space identified in Use Groups 6A, 6C, 7B, 7C, 8A, 9A, 9B, 10B, 11A, 12A, 12B, 16A, 17A and such spaces shall have access to the passageway;

(c) Locations and dimensions of the #High Line# Support Easement Volumes

The #High Line# Support Easement Volumes shall be sized and located to accommodate the following amenities, all of which shall be located within the #buildings# located within the Tenth Avenue Zone, as described in Section 98-423, paragraph (g)(iii):

- (1) exclusive easements for public restrooms for each gender with an aggregate area of no less than 560 square feet (and which need not be more than 700 square feet) located adjacent to the #High Line# with direct access to the #High Line# for each of the public restrooms;
- (2) exclusive easements for #High Line# support space with an aggregate area of no less than 2,400 square feet (and which need not be more than 3,000 square feet) of which up to 800 square feet may be located on a mezzanine level, such space to be located adjacent and accessible to the #High Line#;
- (3) exclusive easements for #High Line# support space located in the cellar level in an aggregate area no less than 800 square feet (but need not be more than 1,000 square feet);
- (4) exclusive use of a dedicated freight elevator that shall provide access to the cellar level, to a shared loading facility at #street# level, to the level of the #High Line bed# and to the level of the #High Line# support space described in paragraph (a)(1)(iii)(c)(2) of this Appendix, (F); and
- (5) non-exclusive easements for:
 - (i) access between the dedicated freight elevator and the shared loading facility at grade level and the #High Line# support space located in the cellar level; and
 - (ii) use of the shared loading facility as more particularly set forth in

paragraph (a)(1)(iii)(d) of this Appendix, (F);

(d) Use of the #High Line# Support Easement Volumes

The #High Line# Support Easement Volumes shall not be dedicated for use by the general public but rather for use by the City or its designee for storage, delivery of materials and support of #uses# within the #High Line# (and in connection therewith, the fitting-out, operating, maintaining, repairing, restoring and replacement of the #High Line# Support Easement Volumes), except that:

- (1) the public may use the public restrooms;
- (2) up to 650 square feet of space adjacent to the #High Line# may be used exclusively for educational and related programming that is at no cost to the public; and
- (3) if dedicated to the City in accordance with paragraph (d) of this Appendix, (F), the optional additional #High Line# Support Easement Volume may be accessible to the public as part of concessions or other uses that relate to the #High Line#.

The City or its designee shall at all times use, operate and maintain the #High Line# Support Easement Volumes so as not to interfere with the use and enjoyment of the #buildings# located within Subarea J.

The #High Line# support spaces described in paragraphs (a)(1)(iii)(c)(2) and (3) of this Appendix, (F), shall be accessible by a dedicated freight elevator that connects to non-exclusive portions of the #building#, including a loading facility at #curb level#, through which the City or its

designee shall be provided with a non-exclusive easement to enable reasonable and customary access;

- (e) Effective date of the #High Line# Support Easement Volumes

The City's or its designee's rights to utilize the #High Line# Support Easement Volumes shall commence on the date that the #High Line# Support Work has been completed in accordance with paragraph (b)(1) of this Appendix, (F), or in the event of default of the owner in accordance with paragraph (c) of this Appendix, (F), the date that the City has notified the owner that it intends to perform such #High Line# Support Work in accordance with paragraph (c); and

- (f) Notice by the Department of City Planning of its receipt of certified copies of the recorded restrictive declarations required pursuant to paragraph (a) (1) (ii) and (iii) of this Appendix, (F), shall be a precondition to issuance by the Commissioner of Buildings of any building permits including any foundation or alteration permit for any #development# or #enlargement# which causes the #floor area ratio# of a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on November 13, 2012;
- (iv) The owner shall submit plans for the #High Line# Support Work described in paragraph (b)(1) of this Appendix, (F), that demonstrate compliance with the provisions of this Appendix and are consistent with New York City Department of Parks and Recreation standards and best practices governing material life cycle and maintenance, for review and approval by the Chairperson of the City Planning Commission;
- (v) Solely in the event the initial certification made pursuant to Section 98-25, paragraph (a), is with respect to additional #floor area# to be added to a #building# or portion of a #building#

located outside of the Tenth Avenue Zone as described in Section 98-423, paragraph (g)(iii), then the owner shall enter into agreements with the City or its designee, in a form reasonably acceptable to the City, to provide interim access, in accordance with such agreements, to the #High Line# through a non-exclusive loading facility and an existing freight elevator. Such agreements shall provide that any space within the existing #building# may be used by the City or its designee at no cost, except that the City or its designee shall be obligated to pay for the proportionate costs of utilities, maintenance and other building expenses associated with the use of such loading facility and elevator, and for any improvements or modifications to such space that may be requested by the City or its designee. Such interim access shall cease upon the date that the City or its designee commences utilization of the #High Line# Support Easement Volumes in accordance with paragraph (a)(1)(iii)(d) of this Appendix, (F);

- (2) The location of #floor area# which would cause the #floor area ratio# of a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on November 13, 2012, and be subject to the provisions of Section 98-25, shall be considered to be the topmost portion of the #development# or #enlargement# unless, at the time of certification pursuant to Section 98-25, paragraph (a), the owner designates on plans submitted to the Chairperson of the City Planning Commission, subject to the concurrence of the Chairperson, an alternate location.
- (b) Requirements for issuance of certificates of occupancy pursuant to paragraph (d) of Section 98-25
 - (1) #High Line# Support Work pursuant to paragraph (d) of Section 98-25
 - (i) The owner shall perform #High Line# Support Work subject to the provisions of this paragraph, (b)(1), inclusive. For temporary certificates of occupancy, certification pursuant to Section 98-25, paragraph (d), shall be the substantial completion of the

work. For permanent certificates of occupancy, certification shall be of final completion of the work.

(ii) The #High Line# Support Work shall consist of the following:

- (a) the construction, fit-out and delivery in an operative condition of public restrooms described in paragraph (a)(1)(iii)(c)(1) of this Appendix, (F), furnished with restroom fixtures, including six toilet stalls for women, an aggregate of six toilet stalls and/or urinals for men and three sinks in each restroom, and provided with utility connections.
- (b) the construction of the core and shell of the #High Line# support space described in paragraphs (a)(1)(iii)(c)(2) and (3) of this Appendix, (F), including the provision of and access to separately metered gas, ventilation, water, sewer, electricity and telecommunications utilities systems commonly available in the #building# sufficient to support the anticipated uses of the support space. Within the portion of the #High Line# support space in the vicinity of the level of the #High Line bed#, the owner will install a kitchen exhaust duct from such support space to a suitable point of discharge and will provide access to the #building# sprinkler standpipe and fire alarm system. Such support space shall also include access to a storage mezzanine pursuant to a dedicated lift, and there shall be a clear path at least five feet wide from the lift to the dedicated freight elevator described in paragraph (b)(1)(ii)(c) of this Appendix, (F). The owner will not be responsible for distributing any utility services within the #High Line#

support space or for providing any ancillary equipment for the kitchen exhaust duct; and

- (c) the construction of the dedicated freight elevator described in paragraph (a)(1)(iii)(c)(4) of this Appendix, (F), with a minimum capacity of 3,000 pounds;
- (iii) Following the completion of the #High Line# Support Work described in paragraph (b)(1)(ii) of this Appendix, (F), all subsequent costs of operating, maintaining, repairing, replacing and additional fit-out of the #High Line# support space shall be exclusively the responsibility of the City and not the owner, provided that the owner shall be responsible for the repair and replacement of any defective #High Line# Support Work for a period of one year after completion thereof;
- (iv) The cost to the owner of the #High Line# Support Work pursuant to the plans approved pursuant to this paragraph, (a)(1)(iv), shall be estimated at the time of such approval by a licensed engineer selected by the owner, such estimate to be in a form reasonably acceptable to the City, at an amount not to exceed \$2,544,000, as adjusted at the time of such approval by changes in the construction cost index published by the Engineering News Record (ENR) for New York City commencing as of December 1, 2012. In the event that the City requests the owner to perform any additional work in conjunction with the #High Line# Support Work and the owner agrees to perform such additional work, then the cost of such additional work shall be the responsibility of the City and may be deducted in whole or in part from the #High Line# Improvement Fund contribution required pursuant to paragraph (a)(1) of this Appendix, (F);

- (v) Except as set forth in paragraph (b)(1)(v) of this Appendix, (F), no temporary or permanent certificates of occupancy may be issued pursuant to Section 98-25, paragraph (d), for #floor area# in a #development# or #enlargement# which causes the #floor area ratio# on a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on November 13, 2012, until the #High Line# Support Work described in paragraph (b)(1) of this Appendix, (F), has been substantially completed or finally completed, as applicable;
- (vi) Notwithstanding anything to the contrary in this paragraph, (b)(1), inclusive, if certification is initially made pursuant to Section 98-25, paragraph (a), with respect to additional #floor area# to be added to a #building# or portion of a #building# located outside of the Tenth Avenue Zone, as described in Section 98-423, paragraph (g)(iii), then the conditions for certification pursuant to Section 98-25, paragraph (d), for a permanent or temporary certificate of occupancy shall not apply to such #building# or portion of a #building# and the following conditions shall apply:
 - (a) the owner shall deliver a letter of credit or other security reasonably satisfactory to the City in an amount reasonably determined by the City as sufficient for the City to perform the #High Line# Support Work described in paragraph (b)(1) of this Appendix, (F), which letter of credit or other security may be drawn or exercised by the City in the event of a default by the owner in accordance with paragraph (c)(ii) of this Appendix, (F); and
 - (b) the owner shall enter into an agreement with the City in a form reasonably acceptable to the City requiring the owner to commence the #High Line# Support Work described in paragraph

(b)(1) of this Appendix, (F), no later than September 1, 2017, subject to force majeure as determined by the Chairperson, and shall thereafter diligently prosecute the same to completion, pursuant to an agreed-upon schedule, subject to force majeure as determined by the Chairperson.

(c) In the event the owner is in default of its obligations pursuant to the agreements required by paragraph (b)(1)(vi) of this Appendix, (F):

- (1) The City shall be entitled to draw the letter of credit or exercise the other security described in paragraph (b)(1)(vi)(a) of this Appendix, (F), and to take possession of the #High Line# Support Easement Volumes following delivery of notice to the owner that the City intends to perform the #High Line# Support Work in accordance with provisions to be set forth in the restrictive declaration described in paragraph (a)(1)(iii) of this Appendix, (F);
- (2) The City shall return to the owner any contribution made to the #High Line# Improvement Fund with respect to additional #floor area# to be added to a #building# or portion of a #building# located within the Tenth Avenue Zone as described in Section 98-423, paragraph (g)(iii);
- (3) No additional building permit may be issued pursuant to Section 98-25, paragraph (a), with respect to a #development# or #enlargement# to be located within the Tenth Avenue Zone as described in Section 98-423, paragraph (g)(iii), nor may any temporary or permanent certificates of occupancy be issued pursuant to Section 98-25, paragraph (d), for #floor area# in such a #development# or #enlargement# which causes the #floor area ratio# on a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on November 13, 2012.

(d) Option to offer an additional #High Line# Support Easement Volume:

- (1) The owner, at its sole option, may elect to offer to the City an easement comprising up to 7,500 square

feet of #floor area# within the #building# adjacent to the #High Line# and at the vicinity of the level of the #High Line bed# as an additional #High Line# Support Easement Volume by written notice to the Chairperson of the City Planning Commission, with a copy to the Commissioner of the Department of Parks and Recreation. Such written notice shall be delivered contemporaneously with the owner's first request for certification by the Chairperson, described in paragraph (a) of Section 98-25, that relates to a #building# or portion of a #building# within the Tenth Avenue Zone, as described in Section 98-423, paragraph (g)(iii);

- (2) If the owner elects to exercise such option, the owner shall provide an appraisal from an appraiser reasonably acceptable to the City who is a member of the American Institute of Real Estate Appraisers (or its successor organization) establishing the fair market value of the additional #High Line# Support Easement Volume to be so dedicated. The term "fair market value" shall mean the price at which such additional #High Line# Support Easement Volume would change hands between a willing buyer and a willing seller, both acting rationally, at arm's length, in an open and unrestricted market. The appraisal shall determine such fair market value of the additional #High Line# Support Easement Volume based on its highest and best as-of-right #uses#, valued in an unimproved core and shell physical condition (including any existing structural elements, such as the #building# wall separating the #High Line# from the additional easement volume) and considered unencumbered by any leases, mortgages or other matters that will be released or otherwise subordinate to the grant of such additional #High Line# Support Easement Volume to the City. The appraisal shall not assume that as-of-right #uses# of the additional #High Line# Support Easement Volume may enjoy any access to and from the #High Line#. Any other appraisal assumptions or instructions not set forth herein shall be subject to approval by the City.
- (3) If such option is exercised by the owner, the City shall have up to 60 days from the delivery of the written notice described in paragraph (d)(1) of this Appendix, (F), to irrevocably accept or decline the

exercise of the option by written notice to the owner. If the City does not so accept or decline the option within said 60 day period, then the option shall be deemed declined and neither the City nor the owner shall have any further rights or obligations under this paragraph, (d), inclusive;

- (4) If such option is exercised by the owner and accepted by the City, the restrictive declaration described in paragraph (a)(1)(ii) of this Appendix, (F), shall provide or shall be amended to include the additional #High Line# Support Easement Volume within the grant to the City, and the value of the additional #High Line# Support Easement Volume as set forth in the appraisal shall be the responsibility of the City and may be deducted in whole or in part from the #High Line# Improvement Fund contribution required pursuant to paragraph (a)(1) of this Appendix, (F);
- (5) In the event that the City requests the owner to perform any work in conjunction with the dedication of the additional #High Line# Support Easement Volume and the owner agrees to perform such work, then the cost of such additional work shall be the responsibility of the City and may be deducted in whole or in part from the #High Line# Improvement Fund contribution required pursuant to paragraph (a)(1) of this Appendix, (F). All costs of fitting-out, operating, maintaining, repairing and replacing the additional #High Line# Support Easement Volume shall be exclusively the responsibility of the City and not the owner.

Article IX - Special Purpose Districts

Chapter 9

Special Madison Avenue Preservation District

(12/20/73)

99-00

GENERAL PURPOSES

The "Special Madison Avenue Preservation District" as established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include among others, the following specific purposes:

- (a) to preserve and protect the unique character and architectural quality of Madison Avenue and its surrounding area;
- (b) to preserve and enhance street life by promoting specialty shops at street level;
- (c) to introduce amenities relating to the residential character of the area; and
- (d) to promote the most desirable use of land in this area and thus to conserve the value of land and buildings and thereby protect the City's tax revenues.

(2/2/11)

99-01

Definitions

Development

For purposes of this Chapter, a "development" includes the construction of a new #building or other structure# on a #zoning lot#, the relocation of an existing #building# on another #zoning lot#, and an #enlargement#.

Landmark building

A "landmark building" is any #building# designated as a landmark by the Landmarks Preservation Commission, pursuant to procedures set forth in Section 3020 of the New York City Charter and other applicable laws.

Style building

A "style building" is a #building# possessing an architectural style, as described in the Upper East Side Historic District Designation Report prepared by the New York City Landmarks Preservation Commission in 1981.

(12/20/73)

99-02

General Provisions

Except as modified by the express provisions of this Chapter, the regulations of the underlying district remain in effect.

(2/2/11)

99-03

Special Use Regulations

In order to retain the existing #residential# and retail character of the area, #commercial uses# shall occupy at least the first #story# that has a floor level within five feet of #curb level#. Such #commercial uses# shall be limited to #uses# listed in Section 99-031 (Use Group MP). Notwithstanding the provisions of Article V, Chapter 2, #non-conforming uses# may only be changed to #uses# listed in Section 99-031. Such #commercial uses# shall occupy a minimum linear frontage of 75 percent of the frontage of a #zoning lot# on Madison Avenue, except that lots with a frontage of 100 feet or less on Madison Avenue may have a #commercial# frontage of less than 75 percent in order to provide a maximum 25 foot wide entrance to the #residential# portion of the #building#.

The mandatory #use# regulations of this Section may be modified for a #community facility#, pursuant to the certification provisions of Section 99-032 (Modifications of use regulations for a community facility).

(2/2/11)

99-031

Use Group MP

Use Group MP comprises a group of #commercial# establishments selected to promote and strengthen the existing #commercial# character of the Special District. The #commercial uses# listed in Table A of this Section are permitted in any portion of the Special District located within a C1 District. The #commercial uses# listed in Tables A and B of this Section are permitted in any portion of the Special District located within a C5 District.

Table A

A. Transient Accommodations

#Hotels, transient#

B. Retail or Service Establishments

Antique stores

Art galleries, commercial

Artist's supply stores

Bakeries, provided that #floor area# used for production shall be limited to 750 square feet per establishment

Banks (limited to 40 linear feet of #street# frontage)

Barber shops

Beauty shops

Bicycle sales

Book stores

Candy or ice cream stores

Carpet, rug, linoleum or other floor covering stores, limited to 10,000 square feet of #floor area# per establishment

Cigar and tobacco stores

Clothing or clothing accessory stores

Clothing rental establishments

Drug stores

Dry cleaning or clothes pressing establishments or receiving stations dealing directly with ultimate consumers, limited to 2,000 square feet of #floor area# per establishment, and provided that only solvents with a flash point of not less than 138.2 degrees Fahrenheit shall be used, and total aggregate dry load capacity of machines shall not exceed 60 pounds

Dry goods or fabrics stores, limited to 10,000 square feet of #floor area# per establishment

Eating or drinking establishments, including those which provide outdoor table service or have music for which there is no charge and no specified showtime

Eating or drinking establishments with musical entertainment, but not dancing, with a capacity of 200 persons or fewer

Electrolysis studios

Fishing tackle or equipment, rental or sales

Florist shops

Food stores, including supermarkets, grocery stores, meat markets, or delicatessen stores

Furniture stores, limited to 10,000 square feet of #floor area# per establishment

Furrier shops, custom

Gift shops

Hardware stores

Interior decorating establishments, provided that #floor area# used for processing, servicing, or repairs shall be limited to 750 square feet per establishment

Jewelry or art metal craft shops

Laundry establishments, hand or automatic self-service

Leather goods or luggage stores

Loan offices (limited to 40 linear feet of #street# frontage)

Locksmith shops

Medical or orthopedic appliance stores

Meeting halls

Millinery shops

Music stores

Newsstands, open or enclosed

Optician or optometrist establishments

Package liquor stores

Paint stores

Pet shops

Photographic equipment or supply stores

Photographic studios

Picture framing shops

Post offices

Record stores

Seed or garden supply stores

Sewing machine stores, selling household machines only

Shoe or hat repair shops

Shoe stores

Sporting or athletic stores

Stamp or coin stores

Stationery stores

Tailor or dressmaking shops, custom

Telegraph offices

Television, radio, phonograph or household appliance stores, limited to 10,000 square feet of #floor area# per establishment

Toy stores

Travel bureaus

Typewriter stores

Variety stores, limited to 10,000 square feet of #floor area# per establishment

Wallpaper stores

Watch or clock stores or repair shops

C. Offices

*Offices, businesses, professional or governmental

D. Public Service Establishments

*Court houses

*Clubs, non-commercial, without restrictions on activities or facilities

Table B

A. Retail or Service Establishments

*Blueprinting or photostating establishments

*Business schools or colleges

Carpet, rug, linoleum or other floor covering stores, with no limitation on #floor area# per establishment

*Catering

*Clothing or costume rental establishments

Department stores

*Depositories for storage of office records, microfilm, or

computer tapes, or for data processing

Dry goods or fabric stores, with no limitation on #floor area# per establishment

Eating or drinking places, without restrictions on entertainment or dancing but limited to location in hotels

Furniture stores, with no limitation on #floor area# per establishment

*Gymnasiums, used exclusively for basketball, handball, squash and tennis

*Medical or dental laboratories for research or testing, or the custom manufacture of artificial teeth, dentures, or plates, not involving any danger of fire or explosion nor offensive noise, vibration, smoke or other particulate matter, odorous matter, heat, humidity, glare or other objectionable effects

*Motion picture production studios

Musical instrument repair shops

Office or business machine stores, sales or rental (limited to 40 linear feet of #street# frontage)

**#Physical culture or health establishments#, including gymnasiums (not listed under Use Group 9), reducing salons, massage establishments or steambaths, but other than #adult physical culture establishments#

Plumbing, heating, or ventilating equipment showrooms, without repair facilities (limited to 40 linear feet of #street# frontage)

*Printing establishments, limited to 2,500 square feet of #floor area# per establishment for production

Public auction rooms

*Radio or television studios

Studios, art, music, dancing or theatrical

Television, radio, phonograph, or household appliance stores, with no limitation on #floor area# per establishment

*Trade, or other schools for adults, not involving any

danger of fire or explosion nor of offensive noise, vibration, smoke or particulate matter, dust, odorous matter, heat, humidity, glare, or other objectionable effects

Typewriter or other small business machine sales, rental or repairs

Umbrella repair shops

Variety stores, with no limitation on #floor area# per establishment

*Wedding chapels or banquet halls

B. Wholesale Establishments

*Hair products for headwear, wholesaling including styling

*Photographic developing or printing establishments, limited to 2,500 square feet of #floor area# per establishment

*Ship chandlers

*Wholesale establishments, with #accessory# storage limited to 2,500 square feet of #floor area# per establishment

*Wholesale offices or showrooms, with storage restricted to samples

C. Manufacturing Establishments

*Art needle work, hand weaving, or tapestries

*Books, hand binding or tooling

*Ceramic products, custom manufacturing

*Clothing, custom manufacturing or altering for retail

*Hair products, custom manufacturing

*Jewelry manufacturing from precious metals

*Medical, dental, drafting instruments, optical goods, or similar precision instruments

*Musical instruments, except pianos and organs

*Orthopedic or medical appliances, custom manufacturing

*Printing, custom, limited to 2,500 square feet of #floor area# per establishment for production

*Watch making

D. #Accessory uses#

* #Uses# marked with an asterisk (*) shall not be located within #stories# that have a floor level within five feet of #curb level# unless such #use# is at least 50 feet from the #street wall# of the #building# in which it is located, and with no #show window# facing on the #street#

** #Uses# in Use Group MP marked with a double asterisk (**) are permitted only by special permit of the Board of Standards and Appeals, pursuant to the provisions of Section 73-36

(2/2/11)

99-032

Modifications of use regulations for a community facility

The mandatory #use# regulations of Section 99-03 (Special Use Regulations) may be modified for a #community facility# provided the City Planning Commission certifies that the treatment of the facade preserves and enhances street life on Madison Avenue compatible with the character of the surrounding area.

(5/12/94)

99-04

Special Bulk Provisions

For the purposes of this Chapter, the maximum #floor area ratio# on a #zoning lot# shall not exceed 10.0.

(5/12/94)

99-05

Special Height and Setback Regulations

The height and setback regulations of Sections 23-63, 23-64, 23-65, 24-52, 24-53, 24-54, 33-43, 33-44 and 33-45 shall not apply. In lieu thereof, the height and setback regulations set forth in Sections 99-051 through 99-054, inclusive, shall apply.

(2/2/11)

99-051

Location, height and setback of street wall

(a) #Street walls# along Madison Avenue

For #developments# or #enlarged# portions of #buildings# with frontage on Madison Avenue or on a side #street# within 50 feet of its intersection with Madison Avenue, the following regulations shall apply:

(1) The #street wall# of the base of such #building# shall be located on the #street line# or, if there is an existing #abutting building# fronting on the same #street line# that is set back from such #street line#, the #street wall# of the base may be aligned with the #street wall# of the #abutting building# for a distance of not less than 10 feet measured horizontally from the side wall of such #abutting building#. However, such setback distance shall not exceed 15 feet from the #street line#. All #street walls# built pursuant to this paragraph shall extend along the full length of the #street line# and rise vertically without setback for:

(i) not less than 110 feet but not more than 120 feet above #curb level#; or

(ii) the full height of the #building#;

whichever is less.

(2) Above the base, a setback is required for all portions of a #building# which exceed a height of 120 feet above #curb level#. Such setback shall be provided at a height not lower than 110 feet above #curb level#, and shall have a minimum depth of 10 feet from a #wide street line# and a minimum depth of 15 feet from a #narrow street line#.

(3) No portion of a #building# may exceed the height

limitations of Section 99-054 (Maximum building height).

(b) #Street walls# along side #streets#

For #developments# or #enlarged# portions of #buildings# with frontage on a side #street# beyond 50 feet of its intersection with Madison Avenue, the following regulations shall apply:

- (1) The #street wall# of the base of such #building# shall be located on the #street line# or, if there is an existing #abutting building# fronting on the same #street line# that is set back from such #street line#, the #street wall# of the base shall be aligned with the #street wall# of the #abutting building# for a distance of not less than 10 feet measured horizontally from the side wall of such #abutting building#. However, such setback distance need not exceed 10 feet from the #street line#. All #street walls# built pursuant to this paragraph shall extend along the full length of the #street line# and rise vertically without setback for:

- (i) a height of 60 feet above #curb level#; or
- (ii) the height of a #street wall# before setback, if applicable, of that portion of an existing #building# nearest the #development# or #enlargement#, fronting on the same #street line#, and located on the same or an adjoining #zoning lot#;

whichever is higher.

- (2) Alternatively, the #street wall# location provisions of paragraph (a) of this Section may apply to the base of a #building# along a side #street# beyond 50 feet of its intersection with Madison Avenue, up to a distance of 70 feet from its intersection with Madison Avenue.
- (3) Above the base, a setback is required for all portions of a #building#. Such setback shall have a minimum depth of 10 feet from a #wide street line# and a minimum depth of 15 feet from a #narrow street line#.
- (4) No portion of a #building# may exceed the height limitations of Section 99-054 (Maximum building height).

(c) #Street walls# in Historic Districts

For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height and #street wall# location regulations of this Section shall be modified as follows:

- (1) The minimum base height of a #street wall# may vary between the height of the #street wall# of an adjacent #building# before setback, if such height is lower than the minimum base height required, up to the minimum base height requirements of this Section.
- (2) The location of the #street wall# of any #building# may vary between the #street wall# location requirements of this Section, and the location of the #street wall# of an adjacent #building# fronting on the same #street line#.

(2/2/11)

99-052

Recesses, balconies and dormers

(a) Recesses

Recesses are permitted to provide #outer courts#, balconies or articulation of #street walls# at the intersection of two #street lines#. In addition, recesses may be required or prohibited due to the width of the #zoning lot# or the location of the #street wall# of an adjacent #building#. For the purposes of this Section, the provisions of Section 23-842 (Wide outer courts) shall not apply. In lieu thereof, the width of any such #court# shall be at least one and one-third times its depth. All recesses shall be provided in accordance with the following provisions:

- (1) Above a height of 20 feet above #curb level#, or above the level of the second #story#, whichever is lower, up to 30 percent of the #street wall# of a base may be recessed from the #street line#. However, no recesses shall be permitted within 30 feet of the intersection of two #street lines#, unless such recesses are provided within an area bounded by the two #street lines# and a line connecting such #street lines# at points 15 feet from their intersection.
- (2) Where the #development# or #enlarged# portion of a

#building# is adjacent to an existing #building# located on a #zoning lot# having frontage on the same #street line#, no recesses shall be provided in the #street wall# of the #development# or #enlargement# for a distance of 10 feet from the adjacent corner of the existing #building# to a height equal to the height of the existing #building#.

- (3) Except for a #zoning lot# with less than 50 feet of frontage, or a #zoning lot# with less than 100 feet of frontage and located entirely in a Historic District designated by the Landmark Preservation Commission, recesses are required on the #street walls# of #buildings# facing Madison Avenue, in accordance with the following provisions:

- (i) above a height of 20 feet above #curb level#, or above the level of the second #story#, whichever is lower, at least 25 percent of the length of the #street wall# of a base at the level of every #story# shall be recessed from the #street line# to a depth of at least five feet. Such recesses shall be unobstructed from their lowest level to the sky; and
- (ii) above the base, the #street wall# shall be articulated with recesses that occupy at least 20 percent of the length of the #street wall# at the level of every #story# to a depth of at least five feet. Such recesses shall be unobstructed from their lowest level to the sky.

(b) Balconies

Balconies shall comply with the following provisions:

- (1) No balconies shall be permitted to extend beyond the #street wall# of the base built in accordance with the height and setback regulations of Section 99-051 (Location, height and setback of street wall), paragraph (a).
- (2) Balconies shall be permitted in recesses that are not required to be unobstructed from their lowest level to the sky.

(c) Dormers

For the purposes of this Section, a dormer shall be a vertical extension of the #street wall# of a base allowed as

a permitted obstruction within a required setback area. A dormer may be located anywhere on a #wide street#, and on a #narrow street# within 70 feet of its intersection with a #wide street#. However, a dormer shall not be located within 10 feet of a #side lot line# unless it fully abuts an adjoining #building#.

On any #street# frontage, the aggregate width of all dormers at the required setback level shall not exceed 60 percent of the width of the #street wall# of the highest #story# of the base. For each foot of height above the base, the aggregate width of all dormers at that height shall be decreased by one percent of the #street wall# width of the highest #story# of the base.

(2/2/11)

99-053

Special provisions for narrow buildings

If the width of a #street wall#, built pursuant to Section 99-051 or 99-052, is 45 feet or less, then the #building# shall comply with the provisions of Section 23-692 (Height limitations for narrow buildings or enlargements).

(2/2/11)

99-054

Maximum building height

The height of all #buildings or other structures# shall comply with the following provisions:

- (a) Except as otherwise provided in paragraph (b) of this Section, the height of all #buildings or other structures# shall not exceed 170 feet above #curb level#. However, such #buildings or other structures# may exceed 170 feet, to a height of 19 #stories# or 210 feet, whichever is less, provided that the gross area of each #story# located above 170 feet does not exceed 80 percent of the gross area of the #story# directly below it.
- (b) For the purposes of this Section, the Midblock Transition Portion shall be that portion of a #zoning lot# located within the area between 70 feet and 100 feet from the Madison Avenue #street line#, except for a #zoning lot#

which has frontage on a #wide street# not located in a historic district. Within the Midblock Transition Portion, a #building or other structure# shall not penetrate an imaginary plane that begins above a line 100 feet from the Madison Avenue #street line# at a height of 20 feet above the height of a #street wall# built pursuant to Section 99-051, paragraph (b), and rises over the Midblock Transition Portion to a height of 120 feet above #curb level# at a distance of 70 feet from the Madison Avenue #street line#.

(5/8/13)

99-06

Off-Street Parking Regulations

Within the portion of the #Special Madison Avenue District# located within the #Manhattan Core#, the provisions of Article I, Chapter 3 (Comprehensive Off-Street Parking and Loading Regulations in the Manhattan Core), inclusive, shall apply. For all other portions of the #Special Madison Avenue District#, the provisions of this Section shall apply.

Where #accessory# off-street parking is provided, in no case shall curb cuts for vehicular access be located on Madison Avenue or on a #street# within 50 feet of its intersection with the #street line# of Madison Avenue. No off-site #accessory# off-street parking facilities for any #use# shall be permitted within the Special District.

(2/2/11)

99-07

Authorization to Waive Midblock Transition Portion Height Limitation

For a #zoning lot# in the Upper East Side Historic District, which #zoning lot# also contains a #landmark building# or #style building# to be preserved or, where a #zoning lot# is not located in the Upper East Side Historic District and the #zoning lot# contains a #building# to be preserved which the Landmarks Preservation Commission has designated as a landmark or certifies in a report by the staff or the Commission to be comparable to a #style building#, the City Planning Commission may authorize the waiver of the requirements of Section 99-054 (Maximum building height), paragraph (b), provided the City Planning Commission

finds that:

- (a) the #development# or #enlargement# complies with the goals and purposes of the #Special Madison Avenue Preservation District#, as specified in Section 99-00 (GENERAL PURPOSES);
- (b) the #development# or #enlargement# will not alter either the character of the neighborhood or the character sought to be achieved by the Special District;
- (c) the #development# or #enlargement# will have a harmonious relationship with the #building# to be preserved; and
- (d) the Landmarks Preservation Commission reports that a program for continued maintenance of the #building# to be preserved has been established.

Article X
Special Purpose Districts

Chapter 1
Special Downtown Brooklyn District

(2/2/11)

101-00
GENERAL PURPOSES

The "Special Downtown Brooklyn District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to strengthen the business core of Downtown Brooklyn by improving the working and living environments;
- (b) to foster development in Downtown Brooklyn and provide direction and incentives for further growth where appropriate;
- (c) to create and provide a transition between the Downtown commercial core and the lower-scale residential communities of Fort Greene, Boerum Hill, Cobble Hill and Brooklyn Heights;
- (d) to encourage the design of new buildings that are in character with the area;
- (e) to preserve the historic architectural character of development along certain streets and avenues and the pedestrian orientation of ground floor uses, and thus safeguard the vitality of Downtown Brooklyn;
- (f) to improve the quality of development in Downtown Brooklyn by fostering the provision of specified public amenities in appropriate locations;
- (g) to improve visual amenity by establishing special sign regulations within the Fulton Mall and Atlantic Avenue Subdistricts; and

- (h) to promote the most desirable use of land and building development for Downtown Brooklyn and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

(12/10/12)

101-01 Definitions

For purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS), Section 101-302 (Definitions Specific to the Atlantic Avenue Subdistrict) or in this Section.

Automated parking facility

An "automated parking facility" shall refer to an #accessory# off-street parking facility or #public parking garage# where vehicular storage and retrieval within such facility is accomplished entirely through a mechanical conveyance system, and shall not refer to a parking facility with parking lift systems that require an attendant to operate the vehicle that is to be parked.

Development or to develop

For purposes of this Chapter, "development" includes a #development#, an #enlargement# or an #extension#.

To "develop" is to create a #development#.

(2/2/11)

101-02 General Provisions

The provisions of this Chapter shall apply within the #Special Downtown Brooklyn District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the

provisions of this Chapter shall control.

Whenever a #zoning lot# is divided by the boundary of the #Special Downtown Brooklyn District#, the requirements set forth in this Chapter shall apply, and shall apply only to that portion of the #zoning lot# within the #Special Downtown Brooklyn District#.

(4/30/08)

101-03

District Plan and Maps

The regulations of this Chapter are designed to implement the #Special Downtown Brooklyn District# Plan.

The District Plan includes the following seven maps:

- | | |
|-------|--|
| Map 1 | Special Downtown Brooklyn District and Subdistricts |
| Map 2 | Ground Floor Retail Frontage |
| Map 3 | Ground Floor Transparency Requirements |
| Map 4 | Street Wall Continuity and Mandatory Sidewalk
Widenings |
| Map 5 | Curb Cut Restrictions |
| Map 6 | Height Limitation Areas |
| Map 7 | Subway Station Improvement Areas |

The maps are located within Appendix E (Special Downtown Brooklyn District Maps) of this Chapter and are hereby incorporated and made part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

(6/28/04)

101-04

Subdistricts

In order to carry out the provisions of this Chapter, two subdistricts are established within the #Special Downtown Brooklyn District#. In each of these subdistricts, certain special regulations apply that do not apply within the remainder of the #Special Downtown Brooklyn District#. The

subdistricts are outlined on Map 1 (Special Downtown Brooklyn District and Subdistricts) in Appendix E of this Chapter. Special regulations set forth in Sections 101-60 through 101-632, inclusive, shall apply to the Fulton Mall Subdistrict. Special regulations set forth in Sections 101-70 through 101-75 and Appendices A, B, C and D, inclusive, shall apply to the Atlantic Avenue Subdistrict. The subdistricts are also subject to all other regulations of the #Special Downtown Brooklyn District# and the underlying districts except as otherwise specified in the subdistrict regulations.

(6/28/04)

101-10 SPECIAL USE REGULATIONS

(2/2/11)

101-11 Special Ground Floor Use Regulations

Map 2 (Ground Floor Retail Frontage), in Appendix E of this Chapter, specifies locations where the special ground floor #use# regulations of this Section apply.

#Uses# within #stories# that have a floor level within five feet of #curb level#, and within 50 feet of the #street line#, shall be limited to #commercial uses# listed in Use Groups 5, 6A, 6C, 6D, 7A, 7B, 8A, 8B, 8D, 9, 10, 11, 12A, 12B and 12C, where such #uses# are permitted by the underlying district. In addition, libraries, museums and non-commercial art galleries shall be permitted. A #building's street# frontage shall be allocated exclusively to such #uses#, except for lobby space, entryways or entrances to subway stations. However, loading berths serving any permitted #use# in the #building# may occupy up to 40 feet of such #street# frontage provided such #street# frontage is not subject to curb cut restrictions as shown on Map 5 (Curb cut restrictions) in Appendix E of this Chapter.

In no event shall the length of #street# frontage occupied by lobby space or entryways exceed, in total, 30 feet or 50 percent of the #building's# total #street# frontage, whichever is less.

The regulations of this Section are modified as follows:

(a) Fulton Mall Subdistrict

For #buildings# in the Fulton Mall Subdistrict, Use Group 6A shall not include post offices, dry cleaning, laundry, or shoe and hat repair establishments. Use Group 6C shall not include automobile supply establishments, electrolysis studios, frozen food lockers, loan offices or locksmiths. Use Group 8A shall not include billiard parlors, pool halls, bowling alleys or model car hobby centers. Use Group 9 shall be prohibited except for typewriter stores. Use Group 10 shall not include depositories for office records, microfilm or computer tapes. Use Groups 6D, 7A, 7B, 8B, 8D, 11, 12A and 12C shall be prohibited. Furthermore, no bank or off-track betting establishment shall occupy more than 30 feet of frontage at the ground floor of any #building# along the #street line# of Fulton Street. Any establishment that fronts on the #street line# of Fulton Street for a distance greater than 15 feet shall provide an entrance on Fulton Street.

(b) Atlantic Avenue Subdistrict

Automotive service stations are not permitted. No bank, loan office, business or professional office or individual #use# in Use Group 9 shall occupy more than 50 feet of linear frontage on Atlantic Avenue. Moving and storage uses in Use Group 7 are permitted on the ground floor of a #building# only if such #use# is located at least 50 feet from the front wall of the #building# in which the #use# is located. Any #buildings developed# after June 28, 2004, or portions of #buildings enlarged# on the ground floor level after June 28, 2004, on a #zoning lot# of 3,500 square feet or more shall have a minimum of 50 percent of the ground #floor area# of the #building# devoted to permitted #commercial uses# in Use Groups 6, 7 or 9, except that this requirement shall not apply to any #development# occupied entirely by #community facility use#.

In any #building# within the Atlantic Avenue Subdistrict, the provisions of Section 32-421 (Limitation on floors occupied by non-residential uses) restricting the location of non-#residential uses# listed in Use Groups 6, 7, 8, 9 or 14 to below the level of the first #story#

ceiling in any #building# occupied on one of its upper stories by #residential# or #community facility uses#, shall not apply. In lieu thereof, such non-#residential uses# shall not be located above the level of the second #story# ceiling.

(2/2/11)

101-12

Transparency Requirements

Map 3 (Ground Floor Transparency Requirements) in Appendix E of this Chapter specifies locations where the following transparency requirements apply.

For any #buildings developed# after June 28, 2004, or portions of #buildings enlarged# on the ground floor level after June 28, 2004, each ground floor #street wall# shall be glazed with transparent materials which may include #show windows#, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 50 percent of the area of each such ground floor #street wall#, measured to a height of 10 feet above the level of the adjoining sidewalk. Where such glazed area is required to occupy at least 70 percent of the area of the ground floor #street wall#, up to 20 percent of the area of the ground floor #street wall# may be glazed with translucent materials. #Show windows# shall have a sill height not more than 2 feet, 6 inches above #curb level#.

For all locations specified on Map 3 in Appendix E of this Chapter, security gates installed after June 28, 2004, that are swung, drawn or lowered to secure #commercial# or #community facility# premises shall, when closed, permit visibility of at least 75 percent of the area covered by such gate when viewed from the #street#.

(6/28/04)

101-13

Sign Regulations

In the #Special Downtown Brooklyn District#, except as modified by the provisions of Section 101-131 (Permitted projection), the regulations of Section 32-60, et. seq.,

pertaining to #signs#, shall apply. Further regulations for the Fulton Mall Subdistrict and the Atlantic Avenue Subdistrict are set forth in Section 101-60, inclusive, and Section 101-70, inclusive.

(6/28/04)

101-131

Permitted projection

The provisions of Section 32-652 (Permitted projection in all other Commercial Districts) shall not apply. In lieu thereof, the provisions of this Section shall apply.

No permitted #sign# shall project across a #street line# more than 12 inches, except as otherwise provided in this Section.

Banners for theaters may project across a #street line# for a maximum distance of four feet, provided such banners are separated at least 25 feet apart, and further provided that such banners are located between 12 feet and 40 feet above #curb level#.

For each establishment located on the ground floor, non-#illuminated# double-faced #signs# may project perpendicularly across a #street line# for a maximum distance of 40 inches, provided that no more than two such #signs#, separated at least 25 feet apart, are permitted along each #street# on which such establishment fronts, and further provided that any such #sign# shall not exceed a #surface area# of 24 by 36 inches, and shall not be located above the sill level of the second #story# windows.

(6/28/04)

101-20

SPECIAL BULK REGULATIONS

(2/2/11)

101-21

Special Floor Area and Lot Coverage Regulations

R7-1 C6-1 C6-4.5

(a) In R7-1 Districts

In R7-1 Districts, the #floor area ratio# and #open space ratio# provisions applicable to #residential buildings# and #residential# portions of #mixed buildings# pursuant to Sections 23-142, 23-143 and 23-144 shall not apply. In lieu thereof, the maximum #floor area ratio# for #residential buildings# or #residential# portions of #mixed buildings# shall be 4.0, except that for #non-profit residences for the elderly# the maximum #floor area ratio# shall be 5.01. The maximum #lot coverage# for #residential buildings# or #residential# portions of #mixed buildings# shall be 65 percent for #interior lots#, except that for #non-profit residences for the elderly# the maximum #lot coverage# for #interior lots# shall be 70 percent. For all #residential buildings# or #residential# portions of #mixed buildings#, the maximum #lot coverage# for #corner lots# shall be 80 percent.

(b) In C6-1 Districts

In C6-1 Districts, the #floor area ratio# and #open space ratio# provisions applicable to #residential buildings# and #residential# portions of #mixed buildings#, pursuant to Sections 23-142, 23-143 and 23-144, shall not apply. In lieu thereof, the maximum #floor area ratio# for #residential buildings# or #residential# portions of #mixed buildings# shall be 3.44, except that for #non-profit residences for the elderly#, the maximum #floor area ratio# shall be 5.01. The maximum #lot coverage# for #residential buildings# or #residential# portions of #mixed buildings# shall be 65 percent for #interior lots#, except that for #non-profit residences for the elderly#, the maximum #lot coverage# for #interior lots# shall be 70 percent. For all #residential buildings# or #residential# portions of #mixed buildings#, the maximum #lot coverage# for #corner lots# shall be 80 percent. For #Quality Housing buildings#, the underlying #floor area ratio# and #lot coverage# regulations shall apply.

(c) In C6-4.5 Districts

In C6-4.5 Districts, the maximum permitted #floor area ratio# for #commercial# or #community facility uses# shall be 12.0. No #floor area# bonuses for #commercial#

or #community facility uses# shall be permitted.

(2/2/11)

101-211

Special permit for subway station improvements

Within the #Special Downtown Brooklyn District#, the City Planning Commission may grant, by special permit, a #floor area# bonus for #buildings# that provide subway station improvements, pursuant to the provisions of Section 74-634 (Subway station improvements in Downtown Brooklyn and in Commercial Districts of 10 FAR and above in Manhattan).

The total additional #floor area# permitted on the #zoning lot# shall not exceed 20 percent of the basic maximum #floor area ratio# permitted by the underlying district regulations.

For the purposes of the Special District, the #zoning lot# for the #development# that will receive the #floor area# bonus shall be adjacent to a subway station where major improvements have been provided. Upon completion of the improvement, the #zoning lot# will physically adjoin a subway station mezzanine, platform, concourse or connecting passageway.

The subway stations where such improvements are permitted are listed in the following table and shown on Map 7 (Subway Station Improvement Areas) in Appendix E of this Chapter.

Station	Line
Borough Hall	Eastern Parkway
Court Street	Montague Street Tunnel
Dekalb Avenue	4th Avenue/Brighton
Hoyt Street	Eastern Parkway
Hoyt-Schermerhorn Street	Crosstown/Fulton Street
Jay St.-MetroTech	Culver/Fulton Street
Lawrence Street	Montague Street Tunnel
Nevins Street	Eastern Parkway
Atlantic Ave-Pacific Street	4th Avenue/Brighton

(2/2/11)

101-22

Special Height and Setback Regulations

The height of all #buildings or other structures# shall be measured from the #base plane#. The provisions of Section 101-221 (Permitted Obstructions) shall apply to all #buildings# within the #Special Downtown Brooklyn District#.

In R7-1, C5-4, C6-1 and C6-4 Districts, except C6-1A Districts, the underlying height and setback regulations shall not apply. In lieu thereof, all #buildings or other structures# shall comply with the provisions of Section 101-222 (Standard height and setback regulations) or, as an option where applicable, Section 101-223 (Tower regulations). #Buildings or other structures# within the Flatbush Avenue Extension and Schermerhorn Street Height Limitation Areas shall comply with the provisions of Section 101-30 (SPECIAL PROVISIONS WITHIN HEIGHT LIMITATION AREAS). However, the underlying height and setback regulations shall apply to any #Quality Housing building#, except that Quality Housing height and setback regulations shall not be applicable within any R7-1 District mapped within a C2-4 District.

(4/30/12)

101-221

Permitted Obstructions

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Downtown Brooklyn District#, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts).

(6/28/04)

101-222**Standard height and setback regulations**

R7-1

C5-4 C6-1 C6-4

In the districts indicated, except C6-1A Districts, a #building or other structure# shall not exceed the applicable maximum #building# height set forth in the table in this Section. Furthermore, any portion of a #building or other structure# that exceeds the applicable maximum base height shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

MAXIMUM BASE HEIGHTS AND MAXIMUM BUILDING HEIGHTS
IN C2-4/R7-1, C5-4, C6-1 AND C6-4 DISTRICTS

District	Maximum Base Height		Maximum #building# Height	
	Beyond 100 feet of a #wide street#	Within 100 feet of a #wide street#	Beyond 100 feet of a #wide street#	Within 100 feet of a #wide street#
C2-4/R7-1	85	85	160	160
C5-4 C6-1 C6-4	125	150	185	210
C6-4.5	125	150	250	250

(2/2/11)

101-223**Tower regulations**

C5-4 C6-1 C6-4

In the districts indicated, except C6-1A Districts, the provisions of this Section shall apply as an alternative to the provision of Section 101-222 (Standard height and setback regulations).

(a) Setback requirements for #residential# towers

For #buildings# that contain #residential floor area# above a height of 85 feet, a setback is required for all portions of such #buildings# that exceed a height of 85 feet. Such portions of #buildings# shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

- (b) Setback requirements for #commercial# or #community facility# towers

For #buildings# that contain #commercial# or #community facility floor area# above a height of 85 feet, a setback is required for all portions of such #buildings# that exceed a height of 85 feet.

For #zoning lots# that do not exceed a #lot area# of 15,000 square feet, such portions of #buildings# shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#. For #zoning lots# that exceed an area of 15,000 square feet, such portions shall be set back at least 20 feet from any #street line#.

However, setbacks shall not be required for any portion of a #building# fronting upon the south side of Willoughby Street between Gold Street and the Flatbush Avenue Extension, or upon that portion of the Flatbush Avenue Extension between Willoughby Street and DeKalb Avenue within 250 feet of Willoughby Street, provided that this exemption shall not be applicable to portions of #buildings# above 85 feet that contain #residential floor area#.

- (c) #Lot coverage# requirements for towers

All #buildings#, or portions thereof, shall have a maximum #lot coverage# of 65 percent of the #lot area# of the #zoning lot# above a height of 150 feet, up to a height of 300 feet. Above a height of 300 feet, all #buildings#, or portions thereof, shall have a maximum #lot coverage# of 50 percent of the #lot area# of the #zoning lot#. However, any portion of a #building# containing #residential floor area# above a height of 150 feet shall have a maximum #lot coverage# of 40 percent of the #lot area# of the #zoning lot# or, for #zoning lots# less than 20,000 square feet, the percentage set forth in the table in this Section:

LOT COVERAGE OF TOWERS ON SMALL ZONING LOTS

Area of #Zoning Lot# (in sq. ft.)	Maximum Percentage of #Lot Coverage#
10,500 or less	50
10,501 to 11,500	49
11,501 to 12,500	48
12,501 to 13,500	47
13,501 to 14,500	46
14,501 to 15,500	45
15,501 to 16,500	44
16,501 to 17,500	43
17,501 to 18,500	42
18,501 to 19,999	41

(d) Maximum #building# height

In C6-1 Districts, the maximum height of a #building or other structure# shall be 495 feet. No height limit shall apply within a C5-4 or C6-4 District.

(2/2/11)

101-30

SPECIAL PROVISIONS WITHIN HEIGHT LIMITATION AREAS

The provisions of this Section shall apply within the Flatbush Avenue Extension and Schermerhorn Street Height Limitation Areas, as shown on Map 6 in Appendix E of this Chapter.

(a) Flatbush Avenue Extension Height Limitation Area

Within the Flatbush Avenue Extension Height Limitation Area, no #building or other structure# shall exceed a height of 400 feet.

(b) Schermerhorn Street Height Limitation Area

Within the Schermerhorn Street Height Limitation Area, the provisions of this paragraph, (b), shall apply:

(1) #Public plaza# prohibition

No #public plazas# shall be permitted within Area B of Map 6.

(2) Height and setback regulations

The tower provisions of Section 101-223 shall not apply. The standard height and setback regulations of Section 101-222 shall apply within Area A of Map 6, and are modified to limit maximum #building# height to 140 feet within Area B, and to permit a maximum #building# height of 250 feet within Area C of Map 6. For #Quality Housing buildings#, the underlying height and setback regulations shall apply, except that the maximum height of a #building# shall be as specified on Map 6 or as specified pursuant to the Quality Housing Program, whichever is less.

(3) #Rear yard# modification

The provisions of Section 23-532 (Required rear yard equivalents) shall not apply to any #through lot#. In lieu thereof, an open area with a minimum depth of 60 feet, midway, or within 10 feet of being midway between the two #street lines# upon which such #through lot# fronts, shall be provided. Such #rear yard# shall be unobstructed from its lowest level to the sky, except as provided in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

(6/28/04)

101-40

MANDATORY DISTRICT PLAN ELEMENTS

(2/2/11)

101-41

Special Street Wall Location Regulations

Map 4 (Street Wall Continuity and Mandatory Sidewalk Widening) in Appendix E of this Chapter specifies locations where the special #street wall# location regulations of this Section apply. However, such regulations shall not apply along the #street# frontage of that portion of any #zoning lot# occupied by existing #buildings# to remain.

(a) Fulton Mall Subdistrict

Within the Fulton Mall Subdistrict, the #street wall# of any #building# shall be located on the #street line# and shall extend along the full length of the #street line# for that portion of the #building# within the Subdistrict, except that on #corner lots#, no #street wall# shall be required within 100 feet of the intersection of two #street lines# where the interior angle formed by such intersecting #street lines# is 45 degrees or less. Such required #street walls# shall extend to a minimum height of 60 feet above #curb level# or the height of the #building#, whichever is less, and a maximum height of 85 feet. Above a height of 85 feet, the provisions of Section 101-222 (Standard height and setback regulations) or 101-223 (Tower regulations) shall apply.

(b) Atlantic Avenue Subdistrict

Within the Atlantic Avenue Subdistrict, the underlying height and setback regulations shall apply, except that the front wall of any #building# shall be coincident with the #street line# for a minimum height of 16 feet above #curb level# and, in a C2-4 District mapped within an R6A District, a maximum height of 50 feet above #curb level# or, in a C2-4 District mapped within an R7A District, a maximum height of 60 feet above #curb level#.

(c) Willoughby Square

For #buildings# fronting upon Willoughby Square, at least 70 percent of the #street wall# of that portion of the #building# fronting upon Willoughby Square shall be located on the #street line# and extend to a minimum height of 80 feet and a maximum height of 85 feet. Above a height of 85 feet, the provisions of Section 101-223 shall apply.

(d) All other areas

On all other #streets# shown on Map 4, at least 70 percent of the #aggregate width of street walls# of any #building# shall be located within eight feet of the #street line# and extend to at least a height of 40 feet in R7-1 Districts mapped within C2-4 Districts and at least a height of 60 feet in all other districts, or the height of the #building#, whichever is less, except that on #corner lots#, no #street wall# shall be required within 100 feet of the intersection of two #street lines# where the interior angle formed by such intersecting #street lines# is 45 degrees or less.

(2/2/11)

101-42

Mandatory Sidewalk Widening

Map 4 (Street Wall Continuity and Mandatory Sidewalk Widening) in Appendix E of this Chapter specifies locations where the sidewalk widening regulations of this Section apply. Such regulations shall apply to all #developments# and to those horizontal #enlargements# where the #enlarged# portion of the #building# contains a #floor area ratio# of 3.0 or more.

All #buildings# that front upon the southerly #street line# of Willoughby Street between Adams Street and the Flatbush Avenue Extension shall provide a five foot deep sidewalk widening along the full frontage of the #zoning lot# along Willoughby Street. Such sidewalk widening shall be improved as a sidewalk to Department of Transportation standards, be at the same level as the adjoining public sidewalk and be accessible to the public at all times. For the purposes of applying the height and setback regulations of Section 101-22, inclusive, and the #street wall# location requirements of Section 101-41, the sidewalk widening line shall be considered to be the #street line#.

(2/2/11)

101-43

Off-Street Relocation or Renovation of a Subway Stair

Where a #development# is constructed on a #zoning lot# that contains at least 5,000 square feet of #lot area# and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. For the purposes of this Section, a #development# shall not include an #extension#. The new entrance or entrances shall be provided in accordance with the provisions of Section 37-40 (OFF-STREET RELOCATION OR RENOVATION OF A SUBWAY STAIR). The subway stations where such improvements are required are listed in the following table and shown on Map 7 (Subway Station Improvement Areas) in Appendix E of this Chapter.

Station	Line
Court Street-Borough Hall	Eastern Parkway/ Montague Street Tunnel
Dekalb Avenue	4th Avenue/Brighton
Hoyt Street	Eastern Parkway
Hoyt-Schermerhorn Street	Crosstown/Fulton Street
Jay Street-MetroTech	Culver/Fulton Street
Lawrence Street	Montague Street Tunnel
Nevins Street	Eastern Parkway
Atlantic Avenue-Pacific Street	4th Avenue

(12/10/12)

101-50

OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

The provisions of Article II, Chapter 5, and Article III, Chapter 6 (ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS), shall apply, except as modified in this Section, inclusive.

(12/10/12)

101-51

Minimum Parking Requirements

The provisions of this Section shall apply to all districts within the #Special Downtown Brooklyn District#, except R6B Districts.

- (a) The #accessory# parking requirements of Section 25-23 (Requirements Where Group Parking Facilities Are Provided) shall be modified to require #accessory# off-street parking spaces for at least 20 percent of the total number of new #dwelling units#.
- (b) There shall be no minimum parking requirement for #affordable housing units# as defined in Section 23-91, or for #dwelling units# eligible for reduced parking pursuant to Section 25-25 (Modification of Requirements for Public, Publicly-Assisted and Government-Assisted Housing or for Non-profit Residences for the Elderly).

(6/28/04)

101-52

Curb Cut Restrictions

Along the #streets# specified on Map 5 (Curb Cut Restrictions) in Appendix E of this Chapter, no curb cuts for parking facilities or loading berths shall be permitted.

However, the City Planning Commission may, by authorization, permit a curb cut, on a #street# specified on Map 5, for parking facilities and loading berths on a #zoning lot# that does not have access or egress on another #street#, provided that such curb cut will not unduly inhibit surface traffic or result in conflict between pedestrian and vehicular circulation, and will result in a good overall site plan.

(12/10/12)

101-53

Reservoir Spaces

The provisions of this Section shall apply to parking facilities created after December 10, 2012, or for parking facilities enlarged by 50 or more spaces after December 10, 2012. For the purpose of determining required reservoir spaces, fractions equal to or greater than one-half resulting from the calculations in this Section shall be considered one reservoir space.

(a) Attended parking facilities

Attended #accessory# parking facilities, #public parking garages# or #public parking lots# with more than 25 parking spaces shall provide the following amount of off-street reservoir space at the vehicular entrance:

- (1) for parking facilities with more than 25 parking spaces and up to 50 parking spaces: five percent of the total number of parking spaces;
- (2) for parking facilities with more than 50 parking spaces and up to 100 parking spaces: ten percent of the total number of parking spaces;
- (3) for parking facilities with more than 100 parking spaces and up to 200 parking spaces: ten parking spaces; and
- (4) for parking facilities with more than 200 parking spaces: five percent of the total number of parking spaces. However, such number of reservoir spaces need not exceed 50.

(b) #Automated parking facilities#

For #automated parking facilities#, off-street reservoir space at the vehicle entrance shall be provided as set forth in paragraph (a) of this Section.

Each individual parking location where a driver is permitted to leave a vehicle for transfer to a mechanized automobile storage and retrieval unit shall constitute one reservoir space. Additional reservoir spaces may be located where drivers queue to access such locations for vehicle transfer.

In addition, the number of reservoir spaces required pursuant to paragraph (a) of this Section may be reduced where the Commissioner of Buildings determines that the

operational characteristics of such #automated parking facility# warrant such a reduction.

(c) Self-parking facilities

For self-parking #accessory# parking facilities, #public parking garages# and #public parking lots#, where entering vehicles are required to stop at a mechanically-operated barrier before entering the parking facility, such barrier shall be placed a minimum of 20 feet beyond the #street line#.

(12/10/12)

101-54
Garages

(12/10/12)

101-541
Public parking garages

#Public parking garages# with 225 or fewer spaces shall be permitted as-of-right, provided that such garages are, except for entrances and exits, entirely below the level of any #street# or #publicly accessible open area# upon which such facility, or portion thereof, fronts. In addition to a maximum number of 225 public parking spaces, such garages may include required #accessory# parking spaces, which may be provided at any level. Any #accessory# parking spaces that are not required shall be included with all other public parking spaces in such #public parking garage# for the purpose of applying any regulations in this Resolution relating to the number or location of parking spaces in such #public parking garage#.

(12/10/12)

101-542
Off-site accessory parking spaces in public garages

Section 36-57 (Accessory Off-Street Parking Spaces in Public

Garages) shall be modified to allow #accessory# off-street parking spaces in any #public parking garage developed# after December 10, 2012, provided such off-site spaces comply with the provisions of Section 101-56 (Location of Off-Site Parking Spaces).

(12/10/12)

101-543

Pedestrian safety

The provisions of this Section shall apply to parking facilities created after December 10, 2012, or for parking facilities enlarged by 50 or more spaces after December 10, 2012. For all #accessory# parking garages and #public parking garages#, the following safety features shall be provided at all vehicular exit points:

- (a) a 'stop' sign which shall be clearly visible to drivers. Such signage shall comply with the standards set forth in the Manual of Uniform Traffic Control Devices (MUTCD) issued by the Federal Highway Administration (FHWA) for a conventional single lane road; and
- (b) a speed bump, which shall be located within the exit lane of the parking facility. Such speed bump shall:
 - (1) span the entire width of such exit lane;
 - (2) have a minimum of two inches in height, as measured from the adjoining grade of the exit lane, and a maximum depth of 12 inches; and
 - (3) be located a minimum of four feet beyond the #street line#, as measured perpendicular to the #street line#.

(12/10/12)

101-544

Stackers in garages

Within an enclosed attended parking facility with parking lift systems, for individual lifted trays upon which a vehicle is

stored, each tray upon which a vehicle is stored shall be considered 153 square feet of #floor area#, except if located in portions of a #building# exempt from the definition of #floor area# pursuant to Section 12-10 (DEFINITIONS).

(12/10/12)

101-545

Automated parking facilities

For an #automated parking facility#, the minimum size of spaces regulated in Sections 25-62 (Size and Location of Spaces) and 36-351 (Size of spaces) shall not apply.

For the purpose of calculating parking spaces in #automated parking facilities#, each tray upon which a vehicle is stored shall constitute one off-street parking space. However, auxiliary parking trays may be exempted from constituting a parking space where the Commissioner of Buildings determines that such auxiliary parking trays are needed to routinely store and retrieve vehicles for the efficient operation of such #automated parking facility#.

Within an #automated parking facility#, each tray upon which a vehicle is stored shall be considered 153 square feet of #floor area#, except if located in portions of a #building# exempt from the definition of #floor area# pursuant to Section 12-10 (DEFINITIONS).

(12/10/12)

101-546

Special permit for public parking garages

Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas) shall not apply to #public parking garages#. In lieu thereof, the City Planning Commission may permit:

- (a) a #public parking garage# that does not comply with the provisions of Section 101-541 (Public parking garages), provided that such garage complies with all other applicable regulations set forth in Section 101-50 (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS); and

- (b) floor space on one or more #stories#, up to a height of 23 feet above #curb level#, to be exempted from the definition of #floor area# as set forth in Section 12-10.

In order to grant a special permit for such #use# or #floor area# exemption, the Commission shall find that:

- (1) such #use# will be compatible with the surrounding area, and will not adversely affect the growth and development of #uses# comprising vital and essential functions in the general area within which such #use# is to be located;
- (2) the proposed materials and articulation of the #street wall# of the parking facility are compatible with #buildings# in the surrounding area;
- (3) the ground floor level of such parking facilities that front upon #streets# with a width of 60 feet or more, or that front upon public access areas, is occupied by #commercial#, #community facility# or #residential uses# that generate activity on all such adjoining #streets# or public areas, except at the entrances and exits to the parking facility. Where site planning constraints make such #uses# infeasible, the parking facility shall be screened from such adjoining #streets# or public access areas with a strip at least five feet deep, densely planted with shrubs or trees that are at least four feet high at the time of planting and that are of a type which may be expected to form a year-round dense screen, at least six feet high, within three years. Where such screening is not desirable, a total of at least 50 percent of the exterior #building# wall with adjacent parking spaces shall consist of opaque materials that include graphic or sculptural art, or living plant material;
- (4) any floor space above the ground floor level utilized for parking is located, to the greatest extent feasible, behind #commercial#, #community facility# or #residential floor area#, so as to minimize the visibility of the parking facility from adjoining #streets# with a width of 60 feet or more, or public access areas. Any exterior wall of the parking facility visible from an adjoining #street# or public access area shall be articulated in a manner that is compatible with #buildings# in the surrounding area;

- (5) such #use# will not create or contribute to serious traffic congestion and will not unduly inhibit surface traffic and pedestrian flow and that the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby;
- (6) such #use# and its vehicular entrances and exits are so located as to draw a minimum of vehicular traffic to and through residential #streets# in nearby areas; and
- (7) if any floor space is exempted from the definition of #floor area#, such additional floor space is necessary to prevent excessive on-street parking demand and relieve traffic congestion.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area including limitations on #signs#, or requirements for shielding of floodlights, or locations of entrances and exits.

(12/10/12)

101-55

Restrictions on Use of Accessory Off-Street Parking Spaces

The provisions of Section 36-46 (Restrictions on Use of Accessory Off-Street Parking Spaces) shall apply, provided that all #Commercial Districts# within the #Special Downtown Brooklyn District# shall be considered a C6 District for the purposes of such Section, inclusive. However, the provisions of this Section shall not apply within the Atlantic Avenue Subdistrict.

(12/10/12)

101-56

Location of Off-Site Parking Spaces

Sections 25-50 and 36-40 (RESTRICTIONS ON LOCATION AND USE OF ACCESSORY OFF-STREET PARKING SPACES) shall apply, except that where the #use# generating the parking requirement and the #zoning lot# providing the parking spaces are both within the #Special Downtown Brooklyn District#, Sections 25-521 and 36-

421 (Maximum distance from zoning lot) shall be modified to permit #accessory# parking spaces to be located up to 2,500 feet from the #zoning lot# occupied by the #residences# to which they are #accessory#.

(6/28/04)

101-60

FULTON MALL SUBDISTRICT

(6/28/04)

101-601

General purposes of the Fulton Mall Subdistrict

The general goals of the Fulton Mall Subdistrict include, among others, the following purposes:

- (a) to foster and promote the orderly expansion of retail development so that Downtown Brooklyn will enhance its position as a major regional shopping center, provide an increasing number of employment opportunities and encourage the development of a desirable shopping and working environment;
- (b) to complement public improvements in the area implemented either directly or indirectly by the City of New York by encouraging private investment in signs, facades and new development that will enhance the visual appearance and character of structures in the vicinity of Fulton Mall;
- (c) to create an attractive shopping environment in the vicinity of the Fulton Mall, the construction of which will implement a plan for improved pedestrian and vehicular circulation; and
- (d) to encourage a desirable urban design relationship between each building and the Fulton Mall.

(6/28/04)

101-602

General provisions for the Fulton Mall Subdistrict

Within the Fulton Mall Subdistrict, any change of #use# to another #use# listed in the same or another Use Group shall be subject to the special #use# regulations of Section 101-10, the special #sign# regulations of Section 101-61, inclusive, and the special transparency provisions of Section 101-12.

On application, the City Planning Commission may authorize minor modifications of the regulations of Sections 101-61, inclusive, and 101-12 and 101-62, inclusive, governing #signs#, transparency and facades within the Fulton Mall Subdistrict, upon the Commission's finding that the proposed modifications are in conformity with the principles of good design and are not inconsistent with the purposes of this Chapter.

(6/28/04)

101-61

Special Sign Regulations for the Fulton Mall Subdistrict

Any erection of a new #sign#, or alteration (including a change in graphic representation on an existing #sign#), reconstruction or replacement of an existing #sign#, shall be subject to the special #sign# regulations of this Section, inclusive.

(6/28/04)

101-611

Area of permitted signs

Except for projecting #signs# that comply with the provisions of Section 101-131 (Permitted projection), all permitted #signs# in the Fulton Mall Subdistrict shall be subject to the applicable provisions of Section 32-64 (Surface Area and Illumination Provisions), Section 101-612 (Sign band) and this Section.

(2/2/11)

101-612

Sign band

(a) #Sign# located within the #sign# band

A #commercial# establishment located on the ground floor of a #building# may have one #sign# located on each #street# frontage within a #sign# band as defined in this Section.

The #sign# band shall have a lower limit of 10 feet, 0 inches above #curb level# and an upper limit coincident with the bottom of the lowest window sill on the second floor of a #building#, but in no event more than 15 feet, 0 inches above #curb level#. A #sign# located within the #sign# band may be applied directly to the surface of a #building# or to a #sign# board affixed to the surface of a #building#. If a #sign# board is employed, such #sign# board shall be entirely within the #sign# band, shall be mounted horizontally, shall have a uniform color over its entire surface excluding perimeter frame or trim and shall extend the full length of the #street wall# of the establishment to which it is #accessory#, except that such #sign# board may be interrupted by vertical architectural elements such as columns, pilasters or other integral architectural elements. Any background material shall be considered as a #sign# board, unless it extends the full length of the #street wall# of a #building# (or that portion of a #building# occupied by the establishment) and the full height of the #building# up to the topmost cornice. On #corner lots#, a #sign# or #sign# boards shall be the same vertical dimension and shall be mounted at the same height above the #curb level# on both #street# frontages.

If more than one #commercial# establishment is located on the ground floor of a #building#, the #signs# located within the #sign# band #accessory# to each such establishment shall consist of letters and symbols of approximately the same size for each establishment, either applied directly to the surface of the #building# or to a common #sign# board affixed to the surface of a #building#.

As of March 16, 1978, the owner or lessee of a #building# with more than one ground floor establishment shall be responsible (unless the #sign# is applied directly to the surface of the #building#) for specifying the

requirements of a common #sign# board, which shall include but are not limited to, vertical dimension, mounting height, background color, material, whether illuminated and method of illumination (if applicable) which shall be the same for each establishment and shall be adhered to by each establishment employing a #sign# board.

A #sign accessory# to #uses# on the upper floors of a #building# may be located within the #sign# band when it directs attention to a ground floor entrance of an establishment located on the upper floors of a #building#.

(b) #Signs# located below the #sign# band

#Signs accessory# to #commercial# establishments located on the ground floor of a #building# may be located between #curb level# and 10 feet, 0 inches above #curb level#. #Signs# in #show windows#, on doors, or on transoms above doors, shall not occupy more than 20 percent of the total area of such #show windows#, doors or transoms above doors in which they are displayed, and are limited to writing (including letter, word or numeral) not more than eight inches high. Such #sign# shall be applied directly to #show windows#, doors or transoms above doors, without background, or to a transparent panel hung behind the plane of the #show window# surface, door or transom above a door. Non-flashing #illuminated signs# (such as neon, etc.) shall be permitted providing that such #signs# are essentially transparent, i.e., without background or enclosure.

Incidental #signs#, identifying store name, address and hours of operation shall not exceed ten square feet (including background) for an individual #sign# and shall not exceed, in aggregate (square feet), one-fifth the #street# frontage of the establishment but in no event more than 50 square feet for #interior# or #through lots# or 50 square feet on each frontage for #corner lots#.

An establishment located above the ground floor of a #building# that has an entrance on the ground floor may have one #sign# directing attention to the entrance.

(c) #Signs# located above the #sign# band

#Signs accessory# to #commercial# establishments which

occupy space above the ground floor of a #building# may be located between 20 feet, 0 inches and 40 feet, 0 inches above #curb level#. Such establishments may have #signs# in windows provided that such #sign# does not occupy more than 30 percent of the window to which it is applied, that the remainder of the window is transparent, and that all such #signs# for an establishment have similar size and style of writing, pictorial representation, emblem or any other figure of similar character. #Commercial# establishments which occupy space above the ground floor may have one #sign# located above the #sign# band which is applied directly to the surface of a #building# or to a #sign# board affixed to the surface of a #building#. If a #sign# board is employed, such #sign# board shall be mounted horizontally, shall have a uniform color over its entire surface, excluding perimeter frame and trim, and shall not be located between windows. The total #surface area# of all #signs# located above the #sign# band shall not exceed three times the #street# frontage of the #zoning lot# (in feet) but in no event more than 200 square feet on each frontage.

No #sign# or #sign# board shall extend above the parapet wall or shall obscure any cornice or window.

(6/28/04)

101-613

Special sign content regulations

Except as further defined by the regulations of the #Special Downtown Brooklyn District#, permitted #signs# are limited to the following message:

store name;

symbol or logo;

address;

date of establishment; and

description of product or service offered.

(6/28/04)

101-614

Sign illuminations

#Signs# may be illuminated by either:

- (a) internal illumination; or
- (b) an external source that shall be so arranged that it projects no more than 12 inches from the #sign# it illuminates, and so that no direct rays of light are projected into adjoining #buildings# or the #street#. No #flashing signs# are permitted nor are flashing or rotating light sources except #illuminated signs# that indicate the time, temperature, weather or other similar information, pursuant to the definition of #flashing sign# in Section 12-10.

(6/28/04)

101-615

Temporary signs

Temporary #signs# relating to sales or events of limited duration not to exceed 45 days may be displayed in a #show window# of a #building#. Such #signs# must be removed after the last day of the sale or event to which they pertain. Temporary #signs# shall not occupy more than 20 percent of the surface area of the window in which they are displayed.

(6/28/04)

101-616

Removal of existing signs with change of use

When a change of #use# or occupancy occurs within the Fulton Mall Subdistrict, all #signs# pertaining to the previous #use# or occupancy shall be removed within 45 days of the date such change takes place.

(6/28/04)

101-617

"For sale" or "for rent" signs

"For sale" or "for rent" #signs#, with an area not exceeding 12 square feet, are permitted.

(6/28/04)

101-618

Termination of certain non-conforming signs

In the Fulton Mall Subdistrict, Section 52-80 (REGULATIONS APPLYING TO NON-CONFORMING SIGNS) shall not apply. In lieu thereof, certain #non-conforming signs# may be continued until June 30, 1980, providing that after that date such #non-conforming signs# shall terminate and shall be removed in their entirety, including any supporting structure, frame or device. Such #signs# shall include:

#advertising signs#;

#flashing signs#;

#signs# located more than 40 feet above #curb level#;

roof #signs#;

#signs# extending above a parapet;

#signs# obscuring cornices and windows;

double or multi-faced #signs#; and

#signs# that project across a #street line# more than 12 inches.

Any #sign#, as of January 1, 1978, that forms an integral part of the surface of a #building or other structure# (such as a #sign# carved in stone, cast in metal or molded in terra cotta on a #building# whose facade is of such material) shall not be subject to the provisions of this Section.

(6/28/04)

101-62
Special Bulk Regulations

(6/28/04)

101-621
Special regulations concerning building facades

Any alteration to, or reconstruction of, the facade of an existing #building# shall be subject to the regulations of this Section, inclusive, but only to the extent of such work.

(6/28/04)

101-622
Special provisions for building facades above the ground floor

Any alteration, #incidental alteration# or minor work done to the #street wall# of any #building# or portion of any #building# shall be accomplished in such matter that:

- (a) such #street wall# is treated with consistent materials, color and texture from the top of any ground floor windows or #sign# board to the top or the parapet, or to the bottom of a cornice if a cornice exists (access doors or panels, grilles or similar features shall be as inconspicuous as possible); and
- (b) where such #street wall# treatment covers any window opening, it shall completely cover all window openings in the #street wall#; or
- (c) where window openings remain uncovered, all windows shall be treated in a similar manner or, if sealed, all windows shall be covered by a panel set at least two inches behind the plane of the wall. Except where the material used to seal window openings is the same as the wall of the #building#, the window panel shall have a single color over its entire surface. All such window panels shall have the same color.

(12/10/12)

101-63

Modification of Accessory Off-Street Parking and Loading Requirements

The parking regulations of Section 101-50 (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS) shall apply, except as set forth in this Section, inclusive.

(6/28/04)

101-631

Restricted access and prohibition on curb cuts

In no case shall vehicular access and egress for #accessory# off-street parking, public parking facilities, permitted or required #accessory# off-street loading berths or the service entrance to a #building#, be located within 50 feet of Fulton Street or DeKalb Avenue within the Fulton Mall Subdistrict. No curb cuts are permitted within the Fulton Mall Subdistrict within 50 feet of Fulton Street or DeKalb Avenue.

(6/28/04)

101-632

Waiver of off-street parking and loading requirements

The Commissioner of Buildings may waive any requirement in this Chapter that #accessory# off-street parking or loading berths be provided where the Commissioner finds that the required parking or loading cannot be provided consistent with Section 101-631 (Restricted access and prohibition on curb cuts).

(6/28/04)

101-70

ATLANTIC AVENUE SUBDISTRICT

(6/28/04)

101-701

General purposes

The general goals of the Atlantic Avenue Subdistrict include, among others, the following purposes:

- (a) to protect the existing scale and form of development on Atlantic Avenue, characterized by three- and four-story attached buildings with shops, built in the 19th century;
- (b) to preserve and enhance street life by maintaining a mix of residential and commercial uses, encouraging a variety of retail and service uses while limiting automotive service uses; and
- (c) to protect desirable architectural features of certain buildings by establishing design guidelines for renovation or alteration.

(6/28/04)

101-702

Definitions specific to the Atlantic Avenue Subdistrict

For purposes of Sections 101-70 through 101-75, inclusive, concerning the Atlantic Avenue Subdistrict, matter in italics is defined in Section 12-10 (DEFINITIONS), Section 101-01 or in this Section.

Specified building type

Any #building# within the Atlantic Avenue Subdistrict erected prior to 1900, that has:

- (a) a front wall for the full width of the #zoning lot# for a height of from two to five #stories#;
- (b) a front wall of brick or stone, erected coincident with, or within five feet of, the #street line#, with windows at each #story# and a cornice at the parapet level; and
- (c) a storefront at the #basement# or ground floor.

A list of the #buildings# within the Atlantic Avenue

Subdistrict that conform to the definition of #specified building type# appears in Appendix A of this Chapter.

Specified storefront type

Any storefront which is part of a #building# of the #specified building type# that has:

- (a) #show windows# projecting beyond the front wall of the #building#, occupying a total area of at least 35 square feet and a sill height of not more than 3 feet, 0 inches and a total height of not less than 8 feet, 0 inches, measured from #curb level#; and
- (b) a projecting cornice above the storefront for its full width.

A list of #buildings# within the Atlantic Avenue Subdistrict having storefronts that conform to the definition of #specified storefront type# appears in Appendix B of this Chapter.

(6/28/04)

101-71

Sign Regulations

In order to enhance the visual quality of the Atlantic Avenue Subdistrict, the following additional regulations shall apply to all #signs# within the Subdistrict.

(6/28/04)

101-711

Total surface area of signs

The total #surface area# and number of all permitted #signs#, including non-#illuminated# and #illuminated signs#, shall not exceed the limitations set forth for non-#illuminated signs# in Section 101-712 (Area of non-illuminated signs).

(2/2/11)

101-712

Area of non-illuminated signs

The total #surface area# (in square feet) of non-#illuminated signs# on a #zoning lot# shall not exceed three times the #street# frontage of the #zoning lot# (in feet), and in no event shall exceed 150 square feet for #interior# or #through lots# or 150 square feet on each frontage for #corner lots#. Each #commercial# establishment shall be permitted not more than one #sign#. The vertical dimension of any #sign# shall not exceed 3 feet, 0 inches. The provisions of this Section shall not apply to projecting #signs# that comply with the provisions of Section 101-131 (Permitted projection).

(6/28/04)

101-713

Area of illuminated signs

The total #surface area# (in square feet) of #illuminated signs# on a #zoning lot# shall not exceed two times the #street# frontage of the #zoning lot# (in feet), and in no event shall exceed 50 square feet for #interior# or #through lots# or 50 square feet on each frontage for #corner lots#. The vertical dimension on any #illuminated sign# shall not exceed 2 feet, 6 inches, nor shall #illuminated signs# project more than 10 inches from the surface to which they are affixed.

(6/28/04)

101-714

Permanent window graphics

Permanent window graphics may not occupy more than 20 percent of the total area of the window in which they are displayed. If such a permanent window graphic has letters more than three inches high, it shall count as a #sign#.

(6/28/04)

101-715

Location of signs

If more than one #commercial# establishment is located on the same floor of a #building#, the #signs accessory# to all such establishments, except for projecting #signs# that comply with the provisions of Section 101-131 (Permitted projection), shall be of equal height and mounted or painted on a common #sign# board. All #signs# or common #sign# boards shall be located as follows:

- (a) if #accessory# to #uses# on the ground floor of a #building#, the #sign# or common #sign# board shall be located within a band extending the full length of the #street wall#, which band shall have a lower limit of 8 feet, 0 inches above the ground floor and an upper limit coincident with the bottom of the lowest window sill on the second floor, but in no event more than 16 feet, 0 inches above #curb level#;
- (b) if #accessory# to #uses# on the upper floor of a #building#, the #sign# or common #sign# board shall be located between the highest window lintel of the floor on which the #use# is located and the lowest window sill of the floor above, but in no case more than 25 feet above #curb level#;
- (c) no #sign# may be located so as to obscure any cornice, except that a non-#illuminated sign# may be attached to a cornice if such #sign# consists of individual letters, emblems or figures mounted on open metal mesh attached to the cornice and finished to match the cornice, providing that the cornice remains visible; and
- (d) no #sign# or common #sign# board shall extend above the parapet wall or roof of the #building# on which it is displayed.

(6/28/04)

101-716

Sign materials and colors

#Signs# may be fabricated of any opaque material that does not have a glossy or reflective surface, except that glossy translucent material may be used:

- (a) in areas where the intent is to imitate or replace glass, as in transoms; or
- (b) for individual letters in internally-lit #illuminated signs#.

Background colors for #signs# or common #sign# boards shall be limited to black, navy blue, dark green, maroon or bronze.

(6/28/04)

101-72

Modification of Bulk Regulations

(2/2/11)

101-721

Height and setback

The underlying height and setback regulations shall apply, except that the front wall of any #building# shall be coincident with the #street line# for a minimum height above #curb level# of 16 feet and, in a C2-4 District mapped within an R6A District, a maximum height above #curb level# of 50 feet or, in a C2-4 District mapped within an R7A District, a maximum height above #curb level# of 60 feet.

(6/28/04)

101-73

Special Provisions

(2/2/11)

101-731

Special provisions for certain existing buildings

Any alteration, #incidental alteration# or minor work (including any change in, addition to, or removal from, the

parts or materials of a #building#, including finishes) done to the front wall of any #building# of the #specified building type# shall comply with the following standards:

- (a) Alteration or reconstruction of storefronts shall comply with the provisions of Section 101-734.
- (b) Front walls which are replaced shall be erected to the same height and at the same location as the original walls. Replacement or repair of front walls shall be done with the same material as the original walls, except that stone may be replaced by another material finished in such a manner as to match the appearance of the original walls. Finishes and colors of front walls shall be of an approved type, as indicated in Appendix C of this Chapter.
- (c) Front walls which are replaced shall have windows at each floor, the area of which shall comply with the provisions of Section 101-733 (Special provisions for development and enlargement). Such windows shall have stone or precast lintels and sills having a minimum height of six inches and extending at least four inches beyond the window opening on either side. Existing window openings above the ground floor may not be reduced in size but may be completely sealed if the window area provisions of Section 101-733 are met. Such openings shall be completely sealed with masonry recessed at least two inches behind the wall and finished to match the wall. New windows shall be double-hung, fixed or casement sash finished in an approved manner, as indicated in Appendix D of this Chapter.
- (d) No existing cornice shall be removed unless required by the Department of Buildings. A cornice that must be removed shall be replaced by a new cornice having the same height, length and projection beyond the surface of the wall and finished in an approved color, as indicated in Appendix D of this Chapter.

(2/2/11)

101-732

Special provisions for other existing buildings

Any alteration, #incidental alteration# or minor work done to

the front wall of any #building# not of the #specified building type#, shall comply with the following standards:

- (a) alteration or replacement of storefronts shall comply with the provisions of Section 101-734; and
- (b) alteration or replacement of front walls shall comply with the provisions of Sections 101-721 (Height and setback) and 101-733 (Special provisions for development and enlargement).

(2/2/11)

101-733

Special provisions for development and enlargement

The front wall of any #development# or #enlargement#, or the front wall of any #building# where the height or width of a #street wall# is proposed to be increased, shall be built to comply with the following standards:

- (a) The front wall shall extend along the full length of the Atlantic Avenue #street line#. It may be interrupted at the ground level by entrances or exits for off-street parking or loading spaces permitted pursuant to Section 101-744 (Special permit for public parking garages or public parking lots).

Front wall recesses are permitted for architectural purposes provided that the aggregate length at the level of any #story# does not exceed 25 percent of the length of the front wall where such recesses are permitted. The depth of such recesses shall not exceed three feet. No recesses are permitted within 20 feet of the intersections of two #street lines# forming an angle of 100 degrees or less.

- (b) Windows shall occupy at least 35 percent of the wall area at the level of any #story# above the ground floor. (For the purposes of calculation, the wall height at any #story# shall be measured between the floor and ceiling of that #story#).
- (c) Window and door framing trim shall be finished in an approved color as indicated in Appendix D of this Chapter.

(2/2/11)

101-734

Special provisions for storefronts

No storefront of the #specified storefront type# shall be demolished unless its demolition is required by the Department of Buildings. Reconstruction or repair of storefronts of the #specified storefront type# shall be done in such a manner as to retain or restore the original design and materials, except that plate glass may be replaced by transparent plastic. Such storefronts shall be finished in an approved manner, as indicated in Appendix D of this Chapter.

New storefronts installed in any existing or new #building# shall comply with Section 101-12 (Transparency Requirements) and the following standards:

- (a) A storefront installed in a #building# of the #specified building type# shall occupy at least the same area of the front wall as the original storefront. A storefront installed in any other #building# shall occupy the entire frontage of the front wall devoted to #commercial uses#.
- (b) Storefront entrance doors shall be set back a minimum of 2 feet, 0 inches behind the vertical surface of the #show windows#. A minimum of 50 percent of the door area shall be transparent glazed.
- (c) In the case of existing #buildings#, no existing cornice above a storefront shall be demolished unless required by the Department of Buildings. A cornice which is removed shall be replaced by a cornice having the same length, height and projection beyond the surface of the front wall. In any #building# of the #specified building type# where the original cornice above the storefront has been previously removed, any new storefront shall incorporate a cornice or fascia extending the full length of the store front and having a minimum height of 2 feet, 0 inches.
- (d) All framing elements, trim elements, doors, etc., of the storefront shall be finished in an approved manner, as indicated in Appendix D.

- (e) Any awning or canopy attached to a #building# with a storefront which incorporates a cornice shall be attached in such manner as not to obscure or cover the cornice.

(12/10/12)

101-74

Modification of Accessory Off-Street Parking and Loading Requirements

The provisions of Section 101-50 (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS), inclusive, shall not apply within the Atlantic Avenue Subdistrict.

(2/2/11)

101-741

Accessory off-street parking

No #accessory# off-street parking facilities are required for any #residential# or #commercial development#, or portion thereof, within the Atlantic Avenue Subdistrict. In no case shall the number of permitted #accessory# off-street parking spaces for #residential use# exceed 40 percent of the number of #dwelling units#. All #accessory# parking spaces shall be designed and operated exclusively for the long term storage of private passenger motor vehicles used by the occupants of such #residences#.

In no case shall curb cuts for vehicular access be located on Atlantic Avenue or on a #street# within 50 feet of its intersection with the #street line# of Atlantic Avenue. No off-site #accessory# off-street parking facilities for any #use# shall be permitted within the Atlantic Avenue Subdistrict.

The parking requirements set forth in Section 25-31 or 36-21 shall not apply to any #development# for which the Commissioner of Buildings has certified that there is no way to provide the required parking spaces with access to a #street# in conformity with the provisions of this Section.

(6/28/04)

101-742
Screening

Any permitted #accessory# off-street parking area, regardless of size or location, shall be screened from all adjoining #zoning lots# and #streets# by screening that complies with the provisions of Section 36-56 (Screening) and which, in the case of a wall or barrier or uniformly-painted fence, is finished in an approved color as indicated in Appendix D of this Chapter.

(2/2/11)

101-743
Accessory off-street loading

Curb cuts for vehicular access to #accessory# off-street loading berths shall not be located on Atlantic Avenue or on a #street# within 50 feet of its intersection with the #street line# of Atlantic Avenue. However, the City Planning Commission may, by authorization, permit a curb cut on Atlantic Avenue, provided that:

- (a) such curb cut is a relocation of an existing curb cut on the #zoning lot#; and
- (b) such curb cut will not unduly inhibit surface traffic and pedestrian flow along Atlantic Avenue.

The loading berth requirements of Section 25-72 or 36-62 shall not apply to any #development# for which the Commissioner of Buildings has certified that there is no way to provide the required loading berths with access to a #street# in conformity with the provisions of this Section.

All #accessory# off-street loading berths shall be enclosed within a #building#.

(2/2/11)

101-744
Special permit for public parking garages or public parking

lots

The City Planning Commission may grant a special permit for #public parking garages# or #public parking lots# with a capacity of not more than 100 spaces, provided that the regulations set forth in Sections 36-53 (Width of Curb Cuts and Location of Access to the Street), 36-55 (Surfacing) and 36-56 (Screening), are met and that no roof parking is permitted. The Commission may permit floor space on one or more #stories#, and up to a height of 23 feet above #curb level#, to be exempted from the definition of #floor area# set forth in Section 12-10 (DEFINITIONS). As a condition of permitting such #use#, the Commission shall make the following findings:

- (a) such #use# is so located as to draw a minimum of vehicular traffic to and through local #streets# in nearby residential areas;
- (b) such #use# has adequate reservoir space at the vehicular entrance to accommodate a minimum of 10 automobiles or 20 percent of the spaces so provided, whichever amount is less; and
- (c) where any floor space is exempted from the definition of #floor area#, such additional floor space is needed in order to prevent excessive on-street parking demand and relieve traffic congestion.

(2/2/11)

101-75

Special Provisions for Demolition of Buildings

Except in the case of #buildings# that are unsafe and the demolition of which is required pursuant to the provisions of Chapter 26, Title C, Part I, Article 8, or its successor, of the New York City Administrative Code, no demolition permit shall be issued by the Department of Buildings for any #development# within the Special District until:

- (a) the owner of the property has obtained a building permit for the new #development# or #enlargement#; and
- (b) the owner shall have presented evidence of having a commitment from a domestic bank, insurance company or

real estate investment company, for construction financing, which shall be in the form of a letter trust.

(6/17/13)

**101-80
SPECIAL PERMITS**

(6/17/13)

**101-81
Special Permit for Use and Bulk Modifications for Cultural Use
in Certain C6-2 Districts**

In order to support a concentration of cultural #uses# and public open spaces in the C6-2 District bounded by Flatbush Avenue, Hanson Place, St. Felix Street and Lafayette Avenue, for #buildings# intended to be occupied in whole or in part by cultural #uses#, the City Planning Commission may permit the maximum #community facility floor area ratio# to be increased from 6.5 to 7.0, may permit modifications of the special #street wall# location regulations of Section 101-41, and the height and setback regulations of Section 23-632 as applied to the #residential# portion of a #building#, and modifications of applicable #sign# regulations in accordance with this Section.

For the purposes of this Section, "cultural use" shall be defined as public or non-profit libraries, theaters, museums, visual or performing arts spaces, or art, music, dance, theatrical studios or other comparable #uses# and space occupied by such cultural #use# shall qualify as #community facility floor area#.

In order to grant such special permit, the conditions of paragraph (a) and the findings of paragraph (b) shall be met. In addition, special regulations pertaining to the certificate of occupancy of such #building# shall apply as set forth in paragraph (c).

(a) Conditions

- (1) A letter from the Office of the Mayor shall be submitted certifying that:

- (i) a preliminary agreement has been executed providing for a cultural facility consisting of at least 40,000 square feet of interior gross square feet in the #building# to be transferred for cultural #uses# and for the construction of the core and shell of such cultural facility by the applicant; and
 - (ii) floor plans have been provided to the Office of the Mayor which demonstrate that the cultural facility is well-suited for cultural #uses#; and
 - (2) A legal commitment in the form of a declaration of restrictions shall be executed and delivered to the City for recording upon the approval of the permit, restricting use of the #floor area# to be occupied by cultural #uses# to cultural #use# for the life of the related #development#, provided, that in the event the majority of the #zoning lot# containing such #floor area# is in the ownership of a not-for-profit corporation under contract with the City to provide economic development services at the time of the grant of such permit, execution and recordation of such declaration of restrictions shall be made at the time of the transfer of ownership of the majority of such #zoning lot# for purposes of facilitating the related #development#.
- (b) In order to grant such permit, the Commission shall find that:
- (1) the #building#, including such cultural #uses#, is designed and arranged on the #zoning lot# in a manner that results in ample visibility of and access to the cultural #uses# from surrounding #streets#;
 - (2) any #street wall# modifications will facilitate access to #open space# on the lot and result in a #development# that activates the pedestrian environment;
 - (3) any #bulk# modifications will result in a better distribution of #bulk# on the #zoning lot# by providing for increased light and air to #open space# on the #zoning lot#;

- (4) the appearance of #bulk# is minimized through an enhanced articulation of the base and tower elements of the #building#, an enhanced relationship between the #building# and the #open space# on the #zoning lot#, and an enhanced amount and arrangement of the fenestration of the #building#; and
- (5) any modifications to #sign# regulations will result in greater visibility for the cultural #uses# provided on the #zoning lot#.

The City Planning Commission may prescribe appropriate additional conditions and safeguards in order to enhance the character of the #development# and to minimize adverse effects on the character of the surrounding area.

(c) Certificate of occupancy

The Commissioner of Buildings shall not issue a temporary or permanent certificate of occupancy for more than an amount of #floor area# in the #building# equal to the #floor area# to be occupied by non-cultural #uses# minus 40,000 square feet of #floor area# unless the Department of Buildings has received a letter from the Office of the Mayor certifying that a deed transferring ownership of a majority of the #zoning lot# has been recorded and that such deed or other recorded document provides for:

- (1) the construction by transferee of the core and shell of the cultural facility described in paragraph (a)(1)(i) of this Section;
- (2) the creation of a condominium unit for such cultural facility and the transfer of ownership thereof to the City; and
- (3) a right of the transferor to re-enter and re-acquire the #zoning lot# should the applicant fail to complete the construction of the core and shell of the cultural facility.

Should the certification by the Office of the Mayor not be issued within 30 days of the recording of the deed or other document with the stated provisions, a copy of such deed or document may be provided to the Department of Buildings in satisfaction of such certification.

(6/28/04)

Appendix A

Atlantic Avenue Subdistrict: Buildings Conforming to the Specified Building Type

The following is a list of addresses of #buildings# within the Atlantic Avenue Subdistrict of the #Special Downtown Brooklyn District# that conform to the definition of #specified building type# contained in Section 101-702.

Block 176

Atlantic Avenue (NS): 305, 311, 313, 315, 317, 321, 323, 325, 327, 329

Block 177

Atlantic Avenue (NS): 347, 349, 351, 355, 365-7, 369, 371, 373, 375, 377, 377A, 385, 387, 389, 395
Hoyt Street (ES): 75, 77

Block 178

Atlantic Avenue (NS): 405, 407, 409

Block 179

Atlantic Avenue (NS): 455, 457, 477, 479, 481, 483, 485, 487, 491, 495, 497, 499, 501
Third Avenue (ES): 31-31A

Block 180

Atlantic Avenue (NS): 565, 567, 569, 571, 573
Times Plaza: 2, 6, 8, 10, 12
Flatbush Avenue: 112, 114, 116, 118, 122

Block 181

(10/24/74)

Article X - Special Purpose Districts

Chapter 2

Special Scenic View District

(10/24/74)

102-00

GENERAL PURPOSES

The "Special Scenic View District" (hereinafter also referred to as the "Special District"), established in this Resolution, is designed to promote and protect public health, safety, and general welfare. These general goals include, among others, the following specific purposes:

- (a) to preserve, protect and prevent obstruction of outstanding scenic views as seen from a mapped public park or an esplanade or a mapped public place directly accessible to the public; and
- (b) to promote the most desirable use of land and direction of building development, to assure the maintenance and enhancement of the aesthetic aspects of scenic views, to conserve the value of land and buildings and to protect the City's tax revenues.

(2/2/11)

102-01

Definitions

Definitions specially applicable to this Chapter are set forth in this Section. The definitions of other defined terms are as set forth in Section 12-10 (DEFINITIONS).

Scenic view

A "scenic view" is an outstanding or unique view from a mapped #public park# or an esplanade or a mapped public place which is protected by the regulations of this Chapter. #Scenic views# shall be limited to:

- (a) distant landscapes of scenic grandeur which contain natural features such as hills, palisades or similar features;
- (b) outstanding views of large bodies of water such as rivers, streams, lakes, harbors, waterfalls or similar aquatic features; or
- (c) panoramic views of the waterfront profile of the skyline formed by built and natural elements.

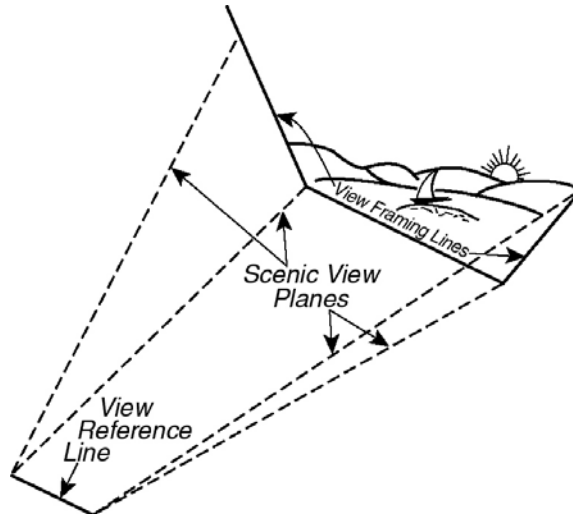

The minimum horizontal distance between the #scenic view# and a #view reference line# shall be at least 1,500 feet and shall not contain distractions which reduce the quality of such view. The specific view to be preserved under the regulation of this #Special Scenic View District# shall be described and made part of this Chapter.

View framing line

The "view framing line" is a line or lines which establish the outer edge of the #scenic view# to be protected. For each #scenic view#, the #view framing line# or #lines# and their elevation are to be located and identified and made part of this Chapter.

View plane

A "view plane" is an imaginary plane above which no obstruction shall be permitted within a #Special Scenic View District# unless authorized by the City Planning Commission. Position of the #view plane# may be conical surfaces. Such #view plane# or #planes# are established by joining the #view reference line# with the #view framing lines# as illustrated below:

#View planes# and their elevation, length and slopes applicable to each #Special Scenic View District# are to be located and identified and made part of this Chapter.

View reference line

The "view reference line" is a line within a mapped #public park# or an esplanade or a mapped public place from which at any point an outstanding #scenic view# may be observed. A #view reference line# and its elevation applicable to each #Special Scenic View District# are to be located and identified and made part of this Chapter.

The mapped #public park# or an esplanade or a mapped public place in which such #view reference line# is located shall be directly accessible from a #street#.

(2/2/11)

102-02

General Provisions

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Scenic View District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter. Except as so modified, all the

applicable regulations of the underlying districts shall be in effect.

#Special Scenic View Districts# may be mapped only in areas where the control of the height of a #building or other structure#, including #signs#, is necessary to preserve outstanding #scenic views# from a mapped #public park# or an esplanade or a mapped public place.

(2/2/11)

102-021

Requirement for application

An application to the City Planning Commission for a special permit pursuant to Section 102-30, shall include maps, plans or other documents showing topography, elevations, and site plans showing arrangement and spacing of #buildings or other structures#, and other information necessary to determine the impact of the proposal on the #scenic view# to be protected.

(2/2/11)

102-023

Relationship to public improvement projects

In all cases, the City Planning Commission shall deny a special permit application whenever the proposal will interfere with a public improvement project (including highways, public #buildings# and facilities), redevelopment or renewal projects, or rights-of-way for sewers, transit, or other public facilities) which is approved by or pending before the Board of Estimate, the City Planning Commission, or the Site Selection Board as determined from the calendar of each such agency issued prior to the date of the public hearing on the application for a special permit.

(2/2/11)

102-10

HEIGHT REGULATIONS FOR BUILDINGS, SIGNS OR STRUCTURES

Notwithstanding any other provisions of this Resolution, no portion of any #building or other structure# hereafter

constructed, or of any #sign# hereafter erected, or of any existing #building or other structure# hereafter relocated, #enlarged# or reconstructed, shall penetrate a #view plane# unless authorized by the City Planning Commission, pursuant to Section 102-30 (SPECIAL PERMIT PROVISIONS).

(10/24/74)

102-11

Damage, Destruction or Demolition

If an existing #building or other structure# which penetrates the #view plane# of a #Special Scenic View District# is damaged, destroyed or demolished by any means, such #building or other structure# may be reconstructed provided that such reconstruction shall not create a new #non-compliance# nor increase the pre-existing degree of #non-compliance#.

(10/24/74)

102-20

MANDATORY LANDSCAPING PLAN

The requirements of this Section shall apply to #zoning lots#, any portion of whose finished ground elevation is within 30 feet of the elevation of the #view plane# located above the #zoning lot#. At the time of filing with the Department of Buildings, for any application for an excavation permit or a building permit for a #development# or #enlargement# or site improvement on such #zoning lots# within a #Special Scenic View District#, a landscaping plan shall be submitted to the City Planning Commission indicating that future landscaping on the site will not impair #scenic views# from the #view reference line#. Such plan shall indicate existing topography, trees, shrubs, #buildings or other structures# and proposed landscaping. All future landscaping on the site shall be in accordance with the approved landscaping plan on file with the Commission. The Commission shall submit a copy of the approved landscaping plan to the Department of Buildings or other appropriate city agency having jurisdiction.

(2/2/11)

102-30

SPECIAL PERMIT PROVISIONS

On all #zoning lots# located entirely or partially within a #Special Scenic View District#, the City Planning Commission, by special permit, may allow penetration by a #sign# or #building or other structure# of a #view plane# and grant minor modifications of #open space#, #lot coverage#, #yards# and height and setback regulations of the underlying district. As a condition for such modifications, the Commission shall find:

- (a) that any penetration of a #view plane# shall not significantly obstruct the #scenic view# which is to be protected by the provisions of this Chapter;
- (b) that any penetration of a #view plane# will cause the minimal obstruction consistent with reasonable development and #bulk# distribution on the #zoning lot#; and
- (c) that any #bulk# modifications on a #zoning lot# will not affect adversely any other #zoning lots# outside the development, by restricting access of light and air.

In reaching a determination for such modifications, the Commission shall be guided by the description of the #scenic view# to be made part of this Chapter at the time of the designation of a #Special Scenic View District#.

The Commission may prescribe appropriate conditions and safeguards to protect the #scenic view# and to minimize the adverse effects on the character of the surrounding areas.

(10/24/74)

102-40

SPECIAL DISTRICT DESIGNATION ON PUBLIC PARKS

When a #Special Scenic View District# is designated on a #public park# or portion thereof, any future landscaping, erection of new #signs# or #buildings or other structures#, thereon, shall not penetrate a #view plane# unless authorized by the City Planning Commission. As a condition for such authorization, the Commission shall find that any penetration of a #view plane# shall not significantly obstruct the #scenic view# which is to be protected by the provisions of this Chapter.

(10/24/74)

102-50

SPECIAL PROVISIONS FOR CITY-OWNED LANDS

For any #development# or site improvement on a city-owned #zoning lot# located within a #Special Scenic View District#, the provisions of this Chapter shall apply except that modifications permitted under Section 102-30 (SPECIAL PERMIT PROVISIONS) may be approved by authorization of the City Planning Commission.

(10/24/74)

102-60

SPECIAL SCENIC VIEW DISTRICTS SPECIFIED

(10/24/74)

102-61

SV-1 Brooklyn Heights Scenic View District

The SV-1 "Brooklyn Heights Scenic View District" is hereby established. The regulations of Sections 102-00 to 102-50, inclusive, as well as the regulations of this Section, inclusive, shall be applicable in this Special District.

(10/24/74)

102-611

District boundary description

The boundaries of the SV-1 District as shown on the #zoning maps# shall be interpreted in accordance with the following description.

The SV-1 District is bounded by:

- (a) the #view reference line# located along the westerly face of the Brooklyn Heights Promenade;
- (b) the northwesterly edge of the #view plane# which forms an angle of 160 degrees measured in a horizontal plane with respect to the #view reference line# at point A;

- (c) the southwesterly edge of the #view plane# which forms an angle of 145 degrees, measured in a horizontal plane, with respect to the #view reference line# at point A1; and
- (d) the pierhead line which is located between the intersection of the northwesterly and southwesterly #view framing lines# and the pierhead line.

(10/24/74)

102-612

View reference line

The #view reference line# of the SV-1 Special District is a line at an elevation of 66 feet located along the westerly vertical face of the Brooklyn Heights Promenade and which is approximately 4 feet above the Promenade. The #view reference line# is formed by joining two end points, A and A1, as shown in Diagram 1.

Point A is located at the intersection of the westerly face of the Promenade and the prolongation of the north side of Orange Street.

Point A1 is located 50 feet north of the intersection of the westerly face of the Promenade and the prolongation of the north side of Remsen Street.

(10/24/74)

102-613

View framing line

The #view framing line# of the SV-1 Special District is a line which establishes the outer edge of the #scenic view# to be protected. The two extreme ends of the #view framing line# are points B and B4 (Diagram 1).

The elevation of the #view framing line# at all points between B and B1 is 2.5 feet as shown in Diagram 2.

(10/24/74)

102-614

View plane

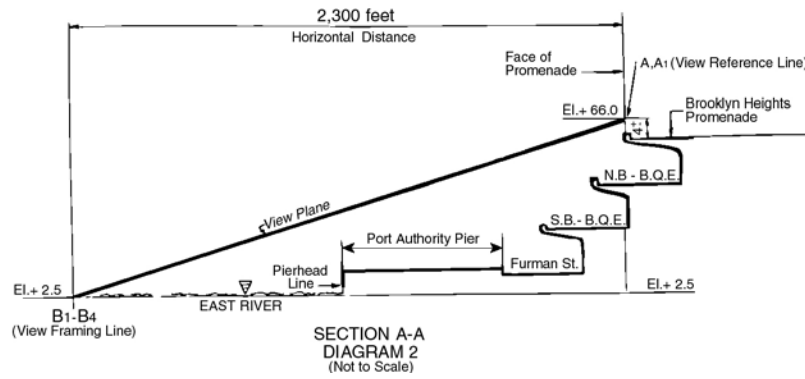

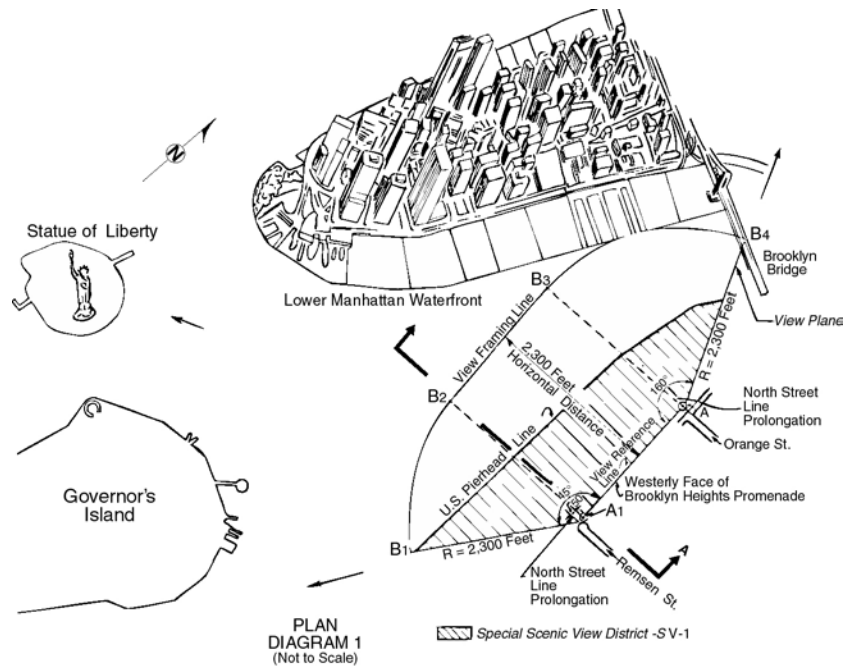

The #view plane# of the SV-1 Special District is an imaginary plane formed by joining the elevation of the #view reference line# with the elevation of the #view framing line# as shown in Diagram 2. The horizontal distance between the #view reference line# and the #view framing line# is 2,300 feet. Those portions of the plane formed by points A, B3, B4 and A1, B1, B2 are conical surfaces.

(10/24/74)

102-615

Description of scenic view

The #scenic view# to be protected pursuant to the provisions of this Section includes: the panoramic view of the lower Manhattan skyline which includes such landmarks as the Brooklyn Bridge archway, the South Street Seaport, the Whitehall Ferry Terminal, and the vistas of the Statue of Liberty and Governor's Island.

(7/18/74)

Article X - Special Purpose Districts

Chapter 3

Special Planned Community Preservation District

(6/10/09)

103-00

GENERAL PURPOSES

The "Special Planned Community Preservation District" (hereinafter referred to as the "Special District"), established in this Resolution, is designed to promote and protect the public interest, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) to preserve and protect the Special Districts as superior examples of town planning or large-scale development;
- (b) to preserve and protect the character and integrity of these unique communities which, by their existing site plan, pedestrian and vehicular circulation system, balance between buildings and open space, harmonious scale of the development, related commercial uses, open space arrangement and landscaping add to the quality of urban life;
- (c) to preserve and protect the variety of neighborhoods and communities that presently exist which contribute greatly to the livability of New York City;
- (d) to maintain and protect the environmental quality that the Special District offers to its residents and the City-at-large; and
- (e) to guide development within each of the Special Districts that is consistent with the existing character, quality and amenity of the Special Planned Community Preservation District.

(2/2/11)

103-01

Establishment of Special Planned Community Preservation District

The City Planning Commission has established the #Special Planned Community Preservation District# in areas that:

- (a) have a land area of at least 1.5 acres;
- (b) contain a minimum of three #buildings#;
- (c) were designed and substantially #developed# as a unit under the regulations of the Zoning Resolution prior to December 15, 1961; and
- (d) include considerable clustered #open space# and related #commercial uses# available to all residents of the District.

The Commission has found that existing site plans resulted in superior functional relationships of #buildings#, #open spaces#, pedestrian and vehicular circulation systems, including parking facilities, and other amenities all together creating an outstanding planned residential community.

(6/10/09)

103-02

Special Planned Community Preservation District Areas

The #Special Planned Community Preservation District# areas are as follows, and are each indicated by the letters "PC" on the #zoning maps#:

Fresh Meadows in the Borough of Queens

The Harlem River Houses in the Borough of Manhattan

Parkchester in the Borough of the Bronx

Sunnyside Gardens in the Borough of Queens.

(2/2/11)

103-10

GENERAL PROVISIONS

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Planned Community

Preservation District#, no #development#, #enlargement#, or substantial alteration of landscaping or topography, shall be permitted within the Fresh Meadows, Harlem River Houses and Parkchester areas, except by special permit of the City Planning Commission, pursuant to Sections 103-11 (Special Permits for Bulk and Parking Modifications) and 103-12 (Special Permit for Landscaping and Topography Modifications). No demolition of #buildings# shall be permitted within the Fresh Meadows, Harlem River Houses and Parkchester areas, unless it is an unsafe #building# and demolition is required pursuant to the provisions of Chapter 26, Title C, Part I, Article 8, of the New York City Administrative Code, or its successor, except that such demolition may be permitted pursuant to a development plan for which a special permit has been granted under the provisions of Sections 103-11 (Special Permits for Bulk and Parking Modifications) and 103-12 (Special Permit for Landscaping and Topography Modifications).

Special regulations for the Sunnyside Gardens area are set forth in Section 103-20, inclusive.

(2/2/11)

103-11

Special Permits for Bulk and Parking Modifications

- (a) For any #development# or #enlargement#, either of which may include demolition, within a #Special Planned Community Preservation District#, the City Planning Commission, by special permit, may allow:
 - (1) the unused total #floor area#, #dwelling units# or #rooming units# permitted by the applicable district regulations for all #zoning lots# within the development to be distributed without regard for #zoning lot lines#;
 - (2) the total #open space# or #lot coverage# required by the applicable district regulations for any #zoning lots# within the development to be distributed without regard for #zoning lot lines#;
 - (3) minor variations in the #yard# regulations required by the applicable district regulations;
 - (4) minor variations in the height and setback regulations required by the applicable district regulations;

- (5) modifications of the minimum spacing requirements consistent with the intent of the provisions of Section 23-71 (Minimum Distance Between Buildings on a Single Lot); or
 - (6) permitted or required #accessory# off-street parking spaces, driveways or curb cuts to be located anywhere within the development, without regard to #zoning lot lines# or the provisions of Sections 25-621 (Location of parking spaces in certain districts) and 25-631 (Location and width of curb cuts in certain districts), subject to the findings of Section 78-41 (Location of Accessory Parking Spaces).
- (b) In order to grant such special permits, the City Planning Commission shall make the following findings:
- (1) that the #development# or #enlargement# relates to the existing #buildings or other structures# in scale and design, and that the #development# will not seriously alter the scenic amenity and the environmental quality of the community;
 - (2) that the #development# or #enlargement# be sited in such a manner as to preserve the greatest amount of #open space# and landscaping that presently exists, consistent with the scale and design of the existing development, the landscaping surrounding the new landscaping arrangement, and conditions of the community;
 - (3) that the #development# or #enlargement# be sited in such a manner that it will not require at that time, or in the foreseeable future, new access roads or exits, off-street parking or public parking facilities that will disrupt or eliminate major portions of #open space# and landscaping or will generate large volumes of traffic that will diminish the environmental quality of the community; and
 - (4) that minimal landscaping be removed during construction and such areas will be fully restored upon completion of construction.
- (c) Notwithstanding the provisions of paragraph (a)(6) of this Section, where the requirement for #accessory# off-street parking spaces, driveways or curb cuts can only be accommodated in such a manner that the functioning of the existing planned community is substantially injured, the City Planning Commission shall authorize waiver of all or

part of the required parking.

The City Planning Commission may prescribe appropriate conditions and safeguards, including covenants running with the land which shall permit public or private enforcement reflecting terms, conditions and limitations of any special permit in order to minimize adverse effects on the character and quality of the community. The Commission may advise and recommend special conditions or modifications in the plans submitted by applicants in order to conform to the intentions of the #Special Planned Community Preservation District#.

(6/10/09)

103-12

Special Permit for Landscaping and Topography Modifications

No substantial modifications of existing topography or landscaping, including plantings, shall be permitted within the Special District except where such modifications are approved by special permit of the City Planning Commission.

(6/10/09)

103-13

Requirements for Application

An application to the City Planning Commission for the grant of a special permit respecting any #development# or #enlargement# or substantial modification of landscaping or topography to be made within the Special District, shall include the existing and proposed site plan showing the location and the scale of the existing and proposed #buildings or other structures#, the location of all vehicular entrances and exits and off-street parking facilities, the changes that will be made in the location and size of the #open space#, and such other information as may be required by the Commission. The submission shall include a landscaping plan, building sections and elevation and an appropriate model of the planned community.

(2/2/11)

103-14

Recordation

At the time of any transfer of development rights which has been authorized by special permit under Section 103-11, the owners of #zoning lots# to which and from which development rights are transferred shall submit to the City Planning Commission a copy of the transfer instrument legally sufficient in both form and content to effect such a transfer.

Notice of the restrictions upon further development of the lots to which development rights and from which development rights are transferred shall be filed by the owners of the respective lots in the place and county designated by law for the filing of deeds and restrictions on real property, a certified copy of which shall be submitted to the Commission.

Both the instrument of transfer and the notice of restrictions shall specify the total amount of #floor area# to be transferred, and shall specify, by lot and #block# numbers, the lots from which and the lots to which such transfer is made.

(6/10/09)

103-20

SPECIAL REGULATIONS FOR SUNNYSIDE GARDENS

In order to further protect and enhance the character of the Sunnyside Gardens area within the #Special Planned Community Preservation District#, the regulations of this Section, inclusive, shall supersede the regulations of the #Special Planned Community Preservation District# and the underlying zoning districts, as applicable.

The special permit provisions of Sections 103-11 (Special Permits for Bulk and Parking Modifications) and 103-12 (Special Permit for Landscaping and Topography Modifications) shall not apply within the Sunnyside Gardens area of the Special District.

(2/2/11)

103-21

Special Bulk Regulations

Notwithstanding any other provisions of this Resolution, #bulk# regulations applicable to the underlying #Residence# and #Commercial Districts#, or modified within the Special District, are hereby further modified to the extent set forth in this

Section, inclusive.

(2/2/11)

103-211

Special floor area regulations

In the Sunnyside Gardens area of the Special District, the #floor area# regulations of the underlying #Residence# and #Commercial Districts# shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for #residential#, #commercial# and #community facility uses#, separately or in combination, shall be 0.75, which may be increased by up to 20 percent to a maximum #floor area ratio# of 0.9, provided that any such increase in #floor area# is located under a sloping roof which rises at least three and one half inches in vertical distance for each foot of horizontal distance, and the structural headroom of such #floor area# is between five and eight feet.

(2/2/11)

103-212

Special density regulations

In the Sunnyside Gardens area of the Special District, the density regulations of the underlying #Residence# and #Commercial Districts# shall not apply. In lieu thereof, the density factor for #dwelling units# shall be 900.

(2/2/11)

103-213

Special height regulations

In the Sunnyside Gardens area of the Special District, the height and setback regulations for R4 Districts as set forth in Article II, Chapter 3, shall apply in #Residence# and #Commercial Districts#.

(2/2/11)

103-214

Special yard regulations

In the Sunnyside Gardens area of the Special District, the #yard# regulations for R4 Districts as set forth in Article II, Chapter 3, shall apply in #Residential# and #Commercial Districts#

(6/10/09)

103-22

Special Parking Regulations

In the Sunnyside Gardens area of the Special District, the off-street parking regulations of Article II, Chapter 5, pertaining to R4 Districts, shall be applicable for all #residential# and #community facility uses#, subject to the provisions of Section 103-23 pertaining to curb cuts.

(6/10/09)

103-23

Curb Cuts

Curb cuts shall not be permitted within the Sunnyside Gardens area of the Special District, except on the east side of 50th Street, within 100 feet of its intersection with 39th Avenue.

Chapter 4

Special Manhattanville Mixed Use District

(12/19/07)

104-00

GENERAL PURPOSES

The "Special Manhattanville Mixed Use District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) encourage the development of a mixed use neighborhood that complements a revitalized community-oriented waterfront;
- (b) support a variety of community facility, commercial and manufacturing uses;
- (c) provide opportunities for the expansion of large academic, scientific and mixed use facilities in a manner that benefits the surrounding community;
- (d) strengthen the retail and service character and economic vitality of the neighborhood by encouraging active ground floor uses along Broadway, West 125th Street and 12th Avenue;
- (e) facilitate the maximum amount of design flexibility while fulfilling the goals of the mixed use district;
- (f) improve the physical appearance of the streetscape by providing and coordinating harmonious open space, sidewalk amenities and landscaping within a consistent urban design;
- (g) strengthen the visual corridors along West 125th Street and other east-west corridors that connect the community to the waterfront;
- (h) expand local employment opportunities;

- (i) recognize, preserve and promote the existing historic transportation infrastructure of the neighborhood;
- (j) promote the most desirable use of land in this area and thus conserve the value of land and buildings, and thereby protect the City's tax revenues.

(12/19/07)

104-01

Definitions

Definitions specifically applicable to this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section 12-10 (DEFINITIONS).

Lower street wall

"Lower street wall" is that portion of the #street wall# of a #building# that extends from grade to the height set forth in Section 104-33, paragraph (a).

Mandatory widened sidewalk

A "mandatory widened sidewalk" is a paved area along the #front lot line# of a #zoning lot# at the same elevation as the adjoining sidewalk and directly accessible to the public at all times. #Mandatory widened sidewalks# are shown on Map 3 (Widened Sidewalk Lines) in Appendix A of this Chapter.

Mandatory widened sidewalk line

A "mandatory widened sidewalk line" is the line shown on Map 3 in Appendix A of this Chapter.

Upper street wall

"Upper street wall" is that portion of the #street wall# of a #building# that extends from the #lower street wall# to the maximum #building# height set forth for each Parcel in the Base Plane and

Building Height Table in Appendix B of this Chapter, or the height of the #building#, whichever is less.

(10/9/13)

104-02

General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Manhattanville Mixed Use District#, the regulations of this Chapter shall apply within the Special District. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

(12/19/07)

104-03

District Plan and Maps

The regulations of this Chapter are designed to implement the #Special Manhattanville Mixed Use District# Plan.

The District Plan includes the following maps and illustrative diagrams in Appendix A of this Chapter:

- | | |
|-------|--|
| Map 1 | Special Manhattanville Mixed Use District and Subdistricts |
| Map 2 | Subdistrict A Block Plan |
| Map 3 | Widened Sidewalk Lines |
| Map 4 | Street Wall Types and Locations |
| Map 5 | Parcel Designation and Maximum Building Heights |

Map 6 Ground Floor Use and Frontage

Map 7 Mandatory Open Areas

The District Plan includes the following table in Appendix B of this Chapter:

Base Plane and Building Height Table

These maps, diagrams and table are hereby incorporated and made part of this Resolution for the purpose of illustrating requirements or specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

(12/19/07)

104-04 Subdistricts

In order to carry out the provisions of this Chapter, three subdistricts are established, as follows:

Subdistrict A - Academic Mixed Use Area

Subdistrict B - Waterfront Area

Subdistrict C - Mixed Use Development Area

The location of the subdistricts of the #Special Manhattanville Mixed Use District# is specified on Map 1 in Appendix A of this Chapter.

(12/19/07)

104-10 SPECIAL USE REGULATIONS

The #use# regulations of the underlying C6 Districts are modified in Sections 104-11 through 104-18, inclusive.

(2/2/11)

104-11

Residential Use Modifications

The #residential use# regulations of the underlying C6-1 District are modified, as follows.

In Subdistrict A, a #residential use# may locate in the same #building#, or #abut# a #building# containing a #use# listed in Section 104-132 (Use Groups 16, 17 and 18), only in accordance with the certification provisions of Section 104-14.

(2/2/11)

104-12

Community Facility Use Modifications

The #community facility use# regulations of the underlying C6-1 and M1-2 Districts are modified, as follows:

- (a) in Subdistrict A, a #community facility use# with sleeping accommodations, as listed in this Section, may locate in the same #building#, or #abut# a #building# containing a #use# listed in Section 104-132 (Use Groups 16, 17 and 18), only in accordance with the certification provisions of Section 104-14:

College or school student dormitories or fraternity or sorority student houses

Domiciliary care facilities for adults

Monasteries, convents or novitiates

Non-profit hospital staff dwellings without restriction as to location on the same #zoning lot#

Non-profit or voluntary hospitals and related facilities

Nursing homes and health-related facilities

Philanthropic or non-profit institutions with sleeping accommodations;

- (b) in Subdistrict B, #uses# listed in Use Groups 3 and 4 permitted in the underlying M1-2 District, pursuant to Sections 42-10

(Uses Permitted As-of-Right) and 74-921 (Use Group 3A and 4A community facilities), shall be limited to 5,000 square feet of #floor area# per establishment.

(12/19/07)

104-13

Commercial and Manufacturing Use Modifications

In Subdistricts A and C, the #commercial# and #manufacturing use# regulations of the underlying C6 Districts are modified as set forth in Section 104-132 (Use Groups 16, 17 and 18).

In Subdistrict B, the #commercial use# regulations of the underlying M1 District are modified as set forth in Section 104-131 (Use Group 6A).

(12/19/07)

104-131

Use Group 6A

In Subdistrict B, the provisions of Section 42-12 (Use Groups 3A, 6A, 6B, 6D, 6F, 7B, 7C, 7D, 7E, 8, 9B, 9C, 10A, 10B, 10C, 11, 12A, 12C, 12D, 12E, 13, 14 and 16), shall be modified to permit food stores, including supermarkets, grocery stores or delicatessen stores, without limitation as to #floor area# per establishment.

(2/2/11)

104-132

Use Groups 16, 17 and 18

In Subdistricts A and C, the following #uses# in Use Groups 16, 17 and 18 are permitted, subject to the performance standards for an M1 District set forth in Section 42-20 (PERFORMANCE STANDARDS).

Such #uses# may locate in the same #building#, or in an #abutting building# containing a #residential use# or a #community facility use# with sleeping accommodations listed in Section 104-12

(Community Facility Use Modifications), only in accordance with the certification provisions of Section 104-14.

From Use Group 16A:

Animal hospitals or kennels

Automobile, motorcycle, trailer or boat sales, enclosed only

Carpentry, custom woodworking or custom furniture making shops

Motorcycle or motor scooter rental establishments, enclosed only

Trade schools for adults

From Use Group 16B:

Automobile, truck, motorcycle or #trailer# repairs

Automobile laundries, provided that the #zoning lot# contains reservoir space for not less than ten automobiles per washing lane

#Automotive service stations#, open or enclosed, provided that facilities for lubrication, minor repairs or washing are permitted only if located within a #completely enclosed building#

From Use Group 16C:

Commercial or public utility vehicle storage, open or enclosed, including #accessory# motor fuel pumps

Public transit yards, open or enclosed, including #accessory# motor fuel pumps

From Use Group 16D:

Moving or storage offices, with no limitation as to storage or #floor area# per establishment

Warehouses

Wholesale establishments, with no limitation on #accessory# storage

From Use Group 17A:

Produce or meat markets

From Use Group 17B:

Advertising displays

Apparel or other textile products, from textiles or other materials, including hat bodies or similar products

Ceramic products, including pottery, small glazed tile or similar products

Food products, except slaughtering of meat or preparation of fish for packing

Leather products, including shoes, machine belting or similar products

Luggage

Musical instruments, including pianos or organs

Optical equipment, clocks or similar precision instruments

Perfumes or perfumed soaps, compounding only

Printing or publishing, with no limitation on #floor area# per establishment

Scenery construction

Textiles, spinning, weaving, manufacturing, dyeing, printing, knit goods, yarn, thread or cordage

Toys

Wood products, including furniture, boxes, crates, baskets, pencils, cooperage works or similar products

From Use Group 17C:

Public transit, railroad or electric utility substations, open or enclosed, with no limitation as to size

From Use Group 18A:

Manufacturing of beverages, alcoholic or breweries

(2/2/11)

104-14

Certification Requirements

In Subdistrict A, a #use# listed in Section 104-132 (Use Groups 16, 17 and 18) and a #residential use# or a #community facility use# with sleeping accommodations listed in Section 104-12 (Community Facility Use Modifications) may locate in the same #building#, or in an #abutting building#, only upon certification by a licensed architect or a professional engineer to the Department of Buildings stating that the #commercial# or #manufacturing use#:

- (a) does not have a New York City or New York State environmental rating of "A," "B" or "C" under Section 24-153 of the New York City Administrative Code for any process equipment requiring a New York City Department of Environmental Protection operating certificate or New York State Department of Environmental Conservation state facility permit; and
- (b) is not required, under the City Right-to-Know Law, to file a Risk Management Plan for Extremely Hazardous Substances.

(12/19/07)

104-15

Ground Floor Use and Frontage Regulations

For the purposes of this Section, ground floor level shall mean the floor of a #building#, the level of which is located at, or within five feet of, the finished level of the adjacent sidewalk, or the adjacent #mandatory widened sidewalk#, as applicable. In the locations specified on Map 6 (Ground Floor Use and Frontage) in Appendix A of this Chapter, the ground floor #use# and frontage regulations of this Section shall apply to any #development# or change of #use# located on the ground floor level of a #building# or other structure#, or any #enlargement# that increases the #floor area# of the ground floor level of a #building# by more than 25 percent.

A minimum of 75 percent of the length of a #street wall# on the ground floor level measured to a depth of at least 30 feet from the #street wall#, or the depth of the #building#, whichever is less,

shall be limited to #uses# listed in Section 104-16 (Use Group MMU). Such #uses# shall be located at the #street wall#. In no event shall the length of #street# frontage occupied solely by lobby space or entryways exceed, in total, 40 feet.

All such #developments#, #enlargements# and changes of #use# on the ground floor of a #building or other structure# (other than a change of #use# on the ground floor of a #building# located on Parcels E2 or G2, as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A) shall comply with the transparency requirements of Section 104-41.

(12/19/07)

104-16

Use Group MMU

Use Group MMU comprises a group of #uses# selected from Use Groups 3, 4, 6, 7, 8, 9, 10, 12 and 17, as modified, including any of such #uses# that are #accessory# to a college or university and open to the public.

From Use Group 3:

Libraries, museums or non-commercial art galleries

From Use Group 4A:

Ambulatory diagnostic or treatment health care facilities

Community centers or settlement houses

Non-commercial recreation centers

From Use Group 6A:

Bakeries, provided that #floor area# used for production shall be limited to 750 square feet per establishment

Barber shops

Beauty parlors

Drug stores

Dry cleaning or clothes pressing establishments or receiving stations dealing directly with ultimate consumers, limited to 2,000 square feet of #floor area# per establishment, and provided that only solvents with a flash point of not less than 138.2 degrees Fahrenheit shall be used, and total aggregate dry load capacity of machines shall not exceed 60 pounds

Eating or drinking establishments, including those which provide outdoor table service or have music for which there is no cover charge and no specified show time

Food stores, including supermarkets, grocery stores, meat markets or delicatessen stores

Hardware stores

Laundry establishments, hand or automatic self-service

Liquor stores, package

Post offices

Shoe or hat repair shops

Stationery stores

Tailor or dressmaking shops, custom

Variety stores, limited to 10,000 square feet of #floor area# per establishment

From Use Group 6B:

Veterinary medicine for small animals, provided all activities are conducted within a #completely enclosed building#

From Use Group 6C:

Antique stores

Art galleries, commercial

Artists' supply stores

Automobile supply stores, with no installation or repair services

Banks

Bicycle sales

Book stores

Candy or ice cream stores

Carpet, rug, linoleum or other floor covering stores, limited to 10,000 square feet of #floor area# per establishment

Cigar or tobacco stores

Clothing or clothing accessory stores, limited to 10,000 square feet of #floor area# per establishment

Clothing rental establishments, limited to 10,000 square feet of #floor area# per establishment

Dry goods or fabrics stores, limited to 10,000 square feet of #floor area# per establishment

Eating or drinking establishments with entertainment, but not dancing, with a capacity of 200 persons or fewer

Eating or drinking establishments with musical entertainment, but not dancing, with a capacity of 200 persons or fewer

Electrolysis studios

Fishing tackle or equipment, rental or sales

Florist shops

Furniture stores, limited to 10,000 square feet of #floor area# per establishment

Furrier shops, custom

Gift shops

Interior decorating establishments, provided that #floor area# used for processing, servicing or repairs shall be limited to 750 square feet per establishment

Jewelry or art metal craft shops

Leather goods or luggage stores

Loan offices

Locksmith shops

Medical or orthopedic appliance stores

Millinery shops

Music stores

Newsstands, open or enclosed

Optician or optometrist establishments

Paint stores

Pet shops

Photographic equipment or supply stores

Photographic studios

Picture framing shops

Record stores

Seed or garden supply stores

Sewing machine stores, selling household machines only

Shoe stores

Sporting or athletic stores

Stamp or coin stores

Telegraph offices

Television, radio, phonograph or household appliance stores, limited to 10,000 square feet of #floor area# per establishment

Toy stores

Travel bureaus

Typewriter stores

Wallpaper stores

Watch or clock stores or repair shops

From Use Group 7B:

Bicycle rental or repair shops

Moving or storage offices, with storage limited to items for retail sale and to 1,500 square feet of #floor area# per establishment

Refreshment stands

Sign painting shops, limited to 2,500 square feet of #floor area# per establishment

Venetian blind, window shade or awning shops, custom, limited to 2,500 square feet of #floor area# per establishment

From Use Group 8A:

All #uses#

From Use Group 8B:

Lumber stores, limited to 5,000 square feet of #floor area# per establishment, exclusive of that #floor area# used for office and display areas, and provided that not more than 400 square feet of #floor area# shall be used for cutting of lumber to size

Television, radio, phonograph or household appliance repair shops

Upholstering shops dealing directly with consumers

From Use Group 9A:

Automobile, motorcycle, #trailer# or boat showrooms or sales, with no repair services and with no preparation of vehicles or boats for delivery

Clothing or costume rental establishments

Musical instrument repair shops

Plumbing, heating or ventilating equipment showrooms, without repair facilities

Printing establishments, limited to 2,500 square feet of #floor area# per establishment for production

Public auction rooms

Studios, art, music, dancing or theatrical

Typewriter or other small business machine sales, rental or repairs

Umbrella repair shops

From Use Group 10A:

Clothing or clothing accessory stores, limited to 20,000 square feet of #floor area# per establishment

Office or business machine stores, sales or rental

Variety stores, limited to 20,000 square feet of #floor area# per establishment

From Use Group 12B:

Antique stores

Art gallery, commercial

Book stores

Candy or ice cream stores

Cigar and tobacco stores

Delicatessen stores

Drug stores

Gift shops

Jewelry or art metal craft shops

Music stores

Newsstands

Photographic equipment stores

Record stores

Stationery stores

Toy stores

From Use Group 17A:

Produce or meat markets, wholesale

From Use Group 17B:

Ceramic products, including pottery, small glazed tile, or similar products

#Accessory uses# to all the above #uses# are permitted.

#Physical culture or health establishments# are subject to a special permit, pursuant to Section 73-36.

(12/19/07)

104-17

Modification of Article VII, Chapter 4 (Special Permits by the City Planning Commission)

The provisions of Section 74-48 (Scientific Research and Development Facility) shall not apply in the #Special Manhattanville Mixed Use District#.

(2/2/11)

104-20

SPECIAL BULK REGULATIONS

In Subdistricts A, B and C, the #bulk# regulations of the underlying C6 and M1 Districts, as modified in this Chapter, shall apply.

The #floor area ratio#, #open space ratio# and #lot coverage# regulations applicable in the underlying C6 Districts are modified as set forth in Sections 104-21 through 104-25.

The #floor area ratio# regulations applicable in the underlying M1 District are modified as set forth in Section 104-22. No #floor area# bonuses shall be permitted.

Special provisions regulating change of #use# in #non-complying buildings# are set forth in Section 104-26.

The height and setback regulations of the underlying C6 Districts are superseded as set forth in Sections 104-30 through 104-34, inclusive.

The special maximum #building# height regulations for the M1-2 District are set forth in Section 104-31.

Notwithstanding the special #bulk# regulations of this Chapter, any #development# containing #dwelling units#, or college or school student dormitories as listed in Use Group 3, on Parcel H, as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter, shall comply with the height and setback regulations for an R8A District as set forth in Article II of this Resolution.

(12/19/07)

104-21

Maximum Floor Area Ratio, Open Space Ratio and Lot Coverage for Residential Uses

In Subdistricts A and C, the #bulk# regulations for #residential use# are modified in accordance with the provisions of this Section.

For all #zoning lots#, or portions thereof, the maximum #floor area ratio#, #open space ratio# and #lot coverage# regulations shall not apply. In lieu thereof, the provisions of this Section shall apply.

In Subdistrict A, the maximum #floor area ratio# for #residential use# shall be 3.44.

In Subdistrict C, the maximum #floor area ratio# for #residential use# shall be 6.02.

For #interior# or #through lots#, or portions thereof, the maximum #lot coverage# shall not exceed 70 percent. For #corner lots#, the maximum #lot coverage# shall not exceed 80 percent. However, there shall be no maximum #lot coverage# for any #zoning lot# comprising a #corner lot# of 5,000 square feet or less.

The provisions of Section 23-70 (MINIMUM REQUIRED DISTANCES BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT) shall not apply.

(12/19/07)

104-22

Maximum Floor Area Ratio and Lot Coverage for Community Facility Uses

In Subdistricts A and C, the maximum #floor area ratio# permitted for #community facility uses# shall be 6.0. #Lot coverage# requirements for #community facility uses# shall not apply.

In Subdistrict B, the maximum #floor area ratio# permitted for #community facility uses# shall be 2.0.

(12/19/07)

104-23

Maximum Floor Area Ratio for Commercial Uses

In Subdistricts A and C, the maximum #floor area ratio# permitted for #commercial uses# shall be 6.0, except that the maximum #floor area ratio# for #uses# in Use Group 16 listed in Section 104-132 (Use Groups 16, 17 and 18) shall be 2.0.

(12/19/07)

104-24

Maximum Floor Area Ratio for Manufacturing Uses

In Subdistricts A and C, the maximum #floor area ratio# permitted for #manufacturing uses# shall be 2.0.

(2/2/11)

104-25

Maximum Floor Area Ratio for Multiple Uses on a Zoning Lot

When more than one #use# is located on a #zoning lot#, the maximum #floor area ratio# permitted for any #use# on such #zoning lot# shall not exceed the maximum permitted for such #use#, as set forth in Sections 104-21 through 104-24, inclusive, provided that the total of all such #floor area ratios# does not exceed the greatest #floor area ratio# permitted for any such #use# on the #zoning lot#.

(2/2/11)

104-26

Change of Use

(a) Change to #residential use#

Notwithstanding the provisions set forth in Section 34-222 (Change of use) and in the last paragraph of Section 35-31 (Maximum Floor Area Ratio) regarding the applicability of #floor area ratio# and #open space ratio# regulations to a change from a non-#residential use# to a #residential use# in a #building# in existence on December 15, 1961, such #conversions# of #non-residential buildings# shall be permitted only if such #buildings# comply with all of the #bulk# regulations for #residential# or #mixed buildings#.

(b) Change to non-#residential use#

In Subdistrict A, the provisions of Section 54-31 (General Provisions) shall not apply. In lieu thereof, a #use# listed in Use Groups 16, 17 or 18 located in a #non-complying building or other structure# may be changed to:

- (1) a #use# listed in Section 104-132 (Use Groups 16, 17 and 18), subject to the performance standards for an M1 District set forth in Section 42-20, and subject to Section 104-14 (Certification Requirements), if applicable; or
- (2) a #community facility use#, or an office #use# listed in Use Group 6B.

The #bulk# regulations of the underlying C6 District as modified by the #Special Manhattanville Mixed Use District# and the regulations set forth in Section 104-40 (SPECIAL URBAN DESIGN REGULATIONS) shall not apply to the changes of #use# set forth in paragraph (b) of this Section.

The provisions of paragraph (b) of this Section shall apply to Blocks A and C, as shown on Map 2 (Subdistrict A Block Plan) in Appendix A of this Chapter, and to Parcel D4, as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter, through December 31, 2015, and to all other Parcels and Blocks in Subdistrict A through December 31, 2030. Beginning on January 1, 2016, with respect to Blocks A and C and Parcel D4, and beginning on January 1, 2031, with respect to Parcels D1, D2, and D3, as shown on Map 5, and Blocks E, F, G, and H, as shown on Map 2, the provisions of paragraph (b) of this Section shall lapse, and the #bulk# regulations of the underlying C6 District as modified by the #Special Manhattanville Mixed Use District# and the requirements set forth in Section 104-40, shall apply to the changes of #use# set forth in paragraph (b) of this Section.

(10/9/13)

104-30

SPECIAL HEIGHT AND SETBACK REQUIREMENTS

In the #Special Manhattanville Mixed Use District#, the height and setback regulations of the underlying C6 Districts shall not apply. In lieu thereof, the height and setback provisions of this Section, inclusive, shall apply in C6 Districts. In Subdistrict B, special height regulations for the underlying M1-2 District are set forth in Section 104-31, et seq.

In Subdistrict A, the height of all #buildings or other structures# shall be measured from the #base plane#. However, the provisions for establishing #base planes# set forth in Section 12-10 (DEFINITIONS) shall not apply. In lieu thereof, #base planes# are specified for each Parcel as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter. The level of the #base plane# is designated for each such Parcel in Appendix B of this Chapter. However, in #flood zones#, the level of the #base plane# shall be the #flood-resistant construction elevation#.

Wherever a #mandatory widened sidewalk line# is shown on Map 3 (Widened Sidewalk Lines) in Appendix A of this Chapter, such line shall be used instead of the #street line# for all purposes of Section 104-30, et seq.

The City Planning Commission may modify, by special permit, the special height and setback requirements of this Section pursuant to Section 104-60 (MODIFICATION OF SPECIAL BULK REQUIREMENTS AND TRANSFER OF FLOOR AREA BY SPECIAL PERMIT).

(2/2/11)

104-31

Maximum Building Height

In Subdistrict A, the maximum #building# height, by Parcel, is shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter and specified in Appendix B of this Chapter. In Subdistricts B, C and the Other Area east of Broadway, the maximum #building# heights are shown on Map 5. No #building# shall exceed the maximum #building# height set forth in such Map or Appendix B of this Chapter.

(12/19/07)

104-32

Rooftop Regulations

The special rooftop regulations of Section 104-32, inclusive, shall apply in Subdistricts A and C.

(2/2/11)

104-321

Mechanical equipment

Mechanical equipment, open or enclosed, may be located on the roof of a #building# in accordance with the following provisions:

- (a) Mechanical equipment shall not exceed the maximum height of mechanical equipment specified for each Parcel as set forth in

Appendix B of this Chapter and shall be measured from the roof level of the highest #story# of the #building#. Such mechanical equipment may penetrate the maximum #building# height specified for each Parcel as set forth in Appendix B.

