(12/15/61)

Preamble

This Resolution is adopted in order to promote and protect public health, safety and general welfare. These general goals include, among others, the specific purposes set forth in the statements of legislative intent for the respective districts and groups of districts.

Article 1

General Provisions

Chapter 1

Title, Establishment of Controls and Interpretation of Regulations

(12/15/61)

11-00

Title

(12/15/61)

11-01

Long Title

A Resolution regulating the height and bulk of buildings and other structures, regulating and determining the area of yards, courts and other open spaces, and the density of population, and regulating and restricting the location of trades and industries and the location of buildings designed for specific uses within the City of New York, and for such purposes dividing the City into districts.

(12/15/61)

11-02

Short Title

This Resolution shall be known and may be cited as the Zoning Resolution of the City of New York.

(12/15/61)

11-10

**ESTABLISHMENT AND SCOPE OF CONTROLS, ESTABLISHMENT OF DISTRICTS,
AND INCORPORATION OF MAPS**

(12/15/61)

11-11

Establishment of Control over Use and Bulk

(2/2/11)

11-111

Applicability of this Resolution

In all districts, after December 15, 1961, any #zoning lot# or other tract of land, as applicable, and anything therein or thereupon, including any #development#, #enlargement#, #extension#, change of #use#, new or existing #use#, #conversion#, alteration, site alteration, relocation, reconstruction and any #building or other structure# shall be subject to the regulations of this Resolution; and shall continue to be subject to the provisions of this Resolution in effect at the time of such #development#, #enlargement#, establishment of or change of #use#, #conversion#, alteration, site alteration, relocation or reconstruction, unless such provisions are modified by an amendment of this Resolution applicable to #buildings or other structures# or #uses# existing at the time of such amendment.

Where an existing #use# or #building or other structure# is #non-conforming# or #non-complying#, the provisions of Article V (Non-Conforming Uses and Non-Complying Buildings) may apply.

(2/2/11)

11-12

Establishment of Districts

(2/2/11)

11-121

District names

Each zoning district is designated by a letter indicating the general land use classification - R for Residential, C for Commercial and M for Manufacturing - followed by one or two numbers and, sometimes, a letter suffix. In residence districts, generally, the higher the first number, the greater the density permitted and the larger the building. Parking requirements usually decrease as density increases. A second number, following a hyphen (such as R3-1 or R3-2), denotes variations in use, bulk or parking regulations among districts within a common density category. In commercial and manufacturing districts, the first number denotes the intensity of permitted uses; the higher the first number, generally, the broader the scope of uses that are permitted and the more significant the land use impact of such uses. The second number, following a hyphen, denotes differences in bulk or parking regulations within a common use category. The higher the second number, generally, the larger the building permitted and/or the lower the parking requirements. Letter suffixes have been added to the designations of certain districts (such as R10A) to indicate contextual counterparts that seek to maintain, enhance or establish new neighborhood characteristics or building scale.

(7/24/13)

11-122

Districts established

In order to carry out the purposes and provisions of this Resolution, the following districts are hereby established:

Residence Districts

R1-1 Single-Family Detached Residence District
R1-2 Single-Family Detached Residence District
R1-2A Single-Family Detached Residence District

R2 Single-Family Detached Residence District
R2A Single-Family Detached Residence District
R2X Single-Family Detached Residence District

R3-1 Detached and Semi-Detached Residence District
R3-2 General Residence District

R3A	Detached Residence District
R3X	Detached Residence District
R4	General Residence District
R4-1	Detached and Semi-Detached Residence District
R4A	Detached Residence District
R4B	General Residence District
R5	General Residence District
R5A	Detached Residence District
R5B	General Residence District
R5D	General Residence District
R6	General Residence District
R6A	General Residence District
R6B	General Residence District
R7-1	General Residence District
R7-2	General Residence District
R7-3	General Residence District
R7A	General Residence District
R7B	General Residence District
R7D	General Residence District
R7X	General Residence District
R8	General Residence District
R8A	General Residence District
R8B	General Residence District
R8X	General Residence District
R9	General Residence District
R9-1	General Residence District
R9A	General Residence District
R9D	General Residence District
R9X	General Residence District
R10	General Residence District
R10A	General Residence District
R10H	General Residence District
R10X	General Residence District

Commercial Districts

C1-1	Local Retail District
C1-2	Local Retail District
C1-3	Local Retail District
C1-4	Local Retail District
C1-5	Local Retail District
C1-6	Local Retail District

C1-6A Local Retail District

Special Purpose Districts

Establishment of the Special 125th Street District

In order to carry out the special purposes of this Resolution as set forth in Article IX, Chapter 7, the #Special 125th Street District# is hereby established.

Establishment of the Special Battery Park City District

In order to carry out the special purposes of this Resolution as set forth in Article VIII, Chapter 4, the #Special Battery Park City District# is hereby established.

Establishment of the Special Bay Ridge District

In order to carry out the special purposes of this Resolution as set forth in Article XI, Chapter 4, the #Special Bay Ridge District# is hereby established.

Establishment of the Special City Island District

In order to carry out the special purposes of this Resolution as set forth in Article XI, Chapter 2, the #Special City Island District# is hereby established.

Establishment of the Special Clinton District

In order to carry out the special purposes of this Resolution as

set forth in Article IX, Chapter 6, the #Special Clinton District# is hereby established.

Establishment of the Special College Point District

In order to carry out the special purposes of this Resolution as set forth in Article XII, Chapter 6, the #Special College Point District# is hereby established.

Establishment of the Special Coney Island District

In order to carry out the special purposes of this Resolution as set forth in Article XIII, Chapter 1, the #Special Coney Island District# is hereby established.

Establishment of the Special Coney Island Mixed Use District

In order to carry out the special purposes of this Resolution as set forth in Article X, Chapter 6, the #Special Coney Island Mixed Use District# is hereby established.

Establishment of the Special Downtown Brooklyn District

In order to carry out the special purposes of this Resolution as set forth in Article X, Chapter 1, the #Special Downtown Brooklyn District# is hereby established.

Establishment of the Special Downtown Jamaica District

In order to carry out the special purposes of this Resolution as set forth in Article XI, Chapter 5, the #Special Downtown Jamaica District# is hereby established.

Establishment of the Special Enhanced Commercial District

In order to carry out the special purposes of this Resolution as set forth in Article XIII, Chapter 2, the #Special Enhanced Commercial District# is hereby established.

Establishment of the Special Forest Hills District

In order to carry out the special purposes of this Resolution as set forth in Article VIII, Chapter 6, the #Special Forest Hills

District# is hereby established.

Establishment of the Special Garment Center District

In order to carry out the special purposes of this Resolution as set forth in Article XII, Chapter 1, the #Special Garment Center District# is hereby established.

Establishment of the Special Governors Island District

In order to carry out the special purposes of this Resolution, as set forth in Article XIII, Chapter 4, the #Special Governors Island District# is hereby established.

Establishment of the Special Grand Concourse Preservation District

In order to carry out the special purposes of this Resolution as set forth in Article XII, Chapter 2, the #Special Grand Concourse Preservation District# is hereby established.

Establishment of the Special Harlem River Waterfront District

In order to carry out the special purposes of this Resolution as set forth in Article VIII, Chapter 7, the #Special Harlem River Waterfront District# is hereby established.

Establishment of the Special Hillside Preservation District

In order to carry out the special purposes of this Resolution as set forth in Article XI, Chapter 9, the #Special Hillside Preservation District# is hereby established.

Establishment of the Special Hudson Square District

In order to carry out the special purposes of this Resolution as set forth in Article VIII, Chapter 8, the #Special Hudson Square District# is hereby established.

Establishment of the Special Hudson Yards District

In order to carry out the special purposes of this Resolution as set forth in Article IX, Chapter 3, the #Special Hudson Yards

District# is hereby established.

Establishment of the Special Hunts Point District

In order to carry out the special purposes of this Resolution as set forth in Article X, Chapter 8, the #Special Hunts Point District# is hereby established.

Establishment of Special Limited Commercial District

In order to carry out the special purposes of this Resolution as set forth in Article VIII, Chapter 3, the #Special Limited Commercial District# is hereby established.

Establishment of Limited Height Districts

The following are hereby established as #Limited Height Districts# to which the provisions of Sections 23-691, 24-591, 33-491 or 43-49 (Limited Height Districts) shall apply either directly or in other provisions of this Resolution, where they are incorporated by cross-reference:

LH-1	Limited Height District No. 1
LH-1A	Limited Height District No. 1A
LH-2	Limited Height District No. 2
LH-3	Limited Height District No. 3

Establishment of the Special Lincoln Square District

In order to carry out the special purposes of this Resolution as set forth in Article VIII, Chapter 2, the #Special Lincoln Square District# is hereby established.

Establishment of the Special Little Italy District

In order to carry out the special purposes of this Resolution as set forth in Article X, Chapter 9, the #Special Little Italy District# is hereby established.

Establishment of the Special Long Island City Mixed Use District

In order to carry out the special purposes of this Resolution as set forth in Article XI, Chapter 7, the #Special Long Island City Mixed Use District# is hereby established.

Establishment of the Special Lower Manhattan District

In order to carry out the special purposes of this Resolution as set forth in Article IX, Chapter 1, the #Special Lower Manhattan District# is hereby established.

Establishment of the Special Madison Avenue Preservation District

In order to carry out the special purposes of this Resolution as set forth in Article IX, Chapter 9, the #Special Madison Avenue Preservation District# is hereby established.

Establishment of the Special Manhattanville Mixed Use District

In order to carry out the special purposes of this Resolution as set forth in Article X, Chapter 4, the #Special Manhattanville Mixed Use District# is hereby established.

Establishment of the Special Midtown District

In order to carry out the special purposes of this Resolution as set forth in Article VIII, Chapter 1, the #Special Midtown District# is hereby established.

Establishment of the Special Mixed Use District

In order to carry out the purposes of this Resolution as set forth in Article XII, Chapter 3, the #Special Mixed Use District# is hereby established.

Establishment of the Special Natural Area District

In order to carry out the special purposes of this Resolution as set forth in Article X, Chapter 5, the #Special Natural Area District# is hereby established.

Establishment of the Special Ocean Parkway District

In order to carry out the special purposes of this Resolution as set forth in Article XI, Chapter 3, the #Special Ocean Parkway District# is hereby established.

Establishment of the Special Park Improvement District

In order to carry out the special purposes of this Resolution as set forth in Article IX, Chapter 2, the #Special Park Improvement District# is hereby established.

Establishment of the Special Planned Community Preservation District

In order to carry out the special purposes of this Resolution as set forth in Article X, Chapter 3, the #Special Planned Community Preservation District# is hereby established.

Establishment of the Special Scenic View District

In order to carry out the special purposes of this Resolution as set forth in Article X, Chapter 2, the #Special Scenic View District# is hereby established.

Establishment of the Special Sheepshead Bay District

In order to carry out the special purposes of this Resolution as set forth in Article IX, Chapter 4, the #Special Sheepshead Bay District# is hereby established.

Establishment of the Special South Richmond Development District

In order to carry out the special purposes of this Resolution as set forth in Article X, Chapter 7, the #Special South Richmond Development District# is hereby established.

Establishment of the Special Southern Hunters Point District

In order to carry out the purposes of this Resolution, as set forth in Article XII, Chapter 5, the #Special Southern Hunters Point District# is hereby established.

Establishment of the Special Southern Roosevelt Island District

In order to carry out the special purposes of this Resolution as set forth in Article XIII, Chapter 3, the #Special Southern Roosevelt Island District# is hereby established.

Establishment of the Special St. George District

In order to carry out the special purposes of this Resolution as set forth in Article XII, Chapter 8, the #Special St. George District# is hereby established.

Establishment of the Special Stapleton Waterfront District

In order to carry out the special purposes of this Resolution as set forth in Article XI, Chapter 6, the #Special Stapleton Waterfront District# is hereby established.

Establishment of the Special Transit Land Use District

In order to carry out the special purposes of this Resolution as set forth in Article IX, Chapter 5, a #Special Transit Land Use District# is hereby established.

Establishment of the Special Tribeca Mixed Use District

In order to carry out the special purposes of this Resolution as set forth in Article XI, Chapter 1, the #Special Tribeca Mixed Use District# is hereby established.

Establishment of the Special Union Square District

In order to carry out the special purposes of this Resolution as set forth in Article XI, Chapter 8, the #Special Union Square District# is hereby established.

Establishment of the Special United Nations Development District

In order to carry out the special purposes of this Resolution as set forth in Article VIII, Chapter 5, the #Special United Nations Development District# is hereby established.

Establishment of the Special West Chelsea District

In order to carry out the special purposes of this Resolution as set forth in Article IX, Chapter 8, the #Special West Chelsea District# is hereby established.

Establishment of the Special Willets Point District

In order to carry out the special purposes of this Resolution as set forth in Article XII, Chapter 4, the #Special Willets Point District# is hereby established.

(2/2/11)

11-123

Special Purpose Districts

For the Special Purpose Districts listed in Section 11-122 (Districts established), each Special Purpose District appears on the #zoning maps# superimposed on other districts and its regulations supplement or modify those of the districts upon which it is superimposed.

(12/10/13)

11-13

Public Parks

District designations indicated on #zoning maps# do not apply to #public parks#, except as set forth in Section 105-91 (Special District Designation on Public Parks) and in paragraph (c) of Section 62-351 (Special floor area regulations). In the event that a #public park# or portion thereof is sold, transferred, exchanged, or in any other manner relinquished from the control of the Commissioner of Parks and Recreation, no building permit shall be issued, nor shall any #use# be permitted on such former #public park# or portion thereof, until a zoning amendment designating a zoning district therefore has been adopted by the City Planning Commission and has become effective after submission to the City Council in accordance with the provisions of Section 71-10 (PROCEDURE FOR AMENDMENTS).

(12/15/61)

11-14

Incorporation of Maps

The location and boundaries of the districts established by this Resolution are shown upon the #zoning maps#, which are hereby incorporated into the provisions of this Resolution. The said #zoning maps# in their entirety, including all amendments thereto, shall be as much a part of this Resolution as if fully

set forth and described herein.

(3/28/12)

11-15

Environmental Requirements

The designation (E) or an environmental restrictive declaration, where listed in APPENDIX C (City Environmental Quality Review (CEQR) Environmental Requirements) of this Resolution, indicate that environmental requirements pertaining to potential hazardous materials, noise or air quality impacts have been established in connection with an amendment of or an action pursuant to this Resolution for one or more tax lots. Such environmental requirements are set forth in the CEQR determination related to such amendment or action.

CEQR determinations are on file with the lead agency and the Mayor's Office of Environmental Coordination (MOEC). A listing of such CEQR determinations and their related environmental requirements is found within APPENDIX C of this Resolution. (E) designations and environmental restrictive declarations may only be removed from APPENDIX C or modified in accordance with the provisions of paragraph (d) of this Section.

In the case of a merger or subdivision of lots, any of which is subject to an (E) designation or environmental restrictive declaration, such (E) designation or environmental restrictive declaration shall be considered assigned to all portions of the merged or subdivided lots. The environmental requirements of such (E) designation or environmental restrictive declaration shall apply to the merged or subdivided lots, or portions thereof, as determined by the Office of Environmental Remediation (OER).

Tax lots with environmental requirements shall be subject to the following:

(a) Building permit conditions

Prior to issuing a building permit or temporary or final certificate of occupancy, for any action listed in paragraphs (a)(1), (a)(2) or (a)(3) of this Section, on a tax lot that has an (E) designation or an environmental restrictive declaration related to hazardous materials, noise or air quality, the Department of Buildings (DOB) shall be furnished with a notice issued by OER stating that OER does not object to the issuance of such building permit, or temporary or final certificate of occupancy, in

accordance with the applicable rules of the City of New York (OER Notice).

(1) For hazardous materials

- (i) any #development#;
- (ii) an #enlargement#, #extension# or change of #use#, any of which involves a #residential# or a #community facility use#; or
- (iii) an #enlargement# or alteration of a #building# for any #use# that involves a disturbance of the soil;

(2) For air quality

- (i) any #development#;
- (ii) an #enlargement#, #extension# or change of #use#; or
- (iii) an alteration that involves ventilation or exhaust systems, including, but not limited to, stack relocation or vent replacement; or

(3) For noise

- (i) any #development#;
- (ii) an #enlargement#, #extension# or change of #use#; or
- (iii) an alteration that involves window or exterior wall relocation or replacement.

(b) Ongoing site management

In the event that a duly issued OER Notice indicates that a tax lot that has an (E) designation or an environmental restrictive declaration requires ongoing site management, OER may require that a declaration of covenants and restrictions governing the ongoing site management requirements be recorded against the subject tax lot in the Office of the City Register or, where applicable, in the County Clerk's Office in the county where the lot is located.

As a condition to the issuance of a temporary or final certificate of occupancy or granting of permit sign-off, if no certificate of occupancy is required, DOB shall be provided with proof that the declaration of covenants and

restrictions for ongoing site management has been duly recorded. The recording information for the ongoing site management declaration shall be referenced on the first certificate of occupancy to be issued after such declaration is recorded, as well as all subsequent certificates of occupancy, for as long as the declaration remains in effect.

(c) Modifications

Upon application to OER by the owner of the affected lot(s), OER may, with the consent of the lead agency, modify the environmental requirements set forth in a CEQR determination based upon new information, additional facts or updated standards, as applicable, provided that such modifications are equally protective.

(d) Completion of environmental requirements

- (1) Removal of tax lots subject to an (E) designation or an environmental restrictive declaration from APPENDIX C

The Department of City Planning (DCP) shall administratively modify APPENDIX C after receiving a duly issued OER Notice, stating that the environmental requirements related to an (E) designation or contained in an environmental restrictive declaration related to potential hazardous materials, noise or air quality have been completed or otherwise no longer apply to a tax lot(s), because:

- (i) no further testing, remediation or ongoing site management is required for hazardous materials contamination;
- (ii) the noise generating source has been permanently eliminated; or
- (iii) the emissions source related to air quality has been permanently eliminated.

- (2) Removal of an (E) designation from APPENDIX C

DCP shall administratively remove an (E) designation from APPENDIX C when, in accordance with the provisions of paragraph (d)(1) of this Section, the environmental requirements for all tax lots subject to the (E) designation have been completed.

- (3) Cancellation of an environmental restrictive declaration and modification of APPENDIX C

DCP shall administratively remove an environmental restrictive declaration from APPENDIX C when, in accordance with the provisions of paragraph (d)(1) of this Section, the environmental requirements contained in such environmental restrictive declaration have been completed for all tax lots and a Notice of Cancellation of the environmental restrictive declaration has been duly recorded against the subject tax lots in the Office of the City Register or, where applicable, in the County Clerk's Office in the county where the lots are located.

(4) Notification

DCP shall notify DOB, MOEC and OER when modifications to APPENDIX C are made.

- (e) The provisions of this Section shall apply to all (E) designations and environmental restrictive declarations, notwithstanding the date such environmental requirements were established.

(3/28/12)

11-151

Special requirements for properties in the Borough of Queens

- (a) Block 9898, Lots 1 and 117, in the Borough of Queens, shall be subject to the provisions of Section 11-15 (Environmental Requirements) governing (E) designations. The City Environmental Quality Review (CEQR) Declarations for these sites shall be listed in APPENDIX C (City Environmental Quality Review (CEQR) Environmental Requirements) of the Zoning Resolution.
- (b) The following special requirements shall apply to a #development#, #enlargement# or change of #use# for properties in the Borough of Queens located within the areas described in paragraphs (1) through (5) of this paragraph,
- (b).
- (1) The regulations of an R4 District shall apply within an area bounded by Liberty Avenue, 170th Street, a line 100 feet southeasterly of Liberty Avenue, and a line 100 feet southwesterly of 168th Place.
- (2) The regulations of a C8-1 District shall apply within

an area bounded by Liberty Avenue, a line 100 feet southwesterly of 168th Place, a line 150 feet northwesterly of 104th Avenue, and Merrick Boulevard.

- (3) The regulations of an M1-1 District shall apply within an area bounded by Liberty Avenue, Sutphin Boulevard, 105th Avenue, a line 50 feet southwesterly of 148th Street, a line 100 feet northwesterly of 105th Avenue, and a line 150 feet northeasterly of Sutphin Boulevard.
- (4) The regulations of an R6 District with a C2-2 District overlay shall apply within an area bounded by 163rd Street, a line perpendicular to 163rd Street passing through a point distant 109.42 feet as measured along the easterly #street line# of 163rd Street from the intersection of the southeasterly line of Hillside Avenue and the northeasterly line of 163rd Street, a line 86 feet northeasterly of 163rd Street, a line perpendicular to 163rd Street passing through a point 146.92 feet distant as measured along the easterly #street line# of 163rd Street from the intersection of the southeasterly line of Hillside Avenue and the northeasterly line of 163rd Street.
- (5) The regulations of a C8-1 District shall apply within an area bounded by Hillside Avenue, a line 388 feet westerly of 144th Street, a line 100 feet northwesterly of 88th Avenue, a line 100 feet northeasterly of 139th Street, a line 120 feet northwesterly of 88th Avenue, a line 60 feet northeasterly of 139th Street, a line 70 feet southeasterly of Hillside Avenue, and 139th Street; and within an area bounded by Queens Boulevard, Hillside Avenue, 139th Street, a line 100 feet southeasterly of Hillside Avenue, a line midblock between 139th Street and Queens Boulevard, a line perpendicular to Queens Boulevard passing through a point distant 140 feet as measured along the northeasterly #street line# of Queens Boulevard from the intersection of the southeasterly line of Hillside Avenue and the northeasterly line of Queens Boulevard.

However, in the event that the Chairperson of the City Planning Commission, based on consultation with the Department of Environmental Protection of the City of New York, provides a certificate of no effect to the Department of Buildings with regard to industrial air emissions for an area described in paragraph (b) of this Section, the regulations of the zoning districts designated on the #zoning map# shall apply to any #development#,

#enlargement# or change of #use# within such area, to the extent permitted under the terms of the certificate of no effect.

(10/25/93)

11-16

Pierhead Lines, Bulkhead Lines and Marginal Streets

The pierhead and bulkhead lines shown on the #zoning maps# shall be the lines adopted by the United States Army Corps of Engineers, except where a New York City pierhead or bulkhead line is adopted, in which case the New York City line shall be the governing line for the purposes of this Resolution. In the event a provision of this Resolution refers to a pierhead or bulkhead line and no such line is shown on the #zoning map#, then the #shoreline# shall control.

Marginal streets, ways, places or wharves shown on the #zoning maps# shall not be deemed to be #streets# for the purposes of this Resolution, unless expressly stated otherwise.

(12/15/61)

11-20

INTERPRETATION OF PROVISIONS

(12/15/61)

11-21

Provisions are Minimum Requirements

In interpreting and applying the provisions of this Resolution, such provisions shall be considered as the minimum requirements:

- (a) to promote and protect public health, safety and general welfare, as set forth in the preamble to this Resolution and in the statements of legislative intent for the respective districts and other regulations; and
- (b) to provide a gradual remedy for existing conditions which are detrimental thereto.

(12/15/61)

11-22

Applications of Overlapping Regulations

Whenever any provision of this Resolution and any other provisions of law, whether set forth in this Resolution or in any other law, ordinance or resolution of any kind, impose overlapping or contradictory regulations over the #use# of land, or over the #use# or #bulk# of #buildings or other structures#, or contain any restrictions covering any of the same subject matter, that provision which is more restrictive or imposes higher standards or requirements shall govern. In case of any conflict between the performance standards and the rules and regulations adopted by the Department of Environmental Protection, the more restrictive shall apply.

(2/2/11)

11-23

Demolition and Replacement

The alteration of an existing #building# resulting in both the removal of more than 75 percent of the #floor area# and more than 25 percent of the perimeter walls of such existing #building#, and the replacement of any amount of #floor area#, shall be considered a #development# for the purposes of the following provisions. The provisions of this Section shall apply notwithstanding the provisions of Article V (Non-Conforming Uses and Non-Complying Buildings). However, these provisions shall not apply where the #building# to be replaced is a #single-# or #two-family residence# utilizing the provisions of Article V.

District Designations Appended with Suffixes

All regulations applicable to a district designation shall be applicable to such district designation appended with a suffix, except as otherwise set forth in express provisions of this Resolution. If a section lists an R4 District, therefore, the provisions of that section shall also apply to R4-1, R4A and R4B Districts, unless separate provisions for the districts with suffixes are listed within such section. Wherever a section lists only a district with a suffix, the provisions applicable to such district are different from the provisions of that district without a suffix. If a section lists only a C4-6A District, therefore, the provisions of that section are not applicable to a C4-6 District.

(6/30/89)

11-27

Regulations Concerning Effective Date of Amendment and Alteration Permits

(6/30/89)

11-271

Alteration permits filed for residential occupancy prior to May 18, 1981, in certain M1-6 Districts

In M1-6 Districts located within the rectangle formed by West 35th Street, Fifth Avenue, West 40th Street and Sixth Avenue, no #dwelling units# shall be permitted, except that

- (a) #dwelling units# which the Chairperson of the City Planning Commission determines were occupied on May 18, 1981, shall be a permitted #use# provided that a complete application to permit such #use# is filed by the owner of the #building# or the occupant of the #dwelling unit# not later than June 21,

1983. For the purposes of Article 7C of the New York Multiple Dwelling Law, such a determination of #residential# occupancy shall be deemed to permit #residential use# as-of-right for such #dwelling unit#; and

- (b) in any #building# for which an alteration application for conversion of #floor area# used for non-#residential use# to #dwelling units# or for an #extension# or minor #enlargement# of existing #residential use#, was filed prior to May 18, 1981, #dwelling units# shall be permitted, provided that such alterations shall comply with the regulations in effect on the date of such filing. The right to convert to #dwelling units# or #extend# or #enlarge# existing #residential use# pursuant to the provisions of this paragraph shall expire one year from July 23, 1981, unless a temporary or permanent certificate of occupancy has been issued.

(6/30/89)

11-272

Alteration applications filed prior to effective date of amendment C821182 ZMM, rezoning the area between Canal Street, Baxter Street, White Street and Broadway

In the #Manufacturing District# located in the area between Canal Street, Baxter Street, Walker Street, Centre Street, White Street and Broadway, #residential use# shall not be permitted. However:

- (a) all #dwelling units# for which an alteration application to permit such #use# was filed with the Department of Buildings prior to December 16, 1982, and a temporary or permanent certificate of occupancy is obtained not later than December 16, 1984, shall be a permitted #use#; and
- (b) #dwelling units# which the Chairperson of the City Planning Commission determines were occupied on August 31, 1982, shall be a permitted #use# provided that a complete application to permit such #use# is filed by the owner of the #building# or the occupant of a #dwelling unit# in such #building# not later than August 31, 1983. For the purposes of Article 7C of the New York State Multiple Dwelling Law, such a determination of #residential# occupancy shall be deemed to permit #residential use# as-of-right for such #dwelling unit#.

(6/30/89)

11-28

Regulations Concerning Effective Date of Permits Issued Pursuant to BSA Variances

(6/30/89)

11-281

Permits issued pursuant to variances granted prior to the effective date of amendment C880800 ZMM, removing the Special Yorkville-East 86th Street District

If, within the area affected by #zoning map# amendment C880800 ZMM, a variance to modify #bulk# regulations was granted prior to June 30, 1989, and a permit was issued in accordance with the terms of said variance within two years of the grant of said variance, construction pursuant to said permit may be continued.

(12/5/91)

11-30

BUILDING PERMITS ISSUED BEFORE EFFECTIVE DATE OF AMENDMENT

(2/2/11)

11-31

General Provisions

For the purposes of Section 11-33, relating to Building Permits Issued before Effective Date of Amendment to this Resolution, the following terms and general provisions shall apply:

- (a) A lawfully issued building permit shall be a building permit which is based on an approved application showing complete plans and specifications, authorizes the entire construction and not merely a part thereof, and is issued prior to any applicable amendment to this Resolution.

In case of dispute as to whether an application includes "complete plans and specifications" as required in this Section, the Commissioner of Buildings shall determine whether such requirement has been met.

(b) The rights set forth in these Sections shall be retained only if all modifications, made in such plans after the effective date of any applicable amendment to this Resolution, do not create a new #non-compliance# or #non-conformity# or increase the degree of #non-compliance# or #non-conformity# with the provisions of this Resolution, as amended.

(c) For the purposes of this paragraph, (c), #abutting buildings# on a single #zoning lot# shall be considered to be a single #building#. As used in Section 11-33 (Building Permits for Minor or Major Development or Other Construction Issued before Effective Date of Amendment):

(1) "minor development" shall include:

(i) construction of any single #building# which will be #non-conforming# or #non-complying# under the provisions of any applicable amendment to this Resolution; or

(ii) construction of two or more #buildings# on a single #zoning lot# which under the provisions of any applicable amendment to this Resolution will be #non-conforming#; or

(iii) construction of two or more #buildings# on contiguous #zoning lots# or #zoning lots# which would be contiguous except for their separation by a #street# or #street# intersection; and

(a) have been planned as a unit evidenced by a site plan for all such #zoning lots# filed with, and approved by, the Department of Buildings prior to the effective date of the applicable amendment; and

(b) will be #non-conforming# under the provisions of any applicable amendment to this Resolution; or

(iv) a major #enlargement#, which is an #enlargement# requiring the installation of foundations and involving at least 50 percent of the total #floor area# of such #enlarged building#, and which #enlargement# will be #non-conforming# or #non-complying# under the provisions of any applicable amendment to this Resolution. For the purposes of Section 11-33 (Building Permits for Minor or Major

Development or Other Construction Issued before Effective Date of Amendment) only, a major #enlargement# shall also include any other #enlargement# adding at least 50,000 square feet to the #floor area# of an existing #building#, which #enlargement# will be #non-conforming# or #non-complying# under the provisions of any applicable amendment to this Resolution.

(2) "major development" shall include:

- (i) construction of two or more #buildings# on a single #zoning lot# which will be #non-complying# under the provisions of any applicable amendment to this Resolution; or
- (ii) construction of two or more #buildings# on contiguous #zoning lots# or #zoning lots# which would be contiguous except for their separation by a #street# or #street# intersection; and
 - (a) have been planned as a unit evidenced by a site plan for all such #zoning lots# filed with, and approved by, the Department of Buildings prior to the effective date of the applicable amendment; and
 - (b) will be #non-complying# under the provisions of any applicable amendment to this Resolution.

(3) "Other construction" shall include:

- (i) any #enlargement# other than a major #enlargement#; or
- (ii) any #extension#, #conversion# or structural alteration; or
- (iii) construction of any structure other than a #building#;

which will be #non-conforming# or #non-complying# under the provisions of any applicable amendment to this Resolution.

(12/5/91)

11-33**Building Permits for Minor or Major Development or Other Construction Issued before Effective Date of Amendment**

The provisions of this Section shall apply to minor developments, major developments or other construction authorized by building permits lawfully issued before the effective date of an applicable amendment of this Resolution except as specifically provided elsewhere in this Resolution.

(2/2/11)

11-331**Right to construct if foundations completed**

If, before the effective date of an applicable amendment of this Resolution, a building permit has been lawfully issued as set forth in Section 11-31 paragraph (a), to a person with a possessory interest in a #zoning lot#, authorizing a minor development or a major development, such construction, if lawful in other respects, may be continued provided that:

- (a) in the case of a minor development, all work on foundations had been completed prior to such effective date; or
- (b) in the case of a major development, the foundations for at least one #building# had been completed prior to such effective date.

In the event that such required foundations have been commenced but not completed before such effective date, the building permit shall automatically lapse on the effective date and the right to continue construction shall terminate. An application to renew the building permit may be made to the Board of Standards and Appeals not more than 30 days after the lapse of such building permit. The Board may renew the building permit and authorize an extension of time limited to one term of not more than six months to permit the completion of the required foundations, provided that the Board finds that, on the date the building permit lapsed, excavation had been completed and substantial progress made on foundations.

(6/29/94)

11-332**Extension of period to complete construction**

- (a) In the event that the construction permitted in Section 11-331 (Right to construct if foundations completed) has not been completed and a certificate of occupancy including a temporary certificate of occupancy, issued therefore within two years after the effective date of any applicable amendment, or for other construction if construction has not been completed on the effective date of any applicable amendment, the building permit shall automatically lapse and the right to continue construction shall terminate. An application to renew the building permit may be made to the Board of Standards and Appeals not more than 30 days after the lapse of such building permit. The Board may renew such building permit for two terms of not more than two years each for a minor development or three terms of not more than two years each for a major development or one term of not more than three months for other construction. In granting such an extension, the Board shall find that substantial construction has been completed and substantial expenditures made, subsequent to the granting of the permit, for work required by any applicable law for the use or development of the property pursuant to the permit.
- (b) However, in the event that construction has not been completed at the expiration of the extended terms specified in paragraph (a) of this Section, or in Sections 11-333 (Residential developments with building permits issued on or before June 30, 1989) or 11-334 (Building permits issued prior to June 29, 1994), such building permit may be renewed by the Board for terms of one year each upon the following findings:
- (1) that the applicant has been prevented from completing such construction by hardship or circumstances beyond the applicant's control;
 - (2) that the applicant has not recovered all or substantially all of the financial expenditures incurred in construction, nor is the applicant able to recover substantially all of the financial expenditures incurred through development that conforms and complies with any applicable amendment to this Resolution; and
 - (3) that there are no considerations of public safety, health and welfare that have become apparent since the issuance of the permit that indicate an overriding benefit to the public in enforcement of the applicable amendment to this Resolution.
- (c) The rights or obligations that accrue or are created by this

Section shall commence on December 5, 1991.

- (d) If judicial proceedings affecting the validity of the building permit have been instituted, the rights or obligations that accrue or are created by this Section shall commence upon the date of entry of the final order in such proceedings, including all appeals.

(12/5/91)

11-333

Residential developments with building permits issued on or before June 30, 1989

If on or before June 30, 1989, the foundations of a #residential# major or minor development have been completed and permits issued pursuant to the requirements of Section 11-331 (Right to construct if foundations completed), and a certificate of occupancy has not been issued by June 30, 1991, construction may continue until June 30, 1995 for a minor development, or until June 30, 1997 for a major development, provided the Commissioner of Buildings determines that 30 percent of the #floor area# of the major or minor development was roofed and enclosed by walls by June 30, 1991. Applications to continue construction under this Section must be filed with the Commissioner of Buildings within 90 days of December 5, 1991. If the Commissioner of Buildings has granted the right to continue construction of a major or minor development pursuant to this Section, the Board of Standards and Appeals may not grant the right to continue construction pursuant to Section 11-332, paragraph (a).

(6/29/94)

11-334

Building permits issued prior to June 29, 1994

If, before June 29, 1994, a building permit has been lawfully issued, as set forth in paragraph (a) of Section 11-31, to a person with a possessory interest in a #zoning lot# authorizing construction, such construction may be started or continued for a period of one year pursuant to the regulations governing R6A, R6B, R7A, R7B, R7X, R8A, R8B, R8X, R9A, R9X or R10A Districts or #Commercial Districts# with such #Residential District bulk# regulations, or in any other district in which such construction complies with the Quality Housing Program, prior to the adoption

of N940257 ZRY - Quality Housing Follow-Up Text Amendments.

(4/22/09)

11-335

Building permits for other construction in R1-2A and R2A Districts

In R1-2A Districts established on or after April 22, 2009, and R2A Districts established on or after December 20, 2006, if a building permit for other construction has been lawfully issued prior to the dates establishing such districts, such construction may be continued, notwithstanding the provisions of paragraph (a) of Section 11-332 (Extension of period to complete construction), provided that the Department of Buildings determines that all of the requisite structural framing to perform the work authorized under the permit was completed on or before the date establishing the district. If the Commissioner of Buildings determines that such framing was not complete on such date, the provisions of paragraph (a) of Section 11-332 shall apply.

(4/30/08)

11-336

Building permits issued before April 30, 2008

In all districts other than R1, R2, R3, R4 or R5 Districts, if, before April 30, 2008, a building permit has been lawfully issued authorizing construction on a #zoning lot#, the provisions of N080078 ZRY, pertaining to #yards# and N080081 ZRY, pertaining to #street# trees, shall not apply, provided that foundations have been completed in accordance with paragraphs (a) and (b) of Section 11-331 (Right to construct if foundations completed), as applicable, before April 30, 2009. The provisions of Section 11-332 (Extension of period to complete construction) shall not apply.

(4/22/09)

11-337

Building permits issued and applications filed before April 22, 2009

If, before April 22, 2009, a building permit has been lawfully

issued authorizing construction on a #zoning lot#, the provisions of N090191 ZRY, pertaining to bicycle parking, shall not apply.

If, on or before November 17, 2008, an application for a special permit or variance is pending before the Board of Standards and Appeals or an authorization or special permit from the City Planning Commission has been certified or referred to authorize construction on a #zoning lot#, the provisions of N090191 ZRY, pertaining to bicycle parking, shall not apply.

For hospitals, if, before April 22, 2009, an application for a special permit or variance is pending before the Board of Standards and Appeals or an authorization or special permit from the City Planning Commission has been filed to authorize construction on a #zoning lot#, the provisions of N090191 ZRY, pertaining to bicycle parking, shall not apply.

(2/2/11)

11-338

Building permits issued before February 2, 2011

If a building permit has been lawfully issued on or before February 2, 2011, authorizing "other construction" as set forth in paragraph (c)(3) of Section 11-31 (General Provisions), construction pursuant to such permit may continue pursuant to the regulations governing such construction prior to the adoption of N110090(A) ZRY (Key Terms Clarification zoning text amendment) until February 2, 2012.

However, this Section shall not apply to "other construction" subject to Sections 23-692 (Height limitations for narrow buildings or enlargements) or 109-124 (Height and setback regulations).

(7/23/15)

11-339

Post-Hurricane Sandy construction

The provisions of this Section shall apply within the #flood zone#. The provisions of this Section are subject to all provisions of Title 28 of the Administrative Code of the City of New York and Appendix G of the Building Code of the City of New York, or its successors, including those pertaining to expiration, reinstatement, revocation and suspension. Changes in

#flood maps# shall be considered an amendment of the Zoning Resolution pursuant to the provisions of Section 11-30 (BUILDING PERMITS ISSUED BEFORE EFFECTIVE DATE OF AMENDMENT).

- (a) Applications for approval of construction documents approved pursuant to Executive Order 230

If an application for approval of construction documents has been approved on or before October 9, 2013, pursuant to Executive Order No. 230 (Emergency Order to Suspend Zoning Provisions to Facilitate Reconstruction in Accordance with Enhanced Flood Resistant Construction Standards), dated January 31, 2013, and its successors, including Executive Order No. 427 in effect on October 9, 2013, relating to #Hurricane Sandy# as defined in Section 64-11 of this Resolution, a building permit authorizing such construction may be issued pursuant to the regulations of this Resolution in effect at the time of such approval of construction documents, and such construction may continue until October 9, 2019. After such date, the vesting provisions of Section 11-30 shall apply.

- (b) Construction approved pursuant to previous versions of #flood maps#

If, within one year prior to a change in the #flood maps# affecting a property, the Department of Buildings issued an approval of construction documents or issued a building permit for construction on that property pursuant to the previous #flood maps#, the provisions of Article VI, Chapter 4, shall be deemed modified so as to substitute the previous #flood maps# for the current #flood maps#, and such construction may continue pursuant to such prior #flood maps# until October 9, 2019. After this date, the vesting provisions of Section 11-30 shall apply.

- (c) Provisions applying in the event that Flood Resilience Zoning Text Amendment expires

This provision shall become effective only upon the expiration of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), adopted on October 9, 2013. If an application for approval of construction documents has been approved on or before the expiration of Article VI, Chapter 4, a building permit authorizing such construction may be issued pursuant to Article VI, Chapter 4, and such construction may continue until a date six years after the expiration of Article VI, Chapter 4. After such date, the vesting provisions of Section 11-30 shall apply.

- (d) Provisions applying when Appendix A (Special Regulations for Neighborhood Recovery) of Article VI, Chapter 4 expires

This provision shall become effective only upon the expiration of Appendix A (Special Regulations for Neighborhood Recovery), adopted on July 23, 2015. If a building permit authorizing construction pursuant to Appendix A has been approved on or before the expiration of such Appendix, construction may continue up to two years after the expiration. After such date, the provisions of Section 11-30 shall apply.

(7/18/95)

11-40

EXCEPTIONS, VARIANCES, AUTHORIZATIONS OR PERMITS

(7/18/95)

11-41

Exceptions, Variances or Permits Previously Authorized Pursuant to the 1916 Zoning Resolution

Whenever under the provisions of the 1916 Zoning Resolution as amended, either the Board of Standards and Appeals or the City Planning Commission with the approval of the Board of Estimate or the City Council, has authorized any #use# to locate in a district in which it is not permitted as-of-right by issuing a variance, exception or permit, such existing #use# established pursuant to such grant may be continued, changed, #extended#, #enlarged# or structurally altered only as provided in this Section or in Article VII, Chapter 3 or 4, provided that the #lot area# of the #zoning lot# occupied by such #use# is not increased.

(12/15/61)

11-411

Renewals

Where no limitation as to duration of the #use# was imposed at the time of authorization, such #use# may be continued. Where such #use# was authorized subject to a term of years, such #use# may be continued until the expiration of the term, and

thereafter, the agency which originally authorized such #use# may, in appropriate cases, extend the period of continuance for one or more terms of not more than ten years each. The agency may prescribe appropriate conditions and safeguards to minimize adverse effects of such #use# on the character of the neighborhood.

(12/5/91)

11-412

Alterations, extensions or enlargements

Repairs or #incidental alterations# may be made and in appropriate cases the authorizing agency may permit structural alterations, #extensions# or #enlargements# limited to the #zoning lot# that was granted a variance, exception or permit prior to December 15, 1961. However, the #use# of any #building or other structure# shall not be #extended#, and the #building or other structure# shall not be #enlarged#, in excess of 50 percent of the #floor area# of such #building# (or size of such structure) occupied or utilized by the #use# on December 15, 1961, and, except as otherwise provided in Article VII, no structural alterations, #extensions# or #enlargements# shall be authorized for a new #non-conforming use# authorized under the provisions of Section 11-413 (Change of use).

(10/25/67)

11-413

Change of use

Such #use# may be changed to a conforming #use# and in appropriate cases the authorizing agency may permit such #use# to be changed to another #non-conforming use# which would be permitted under the provisions applicable to #non-conforming uses# as set forth in Sections 52-31 to 52-36, inclusive, relating to Change of Non-Conforming Use, provided that the authorizing agency finds that such change of #use# will not impair the essential character or the future use or development of the surrounding area.

In permitting a change to another #non-conforming use#, such authorizing agency may impose appropriate conditions and safeguards to minimize any adverse effects upon the character of the surrounding area.

For the purposes of this Section, a change of #use# is a change to another #use# listed in the same or any other Use Group. A change in ownership or occupancy shall not, by itself, constitute a change of #use#.

(2/2/11)

11-42

Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution

- (a) Except as otherwise provided in paragraphs (b), (c) or (d) of this Section, any authorization or special permit granted by the City Planning Commission under the provisions of the 1961 Zoning Resolution shall automatically lapse if substantial construction, in accordance with the plans for which such special permit or authorization was granted, has not been completed within four years from the effective date of such permit or authorization. Substantial construction shall mean, in the case of a new #building# or #buildings#, the substantial construction of at least one #building#. For the purposes of this paragraph, (a), #abutting buildings# on a single #zoning lot# shall be considered to be one #building#.
- (b) Any authorization or special permit for a site that is part of an urban renewal area or other government-sponsored or government-assisted project shall automatically lapse within four years from the date of the applicant's possession of the site, or sites, or the effective date of an authorization or special permit, whichever is later; or
- (c) Upon a showing that a longer time period for substantial construction is required for a phased construction program of a multi-#building# complex, the Commission may, at the time of granting an authorization or special permit, extend the period set forth in paragraph (a) of this Section to a period not to exceed ten years; or
- (d) In the event judicial proceedings have been instituted to review the decision to grant any authorization or special permit, the lapse period set forth in paragraph (a), (b) or (c) of this Section, whichever is applicable, shall commence upon the date of entry of the final order in such proceedings, including appeals.

(7/18/95)

11-43

Renewal of Authorization or Special Permit

Any authorization or special permit granted by the City Planning Commission, except one granted with a ten year lapse period, that would automatically lapse as set forth in Section 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) may be renewed without public hearing, for two additional three-year terms, provided that the Commission finds that the facts upon which the authorization or special permit was granted have not substantially changed. However, all special permits or authorizations granted by the Commission shall lapse after a total of ten years from the date of their original granting if substantial construction has not taken place at such time. An application for a renewal of authorization or special permit shall be filed with the Commission before it lapses.

(8/12/04)

11-44

Special Permits Granted Prior to August 12, 2004

Within the area bounded by West 22nd Street, a line 100 feet west of Fifth Avenue, a line midway between West 16th Street and West 17th Street, and a line 100 feet east of Sixth Avenue, any special permit granted by the City Planning Commission may be started or continued, in accordance with the terms thereof, or as such terms may be subsequently modified, pursuant to the #bulk# regulations in effect at the time such special permit was granted, subject to the provisions of Sections 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and 11-43 (Renewal of Authorization or Special Permit).

(8/12/04)

11-45

Authorizations or Permits in Lower Density Growth Management Areas

The provisions of this Section shall apply within #lower density growth management areas#.

- (a) Notwithstanding the provisions of N040414ZRY, pertaining to #lower density growth management areas#, and subject to the provisions of Section 11-30 (BUILDING PERMITS ISSUED BEFORE EFFECTIVE DATE OF AMENDMENT) with respect to amendments of this Resolution other than N040414ZRY, Section 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and Section 11-43 (Renewal of Authorization or Special Permit), the following provisions shall apply with respect to special permits and authorizations granted by the City Planning Commission or for which certification or referral for public review has been made prior to August 12, 2004:
- (1) Any #development# or #enlargement#, including minor modifications thereto, granted a special permit or authorization by the City Planning Commission and, where applicable, the City Council, prior to August 12, 2004, may be #developed# or #enlarged# pursuant to the terms of such permit or authorization and, to the extent not modified under the terms of such permit or authorization, in accordance with the regulations in effect at the time such permit or authorization was granted.
 - (2) Any application for a special permit certified by the Department of City Planning or application for an authorization referred by the Department of City Planning for public review prior to May 24, 2004, may be continued pursuant to the regulations in effect at the time of certification or referral and, if granted by the City Planning Commission and, where applicable, the City Council, may be #developed# or #enlarged# pursuant to the terms of such permit or authorization, including minor modifications thereto and, to the extent not modified under the terms of such permit or authorization, in accordance with the regulations in effect at the time such application was certified or referred for public review.
- (b) Notwithstanding the provisions of N040414ZRY, the following provisions shall apply to certain #developments# within the #Special South Richmond Development District#:
- (1) #Developments#, including minor modifications thereto, within the #Special South Richmond Development District# that contain #designated open space# and a portion of the #waterfront esplanade#, where such #development# is conditioned upon a restrictive declaration that includes a site plan for such #development#, including provisions for public access

to such #designated open space# and #waterfront esplanade#, may be #developed# in accordance with the regulations in effect prior to August 12, 2004.

- (2) #Developments# within the #Special South Richmond Development District# accessed, in part, by #private roads# and consisting, in part, of construction within #streets# that are unimproved, and for which a conservation easement has been granted to the City, and for which the Board of Standards and Appeals has granted a permit pursuant to Section 35 of the General City Law, or its successor, and an application for an authorization for such #development# has been filed pursuant to paragraph (a) of Section 26-27 (Waiver of Bulk Regulations for Developments within Unimproved Streets) prior to May 1, 2004, may be #developed# in accordance with the regulations in effect prior to August 12, 2004.

(11/16/78)

11-50

SEPARABILITY

It is hereby declared to be the legislative intent that:

- (a) if a court of competent jurisdiction finds any provisions of this Resolution to be invalid or ineffective in whole or in part, the effect of such decision shall be limited to those provisions which are expressly stated in the decision to be invalid or ineffective, and all other provisions of this Resolution shall continue to be separately and fully effective.
- (b) if a court of competent jurisdiction finds the application of any provision or provisions of this Resolution to any #zoning lot#, #building or other structure#, or tract of land to be invalid or ineffective in whole or in part, the effect of such decision shall be limited to the person, property, or situation immediately involved in the controversy, and the application of any such provision to other persons, property, or situations shall not be affected.

(9/14/89)

11-60
VIOLATIONS

(9/14/89)

11-61
General Provisions

The owner, general agent, lessee or tenant of any #building or other structure# or tract of land in which a violation of this Resolution has been committed or shall exist; or the general agent, architect, builder or contractor; or any other person who commits, takes part or assists in any such violation or who maintains any #building or other structure# or tract of land in which any such violation shall exist, shall be guilty of a misdemeanor.

Any such person, having been served with an order to remove any such violation, who shall fail to comply with such order within ten days after such service or who shall continue to violate any provision of this Resolution in the respect named in such order shall be guilty of a misdemeanor.

In addition to the foregoing remedies, the City may maintain an action for an injunction to restrain any violation of this Resolution.

(9/14/89)

11-62
Failure to Comply with Special Permits, Variances, Authorizations or Certifications

Failure to comply with any conditions or restrictions in special permits, variances, authorizations or certifications granted under this Resolution shall constitute a violation of this Resolution and may constitute the basis for denial or revocation of a building permit or certificate of occupancy, or for revocation of such special permit, variance, authorization or certification, and for all other applicable remedies.

In any application for modification, renewal or extension of a previously granted special permit, authorization or certification, or for modification or renewal of a previously granted variance, the applicant shall verify whether it has complied with each of the conditions and safeguards theretofore

prescribed by the City Planning Commission, the Board of Estimate or the Board of Standards and Appeals, or their successors, as applicable. In the event that the applicant has not complied with such conditions and safeguards, such #non-compliance# may constitute grounds for the City Planning Commission, the Board of Estimate or the Board of Standards and Appeals, or their successors, as applicable, to disapprove the application for modification, renewal or extension.

(12/15/61)

11-70

EFFECTIVE DATE

This Resolution shall take effect one year after the date of its approval by the Board of Estimate.

After the date of approval by the Board of Estimate, applications for permits to build in accordance with the provisions of this Resolution may be filed with and approved by the Department of Buildings, provided that no building permit shall be lawfully issued under this Resolution until such effective date or thereafter.

RULES FOR CONSTRUCTION OF LANGUAGE

(2/2/11)

12-01

Rules Applying to Text of Resolution

The following rules of construction apply to the text of this Resolution:

- (a) The particular shall control the general.
- (b) In case of any difference of meaning or implication between the text of this Resolution and any caption, illustration, summary table or illustrative table, the text shall control.
- (c) The word "shall" is always mandatory and not discretionary. The word "may" is permissive.
- (d) Words used in the present tense shall include the future; and words used in the singular number shall include the plural, and the plural the singular, unless the context clearly indicates the contrary.
- (e) A "building" or "structure" includes any part thereof. The terms #residential building#, #commercial building# and #community facility building# shall refer to an entire #building# used exclusively for such #use#.
- (f) The phrase "used for" includes "arranged for", "designed for", "intended for", "maintained for", "or occupied for".
- (g) The word "person" includes an individual, a corporation, a partnership, an incorporated association or any other similar entity.
- (h) Unless the context clearly indicates the contrary, where a regulation involves two or more items, conditions,

provisions, or events connected by the conjunction "and", "or", or "either...or", the conjunction shall be interpreted as follows:

- (1) "and" indicates that all the connected items, conditions, provisions or events shall apply;
 - (2) "or" indicates that the connected items, conditions, provisions or events may apply singly or in any combination; and
 - (3) "either...or" indicates that the connected items, conditions, provisions or events shall apply singly but not in combination.
- (i) The word "includes" shall not limit a term to the specified examples, but is intended to extend its meaning to all other instances or circumstances of like kind or character.
- (j) References within a Section or cross-references to a Section numbered with four digits shall include all following Sections with numbers whose first four digits are identical with such Section number but references or cross-references to a Section numbered with five digits shall refer only to such specific five-digit Section. For Sections starting with 101-00, references within a Section or cross-references to a Section numbered with five digits shall include all following Sections with numbers whose first five digits are identical with such Section number but references or cross-references to a Section numbered with six digits shall refer only to such specific six-digit Section.

(2/2/11)

12-02

Rules for Interpretation of District Designations

District designations, where applicable, are listed within a ruled bar below the number and title of each section.

When one or more district designations are listed in a section, the specific text of the paragraphs that follow applies to such district or districts.

When a section includes a table and one or more district designations are listed opposite a specific item or number in such table, the item or number applies specifically to that district or districts only.

When no district designations are listed for a specific section, the provisions of such section shall be construed to apply to all districts under consideration in the Article in which the section appears or, if specified, only to those districts referred to directly within the section itself. For this purpose, Article II applies to all residence districts, Article III applies to all commercial districts, and Article IV applies to all manufacturing districts. All other articles apply to all districts, unless otherwise provided.

12-10

DEFINITIONS

Words in the text or tables of this Resolution which are *#italicized#* shall be interpreted in accordance with the provisions set forth in this Section.

Abut, or abutting (2/2/11)

"Abut" is to be in contact with or join at the edge or border. "Abutting" *#buildings#* are *#buildings#* that are in contact with one another on the same or another *#zoning lot#*, except as subject to separations required for seismic load as set forth in the New York City Building Code. A *#building#* may also *#abut#* a *#lot line#*. In addition, for *#buildings#* existing prior to February 2, 2011, such existing *#building#* shall be considered *#abutting#* if it is within six inches of a *#lot line#* or another *#building#*.

Accessory use, or accessory (4/30/12)

An "accessory use":

- (a) is a *#use#* conducted on the same *#zoning lot#* as the principal *#use#* to which it is related (whether located within the same or an *#accessory building* or other structure, or as an *#accessory use#* of land), except that, where specifically provided in the applicable district regulations or elsewhere in this Resolution, *#accessory#* docks, off-street parking or off-street loading need not be located on the same *#zoning lot#*; and
- (b) is a *#use#* which is clearly incidental to, and customarily found in connection with, such principal *#use#*; and

- (c) is either in the same ownership as such principal #use#, or is operated and maintained on the same #zoning lot# substantially for the benefit or convenience of the owners, occupants, employees, customers, or visitors of the principal #use#.

When "accessory" is used in the text, it shall have the same meaning as #accessory use#.

An #accessory use# includes:

- (1) Living or sleeping accommodations for servants in connection with a #use# listed in Use Groups 1 and 2;
- (2) Living or sleeping accommodations for caretakers in connection with any #use# listed in Use Groups 3 through 18 inclusive, provided that:
 - (i) no #building# contains more than one living or sleeping accommodation for caretakers;
 - (ii) no such living or sleeping accommodation shall exceed 1,200 square feet of #floor area#;
 - (iii) the owner shall sign a Restrictive Declaration that any such caretaker will provide maintenance and/or repair services, and containing a list of services to be performed by such caretaker. Such Restrictive Declaration shall be recorded in the Office of the City Register, or, where applicable, the County Clerk's Office, of the county where the #building# is located. A copy of such declaration shall be provided to the Department of Buildings;
 - (iv) in C6-2M, C6-4M, M1-5M, M1-6M, M1-5A and M1-5B Districts, no living or sleeping accommodation for caretakers is permitted in any #building# which contains a #residential use# or a #joint living-work quarters for artists#; and
 - (v) such living or sleeping accommodation shall not be considered a #residential use# or cause a #building# to be considered a #mixed building#.
- (3) Living or sleeping accommodations in connection with #commercial# or #manufacturing uses#, including living or sleeping accommodations in connection with a studio listed in Use Group 9, provided that:
 - (i) no #building# contains more than two kitchens; and

- (ii) no such living or sleeping accommodations are located in a C7, C8 or #Manufacturing District#.
- (4) Keeping of domestic animals, but not for sale or hire. A #commercial# stable or kennel is not an #accessory use#.
- (5) Swimming pools not located within a #building# listed in Use Group 1 or 2, provided that:
 - (i) the #use# of such pools shall be restricted to occupants of the principal #use# and guests for whom no admission or membership fees are charged;
 - (ii) if #accessory# to a #use# listed in Use Group 2, except if such #use# is a #single-family# or #two-family residence#, the edge of the pool shall be located not less than 100 feet from any #lot line#;
 - (iii) if #accessory# to a #use# listed in Use Group 1 or Use Group 2, which #use# is a #single-family residence# or #two-family residence#, the edge of the pool shall be located not less than 5 feet from any #lot line#, except that such minimum distance between the edge of the pool and any #side lot line# may be not less than 3 feet in the case of lots less than 25 feet in width, providing that it is screened from adjoining lots by a 6 foot high continuous solid opaque fence along the #side lot line# adjacent to such pool. In the event that such pool is located between 50 and 5 feet from any #rear lot line# or #side lot line#, it shall be screened by a continuous fence supplemented with a strip of densely planted trees or shrubs at least four feet high at the time of planting along such #rear lot line# to such pool; and
 - (iv) illumination of such pools shall be limited to underwater lighting.

Swimming pool clubs are not #accessory uses#.

- (6) Domestic or agricultural storage in a barn, shed, tool room, or similar #building or other structure#.
- (7) #Home occupations#.
- (8) A newsstand primarily for the convenience of the occupants of a #building#, which is located wholly within such #building# and has no exterior #signs# or displays.

- (9) Incinerators.
- (10) In connection with #commercial# or #manufacturing uses#, the storage of goods normally carried in stock, used in, or produced by such #uses#, unless the storage is expressly prohibited under the applicable district regulation. The #floor area# used for such #accessory# storage shall be included in the maximum #floor area# permitted for specified #uses# set forth in the Use Groups.
- (11) Incidental repairs, unless expressly prohibited under the applicable district regulations. The #floor area# used for such #accessory# repairs shall be included in the maximum #floor area# permitted for specified #uses# set forth in the Use Groups.
- (12) The removal for sale of sod, loam, clay, sand, gravel or stone in connection with the construction of a #building or other structure# on the same #zoning lot#, or in connection with the regrading of a #zoning lot#, but in the latter case, not below the legal #street# grade.
- (13) #Accessory# off-street parking spaces, open or enclosed.
- (14) #Accessory# off-street loading berths.
- (15) #Accessory signs#.
- (16) #Accessory# radio or television towers.
- (17) #Accessory# activities when conducted underground as part of the operation of railroad passenger terminals, such as switching, storage, maintenance or servicing of trains.
- (18) #Accessory# sewage disposal plants, except such plants serving more than 50 #dwelling units#.
- (19) An ambulance outpost operated by or under contract with a government agency or a public benefit corporation and located either on the same #zoning lot# as, or on a #zoning lot# adjacent to, a #zoning lot# occupied by a fire or police station.
- (20) Electric vehicle charging in connection with parking facilities.
- (21) Solar energy systems.

Adult establishment (2/2/11)

(1) Adult Establishment: An "adult establishment" is a #commercial# establishment which is or includes an adult book store, adult eating or drinking establishment, adult theater, or other adult #commercial# establishment, or any combination thereof, as defined below:

(a) An adult book store is a book store that offers "printed or visual material" for sale or rent to customers where a "substantial portion" of its stock-in-trade of "printed or visual material" consists of "adult printed or visual material," defined as "printed or visual material" characterized by an emphasis upon the depiction or description of "specified sexual activities" or "specified anatomical areas";

(b) An adult eating or drinking establishment is an eating or drinking establishment which regularly features in any portion of such establishment any one or more of the following:

(1) live performances which are characterized by an emphasis on "specified anatomical areas" or "specified sexual activities"; or

(2) films, motion pictures, videocassettes, slides or other photographic reproductions which are characterized by an emphasis upon the depiction or description of "specified sexual activities" or "specified anatomical areas"; or

(3) employees who, as part of their employment, regularly expose to patrons "specified anatomical areas"; and

which is not customarily open to the general public during such features because it excludes or restricts minors.

(c) An adult theater is a #commercial# establishment which regularly features one or more of the following:

(1) films, motion pictures, videocassettes, slides or similar photographic reproductions characterized by an emphasis on the depiction or description of "specified sexual activities" or "specified anatomical areas"; or

(2) live performances characterized by an emphasis on "specified anatomical areas" or "specified sexual

activities"; and

which is not customarily open to the general public during such features because it excludes or restricts minors.

An adult theater shall include #commercial# establishments where such materials or performances are viewed from one or more individual enclosures.

- (d) An other adult #commercial# establishment is a facility -- other than an adult book store, adult eating or drinking establishment, adult theater, #commercial# studio, or business or trade school -- which features employees who as part of their employment, regularly expose to patrons "specified anatomical areas" and which is not customarily open to the general public during such features because it excludes or restricts minors.

(2) Defined Terms:

- (a) For purposes of paragraph (1)(a), "printed or visual materials" are books, magazines, or other printed matter, including product packaging or wrapping, or photographs, films, motion pictures, video cassettes, slides or other visual matter;
- (b) For purposes of paragraph (1)(a), (b) and (c), "specified sexual activities" are: (i) human genitals in a state of sexual stimulation or arousal; (ii) actual or simulated acts of human masturbation, sexual intercourse or sodomy; or (iii) fondling or other erotic touching of human genitals, pubic region, buttock, anus or female breast.
- (c) For purposes of paragraph (1)(a), (b), (c) and (d), "specified anatomical areas" are: (i) less than completely and opaquely concealed: (aa) human genitals, pubic region, (bb) human buttock, anus, or (cc) female breast below a point immediately above the top of the areola; or (ii) human male genitals in a discernibly turgid state, even if completely and opaquely concealed.
- (d) For the purpose of determining under paragraph (1)(a) whether a "substantial portion" of a book store's stock-in-trade of "printed or visual" material consists of "adult printed or visual material," the following factors shall be considered: (i) the amount of stock of

"adult printed or visual material" accessible to customers as compared to the total stock of "printed or visual material" accessible to customers in the establishment; and (ii) the amount of #floor area# and #cellar# space accessible to customers containing stock of "adult printed or visual material"; and (iii) the amount of #floor area# and #cellar# space accessible to customers containing stock of "adult printed or visual material" as compared to the amount of #floor area# and #cellar# space accessible to customers containing "printed or visual material" which is not "adult printed or visual material," provided that "printed or visual material" which is not "adult printed or visual material" (hereinafter for purposes of this paragraph "other printed or visual material") shall not be considered stock-in-trade for purposes of this paragraph where such store has one or more of the following features:

- (aa) An interior configuration and layout which requires customers to pass through an area of the store with "adult printed or visual material" in order to access an area of the store with "other printed or visual material";
- (bb) One or more individual enclosures where adult movies or live performances are available for viewing by customers;
- (cc) A method of operation which requires customer transactions with respect to "other printed or visual material" to be made in an area of the store which includes "adult printed or visual material";
- (dd) A method of operation under which "other printed or visual material" is offered for sale only and "adult printed or visual material" is offered for sale or rental;
- (ee) A greater number of different titles of "adult printed or visual material" than the number of different titles of "other printed or visual material";
- (ff) A method of operation which excludes or restricts minors from the store as a whole or from any section of the store with "other printed or visual material";

- (gg) A sign that advertises the availability of "adult printed or visual material" which is disproportionate in size relative to a sign that advertises the availability of "other printed or visual material," when compared with the proportions of "adult" and other "printed or visual materials" offered for sale or rent in the store, or the proportions of #floor area# or #cellar# space accessible to customers containing stock of "adult" and "other printed or visual materials";
 - (hh) A window display in which the number of products or area of display of "adult printed or visual material" is disproportionate in size relative to the number of products or area of display of "other printed or visual material," when compared with the proportions of adult and "other printed or visual materials" offered for sale or rent in the store, or the proportions of #floor area# or #cellar# space accessible to customers containing stock of "adult" and "other printed or visual materials";
 - (ii) Other features relating to configuration and layout or method of operation, as set forth in rules adopted by the Commissioner of Buildings, which the Commissioner has determined render the sale or rental of "adult printed or visual material" a substantial purpose of the business conducted in such store. Such rules shall provide for the scheduled implementation of the terms thereof to #commercial# establishments in existence as of October 31, 2001, as necessary.
- (e) For the purposes of paragraph (1)(b), an "eating or drinking establishment" includes:
- (i) any portion of a #commercial# establishment within which food or beverages are offered for purchase, or are available to or are consumed by customers or patrons; and
 - (ii) any portion of a #commercial# establishment from which a portion of a #commercial# establishment, described in paragraph (e)(i) of this Section, is accessible by customers or patrons.

An "adult physical culture establishment," is any establishment, club or business by whatever name designated which offers or advertises or is equipped or arranged so as to provide as part of its services, massages, body rubs, alcohol rubs, baths or other similar treatment, by members of the opposite sex, except for activities which are excluded below or defined under #physical culture or health establishment# in Section 12-10 and which are, therefore, not included within the definition of an #adult physical culture establishment#:

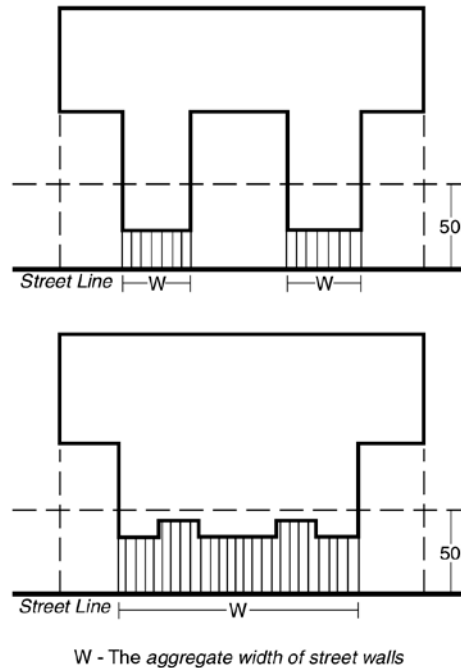

- (1) treatment by a licensed physician, a licensed chiropractor, a licensed osteopath, a New York licensed masseur or masseuse, a licensed practical nurse or a registered professional nurse;
- (2) electrolysis treatment by a licensed operator of electrolysis equipment;
- (3) hospitals, nursing homes, or ambulatory diagnostic or treatment health care facilities listed in Use Group 4 ;
- (4) barbershops or beauty parlors which offer massage to the scalp, the face, the neck or shoulders only; and
- (5) athletic facilities of an educational institution including an alumni club, or of a philanthropic or charitable institution.

#Adult physical culture establishments# are not permitted in any District.

Advertising sign - see Sign, advertising

Aggregate width of street walls (2/2/11)

The "aggregate width of street walls" at any given level is the sum of the maximum widths of all #street walls# of a #building# that are within 50 feet of a #street line#. The width of a #street wall# is the length of the #street line# from which, when viewed directly from above, lines perpendicular to the #street line# may be drawn to such #street wall#.

AGGREGATE WIDTH OF STREET WALLS

Alterations, incidental or to alter incidentally (12/15/61)

"Incidental alterations" are:

- (a) Changes or replacements in the non-structural parts of a #building or other structure#, without limitation to the following examples:
 - (1) alteration of interior partitions to improve livability in a #non-conforming residential building#, provided that no additional #dwelling units# are created thereby;
 - (2) a minor addition on the exterior of a #residential building#, such as an open porch;

- (3) alteration of interior non-load-bearing partitions in all other types of #buildings or other structures#;
- (4) replacement of, or minor changes in, the capacity of utility pipes, ducts or conduits; or
- (b) Changes or replacements in the structural parts of a #building or other structure#, limited to the following examples or others of similar character or extent:
 - (1) making windows or doors in exterior walls;
 - (2) replacement of #building# facades;
 - (3) strengthening the load-bearing capacity, in not more than 10 percent of the total #floor area#, to permit the accommodation of a specialized unit of machinery or equipment. To "alter incidentally" is to make an #incidental alteration#.

Apartment hotel - see Hotel, apartment

Arcade (2/2/11)

An "arcade" is a continuous covered space fronting on and open to a #street# or #publicly accessible open area#, provided in accordance with the provisions set forth in Section 37-80.

Artist (4/27/76)

An "artist" is a person so certified by the New York City Department of Cultural Affairs.

Attached (building) (2/2/11)

A #building# shall be considered "attached" when it #abuts# two #lot lines# other than a #street line#, or another #building# or #buildings# other than a #semi-detached building#.

Automotive service station (2/2/11)

An "automotive service station" is a #building or other structure# or an open #use# on a #zoning lot#, or portion thereof, used exclusively for the storage and sale of gasoline or

other motor fuels and for any #uses accessory# thereto.

The sale of lubricants, accessories, or supplies, the lubrication of motor vehicles, the minor adjustment or repair of motor vehicles with hand tools only, or the occasional washing of motor vehicles are permitted #accessory uses#.

A #public parking lot# or #public parking garage# is not a permitted #accessory use#.

Base flood elevation (6/30/89)

The "base flood elevation" is the level in feet of the flood having a one percent chance of being equaled or exceeded in any given year, as indicated on the Flood Insurance Rate Map prepared by the Federal Emergency Management Agency.

Base plane (10/9/13)

The "base plane" is a plane from which the height of a #building or other structure# is measured as specified in certain Sections. For #buildings#, portions of #buildings# with #street walls# at least 15 feet in width, or #building segments# within 100 feet of a #street line#, the level of the #base plane# is any level between #curb level# and #street wall line level#. Beyond 100 feet of a #street line#, the level of the #base plane# is the average elevation of the final grade adjoining the #building# or #building segment#, determined in the manner prescribed by the Building Code of the City of New York for adjoining grade elevation. In either case, in the #flood zone#, either the #base flood elevation# may be the level of the #base plane# or #building# height may be measured from the #flood-resistant construction elevation#, as provided in Article VI, Chapter 4. For the purposes of this definition, #abutting buildings# on a single #zoning lot# may be considered a single #building#. In addition, the following regulations shall apply:

(a) Within 100 feet of a #street line#:

- (1) The level of the #base plane# for a #building# or #building segment# without a #street wall# shall be determined by the average elevation of the final grade adjoining such #building# or #building segment#.
- (2) Where a #base plane# other than #curb level# is established, the average elevation of the final grade adjoining the #street wall# of the #building# or #building segment#, excluding the entrance to a garage

within the #street wall#, shall not be lower than the level of the #base plane#, unless the #base plane# is also the #base flood elevation#.

- (3) Where the average elevation of the final grade adjoining the #street wall# of the #building#, excluding the entrance to a garage within the #street wall#, is more than two feet below #curb level#, the level of the #base plane# shall be the elevation of such final grade, unless the #base plane# is also the #base flood elevation#. This paragraph shall not apply to #buildings developed# before June 30, 1989 in R2X, R3, R4 or R5 Districts. Furthermore, this paragraph shall not apply to #buildings# in C1 or C2 Districts mapped within R2X, R3, R4 or R5 Districts, or in C3 or C4-1 Districts, unless such #buildings# are located on #waterfront blocks#.
 - (4) As an option, on sites which slope from the #street wall line level# to the #rear wall line level# by at least ten percent to the horizontal, the level of the #base plane# may extend in a sloping plane from such #street wall line level# to such #rear wall line level#. When a sloping #base plane# is thus established, the average elevation of the final grade at the #rear wall line# shall not be lower than the #rear wall line level#.
- (b) For all #buildings#, where #base planes# of different elevations apply to different portions of a #building#, only that portion of the #building# to which such #base plane# applies may be used to determine such #base plane#.
 - (c) For #buildings# located partially within and partially beyond 100 feet of a #street line#, or where #corner lot# or #through lot# regulations subject different portions of a #building# to #baseplanes# of different elevations, separate #base planes# may be determined for each such portion of the #building# or, as an option, the elevation of each such #base plane# may be multiplied by the percentage of the total #lot coverage# of the #building# to which such #base plane# applies. The sum of the products thus obtained may be the elevation of the adjusted #base plane# applicable to such #building#.

Basement (10/25/93)

A "basement", except where a #base plane# is used to determine #building# height, is a #story# (or portion of a #story#) partly

below #curb level#, with at least one-half of its height (measured from floor to ceiling) above #curb level#. On #through lots#, the #curb level# nearest to a #story# (or portion of a #story#) shall be used to determine whether such #story# (or portion of a #story#) is a #basement#.

Where a #base plane# is used to determine #building# height, a #basement# is a #story# (or portion of a #story#) partly below the #base plane#, with at least one-half its height (measured from floor to ceiling) above the #base plane#.

In addition, the following rules shall apply:

- (a) When a sloping #base plane# is established, a #basement# is a #story# (or portion of a #story#) partly below the #street wall line level#, with at least one-half its height (measured from floor to ceiling) above the #street wall line level# used to establish such #base plane#. On #through lots#, the #street wall line level# nearest to a #story# shall be used to determine whether such #story# or portion of a #story# is a #basement#.
- (b) All of the floor space with at least one-half its height (measured from floor to ceiling) above #curb level# shall be considered to be a #basement# where, subsequent to December 5, 1990, the level of any #yard# except that portion of a #yard# in front of the entrance to a garage on a #zoning lot# is lowered below the level of the #base plane#.

Block (12/15/61)

A "block" is a tract of land bounded by:

- (a) #streets#;
- (b) #public parks#;
- (c) railroad rights-of-way, when located at or above ground level but not including sidings or spurs in the same ownership as the #zoning lot#;
- (d) airport boundaries;
- (e) pierhead lines (or shore lines where no pierhead lines have been established); or
- (f) corporate boundary lines of New York City.

Boatel (12/15/61)

A "boatel" is a #building# or group of #buildings# which:

- (a) contains living or sleeping accommodations used primarily for transient occupancy; and
- (b) is immediately accessible by boat.

Building (2/2/11)

A "building" is any structure which:

- (a) is located within the #lot lines# of a #zoning lot#;
- (b) is permanently affixed to the land;
- (c) has one or more floors and a roof;
- (d) is bounded by open area or #fire walls#;
- (e) has at least one #primary entrance#;
- (f) provides all the vertical circulation and exit systems required for such #building# by the New York City Building Code without reliance on other #buildings#, including required stairs and elevators; and
- (g) contains all the fire protection systems required for such #building# by the New York City Building Code without reliance on other #buildings#, including fire suppression or fire alarm systems.

The provisions of this Resolution that use the term #building# shall apply to any structure existing prior to February 2, 2011, that complies with paragraphs (a) through (e) of this definition.

A #building# shall not include such structures as billboards, fences, or radio towers, or structures with interior surfaces not normally accessible for human use, such as gas tanks, smoke stacks or similar structures.

A #building# may, for example, consist of a #detached single-family residence#, an #attached# townhouse on an individual #zoning lot#, an #attached# townhouse separated by #fire walls# from #abutting# townhouses on a shared #zoning lot#, a group of townhouses not separated by #fire walls# or #lot lines#, an apartment house, an office #building# or a factory.

(Building) designed for residential use - see Designed for residential use

Building or other structure (12/15/61)

A "building or other structure" includes any #building# or any other structure of any kind.

Building segment (12/5/90)

A "building segment" is a portion of a #building# where such #building# consists of two or more contiguous portions, each comprised of one or more #dwelling units# having a separate #residential# entrance or entrances serving only those #dwelling units# within such portion. #Building segments# may share a common #cellar# or parking facility. However, a #building segment# may not be located above another #building segment#.

Bulk (2/2/11)

"Bulk" is the term used to describe the size of #buildings or other structures#, and their relationships to each other and to open areas and #lot lines#, and therefore includes:

- (a) the size (including height and #floor area#) of #buildings or other structures#;
- (b) the area of the #zoning lot# upon which a #building# is located, and the number of #dwelling units# or #rooming units# within a #building# in relation to the area of the #zoning lot#;
- (c) the shape of #buildings or other structures#;
- (d) the location of exterior walls of #buildings or other structures# in relation to #lot lines#, to other walls of the same #building#, to #legally required windows#, or to other #buildings or other structures#; and
- (e) all open areas relating to #buildings or other structures# and their relationship thereto.

Car sharing vehicle (9/29/10)

A "car sharing vehicle" is a vehicle maintained and owned or

leased by a car sharing organization which is available for use by its members. Membership shall mean that individuals have been pre-approved to use such vehicles and need not be approved by the car sharing organization at the time of proposed use. Membership must be open to the public and shall only be denied based upon driving record, credit record or other legitimate business need of the car sharing organization. Vehicles must be made available to members for periods of use as short as one hour. The car sharing organization must provide all legally required insurance as part of the membership.

Vehicles shall be reserved by members through a self-service reservation system which is available at all times. A #car sharing vehicle# shall be located in a parking facility that is accessible to members of the car sharing organization at all times. No employees or agents of the car sharing organization shall provide services to members or conduct business transactions with members within such parking facility. Attended parking facilities may be serviced by a parking attendant unaffiliated with any car sharing organization. A parking facility containing #car sharing vehicles# shall be securely separated from all other portions of a #building# containing #residences#.

A #car sharing vehicle# shall be no more than 216 inches in length and shall bear a decal that provides the name of the car sharing organization. The decal must be clearly visible from the outside of the #car sharing vehicle# and must be either:

- (a) located on the driver's side door or passenger's side door of the #car sharing vehicle# and at least 30 square inches in area; or
- (b) located in the lower left corner of the rear windshield of the #car sharing vehicle#.

The decal shall be at least one square inch in area and contain the letters "CSV" in lettering at least 11/32 of an inch in height and the name of the car sharing organization in lettering at least 5/32 of an inch in height. All lettering shall be fully opaque and shall highly contrast with the background color of the decal.

All #car sharing vehicles# shall bear a decal pursuant to the provisions of paragraph (a) or (b) of this Section within 60 days of September 29, 2010.

A "cellar", except where a #base plane# is used to determine #building# height, is a space wholly or partly below #curb level#, with more than one-half its height (measured from floor to ceiling) below #curb level#. On #through lots#, the #curb level# nearest to such space shall be used to determine whether such space is a #cellar#.

Where a #base plane# is used to determine #building# height, a #cellar# is a space wholly or partly below the #base plane#, with more than one-half its height (measured from floor to ceiling) below the #base plane#.

In addition, the following rules shall apply:

- (a) When a sloping #base plane# is established, a #cellar# is a space wholly or partly below the #street wall line level#, with more than one-half its height (measured from floor to ceiling) below the #street wall line level# used to establish such #base plane#. On #through lots#, the #street wall line level# nearest to such space shall be used to determine whether such space is a #cellar#.
- (b) All of the floor space with at least one-half its height (measured from floor to ceiling) above #curb level# shall be considered to be a #basement# where, subsequent to December 5, 1990, the level of any #yard# except that portion of a #yard# in front of the entrance to a garage on a #zoning lot# is lowered below the level of the #base plane#.

Commercial (2/2/11)

A "commercial" #use# is any #use# listed in Use Groups 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 or 16.

Commercial building (12/15/61)

A "commercial building" is a #building# used only for a #commercial use#.

Commercial District (2/2/11)

A "Commercial District" includes any district whose designation begins with the letter "C."

For example, a "C4 District" includes any district whose designation begins with the symbol "C4."

Community facility (2/2/11)

A "community facility" #use# is any #use# listed in Use Group 3 or 4.

Community facility building (12/15/61)

A "community facility building" is a #building# used only for a #community facility use#.

Completely enclosed (building)

A "completely enclosed" #building# is a #building# separated on all sides from the adjacent open area, or from other #buildings or other structures#, by a permanent roof and by exterior walls or party walls, pierced only by windows or entrances or exit doors normally provided for the accommodation of persons, goods, or vehicles.

Conversion, or to convert (2/2/11)

A "conversion" is a change of #use# between the following categories of #uses#: #residential#, #community facility#, #commercial# and #manufacturing#. Therefore, the change of #use# within one category is not a #conversion#. However, a #conversion# shall also include any alteration within the #residential# portion of an existing #building# that increases the number of #rooming units# in a #building#, or the number of #dwelling units# in a #building#.

To "convert" is to create a #conversion#.

Corner lot - see Lot, corner

Court (12/15/61)

A "court" is either an #inner court# or an #outer court#.

Court, depth of outer (12/15/61)

The "depth of outer court" is the maximum horizontal distance between the opening of an #outer court# and the wall opposite such opening, measured perpendicular to the direction of the

#outer court# opening. The opening of an #outer court# shall be considered the shortest imaginary line which can be drawn between any intersection of a #court# wall with another wall, and the opposite #court# wall.

Court, inner (12/15/61)

An "inner court" is any open area, other than a #yard# or portion thereof, which is unobstructed from its lowest level to the sky and which is bounded by either:

- (a) #building# walls; or
- (b) #building# walls and one or more #lot lines# other than a #front lot line#; or
- (c) #building# walls, except for one opening on any open area along a #side lot line# or #rear lot line# which has a width of less than 30 feet at any point.

Court, outer (12/15/61)

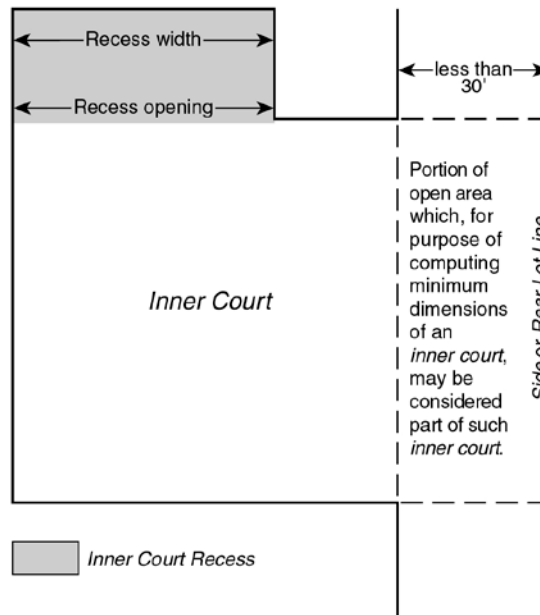

An "outer court" is any open area, other than a #yard# or portion thereof, which is unobstructed from its lowest level to the sky and which, except for one opening upon:

- (a) a #front lot line#;
- (b) a #front yard#;
- (c) a #rear yard#; or
- (d) any open area along a #rear lot line#, or along a #side lot line# having a width or depth of at least 30 feet, and which open area extends along the entire length of such #rear# or #side lot line#; and

is bounded by either #building# walls, or #building# walls and one or more #lot lines# other than a #front lot line#.

Court recess, inner (12/15/61)

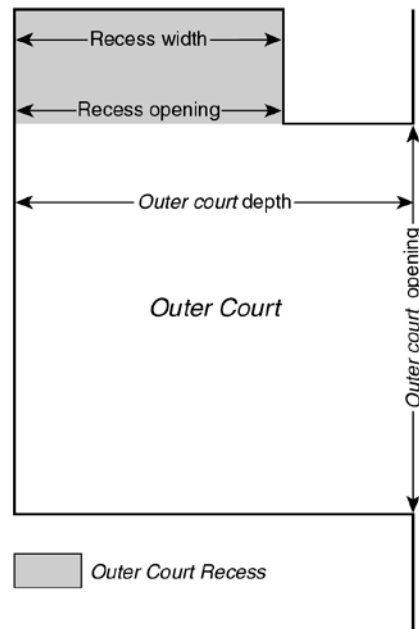

An "inner court recess" is any portion of an #inner court# which can not be included within the single largest horizontal rectangle which may be inscribed within such #inner court#.

INNER COURT RECESS

Court recess, outer (12/15/61)

An "outer court recess" is any portion of an #outer court# which, when viewed directly from above, cannot be covered by imaginary lines drawn perpendicular to a line drawn across the #outer court# opening.

OUTER COURT RECESS

Court, width of outer (12/15/61)

The "width of outer court" is the minimum horizontal dimension of an #outer court#, excluding an #outer court recess#, measured parallel to the opening of such #outer court#.

Covered pedestrian space (6/12/96)

A "covered pedestrian space" is an enclosed space for public use on a #zoning lot#, permitted by a special permit of the City Planning Commission pursuant to Section 74-87, et seq.

Curb level (10/25/93)

"Curb level" is the mean level of the curb adjoining a #zoning

lot#. On #corner lots#, #curb level# is the average of the mean levels of the adjoining curbs on intersecting #streets#, except that, for the purpose of regulating and determining the level of #yards#, or other open areas on #corner lots#, the #curb level# is the highest of the mean levels of the curbs on the intersecting #streets#. Where #through lot# regulations are applicable to any portion of a #corner lot#, or for any #through lot#, the height and setback regulations based upon #curb level# shall apply separately on each #street# on which such #through lot# portion or #through lot# fronts. On a #through lot#, for purposes of establishing the level of a #rear yard equivalent#, except when adjoining and extending along the full length of the #street line#, the #curb level# shall be the mean of the levels of the curbs on those portions of the #streets# on which such #through lot# fronts. Where on a #through lot# such #rear yard equivalent# is adjoining and extending along the full length of the #street line#, the height of the #rear yard equivalent# shall be the #curb level# of the adjoining #street#. Where #through lot# regulations and #interior lot# regulations are applicable to portions of a #zoning lot#, for purposes of establishing the level of the #rear yard equivalent# or #rear yard#, #curb level# shall be the mean of the levels of the curbs on that portion of each #street# on which such portions of the #zoning lot# front.

For the purposes of determining a #base plane#, "curb level" is the mean level at that portion of the curb adjoining a #zoning lot# from which, when viewed directly from above, lines perpendicular to the curb may be drawn to a #street wall#. On #corner lots#, #curb level# is the average of the mean levels of such portions of the curbs on intersecting #streets#. On #through lots#, #curb level# is determined separately for each #street# frontage to a distance midway between such #streets#.

Depth of outer court - see Court, depth of outer

Designed for residential use, (building)

A #building# "designed for residential use" is a #building#, which was originally designed for #residential use# and in which at least 25 percent of the #floor area# is occupied for #residential use#.

Detached (building) (12/15/61)

A "detached" #building# is a #building# surrounded by #yards# or other open area on the same #zoning lot#.

Development, or to develop (2/2/11)

A "development," on a #zoning lot# or a portion thereof, includes:

- (a) the construction of a new #building or other structure#;
- (b) the relocation of an existing #building or other structure# to another #zoning lot#; or
- (c) the establishment of a new open #use#, other than an #accessory use#.

The alteration of a #building# or a portion thereof to the extent specified in Section 11-23 (Demolition and Replacement) shall be considered a #development# for the purposes of the provisions set forth therein.

To "develop" is to create a #development#.

Dwelling unit (2/2/11)

A "dwelling unit" contains at least one #room# in a #residential building#, #residential# portion of a #building#, or #non-profit hospital staff dwelling#, and is arranged, designed, used or intended for use by one or more persons living together and maintaining a common household, and which #dwelling unit# includes lawful cooking space and lawful sanitary facilities reserved for the occupants thereof.

Enclosed sidewalk cafe - see Sidewalk cafe, enclosed

Enlargement, or to enlarge (2/2/11)

An "enlargement" is an addition to the #floor area# of an existing #building#, an increase in the size of any other structure, or an expansion of an existing #use#, including any #uses accessory# thereto, to an open portion of a #zoning lot# not previously used for such #use#.

To "enlarge" is to make an #enlargement#.

Extension, or to extend (12/15/61)

An "extension" is an increase in the amount of existing #floor

area# used for an existing #use#, within an existing #building#.

To "extend" is to make an #extension#.

Family (2/2/11)

A "family" is either:

- (a) a single person occupying a dwelling and maintaining a household, including not more than one "boarder, roomer, or lodger" as defined in the Housing Maintenance Code; or
- (b) two or more persons related by blood or marriage, occupying a dwelling, living together and maintaining a common household, including not more than one such boarder, roomer, or lodger; or
- (c) not more than four unrelated persons occupying a dwelling, living together and maintaining a common household.

A common household shall be deemed to exist if all members thereof have access to all parts of the dwelling.

Fire wall (2/2/11)

- (a) A "fire wall" is a fire-resistance-rated smoke-tight wall having protected openings which restricts the spread of fire and extends vertically without offset, continuously from the foundation to or through the roof, and is in accordance with the specifications of the New York City Building Code for fire walls or fire wall separations, as applicable.
- (b) Where a wall constructed prior to February 2, 2011, does not meet the requirements of paragraph (a), but does meet the fire wall specifications of the New York City Building Code pursuant to which it was constructed, such wall shall be considered a #fire wall#. In the event that such wall either fails to meet such specifications, or no specifications for #fire walls# existed at the time of its construction, the Commissioner of the Department of Buildings shall determine whether such wall shall be considered a #fire wall# for the purpose of determining the boundary of a #building#.

Flashing sign - see Sign, flashing

Flood maps (10/9/13)

"Flood maps" shall be the most recent advisory or preliminary maps or map data released by the Federal Emergency Management Agency (FEMA) after October 28, 2012, until such time as the City of New York adopts new final Flood Insurance Rate Maps. When new final Flood Insurance Rate Maps are adopted by the City of New York superseding the Flood Insurance Rate Maps in effect on October 28, 2012, #flood maps# shall be such new adopted final Flood Insurance Rate Maps.

Flood zone (10/9/13)

The "flood zone" is the area that has a one percent chance of flooding in a given year, as indicated on the effective Flood Insurance Rate Maps, plus any additional area that has a one percent chance of flooding in a given year, as indicated on the #flood maps#.

Floor area (4/28/15)

"Floor area" is the sum of the gross areas of the several floors of a #building# or #buildings#, measured from the exterior faces of exterior walls or from the center lines of walls separating two #buildings#. In particular, #floor area# includes:

- (a) #basement# space, except as specifically excluded in this definition;
- (b) elevator shafts or stairwells at each floor, except as specifically excluded in this definition;
- (c) floor space in penthouses;
- (d) attic space (whether or not a floor has been laid) providing structural headroom of five feet or more in R2A, R2X, R3, R4 or R5 Districts, eight feet or more in R1 and R2 Districts, other than R2A and R2X Districts, and eight feet or more for #single-# or #two-family residences# in R6, R7, R8, R9 and R10 Districts. For #buildings# with three or more #dwelling units# in R6, R7, R8, R9 and R10 Districts #developed# or #enlarged# prior to February 2, 2011, such attic space providing structural headroom of eight feet or more shall be considered #floor area#. For #buildings# with three or more #dwelling units# in R6, R7, R8, R9 and R10 Districts #developed# or #enlarged# after February 2, 2011, any attic space shall be considered #floor area#;
- (e) floor space in gallerias, interior balconies, mezzanines or bridges;

- (f) floor space in open or roofed terraces, bridges, breeze ways or porches, if more than 50 percent of the perimeter of such terrace, breeze way, or porch is enclosed, and provided that a parapet not higher than 3 feet, 8 inches, or a railing not less than 50 percent open and not higher than 4 feet, 6 inches, shall not constitute an enclosure;
- (g) any other floor space used for dwelling purposes, no matter where located within a #building#, when not specifically excluded;
- (h) floor space in #accessory buildings#, except for floor space used for #accessory# off-street parking;
- (i) floor space used for #accessory# off-street parking spaces provided in any #story# after June 30, 1989:
 - (1) within #detached# or #semi-detached single-# or #two-family residences# in R1-2A, R2A, R2X, R3, R4 or R5 Districts, except that:
 - (i) in R2A Districts, #floor area# within such #residences# shall include only floor space in excess of 300 square feet for one such space; and
 - (ii) in all R1-2A Districts, and in R3, R4A and R4-1 Districts in #lower density growth management areas#, #floor area# within such #residences# shall include only floor space in excess of 300 square feet for one such space and in excess of 500 square feet for two such spaces;
 - (2) within #buildings# containing #residences developed# or #enlarged# pursuant to the optional regulations applicable in a #predominantly built-up area#;
 - (3) in excess of 100 square feet per required space in individual garages within other #buildings# containing #residences# (#attached buildings#, rowhouses or multiple dwellings) in R3-2, R4 or R5 Districts, except that in R3-2 Districts within #lower density growth management areas#, #floor area# shall only include floor space in excess of 300 square feet for one such space and in excess of 500 square feet for two such spaces. However, all of the floor space within any #story# in individual garages shall be considered #floor area# where, subsequent to June 7, 1989, the level of any #yard# except that portion of a #yard# in front of a garage on the #zoning lot# is lowered below

the lower of:

- (i) #curb level#; or
 - (ii) grade existing on June 7, 1989;
- (4) within a #group parking facility# with five or more required spaces #accessory# to #buildings# containing #residences# in R3, R4 or R5 Districts that is located in a space with a ceiling height that is more than six feet above the #base plane#, or, if the #base plane# is a sloping #base plane#, six feet above the #street wall line level# used to establish such #base plane#. On #through lots# with sloping #base planes#, the #street wall line level# closest to a #street# shall be used to determine whether such space is #floor area#;
- (5) which is located more than 23 feet above #curb level# in any other #building#;
- (6) which is unenclosed and covered by a #building or other structure# containing #residential use# for at least 50 percent of such #accessory# off-street parking space in R2A, R2X, R3, R4 and R5 Districts. Where such #accessory# off-street parking space is covered by any portion of a #building or other structure# containing #residential use#, other than a #single-# or #two-family detached# or #semi-detached residence# in R3-2, R4 or R5 Districts, and not #developed# or #enlarged# pursuant to the optional regulations applicable in a #predominantly built-up area#, such #floor area# shall include only that portion of the #accessory# off-street parking space in excess of 100 square feet per required space;
- (j) floor space used for #accessory# off-street loading berths in excess of 200 percent of the amount required by the applicable district regulations;
- (k) floor space that is or becomes unused or inaccessible within a #building#;
- (l) floor space that has been eliminated from the volume of an existing #building# in conjunction with the #development# of a new #building# or in the case of a major #enlargement#, as set forth in Section 11-31 (General Provisions), of another #building# on the same #zoning lot#;
- (m) floor space used for mechanical equipment that exceeds 50 square feet for the first #dwelling unit#, an additional 30

square feet for the second #dwelling unit#, and an additional 10 square feet for each additional #dwelling unit# in R2X, R3, R4 or R5 Districts. For the purposes of calculating floor space used for mechanical equipment, #building segments# on a single #zoning lot# may be considered to be separate #buildings#;

- (n) floor space in exterior balconies if more than 67 percent of the perimeter of such balcony is enclosed and provided that a parapet not higher than 3 feet, 8 inches, or a railing not less than 50 percent open and not higher than 4 feet, 6 inches, shall not constitute an enclosure. A sun control device that is accessible for purposes other than for maintenance shall be considered a balcony; and
- (o) any other floor space not specifically excluded.

However, the #floor area# of a #building# shall not include:

- (1) #cellar# space, except where such space is used for dwelling purposes. #Cellar# space used for retailing shall be included for the purpose of calculating requirements for #accessory# off-street parking spaces, #accessory# bicycle parking spaces and #accessory# off-street loading berths;
- (2) elevator or stair bulkheads, #accessory# water tanks, or cooling towers, except that such exclusions shall not apply in R2A Districts;
- (3) uncovered steps;
- (4) attic space (whether or not a floor has been laid) providing structural headroom of less than five feet in R2A, R2X, R3, R4 or R5 Districts, less than eight feet in R1 and R2 Districts, other than R2A and R2X Districts, and less than eight feet for #single-# or #two-family residences# in R6, R7, R8, R9 and R10 Districts. For #buildings# with three or more #dwelling units# in R6, R7, R8, R9 and R10 Districts #developed# or #enlarged# prior to February 2, 2011, such attic space providing structural headroom of less than eight feet shall not be considered #floor area#;
- (5) floor space in open or roofed terraces, bridges, breeze ways or porches, provided that not more than 50 percent of the perimeter of such terrace, breeze way, or porch is enclosed, and provided that a parapet not higher than 3 feet, 8 inches, or a railing not less than 50 percent open and not higher than 4 feet, 6 inches, shall not constitute an enclosure;

(6) floor space used for #accessory# off-street parking spaces provided in any #story#:

- (i) up to 200 square feet per required space existing on June 30, 1989, within #buildings# containing #residences# in R3, R4 or R5 Districts, and up to 300 square feet for one required space in R2A Districts. However, for #detached# or #semi-detached single-# or #two-family residences# in all R1-2A Districts and in R3, R4A and R4-1 Districts within #lower density growth management areas#, #floor area# shall not include up to 300 square feet for one space and up to 500 square feet for two spaces;
- (ii) up to 100 square feet per required space in individual garages in #attached buildings# containing #residences#, rowhouses or multiple dwellings in R3, R4, or R5 Districts, except that in R3-2 Districts within #lower density growth management areas#, up to 300 square feet for one such space and up to 500 square feet for two such spaces, except for:
 - (1) #buildings# containing #residences developed# or #enlarged# after June 30, 1989, pursuant to the optional regulations applicable in a #predominantly built-up area#; or
 - (2) #buildings# containing #residences# where, subsequent to June 7, 1989, the level of any #yard#, except that portion of a #yard# in front of a garage on the #zoning lot# is lowered below the lower of #curb level# or grade existing on June 7, 1989;
- (iii) within an #attached building# containing #residences#, #building segment# or multiple dwelling in R3-2, R4, or R5 Districts if such floor space is within a #group parking facility# with five or more required spaces that is located in a space with a ceiling height not more than six feet above the #base plane#, or, if the #base plane# is a sloping #base plane#, not more than six feet above the #street wall line level# used to establish such #base plane#. On #through lots# with sloping #base planes#, the #street wall line level# closest to a #street# shall be used to determine whether such space is #floor area#;
- (iv) located not more than 23 feet above #curb level#, in any other #building#, except where such floor space used for #accessory# parking is contained within a

#public parking garage#;

- (v) in R3-2, R4 and R5 Districts, up to 100 square feet per required space which is unenclosed and covered by a #building# containing #residences# other than a #single-# or #two-family detached# or #semi-detached residence# for at least 50 percent of such #accessory# off-street parking space, except where such #residences# are or have been #developed# or #enlarged# pursuant to the optional regulations applicable in a #predominantly built-up area#;
- (7) floor space used for #accessory# off-street loading berths, up to 200 percent of the amount required by the applicable district regulation;
- (8) floor space used for mechanical equipment, except that such exclusion shall not apply in R2A Districts, and in R1-2A, R2X, R3, R4, or R5 Districts, such exclusion shall be limited to 50 square feet for the first #dwelling unit#, an additional 30 square feet for the second #dwelling unit# and an additional 10 square feet for each additional #dwelling unit#. For the purposes of calculating floor space used for mechanical equipment, #building segments# on a single #zoning lot# may be considered to be separate #buildings#;
- (9) except in R1-2A, R2A, R2X, R3, R4 and R5 Districts, the lowest #story# (whether a #basement# or otherwise) of a #residential building#, provided that:
 - (i) such #building# contains not more than two #stories# above such #story#;
 - (ii) such #story# and the #story# immediately above it are portions of the same #dwelling unit#;
 - (iii) such #story# is used as a furnace room, utility room, auxiliary recreation room, or for other purposes for which #basements# are customarily used; and
 - (iv) such #story# has at least one-half its height below the level of the ground along at least one side of such #building#, or such #story# contains a garage;
- (10) floor space in exterior balconies provided that not more than 67 percent of the perimeter of such balcony is enclosed and provided that a parapet not higher than 3 feet, 8 inches, or a railing not less than 50 percent open and not higher than 4 feet, 6 inches, shall not constitute an enclosure. A sun control device that is accessible for

purposes other than for maintenance shall be considered a balcony;

(11) floor space within stairwells:

(i) at each floor of #buildings# containing #residences developed# or #enlarged# after April 16, 2008, that are greater than 125 feet in height, provided that:

- (1) such stairwells are located on a #story# containing #residences#;
- (2) such stairwells are used as a required means of egress from such #residences#;
- (3) such stairwells have a minimum width of 44 inches;
- (4) such floor space excluded from #floor area# shall be limited to a maximum of eight inches of stair and landing width measured along the length of the stairwell enclosure at each floor; and
- (5) where such stairwells serve non-#residential uses# on any floor, or are located within multi-level #dwelling units#, the entire floor space within such stairwells on such floors shall count as #floor area#;

(ii) at each floor of #buildings developed# or #enlarged# after April 28, 2015, that are 420 feet or greater in height, provided that:

- (1) such stairwells serve a space with an occupancy group other than Group R-2, as classified in the New York City Building Code, that is located at or above a height of 420 feet; and
- (2) such floor space excluded from #floor area# shall be limited to:
 - (aa) the 25 percent of stair and landing width required by the New York City Building Code which is provided in addition to the stair and landing widths required by such Code for means of egress; or
 - (bb) the one stairwell required by the New York City Building Code which is provided in addition to the stairwells required by such Code for means of egress. For the purposes of

this paragraph, such additional stairwell floor space shall include the stair and landings as well as any walls enclosing the stair and landings;

(12) exterior wall thickness, up to eight inches:

- (i) where such wall thickness is added to the exterior face of a #building# wall existing on April 30, 2012, provided the added wall thickness has a thermal resistance (R-value) of at least 1.5 per inch; or
- (ii) where such wall thickness is part of an exterior wall constructed after April 30, 2012, equal to the number of inches by which the wall's total thickness exceeds eight inches, provided the above-grade exterior walls of the #building# envelope are more energy efficient than required by the New York City Energy Conservation Code (NYCECC) as determined by the following:
 - (1) the area-weighted average U-factor of all opaque above-grade wall assemblies shall be no greater than 80 percent of the area-weighted average U-factor determined by using the prescribed requirements of the NYCECC; and
 - (2) the area-weighted average U-factor of all above-grade exterior wall assemblies, including vertical fenestrations, shall be no more than 90 percent of the area-weighted average U-factor determined by using the prescribed requirements of the NYCECC. For the purposes of calculating the area-weighted average U-factor, the amount of fenestration shall equal the amount of fenestration provided in such exterior walls, or an amount equal to the maximum fenestration area referenced in the NYCECC for the calculation of the baseline energy code requirement, whichever is less;

For the purposes of calculating compliance with this paragraph, (12)(ii), the term "above-grade" shall only include those portions of walls located above the grade adjoining such wall. Compliance with this paragraph shall be demonstrated to the Department of Buildings at the time of issuance of the building permit for such exterior walls. The total area of wall thickness excluded from the calculation of #floor area# shall be reflected on the next issued temporary or final certificate of occupancy for the #building#, as well as all subsequent certificates of occupancy;

- (13) floor space in a rooftop greenhouse permitted pursuant to Section 75-01 (Certification for Rooftop Greenhouses);
- (14) floor space on a sun control device, where such space is inaccessible other than for maintenance.

Floor area ratio (2/2/11)

"Floor area ratio" is the total #floor area# on a #zoning lot#, divided by the #lot area# of that #zoning lot#. If two or more #buildings# are located on the same #zoning lot#, the #floor area ratio# is the sum of their #floor areas# divided by the #lot area#. (For example, a #zoning lot# of 10,000 square feet with a #building# containing 20,000 square feet of #floor area# has a #floor area ratio# of 2.0, and a #zoning lot# of 20,000 square feet with two #buildings# containing a total of 40,000 square feet of #floor area# also has a #floor area ratio# of 2.0)

Front lot line - see Lot line, front

Front sky exposure plane - see Sky exposure plane

Front yard - see Yard, front

Front yard line - see Yard line, front

Front yard line level - see Yard line, front, level (of)

Gambling vessel (2/26/98)

A "gambling vessel" is any ferry, sightseeing, excursion, sport fishing or passenger ocean vessel that operates a shipboard gambling business subject to regulation under Title 20-A of the Administrative Code of the City of New York or any successor legislation.

Group parking facility (2/2/11)

A "group parking facility" is a #building or other structure# or

an open #use# on a #zoning lot# or portion thereof used for the storage of motor vehicles, that contains more than one parking space, has access to the #street# common to all spaces and, if #accessory# to a #residential use#, is designed to serve more than one #dwelling unit#.

A #group parking facility# shall include, but is not limited to, the following:

- (a) an open parking area;
- (b) parking spaces included within, or on the roof of, a #building# not primarily used for parking; or
- (c) a #building# or #buildings# used primarily for parking, including a group of individual garages.

A #group parking facility# shall not include in R3, R4 or R5 Districts, individual parking garages within #buildings# containing #residences# or individual unenclosed #accessory# parking spaces adjacent to #residences# which have access from a #street#, a private street or a driveway common to all the spaces.

Height factor (2/2/11)

The "height factor" of a #zoning lot# is equal to the total #floor area# of a #building# divided by its #lot coverage#. If two or more #buildings# are located on the same #zoning lot#, the #height factor# is the sum of their #floor areas# divided by the sum of their #lot coverages#. The #height factor# is thus equal to the number of #stories#, if the #building# were erected without setbacks. In computing a #height factor#, a fraction of .5 or more may be considered a whole number, and smaller fractions shall be disregarded.

For example, a #zoning lot# with a #residential building# containing 60,000 square feet of #floor area# and a #lot coverage# of 5,000 square feet has a #height factor# of 12, and a #zoning lot# with two #residential buildings# containing a total of 80,000 square feet of #floor area# and 10,000 square feet of total #lot coverage# has a #height factor# of 8.

Home occupation (2/2/11)

- (a) A "home occupation" is an #accessory use# which:
 - (1) is clearly incidental to or secondary to the

#residential use# of a #dwelling unit# or #rooming unit#;

- (2) is carried on within a #dwelling unit#, #rooming unit#, or #accessory building# by one or more occupants of such #dwelling unit# or #rooming unit#, except that, in connection with the practice of a profession, one person not residing in such #dwelling unit# or #rooming unit# may be employed; and
 - (3) occupies not more than 25 percent of the total #floor area# of such #dwelling unit# or #rooming unit# and in no event more than 500 square feet of #floor area#.
- (b) In connection with the operation of a #home occupation#, it shall not be permitted:
- (1) to sell articles produced elsewhere than on the premises;
 - (2) to have exterior displays, or a display of goods visible from the outside;
 - (3) to store materials or products outside of a principal or #accessory building or other structure#;
 - (4) to display, in an R1 or R2 District, a nameplate or other #sign# except as permitted in connection with the practice of a profession;
 - (5) to make external structural alterations which are not customary for #residences#; or
 - (6) to produce offensive noise, vibration, smoke, dust or other particulate matter, odorous matter, heat, humidity, glare, or other objectionable effects.
- (c) #Home occupations# include, but are not limited to:
- fine arts studios
 - professional offices
 - teaching of not more than four pupils simultaneously, or, in the case of musical instruction, of not more than a single pupil at a time.
- (d) However, #home occupations# shall not include:
- advertising or public relations agencies

barber shops
beauty parlors
#commercial# stables or kennels
depilatory, electrolysis or similar offices
interior decorators' offices or workshops
ophthalmic dispensing
pharmacy
real estate or insurance offices
stockbrokers' offices
veterinary medicine.

Hotel, apartment (2/2/11)

An "apartment hotel" is a #building# or part of a #building# that is a Class A multiple dwelling as defined in the Multiple Dwelling Law, which:

- (a) has three or more #dwelling units# or #rooming units#;
- (b) has one or more common entrances serving all such units; and
- (c) provides one or more of the following services:
housekeeping, telephone, desk, or bellhop service, or the
furnishing or laundering of linens.

Restaurants, cocktail lounges, or indoor swimming pools are permitted #accessory uses#, provided that in #Residence Districts#, such facilities shall be accessible only through the lobby and there shall be no #signs# except as permitted by the applicable district regulations. Public banquet halls, ballrooms, or meeting rooms are not permitted #accessory uses#.

Hotel, transient (8/17/90)

A "transient hotel" is a #building# or part of a #building# in which:

- (a) living or sleeping accommodations are used primarily for

transient occupancy, and may be rented on a daily basis;

- (b) one or more common entrances serve all such living or sleeping units; and
- (c) twenty-four hour desk service is provided, in addition to one or more of the following services: housekeeping, telephone, or bellhop service, or the furnishing or laundering of linens.

Permitted #accessory uses# include restaurants, cocktail lounges, public banquet halls, ballrooms, or meeting rooms.

Illuminated sign - see Sign, illuminated

Incidental alteration - see Alteration, incidental

Inclusionary Housing designated area (7/29/09)

An "Inclusionary Housing designated area" is a specified area in which the Inclusionary Housing Program is applicable, pursuant to the regulations set forth in Section 23-90 (INCLUSIONARY HOUSING), inclusive. The locations of such #Inclusionary Housing designated areas# are identified in [APPENDIX F](#) of this Resolution or in Special Purpose Districts, as applicable.

Initial setback distance (12/15/61)

An "initial setback distance" is a horizontal distance measured from a #street line# into a #zoning lot# for a depth as set forth in the district regulations.

Inner court - see Court, inner

Inner court recess - see Court recess, inner

Interior lot - see Lot, interior

Joint living-work quarters for artists (2/2/11)

A "joint living-work quarters for artists" consists of one or more #rooms# in a #non-residential building#, on one or more floors, with lawful cooking space and sanitary facilities meeting the requirements of the Housing Maintenance Code, occupied:

- (a) and arranged and designed for use by, and is used by, not more than four non-related #artists#, or an #artist# and the #artist's# household, and including adequate working space reserved for the #artist#, or #artists# residing therein;
- (b) by any household residing therein on September 15, 1986 whose members are all unable to meet the #artist# certification qualifications of the Department of Cultural Affairs that registers with the Department of Cultural Affairs prior to nine months from January 8, 1987; or
- (c) by any person who is entitled to occupancy by any other provision of law.

Regulations governing #joint living-work quarters for artists# are set forth in Article I, Chapter 5, Sections 42-14, paragraph D. (Use Group 17 - Special Uses), 42-141 (Modification by certification of the City Planning Commission of uses in M1-5A and M1-5B Districts), 43-17 (Special Provisions for Joint Living-Work Quarters for Artists) and 74-78 (Conversions of Non-Residential Buildings).

Land with minor improvements (2/2/11)

"Land with minor improvements" is a tract of land or a #zoning lot# that:

- (a) does not contain any #building or other structure#; or
- (b) involves #buildings or other structures#, or other improvements, located underground or substantially at ground level, with a total assessed valuation, excluding land, of less than \$14,500 as of February 2, 2011, as determined from the assessment rolls in effect on the applicable date on which such #use# is changed, damaged or destroyed, or terminated, in accordance with the provisions of Sections 52-32, 52-52 or 52-72 (Land with Minor Improvements). The Chairperson of the City Planning Commission shall adjust this figure annually. Such adjustment shall occur on August 1 of each calendar year, based on the percentage change in the Consumer Price Index for all urban consumers as defined by the U.S. Bureau of Labor Statistics for the twelve months ended on June 30 of that year.

Large-scale community facility development (2/2/11)

A "large-scale community facility development" contains one or

more #buildings# on a single #zoning lot# or two or more #zoning lots# that are contiguous or would be contiguous but for their separation by a #street# or a #street# intersection, used predominantly for #community facility uses#, and:

- (a) has or will have an area of at least three acres;
- (b) has been or is to be used, #developed# or #enlarged# as a unit:
 - (1) under single fee ownership or alternate ownership arrangements as set forth in the #zoning lot# definition in Section 12-10 (DEFINITIONS) for all #zoning lots# comprising the #large-scale community facility development#; or
 - (2) under single fee, alternate or separate ownership, either:
 - (i) pursuant to an urban renewal plan for a designated urban renewal area containing such #zoning lots#; or
 - (ii) through assemblage by any other governmental agency, or its agent, having the power of condemnation; and
- (c) shall be located entirely in a #Residence District# or in a C1, C2, C3 or C4-1 District.

Such #zoning lots# may include any land occupied by #buildings# existing at the time an application is submitted to the City Planning Commission under the provisions of Article VII, Chapter 9, provided that such #buildings# form an integral part of the #large-scale community facility development#.

Large-scale development (2/2/11)

A "large-scale development" is either a #large-scale community facility development#, a #large-scale general development# or a #large-scale residential development#.

Large-scale general development (2/2/11)

A "large-scale general development" contains one or more #buildings# on a single #zoning lot# or two or more #zoning lots# that are contiguous or would be contiguous but for their separation by a #street# or a #street# intersection and is not

either a #large-scale residential development# or a #large-scale community facility development#; and:

- (a) has or will have an area of at least 1.5 acres;
- (b) has been or is to be used, #developed# or #enlarged# as a unit:
 - (1) under single fee ownership or alternate ownership arrangements as set forth in the #zoning lot# definition in Section 12-10 (DEFINITIONS) for all #zoning lots# comprising the #large-scale general development#; or
 - (2) under single fee, alternate or separate ownership, either:
 - (i) pursuant to an urban renewal plan for a designated urban renewal area containing such #zoning lots#; or
 - (ii) through assemblage by any other governmental agency, or its agent, having the power of condemnation; and
- (c) shall be located in whole or in part in any #Commercial# or #Manufacturing District#, subject to the restrictions of Section 74-743 (Special provisions for bulk modifications), paragraph (a)(1).

Such #zoning lots# may include any land occupied by #buildings# existing at the time an application is submitted to the City Planning Commission under the provisions of Article VII, Chapter 4, provided that such #buildings# form an integral part of the #large-scale general development#, and provided that there is no #bulk# distribution from a #zoning lot# containing such existing #buildings#. In C5 and C6 Districts, however, a #large-scale general development# having a minimum #lot area# of five acres may include a #zoning lot# that contains an existing #building# that is not integrally related to the other parts of the #large-scale general development#, provided that such #building# covers less than 15 percent of the #lot area# of the #large-scale general development# and provided that there is no #bulk# distribution from a #zoning lot# containing such existing #building#.

Large-scale residential development (2/2/11)

A "large-scale residential development" contains one or more

#buildings# on a single #zoning lot# or two or more #zoning lots# that are contiguous or would be contiguous but for their separation by a #street# or a #street# intersection, used predominantly for #residential uses# and:

- (a) has or will have an area of at least 1.5 acres and a total of at least three principal #buildings#, or an area of at least three acres and a total of at least 500 #dwelling units#;
- (b) has been or is to be #developed# as a unit:
 - (1) under single fee ownership or alternate ownership arrangements as set forth in the #zoning lot# definition in Section 12-10 (DEFINITIONS) for all #zoning lots# comprising the #large-scale residential development#; or
 - (2) under single fee, alternate or separate ownership, either:
 - (i) pursuant to an urban renewal plan for a designated urban renewal area containing such #zoning lots#; or
 - (ii) through assemblage by any other governmental agency, or its agent, having the power of condemnation;
- (c) shall be located entirely in a #Residence District# or in a C1, C2, C3 or C4-1 District; and
- (d) shall not include any #zoning lots# occupied by existing #buildings# to remain; and in staged developments, existing #buildings# proposed for demolition shall not be permitted to create a temporary #non-compliance#.

Legally required window (2/2/11)

A "legally required window" is a window or portion of a window (including a window either in addition to or as a substitute for mechanical ventilation) which is required by any applicable law or statute to provide light or ventilation to a "living room," as defined in the Housing Maintenance Code.

Limited Height District (6/29/94)

A "Limited Height District" is a district whose designation

begins with the letters "LH," and in which the heights of #buildings or other structures# are limited in accordance with the provisions of Sections 23-691, 24-591, 33-491 or 43-49 (Limited Height Districts).

#Limited Height Districts# appear on the #zoning maps# superimposed upon other districts. Their regulations supplement the regulations of the districts on which they are superimposed.

#Limited Height Districts# are confined to areas or portions of areas established by the Landmarks Preservation Commission and the Board of Estimate, or its successor, as "Historic Districts" pursuant to Chapter 8-A of the New York City Charter and Chapter 8-A of the New York City Administrative Code.

Loft dwelling (10/13/10)

A "loft dwelling" is a #dwelling unit# in the #Special Tribeca Mixed Use District#, in a #building# designed for non-#residential use# erected prior to December 15, 1961. Regulations governing #loft dwellings# are set forth in Sections 111-11 (Residential use modification) and 111-40 (REQUIREMENTS FOR LOFT DWELLINGS CONSTRUCTED PRIOR TO OCTOBER 13, 2010).

Lot area

"Lot area" is the area of a #zoning lot#.

Lot area per dwelling unit (12/15/61)

"Lot area per dwelling unit" is that portion of the #lot area# required for each #dwelling unit# located on a #zoning lot#.

Lot area per room (12/15/61)

"Lot area per room" is that portion of the #lot area# required for each #room# located on a #zoning lot#.

Lot, corner

A "corner lot" is either a #zoning lot# bounded entirely by #streets#, or a #zoning lot# which adjoins the point of intersections of two or more #streets# and in which the interior angle formed by the extensions of the #street lines# in the directions which they take at their intersections with #lot

lines# other than #street lines#, forms an angle of 135 degrees or less. In the event that any #street line# is a curve at its point of intersection with a #lot line# other than a #street line#, the tangent to the curve at that point shall be considered the direction of the #street line#. The portion of such #zoning lot# subject to the regulations for #corner lots# is that portion bounded by the intersecting #street line# and lines parallel to and 100 feet from each intersecting #street line#. Any remaining portion of a #corner lot# shall be subject to the regulations for a #through lot# or for an #interior lot#, whichever is applicable.

Lot coverage (2/2/11)

"Lot coverage" is that portion of a #zoning lot# which, when viewed directly from above, would be covered by a #building# or any part of a #building#. However, for purposes of computing a #height factor#, any portion of such #building# covered by a roof which qualifies as #open space#, or any terrace, balcony, breeze way, or porch or portion thereof not included in the #floor area# of a #building#, shall not be included in #lot coverage#.

For example, a #zoning lot# of 20,000 square feet consists of one portion, 100 feet by 100 feet, as a #corner lot# portion, and another portion, 100 feet by 100 feet, as an #interior lot# portion. In a district that allows 70 percent coverage of the #interior lot# portion, that portion can have a #lot coverage# of 7,000 square feet, while the #corner lot# portion which is allowed 80 percent coverage can have a #lot coverage# of 8,000 square feet.

When a #height factor# is not computed for a #residential building# or #residential# portion of a #building#, the portion of any balcony which does not project from the face of the #building# shall be counted as #lot coverage#, but other obstructions permitted pursuant to Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) shall not be included in #lot coverage#.

Lot depth (12/15/61)

"Lot depth" is the mean horizontal distance between the #front lot line# and #rear lot line# of a #zoning lot#. In the case of a #corner lot#, the #lot depth# is the greater of the mean horizontal distances between the #front lot lines# and the respective #side lot line# opposite each.

Lot, interior (12/15/61)

An "interior lot" is any #zoning lot# neither a #corner lot# nor a #through lot#.

Lot line (12/15/61)

A "lot line" is a boundary of a #zoning lot#.

Lot line, front (12/15/61)

A "front lot line" is a #street line#.

Lot line, rear (12/15/61)

A "rear lot line" is any #lot line# of a #zoning lot# except a #front lot line#, which is parallel or within 45 degrees of being parallel to, and does not intersect, any #street line# bounding such #zoning lot#.

Lot line, side (12/15/61)

A "side lot line" is any #lot line# which is not a #front lot line# or a #rear lot line#.

Lot, through (12/15/61)

A "through lot" is any #zoning lot#, not a #corner lot#, which adjoins two #street lines# opposite to each other and parallel or within 45 degrees of being parallel to each other. Any portion of a #through lot# which is not or could not be bounded by two such opposite #street lines# and two straight lines intersecting such #street lines# shall be subject to the regulations for an #interior lot#.

THROUGH LOT

Lot width (12/15/61)

"Lot width" is the mean horizontal distance between the #side lot lines# of a #zoning lot#.

Lot, zoning - see Zoning lot

Lower density growth management area (2/2/11)

A "lower density growth management area" is any R1, R2, R3, R4A, R4-1 or C3A District in the following designated areas, and any #zoning lot# containing #buildings# accessed by #private roads# in R1, R2, R3, R4, R5 or C3A Districts within such areas:

The Borough of Staten Island
Community District 10 in the Borough of the Bronx

In the Borough of Staten Island, #lower density growth management areas# shall also include any C1, C2, or C4 District.

In the Borough of the Bronx, in Community District 10, #lower density growth management areas# shall also include any R6, R7, C1 or C2 Districts for the purposes of applying the parking provisions of Article II, Chapter 5, and Article III, Chapter 6.

Manhattan Core

The "Manhattan Core" is the area within Manhattan Community Districts 1, 2, 3, 4, 5, 6, 7 and 8.

Manufacturing (2/2/11)

A "manufacturing" #use# is any #use# listed in Use Group 17 or 18.

Manufacturing District (2/2/11)

A "Manufacturing District" includes any district whose designation begins with the letter "M."

For example, an "M1" District includes any district whose designation begins with the symbol "M1."

Mixed building (2/2/11)

A "mixed building" is a #building# in a #Commercial District# used partly for #residential use# and partly for #community facility# or #commercial use#.

Motel or tourist cabin (12/15/61)

A "motel" or "tourist cabin" is a #building# or group of #buildings# which:

- (a) contains living or sleeping accommodations used primarily for transient occupancy; and
- (b) has individual entrances from outside the #building# to serve each such living or sleeping unit.

Narrow street - see Street, narrow

Non-complying, or non-compliance (12/15/61)

A "non-complying" #building or other structure# is any lawful #building or other structure# which does not comply with any one or more of the applicable district #bulk# regulations either on December 15, 1961 or as a result of a subsequent amendment thereto.

A "non-compliance" is a failure by a #non-complying building or other structure# to comply with any one of such applicable #bulk# regulations.

Non-conforming, or non-conformity (2/2/11)

A "non-conforming" #use# is any lawful #use#, whether of a #building or other structure# or of a #zoning lot#, which does not conform to any one or more of the applicable #use# regulations of the district in which it is located, either on December 15, 1961 or as a result of any subsequent amendment thereto.

A #non-conforming use# shall result from failure to conform to the applicable district regulations on either permitted Use Groups or performance standards.

A #non-conformity# is a failure by a #non-conforming use# to conform to any one of such applicable #use# regulations.

However, no existing #use# shall be deemed #non-conforming#, nor shall a #non-conformity# be deemed to exist, solely because of any of the following:

- (a) the existence of less than the required #accessory# off-street parking spaces or loading berths;

- (b) the existence of #non-conforming accessory signs#; or
- (c) the existence of conditions in violation of the provisions of either Sections 32-41 and 32-42, relating to Supplementary Use Regulations, or Sections 32-51 and 32-52 relating to Special Provisions Applying along District Boundaries, or Sections 42-41, 42-42, 42-44 and 42-45, relating to Supplementary Use Regulations and Special Provisions Applying along District Boundaries.

Non-profit hospital staff dwelling

A "non-profit hospital staff dwelling" is a dwelling owned by a non-profit institution or subsidiary non-profit housing corporation and which contains #dwelling units# reserved exclusively for occupancy by members of the staff of a non-profit or voluntary hospital and their immediate family.

Non-profit residence for the elderly (2/2/11)

A "non-profit residence for the elderly" is a #residence# occupied at least 90 percent by elderly families, the head or spouse of which is sixty-two years of age or over, or by single elderly persons who are sixty-two years of age or over, and which:

- (a) contains housekeeping, semi-housekeeping or non-housekeeping units especially designed for elderly persons or families; and
- (b) consists of one or more #buildings# on the same or contiguous #zoning lots#, or on lots which would be contiguous but for their separation by a #street# and contains related #accessory# social and welfare facilities primarily for residents which may also be made available to the community, such as cafeterias, or dining halls, community rooms, workshops and other essential service facilities provided that these facilities shall occupy #floor area# or #cellar# space in an amount not less than four percent of the total #floor area# of the #non-profit residence for the elderly#. In no event shall the floor space occupied by lobbies, passageways, storage space or other spaces normally provided in usual #residential buildings# be considered as a part of the #floor area# attributable to the Social and Welfare facilities; and
- (c) is either:

- (1) owned by or constructed for the New York City Housing Authority, or
- (2) constructed with the assistance of mortgage financing or other financial assistance insured by or procured through or with the assistance of a municipal, State, or Federal governmental agency, and is maintained on a non-profit basis by a charitable organization or its wholly-owned subsidiary incorporated pursuant to the provisions of the New York State Not-For-Profit Corporation Law.

However, any #non-profit residence for the elderly# to which seed money has been advanced under Article II of the State Private Housing Finance Law prior to January 23, 1969 shall have the option to be continued under the provisions of the Zoning Resolution as amended on January 23, 1969 or under the provisions of the Zoning Resolution as effective just prior thereto.

In the Borough of Manhattan in R7-2 Districts, the definition of a #non-profit residence for the elderly# shall also apply to projects reserved for the elderly for a period of not less than 40 years approved under Article 2 and 5 of the State Private Housing Finance Law provided the project is operated by a sponsor or co-sponsor which is a non-profit organization. The certificate of occupancy shall bear the designation "Non-profit residence for the elderly," as defined in Section 12-10 of the Zoning Resolution.

Non-residential building (2/2/11)

A "non-residential building" is a #building# containing no #residences#.

Open space (2/2/11)

"Open space" is that part of a #zoning lot#, including #courts# or #yards#, which is open and unobstructed from its lowest level to the sky and is accessible to and usable by all persons occupying a #dwelling unit# or a #rooming unit# on the #zoning lot#.

#Open space# may, however, include areas covered by roofs, the total area of which is less than 10 percent of the unroofed or uncovered area of a #zoning lot#, provided that such roofed area is not enclosed on more than one side, or on more than 10 percent of the perimeter of the roofed area, whichever is greater.

#Open space# may be provided on the roof of:

- (a) a #community facility building#;
- (b) a #building# containing #residences#, provided such roof area is not above that portion of such #building# that contains #dwelling units# or #rooming units#;
- (c) a #non-residential building#, other than a #community facility building#, provided such #non-residential building abuts# other #buildings#, any one of which contains #residences#.

All such roof areas used for #open space# shall meet the requirements set forth in this definition and shall:

- (1) be not higher than 23 feet above #curb level#, except as provided in Sections 24-164 (Location of open space for residential portion) and 35-34 (Location of Open Space);
- (2) be at least two and one-half feet below the sill level of all #legally required windows# opening on such roof area;
- (3) be directly accessible by a passageway from a #building#, or by a ramp (with a grade of less than 10 percent) from a #building#, #yard#, #court# or #street#, except that in R8 or R9 Districts such roof area need not be accessible to occupants and is therefore exempt from this requirement; and
- (4) have no dimension less than 25 feet; except that in R8 or R9 Districts when such roof area adjoins a #street line# or a #rear yard#, it may have a minimum depth of nine feet and a minimum length, along such #street line# or #rear yard#, equal to at least twice its depth, or the full width of the #zoning lot#, or 50 feet, whichever is the least distance.

Open space ratio (2/2/11)

The "open space ratio" of a #zoning lot# is the number of square feet of #open space# on the #zoning lot#, expressed as a percentage of the #floor area# on that #zoning lot#. (For example, if for a particular #zoning lot# an #open space ratio# of 20 is required, 20,000 square feet of #floor area# in the #building# would necessitate 4,000 square feet of #open space# on the #zoning lot#; or, if 6,000 square feet of #lot area# were in #open space#, 30,000 square feet of #floor area# could be on that #zoning lot#.) Each square foot of #open space# per 100 square feet of #floor area# is referred to as one point.

Outer court - see Court, outer

Outer court recess - see Court recess, outer

Physical culture or health establishments (7/24/13)

A "physical culture or health establishment" is any establishment or facility, including #commercial# and non-#commercial# clubs, which is equipped and arranged to provide instruction, services, or activities which improve or affect a person's physical condition by physical exercise or by massage. Physical exercise programs include aerobics, martial arts or the use of exercise equipment.

Therapeutic or relaxation services, such as sun tanning, baths, showers, tubs, jacuzzis, whirlpools, saunas, steam rooms, isolation floatation tanks and meditation facilities may be provided only as #accessory# to the physical exercise program or massage facility. Except as specifically provided in Special Purpose Districts, #physical culture or health establishments# are only permitted pursuant to the provisions of Section 73-36. No license or permit shall be issued by the New York City Department of Health in conjunction with any health-related facility/services pursuant to this Section until a certificate of occupancy has been issued by the Department of Buildings establishing the #use# of the premises as a #physical culture or health establishment#.

Plaza (10/17/07)

A "plaza" is an open area for public use on a #zoning lot developed#, from December 15, 1961 to June 11, 1996, in accordance with the requirements set forth in APPENDIX E, Section E27-50 (PLAZA STANDARDS OF 1961), of this Resolution.

Plaza, public (2/2/11)

A "public plaza" is an open area for public use provided in accordance with the requirements set forth in Section 37-70, inclusive.

Plaza, residential (10/17/07)

A "residential plaza" is an open area for public use on a #zoning

lot developed# from March 2, 1977 to October 17, 2007, in accordance with the requirements set forth in APPENDIX E, Article II, Chapter 7, of this Resolution

Plaza, urban (10/17/07)

An "urban plaza" is an open area for public use on a #zoning lot developed#, from April 16, 1975 to June 11, 1996, in accordance with plans certified by the Chairperson of the City Planning Commission or, from June 13, 1996 to October 17, 2007, in accordance with the requirements set forth in APPENDIX E, Section E37-04, of this Resolution.

Predominantly built-up area (2/2/11)

A "predominantly built-up area" is a #block# entirely within R4 or R5 Districts, including a #Commercial District# mapped within such #Residential Districts#, having a maximum area of four acres with #buildings# on #zoning lots# comprising 50 percent or more of the area of the #block#. However, a #predominantly built-up area# shall not include a #block# which is located partly in a R4A, R4-1, R4B, R5B or R5D District.

All such #buildings# shall have certificates of occupancy or other evidence acceptable to the Commissioner of Buildings issued not less than three years prior to the date of application for a building permit. Special optional regulations applying only to #zoning lots# of not more than 1.5 acres in a #predominantly built-up area# are set forth in the following Sections:

Section 23-14 (Minimum Required Open Space, Open Space Ratio, Maximum Lot Coverage and Maximum Floor Area Ratio)

Section 23-22 (Required Lot Area per Dwelling Unit, Lot Area per Room or Floor Area per Room)

Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents)

Section 23-631 (Height and setback in R1, R2, R3, R4 and R5 Districts)

Section 25-22 (Requirements Where Individual Parking Facilities are Provided)

Section 25-23 (Requirements Where Group Parking Facilities are Required)

The regulations applicable to a #predominantly built-up area# shall not apply to any #zoning lot# occupied as of October 21, 1987, by a #single-# or #two-family detached# or #semi-detached residence# where 75 percent or more of the aggregate length of the #block# fronts in #residential use#, on both sides of the #street# facing each other, are occupied by such #residences# as of October 21, 1987. However, the regulations applicable to a #predominantly built-up area# may apply to such #zoning lots# where 75 percent or more of the aggregate length of the #block# fronts facing each other, on both sides of the #street#, is comprised of #zoning lots# occupied as of October 21, 1987, by #commercial# or #manufacturing uses#.

Furthermore, the regulations applicable to a #predominantly built-up area# shall continue to apply in the #Special Coney Island Mixed Use District# and the #Special Ocean Parkway District#, and in areas subject to the provisions of Section 23-146 (Optional provisions for certain R5 and R6 Districts in Brooklyn).

Primary entrance (2/2/11)

"Primary entrances" are the principal entrances to a #building# utilized for day-to-day pedestrian ingress and egress. Other entrances solely used for freight, service or emergency egress shall not constitute a #primary entrance#.

Private road (2/2/11)

In accordance with Sections 26-00 (APPLICABILITY OF THIS CHAPTER) and 37-10 (APPLICABILITY OF ARTICLE II, CHAPTER 6, TO DEVELOPMENTS WITH PRIVATE ROADS), a "private road" is a right-of-way, other than a #street#, that provides vehicular access from a #street# to five or more #dwelling units# that are within #buildings# or #building segments# that are located wholly beyond 50 feet of a #street line# or #street setback line#.

An individual driveway serving fewer than five parking spaces shall not be considered a #private road#.

However, in #lower density growth management areas#, a private road is a right-of-way, other than a #street#, that provides vehicular access from a #street# to:

- (a) three or more #buildings# or #building segments# located wholly beyond 50 feet of a #street line# or #street setback line#; or

- (b) one or two #buildings# or #building segments# located wholly beyond 50 feet of a #street line# or #street setback line# that contain five or more #dwelling units#.

Public park (12/15/61)

A "public park" is any publicly-owned park, playground, beach, parkway, or roadway within the jurisdiction and control of the Commissioner of Parks and Recreation, except for park strips or malls in a #street# the roadways of which are not within the Commissioner's jurisdiction and control.

Public parking garage (9/29/10)

A "public parking garage" is a #building or other structure#:

- (a) that provides parking or storage for motor vehicles, but not for commercial or public utility vehicles or the dead storage of motor vehicles; and
- (b) some or all of whose parking spaces are non-#accessory#.

#Car sharing vehicles# may occupy parking spaces in a #public parking garage#; however, the number of spaces so occupied shall not exceed 40 percent of all parking spaces in such garage. A #public parking garage# may include #accessory# off-street parking spaces limited to such spaces that are #accessory# to other #uses# on the same #zoning lot#.

Sale of motor fuel or motor oil or minor repairs incidental to the parking or storage of motor vehicles are permitted #accessory uses#.

Public parking lot (2/2/11)

A "public parking lot" is any open area on a #zoning lot# that is:

- (a) used for the parking or storage of motor vehicles, but not for commercial or public utility vehicles or the dead storage of motor vehicles; and
- (b) not #accessory# to a #use# on the same or another #zoning lot#.

#Car sharing vehicles# may occupy spaces in a #public parking lot#; however, the number of spaces so occupied shall not exceed

40 percent of all parking spaces in such parking lot. Minor repairs incidental to the parking or storage of motor vehicles are a permitted #accessory use#.

Public plaza - see Plaza, public

Publicly accessible open area (10/17/07)

A "publicly accessible open area" is an open area for public use on a #zoning lot developed# in accordance with the requirements of a #plaza#, #residential plaza#, #urban plaza# or #public plaza#.

Quality Housing building (2/2/11)

A "Quality Housing building" is a #building#, #developed#, #enlarged#, #extended# or #converted#, pursuant to the Quality Housing Program.

Quality Housing building segment (2/2/11)

A "Quality Housing building segment" is a #building segment#, #developed#, #enlarged#, #extended# or #converted# pursuant to the Quality Housing Program.

Railroad or transit air space (2/22/90)

"Railroad or transit air space" is space directly over a railroad or transit right-of-way or yard, which right-of-way or yard was open, except for structures accommodating activities incidental to its #use# as a right-of-way or yard, and not otherwise covered over by any #building or other structure# on or after September 27, 1962.

Rear lot line - see Lot line, rear

Rear yard - see Yard, rear

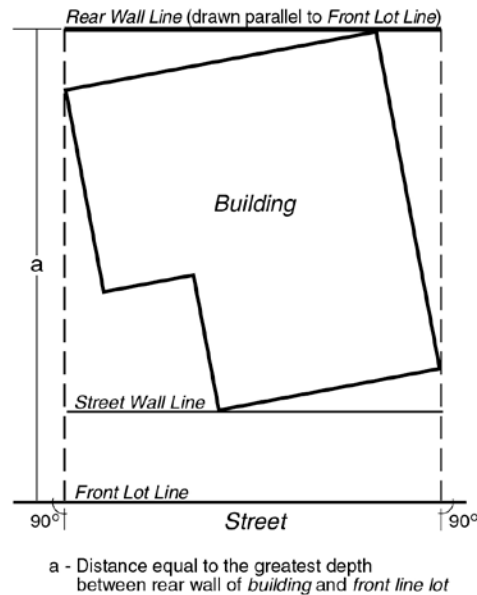

Rear yard equivalent - see Yard equivalent, rear

Rear yard line - see Yard line, rear

Rear sky exposure plane - see Sky exposure plane

Rear wall line

A "rear wall line" is that portion of a line drawn parallel to a #front lot line# at a distance equal to the greatest depth between the rear wall of a #building# and the #front lot line#, from which, when viewed directly from above, lines perpendicular to a #street wall line# may be drawn.

REAR WALL LINE

Rear wall line level

"Rear wall line level" is the mean level of the natural grade at the #rear wall line#.

Residence, or residential (2/2/11)

A "residence" is one or more #dwelling units# or #rooming units#, including common spaces such as hallways, lobbies, stairways, laundry facilities, recreation areas or storage areas. A #residence# may, for example, consist of one-family or two-family houses, multiple dwellings, boarding or rooming houses, or #apartment hotels#. However, #residences# do not include:

- (a) such transient accommodations as #transient hotels#, #motels# or #tourist cabins#, or #trailer camps#;

- (b) #non-profit hospital staff dwellings#; or
- (c) student dormitories, fraternity or sorority student houses, monasteries or convents, sanitariums, nursing homes, or other living or sleeping accommodations in #community facility buildings# or portions of #buildings# used for #community facility uses#.

"Residential" means pertaining to a #residence#.

Residence District (2/2/11)

A "Residence District" includes any district whose designation begins with the letter "R."

For example, an "R6" District includes any district whose designation begins with the symbol "R."

Residential building (2/2/11)

A "residential building" is a #building# used only for a #residential use#.

Residential plaza - see Plaza, residential

Residential use (12/15/61)

A "residential use" is any #use# listed in Use Group 1 or 2.

Rooms (7/26/01)

"Rooms" shall consist of "living rooms," as defined in the Multiple Dwelling Law.

Rooming unit (7/26/01)

A "rooming unit" consists of any "living room," as defined in the Multiple Dwelling Law, in a #residential building# or a #residential# portion of a #building#, that is:

- (a) in a "class B multiple dwelling," a "rooming house," or a "furnished room house" as defined in the Multiple Dwelling Law; or

- (b) used "for class B occupancy," as defined in the Housing Maintenance Code; or
- (c) used for "single room occupancy," as defined in the Multiple Dwelling Law; or
- (d) occupied by a "boarder," "roomer" or "lodger," as defined in the Housing Maintenance Code, provided, however, that if not more than two such boarders, roomers or lodgers reside within a #dwelling unit#, the #room# or #rooms# occupied by such boarders, roomers or lodgers shall be counted as part of the #dwelling unit# and shall not be counted as #rooming units#; or
- (e) any other "living room" in a #residential building# or a #residential# portion of a #building# which is not a #dwelling unit# or part of a #dwelling unit#.

School (1/18/11)

A "school" is:

- (a) an institution providing full-time day instruction and a course of study that meets the requirements of Sections 3204, 3205 and 3210 of the New York State Education Law; or
- (b) a nursery school or kindergarten:
 - (1) whose annual session does not exceed the school sessions for full-time day schools prescribed in Section 3204 of the New York State Education Law; and
 - (2) which is operated by the Department of Education or any established religious organization as part of an elementary school; or
- (c) a child care service operating under a permit issued pursuant to Section 47.03 of the New York City Health Code.

Semi-detached (building) (2/2/11)

A "semi-detached" #building# is a #building# that #abuts# only one other #building#, other than an #attached building#, on an adjoining #zoning lot# along only one #side lot line# and which is surrounded on all other sides by #yards#, other open areas, or #street lines#.

Shoreline (10/25/93)

The "shoreline" is the mean high water line, as determined in accordance with the procedure set forth by the National Oceanic and Atmospheric Administration of the U.S. Department of Commerce.

Show window (12/15/61)

A "show window" is a window or opening in the exterior wall of any portion of a #building# used for business purposes, through which merchandise, services, or business are displayed or advertised. A window glazed with transparent glass in the business portion of a #building#, any part of which window is less than six feet above the sidewalk or the established sidewalk grade beneath the window, shall be a #show window#.

Side lot line - see Lot line, side

Side lot ribbon (6/30/89)

A "side lot ribbon" is that portion of the #zoning lot# that is contiguous to, and extends along the entire length of, a #side lot line# from the #street line# to an intersecting #rear lot line#, #side lot line# or other #street line#. Where a #side lot ribbon# is used for a common driveway serving two #zoning lots#, the #side lot ribbon# may occupy space on both sides of a #side lot line#.

Side yard - see Yard, side

Sidewalk cafe (2/2/11)

A "sidewalk cafe" is a portion of an eating or drinking place that is located on a public sidewalk and is either an #enclosed#, #unenclosed# or #small sidewalk cafe#. #Sidewalk cafes# are further defined in Section 20-223, subdivision (a), of the Administrative Code.

Sidewalk cafe, enclosed (1/29/03)

An "enclosed sidewalk cafe" is a #sidewalk cafe# that is contained within a structure constructed predominantly of light materials such as glass, slow-burning plastic or lightweight

metal.

Sidewalk cafe, small (5/5/04)

A "small sidewalk cafe" is an #unenclosed sidewalk cafe# containing no more than a single row of tables and chairs adjacent to the #street line# where such tables and chairs occupy a space on the sidewalk no greater than 4 feet, 6 inches from the #street line#.

Sidewalk cafe, unenclosed (5/5/04)

An "unenclosed sidewalk cafe" is a space on the sidewalk that contains readily removable tables, chairs or railings with no overhead coverage other than umbrellas or a retractable awning that is affixed to the #building# wall and does not extend further than the width of the #unenclosed sidewalk cafe#.

Sign (4/8/98)

A "sign" is any writing (including letter, word, or numeral), pictorial representation (including illustration or decoration), emblem (including device, symbol, or trademark), flag, (including banner or pennant), or any other figure of similar character, that:

- (a) is a structure or any part thereof, or is attached to, painted on, or in any other manner represented on a #building or other structure#;
- (b) is used to announce, direct attention to, or advertise; and
- (c) is visible from outside a #building#. A #sign# shall include writing, representation or other figures of similar character, within a #building#, only when illuminated and located in a window.

However, non-#illuminated signs# containing solely non-commercial copy with a total #surface area# not exceeding 12 square feet on any #zoning lot#, including memorial tablets or signs displayed for the direction or convenience of the public, shall not be subject to the provisions of this Resolution.

Sign, advertising (4/8/98)

An "advertising sign" is a #sign# that directs attention to a business, profession, commodity, service or entertainment

conducted, sold, or offered elsewhere than upon the same #zoning lot# and is not #accessory# to a #use# located on the #zoning lot#.

Sign, flashing (4/8/98)

A "flashing sign" is any #illuminated sign#, whether stationary, revolving or rotating, that exhibits changing light or color effects, provided that revolving or rotating #signs# that exhibit no changing light or color effects other than those produced by revolution or rotation, shall be deemed #flashing signs# only if they exhibit sudden or marked changes in such light or color effects.

#Illuminated signs# that indicate the time, temperature, weather or other similar information shall not be considered #flashing signs#, provided that:

- (a) the total #surface area# of such #sign# is not greater than 16 square feet;
- (b) the vertical dimension of any letter or number is not greater than 24 inches; and
- (c) color or intensity of light is constant except for periodic changes in the information displayed, which occur not more frequently than once every minute.

Sign, illuminated (4/8/98)

An "illuminated sign" is a #sign# designed to give forth any artificial light or reflect such light from an artificial source.

Sign, surface area of - see Surface area (of a sign)

Sign with indirect illumination (4/8/98)

A "sign with indirect illumination" is any #illuminated# non-#flashing sign# whose illumination is derived entirely from an external artificial source and is so arranged that no direct rays of light are projected from such artificial source into #residences# or #streets#.

Single-family residence (2/2/11)

A "single-family residence" is a #building# containing only one #dwelling unit#, and occupied by only one #family#.

Sky exposure plane or front sky exposure plane (4/18/87)

A "sky exposure plane" or "front sky exposure plane" is an imaginary inclined plane:

- (a) beginning above the #street line# (or, where so indicated, above the #front yard line#) at a height set forth in the district regulations; and
- (b) rising over a #zoning lot# at a ratio of vertical distance to horizontal distance set forth in the district regulations.

Sky exposure plane, rear (4/18/65)

A "rear sky exposure plane" is an imaginary inclined plane:

- (a) beginning above a line at a distance from and parallel to the #street line# and at a height set forth in the district regulations; and
- (b) rising over a #zoning lot# at a ratio of vertical distance to horizontal distance set forth in the district regulations.

Special 125th Street District (2/2/11)

The "Special 125th Street District" is a Special Purpose District designated by the number "125" in which special regulations set forth in Article IX, Chapter 7, apply.