- (b) Such mechanical equipment shall be set back at least 10 feet from the #upper street wall# of the #building#. In addition, such equipment shall not penetrate a #sky exposure plane# that begins at the point of intersection of the roof and the #upper street wall# of the #building#, and rises over the #building# at a slope of 2.7 feet of vertical distance for each foot of horizontal distance, except for permitted obstructions set forth in Section 104-322. Where portions of the #upper street wall# are located at different distances from the #street line# or #mandatory widened sidewalk line#, whichever is applicable, the portion used to establish such reference line shall be the portion that occupies the greatest area of such #upper street wall#.
- (c) Such mechanical equipment shall not overhang any recess in the #building# wall that is open to the sky.

(4/30/12)

104-322

Permitted Obstructions

The following shall not be considered obstructions and thus may penetrate the applicable maximum #building# height and the applicable maximum height for mechanical equipment set forth in Appendix B of this Chapter, and may also penetrate the #sky exposure plane# set forth in Section 104-321 (Mechanical equipment). Within 50 feet of the #upper street wall#, the width of such obstructions shall be limited in total to 10 percent of the #aggregate width of street walls# of a #building#, per #street# frontage, at any level above the maximum level of mechanical equipment as set forth in Section 104-321. Beyond 50 feet from the #upper street wall#, the permitted obstructions may occupy an area not to exceed 30 percent of the #building# coverage at the ground level. Where portions of the #upper street wall# are located at different distances from the #street line# or #mandatory widened sidewalk line#, whichever is applicable, the portion used to establish such reference line shall be the portion that occupies the greatest area of such #upper street wall#. However, in no event shall such obstructions be located within 10 feet of the #upper street wall#.

- (a) Antennae and structural support thereto;
- (b) Chimneys, flues, intake and exhaust vents limited to a #lot coverage# of 900 square feet with neither length nor width of any single such obstruction, nor the total length or width of all such obstructions, greater than 30 feet;
- (c) Decks, and other surfaces for recreational activities, not more than 3 feet, 6 inches in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher;
- (d) Elevator and stair bulkheads to a maximum height of 15 feet above the permitted maximum height of mechanical equipment;
- (e) Flagpoles or aerials;
- (f) House of worship towers, ornamental, having no #floor area# in portion of tower penetrating such #sky exposure plane#;
- (g) Parapet walls, not more than four feet in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. A guardrail with a surface at least 70 percent open or with an opacity of not more than 30 percent (as viewed in elevation), shall be permitted above a parapet wall or within two feet of a parapet wall, provided such guardrail is not more than four feet above the accessible level of a roof. Such restriction on guardrail height shall not apply when located beyond two feet from a parapet wall;
- (h) Pipes and supporting structures;
- (i) Railings;
- (j) Roof thickness, up to eight inches, to accommodate the addition of insulation, for #buildings# or portions of #buildings# constructed prior to April 30, 2012. For a #building# that has added roof thickness pursuant to this paragraph, (j), an #enlargement# may align with the finished roof surface of such #building#, provided the #enlarged# portion does not exceed the maximum height limit by more than eight inches;
- (k) Rooftop greenhouses, permitted pursuant to Section 75-01 (Certification for Rooftop Greenhouses);

(l) Skylights, clerestories or other daylighting devices, not more than four feet in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. Such devices shall be limited to a #lot coverage# not greater than 10 percent of the #lot coverage# of the roof and be located at least eight feet from the #street wall# edge. However, such devices shall not be permitted obstructions above a roof with a slope greater than 20 degrees;

(m) Solar energy systems:

(1) on the roof of a #building#, up to four feet in height, as measured from the maximum height limit, or the finished level of the roof, whichever is higher;

(2) on the roof of a #building#, greater than four feet in height, as measured from the maximum height limit, or the finished level of the roof, whichever is higher, provided that all such portions above four feet are set back at least six feet from a #street wall#, limited to a #lot coverage# not greater than 25 percent of the #lot coverage# of the roof and do not exceed:

(i) a height of 15 feet; and

(ii) when located on a bulkhead or other obstruction, pursuant to paragraph (d) of this Section, a height of six feet;

(3) on walls existing on April 30, 2012, projecting no more than 10 inches and occupying no more than 20 percent of the surface area of the #building# wall (as viewed in elevation) from which it projects;

However, any installation on a roof with a slope greater than 20 degrees shall be limited to 18 inches in height, as measured perpendicular to the roof surface;

(n) Spires or belfries;

(o) Vegetated roofs, not more than 3 feet, 6 inches in height excluding vegetation, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. On roofs with slopes greater than 20 degrees, vegetated roofs shall be limited to a height of 12 inches measured perpendicular to such roof surface;

- (p) Weirs, check dams and other equipment for stormwater management, not more than 3 feet, 6 inches in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher;
- (q) Window washing equipment mounted on the roof;
- (r) Wire, chain link or other transparent fences.

(2/2/11)

104-33

Mandatory Street Walls

Six types of mandatory #street walls# are established in the #Special Manhattanville Mixed Use District#, the regulations for which are set forth in Sections 104-331 through 104-336. Map 4 (Street Wall Types and Locations) and Map 5 (Parcel Designation and Maximum Building Heights), in Appendix A of this Chapter, specify locations where such regulations apply. The mandatory #street wall# requirements shall apply to any #development# and the #enlarged# portion of an existing #building#, except as set forth in paragraph (c) of this Section.

In Subdistrict A, the mandatory #street walls# specified as Street Wall Types 1, 3 and 4 consist of a #lower street wall# and an #upper street wall#, except that for #buildings# fronting on a #wide street# that do not exceed a height of 85 feet, and for #buildings# fronting on a #narrow street# that do not exceed a height of 60 feet, such #street wall# may in its entirety comply with the rules for an #upper street wall#.

(a) #Lower street wall#

- (1) For Parcels D1, E1, F1, G1, G2 and H, the #lower street wall# is that portion of the #street wall# that extends from grade to a minimum height of 15 feet above the highest elevation of the #street# frontage of the #building# on Broadway and a maximum height of 55 feet above such elevation for each #street# frontage. For #buildings# without frontage on Broadway, the #lower street wall# shall be measured from the highest elevation of each such #street# frontage of such #building#;

- (2) For Parcels A, C1, C4, D4, E4 and F4, the #lower street wall# of each #street# frontage of a #building# is that portion of the #street wall# that extends from grade to a minimum height of 20 feet and a maximum height of 55 feet above the highest elevation of such #street# frontage of such #building#;
- (3) For Parcels C2, C3, D2, E2, E3, F2 and F3, the #lower street wall# of each #street# frontage of a #building# is that portion of the #street wall# that extends from grade to a minimum height of 20 feet and a maximum height of 45 feet above the highest elevation of such #street# frontage of such #building#. For the purposes of this Section, Parcel C2 shall be considered to have frontage only on West 130th Street.

(b) #Upper street wall#

For all Parcels, the #upper street wall# is that portion of the #street wall# that extends from the #lower street wall# to the maximum #building# height set forth in Appendix B or the height of the #building#, whichever is less.

- (c) The mandatory #street wall# requirements shall not apply to vertical #enlargements# of one #story# not exceeding 15 feet in height.
- (d) Where a #building# is located on more than one Parcel, the requirements of Sections 104-331 through 104-336, with respect to the locations of the #upper street wall# and the #lower street wall#, may apply to the entire #street frontage# of the Parcels.
- (e) On Parcels C3 and C4, the applicable #lower street wall# provision may be applied to the entire #building#.
- (f) For a #building# within Subdistrict A, located on a portion of a Parcel where no required #street wall# is shown on Map 4, such #building# shall comply with the #street wall# requirements for a #building# on the same Parcel. For a #building# on Parcel C3, the #street wall# requirements shall be those provisions applicable to Parcel D2.

104-331

Type 1 street wall location

Type 1 #street walls#, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of this Section.

- (a) The #upper street wall# shall be located anywhere within five feet of the #street line# for at least 70 percent of the #street frontage# of the Parcel and shall rise without setback to a minimum height of 85 feet above #curb level#, or the height of the #building#, whichever is less.
- (b) The #lower street wall# shall be set back at least two feet but no more than 10 feet from the #upper street wall# required pursuant to paragraph (a) of this Section and shall extend along at least 70 percent of the #street# frontage of the Parcel. For Parcels D1, E1, F1, G1, G2 and H, the height of the #lower street wall# shall be not less than twice the depth of the setback of the #lower street wall# from the #upper street wall#, but not less than 15 feet.
- (c) No #street wall# location regulation shall apply to the remaining 30 percent of the #street# frontage of a Parcel.
- (d) At least 20 percent of the area of an #upper street wall# facing Broadway shall be recessed to a minimum depth of 10 feet.
- (e) The #street wall# provisions of this Section may apply along a #narrow street# within 100 feet of its intersection of a #wide street#.

(12/19/07)

104-332

Type 2 street wall location

Type 2 #street walls#, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of either paragraph (a) or (b) of this Section.

- (a) The #street wall# shall be located within two to five feet of the #street line# or the #mandatory widened sidewalk line#, whichever is applicable, and shall rise without setback to a

minimum height of 45 feet. A #street wall# fronting on West 125th Street shall extend along at least 70 percent of the length of the #street line# of the Parcel; a #street wall# fronting on West 130th Street shall extend along at least 50 percent of the length of the #mandatory widened sidewalk line#. No #street wall# location regulation shall apply to the remaining 30 percent of the #street# frontage of the Parcel on West 125th Street, or to the remaining 50 percent of the #street# frontage of the Parcel on West 130th Street; or

- (b) Where the #lower street wall# is set back from the #upper street wall#:
 - (1) the provisions of Section 104-334 (Type 4 street wall location) shall apply to #street walls# facing West 130th Street;
 - (2) the provisions of Section 104-331 (Type 1 street wall location) shall apply to #street walls# facing West 125th Street; and
 - (3) for #street walls# facing 12th Avenue, the #upper street wall# shall be located within five feet of the #mandatory widened sidewalk line# and the #lower street wall# shall be set back not more than 30 feet from the #upper street wall#.

(12/19/07)

104-333

Type 3 street wall location

Type 3 #street walls#, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of this Section.

- (a) The #upper street wall# shall be located within two feet of the 12th Avenue #mandatory widened sidewalk line#, and shall extend along no more than 70 percent of the length of the #mandatory widened sidewalk line# of the Parcel. Any #upper street wall# located on the remaining portion of the #street# frontage of the Parcel shall be set back from the 12th Avenue #widened sidewalk line# by a minimum distance of either:
 - (1) 20 feet, if such setback area faces both 12th Avenue and a #narrow street#; or

(2) 10 feet, if such setback area faces only 12th Avenue.

- (b) The #lower street wall# shall be located at the same distance from the #mandatory widened sidewalk line#, or set back not more than ten feet from the #upper street wall# required pursuant to paragraph (a) of this Section, and shall extend along at least 80 percent of the length of such required #upper street wall#. No #street wall# location regulations shall apply to the remaining portion of the #lower street wall# frontage of a Parcel.
- (c) The #street wall# provisions of this Section may apply along a #narrow street# within 100 feet of its intersection of a #wide street#.

(12/19/07)

104-334

Type 4 street wall location

Type 4 #street walls#, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of this Section.

- (a) The #upper street wall# shall be located within five feet of the #street line# or #mandatory widened sidewalk line#, as applicable. Such #street wall# shall extend along at least 50 percent of the length of the #street line# or #mandatory widened sidewalk line# of the Parcel, as applicable, and shall rise without setback to a minimum height of 60 feet above #curb level#, or the height of the #building#, whichever is less.
- (b) The #lower street wall# shall be set back at least two feet but no more than ten feet from the #upper street wall# required pursuant to paragraph (a) of this Section and shall extend along at least 50 percent of the #street line# or #mandatory widened sidewalk line# of the Parcel, as applicable.
- (c) No #street wall# location regulation shall apply to the remaining 50 percent of the #street# frontage of a Parcel.

(12/19/07)

104-335

Type 5 street wall location

Type 5 #street walls#, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of paragraph (a) or (b) of this Section:

- (a) The #street wall# shall be located within two feet of the #street line# or the #mandatory widened sidewalk line#, as applicable, and shall rise without setback to a minimum height of 45 feet or the height of the #building#, whichever is less. Such required #street walls# shall extend along at least 50 percent of the length of the #street line# or the #mandatory widened sidewalk line# of the Parcel, as applicable; or
- (b) Where the #lower street wall# is set back from the #upper street wall#, the provisions of Section 104-334 (Type 4 street wall location) shall apply.

No #street wall# location regulations shall apply to the remaining 50 percent of the #street# frontage of a Parcel.

(12/19/07)

104-336

Type 6 street wall location

Type 6 #street walls#, as shown on Map 4 in Appendix A of this Chapter, shall be located at or within 10 feet of the #street line# and shall extend along at least 70 percent of the length of the #street line# of the Parcel, and may rise to a maximum height of 120 feet. No #street wall# location regulations shall apply to the remaining 30 percent of the #street# frontage of a Parcel.

(12/19/07)

104-34

Street Wall Recesses

Recesses are permitted for architectural, decorative or functional purposes, provided that such recesses comply with the provisions of this Section.

For portions of the #lower street wall# required pursuant to the provisions of Section 104-33, the maximum area of recesses shall not exceed 30 percent of the area of such required #lower street wall# and the maximum depth of such recesses shall not exceed three feet.

For that portion of the #upper street wall# required pursuant to the provisions of Section 104-33, and located below a height of 85 feet on a #wide street# and 60 feet on a #narrow street#, the maximum area of recesses shall not exceed 30 percent of the area of such portion of the #upper street wall# and the maximum depth of such recesses shall not exceed three feet. However, the regulation limiting the maximum depth of such recesses to three feet, set forth in this paragraph, shall not apply to the recesses required in paragraph (d) of Section 104-331.

(12/19/07)

104-40

SPECIAL URBAN DESIGN REGULATIONS

The special urban design regulations of this Chapter include ground floor transparency requirements, and requirements for six different types of open areas that are accessible to the public, as described in Sections 104-42 and 104-43, inclusive, and shown on Maps 3 (Widened Sidewalk Lines) and 7 (Mandatory Open Areas) in Appendix A of this Chapter.

(12/19/07)

104-41

Street Wall Transparency Requirements

Within Subdistrict A, the transparency requirements of paragraph (a) of this Section, subject to the modifications of paragraph (b) of this Section, as applicable, shall apply to #developments#, changes of #use# on the ground floor of a #building or other structure#, and #enlargements# that increase the #floor area# of the ground floor by more than 25 percent, but shall not apply to a change of #use# on the ground floor of a #building# located on Parcels E2 or G2, as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter.

- (a) On all #streets#, at least 70 percent of the surface of the #street wall# shall be glazed, and at least 50 percent of the area of each such #street wall# shall be transparent to a minimum height of the ceiling of the ground floor, or not less than 15 feet above the finished level of the adjacent sidewalk, whichever is lower. The glazing material shall be highly transparent, with low reflectivity. Above this height, and to the top of the #lower street wall#, the #street wall# surface shall be at least 50 percent glazed and at least 30 percent transparent. Door or window openings within such walls shall be considered as transparent. Each such opening shall have a minimum width of two feet.
- (b) For #street walls# where the provisions of Section 104-332 (Type 2 street wall location) apply, the required glazing at the ground floor shall apply to the minimum height of the ceiling of the ground floor, or not less than 20 feet above the finished level of the adjacent sidewalk, whichever is lower.

(12/19/07)

104-42

Open Areas

All mandatory open areas as shown on Map 7 (Mandatory Open Areas) in Appendix A of this Chapter and all open areas adjacent thereto up to the #street wall# required pursuant to the provisions of Section 104-33 (Mandatory Street Walls) shall comply with the urban design regulations of Section 104-42 through 104-43, inclusive, and shall be open and unobstructed except as specified.

(12/19/07)

104-421

Mandatory widened sidewalks and adjacent areas

- (a) Map 3 (Widened Sidewalk Lines) in Appendix A of this Chapter specifies the locations of #mandatory widened sidewalks#. The depth of such #mandatory widened sidewalks# shall be as indicated on Map 3 and specified in this Section, and shall be measured perpendicular to the #street line#. #Mandatory widened sidewalks# shall be constructed at the same level as the adjoining public sidewalks and shall be accessible to the

public at all times. The portions of all #mandatory widened sidewalks# used for pedestrian circulation shall be improved as sidewalks to Department of Transportation standards.

- (b) Within #mandatory widened sidewalks#, landscaping and other amenities shall be permitted. #Mandatory widened sidewalks# shall be considered #streets# for the purposes of applying the provisions of the New York City Building Code governing cornices, eaves, sills and other architectural elements that project over #streets#. However, no fences shall be permitted, no planters shall be higher than two feet above the finished level of the adjacent sidewalk, and all trees shall be planted flush to grade.

- (c) Adjacent area at grade between #lower street wall# and sidewalk

Where the #lower street wall#, or the #street wall# if no #lower street wall# is required, is set back from the #mandatory widened sidewalk line# or the #street line#, whichever is applicable, the entire surface area of the ground located between the #street wall# and the public sidewalk shall comply with the standards of paragraphs (a) and (b) of this Section. Such areas may be covered and may include columns and other elements not specifically excluded pursuant to paragraph (b) of this Section.

- (d) Additional regulations shall apply to the following areas and conditions:

- (1) Narrow #streets#

The #mandatory widened sidewalks# located along #narrow streets# shall be five feet wide. A paved walking path not less than 10 feet wide, which may include the public sidewalk, shall be provided. The paving surface shall be of a non-skid material, whether wet or dry.

- (2) 12th Avenue

The #mandatory widened sidewalks# located along 12th Avenue, as shown on Map 7 in Appendix A of this Chapter, shall be 30 feet wide and include a 15 foot wide area adjacent to the #street line# for the provision of an open market and a walking surface with a minimum clear path of 15 feet adjacent to the market area. The walking surface shall be of a non-skid material, whether wet or dry.

(i) Permanent, fixed elements, such as landscaping and seating, with a minimum coverage of five percent of the market area, shall be required.

(ii) The following obstructions shall be permitted:

Temporary, moveable elements with a maximum coverage of 30 percent of the market area per #zoning lot#, such as carts, kiosks or pavilions, open or enclosed; market umbrellas; retail structures, open; and seating and other street furniture.

(2/2/11)

104-422

Midblock Open Areas

Midblock Open Areas shall be provided as shown on Map 7 (Mandatory Open Areas) in Appendix A of this Chapter. However, no Midblock Open Area is required on any #block# that is not developed as a single #zoning lot#. The Midblock Open Areas shall have a minimum width of 50 feet clear and open to the sky.

All Midblock Open Areas shall have a minimum clear path of 15 feet and shall be improved as paved surfaces of a non-skid material, whether wet or dry. A minimum of 20 percent and a maximum of 50 percent of each Midblock Open Area shall be improved with landscape treatment, including planting and other amenities. No fences shall be permitted. No walls or planters shall be higher than two feet above the finished level of the nearest adjoining sidewalk.

The full width of each Midblock Open Area shall be improved and open to the public prior to applying for and receiving a temporary certificate of occupancy for any #development# adjacent to such area. However, up to 10 feet of the width of a Midblock Open Area may be temporarily enclosed within a construction fence for the shortest period of time reasonably necessary to permit construction in the adjacent area.

For #buildings# adjacent to the Midblock Open Areas, other than a #building# located on Parcel E2 as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter, #building# walls fronting on such Midblock Open Areas shall be transparent for at least 50 percent of the area of each such

wall, measured from the finished level of the adjacent pavement to the height of the ceiling of the second #story#.

(2/2/11)

104-423

East/West Open Area

An East/West Open Area shall be provided as shown on Map 7 (Mandatory Open Areas) in Appendix A of this Chapter. The East/West Open Area shall have:

- (a) a minimum width of 60 feet and shall be open to the sky;
- (b) a minimum clear path of 15 feet, which shall be improved as a paved surface of a non-skid material, whether wet or dry; and
- (c) a minimum of 20 percent of its area improved with landscape treatment, including planting and other amenities. No walls or planters shall be higher than two feet above the finished level of the adjacent sidewalk.

Air intake grilles, flush to grade, shall be permitted, provided such intake grilles do not exceed 10 percent of the area of the East/West Open Area, and are concealed from public view by planting or other design features.

The full width of the East/West Open Area shall be improved and open to the public, prior to applying for and receiving a temporary certificate of occupancy for any #development# adjacent to such area.

(2/2/11)

104-424

The Square

Area of the Square

If Block D is developed as a single #zoning lot#, an open area known as "the Square," with a minimum area of 40,000 square feet, shall be provided, connecting West 130th and West 131st Streets, as shown on Map 7 (Mandatory Open Areas) in Appendix A of this Chapter. This

minimum area shall not include either the Midblock Open Area on Block D, or the area of the #mandatory widened sidewalks# on the West 130th and 131st Street frontages adjacent to the Square.

The Square shall be used for open space accommodating both passive recreation and limited active recreation.

#Building# transparency

The bounding #building# wall on the west side of the Square shall be transparent for 50 percent of the area of such wall, measured from the finished level of the adjacent pavement to the height of the ceiling of the second #story#.

Circulation and access

No fences or gates shall be permitted anywhere in the Square.

An unimpeded pedestrian access, with a minimum width of 15 feet, shall be provided across the Square in a generally diagonal direction in the north/south orientation, connecting the two narrow streets, with both ends located a minimum of 100 feet from the Midblock Open Area on Block D.

The Square shall provide unobstructed access from the adjoining sidewalks for at least 50 percent of the length of each street frontage of the Square. No single fixed element, within 15 feet of the #street line# of the Square, shall have a dimension greater than 15 feet or be higher than 30 inches, measured from the finished level of the adjacent sidewalk. The clear path between obstructions shall be at least three feet; however, to qualify as an unobstructed access that contributes to the 50 percent requirement set forth in this paragraph, a minimum width of five feet is required.

Elevation of the Square

The elevation of the Square shall generally follow the adjacent topography. Within fifteen feet of the #street line#, the elevation of the Square, for a minimum of 50 percent of the length of each frontage on a #street#, shall have a maximum slope of 1:15. Beyond fifteen feet from the #street line#, all open areas in the Square, including rolling or bermed lawn areas, may vary but shall not be more than five feet above or one foot below the level of the nearest sidewalk or natural topography. Paved areas shall not be higher than two feet above the level of the nearest sidewalk.

Permitted obstructions

No walls or planters shall be higher than two and one half feet above the finished level of the nearest adjoining sidewalk. No planters or planter walls shall be higher than 18 inches above the level of the adjacent grade.

Permanent structures, such as food or information kiosks, pavilions or public restrooms, may be placed in the Square, provided they do not exceed a height of 20 feet, or occupy more than three percent of the area of the Square.

Temporary or movable amenities, including elements such as trellises, movable tables, game tables, play equipment and performance facilities, are permitted, not to exceed 10 percent of the area of the Square.

Seating

A minimum of one linear foot of seating shall be provided for each 50 square feet of the Square. A minimum of 75 percent of the required seating shall be fixed; up to 25 percent may be movable. Every two and one half linear feet of fixed seating shall be considered as seating for one person.

The following standards shall apply to all required seating:

- (a) fixed seating may be provided in the form of double-sided benches, which shall be a minimum of 36 inches deep;
- (b) 50 percent of the fixed seats shall have backs; such backs shall be not less than 14 inches high;
- (c) fixed seating shall be between 16 inches and 18 inches in height, with a minimum depth of 18 inches measured from the edge to the back; and
- (d) all seating shall be made of durable material and shall be comfortable to sit on, with rounded edges of at least one inch radius.

However, other types of seating, such as the edges of planters and fountains, may count toward the required amount of seating if such seating has a minimum depth of 22 inches and is between 16 and 18 inches in height.

At least 20 percent of the required seating shall be provided within 15 feet of the #street line# of the Square fronting all #streets#

and the adjacent Midblock Open Area, and arranged to encourage a variety of uses. If such Midblock Open Area is provided with seating, that frontage of the Square may be exempt from this requirement.

General requirements for trees and planting

A minimum of 50 percent of the Square shall be landscaped with soft ground cover. Soft ground cover shall include trees, grasses, shrubs and other ornamental planting material. The remaining 50 percent of the Square may be paved as hard surface.

At least 30 percent of the area of the Square shall contain a continuous planting area, with minimum soil depth of five feet. Berming is allowed provided that the height of the berm is not greater than five feet above the level of the adjoining sidewalk.

Trees

A minimum of 38 trees is required. Such trees shall measure at least four inches in caliper at the time of planting, except that trees which are multi-stem varieties shall have a minimum height of eight feet. Trees shall be planted in continuous planted areas that have a minimum depth of four feet and a minimum area of 500 square feet of soil. All trees shall be planted flush to grade. The requirements of this paragraph, (a), shall be in addition to the requirements of Section 104-422 (Midblock Open Areas).

Planting

Seasonal planting is encouraged but not required. When planting beds are provided, they can be counted towards meeting the requirement for soft ground cover. Planting beds shall have a minimum soil depth of two feet for grass or other similar ground cover and three feet for shrubs.

Other required amenities

Racks shall be provided for a minimum of 16 bicycles. Such racks shall be located in the Square within 10 feet of the #street line# or, if outside the Square, on any open area facing the Square.

Four drinking fountains, two of which shall be fully accessible for children and people with disabilities, shall be provided in the Square or on the sidewalks, #mandatory widened sidewalks# or Midblock Open Area adjacent to the Square.

Not less than 40 cubic feet of trash receptacles shall be provided. Individual containers shall not be smaller than 25 gallons each. There shall be ten containers, at least three of which shall be for used for recycling paper, plastic and metal waste. Such recycling containers shall be located in the Square within 10 feet of the #street line# or, if outside the Square, on any open area facing the Square.

Permitted amenities

Permitted amenities include such elements as artwork and water features, which may occupy up to 10 percent of the area of the Square.

Public space signage

At least four entry and two information plaques shall be provided. The content and design of such #signs# shall comply with the standards for public space #signs# set forth in the Zoning Resolution. Information about the Square may be provided on the entry plaques.

Vents facing the square

On any #building# wall adjacent to and facing the Square, exhaust or air intake vents shall be located higher than 15 feet above the level of the Square.

Vents and stairs in the Square

Exhaust or air intake vents and stair bulkheads shall not be permitted in the Square, except as authorized by the City Planning Commission, subject to the following conditions:

- (a) the top of the exhaust or intake vent shall be a minimum of 20 feet above the finished level of the adjacent grade;
- (b) no single element shall be more than 200 square feet; and
- (c) the aggregate area occupied by all vents and stair bulkheads shall not exceed one percent of the area of the Square.

In order to grant such authorization, the Commission shall find that:

- (1) placement of such elements cannot be reasonably accommodated elsewhere on the #zoning lot#; and

- (2) such vents and stair bulkheads are located so as to minimize impact on the visibility, accessibility and public use and enjoyment of the Square.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the Square.

(2/2/11)

104-425

The Small Square

If Block C is developed as a single #zoning lot#, an open area known as the "Small Square," with a minimum area of 10,000 square feet, shall be provided as a passive open space, connecting West 129th and West 130th Streets. It shall be improved with paved surfaces of a non-skid material, whether wet or dry. No fences or walls shall be permitted in the Small Square.

The bounding #building# walls on all #buildings abutting# the Small Square shall be transparent for 50 percent of the area of the portion of each such wall measured from the finished level of the adjacent pavement to the height of the ceiling of the second #story#.

The Small Square shall be landscaped with a minimum of eight trees. Such trees shall measure at least four inches in caliper at the time of planting, except that trees which are multi-stem varieties shall have a minimum height of eight feet, and shall be planted in soil with a minimum depth of four feet. All trees shall be planted flush to grade.

A minimum of 30 moveable seats shall be provided at all times; additional moveable or fixed seating may be provided.

(2/2/11)

104-426

The Grove

If Block A is developed as a single #zoning lot#, an open area known as "the Grove," with a minimum area of 400 square feet, shall be

provided as a passive open space connecting West 125th and West 129th Streets. It shall contain seating at the western portion of the Block and a grove of trees with a minimum of four trees. Such trees shall measure at least four inches in caliper at the time of planting, except that trees which are multi-stem varieties shall have a minimum height of eight feet, and shall be planted in soil with a minimum depth of four feet.

The Grove shall be improved with paved surfaces of a non-skid material, whether wet or dry. It shall be landscaped with trees planted flush to grade and may include additional planting. The Grove may contain fixed or moveable seating.

No fences, walls or planters are permitted in the Grove.

(12/19/07)

104-43

Open Area Standards

(12/19/07)

104-431

Access and hours of public accessibility

All open areas shall be accessible directly from an adjoining public sidewalk, except as otherwise provided in this Chapter. No fences or gates shall be permitted anywhere within the open areas, except as permitted in Section 104-42 (Open Areas).

All open areas except the Square and the East/West Open Area shall be accessible to the public twenty-four hours per day, seven days a week.

The Square and the East/West Open Area shall be accessible to the public seven days per week, from the hours of 7:00 a.m. to 8:00 p.m., from November 1 through April 14, and from 7:00 a.m. to 11:00 p.m. from April 15 through October 31.

All open areas may be closed not more than one day each year, on a non-holiday weekend day in January, to preserve the private ownership of such areas, except the Square and the East/West Open Area may each be closed by its respective owner for private events

and activities for a maximum of 12 days in each calendar year, which days shall not include public holidays. Advance notice of such closing shall be posted at the perimeter of the Square and the East/West Open Area and shall be provided to the Chairperson of the City Planning Commission not less than 24 hours prior to each such closing.

(12/19/07)

104-432
Lighting

All paved areas shall be illuminated with a minimum level of illumination not less than two horizontal foot candles (lumens per foot) throughout. All other areas shall have a minimum level of illumination not less than 0.5 horizontal foot candles (lumens per foot). Such level of illumination shall be maintained from one hour before sunset to one hour after sunrise. Electrical power shall be supplied by one or more outlets furnishing a total of at least 1,200 watts of power for every 4,000 square feet, or fraction thereof, of the area of the open space.

(12/19/07)

104-433
Maintenance and operation

The owner of each open area within Subdistrict A shall be responsible for its maintenance and operation. Maintenance shall include, but not be limited to, necessary repairs, litter control and the care and replacement of vegetation. The owner of an open area may temporarily close the smallest portion reasonably necessary for the shortest period of time reasonably necessary to make repairs or to mitigate hazardous or emergency conditions, or in connection with construction on adjacent Parcels. The owner may establish and enforce rules of conduct for the use of the open areas and standards for permits for events and activities in an open area. Rules and regulations for the open areas will be subject to review and approval by the Chairperson of the City Planning Commission.

No vehicles shall be stored on any of the open areas.

(12/19/07)

104-44

Street Trees on Narrow Streets and Broadway

On #narrow streets# and Broadway, #street# trees with a minimum caliper of four inches shall be provided for the entire length of the #street# frontage of the #zoning lot#, except adjacent to the Midblock Open Areas and the Grove. Such trees shall be planted at maximum intervals of 25 feet on center. The location and/or spacing of trees may be waived by the Commissioner of Parks and Recreation to the extent that these requirements are determined to be infeasible. All trees shall be planted flush to grade and in accordance with the applicable standards of the Department of Parks and Recreation, and shall be located within a soft surface, landscaped strip at least five feet wide adjacent to the curb, which landscaped strips need not be continuous. Other planted landscape treatment and amenities may be permitted within such landscaped strip. Such trees shall be maintained by the owner of the adjacent #development# or #enlargement#.

(2/2/11)

104-50

PERMITTED TRANSFER OF FLOOR AREA

Transfers of #floor area# may be made from granting sites to receiving sites, within Subdistrict A, subject to the requirements of this Section.

For the purposes of this Section, a "granting site" shall mean any #zoning lot# in Subdistrict A that comprises a #block# as identified by letter on Map 2 (Subdistrict A Block Plan) in Appendix A of this Chapter, or the portion of the #block# identified as Block H on Map 2, from which #floor area# is to be transferred pursuant to the provisions of this Section, and a "receiving site" shall mean a #zoning lot# in Subdistrict A that comprises a #block#, as identified by letter on Map 2, or the portion of the #block# identified as Block H on Map 2, to which #floor area# is transferred.

#Floor area# may be transferred as follows:

- (a) by notice, in accordance with the provisions of Section 104-52 (Transfer of Floor Area by Notice);
- (b) by authorization, in accordance with the provisions of Section 104-53 (Transfer of Floor Area by Authorization); or
- (c) by special permit, in accordance with the provisions of Section 104-60 (MODIFICATION OF SPECIAL BULK REQUIREMENTS AND TRANSFER OF FLOOR AREA BY SPECIAL PERMIT), where the proposed #development# or #enlargement# on the receiving site requires modification of the #bulk# regulations of Section 104-30 (SPECIAL HEIGHT AND SETBACK REQUIREMENTS).

(12/19/07)

104-51

General Requirements for Transfer

For any transfer of #floor area# by notice or by authorization pursuant to Section 104-50, inclusive, the requirements of this Section shall apply.

(a) Notification

Prior to any transfer of #floor area#, pursuant to Sections 104-52 (Transfer of Floor Area by Notice) or 104-53 (Transfer of Floor Area by Authorization), the owners of the granting site and the receiving site(s) shall jointly notify or apply to the Department of City Planning, as applicable, in writing, of such intent to transfer #floor area#. Such notification or application shall be signed by the owners of the granting site and the receiving site(s) and shall include site plans.

(b) Notices of restriction

Notices of restrictions shall be filed by the owners of the granting site and the receiving site(s) in the Office of the Register of the City of New York, indexed against the granting site and the receiving site(s), certified copies of which shall be submitted to the Department of City Planning. Notice by the Department of City Planning of its receipt of certified copies thereof shall be a condition to issuance by the Commissioner of Buildings of a building permit for a #building# on the receiving site containing any such transferred #floor area#.

(c) #Floor area#

The amount of #floor area# to be transferred from a granting site shall not exceed the maximum amount of #floor area# permitted on the #block# containing the granting site for #community facility uses#, pursuant to Section 104-12 (Community Facility Use Modifications), less the total floor area of all existing #buildings# on such #block#. The transfer of #floor area#, once completed, shall irrevocably reduce the maximum #floor area# permitted on the granting site for any #use# by the amount of #floor area# transferred.

(d) #Use#

#Floor area# transferred pursuant to the provisions of Section 104-50 through 104-53, inclusive, shall only be used for #community facility uses# and shall be in addition to the #floor area# permitted for #community facility uses# on the receiving site.

(e) Height and setback

Any #building# on a receiving site that uses the #floor area# so transferred shall comply with the special #bulk# regulations of this Chapter.

(12/19/07)

104-52

Transfer of Floor Area by Notice

For any transfer of #floor area# from a granting site which comprises any of Blocks A, C or D to one or more receiving sites on Blocks B, E, F, G or H, the general requirements of Sections 104-50 and 104-51 shall apply as well as the following:

- (a) the site plan submitted for the granting site under the provisions of paragraph (a) of Section 104-51 shall show the conditions and #floor area# calculations for the granting site and the receiving site, before and after the transfer;
- (b) no building permit shall be issued by the Department of Buildings for a #building# on a receiving site containing any such transferred #floor area# until the Chairperson of the City Planning Commission has certified to the Department of

Buildings that plans submitted to the Department of City Planning for the Square, the Small Square or the Grove, as applicable, on the granting site, conform with the requirements of Section 104-40 (SPECIAL URBAN DESIGN REGULATIONS); and

- (c) no temporary certificate of occupancy shall be issued by the Department of Buildings for any portion of a #building# utilizing the transferred #floor area# unless and until the Chairperson of the City Planning Commission certifies to the Department of Buildings that the public open area which is required to be provided on the granting site pursuant to the provisions of Sections 104-424 (The Square), 104-425 (The Small Square) or 105-426 (The Grove), as applicable, has been constructed substantially in accordance with the plan certified by the Chairperson of the City Planning Commission pursuant to paragraph (a) of this Section and is substantially complete and may be opened to the public, and no permanent certificate of occupancy shall be issued by the Department of Buildings for any portion of a #building# utilizing the transferred #floor area# unless and until the Chairperson of the City Planning Commission certifies to the Department of Buildings that construction of the public open space which is required to be provided on the granting site is complete.

(12/19/07)

104-53

Transfer of Floor Area by Authorization

Within Subdistrict A, the City Planning Commission may authorize the transfer of #floor area# from a granting site other than Blocks A, C or D to a receiving site, subject to the general requirements of Sections 104-50 and 104-51, provided the Commission finds that such transfer:

- (a) will permit better site planning; and
- (b) will not unduly increase the #bulk# of #buildings# in any #block# to the detriment of the occupants or users of #buildings# on #blocks# outside Subdistrict A.

In granting such authorization, the Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(12/19/07)

104-60

**MODIFICATION OF SPECIAL BULK REQUIREMENTS AND TRANSFER OF FLOOR AREA
BY SPECIAL PERMIT**

The City Planning Commission may, by special permit:

- (a) modify the special height and setback requirements of Section 104-30 (SPECIAL HEIGHT AND SETBACK REQUIREMENTS), inclusive, provided the Commission finds that such modifications are necessary to:
 - (1) meet programmatic and mechanical requirements;
 - (2) achieve a better distribution of #bulk# on the #zoning lot# and will not adversely affect access to light and air for surrounding public access areas, #streets#, #buildings# and properties;
 - (3) provide flexibility of architectural design and encourage more attractive #building# forms; and
 - (4) result in a #development# or #enlargement# that is compatible with #development# in the surrounding area.
- (b) permit the transfer of #floor area# from any granting site to a receiving site for a #development# that requires modification of the special height and setback requirements of Section 104-30, inclusive, provided the Commission finds:
 - (1) such transfer complies with the general requirements set forth in paragraphs (a), (b), (c) and (d) of Section 104-51;
 - (2) the distribution of #floor area# on the receiving site does not adversely affect the character of the surrounding area by unduly concentrating #floor area# in any portion of Subdistrict A; and
 - (3) where such transfer is from a granting site on Blocks A, C or D, it shall also comply with the provisions of paragraphs (b) and (c) of Section 104-52 (Transfer of Floor Area by Notice).

The Commission may prescribe additional conditions and safeguards to minimize adverse effects of the #development# or #enlargement# on the character of the surrounding area.

(12/19/07)

104-70

PARKING AND LOADING REGULATIONS AND CURB CUT LOCATIONS

In the #Special Manhattanville Mixed Use District#, the #accessory# off-street parking and loading regulations of the underlying zoning districts shall apply, except as set forth in this Section, inclusive.

(12/19/07)

104-71

Accessory Off-Street Parking

In Subdistrict B, the regulations regarding required #accessory# off-street parking spaces set forth in Section 44-20, shall not apply.

In Subdistrict A, the #accessory# off-street parking and loading regulations in Article III, Chapter 6, pertaining to the underlying C6 District shall be modified, as follows:

- (a) #accessory# parking spaces at or above grade shall be completely enclosed;
- (b) #accessory# parking garages at or above grade shall not be located:
 - (1) within 60 feet of the #lot line# on Broadway of any #zoning lot# or within 90 feet of the #lot line# on 12th Avenue of any #zoning lot#;
 - (2) on Parcels E2 or G2; or
 - (3) on any Mandatory Open Area as shown on Map 7 in Appendix A of this Chapter or within 10 feet of any such Mandatory Open Area, except that access to and egress from

#accessory# parking garages shall be permitted in such areas; and

- (c) parking spaces provided below grade shall not be subject to the provisions of Section 36-12 (Maximum Size of Accessory Group Parking Facilities).

(12/19/07)

104-711

Accessory parking below grade

Required and permitted #accessory# off-street parking spaces may be located below grade, without regard to #zoning lot lines#.

- (a) Such #accessory# group parking facilities shall not exceed the following maximum number of spaces:

Blocks C, D and E combined:	up to 1,800 spaces in total
Block F:	up to 1,000 spaces in total
Blocks G and H combined:	up to 600 spaces in total

- (b) Such #accessory# group parking facilities are subject to the following requirements:

- (1) the location of the curb cuts shall be subject to the provisions of Section 104-73;
- (2) such #accessory# off-street parking spaces shall not be located further than 1,000 feet from the nearest boundary of the #zoning lot# to which they are #accessory#; and
- (3) such #accessory# off-street parking facilities shall provide adequate reservoir spaces at the vehicular entrances to accommodate either ten automobiles or five percent of the total parking spaces provided by the #use#, whichever amount is greater, but in no event shall such reservoir spaces be required for more than 50 automobiles at each entrance.

(12/19/07)

104-72

Public Parking Garages

In Subdistrict A, #public parking garages# shall not be located:

- (a) within 60 feet of the #lot line# on Broadway of any #zoning lot# or within 90 feet of the #lot line# on 12th Avenue of any #zoning lot#;
- (b) on Parcels E2 or G2; or
- (c) on any Mandatory Open Area as shown on Map 7 in Appendix A of this Chapter, or within 10 feet of any such Mandatory Open Area.

(12/19/07)

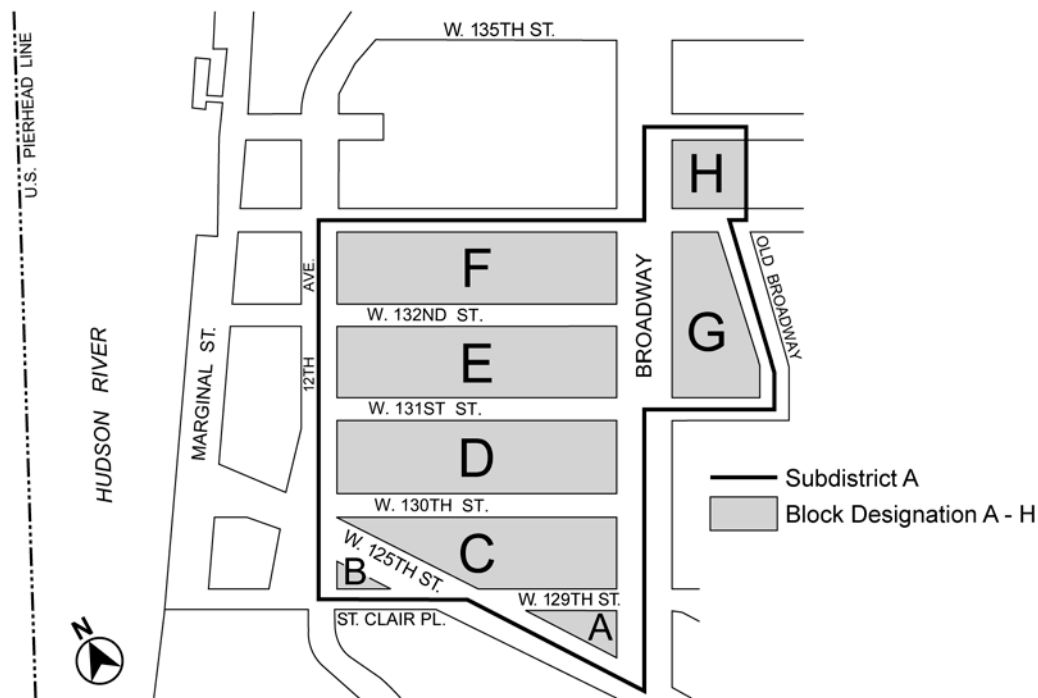

104-73

Permitted Curb Cut Locations

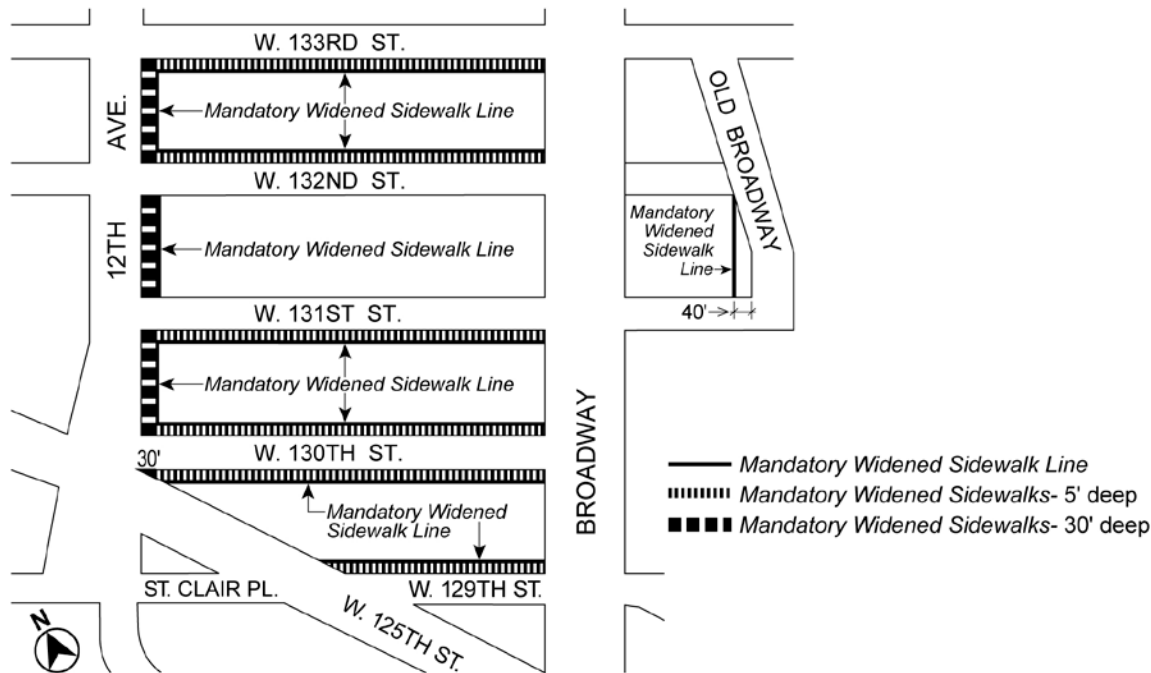

The following curb cut regulations shall apply to any #development# or #enlargement#:

- (a) existing curb cuts on #wide streets# may remain until such time as a #community facility use# is located on that portion of the #zoning lot#;
- (b) no new curb cuts are permitted on #wide streets# or within 50 feet of the intersection of any two #street lines#. Furthermore, no curb cuts are permitted on Block B. However, curb cuts may be permitted in such areas where the Commissioner of Buildings determines there is no alternative means of access to off-street parking spaces or required loading berths from other #streets# bounding the #block# or #zoning lot#;
- (c) new curb cuts shall not be greater than 30 feet in width;
- (d) there shall be no more than two new curb cuts per #street# frontage on a #zoning lot#, except on Block F where three curb cuts per #street# frontage are permitted, and except as provided in paragraph (f) of this Section;
- (e) there shall be a minimum distance of 30 feet between curb cuts on a #street# frontage of a #zoning lot#; and

GENERAL PURPOSES

The "Special Natural Area District" (hereinafter also referred to as the "Special District"), established in this Resolution, is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to guide development in areas of outstanding natural beauty in order to protect, maintain and enhance the natural features of such areas;
- (b) to preserve land having qualities of exceptional recreational or educational value to the public;
- (c) to protect aquatic, biologic, botanic, geologic and topographic features having ecological and conservation values and functions;
- (d) to reduce hillside erosion, landslides and excessive storm water runoff associated with development by conserving vegetation and protecting natural terrain;
- (e) to preserve hillsides having unique aesthetic value to the public; and
- (f) to promote the most desirable use of land and the direction of building development in accordance with a well-considered plan, to promote stability of residential development, to promote the character of the district and its peculiar suitability for particular uses, to conserve the value of land and buildings and thereby protect the City's tax revenues.

(2/2/11)

105-01

Definitions

Definitions specially applicable to this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section 12-10 (DEFINITIONS).

Area of no disturbance

An "area of no disturbance" is an area designated on the site plan that is protected from all types of intrusion, including: #site alteration#, operation of construction equipment, storage of construction materials, excavation or regrading, tunneling for utilities, removal of trees, #topsoil# or any living vegetation, or construction of driveways, #private roads#, parking areas, patios, decks, swimming pools, walkways or other impervious surfaces. #Areas of no disturbance# shall include #steep slopes#, #steep slope buffers# and the #critical root zone# of each tree proposed for preservation.

Average percent of slope

The "average percent of slope" of a #zoning lot# is the average slope of all portions of a #zoning lot# excluding #steep slopes# and shall be determined according to the following equation:

$$S = \frac{IL}{A} \times 100$$

Where: S - #average percent of slope#

I - contour interval in feet

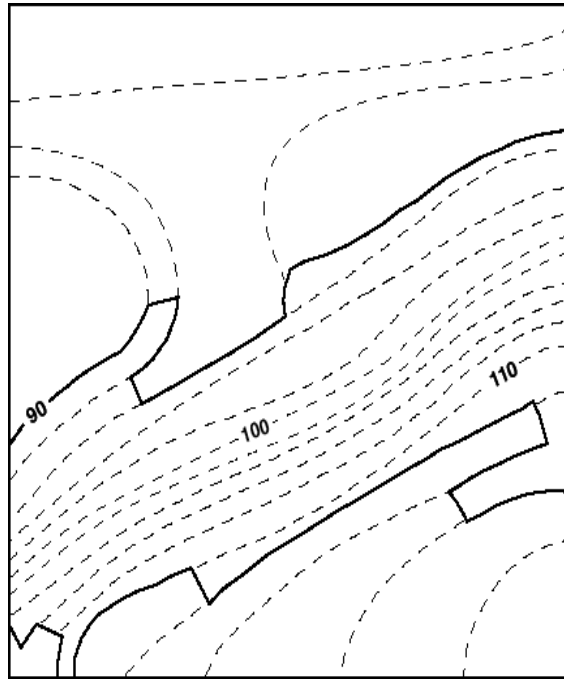

L - combined length of contour lines in feet, excluding those portions bordering or lying within areas having a slope of 25 percent or greater and meeting the definition of #steep slope#

A - gross area in square feet of the #zoning lot#, excluding those portions of the #zoning lot# having a slope of 25 percent or greater and meeting the definition of #steep slope#. For a proposed #site alteration# on a tract of land not

within a #zoning lot#, the portion of such tract of land owned by the applicant shall be considered to be part of the #zoning lot#.

100 - factor which yields slope as a percentage

CALCULATING AREAS HAVING
A SLOPE EQUAL TO OR GREATER THAN 25 PERCENT
ILLUSTRATIVE EXAMPLE

Example:

$$X = \frac{\text{Contour interval in feet}}{0.25} = \frac{2}{0.25} = 8.0 \text{ feet}$$

Where: X - distance between contour lines which indicates a slope of 25 percent

In order to calculate the area having a slope equal to or greater than 25 percent, one can use a map with two-foot contour intervals and a scale of one inch equals 20 feet, as shown in the map in this Section. A 25 percent slope, on a map with two-foot contour intervals, is indicated by contour lines that are 8.0 feet apart, rounded to the nearest tenth (0.1) of a foot. On a map whose scale is one inch to 20 feet, 8.0 feet is represented by 0.4 of an inch, rounded to the nearest tenth (0.1) of an inch. Identify where the contour lines are 0.4 of an inch or less apart. Connect these contour lines (as indicated by the heavy lines on the map) and calculate the area.

Caliper (of a tree)

"Caliper" of a tree is the diameter of a tree trunk measured 4 feet, 6 inches from the ground. If a tree splits into multiple trunks below 4 feet, 6 inches from the ground, the trunk is measured at its most narrow point beneath the split.

Critical root zone

The "critical root zone" of a tree is the area containing the roots of a tree that must be maintained and protected to ensure the tree's survival. The area of the #critical root zone# is measured as one radial foot for every #caliper# inch of the tree, with a required minimum of four radial feet and maximum of 22 radial feet, measured from the surface of the tree trunk at grade.

Hillside

A "hillside" is ground where the ratio of change in elevation to horizontal distance results in a 10 percent or greater slope or #average percent of slope#.

Natural feature

A "natural feature" is a specific natural feature belonging to one of the types listed in Section 105-10 (NATURAL FEATURES) and existing within a #Special Natural Area District#.

Site alteration

A "site alteration" is an alteration on any vacant tract of land, #land with minor improvements# or any tract of land containing #buildings or other structures# which includes land contour work, topographic modifications, removal of top soil, vegetation, excavating, filling, dumping, changes in existing drainage systems, improvements in public rights-of-way, relocation of erratic boulders or modification of any other #natural features#, whether or not a permit is required from the Department of Buildings, the Department of Transportation or other public agencies.

Staging area

A "staging area" is any area on a #zoning lot# used during the construction of a #development#, #enlargement# or #site alteration# for the purposes of stockpiling soil or construction materials; storing, cleaning or servicing construction equipment, vehicles or tools; or storing leachable construction products, gases or other materials used to clean or service vehicles, equipment or tools.

Steep slope

A "steep slope" is a portion of a #zoning lot# with an incline of 25 percent or greater. However, a portion of a #zoning lot# with an incline of 25 percent or greater shall not be considered a #steep slope# if it occupies an area of less than 200 square feet or has a dimension of less than ten feet, measured along the horizontal plane, unless such portions in the aggregate equal ten percent or more of the area of the #zoning lot#.

Steep slope buffer

A "steep slope buffer" is a 15-foot wide area having a slope of less than 25 percent that adjoins the entire length of the crest of a #steep slope#.

Tier I site

A "Tier I site" is a #zoning lot# or other tract of land having an #average percent of slope# of less than 10 percent.

Tier II site

A "Tier II site" is a #zoning lot# or other tract of land having an #average percent of slope# equal to or greater than 10 percent.

Topsoil

"Topsoil" is soil containing undisturbed humus and organic matter capable of sustaining vigorous plant growth and is generally the top six inches of soil.

Tree credit

A "tree credit" is a credit for preserving an existing tree of six-inch #caliper# or more that is counted towards a tree preservation requirement or a credit for a newly-planted tree of three-inch #caliper# or more that is counted towards a tree planting requirement.

Tree protection plan

A "tree protection plan" is a plan that modifies the #area of no disturbance# around a tree proposed for preservation while protecting and preserving the tree during construction. A #tree protection plan# is prepared by an arborist certified by the International Society of Arboriculturists (ISA) or equivalent professional organization that includes:

- (a) a survey of the current condition and health of such trees of six-inch #caliper# or more;
- (b) methods for tree protection and preservation based on best management practices, including the prevention of damage due to compaction, grade and drainage pattern changes and tunneling for utilities;
- (c) a schedule for site monitoring during construction;
- (d) a procedure to communicate protection measures to contractor and workers; and
- (e) post-construction treatment.

(2/2/05)

105-02

General Provisions

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Natural Area District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter, in order to protect outstanding #natural features# described herein. Except as modified by the express provisions of this Chapter, the regulations of the underlying district remain in effect.

The provisions of this Chapter shall apply to:

- (a) any #development#, #enlargement# or #site alteration#;

- (b) any subdivision of a #zoning lot# existing on the effective date of the Special District designation into two or more #zoning lots#; and
- (c) any public improvement projects located within the #Special Natural Area District#, which shall be subject to the provisions of Sections 105-92 (Special Provisions for City-owned Land) and 105-93 (Inter-agency Coordination), except for any such projects which were approved by the Board of Estimate prior to the effective date of the Special District designation.

Prior to issuance by the Department of Buildings or other City or State agencies, of a permit for any #development#, #enlargement# or #site alteration# within a #Special Natural Area District#, or for any #site alteration# for which no permit is required by the Department of Buildings or other City or State agencies, an application shall be submitted to the City Planning Commission for review and approval pursuant to Section 105-40 (SPECIAL REVIEW PROVISIONS), except those #developments#, #enlargements# and #site alterations# that are not subject to the provisions of Section 105-40, as specified in Section 105-021 (Actions not requiring special review).

Any authorization or special permit granted by the City Planning Commission after July 18, 1995, pursuant to the provisions of this Chapter, may be started or continued, in accordance with the terms thereof, or as such terms may be subsequently modified, pursuant to the regulations in effect at the time such authorization or special permit was granted, subject to the provisions of Sections 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and 11-43 (Renewal of Authorization or Special Permit).

When a #zoning lot# existing on the effective date of the Special District designation is subdivided into two or more #zoning lots#, an application shall be submitted to the Commission for review and approval pursuant to Section 105-90 (FUTURE SUBDIVISION).

(2/2/05)

105-021

Actions not requiring special review

The special review requirements of Section 105-40 (SPECIAL REVIEW PROVISIONS) of this Chapter shall not apply to the following:

- (a) a #site alteration# on a #zoning lot# containing #buildings or other structures#, or a #development# or #enlargement# on any #zoning lot#, provided that such #zoning lots# shall have:
 - (1) not more than 10,000 square feet of #lot area#;
 - (2) an #average percent of slope# of less than 10 percent;
 - (3) no significant #natural features#, and the resulting #development#, #enlargement# or #site alteration# can satisfy the requirements of Section 105-30 (PRESERVATION OF NATURAL FEATURES), inclusive;
 - (4) the resulting #development#, #enlargement# or #site alteration# shall not exceed 2,500 square feet of #lot coverage#; and
 - (5) no Notice of Restriction or Restrictive Declaration recorded against the title of such property;
- (b) any #site alteration#, on a #zoning lot# containing a #residential building# in existence on the effective date of the Special District designation, involving a structure that does not require a permit from the Department of Buildings, including, but not limited to swimming pools, garden sheds and fences, provided that:
 - (1) any modification of topography for the footprint, foundation or grading around the footprint of such structure shall not exceed two feet of cut or fill; and
 - (2) no tree of six-inch #caliper# or greater shall be removed and the #critical root zone# of such tree shall be an #area of no disturbance# on any #zoning lot#.

(2/2/11)

105-022

Requirements for application

An application to the City Planning Commission for certification, authorization or special permit and to the Department of Buildings respecting any #development#, #enlargement# or #site alteration#, to be made within any #Special Natural Area District#, shall include the following:

- (a) a survey map prepared by a registered surveyor showing topography at two-foot contour intervals and indicating the #average percent of slope#, the existing slope of the land, as it occurs, in categories of 10-14 percent, 15-19 percent, 20-24 percent, 25 percent and greater; the location of existing #buildings or other structures#, patios, decks, swimming pools, walkways, driveways and #private roads#, including sidewalks and other impervious surfaces; and the location, #caliper# and species of all trees of six-inch #caliper# or more on the #zoning lot# and in the sidewalk area of the adjacent #streets#, location of geologic features, aquatic features and botanic environments, as enumerated in Section 105-11 (Description of Natural Features);
- (b) photographs showing the location and condition of such #natural features# for verification with pre-existing aerial survey and/or other photographs for each #Special Natural Area District#;
- (c) a site plan prepared by a registered architect or professional engineer indicating the location of all existing #buildings or other structures#; the location of all proposed #buildings or other structures#; the location of existing and proposed patios, decks, swimming pools, walkways, driveways and #private roads#, including sidewalks and other impervious surfaces; the location of any #steep slopes#, #steep slope buffer# areas and the #staging area#; and the location, #caliper# and species of all trees of six-inch #caliper# or more on the #zoning lot# and in the sidewalk area of the adjacent #streets#. The site plan shall identify those trees proposed to be removed and those trees proposed to be preserved, indicating, for the latter, the #critical root zone# and in addition, for #Tier II sites#, the location of any other #area of no disturbance#;
- (d) a drainage plan and soil report prepared by a professional engineer, when necessary to assess whether or not there will be major impact on #natural features#. The drainage plan shall describe the temporary (during construction) and permanent measures to collect, direct and discharge stormwater drainage from the site, indicating the direction of drainage flow and providing detailed plans and locations of all surface and subsurface drainage devices, walls, dams, sediment basins, stormwater storage (detention and retention) facilities, and other drainage facilities and protective devices. Such report shall include an estimate of runoff from the site after completion of any proposed #development#, #enlargement# or #site alteration# and provide a description with supporting information of the

manner in which the proposed #development#, #enlargement# or #site alteration# complies with the requirements of Local Law 103 of 1989;

- (e) a grading plan showing all existing and proposed contours at two-foot intervals, critical spot elevations, tops and bottoms of proposed slopes over 10 percent gradient and will indicate at least one longitudinal and one latitudinal cross-section showing both the original and proposed final ground surfaces, with grades, slopes and elevations noted;
- (f) a landscaping and revegetation plan, prepared by a registered landscape architect, indicating the extent of vegetation and #topsoil# removal required for site preparation and development and the location and species of all new plantings;
- (g) any other information necessary to evaluate the request; and
- (h) for #developments#, #enlargements# and #site alterations# on #Tier II sites#, the application shall also include:
 - (1) an alignment and paving plan for any #private road# with a typical cross-section; and
 - (2) a construction plan prepared by a registered landscape architect, registered architect, licensed surveyor or professional engineer showing the proposed location for the #staging area#, the proposed method for protecting trees, understory shrubs and ground cover during construction, as well as a description of the equipment to be employed in processing and disposing of soil and other material to be removed from the site; and if the #critical root zone# is proposed to be modified, a #tree protection plan# for any tree proposed for preservation.

For a #site alteration#, #enlargement# or #development# within any #Special Natural Area District#, the Commission may modify one or more requirements set forth in paragraphs (a) through (h) of this Section, when such modification is requested by the applicant in writing and when the Commission determines that the requirements are unnecessary for evaluation purposes.

Appendix B of this Chapter should be used as a guide to assist in identifying the #natural features# on the survey required in this Section.

The applicant's submission shall also include a statement admitting authorized Department of City Planning personnel to the

site for the purposes of recording or verifying survey data.

Where a permit is required for a #development#, #enlargement# or #site alteration# within a #Special Natural Area District# from any City or State agency, an application for such permit shall be filed simultaneously with such agency and the Commission.

(2/2/05)

105-023

Relationship to public improvement projects

In all cases, the City Planning Commission shall deny an application, whenever the #development#, #enlargement# or #site alteration# will interfere with a public improvement project (including highways, public #buildings# or facilities, redevelopment or renewal projects, or rights-of-way for sewers, transit or other public facilities) that has been approved by the City Council or the City Planning Commission.

(12/19/74)

105-10

NATURAL FEATURES

(2/2/05)

105-11

Description of Natural Features

All #natural features# shall be significant in terms of age, size, composition, function, structure, history, association, location, ecological value or educational interest.

The protection of one #natural feature# may require the protection of another which is closely linked to it. The preservation of #natural features# may also be necessary to avoid such adverse conditions as flooding, erosion or hazards to private property. All vegetation is part of a botanic environment or part of an aquatic feature and shall be considered as a #natural feature# protected by the regulations of this District. For the purposes of this Chapter, vegetation includes all forms of plant material, including but not limited to trees, shrubs,

vines, ferns, grasses, herbs and other plant life.

All #natural features# defined in this Section and further described in Appendix B of this Chapter shall be protected by the provisions of this Chapter.

(a) Geologic features

(1) Rock outcrop

A rock outcrop is the portion of a rock formation which appears at the surface of the earth.

(2) Geologic deposit

A geologic deposit is a mass of material which has been placed, shaped or created by the actions of wind, water, ice, gravity, vulcanism, pressure or temperature, either alone or in combination. Such deposits are to include erratic boulders, glacial formations, mineral deposits or semi-precious stones.

(b) Topographic features

(1) #Steep slope#

(2) Existing natural topography

Existing natural topography is the ground elevation of land.

(3) #Topsoil#

#Topsoil# is generally the top six inches of soil containing undisturbed humus and organic matter capable of sustaining vigorous plant growth.

(c) Aquatic features

Wetlands, including, but not limited to State and Federal, mapped or designated, freshwater or tidal wetlands:

(1) Laminarian zone

A laminarian zone is that land under the surface of salt water from the mean low tide mark to the depth of 15 fathoms. The portion of laminarian zone to be protected by the provisions of this Special District extends to the pierhead line or to the shore line where no pierhead line has been established.

(2) Beach

A beach is a tract of relatively flat, sandy or gravelly land, without visible vegetation, forming the shore of a large body of water.

(3) Tidal wetland and saltwater littoral zone

A tidal wetland or saltwater littoral zone is that land which is regularly covered by tidal waters and its spray.

(4) Swamp

A swamp is a wet woodland, the soil of which is typically waterlogged or often covered with water.

(5) Marsh

A marsh is a wet prairie that has waterlogged soil during the growing season (from last spring frost to first fall frost) and is often covered with shallow water.

(6) Bog

A bog is a tract of waterlogged land without natural drainage.

(7) Meadow

A meadow is a tract of land that is waterlogged to within a few inches of the surface and may have temporary ponds during the non-growing season (between the first fall frost and first spring frost).

(8) Creek, stream or brook

A creek, stream or brook is a free flowing fresh watercourse on soil, gravel or rock that drains a watershed.

(9) Lake or pond

A lake or pond is a body of fresh or salt water standing year round.

(10) Natural spring

A natural spring is a point source of water exiting from the surface of the earth or rock.

(d) Botanic environments

(1) Primary succession community area

A primary succession community area is a tract of land characterized by species that can tolerate extreme environmental conditions and provide initial protection for less tolerant forms of life. These species are usually annuals and herbaceous.

(2) Secondary succession community area

A secondary succession community area is a tract of land characterized by short-lived trees and shrubs as well as grasses and herbaceous material. These species are less tolerant than primary succession community species but provide a greater diversity and range of protection from the sun, wind and rain.

(3) Climax community area

A climax community area is a stable association of plants and animals that will perpetuate itself indefinitely with minor variation in the group of associated plants. The climax community area in New York City is the glaciated oak-chestnut association, which is part of the eastern hardwood deciduous forest.

(4) Dune or heathland

A dune or heathland is a tract of windblown and wind- or water-shaped sandy land with such characteristic species as beach grass and beach heather.

(5) Wild grassland

A wild grassland is an area whose vegetation is primarily of wild grass species.

The #natural features# defined in this Section are described in Appendix B of this Chapter.

(2/2/05)

All #natural features# within a #Special Natural Area District# shall be protected by the regulations of this Chapter in accordance with the provisions set forth in Sections 105-02 (General Provisions), 105-30 (PRESERVATION OF NATURAL FEATURES) and 105-50 (REGULATIONS FOR PROTECTION OF NATURAL FEATURES).

Except for any existing #natural feature# that is unsafe and the removal of which is required by the Department of Buildings to eliminate hazardous conditions, no #natural features# described in Section 105-11 (Description of Natural Features) shall be removed, destroyed or altered unless permitted by certification, authorization or special permit of the City Planning Commission, pursuant to Section 105-40 (SPECIAL REVIEW PROVISIONS), or allowed pursuant to Section 105-021 (Actions not requiring special review).

(2/2/05)

105-30

PRESERVATION OF NATURAL FEATURES

The provisions of this Section are applicable to all #developments#, #enlargements# and #site alterations# within the #Special Natural Area District#, pursuant to Section 105-02 (General Provisions). When pursuant to Sections 105-41 (Certification) or 105-021 (Actions not requiring special review), it is not necessary for an applicant for a #development#, #enlargement# or a #site alteration# to apply for an authorization or special permit, such #development#, #enlargement# or #site alteration# shall nonetheless comply with the #natural feature# preservation requirements of this Section, inclusive.

(2/2/05)

105-31

Botanic Environment and Tree Preservation Requirements

To the maximum extent possible, existing trees and vegetation shall be retained. Trees of six-inch #caliper# or more and vegetation may only be removed or destroyed as a result of a #development#, #enlargement# or #site alteration#, provided that:

- (a) such trees or vegetation are located in areas to be occupied by #buildings#, #private roads#, driveways, areas for required #accessory# parking, or within a distance of 15 feet of the exterior walls of such #building#, provided that

it is not possible to avoid such removal by adjustments in the arrangement of such #buildings#, driveways or required parking areas;

- (b) the continued presence of such tree would create special hazards or dangers to persons or property, which would not be possible or practical to eliminate by pruning;
- (c) the continued presence of such tree would interfere with the growth or health of another tree of six-inch #caliper# or more, designated for preservation and belonging to a species listed in Appendix D (Selection List for On-site Trees) of this Chapter; or
- (d) an authorization pursuant to Section 105-425 (Modification of botanic environment and tree preservation and planting requirements) has been granted by the City Planning Commission approving the removal of such trees or vegetation.

Any tree of six-inch #caliper# or more that cannot be preserved as a result of a proposed #development#, #enlargement# or #site alteration# shall be replaced pursuant to the provisions of Section 105-32 (Botanic Environment and Tree Planting Requirements).

(2/2/05)

105-32

Botanic Environment and Tree Planting Requirements

Any vegetation that cannot be saved as a result of #site alteration#, #enlargement# or #development# shall be replaced with alternative vegetation to be approved by the City Planning Commission. All #developments#, #enlargements# and #site alterations# shall comply with the tree planting requirements set forth in this Section, whether or not existing trees are removed as a result of such #development#, #enlargement# or #site alteration#.

The replanting of elements of vegetation that are parts of an association or community shall be such as to reestablish, as rapidly as is reasonable, the vigor and character of the association. When necessary to establish ecological balance, the Commission may also require additional vegetation to be planted.

(a) Tree planting

For the purposes of this Section, the following minimum standard shall apply for tree planting:

- (1) For any #development#, #enlargement# or #site alteration# within a #Special Natural Area District#, trees of at least three-inch #caliper#, pre-existing or newly planted, shall be provided on the #zoning lot# at the rate of one tree for each 1,000 square feet of #lot area# or portion thereof or shall equal a total of 51 percent of all #tree credits# for trees originally on site, whichever is greater.
- (2) For any existing tree of at least six-inch #caliper# that is preserved, credit for one tree shall be given for the first six inches of #caliper# and, for each additional four inches of #caliper#, credit for an additional tree shall be given.

Single-trunk trees, newly planted to meet this requirement, shall be of at least three-inch #caliper# at the time of planting. Multiple-trunk trees and low-branching coniferous evergreens shall be at least 10 feet in height at the time of planting. Trees newly planted to meet this requirement shall be of a species selected from Appendix D of this Chapter, and acceptable from the standpoint of hardiness, appearance and habit of growth suitable to the site.

The Commission may grant a waiver of the tree planting requirements by certification to the Department of Buildings, where the Commission finds that the ecology of the site is such that the substitution of other plant material would be more appropriate than the tree planting requirements and a detailed plan for planting has been filed with the Commission for its approval.

(b) Botanic Environment Planting

For the purposes of this Section, the following minimum standard shall apply for the planting of vegetation.

Any vegetation or #topsoil# that cannot be preserved as a result of a proposed #development#, #enlargement# or #site alteration# and is not permitted to be removed pursuant to the regulations of Sections 105-31 (Botanic Environment and Tree Preservation Requirements) or 105-425 (Modification of botanic environment and tree preservation and planting requirements), shall be replaced as follows: for every square foot of #lot area# of removed vegetation or #topsoil#, plantings shall be provided of the size and number indicated in paragraphs (b)(1), (b)(2), (b)(3) and (b)(4) of this Section. The area of removed vegetation shall be measured so as to include any portions of the #zoning

lot# that were located within the #critical root zone# of a removed tree of six-inch #caliper# or more. Species of ground cover and shrubs shall be selected from Appendix C (Selection List for Shrubs and Ground Covers) of this Chapter. Species of on-site trees shall be selected from Appendix D (Selection List for On-site Trees) of this Chapter.

- (1) Ground cover shall be planted one at one-foot-on-center and at the rate of one plant for every square foot of #lot area# of removed vegetation; and
- (2) Large trees shall be planted at the rate of one three-inch #caliper# tree for every 500 square feet of #lot area# of removed vegetation; or
- (3) Small trees shall be planted at a rate of one eight-foot high tree for every 100 square feet of #lot area# of removed vegetation; or
- (4) #Shrubs# shall be planted at a rate of one gallon container-grown material for every 25 square feet of #lot area# of removed vegetation.

The planting of species shall not be limited to woody plant materials, but shall include trees, shrubs, vines, ferns, grasses, herbs, annuals, biennials, perennials, mosses and other associated vegetation. All vegetation to be planted shall be either of the species which characterized the area's biological community prior to #site alteration#, #enlargement# or #development#, or of an alternative biologic community found in the area. Species selection shall give particular attention to the relationship of the species to each other and to the surrounding plant community and to the quality of the soil and the vertebrate and invertebrate populations associated with and dependent upon the proposed plants.

(2/2/05)

105-33

Residential Lot Coverage Regulations on Tier II Sites or on Sites Granted an Authorization Pursuant to Section 105-422

The maximum permitted percentage of #lot coverage# for #residences# on a #zoning lot# shall be determined by Table I or Table II of this Section, as applicable.

TABLE I

PERMITTED PERCENTAGE OF LOT COVERAGE
ON A TIER II ZONING LOT BY ZONING DISTRICT,
AVERAGE PERCENT OF SLOPE AND RESIDENCE TYPE

#Residence District#*							
							R6
#Average Percent of Slope#	R1	R2	R3	R4	R5	1-2 Family	Other
10-14.9	22.5	22.5	22.5	36.0	45.0	48.6	32.4
15-19.9	20.0	20.0	20.0	32.0	40.0	43.2	28.8
20-24.9	17.5	17.5	17.5	28.0	35.0	37.8	25.2

* or #Residence District# equivalent when #zoning lot# is
located within a #Commercial District#

If an authorization is granted for a #development#, #enlargement#
or #site alteration# on a #zoning lot# or portion of a #zoning
lot# having a #steep slope# or #steep slope buffer# pursuant to
Section 105-422, the maximum permitted percentage of #lot
coverage# for such #zoning lot# shall not exceed the maximum set
forth in Table II of this Section.

TABLE II

PERMITTED PERCENTAGE OF LOT COVERAGE ON ANY ZONING LOT
OR PORTION OF ANY ZONING LOT WITH A STEEP SLOPE
GRANTED AN AUTHORIZATION PURSUANT TO SECTION 105-422

#Residence District#*						
						R6
R1	R2	R3	R4	R5	1-2 Family	Other
12.5	12.5	12.5	20.0	25.0	27.0	18.0

* or #Residence District# equivalent when #zoning lot# is

located within a #Commercial District#

(2/2/11)

105-34

Grading Controls for Tier II Sites

With the exception of #private roads# and driveways, no grading shall take place beyond 15 feet of the location of a #building# foundation, measured from the foundation perimeter. The following grading requirements shall apply to all #Tier II sites#.

- (a) Cut slopes shall be no steeper than two horizontal to one vertical; subsurface drainage shall be provided as necessary for stability.
- (b) Fill slopes shall be no steeper than two horizontal to one vertical; fill slopes shall not be located on natural slopes 2:1 or steeper, or where fill slope toes out within 12 feet horizontally of the top of an existing or planned cut slope.
- (c) Excavating for fill shall be prohibited unless the material is obtained from a cut permitted under an approved grading plan obtained for some purpose other than to produce fill material, or imported from outside the #Special Natural Area District#.
- (d) Fills shall be compacted to at least 95 percent of maximum density, as determined by ASSHO T99 or ASTM D698.
- (e) All retaining walls or cuts with a total vertical projection in excess of three feet and associated with cut or fill surfaces shall be designed as structural members keyed into stable foundations and capable of sustaining the design loads.
- (f) The top and toe of any cut or fill slope, or where any excavation meets the grade existing on February 2, 2005, should be rounded in a vertical arc with a radius of not less than five feet.
- (g) Tops and toes of cut and fill slopes and retaining walls shall be set back from #lot lines# for a horizontal distance of three feet plus one-fifth the height of the cut or fill but need not exceed a horizontal distance of 10 feet; tops and toes of cut and fill slopes shall be set back from #buildings# and structures for a horizontal distance of six feet plus one-fifth the height of the cut or fill but need

not exceed a horizontal distance of 10 feet.

(2/2/11)

105-35

Tier II Site Requirements for Driveways and Private Roads

The provisions set forth in this Section and Section 105-34 (Grading Controls for Tier II Sites) shall apply to driveways and to #private roads# that provide access to #buildings developed# after February 2, 2005. The provisions for #private roads# set forth in Article II, Chapter 6, shall not apply.

(a) Driveways

- (1) The maximum grade of a driveway shall not exceed 10 percent.
- (2) The paved width of a driveway shall not exceed 18 feet.
- (3) The maximum length of a driveway from a #private road# or #street# to an #accessory# parking space shall not exceed 80 feet.

(b) #Private roads#

- (1) The maximum grade of a #private road# shall not exceed 10 percent.
- (2) The width of the graded section beyond the curb back or edge of pavement of a #private road# shall extend no more than three feet beyond the curb back or edge of pavement on both the cut and the fill sides of the roadway. If a sidewalk is to be installed parallel to the roadway, the graded section shall be increased by the width of the sidewalk plus no more than one foot beyond the curb back.
- (3) The paved width of a #private road# shall not exceed 34 feet.
- (4) Curbs shall be provided along each side of the entire length of a #private road# and #accessory# parking spaces may be located between the required roadbed and curb.
- (5) A curb cut, excluding splays, from a #street# to a #private road# may be as wide as such #private road#.

- (6) Curb cuts providing access from #private roads# to parking spaces shall not exceed the width of the driveway served and in no event shall exceed a width of 18 feet, including splays.
- (7) A minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts.
- (8) Along the entire length of a #private road#, trees shall be provided and maintained at the rate of one tree for every 25 feet of #private road# frontage and shall comply with the requirements set forth in Section 105-32 (Botanic Environment and Tree Planting Requirements).
- (9) No building permit shall be issued by the Department of Buildings without approval by the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety. Such approval may include the modification of #private road# width as set forth in paragraph (b) (3) of this Section.

The City Planning Commission may by authorization pursuant to Section 105-434 (Modification of requirements for private roads and driveways), allow modifications to, or waivers of, the requirements of this Section. The prior approval of the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety shall be a condition for any modification or waiver.

(2/2/05)

105-36

Controls During Construction

The following requirements must be met during construction and identified on the construction plan:

- (a) No construction equipment of any kind shall operate beyond 15 feet of the perimeter of a #building# foundation except those vehicles engaged in the construction of #private roads#, driveways or required #accessory# parking areas. This provision may be waived by the Commissioner of Buildings should it be determined that the particular conditions of the site make a 15-foot limit infeasible or impractical.
- (b) Construction fences shall be erected around all vegetation

proposed for preservation and all #areas of no disturbance#, and those portions of the fence that are downhill from the construction site shall have hay bales placed adjacent to them.

- (c) Excavating for fill shall be prohibited unless the material is obtained from a cut permitted under an approved grading plan obtained for some purpose other than to produce fill material, or imported from outside the #Special Natural Area District#.
- (d) The #staging area# shall be located in an area that would most minimize destruction of the #natural features# of the landscape. Such area shall be as close to the construction area on the #zoning lot# as practical, and shall be either on the flattest portion of the #zoning lot# or behind a containment wall where it will not erode any #area of no disturbance# or endanger any tree designated for preservation.
- (e) #Topsoil# shall be used in the area to be replanted as soon as construction is complete.
- (f) Any exposed earth area shall have straw, jute matting or geotextiles placed on it within two days of exposure and be seeded with annual rye grass during construction.

(2/2/11)

105-37

Special Erosion and Sedimentation Prevention Requirements for Authorizations for Tier II Sites

Any #development#, #enlargement# or #site alteration# that is on a #Tier II site# and requires an authorization shall be subject to the provisions of this Section. The requirements of this Section shall supplement any other requirements set forth in Section 105-40 (SPECIAL REVIEW PROVISIONS) that also must be met.

Prior to construction, at least one of the erosion and sedimentation control measures described in paragraphs (a) through (e) of this Section shall be selected. A plan describing how the selected erosion and sedimentation control measure will be implemented and justifying its selection on the basis of the particular conditions of the site shall be prepared by a professional engineer or landscape architect and submitted to the City Planning Commission.

(a) Benches and berms

These are level terraces or ledges constructed across sloping land to provide a relatively flat construction site or reduce the length and grade of the slope. Benches and berms reduce runoff and erosion hazards by slowing down the velocity of water and providing greater intake opportunity.

(b) Diversion channels

These are earth channels with a supporting ridge on the lower side constructed across the slope lengths to break up concentration of runoff and move water to stable outlets at a non-erosive velocity.

(c) Debris or sediment basins

These consist of a dam or embankment, a pipe outlet and an emergency spillway situated at the low corner of the site to provide a temporary means of trapping and storing sediment while releasing the water. They protect property below the installation from damage by excessive sedimentation and debris.

(d) Retention ponds

These are impoundment-type ponds that temporarily store runoff water and release it at rates that minimize erosion and prevent flooding. They may be located above the site to trap water before it enters the area or within the site to protect properties below the site.

(e) Grassed waterways or outlets

These are natural or excavated channels to dispose of excess runoff water from diversions, berms, benches and other areas at non-erosive velocities. Waterways or outlets are shaped or graded and established in suitable vegetation as needed, depending on the supplemental measure used to slow the velocity of runoff.

(2/2/11)

105-38

Special Submission Requirements for Authorizations on Tier II Sites

When a #development#, #enlargement# or #site alteration# is on a

#Tier II site#, an application to the City Planning Commission for an authorization shall include the following submission requirements. These requirements shall be in addition to the requirements set forth in Section 105-40 (SPECIAL REVIEW PROVISIONS).

- (a) A drainage plan and soil report prepared by a professional engineer to protect #natural features#. The drainage plan shall describe the temporary (during construction) and permanent measures to collect, direct and discharge stormwater drainage from the site, indicating the direction of drainage flow and providing detailed plans and locations of all surface and subsurface drainage devices, walls, dams, sediment basins, stormwater storage (detention and retention) facilities, and other drainage facilities and protective devices. Such report shall include an estimate of runoff from the site after completion of proposed #developments#, #enlargements# or #site alterations# and provide a description with supporting information of the manner in which the proposed #development#, #enlargement# or #site alteration# complies with the requirements of Local Law 103 of 1989.
- (b) An erosion and sedimentation plan as described in Section 105-37 (Special Erosion and Sedimentation Prevention Requirements for Authorizations for Tier II Sites).
- (c) For any #development# or #site alteration# on a tract of land 40,000 square feet or greater, a landscape plan prepared by a registered landscape architect that shows the location and species of all new plantings of trees, shrubs and ground covers and the proposed method of preserving existing trees, shrubs and ground covers.
- (d) Any other information the Commission may deem necessary to evaluate the request.

The applicant's submission shall also include a statement admitting authorized Department of City Planning personnel to the site for the purposes of recording or verifying survey data.

(2/2/11)

105-40

SPECIAL REVIEW PROVISIONS

The provisions of this Section shall apply to all #developments#, #enlargements# or #site alterations# located within a #Special Natural Area District#.

Prior to the issuance by the Department of Buildings of any permit for a #development#, #enlargement# or #site alteration# within a #Special Natural Area District#, the City Planning Commission shall certify to the Department of Buildings that the #development#, #enlargement# or #site alteration# is approved pursuant to Sections 105-41, 105-42, 105-43 or 105-44, inclusive.

The provisions of Article VII, Chapter 8 (Special Regulations Applying to Large-Scale Residential Developments), shall apply to a #large-scale residential development#, as modified by the provisions of Section 105-701 (Applicability of large-scale residential development regulations).

(2/2/05)

105-41 Certification

When it is not necessary for the applicant for a #development#, #enlargement# or #site alteration# to apply for an authorization or special permit, the City Planning Commission shall certify to the Department of Buildings that such #development#, #enlargement# or #site alteration# complies with the regulations of this Chapter, and that no authorization or special permit is required pursuant to this Chapter.

Where #natural features# are to be protected and maintained under Section 105-60 (MAINTENANCE OF NATURAL FEATURES), the Commission shall indicate in the certification specific conditions and safeguards appropriate to the designated area.

(2/2/05)

105-42 Authorizations to Alter Natural Features

For a #development#, #enlargement# or #site alteration# located within the #Special Natural Area District#, the City Planning Commission may authorize:

- (a) modification of topographic features including existing natural topography and #topsoil# pursuant to Section 105-421 (Modification of topographic features on Tier I sites) and modification of #steep slopes# pursuant to Section 105-422 (Authorization of a development, enlargement or site

alteration on a Tier II zoning lot or portion of a zoning lot having a steep slope or steep slope buffer);

- (b) modification of geologic features including the relocation of erratic boulders, and the alteration of rock outcrops pursuant to Sections 105-423 and 105-424;
- (c) modification of botanic environment, pursuant to Section 105-425;
- (d) alteration of aquatic features, pursuant to Section 105-426 in NA-1, NA-2 and NA-3 Districts.

The Commission may prescribe appropriate additional conditions and safeguards to protect the character of the #Special Natural Area District#.

(2/2/05)

105-421

Modification of topographic features on Tier I sites

The topographic features, including natural topography and #topsoil#, existing at the time of designation of a #Special Natural Area District# may be modified by the City Planning Commission, provided that the Commission finds that:

- (a) #development#, #enlargement# and #site alteration# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;
- (b) such modification, including any removal of #topsoil#, will not disturb the drainage pattern and soil conditions in the area;
- (c) such modification of topography has minimal impact on the existing topographic features of the surrounding area and blends harmoniously with it;
- (d) such modification is the least modification required to achieve the purpose for which it is granted; and
- (e) the #development#, #enlargement# or #site alteration# takes advantage of the natural characteristics of the site.

Where permits are required from a City agency, the Commission shall request a report from such agency, and the provisions of

Section 105-93 (Inter-agency Coordination) shall apply.

(2/2/11)

105-422

Authorization of a development, enlargement or site alteration on a Tier II site or portion of a zoning lot having a steep slope or steep slope buffer

The City Planning Commission may authorize #developments#, #enlargements# and #site alterations# on a #Tier II site# or on portions of a #zoning lot# having a #steep slope# or #steep slope buffer#.

In order to grant such authorizations, the Commission shall find that:

- (a) the #development#, #enlargement# or #site alteration# is not feasible without such modification, or that the modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;
- (b) such modification is the least modification required to achieve the purpose for which it is granted;
- (c) the modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;
- (d) the modification will not disturb the drainage patterns and soil conditions of the area; and
- (e) the #development#, #enlargement# or #site alteration# takes advantage of the natural characteristics of the site.

The #lot coverage# regulations of Table II of Section 105-33 (Residential Lot Coverage Regulations on Tier II Sites or on Sites Granted an Authorization Pursuant to Section 105-422) shall apply to any #residential development#, #enlargement# or #site alteration# granted an authorization pursuant to this Section.

Any #development#, #enlargement# or #site alteration# requiring an authorization pursuant to this Section shall be subject to all the requirements of this Chapter for which an authorization or special permit has not been obtained.

(2/2/05)

105-423

Relocation of erratic boulders

No erratic boulder with a diameter at any point of six feet or more may be moved from its location at the time of designation of a #Special Natural Area District# to another location within the Special District during #development#, #enlargement# or #site alteration# except in compliance with the provisions of this Section.

Prior to the moving of an erratic boulder from its present location to a location elsewhere within the #Special Natural Area District#, an application shall be filed with the City Planning Commission showing the present location and the proposed location. Moving of an erratic boulder will be permitted only by authorization of the Commission under the following circumstances:

- (a) where such a boulder is located in an area to be occupied by #buildings#, driveways, parking areas or recreation areas and it is not possible to avoid such location by minor adjustments in the arrangement of such #buildings#, driveways, parking areas or recreation areas on the site;
- (b) where the boulder's continued existence in its present location would create hazards or dangers; or
- (c) where authorizations granted by the Commission under the provisions of this Chapter require or clearly contemplate the boulder's relocation from its present position.

In issuing an authorization under this Section, the Commission shall require an appropriate relocation site, visible, if possible, from a public #street#, park, or public place, preferably on the #zoning lot# or elsewhere within the #Special Natural Area District#. The Commission may prescribe appropriate conditions to enhance the setting of the relocated boulder.

(2/2/05)

105-424

Alteration of rock outcrops

The City Planning Commission may authorize the alteration of a rock outcrop, provided that:

- (a) the #development# or #enlargement# is not feasible without

such alteration, or that the requested alteration will permit a #development# or #enlargement# that satisfies the purposes of this Chapter; or

- (b) such alteration is necessary to protect the health and safety of the site occupants; and
- (c) such #development# or #enlargement#, as authorized, will result in the minimum #natural feature# interference that must be permitted in order to allow reasonable #development# or #enlargement# and #bulk# distribution under the regulations of the underlying district.

The Commission shall impose appropriate conditions and safeguards to assure protection of the portions of the area to be preserved in their natural state.

(2/2/05)

105-425

Modification of botanic environment and tree preservation and planting requirements

The City Planning Commission may authorize modifications to the provisions of Sections 105-31 (Botanic Environment and Tree Preservation Requirements), 105-32 (Botanic Environment and Tree Planting Requirements) and paragraph (b) (8) of Section 105-35 (Tier II Requirements for Driveways and Private Roads).

In order to grant such authorizations, the Commission shall find that:

- (a) the #development#, #enlargement# or #site alteration# is not feasible without such modifications, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;
- (b) such modification is the least modification required to achieve the purpose for which it is granted;
- (c) the ecology and soil conditions of the site are such that the substitution of other plant material would be as appropriate as the botanic preservation or planting requirements being modified; and
- (d) in order to modify requirements relating to tree preservation, planting or removal, the Commission shall also

find that:

- (1) such tree is located in areas which require excessive cut or fill of land deemed inimical to plant survival; or
- (2) the continued presence of such tree would create hazards or dangers (such as an area affected by storm or plant disease) to persons, property or other plant material which it would not be possible or practical to eliminate by pruning.

Where on-site replanting of vegetation would result in overcrowding or would adversely affect the ecology of the site, the Commission may authorize planting of one or more trees on adjoining public sidewalks or in a nearby public area within the #Special Natural Area District#. The Commission may also allow the substitution of other plant material, provided a detailed landscaping plan is filed with the Commission for approval and certification.

(2/2/05)

105-426

Alteration of aquatic features

No portion of an aquatic feature shall be altered or land operations affecting aquatic features undertaken by or on behalf of present or future applicants for permits except in compliance with the provisions of this Section. The City Planning Commission may permit the alteration of aquatic features, provided that:

- (a) the #development# or #enlargement# is not feasible without such alteration or where such alteration will permit a #development# or #enlargement# that satisfies the purposes of this Chapter; or
- (b) such alteration is necessary to protect the health and safety of the site occupants; and
- (c) such #development# or #enlargement#, as authorized, will result in the minimum #natural feature# interference that must be permitted in order to allow reasonable #development# or #enlargement# and #bulk# distribution under the regulations of the underlying district; and
- (d) such modification shall not disturb the drainage patterns in the area.

The Commission shall impose appropriate conditions and safeguards to assure protection of the portions of the area to be preserved in their natural state.

Where permits are required from a City agency for any work affecting #natural features#, the Commission shall request a report from such agency and the provisions of Section 105-93 (Inter-agency Coordination) shall apply.

In the event alteration of an aquatic feature is found inappropriate, the Commission may treat an application under this Section as an application for modification of #yard# and height and setback regulations under Section 105-432.

(2/2/11)

105-43

Authorizations to Modify Bulk, Parking, Grading and Private Roads Regulations

For a #development#, #enlargement# or #site alteration# located within the #Special Natural Area District#, the City Planning Commission may authorize:

- (a) modification of #lot coverage# controls in accordance with the provisions of Section 105-431;
- (b) modification of underlying district regulations relating to #bulk# or #parking# in accordance with the provisions of Section 105-432 (Modification of yard, height and setback regulations, and parking location regulations);
- (c) modification of grading controls in accordance with the provisions of Section 105-433; and
- (d) modification of requirements for driveways and private roads on #Tier II sites# in accordance with the provisions of Section 105-434.

(2/2/11)

105-431

Modification of lot coverage controls

For any #development# or #enlargement# on a #Tier II site# or within a #steep slope# or a #steep slope buffer# on a #Tier I site#, the City Planning Commission may authorize variations in the #lot coverage# controls set forth in Section 105-33.

In order to grant such authorization, the Commission shall find that:

- (a) the #development# or #enlargement# is not feasible without such modification, or that the requested modification will permit a #development# or #enlargement# that satisfies the purpose of this Chapter;
- (b) by allowing the permitted #floor area# in a #building# or #buildings# of lower height to cover more land, the preservation of #hillsides# having aesthetic value to the public would be assured, and that such preservation would not be possible by careful siting of a higher #building# containing the same permitted #floor area# on less land;
- (c) such modification is the least modification required to achieve the purpose for which it is granted;
- (d) the modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;
- (e) the modification will not disturb the drainage pattern and soil conditions of the area; and
- (f) the modification does not impair the essential character of the surrounding area.

(2/2/11)

105-432

Modification of yard, height and setback regulations, and parking location regulations

For any #development# or #enlargement# that does not qualify under provisions of Section 105-701 (Applicability of large-scale residential development regulations), the City Planning Commission may authorize variations in required #front#, #rear# or #side yards#, parking lot landscaping or maneuverability requirements, location of parking, driveways or curb cuts and required space between #buildings# on the same #zoning lot#, and may modify height and setback regulations for the purpose of preserving #natural features#, provided the Commission finds

that:

- (a) the proposed placement of #buildings# and arrangement of #open space# will not have significant adverse effects upon the light, air and privacy for existing #buildings# in adjacent areas or the opportunities therefore in future #development#; and
- (b) will preserve significant #natural features#.

The Commission may condition such authorizations upon the joint submission of acceptable plans for #development# or #enlargement# of two or more adjacent #zoning lots# by the owners thereof.

(2/2/11)

105-433

Modification of grading controls

For any #development#, #enlargement# or #site alteration# on a #Tier II site#, the City Planning Commission may authorize variations in the grading controls set forth in Section 105-34.

In order to grant such authorization, the Commission shall find that:

- (a) the #development#, #enlargement# or #site alteration# is not feasible without such modifications, or that the modifications will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;
- (b) such modification is the least modification required to achieve the purpose for which it is granted;
- (c) the modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;
- (d) the modification will not disturb the drainage pattern and soil conditions of the area;
- (e) the modification does not impair the essential character of the surrounding area; and
- (f) the benefits to the surrounding area from the modification outweigh any disadvantages that may be incurred thereby in the area.

(2/2/11)

105-434

Modification of requirements for private roads and driveways

For any #development#, #enlargement# or #site alteration#, the City Planning Commission may authorize variations in the requirements for #private roads# and driveways on any #Tier II site# as set forth in Section 105-35 (Tier II Requirements for Driveways and Private Roads), as well as the requirements of Sections 25-621 (Location of parking spaces in certain districts) and 25-631 (Location and width of curb cuts in certain districts).

In order to grant such authorizations, the Commission shall find that:

- (a) the #development# or #enlargement# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;
- (b) such modification is the least modification required to achieve the purpose for which it is granted;
- (c) the modification will not disturb the drainage pattern and soil conditions of the area;
- (d) the modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it; and
- (e) such modification will enhance the quality of the design of the #development#, #enlargement# or #site alteration#.

(2/2/05)

105-44

Special Permits

For any #development#, #enlargement# or #site alteration# within the #Special Natural Area District#, the City Planning Commission may grant special permits for modification of the underlying district regulations in accordance with the provisions of Sections 105-441 and 105-442.

(2/2/11)

105-441

Modification of use regulations

In addition to any #use# modifications which may be granted under the provisions of Section 105-701 (Applicability of large-scale residential development regulations), the City Planning Commission may permit #semi-detached# or #attached single-family residences# in R2 Districts and #attached single-# or #two-family residences# in R3-1 Districts.

Furthermore, except in the #Special Natural Area District#-1 (NA-1), the Commission may permit #semi-detached# or #attached single-family residences# in R1-2 Districts provided that the #development# or #enlargement# is on a tract of land of at least four acres, and provided the Commission finds that:

- (a) the preservation of #natural features# requires the permitted #development# to be concentrated to the extent feasible in the remaining portion of the tract;
- (b) for such concentration of #development#, better standards of privacy and usable #open space# can be and are achieved under the development plan by inclusion of the proposed #residential building# types;
- (c) the change of housing type constitutes the most effective method of preserving #natural features#;
- (d) the #aggregate width of street walls# of a number of #residential buildings# separated by party walls shall not exceed 100 feet;
- (e) the proposed #street# system for the tract of land to be #developed# is so located as to draw a minimum of vehicular traffic to and through #streets# in the adjacent area; and
- (f) the existing topography, vegetation and proposed planting effectively screen all #attached single-family residences# from the #lot lines# along the perimeter of the tract of land to be #developed#.

(2/2/05)

105-442

Natural area dedicated for public use

Where commonly- or separately-owned areas containing #natural features# of exceptional recreational, cultural or educational value to the public are dedicated to the City, without any cost to the City, pursuant to Section 105-701 (Applicability of large-scale residential development regulations), the City Planning Commission may by special permit allow, where appropriate, such portion of the #zoning lot# to be included in the zoning computation for #floor area#, #open space#, #lot coverage# and density regulations and other #bulk# computations.

(2/2/05)

105-45

Certification of Restoration Plans

On any #zoning lot# to which the provisions of Section 105-02 (General Provisions) apply, no #natural features# as described in Section 105-11 (Description of Natural Features) or any other vegetation shall be removed, altered, relocated or replaced without prior approval by the City Planning Commission, as set forth in Section 105-40 (SPECIAL REVIEW PROVISIONS).

In the event that any such features are removed, altered, relocated or replaced from a #zoning lot# without prior approval by the Commission, the Commission may specify the manner of their replacement or restoration. If trees are to be planted, the Commission may require that they be three inches in #caliper#.

A copy of the restoration plan certified by the Commission specifying requirements for the replacement or restoration of the #natural features# shall be issued to the owner of the #zoning lot# containing such violations and to the Department of Buildings.

Upon receipt of the Commission's certified restoration requirements, the Department of Buildings shall require the owner of the #zoning lot# to remove the violations in accordance with the requirements set forth by the Commission. If such violations have not ceased within 90 days of receipt of the Commission's requirements, the Department of Buildings shall institute such action as may be necessary to terminate the violations. For compliance with new planting requirements to remove violations, the Department of Buildings may allow an additional 90 days.

No building permit or certificate of occupancy shall be issued by the Department of Buildings for any #development#, #enlargement#, #site alteration# or #use# on such #zoning lot# until the

violations are removed from the #zoning lot# in accordance with the restoration plan certified by the Commission.

(2/2/11)

105-50

REGULATIONS FOR PROTECTION OF NATURAL FEATURES

The provisions of this Section establish regulations for City Planning Commission review of #development#, #enlargement# or #site alteration# plans from the standpoint of the adequacy of protection for #natural features# within a #Special Natural Area District#. Plans that are deficient in this regard may be rejected or required to be modified, even though they comply with all other applicable regulations of this Chapter.

These regulations are to be used by the Commission in reaching a determination whether to approve #development#, #enlargement# or #site alteration# plans filed pursuant to Sections 105-41 (Certification), 105-42 (Authorizations to Alter Natural Features), 105-43 (Authorizations to Modify Bulk, Parking, Grading and Private Roads Regulations) or 105-44 (Special Permits).

The Commission, where appropriate, shall be guided by the reports from other city agencies involved in land contour work, storm water drainage systems and similar operations affecting #natural features#.

In determining the necessary alteration of #natural features# or extent of modifications involved in a #development#, #enlargement# or #site alteration#, the Commission shall be guided by the effect of any alteration of a #natural feature# on the total ecological process of the surrounding natural environment including the following: the effect of such alteration on the existing topography, soil conditions, erosion, natural flow of water and drainage, water quality, and animal, plant and marine life.

Further guidelines for the protection of #natural features# are:

- (a) No #natural feature# shall be moved, removed, covered, diminished, broken or disfigured, unless permitted pursuant to the provisions of Sections 105-30 (PRESERVATION OF NATURAL FEATURES) and 105-40 (SPECIAL REVIEW PROVISIONS). Furthermore, #topsoil# shall neither be removed from the surface of any #zoning lot# nor covered with inferior material unless permitted pursuant to Section 105-40. Where

existing topography is altered without prior authorization of the Commission, the Commission may require new grading or other topographical modifications or surface improvement to reestablish the viability and function of the soil as a growing medium, and as a drainage surface, in order to permit the site to blend harmoniously with the surrounding area of the Special District.

- (b) Filling, excavating, draining, dredging, grading and contouring shall be staged and controlled so as to minimally impair the function, composition, vitality and existence of #natural features#. When and where possible, such operations shall be done in a manner so as to maintain or improve the biological system and individual features on the site.
- (c) All filling, excavating, draining, dredging, grading and contouring shall avoid creation of #steep slopes# or conditions causing erosion, loss of fertility of soil, health or safety hazards, and shall be done in conformance with the limits and nature of the soil involved.
- (d) All land operations including filling, excavating, draining, dredging, grading and contouring shall be limited to those operations which maintain or restore natural drainage, cause a minimum disturbance of the #natural features# and their setting while providing for the #development#, #enlargement# or #site alteration# or permitted #uses#.
- (e) No #development#, #enlargement# or #site alteration# shall be such as to impede or change the quality, turbidity, temperature or chemical composition of natural drainage or aquatic features.
- (f) A #development#, #enlargement# or #site alteration# shall be permitted only in areas sufficiently removed from the #natural features# to avoid impairment of their existence, functions or beauty.
- (g) There shall be maximum preservation of all natural vegetation in and adjacent to the #natural features# found on the site. Plant communities which have been substantially reduced in area or composition as a result of a #development#, #enlargement# or #site alteration# shall be restored, extended or replaced by alternative plant materials with an adequate maintenance program. In no case shall the site be allowed to be denuded and without vegetational cover upon completion of the #development#, #enlargement# or #site alteration#.
- (h) Replacement of any #natural feature# and planting of new

vegetation on a site in the Special District shall be such as to extend, reinforce, increase the diversity, function and vitality of an association or community in the area. Special attention shall be given to symbiotic relationships between plants and the relationship between vegetation to be planted and animal populations which are dependent upon or related to the proposed vegetation. Where appropriate, planting shall include trees, shrubs, vines, ferns, grasses, herbs, annuals, biennials, perennials, mosses, and other associated vegetation.

- (i) Adequate provision shall be made for proper management and maintenance of #natural features# and their immediate surroundings to avoid pollution, loss of vigor, reduction in composition or function or other ecological damage.
- (j) Where appropriate, when a portion of a #natural feature# or its function must be altered, such alteration shall not only reinforce the function, vitality and existence of the remaining portion of the #natural feature# but also improve conditions for other #natural features#. This shall apply particularly but not exclusively to the removal and replanting of plant materials.
- (k) Where appropriate, a #development#, #enlargement# or #site alteration# shall be such as to leave #natural features# intact in their natural setting and, where feasible, visible from public #streets# or places.
- (l) For a #steep slope#, these additional requirements apply:
 - (1) In all #Residence Districts#, for #residential developments# on individual #zoning lots# substantially within a #steep slope# area, the #lot area per dwelling unit# requirement shall not be less than 12,500 feet. Except in R1 Districts located in #Special Natural Area District#-1 (NA-1), the Commission may, for a tract of land of at least four acres substantially within the #steep slope# area, modify, by authorization, the #lot area per dwelling unit# requirement set forth in this paragraph, (1)(1), for the #steep slope# area, and may allow #development# to be concentrated in clusters to preserve the #steep slope# areas in their natural state, provided that such clusters are located to the extent feasible in areas of comparatively flat topography and will not require unnecessary grading on adjacent slopes or the creation of new #steep slopes#.
 - (2) In no event shall the #lot area per dwelling unit# requirement be less than the amount required by the

underlying district regulations.

- (3) Existing vegetational cover in steep areas shall not be removed, destroyed or damaged except pursuant to development and grading plans approved by the Commission. An objective of such plans shall be to fit #street# layouts and #building# designs to the natural terrain, limit grading to a practical minimum and provide for maximum preservation of the natural terrain and vegetational cover.

(2/2/05)

105-60

MAINTENANCE OF NATURAL FEATURES

For any #development#, #enlargement# or #site alteration# on a tract of land within a #Special Natural Area District#, the City Planning Commission may require a maintenance plan for a #natural feature#. Where a maintenance plan is required, approval of the development plan and the granting of any certification, authorization or special permit shall be conditioned upon the Commission's approval of the maintenance plan.

The maintenance plan shall specify what the maintenance is to consist of and whose responsibility it will be, and shall provide assurance that maintenance will be satisfactorily executed. The Commission, in considering the maintenance needs of a particular #natural feature# and the content of an acceptable maintenance plan shall, where appropriate, refer all relevant plans to the Landmarks Preservation Commission, Department of Parks or other City agency with primary responsibilities in natural areas conservation, for its report thereon. The Commission shall, in its determination, give due consideration to any such report submitted within one month from the date of referral. If such City agency does not report within one month, the Commission may make a final determination without reference thereto.

For #natural features# for which the Commission determines that specialized maintenance and regulated public #use# are appropriate, the maintenance plan may provide for dedication of the #natural feature# to the City or an approved private conservation organization for responsible maintenance in the public interest.

(2/2/11)

105-70

SPECIAL REGULATIONS FOR RESIDENTIAL DEVELOPMENT

In order to carry out the purposes of this Chapter, all #zoning lots developed# predominantly for #residential use# may be subject to the provisions of this Section.

(2/2/11)

105-701

Applicability of large-scale residential development regulations

The provisions of Article VII, Chapter 8 (Special Regulations Applying to Large-Scale Residential Developments), shall apply except as modified by the provisions of this Section.

Any #zoning lots developed#, used predominantly for #residential uses#, may be treated as a #large-scale residential development# and authorizations or special permits for such #zoning lot# may be granted in accordance with the provisions of Article VII, Chapter 8, as modified herein or in Section 105-80 (JOINT APPLICATIONS), regardless of whether such #zoning lot# will have the area, number of #buildings# or number of #dwelling units# specified in the definition of #large-scale residential development#, as set forth in Section 12-10 (DEFINITIONS).

However, in R1 Districts located in the #Special Natural Area District#-1 (NA-1), no modification of minimum required #lot area# as set forth in Section 23-32 (Minimum Lot Area or Lot Width for Residences) shall be allowed for any #development# pursuant to paragraph (c) of Section 78-311 (Authorizations by the City Planning Commission) or Section 78-32 (Bonus for Good Site Plan) but modifications of required #front# or #rear yards# and height and setback regulations on the periphery of such #zoning lot#, pursuant to paragraphs (c) and (d) of Section 78-312 (Special permits by the City Planning Commission), shall apply. Modification of #side yards# of all #zoning lots#, including #zoning lots# in R1 Districts, shall be subject to the provisions of Section 105-432 (Modification of yard, height and setback regulations, and parking location regulations).

Bonuses which may be granted for #large-scale residential developments#, pursuant to Section 78-32 through Section 78-35 (Special Bonus Provisions), may not be granted for #zoning lots# which have less than 10 acres and less than the number of #buildings# or number of #dwelling units# required by the definitions of a #large-scale residential development#.

Commonly- or separately-owned areas containing #natural features# may qualify as common #open space# for purposes of satisfying #open space# requirements.

Approval by the Commission of a development plan incorporating #natural features# as common #open space# shall be conditioned upon the findings required in Sections 78-313 (Findings) and 78-52 (Common Open Space) with respect to the qualification of areas as common #open space# and upon additional findings that appropriate safeguards are provided for the protection and preservation of such #natural features#. In the case of #natural features# that are determined to have qualities of exceptional recreational, cultural or educational value to the public and that are directly accessible to the public from a public right-of-way, the applicant may request the City to take title or a less than fee interest in the property occupied by such a #natural feature# without any cost to the City or its designee for #use# and enjoyment by the public subject to the provisions of Section 105-60 (MAINTENANCE OF NATURAL FEATURES).

(2/2/11)

105-702

Applicability of lower density growth management area regulations

The regulations for #developments# or #enlargements# within #lower density growth management areas# are modified as follows:

(a) Parking location regulations

#Accessory# parking spaces shall be permitted within a #front yard#.

(b) Private road regulations

The provisions of paragraph (b) of Section 105-35 (Tier II Requirements for Driveways and Private Roads) shall apply to #Tier II sites# accessed by #private roads#.

(12/19/74)

105-80

JOINT APPLICATIONS

Notwithstanding the provisions of Section 78-06 (Ownership), a

tract of land which is the subject of an application for authorizations or special permits under the provisions of this Chapter may include adjacent property in more than one ownership, provided that the application is filed jointly by the owners of all property included. Any subdivision of the tract reflecting ownerships at the time of application or creating new ownerships before, during or after #development# shall be subject to the provisions of Section 78-51 (General Provisions).

(2/2/11)

105-90

FUTURE SUBDIVISION

Within a #Special Natural Area District#, any #zoning lot# existing on the effective date of the Special District designation may be subdivided into two or more #zoning lots#, provided that #natural features# are preserved to the greatest extent possible under future development options.

A plan for such subdivision shall be filed with the City Planning Commission and the Commission shall certify that such subdivision complies with this objective. The subdivision plan shall include a survey map indicating existing topography and other #natural features# within this area. When a #zoning lot#, existing on the effective date of the Special District designation, is more than 10 acres and is intended to be subdivided, an area plan of the entire #zoning lot# shall be filed with the Commission. The area plan shall include the proposed #street# system within the area, #block# layouts and any other information required by the Commission.

When any #zoning lot# is subdivided into two or more #zoning lots#, all resulting #zoning lots# that lie substantially within a #steep slope# area existing as of December 19, 1974, shall be subject to the #steep slope# provisions of Section 105-50 (REGULATIONS FOR PROTECTION OF NATURAL FEATURES) and all other provisions of this Chapter, as applicable.

In the event that #natural features# on any #zoning lot# subject to the provisions of Section 105-02 (General Provisions) proposed for subdivision have been removed, altered, relocated or replaced from the #zoning lot# without prior approval by the Commission, as set forth in Section 105-40 (SPECIAL REVIEW PROVISIONS), the Commission shall not approve the subdivision until violations are removed from the #zoning lot# in accordance with the Commission's requirements under Section 105-45 (Certification of Restoration Plans).

(2/2/05)

105-91

Special District Designation on Public Parks

When a #Special Natural Area District# is designated on a #public park# or portion thereof, any #natural features# existing on December 19, 1974, within such area shall not be removed, destroyed or altered unless authorized by the City Planning Commission. As a condition for granting such authorization, the Commission shall find that any alteration of #natural features# is the least alteration required to achieve the purpose intended and such authorization is consistent with the intent of the #Special Natural Area District#.

(2/2/11)

105-92

Special Provisions for City-owned Land

The provisions of Section 105-40 (SPECIAL REVIEW PROVISIONS) shall apply on City-owned land, except that modifications permitted under Section 105-44 (Special Permits) may be approved by the City Planning Commission.

Furthermore, provisions of Section 105-93 (Inter-agency Coordination) shall apply on City-owned land. However, the provisions of this Chapter shall not apply to any public improvement project approved by the Board of Estimate prior to the effective date of the Special District designation.

(2/2/05)

105-93

Inter-agency Coordination

Where an authorization or permit is required from the City Planning Commission pursuant to this Chapter and where a permit is required from the Departments of Transportation or Buildings for land contour work, by the Department of Environmental Protection for storm water drainage systems for #buildings# or adjacent areas or where construction of a public improvement

project is undertaken by a City agency, the Department of City Planning and the agencies involved shall jointly determine the conditions under which such proposed #development#, #enlargement# or #site alteration# within a #Special Natural Area District# will best meet the purposes of the Special District. Applications for any required permit or authorizations shall be filed simultaneously with each agency requiring a permit.

(5/21/75)

105-94

Special Natural Area Districts Specified

(6/23/77)

105-941

Special Natural Area District-1:

Emerson Hill, Dongan Hills, Todt Hill, Lighthouse Hill and the Central Wetlands Area of Staten Island

The central, serpentine, hilly spine of Staten Island is composed of Emerson Hill, Dongan Hills, Todt Hill and Lighthouse Hill. These hills are richly endowed with steep slopes, rock outcrops, erratic boulders and ponds, lakes, swamps, creeks and many trees of the glaciated Oak-Chestnut association.

To the south and west of the serpentine hills are tidal wetlands, a habitat for marine life and water fowl. The wetlands include parts of Latourette Park, Fresh Kills Park and New Springville Park. The high and low wetlands of Latourette Park and New Springville Park and most of the low wetlands of Fresh Kills Park remain in their natural state. The purpose of this #Special Natural Area District# is to preserve and protect the aforementioned #natural features# pursuant to the provisions of this Chapter.

(5/21/75)

105-942

Special Natural Area District-2:

Riverdale, Spuyten Duyvil and Fieldston, The Bronx

The Riverdale Ridge of The Bronx is composed of part of

Riverdale, Spuyten Duyvil and Fieldston. This ridge contains steep slopes, rock outcrops, ponds, brooks, swampy areas and mature trees.

The western foot of the ridge contains marshes, feeding areas for water fowl. The shore line of the Hudson River estuary contains the aquatic food web necessary to sustain marine life.

The marshes and most of the Hudson River shore line are included in Riverdale Park. Much of the Riverdale Ridge and Riverdale Park are in their natural state. The purpose of this #Special Natural Area District# is to preserve and protect the aforementioned #natural features# pursuant to the provisions of this Chapter.

(12/1/77)

105-943

Special Natural Area District-3: Shore Acres Area of Staten Island

The Shore Acres area of Staten Island owes its unique character to Shore Acres Pond, which is fed predominantly by springs percolating from an underground aquifer through Pleistocene strata of sand and gravel.

The Pond is a resting place for migratory and local fowl as well as a watering hole for opossums which are abundant along the wooded cliffs of the Narrows. The Pond has shaped its built environment, including the street layout, landscaping and orientation of neighboring homes. The surrounding area is distinguished by rolling topography with orientation of the northeastern edge toward Lower New York Bay and the Narrows.

The natural drainage area is in need of protection to ensure survival and maintenance of the Pond which in turn is essential to the preservation of this special area.

(2/2/11)

105-944

Special Fort Totten Natural Area District-4

(a) General purposes

The "Special Fort Totten Natural Area District"-4

(hereinafter referred to as the Special District), established in this Resolution, is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following general purposes:

- (1) to preserve, protect and enhance the combination of historically significant buildings and other structures, public open spaces, outstanding scenic views and pedestrian and vehicular circulation system which by their siting create a unique balance between buildings and open spaces and which, together with the harmonious scale of development and landscaping, add to the quality of life in the area;
- (2) to protect aquatic, biologic, geologic, topographic and other natural features having ecological and conservation values and functions;
- (3) to improve the quality of new development in the area by fostering the provision of specified public amenities and recreational facilities in appropriate locations and by making these facilities directly accessible to the public; and
- (4) to promote the desirable use of land improvements in accordance with the District Plan and in conformance with the character of the Fort Totten area and thus conserve the value of land and buildings and thereby protect the City's tax revenue.

(b) Definitions

(1) Designated open space

The "designated open space" is an #open space# as shown on the District Plan.

(2) Street

For the purpose of this Section, a "street" is a way existing within the #Special Fort Totten Natural Area District#-4 as shown on the District Plan (Appendix A) complying with the definition of #street# in Section 12-10, except that the #street# width shall be limited to existing dimensions. No modification of existing dimensions shall be permitted without prior certification of the City Planning Commission.

(c) General requirements

(1) Requirements for applications

An application to the Commission for any #development# within the Special District shall be subject to the requirements of Section 105-021 (Actions not requiring special review). In addition, an application for #development# within Area B shall include the existing and proposed site plan showing the location and the scale of the existing and proposed #buildings or other structures#, the location of all vehicular entrances and exits and off-street parking facilities, the changes that will be made in the location and size of the #open space#, and such other information as may be required by the Commission. The submission shall include a landscaping plan, #building# sections and elevation and an appropriate model of the planned community.

The Commission shall require, where relevant, a subdivision plan and, in the case of a site plan providing for common #open space# or common parking areas, a maintenance plan for such space or areas and surety for continued availability of such space or areas to the people they are intended to serve.

(2) Pier #development#

The Commission may permit, by special permit, pier #development#, only upon finding that the proposed #development# shall have no significant adverse impact on the Special District or surrounding environment. The Commission may prescribe appropriate conditions and safeguards to minimize possible adverse effects on the surrounding area.

(d) Special regulations

(1) Demolition

Except in Area E, no demolition permit or alteration permit for alterations which may affect the character or design of the facade of a #building or other structure# shall be issued by the Department of Buildings, except as permitted by the Commission, unless it is an unsafe #building or other structure# and demolition or alteration is required pursuant to the provisions of Chapter 26, Title C, Part I, Article 8, or its successor, of the New York City Administrative Code. An applicant for any such permit

shall notify the Landmarks Preservation Commission of the application.

The Commission, by special permit, may allow:

- (i) the alteration of such #building or other structure#, provided that such alteration treatment of the facade relates harmoniously to the character and materials of the original facade and to the adjoining #buildings or other structures#; or
- (ii) the demolition of such #buildings or other structures#, other than those deemed unsafe as defined by the Department of Buildings, provided that the Commission finds that the existing #building or other structures# are not suitable for rehabilitation.

Where a #building or other structure# has been demolished pursuant to this Section, the Commission may, by special permit, allow the replacement of the demolished structure provided that the design of the new structure in terms of scale, #lot coverage#, #building# height and exterior treatment of the facade shall replicate as nearly as possible the design and site plan of the original #building#.

(2) Special height regulations

In order to preserve the unique character of the Special District and to protect the views of and to the water within the Special District, Section 23-631 (Height and setback in R1, R2, R3, R4 and R5 Districts) shall apply except that the maximum height for any #development# or #enlargement# shall be 32 feet or three stories, whichever is less.

(3) Location of zoning district boundaries at the shore line

Zoning district boundary lines shall coincide with the shore line lawfully existing on April 28, 1983, or any natural or lawful alteration thereof.

A zoning district boundary line which intersects the shore line lawfully existing on April 28, 1983 shall be prolonged, in a straight line, to such naturally or lawfully altered shore line. Lawfully approved piers or other lawfully approved structural extensions of the

shore line, as may be so altered, shall not generate development rights.

(4) Designated open space

Any #development# or #site alteration# on a #zoning lot# which contains #designated open space# as shown on the District Plan, shall require certification by the Commission that such #designated open space# shall not be reduced in size or altered in shape and shall be preserved in its natural state by the owner of the #zoning lot#.

Planting, landscaping or provision of footpaths or sitting areas are permitted in any part of #designated open space#, provided that such improvements do not involve removal of trees or alteration of existing topography, and do not obstruct pedestrian movement within the public pedestrian ways.

#Designated open space# may be used for active recreational facilities provided that the Commission certifies that such #uses# have minimal impact on tree removal, topographic alteration or drainage conditions.

All #designated open spaces# shall be directly accessible to the public from public rights-of-way between dawn and dusk. A prominent plaque or other permanent #sign# shall be displayed on all #designated open spaces# in a prominent location, designated by the Commission, visible from the adjacent public right-of-way. Such plaque or permanent #sign# shall have a #surface area# of not less than three nor more than six square feet, and shall contain the following statement:

"This area is open to the public between sunrise and sunset."

(5) District plan

The District Map for the #Special Fort Totten Natural Area District#-4 (Appendix A) identifies specific areas comprising the District Plan in which special zoning regulations carry out the general purposes of the #Special Fort Totten Natural Area District#-4. The District Plan is set forth in Appendix A and is made an integral part hereof. These areas and the specific paragraphs of this Section which contain regulations pertaining thereto are as follows:

Area A Historic fort area - (d) (6)
Area B Planned community area - (d) (7)
Area C Water related area - (d) (8)
Area D Bay area - (d) (9)
Area E Development area - (d) (10)

(6) Historic fort area (Area A)

Within Area A (Fort Area) there shall be no #development# nor #enlargement# of existing #buildings# or other structures# except that the Commission may authorize necessary renovation to protect existing structures. In all cases the Commission shall refer all applications to the Landmarks Preservation Commission and Department of Parks and Recreation or other City agencies with primary responsibilities in the conservation area, for its report thereon.

(7) Planned community area (Area B)

In order to protect the unique scale, character and design relationships between the existing #buildings# and public #open spaces# and parade grounds, no #development#, #enlargement# nor alteration of landscaping or topography shall be permitted, except as set forth herein and as provided by paragraph (d) (1) of this Section.

(i) Special permit

For any #development#, #enlargement# or alteration of landscaping or topography, the Commission may, by special permit, allow:

- (a) the unused total #floor area#, #dwelling units# or #rooming units# permitted by the applicable district regulations for all #zoning lots# within the development to be distributed without regard for #zoning lot lines#;
- (b) the total #open space# or #lot coverage# required by the applicable district regulations for any #zoning lot# within the development to be distributed without regard for #zoning lot lines#;
- (c) minor variations in the #yard# and #court# regulations required by the applicable district regulations;

- (d) minor variations in the height and setback regulations required by the applicable district regulations;
- (e) modifications of the minimum spacing requirements consistent with the intent of the provisions of Section 23-71 (Minimum Distance Between Buildings on a Single Zoning Lot);
- (f) permitted or required #accessory# off-street parking spaces to be located anywhere within the #development# without regard to #zoning lot lines#, or the provisions of Sections 25-621 (Location of parking spaces in certain districts) and 25-631 (Location and width of curb cuts in certain districts), subject to findings of Section 78-41 (Location of Accessory Parking Spaces), or where such requirement substantially injures the functioning of the existing area, authorize waiver of all or part of the required parking.

(ii) Findings

As a condition precedent to the granting of a special permit under the provisions of paragraph (d)(7)(i) of this Section, the Commission shall make the following findings:

- (a) that the #development#, #enlargement# or said alteration is related to the existing #buildings or other structures# in the Planned Community Area (Area B) in scale and design, and that the #development# will not seriously alter the scenic amenity and the environmental quality of the area;
- (b) that the #development# or #enlargement# be sited in such a manner as to preserve the greatest amount of #open space# and landscaping that presently exists, consistent with the scale and design of the existing #buildings# and the landscaping surrounding the new landscaping arrangement and conditions of the community;
- (c) that the #development# or #enlargement# is sited such that it will not require at the

same time, or in the foreseeable future, new access roads or exits, off-street parking or public parking facilities that will disrupt or eliminate major portions of #open space# and landscaping or will generate large volumes of traffic which will diminish the environmental quality of the community;

- (d) that minimal landscaping is to be removed during construction and such areas will be fully restored upon completion of construction.

The Commission may prescribe appropriate conditions and safeguards, including covenants running with the land which shall permit public or private enforcement reflecting terms, conditions, and limitations of any special permit hereunder to minimize adverse effects on the character and quality of the community.

(iii) Parade ground

Unless ownership is retained in a governmental agency, the parade ground #designated open space# shall be commonly owned with a #zoning lot# within Area B or Area E and the maintenance of the parade ground shall be the collective responsibility of said owner or owners. The parade ground shall be used for open recreational #uses# and may contain minor #accessory# structures to said #use#. The parade ground shall be directly accessible from the adjoining #streets# along its entire perimeter. There shall be no fences nor walls around or within the parade ground.

(8) Water-related area (Area C)

In order to protect the unique aquatic and botanic characteristics of the area, there shall be no #development# in Area C except as provided by paragraph (d)(1) of this Section.

(9) Bay area (Area D)

In order to promote waterfront-related activities, only the following #uses# of the C3 District shall be permitted in Area D:

- (i) #residential uses#, which #uses# are permitted

only above the ground floor of those #buildings# existing prior to April 28, 1983;

(ii) all #uses# of Use Group 14, except for boat showrooms or sales, and the storage, repair, or painting of boats other than crew sculls used for intercollegiate competition;

(iii) all retail or service establishment #uses# of Use Group 6, except automobile supply stores.

(10) Development area (Area E)

Any #zoning lot developed# predominantly for #residential uses# may be considered a #large-scale residential development#, and authorizations or special permits for such #zoning lot# may be granted in accordance with the provisions of Article VII, Chapter 8, except that the #accessory uses# of 78-22 (Accessory Uses in Large-Scale Residential Developments) shall not apply.

Any #zoning lot developed# predominantly for #community facility uses# may be treated as a #large-scale community facility development#, and authorizations or special permits for such #zoning lot# may be granted in accordance with the provisions of Article VII, Chapter 9.

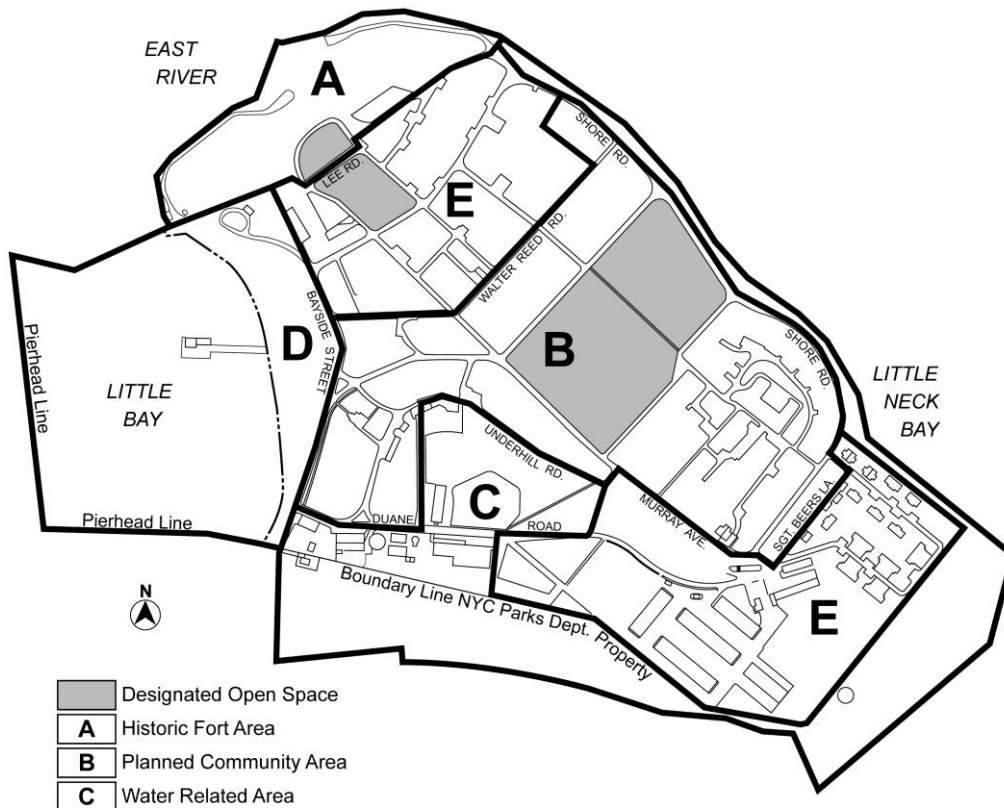

In Area E, the Commission may authorize clustering of #single-family# and #two-family residences# and a modification of housing types in order to maximize the preservation of existing #natural features# in the area, and to provide adequate view protection, and to relate these new structures with the existing structures in the general vicinity. Clustering shall be limited to a maximum #street wall# of 100 feet.

Any and all bonuses permitted in Sections 78-32 through 78-353, inclusive, shall not apply to #development# in Area E.

(6/23/77)

Appendix A

Special Fort Totten Natural Area District-4 Plan Map

(6/23/77)

Appendix B

Glossary

Part I:

Certain botanic terms referred to in the text and Part II of this Appendix are explained below:

A "tree" is any woody plant with one trunk rising out of the earth and root system, from which branches then spring, usually at some distance from the earth. A tree may be deciduous or coniferous.

A "shrub" is a woody plant that has one or more trunks rising from the same root system instead of a single trunk. These trunks or stems may or may not branch at some distance from the earth. A shrub may be deciduous or coniferous.

A "herb" is a non-woody plant with a fleshy stem which dies back to the earth level at the end of the growing season. It may be annual, biennial, or perennial.

A "vine" is a woody plant whose trunk or stem must be supported by the general environment or other plants. It is unable to stand on its own.

A "grass" is a family of herbaceous plants, rarely woody, with hollow round stems.

An "annual" is a plant which completes its life cycle in the space of one growing season, that is, it goes from seed to full plant and flower and sets seed in a single season.

A "biannual" is a plant which requires two years to grow from seed to mature plant capable of producing seed and then dies.

A "perennial" is a plant which lives more than one or two years and usually produces seeds for more than a few years.

A "fern" is a perennial, flowerless plant which reproduces by spores.

An "association" is a grouping of many plant species over a wide area sharing a common habitat and similar geographic conditions.

A "community" is a series of plants, animals, algae, fungi, grasses, trees, shrubs, herbs and other life forms which characteristically grow and live together in harmony, creating a balanced biological environment.

Part II:

Description of Natural Features defined in Section 105-10
(NATURAL FEATURES):

(a) Geologic features

(1) Rock outcrop

A rock outcrop shows the type of rock underlying the area, the results of surface abrasion by glacier, waterborne or windborne matter, or the results of chemical or temperature weathering.

(2) Geologic deposits

Geologic deposits include:

Soils of different origins such as loess and mineral deposits such as artinite, garnets, zircon, topaz, beryl, tourmaline, algite, tremolite, serpentine, muscovite, amethyst, peridot, jadeite, geodes and other elements of the Precambrian, Ordovician, Triassic, Cretaceous, Pleistocene and Holocene geology found in New York City.

An erratic boulder is a relatively large mass of rock which has been moved significant distances from its parent rock to be left amidst a geologic area which has a different history and origin than the parent.

(b) Topographic features

(1) #Steep slope#

A #steep slope# includes ground formation with sharp inclines such as hills and palisades.

(2) Existing natural topography

Existing natural topography includes terrain other than #steep slope# areas.

(3) #Topsoil#

#Topsoil# includes all of the A horizon, specifically, from top to bottom: the A1 litter layer where organic material, such as leaves and animal matter accumulate; the A2 fermentation layer where organic material is decomposed by fermentation, fungi, bacteria and soil organisms; the A3 humic layer where humus, resulting from the decomposition process, lies; and the B1 mixing layer where the humic substances become mixed with mineral matter.

(c) Aquatic features

(1) Laminarian zone

(i) Rock bottom

Characteristic plants:

Green algae:

Chaetomorpha melagonium
Cladophora gracillis
Codium fragile

Brown algae:

Asophyllum nodosum
Sargassum filipendula
Agraum cribrosum

Red algae:

Rhodomenia palmata (Dulse)
Ceramium robrum
Ahnefeltia plicata
Polysiphonia lanosa
Seirospora griffithsiana
Callithamnion corymbosum

Characteristic animals:

Diadumene leucolella - Pallid sea anemone
Ceriantheopsis americanus - Worm sea anemone
Astrangia danae - Star coral
Crisia denticulata - Fringed moss animal
Bugula turrita - Turreted moss animal
Membranipora monostachys - Sea mat
Lepas fasticularis - Northern sea barnacle
Balanus balanoides - Rock barnacle
Littorina littorea - Common periwinkle
Littorina obtusata - Smooth periwinkle
Littorina irrorata - Salt marsh periwinkle
Crepidula fornicata - Common boatshell
Polinices duplicatus - Shark eye
Urosalpinx cinerea - Oyster drill
Mytilus edulus - Blue mussel
Modiolus demissus - Ribbed mussel
Crassostrea virginica - Virginia oyster
Petricola pholadiformis - False angelwing

(ii) Mud or sand bottom

Characteristic plants:

Green algae:

Chaetomorpha melagonium
Cladophora gracillis

Brown algae:
Sargassum filipendula
Laminaria agardhi
Agarum cribosum

Red algae:
Rhodymenia palmata (Dulse)
Cystoclonium purpureum
Ahnefeltia plicata
Polysiphonia lanosa
Seirospora griffithsiana
Callithamnion corymbosum

Characteristic animals:

Ceriantheopsis americanus - Worm sea anemone
Littorina littorea - Common periwinkle
Littorina obtusata - Smooth periwinkle
Littorina irrorata - Salt march periwinkle
Crepidula fornicata - Common boatshell
Polinices duplicatus - Shark eye
Lunatia heros - Common moonshell
Mytilus edulus - Blue mussel
Modiolus demissus - Ribbed mussel
Nucula proxima - Atlantic nut clam
Aequipecten irradians - Bay scallop
Mercenaria mercenaria - Northern quahog
Macoma baltica - Baltic macoma
Tagelus plebius - Stout razor
Mya arenaria - Soft shell clam
Corbulua contracta - Common basket clam

(2) Beach

Characteristic saltwater beach animals:

Beach flea:
Orchestia agilis
Talitrus longicornis

Sandworms or Bristleworms:

Nereis virens
Nereis limbata
Nephtys picata
Arabella opalina
Lumbriconereis tenuis
Glycera americana
Nerine agilis
Cirratulus grandis
Cistenides gouldii

Clymenella torquata
Maldane elongata

Ghost shrimp:
Penaeus brasiliensis
Laldemonetes vulgaris
Crangon vulgaris

Ghost crab, Horseshoe crab, Green crab:
Ocypoda arenaria
Limulus polyphemus
Carcindes moenas

Blue crab:
Callinectes sapidus
Callinectes hastatus

Lady crab, Sand crab, Rock crab:
Ovalipes ocellatus
Platyonichus ocellatus
Cancer irroratus

Fiddler crabs:
UCA minax
Gelasimus minax
UCA pubnax
Gelasimus pugnax
UCA pugilator
Gelasimus pugilator

Pinnotheres maculatum - Oyster crab
Venus mercenaria - Hardshell clam
Mya arenaria - Softshell clam
Ensis directus - Razor clam
Tagelus gibbus - Clam
Psilaster florae - Starfish
Amphiura squamata - Brittlestars
Echinarachneus parma - Sand dollar

Snails:
Haminae solitaria
Scala lineata
Scala multistriata
Polynices heros
Polynices triseriata
Polynices duplicata
Crepidula fornicata
Crepidula plana
Littorina littorea (Periwinkle)
Urosalpinx linera (Oyster drill)

Eupleura caudata
Columbella avara
Columbella similis
Columbella anachis
Columbella astyris
Columbella lunata
Nassa trivittata
Nassa obsoleta

(3) Tidal wetland or saltwater littoral zone

(i) Rock bottom

Characteristic plants:

Blue-green algae:

Callothrix spp.
Rivularia atra

Green algae:

Ulothrix flacca
Enteromorpha intestinalis
Ulva lactuca (Sea lettuce)
Monostroma oxyspermum
Codium fragile

Brown algae:

Fucus vesiculosus
Fucus vesiculosus var spiralis
Fucus spiralis
Ascophyllum nodosum

Red algae:

Hildenbrandia prototypus
Agardhiella tenera
Chondrus crispus (Irish moss)
Bangia fuscopurpurea
Porphyra umbilicalis
Ceratium rubrum
Ahnfeltia plicata
Polysiphonia lanosa
Scirospora griffithsiana
Callithamnion corymbosum

Characteristic animals:

Lepas fascicularis - Northern sea barnacle
Balanus balanoides - Rock barnacle
Littorina littorea - Common periwinkle
Littorina obtusata - Smooth periwinkle

Littorina saxatilis - Rough periwinkle
Littorina irrorata - Salt marsh periwinkle
Crepidula fornicata - Common boatshell

(ii) Mud or sand bottom

Characteristic plants:

Blue-green algae:
Callothrix spp.
Lyngbya majuscula
Rivularia atra (Mermaids hair)
Rhizoslonium fragile

Green algae:
Enteromorpha linza
Ulva lactuca (Sea lettuce)
Monostroma oxyspermum
Codium fragile

Red Algae:
Chondrus crispus (Irish moss)
Bangia fuscopurpurea
Porphyra umbilicalis
Ceramium rubrum
Ahnfeltia plicata
Polysiphonia lanosa
Scirospora griffithsiana
Callithamnion corymbosum
Baccharis halmilifolia - Groundseltree
Distichlis spicata - Alkali grass
Hybiscus palustris - Marsh mallow
Iva frutescens - Marsh elder
Juncus gerardi - Black grass
Limonium carolinianum - Sea lavender
Phragmites communis - Reed
Ruppia maritima - Wigdeon grass
Salicornia spp. - Perennial saltwart
Spartina alternifolia - Smooth cordgrass
Spartina cynosuroides - Salt reedgrass
Spartina patens - Salt hay
Spartina pectinata - Freshwater cordgrass
Zostera pectinata - Eelgrass

Characteristic animals:

Ceriantheopsis americanus - Worm sea anemone
Littorina littorea - Common periwinkle
Littorina saxatilis - Rough periwinkle
Littorina littorea - Salt marsh periwinkle

(4) Swamp

Characteristic plants:

Acer rubrum - Red maple
Acer - Silver maple
Alnus spp. - Alder
Arisaema triphyllum - Jack in the pulpit
Cephalanthus occidentalis - Buttonbush
Cornus florida - Dogwood
Epilobium hirsutum - Willowherb
Hibiscus moscheutos - Rosemallow
Salix spp. - Willow
Smilax glauca - Catbrier
Smilax rotundifolia - Bulbrier
Quercus palustris - Pin oak

(5) Marsh

Characteristic plants:

Acnida - Waterhemp
Acorus calamus - Sweetflag
Cyperus spp. - Chufa
Echinochola - Wild millets
Eleocharis - Spikerushes
Impatiens pallida - Jewelweed
Leersia oryzoides - Rise cutgrass
Phragmites communis - Reeds
Pontederia cordata - Pickerelweed
Polygonum - Smartweed
Sagittaria - Arrowhead
Scirpus cyperinus - Sedge bullrush
Typha latifolia - Cattails
Zizania aquatica - Wild rice

(6) Bog

Characteristic plants:

Andromeda folifolia - Bog rosemary
Arethusa bulbosa - Swamp pink
Caldopogon pulcherlus - Grass pink
Chamaedaphne calyculata - Leatherleaf,
marsh cinquefoil
Drosera rotundifolia - Sundew plant
Eriophorum virginicum - Cottongrass
Iris versicolor - Blue flag, wild iris
Ledum groenlandicum - Labrador tea
Menyanthes trifoliata - Bogbean

Myrica gale - Sweetgale
Peltandra virginica - Snakes-mouth orchid
Rhododendron viscosum - Swamp azalea
Sarracenia purpurea - Pitcher plant
Solidago uliginosa - Bog goldenrod
Sphagnum - Sphagnum moss
Urtricularia conuta - Horned bladderword
Vaccinium macrocarpon - American cranberry
Vaccinium oxycoccus - Dwarf cranberry

(7) Meadow

Characteristic plants:

Amelanchier canadensis - Shadbush
Apios americana - Groundnut
Lilium supurbum - Turks cap lily
Impatiens pallida - Jewelreed
Lysmachia terrestris - Swamp-candles
Lythrum calicaria - Spiked loosetrife
Sambucus canadensis - Elderberry
Spirea tomentosa - Steeplebush

(8) Creek, stream or brook

Creeks, streams and brooks are often classified by the rate at which the water flows, a fast stream being a water flow of about two feet per second. Creeks, streams and brooks are valuable for their drainage function, the fish they contain both as a source of sport and for the other forms of life which relate to the animal and plant life dependent upon the stream.

(i) Fast creek, stream or brook

Characteristic plants:

Fontalis - Water moss
Ulothrix - Algae
Diatoma - Diatoms
Gomphonema

Characteristic animals:

Caddisflies:
Trichoptera
Phyganea
Rhyacophila
Philopotamidae
Hydropsychidae

Hydropsyche
Pharyganeidae
Limnephilidae
Leptocerus
Leptocella
Anthrpsodes
Oecetis
Brachycentridae
Helicopsychidae

Simulium - Blackfly
Plecoptera - Stonefly
Tipulidae - Crane fly
Neuroptera - Dobsonfly
Ephemeroptera - Mayfly
Osonychia
Percina caprodes - Log perch
Salvelinus fortinalis - Brook trout
Salmo gairdneri - Steelhead trout
Salmo trutta - Brown trout
Salmo salar - Atlantic salmon

(ii) Slow creek, stream or brook

Characteristic plants are the same as those in a lake or pond.

Characteristic animals:

Dragon Fly:
Anisoptera
Iodonata

Water striders:
Gerridae
Hemiptera
Odonata

Zygoptera - Damselflies
Orixidae - Waterboatmen
Hexagenia - Mayfly
Sphaerium - Fingernail clam
Semotilus atromaculatus - Creek chub
Ictalurus punctatus - Channel catfish
Ictalurus catus - White catfish
Ictalurus melas - Black catfish
Cyprinus carpio - Carp
Esox lucius - Northern pike
Esox americanus - Little pickerel
Esox niger - Chain pickerel

Roccus americana - White perch
Roccus saxatilis - Striped bass

(9) Lake or pond

Characteristic plants:

Ceratophyllum demersum - Coontail

Duckweeds:

Lemna

Spirodella

Wolffia

Wolffella

Myriophyllum - Watermillfois

Najas - Naiads

Nuphar - Cowlilies

Nymphaea - Waterlilies

Potamogeton - Pondweeds

Vallisneria spiralis - Wild celery

(10) Spring

Characteristic plants and animals are the same as those found in a swamp, marsh, bog, meadow, creek, stream, brook, lake or pond.