Special Battery Park City District (2/2/11)

The "Special Battery Park City District" is a Special Purpose District designated by the letters "BPC" in which special regulations set forth in Article VIII, Chapter 4, apply.

Special Bay Ridge District (2/2/11)

The "Special Bay Ridge District" is a Special Purpose District designated by the letters "BR" in which special regulations set forth in Article XI, Chapter 4, apply.

Special City Island District (2/2/11)

The "Special City Island District" is a Special Purpose District designated by the letters "CD" in which special regulations set forth in Article XI, Chapter 2, apply.

Special Clinton District (2/2/11)

The "Special Clinton District" is a Special Purpose District designated by the letters "CL" in which special regulations set forth in Article IX, Chapter 6, apply.

Special College Point District (2/2/11)

The "Special College Point District" is a Special Purpose District designated by the letters "CP" in which special regulations set forth in Article XII, Chapter 6, apply.

Special Coney Island District (2/2/11)

The #Special Coney Island District# is a Special Purpose District designated by the letters "CI" in which special regulations set forth in Article XIII, Chapter 1, apply.

Special Coney Island Mixed Use District (1/9/75)

The "Special Coney Island Mixed Use District" is a Special Purpose District designated by the letters "CO" in which special regulations set forth in Article X, Chapter 6, apply.

Special Downtown Brooklyn District (2/2/11)

The "Special Downtown Brooklyn District" is a Special Purpose District designated by the letters "DB" in which special regulations set forth in Article X, Chapter 1, apply.

Special Downtown Jamaica District (2/2/11)

The "Special Downtown Jamaica District" is a Special Purpose District designated by the letters "DJ" in which special regulations set forth in Article XI, Chapter 5, apply.

Special Enhanced Commercial District (6/28/12)

The "Special Enhanced Commercial District" is a Special Purpose District designated by the letters "EC" in which special regulations set forth in Article XIII, Chapter 2, apply.

Special Forest Hills District (2/2/11)

The "Special Forest Hills District" is a Special Purpose District designated by the letters "FH" in which special regulations set forth in Article VIII, Chapter 6, apply.

Special Garment Center District (2/2/11)

The "Special Garment Center District" is a Special Purpose District designated by the letters "GC" in which special regulations set forth in Article XII, Chapter 1, apply.

Special Governors Island District (7/24/13)

The "Special Governors Island District" is a Special Purpose District designated by the letters "GI" in which the special regulations set forth in Article XIII, Chapter 4, apply.

Special Grand Concourse Preservation District (2/2/11)

The "Special Grand Concourse Preservation District" is a Special Purpose District designated by the letter "C" in which regulations set forth in Article XII, Chapter 2, apply.

Special Harlem River Waterfront District (2/2/11)

The "Special Harlem River Waterfront District" is a Special Purpose District designated by the letters "HRW" in which special regulations set forth in Article VIII, Chapter 7, apply.

Special Hillside Preservation District (2/2/11)

The "Special Hillside Preservation District" is a Special Purpose District mapped in Staten Island designated by the letters "HS" in which special regulations set forth in Article XI, Chapter 9, apply.

Special Hudson Square District (3/20/13)

The "Special Hudson Square District" is a Special Purpose District designated by the letters "HSQ," in which special regulations set forth in Article VIII, Chapter 8, apply.

Special Hudson Yards District (2/2/11)

The "Special Hudson Yards District" is a Special Purpose District designated by the letters "HY" in which special regulations set forth in Article IX, Chapter 3, apply.

Special Hunts Point District (2/2/11)

The "Special Hunts Point District" is a Special Purpose District designated by the letters "HP" in which special regulations set forth in Article X, Chapter 8, apply.

Special Limited Commercial District (2/2/11)

The "Special Limited Commercial District" is a Special Purpose District designated by the letters "LC" in which special regulations set forth in Article VIII, Chapter 3, apply.

Special Lincoln Square District (2/2/11)

The "Special Lincoln Square District" is a Special Purpose District designated by the letter "L" in which special regulations set forth in Article VIII, Chapter 2, apply.

Special Little Italy District (2/2/11)

The "Special Little Italy District" is a Special Purpose District designated by the letters "LI" in which special regulations, set forth in Article X, Chapter 9, apply.

Special Long Island City Mixed Use District (2/2/11)

The "Special Long Island City Mixed Use District" is a Special Purpose District designated with the letters "LIC" in which regulations set forth in Article XI, Chapter 7, apply.

Special Lower Manhattan District (2/2/11)

The "Special Lower Manhattan District" is a Special Purpose District designated by the letters "LM" in which special regulations set forth in Article IX, Chapter 1, apply.

Special Madison Avenue Preservation District (2/2/11)

The "Special Madison Avenue Preservation District" is a Special Purpose District designated by the letters "MP" in which special regulations set forth in Article IX, Chapter 9, apply.

Special Manhattanville Mixed Use District (2/2/11)

The "Special Manhattanville Mixed Use District" is a Special Purpose District designated by the letters "MMU" in which special regulations set forth in Article X, Chapter 4, apply.

Special Midtown District (2/2/11)

The "Special Midtown District" is a Special Purpose District designated by the letters "MiD" in which special regulations set forth in Article VIII, Chapter 1, apply.

Special Mixed Use District (12/10/97)

The "Special Mixed Use District" is a Special Purpose District designated by the letters "MX" in which special regulations set forth in Article XII, Chapter 3, apply. The #Special Mixed Use District# appears on the #zoning maps# superimposed on paired M1 and #Residence Districts#, and its regulations supplement or modify those of the M1 and #Residence Districts#. The #Special Mixed Use District# includes any district that begins with the letters "MX."

Special Natural Area District (2/2/11)

The "Special Natural Area District" is a Special Purpose District designated by the letters "NA" in which special regulations set forth in Article X, Chapter 5, apply. The #Special Natural Area District# includes any district whose designation begins with the letters "NA".

Special Ocean Parkway District (2/2/11)

The "Special Ocean Parkway District" is a Special Purpose District designated by the letters "OP" in which special regulations set forth in Article XI, Chapter 3, apply.

Special Park Improvement District (2/2/11)

The "Special Park Improvement District" is a Special Purpose District designated by the letters "PI" in which special regulations set forth in Article IX, Chapter 2, apply.

Special Planned Community Preservation District (2/2/11)

The "Special Planned Community Preservation District" is a Special Purpose District designated by the letters "PC" in which special regulations set forth in Article X, Chapter 3, apply.

Special Scenic View District (2/2/11)

The "Special Scenic View District" is a Special Purpose District designated by the letters "SV" in which the special regulations set forth in Article X, Chapter 2, apply.

Special Sheepshead Bay District (2/2/11)

The "Special Sheepshead Bay District" is a Special Purpose District designated by the letters "SB" in which special regulations set forth in Article IX, Chapter 4, apply.

Special South Richmond Development District (2/2/11)

The "Special South Richmond Development District" is a Special Purpose District designated by the letters "SR" in which special regulations set forth in Article X, Chapter 7, apply.

Special Southern Hunters Point District (2/2/11)

The "Special Southern Hunters Point District" is a Special Purpose District designated by the letters "SHP" in which special regulations set forth in Article XII, Chapter 5, apply.

Special Southern Roosevelt Island District (5/8/13)

The "Special Southern Roosevelt Island District" is a Special

Purpose District designated with the letters "SRI" in which regulations set forth in Article XIII, Chapter 3, apply.

Special St. George District (2/2/11)

The "Special St. George District" is a Special Purpose District designated by the letters "SG" in which special regulations set forth in Article XII, Chapter 8, apply.

Special Stapleton Waterfront District (2/2/11)

The "Special Stapleton Waterfront District" is a Special Purpose District designated by the letters "SW" in which special regulations set forth in Article XI, Chapter 6, apply.

Special Transit Land Use District (2/2/11)

A "Special Transit Land Use District" is a Special Purpose District designated by the letters "TA" in which special regulations set forth in Article IX, Chapter 5, apply.

Special Tribeca Mixed Use District (2/2/11)

The "Special Tribeca Mixed Use District" is a Special Purpose District designated by the letters "TMU" in which special regulations set forth in Article XI, Chapter 1, apply.

Special Union Square District (2/2/11)

The "Special Union Square District" is a Special Purpose District, designated by the letters "US" in which special regulations set forth in Article XI, Chapter 8, apply.

Special United Nations Development District (2/2/11)

The "Special United Nations Development District" is a Special Purpose District designated by the letter "U" in which special regulations set forth in Article VIII, Chapter 5, apply.

Special West Chelsea District (2/2/11)

The "Special West Chelsea District" is a Special Purpose District designated by the letters "WCh" in which special regulations set

forth in Article IX, Chapter 8, apply.

Special Willets Point District (2/2/11)

The "Special Willets Point District" is a Special Purpose District designated by the letters "WP" in which special regulations set forth in Article XII, Chapter 4, apply.

Story (2/2/11)

A "story" is that part of a #building# between the surface of a floor (whether or not counted for purposes of computing #floor area ratio#) and the ceiling immediately above. However, a #cellar# shall not be considered a #story#. Furthermore, attic space that is not #floor area# pursuant to Section 12-10 (DEFINITIONS) shall not be considered a #story#.

Street (2/2/11)

A "street" is:

- (a) a way established on the City Map; or
- (b) a way designed or intended for general public use, connecting two ways established on the City Map, that:
 - (1) performs the functions usually associated with a way established on the City Map;
 - (2) is at least 50 feet in width throughout its entire length; and
 - (3) is covenanted by its owner to remain open and unobstructed throughout the life of any #building# or #use# that depends thereon to satisfy any requirement of this Resolution; or
- (c) any other open area intended for general public use and providing a principal means of approach for vehicles or pedestrians from a way established on the City Map to a #building or other structure#, that:
 - (1) performs the functions usually associated with a way established on the City Map;
 - (2) is at least 50 feet in width throughout its entire length;

- (3) is approved by the City Planning Commission as a "street" to satisfy any requirement of this Resolution; and
- (4) is covenanted by its owner to remain open and unobstructed throughout the life of any #building# or #use# that depends thereon to satisfy any requirement of this Resolution; or
- (d) any other public way that on December 15, 1961, was performing the functions usually associated with a way established on the City Map; or
- (e) a #covered pedestrian space# that directly links two parallel or substantially parallel ways established on the City Map, for which a #floor area# bonus may be awarded or was awarded pursuant to a prior definition of such amenity, that may, by certification of the City Planning Commission, be deemed to be a #street#, provided the Commission finds that:
 - (1) no portion of such space is located within 50 feet of the intersection of two ways established on the City Map;
 - (2) such space is unobstructed for a minimum width of 15 feet and a minimum height of 15 feet, except for enclosures at the entrances;
 - (3) such space is located at an elevation no more than five feet above or below #curb level#; and
 - (4) the space functions as a #street# providing access to another #street#, shops and other #uses#, and that such access is graphically and visually evident to the pedestrian.

All provisions of this Resolution shall continue to be applicable to such space without being modified, varied or affected by the qualification of such space as a #street#.

The City Planning Commission may prescribe appropriate conditions and safeguards to achieve public utilization of the #street#.

For purposes of paragraphs (a), (b), (c) and (d) of this definition, a #private road#, or a driveway that serves only to give vehicular access to an #accessory# parking or loading

facility, or to allow vehicles to take on or discharge passengers at the entrance to a #building#, shall not be considered a #street#.

Street line (10/25/73)

A "street line" is a #lot line# separating a #street# from other land.

A #street setback line# supersedes the #street line# in the application of #yard#, height and setback, and #court# regulations.

Street, narrow (12/15/61)

A "narrow street" is any #street# less than 75 feet wide.

Street setback line (9/19/85)

A "street setback line" is a line shown on the City Map in the Borough of Staten Island, or in Community District 10 in the Borough of Queens. A #street setback line# shall not be located within a mapped #street# area.

A #street setback line# supersedes the #street line# in the application of #yard#, height and setback, and #court# regulations.

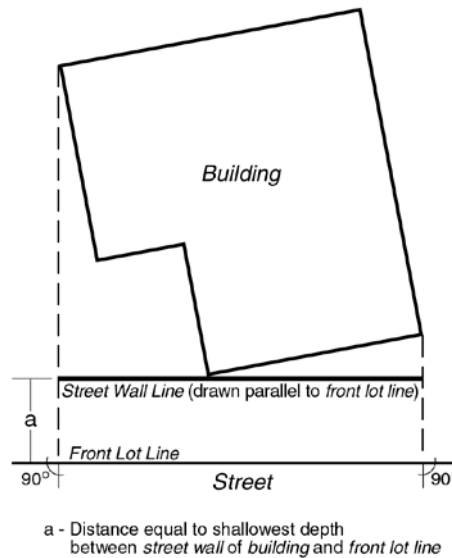

No #building or other structure# shall be erected within the area between #street setback lines# fronting on the same #street#, or between a #street setback line# and the opposite mapped #street line# if no #street setback line# exists. Any existing #building or other structure# within this area may be continued, changed, #extended# or structurally altered but shall not be #enlarged#.

Street wall (12/15/61)

A "street wall" is a wall or portion of a wall of a #building# facing a #street#.

Street wall line (12/5/90)

A "street wall line" is that portion of a line drawn parallel to a #front lot line# at a distance equal to the shallowest depth between the #street wall# of a #building# and the #front lot line#, from which, when viewed directly from above, lines perpendicular to the #front lot line# may be drawn to a #street wall#.

STREET WALL LINE

Street wall line level

"Street wall line level" is the mean level of the natural grade at the #street wall line#. On #corner lots#, #street wall line level# is the average of the mean levels of the natural grade of each #street wall line#. On #through lots#, #street wall line level# is determined separately for each #street# frontage to a distance midway between such #streets#.

Street, wide (12/19/11)

A "wide street" is any #street# 75 feet or more in width. In C5-3, C6-4 or C6-6 Districts, when a #front lot line# of a #zoning lot# adjoins a portion of a #street# whose average width is 75 feet or more and whose minimum width is 65 feet, such portion of a #street# may be considered a #wide street#; or when a #front lot line# adjoins a portion of a #street# 70 feet or more in width, which is between two portions of a #street# 75 feet or more in width, and which portion is less than 700 feet in length, such portion may be considered a #wide street#, and in that case, for the purposes of the height and setback regulations and the measurement of any #publicly accessible open area# or #arcade#, the #street line# shall be considered to be a continuous line connecting the respective #street lines# of the nearest portions of the #street# which are 75 feet or more in width.

In Community District 7 in the Borough of Manhattan, the roadways of Broadway between West 94th and West 97th Streets which are separated by mapped #public park# shall each be considered a #wide street#.

Surface area (of a sign) (4/8/98)

The "surface area" of a #sign# shall be the entire area within a single continuous perimeter enclosing the extreme limits of writing, representation, emblem, or any figure of similar character, together with any material or color forming an integral part of the display or used to differentiate such #sign# from the background against which it is placed. In any event, the supports or uprights on which such #sign# is supported shall not be included in determining the #surface area# of a #sign#.

When two #signs# of the same shape and dimensions are mounted or displayed back to back and parallel on a single free-standing structural frame, only one of such #signs# shall be included in computing the total #surface area# of the two #signs#.

When a double-faced #sign# projects from the wall of a #building#, and its two sides are located not more than 28 inches apart at the widest point and not more than 18 inches apart at the narrowest point, and display identical writing or other representation, the #surface area# shall include only one of the sides. Any additional side of a multi-faced #sign# shall be considered as a separate #sign# for purposes of computing the total #surface area# of the #sign#.

Through block arcade (10/17/07)

A "through block arcade" is a continuous area within a #building# connecting one #street# with another #street#, #publicly accessible open area# or #arcade# adjacent to the #street#. This area may be enclosed in whole or in part and must have a minimum width of 20 feet and a minimum average height of 20 feet. Such a #through block arcade# shall, at either end, be at the same level as the #street#, #publicly accessible open area# or #arcade# that it adjoins.

Through lot - see Lot, through

Tourist cabin - see Motel

Trailer (12/15/61)

A "trailer" is a vehicle standing on wheels or rigid supports that is used for living or sleeping purposes.

Trailer camp (2/2/11)

A "trailer camp" is a #zoning lot# or portion thereof used or designated for the #use# of two or more #trailers#.

Transient hotel - see Hotel, transient

Two-family residence (2/2/11)

A "two-family residence" is a #building# containing not more than two #dwelling units#, and occupied by only two #families#.

Unenclosed sidewalk café - see Sidewalk café, unenclosed

Urban plaza - see Plaza, urban

Use (2/2/11)

A "use" is:

(a) any purpose for which a #building or other structure# or an

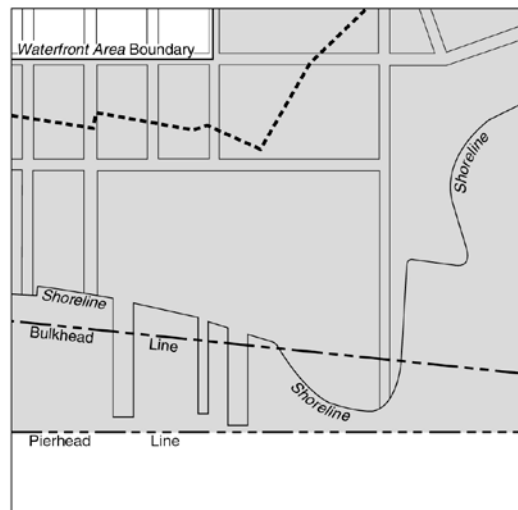

open tract of land may be designed, arranged, intended, maintained or occupied; or

- (b) any activity, occupation, business or operation carried on, or intended to be carried on, in a #building or other structure# or on an open tract of land.

Waterfront area (4/22/09)

The "waterfront area" is the geographical area comprising all #blocks# between the pierhead line and a line 800 feet landward from the #shoreline#. Where such line intersects a #block#, the entire #block# shall be included and the #waterfront area# boundary shall coincide with the centerline of the landward boundary #street# or other #block# boundary. Notwithstanding the above, any #zoning lot#, the boundaries of which were established prior to November 1, 1993, and which is not closer than 1,200 feet from the #shoreline# at any point and which does not #abut# a waterfront public park shall not be included in the #waterfront area#.

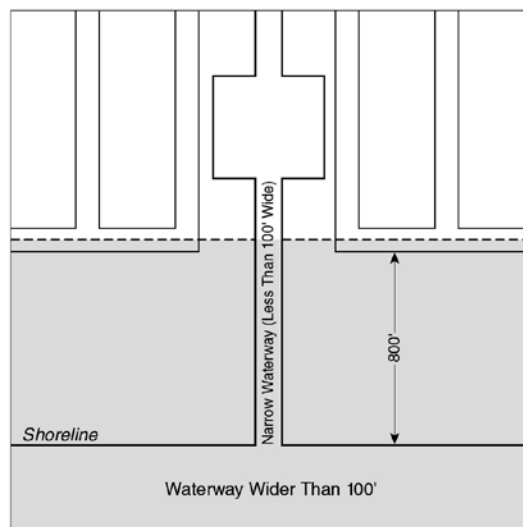

For the purposes of this definition, only #blocks# along waterways that have a minimum width of 100 feet between opposite #shorelines#, with no portion downstream less than 100 feet in width, shall be included within the #waterfront area#. However, #blocks# bounding the Gowanus Canal north of Hamilton Avenue, as shown on the City Map, Dutch Kills, and the portion of the Bronx River located south of the prolongation of East 172th Street, shall be included within the #waterfront area#.

----- 800' line from Shoreline (Mean High Water)

Waterfront Area

Waterfront Area

----- Centerline of Street and/or Waterfront Area Boundary

Waterfront Area

Narrow Waterway Exclusion

Wide street - see Street, wide

Width of outer court - see Court, width of outer

Yard (9/19/73)

A "yard" is that portion of a #zoning lot# extending open and unobstructed from the lowest level to the sky along the entire length of a #lot line#, and from the #lot line# for a depth or width set forth in the applicable district #yard# regulations.

Where a #street setback line# is shown on the City Map the #yard# extends along the entire length of the #street setback line#, and from the #street setback line# for a depth or width set forth in the applicable district #yard# regulations.

Yard equivalent, rear (12/15/61)

A "rear yard equivalent" is an open area which may be required on a #through lot# as an alternative to a required #rear yard#.

Yard, front (12/15/61)

A "front yard" is a #yard# extending along the full length of a #front lot line#.

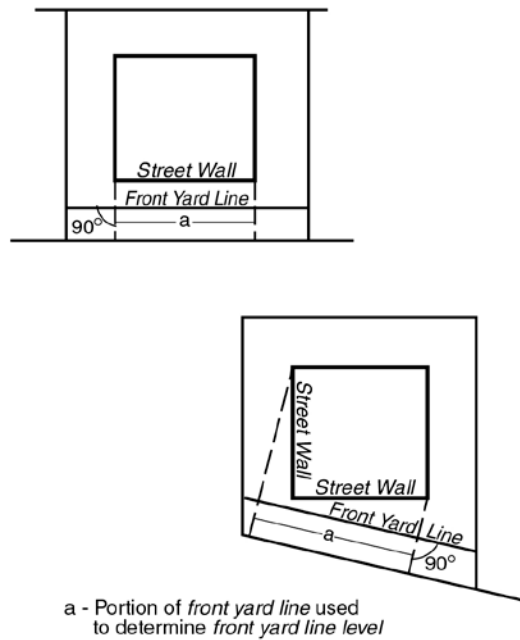

In the case of a #corner lot#, any #yard# extending along the full length of a #street line# shall be considered a #front yard#.

Yard line, front (12/15/61)

A "front yard line" is a line drawn parallel to a #front lot line# at a distance therefrom equal to the depth of a required #front yard#.

Yard line, front, level (of) (12/15/61)

The "front yard line level" is the mean level of that portion of the #front yard line# from which, when viewed directly from above, lines perpendicular to the #front yard line# may be drawn to a #street wall#. On #corner lots#, the #front yard line level# is the mean of the #front yard line levels#.

FRONT YARD LINE LEVEL

Yard line, rear (12/15/61)

A "rear yard line" is a line drawn parallel to a #rear lot line# at a distance therefrom equal to the depth of a required #rear yard#.

Yard, rear (12/15/61)

A "rear yard" is a #yard# extending for the full length of a #rear lot line#.

Yard, side (12/15/61)

A "side yard" is a #yard# extending along a #side lot line# from the required #front yard# (or from the #front lot line# if no

#front yard# is required) to the required #rear yard# (or to the #rear lot line#, if no #rear yard# is required). In the case of a #corner lot#, any #yard# which is not a #front yard# shall be considered a #side yard#.

Zero lot line building (2/2/11)

A "zero lot line building" is a #building# that #abuts# only one #side lot line# and does not #abut# another #building# on the same or an adjoining #zoning lot# and which is surrounded on all sides but one by #yards#, other open area or #street lines# on the #zoning lot#. However, #accessory buildings# permitted pursuant to Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) may be permitted to #abut# a #zero lot line building# on an adjoining #zoning lot#.

Zoning lot (2/2/11)

A "zoning lot" is either:

- (a) a lot of record existing on December 15, 1961 or any applicable subsequent amendment thereto;
- (b) a tract of land, either unsubdivided or consisting of two or more contiguous lots of record, located within a single #block#, which, on December 15, 1961 or any applicable subsequent amendment thereto, was in single ownership;
- (c) a tract of land, either unsubdivided or consisting of two or more lots of record contiguous for a minimum of ten linear feet, located within a single #block#, which at the time of filing for a building permit (or, if no building permit is required, at the time of the filing for a certificate of occupancy) is under single fee ownership and with respect to which each party having any interest therein is a party in interest (as defined herein); or
- (d) a tract of land, either unsubdivided or consisting of two or more lots of record contiguous for a minimum of ten linear feet, located within a single #block#, which at the time of filing for a building permit (or, if no building permit is required, at the time of filing for a certificate of occupancy) is declared to be a tract of land to be treated as one #zoning lot# for the purpose of this Resolution. Such declaration shall be made in one written Declaration of Restrictions covering all of such tract of land or in separate written Declarations of Restrictions covering parts of such tract of land and which in the aggregate cover the

entire tract of land comprising the #zoning lot#. Any Declaration of Restrictions or Declarations of Restrictions which individually or collectively cover a tract of land are referred to herein as "Declarations". Each Declaration shall be executed by each party in interest (as defined herein) in the portion of such tract of land covered by such Declaration (excepting any such party as shall have waived its right to execute such Declaration in a written instrument executed by such party in recordable form and recorded at or prior to the recording of the Declaration). Each Declaration and waiver of right to execute a Declaration shall be recorded in the Conveyances Section of the Office of the City Register or, if applicable, the County Clerk's Office of the county in which such tract of land is located, against each lot of record constituting a portion of the land covered by such Declaration.

A #zoning lot#, therefore, may or may not coincide with a lot as shown on the official tax map of the City of New York, or on any recorded subdivision plat or deed.

Parcels within City-owned tracts of land located in Broad Channel within the boundaries of Community Board 14 in the Borough of Queens that were numerically identified for leasing purposes on maps filed in the Office of Borough President prior to December 15, 1961, may be considered as individual lots of record as of September 10, 1981.

(e) For purposes of the provisions of paragraph (c) hereof:

- (1) Prior to issuing a building permit or a certificate of occupancy, as the case may be, the Department of Buildings shall be furnished with a certificate issued to the applicant therefor by a title insurance company licensed to do business in the State of New York showing that each party having any interest in the subject tract of land is a party in interest (as defined herein); except that where the City of New York is a fee owner, such certificate may be issued by the New York City Law Department; and
- (2) A "party in interest" in the tract of land shall include only (W) the fee owner thereof, (X) the holder of any enforceable recorded interest superior to that of the fee owner and which could result in such holder obtaining possession of all or substantially all of such tract of land, (Y) the holder of any enforceable recorded interest in all or substantially all of such tract of land which would be adversely affected by the development thereof and (Z) the holder of any

unrecorded interest in all or substantially all of such tract of land which would be superior to and adversely affected by the development thereof and which would be disclosed by a physical inspection of the tract of land.

(f) For purposes of the provisions of paragraph (d) hereof:

- (1) Prior to issuing a building permit or a certificate of occupancy, as the case may be, the Department of Buildings shall be furnished with a certificate issued to the applicant therefor by a title insurance company licensed to do business in the State of New York showing that each party in interest (excepting those parties waiving their respective rights to join therein, as set forth in this definition) has executed the Declaration and that the same, as well as each such waiver, have been duly recorded; except that where the City of New York is a fee owner, such certificate may be issued by the New York City Law Department;
- (2) The Buildings Department, in issuing a building permit for construction of a #building or other structure# on the #zoning lot# declared pursuant to paragraph (d) above or, if no building permit is required, in issuing a certificate of occupancy for such #building or other structure#, shall accept an application for same from and, if all conditions for issuance of same are fulfilled, shall issue same to any party to the Declaration;
- (3) By their execution and recording of a Declaration, the parties to the Declaration, and all parties who have waived their respective rights to execute such Declaration, shall be deemed to have agreed that no breach by any party to the Declaration, or any agreement ancillary thereto, shall have any effect on the treatment of the tract of land covered by the Declaration as one #zoning lot# for purposes of this Resolution and such tract of land shall be treated as one #zoning lot# unless such #zoning lot# is subdivided in accordance with the provisions of this Resolution; and
- (4) A "party in interest" in the portion of the tract of land covered by a Declaration shall include only (W) the fee owner or owners thereof, (X) the holder of any enforceable recorded interest in all or part thereof which would be superior to the Declaration and which could result in such holder obtaining possession of any

portion of such tract of land, (Y) the holder of any enforceable recorded interest in all or part thereof which would be adversely affected by the Declaration, and (Z) the holder of any unrecorded interest in all or part thereof which would be superior to and adversely affected by the Declaration and which would be disclosed by a physical inspection of the portion of the tract of land covered by the Declaration.

A #zoning lot# may be subdivided into two or more #zoning lots#, provided that all resulting #zoning lots# and all #buildings# thereon shall comply with all of the applicable provisions of this Resolution. If such #zoning lot#, however, is occupied by a #non-complying building#, such #zoning lot# may be subdivided provided such subdivision does not create a new #non-compliance# or increase the degree of #non-compliance# of such #building#.

Where ownership of a #zoning lot# or portion thereof was effected prior to the effective date of this amendment, as evidenced by an attorney's affidavit, any #development#, #enlargement# or alteration on such #zoning lot# may be based upon such prior effected ownership as then defined in the #zoning lot# definition of Section 12-10. Such prior leasehold agreements shall be duly recorded prior to August 1, 1978.

Prior to the issuance of any permit for a #development# or #enlargement# pursuant to this Resolution a complete metes and bounds of the #zoning lot#, the tax lot number, the block number and the ownership of the #zoning lot# as set forth in paragraphs (a), (b), (c) and (d) herein shall be recorded by the applicant in the Conveyances Section of the Office of the City Register (or, if applicable, the County Clerk's Office) of the county in which the said #zoning lot# is located. The #zoning lot# definition in effect prior to the effective date of this amendment shall continue to apply to Board of Standards and Appeals approvals in effect at the effective date hereof.

Zoning maps (12/15/61)

"Zoning maps" are the maps incorporated into the provisions of this Resolution in accordance with the provisions of Section 11-14 (Incorporation of Maps).

Chapter 3

Comprehensive Off-Street Parking and Loading Regulations in the Manhattan Core

(5/8/13)

13-00

GENERAL PURPOSES

The provisions of this Chapter establish comprehensive regulations for off-street parking in the #Manhattan Core#, as defined in Section 12-10.

These regulations reflect best practices to address sustainability goals, while accommodating the parking needs of residents and businesses in a balanced manner.

(5/8/13)

13-01

General Provisions

Except as modified by the express provisions of this Chapter, the regulations of the underlying zoning districts or special purpose districts shall remain in effect.

(5/8/13)

13-02

Definitions

Access zone

For the purposes of this Chapter, an "access zone" shall refer to the portion of an #accessory# off-street parking facility, #public parking garage# or an automobile rental establishment, occupied by:

- (a) vehicular ramps between parking levels, or between a parking level and a vehicular entrance or exit, provided that such ramps are not used as parking spaces or associated

- maneuvering space;
- (b) vehicular elevators;
- (c) required reservoir spaces;
- (d) portions of required accessible pedestrian egress routes, including any associated ramps or elevators; or
- (e) bicycle parking spaces.

Automated parking facility

For the purposes of this Chapter, an "automated parking facility" shall refer to an #accessory# off-street parking facility or #public parking garage# where vehicular storage and retrieval within such facility is accomplished entirely through a mechanical conveyance system. A parking facility with parking lift systems that require an attendant to maneuver a vehicle that is to be parked shall not be considered an #automated parking facility#.

Parking zone

For the purposes of this Chapter, a "parking zone" shall refer to the portion of an #accessory# off-street parking facility, #public parking garage# or an automobile rental establishment, occupied by permitted off-street parking spaces and associated maneuvering space, and any other portion of such parking facility not included in the #access zone#. In attended parking facilities with parking lift systems, the #parking zone# shall also include the lifted tray a vehicle is stored upon.

(5/8/13)

13-03

Maps

Maps are located in Section 13-141 of this Chapter for the purpose of specifying areas where special regulations and requirements set forth in this Chapter apply.

Map 1 - Area where #public parking lots# are not permitted in the midtown #Manhattan Core#

Map 2 - Area where #public parking lots# are not permitted

in the downtown #Manhattan Core#

(5/8/13)

13-04

Applicability

(5/8/13)

13-041

Applicability of parking regulations within the Manhattan Core

The provisions of this Chapter shall apply to #accessory# off-street parking facilities, #public parking lots#, #public parking garages# and automobile rental establishments, as listed in Use Group 8, in the #Manhattan Core#, as follows:

- (a) for #accessory# off-street parking facilities, #public parking garages# and #public parking lots# constructed prior to May 8, 2013, the number of parking spaces required or permitted shall be as set forth in Section 13-07 (Existing Buildings and Off-Street Parking Facilities);
- (b) for #accessory# off-street parking facilities, automobile rental establishments and #public parking lots developed# or #enlarged# after May 8, 2013, the as-of-right number of parking spaces permitted in a parking facility shall be as set forth in Section 13-10 (PERMITTED OFF-STREET PARKING IN THE MANHATTAN CORE). Special rules shall apply to all such #accessory# off-street parking spaces, automobile rental establishments and #public parking lots#, as set forth in Section 13-20 (SPECIAL RULES FOR MANHATTAN CORE PARKING FACILITIES);
- (c) any increase in the number of off-street parking spaces in an #accessory# off-street parking facility or #public parking lot# resulting in a capacity not otherwise allowed under the applicable regulations of Section 13-10; or a new #public parking lot# in a location not permitted by Section 13-14 (Permitted Parking for Public Parking Lots), shall be permitted only by the City Planning Commission, pursuant to the applicable special permit in Section 13-45 (Special Permits for Additional Parking Spaces);
- (d) #public parking garages developed# or #enlarged# after May 8, 2013, shall not be permitted as-of-right. Any

#development# or #enlargement# of such #public parking garages# shall only be permitted in C1-5, C1-6, C1-7, C1-8, C1-9, C2, C4, C5, C6, C8, M1, M2 or M3 Districts by the City Planning Commission, pursuant to the applicable special permit in Section 13-45. Commercial vehicles may occupy spaces in permitted #public parking garages# in accordance with the provisions of Section 13-16 (Permitted Parking for Car Sharing Vehicles and Commercial Vehicles).

(5/8/13)

13-042

Applicability of special permits within the Manhattan Core

The following special permits shall not be applicable within the #Manhattan Core#:

Section 73-48 (Exceptions to Maximum Size of Accessory Group Parking Facilities);

Section 74-512 (In other Districts);

Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas), except as set forth in Section 13-06 (Previously Approved Special Permits and Authorizations); and

Section 74-53 (Accessory Group Parking Facilities for Uses in Large-Scale Residential Developments or Large-Scale Community Facility Developments or Large-Scale General Developments).

(5/8/13)

13-043

Applicability of loading regulations within the Manhattan Core

The provisions of Section 13-30 (OFF-STREET LOADING REGULATIONS IN THE MANHATTAN CORE), inclusive, shall apply to all #accessory# off-street loading berths provided as part of #developments#, #enlargements#, #extensions# or changes of #use within the #Manhattan Core# after May 8, 2013.

(7/24/13)

13-05

Exceptions

The provisions of this Chapter shall not apply to Roosevelt Island, in Community District 8, or to Governors Island, in Community District 1, in the Borough of Manhattan. In the #Hudson Yards parking regulations applicability area#, as defined in Section 93-81, the provisions of this Chapter shall apply as specified in Section 93-80 (OFF-STREET PARKING REGULATIONS).

Additional modifications to the provisions of this Chapter are found in the following Special Purpose Districts:

- (a) the #Special Midtown District#, as set forth in Section 81-30 (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS), inclusive, Section 81-44 (Curb Cut Restrictions) and paragraph (c) of Section 81-84 (Mandatory Regulations and Prohibitions);
- (b) the #Special Lincoln Square District#, as set forth in Section 82-50 (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS);
- (c) the #Special Battery Park City District#, as set forth in Section 84-14 (Parking Regulations and Curb Cuts), inclusive;
- (d) the #Special United Nations Development District#, as set forth in Section 85-03 (Modifications of Use Regulations);
- (e) the #Special Lower Manhattan District#, as set forth in Section 91-50 (OFF-STREET PARKING, LOADING AND CURB CUT REGULATIONS), inclusive;
- (f) the #Special Park Improvement District#, as set forth in Section 92-05 (Maximum Number of Accessory Off-Street Parking Spaces);
- (g) the #Special Transit Land Use District#, as set forth in Section 95-09 (Special Regulations for Accessory Off-Street Parking and Curb Cuts);
- (h) the #Special Clinton District#, as set forth in Section 96-111 (Off-Street Parking Regulations);
- (i) the #Special Madison Avenue Preservation District#, as set forth in Section 99-06 (Off-Street Parking Regulations); and

- (j) the #Special Little Italy District#, as set forth in Sections 109-16 (Parking Regulations), 109-351 (Parking regulations), 109-352 (Curb cut regulations) and 109-521 (Modification of accessory off-street parking facilities).

(5/8/13)

13-06

Previously Filed or Approved Special Permits or Authorizations

If, before May 8, 2013, an application for an authorization or special permit relating to parking regulations in the #Manhattan Core# has been certified or referred by the City Planning Commission or has been filed with the Board of Standards and Appeals, such application may continue pursuant to the regulations in effect at the time such authorization or special permit was certified or referred by the Commission or filed with the Board. Such authorizations or special permits, if granted by the Commission or Board, may be started or continued, in accordance with the terms thereof, or as such terms may be subsequently modified, pursuant to the regulations in effect at the time such authorization or special permits were certified or referred by the Commission or filed with the Board.

Any authorization or special permit relating to parking regulations in the #Manhattan Core# granted by the Commission or Board prior to May 8, 2013, may be started or continued, in accordance with the terms thereof, or as such terms may be subsequently modified, pursuant to the regulations in effect at the time such authorization or special permit was granted.

All such authorizations or special permits shall be subject to the provisions of Sections 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and 11-43 (Renewal of Authorization or Special Permit).

Notwithstanding the foregoing, any subsequent modifications to such authorizations or special permits that involve an increase in the number of off-street parking spaces provided, shall be only as permitted by the applicable special permit provisions of Section 13-45 (Special Permits for Additional Parking Spaces).

(5/8/13)

13-07

Existing Buildings and Off-Street Parking Facilities

The provisions of this Section shall apply to existing required or permitted #accessory# off-street parking spaces, #public parking lots# and #public parking garages#, established prior to May 8, 2013, in the #Manhattan Core#, as applicable, and to existing #buildings developed# without the provision of parking.

(a) Existing parking facilities

Existing required or permitted #accessory# off-street parking spaces, #public parking lots# and #public parking garages#, established prior to May 8, 2013, shall continue to be subject to the applicable zoning district regulations in effect prior to May 8, 2013, except that:

- (1) any reduction or elimination of existing #accessory# off-street parking spaces that were required under the applicable provisions in effect prior to April 29, 1982, or for public or publicly assisted housing under the applicable provisions in effect prior to May 8, 2013, shall only be allowed by authorization of the City Planning Commission pursuant to Section 13-443 (Reduction in the number of required existing parking spaces);
- (2) #enlargements#, #extensions# or any increase in the number of off-street parking spaces within such off-street parking facilities shall only be permitted by special permit by the City Planning Commission pursuant to the applicable provisions of Section 13-45 (Special Permits for Additional Parking Spaces);
- (3) #conversions# shall be permitted to retain all spaces in existing parking facilities. Additional #accessory# off-street parking spaces shall only be permitted by special permit by the City Planning Commission, pursuant to the applicable special permit provisions of Section 13-45; and
- (4) an #accessory# off-street parking facility in possession of a license issued by the Department of Consumer Affairs, pursuant to Section 20-321 of the New York City Administrative Code, to maintain, operate or conduct a garage or parking lot (as defined therein) prior to January 1, 2012, may make #accessory# parking spaces available for public use in accordance with the provisions of Section 13-21 (Public Use and Off-Site Parking), provided that a copy of such license is filed with the Department of Buildings. However, any increase in the number of spaces in such a facility shall only

be permitted by special permit by the City Planning Commission, pursuant to the applicable provisions of Section 13-45.

(b) Existing #buildings developed# without parking

Within the #Manhattan Core#, existing #buildings developed# without the provision of parking may add up to 15 #accessory# off-street parking spaces only where the City Planning Commission authorizes such additional spaces pursuant to the provisions of Section 13-442 (Limited increase in parking spaces for existing buildings without parking).

(5/8/13)

13-10

PERMITTED OFF-STREET PARKING IN THE MANHATTAN CORE

No parking shall be required within the #Manhattan Core#. As-of-right off-street parking spaces located within #accessory# off-street parking facilities, automobile rental establishments and #public parking lots# in the #Manhattan Core# shall be permitted only as set forth in this Section, inclusive.

(5/8/13)

13-101

Calculating parking spaces in automated parking facilities

For the purposes of this Resolution, with regard to #automated parking facilities#, the term "tray" shall refer to the structural support for vehicle storage in both pallet and non-pallet vehicle storage systems.

For the purpose of calculating parking spaces in #automated parking facilities#, each tray upon which a vehicle is stored shall constitute one off-street parking space. However, auxiliary parking trays may be exempted from constituting a parking space where the Commissioner of Buildings determines that such auxiliary parking trays are necessary to store and retrieve vehicles for the efficient operation of such #automated parking facility#.

(5/8/13)

13-11

Permitted Parking for Residences

#Accessory# off-street parking spaces are permitted for #residences# in #developments# or #enlargements#, as follows:

- (a) for Community Districts 1, 2, 3, 4, 5, and 6, #accessory# off-street parking spaces may be provided for not more than 20 percent of the total number of new #dwelling units# contained in the #development# or #enlargement#, or 200 spaces, whichever is less;
- (b) for Community Districts 7 and 8, #accessory# off-street parking spaces may be provided for not more than 35 percent of the total number of new #dwelling units# contained in the #development# or #enlargement#, or 200 spaces, whichever is less.

(5/8/13)

13-12

Permitted Parking for Non-Residential Uses

#Accessory# off-street parking spaces are permitted for non-#residential uses# in #developments# or #enlargements#, as follows:

- (a) #Transient hotels#

For #transient hotel developments# or #enlargements#, a maximum of 225 #accessory# off-street parking spaces shall be permitted. In no event may the number of parking spaces exceed 15 percent of the number of new #transient hotel# rooms;

- (b) Hospitals

For hospital #developments# or #enlargements#, a maximum of 100 #accessory# off-street parking spaces are permitted;

- (c) Retail #uses#

For #developments# or #enlargements# comprising #commercial uses# listed in Use Groups 6A, 6C or 10A, the maximum number of #accessory# off-street parking spaces permitted shall not exceed one space per 4,000 square feet of #floor area#, or

10 spaces, whichever is less;

- (d) Other #commercial#, #community facility# and #manufacturing uses#

For #developments# or #enlargements# comprising #community facility uses# other than hospitals, #commercial uses# other than those listed in paragraphs (a) and (c) of this Section, or #manufacturing uses#, the maximum number of #accessory# off-street parking spaces permitted shall not exceed one space per 4,000 square feet of such #community facility#, #commercial# or #manufacturing floor area# or 100 spaces, whichever is less.

(5/8/13)

13-13

Permitted Parking for Zoning Lots with Multiple Uses

Where a #development# or #enlargement# contains a combination of #uses# for which parking regulations are set forth in Sections 13-11 (Permitted Parking for Residences) and 13-12 (Permitted Parking for Non-Residential Uses), the number of #accessory# off-street parking spaces for all such #uses# shall not exceed the number of spaces permitted for each #use# in accordance with the provisions of such Sections. However, in no event shall the maximum number exceed 225 #accessory# off-street parking spaces.

(5/8/13)

13-14

Permitted Parking in Public Parking Lots

#Public parking lots#, with a maximum capacity of 150 spaces, are permitted in C2, C4, C6, C8, M1-5, M1-6, M2 and M3 Districts, except that:

- (a) no #public parking lots# shall be permitted within:
 - (1) the area shown on Map 1 (Area where public parking lots are not permitted in the midtown Manhattan Core) in Section 13-141;
 - (2) the area designated on Map 2 (Area where public parking lots are not permitted in the downtown Manhattan Core) in Section 13-141; and

- (3) the Preservation Area of the #Special Clinton District#, as shown on the map in Appendix A of Article IX, Chapter 6; and
- (b) for M1-5 or M1-6 Districts, #public parking lots# shall only be permitted in the following locations:
 - (1) north of 42nd Street and west of 10th Avenue;
 - (2) west of Ninth Avenue between 17th Street and 30th Street; and
 - (3) south of Canal Street.

In such districts, the City Planning Commission may permit a #public parking lot# in a location not allowed by this Section pursuant to the applicable special permit in Section 13-45 (Special Permits for Additional Parking Spaces). Any such proposed #public parking lots# located in the Preservation Area of the #Special Clinton District# shall also be subject to the additional findings set forth in Section 96-111 (Off-street parking regulations).

(5/8/13)

13-141

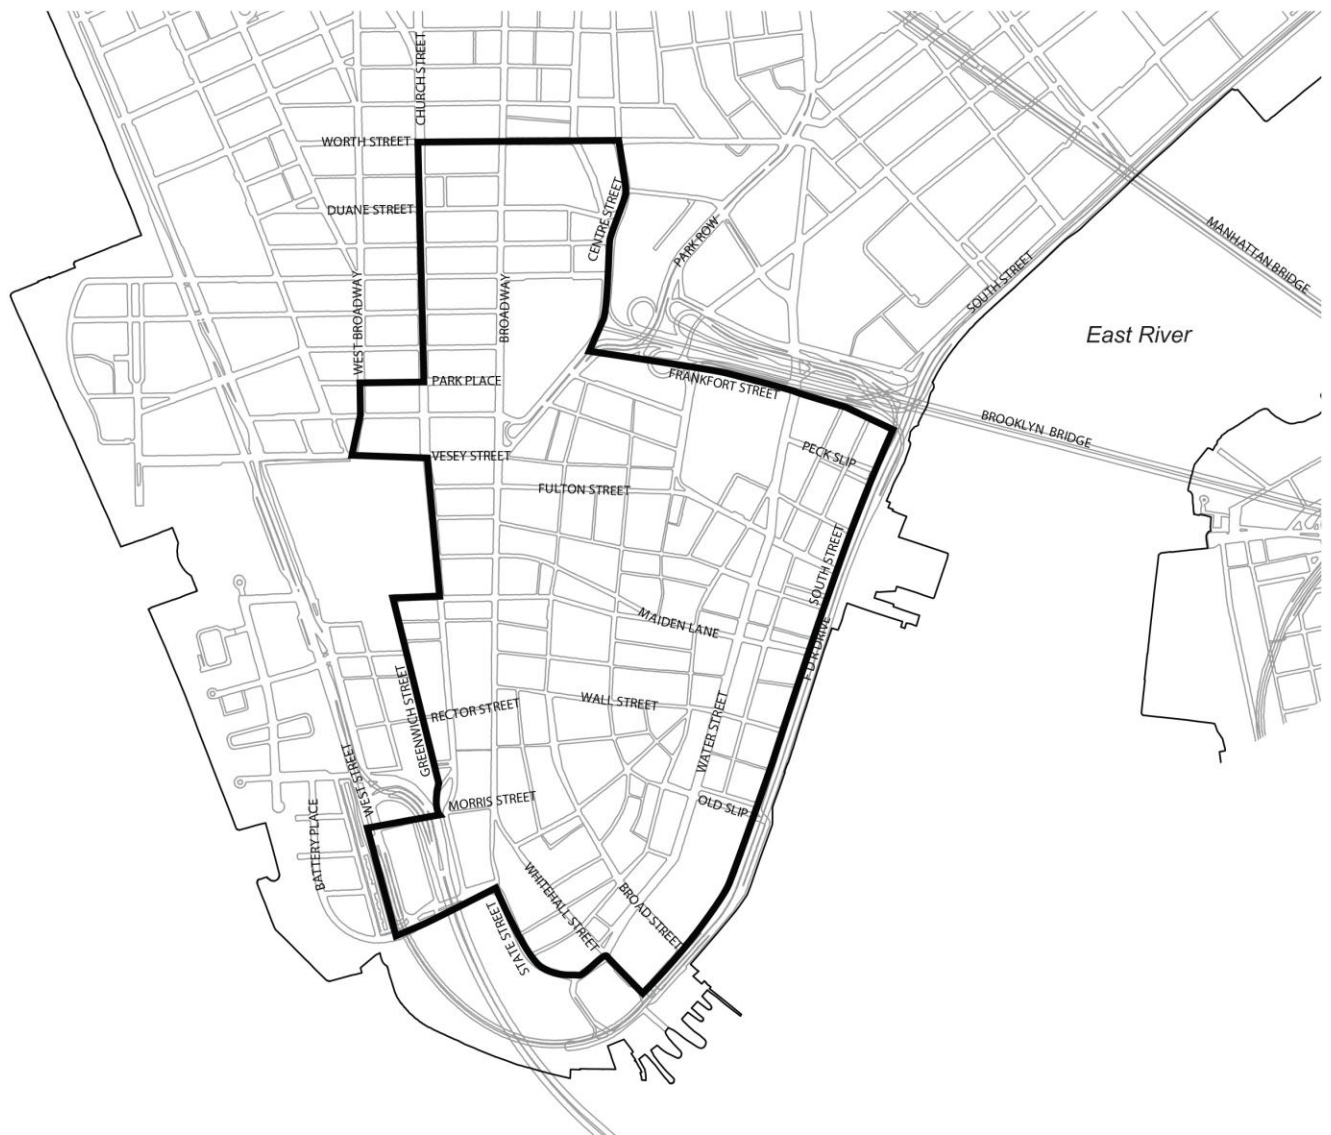

Areas where public parking lots are not permitted

#Public parking lots# shall not be permitted in the areas shown on the following maps, except where permitted by Section 13-45 (Special Permits for Additional Parking Spaces).

Map 1 - Area where public parking lots are not permitted in the midtown Manhattan Core

Map 2 - Area where public parking lots are not permitted in the downtown Manhattan Core

(5/8/13)

13-15

Permitted Parking for Automobile Rental Establishments

Automobile rental establishments, as listed in Use Group 8, are permitted, provided that:

- (a) in C2 Districts, the number of automobiles that may be stored in such establishments shall not exceed 150 spaces;
- (b) in C4, C6 and C8 Districts, the number of automobiles that may be stored in such establishments shall not exceed 225 spaces; and
- (c) in M1, M2 and M3 Districts, the number of automobiles that may be stored in such establishments shall not exceed 300 spaces.

(5/8/13)

13-16

Permitted Parking for Car Sharing Vehicles and Commercial Vehicles

#Car sharing vehicles# and commercial vehicle parking for motor vehicles not exceeding a length of 20 feet shall be permitted within #accessory# off-street parking facilities, #public parking garages# and #public parking lots#, as follows:

- (a) #Accessory# off-street parking facilities
 - #Car sharing vehicles# may occupy parking spaces in an #accessory# off-street parking facility, provided that such #car sharing vehicles# shall not exceed 20 percent of all parking spaces in such facility, or five spaces, whichever is greater;
- (b) #Public parking garages# and #public parking lots#
 - (1) In C1-5, C1-6, C1-7, C1-8, C1-9, C2 and C4 Districts, vehicles stored by automobile rental establishments and #car sharing vehicles# shall be permitted, provided such vehicles do not exceed, in total, 40 percent of

the total number of parking spaces permitted within the #public parking garage# or #public parking lot#;

- (2) In C5, C6, C8, M1, M2 and M3 Districts, vehicles stored by automobile rental establishments and #car sharing vehicles# shall be permitted, provided such vehicles do not exceed, in total, 40 percent of the total number of parking spaces permitted within the #public parking garage# or #public parking lot#. In addition, commercial vehicle parking for motor vehicles not exceeding a length of 20 feet shall be permitted, provided that the total amount of parking spaces occupied by commercial vehicles, including any #car sharing vehicles# and automobile rental establishment vehicles, shall not exceed, in total, 50 percent of the total number of parking spaces permitted within the #public parking garage# or #public parking lot#.

(5/8/13)

13-20

SPECIAL RULES FOR MANHATTAN CORE PARKING FACILITIES

All #accessory# off-street parking facilities, automobile rental establishments, and #public parking lots developed#, #enlarged# or #extended# in the #Manhattan Core# after May 8, 2013, shall comply with the applicable provisions of this Section, inclusive.

(5/8/13)

13-21

Public Use and Off-Site Parking

All #accessory# off-street parking spaces may be made available for public use. However, any such space shall be made available to the occupant of a #residence# to which it is #accessory# within 30 days after written request therefor is made to the landlord.

No #accessory# off-street parking spaces shall be located on a #zoning lot# other than the same #zoning lot# as the #use# to which they are #accessory#.

(5/8/13)

13-22

Applicability of Enclosure and Screening Requirements

(a) Screening

In addition to the screening provisions of paragraph (a) (1) of Section 13-221 (Enclosure and screening requirements), the ground floor #use# provisions of the following Sections shall apply:

- (1) Sections 32-431 (Ground floor use in C1-8A, C1-9A, C2-7A, C2-8A, C4-6A and C4-7A Districts) and 32-432 (Ground floor use in Community Board 7, Borough of Manhattan);
- (2) Section 37-35 (Retail Continuity);
- (3) Sections 81-42 (Retail Continuity along Designated Streets) and 81-531 (Special retail frontage requirements) in the #Special Midtown District#;
- (4) Section 82-21 (Restrictions on Street Level Uses) in the #Special Lincoln Square District#;
- (5) Section 91-12 (Uses on Designated Retail Streets) and the applicable Sections of 91-41 (Regulations for Designated Retail Streets), inclusive, in the #Special Lower Manhattan District#;
- (6) Section 95-08 (Special Use Regulations), inclusive, in the #Special Transit Land Use District#;
- (7) Section 96-21 (Special Regulations for 42nd Street Perimeter Area), paragraph (c), in the #Special Clinton District#;
- (8) Section 98-14 (Ground Floor Use and Transparency Requirements on Tenth Avenue) in the #Special West Chelsea District#;
- (9) Section 99-03 (Special Use Regulations), inclusive, in the #Special Madison Avenue Preservation District#;
- (10) Sections 109-11 (Special Use Regulations), inclusive, and 109-21 (Use Regulations), inclusive in the #Special Little Italy District#; and
- (11) Section 132-20 (SPECIAL USE REGULATIONS), inclusive, in the #Special Enhanced Commercial District#.

(b) Transparency

The transparency provisions of paragraph (a)(2) of Section 13-221 shall not apply to portions of ground floor level #street walls# that are subject to the following Sections:

- (1) Section 37-37 (Street Wall Articulation);
- (2) Section 81-42 (Retail Continuity along Designated Streets) in the #Special Midtown District#;
- (3) Section 82-23 (Street Wall Transparency) in the #Special Lincoln Square District#;
- (4) Section 91-412 (Access and glazing of required retail space) in the #Special Lower Manhattan District#;
- (5) Section 96-21 (Special Regulations for 42nd Street Perimeter Area), paragraph (c), in the #Special Clinton District#;
- (6) Section 98-14 (Ground Floor Use and Transparency Requirements on Tenth Avenue) in the #Special West Chelsea District#; and
- (7) Section 132-30 (SPECIAL TRANSPARENCY REGULATIONS), inclusive, in the #Special Enhanced Commercial District#.

(5/8/13)

13-221

Enclosure and screening requirements

(a) #Accessory# off-street parking facilities

All #accessory# off-street parking spaces shall be located within a #completely enclosed building#, with the exception of parking spaces #accessory# to a hospital, as listed in Use Group 4, and as provided in Section 13-45 (Special Permits for Additional Parking Spaces). In addition, such parking facilities shall comply with the following provisions:

(1) Screening

Any portion of an #accessory# off-street parking

facility, except for entrances and exits, that is located above #curb level# shall be located behind permitted #commercial#, #community facility# or #residential floor area# so that no portion of such facility is visible from adjacent public sidewalks or #publicly accessible open areas#. Such #floor area# shall have a minimum dimension of 30 feet, as measured perpendicular to the #street wall# of the #building#.

Alternatively, for parking facilities, or portions thereof, fronting upon a #narrow street# within a #Residence District#, off-street parking facilities may be screened by a densely-planted buffer strip, with a depth of at least 10 feet.

(2) Transparency

Portions of ground floor #commercial# and #community facility uses# screening the parking facility in accordance with the provisions of paragraph (a)(1) of this Section shall be glazed with transparent materials which may include #show windows#, transom windows or glazed portions of doors. Such transparent materials may be provided anywhere on the portion of the ground floor level #street wall# occupied by such #uses#, except that:

- (i) the maximum width of a portion of the #ground floor level street wall# without transparency shall not exceed ten feet; and
- (ii) transparent materials shall occupy at least 50 percent of the surface area of such ground floor level #street wall# between a height of two feet and 12 feet, or the height of the ground floor ceiling, whichever is higher, as measured from the adjoining sidewalk. Transparent materials provided to satisfy such 50 percent requirement shall not begin higher than 2 feet, 6 inches, above the level of the adjoining sidewalk, with the exception of transom windows, or portions of windows separated by mullions or other structural dividers; and shall have a minimum width of two feet.

However, for #buildings# where the #base flood elevation# is higher than the level of the adjoining sidewalk, all such transparency requirements shall be measured from a height of one foot above the height of the #base flood elevation#, instead of the level of the

adjoining sidewalk.

For #zoning lots# with multiple #street wall# frontages, the transparency provisions of this paragraph, (a)(2), need not apply to #street walls# that are located entirely beyond 100 feet of any portion of the #accessory# parking facility, as measured in plan view, perpendicular to such parking facility.

(b) Automobile rental establishments

All off-street parking within an automobile rental establishment shall be located within a #completely enclosed building# and shall comply with the screening provisions of paragraph (a) of this Section. #Accessory# office space and customer waiting areas associated with such establishments shall constitute #commercial floor area# for the purposes of such screening requirement.

(c) #Public parking lots# and certain permitted #accessory# parking lots

#Public parking lots# and open parking spaces #accessory# to a hospital shall provide screening in accordance with the provisions of 37-921 (Perimeter landscaping).

(5/8/13)

13-23

Floor Area

The definition of #floor area# in Section 12-10 shall be modified for purposes of this Chapter, as follows:

(a) Attended parking facilities with parking lift systems

For portions of an attended parking facility with parking lift systems, individual lifted trays upon which a vehicle is stored which, in operation, rise to a height in excess of 23 feet, as measured above #curb level#, shall be considered #floor area# in an amount of 153 square feet, or the size of such lifted tray, whichever is greater.

(b) #Automated parking facilities#

Floor space used for off-street parking spaces in an #accessory automated parking facility# up to a height of 40

feet above #curb level# shall be exempt from the definition of #floor area# upon certification of the Chairperson of the City Planning Commission, pursuant to the provisions of Section 13-432 (Floor area exemption for automated parking facilities).

For portions of an #automated parking facility#, each tray upon which a vehicle is stored at a height in excess of 40 feet in parking facilities certified pursuant to Section 13-432, or 23 feet in all other #automated parking facilities#, shall be considered #floor area# in an amount of 153 square feet, or the size of such lifted tray, whichever is greater.

(5/8/13)

13-24

Curb Cut Restrictions

In addition to the provisions of this Section, inclusive, additional restrictions on curb cuts in the #Manhattan Core# are found in the following Special Purpose Districts:

- (a) the #Special Midtown District#, as set forth in Sections 81-44 (Curb Cut Restrictions) and 81-624 (Curb cut restrictions and loading berth requirements);
- (b) the #Special Lincoln Square District#, as set forth in paragraph (b) of Section 82-50 (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS);
- (c) the #Special Battery Park City District#, as set forth in Sections 84-144 (Location of curb cuts) and 84-343 (Curb cuts);
- (d) the #Special Lower Manhattan District#, as set forth in Section 91-52 (Curb Cut Regulations);
- (e) the #Special Park Improvement District#, as set forth in Section 92-05 (Maximum Number of Accessory Off-Street Parking Spaces);
- (f) the #Special Transit Land Use District#, as set forth in Section 95-09 (Special Regulations for Accessory Off-Street Parking and Curb Cuts);
- (g) the #Special Clinton District#, as set forth in paragraph (f) of Section 96-21 (Special Regulations for 42nd Street Perimeter Area);

- (h) the #Special Madison Avenue Preservation District#, as set forth in Section 99-06 (Off-Street Parking Regulations); and
- (i) the #Special Little Italy District#, as set forth in Section 109-352 (Curb cut regulations).

(5/8/13)

13-241

Location of curb cuts

For #accessory# off-street parking facilities, automobile rental establishments and #public parking lots#, curb cuts are required for entry and exit to such parking facilities. Such curb cuts:

- (a) shall not be permitted within 50 feet of the intersection of any two #street lines#, except where the Commissioner of Buildings certifies that such location:
 - (1) is not hazardous to traffic safety;
 - (2) is not likely to create traffic congestion; and
 - (3) will not unduly inhibit surface traffic or pedestrian flow.

The Commissioner of Buildings may refer such matter to the Department of Transportation, or its successor, for a report;

- (b) shall not be located within two and one-half feet of any #side lot line# of the #zoning lot#, or prolongation thereof;
- (c) for #accessory# off-street parking facilities and automobile rental establishments, shall not be located on a #wide street#, except where authorized pursuant to Section 13-441 (Curb cuts); and
- (d) for #public parking lots#, shall not be permitted on the following #wide streets#, except where authorized pursuant to Section 13-441:
 - (1) 14th Street, from Fourth Avenue to Seventh Avenue;
 - (2) Avenue of the Americas, from 23rd Street to 32nd Street;

- (3) Canal Street, from the Bowery to West Broadway;
- (4) Church Street, from Park Place to Worth Street;
- (5) Delancey Street, from Clinton Street to the west side of Orchard Street;
- (6) Fifth Avenue;
- (7) Seventh Avenue, from 23rd Street to 32nd Street; and
- (8) Worth Street, from Centre Street to Church Street.

(5/8/13)

13-242

Maximum width of curb cuts

- (a) #Accessory# off-street parking facilities

For curb cuts accessing off-street parking spaces #accessory# to #residences# in the #Manhattan Core#, the provisions of Sections 25-631 (Location of curb cuts in certain districts) and 36-532 (Location and width of curb cuts accessing residential parking spaces in certain districts) shall apply, as applicable.

In addition, the maximum width of a curb cut shall be 22 feet for curb cuts accessing off-street parking spaces #accessory# to #residences# in R9 or R10 Districts, C1 and C2 Districts mapped within R9 and R10 Districts, and in all other #Commercial Districts# where, as set forth in the tables in Section 34-112 or 35-23, as applicable, the equivalent #Residential District# is R9 or R10. This maximum curb cut width of 22 feet shall also apply to curb cuts accessing off-street parking spaces #accessory# to #commercial# or #community facility uses#, and to curb cuts accessing off-street parking facilities with parking spaces #accessory# to a mix of #uses#.

- (b) Automobile rental establishments

For curb cuts accessing automobile rental establishments, the maximum width of a curb cut shall be 22 feet.

- (c) #Public parking lots#

For curb cuts accessing #public parking lots#, the curb cut provisions of paragraph (c) of Section 36-58 (Parking Lot Maneuverability and Curb Cut Regulations) shall apply.

(5/8/13)

13-25

Reservoir Spaces

For the purpose of determining required reservoir spaces, fractions equal to or greater than one-half resulting from the calculations in this Section shall be considered to be one reservoir space. In no event shall the dimensions of any reservoir space be less than 18 feet long and 8 feet, 6 inches wide.

(a) Attended parking facilities

For attended #accessory# off-street parking facilities or #public parking lots# with more than 25 off-street parking spaces, off-street reservoir space at the vehicular entrance shall be provided to accommodate:

- (1) five percent of the total number of parking spaces provided in parking facilities with more than 25 parking spaces and up to 50 parking spaces;
- (2) ten percent of the total number of parking spaces provided in parking facilities with more than 50 parking spaces and up to 100 parking spaces;
- (3) ten parking spaces in parking facilities with more than 100 off-street parking spaces and up to 200 parking spaces; and
- (4) five percent of the total number of parking spaces provided in parking facilities with more than 200 off-street parking spaces. However such number of reservoir spaces need not exceed 50.

(b) #Automated parking facilities#

For #automated parking facilities#, off-street reservoir space at the vehicle entrance shall be provided at the rate set forth in paragraph (a) of this Section.

Each individual parking location where a driver is permitted to leave a vehicle for transfer to a mechanized automobile

storage and retrieval unit shall constitute one reservoir space. Additional reservoir spaces may be located where drivers queue to access such locations for vehicle transfer.

In addition, the number of reservoir spaces required pursuant to this Section may be reduced where the Commissioner of Buildings determines that the operational characteristics of such #automated parking facility# warrant such a reduction.

(c) Automobile rental establishments

For automobile rental establishments, off-street reservoir space at the vehicle entrance shall be provided at the rate set forth in paragraph (a) of this Section.

(d) Self-parking facilities

For self-parking #accessory# off-street parking facilities and #public parking lots# where entering vehicles are required to stop before a mechanically-operated barrier before entering such parking facility, such barrier shall be placed a minimum of 20 feet beyond the #street line#.

(5/8/13)

13-26

Pedestrian Safety and Access

For all #accessory# off-street parking facilities, the following safety features shall be provided at all vehicular exit points:

- (a) a stop sign which shall be clearly visible to drivers. Such signage shall comply with the standards set forth in the Manual of Uniform Traffic Control Devices (MUTCD) issued by the Federal Highway Administration (FHWA) for a conventional single lane road; and
- (b) a speed bump, which shall be located within the exit lane of the parking facility. Such speed bump shall:
 - (1) span the width of the vehicular travel lane;
 - (2) have a minimum height of two inches, as measured from the adjoining grade of the exit lane, and a maximum depth of twelve inches; and
 - (3) shall be located a minimum of four feet beyond the

#street line#, as measured perpendicular to the #street line#.

(5/8/13)

13-27

Minimum and Maximum Size of Parking Facilities

For all #accessory# off-street parking facilities and automobile rental establishments, the minimum and maximum size requirements for the #parking zone# for such parking facilities shall be set forth in this Section. The #access zone# of such parking facilities shall not have a minimum or maximum gross surface area.

For the purpose of calculating surface area in attended parking facilities with parking lift systems, the lifted tray upon which a vehicle is stored shall constitute surface area.

(a) Attended parking facilities

- (1) For attended parking facilities without parking lift systems, the minimum gross surface area, in square feet, of the #parking zone# shall be 180 times the number of off-street parking spaces provided, and the maximum gross surface area, in square feet, of the #parking zone# shall not exceed 200 times the number of off-street parking spaces provided.
- (2) For attended parking facilities with parking lift systems, the minimum and maximum surface area of the portion of the #parking zone# allocated to non-elevated parking spaces shall be calculated at the rate set forth in paragraph (a)(1) of this Section; and the surface area, in square feet, of the portion of the #parking zone# allocated to elevated parking spaces shall be 153 times the number of elevated spaces able to be provided on lifted trays.

(b) #Automated parking facilities#

No minimum or maximum surface area requirement shall be required in off-street parking facilities that the Commissioner of Buildings determines to be #automated parking facilities#.

(c) Automobile rental establishments

The maximum gross surface area, in square feet, of the #parking zone# of an automobile rental establishment, shall be established at the rate set forth in paragraph (a) of this Section.

(d) Self-park facilities

The gross surface area, in square feet, of the #parking zone# of a self-parking #accessory# off-street parking facility shall be a minimum of 300 times the number of off-street parking spaces provided, and a maximum of 350 times the number of off-street parking spaces provided. However, an area of less than 300 square feet, but in no event less than 200 square feet, may be considered as one space, where the layout and design of the parking area are adequate to permit convenient access and maneuvering in accordance with regulations promulgated by the Commissioner of Buildings.

Such minimum and maximum #parking zone# requirements of this Section may be modified by the Chairperson of the City Planning Commission pursuant to the certification set forth in Section 13-431 (Reduction of minimum facility size).

(5/8/13)

13-30

OFF-STREET LOADING REGULATIONS IN THE MANHATTAN CORE

All #accessory# off-street loading berths provided as part of #developments#, #enlargements#, #extensions# or changes of #use# in the #Manhattan Core# after May 8, 2013, shall comply with the applicable provisions of this Section, inclusive.

In addition to the provisions of this Section, additional restrictions on loading berths in the #Manhattan Core# are found in the following Special Purpose Districts:

- (a) the #Special Midtown District#, as set forth in Sections 81-312 (Prohibitions of off-street parking or off-street loading facilities), 81-44 (Curb Cut Restrictions), 81-624 (Curb cut and loading berth requirements) and 81-84 (Mandatory Regulations and Prohibitions);
- (b) the #Special Lincoln Square District#, as set forth in Section 82-50 (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS);
- (c) the #Special Battery Park City District#, as set forth in

Sections 84-143 and 84-342 (Off-street loading); and

- (d) the #Special Lower Manhattan District#, as set forth in Sections 91-52 (Curb Cut Regulations) and 91-53 (Waiver of Requirements for Accessory Off-Street Loading Berths).

(5/8/13)

13-31

Modification of Minimum Size of Loading Berth

For all permitted or required #accessory# loading berths, the minimum length requirements for hospitals and related facilities or prisons; hotels, offices or court houses; #commercial uses#; and wholesale, #manufacturing# or storage #uses#, set forth in Sections 36-681 (Size of required berths) and 44-581 (Size of required loading berths), shall be 37 feet.

(5/8/13)

13-32

Floor Area Exemption

In addition to the #floor area# exemption for #accessory# off-street loading berths set forth in Section 12-10 (DEFINITIONS), for #buildings# with a total #floor area# in excess of 100,000 square feet, up to 300 square feet of floor space may be exempted from the definition of #floor area# where such #buildings# allocate a permanent space for dumpster storage, and such storage space has a minimum dimension of 12 feet by 25 feet. Such dumpster storage space shall be adjacent to a #building's# loading berth.

(5/8/13)

13-33

Modification of Provisions for a Zoning Lot with Uses Subject to Different Loading Requirements

The provisions of Sections 36-63 and 44-53 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Loading Requirements) shall not apply.

(5/8/13)

13-34

Location of Access to the Street

In addition to the provisions of Sections 25-75, 36-682 and 44-582 (Location of Access to the Street), no entrance or exit to an #accessory# off-street loading berth shall be located on a #street# with a roadbed width that is less than 20 feet, as measured curb to curb.

(5/8/13)

13-35

Modification of Loading Berth Requirements

The provisions of Sections 25-75 (Location of Access to the Street), 36-65 and 44-55 (Waiver of Requirements for All Zoning Lots Where Access Would Be Forbidden) shall be modified to allow the Commissioner of Buildings to reduce or waive the applicable loading berth requirements, provided that:

- (a) the #zoning lot# only has frontage upon a #street#, or portion thereof, where curb cuts or entrances and exits to #accessory# off-street loading berths are not permitted;
- (b) the #zoning lot# has frontage along a #street# where curb cuts accessing a loading berth are otherwise permitted, but there is no access to such #zoning lot# from the #street# due to the presence of:
 - (1) a #building#, existing on May 8, 2013, containing #residences#;
 - (2) a #non-residential building#, existing on May 8, 2013, that is three or more #stories# in height; or
 - (3) a #building# designated as a landmark or considered a contributing #building# in an Historic District designated by the Landmarks Preservation Commission; or
- (c) there are subsurface conditions, ventilation requirements from below-grade infrastructure or other site planning constraints that would make accommodating such loading berths infeasible.

In the case of paragraph (c), as set forth in this Section, the

Commissioner shall require a loading berth of not less than 33 feet in depth, if such a berth can be accommodated in consideration of the relevant site restraints. The Commissioner of Buildings may request reports from licensed engineers or registered architects in considering such reduction or waiver.

(5/8/13)

13-40

CERTIFICATIONS, AUTHORIZATIONS AND SPECIAL PERMITS IN THE MANHATTAN CORE

(5/8/13)

13-41

General Provisions

The City Planning Commission may grant certifications, authorizations and special permits in accordance with Section 13-40, inclusive. All such special permits and authorizations, in addition to meeting the requirements, conditions and safeguards prescribed by the Commission as specified in this Section, shall conform to and comply with all of the applicable regulations, except as otherwise specified herein.

(5/8/13)

13-42

Requirements for Applications

An application to the City Planning Commission for the grant of a certification, authorization or special permit under the provisions of Section 13-40 shall include a site plan showing the location of all existing and proposed #buildings or other structures# on the #zoning lot#, the location of all vehicular entrances and exits and off-street parking spaces, and such other information as may be required by the Commission.

(5/8/13)

13-43

Certifications in the Manhattan Core

(5/8/13)

13-431

Reduction of minimum facility size

An off-street parking facility in the #Manhattan Core# may provide a gross unobstructed surface area less than the minimum size required by Section 13-27 (Minimum and Maximum Size of Parking Facilities) upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the proposed layout of such parking facility, including, but not limited to, the arrangement of parking spaces, travel aisles and reservoir spaces, where applicable, is sufficient to accommodate the requisite vehicular navigation and turning movements associated with such a facility. In order to make such a determination, the applicant shall provide the Chairperson with dimensioned plan drawings that depict the proposed vehicular movement through the facility, including any relevant maneuverability or turning radius information.

Where the Chairperson certifies that an #accessory# off-street parking facility may be reduced in size because vehicles will be limited in length, such restriction shall be noted on the certificate of occupancy.

(5/8/13)

13-432

Floor area exemption for automated parking facilities

Floor space used for off-street parking spaces in an #accessory automated parking facility#, up to a height of 40 feet above #curb level#, shall be exempt from the definition of #floor area# upon certification of the Chairperson of the City Planning Commission to the Commissioner of Buildings that:

- (a) the entire #automated parking facility# will be contained within a #completely enclosed building#;
- (b) the portion of the #street wall# of such #automated parking facility# below a height of 14 feet, as measured above #curb level#, complies with the screening provisions of Section 13-221 (Enclosure and screening requirements), and the portion of the #street wall# above a height of 14 feet, will

be similar in composition to the portion of the #building's street wall# immediately above such #automated parking facility#, including but not limited to, the choice of building materials and arrangement and amount thereof; and

- (c) such #automated parking facility# is within a #building# with a #floor area ratio# of at least 2.0.

Any application for such certification shall include relevant plan, elevation and section drawings demonstrating compliance with the provisions of this Section.

A copy of an application for certification pursuant to this Section shall be sent by the Department of City Planning to the affected Community Board, which may review such proposal and submit comments to the Chairperson of the City Planning Commission. If the Community Board elects to comment on such application, it must be done within 30 days of receipt of such application. The Chairperson will not act on such application until the Community Board's comments have been received, or the 30 day comment period has expired, whichever is earlier.

(5/8/13)

13-44

Authorizations in the Manhattan Core

(5/8/13)

13-441

Curb cuts

The City Planning Commission may authorize, subject to the applicable zoning district regulations, curb cuts located on a #wide street#, provided the Commission finds that a curb cut at such a location:

- (a) is not hazardous to traffic safety;
- (b) will not create or contribute to serious traffic congestion, or unduly inhibit vehicular movement;
- (c) will not adversely affect pedestrian movement;
- (d) will not interfere with the efficient functioning of bus lanes, specially designated #streets# or public transit

facilities; and

- (e) will not be inconsistent with the character of the existing streetscape.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(5/8/13)

13-442

Limited increase in parking spaces for existing buildings without parking

The City Planning Commission may, by authorization, allow an off-street parking facility in the #Manhattan Core# with a maximum capacity of 15 spaces in an existing #building developed# without the provision of parking, provided that the conditions of paragraph (a) and the findings of paragraph (b) of this Section are met.

(a) Conditions

As a condition for approval, the parking facility shall comply with the applicable provisions of Section 13-20 (SPECIAL RULES FOR MANHATTAN CORE PARKING FACILITIES), except that such parking facility need not comply with the provisions of Section 13-221 (Enclosure and screening requirements).

(b) Findings

The Commission shall find that:

- (1) the location of the vehicular entrances and exits to the parking facility will not unduly interrupt the flow of pedestrian traffic associated with #uses# or public facilities, including access points to mass transit facilities in close proximity thereto, or result in any undue conflict between pedestrian and vehicular movements, due to the entering and leaving movement of vehicles;
- (2) the location of the vehicular entrances and exits to such parking facility will not interfere with the efficient functioning of #streets#, including any lanes designated for specific types of users or vehicles, due

to the entering and leaving movement of vehicles;

- (3) such #use# will not create or contribute to serious traffic congestion and will not unduly inhibit surface traffic and pedestrian flow; and
- (4) such parking facility will not be inconsistent with the character of the existing streetscape.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(5/8/13)

13-443

Reduction in the number of required existing parking spaces

For off-street parking facilities built prior to May 8, 2013, the City Planning Commission may authorize a reduction in the number of required #accessory# off-street parking spaces where the Commission finds that such reduction will not have undue adverse effects on residents, businesses or community facilities in the surrounding area, as applicable.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(5/8/13)

13-45

Special Permits for Additional Parking Spaces

In accordance with the special permit provisions of Sections 13-451 through 13-455, the City Planning Commission may permit the off-street parking facilities listed in paragraph (a) of this Section, provided that such parking facilities comply with the conditions of paragraph (b) and the findings of paragraphs (c) and (d) of this Section.

- (a) Eligible parking facilities

The City Planning Commission may permit, subject to the otherwise applicable zoning district regulations:

- (1) #accessory# off-street parking facilities on-site or off-site, open or enclosed, with any capacity, where such facilities:
 - (i) are proposed #developments# or #enlargements# with a capacity not otherwise allowed under the applicable regulations of Section 13-10 (PERMITTED OFF-STREET PARKING IN THE MANHATTAN CORE); or
 - (ii) are existing prior to May 8, 2013, and increasing the number of parking spaces, pursuant to the provisions of Section 13-07 (Existing Buildings and Off-Street Parking Facilities);
- (2) #public parking lots#, where such facilities:
 - (i) are proposed #developments# or #enlargements# with any capacity not otherwise allowed under the applicable regulations of Section 13-10;
 - (ii) are existing prior to May 8, 2013, and increasing the number of parking spaces, pursuant to the provisions of Section 13-07; or
 - (iii) are proposed #developments# or #enlargements# in locations not permitted by Section 13-14 (Permitted Parking for Public Parking Lots);
- (3) #public parking garages#, where such facilities:
 - (i) are proposed #developments# or #enlargements# in the zoning districts permitted, pursuant to paragraph (d) of Section 13-041 (Applicability of parking regulations within the Manhattan Core); or
 - (ii) are existing prior to May 8, 2013, and increasing the number of parking spaces pursuant to the provisions of Section 13-07.

The Commission may also permit floor space in such #public parking garages# used for off-street parking spaces in any #story# located not more than 23 feet above #curb level# to be exempt from the definition of #floor area#, as set forth in Section 12-10.

(b) Conditions

The proposed parking facility shall comply with the applicable provisions of Section 13-20 (SPECIAL RULES FOR MANHATTAN CORE PARKING FACILITIES). Proposed #public parking

garages# shall utilize the applicable regulations for #accessory# off-street parking facilities. However, applications to increase the number of parking spaces in parking facilities existing prior to May 8, 2013, need not comply with the provisions of Section 13-221 (Enclosure and screening requirements).

(c) Findings

The Commission shall find that:

- (1) the location of the vehicular entrances and exits to such parking facility will not unduly interrupt the flow of pedestrian traffic associated with #uses# or public facilities, including access points to mass transit facilities in close proximity thereto, or result in any undue conflict between pedestrian and vehicular movements, due to the entering and leaving movement of vehicles;
- (2) the location of the vehicular entrances and exits to such parking facility will not interfere with the efficient functioning of #streets#, including any lanes designated for specific types of users or vehicles, due to the entering and leaving movement of vehicles;
- (3) such #use# will not create or contribute to serious traffic congestion and will not unduly inhibit surface traffic and pedestrian flow;
- (4) for #public parking garages#, that where any floor space is exempted from the definition of #floor area#, such additional floor space is needed in order to prevent excessive on-street parking demand and relieve traffic congestion; and
- (5) such parking facility will not be inconsistent with the character of the existing streetscape.

(d) Additional findings

The Commission shall also find that each proposed off-street parking facility complies with the additional findings set forth in one of the following Sections, as applicable:

- (1) Section 13-451 (Additional parking spaces for residential growth) shall apply to any such parking facility serving the parking needs of a predominantly #residential development# or #enlargement# on a tract of land that has or will have an area of less than 1.5

acres;

- (2) Section 13-452 (Additional parking spaces for health care, arts or public assembly uses) shall apply to any such parking facility serving the parking needs of any #use# listed in paragraph (a) of Section 13-452 on a tract of land that has or will have an area of less than 1.5 acres;
- (3) Section 13-453 (Additional parking spaces for economic development uses) shall apply to any such parking facility serving the parking needs of a non-#residential use# not otherwise listed in paragraph (a) of Section 13-452 on a tract of land that has or will have an area of less than 1.5 acres;
- (4) Section 13-454 (Additional parking spaces for large development sites) shall apply to any such parking facility serving the parking needs of a #large-scale development# or any other #development# or #enlargement# on a tract of land that has or will have an area of at least 1.5 acres; or
- (5) Section 13-455 (Additional parking spaces for existing accessory off-street parking facilities) shall apply to any such #accessory# parking facility existing prior to May 8, 2013.

In determining the amount of additional parking spaces to grant pursuant to such additional findings, the Commission may take into account levels of vacancy in existing off-street parking facilities within the area of the proposed parking facility.

(5/8/13)

13-451

Additional parking spaces for residential growth

The City Planning Commission may permit a parking facility listed in paragraph (a) of Section 13-45 (Special Permits for Additional Parking Spaces), where such parking facility serves the parking needs of a predominantly #residential development# or #enlargement#, provided that, in addition to the conditions and findings set forth in Section 13-45, the Commission shall find that either:

- (a) the number of off-street parking spaces in such proposed

parking facility is reasonable and not excessive in relation to recent trends in close proximity to the proposed facility with regard to:

- (1) the increase in the number of #dwelling units#; and
 - (2) the number of both public and #accessory# off-street parking spaces, taking into account both the construction, if any, of new off-street parking facilities and the reduction, if any, in the number of such spaces in existing parking facilities. In making this determination, the Commission may take into account off-street parking facilities for which building permits have been granted, or which have obtained City Planning Commission special permits pursuant to Section 13-45; or
- (b) the proposed ratio of parking spaces to #dwelling units# in the proposed #development# or #enlargement# does not exceed:
- (1) 20 percent of the total number of #dwelling units#, where such units are located within Community District 1, 2, 3, 4, 5 or 6; or
 - (2) 35 percent of the total number of #dwelling units#, where such units are located within Community District 7 or 8.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(5/8/13)

13-452

Additional parking spaces for health care, arts or public assembly uses

The City Planning Commission may permit a parking facility listed in paragraph (a) of Section 13-45 (Special Permits for Additional Parking Spaces), where such parking facility would serve the parking needs of a health care, arts or public assembly #use#, provided that, in addition to the conditions and findings set forth in Section 13-45, the Commission shall find that:

- (a) the proposed parking facility is either in close proximity to or on the same #zoning lot# as one or more of the following #uses# being #developed#, #enlarged# or created

within existing #buildings#:

- (1) a hospital or related facility, as listed in Use Group 4;
 - (2) a museum, as listed in Use Group 3;
 - (3) a theater, as listed in Use Group 8, or other performing arts venue; or
 - (4) an arena, auditorium, trade exposition or stadium, as listed in Use Group 12 or, where permitted by special permit, pursuant to Section 74-41 or other government agency approvals;
- (b) an increased number of permitted off-street parking spaces in such proposed parking facility is essential to the operation of such health care, arts or public assembly #use#; and
- (c) reasonable measures to minimize parking demand have been identified. For existing or #enlarged# health care, arts or public assembly #uses#, such measures shall have been implemented, where feasible, prior to application, and a commitment by the applicant shall be made, in a form acceptable to the Commission, to continue and, where necessary, improve upon and supplement such measures. For new health care, arts or public assembly #uses#, such measures shall be committed to in a form acceptable to the Commission.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(5/8/13)

13-453

Additional parking spaces for economic development uses

The City Planning Commission may permit a parking facility listed in paragraph (a) of Section 13-45 (Special Permits for Additional Parking Spaces), where such parking facility serves the parking needs of a non-#residential use# not otherwise listed in paragraph (a) of Section 13-452, provided that, in addition to the conditions and findings set forth in Section 13-45, the Commission shall find that:

- (a) the proposed parking facility is in close proximity to or on the same #zoning lot# as a #commercial use#, #community facility use# or #manufacturing use# that is being #developed#, #enlarged# or created within an existing #building or other structure#, and such #use# is of significant importance to the economic well-being of the City of New York;
- (b) an increased number of permitted off-street parking spaces in such proposed parking facility is essential to the operation of such #use#; and
- (c) reasonable measures to minimize parking demand have been identified. For existing or #enlarged uses#, such measures shall have been implemented, where feasible, prior to application, and a commitment by the applicant shall be made, in a form acceptable to the Commission, to continue, and where necessary, improve upon and supplement such measures. For new #uses#, such measures shall be committed to in a form acceptable to the Commission.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(5/8/13)

13-454

Additional parking spaces for large development sites

The City Planning Commission may permit a parking facility listed in paragraph (a) of Section 13-45 (Special Permits for Additional Parking Spaces), where such parking facility serves the parking needs of a #large-scale development# or any other #development# or #enlargement# on a tract of land exceeding 1.5 acres, provided that, in addition to the conditions and findings set forth in Section 13-45, the Commission shall find that:

- (a) where an increased number of permitted off-street parking spaces in such proposed parking facility would serve the parking needs of a predominantly #residential development# or #enlargement#, either finding (a) or finding (b) of Section 13-451 (Additional parking spaces for residential growth) is met; or
- (b) where such proposed parking facility would serve the parking needs of a predominantly non-#residential development# or #enlargement#, an increased number of permitted off-street

parking spaces in such proposed parking facility is essential to the operation of the non-#residential uses# in such #development# or #enlargement#; and

- (c) where a parking deficit is created by the relocation of parking users from off-street parking spaces that will be eliminated through the proposed #development# or #enlargement#, the availability of off-street parking in the vicinity of such proposed #development# or #enlargement# will be of insufficient capacity to accommodate such potential parking users;
- (d) reasonable measures to minimize parking demand have been identified. For existing or #enlarged uses#, such measures shall have been implemented, where feasible, prior to application, and a commitment by the applicant shall be made, in a form acceptable to the Commission, to continue, and where necessary, improve upon and supplement such measures. For new #uses#, such measures shall be committed to in a form acceptable to the Commission; and
- (e) where phased construction will occur in the #large-scale development#, or #development# or #enlargement# on a tract of land exceeding 1.5 acres, a phased parking plan has been provided that demonstrates that a reasonable and not excessive amount of additional parking spaces is provided in the proposed parking facility in relation to the amount of completed construction within each phase.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(5/8/13)

13-455

Additional parking spaces for existing accessory off-street parking facilities

The City Planning Commission may permit an increase in the number of spaces in an #accessory# off-street parking facility existing prior to May 8, 2013, as listed in paragraph (a) of Section 13-45 (Special Permits for Additional Parking Spaces), provided that, in addition to the conditions and findings set forth in Section 13-45, the Commission shall find that:

- (a) where such increased number of permitted off-street parking spaces in such existing parking facility would serve the

parking needs of a #zoning lot# or #zoning lots# comprised predominantly of #residential uses#, either:

- (1) finding (a) of Section 13-451 (Additional parking spaces for residential growth) is met; or
- (2) the sum of any existing off-street parking spaces, and the proposed increase, does not exceed:
 - (i) 20 percent of the total number of #dwelling units#, where such units are located within Community District 1, 2, 3, 4, 5 or 6; or
 - (ii) 35 percent of the total number of #dwelling units#, where such units are located within Community District 7 or 8; and
 - (iii) the number of parking spaces that would be permitted for existing conforming non-#residential uses#, if the ratio of parking spaces to #floor area# for the applicable #use#, as specified in Section 13-10 (PERMITTED OFF-STREET PARKING IN THE MANHATTAN CORE), were applied.

Any #dwelling units# on the #zoning lot# or #zoning lots# which are #non-complying# as to density shall not be included in such calculation pursuant to paragraphs (a)(2)(i) or (a)(2)(ii) of this Section, and any #non-complying floor area# on such #zoning lot# or #zoning lots# shall be excluded in applying such ratio in paragraph (a)(2)(iii) of this Section; or

- (b) where an increased number of permitted off-street parking spaces in such existing parking facility would serve the parking needs of a #zoning lot# or #zoning lots# comprised predominantly of conforming non-#residential uses#, the sum of any existing off-street parking spaces, and the proposed increase, does not exceed the number of parking spaces that would be permitted if the ratio of parking spaces to #floor area# for the applicable #use#, as specified in Section 13-10, were applied. Any #non-complying floor area# on such #zoning lot# or #zoning lots# shall be excluded in applying such ratio.

(1/10/80)

Chapter 4

Sidewalk Cafe Regulations

(5/5/04)

14-00

GENERAL PURPOSES

The sidewalk cafe regulations as established in this Resolution are city-wide regulations, designed to encourage sidewalk cafes in locations where they are appropriate, discourage them in locations where they are inappropriate, and promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) To ensure adequate space for pedestrians on the sidewalk adjacent to sidewalk cafes.
- (b) To promote sidewalk cafes as visual amenities that better relate to the streetscape.
- (c) To preserve and enhance the character of neighborhoods throughout the City.
- (d) To simplify administrative regulations and strengthen enforcement procedures for sidewalk cafes and ensure that such requirements are effective, efficient and enforceable.
- (e) To promote the most desirable use of land and thus to conserve the value of land and buildings and thereby protect the City's tax revenues.

(5/5/04)

14-01

General Provisions

In harmony with the general purpose and intent of this Resolution, and the general purposes of the #sidewalk cafe# regulations, certain specified regulations concerning area eligibility, sidewalk locational criteria and physical criteria for #sidewalk cafes#, in general, and specifically for #enclosed sidewalk cafes#, are herein established.

The three types of #sidewalk cafes# that are permitted by the regulations of this Chapter and defined in Section 12-10 (DEFINITIONS) are #enclosed sidewalk cafes#, #unenclosed sidewalk cafes# and #small sidewalk cafes#.

The amendments to Article I, Chapter 4, adopted by the City Council on January 29, 2003, shall become effective March 27, 2003.

Physical criteria, including structural and operational requirements for #sidewalk cafes#, and #unenclosed sidewalk cafes# in particular, shall be regulated by the Department of Consumer Affairs and found in Title 6, Chapter 2, Subchapter F., of the Rules of the City of New York.

Licenses for all #sidewalk cafes# must be obtained from the Department of Consumer Affairs, or its successor.

(5/5/04)

14-011

Sidewalk cafe locations

#Sidewalk cafes# may be located in all R10H Districts, in all #Commercial Districts# other than C3 Districts and in all #Manufacturing Districts# only where eating or drinking establishments are permitted, as modified by special eligibility regulations set forth in Sections 14-40 through 14-45, inclusive. These sections identify #streets#, areas, special districts and malls or portions of #streets# for which special area eligibility regulations apply:

- Section 14-40 - (AREA ELIGIBILITY FOR SIDEWALK CAFES)
- Section 14-41 - (Locations Where Certain Sidewalk Cafes Are Not Permitted)
- Section 14-42 - (Locations Where Enclosed Sidewalk Cafes Are Not Permitted)
- Section 14-43 - (Locations Where Only Small Sidewalk Cafes Are Permitted)
- Section 14-44 - (Special Zoning Districts Where Certain Sidewalk Cafes Are Permitted)
- Section 14-45 - (Street Malls Where Certain Sidewalk Cafes Are Permitted).

#Sidewalk cafes# shall be permitted in Historic Districts or in designated landmark #buildings# only if such #sidewalk cafe# is approved by the Landmarks Preservation Commission.

(5/5/04)

14-10

ENCLOSED SIDEWALK CAFES

(2/2/11)

14-11

Locational Criteria for Enclosed Sidewalk Cafes

The regulations of this Section, governing clear path, clearance at intersection of #streets#, clearance from large obstructions and minimum distance between two cafes shall apply to all #enclosed sidewalk cafes#.

(a) Clear path

There shall be a minimum of 8 feet, 0 inches clear distance or 50 percent of the sidewalk width, whichever is greater, free of all obstructions, in order to allow adequate pedestrian movement.

The minimum distance shall be measured from the portion of the #enclosed sidewalk cafe# frontage that is nearest either the curb line or the nearest obstruction. In no event may recesses in the #enclosed sidewalk cafe# frontage be used to satisfy this unobstructed width requirement, except that the corners of the #enclosed sidewalk cafe# may be rounded or mitered. A clearance of 8 feet, 0 inches shall be maintained around the corners of #enclosed sidewalk cafes#, measured in radius.

For the purpose of the minimum clear path, but not the clearance from corners of #enclosed sidewalk cafes#, parking meters, traffic signs, and trees that have gratings flush to grade, without fences or guards, shall not count as obstructions.

In the case of a #street# for which a mall plan or other special plan has been adopted, the clear path requirements pursuant to this Section shall be deemed satisfied if there

is not less than an 8 feet, 0 inches clear path.

(b) Clearance at intersections of street line

There shall be a minimum of 9 feet, 0 inches clearance, free of all obstructions with no exception, measured from the outer edge of the #enclosed sidewalk cafe# to the curbside obstacle. The corner of the #enclosed sidewalk cafe# wall may be rounded or mitered. Such distance shall be measured from the outer edge of the #enclosed sidewalk cafe# to either the curb line or the nearest obstruction.

(c) Clearance from large obstructions

All #enclosed sidewalk cafes# shall be a minimum of 15 feet from large obstructions. For the purposes of this Section, large obstructions shall be bus stop shelters, newsstands, subway entrances or any other object greater than 15 square feet in area. The closed end of a subway entrance located along the #front lot line# may #abut# an #enclosed sidewalk cafe#.

(d) Minimum distance between enclosed sidewalk cafes

There shall be a minimum distance of 40 feet between the near end walls of two #enclosed sidewalk cafes# if an entrance to a ground floor #commercial use#, other than an entrance to the eating or drinking place associated with either #enclosed sidewalk cafe#, is located between them.

There shall be a minimum distance of 15 feet between the near end walls of two #enclosed sidewalk cafes# if an entrance to a ground floor non-#commercial use#, or a #use# located above or below the ground floor, other than an entrance to the eating or drinking place associated with either #enclosed sidewalk cafe#, is located between them.

(5/5/04)

14-12

Physical Criteria for Enclosed Sidewalk Cafes

(5/5/04)

14-121

Structural requirements for enclosed sidewalk cafes

The regulations of this Section governing certain structural and operational requirements shall apply to all #enclosed sidewalk cafes#.

(a) Ceiling

The ceiling of an #enclosed sidewalk cafe# shall be of incombustible materials, including colored or colorless safety glass or fabric which has been treated to be fire resistant as approved by the Department of Buildings.

At no point shall the height of the ceiling of an #enclosed sidewalk cafe# be lower than 7 feet, 0 inches above the floor of the #sidewalk cafe#.

(b) Transparency - exterior walls

An #enclosed sidewalk cafe# may provide a base wall of opaque material up to a maximum height of 12 inches from the finished floor level. The base wall shall include any horizontal structural members that support transparent materials above.

All enclosing walls, doors and windows, except for the structural members, above finished floor level or base wall as provided in this Section, up to a height of 7 feet, 0 inches above finished floor level, must be of colorless, untinted, non-reflective, transparent material, as approved by the Department of Buildings. In order to maximize transparency, the horizontal as well as vertical structural members shall not be sized more than 10 inches wide.

At least 50 percent of the walls, up to a height of 7 feet, 0 inches above finished floor level, shall consist of operable transparent windows.

(c) Elevation

The #enclosed sidewalk cafe# floor shall not be more than seven inches above the level of the adjoining sidewalk.

In the event of a major grade change, however, the City Planning Commission may, by certification, permit the floor level to be more than seven inches above the level of the adjoining sidewalk.

(d) Designated boundaries

No portion of #enclosed sidewalk cafes#, such as doors, windows, walls or any objects placed within an #enclosed

sidewalk cafe#, shall swing or project beyond the designated exterior perimeter of the #enclosed sidewalk cafe#. However, fire exit doors that are used exclusively as emergency fire exit doors shall be exempt from this provision.

(e) Fixtures

The furnishings of the interior of an #enclosed sidewalk cafe# shall consist solely of moveable tables, chairs and decorative accessories. No objects, except lighting fixtures and HVAC installations, may be permanently affixed onto any portion of the wall of the #enclosed sidewalk cafe#. In no event shall such objects penetrate the exterior perimeter of the wall or the roof of the #enclosed sidewalk cafe# or impede the transparency as required by this Chapter. The exhaust for such HVAC installations on the adjacent walls shall not be less than 10 feet above #curb level#.

(f) Refuse storage area

No structure or enclosure to accommodate the storage of garbage may be erected or placed adjacent to or separate from the #enclosed sidewalk cafe# on the public right-of-way.

(5/5/04)

14-122

Access for persons with physical disabilities

An #enclosed sidewalk cafe# or its restaurant shall be directly accessible to persons with physical disabilities. In the event the main restaurant has provided such access, the #enclosed sidewalk cafe# shall be accessible to persons with disabilities from the interior of the restaurant.

In order to ensure access for persons with physical disabilities:

- (a) at least one door leading into the #enclosed sidewalk cafe# or restaurant from the adjoining sidewalk shall be not less than three feet wide, clear; and
- (b) a ramp with non-skid surface, if there is change of grade, having a minimum width of three feet and a slope of not greater than 1 in 12, shall be provided. Such ramp may be of portable type for #enclosed sidewalk cafes# that are six feet wide or less, except if such #sidewalk cafe# is at least 180 square feet in area.

(5/5/04)

14-123

Signage

No #signs# are permitted on an #enclosed sidewalk cafe#, except that the name and type of establishment may be placed upon the glass wall but shall not obscure the required transparency.

(5/5/04)

14-124

Music and noise amplification

Musical instruments or sound reproduction devices shall not be operated or used within an #enclosed sidewalk cafe# for any purpose.

(5/5/04)

14-13

Special Permit Modifications of Locational or Physical Criteria for Enclosed Sidewalk Cafes

In all #Commercial# or #Manufacturing Districts#, where #enclosed sidewalk cafes# are permitted in accordance with the provisions of this Chapter, the City Planning Commission may permit, upon application, modifications to the locational or physical criteria regulations for #enclosed sidewalk cafes#, except that there shall be no modification of Sections 14-41 (Locations Where Certain Sidewalk Cafes Are Not Permitted), 14-42 (Locations Where Enclosed Sidewalk Cafes Are Not Permitted), 14-44 (Special Zoning Districts Where Certain Sidewalk Cafes Are Permitted) and 14-45 (Street Malls Where Certain Sidewalk Cafes Are Permitted), provided the Commission finds that:

- (a) the #enclosed sidewalk cafe# is developed consistent with the general purposes and objectives of this Chapter;
- (b) any proposed modification to the requirements of this Chapter will result in good overall design and enhance the general character of the #street# and the neighborhood;

- (c) any proposed modifications to the requirements of this Chapter will not cause a serious adverse effect on pedestrian traffic;
- (d) the restaurant or #enclosed sidewalk cafe# provides access for persons with disabilities;
- (e) where a proposed #enclosed sidewalk cafe# is located between two existing stoops, it will not project beyond the stoops; and
- (f) modifications to the provisions of paragraph (a) of Section 14-11 (Locational Criteria for Enclosed Sidewalk Cafes) shall be limited to the minimum clear path for a proposed #enclosed sidewalk cafe# that would be located on a #street# with a special pedestrian plan.

(5/5/04)

14-20

UNENCLOSED SIDEWALK CAFES

Physical criteria for #unenclosed sidewalk cafes#, including structural and operational requirements, shall be regulated by the Department of Consumer Affairs pursuant to the Rules of the City of New York as described in Section 14-01 (General Provisions). #Small sidewalk cafes#, however, shall also conform to the requirements of Section 14-30.

(5/5/04)

14-30

SMALL SIDEWALK CAFES

#Small sidewalk cafes# shall be subject to the regulations of Section 14-01 (General Provisions), and, in addition, shall comply with the requirements for the definition of #small sidewalk cafes# in Section 12-10 as well as the following physical criteria:

- (a) no form of serving station or any other type of furniture, other than the single row of tables and chairs set adjacent to the #street line#, may be placed within that space occupied by a #small sidewalk cafe#;
- (b) there shall be no railing, structure or other form of

barrier between a #small sidewalk cafe# and the remaining area of the sidewalk; and

- (c) there shall be no overhead coverage other than a retractable awning that is affixed to the #building# wall and does not extend further than 4 feet, 6 inches.

#Small sidewalk cafes# are permitted wherever #sidewalk cafes# may be located pursuant to the requirements of Section 14-011. Section 14-43 (Streets Where Only Small Sidewalk Cafes Are Permitted) lists specific #streets# and areas where no #sidewalk cafes# other than #small sidewalk cafes# may be located.

(5/5/04)

14-40

AREA ELIGIBILITY FOR SIDEWALK CAFES

Sections 14-40 through 14-45 identify those locations where specific area eligibility regulations apply.

For the purposes of Sections 14-40 through 14-45, the length of a #street# shall run the full #block# to the nearest intersections with cross #streets#, unless otherwise stated.

Areas bounded by #streets# shall include both sides of such #streets# and shall be subject to the regulations of this Chapter pertaining to such areas. When a #street# forms the boundary of a special district, however, only that side of the #street# located within the special district shall be subject to the regulations pertaining to the special district.

Sidewalk cafes shall only be allowed to locate along the length of a #street# or within the area bounded by #streets#, as set forth in Sections 14-40 through 14-45, where the applicable #use# regulations of the district allow eating and drinking establishments, either as-of-right, by certification or by authorization or special permit.

(5/5/04)

14-41

Locations Where Certain Sidewalk Cafes Are Not Permitted

No #enclosed# or #unenclosed sidewalk cafes# shall be permitted on any of the following #streets#, portions of #streets# and

areas, except that #small sidewalk cafes# may be permitted pursuant to the provisions of Section 14-43 (Locations Where Only Small Sidewalk Cafes Are Permitted).

City Wide:

All #streets# with elevated rail transit lines, unless specifically permitted in Section 14-43.

Manhattan:

All #streets# bounded by 38th Street on the south, 59th Street on the north, Third Avenue on the east and Eighth Avenue on the west

All #streets# within the M1-5A and M1-5B Districts south of Houston Street

Bowery - from East Broadway to Canal Street

Elizabeth Street - from Bayard Street to Canal Street

Pell Street - the entire length

Mott Street - from Park Row to Canal Street

Mulberry Street - from Worth Street to Canal Street

Bayard Street - the entire length

Doyers Street - the entire length

All streets facing Chatham Square

Canal Street - the entire length

Orchard Street - from Canal Street to Houston Street

Delancey Street - from Norfolk Street to the Bowery

Eighth Street - from Avenue A to Sixth Avenue

14th Street - from Second Avenue to Eighth Avenue

23rd Street - from the East River to Eighth Avenue

31st Street - from Fifth Avenue to Eighth Avenue

32nd Street - from Fifth Avenue to Eighth Avenue

33rd Street - from Fifth Avenue to Eighth Avenue

34th Street - from the East River to Eighth Avenue

42nd Street - from the East River to Eighth Avenue

All #streets# or portions of #streets# bounded by 43rd Street on the south, 45th Street on the north, Eighth Avenue on the east and, on the west, a line 150 feet west of Eighth Avenue

57th Street - from the East River to Eighth Avenue

58th Street - from the East River to Eighth Avenue

59th Street - from the East River to Fifth Avenue

59th Street - from Sixth Avenue to Columbus Circle

All #streets# bounded by 59th Street on the south, 61st Street on the north, Fifth Avenue on the west and, on the east, a line 125 feet east of Fifth Avenue

60th Street - from Third Avenue to Fifth Avenue

61st Street - from Third Avenue to Fifth Avenue

62nd Street - from Second Avenue to Fifth Avenue

63rd Street - from Second Avenue to Fifth Avenue

68th Street - from First Avenue to Fifth Avenue

72nd Street - from the East River to Fifth Avenue
77th Street - from First Avenue to Fifth Avenue
79th Street - from the East River to Fifth Avenue
86th Street - from the East River to Fifth Avenue
116th Street - from Malcolm X Boulevard to Frederick Douglass
Boulevard
First Avenue - from 48th Street to 59th Street
Third Avenue - from 59th Street to 62nd Street
Lexington Avenue - the entire length
Park Avenue - the entire length from 38th Street, northward
Madison Avenue - the entire length
Fifth Avenue - from Washington Square North to 61st Street
Sixth Avenue - from 31st Street to 38th Street
Broadway - from 31st Street to 38th Street
Seventh Avenue - from 31st Street to 38th Street
Eighth Avenue - from 31st Street to 38th Street
Herald Square.

Brooklyn:

13th Avenue - from 39th Street to New Utrecht Avenue
86th Street - from Third Avenue to Gowanus Expressway
Court Street - from Schermerhorn Street to Montague Street.

Queens:

82nd Street - from 34th Avenue to 41st Avenue
Austin Street - from Yellowstone Boulevard to Ascan Avenue
Junction Boulevard - from Northern Boulevard to 41st Avenue
Roosevelt Avenue - from Union Street to Prince Street
Skillman Avenue - from 43rd Street to 56th Street.

(5/5/04)

14-42

Locations Where Enclosed Sidewalk Cafes Are Not Permitted

No #enclosed sidewalk cafe# shall be permitted on any of the
following #streets#.

Manhattan:

Bleecker Street - from Bank Street to Mercer Street
Central Park South - from Fifth Avenue to Sixth Avenue
Park Avenue South and Park Avenue - from 31st Street to 38th
Street.

(5/22/13)

14-43

Locations Where Only Small Sidewalk Cafes Are Permitted

#Small sidewalk cafes# may be located wherever #sidewalk cafes# are permitted. In addition, only #small sidewalk cafes# shall be allowed on the following #streets#, notwithstanding any regulations set forth in Sections 14-41 or 14-42 prohibiting certain #sidewalk cafes# on such #streets#.

Manhattan:

Orchard Street - from Canal Street to Houston Street

Delancey Street - from Norfolk Street to the Bowery

Centre Street - from Canal Street to Spring Street

Lafayette Street - from Canal Street to Houston Street

Sixth Avenue - from Canal Street to a line 100 feet south of
Spring Street

Special Union Square District¹

14th Street - from Second Avenue to Irving Place

14th Street - from a line 100 feet west of University Place to
Eighth Avenue

23rd Street - from the East River to Eighth Avenue

31st Street - from Fifth Avenue to a line 200 feet east of
Broadway

Chapter 5

Residential Conversion within Existing Buildings

(2/2/11)

15-00

GENERAL PURPOSES

Special regulations for the conversion of non-residential floor area to residences have been established in order to promote and protect public health, safety and general welfare. These goals include, among others, the following specific purposes:

- (a) to permit owners to increase the return on their investment in appropriate existing buildings by authorizing the conversion to residences without requiring such residences to conform to the provisions of Article II of this Resolution;
- (b) to reduce the deleterious effects on commercial and manufacturing uses caused by the reduction of land and floor area available to such uses permitted under the provisions of this Chapter by providing relocation incentives for such uses;
- (c) to protect important job-producing industries, particularly those with a unique social or economic relationship to the surrounding community;
- (d) to provide sufficient space for commercial and manufacturing activities which are an integral part of New York City's economy;
- (e) to provide for adequate returns to property owners by allowing more profitable residential use with a limited mix of commercial and manufacturing uses;
- (f) to provide a new housing opportunity of a type and at a density appropriate to these Community Districts;
- (g) to ensure the provision of safe and sanitary housing units in converted buildings; and
- (h) to ensure the provision of adequate amenities in conjunction with residential development.

(2/2/11)

15-01

Applicability

In Manhattan Community Districts 1, 2, 3, 4, 5 and 6, Brooklyn Community Districts 1, 2, 6 and 8, and Queens Community Districts 1 and 2, #conversions# in #buildings# or portions thereof, erected prior to December 15, 1961, shall be subject to the provisions of this Chapter.

In addition, in Manhattan Community District 1, in the area south of Murray Street and its easterly prolongation and the Brooklyn Bridge, #conversions# in #buildings#, or portions thereof, erected prior to January 1, 1977 shall be subject to the provisions of this Chapter.

For the purposes of this Chapter, #conversion# shall mean the change of non-#residential floor area# to #residences# or #joint living-work quarters for artists#. #Conversions# shall also include the #conversion# of existing floor space used for mechanical equipment and not counted as #floor area# to #residences# or #joint living-work quarters for artists#.

All #conversions# to #residences# shall be permitted only in districts where #residential use# is allowed by the district regulations, or in those #Manufacturing Districts# where #residential use# is allowed pursuant to this Chapter or by authorization or special permit. All #conversions# to #joint living-work quarters for artists# shall be permitted only in districts where such #use# is allowed by the district regulations.

The provisions of Article II, Chapter 8, shall not apply to #buildings converted# pursuant to the provisions of this Chapter.

However, #conversions# that meet all the requirements for #residential development# of Article II (Residence District Regulations) and are located in R4, R5, R6, R7, R8, R9, R10, C1, C2, C3, C4, C5 or C6 Districts are exempt from the provisions of this Chapter. Except as modified by the express provisions of this Chapter, the regulations of the applicable zoning districts remain in effect.

#Developments# or #enlargements# shall be in accordance with the applicable requirements of Article II and Article III, except as provided by authorization pursuant to Section 15-41 (Enlargements of Converted Buildings).

(2/2/11)

15-011

Applicability within Special Purpose Districts

The provisions of this Chapter shall apply in Special Purpose Districts in the Community Districts listed in Section 15-01, as may be modified in the provisions of such Special Purpose Districts, except that the Preservation Area of the #Special Clinton District# is excluded from the applicability of the provisions of this Chapter.

In Community Districts not listed in Section 15-01, the provisions of this Chapter shall apply in the following Special Purpose Districts:

any #Special Mixed Use District# as modified by Article XII, Chapter 3 (Special Mixed Use District);

the #Special Downtown Jamaica District# as modified by Article XI, Chapter 5 (Special Downtown Jamaica District);

the #Special St. George District# as modified by Article XII, Chapter 8 (Special St. George District); and

the #Special Coney Island District# as modified by Article XIII, Chapter 1 (Special Coney Island District).

(9/21/11)

15-012

Applicability within C6-1G, C6-2G, M1-5A, M1-5B or M1-6D Districts

#Conversions# in #buildings#, or portions thereof, in C6-1G or C6-2G Districts shall be permitted only by special permit pursuant to Section 74-782 (Residential conversion within C6-1G, C6-2G, C6-2M, C6-4M, M1-5A, M1-5B, M1-5M and M1-6M Districts).

Except as specifically set forth in Sections 15-013 and 15-026, the provisions of this Chapter are not applicable in M1-5A or M1-5B Districts.

In M1-6D Districts, the conversion to #dwelling units# of #non-residential buildings# erected prior to January 1, 1977, or portions thereof, shall be permitted, subject to Sections 15-11

(Bulk Regulations), 15-12 (Open Space Equivalent) and 15-30 (MINOR MODIFICATIONS), paragraph (b), except as superseded or modified by the provisions of Section 42-481 (Residential uses).

(2/2/11)

15-013

Building permits and variances issued before the effective date of amendment

- (a) Building permits in Manhattan Community Districts 1, 2, 3, 4, 5 and 6

If, before April 9, 1981, a building permit was lawfully issued for an alteration based upon plans filed and pending with the Department of Buildings on or before September 1, 1980, construction pursuant to such permit may be continued, at the option of the owner, without regard to the other provisions of this Chapter. In the event that the construction permitted herein is not completed within 2 years from the issuance of said building permit or prior to April 9, 1982, whichever is later, and a temporary or permanent certificate of occupancy has not been issued, the building permit shall automatically lapse for any portion of a #building# for which a permanent or temporary certificate of occupancy has not been obtained and the right to continue construction on such #floor area# shall terminate, except that the Board of Standards and Appeals may reinstate said permit pursuant to the provisions of paragraphs (a)(1) or (a)(2) of this Section:

- (1) for all #floor area# for which the Board has made a finding that, as of April 9, 1981;
- (i) there was substantial construction in compliance with the approved plans pursuant to which said lapsed permit had been granted; and
- (ii) the completed construction demonstrated a physical commitment of the #floor area# to a layout as #residential# or #joint living-work quarters for artists use#, which construction could not be readily adapted to a non-#residential use# permitted by the Zoning Resolution.

A finding of substantial construction shall not be made unless, on April 9, 1981, the #floor area# was either vacant or occupied by #residential# or #joint living-

work quarters for artists use#, and unless the expenditures prior to April 9, 1981 were significant in proportion to the costs of construction of the entire project, not including the costs of acquisition, demolition, professional fees or financing;

- (2) for all #floor area# for which the Board has made a finding that, as of the date said building permit lapsed, there was substantial construction in compliance with the approved plans pursuant to which said lapsed permit has been granted. A finding of substantial construction shall not be made unless, as of the date said permit lapsed, the #floor area# was either vacant or occupied by #residential# or #joint living-work quarters for artists use#, and unless the expenditures prior to the date said permit lapsed were significant in proportion to the costs of construction of the entire project, not including the costs of acquisition, demolition, professional fees or financing. Notwithstanding anything to the contrary above, the building permit shall only be reinstated pursuant to the provisions of this Section, provided that for any portion of the #building# for which said permit is reinstated:

- (i) the #conversion# shall comply with the provisions of Sections 15-12, 15-24 or 42-14, paragraph (D)(1)(e), as appropriate in the zoning district in which the #building# being #converted# is located, except that the Board may modify the requirements of Sections 15-12, 15-24 or 42-14, paragraph D.(1)(e), provided that the rooftop open space was not permitted under said building permit and the Board determines that the roof either is unsuited for open space #use# or cannot be made suitable for open space #use# at a reasonable cost;

- (ii) there shall be double glazing on all windows in all #dwelling units# or such other window treatment as the Board deems appropriate;

- (b) Building permits in Brooklyn Community Districts 1, 2, 6 and 8 and Queens Community Districts 1 and 2

If, before October 25, 1984, a building permit was lawfully issued for an alteration based upon plans filed and pending with the Department of Buildings on or before April 1, 1984, construction pursuant to such permit may be continued.

(c) Variances

If, before April 9, 1981, in Manhattan Community Districts 1, 2, 3, 4, 5 and 6, or before October 25, 1984, in Brooklyn Community Districts 1, 2, 6 and 8 and Queens Community Districts 1 and 2, a variance to permit the #conversion# of a #building# or portion thereof, to #residential# or #joint living-work quarters for artists use#, which variance has not lapsed pursuant to the provisions of Section 72-23, and a building permit was issued in accordance with the terms of said variance for such #conversion# by the Department of Buildings within two years of the grant of said variance, construction pursuant to such permit may be continued, without regard to the other provisions of this Chapter.

#Dwelling units converted# pursuant to the provisions of this Section which are not subject to the provisions of this Chapter shall also not be subject to the provisions of Section 32-42 (Location within Buildings).

(4/9/81)

15-02

General Provisions

(2/2/11)

15-021

Special use regulations

- (a) In C5 and C6 Districts in Manhattan Community Districts 1, 2, 3, 4, 5 and 6, all existing lawful #uses# in Use Groups 17B or E in #buildings# erected prior to December 15, 1961, shall be considered conforming. Such #uses# may be extended within such #buildings#.
- (b) In C6-2M and C6-4M Districts in Manhattan Community Districts 1, 2, 3, 4, 5 and 6, all new #uses# listed in Use Groups 17B or E are permitted as-of-right in #buildings# erected prior to December 15, 1961, subject to the provisions of Section 32-42 (Location within Buildings).
- (c) In M1-5 and M1-6 Districts located within the rectangle formed by West 23rd Street, Fifth Avenue, West 31st Street and Eighth Avenue, no new #dwelling units# shall be permitted. However, #dwelling units# which the Chairperson

of the City Planning Commission determines were occupied on September 1, 1980, shall be a permitted #use# provided that a complete application for a determination of occupancy is filed by the owner of the #building# or the occupant of a #dwelling unit# in such #building# not later than June 21, 1983. For the purposes of Article 7C of the New York State Multiple Dwelling Law, such a determination of #residential# occupancy on September 1, 1980, shall be deemed to permit #residential use# as-of-right for such #dwelling units#.

All #dwelling units# permitted pursuant to this paragraph (c) shall be required to comply with the requirements of Section 15-22 (Number of Permitted Dwelling Units) or Section 15-026 where applicable, and with Section 15-23 (Light and Air Provisions).

Where the Chairperson of the City Planning Commission has determined that #floor area# was occupied as #dwelling units# on September 1, 1980, and where such #dwelling units# are located in a #building# which, on the date of application to the Department of City Planning under the provisions of this Section, also has #floor area# which is occupied by a #use# listed in Section 15-60 (REFERENCED COMMERCIAL AND MANUFACTURING USES), the Chairperson may permit that any #floor area# in the #building# be used for #dwelling units# provided that:

- (1) the total amount of #floor area# to be used for #dwelling units# does not exceed the amount of #floor area# occupied as #dwelling units# on September 1, 1980;
- (2) any #use# listed in Section 15-60 which is located on #floor area# to be used for #dwelling units# has been offered a new or amended lease within the #building#, with a minimum term of 2 years from the date of application, at a fair market rental for the same amount of #floor area# previously occupied, and such lease is not subject to cancellation by the landlord;
- (3) any #residential# tenant who occupied a #dwelling unit# shall be relocated to a #dwelling unit# within the #building# with a #floor area# equal to not less than 95 percent of the amount of #floor area# in the #dwelling unit# previously occupied; and
- (4) as a result of such action by the Chairperson #residential uses# will be located on #stories# above #manufacturing uses#.

- (d) In M1-6 Districts located within the rectangle formed by West 35th Street, Fifth Avenue, West 40th Street and Sixth Avenue, no #dwelling units# shall be permitted, except that:
- (1) #dwelling units# which the Chairperson of the City Planning Commission determines were occupied on May 18, 1981, shall be a permitted #use# provided that a complete application to permit such #use# is filed by the owner of the #building# or the occupant of the #dwelling unit# not later than June 21, 1983. For the purposes of Article 7C of the New York State Multiple Dwelling Law, such a determination of #residential# occupancy shall be deemed to permit #residential use# as-of-right for such #dwelling unit#.
 - (2) in any #building# for which an alteration application for conversion of #floor area# used for non-#residential use# to #dwelling units# or for an #extension# or minor #enlargement# of existing #residential use#, was filed prior to May 18, 1981, #dwelling units# shall be permitted, provided that such alterations shall comply with the regulations in effect on the date of such filing. The right to convert to #dwelling units# or #extend# or #enlarge# existing #residential use# pursuant to the provisions of this paragraph (d) shall expire one year from July 23, 1981, unless a temporary or permanent certificate of occupancy has been issued.
- (e) In C6-1G and C6-2G Districts, in all #manufacturing# and #commercial buildings# except police stations, courthouses and fire houses, or portions thereof, erected prior to December 15, 1961, #residential use# shall not be permitted unless the City Planning Commission has granted a special permit pursuant to Section 74-782 (Residential conversion in C6-1G, C6-2G, C6-2M, C6-4M, M1-5A, M1-5B, M1-5M and M1-6M Districts). However, if the Chairperson of the City Planning Commission determines that #floor area# in such #buildings# was occupied for #residential use# on April 1, 1984, such #residential use# shall be permitted to remain and no special permit shall be required, provided that a complete application for determination of occupancy is filed by the owner of the #building# or the occupant of a #dwelling unit# in such #building# not later than April 17, 1985.
- (f) In C8 and M1 Districts, no new #dwelling units# are permitted. However, within such districts in the following areas:

(1) Areas in Brooklyn Community District 1

- (i) bounded by South 10th Street, Berry Street, Division Avenue and Wythe Avenue;
- (ii) bounded by South 6th Street, Broadway, Driggs Avenue, South 8th Street and Wythe Avenue;
- (iii) bounded by South 4th Street, Driggs Avenue, South 5th Street and Berry Street;
- (iv) bounded by North 4th Street, Berry Street, North 3rd Street and Wythe Avenue;
- (v) bounded by Metropolitan Avenue, Havemeyer Street, Hope Street and Roebling Street; and

(2) Area in Brooklyn Community District 2, bounded by Water Street, Washington Street, Plymouth Street, Bridge Street, Front Street, Jay Street, York Street, Washington Street, Front Street and Dock Street;

#dwelling units# which the Commissioner of the Department of Buildings determines were occupied on June 4, 1981, and are located in a #building# in which more than 45 percent of the #floor area# consists of #dwelling units# that were occupied on June 4, 1981, shall be a permitted #use#, provided that a complete application for a determination of occupancy is filed by the owner of the #building# or the occupant of a #dwelling unit# in such #building# not later than May 30, 1986.

Such a determination of #residential# occupancy on June 4, 1981 shall be deemed to permit #residential use# as-of-right for such #dwelling units#.

The provisions of Section 15-025 (Double glazed windows) shall not apply to #dwelling units# permitted pursuant to this paragraph (f). All #dwelling units# permitted pursuant to this paragraph (f) shall be required to have double glazed windows.

(2/2/11)

15-022

Location within building

#Dwelling units converted# under the provisions of this Chapter are not subject to the provisions of Section 32-42 (Location Within Buildings).

(2/2/11)

15-023

Notice to residential tenants in mixed use buildings

The owner or developer of a #building converted# under the provisions of this Chapter and containing one or more #dwelling units# and one or more #commercial# or #manufacturing uses# above the first #story# shall be required to notify all prospective #residential# occupants of such #dwelling units# that:

- (a) such #dwelling units# are located in a #building# containing #commercial# or #manufacturing uses# which the City is committed to maintain; and
- (b) such prospective occupants should make any investigation they deem necessary to determine that the conditions existing or permitted to exist are not offensive to such prospective occupant.

Prior to the issuance of a building permit, the owner or developer shall file an affidavit with the Department of Buildings that such notice will be provided in all #residential# leases and offering plans.

(4/9/81)

15-024

Notice of filing to create dwelling units

Within ten days of filing an application with the Department of Buildings for an alteration permit for #dwelling units#, a duplicate copy of such application shall be sent to the Department of City Planning by the applicant for information purposes.

(2/2/11)

15-025

Double glazed windows

All #dwelling units# in #buildings# which contain one or more #uses# listed in Section 15-60 (REFERENCED COMMERCIAL AND MANUFACTURING USES) and #converted# under the provisions of this Chapter shall be required to have double glazing on all windows.

However, #dwelling units# occupied by #residential# tenants on September 1, 1980, in Manhattan Community Districts 1, 2, 3, 4, 5 and 6, or in Brooklyn Community Districts 1, 2, 6 and 8, and Queens Community Districts 1 and 2, shall not be required to have double glazed windows.

(10/13/10)

15-026

Special bulk regulations for certain pre-existing dwelling units, joint living-work quarters for artists and loft dwellings

- (a) The minimum size, #yard#, and density requirements of Sections 15-111, 15-22, 43-17 and 111-40 (REQUIREMENTS FOR LOFT DWELLINGS CONSTRUCTED PRIOR TO OCTOBER 13, 2010), may be replaced by the requirements of this Section for #dwelling units#, #joint living-work quarters for artists# or #loft dwellings#:
 - (1) existing on September 1, 1980 for which a determination of #residential# or #joint living-work quarters for artists# occupancy has been made pursuant to Sections 15-021, paragraph (c), 15-215, 42-133, paragraph (a), 42-141, paragraph (b) or 74-782; or
 - (2) that are registered Interim Multiple Dwellings or are found covered by the New York City Loft Board pursuant to Article 7C of the New York State Multiple Dwelling Law; or
 - (3) that the Loft Board determines were occupied for #residential use# or as #joint living-work quarters for artists# on September 1, 1980.
- (b) Unless required by the Loft Board for the legalization of Interim Multiple Dwelling Units in the implementation of Article 7C of the New York State Multiple Dwelling Law, #dwelling units# or #joint living-work quarters for artists# described in paragraph (a) and existing on such dates may not be divided subsequently into units or quarters of less than 1,200 square feet, and #loft dwellings# may not be divided subsequently into dwellings that do not meet the requirements of Section 111-40.

No #building# that meets the density requirements of Section 15-111 or paragraph (c) of Section 111-40, may subsequently add additional units or quarters except in accordance thereof. No #building# to which the regulations of this Section have been applied may subsequently add additional units or quarters except in accordance with the requirements of Sections 15-111.

- (c) In lieu of the stated minimum size, #yard#, and density requirements of Sections 15-111, 15-22, 43-17 and 111-40, the following regulations shall apply:
 - (1) The minimum size of a #dwelling unit#, #joint living-work quarters for artists#, or #loft dwelling# may be no less than 415 square feet of #floor area#, provided that all of the following requirements are met:
 - (i) the unit or quarters shall contain one or more windows that open onto a #street# or thirty foot #yard#;
 - (ii) the area of such required window shall be not less than eight percent of the #floor area# of the unit or quarters and 50 percent of the area of such required window shall be openable; and
 - (iii) the interior dimension of the wall in which such required window is located shall be no less than 12 feet in width; or
 - (2) The minimum size of a #dwelling unit#, #joint living-work quarters for artists#, or #loft dwelling# may be no less than 600 square feet of #floor area#, provided that all of the following requirements are met:
 - (i) the unit or quarters shall contain one or more windows that open onto either:
 - (a) a ten foot #yard#, where the window sill of such required window is at least 23 feet above #curb level#;
 - (b) a 15 foot #yard#, where the window sill of such required window is less than 23 feet above #curb level#;
 - (c) a #court# with a minimum dimension of 15 feet perpendicular to such required window and 375 square feet or more in area; or

(d) a #street#;

- (ii) the minimum horizontal distance between such required window opening onto a #yard# and any wall opposite such window on the same or another #zoning lot# shall be at least 15 feet;
- (iii) the area of such required window shall be no less than five percent of the #floor area# of the unit or quarters, and 50 percent of the area of such required window shall be openable;
- (iv) the interior dimension of the wall in which such required window is located shall be no less than 12 feet in width;
- (v) the average width of such unit or quarters shall be no less than 14 feet; and
- (vi) not less than two-thirds of the #floor area# of the unit or quarters shall have a floor-to-ceiling height of nine feet or more.

(2/2/11)

15-10

REGULATIONS GOVERNING RESIDENTIAL CONVERSIONS WITHIN EXISTING BUILDINGS IN RESIDENTIAL AND COMMERCIAL DISTRICTS, EXCEPT C6-2M AND C6-4M DISTRICTS

(2/2/11)

15-11

Bulk Regulations

For the #conversion# of non-#residential floor area# to #residences#, the applicable density requirements shall be modified in accordance with the provisions of Section 15-111 (Number of permitted dwelling units), and the regulations governing #open space ratio#, #yards#, the minimum distance between two or more #buildings# on a single #zoning lot# and the minimum distance between windows and walls or #lot lines# are hereby superseded and replaced by the requirements of Sections 15-112 (Light and air provisions) and 15-12 (Open Space Equivalent).

(2/2/11)

15-111

Number of permitted dwelling units

The maximum number of #dwelling units# permitted shall be determined in accordance with the applicable district regulations. However, where the total #floor area# on the #zoning lot# exceeds the maximum #floor area# permitted by the applicable district regulations, such excess #floor area# may be #converted# in its entirety to #residences#. Such excess #floor area# shall be included in the amount of #floor area# divided by the applicable factor in Section 23-20 (DENSITY REGULATIONS).

For the #conversion# of non-#residential floor area# to #residences#, pursuant to Section 74-71 (Landmark Preservation), in C7, C8 and #Manufacturing Districts#, the maximum number of #dwelling units# shall equal the total #floor area# to be #converted# to #residential use# divided by the applicable factor listed in the following table. Fractions equal to or greater than three quarters resulting from this calculation shall be considered to be one #dwelling unit#.

MAXIMUM NUMBER OF DWELLING UNITS

District	Factor
C7 C8-1 C8-2 M1-1 M1-2 M2-1 M2-3 M3	680
C8-3 C8-4 M1-4 M1-5 M2-2 M2-4	740
M1-6	790

In addition, the following provisions shall apply:

No #floor area# shall be #converted# to #rooming units#. #Dwelling units# may be distributed anywhere within a #building# provided that any portion of a #dwelling unit# located in a #cellar# shall also comply with the provisions of Section 15-112 (Light and air provisions.)

Mezzanines constructed pursuant to Chapter 26 of the Administrative Code shall be allowed within individual #dwelling units# provided that the gross area of such mezzanine does not exceed 33 1/3 percent of the #floor area# contained within such #dwelling unit#. Such mezzanines are permitted only in #buildings# with an existing #floor area ratio# of 12 or less,

and only between floors, or between a floor and a roof, existing on January 22, 1998, that are to remain. Such mezzanines shall not be included as #floor area# for the purpose of calculating the minimum required size of a #dwelling unit# or for calculating #floor area# devoted to #dwelling units#.

The density provisions of this Section may be replaced by the regulations of Section 15-026 for #dwelling units# that are registered Interim Multiple Dwellings or are covered by the New York City Loft Board pursuant to Article 7C of the New York State Multiple Dwelling Law or that the Loft Board determines were occupied for #residential use# on September 1, 1980.

(2/2/11)

15-112

Light and air provisions

(a) Spaces other than #rooms#:

- (1) Mezzanines shall be lit and ventilated in accordance with the provisions of Section 27-732 (Natural light requirements) and Article 6 (Standard of Natural Ventilation) of the New York City Building Code.
- (2) #Cellar# space is not permitted in #dwelling units# with three and one-half #rooms# or fewer, unless such #dwelling units# contain at least 1,200 square feet of interior #floor area#.
- (3) Spaces, other than "living rooms," kitchens, bathrooms or mezzanines, with a minimum width of five feet in the narrowest dimension measured perpendicular to a wall enclosing such space, are not permitted in #dwelling units# with two #rooms# or fewer, unless such #dwelling units# contain at least 1,200 square feet of interior #floor area#.

(b) Every #dwelling unit# shall meet the light and air requirements of Section 277 of the Multiple Dwelling Law.

(c) Width to depth ratio

Where there is more than one #dwelling unit# per #story#, the average width of each #dwelling unit# shall be at least one fourth of the depth. Depth is the farthest point within the #dwelling unit# from the exterior #building# wall containing windows used to meet the requirements of

paragraph (b) of this Section, measured perpendicular to such #building# wall. Width is the distance between exterior #dwelling unit# walls measured perpendicular to the depth.

(2/2/11)

15-12

Open Space Equivalent

At least 30 percent of the gross roof area of a #building# containing 15 #dwelling units# shall be provided for recreational use. For each additional #dwelling unit#, 100 square feet of additional roof area shall be provided for recreational use, up to a maximum of 50 percent of the gross roof area. This recreational area shall be accessible to all the occupants of said #building# and their guests. No fees shall be charged to the occupants or their guests. The provisions of this Section may be modified pursuant to Section 15-30.

(8/27/98)

15-13

Special Home Occupation Provision

- (a) In C6 Districts, the #home occupation# provisions of Section 12-10 (DEFINITIONS - Home occupation) shall apply, except that up to 49 percent of the total #floor area# of a #dwelling unit# may be used for a #home occupation#.
- (b) In C5 and C6 Districts, in Manhattan, in the area south of Murray Street and its easterly prolongation and the Brooklyn Bridge, the #home occupation# provisions of Section 12-10 shall apply, except that up to 49 percent of the total #floor area# of a #dwelling unit# may be used for a #home occupation#.

In addition:

- (1) businesses operated as #home occupations# may have up to three non-#residential# employees; and
- (2) notwithstanding the listing of specific #uses# prohibited in the definition of #home occupations# in Section 12-10, a #home occupation# may include any permitted #commercial use#, except beauty parlors,

veterinary medicine and those #uses# listed in Use Group 12.

Such #home occupation# may occupy more than 500 square feet of #floor area# and, for the purposes of this Section, mezzanines shall be counted as #floor area#.

(2/2/11)

15-20

REGULATIONS GOVERNING RESIDENTIAL CONVERSIONS WITHIN EXISTING BUILDINGS IN C6-2M, C6-4M, M1-5M AND M1-6M DISTRICTS

- (a) The #lot area# requirements of the following Sections are hereby superseded and replaced with the requirements of Sections 15-21 and 15-22 for the #conversion# of non-#residential floor area# to #residences#:

Sections 23-20 through 23-26 (DENSITY REGULATIONS);

Section 24-20 (APPLICABILITY OF DENSITY REGULATIONS TO ZONING LOTS CONTAINING BOTH RESIDENTIAL AND COMMUNITY FACILITY USES));

Section 35-40 (APPLICABILITY OF DENSITY REGULATIONS TO MIXED BUILDINGS); and

Section 54-31 (Enlargements or Conversions).

In addition, the regulations governing #open space ratio#, #yards#, the minimum distance between two or more #buildings# on a single #zoning lot# and the minimum distance between windows and walls or #lot lines# are hereby superseded and replaced by the requirements of Sections 15-23 and 15-24.

- (b) In C6-2M, C6-4M, M1-5M and M1-6M Districts, the requirements of Section 15-21 (Use Regulations - Transfer of Preservation Obligations and Conversion Rights) may be waived by authorization of the City Planning Commission in connection with the #conversion# of all or any portion of a #building# to a #residential use#, provided that:
- (1) such #building# is either a landmark or lies within a Historic District designated by the Landmarks Preservation Commission;
 - (2) any alterations to the subject #building#, required in

connection with such #conversion# to #residential use#, have received a Certificate of Appropriateness or other permit from the Landmarks Preservation Commission;

- (3) a program has been established for continuing maintenance that will result in the preservation of the subject #building# or #buildings# as evidenced by a report from the Landmarks Preservation Commission; and
- (4) such #buildings#, or portions thereof, being #converted# to #residential use#, shall comply with the density requirements set forth in Section 74-711 (Landmark preservation in all districts), paragraph (a)(3).

In order to grant an authorization, the City Planning Commission shall find that such waiver shall have minimal adverse effects on the conforming #uses# located within the #building# and in the surrounding area.

The City Planning Commission may prescribe appropriate additional conditions and safeguards in order to enhance the character of the #building# and to minimize adverse effects on the character of the surrounding area.

(2/2/11)

15-21

Use Regulations - Transfer of Preservation Obligations and Conversion Rights

In C6-2M, C6-4M, M1-5M and M1-6M Districts, the #conversion# of #floor area# to #residences# in existing #buildings#, or portions thereof is permitted subject to the certification by the Chairperson of the City Planning Commission that #floor area# has been preserved for #commercial# or #manufacturing uses# in accordance with the provisions of this Section. For the purposes of this Section only, the following mixed-#use# areas are defined:

Southeast Chelsea - All C6-2M, C6-4M, M1-5M and M1-6M Districts between 13th Street and 23rd Street, and Park and Eighth Avenues.

Garment Center East - The C6-4M District located between West 34th Street and West 35th Street, and between Seventh Avenue and Eighth Avenue.

(2/2/11)

15-211

Floor area preservation

The amount or configuration of #floor area# to be preserved may be modified in accordance with the provisions of Section 15-215 (Modification for existing dwelling units).

The amount of #floor area# to be preserved for permitted #commercial# or permitted #manufacturing uses# shall be in accordance with Table I of this Section, if the #floor area# to be #converted# is located in a C6-2M or C6-4M District, and in accordance with Table II of this Section, if the #floor area# to be #converted# is located in a M1-5M or M1-6M District, unless modified by the City Planning Commission pursuant to Section 15-51. Such #floor area# shall be comparable to the #floor area# to be #converted#, as required by Section 15-213.

Such #floor area# may be preserved in the #building# to be #converted#, or in any other #building# within the same mixed-#use# area, as defined in Section 15-21.

Except as provided in Section 15-215 (Modification for existing dwelling units), #floor area# may not be preserved on portions of floors. If the #floor area# which must be preserved includes a fraction of a floor, the next highest number of full floors must be preserved for permitted #commercial# or permitted #manufacturing uses#. #Floor area# used for #home occupations# may not be used to meet the requirements of #floor area# and #stories# which must be preserved for #commercial# or #manufacturing use#. No #accessory# living or sleeping accommodations shall be permitted in the #floor area# preserved for permitted #commercial# or permitted #manufacturing uses#.

All requirements for preservation of #floor area# shall be determined by the entire #lot area# of the #zoning lot#, and by the total #floor area# of the #building# to be #converted#, regardless of the amount of #floor area# being #converted# within the #building#. For the purposes of this Section, any portion of the #building# to be #converted# that has a #residential# certificate of occupancy shall be excluded from the #building's# total #floor area#.

Any #building# that has been partially #converted# pursuant to Section 15-21 and has complied with the preservation requirements of such Section, shall not be required to preserve additional #floor area# for any subsequent #conversion#.

TABLE I
FOR CONVERSION IN C6-2M OR C6-4M DISTRICTS
FLOOR AREA PRESERVED FOR PERMITTED COMMERCIAL OR
PERMITTED MANUFACTURING USE*

#Lot area#	Percentage of #building's# total #floor area# to be preserved
less than 5,000 sq. ft.	33.3
5,000 sq. ft. or more but less than 10,000 sq. ft.	50.0
10,000 sq. ft. or more	66.6

TABLE II
FOR CONVERSION IN M1-5M OR M1-6M DISTRICTS
FLOOR AREA PRESERVED FOR PERMITTED COMMERCIAL OR
PERMITTED MANUFACTURING USE*

#Lot area#	Percentage of #building's# total #floor area# to be preserved
less than 5,000 sq. ft.	33.3
5,000 sq. ft. or more but less than 10,000 sq. ft.	66.6
10,000 sq. ft. or more	66.6

- * All requirements for preservation of #floor area# shall be determined by the entire #lot area# of the #zoning lot#, and by the total #floor area# of the #building# to be #converted#, regardless of the amount of #floor area# being #converted# within the #building#.

(2/2/11)

15-212

Reduced floor area preservation

Notwithstanding the provisions of Section 15-211, Table I as set forth in this Section may be substituted for Table I in Section 15-211, and Table II in this Section may be substituted for Table II in Section 15-211 governing the amount of #floor area# to be preserved, provided that such preserved #floor area# will be occupied by a #commercial# or #manufacturing use# that has been in occupancy for two years prior to the application for a certification under the provisions of Section 15-21 or by a #use# listed in Section 15-60 (REFERENCED COMMERCIAL AND MANUFACTURING USES), and subject to the following conditions:

- (a) Where the preserved #floor area# is occupied by an existing #commercial# or #manufacturing use# for two years immediately preceding the date of application for a certification under Section 15-21, or where the preserved #floor area# is occupied by a #use# listed in Section 15-60, the landlord shall present a lease, signed by both the landlord and such tenant, and certified as recorded by the Office of the City Register of New York County.

Such lease shall:

- (1) be for a period of not less than three years from the date of application for such certification with provision for two years renewal at the tenant's option; and
 - (2) not be subject to cancellation by the landlord.
- (b) Where the preserved #floor area# is occupied by any such #use# for two years immediately preceding the date of application under Section 15-21, and such occupant is the owner of said #floor area#, the Chairperson of the City Planning Commission shall require that the certificate of occupancy designate the preserved #floor area# for a #use# listed in Section 15-60 for a period of five years from the date of such certification.
- (c) Where the preserved #floor area# will be occupied by a #use# listed in Section 15-60 but no such tenant is yet occupying the #floor area#, the owner shall covenant to preserve such #floor area# for a #use# listed in Section 15-60, in the legal commitment required pursuant to Section 15-214.

TABLE I
FOR CONVERSION IN C6-2M OR C6-4M DISTRICTS
REDUCED FLOOR AREA AND FLOORS PRESERVED FOR PERMITTED
COMMERCIAL OR PERMITTED MANUFACTURING USE*

#Lot area#	Percentage of #building's# total #floor area# to be preserved
	one floor, plus, in #buildings# of more than 6 #stories#, 25% of the #floor area# in excess of 6 #stories#
less than 5,000 sq. ft.	
5,000 sq. ft. or more but less than 10,000 sq. ft.	33.3
10,000 sq. ft. or more	50.0

TABLE II
FOR CONVERSION IN M1-5M OR M1-6M DISTRICTS
REDUCED FLOOR AREA AND FLOORS PRESERVED FOR PERMITTED
COMMERCIAL OR PERMITTED MANUFACTURING USE*

#Lot area#	Percentage of #building's# total #floor area# to be preserved
	one floor, plus, in #buildings# of more than 6 #stories#, 25% of the #floor area# in excess of 6 #stories#
less than 5,000 sq. ft.	
5,000 sq. ft. or more but less than 10,000 sq. ft.	50
10,000 sq. ft. or more	50

- * All requirements for preservation of #floor area# shall be determined by the entire #lot area# of the #zoning lot#, and by the total #floor area# of the #building# to be #converted#, regardless of the amount of #floor area# being #converted# within the #building#.

(2/2/11)

15-213 Comparability

Where the #floor area# to be preserved is not located within the

#building# to be #converted#, such #floor area# must be comparable to #floor area# in the #building# to be #converted#. Comparability, shown by an affidavit from a professional engineer or a registered architect, licensed under the laws of the State of New York, shall exist where the #floor area# to be preserved meets the following criteria:

(a) Elevators: load and number

The load and number requirements of this paragraph shall not apply when the #floor area# to be preserved is located on the ground floor or has level access to a #street# or loading facility.

(1) Load

Each elevator shall have a minimum load of 2,000 pounds. The total load of all elevators servicing the #floor area# to be preserved shall be in accordance with the following ratio:

Total load	is greater	Total load
Gross #floor area# of #building# to be preserved	than or equal to 80% of	Gross #floor area# of #building# to be #converted#

(2) Number

There shall be a minimum of two elevators. The number of elevators servicing the #floor area# to be preserved shall be in accordance with the following ratio:

Number of elevators	is greater	Number of elevators
Gross #floor area# of #building# to be preserved	than or equal to 80% of	Gross #floor area# of #building# to be #converted#

Notwithstanding the above, where there is only one elevator servicing the #floor area# to be #converted#, there may be one elevator servicing the #floor area# to be preserved if the following exist:

- (i) the #floor area# to be serviced by the elevator in the #building# to be preserved does not exceed the #floor area# serviced by the elevator in the #building# to be #converted# by more than 10

percent; and

- (ii) the ratio of the volume of the elevator servicing the #floor area# to be preserved to the #floor area# to be preserved is at least 90 percent of the ratio of the volume of the elevator servicing the #floor area# to be #converted# to the #floor area# to be #converted#.

If the number of elevators required pursuant to the above ratio includes a fraction of an elevator, this fraction shall be rounded to the nearest whole number.

(b) Floor load

The floors shall have a minimum live load capacity of 100 pounds per square foot (100 psf).

(c) Size of floors

- (1) The #floor area# shall be located on floors of not less than 3,000 square feet or 50 percent of the size of the floors in the #building# to be #converted#, which ever is greater.
- (2) #Floor area# may not be preserved on portions of floors.

(d) Loading facilities

The loading facilities shall be at least equal in number to those in the #building# to be #converted#. In addition, if such #building# has an off-street loading dock, the #building# containing the #floor area# to be preserved must have such off-street loading facilities.

(e) Column spacing

There shall be a minimum distance between columns of 15 feet, measured on center. In addition, the average distance between columns shall not be less than 90 percent of the average distance between columns in the #building# to be #converted#.

(f) Height of #stories#

The #stories# shall have an average minimum height of ten feet.

The Chairperson of the City Planning Commission may authorize a

modification of the requirements listed in paragraphs (a), (c)(1) or (d) of this Section, pursuant to the regulations of Section 15-30 (MINOR MODIFICATIONS) paragraph (c).

(2/2/11)

15-214

Certification and other requirements of preservation and conversion

- (a) Prior to the issuance of an alteration permit for the #conversion# of #floor area# to #residential use#, the Chairperson of the City Planning Commission shall certify compliance with the requirements of Section 15-21 upon proof of a legal commitment to preserve and maintain the required #floor area# for permitted #commercial# or permitted #manufacturing use#. Such legal commitment shall be executed by all parties having any interest in the #floor area# to be preserved as shown by a certificate issued by a title insurance company licensed to do business in the State of New York showing all such parties in interest.