(d) Botanic environment

(1) Primary succession community area

Characteristic plants:

Achillea millefolium - Yarrow

Anagallis areensis - Scarlet pimpernel

Anaphalis margaritacea - Pearly everlasting

Antennaria plantaginifolia - Pussy's toes

Artemisia caudata - Tall wormwood

Asclepias syriaca - Common milkweed

Asclepias tuberosa - Orange milkwood

Asparagus officinalis - Garden asparagus

Aster ericoides - Heath aster

Aster linariifolius - Stiff-leaved aster

Brassica nigra - Black mustard

Chrysanthemum leucanthemum - Ox-eye daisy

Cichorium intybus - Chicory

Cirsium arvense - Canada thistle

Cirsium discolor - Field thistle

Convolvulus sepium - Wild morning glory

Coreopsis lanceolata - Coreopsis
Cytisus scoparius - Scotch broom
Datura stramonium - Jimsonweed
Daucus carota - Queen Anne's lace
Dianthus armeria - Deptford pink
Dianthus plumarius - Garden pink
Epilobium angustifolium - Fireweed
Erodium cicutarium - Stork's bill
Eupatorium hyssopifolium - Hyssop-leaved boneset
Euphorbia cyparissia - Cypress spurge
Frageria virginiana - Wild strawberries
Gnaphalium obtusifolium - Sweet everlasting
Holcus lanatus - Velvetgrass
Hypericum gentianoides - Pineweed
Hypericum perforatum - Common St. Johnswort
Hypochoeris radicata - Cat's ear
Linaria canadensis - Old-field-toadflax
Linaria vulgaris - Butter-and-eggs
Lonicera japonica - Japanese honeysuckle
Lychnis alba - White campion
Matericaria matricarioides - Pineappleweed
Oenothera biennis - Evening primrose
Opuntia humifusa - Prickly pear cactus
Oxalis stricta - Yellow woodsorrel
Phytolacca americana - Pokeweed
Plantago lanceolata - English plantain
Polygonum persicaria - Lady's thumb
Polygonum pennsylvanicum - Pinkweed
Potentilla canadensis - Old-field cinquefoil
Potentilla recta - Sulphur cinquefoil
Rana unculus repens - Creeping buttercup
Rosa virginiana - Virginia rose
Rudebeckia hirta - Black-eyed-susan
Saponaria officinalis - Bouncing-bet
Sedum acre - Stone crop
Solanum americanum - Black nightshade
Solanum dulcamara - Bitter nightshade
Solidago nemoralis - Grey goldenrod
Solidago puberula - Purple-stemmed goldenrod
Solidago tenuifolia - Grass-leaved goldenrod
Spergularia rubra - Pink sand-spurry
Tanacetum vulgare - Tansy
Taraxicum officinale - Dandelion
Trichostemma dichotomum - Blue curls
Trifolium arvense - Rabbitfoot clover
Verbascum thapsus - Mullein
Yucca filamentosa - Yucca

(2) Secondary succession community area

Characteristic plants of a secondary succession community area include the species found in a primary succession community area, a swamp, a meadow, and the following species:

Acer rubrum - Red maple
Amelanchier canadensis - Shadbush
Amelanchier obovalis - Serviceberry
Betula lenta - Black birch
Betula lutea - Yellow birch
Betula populifolia - Gray birch
Cornus florida - Flowering dogwood
Larix laricina - American larch
Lindera benzoin - Spice bush
Picea mariana - Black spruce
Pinus rigida - Pitch pine
Pinus strobus - White pine
Prunus serotina - Black cherry
Prunus virginiana - Choke cherry
Rhus copallina - Dwarf sumac
Rhus glabra - Smooth sumac
Rhus typhina - Staghorn sumac
Rubus spp. - Blackberries
Salix spp. - Willow
Sambucus canadensis - Elderberry
Smilax rotundifolia - Bull brier
Tilia americana - American basswood
Vaccinium - Blueberry

(3) Climax community area

Characteristic plants:

Acer rubrum - Red maple
Acer saccharum - Sugar maple
Amelanchier obovalis - Serviceberry
Azalea spp. - Azalea
Betula lenta - Sweet birch
Betula lutea - Yellow birch
Betula populifolia - Grey birch
Carpinus caroliniana - Ironwood
Carya laciniosa - Shagbark hickory
Carya glabra - Pignut hickory
Carya ovata - Shagbark hickory
Carya tomentosa - Mockernut hickory
Castanea dentata - American chestnut
Celtis occidentalis - American hackberry
Chamaecyparis thyoides - Atlantic white cedar
Cornus florida - Flowering dogwood
Diospyros virginiana - Persimmon

Fagus grandifolia - American beech
Fraxinus americana - White ash
Gaylussacia - Huckleberry
Hamamelis virginiana - Witch hazel
Ilex opaca - Holly
Juglans cinerea - Butternut
Juglans nigra - Black walnut
Juniperus virginiana - Red cedar
Kalmia latifolia - Laurel
Larix laricina - Larch
Liquidambar styraciflua - Sweet gum
Liriodendron tulipifera - Tulip-tree, Yellow poplar
Nyssa sylvatica - Sour gum
Ostrya virginiana - Hop hornbean
Picea mariana - Black spruce
Pinus rigida - Pitch pine
Pinus strobus - White pine
Prunus serotina - Black cherry
Prunus virginiana - Choke cherry
Quercus prinus - Chestnut oak
Quercus alba - White oak
Quercus bicolor - Swamp oak
Quercus coccinea - Scarlet oak
Quercus pallustris - Pin oak
Quercus rubra - Red oak
Quercus velutina - Black oak
Sambucus canadensis - Elderberry
Sassafras variifolium - Sassafras
Tilia americana - American basswood, linden
Tsuga canadensis - Hemlock
Ulmus americana - American elm
Vaccinium spp. - Blueberry

(4) Dune and heathland

Characteristic plants:

Aster undulatus - Skydrop aster
Ammophila Breviligulata - Beachgrass
Baptisia tinctoria - Wild indigo, rattle box
Corema couradii - Broom crowberry
Comptonia peregrina - Sweetfern
Deschampsia flexuosa - Wavyhair grass
Gaylussacia baccata - Black huckleberry
Helianthus canadense - Frostweed
Hieracium venosum - Rattlesnake weed
Hudsonia ericoides - Golden beachheather
Hudsonia tomentosa - Woolly beachheather
Hyrica pennsylvanica - Bayberry
Potentilla tridentata - Three toothed cinquefoil

Rubus spp. - Blackberries, raspberries
 Vaccinium angustifolium - Low sweet blueberries

(5) Wild grassland

A wild grassland exists usually on poor soils and is composed of a mixture of native grasses, such as the following:

Dantonion spicata - Poverty oat grass
 Andropogon virginicus - Broomsedge
 Bromus spp. - Bromegrass

(2/2/05)

Appendix C
Selection List for Ground Covers and Shrubs

Ground Covers

BOTANICAL NAME	COMMON NAME
Adiantum pedatum	Maidenhair fern
Agrostis perennans (A. altissima)	Autumn bent-grass
Anaphalis margaritacea	Pearly everlasting
Andropogon gerardii	Big Bluestem
Andropogon glomeratus	Bushy bluestem
Andropogon virginicus	Broom Sedge
Anemone canadensis	Canada anemone
Antennaria plantaginifolia	Plantain-leaved pussytoes
Arctostaphylos uva-ursi	Bearberry
Asarum canadense	Wild ginger
Aster cordifolius	Heart-leaved aster
Aster divericatus	White wood aster
Aster ericoides	Heath aster
Aster lanceolatus (A. simplex)	Lined aster
Aster macrophyllus	Large-leaved aster
Aster novae-angliae	New England aster

<i>Athyrium felix-femina</i> (<i>A. asplenoides</i>)	Lady fern
<i>Athyrium thelypteroides</i>	Silvery glade fern
<i>Carex appalachica</i> (<i>C. radiata</i>)	Sedge
<i>Carex pensylvanica</i>	Pennsylvania sedge
<i>Chimaphila maculata</i>	Spotted or stripped wintergreen/Pipsissewa
<i>Chimaphila umbellata</i>	Pipsissewa, Prince's pine, Bitter wintergreen
<i>Chrysopsis mariana</i>	Maryland golden aster
<i>Danthonia compressa</i>	Flattened oat grass
<i>Danthonia spicata</i>	Oatgrass, Poverty grass
<i>Dennstaedtia punctilobula</i>	Hay-scented fern
<i>Deschampsia caespitosa</i>	Tufted hair grass
<i>Deschampsia flexuosa</i>	Common hair grass, Crinkled hair grass
<i>Dryopteris intermedia</i>	Common wood fern
<i>Dryopteris marginalis</i>	Marginal wood fern, Leatherleaf wood fern
<i>Erigeron philadelphicus</i>	Daisy fleabane
<i>Eupatorium maculatum</i>	Spotted Joe-Pye-Weed
<i>Eupatorium rugosum</i>	White snakeroot
<i>Eupatorium sessilifolium</i>	Upland boneset
<i>Fragaria virginiana</i>	Wild strawberry, Virginia strawberry
<i>Gaultheria hispidula</i>	Creeping snowberry, Creeping pearl berry
<i>Gaultheria procumbens</i>	Wintergreen, Teaberry, Checkerberry
<i>Geranium maculatum</i>	Wild geranium, Spotted cranesbill
<i>Geum canadense</i>	White avens, Winter rosette
<i>Heuchera americana</i>	Hairy alum root, Rock geranium
<i>Hypericum ellipticum</i>	Pale St. John's Wort
<i>Muhlenbergia schreberi</i>	Nimblewill
<i>Oenothera fruticosa</i>	Sundrops, Wild beet, Suncups, Scabish

<i>Onoclea sensibilis</i>	Sensitive fern, Bead fern
<i>Osmunda claytoniana</i>	Interrupted fern
<i>Panicum clandestinum</i>	Deer tongue grass
<i>Panicum virgatum</i>	Switch grass, Wild red top, Thatch grass
<i>Parthenocissus quinquefolia</i>	Virginia creeper, Woodbine, American ivy
<i>Phlox subulata</i>	Mountain phlox, Moss pink, Moss phlox
<i>Polygonatum biflorum</i>	Smooth Solomon's seal, True King Solomon's seal
<i>Polygonatum virginianum</i> (<i>Tovaria</i> v.)	Jumpseed
<i>Polypodium virginianum</i>	<i>P. vulgare</i> , Rocky polypody, Am. wall fern
<i>Polystichum acrostichoides</i>	Christmas fern, Dagger fern, Canker break
<i>Rudbeckia hirta</i> var. <i>hirta</i>	Black-eyed Susan
<i>Rudbeckia triloba</i>	Thin-leaved cone flower
<i>Thelypteris noveboracensis</i>	New York fern
<i>Tiarella cordifolia</i>	Allegheny foamflower, False mitrewort
<i>Tradescantia virginiana</i>	Virginia Spiderwort, Common S., Widow's tears
<i>Verbena hastata</i>	Blue vervain
<i>Vernonia noveboracensis</i>	New York ironweed
<i>Verbesina alternifolia</i> (<i>Actinomeria</i> a.)	Wingstem
<i>Viola sororia</i>	Woolly blue violet sister violet, Dooryard violet

Shrubs

<i>Amelanchier canadensis</i>	Shadblow
<i>Amelanchier laevis</i> (<i>A. arborea</i>)	Serviceberry, Allegheny
<i>Aronia arbutifolia</i>	Red chokeberry
<i>Aronia melanocarpa</i>	Black chokeberry
<i>Clethra alnifolia</i>	Sweet pepperbush, Summersweet

Comptonia peregrina	Sweet fern, Meadow fern, Spleenwort bush
Cornus amomum	Silky dogwood
Cornus racemosa	Gray dogwood, Red-panicled dogwood
Cornus sericea (C. stolonifera)	Red osier dogwood
Corylus americana	American hazelnut
Corylus cornuta	Beaked hazelnut
Diervilla lonicera	Bushhoneysuckle, Blue herb, Gravel weed
Hamamelis virginiana	Witch hazel
Ilex glabra	Inkberry, Gallberry
Ilex verticillata	Winterberry
Juniperus communis	Common juniper
Juniperus horizontalis	Creeping juniper, Creeping cedar/ Savin
Kalmia angustifolia	Sheep laurel
Kalmia latifolia	Mountain laurel
Lindera benzoin	Spice bush
Myrica pensylvanica	Northern bayberry
Physocarpus opulifolius	Common ninebark
Potentilla fruticosa	Cinquefoil, Bush cinquefoil
Rhododendron maximum	Great laurel
Rhododendron periclymenoides	Pinkster azalea
Rhododendron viscosum	Swamp azalea
Rhus aromatica	Fragrant sumac, Sweet scented sumac/Lemon sumac
Rhus copallina	Winged sumac
Rhus glabra	Smooth sumac
Rhus typhina	Staghorn sumac
Rosa blanda	Smooth rose, Meadow rose
Rubus alleghaniensis	Common blackberry, Allegheny blackberry
Salix humilis	Prairie willow
Salix lucida	Shining willow

<i>Sambucus canadensis</i>	American elderberry
<i>Spirea tomentosa</i>	Hardhack spirea
<i>Vaccinium angustifolium</i>	Lowbush blueberry
<i>Vaccinium corymbosum</i>	Highbush blueberry
<i>Viburnum acerifolium</i>	Maple leaf viburnum
<i>Viburnum alnifolium</i> (V. <i>Lantanoides</i>)	Hobble bush
<i>Viburnum dentatum</i>	Arrowwood viburnum
<i>Viburnum lentago</i>	Nanny-berry
<i>Viburnum prunifolium</i>	Black-haw

(2/2/05)

Appendix D **Selection List for On-site Trees**

Small Trees

BOTANICAL NAME	COMMON NAME
<i>Amelanchier laevis</i>	Serviceberry
<i>Betula nigra</i>	River birch
<i>Betula populifolia</i>	Grey birch
<i>Carpinus caroliniana</i>	Hornbeam
<i>Cercis canadensis</i>	Eastern redbud
<i>Cornus florida</i>	Flowering dogwood
<i>Crataegus crus-galli inermis</i>	Thornless cockspur hawthorn
<i>Crataegus phaenopyrum</i>	Washington hawthorn
<i>Hamamelis virginiana</i>	Witch hazel
<i>Ilex opaca</i>	American holly
<i>Juniperus virginiana</i>	Eastern red cedar
<i>Populus tremuloides</i>	Quaking aspen

LARGE TREES

BOTANICAL NAME	COMMON NAME
<i>Acer rubrum</i>	Red maple

Acer saccharum	Sugar maple
Betula lenta	Black/Sweet birch
Betula papyrifera	Paper birch
Celtis occidentalis	Common hackberry
Chamaecyparis thyoides	Cedar, Atlantic white
Fagus grandifolia	American beech tree
Fraxinus americanum	Ash, white
Fraxinus pennsylvanica	Ash, green
Larix laricina	Tamarack/American larch
Liquidambar styraciflua	Sweet gum
Liriodendron tulipifera	Tulip tree
Nyssa sylvatica	Black tupelo
Picea rubens	Spruce, red
Pinus resinosa	Pine, red
Pinus rigida	Pine, pitch
Pinus strobus	Pine, eastern white
Platanus occidentalis	American Sycamore
Populus deltoides	Eastern cottonwood
Populus grandidentata	Aspen, big toothed
Quercus alba	White oak
Quercus borealis	Northern red oak
Quercus palustris	Pin oak
Quercus phellos	Willow oak
Quercus prinus	Chestnut oak
Quercus rubra	Red oak
Tilia americana	Basswood

Article X - Special Purpose Districts

Chapter 6

Special Coney Island Mixed Use District

(2/2/11)

106-00

GENERAL PURPOSES

The "Special Coney Island Mixed Use District" established in this Resolution is designed to promote and protect the public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to stabilize the residential future of this mixed residential and industrial area by permitting expansion and development of residential and light manufacturing uses where adequate environmental standards are assured;
- (b) to promote the opportunity for people to work in the vicinity of their residences;
- (c) to provide a safe circulation system in this area of mixed residential and manufacturing use;
- (d) to retain adequate wage, job-intensive, seasonally stable industries within New York City;
- (e) to provide an opportunity for the improvement of Coney Island in a manner consistent with the objectives of the Comprehensive Plan of the City of New York; and
- (f) to promote the most desirable use of land and thus to conserve the value of land and buildings and thereby protect the City tax revenues.

(10/9/13)

106-01

General Provisions

In harmony with the general purpose and intent of this Resolution

and the general purpose of the #Special Coney Island Mixed Use District# and in accordance with the provisions of this Chapter, regulations of the #Special Coney Island Mixed Use District# shall replace and supersede the existing district regulations. In #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

All #residences#, #community facilities#, and Use Group 4B open #uses# shall be subject to all the provisions applicable in R5 Districts, except as otherwise specifically provided in this Chapter. The special regulations relating to #predominantly built-up areas#, as defined in Section 12-10 (DEFINITIONS), shall apply to all #buildings# containing #residences#, except that #front yards# shall not be required.

All #commercial# and #manufacturing uses# shall be subject to all the provisions applicable in M1-2 Districts, except as otherwise specifically provided in this Chapter.

The #use# of any #building# may be changed to another #use# listed within the same Use Group or as provided in Sections 106-12 (Special Permit Provisions for Residential Uses), 106-32 (Special Permit Provisions for Manufacturing and Commercial Use) or 106-33 (Changes of Manufacturing or Commercial Use).

In the case of a #zoning lot# occupied partly by #residential uses# and partly by other #uses#, the maximum #floor area ratio# on the #zoning lot# shall not exceed 2.00. In no event shall the total #floor area# of #residential uses# on a #zoning lot# exceed 1.65.

In any #building# above the level of the first #story# ceiling, #residential uses# shall not be located on the same #story# as or below #manufacturing# or #commercial uses#, and #manufacturing uses# shall not be located on the same #story# as or above #residential uses#.

#Zoning lots# adjacent to the #Special Coney Island Mixed Use District# shall not be subject to the provisions of Sections 42-214 (Special provisions applying along district boundaries), 42-412 (In M2 or M3 Districts), 42-42 (Enclosure or Screening of Storage), 42-44 (Limitations on Business Entrances, Show Windows or Signs), 42-56 (Special Provisions Applying along District Boundaries), 43-30 (SPECIAL PROVISIONS APPLYING ALONG DISTRICT BOUNDARIES) or 44-583 (Restrictions on location of berths near Residence Districts).

Special regulations for #residential uses# are listed in Sections

106-11 and 106-12 of this Chapter.

Special regulations for #community facility uses# are listed in Section 106-21 of this Chapter.

Special regulations for #manufacturing# and #commercial uses# are listed in Sections 106-31, 106-32, 106-33 and 106-34 of this Chapter.

Special regulations for #buildings# containing both #residential# and #commercial uses# are listed in Sections 106-41 and 106-42 of this Chapter.

(1/9/75)

106-10

SPECIAL REGULATIONS FOR RESIDENTIAL USES

(2/2/11)

106-11

Special Provisions for As-of-Right Residences

#Developments# or #enlargements# containing #residences# are allowed as-of-right, provided that:

- (a) the #zoning lot# shares a common #side lot line# on at least one side with a #residential# or #community facility use#;
- (b) the frontage along the #street line# of the #zoning lot# shall not exceed 60 feet, but in no event shall the total area of such #zoning lot# exceed 7,800 square feet;
- (c) the #zoning lot# is not located within a continuous frontage of vacant #zoning lots# or #land with minor improvements# whose aggregate length exceeds 60 feet;
- (d) the #zoning lot# is not located on Cropsey Avenue or on the east side of Stillwell Avenue; and
- (e) no #manufacturing uses# or #uses# listed in Use Group 16 occupy the #zoning lot#.

(2/2/11)

106-12

Special Permit Provisions for Residential Uses

The City Planning Commission may permit within the #Special Coney Island Mixed Use District#:

- (a) change of #commercial# or #manufacturing use# to #residential use#; and
- (b) modification in #yard# and off-street parking regulations for #residential uses# in #developments# or #enlargements#;

provided that the following findings are made:

- (1) that a change of #use# from #manufacturing# or #commercial# to #residential use# shall not displace any #building# or #use#, or preempt any #zoning lot# which is essential to the normal functioning and growth of existing #manufacturing# or #commercial uses# within the district; and
- (2) that such #residential uses# shall not be exposed to inordinate noise, smoke, dust, noxious odor or other adverse influences from #manufacturing uses# and traffic.

The City Planning Commission may prescribe additional appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(1/9/75)

106-20

SPECIAL REGULATIONS FOR COMMUNITY FACILITY USES

(2/2/11)

106-21

Special Permit Provisions for Community Facility Uses

The City Planning Commission may permit within the #Special Coney Island Mixed Use District#:

- (a) #development# of #community facility buildings#; and
- (b) change of #use# of a #residential#, #manufacturing# or #commercial building# to a #community facility use#;

provided that the following finding are made:

- (1) that such #community facility# is necessary to the growth and functioning of #residential# or #manufacturing uses# in the #Special Coney Island Mixed Use District#; and
- (2) that a more suitable location for such #use# cannot be found outside the #Special Coney Island Mixed Use District#.

(1/9/75)

106-30

SPECIAL REGULATIONS FOR MANUFACTURING OR COMMERCIAL USES

(1/9/75)

106-31

Special Provisions for As-of-Right New Buildings for Use Group M or Commercial Use

New #buildings# for #manufacturing uses# listed in Use Group M (Section 106-311) or #commercial uses# are allowed as-of-right, provided that:

- (a) the #zoning lot# shares a common #side lot line# with a #manufacturing# or #commercial use#;
- (b) the frontage along the #street line# of the #zoning lot# shall not exceed 60 feet, but in no event shall the total area of such #zoning lot# exceed 7800 square feet;
- (c) the #zoning lot# is not located within a continuous frontage of vacant #zoning lots# whose aggregate length exceeds 60 feet;
- (d) such #manufacturing use# is listed in Use Group M;
- (e) such #commercial use# is listed in Use Groups 6, 7, 8, 9, 11 or 16 and is located on Neptune, Stillwell or Cropsey Avenues; and
- (f) no #residential uses# occupy the #zoning lot#.

(9/9/04)

106-311

Use Group M

Apparel or other textile products from textiles or other materials, including hat bodies or similar products

Bottling work, for non-alcoholic beverages

Brushes or brooms

Cameras or other photographic equipment, except film

Canvas or canvas products

Cork products

Cosmetics or toiletries

Electrical appliances (small), including lighting fixtures, irons, fans, toasters, toys, or similar appliances

Electrical equipment assembly (small), including home radio or television receivers, home movie equipment, or similar products, but not including electrical machinery

Electrical supplies, including wire or cable assembly, switches, lamps, insulation, dry cell batteries or similar supplies

Fur goods, not including tanning or dyeing

Glass products from previously manufactured glass

Hair, felt or leather products, except washing, curing or dyeing

Hosiery

Ice, dry or natural

Laboratories, research, experimental or testing except those that involve dangerous or potentially explosive activities or animals

Leather products, including shoes, machine belting, or similar products

Luggage

Machine tools - small parts only

Machines, business, including typewriters, accounting machines, calculators, card-counting equipment, or similar products

Mattresses, including rebuilding or renovating

Musical instruments

Novelty products

Optical or precision instruments

Orthopedic or medical appliances, including artificial limbs, braces, supports, stretchers, or similar appliances

Printing or publishing

Sporting or athletic equipment, including balls, baskets, cues, gloves, bats, rods, or similar products

Statuary, mannequins, figurines, or religious art, excluding foundry operations

Textiles, spinning, weaving, manufacturing, printing, knit goods, yarn, thread or cordage, but not dyeing

Tobacco, including curing or tobacco products

Tools or hardware, including bolts, nuts, screws, doorknobs, drills or similar products

Toys

Umbrellas

Vehicles, children's (bicycles, etc.)

Venetian blinds, window shades or awnings

Wood products, cabinet making, pencils, baskets and other small products

(2/2/11)

106-32

Special Permit Provisions for Manufacturing and Commercial Uses

The City Planning Commission may permit within the #Special Coney Island Mixed Use District#:

- (a) #uses# listed in Section 106-311 (Use Group M) or #commercial uses# in #developments# not permitted by the provisions of Section 106-31 (Special Provisions for As-of-Right New Buildings for Use Group M or Commercial Use);
- (b) change of #use# from a #residential use# to Use Group M or #commercial use#; and
- (c) modifications in #yard# regulations for Use Group M or #commercial uses# in #developments# or #enlargements#;

provided that the following findings are made:

- (1) that such #use# will comply with the regulations on performance standards of M1 Districts;
- (2) that additional truck traffic generated by such #use# or the modification of #yard# regulations will not create harmful, congested or dangerous conditions; and
- (3) that a change of #use# from #residential# to Use Group M or #commercial use# shall not displace or preempt any #building# which is essential to the functioning and growth of existing residences within the district.

The City Planning Commission may prescribe additional appropriate conditions and safeguards to minimize adverse effect on the character of the surrounding area.

(1/9/75)

106-33

Changes of Manufacturing or Commercial Use

Within the #Special Coney Island Mixed Use District#, the #use# of any #building# may be changed to another #use# listed within the same Use Group, or as follows:

From Use Group	To Use Group
5,6,7,8,9,10,11,12,13,15	6,7,8,9,11,14
16,17 or Use Group M	6,7,8,9,11,14,16,17 or Use Group M
18	6,7,8,9,11,14,16,17,18 or Use Group M

(2/2/11)

106-34

Special Yard Regulations

Where a #side lot line# of a #zoning lot# containing #manufacturing# or #commercial uses# coincides with the #side# or #rear lot line# of a #zoning lot# containing #residential uses#, #enlargements# or #developments# shall provide an open area not at any point more than five feet above nor five feet below #curb level#, and at least 15 feet wide.

Where the #rear lot line# of a #zoning lot# containing #manufacturing# or #commercial uses# coincides with a #side lot line# of a #zoning lot# containing #residential uses#, #enlargements# or #developments# shall provide an open area not at any point more than five feet above nor five feet below #curb level#, and at least 20 feet in depth.

Where a #zoning lot# containing #manufacturing# or #commercial uses# shares a common #rear lot line# with a #zoning lot# containing #residential uses#, #enlargements# or #developments# shall provide an open area not at any point more than five feet above nor five feet below #curb level#, and at least 30 feet in depth. Such open areas shall not be used for #accessory# off-street parking, #accessory# off-street loading, or for storage or processing of any kind.

(1/9/75)

106-40

SPECIAL REGULATIONS FOR BUILDINGS CONTAINING BOTH RESIDENTIAL AND COMMERCIAL USE

(2/2/11)

106-41

Use Regulations

#Developments# containing both #residential# and #commercial uses# are allowed in the #Special Coney Island Mixed Use District#, provided that the regulations of this Chapter are met.

No #buildings#, however, shall contain both #residential uses# and #uses# listed in Use Group 16.

(1/9/75)

106-42

Modification of Yard Regulations

No #front# or #side yards# are required for #buildings# containing both #residential# and #commercial uses#. For the #residential# portion of such #buildings#, the #rear yard# may be provided at any level not higher than the floor level of the lowest #story# used for #residential use#.

(1/9/75)

106-50

ADMINISTRATION

(2/2/11)

106-52

Requirements for Applications

An application to the City Planning Commission for the grant of a special permit under the provisions of this Chapter shall include a site plan showing the location and proposed #use# of all #buildings or other structures# on the site, the location of all vehicular entrances and exits, and such other information as may be required by the City Planning Commission.

Special permit applications for #development# pursuant to Section 106-32 (Special Permit Provisions for Manufacturing and Commercial Uses) shall be referred to the Department of Transportation for its report, pursuant to Section 74-31, paragraph (d).

(1/9/75)

106-53

Relationship to Public Improvement

In all cases, the Commission shall deny any application whenever the #development# will interfere with a public improvement which has been approved by the Board of Estimate, the City Planning Commission, or the Site Selection Board.

(9/11/75)

107-00

GENERAL PURPOSES

The "Special South Richmond Development District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following purposes:

- (a) to guide future development in accordance with the Land Use Plan for South Richmond and the Capital Improvement Plan for the Special District area;
- (b) to promote balanced land use and development of future land uses and housing in the Special District area, including private and public improvements such as schools, transportation, water, sewers, drainage, utilities, open space and recreational facilities, on a schedule consistent with the City's Capital Improvement Plan and thereby provide public services and facilities in the most efficient and economic manner, and to ensure the availability of essential public services and facilities for new development within the area;
- (c) to avoid destruction of irreplaceable natural and recreational resources such as lakes, ponds, watercourses, beaches and natural vegetation and to maintain the natural ecological balance of the area with minimum disruption of natural topography, trees, lakes and other natural features; and
- (d) to promote the most desirable use of land in the South Richmond area and thus to conserve the value of land and buildings and thereby protect the City's tax revenues.

(2/2/11)

107-01 Definitions

Definitions specially applicable in this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section 12-10 (DEFINITIONS).

Arterial

An "arterial" is a #street# designated as an #arterial# in Section 107-25 (Special Regulations along Certain Streets or Railroads) whose function is primarily the accommodation of through vehicular traffic and to which special provisions of this Chapter apply. All such #arterials# are shown on the District Plan, Map 2 in Appendix A, which is hereby incorporated as an integral part of the provisions of this Chapter.

Development

For the purposes of this Chapter, a "development" includes a #development# as defined in Section 12-10 (DEFINITIONS), the #enlargement# of a non-#residential building#, or the #enlargement# of a #residential use# that involves the addition of one or more #dwelling units#.

To "develop" is to create a #development#.

Designated open space

"Designated open space" is a portion of the #open space network# located on a #zoning lot# as shown on the District Plan (Map 3 in Appendix A), and is to be preserved in its natural state in accordance with the provisions of the #Special South Richmond Development District#.

Detached

For the purposes of this Chapter a "detached" #building# is a #building# surrounded by #yards# or other open area on the same #zoning lot# or is a #building abutting# a #street line# which is surrounded by #yards# or open area on the same #zoning lot# except where the #building abuts# the #street line#.

Drainage scheme

A "drainage scheme" is a plan for a system of storm sewers and/or sanitary sewers intended to serve a #development# which is submitted to the Department of Environmental Protection for review and approval.

Open space network

The "open space network" is a planned system of #open spaces# as shown on the District Plan (Map 3 in Appendix A), which includes #public parks#, #park streets#, #designated open space# and the #waterfront esplanade#.

Park street

A "park street" is a #street# designated as such in Section 107-25 (Special Regulations along Certain Street or Railroads) and whose primary function is to provide connecting links for

pedestrians and cyclists between portions of the #open space network# and to which special provisions of this Chapter apply. #Park streets# shall be designated to provide limited vehicular access.

Sewer acceptance

A "sewer acceptance" is the acceptance by the Department of Environmental Protection of a system of storm and/or sanitary sewers which were built in accordance with an approved #drainage scheme# intended to serve a #development#.

Site alteration

A "site alteration" is an alteration on any vacant tract of land, #land with minor improvements# or any tract of land containing #buildings or other structures#, which includes land contour work, topographic modifications, removal of topsoil, removal of trees of six-inch caliper or more, excavating, filling, dumping, changes in existing drainage systems, improvements in public rights-of-way, whether or not a permit is required from the Department of Buildings, the Department of Transportation or other public agencies. A #site alteration# shall include any land operation within #designated open space#.

Waterfront esplanade

The "waterfront esplanade" is a pedestrian way to be provided for public #use# within the #open space network# along the Raritan Bay waterfront, as shown on the District Plan (Map 3 in Appendix A).

(10/9/13)

107-02

General Provisions

In harmony with the general purpose and intent of this Resolution and the general purpose of the #Special South Richmond Development District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter. Except as modified by the express provisions of this Chapter, the regulations of the underlying districts remain in effect. In #flood zones#, in the event of a conflict between the provisions

of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

In addition to applicability as provided in Section 11-10 (ESTABLISHMENT AND SCOPE OF CONTROLS, ESTABLISHMENT OF DISTRICTS, AND INCORPORATION OF MAPS), the provisions of this Chapter shall apply to #site alterations# or subdivision of #zoning lots#, except:

- (a) public improvement projects for which preliminary design contracts were approved by the Board of Estimate prior to January 2, 1975, or for which title was vested by the City prior to September 11, 1975; and
- (b) any #large-scale development# for which an authorization or special permit was granted prior to September 11, 1975. For the purposes of this Chapter, the City Planning Commission may extend such authorization or special permit for a renewable term of one year provided that the Commission finds that the facts upon which the authorization or special permit was granted have not substantially changed and that the adoption of this amendment shall not constitute a substantial change of fact.

For all #developments# located within areas D, F, or K as shown on the District Plan (Map 4 in Appendix A), the applicant shall obtain from the City Planning Commission a certification indicating that the #development# complies with the approved South Richmond Development Plan. As a condition for such certification, the Commission shall find that:

- (1) the minimum #lot area# for any #commercial development# is at least two acres;
- (2) vehicular access and egress for the #development# is arranged so that it affords the best means of controlling the flow of traffic generated by such #development#; and
- (3) due consideration has been given to relate the proposed #development# to the character of the surrounding area by providing suitable buffering, landscaping and #building# setbacks.

For such certification, the applicant shall submit to the Commission a site plan and drawings depicting the proposed #buildings# and location of off-street parking facilities, curb cuts and pedestrian walkways. For #residential uses# within Area K, the #bulk# and parking regulations of R3-2 Districts, as modified by this Chapter, shall apply.

(9/11/75)

107-03

Requirements for Certification, Authorization or Special Permit Application

An application to the City Planning Commission for a certification, authorization or special permit respecting a #development# or #site alteration# shall include a survey map prepared by a licensed land surveyor showing existing topography at two foot contour intervals, the location of all existing #buildings or other structures#, the location of all proposed #buildings or other structures#, the location of individual existing trees of six inch caliper or more, the location of any elements of the #open space network# on or adjacent to the #zoning lot#, and such other information as may be required by the Commission for its determination as to whether or not the certification, authorization or special permit is warranted.

(9/11/75)

107-05

Relationship to Public Improvement Projects

In all cases, the City Planning Commission shall deny a special permit, authorization or certification application whenever a #development# will interfere with a public improvement project (including, without limitation, housing, highways, public #buildings# or facilities, redevelopment or renewal projects, or rights-of-way for sewers, transit or other public facilities) which is approved by or pending before the Board of Estimate, City Planning Commission, or Site Selection Board.

(5/22/86)

107-06

District Plan (Appendix A)

The District Plan for the #Special South Richmond Development District# shows the #open space network#, #designated open space#, #park streets#, #waterfront esplanade#, and #building# setback lines. The elements of the District Plan are set forth in Appendix A, which is hereby incorporated as an integral part of

the provisions of this Chapter.

(9/11/75)

107-07

Tree Selection (Appendix B)

Where planting of trees is required by the provisions of this Chapter, the selection of trees for their planting shall be in accordance with the Tree Selection Table set forth in Appendix B, which is hereby incorporated as an integral part of the provisions of this Chapter.

(2/2/11)

107-08

Future Subdivision

Within the Special District, any #zoning lot# existing on September 11, 1975 may be subdivided into two or more #zoning lots# provided that the existing topography, all individual trees of six inch caliper or more and all land located within a #designated open space#, to the greatest extent possible, are preserved under future #development# options. Any subdivision that is proposed to take place within the Special District after September 11, 1975 shall be filed with the City Planning Commission, and the Commission shall certify that such subdivision complies with the approved South Richmond Plan and the above objective. In the case of a subdivision of a tract of land containing #designated open space#, a site plan indicating the distribution of #bulk# for the individual #zoning lots# shall be submitted to the Commission. Such approved subdivision shall then be recorded in the land records and indexed against all #zoning lots#. The subdivision plan shall include a survey map indicating existing topography at two foot contour intervals, all individual trees of six inch caliper or more, and the location of #designated open space# within the area. When a #zoning lot# existing on September 11, 1975 is more than five acres and is intended to be subdivided, an area plan of the entire subdivision shall be filed with the Commission. The area plan shall include the proposed vehicular circulation system within the area, #block# and lot layouts and any other information required by the Commission.

(4/22/09)

107-09

Applicability of Article VI, Chapter 2

The Chairperson of the City Planning Commission may, by certification, modify or waive a required #visual corridor#, as defined in Section 62-11, with respect to #developments#, including minor modifications thereto, that contain #designated open space# and a portion of the #waterfront esplanade#, where such #development# is conditioned upon a restrictive declaration that includes a site plan for such #development#, including provisions for public access to such #designated open space# and #waterfront esplanade#, provided that at least one required #visual corridor# continues to be provided pursuant to the restrictive declaration.

(9/11/75)

107-10

GENERAL REQUIREMENTS

(9/11/75)

107-11

Special Requirements for Application

Prior to the approval of any application to the Department of Buildings for a #site alteration# or a #development#, the applicant shall file applications with the appropriate City agency requesting the certifications required in Section 107-12 (Public Facilities).

Any application to the Department of Buildings for a #site alteration# or #development# shall include a survey map or maps prepared by a licensed land surveyor showing, for the site, existing topography at two foot contour intervals and the locations, names and calipers of all existing trees of six inch caliper or more and; for any #development#, the application shall also include certifications from the appropriate City agencies as required by Section 107-12.

However, the requirements of a survey map at two foot contour intervals shall not apply to #zoning lots# 4,000 square feet or less owned separately and individually from all other adjoining #zoning lots# on September 11, 1975, and on the date of filing

such application.

However, when a #zoning lot# which was owned separately and individually from all other adjoining #zoning lots# existing prior to January 2, 1975 is proposed to be #developed# with one #single-# or #two-family detached residence#, the certification reports of Section 107-12 shall not be required, but the provisions of local laws shall apply. When a permit for land contour work, storm water drainage systems or other #site alteration# work is required from the Department of Transportation or Department of Environmental Protection or when a public agency requires a #site alteration# on either privately or City-owned land, the public agency involved shall, prior to initiating or issuing a permit for such site work, notify the Department of Buildings.

The Department of Buildings and the public agency involved shall jointly determine that the proposed #site alteration# work is consistent with the provisions of Sections 107-31 (Topographic Regulations), 107-32 (Tree Regulations) and 107-25 (Special Regulations along Certain Streets and Railroads). In case of non-agreement, the provisions of Section 107-91 (Inter-agency Coordination) shall apply.

(9/11/75)

107-12

Public Facilities

(2/2/11)

107-121

Public schools

For any #development# containing #residential uses#, the Department of Buildings shall be in receipt of a certification from the Chairperson of the City Planning Commission which certifies that sufficient #school# capacity exists to accommodate the anticipated primary and intermediate public school children of the #development#. All applications for certification pursuant to this Section shall be referred by the Chairperson of the Commission to the Board of Education.

The Board of Education shall issue a report concerning the availability of #school# capacity within sixty days after receipt of the application. The Chairperson of the Commission shall

respond within 90 days after receipt of an application. The report shall specify the following:

- (a) whether or not #school# space is available;
- (b) if #school# space is not available, the report shall include:
 - (1) the number of seats required;
 - (2) the grade organization;
 - (3) the location of the #school#;
 - (4) size of #school# (sq. ft. per pupil); and
 - (5) the proposed financing mechanism.

For the purposes of this Section, sufficient #school# capacity shall be deemed to exist if:

- (1) such capacity is available in existing #schools#; or
- (2) construction funds have been authorized in the Capital Budget to accommodate anticipated primary and intermediate public school children from the #development# upon its completion or within three years from the date of the Chairperson's certification; or
- (3) sufficient #school# space is to be provided by the applicant under a plan jointly approved by the Chairperson of the Commission and Board of Education.

After approval of the Chairperson of the Commission and Board of Education of the applicant's plan to provide the #school building#, the certification may be granted either upon approval of a financial agreement by the Board of Estimate or such guarantee of construction with provision for future #school# occupancy as may be accepted by the Board of Education and the Chairperson of the Commission.

However, the Chairperson of the Commission may grant such certification if capacity is not presently available and the Board of Education after consulting with the Community School Board determines that the impact from the #development# will have a minimal effect on the concerned #schools# and includes such statement in their report.

A certification by the Chairperson of the Commission that sufficient capacity will be available in the public #schools#, as

set forth in the above circumstances, shall automatically lapse if substantial construction of the foundations of the #development# in accordance with approved plans has not been completed within one year from the date of such certification.

No certification concerning the availability of #school# capacity shall be required for any #development# within a predominantly built up area or within an area for which #drainage schemes# were approved prior to January 1, 1975. For the purposes of this Chapter, a "predominantly built up area" is a #block# having a maximum of four acres which is #developed# with #buildings# on #zoning lots# comprising 75 percent or more of the area of the #block#. All such #buildings# shall have a certificate of occupancy or other evidence acceptable to the Commissioner of Buildings issued not less than three years prior to the date of application for a building permit.

(8/18/83)

107-20

DISTRICT PLAN ELEMENTS

All land in the #open space network# as shown on the District Plan (Map 3 in Appendix A), except #public parks#, is subject to the provisions of this Section.

(8/18/83)

107-21

Modification of Designated Open Space

The City Planning Commission may adjust the boundaries of a #designated open space# on a #zoning lot# provided that such adjustment will not place the new boundary closer than 60 feet to a watercourse. As a condition for such adjustment in the boundaries, the Commission shall find that:

(a) such adjustment shall:

- (1) result in a substantial improvement in the quality and usefulness of the #designated open space#; and
- (2) permit #development# which better satisfies the purpose of this Chapter and include new features in the #designated open space# which will be at least equal in quality to those which are displaced from it; and

- (3) provide an equivalent area replacement for the area removed from the #designated open space#; or
- (b) such adjustment shall:
 - (1) exclude in whole or in part a #zoning lot# exempted from the provisions of this Chapter pursuant to Section 107-02, paragraph (c); and
 - (2) in a concurrent action be permitted to exclude:
 - (i) a #zoning lot# which is contiguous to exempted #zoning lots# along at least two #lot lines#; or
 - (ii) a #zoning lot# which would otherwise be contiguous to exempted #zoning lots# along at least two #lot lines# but for the separation by a #street#; or
 - (iii) #streets abutting# exempted #zoning lots#; and
 - (3) not substantially alter the utility and quality of the #designated open space#; or
- (c) such adjustment shall:
 - (1) be in conjunction with a public improvement project approved by the City prior to September 11, 1975, for funding to exclude in whole or in part the bed of a mapped #street# and/or adjacent #zoning lots# or portions thereof; and
 - (2) not substantially alter the utility and quality of the #open space network#; or
- (d) such adjustment shall:
 - (1) exclude, in whole or in part, private property contiguous with a #public park# which has been mapped since September 11, 1975; and
 - (2) not preclude the continuity to the #designated open space# or the public pedestrian way or the #waterfront esplanade#; and
 - (3) not substantially alter the utility and quality of the #designated open space#.

(9/11/75)

107-22

Designated Open Space

Any #development# or #site alteration# on a #zoning lot# which contains #designated open space# as shown on the District Plan (Map 3 in Appendix A), shall require certification by the City Planning Commission that:

- (a) such #designated open space# shall be preserved in its natural state by the owner of the #zoning lot#; and
- (b) where required by the Commission, the applicant has complied with the provisions of Section 107-222 (Public pedestrian ways); and
- (c) where required by the Commission, as indicated on the District Plan, that the applicant has complied with Section 107-23 (Waterfront Esplanade).

Within any #designated open space#, removal of trees, alteration of topography, #development# of active recreational facilities or utility easements may be undertaken only in accordance with the provisions of this Section and Section 107-30 (TOPOGRAPHIC AND TREE REGULATIONS).

Planting, landscaping or provision of footpaths or sitting areas are permitted in any part of #designated open space#, provided that such improvements do not involve removal of trees or alteration of existing topography, and do not obstruct pedestrian movement within the public pedestrian ways.

(2/2/11)

107-221

Active recreational facilities

#Designated open space# may be used for active recreational facilities provided that the City Planning Commission certifies that such #uses# are compatible with the purposes of the network #open space# and have minimal impact on tree removal, topographic alterations or drainage conditions.

Active recreational facilities may include swimming pools, tennis courts or facilities and equipment normally found in playgrounds, and shall comply with the #use# regulations of the underlying

district.

In the development of active recreational facilities, no individual trees of six-inch caliper or more shall be removed except by special authorization of the Commission in accordance with the provisions of Sections 107-64 (Removal of Trees) or 107-65 (Modification of Existing Topography). Active recreational facilities shall not be allowed within 60 feet of any watercourse in #designated open space# unless the Commission certifies that a location closer to such watercourse will not adversely affect the natural character of the watercourse or its drainage function. The Commission, where appropriate, shall be guided by the reports from other City agencies involved in land contour work, storm water drainage systems or similar operations.

If the City of New York acquires an easement for public access to any #designated open space# on which a #building# has been, is being or could be in the future, constructed in accordance with the provisions of this Chapter, the City's acquisition of an easement shall not affect the qualifications of the #designated open space# for satisfying #lot area# requirements, #yard# requirements, #floor area# or #lot coverage# restrictions or #open space# requirements as provided in Section 107-224 (Qualification of designated open space as lot area for bulk computations) and shall not be deemed to create a #non-compliance#.

(2/2/11)

107-222

Public pedestrian ways

For any #site alteration# or #development# on a #zoning lot# which contains #designated open space#, the City Planning Commission shall certify whether or not the applicant shall be required to provide a public pedestrian way through a portion of the #designated open space#.

When a public pedestrian way is required, it shall be built and maintained by the owner of the #zoning lot# and shall be accessible to the public at all times. The public pedestrian way shall be improved at the time the #site alteration# or #development# takes place, except that for #site alterations# or #developments# on a tract of land less than 1.5 acres, the Commission may allow the applicant to delay the construction of the public pedestrian way if the applicant complies with Section 107-24 (Performance Bond).

The location and dimension of such pedestrian way shall be determined by the Commission. The owner of the #zoning lot# may request the City to take an easement on the property. If the City of New York acquires an easement for public access to any #designated open space# on which a #building# has been, is being or could be in the future, constructed in accordance with the provisions of this Chapter, the City's acquisition of an easement shall not affect the qualifications of the #designated open space# requirements as provided in Section 107-224 (Qualification of designated open space as lot area for bulk computations) and shall not be deemed to create a #non-compliance#.

(4/30/12)

107-223

Permitted obstruction in designated open space

The following shall not be considered as obstructions when located in #designated open space#:

- (a) Awnings and other sun control devices, pursuant to Section 23-44 (Permitted Obstructions);
- (b) Balconies, unenclosed, subject to the provisions of Section 23-13;
- (c) Eaves, gutters or downspouts projecting into such #designated open space# not more than 16 inches;
- (d) Fences or walls, conditioned upon certification by the City Planning Commission that:
 - (1) such fences or walls will not obstruct or preclude public access or circulation of pedestrians, cyclists or horseback riders through the public easement within #designated open space#; and
 - (2) the location, size, design and materials of such fences or walls are appropriate to the character of the #designated open space#;
- (e) Exterior wall thickness, pursuant to Section 23-44;
- (f) Solar energy systems on walls existing on April 30, 2012, projecting no more than 10 inches and occupying no more than 20 percent of the surface area of the #building# wall (as viewed in elevation) from which it projects.

No #accessory# off-street parking facilities shall be permitted in #designated open space#. No #building or other structure# shall be erected in #designated open space# except as permitted by the provisions of Section 107-221 (Active recreational activities). Any existing #building or other structure# located within the #designated open space# on September 11, 1975, and not complying with the provisions of this Section or the other Sections specified in the preceding paragraph, shall not be #enlarged# but may be continued as a #non-conforming use# or #non-complying building# subject to the applicable provisions of Article V (Non-Conforming Uses and Non-Complying Buildings) in accordance with the underlying district regulations.

(2/2/11)

107-224

Qualification of designated open space as lot area for bulk computations

#Designated open space# on a #zoning lot# may count as #lot area# for the purposes of the applicable regulations on #yards#, #floor area ratio#, #open space ratio#, #open space#, #lot coverage#, #lot area# or density, provided that the area of the #designated open space# claimed as #lot area# does not exceed the area of the #zoning lot# located outside the designated space. For a #single-family residence#, any portion of a #zoning lot# occupied by #designated open space# shall count as #lot area# for the purposes of satisfying minimum density requirements only pursuant to this Section.

Where the area of the #designated open space# claimed as #lot area# exceeds the above permitted amount, the provisions of Section 107-72 (Qualification of Designated Open Space as Lot Area) shall apply.

Any #designated open space#, or portion thereof, claimed as required #open space# or used to satisfy the #lot coverage# restrictions for a #development# containing #residences# shall be accessible to and usable by all residents of the #zoning lot#.

In the case of a #large-scale residential development#, any #designated open space#, or portion thereof, that qualifies as #lot area# may be used as common space.

(2/2/11)

107-225

Special bulk regulations for developments containing designated open space

This section shall apply to any tract of land containing #designated open space# that is #developed# as a unit in single ownership and where the area of the #designated open space# claimed as #lot area# for zoning computation does not exceed the area of that portion of the tract of land not located within #designated open space#. Such a tract of land may contain a single #zoning lot# or two or more #zoning lots# which are contiguous or would be contiguous except for their separation by a #street#.

In all #Residence Districts#, except R1-1 Districts, for all permitted #residential uses# on such tract of land, the total #floor area# or #dwelling units# generated by that portion of the #designated open space# claimed as #lot area# by the applicable district regulations may be distributed without regard for #zoning lot lines#, for all #zoning lots# wholly within such tract of land. The total #open space# required or #lot coverage# permitted for such tract of land may be located anywhere within the tract of land without regard for #zoning lot lines#.

No transfer of #floor area# or #dwelling units# shall be permitted from a #zoning lot# not containing any #designated open space#.

The site plan and #bulk# distribution for the entire tract of land shall be recorded in the land records and indexed against all #zoning lots# in such tract of land.

Furthermore, the minimum #lot area# and #lot width# regulations, #yards# and spacing between #buildings# regulations shall not apply along portions of #streets# or #lot lines# wholly within such tract of land, provided that:

- (a) the maximum #lot coverage# on any #zoning lot# shall not exceed 50 percent of the #lot area#;
- (b) the minimum distance between #buildings# on the same or adjacent #zoning lots# across a common #side lot line# is not less than 10 feet; and
- (c) the minimum distance between #buildings# on adjacent #zoning lots# across a common #rear lot line# shall not be less than 40 feet.

(2/2/11)

107-226

Zoning lots entirely or substantially within designated open space

When a #zoning lot# owned separately or individually from all adjoining #zoning lots# prior to January 2, 1975, is located entirely or substantially within #designated open space# and no reasonable development is possible on the #zoning lot#, the owner may request the City to provide, in exchange, a City-owned #zoning lot#.

The #zoning lots# may be exchanged only after an appraisal made by a body consisting of the following:

- (a) one independent fee appraiser appointed by the City;
- (b) one independent fee appraiser appointed by the private property owner, which appraiser may be the same as in paragraph (a) of this Section; and
- (c) if needed to resolve a disagreement between the two appraisers appointed in paragraphs (a) and (b), one independent fee appraiser chosen by mutual agreement between the two individually appointed appraisers.

Such requests for exchange shall be filed by the owner of the #zoning lot# with the City Planning Commission.

If such exchange of #zoning lots# is not feasible under this Section or Section 384-7.0 of the New York City Administrative Code, the City may either acquire such #zoning lot# or permit development to proceed thereon with the minimal modification of the #designated open space# necessary to permit #development# containing #residences#.

(6/30/89)

107-23

Waterfront Esplanade

When a #zoning lot# containing a portion of the #waterfront esplanade#, as shown on the District Plan (Map 3 in Appendix A) is #developed#, the location and design of the #waterfront esplanade# shall be certified by the City Planning Commission and such #waterfront esplanade# shall conform to the guidelines and standards established by the Department of City Planning in

consultation with the Department of Transportation and the Department of Parks and Recreation.

The #waterfront esplanade# shall be built and maintained by the owner of a #zoning lot# on which the esplanade is shown on the District Plan, except where such #zoning lot# has been #developed# prior to September 11, 1975. Where such #waterfront esplanade# is not accessible to the public, the Commission may require the owner of the #zoning lot# to provide public access to such a #waterfront esplanade# from a public right-of-way through the #zoning lot#.

The #waterfront esplanade# shall be either built at the same time that the #zoning lot# is #developed# or the Commission may allow the owner to comply with Section 107-24 (Performance Bond).

The owner of a #zoning lot# may request the City to take an easement on the property. If the City of New York acquires an easement for public access to any #designated open space# on which a #building# has been, is being or could be in the future constructed in accordance with the provisions of this Chapter, the City's acquisition of an easement shall not affect the qualifications of the #designated open space# for satisfying #lot area# requirements, #yard# requirements, #floor area# or #lot coverage# restrictions or #open space# requirements as provided in Section 107-224 (Qualifications of designated open space as lot area for bulk computations) and shall not be deemed to create a #non-compliance#.

(2/2/11)

107-24

Performance Bond

When the provision of the required improvement is to be delayed for a period not to exceed 5 years from the date of the City Planning Commission certification, the owner of the #zoning lot# shall, prior to obtaining any certificate of occupancy, provide to the Comptroller of the City of New York a performance bond or City securities to ensure the future provision of either the #waterfront esplanade# or the public pedestrian way.

When the required improvement has been constructed, the Comptroller of the City of New York may release the bond or City securities posted to ensure such construction, provided an amount of the bond or City securities to ensure maintenance of the improvement, as set forth in the paragraph above, remains with the Comptroller.

The value of the bond or City securities tendered to ensure the future provision of the improvement shall be at the rate of \$400 per 100 square feet of #waterfront esplanade# and at \$200 per 100 square feet of public pedestrian way, if such bond or securities are tendered prior to January 1, 1980.

At five year intervals after January 1, 1980, the Commission, with the approval of the Board of Estimate, shall establish the new rates for the future provision (and maintenance) of the improvement.

(9/11/75)

107-25

Special Regulations Along Certain Streets or Railroads

Along the following #streets# designated as either #arterials# or #park streets# and identified as such on the District Plan, or along a designated railroad, special regulations relating to restriction of access, setback of #buildings#, and landscaping apply as set forth in this Section and shown on the District Plan (Map 2 in Appendix A).

Arterials

Hylan Boulevard
Woodrow Road
Amboy Road
Frontage roads for Richmond Parkway
Huguenot Avenue
Page Avenue
Arthur Kill Road
Service roads for West Shore Expressway
Richmond Avenue

Park Streets

Marcy Avenue from Richmond Parkway to Woodrow Road
Albee Avenue from Richmond Parkway to Amboy Road
Grantwood Avenue from Richmond Parkway to Woodrow Road
Miles Avenue from Arthur Kill Road to Barlow Avenue
Barlow Avenue from Miles Avenue to Colon Avenue

Railroads

The Staten Island Rapid Transit right-of-way.

(2/2/11)

107-251

Special provisions for arterials

Along those #streets# designated as #arterials#, the following regulations shall apply:

(a) Access restrictions

Curb cuts are not permitted along an #arterial street# on #zoning lots# with access to a non-#arterial street#. For #zoning lots# with access only to an #arterial street#, one curb cut is permitted along such #arterial street#. For purposes of this Section, adjoining #zoning lots# in the same ownership shall be treated as one #zoning lot#. Such access restrictions with regard to curb cuts shall not apply to #schools#, hospitals and related facilities, police stations or fire stations.

For #zoning lots# with access only to a #arterial street#, the City Planning Commission may, by certification, approve additional curb cuts for access to such #arterial street# when necessary to avoid adverse effects on the traffic flow of the #arterial#.

For #zoning lots# with access to both #arterial# and non-#arterial streets#, the Commission may authorize one or more curb cuts on the #arterial street#, pursuant to the provisions of Section 107-68 (Modification of Group Parking Facility and Access Regulations).

(b) #Building# setback

Along portions of the #arterials#, as indicated on the District Plan, a 20 foot #building# setback shall be provided for the full length of the #front lot line abutting# such #arterial#. The front #building# setback area shall be unobstructed from its lowest level to the sky except as permitted by this Section. Where a front #building# setback area at least 35 feet in depth is provided, such setback area may be used for required #accessory# off-street parking or loading facilities. No portion of such required setback area may be used for open storage.

In the case of the service roads of the West Shore Expressway, a 30 foot #building# setback shall be provided

and required off-street parking and loading facilities are permitted within such setback. Within the required front #building# setback, there shall be provided one tree of three-inch caliper or more, pre-existing or newly planted, for each 400 square feet of such front open area. The trees shall be selected in accordance with the table set forth in Appendix B.

(2/2/11)

107-252

Special provisions for park streets

For those #streets# designated as #park streets#, the following regulations shall apply:

(a) Access restrictions

No curb cuts are permitted on such #streets# except that one curb cut is permitted for any #residential#, #community facility# or #commercial use# whose #zoning lot# has frontage only on a #park street#. For purposes of this Section, adjoining #zoning lots# in the same ownership shall be treated as one #zoning lot#.

For #zoning lots# with access to both #park streets# and non-#park streets#, the City Planning Commission may authorize one or more curb cuts on the #park street#, pursuant to the provisions of Section 107-68 (Modification of Group Parking Facility and Access Regulations).

(b) Landscaping

One tree of at least three inch caliper, pre-existing or newly planted, shall be provided for each 400 square feet of area of the #street# sidewalk area. Trees shall be selected in accordance with the table set forth in Appendix B and shall be planted in the #street# sidewalk area.

(c) Development and maintenance responsibility

The owner of each #development# abutting a #park street# shall have responsibility for landscaping and maintenance of that portion of the #park street# located between the #front lot line# and the curb.

Alternatively, maintenance responsibility may be vested in a properly constituted Home Association or other organization

established for this purpose. Those segments of a #park street# which are abutted by land #developed# prior to the effective date of the Special District designation shall be #developed#, landscaped and maintained by the City of New York.

(9/11/75)

107-253

Building setbacks along railroad rights-of-way

For all #developments# on #zoning lots# immediately adjacent or directly opposite to the Staten Island Rapid Transit right-of-way, a #building# setback of at least 20 feet in depth, unobstructed from its lowest level to the sky, except as permitted herein, shall be provided along the #lot line# adjacent to or directly opposite the right-of-way of such railroad. Such #building# setback shall be measured perpendicular to such #lot line#, as indicated on the District Map. Within such #building# setback area, there shall be provided one tree of three-inch caliper or more, pre-existing or newly planted, for each 400 square feet of such open area. The trees shall be selected in accordance with the table set forth in Appendix B.

(9/11/75)

107-30

TOPOGRAPHIC AND TREE REGULATIONS

(9/11/75)

107-31

Topographic Regulations

Except for any existing topographic feature which is unsafe and the removal of which is required by the Department of Buildings to eliminate hazardous conditions, no topographic modifications may take place except as provided in this Section or as authorized by Section 107-65.

(9/11/75)

107-311

Areas within designated open space

Within #designated open space# on a #zoning lot#, any #site alteration# shall be permitted only by authorization of the City Planning Commission pursuant to Section 107-65 (Modifications of Existing Topography).

(2/2/11)

107-312

Areas not within designated open space

On any portion of a #zoning lot# not within #designated open space#, alteration of topography shall be permitted only in accordance with the provisions of this Section.

The ground elevation of land existing on September 11, 1975, may be modified by up to two feet of cut or fill, provided that such modification shall not result in the destruction of trees of six-inch caliper or more, unless authorized pursuant to other provisions of this Chapter. Modification of topography to a greater extent is permitted:

- (a) in an area designated for #building# foundations, driveways or utilities for a proposed #building or other structure# whose location is approved by the Department of Buildings in accordance with the provisions of this Chapter; and
- (b) in order to meet the legal mapped grades of a #street#, the existing topography of that portion of the #zoning lot# abutting such #street# may be modified to create a slope on the #zoning lot# of not less than one foot vertical to each two feet horizontal provided the slope is landscaped to prevent erosion.

Topographic modifications not permitted by the provisions of this Section may be permitted only by authorization of the City Planning Commission, pursuant to the provisions of Section 107-65.

(4/5/79)

107-32

Tree Regulations

The following regulations in Sections 107-321 through 107-323, inclusive, shall not apply to existing trees which are unsafe and the removal of which is required by the Department of Buildings.

(2/2/11)

107-321

Tree preservation

No trees of six-inch caliper or more shall be removed, or land operations affecting their survival undertaken, in connection with any #site alteration# or #development#, except in compliance with the provisions of this Section.

Prior to any such removal or land operations, plans shall be filed with the Department of Buildings showing the locations of all trees of six inch caliper or more on the #zoning lot# and in the public sidewalk area of the #street# or #streets# adjacent thereto, and identifying those which are proposed to be removed. Removal of live trees of six-inch caliper or more will be permitted only under the following circumstances:

- (a) where such trees are located in areas to be occupied by #buildings#, driveways, areas for required #accessory# parking, or within a distance of eight feet of the exterior walls of such #building#, provided that it is not possible to avoid such removal by adjustments in the arrangement of such #buildings#, driveways or required parking areas;
- (b) where such tree's continued presence would create special hazards or dangers to persons or property, which it would not be possible or practical to eliminate by pruning;
- (c) where continued presence of the trees would interfere with another tree of six-inch caliper or more designated for preservation and belonging to a species listed in Appendix B (Tree Selection Tables); or
- (d) where authorizations granted by the City Planning Commission under the provisions of this Chapter require or clearly contemplate the removal of such trees.

If an existing tree of six-inch caliper or more identified for preservation is removed without prior approval by the Department of Buildings or the City Planning Commission, any permit issued by the Department of Buildings for a #site alteration#, #development# or any #use# on the #zoning lot# shall be revoked.

In order to remove such violations, the owner of the #zoning lot# shall request the Commission to specify the tree restoration requirements and to certify such requirements to the Department of Buildings.

No building permit, reinstatement of such permit or issuance of a certificate of occupancy shall occur until the owner of the #zoning lot# either posts with the Comptroller of the City of New York a landscaping performance bond in an amount determined by the Commission or completes the replanting in accordance with the requirements set forth by the Commission in order to correct the planting violations.

Replacement trees to be planted shall be of a caliper no less than three inches and be of a species listed in Appendix B and the sum of whose calipers shall be at least equivalent to that of the trees removed.

In addition, the Commission may require a restrictive declaration specifying the terms of implementing the restoration plan.

Where on-site planting of such replacement trees would result in over crowding or would adversely affect the ecology of the site, the Commission may authorize planting of one or more replacement trees on adjoining public sidewalks or in a nearby public area or substituting other planting material pursuant to Section 107-323.

(2/2/11)

107-322

Tree requirements

New trees shall be provided in accordance with the table set forth in Appendix B. For any existing tree of at least six inch caliper which is preserved, credit for one tree shall be given for the first six inches of caliper and, for each additional four inches of caliper, credit for an additional tree shall be given.

(a) On site

In connection with any #development#, #site alteration# or #enlargement# involving the addition of at least 1,000 square feet of #floor area#, trees of at least three-inch caliper, pre-existing or newly planted, shall be provided on the #zoning lot# at the rate of one tree for each 1,000 square feet of #lot area# or portion thereof.

(b) Planting for open parking areas

Any #development# with open off-street parking areas with ten spaces or more shall be subject to the tree planting and screening requirements of Section 107-483.

(9/9/99)

107-323

Substitution of other plant materials

For any #development#, #site alteration# or #enlargement# which is required to provide trees in accordance with the provisions of paragraph (a) of Section 107-322, the City Planning Commission may allow the substitution of other plant material for such required trees, provided a detailed landscaping plan is filed with the Commission for approval and certification. A copy of such approved landscaping plan shall be filed with the Department of Buildings by the Commission.

(8/12/04)

107-33

Preservation of Natural Features

For any #development# or #enlargement#, the Chairperson of the City Planning Commission may modify the applicable regulations governing the location of required parking spaces, driveways and curb cuts where the Chairperson certifies to the Commissioner of Buildings that such modifications are necessary so as to avoid the destruction of existing topography and trees of six-inch caliper or more.

(9/11/75)

107-40

SPECIAL USE, BULK AND PARKING REGULATIONS

(12/5/90)

107-41

Type of Residence

#Semi-detached# or #attached single-family residences# in R2 Districts and #attached single-# or #two-family residences# in R3-1 Districts may be permitted by special permit of the City Planning Commission in accordance with the provisions of Section 107-74 (Modification of Permitted Use Regulations). Such #residences# shall comply with the minimum #lot area# and #lot width# requirements as set forth in the table in Section 107-42.

#Zero lot line buildings# are not permitted in the #Special South Richmond Development District#.

(11/15/06)

107-411

Non-profit residences for the elderly in Area SH

In Area SH, as shown on the District Plan (Map 4 in Appendix A) of this Chapter, any #development# or #enlargement# comprised of #non-profit residences for the elderly# shall be permitted upon certification of the Chairperson of the City Planning Commission that:

- (a) such #development# or #enlargement# will contain not more than 250 #dwelling units# of #non-profit residences for the elderly#, individually or in combination with other #developments# or #enlargements# within Area SH that have received prior certification pursuant to this Section;
- (b) a site plan has been submitted showing a detailed plan demonstrating compliance with the provisions of this Chapter; and
- (c) such #residences# comply with the #use# and #bulk# regulations of R3-2 Districts, except that the maximum #floor area ratio#, maximum #lot coverage# and minimum required #open space# shall be as set forth for R3-2 Districts in Section 23-141 (Open space and floor area regulations in R1, R2, R3, R4 and R5 Districts), as modified by this Chapter. The provisions of Section 23-147 (For non-profit residences for the elderly) shall not apply.

Any #development# or #enlargement# that results in a total of more than 250 #dwelling units# of #non-profit residences for the elderly# in Area SH shall be permitted only upon authorization of the City Planning Commission, pursuant to Section 107-672 (In Area SH).

(1/18/11)

107-412

Special bulk regulations for certain community facility uses in lower density growth management areas

The #bulk# regulations of this Chapter applicable to #residential buildings# shall apply to all #zoning lots# in #lower density growth management areas# containing #buildings# used for:

- (a) ambulatory diagnostic or treatment health care facilities, as listed in Section 22-14 (Use Group 4), except where such #zoning lot# contains #buildings# used for hospitals or nursing homes as defined in the New York State Hospital Code; or
- (b) child care services as listed under the definition of #school# in Section 12-10 (DEFINITIONS), except where such #zoning lot# contains #buildings# used for houses of worship or, for #zoning lots# that do not contain #buildings# used for houses of worship, where the amount of #floor area# used for child care services is equal to 25 percent or less of the amount of # floor area# permitted for #community facility use# on the #zoning lot#.

(2/2/11)

107-42

Minimum Lot Area and Lot Width for Residences

For all #zoning lots# containing #residences#, the minimum #lot area# and #lot width# requirements set forth in the table in this Section shall apply, which shall vary by #building# height. Where two or more #buildings# that are #single-# or #two-family detached# or #semi-detached residences# are located on a #zoning lot#, the applicable minimum #lot area# requirement shall be multiplied by the number of such #buildings# on the #zoning lot#.

The #lot width# requirements set forth in this Section shall be applied as set forth in the definition of #lot width# in Section 12-10 (DEFINITIONS), provided that the applicable #lot width#, in feet, set forth in the table shall be met along at least one #street line# of the #zoning lot# or, for #corner lots#, along each intersecting #street line#. No #residence#, or portion thereof, shall be permitted between opposing #side lot lines# where such #lot lines# would be nearer to one another at any

point where such #residence# is located than the applicable minimum lot width, in feet, set forth in the table.

However, one #single-family detached residence# or, where permitted, one #single# or #two-family residence#, may be built upon a #zoning lot# consisting entirely of a tract of land, that:

- (a) has less than the minimum #lot area# or #lot width# required pursuant to this Section; and
- (b) was owned separately and individually from all other adjoining tracts of land, both on December 8, 2005 and on the date of application for a building permit.

In all cases, the density regulations of the applicable district shall remain in effect, except that the factor for determining the maximum number of #dwelling units# shall be 1,000 in R3A and R4A Districts, 1,140 in R3X Districts, and 685 for #semi-detached residences# in R3-1 and R3-2 Districts.

District	Type of #Residence#	Height (in stories)	Minimum #Lot Area# (in sq. ft.)	Minimum #Lot Width# (in feet)
R1-1	#detached#	1-4	9,500	100
R1-2	#detached#	1-2	5,700	40
		3	5,700	50
		4	5,700	60
R-2	#detached#	1-4	3,800	40
R3-1	#detached#	1-2	3,800	40
		3-4	3,800	45
R3-1 R3-2	#semi-detached#	1-2	2,375	24
		3-4	3,800	40
R3-2	#detached#	1-2	3,800	40
		3-4	4,275	45
	#attached#	1-2	1,700	18
		1-2	2,375*	24*
		3-4	2,280	24
		3-4	3,800*	40*
R3A	#detached#	1-3	3,325	35
R3X**	#detached#	1-2	3,800	40

		3	4,750	50
		4	5,700	60
R4A	#detached#	1-3	3,325	35
R4-1	#semi-detached#	1-3	2,375	24
	#detached#	1-3	3,325	35

* For #attached buildings# that #abut# an #attached building# on a separate #zoning lot# on one side and on the other side are bounded by #yards# or open area.

** In Area LL as shown on the District Plan (Map 4 in Appendix A) of this Chapter, all #residences# shall have a minimum #lot area# of 5,700 square feet and a minimum #lot width# of 50 feet. However, the minimum #lot area# and minimum #lot width# set forth in this table shall apply to any #development# on a #zoning lot# having an area of at least 1.5 acres for which applications for certifications pursuant to Sections 107-08 (Future Subdivision) and 107-121 (Public schools) have been filed prior to March 1, 2003.

By Special Permit
(pursuant to Section 107-74)

District	Type of #Residence#	Height (in stories)	Minimum #Lot Area# (in sq. ft.)	Minimum #Lot Width# (in feet)
R2	#semi- detached#	1-4	3,800	30
	#attached#	1-4	3,800	22
R3-1	#attached#	1-2	1,700	20
		2-3	2,280	24

(1/18/11)

107-421

Minimum lot area and lot width for zoning lots containing certain community facility uses

In R1, R2, R3A, R3X, R3-1, R4A and R4-1 Districts, the provisions of this Section shall apply to #zoning lots# containing #buildings# used for:

(a) ambulatory diagnostic or treatment health care facilities,

as listed in Section 22-14 (Use Group 4), except where such #zoning lot# contains #buildings# used for hospitals or nursing homes as defined in the New York State Hospital Code; and

- (b) child care service as listed under the definition of #school# in Section 12-10 (DEFINITIONS), except where:
 - (1) such #zoning lot# contains #buildings# used for houses of worship; or
 - (2) for #zoning lots# that do not contain #buildings# used for houses of worship, where the amount of #floor area# used for child care services is equal to 25 percent or less of the amount of #floor area# permitted for #community facility use# on the #zoning lot#.

The minimum #lot area# for such #zoning lots# containing ambulatory diagnostic or treatment health care facilities shall be 5,700 square feet, and the minimum #lot area# for such #zoning lots# containing child care services shall be 10,000 square feet, Where such #uses# are located on the same #zoning lot#, the applicable #lot area# requirement shall be allocated separately to each such #use#. In addition, each such #zoning lot# shall have a minimum #lot width# of 60 feet. Such #lot width# shall be applied as set forth in the definition of #lot width# in Section 12-10, provided that such #lot width# shall also be met along at least one #street line# of the #zoning lot#. No #building#, or portion thereof, shall be permitted between opposing #side lot lines# where such #lot lines# would be nearer to one another at any point than 60 feet.

For such #zoning lots# containing multiple #buildings# used in any combination for ambulatory diagnostic or treatment health care facilities, child care services or #residences#, the applicable minimum #lot area# and #lot width# requirements shall be allocated separately to each such #building#.

(8/12/04)

107-43

Maximum Height for Buildings or Structures

Subject to the requirements for maximum height of walls and required setbacks in Sections 23-63, 24-52 or 33-43, no #building# shall exceed a height of four #stories# and no structures other than #buildings# shall exceed a height of 50 feet, unless modified by a special permit of the City Planning

Commission, pursuant to Section 107-73 (Exceptions to Height Limit).

(10/17/07)

107-44

Maximum Floor Area Ratio for Community Facility Uses

The provisions of Sections 24-13 (Floor Area Bonus for Deep Front and Wide Side Yards) and 33-15 (Floor Area Bonus for Front Yards) shall not apply to any #community facility uses# located in the Special District.

(2/2/11)

107-45

Required Open Space for Residences

Any required #open space# on a #zoning lot# which includes #designated open space# is subject to the special regulations set forth in Section 107-22 (Designated Open Space).

For #buildings# containing #residences# on #zoning lots# that include #designated open space#, driveways, private streets, open #accessory# parking spaces or open #accessory# off-street loading berths may occupy not more than the area set forth for the following districts:

- (a) in R1, R2, R3-1, R3-2 and R4 Districts, not more than 50 percent of the required #open space# not within the #designated open space#; or
- (b) in R3A, R3X, R4A and R4-1 Districts, not more than 50 percent of the #lot area# not occupied by #buildings# containing #residences# and not within the #designated open space#.

However, in all districts, a greater percentage may be so occupied if authorized by the City Planning Commission in accordance with the provisions of Section 107-661 (Modification of Permitted Obstructions).

(9/11/75)

107-46**Yard and Court Regulations**

(2/2/11)

107-461**Front yards**

In all #Residence Districts#, the #front yard# requirements of the underlying districts shall apply, except that in R2 Districts without a letter suffix, R3-1, R3-2, R4 Districts without a letter suffix and R5 Districts without a letter suffix, #front yards# shall be at least 18 feet in depth. On #corner lots#, one #front yard# may have a lesser depth as permitted by the underlying district regulations.

(11/15/06)

107-462**Side yards**

In all districts, except R1 Districts, for all #single-# or #two-family detached# and #semi-detached residences#, the #side yards# shall relate to the height of the #building# as set forth in the following table, except that in R1, R2, R3, R4A and R4-1 Districts, on a #corner lot#, one #side yard# shall be at least 20 feet in width:

REQUIRED SIDE YARDS

District	Type of #Residence#	Height (in stories)	Number of #Side Yards# Required	Required Total Width	Required Minimum Width of any #Side Yard#
R2 R3-1	#detached#	1-2	2	15	5
R3-2	#detached#	3-4	2	20	5
	#semi-detached#	1-2	1	9	9
	#semi-detached#	3-4	1	15	15
R3A R4A	#detached#	1-4	2	15	5
R3X*	#detached#	1-2	2	15	5
	#detached#	3	2	20	8
	#detached#	4	2	25	10

R4-1	#detached#	1-4	2	15	5
	#semi-detached#	1-4	1	9	9

- * In Area LL, as shown on the District Plan (Map 4 in Appendix A) of this Chapter, two #side yards# with a total width of at least 16 feet shall be required for all #residences#, and each #side yard# shall have a minimum width of eight feet. However, the minimum #side yard# widths set forth in this table shall apply to any #development# on a #zoning lot# having an area of at least 1.5 acres for which applications for certifications pursuant to Sections 107-08 (Future Subdivision) and 107-121 (Public schools) have been filed prior to March 1, 2003

In R1 Districts, the #side yard# regulations of Section 23-46 shall apply.

(2/2/11)

107-463

Side yard regulations for other residential buildings

For all #residential buildings# other than #single-#, or #two-family detached# or #semi-detached residences#, the provisions of Section 23-462 (Side yards for all other residential buildings) shall apply, except that no #side yard# shall have a width less than ten feet.

Furthermore, for #attached residences# that #abut# an #attached building# on a separate #zoning lot# on one side and are bounded by open area on the other side, one #side yard# with a minimum width of nine feet shall be required for such one or two #story residences#, and one #side yard# with a minimum width of 15 feet shall be required for such three or four #story residences#.

(2/2/11)

107-464

Side yards for permitted non-residential use

For #community facility buildings# or other #buildings# used for permitted non-#residential uses# in #Residence Districts#, the provisions of Section 24-35 (Minimum Required Side Yards) shall apply to such #community facility buildings# or the provisions of Section 23-464 (Side yards for buildings used for permitted non-

residential uses) shall apply to such other #non-residential buildings#, except that no #side yard# shall have a width less than 10 feet and, in the case of #buildings# more than three #stories# in height, the required total width of both #side yards# shall not be less than 25 feet.

Where greater widths of #side yards# are required by the provisions of Sections 23-464 or 24-35 than by the provisions of this Section, such requirement of greater width shall apply.

(2/2/11)

107-465

Modifications of special yard regulations for certain zoning lots

On application, the City Planning Commission may, by certification, modify the underlying #rear yard# regulations and thereby allow #single-# or #two-family residences# to be built on the #side# or #rear lot line#, provided the following conditions are satisfied:

- (a) When a #building# is located on the #side lot line#, the entire required #side yard# equivalent shall be provided along the other #side lot line# of the same #zoning lot#. On the adjacent #zoning lot# there shall be a #side yard# of at least 10 feet, #abutting# the #building# wall which is located on the #side lot line#.
- (b) When a #single-# or #two-family residence# is located on the #rear lot line#, the #zoning lots abutting# the entire #rear lot line# shall provide a #rear yard# of at least 40 feet. If the #building# on either #zoning lot# has a height greater than two #stories#, then such #building# shall have a 10-foot rear setback above the height of the second #story#.
- (c) When #single-# or #two-family residences# share a party wall along the #rear lot line#, if at any level either #building# is set back from the #rear lot line#, each #building# shall have a setback at the same height and such rear setback shall be at least 20 feet in depth.

The City Planning Commission shall also find that:

- (1) such modifications of #side# or #rear yards# or equivalents blend harmoniously with the entire development;
- (2) there is no adverse effect with regard to adequate light and

air to the #residences#;

- (3) such modification results in the maximum preservation of trees;
- (4) there is an agreement which provides access for maintenance of the #building# wall located on the #lot line#; and
- (5) a condition to the grant of any certification shall be that the requirements of Section 107-92 (Recordation) have been satisfied.

(2/2/11)

107-466

Court regulations

For any #building# containing #residences# not more than one #story# in height, the area of an #inner court# shall not be less than 225 square feet and the minimum dimension of such #inner court# shall not be less than 15 feet.

For any #building# containing #residences# more than one #story# in height, the area of an #inner court# shall not be less than 400 square feet and the minimum dimension of such #inner court# shall not be less than 20 feet.

No court regulations shall apply to #single-# and #two-family detached residences#.

(2/2/11)

107-467

Modifications of yard and court regulations

The #yard# and #court# regulations as set forth in Section 107-46 may be modified by authorization of the City Planning Commission in accordance with the provisions of Section 107-62 (Yard and Court Regulations).

(9/11/75)

107-47

Special Parking Regulations

(9/11/75)

107-471

For the purposes of this Chapter, the waiver provision set forth in Section 36-231 shall not apply to any #development# in the Special District.

(9/11/75)

107-472

Maximum size of group parking facility

For the purposes of this Chapter, no #accessory group parking facility# for non-#residential uses# shall contain more than 30 off-street parking spaces except as set forth in Section 107-68.

(9/11/75)

107-48

Special Landscaping and Buffering Provisions

(2/2/11)

107-481

Planting provisions along Residence District boundaries

For any #commercial# or #manufacturing development# on a #zoning lot# adjoining a #Residence District# boundary, there shall be in the open area required by the provisions of Sections 33-29 and 43-30 (SPECIAL PROVISIONS APPLYING ALONG DISTRICT BOUNDARIES) along the #lot line# adjoining the #Residence District#, a strip at least four feet wide, densely planted with evergreen shrubs at least four feet high at the time of planting and complying with the provisions applicable to screening for parking areas as set forth in Section 107-483 (Planting and screening for open parking areas).

(2/2/11)

107-482

Landscaped buffer for manufacturing development adjacent to residences

Where an existing #residential use# is located adjacent to a proposed #manufacturing# or #commercial development#, the developer shall plant along that part of the #side# or #rear lot line# adjacent to a #residential use#, a row of evergreen shrubs at least four feet high at the time of planting and which are of a type which may be expected to form a year-round dense screen at least six feet high within three years, or trees selected from Appendix B and spaced at 10 feet on center. Such screening shall be maintained in good condition at all times.

(6/10/09)

107-483

Planting and screening for open parking areas

(a) Tree planting requirements

One tree, of three inch caliper or more, preexisting or newly planted, shall be provided for each four parking spaces. Such trees may be located in the perimeter landscaped area of the parking area or in planting islands within the parking area.

However, where 30 or more parking spaces are provided, at least 50 percent of the required trees shall be located within planting islands within the parking area. Such planting islands shall have a minimum area of 150 square feet of pervious surface and comply with the requirements of paragraphs (a), (b) and (c) of Section 37-922 (Interior landscaping).

For open parking areas with at least 36 parking spaces, the total number of trees required pursuant to Section 37-922 (Interior landscaping) shall be superseded by the number of trees required pursuant to this Section.

(b) Screening requirements

The parking area shall be screened from all adjoining #zoning lots# by a landscaped area at least four feet in width, densely planted with shrubs maintained at a maximum height of three feet. Such parking area shall also be

screened from all adjoining #streets# by a perimeter landscaped area at least seven feet in width. Such perimeter landscaped area may be interrupted only by vehicular entrances and exits. Sidewalks that provide a direct connection between the public sidewalk and a pedestrian circulation route within the parking area may also interrupt a perimeter landscaped area.

In addition, such screening shall be maintained in good condition at all times and may be interrupted by normal entrances and exits.

(c) Planting Waiver

Tree planting and screening requirements may be waived if the Commissioner of Buildings certifies that planting is unfeasible due to:

- (1) unique geological conditions, such as excessive subsurface rock conditions or high water table;
- (2) underground municipal infrastructure; or
- (3) a City, State or Federal mandated brownfield remediation that requires the site to be capped.

Such waiver shall be based on a report prepared by a licensed engineer that such conditions exist.

For #developments# in #Residential Districts#, trees provided in accordance with the provisions of this Section may be counted for the purposes of meeting the requirements of Section 107-322, paragraph (a). Furthermore, for #developments# in #Commercial# or #Manufacturing Districts# which provide trees in accordance with the provisions of this Section, the requirements of Section 107-322, paragraph (a), shall not apply.

(8/17/95)

107-49

Special Regulations for Area M

In Area M, as shown on the District Plan (Map 4 in Appendix A) the regulations of the underlying districts and the Special District are supplemented or modified in accordance with the provisions of this Section. Except as modified by the express provisions of this Section, the regulations of the underlying districts and the Special District remain in effect.

(8/17/95)

107-491

Special use regulations for residential uses

- (a) #Residential uses# existing prior to August 17, 1995 shall be considered conforming and when an existing #building# containing such #uses# is damaged or destroyed by any means, it may be reconstructed to its #bulk# prior to such damage or destruction or to R3X District #bulk# requirements, whichever is greater.
- (b) #Residential extensions# shall be subject to all of the R3X District regulations and the applicable Special District regulations except that an existing #detached building# may contain non-#residential uses# in addition to not more than two #dwelling units#.
- (c) Non-#residential uses# shall be located below the lowest #story# occupied in whole or in part by #residential uses#.
- (d) #Floor area# in a #building# originally designed as one or more #dwelling units# that has been continuously vacant for two or more years prior to the date of filing an alteration application, may be re-occupied for #residential use#.
- (e) #Residential enlargements# not to exceed 500 square feet shall be permitted subject to all of the R3X District regulations and the applicable Special District regulations, provided that there is no increase in the number of #dwelling units# and that there is no disturbance of the soil.
- (f) #Residential developments#, and #residential enlargements# where there is a disturbance of the soil, shall be subject to the provisions of Section 107-69 (Residential Uses in Area M).

(8/17/95)

107-492

Special bulk regulations

The maximum #floor area ratio# for two or more #uses# on a #zoning lot# shall be determined by the #use# that is permitted the greatest #floor area ratio# in Area M (Map 4 in Appendix A),

provided that the #floor area# occupied by each #use# does not exceed the amount permitted by the #floor area ratio# for that #use# in Area M.

(2/2/11)

107-50

CERTIFICATIONS

Administrative certifications from the City Planning Commission are required, as set forth in various sections of this Chapter, in any one of the following circumstances:

- (a) when a tract of land is subdivided, as set forth in Section 107-08 (Future Subdivision);
- (b) when a #development# contains #residential uses#, as set forth in Section 107-121 (Public schools);
- (c) when a #zoning lot# contains #designated open space#, as set forth in Section 107-22 (Designated Open Space);
- (d) where required #yards# or equivalents are to be modified as set forth in Section 107-465 (Modifications of special yard regulations for certain zoning lots);
- (e) where a #zoning lot# along an #arterial# requests more than one curb cut, as set forth in Section 107-251 (Special provisions for arterials);
- (f) where plant material is substituted for required trees as set forth in Section 107-323 (Substitution of other plant materials);
- (g) when #development# takes place within areas D, F, or K, as set forth in Section 107-02 (General Provisions); or
- (h) when a #zoning lot# contains a portion of the proposed #waterfront esplanade#, as set forth in Section 107-23 (Waterfront Esplanade).

(9/11/75)

107-60

AUTHORIZATIONS

(11/15/06)

107-61

General Provisions

On application, the City Planning Commission may grant authorizations for modifications of specified regulations of this Chapter or of the underlying districts in accordance with the provisions of Sections 107-62 to 107-69, inclusive, relating to authorizations.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorizations.

(2/2/11)

107-62

Yard, Court and Parking Regulations

For any #zoning lots#, the City Planning Commission may authorize variations in the #yard# or #court# regulations as set forth in Section 107-46 or in the location of parking, driveway or curb cut regulations as set forth in Sections 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), 25-621 (Location of parking spaces in certain districts), 25-622 (Location of parking spaces in lower density growth management areas) and 25-631 (Location and width of curb cuts in certain districts) for the purpose of allowing proper arrangements of #buildings#, driveways or required parking areas so as to avoid the destruction of existing topography and individual trees of six-inch caliper or more. #Rear yard#, #side yard# or #side yard# equivalent variations shall not be authorized on the periphery of a #development# unless acceptable agreements are jointly submitted for #development# of two or more adjacent #zoning lots# by the owners thereof, incorporating the proposed #yard# or #side yard# equivalent variations along their common #lot lines#.

As a condition for granting such authorizations, the Commission shall find that the proposed placement of #buildings# and arrangement of #open spaces# will not have adverse effects upon light, air and privacy on adjacent #zoning lots#.

(2/2/11)

107-63

Minimum Distance between Buildings

For any #development# containing #residences#, the City Planning Commission may authorize the location of #buildings#, on a single #zoning lot# without regard for spacing between #buildings# regulations, provided that the resultant spacing will not be reduced beyond an amount considered appropriate by the Commission and in no case by more than 15 percent of that required by Section 23-71 (Minimum Distance between Buildings on a Single Zoning Lot).

(9/11/75)

107-64

Removal of Trees

For any #development#, the City Planning Commission may authorize the removal of trees of six-inch caliper or more whose removal would otherwise be prohibited under the provisions of Section 107-32 (Tree Regulations), provided that the Commission makes one or more of the following findings:

- (a) that the tree's retention would cause serious disadvantage in the arrangement of open areas on the lot, impairing the usefulness of such areas;
- (b) that such tree is located in an area where more than two feet of cut or fill is required and measures for saving the tree would be extremely difficult and impractical; or
- (c) that provision of a segment of the #waterfront esplanade# is not feasible without such tree's removal.

(2/2/11)

107-65

Modifications of Existing Topography

For any #development# or #site alteration#, the City Planning Commission may authorize modifications of the natural topography existing on September 11, 1975, beyond the amount specified in Section 107-31 (Topographic Regulations), provided that the Commission finds that:

- (a) #development# on the #zoning lot# is not feasible without such modifications;

- (b) such modification of topography is necessary to accommodate public amenities, such as public pedestrian ways, the #waterfront esplanade# or active recreational facilities within a #designated open space# as required under the provisions of this Chapter;
- (c) such modification will not cause unnecessary disturbance of the drainage pattern in the area; and
- (d) such modified topography will have minimal impact on the existing natural topography of the surrounding area and will blend harmoniously with it.

Where a permit for land contour work or topographic modification is required from the Department of Transportation or the Department of Buildings, the City Planning Commission and other such agencies shall jointly determine the conditions under which such topographic modification may be permitted so as best to serve the purposes of the Special District, in accordance with the provisions of Section 107-91 (Inter-agency Coordination).

(9/11/75)

107-66

Developments Partly within Designated Open Space

(2/2/11)

107-661

Modification of permitted obstructions

For #developments# containing #residences# on #zoning lots# partly within #designated open space#, the City Planning Commission, on application, may modify the requirements of Section 107-45 (Required Open Space for Residences) to permit more than 50 percent of the required #open space#, not within the #designated open space#, to be occupied by driveways, private streets, open #accessory# off-street parking spaces or open #accessory# off-street loading berths, if the Commission finds that such facilities are so arranged and landscaped as to afford an acceptable standard of amenity for the #development# and its surroundings.

(2/2/11)

107-662

Modification of required yards of building setbacks

On application, the City Planning Commission may grant an authorization modifying the #building# setback requirements of Section 107-251 (Special provisions for arterials), provided that the Commission finds that:

- (a) the area of that portion of the #zoning lot# which is designated as #designated open space# on the District Plan in Appendix A of this Chapter, is at least equal to the area of the required #building# setback #front yard# or #yards#, or portion thereof, which is waived;
- (b) along any #front lot line# abutting an #arterial#, a front setback shall be provided having a depth to be determined by the Commission and which shall be improved in accordance with a landscape plan approved by the Commission; and
- (c) #building# placement leaves adequate spaces for the provision of #street# trees.

(11/15/06)

107-67

Uses and Bulk Permitted in Certain Areas

(2/2/11)

107-671

In Areas F and K

In Areas F and K, as shown in the District Plan (Map 4 in Appendix A), the City Planning Commission may authorize one or more #uses# in the Use Groups specified in this Section not permitted by the underlying district regulations.

As a condition for such authorization, the Commission shall find that:

- (a) such #uses# are so located as not to impair the essential character of the surrounding area for its future development;

- (b) the minimum #lot area# of a #zoning lot# on which such #uses# are located is at least 20 acres;
- (c) vehicular access and egress for such proposed #uses# are located and arranged so as to draw a minimum of vehicular traffic to and through local #streets# in nearby residential areas; and
- (d) where vehicular access and egress are located on an #arterial#, such location affords the best means for controlling the flow of traffic generated by such proposed #uses# to and from such #arterial#.

In each case the Commission may prescribe additional conditions and safeguards, including requirements for adequate screening, planting or landscaping.

Areas (as designated on the District Map)	Permitted Use Groups
F	12
K	7A 7B 7D 7E

(2/2/11)

107-672

In Area SH

The City Planning Commission may authorize #developments# that will result in more than 250 #dwelling units# of #non-profit residences for the elderly# in Area SH, as shown on the District Plan (Map 4 in Appendix A), provided such #developments# comply with the #use# and #bulk# regulations of R3-2 Districts, except that the maximum #floor area ratio#, maximum #lot coverage# and minimum required #open space# shall be as set forth for R3-2 Districts in Section 23-141 (Open space and floor area regulations in R1, R2, R3, R4 and R5 Districts), as modified by this Chapter. The provisions of Section 23-147 (For non-profit residences for the elderly) shall not apply.

In order to grant such authorization, the Commission shall find that:

- (a) such #developments# are part of a superior site plan;
- (b) such #residences# are compatible with the character of the surrounding area; and

- (c) the #streets# providing access to such #residences# are adequate to handle the traffic generated thereby or provision has been made to handle such traffic.

(2/2/11)

107-68

Modification of Group Parking Facility and Access Regulations

For a permitted #commercial#, #community facility# or #manufacturing use#, the City Planning Commission may authorize more than 30 #accessory# off-street parking spaces, and for any #use#, may modify access restrictions with regard to curb cuts as set forth in paragraph (a) of Section 107-251 (Special provisions for arterials) or paragraph (a) of Section 107-252 (Special provisions for park streets). In order to grant such authorization, the Commission, upon a review of the site plan, shall find that:

- (a) vehicular access and egress are located and arranged so as to draw a minimum of vehicular traffic to and through local #streets# in nearby residential areas;
- (b) where vehicular access and egress are located on an #arterial# or #park street#, such location affords the best means for controlling the flow of traffic generated by such #use# to and from such #arterial# or #park street#, and does not unduly interfere with pedestrian traffic; and
- (c) the location of such vehicular access and egress permits better site planning.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area and may, in appropriate cases, condition its authorization upon compliance with an approved site and landscaping plan. The Commission may also permit modifications to parking lot landscaping and maneuverability requirements only if such modifications preserve vegetation and natural topography.

(8/17/95)

107-69

Residential Uses in Area M

- (a) The City Planning Commission may authorize #developments#, or #enlargements# of #residential uses# in excess of 500 square feet, or in any case where there would be a disturbance of the soil, for the following:
 - (1) #zoning lots# with #residential# or #community facility uses# existing on August 17, 1995; or
 - (2) #zoning lots# that have been vacant or #land with minor improvements# for at least two years immediately prior to the date of application for the authorization.
- (b) No #building# shall be constructed for occupancy by both #residential# and #manufacturing uses#. All #residential uses# shall comply with the R3X District regulations and all #commercial uses# shall comply with the M1-1 District regulations. All #developments# or #enlargements# shall comply with the applicable Special District regulations:
- (c) In authorizing new #residential uses# and #residential enlargements#, the Commission shall find that:
 - (1) the #residential use# will not be exposed to excessive noise, smoke, dust, noxious odor, toxic metals, safety hazards, or other adverse impacts from #commercial# or #manufacturing uses#;
 - (2) there are no open #uses# listed in Use Group 18 within 400 feet of the #zoning lot#;
 - (3) the #residential use# shall not adversely affect #commercial# or #manufacturing uses# in the Special District; and
 - (4) the authorization shall not alter the essential character of the neighborhood or district in which the #use# is located, nor impair the future #use# or #development# of #commercial# and #manufacturing uses# on nearby #zoning lots#.

In granting such authorization, the Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(9/11/75)

(9/11/75)

107-71

General Provisions

On application, the City Planning Commission, may grant special permits for modifications of specified regulations of this Chapter or of the underlying districts in accordance with the provisions of Sections 107-72 to 107-78, inclusive, relating to Special Permits.

(2/2/11)

107-72

Qualification of Designated Open Space as Lot Area

For any #development# containing #designated open space#, the City Planning Commission may allow the amount of #designated open space# to be counted as #lot area# for #bulk# computations to exceed the amount permitted under Section 107-224.

As a condition for granting a permit for such modifications, the Commission shall find that:

- (a) that for the occupants of the site itself, the ill effects of concentration of #buildings# or #accessory# off-street parking are avoided or overcome by the manner in which the #buildings# are sited and #yards# and other open areas arranged; and
- (b) that the concentration of #buildings# or activities will not adversely affect any other #zoning lot# outside the development by restricting access of light and air, impairing privacy or creating traffic congestion.

(6/30/89)

107-73

Exceptions to Height Regulations

For any #development#, the City Planning Commission may grant a special permit to modify the height regulations as set forth in Section 23-631, paragraphs (b), (c) and (d) and Section 107-43,

provided that the Commission finds that:

- (a) such #development# is so located as not to impair the essential character of the surrounding area;
- (b) by concentrating permitted #floor area# in a #building# or #buildings# of greater height covering less land, the preservation of existing topography, #designated open space# or the protection of an outstanding view from a public space, will be assured, and that such preservation would not be possible by careful siting of lower #buildings# containing the same permitted #floor area# and covering more land; and
- (c) that the #development's# design proposals take full advantage of all special characteristics of the site.

(2/2/11)

107-74

Modification of Permitted Use Regulations

For any #development#, the Commission may grant special permits to allow #semi-detached# or #attached single-family residences# in R2 Districts and #attached single-# or #two-family residences# in R3-1 Districts. As a condition for granting such special permits, the Commission shall find that:

- (a) only by modifying the #residential building# type, the preservation of trees over six-inch caliper and of existing topography can be assured;
- (b) by inclusion of the proposed #residential building# types, better standards of privacy and usable #open space# can be achieved; and
- (c) if the #zoning lot# is located in the #designated open space#, the prohibition of #development# on the #designated open space# requires the permitted #development# to be concentrated in the remaining portion of the tract.

(2/2/11)

107-75

Modification of Underlying R1-1 District Regulations

For any #development#, the Commission may grant special permits for the modifications of underlying R1-1 District regulations on #yards# or #courts# where such modifications are appropriate in order to:

- (a) permit siting of a #building# or driveway so as to avoid destruction of a valuable tree of six-inch caliper or more; or
- (b) allow a #building# to be arranged on a #zoning lot# that includes #designated open space# without encroaching on such #designated open space#.

As a condition for granting such modifications, the Commission shall find that:

- (1) the siting of the #building# will not adversely affect adjacent properties by impairing privacy or access of light and air;
- (2) the benefits to the surrounding area from the proposed arrangement of #buildings# and #open spaces# outweigh any disadvantages which may be incurred thereby in the area; and
- (3) such modification is the least modification required to achieve the purpose for which it is granted.

The Commission may impose appropriate conditions or safeguards, such as special landscaping requirements, to minimize any adverse effects on the character of the surrounding area.

(9/11/75)

107-76

Boundary Adjustments in Designated Open Spaces

The City Planning Commission may grant special permits to allow adjustments in the boundaries of the #designated open space# on a #zoning lot# provided that such adjustment will not place the new boundary closer than 60 feet to a watercourse. As a condition for such adjustment in the boundaries, the Commission shall find that such adjustment will:

- (a) result in a substantial improvement in the quality and usefulness of the #designated open space#; or
- (b) permit #development# which better satisfies the purposes of this Chapter and that the new features which will be added

to the #designated open space# will be at least equal in quality to those which are displaced from it; and

- (c) provide an equivalent area replacement for the area removed from the #designated open space#.

(2/2/11)

107-77

Community Facility Buildings or Treatment Plants Permitted in Designated Open Space

The City Planning Commission may grant special permits for the construction of sewage disposal plants or pumping stations or #community facility uses# listed in Section 78-352 (Bonus for community facility space) in #designated open space# where such #uses# are permitted by the underlying district regulations provided the Commission finds that:

- (a) an amount of open area outside the boundary of the #designated open space#, at least equal to the coverage of any #building or other structure# permitted under this Section, shall be added to the #designated open space#, and action shall be taken to change the boundary of the #designated open space# pursuant to Section 107-76 (Boundary Adjustments in Designated Open Spaces);
- (b) such added open area forms a continuous part of the #open space network#, and does not interrupt or foreclose the continuity of a public pedestrian way;
- (c) such added open area shall contain natural (aquatic, botanic, geologic or topographic) features that are equal or better in quality to those displaced by the #development#; and
- (d) such sewage disposal plants and sewage pumping stations meet the requirements of Section 74-731 (Sewage disposal plants and pumping stations).

The City Planning Commission may prescribe appropriate conditions and safeguards to enhance the character of the #designated open space#.

(9/11/75)

107-78

Other Buildings Permitted in Designated Open Space

On any #zoning lot# located partially within the #designated open space#, the City Planning Commission may grant a special permit to allow a #building# to encroach on the #designated open space# where #development# is not feasible without encroachment on the #designated open space#. As a condition for permitting such construction, the Commission shall find that the #development#, as authorized, will result in the minimum interference with the #designated open space# that must be permitted in order to allow reasonable #development# and #bulk# distribution under the regulations of the underlying district or as such regulations are modified by the provisions of this Chapter.

The Commission may prescribe appropriate conditions and safeguards to enhance the character of the #designated open space#.

(9/11/75)

107-80

LARGE-SCALE RESIDENTIAL DEVELOPMENT REGULATIONS

(9/11/75)

107-81

Applicability of Large-Scale Residential Development Regulations

All regulations of Article VII, Chapter 8, Special Regulations Applying to Large-Scale Residential Development, are applicable in the Special District.

(9/11/75)

107-82

Applicability of Large-Scale Residential Development Regulations to Parcels Containing Designated Open Space

Any #development# used predominantly for #residential use# on a #zoning lot# which includes #designated open space# may be treated as a #large-scale residential development#, and special authorizations or special permits for such #development# may be granted in accordance with the provisions of Article VII, Chapter 8, as modified herein, regardless of whether such #development# will have the area, number of #buildings#, or number of #dwelling units# specified in the definition of #large-scale residential development# as set forth in Section 12-10 (DEFINITIONS), except as provided in Sections 107-821 to 107-823, inclusive.

(9/11/75)

107-821

Bonus provisions

Bonuses which may be granted for #large-scale residential developments# under the provisions of Sections 78-32 (Bonus for Good Site Plan), 78-33 (Bonus for Common Open Space) or 78-35 (Special Bonus Provisions), may not be granted for #developments# which have less than the minimum area, number of #buildings# or number of #dwelling units# required by the definition of a #large-scale residential development#.

(9/11/75)

107-822

Lot area restriction

Authorizations or special permits granted within the #Special South Richmond Development District# pursuant to this Resolution shall be consistent in all cases with the provisions of Section 107-224 (Qualification of designated open space as lot area for bulk computations).

(2/2/11)

107-823

Common open space

Approval by the City Planning Commission of a development plan incorporating #designated open space# as common #open space# shall be conditioned upon the findings required in Section 78-52 (Common Open Space), except that the Commission may waive or modify any requirements of paragraph (g) of Section 78-52.

Notwithstanding any provision in Article VII, Chapter 8, or elsewhere in this Zoning Resolution, if the City of New York acquires title or a less than fee interest in any #designated open space# which serves as required #open space# for a #development# and the acquisition occurs while the #development# is under construction or after it is completed, it shall not affect the area's qualifications for satisfying #open space# requirements for #zoning lots# in the #development#.

(9/11/75)

107-83

Modification of Minimum Required Lot Area for Residences

Modification of minimum required #lot area# for #residences# as set forth in Section 107-42 may be granted by the City Planning Commission, pursuant to Section 78-311, paragraph (c).

(9/11/75)

107-84

Joint Applications

Notwithstanding the provisions of Section 78-06 (Ownership), a tract of land which includes #designated open space# and which is the subject of an application under the provisions of Section 107-81 (Applicability of Large-Scale Residential Development Regulations), may include adjacent properties in more than one ownership, provided that the application is filed jointly by the owners of all the properties included. Any subdivision of the tract reflecting ownerships at the time of application or creating new ownerships before, during or after #development# shall be subject to the provisions of Section 78-51 (General Provisions).

(9/11/75)

107-90

SPECIAL ADMINISTRATIVE PROVISIONS

(2/2/11)

107-91

Inter-agency Coordination

Where an authorization or permit for a #site alteration# or

#development# is required from the City Planning Commission pursuant to this Chapter and where a permit is required from the Department of Transportation or Department of Buildings for land contour work, or from the Department of Environmental Protection for a storm water drainage system for #buildings# or adjacent areas, or where construction of a public improvement project is undertaken by a City agency, the Department of City Planning and the agencies involved shall jointly determine the conditions under which such proposed #development# or #site alteration# will best meet the purposes of the #Special South Richmond Development District#. Applications for any required permit or authorization shall be filed simultaneously with each agency from which the permit or authorization is required.

(9/11/75)

107-92

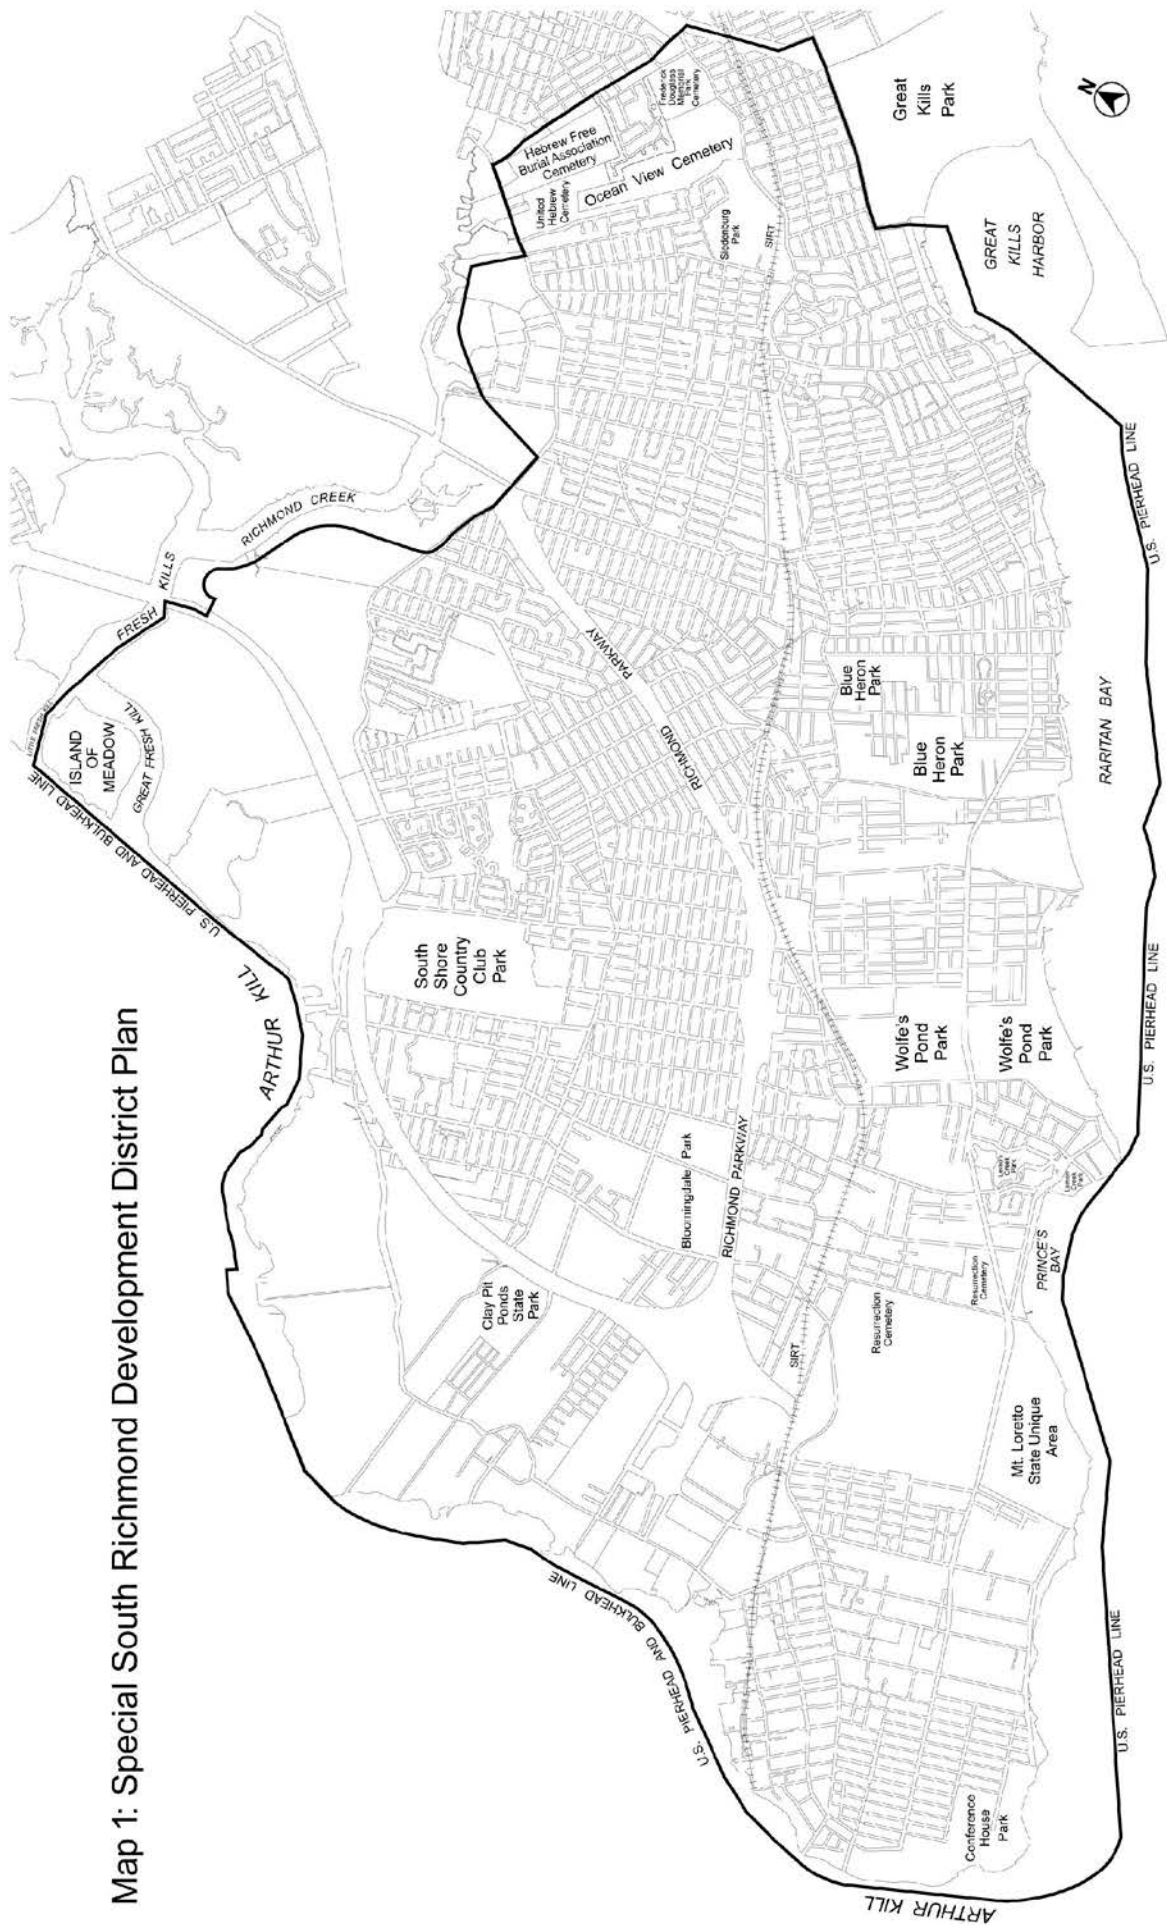

Recordation

When any #yard# requirement of the applicable district regulations is modified by the City Planning Commission pursuant to Section 107-46 (Yard and Court Regulations), prior to the filing of an application for any permit with the Department of Buildings, there shall be recorded in the Office of the County Clerk, County of Richmond, and indexed against such #zoning lots# to be #developed# as a unit, an instrument describing all conditions and restrictions required by the Commission for the #development# and #use# of such #zoning lots#. Recordation of instruments may be required in connection with any other zoning application hereunder. A certified copy of such instrument shall be submitted to the City Planning Commission upon recordation thereof.

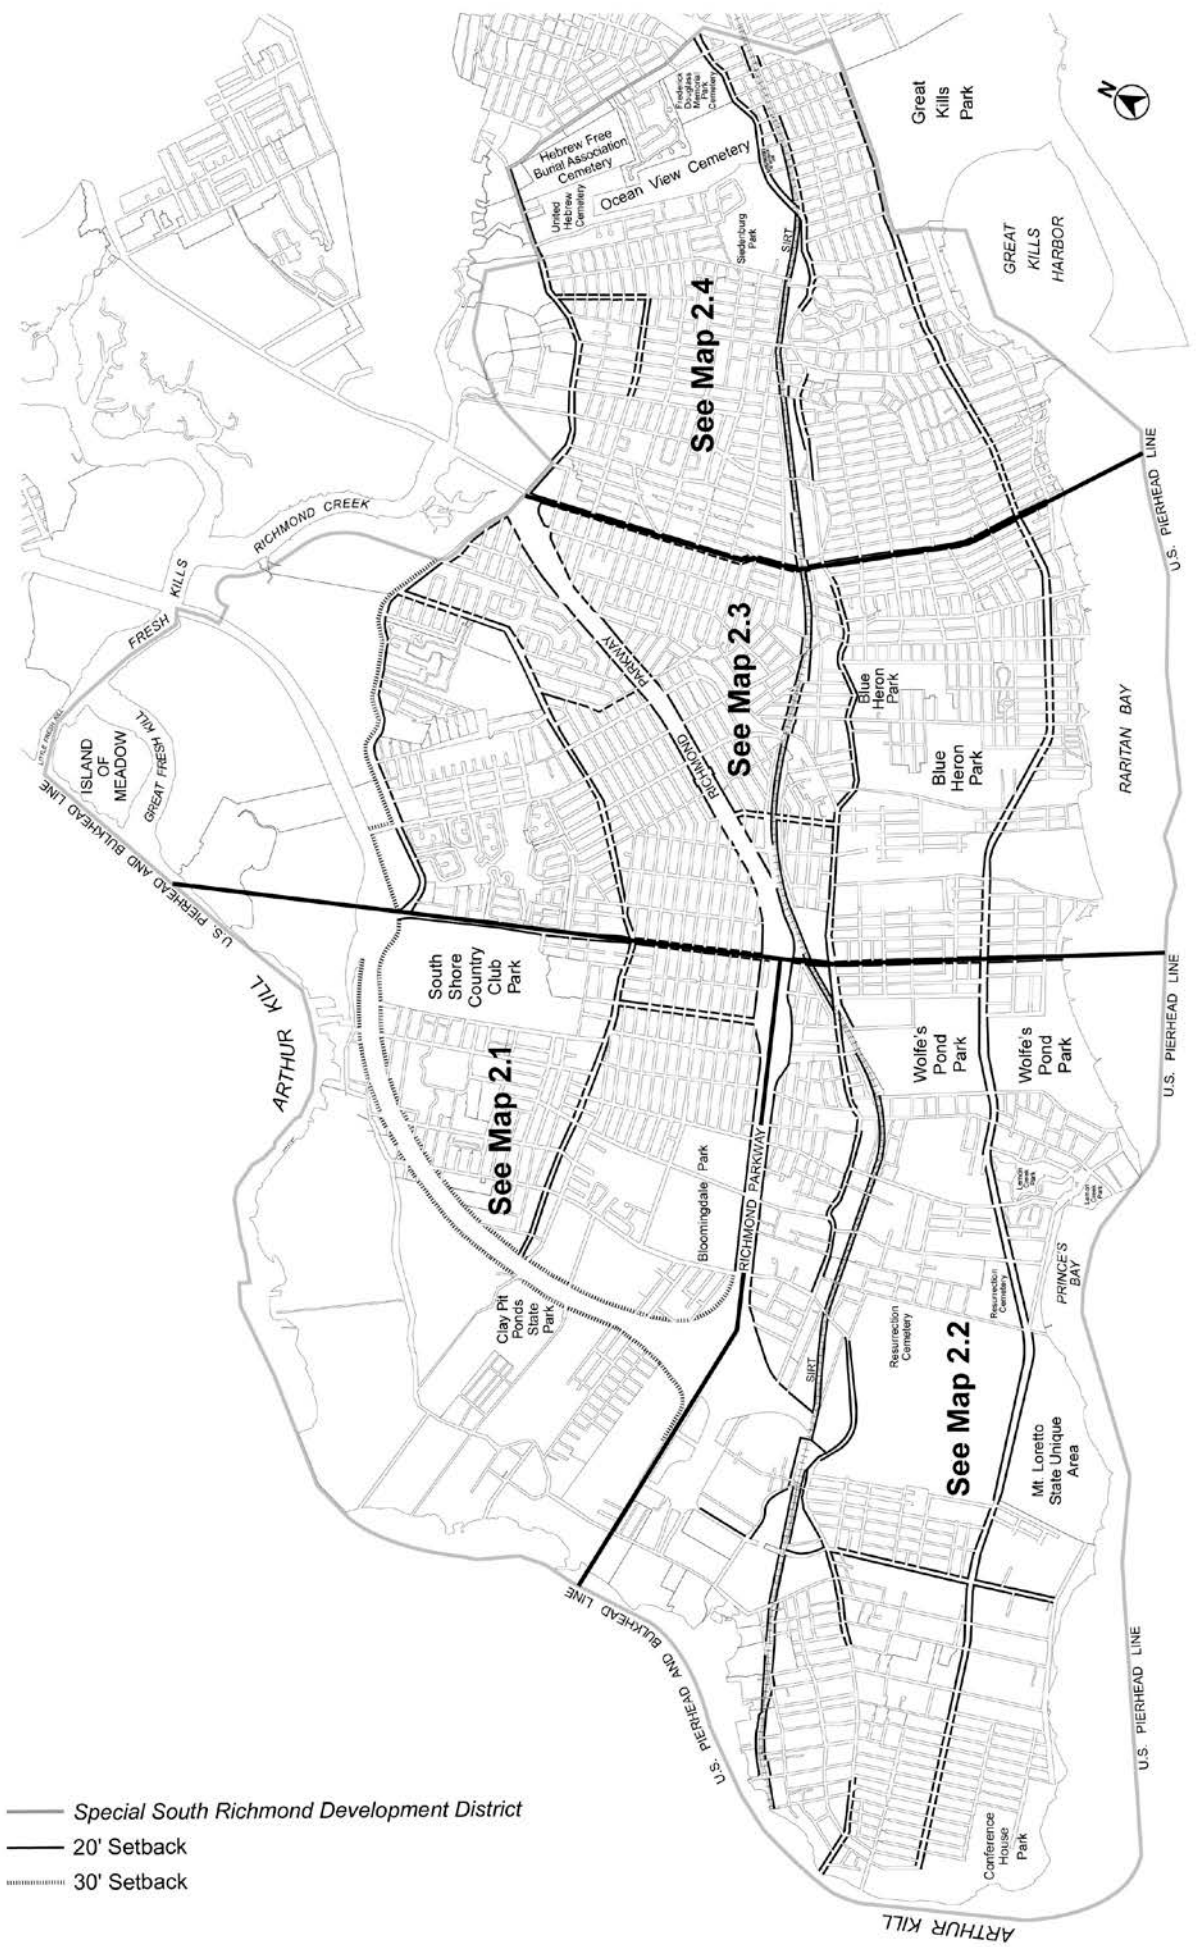

The following South Richmond Special District Plan, individual District Plan Maps and Tree Selection Tables are incorporated as Appendices A and B of this Chapter.

Tree Selection Tables

Small Trees, 12 - 35 feet at mature height: Uses

Species	Use						
	Sidewalk	On Lot	Common open space	Screen -ing	Setback	Park Street	Replace-ment
Crab Apple (Malus)		x	x				x
Carolina Silver Bell (Halesia Carolina)		x	x				
Flowering Cherry (Prunus)	x	x	x		x	x	x
Flowering Dogwood (Cornus Florida)		x	x		x	x	x
Golden Rain Tree (Koelreuteria Panieulata)	x	x	x			x	x
Hawthorne (Crataegus)		x	x		x		
Hedge Maple (Acer Compestre)		x	x	x	x	x	x
Japanese Maple (Acer Palmatum)		x	x		x		
Mulberry (Morus Alba Tatarica)		x	x			x	
Russian Olive (Elaeagnus Augustifolia)	x	x	x				
Saucer Magnolia (Magnolia Soulangeana)		x	x	x	x	x	x

Small Trees, 12 - 35 feet at mature height: Shape, Foliage, Advantages, Disadvantages and Characteristics.

Species	Shape	Foliage	Advantages	Disadvant-ages	Other Character-istics
Crab Apple (Malus)	round	dense	moderate growth rate, easily transplated, no maintenance	litters, needs full sun	flowering fruit, fall color: yellow orange
Carolina Silver Bell (Halesia Carolina)	round	light	withstands insects	requires well drained soil, requires moist soil	flowers, fall color
Flowering Cherry	round	light	tolerant of	short lived	flowering

(Prunus)			shade		
Flowering Dogwood (Cornus Florida)	spreadin g	light	moderate growth rate, easily transplated, no maintenance	needs wind protection, requires well drained soil	flowers, red fall color
Golden Rain Tree (Koelreuteria Panieulata)	round	dense	all soils, rapid growth rate, tolerates city, easily transplanted	requires sun	flowers
Hawthorne (Crataegus)	round	dense	easily transplanted	needs pruning, thorns, intolerate of pests, slow growth	fall color: bronze,red
Hedge Maple (Acer Compestre)	round	dense	all soils, tolerates city	requires well drained soil	fall color
Japenese Maple (Acer Palmatum)	round	dense	no maintenance	slow growth rate, difficult to transplant	red fall color
Mulberry (Morus Alba Tatarica)	round	dense	all soils, rapid growth rate	litters, needs wind protection, needs pruning	fruit
Russian Olive (Elaeagnus Augustifolia)	spreadin g	light	withstands insects, grows in dry soil	requires sun	flowers
Saucer Magnolia (Magnolia Soulangeana)	round	dense	moderate growth rate, easily transplated, tolerates city	requires well drained soil, requires rich moist soil, needs sun	flowers, bronze fall color

Medium Trees, 35 - 75 feet at mature height: Uses

Species	Use						
	Sidewalk	On Lot	Common open space	Screen-ing	Setback	Park Street	Replacement
American Yellow Wood (Cladrastis lutea)		x	x				
Ash Green (Froxinus pennsylvatica lanceolata)	x	x	x	x	x	x	x
Bradford Pear (Pyrus calleryana)	x	x	x			x	x
Chinese Chestnut (Castanca mellissima)		x	x		x	x	x
Cork Tree, Amur (Phellodendran amurense)	x	x	x				

Elm, Smooth Leaf (Ulmus carpinitolia)	x	x	x	x	x	x	
Elm, Chinese (Ulmus parvifolia)		x	x			x	
Elm, Siberian (Ulmus pumila)		x	x			x	
European Beech (Fagus sylvatica)				x			x
European Hornbeam (Carpinus betulus)		x	x			x	
Honey Locust (Gleditsia triacanthas)							
Katsura (Cercidiphyllum iaponicum)	x	x	x		x	x	
Little Leaf Linden (Tilia cordata)	x	x	x		x	x	x
Maple-Norway (Acer platanoides)		x	x			x	x
Maple-Red (Acer rubrum)	x	x	x	x	x	x	x
Oak-Willow (Quercus phellas)	x		x				x
Poplar-Lombardi (Papulus italica migra)		x	x	x	x	x	x
Zelkova, Japanese (Zelkovaserrata)	x						x

Medium Trees, 35 - 75 feet at mature height: Shape, Foliage, Advantages, Disadvantages and Characteristics.

Species	Shape	Foliage	Advantages	Disadvantages	Other Character- istics
American Yellow Wood (Cladrastis lutea)	round	dense	withstands insects	spreading shallow roots, difficult to transplant	flowers, yellow fall color
Ash Green (Froxinus pennsylvatica lanceolata)	round	dense	all soils, rapid growth rate, wind resistant	low insect resistance	fall color
Bradford Pear (Pyrus calleryana)	pyramidal	dense	tolerates city, withstands fire blight	needs pruning	flowers, fall color: bronze/red
Chinese Chestnut (Castanca mellissima)	spreading round	dense	rapid growth rate withstands insects	requires well drained soil	fruit, fall colors
Cork Tree, Amur (Phellodendran	round	light	rapid growth rate,	litters	fruit, fall

amurense)			tolerates city, easily transplanted		color: yellow
Elm, Smooth Leaf (Ulmus carpinitolia)	round	dense	rapid growth rate, withstands insects	blight	
Elm, Chinese (Ulmus parvifolia)	round-oval	dense	rapid growth rate, withstands insects	blight	
Elm, Siberian (Ulmus pumila)	round	light	all soils, rapid growth rate, withstands insects	blight	
European Beech (Fagus sylvatica)	pyramidal	dense	easily transplanted use as hedge if pruned	slow growth rate, requires well drained soil	fall color: bronze
European Hornbeam (Carpinus betulus)	round	dense	all soils, withstands insects	slow growth rate, requires sun	fruit, fall color
Honey Locust (Gleditsia triacanthas)	open- headed	light	moderate growth rate, tolerates city, all soils	litters, needs sun	fall color: pale yellow
Katsura (Cercidiphyllum iaponicum)	round	dense	no maintenance rapid growth rate, disease free	perfers open sunny site	fall color: yellow some scarlet or purple
Little Leaf Linden (Tilia cordata)	oval- pyramidal	dense	withstands insects, tolerates city, easily transplanted	needs maintenance, slow growth rate	fall color: pale yellow
Maple-Norway (Acer platanoides)	columnar	dense	tolerates city, rapid growth rate, easily transplanted no maintenance	surface roots	fall color: yellow
Maple-Red (Acer rubrum)	round	dense	rapid growth rate, easily transplanted resists disease	litters	fall color: scarlet/ orange yellow
Oak-Willow (Quercus phellas)	pyramidal- spreading	dense	rapid growth rate, easily transplanted	prefers moist soil, can't withstand cold winter	fall color: yellow
Poplar-Lombardi (Papulus italica migra)	fastigiata	light- dense	easily transplanted rapid growth rate	short lived, needs maintenance, roots pry open sewers	fall color: yellow
Zelkova, Japanese (Zelkovaserrata)		dense	all soils, rapid growth rate		

Large Trees, 75 feet or more at mature height: Uses

Species	Use						
	Sidewalk	On Lot	Common open space	Screen -ing	Setback	Park Street	Replacement
American Beech (Fagus grandifolia)		x	x			x	x
Black Gum (Sour Gum) (Nyssa sylvatica)		x	x				
Cucumber Tree (Magnolia acuminata)		x	x				
European White Birch (Betula perdula)		x	x			x	x
Ginkgo (Ginko biloba)	x	x	x	x	x	x	x
Japanese Pagoda (Sophora japonica)	x	x	x				x
Kentucky Coffee Tree (Gymnocladus dioicus)		x	x	x	x	x	x
Linden, Silver (Tilia petiolaris)	x	x	x		x		x
Locust - Black (Robinia pseudoacacia)		x	x		x	x	
Maple - Silver (Acer saccharinum)		x	x			x	x
Maple - Sugar (Acer saccharum)		x	x			x	x
Oak - Pin (Quercus palustris)		x	x		x	x	x
Oak - Red (Quercus borealis)	x	x	x		x	x	x
Oak - White (Quercus alba)		x	x				
Sweetgum	x	x	x	x		x	
Sycamore - London Plane (Platanus Acerifolia)	x	x	x	x	x	x	x
Tulip Tree (Liriodendron-tuliptera)		x	x			x	x
Blue Atlas Cedar (Cedrus altantica glauca)		x	x	x	x		x

Douglas Fir (Pseudotsuga menziesii)		x	x	x	x		x
Eastern White Pine (Pinus strobus)			x	x	x		x

Large Trees, 75 feet or taller at mature height: Shape, Foliage, Advantages, Disadvantages and Characteristics.

Species	Shape	Foliage	Advantages	Disadvantages	Other Character-istics
American Beech (Fagus grandifolia)	round	dense	hedge use if pruned, wind resistant, easily transplanted	slow growth rate, shallow roots	fall color: bronze
Black Gum (Sour Gum) (Nyssa sylvatica)	pyramidal	dense	withstands insects, moderate growth rate no maintenance	difficult to transplant	fall color: scarlet/ orange
Cucumber Tree (Magnolia acuminata)	pyramidal (varies)	dense	withstands insects, rapid growth rate, grows in partial shade/sun		flowers
European White Birch (Betula perdula)	pyramidal	light	easily transplanted rapid growth rate withstands insects	needs protection, prefers cold climate	fall color: yellow
Ginkgo (Ginko biloba)	columnar pyramidal spreading	light	all soils, withstands insects, tolerates city, easily transplanted	slow growth rate, avoid female	fall color: pale yellow
Japanese Pagoda (Sophora japonica)	round-weeping	light	all soils, withstands insects, tolerates city, easily transplanted rapid growth rate	needs maintenance, requires sun	flowers, fall color: yellow
Kentucky Coffee Tree (Gymnocladus dioicus)	fastigiata	light	all soils, long life, withstands insects, long life	needs protection, requires sun, slow growth rate	
Linden, Silver (Tilia petiolaris)	fastigiata	dense	rapid growth rate, withstands heat & drought		fall color: pale yellow
Locust - Black (Robinia pseudoacacia)	columnar	light	all soils, tolerates city, rapid growth rate	susceptible to insects	flowers
Maple - Silver (Acer saccharinum)	fastigiata	dense	rapid growth rate, easily transplanted	brittlewood, needs maintenance	fall color: red/ yellow-orange
Maple - Sugar (Acer saccharum)	fastigiata	dense	easily transplanted long life	slow growth rate, little tolerance for city	fall color: scarlet/ yellow-

					orange
Oak - Pin (Quercus palustris)	pyramidal	dense	all soils, withstands insects, rapid growth rate, easily transplanted	needs maintenance	fall color: scarlet
Oak - Red (Quercus borealis)	oval	dense	tolerates city, grows faster than other oaks, easily transplanted		fall color: red
Oak - White (Quercus alba)	round	dense	holds leaves in winter	slow growth rate, prefers dry soil	
Sweetgum	pyramidal	dense	moderate growth rate, withstands insects	difficult to transplant	flowers, fall color
Sycamore - London Plane (Platanus Acerifolia)	round- spreading	light- dense	all soils, tolerates city, easily transplanted rapid growth rate	overplanted in NYC, susceptible to fungus	
Tulip Tree (Liriodendron- tuliptera)	pyramidal		withstands insects	requires well drained soil	flowers, fall color
Blue Atlas Cedar (Cedrus altantica glauca)	pyramidal	evergreen	moderate growth rate, easily transplanted no maintenance		
Douglas Fir (Pseudotsuga menziesii)	pyramidal	evergreen	easily transplanted rapid growth rate	needs protection	
Eastern White Pine (Pinus strobus)	pyramidal	evergreen	easily transplanted rapid growth rate	requires well drained soil

Article X - Special Purpose Districts

Chapter 8

Special Hunts Point District

(7/23/08)

108-00

GENERAL PURPOSES

The "Special Hunts Point District" established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Hunts Point community. These goals include, among others, the following specific purposes:

- (a) to provide a buffer of high-performance industrial and other commercial establishments around the residential area;
- (b) to encourage the development of food-related businesses and other compatible businesses;
- (c) to create a transition between the Hunts Point Food Market and related businesses and the adjacent neighborhood;
- (d) to retain jobs in New York City;
- (e) to promote the development of retail businesses in the neighborhood;
- (f) to provide an opportunity for the physical improvement of Hunts Point; and
- (g) to promote the most desirable use of land and thus conserve the value of land and buildings and thereby protect City tax revenues.

(10/9/13)

108-01

General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Hunts Point District#, the provisions of this Chapter shall apply to all #developments# and #enlargements# within the #Special Hunts Point District#. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

(7/23/08)

108-02

District Plan and Maps

The District Plan for the #Special Hunts Point District# identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special Hunts Point District#.

These areas shall include the Residential Buffer and the Food Industry Subdistricts.

The District Plan includes the #Special Hunts Point District# Map located in Appendix A to this Chapter.

The map is hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter shall apply.

(7/23/08)

108-10

USE REGULATIONS

(7/23/08)

108-11

Use Modifications in the Special Hunts Point District

In the #Special Hunts Point District#, hotels or motels shall not be permitted within the areas designated on the #Special Hunts Point District# Map in Appendix A.

(7/23/08)

108-12

Use Modifications in the Residential Buffer Subdistrict

- (a) In the #Special Hunts Point District#, the #use# regulations of the underlying M1-2 District within the Residential Buffer Subdistrict shall be modified to permit the following #uses#:

From Use Group 3A

Libraries, museums or non-commercial art galleries

From Use Group 4A

Clubs

Community centers, not including settlement houses

Non-commercial recreational centers

From Use Group 6A, with no limitation as to #floor area# per establishment

Food stores, including supermarkets, grocery stores, meat markets or delicatessen stores

From Use Group 10A, with a limitation of 40,000 square feet of #floor area# per establishment within 500 feet of the center line of Garrison Avenue

Carpet, rug, linoleum or other floor covering stores

Clothing or clothing accessory stores

Department stores

Dry goods or fabric stores

Furniture stores

Television, radio, phonograph or household appliance stores

Variety stores.

- (b) In the #Special Hunts Point District#, Use Group 18 #uses# shall not be permitted in the underlying M1-2 District within the Residential Buffer Subdistrict, except that breweries, limited to 10,000 square feet of #floor area# per establishment, shall be permitted.

(7/23/08)

108-13

Use Modifications in the Food Industry Subdistrict

In the #Special Hunts Point District#, in the underlying M1-2 District within the Food Industry Subdistrict, #uses# listed in Section 42-15 (Use Group 18) shall not be permitted, except for the following:

From Use Group 18A:

Beverages, alcoholic or breweries

Machinery, heavy, including electrical, construction, mining, or agricultural, including repairs

Metal or metal products, treatment or processing, including enameling, japanning, lacquering, galvanizing or similar processes

Plastic, raw

Steel, structural products, including bars, girders, rails, wire rope or similar products

From Use Group 18B:

Refrigerating plants.

(7/23/08)

108-14

Enclosure Regulations

In the #Special Hunts Point District#, all #uses# listed in Use Groups 16, 17 and 18 shall be located within completely enclosed #buildings#, except that building materials or contractors' yards, listed in Use Group 17, may be open or enclosed.

(9/21/11)

108-15

Applicability of Article V, Chapter 2 (Non-Conforming Uses)

In the #Special Hunts Point District#, a #non-conforming use# may be changed only to a #conforming use#.

The following sections pertaining to #non-conforming uses# in the #Special Hunts Point District# shall not apply:

Section 52-32 (Land with Minor Improvements)

Section 52-33 (Manufacturing or Related Uses in Residence Districts), inclusive

Section 52-34 (Commercial Uses in Residence Districts)

Section 52-35 (Manufacturing or Related Uses in Commercial Districts)

Section 52-36 (Non-Conforming Commercial Uses in Commercial Districts)

Section 52-37 (Non-Conforming Commercial Uses in Manufacturing Districts)

Section 52-43 (C1 or C4 Districts)

- Section 52-44 (Residence Districts Except R1 and R2 Districts)
- Section 52-45 (Non-Conforming Residential Uses in M1 Districts)
- Section 52-46 (Conforming and Non-conforming Residential Uses in M1-1D through M1-5D Districts)
- Section 52-54 (Buildings Designed for Residential Use in Residence Districts)
- Section 52-56 (Multiple Dwellings in M1-1D through M1-5D Districts)
- Section 52-62 (Residential Buildings in M1-1D through M1-5D Districts)
- Section 52-72 (Land with Minor Improvements)
- Section 52-731 (Advertising signs)
- Section 52-732 (Signs on awnings or canopies)
- Section 52-74 (Uses Objectionable in Residence Districts)
- Section 52-75 (Certain Types of Uses Involving Open Storage or Salvage).

(7/23/08)

108-20

MODIFICATION OF PARKING REQUIREMENTS IN THE RESIDENTIAL BUFFER SUBDISTRICT

In the Residential Buffer Subdistrict, parking shall be provided at the rate of one space per 300 square feet of #floor area# for food stores, including supermarkets, grocery stores, meat markets or delicatessen stores. #Cellar# space used for retailing shall be included for the purpose of calculating requirements for #accessory# off-street parking spaces and #accessory# off-street loading berths.

(7/23/08)

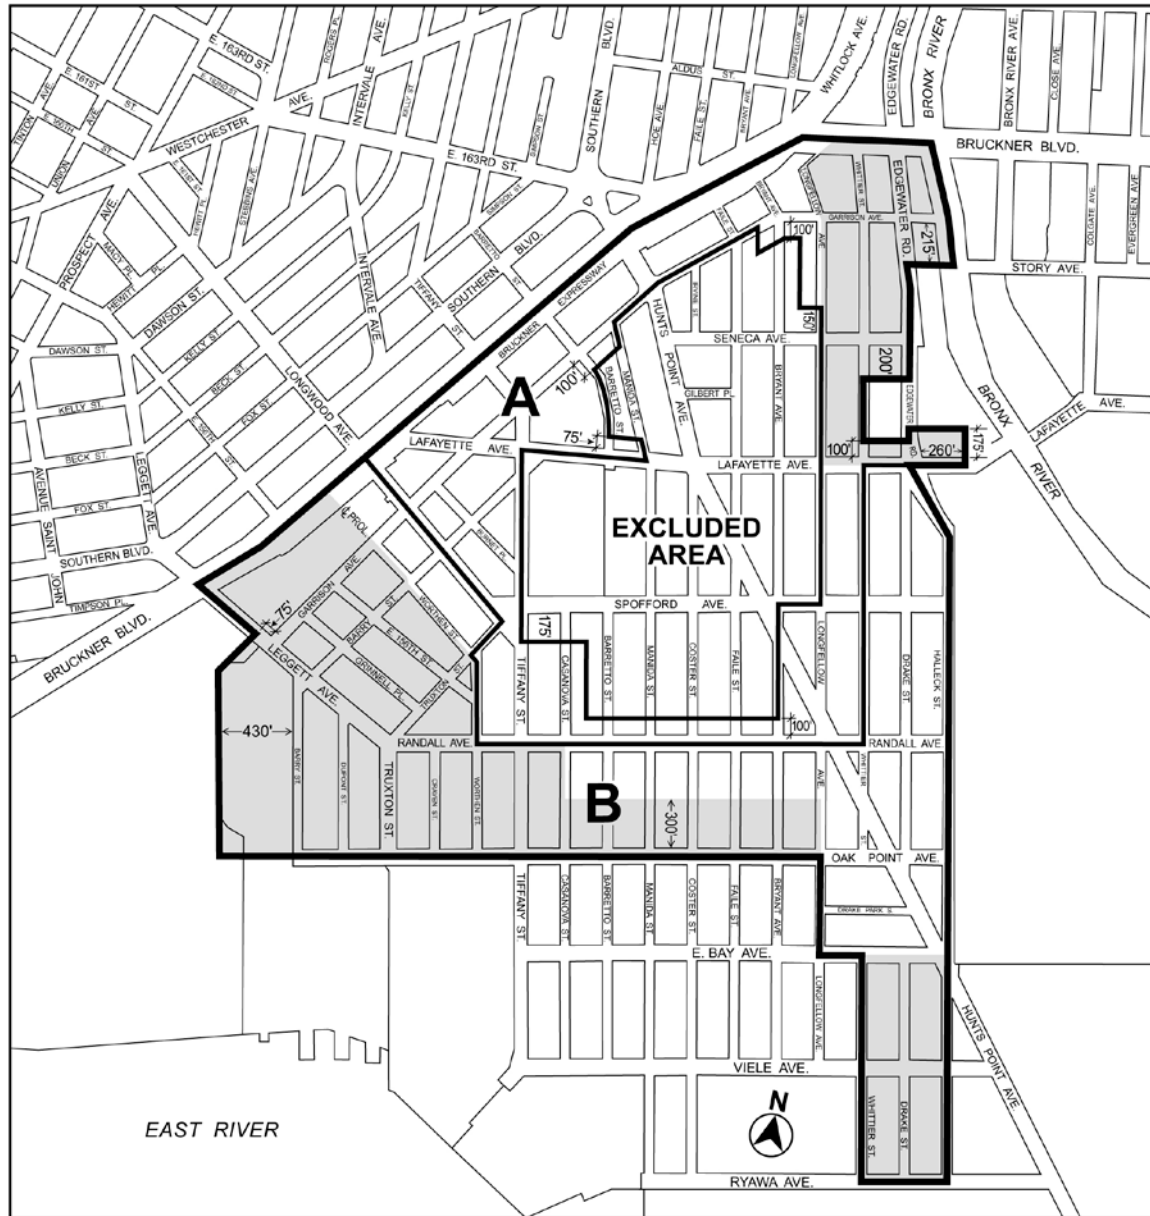

108-30

MODIFICATION OF STREET TREE REQUIREMENTS

Notwithstanding the provisions of Section 43-02 (Street Tree Planting in Manufacturing Districts), all #developments# or #enlargements# within the #Special Hunts Point District# that include #uses# listed in Use Group 17 or 18 shall provide #street# trees in accordance with Section 26-41 (Street Tree Planting). The #street# frontage used to calculate the number of required trees may exclude the #street# frontage occupied by curb cuts serving #uses# listed in Use Groups 17 or 18.