A "party in interest" in the tract of land shall include only (W) the fee owner thereof, (X) the holder of any enforceable recorded interest superior to that of the fee owner and which could result in such holder obtaining possession of all or substantially all of such tract of land, (Y) the holder of any enforceable recorded interest in all or substantially all of such tract of land which would be adversely affected by the preservation as required herein, and (Z) the holder of any unrecorded interest in all or substantially all of such tract of land which would be superior to and adversely affected by the preservation required herein and which would be disclosed by a physical inspection of the tract of land.

A copy of the legal commitment required herein shall be recorded in the Conveyances Section of the Office of the City Register of New York County upon certification.

- (b) The #floor area# to be preserved shall not already have been preserved by a legal commitment under the provisions of Section 15-21, as evidenced by the report from the title company issued pursuant to (a) above.
- (c) When preservation obligations pursuant to Section 15-211 or 15-212 are transferred between #buildings#, the amount of #floor area# required to be preserved shall not be reduced

by the existence of a previously issued legal commitment for preservation on a portion of the #floor area# in the #building#.

- (d) Any #building# that has been partially #converted# pursuant to Section 15-21 and has complied with the preservation requirements of such Section, shall not be required to preserve additional #floor area# for any subsequent #conversion#.

(2/11/92)

15-215

Modification for existing dwelling units

The requirements of Section 15-211 or 15-212 regarding the amount or configuration of #floor area# to be preserved for permitted #commercial# or permitted #manufacturing uses# may be modified by the Chairperson of the City Planning Commission provided that:

- (a) such #floor area# has a #residential# certificate of occupancy, or consists of registered Interim Multiple Dwellings, or is found covered by the New York City Loft Board pursuant to Article 7C of the New York State Multiple Dwelling Law, or was occupied as #dwelling units# as of September 1, 1980 and a complete application for determination of occupancy has been filed with the Department of City Planning by the owner of the #building# or the occupant of a #dwelling unit# in the #building# not later than June 21, 1983. For the purposes of Article 7C of the New York State Multiple Dwelling Law, such a determination of #residential# occupancy shall be deemed to permit #residential use# as-of-right for such #floor area#; and
- (b) as a result of such #residential# occupancy, the remaining amount of #floor area# in the #building# is less than the amount required to be preserved for permitted #commercial# or #manufacturing uses# pursuant to Section 15-211 or 15-212, or consists of portions of floors.

Such modification of the preservation requirement shall be the minimum necessary in order to permit the legalization of existing #dwelling units# for which a determination of occupancy has been made.

Notwithstanding the above, the Chairperson of the City Planning Commission shall not issue a certification pursuant to Section

15-21 until an application for such certification and modification is submitted by the owner of the #building#.

(2/2/11)

15-22

Number of Permitted Dwelling Units

- (a) In #buildings# where #floor area# is #converted# to #residences# under Section 15-21 (Use Regulations - Transfer of Preservation Obligations and Conversion Rights) where there is more than one #dwelling unit# per #story#, there shall be a minimum #dwelling unit# size of 1,200 square feet of interior #floor area# unless modified pursuant to Section 15-30 (MINOR MODIFICATIONS).

However, the minimum #dwelling unit# size requirement may be replaced by the requirements of Section 15-026 for #dwelling units# existing on September 1, 1980

- (1) for which the Chairperson of the City Planning Commission has made a determination of #residential# occupancy on September 1, 1980 pursuant to Sections 15-021(c) or 15-215; or
- (2) that are registered Interim Multiple Dwellings or are found covered by the New York City Loft Board pursuant to Article 7C of the New York State Multiple Dwelling Law; or
- (3) that the Loft Board determines were occupied for #residential use# on September 1, 1980.

#Dwelling units# existing on September 1, 1980 may not be subsequently divided into units of less than 1,200 square feet, unless required by the Loft Board for the legalization of Interim Multiple Dwelling Units in the implementation of Article 7C of the New York State Multiple Dwelling Law.

- (b) For the purposes of this Section only, mezzanines constructed pursuant to Chapter 26 of the Administrative Code shall be allowed within individual #dwelling units# provided that the gross area of such mezzanine does not exceed 33 and 1/3 percent of the #floor area# contained within such #dwelling unit#. Such mezzanines are permitted only in #buildings# with an existing #floor area ratio# of 12 or less, and only between floors, or between a floor and a roof, existing on January 22, 1998, that are to remain. Such mezzanines shall not be included as #floor area# for

the purpose of calculating the minimum required size of a #dwelling unit# or for calculating #floor area# devoted to #dwelling units#.

(2/2/11)

15-23

Light and Air Provisions

- (a) Every #dwelling unit# shall meet the light and air requirements of Section 277 of the Multiple Dwelling Law.
- (b) Mezzanines shall be lit and ventilated in accordance with the provisions of Section 27-732 (Natural light requirements) and Article 6 (Standard of Natural Ventilation) of the New York City Building Code.
- (c) Width to depth ratio

Where there is more than one #dwelling unit# per #story#, the average width of each #dwelling unit# shall be at least one-fourth of the depth. Depth is the farthest point within the #dwelling unit# from the exterior #building# wall containing windows used to meet the requirements of Section 15-23, paragraph (a), measured perpendicular to such #building# wall. Width is the distance between exterior #dwelling unit# walls measured perpendicular to the depth.

(2/2/11)

15-24

Open Space Equivalent

At least 30 percent of the gross roof area of a #building# containing 15 #dwelling units# shall be provided for recreational #use#. For each additional #dwelling unit#, 100 square feet of additional roof area shall be provided for recreational #use#, up to a maximum of 50 percent of the gross roof area. This recreational area shall be accessible to all the occupants of said #building# and their guests. No fees shall be charged to the occupants or their guests. The provisions of this Section may be modified pursuant to Section 15-30.

(4/9/81)

15-25

Home Occupations

A #home occupation# may occupy a #dwelling unit# as an #accessory use# in excess of the #floor area# limitations of Section 12-10 (DEFINITIONS), and subject to the following:

- (a) Businesses operated as #home occupations# may have up to three non-#residential# employees.
- (b) In addition to the #uses# listed in Section 12-10, a #home occupation# may include a permitted #commercial# or permitted #manufacturing use#. It shall not include the sale of merchandise produced elsewhere.
- (c) The Commissioner of Buildings may issue rules and regulations setting forth appropriate standards to implement the intent of this Section.

(2/2/11)

15-26

Collection of Residential and Commercial Refuse

All #residential# trash shall be consolidated with the trash from the #commercial# or #manufacturing use# tenants and collected in the same manner as the trash from such #commercial# or #manufacturing# tenants. Such collection shall be the responsibility of the owner of the #building# or portion thereof.

(2/2/11)

15-30

MINOR MODIFICATIONS

On application, the Chairperson of the City Planning Commission may grant minor modifications to the following provisions of this Chapter:

- (a) The requirements of Section 15-22 paragraph (a), relating to #dwelling unit# size may be modified provided that the Chairperson of the Commission has administratively certified to the Department of Buildings that the division of one or more #stories# into #dwelling units# with an area of at least 1,200 square feet cannot be accomplished without practical difficulties because the #floor area# of such

#story#, exclusive of exterior walls, and common areas, is within five percent of a multiple of 1,200 square feet.

- (b) The requirements of Section 15-12 and Section 15-24 relating to the #open space# equivalent may be modified provided that the Chairperson of the Commission has administratively certified to the Department of Buildings that the roof either is unsuited for open space use or cannot be made suitable for open space use at reasonable cost.
- (c) The requirements of paragraphs (a) or (d) of Section 15-213 (Comparability) relating to comparability of elevators or loading facilities may be modified provided that the Chairperson of the City Planning Commission has administratively certified to the Department of Buildings that the elevators or loading facilities serving the #floor area# to be preserved provide facilities for #manufacturing# or #commercial uses# that are equivalent or superior to those serving the #floor area# to be #converted#.

The requirements of paragraph (c)(1) of Section 15-213 relating to comparability of size of floors may be modified provided that the Chairperson of the City Planning Commission has administratively certified to the Department of Buildings that the #floor area# to be preserved consists of floors that are of equivalent or larger size than the floors in the #building# to be #converted#.

A developer must send a copy of any request for modification pursuant to this Section to the applicable Community Board at least 20 days prior to the next regularly scheduled Board meeting. If the Community Board chooses to comment on such requests it must do so within 31 days of such notification.

(10/17/07)

15-40

AUTHORIZATION

(2/2/11)

15-41

Enlargements of Converted Buildings

In all #Commercial# and #Residence Districts#, for #enlargements# of #buildings converted# to #residences#, the City Planning

Commission may authorize:

- (a) a waiver of the requirements of Section 15-12 (Open Space Equivalent) for the existing portion of the #building# #converted# to #residences#; and
- (b) the maximum #floor area ratio# permitted pursuant to Section 23-142 for the applicable district without regard for #height factor# or #open space ratio# requirements.

In order to grant such authorization, the Commission shall find that:

- (1) the #enlarged building# is compatible with the scale of the surrounding area;
- (2) open areas are provided on the #zoning lot# that are of sufficient size to serve the residents of the #building#. Such open areas, which may be located on rooftops, courtyards, or other areas on the #zoning lot#, shall be accessible to and usable by all residents of the #building#, and have appropriate access, circulation, seating, lighting and paving;
- (3) the site plan includes superior landscaping for all open areas on the #zoning lot#, including the planting of #street trees#; and
- (4) the #enlarged building# will not adversely affect structures or #open space# in the vicinity in terms of scale, location and access to light and air.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(10/17/07)

**15-50
SPECIAL PERMIT**

(10/17/07)

**15-51
Residential Conversion in C6-1G, C6-2G, C6-2M, C6-4M, M1-5M and
M1-6M Districts**

In C6-1G, C6-2G, C6-2M, C6-4M, M1-5M and M1-6M Districts, the City Planning Commission may permit modification of the requirements of Sections 15-021 paragraph (e), or 15-21 in accordance with the provisions of Sections 74-711 (Landmark preservation in all districts) or 74-782 (Residential conversion in C6-1G, C6-2G, C6-2M, C6-4M, M1-5A, M1-5B, M1-5M and M1-6M Districts).

(10/17/07)

15-60

REFERENCED COMMERCIAL AND MANUFACTURING USES

The following #uses# shall be applicable to Sections 15-021, 15-025, 15-212 and 73-53.

In Use Group 7B:

Exterminators

Gun repair

Sailmaking establishments

Taxidermists' shops

Trade embalmers

Window cleaning contracting establishments

In Use Group 8B:

Upholstering shops

In Use Group 9A:

Blueprinting or photostating establishments

Medical or dental laboratories

Musical instrument repair shops

Plumbing, heating or ventilating equipment showrooms

Printing establishments

Studios - art, music, dancing or theatrical

Typewriter or other small business machine sales, rental or repairs

Umbrella repair shops

In Use Group 9B:

Hair products for head wear, wholesaling

In Use Group 10A:

Depositories for storage of office records, etc.

Photographic or motion picture production studios, radio or television studios.

In Use Group 10B:

All #uses#

In Use Group 11A:

All #uses#

In Use Group 11B:

All #uses#

In Use Group 16A:

Blacksmith shops

Carpentry, custom woodworking or furniture making shops

Electrical, glazing, heating, painting, paperhanging, plumbing, roofing or ventilating contractors establishments

Household or office equipment or machinery repair shops

Machinery rental or sales establishments

Mirror silvering or glass cutting shops

Poultry or rabbit killing establishments

Sign painting shops

Silver plating shops

Soldering or welding shops

Tool, die or pattern-making establishments or similar small machines

In Use Group 16D:

Carpet cleaning establishments

Dry cleaning or cleaning and dyeing establishments

Laundries

Linen, towel or diaper supply establishments

Moving or storage offices

Packing or crating establishments

Photographic developing or printing establishments

Warehouses

Wholesale establishments

In Use Group 17A:

Building material and contractor's yards

Produce or meat markets, wholesale

In Use Group 17B:

All #uses#

In Use Group 17C:

Trucking terminals or motor freight stations

(5/8/13)

Chapter 6

Comprehensive Off-Street Parking Regulations in the Long Island City Area

(5/8/13)

16-00

GENERAL PURPOSES

The provisions of this Chapter establish special comprehensive regulations for off-street parking in the #Long Island City area#, as defined in Section 16-02 (Definitions).

These regulations will allow parking to be provided in a manner that supports a mass transit and pedestrian-oriented central mixed use district.

(5/8/13)

16-01

General Provisions

Except as modified by the express provisions of this Chapter, the regulations of the underlying zoning districts shall remain in effect.

(5/8/13)

16-02

Definitions

Long Island City area

For the purposes of this Chapter, "Long Island City area" shall refer to the area within the boundaries shown on the map in Section 16-03.

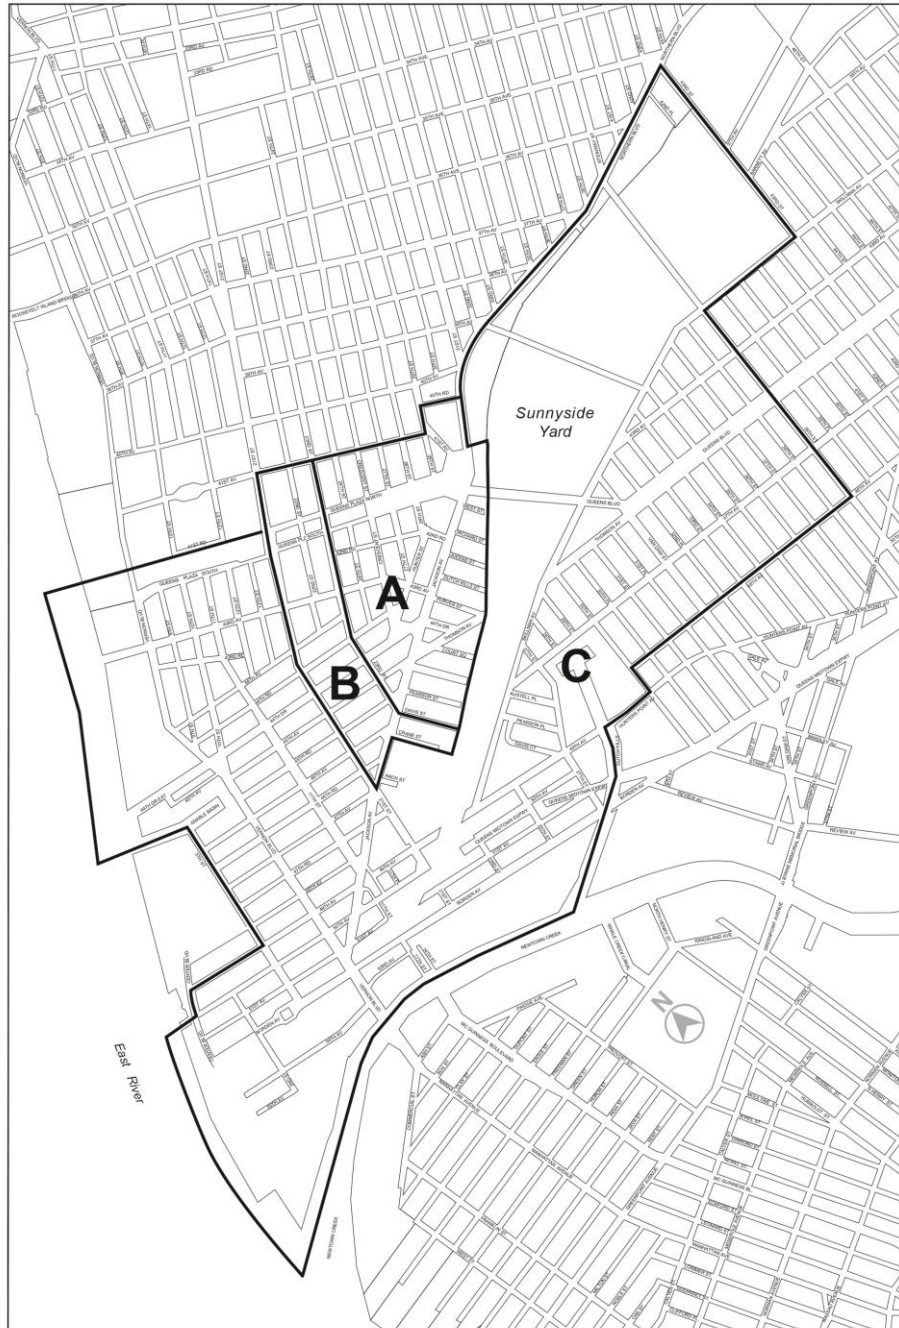

(5/8/13)

16-03

Map of Long Island City area

The #Long Island City area# is shown on the following map for the purpose of specifying areas where special regulations and requirements set forth in this Chapter apply.

Long Island City Area

(5/8/13)

16-04

Areas A, B and C

Areas A, B and C are established within the #Long Island City area#, the boundaries of which are shown on the map in Section 16-03.

(5/8/13)

16-05

Applicability

(5/8/13)

16-051

Applicability of parking regulations within the Long Island City area

The provisions of this Chapter shall apply to #accessory# off-street parking facilities, #public parking lots# and #public parking garages#, as set forth in this Section.

- (a) For #accessory# off-street parking facilities, #public parking garages# and #public parking lots# constructed prior to October 25, 1995, the number of parking spaces required or permitted shall be set forth in Section 16-07 (Existing Buildings and Off-Street Parking Facilities).
- (b) For #accessory# off-street parking facilities, #public parking lots# and #public parking garages developed# or #enlarged# after October 25, 1995, the number of parking spaces permitted in a parking facility shall be as set forth in Section 16-10 (PERMITTED OFF-STREET PARKING IN THE LONG ISLAND CITY AREA). Special rules shall apply to all such #accessory# off-street parking spaces, #public parking lots# and #public parking garages#, as set forth in Section 16-20.
- (c) Any increase in the number of off-street parking spaces in an #accessory# off-street parking facility, #public parking lot# or #public parking garage# resulting in a capacity not otherwise allowed under the applicable regulations of Section 16-10, shall be permitted only by the City Planning Commission, pursuant to the applicable special permit in

Section 16-35 (Special Permits), inclusive.

(5/8/13)

16-052

Applicability of parking regulations for large-scale residential developments within the Long Island City area

The provisions of this Chapter shall not apply to #large-scale residential developments# utilizing Sections 78-41 (Location of Accessory Parking Spaces) or 78-42 (Parking Regulations for Commercial and Community Facility Uses).

(5/8/13)

16-053

Applicability of Special Purpose Districts within the Long Island City area

In addition to the provisions of this Chapter, further requirements relating to the #Long Island City area# can be found in the following Special Purpose Districts:

- (a) the #Special Long Island City Mixed Use District#, as set forth in Section 117-54 (Off-Street Parking and Loading Regulations); and
- (b) the #Special Southern Hunters Point District#, as set forth in Section 125-50 (PARKING REGULATIONS), inclusive.

(5/8/13)

16-06

Previously Approved Special Permits or Authorizations

Any authorization or special permit relating to parking regulations in the #Long Island City area# granted by the City Planning Commission or Board of Standards and Appeals prior to October 25, 1995, may be started or continued, in accordance with the terms thereof, or as such terms may subsequently be modified, pursuant to the regulations in effect at the time such authorization or special permit was granted. Such authorizations or special permits shall be subject to the provisions of Sections

11-42 (Lapse of Authorization of Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and 11-43 (Renewal of Authorization or Special Permit). However, the provisions of this Chapter shall apply to the renewal of any special permit or authorization for a #public parking lot#.

Any subsequent modifications to such authorizations or special permits that involve an increase in the number of off-street parking spaces provided shall only be permitted by the applicable special permit provisions of Section 16-35.

(5/8/13)

16-07

Existing Buildings and Off-Street Parking Facilities

The provisions of this Section shall apply to existing required or permitted #accessory# off-street parking spaces, #public parking lots# and #public parking garages#, established prior to October 25, 1995, in the #Long Island City area#, as applicable, and to existing #buildings developed# without the provision of parking.

(a) Existing parking facilities

Within the #Long Island City area#, existing required or permitted #accessory# off-street parking spaces, #public parking lots# and #public parking garages# established prior to October 25, 1995, shall be subject to the applicable zoning district regulations in effect prior to October 25, 1995, except that:

- (1) any reduction or elimination of existing #accessory# off-street parking spaces that were required under the applicable provisions in effect prior to October 25, 1995, shall not be permitted; and
- (2) #enlargements#, #extensions# or any increase in the number of off-street parking spaces within such off-street parking facilities that result in a capacity not otherwise allowed under the applicable regulations of Section 16-10 (PERMITTED OFF-STREET PARKING IN THE LONG ISLAND CITY AREA) shall only be permitted by special permit by the City Planning Commission pursuant to the applicable provisions of Section 16-35 (Special Permits).

(b) Existing #buildings developed# without parking

Within the #Long Island City area#, existing #buildings developed# without the provision of parking may add up to 15 #accessory# off-street parking spaces only where the City Planning Commission authorizes such additional spaces pursuant to the provisions of Section 16-341 (Limited increase in parking spaces for existing buildings without parking).

(5/8/13)

16-10

PERMITTED OFF-STREET PARKING IN THE LONG ISLAND CITY AREA

No parking shall be required for the #Long Island City area#. Off-street parking spaces located within #accessory# off-street parking facilities, #public parking lots# and #public parking garages# in the #Long Island City area# shall be allowed only as set forth in this Section, inclusive.

All such parking facilities shall be subject to the applicable regulations set forth in Section 16-20.

(5/8/13)

16-11

Permitted Parking for Residences

#Accessory# off-street parking spaces are permitted for #residences# in #developments# or #enlargements#, as follows:

- (a) within Area A, as shown on the map in Section 16-03, #accessory# off-street parking spaces may be provided for not more than 50 percent of the total number of new #dwelling units# contained in the #development# or #enlargement#, or 200 spaces, whichever is less.
- (b) within Areas B and C, as shown on the map, #accessory# off-street parking spaces may be provided for not more than 100 percent of the total number of new #dwelling units# contained in the #development# or #enlargement#.

All such #accessory# off-street parking spaces shall be used exclusively by the occupants of the #residential development# or #enlargement#.

(5/8/13)

16-12

Permitted Parking for Non-Residential Uses

#Accessory# off-street parking spaces are permitted for non-#residential uses# in #developments# or #enlargements#, as follows:

(a) #Transient hotels#

For #transient hotel developments# or #enlargements#, a maximum of 150 #accessory# off-street parking spaces are permitted if there is only one entrance to the #accessory group parking facility# and a maximum of 225 #accessory# off-street parking spaces are permitted if there are two or more entrances. In no event may the number of parking spaces exceed 50 percent of the number of new #transient hotel# rooms. All such parking spaces shall be used primarily for the personnel, guests and occupants of the #transient hotel#.

(b) Hospitals

For hospital #developments# or #enlargements# in Area A, as shown on the map in Section 16-03, a maximum of 150 #accessory# off-street parking spaces, open or enclosed, are permitted if there is only one entrance to the #accessory# group parking facility and a maximum of 225 #accessory# off-street parking spaces, open or enclosed, are permitted if there are two or more entrances.

For hospital #developments# or #enlargements# within Areas B and C, as shown on the map, #accessory# off-street parking may be provided in accordance with the underlying district regulations.

All such parking spaces are to be used exclusively by the hospital staff, patients and visitors.

(c) Other #commercial#, #community facility# and #manufacturing uses#

For #developments# or #enlargements# in Area A containing #community facility uses# other than hospitals, #commercial uses# other than #transient hotels#, or #manufacturing uses#, the maximum number of #accessory# off-street parking spaces permitted shall not exceed one space per 4,000 square feet of such #community facility#, #commercial# or

#manufacturing floor area#, or 100 spaces, whichever is less. All such parking spaces shall be used exclusively by the tenants or employees of the #development# or #enlargement# and shall not be available to the public.

Within Areas B and C, the maximum number of #accessory# off-street parking spaces permitted for each #development#, #enlargement# or alteration shall not exceed one space per 4,000 square feet of #floor area#, or 100 spaces, whichever is less. In the event that the permitted number of #accessory# off-street spaces would be less than 15 spaces, an #accessory# parking facility of up to 15 spaces may be provided. All spaces shall be used exclusively by the tenants or employees of the #development# or #enlargement# and shall not be available to the public.

(5/8/13)

16-13

Permitted Parking for Zoning Lots with Multiple Uses

Where a #development# or #enlargement# contains a combination of #uses# for which parking regulations are set forth in Sections 16-11 (Permitted Parking for Residences) and 16-12 (Permitted Parking for Non-Residential Uses), the number of #accessory# off-street parking spaces for all such #uses# shall not exceed the number of spaces permitted for each #use# in accordance with the provisions of such Sections. However, in no event shall the maximum number exceed 225 #accessory# off-street parking spaces. The exclusive or primary #use# provisions of Sections 16-11 and 16-12 shall be applicable to the number of spaces provided for each #use#.

(5/8/13)

16-14

Permitted Public Parking Lots

#Public parking lots# shall not be permitted within the #Long Island City area#, except where authorized by the City Planning Commission in accordance with the provisions of Section 16-342.

(5/8/13)

16-15

Permitted Public Parking Garages

Within Areas A or B, as shown on the map in Section 16-03, #public parking garages# shall be permitted only in accordance with the special permit provisions of Section 16-352. However, notwithstanding any underlying district regulations, within Subarea C, as shown on the map, #public parking garages# with a maximum capacity of 150 spaces shall be permitted as-of-right within any zoning district.

(5/8/13)

16-16

Permitted Parking for Car Sharing Vehicles and Commercial Vehicles

#Car sharing vehicles# and commercial vehicle parking for motor vehicles not exceeding a length of 20 feet shall be permitted, as follows:

(a) #Accessory# off-street parking facilities

#Car sharing vehicles# may occupy parking spaces in an #accessory# off-street parking facility, provided that such #car sharing vehicles# shall not exceed 20 percent of all parking spaces in such facility, or five spaces, whichever is greater. #Accessory residential# off-street parking spaces shall be made available to the occupant of a #residence# to which it is #accessory# within 30 days after a written request therefor is made to the landlord.

(b) #Public parking garages# and #public parking lots#

(1) #Car sharing vehicles# shall be permitted within #public parking garages# and, where authorized pursuant to Section 16-342, #public parking lots#, provided such vehicles do not exceed, in total, 40 percent of the total number of parking spaces permitted.

(2) Commercial vehicle parking for motor vehicles not exceeding a length of 20 feet shall be permitted within #public parking garages# and, where authorized pursuant to Section 16-342, #public parking lots#, provided that the total amount of parking spaces occupied by commercial vehicles shall not exceed 10 percent of the total number of parking spaces permitted, or 10 spaces, whichever is less.

(5/8/13)

16-20

SPECIAL RULES FOR PARKING FACILITIES WITHIN THE LONG ISLAND CITY AREA

All #accessory# off-street parking facilities, #public parking lots# and #public parking garages developed# or #enlarged# after October 25, 1995, in the #Long Island City area# shall comply with the applicable provisions of this Section, inclusive.

(5/8/13)

16-21

Off-Site Parking

No #accessory# off-street parking spaces shall be located on a #zoning lot# other than the same #zoning lot# as the #use# to which they are #accessory#.

(5/8/13)

16-22

Enclosure, Surfacing and Screening Requirements

All #accessory# off-street parking spaces shall be located within a #completely enclosed building#, with the exception of:

- (a) parking spaces #accessory# to a hospital, as listed in Use Group 4; and
- (b) up to 15 off-street parking spaces #accessory# to #commercial uses# other than a #transient hotel#, as listed in Use Group 5, #community facility uses# other than hospitals, or #manufacturing uses#.

(5/8/13)

16-23

Curb Cut Restrictions

In the #Long Island City area#, for #accessory# off-street parking facilities and #public parking garages#, curb cuts accessing entrances and exits to such parking facilities shall not be permitted at the following locations:

- (a) within 50 feet of the intersection of any two #street lines#, except where the Commissioner of Buildings certifies that such location is not hazardous to traffic safety, is not likely to create traffic congestion and will not unduly inhibit surface traffic or pedestrian flow. The Commissioner of Buildings may refer such matter to the Department of Transportation, or its successor, for a report;
- (b) for #accessory# off-street parking facilities, on 21st Street, 44th Drive, Jackson Avenue, Queens Boulevard, Queens Plaza (North, South and East), Skillman Avenue or Thomson Avenue, except by authorization of the City Planning Commission, pursuant to Section 16-343;
- (c) for #public parking garages#, on 21st Street, 44th Drive, Jackson Avenue, Queens Boulevard, Queens Plaza (North, South and East) or Vernon Boulevard, except by authorization, pursuant to Section 16-343.

(5/8/13)

16-24

Minimum and Maximum Size of Parking Facilities

The gross unobstructed surface area, in square feet, of a permitted #accessory group parking facility# including stalls, aisles, driveways and maneuvering areas shall not exceed 200 times the number of #accessory# off-street parking spaces provided. This size limitation shall not be applicable to off-street parking spaces permitted under the provisions of paragraph (c) of Section 16-12 (Permitted Parking for Non-Residential Uses) where such spaces are exclusively #accessory#, no-charge, self-parking spaces in enclosed facilities with a capacity limited to 100 automobiles. In such facilities, the gross unobstructed surface area, in square feet, shall not exceed 300 times the number of #accessory# off-street parking spaces provided.

(5/8/13)

16-30

AUTHORIZATIONS AND SPECIAL PERMITS

(5/8/13)

16-31

General Provisions

The City Planning Commission may grant authorizations and special permits, pursuant to Sections 16-34, inclusive, and 16-35, inclusive.

All such special permits and authorizations, in addition to meeting the requirements, conditions and safeguards prescribed by the Commission, shall conform to and comply with all of the applicable zoning district regulations of the Zoning Resolution, except as otherwise specified herein.

(5/8/13)

16-32

Requirements for Applications

An application to the City Planning Commission for the grant of a special permit or authorization under the provisions of this Section shall include a site plan showing the location of all #buildings or other structures# on the site, the location of all vehicular entrances and exits and off-street parking spaces, and such other information as may be required by the Commission.

(5/8/13)

16-33

Relationship to Public Improvement Projects

In all cases, the City Planning Commission shall deny a special permit application or authorization whenever the #use# will interfere with a public improvement project (including housing, highways, public #buildings# or facilities, redevelopment or renewal projects, or rights-of-way for sewers, transit or other public facilities) which is approved by or pending before the City Council or the Commission, as determined from the calendar of each agency issued prior to the date of the public meeting on the application for a special permit or authorization.

(5/8/13)

16-34

Authorizations

(5/8/13)

16-341

Limited increase in parking spaces for existing buildings without parking

The City Planning Commission may, by authorization, subject to the otherwise applicable zoning district regulations, allow on-site enclosed #accessory# off-street parking facilities with a maximum capacity of 15 spaces in existing #buildings#, provided that the Commission finds that:

- (a) the #building# does not have #accessory# off-street parking spaces;
- (b) such parking spaces are needed for and will be used exclusively by the occupants of the #use# to which they are #accessory#, except that #car sharing vehicles# may occupy #accessory# off-street parking spaces; however, the number of spaces so occupied shall not exceed five spaces or 20 percent of all such parking spaces, whichever is greater. For the purposes of this paragraph, (b), such need shall exist where there are special circumstances and there are no reasonably viable alternatives to on-site enclosed parking spaces;
- (c) the parking spaces will not create or contribute to serious traffic congestion and will not unduly inhibit surface traffic;
- (d) the parking spaces will not adversely affect pedestrian movement;
- (e) the parking spaces will not be incompatible with, or adversely affect, adjacent #uses# including #uses# within the #building#; and
- (f) the curb cut accessing such parking spaces will not be inconsistent with the character of the existing streetscape.

(5/8/13)

16-342

Public parking lots

The City Planning Commission may authorize #public parking lots# with a capacity of not more than 150 spaces in the #Long Island City area#, provided that the otherwise applicable regulations set forth in Sections 36-55 or 44-44 (Surfacing), and Sections 36-56 or 44-45 (Screening) are met.

As a condition for authorizing any such #public parking lots#, the Commission shall make the following findings:

- (a) such #use# will not be incompatible with, or adversely affect, the growth and development of #uses# comprising vital and essential functions in the general area within which such #use# is to be located;
- (b) such #use# will not create or contribute to serious traffic congestion and will not unduly inhibit vehicular and pedestrian movement;
- (c) such #use# is so located as to draw a minimum of vehicular traffic to and through local #residential streets#; and
- (d) the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including limitations on #signs#, or requirements for shielding of floodlights and for locations of entrances and exits.

(5/8/13)

16-343

Curb cuts

The City Planning Commission may authorize curb cuts located on a #street# designated in Section 16-23 (Curb Cut Restrictions), provided the Commission finds that a curb cut at such location:

- (a) is not hazardous to traffic safety;
- (b) will not create or contribute to serious traffic congestion

or unduly inhibit vehicular movement;

- (c) will not adversely affect pedestrian movement;
- (d) will not interfere with the efficient functioning of bus lanes, specially designated #streets# and public transit facilities; and
- (e) will not be inconsistent with the character of the existing streetscape.

(5/8/13)

16-35

Special Permits

(5/8/13)

16-351

Accessory off-street parking spaces

The City Planning Commission may, by special permit, subject to the otherwise applicable zoning district regulations, allow on-site or off-site, open or enclosed, #accessory# off-street parking facilities with any capacity not otherwise allowed under Section 16-10 (PERMITTED OFF-STREET PARKING IN THE LONG ISLAND CITY AREA), provided the Commission finds that:

- (a) such parking spaces are needed for, and will be used by, the occupants, visitors, customers or employees of the #use# to which they are #accessory#, except that #car sharing vehicles# may occupy #accessory# off-street parking spaces; however, the number of spaces so occupied shall not exceed five spaces or 20 percent of all such parking spaces, whichever is greater;
- (b) within the vicinity of the site, there are insufficient parking spaces available;
- (c) the facility will not create or contribute to serious traffic congestion or unduly inhibit vehicular and pedestrian movement;
- (d) the facility is so located as to draw a minimum of vehicular traffic to and through local #residential streets#; and

- (e) adequate reservoir space is provided at the vehicular entrance to accommodate vehicles equivalent in number to 20 percent of the total number of parking spaces, up to 50 parking spaces, and five percent of any spaces in excess of 200 parking spaces, but in no event shall such reservoir spaces be required for more than 50 vehicles. However, in the case of a facility with a capacity of 10 vehicles or less, the Commission may waive this finding.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including traffic improvements, if necessary, and limitations on #signs# or requirements for shielding or floodlights or for locations of entrances and exits.

(5/8/13)

16-352

Public parking garages and public parking lots

The City Planning Commission may, by special permit, allow #public parking garages# and #public parking lots# not otherwise permitted, pursuant to the applicable provisions of Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas).

Article II

Residence District Regulations

Chapter 1

Statement of Legislative Intent

(2/26/67)

21-00

GENERAL PURPOSES OF RESIDENCE DISTRICTS

The Residence Districts established in this Resolution are designed to promote and protect public health, safety, and general welfare. These general goals include, among others, the following specific purposes:

- (a) To provide sufficient space in appropriate locations for residential development to meet the housing needs of the City's present and expected future population, with due allowance for the need for a choice of sites.
- (b) To protect residential areas against fire, explosions, toxic and noxious matter, radiation, and other hazards, and against offensive noise, vibration, smoke and other particulate matter, odorous matter, heat, humidity, glare, and other objectionable influences.
- (c) To protect residential areas, as far as possible, against heavy traffic and against through traffic of all kinds.
- (d) To protect residential areas against congestion, as far as possible, by regulating the density of population and the bulk of buildings in relation to the land around them and to one another, and by providing for off-street parking spaces; to require the provision of open space in residential areas wherever practicable; and to encourage the provision of additional open space by permitting moderately higher bulk and density with better standards of open space, in order to open up residential areas to light and air, to provide open areas for rest and recreation, and to break the monotony of continuous building bulk, and thereby to provide a more desirable environment for urban living in a congested metropolitan area.
- (e) To protect the character of certain designated areas of historic and architectural interest, where the scale of

building development is important, by limitations on the height of buildings.

- (f) To provide for access of light and air to windows and for privacy, as far as possible, by controls over the spacing and height of buildings and other structures.
- (g) To provide appropriate space for those educational, religious, recreational, health, and similar facilities which serve the needs of the nearby residents, which generally perform their own activities more effectively in a residential environment, and which do not create objectionable influences.
- (h) To provide freedom of architectural design, in order to encourage the development of more attractive and economic building forms.
- (i) To promote the most desirable use of land and direction of building development in accord with a well-considered plan, to promote stability of residential development, to protect the character of the district and its peculiar suitability for particular uses, to conserve the value of land and buildings, and to protect the City's tax revenues.

(12/15/61)

21-10

PURPOSES OF SPECIFIC RESIDENCE DISTRICTS

(12/15/61)

21-11

R1 and R2 - Single-Family Detached Residence Districts

These districts are designed to provide a suitable open character for single-family detached dwellings at low densities. These districts also include community facilities and open uses that serve the residents of these districts or benefit from an open residential environment.

(8/14/08)

21-12

R2X - Single-Family Detached Residence District

This district is designed to provide for large single-family detached dwellings on narrow zoning lots. This district also includes community facilities and open uses that serve the residents of the district or benefit from a residential environment.

This district may be mapped only within the Special Ocean Parkway District and Community District 14 in the Borough of Queens.

(12/5/90)

21-13

R3A, R3X and R4A - Detached Residence Districts

These districts are designed to provide for single- or two-family detached dwellings on zoning lots of specified lot widths. R3A Districts also permit zero lot line buildings. These districts also include community facilities and open uses that serve the residents of these districts or benefit from a residential environment.

(12/5/90)

21-14

R3-1 and R4-1 - Detached and Semi-Detached Residential Districts

These districts are designed to provide for single- or two-family detached or semi-detached dwellings. R4-1 Districts also permit zero lot line buildings. These districts also include community facilities and open uses that serve the residents of these districts or benefit from a residential environment.

(7/26/01)

21-15

R3-2, R4, R4B, R5, R6, R7, R8, R9 and R10 - General Residence Districts

These districts are designed to provide for all types of residential buildings, in order to permit a broad range of housing types, with appropriate standards for each district on

density, open space, and spacing of buildings. However, R4B Districts are limited to single- or two-family dwellings, and zero lot line buildings are not permitted in R3-2, R4 (except R4-1 and R4B), and R5 (except R5B) Districts. The various districts are mapped in relation to a desirable future residential density pattern, with emphasis on accessibility to transportation facilities and to various community facilities, and upon the character of existing development. These districts also include community facilities and open uses which serve the residents of these districts or benefit from a residential environment.

R7-3 and R9-1 Districts may be mapped only within the waterfront area and in the Special Mixed Use Districts and, in addition, R7-3 Districts may be mapped in the Special Long Island City Mixed Use District.

(12/15/61)

Chapter 2 Use Regulations

(3/26/14)

22-00 GENERAL PROVISIONS

In order to carry out the purposes and provisions of this Resolution, the #uses# of #buildings or other structures# and the open #uses# of #zoning lots#, or portions thereof, have been classified and combined into Use Groups. A brief statement is inserted at the start of each Use Group to describe and clarify the basic characteristics of that Use Group. Use Groups 1, 2, 3, 4 and 6, including each #use# listed separately therein, are permitted in #Residence Districts# as indicated in Sections 22-11 to 22-15, inclusive.

The following chart sets forth the Use Groups permitted in the #Residence Districts#.

USE GROUPS PERMITTED IN RESIDENCE DISTRICTS

		Use Groups			
		Residential		Community Facilities	
		1	2	3	4
Districts					
#Single-family detached residences#	R1				
	R2	x		x	x
#Single-# and #two-family detached# and #zero lot line residences#	R3A	x	x	x	x
	R3X				
#Single-# and #two-family detached residences#	R4A	x	x	x	x
	R5A				
#Single-# and #two-family detached# and #semi-detached residences#	R3-1	x	x	x	x

#Single-# and #two-family detached#,#semi-detached# and #zero lot line residences#	R4-1	x	x	x	x
#Single-# and #two-family residences# of all types	R4B	x	x	x	x
General #residences#*	R3-2 R4-R10	x	x	x	x

* #Zero lot line buildings# are not permitted in R3-2, R4 (except R4-1 and R4B), and R5 (except R5B and R5D) Districts

Whenever a #use# is specifically listed in a Use Group and also could be construed to be incorporated within a more inclusive #use# listing, either in the same or another Use Group, the more specific listing shall control.

The #uses# listed in the various Use Groups set forth in Sections 22-11 to 22-15, inclusive, are also listed in alphabetical order in the Index at the end of this Resolution for the convenience of those using this Resolution. Whenever there is any difference in meaning or implication between the text of these Use Groups and the text of the Index, the text of these Use Groups shall prevail.

Special regulations applying in the #waterfront area# are set forth in Article VI, Chapter 2.

In R10H Districts, an eating or drinking establishment, permitted pursuant to Section 72-21 (Findings Required for Variances), that operates a #sidewalk cafe# pursuant to the provisions of Article I, Chapter 4, may be #enlarged# into any open area that may exist between the #street wall# and the #street line#.

For the purposes of this Chapter, any #residence# and any #accessory building abutting# such #residence# on the same #zoning lot#, shall be considered a single #building#.

(12/15/61)

22-10

USES PERMITTED AS-OF-RIGHT

(2/2/11)

22-11

Use Group 1

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Use Group 1 consists of #single-family detached residences#.

A. #Residential uses#

#Single-family detached residence#

B. #Accessory uses#

(2/2/11)

22-12

Use Group 2

R3 R4 R5 R6 R7 R8 R9 R10

Use Group 2 consists of all other types of #residences#.

A. #Residential uses#

#Residences# of all kinds, including #apartment hotels# and #non-profit residences for the elderly#, except that:

- (1) in R3A, R3X, R4A and R5A Districts, #residential uses# shall be limited to #single-# or #two-family detached residences# except that in R3A Districts single- or two-family #zero lot line buildings# are also permitted;
- (2) in R3-1 and R4-1 Districts, #residential uses# shall be limited to #single-# or #two-family residences detached# or #semi-detached# except that in R4-1 Districts single- or two-family #zero lot line buildings# are also permitted;
- (3) in R4B Districts, #residential uses# shall be limited to #single-# or #two-family residences# in #detached#, #semi-detached#, #attached#, or #zero lot line buildings#.

B. #Accessory uses#

(2/2/11)

22-13

Use Group 3

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Use Group 3 consists of community facilities that:

- (1) may appropriately be located in #residential# areas to serve educational needs or to provide other essential services for the residents; or
- (2) can perform their activities more effectively in a #residential# environment, unaffected by objectionable influences from adjacent industrial or general service #uses#; and
- (3) do not create significant objectionable influences in #residential# areas.

A. #Community facilities#

Colleges or universities¹, including professional schools but excluding business colleges or trade schools

College or school student dormitories and fraternity or sorority student houses¹

Domiciliary care facilities for adults^{2,3} under the jurisdiction of the New York State Board of Social Welfare which have secured certification by such agency

Libraries, museums or non-commercial art galleries

Monasteries, convents or novitiates, without restrictions as to use for living purposes or location in relation to other #uses#

#Non-profit hospital staff dwellings# located on the same #zoning lot# as the non-profit or voluntary hospital and related facilities or on a separate #zoning lot# that is immediately contiguous thereto or would be contiguous but for its separation by a #street# or a #street# intersection

Nursing homes and health-related facilities³ as defined in Section 10 NYCRR 700.2(a) of the New York State Hospital Code, each of which have secured certification by the

appropriate governmental agency. Nursing homes and health-related facilities are not permitted within the boundaries of any Community District in which one or more of the conditions set forth in Section 22-42 (Certification of Certain Community Facility Uses) applies except by special permit as set forth in Section 74-90

Philanthropic or non-profit institutions with sleeping accommodations⁴

Sanitariums³

#Schools#

B. #Accessory uses#

¹ Not permitted in R1 or R2 Districts as-of-right

² Permitted only by special permit by the City Planning Commission pursuant to Section 74-903

³ Nursing homes, health related facilities, domiciliary care facilities for adults and sanitariums that are proprietary facilities are not permitted in R1 or R2 Districts

⁴ The number of persons employed in central office functions shall not exceed 50, and the amount of #floor area# used for such purposes shall not exceed 25 percent of the total #floor area#, or, in R8, R9 or R10 Districts, 25,000 square feet, whichever is greater

(2/2/11)

22-14

Use Group 4

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Use Group 4 consists primarily of community facilities that:

- (1) may appropriately be located in #residential# areas to provide recreational, religious, health, and other essential services for the residents; or
- (2) can perform their activities more effectively in a

#residential# environment, unaffected by objectionable influences from adjacent medium and heavy industrial #uses#; and

- (3) do not create significant objectionable influences in #residential# areas.

Those open #uses# of land which are compatible with a #residential# environment are also included.

A. #Community facilities#

Ambulatory diagnostic or treatment health care facilities¹, limited to public, private, for-profit or not-for-profit medical, health and mental health care facilities licensed by the State of New York, or a facility in which patients are diagnosed or treated by health care professionals, licensed by the State of New York or by persons under the supervision of such licensee for medical, health or mental health conditions, and where such patients are ambulatory rather than admitted. Such facilities shall not include the practice of veterinary medicine, #physical culture or health establishments#, or ophthalmic dispensing. In #buildings# containing #residences#, such facilities shall be limited to locations below the level of the first #story# ceiling, except that such facilities may be located on a second #story# provided there is separate access from the outside or directly from a portion of such facility located on the ground floor

Clubs², except:

- (a) clubs, the chief activity of which is a service predominantly carried on as a business;
- (b) non-commercial outdoor swimming pool clubs;
- (c) any other non-commercial clubs with outdoor swimming pools located less than 500 feet from any #lot line#; or
- (d) any activity or #use# listed within the definitions of either #adult physical culture establishments# or #physical culture or health establishments# in Section 12-10

Community centers or settlement houses

Houses of worship, rectories or parish houses

Monasteries, convents or novitiates used only for living purposes, provided that such #use# is to be part of a group of #buildings# accommodating house of worship activities, #schools# or other house of worship facilities that existed on December 15, 1961, or any applicable subsequent amendment thereto, and that such #use# is to be located on the same #zoning lot# with one or more #buildings# in such group of #buildings# or on a #zoning lot# that is contiguous thereto or directly across the #street# on which such #buildings# face

Non-commercial recreation centers

#Non-profit hospital staff dwellings# restricted to location on the same #zoning lot# as the non-profit or voluntary hospital and related facilities or on a separate #zoning lot# immediately contiguous thereto

Non-profit or voluntary hospitals and related facilities, except animal hospitals

Philanthropic or non-profit institutions without sleeping accommodations excluding ambulatory diagnostic or treatment health care facilities listed in Use Group 4, provided that the number of persons employed in central office functions shall not exceed 50, and the amount of #floor area# used for central office purposes shall not exceed 25 percent of the total #floor area# or 25,000 square feet, whichever is greater, except that in R1, R2, R3, R4, R5, R6 or R7 Districts, the amount of #floor area# used for central office purposes shall in no event exceed 25 percent of the total #floor area#

Proprietary hospitals and related facilities², except animal hospitals

Seminaries

Welfare centers²

B. Open #uses#

Agricultural #uses#, including greenhouses, nurseries, or truck gardens, provided that no offensive odors or dust are created, and that there is no sale of products not produced on the same #zoning lot#

Cemeteries²

Golf courses

Outdoor tennis courts or ice skating rinks², provided that all lighting shall be directed away from nearby #residences#

#Public parks# or playgrounds or private parks

Railroad or transit rights-of-way³

C. #Accessory uses#

¹ Not permitted in R1 or R2 Districts. In R3A, R3X, R3-1, R4A, R4B or R4-1 Districts, such #use# shall be limited to a maximum of 1,500 square feet of #floor area#. However, in R3A, R3X, R3-1, R4A or R4-1 Districts in #lower density growth management areas#, ambulatory diagnostic or treatment health care facilities shall be limited, on any #zoning lot#, to 1,500 square feet of #floor area#, including #cellar# space, except that where a #zoning lot# contains a hospital or nursing home, as defined in the New York State Hospital Code, such 1,500 square feet restriction shall not include #cellar# space

² Not permitted in R1 or R2 Districts as-of-right

³ Use of #railroad or transit air space# is subject to the provisions of Section 22-41 (Air Space over Railroad or Transit Rights-of-Way or Yard)

(3/26/14)

22-15

Use Group 6C

R6 R7 R8 R9 R10

In the districts indicated, when located within Community District 1 in the Borough of Brooklyn, Use Group 6C, as set forth in Section 32-15 (Use Group 6), shall be limited to docks for ferries, other than #gambling vessels#, with a vessel capacity of up to 399 passengers, and docks for water taxis, with a vessel capacity of up to 99 passengers, provided that such docks are certified by the Chairperson of the City Planning Commission, pursuant to Section 62-813 (Docking facilities for ferries or water taxis in certain waterfront areas). Vessel capacity is the U.S. Coast Guard certified capacity of the largest vessel using a

dock.

(12/15/61)

22-20

USES PERMITTED BY SPECIAL PERMIT

(9/9/04)

22-21

By the Board of Standards and Appeals

In the districts indicated, the following #uses# are permitted by special permit of the Board of Standards and Appeals, in accordance with standards set forth in Article VII, Chapter 3.

R3A, R3X, R3-1, R4A, R4B, R4-1

Ambulatory diagnostic or treatment health care facilities listed in Use Group 4, limited to a maximum of 10,000 square feet of #floor area#.

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Camps, overnight or outdoor day [PRC-H]

R1 R2

Clubs, except:

- (a) clubs, the chief activity of which is a service predominantly carried on as a business;
- (b) non-commercial outdoor swimming pool clubs; or
- (c) any other non-commercial clubs with outdoor swimming pools located less than 500 feet from any #lot line#;
- (d) any activities or #uses# listed within the definitions of either #adult physical culture establishments# or #physical culture or health establishments# in Section 12-10

R1 R2

Colleges or universities, including professional schools, but excluding business colleges or trade schools

R1 R2

College or school student dormitories or fraternity or sorority

student houses

R1 R2

Outdoor tennis courts or ice skating rinks, provided that all lighting shall be directed away from nearby #residential zoning lots#

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Public utility or public service facilities

Electric or gas utility substations, limited in each case to a site of not more than 10,000 square feet

Electric utility substations, limited to a site of not less than 10,000 square feet nor more than 40,000 square feet

Public transit or railroad electric substations, limited in each case to a site of not less than 10,000 square feet nor more than 40,000 square feet

Public utility stations for oil or gas metering or regulating

Telephone exchanges or other communications equipment structures

Terminal facilities at river crossings for access to electric, gas, or steam lines

Water or sewage pumping stations

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Radio or television towers, non-#accessory#

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Riding academies or stables [PRC-C]

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Sand, gravel, or clay pits

R1 R2

Welfare centers

(3/26/14)

22-22

By the City Planning Commission

In the districts indicated, the following #uses# are permitted by

special permit of the City Planning Commission, in accordance with standards set forth in Article VII, Chapter 4, or as otherwise indicated in this Section.

R3 R4 R5 R6 R7 R8 R9 R10

Docks for ferries or water taxis as listed in Use Group 6 pursuant to Section 62-832 (Docks for ferries or water taxis in Residence Districts), except in R6 through R10 Districts in Community District 1 in the Borough of Brooklyn

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Domiciliary care facilities for adults

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Fire stations [PRC-C]

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Non-commercial clubs with outdoor swimming pools less than 500 feet from any #lot line#

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Non-commercial outdoor swimming pool clubs

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

#Non-profit hospital staff dwellings# located not more than 1,500 feet from the non-profit or voluntary hospital

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Nursing home and health-related facilities in Community Districts in which the conditions set forth in Section 22-42 (Certification of Certain Community Facility Uses) apply. However, proprietary nursing homes, proprietary health-related facilities and proprietary domiciliary care facilities for adults are not permitted in R1 and R2 Districts and the special permit provisions shall not apply to such facilities

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Police stations [PRC-C]

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Public transit, railroad, or electric utility substations, limited in each case to a site of not less than 40,000 square feet and not more than 10 acres

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Railroad passenger stations

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Seaplane bases

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10
Sewage disposal plants

R10-H
#Transient hotels#

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10
#Uses# listed in a permitted Use Group for which #railroad or
transit air space# is #developed#

(4/8/98)

22-30

SIGN REGULATIONS

(5/22/63)

22-31

Definitions

Words in *italics* are defined in Section 12-10 (DEFINITIONS) or,
if applicable exclusively to this Section, in this Section.

(4/8/98)

22-32

Permitted Non-Illuminated Accessory Signs

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, non-#illuminated accessory signs#
are permitted as set forth in this Section, subject to the
provisions of Section 22-34 (Additional Regulations).

(2/2/11)

22-321

Nameplates or identification signs

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

(a) For all #buildings# containing #residences#, one nameplate,

with an area not exceeding one square foot and indicating only the name or address of the occupant or a permitted occupation, is permitted for each #dwelling unit# or #rooming unit#.

- (b) For multiple dwellings, including #apartment hotels#, or for permitted #non-residential buildings or other structures# exclusive of hospitals and related facilities, one identification #sign#, with an area not exceeding 12 square feet and indicating only the name of the permitted #use#, the name or address of the #building#, or the name of the management thereof, is permitted. For #community facility uses#, except hospitals and related facilities, a bulletin board, with an area not exceeding 16 square feet, is also permitted. For any #sign# on awnings or canopies, the height of letters on any side of such awnings or canopies shall not exceed 12 inches.
- (c) For hospitals and related facilities, any number of identification or directional #signs# are permitted, provided the total #surface area# in square feet of all such #signs# shall not exceed 25 square feet on any one #street# frontage or 15 percent of such #street# frontage in feet, whichever is less. However, for #zoning lots# with more than one #building# that front upon the same #street#, each such #building# shall be permitted a #surface area# of 25 square feet. In addition to the aforementioned #signs#, either one directory or bulletin board, or combination thereof, is permitted, not to exceed 50 square feet.

(12/15/61)

22-322

"For sale" or "for rent" signs

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

"For sale" or "for rent" #signs#, with an area not exceeding 12 square feet, are permitted. If located on vacant land, such a #sign# shall not be within 15 feet of the #street line#, nor within six feet of any other #lot line#.

(9/29/10)

22-323

Signs for parking areas

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

One #sign#, with an area not exceeding two square feet, designating each entrance to or exit from an off-street parking area, open or enclosed, is permitted. No such #sign# shall be higher than seven feet above #curb level#.

In addition, an off-street parking facility that contains #car sharing vehicles# may provide #signs# that in the aggregate total no more than two square feet in area identifying organizations that have #car sharing vehicles# available at such parking area. No such #sign# shall be located higher than seven feet above #curb level#.

(4/8/98)

22-33

Signs on Lots Containing Certain Community Facilities

(2/2/11)

22-331

Permitted illuminated accessory signs for hospitals and related facilities

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, for hospitals and related facilities, #illuminated# non-#flashing accessory signs# are permitted in all districts, subject to Section 22-34 (Additional Regulations). Any number of #illuminated# non-#flashing# identification or directional #signs# are permitted, provided that the total #surface area# in square feet of said #illuminated signs# or the combined total #surface area# in square feet of the #illuminated# and non-#illuminated# identification or directional #signs# does not exceed 25 square feet on any one #street# frontage or 15 percent of such #street# frontage in feet, whichever is less, and provided further that the Commissioner of Buildings determines that such #signs# are so located as to cause a minimum amount of light to be projected onto abutting or adjacent #residences#. However, for #zoning lots# with more than one #building# that front upon the same #street#, each such #building# shall be permitted a #surface area# of 25 square feet.

In addition to #illuminated# or non-#illuminated accessory

signs#, one illuminated non-flashing directory or bulletin board or combination thereof is permitted in lieu of a non-illuminated directory or bulletin board or combination thereof provided that the total #sign# area does not exceed 50 square feet and provided further that the Commissioner of Buildings determines that such #sign# is so located as to minimize the amount of light projected on the abutting or adjacent #residences#.

(4/8/98)

22-332

Flags, banners or pennants on lots containing certain community facilities

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, flags, banners or pennants other than those that are #advertising signs#, located on any #zoning lot# used primarily for #community facility uses# of a civic, philanthropic, educational or religious nature, are permitted without limitation.

(4/8/98)

22-34

Additional Regulations

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts as indicated, any #sign# permitted under the provisions of Sections 22-32 (Permitted Non-illuminated Accessory Signs) and 22-331 (Permitted Illuminated Accessory Signs for Hospitals and Related Facilities) shall conform to the regulations set forth in this Section.

(12/15/61)

22-341

Projecting signs

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

No #sign# shall project across a #street line# more than 12 inches.

(12/15/61)

22-342

Height of signs

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

No #sign# shall extend above the ground floor ceiling, or more than 20 feet above #curb level#, whichever is less.

(8/26/65)

22-343

Number of signs

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Except as otherwise provided in Section 22-32 (Permitted Non-Illuminated Accessory Signs) or Section 22-33 (Permitted Illuminated Accessory Signs for Hospitals and Related Facilities), not more than one #sign# is permitted for each #use#, #building# or #dwelling unit#, and not more than two #signs# for each professional office. On a #corner lot# or #through lot#, one #sign# (or for professional offices, two #signs#) is permitted on each #street#.

(4/8/98)

22-35

Advertising Signs on Waterways

No moving or stationary "advertising sign" shall be displayed on a vessel plying waterways adjacent to #Residence Districts# and within view from an arterial highway. For the purposes of this Section, arterial highways shall include all highways that are shown on the Master Plan of Arterial Highways and Major Streets as "principal routes," "parkways" or "toll crossings" and that have been designated by the City Planning Commission as arterial highways to which the provisions of this Section shall apply. For the purposes of this Section "advertising sign" is a sign that directs attention to a profession, business, commodity, service or entertainment conducted, sold or offered elsewhere than upon the premises of the vessel and is not #accessory# to a #use# on such vessel.

(9/27/62)

22-40

SUPPLEMENTARY USE REGULATIONS

(2/22/90)

22-41

Air Space over a Railroad or Transit Right-of-way or Yard

(9/27/62)

22-411

Definitions

Words in italics are defined in Section 12-10 (DEFINITIONS) or, if applicable to this Section, in this Section.

(2/2/11)

22-412

Use of railroad or transit air space

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

- (a) In all districts, as indicated, #railroad or transit air space# may be #developed# or used only for a permitted #use accessory# to the railroad or transit right-of-way or yard, a #use# permitted by the City Planning Commission as set forth in Section 74-681 (Development within or over a railroad or transit right-of-way or yard), or a railroad passenger station permitted by the City Planning Commission as set forth in Section 74-62 (Railroad Passenger Stations) unless the right-of-way or yard or portion thereof is no longer required for railroad or transit #use# as set forth in paragraph (b) of this Section.

If any #building or other structure# constructed in such #railroad or transit air space# in accordance with the provisions of Section 74-681 (Development within or over a

railroad or transit right-of-way or yard) is #enlarged# or replaced by a new #building or other structure#, the provisions of this Section shall apply to such #enlargement# or replacement.

However, any #use# legally established in such #railroad or transit air space# in accordance with the provisions of Section 74-681 (Development within or over a railroad or transit right-of-way or yard) may be changed to another #use# listed in a permitted Use Group, and no additional special permit from the City Planning Commission shall be required for such change of #use#.

Any #building or other structure# within or over a railroad or transit right-of-way or yard, which #building or other structure# was completed prior to September 27, 1962, or constructed in accordance with the applicable provisions of Sections 11-31 to 11-34, inclusive, prior to December 5, 1991, may be #enlarged# or replaced in accordance with the applicable district regulations without any requirement for a special permit from the City Planning Commission. Ownership of rights permitting the #enlargement# or replacement of such a #building or other structure# shall be deemed to be equivalent to ownership of a #zoning lot# or portion thereof, provided that such #enlargement# or replacement will be on one #block# and the rights are in single ownership and recorded prior to February 22, 1990. Such ownership of rights shall be deemed to include alternative arrangements specified in the #zoning lot# definition in Section 12-10 (DEFINITIONS).

#Enlargement# or replacement utilizing these ownership rights shall be deemed to be constructed upon the equivalent of a #zoning lot#.

- (b) When the #use# of a railroad or transit right-of-way or yard or portion thereof has been permanently discontinued or terminated and a #large-scale residential development#, #large-scale community facility development# or #large-scale general development# requiring one or more special permits is proposed, no use or #development# of the property shall be allowed until the City Planning Commission has authorized the size and configuration of all #zoning lots# on such property. As a condition for such authorization, the Commission shall find that:

- (1) the proposed #zoning lots#, indicated by a map describing the boundaries of and the total area of each lot, are not excessively large, elongated or irregular in shape and that no #development# on any #zoning lot#

would result in the potential for an excessive concentration of #bulk# that would be incompatible with allowable #development# on adjoining property; and

- (2) each resulting #zoning lot# has direct access to one or more #streets#.

No subsequent alteration in size or configuration of any #zoning lot# approved by the Commission shall be permitted unless authorized by the Commission. The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects of such #zoning lot# designation on the character of the surrounding area. Such conditions shall be set forth in a written Declaration of Restrictions covering all tracts of land or in separate written Declarations of Restrictions covering parts of such tracts of land and which in the aggregate cover the entire tract of land comprising the #zoning lot# and which is executed and recorded as specified in the definition of #zoning lot# in Section 12-10 (DEFINITIONS).

Prior to granting any #zoning lot# authorization relating to the above mentioned right-of-way or yard, the City Planning Commission shall request the Metropolitan Transportation Authority and the Departments of Transportation of the State of New York and the City of New York to indicate within 30 days whether said agencies have any plan to use such property or portion thereof for a railroad or transit #use#.

(2/2/11)

22-42

Certification of Certain Community Facility Uses

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all #Residence Districts#, for any nursing homes and health-related facilities or #enlargement#, #extension# or change in #use# thereof, the City Planning Commission shall certify to the Department of Buildings, prior to the filing of any plans by the applicant for a building permit for such #use#, that none of the following conditions applies to the Community District within which such #use# or #enlargement#, #extension# or change in such #use# is to be located:

- (a) the ratio between the number of beds for such #uses# in existence, under construction or approved toward construction by the appropriate Federal or State

governmental agency, to the population of the Community District compared to such ratio for other Community Districts shows a relative concentration of facilities covered in this Section in the affected district; or

- (b) a scarcity of land for general community purposes exists; or
- (c) the incidence of construction of facilities for the last three years warrants review over these facilities because they threaten to disrupt the land use balance in the community.

If the Commission finds that one or more of the conditions set forth in this Section applies to the Community District within which such #use# or #enlargement#, #extension# or change in such #use# is to be located, a special permit pursuant to Section 74-90 shall be required.

(2/2/11)

22-43

Detached and Semi-Detached Two-Family Residences

R3-1 R3A R3X R4-1 R4A

In R3A, R3X or R4A Districts, a #detached two-family residence# shall be designed so that at least 75 percent of the #floor area# of one #dwelling unit# is located directly above or directly below the other, and in R3-1 or R4-1 Districts, each #semi-detached two-family residence# shall be designed so that at least 75 percent of the #floor area# of one #dwelling unit# is located directly above or directly below the other.

The City Planning Commission may, upon application, authorize the waiver of these requirements, provided that:

- (a) the #development# is compatible with the scale and character of the surrounding area; and
- (b) in R3A, R3X or R4A Districts, the design does not give the appearance of a #semi-detached building#; or
- (c) in R3-1 or R4-1 Districts, the design does not give the appearance of an #attached building#; and each #dwelling unit# has a perimeter wall with windows facing a #side yard#.

Applications for authorizations shall be referred to the affected

Community Board for a period of at least 30 days for comment.
The City Planning Commission shall grant in whole or in part or
deny the application within 60 days of the completion of the
Community Board review period.

Chapter 3

Residential Bulk Regulations in Residence Districts

(12/15/61)

23-00

APPLICABILITY AND GENERAL PURPOSES

(10/9/13)

23-01

Applicability of This Chapter

The #bulk# regulations of this Chapter apply to any #zoning lot# or portion of a #zoning lot# located in any #Residence District# which contains any #building or other structure#, other than a #community facility building# or the #community facility# portion of a #building# used for both #residential# and #community facility uses#. The #bulk# regulations of Article II, Chapter 4, shall apply to a #zoning lot# containing a #community facility building# or to the #community facility# portion of a #building# used for both #residential# and #community facility uses#. In addition, the #bulk# regulations of this Chapter, or of specified Sections thereof, also apply in other provisions of this Resolution where they are incorporated by cross reference.

Existing #buildings or other structures# that do not comply with one or more of the applicable #bulk# regulations are #non-complying buildings or other structures# and are subject to the regulations set forth in Article V, Chapter 4.

Special regulations applying to #large-scale residential developments# or #residential uses# in #large-scale community facility developments# are set forth in Article VII, Chapter 8.

Special regulations applying only in Special Purpose Districts are set forth in Articles VIII, IX, X, XI, XII and XIII.

In Manhattan Community Districts 1, 2, 3, 4, 5 and 6, Brooklyn Community Districts 1, 2, 6 and 8, and Queens Community Districts 1 and 2, the #conversion# of non-#residential floor area# to #residences# in #buildings# erected prior to December 15, 1961 or January 1, 1977, as applicable, shall be subject to the provisions of Article 1, Chapter 5 (Residential Conversions

within Existing Buildings), unless such #conversions# meet the requirements for #residential developments# of Article II (Residence District Regulations).

Special regulations applying in the #waterfront area# are set forth in Article VI, Chapter 2.

Special regulations applying in the #flood zone# are set forth in Article VI, Chapter 4.

(2/2/11)

23-011

Quality Housing Program

R5D R6A R6B R7A R7B R7D R7X R8A R8B R8X R9A R9D R9X R10A R10X

- (a) In R6A, R6B, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9D, R9X, R10A or R10X Districts, any #building or other structure# shall comply with the applicable district #bulk# regulations set forth in this Chapter and any #building# containing #residences# shall also comply with the requirements of Article II, Chapter 8 (Quality Housing Program). However, the provisions of Article II, Chapter 8, shall not apply to #buildings converted# pursuant to Article I, Chapter 5.

In R5D Districts, only certain requirements of Article II, Chapter 8, shall apply as set forth in Section 28-01 (Applicability of this Chapter).

R6 R7 R8 R9 R10

- (b) In the districts indicated without a letter suffix, the #bulk# regulations applicable to #Quality Housing buildings# may, as an alternative, be applied to #zoning lots# where #buildings# are #developed# or #enlarged# pursuant to all of the requirements of the Quality Housing Program. Such #buildings# may be subsequently #enlarged# only pursuant to the Quality Housing Program. In these districts, the Quality Housing #bulk# regulations may apply to #developments# or #enlargements# on #zoning lots# with existing #buildings# to remain, if:

- (1) the existing #buildings# contain no #residences# and the entire #zoning lot# will comply with the #floor area ratio# and density standards applicable to #Quality Housing buildings#; or
- (2) the existing #buildings# contain #residences#, and such

#buildings# comply with the maximum base heights and maximum #building# heights listed in the tables in Sections 23-633 or 35-24 for the applicable district, and the entire #zoning lot# will comply with the #floor area ratio#, #lot coverage# and density standards applicable to #Quality Housing buildings#.

R6 R7 R8 R9 R10

(c) In the districts indicated without a letter suffix, the optional Quality Housing #bulk# regulations permitted as an alternative pursuant to paragraph (b) of this Section, shall not apply to:

(1) Article VII, Chapter 8 (Large Scale Residential Developments);

(2) Special Purpose Districts, except the following:

#Special 125th Street District#;

#Special Downtown Brooklyn District#;

#Special Downtown Jamaica District#;

#Special Grand Concourse Preservation District#;

#Special Limited Commercial District#;

#Special Long Island City Mixed Use District#;

#Special Lower Manhattan District#, as modified in Section 91-05;

#Special Ocean Parkway District#;

#Special Transit Land Use District#; or

#Special Tribeca Mixed Use District#;

(3) #zoning lots# in R6 or R7 Districts within the study areas set forth in this paragraph, (c)(3), and occupied, as of August 14, 1987, by a #single-#, #two-# or three-#family detached# or #semi-detached residence# where 70 percent or more of the aggregate length of the #block# fronts in #residential use# on both sides of the #street# facing each other are occupied by such #residences#. For any #building# on such #zoning lot#, the #floor area ratio# and density requirements of the underlying district shall apply. On a #narrow street# that intersects with a #wide

street#, the 70 percent #residential use# requirement on a #narrow street# shall be measured from a distance of 100 feet from its intersection with a #wide street#.

The study areas are:

In the Borough of The Bronx:

Soundview Area

The area bounded by Story Avenue, the Bronx River, Westchester Avenue, Bronx River Avenue and Rosedale Avenue.

Castle Hill Area

The area bounded by Castle Hill Avenue, Westchester Avenue and East Tremont Avenue.

In the Borough of Brooklyn:

Midwood Area

The area bounded by Avenue M, Coney Island Avenue, Avenue O, and a line midway between East 10th Street and Coney Island Avenue.

Brighton Beach Area

The area bounded by Shore Parkway, NYCTA Brighton Right-of-Way, Brighton Beach Avenue and Ocean Parkway.

In the Borough of Queens:

Elmhurst/Corona Area

The area bounded by Roosevelt Avenue, 114th Street, 34th Avenue and 112th Street.

Forest Hills Area

The area bounded by Queens Boulevard, Union Turnpike, Austin Street and 76th Road.

Flushing Area

The area bounded by 35th Avenue, 149th Street, Northern Boulevard, 147th Street, Ash Avenue, Parsons Boulevard, Franklin Avenue, Bowne Avenue, Cherry Avenue, Kissena Boulevard, Elder Avenue, Main Street, Dahlia Avenue, Saull Street, Maple Avenue, Frame Place, 41st Avenue, College Point

Boulevard, Roosevelt Avenue and Prince Street.

(1/18/11)

23-012

Lower density growth management areas

For areas designated as #lower density growth management areas# pursuant to Section 12-10 (DEFINITIONS), the underlying district regulations shall apply. Such regulations are superseded or supplemented as set forth in the following Sections:

Section 11-45	(Authorizations or Permits in Lower Density Growth Management Areas)
Section 12-10	(DEFINITIONS - Floor area; Lower density growth management area; Private road)
Section 22-14	(Use Group 4 - Ambulatory diagnostic or treatment health care facilities)
Section 23-12	(Permitted Obstructions in Open Space)
Section 23-141	(Open space and floor area regulations in R1, R2, R3, R4 or R5 Districts)
Section 23-32	(Minimum Lot Area or Lot Width for Residences)
Section 23-33	(Special Provisions for Existing Small Lots)
Section 23-35	(Special Provisions for Zoning Lots Containing Certain Community Facility Uses in Lower Density Growth Management Areas)
Section 23-44	(Permitted Obstructions in Required Yards or Rear Yard Equivalents)
Section 23-462	(Side yards for all other residential buildings)
Section 23-532	(Required rear yard equivalents)
Section 23-631	(Height and setback in R1, R2, R3, R4 and R5 Districts)
Section 23-711	(Standard minimum distance between

buildings)

Section 23-881	(Minimum distance between lot lines and building walls in lower density growth management areas)
Section 24-011	(Exceptions to the bulk regulations of this Chapter)
Section 24-04	(Modification of Bulk Regulations in Certain Districts)
Section 25-028	(Applicability of regulations to certain community facility uses in lower density growth management areas)
Section 25-22	(Requirements Where Individual Parking Facilities Are Provided)
Section 25-23	(Requirements Where Group Parking Facilities Are Provided)
Section 25-31	(General Provisions)
Section 25-331	(Exceptions to application of waiver provisions)
Section 25-62	(Size and Location of Spaces)
Section 25-621	(Location of parking spaces in certain districts)
Section 25-622	(Location of parking spaces in lower density growth management areas)
Section 25-624	(Special parking regulations for certain community facility uses in lower density growth management areas)
Section 25-631	(Location and width of curb cuts in certain districts)
Section 25-632	(Driveway and curb cut regulations in lower density growth management areas)
Section 25-64	(Restrictions on Use of Open Space for Parking)
Section 25-66	(Screening)

Section 26-00	(APPLICABILITY OF THIS CHAPTER)
Section 26-30	(SPECIAL REGULATIONS FOR DEVELOPMENTS WITH PRIVATE ROADS IN LOWER DENSITY GROWTH MANAGEMENT AREAS), inclusive
Section 32-11	(Use Groups 1 and 2)
Section 32-433	(Ground floor use in C1, C2 and C4 Districts in the Borough of Staten Island)
Section 37-10	(APPLICABILITY OF ARTICLE II, CHAPTER 6, TO DEVELOPMENTS WITH PRIVATE ROADS)
Section 37-20	(SPECIAL REGULATIONS FOR LOWER DENSITY GROWTH MANAGEMENT AREAS IN THE BOROUGH OF STATEN ISLAND, inclusive
Section 54-313	(Single- or two-family residences with non-complying front yards or side yards)
Section 105-702	(Applicability of lower density growth management area regulations)
Section 107-412	(Special bulk regulations for certain community facility uses)
Section 107-421	(Minimum lot area and lot width for zoning lots containing certain community facility uses)
Section 107-464	(Side yards for permitted non-residential use)
Section 107-62	(Yard, Court and Parking Regulations)
Section 119-05	(Applicability of Parking Location Regulations)
Section 119-214	(Tier II requirements for driveways and private roads)
Section 128-052	(Applicability of Article I, Chapter 2)

(3/1/06)

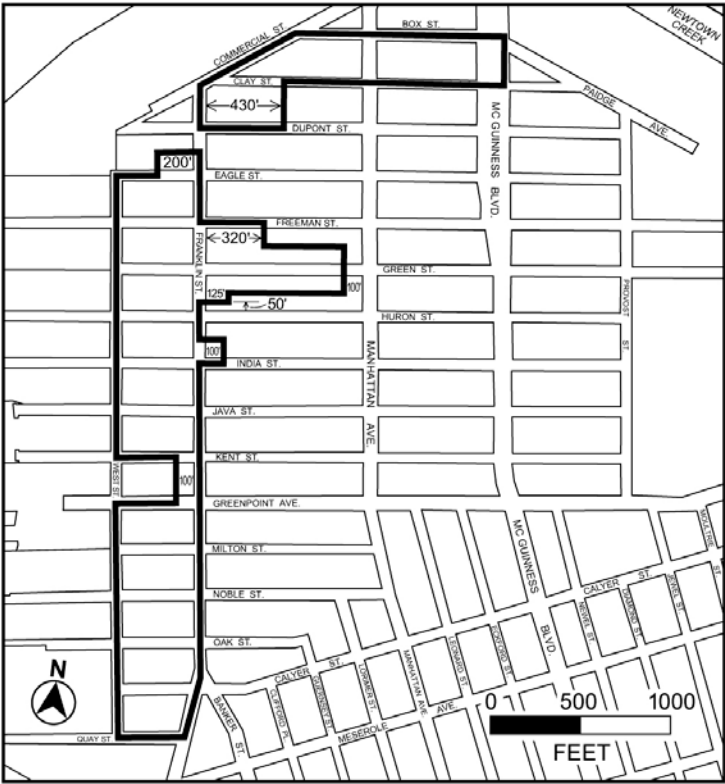

23-013
Harassment

Within the Greenpoint-Williamsburg #anti-harassment areas# in Community District 1, Borough of Brooklyn, as shown in the diagrams in this Section, the provisions of paragraphs (a) through (d), inclusive, of Section 93-90 (Harassment) shall apply as modified in this Section.

For the purposes of this Section, the following definitions in Section 93-90, paragraph (a), shall be modified:

Anti-harassment area

“Anti-harassment area” shall mean the Greenpoint-Williamsburg #anti-harassment areas# as shown in the diagrams:

Anti-harassment area

— Anti-harassment area

Greenpoint-Williamsburg Anti-Harassment Areas (23-013.2)

Referral date

"Referral date" shall mean October 4, 2004.

In addition, Section 93-90, paragraph (d)(3), is modified as follows:

No portion of the #low income housing# required under this Section shall qualify to:

- (i) increase the #floor area ratio# pursuant to the provisions of Sections 23-90 or 62-352 (Inclusionary Housing); or

- (ii) increase the maximum height of a #building# or the height above which the gross area per #residential story# of a #building# is limited pursuant to the provisions of Section 62-354 (Special height and setback regulations), paragraphs (b)(2) and (d); or
- (iii) satisfy an eligibility requirement of any real property tax abatement or exemption program with respect to any #multiple dwelling# that does not contain such #low income housing#.

(8/14/87)

23-02

General Purposes of Residential Bulk Regulations

The following bulk regulations are adopted in order to protect residential areas against congestion and to encourage the development of desirable and stable residential neighborhoods. In order to achieve these purposes, a direct control of density as well as of the physical volume of buildings is established.

(2/2/11)

23-03

Street Tree Planting in Residence Districts

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the following shall provide #street# trees in accordance with Section 26-41 (Street Tree Planting):

- (a) #developments#, or #enlargements# that increase the #floor area# on a #zoning lot# by 20 percent or more. However, #street# trees shall not be required for #enlargements# of #single-# or #two-family residences#, except as provided in paragraphs (b) and (c) of this Section;
- (b) #enlargements# of #single-# or #two-family residences# by 20 percent or more within the following special purpose districts:
 - #Special Bay Ridge District#;
 - #Special Clinton District#;
 - #Special Downtown Brooklyn District#;

#Special Downtown Jamaica District#;

#Special Grand Concourse District#;

#Special Hillside Preservation District#;

#Special Long Island City Mixed Use District#;

#Special Ocean Parkway District#;

#Special South Richmond Development District#;

- (c) #enlargements#, pursuant to the Quality Housing Program, of #single-# or #two-family residences# by 20 percent or more;
- (d) #conversions# of 20 percent or more of the #floor area# of a #building# to a #residential use#; or
- (e) construction of a detached garage that is 400 square feet or greater.

(2/2/11)

23-04

Planting Strips in Residence Districts

R1 R2 R3 R4 R5

In the districts indicated, the following shall provide and maintain a planting strip in accordance with Section 26-42:

- (a) #developments#, or #enlargements# that increase the #floor area# on a #zoning lot# by 20 percent or more. However, planting strips shall not be required for #enlargements# of #single-# or #two-family residences#, except as provided in paragraph (b) of this Section;
- (b) #enlargements# of #single-# or #two-family residences# by 20 percent or more within the following special purpose districts:

#Special Bay Ridge District#;

#Special Downtown Jamaica District#;

#Special Hillside Preservation District#;

#Special Ocean Parkway District#;

#Special South Richmond Development District#;

- (c) #conversions# of 20 percent or more of the #floor area# of a #building# to a #residential use#; or
- (d) construction of a detached garage that is 400 square feet or greater.

(12/15/61)

23-10

OPEN SPACE AND FLOOR AREA REGULATIONS

(8/18/87)

23-11

Definitions

Words in italics are defined in Section 12-10 (DEFINITIONS) or, if applicable exclusively in this Chapter, in this Section.

(4/30/12)

23-12

Permitted Obstructions in Open Space

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In the districts indicated, the following obstructions shall be permitted in any #open space# required on a #zoning lot#:

- (a) Air conditioning condensation units, #accessory#, for #single-# or #two-family residences#, provided that such units, if located between a #street wall#, or prolongation thereof, and a #street line#, are not more than 18 inches from a #street wall#, and fully screened from the #street# by vegetation;
- (b) Awnings and other sun control devices. However, when located at a level higher than the first #story#, excluding a #basement#, all such devices:
 - (1) shall be limited to a maximum projection from a #building# wall of 2 feet, 6 inches; and

- (2) shall have solid surfaces that, in aggregate, cover an area no more than 30 percent of the area of the #building# wall (as viewed in elevation) from which they project;
- (c) Balconies, unenclosed, subject to the provisions of Section 23-13;
- (d) Breezeways;
- (e) Driveways, private streets, open #accessory# off-street parking spaces, unenclosed #accessory# bicycle parking spaces or open #accessory# off-street loading berths, provided that the total area occupied by all these items does not exceed the percentages set forth in Section 25-64 (Restrictions on Use of Open Space for Parking);
- (f) Eaves, gutters or downspouts, projecting into such #open space# not more than 16 inches or 20 percent of the width of such #open space#, whichever is the lesser distance;
- (g) Exterior wall thickness, where such wall thickness is added to the exterior face of a #building# wall existing on April 30, 2012, provided the added wall thickness has a thermal resistance (R-value) of at least 1.5 per inch, and is limited to one inch of thickness for every foot of existing #open space# width, up to a maximum thickness of eight inches;
- (h) Parking spaces, off-street, enclosed, #accessory#, not to exceed one space per #dwelling unit#, when #accessory# to a #single-family#, #two-family# or three-#family residence#, provided that the total area occupied by a #building# used for such purposes does not exceed 20 percent of the total required #open space# on the #zoning lot#. However, two such spaces for a #single-family residence# may be permitted in #lower density growth management areas# and in R1-2A Districts;
- (i) Solar energy systems:
 - (1) on the roof of an #accessory building#, limited to 18 inches in height as measured perpendicular to the roof surface; or
 - (2) on walls existing on April 30, 2012, projecting no more than 10 inches and occupying no more than 20 percent of the surface area of the #building# wall (as viewed in elevation) from which it projects;
- (j) Swimming pools, #accessory#, above-grade structures limited to a height not exceeding eight feet above the level of the #rear

yard# or #rear yard equivalent#;

- (k) Terraces, unenclosed, fire escapes or planting boxes, provided that no such items project more than six feet into or over such #open space#.

However, any such #open space# that is part of a required #yard#, #rear yard equivalent# or #court# may contain an obstruction listed in this Section only where such obstruction is permitted, pursuant to Sections 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) or 23-87 (Permitted Obstructions in Courts), as applicable.

(8/14/87)

23-13 Balconies

(2/2/11)

23-131 Balconies in R1 through R5 Districts

R1 R2 R3 R4 R5

In the districts indicated, balconies that are:

- (a) unenclosed except for a parapet not exceeding 3 feet, 8 inches in height, or a railing not less than 50 percent open and not exceeding 4 feet, 6 inches in height; and
- (b) located at or above the floor level of the second #story# provided that such balcony is not lower than seven feet above #curb level# or adjacent natural grade, whichever is higher;

may, as permitted in this Section, project into or over any required open area set forth in the following Sections:

- (1) #front yards#, as defined in Section 12-10 (DEFINITIONS);
- (2) #rear yards# or #rear yard equivalents#, as defined in Section 12-10;
- (3) #open space#, as defined in Section 12-10, excluding:
 - (i) #side yards#, as defined in Section 12-10;

- (ii) required minimum dimensions of #courts#, as defined in Section 12-10; and as set forth in Section 23-80 (COURT REGULATIONS AND MINIMUM DISTANCE BETWEEN WINDOWS AND WALLS OR LOT LINES); and
- (iii) required distances between #buildings#, as set forth in Section 23-71 (Minimum Distance between Buildings on a Single Zoning lot).

If the depth of the #front yard# is greater than 12 feet, balconies may project six feet into such #front yard# provided that, in R1, R2 or R3 Districts, the aggregate width of such balconies does not exceed 50 percent of the width at that level of the plane surface of the #building# wall from which they project and, in R4 or R5 Districts, such aggregate width does not exceed 67 percent.

If the depth of the #front yard# is 12 feet or less, balconies may project to a distance equal to one-half the depth of such #front yard# provided the aggregate width of such balconies does not exceed 50 percent of the width at that level of the plane surface of the #building# wall from which they project.

Balconies may, by a distance not to exceed eight feet, project into a #rear yard# or other #open space# not specifically excluded in paragraphs (2) and (3) of this Section. At the level of the second #story#, the aggregate width of such balconies is not limited but at the level of the third #story# or higher such aggregate width shall not exceed 50 percent of the width at that level of the plane surface of the #building# wall from which the balconies project.

In addition, balconies may be enclosed by #building# walls provided that at least 33 percent of the perimeter of such balcony is unenclosed except for a parapet not exceeding 3 feet, 8 inches in height, or a railing not less than 50 percent open and not exceeding 4 feet, 6 inches in height. The portion of a balcony enclosed by #building# walls shall not exceed six feet in depth.

(2/2/11)

23-132

Balconies in R6 through R10 Districts

R6 R7 R8 R9 R10

In the districts indicated, balconies may project into or over any required open area within a #publicly accessible open area#, a #rear yard#, an #initial setback distance#, any open areas not occupied by

towers, any required side or rear setbacks, or any required #open space#, provided that such balcony shall:

- (a) not project by a distance greater than seven feet as measured from the plane surface of the #building# wall from which it projects;
- (b) not project into the minimum required distance between #buildings# on the same #zoning lot#;
- (c) not cover more than ten percent of the area designated as outdoor recreation space pursuant to Section 28-30 (RECREATION SPACE AND PLANTING AREAS);
- (d) be unenclosed except for a parapet not exceeding 3 feet, 8 inches in height or a railing not less than 50 percent open and not exceeding 4 feet, 6 inches in height. However, such balconies may be recessed into a #building# wall up to a maximum depth of six feet provided that at least 33 percent of the perimeter of such balcony is unenclosed except for a parapet or railing;
- (e) be located at or higher than the floor level of the third #story# of a #building# or at least 20 feet above #curb level#, except that for #buildings# containing #residences# not more than 32 feet in height, such balcony may be located at or higher than the floor level of the second #story# provided that such balcony is located not lower than seven feet above #curb level# or seven feet above natural grade, whichever is higher; and
- (f) have an aggregate width, at the level of any #story#, not exceeding 50 percent of the width at that level of the plane surface of the #building# wall from which it projects.

(2/2/11)

23-14

Minimum Required Open Space, Open Space Ratio, Maximum Lot Coverage and Maximum Floor Area Ratio

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except as otherwise provided in Section 23-17 (Special Provisions for Zoning Lots Divided by District Boundaries), for any #zoning lot#, the minimum required #open space# or #open space ratio# shall not be less than set forth in this Section, and the maximum #lot coverage# shall not exceed the

#lot coverage# as set forth in this Section. Any given #lot area# or area of #open space# shall be counted only once in determining the #floor area ratio#, the amount of #open space# or the #open space ratio#.

In addition to complying with the provisions of this Section, all #zoning lots# shall be subject to the provisions set forth in Section 23-22 (Maximum Number of Dwelling Units or Rooming Units) as well as all other applicable #bulk# regulations as set forth in this Chapter.

(2/2/11)

23-141

Open space and floor area regulations in R1, R2, R3, R4 or R5 Districts

R1 R2 R3 R4 R5

Except as otherwise provided in paragraph (a) of Section 23-147 (For non-profit residences for the elderly), in the districts indicated, the minimum required #open space# or #open space ratio#, the maximum #lot coverage# and the maximum #floor area ratio# for any #zoning lot# shall be as set forth in the following tables:

(a)

District	Minimum Required #Open Space Ratio#	Maximum #Floor Area Ratio#
R1* R2*	150.0	0.50

* R1-2A, R2A and R2X are subject to the provisions of paragraph (b) of this Section

(b)

District	Maximum #Lot Coverage# (in percent)	Minimum Required #Open Space# (in percent)	Maximum #Floor Area Ratio#
R1-2A	30	70	.50
R2A	30	70	.50
R2X	governed by #yard# requirements		.85
R3-1 R3-2	35	65	.50
R3A R3X	governed by #yard# requirements		.50

R4		45	55	.75
R4A	R4-1	governed by #yard# requirements		.75
R4B		55	45	.90
R5		55	45	1.25
R5A		governed by #yard# requirements		1.10
R5B		55	45	1.35
R5D		60*	40*	2.00

* For #corner lots#, the maximum #lot coverage# shall be 80 percent and the minimum required #open space# shall be 20 percent

In addition, the following rules shall apply:

- (1) In R2X, R3, R4, R4A and R4-1 Districts, except R3, R4A and R4-1 Districts within #lower density growth management areas#, the #floor area ratio# in the table in this paragraph, (b), may be increased by up to 20 percent provided that any such increase in #floor area# is located directly under a sloping roof which rises at least three and one half inches in vertical distance for each foot of horizontal distance and the structural headroom of such #floor area# is between five and eight feet.
- (2) In R3, R4A and R4-1 Districts in #lower density growth management areas#, the #floor area ratio# in the table in this Section may be increased by up to 20 percent provided that any such increase in #floor area# is located in any portion of a #building# covered by a sloping roof that rises at least seven inches in vertical distance for each foot of horizontal distance.
- (3) In R3, R4 and R5 Districts, the permitted #floor area# of a #single-# or #two-family detached# or #semi-detached residence developed# after June 30, 1989, may be increased by up to 300 square feet if at least one enclosed #accessory# off-street parking space is provided in a garage located, wholly or partly, in the #side lot ribbon# pursuant to Sections 23-12 (Permitted Obstructions in Open Space), paragraph (e), 23-441 (Location of garages in side yards of corner lots) or 23-442 (Location of garages in side yards of other zoning lots).
- (4) In R1-2A Districts and in R3, R4A and R4-1 Districts within #lower density growth management areas#, the permitted #floor area# of a #single-# or #two-family detached# or #semi-detached residence# may be increased by up to 300 square feet for one parking space and up to 500 square feet for two parking spaces provided such spaces

are in a garage located, wholly or partly, in the #side lot ribbon# pursuant to Sections 23-12, paragraph (e), 23-441 or 23-442, except that in R1-2A Districts, such parking spaces need not be located in the #side lot ribbon#.

- (5) In R2A Districts, the permitted #floor area# may be increased by up to 300 square feet for a detached garage located in a #rear yard#, except where a parking space is provided within a #building# containing #residences#.

- (c) The maximum #floor area ratio# and #lot coverage# and the minimum required #open space# for any #zoning lot# utilizing the special optional regulations of a #predominantly built-up area# are set forth in the following table:

District	Maximum #Lot Coverage# (in percent)	Minimum Required #Open Space# (in percent)	Maximum #Floor Area Ratio#
R4	55	45	1.35
R5	55	45	1.65

- (d) In R3 Districts, except for #zoning lots# containing #single-#, #two-#, or three-#family residences#, 50 percent of the required #open space# on a #zoning lot#, except such #open space# in a #front yard#, shall have a minimum dimension of 12 feet and shall not be used for driveways, private streets, open or enclosed #accessory# off-street parking spaces or open or enclosed #accessory# off-street loading berths.
- (e) In R4 and R5 Districts, except for #zoning lots# containing #single-#, #two-# or three-#family residences#, 33 percent of the required #open space# on a #zoning lot#, except such #open space# in a #front yard# or, in R5D Districts, open area between the #street line# and #street wall# of a #building# or its prolongation, shall have a minimum dimension of 12 feet and shall not be used for driveways, private streets, open or enclosed #accessory# off-street parking spaces, or open or enclosed #accessory# off-street loading berths.

(11/13/12)

23-142

In R6, R7, R8 or R9 Districts

R6 R7 R8 R9

Except as otherwise provided in the following Sections:

Section 23-144 (In designated areas where the Inclusionary Housing Program is applicable)

Section 23-145 (For Quality Housing buildings)

Section 23-146 (Optional provisions for certain R5 and R6 Districts in Brooklyn)

Section 23-147 (For non-profit residences for the elderly);

Section 23-148 (For tower-on-a-base buildings in R9 Districts); and

Section 23-149 (Special floor area regulations for certain sites in Community District 9, Borough of Manhattan).

In the districts indicated, the minimum required #open space ratio# and the maximum #floor area ratio# for any #zoning lot# shall be as set forth in the following table for #zoning lots# with the #height factor# indicated in the table.

MINIMUM REQUIRED OPEN SPACE RATIO
AND MAXIMUM FLOOR AREA RATIO

R6 through R9 Districts

For #zoning lots# with a #height factor# of	In R6 Districts		In R7 Districts		In R8 Districts		In R9 Districts

21	37.5	2.36	25.5	3.30	11.9	5.99	9.0	7.25

(2/2/11)

23-143

For high buildings in R6, R7, R8 or R9 Districts

R6 R7 R8 R9

Except as otherwise provided in paragraph (a) of Section 23-147 (For non-profit residences for the elderly), in the districts indicated, for #zoning lots# with #height factors# greater than 21, the minimum required #open space ratio# shall be as set forth in the following table:

OPEN SPACE RATIO FOR HIGH BUILDINGS

District	Minimum Required #Open Space Ratio# at #Height Factor# of 21	Additional Required #Open Space Ratio# for each Additional #Height Factor#
----------	---	---

R6	37.5	0.5
R7	25.5	0.5
R8	11.9	0.3
R9	9.0	0.4

For such #zoning lots#, the maximum #floor area ratio# shall be such as can be attained at the required #open space ratio# for the #height factor#.*

* The #floor area ratio# attainable at a given #height factor# and a given #open space ratio# may be computed from the following formula:

$$\frac{1}{\text{F.A.R.}} = \frac{\text{O.S.R.}}{100} + \frac{1}{\text{H.F.}}$$

(11/13/12)

23-144

In designated areas where the Inclusionary Housing Program is applicable

In #Inclusionary Housing designated areas#, the maximum permitted #floor area ratios# shall be as set forth in Section 23-952 (Floor area compensation in Inclusionary Housing designated areas). The locations of such areas are specified in [APPENDIX F](#) (Inclusionary Housing Designated Areas) of this Resolution.

(2/2/11)

23-145

For Quality Housing buildings

R6 R7 R8 R9 R10

In the districts indicated, the maximum #residential lot coverage# and the maximum #floor area ratio# for a #zoning lot# where #Quality Housing buildings# are #developed# or #enlarged# shall be as set forth in the following table. The maximums for #zoning lots#, or portions thereof, located within 100 feet of a #wide street# in R6, R7 or R8 Districts without a letter suffix outside the #Manhattan Core#, shall be as designated by the same district with an asterisk.

In an R6 District inside the #Manhattan Core# located within 100 feet of a #wide street#, the maximums shall be indicated by the same district with a double asterisk.

MAXIMUM LOT COVERAGE AND FLOOR AREA RATIO
FOR
QUALITY HOUSING BUILDINGS
(in percent)

(2/2/11)

23-146

Optional provisions for certain R5 and R6 Districts in Brooklyn

R5 R6

Within the area bounded by 39th Street, Dahill Road, Ditmas Avenue,

McDonald Avenue, Bay Parkway, 61st Street and Fort Hamilton Parkway in Community Board 12, in the Borough of Brooklyn, special optional regulations as set forth in this Section are applicable for #zoning lots# containing #buildings# used exclusively as one-, #two-# or three-#family residences#, provided such #zoning lot# complies with all of the provisions of this Section. Except as modified by the express provisions of this Section, the regulations of R5 and R6 Districts remain in effect.

- (a) #Floor area#, #lot coverage#, #open space#, density and #height factor# regulations

The regulations of Article II, Chapter 3, relating to #floor area ratio#, #open space#, density and #height factor# are hereby made inapplicable. In lieu thereof, the maximum #floor area ratio# for a #corner lot# shall not exceed 1.65 and the maximum #floor area ratio# for an #interior# or #through lot# shall not exceed 1.8 in R5 Districts and 1.95 in R6 Districts. Notwithstanding the definition of #floor area# in Section 12-10, the lowest #story# shall be included in the definition of #floor area#, and floor space used for #accessory# off-street parking spaces shall be included in the definition of #floor area# unless such spaces are located in a #cellar#. The #lot coverage# for a #corner lot# shall not exceed 55 percent and the #lot coverage# for an #interior# or #through lot# shall not exceed 60 percent in R5 Districts and 65 percent in R6 Districts.

- (b) #Building# height

No #building# shall exceed a height of 35 feet above #curb level#, or three #stories#, whichever is less. The regulations of Article II, Chapter 3, relating to height and setback, are hereby made inapplicable.

- (c) #Front yards#

In R5 Districts, the following #front yard# regulations are applicable. A #front yard# shall be provided with a depth of not less than five feet, provided that for #corner lots#, one #front yard# with a depth of not less than 10 feet is required. If the depth of the #front yard# exceeds 10 feet, such #front yard# shall have a depth of not less than 18 feet. In R6 Districts, a #front yard# is not required.

- (d) #Side yards#

In R5 Districts, the following #side yard# regulations shall apply:

- (1) Where an existing #building# on an adjacent #zoning lot# is located on the common #side lot line#, no #side yard# is required. However, if an open area extending along such common #side lot line# is provided, it shall be at least eight feet wide.
- (2) Where an existing #building# on an adjacent #zoning lot# is located less than eight feet from, but not on, the common #side lot line#, a #side yard# at least four feet wide is required. However, in no case shall the distance between a new or #enlarged building# and an existing #building# across a common #side lot line# on an adjacent #zoning lot# be less than eight feet.
- (3) Where an adjacent #zoning lot# is vacant or where an existing #building# on an adjacent #zoning lot# is located more than eight feet from the common #side lot line#, a #side yard# at least four feet wide is required.
- (4) In R6 Districts, a #side yard# is not required. However, when a #building# is 62 feet in depth or more, an eight foot #side yard# or an #outer court# as set forth in paragraph (f) of this Section is required.
- (5) Notwithstanding the provisions of paragraphs (d)(1) and (d)(3), #detached# one-, #two-# and three-#family residences# on #corner lots# shall provide #side yards# of five feet and 20 feet. #Semi-detached# one-, #two-# and three-#family residences# on #corner lots# shall provide one #side yard# of 20 feet.

(e) #Rear yards#

#Single-# or #two-family residences# consisting of #detached#, #semi-detached# or #zero lot line buildings# may project up to ten feet into a required #rear yard# or #rear yard equivalent#, provided that there is a #side yard# of at least eight feet for such #semi-detached# or #zero lot line buildings#, and that the total width of #side yards# for a #detached building# is at least eight feet.

(f) #Outer court# and minimum distance between #legally required windows# and walls or #lot lines#

In R6 Districts, the #outer court# provisions of Section 23-84 are modified as follows: an #outer court# shall have a minimum width of 10 feet and a depth of not more than twice the width.

Where a #building# is attached, along a common #side lot line#, to a portion of an existing or new #building# on an adjacent

#zoning lot#, there may be a joint #outer court# across such common #side lot line# with a minimum width of 10 feet. The requirements of Section 23-86 are hereby made inapplicable.

(g) Off-street parking in R5 and R6 Districts

No #accessory# off-street parking is required in R5 and R6 Districts.

(2/2/11)

23-147

For non-profit residences for the elderly

R3 R4 R5 R6 R7

- (a) In the districts indicated, except R5D Districts, the minimum required #open space ratio# and the maximum #floor area ratio# for #non-profit residences for the elderly# shall be as set forth in the following table:

Maximum #Floor Area Ratio#	Minimum #Open Space Ratio#	Districts
0.95	66.5	R3
1.29	39.4	R4
1.95	23.1	R5
3.90	17.7	R6
5.01	12.8	R7

In R5D Districts, the #open space# and #floor area# regulations set forth in Section 23-141 shall apply to #non-profit residences for the elderly#.

However, in R6 or R7 Districts, the minimum required #open space ratio# shall not apply to #non-profit residences for the elderly# that are #Quality Housing buildings#. Such #buildings# shall be subject to the requirements of R6A or R7A Districts, respectively, as set forth in paragraph (b) of this Section.

R6A R6B R7A R7B R7D R7X

- (b) In the districts indicated, the maximum #lot coverage# and the maximum #floor area ratio# for #non-profit residences for the elderly# shall be as set forth in the following table:

MAXIMUM LOT COVERAGE AND FLOOR AREA RATIO
FOR
NON-PROFIT RESIDENCES FOR THE ELDERLY
(in percent)

Maximum #Lot Coverage#		Maximum #Floor Area Ratio#	District
#Corner Lot#	#Interior Lot# or #Through Lot#		
80	65	3.90	R6A R7B
80	60	2.00	R6B
80	70	5.01	R7A R7D R7X

(2/2/11)

23-148

For tower-on-a-base buildings in R9 Districts

In R9 Districts, for #zoning lots# where #buildings# are #developed# or #enlarged# pursuant to the tower-on-a-base provisions of Section 23-651, the maximum #floor area ratio# shall be 7.52, and the maximum #lot coverage# shall be 80 percent on a #corner lot# and 70 percent on an #interior lot#.

(11/13/12)

23-149

Special floor area regulations for certain sites in Community District 9, Borough of Manhattan

Within the boundaries of Community District 9 in the Borough of Manhattan, all #buildings# located in R8 Districts north of West 125th Street shall be #developed# or #enlarged# pursuant to the Quality Housing Program and are subject to the #floor area# regulations set forth in Section 23-145 (For Quality Housing buildings).

(2/2/11)

23-15

Maximum Floor Area Ratio in R10 Districts

R10

In the district indicated, except in #Inclusionary Housing designated areas#, the #floor area ratio# on a #zoning lot# shall not exceed 10.0, except as provided in Section 23-17 (Special Provisions for Zoning Lots Divided By District Boundaries) and Section 23-90 (INCLUSIONARY HOUSING), inclusive.

Notwithstanding any other provision of this Resolution, the maximum #floor area ratio# shall not exceed 12.0. However, within the boundaries of Community District 7 in the Borough of Manhattan, in R10 Districts, except R10A or R10X Districts, the maximum #floor area ratio# shall be 10.0.

(10/17/07)

23-16

Existing Public Amenities for Which Floor Area Bonuses Have Been Received

- (a) Elimination or reduction in size of non-bonused open area on a #zoning lot# containing a bonused amenity

In all districts, any existing open area for which a #floor area# bonus has not been utilized that occupies the same #zoning lot# as an existing #publicly accessible open area# or other public amenity, open or enclosed, for which a #floor area# bonus has been utilized, may be reduced in size or eliminated only upon certification of the Chairperson of the City Planning Commission that all bonused amenities comply with the standards under which such #floor area# bonus was granted.

- (b) Nighttime closing of existing public open areas

In all #Residence Districts#, the City Planning Commission may, upon application, authorize the closing during certain nighttime hours of an existing #publicly accessible open area# for which a #floor area# bonus has been received, pursuant to Section 37-727 (Hours of access).

- (c) Elimination or reduction in size of existing public amenities

In all districts, no existing #publicly accessible open area#, #arcade# or other public amenity, open or enclosed, for which a #floor area# bonus has been utilized, shall be eliminated or reduced in size except by special permit of the City Planning Commission, pursuant to Section 74-761 (Elimination or reduction in size of bonused public amenities).

Regulations Applying in Special Situations

(2/2/11)

23-17

Special Provisions for Zoning Lots Divided by District Boundaries or Subject to Different Bulk Regulations

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts or is subject to #bulk# regulations resulting in different minimum required #open space ratios#, different maximum #floor area ratios# or different #lot coverages# on portions of the #zoning lot#, the provisions set forth in Article VII, Chapter 7, shall apply.

(7/26/01)

23-20

DENSITY REGULATIONS

(2/2/11)

23-21

Required Floor Area per Dwelling Unit or Floor Area per Rooming Unit

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

This Section shall apply to existing #buildings# in which the number of #rooming units# or #dwelling units# is increased as well as to all new #development#.

Any given #floor area# shall be counted only once in meeting the #floor area# requirements.

In all districts, as indicated, the #floor area# requirement per

#dwelling unit# or #rooming unit# shall not be less than as set forth in this Section, except as provided in Sections 23-24 (Special Provisions for Buildings Used Partly for Non-Residential Uses) or Section 23-25 (Special Provisions for Existing Small Zoning Lots).

(2/2/11)

23-22

Maximum Number of Dwelling Units or Rooming Units

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the maximum number of #dwelling units# or #rooming units# shall equal the maximum #residential floor area# permitted on the #zoning lot# divided by the applicable factor in the following table. In R1 through R5 Districts, no #rooming units# shall be permitted and any #dwelling unit# shall be occupied by only one #family#. Fractions equal to or greater than three-quarters resulting from this calculation shall be considered to be one #dwelling unit# or #rooming unit#.

For the purposes of this Section, where a #floor area ratio# is determined pursuant to Sections 23-142 or 23-143, notwithstanding the #height factor# of the #zoning lot#, the maximum #residential floor area ratio# shall be 2.43 in an R6 District within 100 feet of a #wide street#, 3.44 in an R7 District, and 6.02 in an R8 District. In an R6 District beyond 100 feet of a #wide street#, the maximum #residential floor area ratio# shall be as specified in Sections 23-142 or 23-143, or 2.2, whichever is greater.

FACTOR FOR DETERMINING MAXIMUM NUMBER OF DWELLING UNITS OR ROOMING UNITS

District	Factor for #Dwelling Units#	Factor for #Rooming Units#
R1-1	4,750	
R1-2	2,850	
R2, R2A	1,900	
R2X	2,900	
R3-1 R3-2*	625

R8 R8A R8X R9 R9A	740	530
R9-1 R9X R10	790	600

* for #single-# and #two-family detached# and #semi-detached residences#

** for #residences# in a #predominantly built-up area#

*** for #zoning lots# with less than 40 feet of #street# frontage and existing on the effective date of establishing such districts on the #zoning maps#

(6/29/06)

23-221

Maximum number of dwelling units or rooming units for non-profit residences for the elderly

R3-2 R4 R5 R6 R7

In the districts indicated, except R4-1, R4A, R4B and R5A Districts, the maximum number of #dwelling units# or, where permitted, #rooming units# for #non-profit residences for the elderly#, shall equal the maximum #residential floor area# permitted on the #zoning lot# divided by the applicable factor in the following table. No #rooming units# shall be permitted in R3-2, R4 or R5 Districts. Fractions equal to or greater than three-quarters resulting from this calculation shall be considered to be one #dwelling unit# or #rooming unit#.

FACTOR FOR DETERMINING MAXIMUM NUMBER OF DWELLING UNITS OR ROOMING UNITS

Factor for	Factor for
------------	------------

District	#Dwelling Units#	#Rooming Units#
R3-2	680	
R4 R5B	680	
R5 R5D	700	
R6 R7	710	570

(2/2/11)

23-23

Minimum Size of Dwelling Units

R3 R4 R5

- (a) In the districts indicated, for all #buildings# other than #non-profit residences for the elderly#, each #dwelling unit# shall contain at least 300 square feet of #floor area#.

R3 R4A R4-1

- (b) In the districts indicated, for all two-family #detached# and, where permitted, two-family #semi-detached# and #zero lot line buildings#, one #dwelling unit# shall contain at least 925 square feet.

Regulations Applying in Special Situations

(7/26/01)

23-24

Special Provisions for Buildings Used Partly for Non-Residential Uses

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, if a #building# is used partly for #residences# and partly for non-#residential uses# (other than #community facility uses#, the provisions for which are set forth in Article II, Chapter 4), the maximum number of #dwelling units# or #rooming units# permitted on the #zoning lot# shall equal the total #residential floor area# permitted on the #zoning lot# after deducting any non-#residential floor area#, divided by the applicable factor in Section 23-22 (Maximum Number of Dwelling Units

or Rooming Units).

(7/26/01)

23-25

Special Provisions for Existing Small Zoning Lots

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, notwithstanding the provisions of Section 23-22 (Maximum Number of Dwelling Units or Rooming Units), one #single-family detached residence# or, where permitted, one #single-family residence#, may be built upon a #zoning lot# consisting entirely of a tract of land that was owned separately and individually from all other adjoining tracts of land, both on December 15, 1961, and on the date of application for a building permit.

(2/2/11)

23-26

Special Provisions for Zoning Lots Divided by District Boundaries

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts or is subject to other regulations resulting in different requirements for density, the provisions set forth in Article VII, Chapter 7, shall apply.

Definitions and General Provisions

(2/20/64)

23-31

Definitions

Words in italics are defined in Section 12-10 (DEFINITIONS) or, if applicable exclusively to this Section, in this Section.

Basic Regulations

(6/29/06)

23-32

Minimum Lot Area or Lot Width for Residences

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except as provided in Section 23-33 (Special Provisions for Existing Small Lots), no #residence# is permitted on a #zoning lot# with a total #lot area# or #lot width# less than as set forth in the following table:

REQUIRED MINIMUM LOT AREA AND LOT WIDTH

Type of #Residence#	Minimum #Lot Area# (in sq. ft.)	Minimum #Lot Width# (in feet)	District
#Single- family detached#	9,500	100	R1-1
	5,700	60	R1-2
	3,800	40	R2 R2A
	2,850	30	R2X
#Single-# or #two-family detached# or #zero lot line# where permitted	3,800	40	R3-1 R3-2 R4-R10
	3,325	35	R3X
	2,850	30	R4A* R5A
	2,375	25	R3A* R4B R4-1* R5B R5D
Any other permitted	1,700	18	R3-R10*

- * In #lower density growth management areas#, for #two-family detached# and #two-family zero lot line residences#, where permitted, in R3A, R4A and R4-1 Districts, and for #two-

family semi-detached residences# in R3-1, R3-2 and R4-1 Districts, the minimum #lot area# shall be 3,135 square feet and the minimum #lot width# shall be 33 feet.

However, in #lower density growth management areas# in the Borough of Staten Island, the following rules shall apply:

- (a) Where two or more #buildings# that are #single-# or #two-family detached# or #semi-detached residences# are located on a #zoning lot#, the applicable minimum #lot area# requirement set forth in the table in this Section shall be multiplied by the number of such #buildings# on the #zoning lot#.
- (b) The #lot width# requirements set forth in this Section shall be applied as set forth in the definition of #lot width# in Section 12-10, provided that the applicable #lot width#, in feet, set forth in the table shall be met along at least one #street line# of the #zoning lot# or, for #corner lots#, along each intersecting #street line#. No #residence#, or portion thereof, shall be permitted between opposing #side lot lines# where such #lot lines# would be nearer to one another at any point where such #residence# is located than the applicable minimum lot width, in feet, set forth in the table.

Regulations Applying in Special Situations

(2/2/11)

23-33

Special Provisions for Development of Existing Small Lots

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, either one #single-family detached residence# or, where permitted, one #single-# or #two-family residence# may be #developed# upon a #zoning lot# that:

- (a) has less than the prescribed minimum #lot area# or #lot width# or, in #lower density growth management areas# in the Borough of Staten Island, does not comply with the provisions of Section 23-32 (Minimum Lot Area or Lot Width for Residences);
- (b) was owned separately and individually from all other adjoining tracts of land, both on December 15, 1961, and on the date of application for a building permit or, in R2X, R3A, R3X or R4A Districts, both on the effective date of establishing such district on the #zoning maps# and on the date of application for a building permit or, in #lower density growth management

areas#, both on December 8, 2005, and on the date of application for a building permit; and

- (c) if #developed# as a #two-family residence#, meets the applicable density requirement of the zoning district in which such #zoning lot# is located.

(12/15/61)

23-34

Special Provisions for Zoning Lots Divided by District Boundaries R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts with different requirements for minimum #lot area# or #lot width# for #residences#, the provisions set forth in Article VII, Chapter 7, shall apply.

(1/18/11)

23-35

Special Provisions for Zoning Lots Containing Certain Community Facility Uses in Lower Density Growth Management Areas

In R1, R2, R3-1, R3A, R3X, R4-1 and R4A Districts in #lower density growth management areas#, the minimum #lot area# and #lot width# regulations of this Section shall apply to any #zoning lot# containing #buildings# used for:

- (a) ambulatory diagnostic or treatment health care facilities, as listed in Section 22-14 (Use Group 4), except where such #zoning lot# contains #buildings# used for hospitals or nursing homes as defined in the New York State Hospital Code; and
- (b) child care service, as listed under the definition of #school# in Section 12-10 (DEFINITIONS), except where such #zoning lot# contains #buildings# used for houses of worship or, for #zoning lots# that do not contain #buildings# used for houses of worship, where the amount of #floor area# used for child care services is equal to 25 percent or less of the amount of #floor area# permitted for #community facility use# on the #zoning lot#.

The minimum #lot area# for such #zoning lots# containing ambulatory diagnostic or treatment health care facilities shall be 5,700 square feet, and the minimum #lot area# for such #zoning lots# containing

child care services shall be 10,000 square feet. Where such #uses# are located in the same #building#, the minimum #lot area# shall be 10,000 square feet. In addition, each such #zoning lot# shall have a minimum #lot width# of 60 feet. Such #lot width# shall be applied as set forth in the definition of #lot width# in Section 12-10, provided that such #lot width# shall also be met along at least one #street line# of the #zoning lot#. No #building#, or portion thereof, shall be permitted between opposing #side lot lines# where such #lot lines# would be nearer to one another at any point than 60 feet.

(12/15/61)

23-40

YARD REGULATIONS

Definitions and General Provisions

(9/19/85)

23-41

Definitions

Words in italics are defined in Section 12-10 (DEFINITIONS) or, if applicable exclusively to this Section, in this Section.

(12/15/61)

23-42

Level of Yards

In all #Residence Districts#, the level of a #yard# or of a #rear yard equivalent# shall not be higher than #curb level#, except that natural grade level need not be disturbed in order to comply with this requirement. No #building or other structure# shall be erected above ground level in any required #yard# or #rear yard equivalent#, except as otherwise provided in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

(12/15/61)

23-43

Measurement of Yard Width or Depth

In all #Residence Districts#, the width or depth of a #yard# or #rear yard equivalent# shall be measured perpendicular to #lot lines#.

(4/30/12)

23-44

Permitted Obstructions in Required Yards or Rear Yard Equivalents

In all #Residence Districts#, the following obstructions shall be permitted within a required #yard# or #rear yard equivalent#:

- (a) In any #yard# or #rear yard equivalent#:
 - (1) Air conditioning condensation units, #accessory#, for #single-# or #two-family residences#, provided that such units, if located between a #street wall#, or prolongation thereof, and a #street line#, are not more than 18 inches from a #street wall#, and fully screened from the #street# by vegetation;
 - (2) Arbors or trellises;
 - (3) Awnings and other sun control devices, provided that when located at a level higher than the first #story#, excluding a #basement#, all such awnings and other sun control devices:
 - (i) shall be limited to a maximum projection from a #building# wall of 2 feet, 6 inches; and
 - (ii) shall have solid surfaces that, in aggregate, cover an area no more than 30 percent of the area of the #building# wall (as viewed in elevation) from which they project;
 - (4) Balconies, unenclosed, of a #building# containing #residences# subject to the applicable provisions of Section 23-13. Such balconies are not permitted in required #side yards#;
 - (5) Canopies;
 - (6) Chimneys, projecting not more than three feet into, and not exceeding two percent of the area of, the required #yard# or #rear yard equivalent#;

- (7) Eaves, gutters or downspouts projecting into such #yard# or #rear yard equivalent# not more than 16 inches or 20 percent of the width of such #yard# or #rear yard equivalent#, whichever is the lesser distance;
- (8) Exterior wall thickness, where such wall thickness is added to the exterior face of a #building# wall existing on April 30, 2012, provided the added wall thickness has a thermal resistance (R-value) of at least 1.5 per inch, and is limited to one inch of thickness for every foot of existing #yard# width, up to a maximum thickness of eight inches. When an open area is provided along a common #lot line#, then such exterior wall thickness is limited to one inch for every foot of existing open area on the #zoning lot#;

Where #buildings# that have added exterior wall thickness, pursuant to this Section, are #enlarged#, such #enlarged# portion may similarly encroach upon required #yards# in order to align with the exterior walls of the existing #building#, provided such #enlargement# contains less #floor area# than the existing #building#, and there is no encroachment of #floor area# into a required #yard#;

- (9) Fences, not exceeding four feet in height above adjoining grade in any #front yard#, except that for #corner lots#, a fence may be up to six feet in height within that portion of one #front yard# that is between a #side lot line# and the prolongation of the side wall of the #residence# facing such #side lot line#;
- (10) Fire escapes, projecting into a #front yard#, only in such cases where the fire escape is required for the #conversion# of a #building# in existence before December 15, 1961;
- (11) Flagpoles;
- (12) Overhanging portions of a #building# in R4 and R5 Districts, except R4A, R4-1, R4B, R5A, R5B or R5D Districts, which are above the first #story# including the #basement# and which project not more than three feet into the required 18 foot #front yard#. In no case shall the lowest level of the projected portion be less than seven feet above the level of the #front yard# at the face of the #building#. Supports for the projected portion of any #building# are permitted obstructions within the required #front yard#, provided that the total area occupied by such supports does not exceed 15 percent of the area

underneath the projected portion. No support may extend beyond the three-foot projection;

- (13) Parking spaces for automobiles or bicycles, off-street, open, #accessory#, within a #side# or #rear yard#;
- (14) Parking spaces, off-street, open, within a #front yard#, that are #accessory# to a #building# containing #residences#, provided that:
 - (i) in R1, R2, R3A, R3X, R3-1, R4A, R4-1 and R5A Districts, except in #lower density growth management areas#, such spaces meet all the requirements of paragraph (a) of Section 25-621 (Location of parking spaces in certain districts);
 - (ii) in R3-2 Districts, R4 Districts other than R4A, R4-1 and R4B Districts, and R5 Districts other than R5A, R5B and R5D Districts, such spaces meet all the requirements of paragraph (b) of Section 25-621;
 - (iii) in #lower density growth management areas#, such spaces are non-required and are located in a driveway that accesses parking spaces that are located behind the #street wall# of the #building# or prolongation thereof;

However, no parking spaces of any kind shall be permitted in any #front yard# in an R4B, R5B or R5D District. Furthermore, no parking spaces of any kind shall be permitted in any #front yard# on a #zoning lot# containing an #attached# or #semi-detached building# in an R1, R2, R3A, R3X, R4A or R5A District, or in any #front yard# on a #zoning lot# containing an #attached building# in an R3-1 or R4-1 District;

- (15) Ramps for persons with physical disabilities;
- (16) Solar energy systems on walls existing on April 30, 2012, projecting no more than 10 inches and occupying no more than 20 percent of the surface area of the #building# wall (as viewed in elevation) from which it projects;
- (17) Steps, provided that such steps access only the lowest #story# or #cellar# of a #building# fronting on a #street#, which may include a #story# located directly above a #basement#;
- (18) Swimming pools, #accessory#, above-grade structures limited to a height not exceeding eight feet above the

level of the #rear yard# or #rear yard equivalent#. #Accessory# swimming pools are not permitted obstructions in any #front yard#;

- (19) Terraces or porches, open;
- (20) Walls, not exceeding eight feet in height above adjoining grade and not roofed or part of a #building#, and not exceeding four feet in height in any #front yard#, except that for #corner lots#, a wall may be up to six feet in height within that portion of one #front yard# that is between a #side lot line# and the prolongation of the side wall of the #residence# facing such #side lot line#;

(b) In any #rear yard# or #rear yard equivalent#:

- (1) Balconies, unenclosed, subject to the provisions of Section 23-13;
- (2) Breezeways;
- (3) Fire escapes;
- (4) Greenhouses, non-commercial, #accessory#, limited to one #story# or 14 feet in height above adjoining grade, whichever is less, and limited to an area not exceeding 25 percent of a required #rear yard#;
- (5) Parking spaces, off-street, #accessory#, for automobiles or bicycles, provided that:
 - (i) if #accessory# to a #single-# or #two-family residence#, the height of a #building# containing such parking spaces shall not exceed ten feet in height above the adjoining grade and such #building# shall be #detached# from such #residence#. Furthermore, if located in an R1 District, such #building# may not be nearer than five feet to a #rear lot line# or #side lot line#. In R2A Districts, detached garages shall be included in #lot coverage#. In addition, solar energy systems, limited to 18 inches in height, as measured perpendicular to the roof surface, shall be permitted upon the roof of such #accessory building# within the #rear yard#;
 - (ii) if #accessory# to any other kind of #building# containing #residences#, the height of a #building#, or portion thereof, containing such parking spaces within the #rear yard#, shall not exceed ten feet above adjoining grade, including the apex of a

pitched roof in R3, R4 or R5 Districts, or fourteen feet above #curb level# or #base plane#, as applicable, in R6, R7, R8, R9 or R10 Districts. In addition, decks, parapet walls, roof thickness, skylights, vegetated roofs, and weirs, as set forth in Section 23-62 (Permitted Obstructions), and solar energy systems, limited to 18 inches in height, as measured perpendicular to the roof surface, shall be permitted upon the roof of such #accessory building# within the #rear yard#;

- (iii) enclosed #accessory# parking spaces for bicycles shall be #accessory# to a #residence# other than a #single-# or #two-family residence#, attached to a #building#, and the area dedicated to such spaces shall not exceed the area of bicycle parking spaces permitted to be excluded from #floor area# pursuant to Section 25-85 (Floor Area Exemption);

- (6) Recreational or drying yard equipment;
- (7) Sheds, tool rooms or other similar #accessory buildings or other structures# for domestic or agricultural storage, with a height not exceeding 10 feet above the level of the #rear yard# or #rear yard equivalent#;
- (8) Water-conserving devices required in connection with air conditioning or refrigeration systems in #buildings# existing prior to May 20, 1966, if located not less than eight feet from any #lot line#.

However, no portion of a #rear yard equivalent# which is also a required #front yard# or required #side yard# may contain any obstructions not permitted in such #front yard# or #side yard#.

(2/2/11)

23-441

Location of garages in side yards of corner lots

In all #Residence Districts#, on #corner lots#, enclosed #accessory# off-street parking spaces shall be considered permitted obstructions in any portion of a #side yard# which is within 30 feet of both #side lot lines#, provided that, in an R1 or R2A District, on a #corner lot# whose mean width is 45 feet or more, no structure used for such purposes shall be less than five feet from any #side lot line#. In R2A Districts, detached garages shall be included in #lot coverage#.

(2/2/11)

23-442

Location of garages in side yards of other zoning lots

In all #Residence Districts#, on #zoning lots# other than #corner lots#, where no #rear yard# is required under the provisions of Sections 23-541 (Within one hundred feet of corners) or 23-542 (Along short dimension of block), enclosed #accessory# off-street parking spaces shall be considered permitted obstructions in any portion of a #side yard# that is within 30 feet of the #rear lot line#.

Basic Regulations - Front Yards

(2/2/11)

23-45

Minimum Required Front Yards

R1 R2 R3 R4 R5

- (a) In the districts indicated, #front yards# shall be provided as set forth in the following table, except that for a #corner lot# in an R1-2 District, one #front yard# may have a depth of 15 feet and, for a #corner lot# in an R3 District, one #front yard# may have a depth of 10 feet.

Front Yard	District
20 feet	R1
20 feet*	R1-2A
15 feet	R2 R2X R3-1 R3-2
15 feet*	R2A
10 feet*	R3A R3X R4-1 R4A R5A
10 feet**	R4 R5
5 feet*	R4B R5B R5D

* Except as provided in paragraphs (b) and (c) of this

Section

- ** If the depth of a #front yard# exceeds 10 feet, the depth of the #front yard# shall be at least 18 feet. Furthermore, #developments# or #enlargements# pursuant to the optional regulations applicable in a #predominantly built-up area# shall provide a #front yard# with a depth of at least 18 feet. However, on a #corner lot#, if one #front yard# has a depth of at least 18 feet, the other #front yard# shall have a depth of at least 10 feet

Furthermore, if an opening to an #accessory# off-street parking space is located within the #street wall# of a #building# containing #residences#, there shall be an open area between the opening and the #street line# which is at least 8 and 1/2 feet in width by 18 feet in depth, except this provision shall not apply in R5D Districts.

R1-2A R2A R3A R3X R4-1 R4A R4B R5A R5B R5D

- (b) For the purpose of paragraphs (b) and (c) the area between the #street line# and the front #building# wall of adjacent #buildings# on the same or adjoining #zoning lots# shall be considered adjacent #front yards#.

Except as provided in paragraph (c) of this Section, in the districts indicated, if adjacent #buildings# containing #residences# on the same or on adjoining #zoning lots# fronting on the same #street# have #front yards# greater than the minimum set forth in paragraph (a) of this Section, then a #front yard# shall be provided which:

- (1) in R1-2A, R2A, R3A, R3X, R4A, R4-1 or R5A Districts is at least as deep as an adjacent #front yard#; and
- (2) in R4B, R5B or R5D Districts is no deeper than the deepest adjacent #front yard# and no shallower than the shallowest adjacent #front yard#.

However, a #front yard# need not exceed 20 feet in depth, except that in R1-2A Districts, a #front yard# need not exceed 25 feet in depth.

In determining the depth of the adjacent #front yards#, balconies, and projections from the front #building# wall that do not exceed 33 percent of the width of the #building#, shall be disregarded.

For #developments# or #enlargements#, projections into the required #front yard# are permitted provided that the width of

all projections at the level of any #story# does not exceed 33 percent of the width of the #building#. The depth of such projections shall not exceed three feet into the #front yard#. However, balconies shall be subject to the provisions of Sections 23-13 (Balconies) and 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

(c) The provisions of paragraph (b) of this Section determining the depth of a #front yard# by the location of a #front yard# on an adjacent #zoning lot#, are modified as follows:

- (1) on #corner lots#, these provisions shall apply on only one #street# frontage; and
- (2) these provisions shall not apply to:
 - (i) any #street# frontage of a #zoning lot# where such frontage has a length of at least 150 feet along such #street#;
 - (ii) any #zoning lot# located in historic districts designated by the Landmarks Preservation Commission; or
 - (iii) a frontage of any #zoning lot# where the depths of 50 percent of the #front yards# within 150 feet of the #side lot lines# of such #zoning lot# are shallower by more than two feet than the shallowest of the adjacent #front yards#.

R1 R2 R3 R4 R5

(d) For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the provisions of paragraphs (a) and (b) of this Section are modified as follows:

The depth of the #front# yard may vary between the requirements of paragraph (a) of this Section, or as modified in any applicable Special District, and the depth of the #front yard# of any adjacent #zoning lot#.

(4/14/10)

23-451

Planting requirement

R1 R2 R3 R4 R5

In the districts indicated, a minimum percentage of the area of the #front yard# shall be planted, which shall vary by #street# frontage of the #zoning lot# as set forth in the following table. For the purposes of this Section, the #front yard# shall include the entire area between all #street walls# of the #building# and their prolongations and the #street line#. Planted areas shall be comprised of any combination of grass, groundcover, shrubs, trees or other living plant material, and shall have a minimum dimension of one foot, exclusive of any bounding walls. Any planted area within a driveway or parking space shall not qualify towards meeting the minimum planting requirements of this Section. For #through lots# or #corner lots#, the planting requirement of this Section shall be applied separately to each #street# frontage. For #corner lots#, planted areas of overlapping portions of #front yards# shall only be counted towards the planting requirement of one #front yard#. For #zoning lots# with multiple #building segments#, the planting requirement of this Section shall be applied separately to the entire area between the #street wall# of each #building segment# and the #street line#.

Where multiple #buildings# on a single #zoning lot# front upon the same #street#, the planting requirements of this Section shall be determined by the #street# frontage allocated to the area occupied by each such #building# and applied separately to the entire area between the #street line# and the #street wall# of each #building# and its prolongation. The allocation of planting requirements to open areas between #buildings# shall be determined by dividing such open area evenly, with an equal portion attributed to each #building# on both sides of such open area.

Any #zoning lot# occupied by a #building# constructed after April 30, 2008, shall provide planted areas in accordance with the provisions of this Section. Any #zoning lot# occupied by a #building# constructed prior to such date shall not be altered in any way that will either create new #non-compliance# or increase the degree of #non-compliance# with the provisions of this Section.

#Street# frontage of #zoning lot#, #street wall# width of #building segment#, or #street# frontage allocated to each of multiple #buildings# on a single #zoning lot#, as applicable.	Percentage of #front yard# to be planted (minimum)
Less than 20 feet	20
20 to 34 feet	25
35 to 59 feet	30

60 feet or greater

50

Basic Regulations - Side Yards

(2/2/11)

23-46

Minimum Required Side Yards

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, #side yards# shall be provided on any #zoning lot# as specified in this Section, except as otherwise provided in the following Sections:

Section 23-48 (Special Provisions for Existing Narrow Zoning Lots)

Section 23-49 (Special Provisions for Side Lot Line Walls)

Section 23-51 (Special Provisions for Yards Adjacent to R1 through R5 Districts)

(4/30/12)

23-461

Side yards for single- or two-family residences

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

(a) #Detached# and #zero lot line buildings#

In all districts, as indicated, for #zoning lots# containing only #single-family detached residences# or, where permitted, for #two-family detached residences# or #single-# or #two-family residences# in #zero lot line buildings#, or any combination thereof, #side yards# shall be provided as set forth in the table in this paragraph, except that on #corner lots# in R1, R2, R3, R4 and R5 Districts, one #side yard# shall be at least 20 feet in width:

MINIMUM REQUIRED SIDE YARDS

Number Required	Required Total Width (in feet)	Required Minimum Width of any #Side Yard# (in feet)	District
2	35	15	R1-1
2	20	8	R1-2
2	13	5	R2 R2A R3-1 R3-2 R4-R10
2	10*	2*	R2X R3X R4A R5A
1	8*	0*	R3A R4-1 R4B R5B R5D

* Additional regulations apply pursuant to paragraph (c) of this Section

R3-1 R3-2 R4 R4-1 R4B R5

(b) #Semi-detached buildings#

In the districts indicated, for #zoning lots# containing only #single-# or #two-family semi-detached residences#, a #side yard# shall be provided as set forth in the table in this paragraph, except that on #corner lots#, one #side yard# shall be at least 20 feet in width:

MINIMUM REQUIRED SIDE YARD

Feet	District
8	R3-1 R3-2 R4 R5
4*	R4-1 R4B R5B R5D

* Additional regulations apply pursuant to paragraph (c) of this Section

(c) Additional regulations

(1) Eight foot open area required between #buildings# containing #residences#

An open area with a minimum total width of eight feet is required between #buildings# containing #residences# on adjacent #zoning lots#. Such open area must be parallel to the #side lot line# and may be located on either one or both sides of such common #side lot line#. (See Figure A)

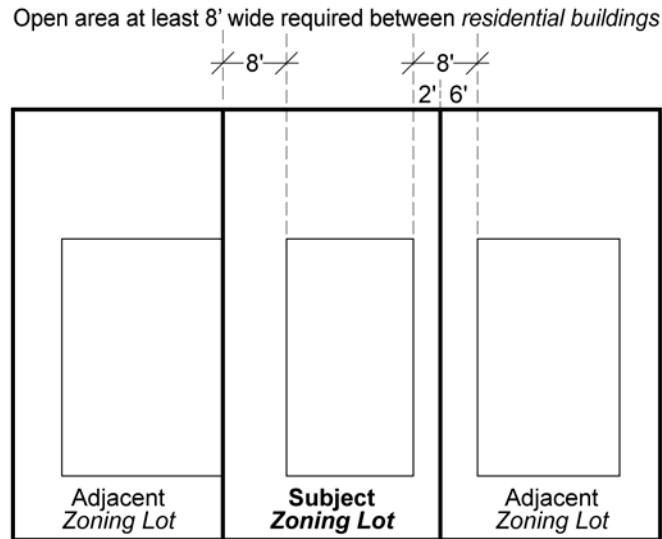

Figure A
(23-461c1)

- (2) When #side yards# total more than 13 feet

However, where such open area requirements result in #side yards# totaling more than 13 feet on the subject #zoning lot#, the width of such #side yards# may be reduced to not less than five feet, provided that the total width of both #side yards# on the subject #zoning lot# is at least 13 feet. (See Figure B)

Open area requirement results in *side yards* totaling 16'. Therefore, *side yards* may be reduced to not less than 5' provided both sides total at least 13'.

Figure B
(23-461c2)

(3) Permitted obstructions in open areas between #buildings#

Only air conditioning condensation units, chimneys, downspouts, eaves, exterior wall thickness, gutters, open #accessory# off-street parking spaces, ramps for access by people with disabilities, and steps as set forth in paragraph (a) of Section 23-44 shall be permitted obstructions in open areas required pursuant to paragraphs (c)(1) and (c)(2) of this Section, provided such obstructions, not including #accessory# off-street parking spaces, may not reduce the minimum width of the open area by more than three feet.

(4) Minimum #side yard# requirements for #zoning lots# adjacent to certain #side yards#

A #side yard# at least five feet wide shall be provided on any #zoning lot# along the common #side lot line# of any adjacent #zoning lot# with an existing #detached residence# whose #side yards# total at least 13 feet in width, with both #side yards# on such adjacent #zoning lot# at least five feet in width, or with an existing #semi-detached residence# with a #side yard# at least eight feet in width. (See Figure C)

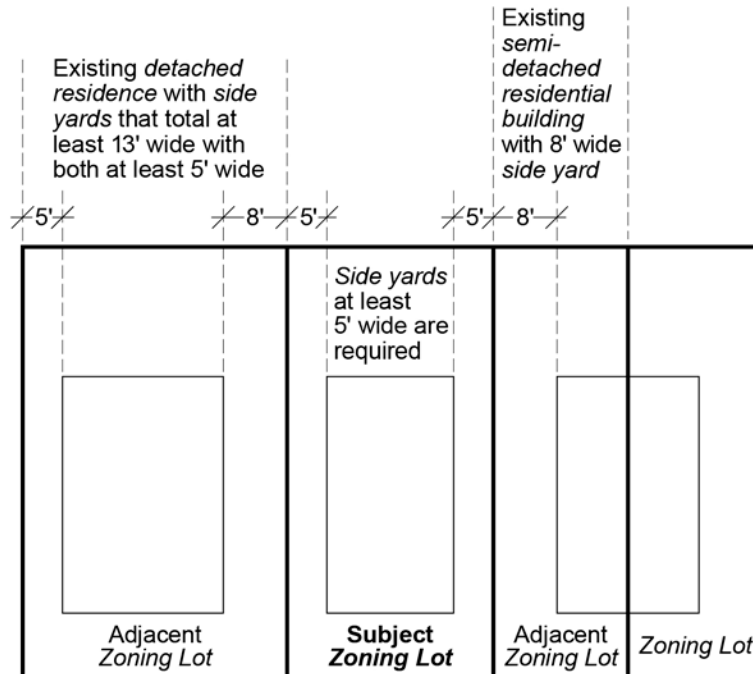

Figure C
(23-461c4)

(4/30/12)

23-462

Side yards for all other buildings containing residences

R3-2 R4 R5 R6 R7 R8 R9 R10

In the districts indicated, except as set forth in Section 23-461 (Side yards for single- or two-family residences) or Section 23-49 (Special Provisions for Side Lot Line Walls), side yards shall be provided for all zoning lots with buildings containing residences as provided in this Section:

R3-2 R4 R5

- (a) In the districts indicated, except R4B, R5B or R5D Districts, two side yards, each with a minimum required width of eight feet, shall be provided. However, if the aggregate width of street walls of a residential building is more than 80 feet or, for abutting buildings if the combined aggregate width of street walls of all such abutting buildings on a zoning lot is more than 80 feet, then two side yards shall be

provided, each equal to not less than 10 percent of such #aggregate width of street walls#. For #zoning lots# where no such #buildings# exceed a height of two #stories# and a #basement#, #side yards# need not exceed 15 feet in width.

However, on all #corner lots# in #lower density growth management areas#, one #side yard# shall be at least 20 feet in width.

R4B R5B R5D

- (b) In the districts indicated, no #side yards# are required; however, where a #building# containing #residences# on an adjacent #zoning lot# has a #side yard#, an open area with a minimum width of eight feet and parallel to the #side lot line# is required along the common #side lot line# between such #buildings#. Obstructions permitted pursuant to paragraph (c)(3) of Section 23-461 (Side yards for single- or two-family residences) shall be permitted in such open areas.

R6 R7 R8 R9 R10

- (c) In the districts indicated, no #side yards# are required. However, if any open area extending along a #side lot line# is provided at any level, it shall measure at least eight feet wide for the entire length of the #side lot line#. Obstructions permitted pursuant to paragraph (a) of Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) shall be permitted in such open areas.

(2/2/11)

23-463

Maximum aggregate width of street walls

R3-2 R4 R5

In the districts indicated, except R4B, R5B or R5D Districts, the #aggregate width of street walls# of a #building# containing #residences# or, for #abutting buildings# the combined #aggregate width of street walls# of all such #abutting buildings# on a #zoning lot#, shall not exceed the width set forth in the following table:

MAXIMUM
AGGREGATE WIDTH OF STREET WALLS

Feet	District
125	R3-2
185	R4 R5

However, the City Planning Commission may authorize, in R4 and R5 Districts, #aggregate width of street walls# in excess of 185 feet, provided the Commission finds that:

- (1) the #street wall# is adequately articulated by such design features as variable setbacks, stoops, bay windows or changes in the heights of the #buildings#; and
- (2) the #development# or #enlargement# will not be incompatible with #buildings# on the surrounding #blocks#.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(12/5/90)

23-464

Side yards for buildings used for permitted non-residential uses

R1 R2 R3 R4 R5

- (a) In the districts indicated, if a #building# used for permitted non-#residential uses# has an #aggregate width of street walls# equal to 60 feet or less, two #side yards# shall be provided, each with a minimum required width of eight feet. If such #building# has an #aggregate width of street walls# equal to more than 60 feet, two #side yards# shall be provided, each equal to not less than 15 percent of the #aggregate width of street walls#.

R6 R7 R8 R9 R10

- (b) In the districts indicated, no #side yards# are required. However, if any open area extending along a #side lot line# is provided at any level, it shall be at least eight feet wide.

Basic Regulations - Rear Yards

(4/30/08)

23-47

Minimum Required Rear Yards

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, a #rear yard# with a depth of not less than 30 feet shall be provided at every #rear lot line# on any #zoning lot# except as otherwise provided in Sections 23-52 (Special Provisions for Shallow Interior Lots), 23-53 (Special Provisions for Through Lots) or 23-54 (Other Special Provisions for Rear Yards). #Rear yards# shall also be provided along portions of #side lot lines# as set forth in Section 23-471 (Beyond one hundred feet of a street line).

(4/30/08)

23-471

Beyond one hundred feet of a street line

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, for #interior# or #through lot# portions of #corner lots#, and for #zoning lots# bounded by two or more #streets# that are neither #corner lots# nor #through lots#, the portion of a #side lot line# beyond 100 feet of the #street line# that it intersects shall be considered a #rear lot line# and the following rules shall apply along such #rear lot line#:

- (a) In all districts, a #rear yard# with a minimum depth of 30 feet shall be provided where such #rear lot line# coincides with a #rear lot line# of an adjoining #zoning lot#.

CORNER LOT
(23-471a)

- (b) In R1 through R5 Districts, a #rear yard# with a minimum depth of eight feet shall be provided where such #rear lot line# coincides with a #side lot line# of an adjoining #zoning lot#.

ZONING LOT BOUNDED BY TWO OR MORE STREETS
(NEITHER A CORNER LOT NOR A THROUGH LOT)
(23-471b)

- (c) In R6 through R10 Districts, no #rear yard# shall be required where such #rear lot line# coincides with a #side lot line# of an adjoining #zoning lot#.

Regulations Applying in Special Situations

Side Yards

(2/2/11)

23-48

Special Provisions for Existing Narrow Zoning Lots

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except R2X, R3A, R3X, R4A, R4-1, R4B, R5A, R5B or R5D Districts, the required total width of #side yards# for a #single-family detached# or #two-family detached residence# may be reduced by four inches for each foot by which the width of a #zoning lot# is less than that required under the provisions of Section 23-32 (Minimum Lot Area or Lot Width for Residences) if such #zoning lot#:

- (a) has less than the prescribed minimum #lot width#; and
- (b) was owned separately and individually from all other adjoining tracts of land, both on December 15, 1961 and on the date of application for a building permit.

However, in no event shall the required width of a #side yard# be less than five feet.

In R5D Districts, no #side yards# shall be required for any #zoning lot# having a width of less than 30 feet along a #street# and existing on the effective date of establishing such district on the #zoning map#.

(2/2/11)

23-49

Special Provisions for Side Lot Line Walls

R3-1 R3-2 R4 R5

In the districts indicated, except R4A and R5A Districts, a #building# containing #residences# may:

- (a) #abut# an existing #building# located along a #side lot line#, where such #building# was existing on December 15, 1961 or lawfully erected under the terms of this Resolution, provided that walls of the #building# containing #residences# and walls of the existing #building# shall #abut# for a length equal to or greater than one half of the distance between the #street wall line# and #rear wall line# of the existing #building#. For the purposes of this paragraph, (a), an "existing #building#" shall not include an #accessory building# located on an #interior# or #through lot#;
- (b) #abut# other #buildings# containing #residences# being erected at the same time on an adjoining #zoning lot# or #zoning lots#.

For such #buildings# containing #residences#, the #side yard# requirements shall be waived along the #side lot line# of the

#zoning lot# coincident with the #abutting buildings#, and one #side yard# shall be provided along any #side lot line# of the #zoning lot# without an #abutting building# with a width of at least eight feet in R3-1, R3-2, R4 or R5 Districts, and four feet in R4-1, R4B or R5B Districts.

(2/2/11)

23-51

Special Provisions for Yards Adjacent to R1 through R5 Districts

R6 R7 R8 R9 R10

In the districts indicated, the provisions of this Section shall apply to #zoning lots# located, wholly or partially, within an R6, R7, R8, R9 or R10 District that are adjacent to a #zoning lot# located wholly or partially within an R1, R2, R3, R4 or R5 District.

A #side yard# at least eight feet wide shall be provided along the entire length of the common #side lot line#. Such #side yard# may be used for #accessory# parking.

Rear Yards

(2/2/11)

23-52

Special Provisions for Shallow Interior Lots

R3 R4 R5 R6 R7 R8 R9 R10

In the districts indicated, if an #interior lot#:

(a) was owned separately and individually from all other adjoining tracts of land, both on December 15, 1961 and on the date of application for a building permit; and

(b) is less than 70 feet deep at any point;

the depth of a required #rear yard# for such #interior lot# may be reduced by one foot for each foot by which the maximum depth of such #zoning lot# is less than 70 feet. On any #interior lot# with a maximum depth of 50 feet or less, the minimum depth of a required #rear yard# shall be ten feet.

(4/30/08)

23-53

Special Provisions for Through Lots

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the regulations of this Section shall apply to all #through lots#, except as provided in Section 23-471 (Beyond one hundred feet of a street line). In the case of a #zoning lot# occupying an entire #block#, no #rear yard# or #rear yard equivalent# shall be required.

(2/2/11)

23-531

Excepted through lots

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

- (a) In all districts, as indicated, no #rear yard# regulations shall apply to any #through lots# that extend less than 110 feet in maximum depth from #street# to #street#.

R6 R7 R8 R9 R10

- (b) In the districts indicated, for #zoning lots# containing #Quality Housing buildings#, no #rear yard# regulations shall apply to any #zoning lot# that includes a #through lot# portion that is contiguous on one side to two #corner lot# portions and such #zoning lot# occupies the entire #block# frontage of a #street#.

(2/2/11)

23-532

Required rear yard equivalents

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, on any #through lot# that is 110 feet or more in maximum depth from #street# to #street#, one of the following #rear yard equivalents# shall be provided:

- (a) an open area with a minimum depth of 60 feet, midway (or within

five feet of being midway) between the two #street lines# upon which such #through lot# fronts;

- (b) two open areas, each adjoining and extending along the full length of a #street line# and each with a minimum depth of 30 feet measured from such #street line#, except the depth of such required open area along one #street line# may be decreased, provided that:
 - (1) a corresponding increase in the depth of the open area along the other #street line# is made; and
 - (2) any required #front yards# or front setback areas are maintained; or
- (c) an open area adjoining and extending along the full length of each #side lot line# with a minimum width of 30 feet measured from each such #side lot line#.

However, in #lower density growth management areas# and in R5D, R6A, R6B, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9D, R9X, R10A and R10X Districts, and for #Quality Housing buildings# in other R6 through R10 Districts, on any #through lot# at least 180 feet in maximum depth from #street# to #street#, a #rear yard equivalent# shall be provided only as set forth in paragraph (a) of this Section.

Any such #rear yard equivalent# shall be unobstructed from its lowest level to the sky, except as provided in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

(12/15/61)

23-54

Other Special Provisions for Rear Yards

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the #rear yard# requirements set forth in Section 23-47 (Minimum Required Rear Yards) shall be modified as set forth in this Section.