(2/3/77)

Article X - Special Purpose Districts

Chapter 9

Special Little Italy District

(2/3/77)

109-00

GENERAL PURPOSES

The "Special Little Italy District" established in this Resolution is designed to promote and protect public health, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) to preserve and strengthen the historical and cultural character of the community;
- (b) to protect the scale of storefronts and character of the existing retail uses along Mulberry Street and other major shopping streets so that Little Italy will remain a unique regional shopping area, and thereby strengthen the economic base of the City;
- (c) to preserve the vitality of street life by reducing conflict between pedestrian and vehicular traffic;
- (d) to permit rehabilitation and new development consistent with the residential character and scale of the existing buildings in the area;
- (e) to provide amenities, such as public open space, and street trees, to improve the physical environment;
- (f) to discourage the demolition of noteworthy buildings which are significant to the character of the area; and
- (g) to promote the more desirable use of land in the area and thus to preserve the value of land and buildings, and thereby protect and strengthen the City's tax revenues, consistent with the foregoing purposes.

(2/2/11)

109-01

Definitions

For the purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS) or Section 109-01 (Definitions).

Open recreation space

"Open recreation space" is that part of a #zoning lot#, including #courts#, #yards# and roof areas, which is unobstructed from its lowest level to the sky except for landscaping and planting requirements pursuant to Sections 109-14, 109-34 and 109-42.

(2/2/11)

109-02

General Provisions

In harmony with the general purposes and intent of this Resolution and the general purposes of the #Special Little Italy District# and in accordance with the provisions of this Chapter, certain specified regulations of the districts on which the #Special Little Italy District# are superimposed are made inapplicable, and special regulations are substituted therefore in this Chapter.

Except as modified by the express provisions of this Special District, the regulations of the underlying zoning district remain in effect. For the purposes of this Chapter, the provisions of Sections 23-14, 23-20 and 33-13 are made inapplicable.

The use of the public #streets# and sidewalks for the maintenance of #sidewalk cafes#, outdoor cafes or any other structures shall require the separate approval of the Board of Estimate, which may be granted upon such terms and conditions as the Board of Estimate may deem appropriate.

Within the Special District, in accordance with a comprehensive survey of its structures, #buildings# of special significance to the community and City as a whole, have been identified and are listed in Appendix B. Such #buildings# are unique either because they are socially or traditionally significant or because they are important physical influences in the life and image of the community. Such #buildings# shall not be demolished or have their external architectural features altered except as set forth in Section 109-52 (Special Permit Provisions). No demolition permit

or alteration permit for alterations which may affect the exterior of such #buildings# shall be issued by the Department of Buildings for any such #building# except as permitted by the City Planning Commission pursuant to Section 109-52 (Special Permit Provisions) unless it is an unsafe #building# and demolition is required pursuant to the provisions of Title 28, Chapter 2, Article 216 of the New York City Administrative Code.

(2/3/77)

109-03

District Map

The District Map for the #Special Little Italy District# (Appendix A) identifies specific areas comprising the Special District in which special zoning regulations carry out the general purposes of the #Special Little Italy District#. These areas and the sections of this Chapter which contain regulations pertaining thereto are as follows:

Area A - PRESERVATION AREA (Section 109-10)

Area A1 - MULBERRY STREET REGIONAL SPINE (Section 109-20)

Area B - HOUSTON STREET CORRIDOR (Section 109-30)

Area C - BOWERY, CANAL, KENMARE STREET CORRIDOR (Section 109-40)

The District Map (Appendix A) is hereby incorporated as an integral part of the #Special Little Italy District#.

(2/3/77)

109-04

Zoning Lots Located in More Than One Area

Whenever a #zoning lot# is divided by the boundaries of an area as created by Section 109-03 (District Map) and as indicated on the District Map in Appendix A, the #zoning lot# shall be subject to the regulations of the area in which the greater portion of its frontage lies except that, in the case of any #zoning lot# having fifteen feet or more frontage within Area A1 (Mulberry Street Regional Spine), the regulations of Area A1 shall apply to such #zoning lot#.

(2/2/11)

109-10

PRESERVATION AREA (Area A)

The provisions of this Section shall apply within Area A (Preservation Area) as shown on the District Plan (Appendix A).

(2/3/77)

109-11

Special Use Regulations

(2/3/77)

109-111

Special regulations for existing commercial or manufacturing uses

The continuation, #enlargement#, #extension# or change of #use# of existing #commercial# or #manufacturing uses# within Area A shall be governed by the underlying district regulations.

(2/2/11)

109-112

Special use regulations for developments

For any #building# or portion of a #building developed# or #enlarged# after February 3, 1977, within Area A, #uses# listed in the underlying district regulations are permitted except that such #uses# shall not include those listed in Use Groups 6D, 8C, 10, and 12D, unless authorized by the City Planning Commission pursuant to Section 109-514 (Modifications by authorization).

(2/3/77)

109-12

Bulk Regulations

(2/2/11)

109-121

Floor area regulations

Within Area A, the maximum #floor area ratio# for a #zoning lot# shall not exceed the following:

Lot Type	Maximum Permitted #Floor Area Ratio#
#Corner lots#	4.8
#Interior# or #through lots#	4.1

(2/2/11)

109-122

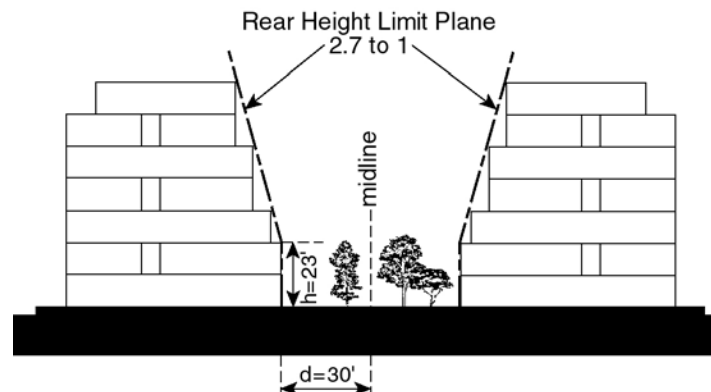

Lot coverage, through lot and rear yard regulations

Within Area A, the maximum #lot coverage# for a #zoning lot# shall not exceed the following percentages:

Lot Type	Maximum #Lot Coverage# (in percent)
#Corner lot#	70
#Interior lot#	60
#Through lot#, except as provided below	60

However, when a #through lot# is #developed# with more than one #building#, the maximum #lot coverage# on such #through lot# may be increased from 60 percent to 70 percent, provided that no portion of any #building# on such #zoning lot# penetrates the "Rear Height Limit Plane," as set forth in this Section. The Rear Height Limit Plane shall begin at a point 23 feet above #curb level# and shall be located 30 feet away from, and on both sides of, the line equidistant from the two #street lines#. The slope of the Rear Height Limit Plane shall be 2.7 feet vertical to 1 foot horizontal. All #buildings developed# after February 3, 1977, shall have a #rear yard# with a depth of not less than 30

feet.

REAR HEIGHT LIMIT PLANE

(7/26/01)

109-123

Floor area per room regulations

For the purposes of this Chapter, the density requirements of Sections 23-22, 23-24 or 35-40 shall not apply to any #development# or #enlargement#. In lieu thereof, there shall be not more than one #room# for each 230 square feet of gross #residential floor area#.

(2/2/11)

109-124

Height and setback regulations

The maximum height of any #building or other structure# shall not exceed 75 feet or seven #stories# above the #curb level#, whichever is less, unless allowed by the City Planning Commission pursuant to Section 109-514.

However, the provisions of this Section shall not apply to #enlargements# if, prior to February 2, 2011, a building permit has been lawfully issued authorizing such construction.

(2/3/77)

109-13

Special Front Wall Regulations

(2/2/11)

109-131

Building facades

The front #building# wall of any #building# shall extend along the full length of its #front lot line# not occupied by existing #buildings# to remain and shall rise without setback up to a height of six #stories# or 65 feet, or the height of the #building#, whichever is less. Above that height, the front #building# wall shall set back at least 10 feet. Front wall recesses are permitted provided that the aggregate length of such recesses, excluding window fenestration, at the level of any #story# does not exceed 25 percent of the length of the front wall where such recesses are permitted. In the event that a #development# occupies an entire #block# frontage, additional recesses are permitted provided that there are no front wall recesses within 10 feet of the intersection of two #street lines#. The exterior #building# materials of the front wall shall be predominantly of masonry.

(2/2/11)

109-132

Treatment of the ground level wall

For #buildings developed# after February 3, 1977, and for #buildings enlarged# on the ground floor level after February 3, 1977, at least 25 percent of the total surface area of the entire front wall of a #development# or the #enlarged# portion, up to a height of 12 feet above #curb level# or to the ceiling of the ground #story#, whichever is higher, shall be transparent. Transparent areas may include storefronts subject to Section 109-50. Door or window openings within such surface areas shall be considered transparent. Such opening shall have a minimum width of two feet. In addition, any portion of such #building# wall 20 feet or more in length, which contains no transparent areas at ground floor level, shall be covered with vines or similar planting in permitted front wall recesses, or be treated so as to

provide visual relief from large expanses of blank walls. Planting shall consist of shrubs, ivy or creepers and shall be planted in soil having a depth of not less than 2 feet, 6 inches, and a minimum width of 24 inches.

(2/3/77)

109-14

Open Recreation Space and Landscaping Regulations

(2/2/11)

109-141

Open recreation space regulations

For any #building# or portion of a #building developed# or #enlarged# after February 3, 1977, a minimum of 20 percent of the #lot area# of the #zoning lot# shall be provided as usable landscaped #open recreation space# accessible to the occupants of such #development# or #enlargement#. Such #open recreation space# may be accessible to the public.

Such #open recreation space# shall be located at the ground level and/or the roof level. However, if such #open recreation space# is located both at the ground level and at the roof level, not less than 40 percent may be located at either location. Such #open recreation space# shall be landscaped and properly maintained in accordance with the provisions of Section 109-142.

(2/2/11)

109-142

Landscaping regulations

The required #open recreation space#, as provided in Section 109-141, on a #zoning lot# containing a #development# or #enlargement# shall be landscaped and maintained in the following manner.

Ground level #open recreation space# shall:

- (a) have a minimum dimension of 20 feet for a #development# and 10 feet for an #enlargement#, measured perpendicular to its

perimeter;

- (b) have no portion used as a driveway, vehicular access way or for parking, and shall be screened from off-street loading and service areas;
- (c) have a minimum of one linear foot of seating for each 50 square feet of #open recreation space#, conforming to the following standards:
 - (1) seating shall have a minimum depth of 16 inches; seating with backs at least 12 inches high shall have a minimum depth of 14 inches; seating 30 inches or more in depth shall count double provided there is access to both sides;
 - (2) seating higher than 36 inches and lower than 12 inches above the level of the adjacent walking surface shall not count toward meeting the seating requirements;
 - (3) the tops of walls including but not limited to those which bound planting beds, fountains and pools may be counted as seating when they conform to the dimensional standards in paragraphs (c)(1) and (c)(2) of this Section;
 - (4) movable seating or chairs may be credited as 30 inches of linear seating per chair; and
 - (5) steps do not count toward the seating requirements;
- (d) have paved areas paved with unit pavers, such as bricks or quarry tiles, or poured-in-place materials. If poured-in-place materials are selected, they shall be of decorative color and/or textures, through the use of dyes and/or exposed aggregates. All paving shall have a non-skid surface;
- (e) be landscaped with shrubs, vines, ground cover or plants in planters over a minimum of 25 percent of the #open recreation space# area;
- (f) be planted with one tree of not less than three and one half inch caliper for every 1,000 square feet or portion thereof of required #open recreation space#. Such trees shall be planted in at least 100 cubic feet of soil of at least 3 feet, 6 inches in depth;
- (g) have all mechanical equipment which is located at the same elevation as the #open recreation space#, or on a wall of

the #building# frontage upon such #open recreation space# within a height of 10 feet, 6 inches above the level of the #open recreation space#, screened and buffered with no intake or exhaust fans facing directly into the #open recreation space#; and

- (h) be maintained by the #building# owner who shall be responsible for the maintenance of the #open recreation space# including, but not limited to, the repair and confinement of all amenities, litter control, and the care and replacement of vegetation within the #zoning lot# and in the #street# sidewalk area adjacent to the #zoning lot#, pursuant to Section 109-14 (Open Recreation Space and Landscaping Regulations).

#Open recreation space# at roof level shall:

- (1) have all mechanical equipment which is located at the same elevation as the #open recreation space#, or on a wall of the #building# fronting upon such #open recreation space# within a height of 10 feet, 6 inches above the level of the #open recreation space#, screened and buffered with no intake or exhaust fans facing directly onto the #open recreation space#;
- (2) have a minimum of one linear foot of seating for each 50 square feet of #open recreation space#, conforming to seating standards set forth for ground level #open recreation space#; and
- (3) be landscaped with shrubs, vines, flowers, ground cover and/or plants in planters over a minimum of 25 percent of the #open recreation space# area.

(2/2/11)

109-15

Regulations for Rehabilitation or Conversion of Existing Buildings

When #residential buildings# or #residential# portions of #mixed buildings# are rehabilitated, the density regulations of the underlying districts shall not apply. In lieu thereof, there shall be not more than one #room# for each 230 square feet of gross #floor area# within the rehabilitated #residential building# or #residential# portion of a #mixed building#.

Furthermore, when a #non-residential building#, or portion

thereof, is #converted# for #residential use#, the density regulations of the underlying districts shall not apply to that portion of the #building# containing #dwelling units#. In lieu thereof, there shall be not more than one #room# for each 230 square feet of gross #floor area# provided within the #converted building# or portion thereof.

(5/8/13)

109-16

Parking Regulations

No #accessory# off-street parking is permitted for any #development# or #enlargement# in Area A, except as set forth herein.

The City Planning Commission, may allow #accessory# off-street parking facilities for any #development# or #enlargement# on a #zoning lot# pursuant to the applicable authorization or special permit in Article I, Chapter 3 (Comprehensive Off-Street Parking and Loading Regulations in the Manhattan Core).

(4/30/08)

109-17

Mandatory Street Trees

In addition to the applicable underlying #street# tree planting requirements, all changes of #use# within the same or to other Use Groups involving at least 50 percent of the #floor area# of an existing #building#, or alterations above 30 percent of the #building# value of an existing #building# pursuant to the applicable articles of the Building Code of the City of New York, within Area A, shall provide trees in accordance with Section 26-41 (Street Tree Planting).

(2/3/77)

109-20

MULBERRY STREET REGIONAL SPINE (AREA A1)

The provisions set forth in Sections 109-10 through 109-16 (Preservation Area--Area A) are applicable within Area A1

(Mulberry Street Regional Spine) as shown on the District Plan (Appendix A), except as modified herein.

(2/2/11)

109-21

Use Regulations

The provisions of Section 109-11 (Special Use Regulations) shall apply, except that in order to retain the existing retail character of the area, the ground floor of any #building# shall be limited to #uses# listed in Section 109-211 (Use Group LI). Any #street# frontage occupied by entrances to other #uses# such as #residential# lobbies shall be no wider than 25 feet. A change of #use# on the ground floor of a #building# shall be subject to the provisions of this Section.

(2/2/11)

109-211

Use Group LI

Use Group LI comprises a group of specially selected #uses# to strengthen the existing #commercial# character of the area.

A. Convenience Retail Establishments

Bakeries

Barber shops

Beauty parlors

Drug stores

Dry cleaning or clothes pressing establishments, limited to 2,500 square feet of #floor area# per establishment on the ground floor

Eating or drinking establishments, including those which provide outdoor table service or have music for which there is no cover charge and no specified showtime

Eating or drinking establishments, with entertainment but not dancing, with a capacity of 200 persons or less

Eating or drinking establishments, with musical entertainment but not dancing, with a capacity of 200 persons or less

Food stores, including supermarkets, grocery stores, meat markets, delicatessen stores, limited to 5,000 square feet of #floor area# per establishment on the ground floor

Hardware stores

Package liquor stores

Post offices

Stationery stores

Tailor or dressmaking shops, custom

Variety stores, limited to 5,000 square feet of #floor area# per establishment on the ground floor

B. Retail or Service Establishments

Antique stores

Appliance stores, limited to 5,000 square feet of #floor area# per establishment on the ground floor

Art galleries

Artist supply stores

Bicycle sales and rental establishments

Book stores

Candy or ice cream stores

Carpet or rug stores, limited to 5,000 square feet of #floor area# per establishment on the ground floor

Cigar or tobacco stores

Clothing or clothing accessory stores, limited to 5,000 square feet of #floor area# per establishment

Clothing rental

Clubs, non-commercial, without restrictions on activities or facilities, limited to 2,500 square feet of #floor area# per

establishment on the ground floor

Dry goods or fabric stores, limited to 5,000 square feet on the ground floor

Florist shops

Furniture stores, limited to 5,000 square feet of #floor area# per establishment on the ground floor

Furrier shops, custom

Gift shops

Interior decorating establishments, limited to 750 square feet of #floor area# per establishment on the ground floor

Jewelry or art metal craft shops

Leather goods, crafts or luggage stores

Locksmiths shops

*Meeting halls, limited to 25 foot frontage

Millinery shops

Music stores

Newsstands, open or enclosed

Optician or optometrist

Paint stores

Pet shops

Photographic equipment or supply stores

Photographic studios

Picture framing shops

Record stores

Shoe stores

Stamp or coin stores

Telegraph offices

*Theaters, limited to 25 foot frontage

Toy stores

Travel bureaus

Watch or clock stores or repair shops

- * A change of #use# in a #building# constructed prior to February 3, 1977, which does not comply with the frontage requirements, is permitted provided the degree of #non-compliance# of the frontage is not increased

(2/3/77)

109-22

Bulk Regulations

(2/2/11)

109-221

Floor area regulations

Within Area A1, the maximum #floor area ratio# on a #zoning lot# shall not exceed the following:

#Use#	#Floor Area Ratio#	
	<hr/>	
	#Through Lot# or #Interior Lot#	
#Corner Lot#		
#Commercial#	5.1	4.5
#Community facility# or #residential#	4.1	3.5

The maximum #floor area# in a #mixed building# shall be the maximum #floor area# permitted for either the #commercial# portion of such #building#, or the #community facility# portion of such #building# or the #residential# portion of such #building#, as set forth in this Section, whichever permits the greatest amount of #floor area#.

(2/3/77)

109-222

Lot coverage regulations

The requirements set forth in Section 109-122 shall not apply to the ground floor portion of a #building#, provided that such portion contains only #commercial uses#, and provided that such portion is no more than 23 feet above #curb level#.

(2/2/11)

109-23

Storefronts in New Buildings and Alterations of Existing Storefronts

Storefronts in #buildings developed# after February 3, 1977, in portions of #buildings# located on the ground floor that are #enlarged# after February 3, 1977, and any existing storefronts that are altered, shall comply with the following standards:

- (a) #show windows# shall have a sill height of not more than 2 feet, 6 inches above #curb level# and extend to a maximum height between 8 feet, 0 inches and 10 feet, 0 inches above #curb level#.
- (b) the storefront shall have transparent areas no more than ten feet in width, measured horizontally, and which transparent areas shall be separated by a mullion of no less than six inches in width; and
- (c) storefront entrance doors shall be set back a minimum of two feet behind the vertical surface of the #show windows#.

STOREFRONT ILLUSTRATION

(4/8/98)

109-24

Sign Regulations

In addition to the underlying district #sign# regulations, the following regulations shall apply to all #signs#:

- (a) #signs# may not occupy more than 25 percent of the total area of the storefront measured from #curb level# to 10 feet above #curb level#;
- (b) all permitted #signs# which project from the front #building# wall shall be located not less than 10 feet, 0 inches above #curb level#; and
- (c) #signs# may not cover columns, cornices or sills.

(2/3/77)

109-30

HOUSTON STREET CORRIDOR (Area B)

The provisions of this Section are applicable within Area B, as shown on the District Plan (Appendix A).

(2/3/77)

109-31
Special Use Regulations

(2/3/77)

109-311
Special regulations for existing commercial or manufacturing uses

The continuation, #enlargement#, #extension# or change of #use# of existing #commercial# or #manufacturing uses# within Area B, shall be governed by the underlying district regulations.

(2/2/11)

109-312
Special use regulations for new development

For any #building# or portion of a #building developed# or #enlarged# after February 3, 1977, within Area B, #uses# listed in the underlying district regulations are permitted, except that such #uses# shall not include those listed in Use Groups 6D, 8C and 12D.

(2/2/11)

109-32
Bulk Regulations

The #bulk# regulations of the underlying district shall apply to the Houston Street Corridor (Area B), except as set forth in this Section.

(2/2/11)

109-321
Floor area regulation

The maximum #floor area ratio# permitted on a #zoning lot# is 7.52 for #residential use#, 6.0 for #commercial use# and 7.5 for #community facility use#. In no event shall the total #floor area ratio# for all #uses# exceed 7.52.

(2/2/11)

109-322

Lot coverage regulations

For any #zoning lot# within Area B, the maximum #lot coverage# shall not exceed the following percentages:

Lot Type	Maximum #Lot Coverage# (in percent)
#Corner lot#	80
#Interior# or #through lot#	70

(2/2/11)

109-323

Height and setback regulations

The #street wall# of any #building# for the first two #stories# or 23 feet, whichever is greater, shall be located on the #street line# and extend the entire length of the #street line# of the #zoning lot# not occupied by existing #buildings# to remain. However, at the intersection of two #street lines#, the #street wall# may be located anywhere within an area bounded by the two #street lines# and lines parallel to, and 10 feet from each #street line#. No #street wall# shall be required along a #street line# bounding any portion of a #zoning lot# which is less than 25 feet in depth measured from the #street line# of a #wide street#.

For #street walls# above the level of the second #story# or 23 feet, whichever is greater, at least 50 percent of the aggregate length of the #street walls# shall be located on the #street line#. The remainder of the aggregate length of the mandatory #street walls# at each #story# may be recessed from the #street line# to a depth not exceeding 10 feet provided that the length of any such recess does not exceed 25 percent of the aggregate

length of the #street walls# at each #story#.

The mandatory minimum height above #curb level# of a required #street wall# without setback shall be 60 feet on a #wide street# and 23 feet on a #narrow street#, or the height of the #building#, whichever is less. No setback shall be permitted on a #narrow street# below a height of 55 feet.

The maximum permitted height of a #street wall# at the #street line# without setback shall not exceed 100 feet above #curb level# and, above this height, no portion of a #building or other structure# shall penetrate a #sky exposure plane# commencing at 100 feet and rising over the #zoning lot# at a ratio of 1.5 to 1.0.

In addition, no portion of a #building or other structure# shall penetrate a #rear sky exposure plane# commencing at a height of 100 feet above #curb level# and at a distance of 100 feet from and parallel to the #street line#, and rising over the #zoning lot# at a ratio of 1.5 to 1.0 along #wide streets# and at a ratio of 1.0 to 1.0 along #narrow streets#.

(2/3/77)

109-33

Special Front Wall Regulations

(11/16/89)

109-331

Building facades

For all #buildings# within Area B, the exterior materials of the front wall shall be predominantly of masonry.

(12/11/07)

109-332

Treatment of the ground level wall

For a #building# wall facing a #narrow street#, at least 25 percent of the total surface area of such #building# wall up to a height of 12 feet above #curb level# or to the ceiling of the

ground floor, whichever is higher, shall be transparent. Transparent areas may include storefronts subject to Section 109-50 (SPECIAL REVIEW PROVISIONS). Door or window openings within such surface areas shall be considered transparent. Such openings shall have a minimum width of two feet.

In addition, any portion of such #building# wall 20 feet or more in length, which contains no transparent area at ground floor level, shall be covered with vines or similar planting in permitted front wall recesses, or be treated so as to provide visual relief from large expanses of blank walls. Planting shall consist of shrubs, ivy or creepers and shall be planted in soil having a depth of not less than 2 feet, 6 inches, and a minimum width of 24 inches.

(2/2/11)

109-34

Open Recreation Space and Landscaping Requirements

For any #building developed# or #enlarged# after February 3, 1977, a minimum of 20 percent of the #lot area# of the #zoning lot# shall be provided as usable, landscaped #open recreation space#, accessible to the occupants of such #development# or #enlargement# or to the public. Such #open recreation space# shall be located either at the ground level and/or roof level, and shall be landscaped and properly maintained in accordance with the provisions of Section 109-142 (Landscaping regulations).

(5/8/13)

109-35

Curb Cuts

(5/8/13)

109-351

Curb cut regulations

There shall be not more than one curb cut on each #street line# frontage of a #zoning lot#.

(4/30/08)

109-36

Mandatory Street Trees

In addition to the applicable underlying #street# tree planting requirements, all changes of #use# within the same or to other Use Groups of at least 50 percent of the #floor area# of an existing #building#, or alterations above 30 percent of the #building# value of an existing #building#, pursuant to the applicable articles of the Building Code of the City of New York, within Area B, shall provide #street# trees as set forth in Section 26-41 (Street Tree Planting), except that for a #zoning lot# frontage on Houston Street such mandatory trees may alternatively be located on the median traffic island of Houston Street.

(11/16/89)

109-37

Noise Attenuation

For any #residential# or #commercial use# in a #development# within Area B:

- (a) window wall attenuation of 35 dB(A) for #residential uses# or 30 dB(A) for #commercial uses#, shall be provided; and
- (b) alternative means of ventilation shall be provided, such as, but not limited to, central air conditioning or the provision of air conditioning sleeves, with such alternative means to conform to the provisions of Sections 27-752 to 27-756 of the Building Code of the City of New York.

(2/2/11)

109-40

BOWERY, CANAL, KENMARE STREET CORRIDOR (AREA C)

The provisions of this Section are applicable within Area C, as shown on the District Plan in Appendix A of this Chapter.

(2/3/77)

109-41
Bulk Regulations

(2/2/11)

109-411
Height and setback regulations

The maximum height of any #building or other structure# shall not exceed 85 feet or eight #stories# above #curb level#, whichever is less, unless authorized by the City Planning Commission pursuant to Section 109-514. The front #building# wall shall extend along the full length of the #front lot line# not occupied by existing #buildings to remain and shall rise without setback.

(2/2/11)

109-412
Lot coverage regulations

Within Area C, the maximum #lot coverage# for any #zoning lot# shall be:

	Above Ground Floor (in percent)	At Ground Floor Only (in percent)
#Residential Use#	60	60
#Commercial Use#	70	100

(2/2/11)

109-42
Open Recreation Space and Landscaping Requirements

All #buildings developed# after February 3, 1977, that contain #residences# shall provide a minimum of 20 percent of the #lot area# of the #zoning lot# as usable landscaped #open recreation space# in conformance with the requirements of Section 109-142 (Landscaping regulations).

(2/2/11)

109-43

Additional Requirements

Any #zoning lots# partially located within 100 feet of the #street line# of Mulberry Street (Area A1) shall comply with the requirements set forth in Sections 109-211 (Use Group LI), 109-23 (Storefronts in New Buildings and Alterations of Existing Storefronts) and 109-24 (Sign Regulations).

(2/3/77)

109-50

SPECIAL REVIEW PROVISIONS

The City Planning Commission may allow certain modifications of the provisions of this Chapter as set forth below.

(11/16/89)

109-51

Modification of the Provisions of the Special Little Italy District

(2/2/11)

109-514

Modifications by authorization

Modifications of the provisions of this Chapter may be authorized by the City Planning Commission based upon receipt of an application, except that there shall be no modifications of any provision of Section 109-12, 109-22, 109-32 or 109-41 unless specifically allowed therein, provided that the Commission, after notification to the affected Community Board, certifies to the Commissioner of Buildings that there exists a compelling need for such modification and that such modifications are consonant with the objectives of the #Special Little Italy District#. The Commission may prescribe other appropriate conditions and safeguards to minimize adverse effects on the surrounding area.

Notwithstanding any other provisions of the Resolution, the Commission may, after notification to the affected Community Board, authorize a #non-complying inner court# within an existing #building# to be eliminated, and may modify the applicable provisions of this Chapter relating to an #enlargement#, provided that:

- (a) the #building# is an existing old law or new law tenement, not higher than seven #stories#;
- (b) any additional #floor area# created through such elimination of a #non-complying inner court# is not more than 10 percent of the existing #floor area# of the #building#, and the width of such #inner court# is not more than 20 feet;
- (c) the renovation of such #building# will result in improved arrangements for adequate access of light and air, and for privacy between #dwelling units#, to the newly created #dwelling units# and to the surrounding developments;
- (d) such #enlargement# will not increase the density of population or intensity of #use# to the detriment of the occupants of the #buildings# in the #block# or nearby #blocks#;
- (e) the #enlargement# as proposed shall comply with the applicable provisions of Sections 109-14, 109-17, 109-25, 109-34 or 109-42, except as otherwise modified by the Commission; and
- (f) the Commission is in receipt of a report from the Department of Buildings and the Fire Department concerning said #building#.

The City Planning Commission may prescribe other additional conditions and safeguards to enhance the character of the surrounding area.

(2/3/77)

109-52

Special Permit Provisions

(2/3/77)

109-521

Modification of accessory off-street parking facilities

The City Planning Commission may, by special permit, modify #accessory# off-street parking facilities for the #residential# portion of any #development# on a #zoning lot# as set forth in Section 109-16 or Section 109-351.

(2/2/11)

109-522

Special provisions for the preservation of certain existing buildings

#Buildings# listed in Appendix B of this Chapter, shall not be demolished or have their external architectural features altered, except as set forth in this Section.

The City Planning Commission, by special permit, may allow:

- (a) in such #buildings#, for a change of a conforming #use# to another conforming #use#, the applicable underlying district, or #Special Little Italy District#, #bulk# regulations shall not apply to such change of #use#; or
- (b) the alteration of such #buildings#, provided that such alteration and treatment of the facade relates harmoniously to the character and materials of the original facade and of adjoining #buildings#; and
- (c) the demolition of such #buildings#, other than unsafe #buildings#, provided that the Commission finds that the existing #building# is not suitable for rehabilitation.

For the purposes of this Section, a change of #use# is a change to another #use# listed in the same or any other conforming Use Group; however, a change in ownership or occupancy shall not, by itself, constitute a change of #use#. #Enlargements# of such #buildings# shall be subject to all applicable district regulations. The Commission may prescribe appropriate conditions and safeguards to ensure that any interim #uses# proposed on the site prior to any construction are in conformance with the purposes of the Special District.

(2/2/11)

109-523

Applications for special permit

An application to the City Planning Commission for the grant of a special permit respecting provisions of Sections 109-16 and 109-351 of this Chapter, shall include: a site plan showing the location and proposed #use# of all #buildings or other structures# on the site; the location of all vehicular entrances and exits and off-street parking and loading spaces; the amount and nature of traffic to be generated by such #development# or #enlargement# and an indication of the routes that will provide vehicular access to a #manufacturing#, #commercial# or #community facility# establishment; and such other information as may be required by the Commission.

An application to the Commission for the grant of a special permit respecting provisions of Section 109-522, shall include floor plans of all major floors; all major elevations; a site plan depicting all structures on the site, and all structures and major features within 100 feet of the site; and such other information as may be required by the Commission.

(2/3/77)

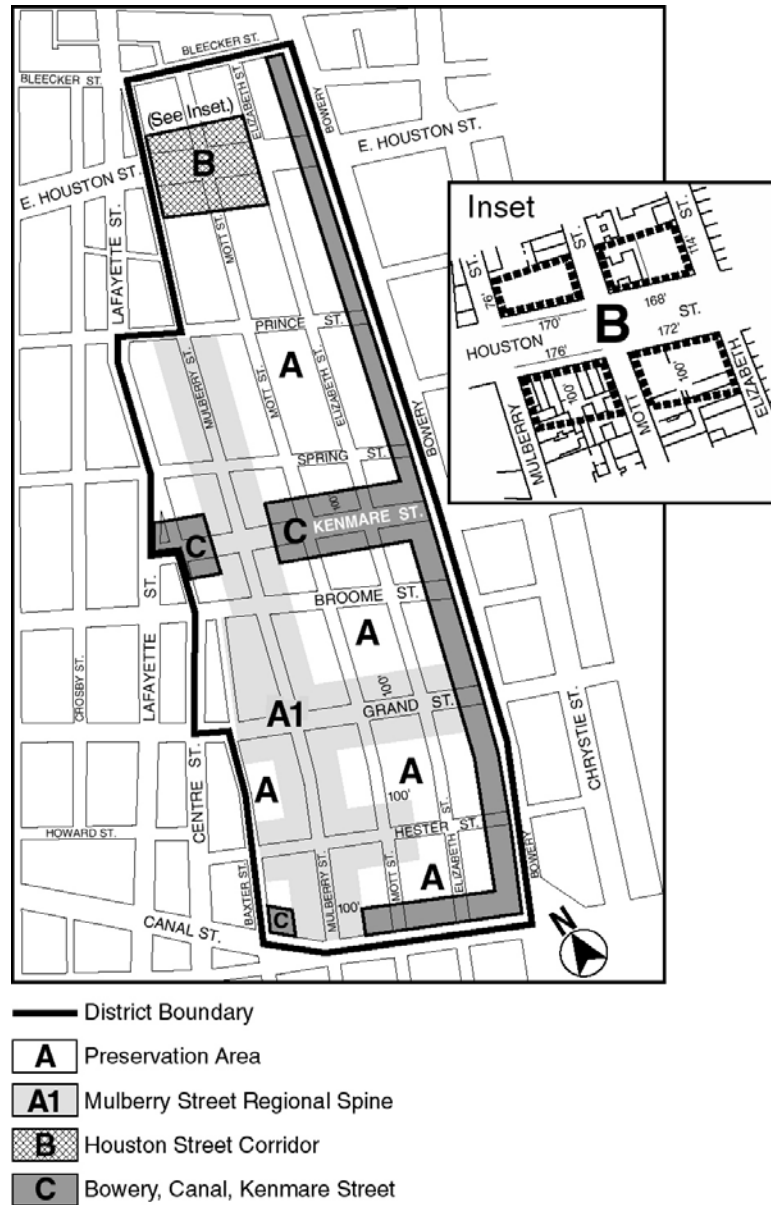

109-525

Relationship to public improvement projects

In all cases, the City Planning Commission shall deny an application for a special permit whenever the #development# or #enlargement# will interfere with a public improvement project (including housing, highways, public #buildings# or facilities) which is approved by the Board of Estimate or City Planning Commission, or Site Selection Board, as determined from the calendar of each such agency issued prior to the date of the public hearing on the application for a special permit.

(11/16/89)

Appendix A Special Little Italy District Map

(2/3/77)

APPENDIX B
Buildings of Special Significance

#Buildings# of special significance to be preserved in accordance with the provisions of Section 109-522 are as follows:

Article XI - Special Purpose Districts

Chapter 1

Special Tribeca Mixed Use District

(10/13/10)

111-00

GENERAL PURPOSES

The "Special Tribeca Mixed Use District" established in this Resolution is designed to promote and protect public health, safety, and general welfare. These general goals include, among others, the following specific purposes:

- (a) to retain adequate wage, job producing, stable industries within the Tribeca neighborhood;
- (b) to protect light manufacturing and to encourage stability and growth in the Tribeca neighborhood by permitting light manufacturing and controlled residential uses to coexist where such uses are deemed compatible;
- (c) to provide housing opportunity of a type and at a density appropriate to this mixed use zone;
- (d) to ensure the provision of safe and sanitary housing units in converted buildings; and
- (e) to promote the most desirable use of land and building development in accordance with the Plan for Lower Manhattan as adopted by the City Planning Commission.

(8/27/98)

111-01

Definitions

For purposes of this Chapter, matter in *italics* is defined in Section 12-10 (DEFINITIONS) and in this Section.

Special Tribeca Mixed Use District

(repeated from Section 12-10)

The "Special Tribeca Mixed Use District" is a Special Purpose District designated by the letters "TMU" in which special regulations set forth in Article XI, Chapter 1, apply. The #Special Tribeca Mixed Use District# and its regulations supplement or supersede those of the districts on which it is superimposed.

(10/9/13)

111-02

General Provisions

The provisions of this Chapter shall apply to all #developments, enlargements, extensions#, alterations, #accessory uses#, open and enclosed, and changes in #uses# within the Special District.

Except as modified by the express provisions of the District, the regulations of the underlying districts remain in effect. In #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

(10/13/10)

111-03

District Map

The District Map for the #Special Tribeca Mixed Use District#, in Appendix A, identifies special areas comprising the Special District in which special zoning regulations carry out the general purposes of the #Special Tribeca Mixed Use District#. These areas are as follows:

Area A1 - General Mixed Use Area

Area A2 - Limited Mixed Use Area

Area A3 - General Mixed Use Area

Area A4 - General Mixed Use Area

Area A5 - General Mixed Use Area

Area A6 - General Mixed Use Area

Area A7 - General Mixed Use Area

(4/9/81)

111-10

SPECIAL USE REGULATIONS

(10/13/10)

111-11

Residential Use Modification

(a) Loft dwellings

#Loft dwellings# created prior to October 13, 2010, shall be governed by the provisions for #loft dwellings# in Section 111-40 (REQUIREMENTS FOR LOFT DWELLINGS CONSTRUCTED PRIOR TO OCTOBER 13, 2010). Such #loft dwellings# may be #extended#, #enlarged#, or subdivided into two or more #loft dwellings# only in accordance with such provisions. No #loft dwellings# may be created after October 13, 2010, except as the result of a subdivision of a #loft dwelling# existing prior to October 13, 2010.

(b) Home occupations

A #home occupation# may occupy a #loft dwelling#, or a #dwelling unit# converted pursuant to Article I, Chapter 5 (Residential Conversion of Existing Non-Residential Buildings), as an #accessory use# pursuant to Section 15-13 (Special Home Occupation Provision), except that:

- (1) businesses operated as #home occupations# may have up to three non-#residential# employees; and
- (2) notwithstanding the limitation on #uses# listed in the definition of #home occupation# in Section 12-10, a #home occupation# may include a permitted #commercial# or permitted #manufacturing use#.

(10/13/10)

111-12

Ground Floor Use Restrictions

In all areas except Area A2, ground floor spaces in separate #buildings# may not be combined for #uses# in Use Groups 3, 4, 5 and 6, except in those #buildings# having frontage on Broadway, Chambers Street, Church Street, Greenwich Street, Hudson Street, Sixth Avenue, Varick Street, West Broadway or West Street.

(10/13/10)

111-13

Additional Use Regulations

(a) Areas A1 and A3

- (1) #Uses# in Use Groups 16 and 17 shall be permitted, except the following #uses# are prohibited:

within Use Group 16A: crematoriums, poultry or rabbit killing establishments, unenclosed automobile, boat, motorcycle or trailer sales, motorcycle rentals;

all Use Group 16B #uses#, except #automotive service stations# by special permit pursuant to Section 73-21;

all Use Group 16C #uses#;

within Use Group 16D: dry cleaning or cleaning or dyeing establishments, with no limitation on type of operation, solvents, #floor area# or capacity per establishment;

within Use Group 17B: manufacture of aircraft, automobiles, trucks, trailers, boats, motorcycles or chemicals; and

all Use Group 17C #uses#, except agriculture.

- (2) The following #uses# are prohibited in #buildings# that do not front on Chambers Street, Church Street, Greenwich Street, Hudson Street or West Broadway:

all Use Group 8A #uses#;

all Use Group 8D #uses#;

all Use Group 10A #uses#, except depositories, photographic or motion picture studios, radio or television studios; and

all Use Group 12A #uses#.

- (3) In #buildings# fronting on Chambers Street, Church Street, Greenwich Street, Hudson Street or West Broadway, the following #uses# shall be limited to 20,000 square feet of #floor area# on a #zoning lot#, including retail #cellar# space allotted to such #uses#, except as otherwise provided in Section 111-32 (Special Permit For Certain Large Commercial Establishments):

all #uses# in Use Groups 6A and 6C;

all #uses# in Use Group 10 with parking categories B or B1; and

the above #uses# when listed in other use groups.

Separate #buildings# on separate #zoning lots# may not be combined for #uses# in Use Groups 6A, 6C or all #uses# with parking categories B or B1 in Use Group 10.

In addition, in #buildings# not fronting on the #streets#, listed in paragraph (a)(3) of this Section, #uses# listed in Use Groups 6A and 6C shall be limited to 10,000 square feet of #floor area# on a #zoning lot#, including retail #cellar# space allocated to such #uses#, except as otherwise provided in Section 111-32 (Special Permit For Certain Large Commercial Establishments).

- (b) Areas A4, A5, A6 and A7

- (1) All #uses# listed in Use Groups 16B, 16C or 16D shall be permitted;

- (2) The following #uses# listed in Use Group 16 shall be permitted:

Carpentry, custom woodworking or custom furniture making shops

Electrical, glazing, heating, painting, paper hanging, plumbing, roofing or ventilating contractors' establishments, open or enclosed, with open storage limited to 5,000 sq. ft.

Household or office equipment or machinery repair shops

Machinery rental or sales establishments.

- (3) All #uses# in Use Group 17 shall be permitted, except that the following #uses# shall be prohibited:

Building materials or contractors' yards, open or enclosed

Produce or meat markets, wholesale

Adhesives, including manufacture of basic components

Food products, including slaughtering of meat or preparation of fish for packing

Laboratories, research, experimental or testing

Leather products, including shoes, machine belting, or similar products

Metal stamping or extrusion, including costume jewelry, pins and needles, razor blades, bottle caps, buttons, kitchen utensils, or similar products

Pharmaceutical products

Plastic products, including tableware, phonograph records, buttons, or similar products

Rubber products, such as washers, gloves, footwear, bathing caps, atomizers, or similar products, including manufacture of natural or synthetic rubber

Shoddy

Soap or detergents.

- (4) For establishments with frontage on #wide streets#, #uses# listed in Use Groups 6A, 6C and 10 shall be limited to 10,000 square feet of #floor area#. For establishments that front only upon a #narrow street#, such #uses# shall be limited to 5,000 square feet of #floor area#. For the purposes of this Section, #floor area# shall include retail #cellar# space allocated to such #uses#.

The #floor area# requirements of this paragraph, (b)(4), may be modified only pursuant to Section 111-

- (c) Eating or drinking establishments with entertainment and a capacity of more than 200 persons, or establishments of any capacity with dancing, as listed in Use Group 12A, in any location within a #building#, shall be permitted only by special permit of the Board of Standards and Appeals as provided in Section 73-244. The Board of Standards and Appeals shall additionally find for establishments of any capacity with dancing, as listed in Use Group 12A, that primary ingress and egress for such #uses# may only be located on Broadway, Chambers Street, Church Street, Greenwich Street, Hudson Street, Sixth Avenue, Varick Street, West Broadway or West Street, with only fire or emergency egress on other #streets#, and that no portion of such #use# may be located more than 100 feet, measured perpendicularly, from the #streets# listed in this paragraph, (c). Furthermore, such #uses# are restricted as provided in paragraph (a)(2) of this Section.

- (d) Areas A4, A5, A6 and A7

#Transient hotels# shall be allowed, except that #developments#, #enlargements#, #extensions# or changes of #use# that result in a #transient hotel# with greater than 100 sleeping units shall only be allowed pursuant to Section 111-31 (Special Permit For Large Transient Hotels).

However, any #transient hotel# that received a special permit pursuant to Section 74-711, granted prior to October 13, 2010, may continue under the terms of such approval.

- (e) Environmental conditions for Area A2

- (1) All #developments# or #enlargements# shall be subject to Ambient Noise Quality Zone Regulations*. #Uses# listed in Use Group 11A shall be subject to the performance standards of an M1 District.
- (2) All new #dwelling units# shall be provided with a minimum 35dB(A) of window wall attenuation in order to maintain an interior noise level of 45dB(A), or less, with windows closed. Therefore, an alternate means of ventilation is required.

* Ambient Noise Quality Regulations for an M2 District as set forth in the Noise Control Code for the City of New York, Article VI(B)

(10/9/13)

111-20

SPECIAL BULK PROVISIONS FOR AREAS A1 THROUGH A7

(a) Area A1

The regulations applicable to a C6-2A District shall apply to #developments# and #enlargements#, except as set forth herein.

(1) Maximum #floor area ratio#

The maximum #floor area ratio# permitted on a #zoning lot# shall be 5.0.

(2) Special regulations for narrow #buildings#

A #building# or portion of a #building# may be constructed above the maximum height of a #street wall# permitted pursuant to Section 23-692 (Height limitations for narrow buildings or enlargements), provided the portion of a #building# exceeding such height limitation does not exceed a height of one #story# or 15 feet, whichever is less, and provided such portion is set back at least 10 feet from the #street wall# of the #building# facing a #wide street#, and 15 feet from the #street wall# of the #building# facing a #narrow street#.

(b) Area A2

The regulations applicable to a C6-3 District shall apply to #developments# and #enlargements#, except as set forth herein.

(1) Maximum #floor area ratio#

No #floor area# bonuses shall be permitted in Area A2.

The maximum #floor area ratio# permitted shall be 7.52. In no case shall the #floor area ratio# of the #commercial# or #community facility# portion of the #building# be more than 6.0.

(2) #Open space# and #lot coverage# regulations

The #open space# and #lot coverage# regulations of Article II, Chapters 3 and 4, and Article III, Chapter 5, for a #residential building#, or the #residential# portion of a #mixed building#, are not applicable. In lieu thereof, the maximum permitted #lot coverage# on a #zoning lot# shall not exceed 80 percent of the #lot area#. However, any permitted obstruction on a #zoning lot# pursuant to Sections 23-44, 24-12 or 33-23 shall not count as #lot coverage#.

- (3) #Yard#, #court# and minimum distance between #buildings# regulations

The #yard# and #court# regulations of a C6-3 District shall apply, except that on a #through lot# the provisions of paragraphs (b) and (c) of Sections 23-533 and 24-382 (Required rear yard equivalents) and 23-71 (Minimum Distance between Buildings on a Single Zoning Lot) shall not apply. On any single #zoning lot# within Area A2, if a #development# or #enlargement# results in two or more #buildings# or portions of #buildings# detached from one another at any level, such #buildings# or portions of #buildings# shall at no point be less than eight feet apart.

- (4) #Height factor#, front height and setback regulations

The #height factor#, front height and setback, alternate front setback and tower regulations of a C6-3 District shall not apply. In lieu thereof, for the first two #stories# of any #development# or #enlargement#, the #street wall# shall be located on the #street line# and shall extend the entire width of the #zoning lot#, not occupied by existing #buildings# to remain, except that at the intersection of two #street lines# the #street wall# may be located within five feet of the #street line#. Above the ceiling of the second #story# for any #development# or #enlargement#, there shall be mandatory #street walls# extending the entire width of the #zoning lot# not occupied by existing #buildings# to remain, as set forth in this paragraph, (b)(4). Along #wide streets# and along #narrow streets#, within 75 feet of the intersection with #wide streets#, the #street wall# shall rise for a minimum of 60 feet above #curb level# but shall not exceed a height of 100 feet above #curb level#. Along a #narrow street#, beyond a distance of 75 feet from the intersection of a #wide street# and a #narrow street#, the #street wall# shall rise for a minimum of 60 feet above #curb level# but shall not

exceed a height of 85 feet above #curb level#. Notwithstanding the above requirements, for the 25 feet of a #zoning lot# furthest from the intersection of a #wide street# and a #narrow street#, the height of the #street wall# shall be 60 feet or the height of the adjacent #building# fronting on the same #street line#, whichever is greater. Above the ceiling of the second #story#, 75 percent of the aggregate area of the mandatory #street walls# at each #story# shall be within five feet of the #street line#; the mandatory #street wall# shall abut the #street line# at least once every 25 feet; and at the intersection of two #street lines# the mandatory #street wall# shall be located within five feet of the #street line#, measured perpendicular to the #street line#. For #residential# and #community facility developments# or #enlargements#, recesses shall comply with the applicable #outer court# provisions of Sections 23-84 and 24-63.

For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height of a #street wall# may vary between the height of the #street wall# of an adjacent #building# before setback, if such height is lower than the minimum base height required, up to the minimum base height requirements of this Chapter.

For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the location of the #street wall# of any #building# may vary between the #street wall# location requirements of this Chapter and the location of the #street wall# of an adjacent #building# fronting on the same #street line#.

(5) Curb cuts

Curb cuts shall not be permitted on Greenwich Street, Murray Street and Chambers Street.

(c) Area A3

The regulations applicable to a C6-3A District shall apply to #developments# and #enlargements#, except as set forth herein.

(1) Height and setback regulations

The height and setback regulations of Section 35-24

(Special Street Wall Location and Height and Setback Regulations in Certain Districts) shall not apply. In lieu thereof, the following height and setback regulations shall apply:

(i) Permitted obstructions

Permitted obstructions for all #buildings or other structures# shall be as set forth in Section 33-42.

(ii) Measurement of height

Heights of all #buildings or other structures# shall be measured from the #base plane#.

(iii) #Street wall# location

The #street wall# of any #development# or #enlargement# shall be located on the #street line# and extend along the entire #street# frontage of the #zoning lot# not occupied by existing #buildings#, and shall rise to at least a height of 60 feet or the height of the #building#, whichever is less. However, to allow articulation of #street walls# at the intersection of two #street lines#, the #street wall# may be located anywhere within an area bounded by the two #street lines# and a line connecting such #street lines# at points 15 feet from their intersection. Recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#. At any level above the ground floor, but at least 12 feet above the level of the #base plane#, recesses shall be permitted in the #street wall# for #outer courts# or articulation of #street walls# at the intersection of two #street lines# as set forth in this Section. The aggregate width of such recesses shall not exceed 30 percent of the width of the #street wall# at any level.

(iv) Maximum height of #street walls# and required setbacks

The maximum height of a #street wall# before setback shall be 85 feet or the height of an adjoining #building# fronting on the same #street

line# with a height of at least 60 feet, whichever is less. Setbacks are required for all portions of #buildings# that exceed these maximum #street wall# heights. At a height not lower than 60 feet nor higher than 85 feet, or the height of an adjoining #building# fronting on the same #street line# which is less than 85 feet, a setback with a depth of at least 10 feet shall be provided from any #street wall# fronting on a #wide street#, and a setback with a depth of at least 15 feet shall be provided from any #street wall# fronting on a #narrow street#, except that such dimensions may include the depth of any permitted recesses in the #street wall#.

(v) Maximum #building# height

No #building or other structure# shall exceed a height of 135 feet.

(vi) Vertical #enlargements# of low #buildings#

Existing #buildings# with #street walls# less than 60 feet in height may be vertically #enlarged# by up to one #story# or 15 feet, whichever is less, without regard to the #street wall# location provisions of paragraph (c)(1)(iii) of this Section.

(2) Special regulations for narrow #buildings#

A #building# or portion of a #building# may be constructed above the maximum height of #street wall# permitted pursuant to Section 23-692 (Height limitations for narrow buildings or enlargements), provided such portion of a #building# exceeding such height limitation does not exceed a height of one #story# or 15 feet, whichever is less, and provided such portion of a #building# is set back at least 10 feet from the #street wall# of the #building# facing a #wide street#, and 15 feet from the #street wall# of a #building# facing a #narrow street#.

(d) Area A4, A5, A6 and A7

Except as set forth herein, the #bulk# regulations of the underlying district shall apply.

(1) Height and setback regulations, as set forth in Section 35-24, shall be modified, as follows:

Area	Minimum Base Height (in ft.)	Maximum Base Height (in ft.)	Maximum #Building# Height (in ft.)
A4	60	70	140
A5	60	70	110
A6	60	85	120
A7	60	85	120

For any #building# or portion thereof within Area A4, a penthouse portion of a #building#, not exceeding ten feet in height, may be constructed within Area A4 above the maximum #building# height, provided that such penthouse portion is set back at least 25 feet from any #narrow street#.

However, for any #building# or portion thereof located within Area 4 and within an Historic District designated by the Landmarks Preservation Commission, the underlying height and setback regulations of Section 35-24 shall apply, except that the maximum height of such #buildings#, or portions thereof, shall be 160 feet and the 10 foot penthouse allowance set forth in this paragraph, (d)(1), shall not apply.

- (2) The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings#, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts).
- (3) The maximum #floor area ratio# permitted on a #zoning lot# shall be as follows:

Area	Maximum #Floor Area Ratio#
A4	6.5
A5	5.5
A6	5.4
A7	5.0

- (4) Applicability of Inclusionary Housing Program

R8A Districts within Area A6 shall be #Inclusionary Housing designated areas#, pursuant to Section 12-10 (DEFINITIONS), for the purpose of making the

Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District. The base #floor area ratio# for any #zoning lot# containing #residences# shall be 5.4. Such base #floor area ratio# may be increased to a maximum of 7.2 through the provision of #affordable housing# pursuant to the provisions for #Inclusionary Housing designated areas# in Section 23-90, except that the height and setback regulations of Section 23-954 (Height and setback for compensated developments Inclusionary Housing designated areas) shall not apply. In lieu thereof, the height and setback regulations of this Chapter shall apply.

- (5) #Buildings# that have received a certification from the Chairperson of the City Planning Commission pursuant to paragraph (c) of the former Section 111-20 (MINOR MODIFICATIONS), prior to October 13, 2010, to modify the rooftop open space requirements of the former Section 111-112 (Open space equivalent), shall be exempt from the rooftop open space requirements of Section 15-24 (Open Space Equivalent).
- (6) Notwithstanding any of the provisions of Section 11-33 (Building Permits for Minor or Major Development or Other Construction Issued Before Effective Date of Amendment), the #development# of a #building# pursuant to a variance granted by the Board of Standards and Appeals under Calendar No. 231-09-BZ to modify #bulk# regulations, may be continued provided that a building permit has been issued, in accordance with the terms of said variance, within six years of the original granting of said variance.

(10/13/10)

111-30 SPECIAL PERMITS

(10/13/10)

111-31 Special Permit for Large Transient Hotels

In Areas A4 through A7, the City Planning Commission may permit #transient hotels# that are comprised of more than 100 sleeping

units, provided the Commission shall find that such #transient hotel#, resulting from a #development#, #enlargement#, #extension# or change of #use#, is so located as not to impair the essential residential character of, or the future use or development, of the surrounding area. The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(10/13/10)

111-32

Special Permit for Certain Large Commercial Establishments

The City Planning Commission may permit the total #floor area# of large #commercial# establishments to exceed the underlying #floor area# requirements set forth in Section 111-13, paragraphs (a)(3) and (b)(4), including the #floor area# requirements for #cellar# space provided the Commission finds that:

- (a) such #development#, #enlargement#, #extension# or change of #use# is so located as not to impair the essential character or the future use of, or development of, the surrounding area; and
- (b) the #streets# providing access to the facility will be adequate to handle the vehicular and pedestrian traffic generated by such #use#.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(10/13/10)

111-40

REQUIREMENTS FOR LOFT DWELLINGS CONSTRUCTED PRIOR TO OCTOBER 13, 2010

The following is applicable to all existing #loft dwellings#, created prior to October 13, 2010, within the #Special Tribeca Mixed Use District#.

- (a) All #loft dwellings# shall have one or more windows which open into a #street# or a #yard# with a minimum depth of 30 feet.

- (b) (1) The minimum #floor area# contained within a #loft dwelling# shall be not less than 2,000 square feet, except that:
- (i) where a #loft dwelling# occupies the entire usable area of a floor, there shall be no minimum #floor area#;
 - (ii) where a #loft dwelling# has a minimum clear width of 14 feet throughout and has windows opening onto both a #street# and a #yard# which has a depth of 10 percent of the depth of the #loft dwelling#, there shall be no minimum #floor area#;
 - (iii) where the ratio in a #loft dwelling# of the window area opening onto a #street# or a #yard# of 30 feet minimum depth to the #floor area# contained within the #loft dwelling# exceeds five percent, the minimum #floor area# contained within the #loft dwelling# may be reduced by 200 square feet for each additional percent, to a ratio of 10 percent; or
 - (iv) where the ratio in a #loft dwelling# of the window area opening onto a #street# or a #yard# of 30 feet minimum depth to the #floor area# contained within the #loft dwelling# equals or exceeds 10 percent, there shall be no minimum #floor area#.
- (2) The minimum #loft dwelling# size and #yard# requirement may be replaced by the requirements of Section 15-026 (Special bulk regulations for certain pre-existing dwelling units, joint living-work quarters for artists and loft dwellings) for #loft dwellings#:
- (i) for which a determination of #residential# occupancy on September 1, 1980 has been made;
 - (ii) that are registered Interim Multiple Dwellings or are found covered by the New York City Loft Board pursuant to Article 7C of the New York State Multiple Dwelling Law; or
 - (iii) that the Loft Board determines were occupied for #residential use# on September 1, 1980.

#Loft dwellings# existing on September 1, 1980, may not be subsequently divided into multiple #loft dwellings# that do not meet the requirements of paragraphs (a), (b)(1) and (c) of this Section, unless required by the Loft Board for the

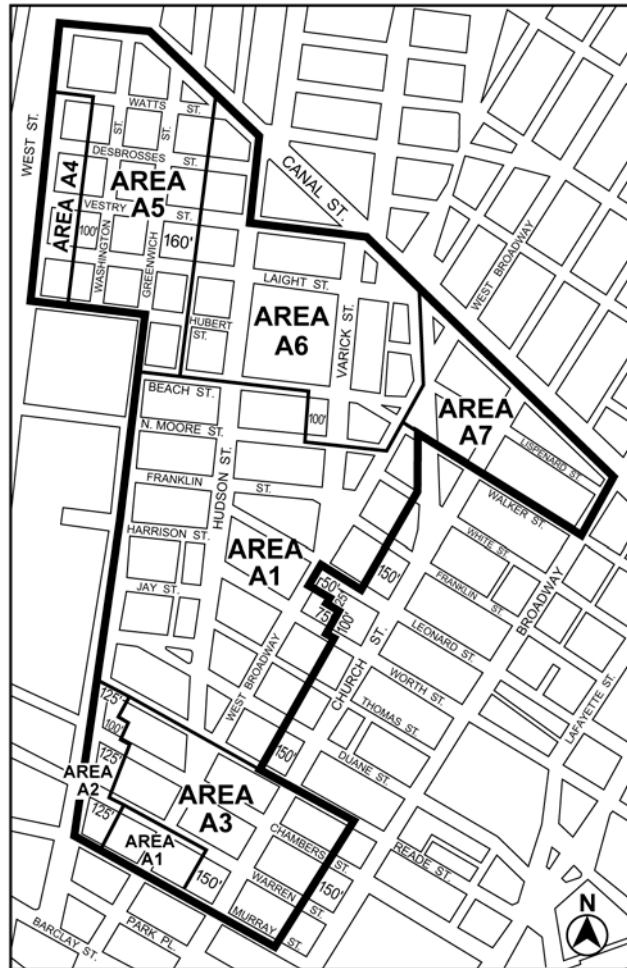

legalization of Interim Multiple Dwelling units in the implementation of Article 7C of the New York State Multiple Dwelling Law.

No #building# that meets the density requirements of paragraph (c) of this Section may subsequently add additional units or quarters except in accordance thereof. No #building# to which the regulations of Section 15-026 have been applied may subsequently add additional units or quarters except in accordance with the requirements of paragraph (c).

- (c) The number of #loft dwellings# shall not exceed one per 1,000 square feet of #floor area# devoted to #loft dwellings#, except as a result of the application of paragraph (b)(2) of this Section.
- (d) Mezzanines constructed pursuant to Chapter 26 of the Administrative Code shall be allowed within individual #loft dwellings#, provided that the gross #floor area# of each mezzanine does not exceed 33 and 1/3 percent of the #floor area# contained within such #loft dwelling#. Such mezzanines are permitted only in #buildings# with an existing #floor area ratio# of 12 or less and only between floors, or between a floor and a roof, existing on January 22, 1998, that are to remain. Such mezzanines shall not be included as #floor area# for the purpose of calculating the minimum required size of a #loft dwelling# or for calculating #floor area# devoted to #loft dwellings#.
- (e) At least 30 percent of the gross roof area of a #building# containing 15 or more #loft dwellings# shall be provided for recreational #use#. For each additional #loft dwelling#, 100 square feet of additional roof area shall be #developed# for recreational #use# up to a maximum of 50 percent of the gross roof area. This recreational area shall be accessible to all the occupants of said #loft dwellings# and their guests for whom no fees are charged.
- (f) Existing #loft dwellings# may be #extended#, #enlarged#, or subdivided into two or more #loft dwellings# only in accordance with the provisions of this Section. In addition, #floor area# added to an existing #loft dwelling# shall not be subject to the provisions of Section 32-42 (Location within Buildings).

Article XI - Special Purpose Districts

Chapter 2

Special City Island District

(2/2/11)

112-00

GENERAL PURPOSES

The "Special City Island District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) to promote and strengthen the unique character of the Special City Island District for nautical and waterfront activities by limiting permitted uses to those which complement and enhance the existing character of the Special District;
- (b) to maintain the existing low-rise residential and commercial character of the district by regulating the height of buildings;
- (c) to maintain and protect the environmental quality and "village" character of City Island Avenue by imposing special controls on building setbacks and signs; and
- (d) to promote the most desirable use of land in this area and thus to conserve the value of land and thereby protect the City's tax revenue.

(2/2/11)

112-01

Definitions

Development

For purposes of this Chapter, a "development" includes both #development# and #enlargement#, as defined in Section 12-10 (DEFINITIONS).

(1/20/77)

112-02

General Provisions

In harmony with the general purposes of the #Special City Island District# and in accordance with the provisions of this Chapter, certain specified regulations of the districts on which the #Special City Island District# is superimposed are made inapplicable and special regulations are substituted therefor. Except as modified by the express provisions of the Special District, the regulations of the underlying zoning districts remain in force.

(1/20/77)

112-04

Requirements for Application

An application to the City Planning Commission for the grant of a special permit under the provisions of this Chapter shall include a site plan showing the location and #use# of all #buildings# on the #zoning lot# and such other information as may be required by the Commission.

(1/20/77)

112-05

Relationship to Public Improvement Projects

In all cases, the Commission shall deny a special permit application whenever the #development# will interfere with a public improvement project (including housing, highways, public #building# or facilities redevelopment or renewal projects, or rights-of-way for sewers, transit or other public facilities) which has been approved by the Board of Estimate, City Planning Commission or Site Selection Board as determined from the calendar of each agency issued prior to the date of the public hearing on the application for a special permit.

(2/2/11)

112-06

District Plan

The District Plan for the #Special City Island District# identifies those areas within the Special District in which there are special height restrictions. The District Plan is set forth in Appendix A and is made an integral part hereof.

(2/2/11)

112-07

Special Use Regulations

Within the Special District, and notwithstanding the provisions of Article V, Chapter 2, where #commercial# or #manufacturing uses# are permitted by the underlying district regulations, such #commercial# or #manufacturing uses# shall be limited to those #uses# set forth in this Section. This Section shall apply to a new #use# in a #development# and to a change of #use# in an existing #building# to another #use# listed in the same or another Use Group.

(2/2/11)

112-071

Uses permitted in C1 Districts

Within a C1 District, all #uses# permitted in Use Groups 1, 2, 3, 4, 5 and 6, as listed in Sections 32-11 to 32-15, are permitted, except:

Court houses

Electric and gas substations

Public utility stations

Telephone exchanges.

Additional permitted #uses# are:

Custom manufacturing and sale of jewelry, ceramics, art and needlework, limited to 10,000 square feet per establishment.

(2/2/11)

112-072

Uses permitted in C2 Districts

Within a C2 District, all #commercial uses# listed in Section 112-071 (Uses permitted in C1 Districts) are permitted as well as all #uses# permitted as-of-right in C2 Districts, as set forth in Section 32-10, except:

Automobile sales, including motorcycle and #trailer#

Prisons

Refreshment stands, drive in

Wholesale establishments.

(2/2/11)

112-073

Uses permitted in C3 Districts

Within a C3 District, Use Groups 1, 2, 3 and 4 in Sections 32-11 to 32-13, and all #commercial uses# listed in Use Group 14 in Section 32-23, are permitted, as well as:

#Boatels#

Eating or drinking places, including those that provide outdoor table service or incidental musical entertainment.

(2/2/11)

112-074

Ground floor use restrictions on certain blocks

For all #buildings# fronting on City Island Avenue between Bay Street and Carroll Street, only non-#residential uses# shall be permitted on the ground floor level or within #stories# that have a floor level within five feet of #curb level#, except for #residential# lobbies.

(2/2/11)

112-075

Uses permitted in M1 Districts

Within an M1 District, all #uses# listed in Use Groups 4B, 5, 6, 7, 9, 10, 11, 12, 13, 14, 15, 16A and 17 are permitted, except:

Automobile sales, including motorcycle and #trailer#

Bottle works

Cotton ginning or cotton wadding or linters

Fuel, ice, coal or wood establishments with open storage

Manufacturing of autos, trucks or #trailers#, including parts

Motorcycle manufacturing, including parts

Motorcycle or motor scooter rental

Poultry or rabbit killing establishments

Prisons

Public transit or railroad substations

Public utility stations

Railroads, including rights-of-way

Refreshment stands, drive in

Telephone exchanges

Truck weighing scales

Trucking terminals and motor freight stations.

(2/2/11)

112-08

Uses Permitted by Special Permit

In C1, C2 or C3 Districts, the City Planning Commission may permit #automotive service stations#, auto repair establishments, #public parking garages# or #public parking lots#. As a condition

for permitting such #use#, the Commission shall make the following findings:

- (a) that such #use# is so located as to draw a minimum of vehicular traffic to and through local #streets# in nearby residential areas;
- (b) that such #use# has adequate reservoir space at the vehicular entrance to accommodate a minimum of 10 cars or 20 percent of the spaces so provided, whichever amount is less; and
- (c) that, where roof parking is permitted, such roof parking is so located as not to impair the essential character or future use or development of adjacent areas.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including limitations on #signs# or requirements for the shielding of floodlights or for setback of any roof parking areas from #lot lines#.

(1/20/77)

112-09

Sign Regulations

In addition to meeting the #sign# regulations of the applicable underlying zoning district, all #signs# within the Special District shall meet the following restrictions:

- (a) #signs# attached to the #street wall# of a #building# shall have a vertical dimension of not more than three feet and shall have a horizontal dimension of not more than 75 percent of the #street# frontage; and
- (b) outdoor #signs# may be illuminated by indirect means only.

(9/30/03)

112-10

SPECIAL BULK REGULATIONS

(9/28/04)

112-101**Special open space and lot coverage regulations**

In C3 Districts, for a #residential use#, the maximum #lot coverage# shall be 65 percent and the minimum required #open space# shall be 35 percent.

(9/30/03)

112-102**Special floor area regulations for mixed buildings**

In C1, C2 and C3 Districts, for #buildings# containing #residences# with frontage on City Island Avenue, not more than one #story# of #commercial use# may be provided in such #buildings# and such #story# shall be excluded from the definition of #floor area#.

(2/2/11)

112-103**Special height and setback regulations**

The underlying height and setback regulations shall apply, except that no #building or other structure# shall exceed a height limit of 35 feet, and the height shall be measured from the #base plane#. Such height and setback regulations may be modified only by authorization or special permit of the City Planning Commission, as applicable, pursuant to Sections 112-106 or 112-107.

(2/2/11)

112-104**Special transparency requirements along City Island Avenue**

For #buildings# with ground floor #commercial# or #community facility uses# fronting upon City Island Avenue, the provisions of this Section shall apply to any #street wall# of such #building# facing City Island Avenue. At least 50 percent of the total surface area of such wall between #curb level# and 12 feet above #curb level#, or to the ceiling of the ground floor,

whichever is less, or to the full height of the wall if such wall is less than 12 feet in height, shall be transparent. The lowest point of any transparency that is provided to satisfy this requirement shall not be higher than two feet, six inches above #curb level#.

In addition, solid security gates that are swung, drawn or lowered to secure #commercial# or #community facility uses# shall be prohibited. All security gates installed after September 30, 2003, shall, when closed, permit visibility of at least 75 percent of the area covered by such gate when viewed from the #street#.

(2/2/11)

112-106

Authorization for modification of height and setback regulations

The City Planning Commission may authorize, within Area B, as shown on the District Plan Map in Appendix A, modifications of the underlying height and setback regulations, provided the Commission finds that:

- (a) the distribution of the #bulk# of the #building# on the #zoning lot# permits adequate access of light and air to the surrounding #streets# and properties and does not impair the views of and to the water;
- (b) the modification of the height of the #building# permits better site planning and distribution of #open space#; and
- (c) the height of the #building# does not exceed 35 feet.

The Commission may prescribe appropriate conditions and safeguards to protect the views of and to the water and to minimize adverse effects on the surrounding area. That portion of any #zoning lot# used for boat sales, manufacture, storage or repair shall be exempt from the provisions of this Section.

(2/2/11)

112-107

Special permit for modification of height and setback regulations

The City Planning Commission may permit, within Area A, as shown on the District Plan Map in Appendix A, modifications of the

underlying height and setback regulations, provided the Commission finds that:

- (a) the distribution of the #bulk# of the #building# on the #zoning lot# permits adequate access of light and air to the surrounding #streets# and properties and does not impair the views of and to the water;
- (b) the modification of the height of the #building# permits better site planning and distribution of #open space#; and
- (c) the height of the #building# does not exceed 50 feet.

The Commission may prescribe appropriate conditions and safeguards to protect the views of and to the water and to minimize adverse effects on the surrounding area. That portion of any #zoning lot# used for boat sales, manufacture, storage or repair shall be exempt from the provisions of this Section.

(4/30/08)

112-11

Special Parking Regulations

(2/2/11)

112-111

Accessory parking for commercial uses

For any #commercial# or mixed use #development# except for eating or drinking establishments, one off-street #accessory# parking space shall be provided for every 300 square feet of #commercial floor area#. The provisions of Section 73-45 (Modification of Off-Site Parking Provisions) are hereby made inapplicable.

(2/2/11)

112-112

Accessory parking and floor area requirements for eating or drinking establishments

After July 10, 1985, for any #development#, #extension# or change of #use# involving an eating or drinking establishment that, in the aggregate, results in an increase of more than 150 square

feet of #floor area#, one off-street #accessory# parking space shall be provided for each 150 square feet of the total of the existing and new #floor area#.

After July 10, 1985, any reduction in the number of existing off-street #accessory# parking spaces, either on-site or off-site, that lowers the ratio of off-street #accessory# parking space per #floor area# to less than one space per 150 square feet of #floor area# is prohibited.

New off-site #accessory# parking for eating or drinking establishments in C1 or C2 Districts may be located only in C1 or C2 Districts.

For the purposes of this Section, #floor area# shall also include #cellar# space, except for a room or rooms in the #cellar# used exclusively for storage, and outdoor table service areas used for eating or drinking establishments. The outdoor table service area shall be delineated and shown on the plans filed with the application for a building or work permit and used to determine the minimum requirement for #accessory# off-street parking. Such outdoor table service area shall be separated from the #accessory# off-street parking by a fence, wall, railing or planted screening.

For eating or drinking establishments, the provisions of Sections 36-23 or 44-23 (Waiver of Requirements for Spaces below Minimum Number) or Sections 52-41 (General Provisions) with respect only to #enlargements# or #extensions# to provide off-street parking spaces, 73-43 (Reduction of Parking Spaces for Houses of Worship or Places of Assembly) and 73-45 (Modification of Off-Site Parking Provisions) are hereby made inapplicable. For eating or drinking establishments with frontage on City Island Avenue, if less than 15 #accessory# off-street parking spaces are required, all such parking spaces shall be waived.

(2/2/11)

112-113

Reservoir space requirements for eating and drinking establishments

All #developments#, #extensions# or changes of #use# involving an eating or drinking establishment with attendant-operated parking services shall provide adequate on-site reservoir space at the vehicular entrances to accommodate automobiles equivalent in number to 10 percent of the total number of spaces, but in no event shall such reservoir space be required for more than 10

automobiles. Reservoir space shall be delineated by painted stripes or lines pursuant to the standards of the Department of Buildings.

Within one year of March 6, 1986, all existing eating or drinking establishments with attendant-operated parking services shall provide adequate reservoir space pursuant to this Section and shall file a site plan and documented evidence of compliance with the appropriate enforcement agency, either the Department of Buildings or Department of Ports and Terminals.

(4/30/08)

112-114

Screening and tree planting requirements for all parking lots with 10 or more spaces

All new or #enlarged# parking lots with 10 or more spaces shall comply with the screening requirement provisions of this Section.

#Accessory# parking spaces that adjoin #zoning lots# with #residential uses# shall be screened by an opaque wall or fence extending not less than six feet but not higher than eight feet above finished grade, or alternatively, by a planting strip at least five feet wide and densely planted with evergreen shrubs at least four feet high at time of planting, and of a variety expected to reach a height of six feet within three years, or by both. No chain link fences shall be permitted.

#Accessory# parking spaces that adjoin #zoning lots# with non-#residential uses# shall be screened by an opaque wall or fence extending at least four feet high but not higher than six feet above finished grade, or alternatively by a planting strip at least five feet wide and densely planted with evergreen shrubs at least two and one-half feet high at time of planting. Open chain link fences shall be permitted only within such planting strip, and such fences shall extend at least four feet but not more than six feet above finished grade.

#Accessory# parking spaces that front upon a #street# shall be screened in accordance with the provisions of paragraphs (a), (b) and (c) of Section 37-921 (Perimeter landscaping).

In addition, such screening shall be maintained in good condition at all times, may be interrupted by normal entrances or exits and shall have no #signs# hung or attached thereto other than those permitted in Sections 32-62 (Permitted Signs), 32-63 (Permitted Advertising Signs) or 42-52 (Permitted Signs).

(4/30/08)

112-115

Location of parking spaces along City Island Avenue

No parking shall be permitted between the #street line# of City Island Avenue and the #street wall# of any #building# or its prolongation facing City Island Avenue. However, this provision shall not apply to #waterfront zoning lots#.

(2/2/11)

112-13

Zoning Applicability at the Shoreline

(2/2/11)

112-131

Location of zoning district boundary lines

Zoning district boundary lines shall coincide with the #shoreline# lawfully existing on November 13, 1981, or any natural or lawful alteration thereof.

(2/2/11)

112-132

Naturally or lawfully altered shorelines and development rights on piers

A zoning district boundary line which intersects the #shoreline# lawfully existing on November 13, 1981, shall be prolonged, in a straight line, to such naturally or lawfully altered #shoreline#. Lawfully approved piers or other lawfully approved structural extensions of the #shoreline#, as may be so altered, shall not generate development rights; however, #uses accessory# to the principal upland permitted #use#, except for off-street parking, shall be permitted.

(2/2/11)

112-14

Special Requirements for Waterfront Access

Except in R1 and R2 Districts, for #developments# containing #residences# on #waterfront zoning lots# of 65,000 square feet or more, a publicly accessible waterfront sitting area shall be provided. Such sitting area shall abut the #shoreline#, have a minimum area of 2,500 square feet, a minimum depth of 50 feet measured from the #shoreline# and contain at least one linear foot of seating for every 100 square feet of public access area. Entrances of #buildings# may not front upon such sitting area.

Such sitting area shall be accessible by means of either a direct connection to a public sidewalk or a public way through the #zoning lot# directly connecting the sitting area with a public sidewalk. Such public way shall be comprised of a planting strip of at least four feet in width containing one tree of at least three-inch caliper for every 25 linear feet of length of such way, and a paved sidewalk of at least six feet in width or, for #developments# with #private roads#, sidewalks provided in accordance with the requirements for #private roads#, as set forth in Article II, Chapter 6.

Such public access areas shall comply with the provisions of Sections 62-74 (Requirements for Recordation), 62-70 (MAINTENANCE AND OPERATION REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), 62-651 (Guardrails, gates and other protective barriers), 62-652 (Seating) and 62-654 (Signage).

The Chairperson of the City Planning Commission shall certify to the Department of Buildings or Department of Business Services, as applicable, that a site plan has been submitted showing compliance with the provisions of this Section.

(1/20/77)

Article XI - Special Purpose Districts

Chapter 3

Special Ocean Parkway District

(1/20/77)

113-00

GENERAL PURPOSES

The "Special Ocean Parkway District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include among others the following specific purposes:

- (a) to promote and strengthen the scenic landmark designation of Ocean Parkway by requiring landscaping along Ocean Parkway;
- (b) to maintain the existing scale and character of the community by limiting the bulk of permitted community facilities;
- (c) to protect the environmental quality of and improve circulation within the District by requiring enclosed parking for all uses along Ocean Parkway and by requiring off-street loading for certain community facilities throughout the District; and
- (d) to promote the most desirable use of land in this area and thus to conserve the value of land and thereby protect the City's tax revenue.

(10/9/13)

113-01

General Provisions

In harmony with the general purposes of the #Special Ocean Parkway District# and in accordance with the provisions of this Chapter, certain specified regulations of the districts on which the #Special Ocean Parkway District# is superimposed are made inapplicable and special regulations are substituted therefor. Except as modified by the express provisions of the Special

District, the regulations of the underlying districts remain in force. In #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

The Subdistrict of the #Special Ocean Parkway District# is identified in Appendix A of this Chapter. In addition to the requirements of Sections 113-10 through 113-40, inclusive, the special regulations set forth in Sections 113-50 through 113-57, inclusive, shall apply to the Subdistrict.

(1/20/77)

113-10 SPECIAL BULK REGULATIONS

(2/2/11)

113-11 Special Bulk Regulations for Community Facilities

All #community facility buildings#, and portions of #buildings# containing #community facility uses#, shall be subject to the applicable underlying district #bulk# regulations of Article II, Chapter 3 (Bulk Regulations for Residential Buildings in Residence Districts), except as provided below:

- (a) in R2X Districts, the #residential bulk# regulations of an R3-1 District shall apply to #community facility buildings#;
- (b) in R6 or R7 Districts with a letter suffix, the applicable #bulk# regulations set forth in Article II, Chapter 4 (Bulk Regulations for Community Facility Buildings in Residence Districts) shall apply;
- (c) in the Subdistrict, the #bulk# regulations of Article II, Chapter 3 shall apply, except as set forth in Section 113-503 (Special bulk regulations); and
- (d) in R6 or R7 Districts without a letter suffix, the #community facility bulk# regulations of Article II, Chapter 4, may be made applicable by certification of the City Planning Commission, pursuant to Section 113-41 (Certification for Community Facility Uses on Certain Corner Lots).

(2/2/11)

113-12

Special Front Yard Regulations

For all #zoning lots# with frontage along Ocean Parkway, there shall be a 30 foot #front yard#. No obstructions including porches either open or enclosed, canopies or stairs are permitted within the #front yard#. Any driveway within such #front yard# shall be perpendicular to the #street line# or, in the case where the #street wall# is not parallel with the #street line#, the driveway shall be perpendicular to the #street wall#.

Balconies pursuant to Section 23-13 may, by a depth of not more than six feet, penetrate #front yards# except along Ocean Parkway.

(1/20/77)

113-20

SPECIAL PARKING AND OFF-STREET LOADING REGULATIONS

(2/2/11)

113-21

Special Parking Regulations

For all #developments# having frontage on Ocean Parkway, all required or permitted #accessory# off-street parking spaces shall be #completely enclosed#.

(2/2/11)

113-22

Special Off-Street Loading Regulations

- (a) For any #building# containing a #school# for children below grade 7, off-street loading facilities shall be provided in accordance with the requirements of this Section. Such off-street loading facilities shall be so situated and arranged

to provide head-in and head-out movement of vehicles on two separate #streets#, and shall have a minimum dimension of 12 feet. All such off-street loading facilities shall be screened from adjacent #zoning lots# by a four foot buffer of shrubbery that is at least four feet high at the time of planting.

- (b) For other #schools# with no children below grade 7, an off-street loading facility shall be provided with a minimum dimension of 12 by 18 feet.

(1/20/77)

113-30

SPECIAL LANDSCAPING REGULATIONS

Within the 30 foot #front yard# required along Ocean Parkway, landscaping in the form of grass, ground cover, trees or shrubs shall be provided at #curb level# or the natural grade level. Paving within the #front yard# shall be limited to the amount necessary for driveways or walkways. Fences are permitted along the #front# or #side lot line# provided that such fence is no higher than 4 feet above #curb level#.

(4/30/08)

113-31

Tree Planting Requirements

In addition to the applicable underlying #street# tree planting requirements, all changes of #use# on #zoning lots# having frontage on Ocean Parkway, shall provide #street# trees in accordance with the provisions of Section 26-41 (Street Tree Planting).

(12/19/96)

113-40

CERTIFICATIONS AND AUTHORIZATIONS FOR COMMUNITY FACILITIES

(2/2/11)

113-41

Certification for Community Facility Uses on Certain Corner Lots

Within the #Special Ocean Parkway District#, the City Planning Commission may allow, by certification, #community facility developments# or #enlargements# or changes of #use# containing #community facility uses#, to exceed the #bulk# regulations of Section 113-11 (Special Bulk Regulations for Community Facilities) when located on #corner lots#, one #lot line# of which is the #street line# of a #wide street#, provided that:

- (a) the #community facility building# will comply with the #bulk# regulations of Article II, Chapter 4 (Bulk Regulations for Community Facility Buildings in Residence Districts); and
- (b) the scale of the proposed #community facility building# is appropriate to the scale of the surrounding #development#.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(2/2/11)

113-42

Authorization for Enlargements of Community Facility Buildings

Within the #Special Ocean Parkway District#, the City Planning Commission may authorize #enlargements# that exceed the #bulk# limitations of Section 113-11 (Special Bulk Regulations for Community Facilities), provided:

- (a) the existing #building# is a #community facility building developed# prior to December 19, 1996;
- (b) the existing #community facility building# is located partially or wholly on a #corner lot#, one #lot line# of which is the #street line# of a #wide street#;
- (c) the #enlarged community facility building# will comply with the #bulk# regulations of Article II, Chapter 4 (Bulk Regulations for Community Facility Buildings in Residence Districts); and
- (d) the scale of the proposed #community facility building# is appropriate to the scale of the surrounding area.

The Commission may prescribe appropriate conditions and

safeguards to minimize adverse effects on the character of the surrounding area.

(8/3/93)

113-50
THE SUBDISTRICT

(8/3/93)

113-501
General purposes

In order to preserve and enhance the character of the neighborhood, the Subdistrict within the Special Ocean Parkway District is established which encourages large single- or two-family detached and semi-detached residences.

(8/3/93)

113-502
Special use regulations

Within the Subdistrict, #single-# and #two-family detached# and #semi-detached residences# and #uses# listed in Use Groups 3 or 4 are the only permitted #uses#. #Non-conforming single-# or #two-family residences# may be #enlarged# or #extended# pursuant to the provisions of the Subdistrict provided that a 30 foot #rear yard# is maintained. All other #non-conforming uses# shall be subject to the provisions of Article V, Chapter 2 (Non-Conforming Uses).

(2/2/11)

113-503
Special bulk regulations

For #single-# and #two-family detached# and #semi-detached residences#, and for #zoning lots# containing both #community facility# and #residential uses#, certain underlying district #bulk# regulations are set forth in Article II, Chapter 3 (Bulk

Regulations for Residential Buildings in Residence Districts), except as superseded by those set forth in Sections 113-51 through 113-55, inclusive. The regulations applicable to a #predominantly built-up area# shall not apply in the Subdistrict.

For #community facility buildings#, the #bulk# regulations of Article II, Chapter 3, are superseded by those set forth in Sections 113-51 (Maximum Permitted Floor Area Ratio), 113-542 (Minimum required front yards), 113-543 (Minimum required side yards), 113-544 (Minimum required rear yards) and 113-55 (Height and Setback Regulations). The provisions of Sections 24-01 (Applicability of this Chapter), 24-011 (Exceptions to the bulk regulations of this Chapter), paragraph (a), and 24-04 (Modification of Bulk Regulations in Certain Districts), pertaining to R4-1 Districts, shall not apply in the Subdistrict.

(8/3/93)

113-51

Maximum Permitted Floor Area Ratio

The maximum permitted #floor area ratio# shall be 1.50.

(7/26/01)

113-52

Density Regulations

The regulations set forth in Section 23-22 (Maximum Number of Dwelling Units or Rooming Units) pertaining to R4-1 Districts shall apply.

(2/2/11)

113-53

Lot Area, Lot Width and Density Regulations

The regulations set forth in Section 23-31 (Minimum Lot Area or Lot Width for Residences) pertaining to R4-1 Districts shall apply to #residential uses#. The regulations set forth in Section 24-20 (APPLICABILITY OF DENSITY REGULATIONS TO ZONING LOTS CONTAINING BOTH RESIDENTIAL AND COMMUNITY FACILITY USES), pertaining to R4 Districts, shall apply to #buildings# used partly for #residence# and partly for #community facility use#.

(8/3/93)

113-54

Yard Regulations

(2/2/11)

113-541

Permitted obstructions in required yards or rear yard equivalents

For permitted #residential uses#, the provisions of Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) shall apply with the following modifications:

- (a) open #accessory# off-street parking spaces shall not be located within a #front yard# unless such spaces are located in a permitted #side lot ribbon#;
- (b) three-foot overhangs in a required 18 foot #front yard# in R4 or R5 Districts shall not be permitted; and
- (c) balconies shall not be a permitted obstruction in #rear yards# or #rear yard equivalents#.

(8/3/93)

113-542

Minimum required front yards

The regulations set forth in Section 23-45 (Minimum Required Front Yards) pertaining to R4-1 Districts shall apply.

(2/2/11)

113-543

Minimum required side yards

The regulations set forth in Section 23-461 (Side yards for single- or two- family residences) pertaining to R4A Districts shall apply to #detached buildings#. The regulations in that

Section pertaining to R4-1 Districts shall apply to #semi-detached residences#.

For an existing #single-# or #two-family residence# with a #non-complying side yard#, an #enlargement# involving a straight line extension of the existing #building# walls facing such #non-complying side yard# is permitted, provided that:

- (a) the portion of the #building# which is #enlarged# complies with the height and setback regulations set forth in Section 113-55;
- (b) the minimum distance between such #building# wall and the nearest #building# wall, or prolongation thereof, on an adjoining #zoning lot# across the common #side lot line# is eight feet;
- (c) the #enlarged building# does not contain more than two #dwelling units#;
- (d) that there is no encroachment on the existing #non-complying side yard#, except as set forth in this Section; and
- (e) the #enlargement# does not otherwise result in the creation of a new #non-compliance# with the applicable #bulk# regulations.

(8/3/93)

113-544

Minimum required rear yards

One #rear yard# with a depth of not less than 20 feet shall be provided on any #zoning lot# except a #corner lot#. The provisions of Section 23-52 (Special Provisions for Shallow Interior Lots) shall be inapplicable. The provisions of Section 23-53 (Special Provisions for Through Lots) pertaining to R4 Districts shall apply except that the provisions in Section 23-533 (Required rear yard equivalents) shall be modified to require 40 feet instead of 60 feet in paragraph (a), or 20 feet instead of 30 feet in paragraphs (b) and (c).

(2/2/11)

113-545

Special provisions for side lot line walls

The regulations set forth in Section 23-49 (Special Provisions for Side Lot Line Walls) pertaining to R4-1 Districts shall apply.

(2/2/11)

113-55

Height and Setback Regulations

The height and setback regulations of a #building or other structure# in the Subdistrict shall be as set forth in Section 23-631, for #buildings or other structures# in R4A Districts, except that paragraph (b) (2) shall be modified as follows:

Each perimeter wall of the #building or other structure# may have one or more apex points directly above it on the 35 foot high plane. (See Section 23-631, Figure B).

(8/3/93)

113-56

Parking Regulations

(8/3/93)

113-561

General provisions

Except as set forth in this Section, the regulations set forth in Article II, Chapter 5 (Accessory Off-Street Parking and Loading Regulations), pertaining to R2X Districts shall apply.

(2/2/11)

113-562

Parking requirements

One #accessory# off-street parking space shall be provided for each #dwelling unit# created after August 3, 1993. This requirement may be waived for a #single-family residence# on an

#interior zoning lot# that has a width of less than 25 feet along a #street#.

(11/2/78)

Article XI - Special Purpose Districts

Chapter 4

Special Bay Ridge District

(3/23/05)

114-00

GENERAL PURPOSES

The "Special Bay Ridge District" established in this Resolution is designed to promote and protect the public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to preserve, protect and maintain the existing scale and character of the residential and commercial community;
- (b) to encourage design of residential, commercial and community facility development which is in character with the neighborhood and surrounding community; and
- (c) to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby to protect the City's tax revenues.

(2/2/11)

114-01

General Provisions

In harmony with the general provisions and intent of this Resolution and the general purposes of the #Special Bay Ridge District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter. The provisions of this Chapter shall apply to all #buildings#.

Except as modified by the provisions of this Chapter, the regulations of the underlying districts remain in effect.

(3/23/05)

114-10

SPECIAL BULK REGULATIONS

In the #Special Bay Ridge District#, the maximum #floor area ratio# and height and setback regulations shall apply as modified in this Section, inclusive.

(2/2/11)

114-11

Special Floor Area Regulations

In C8-2 Districts, for any #zoning lot#, the maximum #floor area ratio# for any #community facility use# shall not exceed 3.0.

In R4A, R4-1, R4B or R5B Districts, the #bulk# regulations of Article II, Chapter 4, shall apply only to a #building# that is used entirely for #community facility use#, except that the maximum #floor area ratio# shall not exceed 1.65. For a #building# that is used partly for #community facility use# and partly for #residential use#, the #bulk# regulations of Article II, Chapter 3, shall apply to all portions of such #building#, except that where:

- (a) such #community facility use# has received tax-exempt status from the New York City Department of Finance, or its successor, pursuant to Section 420 of the New York State Real Property Tax Law; or
- (b) such #building# has received an authorization pursuant to Section 24-04 (Modifications of Bulk Regulations in Certain Districts);

the #bulk# regulations of Article II, Chapter 4, shall apply to the #community facility# portion of such #building#, provided that the maximum #floor area ratio# for the #community facility use# shall not exceed 1.65.

(3/23/05)

114-12

Special Height and Setback Regulations

(4/30/12)

114-121

Special rooftop regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings or other structures# in R6A, R6B, R7A, R7B, C4-2A and C8-2 Districts in the #Special Bay Ridge District#, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts).

(2/2/11)

114-122

Maximum building height and setback

In the #Special Bay Ridge District#, the height and setback and maximum #building# height regulations of the underlying districts have been modified as follows:

(a) In C8-2 Districts

In C8-2 Districts, the maximum height of a #building or other structure# shall be 70 feet. Any portion of a #building or other structure# that exceeds a height of 60 feet shall be set back with a depth of at least ten feet from a #wide street line# and at least 15 feet from a #narrow street line#.

(b) For #community facilities# in #Residence Districts#

In R3A, R3X, R3-2, R4A, R4-1, R4B and R5B Districts, the maximum height of a #building or other structure# containing #community facility uses# shall not exceed 32 feet.

Article XI - Special Purpose Districts

Chapter 5

Special Downtown Jamaica District

(2/2/11)

115-00

GENERAL PURPOSES

The "Special Downtown Jamaica District" established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Downtown Jamaica community. These general goals include, among others, the following specific purposes, to:

- (a) strengthen the business core of Downtown Jamaica by improving the working and living environments;
- (b) foster development in Downtown Jamaica and provide direction and incentives for further growth where appropriate;
- (c) encourage the development of affordable housing;
- (d) expand the retail, entertainment and commercial character of the area around the transit center and to enhance the area's role as a major transportation hub in the City;
- (e) provide transitions between the downtown commercial core, the lower-scale residential communities and the transportation hub;
- (f) improve the quality of development in Downtown Jamaica by requiring the provision of specified public amenities in appropriate locations;
- (g) encourage the design of new buildings that are in character with the area;

- (h) enhance the pedestrian environment by relieving sidewalk congestion and providing pedestrian amenities; and
- (i) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenues.

(2/2/11)

115-01

General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Downtown Jamaica District#, the regulations of this Chapter shall apply within the #Special Downtown Jamaica District#. The regulations of all other chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

Any special permit granted by the City Planning Commission before September 10, 2007, may be started or continued, in accordance with the terms thereof, or as such terms may be subsequently modified, pursuant to the regulations in effect at the time such special permit was granted, subject to the provisions of Sections 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and 11-43 (Renewal of Authorization or Special Permit).

(9/10/07)

115-02

District Plan and Maps

The regulations of this Chapter implement the #Special Downtown Jamaica District# Plan.

The District Plan includes the following maps in the Appendix to this Chapter:

- Map 1 - Special Downtown Jamaica District
- Map 2 - Ground Floor Use and Transparency and Curb Cut Restrictions
- Map 3 - Street Wall Location
- Map 4 - Street Wall Height
- Map 5 - Maximum Building Height
- Map 6 - Sidewalk Widening

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

(9/10/07)

115-10

SPECIAL USE REGULATIONS

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying district shall apply except as modified in this Section, inclusive. The #use# regulations of the underlying C4-5X, C6 and M1-4 Districts relating to #public parking garages# are modified in Section 115-11. The #use# regulations of the underlying C6-4 District relating to Use Group 11B, are modified in Section 115-12. Special ground floor #use# and transparency regulations shall apply in the C4-5X and C6 Districts pursuant to Sections 115-13 (Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts) and 115-14 (Transparency Requirement in C4-5X and C6 Districts). The #use# regulations of the underlying M1-4 District, including Use Groups 3, 4, 6, 10, 16, 17 and 18, are modified as specified in Section 115-15.

(4/14/10)

115-11

Public Parking Garages

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying C4-5X, C6-2, C6-3, C6-4 and M1-4 Districts shall be modified to permit #public parking garages# with a capacity of 150 spaces or less, as-of-right, subject to the provisions set forth for #accessory# off-street parking spaces in Sections 36-53 (Width of Curb Cuts and Location of Access to the Street), 36-55 (Surfacing) and 36-56 (Screening). #Public parking garages# may be open or enclosed, provided that no portion of such #use# shall be located on a roof other than a roof which is immediately above a #cellar# or #basement#, except as provided by the special permit provisions of Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas).

(9/10/07)

115-12

Use Group 11B in C6-4 Districts

In C6-4 Districts, the provisions of Section 32-20 (Use Group 11), paragraph B (Wholesale or Similar Establishments), shall be modified to allow wholesale establishments with no limitation on #accessory# storage.

(2/2/11)

115-13

Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts

On designated #streets#, as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in Appendix A of this Chapter, the special ground floor #use#, frontage and major #building# entrance regulations of this Section shall apply to any #building or other structure# fronting on such #streets#.

#Uses# within #stories# on the ground floor or with a floor level within five feet of the level of the adjoining sidewalk, and within 30 feet of the #street line#, shall be limited to #community facility uses# without sleeping accommodations, as listed in Section 115-15 (Modification

of Use Regulations in M1-4 Districts), and #uses# listed in Use Groups 5, 6A, 6B, 6C, 6D, 7A, 7B, 8A, 8B, 8D, 9, 10, 11, 12A, 12B and 12C. A #building's street# frontage shall be allocated exclusively to such #uses#, except for lobby space, entryways or entrances to subway stations.

In no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a #building# entrance recess exceed, in total, 30 feet, or 50 percent of the #building's# total #street# frontage, whichever is less.

For #buildings developed# or #enlarged# after September 10, 2007, where the ground floor of such #development# or #enlarged# portion of the #building# fronts upon such designated #street#, such #development# or #enlargement# shall provide a major #building# entrance onto such #street#. However, #developments# or #enlargements# on #zoning lots# with frontage on more than one designated #street#, may provide a major #building# entrance on only one designated #street#.

(2/2/11)

115-14

Transparency Requirement in C4-5X and C6 Districts

For #buildings developed# or #enlarged# after September 10, 2007, where the ground floor of such #development# or #enlarged# portion of the #building# fronts upon designated #streets# as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in Appendix A of this Chapter, each ground floor #street wall# shall be glazed with transparent materials which may include #show windows#, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 50 percent of the area of each such ground floor #street wall#, measured to a height of 10 feet above the level of the adjoining sidewalk.

(2/2/11)

115-15

Modification of Use Regulations in M1-4 Districts

The #use# regulations of the underlying M1-4 District shall apply, except as modified as follows:

Use Groups 3A and 4A

The following #community facility uses# as listed in Sections 22-13 (Use Group 3) and 22-14 (Use Group 4) shall be permitted as-of-right, provided that such #uses# are without sleeping accommodations:

From Use Group 3A:

College or universities, including professional schools but excluding business colleges or trade schools

Libraries, museums or non-commercial art galleries, without limitation

#Schools#

From Use Group 4A:

Ambulatory diagnostic or treatment health care facilities, limited to public, private, for-profit or not-for-profit medical, health and mental health care facilities in which patients are diagnosed or treated by health care professionals, licensed by the New York State Department of Education or successor agency, for medical, health or mental health conditions, and where such patients are ambulatory rather than admitted. Such facilities shall not include the practice of veterinary medicine, #physical culture or health establishments# or ophthalmic dispensing

Clubs, except:

- (a) clubs, the chief activity of which is a service predominantly carried on as a business;
- (b) non-commercial outdoor swimming pool clubs;
- (c) any other non-commercial clubs with outdoor swimming pools located less than 500 feet from any #lot line#; or
- (d) any activity or #use# listed within the definitions of either #adult physical culture establishments# or

#physical culture or health establishments# in
Section 12-10 (DEFINITIONS)

Community centers or settlement houses

Non-commercial recreation centers

Philanthropic or non-profit institutions, without
limitation on central office functions

Rectories and parish houses

Seminaries

Welfare centers

Use Groups 6 and 10

All #uses# listed in Sections 32-15 (Use Group 6) and 32-19
(Use Group 10), shall be permitted and shall not be subject
to the limitations specified in Section 42-12 (Use Groups
3A, 6A, 6B, 6D, 6F, 7B, 7C, 7D, 7E, 8, 9B, 9C, 10A, 10B,
10C, 11, 12A, 12C, 12D, 12E, 13, 14 and 16).

Use Groups 16, 17 and 18

The following #uses# from Sections 32-25 (Use Group 16),
42-14 (Use Group 17) and 42-15 (Use Group 18) shall be
permitted, provided that such #uses# are in #completely
enclosed buildings#, except as specifically modified in
this Section.

From Use Group 16A (Retail or Service Establishments):

Animal hospitals or kennels

Automobile, motorcycle, trailer or boat sales

Building materials sales, limited to 10,000 square feet
of #lot area# per establishment

Carpentry, custom woodworking or custom furniture making
shops

Electrical, glazing, heating, painting, paper hanging,
plumbing, roofing or ventilating contractors'
establishments

Fuel, ice, oil, coal or wood sales, limited to 5,000 square feet of #lot area# per establishment

Household or office equipment or machinery repair shops, such as refrigerators, washing machines, stoves, deep freezers or air conditioning units

Machinery rental or sales establishments

Mirror silvering or glass cutting shops

Motorcycle or motor scooter rental establishments

Sign painting shops, with no limitation on #floor area# per establishment

Silver plating shops, custom

Soldering or welding shops

Tool, die or pattern making establishments, or similar small machine shops

Trade schools for adults

From Use Group 16B (Automotive Service Establishments):

#Automotive service stations#, open or enclosed, provided that facilities for lubrication, minor repairs or washing are permitted only if located within a #completely enclosed building#

From Use Group 16C (Vehicle Storage Establishments):

Commercial or public utility vehicle storage, including #accessory# motor fuel pumps

From Use Group 16D (Heavy Service, Wholesale or Storage Establishments):

Carpet cleaning establishments

Dry cleaning or cleaning and dyeing establishments, with no limitation on type of operation, solvents, #floor area# or capacity per establishment

Laundries, with no limitation on type of operation

Linen, towel or diaper supply establishments

Moving or storage offices, with no limitation as to storage or #floor area# per establishment

Packing or crating establishments

Photographic developing or printing, with no limitation on #floor area# per establishment

Warehouses

Wholesale establishments, with no limitation on #accessory# storage

From Use Group 17A (Service or Wholesale Establishments):

Building materials or contractors' yards, including sales, storage, or handling of building materials, with no limitation on #lot area# per establishment, except that lumber yards shall be limited to 20,000 square feet of #lot area# per establishment

Produce or meat markets, wholesale

From Use Group 17B (Manufacturing Establishments):

Advertising displays

Aircraft, including parts

Apparel or other textile products from textiles or other materials, including hat bodies, or similar products

Beverages, non-alcoholic

Bottling work, for all beverages

Brushes or brooms

Cameras or other photographic equipment, except film

Canvas or canvas products

Carpets

Ceramic products, including pottery, small glazed tile, or similar products

Chemicals, compounding or packaging

Cork products

Cosmetics or toiletries

Cotton ginning, or cotton wadding or linters

Electrical appliances, including lighting fixtures, irons, fans, toasters, electric toys, or similar appliances

Electrical equipment assembly, including home radio or television receivers, home movie equipment, or similar products, but not including electrical machinery

Electrical supplies, including wire or cable assembly, switches, lamps, insulation, dry cell batteries, or similar supplies

Film, photographic

Food products, except slaughtering of meat or preparation of fish for packing

Fur goods, not including tanning or dyeing

Glass products from previously manufactured glass

Hair, felt or feather products, except washing, curing or dyeing

Hosiery

Ice, dry or natural

Ink or inked ribbon

Jute, hemp, sisal or oakum products

Laboratories, research, experimental or testing

Leather products, including shoes, machine belting, or similar products

Luggage

Machines, business, including typewriters, accounting machines, calculators, card-counting equipment, or similar products

Machinery, miscellaneous, including washing machines, firearms, refrigerators, air-conditioning, commercial motion picture equipment, or similar products

Machine tools, including metal lathes, metal presses, metal stamping machines, woodworking machines, or similar products

Mattresses, including rebuilding or renovating

Metal finishing, plating, grinding, sharpening, polishing, cleaning, rust-proofing, heat treatment, or similar processes

Metal stamping or extrusion, including costume jewelry, pins and needles, razor blades, bottle caps, buttons, kitchen utensils, or similar products

Motorcycles, including parts

Musical instruments, including pianos or organs

Novelty products

Optical equipment, clocks, or similar precision instruments

Orthopedic or medical appliances, including artificial limbs, braces, supports, stretchers, or similar appliances

Paper products, including envelopes, stationery, bags, boxes, shipping containers, bulk goods, tubes, wallpaper printing, or similar products

Perfumes or perfumed soaps, compounding only

Pharmaceutical products

Plastic products, including tableware, phonograph records, buttons, or similar products

Printing or publishing, with no limitation on #floor area# per establishment

Rubber products, such as washers, gloves, footwear, bathing caps, atomizers, or similar products, excluding manufacture of natural or synthetic rubber

Scenery construction

Silverware, plate or sterling

Soap or detergents, packaging only

Sporting or athletic equipment, including balls, baskets, cues, gloves, bats, racquets, rods, or similar products

Statuary, mannequins, figurines, or religious art goods, excluding foundry operations

Steel products, miscellaneous fabrication or assembly, including steel cabinets, doors, fencing, metal furniture, or similar products

Textiles, spinning, weaving, manufacturing, dyeing, printing, knit goods, yarn, thread or cordage

Tobacco, including curing or tobacco products

Tools or hardware, including bolts, nuts, screws, doorknobs, drills, hand tools or cutlery, hinges, house hardware, locks, non-ferrous metal castings, plumbing appliances, or similar products

Toys

Umbrellas

Upholstering, bulk, excluding upholstering shops dealing directly with consumers

Vehicles, children's, including bicycles, scooters, wagons, baby carriages, or similar vehicles

Venetian blinds, window shades, or awnings, with no limitation on production or on #floor area# per establishment

Wax products

Wood products, including furniture, boxes, crates, baskets, pencils, cooperage works, or similar products

From Use Group 17C (Miscellaneous #Uses#):

Public transit, railroad or electric utility substations, open or enclosed, subject to the special permit provisions of Sections 73-16 or 74-61 (Public Transit, Railroad or Electric Utility Substations)

Railroads, including rights-of-way, freight terminals, yards or appurtenances, or facilities or services used or required in railroad operations, but not including passenger stations

From Use Group 18:

Breweries, limited to 10,000 square feet of #floor area# per establishment

#Uses accessory# to the preceding listed #uses#

(9/10/07)

115-16

Modification of Article V, Chapter 2

Within the #Special Downtown Jamaica District#, for any #zoning lot# in a C8-1 District prior to September 10, 2007, the provisions of paragraph (b) of Section 52-332 (Other buildings or structures in Residence Districts) and the provisions of paragraph (b) of Section 52-35 (Manufacturing or Related Uses in Commercial Districts) shall be modified as follows: A #non-conforming use# listed in Use Group 16 may not be changed to a #use# listed in Use Group 17.

(9/10/07)

115-20

SPECIAL BULK REGULATIONS

(2/2/11)

115-21

Floor Area Ratio, Open Space and Lot Coverage

- (a) Maximum #floor area ratio# for #zoning lots# containing non-#residential uses#

In C6-2 and C6-3 Districts, the underlying #floor area ratio# and #open space# provisions shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for #commercial# and #community facility uses#, separately or in combination, shall not exceed 6.0 in C6-2 Districts and 8.0 in C6-3 Districts. No #floor area# bonuses shall be permitted.

In C6-4 Districts, the underlying #floor area ratio# provisions, including #floor area# bonus provisions, shall apply to #community facility uses#. For #commercial uses#, the maximum #floor area ratio# shall be 12.0, and no #floor area# bonuses shall apply.

In M1-4 Districts, the maximum #floor area ratio# permitted for #commercial#, #community facility# or #manufacturing uses#, separately or in combination, shall be 2.0.

- (b) Maximum #floor area ratio# for #zoning lots# containing #residential uses#

The maximum #floor area ratio# for any #zoning lot# containing a #residential use# shall not exceed the #floor area ratio# set forth in Section 115-211 (Special Inclusionary Housing regulations) for the applicable district.

- (c) #Lot coverage#

In C4 and C6 Districts, for #residential buildings# or the #residential# portion of a #mixed building#, the maximum #lot coverage# shall be 80 percent on a #corner lot# and 70 percent on an #interior# or #through lot#. However, no #lot coverage# provisions shall apply to any #zoning lot# comprising an entire #block# or to any #zoning lot# comprising a #corner lot# of 5,000 square feet or less.

(2/2/11)

115-211

Special Inclusionary Housing regulations

(a) Applicability

R7A, R7X, C4-4A, C4-5X, C6-2, C6-3 and C6-4 Districts within the #Special Downtown Jamaica District# shall be #Inclusionary Housing designated areas#, pursuant to Section 12-10 (DEFINTIONS), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90 (INCLUSIONARY HOUSING), inclusive, applicable as modified, within the Special District.

(b) Maximum #floor area ratio#

The maximum #floor area ratio# for any #zoning lot# containing a #residential use# shall not exceed the base #floor area ratio# set forth in the table in this Section, except that such base #floor area ratio# may be increased to the maximum #floor area ratio#, set forth in Section 23-952, through the provision of #affordable housing#, pursuant to the provisions relating to #Inclusionary Housing designated areas# in Section 23-90, inclusive.

District	Base #Floor Area Ratio#
R7A C4-4A	3.45
R7X C4-5X	3.75
R8 C6-2	5.4
R9 C6-3	6.0
R10 C6-4	9.0

(c) Modification of location requirements

The requirements of paragraph (a) of Section 23-96 (Requirements for Generating Sites) shall be modified as follows: a #generating site# may be located in any #Inclusionary Housing designated area# within the #Special Downtown Jamaica District#.

(d) Height and setback

The height and setback regulations of paragraph (a) of Section 23-954 shall not apply. In lieu thereof, the special height and setback regulations of Section 115-23, inclusive, of this Chapter shall apply.

(10/29/07)

115-22

Modification of Rear Yard Regulations

#Rear yard# requirements shall not apply to non-#residential uses# along such portion of a #lot line# that coincides with a boundary of a railroad right-of-way, or in any portion of a C6-4 District.

(10/29/07)

115-23

Height and Setback Regulations

In M1-4 Districts, the underlying height and setback regulations shall apply except as modified in Section 115-231 (Permitted obstructions).

In C4 and C6 Districts, the underlying height and setback regulations are modified as set forth in Sections 115-231 through 115-235, inclusive.

For #zoning lots# subject to the sidewalk widening requirements of Section 115-31, the boundary of the sidewalk widening furthest from the #street line# shall be considered the #street line# for the purposes of applying all height and setback regulations.

All heights shall be measured from the #base plane#.

(4/30/12)

115-231

Permitted obstructions

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Downtown Jamaica District#, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts).

(2/2/11)

115-232

Street wall location

C4 C6

In the districts indicated, #street walls# shall be provided in accordance with the provisions of this Section.

- (a) For all locations, except as specified on Map 3 (Street Wall Location) in Appendix A of this Chapter, the #street wall# of a #building# shall be located on the #street line# and extend along at least 70 percent of the #street# frontage of the #zoning lot#. No #street wall# location rules shall apply to the remaining portion of the #street frontage# of the #zoning lot#; however, any #street walls# provided in such portion shall be located on the #street line# or recessed within an #outer court#. All required #street walls# shall rise without setback to at least the minimum base height specified in Section 115-233 (Street wall height), or the height of the #building#, whichever is less. For #zoning lots# bounded by more than one #street line#, these #street wall# location requirements shall apply on all such #street lines#.
- (b) Map 3 (Street Wall Location) in Appendix A of this Chapter, specifies the #street# frontages where the regulations set forth in this paragraph, (b), apply.

- (1) The #street wall# shall be located on the #street line# and extend along the entire #street# frontage as specified on Map 3, and shall rise without setback to at least the minimum base height specified in Section 115-233, or the height of the #building#, whichever is less. This requirement shall also apply along that portion of any #street line# that intersects such #street# frontage, specified on Map 3, within 50 feet of such intersection.
- (2) To allow articulation of #street walls# at the intersection of two #street lines# with mandatory #street wall# requirements, up to 50 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines# may be unoccupied by a #building#.
- (3) Where corner articulation is specified on Map 3, the following regulations shall apply:
 - (i) Where base corner articulation is specified, the #building# shall occupy, at every level up to the level of the setback provided pursuant to Section 115-233, not less than 50 percent and not more than 75 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines#.
 - (ii) Where tower corner articulation is specified, no articulation is required where all portions of the #building# that exceed a height of 60 feet are located at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#. Where a #building# rises without setback along those #street lines# where no setback is required, as specified on Map 4 (Street Wall Height), in Appendix A of this Chapter, the #building# shall cover, at every level above the setback provided pursuant to Section 115-233, not less than 50 percent and not more than 75 percent of the area bounded by:

- (a) the #street line# of the #street# where no setback is required;
 - (b) a line 10 feet from and parallel to a #wide street# with a setback requirement or 15 feet from and parallel to a #narrow street# with a setback requirement; and
 - (c) lines parallel to and 20 feet from such lines.
- (4) No #street wall# location requirements shall apply to any open space fronting on Sutphin Boulevard between 94th and 95th Avenues provided pursuant to the Jamaica Gateway Urban Renewal Plan, as shown on Map 3.
- (5) For #building# walls facing Archer Avenue on Blocks 9988 and 9994, the #street walls# required pursuant to this paragraph, (b), shall not be located along the Archer Avenue #street line#, but shall instead be located along the northern boundary of the Public Place mapped on each such block. However, if the Public Place is not mapped on Block 9994, then the #street wall# shall be located on a line perpendicular to 147th Place and passing through a point 51.77 feet distant (as measured along the southwesterly #street line# of 147th Place) from the corner of the northeasterly #street line# of Archer Avenue and the southwesterly #street line# of 147th Place. To accommodate the #development# of a one #story building# which may be located within each Public Place, such #street walls# shall have no #building# entrances or windows up to a height of 30 feet within 100 feet of 147th Place on Block 9994 and within 100 feet of 146th Street on Block 9988.
- (c) In all locations where #street walls# are required, recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#.

Above a height of 12 feet, up to 30 percent of the aggregate width of required #street walls# may be

recessed beyond the #street line#, provided any such recesses deeper than 10 feet along a #wide street#, or 15 feet along a #narrow street#, are located within an #outer court#. Furthermore, no recesses shall be permitted within 30 feet of the intersection of two #street lines# except to articulate the #street walls# as set forth in this Section.

Existing #buildings# may be vertically #enlarged# by up to one #story# or 15 feet, without regard to the #street wall# location requirements of this Section.

(2/2/11)

115-233

Street wall height

C4 C6

Except in the locations indicated on Map 4 (Street Wall Height) in Appendix A of this Chapter, the minimum and maximum heights before setback of a #street wall# required pursuant to Section 115-232 (Street wall location), shall be as set forth in the following table:

District	#Street Wall#	Minimum Height	Maximum Height
C4-4A		40 feet	65 feet
C4-5X		40 feet	85 feet
C6		40 feet	60 feet

Any portion of a #building# that exceeds the maximum height of a #street wall# shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

In the locations indicated on Map 4, required #street walls# shall rise without setback to the minimum height specified for that location on Map 4 or the height of the #building#, whichever is less. Any portion of a #building# that exceeds the maximum #street wall# height specified for that location shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

However, in the locations indicated on Map 4 where no maximum #street wall# height or setback is required, #street walls# required pursuant to Section 115-232 shall rise without setback to a minimum height of 40 feet or the height of the #building#, whichever is less. Above a height of 40 feet, no setbacks are required for any portion of the #building#.

(2/2/11)

115-234

Maximum building height

C4 C6

In C4-4A Districts, no #building or other structure# shall exceed a height of 80 feet.

In C4-5X Districts, no #building or other structure# shall exceed a height of 125 feet.

In C6-2 and C6-3 Districts, no #building or other structure# shall exceed a height of 250 feet. In C6-4 Districts, no #building or other structure# shall exceed a height of 290 feet. However, no maximum #building# height limitation shall apply on Block 9993, shown on Map 5 (Maximum Building Height) in Appendix A of this Chapter, if such #block# is #developed# or if a #building# on such #block# is #enlarged#, pursuant to the Jamaica Gateway Urban Renewal Plan.

(10/29/07)

115-235

Transition area

R6 R7 R8 R9 R10

In the districts indicated, and in #Commercial Districts# where such #Residence District bulk# regulations are applicable, that portion of a #building# located within 25 feet of an adjacent #zoning lot# in an R1, R2, R3, R4 or R5 District shall not exceed a maximum height of 35 feet. In

addition, an open area not higher than #curb level# shall be provided within eight feet of such adjacent #zoning lot#. Such open area may be used for #accessory# parking.

(9/10/07)

115-30

MANDATORY IMPROVEMENTS

(4/9/13)

115-31

Sidewalk Widenings

The provisions of this Section shall apply to all #developments# fronting upon locations requiring sidewalk widenings as shown on Map 6 (Sidewalk Widening)s in Appendix A of this Chapter. A sidewalk widening is a continuous, paved open area along the #street line# of a #zoning lot# having a depth of two feet or five feet, as set forth on Map 6. Such depth shall be measured perpendicular to the #street line#. Sidewalk widenings shall be improved as sidewalks to Department of Transportation standards, at the same level as the adjoining public sidewalk and directly accessible to the public at all times. No #enlargement# shall be permitted to decrease the depth of such sidewalk to less than such minimum required total sidewalk depth.

All mandatory sidewalk widenings must provide lighting in accordance with the requirements of Section 37-743, except that the minimum level of illumination shall be not less than two horizontal foot candles throughout the entire mandatory sidewalk widening.

(2/2/11)

115-32

Refuse Storage, Recreation Space and Planting Areas

All #buildings# containing #residences# shall provide refuse storage space, recreation space and planting areas in accordance with the provisions of Sections 28-23 (Refuse Storage and Disposal) and 28-30 (RECREATION SPACE AND PLANTING AREAS), whether or not they are #Quality Housing buildings#.

(2/2/11)

115-40

RESIDENTIAL CONVERSIONS

In all #Commercial Districts#, the #conversion# to #dwelling units# of #non-residential buildings#, or portions thereof, erected prior to January 1, 1977, shall be permitted subject to Sections 15-11 (Bulk Regulations), 15-12 (Open Space Equivalent) and 15-30 (Minor Modifications), paragraph (b).

#Uses# in #buildings# erected prior to January 1, 1977, containing both #residential# and non-#residential uses# shall not be subject to the provisions of Section 32-42 (Location within Building).

(9/10/07)

115-50

SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

(2/2/11)

115-51

Parking and Loading Regulations

Within the #Special Downtown Jamaica District#, the off-street parking and loading regulations shall be modified, as follows:

(a) #Commercial# and #manufacturing uses#

In C4, C6 and M1 Districts, the off-street parking and loading regulations of a C4-4 District shall apply, except as modified in this Section.

- (1) For any #use# that is not allowed in a C4 District, the underlying off-street parking requirements of the applicable C6-2, C6-3, C6-4 or M1-4 District shall apply.
- (2) In C4, C6 and M1 Districts, the provisions of Sections 36-12 and 44-12 (Maximum Size of Accessory Group Parking Facilities) shall be modified to permit an #accessory group parking facility# to contain up to 300 off-street parking spaces. Pursuant to the provisions of Sections 36-13 and 46-13 (Modification of Maximum Size of Accessory Group Parking Facilities), the Commissioner of Buildings may permit such #group parking facility# to contain up to 150 additional spaces.
- (3) In C4, C6 and M1 Districts, the provisions of Section 36-21 (General Provisions) pertaining to #accessory# off-street parking spaces for #commercial# or #community facility uses# shall be modified as follows: #uses# in Use Groups 6B (Offices), 10B (Wholesale Establishments) and 11B (Wholesale Establishments), with parking requirement category B1, shall be required to provide one parking space per 2,000 square feet of #floor area#.
- (4) Modification of Waiver of Parking Requirements
 - (i) In C4, C6 and M1 Districts, the provisions of Sections 36-23 and 44-23 (Waiver of Requirements for Spaces Below Minimum Number) shall only apply to #zoning lots# existing both on September 10, 2007 and on the date of application for a building permit.
 - (ii) In C4, C6 and M1 Districts, for any #commercial use# permitted in a C4 or C6 District, the waiver provisions for a C4-4 District set forth in Section 36-232 (In districts with very low parking

requirements) shall not apply. In lieu thereof, the maximum number of #accessory# off-street parking spaces for which requirements are waived shall be 15 spaces, pursuant to the waiver provisions for a C4-2 District set forth in Section 36-231 (In districts with high, medium or low parking requirements).

- (iii) The provisions of Sections 36-342 (Reduced requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) and 36-344 (Waiver of requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply in the #Special Downtown Jamaica District#.

(b) #Residential uses#

- (1) The provisions of Section 25-12 (Maximum Size of Accessory Group Parking Facilities) shall be modified to permit an #accessory group parking facility# to contain up to 300 off-street parking spaces. Pursuant to the provisions of Section 25-13 (Modification of Maximum Size of Accessory Group Parking Facilities), the Commissioner of Buildings may permit such #group parking facility# to contain up to 150 additional spaces.
- (2) The required #accessory# off-street parking space regulations of the underlying districts in the #Special Downtown Jamaica District# shall be modified as follows: The regulations set forth for an R6A District in Section 25-20 shall apply. The regulations set forth for an R6 District in Sections 25-50 (RESTRICTIONS ON LOCATIONS OF ACCESSORY OFF-STREET PARKING SPACES), inclusive, and 25-60 (ADDITIONAL REGULATIONS FOR PERMITTED OR REQUIRED ACCESSORY OFF-STREET PARKING SPACES), inclusive, shall apply except as modified in paragraphs (b)(3) and (b)(4) of this Section.
- (3) In all #Residence Districts#, the provisions of Section 25-26 (Waiver of Requirements for Small Number of Spaces) are modified, as follows:

- (i) The provisions of Section 25-26 shall only apply to #zoning lots# existing both on September 10, 2007, and on the date of application for a building permit.
 - (ii) For all #developments# or #enlargements# containing #residences#, the maximum number of #accessory# off-street parking spaces for which requirements are waived shall be five spaces.
- (4) The provisions of Section 25-52 (Off-Site Spaces for Residences) and 25-521 (Maximum distance from zoning lot) shall be modified to permit the location of permitted or required off-street parking spaces #accessory# to #residences# on a #zoning lot# other than the same #zoning lot# as the #residences# to which such spaces are #accessory#, provided that such #zoning lot# is no more than 1,500 feet from the nearest boundary of the #zoning lot# occupied by the #residences# to which they are #accessory#.
- (5) The provisions of Section 36-42 (Off-Site Spaces for Residences) and 36-421 (Maximum distance from zoning lot) shall be modified to permit the location of permitted or required off-street parking spaces #accessory# to #residences# on a #zoning lot# other than the same #zoning lot# as the #residences# to which such spaces are #accessory#, provided that such #zoning lot# is no more than 1,500 feet from the nearest boundary of the #zoning lot# occupied by the #residences# to which they are #accessory#.

(9/10/07)

115-52

Location of Access to the Street

Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in Appendix A of this Chapter specifies locations where curb cuts shall be prohibited within the #Special Downtown Jamaica District#.

However, where permitted or required #accessory# off-street parking and loading requirements apply in a location where such curb cuts are prohibited, a curb cut may be allowed, provided that the City Planning Commission certifies to the Commissioner of Buildings that such #zoning lot# has access only to such prohibited location and that such curb cut shall be no greater than 20 feet in width.

An application to the City Planning Commission for certification respecting such curb cut shall be accompanied by a site plan drawn to a scale of at least one sixteenth inch to a foot, showing the size and location of the proposed curb cut.

The waiver provisions of Article III, Chapter 6 (Accessory Off-Street Parking and Loading Regulations), shall not apply to the special location of access requirements of this Section.

(2/2/11)

115-60

SPECIAL PERMIT TO MODIFY USE OR BULK REGULATIONS

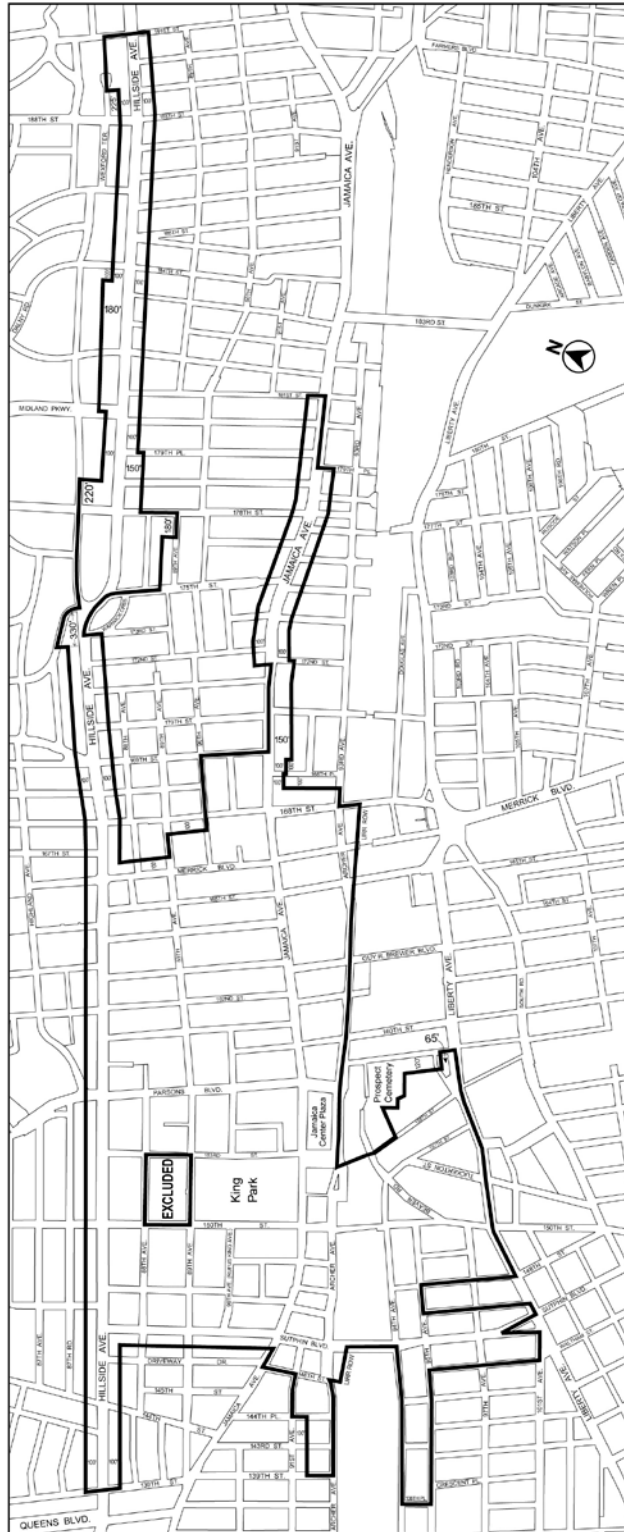

For any #zoning lot# within the #Special Downtown Jamaica District#, the City Planning Commission may permit modification of the #use# or #bulk# regulations, except #floor area ratio# provisions, provided the Commission shall find that such:

- (a) #use# or #bulk# modification will aid in achieving the general purposes and intent of the Special District;
- (b) #use# modification will encourage a lively pedestrian environment along the #street# or mandatory sidewalk widening, or is necessary for, and the only practicable way to achieve, the programmatic requirements of the development;
- (c) #bulk# modifications will enhance the distribution of #bulk# on the #zoning lot#;
- (d) #bulk# modifications will permit adequate access of light and air to surrounding #streets# and properties;
and

(e) #use# or #bulk# modification will relate harmoniously to the character of the surrounding area.

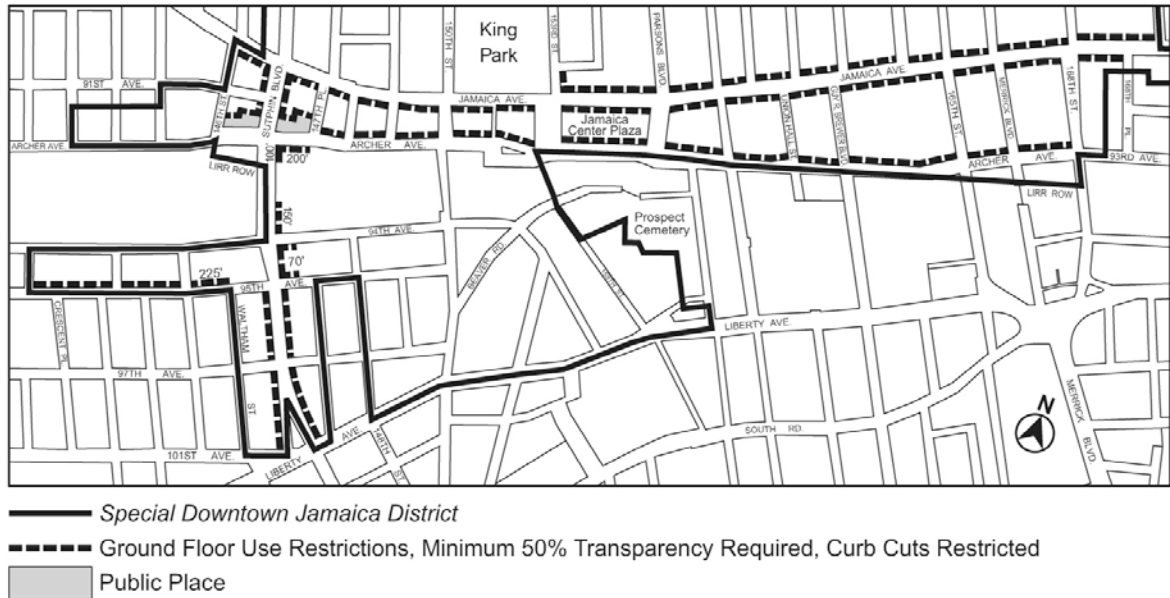

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

Article XI - Special Purpose Districts

Chapter 6

Special Stapleton Waterfront District

(2/2/11)

116-00

GENERAL PURPOSES

The "Special Stapleton Waterfront District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include among others, the following specific purposes:

- (a) encourage design of development that is in character with the neighborhood and surrounding community;
- (b) maintain and reestablish physical and visual public access to and along the waterfront;
- (c) strengthen the traditional town center of Stapleton by allowing the development of residential and commercial uses;
- (d) encourage the creation of a lively and attractive environment that will provide daily amenities and services for the use and enjoyment of the working population and the new residents;
- (e) take maximum advantage of the beauty of the New York Harbor waterfront, thereby best serving the business community, the residential population and providing regional recreation; and
- (f) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect City tax revenues.

(10/25/06)

116-01

Definitions

For the purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS) or in this Section.

Esplanade

The "Esplanade" is a park extending along all waterfront edges of the #Special Stapleton Waterfront District#. The #Esplanade# is shown in the District Plan, Map 1 (Special Stapleton Waterfront District, Subareas and Public Spaces), in the Appendix to this Chapter.

Mandatory front building wall

A "mandatory front building wall" is the front wall of a #building# that generally coincides with a #mandatory front building wall line#, as provided in Section 116-232 (Street wall location).

Mandatory front building wall line

"Mandatory front building wall lines" are imaginary lines extending through Subarea B of the #Special Stapleton Waterfront District# which are shown on Map 3 (Mandatory Front Building Wall Lines) in the Appendix to this Chapter, and with which #building# walls must generally coincide, as provided in Section 116-232.

Pier Place, the Cove

"Pier Place" and the "Cove" are designated open spaces accessible to the public, located within the #Special Stapleton Waterfront District# as shown in the District Plan, Map 1, in the Appendix to this Chapter.

Upland connection

An "upland connection" is a pedestrian way that provides a public access route from the #Esplanade# to a public sidewalk within a public #street#. Required #upland connections# are shown in the District Plan, Map 5 (Upland Connections and Visual Corridors), in the Appendix to this Chapter.

Visual corridor

A "visual corridor" is a public #street# or tract of land within a #block# that provides a direct and unobstructed view to the water from a vantage point within a public #street#. Required #visual corridors# are shown in the District Plan, Map 5, in the Appendix to this Chapter.

(10/9/13)

116-02

General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Stapleton Waterfront District#, the provisions of this Chapter shall apply to all #developments#, #enlargements# and changes of #use# within the #Special Stapleton Waterfront District#. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

Within the #Special Stapleton Waterfront District#, the regulations of the underlying C4-2A District shall apply, as modified in this Chapter.

(10/25/06)

116-03

District Plan and Maps

The District Plan for the #Special Stapleton Waterfront District# identifies specific areas comprising the Special District in which special zoning regulations are

established in order to carry out the general purposes of the #Special Stapleton Waterfront District#.

These areas shall include the #Esplanade#, Subareas A, B1, B2, B3, B4, B5, C, and two designated public open spaces: #Pier Place# and the #Cove#.

The District Plan includes the following maps in the Appendix to this Chapter.

Map 1 Special Stapleton Waterfront District, Subareas and Public Spaces

Map 2 Ground Floor Use and Frontage Requirements

Map 3 Mandatory Front Building Wall Lines

Map 4 Restricted Curb Cut and Off-Street Loading Locations

Map 5 Upland Connections and Visual Corridors

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter shall apply.

(10/25/06)

116-04 Subareas

In order to carry out the purposes and provisions of this Chapter, the following subareas are established within the #Special Stapleton Waterfront District#: Subarea A, Subarea B, comprised of Subareas B1, B2, B3, B4 and B5, Subarea C, the #Esplanade#, #Pier Place# and the #Cove#. In each of these subareas, special regulations apply that may not apply in other subareas.

(10/25/06)

116-05

Applicability

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), shall not apply in the #Special Stapleton Waterfront District#, except where specifically stated otherwise in this Chapter.

#Lower density growth management area# regulations shall not apply in the #Special Stapleton Waterfront District#.

(10/25/06)

116-10

SPECIAL USE REGULATIONS

Within the #Special Stapleton Waterfront District#, the following special #use# regulations shall apply. The #use# regulations of the underlying C4-2A District shall be modified by Sections 116-101 through 116-13, inclusive.

(10/25/06)

116-101

Use Groups 12 and 14

The #uses# listed in Section 32-21 (Use Group 12) shall not be permitted in Subarea C.

The #uses# listed in Section 32-23 (Use Group 14) shall be permitted in the #Special Stapleton Waterfront District#; boat storage, repair or painting, however, shall be allowed without restriction relating to boat length.

(10/25/06)

116-102

Special permit uses

#Physical culture or health establishments# shall be permitted in Subarea B2. The special permit provisions of Section 73-36 shall not apply.

(10/25/06)

116-103

Supplementary use regulations

The provisions of Section 32-41 (Enclosure within Buildings) shall be modified as follows: In Subarea B3, a farmers' market may be unenclosed.

The provisions of Section 32-423 (Limitation on ground floor location) shall be modified as follows: In Subareas B1 and B2, the #uses# listed in Section 32-18 (Use Group 9) may be located on the ground floor and within 50 feet of any #street wall# of the #building# and with #show windows# facing on the #street#.

(10/25/06)

116-11

Special Sign Regulations

The #sign# regulations of the underlying C4-2 District in Section 32-60 (Sign Regulations) shall be modified as follows: #flashing signs# shall not be permitted in the #Special Stapleton Waterfront District#.

(2/2/11)

116-12

Mandatory Ground Floor Use and Frontage Requirements

The provisions of Section 32-433 (Ground floor use in C1, C2 and C4 Districts in the Borough of Staten Island) shall not apply in the #Special Stapleton Waterfront District#. However, on designated #streets# and #mandatory front building wall lines# in Subareas B3 and C, as shown on Map 2 in the Appendix to this Chapter, the special ground floor #use# and frontage regulations of this Section shall apply to any #building developed# or #enlarged# after October 25, 2006.

#Uses# located on the ground floor level, or within two feet of the as-built level of the adjoining sidewalk, shall be limited to the non-#residential uses# permitted by the underlying district regulations, as modified by the special #use# provisions of this Chapter. A #building's# ground floor frontage shall be allocated exclusively to such #uses#, and shall have a depth of at least 30 feet from the #street wall# of the #building# and extend along the entire width of the #building#, except for lobbies or entrances to #accessory# parking spaces.

In no event shall lobbies and entrances to #accessory# parking spaces occupy more than 50 percent of the #building's# total frontage along such #street# or #mandatory front building wall line#, or 35 feet, whichever is less. However, the total length of such frontage occupied by such lobbies and entrances need not be less than 25 feet.

(10/25/06)

116-13

Transparency Requirements

Within the #Special Stapleton Waterfront District#, the transparency requirements of this Section shall apply to any #development# or an #enlargement# where the #enlarged# portion of the ground floor of the #building# is within eight feet of the #street line# and where non-#residential uses# are located on the ground floor level or within two feet of the as-built level of the adjoining sidewalk.

At least 50 percent of a #building's# front #building# wall surface shall be glazed and transparent at the ground floor level. For the purpose of the glazing requirements, the #building's street wall# surface at the ground floor level shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less. The lowest point of any transparency that is provided to satisfy the requirements of this Section shall not be higher than four feet above the as-built level of the adjoining sidewalk.

(10/25/06)

116-20

SPECIAL BULK REGULATIONS

The special #bulk# regulations of this Section shall apply within the #Special Stapleton Waterfront District#.

(10/25/06)

116-21

Residential Bulk Regulations in C4-2A Districts

The provisions of Sections 34-112 and 35-23 (Residential Bulk Regulations in other C1 or C2 Districts or in C3, C4, C5 or C6 Districts) are modified as follows:

The applicable #bulk# regulations for #residential uses# in C4-2A Districts shall be those for R6B Districts.

(10/25/06)

116-22

Maximum Floor Area Ratio

The maximum #floor area ratio# for all #uses# shall be 2.0.

(10/9/13)

116-221

Special floor area regulations for mixed buildings

For #buildings# containing #residences#, the area in such #buildings# occupied by non-#residential uses# on the ground floor, or within two feet of the as-built level of the adjoining sidewalk, shall be excluded from the calculation of permitted #floor area# in the #building#. However, the area occupied by non-#residential uses# on the ground floor shall be included as #floor area# for other purposes including calculating:

- (a) requirements for #accessory# off-street parking spaces;
- (b) #accessory# off-street loading berths; and
- (c) limitations on #floor area# occupied by certain #uses#.

In #flood zones#, the #floor area# exclusion permitted by this Section shall also apply to the area occupied by non-#residential uses# on the #lowest occupiable floor#, as defined in Section 64-11.

(10/25/06)

116-23

Special Height and Setback Regulations

The special height and setback regulations set forth in this Section shall apply.

(4/30/12)

116-231

Special rooftop regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings or other structures# in the #Special Stapleton Waterfront District#, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts).

(2/2/11)

116-232

Street wall location

In Subarea A, the underlying #street wall# location regulations shall apply.

In Subareas B and C, the underlying #street wall# location regulations of a C4-2A District or an R6B District, as applicable, shall be modified as set forth in this Section. Map 3 (Mandatory Front Building Wall Lines) in the Appendix to this Chapter, specifies locations in Subareas B and C where #mandatory front building wall# requirements apply as follows:

- (a) Type 1: Front #building# walls shall be coincident with and extend along the entire length of the #mandatory front building wall line#, except, to allow articulation at the intersection of two such lines, the front #building# wall may be located anywhere within 15 feet of their point of intersection.
- (b) Type 2: Front #building# walls shall be located within eight feet of and extend along at least 70 percent of the length of the #mandatory front building wall line#. For phased #development#, this requirement may be satisfied by more than one #building#, provided that upon completion 70 percent of the length of the #mandatory front building wall line# is occupied by such front #building# walls.
- (c) Wherever Map 3 does not indicate a #mandatory front building wall line#, the underlying #street wall# location rules shall apply.

If more than one #building# is #developed# in Subareas B1, B2, B3 or B4, the first #building# shall be located along a Type 1 #mandatory front building wall line#. Subsequent #buildings# shall locate along a Type 2 #mandatory front building wall line# until 70 percent of the length of the #mandatory front building wall line# is occupied.

All #mandatory front building walls# shall rise without setback to a maximum height of 40 feet or the height of the #building#, whichever is less. A #building# may exceed a height of 40 feet, up to the maximum #building# height specified in Section 116-233, if a setback is provided at a minimum height of 35 feet. Such setback shall have a minimum depth of 10 feet and shall be measured from the front #building# wall. Recesses shall be permitted on the ground floor where required to provide access to the

#building#. Above the ground floor, up to 30 percent of the aggregate width of the front #building# wall may be recessed.

However, in Subarea B2, the #mandatory front building wall# may rise without setback to the permitted maximum height of the #building#.

(10/25/06)

116-233

Maximum building height

Within the #Special Stapleton Waterfront District#, the maximum height of a #building or other structure# shall not exceed 50 feet, except in Subarea B2 where the maximum height of a #building or other structure# shall not exceed 60 feet.

(10/25/06)

116-30

SPECIAL ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS

Within the #Special Stapleton Waterfront District#, the parking and loading regulations of the underlying C4-2A District shall apply, except as modified in this Section.

(4/22/09)

116-31

Modification of Required Accessory Off-Street Parking Space Regulations for Certain Commercial Uses

The following #uses# listed in Section 32-23 (Use Group 14) shall be subject to the parking requirements applicable to a C4-2 District pursuant to Section 62-43 (Parking Requirements for Commercial Docking Facilities):

Boat rentals, open or enclosed [PRC-H]

Docks for ferries, other than #gambling vessels#, limited to an aggregate operational passenger load, per #zoning lot#, of 150 passengers per half hour [PRC-H]

Docks for sightseeing, excursion or sport fishing vessels, other than #gambling vessels#

Docks or mooring facilities for non-#commercial# pleasure boats [PRC-H].

(10/25/06)

116-32

Modification of Waiver of Requirements

The provisions of Section 36-362 (For new development or enlargements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply.

All other waivers of parking requirements shall only apply to #zoning lots# existing both on October 25, 2006, and on the date of application for a building permit.

(10/25/06)

116-33

Modification of Location of Parking Spaces

For all #zoning lots# with frontage on Front Street, no #accessory# off-street parking spaces shall be located in any open area that is between the #street wall# of the #building# and the Front Street #street line#, except that such spaces may be located between the #street wall# of the #building# and the Front Street #street line# in Subarea B5.

(10/25/06)

116-34

Location and Width of Curb Cuts

Curb cuts are prohibited in the locations shown on Map 4 (Restricted Curb Cut and Off-Street Loading Locations) in the Appendix to this Chapter.

In Subarea C, for #zoning lots# with access only to Front Street, only one curb cut shall be permitted along Front Street.

Within the #Special Stapleton Waterfront District#, the maximum width of curb cuts shall not exceed 25 feet, including splays.

(4/22/09)

116-35

Screening and Tree Planting Requirements for Parking Facilities

The provisions of this Section shall apply to any new or #enlarged# open off-street parking facility with ten spaces or more, except where the provisions of Section 37-90 (PARKING LOTS), inclusive, apply.

(a) Screening

Such off-street parking facilities shall be screened, in accordance with the provisions of this Section, from all adjoining #zoning lots#, including such #zoning lots# situated across a #street#, and from any designated open space accessible to the public situated on the same #zoning lot#, including the #Esplanade#.

Such screening shall consist of a strip at least four feet wide, densely planted with evergreen shrubs at least four feet high at the time of planting and which are of a type which may be expected to form a year-round dense screen at least six feet high within three years.

#Accessory# parking spaces that front upon a #street# shall be screened by a strip at least four feet wide and densely planted with evergreen shrubs to be

maintained at all times at a height not less than two and one-half feet and not more than four feet.

In addition, a wall or barrier or uniformly-painted fence of fire-resistant material at least four feet high but not more than eight feet above finished grade may be provided. Such wall, barrier or fence must be 100 percent opaque up to a height of four feet above the finished grade of the parking facility and not more than 35 percent opaque above four feet. No chain link fences shall be permitted. All permitted fences shall be located behind landscaped areas when viewed from the #street#.

Such screening shall be maintained in good condition at all times, may be interrupted by normal entrances or exits, and shall have no #signs# hung or attached thereto other than those permitted in Sections 32-60, inclusive, or 62-654.

(b) Tree planting requirements

Trees, pre-existing or newly-planted, shall be provided at the rate of one tree for every eight open parking spaces within the off-street parking facility and may be located on the perimeter of the parking facility or in planting islands within the parking area. For parking facilities with more than 25 open parking spaces, at least 30 percent of trees provided to meet this requirement shall be located in planting islands within the parking area. Trees shall be planted in accordance with the requirements of the Department of Parks and Recreation.

(10/25/06)

116-40

UPLAND CONNECTIONS AND VISUAL CORRIDORS

(2/2/11)

116-41

Upland Connections

In the locations shown on Map 5 (Upland Connections and Visual Corridors) in the Appendix to this Chapter, #upland connections# shall be provided. An #upland connection# traversing a #zoning lot# shall consist of a single circulation path bordered continuously along both sides by buffer zones.

(a) Required dimensions

The minimum width of the #upland connection# shall be 30 feet. When an #upland connection#, or a portion thereof, abuts a private driveway, no buffer zone is required.

(b) Buffer zone

The buffer zone is a landscaped area running along the edge of the #upland connection# that bounds the boundary of the non-public portions of the #zoning lot#; each buffer zone shall have a minimum width of seven feet. The buffer zone shall be improved entirely as planting area, except at locations:

- (1) occupied by permitted obstructions; or
- (2) where there is ground floor #commercial use# frontage on the #upland connection#, in which case that portion of the buffer zone may be paved.

(c) Permitted obstructions

The provisions of Section 62-611 (Permitted obstructions) shall apply to #upland connections# within the #Special Stapleton Waterfront District#. The permitted obstructions listed in paragraph (b)(2) of Section 62-611 are further subject to the tree and planting requirements of Section 62-655. Water-Dependent (WD) #uses# referenced in paragraph (a)(6) of Section 62-611 shall be as listed in Section 62-211.

116-42**Visual Corridors**

#Visual corridors# shall be provided in the locations shown on Map 5 in the Appendix to this Chapter. Such #visual corridors# shall be subject to the requirements of Section 116-512 (Design requirements for visual corridors).

(10/25/06)

116-50**SPECIAL URBAN DESIGN REQUIREMENTS**

The special urban design requirements of this Section, inclusive, shall apply to all #developments# and #enlargements# within the #Special Stapleton Waterfront District#.

(4/30/08)

116-51**Design Requirements for Upland Connections and Visual Corridors**

(4/22/09)

116-511**Design requirements for upland connections**

(a) Circulation and access

- (1) Where an #upland connection# abuts a private driveway, a circulation path with a minimum clear width of six feet shall be provided along both sides of the driveway. The remaining area shall be planted pursuant to the provisions of paragraph (c) of this Section.
- (2) All other #upland connections# through #zoning lots# shall have a circulation path with a minimum clear width of 16 feet.

(b) Seating

A minimum of 12 linear feet of seating shall be provided for every 100 linear feet of #upland connection#.

(c) Planting

Where an #upland connection# abuts a private driveway, a single row of shade trees shall be planted adjoining a required circulation path in accordance with the standards of Section 62-655 (Planting and trees). Within all #upland connections#, any unpaved area shall be planting area.

(4/22/09)

116-512

Design requirements for visual corridors

The requirements of this Section shall apply to all #visual corridors#. When a #visual corridor# coincides with an #upland connection#, the provisions of Section 116-521 (Design requirements for upland connections) shall also apply.

No #building or other structure# shall be erected within the width of a #visual corridor#, except as provided in this Section. #Visual corridors# shall be the width of the #street# but shall not be less than 50 feet wide.

Permitted obstructions within #visual corridors# shall be limited to:

- (a) boats, ships or other vessels, and #floating structures# permitted as-of-right by paragraph (a) of Section 62-25 (Uses on Floating Structures);
- (b) any moving or parked vehicles or street furniture, including, but not limited to, benches, seats, kiosks, carts and open display booths, lighting fixtures, flagpoles, trash receptacles, drinking fountains and public telephones;

- (c) guardrails and fences, provided they comply with the design standards of Section 62-651 (Guardrails, gates and other protective barriers), except that fences may be eight feet high;
- (d) sculpture;
- (e) planting areas, provided that no shade trees are planted within a 15 foot wide area along both sides of the center line of the #visual corridor#; and
- (f) those obstructions permitted in #rear yards# as listed in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), except walls exceeding four feet in height shall not be permitted.

(4/22/09)

116-53

Waterfront Public Access Signage

The New York City Waterfront Symbol Plaque shall be used to direct the public to waterfront public access areas including the #Esplanade# and #upland connections# and to identify the entry points of these areas. Such signage shall be provided in accordance with requirements of Section 62-654.

(2/2/11)

116-54

Refuse Storage Areas

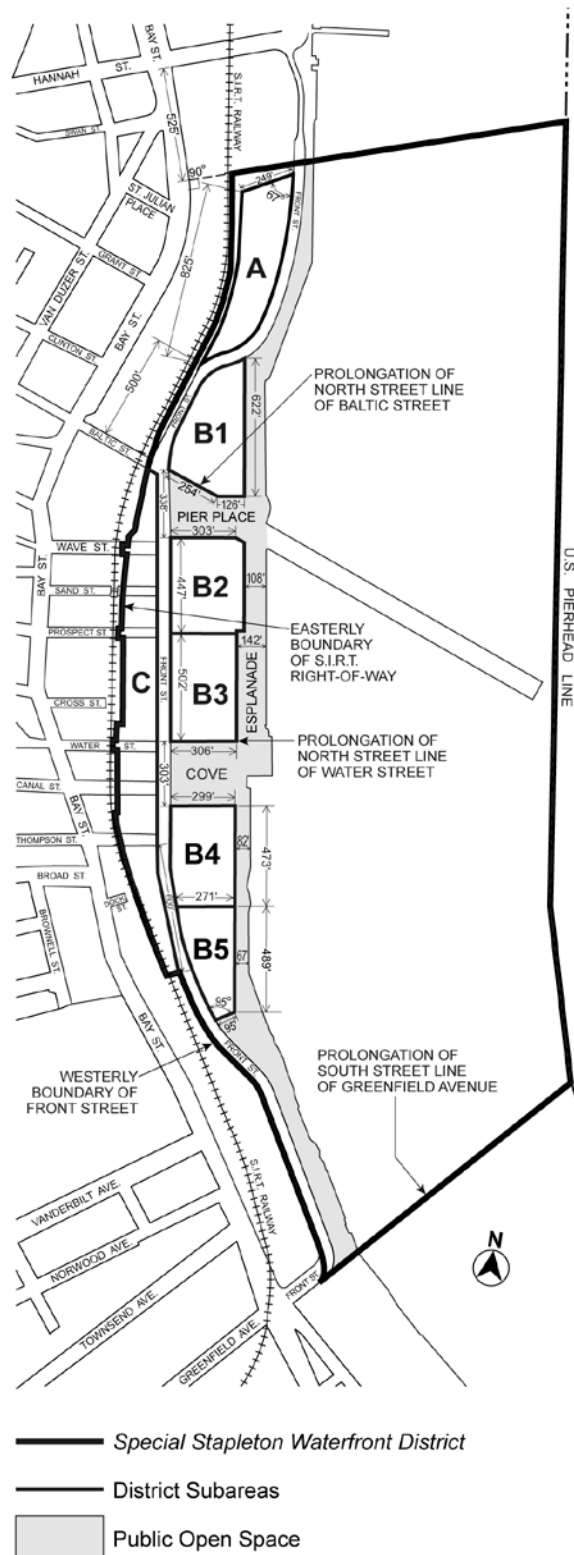

Refuse shall be stored within a #completely enclosed building#.

(10/25/06)

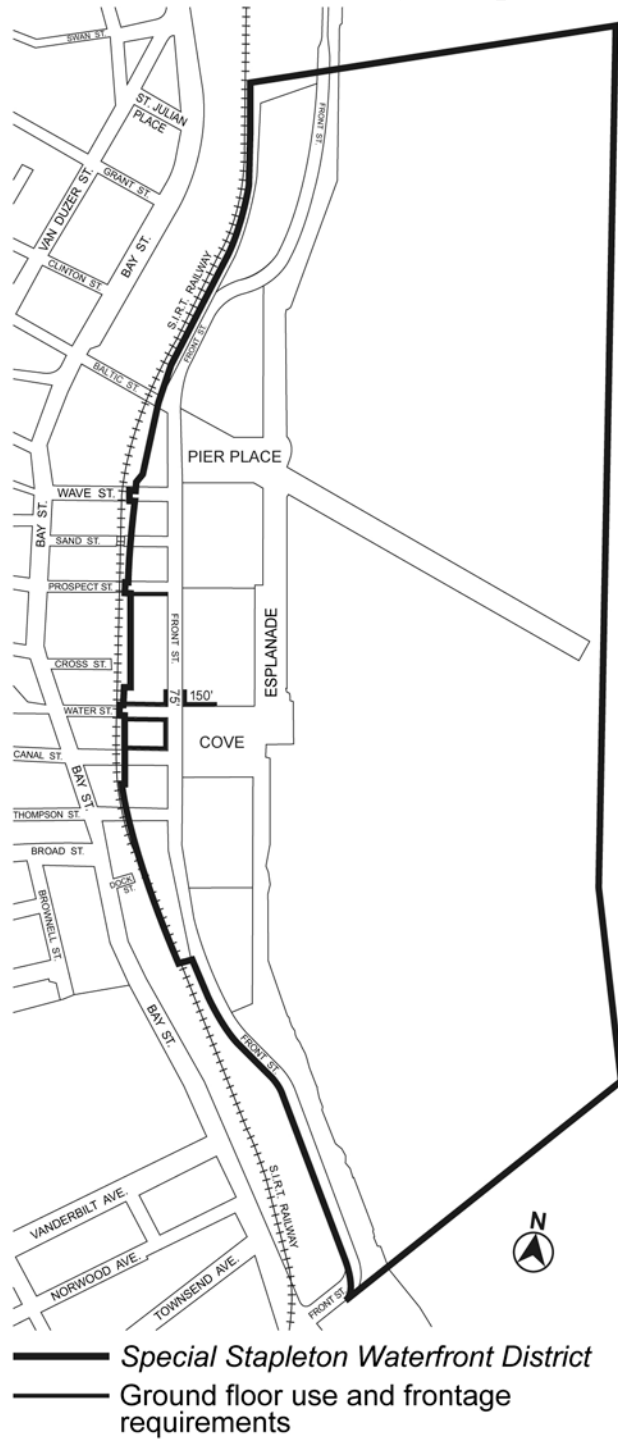

Appendix A

Stapleton Waterfront District Plan

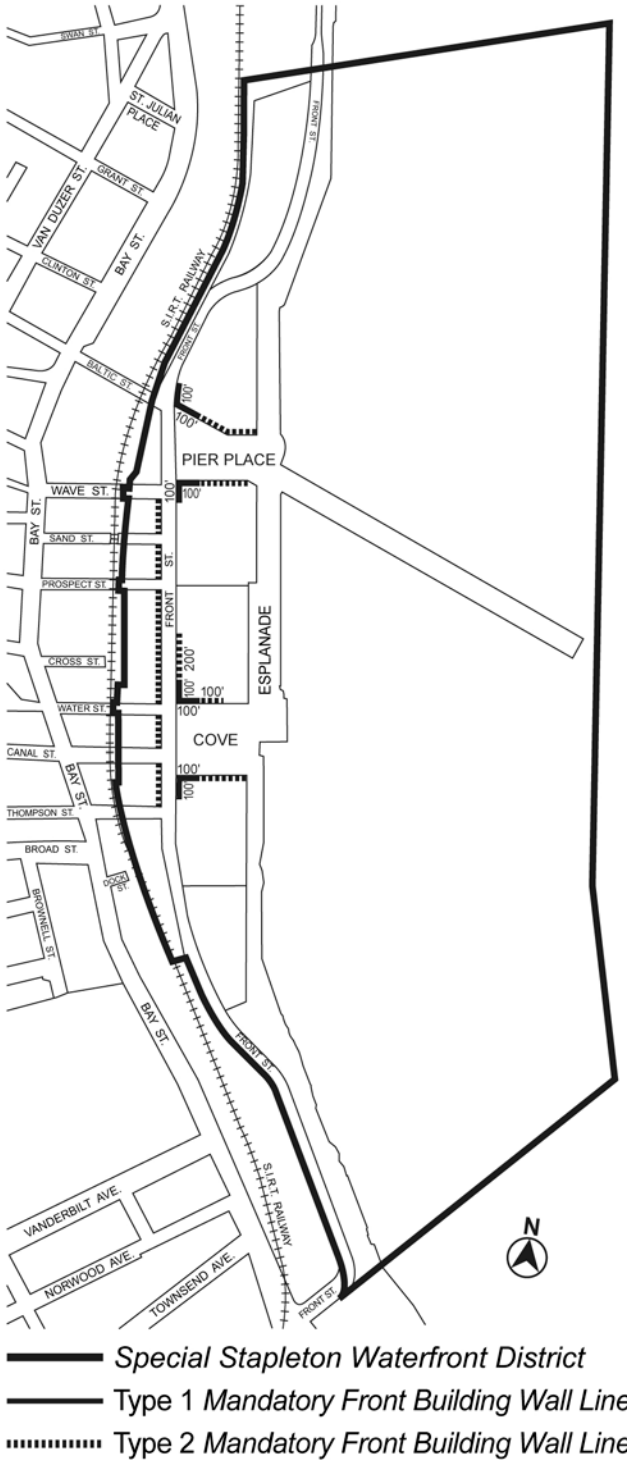

Map 1. Special Stapleton Waterfront District, Subareas and Public Spaces

Map 2. Ground Floor Use and Frontage Requirements

Map 3. Mandatory Front Building Wall Lines

This map shows the Pier Place area in San Francisco. The map is oriented with North at the top. A north arrow is located in the bottom right corner. A scale bar is located in the bottom left corner, showing distances of 100' and 150'.

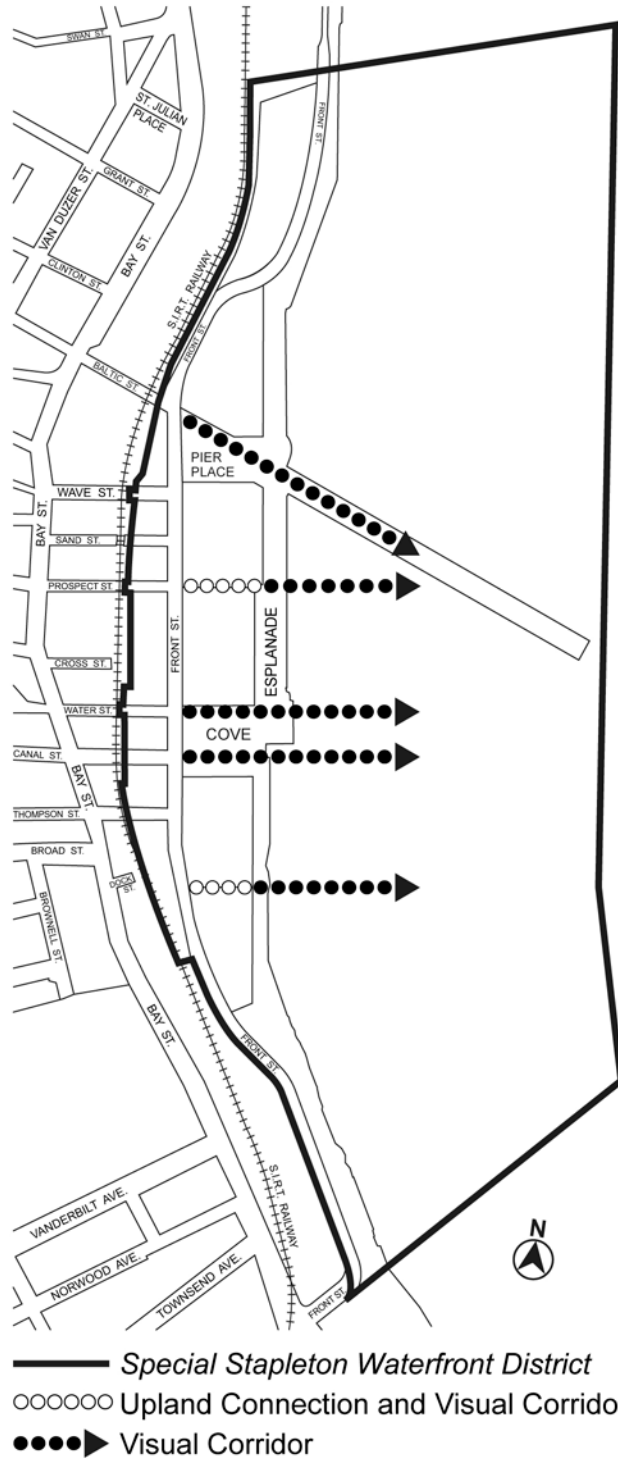

The map includes the following streets and landmarks:

- Streets:** SWAN ST, VAN DUZER ST, CLINTON ST, GRANT ST, BAY ST, ST JULIAN PLACE, BAL TIC ST, WAVE ST, SAND ST, PROSPECT ST, CROSS ST, WATER ST, CANAL ST, BAY ST, THOMPSON ST, BROAD ST, BRONNELL ST, VANDERBILT AVE, NORWOOD AVE, TOWNSEND AVE, FRONT ST, BAY ST, FRONT ST, BAY ST, FRONT ST.
- Landmarks:** PIER PLACE, COVE, ESPLANADE, S.F. RAIL RAILWAY, S. J. JONES ST.

The map shows the layout of the streets and the location of the Pier Place, Cove, and Esplanade. The S.F. RAIL RAILWAY runs along the right side of the map. The S. J. JONES ST runs along the top right. The BAY ST runs along the bottom left. The FRONT ST runs along the bottom right. The COVE is located in the center of the map. The ESPLANADE is located on the right side of the map. The PIER PLACE is located in the center of the map.

Article XI - Special Purpose Districts

Chapter 7

Special Long Island City Mixed Use District

(2/2/11)

117-00

GENERAL PURPOSES

The "Special Long Island City Mixed Use District" established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Long Island City community. These general goals include, among others, the following specific purposes:

- (a) support the continuing growth of a mixed residential, commercial and industrial neighborhoods by permitting expansion and development of residential, commercial, community facility and light manufacturing uses where adequate environmental standards are assured;
- (b) encourage the development of moderate to high density commercial uses within a compact transit-oriented area;
- (c) strengthen traditional retail streets in Hunters Point by allowing the development of new residential and retail uses;
- (d) encourage the development of affordable housing;
- (e) promote the opportunity for people to work in the vicinity of their residences;
- (f) retain jobs within New York City;
- (g) provide an opportunity for the improvement of Long Island City; and
- (h) promote the most desirable use of land and thus conserve the value of land and buildings and thereby protect City tax revenues.

(10/7/08)

117-01

Definitions

Definitions specifically applicable to this Chapter are set forth in this Section. Other defined terms are set forth in Section 12-10 (DEFINITIONS).

Mixed use building or development

For the purposes of this Chapter, a "mixed use building" or a "mixed use development" shall be any #building# or #development# used partly for #residential use# and partly for #community facility#, #commercial# or #manufacturing use#.

(10/9/13)

117-02

General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Long Island City Mixed Use District#, the regulations of this Chapter shall apply within the #Special Long Island City Mixed Use District#. The regulations of all other Chapters of this Resolution are applicable, except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

- (a) Notwithstanding the provisions of Section 54-40 (DAMAGE OR DESTRUCTION IN NON-COMPLYING BUILDINGS), when a #building# that existed on October 25, 1995, within the Hunters Point or Court Square Subdistricts, is damaged or demolished by any means, it may be reconstructed to its #bulk# prior to such damage or destruction or to the #bulk# permitted by this Chapter, whichever is greater.
- (b) For #mixed use buildings#, #dwelling units# or #rooming units# shall be located on a #story# or #stories# above the highest #story# occupied, in whole or in part, by a non-#residential use#. Non-#residential uses# may, however, be located on the same #story#, or on a #story# higher than that occupied by #dwelling units# or #rooming units#.

provided that the non-#residential uses#:

- (1) are located in a portion of the #mixed use building# that has separate direct access to the #street# with no access to the #residential# portion of the #building# at any #story#; and
 - (2) are not located directly over any portion of the #building# containing #dwelling units# or #rooming units#.
- (c) Regulations relating to #accessory# parking facilities, #public parking lots# and #public parking garages# within the Hunters Point Subdistrict, the Court Square Subdistrict and the Queens Plaza Subdistrict are set forth in Article I, Chapter 6 (Comprehensive Off-Street Parking Regulations in the Long Island City Area), and such provisions are further modified by Section 117-54 (Off-street Parking and Loading Regulations).
- (d) In the granting of special permits or authorizations within the #Special Long Island City Mixed Use District#, the City Planning Commission may prescribe additional appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding uses.
- (e) Where references are made to #block# numbers within this Chapter, such numbers are to be found on the maps appended to this Chapter.
- (f) In areas within the #Special Long Island City Mixed Use District# that are not within a Subdistrict, the regulations of the underlying zoning district shall apply.

(8/13/15)

117-03

District Plan and Maps

The regulations of this Chapter implement the #Special Long Island City Mixed Use District# Plan.

The District Plan includes the following maps in Appendices A, B and C:

Appendix A	Special Long Island City Mixed Use District and Subdistricts Plan Map, including Permitted Sidewalk Cafe Locations
------------	--

Appendix B	Court Square Subdistrict Plan Map and Description of Improvements
Appendix C	Queens Plaza Subdistrict Plan Maps:
	Map 1 - Designated Districts within the Queens Plaza Subdistrict
	Map 2 - Ground Floor Use and Frontage
	Map 3 - Sidewalk Widening and Street Wall Location.

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

(10/7/08)

117-04 Subdistricts

In order to carry out the purposes and provisions of this Chapter, four subdistricts are established within the #Special Long Island City Mixed Use District#. In each of these subdistricts, special regulations apply that do not apply elsewhere within the #Special Long Island City Mixed Use District# and supplement or supersede the provisions of Sections 117-00 through 117-03, inclusive.

Sections 117-10 through 117-30, inclusive, shall apply to the Hunters Point Subdistrict.

Sections 117-40 through 117-45, inclusive, shall apply to the Court Square Subdistrict.

Sections 117-50 through 117-57, inclusive, shall apply to the Queens Plaza Subdistrict.

Sections 117-60 through 117-64, inclusive, shall apply to the Dutch Kills Subdistrict.

(5/22/13)

117-05

Permitted Sidewalk Cafe Locations

#Unenclosed sidewalk cafes#, including #small sidewalk cafes#, shall be permitted in the #Special Long Island City Mixed Use District# only on the #streets# indicated on the map in Appendix A (Special Long Island City Mixed Use District and Subdistricts Plan Map, including Permitted Sidewalk Cafe Locations) of this Chapter, except that such #unenclosed sidewalk cafes# may also extend up to 100 feet along the non-designated #street# frontage of a #corner lot#, subject to all other applicable regulations of Article I, Chapter 4.

(8/12/04)

117-10

HUNTERS POINT SUBDISTRICT

In the #Special Long Island City Mixed Use District#, the special regulations of Sections 117-10 through 117-30, inclusive, shall apply within the Hunters Point Subdistrict and, where noted in Sections 117-40 through 117-45, inclusive, shall also apply within the Court Square Subdistrict.

(8/12/04)

117-11

General Provisions

In special areas of the Hunters Point Subdistrict of the #Special Long Island City Mixed Use District#, an M1 District is paired with a #Residence District#. For the purposes of this Chapter, such #Residence# and M1 Districts are referred to as the "designated districts". The designated districts within the Hunters Point Subdistrict are indicated on the #zoning map# and are as follows:

M1-4/R6A
M1-4/R6B
M1-4/R7A
M1-5/R7X
M1-5/R8A

(8/12/04)

117-20

SPECIAL PROVISIONS IN THE DESIGNATED DISTRICTS

(8/12/04)

117-21

Special Provisions for Use, Bulk and Parking

M1-4/R6A M1-4/R6B M1-4/R7A M1-5/R7X M1-5/R8A

The special #use#, #bulk# and parking provisions of Article XII, Chapter 3, of the #Special Mixed Use District# shall apply to the designated districts within the Hunters Point Subdistrict, except where modified by the provisions of this Section, and shall supplement or supersede the provisions of the designated #Residence# or M1 District, as applicable.

(8/12/04)

117-22

Modification of Use Group 6A

M1-4/R6A M1-4/R6B M1-4/R7A M1-5/R7X M1-5/R8A

The provisions of Section 42-12 (Use Groups 3A, 6A, 6B, 6D, 6F, 7B, 7C, 7D, 7E, 8, 9B, 9C, 10A, 10B, 10C, 11, 12A, 12C, 12D, 12E, 13, 14 and 16) pertaining to Use Group 6A shall be modified as follows:

Food stores, including supermarkets, grocery stores or delicatessen stores, shall not be limited as to #floor area# per establishment.

(2/2/11)

117-23

Street Wall Location in Certain Designated Districts

R6B M1-4/R6A M1-4/R7A M1-5/R8A M1-4/R6B M1-4/R7X

In the districts indicated, the #street wall# of any #building# containing #residences# shall be located no closer to, nor further from, the #street line# than the #street wall# of an adjacent existing #building#. However, the #street wall# of a #building# need not be located further from a #street line# than 15 feet. On #corner lots#, the #street wall# along one #street line# need not be located further from the #street line# than five feet. Recesses, not to exceed three feet in depth from the #street line#, or eight feet in depth where ramps for the physically disabled are required, shall be permitted on the ground floor where required to provide access to the #building#.

Existing #buildings# may be vertically enlarged by up to one #story# or 15 feet without regard to the #street wall# location provisions of this Section.

(10/25/95)

117-30

SPECIAL PROVISIONS FOR C1 AND C2 DISTRICTS

(2/2/11)

117-31

Special Use Regulations

For #buildings# containing #residences#, #uses# on the ground floor shall be limited to non-#residential uses# and lobby space. Not more than 8,000 square feet of the ground floor shall be devoted to #uses# listed in Use Group 6B.

(2/2/11)

117-32

Special Bulk Regulations

All #street walls# shall be built coincident with the #street line#.

(10/25/95)

117-40
COURT SQUARE SUBDISTRICT

(2/2/11)

117-401
General provisions

The regulations governing the Court Square Subdistrict of the #Special Long Island City Mixed Use District# are contained within Sections 117-40 through 117-45, inclusive. These regulations supplement the provisions of Sections 117-01 through 117-03, inclusive, of the #Special Long Island City Mixed Use District# and supersede the underlying districts.

Mandatory subway improvements are elements of the Subdistrict Plan, which shall be built by the developer of the #zoning lot# to which they apply.

(6/30/09)

117-41
Court Square Subdistrict Plan

The Subdistrict Plan for the Court Square Subdistrict specifies the location of Blocks 1, 2 and 3 and identifies the improvements to be provided in the District under the provisions of this Chapter. The elements of the Subdistrict Plan are set forth in Appendix B of this Chapter, which consists of the Subdistrict Plan Map and the Description of Improvements, and is incorporated into the provisions of this Chapter.

(2/2/11)

117-42
Special Bulk and Use Regulations in the Court Square Subdistrict

#Zoning lots# of at least 10,000 square feet with #buildings# containing at least 70,000 square feet of #floor area# are subject to the provisions of the underlying C5-3 District, as modified by Sections 117-40 through 117-45, inclusive.

All other #zoning lots# are subject to the #use# provisions of

the underlying C5-3 District and the #bulk# provisions of an M1-4/R6B designated district, pursuant to the regulations of Article XII, Chapter 3 (Special Mixed Use District), as modified by Sections 117-00 through 117-22, inclusive.

(2/2/11)

117-421

Special bulk regulations

- (a) #Developments# or #enlargements# on #zoning lots# that meet the standards of Section 117-44 and provide mandatory subway improvements as required by Section 117-44, may be #developed# or #enlarged# to a #floor area ratio# of 15.0. #Developments# or #enlargements# on #zoning lots# that do not meet the minimum standards of Section 117-44 shall not exceed the maximum #floor area ratio# of the M1-4/R6B designated district for the applicable #use#.
- (b) The following provisions shall not apply within the Court Square Subdistrict:
 - Section 33-13 (Floor Area Bonus for a Public Plaza)
 - Section 33-14 (Floor Area Bonus for Arcades)
 - Section 33-26 (Minimum Required Rear Yards)
 - Section 34-223 (Floor area bonus for a public plaza)
 - Section 34-224 (Floor area bonus for an arcade)
 - Section 34-23 (Modification of Yard Regulations).
- (c) The height and setback regulations of the underlying C5-3 District shall apply, except that:
 - (1) no #building or other structure# shall exceed a height of 85 feet above the #base plane# within the area bounded by 23rd Street, 44th Road, a line 60 feet east of and parallel to 23rd Street, and a line 75 feet north of and parallel to 45th Road; and
 - (2) on Blocks 1 and 3, the #street wall# of a #building or other structure# shall be located on the #street line# or sidewalk widening line, where applicable, and extend along the entire #street# frontage of the #zoning lot# up to at least a height of 60 feet and a maximum height

of 85 feet before setback. Recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#. Above the level of the second #story#, up to 30 percent of the #aggregate width of street walls# may be located beyond the #street line#, provided no such recesses are within 15 feet of an adjacent #building#.

Above a height of 85 feet, the underlying height and setback regulations shall apply. However, the underlying tower regulations shall be modified to permit portions of #buildings# that exceed a height of 85 feet to be set back at least five feet from a #wide street line#, provided no portion of such #building# that exceeds a height of 85 feet is located within 15 feet of a #side lot line#. The provisions of this paragraph, (c) (2), shall not apply to #enlargements# on #zoning lots# existing on June 30, 2009, where such #zoning lot# includes an existing #building# to remain with at least 300,000 square feet of #floor area#.

(5/28/03)

117-422

Sign regulations

All requirements of Section 32-60 (SIGN REGULATIONS) shall apply, except for Sections 32-642 (Non-illuminated signs), 32-644 (Illuminated or flashing signs in C4, C5-4, C6 or C7 Districts) and 32-655 (Height of signs in all other Commercial Districts).

Non-#illuminated#, #illuminated# or #flashing signs# are permitted with a total #surface area# (in square feet) not exceeding five times the #street# frontage of the #zoning lot#, in feet, but in no event shall the total #surface area# exceed 500 square feet for #interior# or #through lots# or 500 square feet on each frontage for #corner lots#.

No permitted #sign# shall extend above #curb level# at a height greater than 60 feet.

A #non-conforming sign# may be replaced pursuant to Section 52-82 (Non-Conforming Signs other than Advertising Signs), except that the height, location or position of the replacement #sign# may be changed by up to 10 feet, measured from the perimeter of the original #non-conforming sign#.

(2/2/11)

117-423

Sidewalk widening

For any #development# or #enlargement# on Block 3 with a #building# wall facing 45th Road, a sidewalk widening of five feet shall be provided on 45th Road between 23rd Street and Jackson Avenue. Such sidewalk widening shall be a continuous, paved open area along the #front lot line# of the #zoning lot# at the same elevation as the adjoining sidewalk and directly accessible to the public at all times. Such sidewalk widening shall be unobstructed from its lowest level to the sky except for temporary elements of weather protection, such as awnings or canopies, provided that the total area (measured on the plan) of such elements does not exceed 20 percent of the sidewalk widening area, and that such elements and any attachments thereto are at least eight feet above #curb level#, and that any post or other support for such element, or any attachment to the support, has a maximum horizontal dimension of six inches. No #street# trees, vehicle storage, parking or trash storage is permitted on such sidewalk widening.

(2/2/11)

117-44

Mandatory Subway Improvements

For the purposes of mandatory subway improvements, any tract of land consisting of two or more contiguous lots of record under single ownership or control as of March 1, 1986, shall be considered a single #zoning lot#.

Subway improvements are required for qualifying #developments# or #enlargements#, as follows:

- (a) #Zoning lots# with at least 5,000 square feet of #lot area#

#Developments# or #enlargements# on #zoning lots# with 5,000 square feet or more of #lot area# located on Block 1 and fronting on a sidewalk containing a sidewalk entrance to the Queens Boulevard Line, 23rd Street-Ely Avenue Station, shall relocate the stairway or entrance(s) to such subway onto the #zoning lot#, in accordance with the provisions of Section 37-40 (OFF-STREET RELOCATION OR RENOVATION OF A SUBWAY STAIR), with the exception that, in addition to the waivers

provided by Section 37-44, the additional standards for location, design and hours of public accessibility contained in Section 37-41 may be waived upon a finding by the Metropolitan Transportation Authority that such standards are undesirable or unnecessary to ensure a good overall design.

- (b) #Zoning lots# with at least 10,000 square feet of #lot area#

For the purposes of this paragraph, (b), the #floor area# of the #development# or #enlargement# shall be the total amount of #floor area# constructed after August 14, 1986.

#Developments# or #enlargements# on Blocks 1, 2 or 3, identified in Appendix B (Court Square Subdistrict Plan Map and Description of Improvements) of this Chapter, containing at least 70,000 square feet of #floor area# on #zoning lots# of at least 10,000 square feet of #lot area# shall provide mandatory subway improvements as described, in Appendix B, in paragraph (a) for Block 1, paragraph (b) for Block 2 and paragraph (c)(1) for Block 3.

In addition, on Block 3, any #development# or #enlargement# containing at least 300,000 square feet of #floor area# or any #development# or #enlargement# on a #zoning lot# of at least 30,000 square feet of #lot area# shall provide all the mandatory subway improvements for the Block, as described in paragraphs (c)(1) and (c)(2) for Block 3.

(6/30/09)

117-441

Standards and procedures for mandatory subway improvements

- (a) Compliance with Transit Authority design standards

The subway station improvements shall comply with all applicable design standards of the current station planning guidelines of the Transit Authority.

- (b) Procedure

- (1) Pre-application

The applicant shall submit schematic or concept plans for the proposed improvements to the Metropolitan Transportation Authority, the Transit Authority and the Chairperson of the City Planning Commission.

(2) Application pre-certification

After review and agreement on the concept by the Metropolitan Transportation Authority, Transit Authority and Chairperson of the City Planning Commission, the applicant shall submit documentation deemed necessary by the reviewing agencies.

(3) Prior to the granting of certification by the Chairperson of the City Planning Commission pursuant to Section 117-45 (Developer's Notice), the Transit Authority shall have submitted a letter to the Chairperson of the City Planning Commission stating the drawings and other documents submitted by the applicant have been determined by the Transit Authority to be of sufficient scope and detail to fix and describe the size and character of the subway improvement as to architectural, structural, mechanical and electrical systems; materials; relationship to existing site conditions; and other such elements as may be appropriate.

(4) The owner shall sign a legally-enforceable instrument running with the land containing complete drawings of the improvement and setting forth the obligations of owner and developer, their successors and assigns, to construct and maintain all parts of the improvement, whether on-site or off, and to establish a construction schedule.

Any such instrument shall be recorded against the #zoning lot# in the Office of the Register of the City of New York for Queens County and a certified copy of the instrument shall be submitted to the Chairperson of the City Planning Commission and the Transit Authority.

The owner shall not apply for or accept a temporary certificate of occupancy for the #development# or #enlargement#, and the Department of Buildings shall not issue a temporary certificate of occupancy, until the Transit Authority has determined that the subway improvement is substantially complete, which shall, for this purpose, mean usable by the public.

The owner shall not apply for or accept a permanent certificate of occupancy for the #development# or #enlargement#, nor shall the Department of Buildings issue a permanent certificate of occupancy until the subway improvement has been completed in accordance

with the approved plans and completion has been certified by the Transit Authority.

- (5) Where the mandatory subway improvement includes the preparation of drawings for off-site subway improvements, such drawings including but not limited to plans, sections, elevations, three-dimensional projections and other drawings deemed necessary or relevant by the Transit Authority or the Chairperson of the City Planning Commission, shall be in conformance with the current guidelines for submission of outside projects of the Transit Authority. Prior to approval by the Chairperson of the City Planning Commission, the Transit Authority shall provide a letter to the Chairperson of the Commission containing conceptual approval of the improvements as indicated in the drawings.

(2/2/11)

117-45

Developer's Notice

As a condition to the issuance by the Department of Buildings of an excavation or building permit for a #development# or #enlargement# on a #zoning lot# requiring a mandatory subway improvement:

- (a) the developer shall have submitted to the Chairperson of the City Planning Commission:
 - (1) written notice of its intention to #develop# or #enlarge# on a #zoning lot# in the Court Square Subdistrict, the #floor area# of such #development# or #enlargement#, and the mandatory subway improvements which the developer shall construct;
 - (2) drawings, including but not limited to plans, sections, elevations, three-dimensional projections or other drawings deemed necessary or relevant by the Chairperson of the City Planning Commission, for the mandatory subway improvements within the designated #zoning lot#; and
 - (3) waivers, consents, agreements or other legal instruments obligating the developer, its heirs and devisees, successors and assigns, to develop its property in accordance with the Subdistrict Plan and

the provisions of this Chapter; and

- (b) within 90 days of such submission by the developer, the Chairperson of the City Planning Commission shall certify to the Department of Buildings and the developer receipt of the aforesaid documents and the developer's compliance, or non-compliance, with the requirements of the Subdistrict Plan.

(7/26/01)

117-50

QUEENS PLAZA SUBDISTRICT

(7/26/01)

117-501

General provisions

In Areas A-1, A-2, B and C of the Queens Plaza Subdistrict of the #Special Long Island City Mixed Use District#, an M1 District is paired with a #Residence District#, as indicated on Map 1 of Appendix C of this Chapter. For the purposes of this Chapter, such #Residence# and M1 Districts are referred to as the "designated districts."

For the purposes of this Chapter, in the Queens Plaza Subdistrict, the area referred to as the "Sunnyside Yard" shall include: Yard A, the Arch Street Yard and the Sunnyside Yard, which are located generally between Crane Street, Jackson Avenue, 21st Street, 49th Avenue, Skillman Avenue, 43rd Street and the North Railroad property line.

(8/13/15)

117-502

Queens Plaza Subdistrict Plan

The Queens Plaza Subdistrict Plan partly consists of the following three maps located within Appendix C of this Chapter:

Map 1 (Designated Districts within the Queens Plaza Subdistrict) of the Queens Plaza Subdistrict Plan identifies special areas comprising the Queens Plaza Subdistrict in which an M1 District is paired with a

#Residence District# as indicated on the Subdistrict Map. These areas are as follows:

Area	Designated Districts
A-1 A-2	M1-6/R10
B	M1-5/R9
C	M1-5/R7-3

Map 2 (Ground Floor Use and Frontage) of the Queens Plaza Subdistrict Plan specifies locations where the special ground floor #use# and frontage regulations, as set forth in Section 117-512, apply.

Map 3 (Sidewalk Widening and Street Wall Location) of the Queens Plaza Subdistrict Plan specifies the locations where special #street wall# and mandatory sidewalk widening regulations, as set forth in Section 117-531, applies.

(2/2/11)

117-503

Definitions

Definitions specifically applicable to the Queens Plaza Subdistrict of the #Special Long Island City Mixed Use District# are set forth in this Section. Other defined terms are set forth in Section 117-01 (Definitions) of the #Special Long Island City Mixed Use District# and Section 12-10 (DEFINITIONS).

Accessory use

In addition to those #accessory uses# listed in Section 12-10, for the purposes of this Section, an #accessory use# shall also include a #dwelling unit# in connection with any #commercial#, #manufacturing# or #community facility# establishment permitted in the Queens Plaza Subdistrict of the #Special Long Island City Mixed Use District#, pursuant to Section 117-51 (Queens Plaza Subdistrict Special Use Regulations), provided that no more than one such unit shall be permitted in connection with any establishment, and provided further that each such unit shall not exceed a gross area of 1,200 square feet or contain more than one kitchen.

Home occupation

Within the Queens Plaza Subdistrict, the #home occupation# provisions of Section 12-10 shall apply, except that:

- (a) up to 49 percent of the total #floor area# of a #dwelling unit# may be used for a #home occupation#;
- (b) such #home occupation# may occupy more than 500 square feet of #floor area#; and
- (c) businesses operated as #home occupations# may have up to three employees not residing in the #dwelling unit#.

(7/26/01)

117-51

Queens Plaza Subdistrict Special Use Regulations

The special #use# provisions of Sections 123-20 through 123-50, inclusive, of the #Special Mixed Use District# shall apply in the Queens Plaza Subdistrict except where modified by the provisions of this Section and shall supplement or supersede the provisions of the designated #Residence# or M1 District, as applicable.

(7/26/01)

117-511

Large retail establishments

The following #uses# as listed in Section 42-30 (USES PERMITTED BY SPECIAL PERMIT) shall be permitted as-of-right in the Queens Plaza Subdistrict with no limitation on #floor area# per establishment:

Carpet, rug, linoleum or other floor covering stores;

Clothing or clothing accessory stores;

Department stores;

Dry goods or fabric stores;

Food stores;

Furniture stores;

Television, radio, phonograph or household appliance stores;
Variety stores.

(2/2/11)

117-512

Ground floor use and frontage regulations

On designated #streets# in the Queens Plaza Subdistrict, as shown on Map 2 in Appendix C of this Chapter, the special ground floor #use# and frontage regulations of this Section shall apply to any #building or other structure# fronting on such #streets#.

#Uses# within #stories# on the ground floor or with a floor level within five feet of #curb level# shall be limited to #commercial#, #manufacturing# or #community facility uses# permitted by the designated district regulations except as modified by the special #use# provisions of Sections 117-51 and 117-511. A #building's# ground floor frontage shall be allocated exclusively to such #uses#, except for lobby space or entrance space.

In no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a #building# entrance recess exceed in total 50 percent of the #building's# total #street# frontage or 30 feet, whichever is less. However, the total length of #street# frontage occupied by lobby space and/or entrance space need not be less than 25 feet.

(2/2/11)

117-513

Transparency requirement

Within the Queens Plaza Subdistrict, the transparency requirements of this Section shall apply to all #developments# and to #enlargements# where the #enlarged# portion of the ground floor of the #building# is within eight feet of the #street line#. Transparency requirements shall not apply to any #building# where the ground floor is occupied by #uses# listed in Use Groups 16 or 17.

At least 50 percent of a #building's street wall# surface shall be glazed and transparent at the ground floor level. For the

purpose of the glazing requirements, the #building's street wall# surface at the ground floor level shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less. The lowest point at any point of any transparency that is provided to satisfy the requirements of this Section shall not be higher than four feet above #curb level#. Door or window openings within such walls shall be considered as transparent. Such openings shall have a minimum width of two feet.

In addition, the remaining portion of such #building# wall that is 50 feet or more in length and contains no transparent element between #curb level# and 14 feet above #curb level# or the ceiling of the ground floor, whichever is higher, or to its full height if such wall is less than 14 feet in height, shall be covered with vines or similar planting or contain artwork or be treated so as to provide visual relief. Plantings shall be planted in soil having a depth of not less than 2 feet, 6 inches, and a minimum width of 24 inches.

(4/30/12)

117-514

Special sign regulations

Within the Queens Plaza Subdistrict, the #sign# regulations of Section 123-40 shall apply, except that such #sign# regulations may be modified to permit a non-#flashing sign# on the rooftop of a #non-residential building#, provided that such #sign# directs attention to a business conducted within such #building#, where such business occupies at least 20 percent of the #floor area# within such #building#, or a minimum of 50,000 square feet of #floor area# within such #building#, whichever is less. In addition, the following rules shall apply:

- (a) such #sign# shall be located on the rooftop of a #building# with frontage on Queens Plaza South, Queens Boulevard, Queens Plaza East or Queens Plaza North, and the height of the rooftop on which the #sign# is affixed shall be at least 70 feet but not more than 150 feet above #curb level#;
- (b) there shall be no more than one such #sign# on a #zoning lot#, and no more than one such #sign# per establishment on any #sign# structure;
- (c) such #signs# shall be affixed to an open frame structure with maximum dimensions that shall not exceed 45 feet in height, as measured from the surface of the roof to its

uppermost point, and 150 feet in width, as measured along its widest dimension;

- (d) all writing, pictorial representations, emblems, flags, symbols or any other figure or character comprising the design of such #sign# shall be separate elements, individually cut and separately affixed to the open frame structure. No perimeter or background surfaces shall be applied or affixed to the open frame structure in addition to such separate elements. No portion of such separate elements shall extend beyond the maximum dimensions allowed for an open frame structure. The area of such separate elements of a rooftop #sign# shall not count towards the maximum #surface area# of a #sign# permitted in Section 32-644 (Illuminated or flashing signs in C4, C5-4, C6 or C7 Districts); and
- (e) any illumination from a rooftop #sign# located within 100 feet of any #building# containing #residences#, where such #residences# legally existed at the time of the application for a permit for such #sign#, shall not project into or reflect onto any #residential# portion of such #building#.

(7/26/01)

117-52

Queens Plaza Subdistrict Special Bulk Regulations

(7/26/01)

117-521

General provisions

All #buildings and other structures# within the Queens Plaza Subdistrict shall comply with the #bulk# regulations of this Section. The regulations of the designated #Residence# and M1 Districts shall apply as set forth below.

In Areas A-1, A-2, B and C of the Queens Plaza Subdistrict, the #bulk# regulations set forth in Article II, Chapter 3, shall apply to all #residential uses# in a #building or other structure# in accordance with the regulations of the designated #Residence District#, and the #bulk# regulations set forth in Article IV, Chapter 3, shall apply to all #manufacturing#, #community facility# and #commercial uses# in a #building or other structure# in accordance with the regulations of the

designated M1 District, except as modified in the special #bulk# regulations of Sections 117-522 through 117-533, inclusive.

When two or more #buildings# on a single #zoning lot# are used in any combination for #uses# which, if located in a single #building#, would make it a #mixed use building#, the regulations set forth in this Section shall apply as if such #buildings# were a single #mixed use building#.

(7/26/01)

117-522

Maximum floor area ratio for all uses

The maximum #floor area ratio# permitted for #commercial#, #community facility#, #manufacturing# and #residential uses# in accordance with the applicable designated district shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for #commercial#, #community facility#, #manufacturing# or #residential uses#, separately or in combination, is specified in the following table:

MAXIMUM FLOOR AREA RATIO FOR ALL USES
IN THE QUEENS PLAZA SUBDISTRICT

Area	Maximum #Floor Area Ratio#
A-1 A-2	12.0
B	8.0
C	5.0

(2/2/11)

117-523

Lot coverage and open space ratio requirements

(a) #Lot coverage# requirements for #residential buildings#

In the Queens Plaza Subdistrict, where the designated #Residence District# is an R7 or R9 District, the provisions of Sections 23-142 (In R6, R7, R8 or R9 Districts) through 23-144, inclusive, regulating minimum required #open space ratios# and maximum #floor area ratios# shall not apply. In

lieu thereof, all #residential buildings#, regardless of whether they are required to be #Quality Housing buildings#, shall comply with the #lot coverage# requirements set forth for the designated district in Section 23-145, or Section 23-147 for #non-profit residences for the elderly#. For purposes of this Section, #non-profit residences for the elderly# in R7 Districts without a letter suffix, shall comply with the provisions for R7A Districts, as set forth in Section 23-147.

Where the designated district is an R7-3 District, the maximum #lot coverage# shall be 70 percent on an #interior# or #through lot# and 80 percent on a #corner lot#.

- (b) #Lot coverage# and #open space ratio# requirements for #mixed use buildings#

#Lot coverage# and #open space ratio# requirements shall not apply to any portion of a #mixed use building# in the Queens Plaza Subdistrict.

(10/17/07)

117-524

Floor area bonus for a public plaza or arcade

Any #floor area# bonus for a #public plaza# or #arcade# permitted under the regulations of the designated #Residence# or M1 District shall not apply in the Queens Plaza Subdistrict.

(2/2/11)

117-525

Special yard regulations

The #yard# regulations of the underlying districts shall apply, except as specified in this Section.

- (a) #Mixed use buildings#

For a #residential# portion of a #mixed use building#, the required #rear yard# shall be provided at the floor level of the lowest #story# containing #dwelling units# or #rooming units#, where any window of such #dwelling units# or #rooming units# faces onto such #rear yard#.

- (b) #Manufacturing# or #commercial buildings#

The #rear yard# provisions of the designated M1 District shall apply, except that such #rear yard# provisions shall not apply to #manufacturing# or #commercial buildings# on #through lots#.

- (c) #Zoning lots# adjacent to the Sunnyside Yard

On a #zoning lot# sharing a #lot line# with the Sunnyside Yard, no #yards# are required for any #building# within a distance of 100 feet from the shared #lot line#.

- (d) For #zoning lots# occupying an entire #block#

No #rear yard# or #rear yard equivalent# shall be required for a #zoning lot# occupying an entire #block#.

(7/26/01)

117-53

Height and Setback and Street Wall Location Regulations

The height and setback regulations of the designated #Residence# and M1 Districts shall not apply, except for permitted obstructions pursuant to Sections 23-62 or 43-42, as applicable. In lieu thereof, all #buildings or other structures# shall comply with the regulations set forth in Sections 117-531 (Street wall location) and 117-532 (Setback regulations for buildings that exceed the maximum base height). Such regulations, however, shall not apply along the #street frontage# of that portion of a #zoning lot# occupied by existing #buildings#, unless the #street walls# of such existing #buildings# are vertically extended by more than 15 feet. The height of all #buildings or other structures# shall be measured from the #base plane#.

(8/13/15)

117-531

Street wall location

- (a) On a #wide street#, and on a #narrow street# within 50 feet of its intersection with a #wide street#, the #street wall# of a #building# shall be located on the #street line# and extend along the entire width of the #street frontage# of the #zoning lot# and rise without setbacks up to at least

the applicable minimum base height specified in the table in Section 117-532 (Setback regulations for buildings that exceed the maximum base height), or the height of the #building#, whichever is less. Recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#.

- (b) On a #narrow street# between 50 and 100 feet of its intersection with a #wide street#, the #street wall# of a #building# shall extend along the entire width of the #narrow street# frontage of the #zoning lot# and rise without setbacks up to at least the applicable minimum base height specified in the table, or the height of the #building#, whichever is less.

Beyond 100 feet of the intersection of a #wide street#, #street walls# shall extend along at least 70 percent of the width of the #narrow street# frontage of the #zoning lot# and rise without setbacks up to at least the applicable minimum base height specified in the table, or the height of the #building#, whichever is less.

Beyond 50 feet of the intersection of a #wide street#, all #street walls# required pursuant to this paragraph, (b), shall be located within eight feet of the #street line#.

- (c) On a #wide street# above the ground floor level, up to 30 percent of the #aggregate width of street walls# may be located beyond the #street line#, in compliance with #outer court# regulations.
- (d) On a #narrow street#, recesses are permitted at any level in the #street wall# of a base for #outer courts# or balconies. The aggregate length of such recesses shall not exceed 50 percent of the length of the entire #street wall# at any level. However, not more than 30 percent of the aggregate length of such recesses shall exceed a depth of eight feet.
- (e) In the locations specified on Map 3 (Sidewalk Widening and Street Wall Location) of Appendix C of this Chapter, a #building# shall comply with the provisions of paragraphs (a) through (d) of this Section, as applicable, except that #street walls# shall be located as specified on Map 3. The #street wall# of a #building# may be set back only in the areas indicated on Map 3 as "Permitted #Street Wall# Setback Locations," provided that the additional sidewalk widening resulting from such setback is accessible to the public, in accordance with the provisions of Section 117-554, and located adjacent to a public sidewalk or mandatory sidewalk

widening.

- (f) For any #building# fronting on Queens Plaza South in Area A-1 or Area B as shown on Map 1 (Designated Districts within the Queens Plaza Subdistrict) of Appendix C, any #street wall# along Queens Plaza South shall be set back five feet from the #street line#, except as otherwise specified on Map 3.
- (g) For any #building# on a #zoning lot# located on Jackson Avenue between 42nd Road and Queens Plaza South, the #street wall# fronting on Jackson Avenue may be set back five feet from the #street line# only upon certification of the Chairperson of the City Planning Commission to the Department of Buildings that the Jackson Avenue sidewalk adjacent to the #zoning lot# will be landscaped in accordance with a plan acceptable to the Department of Transportation and the Chairperson. Such plan shall include five planting beds that shall contain a mixture of deciduous and evergreen shrubs, ground covers and flowers. Such planting beds shall be installed and maintained by the owner of the #building#. The #street wall# of any subsequent #development# or #enlargement# shall be located no closer to nor further from the #street line# than the #street wall# of an adjacent existing #building#.

(5/22/13)

117-532

Setback regulations for buildings that exceed the maximum base height

All portions of #buildings or other structures# that exceed the maximum base height specified in the table in this Section shall comply with the following provisions:

- (a) At a height not lower than the minimum base height or higher than the maximum base height specified in the table for the applicable area, a setback with a depth of at least 10 feet shall be provided from any #street wall# fronting on a #wide street# and a setback with a depth of at least 15 feet shall be provided from any #street wall# fronting on a #narrow street#, except such dimensions may include the depth of any permitted recesses in the #street wall#.

<u>Area</u>	<u>Minimum Base Height</u>	<u>Maximum Base Height</u>
-------------	----------------------------	----------------------------

A-1	60	---
A-2	60	150
B	100	150
C*	60	100

* for #buildings or other structures# on Davis Street located 75 feet or more from Jackson Avenue, the minimum base height shall be 40 feet

- (b) In Area A-1, no setbacks are required above the applicable minimum base height specified in the table in paragraph (a) of this Section. However, if a setback is provided, it shall comply with the provisions of paragraph (a).
- (c) For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height of a #street wall# may vary between the height of the #street wall# of an adjacent #building# before setback, if such height is lower than the minimum base height required, up to the minimum base height requirements of this Section.

(2/2/11)

117-533

Special permit to modify use or bulk regulations

For any #zoning lot# within the Queens Plaza Subdistrict of the #Special Long Island City Mixed Use District#, the City Planning Commission may permit modification of the #use# or #bulk# regulations, except #floor area ratio# requirements, provided the Commission shall find that:

- (a) such #use# or #bulk# modification will aid in achieving the general purposes and intent of the Special District;
- (b) such #use# modification will encourage a lively pedestrian environment along the #street# or mandatory sidewalk widening, or is necessary for the programmatic requirements of the development;
- (c) such #bulk# modifications will enhance the distribution of #bulk# on the #zoning lot#;

- (d) such #bulk# modifications will permit adequate access of light and air to surrounding #streets# and properties; and
- (e) such #use# or #bulk# modification will relate harmoniously to the character of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(5/8/13)

117-54

Off-street Parking and Loading Regulations

- (a) The off-street parking provisions of Article I, Chapter 6, shall apply, except that:
 - (1) the prohibition of curb cuts accessing entrances and exits to #accessory# off-street parking facilities on certain #streets#, as set forth in paragraphs (b) and (c) of Section 16-23 (Curb Cut Restrictions), shall also apply to Northern Boulevard, Crescent Street and 23rd Street; and
 - (2) the provisions of paragraph (c) of Section 16-12 (Permitted Parking for Non-Residential Uses) shall be modified as follows: the maximum number of #accessory# off-street parking spaces permitted for a #development# or #enlargement# shall not exceed one space per 2,000 square feet of #floor area# or 250 spaces, whichever is less.
- (b) Curb cuts shall not be permitted within 40 feet of a #zoning lot line# that abuts the Sunnyside Yard.
- (c) #Public parking garages# shall be permitted on #Blocks# 86/72 and 403 pursuant to Section 117-56 (Special Permit for Bulk Modifications on Blocks 86/72 and 403).
- (d) For #public parking garages# permitted on #Block# 420 pursuant to Section 74-50 (OFF-STREET PARKING ESTABLISHMENTS), the floor space on one or more #stories# of the #public parking garage#, up to a height of 23 feet above #curb level#, shall be exempt from the definition of #floor area# as set forth in Section 12-10.

(7/26/01)

117-55

Mandatory Plan Elements for the Queens Plaza Subdistrict

(8/13/15)

117-551

General provisions

Within the Queens Plaza Subdistrict, the provisions of Section 117-552 (Central refuse storage area) shall apply to any #development#, #enlargement#, alteration or change of #use#, except where more than 50 percent of the #floor area# of such #development#, #enlargement#, alteration or change of #use# is occupied by a #use# listed in Use Groups 16 or 17.

The provisions of Sections 117-553 (Mandatory sidewalk widening) and 117-554 (Mandatory sidewalk widening design requirements) apply to those locations identified on Map 3 in Appendix C of this Chapter.

(4/30/08)

117-552

Central refuse storage area

The provisions of Section 28-23 (Refuse Storage and Disposal) shall apply.

(8/13/15)

117-553

Mandatory sidewalk widening

The sidewalk widening provisions of this Section shall apply to all #developments# or #enlargements# with ground floor #street walls# with a ratio of #floor area# to #lot area# of 3.0 or more.

Sidewalk widening accessible to the public must be provided in the locations specified on Map 3 (Sidewalk Widening and Street Wall Location) of Appendix C of this Chapter. Such mandatory

sidewalk widening is subject to the design requirements of Section 117-554.

(2/2/11)

117-554

Mandatory sidewalk widening design requirements

(a) Access

All mandatory sidewalk widenings shall be accessible directly from an adjoining public sidewalk and unobstructed along at least 50 percent of the total #street# frontage. Driveways and vehicular accessways included as part of the total #street# frontage may not be counted as providing access. All mandatory sidewalk widenings shall be accessible to the public at all times.

There shall be at least one unobstructed pedestrian path of travel providing access to each of the following:

- (1) at least 70 percent of the mandatory sidewalk widening's total area;
- (2) any #building# lobby accessible to the mandatory sidewalk widening; and
- (3) any #use# that may be present on, or adjacent to and having an entrance on, the mandatory sidewalk widening.

(b) Access for persons with disabilities

The mandatory sidewalk widening shall be accessible to persons with disabilities in accordance with the Americans with Disabilities Act and the American National Standards Institute (ANSI) design standards.

(c) Elevation

All mandatory sidewalk widenings shall be located at an elevation not more than three feet above or below the #curb level# of the nearest adjoining sidewalk.

A mandatory sidewalk widening shall be at the same elevation as the adjoining public sidewalk along the #street# frontage providing access, pursuant to paragraph (a) of this Section, for a minimum depth of 10 feet measured perpendicular to the #street line#.

When the size of a mandatory sidewalk widening is 8,000 square feet or more, a maximum of 25 percent of its area may be located at an elevation more than three feet above or below the nearest adjoining sidewalk, which area, however, may not be located within a depth of 10 feet from the sidewalk measured perpendicular to the #street line#.

Where an existing subway station entry is located on the sidewalk area adjacent a mandatory sidewalk widening, the mandatory sidewalk widening shall be provided at the same elevation as the adjoining sidewalk for a distance of at least 15 feet in all directions from the entry except as required for drainage. No obstruction shall be permitted within such portion of the mandatory sidewalk widening.

(d) Permitted obstructions

The provisions of Sections 37-726 and 37-73 shall apply, except that in the case of kiosks, the provisions of Section 37-73 shall be modified as follows: the aggregate area occupied by such kiosks shall not exceed 60 square feet or 1.5 percent of the area occupied by the sidewalk widening.

(e) Driveways, parking spaces, loading berths, exhaust vents and #building# trash storage facilities

The provisions of Section 37-726, paragraph (d), shall apply.

(f) Trees

One tree per 500 square feet of sidewalk widening is required. Each tree shall measure at least 2.5 inches in caliper at the time of planting. Each tree shall be planted in at least 200 cubic feet of soil with a depth of at least 3 feet, 6 inches.

(g) Paving

The provisions of Section 37-718 shall apply.

(h) Seating

One linear foot of seating for every 150 square feet of mandatory sidewalk widening shall be provided. In addition, the provisions of Section 62-672 shall apply.

(i) Bicycle parking facilities

The provisions of Section 37-745 shall apply.

(j) Drinking fountains

The provisions of Section 37-746 shall apply.

(k) Aesthetic amenities

One of the following amenities shall be provided:

- (1) prominent lighting that enhances the architectural features of the upper #stories# of the #building#;
- (2) an ornamental water feature within the mandatory sidewalk widening; or
- (3) artwork, such as sculpture, within the mandatory sidewalk widening.

(l) Lighting

The provisions of Section 37-743 shall apply, except that the minimum level of illumination shall be not less than two horizontal foot candles throughout the entire mandatory sidewalk widening.

(m) Sidewalk widening signs

The provisions of Section 37-751, paragraph (b) shall apply.

(n) Maintenance

The provisions of Sections 37-744 and 37-77 shall apply.

(5/22/13)

117-56

Special Permit for Bulk Modifications on Blocks 86/72 and 403

For any #development# or #enlargement# on a #zoning lot# that has at least 50,000 square feet of #lot area# located on #Block# 86/72 or #Block# 403 in Area C as shown on Map 1 (Designated Districts within the Queens Plaza Subdistrict) in Appendix C of this Chapter, the City Planning Commission may increase the #floor area ratio# up to a maximum of 8.0 and may modify the #street wall# regulations of paragraphs (a) and (b) of Section 117-531 (Street wall location) and paragraph (a) of Section 117-532 (Setback regulations for buildings that exceed the maximum

base height), provided that:

- (a) a public open area of not less than 20,000 square feet and a #public parking garage# containing no fewer than 250 spaces shall be included on the #zoning lot#, and further provided the Commission finds that:
 - (1) the public open area is designed so that it provides recreational opportunities for the community;
 - (2) the portion of the #development# or #enlargement# adjacent to the public open area shall be either a retail #use#, other #use# or treatment that complements the open area;
 - (3) such modification of the #street wall# requirements is necessary to accommodate the public open area or the #public parking garage# and will result in a better site plan;
 - (4) the #public parking garage# is located and designed in such a way so that it shall not adversely affect the quality of the design, access to, or use of the public open area; and
 - (5) where the Commission permits parking on the roof of such #public parking garage#, such roof parking shall be so located as not to impair the essential character or future use or development of adjacent areas.

Design elements of the open area including lighting, paving, seating, #signs# and planting areas shall be specified in the application. The provisions of Section 37-751 (Public space signage systems) and 37-77 (Maintenance) shall apply.

- (b) The #public parking garage# shall be subject to the following conditions:
 - (1) the floor space on one or more #stories# of the #public parking garage#, up to a height of 23 feet above #curb level# shall be exempt from the definition of #floor area# as set forth in Section 12-10 (DEFINITIONS);
 - (2) the entrances and exits shall be located so that they will not be hazardous to traffic safety nor likely to unduly inhibit pedestrian movement; and
 - (3) at the vehicular entrances, a minimum of 12 reservoir spaces shall be provided and the total number of reservoir spaces shall be equivalent to five percent of

any spaces in excess of 250, up to a maximum of 50 reservoir spaces.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including requirements for sanitation and security, which may include conditions for lighting and landscaping or limitations on the manner and/or hours of operation.

Any building on Block 86/72 for which an application for a special permit for #bulk# modifications has been filed with the Department of City Planning, pursuant to this Section, prior to May 22, 2013, may be started or continued pursuant to the regulations in effect at the time of such application and, if such application is granted by the City Planning Commission and the City Council, may be #developed# or #enlarged# pursuant to the terms of such permit, including minor modifications thereto and, to the extent not modified under the terms of such permit, in accordance with the regulations in effect at the time of such application.

(2/2/11)

117-57

Modification of Article V, Chapter 4

In Article V, Chapter 4 (Non-Complying Buildings), Section 54-311 (Buildings non-complying as to density regulations) shall not apply.

(10/7/08)

117-60

DUTCH KILLS SUBDISTRICT

In the #Special Long Island City Mixed Use District#, the special regulations of Sections 117-60 through 117-64, inclusive, shall apply within the Dutch Kills Subdistrict.

(10/7/08)

117-61

General Provisions

In specified areas of the Dutch Kills Subdistrict of the #Special Long Island City Mixed Use District#, an M1 District is paired with a #Residence District#. For the purposes of Section 117-60, inclusive, regulating the Dutch Kills Subdistrict, such #Residence# and M1 #Districts# are referred to as the "designated districts." The designated districts within the Dutch Kills Subdistrict are indicated on the #zoning map# and are as follows:

M1-2/R5B

M1-2/R5D

M1-2/R6A

M1-3/R7X.

The special provisions of Article XII, Chapter 3, of the #Special Mixed Use District# shall apply to the designated districts within the Dutch Kills Subdistrict except where modified by the provisions of the Subdistrict, and shall supplement or supersede the provisions of the underlying designated #Residence# or M1 #District#, as applicable.

(10/7/08)

117-62

Special Use Regulations

In the Dutch Kills Subdistrict, the provisions of Section 42-12 (Use Groups 3A, 6A, 6B, 6D, 6F, 7B, 7C, 7D, 7E, 8, 9B, 9C, 10A, 10B, 10C, 11, 12A, 12C, 12D, 12E, 13, 14 and 16) shall be modified to permit food stores, including supermarkets, grocery stores or delicatessen stores, without limitation as to #floor area# per establishment.

(10/7/08)

117-63

Special Bulk Regulations in the Designated Districts

Maximum #floor area ratio#, #lot coverage# and #street wall# provisions in the designated districts are modified as set forth in Sections 117-631 through 117-633, inclusive.

(2/2/11)

117-631

Floor area ratio and lot coverage modifications

(a) In the Dutch Kills Subdistrict, the #floor area# of a #building# shall not include floor space used for #accessory# off-street parking spaces provided in any #story# located not more than 33 feet above #curb level#, in any #building#, except where such floor space used for #accessory# parking is contained within a #public parking garage#.

(b) Maximum #floor area ratio# and #lot coverage# for #residential uses#

(1) M1-2/R5B designated district

The maximum #floor area ratio# for #residential use# shall be 1.65.

The maximum #lot coverage# for the #residential# portion of a #building# shall be 60 percent on an #interior lot# or #through lot# and 80 percent on a #corner lot#.

(2) M1-3/R7X designated district

(i) Inclusionary Housing Program

Where the designated district is M1-3/R7X within the Dutch Kills Subdistrict, such district shall be a #Inclusionary Housing designated area#, pursuant to Section 12-10 (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District.

(ii) Maximum #floor area ratio#

Within such #Inclusionary Housing designated area#, the maximum #floor area ratio# for any #zoning lot# containing a #residential use# shall not exceed the base #floor area ratio# of 3.75, except that such base #floor area ratio# may be increased to the maximum #floor area ratio# of 5.0, as set forth in Section 23-952, through the provision of #affordable housing#, pursuant to the

provisions relating to #Inclusionary Housing
designated areas# in Section 23-90.

- (c) Maximum #floor area ratio# for certain #commercial# and
#manufacturing uses#

In M1-2 designated districts, the maximum #floor area ratio# shall be increased to 3.0 when paired with an R5B or R5D District and 4.0 when paired with an R6A District, provided that such additional #floor area# is limited to the following #uses#: photographic or motion picture production studios and radio or television studios listed in Use Group 10A; and #uses# listed in Use Groups 16A, 16D, 17A and 17B as set forth in Section 123-22 (Modification of Use Groups 16, 17 and 18), except for automobile, motorcycle, trailer or boat sales, motorcycle or motor scooter rental establishments, poultry or rabbit killing establishments, riding academies, stables for horses and trade schools for adults.

(2/2/11)

117-632

Street wall location

In the Dutch Kills Subdistrict, the #street wall# of any #residential# or #mixed use building# shall be located no closer to, nor further from, the #street line# than the #street wall# of an adjacent existing #building#. For all #zoning lots#, the #street wall# of a #building# need not be located further from the #street line# than 15 feet.

(10/7/08)

117-633

Maximum street wall height

In M1-2/R5B designated districts, for #residential buildings#, the maximum height of a #street wall# above the #base plane# shall be 33 feet or three #stories#, whichever is less.

(10/7/08)

117-634

Maximum building height for mixed use buildings in designated R5 Districts

The provisions regarding the maximum height of #mixed use buildings# within 25 feet of a #street line#, as set forth in Section 123-661 (Mixed use buildings in Special Mixed Use Districts with R3, R4 or R5 District designations), shall be modified in the Dutch Kills Subdistrict, where the designated Residence District is an R5 District, as follows:

- (a) in designated R5B Districts, no #building or other structure# shall exceed a height of 33 feet within 25 feet of a #street line#;
- (b) in designated R5D Districts, no #building or other structure# shall exceed a height of 40 feet within 25 feet of a #street line#.

(2/2/11)

117-64 Special Parking Regulations

The provisions of Section 123-70 (PARKING AND LOADING) and the underlying #accessory# off-street parking and loading regulations for the designated district are modified, as follows:

- (a) #Commercial# and #community facility uses#
 - (1) The #accessory# off-street parking and loading requirements of a C8-2 District, as set forth in Article III, Chapter 6, shall apply to all #commercial# and #community facility uses#, except that this modification shall not apply to #uses# listed in Use Group 5. The #accessory# off-street parking and loading requirements applicable to the designated M1 District, set forth in Article IV, Chapter 4, and Section 123-70, shall apply to Use Group 5.
 - (2) For Use Group 5 #uses#, the provisions of Section 44-23 (Waiver of Requirements for Spaces below Minimum Number) shall be modified as follows: the maximum number of #accessory# off-street parking spaces for which requirements are waived shall be five spaces.
- (b) #Residential uses#
 - (1) The provisions of Section 25-241 (Reduced requirements)

shall not apply in the designated M1-3/R7X District.

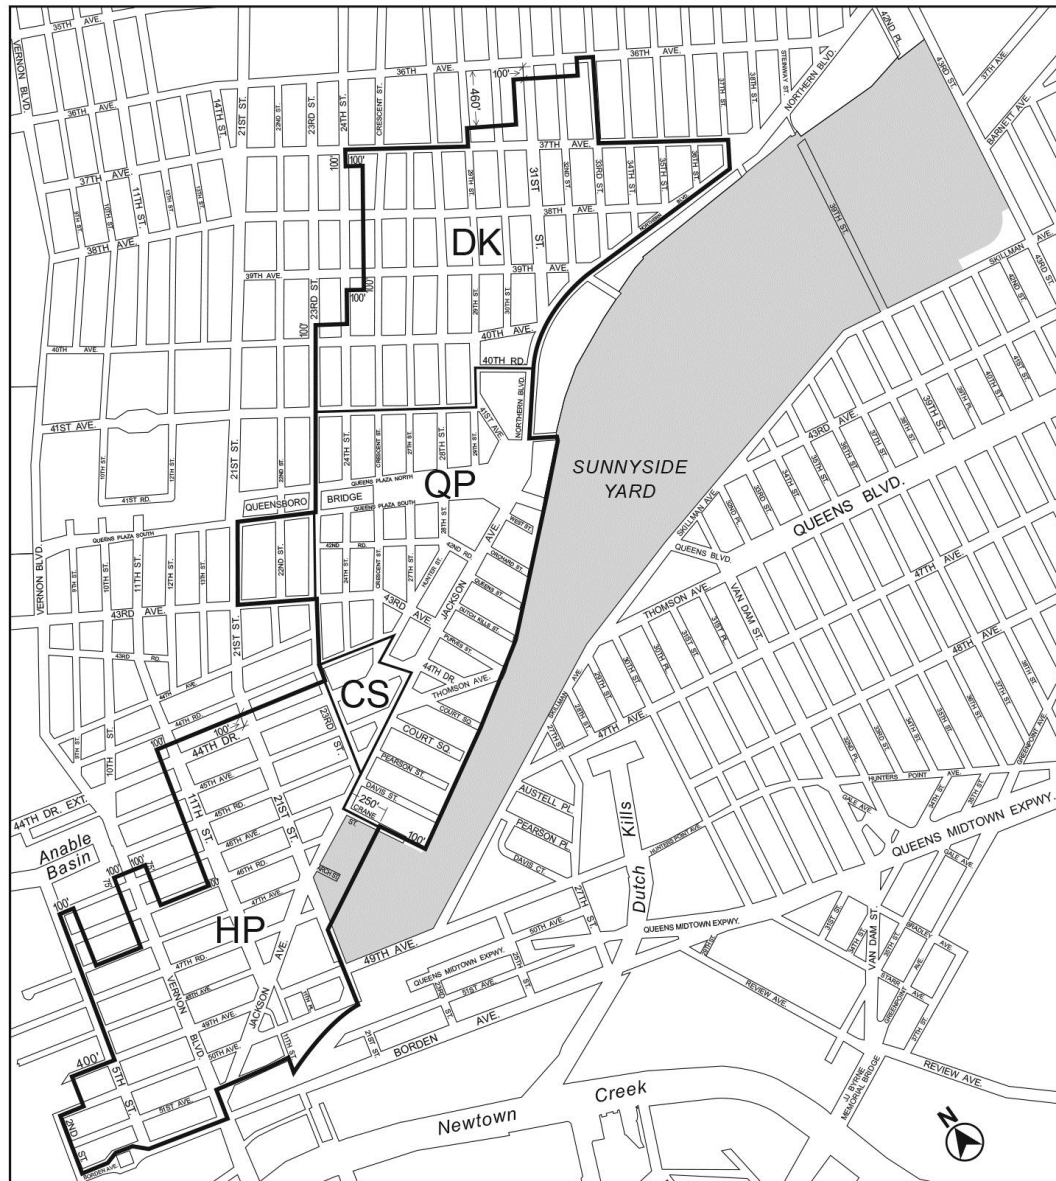

- (2) In the applicable designated #Residence Districts#, the provisions of Section 25-26 (Waiver of Requirements for Small Number of Spaces) are modified, as follows:
 - (i) in the designated M1-2/R6A and M1-3/R7X Districts, the provisions of Section 25-26 shall only apply to #zoning lots# existing both on October 7, 2008, and on the date of application for a building permit.
 - (ii) for all #developments# or #enlargements# in the designated M1-3/R7X District, the maximum number of #accessory# off-street parking spaces for which requirements are waived shall be five spaces.
- (3) Where the designated district is a M1-2/R5B District, the provisions of paragraph (c) of Section 25-631 (Location and width of curb cuts in certain districts) shall not apply.

Appendix B

Court Square Subdistrict Plan Map and Description of Improvements

Description of Improvements

This Appendix describes the mandatory lot improvements that are designated on the District Plan Map in Appendix B for the Court Square Subdistrict. Descriptions refer to the text for requirements and standards for the following improvements.

(a) Block 1

A subway improvement, to consist of a connection between the

Crosstown and Flushing Lines and maintenance of glass partitions in the control area of the Queens Boulevard Line, 23rd Street-Ely Avenue Station mezzanine and near the control area of the Crosstown Line, Court Square-Long Island City Station, mezzanine which are to be installed by the developer of Block 2. The developer shall notify the Chairperson of the City Planning Commission upon both application for, and issuance of, a first building permit for the #development# on this #Block#.

(b) Block 2

A subway improvement, to consist of a connection between the Queens Boulevard and Crosstown Lines, preparation of preliminary plans for a Crosstown Line, Court Square-Long Island City Station and Flushing Line, 45th Road-Courthouse Square Station connection and installation of glass partitions in the control area of the 23rd Street-Ely Avenue Station mezzanine and near the control area of the Court Square-Long Island City Station mezzanine, upon receipt of a written request by the Chairperson of the City Planning Commission, which shall occur only after the issuance of a first building permit for the #development# on Block 1.

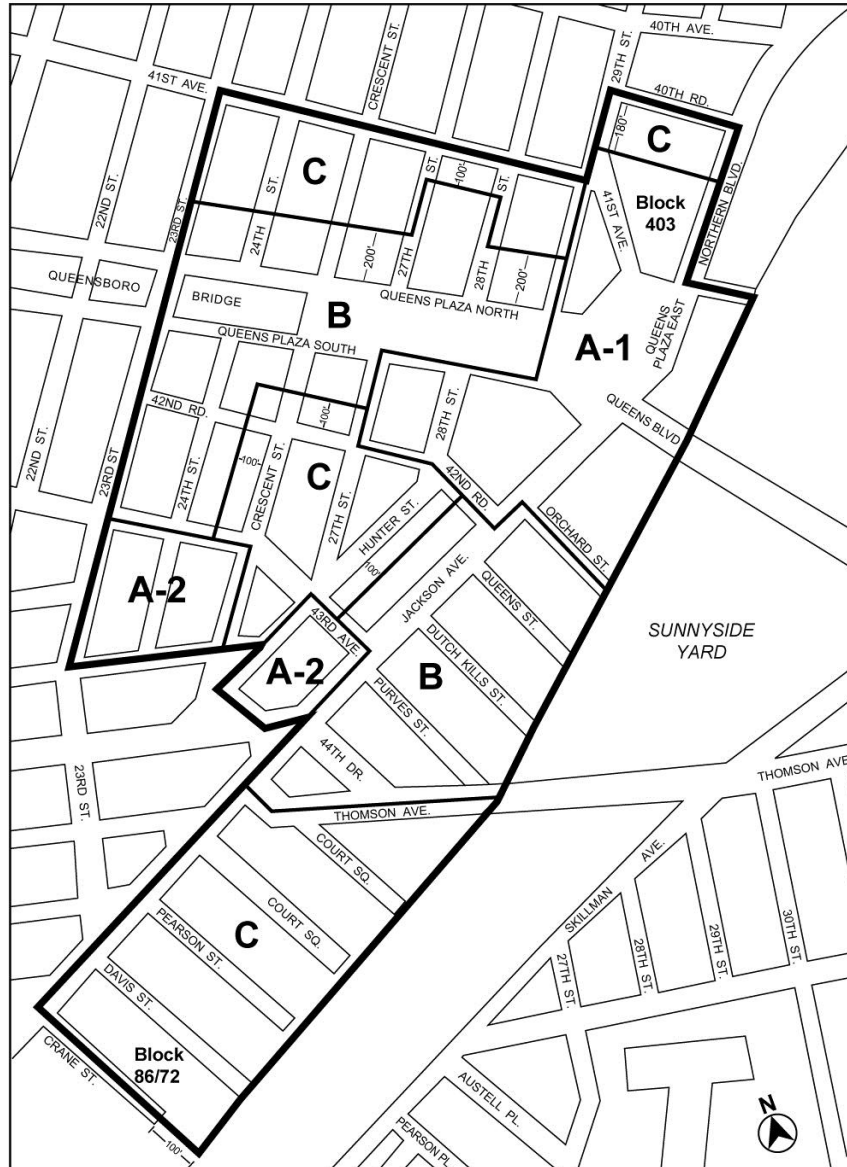

(c) Block 3

- (1) The first #development# or #enlargement# to meet the criteria for a subway improvement shall construct new entrances at the intersection of 44th Drive and 23rd Street for the Flushing Line, 45th Road-Courthouse Square station, in consultation with the Metropolitan Transportation Authority and the Department of City Planning.
- (2) For subsequent #developments# or #enlargements#, a subway improvement to the north end of the Flushing Line, 45th Road-Courthouse Square station shall be required. Such improvement shall be determined in consultation with the Metropolitan Transportation Authority and the Department of City Planning.

(1/10/85)

Article XI - Special Purpose Districts

Chapter 8

Special Union Square District

(1/10/85)

118-00

GENERAL PURPOSES

The "Special Union Square District" established in this Resolution is designated to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) to promote a revitalized mixed-use area around Union Square by encouraging controlled development on vacant and under-utilized sites within the District;
- (b) to stimulate such growth while providing guidelines which will ensure urban design compatibility between new development, existing buildings and Union Square and which will preserve and enhance the special character of the Square;
- (c) to stabilize the area through residential development and thereby encourage active utilization of Union Square Park;
- (d) to enhance the retail and service nature and economic vitality of 14th Street by mandating appropriate retail and service activities;
- (e) to improve the physical appearance and amenity of the streets within the District by establishing streetscape and signage controls which are compatible to Union Square Park;
- (f) to improve access, visibility, security and pedestrian circulation in and around the 14th Street/Union Square Station; and
- (g) to promote the most desirable use of land in this area and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

(2/2/11)

118-01

General Provisions

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Union Square District# and in accordance with the provisions of this Chapter, certain specified #use#, #bulk# and #sign# regulations of the underlying district are made inapplicable and are superseded by the #use#, #bulk# and #sign# regulations of the #Special Union Square District#, as set forth in this Chapter. In addition, special #street wall# transparency and location of entrance requirements are set forth in this Chapter. Except as modified by the express provisions of this Chapter, the underlying district regulations remain in effect.

(2/2/11)

118-02

Incorporation of Appendix A

The District Plan of the #Special Union Square District# is set forth in Appendix A and is incorporated as an integral part of the provisions of this Chapter.

(1/10/85)

118-10

USE REGULATIONS

(2/2/11)

118-11

Ground Floor Uses

#Uses# within #stories# that have a floor level within five feet of #curb level# along 14th Street shall be limited to the #uses# listed in this Section, except that entrances to above-grade or below-grade #uses# are permitted, subject to the regulations set forth in Section 118-41 (Entrances on 14th Street).

These regulations shall apply to #developments#, #enlargements#,

#extensions# and changes of #use#.

Antique stores

Art galleries, commercial

Artists' supply stores

Automobile rental offices

Bakeries, provided that #floor area# used for production shall be limited to 750 square feet per establishment

Banks

Barber shops

Beauty parlors

Bicycle sales, rental or repair shops

Book stores

Candy or ice cream stores

Carpet, rug, linoleum, or other floor covering stores, with no limitation on #floor area# per establishment

Cigar or tobacco stores

Clothing or clothing accessory stores, with no limitation on #floor area# per establishment

Clothing rental establishments, limited to 10,000 square feet on #floor area# per establishment

Department stores

Drug stores

Dry cleaning or clothes pressing establishments or receiving stations dealing directly with ultimate consumers, limited to 2,000 square feet of #floor area# per establishment, and provided that only solvents with a flash point of not less than 138.2 degrees Fahrenheit shall be used, and a total aggregate load capacity of machines shall not exceed 60 pounds

Dry goods or fabric stores, with no limitation of #floor area# per establishment

Eating or drinking establishments including those which provide outdoor table service, or have music for which there is no cover charge and no specified showtime

Eating or drinking establishments, with entertainment but not dancing, with a capacity of 200 persons or less

Eating or drinking establishments, with musical entertainment but not dancing, with a capacity of 200 persons or less

Eating or drinking places without restrictions on entertainment or dancing, but limited to locations in hotels

Fishing tackle or equipment, rental or sales

Florist shops

Food stores, including supermarkets, grocery stores, meat markets or delicatessen stores

Furniture stores, with no limitation on #floor area# per establishment

Furrier shops, custom

Gift shops

Hardware stores

Interior decorating establishments, provided that #floor area# used for processing, servicing or repairs shall be limited to 750 square feet per establishment

Jewelry or art metal craft shops

Laundry establishments, hand or automatic self-service

Leather goods or luggage stores

Medical or orthopedic appliance stores

Millinery shops

Music stores

Newsstands, open or enclosed

Office or business machine stores with no limitations on

#floor area# per establishment

Optician or optometrist establishments

Package liquor stores

Paint stores

Pet shops

Photographic developing or photographic printing establishments limited to 2,500 square feet per establishment

Photographic equipment or supply stores

Photographic studios

Picture framing shops

Record stores

Seed or garden supply stores

Sewing machine stores, selling household machines only

Shoe or hat repair shops

Shoe stores

Sporting or athletic stores

Stamp or coin stores

Telegraph offices

Television, radio, phonograph or household appliance stores with no limitation on #floor area# per establishment

Toy stores

Travel bureaus

Typewriter stores

Variety stores, with no limitation on #floor area# per establishment

Wallpaper stores

Watch or clock stores or repair shops

(10/17/07)

118-12

Sign Regulations

On #street walls# fronting on 14th Street, no #sign# may be located more than 25 feet above #curb level#.

#Signs# on #street walls# fronting on all other #streets# within the Special District shall be subject to the provisions of Section 37-36 (Sign Regulations).

#Flashing signs# are not permitted within the Special District.

(1/10/85)

118-20

BULK REGULATIONS

(2/2/11)

118-21

Floor Area Regulations

The maximum #floor area ratio# permitted on a #zoning lot#, or portion thereof, within an area bounded by:

- (a) Broadway, a line midway between East 14 Street and East 13th Street, a line 100 feet west of University Place, Union Square West and Broadway, a line midway between East 17th Street and East 18th Street, a line 100 feet east of Park Avenue South and Union Square East, East 15th Street, Union Square East, East 17th Street, Union Square West and East 14th Street is 8.0; and
- (b) Broadway, a line midway between East 13th Street and East 14th Street, south prolongation of the center line of Irving Place and Irving Place, East 15th Street, Union Square East, Fourth Avenue, and East 14th Street is 10.0, except as provided in Section 118-70 (SUBWAY STATION IMPROVEMENTS WITHIN THE SPECIAL UNION SQUARE DISTRICT).

In no event shall the #commercial floor area ratio# exceed 6.0.

(2/2/11)

118-22

Residential Density Regulations

The density regulations of Section 23-30 shall not apply. Instead, for every 750 square feet of #residential floor area# permitted on a #zoning lot#, there shall be no more than one #dwelling unit#.

However, the #conversion# of non-#residential floor area# to #residential use# shall be subject to the provisions of Article I, Chapter 5 (Residential Conversion of Existing Non-Residential Buildings).

(2/2/11)

118-30

STREET WALL, HEIGHT AND SETBACK REGULATIONS

The location and height above #curb level# of the #street wall# of any #development#, #enlargement# or alteration that results in a change in the width, height or location of a #street wall#, shall be as shown in the District Plan (Appendix A). However, if such #development#, #enlargement# or alteration is adjacent to one or more existing #buildings# fronting on the same #street line#, the #street wall# of such #development#, #enlargement# or alteration shall be located neither closer to, nor further from, the #street line# than the front wall of the adjacent #building# which is closest to the same #street line#.

#Street wall# recesses are permitted below the level of the second #story# ceiling for subway stair entrances required under Section 118-60 (OFF STREET RELOCATION OF A SUBWAY STAIR WITHIN THE SPECIAL UNION SQUARE DISTRICT). Such recesses shall be no longer than 15 feet and no deeper than eight feet or the width or length of the relocated subway stair, whichever is greater.

#Street wall# recesses are also permitted below the level of the second #story# ceiling for #building# or store entrances only.

A #sky exposure plane# of 2.5 to 1 shall begin at a height above #curb level# of 125 feet on all #streets# within the Special District, except that on a #narrow street# beyond 100 feet from

any #street line# opposite a #public park# or from the intersection of such #narrow street# with a #wide street#, the #sky exposure plane# shall begin at a height above #curb level# of 85 feet.

No #building or other structure# shall penetrate such #sky exposure plane# except pursuant to Section 33-45 (Tower Regulations). However, Section 33-45 shall not be applicable to any portion of a #building# located within 100 feet of a #street line# opposite a #public park#.

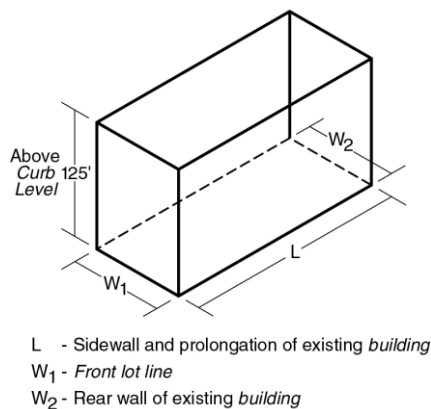

(2/2/11)

118-31

Modification of Street Wall Requirements

- (a) On a #zoning lot# where there is an existing #building# to remain, the requirements governing height and location of #street walls# shall not apply within a volume defined by the rear wall of the existing #building# (W^2), the #front lot line# (W^1), the prolongations of the side walls (L) and a height of 125 feet above #curb level#.

If, after January 10, 1985, any demolition or destruction occurs within the volume defined, the requirements governing #street wall# height shall apply.

EXISTING BUILDING VOLUME FOR MODIFICATION OF STREET WALL REQUIREMENTS

- (b) The City Planning Commission may authorize modifications in the required #street wall# location if the Commission finds

that the existing #buildings#, or existing open areas serving existing #buildings# to remain on the #zoning lot#, would be adversely affected by the location of the #street walls# of the #development#, #enlargement# or alteration in a manner prescribed in paragraph (a) of this Section.

(2/2/11)

118-40

ENTRANCE AND STREET WALL TRANSPARENCY REQUIREMENTS

All #buildings developed# or portions of #buildings enlarged# after January 10, 1985, that front on 14th Street, Union Square East, Union Square West or 17th Street shall be subject to the requirements set forth below.

(2/2/11)

118-41

Entrances on 14th Street

Each permitted #use# within a #story# that has a floor level within five feet of #curb level# in #buildings# or portions of #buildings# with frontage on 14th Street, shall be entered directly from 14th Street. Entrances to #uses# located above or below such #stories# are permitted, provided that such entrances, in aggregate, shall not exceed 30 linear feet of #street wall# frontage on 14th Street.

(2/2/11)

118-42

Entrances on Union Square East, Union Square West and 17th Street

If a #use# occupies at least 40 percent of the #floor area# of a #building# or portion of a #building#, as applicable, pursuant to Section 118-40 (ENTRANCE AND STREET WALL TRANSPARENCY REQUIREMENTS), that fronts on Union Square East, Union Square West or 17th Street between Broadway and Park Avenue South, then the principal entrance to that #use# shall be located on such #street#. However, if more than one #use# meets these criteria, the principal entrance to only one of them is required to be so located.

(2/2/11)

118-43

Street Wall Transparency

When the #street wall# of any #building# or portion of a #building#, as applicable, pursuant to Section 118-40 (ENTRANCE AND STREET WALL TRANSPARENCY REQUIREMENTS), is located on 14th Street, Union Square East, Union Square West or 17th Street, at least 50 percent of the total surface area of such #street wall# shall be transparent between #curb level# and 12 feet above #curb level# or the ceiling of the ground floor, whichever is higher. Such transparency must begin not higher than four feet above #curb level#.

(1/10/85)

118-50

ADDITIONAL REQUIREMENTS

(1/10/85)

118-51

Double Glazed Windows

All new #dwelling units# in #developments#, #enlargements# or changes of #use# shall be required to have double glazing on all windows and shall provide alternate means of ventilation.

(10/17/07)

118-60

OFF-STREET RELOCATION OF A SUBWAY STAIR WITHIN THE SPECIAL UNION SQUARE DISTRICT

Where a #development# or #enlargement# is constructed on a #zoning lot# of at least 5,000 square feet which fronts on a portion of sidewalk containing a stairway entrance or entrances into the 14th Street/Union Square Station, the #development# or #enlargement# shall be subject to the regulations of Section 37-40 (OFF-STREET RELOCATION OR RENOVATION OF A SUBWAY STAIR).

(1/10/85)

118-70

SUBWAY STATION IMPROVEMENTS WITHIN THE SPECIAL UNION SQUARE DISTRICT

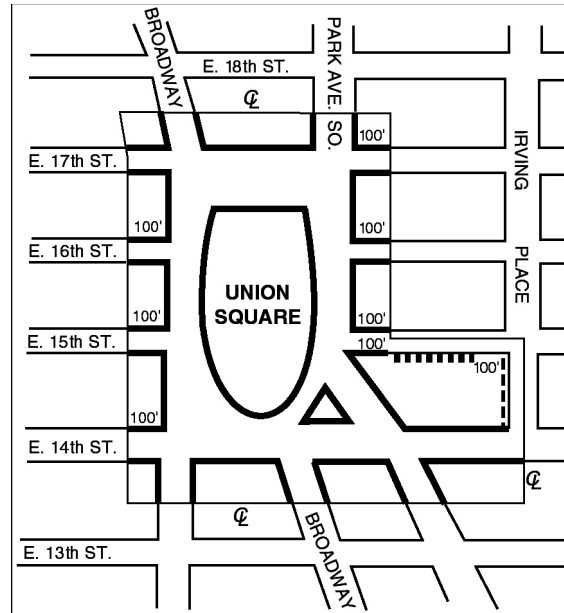

The City Planning Commission may, by special permit, grant #residential floor area# bonuses for #developments# or #enlargements# that provide major improvements on the 14th Street/Union Square Subway Station in accordance with the provisions of Section 74-634. The #zoning lot# for the #development# or #enlargement# on which such #floor area# bonus is requested shall be adjacent to the 14th Street/Union Square Subway Station or to an existing passageway to the station.

As part of the special permit, the Commission may modify the #street wall# regulations of Section 118-30 (STREET WALL HEIGHT AND SETBACK REGULATIONS) if it finds that such major improvements cannot be provided without modifications of these provisions.

(1/10/85)

Appendix A
UNION SQUARE DISTRICT PLAN

#Street walls# shall be coincident with #street lines#.

- Mandatory Street Walls
85'-125' Above Curb Level
- - - - Permitted Street Walls
125' Above Curb Level
- Permitted Street Walls
85' Above Curb Level

Chapter 9

Special Hillside Preservation District

(6/30/87)

119-00

GENERAL PURPOSES

The "Special Hillside Preservation District" (hereinafter also referred to as the "Special District") established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following special purposes:

- (a) to reduce hillside erosion, landslides and excessive storm water runoff associated with development by conserving vegetation and protecting natural terrain;
- (b) to preserve hillsides having unique aesthetic value to the public;
- (c) to guide development in areas of outstanding natural beauty in order to protect, maintain and enhance the natural features of such areas; and
- (d) to promote the most desirable use of land and to guide future development in accordance with a comprehensive development plan, and to protect the neighborhood character of the district.

119-01

Definitions

Definitions specially applicable to this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section 12-10 (DEFINITIONS).

Area of no disturbance

An "area of no disturbance" is an area designated on the site plan that is protected from all types of intrusion, including: #site alteration#, operation of construction equipment, storage of construction materials, excavation or regrading, tunneling for utilities, removal of trees, #topsoil# or any living vegetation, or construction of driveways, #private roads#, parking areas, patios, decks, swimming pools, walkways or other impervious surfaces. #Areas of no disturbance# shall include #steep slopes#, #steep slope buffers# and the #critical root zone# of each tree proposed for preservation.

Average percent of slope

The "average percent of slope" of a #zoning lot# is the average slope of all portions of a #zoning lot# excluding #steep slopes# and shall be determined according to the following equation:

$$S = \frac{IL}{A} \times 100$$

Where:

S - average percent of slope

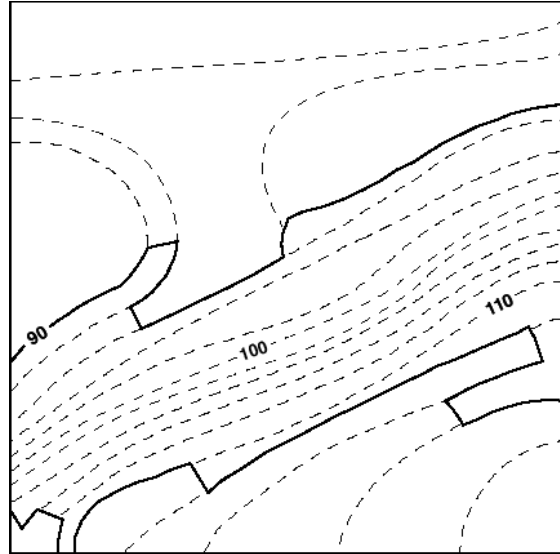

I - contour interval in feet

L - combined length of contour lines in feet, excluding those portions bordering or lying within areas having a slope of 25 percent or greater and meeting the definition of #steep slope#

A - gross area in square feet of the #zoning lot#, excluding those portions of the #zoning lot# having a slope of 25 percent or greater and meeting the definition of #steep slope#. For a proposed #site alteration# on a tract of land not within a #zoning lot#, the portion of such tract of land owned by the applicant shall be considered to be part of the #zoning lot#.

100 - factor which yields slope as a percentage

CALCULATING AREAS HAVING
A SLOPE EQUAL TO OR GREATER THAN 25 PERCENT
ILLUSTRATIVE EXAMPLE

Example:

$$x = \frac{\text{contour interval in feet}}{0.25} = \frac{2}{0.25} = 8.0 \text{ feet}$$

Where:

X - distance between contour lines which indicates a slope of 25 percent

In order to calculate the area having a slope equal to or greater than 25 percent, one can use a map with two-foot contour intervals and a scale of one inch equals 20 feet, such as the map pictured above. A 25 percent slope, on a map with two-foot contour intervals, is indicated by contour lines which are 8.0 feet apart, rounded to the nearest tenth (0.1) of a foot. On a map whose scale is one inch to 20 feet, 8.0 feet is represented by 0.4 of an inch, rounded to the nearest tenth (0.1) of an inch. Identify where the contour lines are 0.4 of an inch or less apart. Connect these contour lines (as indicated by the heavy lines on the map) and calculate the area.

Buildable area

A "buildable area" is a portion of a #zoning lot# excluding #steep slopes#.

Caliper (of a tree)

"Caliper" of a tree is the diameter of a tree trunk measured 4 feet, 6 inches from the ground. If a tree splits into multiple trunks below 4 feet, 6 inches from the ground, the trunk is measured at its most narrow point beneath the split.

Critical root zone

The "critical root zone" of a tree is the area containing the roots of a tree that must be maintained and protected to ensure the tree's survival. The area of the #critical root zone# is measured as one radial foot for every #caliper# inch of the tree, with a required minimum of four radial feet and maximum of 22 radial feet, measured from the surface of the tree trunk at grade.

Hillside

A "hillside" is defined as ground where the ratio of change in elevation to horizontal distance results in a 10 percent or greater slope or #average percent of slope#.

Site alteration

For the purposes of this Chapter, a "site alteration" is an alteration on any vacant tract of land, #land with minor improvements# or any tract of land containing #buildings or other structures#. #Site alterations# shall include the following:

- (a) removal of #topsoil#;
- (b) excavating, filling, land contour work and other topographic modifications where the ground elevation of the land existing on June 30, 1987, is modified by two feet or more;
- (c) dumping, changes in existing drainage systems and changes in grade, alignment or width of public rights-of-way; or
- (d) removal of vegetation beyond 15 feet of the foundation of an existing #building#, except when the plant materials' continued presence would create hazards or dangers (such as

an area affected by storm or plant disease) to persons, property or other plant material which it would not be possible or practical to eliminate by pruning or routine maintenance.

Staging area

A "staging area" is any area on a #zoning lot# or other tract of land used during the construction of a #development#, #enlargement# or #site alteration# for the purposes of stockpiling soil or construction materials; storing, cleaning or servicing construction equipment, vehicles or tools; or storing leachable construction products, gases or other materials used to clean or service vehicles, equipment or tools.

Steep slope

A "steep slope" is a portion of a #zoning lot# or other tract of land with an incline of 25 percent or greater. However, a portion of a #zoning lot# or other tract of land with an incline of 25 percent or greater shall not be considered a #steep slope# if it occupies an area of less than 200 square feet or has a dimension of less than ten feet, measured along the horizontal plane, unless such portions in the aggregate equal ten percent or more of the area of the #zoning lot#.

Steep slope buffer

A "steep slope buffer" is a 15-foot wide area having a slope of less than 25 percent that adjoins the entire length of the crest of a #steep slope#.

Tier I site

A "Tier I site" is a #zoning lot# or other tract of land having an #average percent of slope# of less than 10 percent.

Tier II site

A "Tier II site" is a #zoning lot# or other tract of land having an #average percent of slope# equal to or greater than 10 percent.

Topsoil

"Topsoil" is soil containing undisturbed humus and organic matter capable of sustaining vigorous plant growth and is generally the top six inches of soil.

Tree credit

A "tree credit" is a credit for preserving an existing tree of six-inch #caliper# or more which is counted toward a tree preservation requirement, or a credit for a newly-planted tree of three-inch #caliper# or more which is counted toward a tree planting requirement.

Tree protection plan

A "tree protection plan" is a plan that modifies the #area of no disturbance# around a tree proposed for preservation while protecting and preserving the tree during construction. A #tree protection plan# is prepared by an arborist certified by the International Society of Arboriculturists (ISA) or equivalent professional organization that includes:

- (a) a survey of the current condition and health of such trees of six-inch #caliper# or more;
- (b) methods for tree protection and preservation based on best management practices, including the prevention of damage due to compaction, grade and drainage pattern changes and tunneling for utilities;
- (c) a schedule for site monitoring during construction;
- (d) a procedure to communicate protection measures to contractor and workers; and
- (e) post-construction treatment.

(2/2/11)

119-02

General Provisions

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Hillside Preservation District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in

accordance with the provisions of this Chapter. Except as modified by the express provisions of this Chapter, the regulations of the underlying districts remain in effect.

Any #development#, #enlargement# or #site alteration# on the #buildable area# of a #zoning lot# where the #average percent of slope# is less than 10 percent shall be regulated by the provisions set forth in Section 119-10 (PROVISIONS REGULATING TIER I SITES). Any #development#, #enlargement# or #site alteration# on the #buildable area# of a #zoning lot# having an #average percent of slope# equal to or greater than 10 percent shall be governed by the provisions set forth in Section 119-20 (PROVISIONS REGULATING TIER II SITES).

No #development#, #enlargement# or #site alteration# is permitted within any #area of no disturbance# on a #zoning lot# or other tract of land. #Areas of no disturbance# shall remain in their natural state, except:

- (a) for #steep slopes# or #steep slope buffers#, an authorization may be granted by the City Planning Commission, pursuant to Section 119-30 (SPECIAL REVIEW PROVISIONS);
- (b) vegetation and #topsoil# may be removed from a #steep slope buffer# during construction on a #Tier I site#, provided that the #development#, #enlargement# or #site alteration# complies with the requirements of Sections 119-215 (Landscaping controls to preserve trees, shrubs and ground cover), 119-217 (Tier II controls during construction) and 119-22 (Tier II Submission Requirements); or
- (c) in accordance with a #tree protection plan#.

Those portions of a #zoning lot# having #areas of no disturbance#, however, may count as #lot area# for the purposes of the applicable regulations on #yards#, #floor area ratio#, #open space ratio# or maximum number of #dwelling units# or #rooming units#.

The following #uses#, including #enlargements# to such #uses#, shall not be permitted within the #Special Hillside Preservation District# unless an authorization is granted by the City Planning Commission pursuant to Section 119-30: #community facility uses#, #group parking facilities# of 30 cars or more, whether or not they are necessary to satisfy parking requirements.

When the #Special Hillside Preservation District# is designated on a #public park#, or portion thereof, #site alterations#, the construction of new park-related facilities such as, but not

limited to, roadways, parking lots, comfort stations, storage facilities, swimming pools, eating establishments, tennis courts, amphitheaters and stadia, and improvements to existing park-related facilities, shall not be subject to the provisions of Sections 119-10 or 119-20 but shall require an authorization from the City Planning Commission, pursuant to Section 119-31 (Authorizations).

(6/30/87)

119-03

Applicability of Large-Scale Residential Development Regulations

Any #development# on a #zoning lot# having an #average percent of slope# of 10 percent or greater, which is used predominantly for #residential use#, may be treated as a #large-scale residential development# and special authorizations or special permits for such #developments# may be granted in accordance with the provisions of Article VII, Chapter 8, as modified herein, regardless of whether such #development# will have the area, number of #buildings# or number of #dwelling units# specified in the definition of #large-scale residential developments# as set forth in Section 12-10 (DEFINITIONS). However, bonuses that may be granted for #large-scale residential developments# under the provisions of Sections 78-32 (Bonus for Good Site Plan), 78-33 (Bonus for Common Open Space) or 78-35 (Special Bonus Provisions) may not be granted for #developments# that have less than the minimum area, number of #buildings# or number of #dwelling units# required by the definition of a #large-scale residential development#.

Notwithstanding the provisions of Section 78-06 (Ownership), a #zoning lot# having an #average percent of slope# of 10 percent or greater that is the subject of an application under this Section may include adjacent properties in more than one ownership, provided that the application is filed jointly by the owners of all the properties included. Any subdivision of the tract before, during or after #development# shall be subject to the provisions of Section 78-51 (General Provisions).

(2/2/11)

119-04

Future Subdivision

Within the #Special Hillside Preservation District#, no #zoning

lot# existing on June 30, 1987, may be subdivided without certification by the City Planning Commission that the proposed subdivision complies with the regulations of the #Special Hillside Preservation District# and that all #hillside# are preserved to the greatest extent possible under future #development# options.

A plan for such subdivision shall be filed with the Commission and shall include a survey map indicating existing topography at two-foot contour intervals and all individual trees of six-inch #caliper# or more.

When a #zoning lot# existing on June 30, 1987, is intended to be subdivided and is more than five acres, a site plan of the entire subdivision shall be filed with the Commission. The site plan shall include the proposed vehicular circulation system within the area, #block# and #zoning lot# layouts and any other information required by the Commission.

In the event that any #zoning lot# proposed for subdivision contains a #development#, #enlargement# or #site alteration# that has been undertaken contrary to the provisions of this Chapter, the Commission shall not approve the subdivision until violations are removed from the #zoning lot#, in accordance with the Commission's requirements under Section 119-40 (COMPLIANCE).

(2/2/11)

119-05

Applicability of Parking Location Regulations

The parking regulations applicable to #lower density growth management areas# are modified to allow required #accessory# parking spaces to be located in a #front yard#.

(2/2/11)

119-10

PROVISIONS REGULATING TIER I SITES

#Tier I sites# shall be regulated by the provisions set forth in this Section, inclusive.

(2/2/11)

119-11

Tier I Requirements

(2/2/11)

119-111

Tier I tree preservation requirements

To the maximum extent possible, existing trees shall be retained. Trees of six-inch #caliper# or more may only be removed or destroyed as a result of a #development#, #enlargement# or #site alteration#, provided that:

- (a) such trees are located in areas to be occupied by #buildings#, #private roads#, driveways, areas for required #accessory# parking, or within a distance of 15 feet of the exterior walls of such #building#, provided that it is not possible to avoid such removal by adjustments in the arrangement of such #buildings#, driveways or required parking areas;
- (b) the continued presence of such tree would create special hazards or dangers to persons or property, which would not be possible or practical to eliminate by pruning;
- (c) the continued presence of such tree would interfere with the growth or health of another tree of six-inch #caliper# or more designated for preservation and belonging to a species listed in Appendix B (Selection List for On-site Trees); or
- (d) an authorization pursuant to Section 119-313 (Modification of landscaping, tree preservation and tree planting requirements) has been granted by the City Planning Commission approving the removal of such trees.

Any tree of six-inch #caliper# or more that cannot be preserved as a result of a proposed #development#, #enlargement# or #site alteration# shall be replaced pursuant to the provisions of Section 119-112 (Tier I tree planting requirements).

(2/2/11)

119-112

Tier I tree planting requirements

All #developments#, #enlargements# and #site alterations# on #Tier I sites# shall comply with the tree planting requirements set forth in this Section, whether or not existing trees are removed as a result of such #development#, #enlargement# or #site alteration#. However, the requirements set forth herein shall not apply to any #enlargement# of an existing #building#, provided that such #enlargement# does not increase the #lot coverage# of said #building#.

On-site trees, pre-existing or newly-planted, shall be provided on the #zoning lot# at the rate of one tree for each 1,000 square feet of #lot area#, or portion thereof, or shall equal a total of 51 percent of all #tree credits# for trees originally on site, whichever is greater.

For any existing tree of at least six-inch #caliper# that is preserved, credit for one tree shall be given for the first six inches of #caliper# and, for each additional four inches of #caliper#, credit for an additional tree shall be given.

Single-trunk trees, newly planted to meet this requirement, shall be of at least three-inch #caliper# at the time of planting. Multiple-trunk trees and low-branching coniferous evergreens shall be at least 10 feet in height at the time of planting. On-site trees shall be of a species selected from Appendix B (Selection List for On-site Trees).

(12/7/99)

119-113

Tier I controls during construction

The following requirements must be met during construction:

- (a) Construction fences shall be erected around all #areas of no disturbance#.

A #tree protection plan# is required to modify the #area of no disturbance# around trees proposed for preservation.

- (b) The #staging area# shall be located in an area that would most minimize destruction of the natural features of the landscape. Such area shall be as close to the construction area on the #zoning lot# as practical, and shall be either on the flattest portion of the #zoning lot# or behind a containment wall where it will not erode any #area of no disturbance# or endanger any tree designated for preservation.

- (c) #Topsoil# shall be used in the area to be revegetated as soon as construction is complete.
- (d) Any exposed earth area shall have straw, jute matting or geotextiles placed on it within two days of exposure and be seeded with annual rye grass during construction.

(2/2/11)

119-12

Tier I Submission Requirements

For all #developments#, #enlargements# or #site alterations# on #Tier I sites#, the following materials shall be submitted to the Department of Buildings. However, the submission requirements set forth herein shall not apply to an #enlargement# of an existing #residential building#, provided that such #enlargement# does not increase the #lot coverage# of said #building#. No building permit shall be issued until the Department of Buildings determines that the requirements of the #Special Hillside Preservation District# have been met.

- (a) A survey map prepared by a licensed surveyor showing topography at two-foot contour intervals and indicating the existing slope of the land, as it occurs, in categories of 10-14 percent, 15-19 percent, 20-24 percent, 25 percent and greater; the location of existing #buildings or other structures#, patios, decks, swimming pools, walkways, driveways and #private roads#, including sidewalks and other impervious surfaces; and the location, #caliper# and species of all trees of six-inch #caliper# or more on the #zoning lot# and in the sidewalk area of the adjacent #streets#.
- (b) A site plan prepared by a registered architect or professional engineer indicating the location of all existing #buildings or other structures#; the location of all proposed #buildings or other structures#; the location of existing and proposed patios, decks, swimming pools, walkways, driveways and #private roads#, including sidewalks and other impervious surfaces; the location of any #steep slopes#, #steep slope buffer# areas and the #staging area#; and the location, #caliper# and species of all trees of six-inch #caliper# or more on the #zoning lot# and in the sidewalk area of the adjacent #streets#. The site plan shall identify those trees proposed to be removed and those trees proposed to be preserved, indicating, for the latter, the #critical root zone#.

- (c) A tree-planting plan, prepared by a registered landscape architect, indicating the location and species of all new plantings, and indicating the location of and the #critical root zone# around all trees proposed for preservation.

(2/2/11)

119-13

Administration of Tier I Requirements

No permanent certificate of occupancy shall be issued by the Department of Buildings unless an inspection report, verifying that the requirements of Section 119-10 (PROVISIONS REGULATING TIER I) have been met, is filed with the Department of Buildings by a registered landscape architect, licensed surveyor, registered architect or professional engineer.

(2/2/11)

119-20

PROVISIONS REGULATING TIER II SITES

All #Tier II sites# shall be regulated by the provisions set forth in this Section. However, any #enlargement# on #Tier II sites# of an existing #building#, provided that such #enlargement# does not increase the #lot coverage# of said #building#, shall be exempted from the provisions of Sections 119-211 (Lot coverage controls), 119-213 (Grading controls) to 119-217 (Controls during construction), inclusive, 119-22 (Tier II Submission Requirements), and 119-23 (Administration of Tier II Requirements).

(2/2/11)

119-21

Tier II Requirements

(1/18/11)

119-211

Lot coverage, floor area and density regulations

The area of a #private road# shall be excluded from the area of the #zoning lot# for the purposes of applying the applicable requirements of Sections 23-14 (Minimum Required Open Space, Open Space Ratio, Maximum Lot Coverage and Maximum Floor Area Ratio) as modified by this Section, and Sections 23-21 (Required Floor Area per Dwelling Unit or Floor Area per Rooming Unit) and 33-10 (FLOOR AREA REGULATIONS). For the purposes of this Section, the area of the #private road# shall include the area of the paved roadbed plus a seven-foot wide area adjacent to and along the entire length of the required curbs.

The maximum permitted percentage of #lot coverage# on a #zoning lot# shall be determined by Table I or Table II of this Section, as applicable.

TABLE I

PERMITTED PERCENTAGE OF LOT COVERAGE ON A ZONING LOT
BY ZONING DISTRICT, AVERAGE PERCENT OF SLOPE AND
RESIDENCE TYPE

#Average Percent of Slope#	#Residence District#						
	R6						
	R1	R2	R3	R4	R5	1-2 Family	Other
10-14.9	22.5	22.5	22.5	36.0	45.0	48.6	32.4
15-19.9	20.0	20.0	20.0	32.0	40.0	43.2	28.8
20-24.9	17.5	17.5	17.5	28.0	35.0	37.8	25.2

If an authorization is granted for a #development#, #enlargement# or #site alteration# on a #zoning lot# or portion of a #zoning lot# having a #steep slope# or #steep slope buffer# pursuant to Section 119-311, the maximum permitted percentage of #lot coverage# for said #zoning lot# shall not exceed the maximum set forth in Table II of this Section.

TABLE II

PERMITTED PERCENTAGE OF LOT COVERAGE ON A ZONING LOT
OR PORTION OF A ZONING LOT WITH A STEEP SLOPE,
BY ZONING DISTRICT AND RESIDENCE TYPE

#Residence District#						
						R6
R1	R2	R3	R4	R5	1-2 Family	Other
12.5	12.5	12.5	20.0	25.0	27.0	18.0

However, the maximum permitted percentage of #lot coverage# on a #zoning lot#, as determined by Table I or Table II, shall not apply to any #development#, #enlargement# or #site alteration# that receives an authorization pursuant to Section 119-312 (Authorization of certain uses within the Special Hillside Preservation District) and is located in a #Commercial District#.

(2/2/11)

119-212

Height and setback regulations

The height and setback regulations set forth in Sections 23-631 (Height and setback in R1, R2, R3, R4 and R5 Districts), 23-632 (Front setbacks in districts where front yards are not required), 34-24 (Modification of Height and Setback Regulations) and 35-61 (Height and Setback Regulations) shall not apply to #buildings or other structures# on #Tier II sites# within the #Special Hillside Preservation District#. In lieu thereof, the height and setback regulations set forth in this Section shall apply.

No portion of a #building or other structure# shall penetrate a plane drawn parallel to the #base plane# at a height that is shown in Table III of this Section. For #buildings# with pitched roofs, height shall be measured to the midpoint of such pitched roof. For the purposes of this Section, the #base plane#, which is a plane from which the height of a #building or other structure# is measured in R2X, R3, R4 and R5 Districts, shall also be established in accordance with the provisions of Section 12-10 (DEFINITIONS) for #buildings or other structures# in R1, R2 and R6 Districts.

TABLE III

MAXIMUM HEIGHT OF A BUILDING OR OTHER STRUCTURE

#Residence District#*	Maximum Height above #Base Plane#
R1 R2 R3 R4**	36 feet
R5**	60 feet
R6	70 feet

* or #Residence District#	equivalent when the #zoning lot# is located within a #Commercial District#
**	#buildings# that utilize the regulations of Section 23- 141, applying to a #predominantly built-up area#, shall not exceed a maximum height of 32 feet above the #base plane#.

(2/2/11)

119-213

Grading controls

With the exception of #private roads# and driveways, no grading shall take place beyond 15 feet of the location of a #building# foundation, measured from the foundation perimeter. The following grading requirements shall apply to all #Tier II sites#.

- (a) Cut slopes shall be no steeper than two horizontal to one vertical; subsurface drainage shall be provided as necessary for stability.
- (b) Where two cut slopes intersect, the corners shall be rounded with a minimum radius of 25 feet.
- (c) Fill slopes shall be no steeper than two horizontal to one vertical; fill slopes shall not be located on natural slopes 2:1 or steeper, or where fill slope toes out within 12 feet horizontally of the top of an existing or planned cut slope.
- (d) Excavating for fill shall be prohibited unless the material is obtained from a cut permitted under an approved grading plan obtained for some purpose other than to produce fill material, or imported from outside the #Special Hillside Preservation District#.

- (e) Fills shall be compacted to at least 95 percent of maximum density, as determined by ASSHO T99 or ASTM D698.
- (f) All retaining walls or cuts with a total vertical projection in excess of three feet and associated with cut or fill surfaces shall be designed as structural members keyed into stable foundations and capable of sustaining the design loads.
- (g) The edge of any cut or fill slope meeting the grade existing on June 30, 1987, should be blended into such grade in a vertical or horizontal arc with a radius of not less than 25 feet.
- (h) The top and toe of any cut or fill slope, or where any excavation meets the grade existing on June 30, 1987, should be rounded in a vertical arc with a radius of not less than five feet.
- (i) Tops and toes of cut and fill slopes shall be set back from #lot lines# for a horizontal distance of three feet plus one-fifth the height of the cut or fill but need not exceed a horizontal distance of 10 feet; tops and toes of cut and fill slopes shall be set back from #buildings# and structures a horizontal distance of six feet plus one-fifth the height of the cut or fill but need not exceed a horizontal distance of ten feet.

(2/2/11)

119-214

Tier II requirements for driveways and private roads

The provisions set forth in this Section and Section 119-213 (Grading controls) shall apply to driveways and to #private roads# that provide access to #buildings developed# after December 11, 1999. The provisions for #private roads# set forth in Section 26-20, inclusive, shall not apply. However, the provisions of Sections 26-31 through 26-34 shall apply for #private roads# in #lower density growth management areas#.

(a) Driveways

- (1) the maximum grade of a driveway shall not exceed 10 percent;
- (2) the paved width of a driveway shall not exceed 18 feet; and

- (3) the maximum length of a driveway from a #private road# or #street# to an #accessory# parking space shall not exceed 80 feet.

(b) #Private roads#

- (1) the maximum grade of a #private road# shall not exceed 10 percent;
- (2) the width of the graded section beyond the curb back or edge of pavement of a #private road# shall extend no more than three feet beyond the curb back or edge of pavement on both the cut and the fill sides of the roadway. If a sidewalk is to be installed parallel to the roadway, the graded section shall be increased by the width of the sidewalk plus no more than one foot beyond the curb back;
- (3) the paved width of a #private road# shall not exceed 30 feet;
- (4) curbs shall be provided along each side of the entire length of a #private road# and #accessory# parking spaces may be located between the required roadbed and curb;
- (5) a curb cut, excluding splays, from a #street# to a #private road# may be as wide as such #private road#;
- (6) curb cuts providing access from #private roads# to parking spaces shall not exceed the width of the driveway served and in no event shall exceed a width of 18 feet, including splays;
- (7) a minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts;
- (8) no building permit shall be issued by the Department of Buildings without approval by the Fire Department regarding the adequacy of vehicular access to and within the development for fire safety. Such approval may include the modification of #private road# width as set forth in paragraph (b)(3) of this Section; and
- (9) for the purposes of applying the #yard# regulations of Section 26-31, the curb of the #private road# shall be considered to be the #street line#.

The City Planning Commission may by authorization or special

permit, as applicable, pursuant to Section 119-30 (SPECIAL REVIEW PROVISIONS), allow modifications to, or waivers of, the requirements of this Section. The approval of the Fire Department regarding the adequacy of vehicular access to and within the development for fire safety shall be a condition precedent for any modification or waiver.

(2/2/11)

119-215

Landscaping controls to preserve trees, shrubs and ground cover

- (a) In any #area of no disturbance#, existing vegetation and #topsoil# shall not be removed, except in accordance with a #tree protection plan# or as authorized by the City Planning Commission, pursuant to the provisions of Section 119-313 (Modification of landscaping, tree preservation and tree planting requirements).
- (b) To the maximum extent possible, existing trees, shrubs and ground cover shall be retained. Vegetation may only be removed or destroyed as a result of a #development#, #enlargement# or #site alteration#, provided that:
 - (1) it is located in areas to be occupied by #buildings#, #private roads#, driveways, areas for required #accessory# parking or within a distance of 15 feet of a #building# foundation and, provided that it is not practical to avoid such removal by adjustments in the arrangement of such #buildings#, #private roads#, driveways or required parking areas;
 - (2) the continued presence of the vegetation would interfere with the growth or health of trees of six-inch #caliper# or more designated for preservation and belonging to a species listed in Appendices A, B or C;
 - (3) the continued presence of the vegetation would create special hazards or dangers to persons or property, which would not be possible or practical to eliminate by pruning or routine maintenance; or
 - (4) an authorization has been granted by the City Planning Commission under the provisions of Section 119-313 approving the removal of such vegetation.
- (c) Any vegetation or #topsoil# that cannot be preserved as a result of a proposed #development#, #enlargement# or #site

alteration# and is not permitted to be removed under paragraph (b) of this Section shall be replaced as follows: for every square foot of #lot area# of removed vegetation or #topsoil#, there shall be provided the following plantings of the size and number indicated in paragraphs (c)(1) through (c)(4) of this Section. The area of removed vegetation shall be measured so as to include any portions of the #zoning lot# that were located within the #critical root zone# of a removed tree of six-inch #caliper# or more. Species of ground cover and shrubs shall be selected from Appendix A (Selection List for Shrubs and Ground Covers). Species of on-site trees shall be selected from Appendix B (Selection List for On-site Trees).

- (1) Ground cover shall be planted one at one foot on center and at the rate of one plant for every square foot of #lot area# of removed vegetation; and
- (2) Large trees shall be planted at the rate of one three-inch #caliper# tree for every 500 square feet of #lot area# of removed vegetation; or
- (3) Small trees shall be planted at a rate of one eight-foot high tree for every 100 square feet of #lot area# of removed vegetation; or
- (4) #Shrubs# shall be planted at a rate of one gallon container-grown material for every 25 square feet of #lot area# of removed vegetation.

(2/2/11)

119-216

Tier II tree planting requirements

All #developments#, #enlargements# and #site alterations# on #Tier II sites# shall comply with the following tree planting requirements, whether or not existing vegetation is removed as a result of such #development#, #enlargement# or #site alteration#. However, the requirements set forth herein shall not apply to an #enlargement# of an existing #building#, provided that such #enlargement# does not increase the #lot coverage# of said #building#.

On-site trees, pre-existing or newly-planted, shall be provided on the #zoning lot# at the rate of one tree for each 1,000 square feet of #lot area#, or portion thereof, or shall equal a total of 51 percent of all #tree credits# for trees originally on site,

whichever is greater.

For any existing tree of at least six-inch #caliper# that is preserved, credit for one tree shall be given for the first six inches of #caliper# and, for each additional four inches of caliper, credit for an additional tree shall be given.

Single-trunk trees newly-planted to meet this requirement shall be of at least three-inch #caliper# at the time of planting. Multiple-trunk trees and low-branching coniferous evergreens shall be at least 10 feet in height at the time of planting. On-site trees shall be of a species selected from Appendix B (Selection List for On-site Trees).

(2/2/11)

119-217

Tier II controls during construction

The following requirements must be met during construction:

- (a) No construction equipment of any kind shall operate beyond 15 feet of the perimeter of a #building# foundation except those vehicles engaged in the construction of #private roads#, driveways or required #accessory# parking areas. This provision may be waived by the Commissioner of Buildings should it be determined that the particular conditions of the site make a 15 foot limit infeasible or impractical.
- (b) Construction fences shall be erected around all vegetation proposed for preservation and all #areas of no disturbance#, and those portions of the fence that are downhill from the construction site shall have hay bales placed adjacent to them.
- (c) Excavating for fill shall be prohibited unless the material is obtained from a cut permitted under an approved grading plan obtained for some purpose other than to produce fill material, or imported from outside the #Special Hillsides Preservation District#.
- (d) The #staging area# shall be located in an area that would most minimize destruction of the natural features of the landscape. Such area shall be as close to the construction area on the #zoning lot# as practical, and shall be either on the flattest portion of the #zoning lot# or behind a containment wall where it will not erode any #area of no

disturbance# or endanger any tree designated for preservation.

- (e) #Topsoil# shall be used in the area to be revegetated as soon as construction is complete.
- (f) Any exposed earth area shall have straw, jute matting or geotextiles placed on it within two days of exposure and be seeded with annual rye grass during construction.

(2/2/11)

119-22

Tier II Submission Requirements

For all #developments#, #enlargements# or #site alterations# on #Tier II sites#, the following materials shall be submitted to the Department of Buildings. However, the submission requirements set forth herein shall not apply to an #enlargement# of an existing #building#, provided that such #enlargement# does not increase the #lot coverage# of said #building#. No building permit shall be issued until the Department of Buildings determines that the requirements of the #Special Hillside Preservation District# have been met.

- (a) A survey map prepared by a licensed surveyor showing topography at two-foot contour intervals and indicating the existing slope of the land as it occurs in categories of 10-14 percent, 15-19 percent, 20-24 percent, 25 percent and greater; the location of existing #buildings or other structures#, patios, decks, swimming pools, walkways, driveways and #private roads#, including sidewalks and other impervious surfaces; and the location, #caliper# and species of all trees of six-inch #caliper# or more on the #zoning lot# and in the sidewalk area of the adjacent #streets#.
- (b) A site plan prepared by a registered architect or professional engineer indicating the location of all existing #buildings or other structures#; the location of all proposed #buildings or other structures#; the location of existing and proposed patios, decks, swimming pools, walkways, driveways and #private roads#, including sidewalks and other impervious surfaces; the location of all understory, including shrubs and ground cover; and the location, #caliper# and species of individual trees of six-inch #caliper# or more on the #zoning lot# and in the sidewalk area of the adjacent #streets#. The site plan shall identify those trees proposed to be removed and those trees

proposed to be preserved, indicating for the latter the #critical root zone#, the location of any other #area of no disturbance# and the location of the #staging area#.

- (c) A grading plan that will show all existing and proposed contours at two-foot intervals, critical spot elevations, tops and bottoms of proposed slopes over 10 percent gradient and will indicate at least one longitudinal and one latitudinal cross-section showing both the original and proposed final ground surfaces, with grades, slopes and elevations noted.
- (d) An alignment and paving plan for any #private road# with a typical cross-section.
- (e) A landscaping and revegetation plan, prepared by a registered landscape architect, indicating the extent of vegetation and #topsoil# removal required for site preparation and development and the location and species of all new plantings.
- (f) A construction plan prepared by a registered landscape architect, registered architect, licensed surveyor or professional engineer showing the proposed location for the #staging area#, the proposed method for protecting trees, understory shrubs and ground cover during construction, as well as a description of the equipment to be employed in processing and disposing of soil and other material to be removed from the site. A #tree protection plan# for any tree proposed for preservation where the #area of no disturbance# is proposed to be modified.
- (g) An affidavit prepared by a registered landscape architect, registered architect, licensed surveyor or professional engineer stipulating the following:
 - (1) prior to construction, no grading, filling, clearing or excavation of any kind shall be initiated until approval of a final grading plan by the Department of Buildings;
 - (2) no construction equipment of any kind shall pass over areas to be preserved, according to the approved plans;
 - (3) construction fences meeting the requirements of Section 119-217, paragraph (b), shall be erected around all vegetation proposed for retention; and
 - (4) construction controls (erosion protection, drainage measures, etc.) shall be implemented according to the

approved plan.

- (h) A drainage plan and soil report prepared by a professional engineer to protect natural features. The drainage plan shall describe the temporary (during construction) and permanent measures to collect, direct and discharge stormwater drainage from the site, indicating the direction of drainage flow and providing detailed plans and locations of all surface and subsurface drainage devices, walls, dams, sediment basins, stormwater storage (detention and retention) facilities, and other drainage facilities and protective devices. Such report shall include an estimate of runoff from the site after completion of any proposed #development#, #enlargement# or #site alteration# and provide a description with supporting information of the manner in which the proposed #development#, #enlargement# or #site alteration# complies with the requirements of Local Law 103 of 1989.

(2/2/11)

119-23

Administration of Tier II Requirements

All #developments#, #enlargements# or #site alterations# that are subject to the requirements of Section 119-22 (Tier II Submission Requirements) shall file directly with the Department of Buildings.

No permanent certificate of occupancy shall be granted unless an inspection report, verifying that the requirements of Section 119-20 have been met, is filed with the Department of Buildings by a registered landscape architect, registered architect, licensed surveyor or professional engineer.

(6/30/87)

119-30

SPECIAL REVIEW PROVISIONS

(2/2/11)

119-31

Authorizations

Upon application, the City Planning Commission may grant authorizations for modifications of specified regulations of this Chapter and for the underlying district regulations in accordance with the provisions of Sections 119-311 (Authorization of a development, enlargement or site alteration on a steep slope or steep slope buffer) through 119-319 (Authorization to allow site alterations, the construction of new park-related facilities and improvements to existing park-related facilities within public parks), inclusive.

In addition, all #developments#, #enlargements# and #site alterations# that require an authorization pursuant to Sections 119-311 through 119-318, inclusive, shall be subject to the provisions of Sections 119-33 (Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits) and 119-34 (Special Submission Requirements for Certain Authorizations and Special Permits).

The Commission may prescribe appropriate conditions and safeguards, including covenants running with the land which shall permit public or private enforcement reflecting terms, conditions and limitations, of any authorizations hereunder, to minimize adverse effects on the #hillsides# and the character and quality of the community.

(2/2/11)

119-311

Authorization of a development, enlargement or site alteration on a steep slope or steep slope buffer

The City Planning Commission may authorize #developments#, #enlargements# and #site alterations# on a #steep slope# or #steep slope buffer#.

In order to grant such authorizations, the Commission shall find that:

- (a) the #development#, #enlargement# or #site alteration# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;
- (b) such modification is the least modification required to achieve the purpose for which it is granted;

- (c) the modification requested has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;
- (d) the requested modification will not disturb the drainage patterns and soil conditions of the area; and
- (e) the #development#, #enlargement# or #site alteration# takes advantage of the natural characteristics of the site.

Any #development#, #enlargement# or #site alteration# requiring an authorization pursuant to this Section shall be subject to all the requirements of Section 119-20 (PROVISIONS REGULATING TIER II) for which an authorization or special permit has not been obtained.

(2/2/11)

119-312

Authorization of certain uses within the Special Hillside Preservation District

Any #group parking facility# with 30 cars or more and, in #Residence Districts#, any #community facility use# or #enlargement# thereof, shall be allowed only by authorization of the City Planning Commission. In order to grant such authorizations, the Commission, upon review of a site plan, shall find that:

- (a) the proposed #development#, #enlargement# or #site alteration# will not adversely affect the drainage pattern and soil conditions of the area;
- (b) the proposed #development#, #enlargement# or #site alteration# has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;
- (c) such #development#, #enlargement# or #site alteration# is so located as not to impair the essential character of the surrounding area;
- (d) the design of such #development#, #enlargement# or #site alteration# takes full advantage of all special characteristics of the site;
- (e) vehicular access and egress for such #development#, #enlargement# or #site alteration# is located and arranged so as to draw a minimum of vehicular traffic to and through

local #streets# in nearby residential areas; and

- (f) where vehicular access and egress is located on an arterial, such location affords the best means for controlling the flow of traffic generated by such development to and from such arterial.

The City Planning Commission may permit modifications to parking lot landscaping and maneuverability requirements for applications for such authorizations of #group parking facilities# for over 30 cars or for #enlargements# to #group parking facilities#, if such modifications preserve vegetation and natural topography.

(2/2/11)

119-313

Modification of landscaping, tree preservation and tree planting requirements

The City Planning Commission may authorize modifications to Sections 119-111 (Tier I tree preservation requirements), 119-112 (Tier I tree planting requirements), paragraph (b)(8) of Section 119-214 (Tier II requirements for driveways and private roads), 119-215 (Landscaping controls to preserve trees, shrubs and ground cover) and 119-216 (Tier II tree planting requirements).

In order to grant such authorizations, the Commission shall find that:

- (a) the #development#, #enlargement# or #site alteration# is not feasible without such modifications, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;
- (b) such modification is the least modification required to achieve the purpose for which it is granted; and
- (c) the ecology and soil conditions of the site are such that the substitution of other plant material would be as appropriate as the tree preservation or planting requirements being modified.

Where on-site restoration of vegetation would result in overcrowding or would adversely affect the ecology of the site, the Commission may authorize planting of one or more trees on adjoining public sidewalks or in a nearby public area within the #Special Hillsides Preservation District#. The Commission may

also allow the substitution of other plant material, provided a detailed landscaping plan is filed with the Commission for approval and certification.

(2/2/11)

119-314

Modification of lot coverage controls

For any #development# or #enlargement# subject to Section 119-211 (Lot coverage, floor area and density regulations), the City Planning Commission may authorize variations in the #lot coverage# controls.

In order to grant such authorization, the Commission shall find that:

- (a) the #development# or #enlargement# is not feasible without such modification, or that the requested modification will permit a #development# or #enlargement# that satisfies the purpose of this Chapter;
- (b) by allowing the permitted #floor area# in a #building# or #buildings# of lower height to cover more land, the preservation of #hillsides# having aesthetic value to the public would be assured, and that such preservation would not be possible by careful siting of a higher #building# containing the same permitted #floor area# on less land;
- (c) such modification is the least modification required to achieve the purpose for which it is granted;
- (d) the modification requested has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;
- (e) the requested modification will not disturb the drainage pattern and soil conditions of the area; and
- (f) the proposed modification does not impair the essential character of the surrounding area.

(2/2/11)

119-315

Modification of height and setback regulations

For any #Tier II site#, the City Planning Commission may authorize variations in the height and setback regulations set forth in Section 119-212 (Height and setback regulations).

In order to grant such authorizations, the Commission shall find that:

- (a) the #development# or #enlargement# is not feasible without such modification, or that the requested modification will permit a #development# or #enlargement# that satisfies the purpose of this Chapter;
- (b) by concentrating permitted #floor area# in a #building# or #buildings# of greater height covering less land, the preservation of existing topography and vegetation and the preservation of #hillsides# having aesthetic value to the public will be assured, and that such preservation would not be possible by careful siting of lower #buildings# containing the same permitted #floor area# and covering more land;
- (c) such modification is the least modification required to achieve the purpose for which it is granted;
- (d) the requested modification will not disturb the soil conditions of the area;
- (e) the proposed modification does not impair the essential character of the surrounding area; and
- (f) the proposed modification will not have adverse effects upon light, air and privacy of adjacent properties.

(2/2/11)

119-316

Modification of grading controls

For any #development#, #enlargement# or #site alteration# on a #Tier II site#, the City Planning Commission may authorize variations in the grading controls set forth in Section 119-213.

In order to grant such authorization, the Commission shall find that:

- (a) the #development#, #enlargement# or #site alteration# is not feasible without such modifications, or that the requested

modifications will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;

- (b) such modification is the least modification required to achieve the purpose for which it is granted;
- (c) the requested modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;
- (d) the requested modification will not disturb the drainage pattern and soil conditions of the area;
- (e) the proposed modification does not impair the essential character of the surrounding area; and
- (f) the benefits to the surrounding area from the proposed modification outweigh any disadvantages that may be incurred thereby in the area.

(2/2/11)

119-317

Modification of requirements for private roads and driveways

For any #development#, #enlargement# or #site alteration#, the City Planning Commission may authorize variations in the requirements for #private roads# and driveways on any #Tier II site# as set forth in Section 119-214 (Tier II requirements for driveways and private roads) as well as the requirements of Sections 25-621 (Location of parking spaces in certain districts), 25-624 (Special parking regulations for certain community facility uses in lower density growth management areas) and 25-631 (Location and width of curb cuts in certain districts).

In order to grant such authorizations, the Commission shall find that:

- (a) the #development# or #enlargement# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;
- (b) such modification is the least modification required to achieve the purpose for which it is granted;

- (c) the requested modification will not disturb the drainage pattern and soil conditions of the area;
- (d) the requested modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it; and
- (e) such modification will enhance the quality of the design of the development, #enlargement# or #site alteration#.

(2/2/11)

119-318

Modifications of certain bulk regulations

For any #development# or #enlargement# subject to Section 119-20 (PROVISIONS REGULATING TIER II), the City Planning Commission may authorize variations in required #front#, #rear# or #side yards#, variations in required space between #buildings# on the same #zoning lot# and modifications in the underlying district height and setback regulations.

In order to grant such authorizations, the Commission shall find that:

- (a) #development# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that better satisfies the purposes of this Chapter;
- (b) such modification is the least modification required to achieve the purpose for which it is granted; and
- (c) the proposed #bulk# and placement of #buildings# and the proposed arrangement of #open spaces# will not have significant adverse effects upon the light, air and privacy for existing development in adjacent areas or the opportunities therefore in future development.

(12/7/99)

119-319

Authorization to allow site alterations, the construction of new park-related facilities and improvements to existing park-related facilities within public parks

Upon application, the City Planning Commission may authorize #site alterations#, the construction of new park-related facilities such as, but not limited to, roadways, parking lots, comfort stations, storage facilities, swimming pools, eating establishments, tennis courts, amphitheaters and stadia, and improvements to existing park-related facilities.

In order to grant such authorizations, the Commission shall find that the proposed action:

- (a) will have a minimal impact on the existing natural topography of the surrounding area and blend harmoniously with it;
- (b) will have minimal impact on the drainage pattern and soil conditions in the area;
- (c) will preserve to the greatest extent possible the trees and vegetation within the park; and
- (d) is compatible with the neighborhood character of the area.

An application to the City Planning Commission for an authorization pursuant to this Section shall include the following:

- (1) a survey map prepared by a licensed surveyor showing existing topography at the two-foot contour intervals;
- (2) a site plan prepared by a registered architect, registered landscape architect or professional engineer indicating the location of all existing #buildings or other structures#, the location of all proposed #buildings or other structures#, the location of all understory including shrubs and ground cover, and the #caliper# and species of all individual trees of six-inch #caliper# or more; and
- (3) any other information necessary to evaluate the request.

In issuing authorizations under this Section, the Commission may impose conditions or safeguards, such as special landscape requirements, to minimize adverse effects on the character of the #Special Hillside Preservation District#.

(12/7/99)

The City Planning Commission may grant special permits for modification of the underlying district regulations in accordance with the provisions of Section 119-321 (Modification of use regulations).

(2/2/11)

119-321

Modification of use regulations

For any #Tier II site#, the City Planning Commission may grant special permits to allow #single-family semi-detached residences# in R1 and R2 Districts, #single-family attached residences# in R1, R2 and R3-1 Districts or #two-family attached residences# in R3-1 Districts.

As a condition for granting such special permits, the minimum required #lot area# of the underlying district shall not be reduced, and the #aggregate width of street walls# of a #building#, or a number of #buildings# separated by party walls, shall not exceed 100 feet.