(4/30/08)

23-541

Within one hundred feet of corners

R6 R7 R8 R9 R10

In the districts indicated, no #rear yard# shall be required within 100 feet of the point of intersection of two #street lines# intersecting at an angle of 135 degrees or less.

(4/30/08)

23-542

Along short dimension of block

R6 R7 R8 R9 R10

In the districts indicated, whenever a #front lot line# of a #zoning lot# coincides with all or part of a #street line# measuring less than 230 feet in length between two intersecting #streets#, no #rear yard# shall be required within 100 feet of such #front lot line#.

(4/30/08)

23-543

For zoning lots with multiple rear lot lines

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, for #zoning lots# with multiple #rear lot lines#, if a #rear yard# extends from a #rear lot line# away from the #street line# which is used to determine such #rear lot line#, the following rules shall apply along such #rear lot line#:

- (a) In all districts, a #rear yard# with a minimum depth of 30 feet shall be provided where such #rear lot line# coincides with a #rear lot line# of an adjoining #zoning lot#.

(23-543a)

- (b) In R1 through R5 Districts, a #rear yard# with a minimum depth of eight feet shall be provided where such #rear lot line# coincides with a #side lot line# of an adjoining #zoning lot#.

(23-543b)

- (c) In R6 through R10 Districts, no #rear yard# shall be required where such #rear lot line# coincides with a #side lot line# of an adjoining #zoning lot#.

- (d) In all districts, for portions of #through lots# that have multiple #rear lot lines# and such portions are not subject to #interior lot# regulations, the #street line# bounding the #zoning lot# closest to such #rear lot line# shall be used to determine compliance with this Section.

(23-543d)

(6/30/89)

23-544

In certain districts

R2X

In the district indicated, a #residential building# may extend ten feet into a required #rear yard# or #rear yard equivalent# pursuant to the provisions of Section 23-631 (Height and setback in R1, R2, R3, R4 or R5 Districts).

All Yards

(8/14/87)

23-55

Special Provisions for Zoning Lots Divided by District Boundaries

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts or is subject to other regulations resulting in different #yard# regulations on portions of the #zoning lot#, the provisions set forth in Article VII, Chapter 7, shall apply.

(4/30/08)

23-56

Modifications of Rear Yard Regulations

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the regulations set forth in Section 23-543 (For zoning lots with multiple rear lot lines) may be modified in accordance with the provisions of Section 73-69 (Rear Yard Modifications).

(12/15/61)

23-60

HEIGHT AND SETBACK REGULATIONS

Definitions and General Provisions

(10/25/93)

23-61

Definitions

Words in italics are defined in Section 12-10 (DEFINITIONS) or, if applicable exclusively to this Section, in this Section.

(4/30/12)

23-62

Permitted Obstructions

In all #Residence Districts#, except as provided in Section 23-621

(Permitted obstructions in certain districts), the obstructions listed in paragraphs (a) through (r) in this Section shall be permitted to penetrate a maximum height limit or #sky exposure plane# set forth in Sections 23-63 (Maximum Height of Walls and Required Setbacks), 23-64 (Alternate Front Setbacks) or 23-69 (Special Height Limitations):

- (a) Awnings and other sun control devices, provided that when located at a level higher than the first #story#, excluding a #basement#, all such awnings and other sun control devices:
 - (1) shall be limited to a maximum projection from a #building# wall of 2 feet, 6 inches, except when located on the first #story# above a setback;
 - (2) shall have solid surfaces that, in aggregate, cover an area no more than 30 percent of the area of the #building# wall (as viewed in elevation) from which they project; and
 - (3) may rise above the permitted #building# height, up to the height of a parapet wall or guardrail permitted in accordance with paragraph (j) of this Section.

When located on the first #story# above a setback, awnings and other sun control devices shall be limited to a projection of 50 percent of the depth of the required setback, and shall be limited, in total, to 50 percent of the width of the #building# wall from which they project;

- (b) Balconies, unenclosed, subject to the provisions of Section 23-13;
- (c) #Building# columns, having an aggregate width equal to not more than 20 percent of the #aggregate width of street walls# of a #building#, to a depth not exceeding 12 inches, in an #initial setback distance#, optional front open area, or any other required setback distance or open area set forth in Sections 23-63, 23-64 or 23-65 (Tower Regulations);
- (d) Chimneys or flues, with a total width not exceeding 10 percent of the #aggregate width of street walls# of a #building# at any level;
- (e) Decks, and other surfaces for recreational activities, not more than 3 feet, 6 inches in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher;
- (f) Dormers having an #aggregate width of street walls# equal to not more than 50 percent of the width of the #street wall# of a

#detached# or #semi-detached single-# or #two-family residence#;

- (g) Elevator or stair bulkheads (including shafts; and vestibules not larger than 60 square feet in area providing access to a roof), roof water tanks and #accessory# mechanical equipment (including enclosures), other than solar or wind energy systems, provided that:

- (1) such obstructions shall be located not less than 10 feet from the #street wall# of a #building#, except that such obstructions need not be set back more than 25 feet from a #narrow street line# or more than 20 feet from a #wide street line#. However, such restrictions on location shall not apply to elevator or stair bulkheads (including shafts or vestibules), provided the #aggregate width of street walls# of such bulkheads within 10 feet of a #street wall#, facing each #street# frontage, times their average height, in feet, does not exceed an area equal to four times the width, in feet, of the #street wall# of the #building# facing such frontage;
- (2) all mechanical equipment shall be screened on all sides;
- (3) such obstructions and screening are contained within a volume that complies with one of the following:
 - (i) the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, shall not exceed an area equal to eight feet times the width, in feet, of the #street wall# of the #building# facing such frontage; or
 - (ii) the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and where the maximum permitted height of a #building# is less than 120 feet, such obstructions are limited to a maximum height of 25 feet, and where the maximum permitted height of a #building# is 120 feet or greater, such obstructions are limited to a maximum height of 40 feet.

For the purposes of this paragraph, (g), #abutting buildings# on a single #zoning lot# may be considered to be a single #building#;

- (h) Exterior wall thickness, up to eight inches, where such wall thickness is added to the exterior face of a #building# wall existing on April 30, 2012, provided the added wall thickness

has a thermal resistance (R-value) of at least 1.5 per inch. Where #buildings# that have added exterior wall thickness pursuant to this Section are #enlarged#, such #enlarged# portion may similarly penetrate a maximum height limit in order to align with the exterior walls of the existing #building#, provided such #enlargement# contains less #floor area# than the existing #building#, and there is no penetration of #floor area# above a maximum height limit;

- (i) Flagpoles or aerals;
- (j) Parapet walls, not more than four feet in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. A guardrail with a surface at least 70 percent open or with an opacity no more than 30 percent (as viewed in elevation), shall be permitted above a parapet wall or within two feet of a parapet wall, provided such guardrail is not more than four feet above the accessible level of a roof. Such restriction on guardrail height shall not apply when located beyond two feet from a parapet wall;
- (k) Roof thickness, up to eight inches, to accommodate the addition of insulation, for #buildings# or portions of #buildings# constructed prior to April 30, 2012. For a #building# that has added roof thickness pursuant to this paragraph, an #enlargement# may align with the finished roof surface of such #building#, provided the #enlarged# portion does not exceed the maximum height limit by more than eight inches;
- (l) Skylights, clerestories or other daylighting devices, not more than four feet in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. Such devices shall be limited to a #lot coverage# not greater than 10 percent of the #lot coverage# of the roof and be located at least eight feet from the #street wall# edge. However, such devices shall not be permitted obstructions above a roof with a slope greater than 20 degrees;
- (m) Solar energy systems:
 - (1) on the roof of a #building#, up to four feet in height, as measured from the maximum height limit, or the finished level of the roof, whichever is higher;
 - (2) on the roof of a #building#, greater than four feet in height, as measured from the maximum height limit, or the finished level of the roof, whichever is higher, provided that all such portions above four feet are set back at

least six feet from a #street wall#, limited to a #lot coverage# not greater than 25 percent of the #lot coverage# of the roof and do not exceed:

- (i) in R1 through R5 Districts, a height of six feet;
 - (ii) in R6 through R10 Districts, a height of 15 feet; and
 - (iii) when located on a bulkhead or other obstruction pursuant to paragraph (g) of this Section, a height of six feet;
- (3) on walls existing on April 30, 2012, projecting no more than 10 inches and occupying no more than 20 percent of the surface area of the #building# wall (as viewed in elevation) from which it projects.

However, any installation on a roof with a slope greater than 20 degrees shall be limited to 18 inches in height, as measured perpendicular to the roof surface.

- (n) Vegetated roofs, not more than 3 feet, 6 inches in height, excluding vegetation, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. On roofs with slopes greater than 20 degrees, vegetated roofs shall be limited to a height of 12 inches measured perpendicular to such roof surface;
- (o) Weirs, check dams and other equipment for stormwater management, not more than 3 feet, 6 inches in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher;
- (p) Wind energy systems on portions of #buildings# with a height of 100 feet or greater, provided:
 - (1) the highest point of the wind turbine assembly does not exceed 55 feet;
 - (2) no portion of the wind turbine assembly is closer than 10 feet to any #lot line#; and
 - (3) the diameter of the swept area of the rotor does not exceed 15 feet;
- (q) Window washing equipment mounted on a roof;
- (r) Wire, chain link or other transparent fences.

(4/30/12)

23-621

Permitted obstructions in certain districts

R2A R2X R3 R4 R4A R4-1 R5A

- (a) In the districts indicated, permitted obstructions are limited to chimneys, exterior wall thickness, flag poles or aerials, parapet walls, roof thickness, skylights, solar energy systems and vegetated roofs pursuant to Section 23-62.
- (b) In R2X Districts, dormers may be considered permitted obstructions if:
 - (1) the aggregate width of dormers facing the #street line# is equal to not more than 50 percent of the width of the #street wall line#;
 - (2) the aggregate width of dormers facing the #rear lot line# is equal to not more than 50 percent of the width of the #rear wall line#;
 - (3) the aggregate width of dormers facing a #side lot line# is equal to not more than 50 percent of the width of a straight line connecting and perpendicular to the #street wall line# and the #rear wall line#; and
 - (4) on a #corner lot#, the aggregate width of dormers facing a #side lot line# is equal to not more than 50 percent of the width of the #rear wall line# facing such #side lot line#.

R6A R6B R7A R7B R7D R7X R8A R8B R8X R9A R9D R9X R10A R10X

- (c) In the districts indicated, and for #Quality Housing buildings# in other R6, R7, R8, R9 and R10 Districts, the permitted obstructions set forth in Section 23-62 shall apply to any #building or other structure#, except that within a required front setback distance above a maximum base height, the following rules shall apply:
 - (1) Dormers shall be allowed as a permitted obstruction, provided that on any #street# frontage, the aggregate width of all dormers at the maximum base height does not exceed 60 percent of the width of the #street wall# of the highest #story# entirely below the maximum base height. For each foot above the maximum base height, the aggregate

width of all dormers shall be decreased by one percent of the #street wall# width of the highest #story# entirely below the maximum base height.

h - Maximum base height
s - Required setback or *initial setback distance*
w - Maximum width of dormer at maximum base height (60% of *street wall* width of highest *story* entirely below maximum base height)

 Dormer

Dormer
(23-621c, 62-341d.2)

- (2) Solar energy systems on a roof shall be limited to four feet or less in height, as measured from the maximum height limit, or the finished level of the roof, whichever is higher. However, on a roof with a slope greater than 20 degrees, such systems shall be limited to 18 inches in height as measured perpendicular to the roof surface.
- (3) Wind energy systems shall not be allowed as permitted obstructions.
- (4) Window washing equipment shall not be allowed as permitted obstructions.

(2/2/11)

23-63

Maximum Height of Walls and Required Setbacks

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the maximum height of a front wall or of any other portion of a #building or other structure# shall be set forth in this Section, except as otherwise provided in Sections 23-62 (Permitted Obstructions), 23-64 (Alternate Front Setbacks), 23-65 (Tower Regulations), 23-692 (Height limitations for narrow buildings or enlargements), 23-693 (Special provisions applying adjacent to R1 through R6B Districts) or 74-85 (Special Height and Setback Regulations).

(2/2/11)

23-631

Height and setback in R1, R2, R3, R4 and R5 Districts

R1 R2

- (a) In the districts indicated, except R1-2A, R2A and R2X Districts, the front wall or any other portion of a #building or other structure# shall not penetrate the #sky exposure plane# set forth in the following table:

MAXIMUM HEIGHT OF FRONT WALL
AND REQUIRED FRONT SETBACKS

Height above #Front Yard Line# (in ft.)	#Sky Exposure Plane#		District	
	Slope over #Zoning Lot# (expressed as a ratio of vertical distance to horizontal distance)			
	Vertical Distance	Horizontal Distance		
25	1 to	1	R1	R2

SKY EXPOSURE PLANE
(23-631a, 24-521)

R1-2A R2A R2X R3 R4 R4A R4-1 R5A

(b) In the districts indicated, the height and setback of a #building or other structure# shall be as set forth herein

except where modified pursuant to paragraphs (h) and (i) of this Section.

For the purposes of this Section, where #base planes# of different elevations apply to different portions of a #building or other structure#, each such portion of the #building# may be considered to be a separate #building#. Furthermore, for the purposes of this Section, #building segments# may be considered to be separate #buildings# and #abutting semi-detached buildings# may be considered to be one #building#.

The perimeter walls of a #building or other structure# are those portions of the outermost walls enclosing the #floor area# within a #building or other structure# at any level and height is measured from the #base plane#. Perimeter walls are subject to setback regulations at a maximum height above the #base plane# of:

21 feet	R2A R2X R3 R4A
25 feet	R1-2A R4 R4-1 R5A
26 feet*	R3 R4A R4-1 within #lower density growth management areas#

- * In R3, R4A and R4-1 Districts within #lower density growth management areas#, where a #base plane# is established at a #base flood elevation# higher than grade, the maximum perimeter wall height shall be 21 feet above such #base flood elevation# or 26 feet above grade, whichever is more

Above these heights, sloping planes control the maximum height of the #building or other structure# requiring either a setback or a pitched roof. These planes start at the maximum permitted height of the perimeter walls and meet at a ridge line of 35 feet above the #base plane#. The exact locations of these planes are flexible and are determined in the steps set forth in paragraphs (b)(1) through (b)(5), as follows:

- (1) At a height of 35 feet above and parallel to the #base plane#, a plane is projected above the area enclosed by and including the perimeter walls of the #building or other structure#. A second plane (the perimeter wall plane) is projected in the same manner at a height of 21 or 25 feet above the #base plane#. (See Figure A)

Figure A
(23-631b1)

- (2) Each perimeter wall of the #building or other structure# with a horizontal dimension of eight feet or more which projects from an adjacent perimeter wall at least 18 inches may have an apex point directly above it on the 35 foot high plane. (See Figure B). The location of the apex point is flexible provided it is directly above its perimeter wall and provided a line drawn from the intersection of two perimeter walls to such an apex point does not exceed 80 degrees to the horizontal. An apex point is not required for each qualifying perimeter wall; however, the maximum number of apex points above each such wall is one.

Figure B
(23-631b2)

- (3) One "ridge line" is extended in a straight line from each apex point along the 35 foot high plane. Ridge lines which connect two apex points may cross other ridge lines. Otherwise, ridge lines which extend from only one apex point must terminate at a point of intersection with another ridge line. (See Figure C)

Figure C
(23-631b3)

- (4) Sloping planes are extended in a straight line outward and downward from each ridge line until they intersect the perimeter wall plane. Every sloping plane generated must intersect the perimeter wall plane for the full width of the ridge line from which it extends. (See Figure D). The maximum angle of pitch for any sloping plane may not exceed 80 degrees to the horizontal. Sloping planes extended from ridge lines perpendicular or within 45 degrees of being perpendicular to each other may intersect, in which case the higher plane defines the limit of the envelope. Sloping planes extended from ridge lines parallel or within 45 degrees of being parallel to each other must intersect the perimeter wall plane without intersecting each other.

Figure D
(23-631b4)

- (5) The perimeter walls are then extended vertically beyond the perimeter wall plane, up to the heights defined by the sloping planes generated in paragraph (4). (See Figure E). The perimeter walls of the #building# or other structure#, the sloping planes and the perimeter wall extensions define the #building# envelope. (See Figure F). The #building# envelope may be penetrated above the maximum permitted perimeter wall height by those items set forth in Section 23-621 (Permitted obstructions in certain districts). Those items listed in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), and roofed porches and porticoes subject to all applicable provisions, may penetrate the #building# envelope below the maximum permitted perimeter wall height. Eaves may extend the roof lines 18 inches beyond the exterior walls.

(23-631b5.1)

Figure E and F
(23-631b5.2)

(6) Special Situations

- (i) For convex curved perimeter walls, the #building or other structure# must be within a plane curve tapering uniformly to a vertex located at a height of 35 feet. For concave curved perimeter walls, the #building or other structure# must lie within a plane curve extending from the maximum perimeter wall height to a ridge line parallel to the prolongation of the perimeter wall at the 35 foot level. Such plane curves may not exceed a pitch of 80 degrees in relation to a plane drawn parallel to the #base plane# at the maximum height of the permitted perimeter wall. (See Figure G).

Figure G
(23-631b6.i)

- (ii) In R2X Districts, at the 21 foot maximum permitted height of a perimeter wall, sloping planes are projected inwards and upwards. From a permitted front perimeter wall and from 21 feet above the #base plane# and 20 feet from and parallel to a #rear lot line#, such sloping plane shall not exceed a pitch of 45 degrees in relation to a plane drawn parallel to the #base plane# at a height of 21 feet. (See Figure H). Other sloping planes slope toward a ridge line at 35 feet and may not exceed a pitch of 80 degrees in relation to a plane drawn parallel to the #base plane# at a height of 21 feet.

Figure H
(23-631b6.ii)

- (c) In the district indicated, no portion of the #building or other structure#, including the apex of a roof, shall penetrate a plane 24 feet in height above the #base plane# except for permitted obstructions as set forth in Section 23-62.

R5

- (d) In the district indicated, except R5A, R5B and R5D Districts, no portion of a #building or other structure#, including the apex of a roof, may penetrate a plane 40 feet above the #base plane#. In addition, the maximum height of a #street wall# above the #base plane# shall be 30 feet. Above such height, a setback of 15 feet is required. Within the setback distance, no portion of the #building or other structure#, including the apex of a roof, may penetrate a plane rising from the maximum #street wall# height, at 20 degrees to the horizontal. On #corner lots#, the 30 foot maximum #street wall# height shall apply to only one #street# frontage. #Buildings or other structures# which utilize the optional regulations of Section 23-141 applying to a #predominantly built-up area# shall be subject to the height and setback regulations for an R5B District. The provisions of this paragraph may be modified pursuant to Section 23-62 and paragraphs (h) and (i) of this Section.

R5B

- (e) In the district indicated, no portion of a #building or other structure#, including the apex of a roof, may penetrate a plane 33 feet above the #base plane#. In addition, the maximum height of a #street wall# above the #base plane# shall be 30 feet. Above such height, no portion of the #building or other structure# shall penetrate a plane rising from the maximum #street wall# height, at 20 degrees to the horizontal, to a maximum height of 33 feet above the #base plane#. On #corner lots#, the 30 foot maximum #street wall# height shall apply to only one #street# frontage. The provisions of this paragraph may be modified pursuant to Section 23-62 and paragraph (h) of this Section.

R5D

- (f) In the district indicated, no portion of a #building or other structure# shall penetrate a plane 40 feet above the #base plane#.

R3A R4A R4-1 R4B R5B

- (g) In the districts indicated, a second #story# line-up is required as follows:

Where at least 75 percent of the #buildings# containing #residences# within 150 feet of the #side lot lines# of the #zoning lot# have a first #story# front projection that is at least 50 percent of the width of the #building#, the #street wall# shall be no closer to the #street line# than the second #story street wall# of an adjacent #building# containing #residences# facing on the same #street#.

Projections from the first #story street wall# are permitted provided that such projections are no closer to the #street line# than an adjacent #front yard line#, and such projections are no higher than 13 feet above the #street wall line level#. Projections from the second #story street wall# are permitted provided that the width of all projections at that level does not exceed 33 percent of the width of the #building# at the second #story#, and the depth of the projections does not exceed three feet.

(h) The height and setback regulations of this Section are modified as follows:

- (1) In R3-1 and R3-2 Districts, #single-# or #two-family detached residences# on #zoning lots# of at least 9,500 square feet in area and at least 100 feet of frontage along a #street# may use the height and setback regulations applicable in an R2 District.
- (2) In R3 and R4A Districts, #non-profit residences for the elderly# may use the height and setback regulations applicable in an R4 District.
- (3) In R5 Districts, except R5A and R5D Districts, as an alternative front setback regulation for #non-profit residences for the elderly#, no portion of the #building or other structure# shall penetrate a #sky exposure plane# which begins at a height of 27 feet above an #initial setback distance# of 10 feet and rises over the #zoning lot# at a slope of one foot of vertical distance for each foot of horizontal distance to a maximum height of 40 feet above the #base plane#. On #corner lots#, the #sky exposure plane# shall apply to only one #street# frontage. The provisions of this subparagraph may be modified pursuant to Section 23-62 and paragraph (i) of this Section.
- (4) In the #Special Ocean Parkway District#, the #Special Coney Island Mixed Use District#, and the #Special Hunters

Point Mixed Use District#, for #buildings or other structures# subject to the regulations of an R5 District other than an R5D District, no portion of a #building or other structure#, including the apex of a roof, may penetrate a plane 40 feet above the #base plane#. In addition, the maximum height of a #street wall# above the #base plane# shall be 32 feet. Above such height, a setback of 15 feet is required. Within the setback distance, no portion of the #building or other structure#, including the apex of a roof, may penetrate a plane rising from the maximum #street wall# height at 20 degrees to the horizontal. On #corner lots#, the 32 foot maximum #street wall# height shall apply to only one #street# frontage.

In these special districts, for #developments# or #enlargements# which utilize the optional regulations applicable to a #predominantly built-up area#, the maximum height of a #building# containing #residences# shall not exceed 32 feet above the #base plane#. Furthermore, for such #developments# or #enlargements# with pitched roofs, the midpoint of such pitched roof shall not exceed a height of 32 feet above the #base plane#. The provisions of this paragraph may be modified pursuant to Section 23-62 and paragraph (h) of this Section.

- (5) In accordance with Section 78-31 (Location of Buildings, Distribution of Bulk and Open Space and Modification of Height and Setback), #buildings# within a #large-scale residential development# may use the alternate height and setback regulations set forth in Section 78-31, paragraphs (b)(1) through (b)(3).

R3-2 R4 R5

- (i) In the districts indicated, except R4A, R4B, R4-1, R5A, R5B and R5D Districts, the City Planning Commission may authorize a #building or other structure# that penetrates the height and setback regulations set forth in paragraphs (b) and (d) of this Section, except for #buildings# utilizing the optional regulations for #predominantly built-up areas#. As a condition for granting such authorizations, the Commission shall find that:

- (1) by concentrating permitted #floor area# in a #building# or #buildings# of greater height the preservation of an existing #building#, topography, vegetation, or view corridors having environmental, historic or aesthetic value to the public will be assured, and that such preservation would not be possible by careful siting of lower #buildings# containing the same permitted #floor

area#; or, for #non-profit residences for the elderly#, the additional #floor area# permitted is accommodated in an efficient manner;

- (2) such modification is the least modification required to achieve the purpose for which it is granted;
- (3) the proposed modification does not impair the essential character of the surrounding area; and
- (4) that the proposed modification will not have adverse effects upon light, air, and privacy of adjacent properties and of any existing #buildings# on the #zoning lot#.

Applications for authorizations shall be referred to the affected Community Board for a period of at least 30 days for comment. The City Planning Commission shall grant in whole or in part or deny the application within 60 days of the completion of the Community Board review period.

(2/2/11)

23-632

Front setbacks in districts where front yards are not required

R6 R7 R8 R9 R10

- (a) In the districts indicated, except for #Quality Housing buildings#, and except as set forth in paragraph (b) of this Section, if the front wall or other portion of a #building or other structure# is located at the #street line# or within the #initial setback distance# set forth in the following table, the height of such front wall or other portion of a #building or other structure# shall not exceed the maximum height above #curb level# set forth in the following table. Above such specified maximum height and beyond the #initial setback distance#, the #building or other structure# shall not penetrate the #sky exposure plane# set forth in the following table:

MAXIMUM HEIGHT OF FRONT WALL AND REQUIRED FRONT SETBACKS

Maximum Height of a Front	#Sky Exposure Plane#
	Slope over #Zoning Lot# (expressed as

#Initial Setback Distance# (in feet)		Wall or other portion of a #Building or other structure# within the #Initial Setback Distance#	Height above #Street Line# (in feet)	a ratio of vertical distance to horizontal distance)			
				On #Narrow Street#		On #Wide Street#	
On #Narrow Street#	On #Wide Street#			Vertical Distance	Hori- zontal Distance	Vertical Distance	Hori- zontal Distance

R6 or R7 Districts

20	15	60 feet or six #stories#, whichever is less	60	2.7 to 1	5.6 to 1
----	----	---	----	----------	----------

R8 R9 or R10 Districts

20	15	85 feet or nine #stories#, whichever is less	85	2.7 to 1	5.6 to 1
----	----	--	----	----------	----------

SKY EXPOSURE PLANE R6 R7 R8 R9 R10 Districts (23-632, 24-522, 33-432, 43-43)

R6A R6B R7A R7B R7D R7X R8A R8B R8X R9A R9D R9X R10A R10X

- (b) In the districts indicated, for all #buildings or other structures#, and for #Quality Housing buildings# in other R6, R7, R8, R9 or R10 Districts, the provisions of this Section and

Sections 23-64 (Alternate Front Setbacks) and 23-65 (Tower Regulations) shall be inapplicable. In lieu thereof, the provisions of Section 23-633 (Street wall location and height and setback regulations in certain districts) shall apply.

(9/24/13)

23-633

Street wall location and height and setback regulations in certain districts

R6A R6B R7A R7B R7D R7X R8A R8B R8X R9A R9D R9X R10A R10X

In the districts indicated, #street wall# location and height and setback regulations are set forth in this Section. The height of all #buildings or other structures# shall be measured from the #base plane#. The provisions of Sections 23-64 (Alternate Front Setbacks) and 23-65 (Tower Regulations) shall not apply, except as otherwise set forth for #buildings# in R9D and R10X Districts.

(a) #Street wall# location

R6A R7A R7D R7X R9D

- (1) In the districts indicated, for all #buildings#, and for #Quality Housing buildings# on #wide streets# in R6 or R7 Districts without a letter suffix, the #street wall# shall be located no closer to the #street line# than the closest #street wall# of an existing #building# to such #street line#, located on the same #block#, and within 150 feet of such #building#. However, a #street wall# need not be located further from the #street line# than 15 feet. On #corner lots#, these #street wall# location provisions shall apply along only one #street line#.

R6B R7B R8B

- (2) In the districts indicated, for all #buildings#, and for #Quality Housing buildings# on #narrow streets# in R6 and R7 Districts without a letter suffix, the #street wall# of a #building# on a #zoning lot# with at least 50 feet of frontage along a #street line# shall be located no closer to the #street line# than the #street wall# of an adjacent existing #building#. On #zoning lots# with less than 50 feet of frontage along a #street line#, the #street wall# shall be located no closer to nor further from the #street line# than the #street wall# of an adjacent existing #building#. For all #zoning lots#, the #street wall# need

not be located further from a #street line# than 15 feet. On #corner lots#, the #street wall# along one #street line# need not be located further from the #street line# than five feet.

R8A R8X R9A R9X R10A R10X

(3) In the districts indicated, for all #buildings#, and for #Quality Housing buildings# in R8 or R9 Districts without a letter suffix, and in other R10 Districts, the following #street wall# location provisions shall apply along #wide streets# and along #narrow streets# within 50 feet of their intersection with a #wide street#:

- (i) the #street wall# shall extend along the entire #street# frontage of a #zoning lot#;
- (ii) at least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and extend to at least the minimum base height specified in the table in this Section or the height of the #building#, whichever is less. The remaining 30 percent of the #aggregate width of street walls# may be recessed beyond eight feet of the #street line# provided any such recesses deeper than 10 feet along a #wide street# or 15 feet along a #narrow street# are located within an #outer court#; and
- (iii) the #street wall# location provisions of paragraph (a)(3) of this Section, inclusive, shall not apply to houses of worship.

No #street wall# location provisions shall apply along any #narrow street# beyond 50 feet of their intersection with a #wide street#.

For the purposes of applying the provisions of paragraph (a) of this Section, where the Administrative Code establishes restrictions on the location of #buildings# on lots fronting upon and within 30 feet of Eastern Parkway in Community Districts 8 and 9 in the Borough of Brooklyn, lines drawn 30 feet north of and 30 feet south of, and parallel to, Eastern Parkway shall be considered the northern and southern #street lines# of Eastern Parkway.

R6A R6B R7A R7B R7D R7X R8A R8B R8X R9A R9D R9X R10A R10X

(b) Setback regulations

In the districts indicated, for all #buildings or other structures#, and for #Quality Housing buildings# in other R6, R7, R8, R9 and R10 Districts, setbacks are required for all portions of #buildings or other structures# that exceed the maximum base height specified in the table in this Section. Such setbacks shall be provided in accordance with the following regulations:

- (1) At a height not lower than the minimum base height or higher than the maximum base height specified in the table in this Section, a setback with a depth of at least 10 feet shall be provided from any #street wall# fronting on a #wide street#, and a setback with a depth of at least 15 feet shall be provided from any #street wall# fronting on a #narrow street#, except such dimensions may include the depth of any permitted recesses in the #street wall#.
- (2) On #narrow streets#, where a #street wall# is required to be located further than 10 feet from a #street line# in accordance with paragraph (a) of this Section, the depth of the required setback above the minimum base height may be reduced one foot for every foot that the #street wall# is required to be located beyond 10 feet of the #street line#, but in no event shall a setback less than 10 feet in depth be provided above the minimum base height.
- (3) These setback provisions are optional for any #building# wall that is either located beyond 50 feet of a #street line# or oriented so that lines drawn perpendicular to it, in plan, would intersect a #street line# at an angle of 65 degrees or less. In the case of an irregular #street line#, the line connecting the most extreme points of intersection shall be deemed to be the #street line#. Furthermore, dormers provided in accordance with the provisions of Section 23-621 may penetrate a required setback area.
- (4) In R9D Districts, for #buildings or other structures# on #zoning lots# that front upon an elevated rail line, at a height between grade level and 25 feet, a setback with a depth of at least 20 feet shall be provided from the #street line# fronting on such elevated rail line. The depth of such setback may be reduced by one foot for every foot that the depth of the #zoning lot#, measured perpendicular to the elevated rail line, is less than 110 feet, but in no event shall a setback less than 10 feet in depth be provided.

(c) Maximum #building# height

No #building or other structure# shall exceed the maximum #building# height specified in the table in this Section, except as otherwise provided below:

R9D R10X

In the districts indicated, any #building or other structure#, or portions thereof, which in the aggregate occupies not more than 40 percent of the #lot area# of a #zoning lot# (or, for #zoning lots# of less than 20,000 square feet, the percentage set forth in the table in Section 23-651), above a height of 85 feet above the #base plane#, is hereinafter referred to as a tower. Dormers permitted within a required setback area pursuant to Section 23-621 (Permitted obstructions in certain districts) shall not be included in tower coverage. Such tower or towers may exceed a height limit of 85 feet above the #base plane# provided:

- (1) at all levels, such tower is set back from the #street wall# of a base at least 15 feet along a #narrow street# and at least 10 feet along a #wide street#, except such dimensions may include the depth of any permitted recesses in the #street wall#;
- (2) the base of such tower complies with the #street wall# location provisions of paragraph (a) of this Section and the setback provisions of paragraph (b) of this Section; and
- (3) the minimum coverage of such tower above a height of 85 feet above the #base plane# is at least 33 percent of the #lot area# of the #zoning lot#; however, such minimum coverage requirement shall not apply to the highest 40 feet of such tower.
- (4) In R9D Districts, the highest four #stories#, or as many #stories# as are located entirely above a height of 165 feet, whichever is less, shall have a #lot coverage# of at least 50 percent of the #story# immediately below such #stories#, and a maximum #lot coverage# of 80 percent of the #story# immediately below such #stories#. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least four feet, and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of such respective tower face. For the purposes of this paragraph, (c)(4), each tower shall have four tower faces, with each face being the side of a rectangle within which the outermost walls of the highest #story# not subject to the reduced #lot

coverage# provisions have been inscribed. The required setbacks shall be measured from the outermost walls of the #building# facing each tower face. Required setback areas may overlap.

- (5) In R9D Districts, for towers fronting on elevated rail lines, the outermost walls of each #story# located entirely above a height of 85 feet shall be inscribed within a rectangle. The maximum length of any side of such rectangle that is parallel or within 45 degrees of being parallel to such elevated rail line shall be 125 feet, or 75 percent of the frontage of the #zoning lot# along such elevated rail line, whichever is less.

R6A R6B R7A R7B R7D R7X R8A R8B R8X R9A R9D R9X R10A R10X

(d) Additional regulations

In the districts indicated, for all #buildings#, and for #Quality Housing buildings# in other R6, R7, R8, R9 and R10 Districts, the following additional regulations shall apply:

- (1) Existing #buildings# may be vertically #enlarged# by up to one #story# or 15 feet without regard to the #street wall# location requirements of paragraph (a) of this Section.
- (2) On #through lots# which extend less than 180 feet in maximum depth from #street# to #street#, the #street wall# location requirements of paragraph (a) of this Section shall be mandatory along only one #street# frontage.
- (3) The #street wall# location and minimum base height provisions of paragraph (a) of this Section shall not apply along any #street# frontage of a #zoning lot# occupied by #buildings# whose #street wall# heights or widths will remain unaltered.
- (4) The minimum base height provisions of paragraph (a) of this Section shall not apply to #buildings developed# or #enlarged# after February 2, 2011, that do not exceed such minimum base heights, except where such #buildings# are located on #zoning lots# with multiple #buildings#, one or more of which is #developed#, #enlarged# or altered after February 2, 2011, to a height exceeding such minimum base heights.
- (5) The City Planning Commission may, upon application, authorize modifications in the required #street wall# location if the Commission finds that existing #buildings#, or existing open areas serving existing

#buildings# to remain on the #zoning lot#, would be adversely affected by the location of the #street walls# in the manner prescribed in this Section.

- (6) For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height and #street wall# location regulations of this Section, or as modified in any applicable Special District, shall be modified as follows:
- (i) The minimum base height of a #street wall# may vary between the height of the #street wall# of an adjacent #building# before setback, if such height is lower than the minimum base height required, up to the minimum base height requirements of this Section, or as modified in any applicable Special District.
 - (ii) The maximum base height of a #street wall# may vary between the height of the #street wall# of an adjacent #building# before setback, if such height is higher than the maximum base height allowed, and the maximum base height requirements of this Section, provided that such height not exceed 150 feet and provided such #zoning lot# is located within the area bounded by West 22nd Street, a line 100 feet west of Fifth Avenue, a line midway between West 16th Street and West 17th Street, and a line 100 feet east of Sixth Avenue.
 - (iii) The location of the #street wall# of any #building# may vary between the #street wall# location requirements of this Section, or as modified in any applicable Special District, and the location of the #street wall# of an adjacent #building# fronting on the same #street line#.
- (7) In R9D Districts, where a #building# on an adjacent #zoning lot# has #dwelling unit# windows located within 30 feet of a #side lot line# of the #development# or #enlargement#, an open area extending along the entire length of such #side lot line# with a minimum width of 15 feet shall be provided. Such open area may be obstructed only by the permitted obstructions set forth in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

-
- ¹ For #zoning lots# or portions thereof within 100 feet of a #wide street#
 - ² For #zoning lots# on a #narrow street# except portions of such #zoning lots# within a distance of 100 feet from an intersection with a #wide street# and, for #zoning lots# with only #wide street# frontage, portions of such #zoning lot# beyond 100 feet of the #street line#
 - ³ #Buildings or other structures# may exceed a maximum base height of 85 feet in accordance with paragraph (c) of this Section
 - ⁴ For #buildings or other structures# that front upon an elevated rail line, the maximum base height shall be 25 feet
 - ⁵ Where the New York City Administrative Code establishes restrictions on the location of #buildings# on lots fronting upon and within 30 feet of Eastern Parkway in Community Districts 8 and 9 in the Borough of Brooklyn, lines drawn 30 feet north of and 30 feet south of, and parallel to, Eastern Parkway shall be considered the northern and southern #street lines# of Eastern Parkway.

(2/2/11)

23-634

Special height and setback regulations in R10 Districts within Community District 7, Borough of Manhattan

Within the boundaries of Community District 7 in the Borough of Manhattan, all #buildings or other structures# located in R10 Districts, except R10A or R10X Districts, shall comply with the requirements of this Section.

The front #building# wall of all #buildings# on a #zoning lot# with any frontage on a #wide street#, shall extend along the entire #wide street# frontage of the #zoning lot# without a setback for a height of 125 feet above the #curb level# or the full height of the #building#, whichever is less. Above a height of 125 feet, the front #building# wall may be set back at least 10 feet on a #wide street# or 15 feet on a #narrow street#. Above a height of 150 feet, the front #building# wall shall be set back at least 10 feet. These mandatory front #building# wall requirements also apply to all #buildings# along all #street lines# of #narrow streets# within 50 feet of their intersection with the #street lines# of #wide

streets#. For the next 20 feet along the #street line# of a #narrow street#, the mandatory front #building# wall requirements are optional. The height and setback regulations of the underlying district shall apply along #street lines#, or portions thereof, not subject to the front #building# wall requirements.

Front wall recesses are permitted above the level of the second #story# ceiling or 23 feet above #curb level#, whichever is less, provided that the aggregate width of all recesses at the level of any #story# does not exceed 50 percent of the width of the front wall. The depth of such recess shall not exceed 10 feet. No front wall recesses are permitted within 20 feet of the intersection of two #street lines#.

Front wall openings are permitted below the level of the second #story# ceiling, for entrances only.

The preceding #street wall# location provisions shall not apply along any #street# frontage of a #zoning lot# occupied by existing #buildings# whose #street walls# remain unaffected by alterations or #enlargements# to such existing #buildings#.

However, the provisions of this Section shall not apply to any #building# for which the City Planning Commission has granted a special permit pursuant to Section 74-95 (Housing Quality) nor shall it apply to any #building# located within the #Special Lincoln Square District# or within the former West Side Urban Renewal Area excluding frontages along Central Park West or to the #block# bounded by Frederick Douglass Circle, Cathedral Parkway, Manhattan Avenue, West 109th Street and Central Park West. On application, the City Planning Commission may grant special authorization for minor modifications of the mandatory front wall provisions of this Section involving an #enlargement#, upon a showing of compelling necessity. Such authorization, however, may in no event include modification of permitted #floor area# regulations.

(5/8/13)

23-635

Special bulk regulations for certain sites in Community District 4, Borough of Manhattan

Within the boundaries of Community District 4 in the Borough of Manhattan, excluding the #Special Clinton District#, for #developments# or #enlargements# in R8 Districts without a letter suffix, on #zoning lots# larger than 1.5 acres that include #residences# for which #public funding#, as defined in Section 23-911 (General definitions) is committed to be provided, the City

Planning Commission may authorize modifications of height and setback regulations, provided the Commission finds that such modifications will facilitate the provision of such #residences#, and such modifications will not unduly obstruct access of light and air to the detriment of the occupants or users of #buildings# on the #zoning lot# or nearby properties, #open space# or #streets#. Prior to issuing a building permit for any #development# or #enlargement# utilizing modifications granted by this authorization, the Department of Buildings shall be furnished with written notice of a commitment from the appropriate funding agency for the provision of such #public funding#.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(11/13/12)

23-636

Special height and setback regulations for certain sites in Community District 9, Borough of Manhattan

Within the boundaries of Community District 9 in the Borough of Manhattan, all #buildings# located in R8 Districts north of West 125th Street shall be #developed# or #enlarged# pursuant to the Quality Housing Program.

(2/2/11)

23-64

Alternate Front Setbacks

R6 R7 R8 R9 R10

- (a) In the districts indicated, except for #Quality Housing buildings#, and except as set forth in paragraph (b) of this Section, if an open area is provided along the full length of the #front lot line# with the minimum depth set forth in the following table, the provisions of Section 23-63 (Maximum Height of Front Wall and Required Front Setbacks) shall not apply. The minimum depth of such an open area shall be measured perpendicular to the #front lot line#. However, in such instances, except as otherwise provided in Sections 23-62 (Permitted Obstructions) or 23-65 (Tower Regulations), no #building or other structure# shall penetrate the alternate #sky exposure plane# set forth in the following table, and the

#sky exposure plane# shall be measured from a point above the
#street line#.

In R9 or R10 Districts, the provisions of this Section shall be
inapplicable to any #development# or #enlargement# with more
than 25 percent of the total #floor area# of the #building# in
#residential use#.

ALTERNATE REQUIRED FRONT SETBACKS

		Alternate #Sky Exposure Plane#				
Depth of Optional Front Open Area (in feet)		Height above #Street Line# (in feet)	Slope over #Zoning Lot# (expressed as a ratio of vertical distance to horizontal distance)

- (b) In the districts indicated, for all #buildings or other structures#, the provisions of this Section shall be inapplicable.

Supplementary Regulations

(2/2/11)

23-65

Tower Regulations

R9 R10

In the districts indicated, except for #Quality Housing buildings#, and except as set forth in paragraph (c) of this Section, any portion or portions of #buildings# which in the aggregate occupy not more than 40 percent of the #lot area# of a #zoning lot#, or for #zoning lots# of less than 20,000 square feet, the percentage set forth in the table below, may penetrate an established #sky exposure plane# in accordance with the provisions of this Section. Such portions of #buildings# that penetrate a #sky exposure plane# are hereinafter referred to as towers.

LOT COVERAGE OF TOWERS ON SMALL ZONING LOTS

Area of #Zoning Lot# (in square feet)	Maximum Percent of #Lot Coverage#
10,500 or less	50
10,501 to 11,500	49
11,501 to 12,500	48
12,501 to 13,500	47
13,501 to 14,500	46
14,501 to 15,500	45
15,501 to 16,500	44
16,501 to 17,500	43
17,501 to 18,500	42

#Buildings developed# or #enlarged# with towers shall comply with either tower-on-a-base regulations or standard tower regulations, as follows:

(a) Applicability of tower-on-a-base regulations

The tower-on-a-base regulations of Section 23-651 shall apply to any such #building# that:

- (1) contains more than 25 percent of its total #floor area# in #residential use#; and
- (2) is located on a #zoning lot# that fronts upon a #wide street# and is either within 125 feet from such #wide street# frontage along the short dimension of the #block# or within 100 feet from such #wide street# frontage along the long dimension of the #block#;

If a portion of such #building# is #developed# or #enlarged# with a tower the entire #zoning lot# shall be subject to the provisions of Section 23-651 (Tower-on-a-base).

(b) Applicability of standard tower regulations

The standard tower regulations of Section 23-652 shall apply to any such #building# that does not meet the location and #floor area# criteria of paragraph (a) of this Section.

(c) Inapplicability of tower regulations

The provisions of this Section 23-65 shall not apply to any #building#:

- (1) located wholly or partly in a #Residence District#, that is within 100 feet of a #public park# with an area of one acre or more, or a #street line# opposite such a #public park#; or
- (2) located in a R9A, R9X, R10A or R10X District.

(2/2/11)

23-651

Tower-on-a-base

Any #development# or #enlargement# that meets the location and

#floor area# criteria of paragraph (a) of Section 23-65 and includes a tower shall be constructed as a tower-on-a-base, in accordance with the regulations set forth in this Section. The height of all #buildings or other structures# shall be measured from the #base plane#.

(a) Tower regulations

- (1) At any level above a #building# base (referred to hereinafter as a "base"), any portion or portions of a #building# (referred to hereinafter as a "tower") shall occupy in the aggregate:
 - (i) not more than 40 percent of the #lot area# of a #zoning lot# or, for a #zoning lot# of less than 20,000 square feet, the percentage set forth in the table in Section 23-65 (Tower Regulations); and
 - (ii) not less than 30 percent of the #lot area# of a #zoning lot#.

However, the highest four #stories# of the tower or 40 feet, whichever is less, may cover less than 30 percent of the #lot area# of a #zoning lot# if the gross area of each #story# does not exceed 80 percent of the gross area of that #story# directly below it.

- (2) Any tower located above a base shall not be subject to the provisions of Sections 23-63 (Maximum Height of Walls and Required Setbacks).
- (3) At least 55 percent of the total #floor area# permitted on the #zoning lot# shall be located in #stories# located either partially or entirely below a height of 150 feet.

When the #lot coverage# of the tower portion is less than 40 percent, the required 55 percent of the total #floor area# distribution, within a height of 150 feet, shall be increased in accordance with the following requirement:

Percent of #Lot Coverage# of the Tower Portion	Minimum Percent of Total #Building Floor Area# Distribution Below the Level of 150 Feet
40.0 or greater	55.0
39.0 to 39.9	55.5
38.0 to 38.9	56.0

37.0 to 37.9	56.5
36.0 to 36.9	57.0
35.0 to 35.9	57.5
34.0 to 34.9	58.0
33.0 to 33.9	58.5
32.0 to 32.9	59.0
31.0 to 31.9	59.5
30.0 to 30.9	60.0

- (4) At all levels, such tower shall be set back from the #street wall# of a base at least 15 feet along a #narrow street# and at least 10 feet along a #wide street#, except that such dimensions shall include the depth of any permitted recesses in the #street wall#.
- (5) No tower or portion thereof shall be located on a #narrow street# at a distance that is more than 100 feet from the intersection with a #wide street#.

Unenclosed balconies, subject to the provisions of Section 23-13 (Balconies), are permitted to project into or over open areas not occupied by towers.

For the purposes of determining the permitted tower coverage and the required minimum distance between #buildings# or portions thereof, that portion of a #zoning lot# located within 125 feet from the #wide street# frontage along the short dimension of a #block# shall be treated as if it were a separate #zoning lot#.

A tower proposed pursuant to Section 23-65 (Tower Regulations) that has been granted a special permit by the City Planning Commission prior to February 9, 1994, may be started or continued pursuant to that special permit.

(b) #building# base regulations

(1) #Street wall# location

- (i) On a #wide street#, and on a #narrow street# within 125 feet of its intersection with a #wide street#, the #street wall# of the base shall occupy the entire #street# frontage of a #zoning lot# not occupied by existing #buildings#. At any height, at least 70 percent of the width of such #street wall#

shall be located within eight feet of the #street line#, and the remaining 30 percent of such #street wall# may be recessed beyond eight feet of the #street line# to provide #outer courts# or balconies.

However, no such recesses shall be permitted within 20 feet of an adjacent #building# fronting on the same #street line# or within 30 feet of the intersection of two #street lines#.

- (ii) On a #narrow street# beyond 125 feet from its intersection with a #wide street#, no #street wall# of a base is required nor shall any #street wall# be provided beyond 125 feet count toward the computation of any permitted recesses on such wall.
- (iii) Where the #street wall# of an adjacent #building# fronting on the same #street line# is located within 10 feet of the #street line#, the #street wall# of the base shall be either located at the #street line# or aligned with the #street wall# of the adjacent #building# for a distance of not less than 20 feet measured horizontally from the side wall of such existing #building#.

(2) Height of #street wall#

All #street walls# of a base shall rise vertically without setback to a height of not less than 60 feet nor more than 85 feet except:

- (i) On a #wide street#, if the height of the #street wall# of an adjacent #building# fronting on the same #street line# exceeds 60 feet and if such #street wall# is located within 10 feet of the #street line#, the #street wall# of the base shall match the height of the #street wall# of the adjacent #building# to a maximum height of 100 feet by either of three alternatives:
 - (a) the #street wall# of the base shall be extended vertically to the height of the adjacent #building# for a distance of not less than 20 feet measured horizontally from the side wall of such adjacent #building#;
 - (b) at least 50 percent of the width of the #street wall# of the base shall be extended vertically to the height of the adjacent #building#; or

(c) a dormer shall be provided pursuant to paragraph (b)(3) of this Section. Such dormer shall match the height of the adjacent #building#.

Such #street wall# of the base fronting on a #wide street# may be extended along a #narrow street# within 70 feet of its intersection with the #wide street#.

(ii) On a #narrow street# beyond 100 feet of its intersection with a #wide street#, the #street wall# of a base shall rise vertically to a height of at least 60 feet when the adjacent #building# is either less than 60 feet or greater than 85 feet, or match the height of the adjacent #building# when the height of such #building# is between 60 feet and 85 feet.

For the purposes of this paragraph, (b)(2), inclusive, the height of an adjacent #building# shall be the height of a #street wall#, before setback, if applicable, of that portion of an existing #building# nearest the #development# or #enlargement#, fronting on the same #street line#, and located on the same or an adjoining #zoning lot#.

(3) Dormer

For the purposes of this Section, a dormer shall be a vertical extension of the #street wall# of a base allowed as a permitted obstruction within a required front setback area. A dormer may be located anywhere on a #wide street#, and on a #narrow street# within 70 feet of its intersection with a #wide street#.

On any #street# frontage, the aggregate width of all dormers at the required initial setback level shall not exceed 60 percent of the width of the #street wall# of the highest #story# of the base. For each foot of height above the base, the aggregate width of all dormers at that height shall be decreased by one percent of the #street wall# width of the highest #story# of the base. Such dormer shall count as #floor area# but not as tower #lot coverage#.

(4) Open areas

All open areas at ground level, located between the #street line# and the #street wall# of a base shall be

landscaped except in front of entrances and exits to the #building#.

(c) Modification of tower coverage and #floor area# distribution requirements

The tower #lot coverage# and #floor area# distribution requirements set forth in paragraph (a)(3) of this Section shall be modified for #buildings# that provide articulation of a base in accordance with the following provisions:

(1) Recesses

Recesses shall occupy, in the aggregate, between 30 and 50 percent of the width of each eligible #story# of the base, and measure at least two feet in depth. In addition, the width of any individual recess provided within eight feet of the #street line# shall not exceed 25 percent of the width of the #street wall# of the base, unless such recess is provided in combination with an additional recess located beyond eight feet of the #street line#.

Furthermore, all recesses shall comply with the provisions of paragraph (b)(1) of this Section or paragraph (a)(1) of Section 35-63 (Special Tower Regulations for Mixed Buildings), as applicable. For each #street# frontage of a #building# with recesses provided in accordance with this paragraph, (c)(1), the percent of #lot coverage# of the tower portion of the #building# may be decreased by 0.5 percent, and the minimum percent of total #building floor area# distribution below a level of 150 feet may be reduced by 0.25 percent.

(2) Dormers

For each #street# frontage with dormers, provided in accordance with paragraph (b)(3) of this Section, that measure, at their lowest level, at least 50 percent of the width of the #street wall# of the highest #story# of the base, and measure, at their highest level, at least 25 percent of the width of the highest #story# of the base, and rise at least 25 feet above the base, the percent of #lot coverage# of the tower portion of the #building# may be decreased by 0.5 percent, and the minimum percent of total #building floor area# distribution below a level of 150 feet may be reduced by 0.25 percent.

(3) Matching provision

For each #street# frontage that provides an extension of

the #street wall# of a base that matches the height of an adjacent #building# in accordance with paragraph (b)(2)(i)(b) of this Section, the percent of #lot coverage# of the tower portion of the #building# may be decreased by 0.5 percent, and the minimum percent of total #building floor area# distribution below a level of 150 feet may be reduced by 0.25 percent.

However, the total percent of #lot coverage# of the tower portion of the #building# shall not be decreased by more than 2.0 percent, nor shall the minimum percent of total #building floor area# distribution below a level of 150 feet be reduced by more than 1.0 percent.

(2/2/11)

23-652

Standard tower

Any #development# or #enlargement# that does not meet the location and #floor area# criteria of paragraph (a) of Section 23-65 and includes a tower shall be constructed as a standard tower in accordance with the regulations set forth in this Section.

At all levels, a tower shall be located not less than 15 feet from the #street line# of a #narrow street# and not less than 10 feet from the #street line# of a #wide street#.

Unenclosed balconies, subject to the provisions of Section 23-13 (Balconies), are permitted to project into or over open areas not occupied by towers.

(4/30/12)

23-66

Required Side and Rear Setbacks

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, side and rear setbacks shall be provided as specified in this Section. Unenclosed balconies, subject to the provisions of Section 23-13 (Balconies), are permitted to project into or over any open areas required by the provisions of this Section. In addition, awnings and other sun control devices, decks, exterior wall thickness, parapet walls, roof thickness, solar energy systems up to four feet high, vegetated roofs, and weirs, are

permitted as set forth in Section 23-62 (Permitted Obstructions).

(2/2/11)

23-661

Required side and rear setbacks for tall buildings in low bulk districts

R1 R2 R5

In R1 and R2 Districts, any portion of a #building or other structure# bounding a #side yard# or a #rear yard# which is more than 30 feet above the mean level of adjacent natural grade shall be set back from such #side yard# line or #rear yard line# for a distance equal to one-half the height of that portion of the #building or other structure# which is higher than 30 feet above the mean level of adjacent natural grade.

In an R5 District, except R5A and R5D Districts, any portion of a #building or other structure# bounding a #side yard# or a #rear yard# which is more than 33 feet above the level of the #base plane# shall be set back from such #side yard# line or such #rear yard line# for a distance equal to one-half the height of that portion of the #building or other structure# which is higher than 33 feet above the level of the #base plane# (see illustration of Side Yard Setback).

The following are permitted to project into any open area required under the provisions of this Section:

- (a) parapet walls not more than four feet high; and
- (b) chimneys or flues with a total width not exceeding 10 percent of the width of the #building's# walls facing such open area.

Side Yard Setback
(R5 example)
(23-661)

(6/29/06)

23-662

Required side and rear setbacks for permitted non-residential uses in low bulk districts

R1 R2 R3 R4 R5

In the districts indicated, except R5D Districts, no portion of any #building# used for permitted non-#residential uses# which is more than 30 feet or more than three #stories#, whichever is less, above the level of a #side yard# or #rear yard#, shall be nearer to a #side lot line# or #rear lot line# bounding such #yard# than a distance equal to the height above yard level of such portion of the #building#.

The following are permitted to project into any open area required under the provisions of this Section:

- (a) parapet walls not more than four feet high; and
- (b) chimneys or flues with a total width not exceeding 10 percent of the width of the #building's# walls facing such open area.

(2/2/11)

23-663

Required rear setbacks for tall buildings in other districts

R6 R7 R8 R9 R10

- (a) In the districts indicated, except as provided in paragraph (b) of this Section, no portion of a #building or other structure# more than 125 feet above yard level shall be nearer to a #rear yard line# than 20 feet. However, this provision shall not apply to any portion of a #building# that qualifies as a tower under the provisions of Section 23-65 (Tower Regulations).

In the case of a #through lot# on which a #rear yard equivalent# is provided as set forth in paragraph (a) of Section 23-532, the requirements of this Section shall apply as if such #rear yard equivalent# were two adjoining #rear yards#. If a #rear yard equivalent# is provided as set forth in paragraphs (b) or (c) of Section 23-532, the requirements of this Section shall not apply.

h - Height of wall above rear yard
r - Depth of required rear yard
s - Depth of required rear yard setback

REAR SETBACK
(23-663, 24-552)

R6A R6B R7A R7B R7D R7X R8A R8B R8X R9A R9D R9X R10A R10X

- (b) In the districts indicated, for all #buildings or other structures#, and for #Quality Housing buildings# in other R6 through R10 Districts, no portion of a #building or other structure# that exceeds the applicable maximum base height specified in Section 23-633 (Street wall location and height and setback regulations in certain districts) shall be nearer to a #rear yard line# than 10 feet.

In the case of a #through lot# on which a #rear yard equivalent# is provided as set forth in paragraph (a) of Section 23-532, the requirements of this Section shall apply as if such #rear yard equivalent# were two adjoining #rear yards#. If a #rear yard equivalent# is provided as set forth in paragraph (b) of Section 23-532, the requirements of this Section shall not apply.

Special provisions for zoning lots directly adjoining public parks

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, a #public park# with an area of between one and fifteen acres shall be considered a #wide street# for the purpose of applying the regulations set forth in Section 23-63 (Maximum Height of Front Wall and Required Front Setbacks) to any #building or other structure# on a #zoning lot# adjoining such #public park#. However, the provisions of this Section shall not apply to a #public park# more than 75 percent of which is paved.

(7/23/08)

23-672

Special provisions for certain streets in Community District 6 in the Borough of Brooklyn

In Community District 6 in the Borough of Brooklyn, the following #streets# shall be considered #narrow streets# for the purposes of applying height and setback regulations: Second, Carroll and President Streets, between Smith and Hoyt Streets; First Place, Second Place, Third Place and Fourth Place.

(8/14/87)

**23-68
Special Provisions for Zoning Lots Divided by District Boundaries**

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts, or is subject to other regulations resulting in different height and setback regulations, or whenever a #zoning lot# is divided by a boundary between a district to which the provisions of Section 23-65 (Tower Regulations) apply and a district to which such provisions do not apply, the provisions set forth in Article VII, Chapter 7, shall apply.

(6/29/94)

**23-69
Special Height Limitations**

(6/29/94)

**23-691
Limited Height Districts**

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, wherever such districts are located within a #Limited Height District#, the maximum height of a #building or other structure#, or portion thereof, shall be as shown in the following table:

	Maximum Height above #Curb
<u>#Limited Height</u>	<u>Level# or #Base Plane#, as</u>

District#	Applicable
LH-1	50 feet
LH-1A	60 feet
LH-2	70 feet
LH-3	100 feet

(2/2/11)

23-692

Height limitations for narrow buildings or enlargements

R7-2 R7D R7X R8 R9 R10

In the districts indicated, portions of #buildings# with #street walls# less than 45 feet in width shall not be permitted above the following heights:

- (a) For #interior lots#, and for #through lots#, which shall be treated as two separate #interior lots# of equal depth for the purposes of determining the height limitations of this Section, a height equal to the width of the #street# on which such #street walls# front or 100 feet, whichever is less;
- (b) For #corner lots# bounded by only #narrow streets#, a height equal to the width of the narrowest of such #streets# on which such #street walls# front;
- (c) For #corner lots# bounded by at least one #wide street#, a height equal to the width of the #widest street# on which it fronts, or 100 feet, whichever is less;
- (d) Where such #street walls abut# an existing #building# with #street walls# that exceed the height permitted in paragraphs (a), (b) or (c) of this Section, such new #street walls# may reach the height of the tallest of such #abutting building# walls if they front on a #wide street#, or the lowest of such #abutting building# walls if they front on a #narrow street#, provided such new #street walls# are fully contiguous at every level with such #abutting street walls#.

In addition, the following rules shall apply:

- (1) The front height and setback regulations and any height limitations of the underlying district shall apply, except that the alternate front setback and tower regulations of Sections

23-64, 23-65, 24-53, 24-54, 33-44 and 33-45 shall not apply. In the event of a conflict between the underlying regulations and the regulations of this Section, the more restrictive shall apply.

- (2) The provisions of this Section shall not apply to #street walls# of permitted obstructions or #street walls# located beyond 100 feet of a #street line#.
- (3) For the purposes of determining the width of a #street wall#:
 - (i) the width shall be the sum of the maximum widths of all #street walls# of a #building# at every level. The width of a #street wall# shall be the length of the #street line# from which, when viewed directly from above, lines perpendicular to the #street line# may be drawn to such #street wall#;
 - (ii) #abutting buildings# on a single #zoning lot# may be considered a single #building#, except as set forth in paragraph (6) of this Section.
- (4) For #buildings# with #street walls# less than 45 feet in width that front only on a #narrow street# and #abut# two existing #buildings#, the #street wall# of such #building# shall be no closer to the #street line# than the #street wall# of the #abutting building# that is closest to the #street line#.
- (5) On a #through lot# containing #buildings# with #street walls# less than 45 feet in width, the provisions of paragraphs (b) and (c) in Section 23-532 (Required rear yard equivalents) shall not apply.
- (6) #Quality Housing buildings# shall be exempt from the provisions of this Section provided the width of the #street wall# at the maximum base height specified in the applicable table in Section 23-633 or 35-24 is at least 45 feet. For such #buildings#, a #street wall# that is less than 45 feet wide may be constructed above such base. For the purposes of this paragraph (6), #abutting buildings# on a single #zoning lot# shall not be considered a single #building#. However, where all the requisite structural framing and all enclosing walls and roofs were completed for an #enlargement#, in accordance with a building permit issued prior to a September 11, 2007 Board of Standards and Appeals (67-07-A) ruling that resulted in the #enlargement# being ineligible for a certificate of occupancy, #abutting buildings# on a single #zoning lot# may be considered a single #building# provided such #zoning lot# is formed prior to August 2, 2011.

(2/2/11)

23-693

Special provisions applying adjacent to R1 through R6B Districts

R6 R7 R8 R9 R10

In the districts indicated, the #development# or #enlargement# of a #building#, or portions thereof, within 25 feet of an R1, R2, R3, R4, R5 or R6B District, shall:

- (a) not exceed a height of 35 feet where such adjoining district is an R1, R2, R3, R4 or R5 District; and
- (b) comply with the height and setback regulations of an R6B District where such adjoining district is an R6B District.

(12/15/61)

23-70

MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT

(2/2/11)

23-71

Minimum Distance between Buildings on a Single Zoning Lot

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the minimum distance between the portion of a #building# containing #residences# and any other #building# on the same #zoning lot# shall be as provided in this Section. For the purposes of this Section, #abutting buildings# on a single #zoning lot# may be considered a single #building#. However, these provisions do not apply:

- (a) to the extent that such two #buildings# are separated from each other by a #rear yard equivalent# as set forth in Section 23-532 (Required rear yard equivalents); or
- (b) to space between a #single-family#, #two-family#, or three-family #residence# and a garage #accessory# thereto.

(4/30/12)

23-711

Standard minimum distance between buildings

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the required minimum distance between the portion of a #building# containing #dwelling units# and any other #building# on the same #zoning lot# shall vary according to the height of such #buildings# and the presence of #legally required windows# in facing #building# walls. Such minimum distance shall be, in feet, as indicated in the following table:

Wall Condition*	Maximum #Building# Height above #Base Plane# or #Curb Level#, as Applicable (in feet)				
	25	35	40	50	Over 50
Wall to Wall	20	25	30	35	40
Wall to Window	30	35	40	45	50
Window to Window	40	45	50	55	60

* Wall condition shall be defined as:

"wall to wall" is a condition where two walls of #buildings# face each other, and neither wall contains a #legally required window#;

"wall to window" is a condition where two walls of #buildings# face each other, and one wall contains a #legally required window# and the other wall does not contain a #legally required window#;

"window to window" is a condition where two walls of #buildings# face each other, and both walls contain a #legally required window#.

In addition, the following rules shall apply:

- (a) the minimum distances set forth in this table shall be provided at the closest point between #buildings#;

- (b) any portion of a #building# that qualifies as a #building segment# may be treated as a separate #building# for the purposes of determining the minimum distance required between such #building segment# and another #building# or #building segment#;
- (c) where #buildings# of different heights face each other, the average of the heights of such #buildings# shall determine the minimum distance required between them;
- (d) projections having a maximum height of 25 feet above adjoining grade, a maximum depth of five feet, and an aggregate width not exceeding 25 percent of the #building# wall from which they project, may penetrate the minimum spacing requirements;
- (e) portions of #buildings# above 125 feet that exceed, in aggregate, a #lot coverage# of 40 percent, shall be spaced at least 80 feet apart;
- (f) in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, the provisions of this paragraph, (f), shall apply to any #zoning lot# with two or more #buildings# where at least 75 percent of the #floor area# of one #building# is located beyond 50 feet of a #street line# and the #private road# provisions do not apply. For the purposes of this paragraph, any #building# containing #residences# with no #building# containing #residences# located between it and the #street line# so that lines drawn perpendicular to the #street line# do not intersect any other #building# containing #residences# shall be considered a "front building," and any #building# containing #residences# with at least 75 percent of its #floor area# located beyond the #rear wall line#, or prolongation thereof, of a "front building" shall be considered a "rear building." The minimum distances set forth in the table in this Section shall apply, except that a minimum distance of 45 feet shall be provided between any such front and rear #buildings#; and
- (g) for #buildings# existing on April 30, 2012, the minimum distances set forth in the table in this Section, and any #non-complying# distance greater than eight feet, may be reduced by up to eight inches of exterior wall thickness, provided the added wall thickness has a thermal resistance (R-value) of at least 1.5 per inch. A #non-complying# distance of eight feet or less shall be limited to a total reduction of one inch of wall thickness for each foot of such existing distance between buildings.

Supplementary Regulations

(12/15/61)

23-72

Subdivision of a Zoning Lot after Development

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts as indicated, after any portion of a #zoning lot# has been #developed# under the provisions of Section 23-71 (Minimum Distance between Buildings on a Single Zoning Lot), such #zoning lot# may be divided into smaller #zoning lots# only if each resulting #zoning lot# and #building# or #buildings# thereon comply with all the #bulk# regulations of the district in which they are located, except as provided in Article VII, Chapter 8.

(12/8/05)

23-80

COURT REGULATIONS, MINIMUM DISTANCE BETWEEN WINDOWS AND WALLS OR LOT LINES AND OPEN AREA REQUIREMENTS

Definitions and General Provisions

(12/15/61)

23-81

Definitions

Words in italics are defined in Section 12-10 (DEFINITIONS) or, if applicable exclusively to this Section, in this Section.

Basic Regulations

(2/2/11)

23-82

Building Walls Regulated by Minimum Spacing Requirements

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, at any level at which two portions

of a single #building# or #abutting buildings# on a single #zoning lot# are not connected one to the other, such portions shall be deemed to be two separate #buildings#, and the provisions set forth in Section 23-71 (Minimum Distance between Buildings on a Single Zoning Lot) shall apply. In applying such provisions, the height of the two portions shall be measured from the roof of the connecting portion of such #building# instead of from the #base plane# or #curb level#, as applicable.

(2/2/11)

23-83

Building Walls Regulated by Other than Minimum Spacing Requirements

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, to the extent that the provisions of Section 23-82 (Building Walls Regulated by Minimum Spacing Requirements) do not apply, the minimum distance between different walls of the same #building# shall conform to the regulations set forth in the following Sections:

Section 23-84 (Outer Court Regulations)

Section 23-85 (Inner Court Regulations)

Section 23-86 (Minimum Distance between Legally Required Windows and Walls or Lot Lines)

Section 23-87 (Permitted Obstructions in Courts).

For the purposes of these Sections, #abutting buildings# on a single #zoning lot# shall be considered a single #building#.

However, these regulations shall not apply to any #single-# or #two-family detached residence#.

A corner of a #court# may be cut off between walls of the same #building#, provided that the length of the wall of such cut-off does not exceed seven feet.

The Commissioner of Buildings may approve minor recesses, projections and architectural treatment of the outline of #courts# as long as these variations do not substantially change the depth or width of the #court#.

(12/15/61)

23-84

Outer Court Regulations

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, #outer courts# shall be in compliance with the provisions of this Section.

(6/29/94)

23-841

Narrow outer courts

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, if an #outer court# is less than 30 feet wide, the width of such #outer court# shall be at least one and one-third the depth of such #outer court#.

However, in R3, R4 or R5 Districts, for #single-# and #two-family residences#, three #stories# or less in height, the width of such #outer court# shall be at least equal to the depth of such #outer court#.

(12/15/61)

23-842

Wide outer courts

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, if an #outer court# is 30 feet or more in width, the width of such #outer court# must be at least equal to the depth of such #outer court#, except that such width need not exceed 60 feet.

(12/15/61)

23-843

Outer court recesses

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the width of an #outer court recess# shall be at least twice the depth of the recess, except that such width need not exceed 60 feet.

(2/2/11)

23-844

Modification of court and side yard regulations in the area of the former Bellevue South Urban Renewal Plan in the Borough of Manhattan

In the Borough of Manhattan, in the area designated by the former Bellevue South Urban Renewal Plan, for a #development# or #enlargement# on a #zoning lot# that adjoins a #zoning lot# including a #building# containing #residences# with #non-complying courts# along the common #side lot line#, the #court# regulations of Section 23-80 and the open area requirements of paragraph (c) of Section 23-462 (Side yards for all other residential buildings) may be modified to allow an open area at least eight feet wide to extend along a portion of the #side lot line#.

(12/15/61)

23-85

Inner Court Regulations

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, #inner courts# shall be in compliance with the provisions of this Section.

(9/18/69)

23-851

Minimum dimensions of inner courts

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the area of an #inner court# shall not be less than 1,200 square feet, and the minimum dimension of such #inner court# shall not be less than 30 feet. For the purposes of this Section, that portion of an open area not part of an #inner court# and over which, when viewed directly from above, lines perpendicular to a #lot line# may be drawn into such #inner court#,

shall be considered part of such #inner court#. In R1, R2 and R3 Districts, the area of an #inner court# shall not be less than 200 square feet and the minimum dimension of such #inner court# shall not be less than 12 feet.

(12/15/61)

23-852

Inner court recesses

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the width of an #inner court recess# shall be at least twice the depth of the recess. However, if the recess opening is 60 feet or more in width, this provision shall not apply.

(2/2/11)

23-86

Minimum Distance Between Legally Required Windows and Walls or Lot Lines

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts as indicated, the minimum distance between #legally required windows# and walls or #lot lines# shall be as set forth in this Section, except that this Section shall not apply to #legally required windows# in #buildings# containing #residences#:

- (a) in R2X, R3, R4 or R5A Districts, with a maximum height of 35 feet and with a maximum of three units; and
- (b) in other districts either:
 - (1) with a maximum height of 32 feet and with a maximum of three units; or
 - (2) with three #stories# if the lowest #story# is either a #basement# or is excluded from #floor area# by definition.

For the purposes of this Section, #abutting buildings# on the same #zoning lot# shall be considered a single #building#.

(4/30/12)

23-861

General provisions

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except as otherwise provided in Section 23-862 (Minimum distance between legally required windows and lot lines on small corner lots in R9 or R10 Districts) or Section 23-863 (Minimum distance between legally required windows and any wall in an inner court), the minimum distance between a #legally required window# and:

- (a) any wall;
- (b) a #rear lot line#, or vertical projection thereof; or
- (c) a #side lot line#, or vertical projection thereof;

shall be 30 feet, measured in a horizontal plane at the sill level of, and perpendicular to, such window for the full width of the rough window opening; provided, however, that a #legally required window# may open on any #outer court# meeting the requirements of Section 23-84 (Outer Court Regulations).

In R3, R4 and R5 Districts, the minimum dimension between a #legally required window# and a #side lot line# shall be 15 feet. Such 15 foot dimension shall be measured in a horizontal plane perpendicular to the #side lot line# or vertical projection thereof. Furthermore, such area with a 15 foot dimension shall be open to the sky from ground level up for the entire length of the #side lot line#. Only air conditioning condensation units, chimneys, downspouts, eaves, exterior wall thickness, gutters, open #accessory# off-street parking spaces, ramps for access by the handicapped, and steps shall be permitted obstructions in such open area, subject to the conditions set forth in paragraph (a) of Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), and provided such obstructions will not reduce the minimum width of the open area by more than three feet.

(4/30/12)

23-862

Minimum distance between legally required windows and lot lines on small corner lots in R9 or R10 Districts

R9 R10

In the districts indicated, on a #corner lot# less than 10,000 square feet in #lot area#, a #legally required window# may open on a #yard# bounded on one side by a #front lot line# and having a minimum width of 20 feet, provided that the provisions of Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) shall not apply to such #yard#. However, awnings and other sun control devices, exterior wall thickness and solar energy systems on walls, as set forth in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), shall be permitted within such minimum distance.

(12/15/61)

23-863

Minimum distance between legally required windows and any wall in an inner court

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the minimum horizontal distance between a #legally required window# opening on an #inner court# and any wall opposite such window on the same #zoning lot# shall not be less than 30 feet, nor shall any such wall be nearer to such window than a distance equal to one-half the total height of such wall above the sill level of such window. Such minimum distance need not exceed 60 feet.

Such minimum distance shall be measured in a horizontal plane at the sill level of, and perpendicular to, the #legally required window# for the full width of the rough window opening, between such window and a projection of such wall onto such horizontal plane.

(4/30/12)

23-87

Permitted Obstructions in Courts

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the following obstructions shall be permitted within the minimum area and dimensions needed to satisfy the requirements for a #court#:

(a) Arbors or trellises;

- (b) Awnings and other sun control devices. However, when located at a level higher than the first #story#, excluding a #basement#, all such devices:
 - (1) shall be limited to a maximum projection from a #building# wall of 2 feet, 6 inches; and
 - (2) shall have solid surfaces that, in aggregate, cover an area no more than 30 percent of the area of the #building# wall (as viewed in elevation) from which they project;
- (c) Eaves, gutters, downspouts, window sills, or similar projections extending into such #court# not more than four inches;
- (d) Exterior wall thickness, where such wall thickness is added to the exterior face of a #building# wall existing on April 30, 2012, provided the added wall thickness has a thermal resistance (R-value) of at least 1.5 per inch, and is limited to one inch of thickness for every foot of existing #court# width, up to a maximum thickness of eight inches;

Where #buildings# that have added exterior wall thickness pursuant to this Section are #enlarged#, such #enlarged# portion may similarly encroach upon required #courts# in order to align with the exterior walls of the existing #building#, provided such #enlargement# contains less #floor area# than the existing #building#, and there is no encroachment of #floor area# into a required #court#;

- (e) Fences;
- (f) Fire escapes in #outer courts#;

Fire escapes in #outer court recesses# not more than five feet in depth;

Fire escapes in #inner courts# where such fire escapes are required as a result of alterations in #buildings# existing before December 15, 1961;

Fire escapes in #outer court recesses# more than five feet in depth where such fire escapes are required as a result of alterations in #buildings# existing before December 15, 1961;

- (g) Flagpoles;
- (h) Open terraces, porches, or steps;
- (i) Recreational or drying yard equipment;

(j) Solar energy systems on walls existing on April 30, 2012, projecting no more than 10 inches and occupying no more than 20 percent of the surface area of the #building# wall (as viewed in elevation) from which it projects;

In addition, for #courts# at a level higher than the first #story#, decks, skylights, parapet walls, roof thickness, solar energy systems up to four feet high, vegetated roofs, and weirs, as set forth in Section 23-62 (Permitted Obstructions), shall be permitted.

(4/30/08)

23-88

Minimum Distance between Lot Lines and Building Walls

(2/2/11)

23-881

Minimum distance between lot lines and building walls in lower density growth management areas

In R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, the provisions of this Section shall apply to any #zoning lot# with two or more #buildings#, where at least 75 percent of the #floor area# of one #building# is located beyond 50 feet of a #street line# and the #private road# provisions do not apply. For the purposes of this Section, any #building# containing #residences# with no #building# containing #residences# located between it and the #street line# so that lines drawn perpendicular to the #street line# do not intersect any other #building# containing #residences# shall be considered a "front building," and any #building# containing #residences# with at least 75 percent of its #floor area# located beyond the #rear wall line#, or prolongation thereof, of a "front building" shall be considered a "rear building". An open area with a minimum width of 15 feet shall be provided between any such "rear building" and the #side lot line# of an adjoining #zoning lot#, and an open area with a minimum width of 30 feet shall be provided between any such "rear building" and the #rear lot line# of an adjoining #zoning lot#. The permitted obstruction provisions of Section 23-44 for #side yards# shall apply where such open areas adjoin a #side lot line#, and the permitted obstruction provisions of Section 23-44 for #rear yards# shall apply where such open areas adjoin a #rear lot line#.

(4/30/08)

23-882

Minimum distance between lot lines and building walls in R1 through R5 Districts

R1 R2 R3 R4 R5

In the districts indicated, for #corner lots# with multiple #buildings# or #building segments#, an open area at least 30 feet in depth shall be provided between the #side lot line# and the #rear wall line# of any #building# or #building segment# that does not front upon two #streets# in its entirety.

(4/14/10)

23-89

Open Area Requirements for Residences

(4/30/12)

23-891

In R1 through R5 Districts

R1 R2 R3 R4 R5

In the districts indicated, except R4B and R5B Districts, the provisions of this Section shall apply to all #zoning lots# with two or more #buildings# or #building segments# containing #residences#. All such #buildings# or #building segments# shall provide open areas in accordance with this Section. Only those obstructions set forth in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) shall be allowed, except that parking spaces, whether enclosed or unenclosed, and driveways, shall not be permitted within such open areas.

- (a) An open area shall be provided adjacent to the rear wall of each such #building# or #building segment#. For the purposes of this Section, the "rear wall" shall be the wall opposite the wall of each #building# or #building segment# that faces a #street# or #private road#. The width of such open area shall be equal to the width of each #building# or #building segment#, and the depth of such open area shall be at least 30 feet when measured perpendicular to each rear wall. No such open areas shall serve more than one #building# or #building segment#.

- (b) For #buildings# or #building segments# that front upon two or more #streets# or #private roads#, and for #buildings# or #building segments# that do not face a #street# or #private road#, one wall of such #building# or #building segment# shall be designated the rear wall, and the open area provisions of this Section applied adjacent to such wall. However, for not more than one #building# or #building segment# located at the corner of intersecting #streets# or #private roads#, the depth of such required open area may be reduced to 20 feet.

(2/2/11)

23-892

In R6 through R10 Districts

R6A R6B R7A R7B R7D R7X R8A R8B R8X R9A R9D R9X R10A R10X

- (a) In the districts indicated, the entire area of the #zoning lot# between the #street line# and all #street walls# of the #building# and their prolongations shall be planted at ground level, or in raised planting beds that are permanently affixed to the ground, except that such plantings shall not be required at the entrances to and exits from the #building#, within driveways accessing off-street parking spaces located within, to the side, or rear of such #building#, or between #commercial uses# and the #street line#. No #zoning lot# shall be altered in any way that will either create a new #non-compliance# or increase the degree of #non-compliance# with the provisions of this Section.

R6 R7 R8 R9 R10

- (b) In the districts indicated without a letter suffix, on #zoning lots# containing a #Quality Housing building#, the entire area of the #zoning lot# between the #street line# and all #street walls# of the #building# and their prolongations shall be planted at ground level, or in raised planting beds that are permanently affixed to the ground, except that such plantings shall not be required at the entrances to and exits from the #building# within driveways accessing off-street parking spaces located within, to the side, or rear of such #building#, or between #commercial uses# and the #street line#.

(5/21/87)

23-90

INCLUSIONARY HOUSING

(7/29/09)

23-91

Definitions

For the purposes of this Section, inclusive, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.

(2/2/11)

23-911

General definitions

The following definitions shall apply throughout Section 23-90 (INCLUSIONARY HOUSING), inclusive:

Administering agent

An "administering agent" is the entity responsible for ensuring, pursuant to a #regulatory agreement#, that:

- (a) each subject rental #affordable housing unit# is rented in compliance with such #regulatory agreement# at #rent-up# and upon each subsequent vacancy; or
- (b) each subject #homeownership affordable housing unit# is owned and occupied in compliance with such #regulatory agreement# at #sale# and upon each #resale#.

Affordable floor area

- (a) Where all of the #dwelling units#, #rooming units# and #supportive housing units# in a #generating site#, other than any #super's unit#, are #affordable housing units#, all of the #residential floor area#, or #community facility floor area# for a #supportive housing project#, in such #generating site# is "affordable floor area."
- (b) Where one or more of the #dwelling units# or #rooming units# in a #generating site#, other than any #super's unit#, are not #affordable housing units#, the #affordable floor area# in such

#generating site# is the sum of:

- (1) all of the #residential floor area# within the perimeter walls of the #affordable housing units# in such #generating site#; plus
- (2) a figure determined by multiplying the #residential floor area# of the #eligible common areas# in such #generating site# by a fraction, the numerator of which is all of the #residential floor area# within the perimeter walls of the #affordable housing units# in such #generating site# and the denominator of which is the sum of the #residential floor area# within the perimeter walls of the #affordable housing units# in such #generating site# plus the #residential floor area# within the perimeter walls of the #dwelling units# or #rooming units# in such #generating site#, other than any #super's unit#, that are not #affordable housing units#.

Affordable housing

"Affordable housing" consists of:

- (a) #affordable housing units#; and
- (b) #eligible common areas#.

Affordable housing plan

An "affordable housing plan" is a plan approved by #HPD# to #develop#, rehabilitate or preserve rental or #homeownership affordable housing#, pursuant to the provisions of Section 23-90, inclusive.

Affordable housing unit

An "affordable housing unit" is:

- (a) a #dwelling unit#, other than a #super's unit#, that is used for class A occupancy as defined in the Multiple Dwelling Law and that is or will be restricted, pursuant to a #regulatory agreement#, to occupancy by:
 - (1) #low income households#;
 - (2) where permitted by Section 23-953 (Special floor area compensation provisions in specified areas), either #low

income households# or a combination of #low income households# and #moderate income households# or #middle income households#; or

(3) upon #resale# of #homeownership affordable housing units#, other #eligible buyers#, as applicable;

(b) a #rooming unit#, other than a #super's unit#, that is used for class B occupancy as defined in the Multiple Dwelling Law and that is or will be restricted, pursuant to a #regulatory agreement#, to occupancy by #low income households#; or

(c) a #supportive housing unit# within a #supportive housing project#.

#Affordable housing units# that are restricted to #homeownership#, as defined in Section 23-913, pursuant to a #regulatory agreement#, must be #dwelling units#.

Capital element

"Capital elements" are, with respect to any #generating site#, the electrical, plumbing, heating and ventilation systems in such #generating site#, any air conditioning system in such #generating site# and all facades, parapets, roofs, windows, doors, elevators, concrete and masonry in such #generating site# and any other portions of such #generating site# specified in the #guidelines#.

Compensated development

A "compensated development" is a #development#, an #enlargement# of more than 50 percent of the #floor area# of an existing #building# or, where permitted by the provisions of Section 98-262, a #conversion# of a #building#, or portion thereof, from non-#residential use# to #dwelling units#, that is located within a #compensated zoning lot#.

Compensated zoning lot

A "compensated zoning lot" is a #zoning lot# that contains a #compensated development# and receives an increased #floor area ratio#, pursuant to the provisions of Section 23-90, inclusive.

Completion notice

A "completion notice" is a notice from #HPD# to the Department of

Buildings stating that the #affordable housing# in all or a portion of any #generating site# is complete and stating the #affordable floor area# of such #affordable housing#.

Eligible common area

"Eligible common area" includes any #residential floor area# in a #generating site# that is located within the perimeter walls of a #super's unit#, and also includes any #residential floor area# in such #generating site# that is not located within the perimeter walls of any other #dwelling unit# or #rooming unit#, except any #residential floor area# for which a user fee is charged to residents of #affordable housing units#.

Floor area compensation

"Floor area compensation" is any additional #residential floor area# permitted in a #compensated development#, pursuant to the provisions of Section 23-90, inclusive.

Generating site

A "generating site" is a #building# or #building segment# containing either #residential affordable floor area# or a #supportive housing project#, which generates #floor area compensation#. Non-#residential floor area# on a #generating site#, other than a #supportive housing project#, may not generate #floor area compensation#.

Grandfathered tenant

A "grandfathered tenant" is any #household# that:

- (a) occupied an #affordable housing unit# in #preservation affordable housing# or #substantial rehabilitation affordable housing# on the #regulatory agreement date#, pursuant to a lease, occupancy agreement or statutory tenancy under which one or more members of such #household# was a primary tenant of such #affordable housing unit#; and
- (b) has not been certified by the #administering agent# to have an annual income below the #low income limit#, #moderate income limit# or #middle income limit#, as applicable to such #affordable housing unit#; or
- (c) in #homeownership preservation affordable housing# or

#homeownership substantial rehabilitation affordable housing#, has been certified by the #administering agent# to have an annual income below the #low income limit#, #moderate income limit# or #middle income limit#, as applicable to such #affordable housing unit#, but has elected not to purchase such #affordable housing unit#.

Guidelines

The "guidelines" are the #guidelines# adopted by #HPD#, pursuant to paragraph (k) of Section 23-96 (Requirements for Generating Sites).

Household

Prior to #initial occupancy# of an #affordable housing unit#, a "household" is, collectively, all of the persons intending to occupy such #affordable housing unit# at #initial occupancy#. After #initial occupancy# of an #affordable housing unit#, a #household# is, collectively, all of the persons occupying such #affordable housing unit#.

HPD

"HPD" is the Department of Housing Preservation and Development or its successor agency or designee, acting by or through its Commissioner or his or her designee.

Income index

The "income index" is 200 percent of the Very Low-Income Limit established by the U.S. Department of Housing and Urban Development (HUD) for Multifamily Tax Subsidy Projects (MTSPs) in accordance with Internal Revenue Code Sections 42 and 142, as amended by Section 3009(a) of the Housing and Economic Recovery Act of 2008, as adjusted for household size. #HPD# shall adjust such figure for the number of persons in a #household# in accordance with such methodology as may be specified by HUD or in the #guidelines#. #HPD# may round such figure to the nearest 50 dollars or in accordance with such methodology as may be specified by HUD or in the #guidelines#. If HUD ceases to establish, or changes the standards or methodology for the establishment of, such income limit for MTSPs or ceases to establish the methodology for adjusting such figure for #household# size, the standards and methodology for establishment of the #income index# shall be specified in the #guidelines#.

Initial occupancy

"Initial occupancy" is:

- (a) in rental #affordable housing#, the first date upon which a particular #household# occupies a particular #affordable housing unit# as a tenant, and shall not refer to any subsequent renewal lease of the same #affordable housing unit# to the same tenant #household#; or
- (b) in #homeownership affordable housing#, the first date upon which a particular #household# occupies a particular #affordable housing unit# as a #homeowner#.

For any #household# occupying an #affordable housing unit# of #preservation affordable housing# or #substantial rehabilitation affordable housing# on the #regulatory agreement date#, #initial occupancy# is the #regulatory agreement date#.

Low income floor area

The "low income floor area" is the #affordable floor area# that is provided for #low income households# or, upon #resale# as defined in Section 23-913, #eligible buyers#.

Low income household

A "low income household" is a #household# having an income less than or equal to the #low income limit# at #initial occupancy#, except that, with regard to #low income floor area# within #preservation affordable housing# or #substantial rehabilitation affordable housing#, a #grandfathered tenant# shall also be a #low income household#.

Low income limit

The "low income limit" is 80 percent of the #income index#.

Middle income floor area

The "middle income floor area" is the #affordable floor area# that is provided for #middle income households# or, upon #resale# as defined in Section 23-913, for #eligible buyers#.

Middle income household

A "middle income household" is a #household# having an income greater than the #moderate income limit# and less than or equal to the #middle income limit# at #initial occupancy#, except that, with regard to #middle income floor area# within #substantial rehabilitation affordable housing#, a #grandfathered tenant# shall also be a #middle income household#.

Middle income limit

The "middle income limit" is 175 percent of the #income index#.

Moderate income floor area

The "moderate income floor area" is the #affordable floor area# that is provided for #moderate income households# or, upon #resale# as defined in Section 23-913, for #eligible buyers#.

Moderate income household

A "moderate income household" is a #household# having an income greater than the #low income limit# and less than or equal to the #moderate income limit# at #initial occupancy#, except that, with regard to #moderate income floor area# within #substantial rehabilitation affordable housing#, a #grandfathered tenant# shall also be a #moderate income household#.

Moderate income limit

The "moderate income limit" is 125 percent of the #income index#.

New construction affordable housing

"New construction affordable housing" is #affordable housing# that:

- (a) is located in a #building# or portion thereof that did not exist on a date which is 36 months prior to the #regulatory agreement date#;
- (b) is located in #floor area# for which the Department of Buildings first issued a temporary or permanent certificate of occupancy on or after the #regulatory agreement date#; and
- (c) complies with such additional criteria as may be specified by #HPD# in the #guidelines#.

Permit notice

A "permit notice" is a notice from #HPD# to the Department of Buildings stating that building permits may be issued to a #compensated development# to utilize #floor area compensation# from all or a portion of the #affordable floor area# on a #generating site#. Any #permit notice# shall:

- (a) state the amount of #low income floor area#, #moderate income floor area# or #middle income floor area# attributable to such #generating site#;
- (b) state whether the #affordable housing# comprising such #low income floor area#, #moderate income floor area# or #middle income floor area# is #new construction affordable housing#, #substantial rehabilitation affordable housing# or #preservation affordable housing#;
- (c) state whether the #affordable housing# comprising such #low income floor area#, #moderate income floor area# or #middle income floor area# has utilized #public funding#; and
- (d) specify the amount of such #affordable housing# that the #compensated development# may utilize to generate #floor area compensation#.

Preservation affordable housing

"Preservation affordable housing" is #affordable housing# that:

- (a) is a #generating site# that existed and was legally permitted to be occupied on the #regulatory agreement date#, except as permitted in the #guidelines#; and
- (b) complies with the provisions of Section 23-961, paragraph (e)(Special requirements for rental preservation affordable housing) or Section 23-962, paragraph (f)(Special requirements for homeownership preservation affordable housing), as applicable.

Public funding

"Public funding" is any grant, loan or subsidy from any Federal, State or local agency or instrumentality, including, but not limited to, the disposition of real property for less than market value, purchase money financing, construction financing, permanent

financing, the utilization of bond proceeds and allocations of low income housing tax credits. #Public funding# shall not include the receipt of rent subsidies pursuant to Section 8 of the United States Housing Act of 1937, as amended, or an exemption or abatement of real property taxes pursuant to Section 420-a, Section 420-c, Section 421-a, Section 422, Section 488-a or Section 489 of the Real Property Tax Law, Article XI of the Private Housing Finance Law or such other programs of full or partial exemption from or abatement of real property taxation as may be specified in the #guidelines#.

Regulatory agreement

A "regulatory agreement" is an agreement between #HPD# and the owner of the #affordable housing# that requires compliance with all applicable provisions of an #affordable housing plan#, Section 23-90, inclusive, and the #guidelines#.

Regulatory agreement date

The "regulatory agreement date" is, with respect to any #affordable housing#, the date of execution of the applicable #regulatory agreement#. If a #regulatory agreement# is amended at any time, the #regulatory agreement date# is the original date of execution of such #regulatory agreement#, without regard to the date of any amendment.

Regulatory period

The "regulatory period" is, with respect to any #generating site#, the entire period of time during which any #floor area compensation# generated by the #affordable floor area# on such #generating site# is the subject of a permit, temporary certificate of occupancy or permanent certificate of occupancy issued by the Department of Buildings, or is otherwise under construction or in use in a #compensated development#.

Substantial rehabilitation affordable housing

"Substantial rehabilitation affordable housing" is #affordable housing# that:

- (a) is a #generating site# that existed on the #regulatory agreement date#; and
- (b) complies with the provisions of Section 23-961, paragraph (f) (Special requirements for rental substantial rehabilitation

affordable housing), or Section 23-962, paragraph (g) (Special requirements for homeownership substantial rehabilitation affordable housing), as applicable.

Super's unit

A "super's unit" is, in any #generating site#, not more than one #dwelling unit# or #rooming unit# that is reserved for occupancy by the superintendent of such #building#.

(7/29/09)

23-912

Definitions applying to rental affordable housing

The following definitions shall apply to rental #affordable housing#:

Legal regulated rent

A "legal regulated rent" is, with respect to any #affordable housing unit#, the initial #monthly rent# registered with the Division of Housing and Community Renewal at #rent-up# in accordance with paragraph (b) of Section 23-961 (Additional requirements for rental affordable housing).

Maximum monthly rent

The "maximum monthly rent" is:

- (a) 30 percent of the #low income limit# for an #affordable housing unit# restricted to occupancy by #low income households#, divided by 12, minus the amount of any applicable #utility allowance#;
- (b) 30 percent of the #moderate income limit# for an #affordable housing unit# restricted to occupancy by #moderate income households#, divided by 12, minus the amount of any applicable #utility allowance#; and
- (c) 30 percent of the #middle income limit# for an #affordable housing unit# restricted to occupancy by #middle income households#, divided by 12, minus the amount of any applicable #utility allowance#.

Monthly rent

The "monthly rent" is the monthly amount charged, pursuant to paragraph (b) of Section 23-961 (Additional requirements for rental affordable housing), to a tenant in an #affordable housing unit#.

Rent stabilization

"Rent stabilization" is the Rent Stabilization Law of 1969 and the Emergency Tenant Protection Act of 1974 and all regulations promulgated pursuant thereto or in connection therewith. If the Rent Stabilization Law of 1969 or the Emergency Tenant Protection Act of 1974 is repealed, invalidated or allowed to expire, #rent stabilization# shall be defined as set forth in the #guidelines#.

Rent-up

"Rent-up" is the first rental of vacant #affordable housing units# on or after the #regulatory agreement date#, except that, where one or more #affordable housing units# in #preservation affordable housing# or #substantial rehabilitation affordable housing# were occupied by #grandfathered tenants# on the #regulatory agreement date#, #rent-up# shall have the same meaning as #regulatory agreement date#.

Rent-up date

The "rent-up date" is the date upon which leases for a percentage of vacant #affordable housing units# set forth in the #guidelines# have been executed, except that, where one or more #affordable housing units# in #preservation affordable housing# or #substantial rehabilitation affordable housing# were occupied by #grandfathered tenants# on the #regulatory agreement date#, the #rent-up date# is the #regulatory agreement date#.

Supportive housing project

A "supportive housing project" is a non-profit institution with sleeping accommodations, as specified in Section 22-13 (Use Group 3), where:

- (a) 100 percent of the #supportive housing units# within such #generating site#, have been restricted to use as #affordable housing# for persons with special needs pursuant to a #regulatory agreement#;

- (b) such #generating site# does not contain any #dwelling unit# or #rooming unit# that is not #accessory#; and
- (c) such #generating site# is not a #compensated development#.

Supportive housing unit

A "supportive housing unit" is #floor area# in a #supportive housing project# that consists of sleeping quarters for persons with special needs and any private living space appurtenant thereto.

Utility allowance

A "utility allowance" is a monthly allowance set by #HPD# for the payment of utilities where the tenant of an #affordable housing unit# is required to pay all or a portion of the utility costs with respect to such #affordable housing unit# in addition to any payments of #monthly rent#.

(7/29/09)

23-913

Definitions applying to homeownership affordable housing

The following definitions shall apply to #homeownership affordable housing#, where #homeownership# is as defined in this Section:

Appreciated price

The "appreciated price" for any #homeownership affordable housing unit# is the product of the #sale# or #resale# price of such #homeownership affordable housing unit# on the previous #sale date# and the #appreciation index# applicable at #resale# as specified in the #guidelines#.

Appreciation cap

The "appreciation cap" is the #resale# price at which the combined cost of #monthly fees#, #mortgage payments#, utilities and property taxes to be paid by the #homeowner# would be equal to 30 percent of:

- (a) 125 percent of the #income index# for a #homeownership affordable housing unit# that was restricted to occupancy by #low income households# at #sale#; or

- (b) 175 percent of the #income index# for a #homeownership affordable housing unit# that was restricted to occupancy by #moderate income households# at #sale#; or
- (c) 200 percent of the #income index# for a #homeownership affordable housing unit# that was restricted to occupancy by #middle income households# at #sale#.

Appreciation index

The "appreciation index" is 100 until August 1, 2010. On or after August 1, 2010, the #appreciation index# shall be a number greater than 100, representing the cumulative increase in #resale# price of a #homeownership affordable housing unit# permitted pursuant to the annual rates of increase established by #HPD#.

#HPD# shall set the annual rate of increase at the same rate as the percentage change in the Consumer Price Index for all urban consumers, as defined by the U.S. Bureau of Labor Statistics, for the 12 months ended on June 30 of that year, plus one percent per year, but the annual rate of increase shall be no less than one percent per year. #HPD# shall adjust the Consumer Price Index component of the #appreciation index# on August 1 of each calendar year, commencing on August 1, 2010, based on the percentage change in the Consumer Price Index for the 12 months ended on June 30 of that calendar year. For a fraction of a year, the components of the #appreciation index# shall be set as specified in the #guidelines#. #HPD# may adjust the methodology for calculating the #appreciation index# not more than once every two years in accordance with the #guidelines#.

Commencement date

The "commencement date" is the date upon which #sales# for a percentage of #homeownership affordable housing units# in a #generating site# set forth in the #guidelines# have been completed, except that, where one or more #homeownership affordable housing units# in #preservation affordable housing# or #substantial rehabilitation affordable housing# were occupied by #grandfathered tenants# on the #regulatory agreement date#, the #commencement date# is the #regulatory agreement date#.

Condominium association

A "condominium association" is an organization of condominium #homeowners#, with a form of governance specified in the

#guidelines#, that manages the common areas and #capital elements# of a #generating site#.

Cooperative corporation

A "cooperative corporation" is any corporation organized exclusively for the purpose of providing housing accommodations to shareholders who are persons or families entitled, by reason of ownership of shares in such corporation, to residential occupancy.

Down payment

The "down payment" is a payment that is not secured by any form of debt, made on or before the #sale date# by the #eligible buyer# approved by the #administering agent# to purchase a #homeownership affordable housing unit#.

Eligible buyer

An "eligible buyer" is a #household# that qualifies to buy a specific #homeownership affordable housing unit#. Such a #household# shall:

(a) except in the case of #succession#:

- (1) be, at the time of application for an initial #sale#, a #low income household#, #moderate income household# or #middle income household# for which, at the #initial price#, the combined cost of #monthly fees#, #mortgage payments#, utilities and property taxes that would be paid for a #homeownership affordable housing unit# is not more than 35 percent and not less than 25 percent of such #household's# income. However, for a #household# that resided on a #generating site# on the date of submission of an #affordable housing plan#, #HPD# may waive the requirement that housing costs be not less than 25 percent of such #household's# income;
- (2) be, at the time of application for a #resale#, in the case of an #affordable housing unit# initially limited to #sale# to a #low income household#, #moderate income household# or #middle income household#, any #household# for which, at the #maximum resale price#, the combined cost of #monthly fees#, #mortgage payments#, utilities and property taxes that would be paid for a #homeownership affordable housing unit# is not more than 35 percent and not less than 25 percent of such #household's# income;

- (3) have cash or equivalent assets that are at least equal to the required #down payment# for such #affordable housing unit#. However, #HPD# may waive this requirement for a #household# that resided on a #generating site# on the date of submission of an #affordable housing plan# to #HPD#; and
- (4) meet such additional eligibility requirements as may be specified in the #guidelines#.

(b) in the case of #succession#:

- (1) be, at the time of application, a #household# for which, at the #maximum resale price#, the combined cost of #monthly fees#, #imputed mortgage payments#, utilities and property taxes for the subject #homeownership affordable housing unit# is not less than 25 percent of such #household's# income; and
- (2) meet such additional eligibility requirements as may be specified in the #guidelines#.

A #grandfathered tenant# is not an #eligible buyer# unless such #grandfathered tenant# has been certified by the #administering agent# to have an annual income at or below the #low income limit#, #moderate income limit# or #middle income limit#, as applicable to such #homeownership affordable housing unit#.

Family member

"Family member" shall have the meaning set forth in the #guidelines#.

Homeowner

A "homeowner" is a person or persons who:

- (a) owns a condominium #homeownership affordable housing unit# and occupies such condominium #homeownership affordable housing unit# in accordance with owner occupancy requirements set forth in the #guidelines#; or
- (b) owns shares in a #cooperative corporation#, holds a proprietary lease for an #homeownership affordable housing unit# owned by such #cooperative corporation# and occupies such #homeownership affordable housing unit# in accordance with owner occupancy requirements set forth in the #guidelines#.

Homeownership

"Homeownership" is a form of tenure for housing, including #dwelling units# occupied by either the owner as a separate condominium, a shareholder in a #cooperative corporation# pursuant to the terms of a proprietary lease, a #grandfathered tenant# or an authorized sublettor pursuant to the #guidelines#.

Imputed mortgage payment

An "imputed mortgage payment" is the maximum #mortgage payment# at prevailing interest rates for a qualifying #mortgage# that could be paid to purchase a #homeownership affordable housing unit# at the #maximum resale price#, calculated in accordance with the #guidelines#.

Initial price

The "initial price" is the price at which a #homeownership affordable housing unit# may be offered for #sale# for the first time, pursuant to a #regulatory agreement#.

Maximum resale price

The "maximum resale price" for a #homeownership affordable housing unit# is the lesser of the #appreciated price# or the #appreciation cap# for such #homeownership affordable housing unit#.

Monthly fees

The "monthly fees" are any payments charged to a #homeowner# by a #cooperative corporation# or #condominium association# to provide for the reimbursement of the applicable #homeownership affordable housing unit's# share of the expenses of such #cooperative corporation# or #condominium association#, as permitted by the #regulatory agreement#.

Mortgage

A "mortgage" is a mortgage loan, or a loan to purchase shares in a #cooperative corporation#, that has been approved by the #administering agent# and that has a fixed rate of interest, a term of at least 30 years at every #sale# and #resale#, a value not

exceeding 90 percent of the #sale# price of such #homeownership affordable housing unit# at the time of the initial #sale# or 90 percent of the #maximum resale price# of such #homeownership affordable housing unit# at any time after the initial #sale#, and that is otherwise in compliance with the #guidelines#.

Mortgage payment

The "mortgage payment" is any monthly repayment of principal and interest on a #mortgage#.

Resale

A "resale" is any transfer of title to a condominium #homeownership affordable housing unit# after the first #sale# or any transfer of ownership of the shares in a #cooperative corporation# which are appurtenant to an #homeownership affordable housing unit# after the first #sale#.

Sale

A "sale" is the first transfer of title to a condominium #homeownership affordable housing unit# or the first transfer of ownership of the shares in a #cooperative corporation# which are appurtenant to an #homeownership affordable housing unit# on or after the #regulatory agreement date#.

Sale date

A "sale date" is the date of the #sale# or #resale# of any #homeownership affordable housing unit#. However, for #homeownership affordable housing units# in #preservation affordable housing# or #substantial rehabilitation affordable housing# occupied by #grandfathered tenants# on the #regulatory agreement date#, the initial #sale date# shall be the #regulatory agreement date#.

Succession

"Succession" is a #resale# from a #homeowner# to a #family member# of such #homeowner#.

(7/29/09)

23-92

General Provisions

The Inclusionary Housing Program is established to promote the creation and preservation of housing for residents with varied incomes in redeveloping neighborhoods and thus to promote the general welfare. The requirements of this program are set forth in Section 23-90 (INCLUSIONARY HOUSING), inclusive.

Wherever the provisions of Section 23-90, inclusive, provide that approval is required, #HPD# may specify the form of such approval in the #guidelines#.

(7/29/09)

23-93

Applicability

(10/9/13)

23-931

Lower income housing plans approved prior to July 29, 2009

Any #lower income housing plan#, as defined by Section 23-93 prior to July 29, 2009, that has been approved by #HPD# prior to such date, and results, within one year after such approval, in the execution of a restrictive declaration pursuant to Section 23-95, paragraph (e), as such Section existed prior to July 29, 2009, shall be governed solely by the regulations in effect prior to July 29, 2009, unless a #regulatory agreement# with respect thereto specifically provides to the contrary. However, Section 23-955 (Additional requirements for compensated developments) shall apply to any permits or certificates of occupancy for #compensated developments# issued on or after July 29, 2009.

The #floor area ratio# of a #compensated development# may be increased in exchange for #lower income housing#, pursuant to a #lower income housing plan#, as both terms were defined by Section 23-93 prior to July 29, 2009, provided such #lower income housing# complies with all applicable provisions of Section 23-90 (INCLUSIONARY HOUSING) in effect prior to July 29, 2009, except as provided in this Section. Where such a #compensated development# is located in an R10 District outside of #Inclusionary Housing designated areas#, the provisions of Section 23-951 (Floor area compensation in R10 Districts other than Inclusionary Housing designated areas) shall not apply, and Section 23-941 (In R10

Districts other than Inclusionary Housing designated areas) as such Section existed prior to July 29, 2009, shall apply.

Any #lower income housing plan#, as such term was defined prior to July 29, 2009, that has been approved by #HPD# prior to such date, and any legal document related thereto, may be modified by #HPD#, to apply the provisions of paragraph (b), (Monthly rent), of Section 23-961 to such #lower income housing plan#.

(7/29/09)

23-932

R10 districts

The Inclusionary Housing Program shall apply in all R10 Districts located in #Inclusionary Housing designated areas#, subject to the provisions of Section 23-952. The Inclusionary Housing Program shall apply in all other R10 Districts, subject to the provisions of Section 23-951 (Floor area compensation in R10 Districts other than Inclusionary Housing designated areas), as applicable.

(7/29/09)

23-933

Inclusionary housing designated areas

The Inclusionary Housing Program shall apply in #Inclusionary Housing designated areas#.

The Inclusionary Housing Program shall also apply in special purpose districts when specific zoning districts or areas are defined as #Inclusionary Housing designated areas# within the special purpose district.

#Inclusionary Housing designated areas# are listed in [APPENDIX F](#) of this Resolution.

(7/29/09)

23-94

Methods of Providing Affordable Housing

- (a) #Affordable housing# shall be either #new construction affordable housing#, #substantial rehabilitation affordable

housing# or #preservation affordable housing#.

- (b) When determining whether #affordable housing# is #new construction affordable housing#, #substantial rehabilitation affordable housing# or #preservation affordable housing# in order to calculate #floor area compensation#, or when making a determination of which #building# or #building segment# constitutes a #generating site#, #HPD# may separately consider each #building# or #building segment# on a #zoning lot#. Where any such #building# consists of two or more contiguous sections separated by walls or other barriers, #HPD# may consider all relevant facts and circumstances when determining whether to consider the sections of such #building# separately or collectively, including, but not limited to, whether such sections share systems, utilities, entrances, common areas or other common elements and whether such sections have separate deeds, ownership, tax lots, certificates of occupancy, independent entrances, independent addresses or other evidence of independent functional use.
- (c) The amount of #affordable floor area# in any #generating site# shall be determined based upon plans for such #generating site# which have been approved by the Department of Buildings and which indicate thereon the amount of #floor area# devoted to #affordable housing# and the amount of #floor area# devoted to other #residential uses#. However, for #generating sites# where the Department of Buildings does not require #floor area# calculations, the amount of #affordable floor area# shall be determined by methods specified in the #guidelines#.
- (d) The amount of #low income#, #moderate income# and #middle income floor area# in a #generating site# shall be determined in the same manner as the calculation of #affordable floor area#.
- (e) #Affordable housing units# shall be either rental #affordable housing# or #homeownership affordable housing#.

(7/29/09)

23-95

Compensated Zoning Lots

(7/29/09)

23-951

Floor area compensation in R10 Districts other than Inclusionary Housing designated areas

The #residential floor area ratio# of a #compensated zoning lot# may be increased from 10.0 to a maximum of 12.0 at the rate set forth in this Section, if such #compensated zoning lot# provides #affordable housing# that is restricted to #low income floor area#.

For each square foot of #floor area# provided for a type of #affordable housing# listed in the table in this Section, the #floor area# of the #compensated zoning lot# may be increased by the number of square feet set forth in the table, as applicable. Any #generating site# for which #public funding# has been received within the 15 years preceding the #regulatory agreement date#, or for which #public funding# is committed to be provided subsequent to such date, shall be deemed to be provided with #public funding#.

OPTIONS

Without #public funding#	#New construction affordable housing# or #substantial rehabilitation affordable housing#	3.5
	#Preservation affordable housing#	2.0
With #public funding#	#New construction affordable housing#, #substantial rehabilitation affordable housing# or #preservation affordable housing#	1.25

(10/9/13)

23-952

Floor area compensation in Inclusionary Housing designated areas

The provisions of this Section shall apply in #Inclusionary Housing designated areas# set forth in [APPENDIX F](#) of this Resolution.

The #residential floor area# of a #zoning lot# may not exceed the base #floor area ratio# set forth in the table in this Section, except that such #floor area# may be increased on a #compensated zoning lot# by 1.25 square feet for each square foot of #low income floor area# provided, up to the maximum #floor area ratio# specified in the table. However, the amount of #low income floor area# required to receive such #floor area compensation# need not exceed 20 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, or any #floor area# increase for the

provision of a #FRESH food store#, on the #compensated zoning lot#.

Maximum #Residential Floor Area Ratio#

District	Base #floor area ratio#	Maximum #floor area ratio#
R6B	2.00	2.20
R6 ¹	2.20	2.42
R6 ² R6A R7-2 ¹	2.70	3.60
R7A R7-2 ²	3.45	4.60
R7-3	3.75	5.0
R7D	4.20	5.60
R7X	3.75	5.00
R8	5.40	7.20
R9	6.00	8.00
R9A	6.50	8.50
R9D	7.5	10.0
R9X	7.3	9.70
R10	9.00	12.00

(11/25/14)

23-953

Special floor area compensation provisions in specified areas

- (a) Optional provisions for #large-scale general developments# in C4-6 or C5 Districts

Within a #large-scale general development# in a C4-6 or C5 District, the special optional regulations as set forth in this

paragraph, (a), inclusive, modify the provisions of Section 23-952 (Floor area compensation in Inclusionary Housing designated areas):

- (1) The #residential floor area# of a #development# or #enlargement# may be increased by 0.833 square feet for each one square foot of #moderate income floor area#, or by 0.625 square feet for each one square foot of #middle income floor area#, provided that for each square foot of such #floor area compensation#, there is one square foot of #floor area compensation#, pursuant to Section 23-952;
- (2) However, the amount of #affordable housing# required to receive such #floor area compensation# need not exceed the amounts specified in this paragraph, (a)(2). If #affordable housing# is provided for both #low income# and #moderate income households#, the amount of #moderate income floor area# need not exceed 15 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, on the #zoning lot#, provided that the amount of #low income floor area# is at least 10 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, on the #zoning lot#. If #affordable housing# is provided for both #middle income households# and #low income households#, the amount of #middle income floor area# need not exceed 20 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, on the #zoning lot#, provided that the amount of #low income floor area# is at least 10 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, on the #zoning lot#.

For the purposes of this paragraph, (a), inclusive, #low income floor area# may be considered #moderate income floor area# or #middle income floor area#, and #moderate income floor area# may be considered #middle income floor area#.

- (b) Special provisions for #large-scale general developments# in Community District 1 in the Borough of Queens

Special provisions shall apply to #zoning lots# within a #large-scale general development# that contains R6B, R7A and R7-3 Districts within an #Inclusionary Housing designated area#, as follows:

- (1) For #zoning lots#, or portions thereof, that are located within R6B, R7A or R7-3 Districts, the base #floor area ratio# set forth in Section 23-952 shall not apply. No #residential development# or #enlargement# shall be permitted unless #affordable floor area# is provided

pursuant to the provisions of this paragraph. The amount of #low-income floor area# provided shall equal no less than 10 percent of the #floor area# on such #zoning lot#, excluding any ground floor #non-residential floor area#, #floor area# within a #school#, or any #floor area# increase resulting from the provision of a #FRESH food store# and the amount of #moderate-income floor area# provided shall equal no less than 15 percent of the #floor area# on such #zoning lot#, excluding any ground floor #non-residential floor area#, #floor area# within a #school#, or any #floor area# increase resulting from the provision of a #FRESH food store#. For the purposes of this paragraph (b)(1), inclusive, #low income floor area# may be considered #moderate income floor area#; and

- (2) The amount of #affordable floor area# utilizing #public funding# that may count toward satisfying the #affordable floor area# required in paragraph (b)(1) of this Section shall be determined in accordance with procedures prescribed by the City Planning Commission pursuant to the provisions of Section 74-743 (Special provisions for bulk modification).

(c) Special provisions for #compensated zoning lots#

Special provisions shall apply to #compensated zoning lots# located within:

- (1) R6, R7-3 and R8 Districts on #waterfront blocks# in #Inclusionary Housing designated areas# within Community District 1, Borough of Brooklyn, as set forth in Section 62-352; or
- (2) the #Special Hudson Yards District#, #Special Clinton District# and #Special West Chelsea District#, as set forth in Sections 93-23, 96-21 and 98-26, respectively.

(10/9/13)

23-954

Height and setback for compensated developments in Inclusionary Housing designated areas

In #Inclusionary Housing designated areas#, the #compensated development# shall comply with the height and setback regulations of Sections 23-633 (Street wall location and height and setback regulations in certain districts) or 35-24 (Special Street Wall Location and Height and Setback Regulations in Certain Districts),

as applicable, except that:

- (a) in #Special Mixed Use Districts#, the #compensated development# shall comply with the provisions of paragraphs (a) or (b) of Section 123-662 (All buildings in Special Mixed Use Districts with R6, R7, R8, R9 and R10 District designations), as applicable. However, where the #Residence District# designation is an R6 District without a letter suffix, the #compensated development# shall comply with the height and setback regulations of Section 23-633, regardless of whether the #building# is #developed# or #enlarged# pursuant to the Quality Housing Program;
- (b) in R10 Districts without a letter suffix, the #compensated development# shall comply with the underlying height and setback regulations for such district; and
- (c) on #waterfront blocks# and in R7-3 Districts, the #compensated development# shall comply with the special regulations applying in the #waterfront area# set forth in Section 62-30 (SPECIAL BULK REGULATIONS), inclusive.

(10/9/13)

23-955

Additional requirements for compensated developments

- (a) #Compensated development# building permits
 - (1) #HPD# may issue a #permit notice# to the Department of Buildings at any time on or after the #regulatory agreement date#. The Department of Buildings may thereafter issue building permits to a #compensated development# that utilizes #floor area compensation# based on the #affordable housing# described in such #permit notice#.
 - (2) If #HPD# does not receive confirmation that the #regulatory agreement# has been recorded within 45 days after the later of the #regulatory agreement date# or the date upon which #HPD# authorizes the recording of the #regulatory agreement#, #HPD# shall suspend or revoke such #permit notice#, notify the Department of Buildings of such suspension or revocation and not reinstate such #permit notice# or issue any new #permit notice# until #HPD# receives confirmation that the #regulatory agreement# has been recorded. Upon receipt of notice from #HPD# that a #permit notice# has been suspended or

revoked, the Department of Buildings shall suspend or revoke each building permit issued pursuant to such #permit notice# which is then in effect for any #compensated development#.

(b) #Compensated development# certificates of occupancy

- (1) The Department of Buildings shall not issue a temporary or permanent certificate of occupancy for any portion of the #compensated development# that utilizes #floor area compensation# until #HPD# has issued a #completion notice# with respect to the #affordable housing# that generates such #floor area compensation#. However, where any #story# of a #compensated development# contains one or more #affordable housing units#, the Department of Buildings may issue any temporary or permanent certificate of occupancy for such #story# if such temporary or permanent certificate of occupancy either includes each #affordable housing unit# located in such #story# or only includes #dwelling units# or #rooming units# that are #affordable housing units#. Nothing in the preceding sentence shall be deemed to prohibit the granting of a temporary or permanent certificate of occupancy for a #super's unit#.
- (2) #HPD# shall not issue a #completion notice# with respect to any portion of any #generating site# unless:
 - (i) the Department of Buildings has issued temporary or permanent certificates of occupancy for all #affordable housing# described in such #completion notice# and such certificates of occupancy have not expired, been suspended or been revoked; or
 - (ii) where a #generating site# contains #affordable housing# that had a valid certificate of occupancy on the #regulatory agreement date# and no new temporary or permanent certificate of occupancy is thereafter required for the creation of such #affordable housing#, #HPD# has determined that all renovation and repair work required by the applicable #regulatory agreement# has been completed and all obligations with respect to the creation of such #affordable housing# have been fulfilled in accordance with the applicable #regulatory agreement#.

(7/29/09)

Requirements for Generating Sites

#Affordable housing# in a #generating site# shall meet each of the requirements set forth in this Section for the entire #regulatory period#.

(a) Location of #generating site# and #compensated zoning lot#

Where a #generating site# is not located within the #compensated zoning lot# for which it generates #floor area compensation#:

- (1) the #generating site# and the #compensated zoning lot# shall be located within the same Community District; or
- (2) the #generating site# and the #compensated zoning lot# shall be located in adjacent community districts and within one-half mile of each other, measured from the perimeter of each #zoning lot#.

However, special rules for the location of a #generating site# and a #compensated zoning lot# apply in Community District 1, Borough of Brooklyn, where the provisions of paragraph (a)(2) of this Section shall apply only to adjacent community districts located in the Borough of Brooklyn; in the #Special Clinton District#, pursuant to the provisions of Section 96-21 (Special Regulations for 42nd Street Perimeter Area); in the #Special Downtown Jamaica District#, pursuant to the provisions of Section 115-211 (Special Inclusionary Housing regulations); and in the #Special Southern Hunters Point District#, pursuant to the provisions of Section 125-22 (Newtown Creek Subdistrict).

(b) Distribution of #affordable housing units#

In #new construction affordable housing# or #substantial rehabilitation affordable housing#, where one or more of the #dwelling units# or #rooming units# in a #generating site#, other than any #super's unit#, are not #affordable housing units#:

- (1) the #affordable housing units# shall be distributed on not less than 65 percent of the #residential stories# of such #generating site# or, if there are insufficient #affordable housing units# to comply with this requirement, the distribution of #affordable housing units# shall be as specified in the #guidelines#; and
- (2) not more than one-third of the #dwelling units# and

#rooming units# on any #story# of such #generating site# shall be #affordable housing units#, unless not less than one-third of the #dwelling units# and #rooming units# on each #residential story# of such #generating site# are #affordable housing units#. However, on a #residential story# with fewer than three #dwelling units# or #rooming units#, only one #dwelling unit# or #rooming unit# may be an #affordable housing unit#, unless not less than one #dwelling unit# or #rooming unit# on each floor is an #affordable housing unit#.

However, #HPD# may waive such distribution requirements for any #new construction affordable housing# that is participating in a Federal, State or local program where such #generating site# cannot comply with both the regulations of such Federal, State or local program and those of this Section. In addition, #HPD# may waive these requirements for #substantial rehabilitation affordable housing#, as specified in the #guidelines#.

(c) Bedroom mix of #affordable housing units#

(1) In #new construction affordable housing# and #substantial rehabilitation affordable housing#, where one or more of the #dwelling units# in a #generating site#, other than any #super's unit#, are not #affordable housing units#, either:

(i) the #dwelling units# in the #generating site# that are #affordable housing units# shall contain a bedroom mix at least proportional to the bedroom mix of the #dwelling units# in the #generating site#, other than any #super's unit#, that are not #affordable housing units#; or

(ii) not less than 50 percent of the #dwelling units# in the #generating site# that are #affordable housing units# shall contain two or more bedrooms and not less than 75 percent of the #dwelling units# in the #generating site# that are #affordable housing units# shall contain one or more bedrooms.

However, #HPD# may waive such distribution requirements for any #new construction affordable housing# that either is participating in a Federal, State or local program where such #generating site# cannot comply with both the regulations of such Federal, State or local program and those of this Section, or is located on an #interior lot# or #through lot# with less than 50 feet of frontage along any #street#. In addition, #HPD# may waive these requirements for #substantial rehabilitation affordable

housing#, as specified in the #guidelines#.

- (2) Where all of the #dwelling units# in a #generating site#, other than any #super's unit#, in #new construction affordable housing# and #substantial rehabilitation affordable housing# are #affordable housing units#, not less than 50 percent of such #affordable housing units# shall contain two or more bedrooms and not less than 75 percent of such #affordable housing units# shall contain one or more bedrooms. However, #HPD# may waive these requirements for any #affordable housing# that is participating in a Federal, State or local program where such #generating site# cannot comply with both the regulations of such Federal, State or local program and those of this Section. In addition, #HPD# may waive these requirements for #substantial rehabilitation affordable housing#, as specified in the #guidelines#.
- (3) All of the #supportive housing units# in a #generating site# shall be #affordable housing units# and shall contain such configuration as #HPD# shall require.
- (4) For purposes of this paragraph, (c), inclusive, fractions equal to or greater than one-half resulting from any calculation shall be considered to be one #dwelling unit#.

(d) Size of #affordable housing units#

- (1) In #new construction affordable housing# and #substantial rehabilitation affordable housing#, an #affordable housing unit# shall contain not less than:
 - (i) 400 square feet of #floor area# within the perimeter walls for a zero bedroom #dwelling unit#; or
 - (ii) 575 square feet of #floor area# within the perimeter walls for a one bedroom #dwelling unit#; or
 - (iii) 775 square feet of #floor area# within the perimeter walls for a two bedroom #dwelling unit#; or
 - (iv) 950 square feet of #floor area# within the perimeter walls for a three bedroom #dwelling unit#.

However, #HPD# may waive such distribution requirements for any #new construction affordable housing# that is participating in a Federal, State or local program where such #generating site# cannot comply with both the regulations of such Federal, State or local program and those of this Section. In addition, #HPD# may waive these

requirements for #substantial rehabilitation affordable housing# as specified in the #guidelines#.

- (2) Where all of the #dwelling units# in a #generating site#, other than any #super's unit#, in #new construction# or #substantial rehabilitation affordable housing# are #affordable housing units#, #HPD# may waive such square footage requirements for any #affordable housing unit# that is participating in a Federal, State or local program where such #generating site# cannot comply with both the regulations of such Federal, State or local program and those of this Section. In addition, #HPD# may waive such square footage requirements for #substantial rehabilitation affordable housing#, as specified in the #guidelines#.
- (3) #Supportive housing units# shall comply with the size requirements specified by #HPD#.

(e) #Administering agent#

- (1) #HPD# shall approve each #administering agent# and may revoke such approval at any time before or during the #regulatory period#.
- (2) An #administering agent# shall be a not-for-profit entity and shall not be, or be an affiliate of, an owner or managing agent of the #generating site#, unless #HPD# approves such owner, managing agent or affiliate to serve as the #administering agent# upon a determination that either:
 - (i) the #affordable housing# is participating in a Federal, State or local program that provides adequate independent means of ensuring compliance with the #regulatory agreement#; or
 - (ii) the owner and any such managing agent or affiliate are not-for-profit entities and there are adequate safeguards to ensure that such entities comply with the #regulatory agreement#.
- (3) For a period of time specified in the #guidelines#, the #administering agent# shall maintain all records setting forth the facts that form the basis of any affidavit submitted to #HPD#. The #administering agent# shall maintain such records, and such other records as #HPD# may require, at the offices of the #administering agent# or at such other location as may be approved by #HPD#. The #administering agent# shall make such records, and all

facets of the operations of the #administering agent#,
available for inspection and audit by #HPD# upon request.

(f) #Regulatory agreement#

- (1) The #regulatory agreement# shall require compliance with and shall incorporate by reference the #affordable housing plan# and the applicable provisions of this Zoning Resolution and the #guidelines# and shall contain such additional terms and conditions as #HPD# deems necessary.
- (2) The #regulatory agreement# shall require that #HPD# be provided with documentation indicating the amount of #affordable floor area#. For #new construction affordable housing# or #substantial rehabilitation affordable housing#, such documentation shall include, but shall not be limited to, plans meeting the requirements of Section 23-94, paragraph (c).
- (3) The #regulatory agreement# shall be recorded against all tax lots comprising the portion of the #zoning lot# within which the #generating site# is located and shall set forth the obligations, running with such tax lots, of the owner and all successors in interest to provide #affordable housing# in accordance with the #affordable housing plan# for the entire #regulatory period#.
- (4) #Affordable housing# may serve to secure debt with the prior approval of #HPD#. Any lien securing such debt shall be subordinated to the #regulatory agreement#.
- (5) The #regulatory agreement# may, but shall not be required to, provide that such #regulatory agreement# may be terminated prior to the issuance of a temporary or permanent certificate of occupancy for any #compensated development# by the Department of Buildings.
- (6) Where all of the #dwelling units#, #rooming units# or #supportive housing units# in a #generating site#, other than any #super's unit#, are #affordable housing units#, the #regulatory agreement# shall provide that, following a default and any applicable opportunity to cure, #HPD# may, in addition to any other remedies provided therein or by applicable law:
 - (i) appoint a receiver to manage such #generating site#;
or
 - (ii) take control of the board of directors of any housing development fund company or not-for-profit

corporation that owns, controls or operates such #generating site#.

- (7) Where applicable in accordance with paragraph (b), (Monthly rent), of Section 23-961, the #regulatory agreement# shall provide that certain obligations shall survive the #regulatory period#.

(g) Housing standards

Upon the date that #HPD# issues the #completion notice#, the #generating site# shall be entirely free of violations of record issued by any City or State agency pursuant to the Multiple Dwelling Law, the Building Code, the Housing Maintenance Code and this Zoning Resolution, except as may be otherwise provided in the #guidelines# with respect to non-hazardous violations in occupied #affordable housing units# of #preservation affordable housing# or #substantial rehabilitation affordable housing#.

(h) Insurance

The #affordable housing# in a #generating site# shall at all times be insured against any damage or destruction in an amount not less than the replacement value of such #affordable housing#. Any insurance proceeds resulting from damage or destruction of all or part of the #generating site# containing such #affordable housing# shall be used first to restore any damaged or destroyed #affordable housing#, except that #HPD# may provide priority for lenders participating in the financing of #affordable housing# that is assisted under City, State or Federal programs.

(i) Duration of obligations

The obligation to provide and maintain a specified amount of #affordable housing# on a #generating site# shall run with the #zoning lot# containing such #generating site# for not less than the #regulatory period#. If any portion of such #affordable housing# is damaged or destroyed, no #floor area# shall be #developed#, reconstructed or repaired on such #zoning lot#, and no #development#, #enlargement#, extension or change of #use# shall occur on such #zoning lot#, unless

- (1) the amount of such #floor area# devoted to #affordable housing# is not less than the #floor area# of the #affordable housing# that was damaged or destroyed; or
- (2) 100 percent of such #developed#, reconstructed or repaired #floor area# is #affordable housing#.

- (j) One #generating site# may satisfy requirements for multiple #compensated zoning lots#

Any #generating site# may contain #affordable housing# that satisfies the requirements of Section 23-90, inclusive, for more than one #compensated development#, provided that no #affordable floor area# shall be counted more than once in determining the amount of #floor area compensation# for such #compensated developments#.

- (k) #Guidelines#

#HPD# shall adopt and may modify #guidelines# for the implementation of the provisions of Section 23-90, inclusive.

(7/29/09)

23-961

Additional requirements for rental affordable housing

The additional requirements of this Section shall apply to rental #affordable housing# on a #generating site# for the entire #regulatory period#.

- (a) Tenant selection

- (1) Upon #rent-up# and any subsequent vacancy for the entire #regulatory period#, #affordable housing units# shall only be leased to and occupied by #low income households#, #moderate income households# and #middle income households#, as applicable. No lease or sublease of an #affordable housing unit# shall be executed, and no tenant or subtenant shall commence occupancy of an #affordable housing unit#, without the prior approval of the #administering agent#.
- (2) A tenant may, with the prior approval of the #administering agent#, sublet an #affordable housing unit# for not more than a total of two years, including the term of the proposed sublease, out of the four-year period preceding the termination date of the proposed sublease. The aggregate payments made by any sublessee in any calendar month shall not exceed the #monthly rent# that could be charged to the sublessor in accordance with the #regulatory agreement#.
- (3) A #low income household# may rent an #affordable housing

unit# that is restricted to occupancy by #moderate income# or #middle income households#, provided that the #administering agent# determines that such #low income household# is able to utilize rent subsidies pursuant to Section 8 of the United States Housing Act of 1937, as amended, to afford the applicable #monthly rent#.

(b) Monthly rent

- (1) The #regulatory agreement# shall provide that each #affordable housing unit# shall be registered with the Division of Housing and Community Renewal at the initial #monthly rent# established by #HPD# within 60 days following the #rent-up date# and shall thereafter remain subject to #rent stabilization# for the entire #regulatory period# and thereafter until vacancy. However, the #regulatory agreement# may permit an alternative date by which any #affordable housing units# that are vacant on the #rent-up date# shall be registered with the Division of Housing and Community Renewal at the initial #monthly rent# established by #HPD#.
 - (i) However, any #affordable housing unit# of #preservation affordable housing# or #substantial rehabilitation affordable housing# that is both occupied by a #grandfathered tenant# and subject to the Emergency Housing Rent Control Law on the #regulatory agreement date# shall remain subject to the Emergency Housing Rent Control Law until the first vacancy following the #regulatory agreement date# and shall thereafter be subject to #rent stabilization# as provided herein.
 - (ii) The #regulatory agreement# shall provide that upon each annual registration of an #affordable housing unit# with the Division of Housing and Community Renewal, the #legal regulated rent# for such #affordable housing unit# shall be registered with the Division of Housing and Community Renewal at an amount not exceeding the #maximum monthly rent#. However, the #regulatory agreement# shall provide that this requirement shall not apply to an #affordable housing unit# occupied by a #grandfathered tenant# until the first vacancy after the #regulatory agreement date#.
- (2) The #regulatory agreement# shall provide that the #monthly rent# charged to the tenant of any #affordable housing unit# at #initial occupancy# and in each subsequent renewal lease shall not exceed the lesser of the #maximum

monthly rent# or the #legal regulated rent#. However, the #regulatory agreement# shall provide that these requirements shall not apply to an #affordable housing unit# occupied by a #grandfathered tenant#, until the first vacancy after the #regulatory agreement date#.

- (3) Within 60 days following the #rent-up date#, the #administering agent# shall submit an affidavit to #HPD# attesting that the #monthly rent# registered and charged for each #affordable housing unit# complied with the applicable #monthly rent# requirements at the time of #initial occupancy#.
- (4) Each year after #rent-up#, in the month specified in the #regulatory agreement# or the #guidelines#, the #administering agent# shall submit an affidavit to #HPD# attesting that each lease or sublease of an #affordable housing unit# or renewal thereof during the preceding year complied with the applicable #monthly rent# requirements at the time of execution of the lease or sublease or renewal thereof.
- (5) The #regulatory agreement# shall provide that the lessor of an #affordable housing unit# shall not utilize any exemption or exclusion from any requirement of #rent stabilization# to which such lessor might otherwise be or become entitled with respect to such #affordable housing unit#, including, but not limited to, any exemption or exclusion from the rent limits, renewal lease requirements, registration requirements, or other provisions of #rent stabilization#, due to:
 - (i) the vacancy of a unit where the #legal regulated rent# exceeds a prescribed maximum amount;
 - (ii) the fact that tenant income or the #legal regulated rent# exceeds prescribed maximum amounts;
 - (iii) the nature of the tenant; or
 - (iv) any other reason.
- (6) The #regulatory agreement# and each lease of an #affordable housing unit# shall contractually require the lessor of each #affordable housing unit# to grant all tenants the same rights that they would be entitled to under #rent stabilization# without regard to whether such #affordable housing unit# is statutorily subject to #rent stabilization#. If any court declares that #rent stabilization# is statutorily inapplicable to an

#affordable housing unit#, such contractual rights shall thereafter continue in effect for the remainder of the #regulatory period#.

- (7) The #regulatory agreement# shall provide that each #affordable housing unit# that is occupied by a tenant at the end of the #regulatory period# shall thereafter remain subject to #rent stabilization# for not less than the period of time that such tenant continues to occupy such #affordable housing unit#, except that any occupied #affordable housing unit# that is subject to the Emergency Housing Rent Control Law at the end of the #regulatory period# shall remain subject to the Emergency Housing Rent Control Law until the first vacancy.

(c) Income

- (1) Each #affordable housing unit# shall be leased to and occupied by #low income households#, #moderate income households# or #middle income households#, as applicable, for the entire #regulatory period#.
- (2) The #administering agent# shall verify the #household# income of the proposed tenant prior to leasing any vacant #affordable housing unit# in order to ensure that it is a #low income household#, #moderate income household# or #middle income household#, as applicable.
- (3) Within 60 days following the #rent-up date#, the #administering agent# shall submit an affidavit to #HPD# attesting that each #household# occupying an #affordable housing unit# complied with the applicable income eligibility requirements at the time of #initial occupancy#.
- (4) Each year after #rent-up#, in the month specified in the #regulatory agreement# or the #guidelines#, the #administering agent# shall submit an affidavit to #HPD# attesting that each #household# that commenced occupancy of a vacant #affordable housing unit# during the preceding year, and each #household# that subleased an #affordable housing unit# during the preceding year, complied with the applicable income eligibility requirements at the time of #initial occupancy#.

(d) #Affordable housing plan#

- (1) An #affordable housing plan# shall designate the initial #administering agent#, include the agreement with the initial #administering agent#, state how #administering

agents# may be removed, state how a new #administering agent# may be selected upon the removal or other departure of any #administering agent#, include the building plans, state the number and bedroom mix of the #affordable housing units# to be #developed#, rehabilitated or preserved, indicate how tenants will be selected at #rent-up# and upon each subsequent vacancy of an #affordable housing unit#, indicate how the #household# income of each prospective tenant will be verified prior to such #household#'s #initial occupancy# of an #affordable housing unit# and include such additional information as #HPD# deems necessary.

- (2) An #affordable housing plan# shall demonstrate the feasibility of creating and maintaining #affordable housing# in accordance with Section 23-90 (INCLUSIONARY HOUSING), inclusive, including that:
 - (i) there will be sufficient revenue to provide for adequate maintenance, operation and administration of the #affordable housing#;
 - (ii) #affordable housing units# will be leased to eligible #households# by a responsible #administering agent# at #rent-up# and upon each subsequent vacancy; and
 - (iii) tenants will be selected in an equitable manner in accordance with laws prohibiting discrimination and all other applicable laws.
- (3) A copy of any proposed #affordable housing plan# shall be delivered to the affected Community Board, which may review such proposal and submit comments to #HPD#. #HPD# shall not approve a proposed #affordable housing plan# until the earlier of:
 - (i) the date that the affected Community Board submits comments regarding such proposal to #HPD# or informs #HPD# that such Community Board has no comments; or
 - (ii) 45 days from the date that such proposal was submitted to the affected Community Board.

- (e) Special requirements for rental #preservation affordable housing#

The additional requirements of this paragraph (e), shall apply to rental #preservation affordable housing#:

- (1) all of the #dwelling units#, #rooming units# and

#supportive housing units# in the #generating site#, other than any #super's unit#, shall be #affordable housing units# that are leased to and occupied by #low income households# for the entire #regulatory period#;

- (2) on the #regulatory agreement date#, the average of the #legal regulated rents# for all #affordable housing units# in the #generating site# that are occupied by #grandfathered tenants# shall not exceed 30 percent of the #low income limit# divided by 12;
- (3) on the #regulatory agreement date#, #HPD# shall have determined that the condition of the #generating site# is sufficient, or will be sufficient after required improvements specified in the #affordable housing plan# and the #regulatory agreement#, to ensure that, with normal maintenance and normal scheduled replacement of #capital elements#, the #affordable housing units# will provide a decent, safe and sanitary living environment for the entire #regulatory period#;
- (4) on the #regulatory agreement date#, #HPD# shall have determined either that no #capital element# is likely to require replacement within 30 years from the #regulatory agreement date# or that, with regard to any #capital element# that is likely to require replacement within 30 years from the #regulatory agreement date#, a sufficient reserve has been established to fully fund the replacement of such #capital element#;
- (5) except with the prior approval of #HPD#, #monthly rents# charged for #affordable housing units# shall not be increased to reflect the costs of any repair, renovation, rehabilitation or improvement performed in connection with qualification as a #generating site#, even though such increases may be permitted by other laws; and
- (6) such #affordable housing# shall comply with such additional criteria as may be specified by #HPD# in the #guidelines#.

(f) Special requirements for rental #substantial rehabilitation affordable housing#

The additional requirements of this paragraph, (f), shall apply to rental #substantial rehabilitation affordable housing#:

- (1) such #affordable housing# shall be created through the rehabilitation of a #generating site# at a cost per completed #affordable housing unit# that exceeds a minimum

threshold set by #HPD# in the #guidelines#;

- (2) on the #regulatory agreement date#, the average of the #legal regulated rents# for all #affordable housing units# in the #generating site# that are occupied by #grandfathered tenants# shall not exceed 30 percent of the #low income limit# divided by 12;
- (3) on the #regulatory agreement date#, #HPD# shall have determined that the condition of such #generating site# is sufficient, or will be sufficient after required improvements specified in the #affordable housing plan# and the #regulatory agreement#, to ensure that, with normal maintenance and normal scheduled replacement of #capital elements#, the #affordable housing units# will provide a decent, safe and sanitary living environment for the entire #regulatory period#;
- (4) on the #regulatory agreement date#, #HPD# shall have determined either that no #capital element# is likely to require replacement within 30 years from the #regulatory agreement date# or that, with regard to any #capital element# that is likely to require replacement within 30 years from the #regulatory agreement date#, a sufficient reserve has been established to fully fund the replacement of such #capital element#;
- (5) except with the prior approval of #HPD#, #monthly rents# charged for #affordable housing units# shall not be increased to reflect the costs of any repair, renovation, rehabilitation or improvement performed in connection with qualification as a #generating site#, even though such increases may be permitted by other laws; and
- (6) such #affordable housing# shall comply with such additional criteria as may be specified by #HPD# in the #guidelines#.

(4/6/11)

23-962

Additional requirements for homeownership affordable housing

The additional requirements of this Section shall apply to #homeownership affordable housing# on a #generating site# for the entire #regulatory period#.

- (a) Homeowner selection

- (1) Upon #sale#, #homeownership affordable housing units# shall only be occupied by #eligible buyers# that are #low income households#, #moderate income households# and #middle income households#, as applicable. Upon any subsequent #resale# for the entire #regulatory period#, #homeownership affordable housing units# shall be sold to and occupied by #eligible buyers# at or below the #maximum resale price# on the #sale date#, as applicable. No #homeownership affordable housing unit# shall be sold to or occupied by any #household# or any other person without the prior approval of the #administering agent#.
- (2) A #homeowner# may, with the prior approval of the #administering agent#, sublet an #homeownership affordable housing unit# to another #low income household#, #moderate income household#, #middle income household#, or #eligible buyer#, as applicable, for not more than a total of two years, including the term of the proposed sublease, out of the four-year period preceding the termination date of the proposed sublease. The aggregate payments made by any sublessee in any calendar month shall not exceed the combined cost of #monthly fees#, #mortgage payments#, utilities and property taxes paid by the sublessor.
- (3) A #homeowner# shall reside in the #homeownership affordable housing unit#, except as provided in paragraph (a)(2) of this Section.
- (4) The restrictions in this paragraph, (a), on the ownership of #homeownership affordable housing units# shall not prevent the exercise of a valid lien by a #mortgage# lender, #cooperative corporation#, #condominium association# or any other entity authorized by the #regulatory agreement# to take possession of a #homeownership affordable housing unit# in the event of default by the #homeowner#. However, any #sale# or #resale# by such lien holder shall be to an #eligible buyer#, in accordance with this paragraph, (a), and the #guidelines#.

(b) Price

- (1) The #initial price# or #maximum resale price# of any #homeownership affordable housing unit# shall be set assuming a #mortgage#, as defined in Section 23-913 (Definitions applying to homeownership generating sites).
- (2) The #regulatory agreement# shall establish the #initial price# for each #homeownership affordable housing unit#.

#HPD# shall set the #initial price# to ensure that the combined cost of #monthly fees#, #mortgage payments#, utilities and property taxes to be paid directly by the #homeowner# will not exceed 30 percent of the #low income limit#, #moderate income limit# or #middle income limit#, as applicable.

- (3) Prior to any #resale# of a #homeownership affordable housing unit#, the #administering agent# shall set the #maximum resale price# for such #homeownership affordable housing unit#.
- (4) The #administering agent# shall not approve any #resale# unless the selected #eligible buyer# provides a #down payment#, as specified in the #guidelines#.
- (5) A #homeownership affordable housing unit#, or any shares in a #cooperative corporation# appurtenant thereto, shall not secure any debt unless such debt is a #mortgage# that has been approved by the #administering agent#.

(c) Income

- (1) The #administering agent# shall verify the #household# income of a proposed #homeowner#, in accordance with the #guidelines#, prior to the #sale date# of any #homeownership affordable housing unit# in order to ensure that, upon #sale#, it is a #low income household#, #moderate income household# or #middle income household#, as applicable, and that upon #resale#, it is to an #eligible buyer#.
- (2) The #administering agent# shall meet reporting requirements on each #sale# and #resale#, as set forth in the #guidelines#.
- (3) Each year after the #commencement date#, in the month specified in the #regulatory agreement# or the #guidelines#, the #administering agent# shall submit an affidavit to #HPD# attesting that each #resale# of a #homeownership affordable housing unit# during the preceding year complied with all applicable requirements on the #resale date#.

(d) #Affordable housing plan#

- (1) An #affordable housing plan# shall include the building plans, state the number and bedroom mix of the #homeownership affordable housing units# to be #developed#, rehabilitated or preserved, indicate how

#homeowners# will be selected upon each #sale# or #resale# of a #homeownership affordable housing unit#, indicate how the #household# income of #eligible buyers# will be verified prior to such #household's initial occupancy# of a #homeownership affordable housing unit# and include such additional information as #HPD# deems necessary.

- (2) An #affordable housing plan# shall demonstrate the feasibility of creating and maintaining #homeownership affordable housing#, including that:
 - (i) there will be sufficient revenue to provide for adequate maintenance, operation and administration of the #affordable housing#;
 - (ii) #affordable housing units# will be sold under the supervision of a responsible #administering agent# to #eligible buyers# at each #sale# and #resale#; and
 - (iii) #homeowners# will be selected in an equitable manner in accordance with laws prohibiting discrimination and all other applicable laws.
- (3) The requirements of Section 23-961, paragraph (d)(3), shall apply.

(e) Housing standards

The requirements of Section 23-96, paragraph (g), shall apply. In addition, each #homeowner# shall be obligated to maintain each #homeownership affordable housing unit# in accordance with minimum quality standards set forth in the #guidelines#. Prior to any #resale#, #HPD#, or its designee as specified in the #guidelines#, shall inspect the #affordable housing unit# and shall either require the #homeowner# to remedy any condition that violates such minimum quality standards before the #sale date#, or require the retention of a portion of the #resale# proceeds to pay the cost of remedying such condition.

- (f) Optional provisions for certain #new construction homeownership affordable housing#

In Community District 3, Borough of Manhattan, #HPD# may modify the requirements for #new construction homeownership affordable housing# to facilitate #development# on a site that has been disposed of pursuant to Article 16 of the General Municipal Law as set forth in this paragraph (f), inclusive.

- (1) #HPD# may permit a #household# to occupy a #new construction homeownership affordable housing unit# as

rental #affordable housing# if:

- (i) no more than 120 days prior to the #regulatory agreement date#, such #household# occupied a #dwelling unit# or #rooming unit# in a #building# located on the #zoning lot# of such #new construction homeownership affordable housing#, pursuant to a lease or occupancy agreement to which one or more members of such #household# was a party or pursuant to a statutory tenancy;
 - (ii) no more than 120 days prior to the #regulatory agreement date#, the average rent for all occupied #dwelling units# or #rooming units# in such #building# did not exceed 30 percent of the #low income limit# divided by 12; and
 - (iii) after the #regulatory agreement date#, such #building# is demolished and replaced with #new construction homeownership affordable housing#.
- (2) #HPD# may permit a #household# that is not an #eligible buyer#, but that meets the requirements of paragraph (f)(1) of this Section, to purchase a #new construction homeownership affordable housing unit# at #sale#, provided that such #household# is a #low income household#, #moderate income household# or #middle income household#, as applicable.

Where a #new construction homeownership affordable housing unit# is purchased at a nominal price, the #appreciated price# for such #homeownership affordable housing unit# shall be the product of the #initial price# of such #homeownership affordable housing unit# and the #appreciation index# applicable at #resale# as specified in the #guidelines#.