In order to grant such special permits, the Commission shall find that:

- (a) #development# is not feasible without such modifications, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that better satisfies the purposes of this Chapter;
- (b) the change of housing type requested constitutes the most effective method of preserving the existing topography and vegetation;
- (c) the preservation of existing topography and vegetation requires the permitted development to be concentrated, to the extent feasible, in the remaining portion of the tract;
- (d) for such concentration of development, better standards of privacy and usable #open space# can be and are achieved under the development plan by inclusion of the proposed #building# type;
- (e) such modification is the least modification required to achieve the purpose for which it is granted;
- (f) the proposed #street# or #private road# system for the

development is so located as to draw a minimum of vehicular traffic to and through #streets# in the adjacent area;

- (g) the siting of the #building# or #buildings# will not adversely affect adjacent properties by impairing privacy or access of light and air; and
- (h) the existing topography and vegetation and the proposed planting effectively screen all #attached# one-family #residences# from the #lot lines# along the development perimeter.

The Commission may impose appropriate conditions or safeguards, such as special landscaping requirements, to minimize any adverse effects on the character of the surrounding area.

All #developments#, #enlargements# or #site alterations# that require a special permit pursuant to this Section shall also be subject to the provisions of Sections 119-33 (Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits) and 119-34 (Special Submission Requirements for Certain Authorizations and Special Permits).

(2/2/11)

119-33

Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits

Any #development#, #enlargement# or #site alteration# that requires an authorization or special permit and that is subject to the provisions of Section 119-20 (PROVISIONS REGULATING TIER II), shall be subject to the provisions of this Section. The requirements of this Section shall supplement any other requirements that also must be met.

Prior to construction, at least one of the erosion and sedimentation control measures described in paragraphs (a) through (e) of the Section shall be selected. A plan describing how the selected erosion and sedimentation control measure will be implemented and justifying its selection on the basis of the particular conditions of the site shall be prepared by a professional engineer and submitted to the City Planning Commission.

- (a) Benches and berms

These are level terraces or ledges constructed across

sloping land to provide a relatively flat construction site or to reduce the length and grade of the slope. Benches and berms reduce runoff and erosion hazards by slowing down the velocity of water and providing greater intake opportunity.

(b) Diversion channels

These are earth channels with a supporting ridge on the lower side constructed across the slope lengths to break up concentration of runoff and move water to stable outlets at a non-erosive velocity.

(c) Debris or sediment basins

These consist of a dam or embankment, a pipe outlet and an emergency spillway situated at the low corner of the site to provide a temporary means of trapping and storing sediment while releasing the water. They protect property below the installation from damage by excessive sedimentation and debris.

(d) Retention ponds

These are impoundment-type ponds that temporarily store runoff water and release it at rates that minimize erosion and prevent flooding. They may be located above the site to trap water before it enters the area or within the site to protect properties below the site.

(e) Grassed waterways or outlets

These are natural or excavated channels to dispose of excess runoff water from diversions, berms, benches and other areas at non-erosive velocities. Waterways or outlets are shaped or graded and established in suitable vegetation as needed, depending on the supplemental measure used to slow the velocity of runoff.

(2/2/11)

119-34

Special Submission Requirements for Certain Authorizations and Special Permits

When a #development#, #enlargement# or #site alteration# is subject to the provisions of Section 119-20 (PROVISIONS REGULATING TIER II), an application to the City Planning Commission for an authorization or special permit shall include

the following submission requirements. These requirements shall be in addition to the requirements set forth in Section 119-22 (Tier II Submission Requirements).

- (a) A drainage plan and soil report prepared by a professional engineer to protect natural features. The drainage plan shall describe the temporary (during construction) and permanent measures to collect, direct and discharge stormwater drainage from the site, indicating the direction of drainage flow and providing detailed plans and locations of all surface and subsurface drainage devices, walls, dams, sediment basins, stormwater storage (detention and retention) facilities, and other drainage facilities and protective devices. Such report shall include an estimate of runoff from the site after completion of proposed #development#, #enlargements# or #site alterations# and provide a description with supporting information of the manner in which the proposed #development#, #enlargement# or #site alteration# complies with the requirements of Local Law 103 of 1989.
- (b) An erosion and sedimentation plan as described in Section 119-33 (Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits).
- (c) For any #development# or #site alteration# on a tract of land 40,000 square feet or greater, a landscape plan prepared by a registered landscape architect that shows the location and species of all new plantings of trees, shrubs and ground covers and the proposed method of preserving existing trees, shrubs and ground covers.
- (d) Any other information the Commission may deem necessary to evaluate the request.

The applicant's submission shall also include a statement admitting authorized Department of City Planning personnel to the site for the purposes of recording or verifying survey data.

(2/2/11)

119-35

Administration of Special Review Provisions

Where a permit other than a building permit is required for a #development#, #enlargement# or #site alteration# within the #Special Hillsides Preservation District# from any City agency,

an application for such permit shall be filed simultaneously with such agency and the City Planning Commission.

No permanent certificate of occupancy shall be granted unless an inspection report, verifying that the requirements of Sections 119-20 (PROVISIONS REGULATING TIER II) and 119-30 (SPECIAL REVIEW PROVISIONS) have been met, is filed with the Department of Buildings by a registered landscape architect, licensed surveyor or professional engineer.

(6/30/87)

119-40 COMPLIANCE

In the event that a #development#, #enlargement# or #site alteration# is undertaken, or has been undertaken, contrary to the provisions of this Chapter, any permit issued by the Department of Buildings for any #use#, #development#, #enlargement# or #site alteration# on the affected #zoning lot# shall be revoked.

No building permit or permanent certificate of occupancy shall be issued by the Department of Buildings for any #use#, #development#, #enlargement# or #site alteration# on such #zoning lot# until the violations are removed from the #zoning lot#, pursuant to a restoration plan certified by the City Planning Commission.

If such violations have not ceased within 90 days of receipt of the Commission's requirements, the Department of Buildings shall institute such action as may be necessary to prosecute the violations. For compliance with restoration requirements to remove violations, the Department of Buildings may allow an additional 90 days.

Where on-site restoration of vegetation would result in overcrowding or would adversely affect the ecology of the site, the Commission may authorize planting of one or more trees on adjoining public sidewalks or in a nearby public area within the #Special Hillside Preservation District#. The Commission may also allow the substitution of other plant material, provided a detailed landscaping plan is filed with the Commission for approval and certification.

(12/7/99)

Appendix A

Selection List for Ground Covers and Shrubs

Ground Covers

BOTANICAL NAME	COMMON NAME
<i>Adiantum pedatum</i>	Maidenhair fern
<i>Agrostis perennans</i> (<i>A. altissima</i>)	Autumn bent-grass
<i>Anaphalis margaritacea</i>	Pearly everlasting
<i>Andropogon gerardii</i>	Big Bluestem
<i>Andropogon glomeratus</i>	Bushy bluestem
<i>Andropogon virginicus</i>	Broom Sedge
<i>Anemone canadensis</i>	Canada anemone
<i>Antennaria plantaginifolia</i>	Plantain-leaved pussytoes
<i>Arctostaphylos uva-ursi</i>	Bearberry
<i>Asarum canadense</i>	Wild ginger
<i>Aster cordifolius</i>	Heart-leaved aster
<i>Aster divericatus</i>	White wood aster
<i>Aster ericoides</i>	Heath aster
<i>Aster lanceolatus</i> (<i>A. simplex</i>)	Lined aster
<i>Aster macrophyllus</i>	Large-leaved aster
<i>Aster novae-angliae</i>	New England aster
<i>Athyrium felix-femina</i> (<i>A. asplenoides</i>)	Lady fern
<i>Athyrium thelypteroides</i>	Silvery glade fern
<i>Carex appalachica</i> (<i>C. radiata</i>)	Sedge
<i>Carex pensylvanica</i>	Pennsylvania sedge
<i>Chimaphila maculata</i>	Spotted or stripped wintergreen/Pipsissewa
<i>Chimaphila umbellata</i>	Pipsissewa, Prince's

	pine, Bitter wintergreen
<i>Chrysopsis mariana</i>	Maryland golden aster
<i>Danthonia compressa</i>	Flattened oat grass
<i>Danthonia spicata</i>	Oatgrass, Poverty grass
<i>Dennstaedtia punctilobula</i>	Hay-scented fern
<i>Deschampsia caespitosa</i>	Tufted hair grass
<i>Deschampsia flexuosa</i>	Common hair grass, Crinkled hair grass
<i>Dryopteris intermedia</i>	Common wood fern
<i>Dryopteris marginalis</i>	Marginal wood fern, Leatherleaf wood fern
<i>Erigeron philadelphicus</i>	Daisy fleabane
<i>Eupatorium maculatum</i>	Spotted Joe-Pye-Weed
<i>Eupatorium rugosum</i>	White snakeroot
<i>Eupatorium sessilifolium</i>	Upland boneset
<i>Fragaria virginiana</i>	Wild strawberry, Virginia strawberry
<i>Gaultheria hispidula</i>	Creeping snowberry, Creeping pearl berry
<i>Gaultheria procumbens</i>	Wintergreen, Teaberry, Checkerberry
<i>Geranium maculatum</i>	Wild geranium, Spotted cranesbill
<i>Geum canadense</i>	White avens, Winter rosette
<i>Heuchera americana</i>	Hairy alum root, Rock geranium
<i>Hypericum ellipticum</i>	Pale St. John's Wort
<i>Muhlenbergia schreberi</i>	Nimblewill
<i>Oenothera fruticosa</i>	Sundrops, Wild beet, Suncups, Scabish
<i>Onoclea sensibilis</i>	Sensitive fern, Bead

	fern
<i>Osmunda claytoniana</i>	Interrupted fern
<i>Panicum clandestinum</i>	Deer tongue grass
<i>Panicum virgatum</i>	Switch grass, Wild red top, Thatch grass
<i>Parthenocissus quinquefolia</i>	Virginia creeper, Woodbine, American ivy
<i>Phlox subulata</i>	Mountain phlox, Moss pink, Moss phlox
<i>Polygonatum biflorum</i>	Smooth Solomon's seal, True King Solomon's seal
<i>Polygonatum virginianum</i> (<i>Tovaria</i> v.)	Jumpseed
<i>Polypodium virginianum</i>	P. vulgare, Rocky polypody, Am. wall fern
<i>Polystichum acrostichoides</i>	Christmas fern, Dagger fern, Canker break
<i>Rudbeckia hirta</i> var. <i>hirta</i>	Black-eyed Susan
<i>Rudbeckia triloba</i>	Thin-leaved cone flower
<i>Thelypteris noveboracensis</i>	New York fern
<i>Tiarella cordifolia</i>	Allegheny foamflower, False mitrewort
<i>Tradescantia virginiana</i>	Virginia Spiderwort, Common S., Widow's tears
<i>Verbena hastata</i>	Blue vervain
<i>Vernonia noveboracensis</i>	New York ironweed
<i>Verbesina alternifolia</i> (<i>Actinomeria</i> a.)	Wingstem
<i>Viola sororia</i>	Woolly blue violet sister violet, Dooryard violet

Shrubs

<i>Amelanchier canadensis</i>	Shadblow
<i>Amelanchier laevis</i> (<i>A. arborea</i>)	Serviceberry, Allegheny
<i>Aronia arbutifolia</i>	Red chokeberry
<i>Aronia melanocarpa</i>	Black chokeberry
<i>Clethra alnifolia</i>	Sweet pepperbush, Summersweet
<i>Comptonia peregrina</i>	Sweet fern, Meadow fern, Spleenwort bush
<i>Cornus amomum</i>	Silky dogwood
<i>Cornus racemosa</i>	Gray dogwood, Red- panicled dogwood
<i>Cornus sericea</i> (<i>C. stolonifera</i>)	Red osier dogwood
<i>Corylus americana</i>	American hazelnut
<i>Corylus cornuta</i>	Beaked hazelnut
<i>Diervilla lonicera</i>	Bushhoneysuckle, Blue herb, Gravel weed
<i>Hamamelis virginiana</i>	Witch hazel
<i>Ilex glabra</i>	Inkberry, Gallberry
<i>Ilex verticillata</i>	Winterberry
<i>Juniperus communis</i>	Common juniper
<i>Juniperus horizontalis</i>	Creeping juniper, Creeping cedar/ Savin
<i>Kalmia angustifolia</i>	Sheep laurel
<i>Kalmia latifolia</i>	Mountain laurel
<i>Lindera benzoin</i>	Spice bush
<i>Myrica pensylvanica</i>	Northern bayberry
<i>Physocarpus opulifolius</i>	Common ninebark
<i>Potentilla fruticosa</i>	Cinquefoil, Bush cinquefoil
<i>Rhododendron maximum</i>	Great laurel
<i>Rhododendron periclymenoides</i>	Pinkster azalea

Rhododendron viscosum	Swamp azalea
Rhus aromatica	Fragrant sumac, Sweet scented sumac/Lemon sumac
Rhus copallina	Winged sumac
Rhus glabra	Smooth sumac
Rhus typhina	Staghorn sumac
Rosa blanda	Smooth rose, Meadow rose
Rubus alleghaniensis	Common blackberry, Allegheny blackberry
Salix humilis	Prairie willow
Salix lucida	Shining willow
Sambucus canadensis	American elderberry
Spirea tomentosa	Hardhack spirea
Vaccinium angustifolium	Lowbush blueberry
Vaccinium corymbosum	Highbush blueberry
Viburnum acerifolium	Maple leaf viburnum
Viburnum alnifolium (V. Lantanoides)	Hobble bush
Viburnum dentatum	Arrowwood viburnum
Viburnum lentago	Nanny-berry
Viburnum prunifolium	Black-haw

(12/7/99)

Appendix B **Selection List for On-site Trees**

Small Trees

BOTANICAL NAME	COMMON NAME
Amelanchier laevis	Serviceberry

Betula nigra	River birch
Betula populifolia	Grey birch
Carpinus caroliniana	Hornbeam
Cercis canadensis	Eastern redbud
Cornus florida	Flowering dogwood
Crataegus crus-galli inermis	Thornless cockspur hawthorn
Crataegus phaenopyrum	Washington hawthorn
Hamamelis virginiana	Witch hazel
Ilex opaca	American holly
Juniperus virginiana	Eastern red cedar
Populus tremuloides	Quaking aspen

LARGE TREES

BOTANICAL NAME	COMMON NAME
Acer rubrum	Red maple
Acer saccharum	Sugar maple
Betula lenta	Black/Sweet birch
Betula papyrifera	Paper birch
Celtis occidentalis	Common hackberry
Chamaecyparis thyoides	Cedar, Atlantic white
Fagus grandifolia	American beech tree
Fraxinus americanum	Ash, white
Fraxinus pennsylvanica	Ash, green
Larix laricina	Tamarack/American larch
Liquidambar styraciflua	Sweet gum
Liriodendron tulipifera	Tulip tree
Nyssa sylvatica	Black tupelo
Picea rubens	Spruce, red

Pinus resinosa	Pine, red
Pinus rigida	Pine, pitch
Pinus strobus	Pine, eastern white
Platanus occidentalis	American Sycamore
Populus deltoides	Eastern cottonwood
Populus grandidentata	Aspen, big toothed
Quercus alba	White oak
Quercus borealis	Northern red oak
Quercus palustris	Pin oak
Quercus phellos	Willow oak
Quercus prinus	Chestnut oak
Quercus rubra	Red oak
Tilia americana	Basswood

Article XII - Special Purpose Districts

Chapter 1

Special Garment Center District

(1/19/05)

121-00

GENERAL PURPOSES

The "Special Garment Center District" established in this Resolution is designed to promote and protect public health, safety, and general welfare. These general goals include, among others, the following specific purposes:

- (a) to retain adequate wage and job producing industries within the Garment Center;
- (b) to preserve apparel production and showroom space in designated areas of the Garment Center;
- (c) to limit conversion of manufacturing space to office use in designated areas of the Garment Center;
- (d) to recognize the unique character of the western edge of the Special District as integral to the adjacent #Special Hudson Yards District#;
- (e) to establish an appropriate visual character for wide streets within the Garment Center; and
- (f) to promote the most desirable use of land within the district, to conserve the value of land and buildings, and thereby protect the City's tax revenues.

(2/2/11)

121-01

General Provisions

In harmony with the general purposes of the #Special Garment Center District# the signage requirements of this Chapter shall apply to any #development#, #enlargement#, alteration,

#extension#, #conversion# or change of #use#. The #use# regulations of this Chapter shall apply to any #conversion#, change of #use# and #extension#. Special #bulk# regulations apply within Preservation Area P-2. Except as modified by the express provisions of this Chapter, the regulations of the underlying districts remain in effect.

(2/2/11)

121-02

District Plan (Appendix A)

The District Plan (Appendix A) for the #Special Garment Center District# shows the Preservation Areas, indicated by "P-1" and "P-2." Appendix A is hereby incorporated as an integral part of the provisions of this Chapter.

(3/26/87)

121-10

PRESERVATION AREA

(2/2/11)

121-11

Special Use Regulations

- (a) In Preservation Area P-1, permitted uses are listed in Use Groups A and B, as set forth in Sections 121-111 and 121-112. In addition, a change of #use# to a Use Group 6B #use# is permitted, subject to the #floor area# preservation requirements of Section 121-113 (Floor area preservation).
- (b) In Preservation Area P-2, for #buildings# with less than 70,000 square feet of #floor area# on January 19, 2005, the underlying #use# regulations shall apply, except that the provisions of Sections 15-20 through 15-215, inclusive, shall not apply. In lieu thereof, the provisions of Section 15-10 through 15-13, inclusive, shall apply to the #conversion# to #dwelling units# of #non-residential buildings#.
- (c) In Preservation Area P-2, for #buildings# with 70,000 square

feet or more of #floor area# existing on January 19, 2005, permitted #uses# are listed in Use Groups A and B, as set forth in Sections 121-111 and 121-112. In addition, a change to any #use# permitted by the underlying #use# regulations is permitted subject to the #floor area# preservation requirements of Section 121-113. For portions of such #buildings converted# to #dwelling units#, the provisions of Sections 15-20 through 15-215, inclusive, shall not apply. In lieu thereof, the provisions of Section 15-10 through 15-13, inclusive, shall apply to such #conversions#. Such #floor area# preservation requirements may be waived by authorization of the City Planning Commission pursuant to Section 121-13.

- (d) In Preservation Area P-2, any #development# or #enlargement# that includes Use Group 6B offices #developed# or #enlarged# after January 19, 2005, shall be permitted only pursuant to Section 93-13 (Special Office Use Regulations).

(5/8/13)

121-111

Use Group A

Changes of #use# to Use Group A #uses# are exempt from the #floor area# preservation requirements of Section 121-113. In Preservation Area P-1, in the case of a change of #use# of #floor area# to a Use Group 6B #use#, Use Group A #uses# may not be used to satisfy the preservation requirement. In Preservation Area P-2, in the case of a change of #use# of #floor area# to any #use# permitted by the underlying #use# regulations, Use Group A #uses# may not be used to satisfy the preservation requirement.

In Use Group 6A:

All #uses#

In Use Group 6C:

All #uses# except loan offices, telegraph offices and travel bureaus

In Use Group 6D:

All #uses#

In Use Group 9A:

Blueprinting or photostatting establishments

Musical instrument repair shops

Printing establishments, limited to 2,500 square feet of
#floor area# per establishment for production

Typewriter or other small business machine sales, rentals or
repairs

In Use Group 12B:

All #uses#

Additional #uses#:

#Accessory uses#

Automobile rental establishments

#Public parking lots# and #public parking garages#, pursuant
to the provisions of Article I, Chapter 3 (Comprehensive
Off-Street Parking and Loading Regulations in the Manhattan
Core)

Wholesale establishments, with a minimum of 15 percent of
#accessory# storage

Wholesale showrooms

(2/2/11)

121-112

Use Group B

Changes of #use# to Use Group B #uses# are exempt from the #floor
area# preservation requirements of Section 121-113. In
Preservation Area P-1, in the case of a change of #use# of #floor
area# to a Use Group 6B #use#, only Use Group B #uses# may be
used to satisfy the #floor area# preservation requirements. In
Preservation Area P-2, in the case of a change of #use# of #floor
area# to any #use# permitted by the underlying #use# regulations,
only Use Group B #uses#, and #uses# in Use Group 6A and 6C may be
used to satisfy the preservation requirement.

In Use Group 11A:

Art needlework, hand weaving or tapestries

Books, hand binding or tooling

Ceramic products, custom manufacturing

Clothing, custom manufacturing or altering for retail

Hair products, custom manufacturing

Jewelry manufacturing from precious metals

In Use Group 16A:

Household or office equipment or machinery repair shops,
such as refrigerators, washing machines, stoves, deep
freezers or air conditioning units

Tool, die, or pattern making establishments or similar small
machine shops

In Use Group 16D:

Packing or crating establishments

Trucking terminals or motor freight stations, limited to
20,000 square feet of #lot area# per establishment

Warehouses

In Use Group 17B:

All #uses#

Additional #Uses#:

#Accessory uses#

(2/2/11)

121-113

Floor area preservation

In Preservation Area P-1, the change of #use# of #floor area# to
Use Group 6B #use# after March 26, 1987, and, in Preservation
Area P-2, for #buildings# with 70,000 square feet or more of
#floor area# existing on January 19, 2005, the change of #use# of
#floor area# to any #use# permitted by the underlying #use#
regulations is permitted only by certification of the Chairperson

of the City Planning Commission that #floor area# has been preserved subject to the provisions of Section 121-115 (Certification and other requirements of preservation and conversion) for #uses# specified in Section 121-112 (Use Group B).

The amount of #floor area# to be preserved shall be equal to the amount of #floor area# changed to a Use Group 6B #use# or any #use# permitted by the underlying #use# regulations, as applicable. Such #floor area# may be preserved in the same #building# or in any other comparable #building# in Preservation Areas P-1 or P-2, subject to the provisions of Section 121-114 (Comparability).

#Floor area# may not be preserved on portions of floors. If the #floor area# to be preserved includes a fraction of a floor, the next highest number of full floors must be preserved for a permitted #use# in Use Group B. At the time of such change of #use#, #floor area# to be preserved must either be vacant or occupied by a #use# in Use Group B.

(2/2/11)

121-114 Comparability

Where the #floor area# to be preserved is not located within the same #building# where the #use# will be changed, such #floor area# must be comparable to #floor area# in the #building# where the #use# will be changed. Comparability, shown by an affidavit from a professional engineer or a registered architect, licensed under the laws of the State of New York, shall exist where the #floor area# to be preserved meets the following criteria:

(a) Elevators: Load and number

(1) Load

Each elevator shall have a minimum load of 2,000 pounds. The total load of all elevators servicing the #floor area# to be preserved shall be in accordance with the following ratio:

<u>Total load</u>	is greater than or equal to 90% of	<u>Total load</u>
Gross #floor area# of #building# to be preserved		Gross #floor area# of #building# that will be occupied by the change of #use#

(2) Number

There shall be a minimum of two elevators. The number of elevators servicing the #floor area# to be preserved shall be in accordance with the following ratio:

<u>Number of elevators</u>	is greater than or equal to 90% of	<u>Number of elevators</u>
Gross #floor area# of #building# to be preserved		Gross #floor area# of #building# that will be occupied by the change of #use#

Notwithstanding the above, where there is only one elevator servicing the #floor area# to be occupied by the change of #use#, there may be one elevator servicing the #floor area# to be preserved if the following exist:

- (i) the #floor area# to be serviced by the elevator in the #building# to be preserved does not exceed the #floor area# serviced by the elevator in the #building# to be occupied by the change of #use# by more than 10 percent; and
- (ii) the ratio of the volume of the elevator servicing the #floor area# to be preserved to the #floor area# to be preserved is at least 90 percent of the ratio of the volume of the elevator servicing the #floor area# to be occupied by the change of #use# to the #floor area# to be occupied by the change of #use#. If the number of elevators required pursuant to the above ratio includes a fraction of an elevator, this fraction shall be rounded to the nearest whole number.

(b) Floor load

The floors shall have a minimum live load capacity of 100 pounds per square foot (100 psf).

(c) Size of floors

The #floor area# shall be located on floors of not less than 3,000 square feet or 50 percent of the size of the floors in the #building# to be occupied by the change of #use#, whichever is greater. #Floor area# may not be preserved on portions of floors.

(d) Loading facilities

The loading facilities shall be at least equal in number to those in the #building# to be occupied by the change of #use#. In addition, if such #building# has an off-street loading dock, the #building# containing the #floor area# to be preserved must have such off-street loading facilities.

(e) Column spacing

There shall be a minimum distance between columns of 16 feet, measured on center. In addition, the average distance between columns shall not be less than 90 percent of the average distance between columns in the #building# to be occupied by the change of #use#.

(f) Height of #stories#

The #stories# shall have an average minimum height of ten feet.

(2/2/11)

121-115

Certification and other requirements of preservation and conversion

- (a) Prior to the issuance of an alteration permit for the change of #use# of #floor area# to Use Group 6B #use# in Preservation Area P-1, or the change of #use# of #floor area# to any #use# permitted by the underlying #use# regulations in Preservation Area P-2, the Chairperson of the City Planning Commission shall certify compliance with the requirements of Section 121-113 (Floor area preservation), upon proof of a legal commitment to preserve and maintain the required #floor area# for a permitted #use# in Use Group B. Such legal commitment shall be executed by all parties

having any interest in the #floor area# to be preserved as shown by a certificate issued by a title insurance company licensed to do business in the State of New York showing all such parties in interest.

A "party in interest" in the tract of land shall include only (W) the fee owner thereof, (X) the holder of any enforceable recorded interest superior to that of the fee owner and which could result in such holder obtaining possession of all or substantially all of such tract of land, (Y) the holder of any enforceable recorded interest in all or substantially all of such tract of land which would be adversely affected by the preservation as required herein, and (Z) the holder of any unrecorded interest in all or substantially all of such tract of land which would be superior to and adversely affected by the preservation required herein and which would be disclosed by a physical inspection of the tract of land.

A copy of the legal commitment required herein shall be recorded in the Conveyances Section of the Office of the City Register of New York County upon certification.

- (b) The amount of #floor area# required to be preserved in any #building# pursuant to Section 121-113 shall not be reduced by the existence of a previously issued legal commitment for preservation on a portion of the #floor area# in the #building#.
- (c) If any #floor area# to be preserved for a #use# in Use Group B pursuant to Section 121-113 is damaged, destroyed or becomes unusable, it shall be repaired or reconstructed only in accordance with the conditions and restrictions set forth in the certification granted by the City Planning Commission and the legal commitment constituting part of such certification. Failure to comply with any other conditions and restrictions or failure to rebuild such preserved #floor area# set forth above shall constitute a violation of the certification and may constitute a basis for denial or revocation of the building permit or certificate of occupancy issued for the #building# containing preserved #floor area#.

(3/26/87)

121-12

Conditions for Application of Preservation Area Regulations to Entire Zoning Lot

For the purposes of this Chapter, the provisions of Article VII, Chapter 7 (Special Provisions for Zoning Lots Divided by District Boundaries) are hereby made inapplicable. In lieu thereof, #zoning lots# existing on March 26, 1987, divided by the boundary of the Preservation Area as shown in Appendix A shall be subject to the #use# regulations applicable to the district in which more than 50 percent of the #lot area# is located. However, #zoning lots# fronting on a #wide street# shall not be subject to the preservation requirements of this Chapter.

(2/2/11)

121-13

Authorization for Waiver of Floor Area Preservation Requirements

In Preservation Area P-2, for #buildings# with 70,000 square feet or more of #floor area# existing on January 19, 2005, the City Planning Commission may authorize the #conversion# or change of #use# of #floor area# to any #use# permitted by the underlying #use# regulations without complying with the #floor area# preservation requirements set forth in Section 121-113, provided the Commission finds that:

- (a) the #floor area# to be occupied by the change of #use# has not been occupied by any #manufacturing#, wholesale or showroom #use# for a period of at least three years prior to the date that a complete application has been filed with the Department of City Planning;
- (b) the #conversion# or change of #use# will not harm the commercial and manufacturing sectors of the City's economy;
- (c) the #conversion# or change of #use# will not harm the commercial and manufacturing character of the surrounding area;
- (d) the process of #conversion# or a change of #use# will not unduly burden #commercial# and #manufacturing uses# in the #building#; and
- (e) the neighborhood in which the #conversion# or change of #use# is taking place will not be excessively burdened by increased #residential# activity.

(4/8/98)

121-20

SIGN REGULATIONS

The following provisions apply on #wide streets# within the #Special Garment Center District#:

- (a) no #sign# shall project across the #street line# of a #wide street# more than 18 inches for double or multifaced #signs# or 12 inches for other #signs#;
- (b) no canopies, marquees, or awnings shall be permitted on the exterior of any #building# with the exception of theaters or hotels;
- (c) where a permit is issued by the Department of Highways for the temporary display of banners/pennants across a #street# (or sidewalk) such banners/pennants shall be removed after 30 days of the issuance of the permit; and
- (d) no banners or pennants shall be permanently displayed from the exterior of any #building# unless the design of such banners or pennants has been approved by the Mayor's Fashion Industry Advisory Council.

For the purpose of this Section, any #signs# including canopies, marquees, awnings, banners or pennants which do not conform to the above regulations may be continued for one year after March 26, 1987, provided that after expiration of that period such #non-conforming signs#, including canopies, marquees, awnings, banners or pennants shall terminate.

(1/19/05)

121-30

SPECIAL BULK REGULATIONS WITHIN PRESERVATION AREA P-2

The following special #bulk# regulations shall apply within Preservation Area P-2, as shown in Appendix A of this Chapter.

(2/2/11)

121-31

Maximum Permitted Floor Area

The basic maximum #floor area ratio# of a #zoning lot# containing #non-residential buildings# shall be 10.0 and may be increased to a maximum #floor area ratio# of 12.0 only pursuant to Section 93-31 (District Improvement Fund Bonus). Such #zoning lot# may also contain #residences# within #buildings# existing on January 19, 2005, provided that such #buildings# are not #enlarged# after such date. For #zoning lots# containing #residences# within a #building# that is #developed# or #enlarged# on or after January 19, 2005, the basic maximum #floor area ratio# shall be 6.5. The #floor area ratio# of any such #zoning lot# may be increased from 6.5, pursuant to Section 93-31, and pursuant to Section 23-90 (INCLUSIONARY HOUSING), as modified by Section 93-23, provided that for every five square feet of #floor area# increase pursuant to Section 93-31, there is a #floor area# increase of six square feet pursuant to Section 23-90, as modified by Section 93-23, inclusive. The maximum #residential floor area ratio# shall be 12.0.

For the #conversion# to #dwelling units# of #non-residential buildings#, or portions thereof, where the total #floor area# on the #zoning lot# to be #converted# to #residential use# exceeds a #floor area ratio# of 12.0, such excess #floor area# shall be permitted only pursuant to Section 93-31.

(4/30/12)

121-32

Height of Street Walls and Maximum Building Height

(a) Height of #street walls#

The #street wall# of any #building# shall be located on the #street line# and extend along the entire #street# frontage of the #zoning lot# not occupied by existing #buildings# to remain. Such #street wall# shall rise without setback to a minimum base height of 80 feet and a maximum base height of 90 feet. However, if the height of an adjacent #street wall# fronting on the same #street line# is higher than 90 feet before setback, the #street wall# of the new or #enlarged building# may rise without setback to the height of such adjacent #street wall#, up to a maximum height of 120 feet.

For #zoning lots#, or portions thereof, with #street# frontage of 25 feet or less and existing on June 29, 2010, a minimum base height lower than 80 feet shall be permitted along such #street# frontage in accordance with the following provisions:

- (1) where the height of an adjacent #street wall# fronting on the same #street line# is at least 60 feet and less than 80 feet, the #street wall# of the new or #enlarged building# may rise without setback to the height of such adjacent #street wall#; or
- (2) where the height of an adjacent #street wall# fronting on the same #street line# is less than 60 feet, the #street wall# of the new or #enlarged building# may rise without setback to a minimum #street wall# height of 60 feet.

The #street wall# of any #building# may rise to a height less than the minimum base height required pursuant to this paragraph, (a), provided that no #building# on the #zoning lot# exceeds such height, except where such #building# is located on a #zoning lot# with multiple #buildings#, one or more of which is #developed#, #enlarged# or altered after February 2, 2011, to a height exceeding the minimum base height required pursuant to this paragraph, (a).

(b) Maximum #building# height

Above a height of 90 feet or the height of the adjacent #street wall# if higher than 90 feet, no portion of a #building or other structure# shall penetrate a #sky exposure plane# that begins at a height of 90 feet above the #street line#, or the height of the adjacent #street wall# if higher than 90 feet, and rises over the #zoning lot# at a slope of four feet of vertical distance for each foot of horizontal distance to a maximum height limit of 250 feet, except as provided below:

- (1) any portion of the #building or other structure developed# or #enlarged# pursuant to the tower regulations of Sections 33-45 or 35-63, as applicable, may penetrate the #sky exposure plane#, provided no portion of such #building or other structure# exceeds the height limit of 250 feet; and
- (2) permitted obstructions, as listed in Section 33-42, may penetrate the #sky exposure plane# and the height limit of 250 feet. In addition, a dormer, as listed in paragraph (c)(1) of Section 23-621, may penetrate the #sky exposure plane#.

On a #zoning lot# with frontage of at least 200 feet along at least one #street#, up to 20 percent of the #aggregate width of the street wall# facing such #street#, for a maximum width of 50 feet, may be recessed to a maximum depth

of 15 feet from the #street line#, provided the recessed area is located a minimum of 20 feet from an adjacent #building# and that a minimum of 60 percent of such area is planted with any combination of grass, ground cover, shrubs, trees or other living plant material in the ground or in planters permanently affixed to the ground.

(5/8/13)

121-40

PARKING PROVISIONS FOR PRESERVATION AREA P-2

Within Preservation Area P-2, as shown in Appendix A of this Chapter, the underlying parking provisions shall not apply. In lieu thereof, the parking regulations of the Special Hudson Yards District, as set forth in Section 93-80 (OFF-STREET PARKING) shall apply.

(10/27/10)

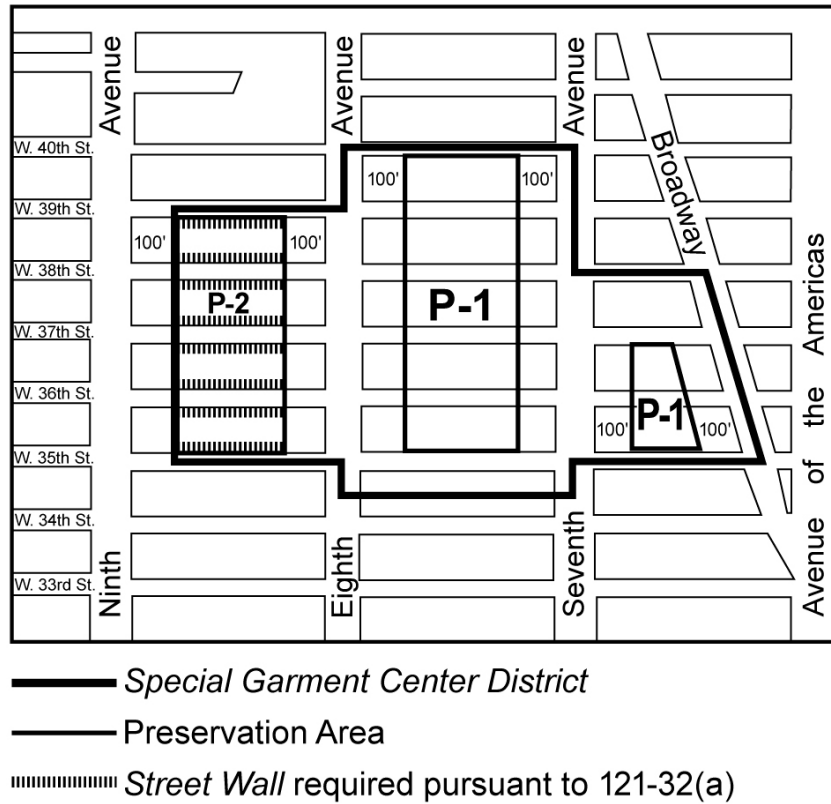

121-50

SUPPLEMENTAL REGULATIONS IN PRESERVATION AREA P-2

In Preservation Area P-2, the provisions of Section 93-90 (HARASSMENT) and Section 93-91 (Demolition), inclusive, shall apply.

Article XII - Special Purpose Districts

Chapter 2

Special Grand Concourse Preservation District

(9/28/89)

122-00

GENERAL PURPOSES

The "Special Grand Concourse Preservation District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following purposes:

- (a) to protect the existing scale and form of development and the traditional residential character of the Grand Concourse including desirable design features of certain buildings through the establishment of design guidelines for renovation or alteration;
- (b) to encourage new development which is in keeping with the scale and character of the area by providing for street wall continuity and bulk regulations consistent with existing development along the Grand Concourse;
- (c) to preserve and enhance the residential character of the Grand Concourse by limiting ground floor retail and commercial uses to certain specified locations;
- (d) to regulate the location of retail and commercial signage; and
- (e) to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby to protect the City's tax revenues.

(2/2/11)

122-01

Definitions

Display window

A "display window" is a window or opening in the exterior wall of any portion of a #building# which is glazed with tinted or transparent material and which is used to display merchandise, services, or business.

Sign band

A "sign band" is a horizontal band which extends the full length of the #street wall# of a #building#, and is located between 8 feet, 0 inches and 14 feet, 0 inches above #curb level#.

(9/28/89)

122-02

General Provisions

Except as modified by the express provisions of the #Special Grand Concourse Preservation District#, the regulations of the underlying zoning districts shall remain in effect.

(3/26/92)

122-03

District Plan

- (a) In the District Plan as shown in Appendix A, the following areas have been designated as the Residential Preservation Area:
 - (1) all areas in R8 Districts including areas mapped C1 within these R8 Districts which are:
 - (i) within 100 feet of the westerly #street line# of the Grand Concourse between East 153rd Street and Mosholu Parkway; and
 - (ii) within 100 feet of the easterly #street line# of the Grand Concourse between East 153rd Street and a point parallel to and 150 feet north of East 166th Street, and between McClellan Street and Mosholu Parkway;
 - (2) an area partly in R8 and C1 Districts with a depth of 100 feet from the west side of the #street line# of

Walton Avenue between East 161st and East 164th Streets; and

- (3) an area in R8 Districts with a depth of 100 feet from the east side of the #street line# of Anthony Avenue between East 181st Street and East 182nd Street.

Within the Residential Preservation Area in R8 Districts, the following three commercial sub-areas have special #use# and #bulk# regulations:

- (i) Limited Commercial Areas
- (ii) Commercial Extension Areas
- (iii) Commercial Infill Sites

- (b) The location of these sub-areas is described below:

- (1) Limited Commercial Areas

The following areas with a depth of 50 feet from the #street line# of the Grand Concourse are designated on the District Plan (Appendix A) as Limited Commercial Areas:

- (i) on the west side of the Grand Concourse from the south side of East 176th Street to a point 25 feet north of Henwood Place;
- (ii) on the west side of the Grand Concourse from a point 40 feet north of Bush Street to the south side of Burnside Avenue;
- (iii) on the west side of the Grand Concourse from 100 feet north of East 180th Street to a point 180 feet south of East 183rd Street; and
- (iv) on the east side of the Grand Concourse from the north side of East 182nd Street to a point 180 feet south of East 183rd Street.

- (2) Commercial Extension Areas

Along certain cross-streets within the Residential Preservation Area, extensions of existing #Commercial Districts# up to the Grand Concourse to a depth of 100 feet measured perpendicularly from the #street line# of such cross-streets, are designated as Commercial Extension Areas on the District Plan (Appendix A).

These extension areas are located along the following #streets#:

- (i) the north and south sides of East 165th Street, west of the Grand Concourse;
- (ii) the north and south sides of East 167th Street, east of the Grand Concourse;
- (iii) the north and south sides of East 170th Street, east and west of the Grand Concourse; and
- (iv) the north and south sides of Mount Eden Avenue, west of the Grand Concourse.

(3) Commercial Infill Sites

All tax lots listed in Table A in Section 122-10 which contain #buildings# designed for non-#residential uses# in Use Groups 6 or 7 or where such #buildings# existed as of July 1, 1981 are designated as Commercial Infill Sites on the District Plan (Appendix A).

(2/2/11)

122-10

SPECIAL USE REGULATIONS

In order to preserve the residential character of the Special District, the applicable #use# regulations of the underlying districts are modified, as follows:

- (a) Within the Limited Commercial Areas, #commercial uses# listed in Section 32-15 (Use Group 6) are permitted, provided they are located only on the ground floor of an existing or new #building# containing #residential# or #community facility uses#. All existing or new #commercial uses# shall be directly accessible only from the #street#. Any existing #commercial use# which fails to provide direct access from a #street# shall be terminated one year after September 28, 1989.
- (b) On a cross-street within the Commercial Extension Areas, #commercial uses# listed in Section 32-15 (Use Group 6) are permitted to occupy the ground floor of an existing or new #building# containing #residential# or #community facility uses#. Such ground floor #commercial uses# may be permitted to #extend# up to the Grand Concourse on the #basement#

level of a #building#, provided that such #commercial uses# are accessible only from a cross-street which intersects the Grand Concourse. No direct or indirect access to such #commercial uses# is permitted from the Grand Concourse.

- (c) Any #commercial use# which lawfully existed on or before July 1, 1981, on any Commercial Infill Site listed in Table A, shall be considered conforming and may be changed to a Use Group 6 #use# or to a #use# which previously occupied the space lawfully on or before July 1, 1981, except that expansion or re-occupancy of #floor area# to a retail #use# in Use Group 6A or 6C is restricted to the ground floor of the #building#.

However, if a #building# on a Commercial Infill Site contains an entrance from the Grand Concourse as well as from the cross-street running underneath the Concourse, such entrance floors at both #street# levels may be occupied by retail #uses# listed in Use Group 6 if they were in existence prior to July 1, 1981, as a lawful #use#. In those cases, the #use# of the remaining #stories# of such #building# shall be limited to business, professional or governmental offices or to ambulatory diagnostic or treatment health care facilities as set forth in Use Group 4A or Use Group 6B, regardless of the locational restrictions in Use Group 4.

TABLE A
COMMERCIAL INFILL SITES

Tax Block Number	Tax Lot Number	Address	Type of #Building#
2468	1	851 Grand Concourse	Courthouse
2821	11	1526 Grand Concourse	1 #story commercial#
2821	13	1540 Grand Concourse	Vacant lot
2822	27	1775 Grand Concourse	Telephone Co. #building#
2795	14	1780 Grand Concourse	Office #building#/garage
2805	23	1845 Grand Concourse	1 #story commercial#
2801	7	1850 Grand Concourse	2 #story

			commercial#
2808	44	1963 Grand Concourse	Funeral Home
2808	82	2029-2043 Grand Con.	1 #story commercial#
3161	25	2101 Grand Concourse	1 #story commercial#
3157	32	2202-2206 Grand Con.	1 #story commercial#
3163	40	2231-2233 Grand Con.	1 #story commercial#
3158	16	2262-2268 Grand Con.	1 #story commercial#
3163	38	2235-2239 Grand Con.	1 #story commercial#
3307	68	3000 Grand Concourse	Funeral Home
3315	51	2833-2843 Grand Con	1 #story commercial#
2808	82	148 E. Burnside Ave.	1 #story commercial#

- (d) For the purposes of this Chapter, any non-#residential uses# permitted pursuant to paragraphs (a) through (c) of this Section shall be located only on a #story# below the lowest #story# occupied by a #residential use#, except that this limitation shall not preclude the location of any such non-#residential use# below the level of the first #story# ceiling.

(2/2/11)

122-20

SPECIAL SIGN REGULATIONS

In order to enhance the visual quality of the Special District, the applicable #sign# regulations of the underlying districts are modified, as follows:

- (a) Within the Limited Commercial Areas, only one #sign#, other than an #advertising sign#, with a surface area not exceeding 12 square feet, shall be permitted per #commercial use#. Such #signs# shall be located in a #sign band#, on the

flap of a canopy, or as allowed under paragraph (d) of this Section. The height of such #signs# shall be not more than 24 inches and the letter sizes shall be restricted to a height of 12 inches. Except as provided in paragraph (d), all such #signs# may not project from the vertical surface of a #building# more than 18 inches.

- (b) Within the Commercial Extension Areas, no #signs# and no #display windows# shall be permitted on a #building or other structure# within 50 feet of the Grand Concourse. #Commercial uses# which are located on a cross-street beyond a distance of 50 feet from the Grand Concourse #street line#, shall comply with the #sign# regulations applicable to the underlying #Commercial District#.
- (c) On Commercial Infill Sites, the maximum surface area to be occupied by a #sign#, other than an #advertising sign#, shall be three square feet for every five feet of store frontage or 12 square feet, whichever is greater. Such #signs# shall be located in a #sign band# or on the flap of a canopy, or as allowed under paragraph (d). On portions of Commercial Infill Sites more than 50 feet from the Grand Concourse, the signage regulations of a C1 District shall apply.
- (d) Except in C1 Districts, no #sign# may be located so as to obscure any decorative lintel, cornice or other architectural detail. In the event that compliance with this requirement does not provide adequate surface area for the allowable #sign#, as defined in paragraph (a) of this Section, a projecting #sign# may be permitted by the Commissioner of Buildings provided that no such #sign# shall project from the vertical surface of a #building# more than 18 inches.
- (e) Except in C1 Districts, no banners, pennants, #flashing# or #illuminated signs# shall be permitted anywhere within the Special District.
- (f) Within the Limited Commercial Areas, Commercial Infill Sites, and Commercial Extension Areas within 50 feet of the Grand Concourse, window graphics shall occupy not more than 20 percent of a window. Display lettering more than three inches high shall be considered as a #sign#.
- (g) All lawfully existing #non-conforming signs# located within the Special District shall be terminated one year after September 28, 1989.

(2/2/11)

122-30

SPECIAL BULK REGULATIONS

In order to preserve the scale and character of the Grand Concourse, the #bulk# regulations of the underlying R8 District and the C1 or C2 Districts mapped within such R8 District shall be inapplicable to any #residential# or #community facility developments# or #enlargements# located within the Special District.

In lieu thereof, such #developments# or #enlargements# shall comply with the regulations of an R8X District, including Article II, Chapter 8.

If a #commercial development# is constructed on a vacant Commercial Infill Site previously occupied by a #commercial building# on or before July 1, 1981, or an existing #commercial building# located on a Commercial Infill Site is replaced by a #commercial development#, the height, #lot coverage# and #floor area# of the #commercial development# shall not exceed the height, #lot coverage# and #floor area# of the #building# it replaced. However, if a #residential# or #community facility building# is constructed on any Commercial Infill Site or when such sites become a part of the adjoining #zoning lot#, it shall be subject to the R8X District regulations. No #mixed buildings# or #enlargement# of existing #buildings# shall be permitted on any Commercial Infill Sites.

(9/28/89)

122-40

SPECIAL REGULATIONS FOR LOCATION OF NEW DOORS AND WINDOWS

If any new doors or windows are installed on the exterior walls of a #building#, they shall be uniform in width and shall be aligned with existing doors and windows.

(2/2/11)

122-50

SPECIAL PROVISIONS FOR PLANTING STRIPS

For #developments# or #enlargements#, there shall be a strip of

continuous planting at grade of not less than three feet in width along the entire front wall of such #development# or such #building# that is #enlarged#. In the event a #building# is constructed within three feet of the #street line#, the owner of the #building# shall apply to the Bureau of Highway Operations for permission to locate a portion of such planting strips on a public sidewalk within the #street line#. A copy of such application shall be submitted with the new building application when filed at the Department of Buildings. Such sidewalk planting requirement may be waived by the Department of Buildings only upon receipt of written disapproval by the Department of Transportation.

(2/2/11)

122-60

SPECIAL ACCESSORY OFF-STREET PARKING REGULATIONS

In the Residential Preservation Area, the parking requirements of the underlying districts shall be inapplicable. In lieu thereof, the #accessory# off-street parking regulations of R8X Districts shall apply to #developments# or #enlargements#.

If a #commercial development# is constructed on a vacant Commercial Infill Site previously occupied by a #commercial building# on or before July 1, 1981, or an existing #commercial building# located on a Commercial Infill Site is replaced by a #commercial development#, the number of #accessory# off-street parking spaces provided by the #commercial development# shall be equal to or greater than the number of #accessory# off-street parking spaces provided by the #building# it replaced.

(9/28/89)

122-70

SPECIAL PROVISIONS FOR ZONING LOTS DIVIDED BY DISTRICT BOUNDARIES

Notwithstanding any other provisions of this Resolution, whenever a #zoning lot# existing on September 28, 1989 is divided by a boundary between a district to which R8X District regulations apply and one to which R8 District regulations apply, the provisions of an R8X District shall apply to the entire #zoning lot#.

(9/28/89)

122-80

EXCLUDED AREAS

The regulations set forth in this Chapter shall not apply to C4 Districts and C8 Districts located within the #Special Grand Concourse Preservation District#.

Article XII - Special Purpose Districts

Chapter 3

Special Mixed Use District

(12/10/97)

123-00

GENERAL PURPOSES

The "Special Mixed Use District" regulations established in this Chapter of the Resolution are designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to encourage investment in mixed residential and industrial neighborhoods by permitting expansion and new development of a wide variety of uses in a manner ensuring the health and safety of people using the area;
- (b) to promote the opportunity for workers to live in the vicinity of their work;
- (c) to create new opportunities for mixed use neighborhoods;
- (d) to recognize and enhance the vitality and character of existing and potential mixed use neighborhoods; and
- (e) to promote the most desirable use of land in accordance with a well-considered plan and thus conserve the value of land and buildings and thereby protect City tax revenues.

(10/9/13)

123-10

GENERAL PROVISIONS

The provisions of this Chapter shall apply within the #Special Mixed Use District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this

Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

In #Special Mixed Use Districts#, an M1 District is paired with a #Residence District#, as indicated on the #zoning maps#.

The designated #Residence Districts# in #Special Mixed Use Districts# shall not include either an R1 or an R2 District.

(2/2/11)

123-11 Definitions

Definitions specifically applicable to this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section 12-10 (DEFINITIONS).

Accessory use

In addition to those "accessory uses" listed in Section 12-10 (DEFINITIONS), for the purposes of this Chapter, an #accessory use# shall also include a #dwelling unit# in connection with any #commercial#, #manufacturing# or #community facility# establishment permitted in #Special Mixed Use Districts#, pursuant to Section 123-20 (SPECIAL USE REGULATIONS), provided that no more than one such unit shall be permitted in connection with any establishment, and provided further that each such unit shall not exceed a gross area of 1,200 square feet or contain more than one kitchen.

Home occupation

For the purposes of this Chapter, the #home occupation# provisions of Section 12-10 shall apply, except that:

- (a) up to 49 percent of the total #floor area# of a #dwelling unit# may be used for a #home occupation#;
- (b) such #home occupation# may occupy more than 500 square feet of #floor area#; and
- (c) businesses operated as #home occupations# may have up to three employees not residing in the #dwelling unit#.

Mixed use building

For the purposes of this Chapter, a "mixed use building" is a #building# in the #Special Mixed Use District# used partly for #manufacturing#, #commercial# or #community facility use# and partly for #residential use#.

(12/10/97)

123-20

SPECIAL USE REGULATIONS

In #Special Mixed Use Districts#, all #uses# permitted in the designated #Residence District# and all #uses# permitted in the designated M1 District, as set forth in any other provision of this Resolution other than Special Purpose Districts, shall be permitted, except as superseded, modified or supplemented by this Section and provided that #signs# shall comply with the requirements of Section 123-40 (SIGN REGULATIONS).

(9/9/04)

123-21

Modification of Use Groups 2, 3 and 4

The #uses# listed in Use Group 2, and the following #uses# listed in Use Groups 3 and 4: college or school student dormitories and fraternity or sorority student houses, domiciliary care facilities for adults, nursing homes and health-related facilities, philanthropic or non-profit institutions with sleeping accommodations, monasteries, convents or novitiates, #non-profit hospital staff dwellings# without restriction on location, and non-profit or voluntary hospitals, may only locate in the same #building# as, or share a common wall with a #building# containing, an existing #manufacturing# or #commercial use#, upon certification by a licensed architect or engineer to the Department of Buildings that such #manufacturing# or #commercial use#:

- (a) does not have a New York City or New York State environmental rating of "A", "B" or "C" under Section 24-153 of the New York City Administrative Code for any process equipment requiring a New York City Department of Environmental Protection operating certificate or New York State Department of Environmental Conservation state facility permit; and

(b) is not required, under the City Right-to-Know Law, to file a Risk Management Plan for Extremely Hazardous Substances.

(12/10/97)

123-22

Modification of Use Groups 16, 17 and 18

The #uses# in Use Groups 16, 17 and 18 shall be permitted in the #Special Mixed Use District# in accordance with the applicable district #use# regulations, subject to the modifications of Sections 123-221 (Uses permitted as-of-right), 123-222 (Uses permitted with restrictions) and 123-223 (Excluded uses).

(12/10/97)

123-221

Uses permitted as-of-right

From Use Group 16A:

Automobile, motorcycle, trailer or boat sales, open or enclosed

Building materials sales, open or enclosed, limited to 10,000 square feet of #lot area# per establishment, provided that not more than 5,000 square feet of such #lot area# is used for open storage

Electrical, glazing, heating, painting, paper hanging, plumbing, roofing, or ventilating contractors' establishments, open or enclosed, with open storage limited to 5,000 square feet of #lot area# per establishment

Glass cutting shops

Household or office equipment or machinery repair shops, such as refrigerators, washing machines, stoves, deep freezers or air conditioning units

Ice or wood sales, open or enclosed, limited to 5,000 square feet of #lot area# per establishment

Machinery rental or sales establishments

Motorcycle or motor scooter rental establishments

Poultry or rabbit killing establishments, for retail sale on the same #zoning lot# only

Riding academies, open or enclosed

Stables for horses

Trade schools for adults, except those using substances in quantities required under the City Right-to-Know Law to file a Risk Management Plan for Extremely Hazardous Substances

From Use Group 16B:

Automobile, truck, motorcycle or #trailer# repairs, excluding body repair

Automobile laundries, provided that the #zoning lot# contains reservoir space for not less than ten automobiles per washing lane

#Automotive service stations#, open or enclosed, provided that facilities for lubrication, minor repairs or washing are permitted only if located within a #completely enclosed building#

From Use Group 16C:

Commercial or public utility vehicle storage, open or enclosed, including #accessory# motor fuel pumps

Dead storage of motor vehicles

From Use Group 16D:

Diaper supply establishments

Laundries, except medical or laboratory

Linen or towel supply establishments, where cleaning is done on a separate #zoning lot#

Moving or storage offices, with no limitation as to storage or #floor area# per establishment

Packing or crating establishments, except for the packing or crating of substances in quantities required under the City Right-to-Know Law to file a Risk Management Plan for Extremely Hazardous Substances

Trucking terminals or motor freight stations, limited to 20,000 square feet of #lot area# per establishment

Warehouses, except for the warehousing of substances in quantities required under the City Right-to-Know Law to file a Risk Management Plan for Extremely Hazardous Substances

Wholesale establishments, with no limitation on #accessory# storage, except for wholesale establishments selling, as part of their stock, substances in quantities required under the City Right-to-Know Law to file a Risk Management Plan for Extremely Hazardous Substances, if they are stored on the same #zoning lot#

From Use Group 17A:

Building materials or contractor's yards, open or enclosed, including sales, storage or handling of building materials, with no limitation on #lot area# per establishment, except that lumber yards shall be limited to 20,000 square feet of #lot area# per establishment, and provided that any yard in which such #use# is conducted is completely enclosed on all sides by a solid opaque fence or wall (including opaque solid entrance and exit gates) of suitable uniform material and color, at least eight feet in height and constructed in accordance with rules and regulations to be promulgated by the Commissioner of Buildings

Produce or meat markets, wholesale

From Use Group 17B (Manufacturing Establishments):

Apparel or other textile products from textiles or other materials, including hat bodies or similar products

Bottling work, for all beverages

Canvas products, not involving the manufacturing of canvas

Cork products

Fur goods, not including tanning or dyeing

Glass products from previously manufactured glass

Hair, felt or feather products, except washing, curing or dyeing

Hosiery

Ice, natural

Jute, hemp, sisal or oakum products

Mattresses, including rebuilding or renovating

Scenery construction

Shoddy

Soap or detergents, packaging only

Textiles, spinning, weaving, manufacturing, knit goods, yarn, thread or cordage, not involving printing or dyeing

Upholstering, bulk, excluding upholstering shops dealing directly with consumers

Wax products

From Use Group 17C:

Agriculture, including greenhouses, nurseries or truck gardens

Docks for passenger ocean vessels

Docks for sightseeing, excursion or sport fishing vessels, with no limitation on vessel or dock capacity

Docks for vessels not otherwise listed

Public transit, railroad or electric utility substations, open or enclosed, with no limitations as to size

Railroads, including rights-of-way, freight terminals, yards or appurtenances, or facilities or services used or required in railroad operations, but not including passenger stations

Truck weighing stations, open or enclosed

Trucking terminals or motor freight stations, with no limitation on #lot area# per establishment

From Use Group 18:

Breweries, limited to 10,000 square feet of #floor area# per establishment

#Uses accessory# to the preceding listed #uses#

(9/9/04)

123-222

Uses permitted with restrictions

The following #uses# from Use Groups 16 and 17 are permitted in #Special Mixed Use Districts# subject to the certification requirements and locational restrictions of this Section:

From Use Group 16A:

Animal hospitals or kennels

Blacksmith shops

Carpentry, custom woodworking or custom furniture making shops

Fuel, oil, or coal sales, open or enclosed, limited to 5,000 square feet of #lot area# per establishment

Mirror silvering shops

Sign painting shops, with no limitation on #floor area# per establishment

Silver plating shops, custom

Soldering or welding shops

Tool, die, or pattern-making establishments, or similar small machine shops

Trade schools for adults, that use substances in quantities required under the City Right-to-Know Law to file a Risk Management Plan for Extremely Hazardous Substances

From Use Group 16B:

Automobile, truck, motorcycle or #trailer# body repairs, provided such #use# is conducted within a #completely enclosed building#

From Use Group 16D:

Carpet cleaning establishments

Dry cleaning or cleaning and dyeing establishments, with no limitation on type of operation, solvents, #floor area# or capacity per establishment

Laundries, medical or laboratory

Linen or towel supply establishments, where cleaning is done on the same #zoning lot#

Packing or crating establishments for substances in quantities required under the City Right-to-Know Law to file a Risk Management Plan for Extremely Hazardous Substances

Photographic developing or printing, with no limitation on #floor area# per establishment

Warehouses for substances in quantities required under the City Right-to-Know Law to file a Risk Management Plan for Extremely Hazardous Substances

Wholesale establishments selling, as part of their stock, substances in quantities required under the City Right-to-Know Law to file a Risk Management Plan for Extremely Hazardous Substances, with no limitation on #accessory storage#

From Use Group 17B (Manufacturing Establishments):

Adhesives, excluding manufacture of basic components

Advertising displays

Aircraft, including parts

Automobiles, trucks or #trailers#, including parts or rebuilding of engines

Beverages, non-alcoholic

Boats less than 200 feet in length, building or repair, open or enclosed, provided that such #use# or portion thereof may be conducted outside a #completely enclosed building# only if located at a distance greater than 200 feet from a #Residence District# boundary, or if effectively screened by a wall or fence at least eight feet in height with no boat building located less than 30 feet from a #Residence District# boundary

Brushes or brooms

Cameras or other photographic equipment, except film

Canvas

Carpets

Ceramic products, including pottery, small glazed tile, or similar products

Chemicals, compounding or packaging

Cosmetics or toiletries

Cotton ginning, or cotton wadding or linters

Electrical appliances, including lighting fixtures, irons, fans, toasters, electric toys, or similar appliances

Electrical equipment assembly, including home radio or television receivers, home movie equipment, or similar products, but not including electrical machinery

Electrical supplies, including wire or cable assembly, switches, lamps, insulation, dry cell batteries, or similar supplies

Film, photographic

Food products, except slaughtering of meat or preparation of fish for packaging

Ice, dry

Ink or inked ribbon

Laboratories, research, experimental or testing

Leather products, including shoes, machine belting, or similar products

Luggage

Machines, business, including typewriters, accounting machines, calculators, card-counting equipment, or similar products

Machinery, miscellaneous, including washing machines, firearms, refrigerators, air-conditioning, commercial motion picture equipment, or similar products

Machine tools, including metal lathes, metal presses, metal stamping machines, woodworking machines, or similar products

Metal finishing, plating, grinding, sharpening, polishing, cleaning, rust-proofing, heat treatment, or similar products

Metal stamping or extrusion, including costume jewelry, pins and needles, razor blades, bottle caps, buttons, kitchen utensils, or similar products

Motorcycles, including parts

Musical instruments, including pianos or organs

Novelty products

Optical equipment, clocks or similar precision instruments

Orthopedic or medical appliances, including artificial limbs, braces, supports, stretchers, or similar appliances

Paper products, including envelopes, stationery, bags, boxes, shipping containers, bulk goods, tubes, wallpaper printing, or similar products

Perfumes or perfumed soaps, compounding only

Pharmaceutical products

Plastic products, including tableware, phonograph records, buttons, or similar products

Printing or publishing, with no limitation on #floor area# per establishment

Rubber products, such as washers, gloves, footwear, bathing caps, atomizers, or similar products, excluding manufacture of natural or synthetic rubber

Silverware, plate or sterling

Sporting or athletic equipment, including balls, baskets, cues, gloves, bats, racquets, rods, or similar products

Statuary, mannequins, figurines, or religious art goods, excluding foundry operations

Steel products, miscellaneous fabrication or assembly, including steel cabinets, doors, fencing, metal furniture,

or similar products

Textiles, dyeing or printing

Tobacco, including curing, or tobacco products

Tools or hardware, including bolts, nuts, screws, doorknobs, drills, hand tools or cutlery, hinges, house hardware, locks, non-ferrous metal castings, plumbing appliances, or similar products

Toys

Umbrellas

Vehicles, children's, including bicycles, scooters, wagons, baby carriages, or similar vehicles

Venetian blinds, window shades, or awnings, with no limitation on production or on #floor area# per establishment

Wood products, including furniture, boxes, crates, baskets, pencils, cooperage works, or similar products

#Uses accessory# to the preceding listed #uses#

Any #use# from Use Group 16 or 17, listed in this Section, may only locate in a #building enlarged# or #developed# after December 10, 1997, containing a #use# listed in Section 123-21 (Modification of Use Groups 2, 3 and 4), or share a common wall with such #building#, upon certification by a licensed architect or engineer to the Department of Buildings that any such #use# listed in Use Group 16 or 17:

- (a) does not have a New York City or New York State environmental rating of "A", "B" or "C" under Section 24-153 of the New York City Administrative Code for any process equipment requiring a New York City Department of Environmental Protection operating certificate or New York State Department of Environmental Conservation state facility permit; and
- (b) is not required, under the City Right-to-Know Law, to file a Risk Management Plan for Extremely Hazardous Substances.

(12/10/97)

123-223

Excluded uses

The following #uses# listed in Use Groups 16 and 18 shall not be allowed in #Special Mixed Use Districts#:

From Use Group 16A:

Animal pounds or crematoriums

Crematoriums, human

From Use Group 16C:

Public transit yards, open or enclosed, including accessory motor fuel pumps

From Use Group 18:

Any #use# listed in Use Group 18, except that breweries limited to 10,000 square feet of #floor area# shall be permitted as-of-right

#Uses accessory# to the preceding listed #uses#

(12/10/97)

123-23

Modification of Special Permit Requirements

In the event that provisions of this Resolution permit a #use# by special permit, authorization or certification in both designated M1 and #Residence Districts#, no more than one special permit, authorization or certification is required to permit any such #use# in the #Special Mixed Use District#.

In the event that a provision of this Resolution permits a #use# by special permit, authorization or certification in either a designated M1 or #Residence District# and another provision permits such #use# without a special permit, authorization or certification in the other designated district, no special permit, certification or authorization shall be required in the #Special Mixed Use District#. In such case, the #bulk# regulations of the district allowing the #use# as-of-right shall control.

(12/10/97)

123-30

SUPPLEMENTARY USE REGULATIONS

(2/2/11)

123-31

Provisions Regulating Location of Uses in Mixed Use Buildings

In #Special Mixed Use Districts#, in any #building# or portion of a #building# occupied by #residential uses#, non-#residential uses# may be located only on a #story# below the lowest #story# occupied by #dwelling units# or #rooming units#, except that this limitation shall not preclude the:

- (a) extension of a permitted #business sign#, #accessory# to such non-#residential use#, to a maximum height of two feet above the level of a finished floor of the second #story#, but in no event higher than six inches below the lowest window sill on the second #story#;
- (b) location of non-#residential uses# on the same #story#, or on a #story# higher than that occupied by #dwelling units# or #rooming units#, in #buildings# in existence on or prior to December 10, 1997, that are partially #converted# to #residential use# pursuant to paragraph (a) of Section 123-67 (Residential Conversion), or were previously so #converted# pursuant to Article I, Chapter 5 (Residential Conversion within Existing Buildings); or
- (c) location of non-#residential uses# on the same #story#, or on a #story# higher than that occupied by #dwelling units# or #rooming units#, provided that the non-#residential uses#:
 - (1) are located in a portion of the #mixed use building# that has separate direct access to the #street# with no access to the #residential# portion of the #building# at any #story#; and
 - (2) are not located directly over any portion of a #building# containing #dwelling units# or #rooming units#.

(12/10/97)

123-32

Environmental Conditions

In #Special Mixed Use Districts#, all new #dwelling units# shall be provided with a minimum 35dB(A) of window wall attenuation to maintain an interior noise level of 45dB(A) or less, with windows closed, and shall provide an alternate means of ventilation.

(8/16/06)

123-40

SIGN REGULATIONS

In #Special Mixed Use Districts#, the provisions regulating #signs# in C6-1 Districts, as set forth in Section 32-60 (SIGN REGULATIONS), shall apply for any #sign#. For the purposes of applying such regulations in #Special Mixed Use Districts#, all references to #mixed buildings# shall include #mixed use buildings#.

In MX-9 Districts, the provisions of this Section shall apply, except that the City Planning Commission may permit the modification of the applicable provisions of Sections 32-64 (Surface Area and Illumination Provisions) and 32-65 (Permitted Projection or Height of Signs), provided the Commission finds that such #signs# are consistent with the character of the surrounding area. However, no modification shall be made to the applicable provisions of Section 32-644 (Illuminated or flashing signs in C4, C5-4, C6 or C7 Districts) relating to #flashing signs#.

(12/10/97)

123-50

MODIFICATION OF ARTICLE V, CHAPTER 2 (NON-CONFORMING USES)

In #Special Mixed Use Districts#, a #non-conforming use# may be changed only to a #conforming use#.

The following Sections of Article V, Chapter 2 (Non-Conforming Uses), shall not apply: Sections 52-32 through 52-37, inclusive; Sections 52-43 through 52-46, inclusive; Sections 52-54, 52-56, 52-62, 52-72, 52-731, 52-732, 52-74, and 52-75.

(12/10/97)

123-60

SPECIAL BULK REGULATIONS

(7/26/01)

123-61

General Provisions

All #buildings or other structures# on #zoning lots# within the #Special Mixed Use District# shall comply with the #bulk# regulations of this Chapter.

In #Special Mixed Use Districts#, the #bulk# regulations set forth in Article II, Chapter 3, shall apply to all #residential uses# in a #building or other structure#, and the #bulk# regulations set forth in Article IV, Chapter 3, shall apply to all #manufacturing#, #commercial# and #community facility uses# in a #building or other structure#, except as set forth in Sections 123-60 through 123-66, inclusive.

When two or more #buildings# on a single #zoning lot# are used in any combination for #uses# which, if located in a single #building#, would make it a #mixed use building#, the regulations set forth in this Section shall apply as if such #buildings# were a single #mixed use building#.

(2/2/11)

123-62

Maximum Floor Area Ratio for Community Facilities

The maximum #floor area ratio# permitted for a #community facility use# pursuant to Article IV, Chapter 3, shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for a #community facility use# shall be the maximum #floor area ratio# allowed for a #community facility use# pursuant to the designated #Residence District# regulations set forth in Section 24-11 (Maximum Floor Area Ratio and Percentage of Lot Coverage). #Lot coverage# requirements shall not apply.

When the designated district is an R7-3 District, the maximum

#floor area ratio# for a #community facility use# shall be 5.0.

When the designated district is an R9-1 District, the maximum #floor area ratio# for a #community facility use# shall be 9.0.

The provisions of this Section shall not apply on #waterfront blocks#, as defined in Section 62-11. In lieu thereof, the applicable maximum #floor area ratio# set forth for #community facility uses# in Section 62-30 (SPECIAL BULK REGULATIONS) through 62-32 (Maximum Floor Area Ratio and Lot Coverage on Waterfront Blocks), inclusive, shall apply.

(2/2/11)

123-63

Maximum Floor Area Ratio and Lot Coverage Requirements for Zoning Lots Containing Only Residential Buildings in R6, R7, R8 and R9 Districts

Where the designated #Residence District# is an R6, R7, R8 or R9 District, the minimum required #open space ratio# and maximum #floor area ratio# provisions of Sections 23-142, 23-143 and paragraph (a) of Section 23-147 shall not apply. In lieu thereof, all #residential buildings#, regardless of whether they are required to be #developed# or #enlarged# pursuant to the Quality Housing Program, shall comply with the maximum #floor area ratio# and #lot coverage# requirements set forth for the designated district in Section 23-145, or paragraph (b) of Section 23-147 for #non-profit residences for the elderly#. For purposes of this Section, #non-profit residences for the elderly# in R6 and R7 Districts without a letter suffix, shall comply with the provisions for R6A or R7A Districts, respectively, as set forth in paragraph (b) of Section 23-147.

Where the designated district is an R7-3 District, the maximum #floor area ratio# shall be 5.0 and the maximum #lot coverage# shall be 70 percent on an #interior# or #through lot# and 80 percent on a #corner lot#.

Where the designated district is an R9-1 District, the maximum #floor area ratio# shall be 9.0, and the maximum #lot coverage# shall be 70 percent on an #interior# or #through lot# and 80 percent on a #corner lot#.

The provisions of this Section shall not apply on #waterfront blocks#, as defined in Section 62-11. In lieu thereof, the applicable maximum #floor area ratio# and #lot coverage# requirements set forth for #residential uses# in Section 62-30

(SPECIAL BULK REGULATIONS) through 62-32 (Maximum Floor Area Ratio and Lot Coverage on Waterfront Blocks), inclusive, shall apply.

However, in #Inclusionary Housing designated areas#, as listed in the table in this Section, the maximum permitted #floor area ratio# shall be as set forth in Section 23-952. The locations of such districts are specified in [APPENDIX F](#) of this Resolution.

#Special Mixed Use District#	Designated #Residence District#
MX 2 - Community District 2, Brooklyn	R7A R8A
MX 8 - Community District 1, Brooklyn	R6 R6A R6B R7A
MX 11 - Community District 6, Brooklyn	R7-2
MX 14 - Community District 6, The Bronx	R7A R7X

(2/2/11)

123-64

Maximum Floor Area Ratio and Lot Coverage Requirements for Zoning Lots Containing Mixed Use Buildings

For #zoning lots# containing #mixed use buildings#, the following provisions shall apply.

(a) Maximum #floor area ratio#

(1) #Manufacturing# or #commercial uses#

The maximum #floor area ratio# permitted for #manufacturing# or #commercial uses# shall be the applicable maximum #floor area ratio# permitted for #manufacturing# or #commercial uses# under the provisions of Section 43-12, in accordance with the designated M1 District.

(2) #Community facility uses#

The maximum #floor area ratio# permitted for #community

facility uses# shall be the applicable maximum #floor area ratio# permitted for #community facility uses# in #Residence Districts# under the provisions of Section 24-11, in accordance with the designated #Residence District#.

(3) #Residential uses#

Where the #Residence District# designation is an R3, R4 or R5 District, the maximum #floor area ratio# permitted for #residential uses# shall be the applicable maximum #floor area ratio# permitted for #residential uses# under the provisions of Sections 23-14 and 23-141, in accordance with the designated #Residence District#.

Where the #Residence District# designation is an R6, R7, R8, R9 or R10 District, the maximum #floor area ratio# permitted for #residential uses# shall be the applicable maximum #floor area ratio# permitted for #residential uses# under the provisions of Section 123-63, in accordance with the designated #Residence District#.

(4) Maximum #floor area# in #mixed use buildings#

The maximum total #floor area# in a #mixed use building# shall be the maximum #floor area# permitted for either the #commercial#, #manufacturing#, #community facility# or #residential use#, as set forth in this Section, whichever permits the greatest amount of #floor area#.

However, in #Inclusionary Housing designated areas#, except within Waterfront Access Plan BK-1, the maximum #floor area ratio# permitted for #zoning lots# containing #residential# and #commercial#, #community facility# or #manufacturing uses# shall be the base #floor area ratio# set forth in Section 23-952 for the applicable district. Such base #floor area ratio# may be increased to the maximum #floor area ratio# set forth in such Section only through the provision of #affordable housing#, pursuant to Section 23-90, inclusive.

(b) #Lot coverage# requirements

#Lot coverage# requirements shall not apply.

(2/2/11)

123-641

Floor area bonus for a public plaza or arcade in connection with mixed use buildings

Any #floor area# bonus for a #public plaza# or #arcade#, permitted under the applicable district regulations, shall apply to a #zoning lot# containing a #mixed use building#, provided that any given #public plaza# or #arcade# shall be counted only once in determining a bonus.

However, on #waterfront blocks#, as defined in Section 62-11, #floor area# bonuses for a #public plaza# or #arcade# shall not apply.

(7/26/01)

123-65

Special Yard Regulations

(7/26/01)

123-651

Special yard regulations for residential buildings

No #front yards# or #side yards# are required in #Special Mixed Use Districts#. However, for #residential buildings# other than #single-# or #two-family residences#, if any open area extending along a #side lot line# is provided at any level, such open area shall have a minimum width of eight feet.

(2/2/11)

123-652

Special yard regulations for mixed use buildings

No #front yards# or #side yards# are required in #Special Mixed Use Districts#. However, if any open area extending along a #side lot line# is provided at any level, such open area shall have a minimum width of eight feet; except, if the #mixed use building# contains no more than two #dwelling units#, the open area

extending along a #side lot line# may be less than eight feet in width at the level of the #dwelling unit#. For a #residential# portion of a #mixed use building#, the required #rear yard# shall be provided at the floor level of the lowest #story# containing #dwelling units# or #rooming units# where any window of such #dwelling units# or #rooming units# faces onto such #rear yard#.

(4/22/09)

123-653

Special yard regulations applying on waterfront blocks

On #waterfront blocks#, as defined in Section 62-11, the #rear yard# regulations of Section 62-33 (Special Yard Regulations on Waterfront Blocks) shall apply. However, for #mixed use buildings#, the special #yard# regulations of Section 123-652 shall apply.

(4/22/09)

123-654

Special provisions applying along district boundaries

Along such portion of the #Special Mixed Use District# boundary that coincides with a #side lot line# of a #zoning lot# within an R1, R2, R3, R4 or R5 District, an open area not higher than #curb level# and with a width of at least eight feet shall be required within the #Special Mixed Use District#.

(4/22/09)

123-66

Height and Setback Regulations

The height of all #buildings or other structures# in #Special Mixed Use Districts# shall be measured from the #base plane#.

For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height of a #street wall# may vary between the height of the #street wall# of an adjacent #building# before setback, if such height is lower than the minimum base height required, up to the minimum base height requirements of this Chapter.

On #waterfront blocks#, as defined in Section 62-11, where the designated #Residence District# is R3, R4 or R5, the height and setback regulations of Section 62-34, inclusive, shall apply to #buildings and other structures#, except that for #mixed use buildings#, the height and setback regulations set forth in Section 123-661 (Mixed use buildings in Special Mixed Use Districts with R3, R4 or R5 District designations) shall apply.

(7/26/01)

123-661

Mixed use buildings in Special Mixed Use Districts with R3, R4 or R5 District designations

In #Special Mixed Use Districts# where the designated #Residence District# is an R3, R4 or R5 District, the height and setback regulations of Sections 23-60 and 43-40 shall not apply to #mixed use buildings#. In lieu thereof, no #building or other structure# shall exceed a height of 35 feet within 25 feet of a #street line#. Beyond 25 feet of a #street line#, no #building or other structure# shall exceed a height of 60 feet. Notwithstanding the foregoing, the provisions of Sections 23-62, 24-51 and 43-42 (Permitted Obstructions) shall apply to any #mixed use building#.

(11/13/12)

123-662

All buildings in Special Mixed Use Districts with R6, R7, R8, R9 and R10 District designations

In #Special Mixed Use Districts# where the designated #Residence District# is an R6, R7, R8, R9 or R10 District, the height and setback regulations of Sections 23-60 and 43-40 shall not apply. In lieu thereof, all #buildings or other structures# shall comply with the height and setback regulations of this Section.

(a) Medium and high density non-contextual districts

- (1) In #Special Mixed Use Districts# where the designated #Residence District# is an R6, R7, R8, R9 or R10 District, except an R6A, R6B, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9X, R10A or R10X District, the height of a #building or other structure#, or portion thereof, located within ten feet of a #wide street# or 15 feet

of a #narrow street#, may not exceed the maximum base height specified in Table A of this Section, except for dormers permitted in accordance with paragraph (c) of this Section. Beyond ten feet of a #wide street# and 15 feet of a #narrow street#, the height of a #building or other structure# shall not exceed the maximum #building# height specified in Table A. However, a #building or other structure# may exceed such maximum #building# height by four #stories# or 40 feet, whichever is less, provided that the gross area of each #story# located above the maximum #building# height does not exceed 80 percent of the gross area of that #story# directly below it.

Table A
HEIGHT AND SETBACK FOR ALL BUILDINGS
IN MEDIUM AND HIGH DENSITY
NON-CONTEXTUAL DISTRICTS
(in feet)

District	Maximum Base Height	Maximum #Building# Height
R6	60	110
R7-1 R7-2	60	135
R7-3	85	185
R8	85	210
R9	85	225
R9-1	85	280
R10	110	350

- (2) In #Special Mixed Use District# 15 in the Borough of Manhattan, where the designated #Residence District# is an R7-2 District, the height and setback regulations of paragraph (a)(1) of this Section shall not apply. In lieu thereof, the height and setback regulations of this paragraph, (a)(2), shall apply.
- (i) A #building or other structure#, or portion thereof, located within ten feet of a #wide street# or 15 feet of a #narrow street#, shall rise to a minimum height of 60 feet, and may rise to a maximum height of 85 feet, except for dormers permitted in accordance with paragraph (c) of this Section.
 - (ii) At least 70 percent of the #aggregate width of street walls# shall be located on the #street line# and shall extend to the minimum base height of 60 feet or the height of the #building#, whichever is less. The remaining 30 percent of the

#aggregate width of street walls# shall be located within eight feet of the #street line#.

- (iii) Existing #buildings# may be vertically #enlarged# by up to one #story# or 15 feet without regard to the #street wall# location provisions of this paragraph, (a)(2). Beyond ten feet of a #wide street# and 15 feet of a #narrow street#, the height of a #building or other structure# shall not exceed a maximum #building# height of 135 feet. However, a #building or other structure# may exceed a height of 135 feet by four #stories# or 40 feet, whichever is less, provided that the gross area of each #story# located above 135 feet does not exceed 80 percent of the gross area of that #story# directly below it.

(b) Medium and high density contextual districts

In #Special Mixed Use Districts# where the #Residence District# designation is an R6A, R6B, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9X, R10A or R10X District, no #building or other structure# shall exceed the maximum #building# height specified in Table B of this Section.

Setbacks are required for all portions of #buildings# that exceed the maximum base height specified in Table B. Such setbacks shall be provided in accordance with the following provisions:

- (1) #Building# walls facing a #wide street# shall provide a setback at least ten feet deep from such wall of the #building# at a height not lower than the minimum base height specified in Table B. #Building# walls facing a #narrow street# shall provide a setback at least 15 feet deep from such wall of the #building# at a height not lower than the minimum base height specified in Table B.
- (2) These setback provisions are optional for any #building# wall that is either located beyond 50 feet of a #street line# or oriented so that lines drawn perpendicular to such #building# wall would intersect a #street line# at an angle of 65 degrees or less. In the case of an irregular #street line#, the line connecting the most extreme points of intersection shall be deemed to be the #street line#.
- (3) Required setback areas may be penetrated by dormers in accordance with paragraph (c) of this Section.

- (4) Where the #Residence District# designation is an R10X District, no maximum #building# height shall apply. However, the minimum coverage of any portion of a #building# that exceeds the permitted maximum base height shall be 33 percent of the #lot area# of the #zoning lot#. Such minimum #lot# coverage requirement shall not apply to the highest four #stories# of the #building#.

TABLE B
HEIGHT AND SETBACK FOR ALL BUILDINGS
IN MEDIUM AND HIGH DENSITY CONTEXTUAL DISTRICTS
(in feet)

District	Minimum Base Height	Maximum Base Height	Maximum #Building# Height
R6B	30	40	50
R6A	40	60	70
R7B	40	60	75
R7A	40	65	80
R7D	60	85	100
R7X	60	85	125
R8A	60	85	120
R8B	55	60	75
R8X	60	85	150
R9A**	60	95	135
R9A*	60	102	145
R9X**	60	120	160
R9X*	105	120	170
R10A**	60	125	185
R10A*	125	150	210
R10X	60	85	***

- * That portion of a district which is within 100 feet of a #wide street#
- ** That portion of a district on a #narrow street# except within a distance of 100 feet from its intersection with a #wide street#
- *** #Buildings# may exceed a maximum base height of 85 feet in accordance with paragraph (b)(4) of this Section

(c) Permitted obstructions and dormer provisions

Obstructions shall be permitted pursuant to Sections 23-62, 24-51 or 43-42. In addition, within a required setback area, a dormer may exceed a maximum base height specified in Tables A or B of this Section and thus penetrate a required setback area, provided that, on any #street# frontage, the aggregate width of all dormers at the maximum base height does not exceed 60 percent of the length of the #street wall# of the highest #story# entirely below the maximum base height. At any level above the maximum base height, the length of a #street wall# of a dormer shall be decreased by one percent for every foot that such level of dormer exceeds the maximum base height. (See illustration of Dormer in Section 62-341).

However, all #buildings or other structures# on #waterfront blocks#, as defined in Section 62-11, shall comply with the height and setback regulations set forth for the designated #Residential District# as set forth in Section 62-34 (Height and Setback Regulations on Waterfront Blocks), inclusive.

(2/2/11)

123-67

Residential Conversion

- (a) The provisions of Article I, Chapter 5 (Residential Conversion within Existing Buildings) shall not apply in #Special Mixed Use Districts#, except as expressly set forth herein.

In #Special Mixed Use Districts#, in any community district in the City, the #conversion# to #residences# of non-#residential# portions of #buildings#, in existence on or prior to December 10, 1997, shall be permitted subject to Sections 15-11, 15-12 and 15-30, paragraph (b).

#Uses# in #buildings# in existence on or prior to December 10, 1997, containing both #residential# and non-#residential uses#, shall not be subject to the provisions of Section 123-31 (Provisions Regulating Location of Uses in Mixed Use Buildings).

For the purposes of applying paragraph (a) of Section 15-111 to #Special Mixed Use Districts# where the designated #Residence District# is an R3 District, the minimum #floor area# per #dwelling unit# applicable to R4 Districts shall apply.

- (b) The #conversion# to #residences# of non-#residential# portions of #buildings# constructed after December 10, 1997, shall comply with the special #bulk# regulations of this Chapter for new #residential development#.

(5/8/13)

123-70

PARKING AND LOADING

For #Special Mixed Use Districts# located within the #Manhattan Core#, the provisions of Article I, Chapter 3 (Comprehensive Off-Street Parking and Loading Regulations in the Manhattan Core), inclusive, shall apply, and for #Special Mixed Use Districts# located within the #Long Island City area#, as defined in Section 16-02 (Definitions), the provisions of Article I, Chapter 6 (Comprehensive Off-Street Parking Regulations in the Long Island City Area), inclusive, shall apply. For all other #Special Mixed Use Districts#, the provisions of this Section, inclusive, shall apply.

(12/10/97)

123-71

Manufacturing and Commercial Uses

For #manufacturing# and #commercial uses#, the #accessory# off-street parking and loading regulations of the designated M1 District, as set forth in Article IV, Chapter 4 (Accessory Off-Street Parking and Loading Regulations), shall apply.

(4/14/10)

123-72

Residential and Community Facility Uses

For #residences# and #community facility uses#, the #accessory# off-street parking and loading regulations of the designated #Residence District#, as set forth in Article II, Chapter 5, shall apply, except that:

- (a) the provisions of Section 25-50 (RESTRICTIONS ON LOCATION OF ACCESSORY OFF-STREET PARKING SPACES) shall not apply. In lieu thereof, the provisions of Section 44-30 (RESTRICTIONS ON LOCATION AND USE OF ACCESSORY OFF-STREET PARKING SPACES) shall apply to such #uses#; and
- (b) for #buildings# containing #residences# in #Special Mixed Use Districts#, in addition to the applicable #accessory# off-street parking and loading regulations set forth in Article II, Chapter 5, the provisions of Sections 44-46 (Accessory Off-Street Parking Spaces in Public Parking Garages), 44-47 (Parking Lot Maneuverability and Curb Cut Regulations) and 44-48 (Parking Lot Landscaping) shall apply.

(2/2/11)

123-73

On Waterfront Blocks

For #uses# on #waterfront blocks#, as defined in Section 62-11, the special #accessory# off-street parking and loading regulations set forth in Section 62-40, inclusive, shall apply. When any #use# is permitted in both the designated #Residence District# and the designated M1 District, the #accessory# off-street parking and loading requirements applicable to the designated M1 District shall apply to such #use#.

(7/26/01)

123-80

MODIFICATION OF ARTICLE V, CHAPTER 4

In Article V, Chapter 4 (Non-Complying Buildings), Section 54-311 (Buildings non-complying as to density regulations), shall not apply.

(4/30/08)

123-81

Modification of Planting Strips

In #Special Mixed Use Districts#, the provisions of Section 26-42 (Planting Strips) shall not apply.

(11/13/12)

123-90

SPECIAL MIXED USE DISTRICTS SPECIFIED

The #Special Mixed Use District# is mapped in the following areas:

#Special Mixed Use District# - 1: (12/10/97)
Port Morris, The Bronx

The #Special Mixed Use District# - 1 is established in Port Morris in The Bronx as indicated on the #zoning maps#.

#Special Mixed Use District# - 2: (7/29/09)
DUMBO, Brooklyn

The #Special Mixed Use District# - 2 is established in DUMBO in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 4: (5/9/01)
Flushing/Bedford, Brooklyn

The #Special Mixed Use District# - 4 is established in Flushing/Bedford in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 5: (1/30/02)
Red Hook, Brooklyn

The #Special Mixed Use District# - 5 is established in Red Hook in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 6: (7/23/08)
Hudson Square, Manhattan

The #Special Mixed Use District# - 6 is established in

Hudson Square in Manhattan as indicated on the #zoning maps#.

#Special Mixed Use District# - 7: (8/19/03)
Morrisania, the Bronx

The #Special Mixed Use District# - 7 is established in Morrisania in the Bronx as indicated on the #zoning maps#.

#Special Mixed Use District# - 8: (5/11/05)
Greenpoint-Williamsburg, Brooklyn

The #Special Mixed Use District# - 8 is established in Greenpoint-Williamsburg in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 9: (8/16/06)
Northern Hunters Point Waterfront, Queens

The #Special Mixed Use District# - 9 is established in the Northern Hunters Point Waterfront in Queens as indicated on the #zoning maps#.

#Special Mixed Use District# - 10: (10/29/07)
Atlantic and Howard Avenues, Brooklyn

The #Special Mixed Use District# - 10 is established on Atlantic and Howard Avenues in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 11: (3/11/09)
Gowanus, Brooklyn

The #Special Mixed Use District# - 11 is established in Gowanus in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 12 (10/27/10)
Borough Park, Brooklyn

The #Special Mixed Use District# - 12 is established in Borough Park in Brooklyn as indicated on the #zoning maps#.

#Special Mixed Use District# - 13: (6/30/09)
Lower Concourse, the Bronx

The #Special Mixed Use District# - 13 is established in the Lower Concourse in The Bronx as indicated on the #zoning maps#.

#Special Mixed Use District# - 14: (10/13/10)
Third Avenue/Tremont Avenue, the Bronx

The #Special Mixed Use District# - 14 is established along
Third Avenue in the Bronx as indicated on the #zoning maps#.

#Special Mixed Use District# - 15: (11/13/12)
West Harlem, Manhattan

The #Special Mixed Use District# - 15 is established in West
Harlem in Manhattan as indicated on the #zoning maps#.

Article XII - Special Purpose Districts

Chapter 4

Special Willets Point District

(11/13/08)

124-00

GENERAL PURPOSES

The "Special Willets Point District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) transform Willets Point into a diverse and sustainable community that enhances connections to its surroundings through a unique combination of uses;
- (b) create a retail and entertainment destination that catalyzes future growth and strengthens Flushing's role as a nexus of economic, social and cultural activity;
- (c) encourage a mix of uses that complement sporting venues within Flushing Meadows-Corona Park;
- (d) maximize utilization of mass transit, reducing the automobile dependency of the redevelopment;
- (e) create a livable community combining housing, retail and other uses throughout the district;
- (f) create a walkable, urban streetscape environment with publicly accessible open spaces;
- (g) encourage the pedestrian orientation of ground floor uses;
- (h) build upon the diversity of the Borough of Queens as well as the proximity of regional transportation facilities, including the Van Wyck and Whitestone Expressways, LaGuardia and JFK Airports and the Long Island Railroad;
- (i) provide flexibility of architectural design within limits

established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms; and

- (j) promote the most desirable use of land and building development in accordance with the District Plan and Urban Renewal Plan for Willets Point and thus improve the value of land and buildings and thereby improve the City's tax revenues.

(10/9/13)

124-01

General Provisions

The provisions of this Chapter shall apply within the #Special Willets Point District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

(11/13/08)

124-02

Definitions

For the purposes of establishing #blocks# and applying the #use#, #signage#, #street# tree, height and setback, #court#, publicly accessible open space and curb cut regulations of this Chapter, #connector streets#, the #eastern perimeter street#, the #primary retail street#, #residential streets#, #retail streets# and #service streets# shall be considered #streets#, and their boundaries shall be treated as #street lines#.

Connector street

A "connector street" shall be a way intended for general public

use located and designed in accordance with requirements set forth in Section 124-31 (Standards for Streets and Blocks), inclusive.

Eastern perimeter street

The "eastern perimeter street" shall be a way intended for general public use located and designed in accordance with requirements set forth in Section 124-31, inclusive.

Primary retail street

The "primary retail street" shall be a way intended for general public use located and designed in accordance with requirements set forth in Section 124-31, inclusive.

Residential street

A "residential street" shall be a way intended for general public use located and designed in accordance with requirements set forth in Section 124-31, inclusive.

Retail street

A "retail street" shall be a way intended for general public use located and designed in accordance with requirements set forth in Section 124-31, inclusive.

Service street

A "service street" shall be a way intended for general public use located and designed in accordance with requirements set forth in Section 124-31, inclusive.

(11/13/08)

124-03

District Plan and Maps

District Plan Maps are located within the Appendix to this Chapter and are hereby incorporated and made part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

The District Plan includes the following five maps:

Map 1 - #Special Willets Point District# Plan

Map 2 - Location Requirements for Convention Center, Cinema and Office Tower

Map 3 - Height Limits

Map 4 - Locations of Tower Walls without Setbacks

Map 5 - Mandatory Intersections

(11/13/08)

124-04

Applicability of District Regulations

(3/28/12)

124-041

Applicability of Article III, Chapter 6

The provisions of Section 36-76 (Waiver or Reduction of Spaces for Subsidized Housing) shall not apply in the #Special Willets Point District#.

(3/28/12)

124-042

Applicability of Article VII, Chapter 3

The following special permit by the Board of Standards and Appeals shall not be applicable:

Section 73-16 (Public Transit, Railroad or Electric Utility Substations) shall not apply to electrical utility substations. In lieu thereof, such #use# shall be allowed within the #Special Willets Point District# upon authorization of the City Planning Commission, pursuant to Section 124-16.

(3/28/12)

124-043

Applicability of Article VII, Chapter 4

The following special permit by the City Planning Commission shall not be applicable:

Section 74-61 (Public Transit, Railroad or Electric Utility Substations) shall not apply to electrical utility substations. In lieu thereof, such #use# shall be allowed within the #Special Willets Point District# upon authorization of the City Planning Commission, pursuant to Section 124-16.

(2/2/11)

124-05

Certification for Large Developments

The requirements of this Section shall apply to #zoning lots# of at least 200,000 square feet of #lot area#, containing #developments# or #enlargements# resulting in at least 100,000 square feet of #floor area# on such #zoning lots#.

No building permit shall be issued until the Chairperson of the City Planning Commission certifies to the Department of Buildings that such #developments# or #enlargements# comply with the provisions of this Section.

A set of drawings of sufficient scope and detail shall be submitted, showing that:

- (a) all #streets# and private streets within or abutting the proposed #development# or #enlargement# comply with the provisions of Section 124-31 (Standards for Streets and Blocks), inclusive;
- (b) all #streets# and private streets within or abutting the proposed #development# or #enlargement# are constructed to grades acceptable to the Commissioner of Buildings and the

Commissioner of Transportation;

- (c) all publicly accessible open spaces within or abutting the proposed #development# or #enlargement# comply with the provisions of Section 124-40 (PUBLICLY ACCESSIBLE OPEN SPACE REQUIREMENTS), inclusive; and
- (d) for any portion of the #Special Willets Point District# not within the area proposed for #development# or #enlargement# and for which a certification pursuant to this Section has not been obtained, plans shall be submitted showing that the #development# or #enlargement# that is the subject of this certification shall not preclude such portions of the #Special Willets Point District# from complying with the provisions of Section 124-31 and 124-40 under future certifications pursuant to this Section.

The Chairperson may allow for phased development upon certification to the Commissioner of Buildings that a plan has been submitted that provides for the completion of any private streets and publicly accessible open spaces that are integral to the #development# or #enlargement# of a #building# or #buildings# within each phase.

The Chairperson shall modify the provisions of Section 124-31, inclusive, to the minimum extent necessary, in the event that the Fire Department determines in writing that such modifications are required under law or regulation governing adequate fire access.

All required private streets and publicly accessible open spaces, once certified in accordance with the provisions of this Section, shall be duly recorded in the form of a signed declaration of restrictions, including a maintenance and operation agreement, indexed against the property, binding the owners, successors and assigns to provide such private streets and publicly accessible open spaces and public access thereto in accordance with the plans certified by the Chairperson of the City Planning Commission. Such declaration or maintenance and operation agreement shall require that a bond be posted that would ensure that the private streets and public access areas are maintained in accordance with the declaration or maintenance and operation agreement and are closed only at authorized times. The filing of such declaration in the Borough Office of the Register of the City of New York shall be a precondition for the issuance of a building permit.

In addition, the private streets and publicly accessible open

spaces integral to the #development# or #enlargement# of a #building# or #buildings# shall be recorded on the certificate of occupancy for such #building# or #buildings# by the Department of Buildings and shall be a condition of issuance of such certificate of occupancy.

(11/13/08)

124-10

SPECIAL USE REGULATIONS

The #use# regulations of the underlying district are modified as set forth in this Section, inclusive.

(11/13/08)

124-11

Regulation of Residential Uses

(2/2/11)

124-111

Location of residential use within buildings

The provisions of Section 32-422 (Location of floors occupied by commercial uses) shall be modified to permit #dwelling units# or #rooming units# on the same #story# as a non-#residential use# provided no access exists between such #uses# at any level containing #dwelling units# or #rooming units# and provided any non-#residential uses# are not located directly over any #dwelling units# or #rooming units#. However, such non-#residential uses# may be located over #dwelling units# or rooming units# by authorization of the City Planning Commission upon a finding that sufficient separation of #residential uses# from non-#residential uses# exists within the #building#.

(11/13/08)

124-112

Residential entrances on residential streets

Each ground floor #dwelling unit# on a #residential street# shall be directly accessible from such #residential street#. No more than one entrance to a #residential street# shall be required for any one ground floor #dwelling unit#.

(11/13/08)

124-12

Regulation of Commercial Uses in Area B

- (a) Within Area B, as shown on Map 1 in the Appendix to this Chapter, #commercial# and special permit #uses# shall be limited to those #uses# permitted in a C1-4 District and #physical culture or health establishments# pursuant to Section 73-36, provided that #commercial uses# shall be located no more than 100 feet from a #connector street#, the present or former 34th Avenue or Willets Point Boulevard, or Area A, as shown on Map 1 in the Appendix to this Chapter.
- (b) Within Area B, #uses# permitted in the underlying district shall be permitted within an area east and south of the present or former Willets Point Boulevard and contiguous with Area A, provided that such area shall be limited to 115,000 square feet in land area.

(11/13/08)

124-13

Uses Permitted As-of-Right

The following special permits shall not apply. In lieu thereof, such #uses# shall be permitted as-of-right:

Section 74-41 (Arenas, Auditoriums, Stadiums or Trade Expositions) shall not apply for trade expositions with a capacity in excess of 2,500 persons, provided that the facility has a #floor area# of no more than 400,000 square feet;

Section 73-482 (In Commercial or Manufacturing Districts)

shall not apply for group parking facilities exceeding 225 spaces, provided such facilities comply with the regulations set forth in Section 124-50 (OFF-STREET PARKING REGULATIONS), inclusive.

In #buildings# with frontage on 126th Street, the following special permits shall not apply. In lieu thereof, such uses shall be permitted as-of-right:

Section 73-244 (In C2, C3, C4*, C6-4**, M1-5A, M1-5B, M1-5M and M1-6M Districts and the Special Tribeca Mixed Use District) shall not apply for eating and drinking establishments with a capacity of more than 200 persons, which shall be permitted as-of-right within 100 feet of a #Residence District# boundary

Section 73-35 (Amusement Arcades)

Section 73-36 (Physical Culture or Health Establishments)

Section 74-46 (Indoor Interactive Entertainment Facilities)

Section 74-47 (Amusement Arcades)

(2/2/11)

124-14

Retail Continuity

The following regulations shall apply within Area A, as shown on Map 1 in the Appendix to this Chapter, to all portions of #buildings# with frontage on 126th Street, the #primary retail street#, the #retail streets#, #connector streets# and, in the event that a utility easement is retained on the #block# bounded by Roosevelt Avenue and 126th Street, along the frontage of the publicly accessible open space required by paragraph (d) of Section 124-42.

(a) Ground floor #uses#

#Uses# within #stories# on the ground floor or with a floor level within five feet of #base flood elevation# shall be limited to #commercial uses# permitted by the underlying

district, but not including #uses# listed in Use Groups 6B, 6E, 8C, 8D, 9B, 10B or 12D, as provided in Article III, Chapter 2. A #building's# frontage shall be allocated exclusively to such #uses#, except for lobby space or entryways, parking pursuant to Section 124-50, inclusive, and vehicular access pursuant to Section 124-53 (Curb Cut Restrictions). Such #uses# shall have a minimum depth of 50 feet measured from any #street wall# facing 126th Street, the #primary retail street# or #connector streets#.

In no event shall the length of such frontage occupied by lobby space or entryways exceed, in total, 40 feet or 25 percent of the #building's# frontage, whichever is less, except that the width of a lobby need not be less than 20 feet.

- (b) Maximum length of establishments facing 126th Street and the #primary retail street#

The length of ground floor frontage occupied by any establishment shall not exceed 110 feet along 126th Street and 65 feet along the #primary retail street#. Such maximum lengths shall apply within 50 feet of any #street wall# facing 126th Street and the #primary retail street#. However, the provisions of this paragraph, (b), shall not apply within 300 feet of Northern Boulevard.

- (c) Access

Access to each ground floor establishment shall be provided directly from a #street#.

- (d) Transparency

For any #building#, or portion thereof, #developed# or #enlarged# after November 13, 2008, each ground floor #street wall# shall be glazed with materials which may include #show windows#, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 70 percent of the area of each such ground floor #street wall#, measured to a height of 10 feet above the level of the adjoining sidewalk or public access area. Not less than 50 percent of such glazed area shall be glazed with transparent materials and up to 20 percent of such area may be glazed with translucent materials.

However, in locations where such ground floor #street wall#

above the level of the adjoining sidewalk or public access area is below #base flood elevation#, the required glazed area shall occupy an area measured from #base flood elevation# to a height 10 feet above #base flood elevation#.

(11/13/08)

124-15

Modification of Sign Regulations

The height of all #signs# shall be measured from #base flood elevation#. The underlying #sign# regulations shall apply, except as set forth in this Section.

- (a) Within Area A, as shown on Map 1 in the Appendix to this Chapter, the #sign# regulations of a C4 District shall apply, except for #street walls# facing Roosevelt Avenue, Northern Boulevard and 126th Street.
- (b) Within Area B, as shown on Map 1, the #sign# regulations of a C1 District shall apply, except that within the area described in paragraph (b) of Section 124-12, the sign regulations of a C4 District shall apply.
- (c) Within Area A, for #street walls# facing Roosevelt Avenue or Northern Boulevard, the #sign# regulations of a C4 District shall apply, except that #signs# shall be limited to 85 feet in height.
- (d) For #street walls# facing 126th Street to a height of 35 feet, the #sign# regulations of a C4 District shall apply, provided that the maximum projection of any #sign# from the exterior wall of a #building# shall be four feet, and the transparency requirements of paragraph (d) of Section 124-14 are met.
- (e) For #street walls# facing 126th Street above 35 feet in height, the #sign# regulations of a C4 District shall apply except that all permitted #signs#, including #illuminated signs# and #flashing signs#, shall be permitted without limitation on #surface area#, provided that:
 - (1) no such #signs# are higher than 85 feet;

- (2) the maximum projection of any #sign# from the exterior wall of a #building# shall be four feet, except that projections not exceeding six feet are permitted, provided that such projections beyond four feet shall comprise not more than 20 percent of the #surface area# of all such #signs# on the establishment; and
- (3) no #sign# attached to a #building or other structure# shall extend above any parapet wall or roof of such #building or other structure#.
- (f) Within 150 feet of the neighborhood park required pursuant to Section 124-42 (Types and Standards of Publicly Accessible Open Space), paragraph (a), #flashing signs# whose message is visible from such park shall not be permitted.
- (g) The provisions of Section 32-67 (Special Provisions Applying along District Boundaries) shall not apply in the #Special Willets Point District#.

(11/13/08)

124-16

Authorization for Electrical Utility Substations

The City Planning Commission may authorize electrical utility substations in the #Special Willets Point District# in order to serve the needs of the Special District, and the regulations thereof shall be modified as necessary to accommodate the operational needs of the substation, upon authorization of the City Planning Commission, provided the Commission finds that:

- (a) the architectural and landscaping treatment of such #use# shall blend harmoniously with the abutting area to the extent reasonably permitted by the operational needs of the substation; and
- (b) if the site proposed for such #use# is within Area A, as shown on Map 1 in the Appendix to this Chapter, that there are difficulties in locating such #use# within Area B, as shown on Map 1.

The City Planning Commission may, consistent with cost-effective operations and capital planning, and the operational needs of the

substation, prescribe appropriate conditions and safeguards on matters necessary to effectuate the provisions of paragraph (a) of this Section that are not regulated by other applicable codes, laws, rules or regulations. The applicant shall provide the Department of City Planning with a general description of such codes, laws, rules or regulations and a certification that the proposed substation shall comply therewith.

(2/2/11)

124-17

Special Permit for Cogeneration Power Plant

The Board of Standards and Appeals may permit a combined heat and power cogeneration plant not to exceed 100,000 square feet in #floor area#, provided that:

- (a) the power plant is designed to maximize both electric and thermal cogeneration system efficiency to the greatest extent feasible;
- (b) a detailed energy analysis is submitted to the Board demonstrating that the system as designed shall operate with maximum efficiency and perform more effectively than a traditional, power-purchased-from-grid system; and
- (c) the power plant is designed primarily to serve the #Special Willets Point District#.

In addition, the Board shall refer such application to the Department of Environmental Protection for a report to ensure that the power plant is designed to maximize cogeneration efficiency to the greatest extent feasible and that the system as designed shall operate with maximum efficiency and perform more effectively than a traditional, power-purchased-from-grid system.

The Board may prescribe appropriate conditions or safeguards to minimize adverse effects on the character of the surrounding area including safety devices, emissions limits, and the concealment of such #use# with #building# enclosures, landscaping, buffer zones or other methods.

(2/2/11)

124-18**Special Permit for Wastewater Treatment Plant**

The Board of Standards and Appeals may permit an enclosed membrane bio-reactor wastewater treatment plant not to exceed 100,000 square feet in #floor area# on a site not to exceed 40,000 square feet in area, provided that the following findings are made:

- (a) that in all cases the proposed plant promotes and protects the public health, safety and general welfare;
- (b) the proposed plant shall be adequate for anticipated #development# in the area to be served;
- (c) the proposed plant is designed primarily to serve the #Special Willets Point District#;
- (d) the site for such #use# is so located as to minimize the adverse effects on the integrity of existing and future development, and to minimize the interruption of the continuity of retail frontage;
- (e) the architectural and landscaping treatment of such #use# shall blend harmoniously with the rest of the area; and
- (f) that such #use# shall conform to the performance standards applicable to M1 Districts.

In addition, the Board shall refer such application to the Department of Health and the Department of Environmental Protection for a report to ensure that the site-specific design of the enclosed membrane bio-reactor waste water treatment plant meets all City and State health and effluent standards.

The Board may prescribe appropriate conditions or safeguards to minimize adverse effects on the character of the surrounding area including requirements for soundproofing, safety devices, and the concealment of such #use# with #building# enclosures, landscaping, buffer zones or other methods.

(11/13/08)

124-19

Location and Other Requirements for Specific Uses

(11/13/08)

124-191

Convention center

A trade exposition center, hereinafter referred to as a convention center, is permitted in the #Special Willets Point District# only in accordance with this Section and shall be located on a #connector street#. A convention center may only be located in the area as depicted on Map 2 (Location Requirements for Convention Center, Cinema and Office Tower) in the Appendix to this Chapter, being entirely within 650 feet of Northern Boulevard.

Furthermore, a convention center may not be located within 200 feet of 126th Street, and any portion of a convention center located between 200 feet and 450 feet of 126th Street shall be limited to no more than 50,000 square feet of #floor area#.

Section 124-14 (Retail Continuity) shall not be applicable to a convention center. In lieu thereof, the transparency requirements of this Section shall apply to the #street wall# of a convention center facing a #connector street#. Such #street wall# shall be glazed with materials which may include #show windows#, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 50 percent of the area of such #street wall#, measured to a height of 15 feet above the level of the adjoining sidewalk or public access area. Not less than 40 percent of such area shall be glazed with transparent materials.

The main entrance(s) of such convention center shall be on a #connector street#.

(11/13/08)

124-192

Location of theaters

Theaters comprising over 10,000 square feet in #floor area# shall be located entirely within 600 feet of the intersection of Roosevelt Avenue and 126th Street, as depicted on Map 2 (Location

Requirements for Convention Center, Cinema and Office Tower) in the Appendix to this Chapter.

(11/13/08)

124-193

Location of office uses in towers

Use Group 6B office #uses#, pursuant to Section 32-15, located on any #story# entirely above 120 feet in height shall be located entirely within 600 feet of the intersection of Roosevelt Avenue and 126th Street, as depicted on Map 2 (Location Requirements for Convention Center, Cinema and Office Tower) in the Appendix to this Chapter.

(11/13/08)

124-20

BULK REGULATIONS

In the #Special Willets Point District#, bulk regulations shall be as set forth in this Section, inclusive.

(2/2/11)

124-21

Floor Area Regulations

#Zoning lots# containing less than 200,000 square feet of #lot area# shall not exceed a #floor area ratio# of 2.0.

#Zoning lots# containing at least 200,000 square feet of #lot area# shall have a maximum #floor area ratio# as follows:

- (a) Within Area A, as shown on Map 1 in the Appendix of this Chapter:
 - (1) #Zoning lots# of at least 28 acres of #lot area# shall have a maximum #commercial floor area ratio# of 2.0 and a maximum total #floor area ratio# of 4.6.

(2) For #zoning lots# less than 28 acres:

(i) north of the centerline of the present or former 34th Avenue, the maximum #commercial floor area ratio# shall be 2.0 and the maximum total #floor area ratio# shall be 3.4.

(ii) south of the centerline of the present or former 34th Avenue, the maximum #commercial floor area ratio# shall be 2.0 and the maximum total #floor area ratio# shall be 5.0.

(b) Within Area B, as shown on Map 1:

(1) #Zoning lots# of at least 33 acres of #lot area# shall have a maximum #commercial floor area ratio# of 2.0 and a maximum total #floor area ratio# of 2.25.

(2) For #zoning lots# less than 33 acres:

(i) north of the centerline of the present or former 34th Avenue, the #floor area ratio# shall not exceed 2.0.

(ii) south of the centerline of the present or former 34th Avenue, and north and west of the centerline of the present or former Willets Point Boulevard, the maximum #commercial floor area ratio# shall be 2.0 and the maximum total #floor area ratio# shall be 3.0.

(iii) south and east of the centerline of the present or former Willets Point Boulevard, the maximum #commercial floor area ratio# shall be 2.0 and the maximum total #floor area ratio# shall be 4.0.

(2/2/11)

124-22

Height and Setback Regulations

The height and setback regulations of this Section shall apply throughout the #Special Willets Point District#, except that #developments# or #enlargements# that result in less than 100,000 square feet of #floor area# on #zoning lots# of less than 200,000

square feet shall be limited to the height and setback regulations of an R6B District. The height of all #buildings or other structures# shall be measured from the level of the adjoining sidewalk or other publicly accessible open space. For the purposes of this Section, the present or former 34th Avenue and Willets Point Boulevard shall be considered to be #connector streets#, 127th Street shall be considered to be a #residential street#, and public access areas provided pursuant to paragraph (d) of Section 124-42 (Types and Standards of Publicly Accessible Open Space) shall be considered a #connector street#.

(a) Street wall location and base heights

- (1) Except along 126th Street, Northern Boulevard and #residential streets#, at least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# or public access area and shall extend without setback to a minimum base height of 60 feet or the height of the #building#, whichever is less. The maximum height of a #building or other structure# before setback shall be 85 feet. However, the minimum base height of a convention center shall be 40 feet or the height of the #building#, whichever is less.
- (2) Along 126th Street, at least 80 percent of the #aggregate width of street walls# shall be located within 60 feet of the #street line# of 126th Street and shall extend to a minimum base height of 60 feet or the height of the #building#, whichever is less. The maximum height of a #building or other structure# before setback shall be 85 feet. However, for #buildings# directly opposite Citi Field Stadium, a setback lower than 60 feet shall be permitted, provided that:
 - (i) for #buildings# greater than 85 feet in height, an additional setback is provided between a height of 60 and 85 feet; and
 - (ii) eating and drinking establishments with outdoor seating on terraces overlooking 126th Street are provided on the second #story#. Such terraces shall be located on the roof level above the ground floor level of the #building#, at a height not lower than 20 feet or higher than 30 feet above the level of the sidewalk fronting the 126th

Street #street wall# of the #building#, and shall have a minimum depth of 15 feet.

- (3) Along #residential streets#, at least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# or public access area and shall extend without setback to a minimum base height of 40 feet or the height of the #building#, whichever is less. The maximum height of a #building or other structure# before setback shall be 85 feet. Where #street walls# facing #residential streets# contain ground floor #dwelling units#, such #street walls# shall be set back at least four feet from the #street line#. The #building# may project into the required setback area, provided that:
 - (i) any such projection does not exceed 20 feet in width;
 - (ii) any such projection does not exceed 25 feet in height;
 - (iii) the aggregate width of all such projections at the level of any #story# shall not exceed 50 percent of the width of the #street wall# of the #building#; and
 - (iv) all such projections are at least 10 feet apart.
- (4) Along Northern Boulevard, no portion of a #street wall# shall be located closer to Northern Boulevard than eight feet. At least 70 percent of the #aggregate width of street walls# shall be located between eight and 15 feet of the Northern Boulevard #street line# and shall extend without setback to a minimum base height of 60 feet or the height of the #building#, whichever is less. The maximum height of a #building or other structure# before setback shall be 85 feet.
- (5) Wherever an open area is provided between the #street wall# of a #building# and the #street line#, such area shall be planted, except at entrances to and exits from the #building#, and except where non-#residential uses# are provided at the ground floor level of the #building#.

(b) Required setbacks and maximum #building# height

Except as provided in paragraph (c)(6) of this Section, setbacks are required for all portions of #buildings or other structures# that exceed a height of 85 feet. Such setbacks shall be provided at a height not lower than 60 feet. The depth of the required setback shall be at least 10 feet measured from any required #street wall# fronting on a #wide street#, and at least 15 feet from any required #street wall# fronting on a #narrow street#. Where portions of #buildings or other structures# that exceed a height of 85 feet are not located above a required #street wall#, such portions shall be set back at least ten feet from a #wide street line# and at least 15 feet from a #narrow street line#. However, dormers may penetrate a height of 85 feet in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts). Within the area limited to 232 feet above mean sea level, as shown on Map 3 in the Appendix to this Chapter, no portion of a #building or other structure# shall exceed a height of 120 feet except in accordance with the tower provisions of paragraph (c) of this Section.

(c) Towers

Within the area limited to 232 feet above mean sea level, as shown on Map 3, any #story# of a #building# located above a height of 120 feet shall comply with the provisions of this paragraph, (c). Such portions of a #building# are hereinafter referred to as "towers."

(1) Maximum tower size

Each #residential story# of a tower located entirely above a height of 120 feet shall not exceed a gross area of 11,000 square feet.

(2) Maximum tower length

The maximum length of any #residential story# located entirely above a height of 120 feet shall not exceed 170 feet. Such length shall be measured by inscribing within a rectangle the outermost walls of the tower at the level of each #story# entirely above a height of 120 feet. No side of such rectangle shall exceed a length of 170 feet.

(3) Orientation

The length of any #residential story# located entirely above a height of 120 feet shall be at least 1.5 times its width and oriented so that the long side of such tower faces within 25 degrees of geographical south. Such length shall be measured by inscribing within a rectangle the outermost walls of the tower at the level of each #story# entirely above a height of 120 feet. The orientation provisions of this paragraph, (c)(3), need not apply if at least 75 percent of all towers in the #Special Willets Point District# for which building permits have been issued comply with such provisions.

(4) Tower top articulation

For towers containing #residences#, the highest three #stories#, or as many #stories# as are located entirely above a height of 120 feet, whichever is less, shall have a #lot coverage# of at least 50 percent of the #story# immediately below such #stories#, and a maximum #lot coverage# of 80 percent of the #story# immediately below such #stories#. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least four feet, and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of such respective tower face. For the purposes of this paragraph, (c)(4), each tower shall have four tower faces, with each face being the side of a rectangle within which the outermost walls of the highest #story# not subject to the reduced #lot coverage# provisions have been inscribed. The required setbacks shall be measured from the outermost walls of the #building# facing each tower face. Required setback areas may overlap.

(5) Distance between towers

The minimum distance between all towers shall be 60 feet.

(6) Tower walls without setbacks

To permit a #building# to rise from grade to a tower portion without setback, the setback provisions of paragraph (b) of this Section shall not apply to any portion of a #building# located within the tower wall

location areas shown on Map 4 in the Appendix to this Chapter, provided that this exception from paragraph (b) of this Section shall not apply to more than one tower for each #block#.

(d) Maximum total height

Notwithstanding any other provisions of this Chapter, no #building or other structure# shall exceed the height limits depicted on Map 3. The height limits established in Map 3 include reference points for two airport approach surface areas that are continuous planes, and one area with a maximum height limitation of 232 feet above mean sea level (AMSL). The coordinates of the points are:

Point 1	73°50'42.9"W	40°45'38.1"N
Point 2	73°50'36.8"W	40°45'45.6"N
Point 3	73°50'26.6"W	40°45'39.3"N
Point 4	73°50'33.6"W	40°45'30.7"N

The height limits hereby established supersede the height limits described in Article VI, Chapter 1 (SPECIAL REGULATIONS APPLYING AROUND MAJOR AIRPORTS). Application may be made to the Board of Standards and Appeals pursuant to Section 73-66 (Height Regulations around Airports) for a permit to construct a #building or other structure# in excess of what is permitted pursuant to this paragraph, (d), provided that such application is also referred to the Port Authority of New York and New Jersey.

(11/13/08)

124-30
MANDATORY IMPROVEMENTS

(11/13/08)

124-31
Standards for Streets and Blocks

#Developments# or #enlargements# that result in a total of at least 100,000 square feet of #floor area# on #zoning lots# of at least 200,000 square feet, shall front upon #streets# that comply with the requirements of this Section, inclusive.

(11/13/08)

124-311

Maximum length of blocks

The maximum length of a #block# shall be 450 feet, except that:

- (a) where a #block# includes a convention center, such length shall be unlimited;
- (b) where a #block# bounds the intersection of 126th Street and Northern Boulevard, such length shall be limited to 675 feet;
- (c) where a #block# bounds the intersection of 126th Street and Roosevelt Avenue, such length shall be limited to 575 feet; and
- (d) #blocks# or portions of #blocks# east of a line 600 feet east of and parallel to 126th Street and west of a line 1,350 feet east of and parallel to 126th Street shall have a maximum distance between intersections on a #connector street# of 218 feet, except where a #block# includes a convention center or the minimum two-acre park required pursuant to Section 124-40 (PUBLICLY ACCESSIBLE OPEN SPACE REQUIREMENTS). Where public pedestrian access between a #connector street# and another #street# on the same #block# is located no less than 218 feet from both intersections on a #connector street# through provision of open space pursuant to Section 124-40, inclusive, such #block# or a portion of a #block# east of a line 600 feet east of and parallel to 126th Street and west of a line 1,350 feet east of and parallel to 126th Street may have a maximum distance between intersections on a #connector street# that does not exceed 400 feet, provided that there is only one such #block# in the Special District.

(2/2/11)

124-312

New streets

The provisions of this Section shall apply to all private streets constructed after November 13, 2008.

(a) #Primary retail street#

One #primary retail street# shall be provided parallel to, or generally parallel to, 126th Street and comply with the following requirements:

- (1) The western boundary of such #street# shall be not less than 220 feet and not more than 320 feet from 126th Street.
- (2) Such #street# shall intersect two #retail streets# and two #connector streets#.
- (3) The width of such #street# shall be a minimum of 70 feet and a maximum of 80 feet, comprised of:
 - (i) two 15 foot wide sidewalks, one adjacent to each curb;
 - (ii) two nine foot wide strips, one adjacent to each sidewalk that can be used as either parking lanes or pedestrian amenity areas that may include landscaping, seating and walkways;
 - (iii) two travel lanes in the center of the #street# totaling 22 feet in width; and
 - (iv) one optional eight to ten foot wide landscaped median located on the centerline of the #street# between the two travel lanes provided that the #street# width shall not exceed 72 feet without such median.

(b) #Connector streets#

Two #connector streets# shall be provided, as follows:

- (1) One #connector street# shall intersect 126th Street as shown on Map 5 in the Appendix to this Chapter.

- (2) One #connector street# shall intersect 126th Street opposite the south side of Citi Field Stadium within the 125 foot area shown on Map 5.
- (3) Both #connector streets# shall intersect with the #primary retail street# and with each other at a point east of the #primary retail street#.
- (4) The width of each #connector street# shall be at least 75 feet and no more than 86 feet, comprised of:
 - (i) two 15 foot wide sidewalks, one adjacent to each curb;
 - (ii) two nine foot wide strips, one adjacent to each sidewalk that can be used as either parking lanes or pedestrian amenity areas that may include landscaping, seating and walkways; and
 - (iii) at least two travel lanes and not more than three travel lanes totaling at least 22 feet and not more than 33 feet in width, and one bike lane at least five feet wide.
- (5) Where a convention center fronts upon a #connector street#, the requirements set forth in this paragraph, (b), shall be modified to eliminate the nine foot wide strip and, in lieu thereof, require a 12 foot wide drop off lane that, in the aggregate, shall not exceed 300 feet.

(c) #Retail streets#

A minimum of two and maximum of three #retail streets# shall be provided, as follows:

- (1) One #retail street# shall intersect 126th Street opposite the entrance to Citi Field stadium, within the area shown on Map 5;
- (2) One #retail street# shall intersect 126th Street opposite the north side of Citi Field Stadium within the area shown on Map 5;
- (3) Two #retail streets# shall intersect with the #primary retail street#;

(4) The width of each #retail street# shall be no more than 68 feet wide, comprised of:

(i) two 13 foot wide sidewalks, one adjacent to each curb;

(ii) two ten foot wide strips, one adjacent to each sidewalk that can be used as pedestrian amenity areas that may include landscaping, seating and walkways; and

(iii) two travel lanes totaling at least 22 feet in width.

(d) #Eastern perimeter street#

One #eastern perimeter street# shall be provided as follows:

(1) The eastern boundary of such #street# shall be within 20 feet of the eastern boundary of the #Special Willets Point District#, extending between Roosevelt Avenue and a #connector street#.

(2) The width of such #street# shall be at least 62 feet and no more than 75 feet, comprised of:

(i) a 13 foot wide sidewalk along its western boundary and a sidewalk at least five feet wide along its eastern boundary;

(ii) two eight foot wide strips, one adjacent to each sidewalk that can be used as either a parking lane or as pedestrian amenity areas that may include landscaping, seating and walkways; and

(iii) at least two and no more than three travel lanes totaling at least 20 feet and not more than 33 feet in width.

(e) #Residential streets#

All #streets#, other than those listed in paragraphs (a) through (d) of this Section, that have one or more ground floor #dwelling units# fronting on the #street# shall be considered #residential streets#, except where such #street# is designated a #service street# pursuant to paragraph (f) of this Section. #Residential streets# shall be provided, as

follows:

- (1) A #residential street# shall be a minimum of 62 feet wide and a maximum of 64 feet wide, comprised of:
 - (i) two 13 foot wide sidewalks, one adjacent to each curb;
 - (ii) two eight foot wide strips, one adjacent to each sidewalk that can be used as either a parking lane or as pedestrian amenity areas that may include landscaping, seating and walkways; and
 - (iii) two travel lanes totaling between 20 and 22 feet in width.

(f) #Service streets#

All newly constructed #streets#, other than those listed in paragraphs (a) through (e) of this Section, shall be improved as a #service street#. A minimum of 50 percent of the #uses# within #stories# on the ground floor or with a floor level within five feet of #base flood elevation# fronting a #service street# shall contain non-#residential uses#. #Service streets# shall be provided, as follows:

- (1) A #service street# may only be located as one of the #streets# bounding:
 - (i) a #block# that bounds the intersection of 126th Street and Northern Boulevard; and
 - (ii) a #block# that bounds the intersection of 126th Street and Roosevelt Avenue.
- (2) A #service street# shall be a minimum of 62 feet wide and a maximum of 64 feet wide, comprised of:
 - (i) two 13 foot wide sidewalks, one adjacent to each curb;
 - (ii) two eight foot wide strips, one adjacent to each sidewalk that can be used as either a parking lane or as pedestrian amenity areas that may include landscaping, seating and walkways; and
 - (iii) two travel lanes totaling between 20 and 22 feet

in width.

(2/2/11)

124-32

Street Tree Planting

All #developments# or #enlargements# shall provide and maintain trees of not less than three-inch caliper at the time of planting in the sidewalk adjacent to the #building# on the side of the sidewalk closest to the travel lane. All such trees shall be provided for the entire length of the frontage of the #building#, for every 25 feet of such frontage, except where curb cuts or utilities make such planting infeasible. Species shall be selected, installed and maintained in accordance with specifications established by the Department of Parks and Recreation. However, #street# trees need not be provided where such trees may interfere with truck movements in the loading area for a convention center.

(11/13/08)

124-33

Mandatory Sidewalk Widening

In the event that 34th Avenue remains a mapped street, all #developments# or #enlargements# on 34th Avenue shall provide a sidewalk widening of no less than 13 feet in width. No obstructions shall be permitted from the lowest level to the sky except for those permitted pursuant to Section 37-53 (Design Standards for Pedestrian Circulation Spaces), paragraph(f)(3). When one end of the sidewalk widening abuts an existing #building#, the special design treatment specified in Section 37-53, paragraph (f)(5), shall be required.

(11/13/08)

124-34

Roof Design Requirements

Any roof of a facility containing off-street parking spaces, not

otherwise covered by a #building#, which is larger than 400 square feet shall be landscaped. Up to five percent of such roof area may be used for mechanical equipment, provided that such mechanical equipment is fully enclosed, except that openings in such enclosure shall be permitted only to the extent necessary for ventilation and exhaust, and that it is screened from view by a fence which is at least 75 percent opaque or by at least three feet of dense planting. Up to 25 percent of such roof area may be accessible solely from an adjacent #dwelling unit# and the remaining roof area shall be accessible for the recreational use of the occupants of the #building# in which it is located. Hard surfaced areas shall not cover more than 50 percent of such roof area.

(11/13/08)

124-40

PUBLICLY ACCESSIBLE OPEN SPACE REQUIREMENTS

Publicly accessible open spaces shall be provided as specified in this Section, inclusive. In the event of a conflict between the provisions of this Section, inclusive, and any underlying regulation, the provisions of this Section shall govern.

(11/13/08)

124-41

Amount of Publicly Accessible Open Space

Publicly accessible open space within the #Special Willets Point District# shall total not less than eight acres. Such required amounts shall be open to the sky and shall not include any sidewalks required pursuant to this Section or sidewalk widenings pursuant to Section 124-33.

For #developments# or #enlargements# that result in a total of at least 100,000 square feet of #floor area# on #zoning lots# of at least 200,000 square feet, the following amount of publicly accessible open space shall be provided for each 1,000 square feet of #floor area#:

Within Area A: 30 square feet

Within Area B: 50 square feet.

Such publicly accessible open space may be transferred from the #zoning lot# containing the #development# or #enlargement# to any other #zoning lot# in the #Special Willets Point District#, provided that such publicly accessible open space meets the requirements of Section 124-42, inclusive.

(11/13/08)

124-42

Types and Standards of Publicly Accessible Open Space

The following types and standards of publicly accessible open space shall apply:

(a) Park

At least one park not less than two acres in area shall be provided. Such park shall be bounded on all sides by #streets# or a #school#, and at least one of the #streets# bounding the park shall be a #connector street#. No portion of such park shall be closer than 200 feet from the boundaries of the #Special Willets Point District#. Up to five percent of the area of such outdoor park may be covered by a #building or other structure#. A minimum of 50 percent of such park shall be planted, except that the planted area may be reduced to 40 percent if a playground acceptable to the Department of Parks and Recreation is provided within such park.

(b) 126th Street

The provisions of this paragraph, (b), shall apply along the western boundary of #blocks# bounding 126th Street:

- (1) a sidewalk with a minimum width of 15 feet shall be located adjacent to the curb, and have an elevation not higher than one foot above the level of the road bed;
- (2) a pedestrian amenity area at least 20 feet wide and no more than 35 feet wide shall be located between such sidewalk and the #street wall# of any #building# fronting upon 126th Street. Pedestrian circulation space at least five feet wide shall be provided within

such area within 1.5 feet of the ground floor elevation of such #street walls# to allow pedestrian movement in a direction parallel with the #street# and connecting with sidewalks of #streets# intersecting 126th Street;

- (3) on each such #block# there shall be a minimum of two ramps connecting the sidewalk along 126th Street and the pedestrian circulation space. In addition, stairways shall be provided linking the sidewalk and pedestrian circulation space so that each establishment on the #block# with entrances facing 126th Street is readily accessible by such stairs or ramps; and
- (4) all publicly accessible open spaces shall comply with the provisions of Sections 37-725 (Steps), 37-726 (Permitted obstructions), 37-728 (Standards of accessibility for persons with disabilities), 37-73 (Kiosks and Open Air Cafes) and 37-74 (Amenities), except for the following modifications:
 - (i) Section 37-73, paragraph (b), shall be modified to permit open air cafes to be at a different elevation from adjoining public access areas and from adjoining sidewalks;
 - (ii) Section 37-73, paragraphs (c)(4) and (d), shall not apply to the certification of open air cafes in the Special District, and the filing of plans for open air cafes in the Borough Office of the City Register shall not be required;
 - (iii) for publicly accessible open space on the western boundary of #blocks# facing Citi Field Stadium, Section 37-73, paragraph (b), shall be modified to limit the aggregate area of open air cafes to no more than 50 percent of the public access area, and to allow open air cafes to occupy up to 75 percent of #street# frontage;
 - (iv) in Section 37-741, the requirement for a minimum of one linear foot of required seating for every two linear feet of #street# frontage within 15 feet of the #street line# shall not apply;
 - (v) for public access areas on the western boundary of #blocks# facing Citi Field Stadium, Section 37-741 shall be modified so that seating for open air

cafes may count toward the seating requirement, in the category of moveable seating, provided that 25 percent of the linear seating capacity is provided through other seating types;

(vi) for publicly accessible open space not on the western boundary of #blocks# facing Citi Field Stadium, Section 37-742 shall be modified to require planters, planting beds and accessible lawns at a rate of 200 square feet for every 1,000 square feet of publicly accessible open space; and

(vii) Section 37-747 (Public space signage) shall not apply; in lieu thereof, paragraph (i) (Hours of access) of this Section shall apply.

(c) Roosevelt Avenue

Along the south side of #blocks# bounding Roosevelt Avenue, the following provisions shall apply:

(1) a bike lane with a minimum width of five feet shall be located no more than 16 feet from the curb line; and

(2) a pedestrian amenity area at least 20 feet in width and not more than 45 feet in width shall be provided between the bike lane and the #street wall# of a #building#:

(i) within the pedestrian amenity area, there shall be a sidewalk with a minimum width of 13 feet, generally parallel to Roosevelt Avenue, linking the sidewalk along 126th Street to either a sidewalk along the #eastern perimeter street#, if built, or the sidewalk leading to the Roosevelt Avenue Bridge; and

(ii) a minimum of 50 percent of the pedestrian amenity area shall be planted.

(d) #Block# at Roosevelt Avenue and 126th Street

In the event that a utility easement is retained on the #block# bounded by Roosevelt Avenue and 126th Street, the following improvements shall be provided:

(1) an entry plaza of at least 7,000 square feet shall be

provided adjacent to the intersection of 126th Street and Roosevelt Avenue, as follows:

- (i) the plaza shall include no less than 60 feet and no more than 80 feet of frontage along 126th Street;
 - (ii) each #use# or establishment with frontage on the plaza shall include at least one entrance to such plaza;
 - (iii) at least two amenities shall be provided from among those listed in Section 37-748, except that a kiosk that provides information instead of food service shall also be permitted; and
 - (iv) the area of such plaza shall not overlap with the requirements of paragraph (c) of this Section for Roosevelt Avenue;
- (2) a central plaza of at least 20,000 square feet shall be provided, as follows:
 - (i) the plaza shall have at least 100 feet of frontage on a #connector street#;
 - (ii) the prolongation of the centerline of the #primary retail street# shall intersect with such plaza;
 - (iii) such plaza shall meet the pedestrian amenity standards of paragraph (b)(4) of this Section for 126th Street; and
 - (iv) a minimum of 15 percent of such plaza shall be planted; and
- (3) a pedestrian corridor area shall be provided linking the entry plaza required pursuant to paragraph (d)(1) of this Section and the central plaza required pursuant to paragraph (d)(2) of this Section, as follows:
 - (i) such corridor shall be at least 60 feet in width and include, within such width, a 40 foot utility easement;
 - (ii) such corridor shall be at least 150 feet in length;

(iii) each #use# or establishment with frontage on such corridor shall include at least one entrance to such corridor; and

(iv) each side of such corridor area shall be planted with #street# trees of not less than three-inch caliper at the time of planting for the entire length of such corridor, at a rate of one tree for every 25 feet of the length of each side of such corridor.

(e) Northern Boulevard

Along the north side of #blocks# bounding Northern Boulevard, the following provisions shall apply:

(1) a sidewalk with a minimum width of 13 feet shall be located adjacent to the curb and have an elevation not higher than one foot above the road bed of Northern Boulevard;

(2) an open area at least eight feet wide and no more than 15 feet wide shall be located between the sidewalk and the #street wall# of a #building#, except that such area need not be provided where such areas may interfere with truck movements in the loading area for a convention center located on any such #block#; and

(3) a minimum of 70 percent of such open area shall be planted.

(f) #Eastern perimeter street#

Along the #eastern perimeter street# between the required sidewalk and the eastern boundary of the #Special Willets Point District#, an open area with a minimum depth of eight feet and a maximum depth of 15 feet shall be provided. At least 70 percent of such open area shall be planted.

(g) Convention center

If a convention center is provided, a pedestrian amenity area shall be required between the #street line# and the #street wall# of the convention center. The pedestrian amenity area shall have a depth of at least 10 feet and not more than 22 feet and shall meet the standards of paragraph

(b)(4) of this Section for 126th Street.

(h) Standards for additional areas

If the amount of public access areas required pursuant to paragraphs (a) through (g) of this Section does not total eight acres, the difference shall be provided in the form of one or more public access areas located not closer than 100 feet to the boundary of the #Special Willets Point District#.

(i) Hours of access

All publicly accessible open space shall be accessible to the public from sunrise to one hour after sunset. Entry plaques for public access areas over one-half acre in size shall be provided as described in paragraph (a) of Section 37-751, except that the number of such plaques shall be provided so that one such plaque is located at each point of entry to such publicly accessible open space, and lettering at least one inch in height shall be provided stating the words, "Open to the public:" followed by hours permitted pursuant to this paragraph, (i).

(j) Active recreation

A minimum of one-half acre of public access area shall be designed for active recreational use. This area may be located anywhere within the eight acres of publicly accessible open space required within the #Special Willets Point District#. Such area may include rooftop areas, provided that adequate public access is provided to the general public and that, regardless of the size of such rooftop area, entry plaques are provided for each point of entry pursuant to paragraph (i) of this Section. Access to such areas shall comply with the Americans with Disabilities Act of 1990.

(11/13/08)

124-50

OFF-STREET PARKING REGULATIONS

Off-street parking shall be provided for all required parking spaces and loading berths as specified by the underlying

district, except as modified by the special regulations of this Section, inclusive.

(2/2/11)

124-51

Use and Location of Parking Facilities

The provisions of this Section shall apply to all off-street parking spaces within the #Special Willets Point District#.

Floor space used for parking shall be exempt from the definition of #floor area#.

Parking facilities with over 225 parking spaces shall provide adequate reservoir space at the vehicular entrances to accommodate either ten automobiles or five percent of the total parking spaces provided in such facility, whichever amount is greater, but in no event shall such reservoir space be required for more than 50 automobiles.

- (a) All off-street parking spaces shall be located within facilities that, except for entrances and exits, are located:
 - (1) entirely below the level of any #street# or publicly accessible open space upon which such facility, or portion thereof, fronts;
 - (2) in a #cellar# no more than four feet above grade within Area B, as shown on Map 1 in the Appendix to this Chapter, provided that the #street wall# is set back at least four feet from the #street line# except for projections permitted pursuant to Section 124-22, paragraph (a)(3), and planted areas are provided pursuant to Section 124-22, paragraph (a)(5), and further provided that 50 percent of such #street wall# with adjacent parking spaces consists of opaque materials;
 - (3) at every level above-grade, behind any #floor area# containing permitted #commercial#, #community facility# or #residential uses#, at least 25 feet from any #street wall# or public access area; or

- (4) above-grade and adjacent to a #street wall# or public access area, provided that any non-horizontal parking deck structures are not visible from the exterior of the #building# in elevation view and opaque materials are located in the exterior #building# wall between the bottom of the floor of each parking deck and no less than three feet above such deck and a total of at least 50 percent of such #street wall# with adjacent parking spaces consists of opaque materials. A parking structure so screened shall be permitted only in the following locations:
- (i) except within #blocks# that bound the intersection of 126th Street and Northern Boulevard or 126th Street and Roosevelt Avenue, a parking facility may be located adjacent to a #street wall# facing 126th Street above a height of 35 feet and limited to a height of 85 feet, provided that no less than 60 percent and no more than 70 percent of the surface area of the portion of such #street wall# with adjacent parking spaces consists of one or more of the following: #signs#, graphic or sculptural art, or living plant material. At least 25 feet of #floor area# containing permitted #commercial#, #community facility# or #residential uses# shall separate such parking spaces from any other adjacent #street#;
 - (ii) a parking facility may be located adjacent to a #street wall# limited to a height of 85 feet on a #block# that bounds the intersection of 126th Street and Northern Boulevard, provided that such #street wall# is on Northern Boulevard and is more than 100 feet from 126th Street, and provided that no less than 60 percent and no more than 70 percent of the surface area of the portion of such #street wall# with adjacent parking spaces consists of one or more of the following: #signs#, graphic or sculptural art, or living plant material. At least 25 feet of #floor area# containing permitted #commercial#, #community facility# or #residential uses# shall separate such parking spaces from adjacent #residential#, #connector# or #primary retail streets#;
 - (iii) a parking facility not on a #block# that bounds the intersection of 126th Street and Northern

Boulevard may be located adjacent to a #street wall# limited to a height of 40 feet facing Northern Boulevard, provided that such #street wall# with adjacent parking spaces is on Northern Boulevard and is more than 100 feet from 126th Street. At least 25 feet of #floor area# containing permitted #commercial#, #community facility# or #residential uses# shall separate such parking spaces from any other adjacent #street#;

- (iv) a parking facility may be located adjacent to a #street wall# on a #block# that bounds the intersection of 126th Street and Roosevelt Avenue, provided that such #street wall# with adjacent parking spaces is more than 100 feet from 126th Street, Roosevelt Avenue and at least 25 feet from any #connector street#;
- (v) a parking facility may be located adjacent to a #street wall# limited to a height of 40 feet facing the eastern boundary of the #Special Willets Point District#, within 200 feet of such eastern boundary, so that such parking facility is not visible from a #connector street#. At least 25 feet of permitted #floor area# containing #commercial#, #community facility# or #residential uses# shall separate such parking spaces from adjacent #residential# and #connector streets#;
and
- (vi) a parking facility may be located adjacent to a #street wall# where such #street wall# is on a #service street#, provided that at least 25 feet of #floor area# containing permitted #commercial#, #community facility# or #residential uses# shall separate such parking spaces from adjacent #residential#, #connector#, #retail# or #primary retail streets#.

- (b) All parking facilities with parking spaces adjacent to an exterior #building# wall that is not a #street wall# shall provide screening of such exterior wall so that any non-horizontal parking deck structures are not visible from the exterior of the #building# in elevation view and opaque materials are located in the exterior #building# wall between the bottom of the floor of each parking deck and no

less than three feet above such deck and a total of at least 50 percent of such exterior #building# wall with adjacent parking spaces consists of opaque materials.

- (c) All parking facilities shall not be open to the sky, and all parking facilities shall have a roof that meets the design requirements of Section 124-34.
- (d) All #accessory# off-street parking spaces may be made available for public use. However, any such space shall be made available to the occupant of a #residence# to which it is #accessory# within 30 days after written request therefore is made to the landlord. Furthermore, if #accessory# and public parking spaces are provided on the same #block#, all such spaces shall be located within the same parking facility.
- (e) All #accessory# off-street parking spaces may be provided within parking facilities in #buildings# other than the same #building# as the #uses# to which they are #accessory#, provided that:
 - (1) the off-street parking space within such facility is counted only once in meeting the parking requirements for a specific #building#; and
 - (2) such parking facilities are located within the #Special Willets Point District#; or
 - (3) such parking facilities are located within distances specified by Sections 36-421 (Maximum distance from zoning lot) and 36-43 (Off-Site Spaces for Commercial or Community Facility Uses), as applicable.

(11/13/08)

124-52

Loading Restrictions

Loading areas shall not be permitted within 75 feet of 126th Street or within 50 feet of the #primary retail street#. Loading areas for a convention center #use# shall not be permitted within 100 feet of a #connector street#.

(11/13/08)

124-53

Curb Cut Restrictions

No driveway curb cuts for parking facilities or loading berths shall be permitted along 126th Street, the #primary retail street#, the #connector streets#, across from public open space of two or more acres, and within 50 feet of the intersection of any #streets#, except for a convention center or a #transient hotel# with a minimum of 50,000 square feet of #floor area#, and except that the City Planning Commission may authorize curb cuts, provided the Commission finds that such curb cuts are needed, do not unduly inhibit surface traffic or pedestrian flow and do not impair the essential character of the surrounding area.

Where permitted, the maximum aggregate width of curb cuts on any frontage shall be limited to 24 feet for #residential streets# and 60 feet for all other #streets#, except that the maximum width shall be 100 feet for #blocks# that bound the intersection of 126th Street and Northern Boulevard or 126th Street and Roosevelt Avenue and for #blocks# that contain a #transient hotel# with a minimum of 50,000 square feet of #floor area#. For a convention center, the maximum aggregate width of curb cuts on any frontage shall be limited to 100 feet, except that curb cuts shall be unlimited when located directly adjacent to the loading area of the convention center. All curb cuts shall be achieved with minimal reduction to the grade of the sidewalk over which they pass.

(10/9/13)

124-60

SPECIAL PERMIT TO MODIFY USE OR BULK REGULATIONS

For any #zoning lot# within the #Special Willets Point District#, the City Planning Commission may permit modification of the #use# or #bulk# regulations, except #floor area ratio# provisions, provided the Commission shall find that such:

- (a) #use# or #bulk# modification shall aid in achieving the general purposes and intent of the Special District;
- (b) #use# modification shall encourage a lively pedestrian

environment along the street, or is necessary for, and the only practicable way to achieve, the programmatic requirements of the development;

- (c) #bulk# modifications shall enhance the distribution of #bulk# within the Special District;
- (d) #bulk# modifications shall permit adequate access of light and air to surrounding streets; and
- (e) #use# or #bulk# modification shall relate harmoniously to the character of the surrounding area.

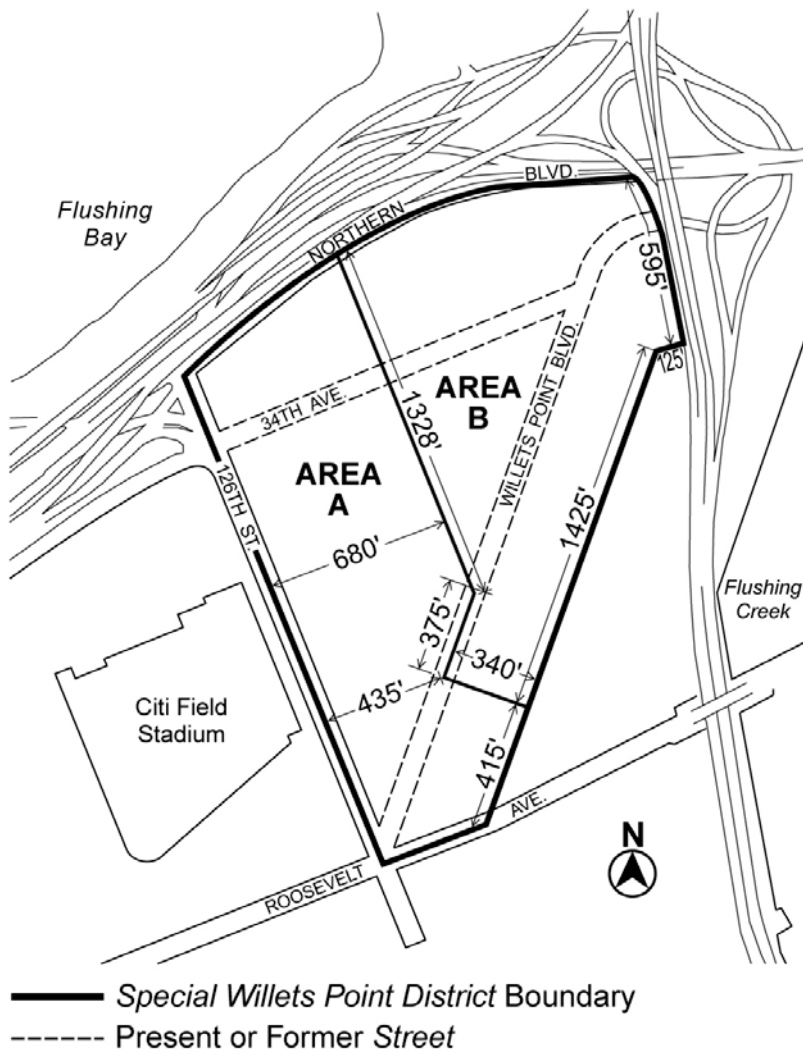

Notwithstanding the foregoing, a #use# modification may include a #use# proposed as part of a phased development within the Special District, where the Commission finds that such #use# is reasonably necessary for transitional purposes to assist in achievement of the goals of the Special District, provided the findings of paragraphs (a), (b) and (e) of this Section are met to the maximum extent possible, taking into account the nature of such #use#.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

Article XII - Special Purpose Districts

Chapter 5

Special Southern Hunters Point District

(2/2/11)

125-00

GENERAL PURPOSES

The "Special Southern Hunters Point District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) encourage well-designed buildings that complement the built character of the Hunters Point neighborhood;
- (b) maintain and reestablish physical and visual public access to and along the waterfront;
- (c) broaden the regional choice of residences by introducing new affordable housing;
- (d) achieve a harmonious visual and functional relationship with the adjacent neighborhood;
- (e) create a lively and attractive built environment that will provide daily amenities and services for the use and enjoyment of area residents, workers and visitors;
- (f) take maximum advantage of the beauty of the East River waterfront and provide an open space network comprised of public parks, public open space and public access areas;
- (g) provide flexibility of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms; and
- (h) promote the most desirable use of land in accordance with the district plan for Southern Hunters Point, thus conserving the value of land and buildings, thereby protecting the City's tax revenues.

(10/9/13)

125-01

General Provisions

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Southern Hunters Point District#, the regulations of this Chapter shall apply within the #Special Southern Hunters Point District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

(11/13/08)

125-02

District Plan and Maps

The regulations of this Chapter are designed to implement the #Special Southern Hunters Point District# Plan. The District Plan, in Appendix A of this Chapter, includes the following ten maps:

(11/13/08)

125-03
Subdistricts

In order to carry out the purposes and provisions of this Chapter, the #Special Southern Hunters Point District# is divided into two subdistricts: the East River Subdistrict and the Newtown Creek Subdistrict. The East River Subdistrict is further subdivided into parcels A through G. The location and boundaries of the subdistricts and parcels are shown on Map 1 (Special Southern Hunters Point District, Subdistricts and Parcels), in Appendix A of this Chapter.

(11/13/08)

125-04
Applicability of District Regulations

(11/13/08)

125-041
Modification of use and bulk regulations for zoning lots bounding parks

Where the #lot line# of a #zoning lot# coincides with the boundary of a #public park#, such #lot line# shall be considered to be a #street line# for the purposes of applying all #use# and #bulk# regulations of this Resolution.

(4/22/09)

125-042
Applicability of Article II, Chapter 5

The provisions of Section 25-86 (Waiver or Reduction of Spaces

for Subsidized Housing) shall not apply in the #Special Hunters Point District#.

(4/22/09)

125-043

Modification of Article VI, Chapter 2

The provisions of Sections 62-52 (Applicability of Waterfront Public Access Area Requirements) and 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS) are modified as set forth in Section 125-46 (Newtown Creek Waterfront Access Plan).

(11/13/08)

125-10

USE REGULATIONS

(2/2/11)

125-11

Ground Floor Use along Designated Streets

Map 2 (Special Ground Floor Use Regulations), in Appendix A of this Chapter, specifies locations where the special ground floor #use# regulations of this Section apply. Such regulations shall apply along the entire #street# frontage of the #building#, as indicated on Map 2.

#Uses# located on the ground floor level or within five feet of #curb level#, and within 30 feet of the #street wall#, shall be limited to #commercial# or #community facility uses# permitted by the underlying district. A #building's street# frontage shall be allocated exclusively to such #uses#, except for lobby space. In no event shall the length of #street# frontage occupied by lobby space exceed, in total, 40 feet or 25 percent of the #building's# total #street# frontage, whichever is less, except that the length of lobby frontage need not be less than 20 feet.

(11/13/08)

125-12

Transparency Requirements

The ground floor #street wall# bounding any #community facility use# other than a #school# shall be glazed with transparent materials which may include show windows, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 50 percent of the area of each such ground floor #street wall# measured to a height of 10 feet above the level of the adjoining sidewalk or public access area, and the maximum sill height of all show windows shall be two feet, six inches above the adjoining sidewalk or public access area.

The ground floor #street wall# bounding any #commercial use# shall be glazed with transparent materials which may include show windows, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 70 percent of the area of each such ground floor #street wall# measured to a height of 10 feet above the level of the adjoining sidewalk or public access area. Not less than 50 percent of such area shall be glazed with transparent materials and up to 20 percent of such area may be glazed with translucent materials. Furthermore, the maximum sill level of all show windows shall be two feet, six inches above the adjoining sidewalk or public access area.

(2/2/11)

125-13

Location of Uses in Mixed Buildings

The provisions of Section 32-422 (Location of floors occupied by commercial uses) are modified to permit #dwelling units# or #rooming units# on the same #story# as a non-#residential use#, provided no access exists between such #uses# at any level containing #dwelling units# or #rooming units# and provided any non-#residential uses# are not located directly over any #dwelling units# or #rooming units#. However, such non-#residential uses# may be located over #dwelling units# or #rooming units# by authorization of the City Planning Commission upon a finding that sufficient separation of #residential uses# from non-#residential uses# exists within the #building#.

(2/2/11)

125-14

Security Gates

All security gates that are swung, drawn or lowered to secure #commercial# or #community facility# premises shall, when closed, permit visibility of at least 75 percent of the area covered by such gate when viewed from the #street# or any publicly accessible area, except that this provision shall not apply to entrances or exits to parking garages.

(11/13/08)

125-20

FLOOR AREA REGULATIONS

(11/13/08)

125-21

East River Subdistrict

In the East River Subdistrict, the maximum #residential floor area ratio# shall be as set forth in the following table, and no #floor area# bonuses shall apply.

Parcel	Maximum #Floor Area#
A	12.0
B	10.0
C	10.5
D	12.0
E	12.0
F	10.0
G	12.0

(10/9/13)

125-22

Newtown Creek Subdistrict

In the Newtown Creek Subdistrict, the maximum #floor area ratio# shall be 2.75, and may be increased only as set forth in this Section.

(a) #Floor area# bonus for public amenities

For #developments# located within the Newtown Creek Subdistrict that provide a publicly accessible private street and open area, the #floor area ratio# may be increased from 2.75 to a maximum permitted #floor area ratio# of 3.75, provided that the Chairperson of the City Planning Commission has certified that such publicly accessible private street and open area comply with the design standards of Sections 125-44 (Private Street Requirements in Newtown Creek Subdistrict) and 125-45 (Publicly Accessible Open Area in Newtown Creek Subdistrict).

(b) #Floor area# increase for Inclusionary Housing

- (1) Within the #Special Southern Hunters Point District#, the Newtown Creek Subdistrict shall be an #Inclusionary Housing designated area#, pursuant to Section 12-10 (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, and this Section, applicable within the Special District.
- (2) In the Newtown Creek Subdistrict, for #developments# that provide a publicly accessible private street and open area that comply with the provisions of paragraph (a) of this Section, the #floor area ratio# for any #zoning lot# with #buildings# containing #residences# may be increased from 3.75 to a maximum #floor area ratio# of 5.0 through the provision of #affordable housing#, pursuant to the provisions relating to #Inclusionary Housing designated areas# in Section 23-90 (INCLUSIONARY HOUSING), except that:
 - (i) the height and setback regulations of paragraph (a) of Section 23-954 shall not apply. In lieu thereof, the special height and setback regulations of Section 125-30, inclusive, of this Chapter shall apply; and
 - (ii) the provisions of Section 23-96 (Requirements for Generating Sites) shall be modified to require that in the event the #affordable housing# is not located within the same Community District as the #compensated zoning lot#, it shall be located within a one-half mile radius of the #compensated zoning lot# in an adjacent Community District in the Borough of Queens.

(11/13/08)

125-30

HEIGHT AND SETBACK REGULATIONS

The underlying height and setback regulations shall not apply, except as set forth in this Section. In lieu thereof, the height and setback regulations of this Section, inclusive, shall apply. All heights shall be measured from the #base plane#.

(4/30/12)

125-31

Rooftop Regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Southern Hunters Point District#, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts).

(11/13/08)

125-32

Balconies

Balconies shall not be permitted below a height of 70 feet. Above a height of 70 feet, balconies are permitted provided that at least 50 percent of the perimeter of the balcony is bounded by #building# walls, exclusive of parapet walls.

(2/2/11)

125-33

Required Street Walls

(a) #Street wall# location

All #street walls# of #buildings# shall be located on #street lines# of #zoning lots# as shown on Map 3 (Street Wall Location) in Appendix A of this Chapter. For the purposes of applying the

height and setback regulations of this Section, wherever a #building# fronts upon any #public park#, or any sidewalk widening, #publicly accessible open area# or private street provided in accordance with the design requirements of Sections 125-41 through 125-46, inclusive, the boundary of such #public park#, sidewalk widening, #publicly accessible open area# or private street shall be considered to be a #wide street line#.

(b) Minimum base heights

All #street walls# shall extend up to at least a minimum base height of 50 feet or the height of the #building#, whichever is less, except that a minimum base height of 40 feet shall be permitted in the locations specified on Map 4 (Minimum Base Heights of 40 Feet) in Appendix A of this Chapter.

(c) Maximum base heights

The maximum height of a #street wall# before setback shall be 70 feet, except in the locations specified on Map 5 (Maximum Base Heights other than 70 Feet) in Appendix A of this Chapter.

(d) Recesses

Recesses, not to exceed three feet in depth, shall be permitted on the ground floor where required to provide access to the #building#, and recesses, not to exceed five feet in depth, shall be permitted on the ground floor where required to provide access to utilities. Above the height of the second #story# or 30 feet above adjoining grade, whichever is greater, up to 30 percent of the #aggregate width of street walls# may be recessed beyond the #street line#.

(e) Required setbacks and maximum #building# heights

Setbacks are required for all portions of #buildings# that exceed the applicable maximum base height, except #schools#. All required setbacks shall be provided at a height not lower than the applicable minimum base height. A setback with a depth of at least 10 feet shall be provided from any #street wall# fronting on a #wide street#, and a setback with a depth of at least 15 feet shall be provided from any #street wall# fronting on a #narrow street#, except that the depth of such setbacks may include the depth of any permitted recesses in the #street wall#. For the purposes of this paragraph, (c), the following shall be considered #wide streets#:

(1) Second Street between 54th Avenue and Borden Avenue

(2) 55th Avenue between Center Boulevard and Second Street

(3) Center Boulevard between 50th Avenue and 57th Avenue.

Above the applicable maximum base height, the maximum height of a #building or other structure# shall be 125 feet, except where towers are permitted, pursuant to Section 125-34.

(11/13/08)

125-34

Towers

Any portion of a #building# that exceeds a height of 125 feet shall comply with the following provisions:

(a) Tower location and maximum tower height

All towers shall be located entirely within a Tower Area as designated on Map 6 (Tower Areas), in Appendix A of this Chapter. The maximum height of such towers shall be as indicated for the specified location on Map 6. For #buildings# higher than 165 feet, the #stories# entirely within 40 feet of the highest roof level of the #building# shall have a #lot coverage# of at least 50 percent of the #story# immediately below such #stories#, and a maximum #lot coverage# of 80 percent of the #story# immediately below such #stories#. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least four feet, and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of such respective tower face. For the purposes of this paragraph, each tower shall have four tower faces, with each face being the side of a rectangle within which the outermost walls of the highest #story# not subject to the reduced #lot coverage# provisions have been inscribed. The required setbacks shall be measured from the outermost walls of the #building# facing each tower face. Required setback areas may overlap.

(b) Orientation and maximum tower size

The outermost walls of each #story# located entirely above a height of 125 feet shall be inscribed within a rectangle. The maximum length of any side of such rectangle that is parallel or within 45 degrees of being parallel to Second Street or Center Boulevard, whichever is closest, shall be 95 feet. The maximum length of any other side of such rectangle shall be 170 feet. Each #story# of a tower located entirely above a height of 125 feet shall not exceed a gross area of 11,000 square feet.

However, on Parcel G in the East River Subdistrict, the maximum length of the side of such rectangle that is parallel or within 45 degrees of being parallel to Second Street shall not exceed 170 feet.

(c) Tower and base integration

Notwithstanding the setback provisions of paragraph (c) of Section 125-33, up to 50 percent of the #street wall# width of a tower may rise sheer from grade without setback.

(2/2/11)

125-35

Authorization for Height and Setback Modifications

Within the #Special Southern Hunters Point District#, for any #development# or #enlargement#, the City Planning Commission may modify the regulations set forth in Section 125-30, inclusive, provided the Commission finds that such modifications:

- (a) will result in a better distribution of #bulk# on the #zoning lot# and will not adversely affect access to light and air for surrounding public access areas, #streets# and properties;
- (b) are consistent with the goals of the Special District to provide flexibility of architectural design and encourage more attractive #building# forms; and
- (c) will result in a #development# or #enlargement# that enhances the streetscape and is compatible with development in the surrounding area.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects of the #development# or #enlargement# on the character of the surrounding area.

(11/13/08)

125-40

DISTRICT PLAN ELEMENTS

(11/13/08)

125-41

Sidewalk Widening

Map 7 (Mandatory Sidewalk Widening and Publicly Accessible Open Area), in Appendix A of this Chapter, shows locations of mandatory sidewalk widening in the East River Subdistrict. The depth of such sidewalk widening shall be as indicated on Map 7 and shall be measured perpendicular to the street line unless otherwise indicated. All sidewalk widening shall be improved to Department of Transportation standards for sidewalks, shall be at the same level as the adjoining public sidewalk, and shall be accessible to the public at all times.

(11/13/08)

125-42

Publicly Accessible Open Area Requirements on Parcels B, D, E and F

Map 7 (Mandatory Sidewalk Widening and Publicly Accessible Open Areas), in Appendix A of this Chapter, shows locations where open areas are permitted or required on Parcels B, D, E and F in the East River Subdistrict. Where any such area is provided, it shall be publicly accessible and comply with the standards of Sections 37-741 (Seating), 37-743 (Lighting and electrical power), 37-744 (Litter receptacles), 37-745 (Bicycle parking), 37-746 (Drinking fountains), 37-747 (Public space signage), 37-76 (Mandatory Allocation of Frontages for Permitted Uses) and 37-77 (Maintenance).

In addition, the provisions of Section 37-742 (Planting and trees) shall apply to such open areas, and shall be modified to require that:

- (a) at least 30 percent of each open area be comprised of planting beds;
- (b) at least two four-inch caliper trees or three ornamental trees be provided within such open areas on Parcels D and F; and
- (c) no trees shall be required within the open areas on Parcels B and E.

(11/13/08)

125-43

Publicly Accessible Open Area Requirements on Parcel G

A publicly accessible private open area shall be provided within the area of Parcel G in the East River Subdistrict as shown on Map 7 (Mandatory Sidewalk Widening and Publicly Accessible Open Area) in Appendix A of this Chapter. No excavation or building permit shall be issued for any #development# on such parcel until the Chairperson of the City Planning Commission certifies to the Department of Buildings that a site plan for such open area has been submitted that is consistent with the Department of Parks and Recreation design standards used for the development of the adjacent #public park#. A certification under this paragraph shall be granted on condition that an acceptable restrictive declaration is executed and filed, binding the owners, successors and assigns to develop such publicly accessible private open area in accordance with the approved site plan and to maintain such open area in accordance with maintenance standards acceptable to the Department of Parks and Recreation.

In the event that Parcel G is not owned by the City, then, prior to design and development of the publicly accessible open area, the owner of Parcel G may make a request directed to the Office of the Mayor to transfer to the City its fee simple absolute interest, free and clear of any encumbrances in the open area. The City may accept the transfer request, provided that development of the open area is made in accordance with guidelines established by the Chairperson of the City Planning Commission and the Commissioner of the Department of Parks and Recreation, and transfer is made pursuant to such instruments as are necessary for implementation. In the event of a transfer, the #bulk# and parking computations for the #zoning lot# shall include the transferred property and such transfer shall not be deemed a #non-compliance#.

(11/13/08)

125-44

Private Street Requirements in Newtown Creek Subdistrict

In the Newtown Creek Subdistrict, where a private street is provided pursuant to paragraph (a) of Section 125-22, such private street shall be constructed to minimum Department of Transportation standards for public #streets#, including lighting, curbs and curb drops. Such private street shall consist of a paved road bed with a minimum width of 34 feet from curb to curb with 13 foot wide sidewalks on each side along its entire length. Such private street shall be located as shown on Map 8 (Publicly Accessible Private Street and Open Area in Newtown Creek Subdistrict) in Appendix A of this Chapter. One tree shall be planted for every 25 feet of curb length of the private street. Fractions equal to or greater than one-half resulting from this

calculation shall be considered to be one tree. Such trees shall be planted at approximately equal intervals along the entire length of the curb of the private street.

(2/2/11)

125-45

Publicly Accessible Open Area in Newtown Creek Subdistrict

Where a publicly accessible private open area is provided pursuant to paragraph (a) of Section 125-22, such open area shall be located as shown on Map 8 (Publicly Accessible Private Street and Open Area in Newtown Creek Subdistrict) in Appendix A of this Chapter. No excavation or building permit shall be issued for any #development# or #enlargement# on such parcel until the Chairperson of the City Planning Commission certifies to the Department of Buildings that a site plan for such open area has been submitted that is either:

- (a) consistent with the Department of Parks and Recreation design standards for the #public park# located on 55th Avenue between Center Boulevard and Second Street; or
- (b) in the event that design standards have not been developed for the #public park# located on 55th Avenue between Center Boulevard and Second Street, acceptable to the Chairperson of the City Planning Commission and the Department of Parks and Recreation.

A certification under this Section shall be granted on condition that an acceptable restrictive declaration is executed and filed, binding the owners, successors and assigns to develop such publicly accessible private open area in accordance with the approved site plan and to maintain such open area in accordance with maintenance standards acceptable to the Department of Parks and Recreation. Such approved plan shall allow for pedestrian access from 55th Avenue to the #residential# entrance of a #building# bounding the publicly accessible private open area. The paved width of such access shall not exceed 13 feet, and its location shall be within the area shown on Map 8.

(4/22/09)

125-46

Newtown Creek Waterfront Access Plan

Map 9, in Appendix A of this Chapter, shows the boundaries of the area comprising the Newtown Creek Waterfront Access Plan and the location of

certain features mandated or permitted by the Plan. The plan area consists of Block 11, Lot 1, as established on November 13, 2008.

(a) Modification of #use# requirements

Docks for water taxis and docks or mooring facilities for non-commercial pleasure boats, listed in Section 32-16 (Use Group 6), shall be permitted #uses# within the Newtown Creek Waterfront Access Plan.

(b) Area-wide modifications

The requirements for #waterfront public access area#, as defined in Section 62-11, pursuant to Sections 62-53 through 62-57, inclusive, are modified at the following designated locations:

(1) #Upland connection#

An #upland connection#, as defined in Section 62-11, shall be provided through Block 11, Lot 1, abutting the prolongation of 5th Street and extending from the #shore public walkway#, as defined in Section 62-11, northerly to 54th Avenue.

(2) #Supplemental public access area#

#Supplemental public access areas#, as defined in Section 62-11, shall be provided as indicated on Map 9.

(2/2/11)

125-47

Phased Implementation of Publicly Accessible Areas

In the Newtown Creek Subdistrict, the Chairperson of the City Planning Commission shall allow for the phased implementation of all required publicly accessible areas upon certification to the Commissioner of Buildings that a plan has been submitted that provides for an amount of public access area proportionate to the amount of #floor area# being #developed# or #enlarged# in each phase. For any #development# or #enlargement# located within 100 feet of a #shoreline#, the initial phase shall provide, at a minimum, the required #shore public walkway# and any adjacent #supplemental public access areas# located between such #development# or #enlargement# and such #shore public walkway#, as defined in Section 62-11. For any #development# or #enlargement# that fronts upon 54th Avenue, the initial phase shall provide, at a minimum, the required publicly accessible private street.

(5/8/13)

125-50

PARKING REGULATIONS

The regulations governing permitted and required #accessory# off-street parking spaces of Article I, Chapter 6 (Comprehensive Off-Street Parking Regulations in the Long Island City area) and Article II, Chapter 5; Article III, Chapter 6; and Article IV, Chapter 4 (Accessory Off-Street Parking and Loading Regulations) shall apply, except as set forth in this Section.

(11/13/08)

125-51

General Regulations

For the purposes of Section 125-50 (PARKING REGULATIONS), inclusive, the #floor area# of a #building# shall not include floor space used for #accessory# off-street parking spaces provided in any #story# located not more than 33 feet above #curb level#.

No #public parking garages# or #public parking lots# shall be permitted.

(2/2/11)

125-52

Location of Off-street Parking Spaces

(a) Enclosure of spaces

All off-street parking spaces shall be located within facilities that, except for entrances and exits, are entirely below the level of any #street# or #publicly accessible open area# upon which such facility or portion thereof fronts, or shall be located, at every level above-grade, behind #commercial#, #community facility# or #residential floor area# so that no portion of such parking facility is visible from adjoining #streets# or #publicly accessible open areas#. Such #floor area# shall have a minimum depth of 30 feet.

(b) Rooftop landscaping

Any roof area of a parking garage not otherwise covered by a

#building# and larger than 400 square feet shall be landscaped. Up to five percent of such roof area may be used for mechanical equipment, provided that such mechanical equipment is screened from view by a fence which is at least 75 percent opaque or by at least three feet of dense planting. Up to 25 percent of such roof area may be accessible solely from an adjacent #dwelling unit# and the remaining roof area shall be accessible for the recreational #use# of the occupants of the #building# in which it is located. Hard surfaced areas shall not cover more than 50 percent of such roof area. #Schools# shall be exempt from the provisions of this paragraph, (b).

(5/8/13)

125-53

Maximum Size of Permitted Accessory Group Parking Facilities

In the East River Subdistrict, Section 16-13 (Permitted Parking for Zoning Lots with Multiple Uses) shall apply, except that the maximum number of spaces shall be 780. Section 16-21 (Off-Site Parking) shall not apply.

In the Newtown Creek Subdistrict, Section 16-13 shall apply except that the maximum number of spaces shall not exceed 40 percent of the number of #dwelling units# within the #development# or #enlargement#.

(11/13/08)

125-54

Off-site Facilities in the East River Subdistrict

In the East River Subdistrict, all #accessory# off-street parking spaces may be provided within parking facilities on #zoning lots# other than the same #zoning lot# as the #uses# to which they are #accessory#, provided such parking facilities are located within the #Special Southern Hunters Point District#, and the number of parking spaces within such facility shall not exceed the combined maximum number of spaces permitted on each off-site #zoning lot# using such facility, less the number of any spaces provided on such #zoning lots#.

(2/2/11)

125-55

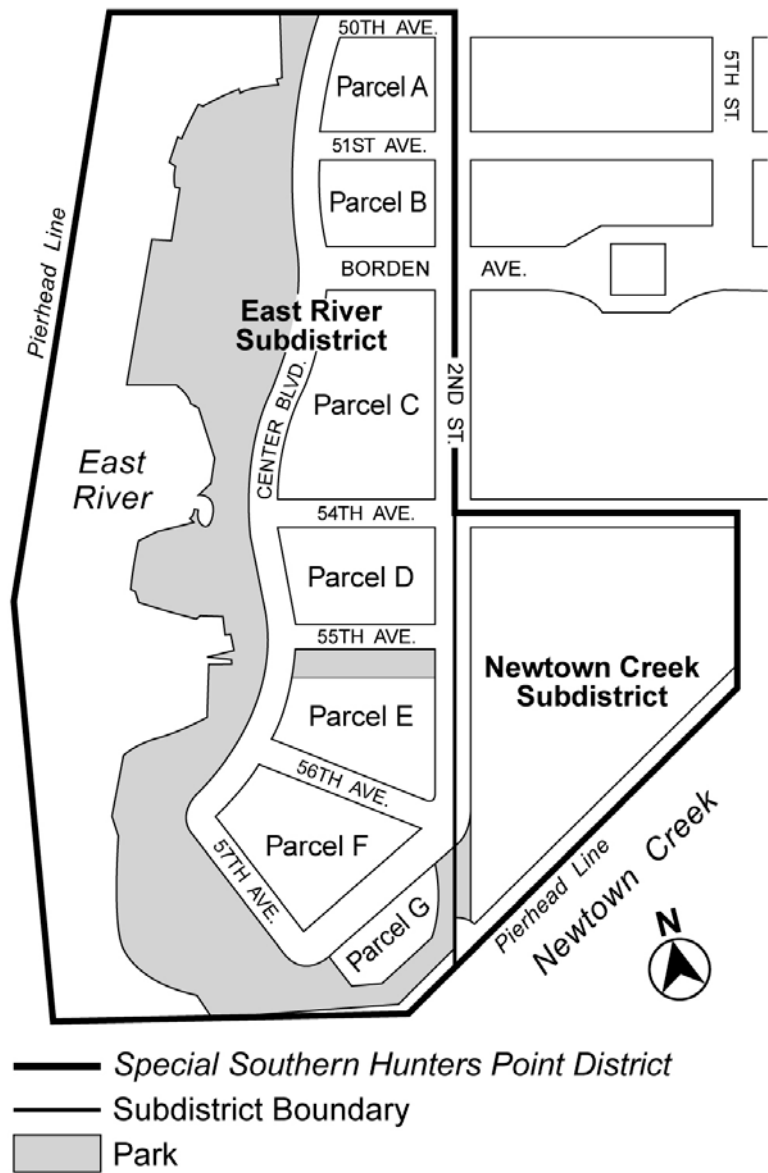

Location of Curb Cuts

Curb cuts are permitted only in the locations indicated on Map 10 (Permitted Curb Cut Locations) in Appendix A of this Chapter. The aggregate width of all curb cuts provided for any #building# shall not exceed 50 feet.

Article XII - Special Purpose Districts

Chapter 6

Special College Point District

(7/29/09)

126-00

GENERAL PURPOSES

The "Special College Point District" established in this Resolution is designed to promote and protect the public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) encourage and retain high performance manufacturing establishments in New York City;
- (b) maintain the high quality business campus environment with landscaped yards within the area known as the College Point Corporate Park; and
- (c) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenues.

(10/9/13)

126-01

General Provisions

The provisions of this Chapter shall apply within the #Special College Point District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

(7/29/09)

126-02

District Plan and Map

The District Map is located within the Appendix to this Chapter and is hereby incorporated and made part of this Resolution. It is incorporated for the purpose of specifying locations where special regulations and requirements set forth in this Chapter apply.

(7/29/09)

126-10

SPECIAL USE REGULATIONS

The #use# regulations of the underlying district are modified as set forth in this Section, inclusive.

(2/2/11)

126-11

Recreational Uses

The regulations of Section 42-10 (USES PERMITTED AS-OF-RIGHT), shall be modified to allow the following #uses# as-of-right within the #Special College Point District#:

From Use Group 4A:

Non-commercial recreation centers

From Use Group 4B:

Golf courses

Outdoor tennis courts or ice skating rinks, provided that all lighting shall be directed away from nearby #residences#

#Public parks#, playgrounds or private parks

From Use Group 4C:

#Accessory uses#

(7/29/09)

126-12

Performance Standards

Section 42-20 (PERFORMANCE STANDARDS) shall be modified so that the performance standards of an M1 District apply throughout the #Special College Point District#.

(2/2/11)

126-13

Enclosure Regulations

The following provisions supersede Sections 42-41 (Enclosure of Commercial or Manufacturing Activities) and 42-42 (Enclosure or Screening of Storage).

All #commercial# or #manufacturing uses# established by a #development#, #enlargement#, #extension#, or change of #use#, including storage of materials or products, shall be subject to the provisions of this Section, inclusive. With respect to the #enlargement# or #extension# of an existing #use# or storage of materials or products, such provisions shall apply to the #enlarged# or #extended# portion of such #use# or storage. In addition, new #accessory# open storage or any increase in the portion of a #zoning lot# used for #accessory# open storage shall conform to the provisions of this Section.

However, these provisions shall not apply to open parking and loading areas as specifically provided in Sections 44-11 (General Provisions) and 44-51 (Permitted Accessory Off-Street Loading Berths).

(7/29/09)

126-131

Special enclosure regulations for specific uses previously prohibited under the former College Point Urban Renewal Plan

The following #uses#, including all storage of materials or products, shall be located within a #completely enclosed

building#:

From Use Group 17 A:

Produce or meat markets, wholesale.

From Use Group 18A:

Incineration or reduction of garbage, offal or dead animals

Radioactive waste disposal services involving the handling or storage of radioactive waste

Sewage disposal plants

Stock yards or slaughtering of animals or poultry.

From Use Group 18B:

Dumps, marine transfer stations for garbage or slag piles

Electric power or steam generating plants

Explosives storage, when not prohibited by other ordinances

Junk or salvage establishments, including auto wrecking or similar establishments

Scrap metal, junk, paper or rags storage, sorting, or baling.

All #commercial# or #manufacturing uses# specified in this Section shall be permitted, provided the City Planning Commission certifies that such #uses# comply with the provisions of this Chapter. A site plan indicating the distribution of #bulk#, #uses#, planting areas and planting types shall be submitted to the Commission. Such submission shall be referred to the applicable Community Board and Borough President for review and comment for a period of no less than 45 days prior to such certification.

(7/29/09)

126-132

Enclosure regulations in M1-1 Districts

All #uses#, except storage of materials or products, shall be located within #completely enclosed buildings#; however, #commercial uses# may be located within #buildings# which are #completely enclosed# except for store fronts or store windows which may be opened to serve customers outside the #building#. Recreational uses permitted pursuant to Section 126-11 (Recreational Uses) shall be permitted as open or enclosed #uses#.

(7/29/09)

126-133

Enclosure regulations in M2-1 Districts near Residence Districts

Within 300 feet of a #Residence District# boundary, all #uses#, except storage of materials or products, shall be located within #completely enclosed buildings#. However, #commercial uses# may be located within #buildings# which are #completely enclosed# except for store fronts or store windows which may be opened to serve customers outside the #building#. Recreational uses permitted pursuant to Section 126-11 (Recreational Uses) shall be permitted as open or enclosed #uses#.

(7/29/09)

126-134

Enclosure of storage in M1-1 Districts near Residence Districts

All storage of materials or products within 200 feet of a #Residence District# boundary shall be located within #completely enclosed buildings#.

(7/29/09)

126-135

Screening of storage in M2-1 Districts near Residence Districts

Within 200 feet of a #Residence District# boundary, open storage of materials or products shall be permitted only if effectively screened by a solid wall or fence (including solid entrance and exit gates) at least eight feet in height.

In addition, such solid wall or fence:

- (a) shall not be located within a #front yard#;
- (b) shall be maintained in good condition at all times; and
- (c) shall have no #signs# hung or attached thereto other than those permitted in Sections 42-52 (Permitted Signs), and 126-14 (Sign Regulations), inclusive.

(7/29/09)

126-136

Screening of storage

- (a) At a distance greater than 200 feet from a #Residence District# boundary, the open storage of materials or products, where permitted, shall be screened from all adjoining #zoning lots#, including #zoning lots# situated across a #street#, by either:
 - (1) a strip at least four feet wide, densely planted with shrubs or trees which are at least four feet high at the time of planting and which are of a type which may be expected to form a year-round dense screen at least six feet high within three years; or
 - (2) a wall or barrier or uniformly painted fence of fire-resistant material, at least six feet but not more than eight feet above finished grade. Such wall, barrier, or fence may be opaque or perforated, provided that not more than 50 percent of the face is open.
- (b) In addition, such screening provided pursuant to paragraphs (a)(1) or (a)(2) of this Section:
 - (1) shall not be located within a #front yard#;
 - (2) shall be maintained in good condition at all times;
 - (3) may be interrupted by normal entrances or exits; and
 - (4) shall have no #signs# hung or attached thereto other than those permitted in Sections 42-52 (Permitted Signs) and 126-14 (Sign Regulations).

(7/29/09)

126-14

Sign Regulations

Within the #Special College Point District#, no #advertising signs# shall be permitted. #Signs# may be #illuminated# but not #flashing#. The provisions of Section 32-67 (Special Provisions Applying along District Boundaries) shall not apply for #zoning lots# with frontage on the Whitestone Expressway.

No #sign# displayed from the wall of a #building or other structure# shall extend above the parapet wall or roof of such #building or other structure#, and no #signs# shall be permitted on the roof of any #building#.

(7/29/09)

126-141

Special sign regulations in M2-1 Districts

In M2-1 Districts, only non-#illuminated signs# and #signs with indirect illumination# are permitted. The surface area of all #signs# on a #zoning lot# shall be limited to:

- (a) one #sign# displayed from the wall of a #building# limited to 1.5 square feet of #surface area# for each linear foot of #street wall# or 150 square feet, whichever is less, and further provided that such #signs# shall not exceed a height of eight feet, and shall not extend to a height greater than 20 feet above #curb level#; and
- (b) one #sign# not affixed to a #building# limited to one square foot of #surface area# for each 200 square feet of #street wall# or 30 square feet, whichever is less, and further provided that such #signs# shall not exceed a height of five feet above #curb level#.

(7/29/09)

126-20

SPECIAL BULK REGULATIONS

The #bulk# regulations of the underlying district are modified as set forth in this Section, inclusive.

(2/2/11)

126-21

Street Tree Planting

Within the #Special College Point District#, all #developments#, or #enlargements# of 20 percent or more in #floor area#, shall provide #street# trees in accordance with Section 26-41 (Street Tree Planting). In addition, any #building# where 20 percent or more of the #floor area# is #converted# shall provide #street# trees in accordance with Section 26-41. The #street# frontage used to calculate the number of required trees may exclude the #street# frontage occupied by curb cuts serving #uses# listed in Use Groups 16B, 16C, 16D, 17 and 18.

(7/29/09)

126-22

Floor Area Ratio

Within the #Special College Point District#, the #floor area ratio# permitted for #commercial#, #community facility# or #manufacturing uses#, separately or in combination, shall be 1.0. However, within the M2-1 District south of 30th Avenue and its prolongation, the maximum #floor area ratio# for #commercial#, #community facility# or #manufacturing uses#, separately or in combination, shall be as permitted in the underlying district, for:

- (a) portions of #zoning lots# within 600 feet of College Point Boulevard, where such #zoning lot# has frontage on College Point Boulevard; or
- (b) #zoning lots# with frontage on the Whitestone Expressway.

(7/29/09)

126-23

Modification of Yard Regulations

(7/29/09)

126-231

Minimum required front yards

#Front yards# shall be provided with a depth of 15 feet, except for:

- (a) #zoning lots# with frontage along the Whitestone Expressway, where #front yards# shall be provided with a depth of 20 feet; and
- (b) #corner lots#, where one #front yard# may have a depth of 10 feet.

(7/29/09)

126-232

Minimum required side yards

#Side yards# shall be provided with a width of 10 feet.

(4/14/10)

126-233

Special provisions along district boundaries

The following regulations shall modify the provisions of Section 43-30 (SPECIAL PROVISIONS APPLYING ALONG DISTRICT BOUNDARIES).

- (a) Sections 43-301 (Required yards along district boundary coincident with side lot line of zoning lot in an R1, R2, R3, R4 or R5 District) and 43-303 (Required yards along district boundary coincident with side lot line of zoning lot in a Manufacturing District) shall be modified so that an open area not higher than #curb level# and at least 20 feet wide shall be provided within the #Manufacturing District# on any #zoning lot# which is within 25 feet of a #Residence District#.
- (b) Within the areas depicted on the #Special College Point District# Map as 60-foot buffer areas, an open area not higher than #curb level# shall be provided within the #Manufacturing District#, as follows:
 - (1) where such buffer area is adjacent to a #street#, a #front yard# at least 60 feet in depth shall be provided; or

- (2) where such buffer area is not adjacent to a #street#, an open area at least 60 feet wide shall be provided along the boundary of the #Manufacturing District#. Such open area may be reduced to a width of not less than 25 feet where there is an open area in an adjacent #Residence District# so that, in combination with the open area within the #Manufacturing District#, there is an open area totaling at least 60 feet in width. The open area in the #Residence District# shall be subject to a restrictive declaration requiring that such area be maintained pursuant to the standards of this Section, in a form approved by the New York City Department of Buildings, and subsequently recorded in the Office of the City Register of the City of New York against all tax lots comprising such restricted open area. Proof of recordation of the restrictive declaration in a form acceptable to the New York City Department of Buildings shall be submitted.

All such open areas shall not be used for #accessory# off-street parking, #accessory# off-street loading, or for storage or processing of any kind.

- (c) All open areas required pursuant to this Section and Section 43-30 shall be planted, except at entrances to and exits from the #building# and except for access driveways to #accessory# parking and loading areas. In addition, except within #front yards#, there shall be a planting strip at least four feet wide, along the portion of the #lot line# adjoining the #Residence District#, complying with the provisions applicable to Section 126-136 (Screening of storage), provided that the option described in paragraph (a)(2) of Section 126-136 shall not be a permitted form of screening.

(7/29/09)

126-234

Planting requirement in front yards

#Front yards# shall be planted, except at entrances to and exits from the #building# and except for access driveways to #accessory# parking and loading areas. #Front yards# shall not be used for #accessory# off-street parking, #accessory# off-street loading, or for storage or processing of any kind.

(7/29/09)

126-235

Storage of materials within yards

Within #side# and #rear yards#, the maximum height of the open storage of materials, where permitted, shall be 12 feet.

(7/29/09)

126-24

Height and Setback Regulations

Within the #Special College Point District#, the height and setback regulations of an M1-1 District shall apply.

However, within the M2-1 District south of 30th Avenue and its prolongation, the height and setback regulations shall be as permitted in the underlying district, for:

- (a) portions of #zoning lots# within 600 feet of College Point Boulevard, where such #zoning lot# has frontage on College Point Boulevard; or
- (b) #zoning lots# with frontage on the Whitestone Expressway.

(7/29/09)

126-30

SPECIAL OFF-STREET PARKING AND LOADING REGULATIONS

The off-street parking and loading regulations of the underlying district are modified as set forth in this Section, inclusive.

(2/2/11)

126-31

Parking Regulations

- (a) #Accessory# off-street parking shall not be permitted within a required #front yard#.
- (b) The provisions of Section 44-21 (General Provisions)

pertaining to #accessory# off-street parking spaces for #commercial uses# shall be modified as follows:

Hotels, for the #floor area# used for sleeping accommodations, shall be required to provide one parking space per two guest rooms or suites and, for the #floor area# used for meeting halls, auditoriums, eating or drinking places, wedding chapels or banquet halls, or radio or television studios, shall be required to provide one parking space per four persons-rated capacity

Places of Assembly, for #uses# in parking requirement category D in Use Group 6, 8, 9, 10 or 12, or when permitted by special permit, shall be required to provide one parking space per four persons-rated capacity

- (c) For #commercial uses# within the commercial areas identified on the #Special College Point District# Map, the parking requirements of a C4-1 District shall apply.
- (d) Section 37-90 (PARKING LOTS), inclusive, shall apply to all open parking areas #accessory# to #manufacturing uses# listed in Use Group 17. Perimeter landscaping, required pursuant to Section 37-921, may overlap with required #yards#, pursuant to Section 126-231.
- (e) The provisions of Section 44-23 (Waiver of Requirements for Spaces Below Minimum Number) shall only apply to #zoning lots# existing both on July 29, 2009, and on the date of application for a building permit.

(7/29/09)

126-32

Loading Regulations

- (a) Off-street loading berths shall not be permitted between a #street wall# and a #street line#. However, the City Planning Commission may authorize off-street loading berths located between a #street wall# and a #street line#, provided that the Commission finds that such loading berths can not be located elsewhere on the #zoning lot# and that such loading berths shall be enclosed or screened to the greatest extent practicable.
- (b) All open off-street loading berths shall be screened from

all adjoining #zoning lots# pursuant to the standards of Section 44-585 (Screening).

(7/29/09)

126-33

Curb Cut Restrictions on 15th Avenue

Within the #Special College Point District#, curb cuts shall be prohibited on 15th Avenue.

However, where permitted or required #accessory# off-street parking and loading requirements apply in a location where such curb cuts are prohibited, a curb cut may be allowed, provided that the City Planning Commission certifies to the Commissioner of Buildings that such #zoning lot# has access to the #street# only through such prohibited location and that such curb cut shall be no greater than 20 feet in width.

An application to the City Planning Commission for certification respecting such curb cut shall be accompanied by a site plan drawn to a scale of at least one-sixteenth inch to a foot, showing the size and location of the proposed curb cut.

(7/29/09)

126-40

SPECIAL APPROVALS

(7/29/09)

126-41

Modification of Planting Requirements

The requirements of Section 126-234 (Planting requirement) and paragraph (c) of Section 126-233 (Special provisions along district boundaries) may be waived in whole or in part if the Commissioner of Buildings certifies that such requirements are infeasible due to unique geological conditions such as excessive subsurface rock conditions, underground municipal infrastructure, or a City, State or Federal mandated brownfield remediation that requires the site to be capped.

Such waiver shall be based on a report prepared by a licensed

engineer that such conditions exist.

(7/29/09)

126-42

Authorization for Reduction of Required Parking

Within the commercial areas identified on the #Special College Point District# Map, the City Planning Commission may authorize a reduction of the parking requirement of Section 44-21 (General Provisions) and paragraphs (b) and (c) of Section 126-31 (Parking Regulations) by an amount not to exceed 50 percent, provided that the Commission finds that the proposed parking is sufficient for the #use# proposed.

(2/2/11)

126-43

Special Permit to Modify Use or Bulk Regulations

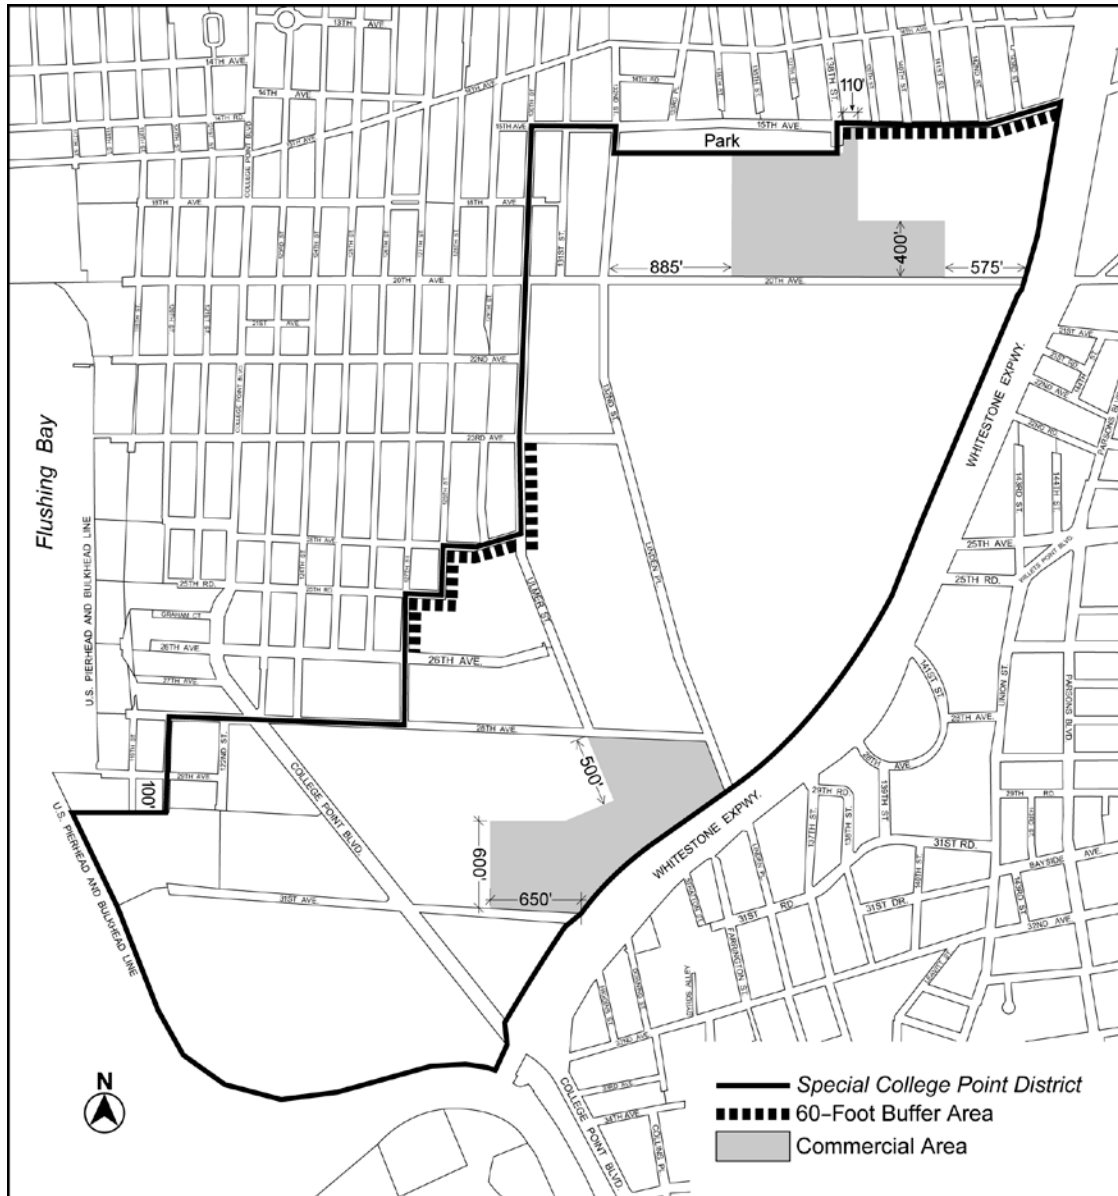

For any #zoning lot# within the #Special College Point District#, the City Planning Commission may permit modification of the #use# or #bulk# regulations, except #floor area ratio# provisions, provided the Commission finds that such:

- (a) #use# or #bulk# modification will aid in achieving the general purposes and intent of the Special District;
- (b) #use# modification is necessary for, and the only practicable way to achieve, the programmatic requirements of the development;
- (c) #bulk# modifications will enhance the distribution of #bulk# on the #zoning lot#;
- (d) #bulk# modifications will permit adequate access of light and air to surrounding #streets# and properties; and
- (e) #use# or #bulk# modification will relate harmoniously to the character of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(10/23/08)

Article XII - Special Purpose Districts

Chapter 8

Special St. George District

(10/23/08)

128-00

GENERAL PURPOSES

The "Special St. George District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include among others, the following specific purposes:

- (a) build upon St. George's existing strengths as a civic center, neighborhood and transit hub by providing rules that will bolster a thriving, pedestrian-friendly business and residence district;
- (b) establish zoning regulations that facilitate continuous ground floor retail and the critical mass needed to attract and sustain a broader mix of uses;
- (c) require a tall, slender building form that capitalizes on St. George's hillside topography and maintains waterfront vistas;
- (d) encourage the reuse and reinvestment of vacant office buildings;
- (e) accommodate an appropriate level of off-street parking while reducing its visual impact; and
- (f) promote the most desirable use of land and building development in accordance with the District Plan for St. George and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

(10/23/08)

128-01

Definitions

Definitions specifically applicable to this Chapter are set forth in this Section and may modify definitions set forth in Section 12-10 (DEFINITIONS). Where matter in italics is defined both in Section 12-10 and in this Chapter, the definitions in this Chapter shall govern.

Commercial Street

A "commercial street" shall be a #street#, or portion thereof, where special regulations pertaining to ground floor #uses# on #commercial streets#, pursuant to Section 128-11, apply to #zoning lots# fronting upon such #streets#. #Commercial streets# are designated on Map 2 in the Appendix to this Chapter.

(10/30/13)

128-02

General Provisions

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special St. George District#, the regulations of this Chapter shall apply within the #Special St. George District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

However, the regulations of this Chapter shall not apply to any property that is the subject of a site selection for a court house and #public parking garage# pursuant to application C080379 PSR. Such property shall be governed by the underlying regulations of this Resolution.

Furthermore, any property that is the subject of a site selection and acquisition for the use of a lot for open parking pursuant to application C080378 PCR may be governed by the regulations of this Chapter or the underlying regulations of this Resolution for a period of two years after October 23, 2008. After October 23, 2010, such property shall be subject to the regulations of this Chapter.

In the North Waterfront Subdistrict, "publicly accessible waterfront open space" shall include on-site and off-site areas, as applicable, as set forth in the approved Proposed Plans, pursuant to Section

128-61 (Special Permit for North Waterfront Sites).

(10/30/13)

128-03

District Plan and Maps

The regulations of this Chapter are designed to implement the #Special St. George District# Plan.

The District Plan includes the following five maps:

Map 1 Special St. George District and Subdistricts

Map 2 Commercial Streets

Map 3 Minimum and Maximum Base Heights

Map 4 Tower Restriction Areas

Map 5 Visual Corridors and Parcels

The maps are located in the Appendix to this Chapter and are hereby incorporated and made a part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in this Chapter apply.

(10/30/13)

128-04

Subdistricts

In order to carry out the purposes and provisions of this Chapter, the #Special St. George District# shall include three subdistricts: the Upland Subdistrict, the North Waterfront District and the South Waterfront Subdistrict, as shown on Map 1 (Special St. George District and Subdistricts) in the Appendix to this Chapter.

(10/23/08)

128-05

Applicability of District Regulations

(3/28/12)

128-051

Applicability of Article I, Chapter 2

The definition of "lower density growth management area" in Section 12-10 (DEFINITIONS) shall be modified to exclude all districts within the #Special St. George District#.

(3/28/12)

128-052

Applicability of Article I, Chapter 5

The provisions of Article I, Chapter 5 (Residential Conversion within Existing Buildings), shall apply in the #Special St. George District#, as modified in this Section. The change of non-#residential floor area# to #residences# in #buildings#, or portions thereof, erected prior to January 1, 1977, shall be permitted subject to Sections 15-11 (Bulk Regulations), 15-12 (Open Space Equivalent) and 15-30 (MINOR MODIFICATIONS), paragraph (b). #Uses# in #buildings# erected prior to January 1, 1977, containing both #residential# and non-#residential uses# shall not be subject to the provisions of Section 32-42 (Location within Buildings).

(3/28/12)

128-053

Applicability of Article III, Chapter 6

The provisions of Section 36-76 (Waiver or Reduction of Spaces for Subsidized Housing) shall not apply in the #Special St. George District#.

(10/30/13)

128-054

Applicability of Article VI, Chapter 2

The provisions of Article VI, Chapter 2 (Special Regulations

Applying in the Waterfront Area), shall apply in the North Waterfront Subdistrict of the #Special St. George District#, as modified in this Chapter. In such Subdistrict, such provisions shall not apply to improvements to the publicly accessible waterfront open space, or to #developments#, #enlargements#, alterations and changes of #use# permitted pursuant to Section 128-61 (Special Permit for North Waterfront Sites). However, the regulations of Section 62-31 (Bulk Computations on Waterfront Zoning Lots) shall apply to such #developments#, #enlargements#, alterations and changes of #use#, as modified pursuant to such special permit. In addition, the special requirements for #visual corridors# set forth in Section 128-43 (Visual Corridors in the North Waterfront Subdistrict) shall apply.

(10/30/13)

128-055

Applicability of Article VII, Chapter 4

Within the North Waterfront Subdistrict of the #Special St. George District#, the following special permits shall not apply:

Section 74-512 (In other districts)

Section 74-68 (Development Within or Over a Right-of-way or Yards)

Section 74-922 (Certain large retail establishments).

In addition, the provisions of the following special permits, as applicable, shall be deemed to be modified when an application pursuant to Section 128-61 (Special Permit for North Waterfront Sites) for Parcel 1 or Parcel 2, as shown on the maps in the Appendix to this Chapter, under application numbers C130317 ZSR or C130318 ZSR, as applicable, has been approved:

C000012 ZSR

C000013 ZSR

C000014 ZSR

C000016(A) ZSR

(10/23/08)

128-10

USE REGULATIONS

(10/23/08)

128-11

Ground Floor Uses on Commercial Streets

Map 2 (Commercial Streets) in the Appendix to this Chapter specifies locations where the special ground floor #use# regulations of this Section apply.

#Uses# on the ground floor of a #building# shall be limited to #commercial uses#. The level of the finished floor of such ground floor shall be located not higher than two feet above nor lower than two feet below the as-built level of the adjoining #street#.

#Commercial uses# shall have a depth of at least 30 feet from the #street wall# of the #building# facing the #commercial street# and shall extend along the entire width of the #building# except for lobbies and entrances to #accessory# parking spaces, provided such lobbies and entrances do not occupy more than 25 percent of the #street wall# width of the #building#. Enclosed parking spaces, or parking spaces covered by a #building#, including such spaces #accessory# to #residences#, shall be permitted to occupy the ground floor provided they are located beyond 30 feet of the #street wall# of the #building# facing the #commercial street#.

(10/30/13)

128-12

Transparency Requirements

Any #street wall# of a #building developed# or #enlarged# after October 23, 2008, where the ground floor level of such #development# or #enlarged# portion of the #building# contains #commercial# or #community facility uses#, excluding #schools#, shall be glazed with transparent materials which may include #show windows#, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 50 percent of the area of each such ground floor #street wall# measured to a height of 10 feet above the level of the adjoining sidewalk or public access area.

For the purposes of this Section, Bank Street shall be considered a #street#. However, this Section shall not apply to a stadium #use# within the North Waterfront Subdistrict.

(2/2/11)

128-13

Location of Uses in Mixed Buildings

The provisions of Section 32-422 (Location of floors occupied by commercial uses) are modified to permit #dwelling units# or #rooming units# on the same #story# as a non-#residential use# provided no access exists between such #uses# at any level containing #dwelling units# or #rooming units# and provided any non-#residential uses# are not located directly over any #dwelling units# or #rooming units#. However, such non-#residential uses# may be located over #dwelling units# or #rooming units# by authorization of the City Planning Commission upon a finding that sufficient separation of #residential uses# from non-#residential uses# exists within the #building#.

(2/2/11)

128-14

Security Gates

Within the #Special St. George District#, all security gates that are swung, drawn or lowered to secure #commercial# or #community facility# premises shall, when closed, permit visibility of at least 75 percent of the area covered by such gate when viewed from the #street# or publicly accessible area, except that this provision shall not apply to entrances or exits to parking garages.

(10/23/08)

128-20

FLOOR AREA, LOT COVERAGE AND YARD REGULATIONS

(10/23/08)

128-21

Maximum Floor Area Ratio

In C4-2 Districts within the Upland Subdistrict, the underlying

#floor area ratio# and #open space# regulations shall not apply. In lieu thereof, the maximum #floor area ratio# for any #use#, separately or in combination, shall be 3.4, and no #floor area# bonuses shall apply, except that for #zoning lots# with less than 10,000 square feet of #lot area# without frontage on a #commercial street#, the maximum #floor area ratio# for any #use#, separately or in combination, shall be 2.2, and no #floor area# bonuses shall apply.

(10/23/08)

128-22

Maximum Lot Coverage

In C4-2 Districts within the Upland Subdistrict, the underlying #open space ratio# provisions shall not apply. In lieu thereof, the maximum permitted #lot coverage# for a #residential building#, or portion thereof, shall be 70 percent for an #interior# or #through lot# and 80 percent for a #corner lot#. However, no maximum #lot coverage# shall apply to any #corner lot# of 5,000 square feet or less.

(10/23/08)

128-23

Rear Yard Equivalents

In C4-2 Districts within the Upland Subdistrict, the #rear yard equivalent# regulations for #residential uses# on #through lots#, or the #through lot# portion of a #zoning lot#, are modified as set forth in this Section. Such #yards# shall be provided within 45 feet of the centerline of the #through lot# or #through lot# portion, and the level of such #yards# may be provided at any level not higher than the floor level of the lowest #story# containing #dwelling units# that face such #yards#. Furthermore, no #rear yard equivalent# regulations shall apply to any #through lot# or #through lot# portion of a #zoning lot# on which a tower is #developed# or #enlarged#, pursuant to Section 128-35.

(10/30/13)

128-30

HEIGHT AND SETBACK REGULATIONS

The provisions of this Section, inclusive, shall apply to all #buildings or other structures# within the Upland Subdistrict.

In C1-2 Districts mapped within R3-2 Districts, all #buildings or other structures# shall comply with the height and setback regulations of R4 Districts, except that the maximum perimeter wall height shall be 26 feet, and the #street wall# location provisions of Section 128-32 (Street Wall Location) shall apply.

The underlying height and setback regulations of C4-2 Districts within the Upland Subdistrict shall not apply. In lieu thereof, the height and setback regulations of this Section, inclusive, shall apply.

In the South and North Waterfront Subdistricts, the underlying height and setback regulations of Section 62-34 (Height and Setback Regulations on Waterfront Blocks) shall apply, except that:

- (a) in the South Waterfront Subdistrict, rooftop regulations shall be as modified in Section 128-31 (Rooftop Regulations); and
- (b) in the North Waterfront Subdistrict, #developments#, #enlargements#, alterations and changes of #use# permitted pursuant to Section 128-61 (Special Permit for North Waterfront Sites) shall instead be subject to the Proposed Plans, as set forth in Section 128-61, as approved pursuant to such special permit.

All heights shall be measured from the #base plane#, except that wherever a minimum or maximum base height is specified for #zoning lots# with multiple #street frontages#, such heights shall be determined separately for each #street# frontage, with each height measured from the final grade of the sidewalk fronting such #street wall#.

(4/30/12)

128-31 Rooftop Regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings#, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts).

(2/2/11)

128-32

Street Wall Location

(a) #Street walls# along #commercial streets#

For #zoning lots# with #commercial street# frontage, the #street wall# shall extend along at least 70 percent of the #commercial street# frontage of the #zoning lot# and be located within eight feet of the #street line# of the #commercial street#, or sidewalk widening line, whichever is applicable.

(b) #Street walls# along non-#commercial streets#

For #zoning lots# without #commercial street# frontage, the #street wall# shall extend along at least 50 percent of the #street# frontage of the #zoning lot# and be located within eight feet of the #street line# or sidewalk widening line, whichever is applicable.

In C4-2 Districts within the Upland Subdistrict, such #street walls# shall rise without setback to the minimum height specified on Map 3 (Minimum and Maximum Base Heights) in the Appendix to this Chapter, or the height of the #building#, whichever is less. When a #building# fronts on two intersecting #streets# for which different minimum base heights apply, the higher base height may wrap around to the #street# with the lower base height, for a distance of up to 100 feet.

(2/2/11)

128-33

Maximum Base Height

The maximum height of a #building or other structure# before setback shall be as specified on Map 3 (Minimum and Maximum Base Heights) in the Appendix to this Chapter. Where a maximum base height of 60 feet applies as shown on Map 3, such maximum base height shall be reduced to 40 feet for #zoning lots developed# or #enlarged# pursuant to the tower provisions of Section 128-35. When a #building# fronts on two intersecting #streets# for which different maximum base heights apply, the higher base height may wrap around to the #street# with the lower base height for a distance of up to 100 feet. All portions of #buildings or other structures# above such maximum base heights shall provide a setback at least ten feet in depth measured from any #street wall# facing a #wide street# and 15 feet in depth from any

#street wall# facing a #narrow street#.

In C4-2 Districts within the Upland Subdistrict, dormers may exceed the maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts). However, on any #zoning lot# that includes a tower #developed# or #enlarged# pursuant to Section 128-35, dormers shall not be permitted.

(2/2/11)

128-34

Maximum Building Height

In C4-2 Districts within the Upland Subdistrict, for #buildings# that are not #developed# or #enlarged# pursuant to the tower provisions of Section 128-35 (Towers), the maximum height of a #building or other structure# shall be 70 feet, except that on Bay Street where there is a maximum base height of 85 feet, the maximum height of a #building or other structure# also shall be 85 feet.

In C4-2 Districts within the Upland Subdistrict for #buildings# that are #developed# or #enlarged# pursuant to the tower provisions of Section 128-35, the maximum height of the tower portion of a #building# shall be 200 feet, and the height of all other portions of the #building# shall not exceed the applicable maximum base height. Where a maximum base height of 60 feet applies as shown on Map 3 in the Appendix to this Chapter, such maximum base height shall be reduced to 40 feet for #zoning lots developed# or #enlarged# pursuant to the tower provisions of Section 128-35.

(2/2/11)

128-35

Towers

The tower provisions of this Section shall apply, as an option, to any #zoning lot# with a #lot area# of at least 10,000 square feet. Any portion of a #building developed# or #enlarged# on such #zoning lots# that exceeds the applicable maximum base height shall be constructed as either a point tower or a broad tower, as follows:

(a) Point tower

(1) Tower #lot coverage# and maximum length

Each #story# located entirely above a height of 70 feet shall not exceed a gross area of 6,800 square feet. The outermost walls of each #story# shall be inscribed within a rectangle, and the maximum length of any side of such rectangle shall be 85 feet.

(2) Tower top articulation

The highest three #stories#, or as many #stories# as are located entirely above a height of 70 feet, whichever is less, shall have a #lot coverage# of at least 50 percent of the #story# immediately below such #stories#, and a maximum #lot coverage# of 80 percent of the #story# immediately below such #stories#. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least four feet, and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of such respective tower face. For the purposes of this paragraph, (a)(2), each tower shall have four tower faces, with each face being the side of a rectangle within which the outermost walls of the highest #story# not subject to the reduced #lot coverage# provisions have been inscribed. The required setbacks shall be measured from the outermost walls of the #building# facing each tower face. Required setback areas may overlap.

(b) Broad tower

Each #story# located entirely above a height of 70 feet shall not exceed a gross area of 8,800 square feet. The outermost walls of each such #story# shall be inscribed within a rectangle, and the maximum length of any side of such rectangle shall be 135 feet. The upper #stories# shall provide setbacks with a minimum depth of 15 feet measured from the east facing wall of the #story# immediately below. Such setbacks shall be provided at the level of three different #stories#, or as many #stories# as are located entirely above a height of 70 feet, whichever is less. For towers with at least six #stories# located entirely above a height of 70 feet, the lowest level at which such setbacks may be provided is 100 feet, and the highest #story# shall be located entirely within the western half of the tower.

(c) Orientation of all towers

The maximum length of the outermost walls of any side of each #story# of a #building# facing the #shoreline# that is entirely above a height of 70 feet shall not exceed 80 feet. For the purposes of this Section, the #street line# of St. Marks Place

shall be considered to be a line parallel to the #shoreline#, and any side of such rectangle facing St. Marks Place from which lines perpendicular to the #street line# of St Marks Place may be drawn, regardless of intervening structures, properties or #streets#, shall not exceed 80 feet.

(d) Location of all towers

Any portion of a #building# that exceeds a height of 70 feet shall be no closer to a #side lot line# than eight feet, and any #story# of a #building# that is entirely above a height of 70 feet shall be located within 25 feet of a #street line# or sidewalk widening line, where applicable.

(e) Maximum tower height

The maximum height of any #building# utilizing the tower provisions of this Section shall be 200 feet. The height of the tower portion of the #building# shall be measured from the #base plane#.

(f) Tower and base integration

All portions of a #building# that exceed the applicable maximum base height set forth in Section 128-33 shall be set back at least 10 feet from the #street wall# of a #building# facing a #wide street# and at least 15 feet from the #street wall# of a #building# facing a #narrow street#. However, up to 50 percent of the #street wall# of the portion of the #building# located above a height of 70 feet need not be set back from the #street wall# of the #building#, and may rise without setback from grade, provided such portion of the #building# is set back at least 10 feet from a #wide street line# or sidewalk widening line, where applicable, and at least 15 feet from a #narrow street line# or sidewalk widening line, where applicable.

(g) Tower exclusion areas

No #building or other structure# may exceed a height of 70 feet within the areas designated on Map 4 (Tower Restriction Areas) in the Appendix to this Chapter.

(10/23/08)

128-40

MANDATORY IMPROVEMENTS

(10/23/08)

128-41

Sidewalks

Sidewalks with a depth of at least 12 feet, measured perpendicular to the curb of a #street#, shall be provided along the entire #street# frontage of a #zoning lot#. In locations where the width of the sidewalk within the #street# is less than 12 feet, a sidewalk widening shall be provided on the #zoning lot# so that the combined width of the sidewalk within the #street# and the sidewalk widening equals 12 feet. However, existing #buildings# to remain on the #zoning lot# need not be removed in order to comply with this requirement. All sidewalk widenings shall be improved to Department of Transportation standards for sidewalks, shall be at the same level as the adjoining public sidewalks, and shall be accessible to the public at all times.

(2/2/11)

128-42

Planting Areas

The entire area of the #zoning lot# between the #street line# or sidewalk widening line, where applicable, and all #street walls# of the #building# and their prolongations, shall be planted at ground level, or in raised planting beds that are permanently affixed to the ground, except that such plantings shall not be required at the entrances to, and exits from, the #building#, within driveways accessing off-street parking spaces located within, to the side, or rear of such #building#, or between #commercial uses# and the #street line#. No #zoning lot# shall be altered in any way that will either create a new non-compliance or increase the degree of non-compliance with the provisions of this Section.

(10/30/13)

128-43

Visual Corridors in the North Waterfront Subdistrict

The designated locations for #visual corridors#, as defined in Article VI, Chapter 2, are shown on Map 5 in the Appendix to this Chapter. Such #visual corridors# shall be provided in accordance with the standards of Sections 62-512 (Dimensions of visual corridors) and 62-513 (Permitted obstructions in visual corridors), except that:

- (a) lighting fixtures in #visual corridors# shall be considered permitted obstructions; and
- (b) within the #visual corridor# provided through Parcel 2 to the Pierhead line within the flexible location zone indicated on Map 5, a portion of a #building# shall be a permitted obstruction, provided that such obstruction is located no more than 14 feet above the reference plane of the #visual corridor#, and that such obstruction occupies no more than 185,000 cubic feet in total above the reference plane of the #visual corridor#.

(10/23/08)

128-50

PARKING REGULATIONS

In the #Special St. George District#, the underlying regulations governing permitted and required #accessory# off-street parking spaces are modified as set forth in this Section.

(2/2/11)

128-51

Required Off-Street Parking and Loading

In C4-2 Districts, the following special regulations shall apply:

- (a) #Residential uses#

One off-street parking space shall be provided for each #dwelling unit# created after October 23, 2008, including any #dwelling units# within #buildings converted# pursuant to Article 1, Chapter 5 (Residential Conversion within Existing Buildings). However, where the total number of required spaces is five or fewer or, for #conversions#, where the total number of required spaces is 20 or fewer, no parking shall be required, except that such waiver provision shall not apply to any #zoning lot# subdivided after October 28, 2008. The provisions of Section 73-46 (Waiver of Requirements for Conversions) shall apply to #conversions# where more than 20 parking spaces are required.

- (b) #Commercial uses#

For #commercial uses#, the off-street parking and loading requirements of a C4-3 District shall apply, except that food stores with 2,000 or more square feet of #floor area# per establishment shall require one parking space per 400 square feet of #floor area# and, for places of assembly and hotels, the off-street parking and loading requirements of a C4-2 District shall apply.

(c) #Community facility use#

For ambulatory diagnostic or treatment health care facilities listed in Use Group 4, the off-street parking requirements of a C4-3 District shall apply.

(10/23/08)

128-52

Special Floor Area Regulations

The #floor area# of a #building# shall not include floor space used for off-street parking spaces provided in any #story# that complies with the provisions of Section 128-54 (Location of Accessory Off-Street Parking Spaces).

(10/23/08)

128-53

Use of Parking Facilities

All #accessory# off-street parking spaces may be provided within parking facilities, including #public parking garages#, on #zoning lots# other than the same #zoning lot# as the #use# to which they are #accessory#, provided:

- (a) such parking facilities are located within the #Special St. George District#;
- (b) the off-street parking space within such facility is counted only once in meeting the parking requirements for a specific #zoning lot#; and
- (c) the number of #accessory# parking spaces within such facility shall not exceed the combined number of spaces permitted on each #zoning lot# using such facility, less the number of spaces provided on each #zoning lot# using such facility.

(2/2/11)

128-54

Location of Accessory Off-Street Parking Spaces

No open parking areas shall be located between the #street wall# of a #building# and the #street line#, and no open parking area shall front upon a #commercial street#. All open parking areas, regardless of the number of parking spaces, shall comply with the perimeter screening requirements of Section 37-921.

All off-street parking spaces within structures shall be located within facilities that, except for entrances and exits, are:

- (a) entirely below the level of each #street# upon which such facility fronts; or
- (b) located, at every level above-grade, behind #commercial#, #community facility# or #residential floor area# so that no portion of such parking facility is visible from adjoining #streets#. The minimum depth of any such #floor area# shall be 30 feet, except that such depth may be reduced to 15 feet where the #street wall# containing such #floor area# fronts upon a #street# with a slope in excess of 11 percent; and
- (c) no parking shall be permitted on the roof of such facilities.

(2/2/11)

128-55

Special Requirements for Roofs of Parking Facilities

The roof of a facility containing off-street parking spaces, not otherwise covered by a #building#, which is larger than 400 square feet, shall be landscaped. No parking spaces shall be provided on the roof of such facility. Up to five percent of such roof area may be used for mechanical equipment, provided that such mechanical equipment is screened from view by a fence which is at least 75 percent opaque or by at least three feet of dense planting. No less than 75 percent of such roof area shall be accessible for the recreational use of the occupants of the #building# in which it is located; and no more than 25 percent may be accessible solely from an adjacent #dwelling unit#. Hard surfaced areas shall not cover more than 60 percent of such roof area.

(10/23/08)

128-56

Curb Cuts on Commercial Streets

No curb cuts shall be permitted on #commercial streets# as shown on Map 2 in the Appendix to this Chapter. However, if access to a required #accessory# parking facility or loading berth is not possible because of such restriction, a curb cut may be allowed if the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that such location is the only possible location for the facility or loading berth, is not hazardous to traffic safety, is at least 50 feet from the intersection of two #street lines#, and is constructed so as to have minimal effect on the streetscape.

(10/30/13)

128-60

SPECIAL APPROVALS

The special permit for North Waterfront sites set forth in Section 128-61 is established in order to guide and encourage appropriate #use# and #development# in a unique location within the #Special St. George District# that serves as a gateway between Staten Island and Manhattan for both visitors and daily commuters. Redevelopment of the North Waterfront sites pursuant to this special permit provides an appropriate means to address the special characteristics of these sites, while accommodating their continuing transportation function, as part of their transformation into a regional destination that will contribute to the revitalization of the #Special St. George District# and surrounding area.

(10/30/13)

128-61

Special Permit for North Waterfront Sites

In the North Waterfront Subdistrict, for Parcels 1 and 2, and for improvements to the publicly accessible waterfront open space, provided in connection with the #development# of such parcels, as applicable, the City Planning Commission may approve, by special permit, a development plan for each such parcel and an improvement

plan for the publicly accessible waterfront open space. For any application for such special permit, the applicant shall provide plans to the Commission, including but not limited to a site plan, interim parking plan, signage plan, lighting plan and an improvement plan for the publicly accessible waterfront open space (the "Proposed Plans"). Such Proposed Plans shall be subject to the conditions set forth in paragraphs (a) through (e) and the findings set forth in paragraph (f) of this Section.

Pursuant to such Proposed Plans, the Commission may:

(a) permit the following #uses#:

- (1) #commercial uses# as set forth in Section 42-12 (Use Groups 3A, 6A, 6B, 6D, 6F, 7B, 7C, 7D, 7E, 8, 9B, 9C, 10A, 10B, 10C, 11, 12A, 12C, 12D, 12E, 13, 14 and 16) with no limitation on #floor area# per establishment;
- (2) #uses# specified in Section 32-24 (Use Group 15);
- (3) #public parking garages# with more than 150 spaces;
- (4) temporary #public parking lots# or #public parking garages# with more than 150 spaces, supplied in connection with an interim parking plan, provided that:
 - (i) the applicable findings of Section 74-51 (Public Parking Garages or Public Parking Lots Outside High Density Central Areas) are met by each such temporary public parking facility;
 - (ii) such temporary #public parking lots# or #public parking garages# with more than 150 spaces, may be located off-site or beyond the boundaries of the #Special St. George District# only as set forth in the interim parking plan. Any change in the location of such temporary #public parking# facility with more than 150 spaces, or any increase in the number of spaces in a temporary #public parking# facility to more than 150 spaces, or any addition of a #public parking# facility with more than 150 spaces provided in connection with such interim parking plan, shall be subject to further approval by the City Planning Commission and referred to the applicable Community Board(s) for review; and
 - (iii) the permit to operate such #public parking lots# or #public parking garages# shall expire 30 days after the Department of Buildings issues a certificate of occupancy for all permanent public parking facilities

on Parcel 2;

- (b) where such #development# is located partially or entirely within a railroad or transit right-of way or yard or in #railroad or transit air space#:
 - (1) permit that portion of the railroad or transit right-of-way or yard which will be completely covered over by a permanent platform to be included in the calculations of #lot area# for such #development#; and
 - (2) establish, in lieu of #base plane#, an appropriate level or levels as the reference plane for the entire #zoning lot# for the applicable regulations pertaining to, but not limited to, height and setback, #floor area# and #yards#;
- (c) permit #signs# pursuant to a signage plan, subject to the following conditions:
 - (1) the #sign# regulations of a C4 District, as set forth in Section 32-60, shall apply, except as specifically modified by the conditions set forth in paragraphs (c) (2) through (c) (7), inclusive, of this Section;
 - (2) #flashing signs# shall not be permitted;
 - (3) the height of #signs# shall be measured from the #base plane#;
 - (4) flags, banners or pennants, other than those that are #advertising signs#, shall be permitted without limitation;
 - (5) on Parcel 1:
 - (i) the total #surface area# of a #sign# affixed to a #building# frontage facing the #shoreline# or affixed to the base of a structure facing the #shoreline# shall not exceed 1,120 square feet, provided that for a #sign# with a #surface area# larger than 500 square feet, all writing, pictorial representations, emblems, flags, symbols or any other figure or character comprising the design of such #sign#, shall be separate elements, individually cut and separately affixed to the structure. No perimeter or background surfaces shall be applied or affixed to the structure in addition to such separate elements. No portion of such separate elements shall extend beyond the maximum dimensions allowed for the structure; and

- (ii) #signs# shall be permitted to be located on the deck of the railroad right-of-way, provided that the #surface area# of such #signs# shall be included in the calculations of total #surface area# of #signs#;

(6) on Parcel 2:

- (i) open pedestrian pathways of at least 20 feet in width shall be considered #streets# for the purposes of #sign# regulations;

- (ii) #signs# shall not extend to a height greater than 60 feet above the #base plane#; and

- (iii) the total #surface area# of #signs# on the #building# frontage facing Richmond Terrace, the prolongation of Wall Street, or on the #building# frontage or other structure facing the access route into the Ferry Terminal for buses, may exceed the limitations for total #surface area# for #signs# permitted in a C4 District, pursuant to an approved signage plan; and

(7) the total #surface area# of all #signs# on Parcel 2 facing the #shoreline#, or that are within 15 degrees of being parallel to the #shoreline#, shall not exceed:

- (i) 500 square feet for #signs# located above the level of the first #story# ceiling of #buildings#; or

- (ii) 250 square feet for #signs# located below the level of the first #story# ceiling of #buildings#;

(d) through approval of the Proposed Plans, establish appropriate requirements in lieu of the following #Special St. George District# regulations:

Section 128-12 (Transparency Requirements);

Section 128-42 (Planting Areas);

Section 128-54 (Location of Accessory Off-Street Parking Spaces) to the extent necessary to accommodate demand for parking within the North Waterfront Subdistrict;

Section 128-55 (Special Requirements for Roofs of Parking Facilities); and

(e) through approval of the Proposed Plans:

- (1) establish appropriate requirements for the height and setback of #buildings or other structures#, permitted obstructions in #yards#, off-street parking and loading; and
- (2) permit #floor area# to be distributed within the North Waterfront Subdistrict without regard for #zoning lot lines#, provided that if distribution is made to a #zoning lot#, subject to a special permit granted under this Section, from a #zoning lot# not subject to such special permit, Notices of Restriction in a form acceptable to the Department of City Planning shall be filed against such #zoning lots# setting forth the increase and decrease in the #floor area# on such #zoning lots#, respectively.

(f) The Commission shall find that the Proposed Plans:

- (1) include #uses# that are appropriate, considering the unique location of the site in relation to the Staten Island Ferry Terminal, the Staten Island Rail Road, and the land #uses# in and around the #Special St. George District#;
- (2) provide a distribution of #floor area#, locations and heights of #buildings or other structures#, primary business entrances and open areas, that will result in a superior site plan, providing a well-designed relationship between #buildings and other structures# and open areas on the #zoning lot#; and shall also provide a well-designed relationship between the site and adjacent #streets#, surrounding #buildings#, adjacent off-site open areas and #shorelines# and will thus benefit the users of the site, the neighborhood and the City as a whole;
- (3) provide a distribution of #floor area# and locations and heights of #buildings or other structures# that will not unduly increase the #bulk# of #buildings or other structures# in the North Waterfront Subdistrict or unduly obstruct access of light and air to the detriment of the users of the site or nearby #blocks# or of people using the public #streets#, and that will provide waterfront vistas from nearby #streets# and properties on nearby #blocks#;
- (4) provide useful and attractive publicly accessible open space, with sufficient public amenities, including but not limited to seating, landscaping and lighting, that results in a superior relationship with surrounding neighborhood destinations, #streets#, #buildings#, open areas, public facilities and the waterfront;

- (5) improve public access to the waterfront;
- (6) improve, as applicable, the publicly accessible waterfront open space sufficiently to ensure that emergency vehicles will have adequate access to the waterfront and adjacent #developments#;
- (7) in connection with the improvement of the applicable portions of the publicly accessible waterfront open space, restore planted areas, trees and lighting in a way that is attractive and compatible with the design of the Waterfront Esplanade existing on October 30, 2013;
- (8) provide adequate parking and loading to meet the demand for all users during peak utilization;
- (9) provide adequate parking for commuters at locations convenient and accessible to the Staten Island Ferry Terminal at all times and during all phases of construction;
- (10) provide signage and lighting that are compatible with the scenic and historic character of the harbor and that will not adversely affect the character of the surrounding neighborhood;
- (11) for a #public parking garage# with more than 150 parking spaces, will ensure that:
 - (i) entrances are proposed in locations and with design features that minimize traffic congestion and conflicts with pedestrians;
 - (ii) adequate reservoir space has been provided at the vehicular entrances; and
 - (iii) the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby; and
- (12) for a #development# located partially or entirely within a railroad or transit right-of-way or yard and/or in #railroad or transit air space#, that:
 - (i) the distribution of #floor area# does not adversely affect the character of the surrounding area by being unduly concentrated in any portion of such #development#, including any portion of the #development# located beyond the boundaries of such railroad or transit right-of-way or yard; and

- (ii) if such railroad or transit right-of-way or yard is deemed appropriate for future transportation #use#, the site plan and structural design of the #development# do not preclude future use of, or improvements to, the right-of-way for such transportation #use#.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area. In addition, for a #development# located partially or entirely within a railroad or transit right-of-way or yard, or in #railroad or transit air space#, the Commission may require that the structural design of such #development# makes due allowance for changes within the layout of tracks or other structures within any #railroad or transit air space# or railroad or transit right-of-way or yard which may be deemed necessary in connection with future development or improvement of the transportation system.

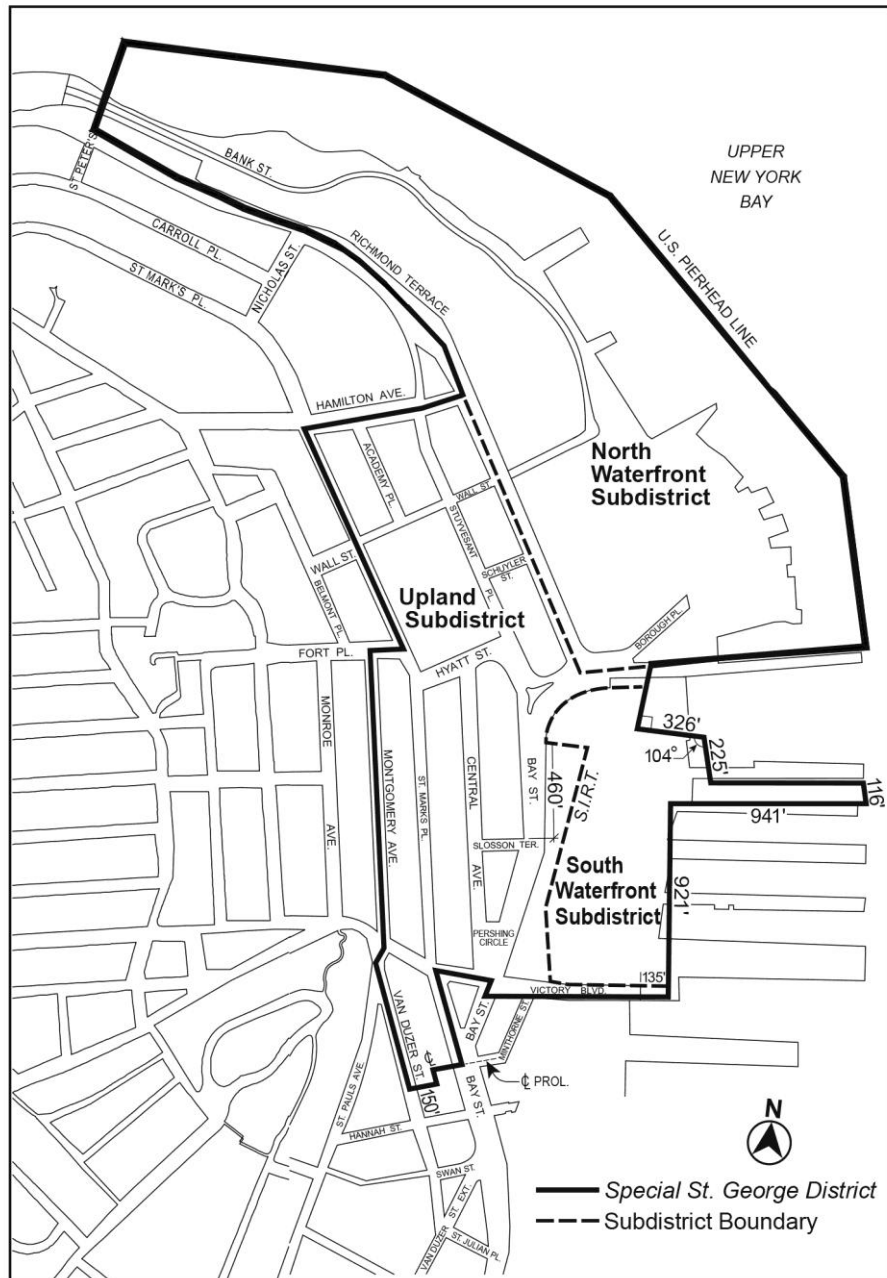

Prior to granting a special permit, the City Planning Commission shall request the Metropolitan Transportation Authority to indicate whether said agency has any plan to use that portion of any #railroad or transit air space# or railroad or transit right-of-way or yard where the railroad or transit #use# has been discontinued.

The execution and recordation of a restrictive declaration acceptable to the Commission, binding the owners, successors and assigns to maintain such #developments#, #enlargements#, alterations, changes of #use#, and any temporary parking facilities, in accordance with the approved Proposed Plans, and in a manner consistent with any additional conditions and safeguards prescribed by the Commission, shall be a condition to exercise of the special permit. Such restrictive declaration shall be recorded in the Office of the County Clerk. A copy of such declaration shall be provided to the Department of Buildings upon application for any building permit related to a #development#, #enlargement# or change of #use#.

Article XIII - Special Purpose Districts

Chapter 1

Special Coney Island District

(7/29/09)

131-00

GENERAL PURPOSES

The "Special Coney Island District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) preserve, protect and enhance the character of the existing amusement district as the location of the city's foremost concentration of amusements and an area of diverse uses of a primarily entertainment and entertainment-related nature;
- (b) facilitate and guide the development of a year-round amusement, entertainment and hotel district;
- (c) facilitate and guide the development of a residential and retail district;
- (d) provide a transition to the neighboring areas to the north and west;
- (e) provide flexibility for architectural design that encourages building forms that enhance and enliven the streetscape;
- (f) control the impact of development on the access of light and air to streets, the Boardwalk and parks in the district and surrounding neighborhood;
- (g) promote development in accordance with the area's District Plan and thus conserve the value of land and buildings, and thereby protect the City's tax revenues.

(10/9/13)

131-01

General Provisions

The provisions of this Chapter shall apply within the #Special Coney Island District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

NOTE: Self-certification of sewer connection applications will not be permitted by the Department of Buildings or Department of Environmental Protection in connection with any proposed #development# or #enlargement# in the #Special Coney Island District# for which sewer connection approval is required. Prior to filing a House or Site Connection application, all applicants will be required to submit a site-specific hydraulic analysis to the Department of Environmental Protection for its review and approval, to establish the adequacy of existing sanitary and storm sewers to serve the proposed #development# or #enlargement#.

(7/29/09)

131-02

District Plan and Maps

The District Plan for the #Special Coney Island District# identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special

Coney Island District#. The District Plan includes the following maps in the Appendix to this Chapter.

Map 1 Special Coney Island District and Subdistricts

Map 2 Mandatory Ground Floor Use Requirements

Map 3 Coney East Subdistrict Floor Area Ratios

Map 4 Street Wall Location

Map 5 Minimum and Maximum Base Heights

Map 6 Coney West Subdistrict Transition Heights

(7/29/09)

131-03

Subdistricts

In order to carry out the purposes and provisions of this Chapter, four subdistricts are established as follows:

Coney East Subdistrict (CE)

Coney North Subdistrict (CN)

Coney West Subdistrict (CW)

Mermaid Avenue Subdistrict (MA)

In each of these subdistricts, certain special regulations apply which do not apply within the remainder of the #Special Coney Island District#. The subdistricts are specified on Map 1 in the Appendix to this Chapter.

(7/29/09)

131-04

Applicability

(3/28/12)

131-041

Applicability of Article I, Chapter 5

The provisions of Article I, Chapter 5 (Residential Conversion within Existing Buildings), shall apply in the #Special Coney Island District#, as modified in this Section. The change of non-#residential floor area# to #residences# in #buildings#, or portions thereof, erected prior to January 1, 1977, shall be permitted subject to Sections 15-11 (Bulk Regulations), 15-12 (Open Space Equivalent) and 15-30 (MINOR MODIFICATIONS), paragraph (b). #Uses# in #buildings# erected prior to January 1, 1977, containing both #residential# and non-#residential uses# shall not be subject to the provisions of Section 32-42 (Location within Buildings).

(3/28/12)

131-042

Applicability of Article VI, Chapter 2

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), shall not apply in the #Special Coney Island District#.

(3/28/12)

131-043

Applicability of Article VII, Chapter 4

The provisions of Section 74-513 (In C7 Districts) shall not apply in the #Special Coney Island District#. In lieu thereof, #public parking lots# shall not be permitted, and #public parking garages# of any size shall be permitted as-of-right, provided such garages comply with the provisions of Section 131-52 (Use and Location of Parking Facilities).

(3/28/12)

131-044**Physical culture or health establishments**

The provisions of Section 73-36 (Physical Culture or Health Establishments) shall not apply in the Coney East, Coney North or Coney West Subdistricts. In lieu thereof, #physical culture or health establishments# shall be allowed as-of-right.

(3/28/12)

131-045**Modification of use and bulk regulations for zoning lots fronting upon Riegelmann Boardwalk, KeySpan Park and Highland View Park**

Where the #lot line# of a #zoning lot# coincides or is within 20 feet of the boundary of Riegelmann Boardwalk, KeySpan Park or Highland View Park, such #lot line# shall be considered to be a #street line# for the purposes of applying all #use# and #bulk# regulations of this Resolution.

(7/29/09)

131-10**SPECIAL USE REGULATIONS**

The special #use# regulations set forth in this Section, inclusive, shall modify the underlying #Commercial Districts#, as applicable.

For the purposes of this Chapter, "ground floor level" shall mean the finished floor level within five feet of an adjacent public sidewalk or any other publicly accessible open space.

(7/29/09)

131-11**Use Group 5**

For the purposes of this Chapter, the definition of #transient hotel# shall be modified to allow only such hotels used exclusively for transient occupancy. Such #transient hotels# used exclusively for transient occupancy shall be permitted only in specified locations as set forth in this Chapter.

(7/29/09)

131-12

Use Groups A, B and C

Special Use Groups are established as set forth in this Section, to promote and strengthen the commercial and entertainment character of the Special District.

(7/29/09)

131-121

Use Group A: Amusements

Use Group A consists of a group of #uses#, selected from Use Groups 12, 13 and 15, as modified in this Section, and may be open or enclosed:

Use Group A1

Amusement arcades

Amusement parks, with no limitation on floor area per establishment

Animal exhibits, circuses, carnivals or fairs of a temporary nature

Camps, overnight or day, #commercial# beaches or swimming pools

Dark rides, electronic or computer-supported games, including interactive entertainment facilities, laser tag and motion simulators

Ferris wheels, flume rides, roller coasters, whips, parachute jumps, dodgem scooters, merry-go-rounds or similar midway attractions

Fortune tellers, freak shows, haunted houses, wax museums, or similar midway attractions

Miniature golf courses and model car hobby centers, including racing

Open booths with games of skill or chance, including shooting galleries

Water parks

Use Group A2

Arenas or auditoriums, with capacity limited to 2,000 seats

Billiard parlors or pool halls, table tennis halls or bowling alleys, with no limitation on number of bowling lanes per establishment

Gymnasiums or recreational sports facilities, including but not limited to indoor golf driving ranges, batting cages, basketball, volleyball, squash and other courts, without membership requirements

Skateboard parks, roller or ice skating rinks

Theaters, including movie theaters, provided such #use# does not occupy the ground floor level of a #building#, except for lobbies limited to a maximum #street# frontage of 30 feet, except that on #corner lots# one #street# frontage may extend up to 100 feet.

#Accessory uses# to the amusements listed in this Section, including the display and sale of goods or services, provided:

(a) such #accessory uses# are limited to not more than 25 percent of the #floor area# of the amusement establishment or, for open #uses#, not more than 25 percent of the #lot area#;

(b) such #accessory uses# shall be entered only through

the principal amusement establishment;

- (c) such #accessory uses# shall share common cash registers with the principal amusement #use#;
- (d) such #accessory uses# shall have the same hours of operation as the principal amusement #use#; and
- (e) the principal amusement #use# shall occupy the entire #street# frontage of the ground floor level of the establishment and shall extend to a depth of at least 30 feet from the #street wall# of the #building# or, for open #uses#, at least 30 feet from the #street line#.

(7/29/09)

131-122

Use Group B: Amusement and entertainment-enhancing uses

Use Group B consists of a group of #uses#, selected from Use Groups 6, 9, 12, 13 and 18, as modified in this Section:

Art gallery, commercial

Banquet halls

Breweries

Eating or drinking establishments of any size, including those with entertainment or dancing

Historical exhibits

Spas and bathhouses

Studios, art, music, dancing or theatrical

Tattoo parlors

Radio or television studios

Wedding chapels

(7/29/09)

131-123

Use Group C: Retail and service uses

Use Group C consists of a group of retail and service #uses#, selected from Use Groups 6, 7, 12 and 14, as modified in this Section:

Arts and crafts production and sales, including but not limited to ceramics, art needlework, hand weaving or tapestries, book binding, fabric painting, glass blowing, jewelry or art metal craft and wood carving

Bicycle sales, rental or repair shops

Bookstores

Candy or ice cream stores

Clothing or clothing accessory

Clothing, custom manufacturing or altering for retail, including costume production and hair product manufacturing

Delicatessen stores

Fishing tackle or equipment, rental or sales

Gift shops

Jewelry manufacturing from precious metals

Musical instruments store

Music stores

Newsstands

Patio or beach furniture or equipment

Photographic equipment stores and studios

Sporting goods or equipment, sale or rental, including

instruction in skiing, sailing or skin diving

Toy stores

(7/29/09)

131-13

Special Use Regulations in Subdistricts

(2/2/11)

131-131

Coney East Subdistrict

The #use# regulations of the underlying C7 District are modified as set forth in this Section. The locations of the mandatory ground floor #use# regulations of paragraphs (b), (c), (d) and (f) of this Section are shown on the #streets#, or portions of #streets#, specified on Map 2 in the Appendix to this Chapter. #Transient hotels# and Use Groups A, B and C, as set forth in Sections 131-11 through 131-123, inclusive, and #public parking garages#, shall be the only #uses# allowed in the Coney East Subdistrict, and shall comply with the following regulations:

(a) Use Group C

Use Group C #uses# shall be limited to 2,500 square feet of #floor area# and 30 feet of #street# frontage, except that on #corner lots# one #street# frontage may extend up to 100 feet.

(b) Bowery and Wonder Wheel Way

At least 50 percent of Bowery and Wonder Wheel Way #street# frontage of any #zoning lot# shall be occupied by open #uses# listed in Use Group A1 or, if enclosed, by Use Group A1 #uses# at the ground floor level, and not more than 50 percent of the Bowery and Wonder Wheel Way #street# frontage of any #zoning lot# shall be occupied by Use Group C #uses# at the ground floor level.

(c) Surf Avenue

At least 15 percent of the #street# frontage of each #block# front bounding the south side of Surf Avenue between West 16th Street and West 10th Street shall be occupied by open #uses# listed in Use Group A1 or, if enclosed, by Use Group A1 #uses# at the ground floor level.

There shall be separate open establishments or enclosed ground floor establishments fronting upon each #block# front bounding Surf Avenue, as follows:

- (1) on the #block# front bounding the southerly #street line# of Surf Avenue between Stillwell Avenue and West 12th Street there shall be at least six establishments;
- (2) on the #block# front bounding the southerly #street line# of Surf Avenue between West 12th Street and West 10th Street there shall be at least six establishments;
- (3) on all other #block# fronts there shall be at least four establishments;
- (4) the provisions of this paragraph, (c), shall not apply along the southerly #street line# of Surf Avenue east of West 10th Street.

There may be fewer establishments fronting upon such #block# fronts than required pursuant to this paragraph, (c), where the Chairperson of the Department of City Planning certifies to the Department of Buildings that such modification is necessary to accommodate an amusement #use# listed in Use Group A1.

(d) Stillwell Avenue and West 10th Street

At least 15 percent of the Stillwell Avenue and West 10th Street #street# frontage of any #zoning lot# shall be occupied by open #uses# listed in Use Group A1 or, if enclosed, by Use Group A1 #uses# at the ground floor level.

(e) #Transient hotels#

- (1) #Transient hotels# shall be permitted only on #blocks# with Surf Avenue frontage, except that no #transient hotels# shall be permitted on that portion of the #block# bounded by West 15th and West 16th Streets south of the prolongation of the centerline of Bowery.
- (2) #Transient hotel use# shall not be permitted within 50 feet of Bowery on the ground floor level of a #building#, except that where a #zoning lot# has frontage only on Bowery, a #transient hotel# lobby may occupy up to 30 feet of such frontage.
- (3) For #transient hotels# located on #zoning lots# with at least 20,000 square feet of #lot area#, an amount of #floor area# or #lot area# of Use Group A1 #uses# equal to at least 20 percent of the total #floor area# permitted on such #zoning lot# shall be provided either onsite or anywhere within the Coney East Subdistrict.
- (4) The #street wall# of the ground floor level of a #transient hotel# shall be occupied by active #accessory uses# including, but not limited to, lobbies, retail establishments, eating and drinking establishments and amusements.
- (5) #Accessory# retail establishments within a #transient hotel# shall be limited to 2,500 square feet of #floor area#.

(f) Depth of ground floor #uses#

All ground floor #uses# within #buildings# shall have a depth of at least 15 feet measured from the #street wall# of a #building#, located on #streets#, or portions of Streets#, shown on Map 2.

(g) Parcel 2

On Parcel 2, as shown on Map 2, only #uses# listed in Use Group A, and #public parking garages# of any size, shall be permitted, provided such garages comply with the provisions of Section 131-62 (Use and Location of Parking Facilities).

(h) Parcel 3

On Parcel 3, as shown on Map 2, the provisions of the underlying C7 District shall apply, except as modified in this paragraph, (h). Only open amusement #uses# listed in Use Groups 13A and 15, as set forth in Sections 32-22 and 32-24, respectively, shall be permitted.

(2/2/11)

131-132

Coney North and Coney West Subdistricts

In the Coney North and Coney West Subdistricts, #uses# allowed by the underlying district regulations shall apply, except as modified in this Section for #uses# fronting upon #streets# specified on Map 2 (Mandatory Ground Floor Use Requirements) in the Appendix to this Chapter. For the purposes of this Section, the "building line" shown on Parcel F on Map 2 shall be considered a #street line# of Ocean Way or Parachute Way, as applicable. Furthermore, an open or enclosed ice skating rink shall be a permitted #use# anywhere within Parcel F in the Coney West Subdistrict.

(a) Mandatory ground floor level #uses# along certain #streets#

Any #use# listed in Use Groups A, B and C, as set forth in Section 131-12, inclusive, not otherwise allowed by the underlying district regulations, shall be permitted within 70 feet of Riegelmann Boardwalk and within 100 feet of all other designated #streets#, as shown on Map 2.

(1) Riegelmann Boardwalk

Only #uses# listed in Use Groups A, B and C and #transient hotels# located above the ground floor level are permitted within 70 feet of Riegelmann Boardwalk, except that a #transient hotel# lobby may occupy up to 30 feet of such ground floor frontage along Riegelmann Boardwalk. Use Group C

#uses# shall be limited to 2,500 square feet of #floor area# and 30 feet of #street# frontage for each establishment. All other establishments shall be limited to 60 feet of #street# frontage, except that for any establishment on a corner, one #street# frontage may extend up to 100 feet. All ground floor #uses# within #buildings# shall have a depth of at least 15 feet measured from the #street wall# of the #building#.

(2) #Streets# other than Riegelmann Boardwalk

At least 20 percent of the frontage of a #building# or of an open #use#, on a #street# specified on Map 2, shall be allocated exclusively to #uses# listed in Use Groups A, B or C. The remaining frontage of such #building# or open #use#, on a specified #street#, shall be allocated to #commercial uses# permitted by the underlying district regulations or, where permitted, a #transient hotel#. In addition, a #residential# lobby may occupy up to 40 feet of frontage along a specified #street# frontage.

There shall be at least four separate ground floor or open #commercial# establishments fronting upon each #block# fronting on Surf Avenue.

All ground floor #commercial uses# within #buildings# shall have a depth of at least 50 feet measured from the #street wall# of the #building#. Such minimum 50 foot depth requirement may be reduced where necessary in order to accommodate a #residential# lobby and vertical circulation core.

(b) Prohibited ground floor level #uses# along #streets# other than Riegelmann Boardwalk

No #use# listed in this paragraph, (b), shall be permitted within 50 feet of a #street# specified on Map 2. Lobbies or entryways to non-ground floor level #uses# are permitted, provided the length of #street# frontage occupied by such lobbies or entryways does not exceed, in total, 60 feet.

From Use Group 2:

All #uses#

From Use Groups 3A and 3B:

All #uses#, except for libraries, museums or non-commercial art galleries

From Use Groups 4A and 4B:

All #uses#, except for houses of worship or playgrounds

From Use Group 5A:

All #uses#, except that #transient hotels# shall be permitted within 200 feet of Surf Avenue between Stillwell Avenue and West 16th Street

From Use Groups 6B, and 6E:

Offices, veterinary medicine offices or non-commercial clubs

From Use Group 6C:

Banks (except for automated teller machines, provided the length of #street# frontage allocated for automated teller machines shall be no more than 25 feet or 40 percent of the frontage of the #zoning lot#, whichever is less, except such frontage need not be less than 20 feet), except that this prohibition shall not apply along Stillwell Avenue

Electrolysis studios, frozen food lockers and loan offices

From Use Group 6D:

All #uses#

From Use Group 7:

All #uses#, except for bicycle rental or repair shops

From Use Groups 8A and 8B:

Automobile driving schools, ice vending machines, lumber stores or pawn shops

From Use Groups 8C, 8D and 8E:

All #uses#

From Use Groups 9A, 9B and 9C:

All #uses#, except for gymnasiums, public auction rooms, photographic developing or printing establishments for the consumer, or art, music, dancing or theatrical studios

From Use Groups 10A, 10B and 10C:

Depositories for storage, and wholesale offices or showrooms

Use Group 11:

All #uses#

Use Groups 12A and 12B:

Trade expositions

Use Groups 12C and 12D:

All #uses#

Use Group 14A and 14B:

All #uses#, except for bicycle sales, rental or repair shops.

(7/29/09)

131-14

Location of Uses within Buildings

The provisions of Section 32-42 are modified to permit:

- (a) #residential uses# on the same #story# as a non-#residential use# or directly below a non-#residential

use#, provided no access exists between such #uses# at any level containing #residences#, and separate elevators and entrances from the #street# are provided; and

- (b) in the Coney North and Coney West Subdistricts, any #commercial use# permitted by this Chapter shall be permitted on the second #story# of a #mixed building#. Furthermore, a #public parking garage# may occupy any #story# of a #mixed building# provided such garage complies with the provisions of Section 131-52 (Use and Location of Parking Facilities).

(7/29/09)

131-15 Transparency

Each ground floor level #street wall# of a #commercial# or #community facility use# other than a #use# listed in Use Group A, as set forth in Section 131-121, shall be glazed with materials which may include #show windows#, glazed transoms or glazed portions of doors. Such glazing shall occupy at least 70 percent of the area of each such ground floor level #street wall#, measured to a height of 10 feet above the level of the adjoining sidewalk, public access area or #base plane#, whichever is higher. Not less than 50 percent of the area of each such ground floor level #street wall# shall be glazed with transparent materials and up to 20 percent of such area may be glazed with translucent materials.

However, in the Coney East Subdistrict and along Riegelmann Boardwalk and boundary of KeySpan Park in the Coney West Subdistrict, in lieu of the transparency requirements of this Section, at least 70 percent of the area of the ground floor level #street wall# of a #commercial use#, measured to a height of 10 feet above the level of the adjoining sidewalk, public access area or #base plane#, whichever is higher, may be designed to be at least 70 percent open during seasonal business hours.

(2/2/11)

131-16

Security Gates

All security gates installed after July 29, 2009, that are swung, drawn or lowered to secure #commercial# or #community facility# premises shall, when closed, permit visibility of at least 75 percent of the area covered by such gate when viewed from the #street#. However, this provision shall not apply to entrances or exits to parking garages, or to any #use# fronting upon Riegelmann Boardwalk, provided that security gates at such locations that permit less than 75 percent visibility when closed shall be treated with artwork.

(2/2/11)

131-17

Authorization for Use Modifications

Along #streets# specified on Map 2 (Mandatory Ground Floor Use Requirements) in the Appendix to this Chapter, other than Riegelmann Boardwalk, the City Planning Commission may authorize establishments containing Use Group A, B or C #uses# within #buildings# with a ground floor depth of less than 50 feet upon a finding that the design and operation of such establishments result in an effective and compelling amusement, entertainment or retail space that furthers the goals of the Special District.

(7/29/09)

131-20

SIGN REGULATIONS

- (a) In the Coney East Subdistrict, the underlying C7 #sign# regulations shall apply, except that:
 - (1) no #advertising signs# shall be permitted above a height of 40 feet; and
 - (2) the provisions of Sections 32-66 (Additional Regulations for Signs Near Certain Parks and

Designated Arterial Highways), inclusive, and 32-67 (Special Provisions Applying along District Boundaries) shall not apply.

- (b) In the Coney North and Coney West Subdistricts, the underlying C2-4 District #sign# regulations shall apply, except that the height restrictions of Section 32-655 shall be modified to allow permitted #signs# at the level of any #story# occupied by a #commercial use#.

(2/2/11)

131-30

FLOOR AREA, LOT COVERAGE AND YARD REGULATIONS

The #floor area ratio# regulations of the underlying districts shall be modified as set forth in this Section, inclusive.

(2/2/11)

131-31

Coney East Subdistrict

- (a) Except on Parcel 3, as shown on Map 3 (Coney East Subdistrict Floor Area Ratios) in the Appendix to this Chapter, the maximum #floor area ratio# of the underlying C7 District shall not apply. In lieu thereof, the maximum #floor area ratio# is specified for each #block#, or portion thereof, as shown on Map 3. On Parcel 2, as shown on Map 3, the maximum #floor area ratio# for a #public parking garage# shall be 4.0.

On Parcel 3, the maximum #floor area ratio# of the underlying C7 District shall apply. Furthermore, #floor area# attributable to Parcel 3 shall be used exclusively within Parcel 3.

- (b) In the Coney East Subdistrict, no #rear yards# shall be required.

(7/29/09)

131-32

Coney West, Coney North and Mermaid Avenue Subdistricts

(10/9/13)

131-321

Special floor area regulations for residential uses

R7A R7D R7X

(a) Applicability of Inclusionary Housing Program

R7A, R7D and R7X Districts within the #Special Coney Island District# shall be #Inclusionary Housing designated areas#, pursuant to Section 12-10 (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90, inclusive, applicable as modified within the Special District.

(b) Maximum #floor area ratio#

The base #floor area ratio# for any #zoning lot# containing #residences# shall be as set forth in the table in this Section. Such base #floor area ratio# may be increased to the maximum #floor area ratio# set forth in the table through the provision of #affordable housing#, pursuant to the provisions for #Inclusionary Housing designated areas#, as set forth in Section 23-90 (INCLUSIONARY HOUSING), inclusive. Parcels A through F within R7D Districts are shown on Map 1 (Special Coney Island District and Subdistricts).

FLOOR AREA RATIO
FOR BUILDINGS CONTAINING RESIDENCES

Subdistrict/Parcels	Zoning District	Base #floor area ratio#	Maximum #floor area ratio#
Coney West Parcels: A, B, C, D	R7D	4.35	5.8
Coney West Parcels: E, F	R7D	4.12	5.5
Coney North	R7X	3.75	5.0
Mermaid Avenue	R7A	3.45	4.6

(c) Coney West #floor area# distribution

In the Coney West Subdistrict, #floor area# attributable to #zoning lots# within the following sets of parcels, as shown on Map 1 in the Appendix to this Chapter, may be distributed anywhere within such sets of parcels:

Parcels A and B

Parcels C and D

Parcels E and F.

In addition, #floor area# attributable to #block# 7071, lot 130, within Parcel B may be distributed anywhere within Parcels C or D.

(d) Height and setback

For all #zoning lots#, or portions thereof, located in the Coney West or Coney North Subdistricts, the height and setback regulations of Section 23-954 shall not apply. In lieu thereof, the height and setback regulations of this Chapter shall apply.

(7/29/09)

131-322

Special floor area regulations for community facility uses

In the Coney West and Coney North Subdistricts, the maximum permitted #floor area ratio# for #community facility uses# shall be 2.0.

(7/29/09)

131-323

Special floor area ratio regulations for hotel uses

In the Coney North Subdistrict, for #transient hotels# located within 200 feet of Surf Avenue between Stillwell Avenue and West 16th Street, the maximum permitted #floor area ratio# shall be 3.75.

(10/9/13)

131-324

Lot coverage

For #residential uses# in the Coney North and Coney West Subdistricts, no maximum #lot coverage# shall apply to any #corner lot#.

For #residential uses# in the Mermaid Avenue Subdistrict, no maximum #lot coverage# shall apply to any #zoning lot# comprising a #corner lot# of 5,000 square feet or less.

Furthermore, in the #Special Coney Island District#, the level of any #building# containing #accessory# parking spaces or non-#residential uses# shall be exempt from #lot coverage# regulations.

(7/29/09)

131-40

HEIGHT AND SETBACK REGULATIONS

The underlying height and setback regulations shall not apply. In lieu thereof, the height and setback regulations of this Section shall apply. The height of all #buildings or other structures# shall be measured from the #base plane#.

(4/30/12)

131-41

Rooftop Regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Coney Island District#, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts) only in the Mermaid Avenue Subdistrict.

(2/2/11)

131-42

Coney East Subdistrict

The regulations of this Section, inclusive, shall apply to all #buildings or other structures# in the Coney East Subdistrict. #Street wall# location rules and maximum base height rules shall apply only to #buildings#. Maximum heights shall apply to all #buildings or other structures#.

For the purposes of applying the height and setback regulations of this Section, Jones Walk shall not be considered a #street#. Maps 4 (Street Wall Location) and 5 (Minimum and Maximum Base Heights) in the Appendix to this Chapter, illustrate the #street wall# location provisions and minimum and maximum base height provisions of this Section.

A #building or other structure# that exceeds a height limit shall be permitted where the Chairperson of the Department of City Planning certifies to the Department of Buildings

that such additional height is necessary to accommodate an amusement #use# listed in Use Group A1.

(2/2/11)

131-421

Coney East Subdistrict, south side of Surf Avenue

The following regulations shall apply along the south side of Surf Avenue and along those portions of #streets# intersecting Surf Avenue located north of a line drawn 50 feet north of and parallel to the northern #street line# of Bowery and its westerly prolongation.

(a) #Street wall# location

The #street wall# of a #building# shall be located within five feet of the #street line# and extend along the entire frontage of the #zoning lot#, except that:

- (1) a sidewalk widening shall be required at the intersection of Surf Avenue and West 10th Street, extending from a point on the Surf Avenue #street line# 125 feet west of West 10th Street to a point on the West 10th Street #street line# 20 feet south of Surf Avenue. Such area shall be improved as a sidewalk to Department of Transportation standards, be at the same level as the adjoining sidewalks, and be accessible to the public at all times. Such sidewalk widening line shall be considered a #street line# for the purposes of applying the #use# and height and setback regulations of this Chapter;
- (2) ground floor level recesses up to three feet deep shall be permitted for access to #building# entrances. However, for #building# entrances providing direct access to the lowest #story# located above the #base flood elevation#, such recesses shall be permitted to have a depth of up to ten feet provided the width of such recesses does not exceed 20 feet and the height of such recessed area is not less than 15 feet at any point as measured from the #base flood elevation#;

- (3) to allow for corner articulation, the #street wall# may be located anywhere within an area bounded by intersecting #street lines# and lines 15 feet from and parallel to such #street lines#;
- (4) to allow for portions of towers to rise without setback from grade, a portion of a #building# base below a tower may be set back ten feet from the #street line#, provided the width of such setback area is not greater than 40 percent of the width of the #street wall# of the tower, and provided such setback area complies with the provisions of Section 131-47 (Design Requirements for Ground Level Setbacks).

(b) #Building# base

- (1) Surf Avenue, west of West 12th Street

West of West 12th Street, the #street wall# of a #building# shall rise without setback to a minimum base height of 35 feet or the height of the #building#, whichever is less, and a maximum base height of 45 feet. If a tower is provided, in accordance with the requirements of paragraph (d) of this Section, the maximum base height shall be 65 feet. At a height no lower than the minimum base height and no higher than the maximum base height, a setback shall be required, pursuant to the provisions set forth in paragraph (c) of this Section.

For #buildings# located west of West 12th Street that provide a tower in accordance with the requirements of paragraph (d) of this Section, at least 40 percent of the #aggregate width of street walls# facing Surf Avenue shall not exceed a height of 45 feet without setback, and at least 40 percent of the #aggregate width of street walls# facing Surf Avenue shall rise without setback to a height of at least 60 feet but not more than 65 feet. Furthermore, any portion of a #street wall# which exceeds a height of 60 feet shall be located within 150 feet of the intersection of two #street lines# and shall coincide with the location of a tower. Towers

shall comply with the location requirements of paragraph (d) of this Section.

(2) Surf Avenue, east of West 12th Street

East of West 12th Street, the #street wall# of a #building# shall rise without setback to a minimum base height of 35 feet or the height of the #building#, whichever is less, and a maximum base height of 45 feet. At a height no lower than the minimum base height and no higher than the maximum base height, a setback is required that shall comply with the provisions set forth in paragraph (d) of this Section.

For the base of any #building# located on the south side of Surf Avenue, above the level of the second #story#, up to 30 percent of the #aggregate width of street walls# may be recessed, provided no recesses are located within 15 feet of an adjacent #building# or within 30 feet of the intersection of two #street lines#, except where corner articulation is provided as set forth in paragraph (a)(3) of this Section.

(c) Transition height

All portions of a #building# that exceed the applicable maximum base height specified in paragraph (b) of this Section shall be set back from the #street line# at least 20 feet except that, where towers are provided, the minimum setback depth from the #street line# shall be 10 feet.

(1) West of West 12th Street

All portions of a #building# that exceed the maximum base height set forth in paragraph (b)(1) of this Section shall comply with the tower provisions of paragraph (d) of this Section.

(2) East of West 12th Street

The maximum transition height shall be 65 feet, and all portions of #buildings# that exceed such height shall comply with the tower provisions of paragraph (d) of this Section, except that within

100 feet of Jones Walk on the easterly side, the maximum #building# height after the required setbacks shall be 85 feet.

(3) Special Regulations for Use Group A

The transition height regulations of paragraphs (c)(1) and (c)(2) of this Section shall not apply to #buildings# that rise to a maximum height of 85 feet to accommodate a Use Group A #use# or to #buildings# where the Chairperson of the Department of City Planning certifies to the Department of Buildings that additional height is necessary to accommodate an amusement #use# listed in Use Group A1.

(d) Towers

All #stories# of a #building# located partially or wholly above a height of 65 feet shall be considered a "tower" and shall comply with the provisions of this paragraph, (d).

(1) Maximum floorplate

Each #story# of a tower shall not exceed a gross area of 8,500 square feet.

(2) Maximum length and height

The outermost walls of all tower #stories# shall be inscribed within a rectangle, and no side of such rectangle shall exceed a length of 165 feet.

The maximum height of a #building# located between West 12th Street and Jones Walk shall be 150 feet between West 12th Street and Jones Walk. The maximum height of a #building# located between West 12th Street and West 16th Street on #zoning lots# with less than 50,000 square feet of #lot area# shall be 220 feet; on #zoning lots# with 50,000 square feet or more of #lot area#, the maximum height of a #building# shall be 270 feet. All towers that exceed a height of 150 feet shall provide articulation in accordance with Section 131-46.

(3) Tower location

All towers shall be located within 25 feet of Surf Avenue and entirely within 100 feet of an intersecting #street#.

(7/29/09)

131-422

Coney East Subdistrict, north side of Surf Avenue

Any #building or other structure# fronting upon the north side of Surf Avenue shall not exceed a height of 85 feet. Furthermore, in order to protect the view from the elevated subway to the Coney East Subdistrict, no portion of such #building or other structure#, including permitted obstructions or #signs#, shall be located between a height of five feet below the upper level of the elevated subway tracks and a level 25 feet above such level, except for a vertical circulation core, supporting structural elements and related appurtenances. In no event shall more than 30 percent of the Surf Avenue frontage of the #zoning lot# be obstructed with such elements.

(2/2/11)

131-423

Along all other streets

The following regulations shall apply along Wonder Wheel Way, Bowery, and all other #streets#, and portions thereof, located south of a line drawn 50 feet north of and parallel to the northern #street# line of Bowery and its westerly prolongation.

(a) #Street wall# location

The #street wall# of the #building#, or portion thereof, shall be located within five feet of the #street line#. However, for #building# entrances providing direct access to the lowest #story# located above the #base flood elevation#, a recess shall be permitted to have a depth of up to 10 feet as measured

from the #street line#, provided the width of such recess does not exceed 20 feet and the height of such recessed area is not less than 15 feet at any point as measured from the #base flood elevation#;

(b) Maximum height

The #street wall# of a #building#, or portion thereof, shall rise to a minimum height of 20 feet and a maximum height of 40 feet before setback. The maximum height of a #building or other structure# shall be 60 feet, provided any portion of a #building# that exceeds a height of 40 feet shall be set back from the #street wall# of the #building# at least 20 feet.

West of West 12th Street, along the northern #street line# of Bowery, the maximum #building# height shall be 40 feet. If a tower is provided along the Surf Avenue portion of the #block#, 40 percent of the #aggregate width of street walls# may rise above the maximum #street wall# height of 40 feet, and such portion of the #aggregate width of street walls# shall be located within 150 feet of the intersection of two #street lines# and shall coincide with that portion of the #street wall# along Surf Avenue that rises to a height of between 60 to 65 feet, pursuant to the provisions of paragraph (b)(1) of Section 131-421. However, where the portion of the #block# that fronts on Surf Avenue is #developed# or #enlarged# pursuant to the special regulations for Use Group A in paragraph (c)(3) of Section 131-421 (Coney East Subdistrict, south side of Surf Avenue), the #street wall# may rise after a setback of 20 feet to a maximum height of 60 feet for the entire length of the Bowery #street line#, or may extend beyond the 40 percent of the #aggregate width of street wall# for the length of the #street wall# of such Use Group A #development# or #enlargement# which fronts along Surf Avenue, whichever is less.

(7/29/09)

131-43

Coney West Subdistrict

The regulations of this Section shall apply to all #buildings or other structures# in the Coney West Subdistrict. Map 4 (Street Wall Location), Map 5 (Minimum and Maximum Base Heights) and Map 6 (Coney West Subdistrict Transition Heights), in the Appendix to this Chapter, illustrate the #street wall# location provisions, minimum and maximum base height provisions and transition height provisions of this Section, inclusive. For the purposes of this Section, the "building line" shown on Parcel F shall be considered a #street line# of Ocean Way or Parachute Way, as indicated on such maps.

(2/2/11)

131-431

Coney West District, Surf Avenue

The regulations of this Section shall apply along Surf Avenue. The #street wall# location provisions of paragraph (a) of this Section shall also apply along #streets# intersecting Surf Avenue within 50 feet of Surf Avenue, and the #building# base regulations of paragraph (b) of this Section shall also apply along #streets# within 100 feet of Surf Avenue.

(a) #Street wall# location

The #street wall# of a #building# base shall be located on the Surf Avenue #street line# and extend along the entire Surf Avenue frontage of the #zoning lot#, except that:

- (1) ground floor level recesses up to three feet deep shall be permitted for access to #building# entrances, except that for #building# entrances providing direct access to the lowest #story# located above the #base flood elevation#, such recesses shall be permitted to have a depth of up to 10 feet provided the width of such recess does not exceed 20 feet and the height of such recessed area is not less than 15 feet at any point as measured from the #base flood elevation#;
- (2) to allow for corner articulation, the #street

wall# may be located anywhere within an area bounded by intersecting #street lines# and lines 15 feet from and parallel to such #street lines#; and

- (3) to allow for portions of towers to rise without setback from grade, a portion of a #building# base below a tower may be set back 10 feet from a #street line#, provided the width of such setback area is not greater than 40 percent of the width of the #street wall# of the tower and provided such setback area complies with the provisions of Section 131-47 (Design Requirements for Ground Level Setbacks).

(b) #Building# base

A #street wall# fronting on Surf Avenue shall rise without setback to a minimum height of six #stories# or 65 feet, or the height of the #building#, whichever is less, and a maximum height of eight #stories# or 85 feet, whichever is less, before a setback is required. For #buildings# that exceed a height of eight #stories# or 85 feet, at least 40 percent of the #aggregate width of street walls# facing Surf Avenue shall not exceed a height of six #stories# or 65 feet, whichever is less, and at least 40 percent of the #aggregate width of street walls# facing Surf Avenue shall rise without setback to a height of at least eight #stories# or 80 feet, whichever is less. However, on the #block# front bounded by West 21st Street and West 22nd Street, the minimum height of a #street wall# shall be 40 feet and the maximum height of a #street wall# shall be six #stories# or 65 feet, whichever is less, before a setback is required.

Above the level of the second #story#, up to 30 percent of the #aggregate width of street walls# may be recessed, provided no recesses are located within 15 feet of an adjacent #building# or within 30 feet of the intersection of two #street lines#, except where corner articulation is provided as set forth in paragraph (a)(2) of this Section.

All portions of a #building or other structure# that exceed the maximum heights set forth in this paragraph, (b), shall be set back from the #street

line# at least 10 feet.

(c) Transition height

Above the maximum base height, a #street wall# may rise to a maximum transition height of nine #stories# or 95 feet, whichever is less, provided that up to 60 percent of the #aggregate width of street walls# facing Surf Avenue shall be set back a minimum distance of 10 feet from the Surf Avenue #street line#. The remaining portion of such #aggregate width of street walls# facing Surf Avenue shall be set back a minimum distance of 15 feet. All portions of #buildings or other structures# that exceed a transition height of 95 feet shall comply with the tower provisions of Section 131-434 (Coney West Subdistrict towers).

(2/2/11)

131-432

Along all other streets, other than Riegelmann Boardwalk

The following regulations shall apply along all other #streets# in the Coney West Subdistrict, except within 70 feet of Riegelmann Boardwalk.

(a) #Street wall# location

The #street wall# of a #building# base, or portion thereof, beyond 50 feet of Surf Avenue, shall be located within eight feet of the #street line# except that, to allow portions of towers to rise without setback from grade, a portion of a #building# base below a tower may be set back 10 feet from the #street line#, provided the width of such setback area is not greater than 40 percent of the width of the #street wall# of the tower. In addition, for #street walls# facing Ocean Way, #building# entrances providing direct access to the lowest #story# located above the #base flood elevation# may be recessed up to a depth of 10 feet as measured from the #street line#, provided the width of such recess does not exceed 20 feet and the height of such recessed area is not less than 15 feet at any point as measured from the #base

flood elevation#.

The entire area of the #zoning lot# between the #street line# and all #street walls# of the #building# and their prolongations shall be planted at ground level, or in raised planting beds that are permanently affixed to the ground, except that such plantings shall not be required at the entrances to and exits from the #building#, within driveways accessing off-street parking spaces located within, to the side, or rear of such #building#, or between #commercial uses# and the #street line#. No #zoning lot# shall be altered in any way that will either create a new non-compliance or increase the degree of non-compliance with the provisions of this Section.

(b) #Building# base

The #street wall# of a #building# base, or portion thereof, located beyond 100 feet of Surf Avenue, shall rise without setback to a minimum height of 40 feet or the height of the #building#, whichever is less, and a maximum height of six #stories# or 65 feet, whichever is less. Up to 30 percent of the #aggregate width of street walls# may be recessed for #outer courts# or balconies, provided no recesses are located within 15 feet of an adjacent #building# or within 30 feet of the intersection of two #street lines#, and provided the maximum depth of such recesses is 15 feet, as measured from the #street line#. All portions of a #building or other structure# that exceed a height of 65 feet shall be set back from the #street wall# at least 10 feet, except such setback distance may include the depth of any permitted recesses.

(c) Transition heights

Beyond 100 feet of Surf Avenue, a #street wall# may rise to a maximum transition height of nine #stories# or 95 feet, whichever is less, provided that:

- (1) above the maximum base height, up to 60 percent of the #aggregate width of street walls#, measured separately, facing Ocean Way and along all other #streets#, other than Riegelmann Boardwalk, shall be set back a minimum distance of 10 feet from the #street line#. The remaining

portion of such #aggregate width of street walls# facing Ocean Way, and along all other #streets# other than Riegelmann Boardwalk, shall be set back a minimum distance of 15 feet from the #street line#, except that for #blocks# north of the Ocean Way #street line#, along a minimum of one #street line# bounding the #block# (except for Surf Avenue), the remaining portion of such #aggregate width of street walls# shall remain open to the sky for a minimum depth of 100 feet from the #street line#;

- (2) for #blocks# bounding the southern #street line# of Ocean Way, any portion of a #building or other structure# that exceeds a height of six #stories# or 65 feet, whichever is less, shall be located within 80 or 100 feet of a #street line#, as indicated on Map 6 in the Appendix to this Chapter;
- (3) for portions of #buildings# higher than six #stories# or 65 feet that are within 100 feet of Riegelmann Boardwalk, each #story# within such portion shall provide a setback with a depth of at least ten feet, measured from the south facing wall of the #story# directly below.

A #building or other structure# may exceed such transition heights only in accordance with the tower provisions of Section 131-434.

(2/2/11)

131-433

Riegelmann Boardwalk and building line of Parcel F

A #street wall# shall be located on Riegelmann Boardwalk #street line# and extend along the entire Riegelmann Boardwalk frontage of the #zoning lot# to a minimum height of 20 feet, as shown on Map 5 (Minimum and Maximum Base Heights). Any #building or other structure# within 70 feet of Riegelmann Boardwalk shall not exceed a height of 40 feet above the level of Riegelmann Boardwalk.

In addition, on Parcel F, a #street wall# shall be located

on the Parachute Way building line and the portion of the Ocean Way building line that is within 100 feet of the Parachute Way building line, as shown on Map 4 (Street Wall Location). Such #street walls# shall extend along such entire frontages of Parcel F to a minimum height of 20 feet.

(2/2/11)

131-434

Coney West Subdistrict towers

All #stories# of a #building# or portions of other structures located partially or wholly above an applicable transition height shall be considered a "tower" and shall comply with the provisions of this Section.

(a) Maximum floorplate

Each #story# of a tower shall not exceed a gross area of 8,500 square feet.

(b) Maximum length and height

On #blocks# bounding Surf Avenue, the maximum height of a #building or other structure# shall be 220 feet, and on #blocks# bounding the southerly #street line# of Ocean Way, the maximum height of a #building or other structure# shall be 170 feet. Furthermore, the outermost walls of all tower #stories# shall be inscribed within a rectangle, and no side of such rectangle shall exceed a length of 165 feet.

Where #affordable housing# is provided pursuant to Section 131-321 (Special floor area regulations for residential uses), the maximum height of a #building# shall be increased to 270 feet, provided that the tower complies with either paragraph (b) (1) or (b) (2) of this Section.

- (1) The outermost wall of all tower #stories# shall be inscribed within a rectangle where no side of such rectangle exceeds a length of 100 feet; or
- (2) The outermost wall of all tower #stories# below a

height of 120 feet shall be inscribed within a rectangle where no side of such rectangle exceeds a length of 130 feet; above a height of 120 feet, no side of such rectangle shall exceed a length of 100 feet.

Above a height of 120 feet, the maximum floor plate shall be 80 percent of the #story# immediately below such height, or 6,800 square feet, whichever is greater. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least five feet and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of each respective tower face.

All #buildings# that exceed a height of 170 feet shall provide articulation in accordance with Section 131-46 (Tower Top Articulation).

(c) Tower location

All towers shall be located entirely within 100 feet of Parachute Way, West 20th Street, West 21st Street or West 22nd Street and within 25 feet of the intersection of two #street lines#. When a #zoning lot# fronting upon Surf Avenue contains a tower, such tower shall be located within 25 feet of Surf Avenue. No more than one tower shall be permitted on any #zoning lot#, except that where #affordable housing# is provided pursuant to Sections 23-90 and 131-321, no more than two towers shall be permitted on any #zoning lot#, and the second tower shall be located within 25 feet of Ocean Way. However, Parcel E may include two towers and, where #affordable housing# is provided pursuant to Section 131-321, a third tower shall be permitted to be located anywhere on such parcel along Parachute Way.

(2/2/11)

131-44

Coney North Subdistrict

The regulations of this Section shall apply to all #buildings or other structures# in the Coney North Subdistrict. Maps 4 (Street Wall Location) and 5 (Minimum and Maximum Base Heights), in the Appendix to this Chapter, illustrate the #street wall# location provisions, minimum and maximum base height provisions and maximum #building# height provisions of this Section, inclusive.

(2/2/11)

131-441

Coney North Subdistrict, Surf Avenue

The regulations of this Section shall apply along Surf Avenue. The #street wall# location provisions of paragraph (a) of this Section shall also apply along #streets# intersecting Surf Avenue within 50 feet of Surf Avenue, and the #building# base regulations of paragraph (b) of this Section shall also apply along #streets# within 100 feet of Surf Avenue.

(a) #Street wall# location

The #street wall# of a #building# base shall be located on the Surf Avenue #street line# and extend along the entire Surf Avenue frontage of the #zoning lot#, except that:

- (1) ground floor level recesses up to three feet deep shall be permitted for access to #building# entrances. However, for #building# entrances providing direct access to the lowest #story# located above the #base flood elevation#, such recesses shall be permitted to have a depth of up to 10 feet provided the width of such recess does not exceed 20 feet and the height of such recessed area is not less than 15 feet at any point as measured from the #base flood elevation#;
- (2) to allow for corner articulation, the #street wall# may be located anywhere within an area bounded by intersecting #street lines# and lines 15 feet from and parallel to such #street lines#;

and

- (3) to allow for portions of towers to rise without setback from grade, a portion of a #building# base below a tower may be set back 10 feet from a #street line#, provided the width of such setback area is not greater than 40 percent of the width of the #street wall# of the tower and provided such setback area complies with the provisions of Section 131-47 (Design Requirements for Ground Level Setbacks).

(b) #Building# base

The #street wall# of a #building# base fronting on Surf Avenue shall rise without setback to a minimum height of six #stories# or 65 feet, or the height of the #building#, whichever is less, and a maximum height of eight #stories# or 85 feet, whichever is less, before a setback is required.

For #buildings# that exceed a height of eight #stories# or 85 feet, at least 40 percent of the #aggregate width of street walls# facing Surf Avenue shall not exceed a height of 65 feet without setback, and at least 40 percent of the #aggregate width of street walls# facing Surf Avenue shall rise without setback to a height of at least 80 feet, but not more than 85 feet. However, on the portion of the #block# bounded by Stillwell Avenue and West 15th Street, for #buildings# that exceed a height of 85 feet, all #street walls# of such #building# facing Surf Avenue shall rise without setback to a height of 85 feet.

Above the level of the second #story#, up to 30 percent of the #aggregate width of street walls# may be recessed, provided no recesses are located within 15 feet of an adjacent #building# or within 30 feet of the intersection of two #street lines#, except where corner articulation is provided, as set forth in paragraph (a)(2) of this Section.

All portions of a #building or other structure# that exceed a height of 85 feet shall be set back from the #street line# at least 10 feet, and shall comply with the tower provisions of Section 131-444 (Coney North Towers).

(c) Transition height

Above the maximum base height, a #street wall# may rise to a maximum transition height of nine #stories# or 95 feet, whichever is less, provided that up to 60 percent of the #aggregate width of street walls# facing Surf Avenue shall be set back a minimum distance of 10 feet from the Surf Avenue #street line#. The remaining portion of such #aggregate width of street walls# facing Surf Avenue shall be set back a minimum distance of 15 feet. All portions of #buildings or other structures# that exceed a transition height of 95 feet shall comply with the tower provisions of Section 131-444 (Coney North Subdistrict towers).

(2/2/11)

131-442

Along all other streets, other than Stillwell Avenue

The following regulations shall apply along all other #streets# in the Coney North Subdistrict, other than Stillwell Avenue.

(a) #Street wall# location

The #street wall# of a #building# base, or portion thereof, beyond 50 feet of Surf Avenue, shall be located within eight feet of the #street line# except that, to allow portions of towers to rise without setback from grade, a portion of a #building# base below a tower may be recessed 10 feet from the #street line#, provided the width of such recess area is not greater than 40 percent of the width of the #street wall# of the tower.

The entire area of the #zoning lot# between the #street line# and all #street walls# of the #building# and their prolongations shall be planted at ground level, or in raised planting beds that are permanently affixed to the ground, except that such plantings shall not be required at the entrances to, and exits from, the #building#, within driveways accessing off-

street parking spaces located within, to the side, or rear of such #building#, or between #commercial uses# and the #street line#. No #zoning lot# shall be altered in any way that will either create a new non-compliance or increase the degree of non-compliance with the provisions of this Section.

(b) #Building# base

The #street wall# of a #building# base, or portion thereof, located beyond 100 feet of Surf Avenue, shall rise without setback to a minimum height of 40 feet, or the height of the #building#, whichever is less, and a maximum height of six #stories# or 65 feet, whichever is less. Up to 30 percent of the #aggregate width of street walls# may be recessed for #outer courts# or balconies, provided no recesses are located within 15 feet of an adjacent #building# or within 30 feet of the intersection of two #street lines#, and provided the maximum depth of such recesses is 15 feet, as measured from the #street line#.

All portions of a #building or other structure# that exceed a height of 65 feet shall be set back from the #street wall# of the #building# at least 10 feet, except such setback distance may include the depth of any permitted recesses.

(c) Transition height

In all portions of #blocks# located beyond 100 feet of Surf Avenue, a #street wall# may rise above the maximum base height to a maximum transition height of eight #stories# or 85 feet, whichever is less, provided that up to 60 percent of the #aggregate width of street walls# facing Surf Avenue shall be set back a minimum distance of 10 feet from the Surf Avenue #street line#. The remaining portion of such #aggregate width of street walls# facing Surf Avenue shall be set back a minimum distance of 15 feet. All portions of #buildings or other structures# that exceed a transition height of 85 feet shall comply with the tower provisions of Section 131-444 (Coney North Subdistrict towers).

(2/2/11)

131-443

Mermaid and Stillwell Avenues

Within 100 feet of Mermaid Avenue and within 100 feet of Stillwell Avenue, except within 100 feet of Surf Avenue, all portions of a #building or other structure# shall comply with the height and setback regulations of a C2 District mapped within an R7A District, except that the #street wall# of a #building# shall be located on the #street line# and rise without setback to a minimum height of 40 feet or the height of the #building#, whichever is less, except that:

- (a) ground floor level recesses up to three feet deep shall be permitted for access to #building# entrances. However, for #building# entrances providing direct access to the lowest #story# located above the #base flood elevation#, such recesses shall be permitted to have a depth of up to 10 feet provided the width of such recess does not exceed 20 feet and the height of such recessed area is not less than 15 feet at any point as measured from the #base flood elevation#;
- (b) to allow for corner articulation, the #street wall# may be located anywhere within an area bounded by intersecting #street lines# and lines 15 feet from and parallel to such #street lines#; and
- (c) above the level of the second #story#, up to 30 percent of the #aggregate width of street walls# may be recessed, provided no recesses are located within 15 feet of an adjacent #building# or within 30 feet of the intersection of two #street lines#, except where corner articulation is provided as set forth in paragraph (b) of this Section.

(2/2/11)

131-444

Coney North Subdistrict towers

All #stories# of a #building# or portions of other structures located partially or wholly above a height of 85

feet within 175 feet of Surf Avenue and above a height of 65 feet beyond 175 feet of Surf Avenue shall be considered a "tower" and shall comply with the provisions of this Section.

(a) Maximum floorplate

Each #story# of a tower shall not exceed a gross area of 8,500 square feet.

(b) Maximum length and height

On #blocks# bounding Surf Avenue, the maximum height of a #building or other structure# shall be 220 feet and beyond 175 feet of Surf Avenue the maximum height of a #building or other structure# shall be 170 feet. Furthermore, the outermost walls of all tower #stories# shall be inscribed within a rectangle and no side of such rectangle shall exceed a length of 165 feet.

Where #affordable housing# is provided pursuant to Section 131-321 (Special floor area regulations for residential uses), the maximum height of a #building# shall be increased to 270 feet, provided that the tower portion of such #building# complies with either paragraph (b)(1) or (b)(2) of this Section.