- (g) Special requirements for #homeownership preservation affordable housing#

The additional requirements in this paragraph, (f), shall apply to #homeownership preservation affordable housing#:

- (1) on the #regulatory agreement date#, the #generating site# shall be an existing #building# containing #residences#;
- (2) on the #regulatory agreement date#, the average of the #legal regulated rents#, as such term is defined in Section 23-912, for all #homeownership affordable housing units# in the #generating site# that are occupied by #grandfathered tenants# shall not exceed 30 percent of the #low income limit# divided by 12;

- (3) where #grandfathered tenants# continue in residence subsequent to the #regulatory agreement date#, any #affordable housing unit# that is occupied by a #grandfathered tenant# shall be operated subject to the restrictions of Section 23-961 (Additional requirements for rental affordable housing) until such #affordable housing unit# is purchased and occupied by an #eligible buyer#;
- (4) on the #regulatory agreement date#, #HPD# shall have determined that the condition of the #generating site# is sufficient, or will be sufficient after required improvements specified in the #affordable housing plan# and the #regulatory agreement#, to ensure that, with normal maintenance and normal scheduled replacement of #capital elements#, the #affordable housing units# will provide a decent, safe and sanitary living environment for the entire #regulatory period#;
- (5) on the #regulatory agreement date#, #HPD# shall have determined either that no #capital element# is likely to require replacement within 30 years from the #regulatory agreement date# or that, with regard to any #capital element# that is likely to require replacement within 30 years from the #regulatory agreement date#, a sufficient reserve has been established to fully fund the replacement of such #capital element#; and
- (6) such #affordable housing# shall comply with such additional criteria as may be specified by #HPD# in the #guidelines#.

(h) Special requirements for #homeownership substantial rehabilitation affordable housing#

The additional requirements in this paragraph, (g), shall apply to #homeownership substantial rehabilitation affordable housing#:

- (1) on the #regulatory agreement date#, the #generating site# shall be an existing #building#;
- (2) such #affordable housing# shall be created through the rehabilitation of such existing #building# at a cost per completed #homeownership affordable housing unit# that exceeds a minimum threshold set by #HPD# in the #guidelines#;
- (3) on the #regulatory agreement date#, the average of the

#legal regulated rents# for all #homeownership affordable housing units# in the #generating site# that are occupied by #grandfathered tenants# shall not exceed 30 percent of the #low income limit# divided by 12;

- (4) where #grandfathered tenants# continue in residence subsequent to the #regulatory agreement date#, any #affordable housing unit# that is occupied by a #grandfathered tenant# shall be operated subject to the restrictions of Section 23-961 until such #affordable housing unit# is purchased and occupied by an #eligible buyer#;
- (5) on the #regulatory agreement date#, #HPD# shall have determined that the condition of such #generating site# is sufficient, or will be sufficient after required improvements specified in the #affordable housing plan# and the #regulatory agreement#, to ensure that, with normal maintenance and normal scheduled replacement of #capital elements#, the #affordable housing units# will provide a decent, safe and sanitary living environment for the entire #regulatory period#;
- (6) on the #regulatory agreement date#, #HPD# shall have determined either that no #capital element# is likely to require replacement within 30 years from the #regulatory agreement date# or that, with regard to any #capital element# that is likely to require replacement within 30 years from the #regulatory agreement date#, a sufficient reserve has been established to fully fund the replacement of such #capital element#; and
- (7) such #affordable housing# shall comply with such additional criteria as may be specified by #HPD# in the #guidelines#.

Chapter 4

Bulk Regulations for Community Facilities in Residence Districts

(12/15/61)

24-00

APPLICABILITY, GENERAL PURPOSES AND DEFINITIONS

(10/9/13)

24-01

Applicability of this Chapter

The #bulk# regulations of this Chapter apply to any #zoning lot# or portion of a #zoning lot# located in any #Residence District# which contains any #community facility building#, or to the #community facility# portion of any #building# located in any #Residence District# which is used for both #residential# and #community facility uses#, except where specifically modified by the provisions of this Chapter.

The #bulk# regulations of Article II, Chapter 3, shall apply to any #zoning lot# or portion of a #zoning lot# in any #Residence District# which contains a #residential building#, or to the #residential# portion of any #building# located in any #Residence District# which is used for both #residential# and #community facility uses#, except where specifically modified by the provisions of this Chapter.

In addition, the #bulk# regulations of this Chapter, or of specified sections thereof, also apply in other provisions of this Resolution where they are incorporated by cross reference.

Existing #buildings or other structures# that do not comply with one or more of the applicable #bulk# regulations are #non-complying buildings or other structures# and are subject to the regulations set forth in Article V, Chapter 4.

Special regulations applying to #large-scale community facility developments# or to #community facility uses# in #large-scale residential developments# are set forth in Article VII, Chapter 8.

Special regulations applying only in Special Purpose Districts are set forth in Articles VIII, IX, X, XI, XII and XIII.

Special regulations applying in the #waterfront area# are set forth in Article VI, Chapter 2.

Special regulations applying in the #flood zone# are set forth in Article VI, Chapter 4.

(2/2/11)

24-011

Exceptions to the bulk regulations of this Chapter

R1 R2 R3 R4 R5

(a) #Buildings# used partly for #community facility uses#

Except as provided in paragraph (b) of this Section, in R3A, R3X, R3-1, R4A, R4-1, R4B or R5B Districts, the #bulk# regulations of this Chapter shall apply only to a #zoning lot# or portion of a #zoning lot# that contains a #community facility building#, and the #bulk# regulations of Article II, Chapter 3, shall apply to any #zoning lot# or portion of a #zoning lot# that contains any #building# that is used partly for #community facility use# and partly for #residential use#. In such districts, the #bulk# regulations of this Chapter may apply to the #community facility# portion of a #building# that is used partly for #community facility use# and partly for #residential use# only where:

- (1) such #community facility use# has received tax-exempt status from the New York City Department of Finance, or its successor, pursuant to Section 420 of the New York State Real Property Tax Law; or
- (2) such #building# has received an authorization pursuant to Section 24-04 (Modifications of Bulk Regulations in Certain Districts).

(b) #Buildings# containing certain #community facility uses# in #lower density growth management areas#

- (1) In the districts indicated, in #lower density growth management areas#, the #bulk# regulations of this Chapter shall not apply to any #zoning lot# containing #buildings# used for:
 - (i) ambulatory diagnostic or treatment health care facilities, as listed in Section 22-14 (Use Group 4), except where such #zoning lot# contains #buildings# used for hospitals or nursing homes as defined in the

New York State Hospital Code; or

- (ii) child care service as listed under the definition of #school# in Section 12-10 (DEFINITIONS), except where such #zoning lot# contains #buildings# used for houses of worship or, for #zoning lots# that do not contain #buildings# used for houses of worship, where the amount of #floor area# used for child care services is equal to 25 percent or less of the amount of #floor area# permitted for #community facility use# on the #zoning lot#.
- (2) In lieu thereof, the #residential bulk# regulations of Article II, Chapter 3 (Bulk Regulations for Residential Buildings in Residence Districts), shall apply, except that:
 - (i) the provisions of Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) shall be modified to prohibit parking spaces of any kind within a #front yard#;
 - (ii) in lieu of Sections 23-46 (Minimum Required Side Yards) and 23-66 (Required Side and Rear Setbacks), Sections 24-35 (Minimum Required Side Yards) and 24-55 (Required Side and Rear Setbacks) shall apply; and
 - (iii) for child care services in R1 and R2 Districts, the provisions of paragraph (9) in the definition of #floor area# in Section 12-10, pertaining to #floor area# exclusions for the lowest story of a #residential building#, shall not apply.

(2/2/11)

24-012

Quality Housing Program

In R6A, R6B, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9D, R9X, R10A or R10X Districts, any #community facility building# or portion thereof shall comply with the applicable provisions of Article II, Chapter 8. In R5D Districts, certain provisions of Article II, Chapter 8, shall apply as set forth in Section 28-01 (Applicability of this Chapter).

In other R6, R7, R8, R9 or R10 Districts, any #community facility# portion of a #Quality Housing building# shall comply with the applicable provisions of Article II, Chapter 8.

(8/14/87)

24-02

General Purposes of Community Facility Bulk Regulations

The following bulk regulations are adopted in order to protect residential areas against congestion and to encourage the development of desirable and stable residential neighborhoods. In order to achieve these purposes, a direct control of the physical volume of buildings and their degree of lot coverage is established.

(8/18/77)

24-03

Definitions

Words in *italics* are defined in Section 12-10 or, if applicable exclusively to this Section, in this Section.

(2/2/11)

24-04

Modification of Bulk Regulations in Certain Districts

R3-1 R3A R3X R4-1 R4A R4B R5B

In the districts indicated, except for #buildings# containing certain #community facility uses# in #lower density growth management areas#, as set forth in paragraph (b) of Section 24-011 (Exceptions to the bulk regulations of this Chapter), the City Planning Commission may authorize #developments# or #enlargements#, pursuant to the #bulk# regulations of this Chapter, provided that the Commission finds that:

- (a) the design of the #development# or #enlargement# ensures adequate separation of #uses# and sufficient independent access to each #use#; and
- (b) the #floor area# designated for #community facility use# is designed in a manner that is consistent with such #use# and physically distinguishes such space from that designated for #residential use#.

The Commission may prescribe additional safeguards to prevent the #conversion# of such #community facility use# to #residential use#.

Applications for authorizations shall be referred to the affected Community Board for a period of at least 30 days for comment. The City Planning Commission shall grant in whole or in part or deny the application within 60 days of the completion of the Community Board review period.

(2/2/11)

24-05

Street Tree Planting

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, #developments#, or #enlargements# that increase the #floor area# on a #zoning lot# by 20 percent or more, shall provide #street# trees in accordance with Section 26-41 (Street Tree Planting).

(2/2/11)

24-06

Planting Strips

R1 R2 R3 R4 R5

In the districts indicated, #developments#, or #enlargements# that increase the #floor area# on a #zoning lot# by 20 percent or more, shall provide and maintain a planting strip in accordance with Section 26-42.

(12/15/61)

24-10

FLOOR AREA AND LOT COVERAGE REGULATIONS

(2/2/11)

24-11

Maximum Floor Area Ratio and Percentage of Lot Coverage

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, for any #zoning lot#, the maximum #floor area ratio# and maximum percent of #lot coverage# for a #community facility use# shall not exceed the #floor area ratio# and #lot coverage# set forth in the table in this Section, except as otherwise provided in the following Sections:

Section 24-13 (Floor Area Bonus for Deep Front and Wide Side Yards)

Section 24-14 (Floor Area Bonus for a Public Plaza)

Section 24-15 (Floor Area Bonus for Arcades)

Section 24-17 (Special Provisions for Zoning Lots Divided by District Boundaries).

Any given #lot area# shall be counted only once in determining the #floor area ratio#.

Notwithstanding any other provision of this Resolution, the maximum #floor area ratio# in an R9 or R10 District shall not exceed 12.0.

In R9A, R9D, R9X, R10A and R10X Districts, the bonus provisions of Sections 24-14 (Floor Area Bonus for a Public Plaza) and 24-15 (Floor Area Bonus for Arcades) shall not apply and the maximum #floor area ratio# shall not exceed that set forth in the following table:

MAXIMUM FLOOR AREA AND MAXIMUM LOT COVERAGE
#Lot coverage# (percent of #lot area#)

#Floor Area Ratio#	#Corner Lot#	#Interior Lot# or #Through Lot#		District
1.00	60	55		R1
1.00	60	55		R2
1.00	60	55		R3
2.00	60	55		R4
2.00	60	55	R5 R5A R5B	
4.80	70	65		R6
3.00	80	60		R6A

9.00	80	70	R9D
9.00	80	70	R9X
10.00	75	65	R10
10.00	100	70	R10A R10X

- * In R8B Districts, within the boundaries of Community Board 8 in the Borough of Manhattan, the maximum #floor area ratio# on a #zoning lot# containing #community facility uses# exclusively shall not exceed 5.10

However, the #floor area ratios# listed in this table shall not apply to #community facility uses# that are subject to the provisions of Section 24-111 (Bulk regulations for certain community facility uses).

Within the boundaries of Community District 7 in the Borough of Manhattan, all #zoning lots# in R10 Districts, except R10A or R10X Districts, shall be limited to a maximum #floor area ratio# of 10.0.

In R9 or R10 Districts, the bonus provisions of Sections 24-14 (Floor Area Bonus for a Public Plaza) or 24-15 (Floor Area Bonus for Arcades) shall apply only to a #development# or #enlargement# with 25 percent or less of the total #floor area# of the #building# in #residential use#.

(2/2/11)

24-111

Maximum floor area ratio for certain community facility uses

R1 R2

- (a) In the districts indicated, for any #zoning lot# containing #community facility uses# other than those #uses# for which a permit is required pursuant to Sections 22-21 (By the Board of Standards and Appeals), 73-12 (Community Facility Uses in R1 or R2 Districts) and 73-13 (Open Uses in R1 or R2 Districts), or where #bulk# modification is authorized pursuant to Section 74-901 (Bulk modifications for certain community facility uses), the maximum #floor area ratio# shall not exceed the #floor area# permitted for #residential uses# by the applicable district regulations. The provisions of this paragraph shall not apply to #buildings# for which plans were filed with the Department of Buildings prior to November 15, 1972, including any subsequent amendments thereof.

R3 R4 R5 R6 R7 R8 R9

- (b) In the districts indicated, the maximum #floor area ratio# on a #zoning lot# for the following #community facility uses# as listed in Use Group 3:
- (1) nursing homes, health-related facilities or domiciliary care facilities for adults, each of which have secured certification by the appropriate governmental agency;
 - (2) sanitariums; or
 - (3) philanthropic or non-profit institutions with sleeping accommodations;

shall be as set forth in the table in this Section, except where such #floor area ratio# is modified pursuant to Section 74-902 (Bulk modifications for certain community facility uses).

The provisions of paragraph (b) of this Section are not applicable in R8B Districts in Community Board 8 in the Borough of Manhattan.

MAXIMUM FLOOR AREA RATIO FOR
CERTAIN COMMUNITY FACILITY USES

District	Maximum #Floor Area Ratio# Permitted
R3	0.50
R4	0.75
R5 R5A R5B	1.27

R9A	7.50
R9D	9.00
R9X	9.00

(10/17/07)

24-112

Existing public amenities for which floor area bonuses have been received

- (a) Elimination or reduction in size of non-bonused open area on a #zoning lot# containing a bonused amenity

In all districts, any existing open area for which a #floor area# bonus has not been utilized that occupies the same #zoning lot# as an existing #publicly accessible open area# or other public amenity, open or enclosed, for which a #floor area# bonus has been utilized, may be reduced in size or eliminated only upon certification of the Chairperson of the City Planning Commission that all bonused amenities comply with the standards under which such #floor area# bonus was granted.

- (b) Nighttime closing of existing public open areas

In all #Residence Districts#, the City Planning Commission may, upon application, authorize the closing during certain nighttime hours of an existing #publicly accessible open area# for which a #floor area# bonus has been received, pursuant to Section 37-727 (Hours of access).

(c) Elimination or reduction in size of existing public amenities

In all districts, no existing #publicly accessible open area#, #arcade# or other public amenity, open or enclosed, for which a #floor area# bonus has been utilized, shall be eliminated or reduced in size, except by special permit of the City Planning Commission, pursuant to Section 74-761 (Elimination or reduction in size of bonused public amenities).

(2/2/11)

24-12

Height and Application of Lot Coverage

R3 R4 R5 R6 R7 R8 R9 R10

In the districts indicated, the portion of a #building# containing a #community facility use# located at any height up to but not exceeding 23 feet above #curb level# or #base plane#, where applicable, may be excluded in determining the percentage of #lot coverage# set forth in Section 24-11 (Maximum Floor Area Ratio and Percentage of Lot Coverage). Obstructions permitted under the provisions of Section 24-33 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) shall not be included in #lot coverage#.

(6/29/06)

24-13

Floor Area Bonus for Deep Front and Wide Side Yards

R3 R4 R5

In the districts indicated, except R5D Districts, the maximum #floor area ratio# set forth in Section 24-11 (Maximum Floor Area Ratio and Percentage of Lot Coverage) may be increased to the #floor area ratio# set forth in the table in this Section, if #yards# are provided as follows:

- (a) on #interior lots#, a #front yard# not less than 30 feet in depth, and a #side yard# not less than 15 feet in width along any #side lot line#;
- (b) on #corner lots#, two #front yards#, each not less than 30 feet in depth;

(c) on #through lots#, a #front yard# not less than 30 feet in depth along each #front lot line#, provided, however, that if the #rear yard equivalent# required for such #through lot# is provided as set forth in the alternative in paragraph (b) of Section 24-382 (Required rear yard equivalents), at least one #side yard# not less than 30 feet in width shall be provided in addition.

No portion of a #rear yard equivalent# that is also a #front yard# or a #side yard# as provided under this Section may contain any obstructions not permitted in a #front yard# or #side yard# under the provisions of Section 24-33 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

However, the provisions of this Section shall not apply to nursing homes, health-related facilities, domiciliary care facilities for adults, sanitariums and philanthropic or non-profit institutions with sleeping accommodations.

Districts	Maximum #Floor Area Ratio# Permitted
R3	1.60
R4	2.40
R5	2.40

(10/17/07)

24-14

Floor Area Bonus for a Public Plaza

R9 R10

In the districts indicated, for each square foot of a #public plaza#, subject to the provisions of Section 37-70, provided on a #zoning lot#, the total #floor area# permitted on that #zoning lot# under the provisions of Section 24-11 (Maximum Floor Area Ratio and Percentage of Lot Coverage) may be increased by six square feet.

(10/17/07)

24-15

Floor Area Bonus for Arcades

R9 R10

In the districts indicated, for each square foot of #arcade# provided on a #zoning lot# in accordance with the provisions of Section 37-80 (ARCADES), the total #floor area# permitted on that #zoning lot# under the provisions of Section 24-11 (Maximum Floor Area Ratio and Percentage of Lot Coverage) may be increased by three square feet.

(7/26/01)

24-16

Special Provisions for Zoning Lots Containing Both Community Facility and Residential Uses

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the provisions of this Section shall apply to any #zoning lot# containing #community facility# and #residential uses#.

(7/29/09)

24-161

Maximum floor area ratio for zoning lots containing community facility and residential uses

R1 R2 R3-1 R3A R3X R4-1 R4A R4B R5D R6A R6B R7-2 R7A R7B R7D R7X R8 R9 R10

In the districts indicated, for #zoning lots# containing #community facility# and #residential uses#, the maximum #floor area ratio# permitted for a #community facility use# shall be as set forth in Section 24-11, inclusive, and the maximum #floor area ratio# permitted for a #residential use# shall be as set forth in Article II, Chapter 3, provided the total of all such #floor area ratios# does not exceed the greatest #floor area ratio# permitted for any such #use# on the #zoning lot#.

In #Inclusionary Housing designated areas#, except within Waterfront Access Plan BK-1 and in R6 Districts without a letter suffix in Community District 1, Brooklyn, the maximum #floor area ratio# permitted for #zoning lots# containing #community facility# and #residential uses# shall be the base #floor area ratio# set forth in Section 23-952 for the applicable district. Such base #floor area ratio# may be increased to the maximum #floor area ratio# set forth in such Section only through the provision of #affordable income housing# pursuant to Section 23-90 (INCLUSIONARY HOUSING).

(2/2/11)

24-162

Maximum floor area ratios and special floor area limitations for zoning lots containing residential and community facility uses in certain districts

R3-2 R4 R5 R6 R7-1

In the districts indicated, except R4A, R4B, R4-1, R5D, R6A and R6B Districts, the provisions of this Section shall apply to any #zoning lot# containing #community facility# and #residential use#.

- (a) For #buildings# containing #residential# and #community facility uses#, if the ratio of #floor area# provided in a #building# to the #lot area# of the #zoning lot# is greater than as set forth in Column A in the table in this Section, then the maximum ratio of #community facility floor area# in such #buildings# to the #lot area# of the #zoning lot# shall be as set forth in Column B in the table. The maximum #floor area ratio# for the #residential# portions of such #buildings# shall be in accordance with Article II, Chapter 3, subject to the limitations set forth in paragraph (d) of this Section.

MAXIMUM COMMUNITY FACILITY
FLOOR AREA RATIO FOR CERTAIN BUILDINGS
CONTAINING COMMUNITY FACILITY AND RESIDENTIAL USES

District	COLUMN A	COLUMN B
	Ratio of #Floor Area# of #Building# to #Lot Area#	Maximum Ratio of #Floor Area# for #Community Facility Use# to #Lot Area#
R3-2	.50	.20
R4	.75	.40
R5B	1.25	.40
R5	1.25	.60
R6	2.50	1.00
R7-1	3.50	1.00

- (b) For #buildings# containing #residential# and #community facility uses#, if the ratio of #floor area# provided in a #building# to the #lot area# of the #zoning lot# is not greater than as set forth in Column A in the table in paragraph (a), then the maximum ratio of the #community facility floor area# in such #buildings# to the #lot area# shall be as set forth in Section 24-11, inclusive. The maximum #floor area ratio# for the #residential# portion of such #buildings# shall be in accordance with Article II, Chapter 3, subject to the limitations set forth in paragraph (d) of this Section.
- (c) For #zoning lots# containing multiple #buildings#, the provisions of this paragraph, (c), shall apply to #buildings# containing only #community facility uses# or only #residential uses#. The maximum #floor area ratio# permitted for a #building# containing only #community facility uses# shall be as set forth in Section 24-11, inclusive, and the maximum #floor area ratio# permitted for a #building# containing only #residential uses# shall be as set forth in Article II, Chapter 3, subject to the limitations set forth in paragraph (d) of this Section.
- (d) The total #floor area ratio# permitted for #community facility use# on the #zoning lot# shall be as set forth in Section 24-11, inclusive, and the total #floor area ratio# permitted for #residential use# on the #zoning lot# shall be as set forth in Article II, Chapter 3, provided the total of all such #floor area

ratios# does not exceed the greatest #floor area ratio# permitted for any such #use# on the #zoning lot#.

For the purposes of this Section, a #building segment# may be considered to be a #building#.

(2/2/11)

24-163

Open space ratio for residential portion

R1 R2 R3 R4 R5 R6 R7 R8 R9

In the districts indicated, the #zoning lots# containing #residences# shall have a minimum #open space ratio# as required under the provisions of Article II, Chapter 3. For the purposes of this Section:

- (a) the #floor area# counted in determining the #open space ratio# shall be only that #floor area# in the #residential# portion of the #building#;
- (b) the #lot coverage# of the #residential# portion of the #building# shall be deemed to be that portion of the #zoning lot# which, when viewed directly from above, would be covered by the #residential# portion of the #building# at any level; and
- (c) the applicable #height factor#, if the maximum permitted #residential floor area ratio# is less than the total #floor area ratio# permitted for such #zoning lot#, shall be the #height factor# of the #residential# portion of the #building#.

(2/2/11)

24-164

Location of open space for residential portion

R1 R2 R3 R4 R5 R6 R7 R8 R9

- (a) In the districts indicated, the #open space# required for the #residential# portion of the #building# under the provisions of Article II, Chapter 3, may be at a level higher than 23 feet above #curb level#. Such #open space# may be provided at ground floor level or upon the roof of the #community facility# portion of such #building#, provided that the level of any #open space# may not be higher than two and one half feet below the sill level of any #legally required window# opening on such roof area, in

the #residential# portion of such #building#. #Open space# located on the roof of a #community facility building# separated by open area from #residential# or #mixed buildings# on the same #zoning lot# may not be at a level higher than 23 feet above #curb level#. For the purposes of this paragraph, (a), #abutting buildings# on a single #zoning lot# may be considered to be a single #building#.

R6A R6B R7A R7B R7D R7X R8A R8B R8X R9A R9D R9X R10A R10X

- (b) In the districts indicated, and in other R6, R7, R8, R9 or R10 Districts, the provisions of Section 28-30 (RECREATION SPACE AND PLANTING AREAS) shall apply to #Quality Housing buildings#.

(2/2/11)

24-165

Lot coverage for zoning lots containing community facility and residential uses

Where different maximum percentages of #lot coverage# apply to #residential# and #community facility uses#, the higher #lot coverage# shall be applied to any level containing both such #uses#. Furthermore, the maximum percent of #lot coverage# for #community facility uses# located below the level of #residential uses# need not be lower than the maximum percent of #lot coverage# permitted for such #residential uses#.

(2/2/11)

24-166

Balconies

R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the regulations set forth in Section 23-13 (Balconies) shall apply to any portion of a #building# used for living or sleeping accommodations.

(2/2/11)

24-17

Special Provisions for Zoning Lots Divided by District Boundaries or

Subject to Different Bulk Regulations

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts or is subject to #bulk# regulations resulting in different maximum #floor area ratios# or different maximum percentages of #lot coverage#, on portions of the #zoning lot#, the provisions set forth in Article VII, Chapter 7, shall apply.

(7/26/01)

24-20

APPLICABILITY OF DENSITY REGULATIONS TO ZONING LOTS CONTAINING BOTH RESIDENTIAL AND COMMUNITY FACILITY USES

In all districts, the maximum number of #dwelling units# or #rooming units# on a #zoning lot# containing both #community facility# and #residential uses# shall equal the maximum #residential floor area# permitted on such #zoning lot# determined in accordance with the provisions set forth in Section 24-16 (Special Provisions for Zoning Lots Containing Both Community Facility and Residential Uses) divided by the applicable factor in Section 23-20 (DENSITY REGULATIONS).

(12/15/61)

24-30

YARD REGULATIONS

General Provisions

(2/2/11)

24-31

Applicability of Yard Regulations

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, #yards# shall be provided as set forth in Sections 24-30 (YARD REGULATIONS) and 24-40 (SPECIAL PROVISIONS FOR ZONING LOTS DIVIDED BY DISTRICT BOUNDARIES), inclusive.

For #zoning lots# with #residential# and #community facility uses#,

#front yards# shall be provided pursuant to Article II, Chapter 3, where applicable, and #side yards# and #rear yards# shall be provided in accordance with this Chapter. Section 23-463 (Maximum aggregate width of street walls) shall apply to #zoning lots# with #residential# and #community facility uses#.

For the #residential# portion of a #building# with both #residential# and #community facility uses#, the required #residential rear yard# shall be provided at the floor level of the lowest #story# used for #dwelling units# or #rooming units#, where any window of such #dwelling units# or #rooming units# faces onto such #rear yard#.

(2/2/11)

24-32

Level of Yards and Measurement of Yard Width or Depth

In all #Residence Districts#, the level of a #yard# or of a #rear yard equivalent# shall not be higher than #curb level#, except that natural grade level need not be disturbed in order to comply with this requirement. No #building or other structure# shall be erected above ground level in any required #yard# or #rear yard equivalent#, except as otherwise provided in Section 24-33 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

In all #Residence Districts#, the width or depth of a #yard# or #rear yard equivalent# shall be measured perpendicular to #lot lines#.

(4/30/12)

24-33

Permitted Obstructions in Required Yards or Rear Yard Equivalents

In all #Residence Districts#, the following obstructions shall be permitted when located within a required #yard# or #rear yard equivalent#:

(a) In any #yard# or #rear yard equivalent#:

(1) Arbors or trellises;

(2) Awnings and other sun control devices, provided that when located at a level higher than the first #story#, excluding a #basement#, all such awnings and other sun control devices:

- (i) shall be limited to a maximum projection of 2 feet, 6 inches into such required #yard#; and
 - (ii) shall have solid surfaces that, in aggregate, cover an area no more than 30 percent of the area of the #building# wall (as viewed in elevation) from which they project;
- (3) Canopies;
- (4) Chimneys, projecting not more than three feet into, and not exceeding two percent of the area of, the required #yard# or #rear yard equivalent#;
- (5) Eaves, gutters or downspouts, projecting into such #yard# or #rear yard equivalent# not more than 16 inches or 20 percent of the width of such #yard# or #rear yard equivalent#, whichever is the lesser distance;
- (6) Exterior wall thickness, where such wall thickness is added to the exterior face of a #building# wall existing on April 30, 2012, provided the added wall thickness has a thermal resistance (R-value) of at least 1.5 per inch, and is limited to one inch of thickness for every foot of existing #yard# width, up to a maximum thickness of eight inches. When an open area is provided along a common #lot line#, then such exterior wall thickness is limited to one inch for every foot of existing open area on the #zoning lot#;

Where #buildings# that have added exterior wall thickness pursuant to this Section are #enlarged#, such #enlarged# portion may similarly encroach upon required #yards# in order to align with the exterior walls of the existing #building#, provided such #enlargement# contains less #floor area# than the existing #building#, and there is no encroachment of #floor area# into a required #yard#;

- (7) Fences;
- (8) Flagpoles;
- (9) Parking spaces for automobiles or bicycles, off-street, open, #accessory#;
- (10) Solar energy systems, on walls existing on April 30, 2012, projecting no more than 10 inches and occupying no more than 20 percent of the surface area of the #building# wall (as viewed in elevation) from which it projects;
- (11) Steps, and ramps for people with disabilities;

(12) Terraces or porches, open;

(13) Walls, not exceeding eight feet in height and not roofed or part of a #building#.

(b) In any #rear yard# or #rear yard equivalent#:

(1) Balconies, unenclosed, subject to the provisions of Section 24-165;

(2) Breezeways;

(3) Any #building# or portion of a #building# used for #community facility uses#, including #accessory# parking spaces for bicycles within such #building#, provided that the height of such #building# shall not exceed one #story#, nor in any event 23 feet above #curb level#, and further provided that the area within such #building# dedicated to #accessory# parking spaces for bicycles shall not exceed the area permitted to be excluded from #floor area#, pursuant to Section 25-85 (Floor Area Exemption). In addition, decks, parapet walls, roof thickness, skylights, vegetated roofs, and weirs, pursuant to Section 24-51 (Permitted Obstructions), shall be permitted above such an #accessory building#, or portion thereof. However, the following shall not be permitted obstructions:

(i) in all #Residence Districts#, any portion of a #building# containing rooms used for living or sleeping purposes, other than a room in a hospital used for the care or treatment of patients;

(ii) in R1, R2, R3A, R3X, R3-1, R4A, R4B or R4-1 Districts, any portion of a #building# used for any #community facility use#;

(iii) in all #Residence Districts# not listed in paragraph (b)(3)(ii) of this Section, beyond one hundred feet of a #wide street#, any portion of a #building# used for a #community facility use# other than a #school#, house of worship, college or university, or hospital and related facilities;

(4) Fire escapes;

(5) Greenhouses, #accessory#, non-commercial, limited to one #story# or 14 feet in height above natural grade level, whichever is less, and limited to an area not exceeding 25 percent of a required #rear yard# or #rear yard equivalent#

on a #zoning lot#;

- (6) Parking spaces, off-street, #accessory# to a #community facility use#, provided that the height of an #accessory building#, or portion of a #building# used for such purposes, shall not exceed 14 feet above #curb level#. However, such #accessory building# or portion of a #building# shall not be a permitted obstruction in R1, R2, R3A, R3X, R3-1, R4A, R4B or R4-1 Districts;
- (7) Recreation or drying yard equipment;
- (8) Sheds, tool rooms or other similar #accessory buildings or other structures# for domestic or agricultural storage, with a height not exceeding 10 feet above the level of the #rear yard# or #rear yard equivalent#;
- (9) Solar energy systems on the roof of a #building# permitted as an obstruction to such #yard#, up to four feet in height as measured perpendicular to the roof surface when located above a permitted #community facility use# or attached parking structure; however, limited to 18 inches in height as measured perpendicular to the roof surface when located above a shed or detached parking structure, or on any roof with a slope greater than 20 degrees;
- (10) Water-conserving devices required in connection with air conditioning or refrigeration systems in #buildings# existing prior to May 20, 1966, if located not less than eight feet from any #lot line#.

However, no portion of a #rear yard equivalent# which is also a required #front yard# or required #side yard# may contain any obstructions not permitted in such #front yard# or #side yard#.

Basic Regulations

(6/29/06)

24-34

Minimum Required Front Yards

R1 R2 R3 R4 R5

In the districts indicated, #front yards# shall be provided as set forth in the following table, except that for a #corner lot# in an R1-2 District, one #front yard# may have a depth of 15 feet.

#Front Yard# (in feet)	District
20	R1
15	R2 R3 R4
10	R5
5*	R5D

* In R5D Districts, the provisions set forth in Section 23-45 (Minimum Required Front Yards) shall apply.

(4/30/12)

24-35

Minimum Required Side Yards

R1 R2 R3 R4 R5

(a) In the districts indicated, if a #building# containing a #community facility use# has an #aggregate width of street walls# equal to 80 feet or less or, for #abutting buildings#, if the combined #aggregate width of street walls# of all such #abutting buildings# on a #zoning lot# is equal to 80 feet or less, then two #side yards# shall be provided, each with a minimum required width of eight feet. If such #building# or #buildings# have an #aggregate width of street walls# equal to more than 80 feet, two #side yards# shall be provided, each equal to not less than 10 percent of the #aggregate width of street walls#. The provisions of this paragraph, (a), shall not apply in R5D Districts. In lieu thereof, the #side yard# regulations set forth in Sections 23-461 and 23-462, as applicable, shall apply.

R6 R7 R8 R9 R10

(b) In the districts indicated, no #side yards# are required. However, if any open area extending along a #side lot line# is provided at any level, it shall be at least eight feet wide. Permitted obstructions pursuant to paragraph (a) of Section 24-33 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) shall be permitted in such open areas.

(2/2/11)

24-351

Special provisions applying along district boundaries

R6 R7 R8 R9 R10

In the districts indicated, if the boundary of an adjoining R1, R2, R3, R4 or R5 District coincides with a #side lot line# of a #zoning lot#, a #side yard# at least eight feet wide shall be provided along such boundary within the districts indicated.

Rear Yards

(4/30/08)

24-36

Minimum Required Rear Yards

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, a #rear yard# with a depth of not less than 30 feet shall be provided at every #rear lot line# on any #zoning lot# except as otherwise provided in Sections 24-37 (Special Provisions for Shallow Interior Lots), 24-38 (Special Provisions for Through Lots) or 24-39 (Other Special Provisions for Rear Yards). #Rear yards# shall also be provided along portions of #side lot lines# as set forth in Section 24-361 (Beyond one hundred feet of a street line).

(4/30/08)

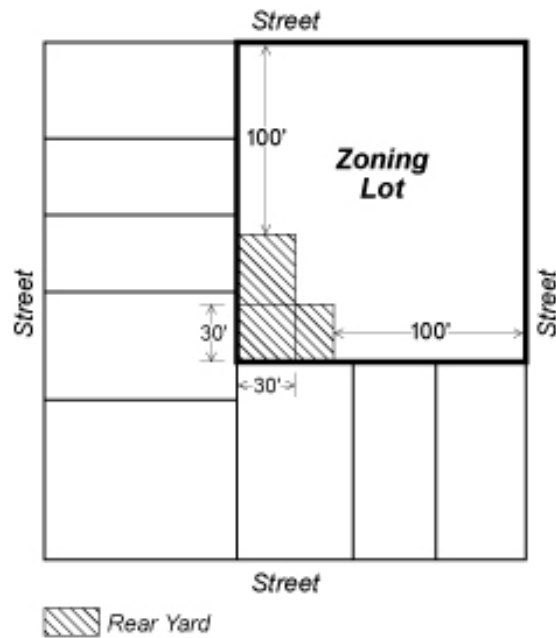

24-361

Beyond one hundred feet of a street line

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

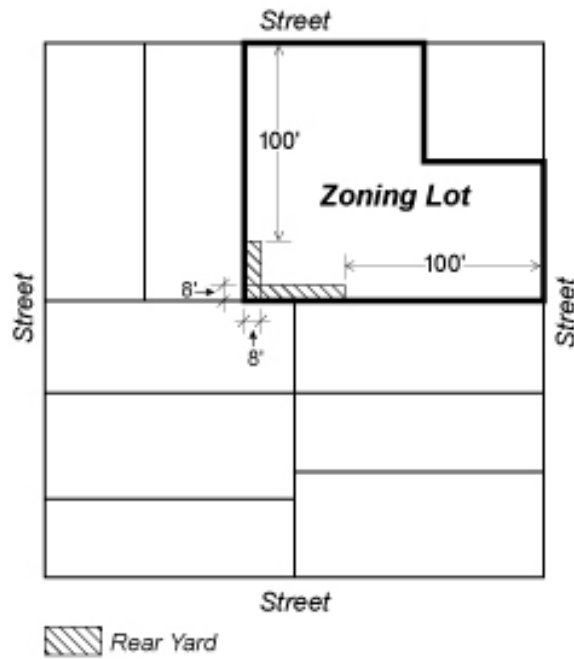

In all districts, as indicated, for #corner lots#, and for #zoning lots# that are bounded by two or more #streets# that are neither #corner lots# nor #through lots#, the portion of a #side lot line# beyond 100 feet of the #street line# that it intersects shall be considered a #rear lot line# and the following rules shall apply along such #rear lot line#:

- (a) In all districts, a #rear yard# with a minimum depth of 30 feet shall be provided where such #rear lot line# coincides with a #rear lot line# of an adjoining #zoning lot#.

CORNER LOT

- (b) In R1 through R5 Districts, a #rear yard# with a minimum depth of eight feet shall be provided where such #rear lot line# coincides with a #side lot line# of an adjoining #zoning lot#.

ZONING LOT BOUNDED BY TWO OR MORE STREETS
(NEITHER A CORNER LOT NOR A THROUGH LOT)

- (c) In R6 through R10 Districts, no #rear yard# shall be required where such #rear lot line# coincides with a #side lot line# of an adjoining #zoning lot#.

2/20/64

24-37

Special Provisions for Shallow Interior Lots

R3 R4 R5 R6 R7 R8 R9 R10

In the districts indicated, if an #interior lot# consists entirely of a tract of land:

- (a) which was owned separately and individually from all other adjoining tracts of land, both on December 15, 1961 and on the date of application for a building permit; and

(b) which is less than 70 feet deep at any point;

the depth of a required #rear yard# for such #interior lot# may be reduced by one foot for each foot by which the maximum depth of such #zoning lot# is less than 70 feet. On any #interior lot# with a maximum depth of 50 feet or less, the minimum depth of a required #rear yard# shall be ten feet.

(6/29/94)

24-38

Special Provisions for Through Lots

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the regulations of this Section shall apply to all #through lots#. In the case of a #zoning lot# occupying an entire #block#, no #rear yard# or #rear yard equivalent# shall be required.

(2/2/11)

24-381

Excepted through lots

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

(a) In all districts, as indicated, no #rear yard# regulations shall apply to any #through lots# that extend less than 110 feet in maximum depth from #street# to #street#.

R5D R6A R6B R7A R7B R7D R7X R8A R8B R8X R9A R9D R9X R10A R10X

(b) In the districts indicated, for all #buildings# and for #Quality Housing buildings# in other R6, R7, R8, R9 and R10 Districts, no #rear yard# regulations shall apply to any #zoning lot# that includes a #through lot# portion that is contiguous on one side to two #corner lot# portions, and such #zoning lot# occupies the entire #block# frontage of a #street#.

(2/2/11)

24-382

Required rear yard equivalents

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, on any #through lot# 110 feet or more in maximum depth from #street# to #street#, one of the following #rear yard equivalents# shall be provided:

- (a) an open area with a minimum depth of 60 feet midway (or within five feet of being midway) between the two #street lines# upon which such #through lot# fronts;
- (b) two open areas, each adjoining and extending along the full length of a #street line#, and each with a minimum depth of 30 feet measured from such #street line#, except the depth of such required open area along one #street line# may be decreased, provided that:
 - (1) a corresponding increase in the depth of the open area along the other #street line# is made; and
 - (2) any required front setback areas are maintained; or
- (c) an open area adjoining and extending along the full length of each #side lot line#, with a minimum width of 30 feet measured from each such #side lot line#.

However, in R5D, R6A, R6B, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9D, R9X, R10A and R10X Districts, and for #Quality Housing buildings# in other R6 through R10 Districts on any #through lot# at least 180 feet in depth from #street to street#, a #rear yard equivalent# shall be provided only as set forth in paragraph (a) of this Section.

Any such #rear yard equivalent# shall be unobstructed from its lowest level to the sky, except as provided in Section 24-33 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

(12/15/61)

24-39

Other Special Provisions for Rear Yards

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the #rear yard# requirements set forth in Section 24-36 (Minimum Required Rear Yards) shall be modified, as set forth in this Section, inclusive.

(4/30/08)

24-391

Within one hundred feet of corners

R6 R7 R8 R9 R10

In the districts indicated, no #rear yard# shall be required within 100 feet of the point of intersection of two #street lines# intersecting at an angle of 135 degrees or less.

(4/30/08)

24-392

Along short dimension of block

R6 R7 R8 R9 R10

In the districts indicated, whenever a #front lot line# of a #zoning lot# coincides with all or part of a #street line# measuring less than 220 feet in length between two intersecting #streets#, no #rear yard# shall be required within 100 feet of such #front lot line#.

(4/30/08)

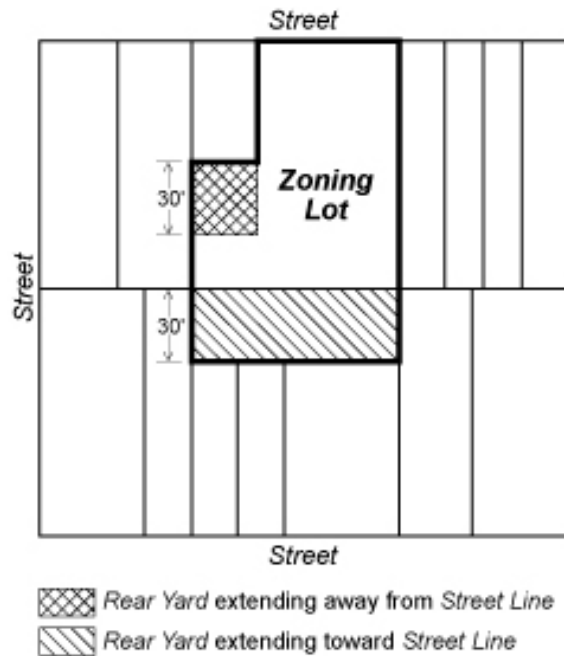

24-393

For zoning lots with multiple rear lot lines

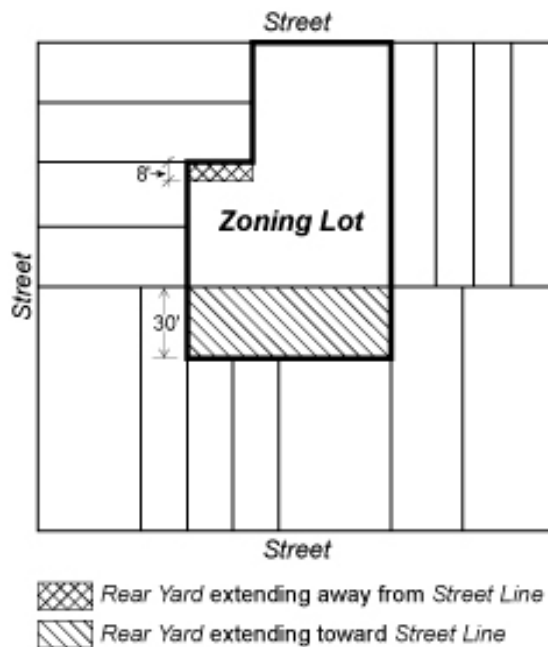

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, for #zoning lots# with multiple #rear lot lines#, if a #rear yard# extends from a #rear lot line# away from the #street line# which is used to determine such #rear lot line#, the following rules shall apply along such #rear lot line#:

- (a) In all districts, a #rear yard# with a minimum depth of 30 feet shall be provided where such #rear lot line# coincides with a #rear lot line# of an adjoining #zoning lot#.

- (b) In R1 through R5 Districts, a #rear yard# with a minimum depth of eight feet shall be provided where such #rear lot line# coincides with a #side lot line# of an adjoining #zoning lot#.

- (c) In R6 through R10 Districts, no #rear yard# shall be required where such #rear lot line# coincides with a #side lot line# of an adjoining #zoning lot#.
- (d) In all districts, for portions of #through lots# that have multiple #rear lot lines# and such portions are not subject to #interior lot# regulations, the #street line# bounding the #zoning lot# closest to such #rear lot line# shall be used to determine compliance with this Section.

All Yards

(8/14/87)

24-40

SPECIAL PROVISIONS FOR ZONING LOTS DIVIDED BY DISTRICT BOUNDARIES

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts or is subject to other regulations resulting in different #yard# regulations on portions of the #zoning lot#, the provisions set forth in Article VII, Chapter 7, shall apply.

(4/30/08)

24-41

Modifications of Rear Yard Regulations

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the regulations set forth in Section 24-393 (For zoning lots with multiple rear lot lines) may be modified in accordance with the provisions of Section 73-69 (Rear Yard Modifications).

(12/15/61)

24-50

HEIGHT AND SETBACK REGULATIONS

(4/30/12)

24-51

Permitted Obstructions

In all #Residence Districts#, the following obstructions shall be permitted and may thus penetrate a maximum height limit or #sky exposure plane# set forth in Sections 24-52 (Maximum Height of Walls and Required Setbacks), 24-53 (Alternate Front Setbacks) or 24-591 (Limited Height Districts):

- (a) Awnings and other sun control devices, provided that when located at a level higher than the first #story#, excluding a #basement#, all such awnings and other sun control devices:
 - (1) shall be limited to a maximum projection from a #building# wall of 2 feet, 6 inches, except when located on the first #story# above a setback;
 - (2) shall have solid surfaces that, in aggregate, cover an area no more than 30 percent of the area of the #building# wall (as viewed in elevation) from which they project; and
 - (3) may rise above the permitted #building# height, up to the height of a parapet wall or guardrail permitted in accordance with Section 23-62 (Permitted Obstructions);

When located on the first #story# above a setback, awnings and other sun control devices shall be limited to a projection of 50 percent of the depth of the required setback, and shall be

limited, in total, to 50 percent of the width of the #building# wall from which they project;

- (b) Balconies, unenclosed, subject to the provisions of Section 24-165;
- (c) #Building# columns, having an aggregate width equal to not more than 20 percent of the #aggregate width of street walls# of a #building#, to a depth not exceeding 12 inches, in an #initial setback distance#, optional front open area, or any other required setback distance or open area set forth in Sections 24-52, 24-53 or 24-54 (Tower Regulations);
- (d) Chimneys or flues, with a total width not exceeding 10 percent of the #aggregate width of street walls# of a #building# at any level;
- (e) Decks, and other surfaces for recreational activities, not more than 3 feet, 6 inches in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher;
- (f) Elevator or stair bulkheads (including shafts; and vestibules not larger than 60 square feet in area providing access to a roof), roof water tanks and #accessory# mechanical equipment (including enclosures), other than solar or wind energy systems, provided that:
 - (1) such obstructions shall be located not less than 10 feet from the #street wall# of a #building#, except that such obstructions need not be set back more than 25 feet from a #narrow street line# or more than 20 feet from a #wide street line#. However, such restrictions on location shall not apply to elevator or stair bulkheads (including shafts or vestibules), provided the #aggregate width of street walls# of such bulkheads within 10 feet of a #street wall#, facing each #street# frontage, times their average height, in feet, does not exceed an area equal to four feet times the width, in feet, of the #street wall# of the #building# facing such frontage;
 - (2) all mechanical equipment shall be screened on all sides;
 - (3) such obstructions and screening are contained within a volume that complies with one of the following:
 - (i) the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, shall not exceed an area equal to eight feet times the width, in feet,

of the #street wall# of the #building# facing such frontage; or

- (ii) the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and where the maximum permitted height of a #building# is less than 120 feet, such obstructions are limited to a maximum height of 25 feet, and where the maximum permitted height of a #building# is 120 feet or greater, such obstructions are limited to a maximum height of 40 feet.

For the purposes of this paragraph, (f), #abutting buildings# on a single #zoning lot# may be considered to be a single #building#;

- (g) Exterior wall thickness, up to eight inches, where such wall thickness is added to the exterior face of a #building# wall existing on April 30, 2012, provided the added wall thickness has a thermal resistance (R-value) of at least 1.5 per inch. Where #buildings# that have added exterior wall thickness pursuant to this Section are #enlarged#, such #enlarged# portion may similarly penetrate a maximum height limit in order to align with the exterior walls of the existing #building#, provided such #enlargement# contains less #floor area# than the existing #building#, and there is no penetration of #floor area# above a maximum height limit;
- (h) Flagpoles or aerials;
- (i) House of worship towers, ornamental, having no #floor area# in portion of tower penetrating such height limit or #sky exposure plane#;
- (j) Parapet walls, not more than four feet in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. A guardrail with a surface at least 70 percent open or with an opacity of not more than 30 percent (as viewed in elevation), shall be permitted above a parapet wall or within two feet of a parapet wall, provided such guardrail is not more than four feet above the accessible level of a roof. Such restriction on guardrail height shall not apply when located beyond two feet from a parapet wall;
- (k) Roof thickness, up to eight inches, to accommodate the addition of insulation, for #buildings# or portions of #buildings# constructed prior to April 30, 2012. For a #building# that has added roof thickness pursuant to this paragraph, (k), an #enlargement# may align with the finished roof surface of such #building#, provided the #enlarged# portion does not exceed the

maximum height limit by more than eight inches;

- (l) Rooftop greenhouses, permitted pursuant to Section 75-01 (Certification for Rooftop Greenhouses);
- (m) Skylights, clerestories or other daylighting devices, not more than four feet in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. Such devices shall be limited to a #lot coverage# not greater than 10 percent of the #lot coverage# of the roof and be located at least eight feet from the #street wall# edge. However, such devices shall not be permitted obstructions above a roof with a slope greater than 20 degrees;
- (n) Solar energy systems:
 - (1) on the roof of a #building#, up to four feet in height, as measured from the maximum height limit, or the finished level of the roof, whichever is higher;
 - (2) on the roof of a #building#, greater than four feet in height, as measured from the maximum height limit, or the finished level of the roof, whichever is higher, provided that all such portions above four feet are set back at least six feet from a #street wall#, limited to a #lot coverage# not greater than 25 percent of the #lot coverage# of the roof and do not exceed:
 - (i) in R1 through R5 Districts, a height of six feet;
 - (ii) in R6 through R10 Districts, a height of 15 feet; and
 - (iii) when located on a bulkhead or other obstruction pursuant to paragraph (f) of this Section, a height of six feet;
 - (3) on walls existing on April 30, 2012, projecting no more than 10 inches and occupying no more than 20 percent of the surface area of the #building# wall (as viewed in elevation) from which it projects;

However, any installation on a roof with a slope greater than 20 degrees shall be limited to 18 inches in height, as measured perpendicular to the roof surface;

- (o) Spires or belfries;
- (p) Vegetated roofs, not more than 3 feet, 6 inches in height, excluding vegetation, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30,

2012, whichever is higher. On roofs with slopes greater than 20 degrees, vegetated roofs shall be limited to a height of 12 inches measured perpendicular to such roof surface;

- (q) Weirs, check dams and other equipment for stormwater management, not more than 3 feet, 6 inches in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher;
- (r) Wind energy systems on portions of #buildings# with a height of 100 feet or greater, provided:
 - (1) the highest point of the wind turbine assembly does not exceed 55 feet;
 - (2) no portion of the wind turbine assembly is closer than 10 feet to any #lot line#; and
 - (3) the diameter of the swept area of the rotor does not exceed 15 feet;
- (s) Window washing equipment mounted on a roof;
- (t) Wire, chain link or other transparent fences.

Basic Regulations

(6/29/94)

24-52

Maximum Height of Walls and Required Setbacks

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the maximum height of a front wall or of any other portion of a #building or other structure# shall be as set forth in this Section, except as otherwise provided in Section 24-51 (Permitted Obstructions), 24-53 (Alternate Front Setbacks), 24-54 (Tower Regulations) or 23-692 (Height limitations for narrow buildings or enlargements).

(6/29/06)

24-521

Front setbacks in districts where front yards are required

R1 R2 R3 R4 R5

In the districts indicated, where #front yards# are required, the front wall or any other portion of a #building or other structure# shall not penetrate the #sky exposure plane# set forth in the following table:

MAXIMUM HEIGHT OF FRONT WALL AND
REQUIRED FRONT SETBACKS

Height above #Front Yard Line# (in feet)	#Sky Exposure Plane#				District
	Slope over #Zoning Lot# (expressed as a ratio of vertical distance to horizontal distance)				
	On #Narrow Street#		On #Wide Street#		
	Vertical Distance	Horizontal Distance	Vertical Distance	Horizontal Distance	
25	1 to 1		1 to 1		R1 R2 R3
35	1 to 1		1 to 1		R4 R5

R1, R2, R3, R4, R5 Districts

(2/2/11)

24-522

Front setbacks in districts where front yards are not required

R6 R7 R8 R9 R10

- (a) In the districts indicated, except for #Quality Housing buildings# and except as set forth in paragraph (b) of this Section, if the front wall or other portion of a #building or other structure# is located at the #street line# or within the #initial setback distance# set forth in the table in this Section, the height of such front wall or other portion of a #building or other structure# shall not exceed the maximum height above #curb level# set forth in the table. Above such specified maximum height and beyond the #initial setback distance#, the #building or other structure# shall not penetrate the #sky exposure plane# set forth in the table:

MAXIMUM HEIGHT OF FRONT WALL
AND REQUIRED FRONT SETBACKS

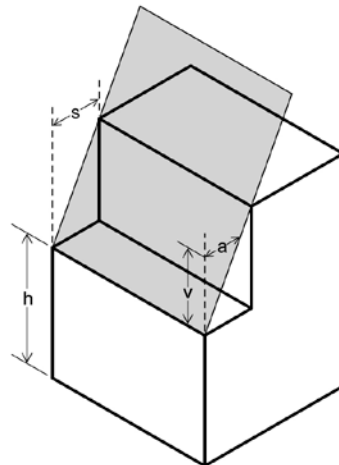

#Initial Setback Distance# (in feet)		Maximum Height of a Front Wall or other portion of a Building or other structure# within the #Initial Setback Distance#	Height above #Street Line# (in feet)	#Sky Exposure Plane# Slope over #Zoning Lot# (expressed as a ratio of vertical distance to horizontal distance)

R6, R7, R8, R9, R10 Districts

R6A R6B R7A R7B R7D R7X R8A R8B R8X R9A R9D R9X R10A R10X

- (b) In the districts indicated, for all #buildings or other structures#, the provisions of this Section, Section 24-53 (Alternate Front Setbacks) and Section 24-54 (Tower Regulations) shall not apply. In lieu thereof, the provisions of Section 23-633 (Street wall location and height and setback regulations in certain districts) shall apply.

(11/13/12)

24-523

Special height and setback regulations

R5D R8 R10

- (a) Community District 7, Manhattan

Within the boundaries of Community District 7 in the Borough of Manhattan, all #buildings or other structures# located in R10 Districts, except R10A or R10X Districts, shall comply with the requirements of Section 23-634 (Special height and setback regulations in R10 Districts within Community District 7, Borough of Manhattan).

- (b) Community District 9, Manhattan

Within the boundaries of Community District 9 in the Borough of Manhattan, all #buildings# located in R8 Districts north of West 125th Street shall be #developed# or #enlarged# pursuant to the #residential bulk# regulations of the Quality Housing Program.

- (c) R5D Districts

In R5D Districts, all #buildings or other structures# shall comply with the height and setback requirements set forth in Section 23-60 (HEIGHT AND SETBACK REGULATIONS).

(2/2/11)

24-53

Alternate Front Setbacks

R6 R7 R8 R9 R10

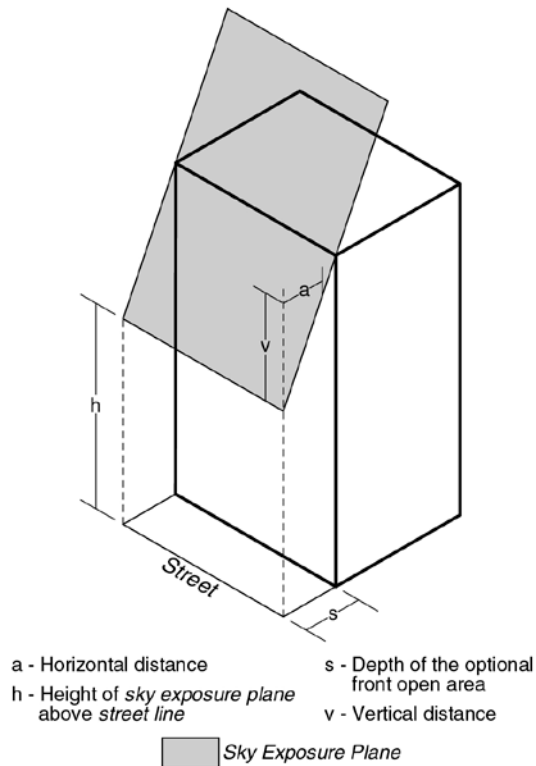

- (a) In the districts indicated, except for #Quality Housing buildings# and except as set forth in paragraph (b) of this Section, if an open area is provided along the full length of the #front lot line# with the minimum depth set forth in the following table, the provisions of Section 24-52 (Maximum Height of Walls and Required Setbacks) shall not apply. The minimum depth of such an open area shall be measured perpendicular to the #front lot line#. However, in such instances, except as otherwise provided in Sections 24-51 (Permitted Obstructions) or 24-54 (Tower Regulations), no #building or other structure# shall penetrate the alternate #sky exposure plane# set forth in the table, and the #sky exposure plane# shall be measured from a point above the #street line#.

If the open area provided under the terms of this Section is a #public plaza#, such open area may be counted for the bonus provided for a #public plaza# in the districts indicated in Section 24-14 (Floor Area Bonus for a Public Plaza).

In R9 or R10 Districts, the provisions of this Section shall be inapplicable to any #development# or #enlargement# with more than 25 percent of the total #floor area# of the #building# in #residential use#.

- (b) In the districts indicated, for all #buildings or other structures#, the provisions of this Section shall not apply.

(2/2/11)

24-54
Tower Regulations

R7-2 R8 R9 R10

- (a) In the districts indicated, except for #Quality Housing buildings#, and except as set forth in paragraph (b) of this Section, any portion or portions of #buildings# which in the aggregate occupy not more than 40 percent of the #lot area# of a #zoning lot# or, for #zoning lots# of less than 20,000 square feet, the percentage set forth in the table in this Section, may

penetrate an established #sky exposure plane# in accordance with the provisions of this Section. (Such portion of a #building# that penetrates a #sky exposure plane# is hereinafter referred to as a tower.)

LOT COVERAGE OF TOWERS
ON SMALL ZONING LOTS

Area of #Zoning Lot# (in square feet)	Maximum Percent of #Lot Coverage#
10,500 or less	50
10,501 to 11,500	49
11,501 to 12,500	48
12,501 to 13,500	47
13,501 to 14,500	46
14,501 to 15,500	45
15,501 to 16,500	44
16,501 to 17,500	43
17,501 to 18,500	42
18,501 to 19,999	41

#Buildings developed# or #enlarged# with towers shall comply with either tower-on-a-base regulations or standard tower regulations as follows:

(1) Applicability of tower-on-a-base regulations

The tower-on-a-base regulations of Section 23-651 shall apply in R9 and R10 Districts to any such #building# that:

- (i) is located on a #zoning lot# that fronts upon a #wide street# and is either within 125 feet from such #wide street# frontage along the short dimension of the #block# or within 100 feet from such #wide street# frontage along the long dimension of the #block#; and
- (ii) contains more than 25 percent of its total #floor area# in #residential use#.

If a portion of such #building# is #developed# or #enlarged# as a #tower# the entire #zoning lot# shall comply with the provisions of Section 23-651.

(2) Applicability of standard tower regulations

- (i) In R7-2 and R8 Districts, the standard tower regulations of Section 23-652 shall apply only to #buildings developed# or #enlarged# as towers, where such towers are comprised, at every level, of only #community facility uses#.
- (ii) In R9 and R10 Districts, the standard tower regulations of Section 23-652 shall apply to any #building developed# or #enlarged# as a tower that does not meet the location and #floor area# criteria of paragraph (a)(1) of this Section.

(b) Inapplicability of tower regulations

R7-2 R8 R9 R10

- (1) In the districts indicated, the provisions of this Section shall not apply to any #development# or #enlargement# located wholly or partly in a #Residence District# that is within 100 feet of a #public park# with an area of one acre or more, or a #street line# opposite such a #public park#.

R8A R8B R8X R9A R9D R9X R10A R10X

- (2) In the districts indicated, for all #buildings or other structures#, the provisions of this Section shall not apply.

(4/30/12)

24-55

Required Side and Rear Setbacks

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, side and rear setbacks shall be provided as specified in this Section. Unenclosed balconies, subject to the provisions of Section 24-166 (Balconies); and awnings and other sun control devices, decks, exterior wall thickness, parapet walls, roof thickness, solar energy systems up to four feet high, vegetated roofs, and weirs, as set forth in Section 24-51 (Permitted Obstructions), are permitted to project into or over any open areas required by the provisions of this Section.

(2/2/11)

24-551

Required side setbacks for tall buildings in low bulk districts

R1 R2 R3 R4 R5

In the districts indicated, except R5D Districts, no #community facility# portion of any #building# that is more than 35 feet or more than three #stories# above the level of a #side yard#, whichever is lower, shall be nearer to a #side lot line# bounding such #yard# than a distance equal to one-half the height above yard level of such portion of the #building#.

The following are permitted to project into any open area required under the provisions of this Section:

- (a) parapet walls, not more than four feet high; and
- (b) chimneys or flues, with a total width not exceeding 10 percent of the width of the #building's# walls facing such open area.

SIDE SETBACK REQUIREMENT

(2/2/11)

24-552

Required rear setbacks for tall buildings

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

- (a) In all districts, as indicated, except as provided in paragraph (b) of this Section, no portion of a #building# more than 125 feet above yard level shall be nearer to a #rear yard line# than 20 feet. However, this provision shall not apply to any portion of a #building# that qualifies as a tower under the provisions of Section 24-54.

In the case of a #through lot# on which a #rear yard equivalent# is provided as set forth in paragraph (a) of Section 24-382, the requirements of this Section shall apply as if such #rear yard equivalent# were two adjoining #rear yards#. If a #rear yard equivalent# is provided as set forth in paragraphs (b) or (c) of Section 24-382, the requirements of this Section shall not apply.

h - Height of wall above *rear yard*
r - Depth of required *rear yard*
s - Depth of required *rear yard* setback

REAR SETBACK FOR TALL BUILDINGS

R6A R6B R7A R7B R7D R7X R8A R8B R8X R9A R9D R9X R10A R10X

- (b) In the districts indicated, for all #buildings# and for #Quality Housing buildings# in other R6 through R10 Districts, no portion of a #building# that exceeds the maximum base height specified in the table in Section 23-633 shall be nearer to a #rear yard line# than 10 feet.

In the case of a #through lot# on which a #rear yard equivalent# is provided as set forth in paragraph (a) of Section 24-382, the requirements of this Section shall apply as if such #rear yard equivalent# were two adjoining #rear yards#. If a #rear yard equivalent# is provided as set forth in paragraph (b) of Section 24-382, the requirements of this Section shall not apply.

Regulations Applying in Special Situations

(12/15/61)

24-56

Special Provisions for Zoning Lots Directly Adjoining Public Parks

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, a #public park# with an area of between one and fifteen acres shall be considered a #wide street# for the purpose of applying the regulations set forth in Section 24-52 (Maximum Height of Front Wall and Required Front Setbacks) to any #building or other structure# on a #zoning lot# adjoining such #public park#. However, the provisions of this Section shall not apply to a #public park# more than 75 percent of which is paved.

7/23/08

24-57

Modifications of Height and Setback Regulations

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, for certain #community facility uses# in specified situations, the Board of Standards and Appeals may modify the regulations set forth in Sections 24-51 to 24-55, inclusive, relating to Height and Setback Regulations, in accordance with the provisions of Section 73-64 (Modifications for Community Facility Uses).

In Community District 6 in the Borough of Brooklyn, the following #streets# shall be considered #narrow streets# for the purposes of

applying height and setback regulations: Second, Carroll and President Streets, between Smith and Hoyt Streets; First Place, Second Place, Third Place and Fourth Place.

(8/14/87)

24-58

Special Provisions for Zoning Lots Divided by District Boundaries

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts, or is subject to other regulations resulting in different height and setback regulations, or whenever a #zoning lot# is divided by a boundary between a district to which the provisions of Section 24-54 (Tower Regulations) apply and a district to which such provisions do not apply, the provisions set forth in Article VII, Chapter 7, shall apply.

(6/29/94)

24-59

Special Height Limitations

(6/29/94)

24-591

Limited Height Districts

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, wherever such districts are located within a #Limited Height District#, the maximum height of a #building or other structure#, or portion thereof, shall be as shown in the following table:

#Limited Height District#	Maximum Height above #Curb Level# or #Base Plane#, as Applicable
LH-1	50 feet
LH-1A	60 feet
LH-2	70 feet

LH-3

100 feet

(2/2/11)

24-592

Height limitations for narrow buildings or enlargements

R7-2 R7D R7X R8 R9 R10

In the districts indicated, the provisions of Section 23-692 (Height limitations for narrow buildings or enlargements) shall apply to portions of #buildings# with #street walls# less than 45 feet in width.

(2/2/11)

24-593

Special provisions applying along district boundaries

R6 R7 R8 R9 R10

In the districts indicated, the requirements for R6B Districts in Section 23-633 (Street wall location and height and setback regulations in certain districts) shall apply to any portion of a #building# located within 25 feet of the boundary of an R1, R2, R3, R4, R5 or R6B District, if the #building# that contains such portion is:

- (a) within an R6A, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9D, R9X, R10A or R10X District; or
- (b) within an R6, R7, R8, R9 or R10 District, without a letter suffix, and any portion of the #zoning lot# is #developed# or #enlarged# pursuant to the Quality Housing Program.

(12/15/61)

24-60

COURT REGULATIONS AND MINIMUM DISTANCE BETWEEN WINDOWS AND WALLS OR LOT LINES

(2/2/11)

24-61

General Provisions and Applicability

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the provisions set forth in Sections 24-62 to 24-66, inclusive, relating to Court Regulations and Minimum Distance between Windows and Walls or Lot Lines, shall apply only to #community facility buildings# or portions of #buildings# used for #community facility use# containing living accommodations with required windows. For the purposes of these Sections, a required window shall be deemed to be a window or part of a window that:

- (a) opens into any room used for living or sleeping purposes, other than a room in a hospital used for the care or treatment of patients; and
- (b) is required to provide adequate light or ventilation to such room by any applicable law or statute.

The provisions of Sections 24-62 to 24-66, inclusive, and 24-68 shall apply only to portions of #buildings# at or above the sill level of the lowest required window. For the purposes of these Sections, #abutting buildings# on a single #zoning lot# shall be considered a single #building#.

11/7/68

24-62

Minimum Dimensions of Courts

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the minimum distance between different walls of the same #building# shall conform to the regulations set forth in the following Sections:

Section 24-63 (Outer Court Regulations)

Section 24-64 (Inner Court Regulations)

Section 24-65 (Minimum Distance between Required Windows and Walls or Lot Lines).

A corner of a #court# may be cut off between walls of the same

#building#, provided that the length of the wall of such cut-off does not exceed seven feet.

The Commissioner of Buildings may approve minor recesses, projections and architectural treatment of the outline of #courts# as long as these variations do not substantially change the depth or width of the #court#.

(12/15/61)

24-63
Outer Court Regulations

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, #outer courts# shall be in compliance with the provisions of this Section.

(6/29/94)

24-631
Narrow outer courts

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, if an #outer court# is less than 20 feet wide, the width of such #outer court# shall be at least one and one-third the depth of such #outer court#.

(12/15/61)

24-632
Wide outer courts

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, if an #outer court# is 20 feet or more in width, the width of such #outer court# must be at least equal to the depth of such #outer court#, except that such width need not exceed 40 feet.

(12/15/61)

24-633

Outer court recesses

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the width of an #outer court recess# shall be at least twice the depth of the recess, except that such width need not exceed 40 feet.

(12/15/61)

24-64

Inner Court Regulations

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, #inner courts# shall be in compliance with the provisions of this Section.

(12/15/61)

24-641

Minimum dimensions of inner courts

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the area of an #inner court# shall not be less than 600 square feet, and the minimum dimension of such #inner court# shall not be less than 20 feet. For the purposes of this Section, that portion of an open area not part of an #inner court# and over which, when viewed from directly above, lines perpendicular to a #lot line# may be drawn into such #inner court#, shall be considered part of such #inner court#.

(12/15/61)

24-642

Inner court recesses

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the width of an #inner court recess#:

- (a) if 20 feet or less, shall be at least twice the depth of the recess; or
- (b) if more than 20 feet but less than 40 feet, shall be at least equal to the depth of the recess; and
- (c) need not be greater than 40 feet, whatever the depth of the recess.

(4/30/12)

24-65

Minimum Distance between Required Windows and Walls or Lot Lines

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the minimum distance between required windows and walls or #lot lines# shall be as set forth in this Section, except that this Section shall not apply to required windows in #buildings# of three #stories# or less. For #buildings# existing on April 30, 2012, the minimum distances set forth in this Section, and any #non-complying# distance greater than eight feet, may be reduced by up to eight inches of exterior wall thickness from each #building# wall, provided the added wall thickness has a thermal resistance (R-value) of at least 1.5 per inch. A #non-complying# distance of eight feet or less shall be limited to a total reduction of one inch of wall thickness for each foot of such existing distance between buildings.

(12/15/61)

24-651

General provisions

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except as otherwise provided in Section 24-652 (Minimum distance between required windows and certain walls), the minimum distance between any required windows and:

- (a) any wall;
- (b) a #rear lot line#, or vertical projection thereof; or
- (c) a #side lot line#, or vertical projection thereof;

shall be 20 feet, measured in a horizontal plane at the sill level of, and perpendicular to, such window; provided, however, that a required window may open on any #outer court# meeting the requirements of Section 24-63 (Outer Court Regulations).

(12/15/61)

24-652

Minimum distance between required windows and certain walls

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the minimum horizontal distance between a required window opening on an #inner court# and any wall opposite such window on the same #zoning lot# or between a required window and any wall of any other #building# opposite such window on the same #zoning lot#, shall not be less than 20 feet, nor shall any such wall be nearer to such window than a distance equal to one-third the total height of such wall above the sill level of such window. Such minimum distance need not exceed 40 feet.

Such minimum distance shall be measured in a horizontal plane at the sill level of, and perpendicular to, the required window for the full width of the rough window opening between such window and a projection of such wall onto such horizontal plane.

For the purposes of this Section, at any level at which two portions of a single #building# are not connected one to the other, such portions shall be deemed to be two separate #buildings# and shall be subject to the provisions of this Section.

(12/15/61)

24-66

Modifications of Court Regulations or Distance Requirements

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, for certain #community facility uses# in specified situations, the Board of Standards and Appeals may modify the regulations set forth in Sections 24-61 to 24-65, inclusive, relating to Court Regulations and Minimum Distance between Windows and Walls or Lot Lines, in accordance with the provisions of Section 73-64 (Modifications for Community Facility Uses).

(6/29/94)

24-67

Special Provisions for Buildings Used Partly for Residential Uses

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, whenever a #building# is used partly for #community facility use# and partly for #residential use#, the provisions of this Section and Section 23-70 (MINIMUM DISTANCE REQUIRED BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT) shall apply to any portion of such #building# used for #residential uses#.

(2/2/11)

24-671

Courts

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, at any level at which a #residential# portion of a #building# fronts upon a #court#, the provisions set forth in Section 23-83 (Building Walls Regulated by Other than Minimum Spacing Requirements), shall apply to such #court#.

(12/15/61)

24-672

Walls opposite legally required windows

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, #legally required windows# in portions of #buildings# used for #residential use# shall be subject to the provisions set forth in Section 23-86 (Minimum Distance between Legally Required Windows and Walls or Lot Lines). The provisions of Section 23-863 (Minimum distance between legally required windows and any wall in an inner court) shall also apply to a #legally required window# opposite a wall of any other #building# on the same #zoning lot#.

For the purposes of this Section, at any level at which two portions of a single #building# are not connected one to the other, such portions shall be deemed to be two separate #buildings# and shall be subject to the provisions of Section 23-863.

(4/30/12)

24-68

Permitted Obstructions in Courts

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the following shall not be considered obstructions when located within a #court#:

- (a) Arbors or trellises;
- (b) Awnings and other sun control devices. However, when located at a level higher than the first #story#, excluding a #basement#, all such devices:
 - (1) shall be limited to a maximum projection from a #building# wall of 2 feet, 6 inches; and
 - (2) shall have solid surfaces that, in aggregate, cover an area no more than 30 percent of the area of the #building# wall (as viewed in elevation) from which they project;
- (c) Eaves, gutters, downspouts, window sills or similar projections, extending into such #court# not more than four inches;
- (d) Exterior wall thickness, where such wall thickness is added to the exterior face of a #building# wall existing on April 30, 2012, provided the added wall thickness has a thermal resistance (R-value) of at least 1.5 per inch, and is limited to one inch of thickness for every foot of existing #court# width, up to a maximum thickness of eight inches;

Where #buildings# that have added exterior wall thickness pursuant to this Section are #enlarged#, such #enlarged# portion may similarly encroach upon required #courts# in order to align with the exterior walls of the existing #building#, provided such #enlargement# contains less #floor area# than the existing #building#, and there is no encroachment of #floor area# into a required #court#;
- (e) Fences;
- (f) Fire escapes in #inner courts#, where such fire escapes are required as a result of alterations in #buildings# existing before December 15, 1961;

Fire escapes in #outer courts#;

Fire escapes in #outer court recesses#, not more than five feet in depth;

Fire escapes in #outer court recesses#, more than five feet in depth, where such fire escapes are required as a result of alterations in #buildings# existing before December 15, 1961;

(g) Flagpoles;

(h) Recreational or yard drying equipment;

(i) Solar energy systems on walls existing on April 30, 2012, projecting no more than 10 inches and occupying no more than 20 percent of the surface area of the #building# wall (as viewed in elevation) from which it projects;

(j) Terraces, open, porches or steps.

In addition, for #courts# at a level higher than the first #story#, decks, skylights, parapet walls, roof thickness, solar energy systems up to four feet high, vegetated roofs, and weirs, as set forth in Section 24-51 (Permitted Obstructions), shall be permitted.

Chapter 5

Accessory Off-Street Parking and Loading Regulations

Off-street Parking Regulations

(12/15/61)

25-00

GENERAL PURPOSES AND DEFINITIONS

(4/22/09)

25-01

General Purposes

The following regulations on permitted and required accessory off-street parking spaces and accessory bicycle parking spaces are adopted in order to provide needed space off the streets for parking in connection with new residences, to reduce traffic congestion resulting from the use of streets as places for storage of automobiles, to protect the residential character of neighborhoods, to provide for a higher standard of residential development within the City, and thus to promote and protect public health, safety and general welfare.

(4/22/09)

25-02

Applicability

Except as otherwise provided in this Section, the regulations of this Chapter on permitted or required #accessory# off-street parking spaces and #accessory# bicycle parking spaces apply to #residences#, #community facility uses# or #commercial uses#, as set forth in the provisions of the various Sections.

(6/27/63)

25-021

Applicability of regulations to non-profit hospital staff dwellings

Except as modified in Sections 25-16 (Maximum Spaces for Other than Single-Family Detached Residences) and 25-212 (Parking requirements applicable to non-profit hospital staff dwellings), the district regulations of this Chapter applicable to #residences# shall apply to #non-profit hospital staff dwellings#, and the district regulations of this Chapter applicable to #community facility uses# shall not apply to such #use#.

(2/2/11)

25-022

Applicability of regulations to zoning lots in predominantly built-up areas

Off-street parking in #predominantly built-up areas# shall be provided as set forth in Section 25-23.

(5/8/13)

25-023

Applicability of regulations in the Manhattan Core and Long Island City area

Special regulations governing #accessory# off-street parking and loading in the #Manhattan Core# are set forth in Article I, Chapter 3, and special regulations governing #accessory# off-street parking in the #Long Island City area#, as defined in Section 16-02 (Definitions), are set forth in Article I, Chapter 6.

(2/2/11)

25-025

Applicability of regulations to Quality Housing

On any #zoning lot# containing #residences# in R6A, R6B, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9X, R10A or R10X Districts or their #commercial# equivalents, and on any #zoning lot# in other districts containing a #Quality Housing building#, all

#accessory# off-street parking spaces shall comply with the provisions of Section 28-50 (PARKING FOR QUALITY HOUSING).

(10/25/93)

25-026

Applicability of regulations in the waterfront area

Special regulations applying in the #waterfront area# are set forth in Article VI, Chapter 2.

R7-3 Districts shall be governed by the #accessory# off-street parking regulations of an R7-2 District; R9-1 Districts shall be governed by such regulations for an R9 District.

(8/14/08)

25-027

Applicability of regulations in Community District 14, Queens

In Community District 14 in the Borough of Queens, R6 and R7 Districts shall be subject to the #accessory# off-street parking regulations of an R5 District, except that such requirement shall not apply to any #development# located within an urban renewal area established prior to August 14, 2008.

For the purposes of this Section, the #floor area# of a #building# shall not include floor space used for #accessory# off-street parking spaces provided on any #story# located below 33 feet above the #base plane#.

(1/18/10)

25-028

Applicability of regulations to certain community facility uses in lower density growth management areas

- (a) In #lower density growth management areas# other than R6 and R7 Districts in Community District 10, Borough of the Bronx, all #zoning lots# containing #buildings# with the following #uses# shall be subject to the provisions of paragraph (b) of this Section:
 - (1) ambulatory diagnostic or treatment health care facilities, as listed in Section 22-14 (Use Group 4), except where such #zoning lot# contains #buildings#

used for hospitals or nursing homes as defined in the New York State Hospital Code; or

- (2) child care services as listed under the definition of #school# in Section 12-10 (DEFINITIONS), except where such #zoning lot# contains #buildings# used for houses of worship or, for #zoning lots# that do not contain #buildings# used for houses of worship, where the amount of #floor area# used for child care services is equal to 25 percent or less of the amount of #floor area# permitted for #community facility use# on the #zoning lot#.
- (b) All #zoning lots# that meet the conditions of paragraph (a) of this Section shall comply with the provisions of Section 25-624 (Special parking regulations for certain community facility uses in lower density growth management areas) in lieu of the following provisions:
- (1) the parking location provisions of Sections 25-622 (Location of parking spaces in lower density growth management areas) and 25-623 (Location of parking spaces for community facility uses);
 - (2) the driveway and curb cut provisions of Sections 25-632 (Driveway and curb cut regulations in lower density growth management areas) and 25-634 (Curb cut regulations for community facilities);
 - (3) the open space provisions of Section 25-64 (Restrictions on Use of Open Space for parking); and
 - (4) the screening provisions of Section 25-66 (Screening).

In addition, where the #uses# listed in paragraphs (a)(1) and (a)(2) of this Section result from a change of #use#, the provisions of Section 25-31 (General Provisions) shall be modified to require #accessory# off-street parking spaces for such #uses#. However, the requirements of Sections 25-31 and 25-624 may be modified for #zoning lots# containing #buildings# with such changes of #use# where the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that such modifications are necessary due to the location of existing #buildings# on the #zoning lot#, and such requirements have been complied with to the maximum extent feasible.

25-029

Applicability of regulations in flood zones

Special regulations applying in the #flood zone# are set forth in Article VI, Chapter 4.

(12/15/61)

25-10

PERMITTED ACCESSORY OFF-STREET PARKING SPACES

(12/9/66)

25-11

General Provisions

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, #accessory# off-street parking spaces may be provided for #residences#, for permitted #community facility uses#, for #commercial uses# permitted as #accessory uses# in #large-scale residential developments#, or for #uses# permitted by special permit, subject to the provisions set forth in the following Sections:

Section 25-12 (Maximum Size of Accessory Group Parking Facilities)

Section 25-15 (Maximum Spaces for Single-Family Detached Residences)

Section 25-16 (Maximum Spaces for Other than Single-Family Detached Residences)

Section 25-18 (Maximum Spaces for Permitted Community Facility or Commercial Uses).

Such #accessory# off-street parking spaces may be open or enclosed. However, except as otherwise provided in Sections 73-49 (Roof Parking) or 74-53 (Accessory Group Parking Facilities for Uses in Large-Scale Residential Developments), no spaces shall be located on any roof which is immediately above a #story# other than a #basement#.

(12/15/61)

25-12

Maximum Size of Accessory Group Parking Facilities

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, no #group parking facility accessory# to #residences# shall contain more than 200 off-street parking spaces, and no such facility #accessory# to permitted #community facility# or #commercial uses# shall contain more than 150 off-street parking spaces, except as provided in Section 25-13 (Modification of Maximum Size of Accessory Group Parking Facilities).

(12/15/61)

25-13

Modification of Maximum Size of Accessory Group Parking Facilities

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, a #group parking facility# may contain additional spaces not to exceed 50 percent of the maximum number otherwise permitted under the provisions of Section 25-12 (Maximum Size of Accessory Group Parking Facilities), if the Commissioner of Buildings determines that:

- (a) access for such facility is located so as to draw a minimum of vehicular traffic to and through #streets# having predominantly #residential# frontages;
- (b) such facility has separate vehicular entrances and exits thereto, located not less than 25 feet apart;
- (c) such facility, if #accessory# to a permitted #community facility# or #commercial use# is located on a #street# not less than 60 feet in width; and
- (d) such facility, if #accessory# to a permitted #commercial use#, has adequate reservoir space at the entrance to accommodate a minimum of 10 automobiles.

The Commissioner of Buildings shall establish appropriate additional regulations with respect to the design of such facility to minimize adverse effects on the character of the surrounding area, such as requirements for shielding of

floodlights.

(12/15/61)

25-14

Exceptions to Maximum Size of Accessory Group Parking Facilities

(4/27/63)

25-141

For hospitals

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the Board of Standards and Appeals may permit #group parking facilities accessory# to hospitals, with more than 150 spaces, in accordance with the provisions of Section 73-48 (Exceptions to Maximum Size of Accessory Group Parking Facilities).

(5/21/75)

25-142

For accessory uses in large-scale residential developments

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the City Planning Commission may permit #group parking facilities accessory# to #uses# in #large-scale residential developments# with more than the prescribed maximum of Section 25-12 (Maximum Size of Accessory Group Parking Facilities), in accordance with the provisions of Section 74-53 (Accessory Group Parking Facilities for Uses in Large-Scale Residential Development or Large-Scale Community Facility Developments).

(12/15/61)

25-15

Maximum Spaces for Single-Family Detached Residences

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, not more than three off-street parking spaces shall be provided for a #single-family detached residence#, except on #zoning lots# with a #lot area# of 10,000 square feet or more. For the purposes of this Section, a driveway shall not be considered as off-street parking space.

(2/2/11)

25-16

Maximum Spaces for Other than Single-Family Detached Residences

R3 R4 R5 R6 R7 R8 R9 R10

In the districts indicated, the provisions of this Section shall apply to all #dwelling units# or #rooming units# in #buildings# containing #residences# other than #Quality Housing buildings# and #single-family detached residences#, except as provided in Section 25-17 (Modification of Maximum Spaces for Other than Single-Family Detached Residences).

The provisions of this Section applicable to #residences# in the districts set forth in the following table shall apply as set forth in the table to #non-profit hospital staff dwellings#:

APPLICABILITY OF PROVISIONS TO NON-PROFIT HOSPITAL STAFF DWELLINGS

District whose Regulations are Applicable to #Non- profit Hospital Staff Dwellings#	District in which #Non- profit Hospital Staff Dwelling# is Located
R5	R1 R2 or R3
R6	R4 or R5
R10	R6 R7 R8 R9 or R10

(12/15/61)

25-161

In R3, R4 or R5 Districts

R3 R4 R5

In the districts indicated, not more than two off-street parking spaces shall be provided for each #dwelling unit#, and not more than one off-street parking space shall be provided for each #rooming unit#.

(12/15/61)

25-162

In R6 or R7 Districts

R6 R7

In the districts indicated, on a #zoning lot# used for #residences#, not more than one off-street parking space shall be provided for every 300 square feet of #lot area#.

(12/15/61)

25-163

In R8, R9 or R10 Districts

R8 R9 R10

In the districts indicated, on a #zoning lot# used for #residences#, not more than one off-street parking space shall be provided for every 225 square feet of #lot area#.

(2/2/11)

25-17

Modification of Maximum Spaces for Other than Single-Family Detached Residences

R3 R4 R5 R6 R7 R8 R9 R10

In the districts indicated, a greater number of off-street parking spaces than permitted under the provisions of Section 25-16 (Maximum Spaces for Other than Single-Family Detached Residences) may be provided if the Commissioner of Buildings determines that:

- (a) such additional spaces are needed for the occupants of #residences# to which such spaces are #accessory#, in order

to prevent excessive on-street parking; and

- (b) such spaces are designed in such a way as to minimize traffic on #streets# with predominantly #residential# frontages.

The Commissioner of Buildings shall establish appropriate additional regulations with respect to the design of the parking areas to minimize adverse effects on the character of surrounding areas.

(12/15/61)

25-18

Maximum Spaces for Permitted Community Facility or Commercial Uses

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, on a #zoning lot# used for permitted #community facility# or #commercial uses#, not more than one off-street parking space shall be provided for every 400 square feet of #lot area#, except as provided in Section 25-19 (Modification of Maximum Spaces for Permitted Community Facility or Commercial Uses).

(12/15/61)

25-19

Modification of Maximum Spaces for Permitted Community Facility or Commercial Uses

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, a greater number of off-street parking spaces than permitted under the provisions of Section 25-18 (Maximum Spaces for Permitted Community Facility or Commercial Uses) may be provided if the Commissioner of Buildings determines that:

- (a) such additional spaces are needed for the occupants, visitors, customers, or employees of the #use# or #uses# to which such spaces are #accessory#; and
- (b) such spaces are designed in such a way as to minimize traffic on #streets# with predominantly #residential#

frontages.

The Commissioner of Buildings shall establish appropriate additional regulations with respect to the design of the parking area, to minimize adverse effects on the character of surrounding areas.

(12/15/61)

25-20

REQUIRED ACCESSORY OFF-STREET PARKING SPACES FOR RESIDENCES

(4/14/10)

25-21

General Provisions

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, #accessory# off-street parking spaces, open or enclosed, shall be provided for all #dwelling units# or #rooming units# created after December 15, 1961, in accordance with the provisions of the following Sections and the other applicable provisions of this Chapter, as a condition precedent to the #use# of such #dwelling unit# or #rooming unit#:

Section 25-22 (Requirements Where Individual Parking Facilities Are Provided)

Section 25-23 (Requirements Where Group Parking Facilities Are Provided)

Section 25-24 (Modification of Requirements for Small Zoning Lots)

Section 25-25 (Modification of Requirements for Public Housing or Housing for Elderly)

Section 25-28 (Special Provisions for Zoning Lots Divided by District Boundaries)

For #dwelling units# or #rooming units# constructed pursuant to the zoning regulations in effect after July 20, 1950, and prior to December 15, 1961, off-street parking spaces #accessory# to such #dwelling units# or #rooming units# cannot be removed if such spaces were required by such zoning regulations, unless such

spaces would not be required pursuant to the applicable zoning regulations currently in effect.

For the purposes of these Sections, three #rooming units# shall be considered the equivalent of one #dwelling unit#.

For the purposes of calculating the number of required parking spaces for any #building# containing #residences#, any fraction of a space 50 percent or greater shall be counted as an additional space.

In the event that the number of #accessory# off-street parking spaces required under the provisions of these Sections exceeds the maximum number of spaces permitted under the provisions of Section 25-16 (Maximum Spaces for Other than Single-Family Detached Residences), the Commissioner of Buildings shall reduce the required number of spaces to the maximum number permitted.

(2/2/11)

25-211

Application of requirements to conversions and certain enlargements

R3 R4

- (a) In the districts indicated, except for #zoning lots# in R4 Districts utilizing the special optional regulations of a #predominately built-up area#, wherever additional #dwelling units# are created by #conversions# or #enlargements# of #residential buildings#, there shall be one off-street parking space provided on the #zoning lot# for each such additional #dwelling unit#. Such off-street parking spaces shall be in addition to any existing off-street parking spaces on the #zoning lot# and shall not be located in any common easement driveways or within a #front yard#. The provisions of Section 25-27 (Waiver of Requirements for All Zoning Lots Where Access Would be Forbidden) shall not apply to such #zoning lots#. Furthermore, such additional #dwelling units# shall be permitted only if the #zoning lot# complies with the provisions of Section 25-64 (Restrictions on Use of Open Space for Parking).

R4 R5

- (b) In R5 Districts, and for #zoning lots# in R4 Districts utilizing the special optional regulations of a #predominately built-up area#, the requirements of Section

25-21 (General Provisions) shall not apply to additional #dwelling units# created by #conversions# of #residential buildings# on #zoning lots# with less than 5,000 square feet of #lot area#, provided such #buildings# were constructed prior to April 14, 2010, and not subsequently #enlarged#.

R1 R2 R3 R4 R5 R6 R7-1 R7A R7B R7D R7X

- (c) In the districts indicated, the requirements of Section 25-21 (General Provisions) shall not apply to #dwelling units# or #rooming units# created by the change of non-#residential uses# to #residential uses# on #zoning lots# with less than 5,000 square feet of #lot area#.

R7-2 R8 R9 R10

- (d) In the districts indicated, no #accessory# off-street parking is required for the creation of additional #dwelling units# or #rooming units# within existing #buildings#.

(6/27/63)

25-212

Parking requirements applicable to non-profit hospital staff dwellings

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the provisions of Sections 25-21 to 25-28, inclusive, relating to Required Accessory Off-Street Parking Spaces for Residences, shall apply as set forth in this Section to #non-profit hospital staff dwellings#. The district regulations of Sections 25-21 to 25-28, inclusive, applicable to #non-profit hospital staff dwellings# are determined in accordance with the following table and are the same as the regulations applicable to #residences# in the districts indicated in the table.

District Whose Regulations are Applicable	District
R5	R1 R2 R3
R6	R4 R5
R10	R6 R7 R8 R9 R10

(2/2/11)

25-22

Requirements Where Individual Parking Facilities Are Provided

R1 R2 R3 R4 R5 R6 R7-1

- (a) In the districts indicated, except in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, where #group parking facilities# are not provided, one #accessory# off-street parking space, open or enclosed, shall be provided for each #dwelling unit#, except that in the case of #two#- or three-#family residences# in a #predominantly built-up area#, two #accessory# parking spaces per #building# shall be provided.

R1 R2 R3 R4A R4-1

- (b) In the districts indicated within #lower density growth management areas#, 1.5 #accessory# off-street parking spaces shall be provided for each #dwelling unit#. However, in such districts in the Borough of Staten Island, two #accessory# off-street parking spaces shall be provided for each #single-family residence#, three #accessory# off-street parking spaces shall be provided for each #two-family residence#, and for all other #residences#, #accessory# off-street parking spaces shall be provided for at least 150 percent of the total number of #dwelling units# within such #residences#.

(2/2/11)

25-23

Requirements Where Group Parking Facilities Are Provided

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, where #group parking facilities# are provided, for all new #residences#, #accessory# off-street parking spaces shall be provided for at least that percentage of the total number of #residences# set forth in the following table. Such spaces shall be kept available to the residents of the #building#, in accordance with the provisions of Section 25-41 (Purpose of Spaces and Rental to Non-Residents).

PARKING SPACES REQUIRED WHERE

GROUP PARKING FACILITIES ARE PROVIDED

Percent of Total #Residences#	District									
100*	R1	R2	R3	R4A	R4-1					
100				R4	R4B	R5A				
85									R5	
70**									R6	
66						R5B	R5D			
60**									R7-1	
50**			R6A	R6B	R7-2	R7A	R7B	R7D	R7X	R8B***
40									R8	R9 R10

* In R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, 1.5 #accessory# off-street parking spaces shall be provided for each #dwelling unit#. However, in such districts in the Borough of Staten Island, two #accessory# off-street parking spaces shall be provided for each #single-family residence#, three #accessory# off-street parking spaces shall be provided for each #two-family residence#, and for all other #residences#, #accessory# off-street parking spaces shall be provided for at least 150 percent of the total number of #dwelling units# within such #residences#

** In R6 or R7 Districts for #residences# created pursuant to the Quality Housing Program, #accessory# off-street parking spaces shall be provided for at least 50 percent of the total number of such #residences#

*** In the borough of Brooklyn, R8B Districts are subject to the parking requirements applicable in R8 Districts

In a #predominantly built-up area# where #group parking facilities# are provided, #accessory# parking spaces shall be provided for at least that percentage of the total number of #dwelling units# set forth in the following table:

Percent of Total #Residences#	District	
66	R4	R5

(12/15/61)

25-24

Modification of Requirements for Small Zoning Lots

R6 R7 R8 R9 R10

In the districts indicated, for small #zoning lots#, the requirements set forth in Section 25-23 (Requirements Where Group Parking Facilities Are Provided) shall be modified in accordance with the provisions of this Section.

(3/25/10)

25-241

Reduced requirements

R6 R7 R8 R9 R10

In the districts indicated, for #zoning lots# of 10,000 or 15,000 square feet or less, the number of required #accessory# off-street parking spaces is as set forth in the following table:

REDUCED REQUIREMENTS FOR SMALL ZONING LOTS

#Lot Area#	Parking Spaces Required as a Percent of Total #Dwelling Units#		District
10,000 square feet or less	50	R6 R7-1* R7B	
	30	R7-1 R7A R7D R7X	
10,001 to 15,000 square feet	30	R7-2	
	20	R8** R9 R10	

* Within #lower density growth management areas# in Community District 10, Borough of the Bronx

** In R8B Districts, the parking requirements may not be reduced.

(8/14/87)

25-242

Waiver of requirements for small zoning lots in high bulk districts

R7-2 R8 R9 R10

In the districts indicated, the requirements set forth in Section 25-23 (Requirements where Group Parking Facilities Are Provided) shall be waived for #zoning lots# of 10,000 square feet or less, except in R8B Districts.

(6/30/89)

25-243

Waivers of requirements for narrow zoning lots in certain districts

R3A R4-1

In the districts indicated, the requirements set forth in Section 25-22 (Requirements Where Individual Parking Facilities Are Provided) shall be waived for a #single-family residence# on an #interior zoning lot# that has a width along a #street# less than 25 feet.

(2/2/11)

25-25

Modification of Requirements for Public, Publicly-Assisted and Government Assisted Housing or for Non-profit Residences for the Elderly

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, #accessory# off-street parking spaces shall be provided for at least that percentage of the total number of #dwelling units# in each category as set forth in the following table, for:

- (a) all #dwelling units# in publicly-assisted housing developments approved by the City Planning Commission which limit maximum tenant income and receive cash and/or interest

subsidies under Federal mortgage programs;

- (b) all #dwelling units# in publicly-assisted housing developments approved by the City Planning Commission which limit maximum tenant income and receive rent subsidy contracts under Federal rent subsidy programs, other than such developments owned by or constructed for the New York City Housing Authority which have received "plan" and "project" approval prior to June 30, 1975; and #non-profit residences for the elderly# or #dwelling units# for the elderly;
- (c) all #dwelling units# in low rent public housing developments owned by or constructed for the New York City Housing Authority or other public authority and receiving cash subsidies, or #dwelling units# in new housing developments approved by the City Planning Commission that are reserved for low-income tenants for a period of not less than 40 years at rentals equivalent to rentals in low rent public housing developments receiving cash subsidies;
- (d) #non-profit residences for the elderly# or #dwelling units# in a publicly-assisted or public housing development that are reserved for elderly tenants for a period of not less than 40 years and that comply with the appropriate space requirements for related #accessory# social and welfare facilities set forth in the definition of a #non-profit residence for the elderly# in Section 12-10 (DEFINITIONS); and
- (e) all government assisted #dwelling units# or #rooming units# in developments which receive New York City or New York State assistance to reduce total development cost by \$10,000 or 10 percent, whichever is less, and limit maximum tenant income to the income limits established by the United States Department of Housing and Urban Development for New York City mortgagors assisted under Section 235 of the National Housing Act, as amended.

PARKING SPACES REQUIRED FOR PUBLIC, PUBLICLY-ASSISTED AND
GOVERNMENT ASSISTED HOUSING DEVELOPMENTS OR
NON-PROFIT RESIDENCES FOR THE ELDERLY

Publicly Assisted Housing	Federal Rent Subsidy Programs	Public Housing Developments or #Dwelling Units# for Low Income Tenants	#Non-profit Residences for the Elderly# or #Dwelling Units# for the Elderly		Gov't Assisted Housing	District

80	65	50.0	***	80	R1 R2
80	65	50.0	35.0	80	R3 R4
70	56	42.5	31.5	70	R5
55	45	35.0	22.5	55	R5D R6**
39	32	25.0	16.0	35	R6A R6B R7B
45	38	30.0	20.0	45	R7-1**

30	21	12.0	10.0	25	R8 R8A R8X R9 R10

* In the Borough of Brooklyn, R8B Districts are subject to the parking requirements applicable in R8 Districts

** For assisted housing projects in R6 or R7-1 Districts which are #Quality Housing buildings#, the applicable district parking requirements shall be as follows:

District	Applicable District Parking Requirement
R6	R6A
R7-1	R7A

*** A #non-profit residence for the elderly# is not a permitted #use# in R1 or R2 Districts. See Section 22-12 (Use Group 2)

(3/25/10)

25-26

Waiver of Requirements for Small Number of Spaces

R4B R5B R5D R6 R7 R8 R9 R10

In the districts indicated, the requirements set forth in Section 25-21 (General Provisions) shall be waived if the required number of #accessory# off-street parking spaces resulting from the application of such requirements is no greater than the maximum number as set forth in this Section, except that the requirements

shall not be waived for #non-profit residences for the elderly#.

However, the following provisions shall apply:

- (a) in R5D Districts, the provisions of this Section, inclusive, shall only apply to #zoning lots# existing both on June 29, 2006, and on the date of application for a building permit; and
- (b) in R6 and R7 Districts in #lower density growth management areas# in Community District 10 in the Borough of the Bronx, the provisions of this Section, inclusive, shall only apply to #zoning lots# existing both on March 25, 2003, and on the date of application for a building permit.

(4/14/10)

25-261

For developments or enlargements

R4B R5B R5D R6 R7 R8 R9 R10

For #developments# in R4B and R5B Districts, and for #developments# and #dwelling units# within #enlarged# portions of #buildings# in R5D, R6, R7, R8 R9 and R10 Districts, the maximum number of #accessory# off-street parking spaces for which requirements are waived is set forth in the following table:

Maximum number of spaces waived	District
1	R4B R5B R5D
5	R6 R7-1 R7B
15	R7-2 R7A R7D R7X R8 R9 R10

(2/2/11)

25-262

For conversions

R6 R7-1 R7A R7B R7D R7X

In the districts indicated, for the creation of additional #dwelling units# or #rooming units# within existing #buildings#,

the maximum number of #accessory# off-street parking spaces for which requirements are waived is 20 spaces. However, the Board of Standards and Appeals may waive requirements for a greater number of spaces in accordance with the provisions of Section 73-46 (Waiver of Requirements for Conversions).

(4/14/10)

25-27

Waiver of Requirements for All Zoning Lots Where Access Would Be Forbidden

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the requirements set forth in Section 25-21 (General Provisions) shall not apply to any #building# or #zoning lot# where there is no way to arrange the required spaces with access to the #street# to conform to the provisions of Section 25-63 (Location of Access to the Street).

(8/14/87)

25-28

Special Provisions for Zoning Lots Divided by District Boundaries

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts or is subject to other regulations having different requirements for #accessory# off-street parking spaces, the provisions set forth in Article VII, Chapter 7, shall apply.

(12/15/61)

25-30

REQUIRED ACCESSORY OFF-STREET PARKING SPACES FOR PERMITTED NON-RESIDENTIAL USES

(2/2/11)

25-31

General Provisions

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, #accessory# off-street parking spaces, open or enclosed, shall be provided in conformity with the requirements set forth in the table at the end of this Section for all #development# after December 15, 1961, for the #uses# listed in the table. In addition, all other applicable requirements of this Chapter shall apply as a condition precedent to the #use# of such #development#.

After December 15, 1961, if an #enlargement# results in a net increase in the #floor area# or other applicable unit of measurement specified in the table in this Section, the same requirements set forth in the table shall apply to such net increase in the #floor area# or other specified unit of measurement.

A parking space is required for a portion of a unit of measurement one-half or more of the amount set forth in the table.

For the purposes of this Section, a tract of land on which a group of such #uses# is #developed# under single ownership or control shall be considered a single #zoning lot#.

For those #uses# for which rated capacity is specified as the unit of measurement, the Commissioner of Buildings shall determine the rated capacity as the number of persons which may be accommodated by such #uses#.

The requirements of this Section shall be waived in the following situations:

- (a) when, as the result of the application of such requirements, a smaller number of spaces would be required than is specified by the provisions of Section 25-33 (Waiver of Requirements for Spaces below Minimum Number);
- (b) when the Commissioner of Buildings has certified, in accordance with the provisions of Section 25-34 (Waiver of Requirements for All Zoning Lots Where Access Would Be Forbidden) that there is no way to arrange the spaces with access to the #street# to conform to the provisions of Section 25-63 (Location of Access to the Street);
- (c) for houses of worship, in accordance with the provisions of Section 25-35 (Waiver for Locally-Oriented Houses of

Worship).

In the event that the number of #accessory# off-street parking spaces required under the provisions of this Section exceeds the maximum number of spaces permitted under the provisions of Section 25-18 (Maximum Spaces for Permitted Community Facility or Commercial Uses), the Commissioner of Buildings shall reduce the required number of spaces to the maximum number permitted.

REQUIRED OFF-STREET PARKING SPACES FOR NON-RESIDENTIAL USES

Type of #use#

Parking Spaces Required in Relation
to Specified Unit of Measurement - District

FOR COMMUNITY FACILITY USES:

Agricultural #uses#, including greenhouses, nurseries or truck gardens

Square feet of #lot area# used for selling purposes:

None required - R7-2 R7A R7D R7X R8 R9 R10

1 per 1,000 sq ft - R1 R2 R3 R4 R5

1 per 2,500 sq ft - R6 R7-1 R7B

Ambulatory diagnostic or treatment health care facilities listed in Use Group 4

Square feet of #floor area# and #cellar# space, except #cellar# space #used# for storage. In #lower density growth management areas#, all #cellar# space, including storage space, shall be used to determine parking requirements:

None required - R7-2 R7A R7D R7X R8 R9 R10

1 per 400 - R3

1 per 500 - R4 R5

1 per 800 - R6 R7-1 R7B

Clubs, community centers or settlement houses; philanthropic or non-profit institutions without sleeping accommodations excluding ambulatory diagnostic or treatment health care facilities listed in Use Group 4; golf course club houses; non-commercial recreation centers; or welfare centers, provided that in R5, R6 and R7-1 Districts, no #accessory# off-street parking spaces shall be required for that portion of a non-profit neighborhood settlement house or community center which is used for youth-

oriented activities.

Rated Capacity:

None required - R7-2 R7A R7D R7X R8 R9 R10

1 per 10 persons - R1 R2 R3 R4 R5

1 per 20 persons - R6 R7-1 R7B

College student dormitories, fraternity or sorority student houses

None required - R7-2 R7A R7D R7X R8 R9 R10

1 per 6 beds - R1 R2 R3 R4 R5

1 per 12 beds - R6 R7-1 R7B

Colleges, universities, or seminaries

(a) Classrooms, laboratories, student centers or offices

Square feet of #floor area#:

None required - R7-2 R7A R7D R7X R8 R9 R10

1 per 1,000 - R1 R2 R3 R4 R5

1 per 2,000 - R6 R7-1 R7B

(b) Theaters, auditoriums, gymnasiums or stadiums

Rated capacity:

None required - R7-2 R7A R7D R7X R8 R9 R10

1 per 8 persons - R1 R2 R3 R4 R5

1 per 16 persons - R6 R7-1 R7B

Hospitals and related facilities*

1 per 5 beds - R1 R2 R3 R4 R5

1 per 8 beds - R6 R7-1 R7B

1 per 10 beds - R7-2 R7A R7D R7X R8 R9 R10

Houses of worship, applicable only to the facility's largest room of assembly; however, rooms separated by movable partitions shall be considered a single room

None required - R6 R7 R8 R9 R10

1 per 10 persons rated capacity - R1 R2 R3

1 per 15 persons rated capacity - R4 R5

Libraries, museums or non-commercial art galleries**

Square feet of #floor area#:

None required - R7-2 R7A R7D R7X R8 R9 R10

1 per 1,000 - R1 R2 R3 R4 R5

1 per 2,000 - R6 R7-1 R7B

Outdoor skating rinks

Square feet of #lot area#:

None required - R7-2 R7A R7D R7X R8 R9 R10

1 per 800 sq ft - R1 R2 R3 R4 R5

1 per 2,000 sq ft - R6 R7-1 R7B

Outdoor tennis courts

Number of Courts:

None required - R7-2 R7A R7D R7X R8 R9 R10

1 per 2 courts - R1 R2 R3 R4 R5

1 per 5 courts - R6 R7-1 R7B

Philanthropic or non-profit institutions with sleeping accommodations; all types of nursing homes, health related facilities, domiciliary care facilities or sanitariums

None required - R7-2 R7A R7D R7X R8 R9 R10

1 per 10 beds - R1 R2 R3 R4 R5

1 per 20 beds - R6 R7-1 R7B

#Schools#

Square feet of #floor area#:

None required - R3 R4 R5 R6 R7 R8 R9 R10

1 per 1,500 - R1 R2

For child care services in #lower density growth management areas#:

1 per 1,000 - R1 R2 R3 R4 R5

FOR ACCESSORY COMMERCIAL USES IN LARGE-SCALE RESIDENTIAL DEVELOPMENTS:

Food stores with 2,000 or more square feet of #floor area# per establishment - #uses# in parking requirement category A in Use Group 6A.

Square feet of #floor area#:
None required - R7-2 R8 R9 R10
1 per 100 - R1 R2 R3
1 per 200 - R4 R5
1 per 300 - R6 R7-1

General retail #uses# - food stores with less than 2,000 square feet of #floor area# or #uses# in parking requirement category B in Use Group 6A.

Square feet of #floor area#:
None required - R7-2 R8 R9 R10
1 per 150 - R1 R2 R3
1 per 300 - R4 R5
1 per 400 - R6 R7-1

Post offices

Square feet of #floor area#:
None required - R7-2 R7A R7D R7X R8 R9 R10
1 per 800 - R1 R2 R3
1 per 1,200 - R4 R5
1 per 1,500 - R6 R7-1 R7B

FOR USES PERMITTED BY SPECIAL PERMIT:

Camps, overnight or day, with a minimum of either 10,000 square feet of #lot area# or 10 employees

1 per 2,000 square feet of #lot area# or 1 per 3 employees, whichever will require a lesser number of spaces - R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Docks for ferries

Parking requirement, as provided in Section 62-43 - R3 R4 R5 R6 R7 R8 R9 R10

Fire or police stations

Square feet of #floor area#:
None required - R7-2 R7A R7D R7X R8 R9 R10
1 per 500 - R1 R2 R3 R4 R5
1 per 800 - R6 R7-1 R7B

Riding academies or stables

Square feet of #floor area#:

None required - R7-2 R7A R7D R7X R8 R9 R10

1 per 500 - R1 R2 R3 R4 R5

1 per 800 - R6 R7-1 R7B

* Requirements in the table are in addition to the area used for ambulance parking

** Requirements in the table apply only to the #floor area# not used for storage

(12/15/61)

25-32

Special Provisions for a Single Zoning Lot with Uses Subject to Different Parking Requirements

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, where any #building# or #zoning lot# contains two or more #uses# having different parking requirements as set forth in the following Sections, the parking requirements for each type of #use# shall apply to the extent of that #use#.

Section 25-21 (General Provisions)

Section 25-31 (General Provisions)

(10/29/07)

25-33

Waiver of Requirements for Spaces below Minimum Number

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except for the #uses# listed in Section 25-331 (Exceptions to application of waiver provisions), the parking requirements set forth in Sections 25-31 (General Provisions) or 25-32 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Parking Requirements) shall not apply to permitted non-#residential uses# if the total number of

#accessory# off-street parking spaces required for all such #uses# on the #zoning lot# is less than the number of spaces set forth in the following table:

Number of Spaces	Districts				
10	R1	R2	R3	R4	R5
25		R6	R7-1	R7B	
40	R7-2	R7A	R7D	R7X	R8 R9 R10

(1/18/11)

25-331

Exceptions to application of waiver provisions

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the waiver provisions of Section 25-33 (Waiver of Requirements for Spaces below Minimum Number) shall not apply to the following types of #uses#:

Agricultural #uses#, including greenhouses, nurseries or truck gardens;

Ambulatory diagnostic or treatment health care facilities in R3, R4A and R4-1 Districts in #lower density growth management areas#. However, the waiver provisions shall apply where such #use# is located in such areas on the same #zoning lot# as a hospital or nursing home as defined in the New York State Hospital Code, and shall apply where such #use# is located in such areas on any #zoning lot# in an R6 or R7 District in Community District 10, Borough of the Bronx;

Outdoor tennis courts;

Camps, overnight or day;

#Schools# in R1 and R2 Districts, child care services in R1, R2, R3, R4A and R4-1 Districts in #lower density growth management areas#. However, the waiver provisions shall apply where child care services are located in such districts on the same #zoning lot# as a house of worship, and shall apply where child care services located in such districts on #zoning lots# that do not contain houses of worship, where the amount of #floor area# used for child

care services is equal to 25 percent or less of the amount of #floor area# permitted for #community facility use# on the #zoning lot#.

(12/15/61)

25-34

Waiver of Requirements for All Zoning Lots Where Access Would Be Forbidden

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the requirements set forth in Sections 25-31 (General Provisions) and 25-32 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Parking Requirements) shall not apply to any #building# or #zoning lot# as to which the Commissioner of Buildings has certified that there is no way to arrange the required spaces with access to the #street# to conform to the provisions of Section 25-63 (Location of Access to the Street). The Commissioner of Buildings may refer such matter to the Department of Traffic for a report and may base the determination on such report.

(9/9/04)

25-35

Waiver for Locally Oriented Houses of Worship

R1 R2 R3 R4 R5

In the districts indicated, the requirements set forth in Sections 25-31 (General Provisions) and 25-32 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Parking Requirements) shall not apply to a house of worship, provided the Chairperson of the City Planning Commission certifies that:

- (a) seventy-five percent or more of the congregants of such house of worship reside within a three-quarter mile radius of the house of worship;
- (b) the number of spaces required pursuant to this Section is less than the number of spaces listed in the table in Section 25-33 (Waiver of Requirements for Spaces below Minimum Number); and
- (c) such house of worship shall not include, as an #accessory

use#, the leasing, licensing or any other grant of permission to utilize a room or other space in such house of worship for the operation of a business engaged in serving food or beverages for functions, occasions or events.

For the purposes of determining the number of spaces required pursuant to this Section, the product of the actual percentage of congregants living within a three-quarter mile radius of the house of worship, computed for the purposes of paragraph (a) of this Section, multiplied by the persons-rated capacity of the largest room of assembly, shall be subtracted from the persons-rated capacity of the largest room of assembly.

The provisions of paragraph (c) of this Section are not intended to restrict the lease, license or other permission to use a room or other space in a house of worship, when given by the house of worship to a person, in order to hold a function, occasion or event, where such person hires or retains a business engaged in serving food or beverages for purposes of such function, occasion or event, and provided that such business is not located on the same #zoning lot# as the house of worship, makes its services available to non-congregants, and does not operate its business substantially for the benefit or convenience of congregants or visitors to the house of worship.

A certification pursuant to this Section shall be granted on condition that the Certificate of Occupancy for such house of worship be marked or amended to provide that #accessory uses# shall not include the utilization of a room or other space in such house of worship for the operation of a business engaged in serving food or beverages for functions, occasions or events.

The Chairperson may impose additional conditions and safeguards to ensure compliance with the provisions of this Section, in the form of a signed declaration of restrictions. The filing of any such declaration in the Borough Office of the Register of the City of New York shall be a precondition for the issuance of a building permit.

Within 45 days of receipt of a complete application, including documentation of the residence of congregants in a form acceptable to the Department of City Planning, the Chairperson shall either certify that the proposed #development# or #enlargement# complies with the requirements of this Section or disapprove such application, citing the nature of any failure to comply.

(9/9/04)

25-36

Special Provisions for Zoning Lots Divided by District Boundaries

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts having different requirements for #accessory# off-street parking spaces, the provisions set forth in Article VII, Chapter 7, shall apply.

(12/15/61)

25-40

RESTRICTIONS ON OPERATION OF ACCESSORY OFF-STREET PARKING SPACES

(12/15/61)

25-41

Purpose of Spaces and Rental to Non-Residents

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, all permitted or required off-street parking spaces, open or enclosed, which are #accessory# to #residences# shall comply with the provisions of this Section.

(12/15/61)

25-411

In R1 or R2 Districts

R1 R2

In the districts indicated, such spaces shall be designed and operated exclusively for the long-term storage of the private passenger motor vehicles used by the occupants of such #residences#.

(9/29/10)

25-412**In all other Residence Districts**

R3 R4 R5 R6 R7 R8 R9 R10

In the districts indicated, such spaces shall be designed and operated primarily for the long-term storage of the private passenger motor vehicles used by the occupants of such #residences#.

However, such spaces may be:

- (a) rented for periods of not less than one week and not more than one month to persons who are not occupants of the #residences# to which such spaces are #accessory# for the accommodation of the private passenger motor vehicles used by such non-residents, provided that such spaces are operated in accordance with the regulations promulgated by the Commissioner of Buildings, in a manner which will not adversely affect the residential character of the neighborhood; or
- (b) occupied by #car sharing vehicles#, provided that:
 - (1) in R3-2 and R4 Districts, except R4A, R4B and R4-1 Districts, the number of spaces occupied by #car sharing vehicles# shall not exceed 10 percent of all spaces in a #group parking facility# that contains 20 or more spaces; and
 - (2) in R5, R6, R7, R8, R9 and R10 Districts, except R5A Districts, the number of spaces occupied by #car sharing vehicles# shall not exceed five spaces or 20 percent of all #accessory# off-street parking spaces, whichever is greater.

Such spaces provided pursuant to paragraphs (a) and (b) of this Section shall be made available to the occupants of the #residences# to which they are #accessory# within 30 days after written request is made to the landlord.

(9/29/10)

25-42**Use of Spaces Accessory to Permitted Non-Residential Uses**

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, all permitted or required off-street parking spaces, open or enclosed, which are #accessory# to permitted non-#residential uses# shall be used only by occupants, visitors, customers or employees of such #uses# and shall not be rented except as may be provided for houses of worship pursuant to Section 25-542 (Shared parking facilities for houses of worship). However, #car sharing vehicles# may occupy such spaces only pursuant to the provisions of paragraphs (a) and (b) of this Section.

R1 R2 R3 R4 R5A

- (a) In the districts indicated, #car sharing vehicles# may occupy parking spaces #accessory# to a non-#residential use# in a #group parking facility# containing 20 spaces or more that is #accessory# to a college or university #use# listed in Use Group 3; however, the number of spaces so occupied shall not exceed 10 percent of all parking spaces in such #group parking facility#.

R5 R5B R5D R6 R7 R8 R9 R10

- (b) In the districts indicated, except R5A Districts, #car sharing vehicles# may occupy parking spaces #accessory# to a non-#residential use# in a #group parking facility# containing 20 spaces or more; however, the number of spaces so occupied shall not exceed 10 percent of all parking spaces in such #group parking facility#.

(12/15/61)

25-43

Restrictions on Automotive Repairs and Sale of Motor Fuel

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, automotive repairs or the sale of motor fuel, motor oil, or automotive accessories are not permitted, except as provided in this Section in specified districts.

(2/2/11)

25-431

Limited repairs or motor fuel sales permitted in specified districts

R3 R4 R5 R6 R7 R8 R9 R10

In the districts indicated, within a #completely enclosed# garage, #detached# from a #building# containing #residences# and containing not less than 150 #accessory# off-street parking spaces, minor automotive repairs (not including body work) are permitted, and not more than three motor fuel pumps may be provided. However, no motor fuel shall be sold to persons who are not using the parking spaces.

(12/15/61)

25-50

RESTRICTIONS ON LOCATION OF ACCESSORY OFF-STREET PARKING SPACES

(9/9/04)

25-51

General Provisions

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, all permitted or required off-street parking spaces, open or enclosed, #accessory# to #residences#, to permitted #community facility uses#, to #commercial uses# permitted as #accessory uses# in #large-scale residential developments#, or to #uses# permitted by special permit, shall be provided on the same #zoning lot# as the #building# or #use# to which such spaces are #accessory#, except as provided in the following Sections:

Section 25-52 (Off-Site Spaces for Residences)

Section 25-53 (Off-Site Spaces for Permitted Non-Residential Uses)

Section 25-54 (Joint and Shared Facilities)

Section 25-55 (Additional Regulations for Required Spaces When Provided Off Site)

Section 73-45 (Modification of Off-Site Parking Provisions)

(2/6/72)

25-52

Off-Site Spaces for Residences

R3 R4 R5 R6 R7 R8 R9 R10

In the districts indicated, all permitted or required off-street parking spaces #accessory# to #residences# may be provided on a #zoning lot# other than the same #zoning lot# as the #residences# to which such spaces are #accessory#, provided that in such instances all such spaces are:

- (a) located in a district other than a #Residence District# or a C7 District, or provided in a joint facility located in a district other than an R1 or R2 District, on the same #zoning lot# as one of the #buildings# to which it is #accessory#, and conforming to the provisions of Section 25-54 (Joint Facilities); and
- (b) not further than the maximum distance from the #zoning lot# specified in Section 25-521.

(10/29/07)

25-521

Maximum distance from zoning lot

R3 R4 R5 R6 R7 R8 R9 R10

In the districts indicated, all such spaces shall not be further than the distance set forth in the following table from the nearest boundary of the #zoning lot# occupied by the #residences# to which they are #accessory#.

Maximum Distance from Zoning Lot	District
600 feet	R3 R4 R5 R6 R7-1 R7B
1,000 feet	R7-2 R7A R7D R7X R8 R9 R10

(9/9/04)

25-53**Off-Site Spaces for Permitted Non-Residential Uses**

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In the districts indicated, off-site parking spaces may be provided in accordance with the provisions set forth in this Section, inclusive.

(9/9/04)

25-531**For houses of worship**

R1 R2 R3 R4

In the districts indicated, all required off-street parking spaces #accessory# to permitted houses of worship may be provided on a #zoning lot# other than the same #zoning lot# as such house of worship but within the same district or an adjoining district, provided that in such instances all such spaces shall be not further than 600 feet from the nearest boundary of the #zoning lot# containing such #uses#.

(9/9/04)

25-532**For permitted non-residential uses**

R5 R6 R7 R8 R9 R10

In the districts indicated, all permitted or required off-street parking spaces #accessory# to permitted non-#residential uses# may be provided on a #zoning lot# other than the same #zoning lot# as such #uses#, but within the same district or an adjoining district other than an R1, R2, R3 or R4 District provided that in such instances all such spaces located in a #Residence District# shall be not further than 200 feet from the nearest boundary of the #zoning lot# containing such #uses#, and all such spaces located in a #Commercial# or #Manufacturing District# shall be not further than 600 feet from the nearest boundary of such #zoning lot#, and provided further that the Commissioner of Buildings determines that:

- (a) there is no way to arrange such spaces on the same #zoning lot# as such #uses#; and

- (b) such spaces are so located as to draw a minimum of vehicular traffic to and through #streets# having predominantly #residential# frontages.

Such parking spaces shall conform to all additional regulations promulgated by the Commissioner of Buildings to minimize adverse effects on the character of surrounding areas.

(9/9/04)

25-54
Joint and Shared Facilities

(9/9/04)

25-541
Joint facilities

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, all required #accessory# off-street parking spaces may be provided in facilities designed to serve jointly two or more #buildings# or #zoning lots#, provided that:

- (a) the number of spaces in such joint facilities shall be not less than that required in the following Sections for the combined number of #dwelling units# or the combined #floor area#, #lot area#, rated capacity, or other such unit of measurement in such #buildings# or #zoning lots#:

Section 25-21 (General Provisions)

Section 25-31 (General Provisions)

Section 25-32 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Parking Requirements);

- (b) all such spaces are located in a district where they are permitted under the applicable provisions of Sections 25-52 (Off-Site Spaces for Residences), 25-53 (Off-Site Spaces for Permitted Non-Residential Uses), or 73-45 (Modification of Off-Site Parking Provisions); and
- (c) the design and layout of such joint facilities meet

standards of adequacy set forth in regulations promulgated by the Commissioner of Buildings.

(9/9/04)

25-542

Shared parking facilities for houses of worship

R1 R2 R3 R4 R5

In the districts indicated, required #accessory# off-street parking spaces may be provided for houses of worship in facilities designed to be shared with other permitted non-#residential uses#, in any district, provided that:

- (a) no more than 25 percent of the spaces in such facilities may be used to satisfy the parking requirement for both the house of worship and other permitted non-#residential uses#, except that such percentage may be increased by the Commissioner of Buildings if it can be demonstrated that such additional parking spaces would not be used by the house of worship and other permitted non-#residential uses# at the same times;
- (b) all such spaces are no further than 600 feet from the nearest boundary of the #zoning lot# containing the house of worship; and
- (c) all such spaces conform to all applicable regulations of the district in which they are located.

(9/9/04)

25-55

Additional Regulations for Required Spaces When Provided Off Site

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, when required #accessory# off-street parking spaces are provided off the site in accordance with the provisions of Sections 25-52 (Off-Site Spaces for Residences), 25-53 (Off-Site Spaces for Permitted Non-Residential Uses) or 25-54 (Joint and Shared Facilities), the following additional regulations shall apply:

- (a) Such spaces shall be in the same ownership (single fee

ownership or alternative ownership arrangements of the #zoning lot# definition in Section 12-10) as the #use# to which they are #accessory#, and shall be subject to deed restrictions filed in an office of record, binding the owner and the owner's heirs and assigns to maintain the required number of spaces available throughout the life of such #use#.

- (b) Such spaces shall conform to all applicable regulations of the district in which they are located.

(12/15/61)

25-60

ADDITIONAL REGULATIONS FOR PERMITTED OR REQUIRED ACCESSORY OFF-STREET PARKING SPACES

(6/29/94)

25-61

General Provisions

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, all permitted or required #accessory# off-street parking spaces shall conform to the provisions of the following Sections:

Section 25-62 (Size and Location of Spaces)

Section 25-63 (Location of Access to the Street)

Section 25-64 (Restrictions on Use of Required Open Space for Parking)

Section 25-65 (Surfacing)

Section 25-66 (Screening)

No portion of a #side lot ribbon# shall be less than eight feet wide and no portion shall be more than 10 feet wide on an #interior# or #through lot# and not more than 20 feet wide on a #corner lot#. If two #zoning lots# share a common #side lot ribbon# along a common #side lot line#, the width of a shared #side lot ribbon# must be at least eight feet.

Special regulations applying to #large-scale residential developments# are set forth in Article VII, Chapter 8, and to #large-scale community facility developments# in Article VII, Chapter 9.

(4/30/12)

25-62

Size and Location of Spaces

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, for all #accessory# off-street parking spaces, open or enclosed, each 300 square feet of unobstructed standing or maneuvering area shall be considered one parking space. However, an area of less than 300 square feet, but in no event less than 200 square feet, may be considered as one space, where the layout and design of the parking area are adequate to permit convenient access and maneuvering in accordance with regulations promulgated by the Commissioner of Buildings, or where the developer or applicant for a building permit or certificate of occupancy certifies that such spaces will be fully attended.

Driveways used to access required parking spaces must be unobstructed for a width of at least eight feet and a height of eight feet above grade and, if connecting to a #street#, such driveway may only be accessed by a curb cut.

In any case where a reduction of the required area per parking space is permitted on the basis of the developer's certification that such spaces will be fully attended, it shall be set forth in the certificate of occupancy that paid attendants employed by the owners or operators of such spaces shall be available to handle the parking and moving of automobiles at all times when such spaces are in use.

In no event shall the dimensions of any parking stall be less than 18 feet long and 8 feet, 6 inches wide.

However, the width of a parking stall may be reduced to eight feet for #detached#, #semi-detached# or #zero lot line buildings# on a #zoning lot# where not more than four #accessory# parking spaces are required if such #accessory# parking spaces are located in a #side lot ribbon# and are subject to the provisions of Section 25-621 (Location of parking spaces in certain districts).

In the Borough of Staten Island and in #lower density growth management areas# in Community District 10, Borough of the Bronx, for #community facility uses#, each required parking space in a parking area not within a #building# shall be within a parking stall accessed from a travel aisle, where each such stall and aisle complies with the maneuverability standards of paragraph (b) of Section 36-58 (Parking Lot Maneuverability and Curb Cut Regulations). The use of an attendant shall be permitted only where necessary to accommodate additional, non-required parking spaces within the travel aisles. For such open parking areas with 18 or more spaces, or greater than 6,000 square feet in area, the provisions of Section 37-90 (PARKING LOTS) shall also apply.

(2/2/11)

25-621

Location of parking spaces in certain districts

All #accessory# off-street parking spaces on #zoning lots# with #buildings# containing #residences# shall be located in accordance with the provisions of this Section, except that in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#, the provisions of Section 25-622 shall apply. In addition, all such parking spaces shall be subject to the curb cut requirements of Section 25-63 (Location of Access to the Street).

R1 R2 R3A R3X R3-1 R4A R4-1 R5A

- (a) In the districts indicated, #accessory# off-street parking spaces shall be located within or to the side or rear of #buildings# containing #residences#. #Accessory# parking spaces may also be located between the #street line# and #street wall# of such #buildings# and their prolongations only where such spaces are located in a driveway that accesses at least one parking space located to the side or rear of such #building# and no portion of such driveway is located in front of such #buildings#.

However, such parking spaces may also be located in a driveway directly in front of a garage, where such garage is within:

- (1) a #semi-detached building# in an R3-1 or R4-1 District;
or
- (2) a #detached building# on a #zoning lot# with at least 35 feet of frontage along the #street# accessing such

driveway, and at least 18 feet of uninterrupted curb space along such #street#.

No parking spaces of any kind shall be allowed between the #street line# and #street wall# of an #attached# or #semi-detached building# in an R1, R2, R3A, R3X, R4A or R5A District, or for an #attached building# in an R3-1 or R4-1 District.

R3-2 R4 R5

- (b) In the districts indicated, other than R4A, R4B, R4-1, R5A, R5B and R5D Districts, #accessory# off-street parking spaces shall be located within or to the side or rear of #buildings# containing #residences#. #Accessory# parking spaces may also be located between the #street line# and #street wall# of such #buildings# and their prolongations, provided that, for #buildings# on #zoning lots# with less than 35 feet of #street# frontage, such spaces are located in a driveway in the #side lot ribbon#, and provided that for #buildings# on #zoning lots# with at least 35 feet of #street# frontage and at least 18 feet of uninterrupted curb space along a #street#, either:
 - (1) no more than two parking spaces located between the #street line# and #street wall# of such #buildings# and their prolongations shall be accessed from a single curb cut, and the parking area for these spaces shall not be more than 20 feet in width measured parallel, or within 30 degrees of being parallel, to the #street line#; or
 - (2) a #group parking facility# with five or more spaces is provided and is screened in accordance with the requirements of Section 25-66 (Screening), paragraphs (a) or (b), as applicable.

R4B R5B R5D R6A R6B R7A R7B R7D R7X R8A R8B R8X

- (c) In the districts indicated, #accessory# off-street parking spaces shall be located only within or to the side or rear of #buildings# containing #residences#. No parking spaces of any kind shall be permitted between the #street line# and the #street wall# of such #buildings# and their prolongations.

R6 R7 R8

- (d) In the districts indicated without a letter suffix, the following provisions shall apply:

- (1) for #zoning lots# containing non-#Quality Housing buildings# or non-#Quality Housing building segments#, each of which contains not more than three #dwelling units#, #accessory# off-street parking spaces shall be located in accordance with the provisions of paragraph (b) of this Section;
- (2) for #zoning lots# containing #Quality Housing buildings# or #Quality Housing building segments#, #accessory# off-street parking spaces shall be located in accordance with the provisions of paragraph (c) of this Section.

(4/14/10)

25-622

Location of parking spaces in lower density growth management areas

The provisions of this Section shall apply to all #zoning lots# with #buildings# containing #residences# in R1, R2, R3, R4A and R4-1 Districts within #lower density growth management areas#.

Required #accessory# off-street parking spaces shall be permitted only within a #building# or in any open area on the #zoning lot# that is not between the #street line# and the #street wall# or prolongation thereof of the #building#.

For #zoning lots# with less than 33 feet of #street# frontage, access to all parking spaces through a #front yard# shall be only through a single driveway no more than 10 feet in width.

For #zoning lots# with at least 33 feet of #street# frontage, access to all parking spaces through a #front yard# shall be only through a driveway no more than 20 feet in width.

No more than two unenclosed required parking spaces may be located in tandem (one behind the other), except that no tandem parking shall be permitted in any #group parking facility# with more than four spaces.

(2/2/11)

25-623

Maneuverability standards for community facility uses

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the provisions of this Section shall apply to:

- (a) #developments# with #accessory# open parking areas in which 70 percent or more of the #floor area# on the #zoning lot# is occupied by a #community facility use#;
- (b) #enlargements# of a #building# with #accessory# open parking areas or the #enlargement# of an open parking area, that result in:
 - (1) an increase in the total number of parking spaces #accessory# to #community facility uses# on the #zoning lot# that is at least 20 percent greater than the number of such spaces existing on November 28, 2007; or
 - (2) an increase in the total amount of #floor area# on the #zoning lot# that is at least 20 percent greater than the amount of #floor area# existing on November 28, 2007, and where at least 70 percent of the #floor area# on the #zoning lot# is occupied by #community facility uses#; and
- (c) existing #buildings# with new #accessory# open parking areas in which 70 percent or more of the #floor area# on the #zoning lot# is occupied by a #commercial# or #community facility use#.

The provisions of this Section shall not apply to surface parking located on the roof of a #building#, indoor parking garages, #public parking garages#, structured parking facilities, or #developments# or #enlargements# in which at least 70 percent of the #floor area# or #lot area# on a #zoning lot# is used for automotive #uses# listed in Use Groups 9 or 16.

For the purposes of this Section, an "open parking area" shall mean that portion of a #zoning lot# used for the parking or maneuvering of vehicles, including service vehicles, which is not covered by a #building#. Open parking areas shall also include all required landscaped areas within and adjacent to the open parking area.

For all such new or #enlarged# open parking areas, a site plan shall be submitted to the Department of Buildings showing the location of all parking spaces, curb cuts and compliance with the maneuverability standards, as set forth in paragraphs (b) and (c) of Section 36-58.

(1/18/11)

25-624

**Special parking regulations for certain community facility uses
in lower density growth management areas**

- (a) In #lower density growth management areas# other than R6 and R7 Districts in Community District 10, Borough of the Bronx, all #zoning lots# containing #buildings# with the following #uses# shall be subject to the provisions of paragraph (b) of this Section:
 - (1) ambulatory diagnostic or treatment health care facilities, as listed in Section 22-14 (Use Group 4), except where such #zoning lot# contains #buildings# used for hospitals or nursing homes as defined in the New York State Hospital Code; and
 - (2) child care services as listed under the definition of #school# in Section 12-10 (DEFINITIONS), except where such #zoning lot# contains #buildings# used for houses of worship or, for #zoning lots# that do not contain #buildings# used for houses of worship, where the amount of #floor area# used for child care services is equal to 25 percent or less of the amount of #floor area# permitted for #community facility use# on the #zoning lot#.
- (b) All #zoning lots# that meet the conditions of paragraph (a) of this Section shall comply with the following provisions:
 - (1) #Accessory# off-street parking spaces shall be permitted only within a #building# or in any open area on the #zoning lot# that is not between the #street line# and the #street wall# or prolongation thereof of the #building#.
 - (2) The maneuverability provisions of paragraphs (b) of Section 36-58 (Parking Lot Maneuverability and Curb Cut Regulations) shall apply to all such #zoning lots#. No tandem parking shall be permitted.
 - (3) The curb cut provisions of paragraph (c) of Section 36-58 (Parking Lot Maneuverability and Curb Cut Regulations) shall apply to all such #zoning lots#, except that, for #zoning lots# with less than 75 feet of #street# frontage, a minimum distance of four feet from other curb cuts on adjacent #zoning lots# shall be

maintained.

- (4) For #zoning lots# in R1, R2, R3A, R3X, R3-1, R4A and R4-1 Districts with #buildings# containing child care services, a driveway shall be required for drop-off and pick-up of users of the child care facility. Such driveway shall have a minimum width of 15 feet and a maximum width of 18 feet and shall serve one-way traffic. Such driveway shall include a designated area for the drop-off and pick-up of users of the facility with a minimum length of 25 feet and a minimum width of 10 feet. Such drop-off and pick-up area shall #abut# a sidewalk with a minimum width of four feet that connects to the child care facility entrance and all public sidewalks. No parking spaces shall be located within such driveway. Where the width of the #street# frontage of the #zoning lot# accessing such driveway is 75 feet or less, the minimum percentage of #front yard# required to be planted pursuant to Section 23-451 (Planting requirement) shall be reduced to 25 percent.
- (5) For any #zoning lot# containing child care services, driveways and open #accessory# off-street parking spaces may occupy no more than 50 percent of the #lot area# not covered by #buildings#. For #zoning lots# containing ambulatory diagnostic or treatment health care facilities, driveways and open #accessory# off-street parking spaces may occupy no more than 66 percent of the #lot area# not covered by #buildings#.
- (6) All parking areas not within a #building# shall be screened from adjoining #zoning lots# and #streets# by a landscaped strip at least four feet wide, densely planted with evergreen shrubs at least four feet high at time of planting, and of a type that may be expected to form a year-round dense screen at least six feet high within three years. Such screening shall be maintained in good condition at all times.
- (7) Any lighting provided in off-street parking areas shall be directed away from #residences#.

(1/18/11)

25-625

Special certification to modify the parking regulations for certain community facility uses in lower density growth management areas

In #lower density growth management areas# other than R6 and R7 Districts in Community District 10, Borough of the Bronx, the Chairperson of the City Planning Commission may modify the amount of #accessory# off-street parking required pursuant to Section 25-31 (General Provisions), or the parking regulations of paragraphs (b)(3), (b)(4), and (b)(5) of Section 25-624 (Special parking regulations for certain community facility uses in lower density growth management areas), for any #enlargement# of a #building# containing a #use# listed in paragraphs (a) or (b) of this Section, or a change of #use# to, or an #extension# of, such #use#, provided that the applicant submits a site plan that demonstrates to the Chairperson that the location of the existing #building# on the #zoning lot# impedes compliance with the parking requirements of Sections 25-31 and 25-624, and that the Chairperson certifies to the Department of Buildings, that the #enlargement#, #extension# or change of #use# complies with such requirements to the maximum extent feasible.

- (a) Ambulatory diagnostic or treatment health care facilities, as listed in Section 22-14 (Use Group 4), except where such #zoning lot# contains #buildings# used for hospitals or nursing homes, as defined in the New York State Hospital Code; and
- (b) Child care services, as listed under the definition of #school# in Section 12-10 (DEFINITIONS), except where such #zoning lot# contains #buildings# used for houses of worship and, for #zoning lots# that do not contain #buildings# used for houses of worship, where the amount of #floor area# used for child care services is equal to 25 percent or less of the amount of # floor area# permitted for #community facility use# on the #zoning lot#.

(12/15/61)

25-63

Location of Access to the Street

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the entrances and exits for all permitted or required #accessory group parking facilities# with 10 or more spaces shall be located not less than 50 feet from the intersection of any two #street lines#. However, access located within 50 feet of such intersection may be permitted if the Commissioner of Buildings certifies that such a location is not hazardous to traffic safety and not likely to create traffic

congestion. The Commissioner of Buildings may refer such matter to the Department of Traffic for a report and may base his determination on such report.

The waiver provisions of Sections 25-27 or 25-34 (Waiver of Requirements for All Zoning Lots Where Access Would Be Forbidden) shall apply when the Commissioner of Buildings has certified that there is no way to arrange the spaces with access to the #street# to conform to the provisions of this Section.

(2/2/11)

25-631

Location and width of curb cuts in certain districts

All curb cuts on #zoning lots# with #buildings# containing #residences# shall comply with the provisions of this Section, except that, in #lower density growth management areas#, the provisions of Section 25-632 shall apply. The minimum width of a curb cut shall be eight feet, including splays. In addition, for #non-conforming buildings# in all districts, the provisions of Section 25-633 (Curb cut restrictions for certain buildings in R1 through R5 Districts) shall apply.

R2A

- (a) In the district indicated, the maximum width of a curb cut shall be 18 feet, and the maximum width of a driveway within a #front yard# shall be 20 feet. All #zoning lots# shall maintain at least 18 feet of uninterrupted curb space along each #street# frontage.

R2X R3 R4 R5

- (b) In the districts indicated, except R4B and R5B Districts, curb cuts shall comply with the following provisions:
 - (1) For #zoning lots# containing #residences# where not more than two #accessory# parking spaces are required:
 - (i) for #zoning lots# with less than 50 feet of frontage along a #street#, only one curb cut, having a maximum width, including splays, of ten feet, shall be permitted;
 - (ii) for #zoning lots# with at least 50 feet of frontage along a #street#, no more than two curb cuts shall be permitted along such #street#

frontage. If one curb cut is provided, such curb cut shall have a maximum width, including splays, of 18 feet. If two curb cuts are provided, the maximum width of each curb cut, including splays, shall be ten feet, and a minimum distance of 30 feet of uninterrupted curb space shall be provided between such curb cuts;

- (iii) wherever #accessory# parking spaces are provided in adjacent #side lot ribbons# on #zoning lots# subdivided after June 30, 1989, the curb cuts giving access to such #side lot ribbons# shall be contiguous (paired), so that only one curb cut, having a maximum width of 18 feet, including splays, shall serve both #side lot ribbons#; and
 - (iv) a minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts constructed after June 30, 1989, provided that this requirement shall not apply to #zoning lots# existing both on June 30, 1989, and April 14, 2010, that are less than 40 feet wide and where at least 16 feet of uninterrupted curb space is maintained along the #street# in front of the #zoning lot#; or
- (2) For #zoning lots# containing #residences# where more than two #accessory# parking spaces are required:
- (i) #zoning lots# with 35 feet or more of frontage along a #street# shall maintain a minimum distance of 16 feet of uninterrupted curb space along such #street#;
 - (ii) a minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts constructed after June 30, 1989, provided that this requirement shall not apply to any #zoning lot# existing both on June 30, 1989 and April 14, 2010, that is less than 40 feet wide and where at least 16 feet of uninterrupted curb space is maintained in front of such #zoning lot# along the #street#;
 - (iii) all driveways shall be located at least 13 feet from any other driveway on the same or adjoining #zoning lots#. However, driveways may be paired with other driveways on the same or adjoining #zoning lots#, provided the aggregate width of such paired driveways, including any space between

them, does not exceed 20 feet. Curb cuts accessing such paired driveway shall have a minimum width of 15 feet and a maximum width, including splays, of 18 feet; and

- (iv) except for paired driveways as set forth in paragraph (b)(2)(iii) of this Section, the maximum width of a curb cut accessing less than 50 parking spaces shall be 12 feet, including splays, and the maximum width of a curb cut accessing more than 50 parking spaces shall be 22 feet, including splays. However, where Fire Department regulations set forth in the Administrative Code of the City of New York require curb cuts of greater width, such curb cuts may be increased to the minimum width acceptable to the Fire Department.

R4B R5B

- (c) In the districts indicated, curb cuts are permitted only on #zoning lots# with at least 40 feet of #street# frontage and existing on the effective date of establishing such districts on the #zoning maps#. Any such #zoning lot# may be subdivided; however, curb cuts are permitted only for a resulting subdivided #zoning lot# that has at least 40 feet of #street# frontage. For #detached#, #semi-detached# and #zero lot line buildings#, the width and location of curb cuts shall be in accordance with paragraph (b)(1), inclusive, of this Section. For #attached buildings# and #building segments#, and for multiple dwellings in R5B Districts, at least 34 feet of uninterrupted curb space shall be maintained between all curb cuts constructed after June 30, 1989, provided that this requirement shall not apply to #zoning lots# existing on both June 30, 1989, and April 14, 2010, that are less than 76 feet wide and where at least 34 feet of uninterrupted curb space is maintained along the #street# in front of the #zoning lot#.

For #zoning lots# with less than 40 feet of #street# frontage and existing on the effective date of establishing such districts on the #zoning maps#, curb cuts shall be prohibited.

R6 R7 R8

- (d) In the districts indicated without a letter suffix, for #zoning lots# containing non-#Quality Housing buildings# or non-#Quality Housing building segments#, each of which contains not more than three #dwelling units#, #accessory# off-street parking spaces shall be located in accordance

with the provisions of paragraph (b)(2), inclusive, of this Section.

R6 R7 R8

- (e) In the districts indicated, except as provided for in paragraph (d) of this Section, only one curb cut, having a maximum width of 12 feet, including splays, shall be permitted on any #street# frontage of a #zoning lot#. However, where a curb cut accesses a #group parking facility# with 50 or more spaces, the maximum width of a curb cut shall be 22 feet, including splays, or alternatively, two curb cuts shall be permitted to access such #group parking facility#, each with a maximum width of 12 feet, including splays, and spaced at least 60 feet apart. For #zoning lots# subdivided after April 14, 2010, curb cuts shall only be permitted along the #street# frontage of such subdivided #zoning lot# where at least 34 feet of uninterrupted curb space is maintained, and shall comply with the width and spacing requirements of this paragraph, (e).

These curb cut provisions shall apply as follows:

- (1) In R6, R7 and R8 Districts without a letter suffix, to non-#Quality Housing buildings# or non-#Quality Housing building segments#, any of which contain four or more #dwelling units#;
 - (2) In R6, R7 and R8 Districts without a letter suffix, to #Quality Housing buildings# or #Quality Housing building segments#;
 - (3) In R6A, R7A, R7D, R7X, R8A and R8X Districts, to all #buildings#; and
 - (4) In R6B, R7B and R8B Districts, to #zoning lots# occupied by a #building# with a #street wall# at least 40 feet in width or, for #zoning lots# with multiple #building segments#, only where such curb cut is in front of a #building segment# with a #street wall# at least 40 feet in width. On such #zoning lots#, curb cuts shall be permitted only on the #street# frontage that is at least 40 feet wide. On all other #zoning lots# in R6B, R7B and R8B Districts, curb cuts shall be prohibited.
- (f) Modification of curb cut location requirements:

R2X R3 R4 R5 R6 R7 R8

- (1) In the districts indicated, the location and width of curb cuts, as required by the provisions of this Section, may be modified if the Commissioner of Buildings certifies that the specified curb cut locations would require the removal of shade trees maintained by the City of New York. The Commissioner of Buildings may refer such matter to the Department of Parks and Recreation and the Department of Transportation for reports, and may base the determination on such reports.

R6 R7 R8

- (2) In the districts indicated, except R6, R7 or R8 Districts with a letter suffix, the City Planning Commission may authorize modification of the location and width of curb cuts as required by the provisions of this Section provided that the Commission finds that:
 - (i) the proposed modification does not adversely affect the character of the surrounding area; and
 - (ii) where more than one curb cut is provided, the curb cuts are arranged to foster retention of curbside parking spaces along the #street frontage# of the #zoning lot#.

(4/14/10)

25-632

Driveway and curb cut regulations in lower density growth management areas

The provisions of this Section shall apply to all #zoning lots# with #buildings# containing #residences# within all #lower density growth management areas#, except that these provisions shall not apply to any #zoning lot# occupied by only one #single-family detached residence# with at least 60 feet of frontage along one #street# and, for such #residences# on #corner lots#, with at least 60 feet of frontage along two #streets#.

- (a) For #zoning lots# with less than 33 feet of frontage along a #street#, only one curb cut, having a maximum width, including splays, of ten feet, shall be permitted.
- (b) For #zoning lots# with at least 33 feet of frontage along a #street#, multiple curb cuts are permitted. The maximum

width of a curb cut serving a driveway 12 feet or less in width shall be 10 feet, including splays. Driveways wider than 12 feet at any point within a #front yard# shall be accessed by a single curb cut with a minimum width of 17 feet and a maximum width, including splays, of 18 feet.

- (c) The center line of each curb cut shall be coincident with the centerline of the driveway that it serves.
- (d) All driveways shall be located at least 13 feet from any other driveway on the same or adjoining #zoning lots#. However, driveways may be paired with other driveways on adjoining #zoning lots# provided the aggregate width of such paired driveways, including any space between them, does not exceed 20 feet.
- (e) All #zoning lots# with #buildings# containing #residences# shall maintain a minimum distance of 16 feet of uninterrupted curb space between all curb cuts constructed after June 30, 1989.
- (f) The requirements of paragraphs (d) and (e) of this Section may be waived where the Commissioner of Buildings certifies that, due to the location of driveways and curb cuts on adjacent #zoning lots#, there is no way to locate the driveways and curb cuts in compliance with this requirement of this Section, and that at least 16 feet of uninterrupted curb space is maintained along the #street# in front of the #zoning lot#.
- (g) For multiple #buildings# on a single #zoning lot#, access to all parking spaces shall be provided entirely on the same #zoning lot#.

(2/2/11)

25-633

Curb cut restrictions for certain buildings in R1 through R5 Districts

R1 R2 R3A R3X R3-1 R4A R4-1 R5A

- (a) In the districts indicated, curb cuts are prohibited for #attached buildings# except where such #building# is bounded on one side by a #side yard# at least eight feet in width. For such #buildings#, a curb cut shall be permitted only along that portion of the #street# frontage of the #zoning lot# directly in front of a #side yard# that is at least

eight feet wide and accesses a parking space located beyond the #street wall# or prolongation thereof.

R1 R2 R3A R3X R4A R5A

- (b) In the districts indicated, for #semi-detached buildings#, a curb cut shall only be permitted along that portion of the #street# frontage of the #zoning lot# directly in front of a #side yard# that is at least eight feet wide and accesses a parking space located beyond the #street wall# or prolongation thereof.

(11/28/07)

25-634

Curb cut regulations for community facilities

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, any #development# or #enlargement# containing a #community facility use# with an unenclosed parking area shall comply with the provisions of this Section.

Curb cuts serving one travel lane shall have a maximum width of 12 feet, excluding splays, and curb cuts serving two travel lanes shall have a maximum width of 24 feet, excluding splays. For parking lots with more than 100 parking spaces, curb cuts of up to 30 feet, excluding splays, shall be permitted.

However, where Fire Department regulations set forth in the Administrative Code of the City of New York require curb cuts of greater width, such curb cuts may be increased to the minimum width acceptable to the Fire Department.

For #zoning lots# with 100 feet or less of #street frontage#, only two curb cuts shall be permitted. For every additional 50 feet of #street# frontage, one additional curb cut shall be permitted.

A minimum distance of 18 feet from any other curb cut on the same or adjacent #zoning lots# shall be maintained, except where the Commissioner of Buildings determines that, due to the location of curb cuts constructed prior to November 28, 2007, on adjacent #zoning lots#, there is no way to locate the curb cut 18 feet from such adjacent existing curb cuts.

(4/30/08)

25-635

Maximum driveway grade

R1 R2 R3 R4 R5

In the districts indicated, the maximum grade of a driveway shall not exceed 11 percent in any #front yard#. Driveways existing on April 30, 2008, which exceed a grade of 11 percent, may be used to access parking spaces required for #residences# constructed after April 30, 2008.

(4/14/10)

25-64

Restrictions on Use of Open Space for Parking

Restrictions on the use of open space for parking and driveways are set forth in this Section, in accordance with the provisions of Section 23-12 (Permitted Obstructions in Open Space).

- (a) In R1, R2, R3, R4A, R4-1 and R4B Districts, driveways, #private roads#, open #accessory# off-street parking spaces, unenclosed #accessory# bicycle parking spaces or open #accessory# off-street loading berths may occupy no more than 50 percent of the #lot area# not covered by #buildings# containing #residences#;
- (b) In R4 Districts, except for R4A, R4-1 and R4B Districts, and in R5 Districts, driveways, #private roads#, open #accessory# off-street parking spaces, unenclosed #accessory# bicycle parking spaces or open #accessory# off-street loading berths may occupy no more than 66 percent of the #lot area# not covered by #buildings# containing #residences#; and
- (c) In R6, R7, R8, R9 and R10 Districts without a letter suffix, driveways, private streets, open #accessory# off-street parking spaces, unenclosed #accessory# bicycle parking spaces or open #accessory# off-street loading berths may not use more than 50 percent of the required #open space# on any #zoning lot#. The provisions of this paragraph, (c), shall not apply to #Quality Housing buildings#.

(11/28/07)

25-65

Surfacing

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, all open off-street parking spaces shall be surfaced with asphaltic or Portland cement concrete, or other hard-surfaced dustless material, at least four inches thick, except that where required parking spaces are located in #side lot ribbons#, hard surface ribbons may be permitted. However, permeable paving materials may be used in open parking areas where the Commissioner of Buildings determines that such materials are appropriate.

(11/28/07)

25-66

Screening

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

(a) In all districts, as indicated, except where such districts are located in #lower density growth management areas#, all open off-street parking areas or groups of individual garages with 10 spaces or more, that are located either at natural grade or on a roof, shall be screened from all adjoining #zoning lots#, including such #zoning lots# situated across a #street#, by either:

- (1) a strip at least four feet wide, densely planted with shrubs or trees that are at least four feet high at the time of planting and that are of a type which may be expected to form a year-round dense screen at least six feet high within three years; or
- (2) a wall or barrier or uniformly-painted fence of fire-resistant material at least six feet high, but not more than eight feet above finished grade (or above the roof level, if on a roof). Such wall, barrier or fence may be opaque or perforated, provided that not more than 50 percent of the face is open.

For community facilities located in R1, R2, R3, R4 or R5 Districts, except for any parking that is located on a roof, all such parking shall be screened pursuant to paragraph (a)(1) of this Section.

In addition, such screening shall be maintained in good condition at all times, may be interrupted by normal entrances or exits and shall have no #signs# hung or attached thereto other than those permitted in Section 22-323 (Signs for parking areas).

- (b) In #lower density growth management areas#, all open parking areas with five or more spaces shall be screened from adjoining #zoning lots# by a landscaped strip at least four feet wide densely planted with evergreen shrubs at least four feet high at time of planting, and of a type that may be expected to form a year-round dense screen at least six feet high within three years. Such screening shall be maintained in good condition at all times.

The provisions of paragraphs (a) and (b) of this Section shall not apply at the #street line# of #zoning lots# where the planting requirements of Section 37-921 (Perimeter landscaping) apply.

(2/2/11)

25-67

Parking Lot Landscaping

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the provisions of Section 37-90 (PARKING LOTS), inclusive, shall apply to open parking areas that contain 18 or more spaces or are greater than 6,000 square feet in area, as follows:

- (a) #developments# with #accessory# open parking areas in which 70 percent or more of the #floor area# on the #zoning lot# is occupied by a #community facility use#;
- (b) #enlargements# of a #building# with #accessory# open parking areas or the #enlargement# of an open parking area that result in:
 - (1) an increase in the total number of parking spaces #accessory# to #commercial# or #community facility uses# on the #zoning lot# that is at least 20 percent greater than the number of such spaces existing on November 28, 2007; or

- (2) an increase in the total amount of #floor area# on the #zoning lot# that is at least 20 percent greater than the amount of #floor area# existing on November 28, 2007, and where at least 70 percent of the #floor area# on the #zoning lot# is occupied by #commercial# or #community facility uses#; and
- (c) existing #buildings# with new #accessory# open parking areas in which 70 percent or more of the #floor area# on the #zoning lot# is occupied by a #commercial# or #community facility use#.

The provisions of this Section shall not apply to surface parking located on the roof of a #building#, indoor parking garages, #public parking garages#, structured parking facilities, or #developments# in which at least 70 percent of the #floor area# or #lot area# on a #zoning lot# is used for automotive #uses# listed in Use Groups 9 or 16.

For the purposes of this Section, an "open parking area" shall mean that portion of a #zoning lot# used for the parking or maneuvering of vehicles, including service vehicles, which is not covered by a #building#. Open parking areas shall also include all required landscaped areas within and adjacent to the open parking area.

Notwithstanding the provisions of this Section, where parking requirements are waived, pursuant to Section 25-33, on #zoning lots# subdivided after November 28, 2007, and parking spaces #accessory# to #community facility uses# or curb cuts accessing #community facility uses# are shown on the site plan required pursuant to Section 25-623, the provisions of Section 37-921 (Perimeter landscaping) shall apply.

(9/29/10)

25-68

For Parking Facilities Containing Car Sharing Vehicles

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

Within an off-street parking facility that contains #car sharing vehicles#, an information plaque shall be placed within twenty feet of either the entrance to the parking facility or the attendant's station, at a location accessible to and visible to users of such facility. The plaque shall be fully opaque, non-reflective and constructed of permanent, highly durable materials and shall contain the following statements in lettering no less

than one inch high:

- (a) "Total parking spaces in facility:" which shall specify the total number of parking spaces permitted within such parking facility;
- (b) "Maximum number of car sharing vehicles:" which shall specify the total number of #car sharing vehicles# permitted within such parking facility; and
- (c) where such parking facility contains #accessory residential# parking spaces, "Accessory residential parking spaces shall be made available to residents of this building within 30 days after a written request is made to the landlord".

Off-Street Loading Regulations

(12/15/61)

25-70

GENERAL PURPOSES

The following regulations on permitted and required accessory off-street loading berths are adopted in order to provide needed space off public streets for loading and unloading activities, to restrict the use of the streets for such activities, to help relieve traffic congestion in residential areas within the city, and thus to promote and protect public health, safety, and general welfare.

(12/15/61)

25-71

Permitted Accessory Off-Street Loading Berths

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, #accessory# off-street loading berths, open or enclosed, may be provided for #residences#, for permitted #community facility uses#, for #commercial uses# permitted as #accessory uses# in #large-scale residential developments#, or for #uses# permitted by special permit, under rules and regulations promulgated by the Commissioner of Buildings, and subject to the provisions set forth in Sections 25-75 (Location of Access to the Street), 25-76 (Surfacing), and 25-77 (Screening).

(2/2/11)

25-72

Required Accessory Off-Street Loading Berths

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, #accessory# off-street loading berths, open or enclosed, shall be provided in conformity with the requirements set forth in the following table for all #development# or #enlargement# after December 15, 1961, for the #uses# listed in the table, as a condition precedent to the #use# of such #development# or #enlargement#.

After December 15, 1961, if the #use# of any #building or other structure# is #enlarged#, the requirements set forth in the table shall apply to the #floor area# of the #enlarged# portion of such #building#.

REQUIRED OFF-STREET LOADING BERTHS
FOR DEVELOPMENTS OR ENLARGEMENTS

(12/15/61)

25-73

Special Provisions for Zoning Lots Divided by District Boundaries

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, whenever a #zoning lot# is

divided by a boundary between districts having different requirements for #accessory# off-street loading berths, the provisions set forth in Article VII, Chapter 7 shall apply.

(12/15/61)

25-74

Size of Required Berths

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, all required off-street loading berths, open or enclosed, shall conform to the regulations on minimum dimensions set forth in the following table. The dimensions of off-street berths shall not include driveways or entrances to or exits from such off-street berths.

MINIMUM DIMENSIONS FOR REQUIRED
ACCESSORY OFF-STREET LOADING BERTHS
(in feet)

	Length	Width	Vertical clearance
Hospitals and related facilities	33	12	12
#Commercial uses# in #large-scale residential developments#	33	12	14

(12/15/61)

25-75

Location of Access to the Street

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, no permitted or required #accessory# off-street loading berth, and no entrance or exit thereto, shall be located less than 50 feet from the intersection of any two #street lines#. However, a location closer to such intersection may be permitted if the Commissioner of Buildings certifies that such a location is not hazardous to traffic safety and not likely to create traffic congestion.

The requirements for #accessory# off-street loading berths set forth in Section 25-72 (Required Accessory Off-street Loading Berths) shall not apply to any #building# as to which the Commissioner of Buildings certifies that there is no way to arrange the required berths to conform to the provisions of this Section.

The Commissioner of Buildings may refer such matters requiring certification to the Department of Transportation for report and may base his determination on such report.

(12/15/61)

25-76

Surfacing

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, all permitted or required open off-street loading berths shall be surfaced with asphaltic or Portland cement concrete, or other hard-surfaced dustless material, at least six inches thick.

(12/15/61)

25-77

Screening

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, all permitted or required open off-street loading berths shall be screened from all adjoining #zoning lots#, including such #zoning lots# situated across a #street# by either:

- (a) a strip at least four feet wide, densely planted with shrubs or trees that are at least four feet high at the time of planting and that are of a type which may be expected to form a year-round dense screen at least six feet high within three years; or
- (b) a wall or barrier or uniformly painted fence or fire-resistant material, at least six feet but not more than eight feet above finished grade. Such wall, barrier or fence may be opaque or perforated, provided that not more than 50 percent of the face is open.

In addition, such screening:

- (1) shall be maintained in good condition at all times;
- (2) may be interrupted by normal entrances and exits; and
- (3) shall have no #signs# hung or attached thereto other than those permitted in Section 22-32 (Permitted Non-Illuminated Accessory Signs).

(2/2/11)

25-80

BICYCLE PARKING

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the provisions of this Section, inclusive, related to bicycle parking spaces shall apply to:

- (a) #developments#;
- (b) #enlargements# that increase the #floor area# within a #building# by 50 percent or more;
- (c) #dwelling units# created by #conversions# of non-#residential floor area#;
- (d) new #dwelling units# in #buildings# or #building segments# constructed after April 22, 2009;
- (e) new enclosed #accessory group parking facilities# with 35 or more automobile parking spaces; and
- (f) open parking areas #accessory# to #commercial# or #community facility uses# that contain 18 or more automobile parking spaces or are greater than 6,000 square feet in area.

In addition, the provisions of Section 25-85 (Floor Area Exemption) shall apply to all #buildings# as set forth therein.

The number of #accessory# bicycle parking spaces provided pursuant to this Section, the total area, in square feet, of bicycle parking spaces and the total area, in square feet, excluded from the calculation of #floor area# for such spaces shall be noted on the certificate of occupancy.

(4/22/09)

25-81

Required Bicycle Parking Spaces

(2/2/11)

25-811

Enclosed bicycle parking spaces

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, enclosed #accessory# bicycle parking spaces shall be provided for at least that amount specified for the applicable #use# set forth in the table in this Section. For the purposes of calculating the number of required bicycle parking spaces, any fraction of a space 50 percent or greater shall be counted as an additional space. For #residences#, the #accessory# bicycle parking requirement shall be calculated separately for separate #buildings# or #building segments#.

Where any #building# or #zoning lot# contains two or more #uses# having different bicycle parking requirements as set forth in the table, the bicycle parking requirements for each type of #use# shall apply to the extent of that #use#.

Where an enclosed #accessory group parking facility# is provided, the required number of bicycle parking spaces for the #use# to which such facility is #accessory# shall be the amount set forth for such #use# in the table, or one for every 10 automobile parking spaces that are enclosed within a #building or other structure# or located on the roof of a #building#, whichever will require a greater number of bicycle parking spaces.

REQUIRED BICYCLE PARKING SPACES FOR RESIDENTIAL OR COMMUNITY FACILITY USES

Type of #Use#	Bicycle Parking Spaces Required in Relation to Specified Unit of Measurement

FOR RESIDENTIAL USES

Use Group 1

None required

Use Group 2 1 per 2 #dwelling units#

#Non-profit residences for the elderly# 1 per 10,000 square
or #dwelling units# for the elderly feet of #floor area#
as specified in Section 25-25(d)

FOR COMMUNITY FACILITY USES*

College or #school# student dormitories 1 per 2,000 square
or fraternity and sorority student houses feet of #floor area#

Colleges, universities, or seminaries**

(a) Classrooms, laboratories, 1 per 5,000 square
student centers or offices feet of #floor area#

(b) Theaters, auditoriums, 1 per 20,000 square
gymnasiums or stadiums feet of #floor area#

Libraries, museums or non-commercial 1 per 20,000 square
art galleries feet of #floor area#

Monasteries, convents or novitiates; None required
houses of worship, rectories or
parish houses; Use Group 4B

All other Use Group 3 and Use Group 4 1 per 10,000 square
#uses# not otherwise listed in feet of #floor area#
this table

* #Non-profit hospital staff dwellings# shall be subject to
the requirements for Use Group 2 #residential uses#

** Up to half of required spaces may be provided as unenclosed
bicycle parking spaces pursuant to the requirements of
Section 25-83 (Restrictions on Operation, Size and Location
of Enclosed Bicycle Parking Spaces)

However, the bicycle parking requirements set forth in the table
shall be waived for bicycle parking spaces that are #accessory#
to:

(a) #buildings# or #building segments# containing 10 #dwelling
units# or less;

(b) colleges, universities or seminaries where the number of
required bicycle parking spaces is six or less;

- (c) college or #school# student dormitories or fraternity and sorority student houses where the number of required bicycle parking spaces is five or less; or
- (d) all other #community facility uses# not otherwise listed in the table where the number of required bicycle parking spaces is three or less.

(4/22/09)

25-812

Unenclosed bicycle parking spaces

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, for open parking areas #accessory# to #community facility uses# that contain 18 or more spaces or are greater than 6,000 square feet in area, which meet the applicability standards of Section 25-67 (Parking Lot Landscaping), unenclosed #accessory# bicycle parking spaces shall be provided as follows:

- (a) One bicycle parking space shall be provided for every ten automobile parking spaces, up to 200 automobile parking spaces. Thereafter, one bicycle parking space shall be provided for every 100 automobile parking spaces. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one bicycle parking space.
- (b) Each bicycle rack shall allow for the bicycle frame and at least one wheel to be locked to the rack. If bicycles can be locked to each side of the rack without conflict, each side may be counted toward a required space. Thirty inches of maneuverable space shall be provided between parallel bicycle racks and an eight foot wide aisle shall be provided between bicycle rack areas.
- (c) Bicycle racks shall be provided within 50 feet of a main entrance of a #building# and a minimum of 24 inches from any wall. However, if more than 40 bicycle parking spaces are required, 50 percent of such spaces may be provided at a distance of up to 100 feet from the main entrance of a #building#. Department of Transportation bicycle racks provided on a fronting sidewalk may be counted toward this requirement, provided such racks meet the standards of this paragraph, (c).

(4/22/09)

25-82

Authorization for Reduction of Spaces

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, the City Planning Commission may authorize a reduction in the number of required bicycle parking spaces set forth in Section 25-811 (Enclosed bicycle parking spaces), or a waiver of all such spaces, upon finding there are subsurface conditions, below-ground infrastructure or other site planning constraints that would make accommodating such bicycle parking spaces on or below the first #story# of the #building# infeasible. The Commission may request reports from licensed engineers or registered architects in considering such reduction.

(4/22/09)

25-83

Restrictions on Operation, Size and Location of Enclosed Bicycle Parking Spaces

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, all #accessory# bicycle parking spaces shall be provided on the same #zoning lot# as the #building# or #use# to which such spaces are #accessory#, except as provided in Section 25-84 (Certification for Off-Site Bicycle Parking Spaces).

All enclosed #accessory# bicycle parking spaces shall be surrounded on all sides by a solid enclosure, except where a parking garage is open at the sides, and covered by a roof for weather protection. Each bicycle space shall adjoin a rack or similar system for securing the bicycle. Bicycle parking spaces shall be located in an area secured by a lock or similar means, or adjoin a securely-anchored rack to which the bicycle frame and at least one wheel can be locked. Fifteen square feet of area shall be provided for each bicycle space. However, the area for each bicycle space may be reduced by up to nine square feet per bicycle if the Commissioner of Buildings certifies that a layout has been submitted to adequately accommodate the specified number of bicycles.

A plaque shall be placed at the exterior of the entry to the

bicycle parking area, outside any locked door, with lettering at least three-quarter inches in height stating "Bicycle Parking."

For colleges, universities or seminaries, one-half of required enclosed #accessory# bicycle parking spaces may be provided as open unenclosed spaces, provided that such spaces meet the standards of Section 25-812 (Unenclosed bicycle parking spaces), paragraph (b).

All bicycle parking spaces which are #accessory# to #residences# shall be made available for the storage and independent access of the bicycles used by the occupants of such #residences#.

All required bicycle parking spaces which are #accessory# to a #community facility use# shall be made available for the storage and independent access of the bicycles used by the employees of such #use#, except that bicycle parking spaces #accessory# to colleges or universities shall be accessible to all authorized users of such #building#, and that bicycle parking spaces #accessory# to community facilities with sleeping accommodations may be accessible to the occupants of such facility.

Bicycle spaces may be located in a room secured by a lock or similar means, provided that access is through a commonly-accessible area and access is made available to eligible users on an equal basis.

(4/22/09)

25-84

Certification for Off-Site Bicycle Parking Spaces

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, for colleges, universities, seminaries, hospitals and related facilities, except animal hospitals, #accessory# bicycle parking spaces required pursuant to Section 25-811 (Enclosed bicycle parking spaces) may be provided on a #zoning lot# other than the same #zoning lot# as the #use# to which such spaces are #accessory#, provided that the Chairperson of the City Planning Commission certifies to the Department of Buildings that all such bicycle parking spaces are:

- (a) located on a #zoning lot# not further than 1,000 feet from the nearest boundary of the #zoning lot# occupied by the #use# to which they are #accessory#, or within a subsurface parking and other service facility that serves multiple #zoning lots#, including the #zoning lot# occupied by the

#use# to which they are #accessory#; and

- (b) subject to deed restrictions filed in an office of record, binding the owner and his heirs and assigns to maintain the required number of spaces as accessible throughout the life of the #use# generating the #accessory# bicycle parking spaces.

A plaque shall be placed within 30 feet of a #building# entrance, with lettering at least three-quarter inches in height stating "Bicycle Parking" followed by information directing users to the address of the off-site location.

The number of off-site #accessory# bicycle parking spaces provided pursuant to this Section and the area of such bicycle parking spaces, in square feet, shall be noted on the certificate of occupancy for both the #building# in which the off-site bicycle parking spaces are located, and the #building# containing the #use# to which such bicycle parking spaces are #accessory#.

(2/2/11)

25-85

Floor Area Exemption

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, space provided for enclosed #accessory# bicycle parking spaces pursuant to the standards of this Section, shall be excluded from the calculation of #floor area#, provided that:

- (a) the space excluded from #floor area# does not exceed an amount equal to 15 square feet multiplied by the number of required spaces or, if spaces are waived pursuant to paragraphs (a), (b), (c) or (d) of Section 25-811 (Enclosed bicycle parking spaces), the number that would have been required but for the waiver, or, if spaces are not required because the #building# was constructed prior to April 22, 2009, the number that would be required if such #building# were newly constructed; and
- (b) the #accessory# bicycle parking spaces provided meet the standards for required bicycle parking of Section 25-83 (Restrictions on Operation, Size and Location of Enclosed Bicycle Parking Spaces).

Notwithstanding the provisions of paragraph (a) of this Section,

for the #uses# listed in the table, the amount of space that may be excluded from the calculation of #floor area# shall not exceed an amount equal to 15 square feet multiplied by the number of spaces set forth in the table.

MAXIMUM BICYCLE PARKING SPACES
EXCLUDED FROM FLOOR AREA

Type of #Use#	Maximum Bicycle Parking Spaces Excluded from #Floor Area# in Relation to Specified Unit of Measurement
FOR RESIDENTIAL USES	
#Non-profit residences for the elderly# or #dwelling units# for the elderly as specified in Section 25-25(d)	1 per 2,000 square feet of #floor area#
FOR COMMUNITY FACILITY USES	
Philanthropic or non-profit institutions with sleeping accommodations	1 per 2,000 square feet of #floor area#
Proprietary, non-profit or voluntary hospitals and related facilities, except animal hospitals	1 per 5,000 square feet of #floor area#

However, in no event shall this Section apply to #single-# or #two-family residences# and in no event shall this Section apply to #accessory# bicycle parking spaces provided off-site pursuant to Section 25-84 (Certification for Off-Site Bicycle Parking Spaces).

Space provided for #accessory# bicycle parking spaces within an #accessory group parking facility# shall not be counted as #floor area# provided that such portion of the #accessory group parking facility# does not count as #floor area#.

(4/22/09)

25-86

Waiver or Reduction of Spaces for Subsidized Housing

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except in the Special Southern Hunters Point District, the number of required bicycle parking spaces set forth in Section 25-811 (Enclosed bicycle parking spaces) may be reduced or waived by the Commissioner of Buildings, provided that the Commissioner of the Department of Housing Preservation and Development has submitted a letter certifying that:

- (a) at least 50 percent of the #dwelling units# in the #building# or #building segment# will be income-restricted pursuant to the provisions of Section 23-90 (INCLUSIONARY HOUSING PROGRAM) or pursuant to the terms of a grant, loan or subsidy from any Federal, State or local agency or instrumentality, including, but not limited to, the disposition of real property for less than market value, purchase money financing, construction financing, permanent financing, the utilization of bond proceeds and allocations of low income housing tax credits. An exemption or abatement of real property taxes shall not qualify as a grant, loan or subsidy for the purposes of this paragraph;
- (b) there is insufficient space within the #building# to accommodate the required number of bicycle parking spaces on or below the first #story# of the #building#, including within an enclosed #accessory group parking facility#;
- (c) if permitted automobile parking spaces are provided, the required bicycle spaces cannot be accommodated within an enclosed #group parking facility# by reconfiguring automobile parking spaces or removing three or fewer permitted automobile parking spaces;
- (d) additional space cannot reasonably be constructed based on the amount of subsidy available to the project; and
- (e) the number of required bicycle parking spaces is being reduced by the minimum amount necessary to address these limitations.

Chapter 6

Special Urban Design Guidelines - Streetscape

Special Requirements for Developments in R9 and R10 Districts, Developments with Private Roads and Street Tree Planting

(2/2/11)

26-00

Applicability of this Chapter

The regulations of this Chapter shall apply:

- (a) in R9 and R10 Districts, to #developments#, as defined in Section 26-13, as set forth in Section 26-10 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS IN R9 AND R10 DISTRICTS). However, the provisions of Section 26-10 shall not apply within any Special Purpose District or to any #Quality Housing building#;
- (b) in R3, R4 and R5 Districts, to #zoning lots# with #buildings# accessed by #private roads#, as set forth in Section 26-20 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS), except where such #zoning lots#:
 - (1) consist entirely of #single-family detached residences#;
 - (2) are accessed by #private roads# that existed on February 6, 2002; or
 - (3) are located within #lower density growth management areas#, in which case the provisions of paragraph (c) of this Section shall apply;
- (c) in #lower density growth management areas#, to #zoning lots# with #buildings# accessed by #private roads#, as set forth in Section 26-30 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS IN LOWER DENSITY GROWTH MANAGEMENT AREAS); and
- (d) #developments#, #enlargements# or #conversions# in all districts, as applicable, as set forth in Section 26-40 (STREET TREE PLANTING AND PLANTING STRIP REQUIREMENTS).

(2/2/11)

26-10

SPECIAL REQUIREMENTS FOR DEVELOPMENTS IN R9 AND R10 DISTRICTS

In R9 and R10 Districts, an application to the Department of Buildings for a permit respecting any #development# shall include a plan and an elevation, drawn to a scale of at least one-sixteenth inch to a foot, of the new #building# and #buildings# on #contiguous lots# or #contiguous blocks# showing #arcades#, #street wall# articulation, curb cuts, #street# trees, sidewalk paving, a central refuse storage area and such other necessary information as may be required by the Commissioner of Buildings.

(2/2/11)

26-11

General Purposes

The urban design guidelines are established to strengthen, at street level, the relationship of developments with existing buildings and to improve the quality of the streetscape by:

- (a) maintaining the visual continuity of developments at street level;
- (b) enhancing the visual character of the neighborhood; and
- (c) reducing conflict between pedestrian and vehicular circulation.

(2/2/11)

26-12

General Purposes of Sections 26-13 through 26-17

In harmony with the general purposes and intent of this Resolution and the general purposes of Section 26-11, the regulations of Sections 26-11 through 26-17, inclusive, are intended to:

- (a) guide the location of arcades to assure horizontal continuity of developments with existing building arcades and to maintain visual continuity at street level;
- (b) require transparency and/or articulation of front walls to improve the visual quality of the street;

- (c) improve the quality of the street environment;
- (d) limit the number and location of curb cuts, minimizing undue conflict between pedestrian and vehicular movements; and
- (e) eliminate trash on sidewalks by requiring central refuse storage areas within the zoning lot.

(2/2/11)

26-13

Definitions

For the purposes of Sections 26-10 through 26-17, inclusive, the following definitions shall apply:

Contiguous block

A "contiguous block" is a #block# containing one or more #zoning lots# separated by a #narrow street# from the #block# containing the #development#.

Contiguous lot

A "contiguous lot" is a #zoning lot# that shares a common #side lot line# with the #zoning lot# of the #development#.

Development

In addition to the definition of #development# set forth in Section 12-10 (DEFINITIONS), "development" shall also include an #enlargement# involving an increase in #lot coverage#.

(2/2/11)

26-14

Horizontal Continuity

Horizontal continuity regulations set forth in this Section are intended to relate #developments# with existing #buildings#, at #street# level, in order to maintain visual and functional continuity relating to the following aspects.

(10/17/07)

26-141

Arcades

#Arcades# shall be bonused only where the #zoning lot# of a #development# occupies:

- (a) the entire #street line# of a #block# and when the #arcade# extends the full length of such #street# frontage; or
- (b) a portion of the #street line# of a #block# and the contiguous #zoning lot# contains an #arcade# extending the full length of the #street# frontage, and no walls are existing where the two #arcades# abut; or where the contiguous #zoning lot# is vacant. Such #arcade# shall be located at the same elevation as the existing #arcade#.

#Arcades# may be interrupted by a bonusable #open space# such as a #publicly accessible open area#.

(2/2/11)

26-142

Street wall articulation

When any #building# wall of a #development# that is five feet or more in height adjoins a sidewalk, a #public plaza# or an #arcade#, at least 25 percent of the total surface area of such walls between #curb level# and 12 feet above #curb level# or to the ceiling of the ground floor, whichever is higher, or to the full height of the wall if such wall is less than 12 feet in height, shall be transparent. The lowest point at any point of any transparency that is provided to satisfy the requirements of this Section shall not be higher than four feet above the #curb level#.

Door or window openings within such walls shall be considered as transparent. Such openings shall have a minimum width of two feet.

In addition, any portion of such #building# wall, 50 feet or more in width, which contains no transparent element between #curb level# and 12 feet above #curb level# or the ceiling of the ground floor, whichever is higher, or to its full height if such wall is less than 12 feet in height, shall be covered with vines or similar planting or contain artwork or be treated so as to provide visual relief. Plantings shall be planted in soil having

a depth of not less than 2 feet, 6 inches, and a minimum width of 24 inches. If artwork is being used, approval by the New York City Art Commission shall be obtained prior to the certificate of occupancy being issued for the #development#.

(2/6/02)

26-15

Curb Cuts

No curb cuts are permitted on #wide streets#. Curb cuts are permitted along #narrow streets# provided that no #zoning lot# has more than one curb cut on any #narrow street# frontage.

Additional curb cuts, in excess of one for each #narrow street# frontage, for #zoning lots# in excess of 30,000 square feet of #lot area#, or curb cuts on #wide streets# for #zoning lots# that have no #narrow street# frontage may be allowed, provided that the City Planning Commission and the Department of Transportation certify to the Commissioner of Buildings that such additional curb cuts will not result in conflict between pedestrian and vehicular circulation and will result in a good overall site plan.

An application to the Commission for certification respecting any additional curb cut shall be made on a standard application form for such certification and shall be accompanied by a site plan drawn to a scale of at least one sixteenth inch to a foot, showing the size and location of the proposed curb cut. The Commission shall furnish a copy of the application for such certification to the affected Community Board at the earliest possible stage and will give due consideration to their opinion as to the appropriateness of such curb cuts.

In cases where a #zoning lot# has no #narrow street# frontage, the Commission may waive the applicable #accessory# off-street parking requirements of Section 25-23 (Requirements Where Group Parking Facilities Are Provided).

The parking requirements set forth in Sections 25-21, 25-31 or 36-31 shall not apply to any #development# for which the Commissioner of Buildings has certified that there is no way to provide the required parking spaces with access to a #street# in conformity with the provisions of this Section.

(2/2/11)

26-16

Central Refuse Storage Area

All #developments# shall provide facilities for central trash storage within the #zoning lot#. Where such facilities are provided outside of a #building#, such facilities shall be screened by an enclosure containing materials compatible with the materials of the front #building# wall of the #development#.

In all cases, there shall be an area for central trash collection provided at the rate of 75 square feet for uncompressed garbage or 50 square feet for compressed garbage for each 10,000 square feet of #lot area#. Such area shall be ventilated.

(2/6/02)

26-17

Streetscape Modifications

The City Planning Commission may, by certification to the Commissioner of Buildings, allow modifications of the requirements of this Chapter. Such modifications will be allowed when the Commission finds that such modifications will enhance the design quality of the #development#.

(2/2/11)

26-20

SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS

To provide for the orderly development of #residences# that are distant from #streets#, site planning requirements are established in Sections 26-20 through 26-27, inclusive. The regulations of this Section are intended to:

- (a) optimize vehicular access within and among #zoning lots# containing #private roads#;
- (b) regulate the size of and distance between curb cuts to minimize undue conflict between pedestrian and vehicular movement;
- (c) provide for sidewalks to facilitate social interaction and enhance pedestrian safety; and

- (d) provide for tree planting along #private roads# in order to enhance the visual and environmental character of the neighborhood.

(2/2/11)

26-21

Requirements for Private Roads

#Private roads# shall consist of a paved road bed constructed to minimum Department of Transportation standards for public #streets#, including curbs and curb drops. The minimum width of a #private road# shall be 38 feet from curb to curb along its entire length or, where at least three #accessory# parking spaces are provided for every two #dwelling units# and no such spaces are located within the bed of a #private road#, the minimum width shall be 34 feet. The entrance to any #group parking facility# may be narrower than such minimum widths for a distance not to exceed 20 feet, and a #private road# may contain a landscaped median provided the paved width of such #private road# meets the minimum width required exclusive of such medians. The City Planning Commission may modify the required width of a #private road#, pursuant to Section 26-26 (Modification and Waiver Provisions).

(2/6/02)

26-22

Requirements for Curbs and Curb Cuts

Curbs shall be provided along each side of the entire length of a #private road#.

A curb cut, excluding splays, from a #street# to a #private road# may be as wide as such #private road#. Curb cuts providing access from #private roads# to parking spaces located outside the road bed of the #private road# shall not exceed a width of 18 feet, including splays.

A minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts.

(4/30/08)

26-23**Requirements for Planting Strips and Trees**

A minimum three-foot wide planting strip shall be provided adjacent to and along the entire length of the required curb. Within the required planting strip, one tree of at least three inches in caliper shall be planted for every 25 feet of length of such planting strip.

Driveways are permitted to traverse such planting strips, and utilities are permitted to be located within such planting strips.

(2/6/02)

26-24**Requirements for Sidewalks**

A minimum four-foot wide paved sidewalk shall be provided adjacent to and along the entire length of the required planting strips. However, no sidewalk shall be required along that side of a #private road# that does not have a #building# wall facing it.

(2/6/02)

26-25**Requirements for Open Areas Between Required Sidewalks and Buildings**

An area open to the sky at least five feet in depth shall be provided between a required sidewalk and any #building#, except that any driveway or parking space located within such open area shall have a depth of at least 18 feet measured perpendicular to such sidewalk. Such open area shall be planted except for parking spaces and entryways to #buildings#. Where an open area at least 18 feet in depth is required, overhangs of #buildings# above the first #story# that project not more than three feet into the required open area are permitted, provided the lowest level of the overhang is at least seven feet above grade at the face of the #building#. Supports for such overhang are permitted, provided that the total area occupied by such supports does not exceed 15 percent of the area underneath the overhang.

(2/2/11)

26-26

Modification and Waiver Provisions

- (a) The City Planning Commission may, by authorization, allow modifications to, or waivers of, the requirements of Sections 26-20 through 26-27, inclusive, provided that:
- (1) such modifications or waivers will enhance the design quality of the #zoning lot#;
 - (2) any decrease in the required width of the paved road bed is in conjunction with a superior parking plan that would not be feasible with a wider road bed; and
 - (3) any decrease in the required width of the paved road bed will result in the preservation of existing natural features or a superior landscaping plan that would not be feasible with a wider road bed.

No modification or waiver may be granted which would waive or decrease the width of the paved road bed to less than 34 feet.

- (b) The City Planning Commission may, by authorization, allow modifications to, or waivers of, the requirements of Sections 26-20 through 26-27, inclusive, for #zoning lots# within the #Special South Richmond Development District#, that:
- (1) contain #designated open space# and a portion of the #waterfront esplanade#, where such #zoning lots#:
 - (i) have been granted an authorization pursuant to Section 107-65 (Modifications of Existing Topography) within one year prior to February 6, 2002; or
 - (ii) are conditioned upon a restrictive declaration that has received a minor modification by the City Planning Commission; or
 - (2) are located wholly or partially within Area M and have filed an application for an authorization pursuant to Section 107-69 (Residential Uses in Area M) within one year prior to February 6, 2002; or
 - (3) have been granted authorizations pursuant to Section 107-64 (Removal of Trees) and 107-65 and are located on

a #zoning lot# where a change in the City Map has been approved within three years prior to February 6, 2002, and where certified copies of the alteration map for such change in the City Map have not yet been filed in accordance with Section 198, subsection (c), of the New York City Charter, as of February 6, 2002.

In order to authorize such modifications or waivers pursuant to this paragraph, (b), the Commission shall find that such #zoning lots# will be #developed# pursuant to a good site plan, and that adequate access to all #dwelling units#, adequate parking spaces located outside of the roadbed of the #private road#, adequate spacing of all curb cuts and adequate landscaping will be provided.

(2/2/11)

26-27

Waiver of Bulk Regulations within Unimproved Streets

In R3, R4 and R5 Districts, and in C1 and C2 Districts mapped within R3, R4 and R5 Districts, and in C3 Districts, the City Planning Commission may authorize the waiver of #bulk# regulations for:

- (a) #zoning lots# with #private roads# that access at least 20 #dwelling units# consisting in part of construction within #streets# that are unimproved and for which the Board of Standards and Appeals has granted a permit pursuant to Section 35 of the General City Law; and
- (b) #zoning lots# with #private roads# that access fewer than 20 #dwelling units# consisting in part of construction within #streets# that are unimproved and for which the Board of Standards and Appeals has granted a permit pursuant to Section 35 of the General City Law and where such #zoning lot# has received an authorization pursuant to paragraph (a) of Section 26-26;

The Commission may authorize the waiver of #bulk# regulations affected by such #streets# where #buildings# would be #non-complying# absent such waiver, provided the Board of Standards and Appeals has prescribed conditions pursuant to Section 35 of the General City Law which require the #buildings# or portions thereof to be located within the unimproved #streets# to be compliant and conforming to the provisions of this Resolution. Such waivers shall only be as necessary to address #non-compliance# resulting from the location of the #buildings# within

and outside the unimproved #streets#.

The Commission shall find that the #private roads# are adequate to serve present and future transportation needs and that, through the grant of such waivers, the #development# complies to the maximum extent feasible with all applicable zoning regulations as if such unimproved #streets# were not mapped, and that the #private road# system results in a good site plan.

(2/2/11)

26-30

SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS IN LOWER DENSITY GROWTH MANAGEMENT AREAS

For all #zoning lots# with #buildings# accessed by #private roads# in #lower density growth management areas#, the provisions of Sections 26-20 through 26-27, inclusive, shall apply. In addition, such regulations are supplemented or superseded in accordance with the provisions of this Section.

(8/12/04)

26-31

Yards

For the purposes of this Section, a #private road# shall be considered to be a #street#, and a line seven feet from and parallel to the required curb of the #private road# shall be considered to be a #street line#, and the applicable #yard# regulations of Sections 23-40, inclusive, and 23-51, et seq., shall be applied accordingly. However, no #yard# shall be required along that side of a #private road#, or portion thereof, that does not have a #building# wall facing it. Furthermore, where a #building# on a #through lot# fronts upon a #street# and a #private road#, one #front yard# shall have a depth of at least 30 feet. Where such 30 foot #front yard# adjoins a #street#, such #yard# shall include a landscaped strip at least eight feet wide to screen the #yard# from such #street#, densely planted with evergreen shrubs at least four feet high at time of planting, and of a type expected to form a year-round dense screen at least six feet high within three years.

(4/30/08)

26-32

Minimum Distance between Walls and Lot Lines

- (a) Except in the Borough of Staten Island, the minimum distances set forth in Section 23-711 (Standard minimum distance between buildings) shall not apply between two #buildings# where each such #building# faces a #front yard# required pursuant to Section 26-31. In lieu thereof, such #buildings# shall be at least 13 feet apart.
- (b) For the purposes of applying the provisions of Section 23-88 (Minimum Distance Between Lot Lines and Building Walls), the required curb of the #private road# shall be considered to be a #street line#.

(8/12/04)

26-33

Entrances, Parking Location and Curb Cuts

The entrances and exits of all #private roads# shall be located not less than 50 feet from the intersection of any two #street lines#.

No required #accessory# off-street parking spaces shall be located between the required curbs of a #private road#, except where such spaces:

- (a) are perpendicular to the roadbed;
- (b) are located on only one side of a #private road# or portion of a #private road#, so that no such spaces are located on opposite sides of the road bed or within 20 feet of being opposite to one another; and
- (c) are within rows of not more than 10 adjacent spaces. Such rows shall be separated one from another by a planting strip at least 18 feet deep and eight feet wide, within which a tree of at least three-inch caliper is planted.

All #accessory# off-street parking spaces shall comply with the parking location and curb cut regulations set forth in Section 25-632. For the purposes of applying such regulations, the #private road# shall be considered to be a #street#. In addition, the provisions of Sections 25-64 (Restrictions on Use of Open Space for Parking) and 25-66 (Screening) shall apply.

(2/2/11)

26-34

Lighting, Signage and Crosswalks

All #private roads# shall provide street lighting, street signage and crosswalks to minimum Department of Transportation standards for public #streets#.

(8/12/04)

26-35

Screening

All #private roads# shall be screened from adjoining #zoning lots# by a landscaped strip at least eight feet wide, and all open off-street parking areas with five or more spaces shall be screened from adjoining #zoning lots# by a landscaped strip at least four feet wide. Such landscaped strips shall be densely planted with evergreen shrubs at least four feet high at time of planting, and of a type that may be expected to form a year-round dense screen at least six feet high within three years. Such screening shall be maintained in good condition at all times.

(2/2/11)

26-36

Modification and Waiver Provisions

Except in the Borough of Staten Island, the City Planning Commission may, by authorization, allow modifications to, or waivers of, the requirements of Sections 26-30 through 26-35, inclusive, provided that the depth of a #rear yard# shall not be less than 15 feet and the depth of a #front yard# shall not be less than five feet. In order to authorize such modifications or waivers, the Commission shall find that:

- (a) such modifications result in a site plan that provides sufficient open areas for the residents;
- (b) any reduction in open areas shall be permitted only where the Commission finds that a good site plan has been provided that includes a superior landscaping plan; and
- (c) such modifications will not impair the essential character

of the surrounding area.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(4/30/08)

26-40

STREET TREE PLANTING AND PLANTING STRIP REQUIREMENTS

(2/2/11)

26-41

Street Tree Planting

In accordance with applicability requirements of underlying district regulations, one #street# tree, pre-existing or newly planted, shall be provided for every 25 feet of #street# frontage of the #zoning lot#. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such trees shall be planted at approximately equal intervals along the entire length of the curb of the #street# adjacent to the #zoning lot#.

Where the Department of Parks and Recreation determines that such tree planting would be infeasible adjacent to the #zoning lot#, or in historic districts where the Landmarks Preservation Commission determines that such tree planting would not be in character with the historic district, such tree shall be planted in an alternative location, to be selected by the Department of Parks and Recreation, except that if the Department of Parks and Recreation determines that no alternative location is available, or if no alternative location is provided within 30 days of an application for a Department of Parks and Recreation permit, such off-site tree shall be waived. Off-site trees shall be planted at alternative locations within:

- (a) an existing empty #street# tree pit or planting strip; or
- (b) an unpaved area owned by the City of New York.

All such alternative locations shall be within the Community District or one-half mile of such #zoning lot#.

In lieu of planting an off-site tree in an available alternative

location, or in the event that planting adjacent to the #zoning lot# cannot be completed due to the season, funds equivalent to the cost of planting such tree, as established by rule of the Department of Parks and Recreation, may be deposited in an account of the City of New York. Such funds shall be dedicated to the planting of #street# trees by the City at an alternative location or, in the case of an off-season deposit, in front of the #zoning lot# at the next appropriate planting season.

The species and caliper of all #street# trees shall be determined by the Department of Parks and Recreation, and all such trees shall be planted in accordance with the #street# tree planting standards of the Department of Parks and Recreation.

(4/30/12)

26-42

Planting Strips

In accordance with applicability requirements of underlying district regulations, the owner of the #development#, #enlargement# or #converted building# shall provide and maintain a planting strip. #Street# trees required pursuant to Section 26-41 shall be planted within such planting strip. In addition to such #street# trees, such strip shall be fully planted with grass or groundcover, except as provided in Section 26-421. Such planting strip shall be located adjacent to, and extend along, the entire length of the curb of the #street#. However, in the event that both adjoining properties have planting strips adjacent to the #front lot line#, such planting strip may be located along the #front lot line#. The width of such planting strip shall be the greatest width feasible given the required minimum paved width of the sidewalk on #street# segments upon which the #building# fronts, except that no planting strip less than six inches in width shall be required.

(4/30/12)

26-421

Modifications of planting strip requirements

Driveways are permitted to traverse planting strips. Planting strips may be interrupted by utilities and paved areas required for bus stops.

On #zoning lots# containing #schools#, permeable pavers or

Chapter 8

The Quality Housing Program

(6/29/94)

28-00

GENERAL PURPOSES

The Quality Housing Program is established to foster the provision of multifamily housing that:

- (a) is compatible with existing neighborhood scale and character;
- (b) provides on-site recreation space to meet the needs of its occupants; and
- (c) is designed to promote the security and safety of the residents.

(2/2/11)

28-01

Applicability of this Chapter

The Quality Housing Program is a specific set of standards and requirements for #buildings# containing #residences#. In R6A, R6B, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9D, R9X, R10A or R10X Districts, and in the equivalent #Commercial Districts# listed in Sections 34-111 and 34-112, all such #buildings# shall comply with the Quality Housing Program standards and requirements as set forth in this Chapter. In R5D Districts, only the requirements set forth in Sections 26-41 (Street Tree Planting), 28-23 (Refuse Storage and Disposal), 28-33 (Planting Areas) and 28-53 (Location of Accessory Parking) shall apply.

In other R6, R7, R8, R9 or R10 Districts, and in the equivalent #Commercial Districts# listed in Sections 34-111 and 34-112, #residential developments#, or #residential enlargements# where permitted, electing to use the optional Quality Housing #bulk# regulations in Article II, Chapter 3, shall comply with the Quality Housing Program standards and requirements set forth in

this Chapter.

The provisions of Article VII, Chapter 8 (Large-Scale Residential Developments), are not applicable to #Quality Housing buildings#.

The provisions of this Chapter shall not apply to #dwelling units converted# pursuant to Article I, Chapter 5, unless such #conversions# meet the requirements for #residential developments# of Article II (Residence District Regulations).

(6/29/94)

28-02

Definitions

Vertical circulation core

A "vertical circulation core" is an elevator core (consisting of one or more elevators) or a central stairwell in a non-elevator #building#.

(2/2/11)

28-03

Quality Housing Program Elements

The Quality Housing Program consists of four components: neighborhood impact, #building# interior, recreation space and planting, and safety and security.

The neighborhood impact component controls the effect of the #Quality Housing building# on the neighborhood and includes mandatory #bulk# regulations.

The #building# interior component sets a minimum size of a #dwelling unit#, mandates special refuse storage and disposal systems, and encourages laundry facilities and daylight in corridors.

The recreation and planting component establishes minimum space standards for indoor and outdoor recreation space and requires planting of open areas between the front #building# wall and the #street#.

The safety and security component encourages fewer #dwelling units# per corridor.

Each #Quality Housing building# shall comply with the mandatory requirements of this Chapter.

(8/14/87)

28-10

NEIGHBORHOOD IMPACT

(2/2/11)

28-11

Bulk Regulations

The #bulk# regulations for #Quality Housing buildings# are set forth in the provisions applicable to the Quality Housing Program in Article II, Chapter 3; Article II, Chapter 4; Article III, Chapter 4 and Article III, Chapter 5.

(8/14/87)

28-20

BUILDING INTERIOR

(6/29/94)

28-21

Size of Dwelling Units

A #dwelling unit# shall have an area of at least 400 square feet of #floor area#.

(6/29/94)

28-22

Windows

All windows in the #residential# portion of a #development# or #enlargement# shall be double glazed.

(2/2/11)

28-23

Refuse Storage and Disposal

In R6 through R10 Districts, #developments#, with nine or more #dwelling units# or #rooming units# per #vertical circulation core#, and #enlargements#, #extensions# or #conversions# that result in nine or more #dwelling units# or #rooming units# per #vertical circulation core#, shall comply with the provisions of this Section.

In R5D Districts, #developments# with nine or more #dwelling units# per #zoning lot#, and #enlargements#, #extensions# or #conversions# that result in nine or more #dwelling units# per #zoning lot#, shall comply with the provisions of this Section. Such provisions shall also apply to any #zoning lot# with less than nine units where such #zoning lot# and any adjacent #zoning lot# with a total of nine or more #dwelling units# are #developed# or #enlarged# under common ownership or control.

The storage of refuse shall occur entirely within an enclosed area on the #zoning lot# and appropriate locations within the #zoning lot# shall be delineated for this purpose: at least one for #residential uses# and at least one for #community facility# and #commercial uses#. #Residential# storage and removal locations shall be provided at the rate of 2.9 cubic feet per #dwelling unit# or 1.15 cubic feet per #rooming unit#.

A refuse disposal room of not less than twelve square feet with no dimension less than three feet shall be provided on each #story# that has entrances to #dwelling units# or #rooming units#. Twelve square feet of such refuse storage room shall be excluded from the definition of #floor area#.

(6/29/94)

28-24

Laundry Facilities

If the #building# provides the following, then that portion of the laundry room which is used to meet these minimum requirements shall be excluded from the definition of #floor area#:

(a) at least one washing machine per 20 #dwelling units# or

#rooming units# and at least one dryer per 40 #dwelling units# or #rooming units#;

- (b) such machines are located in a room or rooms with an additional three square feet of unobstructed floor space equipped with chairs and tables for folding laundry for each machine provided;
- (c) such rooms have at least one exterior wall with windows measuring not less than 9.5 percent of the total floor space of the rooms; and
- (d) such windows meet the applicable requirements of Section 24-60 (COURT REGULATIONS AND MINIMUM DISTANCE BETWEEN WINDOWS AND LOT LINES).

(6/29/94)

28-25

Daylight in Corridors

Fifty percent of the square footage of a corridor may be excluded from the definition of #floor area# if a window with a clear, non-tinted, glazed area of at least 20 square feet is provided in such corridor, provided that such window:

- (a) shall be directly visible from 50 percent of the corridor or from the #vertical circulation core#. This standard shall be achieved when a visually unobstructed straight line can be drawn between such corridor, elevator or stairwell, and the window; and
- (b) is located at least 20 feet from a wall or a #side# or #rear lot line# measured in a horizontal plane and perpendicular to the rough window opening.

(8/14/87)

28-30

RECREATION SPACE AND PLANTING AREAS

(2/2/11)

28-31

Required Recreation Space

All #developments#, #enlargements#, #extensions# or #conversions#, with nine or more #dwelling units# or #rooming units#, shall provide at least the minimum amount of recreation space as set forth in the table in this Section.

The amount of recreation space required is expressed as a percentage of the total #residential floor area# of the #development#, #enlargement#, #extension# or #conversion#, and may be aggregated in one type, indoors or outdoors.

The floor space of indoor recreation space provided in accordance with the standards set forth in Section 28-32 (Standards for Recreation Space), not exceeding the amount required in the table, shall be excluded from the definition of #floor area#.

Minimum Required Recreation Space (as a percentage of the #residential floor area#)	District
3.3	R6 R7
2.8	R8 R9 R10

(6/29/94)

28-32

Standards for Recreation Space

- (a) All recreation space shall be accessible to the residents of the #building#. In a mixed use #building#, the recreation space shall be accessible only from the #residential# portion of the #building#.
- (b) The minimum dimension of any recreation space shall be 15 feet. The minimum size of any outdoor recreation space shall be 225 square feet, and the minimum size of any indoor recreation space shall be 300 square feet.
- (c) Outdoor recreation space shall be open to the sky except that #building# projections, not to exceed seven feet in depth, may cover up to ten percent of the outdoor recreation space, provided that the lowest level of the projection is at least ten feet above the level of the outdoor recreation space.
- (d) Any indoor recreation room located in a #story# shall have

at least one exterior wall with windows that measure not less than 9.5 percent of the total floor space of the room and such windows shall meet the applicable requirements of Section 24-60 (COURT REGULATIONS AND MINIMUM DISTANCE BETWEEN WINDOWS AND WALLS OR LOT LINES).

(2/2/11)

28-33

Planting Areas

The area of the #zoning lot# between the #street line# and the #street wall# of the #building# shall be planted at ground level, or in raised planting beds that are permanently affixed to the ground, pursuant to the provisions of Section 23-892 (In R6 through R10 Districts).

(8/14/87)

28-40

SAFETY AND SECURITY

(6/29/94)

28-41

Density per Corridor

If the number of #dwelling units# or #rooming units# served by a #vertical circulation core# and corridor on each #story# does not exceed the number set forth in the following table, 50 percent of the square feet of the corridor serving such #dwelling units# or #rooming units# on such #story# may be excluded from the definition of #floor area#.

#Dwelling units# with entrance doors on more than one corridor (duplex and triplex units), may count each entrance door as a fraction of the total number of doors to such #dwelling unit# when determining the number of #dwelling units# served per corridor.

DENSITY OF
DWELLING UNITS PER CORRIDOR

Number of #Dwelling Units# and #Rooming Units# Served by a Corridor per #Story#	District
11	R6 R7
10	R8
8	R9 R10

(4/14/10)

28-50

PARKING FOR QUALITY HOUSING

Except as modified by the provisions of this Section, #accessory# off-street parking shall be provided as set forth in the applicable underlying district regulations.

(2/2/11)

28-51

Screening

All open #accessory# off-street #group parking facilities# shall be screened from #dwelling units#, adjacent #zoning lots# and #streets# in accordance with paragraph (a) of Section 25-66.

(4/14/10)

28-52

Special Regulations for Off-Site Accessory Parking

Off-site #accessory# parking spaces may be unenclosed, provided that the #zoning lot# on which such spaces are located does not contain a #residential use#.

(4/14/10)

28-53

Location of Accessory Parking

On-site #accessory# off-street parking shall not be permitted between the #street line# and the #street wall# of a #building# or its prolongation.

However, on #through lots# measuring less than 180 feet in depth from #street# to #street#, #accessory# off-street parking may be located between the #street line# and any #street wall# located beyond 50 feet of such #street line#.

Article III
Commercial District Regulations

Chapter 1
Statement of Legislative Intent

(2/26/67)

31-00
GENERAL PURPOSES OF COMMERCIAL DISTRICTS

The Commercial Districts established in this Resolution are designed to promote and protect public health, safety, and general welfare. These general goals include, among others, the following specific purposes:

- (a) to provide sufficient space, in appropriate locations in proximity to residential areas, for local retail development catering to the regular shopping needs of the occupants of nearby residences, with due allowance for the need for a choice of sites;
- (b) to provide appropriate space and, in particular, sufficient depth from a street, to satisfy the needs of modern local retail development, including the need for off-street parking spaces in areas to which a large proportion of shoppers come by automobile, and to encourage the natural tendency of local retail development to concentrate in continuous retail frontage, to the mutual advantage of both consumers and merchants;
- (c) to protect both local retail development and nearby residences against fire, explosions, toxic and noxious matter, radiation, and other hazards, and against offensive noise, vibration, smoke, dust and other particulate matter, odorous matter, heat, humidity, glare, and other objectionable influences;
- (d) to protect both local retail development and nearby residences against congestion, particularly in areas where the established pattern is predominantly residential but includes local retail uses on the lower floors, by regulating the intensity of local retail development, by restricting those types of establishments which generate heavy traffic, and by providing for off-street parking and loading facilities;

- (e) to provide sufficient and appropriate space and, in particular, sufficient depth from the street, to meet the needs of the city's expected future economy for modern commercial floor space in central, major or secondary commercial centers, including the need for off-street parking space in areas where a large proportion of customers come by automobile, with due allowance for the need for a choice of sites, and to encourage the natural tendency of commercial development to concentrate in continuous retail frontage, to the mutual advantage of both consumers and merchants;
- (f) to protect commercial development in central, major or secondary commercial centers, as far as is possible and appropriate in each area, against fire, explosions, toxic and noxious matter, radiation, and other hazards, and against offensive noise, vibration, smoke, dust and other particulate matter, odorous matter, heat, humidity, glare, and other objectionable influences;
- (g) to protect commercial development in central, major or secondary commercial centers against congestion, as far as possible, by limiting the bulk of buildings in relation to the land around them and to one another, by restricting those types of establishments which generate heavy traffic, and by providing for off-street parking and loading facilities;
- (h) to provide sufficient space in appropriate locations for all types of commercial and miscellaneous service activities, with due allowance for the need for a choice of sites;
- (i) to provide freedom of architectural design, in order to encourage the development of more attractive and economic building forms, within proper standards;
- (j) to protect the character of certain designated areas of historic and architectural interest, where the scale of building development is important, by limitations on the height of buildings; and
- (k) to promote the most desirable use of land and direction of building development in accord with a well-considered plan, to promote stability of commercial development, to strengthen the economic base of the City, to protect the character of the district and its peculiar suitability for particular uses, to conserve the value of land and buildings, and to protect the City's tax revenues.

(12/15/61)

31-10

PURPOSES OF SPECIFIC COMMERCIAL DISTRICTS

(12/15/61)

31-11

C1 Local Retail Districts

These districts are designed to provide for local shopping and include a wide range of retail stores and personal service establishments which cater to frequently recurring needs. Since these establishments are required in convenient locations near all residential areas, and since they are relatively unobjectionable to nearby residences, these districts are widely mapped. The district regulations are designed to promote convenient shopping and the stability of retail development by encouraging continuous retail frontage and by prohibiting local service and manufacturing establishments which tend to break such continuity.

(12/15/61)

31-12

C2 Local Service Districts

These districts are designed to provide for a wide range of essential local services not involving regular local shopping. Since these establishments are less frequently visited by customers, they tend to break the continuity of prime retail frontage and, therefore, hamper the development of convenient shopping. The permitted services create relatively few objectionable influences for nearby residential areas.

(12/15/61)

31-13

C3 Waterfront Recreation District

This district is designed to provide for the growing recreational

activities of pleasure boating and fishing by permitting rental, servicing, and storage of boats in appropriate waterfront areas, normally adjacent to residential development.

(12/15/61)

31-14

C4 General Commercial Districts

These districts comprise the City's major and secondary shopping centers, which provide for occasional family shopping needs and for essential services to business establishments over a wide area, and which have a substantial number of large stores generating considerable traffic. The district regulations are designed to promote convenient shopping and the stability of retail development by encouraging continuous retail frontage and by prohibiting service and manufacturing establishments which tend to break up such continuity.

(4/9/81)

31-15

C5 Restricted Central Commercial Districts

These districts are designed to provide for office buildings and the great variety of large retail stores and related activities which occupy the prime retail frontage in the central business district, and which serve the entire metropolitan region. The district regulations also permit a few high-value custom manufacturing establishments which are generally associated with the predominant retail activities, and which depend on personal contacts with persons living all over the region. The district regulations are also designed to provide for continuous retail frontage.

(4/9/81)

31-16

C6 General Central Commercial Districts

These districts are designed to provide for the wide range of retail, office, amusement service, custom manufacturing, and related uses normally found in the central business district and regional commercial centers but to exclude non-retail uses which

generate a large volume of trucking.

(12/15/61)

31-17

C7 Commercial Amusement District

This district is designed to permit large open commercial amusement parks and is mapped in only a few areas.

(12/15/61)

31-18

C8 General Service Districts

These districts are designed to provide for necessary services for a wider area than is served by the Local Service Districts. Since these service establishments often involve objectionable influences, such as noise from heavy service operations and large volumes of truck traffic, they are incompatible with both residential and retail uses. New residential development is excluded from these districts.

(5/13/82)

31-20

SPECIAL MIDTOWN DISTRICT

The regulations regarding C5P, C5-2.5, C5-3.5, C6-4.5, C6-6.5 and C6-7.5 Districts and any other underlying districts within the #Special Midtown District# are set forth in Article VIII, Chapter 1 (Special Midtown District).

(12/15/61)

Chapter 2

Use Regulations

(10/9/13)

32-00

GENERAL PROVISIONS

In order to carry out the purposes and provisions of this Resolution, the #uses# of #buildings or other structures# and the open #uses# of #zoning lots#, or portions thereof, have been classified and combined into Use Groups. A brief statement is inserted at the start of each Use Group to describe and clarify the basic characteristics of that Use Group. Use Groups 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 and 16, including each #use# listed separately therein, are permitted in #Commercial Districts# as indicated in Sections 32-11 to 32-25, inclusive, except that any such #use# which is also an #adult establishment# shall, in addition, be subject to the provisions of Section 32-01 (Special Provisions for Adult Establishments).

In Manhattan Community Districts 1, 2, 3, 4, 5 and 6, Brooklyn Community Districts 1, 2, 6 and 8, and Queens Community Districts 1 and 2, the #conversion# of non-#residential floor area# to #residences# shall be subject to the provisions of Article I, Chapter 5 (Residential Conversion within Existing Buildings), unless such #conversions# meet the requirements for #residences# of Article II (Residence District Regulations).

All districts indicated in Column A shall comply with the regulations for districts indicated in Column B except as set forth in the sections indicated in Column C.

Column A	Column B	Column C
C1 and C2 in R9A	R9	32-43
C1 and C2 in R10A	R10	32-43
C1-8A	C1-8	32-43
C1-9A	C1-9	32-43
C2-7A	C2-7	32-43
C2-8A	C2-8	32-43

C4-6A	C4-6	32-43
C4-7A	C4-7	32-43
C6-1A	C6-1	32-15 32-16 32-17 32-20 32-644

In a C8 District, any #use# listed in Use Group 11A or 16 that involves the production, processing, cleaning, servicing, testing or repair of products, goods, or materials shall conform to the performance standards for M1 Districts as set forth in Sections 42-20 and 42-28 inclusive, relating to Performance Standards.

In C5 and C6 Districts in Manhattan Community Districts 1, 2, 3, 4, 5 and 6, all existing lawful #uses# in Use Groups 17B or E in existing enclosed #buildings# erected prior to December 15, 1961, shall be considered conforming and shall conform to the performance standards for M1 Districts as set forth in Sections 42-20 and 42-28, inclusive, relating to Performance Standards. Such #uses# may be #extended# within #buildings# or into #abutting buildings# on the same #zoning lot#.

Whenever a #use# is specifically listed in a Use Group and also could be construed to be incorporated within a more inclusive #use# listing, either in the same or another Use Group, the more specific listing shall control.

The letters A, B, B1, C, D, E, F, G or H in the Parking Requirement Category following a #use# listed in Sections 32-14 to 32-25, inclusive, refer to the classification of #commercial uses# to determine required #accessory# off-street parking spaces as set forth in the table in Section 36-21 (General Provisions).

The #uses# listed in the various Use Groups set forth in Sections 32-11 to 32-25, inclusive, are also listed in alphabetical order in the Index at the end of this Resolution, for the convenience of those using the Resolution. Whenever there is any difference in meaning or implication between the text of these Use Groups and the text of the Index, the text of these Use Groups shall prevail.

In the area, which as a result of #zoning map# change 840260 ZMM is zoned C6-2A, existing lawful meat markets listed in Use Group 17A, in existing enclosed #buildings# erected prior to December 15, 1961, shall be a conforming #use#.

Special regulations applying in the #waterfront area# are set forth in Article VI, Chapter 2.

Special regulations applying in the #flood zone# are set forth in Article VI, Chapter 4.

The following chart sets forth the Use Groups permitted in the various #Commercial Districts#.

USE GROUPS PERMITTED
IN COMMERCIAL DISTRICTS

(10/13/10)

32-01

Special Provisions for Adult Establishments

In addition to the applicable regulations for the #uses# listed in a permitted Use Group, #adult establishments# shall be subject to the following provisions:

- (a) #Adult establishments# are not permitted in C1, C2, C3, C4, C5, C6-1, C6-2 or C6-3 Districts.
- (b) In C6-4, C6-5, C6-6, C6-7, C6-8, C6-9, C7 or C8 Districts, no #adult establishment# shall be established less than 500 feet from a house of worship, a #school#, a #Residence District#, a C1, C2, C3, C4, C5-1, C6-1, C6-2 or C6-3 District, or a #Manufacturing District#, other than an M1-6M District, in which new #residences# or new #joint living-work quarters for artists# are allowed as-of-right or by special permit or authorization. No provisions or findings of such special permit or authorization which require an assessment of the impact of new #residences# or new #joint living-work quarters for artists# on #commercial# or #manufacturing uses# within a #Manufacturing District# shall be construed as a limitation on the scope of this provision. However, on or after October 25, 1995, an #adult establishment# that otherwise complies with the provisions of this paragraph shall not be rendered #non-conforming# if a house of worship or a #school# is established on or after April 10, 1995, within 500 feet of such #adult establishment#.

- (c) In C6-4, C6-5, C6-6, C6-7, C6-8, C6-9, C7 or C8 Districts, no #adult establishment# shall be established less than 500 feet from a previously established #adult establishment#.
- (d) In C6-4, C6-5, C6-6, C6-7, C6-8, C6-9, C7 or C8 Districts, no more than one #adult establishment# permitted under this Section shall be established on a #zoning lot#.
- (e) In C6-4, C6-5, C6-6, C6-7, C6-8, C6-9, C7 or C8 Districts, #adult establishments# shall not exceed, in total, 10,000 square feet of #floor area# and #cellar# space not used for enclosed storage or mechanical equipment.
- (f) #Adult establishments# which were established on October 25, 1995, and conform to all provisions of the Zoning Resolution relating to #adult establishments# other than the provisions of all or any combination of paragraphs (c), (d), and (e) of this Section, shall not be subject to the provisions of Section 52-77 (Termination of Adult Establishments).

For purposes of this Section, an #adult establishment# shall be established upon the date of a permit issued by the Department of Buildings therefor, or, in the case of an #adult establishment# in existence prior to August 8, 2001, as determined by the Department of Buildings, subject to rules as the Department of Buildings may prescribe regarding the failure to perform work authorized under a permit or to commence operation pursuant to a permit and the discontinuance of an #adult establishment#.

(12/15/61)

32-10

USES PERMITTED AS-OF-RIGHT

(1/18/11)

32-11

Use Groups 1 and 2

C1 C2 C3 C4 C5 C6

Use Groups 1 and 2, as set forth in Section 22-11 and Section 22-12. However, in C3A Districts, Use Group 2 shall be limited to #single#-or #two-family detached# or #zero lot line residences#.

In #lower density growth management areas# in the Borough of

Staten Island, except C3A Districts, Use Groups 1 and 2 shall be permitted only within #mixed buildings#. However, no #residences# shall be allowed on the following #zoning lots#, except by special permit pursuant to Section 74-49 (Residential Use in C4-1 Districts in The Borough of Staten Island):

- (a) any #zoning lot# in a C4-1 District, where such district occupies at least four acres within a #block#; or
- (b) any other #zoning lot# in a C4-1 District, where such #zoning lot# had a #lot area# greater than 20,000 square feet on December 21, 2005, or on any subsequent date.

(7/6/72)

32-12

Use Group 3

C1 C2 C3 C4 C5 C6

Use Group 3, as set forth in Section 22-13.

(7/6/72)

32-13

Use Group 4

C1 C2 C3 C4 C5 C6 C8

Use Group 4, as set forth in Section 22-14.

(8/17/90)

32-14

Use Group 5

C1* C2** C4 C5 C6 C8

Use Group 5 consists of hotels used primarily for transient occupancy.

A. Transient Accommodations

#Hotels, transient# [PRC-H]

B. #Accessory Uses#

- * In a C1-1, C1-2, C1-3 or C1-4 District, a #transient hotel# shall not be permitted.
- ** In a C2-1, C2-2, C2-3 or C2-4 District, each #transient hotel# shall be located on a #zoning lot# in whole or in part within a 1,000 foot radius of the entrance or exit of a limited-access expressway, freeway, parkway, or highway, all of which prohibit direct vehicular access to abutting land and provide complete separation of conflicting traffic flows, measured from the centerline of the entrance or exit ramp at its intersection with the nearest adjacent #street#.

(3/26/14)

32-15

Use Group 6

C1 C2 C4 C5 C6 C8

Use Group 6 consists primarily of retail stores and personal service establishments which:

- (1) provide for a wide variety of local consumer needs; and
- (2) have a small service area and are, therefore, distributed widely throughout the City.

Public service establishments serving small areas are also included. Retail and service establishments are listed in two subgroups, both of which are permitted in all C1 Districts.

The #uses# listed in subgroup A are also permitted within a #large-scale residential development# to provide daily convenience shopping for its residents.

A. Convenience Retail or Service Establishments

Bakeries, provided that #floor area# used for production shall be limited to 750 square feet per establishment [PRC-B]

Barber shops [PRC-B]

Beauty parlors [PRC-B]

Drug stores [PRC-B]

Dry cleaning or clothes pressing establishments or receiving stations dealing directly with ultimate consumers, limited to 2,000 square feet of #floor area# per establishment, and provided that only solvents with a flash point of not less than 138.2 degrees Fahrenheit shall be used, and total aggregate dry load capacity of machines shall not exceed 60 pounds [PRC-B]

Eating or drinking establishments, including those which provide outdoor table service or have music for which there is no cover charge and no specified showtime, and those which have #accessory# drive-through facilities² [PRC-B]

Food stores, including supermarkets, grocery stores, meat markets, or delicatessen stores [PRC-Either A or B³]

Hardware stores [PRC-B]

Laundry establishments, hand or automatic self-service [PRC-B¹]

Liquor stores, package [PRC-B]

Post offices [PRC-H]

Shoe or hat repair shops [PRC-B]

Stationery stores [PRC-B]

Tailor or dressmaking shops, custom [PRC-B]

Variety stores, limited to 10,000 square feet of #floor area# per establishment [PRC-B]

B. Offices

Offices, business, professional including ambulatory diagnostic or treatment health care, or governmental [PRC-B1]

Veterinary medicine for small animals, provided all activities are conducted within a #completely enclosed building#; where such #building# contains a #residential use#, no access shall be from an entrance serving the #residential# portion [PRC-B1]

C. Retail or Service Establishments

Antique stores [PRC-B]

Art galleries, commercial [PRC-B]

Artists' supply stores [PRC-B]

Automobile supply stores, with no installation or repair services [PRC-B]

Banks, including drive-in banks [PRC-B]

Bicycle sales [PRC-B]

Book stores [PRC-B]

Candy or ice cream stores [PRC-B]

Carpet, rug, linoleum or other floor covering stores, limited to 10,000 square feet of #floor area# per establishment [PRC-B1]

Cigar or tobacco stores [PRC-B]

Clothing or clothing accessory stores, limited to 10,000 square feet of #floor area# per establishment [PRC-B]

Clothing rental establishments, limited to 10,000 square feet of #floor area# per establishment [PRC-B]

Docks for ferries, other than #gambling vessels#, limited to an aggregate operational passenger load, per #zoning lot#, of 150 passengers per half hour. In Community District 1 in the Borough of Brooklyn, docks for ferries with a vessel capacity of up to 399 passengers shall be allowed, provided that such docks are certified by the Chairperson of the City Planning Commission pursuant to Section 62-813 (Docking facilities for ferries or water taxis in certain waterfront areas). The maximum dock capacity is the U. S. Coast Guard-certified capacity of the largest vessel using the dock [PRC-H]

Docks for water taxis, with a vessel capacity of up to 99 passengers. In Community District 1 in the Borough of Brooklyn, such docks shall be certified by the Chairperson of the City Planning Commission pursuant to Section 62-813 (Docking facilities for ferries or water taxis in certain waterfront areas). The maximum dock capacity is the U. S. Coast Guard-certified capacity of the largest vessel using

the dock

Docks or mooring facilities for non-commercial pleasure boats [PRC-H]

Dry goods or fabrics stores, limited to 10,000 square feet of #floor area# per establishment [PRC-B]

Eating or drinking establishments with entertainment, but not dancing, with a capacity of 200 persons or fewer⁴ [PRC-B]

Eating or drinking establishments with musical entertainment but not dancing, with a capacity of 200 persons or fewer [PRC-B]

Electrolysis studios [PRC-B]

Fishing tackle or equipment, rental or sales [PRC-B1]

Florist shops [PRC-B]

Frozen food lockers¹ [PRC-B]

Furniture stores, limited to 10,000 square feet of #floor area# per establishment [PRC-B1]

Furrier shops, custom [PRC-B]

Gift shops [PRC-B]

Interior decorating establishments, provided that #floor area# used for processing, servicing or repairs shall be limited to 750 square feet per establishment [PRC-B]

Jewelry or art metal craft shops [PRC-B]

Leather goods or luggage stores [PRC-B]

Loan offices¹ [PRC-B1]

Locksmith shops¹ [PRC-B]

Medical or orthopedic appliance stores [PRC-B]

Meeting halls¹ [PRC-D]

Millinery shops [PRC-B]

Music stores [PRC-B]

Newsstands, open or enclosed [PRC-B]

Optician or optometrist establishments [PRC-B]

Paint stores [PRC-B]

Pet shops [PRC-B]

Photographic equipment or supply stores [PRC-B]

Photographic studios [PRC-B]

Picture framing shops [PRC-B]

Record stores [PRC-B]

Seed or garden supply stores [PRC-B]

Sewing machine stores, selling household machines only [PRC-B]

Shoe stores [PRC-B]

Sporting or athletic stores [PRC-B]

Stamp or coin stores [PRC-B]

Telegraph offices [PRC-B]

Television, radio, phonograph or household appliance stores, limited to 10,000 square feet of #floor area# per establishment [PRC-B]

Toy stores [PRC-B]

Travel bureaus [PRC-B]

Typewriter stores [PRC-B]

Wallpaper stores [PRC-B]

Watch or clock stores or repair shops [PRC-B]

D. Public Service Establishments⁵

Court houses [PRC-C]

Electric or gas utility substations, open or enclosed, limited in each case to a site of not more than 10,000

square feet¹

Fire or police stations [PRC-C]

Public utility stations for oil or gas metering or regulating¹

Solar energy systems

Telephone exchanges or other communications equipment structures. In all districts the height above #curb level# of such structures not existing on December 15, 1961, shall not exceed that attributable to #commercial buildings# of equivalent #lot coverage#, having an average floor to floor height of 14 feet above the lobby floor which may be as much as 25 feet in height. For the purpose of making this height computation, the gross area of all floors of the #building# including accessory mechanical equipment space except the #cellar# shall be included as #floor area#. Such height computation for the structure shall not preclude the ability to utilize unused #floor area# anywhere on the #zoning lot# or by special permit, subject to the normal provisions of the Resolution.

Terminal facilities at river crossings for access to electric, gas, or steam lines¹

Water or sewage pumping stations¹

E. Clubs

Non-commercial clubs, without restrictions on activities or facilities except for any activity or #use# listed within the definitions of either #adult physical culture establishments# or #physical culture or health establishments# in Section 12-10 [PRC-D]

F. #Accessory Uses#

¹ In C5 Districts, a #use# in Use Group 6, marked with an asterisk, shall not be located on the ground floor of a #building# unless such #use# is at least 50 feet from the #street wall# of the #building# in which it is located, as provided in Section 32-423 (Limitation on ground floor location)

² Eating or drinking places with #accessory# drive-through facilities shall be permitted in C1

Districts only as provided in Section 73-243, and shall not be permitted in C5 Districts

- 3 Food stores with 2,000 square feet or more of #floor area# per establishment are classified in parking requirement category A and food stores with less than 2,000 square feet of #floor area# are classified in parking requirement category B, pursuant to Section 36-21 (General Provisions)
- 4 Permitted in C1-1, C1-2, C1-3, C1-4, C2-1, C2-2, C2-3, C2-4, C3 and C5 Districts, only as provided in Section 73-241
- 5 In a C6-1A District, #uses# in Use Group 6D are not permitted

(4/30/12)

32-16

Use Group 7

C2 C6* C8

Use Group 7 consists primarily of home maintenance or repair services which:

- (1) fulfill recurrent needs of residents in nearby areas;
- (2) have a relatively small service area and are, therefore, widely distributed throughout the City; and
- (3) are incompatible in primary retail districts since they break the continuity of retail frontage.

A. Transient Accommodations

#Motels#, #tourist cabins# or #boatels# [PRC-H]

In C2 Districts, each #motel# or #tourist cabin# shall be located on a #zoning lot# in whole or in part within a 1,000 foot radius of the entrance or exit of a limited-access expressway, freeway, parkway or highway, all of which prohibit direct vehicular access to abutting land and provide complete separation of conflicting traffic flows, measured from the centerline of the entrance or exit ramp at its intersection with the nearest adjacent #street#

B. Retail or Service Establishments

Bicycle rental or repair shops [PRC-B1]

Electrical, glazing, heating, painting, paper hanging, plumbing, roofing or ventilating contractors' establishments, limited to 2,500 square feet of #floor area# per establishment [PRC-B1]

Exterminators [PRC-B1]

Funeral establishments [PRC-H]

Gun repairs [PRC-B1]

Monument sales establishments, with incidental processing to order, but not including the shaping of headstones [PRC-C]

Moving or storage offices, with storage limited to items for retail sale and to 1,500 square feet of #floor area# per establishment [PRC-B1]

Refreshment stands, drive-in [PRC-H]

Sailmaking establishments [PRC-C]

Sign painting shops, limited to 2,500 square feet of #floor area# per establishment [PRC-B1]

Taxidermist shops [PRC-B1]

Trade embalmers [PRC-B1]

Venetian blind, window shade or awning shops, custom, limited to 2,500 square feet of #floor area# per establishment [PRC-B1]

Window cleaning contractors' establishments, including floor waxing and other similar building maintenance services [PRC-B1]

C. Wholesale Establishments

Wholesale establishments, with not more than 1,500 square feet of #accessory# storage per establishment [PRC-B1]

D. Auto Service Establishments

Automobile glass and mirror shops [PRC-B1]

Automobile seat cover or convertible top establishments,
selling or installation [PRC-B1]

Electric vehicle charging stations and automotive battery
swapping facilities [PRC-B1]

Tire sales establishments, including installation services
[PRC-B1]

E. #Accessory Uses#

* In a C6-1A District, #uses# in Use Group 7 are not permitted

(5/8/13)

32-17

Use Group 8

C2 C4 C6 C8

Use Group 8 consists primarily of amusement or service
establishments which:

- (1) are appropriate in local service districts to serve nearby
residential areas; or
- (2) depend on a wide service radius and may appropriately be
located in secondary or major commercial centers.

Since these establishments are generally patronized by customers
for special purposes not associated with retail shopping, they
are appropriate neither in local shopping areas nor in the
restricted central commercial areas.

A. Amusements

*Billiard parlors or pool halls [PRC-D]

*Bowling alleys, limited to not more than 16 lanes per
establishment [PRC-D]

Model car hobby center, including racing, limited to not
more than 8,000 square feet of #floor area# per
establishment [PRC-D]

Theaters [PRC-D]

In C2-5, C2-6, C2-7, C2-8, C4-5, C4-6, C4-7, C6 and C8-4 Districts, in order to prevent obstruction of #street# areas, a new motion picture theater, in a new or existing #building#, shall provide a minimum of four square feet of waiting area within the #zoning lot# for each seat in such theater. The required waiting space shall be either in an enclosed lobby or open area that is covered or protected during inclement weather and shall not include space occupied by stairs or space within 10 feet of a refreshment stand or of an entrance to a public toilet. Such requirements shall not apply to any additional motion picture theater created by the subdivision of an existing motion picture theater.

B. Retail or Service Establishments

*Automobile driving schools [PRC-B]

Ice vending machines, coin-operated, including those machines that are self-contained, dealing directly with the ultimate consumer. Such self-contained machines shall be limited to 1,600 pounds capacity solely for the use of such self-contained machines

Lumber stores, limited to 5,000 square feet of #floor area# per establishment exclusive of that #floor area# used for office and display area, and provided that not more than 400 square feet of #floor area# shall be used for cutting of lumber to size [PRC-B1]

*Pawn shops [PRC-B1]

Television, radio, phonograph or household appliance repair shops [PRC-B]

*Upholstering shops dealing directly with consumers [PRC-B1]

C. Automotive Service Establishments

Automobile rental establishments, except that in the #Long Island City area#, as defined in Section 16-02 (Definitions), the number of automobiles that may be stored in such establishments in C2, C4 or C6 Districts shall not exceed 100 spaces and the maximum size in square feet of such storage area shall not exceed 200 times the number of parking spaces provided, exclusive of entrance/exit ramps

#Public parking garages# or #public parking lots# with a capacity of 150 spaces or less, subject to the provisions set forth for #accessory# off-street parking spaces in

Sections 36-53 (Width of Curb Cuts and Location of Access to the Street), 36-55 (Surfacing) and 36-56 (Screening), and provided that such #public parking lots# are not permitted as of right in C6-1A Districts and such #public parking garages# are not permitted as of right in C2-5, C2-6, C2-7, C2-8, C4-5, C4-5A, C4-5X, C4-6, C4-7, C6, C8-4, M1-4, M1-5, M1-6, M2-3, M2-4 or M3-2 Districts. #Public parking garages# may be open or enclosed, provided that no portion of such #use# shall be located on a roof other than a roof which is immediately above a #cellar# or #basement#.

In the #Manhattan Core#, these #uses# are subject to the provisions of Article I, Chapter 3, and in the #Long Island City area#, as defined in Section 16-02 (Definitions), such #uses# are subject to the provisions of Article I, Chapter 6.

D. Public Service Establishments

Prisons [PRC-H]

E. #Accessory Uses#

- * In a C4 District, a #use# in Use Group 8, marked with an asterisk shall not be located on the ground floor of a #building# unless such #use# is at least 50 feet from the #street wall# of the #building# in which it is located, as provided in Section 32-423 (Limitation on ground floor location)

(2/26/98)

32-18

Use Group 9

C2 C4 C5 C6 C8

Use Group 9 consists primarily of business and other services which:

- (1) serve a large area and are, therefore, appropriate in secondary, major or central commercial shopping areas, and
- (2) are also appropriate in local service districts, since these are typically located on the periphery of major or secondary centers.

A. Retail or Service Establishments

Automobile, motorcycle, #trailer# or boat showrooms or sales, with no repair services and with no preparation of vehicles or boats for delivery [PRC-C]

*Banquet halls [PRC-D]

*Blueprinting or photostatting establishments [PRC-B1]

*Business schools or colleges [PRC-B1]

*Catering establishments [PRC-B1]

*Clothing or costume rental establishments [PRC-B]

Docks for sightseeing, excursion or sport fishing vessels, other than #gambling vessels#, limited to the following aggregate dock capacities per #zoning lot#:

200 in C2 Districts; 500 in C4-1, C4-2, C4-3, C4-4, C8-1, C8-2, C8-3 Districts; 2,500 in C4-4A, C4-5, C4-6, C4-7, C5, C6, C8-4 Districts.

"Dock capacity" is the U.S. Coast Guard certified capacity of the largest vessel using a dock. "Aggregate dock capacity" is the sum of the dock capacities of all docks on the #zoning lot# [PRC-H]

*Gymnasiums, used exclusively for basketball, handball, paddleball, racketball, squash and tennis. [PRC-B]

*Medical or dental laboratories for research or testing, or the custom manufacture of artificial teeth, dentures or plates, not involving any danger of fire or explosion nor offensive noise, vibration, smoke or other particulate matter, odorous matter, heat, humidity, glare or other objectionable effects [PRC-B1]

*Musical instrument repair shops [PRC-B1]

Plumbing, heating or ventilating equipment showrooms, without repair facilities [PRC-B1]

*Printing establishments, limited to 2,500 square feet of #floor area# per establishment for production [PRC-B1]

Public auction rooms [PRC-D]

*Studios, art, music, dancing or theatrical [PRC-B]

*Trade, or other schools for adults, not involving any danger of fire or explosion nor of offensive noise, vibration, smoke or particulate matter, dust, odorous matter, heat, humidity, glare or other objectionable effects [PRC-B1]

*Typewriter or other small business machine sales, rental or repairs [PRC-B1]

*Umbrella repair shops [PRC-B]

*Wedding chapels [PRC-D]

B. Wholesale Establishments

Hair products for headwear, wholesaling including styling [PRC-B1]

Photographic developing or photographic printing establishments, limited to 2,500 square feet of #floor area# per establishment except that such #floor area# limitation shall not apply in C6 Districts provided such #use# conforms to the performance standards for M1 Districts and to the applicable regulations of Chapter 19 (Fire Prevention Code) of the Administrative Code [PRC-B1]

C. #Accessory Uses#

- * In C4 or C5 Districts, a #use# in Use Group 9, marked with an asterisk shall not be located on the ground floor of a #building# unless such #use# is at least 50 feet from the #street wall# of the #building# in which it is located, as provided in Section 32-423 (Limitation on ground floor location)

(3/26/14)

32-19

Use Group 10

C4 C5 C6 C8

Use Group 10 consists primarily of large retail establishments (such as department stores) that:

- (1) serve a wide area, ranging from a community to the whole metropolitan area, and are, therefore, appropriate in secondary, major, or central shopping areas; and
- (2) are not appropriate in local shopping or local service areas because of the generation of considerable pedestrian, automobile or truck traffic.

A. Retail or Service Establishments

Carpet, rug, linoleum or other floor covering stores, with no limitation on #floor area# per establishment [PRC-B1]

Clothing or clothing accessory stores, with no limitation on #floor area# per establishment [PRC-B]

Department stores [PRC-B]

Depositories for storage of office records, microfilm or computer tapes, or for data processing [PRC-G]

Docks for ferries, other than #gambling vessels#, with no restriction on passenger load. In Community District 1 in the Borough of Brooklyn, such docks shall be certified by the Chairperson of the City Planning Commission, pursuant to Section 62-813 (Docking facilities for ferries or water taxis in certain waterfront areas) [PRC-H]

Dry goods or fabric stores, with no limitation on #floor area# per establishment [PRC-B]

Eating or drinking places, without restrictions on entertainment or dancing, but limited to location in hotels [PRC-D]

Furniture stores, with no limitation on #floor area# per establishment [PRC-B1]

Office or business machine stores, sales or rental [PRC-B1]

Photographic or motion picture production studios [PRC-D]

Radio or television studios [PRC-D]

Television, radio, phonograph or household appliance stores, with no limitation on #floor area# per establishment [PRC-B]

Variety stores, with no limitation on #floor area# per establishment [PRC-B]

B. Wholesale Establishments

Wholesale offices or showrooms, with storage restricted to samples [PRC-B1]

C. #Accessory Uses#

(12/15/61)

32-20

Use Group 11

C5 C6** C8

Use Group 11 consists of a few types of essentially custom manufacturing activities that:

- (1) benefit from a central location and are appropriate in the central business district;
- (2) generally do not create any significant objectionable influences; and
- (3) involve products characterized by a high ratio of value to bulk, so that truck traffic is kept to a minimum.

A. Manufacturing Establishments

*Art needlework, hand weaving or tapestries [PRC-F]

*Books, handbinding or tooling [PRC-F]

*Ceramic products, custom manufacturing [PRC-F]

*Clothing, custom manufacturing or altering for retail [PRC-F]

*Hair products, custom manufacturing [PRC-F]

*Jewelry manufacturing from precious metals [PRC-F]

*Medical, dental, drafting instruments, optical goods, or similar precision instruments [PRC-F]

*Musical instruments, except pianos and organs [PRC-F]

*Orthopedic or medical appliances, custom manufacturing

[PRC-F]

*Printing, custom, limited to 2,500 square feet of #floor area# per establishment for production, provided that such #floor area# limitation shall not apply in C6 Districts
[PRC-F]

*Watchmaking [PRC-F]

B. Wholesale or Similar Establishments

*Ship chandlers [PRC-F]

*Wholesale establishments, with #accessory# storage limited to 2,500 square feet of #floor area# per establishment [PRC-B1]

C. #Accessory Uses#

- * In a C5 District, a #use# in Use Group 11, marked with an asterisk, shall not be located on the ground floor of a #building# unless such #use# is at least 50 feet from the #street wall# of the #building# in which it is located, as provided in Section 32-423 (Limitation on ground floor location)
- ** In a C6-1A District, #uses# in Use Group 11 are not permitted

(5/8/13)

32-21

Use Group 12

C4 C6 C7 C8

Use Group 12 consists primarily of fairly large entertainment facilities that:

- (1) have a wide service area and generate considerable pedestrian, automotive or truck traffic; and
- (2) are, therefore, appropriate only in secondary, major or central commercial areas.

Certain public service establishments are also included.

A. Amusements

Arenas or auditoriums, with capacity limited to 2,500 seats [PRC-D]

*Billiard parlor or pool halls [PRC-D]

*Bowling alleys or table tennis halls, with no limitation on number of bowling lanes per establishment [PRC-D]

**Eating or drinking establishments with entertainment and a capacity of more than 200 persons, or establishments of any capacity with dancing [PRC-D]

In C4 Districts, a minimum of four square feet of waiting area within the #zoning lot# shall be provided for each person permitted under the occupant capacity as determined by the New York City Building Code. The required waiting area shall be in an enclosed lobby and shall not include space occupied by stairs, corridors or restrooms. In C4 Districts, such establishment shall be a minimum of 100 feet from a #Residence District# boundary, except that within 100 feet from a #Residence District# boundary, such establishment is permitted only by special permit pursuant to Section 73-244.

In C6-1, C6-2, C6-3 and C6-4 Districts, a minimum of four square feet of waiting area within the #zoning lot# shall be provided for each person permitted under the occupant capacity as determined by the New York City Building Code. The required waiting area shall be in an enclosed lobby and shall not include space occupied by stairs, corridors or restrooms. In these districts, the entrance to such #use# shall be a minimum of 100 feet from the nearest #Residential District# boundary.

Historical exhibits, provided such #use# is contained within a #completely enclosed building# [PRC-D]

Indoor golf recreation centers [PRC-D]

Model car hobby center, including racing, with no limitation on #floor area# per establishment [PRC-D]

Public auction rooms [PRC-D]

Skating rinks, enclosed [PRC-D]

Stadiums, with capacity limited to 2,500 seats [PRC-D]

Trade expositions, with rated capacity for not more than 2,500 persons, as determined by the Commissioner of Buildings [PRC-D]

B. Retail Establishments

Antique stores [PRC-B]

Art gallery, commercial [PRC-B]

Book stores [PRC-B]

Candy or ice cream stores [PRC-B]

Cigar and tobacco stores [PRC-B]

Delicatessen stores [PRC-B]

Drug stores [PRC-B]

Gift shops [PRC-B]

Jewelry or art metal craft shops [PRC-B]

Music stores [PRC-B]

Newsstands [PRC-B]

Photographic equipment stores [PRC-B]

Record stores [PRC-B]

Stationery stores [PRC-B]

Toy stores [PRC-B]

C. Public Service Establishments

Police stations [PRC-C]

Water or sewage pumping stations

D. Automotive Service Establishments

#Public parking garages# or #public parking lots# with capacity of 150 spaces or less, subject to the provisions set forth for #accessory# off-street parking spaces in Sections 36-53 (Width of Curb Cuts and Location of Access to

the Street), 36-55 (Surfacing) and 36-56 (Screening), and provided that such #public parking lots# are not permitted as-of-right in C7 Districts and such #public parking garages# are not permitted as-of-right in C4-5, C4-6, C4-7, C6, C8-4, M1-4, M1-5, M1-6, M2-3, M2-4 or M3-2 Districts. #Public parking garages# may be open or enclosed, provided that no portion of such #use# shall be located on a roof other than a roof which is immediately above a #cellar# or #basement#.

In the #Manhattan Core#, these #uses# are subject to the provisions of Article I, Chapter 3, and in the #Long Island City area#, as defined in Section 16-02 (Definitions), such #uses# are subject to the provisions of Article I, Chapter 6.

E. #Accessory Uses#

- * In a C4 District, a #use# in Use Group 12, marked with an asterisk, shall not be located on the ground floor of a #building# unless such #use# is at least 50 feet from the #street wall# of the #building# in which it is located, as provided in Section 32-423 (Limitation on ground floor location)
- ** In C6-4 Districts mapped within that portion of Community District 5, Manhattan, bounded by West 22th Street, a line 100 feet west of Fifth Avenue, a line midway between West 16th Street and West 17th Street, and a line 100 feet east of Sixth Avenue, eating or drinking establishments with entertainment and a capacity of more than 200 persons, or establishments of any capacity with dancing, are permitted only by special permit of the Board of Standards and Appeals in accordance with Section 73-244

(4/6/78)

32-22

Use Group 13

C7 C8

Use Group 13 consists of open or low coverage #uses#, mostly open amusement establishments, which either:

- (1) generate noise and traffic, particularly at night, and are

therefore not appropriate in local retail or local service areas; or

- (2) attract customers for special purposes not associated with retail shopping, and are therefore not appropriate in local, secondary, major, or central shopping areas.

A. Amusements, Open or Enclosed

Camps, overnight or outdoor day [PRC-H]

Children's amusement parks, provided that the total area of the #zoning lot# shall not exceed 10,000 square feet, and that no amusement attractions shall be located within 20 feet of a #Residence District# boundary [PRC-E]

Circuses, carnivals or fairs of a temporary nature [PRC-E]

Commercial beaches or swimming pools [PRC-E]

Golf driving ranges [PRC-E]

Miniature golf courses [PRC-E]

Outdoor roller skating rinks [PRC-E]

Outdoor skateboard parks, provided that the total area of the #zoning lot#, excluding the area used for #accessory# off-street parking spaces, shall not exceed two acres, and provided further that temporary enclosure of the skating runs, such as air supported structures, shall not be permitted [PRC-E]

Outdoor skating rinks [PRC-E]

Theaters [PRC-D]

B. Retail Establishments

Banquet halls [PRC-D]

Catering establishments [PRC-B1]

Refreshment stands, drive-in [PRC-H]

C. Service Establishments

Boat fuel sales, open or enclosed, without restriction as to location [PRC-C]

D. #Accessory Uses#

(3/26/14)

32-23

Use Group 14

C2 C3 C7 C8

Use Group 14 consists of the special services and facilities required for boating and related activities.

A. Retail or Service

Bicycle rental or repair shops [PRC-B1]

Bicycle sales [PRC-B]

Boat fuel sales, open or enclosed, restricted to location within 10 feet of a boat dock berth [PRC-C]

Boat launching facilities for non-commercial pleasure boats

Boat rentals, open or enclosed [PRC-H]

Boat showrooms or sales, restricted to boats less than 100 feet in length, provided that such #use# or portion thereof may be conducted outside a #completely enclosed building# only if located at a distance greater than 100 feet from a #Residence District# boundary [PRC-C]

Boat storage, repair, or painting, including the incidental sale of boats, boat parts, or accessories, restricted to boats less than 100 feet in length, provided that such #use# or portion thereof may be conducted outside a #completely enclosed building# only if located at a distance greater than 100 feet from a #Residence District# boundary [PRC-C]

Candy or ice cream stores [PRC-B]

Docks for ferries, other than #gambling vessels#, limited to an aggregate operational passenger load, per #zoning lot#, of 150 passengers per half hour. In Community District 1 in the Borough of Brooklyn, docks for ferries with a vessel capacity of up to 399 passengers shall be allowed, provided that such docks are certified by the Chairperson of the City Planning Commission pursuant to Section 62-813 (Docking facilities for ferries or water taxis in certain waterfront

areas) [PRC-H]

Docks for sightseeing, excursion or sport fishing vessels, other than #gambling vessels#, limited to the following aggregate dock capacities per #zoning lot#:

200 in C2, C3 Districts; 500 in C7, C8-1, C8-2, C8-3 Districts; 2,500 in C8-4 Districts.

"Dock capacity" is the U.S. Coast Guard certified capacity of the largest vessel using a dock. "Aggregate dock capacity" is the sum of the dock capacities of all docks on the #zoning lot#.

Docks for water taxis, with a vessel capacity up to 99 passengers. In Community District 1 in the Borough of Brooklyn, such docks shall be certified by the Chairperson of the City Planning Commission pursuant to Section 62-813 (Docking facilities for ferries or water taxis in certain waterfront areas). The maximum dock capacity is the U.S. Coast Guard certified capacity of the largest vessel using the dock

Docks or mooring facilities for non-commercial pleasure boats [PRC-H]

Fishing tackle or equipment, rental or sales [PRC-B1]

Ice vending machines, coin-operated, including those machines that are self-contained, dealing directly with the ultimate consumer. Such self-contained machines shall be limited to 1,600 pounds capacity solely for the use of such self-contained machines

Sailmaking establishments [PRC-C]

Sale or rental of sporting goods or equipment, including instruction in skiing, sailing or skin diving [PRC-B]

B. Clubs

Non-commercial clubs, without restrictions on activities or facilities except for any activity or #use# listed within the definitions of either #adult physical culture establishments# or #physical culture or health establishments# in Section 12-10 [PRC-D]

C. #Accessory Uses#

(3/4/76)

32-24

Use Group 15

C7

Use Group 15 consists of large open commercial amusement establishments which:

- (1) generate considerable noise or traffic; and
- (2) are appropriate only in a few areas designated for open amusement parks.

A. Amusements

Amusement arcades [PRC-E]

Amusement parks, children's, with no limitation on #floor area# per establishment [PRC-E]

Animal exhibits [PRC-E]

Ferris wheels, roller coasters, whips, parachute jumps, merry-go-rounds or similar open midway attractions [PRC-E]

Freak shows, wax museums, dodgem scooters or similar open or enclosed midway attractions [PRC-E]

Open booths with games of skill or chance, including shooting galleries [PRC-E]

(2/2/11)

32-25

Use Group 16

C8

Use Group 16 consists of automotive and other necessary semi-industrial #uses# which:

- (1) are required widely throughout the city; and
- (2) involve offensive noise, vibration, smoke, dust, or other particulate matter, odorous matter, heat, humidity, glare,

or other objectionable influences, making such #uses# incompatible with #residential uses# and other #commercial uses#.

A. Retail or Service Establishments

Animal hospitals or kennels [PRC-B1]

Animal pounds or crematoriums [PRC-C]

Automobile, motorcycle, trailer or boat sales, open or enclosed [PRC-C]

Blacksmith shops [PRC-C]

Building materials sales, open or enclosed, limited to 10,000 square feet of #lot area# per establishment, provided that not more than 5,000 square feet of such #lot area# is used for open storage [PRC-B1]

Carpentry, custom woodworking or custom furniture making shops [PRC-B1]

Crematoriums, human [PRC-C]

Electrical, glazing, heating, painting, paper hanging, plumbing, roofing or ventilating contractors' establishments, open or enclosed, with open storage limited to 5,000 square feet of #lot area# per establishment [PRC-B1]

Fuel, ice, oil, coal or wood sales, open or enclosed, limited to 5,000 square feet of #lot area# per establishment [PRC-B1]

Household or office equipment or machinery repair shops, such as refrigerators, washing machines, stoves, deep freezers or air conditioning units [PRC-B1]

Machinery rental or sales establishments [PRC-B1]

Mirror silvering or glass cutting shops [PRC-B1]

Motorcycle or motor scooter rental establishments [PRC-C]

Poultry or rabbit killing establishments, for retail sale on the same #zoning lot# only [PRC-B1]

Riding academies, open or enclosed [PRC-C]

Sign painting shops, with no limitation on #floor area# per establishment [PRC-B1]

Silver plating shops, custom [PRC-B1]

Soldering or welding shops [PRC-B1]

Stables for horses [PRC-C]

Tool, die or pattern making establishments, or similar small machine shops [PRC-B1]

Trade schools for adults [PRC-B1]

B. Automotive Service Establishments

Automobile, truck, motorcycle or #trailer# repairs [PRC-C]

Automobile laundries, provided that the #zoning lot# contains reservoir space for not less than 10 automobiles per washing lane

#Automotive service stations#, open or enclosed, provided that facilities for lubrication, minor repairs or washing are permitted only if located within a #completely enclosed building#

C. Vehicle Storage Establishments

Commercial or public utility vehicle storage, open or enclosed, including #accessory# motor fuel pumps [PRC-G]

Dead storage of motor vehicles

Public transit yards, open or enclosed, including #accessory# motor fuel pumps [PRC-G]

D. Heavy Service, Wholesale, or Storage Establishments

Carpet cleaning establishments [PRC-F]

Dry cleaning or cleaning and dyeing establishments, with no limitation on type of operation, solvents, #floor area# or capacity per establishment [PRC-F]

Laundries, with no limitation on type of operation [PRC-F]

Linen, towel or diaper supply establishments [PRC-F]

Moving or storage offices, with no limitation as to storage

or #floor area# per establishment [PRC-G]

Packing or crating establishments [PRC-G]

Photographic developing or printing with no limitation on
#floor area# per establishment [PRC-C]

Trucking terminals or motor freight stations, limited to
20,000 square feet of #lot area# per establishment [PRC-G]

Warehouses [PRC-G]

Wholesale establishments, with no limitation on #accessory#
storage [PRC-C]

E. #Accessory Uses#

(12/15/61)

32-30

USES PERMITTED BY SPECIAL PERMIT

(3/22/06)

32-31

By the Board of Standards and Appeals

In the districts indicated, the following #uses# are permitted by
special permit of the Board of Standards and Appeals, in
accordance with standards set forth in Article VII, Chapter 3.

C4-1

Amusement arcades [PRC-E]

C2 C4 C6 C7

#Automotive service stations#, open or enclosed, with sites of
not less than 7,500 square feet per establishment, and provided
that facilities for lubrication, minor repairs, or washing are
permitted only if located within a #completely enclosed building#

C3

#Boatels# [PRC-H]

C1 C2 C3

Camps, overnight or outdoor day [PRC-H]

C8

Children's amusement parks, with sites of not less than 10,000 square feet nor more than 75,000 square feet per establishment [PRC-E]

C3

Commercial beaches [PRC-E]

C3

Commercial swimming pools [PRC-E]

C1-1 C1-2 C1-3 C3

Eating or drinking establishments, including those which provide outdoor table service or have music for which there is no cover charge and no specified showtime, which have #accessory# drive-through facilities [PRC-B]

C1-1 C1-2 C1-3 C3

Eating or drinking establishments, including those which provide musical entertainment but not dancing, with a capacity of 200 persons or less, or outdoor table service, which have #accessory# drive-through facilities [PRC-B]

C1-1 C1-2 C1-3 C1-4 C2-1 C2-2 C2-3 C2-4 C3 C5

Eating or drinking establishments with entertainment but not dancing, with a capacity of 200 persons or less [PRC-B]

C3

Eating or drinking establishments with musical entertainment but not dancing, with a capacity of 200 persons or less [PRC-B]

C2 C3 C4* C6-4**

Eating or drinking establishments with entertainment and a capacity of more than 200 persons or establishments of any capacity with dancing [PRC-D]

C1 C2 C3 C4 C5 C6 C7 C8

Electric utility substations, limited to a site of not less than 10,000 square feet nor more than 40,000 square feet

C1 C4

Funeral establishments [PRC-H]

C6

Newspaper publishing establishments

C1-8X C1-9 C2 C4 C5 C6 C8

#Physical culture or health establishments#, including gymnasiums (not permitted under Use Group 9), massage establishments [PRC-B]

C1 C2 C3 C4 C5 C6 C7 C8

Public transit or railroad electric substations, limited in each case to a site of not more than 40,000 square feet

C1 C2 C3 C4 C5 C6 C7 C8

Radio or television towers, non-#accessory#

C2 C6 C7

Riding academies or stables [PRC-C]

C1 C2 C3 C4 C5 C6 C7 C8

Sand, gravel or clay pits

C8

#Schools#, provided they have no living or sleeping accommodations

C1

Theaters, limited to a maximum capacity of 500 persons [PRC-D]

* In C4 Districts, such #use# is permitted within 100 feet from a #Residence District# boundary, only as provided in Section 73-244

** In C6-4 Districts mapped within that portion of Community District 5, Manhattan, bounded by West 22nd Street, a line 100 feet west of Fifth Avenue, a line midway between West 16th Street and West 17th Street, and a line 100 feet east of Sixth Avenue, such #use# is permitted only as provided in Section 73-244

(5/8/13)

32-32

By the City Planning Commission

In the districts indicated, the following #uses# are permitted by special permit of the City Planning Commission, in accordance with standards set forth in Article VII, Chapter 4, or as otherwise indicated in this Section.

C8

Amusement parks, children's, with sites of not less than 75,000 square feet nor more than 10 acres per establishment [PRC-E]

C4 C6 C7 C8

Arenas, auditoriums or stadiums with a capacity in excess of 2,500 seats [PRC-D]

C2

Automobile rental establishments, open

Bus stations:

C1 C2 C4 C6 C7 C8

With less than 10 berths

C4 C6

With 10 or more berths

C2 C3 C4 C5 C6 C7 C8

Docks for #gambling vessels#, pursuant to Section 62-837

C6

Docks for passenger ocean vessels, pursuant to Section 62-831

C1 C2 C3 C4 C5 C6

Domiciliary care facilities for adults

C7 C8

Drive-in theaters, with a maximum capacity of 500 automobiles

C3 C4 C5 C6 C7 C8

Heliports

C4 C6 C7 C8

Indoor interactive entertainment facilities with eating and drinking [PRC-D]

C1 C2 C3 C4 C5 C6 C7

#Non-profit hospital staff dwellings#, located not more than 1,500 feet from the non-profit or voluntary hospital

C1 C2 C3 C4 C5 C6

Nursing homes and health-related facilities in Community Districts in which the conditions set forth in Section 22-42 (Certification of Certain Community Facility Uses) apply.

#Public parking garages#*:

C1

Limited in capacity to 100 spaces

C2-1 C2-2 C2-3 C2-4 C4-1 C4-2 C4-3 C4-4 C7 C8-1 C8-2 C8-3

With capacity of more than 150 spaces

C2-5 C2-6 C2-7 C2-8 C4-5 C4-6 C4-7 C5 C6 C7 C8-4
With any capacity

#Public parking lots#*:

C1
Limited in capacity to 100 spaces

C2 C4 C6 C7 C8
With capacity of more than 150 spaces

C5 C7
With any capacity

C1 C2 C3 C4 C5 C6 C7 C8
Public transit, railroad or electric utility substations, limited
in each case to a site of not less than 40,000 square feet nor
more than 10 acres

C8
Racetracks

C1 C2 C3 C4 C5 C6 C7 C8
Railroad passenger stations

C6
Research and development facility, scientific

C1 C2 C3 C4 C5 C6 C7 C8
Seaplane bases

C1 C2 C3 C4 C5 C6 C7 C8
Sewage disposal plants

C4 C6 C7 C8
Trade expositions, with a rated capacity for more than 2,500
persons [PRC-D]

C8
Trucking terminals or motor freight stations with sites in excess
of 20,000 square feet per establishment [PRC-G]

C1 C2 C3 C4 C5 C6 C7 C8
#Uses# listed in a permitted Use Group for which #railroad or
transit air space# is #developed#

* In the #Manhattan Core#, these #uses# are subject to the
provisions of Article I, Chapter 3, and in the #Long Island

City area#, as defined in Section 16-02 (Definitions), such #uses# are subject to the provisions of Article I, Chapter 6.

(12/15/61)

32-40

SUPPLEMENTARY USE REGULATIONS

(2/2/11)

32-41

Enclosure within Buildings

C1 C2 C3 C4 C5 C6 C8

In the districts indicated, except as otherwise specifically provided in the Use Groups permitted in such districts and in Sections 36-11 (General Provisions), 36-61 (Permitted Accessory Off-Street Loading Berths) and 73-36 (Physical Culture or Health Establishments), all permitted #uses# which are created by #development#, or which are #enlarged# or #extended#, or which result from a change of #use# shall be subject to the provisions of this Section with respect to enclosure within #buildings#. With respect to the #enlargement# or #extension# of an existing #use#, such provisions shall apply to the #enlarged# or #extended# portion of such #use#.

(12/15/61)

32-411

In C1, C5, C6-5 or C6-7 Districts

C1 C5 C6-5 C6-7

In the districts indicated, all such #uses# shall be located within #completely enclosed buildings#.

(1/14/65)

32-412

In other Commercial Districts

C2 C3 C4 C6-1 C6-2 C6-3 C6-4 C6-6 C6-8 C6-9 C8

In the districts indicated, all such #uses# shall be located within #completely enclosed buildings# or within #buildings# which are #completely enclosed# except for store fronts or store windows which may be opened to serve customers outside the #building#.

(12/15/61)

32-42

Location within Buildings

(2/26/14)

32-421

Limitation on floors occupied by commercial uses

C1 C2 C3

In the districts indicated, in any #building#, or portion of a #building# occupied on one or more of its upper #stories# by #residential uses# or by #community facility uses#, no #commercial uses# listed in Use Group 6, 7, 8, 9 or 14 shall be located above the level of the first #story# ceiling, provided, however, that permitted #signs#, other than #advertising signs#, #accessory# to such #commercial uses# may extend to a maximum height of two feet above the level of the finished floor of the second #story#, but in no event higher than six inches below the lowest window sill of the second #story#. In any other #building#, or portion thereof, not more than two #stories# may be occupied by #commercial uses# listed in Use Group 6A, 6B, 6C, 6F, 7, 8, 9 or 14.

However, in C1 or C2 Districts mapped within R9 or R10 Districts or in C1-8, C1-9, C2-7 or C2-8 Districts, non-#residential uses# listed in Use Group 6, 7, 8, 9 or 14, where permitted by the applicable district regulations, may occupy the lowest two #stories# in any #building# constructed after September 17, 1970. For #buildings# constructed in such districts prior to September 17, 1970, located in Community District 6 in the Borough of Manhattan, such non-#residential uses# may occupy the lowest two #stories# in such #building#, provided that:

- (a) the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that the second #story# has not been occupied by a #community facility use#, a #dwelling unit# or a #rooming unit#, notwithstanding the certificate of occupancy, if any, for a continuous period from May 1, 2013 until a certification has been issued pursuant to this Section; and
- (b) the second #story# of at least one other #building# on the same #block# frontage is occupied by a #use# listed in Use Groups 6, 7, 8, 9 or 14.

(2/2/11)

32-422

Location of floors occupied by commercial uses

C4 C5 C6

In the districts indicated, in any #building#, or portion of a #building# occupied by #residential uses#, #commercial uses# listed in Use Group 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 or 16 may be located only on a #story# below the lowest #story# occupied in whole or in part by such #dwelling units# or #rooming units#, except that this limitation shall not preclude the location of any such #commercial use# below the level of the first #story# ceiling, or the extension of a permitted #sign#, other than an #advertising sign#, #accessory# to such #commercial use#, to a maximum height of two feet above the level of the finished floor of the second #story#, but in no event higher than six inches below the lowest window sill on the second #story#.

(12/15/61)

32-423

Limitation on ground floor location

C4 C5

In the districts indicated, #uses# in the Use Groups listed in the following table and marked with asterisks in the Use Group listing shall be located only as follows and as set forth in the following table:

- (a) on a floor above or below the ground floor; or

- (b) on the ground floor, but not within 50 feet of any #street wall# of the #building# and with no #show window# facing on the #street#.

Use Group in Which Limitation Applies	District
8, 9 or 12	C4
6, 9 or 11	C5

(12/21/05)

32-43

Ground Floor Use in Certain Locations

(2/2/11)

32-431

Ground floor use in C1-8A, C1-9A, C2-7A, C2-8A, C4-6A and C4-7A Districts

C1-8A C1-9A C2-7A C2-8A C4-6A C4-7A

In the districts indicated, and in C1 and C2 Districts mapped within R9A and R10A Districts, #uses# within #stories# that have a floor level within five feet of #curb level# fronting on a #wide street# shall be limited to non-#residential uses# or lobby space for #residential use#.

Such lobbies shall not occupy more than 20 linear feet of #street wall# frontage on a #wide street# or 30 linear feet on a #narrow street#. Non-#residential use# shall have a depth of at least 15 feet from the #street wall#. No more than 8,000 square feet shall be devoted to Use Group 6B within #stories# that have a floor level within five feet of #curb level#.

The provisions of Section 32-512 (For corner lots) shall not apply.

The provisions of this Section shall not apply within Community Board 7, Borough of Manhattan.

(2/2/11)

32-432

Ground floor use in Community Board 7, Borough of Manhattan

Within the boundaries of Community Board 7 in the Borough of Manhattan, when a #development#, #enlargement# or change of #use# is located in an R10 equivalent #Commercial District#, #uses# within #stories# that have a floor level within five feet of #curb level# fronting on a #wide street# shall be limited to non-#residential uses#, except lobby space.

(1/18/11)

32-433

Ground floor use in C1, C2 and C4 Districts in the Borough of Staten Island

C1 C2 C4

In all C1, C2 and C4 Districts in the Borough of Staten Island, ground floor #uses# shall conform with the provisions of this Section.

(a) Ground floor level #use# requirements

All #uses# on the ground floor of a #building# shall be limited to non-#residential uses# and have a depth of at least 30 feet from the #street wall# of the #building#, except that:

- (1) #residential# lobbies, and an associated vertical circulation core, as well as entrances to #accessory# parking spaces, shall be permitted on the ground floor, provided such lobbies and entrances conform to the frontage requirements of paragraph (b) of this Section;
- (2) enclosed parking spaces, or parking spaces covered by a #building#, including such spaces #accessory# to #residences#, shall be permitted on the ground floor, provided they are located beyond 30 feet of the #street wall# of the #building#; and
- (3) where a #commercial district# is mapped along an entire #block# front, and a #zoning lot# includes #street# frontage along such #block# front, and also includes #street# frontage along a #block# front that is not mapped as a #commercial district# in its entirety, non-

#residential uses# shall be required only within 30 feet of the #street wall# facing the #block# front mapped in its entirety as a #commercial district#.

The level of the finished floor of such ground floor shall be located not higher than two feet above nor lower than two feet below the as-built level of the adjoining #street#.

(b) Ground floor frontage requirements

Non-#residential uses# shall extend along the entire width of the ground floor of the #building#, except as follows:

- (1) in C1 and C2 Districts mapped within R1, R2 and R3 Districts, and in C4 Districts, #residential# lobbies and entrances to #accessory# parking spaces shall be permitted, provided such lobbies and entrances do not occupy more than 25 percent of the #street wall# width of the #building#; and
- (2) in C1 and C2 Districts mapped within R4, R5 and R6 Districts, #residential# lobbies and entrances to #accessory# parking spaces shall be permitted, provided that:
 - (i) for #zoning lots# with a #street# frontage of less than 60 feet, such lobbies and entrances do not occupy more than 50 percent of the #street wall# width along such frontage, or 20 feet, whichever is less. In addition, an entrance to #accessory# parking spaces shall not exceed a width of 15 feet; and
 - (ii) for #zoning lots# with a #street# frontage equal to or greater than 60 feet, such lobbies and entrances do not occupy more than 25 percent of the #aggregate width of street wall# of the #building#.

(c) #Non-conforming buildings#

#Buildings# containing #non-conforming residential uses# on the ground floor shall be permitted to #enlarge# without regard to the #use# regulations of this Section, provided that such #enlargement# complies with the provisions of the #residential yard# regulations set forth in Section 23-40.

32-434

Ground floor use in C4-5D and C6-3D Districts and in certain C2 Districts

C4-5D C6-3D

In the districts indicated and in C2 Districts mapped within R7D or R9D Districts, #uses# within #stories# that have a floor level within five feet of #curb level# shall be limited to non-#residential uses# which shall extend along the entire width of the #building#, and lobbies, entrances to subway stations and #accessory# parking spaces, provided such lobbies and entrances do not occupy, in total, more than 25 percent of the #street wall# width of the #building# or more than 20 linear feet of #street wall# frontage on a #wide street# or 30 linear feet on a #narrow street#, whichever is less. Such non-#residential uses# shall have a minimum depth of 30 feet from the #street wall# of the #building#. In C6-3D Districts, a vertical circulation core shall be permitted within such minimum 30 foot depth.

Enclosed parking spaces, or parking spaces within a #building#, including such spaces #accessory# to #residences#, shall be permitted to occupy #stories# that have a floor level within five feet of #curb level# provided they are located beyond 30 feet of the #street wall# of the #building#. However, loading berths serving any permitted #use# in the #building# may occupy up to 40 feet of such #street# frontage and, if such #building# fronts on both a #wide street# and a #narrow street#, such loading berth shall be located only on a #narrow street#.

In C6-3D Districts, each ground floor level #street wall# of a #commercial# or #community facility use# shall be glazed with materials which may include #show windows#, glazed transoms or glazed portions of doors. Such glazing shall occupy at least 70 percent of the area of each such ground floor level #street wall#, measured to a height of 10 feet above the level of the adjoining sidewalk, public access area or #base plane#, whichever is higher. Not less than 50 percent of the area of each such ground floor level #street wall# shall be glazed with transparent materials and up to 20 percent of such area may be glazed with translucent materials. However, where the #street wall# or portion thereof fronts an elevated rail line or is located within 50 feet of a #street wall# that fronts an elevated rail line, the glazing requirement of the area of the ground floor level #street wall# may be reduced from 70 percent to 50 percent, and not less than 35 percent of the area of each such ground floor level #street wall# shall be glazed with transparent materials and up to 15 percent of such area may be glazed with translucent materials. Furthermore, all security gates installed after

September 30, 2009, that are swung, drawn or lowered to secure #commercial# or #community facility# premises shall, when closed, permit visibility of at least 75 percent of the area covered by such gate when viewed from the #street#, except that this provision shall not apply to entrances or exits to parking garages.

In C4-5D Districts, and in C2 Districts mapped within R7D or R9D Districts, #buildings# developed after October 11, 2012, or portions of #buildings enlarged# on the ground floor level after October 11, 2012, shall comply with the glazing provisions set forth in Section 132-30 (SPECIAL TRANSPARENCY REGULATIONS), inclusive. Such provisions shall apply in such districts to #building# frontages on Fulton Street in the Borough of Brooklyn and to frontages on Webster Avenue in the Borough of the Bronx. However, these provisions shall not apply to #buildings# on #zoning lots# with a width of less than 20 feet, provided such #zoning lot# existed on October 11, 2012.

(2/22/90)

32-44

Air Space over a Railroad or Transit Right-of-way or Yard

(6/23/05)

32-441

Definitions

Words in italics are defined in Section 12-10 or, if applicable exclusively to this Section, in this Section or in Section 98-01.

(2/2/11)

32-442

Use of railroad or transit air space

C1 C2 C3 C4 C5 C6 C7 C8

- (a) In all districts, as indicated, #railroad or transit air space# may be #developed# or used only for a permitted #use accessory# to the railroad or transit right-of-way or yard, a #use# permitted by the City Planning Commission as set forth in Section 74-681 (Development within or over a

railroad or transit right-of-way or yard), or a railroad passenger station permitted by the Commission as set forth in Section 74-62 (Railroad Passenger Stations) unless the right-of-way or yard or portion thereof is no longer required for railroad or transit #use# as set forth in paragraph (b) of this Section.

If any #building or other structure# constructed in such #railroad or transit air space# in accordance with the provisions of Section 74-681 is #enlarged# or replaced by a new #building or other structure#, the provisions of this Section shall apply to such #enlargement# or replacement.

However, any #use# legally established in such #railroad or transit air space# in accordance with the provisions of Section 74-681 may be changed to another #use# listed in a permitted Use Group and no additional special permit from the Commission shall be required for such change of #use#.

Any #building or other structure# within or over a railroad or transit right-of-way or yard, which #building or other structure# was completed prior to September 27, 1962, or constructed in accordance with the applicable provisions of Sections 11-31 to 11-34, inclusive, prior to December 5, 1991, may be #enlarged# or replaced in accordance with the applicable district regulations without any requirement for a special permit from the Commission. Ownership of rights permitting the #enlargement# or replacement of such a #building or other structure# shall be deemed to be equivalent to ownership of a #zoning lot# or portion thereof, provided that such #enlargement# or replacement will be on one #block# and the rights are in single ownership and recorded prior to February 22, 1990. Such ownership of rights shall be deemed to include alternative arrangements specified in the #zoning lot# definition in Section 12-10 (DEFINITIONS).

#Enlargement# or replacement utilizing these ownership rights shall be deemed to be constructed upon the equivalent of a #zoning lot#.

- (b) When the #use# of a railroad or transit right-of-way or yard or portion thereof has been permanently discontinued or terminated and a #large-scale residential# or #community facility development# or a #large-scale general development# requiring one or more special permits is proposed, no #use# or #development# of the property shall be allowed until the Commission has authorized the size and configuration of all #zoning lots# on such property. As a condition for such authorization, the Commission shall find that:

- (1) the proposed #zoning lots#, indicated by a map describing the boundaries of the total area of each lot, are not excessively large, elongated or irregular in shape and that no #development# on any #zoning lot# would result in the potential for an excessive concentration of #bulk# that would be incompatible with allowable #developments# on adjoining property; and
- (2) each resulting #zoning lot# has direct access to one or more #streets#.

No subsequent alteration in size or configuration of any #zoning lot# approved by the Commission shall be permitted unless authorized by the Commission. The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects of such #zoning lot# designation on the character of the surrounding area. Such conditions shall be set forth in a written Declaration of Restrictions covering all tracts of land, or in separate written Declarations of Restrictions covering parts of such tracts of land and which in the aggregate cover the entire tract of land comprising the #zoning lot#, which is executed and recorded as specified in the definition of #zoning lot# in Section 12-10 (DEFINITIONS).

Prior to granting any #zoning lot# authorization relating to such right-of-way or yard, the Commission shall request the Metropolitan Transportation Authority and the Departments of Transportation of the State of New York and the City of New York to indicate within 30 days whether said agencies have any plan to use such property or portion thereof for a railroad or transit #use#.

- (c) Notwithstanding the above, the #High Line#, as defined in Section 98-01, shall be governed by the provisions of Section 98-17 (Air Space Over a Railroad or Transit Right of Way or Yard).

(2/2/11)

32-45

Certification of Certain Community Facility Uses

C1 C2 C3 C4 C5 C6

In all districts, as indicated, for any nursing homes and health-related facilities or #enlargement#, #extension# or change in

#use# thereof, the City Planning Commission shall certify to the Department of Buildings, prior to the filing of any plans by the applicant for a building permit for such #use#, that none of the following conditions applies to the Community District within which such #use#, or #enlargement#, #extension# or change in such #use#, is to be located:

- (1) the ratio between the number of beds for such #uses# in existence, under construction or approved toward construction by the appropriate Federal or State governmental agency, to the population of the Community District compared to such ratio for other Community Districts shows a relative concentration of facilities covered in this Section in the affected district;
- (2) a scarcity of land for general community purposes exists; or
- (3) the incidence of construction of facilities for the last three years warrants review over these facilities because they threaten to disrupt the land use balance in the community.

If the Commission finds that one or more of the conditions set forth in this Section applies to the Community District within which such #use#, or #enlargement#, #extension# or change in such #use#, is to be located, a special permit pursuant to Section 74-90 shall be required.

(12/15/61)

32-50

SPECIAL PROVISIONS APPLYING ALONG DISTRICT BOUNDARIES

(12/15/61)

32-51

Limitations on Business Entrances, Show Windows or Signs

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, the location of primary business entrances, #show windows# or #signs# shall be subject to the provisions of this Section.

For the purposes of this Section, a lot of record or a group of contiguous lots of record held in single ownership or control at

December 15, 1961, or any applicable amendment thereto shall be considered a single #zoning lot#, regardless of any subsequent subdivision.

For the purposes of this Section, a #corner lot# shall include the entire #zoning lot# notwithstanding the 100 foot limitation in the definition of #corner lots# in Section 12-10 (DEFINITIONS). All other #zoning lots# shall be considered #zoning lots# with single frontage.

The provisions of this Section shall not apply to:

- (a) vehicular entrances or exits for permitted drive-in #uses# or automotive service establishments or for permitted or required #accessory# off-street parking spaces or loading berths;
- (b) service entrances, or other entrances less than 3 feet, 6 inches in width;
- (c) windows other than #show windows#; or
- (d) ventilators, fire escapes or other appurtenances required by law.

(12/15/61)

32-511

For zoning lots with single frontage

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, for #zoning lots# with single frontage, no primary business entrance, #show window# or #sign# shall be located on that portion of the #street# frontage within a distance of 20 feet from frontage on the same side of the #street# in a #Residence District#.

However, where the #street# frontage of such #zoning lot# or portion thereof within the #Commercial District# is less than 30 feet in length, the minimum distance shall be reduced to 10 feet. For #zoning lots# with a frontage of more than 30 feet, an application may be made to the Board of Standards and Appeals to reduce such minimum distance to 10 feet, as provided in Section 73-50 (SPECIAL PROVISIONS APPLYING ALONG DISTRICT BOUNDARIES).

(12/15/61)

32-512

For corner lots

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, no primary business entrance, #show window#, or #sign# shall be located on that portion of the #street# frontage of a #corner lot# within 75 feet of frontage on the same side of the #street# in a #Residence District#.

However, primary business entrances, #show windows# or #signs# may be located on frontage less than 75 feet, but not less than 20 feet, from a #Residence District# boundary:

- (a) if the total length of the #block# face containing such frontage is less than 220 feet;
- (b) if such frontage adjoins frontage on a #corner lot# in a #Residence District#; or
- (c) if such frontage is separated from frontage in the #Residence District# by one or more #zoning lots# with single frontage.

(2/2/11)

32-52

Exceptions for Integrated Developments Divided by District Boundaries

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, primary business entrances, #show windows# or #signs# may be located on any frontage within a #Commercial District#, if the Commissioner of Buildings finds that the #zoning lot# on which the business entrance, #show window# or #sign# is to be located:

- (a) is divided by a boundary between the #Commercial District# and a #Residence District#; or
- (b) is presently in the same ownership as adjoining property located in a #Residence District# and no #building# in the #Residence District# exists, or will in the future be erected, within a distance of 75 feet from the #Commercial District#, as evidenced by deed restrictions filed in an

office of record binding the owner and the owner's heirs and assigns.

(4/8/98)

32-60
SIGN REGULATIONS

(5/22/63)

32-61
Definitions

Words in italics are defined in Section 12-10 or, if applicable exclusively to this Chapter, in this Section.

(2/2/11)

32-62
Permitted Signs

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, #signs# other than #advertising signs# are permitted subject to the provisions of the following Sections:

Section 32-64 (Surface Area and Illumination Provisions)

Section 32-65 (Permitted Projection or Height of Signs)

Section 32-66 (Additional Regulations for Signs Near
Certain Parks and Designated Arterial
Highways)

Section 32-67 (Special Provisions Applying along District
Boundaries)

Section 32-68 (Permitted Signs on Residential or Mixed
Buildings)

Section 32-69 (Additional Sign Regulations for Adult
Establishments)

However, notwithstanding any provision of this Section, flags, banners or pennants other than those that are #advertising signs#, located on any #zoning lot# used primarily for #community facility uses# of a civic, philanthropic, educational or religious nature, are permitted in all districts, as indicated, without limitation.

(2/2/11)

32-63

Permitted Advertising Signs

C6-5 C6-7 C7 C8

In the districts indicated, #advertising signs# are permitted subject to the applicable provisions of the following Sections:

Section 32-64 (Surface Area and Illumination Provisions)

Section 32-65 (Permitted Projection or Height of Signs)

Section 32-66 (Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways)

Section 32-67 (Special Provisions Applying along District Boundaries)

Section 32-68 (Permitted Signs on Residential or Mixed Buildings).

(2/27/01)

32-64

Surface Area and Illumination Provisions

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, all permitted #signs# shall be subject to the restrictions on #surface area# and illumination as set forth in this Section, provided that the following #signs# shall be exempted from such restrictions on #surface area#:

#Illuminated# non-#flashing signs# other than #advertising signs# located in a window within a #building#, with a total #surface area# not exceeding eight square feet on any

#zoning lot# and limited to not more than three such #signs# in any window.

For the purpose of determining permitted #surface area# of #signs# for #zoning lots# occupied by more than one establishment, any portion of such #zoning lot# occupied by a #building# or part of a #building# accommodating one or more establishments on the ground floor may be considered as a separate #zoning lot#.

No #illuminated sign# shall have a degree or method of illumination which exceeds standards established by the Department of Buildings by rule pursuant to the City Administrative Procedure Act. Such standards shall ensure that illumination on any #illuminated sign# does not project or reflect on #residences#, #loft dwellings# or #joint living-work quarters for artists# so as to interfere with the reasonable use and enjoyment thereof. Nothing herein shall be construed to authorize a #sign with indirect illumination# to arrange an external artificial source of illumination so that direct rays of light are projected from such artificial source into #residences#, #loft dwellings# or #joint living-work quarters for artists#.

(12/15/61)

32-641

Total surface area of signs

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, the total #surface area# of all permitted #signs#, including non-#illuminated# or #illuminated signs#, shall not exceed the limitation established for non-#illuminated signs#, as set forth in Section 32-642.

(1/20/65)

32-642

Non-illuminated signs

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, non-#illuminated signs# with total #surface areas# not exceeding those shown in the following table are permitted:

Maximum Surface Area	District
50 square feet	C3
Three times the #street# frontage of the #zoning lot# (in feet), but in no event more than 150 sq. ft. for #interior# or #through lots# or 150 sq. ft. on each frontage for #corner lots#.	C1 C2
Three times the #street# frontage of the #zoning lot# (in feet), but in no event more than 200 sq. ft. for #interior# or #through lots# or 200 sq. ft. on each frontage for #corner lots#.	C5-1 C5-2 C5-3 C5-5
Five times the #street# frontage of the #zoning lot# (in feet), but in no event more than 500 sq. ft. for #interior# or #through lots# or 500 sq. ft. on each frontage for #corner lots#.	C4 C5-4 C6-1 C6-2 C6-3 C6-4 C6-6 C6-8 C6-9
Six times the #street# frontage of the #zoning lot# (in feet), but in no event more than 750 sq. ft. for each #sign#.	C8
No restrictions as to size	C6-5 C6-7 C7

(12/15/61)

32-643

Illuminated non-flashing signs

C1 C2

In the districts indicated, #illuminated# non-#flashing signs# are permitted with a total #surface area# (in square feet) not exceeding three times the #street# frontage of the #zoning lot# in feet, but in no event shall the total #surface area# exceed 50 square feet for #interior# or #through lots# or 50 square feet on each frontage for #corner lots#.

(6/21/73)

32-644

Illuminated or flashing signs in C4, C5-4, C6 or C7 Districts

C4 C5-4 C6 C7

In the districts indicated, #illuminated# or #flashing signs# with total #surface areas# not exceeding those shown in the following table are permitted:

Maximum Surface Area (in square feet)	District
Five times the #street# frontage of the #zoning lot# (in feet), but in no event more than 500 square feet for #interior# or #through lots# or 500 square feet on each frontage for #corner lots#.	C4 C5-4 C6-1 C6-2 C6-3 C6-4 C6-6 C6-8 C6-9
No restrictions as to size	C6-5 C6-7 C7

However, in a C6-1A District, #flashing signs# are not permitted.

(4/8/98)

32-645

Illuminated or flashing signs in C8 Districts

C8

In the district indicated, #illuminated# or #flashing signs#, other than #advertising signs#, and #advertising signs# with indirect illumination, are permitted, provided that the total #surface area# of all such #signs# (in square feet) shall not exceed five times the #street# frontage of the #zoning lot# (in feet) and that the #surface area# of each #sign# shall not exceed 500 square feet.

(12/15/61)

32-65

Permitted Projection or Height of Signs

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, all permitted #signs# are subject to the applicable regulations of this Section.

(4/8/98)

32-651

Permitted projection in C6-5, C6-7 or C7 Districts

C6-5 C6-7 C7

In the districts indicated, except as otherwise provided in Section 32-653 (Additional regulations for projecting signs), no permitted #sign# shall project across a #street line# more than eight feet.

(4/8/98)

32-652

Permitted projection in all other Commercial Districts

C1 C2 C3 C4 C5 C6-1 C6-2 C6-3 C6-4 C6-6 C6-8 C6-9 C8

In the districts indicated, except as otherwise provided in Section 32-653 (Additional regulations for projecting signs), no permitted #sign# shall project across a #street line# more than 18 inches for double- or multi-faceted #signs# or 12 inches for all other #signs#.

(2/27/01)

32-653

Additional regulations for projecting signs

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, permitted #signs# other than #advertising signs# may be displayed as follows:

- (a) Non-#illuminated signs# may be displayed on awnings or canopies permitted by the Administrative Code, with a #surface area# not exceeding 12 square feet and with the height of letters not exceeding 12 inches. Any commercial copy on such #signs# shall be limited to identification of the name or address of the #building# or an establishment contained therein.
- (b) #Signs# may be displayed on marquees permitted by the Administrative Code, provided that no such #sign# in a

district other than a C6-5, C6-7 or C-7 District shall project more than 48 inches above nor more than 12 inches below such marquee.

(12/15/61)

32-654

Height of signs in C8 Districts

C8

In the district indicated, permitted #signs# shall not extend to a height greater than 40 feet above #curb level#, provided that non-#illuminated signs# or #signs with indirect illumination# may extend to a maximum height of 58 feet.

(1/20/65)

32-655

Height of signs in all other Commercial Districts

C1 C2 C3 C4 C5 C6 C7

In the districts indicated, no permitted #sign# shall extend above #curb level# at a height greater than the following:

Maximum Height (in feet)	Districts
25	C1 C2 C3 C5-1 C5-2 C5-3 C5-5
40	C4 C5-4 C6-1 C6-2 C6-3 C6-4 C6-6 C6-8 C6-9
No restriction as to height	C6-5 C6-7 C7

(1/20/65)

32-656

Height of signs above roof

C1 C2 C3 C4 C5 C6-1 C6-2 C6-3 C6-4 C6-6 C6-8 C6-9

In the districts indicated, no #sign# displayed from the wall of a #building or other structure# shall extend above the parapet wall or roof of such #building or other structure#, except that a vertical #sign#, the horizontal width of which, parallel to the wall, does not exceed 28 inches, may extend no higher than 15 feet above the roof level.

(3/11/65)

32-657

Roof signs

C1 C2 C3 C4 C5 C6-1 C6-2 C6-3 C6-4 C6-6 C6-8 C6-9

In the districts indicated, no #signs# shall be permitted on the roof of any #building#.

(2/27/01)

32-66

Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, all permitted #signs# are subject to the applicable regulations of this Section.

For the purposes of this Section, arterial highways shall include all highways that are shown on the Master Plan of Arterial Highways and Major Streets as "principal routes," "parkways" or "toll crossings," and that have been designated by the City Planning Commission as arterial highways to which the provisions of this Section shall apply.

(2/27/01)

32-661

Additional regulations for signs other than advertising signs

C6-5 C6-7 C7 C8

In the districts indicated, and within 200 feet of an arterial highway or a #public park# with an area of one-half acre or more, no permitted #sign# that is within view of such arterial highway

or #public park# shall exceed 500 square feet of #surface area#.

Beyond 200 feet from such arterial highway or #public park#, the surface area of such #signs# may be increased one square foot for each linear foot such #sign# is located from the arterial highway or #public park#.

Upon application, these requirements shall be waived, provided that the Chairperson of the City Planning Commission certifies that:

- (a) such waiver is limited to a single, non-#flashing sign# that is located on a #zoning lot# not less than one and one-half acres; and
- (b) all other permitted #signs# located on such #zoning lot# that are subject to the provisions of this Section conform with all the #sign# regulations applicable in C1 Districts.

(2/27/01)

32-662

Additional regulations for advertising signs

C6-5 C6-7 C7 C8

In all districts, as indicated, no #advertising sign# shall be located, nor shall an existing #advertising sign# be structurally altered, relocated or reconstructed within 200 feet of an arterial highway or of a #public park# with an area of one half acre or more, if such #advertising sign# is within view of such arterial highway or #public park#. For the purposes of this Section, arterial highways shall include all highways which are shown on the Master Plan of Arterial Highways and Major Streets, as "principal routes," "parkways" or "toll crossings," and which have been designated by the City Planning Commission as arterial highways to which the provisions of this Section shall apply. Beyond 200 feet from such arterial highway or #public park#, an #advertising sign# shall be located at a distance of at least as many linear feet therefrom as there are square feet of #surface area# on the face of such #sign#. However, in all districts as indicated, the more restrictive of the following shall apply:

- (1) Any #advertising sign# erected, structurally altered, relocated or reconstructed prior to June 1, 1968, within 660 feet of the nearest edge of the right-of-way of an arterial highway, whose message is visible from such arterial highway, shall have legal #non-conforming use# status

pursuant to Section 52-83, to the extent of its size existing on May 31, 1968.

- (2) Any #advertising sign# erected, structurally altered, relocated or reconstructed between June 1, 1968 and November 1, 1979, within 660 feet of the nearest edge of the right-of-way of an arterial highway, whose message is visible from such arterial highway, and whose size does not exceed 1,200 square feet in #surface area# on its face, 30 feet in height, and 60 feet in length, shall have legal #non-conforming use# status pursuant to Section 52-83, to the extent of its size existing on November 1, 1979. All #advertising signs# not in conformance with the standards set forth herein shall terminate.

(2/27/01)

32-663

Advertising signs on waterways

No moving or stationary #advertising sign# shall be displayed on a vessel plying waterways adjacent to #Commercial Districts# and within view from an arterial highway. For the purposes of this Section, arterial highways shall include all highways that are shown on the Master Plan of Arterial Highways and Major Streets as "principal routes," "parkways" or "toll crossings" and that have been designated by the City Planning Commission as arterial highways to which the provisions of this Section shall apply.

For the purposes of this Section, #advertising sign# is a #sign# that directs attention to a profession, business, commodity, service or entertainment conducted, sold or offered elsewhere than upon the premises of the vessel and is not #accessory# to a #use# on such vessel.

(4/8/98)

32-67

Special Provisions Applying along District Boundaries

C2 C3 C4 C5 C6 C7 C8

In the districts indicated, and within 100 feet of the #street line# of any #street# or portion thereof in which the boundary of an adjoining #Residence District# is located, or which adjoins a #public park# of one-half acre or more, no #advertising sign#

that faces at an angle of less than 165 degrees away from such #Residence District# or park boundary shall be permitted and all other #signs# facing at less than such an angle shall conform with all the #sign# regulations applicable in C1 Districts as set forth in Sections 32-61 to 32-68, inclusive, relating to Sign Regulations.

(2/2/11)

32-68

Permitted Signs on Residential or Mixed Buildings

C1 C2 C3 C4 C5 C6

In the districts indicated, any #use# listed in Use Group 1 or 2 shall conform to the #sign# regulations for #Residence Districts# set forth in Sections 22-31 to 22-34, inclusive. In #residential# or #mixed buildings#, #residential sign# regulations shall apply to the #residential# portion.

Where non-#residential uses# are permitted to occupy two floors of the #building#, all #signs accessory# to non-#residential uses# located on the second floor shall be non-#illuminated signs#, and shall be located below the level of the finished floor of the third #story#.

(4/8/98)

32-69

Additional Sign Regulations for Adult Establishments

C6-4 C6-5 C6-6 C6-7 C6-8 C6-9 C7 C8

#Signs#, other than #advertising signs#, for #adult establishments# are permitted only as set forth in this Section and are limited to locations in the districts indicated.

All permitted #signs#, other than #advertising signs#, for #adult establishments# shall conform with all the #sign# regulations applicable in C1 Districts as set forth in this Chapter, except that the provisions of Section 32-64 (Surface Area and Illumination Provisions) shall not apply. In lieu thereof, the maximum #surface area# of all #signs#, other than #advertising signs#, for #adult establishments# shall not exceed, in the aggregate, three times the #street# frontage of the #zoning lot#, but in no event more than 150 square feet per establishment, of which no more than 50 square feet may be #illuminated# non-

#flashing signs#.

Chapter 3

Bulk Regulations for Commercial or Community Facility Buildings in Commercial Districts

(12/15/61)

33-00

APPLICABILITY, DEFINITIONS AND GENERAL PROVISIONS

(10/9/13)

33-01

Applicability of this Chapter

The #bulk# regulations of this Chapter apply to #commercial buildings#, #community facility buildings# or #buildings# used partly for #commercial use# and partly for #community facility use#, on any #zoning lot# or portion of a #zoning lot# located in any #Commercial District#, including all #developments# or #enlargements#. As used in this Chapter, the term "any #building#" shall therefore not include a #residential building# or a #mixed building#, the #bulk# regulations for which are set forth in Article III, Chapter 4, and Article III, Chapter 5, respectively. In addition, the #bulk# regulations of this Chapter, or of specified sections thereof, also apply in other provisions of this Resolution where they are incorporated by cross reference.

Existing #buildings or other structures# that do not comply with one or more of the applicable #bulk# regulations are #non-complying buildings or other structures# and are subject to the regulations set forth in Article V, Chapter 4.

Special regulations applying to #large-scale residential developments#, #community facility uses# in #large-scale residential developments# or #large-scale community facility developments# are set forth in Article VII, Chapter 8.

Special regulations applying only in Special Purpose Districts are set forth in Articles VIII, IX, X, XI, XII and XIII.

All C6-1A Districts shall comply with the regulations of C6-1 Districts except as set forth in Sections 33-12, paragraph (c), 33-13, paragraph (b) and 33-15, paragraph (a).

In Manhattan Community Districts 1, 2, 3, 4, 5 and 6, Brooklyn Community Districts 1, 2, 6 and 8, and Queens Community Districts 1 and 2, the #conversion# of non-#residential floor area#, to #residences# in #buildings# erected prior to December 15, 1961, or January 1, 1977, as applicable, shall be subject to the provisions of Article I, Chapter 5 (Residential Conversion within Existing Buildings), unless such #conversions# meet the requirements for #residential development# of Article II (Residence District Regulations).

Special regulations applying in the #waterfront area# are set forth in Article VI, Chapter 2.

Special regulations applying in the #flood zone# are set forth in Article VI, Chapter 4.