- (1) The outermost wall of all tower #stories# shall be inscribed within a rectangle, where no side of such rectangle shall exceed a length of 100 feet; or
- (2) The outermost wall of all tower #stories#, below a height of 120 feet, shall be inscribed within a rectangle, where no side of such rectangle shall exceed a length of 130 feet; above a height of 120 feet, no side of such rectangle shall exceed a length of 100 feet.

Above a height of 120 feet, the maximum floorplate shall be 80 percent of the #story# immediately below such height or 6,800 square feet, whichever is greater. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth

of at least five feet and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of each respective tower face.

All #buildings# that exceed a height of 170 feet shall provide articulation in accordance with Section 131-46 (Tower Top Articulation).

(c) Tower location

Towers shall be located within 25 feet of Surf Avenue and entirely within 100 feet of an intersecting #street#. No more than one tower shall be permitted on any #zoning lot#, except that where #affordable housing# is provided pursuant to Sections 23-90 and 131-321, a second tower shall be permitted anywhere on the #zoning lot# where such tower is entirely beyond 175 feet of Surf Avenue and 10 feet from any other #street#. All towers shall be located at least 10 feet from a #side lot line#.

(2/2/11)

131-45

Mermaid Avenue Subdistrict

All portions of a #building or other structure# shall comply with the height and setback regulations of a C2 District mapped within an R7A District, except that on Mermaid Avenue, and on intersecting #streets# within 50 feet of Mermaid Avenue, the #street wall# of a #building# shall be located on the #street line# and rise without setback to a minimum base height of 40 feet or the height of the #building#, whichever is less, except that:

- (a) ground floor level recesses up to three feet deep shall be permitted for access to #building# entrances. However, for #building# entrances providing direct access to the lowest #story# located above the #base flood elevation#, such recesses shall be permitted to have a depth of up to 10 feet, provided the width of such recess does not exceed 20 feet and the height of such recessed area is not less than 15 feet at any point as measured from the #base flood elevation#;

- (b) to allow for corner articulation, the #street wall# may be located anywhere within an area bounded by intersecting #street lines# and lines 15 feet from and parallel to such #street lines#; and
- (c) above the level of the second #story#, up to 30 percent of the #aggregate width of street walls# may be recessed, provided no recesses are located within 15 feet of an adjacent #building# or within 30 feet of the intersection of two #street lines#, except where corner articulation is provided as set forth in paragraph (b) of this Section.

(7/29/09)

131-46

Tower Top Articulation

All #buildings# that exceed a height of 170 feet shall provide articulation in accordance with at least one of following provisions:

- (a) Setbacks on each tower face

The highest three #stories#, or as many #stories# as are located entirely above a height of 170 feet, whichever is less, shall have a #lot coverage# of at least 50 percent of the #story# immediately below such #stories#, and a maximum #lot coverage# of 80 percent of the #story# immediately below such #stories#. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least four feet, and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of such respective tower face. For the purposes of this paragraph, (a), each tower shall have four tower faces, with each face being the side of a rectangle within which the outermost walls of the highest #story# not subject to the reduced #lot coverage# provisions have been inscribed. The required setbacks shall be measured from the outermost walls of the #building# facing each tower face. Required setback areas may overlap.

(b) Three setbacks

Setbacks shall be provided at the level of three different #stories#, or as many #stories# as are located entirely above a height of 170 feet, whichever is less. Such setbacks shall be located on either the north-facing or south-facing side of the #building#, but not both. Such setbacks shall have a minimum depth of 15 feet measured, as applicable, from the north or south-facing wall of the #story# immediately below. For towers with at least six #stories# located entirely above a height of 170 feet, the lowest level at which such setbacks may be provided is 170 feet, and the highest #story#, therefore, shall be located entirely within the northern or southern half of the tower, as applicable.

(c) Reverse setbacks

A minimum of 15 percent of the area of the plane surface of #street walls# enclosing #floor area# of the tower and a maximum of 50 percent of the area of the plane surface of the #street walls# enclosing #floor area# of the tower shall project at least eighteen inches but not more than five feet from the remaining plane surface of the #street walls# enclosing any #floor area# of the tower. No projections, including balconies, shall be permitted from the lowest two #stories# of the tower.

(2/2/11)

131-47

Design Requirements for Ground Level Setbacks

Wherever a #building# base below a tower is set back from the #street line#, and the #building# walls bounding such setback area are occupied by non-#residential uses#, such setback area shall comply with the provisions of this Section. Where two such setback areas adjoin one another at the intersection of two #streets#, the combined area of such spaces shall determine the applicability of such provisions.

(a) Minimum and maximum areas

No such setback area shall be less than 240 square feet nor greater than 1,000 square feet.

(b) Pavement

The setback area shall be paved with materials distinctive from the adjoining public sidewalk.

(c) Wall treatments

All ground floor level #building# walls bounding such setback area not otherwise subject to the transparency requirements of Section 131-15, shall comply with the provisions of either paragraphs (c) (1) or (c) (2) of this Section.

(1) If such #building# wall is a #street wall# wider than 10 feet, such #street wall# shall comply with the provisions of Section 131-15.

(2) All other #building# walls shall comply with one of the following provisions:

(i) such #building# walls shall be glazed with transparent materials which may include show windows, glazed transoms or glazed portions of doors. Such glazing shall occupy at least 50 percent of the area of each such ground floor level #building# wall, measured to a height of 10 feet above the level of the adjoining sidewalk, public access area or #base plane#, whichever is higher; or

(ii) such #building# walls shall be articulated with artwork or landscaping to a height of at least ten feet.

(d) #Building# entrances

A public entrance to a #building# shall front upon such setback area. No ramps shall be permitted within the setback area.

(e) Landscaping

A minimum of 20 percent of such setback area shall be planted with, at a minimum, evergreen ground cover or shrubs in planting beds, with a minimum of six inches in height and a maximum height of four feet. Such planting beds may not occupy more than 50 percent of the width of the setback area, as measured along the #street line#.

(f) Additional amenities

For setback areas of 500 square feet or more, there shall be the following additional amenities:

- (1) an additional public entrance to the #building# that fronts upon such setback area; and
- (2) a minimum of one linear feet of seating for every 20 square feet of setback area shall be provided. At least 40 percent of such seating shall be fixed, of which at least half shall have backs with a minimum height of 14 inches. All fixed seating shall have a minimum depth of 18 inches and a maximum depth of 24 inches, and a minimum seat height of 16 inches and a maximum seat height of 20 inches. At least 50 percent of required seating shall be moveable chairs.

(7/29/09)

131-48
Street Trees

The provisions of Section 33-03 (Street Tree Planting in Commercial Districts) shall not apply in the Coney East Subdistrict.

(7/29/09)

131-49
Authorization for Exterior Ramps

The City Planning Commission may authorize modifications of the #street wall# location provisions of this Chapter to

allow exterior ramps for access from the public sidewalk to the lowest #story# above the #base flood elevation# provided the Commission finds that the design of such ramps:

- (a) maximizes visibility of interior ground floor space within the #building# from the public sidewalk;
- (b) incorporates amenities such as seating and planting as the Commission may find appropriate; and
- (c) relates harmoniously with the design and materials of the adjacent #building# and the surrounding streetscape.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(7/29/09)

131-50

OFF-STREET PARKING AND LOADING REGULATIONS

The special provisions of this Section shall apply to all off-street parking spaces and loading facilities within the #Special Coney Island District#.

(2/2/11)

131-51

Amount of Required and Permitted Parking

- (a) #Residential# and #community facility# parking

The underlying regulations shall apply, except that the number of #accessory# off-street parking spaces required pursuant to Section 36-33 (Requirements Where Group Parking Facilities Are Provided) shall be modified to require off-street parking spaces for at least 60 percent of #dwelling units# or #rooming units developed#, under single ownership or control, where group parking facilities are provided.

(b) #Commercial# parking

The underlying regulations shall apply, except that:

(1) For Use Group A #uses#

One off-street parking space shall be provided for every 2,000 square feet of #floor area# or #lot area# for open #uses#, except that for a water park, two off-street parking spaces per 1,000 square feet of #floor area# shall be provided.

(2) For #transient hotels#

One off-street parking space shall be provided for every six guest rooms or suites.

(c) Public parking facilities

In accordance with the provisions of Section 131-043 (Applicability of Article VII, Chapter 4), #public parking lots# shall not be permitted, and #public parking garages# of any size shall be permitted as-of-right, provided such garages comply with the provisions of Section 131-52 (Use and Location of Parking Facilities).

(2/2/11)

131-52

Use and Location of Parking Facilities

The following provisions shall apply to all parking facilities:

- (a) All #accessory# off-street parking spaces may be made available for public use. However, any such space shall be made available to the occupants of a #residence# to which it is #accessory# within 30 days after written request is made to the landlord. Furthermore, if #accessory# parking spaces and spaces within a #public parking garage# are provided on the same #zoning lot#, all such spaces may be provided

within the same parking facility.

- (b) The off-site parking space provisions of Sections 36-42 and 36-43 shall not apply. In lieu thereof, all permitted or required off-street parking spaces may be provided on a #zoning lot# other than the same #zoning lot# to which such spaces are #accessory#, provided that:

- (1) In the Coney East Subdistrict, such spaces are located anywhere within an area bounded on the east by Ocean Parkway, on the south by Riegelmann Boardwalk, on the west by West 27th Street and on the north by Coney Island Creek and the Belt Parkway, in accordance with all applicable underlying parking regulations.
- (2) In the Coney West Subdistrict, such parking spaces #accessory# to the following sets of parcels, as shown on Map 1 in the Appendix to this Chapter, shall be located anywhere on such sets of parcels:

Parcels A and B

Parcels C and D

Parcels E and F.

- (3) In the Coney North and Mermaid Avenue Subdistricts, such spaces shall be located anywhere on the same #block#.
- (c) All off-street parking facilities shall be located within facilities that, except for entrances and exits, are:
- (1) entirely below the level of any #street# or #publicly accessible open area# upon which such facility, or portion thereof, fronts; or
 - (2) located, at every level above-grade, behind #commercial#, #community facility# or #residential floor area# with a minimum depth of 15 feet as measured from the #street wall# of the #building#, so that no portion of such parking facility is visible from adjoining #streets# or

publicly accessible open spaces. All such parking facilities shall be exempt from the definition of #floor area#. However, in the Coney East Subdistrict, the provisions of this paragraph, (c)(2), need not apply on the north side of Surf Avenue above the level of the ground floor, on Parcel 2 beyond 70 feet of Riegelmann Boardwalk, or on the east side of that portion of West 16th Street beyond 50 feet of Surf Avenue and Wonder Wheel Way, provided that:

- (i) any non-horizontal parking deck structures shall not be visible from the exterior of the #building# in elevation view;
 - (ii) opaque materials are located on the exterior #building# wall between the bottom of the floor of each parking deck and no less than three feet above such deck; and
 - (iii) a total of at least 50 percent of such exterior #building# wall with adjacent parking spaces consists of opaque materials which may include #signs#, graphic or sculptural art, or living plant material.
- (d) Any roof of a facility containing off-street parking spaces not otherwise covered by a #building#, which is larger than 400 square feet, shall be landscaped. Up to five percent of such roof area may be used for mechanical equipment, provided that such mechanical equipment is screened from view by a fence which is at least 75 percent opaque or by at least three feet of dense planting. Up to 25 percent of such roof area may be accessible solely from an adjacent #dwelling unit# and the remaining roof area shall be accessible for the recreational use of the occupants of the #building# in which it is located. Hard surfaced areas shall not cover more than 60 percent of such roof area.

(2/2/11)

No curb cuts shall be permitted on Surf Avenue, Wonder Wheel Way or Bowery except on a #zoning lot# with no frontage on any other #street#. The curb cut provisions of paragraph (c) of Section 36-58 shall apply.

(12/19/13)

131-60

SPECIAL PERMIT FOR AUDITORIUMS

The special permit set forth in this Section is established to allow outdoor entertainment #uses# on a limited-term basis in a unique beachfront location within the #Special Coney Island District#. The development of such #uses# on a temporary basis pursuant to this special permit provides for the opportunity for a valuable public amenity to exist within an area that, while approved for future #residential development# pursuant to the #Special Coney Island District# plan, is currently underutilized and does not exhibit the characteristics of a well-developed #residential# neighborhood. Any special permit granted under this Section shall be subject to a term of years, in order to ensure that such #uses# are consistent with, and do not impede, the goal of long-term revitalization of the surrounding area, pursuant to the #Special Coney Island District# plan.

In the Coney West Subdistrict, for Parcels B and G, the City Planning Commission may approve, by special permit, open-air auditoriums with greater than 2,000 seats, for a term no greater than ten years from the date a certificate of occupancy, including a temporary certificate of occupancy, has been issued, provided that the proposed auditorium meets the conditions of paragraph (a) and the findings of paragraph (b) of this Section, in addition to the #sign# provisions of paragraph (c) and parking provisions of paragraph (d) of this Section.

For any application for such special permit, the applicant shall provide plans to the Commission including, but not limited to, a site plan, signage plan, parking and loading plan, lighting plan and an operations plan (the "Proposed Plans").

(a) The Commission may permit open-air auditoriums with a maximum of 5,100 seats, provided the Proposed Plans demonstrate that:

- (1) at all times when the Riegelmann Boardwalk is open to the public, all publically accessible space, as shown on the Proposed Plans, will remain accessible to the public, except that access may be restricted as necessary during scheduled events, for the setup and takedown for such events, and in connection with maintenance activities. Any barriers erected for the purpose of restricting access or visibility during such events shall be completely removed at all other times;
- (2) the height of all structures, temporary or fixed, does not exceed 70 feet in height, as measured from the level of the Riegelmann Boardwalk;
- (3) any roof or structural canopy above the open-air auditorium seating area will be removed prior to the month of November and shall remain removed during the entire off-season period between November through April, as well as in advance of severe weather events;
- (4) the signage plan and parking and loading plan comply with the provisions of paragraphs (c) and (d) of this Section, respectively; and
- (5) the City and applicant will enter into an agreement under which Parcel G will be returned to the City as of the expiration of the term of the special permit in a condition set forth in such agreement appropriate for #use# as a #public park#.

(b) In granting such permit, the Commission shall find that:

- (1) such open-air auditorium will not unduly impair the essential character or the future #use# or #development# of the surrounding area, pursuant to the goals and objectives of the #Special Coney Island District# plan;

- (2) the outdoor lighting for such open-air auditorium is located and arranged so as to minimize any negative effects on nearby #residences# and #community facilities#, and that the Proposed Plans include noise attenuation features and measures which serve to reduce the effect of noise from the open-air auditorium on the surrounding area, including nearby #residences# and #community facilities#;
- (3) the construction of a stage as part of any #building# on Parcel B, for the purpose of accommodating an open-air auditorium #use#, will:
 - (i) enable the stage area to be closed to the outdoor portion of the open-air auditorium during the off-season when the open-air auditorium is not in use, so as to be operated for indoor entertainment #uses# with an eating and drinking establishment or other #use# permitted on Parcel B; and
 - (ii) allow for such #building# to be operated, subsequent to the expiration of the special permit, for #uses# permitted on Parcel B, such as eating or drinking establishments with entertainment;
- (4) appropriate visual and pedestrian connections are maintained in the general area of the former street bed from the termination of West 22st Street to the Riegelmann Boardwalk;
- (5) the portions of the site not dedicated to the stage area or event seating are so designed to serve as a full time park-like resource for the public, and the portions of the site designed for open-air auditorium #use# serve as a high-quality open space resource when not in auditorium use;
- (6) any roof or structural canopy above the open-air auditorium seating area will be visually unobtrusive, and maximize openness and visibility between the site and the Riegelmann Boardwalk;
- (7) the operations plan, which shall include a protocol for queuing for concertgoers,

demonstrates that there would be no interference with the public use and enjoyment of adjacent public facilities; and

- (8) the site plan, signage plan and lighting plan incorporate good design, effectively integrate the site with surrounding streets and the Riegelmann Boardwalk, and are consistent with the purposes of the #Special Coney Island District#.
- (c) The Commission may, through approval of the Proposed Plans, permit #signs# notwithstanding the applicable #sign# regulations, except that #flashing signs# shall not be permitted and only #advertising signs# that are oriented toward the interior of the open-air amphitheater and not visible from the Riegelmann Boardwalk or other public area shall be permitted.

In order to permit such #signs#, the Commission shall find that proposed signage is appropriate in connection with the permitted open-air auditorium #use#, is not unduly concentrated within one portion of the site, and will not negatively affect the surrounding area.

- (d) The Commission may, through approval of the Proposed Plans, reduce or waive required parking or loading requirements, provided the Commission finds that the open-air auditorium will be adequately served by a combination of surrounding public parking facilities and mass transit. In addition, the Commission shall find that the proposed loading facilities on the site are located so as not to adversely affect the movement of pedestrians or vehicles on the #streets# surrounding the auditorium.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area. Such conditions and safeguards may include, but are not limited to, restrictions on signage or requirements for soundproofing of auditoriums, shielding of floodlights or screening of open #uses#.

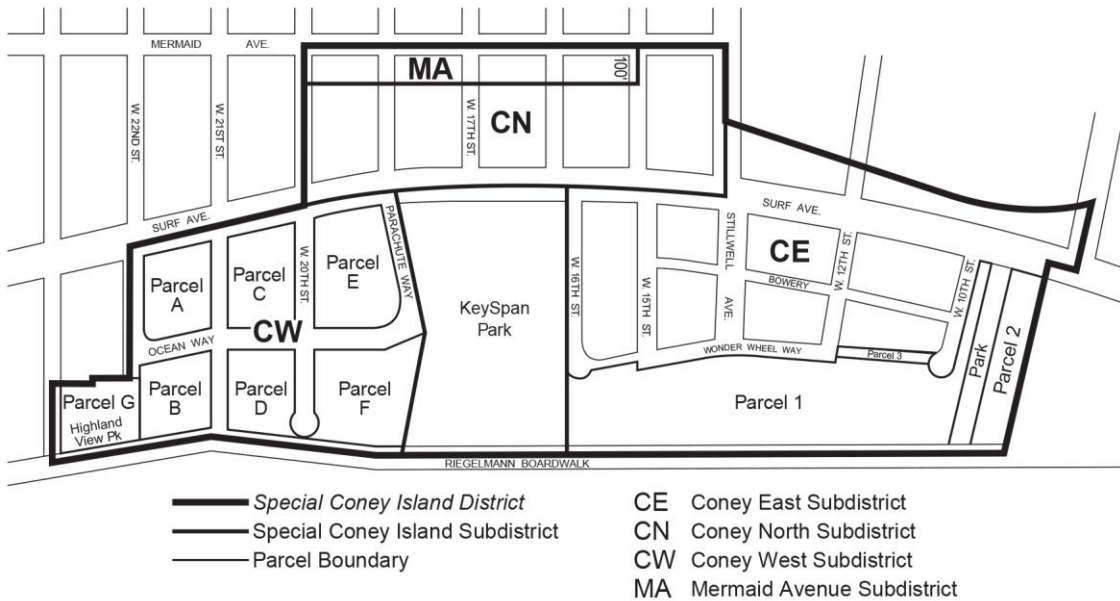

Upon the first issuance of this permit for an open-air auditorium, the effective period of the permit shall be ten years from the date a certificate of occupancy, including a

temporary certificate of occupancy, has been issued. To establish the term of years for subsequent applications for this special permit, the Commission shall, in determining whether the finding of paragraph (b)(1) of this Section is met, take into account the existing character of the surrounding area, as well as #residential# and #community facility development# proposed or under construction on surrounding #blocks#, and shall also consider whether continuation of such auditorium #use# within a proposed term of years would be compatible with or may hinder achievement of the goals and objectives of the #Special Coney Island District# plan. Subsequent applications for this special permit shall be filed no later than one year prior to expiration of the term of the permit then in effect.

Chapter 2

Special Enhanced Commercial District

(10/11/12)

132-00

GENERAL PURPOSES

The "Special Enhanced Commercial District," established in this Resolution, is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the promotion and maintenance of a lively and engaging pedestrian experience along commercial avenues and the following specific purposes:

- (a) in "Special Enhanced Commercial District" 1, to enhance the vitality of emerging commercial districts ensuring that a majority of the ground floor space within buildings is occupied by commercial establishments that enliven the pedestrian experience along the street;
- (b) in "Special Enhanced Commercial District" 2, to enhance the vitality of well-established commercial districts by ensuring that ground floor frontages continue to reflect the multi-store character that defines such commercial blocks;
- (c) in "Special Enhanced Commercial District" 3, to enhance the vitality of well-established commercial districts by limiting the ground floor presence of inactive street wall frontages;
- (d) in "Special Enhanced Commercial District" 4, to enhance the vitality of commercial districts by limiting the ground floor presence of inactive street wall frontages; and
- (e) to promote the most desirable use of land in the area and thus preserve, protect and enhance the value of land and buildings and thereby protect City tax revenues.

(6/28/12)

132-10

GENERAL PROVISIONS

The provisions of this Chapter shall apply to all #buildings# with #street# frontage along a #designated commercial street#.

The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

(10/11/12)

132-11

Special Enhanced Commercial Districts Specified

The #Special Enhanced Commercial District# is mapped in the following areas:

(a) #Special Enhanced Commercial District# 1 (11/29/11)

The #Special Enhanced Commercial District# 1 (EC-1) is established on the following #designated commercial streets# as indicated on #zoning maps# 16c and 16d:

- (1) Fourth Avenue, in the Borough of Brooklyn, generally between 24th Street and Atlantic Avenue.

(b) #Special Enhanced Commercial District# 2 (6/28/12)

The #Special Enhanced Commercial District# 2 (EC-2) is established on the following #designated commercial streets# as indicated on #zoning maps# 5d and 8c:

- (1) Amsterdam Avenue, in the Borough of Manhattan, generally between West 73rd and West 110th Streets; and
- (2) Columbus Avenue, in the Borough of Manhattan, generally between West 72nd and West 87th Streets.

(c) #Special Enhanced Commercial District# 3 (6/28/12)

The #Special Enhanced Commercial District# 3 (EC-3) is established on the following #designated commercial streets# as indicated on #zoning maps# 5d and 8c:

(1) Broadway, in the Borough of Manhattan, generally between West 72nd and West 110th Streets.

(d) #Special Enhanced Commercial District# 4 (10/11/12)

The #Special Enhanced Commercial District# 4 (EC-4) is established on the following #designated commercial streets# as indicated on #zoning maps# 13b and 17a:

(1) Broadway, in the Borough of Brooklyn, on the south side of the street generally between Sumner Place and Monroe Street.

(6/28/12)

132-12

Definitions

Ground floor level

For the purposes of this Chapter, "ground floor level" shall mean a #building's# lowest #story# located within 30 feet of the #building's street wall# along a #designated commercial street#.

Designated commercial street

For the purposes of this Chapter, a "designated commercial street" shall be the portion of those #streets# specified in Section 132-11.

(10/11/12)

132-13

Applicability of Special Use, Transparency and Parking Regulations

The special #use#, transparency and parking regulations of this

Chapter shall apply to #buildings# in #Special Enhanced Commercial Districts# as designated in the following table, except as otherwise provided in Sections 132-21, 132-31 and 132-41.

Table
Special Regulations for Enhanced Commercial Districts

Use Regulations

#Special Enhanced Commercial District#	Mandatory Ground Floor #Uses#			Minimum Number of Establishments (132-23)
	Minimum Percentage of #Commercial Uses# (132-22(a))	Mandatory Non- #Residential Uses# (132-22(b))	Other Permitted #Uses# (133-22c))

EC - 3 (Broadway, Manhattan)	X		
EC - 4 (Broadway, Brooklyn)	X	X	X

(6/28/12)

132-20

SPECIAL USE REGULATIONS

The special #use# regulations of this Section, inclusive, shall apply to #buildings# in the #Special Enhanced Commercial Districts# designated in Section 132-13 (Applicability of Special Use, Transparency and Parking Regulations), except as otherwise provided in Section 132-21 (Applicability of Use Regulations).

In all #Special Enhanced Commercial Districts#:

- (a) the finished floor of the #ground floor level#, for #developments# or #ground floor level enlargements#, shall be located not higher than two feet above, nor lower than two feet below, the as-built level of the adjacent sidewalk along a #designated commercial street#; and
- (b) where regulations apply to existing #buildings# in #Special Enhanced Commercial Districts# 2 and 3, constructed prior to June 28, 2012, the finished floor of the #ground floor level# shall be located not higher than five feet above, nor lower than five feet below, the as-built level of the adjacent sidewalk along a #designated commercial street#.

(10/11/12)

132-21

Applicability of Use Regulations

In #Special Enhanced Commercial Districts#, the applicable special #use# provisions set forth in Section 132-13 (Applicability of Special Use, Transparency and Parking Regulations) shall apply as follows:

- (a) #Special Enhanced Commercial Districts# 1 and 4

In the #Commercial Districts# located within #Special Enhanced Commercial Districts# 1 and 4, the applicable special #use# provisions indicated in the table in Section 132-13 shall apply to #developments# and to #buildings

enlarged# on the #ground floor level#, where such #ground floor level# fronts upon a #designated commercial street#, except that such provisions shall not apply to #zoning lots# with a width of less than 20 feet, as measured along the #street line# of the #designated commercial street#, provided such #zoning lot# existed on:

- (1) November 29, 2011, in #Special Enhanced Commercial District# 1; and
- (2) October 11, 2012, in #Special Enhanced Commercial District# 4.

(b) #Special Enhanced Commercial Districts# 2 and 3

In #Special Enhanced Commercial Districts# 2 and 3, the applicable special #use# provisions indicated in the table in Section 132-13 shall apply to all #buildings# with frontage along a #designated commercial street#, except that such provisions shall not apply to:

- (1) the portion of a #ground floor level# of a #building# containing a #commercial use# continuously existing since June 28, 2012, where the average depth of such #commercial use# is less than 30 feet, as measured from the #street wall# of the #building# fronting upon the #designated commercial street#;
- (2) any establishment which has been lawfully issued a building permit on or before June 28, 2012, authorizing "other construction," as set forth in paragraph (c)(3) of Section 11-31 (General Provisions), that would create a #street wall# width exceeding the maximum #street wall# width set forth in Section 132-24, provided that such "other construction" is completed by December 28, 2012. However, where such establishment is located within a landmark #building# or within an Historic District designated by the Landmarks Preservation Commission, and a completed application has been filed at the Landmarks Preservation Commission on or before June 28, 2012, such "other construction" shall be completed within six months after a Certificate of Appropriateness or other permit approving the #building# design was obtained from the Landmarks Preservation Commission.

In the event that such "other construction" has been commenced but not completed before the applicable date set forth in this paragraph, (b)(2), the building permit shall automatically lapse and the right to continue construction shall terminate. An application to renew the building permit may be made to the Board of Standards and Appeals not more than 30 days after the lapse of such building permit. The Board may renew the building permit pursuant to the provisions set forth in paragraph (b) of Section 11-332 (Extension of period to complete construction); and

- (3) in #Special Enhanced Commercial District# 2, the portion of a #ground floor level# of a #building# containing a food store, as listed in Use Group 6A, where at least 6,000 square feet of #floor area#, or #cellar# space utilized for retailing, is utilized for the sale of a general line of food and non-food grocery products, such as dairy, canned and frozen foods, fresh fruits and vegetables, fresh and prepared meats, fish and poultry, intended for home preparation, consumption and utilization. Such retail space utilized for the sale of a general line of food and non food grocery products shall be distributed as follows:
 - (i) at least 3,000 square feet or 50 percent of such retail space, whichever is greater, shall be utilized for the sale of a general line of food products intended for home preparation, consumption and utilization; and
 - (ii) at least 2,000 square feet or 30 percent of such retail space, whichever is greater, shall be utilized for the sale of perishable goods that shall include dairy, fresh produce, frozen foods and fresh meats, of which at least 500 square feet of such retail space shall be designated for the sale of fresh produce.

In addition, in all #Special Enhanced Commercial Districts#, the applicable special #use# provisions indicated in the table in Section 132-13 shall not apply to any #community facility building# used exclusively for either a #school#, as listed in Use Group 3, or a house of worship, as listed in Use Group 4.

(6/28/12)

132-211

Non-conforming uses

In #Special Enhanced Commercial Districts# 2 and 3, the regulations of Article V, Chapter 2, shall be modified, as follows:

- (a) For the purposes of this Chapter, #non-conforming uses# shall include #ground floor level uses# exceeding the applicable maximum #street wall# widths set forth in Section 132-24.
- (b) Any #ground floor level use# with a #non-conforming street wall# width may be continued or changed to another #use# permitted by the applicable district regulations, provided that such change of #use# does not create a new #non-conformance# or increase the degree of #non-conformance# with regard to the permitted #street wall# width of such proposed #use#. The discontinuance provisions of Section 52-60 shall not apply to such change of #use# within establishments with #non-conforming street wall# widths.

(10/11/12)

132-22

Mandatory Ground Floor Uses

In the applicable #Special Enhanced Commercial Districts# indicated in the table in Section 132-13 (Applicability of Special Use, Transparency and Parking Regulations), the following provisions shall apply to the #ground floor level street walls# of #buildings# fronting along a #designated commercial street#. For #buildings# fronting along multiple #streets#, the required percentage of #ground floor level street wall# allocated to certain #uses#, as set forth in this Section, shall apply only to the portion of the #building's ground floor level# fronting upon a #designated commercial street#.

- (a) Minimum percentage of #commercial uses#

Mandatory #commercial use# regulations shall apply to an area of a #building's ground floor level# defined by an

aggregate width equal to at least 50 percent of a #building's street wall# along a #designated commercial street# and a depth equal to at least 30 feet, as measured from the #street wall# along the #designated commercial street#. Such an area on the #ground floor level# shall be occupied by #commercial uses# listed in Use Groups 5, 6A, 6C excluding banks and loan offices, 7B, 8A, 8B or 9A.

The remaining portion of the #ground floor level# shall be occupied by any non-#residential use# permitted by the underlying district regulations, or by other #uses# permitted pursuant to paragraph (c) of this Section.

(b) Mandatory non-#residential uses#

In the applicable #Special Enhanced Commercial Districts#, the #ground floor level# of a #building# fronting along a #designated commercial street# shall be occupied by any non-#residential use# permitted by the underlying district regulations or by other #uses# permitted pursuant to paragraph (c) of this Section.

(c) Other permitted #uses#

In the applicable #Special Enhanced Commercial Districts#, the following #uses# shall be permitted on the #ground floor level# of a #building# along a #designated commercial street#, only as follows:

- (1) #residential# lobbies, and an associated vertical circulation core, shall be permitted on the #ground floor level#, provided that such lobbies comply with the maximum width provisions of paragraph (c) of Section 132-24 (Maximum Width Restrictions). In addition, the 30 foot depth requirement for #commercial uses# set forth in paragraph (a) of this Section, where applicable, may be encroached upon where necessary to accommodate a vertical circulation core associated with such #residential# lobby; and
- (2) #accessory# off-street parking spaces and entrances and exits shall be permitted on the #ground floor level#, provided that such off-street parking spaces and associated entrances and exits comply with the provisions of Section 132-40 (SPECIAL PARKING REGULATIONS).

(6/28/12)

132-23

Minimum Number of Establishments

In the applicable #Special Enhanced Commercial Districts# indicated in the table in Section 132-13 (Applicability of Special Use, Transparency and Parking Regulations), the following provisions shall apply to the #ground floor level# of all #buildings# with #street# frontage along a #designated commercial street#.

For #zoning lots# with a #lot width# of 50 feet or more, as measured along the #street line# of the #designated commercial street#, a minimum of two non-#residential# establishments shall be required for every 50 feet of #street# frontage. In addition, each such #ground floor level# establishment shall have an average depth equal to at least 30 feet, as measured from the #street wall# along the #designated commercial street#. However, such depth requirement may be reduced where necessary in order to accommodate a vertical circulation core associated with a #residential# lobby.

(6/28/12)

132-24

Maximum Street Wall Width

In the applicable #Special Enhanced Commercial Districts# indicated in the table in Section 132-13 (Applicability of Special Use, Transparency and Parking Regulations), the following provisions shall apply to the #ground floor level# of all #buildings# with #street# frontage along a #designated commercial street#.

(a) Banks and loan offices

In the applicable #Special Enhanced Commercial Districts#, within 30 feet of a #building's street wall# along a #designated street#, the maximum #street wall# width of a bank or loan office, as listed in Use Group 6C, on a #ground floor level# shall not exceed 25 feet.

(b) Other non-#residential# establishments

In the applicable #Special Enhanced Commercial Districts#, the maximum #street wall# width of any non-#residential ground floor level# establishment, other than a bank or loan office, shall not exceed 40 feet, as measured along the #street line# of a #designated commercial street#.

(c) #Residential# lobbies

In the applicable #Special Enhanced Commercial Districts#, the maximum #street wall# width of any #ground floor level residential# lobby shall not exceed 25 feet, as measured along the #street line# of a #designated commercial street#.

(6/28/12)

132-30

SPECIAL TRANSPARENCY REGULATIONS

The special transparency regulations of this Section, inclusive, shall apply to #buildings# in the #Special Enhanced Commercial Districts# indicated in the table in Section 132-13

(Applicability of Special Use, Transparency and Parking Regulations), except as otherwise provided in Section 132-31.

(10/11/12)

132-31

Applicability of Transparency Regulations

In #Special Enhanced Commercial Districts#, the special transparency provisions indicated in the table in Section 132-13 shall apply to #developments# and to #buildings enlarged# on the #ground floor level#, where such #ground floor level# fronts on a #designated commercial street#, except that such provisions shall not apply:

- (a) to #zoning lots# in #Commercial Districts# with a width of less than 20 feet, as measured along the #street line# of a #designated commercial street#, provided such #zoning lots# existed on:

- (1) November 29, 2011, for #Special Enhanced Commercial District# 1;
 - (2) June 28, 2012, for #Special Enhanced Commercial Districts# 2 and 3; and
 - (3) October 11, 2012, for #Special Enhanced Commercial District# 4;
- (b) to any #community facility building# used exclusively for either a #school#, as listed in Use Group 3, or a house of worship, as listed in Use Group 4; and
- (c) in #Special Enhanced Commercial Districts# 1 and 4, to #buildings# in #Residence Districts# where the #ground floor level# contains #dwelling units# or #rooming units#.

(6/28/12)

132-32

Ground Floor Level Transparency Requirements

In the applicable #Special Enhanced Commercial Districts#, as indicated in the table in Section 132-13 (Applicability of Special Use, Transparency and Parking Regulations), the special transparency regulations of this Section shall apply to the #ground floor level street walls# of #buildings# fronting along a #designated commercial street#. For #buildings# fronting along multiple #streets#, the required percentage of #ground floor level street wall# allocated to transparent materials, as set forth in this Section, shall apply only to the portion of the #building's ground floor level# fronting upon a #designated commercial street#.

The #ground floor level street wall# shall be glazed with transparent materials which may include #show windows#, transom windows or glazed portions of doors. Such transparent materials may be provided anywhere on such #ground floor level street wall#, except that:

- (a) transparent materials shall occupy at least 50 percent of the surface area of such #ground floor level street wall# between a height of two feet and 12 feet, or the height of the ground floor ceiling, whichever is higher, as measured

from the adjoining sidewalk. Transparent materials provided to satisfy such 50 percent requirement shall:

- (1) not begin higher than 2 feet, 6 inches, above the level of the adjoining sidewalk, with the exception of transom windows, or portions of windows separated by mullions or other structural dividers; and
 - (2) have a minimum width of two feet; and
- (b) the maximum width of a portion of the #ground floor level street wall# without transparency shall not exceed ten feet.

However, where an entrance to an off-street parking facility is permitted on a #designated commercial street# in accordance with the provisions of Section 132-43 (Curb Cut Requirements), the transparency requirements of this Section shall not apply to the portion of the #ground floor level street wall# occupied by such entrance.

(6/28/12)

132-40

SPECIAL PARKING REGULATIONS

The special parking regulations of this Section, inclusive, shall apply to all #buildings# in the #Special Enhanced Commercial Districts# indicated in the table in Section 132-13 (Applicability of Special Use, Transparency and Parking Regulations).

(6/28/12)

132-41

Applicability of Parking Regulations

In #Special Enhanced Commercial Districts#, the applicable special parking provisions indicated in the table in Section 132-13 (Applicability of Special Use, Transparency and Parking Regulations) shall apply to all #buildings# with frontage along a #designated commercial street#.

(6/28/12)

132-42

Locations of Parking Spaces

In the applicable #Special Enhanced Commercial Districts#, as indicated in the table in Section 132-13 (Applicability of Special Use, Transparency and Parking Regulations), the following provisions shall apply to the ground floor of all #buildings# with #street# frontage along a #designated commercial street#.

All off-street parking spaces shall be located within a #completely enclosed building#.

Enclosed, off-street parking spaces shall be permitted on the ground floor of a #building# only where they are located beyond 30 feet of such #building's street wall# along a #designated commercial street#. Entrances to such spaces along a #designated commercial street# shall be permitted only where a curb cut is allowed in accordance with the provisions of Section 132-43.

(10/11/12)

132-43

Curb Cut Requirements

In the applicable #Special Enhanced Commercial Districts#, as indicated in the table in Section 132-13 (Applicability of Special Use, Transparency and Parking Regulations), the following provisions shall apply to the ground floor of all #buildings# with #street# frontage along a #designated commercial street#.

For #zoning lots# with frontage along a #designated commercial street# and another #street#, curb cuts accessing off-street parking spaces shall not be permitted along a #designated commercial street#.

Curb cuts accessing off-street parking spaces shall be permitted on a #designated commercial street# only where such curb cut is located on a #zoning lot# that:

- (a) is an #interior lot# fronting along a #designated commercial street#;
- (b) existed on:
 - (1) November 29, 2011, in #Special Enhanced Commercial District# 1; or
 - (2) October 11, 2012, in #Special Enhanced Commercial District# 4;
- (c) has a width of at least 60 feet, as measured along the #street line# of the #designated commercial street#; and
- (d) has a #lot area# of at least 5,700 square feet.

(6/28/12)

132-50

CERTIFICATIONS AND AUTHORIZATIONS

(6/28/12)

132-51

Certification to Allow a Limited Increase in Street Wall Width

In #Special Enhanced Commercial District# 2, an establishment may #extend#, thereby exceeding the maximum #street wall# width for non-#residential# establishments set forth in paragraph (b) of Section 132-24, and may reduce the number of establishments required pursuant to 132-23 upon certification by the Chairperson of the City Planning Commission to the Department of Buildings that:

- (a) the proposed establishment does not exceed a maximum #street wall# width of 60 feet; and
- (b) the applicant has submitted an affidavit attesting to and including information that:
 - (1) at the time of application for #extension#, the #use# has existed within such #building# for a period of one year; and

- (2) such existing establishment cannot #extend# without increasing the #street wall# width for such establishment because of:
 - (i) physical restrictions created by the #building# design, including, but not limited to, the location of existing structural walls and vertical circulation cores;
 - (ii) the presence of other #uses# with ongoing or expected occupancy within such #building#; or
 - (iii) regulatory limitations; and
- (c) the applicant has demonstrated that at the time of application not more than one non-#residential# establishment, either existing, or with an approved certification or authorization pursuant to Section 132-50 that has not lapsed, has a #street wall# width exceeding 40 feet on either the same #block# frontage containing the applicant's establishment, or on the #block# frontage directly across the #street# from the #block# containing such establishment, or on the #blocks# fronting on the #commercial street# immediately adjacent to the north and south of the #block# containing such applicant's establishment.

In order to demonstrate such conditions, the applicant shall:

- (1) submit photographs or dimensioned elevation drawings to verify compliance with the conditions specified in this paragraph, (c); and
- (2) provide at the time of application, pursuant to Section 132-50, evidence of any other approved applications for certifications or authorizations that have not lapsed in the geographic boundaries set forth in this paragraph, (c).

A copy of an application for certification pursuant to this Section shall be sent by the Department of City Planning to the affected Community Board, which may review such proposal and submit comments to the Chairperson of the City Planning Commission. If the Community Board elects to comment on such application, it must be done within 30 days of receipt of such

application. The Chairperson will not act on such application until the Community Board's comments have been received, or the 30 day comment period has expired, whichever is earlier.

A certification granted pursuant to this Section shall automatically lapse if substantial construction in accordance with the plans for which such certification was granted, has not been completed within one year from the effective date of such certification.

(6/28/12)

132-52

Authorization to Modify Maximum Street Wall Widths of Establishments

In #Special Enhanced Commercial Districts# 2 and 3, the City Planning Commission may authorize a modification of the maximum #street wall# width of non-#residential# establishments, as set forth in paragraphs (a) and (b) of Section 132-24, provided the Commission finds that:

- (a) such additional frontage space is required for the operation of such proposed #use#, and such #use# cannot be reasonably configured within the permitted #street wall# width; or
- (b) a high ground floor vacancy rate exists within a reasonable distance of the proposed #use#, and such high vacancy rate is a consequence of adverse market conditions.

The land use application for an authorization pursuant to this Section shall be sent to the applicable Community Board. If the Community Board elects to comment on such application, it must be done within 30 days of receipt of such application. The Chairperson will not act on such application until the Community Board's comments have been received, or the 30 day comment period has expired, whichever is earlier.

Article XIII - Special Purpose Districts

Chapter 3

Special Southern Roosevelt Island District

(5/8/13)

133-00

GENERAL PURPOSES

The #Special Southern Roosevelt Island District# established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) providing opportunities for the development of an academic and research and development campus in a manner that benefits the surrounding community;
- (b) allowing for a mix of residential, retail and other commercial uses to support the academic and research and development facilities and complementing the urban fabric of Roosevelt Island;
- (c) establishing a network of publicly-accessible open areas that take advantage of the unique location of Roosevelt Island and that integrate the academic campus into the network of open spaces on Roosevelt Island and provide a community amenity;
- (d) strengthening visual and physical connections between the eastern and western shores of Roosevelt Island by establishing publicly-accessible connections through the Special District and above-grade view corridors;
- (e) encouraging alternative forms of transportation by eliminating required parking and placing a maximum cap on permitted parking;
- (f) providing flexibility of architectural design within limits established to assure adequate access of

light and air to the street and surrounding waterfront open areas, and thus to encourage more attractive and innovative building forms; and

- (g) promoting the most desirable use of land in this area and thus conserving the value of land and buildings, and thereby protecting the City's tax revenues.

(5/8/13)

133-01

Definitions

Definitions specifically applicable to this Chapter are set forth in this Section and may modify definitions set forth in Section 12-10 (DEFINITIONS). Where matter in italics is defined both in Section 12-10 and in this Chapter, the definitions in this Chapter shall govern.

Base plane

The definition of #base plane# is hereby modified to mean elevation 19.0, which elevation reflects the measurement in feet above Belmont Island Datum, which is 2.265 feet below the mean sea level at Sandy Hook, N.J.

Development parcel

The "development parcel" is all of the property located within the boundaries of the #Loop Road#, as shown in the Appendix to this Chapter. The #development parcel# shall be deemed a single #zoning lot# for the purpose of applying all regulations of this Resolution.

Loop Road - East Loop Road, North Loop Road, South Loop Road, West Loop Road

The "Loop Road" shall be comprised of the "East Loop Road", the "North Loop Road", the "South Loop Road", and the "West Loop Road", as shown on in the Appendix to this Chapter. All such roads shall be deemed separate #streets# for the purpose of applying all regulations of this Chapter and shall not generate #floor area#.

(5/8/13)

133-02

General Provisions

The provisions of this Chapter shall apply within the #Special Southern Roosevelt Island District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

(5/8/13)

133-03

District Plan and Maps

The regulations of this Chapter are designed to implement the #Special Southern Roosevelt Island District# Plan.

The District Plan includes the following maps:

Map 1 - Special Southern Roosevelt Island District,
Development Parcel and Loop Road

Map 2 - Public Access Areas.

The Maps are located in Appendix A of this Chapter and are hereby incorporated and made part of this Resolution. The Maps are incorporated for the purpose of specifying locations where the special regulations and requirements set forth in this Chapter apply.

(5/8/13)

133-04

Applicability of Article III, Chapter 6

The provisions of Article III, Chapter 6 (Accessory Off-

Street Parking and Loading Regulations) shall not apply in the #Special Southern Roosevelt Island District#. In lieu thereof, a maximum of 500 #accessory# parking spaces shall be permitted, which may be made available for public use.

However, bicycle parking shall be provided in accordance with the provisions of Section 36-70.

(5/8/13)

133-05

Applicability of Special Regulations Applying in the Waterfront Area

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), shall not apply in the #Special Southern Roosevelt Island District#. In lieu thereof, the area between the #shoreline# and the western #street line# of the #West Loop Road# and the area between the #shoreline# and the eastern #street line# of the #East Loop Road# shall be used exclusively for open recreational uses, and shall be accessible to the public at all times.

(5/8/13)

133-10

SPECIAL USE REGULATIONS

(5/8/13)

133-11

Additional Uses

Within the #development parcel#, the provisions of Section 32-10 (USES PERMITTED AS-OF-RIGHT) are modified to permit Use Group 17B research, experimental or testing laboratories. Any Use Group 17B #uses# within the #development parcel# shall conform with the performance standards of Section 42-20, inclusive, applicable to such

#use# in an M1 District.

(5/8/13)

133-12

Location within Buildings

Within the #development parcel#, the provisions of Section 32-422 (Location of floors occupied by commercial uses) shall not apply.

(5/8/13)

133-20

SPECIAL BULK REGULATIONS

Within the #development parcel#, the special #bulk# regulations of this Section, inclusive, shall apply.

(5/8/13)

133-21

Floor Area Ratio

The #floor area# provisions of Section 23-14 (Minimum Required Open Space, Open Space Ratio, Maximum Lot Coverage and Maximum Floor Area Ratio), shall be modified to permit a maximum #residential floor area ratio# of 3.44 without regard to a #height factor#. In addition, the maximum permitted #floor area ratio# for a Use Group 17B research, experimental or testing laboratory shall be 3.40.

(5/8/13)

133-22

Lot Coverage

The #open space ratio# requirements of Section 23-14

(Minimum Required Open Space, Open Space Ratio, Maximum Lot Coverage and Maximum Floor Area Ratio), and the #lot coverage# requirements of Sections 23-14 and 24-11 (Maximum Floor Area Ratio and Percentage of Lot Coverage) shall not apply. In lieu thereof, the aggregate #lot coverage# for all #buildings# shall comply with the following requirements.

- (a) The maximum #lot coverage# from the #base plane# to a height that is 20 feet above the #base plane# shall be 70 percent.
- (b) The maximum #lot coverage# from a height that is more than 20 feet above the #base plane# to a height that is 60 feet above the #base plane# shall be 60 percent.
- (c) The maximum #lot coverage# from a height that is more than 60 feet above the #base plane# to a height that is 180 feet above the #base plane# shall be 45 percent.
- (d) The maximum #lot coverage# above a height of 180 feet above the #base plane# shall be 25 percent.

The City Planning Commission may authorize an increase in the maximum #lot coverage# as set forth in paragraph (c) of this Section to up to 55 percent, upon finding that such increase is necessary to achieve the programmatic requirements of the development, and will not unduly restrict access of light and air to publicly-accessible areas and #streets#.

(5/8/13)

133-23

Height and Setback

The height and setback regulations of Sections 23-60, 24-50 and 33-40 shall apply, except as modified by this Section. All heights shall be measured from the #base plane#.

(5/8/13)

133-231

Modification of height and setback controls

#Buildings or other structures# may exceed the underlying height and setback regulations for a percentage of the length of each #street line# of the #Loop Road#, as follows:

- (a) #North Loop Road# - 65 percent
- (b) #East Loop Road# - 35 percent
- (c) #West Loop Road# - 35 percent
- (d) #South Loop Road# - 65 percent.

Furthermore, the #street line# length percentages set forth in paragraphs (a) through (d) of this Section may be exceeded by one percentage point for every two percentage points that the #lot coverage# within 50 feet of a #street line# is less than the following percentage:

- (1) #North Loop Road# - 50 percent
- (2) #East Loop Road# - 30 percent
- (3) #South Loop Road# - 50 percent
- (4) #West Loop Road# - 30 percent.

All portions of #buildings or other structures# that exceed the underlying height and setback regulations in accordance with this Section shall comply with the height regulations of Section 133-232.

(5/8/13)

133-232

Height regulations

For the portion of any #building or other structure# exceeding the height and setback regulations set forth in

Section 133-231, the maximum height of such portion located within 500 feet of the #North Loop Road# shall be 320 feet, exclusive of permitted obstructions allowed by the underlying height and setback regulations, and the maximum height for any such portion on the remainder of the #development parcel# shall be 280 feet, exclusive of such permitted obstructions.

(5/8/13)

133-233

Maximum area of stories above a height of 180 feet

The gross area of any #story# located entirely above a height of 180 feet shall not exceed 15,000 square feet. Where a single #building# has two or more portions located above 180 feet that are entirely separate from one another above such height, each such portion shall not exceed a gross area of 15,000 square feet for any #story# located in whole or part above 180 feet.

(5/8/13)

133-234

Permitted obstructions

Sections 23-62, 24-51 and 33-42 (Permitted Obstructions) shall be modified to allow #accessory# energy generating systems on the roof of a #building#, or any other structures supporting such systems, as permitted obstructions, without limitations.

(5/8/13)

133-24

Distance between Buildings

The requirements of Sections 23-70 (MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT) and 23-82 (Building Walls Regulated by Minimum Spacing Requirements) shall not apply, provided that if

two or more #buildings# or portions of #buildings# are detached from one another at any level, such #buildings#, or such detached portions of #buildings#, shall at no point be less than eight feet apart at or below a height of 180 feet, and shall at no point be less than 60 feet apart above a height of 180 feet.

(5/8/13)

133-25

Modification of Bulk Regulations

Within the #Special Southern Roosevelt Island District#, the City Planning Commission may, by special permit, allow a modification of the #bulk# regulations of this Chapter and the underlying #bulk# regulations, except #floor area# regulations, provided the Commission finds that:

- (a) such modifications are necessary to achieve the programmatic requirements of the academic and research and development campus;
- (b) such distribution of #bulk# will result in better site planning and will thus benefit both the residents, occupants or users of the #Special Southern Roosevelt Island District# and the surrounding neighborhood;
- (c) such distribution of #bulk# will permit adequate access of light and air to surrounding public access areas, #streets# and properties; and
- (d) such distribution of #bulk# will not unduly increase the #bulk# of #buildings# in the #Special Southern Roosevelt Island District# to the detriment of the occupants or users of #buildings# in the Special District or on nearby #blocks#.

(5/8/13)

133-30

PUBLIC ACCESS AREAS

At least 20 percent of the #lot area# of the #development parcel# shall be publicly accessible and shall include, but need not be limited to, a Central Open Area, a North-South Connection, and a Waterfront Connection Corridor, for which the size and location requirements are set forth in Section 133-31. Any supplemental public access areas provided in order to meet the minimum public access #lot area# requirements of this Section shall comply with the requirements of paragraph (d) of Section 133-31. Design and operational standards for such public access areas are set forth in Section 133-32.

(5/8/13)

133-31

Size and Location of Public Access Areas

(a) Central Open Area

A Central Open Area shall front upon the #West Loop Road# for a minimum linear distance of 150 feet and be located at least 300 feet south of the #North Loop Road#, and at least 300 feet north of the #South Loop Road#. The Central Open Area shall be at least 30,000 square feet in area, with no portion having a dimension less than 20 feet in all directions counting towards such minimum area.

(b) North-South Connection

A continuous pedestrian connection shall be provided through the #development parcel# from the #North Loop Road#, or from the #West Loop Road# or #East Loop Road# within 200 feet of the #North Loop Road#, to the #South Loop Road#, or to the #West Loop Road# or #East Loop Road# within 200 feet of the #South Loop Road#. Such North-South Connection shall have a minimum width of 50 feet throughout its required length. The North-South Connection shall include at least one segment with a minimum length of 300 feet located more than 100 feet from both the #West Loop Road# and #East Loop Road#.

The North-South Connection shall connect to the Central Open Area either directly, or through a

supplemental public access area having a minimum width of 30 feet. In the event that the North-South Connection traverses the Central Open Area, the area within the North-South Connection, as determined by its length and minimum required width shall not be included in the 30,000 square foot minimum area of the Central Open Area.

There shall be at least one publicly-accessible connection from the #East Loop Road# and from the #West Loop Road# to the North-South Connection. Such connections shall have a minimum width of 30 feet, and shall be located a minimum of 300 feet south of the #North Loop Road# and a minimum of 300 feet north of the #South Loop Road#. In addition, such connections may be coterminous with the Waterfront Connection Corridor required by paragraph (c) of this Section.

(c) Waterfront Connection Corridor

A Waterfront Connection Corridor shall be provided through the #development parcel# allowing for pedestrian access between the western boundary of the #East Loop Road# and either the eastern boundary of the #West Loop Road# or the eastern boundary of the Central Open Area. Such corridor shall be located in its entirety in the area located 300 feet south of the #North Loop Road# and 300 feet north of the #South Loop Road#. The Waterfront Connection Corridor shall have a minimum width of 30 feet.

(d) Supplemental Public Access

Supplemental public access areas may be located anywhere within the #development parcel#, provided such areas have a minimum dimension of 20 feet in all directions and connect directly to one or more of the #Loop Roads#, the North-South Connection, the Central Open Space and the Waterfront Connection Corridor.

(5/8/13)

(a) Level of public access areas and limits on coverage

At least 80 percent of publicly-accessible areas shall be located at grade level, or within five feet of grade level, as such grade level may change over the #development parcel#, and shall be open to the sky. The remainder of such publicly-accessible areas may be enclosed, covered by a structure, or located more than five feet above or below grade level, provided that such publicly-accessible areas are directly accessible from public access areas that are at grade level or within five feet of grade level, and in all cases have a minimum clear height of 15 feet.

At least 50 percent of the linear #street# frontage for the Central Open Area required under Section 133-31, paragraph (a), shall be located at the same elevation as the adjoining sidewalk of the #West Loop Road#. At least 80 percent of the area of the Central Open Area shall be open to the sky, and the remainder may be open to the sky or covered by a #building or other structure#. A minimum clear height of 30 feet shall be provided in any area of the Central Open Area covered by a #building or other structure#.

The northern and southern access points to the North-South Connection shall be located at the same elevation as the adjoining public sidewalk. The elevation of the North-South Connection may vary over the remainder of its length. At least 70 percent of the area of the North-South Connection shall be open to the sky, and the remainder may be open to the sky or covered by a #building or other structure#. A minimum clear height of 15 feet shall be provided in any area of the North-South Connection covered by a #building or other structure#.

Any portion of the Waterfront Connection Corridor that is covered by a #building# or located within a #building# shall have a minimum clear height of 30 feet, provided that overhead walkways, structures and lighting occupying in the aggregate no more than 10 percent of the area of the Waterfront Connection

Corridor, as determined by the minimum required width, shall be permitted within the required clear height.

(b) Clear paths

The North-South Connection and the Waterfront Connection Corridor shall each have a clear path of 12 feet throughout their entire required lengths, including those connections required between the North-South Connection and the #East# and #West Loop Roads#. All such clear paths shall be accessible to persons with disabilities.

(c) Permitted obstructions

Permitted obstructions allowed under paragraph (a) of Section 62-611 may be located within any required public access area, provided that no such permitted obstructions shall be located within a required clear path. Furthermore, kiosks may be up to 500 square feet in area, and open air cafes may occupy not more than five percent of any required public access area.

(d) Seating

A minimum of one linear foot of seating shall be provided for each 200 square feet of required public access areas. Required seating types may be moveable seating, fixed individual seats, fixed benches with or without backs, and design-feature seating such as seat walls, planter edges or steps. All required seating shall comply with the following standards:

- (1) Seating shall have a minimum depth of 18 inches. Seating with 36 inches or more in depth may count towards two seats, provided there is access to both sides. When required seating is provided on a planter ledge, such ledge must have a minimum depth of 22 inches.
- (2) Seating shall have a height not less than 16 inches or greater than 20 inches above the level of the adjacent walking surface. However, as described in paragraph (d)(5) of this Section, seating steps may have a height not to

exceed 30 inches and seating walls may have a height not to exceed 24 inches.

- (3) At least 50 percent of the linear feet of fixed seating shall have backs at least 14 inches high and a maximum seat depth of 20 inches. Walls located adjacent to a seating surface shall not count as seat backs. All seat backs must either be contoured in form for comfort or shall be reclined from vertical between 10 to 15 degrees.
- (4) Moveable seating shall be credited as 24 inches of linear seating per chair. All moveable seats must have backs and a maximum seat depth of 20 inches. Moveable chairs shall not be chained, fixed, or otherwise secured while the public access area is open to the public.
- (5) Seating steps and seating walls may be used for required seating if such seating does not, in aggregate, represent more than 15 percent of the linear feet of all required seating. Seating steps shall not include any steps intended for circulation and must have a height not less than six inches nor greater than 30 inches and a depth not less than 18 inches. Seating walls shall have a height not greater than 18 inches; such seating walls, however, may have a height not to exceed 24 inches if they are located within 10 feet of an edge of a public access area.

Seating shall be provided in the Central Open Area in an amount equal to a minimum of one linear foot for every 100 square feet of the Central Open Area. Such seating shall include at least one moveable chair for every 500 square feet of the Central Open Area, and at least one other seating type. One table shall be provided for every four moveable chairs. At least 15 percent of the required seating shall be located within 20 feet of any #Loop Road#, and at least 10 percent of such required seating shall be located within 20 feet of the North-South Connection or any supplemental public access area that connects the Central Open Area to the North-South Connection.

Seating shall be provided in the North-South Connection in an amount equal to at least one linear foot for every 150 square feet of the North-South Connection. At least 20 linear feet of such seating shall be located within 20 feet of its northern entrance and an additional 20 linear feet of such seating shall be located within 20 feet of its southern entrance. There shall be at least two types of seating in the North-South Connection.

Seating for open air cafes may be used by members of the public regardless of whether such persons are patrons of a cafe when not being used for service.

(e) Planting

At least 20 percent of the required public access areas on the #development parcel# shall be comprised of planted areas, including planting beds and lawns.

At least 30 percent of the Central Open Area shall be planted with lawns, planting beds or a combination thereof.

(f) Hours

All required public access areas shall be open daily from 6:00 am to 10:00 pm. Signs stating that the North-South Connection is publicly-accessible shall be posted at its northern and southern entrances. Signs indicating that the Central Open Space is publicly-accessible shall be posted at its entrance from the #West Loop Road# and the North-South Connection.

(5/8/13)

133-40

BUILDING PERMITS

The Department of Buildings shall not approve any application for a building permit for a #development# or #enlargement# unless such application shows the location of the Central Open Area, the North-South Connection and the Waterfront Connection Corridor, and any supplemental

public access areas, for the purpose of demonstrating that the required amount of public access area, as set forth in Sections 133-30 and 133-31, is able to be accommodated on the #development parcel#.

(5/8/13)

133-50 PHASING

The public access areas required pursuant to Section 133-30, inclusive, may be built out in phases on the #development parcel# in accordance with this Section.

No temporary or permanent certificate of occupancy from the Department of Buildings may be issued for more than 300,000 square feet of #floor area developed# or #enlarged# on the #development parcel# until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that at least 25,000 square feet of public access area is substantially complete and open to the public.

No temporary or permanent certificate of occupancy from the Department of Buildings may be issued for more than 500,000 square feet of #floor area developed# or #enlarged# on the #development parcel# until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that at least 40,000 square feet of public access area is substantially complete and open to the public. The Central Open Area shall be part of the public access area required to be substantially completed and open to the public under this paragraph.

No temporary or permanent certificate of occupancy from the Department of Buildings may be issued for each additional 200,000 square feet of #floor area developed# or #enlarged# on the #development parcel# until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that an additional 12,000 square feet of public access area is substantially completed and open to the public. A portion of the North-South Connection connecting at least one of the #Loop Roads# and the Central Open Area shall be substantially completed and open to the public prior to obtaining a

temporary or permanent certificate of occupancy for more than 750,000 square feet of #floor area developed# or #enlarged# on the #development parcel#. The Waterfront Connection shall be substantially completed and open to the public prior to obtaining a temporary or permanent certificate of occupancy for more than 900,000 square feet of #floor area developed# or #enlarged# on the #development parcel#.

Except as set forth above, the open space provided pursuant to this Section may include interim open space areas, provided that no temporary or permanent certificate of occupancy from the Department of Buildings may be issued for more than 1,700,000 square feet of #floor area developed# or #enlarged# on the #development parcel# until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that all of the Central Open Area, the North-South Connection, and the Waterfront Connection are substantially complete and open to the public.

Not more than 20 percent of the #lot area# of the #development parcel# shall be required to be improved as public access areas, and the obligation to provide public access areas, in accordance with paragraphs (a), (b), (c) and (d) of this Section, shall terminate at such time as 20 percent of the #lot area# of the #development parcel# has been improved as public access areas and has been opened to the public.

(5/8/13)

133-60

MODIFICATION OF PUBLIC ACCESS AREAS

Any public access area may be modified, eliminated or reconfigured over time, provided that such modification, elimination or reconfiguration does not reduce the amount of public access area required under Section 133-40 (Phasing) for the amount of #floor area# located on the #development parcel# at the time of such activity. Any modified or reconfigured public access area shall comply with the applicable provisions of Section 133-30, inclusive.

(5/8/13)

133-70

NO-BUILD VOLUME

A volume shall be established on the #development parcel# between a line that is 300 feet south of the #North Loop Road# and a line that is 300 feet north of the #South Loop Road#. Such volume shall extend from the #East Loop Road# to the #West Loop Road# along a line that is within 30 degrees of the line connecting true east and true west. The minimum width of such volume shall be 50 feet, with its lowest level 60 feet above the #base plane#. Such volume shall be open to the sky. No obstructions of any kind shall be permitted within such volume.

(7/24/13)

Article XIII - Special Purpose Districts

Chapter 4

Special Governors Island District

(7/24/13)

134-00

GENERAL PURPOSES

The #Special Governors Island District# established in this Resolution is designed to promote and protect public health, safety and general welfare. These goals include, among others, the following specific purposes:

- (a) promote public use and enjoyment of the Island as a recreational destination that draws upon its location in New York Harbor with singular views and natural beauty;
- (b) encourage educational and cultural uses such as the arts, music and dance which bring the public to the Island to enjoy cultural events in a unique setting of historic buildings and green spaces;
- (c) promote public use of the Island for water-related recreational and educational activities that benefit from the unique Island setting;
- (d) preserve historic buildings in the historic district and encourage their renovation and redevelopment for appropriate educational, cultural and commercial uses;
- (e) facilitate commercial uses including, but not limited to, hotels, restaurants, retail, arts and crafts galleries and related uses that are compatible with the educational, cultural and recreational uses of the Island and with the primary use of the Island by the public as a recreational resource; and
- (f) promote the most desirable use of land and thus

conserve the value of land and buildings, and
thereby protect the City's tax revenues.

(7/24/13)

134-01

General Provisions

For the purposes of this Chapter, the area within the boundaries of the #Special Governors Island District# shall be considered a single #zoning lot#.

Development rights may not be transferred across the boundary of the #Special Governors Island District#.

Except as modified by the express provisions of the #Special Governors Island District#, the regulations of the underlying zoning district shall remain in effect.

(7/24/13)

134-02

Applicability of Parking and Loading Regulations

The off-street parking and loading regulations of the underlying zoning district and Article I, Chapter 3 (Comprehensive Off-Street Parking and Loading Regulations in the Manhattan Core), shall not apply. In lieu thereof, off-street parking and loading berths #accessory# to any #use# permitted within the #Special Governors Island District# shall be allowed.

(7/24/13)

134-03

Applicability of Special Regulations Applying in the Waterfront Area

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall not apply, except as set forth in Section 134-22 (Special

Height and Setback Regulations).

(7/24/13)

134-10

SPECIAL USE REGULATIONS

(7/24/13)

134-11

Commercial Uses

The following #commercial uses# shall be allowed:

From Use Group 5:

All #uses#.

From Use Groups 6A, 6B, 6D, 6E and 6F:

All #uses#.

From Use Group 6C:

All #uses#, except automobile supply stores, drive-in banks, carpet, rug, linoleum or other floor covering stores, furniture stores, loan offices, medical or orthopedic appliance stores, paint stores, sewing machine stores, or typewriter stores.

From Use Groups 7A and 7E:

All #uses#.

From Use Group 7B:

Bicycle rental or repair shops

Sailmaking establishments

Sign painting shops, limited to 2,500 square feet of #floor area# per establishment.

From Use Groups 8A and 8E:

All #uses#.

From Use Group 9A:

All #uses#, except for automobile, motorcycle, #trailer# or boat showrooms or sales, with no repair services and with no preparation of vehicles or boats for delivery, blueprinting or photostatting establishments, musical instrument repair shops, plumbing, heating or ventilating equipment showrooms, without repair facilities, typewriter or other small business machine sales, rental or repairs, or umbrella repair shops.

From Use Group 9C:

All #uses#.

From Use Group 10A:

Docks for ferries, other than #gambling vessels#, with no restriction on passenger load

Eating or drinking places, without restrictions on entertainment or dancing, but limited to location in hotels

Photographic or motion picture production studios

Radio or television studios.

From Use Group 10C:

All #uses#.

From Use Group 11A and 11C:

All #uses#, except for medical, dental, drafting instruments, optical goods, or similar precision instruments, or orthopedic or medical appliances, or custom manufacturing.

From Use Group 12A:

All #uses#, except for eating or drinking establishments with entertainment and a capacity of more than 200 persons, or establishments of any capacity with dancing, stadiums or trade expositions.

From Use Groups 12B, 12C and 12E:

All #uses#.

From Use Group 13:

All #uses#.

From Use Group 14:

All #uses#.

From Use Group 15:

Merry-go-rounds.

Any #commercial use# or #physical culture or health establishment# larger than 7,500 square feet in #floor area# shall be permitted provided that, prior to the establishment of such #use#, the applicant shall submit a written description of such #use# to the local community board, together with information to demonstrate that such #use# will promote the goals of the #Special Governors Island District#, complement existing #uses# within the special district, and be compatible with the nature, scale and character of other #uses# within the special district.

The local community board shall have the opportunity to respond to such submission with written comments within forty-five (45) days of receipt and the applicant shall thereafter provide the local community board with a written response to such comments, including a description of any modifications to the proposal or, if a recommendation of the local community board has not been adopted, the reasons such modification has not been made.

No building permit shall be issued with respect to a #commercial use# or #physical culture or health establishment# larger than 7,500 square feet unless the Chairperson of the City Planning Commission shall have

certified to the Department of Buildings that the applicant has complied with the provisions of this Section.

The provisions of this Section shall not apply to #commercial uses# permitted pursuant to Section 134-12 (Authorization for Certain Commercial Uses).

(7/24/13)

134-12

Authorization for Certain Commercial Uses

The City Planning Commission may authorize any #commercial use# not allowed pursuant to Section 134-11 to locate within the #Special Governors Island District#, provided that such #commercial use#:

- (a) will promote the goals of the #Special Governors Island District#;
- (b) will complement existing #uses# within the special district; and
- (c) is compatible with the nature, scale and character of other #uses# within the special district.

(7/24/13)

134-13

Physical Culture or Health Establishments

#Physical culture or health establishments# shall be permitted in the #Special Governors Island District#, subject to the requirements of Section 134-11. The special permit provisions of Section 73-36 shall not apply.

(7/24/13)

134-14

Signs

For #commercial uses# and #physical culture or health establishments#, the #sign# regulations of a C1 District mapped within an R3-2 District shall apply.

(7/24/13)

134-20

SPECIAL BULK REGULATIONS

(7/24/13)

134-21

Special Regulations for Commercial Uses

For #commercial uses# and #physical culture or health establishments#, the #floor area# regulations of a C1 District mapped within an R3-2 District shall apply.

(7/24/13)

134-22

Special Height and Setback Regulations

The provisions of Section 62-341 (Developments on land and platforms) shall apply to all #buildings# in the #Special Governors Island District#.

APPENDIX A

Index of Uses

The following is a listing in alphabetical order of #uses# allowed in this Resolution either as #uses# permitted as-of-right, or as #uses# permitted by special permit, together with the Use Group in which each is listed, the parking requirement category of #commercial uses#, if applicable, and the district or districts in which it is permitted.

When a district associated with a given #use# is designated in the Index with an asterisk (*), the #use# is permitted in such district only by special permit of the Board of Standards and Appeals, as set forth in the applicable portions of this Resolution.

When a district associated with a given #use# is designated in the Index with a double asterisk (**), the #use# is permitted in such district only by special permit of the City Planning Commission, as set forth in the applicable portions of this Resolution.

#Uses# listed in Use Group 11A, 16, 17, or 18 as permitted #uses# in C8 or #Manufacturing Districts# must also meet the applicable performance standards for these districts.

#Uses# listed in Use Group 18 are permitted in M1 or M2 Districts if they can comply with the applicable performance standards for those districts.

This Index is established as a reference guide to this Resolution but is not an integral part thereof. Whenever there is any difference in meaning or implication between the provisions of this Resolution as set forth in Articles I through VII and the text of this Index, the text of the Resolution shall prevail.

#Use# regulations governing the several classes of districts are set forth in the following Chapters of this Resolution:

- Residence Districts - Article II, Chapter 2
- Commercial Districts - Article III, Chapter 2
- Manufacturing Districts - Article IV, Chapter 2

-
- 1 Not permitted in R3-1, R3A, R3X, R4-1, R4A or R4B Districts.
 - 2 Permitted only in C4-1 Districts.
 - 3 Not permitted in M1-5A or M1-5B Districts.
 - 4 Not permitted in C6-1A Districts.
 - 5 Permitted in M1-5A and M1-5B Districts only as provided by Section 42-14 paragraph D.(5), and in M1-5 by special permit (Section 74-921).
 - 6 Outdoor use subject to locational conditions.
 - 7 Proprietary facilities not permitted in R1 and R2 Districts.
 - 8 #Accessory# drive-through facilities permitted in C1-1, C1-2 and C1-3 Districts only as provided by special permit (Section 73-243).
 - 9 Permitted in M1-5A and M1-5B Districts only as provided by Section 42-14 paragraph D.(3).
 - 10 Permitted in C1-1, C1-2, C1-3, C1-4, C2-1, C2-2, C2-3 and C2-4 Districts only as provided by special permit (Section 73-241).

- 11 Permitted as-of-right or by special permit in C4 Districts, depending upon location.
- 12 Permitted as-of-right in C6 Districts with conditions.
- 13 Permitted in M1-5A, M1-5B, M1-5M and M1-6M Districts only as provided by special permit (Section 73-244).
- 14 Limited to 10,000 square feet of #floor area# per establishment in M1, M2 and M3 Districts. Unlimited #floor area# permitted in M1 Districts as provided by special permit (Section 74-922).
- 15 Parking requirement category A applies to food stores with 2,000 sq. ft. or more of #floor area#; category B applies to food stores with less than 2,000 sq. ft. of #floor area#.
- 16 Not permitted in C1-1, C1-2, C1-3 or C1-4 Districts.
- 17 Not permitted in M1-1, M1-5A, M1-5B Districts and M1 Districts with a suffix "D."
- 18 Permitted with limitations in R3-1, R3A, R3X, R4-1, R4A and R4B Districts as provided by special permit (Section 73-125).
- 19 In #Manufacturing Districts#, limited to museums that are ancillary to existing motion picture production, radio or television studios; permitted in M1-5A and M1-5B Districts as provided by Section 42-14 paragraph D.(5).
- 20 Not permitted in Community Districts designated in Section 74-903 except by special permit.
- 21 Subject to the provisions of Article I, Chapter 3 in Manhattan Community Districts 1, 2, 3, 4, 5, 6, 7 and 8.
- 22 Not permitted in C2-5, C2-6, C2-7, C2-8, C4-5, C4-6, C4-7, C6, C8-4, M1-4, M1-5, M1-6, M2-3, M2-4 or M3-2 Districts except as provided by special permit.
- 23 Not permitted in C4-5, C4-6, C4-7, C6, C8-4, M1-4, M1-5, M1-6, M2-3, M2-4 or M3-2 Districts except by special permit.
- 24 Permitted in C4-1 District only by special permit.
- 25 Permitted in C6-1, C6-2, C6-3 and C6-4 Districts only.
- 26 #Residential uses# in R3A, R3X and R4A Districts are limited to #single-# or #two-family detached residences# and, in R3-

1 and R4-1 Districts, are limited to #single-# or #two-family detached# or #semi-detached residences#, except that in R3A or R4-1 Districts, single- or two-family #zero lot line buildings# are also permitted.

27 Permitted only on R10-H Districts by special permit.

28 Permitted with locational conditions.

29 Not permitted in C6-1, C6-2 and C6-3 Districts.

30 Permitted only in C1-9 Districts.

31 Permitted only in C6-5 and C6-7 Districts.

CITY ENVIRONMENTAL QUALITY REVIEW (CEQR) ENVIRONMENTAL REQUIREMENTS
Table 1 - (E) Designations

Tax Lot changes that may have occurred since the establishment of a particular (E) designation may not be reflected in this table. If the property in question is located on the same **Tax Block** as an (E) designation, review of the related CEQR documentation is recommended. For convenience, for (E) designations applied to a condominium, the condominium billing tax lot number is displayed instead of the individual condominium unit tax lot numbers.

Application No. - refers to a ULURP or non-ULURP application (containing six numbers followed by a three or four letter suffix) for a zoning map or text amendment, special permit, authorization or certification or to a Board of Standards and Appeals application (containing the letters "BZ") for a special permit or variance.

Lot Remediation Date - refers to the date of the duly issued notice from the NYC Office of Environmental Remediation indicating that no investigative/remedial work is required for any current or future development of the lot.

Zoning Disclaimer- the Web version of the Zoning Resolution of the City of New York is provided for reference and the convenience of having the Resolution in an online format. Recent amendments to the Zoning Resolution also appear on the Web prior to being incorporated into the print version of the Resolution.

CITY ENVIRONMENTAL QUALITY REVIEW (CEQR) Environmental Requirements
Table 2 - Environmental Restrictive Declarations

The Environmental Restrictive Declarations (ERD) listed below were recorded in connection with a zoning action against the noted Tax Blocks and Tax Lots, or portion thereof, and are available in the property records on file at the Office of the City Register for Bronx, Kings, New York and Queens counties or at the Richmond County Clerk's office. They contain environmental requirements with respect to hazardous materials, air quality and/or noise in accordance with Section 11-15 of this Resolution.

Tax Lot changes that may have occurred since the recordation of an ERD may not be reflected in this table. If the property in question is located on the same **Tax Block** as an ERD, review of the related CEQR documentation is recommended. For an ERD recorded against a condominium, the condominium billing tax lot number is displayed instead of the individual condominium unit tax lot numbers.

Reference No. - refers to the Environmental Restrictive Declaration identification number used for Table 2 reference purposes only.

Application No. - refers to a ULURP or non-ULURP application (containing six numbers followed by a three or four letter suffix) for a zoning map or text amendment, special permit, authorization or certification or to a Board of Standards and Appeals application (containing the letters "BZ") for a special permit or variance.

Recording Reference No. - refers to one of the following: Reel No./Page No., City Register File No., or Land Doc No. For ERDs for properties in boroughs other than Staten Island, use the City Register File No. to locate the ERD online in the Automated City Register Information System (ACRIS) on the NYC Department of Finance's website. For older ERDs for properties in boroughs other than Staten Island, use the year in **Date Recorded** along with the Reel No./Page No. to locate the ERD in ACRIS. For ERDs for properties in Staten Island, use the Land Doc No. to locate the ERD via the website of the Office of the Richmond County Clerk.

Lot Remediation Date - refers to the date of the duly issued notice from the NYC Office of Environmental Remediation indicating that no investigative/remedial work is required for any current or future development of the lot.

APPENDIX E

Design Requirements for Plazas, Residential Plazas and Urban Plazas Developed Prior to October 17, 2007

The following text has been relocated from Article II, Chapter 7, and Section 37-04 (Requirements for Urban Plazas). APPENDIX E is intended for reference purposes only and contains design requirements for #plazas#, #residential plazas# and #urban plazas# developed prior to October 17, 2007.

RESIDENTIAL PLAZA STANDARDS

(4/21/77)

E 27-00

GENERAL PURPOSES

The purpose of this Chapter is to promote the development of an improved quality of residential plaza for the public.

(8/27/98)

E 27-01

Applicability of this Chapter

The provisions of this Chapter shall apply to all #developments# constructed after April 21, 1977 containing a #residential plaza# or #arcade# that qualifies for a #floor area# bonus under the following provisions:

Section 24-14 (Floor Area Bonus for a Residential Plaza)

Section 24-15 (Floor Area Bonus for an Arcade)

Section 34-223 (Floor area bonus for a residential plaza)

Section 35-35 (Floor Area Bonus for a Residential Plaza, Urban Plaza or Arcade in Connection with Mixed Buildings)

A #development# that contains a #residential plaza# and that has been granted a special permit by the City Planning Commission prior to February 9, 1994, may be started or continued pursuant

to that special permit. However, this Chapter shall not apply within a Special Purpose District except where permitted within such Special Purpose District, nor shall it apply to any #development# pursuant to the Quality Housing Program, except as otherwise set forth therein.

After June 12, 1996, no foundation permit shall be issued by the Department of Buildings for any #development# that includes a #residential plaza# without certification by the Chairperson of the City Planning Commission that a site plan has been submitted indicating compliance with the provisions of this Section. An application for such certification shall be filed with the Chairperson showing the plan of the #zoning lot#, a site plan indicating the area and dimensions of the proposed #residential plaza# and the location of the proposed #development# or #enlargement# and all existing #buildings# temporarily or permanently occupying the #zoning lot#, computations of proposed #floor area#, including bonus #floor area#, and a detailed plan or plans demonstrating compliance with the provisions of this Section.

All plans for #residential plazas#, once certified, shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument providing notice of the certification of the #residential plaza# pursuant to this Section. Such filing and recording of the instrument shall be a precondition for the filing for or issuance of any building permit for any #development# or #enlargement# on the #zoning lot#. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

6/12/96

E 27-02

Definitions

Words in italics are defined in Section 12-10 (DEFINITIONS) or, if applicable exclusively to this Section, in this Section.

Northern plaza

A "northern plaza" is a primary space that has only northern exposure.

Primary space

A "primary space" is the major portion of a #residential plaza#

that abuts a #street#, and is accessible to the public for recreational use.

Residual space

A "residual space" is the remaining portion of a #residential plaza# that is not a #primary space#. Such space may be used either for public recreation or as a landscaped visual amenity.

4/21/77

E 27-10
PRIMARY SPACE

A #primary space# shall consist of at least 60 percent of the total area of a #residential plaza# and shall be directly accessible to the public from the public sidewalk.

#Zoning lots# having a maximum #lot area# of 20,000 square feet shall aggregate such #primary space# in one location.

For #zoning lots# having a #lot area# in excess of 20,000 square feet, such #primary space# may be located in more than one location on the #zoning lot# provided that the area of at least one #primary space# is not less than 4,000 square feet.

4/21/77

E 27-11
Mandatory Requirements

4/21/77

E 27-111
Size and proportions

For #zoning lots# having a #lot area# of 20,000 square feet or more, the minimum dimension of any #primary space# shall be 40 feet measured perpendicular to the perimeter of the #primary space#, except that where a #primary space# has only one #street# frontage, the minimum dimension shall be 50 feet.

For #zoning lots# having a #lot area# less than 20,000 square feet but not less than 12,500 square feet, the minimum dimension of any #primary space# shall be 30 feet, except that where a

#primary space# has only one #street# frontage or where the #primary space# links two #streets# which are parallel or within 45 degrees of being parallel to each other, the minimum dimensions shall be 40 feet.

For #zoning lots# having a #lot area# less than 12,500 square feet, the minimum dimension of any #primary space# shall be 30 feet, except that there shall be no minimum dimensional requirements for #primary space# on #corner lots# having a #lot area# less than 12,500 square feet.

For the purpose of dimensional calculations only, a driveway or a vehicular accessway may be counted towards the minimum dimensional requirements of a #primary space#. However, in no case may such driveway or a vehicular accessway be bonused as part of a #residential plaza#. Such driveway or vehicular accessway may be located only alongside a #side lot line# or adjacent to the wall of the #building# of the #development#, and shall not interrupt the continuous area of the #primary space#.

For #zoning lots# having a #lot area# of 12,500 square feet or more, the depth of any #primary space# having only one #street# frontage shall not be greater than twice the width of the #primary space street# frontage. For #zoning lots# having a #lot area# less than 12,500 square feet, the depth of any #primary space# having only one #street# frontage shall not be greater than two and a half times the width of the #primary space street# frontage.

A #primary space# having only one #narrow street# frontage, and a #primary space# that links two #streets# which are parallel or within 45 degrees of being parallel to each other, shall be permitted only when one of the adjacent #buildings# on the #zoning lot# of the #development# or on a #zoning lot# sharing a common #side lot line# with the #zoning lot# of the #development# abutting the #primary space# is not more than 65 feet in height or five floors, whichever is less, before a 10 foot setback is provided. Such restrictions shall be waived for a #primary space# of more than 80 feet in width measured with or without adjoining #residual space#.

4/21/77

E 27-112

Orientation

All #developments# shall provide southern exposure where possible to provide maximum sunlight in #primary space#. Other exposures

are permitted only when southern exposure is not possible.

Following are the types of orientation of different #primary spaces# based upon the size and location of the #zoning lot#:

- (a) Southern exposure: A #street line# of the #zoning lot# which has exposure to sunlight in any direction from south to west;
- (b) Eastern exposure: A #street line#, 125 feet or more in length, of the #zoning lot# which has exposure to sunlight in any direction from east to south;
- (c) Western exposure: A #street line#, 125 feet or more in length, of the #zoning lot# which has exposure to sunlight in any direction from west to north;
- (d) Northern exposure: A #street line# of the #zoning lot# which has exposure to sunlight in any direction from north to east or a #street line# less than 125 feet in length, of the #zoning lot# which has exposure to sunlight in any direction from east to south or west to north.

In a #development# to which this Chapter applies:

The #primary space# of any #zoning lot# having a #street line# with southern exposure, as defined in this Section, shall abut that #street line#. The #primary space# of any #zoning lot# having a #street line# with eastern, and no southern, exposure, as defined, shall abut that #street line#.

The #primary space# of any #zoning lot# having a #street line# with western, and no southern or eastern, exposure, as defined in this Section, shall abut that #street line#.

The #primary space# of any #zoning lot# having a #street line# with northern, and no southern, eastern or western exposure, as defined in this Section, shall be #developed# as a #northern plaza# pursuant to Section E27-30 (NORTHERN PLAZA).

The orientation requirements may be waived or modified by the City Planning Commission provided the Commission certifies to the Commissioner of Buildings that due to the surrounding area and the site configuration, including the disposition of surrounding #buildings# which may cast a permanent shadow on the #plaza#, a modification will enhance the usability and design of the #primary space# and of the #building#.

4/21/77

E 27-113

Access

All #primary spaces# shall be accessible directly from an adjoining public sidewalk along at least 50 percent of the total #street# frontage. Driveways or vehicular accessways included as part of the minimum dimension calculated, may not be counted as providing access.

All #primary spaces# shall be accessible to the public at all times, except that for a #primary space# having only one #narrow street# frontage, or a #primary space# which links two #streets# that are parallel or are within 45 degrees of being parallel, access may be restricted between the hours of 8:00 p.m. or dark whichever is later and 8:00 a.m. Such access may be restricted by the use of horizontal railings and/or vertical bars of a maximum one and 1/2 inch thickness and lockable gates. The railings when placed along the perimeter of the #primary space# shall occupy not more than 50 percent of the #street# frontage of the #primary space#, and shall not be higher than 8 feet, 0 inches. Gates, when placed along the perimeter of the #primary space#, when open during hours of accessibility, shall allow access along at least 50 percent of the #street# frontage of the #primary space# or 40 feet, whichever is less, and shall not be higher than eight feet. Such gates shall remain unlocked between the hours of 8:00 a.m. and 8:00 p.m. or dark whichever is later.

In order to allow maximum visibility from the public sidewalk, the bars of any horizontal railing and/or vertical bars and gate shall be at least five inches apart. Spikes, pointed railings or other sharp objects shall not be placed anywhere within the #primary space#, except that such railings as permitted above may be pointed. Enclosures designed without horizontal railings and/or vertical bars may be permitted provided the City Planning Commission certifies to the Commissioner of Buildings that such design will enhance the quality and visual access of the #primary space#.

4/21/77

E 27-114

Access for the physically disabled

The following standards shall apply to assure access for disabled persons into and within all #primary spaces#.

There shall be at least one path of travel to major portions of

#primary space# which in area total at least 60 percent of the unobstructed #primary space# area, and a path to any building lobby accessible from the #primary space#. All paths shall have a minimum width of five feet, except where specific provisions require a greater width, free and clear of all obstructions.

Ramps shall be provided alongside any stairs or steps which provide access to or within #primary spaces#. Ramps shall have a minimum width of 3 feet, 0 inches, a slope of not greater than 1:12, a non-skid surface, and, for open-edged ramps, a two-inch high safety curb. At each end of a ramp there shall be a level area, which may be public sidewalk, at least five feet long.

All stairs or ramps within such paths shall provide handrails. Handrails shall be 2 feet, 8 inches high, have a midrail not lower than 16 inches and not higher than 22 inches, and shall extend at least 18 inches beyond the stair or ramp ends.

Where stairs are used to affect changes of grade for such paths they shall have closed risers, no projecting nosings, a maximum riser height of seven and 1/2 inches, and a minimum tread width of 11 inches.

4/21/77

E 27-115

Elevation

All #primary spaces# shall be located at an elevation not more than three feet above or below the #curb level# of the nearest adjoining sidewalk.

A #primary space# fronting on one #street#, or a #primary space# which links two #streets# which are parallel or within 45 degrees of being parallel to each other, shall be at the same elevation as the adjoining public sidewalk along the #street# frontage providing access, pursuant to Section E27-113 (Access), for a minimum depth of 10 feet measured perpendicular to the #street line#.

When the size of a #primary space# is 8,000 square feet or more, a maximum of 25 percent of its area may be located at an elevation more than three feet above or below the nearest adjoining sidewalk, which area however may not be located within a depth of 10 feet from the sidewalk, measured perpendicular to the #street line#.

When there is a grade change of at least three feet in 100 along

the portion of #street# upon which a #primary space# of 4,000 square feet or more fronts, for a distance of at least 100 feet, the level of such #primary space# may be located at an elevation greater than three feet above or below the #curb level#, provided the City Planning Commission certifies to the Commissioner of Buildings that such elevation will enhance the usability and design while maintaining safety and visibility of the #primary space#.

Where an existing subway station entry is located on the sidewalk area abutting a #primary space#, the #primary space# shall be developed at the same elevation as the adjoining sidewalk for a distance of at least 15 feet in all directions from the entry. No obstruction shall be permitted within such portion of the #primary space#.

4/21/77

E 27-116

Treatment of adjoining walls

Any exposed blank walls of a #building# which is located at the #lot line# of an adjacent #zoning lot# and which abuts a #primary space# shall be:

- (a) covered with vines or similar planting; or
- (b) contain artwork or be treated so as to enhance the visual quality of the #primary space#.

Plants shall be planted in soil having a depth of not less than two feet, six inches, and a minimum width of 24 inches. If artwork is being used, approval by the New York City Art Commission shall be obtained prior to the Certificate of Occupancy being issued for the #development#.

Whenever an adjoining wall, which is required to be treated in accordance with the provisions of this Section, is in separate ownership the owner of such adjoining wall if it is a party wall shall grant to the party required to treat the wall adjoining the #primary space#, a license to perform such treatment of the wall, however, the owner may in granting such license reserve the right to perform any work necessary for safety or maintenance of the wall.

4/21/77

E 27-117**Lighting**

All #primary spaces# shall be illuminated at an overall minimum average level of not less than two horizontal foot candles during the hours of darkness.

To minimize the adverse effect on the surrounding #residential buildings#, such lighting shall be shielded.

4/21/77

E 27-118**Paving**

The #primary space# shall be paved with unit pavers, such as bricks or quarry tiles, and/or poured-in-place materials. If poured-in-place materials are selected, they shall be of decorative color and/or textures, through the use of dyes and/or exposed aggregates. All paving shall have non-skid surface when wet or dry.

4/21/77

E 27-12**Mandatory Amenities**

All #primary spaces# shall provide amenities as set forth in this Section, which amenities shall be subject to the restrictions for total area occupied by amenities, as set forth in Section E27-14 (Optional Amenities).

4/21/77

E 27-121**Seating**

All #primary spaces# shall provide a minimum of one linear foot of seating for each 30 square feet of the #primary space#. Such seating shall have a minimum depth of one foot, four inches. Seating with backs at least one foot high shall have a minimum depth of one foot, two inches. Seating two feet, six inches or more in depth shall count as double provided there is access on

both sides.

For the benefit of handicapped persons, a minimum of ten percent of the required seating shall have backs.

Seating higher than three feet or lower than one foot above the level of the adjacent walking surface shall not count towards meeting the seating requirements. Moveable seating or chairs may be credited as two feet, six inches of linear seating per chair.

Movable seating shall not exceed 50 percent of the total required. Steps shall not count towards the seating requirements. The top of walls, including but not limited to those which bound planting beds, fountains or pools, may be counted as seating when they conform to the dimensional standards set forth herein.

12/15/77

E 27-122

Tree planting

All #primary spaces# shall provide a minimum of one tree per 1,000 square feet of #primary space# area.

Such trees shall be of four-inch caliper. Each tree shall be planted in at least 3.5 cubic yards of top soil per tree, with a depth of soil not less than three feet, six inches and be planted either with grating flush to grade or in a planting bed with a minimum continuous area of 75 square feet.

Where trees are planted pursuant to this Section prior to April 1, 1978, such planting may be undertaken in accordance with the tree caliper requirements existing prior to December 15, 1977.

4/21/77

E 27-123

Bicycle parking facilities

All #primary spaces# shall provide bicycle parking facilities. There shall be facilities for parking two bicycles for every 1,000 square feet of #primary space#.

4/21/77

E 27-124**Drinking fountains**

All #primary spaces# shall provide at least one drinking fountain.

4/21/77

E 27-13**Additional Amenities**

In addition to the mandatory amenities required above, all #primary spaces# shall provide at least two of the amenities listed in this Section. These amenities are to be provided in addition to, and not in place of, those amenities required by Section E27-12 (Mandatory Amenities), and shall be subject to the restrictions for total area occupied by amenities as set forth in Section E27-14 (Optional Amenities).

A #primary space# shall provide at least two of the following amenities as set forth in Sections E27-131 through E27-137, inclusive.

4/21/77

E 27-131**Tree planting**

A minimum of one tree per 2,000 square feet of #primary space# area.

4/21/77

E 27-132**Planting**

Planters, including hanging planters, or planting beds containing live plant materials such as seasonal flowers, shrubs, ivy, or other plants occupying a total area not less than 150 square feet for each 1,000 square feet of #primary space#. The area occupied by an individual planter that is permanent in nature, or a planting bed, shall be at least 30 square feet with a depth of

soil of at least two feet.

Hanging planters shall be exempt from these minimum size and location provisions.

4/21/77

E 27-133

Grass and other ground cover

A total of 150 square feet of grass or other ground cover for each 1,000 square feet of #primary space#. Such grass or other ground cover shall be planted in a soil depth of at least two feet, six inches.

4/21/77

E 27-134

Game tables

Game tables and seating to accommodate 16 persons for the #primary space# for each #zoning lot#. The seating shall conform to the dimensional standards for seating as set forth in Section E27-121 (Seating).

4/21/77

E 27-135

Artwork

A work of art, such as sculpture, for the #primary space# for each #zoning lot#. Such artwork shall be subject to approval by the New York City Art Commission, which approval shall be obtained before a final certificate of occupancy is issued for the #development#.

4/21/77

E 27-136

Fountains and pools

An ornamental fountain or a reflecting pool occupying an area not less than 300 square feet for the #primary space# for each #zoning lot#.

4/21/77

E 27-137

Play equipment

One play apparatus or facility such as cross bars, climbers, swings, sandbox, paddle pool or similar play facility, for each 1,000 square feet of #primary space# area.

The play equipment or facilities shall not be located within 40 feet of any #wide street lot line#. All play equipment or facilities shall meet safety standards set forth by the Federal Consumer Products Safety Council.

When this amenity is chosen, the mandatory trees may be reduced to half the required amount as set forth for the #primary space# in Section E27-122 (Tree planting), for that #zoning lot#.

4/21/77

E 27-14

Optional Amenities

The #primary space# may also include additional numbers of the amenities mentioned above and other amenities such as arbors, trellises, litter receptacles, outdoor furniture, light stands, flag poles, public telephones, awnings, canopies, bollards, subway station entrances, and drinking fountains which are operable by wheel chair users.

The total area occupied by all amenities, mandatory, additional and optional, shall not exceed 60 percent of the total #primary space# area of the #residential plaza#.

The area occupied by such amenities shall be measured by outside dimensions. Amenities that are non-permanent or movable, such as movable chairs, game tables, movable planters shall not be measured as individual pieces of furniture but rather be confined within a gross area designated on a site plan. Trees shall not count as amenities occupying an area for the purpose of calculating the total area occupied by amenities. Planters or planting beds and their retaining walls for trees, seasonal

flowers, shrubs, ivy or other plants shall count towards the total area occupied by amenities.

4/21/77

E 27-20
RESIDUAL SPACE

#Residual space# shall abut a public sidewalk or a #primary space# and shall be developed either as a landscaped visual amenity or as usable space for the general public in accordance with the provisions of this Section. Not more than 40 percent of the total area of #residential plaza# on a #zoning lot# shall be developed as #residual space#.

All #residual spaces# shall conform to the standards set forth in Sections E27-115 (Elevation), E27-116 (Treatment of adjoining walls), E27-117 (Lighting), and E27-118 (Paving).

4/21/77

E 27-21
Visual Residual Space

The total area of the visual #residual space# shall be landscaped, except for the entrance paths to the #building# which paths may not occupy more than 30 percent of such visual #residual space#.

The visual #residual space# shall be landscaped with trees, planters or planting beds with flowers and shrubs, ivy, grass or similar ground cover, ornamental fountains, reflecting pools, artwork or other plants, sculpture or unenclosed pavilions when such unenclosed pavilion is extended from an adjoining #northern plaza#.

The visual #residual space# may be enclosed with railings or fences for safety and maintenance. In order to allow maximum visibility from the public sidewalk the railings or fences shall not be higher than three feet above the visual #residual space# level or #curb level#, whichever is higher, and the bars of such railings and fences shall be at least five inches apart.

4/21/77

E 27-22**Usable Residual Space**

The #residual space# when developed as usable #residual space# shall be accessible to the public and shall conform to the standards set forth in Section E27-113 (Access).

A usable #residual space# shall be located abutting a #street#. The total area occupied by amenities shall not exceed 50 percent of total usable #residual space# of the #residential plaza#.

All usable #residual space# shall provide seating in accordance with the provisions of Section E27-121 (Seating) or Section E27-321 (Seating) when the #zoning lot# provides a #northern plaza#.

In addition, a usable #residual space# shall provide at least one of the amenities listed in Sections E27-221 through E27-225.

4/21/77

E 27-221**Tree planting**

A minimum of one tree per 1,000 square feet of usable #residual space#. Such trees shall conform to the standards set forth for caliper and soil in Section E27-122 (Tree planting).

4/21/77

E 27-222**Planting**

Planters or planting beds containing live plant materials such as seasonal flowers, shrubs, ivy or other plants occupying a total area of not less than 150 square feet for 1,000 square feet of usable #residual space#. Such planter shall conform to the standards set forth for size and depth in Section E27-132 (Planting).

4/21/77

E 27-223**Grass and other ground cover**

A total of 150 square feet of grass or other ground cover for each 1,000 square feet of usable #residual space#. Such grass or other ground cover shall be planted in a soil depth of at least one foot six inches.

4/21/77

E 27-224

Artwork

A work of art such as sculpture for the usable #residual space# for each #zoning lot#. Such artwork shall be subject to approval by the New York City Art Commission, which approval shall be obtained before a final Certificate of Occupancy is issued for the #development#.

4/21/77

E 27-225

Fountains and pools

An ornamental fountain or a reflecting pool occupying an area not less than 300 square feet, for the usable #residual space# for each #zoning lot#.

4/21/77

E 27-226

Optional amenities

The usable #residual space# may also include additional amenities mentioned above and other amenities such as arbors, trellises, litter receptacles, outdoor furniture, light stands, flag poles, public telephones, awnings, canopies, bollards, drinking fountains which are operable by wheelchair users, and unenclosed pavilions when such unenclosed pavilion is extended from an adjoining #northern plaza#.

4/21/77

E 27-30

NORTHERN PLAZA

Any #primary space# which pursuant to Section E27-112 (Orientation) is a #northern plaza# shall comply with the requirements of this Section.

4/21/77

E 27-31

Mandatory Requirements

All #northern plazas# shall conform to the mandatory requirements set forth for #primary space# in Section E27-11 (Mandatory Requirements).

4/21/77

E 27-32

Mandatory Amenities

All provisions of Section E27-12 (Mandatory Amenities) shall be applicable to #northern plazas# except as modified by this Section.

4/21/77

E 27-321

Seating

All #northern plazas# shall provide a minimum of one linear foot of seating for each 80 square feet of #northern plaza# area and conform to the standards set forth for seating in Section E27-121 (Seating).

4/21/77

E 27-322

Planting

All #northern plazas# shall conform to the provisions for planting as set forth in Section E27-132 (Planting). Those species which have the ability to flourish in shade are

recommended in #northern plazas#.

4/21/77

E 27-33

Additional Amenities

In addition to the mandatory amenities required above, all #northern plazas# shall provide at least two of the amenities listed in this Section.

These amenities are to be provided in addition to, and not in place of, those amenities required by Section E27-32 (Mandatory Amenities), and shall be subject to the restrictions for total area occupied by amenities as set forth in Section E27-34 (Optional Amenities).

A #northern plaza# shall provide at least two of the following amenities.

4/21/77

E 27-331

Planting

Planters or planting beds containing live plant materials such as seasonal flowers, shrubs, ivy, or other plants occupying an area not less than 150 square feet per 1,000 square feet of a #northern plaza#.

4/21/77

E 27-332

Artwork

A work of art such as sculpture, for each #northern plaza#. Such artwork or sculpture shall be subject to approval by the New York City Art Commission which approval shall be obtained before a final Certificate of Occupancy is issued for the #development#.

4/21/77

E 27-333**Fountains and pools**

An ornamental fountain or a reflecting pool occupying an area not less than 300 square feet for each #northern plaza#.

4/21/77

E 27-334**Pavilions**

A pavilion is a one #story# structure for the use of the public, constructed predominantly of transparent materials such as glass or plastic.

The clear height of the ceiling of the pavilion shall not be less than ten feet from the #northern plaza# level. However, when the pavilion occupies 60 percent or more of the #northern plaza# the clear height of the ceiling of the pavilion shall not be less than 12 feet from the #northern plaza# level. Not less than 50 percent of a pavilion roof shall be of transparent or translucent materials in conformance with the Building Code.

A pavilion shall be developed as an integral part of the #northern plaza# upon which it is located, in accordance with the standards set forth in Section E27-30 (NORTHERN PLAZA).

All amenities may be located inside or outside such pavilion.

A pavilion shall be either unenclosed along its sides and called "unenclosed pavilion" or be enclosed with walls and called "enclosed pavilion."

An unenclosed pavilion shall be accessible directly at all times from an adjoining public sidewalk or from the remaining portion of the #northern plaza# along at least 75 percent of the total linear frontage of its boundary with the public sidewalk and/or #northern plaza#. The perimeter of such pavilion shall have no walls. The interior of the pavilion shall be totally visible from the adjacent public sidewalk. Such pavilion may occupy the entire #northern plaza# area. For the purpose of calculating the area occupied by an amenity, an unenclosed pavilion shall not be considered as an amenity occupying an area.

The aggregate area occupied by an enclosed pavilion shall not exceed 20 percent of the total area of the #northern plaza# measured by exterior dimensions.

An enclosed pavilion shall be directly accessible to the public from at least 8 a.m. to 8 p.m. or until dark, whichever is later, through doors and openings occupying not less than 25 percent of the linear frontage with its total boundary with the #northern plaza# and/or public sidewalk. The interior of the pavilion shall be visible from the adjoining public sidewalk. Not less than 80 percent of the total surface area of the pavilion walls and doors shall be of non-colored transparent material. For the purpose of measurement an enclosed pavilion shall be considered as an amenity occupying an area. At no time shall the dimensions of the remaining portion of the #northern plaza# be less than the minimum required dimension for a #zoning lot# as set forth in Section E27-111 (Size and proportion).

In all cases the floor space of a pavilion shall be excluded from the definition of #floor area#.

4/21/77

E 27-34

Optional Amenities

A #northern plaza# may also include additional numbers of the amenities mentioned above and other amenities such as arbors, trellises, litter receptacles, outdoor furniture, light stands, flag poles, public telephones, awnings, canopies, bollards, subway station entrances, and drinking fountains which are operable by wheelchair users.

The total area occupied by all amenities, mandatory, additional and optional, shall not exceed 60 percent of the total #northern plaza# area of the #residential plaza#.

The area occupied by amenities shall be measured by outside dimensions. Amenities that are non-permanent or movable such as movable chairs, game tables or movable planters shall not be measured as individual pieces of furniture but rather be confined within a gross area designated on a site plan. Trees shall not count as amenities occupying an area for the purpose of calculating the total area occupied by amenities. Planters or planting beds and their retaining walls for trees, seasonal flowers, shrubs, ivy or other plants shall count towards the total area occupied by amenities.

4/21/77

E 27-40
MAINTENANCE

To ensure that convenience, safety and enjoyment of the general public, all #residential plazas# shall conform to the following standards of maintenance.

4/21/77

E 27-41
Maintenance Requirements

The building owner shall be responsible for the maintenance of the #residential plaza# including, but not limited to, the confinement of permitted amenities, litter control, and the care and replacement of vegetation within the #zoning lot# and in the #street# sidewalk area adjoining the #zoning lot#.

Litter receptacles shall be provided with a minimum capacity of two cubic feet for each 1,000 square feet of #primary space# of the #residential plaza#.

4/21/77

E 27-42
Plaques

A plaque or other permanent sign shall be displayed on all #residential plazas# in a prominent location, visible from the adjacent public sidewalk.

Such plaque or permanent sign shall have a surface area of not less than three nor more than six square feet, and shall contain the following statement: "This Plaza is open to the Public." It shall also contain the International Symbol of Access, the statement: "This plaza is accessible to the physically disabled," and the following information:

- (a) the type and quantity of mandatory amenities and additional amenities;
- (b) the name of the owner;
- (c) the name and address of whomever the owner has designated to maintain the #residential plaza#; and

(d) in addition it shall contain the following statement:

"Complaints regarding this plaza may be addressed to the Department of City Planning or the Department of Buildings, the City of New York."

For a #primary space# of a #residential plaza# that is enclosed with railings and is entered through a gate pursuant to Section E27-113 (Access), the plaque shall be displayed at the entrance to such #primary space# and shall contain the hours during which the #primary space# is open.

4/21/77

E 27-43

Vehicle, Refuse and Exhaust Prohibitions

No parking spaces, passenger drop off, driveways, or loading berths are permitted as part of a #residential plaza#.

No building trash storage facilities are permitted as part of a #residential plaza#.

No exhaust vents are permitted as part of a #residential plaza#, except within visual #residual spaces#, nor are exhaust vents permitted on a building wall or the #development# fronting on such #residential plaza# unless such intakes and vents are more than ten feet six inches above the level of the #residential plaza# or #curb level#, or above the roof of a pavilion, whichever is higher.

4/21/77

E 27-44

Performance Bonds

Prior to obtaining any certificate of occupancy from the Department of Buildings, the building owner shall post to the Comptroller of the City of New York, a performance bond, City securities or fixed income securities, at the Comptroller's discretion, to ensure the mandatory tree planting, movable seating, bicycle parking facilities, drinking fountain, plaque, and the litter-free maintenance of the #residential plaza#, including the replacement of such trees, bicycle parking facilities and plaques and movable seating during the life of the #development#.

The value of the bond, City securities or fixed income securities, if rendered prior to January 1, 1980, shall be at a rate of \$400 per required tree, \$100 per movable chair, and \$100 per 1,000 square feet of #residential plaza# for litter removal as set forth in this Section.

In the event that the Department of City Planning receives a complaint, the Chairperson of the City Planning Commission shall investigate and make a determination whether there has been a failure in the required performance of the owner concerning the #residential plaza#, its amenities or maintenance. In the event of a failure in the required performance, the Chairperson shall notify the building owner in writing and shall stipulate the period of time in which the building owner has to correct the failure.

If the failure is not corrected in the stipulated time, the Chairperson may declare the building owner in default of the required performance, and the City may enforce the obligation by whatever means may be appropriate to the situation, including letting contracts for doing any required planting, installation or maintenance and paying all labor, material and other costs connected with such work from the bond, City securities or fixed income securities that the building owner is required to post.

In the event that the City enforces the aforesaid obligation as provided for in this Section, the building owner shall, within 90 days of such enforcement, provide the City with an additional bond, City securities or fixed income securities in an amount not less than that which was expended to cure the default. In the event of a failure in furnishing additional bond or securities to replace the bond used up, the City may enforce the obligation by whatever means may be appropriate to the situation.

At five year intervals, after January 1, 1980, the City Planning Commission, with the approval of the City Council, shall establish new rates for the mandatory tree planting, movable seating and other amenities and litter-free maintenance of the #residential plaza#.

PLAZA STANDARDS

6/12/96

E 27-50

PLAZA STANDARDS OF 1961

A "plaza" shall be accessible to the public at all times, except

as provided for in Section 37-06 (Nighttime Closing of Existing Public Open Areas), and shall be either:

- (a) along a #front lot line#, a continuous open area not less than 10 feet deep (measured perpendicular to the #front lot line#), with an area of not less than 750 square feet, and extending for its entire depth along the full length of such #front lot line# or for a distance of at least 50 feet thereof, whichever is the lesser distance;
- (b) on a #through lot#, a continuous open area extending from #street# to #street# and not less than 40 feet in width, measured perpendicular to the nearest #side lot line#;
- (c) on a #corner lot#, an open area of not less than 500 square feet, that is bounded on two sides by the two intersecting #street lines# and has a minimum dimension of 10 feet; or
- (d) an open area of not less than 8,000 square feet, with a minimum dimension of 80 feet, that is bounded on one side by a #front lot line# or is connected to the #street# by means of an #arcade# or by an open area not less than 40 feet wide.

Except for an open area as set forth in paragraph (d) of this Section, no portion of such an open area that is bounded on all sides, except for one opening, by either building walls, or building walls and a #side lot line#, shall be considered part of the #plaza#, unless the opening of such portion is at least 50 feet in width.

A #plaza# shall not at any point be more than five feet above, nor more than 12 feet below, the #curb level# of the nearest adjoining #street#, and shall be unobstructed from its lowest level to the sky, except that arbors or trellises, awnings or canopies, railings not less than 50 percent open and not exceeding 3 feet, 8 inches in height, flag poles, open terraces or porches, steps, subway station entrances, ornamental fountains or statuary, or unenclosed balconies subject to the provisions of Section 23-13 or 24-165 (Balconies in R3 through R10 Districts), shall be considered permitted obstructions in #plazas#.

URBAN PLAZA STANDARDS

4/25/01

E 37-04

Requirements for Urban Plazas

All #urban plazas# shall comply with the provisions of this Section. These provisions may be modified pursuant to Sections 74-91 (Modification of Urban Plazas) and 81-23 (Floor Area Bonus for Urban Plazas).

(a) Area dimensions

An #urban plaza# shall contain an area of not less than 1,600 square feet. In no case may spaces between existing #buildings# remaining on the #zoning lot# qualify as #urban plazas#. In addition, in order to preserve the provisions relating to the boundaries, proportions and obstructions of #urban plazas#, on any one #zoning lot#, an open area which does not qualify for bonus #floor area# may not be located between two #urban plazas#, or between an #urban plaza# and a building wall or #arcade# of the #development#.

(b) Locational restrictions

In other than C5-5 or C6-9 Districts, no #urban plaza#, or portion thereof, is permitted to occupy more than 33 percent of the frontage of the #zoning lot#, or portion thereof, within 175 feet of an existing #plaza#, #urban plaza#, #public park# or urban park that occupies more than 33 percent of its #block# frontage on the same or opposite side of the same #street# and has a depth of at least 12 feet. The distance of 175 feet shall be measured along the #street# on which the existing amenity fronts.

(c) Restrictions on orientation

In other than C5-5 or C6-9 Districts, the following restrictions shall apply to all #urban plazas#:

For purposes of the orientation requirements, a "north-facing," "south-facing," "east-facing" or "west-facing" #street line# means a #street line# facing within 27 degrees of the direction indicated. "To front on a #street#" means to be contiguous to the #street line# or to a sidewalk widening along the #street line#.

- (1) Where the major portion of an #urban plaza# fronts on only one #street line#, such major portion is not permitted to front on a north-facing #street line# of a #zoning lot#.
- (2) No major portion of an #urban plaza# shall only front on a west-facing #street line# or an east-facing #street line# if the #zoning lot# also has frontage that is 40 feet or more in length on a south-facing

#street line#.

- (3) An #urban plaza# that is located on an intersection of two #streets# must have its major portion, as defined in paragraph (d)(2) of this Section, front on the south-facing #street line#. In the case of a #zoning lot# having frontage on a south-facing #street line# of less than 40 feet, or having its frontage at the intersection of a north-facing #street line# with either an east- or west-facing #street line#, the major portion must front on the east- or west-facing #street line#.

(d) Requirements for major portions of #urban plazas#

- (1) All contiguous #urban plaza# areas on a #zoning lot# shall be considered as one #urban plaza#.
- (2) The shape and dimensions of an #urban plaza# shall be such that for a major portion of the #urban plaza#, comprising at least the percentage of total area specified herein, all points within such major portion shall be visible from all other points therein. For the purposes of this regulation, points that when viewed in plan may be joined by a straight line shall be considered visible one from the other; visibility between points shall not be affected by permitted obstructions or by changes of grade.

The major portion of an #urban plaza# shall be at least 70 percent of the #urban plaza's# total area, except that in the case of a through #block urban plaza# as defined in paragraph (e) of this Section, the major portion shall be at least 50 percent of such #urban plaza's# total area. The major portion of the #urban plaza# shall be subject to the proportional requirements set forth in paragraphs (d)(4) and (d)(5) of this Section.

- (3) The major portion of an #urban plaza# shall have a minimum dimension of 40 feet. The remaining portion of such #urban plaza# shall have a minimum dimension of 20 feet. Dimensions shall be measured parallel and perpendicular to the #street line# on which the #urban plaza# fronts.
- (4) For major portions of #urban plazas# with frontage on two or more intersecting #streets#, the length of the frontage along any one #street# shall not be greater than three times the average depth of the #urban plaza#

measured perpendicular to the #street line# of said #street# from the building wall that faces it.

- (5) For major portions of #urban plazas# with frontage on only one #street#, at no point shall the depth from the building wall or rear #lot line# that faces the #street# to the #street line# be less than one-third nor more than three times the length of the frontage of the major portion along such #street line#.

(e) Regulations for through #block urban plazas#

Where an #urban plaza# or portion of an #urban plaza# extends through the #block# connecting two #streets# that are parallel or within 45 degrees of being parallel to each other, and any building wall or walls adjoin such through #block urban plaza# or through #block# portion of an #urban plaza#, no more than 120 feet aggregate length of such walls within 50 feet of the opposite side of the through #block urban plaza# shall exceed 90 feet in height from the surface of the #urban plaza#. In addition to the 20 feet minimum width requirement described in paragraph (d) (3) of this Section, such a through #block urban plaza# shall maintain a straight path at least 15 feet in width, free of any obstructions from #street line# to #street line#.

(f) Circulation and access

- (1) To facilitate access to an #urban plaza#, within 10 feet of a #street line# or sidewalk widening, along at least 50 percent of each #street# frontage of the major portion and the entire #street# frontage of the remaining portion of an #urban plaza#, the surface of the #urban plaza# shall be at the same elevation as the adjoining public sidewalk. Along at least 50 percent of each #street# frontage of the major portion and at least 50 percent of each #street# frontage of the remaining portion of an #urban plaza#, for a depth of at least 20 feet from the #street line#, there shall be no obstruction to public access to the #urban plaza# from a sidewalk or sidewalk widening. For the remaining 50 percent of the frontage and within 20 feet of the #street line#, no walls or other obstructions shall be higher than three feet above the #curb level# of the #street line# in front of the #urban plaza#. However, the City Planning Commission may permit, by authorization, certain obstructions such as light stanchions, flag poles, trash receptacles, public space signage or other features to be located in the #urban plaza# within 20 feet of the #street line#, provided

that the Commission finds that:

- (i) such obstructions are desirable or necessary features for the public enjoyment of the #urban plaza#; and
- (ii) sufficient public access additional to the minimum required under the provisions of this paragraph (Circulation and access) is provided to offset any adverse impact on public circulation or access caused by the obstructions or features permitted by such authorization.

The Commission shall furnish a copy of the application for such authorization to the affected Community Board and the local Council Member at the earliest possible stage and will give due consideration to their opinions as to the appropriateness of such obstructions. If the Community Board or local Council Member elects to comment on such application, it must be done within 45 days of such application.

- (2) The level of an #urban plaza# shall not at any point be more than three feet above or below the #curb level# of the nearest adjoining #street# in front of the major portion of the #urban plaza#; however, an #urban plaza# with an area of 10,000 square feet or more may additionally have a maximum of 15 percent of its area at an elevation more than three feet above or below, but not more than five feet above or below #curb level# of the nearest adjoining #street# in front of the major portion of the #urban plaza#.
- (3) Where there is a grade change of at least 2.25 feet in 100 feet along a portion of a #street# fronted upon, for a distance of at least 75 feet, by an #urban plaza# with an area of 10,000 square feet or more, the level of such #urban plaza# may be at any elevation that is not more than five feet above or below the #curb level# of the nearest adjoining #street# in front of the #urban plaza#. Along the length of frontage not required for access, no wall higher than three feet above the level of the adjoining sidewalk may be constructed.
- (4) For areas of #urban plazas# not obstructed by permitted obstructions as set forth in paragraph (f)(1) of this Section, a circulation path shall be provided of at least five feet clear width. A major public path at least eight feet in width shall extend to at least 75

percent of the depth of the major portion of the #urban plaza#, measured from the #street line#.

- (5) Where an entry to a subway station exists in the sidewalk area of a #street# on which an #urban plaza# fronts and such entry is not replaced within the #urban plaza# itself, the #urban plaza# shall be #developed# at the same elevation as the adjacent sidewalk for a distance of at least 15 feet in all directions from the entry superstructure. Such #urban plaza# area around a subway entry shall be free of all obstructions.
- (6) Where an entry to a subway station is provided within the #urban plaza# itself, stairs shall have a minimum width of 10 feet.
- (7) All #urban plazas# shall be accessible to the public at all times, except where the City Planning Commission has authorized a nighttime closing in accordance with Section 37-06 or, within C6-4X Districts, for a #development# or #enlargement# with more than 25 percent of its total #floor area# occupied by #residential use#, where the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that:
 - (i) the enclosure or barrier that limits public access shall not obstruct access to the #urban plaza# or impede pedestrian circulation into, through or along the frontage of the #urban plaza# during hours of public access, and shall allow visibility of the #urban plaza# when the enclosure or barrier is in closed position;
 - (ii) public access to the #urban plaza# will be provided, at a minimum, between the hours of 7:00 a.m. and 8:30 p.m. from May 1 to September 30 and from 7:00 a.m. to 7:00 p.m. from October 1 to April 30, and that the hours of public access to the #urban plaza# shall be prominently displayed on a plaque affixed to the enclosure or barrier at each #street# frontage of the #urban plaza#; and
 - (iii) the #urban plaza# shall be illuminated at night in accordance with paragraph (n) of this Section.

All applications for such certification shall include detailed plans demonstrating compliance with the

provisions of this paragraph, (f)(7), inclusive. The plans shall include, but not necessarily be limited to, a site plan and elevation showing location and dimensions of the proposed gates, fences or other enclosure devices, and signage indicating hours of public access to the #urban plaza#. All such plans, once certified, shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument providing notice of certification pursuant to this Section. Such filing and recording of the instrument shall be a precondition for the restricted hours of public access of an #urban plaza#.

The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot#, issued after the recording date.

(g) Permitted obstructions

- (1) #Urban plazas# shall be unobstructed from their lowest level to the sky except for the following features, equipment and appurtenances normally found in #public parks# and playgrounds: fountains and reflecting pools; waterfalls; sculptures and other works of art; benches; seats; trees planted at grade or in planting beds; bushes and flowers in planters or in planting beds; arbors or trellises over public seating areas; litter receptacles; bicycle racks; outdoor furniture; lights and lighting stanchions; flag poles; public telephones; public toilets; temporary exhibitions; awnings or canopies over the entrances to retail stores fronting on the #urban plaza#; bollards; subway station entrances, which may include escalators; and drinking fountains. If drinking fountains are provided, at least one fountain shall be accessible to wheelchair users by being 30 inches high, hand-and-foot operated, and display the International Symbol of Access. In addition to the obstructions listed in this paragraph, #urban plazas# having an area of 10,000 square feet or more may include an open air amphitheater or an outdoor ice skating rink. However, an area occupied in aggregate by such permitted obstruction shall not exceed the maximum percentage cited in paragraph (g)(2) of this Section.

- (2) Permitted obstructions may occupy a maximum percentage of the area of a #urban plaza#, as follows:

For #urban plazas# less than 5,000 square feet in area: 38 percent

For #urban plazas# at least 5,000 square feet in area and less than 10,000 square feet in area: 40 percent

For #urban plazas# 10,000 square feet or more in area: 50 percent

The area of permitted obstructions shall be measured by outside dimensions. Obstructions that are non-permanent or movable, such as movable chairs, open air cafes, or temporary exhibitions shall be confined within gross areas designated on the site plan, and not measured as individual pieces of furniture.

Trees do not count as obstructions for the purpose of calculating total area occupied by permitted obstructions. Planting beds and their retaining walls for trees count as obstructions.

- (3) Kiosks and open air cafes may be placed within an #urban plaza# upon certification, pursuant to paragraphs (g)(5) and (g)(6) of this Section. Such features shall be treated as permitted obstructions for the purposes of paragraph (g).

Where a kiosk is provided, it shall be a one-story structure, predominantly of light-colored materials, such as metal, glass, plastic or fabric as approved by the Department of Buildings in conformance with the Building Code, that, including roofed areas, does not occupy an area in excess of 150 square feet, except that where the #urban plaza# has an area of less than 5,000 square feet, the aggregate area of the kiosks shall not exceed 100 square feet measured by exterior dimensions. The aggregate area occupied by kiosks in an #urban plaza# larger than 5,000 square feet shall not exceed 150 square feet or 1.5 percent of the total area of the #urban plaza#, whichever is greater, provided no one kiosk occupies an area of more than 150 square feet. A kiosk may be freestanding or may be attached on only one side to a wall of the #building# of the #development# or a #building# on the adjacent #zoning lot#. Any area occupied by a kiosk shall be excluded from the definition of #floor area#, and may be occupied by #uses# such as news or magazine stands, candy stands, flower stands or information booths.

Where an open air café is provided, it shall occupy an

aggregate area not more than 20 percent of the total area of the #urban plaza#. It shall be a permanently unenclosed restaurant or eating or drinking place, permitted by applicable district regulations, which may have waiter or table service, and shall be open to the sky except that it may have a temporary fabric roof in conformance with the Building Code. An open air café must be accessible from all sides where there is a boundary with the remainder of the #urban plaza#. No kitchen equipment shall be installed within an open air cafe; however, kitchen equipment may be contained in a kiosk adjoining an open air cafe. An open air cafe qualifying as a permitted obstruction shall be excluded from the definition of #floor area#.

Notwithstanding the provisions of Section 32-41 (Enclosure Within Buildings), outdoor eating services or #uses# occupying kiosks may serve customers in an #urban plaza# through open windows. In all cases, only #uses# permitted by the applicable district regulations may occupy #urban plazas# or front on #urban plazas#.

- (4) Open air amphitheaters and open air ice skating rinks that charge admission may be placed within an #urban plaza# upon certification pursuant to paragraphs (g)(5) and (g)(6) of this Section. Such features shall be treated as permitted obstructions for the purposes of this paragraph (Permitted obstructions).
- (5) Kiosks and open air cafes that comply with the provisions of paragraph (g)(3) of this Section, and open air amphitheaters or open air ice skating rinks that charge admission may be placed within the area of an #urban plaza# upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings, that:
 - (i) such #use# promotes public use and enjoyment of the #urban plaza#;
 - (ii) such #use# complements and stabilizes desirable #uses# in the surrounding area;
 - (iii) such #use# is provided in accordance with the requirements set forth in this Section; and
 - (iv) the owners of such #use# will maintain such #use# in accordance with the provisions of paragraph (q) (Maintenance) of this Section.

All applications for the placement of kiosks, open air cafes, open air amphitheaters or open air ice skating rinks that charge admission within an #urban plaza# filed with the Commission shall include a detailed site plan or plans indicating compliance with the provisions of this Section. All such plans for kiosks, open air cafes, open air amphitheaters or open air ice skating rinks that charge admission, once certified, shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument providing notice of the certification for the kiosk, open air café, open air amphitheater or open air ice skating rink that charges admission, pursuant to this Section. Such filing and recording of the instrument shall be a precondition for the placement of the kiosk, open air café, open air amphitheater or open air ice skating rink that charges admission within the #urban plaza#. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

- (6) An application for certification shall be filed with the Chairperson of the City Planning Commission, and the Chairperson shall furnish a copy of the application for such certification to the affected Community Board at the earliest possible stage. The Chairperson will give due consideration to the Community Board's opinion as to the appropriateness of such a facility in the area and shall respond to such application for certification within 60 days of the application's receipt.

The Chairperson shall file any such certification with the City Council. The Council, within 20 days of such filing, may resolve by majority vote to review such certification. If the Council so resolves, within 50 days of the filing of the Chairperson's certification, the Council shall hold a public hearing and may approve or disapprove such certification. If, within the time periods provided for in this Section, the Council fails to act on the Chairperson's certification, the Council shall be deemed to have approved such certification.

Such certification shall be effective for a period of three years but, upon application, may be renewed for a similar period by the Chairperson of the City Planning Commission.

- (h) Prohibition of driveways, parking spaces, loading berths, exhaust vents and building trash storage facilities

No driveways, parking spaces, passenger drop offs or loading berths shall be permitted within an #urban plaza#. No building trash storage facilities are permitted within an #urban plaza#, nor shall any building trash storage facility be accessed or serviced through the #urban plaza#. If parking spaces, passenger drop-offs, driveways, loading berths or building trash storage facilities are located near or adjoin an #urban plaza#, they shall be separated from it by a building wall or planted area sufficient to visually conceal these facilities and any vehicles therein from any point in the #urban plaza#.

No exhaust vents are permitted on any #urban plaza# or on the building wall of the #development# fronting upon the #urban plaza#, except where such vents on the building wall are more than 8 feet, 6 inches above the level of the #urban plaza#.

- (i) Seating

There shall be a minimum of one linear foot of seating for each 30 square feet of #urban plaza# area, except that for #urban plazas# fronting upon a #street# having a grade change of at least 2.25 feet in 100 feet or for through #block urban plazas#, there shall be a minimum of one linear foot of seating for each 40 square feet of #urban plaza# area.

Not more than 50 percent of the linear seating capacity may be in movable seats that may be stored between the hours of sunset and sunrise.

The following standards shall be met for all required seating:

- (1) Seating shall have a minimum depth of 16 inches; however, seating with backs shall have a minimum depth of 14 inches and a maximum depth of 22 inches and backs shall be at least 12 inches high. Seating 30 inches or more in depth shall count double, provided there is access to both sides.
- (2) At least 75 percent of the required seating shall have a height not less than 16 inches nor greater than 20 inches above the level of the adjacent walking surface and at least 50 percent of this seating shall have backs at least 12 inches high. Seating higher than 36

inches or lower than 12 inches above the level of the adjacent walking surface shall not count towards meeting the seating requirements.

- (3) The flat tops of walls including but not limited to those that bound planting beds, fountains and pools may be counted as seating when they conform to the dimensional standards in paragraphs (f) (1) and (f) (2) of this Section, provided that they are made of stone, concrete or similar composite material, wood or plastic with a smooth surface and rounded upper edges with a radius of at least one inch to ensure seating comfort.
- (4) Movable seating or chairs, excluding seating for open air cafes, may be credited as 18 inches of linear seating per chair.
- (5) Steps, seats in outdoor amphitheaters and seating of open air cafes do not count towards meeting the seating requirement.
- (6) Seating for any #use# within an #urban plaza# is subject to applicable articles and amendments of the New York City Building Code.
- (7) For the benefit of persons with disabilities, a minimum of five percent of the required seating shall have backs.

(j) Planting and trees

For an #urban plaza# not exceeding 2,000 square feet in area, four trees are required.

For an #urban plaza# greater than 2,000 square feet in area but not exceeding 6,000 square feet in area, one tree is required for every 600 square feet, or part thereof, of #urban plaza# area.

For an #urban plaza# greater than 6,000 square feet in area, one tree is required for every 600 square feet, or part thereof, of #urban plaza# area for the first 6,000 square feet of area and one additional tree is required for every 1,000 square feet, or part thereof, of the remaining #urban plaza# area.

For all #urban plazas#, at least 50 percent of the required plaza trees shall be planted with gratings flush to grade.

Where trees are planted within an #urban plaza#, they shall

measure at least four inches in caliper at the time of planting. Each tree shall be planted in at least 200 cubic feet of soil with a depth of soil of at least 3 feet, 6 inches. Any planting bed containing required plaza trees shall have a continuous area of at least 75 square feet for each tree exclusive of bounding walls and shall have bounding walls not higher than 20 inches above the adjacent walking surface. Trees shall be planted at a maximum spacing of 25 feet within a single planting bed.

When planting beds are provided, they shall have a soil depth of at least two feet for grass or other ground cover, three feet for shrubs and 3 feet, 6 inches for trees.

#Street# trees are required to be planted in the public sidewalk area adjacent to a #zoning lot# that contains bonus #floor area# for #urban plazas#. At least one tree of four-inch caliper or more shall be planted for each 25 feet of the entire #street# frontage of the #zoning lot#, excluding the frontage occupied by driveways. The length of frontage of the #zoning lot# for the purpose of computing required #street# trees may also be reduced by 50 feet for each #street# intersection fronted by the #zoning lot#. The required trees shall be planted with gratings flush to grade in at least 200 cubic feet of soil per tree, with a depth of soil of at least 3 feet, 6 inches. Species shall be selected, located and maintained in accordance with the specifications established by the Department of Parks and the Department of Highways. If the Commissioner of Buildings determines that the tree planting requirements of this paragraph cannot be met in part or in whole because of subsurface conditions such as the presence of a subway tunnel, the number of required #street# trees that cannot be planted as required in this paragraph shall be planted in the public sidewalk areas of #streets# on the same #block# as the #zoning lot# to which it has frontage or within the #urban plaza#.

(k) Mandatory allocation of frontages for permitted #uses#

At least 50 percent of the total frontage of building walls of the #development# fronting on an #urban plaza#, or fronting on an #arcade# adjoining an #urban plaza#, exclusive of such frontage occupied by vertical circulation elements, building lobbies and frontage used for subway access, shall be allocated for occupancy by retail or service establishments permitted by the applicable district regulations. In addition, libraries, museums and art galleries shall be permitted. All such #uses# shall be directly accessible from the major portion of the #urban

plaza# or adjoining arcade.

The remaining frontage may be occupied by other #uses#, lobby entrances or vertical circulation elements, in accordance with the district regulations.

Frontage on the #urban plaza# that is occupied by a building lobby shall not exceed 75 feet or 40 percent of the total frontage of the #development's# building walls on the major portion of the #urban plaza#, whichever is less.

The building frontage on the major portion of the #urban plaza# shall be treated with clear, untinted transparent material for 50 percent of its surface area below 14 feet above the #urban plaza# level, or the ceiling level of the ground floor of the #building#, whichever is lower.

(1) Paving

The paving of the #urban plaza# shall be of non-skid durable materials that are decorative and compatible in color and pattern. The paving of the #street# sidewalk area adjacent to the #development# may be treated with design patterns and materials sympathetic to that of the paving of the #urban plaza#. Any change of paving materials within the public right-of-way shall require review by the Department of Highways and the Art Commission.

(m) Standards of accessibility for persons with disabilities to #urban plazas#

(1) There shall be at least one path of travel conforming to the standards set forth in paragraph (m)(2) of this Section, providing access to each of the following:

- (i) the major portion of an #urban plaza#;
- (ii) any building lobby accessible to the #urban plaza#; and
- (iii) any #use# that may be present on or adjacent to the #urban plaza#.

(2) The following standards shall apply to assure access for persons with disabilities:

- (i) Such paths shall have a minimum width of five feet, except where specific provisions require a greater width, free and clear of all obstructions.

- (ii) Ramps shall be provided alongside any stairs or steps for such paths. Ramps shall have a minimum width of three feet, a slope of not greater than 1:12, a non-skid surface and, for open-edged ramps, a two-inch high safety curb. At each end of a ramp there shall be a level area, which may be a public sidewalk, at least five feet long.
- (iii) All stairs or ramps within such paths shall provide handrails. Handrails shall be 34 inches high, have a midrail 22 inches high and shall extend at least 18 inches beyond the stair or ramp ends.
- (iv) Where stairs are used to effect changes of grade for such paths, they shall have closed risers, no projecting nosings, a maximum riser height of seven and one-half inches and a minimum tread width of eleven inches.

(n) Lighting and electrical power

#Urban plazas# shall be illuminated with a minimum level of illumination of not less than two horizontal foot candles (lumens per foot) throughout all walkable and sitting areas and a minimum level of illumination of not less than 0.5 horizontal foot candles (lumens per foot) throughout all other areas. Such level of illumination shall be maintained from sunset to sunrise. A lighting schedule, including fixtures, wattage and their locations and designs together with a diagram of light level distribution shall be part of the required detailed design plans as set forth in this Section. Electrical power shall be supplied by one or more outlets furnishing a total of at least 1,200 watts of power for every 4,000 square feet, or fraction thereof, of the area of an #urban plaza#.

(o) Public space signage systems

The following public space signage systems shall be required for all #urban plazas#:

(1) Entry plaque

The entry plaque shall be located at each #street# frontage or point of pedestrian entry to the #urban plaza#. A maximum of two entry plaques may be provided. The entry plaque shall contain:

- (i) a public space symbol which is at least 14 inches square in dimension; has a white background; has a grid of four (4) straight lines no greater than one-eighth inch wide and green in color; and has a tree-shaped symbol as shown;

- (ii) lettering at least two inches in height stating "OPEN TO PUBLIC." This lettering shall be located within nine inches of the public space symbol; and
- (iii) an International Symbol of Access for persons with disabilities that is at least three inches square.

The entry plaque shall be mounted on a wall or a permanent free-standing post with its center five feet above the elevation of the nearest walkable pavement. It shall be in a position that clearly identifies the entry into the #urban plaza#, and placed so that the entire entry plaque is obvious and directly visible, without any obstruction, along every line of sight from all paths of pedestrian access to the #urban plaza#.

(2) Information plaque

An information plaque, with a surface area of not less than two feet square, constructed from the same permanent materials as the entry plaque and located within the most frequently used area of the #urban plaza#, with clear lettering consisting of:

- (i) the type and quantity of trees, movable seating and permanent artwork;
- (ii) the name of the current owner of the building and the name, address and phone number of the person designated to maintain the #urban plaza# between the hours of 9:00 a.m. and 5:00 p.m.;

- (iii) the statement, "Complaints regarding this urban plaza may be addressed to the Department of City Planning or the Department of Buildings of the City of New York"; and
- (iv) the statement, "This urban plaza is accessible to persons with disabilities."

(p) #Signs#

An #urban plaza# shall be treated as a #street# for the purposes of the applicable #sign# regulations. #Signs#, except for the plaque required by paragraph (o) of this Section, are permitted only as #accessory# to #uses# permitted within the #urban plaza# and #uses# adjoining the #urban plaza#, and are otherwise regulated by the applicable district regulations set forth in Section 32-60 (SIGN REGULATIONS).

(q) Maintenance

- (1) The building owner shall be responsible for the maintenance of the #urban plaza# including, but not limited to, the confinement of permitted obstructions, litter control, and the care and replacement of vegetation within the #zoning lot# and in the #street# sidewalk area adjacent to the #zoning lot#.
- (2) Litter receptacles shall be provided with a minimum capacity of one cubic foot for each 2,000 square feet of #urban plaza# area excluding the area of any sidewalk widening. An additional capacity of one cubic foot of litter receptacle shall be provided for each 2,000 square feet of #urban plaza# area in connection with outdoor eating services or other #uses# permitted within #urban plazas# that generate litter.
- (3) Kiosks, open air cafes, open air amphitheaters and open air ice skating rinks permitted in accordance with the provisions of this Section shall be confined within areas designated on building plans as available for occupancy by such #uses#. Encroachment by an #urban plaza use# outside an area so designated shall be a valid ground for complaint and removal.
- (4) Performance bond

Prior to obtaining any certificate of occupancy from the Department of Buildings, the building owner shall post with the Comptroller of the City of New York, a

performance bond, City securities or fixed income securities, at the Comptroller's discretion, to ensure the mandatory tree planting, movable seating exclusive of any seating for open air cafes, and the litter-free maintenance of the #urban plaza# including the replacement of such trees and movable furniture during the life of the #development#.

In the event of a failure in the required performance, the Chairperson of the City Planning Commission shall notify the building owner in writing of such failure and shall stipulate the period of time in which the building owner has to correct the failure. If the failure is not corrected in the stipulated time, the Chairperson may declare the building owner in default in the required performance and the City may enforce the obligation by whatever means may be appropriate to the situation, including letting contracts for doing any required planting, installation or maintenance and paying all labor, material and other costs connected with such work from the bond or City securities that the building owner is required to provide.

In the event that the City enforces the aforementioned obligation as provided for in this paragraph (Performance bond), the building owner shall, within 90 days of such enforcement, provide the City with an additional bond or City securities in an amount not less than that which was expended to cure the default.

The value of the bond or City securities if tendered prior to January 1, 1998, shall be at a rate of \$750 per required tree, \$100 per movable chair and \$200 per 1,000 square feet of #urban plaza# for litter removal as set forth in this Section.

Effective January 1, 1989, and at five-year intervals thereafter, the City Planning Commission shall establish new rates for the mandatory tree planting, movable seating and litter-free maintenance of the #urban plaza#.

(r) Penalties for violations

Failure to comply with the conditions or restrictions of the bonused #urban plaza# shall constitute a violation of this Resolution and shall constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies.

No foundation permit shall be issued by the Department of Buildings for any #development# that includes an #urban plaza# without certification by the Chairperson of the City Planning Commission that a site plan has been submitted indicating compliance with the provisions of this Section. An application for such certification shall be filed with the Chairperson showing the plan of the #zoning lot#; a site plan indicating the area and dimensions of the proposed #urban plaza# and the location of the proposed #development# or #enlargement# and all existing #buildings# temporarily or permanently occupying the #zoning lot#; computations of proposed #floor area#, including bonus #floor area#; and a detailed plan or plans demonstrating compliance with the provisions of this Section.

All plans for #urban plazas#, once certified, shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument providing notice of the certification of the #urban plaza# pursuant to this Section. Such filing and recording of the instrument shall be a precondition for the filing for or issuance of any building permit for any #development# or #enlargement# on the #zoning lot#. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

APPENDIX F

Inclusionary Housing Designated Areas

The boundaries of #Inclusionary Housing designated areas# are shown on the maps listed in this Appendix F. The #Residence Districts# listed for such areas shall include #Commercial Districts# where #residential buildings# or the #residential# portion of #mixed buildings# are governed by the #bulk# regulations of such #Residence Districts#. Where #Inclusionary Housing designated areas# are mapped in #Commercial Districts#, the residential district equivalent has instead been specified for each map.

APPENDIX G:
Quantities of Radioactive Material

EXCERPT FROM SECTION 38-2 OF INDUSTRIAL CODE RULE NO. 38 RELATING
TO RADIATION PROTECTION*

(Section 42-262 of the Zoning Resolution limits quantities of
unsealed radioactive materials which may be manufactured,
utilized or stored in #Manufacturing Districts#)

MAXIMUM PERMITTED QUANTITIES OF
UNSEALED RADIOACTIVE MATERIAL

Material	Unsealed (microcuries)
Antimony 124 (Sb 124)	1.0
Arsenic 76 (As 76)	10.0
Arsenic 77 (As 77)	10.0
Barium 140-Lanthanum 140 (Ba-La 140)	1.0
Beryllium (Be)	50.0
Cadmium 109-Silver 109 (Cd-Ag 109)	10.0
Calcium 45 (Ca 45)	10.0
Carbon 14 (C 14)	50.0
Cerium 144-Praseodymium 144 (Ce-Pr 144)	1.0
Cesium 137-Barium 137 (Cs-Ba 137)	1.0
Chlorine 36 (Cl 36)	1.0
Chromium 51 (Ch 51)	50.0
Cobalt 60 (Co 60)	1.0
Copper 64 (Cu 64)	50.0
Europium 154 (Eu 154)	1.0
Fluorine 18 (F 18)	50.0
Gallium 72 (Ga 72)	10.0
Germanium 71 (Ge 71)	50.0

Gold 198 (Au 198)	10.0
Gold 199 (Au 199)	10.0
Hydrogen 3 (Tritium) (H 3)	250.0
Indium 114 (In 114)	1.0
Iodine 131 (I 131)	10.0
Iridium 192 (Ir 192)	10.0
Iron 55 (Fe 55)	50.0
Iron 59 (Fe 59)	1.0
Lanthanum (La 140)	10.0
Manganese 52 (Mn 52)	1.0
Manganese 56 (Mn 56)	50.0
Molybdenum 99 (Mo 99)	10.0
Nickel 59 (Ni 59)	1.0
Nickel 63 (Ni 63)	1.0
Niobium 95 (Nb 95)	10.0
Palladium 109 (Pd 109)	10.0
Palladium 103-Rhodium 103 (Pd-Rh 103)	50.0
Phosphorus 32 (P 32)	10.0
Polonium 210 (Po 210)	0.1
Potassium 42 (K 42)	10.0
Praseodymium 143 (Pr 143)	10.0
Promethium 147 (Pm 147)	10.0
Radium 226 (Ra 226)	1.0
Rhenium 186 (Re 186)	10.0
Rhodium 105 (Rh 105)	10.0
Rubidium 86 (Rb 86)	10.0
Ruthenium 106-Rhodium 106 (Ru-Rh 106)	1.0
Samarium 153 (Sm 153)	10.0
Scandium 46 (Sc 46)	1.0

Silver 105 (Ag 105)	1.0
Silver 111 (Ag 111)	10.0
Sodium 22 (Na 22)	10.0
Sodium 24 (Na 24)	10.0
Strontium 89 (Sr 89)	1.0
Strontium 90-Yttrium 90 (Sr-Y 90)	0.1
Sulfur 35 (S 35)	50.0
Tantalum 182 (Ta 182)	10
Technetium 96 (Tc 96)	1
Technetium 99 (Tc 99)	1
Tellurium 127 (Te 127)	10
Tellurium 129 (Te 129)	1.0
Thallium 204 (Tl 204)	50.0
Tin 113 (Sn 113)	10.0
Tungsten 181 (W 181)	10.0
Tungsten 185 (W 185)	10.0
Vanadium 48 (V 48)	1.0
Yttrium 90 (Y 90)	1.0
Yttrium 91 (Y 91)	1.0
Zinc 65 (Zn 65)	10.0
Natural Uranium	1,000
Natural Thorium	1,000