(2/2/11)

33-03

Street Tree Planting in Commercial Districts

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, the following shall provide #street# trees in accordance with Section 26-41 (Street Tree Planting):

- (a) #developments#, or #enlargements# that increase the #floor area# on a #zoning lot# by 20 percent or more. However, #street# trees shall not be required for #enlargements# of #single-# or #two-family residences#, except as provided in paragraphs (b) and (c) of this Section;
- (b) #enlargements# of #single-# or #two-family residences# by 20 percent or more within the following special purpose districts:

#Special Bay Ridge District#;
#Special Clinton District#;
#Special Downtown Brooklyn District#;
#Special Downtown Jamaica District#;
#Special Grand Concourse District#;
#Special Hillside Preservation District#;
#Special Hudson Yards District#;
#Special Little Italy District#;
#Special Long Island City Mixed Use District#;
#Special Ocean Parkway District#;
#Special South Richmond Development District#;

- (c) #enlargements#, pursuant to the Quality Housing Program, of #single-# or #two-family residences# by 20 percent or more;
- (d) #conversions# of 20 percent or more of the #floor area# of a #building# to a #residential use#; or
- (e) construction of a detached garage that is 400 square feet or greater.

The #street# frontage used to calculate the number of required trees may exclude the #street# frontage occupied by curb cuts serving #uses# listed in Use Groups 16B, 16C and 16D.

(1/18/11)

33-04

Lower Density Growth Management Areas

For areas designated as #lower density growth management areas#, pursuant to Section 12-10 (DEFINITIONS), the underlying district regulations shall apply. Such regulations are superseded or supplemented as set forth in the following Sections:

Section 11-45 (Authorizations or Permits in Lower Density Growth Management Areas)

Section 12-10 (DEFINITIONS - Floor area; Lower density growth management area; Private road)

Section 22-14 (Use Group 4 - Ambulatory diagnostic or treatment health care facilities)

Section 32-11 (Use Groups 1 and 2)

Section 32-433 (Ground floor use in C1, C2 and C4 Districts in the Borough of Staten Island)

Section 33-121 (In districts with bulk governed by Residence District bulk regulations)

Section 33-431 (In districts with bulk governed by surrounding Residence District)

Section 36-21 (General provisions)

Section 36-231 (In districts with high, medium or low parking requirements)

Section 36-27 (Waiver for Certain Small Zoning Lots)

Section 36-521 (Size of spaces)

Section 36-581 (Special parking regulations for certain community facility uses in the Borough of Staten Island and Community District 10 in the Borough of the Bronx)

Section 37-10 (APPLICABILITY OF ARTICLE II, CHAPTER 6, TO DEVELOPMENTS WITH PRIVATE ROADS)

Section 37-20 (SPECIAL REGULATIONS FOR LOWER DENSITY GROWTH MANAGEMENT AREAS IN THE BOROUGH OF STATEN ISLAND); inclusive

Section 73-125 (Ambulatory diagnostic or treatment health care facilities)

Section 107-412 (Special bulk regulations for certain community facility uses in lower density growth management areas)

Section 107-464 (Side yards for permitted non-residential use)

Section 107-62 (Yard, Court and Parking Regulations)

Section 119-05 (Applicability of Parking Location Regulations)

Section 119-214 (Tier II requirements for driveways and private roads)

Section 128-052 (Applicability of Article I, Chapter 2)

(2/2/11)

33-12

Maximum Floor Area Ratio

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, for any #zoning lot#, the maximum #floor area ratio# shall not exceed the #floor area ratio# set forth in this Section, except as otherwise provided in the following Sections:

Section 33-13 (Floor Area Bonus for a Public Plaza)

Section 33-14 (Floor Area Bonus for Arcades)

Section 33-15 (Floor Area Bonus for Front Yards)

Section 33-16 (Special Provisions for Zoning Lots Divided by District Boundaries)

Any given #lot area# shall be counted only once in determining the #floor area ratio#.

Except where authorized by express provisions of this Resolution,

the maximum #floor area ratio# shall not exceed the amount set forth in this Section by more than 20 percent.

In addition, the following limitations on maximum permitted #floor area# shall apply:

C1-8A C1-8X C1-9A C2-7A C2-7X C2-8A C4-6A C4-7A C5-1A C5-2A C6-2A
C6-3A C6-3D C6-3X C6-4A

(a) In contextual Commercial Districts

In the districts indicated, and in C1 and C2 Districts mapped within R9A, R9D, R9X, R10A or R10X Districts, no #floor area# bonuses are permitted.

(b) In Community Board 7, Borough of Manhattan

Within the boundaries of Community Board 7 in Manhattan, in R10 equivalent #Commercial Districts# without a letter suffix, the maximum #floor area ratio# shall not exceed 10.0.

(c) In C6-1A Districts

In C6-1A Districts, the maximum #floor area ratio# shall not exceed the amount set forth in this Section by more than 50 percent.

(d) In C6-4X Districts

In C6-4X Districts, a #floor area# bonus shall only be permitted for a #public plaza# pursuant to Section 33-13.

(2/2/11)

33-121

In districts with bulk governed by Residence District bulk regulations

C1-1 C1-2 C1-3 C1-4 C1-5 C2-1 C2-2 C2-3 C2-4 C2-5

In the districts indicated, for a #zoning lot# containing a #commercial# or #community facility use#, the maximum #floor area ratio# is determined by the #Residence District# within which such #Commercial District# is mapped and shall not exceed the maximum #floor area ratio# set forth in the following table:

MAXIMUM FLOOR AREA RATIO

District	Column A	Column B	Column C
	For #Zoning Lots# Containing only #Commercial Use#	For #Zoning Lots# Containing only #Community Facility Use#	For #Zoning Lots# Containing both #Commercial# and #Community Facility Uses#
R1 R2	1.00	0.50	1.00
R3-1 R3A R3X	1.00	1.00	1.00
R3-2	1.00	1.60	1.60
R4 R5	1.00	2.00	2.00
R5D R6B	2.00	2.00	2.00
R6A R7B	2.00	3.00	3.00
R7A R8B	2.00	4.00*	4.00
R7D	2.00	4.20	4.20
R6 R7-1	2.00	4.80	4.80
R7X	2.00	5.00	5.00
R7-2 R8 R8A	2.00	6.50	6.50
R8X	2.00	6.00	6.00
R9	2.00	10.00	10.00
R9A	2.00	7.50	7.50
R9D	2.00	9.00	9.00
R9X	2.00	9.00	9.00
R10	2.00	10.00	10.00

* In R8B Districts, within the boundaries of Community District 8 in the Borough of Manhattan, the maximum #floor

area ratio# on a #zoning lot# containing #community facility use# exclusively shall not exceed 5.10

In addition, the following provisions shall apply:

- (a) For #zoning lots# containing both #commercial uses# and #community facility uses#, the total #floor area# used for #commercial uses# shall not exceed the amount permitted for #zoning lots# containing only #commercial uses# set forth in Column A.
- (b) In C1 and C2 Districts mapped within R1 and R2 Districts, the maximum #floor area ratio# for #community facility uses# on a #zoning lot# containing both #commercial uses# and #community facility uses# is 0.50 unless it is increased pursuant to the special permit provisions of Section 74-901 (Certain community facility uses in R1 and R2 Districts and certain Commercial Districts.)
- (c) In C1 and C2 Districts mapped within R1, R2, R3-1, R3A and R3X Districts in the Borough of Staten Island and in Community District 10 in the Borough of the Bronx, the maximum #floor area ratio# for any #zoning lot# containing a #building# used for ambulatory diagnostic or treatment health care facilities, as listed in Section 22-14 (Use Group 4), or child care services, as listed under the definition of #school# in Section 12-10 (DEFINITIONS) shall be 1.2.
- (d) In C1 and C2 Districts mapped within R3, R4, R5, R6, R7, R8 and R9 Districts, for any #zoning lot# containing nursing homes, health-related facilities, domiciliary care facilities for adults, sanitariums and philanthropic or non-profit institutions with sleeping accommodations, the total #floor area# for all such #community facility uses# shall not exceed the amount as set forth in paragraph (b) of Section 24-111 unless modified pursuant to Section 74-902.
- (e) The maximum #floor area ratio# for any #zoning lot# used partly for #commercial uses# and partly for nursing homes, health-related facilities, domiciliary care facilities for adults, sanitariums and philanthropic or non-profit institutions with sleeping accommodations shall not exceed the amount permitted for a #zoning lot# containing #commercial uses# as set forth in Column A. However, for the districts in which the allowable #floor area ratio#, as set forth in paragraph (b) of Section 24-111, exceeds the amount permitted for a #zoning lot# containing #commercial uses#, as set forth in Column A, the provisions of paragraph (b) of Section 24-111 shall be used to compute the maximum #floor

area# permissible for the #zoning lot# unless modified pursuant to Section 74-902.

(10/11/12)

33-122

Commercial buildings in all other Commercial Districts

C1-6 C1-7 C1-8 C1-9 C2-6 C2-7 C2-8 C3 C4 C5 C6 C7 C8

In the districts indicated, the maximum #floor area ratio# for a #zoning lot# containing only #commercial uses# shall not exceed the #floor area ratio# set forth in the following table:

Districts	Maximum #Floor Area Ratio#
C3	0.50
C4-1 C8-1	1.00
C1-6 C1-7 C1-8 C1-9 C2-6 C2-7 C2-8 C7 C8-2 C8-3	2.00
C4-2A C4-3A	3.00
C4-2 C4-2F C4-3 C4-4 C4-4D C4-5 C4-6	3.40

C6-1 C6-2 C6-3	6.00
C6-3D	9.00
C4-7 C5-2 C5-4 C6-4 C6-5 C6-8	10.00
C5-3 C5-5 C6-6 C6-7 C6-9	15.00

(10/11/12)

33-123

Community facility buildings or buildings used for both community

facility and commercial uses in all other Commercial Districts

C1-6 C1-7 C1-8 C1-9 C2-6 C2-7 C2-8 C3 C4 C5 C6 C8

In the districts indicated, the maximum #floor area ratio# for a #zoning lot# containing #community facility uses#, or for a #zoning lot# containing both #commercial# and #community facility uses#, shall not exceed the #floor area ratio# set forth in the following table:

Districts	Maximum #Floor Area Ratio#
C3	1.00
C4-1	2.00
C8-1	2.40
C4-2A C4-3A	3.00
C1-6A C2-6A C4-4A C4-4L C4-5A	4.00
C4-5D	4.20
C4-2 C4-3 C8-2	4.80
C4-5X	5.00
C6-1A	6.00
C1-6 C1-7 C2-6 C4-2F C4-4 C4-4D C4-5 C6-1 C6-2 C8-3 C8-4	6.50
C1-8A C2-7A C6-3A	7.50
C1-8X C2-7X C6-3D C6-3X	9.00
C1-8 C1-9 C2-7 C2-8 C4-6 C4-7 C5-1 C5-2 C5-4 C6-3 C6-4 C6-5 C6-8	10.00
C5-3 C5-5 C6-6 C6-7 C6-9	15.00

For #zoning lots# containing both #commercial uses# and #community facility uses#, the total #floor area# used for #commercial uses# shall not exceed the amount permitted for #zoning lots# containing only #commercial uses# in Section 33-122.

In all #Commercial Districts# except C7 and C8 Districts, for any #zoning lot# containing nursing homes, health-related facilities, domiciliary care facilities for adults, sanitariums and

philanthropic or non-profit institutions with sleeping accommodations, the total #floor area# used for the #community facility use# shall not exceed the amount as set forth in paragraph (b) of Section 24-111 (Maximum floor area ratio for certain community facility uses), applying the equivalent #Residential District# (indicated in Section 34-112) for the #Commercial District# in which such #use# is located unless modified pursuant to Section 74-902.

The maximum #floor area ratio# for any #zoning lot# used partly for #commercial use# and partly for nursing homes, health-related facilities, domiciliary care facilities for adults, sanitariums and philanthropic or non-profit institutions with sleeping accommodations shall not exceed the amount permitted for a #zoning lot# containing #commercial uses# by the applicable district regulations. However, for the districts in which the allowable #floor area ratio#, as set forth in paragraph (b) of Section 24-111, exceeds the amount permitted for a #zoning lot# containing #commercial uses#, the provisions of paragraph (b) of Section 24-111 shall be used to compute the maximum #floor area# permissible for the #zoning lot# unless modified pursuant to Section 74-902.

(10/17/07)

33-124

Existing public amenities for which floor area bonuses have been received

- (a) Elimination or reduction in size of non-bonused open area on a #zoning lot# containing a bonused amenity

In all districts, any existing open area for which a #floor area# bonus has not been utilized that occupies the same #zoning lot# as an existing #publicly accessible open area# or other public amenity, open or enclosed, for which a #floor area# bonus has been utilized, may be reduced in size or eliminated only upon certification of the Chairperson of the City Planning Commission that all bonused amenities comply with the standards under which such #floor area# bonus was granted.

- (b) Kiosks and open air cafes

Kiosks and open air cafes may be placed within an existing #publicly accessible open area# for which a #floor area# bonus has been received by certification, pursuant to Section 37-73 (Kiosks and Open Air Cafes).

(c) Nighttime closing of existing public open areas

In all #Commercial Districts#, the City Planning Commission may, upon application, authorize the closing during certain nighttime hours of an existing #publicly accessible open area# for which a #floor area# bonus has been received, pursuant to Section 37-727 (Hours of access).

(d) Elimination or reduction in size of existing public amenities

In all #Commercial Districts#, no existing #publicly accessible open area# or other public amenity, open or enclosed, for which a #floor area# bonus has been utilized, shall be eliminated or reduced in size, except by special permit of the City Planning Commission, pursuant to Section 74-761 (Elimination or reduction in size of bonused public amenities).

(2/2/11)

33-13

Floor Area Bonus for a Public Plaza

C1-8 C1-9 C2-7 C2-8

(a) #Zoning lots# containing #community facility uses#

In the districts indicated, and in other C1 or C2 Districts when mapped within R9 or R10 Districts, for #zoning lots# containing #community facility uses#, for each square foot of #public plaza# provided in accordance with Section 37-70, inclusive, the total #floor area# permitted on that #zoning lot# under the provisions of Section 33-12 (Maximum Floor Area Ratio) for a #zoning lot# containing only #community facility uses# or both #commercial# and #community facility uses#, may be increased by six square feet.

C4-7 C5-2 C5-3 C5-4 C5-5 C6-1 C6-2 C6-3 C6-4 C6-5 C6-6 C6-7 C6-8
C6-9

(b) #Zoning lots# containing only #commercial uses#

In the districts indicated, for #zoning lots# containing only #commercial uses#, for each square foot of #public plaza# provided in accordance with Section 37-70, inclusive, the total #floor area# permitted on that #zoning lot# under

the provisions of Section 33-12 for a #commercial use# may be increased as set forth in the following table:

Districts	Permitted Additional Square Feet of #Floor Area# per Square Foot of #Public Plaza#
C5-3 C5-5 C6-6 C6-7 C6-9	10 square feet
C4-7 C5-2 C5-4 C6-1A C6-4 C6-5 C6-8	6 square feet
C6-1 C6-2 C6-3	4 square feet

C4-6 C4-7 C5-1 C5-2 C5-3 C5-4 C6-1 C6-2 C6-3 C6-4 C6-5 C6-6 C6-7
C6-8 C6-9

- (c) #Zoning lots# containing #community facility uses# or both #commercial# and #community facility uses#

In the districts indicated, for #zoning lots# containing only #community facility uses# or both #commercial# and #community facility uses#, for each square foot of #public plaza# provided in accordance with Section 37-70, inclusive, the total #floor area# permitted on that #zoning lot# under the provisions of Section 33-12 may be increased as set forth in the following table:

Districts	Permitted Additional Square Feet of #Floor Area# per Square Foot of #Public Plaza#
C5-3 C5-5 C6-6 C6-7 C6-9	10 square feet
C4-6 C4-7 C5-1 C5-2 C5-4 C6-3 C6-4 C6-5 C6-8	6 square feet
C6-1 C6-2	4 square feet

33-14

Floor Area Bonus for Arcades

C4-7 C5-2 C5-3 C5-4 C5-5 C6

- (a) In the districts indicated, for #zoning lots# containing #commercial uses#, for each square foot of #arcade# provided on a #zoning lot# in accordance with the provisions of Section 37-80 (ARCADES), the total #floor area# permitted on that #zoning lot# under the provisions of Section 33-12 (Maximum Floor Area Ratio) for a #zoning lot# containing only #commercial uses# may be increased as set forth in the following table:

FLOOR AREA BONUS

Districts	Permitted Additional Square Feet of #Floor Area# per Square Foot of #Arcade#
C4-7 C5-2 C5-3 C5-4 C5-5	
C6-1A C6-4 C6-5 C6-6	
C6-7 C6-8 C6-9	3 square feet
C6-1 C6-2 C6-3	2 square feet

C1-8 C1-9 C2-7 C2-8 C4-6 C4-7 C5 C6

- (b) In the districts indicated, and in C1 or C2 Districts when mapped within an R9 or R10 District, for #zoning lots# containing #community facility uses#, for each square foot of #arcade# provided on a #zoning lot# in accordance with the provisions of Section 37-80, the total #floor area# permitted on that #zoning lot# under the provisions of Section 33-12 for a #zoning lot# containing only #community facility uses# or both #commercial# and #community facility uses# may be increased as set forth in the following table:

Districts	Permitted Additional Square Feet of #Floor Area# per Square Foot of #Arcade#
-----------	--

C1 or C2 when mapped within R9 or R10 C1-8 C1-9 C2-7 C2-8 C4-6 C4-7 C5 C6-3 C6-4 C6-5 C6-6 C6-7 C6-8 C6-9	3 square feet
C6-1 C6-2	2 square feet

(10/17/07)

33-15

Floor Area Bonus for Front Yards

(2/2/11)

33-151

In districts with bulk governed by Residence District bulk regulations

C1-1 C1-2 C1-3 C1-4 C1-5 C2-1 C2-2 C2-3 C2-4 C2-5

In the districts indicated, when mapped within an R1, R2, R3, R4 or R5 District, except R5D Districts, on any #zoning lot# on which there are provided #yards# as set forth in this Section, the maximum #floor area ratio# set forth in Section 33-12 (Maximum Floor Area Ratio) for a #zoning lot# containing only #community facility uses# or both #commercial# and #community facility uses#, may be increased to the #floor area ratio# set forth in the following table provided that:

- (a) on #interior lots#, a #front yard# not less than 30 feet in depth is provided;
- (b) on #corner lots#, two #front yards#, each not less than 20 feet in depth, are provided; or
- (c) on #through lots#, a #front yard# not less than 30 feet in depth is provided along each #front lot line#.

MAXIMUM FLOOR AREA RATIO

Districts	Maximum #Floor Area Ratio#
Within R1, R2, R3-1, R3A	1.60

or R3X Districts

Within R4 or R5 Districts

2.40

(10/17/07)

33-152

In certain other Commercial Districts

C3 C4-1

In the districts indicated, the provisions set forth in Section 33-151 shall also apply as set forth in the following table:

Districts	Maximum #Floor Area Ratio#
C3	1.60
C4-1	2.40

Regulations Applying to Special Situations

(10/17/07)

33-16

Special Provisions for Zoning Lots Divided by District Boundaries

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts or is subject to other regulations resulting in different maximum #floor area ratios# on portions of the #zoning lot#, the provisions set forth in Article VII, Chapter 7, shall apply.

(12/15/61)

33-20

YARD REGULATIONS

Definitions and General Provisions

(11/19/87)

33-21

Definitions

Words in italics are defined in Section 12-10 or, if applicable exclusively to this Section, in this Section.

(12/15/61)

33-22

Level of Yards

In all #Commercial Districts#, the level of a #yard# or of a #rear yard equivalent# shall not be higher than #curb level#. However, this Section shall not be construed to require that natural grade level be disturbed in order to comply with this requirement.

No #building or other structure# shall be erected above ground level in any required #yard# or #rear yard equivalent# except as otherwise provided in Section 33-23 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

(4/30/12)

33-23

Permitted Obstructions in Required Yards or Rear Yard Equivalents

In all #Commercial Districts#, the following obstructions shall be permitted when located within a required #yard# or #rear yard equivalent#:

(a) In any #yard# or #rear yard equivalent#:

(1) Arbors or trellises;

(2) Awnings and other sun control devices, provided that when located at a level higher than the first #story#, excluding a #basement#, all such awnings and other sun control devices:

(i) shall be limited to a maximum projection from a #building# wall of 2 feet, 6 inches; and

- (ii) shall have solid surfaces that, in aggregate, cover an area no more than 30 percent of the area of the #building# wall (as viewed in elevation) from which they project;
- (3) Canopies;
- (4) Chimneys, projecting not more than three feet into, and not exceeding two percent of the area of, the required #yard# or #rear yard equivalent#;
- (5) Eaves, gutters or downspouts, projecting into such #yard# or #rear yard equivalent# not more than 16 inches or 20 percent of the width of such #yard# or #rear yard equivalent#, whichever is the lesser distance;
- (6) Exterior wall thickness, where such wall thickness is added to the exterior face of a #building# wall existing on April 30, 2012, provided the added wall thickness has a thermal resistance (R-value) of at least 1.5 per inch, and is limited to one inch of thickness for every foot of existing #yard# width, up to a maximum thickness of eight inches. When an open area is provided along a common #lot line#, then such exterior wall thickness is limited to one inch for every foot of existing open area on the #zoning lot#;

Where #buildings# that have added exterior wall thickness pursuant to this Section are #enlarged#, such #enlarged# portion may similarly encroach upon required #yards# in order to align with the exterior walls of the existing #building#, provided such #enlargement# contains less #floor area# than the existing #building#, and there is no encroachment of #floor area# into a required #yard#;

- (7) Fences;
- (8) Flagpoles;
- (9) Parking spaces for automobiles or bicycles, off-street, open, #accessory#;
- (10) Solar energy systems on walls existing on April 30, 2012, projecting no more than 10 inches and occupying no more than 20 percent of the surface area of the #building# wall (as viewed in elevation) from which it projects;

- (11) Steps, and ramps for people with disabilities;
 - (12) Terraces or porches, open;
 - (13) Walls, not exceeding eight feet in height and not roofed or part of a #building#.
- (b) In any #rear yard# or #rear yard equivalent#:
- (1) Balconies, unenclosed, subject to the provisions of Section 24-165;
 - (2) Breezeways;
 - (3) Any #building# or portion of a #building# used for any permitted #use# other than #residences#, except that any portion of a #building# containing rooms used for living or sleeping purposes (other than a room in a hospital used for the care or treatment of patients) shall not be a permitted obstruction, and provided that the height of such #building# shall not exceed one #story#, excluding #basement#, nor in any event 23 feet above #curb level#. In addition, decks, parapet walls, roof thickness, skylights, vegetated roofs, and weirs, pursuant to Section 33-42 (Permitted Obstructions), shall be permitted above such a #building#, or portion thereof;
 - (4) Fire escapes;
 - (5) Parking spaces for automobiles or bicycles, off-street, #accessory#, provided that the height of an #accessory building# used for such purposes and located in a required #rear yard# or #rear yard equivalent# shall not exceed 23 feet above #curb level#. In addition, decks, parapet walls, roof thickness, skylights, vegetated roofs, and weirs, as set forth in Section 33-42, shall be permitted above such an #accessory building#, or portion thereof;
 - (6) Solar energy systems:
 - (i) on the roof of a #building# permitted as an obstruction to such #yard#, up to four feet in height as measured perpendicular to the roof surface when located above a permitted #commercial# or #community facility use# or attached parking structure;

- (ii) on the roof of a #building# permitted as an obstruction to such #yard#, shall be limited to 18 inches in height as measured perpendicular to the roof surface when located above a shed or detached parking structure, or on any roof with a slope greater than 20 degrees;
 - (iii) on walls existing on April 30, 2012, projecting no more than 10 inches and occupying no more than 20 percent of the surface area of the #building# wall (as viewed in elevation) from which it projects;
- (7) Water-conserving devices required in connection with air conditioning or refrigeration systems in #buildings# existing prior to May 20, 1966, if located not less than 8 feet from any #lot line#.

However, no portion of a #rear yard equivalent# that is also a required #front yard# or required #side yard# may contain any obstructions not permitted in such #front yard# or #side yard#.

(12/15/61)

33-24

Measurement of Yard Width or Depth

In all #Commercial Districts#, the width or depth of a #yard# or #rear yard equivalent# shall be measured perpendicular to #lot lines#.

(4/30/12)

33-25

Minimum Required Side Yards

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, no #side yards# are required. However, if an open area extending along a #side lot line# is provided at any level, it shall be either:

- (a) at least eight feet wide at every point; or
- (b) at least five feet wide at every point, with an average width of eight feet, such average being the mean of the width of the open area at its narrowest point and its width

at its widest point, provided that:

- (1) such widest point shall be on a #street line#;
- (2) no portion of a #building# shall project beyond a straight line connecting such two points; and
- (3) in the case of a #zoning lot# bounded by a #side lot line# extending from #street# to #street#, such average shall be computed and such open area shall be provided as though each half of such #side lot line# bounded a separate #zoning lot#.

Permitted obstructions pursuant to paragraph (a) of Section 33-23 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), shall be permitted in such open areas.

(4/30/08)

33-26

Minimum Required Rear Yards

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, a #rear yard# with a depth of not less than 20 feet shall be provided at every #rear lot line# on any #zoning lot# except as otherwise provided in Sections 33-27 (Special Provisions for Shallow Interior Lots), 33-28 (Special Provisions for Through Lots) or 33-30 (OTHER SPECIAL PROVISIONS FOR REAR YARDS). #Rear yards# shall also be provided along portions of #side lot lines# as set forth in Section 33-261 (Beyond one hundred feet of a street line).

(4/30/08)

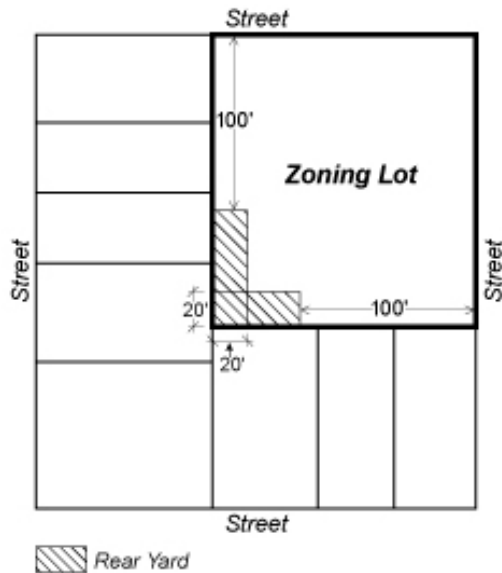

33-261

Beyond one hundred feet of a street line

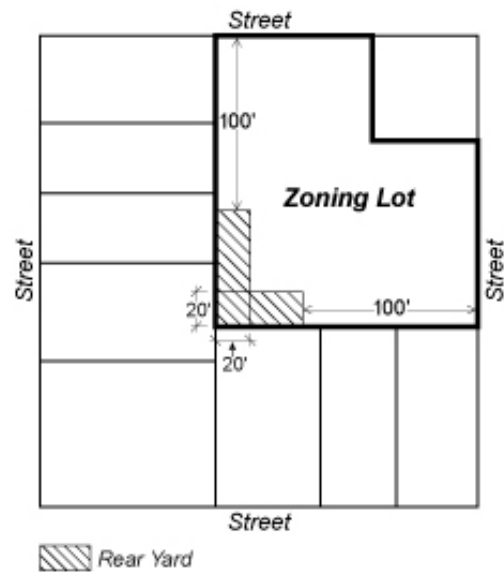

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, for #corner lots#, and for #zoning lots# that are bounded by two or more #streets# that are neither #corner lots# or #through lots#, the portion of a #side lot line# beyond 100 feet of the #street line# that it intersects shall be considered a #rear lot line# and a #rear yard# with a minimum depth of 20 feet shall be provided where such #rear lot

line# coincides with a #rear lot line# of an adjoining #zoning lot#.

CORNER LOT
(33-261.1, 43-261.1)

ZONING LOT BOUNDED BY
TWO OR MORE STREETS
(NEITHER A CORNER LOT NOR A THROUGH LOT)
(33-261.2, 43-261.1)

Regulations Applying to Special Situations

(12/15/61)

33-27

Special Provisions for Shallow Interior Lots

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, if an #interior lot# consists entirely of a tract of land:

- (a) which was owned separately and individually from all other adjoining tracts of land, both on December 15, 1961, and on the date of application for a building permit; and
- (b) which is less than 70 feet deep;

the depth of a required #rear yard# for such #interior lot# may be reduced by one foot for each two feet by which the maximum depth of such #interior lot# is less than 70 feet. No #rear yard# is required on any #interior lot# with a maximum depth of 50 feet or less.

(4/30/08)

33-28

Special Provisions for Through Lots

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, the regulations of this Section shall apply to all #through lots#. In the case of a #zoning lot# occupying an entire #block#, no #rear yard# or #rear yard equivalent# shall be required.

(4/30/08)

33-281

Excepted districts

C4-2 C4-3 C4-4 C4-5 C4-6 C4-7 C5 C6 C8-4

In the districts indicated, no #rear yard# regulations shall apply to any #through lot#, except as otherwise provided in Section 33-303 (For zoning lots with multiple rear lot lines).

(12/15/61)

33-282

Excepted through lots

C1 C2 C3 C4-1 C7 C8-1 C8-2 C8-3

In the districts indicated, no #rear yard# regulations shall apply to any #through lots# which extend less than 110 feet in maximum depth from #street# to #street#.

(9/30/09)

33-283

Required rear yard equivalents

C1 C2 C3 C4-1 C7 C8-1 C8-2 C8-3

In the districts indicated, on any #through lot# 110 feet or more in maximum depth from #street# to #street#, one of the following #rear yard equivalents# shall be provided:

- (a) an open area with a minimum depth of 40 feet midway (or within five feet of being midway) between the two #street lines# upon which such #through lot# fronts. In C1-6A, C1-7A, C1-8X, C1-9A, C2-6A, C2-7X, C2-8A and in C1 and C2 Districts mapped within R5D, R6A, R6B, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9D, R9X or R10 Districts, a #rear yard equivalent# shall be provided only as set forth in this paragraph; or
- (b) two open areas, each adjoining and extending along the full length of the #street line#, and each with a minimum depth of 20 feet measured from such #street line#; except that in C1 or C2 Districts the depth of such required open area along one #street line# may be decreased provided that a corresponding increase of the depth of the open area along the other #street line# is made; or
- (c) an open area adjoining and extending along the full length of each #side lot line#, with a minimum width of 20 feet measured from each such #side lot line#.

Any such #rear yard equivalent# shall be unobstructed from its lowest level to the sky, except as provided in Section 33-23 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

(2/8/62)

33-29

Special Provisions Applying along District Boundaries

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, open areas shall be provided in accordance with the provisions of this Section along the boundaries of #Residence Districts# except where such district boundaries are also the boundaries of railroad rights-of-way or cemeteries.

(12/15/61)

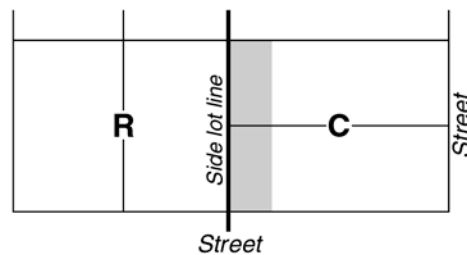

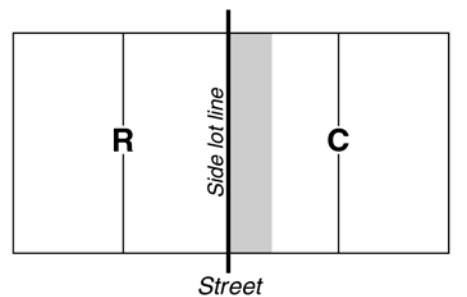

33-291

Required yards along district boundary coincident with side lot line of zoning lot in an R1, R2, R3, R4 or R5 District

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, along such portion of the boundary of a #Commercial District# that coincides with a #side lot line# of a #zoning lot# in an R1, R2, R3, R4 or R5 District an open area not higher than #curb level# shall be provided within the #Commercial District# with at least the width or depth set forth in the following table. Such an open area shall not be used for #accessory# off-street loading, or for storage or processing of any kind.

Districts	Required Width or Depth of #Yard# (in feet)
C1 C2 C3 C4 C5 C6 C7	8
C8	15

(12/15/61)

33-292

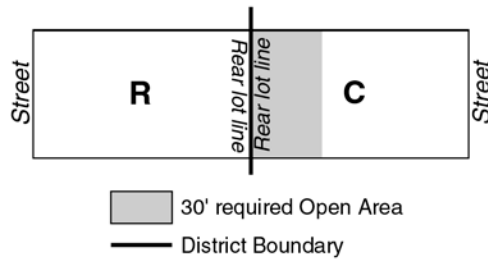

Required yards along district boundary coincident with rear lot lines of two adjoining zoning lots

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, along such portion of the #rear lot line# of a #zoning lot# in a #Commercial District# which coincides with a #rear lot line# of a #zoning lot# in an adjoining #Residence District#, an open area at a level not higher than indicated in the following table, shall be provided along such boundary and within the #Commercial District#. Such an open area shall not be used for storage or processing of any kind.

REQUIRED DEPTH OF YARD

Districts	Maximum Level of #Yard#	Depth (in feet)
C1 C2 C3 C4 C5 C6 C7	23 feet above #curb level#	30
C8	#Curb level#	30

REQUIRED YARD ALONG DISTRICT BOUNDARIES COINCIDENT WITH REAR LOT LINES (33-292)

(12/15/61)

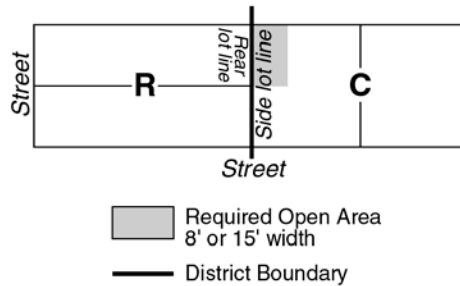

33-293

Required yards along district boundary coincident with side lot line of zoning lot in a Commercial District

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, along such portion of a #side lot line# of a #zoning lot# in a #Commercial District# that coincides with a #rear lot line# of a #zoning lot# in an adjoining #Residence District#, an open area at #curb level# of at least the width set forth in the following table shall be provided along such boundary within the #Commercial District#. Such an open area shall not be used for #accessory# off-street loading, or for storage or processing of any kind.

Districts	Required Width of #Yard# (in feet)
C1 C2 C3 C4 C5 C6 C7	8

REQUIRED YARD ALONG DISTRICT BOUNDARIES
(33-293)

(12/15/61)

33-30

OTHER SPECIAL PROVISIONS FOR REAR YARDS

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, the #rear yard# requirements set forth in Section 33-26 (Minimum Required Rear Yards) shall be modified as set forth in this Section.

(12/15/61)

33-301

Within one hundred feet of corners

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, no #rear yard# shall be required within 100 feet of the point of intersection of two #street lines# intersecting at an angle of 135 degrees or less.

(5/20/65)

33-302

Along short dimension of block

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, whenever a #front lot line# of a #zoning lot# coincides with all or part of a #street line# measuring less than 230 feet in length between two intersecting #streets#, no #rear yard# shall be required within 100 feet of such #front lot line#.

(4/30/08)

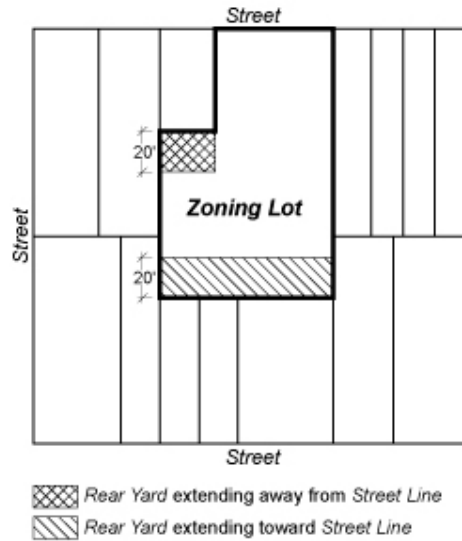

33-303

For zoning lots with multiple rear lot lines

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, for #zoning lots# with multiple #rear lot lines#, if a #rear yard# extends from a #rear lot line# away from the #street line# which is used to determine such #rear lot line#, the following rules shall apply:

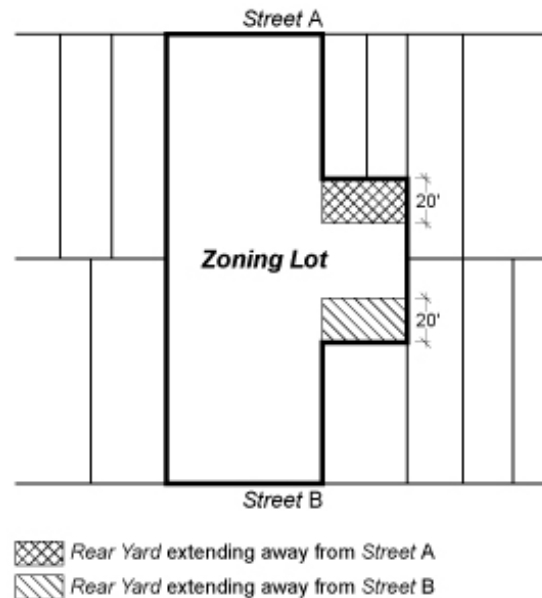

- (a) A #rear yard# with a minimum depth of 20 feet shall be provided where such #rear lot line# coincides with a #rear lot line# of an adjoining #zoning lot#.

(33-303a)

- (b) No #rear yard# shall be required where such #rear lot line# coincides with a #side lot line# of an adjoining #zoning lot#.

- (c) For portions of #through lots# that have multiple #rear lot lines# and such portions are not subject to #interior lot# regulations, the #street line# bounding the #zoning lot# closest to such #rear lot line# shall be used to determine compliance with this Section.

(33-303c)

(12/15/61)

33-31

Special Provisions for Zoning Lots Divided by District Boundaries

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts with different #yard# regulations, the provisions set forth in Article VII, Chapter 7 shall apply.

(4/30/08)

33-32

Modifications of Yard Regulations

C5-5 C6-8 C6-9

- (a) In the districts indicated, the regulations set forth in Sections 33-26 to 33-30, inclusive, relating to #rear yard# regulations, may be modified in accordance with the provisions of Section 73-68 (Height and Setback and Yard Modifications).

C1 C2 C3 C4 C5 C6 C7 C8

- (b) In all districts, the regulations set forth in Section 33-303 (For zoning lots with multiple rear lot lines) may be modified in accordance with the provisions of Section 73-69 (Rear Yard Modifications).

(12/15/61)

33-41

Definitions

Words in italics are defined in Section 12-10 or, if applicable exclusively to this Section, in this Section.

(4/30/12)

33-42

Permitted Obstructions

In all #Commercial Districts#, the following obstructions shall be permitted and may thus penetrate a maximum height limit or #sky exposure planes#, as set forth in Sections 33-43 (Maximum Height of Walls and Required Setbacks), 33-44 (Alternate Front Setbacks) or 33-491 (Limited Height Districts):

- (a) Awnings and other sun control devices, provided that when located at a level higher than the first #story#, excluding a #basement#, all such awnings and other sun control devices:

- (1) shall be limited to a maximum projection from a #building# wall of 2 feet, 6 inches, except when located on the first #story# above a setback;
- (2) shall have solid surfaces that, in aggregate, cover an area no more than 30 percent of the area of the #building# wall (as viewed in elevation) from which they project; and
- (3) may rise above the permitted #building# height, up to the height of a parapet wall or guardrail permitted in accordance with Section 33-42 (Permitted Obstructions).

When located on the first #story# above a setback, awnings and other sun control devices shall be limited to a projection of 50 percent of the depth of the required setback, and shall be limited, in total, to 50 percent of the width of the #building# wall from which they project;

- (b) Balconies, unenclosed, subject to the provisions of Section 24-166;
- (c) #Building# columns, having an aggregate width equal to not more than 20 percent of the #aggregate width of street walls# of a #building#, to a depth not exceeding 12 inches, in an #initial setback distance#, optional front open area, or any other required setback distance or open area set forth in Sections 33-43, 33-44 or 33-45 (Tower Regulations);
- (d) Chimneys or flues, with a total width not exceeding 10 percent of the #aggregate width of street walls# of a #building# at any given level;
- (e) Decks, and other surfaces for recreational activities, not more than 3 feet, 6 inches in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher;
- (f) Elevator or stair bulkheads (including shafts; and vestibules not larger than 60 square feet in area providing access to a roof), roof water tanks and #accessory# mechanical equipment (including enclosures), other than solar or wind energy systems, provided that:
 - (1) such obstructions shall be located not less than 10 feet from the #street wall# of a #building#, except that such obstructions need not be set back more than 25 feet from a #narrow street line# or more than 20 feet from a #wide street line#. However, such restrictions on location shall not apply to elevator or

stair bulkheads (including shafts or vestibules), provided the #aggregate width of street walls# of such bulkheads within 10 feet of a #street wall#, facing each #street# frontage, times their average height, in feet, does not exceed an area equal to four times the width, in feet, of the #street wall# of the #building# facing such frontage;

- (2) all mechanical equipment shall be screened on all sides;
- (3) such obstructions and screening are contained within a volume that complies with one of the following:
 - (i) the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, shall not exceed an area equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage; or
 - (ii) the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and where the maximum permitted height of a #building# is less than 120 feet, such obstructions are limited to a maximum height of 25 feet, and where the maximum permitted height of a #building# is 120 feet or greater, such obstructions are limited to a maximum height of 40 feet.

For the purposes of this paragraph, (f), #abutting buildings# on a single #zoning lot# may be considered to be a single #building#;

- (g) Exterior wall thickness, up to eight inches, where such wall thickness is added to the exterior face of a #building# wall existing on April 30, 2012, provided the added wall thickness has a thermal resistance (R-value) of at least 1.5 per inch. Where #buildings# that have added exterior wall thickness pursuant to this Section are #enlarged#, such #enlarged# portion may similarly penetrate a maximum height limit in order to align with the exterior walls of the existing #building#, provided such #enlargement# contains less #floor area# than the existing #building#, and there is no penetration of #floor area# above a maximum height limit;
- (h) Flagpoles or aerials;
- (i) House of worship towers, ornamental, having no #floor area#

in portion of tower penetrating such height limit or #sky exposure plane#;

- (j) Parapet walls, not more than four feet in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. A guardrail with a surface at least 70 percent open or with an opacity of not more than 30 percent (as viewed in elevation), shall be permitted above a parapet wall or within two feet of a parapet wall, provided such guardrail is not more than four feet above the accessible level of a roof. Such restriction on guardrail height shall not apply when located beyond two feet from a parapet wall;
- (k) Roof thickness, up to eight inches, to accommodate the addition of insulation, for #buildings# or portions of #buildings# constructed prior to April 30, 2012. For a #building# that has added roof thickness pursuant to this paragraph, an #enlargement# may align with the finished roof surface of such #building#, provided the #enlarged# portion does not exceed the maximum height limit by more than eight inches;
- (l) Rooftop greenhouses, permitted pursuant to Section 75-01 (Certification for Rooftop Greenhouses);
- (m) Skylights, clerestories or other daylighting devices, not more than four feet in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. Such devices shall be limited to a #lot coverage# not greater than 10 percent of the #lot coverage# of the roof and be located at least eight feet from the #street wall# edge. However, such devices shall not be permitted obstructions above a roof with a slope greater than 20 degrees;
- (n) Solar energy systems:
 - (1) on the roof of a #building#, up to four feet in height, as measured from the maximum height limit, or the finished level of the roof, whichever is higher;
 - (2) on the roof of a #building#, greater than four feet in height, as measured from the maximum height limit, or the finished level of the roof, whichever is higher, provided that all such portions above four feet are set back at least six feet from a #street wall#, limited to a #lot coverage# not greater than 25 percent of the #lot coverage# of the roof and do not exceed:

- (i) in #Commercial Districts# mapped within R1 through R5 Districts and in C3 and C4-1 Districts, a height of six feet;
 - (ii) in all other #Commercial Districts# and #Commercial Districts# mapped within R6 through R10 Districts, a height of 15 feet; and
 - (iii) when located on a bulkhead or other obstruction pursuant to paragraph (f) of this Section, a height of six feet;
- (3) on walls existing on April 30, 2012, projecting no more than 10 inches and occupying no more than 20 percent of the surface area of the #building# wall (as viewed in elevation) from which it projects.

However, any installation on a roof with a slope greater than 20 degrees shall be limited to 18 inches in height, as measured perpendicular to the roof surface;

- (o) Spires or belfries;
- (p) Vegetated roofs, not more than 3 feet, 6 inches in height, excluding vegetation, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. On roofs with slopes greater than 20 degrees, vegetated roofs shall be limited to a height of 12 inches measured perpendicular to such roof surface;
- (q) Weirs, check dams and other equipment for stormwater management, not more than 3 feet, 6 inches in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher;
- (r) Wind energy systems on portions of #buildings# with a height of 100 feet or greater, provided that:
 - (1) the highest point of the wind turbine assembly does not exceed 55 feet;
 - (2) no portion of the wind turbine assembly is closer than 10 feet to any #lot line#; and
 - (3) in districts where new #residences# or new #joint living work quarters for artists# are allowed as-of-right or by special permit or authorization, or within 100 feet of such districts, the diameter of the swept

area of the rotor does not exceed 15 feet;

(s) Window washing equipment mounted on a roof;

(t) Wire, chain link or other transparent fences.

(2/2/11)

33-43

Maximum Height of Walls and Required Setbacks

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, if the front wall or other portion of a #building or other structure# is located at the #street line# or within the #initial setback distance# set forth in this Section, the height of such front wall or other portion of a #building or other structure# shall not exceed the maximum height above #curb level# set forth in this Section. Above such specified maximum height and beyond the #initial setback distance#, the #building or other structure# shall not penetrate the #sky exposure plane# set forth in this Section. The regulations of this Section shall apply except as otherwise provided in Sections 33-42 (Permitted Obstructions), 33-44 (Alternate Front Setbacks), 33-45 (Tower Regulations), 33-49 (Special Height Limitations), inclusive, 74-85 (Height and Setback Regulations for Residential Buildings) or 85-04 (Modifications of Bulk Regulations).

(2/2/11)

33-431

In C1 or C2 Districts with bulk governed by surrounding Residence District

C1-1 C1-2 C1-3 C1-4 C1-5 C2-1 C2-2 C2-3 C2-4 C2-5

(a) In the districts indicated, the maximum height of a front wall and the required front setback of a #building or other structure# shall be determined by the #Residence District# within which such #Commercial District# is mapped and, except as otherwise set forth in this Section, shall be as set forth in the following table:

MAXIMUM HEIGHT OF
FRONT WALL AND REQUIRED FRONT SETBACKS

#Initial Setback Distance# (in feet)		Maximum Height of a Front Wall or other portion of a Building or Other Structure# within the #Initial Setback Distance#	Height above the #Street Line# (in feet)	#Sky Exposure Plane#			
				Slope over #Zoning Lot# (Expressed as a Ratio of Vertical Distance to Horizontal Distance)			
				On #Narrow Street#		On #Wide Street#	
On #Narrow Street#	On #Wide Street#			Vertical Distance	Hori-zontal Distance	Vertical Distance	Hori-zontal Distance

Within R1, R2, R3, R4, R5, R5A or R5B Districts

20	15	30 feet or two #stories#, whichever is less	30	1 to 1	1 to 1
----	----	---	----	--------	--------

Within R6 or R7 Districts

20	15	60 feet or four #stories#, whichever is less	60	2.7 to 1	5.6 to 1
----	----	--	----	----------	----------

Within R8, R9 or R10 Districts

20	15	85 feet or six #stories#, whichever is less	85	2.7 to 1	5.6 to 1
----	----	---	----	----------	----------

However, in accordance with the provisions of Section 32-42 (Location within Buildings), no #commercial building# or portion thereof occupied by non-#residential uses# listed in Use Groups 6A, 6B, 6C, 6F, 7, 8, 9 or 14 shall exceed in height 30 feet or two #stories#, whichever is less.

For #community facility buildings# or #buildings# used for both #community facility use# and #commercial use#, when mapped within R4, R5, R5A or R5B Districts, the maximum height of a front wall shall be 35 feet or three #stories#, whichever is less, and the height above #street line# shall be 35 feet and, when mapped within R7-2 Districts, the maximum height of a front wall shall be 60 feet or six #stories#, whichever is less.

In C1 or C2 Districts mapped within R1, R2 or R3 Districts

in the Borough of Staten Island or in Community District 10 in the Bronx, for #buildings# containing ambulatory diagnostic or treatment health care facilities, as listed in Section 22-14 (Use Group 4), or child care services, as listed under the definition of #school# in Section 12-10 (DEFINITIONS), the maximum height of a front wall or other portion of a #building# within the #initial setback distance# shall be 35 feet, or three #stories#, whichever is less. However, such increased height shall only be permitted beyond 20 feet of a #Residence District# boundary or beyond 20 feet of any portion of a #building# containing a #residential use# located in a #Commercial District#.

C1-1 C1-2 C1-3 C1-4 C1-5 C2-1 C2-2 C2-3 C2-4 C2-5

- (b) In the districts indicated, when mapped within R6A, R6B, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9D, R10A or R10X Districts, the height and setback regulations of Sections 33-43 through 33-457, inclusive, shall not apply. In lieu thereof, the provisions of Section 35-24 (Special Street Wall Location and Height and Setback Regulations in Certain Districts) shall apply.

(2/2/11)

33-432

In other Commercial Districts

C1-6 C1-7 C1-8 C1-9 C2-6 C2-7 C2-8 C3 C4 C5 C6 C7 C8

- (a) In the districts indicated, the maximum height of a front wall and the required front setback of a #building or other structure#, except as otherwise set forth in this Section, shall be as set forth in the following table:

MAXIMUM HEIGHT OF FRONT WALL AND REQUIRED FRONT SETBACKS

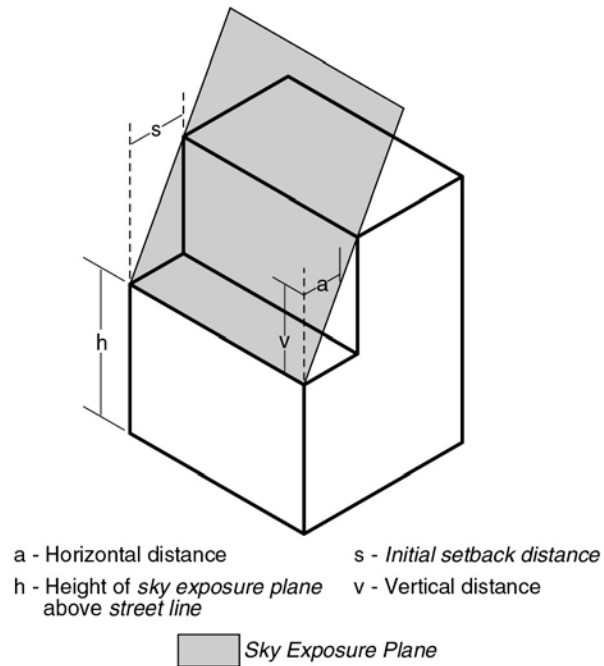

#Initial Setback Distance# (in feet)	Maximum Height of a Front Wall or other portion of a #Building or Other Structure#	Height above the	#Sky Exposure Plane#	
			Slope over #Zoning Lot# (Expressed as a Ratio of Vertical Distance to Horizontal Distance)	
			On #Narrow Street#	On #Wide Street#

On #Narrow Street#	On #Wide Street#	within the #Initial Setback Distance#	#Street Line# (in feet)	Vertical Distance	Hori- zontal Distance	Vertical Distance	Hori- zontal Distance
Within C3 C4-1 C8-1							
20	15	30 feet or two #stories#, whichever is less	30	1	to 1	1	to 1
Within C1-6 C2-6 C4-2 C4-3 C4-4 C4-5 C7 C8-2 C8-3							
20	15	60 feet or four #stories#, whichever is less	60	2.7	to 1	5.6	to 1
Within C1-7 C1-8 C1-9 C2-7 C2-8 C4-2F C4-6 C4-7 C5 C6 C8-4							
20	15	85 feet or six #stories#, whichever is less	85	2.7	to 1	5.6	to 1

However, in accordance with the provisions of Section 32-42 (Location within Buildings), in C1, C2 or C3 Districts, no #commercial building#, or portion thereof, occupied by non-#residential uses# listed in Use Group 6A, 6B, 6C, 6F, 7, 8, 9 or 14 shall exceed in height 30 feet or two #stories#, whichever is less.

In C4-1 or C8-1 Districts, for #community facility buildings# or #buildings# used for both #community facility# and #commercial use#, the maximum height of a front wall shall be 35 feet or three #stories#, whichever is less, and the height above #street line# shall be 35 feet.

In C1-6, C2-6, C4-4 or C4-5 Districts, for #community facility buildings# or #buildings# used for both #community facility# and #commercial use#, the maximum height of a front wall shall be 60 feet or six #stories#, whichever is less.

SKY EXPOSURE PLANE
IN OTHER COMMERCIAL DISTRICTS
(23-632, 24-522, 33-432, 43-43)

C1-6A C1-7A C1-8A C1-8X C1-9A C2-6A C2-7A C2-7X C2-8A C4-2A C4-3A

C6-3A C6-3D C6-3X C6-4A C6-4X

- (b) In the districts indicated, the height and setback regulations of Sections 33-43 through 33-457, inclusive, shall not apply. In lieu thereof, the provisions of Section 35-24 (Special Street Wall Location and Height and Setback Regulations in Certain Districts) shall apply.

(11/13/12)

33-433

Special height and setback regulations

- (a) Within the boundaries of Community District 7 in the Borough of Manhattan, all #buildings or other structures# located in an R10 equivalent #Commercial Districts# without a letter suffix shall comply with the requirements of Section 23-634 (Special height and setback regulations in R10 Districts within Community District7, Borough of Manhattan).

- (b) Within the boundaries of Community District 9 in the Borough of Manhattan, all #buildings# located in R8 Districts north of West 125th Street shall be #developed# or #enlarged# pursuant to the #residential bulk# regulations of the Quality Housing Program.
- (c) In C1 or C2 Districts mapped within R5D Districts, all #buildings or other structures# shall comply with the height and setback requirements of Section 23-60.

(2/2/11)

33-44

Alternate Front Setbacks

C1 C2 C3 C4 C5 C6 C7 C8

In all districts as indicated, if an open area is provided along the full length of the #front lot line# with the minimum depth set forth in this Section, the provisions of Section 33-43 (Maximum Height of Walls and Required Setbacks) shall not apply. The minimum depth of such open area shall be measured perpendicular to the #front lot line#. However, in such instances, except as otherwise provided in Sections 33-42 (Permitted Obstructions), 33-45 (Tower Regulations) or 85-04 (Modifications of Bulk Regulations), no #building or other structure# shall penetrate the alternate #sky exposure plane# set forth in this Section, and the #sky exposure plane# shall be measured from a point above the #street line#.

If the open area provided under the terms of this Section is a #public plaza#, such open area may be counted for the bonus provided for a #public plaza# in the districts indicated in Section 33-13 (Floor Area Bonus for a Public Plaza).

(6/29/06)

33-441

In C1 or C2 Districts with bulk governed by surrounding Residence District

C1-1 C1-2 C1-3 C1-4 C1-5 C2-1 C2-2 C2-3 C2-4 C2-5

In the districts indicated, the alternate front setback regulations applicable to a #building or other structure# shall be determined by the #Residence District# in which such

#Commercial District# is mapped and, except as otherwise set forth in this Section, shall be as set forth in the following table:

ALTERNATE REQUIRED FRONT SETBACKS

Depth of Optional Front Open Area (in feet)		Height above #Street Line# (in feet)	Alternate #Sky Exposure Plane# Slope over #Zoning Lot# (expressed as a ratio of vertical distance to horizontal distance)			
			On #Narrow Street#		On #Wide Street#	
			Vertical Distance	Horizontal Distance	Vertical Distance	Horizontal Distance
On #Narrow Street#	On #Wide Street#	#Street Line# (in feet)				
Within R1, R2, R3, R4, R5, R5A or R5B Districts						
15	10	30	1.4	to 1	1.4	to 1
Within R6 or R7 Districts						
15	10	60	3.7	to 1	7.6	to 1
Within R8, R9 or R10 Districts						
15	10	85	3.7	to 1	7.6	to 1

However, in accordance with the provisions of Section 32-42 (Location within Buildings), no #commercial building#, or portion thereof, occupied by non-#residential uses# listed in Use Group 6A, 6B, 6C, 6F, 7, 8, 9 or 14 shall exceed in height 30 feet or two #stories#, whichever is less.

For #community facility buildings# or #buildings# used for both #community facility use# and #commercial use#, when mapped within R4, R5, R5A or R5B Districts, the height above #street line# shall be 35 feet.

(2/2/11)

33-442

In other Commercial Districts

C1-6 C1-7 C1-8 C1-9 C2-6 C2-7 C2-8 C3 C4 C5 C6 C7 C8

In the districts indicated, the alternate front setback regulations applicable to a #building or other structure# shall be as set forth in the following table:

ALTERNATE REQUIRED FRONT SETBACKS

			Alternate #Sky Exposure Plane#										
			Slope over #Zoning Lot# (Expressed as a Ratio of Vertical Distance to Horizontal Distance)										
Depth of Optional Front Open Area (in feet)			Height above #Street Line# (in feet)	On #Narrow Street#					On #Wide Street#				
On #Narrow Street#	On #Wide Street#			Vertical Distance	Horizontal Distance			Vertical Distance	Horizontal Distance				
Within C3 C4-1 C8-1													
15	10		30	1.4	to 1			1.4	to 1				
Within C1-6 C2-6 C4-2 C4-3 C4-4 C4-5 C7 C8-2 C8-3													
15	10		60	3.7	to 1			7.6	to 1				
Within C1-7 C1-8 C1-9 C2-7 C2-8 C4-2F C4-6 C4-7 C5 C6 C8-4													
15	10		85	3.7	to 1			7.6	to 1				

However, in accordance with the provisions of Section 32-42 (Location within Buildings), in C1, C2 or C3 Districts, no #commercial building# or portion thereof occupied by #uses# listed in Use Group 6A, 6B, 6C, 6F, 7, 8, 9 or 14 shall exceed in height 30 feet or two #stories#, whichever is less.

In C4-1 or C8-1 Districts, for #community facility buildings# or #buildings# used for both #community facility use# and #commercial use#, the maximum height above #street line# shall be 35 feet or three #stories#, whichever is less.

33-451
In certain specified Commercial Districts

C4-7 C5-2 C5-3 C5-4 C5-5 C6-4 C6-5 C6-6 C6-7 C6-8 C6-9

In the districts indicated, any #buildings# or portions thereof which in the aggregate occupy not more than 40 percent of the #lot area# of a #zoning lot# or, for #zoning lots# of less than 20,000 square feet, the percent set forth in Section 33-454 (Towers on small lots), may penetrate an established #sky

exposure plane#. (Such #building# or portion thereof is hereinafter referred to as a tower.) At any given level, except where the provisions set forth in Section 33-455 (Alternate regulations for towers on lots bounded by two or more streets) or 33-456 (Alternate setback regulations on lots bounded by two or more streets) or 33-457 (Tower setbacks on narrow blocks) are applicable and where the option is taken to be governed by such provisions, such tower may occupy any portion of the #zoning lot# not located less than 15 feet from the #street line# of a #narrow street#, or less than 10 feet from the #street line# of a #wide street#, provided that the aggregate area so occupied within 50 feet of a #narrow street# shall not exceed 1,875 square feet and the aggregate area so occupied within 40 feet of a #wide street# shall not exceed 1,600 square feet.

If all of the #buildings# on a #zoning lot# containing such tower do not occupy at any level more than the maximum percent of the #lot area# set forth in this Section or Section 33-454 for towers, the tower may occupy any portion of the #zoning lot# located 20 feet or more from the #street line# of a #narrow street# or 15 feet or more from the #street line# of a #wide street#, provided that the aggregate area so occupied within 50 feet of a #narrow street# shall not exceed 2,250 square feet and the aggregate area so occupied within 40 feet of a #wide street# shall not exceed 2,000 square feet.

Unenclosed balconies, subject to the provisions of Section 24-165 (Balconies in R3 through R10 Districts), are permitted to project into or over open areas not occupied by towers.

(6/29/94)

33-452

Community facility buildings in C1 or C2 Districts when mapped within R7-2, R8, R9 or R10 Districts

C1-1 C1-2 C1-3 C1-4 C1-5 C2-1 C2-2 C2-3 C2-4 C2-5

In the districts indicated, when mapped within an R7-2, R8, R9, or R10 Districts, the provisions set forth in Section 33-451 (In certain specified Commercial Districts) shall apply to any #community facility building#. If a #building# is used for both #community facility# and #commercial uses#, no portion of such #building# occupied by #commercial use# shall penetrate the #sky exposure plane# as set forth in Sections 33-43 (Maximum Height of Walls and Required Setbacks) or 33-44 (Alternate Front Setbacks).

(6/29/94)

33-453

Community facility buildings in certain specified Commercial Districts

C1-6 C1-7 C1-8 C1-9 C2-6 C2-7 C2-8 C4-4 C4-5 C4-6 C5-1 C6-1 C6-2
C6-3 C8-3 C8-4

In the districts indicated, the provisions set forth in Section 33-451 (In certain specified Commercial Districts) shall apply to any #community facility building#. If a #building# is used for both #community facility# and #commercial uses#, no portion of such #building# occupied by #commercial use# shall penetrate the #sky exposure plane# as set forth in Section 33-43 (Maximum Height of Walls and Required Setbacks) or 33-44 (Alternate Front Setbacks).

(12/15/61)

33-454

Towers on small lots

C1 C2 C4-4 C4-5 C4-6 C4-7 C5 C6 C8-3 C8-4

In the districts indicated, a tower permitted under the provisions of Sections 33-451, 33-452 or 33-453 may occupy the percent of the #lot area# of a #zoning lot# set forth in the following table:

LOT COVERAGE OF TOWERS ON SMALL ZONING LOTS

Area of #Zoning Lot# (in square feet)	Maximum Percent of #Lot Coverage#
10,500 or less	50
10,501 to 11,500	49
11,501 to 12,500	48
12,501 to 13,500	47
13,501 to 14,500	46
14,501 to 15,500	45

15,501 to 16,500	44
16,501 to 17,500	43
17,501 to 18,500	42
18,501 to 19,999	41

(2/2/11)

33-455

Alternate regulations for towers on lots bounded by two or more streets

C5-3 C5-5 C6-6 C6-7 C6-9

In the districts indicated, if a #zoning lot# is bounded by at least two #street lines#, a tower may occupy the percent of the #lot area# of a #zoning lot# set forth in this Section, provided that, except as otherwise set forth in Section 33-457 (Tower setbacks on narrow blocks), all portions of any #building# or #buildings# on such #zoning lot#, including such tower, are set back from #street lines# as required in this Section.

- (a) The maximum percent of #lot area# that may be occupied by such tower, shall be the sum of 40 percent plus one-half of one percent for every .10 by which the #floor area ratio# of such #zoning lot# is less than the #floor area ratio# permitted under the provisions of Sections 33-12 (Maximum Floor Area Ratio), 33-13 (Floor Area Bonus for a Public Plaza) or 33-14 (Floor Area Bonus for Arcades). The maximum #lot coverage# for any tower built under the provisions of this Section or for any #building# or #buildings# on any #zoning lot# occupied by such tower shall be 55 percent of the #lot area# of such #zoning lot#.
- (b) At all levels, including ground level, such #building# shall be set back from the #street line# as follows:
 - (1) On #narrow streets#, by a distance equal to at least the fraction of the #aggregate width of street walls# of the tower, the numerator of which fraction is one and the denominator of which fraction is the sum of 3.0 plus .0667 for every .10 by which the #floor area ratio# of such #building# is less than the #floor area ratio# permitted under the provisions of Sections 33-12, 33-13 or 33-14, provided that such fraction shall be no less than one-fifth, and provided further that

such setback need not exceed 45 feet.

- (2) On #wide streets#, by a distance equal to at least the fraction of the #aggregate width of street walls# of the tower, the numerator of which fraction is one and the denominator of which fraction is the sum of 4.0 plus .10 for every .10 by which the #floor area ratio# of such #building# is less than the #floor area ratio# permitted under the provisions of Sections 33-12, 33-13 or 33-14, provided that such fraction shall be no less than one-seventh, and provided further that such setback need not exceed 35 feet.
- (c) If a #zoning lot# occupies an entire #block#, the maximum setback, set forth in paragraph (b) of this Section, of 45 feet on each #narrow street# bounding the #zoning lot# may be reduced by one foot for every six feet of setback provided on a #wide street# bounding the #zoning lot# in addition to the setbacks otherwise required for #wide streets# as set forth in such paragraph, provided that no setback on a #narrow street# resulting from such reduction shall be less than 35 feet or one-tenth the #aggregate width of street walls# of the tower, whichever shall require the greater setback.
- (d) The additional setbacks on #wide streets# set forth in paragraph (c) of this Section may be provided entirely on one #wide street# or divided in any proportion among any two #wide streets# bounding the #zoning lot#.
- (e) Notwithstanding any other provision set forth in this Section, no #building# or portion of a #building# built under the provisions of this Section shall be set back less than 25 feet from the #street line# on #narrow streets# or less than 15 feet from the #street line# on #wide streets#.

(2/2/11)

33-456

Alternate setback regulations on lots bounded by two or more streets

C5-3 C5-5 C6-6 C6-7 C6-9

In the districts indicated, except as otherwise set forth in Section 33-457 (Tower setbacks on narrow blocks), if a #zoning lot# is bounded by at least two #street lines#, a tower occupying not more than the percent of #lot area# set forth in Section 33-

451 (In certain specified Commercial Districts) or 33-454 (Towers on small lots), may be set back from a #street line# as follows:

- (a) On #narrow streets#, by a distance equal to at least the fraction of the #aggregate width of street walls# of the tower, the numerator of which fraction is one and the denominator of which fraction is the sum of 3.0 plus .0333 for each .10 by which the #floor area ratio# of the #zoning lot# is less than the #floor area ratio# permitted under the provisions of Section 33-12, 33-13 or 33-14, provided that such fraction shall be no less than one-fifth, and provided further that such setback need not exceed 45 feet.
- (b) On #wide streets#, by a distance equal to at least the fraction of the #aggregate width of street walls# of the tower, the numerator of which fraction is one and the denominator of which fraction is the sum of 4.0 plus .05 for each .10 by which the #floor area ratio# of the #zoning lot# is less than the #floor area ratio# permitted under the provisions of Section 33-12, 33-13 or 33-14, provided that such fraction shall be no less than one-seventh, and provided further that such setback need not exceed 35 feet.
- (c) Notwithstanding any other provisions set forth in this Section, no tower built under the provisions of this Section shall be set back less than 25 feet from the #street line# on #narrow streets# or less than 15 feet from the #street line# on #wide streets#.

(4/22/65)

33-457

Tower setbacks on narrow blocks

C5-3 C5-5 C6-6 C6-7 C6-9

In the districts indicated, if a #zoning lot# is bounded by at least three #street lines#, and any two of the #street lines# are opposite to each other and parallel or within 45 degrees of being parallel to each other, and their average distance apart is 150 feet or less, the minimum distance a tower is required to be set back from such opposite #street lines# under the provisions of Section 33-455 (Alternate regulations for towers on lots bounded by two or more streets), or Section 33-456 (Alternate setback regulations on lots bounded by two or more streets), is reduced in accordance with the following table:

TOWER SETBACKS ON NARROW BLOCKS

	Reduction of Required Tower Setback	Minimum Setback for Tower Built under Provisions of this Section
On #narrow street#	30 percent or ten feet, whichever is less	15 feet
On #wide street#	40 percent or ten feet, whichever is less	10 feet

(6/29/94)

33-46

Special Provisions for Zoning Lots Directly Adjoining Public Parks

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, a #public park# with an area between one and fifteen acres shall be considered a #wide street# for the purpose of applying the front height and setback regulations specified in Section 33-43 (Maximum Height of Walls and Required Setbacks) to any #building or other structure# on a #zoning lot# adjoining such #public park#. However, this Section shall not apply to a #public park# more than 75 percent of which is paved.

(7/6/72)

33-47

Modification of Height and Setback Regulations

(1/14/65)

33-471

Commercial and community facility uses

C5-5 C6-8 C6-9 C8

In the districts indicated, for #commercial# or #community facility uses# in specified situations, the Board of Standards and Appeals may modify the regulations set forth in Sections 33-41 to 33-45, inclusive, relating to Height and Setback Regulations, in accordance with the provisions of Section 73-68 (Height and Setback and Yard Modifications).

(7/6/72)

33-472

Community facility uses

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, for certain #community facility uses# in specified situations, the Board of Standards and Appeals may modify the regulations set forth in Sections 33-41 to 33-45, inclusive, relating to Height and Setback Regulations in accordance with the provisions of Section 73-64 (Modifications for Community Facility Uses).

(8/14/87)

33-48

Special Provisions for Zoning Lots Divided by District Boundaries

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts, or is subject to other regulations resulting in different height and setback regulations, or whenever a #zoning lot# is divided by a boundary between a district to which the provisions of Section 33-45 (Tower Regulations) apply and a district to which such provisions do not apply, the provisions set forth in Article VII, Chapter 7, shall apply.

(2/2/11)

33-49

Special Height and Setback Limitations

(6/29/94)

33-491

Limited Height Districts

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, wherever such districts are located within a #Limited Height District#, the maximum height of a #building or other structure#, or portion thereof, shall be as shown in the following table:

#Limited Height District#	Maximum Height Above #Curb Level# or #Base Plane#, as Applicable
LH-1	50 feet
LH-1A	60 feet
LH-2	70 feet
LH-3	100 feet

(2/2/11)

33-492

Height limitations for narrow buildings or enlargements

C1-6 C1-7 C1-8 C1-9 C2-6 C2-7 C2-8 C4-4D C4-5D C4-5X C4-6A C4-7A
C5-1A C5-2A C6-2A C6-3A C6-3D C6-3X C6-4A C6-4X

In the districts indicated, and in C1 and C2 Districts mapped within R7-2, R7D, R7X, R8, R9 and R10 Districts, the provisions of Section 23-692 (Height limitations for narrow buildings or enlargements) shall apply to portions of #buildings# with #street walls# less than 45 feet in width.

(10/11/12)

33-493

Special provisions along certain district boundaries

C1-6A C1-7A C1-8A C1-9A C2-6A C2-7A C2-7X C2-8A C4-2A C4-3A C4-4A

C4-4D C4-4L C4-5A C4-5D C4-5X C4-6A C4-7A C5-1A C5-2A C6-2A C6-3A
C6-3D C6-3X C6-4A C6-4X

In the districts indicated, and in C1 and C2 Districts mapped within R6A, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9D, R9X, R10A or R10X Districts, the #development# or #enlargement# of a #building#, or portions thereof, within 25 feet of an R1, R2, R3, R4, R5 or R6B District shall comply with the requirements for R6B Districts in Section 23-633 (Street wall location and height and setback regulations in certain districts).

(12/15/61)

33-50

COURT REGULATIONS AND MINIMUM DISTANCE BETWEEN WINDOWS AND WALLS OR LOT LINES

Basic Regulations

(7/6/72)

33-51

Minimum Dimensions of Courts for Community Facility Buildings

C1 C2 C3 C4 C5 C6 C8

In all districts, as indicated, the regulations set forth in the following Sections shall apply to all #buildings# containing #community facility uses#:

Section 24-61 (General Provisions and Applicability)

Section 24-62 (Minimum Dimensions of Courts)

Section 24-63 (Outer Court Regulations)

Section 24-64 (Inner Court Regulations)

Section 24-65 (Minimum Distance between Required Windows and Walls or Lot Lines)

Section 24-66 (Modifications of Court Regulations or Distance Requirements)

Section 24-67 (Special Provisions for Buildings Used Partly for Residential Uses)

Section 24-68 (Permitted Obstructions in Courts).

Chapter 4
Bulk Regulations for Residential Buildings in Commercial
Districts

(12/15/61)

34-00
APPLICABILITY AND DEFINITIONS

(10/9/13)

34-01
Applicability of this Chapter

The #bulk# regulations of this Chapter apply to any #zoning lot# containing only #residential buildings# in any #Commercial District# in which such #buildings# are permitted. Where a #residential building# and one or more #buildings# containing non-#residential uses# are on a single #zoning lot#, the #bulk# regulations of Article III, Chapter 5, shall apply. In addition, the #bulk# regulations of this Chapter or of specified Sections thereof also apply in other provisions of this Resolution where they are incorporated by cross reference.

However, in C3A Districts, the #bulk# regulations of this Chapter shall not apply to any #residential building#. In lieu thereof, the #bulk# regulations for R3A Districts in Article II, Chapter 3 (Bulk Regulations for Residential Buildings in Residence Districts), shall apply to #residential buildings#.

In C4-4L Districts, the #bulk# regulations of this Chapter shall not apply to any #residential building#. In lieu thereof, the #bulk# regulations for C4-4L Districts in Article III, Chapter 5 (Bulk Regulations for Mixed Buildings in Commercial Districts), shall apply to #residential buildings#.

Existing #buildings or other structures# that do not comply with one or more of the applicable #bulk# regulations are #non-complying buildings or other structures# and are subject to the regulations set forth in Article V, Chapter 4.

Special regulations applying only in Special Purpose Districts are set forth in Articles VIII, IX, X, XI, XII and XIII.

All C6-1A Districts shall comply with the regulations of C6-1 Districts except as set forth in Section 34-112.

In Manhattan Community Districts 1, 2, 3, 4, 5 and 6, Brooklyn Community Districts 1, 2, 6 and 8, and Queens Community Districts 1 and 2, the #conversion# of non-#residential floor area# to #residences# in #buildings# erected prior to December 15, 1961, or January 1, 1977, as applicable, shall be subject to the provisions of Article 1, Chapter 5 (Residential Conversions within Existing Buildings), unless such #conversions# meet the requirements for new #residential development# of Article II (Residence District Regulations).

Special regulations applying in the #waterfront area# are set forth in Article VI, Chapter 2.

Special regulations applying in the #flood zone# are set forth in Article VI, Chapter 4.

(10/11/12)

34-011

Quality Housing Program

- (a) In C1 and C2 Districts mapped within #Residence Districts# with a letter suffix, and in C1-6A, C1-7A, C1-8A, C1-8X, C1-9A, C2-6A, C2-7A, C2-7X, C2-8A, C4-2A, C4-3A, C4-4A, C4-4D, C4-4L, C4-5A, C4-5D, C4-5X, C4-6A, C4-7A, C5-1A, C5-2A, C6-2A, C6-3A, C6-3D, C6-3X, C6-4A or C6-4X Districts, #residential buildings# shall comply with all of the requirements of Article II, Chapter 8 (Quality Housing Program).
- (b) In the districts listed in paragraph (a) without a letter suffix, and in C5-2, C5-3, C5-4, C5-5, C6-1, C6-1A, C6-4, C6-5, C6-6, C6-7, C6-8 or C6-9 Districts, the #bulk# regulations applicable to #Quality Housing buildings# may, as an alternative, be applied under the same conditions set forth in Sections 23-011 and 34-112. In addition, all #Quality Housing buildings# shall comply with Section 34-233 (Special provisions applying along district boundaries).

(11/19/87)

34-02

Definitions

Words in italics are defined in Section 12-10 (DEFINITIONS) or, if applicable exclusively to this Section, in this Section.

(12/15/61)

34-10

APPLICABILITY OF RESIDENCE DISTRICT BULK REGULATIONS

(2/2/11)

34-11

General Provisions

C1 C2 C3 C4 C5 C6

In the districts indicated, the #bulk# regulations of Article II, Chapter 3, shall apply to all #residential buildings# in accordance with the provisions of this Section, except as modified by the provisions of Sections 34-21 to 34-24, inclusive, relating to Exceptions to Applicability of Residence District Controls.

(12/15/61)

34-111

Residential bulk regulations in C1 or C2 Districts whose bulk is governed by surrounding Residence District

C1-1 C1-2 C1-3 C1-4 C1-5 C2-1 C2-2 C2-3 C2-4 C2-5

In the districts indicated, the #bulk# regulations for the #Residence District# within which such #Commercial Districts# are mapped apply, except that when such districts are mapped within R1 or R2 Districts, the #bulk# regulations for R3-2 Districts apply.

(9/30/09)

34-112

Residential bulk regulations in other C1 or C2 Districts or in

C3, C4, C5 or C6 Districts

C1-6 C1-7 C1-8 C1-9 C2-6 C2-7 C2-8 C3 C4 C5 C6

In the districts indicated, the applicable #bulk# regulations are the #bulk# regulations for the #Residence Districts# set forth in the following table:

Districts	Applicable #Residence District#
C3	R3-2
C4-1	R5
C4-2 C4-3 C6-1A	R6
C4-2A C4-3A	R6A
C1-6 C2-6 C4-4 C4-5 C6-1	R7
C1-6A C2-6A C4-4A C4-5A	R7A
C4-5D	R7D
C4-5X	R7X
C1-7 C4-2F C6-2	R8
C1-7A C4-4D C6-2A	R8A
C1-8 C2-7 C6-3	R9
C1-8A C2-7A C6-3A	R9A
C6-3D	R9D
C1-8X C2-7X C6-3X	R9X
C1-9 C2-8 C4-6 C4-7 C5 C6-4 C6-5 C6-6 C6-7 C6-8 C6-9	R10
C1-9A C2-8A C4-6A C4-7A C5-1A C5-2A C6-4A	R10A
C6-4X	R10X

(10/17/07)

34-113

Existing public amenities for which floor area bonuses have been received

- (a) Elimination or reduction in size of non-bonused open area on a #zoning lot# containing a bonused amenity

In all districts, any existing open area for which no #floor area# bonus has been utilized that occupies the same #zoning lot# as an existing #publicly accessible open area# or other public amenity, open or enclosed, for which a #floor area# bonus has been utilized, may be reduced in size or eliminated only upon certification of the Chairperson of the City Planning Commission that all bonused amenities comply with the standards under which such #floor area# bonus was granted.

- (b) Kiosks and open air cafes

Kiosks and open air cafes may be placed within an existing #publicly accessible open area# for which a #floor area# bonus has been received, by certification pursuant to Section 37-73 (Kiosks and Open Air Cafes).

- (c) Nighttime closing of existing public open areas

In all #Commercial Districts#, the City Planning Commission may, upon application, authorize the closing during certain nighttime hours of an existing #publicly accessible open area# for which a #floor area# bonus has been received, pursuant to Section 37-727 (Hours of access).

- (d) Elimination or reduction in size of existing public open areas

In all #Commercial Districts#, no existing #publicly accessible open area#, #arcade# or other public amenity, open or enclosed, for which a #floor area# bonus has been utilized, shall be eliminated or reduced in size, except by special permit of the City Planning Commission, pursuant to Section 74-761 (Elimination or reduction in size of bonused public amenities).

(12/15/61)

34-20

EXCEPTIONS TO APPLICABILITY OF RESIDENCE DISTRICT CONTROLS

(7/26/01)

34-21

General Provisions

C1 C2 C3 C4 C5 C6

In the districts indicated, the #bulk# regulations applicable to #residential buildings# as set forth in Section 34-11 (General Provisions) are modified by the provisions of Sections 34-22 (Modification of Floor Area and Open Space Regulations), 34-23 (Modification of Yard Regulations) and 34-24 (Modification of Height and Setback Regulations). The purpose of these modifications is to make the regulations set forth in Article II, Chapter 3, applicable to #Commercial Districts#.

(6/12/96)

34-22

Modification of Floor Area and Open Space Regulations

C1 C2 C3 C4 C5 C6

In the districts indicated, the #floor area# and #open space# regulations as set forth in Section 23-14 (Minimum Required Open Space, Open Space Ratio, Maximum Lot Coverage and Maximum Floor Area Ratio) and 23-15 (Maximum Floor Area Ratio in R10 Districts), and made applicable to such districts in Section 34-11 (General Provisions), are modified as set forth in this Section.

(2/2/11)

34-221

Maximum floor area ratio

C1 C2 C3 C4 C5 C6

In the districts indicated, the maximum #floor area ratio# on a #zoning lot# shall be the applicable maximum #floor area ratio# permitted pursuant to the provisions of Article II, Chapter 3, except as provided for in the following Sections:

Section 34-223 (Floor area bonus for a public plaza)

Section 34-224 (Floor area bonus for an arcade)

Section 34-225 (Floor area increase for Inclusionary Housing in C4-7 Districts within Community District 7, Borough of Manhattan).

(6/12/96)

34-222

Change of use

C1 C2 C3 C4 C5 C6

A non-#residential use# occupying a #building#, or portion thereof, that was in existence on December 15, 1961, may be changed to a #residential use# and the regulations on minimum required #open space ratio# and maximum #floor area ratio# shall not apply to such change of #use#.

(2/2/11)

34-223

Floor area bonus for a public plaza

C4-6 C4-7 C5 C6-4 C6-5 C6-6 C6-7 C6-8 C6-9

In the districts indicated, except for #Quality Housing buildings#, for each square foot of #public plaza# provided in accordance with the provisions of Section 37-70, inclusive, the total #floor area# permitted on that #zoning lot# under the provisions of Section 23-15 (Maximum Floor Area Ratio in R10 Districts) may be increased by six square feet.

(2/2/11)

34-224

Floor area bonus for an arcade

C4-6 C4-7 C5-1 C5-2 C5-4 C6-4 C6-5 C6-8

In the districts indicated, except for #Quality Housing buildings#, for each square foot of #arcade# provided in accordance with the provisions of Section 37-80 (ARCADES), the total #floor area# permitted on that #zoning lot# under the provisions of Section 23-15 (Maximum Floor Area Ratio in R10 Districts) may be increased by three square feet.

(10/17/07)

34-225

Floor area increase for Inclusionary Housing in C4-7 Districts within Community District 7, Borough of Manhattan

In C4-7 Districts within Community District 7 in the Borough of Manhattan, the total #floor area# permitted on a #zoning lot# under the provisions of Section 23-15 (Maximum Floor Area Ratio in R10 Districts) may be increased pursuant to the provisions of Section 23-90 (INCLUSIONARY HOUSING).

(7/26/01)

34-23

Modifications of Yard Regulations

(7/26/01)

34-231

Modification of front yard requirements

C1 C2 C3 C4 C5 C6

In the districts indicated, except as otherwise provided in Section 34-233 (Special provisions applying along district boundaries), no #front yard# shall be required for any #residential building#.

(4/30/12)

34-232

Modification of side yard requirements

C1 C2 C3 C4 C5 C6

In the districts indicated, except as otherwise provided in Section 34-233 (Special provisions applying along district boundaries), no #side yard# shall be required for any #residential building#. However, if any open area extending along

a #side lot line# is provided, such open area shall have a width of not less than eight feet. Permitted obstructions, pursuant to paragraph (a) of Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), shall be permitted in such open areas.

(2/2/11)

34-233

Special provisions applying along district boundaries

C1 C2 C3 C4 C5 C6

- (a) In the districts indicated, if a #Commercial District# boundary coincides with a #side lot line# of a #zoning lot# in an R1, R2, R3, R4 or R5 District and a #side lot line# of any adjoining #zoning lot# in such #Commercial District#, a #front yard# is required for any #residential building# on such #zoning lot# in the #Commercial District#. The depth of such #front yard# shall be equal to the required depth of a #front yard# in the adjacent #Residence District#.

C1 C2 C3 C4 C5 C6

- (b) In the districts indicated, along such portion of the boundary of a #Commercial District# that coincides with a #side lot line# of a #zoning lot# in an R1, R2, R3, R4 or R5 District, an open area not higher than #curb level# with a width of at least eight feet is required for a #residential building# on a #zoning lot# within the #Commercial District#.

In addition, the provisions of paragraph (e) of Section 34-24 shall apply to such #building#.

(2/2/11)

34-24

Modification of Height and Setback Regulations

C1 C2 C3 C4 C5 C6

In the districts indicated, the height and setback regulations set forth in Article II, Chapter 3, and made applicable to such districts in Section 34-11 (General Provisions), are modified as set forth in this Section.

C1 C2 C3 C4 C5 C6

(a) Application of sky exposure planes

In the districts indicated, except as set forth in paragraph (a) of Section 34-233 (Special provisions applying along district boundaries), no #front yard# is required for any #residential building# in a #Commercial District#. Therefore, in applying the height and setback regulations in a #Commercial District#, a #sky exposure plane# (which in a #Residence District# would be measured from a point above the #front yard line#) may be measured from a point above the #street line#. In cases where the provisions of paragraph (a) of Section 34-233 apply, the #sky exposure plane# is measured from a point above the #front yard line#.

C1 C2

(b) When mapped within R3 or R4A Districts

In C1 or C2 Districts mapped within R3 or R4A Districts, the height and setback regulations applicable to R4 Districts, except R4A and R4B Districts, may be used for #residential buildings#.

(c) When mapped within R4, R4B or R4-1 Districts

In C1 or C2 Districts mapped within R4, R4B or R4-1 Districts, the height and setback regulations applicable to an R5B District may be used for #residential buildings#.

C4-2F C4-4 C4-5 C4-6 C4-7 C5 C6

(d) Special provisions for narrow #buildings#

In the districts indicated, the provisions of Section 23-692 (Height limitations for narrow buildings or enlargements) shall not apply to #buildings or other structures# except for #Quality Housing buildings#.

C1 C2 C3 C4 C5 C6

(e) Special provisions applying along district boundaries

The portion of a #Quality Housing building# located within 25 feet of the boundary of an R1, R2, R3, R4, R5 or R6B District shall comply with the requirements for R6B Districts in paragraphs (b) and (c) of Section 23-633 (Street wall location and height and setback regulations in

certain districts).

Chapter 5

Bulk Regulations for Mixed Buildings in Commercial Districts

(12/15/61)

35-00

APPLICABILITY AND DEFINITIONS

(10/9/13)

35-01

Applicability of this Chapter

The #bulk# regulations of this Chapter apply to any #mixed building# located on any #zoning lot# or portion of a #zoning lot# in any #Commercial District# in which such #building# is permitted. The #bulk# regulations of this Chapter shall also apply in any #Commercial District# where there are multiple #buildings# on a single #zoning lot# and such #zoning lot# contains a #residential use# and either a #commercial use# or a #community facility use#. In addition, the #bulk# regulations of this Chapter, or of specified Sections thereof, also apply in other provisions of this Resolution where they are incorporated by cross-reference.

However, in C3A Districts, except for #community facility uses# that have received tax-exempt status from the New York City Department of Finance, or its successor, pursuant to Section 420 of the New York State Real Property Tax Law, or its successor, the #bulk# regulations of this Chapter shall not apply, and the #bulk# regulations for R3A Districts of Article II, Chapter 3, shall apply to any #building# that is used partly for #community facility use# and partly for #residential use#.

Existing #buildings or other structures# that do not comply with one or more of the applicable #bulk# regulations are #non-complying buildings or other structures# and are subject to the regulations set forth in Article V, Chapter 4.

Special regulations applying only in Special Purpose Districts are set forth in Articles VIII, IX, X, XI, XII and XIII.

All C6-1A Districts shall comply with the regulations of C6-1 Districts except as set forth in Section 35-23.

In Manhattan Community Districts 1, 2, 3, 4, 5 and 6, Brooklyn Community Districts 1, 2, 6 and 8, and Queens Community Districts 1 and 2, the #conversion# of non-#residential floor area# to #residences# in #buildings# erected prior to December 15, 1961, or January 1, 1977, as applicable, shall be subject to the provisions of Article I, Chapter 5 (Residential Conversion within Existing Buildings), unless such #conversions# meet the requirements for #residential development# of Article II (Residence District Regulations).

Special regulations applying in the #waterfront area# are set forth in Article VI, Chapter 2.

Special regulations applying in the #flood zone# are set forth in Article VI, Chapter 4.

(10/11/12)

35-011

Quality Housing Program

- (a) In C1 and C2 Districts mapped within R6 through R10 Districts with a letter suffix, and in C1-6A, C1-7A, C1-8A, C1-8X, C1-9A, C2-6A, C2-7A, C2-7X, C2-8A, C4-2A, C4-3A, C4-4A, C4-4D, C4-4L, C4-5A, C4-5D, C4-5X, C4-6A, C4-7A, C5-1A, C5-2A, C6-2A, C6-3A, C6-3D, C6-3X, C6-4A or C6-4X Districts, any #residential# portion of a #building# shall comply with all of the regulations of Article II, Chapter 8 (Quality Housing Program), and the entire #building# shall comply with the provisions of Sections 28-33 (Planting Areas) and 28-50 (PARKING FOR QUALITY HOUSING). In C1 and C2 Districts mapped within R5D Districts, only those regulations of Article II, Chapter 8, as set forth in Section 28-01 (Applicability of this Chapter), shall apply.
- (b) In the districts listed in paragraph (a), without a letter suffix, and in C5-2, C5-3, C5-4, C5-5, C6-1, C6-1A, C6-5, C6-6, C6-7, C6-8 or C6-9 Districts, the #bulk# regulations applicable to #Quality Housing buildings# may, as an alternative, be applied to the #residential# portion of a #building# under the same conditions set forth in Sections 23-011, 35-22 and 35-23, provided that:
 - (1) the entire #building# complies with the #bulk# regulations for #Quality Housing buildings# in Article III, Chapter 5; and

- (2) the entire #building# complies with the applicable provisions of Article II, Chapter 8 (Quality Housing Program).

(11/19/87)

35-02

Definitions

Words in italics are defined in Section 12-10 (DEFINITIONS) or, if applicable exclusively to this Section, in this Section.

(2/2/11)

35-10

GENERAL PROVISIONS

Except as otherwise provided in this Chapter, the portions of a #building# used for #residential use# are subject to the #bulk# regulations set forth in Article II, Chapter 3, and the portions of a #building# used for #commercial# or #community facility use# are subject to the #bulk# regulations set forth in Article III, Chapter 3.

Special provisions applying to #mixed buildings# or #zoning lots# with multiple #buildings# subject to the provisions of this Chapter are set forth in Sections 35-20 (APPLICABILITY OF RESIDENCE DISTRICT BULK REGULATIONS), inclusive, 35-30 (APPLICABILITY OF FLOOR AREA AND OPEN SPACE REGULATIONS), inclusive, 35-40 (APPLICABILITY OF DENSITY REGULATIONS), inclusive, 35-50 (MODIFICATIONS OF YARD REGULATIONS) and 35-60 (MODIFICATIONS OF HEIGHT AND SETBACK REGULATIONS), inclusive.

(2/2/11)

35-20

APPLICABILITY OF RESIDENCE DISTRICT BULK REGULATIONS

(2/2/11)

35-21

General Provisions

C1 C2 C3 C4 C5 C6

In the districts indicated, the #bulk# regulations set forth in Article II, Chapter 3, shall apply to all #residential# portions of #buildings# in accordance with the provisions and modifications set forth in the remaining Sections of this Chapter. The purpose of these modifications is to make the regulations set forth in Article II, Chapter 3, applicable to #Commercial Districts#.

(2/2/11)

35-22

Residential Bulk Regulations in C1 or C2 Districts Whose Bulk is Governed by Surrounding Residence District

C1-1 C1-2 C1-3 C1-4 C1-5 C2-1 C2-2 C2-3 C2-4 C2-5

In the districts indicated, the #bulk# regulations for the #Residence Districts# within which such #Commercial Districts# are mapped apply to #residential# portions of #buildings#, except:

- (a) when such districts are mapped within R1 or R2 Districts, the #bulk# regulations for R3-2 Districts shall apply; and
- (b) when such districts are mapped within R6, R7, R8, R9 or R10 Districts, the height and setback regulations of Sections 23-60 through 23-65, inclusive, shall not apply to #Quality Housing buildings#. In lieu thereof, Section 35-24 (Special Street Wall Location and Height and Setback Regulations in Certain Districts) shall apply.

(10/11/12)

35-23

Residential Bulk Regulations in Other C1 or C2 Districts or in C3, C4, C5 or C6 Districts

C1-6 C1-7 C1-8 C1-9 C2-6 C2-7 C2-8 C3 C4 C5 C6

- (a) In the districts indicated, the #bulk# regulations for #residential# portions of #buildings# are the #bulk#

regulations for the #Residence Districts# set forth in the following table. However, for #Quality Housing buildings# the height and setback regulations of Sections 23-60 through 23-65, inclusive, shall not apply. In lieu thereof, Section 35-24 (Special Street Wall Location and Height and Setback Regulations in Certain Districts) shall apply.

The provisions of Section 23-692 (Height limitations for narrow buildings or enlargements) shall not apply in C4-2F, C4-4, C4-5, C4-6, C4-7, C5 or C6 Districts, except that such provisions shall apply to #Quality Housing buildings#.

Furthermore, in C4-2 Districts in the Borough of Staten Island, the #residential# portion of a #mixed building# and #residential buildings# on #zoning lots# subject to the provisions of this Chapter shall be subject to the #bulk# regulations for #Quality Housing buildings#.

C4-4A C4-4D C4-4L C4-5A C4-5D C4-5X C4-6A C4-7A C5-1A C5-2A C6-2A
C6-3A C6-3D C6-3X C6-4A C6-4X

In the districts indicated, and in other C1 or C2 Districts when mapped within R6A, R6B, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9D, R9X, R10A or R10X Districts, for all #buildings or other structures#, and for #Quality Housing buildings# in other #Commercial Districts#, #street wall# location and height and setback regulations are set forth in this Section. The height of all #buildings or other structures# shall be measured from the #base plane#.

(a) Permitted obstructions

C1-6A C1-7A C1-8A C1-8X C1-9A C2-6A C2-7A C2-7X C2-8A C4-2A
C4-3A C4-4A C4-4D C4-4L C4-5A C4-5D C4-5X C4-6A C4-7A C5-1A
C5-2A C6-2A C6-3A C6-3D C6-3X C6-4A C6-4X

In the districts indicated, and in other C1 or C2 Districts

when mapped within R6A, R6B, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9D, R9X, R10A or R10X Districts, and for #Quality Housing buildings# in other #Commercial Districts#, the provisions of Section 33-42 shall apply to any #building or other structure#. In addition, a dormer may be allowed as a permitted obstruction pursuant to paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts).

(b) #Street wall# location

C1-6A C2-6A C4-2A C4-3A C4-4A C4-5A C4-5X

- (1) In the districts indicated, and in C1 or C2 Districts when mapped within R6A, R6B, R7A, R7B or R7X Districts, and for #Quality Housing buildings# in other #Commercial Districts# with a residential equivalent of an R6 or R7 District, at least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and shall extend to at least the minimum base height specified in Table A of this Section for #buildings# in contextual districts, or Table B for #buildings# in non-contextual districts, or the height of the #building#, whichever is less. The remaining 30 percent of the #aggregate width of street walls# may be located beyond eight feet of the #street line#.

Existing #buildings# may be horizontally #enlarged# without regard to #street wall# location provisions, provided the amount of new #floor area# does not exceed 50 percent of the amount of #floor area# existing on June 29, 1994, and the #enlarged# portion of the #building# does not exceed one #story# or 15 feet in height, whichever is less.

For #zoning lots# bounded by more than one #street line#, these #street wall# location provisions shall be mandatory along only one #street line#.

Where only one #street line# is coincident with the boundary of a #Commercial District# mapped along an entire #block# front, the #street wall# location provisions shall apply along such coincident #street line#. For all other #zoning lots#, the #street wall# location provisions shall apply along at least one #street line#.

C1-7A C1-8A C1-8X C1-9A C2-7A C2-7X C2-8A C4-4D C4-5D

(2) In the districts indicated, and in C1 or C2 Districts when mapped within R7D, R8A, R8B, R8X, R9A, R9D, R9X, R10A or R10X Districts, and for #Quality Housing buildings# in other C1 or C2 Districts with a residential equivalent of an R8, R9 or R10 District, the following #street wall# location provisions shall apply along #wide streets#, and along #narrow streets# within 50 feet of their intersection with a #wide street#.

(i) The #street wall# shall be located on the #street line# and extend along the entire #street# frontage of the #zoning lot# up to at least the minimum base height specified in Table A of this Section for #buildings# in contextual districts, or Table B for #buildings# in non-contextual districts, or the height of the #building#, whichever is less. To allow articulation of #street walls# at the intersection of two #street lines#, the #street wall# may be located anywhere within an area bounded by the two #street lines# and a line connecting such #street lines# at points 15 feet from their intersection.

In C1 or C2 Districts when mapped within R9D Districts, to allow articulation of #street walls# at the intersection of two #street lines#, up to 50 percent of the area bounded by the two #street lines# and lines parallel to and 50 feet from such #street lines# may be unoccupied by a #building#. However, where one such #street line# fronts an elevated rail line, a minimum of 25 percent and a maximum of 50 percent of the area bounded by the two #street lines# and lines parallel to and 50 feet from such #street lines# shall be unoccupied by a #building#.

(ii) Recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#.

Above a height of 12 feet above the #base plane#, up to 30 percent of the #aggregate width of street walls# may be recessed beyond the #street line#, provided any such recesses deeper than 10 feet along a #wide street#, or 15 feet along a #narrow street#, are located within an #outer court#. Furthermore, no recesses shall be permitted within 30 feet of the intersection of

two #street lines# except to articulate the #street walls# as set forth in paragraph (b)(2)(i) of this Section.

- (iii) Where a continuous sidewalk widening is provided along the entire #block# frontage of a #street#, the boundary of the sidewalk widening shall be considered to be the #street line# for the purposes of this Section.

No #street wall# location rules shall apply along #narrow streets# beyond 50 feet of their intersection with a #wide street#.

For the purposes of applying the provisions of paragraph (b) of this Section, where the New York City Administrative Code establishes restrictions on the location of #buildings# on lots fronting upon and within 30 feet of Eastern Parkway in Community Districts 8 and 9 in the Borough of Brooklyn, lines drawn 30 feet north of and 30 feet south of, and parallel to, Eastern Parkway shall be considered the northern and southern #street lines# of Eastern Parkway.

C4-6A C4-7A C5-1A C5-2A C6-2A C6-3A C6-3D C6-3X C6-4A C6-4X

- (3) In the districts indicated, and for #Quality Housing buildings# in other C4, C5 or C6 Districts with a residential equivalent of an R8, R9 or R10 District, the #street wall# location requirements shall be as set forth in paragraph (b)(2), inclusive, of this Section, except that a #street wall# with a minimum height of 12 feet shall be required on a #narrow street line# beyond 50 feet of its intersection with a #wide street#, and shall extend along such entire #narrow street# frontage of the #zoning lot#.

In C6-4X Districts, #public plazas# are only permitted to front upon a #narrow street line# beyond 50 feet of its intersection with a #wide street line#. The #street wall# location provisions of this Section shall not apply along any such #street line# occupied by a #public plaza#.

In C6-3D Districts, to allow articulation of #street walls# at the intersection of two #street lines#, up to 50 percent of the area bounded by the two #street lines# and lines parallel to and 50 feet from such #street lines# may be unoccupied by a #building#. However, where one such #street line# fronts an elevated rail line, a minimum of 25 percent and a

maximum of 50 percent of the area bounded by the two #street lines# and lines parallel to and 50 feet from such #street lines# shall be unoccupied by a #building#.

C4-4L

(4) In C4-4L Districts, the #street wall# location provisions of paragraph (b)(1) of this Section shall apply along any #street# that does not contain an elevated rail line. For #zoning lots# bounded by a #street# containing an elevated rail line, the following regulations shall apply along the frontage facing the elevated rail line.

(i) A sidewalk widening shall be provided along the entire #zoning lot# frontage of such #street# containing an elevated rail line. Such sidewalk widening shall have a depth of five feet, be improved to Department of Transportation standards for sidewalks, be at the same level as the adjoining public sidewalk, and be accessible to the public at all times. A line parallel to and five feet from the #street line# of such #street# containing an elevated rail line, as measured within the #zoning lot#, shall be considered the #street line# for the purpose of applying all regulations of this Section, inclusive.

(ii) At least 70 percent of the #aggregate width of street walls# shall be located at the #street line# of the #street# containing the elevated rail line and extend to at least the minimum base height, or the height of the #building#, whichever is less, up to the maximum base height.

(c) Setback regulations

C1-6A C1-7A C1-8A C1-8X C1-9A C2-6A C2-7A C2-7X C2-8A C4-2A
C4-3A C4-4A C4-4D C4-4L C4-5A C4-5D C4-5X C4-6A C4-7A C5-1A
C5-2A C6-2A C6-3A C6-3D C6-3X C6-4A C6-4X

In the districts indicated, and in C1 or C2 Districts when mapped within R6A, R6B, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9D, R9X, R10A or R10X Districts, for all #buildings#, and for #Quality Housing buildings# in other #Commercial Districts#, setbacks are required for all portions of #buildings or other structures# that exceed the maximum base height specified in the table in this Section. Such setbacks

shall be provided in accordance with the following regulations.

- (1) At a height not lower than the minimum base height or higher than the maximum base height specified in Table A of this Section for #buildings# in contextual districts, and Table B for #buildings# in non-contextual districts, a setback with a depth of at least 10 feet shall be provided from any #street wall# fronting on a #wide street#, and a setback with a depth of at least 15 feet shall be provided from any #street wall# fronting on a #narrow street#, except such dimensions may include the depth of any permitted recesses in the #street wall#.
- (2) These setback provisions are optional for any #building# wall that is either located beyond 50 feet of a #street line# or oriented so that lines drawn perpendicular to it in plan would intersect a #street line# at an angle of 65 degrees or less. In the case of an irregular #street line#, the line connecting the most extreme points of intersection shall be deemed to be the #street line#. Furthermore, dormers provided in accordance with the provisions of paragraph (a) of this Section may penetrate a required setback area.
- (3) In C6-3D Districts, for #buildings or other structures# on #zoning lots# that front upon an elevated rail line, at a height not lower than 15 feet or higher than 25 feet, a setback with a depth of at least 20 feet shall be provided from any #street wall# fronting on such elevated rail line, except that such dimensions may include the depth of any permitted recesses in the #street wall# and the depth of such setback may be reduced by one foot for every foot that the depth of the #zoning lot#, measured perpendicular to the elevated rail line, is less than 110 feet, but in no event shall a setback less than 10 feet in depth be provided above the minimum base height.
 - (i) The setback provisions of paragraph (c) of this Section are optional where a #building# wall is within the area bounded by two intersecting #street lines# and lines parallel to and 70 feet from such #street lines#.
 - (ii) Where such #building# is adjacent to a #public park#, such setback may be provided at grade for all portions of #buildings# outside of the area bounded by two intersecting #street lines# and

lines parallel to and 70 feet from such #street lines#, provided that any area unoccupied by a #building# shall be improved to Department of Transportation standards for sidewalks, shall be at the same level as the adjoining public sidewalks, and shall be accessible to the public at all times.

(4) In C4-4L Districts, for #zoning lots# bounded by a #street# containing an elevated rail line, the setback provisions of this paragraph, (c), are modified as follows:

- (i) a setback with a depth of at least 15 feet from the #street line# of the #street# containing the elevated rail line shall be provided at a height not lower than the minimum base height of either 30 feet or three #stories#, whichever is less, and not higher than the maximum base height of either 65 feet or six #stories#, whichever is less; and
- (ii) dormers shall not be a permitted obstruction within such setback distance.

(d) Maximum #building# height

No #building or other structure# shall exceed the maximum #building# height specified in Table A of this Section for contextual districts, or Table B for non-contextual districts, except as provided in this paragraph, (d), inclusive.

C6-3D C6-4X

(1) In the districts indicated, any #building# or #buildings#, or portions thereof, which in the aggregate occupy not more than 40 percent of the #lot area# of a #zoning lot# (or, for #zoning lots# of less than 20,000 square feet, the percentage set forth in the table in Section 33-454) above a height of 85 feet above the #base plane#, is hereinafter referred to as a tower. Dormers permitted within a required setback area pursuant to paragraph (a) of this Section shall not be included in tower #lot coverage#. Such tower or towers may exceed a height limit of 85 feet above the #base plane#, provided:

- (i) at all levels, such tower is set back from the #street wall# of a base at least 15 feet along a #narrow street#, and at least 10 feet along a

#wide street#, except such dimensions may include the depth of any permitted recesses in the #street wall#;

- (ii) the base of such tower complies with the #street wall# location provisions of paragraph (b) of this Section, and the setback provisions of paragraph (c) of this Section; and
- (iii) the minimum coverage of such tower above a height of 85 feet above the #base plane# is at least 33 percent of the #lot area# of the #zoning lot#; however, such minimum coverage requirement shall not apply to the highest 40 feet of such tower.

In C6-3D Districts, the highest four #stories#, or as many #stories# as are located entirely above a height of 165 feet, whichever is less, shall have a #lot coverage# of at least 50 percent of the #story# immediately below such #stories#, and a maximum #lot coverage# of 80 percent of the #story# immediately below such #stories#. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least four feet, and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of such respective tower face. For the purposes of this paragraph, each tower shall have four tower faces, with each face being the side of a rectangle within which the outermost walls of the highest #story# not subject to the reduced #lot coverage# provisions have been inscribed. The required setbacks shall be measured from the outermost walls of the #building# facing each tower face. Required setback areas may overlap.

In C6-3D Districts, for towers fronting on elevated rail lines, the outermost walls of each #story# located entirely above a height of 85 feet shall be inscribed within a rectangle. The maximum length of any side of such rectangle that is parallel or within 45 degrees of being parallel to such elevated rail line shall be 125 feet, or 75 percent of the frontage of the #zoning lot# along such elevated rail line, whichever is less.

C4-4L

- (2) In C4-4L Districts, for #zoning lots# bounded by a #street# containing an elevated rail line and within 125 feet of such #street#, the maximum #building#

height shall be 100 feet or ten #stories#, whichever is less.

(e) Additional regulations

C1-6A C1-7A C1-8A C1-8X C1-9A C2-6A C2-7A C2-7X C2-8A C4-2A
C4-3A C4-4A C4-4D C4-4L C4-5A C4-5D C4-5X C4-6A C4-7A C5-1A
C5-2A C6-2A C6-3A C6-3D C6-3X C6-4A C6-4X

In the districts indicated, and in C1 or C2 Districts when mapped within R6A, R6B, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9D, R9X, R10A or R10X Districts, and for #Quality Housing buildings# in other #Commercial Districts#, the following additional provisions shall apply:

- (1) Existing #buildings# may be vertically enlarged by up to one #story# or 15 feet without regard to the #street wall# location requirements of paragraph (b) of this Section.
- (2) On #through lots# that extend less than 180 feet in maximum depth from #street# to #street#, the #street wall# location requirements of paragraph (b) shall be mandatory along only one #street# frontage. However, in C4-4L Districts, such #street wall# location regulations shall apply along the frontage of any #street# containing an elevated rail line.
- (3) The #street wall# location and minimum base height provisions of paragraph (b) shall not apply along any #street# frontage of a #zoning lot# occupied by #buildings# whose #street wall# heights or widths will remain unaltered.
- (4) The minimum base height provisions of paragraph (b) shall not apply to #buildings developed# or #enlarged# after February 2, 2011, that do not exceed such minimum base heights, except where such #buildings# are located on #zoning lots# with multiple #buildings#, one or more of which is #developed#, #enlarged# or altered after February 2, 2011, to a height exceeding such minimum base heights.
- (5) The City Planning Commission may, upon application, authorize modifications in the required #street wall# location of a #development# or #enlargement# if the Commission finds that existing #buildings#, or existing open areas serving existing #buildings# to remain on the #zoning lot#, would be adversely affected by the location of the #street walls# of the #development# or

#enlargement# in the manner prescribed in this Section.

- (6) For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height and #street wall# location regulations of this Section, or as modified in any applicable Special District, shall be modified as follows:
 - (i) The minimum base height of a #street wall# may vary between the height of the #street wall# of an adjacent #building# before setback, if such height is lower than the minimum base height required, up to the minimum base height requirements of this Section, or as modified in any applicable Special District.
 - (ii) The maximum base height of a #street wall# may vary between the height of the #street wall# of an adjacent #building# before setback, if such height is higher than the maximum base height allowed, and the maximum base height requirements of this Section, provided that such height not exceed 150 feet and provided that such #zoning lot# is located within the area bounded by West 22nd Street, a line 100 feet west of Fifth Avenue, a line midway between West 16th Street and West 17th Street, and a line 100 feet east of Sixth Avenue.
 - (ii) The location of the #street wall# of any #building# may vary between the #street wall# location requirements of this Section, or as modified in any applicable Special District, and the location of the #street wall# of an adjacent #building# fronting on the same #street line#.
- (7) In C6-3D Districts, where a #building# on an adjacent #zoning lot# has #dwelling unit# windows located within 30 feet of a #side lot line# of the #development# or #enlargement#, an open area extending along the entire length of such #side lot line# with a minimum width of 15 feet shall be provided. Such open area may be obstructed only by the permitted obstructions set forth in Section 33-23 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).
- (8) For the purposes of applying the #street wall# location regulations of paragraph (b), any #building# wall oriented so that lines perpendicular to it would intersect a #street line# at an angle of 65 degrees or

less shall not be considered a #street wall#.

(2/2/11)

35-30

APPLICABILITY OF FLOOR AREA AND OPEN SPACE REGULATIONS

(2/2/11)

35-31

Maximum Floor Area Ratio

C1 C2 C3 C4 C5 C6

In all districts, except as set forth in Section 35-311, the provisions of this Section shall apply to any #zoning lot# subject to the provisions of this Chapter.

The maximum #floor area ratio# permitted for a #commercial# or #community facility use# shall be as set forth in Article III, Chapter 3, and the maximum #floor area ratio# permitted for a #residential use# shall be as set forth in Article II, Chapter 3, provided the total of all such #floor area ratios# does not exceed the greatest #floor area ratio# permitted for any such #use# on the #zoning lot#. However, in C4-7 Districts within Community District 7 in the Borough of Manhattan, such maximum #residential floor area ratio# may be increased pursuant to the

provisions of Section 23-90 (INCLUSIONARY HOUSING).

In #Inclusionary Housing designated areas#, except within Waterfront Access Plan BK-1 and R6 Districts without a letter suffix in Community District 1, Brooklyn, the maximum #floor area ratio# permitted for #zoning lots# containing #residential# and #commercial# or #community facility uses# shall be the base #floor area ratio# set forth in Section 23-952 for the applicable district.

However, in #Inclusionary Housing designated areas# mapped within C4-7, C5-4, C6-3D and C6-4 Districts, the maximum base #floor area ratio# for #zoning lots# containing #residential# and #commercial# or #community facility uses# shall be either the base #floor area ratio# set forth in Section 23-952 plus an amount equal to 0.25 times the non-#residential floor area ratio# provided on the #zoning lot#, or the maximum #floor area ratio# for #commercial uses# in such district, whichever is lesser.

The maximum base #floor area ratio# in #Inclusionary Housing designated areas# may be increased to the maximum #floor area ratio# set forth in Section 23-952 only through the provision of #affordable housing# pursuant to Section 23-90, inclusive.

A non-#residential use# occupying a portion of a #building# that was in existence on December 15, 1961, may be changed to a #residential use# and the regulations on maximum #floor area ratio# shall not apply to such change of #use#.

(2/2/11)

35-311

Maximum floor area and special provisions for mixed buildings or zoning lots with multiple buildings containing community facility use in certain districts

C1 C2

In C1 and C2 Districts mapped within R6 Districts, except R6A and R6B Districts, and in R7-1 Districts, the provisions of this Section shall apply to any #zoning lot# where #residential# and #community facility uses# are located within the same #building#.

- (a) For #buildings# containing #residential# and #community facility uses#, where such #buildings# have a ratio of #floor area# in such #building# to #lot area# greater than set forth in Column A in the following table, the maximum such ratio for the #community facility# portions of such

#buildings# shall be as set forth in Column B in the table, and the maximum such ratio for the #residential# portions of such #buildings# shall be as set forth in Article II, Chapter 3, subject to the limitations set forth in paragraph (d) of this Section.

	COLUMN A	COLUMN B
District	Maximum Ratio of #Floor Area# in #Building# to #Lot Area#	Maximum Ratio of #Floor Area# in #Community Facility Use# to #Lot Area#
C1 or C2 mapped in R6	2.5	1.0
C1 or C2 mapped in R7-1	3.5	1.0

- (b) For #buildings# containing #residential# and #community facility uses#, where such #buildings# have a ratio of #floor area# in such #building# to #lot area# that do not exceed the applicable ratio set forth in Column A in the table in paragraph (a) of this Section, the maximum #floor area ratio# for the #community facility# portion of such #buildings# shall be as set forth in Article III, Chapter 3, and the maximum #floor area ratio# for the #residential# portions of such #buildings# shall be as set forth in Article II, Chapter 3, subject to the limitations set forth in paragraph (d) of this Section.
- (c) For #zoning lots# containing multiple #buildings#, the provisions of this paragraph, (c), shall apply to any #building# that does not contain both #community facility# and #residential uses#. The maximum #floor area ratio# permitted for the #commercial# or #community facility# portions of such #buildings# shall be as set forth in Article III, Chapter 3, and the maximum #floor area ratio# permitted for the #residential# portions of such #buildings# shall be as set forth in Article II, Chapter 3, subject to the limitations set forth in paragraph (d).
- (d) The total #floor area ratio# permitted for #commercial# or #community facility use# on the #zoning lot# shall be as set forth in Article III, Chapter 3, and the total #floor area ratio# permitted for #residential use# on the #zoning lot# shall be as set forth in Article II, Chapter 3, provided the

total of all such #floor area ratios# does not exceed the greatest #floor area ratio# permitted for any such #use# on the #zoning lot#.

For the purposes of this Section, a #building segment# may be considered to be a #building#.

(10/17/07)

35-312

Existing public amenities for which floor area bonuses have been received

- (a) Elimination or reduction in size of non-bonused open area on a #zoning lot# containing a bonused amenity

In all districts, any existing open area for which a #floor area# bonus has not been utilized that occupies the same #zoning lot# as an existing #publicly accessible open area# or other public amenity, open or enclosed, for which a #floor area# bonus has been utilized, may be reduced in size or eliminated only upon certification of the Chairperson of the City Planning Commission that all bonused amenities comply with the standards under which such #floor area# bonus was granted.

- (b) Kiosks and open air cafes

Kiosks and open air cafes may be placed within an existing #publicly accessible open area# for which a #floor area# bonus has been received by certification, pursuant to Section 37-73 (Kiosks and Open Air Cafes).

- (c) Nighttime closing of existing public open area

In all #Commercial Districts#, the City Planning Commission may, upon application, authorize the closing during certain nighttime hours of an existing #publicly accessible open area# for which a #floor area# bonus has been received, pursuant to Section 37-727 (Hours of access).

- (d) Elimination or reduction in size of existing public amenity

In all #Commercial Districts#, no existing #publicly accessible open area#, #arcade# or other public amenity, open or enclosed, for which a #floor area# bonus has been utilized, shall be eliminated or reduced in size except by special permit of the City Planning Commission, pursuant to

Section 74-761 (Elimination or reduction in size of bonused public amenities).

(10/11/12)

35-32

Modification of Lot Coverage Regulations

In C4-4L Districts, the maximum #residential lot coverage# provisions of Sections 23-145 (For Quality Housing buildings) and 23-147 (For non-profit residences for the elderly) are modified, as follows:

- (a) for #through lots# with a maximum depth of 180 feet or less, the maximum #residential lot coverage# shall be 80 percent; and
- (b) #corner lots# shall not be subject to a maximum #residential lot coverage# where such #corner lots# are:
 - (1) 5,000 square feet or less in area; or
 - (2) 7,500 square feet or less in area and bounded by #street lines# that intersect to form an angle of less than 65 degrees, where one such #street# contains an elevated rail line.

(2/2/11)

35-33

Open Space Ratio for Residential Portions of Buildings

C1 C2 C3 C4 C5 C6

In the districts indicated, a #zoning lot# containing a #residential building# or the #residential# portion of a #mixed building# shall have a minimum #open space ratio# as required under the provisions of Sections 35-21 to 35-23, inclusive, relating to Section 35-20 (APPLICABILITY OF RESIDENCE DISTRICT BULK REGULATIONS), except as otherwise provided in this Section.

For the purposes of this Section:

- (a) the #floor area# counted in determining the #open space ratio# shall be only that #floor area# in the #residential# portion of the #building#;
- (b) the #lot coverage# shall be deemed to be that portion of the

#zoning lot# which, when viewed directly from above, would be covered by the #residential# portion of the #building# at any level; and

- (c) the applicable #height factor#, if the maximum permitted #residential floor area ratio# is less than the total #floor area ratio# permitted for such #building#, shall be the #height factor# of the #residential# portion of the #building#.

A non-#residential use# occupying a portion of a #building# that was in existence on December 15, 1961, may be changed to a #residential use# and the regulations on minimum required #open space ratio# shall not apply to such change of #use#.

(2/2/11)

35-34

Location of Open Space

C1 C2 C3 C4 C5 C6

In the districts indicated, the #open space# required for a #residential building# or the #residential# portion of a #mixed building# under the provisions of Section 35-33 (Open Space Ratio for Residential Portions of Buildings) may be at a level higher than 23 feet above #curb level#. Such #open space# may be provided at ground floor level or upon the roof of:

- (a) the non-#residential# portion of a #mixed building#;
- (b) a #commercial building#; or
- (c) a #community facility building# that #abuts# such #residential building# or #residential# portion of a #mixed building#;

provided that the level of any #open space# may not be higher than two and one-half feet below the sill level of any #legally required window# opening on such roof area, in the #residential# portion of such #mixed building#. #Open space# located on the roof of a #community facility building# separated by open area from #residential# or #mixed buildings# on the same #zoning lot# may not be at a level higher than 23 feet above #curb level#.

(2/2/11)

35-341

Open space restrictions in C4-1 Districts

In C4-1 Districts, for #zoning lots# having a #lot area# in excess of four acres, open off-street parking spaces which are #accessory# to #commercial uses# are not permitted obstructions within required #open space#.

In C4-1 Districts, for #zoning lots# having a #lot area# in excess of four acres, #open space# provided on the roof of a #commercial building# that would otherwise qualify as #open space# shall be subject to authorization by the City Planning Commission. In permitting such roof area to qualify as #open space#, the Commission shall find that:

- (a) the location and layout of the roof area is directly accessible, useable and restricted for the residential occupants and their guests for whom no admission charge or membership fee is charged;
- (b) such roof area contains recreational facilities, seating areas and landscaping; and
- (c) all mechanical equipment or emissions therefrom are screened and no intake or exhaust duct faces directly into the #open space#.

(2/2/11)

35-35

Floor Area Bonus for a Public Plaza or Arcade

C1-8 C1-9 C2-7 C2-8 C4-6 C4-7 C5 C6

In the districts indicated, and in C1 and C2 Districts mapped within R9 or R10 Districts, #floor area# bonus provisions for #public plazas# and #arcades# shall apply as set forth in this Section. Any #floor area# bonus for a #public plaza# or #arcade# permitted under the applicable district regulations for any #residential#, #commercial# or #community facility# portion of a #building# may be applied, provided that any given #public plaza# or #arcade# shall be counted only once in determining a bonus.

C1-8A C1-8X C1-9A C2-7A C2-7X C2-8A C4-6A C4-7A C5-1A C5-2A C6-2A
C6-3A C6-3X C6-4A

- (a) Prohibition of #public plaza# and #arcade# bonuses

- (1) In the districts indicated, and in C1 or C2 Districts mapped within R9A, R9X, R10A or R10X Districts, no #floor area# bonuses shall be permitted for #public plazas# or #arcades#.
- (2) Within the boundaries of Community District 7, Borough of Manhattan, no #floor area# bonuses shall be permitted for #public plazas# or #arcades#.

C1-8 C1-9 C2-7 C2-8

- (b) In the districts indicated, and in other C1 or C2 Districts when mapped within R9 or R10 Districts, the bonus provisions of Section 33-13 shall apply only to a #development# or #enlargement# with 25 percent or less of the total #floor area# of the #building# in #residential use#.

C4-6 C4-7 C5-1 C5-2 C5-4 C6-4 C6-5 C6-8

- (c) In the districts indicated, except C6-4X Districts, if more than 50 percent of the #floor area# on the #zoning lot# is occupied by #residential uses#, then for each square foot of #public plaza# provided in accordance with Section 37-70, inclusive, the total #floor area# permitted on that #zoning lot# under the provision of Section 23-15 (Maximum Floor Area Ratio in R10 Districts) may be increased by six square feet.

C4-6 C4-7 C5-1 C5-2 C5-4 C6-4 C6-5 C6-8

- (d) In the districts indicated, if 50 percent or less of the #floor area# on the #zoning lot# is occupied by #residential uses#, then the provisions of Sections 33-13 and 33-14 shall apply.

C5-3 C5-5 C6-1 C6-2 C6-3 C6-6 C6-7 C6-9

- (e) In the districts indicated, the provisions of Sections 33-13 and 33-14 shall apply.

C6-4X

- (f) In the district indicated, if all #dwelling units# in the #building# are located above a height of 60 feet above the #base plane#, then the bonus provisions of Section 33-13 shall apply.

(2/2/11)

35-351

Arcades

C1-8 C1-9 C2-7 C2-8

- (a) In the districts indicated, or in C1 or C2 Districts mapped within R9 or R10 Districts, the provisions of Section 33-14 shall apply only to a #development# or #enlargement# with 25 percent or less of the total #floor area# of the #building# in #residential use#.

C4-6 C4-7 C5 C6

- (b) In the districts indicated, the provisions of Section 33-15 shall apply.

(2/2/11)

35-40

APPLICABILITY OF DENSITY REGULATIONS

C1 C2 C3 C4 C5 C6

In the districts indicated, the maximum number of #dwelling units# or #rooming units# on a #zoning lot# shall equal the maximum #residential floor area# permitted for the #zoning lot# determined in accordance with the provisions set forth in Section 35-30 (APPLICABILITY OF FLOOR AREA AND OPEN SPACE REGULATIONS) divided by the applicable factor in Section 23-20 (DENSITY REGULATIONS).

Illustrative Examples

The following examples, although not part of the Zoning Resolution, are included to demonstrate the application of density regulations to #mixed buildings#.

For a #mixed building# in a #predominantly built-up area# of a C1 District mapped within an R5 District, the maximum permitted #commercial floor area ratio# (FAR) is 1.0, the maximum permitted #community facility# FAR is 2.0 and the maximum permitted #residential# FAR is 1.65, provided the total FAR for all #uses# on the #zoning lot# does not exceed 2.0, pursuant to Section 35-30. On a 10,000 square foot #zoning lot developed# with 1.0 FAR of #commercial use# and .2 FAR of #community facility use#, the maximum #residential floor area ratio# permitted for such #mixed building# is .8. The maximum number of #dwelling units# permitted on the #zoning lot# is 9 (10,000 x .8 divided by a factor of 900, pursuant to Section 23-22).

For a #mixed building# where the #residential# portion is #developed# pursuant to the optional Quality Housing Program on a #wide street# in a C2 District mapped within an R7-1 District outside the #Manhattan Core#, the maximum permitted #commercial# FAR is 2.0, the maximum permitted #community facility# FAR is 4.8 (or 1.0 if the total FAR of the #mixed building# exceeds 3.5), and the maximum permitted #residential# FAR is 4.0, provided the total FAR for all #uses# on the #zoning lot# does not exceed 4.8, pursuant to Section 35-30. On a 15,000 square foot #zoning lot developed# with 1.0 FAR of #commercial use# and 1.0 FAR of #community facility use#, the maximum #residential floor area ratio# permitted for such #mixed building# is 2.8. The maximum number of #dwelling units# permitted on the #zoning lot# is 62 (15,000 x 2.8 divided by a factor of 680, pursuant to Section 23-22).

For a #mixed building# in a C4-6 District #developed# with a #public plaza# where less than 50 percent of the #floor area# on the #zoning lot# is occupied by #residential uses#, the maximum permitted #commercial# FAR is 4.08 (3.4 plus a 20 percent increase for a #public plaza#), the maximum permitted #community facility# FAR is 12.0 (10.0 plus a 20 percent increase for a #public plaza#), and the maximum permitted #residential# FAR is 10.0, provided the total FAR for all #uses# on the #zoning lot# does not exceed 12.0, pursuant to Section 35-30. On a 20,000 square foot #zoning lot developed# with 7.0 FAR of #community facility use# and no #commercial use#, the maximum #residential floor area ratio# permitted on such #zoning lot# is 5.0. The maximum number of #dwelling units# permitted on the #zoning lot# is 126 (20,000 x 5 divided by a factor of 790, pursuant to Section 23-22).

(2/2/11)

35-50

MODIFICATION OF YARD REGULATIONS

(2/2/11)

35-51

Modification of Front Yard Requirements

C1 C2 C3 C4 C5 C6

In the districts indicated, no #front yard# shall be required, except that the provisions of paragraph (a) of Section 34-233 (Special provisions applying along district boundaries) shall apply when #residential uses# are located on the first #story# of a #building#.

(4/30/12)

35-52

Modification of Side Yard Requirements

C1 C2 C3 C4 C5 C6

In the districts indicated, except as otherwise provided in Section 35-54 (Special Provisions Applying Adjacent to R1 through R5 Districts), no #side yard# shall be required although, if any open area extending along a #side lot line# is provided at any level, it shall have a width of not less than eight feet. Permitted obstructions, pursuant to paragraph (a) of Section 33-23 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), shall be permitted in such open areas.

However, in C3A Districts, #side yards# shall be provided in accordance with the regulations for R3A Districts as set forth in Section 23-461 (Side yards for single- or two-family residences).

(4/30/12)

35-53

Modification of Rear Yard Requirements

C1 C2 C3 C4 C5 C6

In the districts indicated, for a #residential# portion of a #mixed building#, the required #residential rear yard# shall be provided at the floor level of the lowest #story# used for #dwelling units# or #rooming units#, where any window of such #dwelling units# or #rooming units# faces onto such #rear yard#. If the level of such #yard# is at or higher than the first #story#, decks, parapet walls, roof thickness, solar energy systems up to four feet high, vegetated roofs, and weirs, shall be permitted, pursuant to Section 23-62 (Permitted Obstructions).

(10/11/12)

35-531

Residential rear yard equivalents in certain districts

In C4-4L Districts, for #through lots# that have a maximum depth of 180 feet or less and are bounded by a #street# containing an elevated rail line, no #residential rear yard equivalent# shall be required.

(2/2/11)

35-54

Special Provisions Applying Adjacent to R1 through R5 Districts

C1 C2 C3 C4 C5 C6

In the districts indicated, on #zoning lots# adjacent to #zoning lots# in R1, R2, R3, R4 or R5 Districts, a #side yard# at least eight feet wide shall be provided along the entire length of the common #side lot line#. Such #side yard# may be used for #accessory# parking.

(2/2/11)

35-60

MODIFICATION OF HEIGHT AND SETBACK REGULATIONS

(2/2/11)

35-61

Height and Setback Regulations

C1 C2 C3 C4 C5 C6

In the districts indicated, height and setback regulations are modified as follows:

- (a) Except as otherwise provided in Section 35-51 (Modification of Front Yard Requirements), no #front yard# is required for any portion of a #building# in a #Commercial District#. Therefore, in applying the height and setback regulations, a #sky exposure plane# (which in a #Residence District# would be measured from a point above the #front yard line#) may be measured from a point above the #street line#.
- (b) In cases where the provisions of Section 34-233, paragraph (a), apply, as set forth in Section 35-51, the #sky exposure plane# is measured from a point above the #front yard line#.
- (c) In C1 or C2 Districts mapped within R3 or R4A Districts, the height and setback regulations applicable to R4 Districts, except R4A and R4B Districts, may be applied.

- (d) In C1 or C2 Districts mapped within R4, R4B or R4-1 Districts, the height and setback regulations applicable to an R5B District may be applied.
- (e) In C3A Districts, the height and setback regulations applicable to R3A Districts shall apply.
- (f) In C1-8, C1-9, C2-7 or C2-8 Districts, or in C1 or C2 Districts mapped within R9 or R10 Districts, the provisions of Section 23-64 (Alternate Front Setbacks) shall not apply to any #development# or #enlargement# with more than 25 percent of its total #floor area# occupied by #residential use#.

(2/2/11)

35-62

Maximum Height of Front Wall in Initial Setback Distance

C1 C2 C3 C4 C5 C6

In the districts indicated, except in C1 or C2 Districts mapped within R2A, R2X, R3, R4 or R5 Districts and except in C3A Districts, the maximum height of a front wall within the #initial setback distance# shall be the maximum height of a front wall permitted in the applicable district for a #residential#, #commercial# or #community facility building#, whichever permits the greatest maximum height.

(2/2/11)

35-63

Special Tower Regulations for Mixed Buildings

C1 C2 C4 C5 C6

In the districts indicated, when a #mixed building# is subject to tower regulations, the #residential# tower regulations of paragraphs (a) and (b) or the #commercial# tower regulations of paragraph (c) of this Section shall apply to the entire #building#.

- (a) In C1 or C2 Districts mapped within R9 or R10 Districts, or in C1-8, C1-9, C2-7 or C2-8 Districts, a #mixed building# that meets the location and #floor area# criteria of paragraph (a) of Section 23-65 (Tower Regulations) shall be

governed by the provisions of Section 23-651 (Tower-on-a-base), except that the #building# base regulations of paragraph (b) of Section 23-651 shall be modified, as follows:

- (1) On a #wide street#, and on a #narrow street# within 30 feet of its intersection with a #wide street#, the entire width of the #street wall# of a base shall be located on the #street line#.

However, to allow for articulation of corners at the intersection of two #street lines#, the #street wall# may be located anywhere within an area bounded by the two #street lines# and a line connecting such #street lines# at points 15 feet from their intersection. Recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#.

- (2) On a #narrow street# beyond 30 feet of its intersection with a #wide street#, the #street wall# of a base shall be located within eight feet of a #street line#.
- (3) On a #wide street#, recesses above the ground floor are permitted at any level in the #street wall# of a base for #outer courts# or balconies. The aggregate width of such recesses shall not exceed 50 percent of the width of the entire #street wall# at any level.

However, not more than 30 percent of the aggregate width of such recesses shall exceed a depth of eight feet. Furthermore, no recesses shall be permitted below a height of 12 feet, within 20 feet of an adjacent #building#, or within 30 feet of the intersection of two #street lines#, except for corner articulation as provided for in paragraph (a)(1) of this Section.

- (4) On a #narrow street#, recesses are permitted at any level in the #street wall# of a base for #outer courts# or balconies. The aggregate width of such recesses shall not exceed 50 percent of the width of the entire #street wall# at any level.

However, not more than 30 percent of the aggregate width of such recesses shall exceed a depth of eight feet. Furthermore, no recesses shall be permitted below a height of 12 feet within 20 feet of an adjacent #building#, or within 30 feet of the intersection of two #street lines#, except for corner articulation as provided for in paragraph (a)(1) of this Section.

- (b) In C4-6, C5-1 or C6-3 Districts, the #residential# portion of a #mixed building# that in the aggregate occupies not more than 40 percent of the #lot area# of a #zoning lot# or, for #zoning lots# of less than 20,000 square feet, the percent set forth in Section 23-65 (Tower Regulations), may be constructed in conformance with the provisions of Section 23-652 (Standard tower regulations), provided the following conditions are met:
- (1) at least 65 percent of the total allowable #floor area# on a #zoning lot# under the applicable district regulations is occupied by #residential uses#;
 - (2) all #uses# within such #mixed building# comply with the provisions of Section 32-42 (Location within Buildings); and
 - (3) only the #residential# portion of such #mixed building# penetrates the #sky exposure plane# as set forth in Sections 33-432 or 33-442 (In other Commercial Districts).
- (c) In C4-7, C5-2, C5-3, C5-4, C5-5, C6-4, C6-5, C6-6, C6-7, C6-8 or C6-9 Districts, the tower regulations applicable to any #mixed building# shall be the regulations set forth in Section 33-45.

However, in C4-7, C5-2, C5-4, C6-4, C6-5 or C6-8 Districts, when no more than two #stories# of a #mixed building# are occupied by non-#residential uses#, the tower regulations applicable to the #residential# portion of such #mixed building# may be governed by Section 23-652 (Standard tower regulations) or, for towers on small lots, the percentages set forth in Section 23-65 (Tower Regulations).

All #uses# within such #mixed building# shall comply with the provisions of Section 32-42.

The tower regulations shall not apply in C1 or C2 Districts mapped within R9A, R9X, R10A or R10X Districts, or in C1-8A, C1-8X, C1-9A, C2-7A, C2-7X, C2-8A, C4-6A, C4-7A, C5-1A, C5-2A, C6-2A, C6-3A, C6-3X, C6-4A or C6-4X Districts.

Chapter 6

Accessory Off-Street Parking and Loading Regulations

(12/15/61)

36-00

GENERAL PURPOSES AND DEFINITIONS

Off-Street Parking Regulations

(4/22/09)

36-01

General Purposes

The following regulations on permitted and required accessory off-street parking spaces and accessory bicycle parking spaces are adopted in order to provide parking spaces off the streets sufficient to give necessary access to developing centers of commerce outside the high density central areas, to reduce traffic congestion caused by parking on the streets, to prevent substantial amounts of traffic from circulating in and parking on residential streets surrounding commercial centers, to provide for a higher standard of commercial development within the City and thus to promote and protect public health, safety and general welfare.

(4/22/09)

36-02

Applicability of District Regulations

Except as otherwise provided in this Section, the regulations of this Chapter on permitted and required #accessory# off-street parking spaces and #accessory# bicycle parking spaces apply to #residences#, #community facility uses# or #commercial uses#, as set forth in the provisions of the various Sections. In addition, the regulations of this Chapter, or of specified Sections thereof, also apply in other provisions of this Resolution where they are incorporated by cross reference.

(6/27/63)

36-021

Applicability of regulation to non-profit hospital staff dwellings

Except as modified in Sections 36-313 (Application of requirements to non-profit hospital staff dwellings in C1 or C2 Districts with bulk governed by surrounding Residence District) or 36-314 (Application of requirements to non-profit hospital staff dwellings in other Commercial Districts), the district regulations applicable to #residences#, as set forth in this Chapter, shall apply to #non-profit hospital staff dwellings#, and the district regulations applicable to #community facility uses#, as set forth in this Chapter, shall not apply to such #use#. Except as modified in Section 36-314, the regulations of this Chapter applicable to #residences# in C4-2 Districts shall apply to #non-profit hospital staff dwellings# in C8 Districts.

(6/21/73)

36-022

Applicability of regulations of C6-1A Districts

In C6-1A Districts, the parking requirements of C4-4 Districts as set forth in Section 36-20 (Required Accessory Off-Street Parking Spaces for Commercial or Community Facility Uses) shall apply to #commercial# or #community facility uses#. However, for all office #uses# listed in Use Group 6B of Section 32-15 (Use Group 6), there shall be one parking space per 4,000 square feet of #floor area#.

(2/2/11)

36-023

Applicability of regulations in C4-1 Districts

In C4-1 Districts, for #zoning lots# having a #lot area# in excess of four acres, all #group parking facilities# that are #accessory# to #commercial developments# or #enlargements# shall be subject to authorization by the City Planning Commission to assure that the layout of such parking spaces is arranged and located in relation to the #use# or #uses# to which such spaces are #accessory#, so as to provide adequate ingress, egress and

circulation with respect to abutting #streets# or #uses#.

For such #zoning lots#, the Commission may also authorize a reduction of the parking requirement of Section 36-21 (General Provisions) by an amount not to exceed 50 percent, provided that the Commission finds that the applicant has demonstrated that the proposed parking is sufficient for the #use# proposed.

Furthermore, notwithstanding the applicability requirements of Sections 36-58 (Parking Lot Maneuverability and Curb Cut Regulations), paragraph (a), and 37-91, the Commission shall find that such #group parking facilities# of any size comply with the maneuverability and landscaping provisions of Sections 36-58 and 37-90 (PARKING LOTS), inclusive. For #group parking facilities accessory# to #enlargements#, the Commission may authorize modifications or waivers of such provisions, provided the Commission finds that:

- (a) maneuverability and curb cut regulations have been complied with to the maximum extent practicable;
- (b) the amount of perimeter landscaped areas have been provided to the maximum extent practicable;
- (c) the amount of interior planting islands and their distribution throughout the parking lot have been provided to the maximum extent practicable; and
- (d) perimeter landscaped areas and interior planting islands have been engineered to absorb storm water runoff to the maximum extent practicable.

The Commission may request reports from licensed engineers and landscape architects in considering such modifications.

(5/8/13)

36-024

Applicability of regulations in the Manhattan Core and the Long Island City area

Special regulations governing #accessory# off-street parking and loading in the #Manhattan Core# are set forth in Article I, Chapter 3, and special regulations governing #accessory# off-street parking in the #Long Island City area#, as defined in Section 16-02 (Definitions), are set forth in Article I, Chapter 6.

(4/14/10)

36-026

Applicability of regulations to Quality Housing

On any #zoning lot# containing a #Quality Housing building#, all #accessory# off-street parking spaces shall comply with the provisions of Section 28-50 (PARKING FOR QUALITY HOUSING), inclusive.

(10/95/93)

36-027

Applicability of regulations in the waterfront area

Special regulations applying in the #waterfront area# are set forth in Article VI, Chapter 2.

In #Commercial Districts# where #residential uses# are governed by the #bulk# regulations of R7-3 Districts, the #accessory# off-street parking regulations of R7-2 Districts shall apply to #residential uses#. In #Commercial Districts# governed by R9-1 District regulations, the #accessory# parking regulations of R9 Districts shall apply to #residential uses#.

(10/9/13)

36-028

Applicability of regulations in flood zones

Special regulations applying in the #flood zone# are set forth in Article VI, Chapter 4.

(11/19/87)

36-03

Definitions

Words in italics are defined in Section 12-10 or, if applicable exclusively to this Chapter, in this Section.

(12/15/61)

36-10

PERMITTED ACCESSORY OFF-STREET PARKING SPACES

(2/9/94)

36-11

General Provisions

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, except as otherwise provided in Section 85-03 (Modifications of Use Regulations), #accessory# off-street parking spaces may be provided for all permitted #uses# subject to the applicable provisions set forth in Section 36-12 (Maximum Size of Accessory Group Parking Facilities). Such #accessory# off-street parking spaces may be open or enclosed. However, except as otherwise provided in Sections 73-49 (Roof Parking) or 74-53 (Accessory Group Parking Facilities for Uses in Large-Scale Residential Developments), no spaces shall be located on any roof which is immediately above a #story# other than a #basement#.

(4/14/10)

36-12

Maximum Size of Accessory Group Parking Facilities

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, no #accessory group parking facility# shall contain more than 150 off-street parking spaces or, in the case of a #Quality Housing building#, more than 200 spaces, except as provided in Section 36-13 (Modification of Maximum Size of Accessory Group Parking Facilities).

The provisions of this Section shall not apply to #accessory# off-street parking spaces provided in #public parking garages# in accordance with the provisions of Section 36-57 (Accessory Off-Street Parking Spaces in Public Parking Garages).

(6/23/66)

36-13

Modification of Maximum Size of Accessory Group Parking Facilities

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, a #group parking facility# may contain additional spaces not to exceed 50 percent of the maximum number otherwise permitted under the provisions of Section 36-12 (Maximum Size of Accessory Group Parking Facilities), if the Commissioner of Buildings determines that such facility:

- (a) has separate vehicular entrances and exits thereto, located not less than 25 feet apart;
- (b) if #accessory# to a #commercial# or #community facility use#, is located on a #street# not less than 60 feet in width; and
- (c) if #accessory# to a #commercial use#, has adequate reservoir space at the entrance to accommodate a minimum of 10 automobiles.

The Commissioner of Buildings shall establish appropriate additional regulations with respect to the design of such facility to minimize adverse effects on the character of the surrounding area such as requirements for shielding of floodlights.

The provisions of this Section shall not apply to #accessory# off-street parking spaces provided in #public parking garages# in accordance with the provisions of Section 36-57 (Accessory Off-Street Parking Spaces in Public Parking Garages).

(6/23/66)

36-14

Exceptions to Maximum Size of Accessory Group Parking Facilities

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, the Board of Standards and Appeals may permit #accessory group parking facilities# with more than 150 spaces, in accordance with the provisions of Section 73-48 (Exceptions to Maximum Size of Accessory Group Parking Facilities).

The provisions of this Section shall not apply to #accessory#

off-street parking spaces provided in #public parking garages# in accordance with the provisions of Section 36-57 (Accessory Off-Street Parking Spaces in Public Parking Garages).

(12/15/61)

36-20

REQUIRED ACCESSORY OFF-STREET PARKING SPACES FOR COMMERCIAL OR COMMUNITY FACILITY USES

(10/11/12)

36-21

General Provisions

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, #accessory# off-street parking spaces, open or enclosed, shall be provided in conformity with the requirements set forth in the table in this Section for all #developments# after December 15, 1961, for the #commercial# or #community facility uses# listed in the table. If an #enlargement# results in a net increase in the #floor area# or other applicable unit of measurement specified in the table, the same requirements set forth in the table shall apply to such net increase in the #floor area# or other specified unit of measurement. In addition, all other applicable requirements of this Chapter shall apply as a condition precedent to the #use# of such #development# or #enlargement#.

A parking space is required for a portion of a unit of measurement one-half or more of the amount set forth in the table.

For the purposes of this Section, a tract of land on which a group of such #uses# is #developed#, under single ownership or control, shall be considered a single #zoning lot#.

For those #uses# for which rated capacity is specified as the unit of measurement, the Commissioner of Buildings shall determine the rated capacity as the number of persons that may be accommodated by such #uses#.

The requirements of this Section shall be waived in the following situations:

- (a) when, as a result of the application of such requirements, a smaller number of spaces would be required than is specified by the provisions of Section 36-23 (Waiver of Requirements for Spaces below Minimum Number);
- (b) when the Commissioner of Buildings has certified, in accordance with the provisions of Section 36-24 (Waiver of Requirements for All Zoning Lots Where Access Would Be Forbidden), that there is no way to arrange the spaces with access to the #street# to conform to the provisions of Section 36-53 (Width of Curb Cuts and Location of Access to the Street);
- (c) for houses of worship, in accordance with the provisions of Section 36-25 (Waiver for Locally-Oriented Houses of Worship);
- (d) for ambulatory diagnostic or treatment health care facilities, as listed in Section 22-14 (Use Group 4), or child care services, as listed under the definition of #school# in Section 12-10 (DEFINITIONS), pursuant to Section 36-27 (Waiver for small zoning lots containing certain community facility uses in the Borough of Staten Island and Community District 10 in the Borough of the Bronx).

NOTE: PRC = Parking Requirement Category

¹ The parking requirements for ambulatory diagnostic or treatment facilities listed in Use Group 4 and #uses# in PRC-B1 may be reduced by permit of the Board of Standards and Appeals in accordance with the provisions of Section 73-44 (Reduction of Parking Spaces for Ambulatory Diagnostic or Treatment Facilities Listed in Use Group 4 and Uses in Parking Requirement Category B1)

² In the case of golf driving ranges, the requirements in this table apply only to that portion of the range used for tees

- 3 For predominantly open storage of miscellaneous #uses#, the #lot area# used for such #uses# shall be considered as #floor area# for the purposes of these requirements
- 4 Requirements are in addition to area utilized for ambulance parking
- 5 Requirements apply only to the #floor area# not used for storage

(9/9/04)

36-22

Special Provisions for a Single Zoning Lot with Uses Subject to Different Parking Requirements

C1 C2 C3 C4 C5 C6 C7 C8

In all districts indicated, where any #building# or #zoning lot# contains two or more #uses# having different parking requirements as set forth in the following Sections, the parking requirements for each type of #use# shall apply to the extent of that #use#:

Section 36-21 (General Provisions)

Section 36-31 (General Provisions).

However, the number of spaces required for houses of worship or for #uses# in parking requirement category D (Places of Assembly) when in the same #building# or on the same #zoning lot# as any other #use# may be reduced by the Board of Standards and Appeals in accordance with the provisions of Section 73-43 (Reduction of Parking Spaces for Houses of Worship or Places of Assembly).

(12/15/61)

36-23

Waiver of Requirements for Spaces below Minimum Number

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, the requirements for #accessory# off-street parking spaces shall be subject to the waiver provisions of this Section.

(1/18/11)

36-231

In districts with high, medium, or low parking requirements

C1-1 C1-2 C1-3 C2-1 C2-2 C2-3 C3 C4-1 C4-2 C4-3 C7 C8-1 C8-2

In the districts indicated, except for the #uses# listed in Section 36-233 (Exceptions to application of waiver provisions), and except as otherwise provided in Section 36-27 (Waiver for Certain Small Zoning Lots), the parking requirements set forth in Sections 36-21 (General Provisions) or 36-22 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Parking Requirements) shall not apply to #commercial uses# in parking requirement category A, B, B1, C, D, E, or H, or to permitted #community facility uses#, if the total number of #accessory# off-street parking spaces required for all such #uses# on the #zoning lot# is less than the number of spaces set forth in the following table:

Number of Spaces	Districts
10	C1-1 C2-1 C3 C4-1
15	C1-2 C2-2 C4-2 C8-1
25	C1-3 C2-3 C4-2A C4-3 C7 C8-2

(6/21/73)

36-232

In districts with very low parking requirements

C1-4 C1-5 C1-6 C1-7 C1-8 C1-9 C2-4 C2-5 C2-6 C2-7 C2-8 C4-4 C4-5
C4-6 C4-7 C5 C6 C8-3 C8-4

In all districts indicated, except for the #uses# listed in Section 36-233 (Exceptions to application of waiver provisions), the parking requirements set forth in Section 36-21 (General Provisions) or Section 36-22 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Parking Requirements) shall not apply to:

- (a) #commercial uses# in parking requirement category A or B, if the total number of #accessory# off-street parking spaces

required for all such #uses# on the #zoning lot# is less than 40, or 100 in the case of C6-1A Districts; or

- (b) #commercial uses# in any one of parking requirement categories B1, C, D, E, or H, or a permitted #community facility use#, if the number of #accessory# off-street parking spaces required for the #uses# in each such category or for each such #community facility use# is less than 40.

(12/15/61)

36-233

Exceptions to application of waiver provisions

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, the waiver provisions of Section 36-23 (Waiver of Requirements for Spaces below Minimum Number) shall not apply to the following types of #uses#:

- (a) #Manufacturing# or semi-industrial #uses# in parking requirement category F in Use Group 11 or 16.
- (b) Storage or miscellaneous #uses# in parking requirement category G in Use Group 16, or when permitted by special permit.
- (c) The following other #commercial uses# in parking requirement category H in Use Group 7 or 13, or when permitted by special permit:

#Boatels#

Camps, overnight or day

#Motels# or #tourist cabins#

Refreshment stands, drive-in.

- (d) The following #community facility uses#:

Agricultural #uses#, including greenhouses, nurseries, or truck gardens

Outdoor tennis courts.

(4/14/10)

36-24

Waiver of Requirements for All Zoning Lots Where Access Would Be Forbidden

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, the requirements set forth in Sections 36-21 (General Provisions) or 36-22 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Parking Requirements) shall not apply to any #building# or #zoning lot# as to which the Commissioner of Buildings has certified that there is no way to arrange the required spaces with access to the #street# to conform to the provisions of Section 36-53 (Width of Curb Cuts and Location of Access to the Street). The Commissioner of Buildings may refer such matter to the Department of Transportation for a report and may base the determination on such report.

(9/9/04)

36-25

Waiver for Locally-Oriented Houses of Worship

C1 C2 C3 C4 C8

In the districts indicated, the requirements set forth in Sections 36-21 (General Provisions) and 36-22 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Parking Requirements) shall not apply to a house of worship, provided the Chairperson of the City Planning Commission certifies that:

- (a) seventy-five percent or more of the congregants of such house of worship reside within a three-quarter mile radius of the house of worship;
- (b) the number of spaces required pursuant to this Section is less than the number of spaces listed in the table in Section 36-23 (Waiver of Requirements for Spaces below Minimum Number); and
- (c) such house of worship shall not include, as an #accessory use#, the leasing, licensing or any other grant of permission to utilize a room or other space in such house of worship for the operation of a business engaged in serving food or beverages for functions, occasions or events.

For the purposes of determining the number of spaces required pursuant to this Section, the product of the actual percentage of congregants living within a three-quarter mile radius of the house of worship, computed for the purposes of paragraph (a) of this Section, multiplied by the persons-rated capacity of the largest room of assembly, shall be subtracted from the persons-rated capacity of the largest room of assembly.

The provisions of paragraph (c) of this Section are not intended to restrict the lease, license or other permission to use a room or other space in a house of worship, when given by the house of worship to a person in order to hold a function, occasion or event, where such person hires or retains a business engaged in serving food or beverages for purposes of such function, occasion or event, and provided that such business is not located on the same #zoning lot# as the house of worship, makes its services available to non-congregants, and does not operate its business substantially for the benefit or convenience of congregants or visitors to the house of worship.

A certification pursuant to this Section shall be granted on condition that the certificate of occupancy for such house of worship be marked or amended to provide that #accessory uses# shall not include the utilization of a room or other space in such house of worship for the operation of a business engaged in serving food or beverages for functions, occasions or events. The Chairperson may impose additional conditions and safeguards to ensure compliance with the provisions of this Section, in the form of a signed declaration of restrictions. The filing of any such declaration in the Borough Office of the Register of the City of New York shall be precondition for the issuance of a building permit.

Within 45 days of receipt of a complete application, including documentation of the residence of congregants in a form acceptable to the Department of City Planning, the Chairperson shall either certify that the proposed #development# or #enlargement# complies with the requirements of this Section or disapprove such application, citing the nature of any failure to comply.

(9/9/04)

36-26

Special Provisions for Zoning Lots Divided by District Boundaries

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts or is subject to other regulations having different requirements for #accessory# off-street parking spaces, the provisions set forth in Article VII, Chapter 7, shall apply.

(1/18/11)

36-27

Waiver for Certain Small Zoning Lots

C1-1 C1-2 C2-1 C2-2 C4-1 C4-2

In C1-1, C1-2, C2-1 and C2-2 Districts mapped within R1, R2, R3A, R3X and R3-1 Districts and in C4-1 and C4-2 Districts, in the Borough of Staten Island and in Community District 10 in the Borough of the Bronx, for #zoning lots# with a #lot area# of 4,000 square feet or less with #buildings# containing either ambulatory diagnostic or treatment health care facilities, as listed in Section 22-14 (Use Group 4), or child care services, as listed under the definition of #school# in Section 12-10 (DEFINITIONS), no #accessory# off-street parking spaces shall be required, provided such #zoning lot# existed both on January 18, 2011, and on the date of application for a building permit.

(12/15/61)

36-30

REQUIRED ACCESSORY OFF-STREET PARKING SPACES FOR RESIDENCES WHEN PERMITTED IN COMMERCIAL DISTRICTS

(4/14/10)

36-31

General Provisions

C1 C2 C3 C4 C5 C6

In all districts, as indicated, #accessory# off-street parking spaces, open or enclosed, shall be provided for all #dwelling units# or #rooming units# created constructed after December 15, 1961, in accordance with the provisions of the following Sections and the other applicable provisions of this Chapter, as a condition precedent to the #use# of such #dwelling unit# or

#rooming unit#:

- Section 36-32 (Requirements Where Individual Parking Facilities Are Provided)
- Section 36-33 (Requirements Where Group Parking Facilities Are Provided)
- Section 36-34 (Modification of Requirements for Small Zoning Lots)
- Section 36-35 (Modification of Requirements for Public Housing or Non-profit Residences for Elderly)
- Section 36-37 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Parking Requirements)
- Section 36-39 (Special Provisions for Zoning Lots Divided by District Boundaries)

For #dwelling units# or #rooming units# constructed pursuant to the zoning regulations in effect after July 20, 1950, and prior to December 15, 1961, off-street parking spaces #accessory# to such #dwelling units# or #rooming units# cannot be removed if such spaces were required by such zoning regulations, unless such spaces would not be required pursuant to the applicable zoning regulations currently in effect.

For the purposes of these Sections, three #rooming units# shall be considered the equivalent of one #dwelling unit#.

(2/2/11)

36-311

Application of requirements to conversions in C1 or C2 Districts

C1 C2

- (a) In the districts indicated, where such districts are mapped within R1, R2, R3, R4, R5, R6 or R7 Districts, except R7-2 Districts, the requirements of Section 36-31 (General Provisions) shall not apply to the additional #dwelling units# or #rooming units# created by #conversions# on #zoning lots# with less than 5,000 square feet of #lot area#.
- (b) In the districts indicated, where such districts are mapped

within R7-2, R8, R9 or R10 Districts, the requirements of Section 36-31 shall not apply to the additional #dwelling units# or #rooming units# created by #conversions# on #zoning lots# of any size.

(2/2/11)

36-312

Application of requirements to conversions in C3, C4, C5 and C6 Districts

C3 C4-1 C4-2 C4-3

- (a) In the districts indicated, the requirements of Section 36-31 (General Provisions) shall not apply to the additional #dwelling units# or #rooming units# created by #conversions# on #zoning lots# with less than 5,000 square feet of #lot area#.

C4-4 C4-5 C4-6 C4-7 C5 C6

- (b) In the districts indicated, no #accessory# off-street parking is required for additional #dwelling units# or #rooming units# created by #conversion# within #buildings# existing prior to December 15, 1961.

(6/27/63)

36-313

Application of requirements to non-profit hospital staff dwellings in C1 or C2 Districts with bulk governed by surrounding Residence Districts

C1-1 C1-2 C1-3 C1-4 C1-5 C2-1 C2-2 C2-3 C2-4 C2-5

In the districts indicated, the regulations of Sections 36-31 to 36-39, inclusive, relating to Required Accessory Off-Street Parking Spaces for Residences When Permitted in Commercial Districts, shall apply as set forth in this Section to #non-profit hospital staff dwellings#. The district regulations of these Sections applicable to #non-profit hospital staff dwellings# are determined by the #Residence District# within which such #Commercial Districts# are mapped in accordance with the following table, and are the same as the regulations applicable to #residences# in the districts indicated in the right-hand column of the table.

DISTRICT REGULATIONS APPLICABLE TO
NON-PROFIT HOSPITAL STAFF DWELLINGS

#Residence District# within which C1 or C2 District is Mapped	District Whose Regulations are Applicable
R1 R2 R3	C4-1
R4 R5	C4-2
R6 R7 R8 R9 R10	C4-7

(7/6/72)

36-314

**Application of requirements to non-profit hospital staff
dwellings in other Commercial Districts**

C1-6 C1-7 C1-8 C1-9 C2-6 C2-7 C2-8 C3 C4 C5 C6 C8

In the districts indicated, the regulations of Section 36-31 to 36-39, inclusive, relating to Required Accessory Off-Street Parking Spaces for Residences When Permitted in Commercial Districts, shall apply as set forth in this Section to #non-profit hospital staff dwellings#. The district regulations of these Sections applicable to #non-profit hospital staff dwellings# are determined in accordance with the following table, and are the same as the regulations applicable to #residences# in the districts indicated in the table.

Districts	Districts Whose Regulations Are Applicable
C3	C4-1
C4-1 C8-1	C4-2
C1-6 C1-7 C1-8 C1-9 C2-6 C2-7 C2-8 C4-2 C4-3 C4-4 C4-5 C4-6 C4-7 C5 C6 C8-2 C8-3 C8-4	C4-7

(12/15/61)

36-32

Requirements Where Individual Parking Facilities Are Provided

C1-1 C1-2 C1-3 C1-4 C1-5 C2-1 C2-2 C2-3 C2-4 C2-5 C3 C4-1 C4-2
C4-3

In the districts indicated, where #group parking facilities# are not provided, the requirements for #accessory# off-street parking spaces are as set forth in this Section.

(4/14/10)

36-321

In C1 or C2 Districts governed by surrounding Residence District bulk regulations

C1-1 C1-2 C1-3 C1-4 C1-5 C2-1 C2-2 C2-3 C2-4 C2-5

In the districts indicated, where such districts are mapped within R1, R2, R3, R4 or R5 Districts, and where #group parking facilities# are not provided, one #accessory# off-street parking space, open or enclosed, shall be provided for each #dwelling unit#.

(9/28/04)

36-322

In C3 or C4 Districts

C3 C4-1 C4-2 C4-3

In the districts indicated, where #group parking facilities# are not provided, one #accessory# off-street parking space, open or enclosed, shall be provided for each #dwelling unit#, except that in C3A Districts, the provisions applicable to R3 Districts in Sections 25-22 (Requirements Where Individual Parking Facilities Are Provided) and 25-60 (ADDITIONAL REGULATIONS FOR PERMITTED OR REQUIRED ACCESSORY OFF-STREET PARKING SPACES) shall apply.

(2/2/11)

36-33

Requirements Where Group Parking Facilities Are Provided

C1 C2 C3 C4 C5 C6 C7 C8

In the districts indicated, for #residences developed# under single ownership or control where #group parking facilities# are provided, the number of required #accessory# off-street parking spaces is as set forth in Section 25-23 (Requirements Where Group Parking Facilities Are Provided), for the applicable #Residence District#, as determined in accordance with Section 35-22 or 35-23. For the purpose of determining the number of required #accessory# off-street parking spaces for such #residences# in C1-6, C2-6, C4-4, C4-5 and C6-1 Districts, the regulations of an R7-2 District shall apply. For C1 or C2 Districts mapped within #lower density growth management areas#, the number of required #accessory# off-street parking spaces for such #residences# shall be 100 percent of the number of new #dwelling units#, and for C1 or C2 Districts mapped within R5A and R5B Districts, the number of required #accessory# off-street parking spaces for such #residences# shall be in accordance with an R5 District without a letter suffix.

(2/9/94)

36-34

Modification of Requirements for Small Zoning Lots

C1 C2 C4-2 C4-3 C4-4 C4-5 C4-6 C4-7 C5 C6

In the districts indicated for small #zoning lots#, the requirements set forth in Section 36-33 (Requirements Where Group Parking Facilities are Provided), shall be modified in accordance with the provisions set forth in this Section.

(3/25/10)

36-341

Reduced requirements in C1 or C2 Districts governed by surrounding Residence District bulk regulations

C1-1 C1-2 C1-3 C1-4 C1-5 C2-1 C2-2 C2-3 C2-4 C2-5

In the districts indicated, for #zoning lots# of 10,000 or 15,000 square feet or less, the number of required #accessory# off-street parking spaces is determined by the #Residence District# within which such #Commercial District# is mapped, in accordance with the following table:

REDUCED REQUIREMENTS FOR
SMALL ZONING LOTS

#Lot Area#	Parking Spaces Required as a Percent of Total #Dwelling Units#	District within which C1 or C2 District is Mapped
10,000 square feet or less	50	R6 R7-1* R7B
	30	R7-1 R7A R7D R7X
10,001 to 15,000 square feet	30	R7-2
	20	R8** R9 R10

* In C1 or C2 Districts mapped within R7-1 Districts within #lower density growth management areas# in Community District 10, Borough of the Bronx

** In R8B Districts, the parking requirements may not be reduced

(1/20/65)

36-342

Reduced requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts

C1-6 C1-7 C1-8 C1-9 C2-6 C2-7 C2-8 C4-2 C4-3 C4-4 C4-5 C4-6 C4-7
C5 C6

In the districts indicated, for #zoning lots# of 10,000 or 15,000 square feet or less, the number of required #accessory# off-street parking spaces is as set forth in the following table:

REDUCED REQUIREMENTS FOR
SMALL ZONING LOTS

Parking Spaces
Required as a
Percent of

#Lot Area#	Total #Dwelling Units#	District		
10,000 square feet or less	50	C4-2	C4-3	
10,001 to 15,000 square feet	30	C1-6	C2-6	C4-4
			C4-5	C6-1
	20	C1-7	C1-8	C1-9
		C2-7	C2-8	C4-6
			C4-7	C5
			C6-3	C6-4
			C6-6	C6-7
				C6-8
				C6-9

(8/14/87)

36-343

**Waiver of requirements in C1 or C2 Districts governed by
surrounding Residence District bulk regulations**

C1-4 C1-5 C2-4 C2-5

In the districts indicated, when mapped within an R7-2, R8, R9 or R10 District, the requirements set forth in Section 36-33 (Requirements Where Group Parking Facilities are Provided) shall be waived for #zoning lots# of 10,000 square feet or less, except in R8B Districts.

(12/15/61)

36-344

**Waiver of requirements in other C1 or C2 Districts or in C4, C5
or C6 Districts**

C1-6 C1-7 C1-8 C1-9 C2-6 C2-7 C2-8 C4-4 C4-5 C4-6 C4-7 C5 C6

In the districts indicated, the requirements set forth in Section 36-33 (Requirements Where Group Parking Facilities Are Provided) shall be waived for #zoning lots# of 10,000 square feet or less.

(1/18/11)

36-345**Waiver of requirements for small zoning lots in certain districts in the Borough of Staten Island**

C1 C2

In the districts indicated mapped within R4, R5 and R6 Districts in the Borough of Staten Island, for #zoning lots# with a #lot area# of 4,000 square feet or less, no #accessory# off-street parking spaces shall be required, provided such #zoning lot# existed both on January 18, 2011, and on the date of application for a building permit.

(2/2/11)

36-35**Modification of Requirements for Public Housing or Non-profit Residences for the Elderly**

C1 C2 C3 C4 C5 C6

In the districts indicated, the number of required #accessory# off-street parking spaces is as set forth in Section 25-25 (Modifications of Requirements for Public, Publicly-Assisted and Government Assisted Housing or for Non-profit Residences for the Elderly) for the applicable #Residence District#, as determined in accordance with Section 35-22 or 35-23. For the purpose of determining the number of required #accessory# off-street parking spaces for such #residences# in C4-4, C4-5 and C6-1 Districts, the regulations of an R7B District shall apply, except that for assisted housing projects in #Quality Housing buildings# in such districts, the number of required #accessory# off-street parking spaces for such #residences# shall be in accordance with an R7A District. For C1-6 and C2-6 Districts, the number of required #accessory# off-street parking spaces for such #residences# shall be in accordance with an R7-2 District.

(1/23/69)

36-36**Waiver of Requirements for Small Number of Spaces**

C1 C2 C4-2 C4-3 C4-4 C4-5 C4-6 C4-7 C5 C6

In the districts indicated, the requirements set forth in Section

36-31 (General Provisions) shall be subject to the waiver provisions of this Section, except that the waiver provisions shall not apply to #non-profit residences for the elderly#.

(2/2/11)

36-361

In C1 or C2 Districts governed by surrounding Residence District bulk regulations

C1-1 C1-2 C1-3 C1-4 C1-5 C2-1 C2-2 C2-3 C2-4 C2-5

In the districts indicated, where such districts are mapped within R6, R7, R8, R9, or R10 Districts, the requirements set forth in Section 36-31 (General Provisions) shall be waived if the required number of #accessory# off-street parking spaces resulting from the application of such requirements is no greater than the maximum number as set forth in the following table. The maximum number is determined by the #Residence District# within which the #Commercial District# is mapped.

NUMBER OF SPACES FOR WHICH REQUIREMENTS ARE WAIVED

#Residence District# within which C1 or C2 District is Mapped	Maximum Number of Spaces Waived
R5D	1
R6 R7-1 R7B	5
R7-2 R7A R7D R7X R8 R9 R10	15

However, the following provisions shall apply:

- (a) In C1 or C2 Districts mapped within R5D Districts, the provisions of this Section shall apply only to #zoning lots# existing both on June 29, 2006, and on the date of application for a building permit; and
- (b) In C1 or C2 Districts mapped within R6 and R7 Districts in #lower density growth management areas# in Community District 10 in the Borough of the Bronx, the provisions of this Section, inclusive, shall only apply to #zoning lots# existing both on March 25, 2010, and on the date of application for a building permit.

(2/2/11)

36-362

In other C1 or C2 Districts or in C4, C5 or C6 Districts

C1-6 C1-7 C1-8 C1-9 C2-6 C2-7 C2-8 C4-2 C4-3 C4-4 C4-5 C4-6 C4-7
C5 C6

In the districts indicated, the requirements set forth in Section 36-31 (General Provisions) shall be waived if the required number of #accessory# off-street parking spaces resulting from the application of such requirements is no greater than the maximum number as set forth in the following table:

Maximum Number of Spaces Waived	Districts
5	C4-2 C4-3
15	C1-6 C1-7 C1-8 C1-9 C2-6 C2-7 C2-8 C4-4 C4-5 C4-6 C4-7 C5 C6

(2/2/11)

36-363

For conversions in C1 or C2 Districts governed by surrounding Residence District bulk regulations

C1-1 C1-2 C1-3 C1-4 C1-5 C2-1 C2-2 C2-3 C2-4 C2-5

In the districts indicated*, where such districts are mapped within R6, R7A, R7B, R7D, R7X or R7-1 Districts, the requirements set forth in Section 36-311 (Application of requirements to conversions in C1 or C2 Districts) shall be waived if the required number of #accessory# off-street parking spaces resulting from the application of such requirements is 20 spaces or less, provided that the Board of Standards and Appeals may waive requirements for a greater number of spaces in accordance with the provisions of Section 78-46 (Waiver of Requirements for Conversions).

- * No #accessory# off-street parking is required for additional #dwelling units# created by #conversions# in C1 or C2 Districts mapped within R7-2, R8, R9, or R10 Districts. See Section 36-311 (Application of requirements to conversions

in C1 or C2 Districts)

(2/2/11)

36-364

For conversions in C4 Districts

C4-2 C4-3

In the districts indicated*, the requirements set forth in Section 36-312 (Application of requirements to conversions in C3, C4, C5 and C6 Districts) shall be waived, if the required number of #accessory# off-street parking spaces resulting from the application of such requirements is 20 spaces or less, provided that the Board of Standards and Appeals may waive requirements for a greater number of spaces in accordance with the provisions of Section 73-46 (Waiver of Requirements for Conversions).

- * No #accessory# off-street parking is required for additional #dwelling units# created by #conversions# in the districts not indicated in Section 36-312 (Application of requirements to conversions in C3, C4, C5 and C6 Districts).

(9/9/04)

36-37

Special Provisions for a Single Zoning Lot with Uses Subject to Different Parking Requirements

C1 C2 C3 C4 C5 C6

In the districts indicated, where any #building# or #zoning lot# contains two or more #uses# having different parking requirements as set forth in the following Sections, the parking requirements for each type of #use# shall apply to the extent of that #use#:

Section 36-21 (General Provisions)

Section 36-31 (General Provisions)

However, the number of spaces required for houses of worship or for #uses# in parking requirement category D (Places of Assembly) when in the same #building# or on the same #zoning lot# as any other #use# may be reduced by the Board of Standards and Appeals in accordance with the provisions of Section 73-43 (Reduction of Parking Spaces for House of Worship or Places of Assembly).

(4/14/10)

36-38

Waiver of Requirements for All Zoning Lots Where Access Would Be Forbidden

C1 C2 C3 C4 C5 C6

In the districts indicated, the requirements set forth in Section 36-31 (General Provisions) shall not apply to any #building# or #zoning lot# as to which the Commissioner of Buildings has certified that there is no way to arrange the required spaces with access to the #street# to conform to the provisions of Section 36-53 (Width of Curb Cuts and Location of Access to the Street). The Commissioner of Buildings may refer such matter to the Department of Transportation for report and may base his determination on such report.

(8/14/87)

36-39

Special Provisions for Zoning Lots Divided by District Boundaries

C1 C2 C3 C4 C5 C6

In the districts indicated, whenever a #zoning lot# is divided by a boundary between districts or is subject to other regulations having different requirements for #accessory# off-street parking spaces, the provisions set forth in Article VII, Chapter 7, shall apply.

(12/15/61)

36-40

RESTRICTIONS ON LOCATION AND USE OF ACCESSORY OFF-STREET PARKING SPACES

(9/9/04)

36-41

General Provisions

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, all permitted or required off-street parking spaces, open or enclosed, #accessory# to #residences# or to #commercial# or #community facility uses# shall be provided on the same #zoning lot# as the #building# or #use# to which such spaces are #accessory#, except as provided in the following Sections:

Section 36-42 (Off-Site Spaces for Residences)

Section 36-43 (Off-Site Spaces for Commercial or Community Facility Uses)

Section 36-44 (Joint and Shared Facilities)

Section 36-45 (Additional Regulations for Required Spaces When Provided Off Site)

Section 73-45 (Modification of Off-Site Parking Provisions)

Such exceptions to the requirement that the spaces be provided on the same #zoning lot# as the #building# or #use# to which they are #accessory# shall not apply in the case of spaces provided in a permitted #public parking garage# in accordance with the provisions of Section 36-57 (Accessory Off-Street Parking Spaces in Public Parking Garages).

(7/6/72)

36-42

Off-Site Spaces for Residences

C1 C2 C3 C4 C5 C6

In the districts indicated, all permitted or required off-street parking spaces #accessory# to #residences# may be provided on a #zoning lot# other than the same #zoning lot# as the #residences# to which such spaces are #accessory#, provided that in such instances all such spaces are:

- (a) located in a district other than a #Residence District#, or provided in a joint facility located in a district other than an R1 or R2 District on the same #zoning lot# as one of the #buildings# to which it is #accessory#, and conforming to the provisions of Section 36-44 (Joint Facilities); and

(b) not further than the maximum distance from the #zoning lot# specified in this Section.

(7/6/72)

36-421

Maximum distance from zoning lot

C1 C2 C3 C4 C5 C6

In the districts indicated, all such spaces shall not be further than the distance set forth in the following table from the nearest boundary of the #zoning lot# occupied by the #residences# to which they are #accessory#.

Maximum Distance from the #Zoning Lot#	District					
600 feet	C1-1	C1-2	C1-3	C2-1	C2-2	
	C2-3	C3	C4-1	C4-2	C4-3	
1,000 feet	C1-4	C1-5	C1-6	C1-7	C1-8	
	C1-9	C2-4	C2-5	C2-6	C2-7	
	C2-8	C4-4	C4-5	C4-6	C4-7	
					C5	C6

(12/15/61)

36-43

Off-Site Spaces for Commercial or Community Facility Uses

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, all permitted or required off-street parking spaces #accessory# to #commercial# or #community facility uses# may be provided on a #zoning lot# other than the same #zoning lot# as such #uses# but within the same district or an adjoining #Commercial District# or #Manufacturing District#. However, all required spaces shall not be further than 600 feet from the nearest boundary of the #zoning lot# on which such #uses# are located.

(9/9/04)

36-44

Joint and Shared Facilities

(9/9/04)

36-441

Joint facilities

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, required #accessory# off-street parking spaces may be provided in facilities designed to serve jointly two or more #buildings# or #zoning lots#, provided that:

- (a) the number of spaces in such joint facilities shall be not less than that required in the following Sections for the combined number of #dwelling units# or the combined #floor area#, #lot area#, rated capacity, or other such unit of measurement in such #buildings# or #zoning lots#:

Section 36-21 (General Provisions)

Section 36-22 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Parking Requirements)

Section 36-31 (General Provisions);

- (b) all such spaces are located in a district where they are permitted under the applicable provisions of Sections 36-42 (Off-Site Spaces for Residences), 36-43 (Off-Site Spaces for Commercial or Community Facility Uses) or 73-45 (Modification of Off-Site Parking Provisions); and
- (c) the design and layout of such joint facilities meet standards of adequacy set forth in regulations promulgated by the Commissioner of Buildings.

(9/9/04)

36-442

Shared parking facilities for houses of worship

In C1 or C2 Districts mapped within R1, R2, R3, R4 or R5 Districts and in C3, C4-1, C4-2 and C8-1 Districts, required

#accessory# off-street parking spaces may be provided for houses of worship in facilities designed to be shared with other permitted non-#residential uses#, in any district, provided that:

- (a) no more than 25 percent of the spaces in such facilities may be used to satisfy the parking requirement for both the house of worship and other permitted non-#residential uses#, except that such percentage may be increased by the Commissioner of Buildings if it can be demonstrated that such additional parking spaces would not be used by the house of worship and other permitted non-#residential uses# at the same times;
- (b) all such spaces are no further than 600 feet from the nearest boundary of the #zoning lot# containing the house of worship; and
- (c) all such spaces conform to all applicable regulations of the district in which they are located.

(9/9/04)

36-45

Additional Regulations for Required Spaces When Provided Off Site

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, when required #accessory# off-street parking spaces are provided off the site in accordance with the provisions of Sections 36-42 (Off-Site Spaces for Residences), 36-43 (Off-Site Spaces for Commercial or Community Facility Uses) or 36-44 (Joint and Shared Facilities), the following additional regulations shall apply:

- (a) such spaces shall be in the same ownership (single fee ownership or alternative ownership arrangements of the #zoning lot# definition in Section 12-10) as the #use# to which they are #accessory#, and shall be subject to deed restrictions filed in an office of record, binding the owner and his heirs and assigns to maintain the required number of spaces available throughout the life of such #use#; and
- (b) such spaces shall conform to all applicable regulations of the district in which they are located.

(9/29/10)

36-46

Restrictions on Use of Accessory Off-Street Parking Spaces

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, all permitted or required #accessory# off-street parking spaces, open or enclosed, shall be used primarily for the owners, occupants, employees, customers, residents or visitors of the #use# or #uses# to which such spaces are #accessory#, except as set forth in this Section.

- (a) Any off-street parking spaces #accessory# to #residences# which are not needed by the occupants of such #residences#, may be rented to persons who are not occupants of such #residences# for the accommodation of private passenger motor vehicles used by such persons or may be occupied by #car sharing vehicles#, only as set forth in the following paragraphs:

- (1) In C1 or C2 Districts mapped within #Residence Districts#

In C1 or C2 Districts mapped within R3, R4 or R5A Districts, the number of spaces occupied by #car sharing vehicles# shall not exceed 10 percent of all parking spaces in #group parking facilities# containing 20 or more spaces. In C1 or C2 Districts mapped within R5 Districts, except R5A Districts, and in R6, R7, R8, R9 or R10 Districts, the number of spaces occupied by #car sharing vehicles# shall not exceed five spaces or 20 percent of all parking spaces, whichever is greater.

- (2) In C1 or C2 Districts not mapped within #Residence Districts#, or in C3, C4, C5, C6 Districts

In the districts indicated, except C3 Districts, the number of spaces occupied by #car sharing vehicles# shall not exceed five spaces or 20 percent of all parking spaces, whichever is greater. In C3 Districts, the number of spaces occupied by #car sharing vehicles# shall not exceed 10 percent of all parking spaces in #group parking facilities# containing 20 or more spaces.

Such spaces provided pursuant to paragraph (a) of this Section shall be made available to the occupants of the #residences# to which they are #accessory# within 30 days after written request is made to the landlord.

- (b) #Car sharing vehicles# may occupy off-street parking spaces #accessory# to a non-#residential use# in #group parking facilities# containing 20 spaces or more; however, the number of spaces so occupied shall not exceed 10 percent of all parking spaces in such #group parking facilities#.

In addition, the rental of such spaces to non-residents shall be subject to the restrictions applying to the specified districts as set forth in Sections 36-461 and 36-462, except that such restrictions shall not apply to spaces occupied by #car sharing vehicles#.

(12/15/61)

36-461

Restrictions on rental of spaces accessory to residences in C1 or C5 Districts

C1 C5

In the districts indicated, off-street parking spaces #accessory# to #residences# shall not be rented for periods of less than one week or more than one month to persons who are not occupants of such #residences#, provided, however that rental for shorter periods may be permitted by the Board of Standards and Appeals in accordance with the provisions of Section 73-47 (Rental of Accessory Off-Street Parking Spaces to Non-Residents).

(12/15/61)

36-462

Restrictions on rental of spaces accessory to residences in C3 Districts

C3

In the district indicated, off-street parking spaces #accessory# to #residences# shall not be rented for periods of less than one week or more than one month to persons who are not occupants of such #residences#.

(2/2/11)

36-47

Restrictions on Automotive Repairs and Sale of Motor Fuel

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, automotive repairs or the sale of motor fuel, motor oil, or automotive accessories are not permitted in connection with the operation of #accessory# off-street parking spaces. However, where such parking spaces are provided in a #building or other structure#, unattached to the #building# containing #residences#, minor automotive repairs (not including body work) are permitted, and not more than three motor fuel pumps may be provided. However, no motor fuel shall be sold to persons who are not using the parking spaces. The provisions of this Section are not applicable to #accessory# off-street parking spaces provided in #public parking garages#.

(12/15/61)

36-50

ADDITIONAL REGULATIONS FOR PERMITTED OR REQUIRED ACCESSORY OFF-STREET PARKING SPACES

(9/29/10)

36-51

General Provisions

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, all permitted or required #accessory# off-street parking spaces shall conform to the provisions of Section 36-50, inclusive.

Special regulations applying to #large-scale community facility developments# or #large-scale residential developments# are set forth in Article VII, Chapter 8.

(9/29/10)

36-52

Size, Location and Identification of Spaces

C1 C2 C3 C4 C5 C6 C7 C8

In the districts indicated, all #accessory# off-street parking spaces shall comply with the size and location provisions of this Section.

(4/30/12)

36-521

Size of spaces

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, for all #accessory# off-street parking spaces, open or enclosed, each 300 square feet of unobstructed standing or maneuvering area shall be considered one parking space. However, an area of less than 300 square feet, but in no event less than 200 square feet, may be considered as one space, where the layout and design of the parking area are adequate to permit convenient access and maneuvering in accordance with regulations promulgated by the Commissioner of Buildings, or where the developer or applicant for a building permit or certificate of occupancy certifies that such spaces will be fully attended.

Driveways used to access required parking spaces must be unobstructed for a width of at least eight feet and a height of eight feet above grade and, if connecting to a #street#, such driveway may only be accessed by a curb cut.

In any case where a reduction of the required area per parking space is permitted on the basis of the developer's certification that such spaces will be fully attended, it shall be set forth in the certificate of occupancy that paid attendants employed by the owners or operators of such spaces shall be available to handle the parking and moving of automobiles at all times when such spaces are in use.

In no event shall the dimensions of any parking stall be less than 18 feet long and eight feet, six inches wide.

In the Borough of Staten Island and in #lower density growth management areas# in Community District 10 in the Borough of the Bronx, for #commercial# or #community facility uses#, each required parking space not within a #building# shall be within a parking stall accessed from a travel aisle, where each such stall and aisle complies with the maneuverability standards of paragraph (b) of Section 36-58 (Parking Lot Maneuverability and Curb Cut Regulations). The use of an attendant shall be permitted

only where necessary to accommodate additional, non-required parking spaces within the travel aisles. For such parking areas with 18 or more spaces, or greater than 6,000 square feet in area, the provisions of Section 37-90 (PARKING LOTS) shall also apply.

(10/11/12)

36-522

Location of parking spaces in certain districts

C1-6A C1-7A C1-8A C1-8X C1-9A C2-6A C2-7A C2-7X C2-8A C4-2A C4-3A
C4-4A C4-4D C4-4L C4-5A C4-5D C4-5X C4-6A C4-7A C5-1A C5-2A C6-2A
C6-3A C6-3D C6-4A C6-4X

In the districts indicated, and in C1 and C2 Districts mapped within R5D, R6A, R6B, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9D, R9X, R10A and R10X Districts, and for #Quality Housing buildings# in C1, C2, C4, C5 and C6 Districts without a letter suffix, all #accessory# off-street parking spaces shall comply with the provisions of this Section.

(a) #Buildings# other than #mixed buildings#

For any #block# front that is entirely within a #Commercial District#, #accessory# off-street parking spaces shall be located only within a #building# or in any open area on the #zoning lot# that is not between the #street line# and the #street wall# of the #building# or its prolongation. Where a #zoning lot# is bounded by more than one such #street line#, this provision shall apply along only one #street line#.

(b) #Mixed buildings#

For #mixed buildings#, all #accessory# off-street parking spaces shall be located only within a #building# or in any open area on the #zoning lot# that is not between the #street line# and the #street wall# of the #building# or its prolongation.

(9/29/10)

36-523

Identification of car sharing vehicles

C1 C2 C3 C4 C5 C6 C7 C8

Within an off-street parking facility that contains #car sharing vehicles#, an information plaque shall be placed within twenty feet of either the entrance to the parking facility or the attendant's station, at a location accessible to and visible to users of such facility. The plaque shall be fully opaque, non-reflective and constructed of permanent, highly durable materials and shall contain the following statements in lettering no less than one inch high:

- (a) "Total parking spaces in facility:" which shall specify the total number of parking spaces permitted within such parking facility;
- (b) "Maximum number of car sharing vehicles:" which shall specify the total number of #car sharing vehicles# permitted within such parking facility; and
- (c) where such parking facility contains #accessory residential# parking spaces, "Accessory residential parking spaces shall be made available to residents of this building within 30 days after a written request is made to the landlord".

(4/14/10)

36-53

Width of Curb Cuts and Location of Access to the Street

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, the entrances and exits of all permitted or required #accessory group parking facilities# and all permitted #public parking lots# or #public parking garages# with 10 or more spaces, shall be located not less than 50 feet from the intersection of any two #street lines#. However, access located within 50 feet of such intersection may be permitted if the Commissioner of Buildings or, in the case of #public parking lots# or #public parking garages# permitted in accordance with the provisions of Article VII, Chapter 4, the City Planning Commission, certifies that such a location is not hazardous to traffic safety and not likely to create traffic congestion. The Commissioner of Buildings or the City Planning Commission may refer such matter to the Department of Transportation for a report and may base its determination on such report.

The waiver provisions of Sections 36-24 or 36-38 (Waiver of Requirements for All Zoning Lots Where Access Would be Forbidden) shall apply when the Commissioner of Buildings has certified that

there is no way to arrange the spaces with access to the #street# to conform to the provisions of this Section.

(6/29/06)

36-531

Location of curb cuts in C1 or C2 Districts mapped within R5D Districts

In C1 or C2 Districts mapped within R5D Districts, a minimum distance of 34 feet of uninterrupted curb space shall be provided between all curb cuts constructed after June 29, 2006. Furthermore, no curb cuts shall be permitted on the #wide street# frontage of any #zoning lot# existing on June 29, 2006, with access to a #narrow street#.

(4/14/10)

36-532

Location and width of curb cuts accessing residential parking spaces in certain districts

The provisions of this Section shall apply to all curb cuts accessing off-street parking spaces #accessory# to #residences# in C1 and C2 Districts mapped within R1 through R8 Districts, and in all other #Commercial Districts# where, as set forth in the tables in Section 34-112 or 35-23, as applicable, the applicable #Residential District# is R3, R4, R5, R6, R7 or R8.

- (a) All such curb cuts shall comply with the provisions of Section 25-631 (Location and width of curb cuts in certain districts), as set forth for the applicable #building#, #building segment# and #Residence District#. All #buildings# containing #residences# in C1 and C2 Districts mapped within R1, R2, R3-1, R3A, R3X, R4-1, R4A and R5A Districts shall comply with the provisions set forth in Section 25-631 for an R3-2 District;
- (b) All such curb cuts shall be prohibited on the #wide street# frontage of any #zoning lot# existing on April 14, 2010, with access to a #narrow street#; and
- (c) Where a #Commercial District# with only #narrow street# frontage is mapped along the short end of a #block#, and a #zoning lot# existing on April 14, 2010, has access to both the short and long ends of such #block#, all such curb cuts

shall be prohibited along the #street line# of the short end of such #block#.

(2/2/11)

36-54

Restrictions on Use of Required Residential Open Space for Parking

C1-1 C1-2 C1-3 C1-4 C1-5 C1-6 C1-7 C1-8 C2-1 C2-2 C2-3 C2-4 C2-5
C2-6 C2-7 C3 C4-1 C4-2 C4-3 C4-4 C4-5 C6-1 C6-2 C6-3

In the districts indicated, except for C1 or C2 Districts when mapped within an R10 District, in accordance with the provisions of Section 34-11 or 35-21 (General Provisions), not more than 50 percent of the required #open space# on any #zoning lot# with a #building# containing #residences# may be used for driveways, private streets, open #accessory# off-street parking spaces or open #accessory# off-street loading berths.

(11/28/07)

36-55

Surfacing

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, all open #accessory# off-street parking spaces or permitted #public parking lots# shall be graded, constructed, surfaced and maintained so as to provide adequate drainage and to prevent the release of dust, in accordance with rules and regulations promulgated by the Commissioner of Buildings.

Any area intended to be used permanently for an open #accessory group parking facility# shall be surfaced with asphaltic or Portland cement concrete, or other hard-surfaced dustless material, at least four inches thick. However, permeable paving materials may be used in open parking areas where the Commissioner of Buildings determines that such materials are appropriate.

(11/28/07)

36-56

Screening

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, all open off-street parking areas with 10 spaces or more, which are located on #zoning lots# adjacent to the boundary of a #Residence District#, either at natural grade or on a roof:

- (a) shall be screened from all adjoining #zoning lots# in #Residence Districts#, including such #zoning lots# situated across a #street#, by either:
 - (1) a strip at least four feet wide, densely planted with shrubs or trees at least four feet high at the time of planting, and which are of a type which may be expected to form a year-round dense screen at least six feet high within three years; or
 - (2) a wall or barrier or uniformly painted fence of fire resistant material at least six feet high, but not more than eight feet above finished grade (or above the roof level, if on a roof). Such wall, barrier or fence may be opaque or perforated, provided that not more than 50 percent of the face is open;
- (b) shall be maintained in good condition at all times;
- (c) may be interrupted by normal entrances or exits; and
- (d) shall have no #signs# hung or attached thereto other than those permitted in Sections 32-62 (Permitted Signs) or 32-63 (Permitted Advertising Signs).

Paragraph (a), of this Section, shall not apply at the #street line# of #zoning lots# where the requirements of Section 37-921 (Perimeter landscaping) apply.

(6/23/66)

36-57

Accessory Off-Street Parking Spaces in Public Garages

C1 C2 C4 C5 C6 C7 C8

In the districts indicated, permitted or required #accessory# off-street parking spaces may be provided in a permitted #public

parking garage#, but only on the same #zoning lot# as the #building# or #use# to which such spaces are #accessory# and subject to all the other applicable regulations of this Chapter.

Such #accessory# off-street parking spaces shall be included with all other spaces in such #public parking garage# for the purpose of applying any regulations in this Resolution relating to the number of spaces in such #public parking garage#.

The computation of #floor area# for such #public parking garage# shall be in accordance with the definition of #floor area# as set forth in Section 12-10 (DEFINITIONS), except as otherwise specifically authorized in accordance with the provisions of Sections 73-67 (Additional Floor Space for Public Parking Garages), 74-511 (In C1 Districts), 74-512 (In other Districts), or 74-52 (Public Parking Garages or Public Parking Lots in High Density Central Areas).

(2/2/11)

36-58

Parking Lot Maneuverability and Curb Cut Regulations

C1 C2 C3 C4 C5 C6 C7 C8

(a) Applicability

In all districts, as indicated, the provisions of this Section shall apply to:

- (1) #developments# with #accessory# open parking areas in which 70 percent or more of the #floor area# on the #zoning lot# is occupied by a #commercial# or #community facility use#; and
- (2) #enlargements# of a #building# with #accessory# open parking areas or the #enlargement# of an open parking area, that result in an increase in:
 - (i) the total number of parking spaces #accessory# to #commercial# or #community facility uses# on the #zoning lot# that is at least 20 percent greater than the number of such spaces existing on November 28, 2007; or
 - (ii) the total amount of #floor area# on the #zoning lot# that is at least 20 percent greater than the amount of #floor area# existing on November 28,

2007, and where at least 70 percent of the #floor area# on the #zoning lot# is occupied by #commercial# or #community facility uses#; and

- (3) existing #buildings# with new #accessory# open parking areas in which 70 percent or more of the #floor area# on the #zoning lot# is occupied by a #commercial# or #community facility use#.

The provisions of this Section shall not apply to surface parking located on the roof of a #building#, indoor parking garages, #public parking garages#, structured parking facilities, or #developments# or #enlargements# in which at least 70 percent of the #floor area# or #lot area# on a #zoning lot# is used for automotive #uses# listed in Use Groups 9 or 16.

In addition, all #public parking lots# shall comply with the curb cut requirements of paragraph (c) of this Section.

For the purposes of this Section, an "open parking area" shall mean that portion of a #zoning lot# used for the parking or maneuvering of vehicles, including service vehicles, which is not covered by a #building#. Open parking areas shall also include all required landscaped areas within and adjacent to the open parking area.

For all such new or #enlarged# open parking areas, a site plan shall be submitted to the Department of Buildings showing the location of all parking spaces, curb cuts and compliance with the maneuverability standards set forth in this Section.

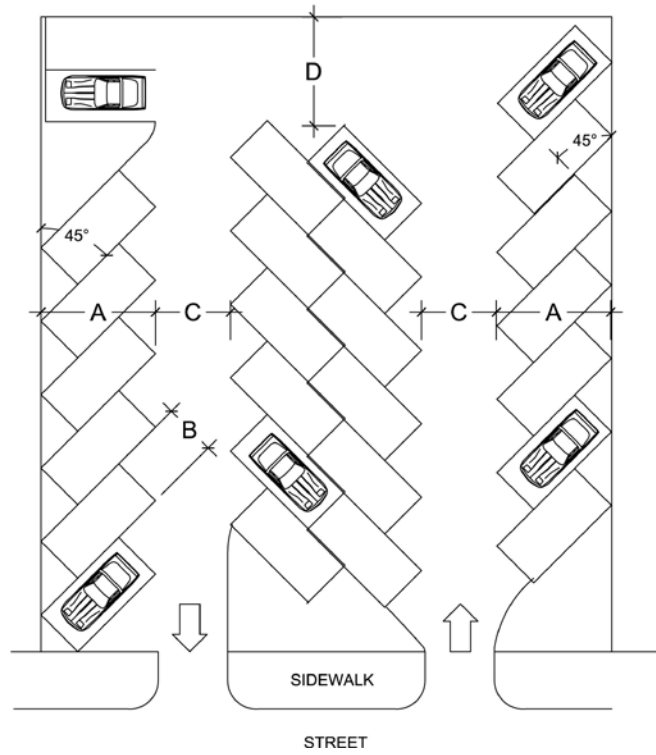

(b) Parking Lot Maneuverability

All open parking areas shall comply with the maneuverability standards set forth in the following table.

	A	B	C	D
			Minimum	
Angle of	Minimum	Minimum	Travel	Minimum
Park	length	Width	Lane	Turnaround
0*	8'-6"	20'-0"	13'-2"	NA
0**	8'-6"	20'-0"	23'-3"	NA
45	17'-1"	8'-6"	12'-10"	18'-0"
50	17'-8"	8'-6"	13'-2"	17'-6"
55	18'-1"	8'-6"	13'-7"	17'-3"

45 Degree Parking Layout
(36-58b.1)

90 Degree Parking Layout
(36-58b.2)

Parallel Parking/Dead-End Parking
(36-58b.3)

(c) Curb Cuts

Curb cuts serving one travel lane shall have a maximum width of 12 feet, excluding splays, and curb cuts serving two travel lanes shall have a maximum width of 24 feet, excluding splays. For parking lots with more than 100 parking spaces, curb cuts of up to 30 feet, excluding splays, shall be permitted.

However, where Fire Department regulations set forth in the Administrative Code of the City of New York require curb cuts of greater width, such curb cuts may be increased to the minimum width acceptable to the Fire Department.

For #zoning lots# with 100 feet or less of #street# frontage, only two curb cuts shall be permitted. For every additional 50 feet of #street# frontage, one additional curb cut shall be permitted.

A minimum distance of 18 feet from any other curb cut on the same or adjacent #zoning lots# shall be maintained, except where the Commissioner of Buildings determines that, due to the location of curb cuts constructed, prior to November 28, 2007, on adjacent #zoning lots#, there is no way to locate the curb cut 18 feet from such adjacent existing curb cuts.

(1/18/11)

36-581

Special parking regulations for certain community facility uses in the Borough of Staten Island and Community District 10 in the Borough of the Bronx

C1 C2 C4

(a) In C1, C2 and C4 Districts in the Borough of Staten Island or in Community District 10 in the Borough of the Bronx, all #zoning lots# containing #buildings# with the following #uses# shall be subject to the provisions of paragraph (b) of this Section:

- (1) ambulatory diagnostic or treatment health care facilities, as listed in Section 22-14 (Use Group 4), except where such #zoning lot# contains #buildings# used for hospitals or nursing homes as defined in the New York State Hospital Code; or
- (2) child care services as listed under the definition of #school# in Section 12-10 (DEFINITIONS), except where such #zoning lot# contains #buildings# used for houses

of worship or, for #zoning lots# that do not contain #buildings# used for houses of worship, where the amount of #floor area# used for child care services is equal to 25 percent or less of the amount of # floor area# permitted for #community facility use# on the #zoning lot#.

(b) All #zoning lots# that meet the conditions of paragraph (a) of this Section shall comply with the following provisions:

(1) Notwithstanding the applicability provisions of paragraph (a) of Section 36-58 (Parking Lot Maneuverability and Curb Cut Regulations), the maneuverability provisions of paragraph (b) and the curb cut provisions of paragraph (c) of such Section shall apply to all #group parking facilities#, open or enclosed. No tandem parking or attended parking shall be permitted.

(2) In addition to the screening requirements for open parking areas in Section 36-56, any parking area covered by a roof shall be screened from adjoining #zoning lots# in #Residence Districts# and from adjacent #streets# in accordance with the following provisions:

(i) Screening shall consist of a wall or barrier or uniformly painted fence of fire resistant material at least six feet high above finished grade and may be interrupted by normal entrances or exits;

(ii) Such wall, barrier or fence may be opaque or perforated, provided that not more than 50 percent of the surface is open. No chain link fencing shall be permitted. Such screening shall be maintained in good condition at all times;

(iii) Where the exterior wall of a parking facility facing a #street# has an opaque area with a width greater than 40 feet and a height greater than six feet, such area shall be treated with a decorative element or material or shall be screened with planting so as to provide visual relief. Such screening or decorative treatment shall be applied to a minimum height of 15 feet above adjoining grade or the height of the wall, whichever is less;

(iv) For parking areas covered by a roof, where at least half of the surface area of such roof serves

as children's play space for #buildings# containing child care services as listed under the definition of #school# in Section 12-10 (DEFINITIONS), such covered parking area shall not be considered an "open parking area" for the purposes of Section 37-90 (PARKING LOTS), inclusive, and shall therefore not require perimeter or interior landscaping pursuant to such Section. In lieu thereof, such covered parking area shall be screened in accordance with paragraph (b)(2) of this Section.

(6/10/09)

36-59

Cross Access Connections in the Borough of Staten Island

C4-1 C8

In the Borough of Staten Island, in the districts indicated, existing or new open parking lots adjacent to one another on the same or separate #zoning lots# shall be required to provide vehicular passageways between such open parking lots. Such vehicular passageways are hereinafter referred to as "cross access connections" and shall be provided in accordance with the requirements of this Section, inclusive.

(6/10/09)

36-591

Applicability

Cross access connections shall be required for:

- (a) #developments# where at least 70 percent or more of the #floor area# on the #zoning lot# is occupied by a #commercial# or #community facility use# with an open parking lot that has 36 or more #accessory# parking spaces or is greater than 12,000 square feet in area;
- (b) #enlargements# on a #zoning lot# with an open parking lot that has 36 or more #accessory# parking spaces or is greater than 12,000 square feet in area; or
- (c) #zoning lots# where the number of parking spaces #accessory# to #commercial# or #community facility uses# is increased

and such increase results in at least 36 parking spaces or more than 12,000 square feet of open parking lot area.

Such #developments#, #enlargements# or #zoning lots# shall locate cross access connections in accordance with the requirements of Sections 36-593 and 36-594.

(6/10/09)

36-592

Certification of cross access connections

No excavation, foundation or building permit shall be issued for any #development# or #enlargement# requiring a cross access connection, and no certificate of occupancy shall be amended for any increase in the number of parking spaces requiring a cross access connection until the Chairperson of the City Planning Commission certifies to the Department of Buildings that the requirements of Section 36-59, inclusive, have been met.

(6/10/09)

36-593

Site planning criteria for cross access connections

Every potential cross access connection meeting the criteria of this Section shall be shown on the site plan required pursuant to Section 36-58 (Parking Lot Maneuverability and Curb Cut Regulations).

- (a) The connection shall be a minimum of 22 feet in width as measured along a #lot line# or boundary between separate properties when located on the same #zoning lot#, and at least 23 feet from any #street line#.
- (b) The connection shall be an extension of a travel lane of the subject open parking lot and align to the maximum extent practicable with a travel lane on any adjacent open parking lot.
- (c) The connection shall have a grade not greater than 15 percent.
- (d) The connection shall be placed in an area that is not blocked by an existing #building or other structure# that is within 50 feet of the #lot line# or other boundary of the

subject property.

- (e) The connection shall be placed in an area that will not require the removal of significant natural features such as wetlands or trees with a caliper of six inches or more, on the same or adjacent #zoning lots#.

No screening or landscaping along a #lot line# shall be required in the connection area.

(6/10/09)

36-594

Establishment of location of required cross access connection

One cross access connection shall be provided on the subject property at each #zoning lot line# or other boundary on the same #zoning lot#, where the properties divided by such #lot line# or boundary are contiguous by at least 60 feet, and where the adjacent properties are located in C4-1, C8 or Manufacturing Districts. The location of the required cross access connection shall be established as follows:

- (a) where an easement has not been previously recorded against any adjacent property in accordance with Section 36-595, an easement shall be recorded against the subject property documenting the locations of all potential cross access connections identified pursuant to Section 36-593. The easement shall provide for at least one future cross access connection to each adjacent property, at any of the locations identified; or
- (b) where an easement has been previously recorded against an adjacent property in accordance with Section 36-595, an easement providing for at least one cross access connection meeting the criteria set forth in Section 36-593 shall be recorded against the subject property. Such cross access connection shall also align with one of the locations identified in the previously recorded easement against an adjacent property. If the previously recorded easement has identified more than one location for a cross access connection along such #lot line# or other boundary, the owner of the subject property shall select one of these locations for the cross access connection.

Each property owner shall construct their portion of the cross access connection in accordance with the requirements of Sections 36-593 and 36-595.

If such cross access connection has been established in a location that contained parking spaces upon the effective date of the easement, as set forth in Section 36-595, such connection shall be counted as four required parking spaces and shall be separated from any adjacent parking spaces by a planting island at least four feet wide and densely planted with shrubs maintained at a maximum height of three feet. Such planting islands shall not be subject to the landscaping provisions of Section 37-922 (Interior landscaping).

(6/10/09)

36-595

Recordation and notice requirements

An easement through all required cross access connections for vehicular passage between and among adjacent parking lots, in a form acceptable to the Department of City Planning, shall be recorded in the Office of the Richmond County Clerk. An easement so recorded shall not become effective unless and until a corresponding easement has been recorded against an adjacent property, whether on the same or adjacent #zoning lot#, pursuant to this Section. Nothing herein shall be construed to limit the ability of a property owner or lessee to prohibit parking by non-customers.

If an easement pursuant to this Section has previously been recorded against any adjacent property, the owner of the subject property shall notify the owner of the adjacent property of the easement location selected by sending such owner a copy of the recorded easement. Proof of notification shall be a condition of certification under this Section. Prior to issuance of a temporary certificate of occupancy or permit sign-off, as applicable, the subject property owner shall further notify the adjacent property owner that the cross access connection must be constructed on the adjacent property within six months of the date of such notice. No temporary certificate of occupancy for any #development#, #enlargement# or increase in the number of parking spaces on the subject property, or permit sign-off, if applicable, shall be issued until the applicant has demonstrated to the Department of Buildings that such owner of the adjacent property has been duly notified. Failure to provide the cross access connection in accordance with the requirements of this Section and to allow for vehicular passage between and among the adjacent parking lots within six months of the date of the notice shall constitute a violation of this Zoning Resolution by the adjacent property owner. Failure to provide the cross access

connection in accordance with the requirements of this Section and to allow for vehicular passage between and among the adjacent parking lots at the time of the aforementioned temporary certificate of occupancy or permit sign-off, if applicable, shall constitute a violation of this Zoning Resolution by the owner of the subject property.

(6/10/09)

36-596

Certification that no connection is required, relocation of previously certified connections and voluntary connections

(a) Certification that no connection is required

The Chairperson shall certify to the Department of Buildings that no cross access connection is required along a #lot line#, or other boundary between separate parking lots when located on the same #zoning lot#, due to the presence of the following conditions, and provided that no alternate location along such #lot line# or other boundary between properties exists:

- (1) grade changes greater than 15 percent;
- (2) existing #buildings or other structures# to remain that are located within 50 feet of the subject #zoning lot# or property; or
- (3) wetlands or trees with a caliper of six inches or more.

(b) Relocation of previously certified connection

The Chairperson may relocate a previously-certified cross access connection where such new location is acceptable to the owners of both properties and such connection complies with all requirements of this Section.

(c) Certification for voluntary connection

The Chairperson may certify a non-required cross access connection provided such connection complies with all requirements of Section 36-59, inclusive.

(6/10/09)

36-597

Authorizations for waivers or modifications of cross access connections

The City Planning Commission may authorize modifications or waivers of the requirements of Section 36-59, inclusive, provided the Commission finds that:

- (a) due to the irregular shape of the #zoning lot# or the location of connections along other #lot lines# or boundaries between properties on the same #zoning lot#, it is not possible to design a complying parking lot with a complying cross access connection; or
- (b) site planning constraints necessitate the placement of a new or #enlarged building# against a #lot line# or other boundary between properties that precludes a cross access connection along such #lot line# or boundary, and no other site plan is feasible.

The Commission may request reports from licensed engineers or landscape architects in considering such modifications or waivers.

OFF-STREET LOADING REGULATIONS

(12/15/61)

36-60

GENERAL PURPOSES

The following regulations on permitted and required accessory off-street loading berths are adopted in order to provide needed space off public streets for loading and unloading activities, to restrict the use of the streets for such activities, to help relieve traffic congestion in commercial areas within the City, and thus to promote and protect public health, safety and general welfare.

(2/9/94)

36-61

Permitted Accessory Off-Street Loading Berths

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, #accessory# off-street loading berths, open or enclosed, may be provided for all permitted #uses#, under rules and regulations promulgated by the Commissioner of Buildings, and subject to the provisions of Sections 36-682 (Location of access to the street), 36-683 (Restrictions on location of berths near Residence Districts), 36-684 (Surfacing) and 36-685 (Screening).

(2/2/11)

36-62

Required Accessory Off-Street Loading Berths

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, #accessory# off-street loading berths, open or enclosed, shall be provided in conformity with the requirements set forth in the table in this Section and under rules and regulations promulgated by the Commissioner of Buildings, for all #developments# or #enlargements# after December 15, 1961, for the #uses# listed in the table, except as otherwise provided in Section 36-63 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Loading Requirements) or 36-64 (Wholesale, Manufacturing or Storage Uses Combined with Other Uses), as a condition precedent to the #use# of such #development# or #enlargement#.

After December 15, 1961, if the #use# of any #building or other structure# or #zoning lot# is changed or #enlarged#, the requirements set forth in the table shall apply to the #floor area# of the changed or #enlarged# portion of such #building# or of the #lot area# used for such #use#.

For the purposes of this Section, a tract of land on which a group of such #uses# is #developed# under single ownership or control shall be considered a single #zoning lot#.

Whenever any #use# specified in the table is located on an open lot, the requirements set forth in the table for #floor area# shall apply to the #lot area# used for such #use#.

REQUIRED OFF-STREET LOADING BERTHS FOR DEVELOPMENTS, ENLARGEMENTS OR CHANGES OF USE

36-63

Special Provisions for a Single Zoning Lot with Uses Subject to Different Loading Requirements

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, if any #building# or #zoning lot# contains two or more #uses# having different requirements for loading berths as set forth in Section 36-62 (Required Accessory Off-Street Loading Berths), and if:

- (a) the #floor area# of each separate #use# is less than the minimum #floor area# for which berths are required; and
- (b) the total #floor area# of all the #uses# for which berths are required is greater than the smallest amount of #floor area# for which berths are required for any of the #uses# individually;

off-street loading berths shall be provided as if the total #floor area# of the #uses# for which berths are required were used for that #use# for which the most berths are required.

(2/2/11)

36-64

Wholesale, Manufacturing, or Storage Uses Combined with Other Uses

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, except as provided in Section 36-63 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Loading Requirements), if any #building# or #zoning lot# is used partly for wholesale, #manufacturing# or storage #uses# or any combination of such #uses#, and partly for any other #uses# set forth in the table in Section 36-62 (Required Accessory Off-Street Loading Berths), at least 50 percent of the #floor area# in the #building# shall be subject to the requirements set forth for wholesale, #manufacturing# or storage #uses#, and the remainder shall be subject to the other applicable requirements.

(12/15/61)

36-65

Waiver of Requirements for All Zoning Lots Where Access Would Be Forbidden

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, the requirements set forth in the following Sections shall not apply to any #building# or #zoning lot# as to which the Commissioner of Buildings has certified that there is no way to arrange the required berths with access to the #street# to conform to the provisions of Section 36-682 (Location of access to the street):

Section 36-62 (Required Accessory Off-Street Loading Berths)

Section 36-63 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Uses Combined with Other Uses)

Section 36-64 (Wholesale, Manufacturing, or Storage Uses Combined with Other Uses).

The Commissioner of Buildings may refer such matter to the Department of Transportation for report and may base a determination on such report.

(12/15/61)

36-66

Special Provisions for Zoning Lots Divided by District Boundaries

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts having different requirements for #accessory# off-street loading berths, the provisions set forth in Article VII, Chapter 7, shall apply.

(12/15/61)

36-67

Joint Loading Berths Serving Two or More Buildings

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, required loading berths may be provided in facilities designed to serve jointly two or more adjoining #buildings# or #zoning lots# within a single #block#, provided that:

- (a) the number of berths in such joint facilities shall be not less than that required for the total combined #floor area# of such #buildings# or #zoning lots# as set forth in Sections 36-62 (Required Accessory Off-Street Loading Berths), 36-63 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Loading Requirements) or 36-64 (Wholesale, Manufacturing, or Storage Uses Combined with Other Uses);
- (b) direct access is provided from such joint facilities to all such #buildings# or #zoning lots#; and
- (c) the design and layout of such joint facilities meet standards of adequacy set forth in regulations promulgated by the Commissioner of Buildings.

(12/15/61)

36-68

Additional Regulations for Permitted or Required Berths

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, all permitted or required #accessory# off-street loading berths shall conform to the provisions set forth in this Section.

(12/15/61)

36-681

Size of required berths

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, all required #accessory# off-street loading berths, open or enclosed, shall conform to the regulations on minimum dimensions set forth in the following table. The dimensions of off-street berths shall not include

driveways or entrances to or exits from such off-street berths.

MINIMUM DIMENSIONS FOR
REQUIRED ACCESSORY OFF-STREET LOADING BERTHS
(in feet)

	Length	Width	Vertical Clearance
#Commercial uses#*	33	12	14
Funeral establishments	25	10	8
Hospitals and related facilities or prisons	33	12	12
Hotels, offices or court houses	33	12	12
Wholesale, with less than manufacturing 10,000 sq. ft. of or storage #floor area#	33	12	14
#uses#: with 10,000 sq. ft. of #floor area# or more	50	12	14

* As set forth in the table in Section 36-62 (Required Accessory Off-Street Loading Berths)

(12/15/61)

36-682

Location of access to the street

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, no permitted or required #accessory# off-street loading berth, and no entrance or exit thereto, shall be located less than 50 feet from the intersection of any two #street lines#. However, a location closer to such intersection may be permitted if the Commissioner of Buildings certifies that such a location is not hazardous to traffic safety and not likely to create traffic congestion. The Commissioner of Buildings may refer such matter to the Department of Transportation for a report and may base a determination on such report.

The waiver provisions of Section 36-65 (Waiver of Requirements for All Zoning Lots Where Access Would Be Forbidden) shall apply

when the Commissioner of Buildings has certified that there is no way to arrange the berths with access to the #street# to conform to the provisions of this Section.

(12/15/61)

36-683

Restrictions on location of berths near Residence Districts

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, where #accessory# off-street loading berths are located within 60 feet of a #Residence District# boundary, such berths shall be enclosed within a #building#, and no entrance to or exit from the berths onto the #street# shall be less than 30 feet from the district boundary.

(12/15/61)

36-684

Surfacing

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, all permitted or required open off-street loading berths shall be surfaced with asphaltic or Portland cement concrete, or other hard-surfaced dustless material, at least six inches thick.

(4/8/98)

36-685

Screening

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, all permitted or required open off-street loading berths that are located on #zoning lots# adjacent to the boundary of a #Residence District#:

- (a) shall be screened from all adjoining #zoning lots# in #Residence Districts#, including #zoning lots# situated across a #street#, by either:
 - (1) a strip at least four feet wide, densely planted with shrubs or trees that are at least four feet high at the

time of planting and that are of a type which may be expected to form a year-round dense screen at least six feet high within three years; or

- (2) a wall or barrier or uniformly painted fence of fire-resistant material, at least six feet but not more than eight feet above finished grade. Such wall, barrier, or fence may be opaque or perforated provided that not more than 50 percent of the face is open;
- (b) shall be maintained in good condition at all times;
- (c) may be interrupted by normal entrances and exits; and
- (d) shall have no #signs# hung or attached thereto other than those permitted in Sections 32-62 (Permitted Signs) or 32-63 (Permitted Advertising Signs).

(2/2/11)

36-70

BICYCLE PARKING

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, the provisions of this Section, inclusive, relating to bicycle parking spaces shall apply to:

- (a) #developments#;
- (b) #enlargements# that increase the #floor area# within a #building# by 50 percent or more;
- (c) #dwelling units# created by #conversions# of non-#residential floor area#;
- (d) new #dwelling units# in #buildings# or #building segments# constructed after April 22, 2009;
- (e) new enclosed #accessory group parking facilities# with 35 or more automobile parking spaces; and
- (f) open parking areas #accessory# to #commercial# or #community facility uses# that contain 18 or more automobile parking spaces or are greater than 6,000 sq. ft. in area.

In addition, the provisions of Section 36-75 (Floor Area Exemption) shall apply to all #buildings# as set forth therein.

Bicycle parking spaces shall be provided in accordance with the requirements set forth in this Section, inclusive, as a condition precedent to the #use# of such #development#, #enlargement#, #conversion#, #group parking facility# or open parking area.

The number of #accessory# bicycle parking spaces provided pursuant to this Section, the total area, in square feet, of bicycle parking spaces and the total area, in square feet, excluded from the calculation of #floor area# for such spaces shall be noted on the certificate of occupancy.

(4/22/09)

36-71

Required Bicycle Parking Spaces

(2/2/11)

36-711

Enclosed bicycle parking spaces

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, enclosed #accessory# bicycle parking spaces shall be provided for at least that amount specified for the applicable #use# set forth in the table in this Section.

For the purposes of calculating the number of required bicycle parking spaces, any fraction of a space 50 percent or greater shall be counted as an additional space. For #residences#, the #accessory# bicycle parking requirement shall be calculated separately for separate #buildings# or #building segments#.

Where any #building# or #zoning lot# contains two or more #uses# having different bicycle parking requirements as set forth in the table, the bicycle parking requirements for each type of #use# shall apply to the extent of that #use#.

Where an enclosed #accessory group parking facility# is provided, the required number of bicycle parking spaces for the #use# to which such facility is #accessory# shall be the amount set forth for such #use# in the table, or one for every 10 automobile parking spaces that are enclosed within a #building or other structure# or located on the roof of a #building#, whichever will

require a greater number of bicycle parking spaces.

REQUIRED BICYCLE PARKING SPACES
FOR RESIDENTIAL, COMMUNITY FACILITY
OR COMMERCIAL USES

Type of #Use#	Bicycle Parking Spaces Required in Relation to Specified Unit of Measurement
FOR RESIDENTIAL USES	

Use Group 1	None required
Use Group 2	1 per 2 #dwelling units#
#Non-profit residences for the elderly# or #dwelling units# for the elderly as specified in Section 36-35(d)	1 per 10,000 square feet of #floor area#
FOR COMMUNITY FACILITY USES ¹	

College or #school# student dormitories or fraternity and sorority student houses	1 per 2,000 square feet of #floor area#
Colleges, universities or seminaries ²	
(a) Classrooms, laboratories, student centers or offices	1 per 5,000 square feet of #floor area#
(b) Theaters, auditoriums, gymnasiums or stadiums	1 per 20,000 square feet of #floor area#
Libraries, museums or non-commercial art galleries	1 per 20,000 square feet of #floor area#
Monasteries, convents or novitiates; houses of worship, rectories or parish houses; Use Group 4B	None required
All other Use Group 3 and Use Group 4 #uses# not otherwise listed in this table	1 per 10,000 square feet of #floor area#
FOR COMMERCIAL USES	
Use Group 6B	1 per 7,500

square feet of #floor area#

General retail or service #uses#. 1 per 10,000
Use Groups 5A, 6A, 6C, 6E, 7A, 7B, 7D, square feet
8B, 9A, 10A, 12B, 13B, 14A (except docks of #floor area#
for vessels, other than #gambling vessels#)
or 14B; eating and drinking establishments in
all Use Groups; automobile rental
establishments

Use Groups 8A, 12A (except eating 1 per 20,000
and drinking establishments); theaters square feet
of #floor area#

#Public parking garages# 1 per 10
automobile parking spaces

Use Groups not specified above None required
and all other #commercial uses#
not otherwise listed

1 #Non-profit hospital staff dwellings# shall be subject to
the requirements for Use Group 2 #residential uses#

2 Up to half of required spaces may be provided as unenclosed
bicycle parking spaces, pursuant to the requirements of
Section 36-73

However, the bicycle parking requirements set forth in the table
shall be waived for bicycle parking spaces that are accessory to:

- (a) #buildings# containing 10 #dwelling units# or less;
- (b) colleges, universities or seminaries where the number of
required enclosed bicycle parking spaces is six or less;
- (c) college or #school# student dormitories or fraternity and
sorority student houses where the number of required bicycle
parking spaces is five or less; or
- (d) all other #community facility# or #commercial uses# not
otherwise listed in the table where the number of required
bicycle parking spaces is three or less.

(4/22/09)

Unenclosed bicycle parking spaces

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, for open parking areas #accessory# to #commercial# or #community facility uses# that contain 18 or more spaces or are greater than 6,000 square feet in area, which meet the applicability standards of Section 37-91, unenclosed bicycle parking spaces shall be provided as follows:

- (a) One bicycle parking space shall be provided for every ten automobile parking spaces, up to 200 automobile parking spaces. Thereafter, one bicycle parking space shall be provided for every 100 automobile parking spaces. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one bicycle space.
- (b) Each bicycle rack shall allow for the bicycle frame and at least one wheel to be locked to the rack. If bicycles can be locked to each side of the rack without conflict, each side may be counted toward a required space. Thirty inches of maneuverable space shall be provided between parallel bicycle racks and an eight foot wide aisle shall be provided between bicycle rack areas.
- (c) Bicycle racks shall be provided within 50 feet of a main entrance of a #building# and a minimum of 24 inches from any wall. However, if more than 40 bicycle parking spaces are required, 50 percent of such spaces may be provided at a distance of up to 100 feet from the main entrance of a #building#. Department of Transportation bicycle racks provided on a fronting sidewalk may be counted toward this requirement, provided such racks meet the standards of this paragraph, ©.

(4/22/09)

36-72

Authorization for Reduction of Spaces

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, the City Planning Commission may authorize a reduction in the number of required bicycle parking spaces set forth in Section 36-711 (Enclosed bicycle parking spaces) or a waiver of all such spaces, upon finding there are subsurface conditions, below-ground infrastructure or other site planning constraints that would make accommodating such bicycle

parking spaces on or below the first #story# of the #building# infeasible. The Commission may request reports from licensed engineers or registered architects in considering such reduction.

(4/22/09)

36-73

Restrictions on Operation, Size and Location of Bicycle Parking Spaces

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, all #accessory# bicycle parking spaces shall be provided on the same #zoning lot# as the #building# or #use# to which such spaces are #accessory#, except as provided in Section 36-74 (Certification for Off-Site Bicycle Parking Spaces).

All enclosed #accessory# bicycle parking spaces shall be surrounded on all sides by a solid enclosure, except where a parking garage is open at the sides, and covered by a roof for weather protection. Each bicycle space shall adjoin a rack or similar system for securing the bicycle. Bicycle parking spaces shall be located in an area secured by a lock or similar means, or adjoin a securely-anchored rack to which the bicycle frame and at least one wheel can be locked. Fifteen square feet of area shall be provided for each bicycle space. However, the area for each bicycle space may be reduced by up to nine square feet per bicycle if the Commissioner of Buildings certifies that a layout has been submitted to adequately accommodate the specified number of bicycles.

A plaque shall be placed at the exterior of the entry to the bicycle parking area, outside any locked door, with lettering at least three-quarter inches in height stating "Bicycle Parking."

All required bicycle parking spaces that are #accessory# to #residences# shall be made available for the storage and independent access of the bicycles used by the occupants of such #residences#.

All required bicycle parking spaces that are #accessory# to a #commercial# or #community facility use# shall be made available for the storage and independent access of bicycles used by the employees of such #use#, except that bicycle parking spaces #accessory# to colleges or universities must be accessible to all authorized users of such #building#, and that bicycle parking spaces #accessory# to #community facilities# with sleeping

accommodations may be accessible to the occupants of such facility.

Bicycle spaces may be located in a room secured by a lock, or similar means, provided that access is through a commonly-accessible area and access is made available to eligible users on an equal basis.

- (a) For colleges, universities or seminaries, one-half of required #accessory# bicycle parking spaces may be provided as open unenclosed spaces, provided that such spaces meet the standards of Section 36-712 (Unenclosed bicycle parking spaces), paragraph (b).
- (b) For #public parking garages#, the required information plaque shall be provided at each point of bicycle entry to the #public parking garage#, mounted with its center between four and six feet above the ground, directly visible and unobstructed from the #street#. The entry plaque shall contain a bicycle symbol which is 12 inches square in dimension with a highly contrasting background, as shown in this paragraph, (b). The symbol shall match exactly the symbol provided in the [Required Signage Symbols](#) file at the Department of City Planning website.

(36-73)

(4/22/09)

36-74

Certification for Off-Site Bicycle Parking Spaces

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, for colleges, universities,

seminaries, hospitals and related facilities, except animal hospitals, #accessory# bicycle parking spaces required pursuant to Section 36-711 (Enclosed bicycle parking spaces) may be provided on a #zoning lot# other than the same #zoning lot# as the #use# to which such spaces are #accessory#, provided that the Chairperson of the City Planning Commission certifies to the Department of Buildings that all such bicycle parking spaces are:

- (a) located on a #zoning lot# not further than 1,000 feet from the nearest boundary of the #zoning lot# occupied by the #use# to which they are #accessory#, or within a subsurface parking and other service facility that serves multiple #zoning lots#, including the #zoning lot# occupied by the #use# to which they are #accessory#; and
- (b) subject to deed restrictions filed in an office of record, binding the owner and his heirs and assigns to maintain the required number of spaces as accessible throughout the life of the #use# generating the #accessory# bicycle parking spaces.

A plaque shall be placed within 30 feet of an entrance of the #building#, with lettering at least three-quarter inches in height stating "Bicycle Parking" followed by information directing users to the address of the off-site location.

The number of off-site #accessory# bicycle parking spaces provided pursuant to this Section and the area of such bicycle parking spaces, in square feet, shall be noted on the certificate of occupancy for both the #building# in which the off-site bicycle parking spaces are located, and the #building# containing the #use# to which such bicycle parking spaces are #accessory#.

(2/2/11)

36-75

Floor Area Exemption

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, space provided for enclosed #accessory# bicycle parking spaces pursuant to the standards of this Section shall be excluded from the calculation of #floor area#, provided that:

- (a) the space excluded from #floor area# does not exceed an amount equal to 15 square feet multiplied by the number of required spaces or, if spaces are waived pursuant to paragraphs (a), (b), (c) or (d) of Section 36-711 (Enclosed

bicycle parking spaces), the number that would have been required but for the waiver or, if spaces are not required because the #building# was constructed prior to April 22, 2009, the number that would be required if such #building# were newly-constructed; and

- (b) the #accessory# bicycle parking spaces provided meet the standards for required bicycle parking of Section 36-73 (Restrictions on Operation, Size and Location of Bicycle Parking Spaces).

Notwithstanding the provisions of paragraph (a) of this Section, for the #uses# listed in the table, the amount of space that may be excluded from the calculation of #floor area# shall not exceed an amount equal to 15 square feet multiplied by the number of spaces set forth in the table.

MAXIMUM BICYCLE PARKING SPACES
EXCLUDED FROM FLOOR AREA

Type of #Use#	Maximum Bicycle Parking Spaces Excluded from #Floor Area# in Relation to Specified Unit of Measurement

FOR RESIDENTIAL USES	
#Non-profit residences for the elderly# or #dwelling units# for the elderly as specified in Section 36-35 (d)	1 per 2,000 square feet of #floor area#
FOR COMMUNITY FACILITY USES	
Philanthropic or non-profit institutions with sleeping accommodations	1 per 2,000 square feet of #floor area#
Proprietary, non-profit or voluntary hospitals and related facilities, except animal hospitals	1 per 5,000 square feet of #floor area#

However, in no event shall this Section apply to #single-# or #two-family residences#; and in no event shall this Section apply to #accessory# bicycle parking spaces provided off-site, pursuant

to Section 36-74 (Certification for Off-Site Bicycle Parking Spaces).

Space provided for #accessory# bicycle parking spaces within an #accessory group parking facility# shall not be counted as #floor area# provided that such portion of the #accessory group parking facility# does not count as #floor area#.

(4/22/09)

36-76

Waiver or Reduction of Spaces for Subsidized Housing

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, except in the #Special Willets Point District# and the #Special St. George District#, the number of required bicycle parking spaces set forth in Section 36-711 (Enclosed bicycle parking spaces) may be reduced or waived by the Commissioner of Buildings, provided that the Commissioner of the Department of Housing Preservation and Development has submitted a letter certifying that:

- (a) at least 50 percent of the #dwelling units# in the #building# or #building segment# will be income-restricted pursuant to the provisions of Section 23-90 (INCLUSIONARY HOUSING), inclusive, or pursuant to the terms of a grant, loan or subsidy from any Federal, State or local agency or instrumentality, including, but not limited to, the disposition of real property for less than market value, purchase money financing, construction financing, permanent financing, the utilization of bond proceeds and allocations of low income housing tax credits. An exemption or abatement of real property taxes shall not qualify as a grant, loan or subsidy for the purposes of this paragraph, (a);
- (b) there is insufficient space within the #building# to accommodate the required number of bicycle parking spaces on or below the first #story# of the #building#, including within an enclosed #accessory group parking facility#;
- (c) if permitted automobile parking spaces are provided, the required bicycle parking spaces cannot be accommodated within an enclosed #group parking facility# by reconfiguring automobile parking spaces or removing three or fewer permitted automobile parking spaces;
- (d) additional space cannot reasonably be constructed based on the amount of subsidy available to the project; and

- (e) the number of required bicycle parking spaces is being reduced by the minimum amount necessary to address these limitations.

Chapter 7
Special Urban Design Regulations

(2/2/11)

37-10
APPLICABILITY OF ARTICLE II, CHAPTER 6, TO DEVELOPMENTS WITH PRIVATE ROADS

In C1 or C2 Districts mapped within R3, R4 or R5 Districts, and in C3 Districts, the provisions of Section 26-20 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS) shall apply to any #zoning lot# with #buildings# accessed by #private roads#, except where such #zoning lot# contains #private roads# constructed prior to February 6, 2002. In addition, the open area between #buildings# and sidewalks required pursuant to Section 26-25 need not be planted where such open areas front upon #commercial uses#.

However, in C3A Districts located within #lower density growth management areas#, the provisions of 26-30 (SPECIAL REQUIREMENTS FOR DEVELOPMENTS WITH PRIVATE ROADS IN LOWER DENSITY GROWTH MANAGEMENT AREAS) shall apply.

(12/21/05)

37-20
SPECIAL REGULATIONS FOR LOWER DENSITY GROWTH MANAGEMENT AREAS IN THE BOROUGH OF STATEN ISLAND

(12/21/05)

37-21
Special Screening Requirements between Residential and Non-Residential Uses

In all C1, C2 and C4-1 Districts in the Borough of Staten Island, all #developments# or #enlargements# containing non-#residential uses# shall be screened from adjoining #zoning lots# containing only #residential uses# by a planting strip at least five feet wide along the common #side lot line#, densely planted with

evergreen shrubs at least four feet high at time of planting and of a variety expected to reach a height of six feet within three years. No chain link fences shall be permitted. However, no such screening shall be required where both such #buildings# front upon a #street line# that forms the boundary of a #block# front mapped entirely as a #Commercial District#.

(10/17/07)

37-30

STREETSCAPE

(2/2/11)

37-31

Applicability

The regulations of Sections 37-30 through 37-37, inclusive, shall apply to any #development# occupied by #predominantly residential use#, constructed after April 21, 1977, located on any #zoning lot# within C1-8, C1-9, C2-7 C2-8, C4-6, C4-7, C5-1, C5-2, C5-4, C6-3, C6-4, C6-5 or C6-8 Districts, or C1 and C2 Districts mapped within R9 or R10 Districts. However, Sections 37-30 through 37-37, inclusive, shall not apply within any Special Purpose District nor shall it apply to any #Quality Housing building#, except as otherwise set forth therein.

An application to the Department of Buildings for a permit respecting any #development# shall include a plan and an elevation drawn to a scale of at least one-sixteenth inch to a foot of the new #building# and #buildings# on #contiguous lots# or #contiguous blocks# showing #signs#, other than #advertising signs#, #arcades#, #street wall# articulation, curb cuts, #street# trees, sidewalk paving, central refuse storage area and such other necessary information as may be required by the Commissioner of Buildings.

(2/2/11)

37-32

Definitions

Contiguous block

For the purposes of Sections 37-30 through 37-37, inclusive, a "contiguous block" is a #block# containing one or more #zoning lots# separated by a #narrow street# from the #block# containing the #development#.

Contiguous lot

For the purposes of Sections 37-30 through 37-37, inclusive, a "contiguous lot" is a #zoning lot# which shares a common #side lot line# with the #zoning lot# of the #development#.

Development

For the purposes of Sections 37-30 through 37-37, inclusive, in addition to the definition of "development" pursuant to Section 12-10 (DEFINITIONS), "development" shall also include an #enlargement# involving an increase in #lot coverage#.

Predominantly residential use

For the purposes of Sections 37-30 through 37-37, inclusive, a "predominantly residential use" means a #building# having a #residential floor area# in excess of 50 percent of the total #building floor area#.

(2/2/11)

37-33

Applicability of Article II

In C1-8, C1-9, C2-7, C2-8, C4-6, C4-7, C5-1, C5-2, C5-4, C6-3, C6-4, C6-5 and C6-8 Districts, or C1 or C2 Districts mapped within R9 or R10 Districts, the regulations of Article II, Chapter 6 (Special Urban Design Guidelines - Streetscape), shall apply to any #development# occupied by #predominantly residential use#, except as modified by the provisions of Sections 37-34 to 37-37, inclusive, relating to Modifications to the Applicability of Article II, Chapter 6. The purpose of these modifications is to make the regulations of Article II, Chapter 6, applicable to #Commercial Districts#.

(2/2/11)

37-34

Modifications to Applicability of Article II, Chapter 6

In C1-8, C1-9, C2-7, C2-8, C4-6, C5-1, C5-2, C5-4, C6-3, C6-4, C6-5 and C6-8 Districts, or C1 or C2 Districts mapped within R9 or R10 Districts, the regulations of Article II, Chapter 6, applicable to #developments# occupied by a #predominantly residential use# are modified by the provisions of Sections 37-35 (Retail Continuity), 37-36 (Sign Regulations) and 37-37 (Street Wall Articulation).

(2/2/11)

37-35

Retail Continuity

For #buildings# with front #building# walls that are at least 50 feet in width and front upon a #wide street#, a minimum of 50 percent of the width of such front #building# wall shall be occupied at the ground floor level by #commercial uses#, as permitted by district regulations.

In C1-8, C1-9, C2-7, C2-8, C4-6 Districts, and C1 or C2 Districts mapped within R9 or R10 Districts, #uses# which occupy such 50 percent of the front #building# wall shall be limited to those listed in Use Groups 6A, 6C and 6F, excluding banks and loan offices, except that in C4-6 Districts only, such #uses# may additionally include those listed in Use Groups 8A, 8B and 10A. All #uses# permitted by the underlying district regulations are permitted in the remaining 50 percent of the front #building# wall.

Such requirement of #commercial uses# for a minimum of 50 percent of the front #building# wall may be waived, or additional #uses# permitted, upon certification by the City Planning Commission to the Commissioner of Buildings that an adequate supply of such #uses# already exists at the ground floor level in the surrounding area.

The Commission may require that an application for such certification of additional #uses# for a completed #building#, where #floor area# has been designated for occupancy for such #commercial uses#, establish that a good faith effort has been made to secure tenancy by such #uses#.

(2/2/11)

37-36

Sign Regulations

In addition to the applicable district regulations in C1-8, C1-9, C2-7, C2-8 and C4-6 Districts, and C1 or C2 Districts mapped within R9 or R10 Districts, all #signs#, other than #advertising signs# and window #signs#, shall be located in a horizontal band not higher than three feet, the base of which is located not higher than 17 feet above #curb level#. Where there is a grade change of at least 1.5 feet in 100 along the portion of the #street# upon which the #development# fronts, such signage band may be staggered along such #street#.

When a #building# on a #contiguous lot# or #contiguous block# contains #accessory# business #signs# within a coordinated horizontal band along its #street# frontage, the signage strip along the #development# shall be located at the same elevation as the adjacent band, but in no event higher than 17 feet above #curb level#. Where coordinated horizontal bands exist on two #contiguous lots# or #contiguous blocks# on both sides of the #development#, the signage strip shall be located at the same elevation as one adjacent band, or between the elevations of the two. For the purpose of this Section, the elevation is measured from the #curb level# to the base of the signage strip.

The City Planning Commission may, by certification to the Commissioner of Buildings, allow modifications of the requirements of this Section. Such modifications will be permitted when the Commission finds that such modifications will enhance the design quality of the #street wall#.

(2/2/11)

37-37

Street Wall Articulation

When any #building# wall which is five feet or more in height adjoins a sidewalk, a #public plaza# or an #arcade#, at least 50 percent of the total surface area of such wall between #curb level# and 12 feet above #curb level# or to the ceiling of the ground floor, whichever is higher, or to the full height of the wall if such wall is less than 12 feet in height, shall be transparent. The lowest point at any point of any transparency that is provided to satisfy the requirements of this Section shall not be higher than four feet above the #curb level#.

Door or window openings within such walls shall be considered as transparent. Such openings shall have a minimum width of two feet.

In addition, any portion of such #building# wall, 50 feet or more in width, which contains no transparent element between #curb level# and 12 feet above #curb level# or the ceiling of the ground floor, whichever is higher, or to its full height if such wall is less than 12 feet in height, shall be covered with ivy or similar planting or contain artwork or be treated so as to provide visual relief. Plants shall be planted in soil having a depth of not less than 2 feet, 6 inches, and a minimum width of 24 inches. If artwork is being used, approval by the New York City Design Commission shall be obtained prior to the certificate of occupancy being issued for the #development#.

(9/30/09)

37-38

Sidewalk Widening in Certain Districts

C6-3D

In the district indicated, and in C1 or C2 Districts mapped within an R9D District, for #developments# or #enlargements# on #zoning lots# fronting upon #wide streets#, or fronting upon #narrow streets# that include an elevated rail line, sidewalks, with a minimum depth of 20 feet measured perpendicular to the curb of the #street#, shall be provided along such entire #street# frontages of the #zoning lot#. In locations where the width of the sidewalk within the #street# is less than 20 feet, a sidewalk widening shall be provided on the #zoning lot# so that the combined width of the sidewalk within the #street# and the sidewalk widening equals 20 feet. However, existing #buildings# to remain on the #zoning lot# need not be removed in order to comply with this requirement. All sidewalk widenings shall be improved to Department of Transportation standards for sidewalks, shall be at the same level as the adjoining public sidewalks, and shall be accessible to the public at all times. In addition, the provisions of paragraphs (f)(2) through (f)(5) of Section 37-53 (Design Standards for Pedestrian Circulation Spaces) shall apply.

(2/2/11)

37-40

OFF-STREET RELOCATION OR RENOVATION OF A SUBWAY STAIR

Where a #development# or an #enlargement# is constructed on a #zoning lot# of 5,000 square feet or more of #lot area# that fronts on a portion of a sidewalk containing a stairway entrance

or entrances into a subway station located within the #Special Midtown District# as listed in Section 81-46, the #Special Lower Manhattan District# as listed in Section 91-43, the #Special Downtown Brooklyn District# as listed in Section 101-43, the #Special Long Island City Mixed Use District# as described in Section 117-44, the #Special Union Square District# as listed in Section 118-60 and those stations listed in the following table, the existing entrance or entrances shall be relocated from the #street# onto the #zoning lot#. The new entrance or entrances* shall be provided in accordance with the provisions of this Section.

A relocated subway stair or a subway stair that has been renovated in accordance with the provisions of Section 37-50 (REQUIREMENTS FOR PEDESTRIAN CIRCULATION SPACE) may be counted as pedestrian circulation space pursuant to Section 37-50.

Station	Line
<u>The Bronx</u>	
161st Street**	Grand Concourse
<u>Manhattan</u>	
8th Street	Broadway-60th Street
23rd Street	Broadway-60th Street
23rd Street	Lexington Avenue
28th Street	Lexington Avenue
33rd Street	Lexington Avenue
34th Street-Penn Station	8th Avenue
59th Street/Lexington Avenue-60th St.	Lexington Avenue and Broadway-60th Street

* Provision of a new subway entrance or entrances pursuant to the requirements of this Section may also require satisfaction of additional obligations under the Americans for Disabilities Act of 1990 (ADA), including the ADA Accessibility Guidelines. The New York City Transit Authority should be consulted with regard to any such obligations

** Access stairways to elevated portions of a station complex are exempt from this requirement

(10/17/07)

37-41

Standards for Location, Design and Hours of Public Accessibility

In addition to the standards set forth in the current station planning guidelines as issued by New York City Transit, the following standards shall also apply:

(a) Location

The relocated or renovated entrance shall be immediately adjacent to, and accessible without any obstruction from, a public sidewalk or pedestrian circulation space as defined in Section 37-50. Any such pedestrian circulation space shall have a minimum horizontal dimension equal to the width of the relocated stairs or the minimum width of the pedestrian circulation space, whichever is greater.

The relocated or renovated entrance may be provided within a #building# but shall not be enclosed by any doors. The area occupied by a relocated or renovated entrance within a #building# shall not be counted toward the #floor area# of the #enlargement# or #development#.

(b) Design standards

The relocated or renovated entrance shall have a stair width of at least eight feet for each run.

Where two or more existing stairway entrances are being relocated or renovated as part of the same #development# or #enlargement#, the new entrance or entrances shall have total stair widths equal to or greater than the sum of the stair widths of those existing stairway entrances, but in no case may any stair be less than eight feet in width.

The relocated entrance may be relocated within a #public plaza#, provided that the minimum width of each stair is ten feet and the queuing area of the relocated entrance is unobstructed and contiguous to a sidewalk or a sidewalk widening. A relocated entrance within a #public plaza# is a permitted obstruction, but shall not be subject to the percentage limit on permitted obstructions for a #public plaza#.

For a relocated entrance only, the entrance shall have a queuing space at the top and bottom of the stairs that is at least eight feet wide and 15 feet long. Such queuing space

may overlap with a #public plaza# or an #arcade# in accordance with the provisions of Sections 37-53 (Design Standards for Pedestrian Circulation Spaces) or 37-80 (ARCADES).

No stairway shall have more than 14 risers without a landing, and each landing shall have a minimum width equal to the width of the stairs, and a minimum length of five feet.

Throughout the entire stairway entrance, including passageways, the minimum clear, unobstructed height shall be at least 7 feet, 6 inches from finished floor to finished ceiling, including all lighting fixtures and #signs#.

The entire entrance area, including passageways, shall be free of obstructions of any kind, except for projecting information signage.

The relocated entrance shall connect to an existing or proposed subway passageway, or shall connect, via an underground passageway, to a mezzanine area of the subway station.

The below-grade portion of a relocated entrance may be constructed within the #street#.

(c) Hours of public accessibility

The relocated or renovated entrance shall be accessible to the public during the hours when the connected mezzanine area is open to the public or as otherwise approved by New York City Transit.

(2/2/11)

37-42

Administrative Procedure for a Subway Stair Relocation or Renovation

For any #development# or #enlargement# that is subject to the requirements for the relocation of a subway stair entrance or counts a renovated subway stair as pedestrian circulation space in accordance with the provisions of Section 37-50 (REQUIREMENTS FOR PEDESTRIAN CIRCULATION SPACE), inclusive, no plan shall be approved by the Department of Buildings and no excavation permit or building permit shall be issued, unless the following criteria are met:

- (a) for a relocated entrance, such plan includes a stair relocation plan and related documents that require:
 - (1) construction of the new stair entrance in accordance with such plan;
 - (2) demolition of above-ground elements of the existing entrance;
 - (3) sealing of the existing entrance at the sidewalk level; and
 - (4) maintenance of the work performed on the relocated or renovated entrance; or
- (b) for a renovated entrance, such plan includes a renovation plan and related documents that require:
 - (1) renovation of the entrance in accordance with such plan; and
 - (2) maintenance of the work performed on the renovated entrance; and
- (c) such plan and related documents bear New York City Transit's approval; and
- (d) such plan is accompanied by a certified copy of an agreement, as recorded between New York City Transit and the owner for an easement on the #zoning lot# for subway-related use of the new stair entrance and for public access via such entrance to the subway station, which agreement has been recorded against the #zoning lot# in the Office of the Register of the City of New York and is accompanied by the Register's receipt of recordation; and
- (e) no permanent certificate of occupancy shall be issued for the #building# either altered or #developed#, as set forth in Section 37-40, or #enlarged#, that is subject to the subway stair relocation requirement or is counting a renovated subway stair as pedestrian circulation space in accordance with the provisions of Section 37-50, inclusive, unless and until all of the work required under paragraph (a) or (b) of this Section has been completed and New York City Transit has so certified in writing to the Department of Buildings.

(10/17/07)

37-43

Modification of Requirements for a Relocated or Renovated Subway Stair

The Chairperson of the City Planning Commission may, by certification to the Commissioner of Buildings, allow modifications of the requirements of Sections 37-30 (STREETSCAPE), inclusive, and 37-41 (Standards for Location, Design and Hours of Public Accessibility) or 37-70 (PUBLIC PLAZAS) if the relocated subway stair cannot be accommodated without modification to these provisions.

(10/17/07)

37-44

Waiver of Requirements

The provisions of Section 37-40 (OFF-STREET RELOCATION OR RENOVATION OF A SUBWAY STAIR) may be waived by joint certification of New York City Transit and the Chairperson of the City Planning Commission that major construction problems or operating design considerations render the stair relocation infeasible. In such event, the stair relocation requirement may be satisfied by retention of the existing stair and the provision on the #zoning lot# of an open area, qualifying under the provisions of Section 37-50 (REQUIREMENTS FOR PEDESTRIAN CIRCULATION SPACE), that accommodates pedestrian traffic passing the existing stair entrance.

(10/17/07)

37-50

REQUIREMENTS FOR PEDESTRIAN CIRCULATION SPACE

All pedestrian circulation space required pursuant to the provisions of any special purpose district shall comply with the provisions of this Section, as such may be modified by the terms of the special district.

(2/2/11)

37-51

Amount of Pedestrian Circulation Space

The minimum amount of pedestrian circulation space to be provided for #developments# or #enlargements# shall be determined by the following table:

MINIMUM PEDESTRIAN CIRCULATION SPACE REQUIREMENTS

Size of #zoning lot#	Required area of pedestrian circulation space
5,000 to 20,000 sq. ft.	1 sq. ft. per 350 sq. ft. of new #floor area#
Above 20,000 sq. ft.	1 sq. ft. per 300 sq. ft. of new #floor area#

(10/17/07)

37-52

Types of Pedestrian Circulation Space

The pedestrian circulation space provided shall be of one or more of the following types: an arcade, #building# entrance recess area, corner arcade, corner circulation space, relocation or renovation of a subway stair, sidewalk widening, subway station improvement, through #block# connection or #public plaza#.

Each #zoning lot# shall be categorized as either a #corner lot#, #through lot# or #interior lot#, and pedestrian circulation space shall be provided on each #zoning lot# in at least one of the applicable types, or combinations of types, specified in the following table:

PROVISION OF PEDESTRIAN CIRCULATION SPACE ON CERTAIN TYPES OF LOTS

Type of Pedestrian Circulation Space	#Corner lot#	#Through lot#	#Interior lot#
Arcade	x	x	x
#building# entrance recess area	x	x	x

Corner arcade	x		
Corner circulation space	x		
Relocation or renovation of subway stair	x	x	x
Sidewalk widening	x	x	x
Subway station improvement	x	x	x
Through #block# connection	x	x	
#Public plaza#	x	x	x

Minimum design standards for each type of pedestrian circulation space and, where applicable, the maximum amount of each type of pedestrian circulation space that may be counted toward meeting the requirements of Section 37-51 (Amount of Pedestrian Circulation Space) are set forth in Section 37-53 (Design Standards for Pedestrian Circulation Spaces).

(4/30/12)

37-53

Design Standards for Pedestrian Circulation Spaces

(a) Arcade

Arcades shall not be subject to the provisions of Sections 12-10 (DEFINITIONS) and 37-80 (ARCADES). In lieu thereof, the provisions of this Section shall apply.

An arcade is a continuous covered space that adjoins and extends along a #front lot line#, is at the same elevation as the adjoining sidewalk, is open for its entire length to the sidewalk except for columns and is accessible to the public at all times. An arcade shall be provided on the #wide street# frontage of a #zoning lot# of a #development# or #enlargement# where the #zoning lot# lies directly adjacent to an existing arcade on a #wide street#, except where an existing #building# without an arcade extends along a portion of the #wide street front lot line# of the #zoning lot# containing the #development# or #enlargement#. Where an arcade abuts another arcade, there shall be a clear,

unobstructed passage between both arcades.

An arcade shall meet the following requirements:

(1) Dimensions

An arcade with columns shall have a minimum clear width of 10 feet, exclusive of all columns, and a maximum width of 15 feet, inclusive of columns. No column width shall be greater than five feet. Columns shall be spaced along the #street# with a minimum clear width between columns of 15 feet. An arcade shall have a clear height of not less than 12 feet and not more than 30 feet.

- (i) On an #interior lot# or a #through lot# fronting on a #narrow street#, an arcade without columns is permitted only if:
 - (a) it has a continuous, unobstructed minimum length of 100 feet or, with the exception of the width of driveways for the required loading berths located at the #side lot line# of the #zoning lot#, is unobstructed for the full length of the frontage of the #development#, whichever is greater; and
 - (b) the entire #front lot line# shall be unobstructed for the same depth of the arcade, except for that portion of the #front lot line# occupied by an existing #building#.
- (ii) On an #interior lot# or a #through lot# fronting on a #narrow street#, an arcade with columns is permitted only if it connects directly to an existing arcade on an adjacent #zoning lot#, matching it in width and alignment, and has a continuous, unobstructed minimum length beyond the existing adjacent arcade of at least 100 feet or, with the exception of the width of driveways for the required loading berths located at the #side lot line# of the #zoning lot#, is unobstructed for the full length of the frontage of the #development#, whichever is greater.
- (iii) On a #corner lot# fronting on a #narrow street#, an arcade is permitted only if it extends for the full length of the #street# frontage, with the exception of a driveway for a required

loading berth located at the #side lot line# of the #zoning lot#, or if the arcade provides unobstructed pedestrian flow along such entire frontage in combination with one or more of the following other spaces with which it connects at one or both ends: a corner arcade, a #publicly accessible open area#, an off-street rail mass transit access improvement, an intersecting sidewalk widening, an intersecting #street#, a relocated or renovated subway entrance, a through #block# connection or a through #block# galleria.

(iv) On a #wide street#, an arcade shall be permitted, provided that:

(a) the arcade extends along the full length of the #street line# between intersecting #streets#; or

(b) in the case of an arcade that occupies less than the entire #street# frontage between intersecting #streets#, on a full #block# front #zoning lot#, unobstructed pedestrian flow along the entire frontage is provided on the #zoning lot# by the arcade in combination with one or more of the following #open spaces# with which the arcade connects at one or both ends: a corner circulation space, a #publicly accessible open area# or an intersecting sidewalk widening; or

(c) in the case of an arcade whose #zoning lot# occupies less than the entire #street# frontage between intersecting #streets#, the arcade connects with an existing arcade of matching width and alignment, a #publicly accessible open area# on an adjacent #zoning lot#, so that unobstructed pedestrian flow along the entire #block# front is provided by the arcade in combination with such existing spaces.

(2) Full #block# front arcade

When a #zoning lot# occupies a full #block# front, both ends of the arcade on that #street# frontage shall be open and accessible directly from the sidewalk of the intersecting #street# or any other qualifying pedestrian circulation space.

(3) Permitted obstructions

Except for #building# columns, and exterior wall thickness pursuant to Section 33-23 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), an arcade shall be free from obstructions of any kind.

(4) Specific prohibitions

No vehicular driveways, except as permitted under paragraph (a)(1) (Dimensions) of this Section, parking spaces, passenger drop-offs, loading berths or trash storage facilities are permitted within an arcade, nor shall such facilities be permitted immediately adjacent to an arcade.

(5) Illumination

All existing and new arcades shall maintain a minimum level of illumination of not less than five horizontal foot candles between sunset and sunrise.

(b) #Building# entrance recess area

A #building# entrance recess area is a space that adjoins and is open to a sidewalk or sidewalk widening for its entire length and provides unobstructed access to the #building's# lobby entrance or to the entrance to a ground floor #use#.

A #building# entrance recess area shall meet the following requirements:

(1) Dimensions

A #building# entrance recess area shall have a minimum length of 15 feet and a maximum length of 50 feet measured parallel to the #street line# at a #building's# lobby entrance and a maximum length of 30 feet parallel to the #street line# at a ground floor #use# entrance. It shall have a maximum depth of 15 feet measured from the #street line# and shall have a minimum depth of 10 feet measured from the #street line#.

(2) Permitted obstructions

Any portion of a #building# entrance recess area under

an overhanging portion of the #building# shall have a minimum clear height of 15 feet. It shall be free of obstructions except for exterior wall thickness pursuant to Section 33-23, and #building# columns, between any two of which there shall be a clear space of at least 15 feet measured parallel to the #street line#. Between a #building# column and a wall of the #building#, there shall be a clear path at least five feet in width.

(3) Permitted overlap

A #building# entrance recess area may overlap with an arcade, a corner arcade, a corner circulation space or a sidewalk widening, and may adjoin or overlap and connect directly without obstruction to another #building# entrance recess area except that, on any one #street# frontage, each lobby or ground floor #use# shall connect to only one #building# entrance recess area.

(c) Corner arcade

A corner arcade shall not be subject to the provisions of Sections 12-10 (DEFINITIONS) and 37-80 (ARCADES). In lieu thereof, a corner arcade shall be a small covered space adjoining the intersection of two #streets# at the same elevation as the adjoining sidewalk or sidewalk widening and directly accessible to the public at all times.

A corner arcade shall meet the following requirements:

(1) Dimensions

- (i) a corner arcade shall have a minimum area of 200 square feet, a minimum depth of 15 feet measured along a line bisecting the angle of intersecting #street lines#, and shall extend along both #street lines# for at least 15 feet but not more than 40 feet from the intersection of the two #street lines#; and
- (ii) the height of a corner arcade shall be not less than 12 feet and a clear path at least 12 feet wide shall be provided from one #street line# to another #street line#.

(2) Permitted obstructions

Except for #building# columns, and exterior wall

thickness pursuant to Section 33-23, a corner arcade shall be free from obstructions of any kind.

(3) Specific prohibitions

The specific prohibitions pertaining to an arcade as described in paragraph (a)(4) of this Section shall also be applicable to a corner arcade.

(4) Permitted overlap

A corner arcade may overlap with an arcade; however, the area of overlap may only be counted once toward the fulfillment of the required minimum area of pedestrian circulation space.

(d) Corner circulation space

A corner circulation space is a small #open space# on a #zoning lot#, adjoining the intersection of two #streets#, at the same elevation as the adjoining sidewalk or sidewalk widening and directly accessible to the public at all times.

A corner circulation space shall meet the following requirements:

(1) Dimensions

A corner circulation space shall have the same minimum dimensions as a corner arcade, as described in paragraph (c)(1) of this Section.

(2) Permitted obstructions

A corner circulation space shall be completely open to the sky from its lowest level, except for temporary elements of weather protection, such as awnings or canopies, provided that the total area of such elements does not exceed 20 percent of the area of the corner circulation space and that such elements and any attachments thereto are at least eight feet above #curb level#. A corner circulation space shall be clear of all other obstructions including, without limitation, door swings, #building# columns, #street# trees, planters, vehicle storage, parking or trash storage. However, exterior wall thickness may be added pursuant to Section 33-23. No gratings, except for drainage, shall be permitted.

(3) #Building# entrances

Entrances to ground level #uses# are permitted from a corner circulation space.

An entrance to a #building# lobby is permitted from a corner circulation space, provided that the entrance is at no point within 20 feet of the intersection of the two #street lines# that bound the corner circulation space.

(4) Permitted overlap

A corner circulation space may overlap with a sidewalk widening.

(e) Relocation or renovation of a subway stair

When a #development# or #enlargement# is constructed on a #zoning lot# containing a relocated stairway entrance or entrances to a subway, or an existing stairway entrance or entrances to a subway, and such entrance or entrances are relocated or renovated in accordance with the provisions of Section 37-40 (OFF-STREET RELOCATION OR RENOVATION OF A SUBWAY STAIR), inclusive, one and one-half times the area, measured at #street# level, of such entrance or entrances may count toward meeting the pedestrian circulation space requirement.

(f) Sidewalk widening

A sidewalk widening is a continuous, paved, open area along the #front lot line# of a #zoning lot# at the same elevation as the adjoining sidewalk and directly accessible to the public at all times. A sidewalk widening shall be provided on the #wide street# frontage of a #zoning lot# of a #development# or #enlargement# where all existing #buildings# on the same #block# frontage, whether on the same or another #zoning lot#, provide sidewalk widenings.

A sidewalk widening shall meet the following requirements:

(1) Dimensions

A sidewalk widening shall have a width of no less than five feet nor more than 10 feet measured perpendicular to the #street line#, and shall be contiguous along its entire length to a sidewalk.

A sidewalk widening shall extend along the full length of the #front lot line# except for the portion of the

#front lot line# interrupted by an existing #building# which is located at a #side lot line# or, in the case of a full #block# frontage, located at the intersection of two #streets#.

A required sidewalk widening on a #wide street# shall connect directly to any existing adjoining sidewalk widening and shall extend the entire length of the #front lot line#.

The width of such a required sidewalk widening shall equal that of the existing adjoining sidewalk widening. If there is more than one such existing sidewalk widening, the width of such a required sidewalk widening shall equal that of the existing sidewalk widening that is longest.

A sidewalk widening is permitted on a #wide street# when not adjacent to an existing sidewalk widening only if either the sidewalk widening extends along the #street line# of the #wide street# for the full length of the #block# front, or the #zoning lot# is a #corner lot# and the sidewalk widening extends along the full length of the #street line# of the #wide street# to its intersection with the #street line# of the other #street# on which the #zoning lot# fronts.

Except for the permitted interruptions, as set forth in paragraph (f)(2) of this Section, a sidewalk widening is permitted on a #narrow street# only if it has a length of at least 100 feet.

(2) Permitted interruptions

Interruptions of the continuity of a qualifying sidewalk widening shall be permitted only under the following conditions:

- (i) by an arcade that has a width equal to or greater than the width of the sidewalk widening and which is directly connected to the sidewalk widening;
- (ii) if overlapped by a corner circulation space or a #building# entrance recess area that permits uninterrupted pedestrian flow;
- (iii) if overlapped by a #public plaza#, provided that the overlapping portion of such #public plaza# conforms to the design standard of a sidewalk

widening;

- (iv) by an off-street subway entrance, provided such an entrance is located at a #side lot line# or is located at the intersection of two #street lines#;
- (v) if overlapped by the queuing space of a relocated or renovated subway entrance, provided that the queuing space for the entrance leaves at least a five foot uninterrupted width of sidewalk widening along the entire length of the queuing space; or
- (vi) by a driveway that is located at a #side lot line#; however, where the #zoning lot# has a through #block# connection, a through #block# galleria or a through #block public plaza# at such a #side lot line#, the location of its driveway is not restricted. The area occupied by the driveway, up to the width of the sidewalk widening, may be counted toward meeting the pedestrian circulation space requirement, provided that there shall be no change of grade within the area of the sidewalk widening.

(3) Permitted obstructions

A sidewalk widening shall be unobstructed from its lowest level to the sky except for those obstructions permitted under paragraph (f)(2) of this Section, for exterior wall thickness pursuant to Section 33-23, and for temporary elements of weather protection, such as awnings or canopies, provided that the total area of such elements, measured on the plan, does not exceed 20 percent of the sidewalk widening area, and that such elements and any attachments thereto are at least eight feet above #curb level#.

(4) Specific prohibitions

No #street# trees are permitted on a sidewalk widening. No vehicle storage, parking or storage of trash is permitted on a sidewalk widening. Gratings may not occupy more than 50 percent of the sidewalk widening area nor be wider than one half the width of the sidewalk widening.

(5) Special design treatment

When one end of the sidewalk widening abuts an existing #building# on the #zoning lot# or an existing #building# on the #side lot line# of the adjacent #zoning lot#, design treatment of the termination of the sidewalk widening is required to smooth pedestrian flow. The portion of the sidewalk widening subject to design treatment, hereinafter called the transition area, shall not extend more than 10 feet nor less than five feet along the sidewalk widening from its termination.

The transition area shall receive special design treatment which may include, but is not limited to, landscaping, sculpture or #building# transparency. The transition area shall be designed to effect a gradual change of the sidewalk widening width to match the #street wall# line of the existing #building# at the sidewalk widening's termination. This may be accomplished by a curved or diagonal edge of paving along a landscaped bed, the use of stepped edges of the #building# or other architectural treatment of the #building# or paving which avoids an abrupt visual termination of the sidewalk widening. Such special design treatment may be considered a permitted obstruction.

(g) Subway station improvement

For #developments# or #enlargements# that are granted a special permit pursuant to Section 74-634 (Subway station improvements in Downtown Brooklyn and in Commercial Districts of 10 FAR and above in Manhattan), no more than 3,000 square feet may count toward meeting the pedestrian circulation space requirement.

(h) Through #block# connection

A through #block# connection is a paved, open or enclosed space providing unobstructed access to the #building's# main lobby and connecting, in a straight, continuous, unobstructed path, two parallel or nearly parallel #streets#.

Up to a maximum of 3,000 square feet of a through #block# connection may count toward the minimum pedestrian circulation space requirement.

A through #block# connection shall meet the following requirements:

(1) Location

- (i) A through #block# connection shall be located at least 150 feet from the intersection of two #streets#.
- (ii) Where the #zoning lot# or a portion thereof is directly across a #street# from, and opposite to, an existing through #block# connection on an adjacent #block# and the existing connection is at least 150 feet from the intersection of two #streets#, the alignment of the new through #block# connection shall overlap with that of the existing connection. Such existing connection may also be a through #block# galleria, through #block# public plaza# or any through #block# circulation area with a minimum width of 12 feet, which is located within a #building#.
- (iii) Where there are already two through #block# connections located on the same #block#, a new through #block# connection shall not count toward meeting the pedestrian circulation space requirement.
- (iv) No through #block# connection shall be permitted on any portion of a #zoning lot# occupied by a landmark or interior landmark so designated by the Landmarks Preservation Commission, or occupied by a #building# whose designation as a landmark or interior landmark has been calendared for public hearing and is pending before the Landmarks Preservation Commission.

(2) Design standards for a through #block# connection

- (i) A through #block# connection shall provide a straight, continuous, unobstructed path at least 15 feet wide. If covered, the clear, unobstructed height of a through #block# connection shall not be less than 15 feet. Exterior wall thickness, as set forth in Section 33-23, shall be a permitted obstruction to such path.
- (ii) At no point shall the level of a through #block# connection be more than five feet above or below #curb level#. In all cases, the through #block# connection must provide a clear path, accessible

to people with disabilities, through its entire length.

- (iii) A through #block# connection may be located inside or outside of a #building#. The area of a through #block# connection located within a #building# shall be counted as #floor area#.
- (iv) A through #block# connection located partially or wholly within a #building# shall adjoin and connect directly to the #building's# main lobby via unobstructed openings with an aggregate width exceeding that of any other entrances to the lobby.
- (v) A through #block# connection located wholly or partially outside a #building# shall provide unobstructed access directly to the #building's# main lobby through the major entrance. For the purposes of this Section, the major entrance shall be that entrance to the main lobby which has the greatest aggregate width of clear openings for access.
- (vi) Any portion of a through #block# connection located outside a #building# shall be illuminated throughout with a minimum level of illumination of not less than five horizontal foot candles (lumens per candle). Such illumination shall be maintained throughout the hours of darkness.
- (vii) A through #block# connection shall at a minimum be accessible to the public from 8:00 a.m. to 7:00 p.m. on the days the #building# is open for business and shall have posted, in prominent, visible locations at its entrances, #signs# meeting the standards set forth in paragraph (h)(2)(viii) of this Section.
- (viii) A through #block# connection shall provide the following information for public access at each public entry to the through #block# connection:
 - (a) For an unenclosed through #block# connection, the public access information shall be an entry plaque located at the entrance to the through #block# connection at each #street# frontage. The entry plaque shall contain:

- (1) a public space symbol, provided in the [Required Signage Symbols](#) file at the Department of City Planning website, which is at least 14 inches square in dimension, has a white background, has a grid of four straight lines no greater than one-eighth inch wide and green in color and has a tree-shaped symbol as shown:

(37-53h2.8a1, 37-751a1)

- (2) lettering at least two inches in height stating "OPEN TO PUBLIC." This lettering shall be located within nine inches of the public space symbol; and
- (3) an international Symbol of Access for people with disabilities that is at least three inches square.

The entry plaque shall be mounted with its center five feet above the elevation of the nearest walkable pavement on a wall or a permanent freestanding post. It shall be placed so that the entire entry plaque is obvious and directly visible without any obstruction, along every line of sight from all paths of pedestrian access to the through #block# connection, in a position that clearly identifies the entry to the connection.

- (b) For an enclosed through #block# connection or a portion thereof:
 - (1) a public space symbol as described in paragraph (h)(2)(viii)(a) of this Section, not less than six inches square, shall be mounted with its center five feet above the elevation of the

nearest walkable pavement;

- (2) lettering stating "PUBLIC ACCESS TO _____ STREET," indicating the opposite #street# to which the through #block# connection passes and which lettering shall not be less than three inches in height and located not more than three inches away from the public space symbol; and
- (3) lettering not more than two inches or less than one and a half inches in height stating "OPEN TO PUBLIC" with the hours and days of operation of the through #block# connection. This lettering shall be located not more than three inches from the public space symbol.

The above required information shall be permanently affixed on the glass panel of the entry doors of the through #block# connection clearly facing the direction of pedestrian flow. The information shall be located not higher than six feet or lower than three feet above the level of the pedestrian path at the entry, and shall be in a format and color which will ensure legibility.

(i) #Public plaza#

A maximum of 30 percent of the area of a #public plaza# that faces a #street# intersection, or provides access to a major #building# entrance, may be counted toward meeting the pedestrian circulation space requirement.

A maximum of 3,000 square feet of a through #block public plaza# may be counted toward meeting the pedestrian circulation space requirement.

For all other #public plazas#, the first 10 feet of depth from the #street line# may be counted toward meeting the pedestrian circulation space requirement, provided that the #public plaza# conforms to the design standards of a sidewalk widening as set forth in paragraph (f) of this Section.

All #public plazas# shall comply with Section 37-70 (PUBLIC PLAZAS), inclusive.

Any area of permitted overlap between pedestrian circulation spaces or other amenities shall be counted only once toward meeting the required amount of pedestrian circulation space. Unobstructed access shall be provided between overlapping spaces.

(10/17/07)

37-54

Modification of Design Standards of Pedestrian Circulation Spaces within Existing Buildings

The City Planning Commission may authorize a modification of any required minimum amount of pedestrian circulation space to be provided on #wide street# frontages and design standards, as indicated, for the following required pedestrian circulation spaces, to be provided within or under an existing #building# to remain on a #zoning lot#:

- (a) Arcade: minimum width, minimum height, obstructions, minimum clear width between obstructions, minimum length, column sizes
- (b) #Building# entrance recess area: minimum length, minimum depth from #street line#, minimum height, obstructions, clear space between obstructions and clear space between obstructions and #building# wall
- (c) Corner arcade or corner circulation space: minimum depth, minimum width of clear path, minimum height, obstructions
- (d) Through #block# connection: minimum width of unobstructed path, minimum height, through #block# level.

The Commission may authorize a modification of design standards for pedestrian circulation spaces when the following findings are met:

- (1) a modification is needed because of the inherent constraints of the existing #building#;
- (2) the modification is limited to the minimum needed because of the inherent constraints of the existing #building#; and
- (3) the pedestrian circulation space as modified shall be equal in area, and substantially equivalent, to the required space in terms of quality, effectiveness and suitability for public use.

(10/17/07)

37-60

PUBLICLY ACCESSIBLE OPEN AREAS EXISTING PRIOR TO OCTOBER 17, 2007

(10/17/07)

37-61

Design Standards

Design standards for #plazas#, #residential plazas# and #urban plazas developed# prior to October 17, 2007, are located in APPENDIX E of this Resolution.

(10/17/07)

37-62

Changes to Existing Publicly Accessible Open Areas

(10/17/07)

37-621

Elimination or reduction in size of non-bonused open area

Any existing open area for which a #floor area# bonus has not been utilized that occupies the same #zoning lot# as an existing #plaza#, #residential plaza# or #urban plaza#, for which a #floor area# bonus has been utilized, may be reduced in size or eliminated only upon certification of the Chairperson of the City Planning Commission that all bonused amenities comply with the standards under which such #floor area# bonus was granted.

(10/17/07)

37-622

Elimination or reduction in size of bonused open area

No existing #plaza#, #residential plaza# or #urban plaza# shall be eliminated or reduced in size except by special permit of the

City Planning Commission, pursuant to Section 74-761 (Elimination or reduction in size of bonused public amenities).

(10/17/07)

37-623

Nighttime closings

The City Planning Commission may, upon application, authorize the closing during certain nighttime hours of an existing #plaza#, #residential plaza# or #urban plaza# for which a #floor area# bonus has been received, pursuant to Section 37-727 (Hours of access).

(10/17/07)

37-624

Kiosks and open air cafes

Kiosks and open air cafes may be placed within an existing #plaza#, #residential plaza# or #urban plaza# upon certification by the Chairperson of the City Planning Commission, pursuant to Section 37-73 (Kiosks and Open Air Cafes).

(7/14/13)

37-625

Design changes

Except as otherwise provided in Section 74-41, design changes to existing #plazas#, #residential plazas# or #urban plazas# may be made only upon certification by the Chairperson of the City Planning Commission that such changes would result in a #plaza#, #residential plaza# or #urban plaza# that is in greater accordance with the standards set forth in Section 37-70 (PUBLIC PLAZAS), inclusive. The provisions of Section 37-78 (Compliance), other than paragraph (e) (Special regulations for an urban plaza in the Special Lower Manhattan District), shall be made applicable to such #plaza#, #residential plaza# or #urban plaza#.

(10/17/07)

37-70

PUBLIC PLAZAS

#Public plazas# are open areas on a #zoning lot# intended for public use and enjoyment. The standards contained within Sections 37-70 through 37-78, inclusive, are intended to serve the following specific purposes:

- (a) to serve a variety of users of the #public plaza# area;
- (b) to provide spaces for solitary users while at the same time providing opportunities for social interaction for small groups; and
- (c) to provide safe spaces, with maximum visibility from the #street# and adjacent #buildings# and with multiple avenues for ingress and egress.

All #public plazas# shall comply with the provisions of Section 37-70 through 37-78, inclusive. These provisions may be modified pursuant to Section 74-91 (Modification of Public Plazas).

(10/17/07)

37-71

Basic Design Criteria

(10/17/07)

37-711

Definitions

Corner public plaza

A "corner public plaza" is a #public plaza# that is located on an intersection of two or more #streets#.

Through block public plaza

A "through block public plaza" is a #public plaza# or portion of a #public plaza# that is not a #corner public plaza# and that connects two #streets# that are parallel or within 45 degrees of being parallel to each other.

(6/10/09)

37-712

Area dimensions

A #public plaza# shall contain an area of not less than 2,000 square feet. In no case shall spaces between existing #buildings# remaining on the #zoning lot# qualify as #public plazas#. In addition, in order to preserve the provisions relating to the boundaries, proportions and obstructions of #public plazas#, on any one #zoning lot#, an open area which does not qualify for bonus #floor area# may not be located between two #public plazas#, or between a #public plaza# and a #building# wall or #arcade#.

Any non-bonused open area located adjacent to a #public plaza#, other than an open area bounding a #street line# used for pedestrian access, must either:

- (a) be separated from the #public plaza# by a buffer, such as a wall, decorative fence, or opaque plantings at least six feet in height; or
- (b) meet all requirements for minor portions of #public plazas# related to size, configuration, orientation, as specified in Section 37-716.

(6/10/09)

37-713

Locational restrictions

No #public plaza#, or portion thereof, shall be located within 175 feet of an existing #publicly accessible open area# or #public park# as measured along the #street line# on which the existing amenity fronts if the #public plaza# is to be located on the same side of the #street#, or as measured along the directly opposite #street line# if the #public plaza# is to be located on the other side of the #street#. Such distance shall include the width of any #street# that intersects the #street# on which the amenity fronts. However, such location restriction may be waived if the #public plaza# is located directly across the #street# from the existing #publicly accessible open area# or #public park# and if the Chairperson of the City Planning Commission finds that the location of the #public plaza# at such location would create or contribute to a pedestrian circulation network connecting the two or more open areas.

(10/17/07)

37-714

Restrictions on orientation

For purposes of the orientation requirements, a "north-facing," "south-facing," "east-facing" or "west-facing" #street line# means a #street line# facing within 45 degrees of the direction indicated. To front on a #street# means to be contiguous to the #street line# or to a sidewalk widening along the #street line#.

- (a) Where the major portion of a #public plaza# fronts on only one #street line#, such major portion is not permitted to front on a north-facing #street line# of a #zoning lot#.
- (b) No major portion of a #public plaza# shall only front on a west-facing #street line# or an east-facing #street line# if the #zoning lot# also has frontage that is 40 feet or more in length on a south-facing #street line#.
- (c) A #corner public plaza# must have its major portion, as defined in Section 37-715, paragraph (b), front on the south-facing #street line#. In the case of a #zoning lot# having frontage on a south-facing #street line# of less than 40 feet, or having its frontage at the intersection of a north-facing #street line# with either an east- or west-facing #street line#, the major portion must front on the east- or west-facing #street line#.

However, the orientation restrictions may be modified if the Chairperson of the City Planning Commission finds that the orientation regulations would conflict with mandatory #street wall# regulations or that the modifications would result in better access to light and air for the #public plaza#.

(10/17/07)

37-715

Requirements for major portions of public plazas

The major portion of a #public plaza# is the largest area of the #public plaza# and the area of primary use. Major portions shall be generally regular in shape, easily and directly accessible from adjoining #buildings# and public spaces, and continuously visible from within all portions of the #public plaza# and from

adjoining public spaces. Major portions shall occupy no less than 75 percent of the total #public plaza# area.

- (a) All contiguous #public plaza# areas on a #zoning lot# shall be considered as one #public plaza#.
- (b) The shape and dimensions of a #public plaza# shall be such that all points within the major portion shall be visible when viewed perpendicular from each adjacent #street#. #Corner public plazas# that front on two #streets# that do not meet at a 90 degree angle must be fully visible when viewed perpendicular from one adjoining #street# and at least 50 percent of the #public plaza# must be visible when viewed perpendicular to the other adjoining #street#. For the purposes of this regulation, points that when viewed in plan may be joined by a straight line shall be considered visible one from the other; visibility between points shall not be affected by permitted obstructions or by changes of grade. Points within #public plazas# that front on three intersecting streets shall be treated as two #corner public plazas#.

The major portion of a #public plaza# shall be at least 75 percent of the #public plaza's# total area, except that in the case of a #through block public plaza#, pursuant to Section 37-717, a line drawn within 25 feet of the midblock line shall divide the #through block public plaza# into two areas that must separately meet all requirements of the #public plaza# regulations. The major portion of the #public plaza# shall be subject to the proportional requirements set forth in paragraphs (c) and (d) of this Section.

- (c) The major portion of a #public plaza# shall have a minimum average width and depth of 40 feet. For #public plazas# that front on only one #street#, no more than 20 percent of the #public plaza# area may have a width of less than 40 feet. Dimensions shall be measured parallel and perpendicular to the #street line# on which the #public plaza# fronts.
- (d) For major portions of #public plazas#, the maximum width measured parallel to any one #street# shall not be greater than three times the average depth of the #public plaza# measured perpendicular to the #street line# or the average width measured parallel to any one #street# shall not be greater than three times the maximum depth of the #public plaza# measured perpendicular to the #street line#.

37-716

Requirements for minor portions of public plazas

Minor portions of #public plazas# are secondary areas that allow for additional flexibility in the shape and configuration of a #public plaza#. Minor portions shall not occupy more than 25 percent of the total area of the #public plaza#. The width of a minor portion shall be measured parallel to the line separating the major and minor portions. The depth of a minor portion shall be measured perpendicular to the line separating the major and minor portions. The provisions of Section 37-715 (Requirements for major portions of public plazas) shall not apply to such minor portions and the following regulations shall apply:

- (a) The minor portion shall have a minimum average width and depth of 15 feet.
- (b) The minor portion must be directly adjacent to the major portion.
- (c) All points within the minor portion must be visible from within the major portion when viewed perpendicular to the line separating the major and minor portions.
- (d) The minor portion must front directly on a #street# adjoining the major portion, unless the minor portion has:
 - (1) a width to depth ratio of at least 3:1; and
 - (2) its longest dimension contiguous with the major portion.

(10/17/07)

37-717

Regulations for through block public plazas

#Through block public plazas# shall be treated as two #public plazas# separated at a line drawn within 25 feet of the midblock line.

Where any #building# wall or walls adjoin a #through block public plaza# or through #block# portion of a #public plaza# and where such wall or walls exceed 120 feet aggregate length, a minimum 10 foot setback at a height between 60 and 90 feet is required for the full length of the #building# wall.

#Through block public plazas# shall contain a circulation path at least 10 feet in width, connecting the two #streets# on which the #public plaza# fronts, as specified in Section 37-723.

(10/17/07)

37-718

Paving

The paving of the #public plaza# shall be of non-skid durable materials that are decorative and compatible in color and pattern with other design features of the #public plaza#.

(10/17/07)

37-72

Access and Circulation

(4/30/12)

37-721

Sidewalk frontage

To facilitate pedestrian access to a #public plaza#, the following rules shall apply to the area of the #public plaza# located within 15 feet of a #street line# or sidewalk widening line:

- (a) At least 50 percent of such area shall be free of obstructions and comply with the following provisions:
 - (1) at least 50 percent of the #public plaza# frontage along each #street line# or sidewalk widening line shall be free of obstructions; and
 - (2) such unobstructed access area shall extend to a depth of 15 feet measured perpendicular to the #street line#. The width of such access area need not be contiguous provided that no portion of such area shall have a width of less than five feet measured parallel to the #street line#, and at least one portion of such area shall have a width of at least eight feet measured parallel to the #street line#.

- (b) In the remaining 50 percent of such area, only those obstructions listed in Section 37-726 (Permitted obstructions) shall be allowed, provided such obstructions are not higher than two feet above the level of the public sidewalk fronting the #public plaza#, except for light stanchions, public space signage, railings for steps, exterior wall thickness pursuant to Section 33-23 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), trash receptacles, trees and fixed or moveable seating and tables. Furthermore, planting walls or trellises, water features and artwork may exceed a height of two feet when located within three feet of a wall bounding the #public plaza#.

For #corner public plazas#, the requirements of this Section shall apply separately to each #street# frontage, and the area within 15 feet of the intersection of any two or more #streets# on which the #public plaza# fronts shall be at the same elevation as the adjoining public sidewalk and shall be free of obstructions.

(10/17/07)

37-722

Level of plaza

The level of a #public plaza#, inclusive of major and minor portions, shall not at any point be less than the average elevation of #curb level# of the nearest adjoining #street# nor more than two feet above the average #curb level# of the nearest adjoining #street# in front of the major and minor portions of the #public plaza#. However, a #public plaza# with an area of 10,000 square feet or more may additionally have a maximum of 20 percent of its area at an elevation more than two feet above, but not more than four feet above #curb level# of the nearest adjoining #street# in front of the major and minor portions of the #public plaza#, provided that such higher portion may not be located within 25 feet of any #street line#. #Public plazas# that front on #streets# with slopes greater than 2.5 percent along the frontage of the #public plaza# may not at any point be more than one foot below the #curb level# of the adjoining #street#.

(10/17/07)

37-723

Circulation paths

Circulation paths within #public plazas# shall provide for unobstructed pedestrian circulation throughout the minor and major portions of the #public plaza# and shall, at a minimum, connect all #streets# on which the #public plaza# fronts and all major elements of the #public plaza#, including seating areas, #building# entrances, approved open air cafes and kiosks, and significant design features of the #public plaza#. A minimum of one such circulation path shall be provided of at least eight feet clear width. Circulation paths shall extend to at least 80 percent of the depth of the major portion of the #public plaza#, measured perpendicular from each #street line#. #Through block public plazas# shall provide at least one circulation path with a minimum width of 10 feet connecting each #street# on which the #public plaza# fronts. Trees planted flush to grade, light stanchions, trash receptacles, and public space signage shall be considered permitted obstructions within circulation paths; however, all trees located within circulation paths must comply with the regulations for flush-to-grade trees in Section 37-742.

(6/10/09)

37-724

Subway entrances

Where an entry to a subway station exists in the sidewalk area of a #street# on which a #public plaza# fronts and such entry is not replaced within the #public plaza# itself, the #public plaza# shall be at the same elevation as the adjacent sidewalk for a distance of at least 15 feet in all directions from the entry superstructure. Such #public plaza# area around a subway entry shall be free of all obstructions and may count towards the required clear area requirements as specified in Section 37-721 (Sidewalk frontage).

(10/17/07)

37-725

Steps

Any steps provided within the #public plaza# must have a minimum height of four inches and a maximum height of six inches. Steps must have a minimum tread of 17 inches; steps with a height of five inches, however, may have a minimum tread of 15 inches.

(4/30/12)

37-726

Permitted obstructions

- (a) #Public plazas# shall be open to the sky and unobstructed except for the following features, equipment and appurtenances normally found in #public parks# and playgrounds: water features, including fountains, reflecting pools, and waterfalls; sculptures and other works of art; seating, including benches, seats and moveable chairs; trees, planters, planting beds, lawns and other landscape features; arbors or trellises; litter receptacles; bicycle racks; tables and other outdoor furniture; lights and lighting stanchions; public telephones; public restrooms; permitted temporary exhibitions; permitted awnings, canopies or marquees; permitted freestanding #signs#; play equipment; exterior wall thickness added pursuant to Section 33-23 (Permitted Obstructions in Required Yards or Rear Yard Equivalents); permitted kiosks and open-air cafes; stages; subway station entrances, which may include escalators; and drinking fountains.

However, an area occupied in aggregate by such permitted obstruction shall not exceed the maximum percentage cited in paragraph (b) of this Section. In addition, certain of the obstructions listed in this paragraph, (a), shall not be permitted within the sidewalk frontage of a #public plaza#, as described in Section 37-721 (Sidewalk frontage).

- (b) Permitted obstructions may occupy a maximum percentage of the area of a #public plaza#, as follows:

For #public plazas# less than 10,000 square feet in area: 40 percent

For #public plazas# less than 10,000 square feet in area with a permitted open air cafe: 50 percent

For #public plazas# 10,000 square feet or more in area: 50 percent

For #public plazas# 10,000 square feet or more in area with a permitted open-air cafe: 60 percent.

The area of permitted obstructions shall be measured by outside dimensions. Obstructions that are non-permanent or moveable, such as moveable chairs, open air cafes, or temporary exhibitions shall be confined within gross areas

designated on the site plan, and not measured as individual pieces of furniture.

Trees planted flush-to-grade in accordance with the provisions of Section 37-742 (Planting and trees) and tree canopies do not count as obstructions for the purpose of calculating total area occupied by permitted obstructions. Planting beds and their retaining walls for trees count as obstructions, except that lawn, turf or grass areas intended for public access and seating shall not count as obstructions, provided such lawns do not differ in elevation from the adjoining #public plaza# elevation by more than six inches. Exterior wall thickness added pursuant to Section 33-23 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) in any #publicly accessible open area# or #public plaza# built prior to April 30, 2012, shall not count as obstructions for the purpose of calculating total area occupied by permitted obstructions.

(c) Canopies, awnings, marquees and sun control devices

(1) Entrances to #buildings# located within a #public plaza# may have a maximum of one canopy, awning or marquee, provided that such canopy, awning or marquee:

(i) has a maximum area of 250 square feet;

(ii) does not project into the #public plaza# more than 15 feet when measured perpendicular to the #building# facade;

(iii) is located a minimum of 15 feet above the level of the #public plaza# adjacent to the #building# entrance; and

(iv) does not contain vertical supports.

Such canopies, awnings, and marquees shall be designed to provide maximum visibility into the #public plaza# from adjoining #streets# and the adjacent #building#. However, canopies, awnings, and marquees associated with entrances to #buildings# containing #residences# located within a #public plaza# may project more than 15 feet into the #public plaza# and contain vertical supports if they are located entirely within 10 feet of the edge of the #public plaza#.

(2) Sun control devices may be located within a #public plaza#, provided that all such devices:

- (i) shall be located above the level of the first #story# ceiling;
 - (ii) shall be limited to a maximum projection of 2 feet, 6 inches;
 - (iii) shall have solid surfaces that, in aggregate, cover an area no more than 20 percent of the area of the #building# wall (as viewed in elevation) from which they project; and
 - (iv) may rise above the permitted #building# height, up to the height of a parapet wall or guardrail, pursuant to Section 33-42 (Permitted Obstructions);
- (d) Prohibition of garage entrances, driveways, parking spaces, loading berths, exhaust vents, mechanical equipment and #building# trash storage facilities

No garage entrances, driveways, parking spaces, passenger drop offs or loading berths shall be permitted within a #public plaza#. No #building# trash storage facilities are permitted within an #public plaza#, nor shall any #building# trash storage facility be accessed or serviced through the #public plaza#. If garage entrances, parking spaces, passenger drop offs, driveways, loading berths or #building# trash storage facilities are located near or adjoin a #public plaza#, they shall be separated from it by a barrier sufficient to substantially conceal these facilities and any vehicles therein when viewed from any point in the #public plaza#.

No exhaust vents or mechanical equipment are permitted on any #public plaza# or on any #building# wall fronting upon the #public plaza#, unless such exhaust vents are more than 15 feet above the level of the adjacent #public plaza#. All exhaust vents and mechanical equipment located adjacent to a #public plaza# shall be separated from it by a barrier sufficient to substantially, visually and audibly, conceal their presence and operation. Air intake vents or shafts shall be permitted within a #public plaza# provided that such vents are concealed from public view by planting or other design features and that such vents do not impair visibility within the #public plaza# area.

(10/17/07)

37-727

Hours of access

All #public plazas# shall be accessible to the public at all times, except where the City Planning Commission has authorized a nighttime closing, pursuant to the provisions of this Section.

In all districts, the City Planning Commission may authorize the closing during certain nighttime hours of an existing or new #publicly accessible open area#, if the Commission finds that:

- (a) such existing #publicly accessible open area# has been open to the public a minimum of one year or there are significant operational or safety issues documented, or for new #public plazas# significant safety issues have been documented and provided as part of the application for authorization of nighttime closing;
- (b) such closing is necessary for public safety within the #publicly accessible open area# and maintenance of the public open areas as documented by the applicant;
- (c) the layout and design of the #publicly accessible open area# will promote public use and free and easy pedestrian circulation throughout the space;
- (d) any approved design element that limits public access, as specified in paragraph (e) of this Section, shall not impede public circulation, visual or physical access within the #publicly accessible open area# or between the #publicly accessible open area# and other public areas during hours of public operation;
- (e) a design element that limits public access shall:
 - (1) be of a design that is integrated with the design of the #publicly accessible open area# in a manner that would promote the attractiveness of the space for public use and enjoyment;
 - (2) not exceed five feet in height;
 - (3) be fully removed from the #publicly accessible open area# during the hours of public access; however, barriers not to exceed 3 feet, 6 inches in height may have posts or supports that remain during the hours of public access provided that such posts or supports do not exceed six inches in width;
 - (4) not involve stanchions or cabinets for barrier storage

located with the #publicly accessible open area#, except for stanchions or cabinets located at the edges of the #publicly accessible open area#;

- (5) not inhibit or diminish access to the #publicly accessible open area# nor impede pedestrian circulation into, through, or along the frontage of the #publicly accessible open area#, and not obstruct access during the hours of public access; and
- (6) be substantially transparent;
- (f) public access to the #publicly accessible open area# between the hours of 7:00 a.m. and 10:00 p.m. from April 15 to October 31 and from 7:00 a.m. to 8:00 p.m. from November 1 to April 14, or a schedule specified by the Commission, is assured by appropriate legal documents and that an hours of access plaque shall be affixed to the enclosure or barrier which shall indicate the hours of public access to the #publicly accessible open area#, as specified in Section 37-751, paragraph (c). However, if an open-air cafe or kiosk is located within the #publicly accessible open area#, such #publicly accessible open area# shall remain open to the public during the hours of operation of the open air cafe or kiosk;
- (g) plans have been submitted that demonstrate that, where appropriate, the #publicly accessible open area# will be improved, to the maximum extent feasible, in accordance with the standards set forth for #public plazas#;
- (h) a program for continuing maintenance of the #publicly accessible open area# has been established in accordance with Section 37-77.

In order to promote increased public use of the public open areas, the Commission may require, or the applicant may request, additional improvements to the existing #publicly accessible open area#, including, where appropriate, amenities such as kiosks or open air cafes as described in Section 37-73. In no event shall any #publicly accessible open area# be reduced in size.

All applications for nighttime closings of #publicly accessible open areas# filed with the Commission shall include a detailed site plan or plans indicating compliance with the provisions of this Section, including but not limited to materials, dimensions, and configuration or any design element that limits public access, the storage location for the design element that limits public access during the hours of public operation of the #public plaza#, and the hours of the #publicly accessible open area's#

accessibility to the public. All such plans for #publicly accessible open areas#, once authorized, shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument providing notice of the authorization pursuant to this Section. The form and contents of the legal instrument shall be satisfactory to the Commission, and the filing and recording of such instrument shall be a precondition for the nighttime closing of any #publicly accessible open area#. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot#, issued after the recording date.

The land use application for an authorization under this Section shall be sent to the applicable Community Board, local Council Member and Borough President. If the Community Board, local Council Member or Borough President elects to comment on such application, it must be done within 45 days of receipt of such application.

The Commission shall file any such authorization with the City Council. The Council, within 20 days of such filing, may resolve by majority vote to review such authorization. If the Council so resolves, within 50 days of the filing of the Commission's authorization, the Council shall hold a public hearing and may approve or disapprove such authorization. If, within the time periods provided for in this Section, the Council fails to act on the Commission's authorization, the Council shall be deemed to have approved such authorization.

(6/10/09)

37-728

Standards of accessibility for persons with disabilities

All #public plazas# shall conform with applicable laws pertaining to access for persons with disabilities regardless of whether the #building# associated with the #public plaza# is existing or new.

(6/10/09)

37-73

Kiosks and Open Air Cafes

Kiosks and open air cafes may be placed within a #publicly accessible open area# upon certification, pursuant to this

Section. Such features shall be treated as permitted obstructions. Only #uses# permitted by the applicable district regulations may occupy #publicly accessible open areas# or front on #publicly accessible open areas#.

(a) Kiosks

Where a kiosk is provided, it shall be a one-story temporary or permanent structure that is substantially open and transparent as approved by the Department of Buildings in conformance with the Building Code. Kiosks, including roofed areas, shall not occupy an area in excess of 100 square feet per kiosk. One kiosk is permitted for every 5,000 square feet of #publicly accessible open area#, exclusive of areas occupied by other approved kiosks or open air cafes. Kiosk placement shall not impede or be located within any pedestrian circulation path. Any area occupied by a kiosk shall be excluded from the calculation of #floor area#. Kiosks may be occupied only by #uses# permitted by the applicable district regulations such as news, book or magazine stands, food or drink service, flower stands, information booths, or other activities that promote the public use and enjoyment of the #publicly accessible open area#. Any kitchen equipment shall be stored entirely within the kiosk.

Kiosks must be in operation and provide service a minimum of 225 days per year. However, kiosks may operate for fewer days in accordance with conditions set forth in paragraph (c) of this Section.

Notwithstanding the provisions of Section 32-41 (Enclosure within Buildings), outdoor eating services or #uses# occupying kiosks may serve customers in a #publicly accessible open area# through open windows.

(b) Open air cafes

Where an open air cafe is provided, it shall be a permanently unenclosed restaurant or eating or drinking place, permitted by applicable district regulations, which may have waiter or table service, and shall be open to the sky except that it may have umbrellas, temporary fabric roofs with no vertical supports in conformance with the Building Code, and removable heating lamps. Open air cafes shall occupy an aggregate area not more than 20 percent of the total area of the #publicly accessible open area#. #Publicly accessible open areas# less than 10 feet in width that are located between separate sections of the same open air cafe or between sections of an open air cafe and a kiosk

that provides service for such cafe must be included in the calculation of the maximum aggregate area of the open air cafe. Open air cafes shall be located along the edge of the #publicly accessible open area#, except for open air cafes located within #publicly accessible open areas# greater than 30,000 square feet in area. Open air cafes may not occupy more than one third of any #street# frontage of the #publicly accessible open area# and may not contain any required circulation paths. An open air cafe must be accessible from all sides where there is a boundary with the remainder of the #publicly accessible open area#, except where there are planters or walls approved pursuant to a prior certification for an open air cafe. Subject to the foregoing exception, fences, planters, walls, fabric dividers or other barriers that separate open air cafe areas from the #publicly accessible open area# or sidewalk are prohibited. All furnishings of an open air cafe, including tables, chairs, bussing stations, and heating lamps, shall be completely removed from the #publicly accessible open area# when the open air cafe is not in active use, except that tables and chairs may remain in the #publicly accessible open area# if they are unsecured and may be used by the public without restriction. No kitchen equipment shall be installed within an open air cafe; kitchen equipment, however, may be contained in a kiosk adjoining an open air cafe. An open air cafe qualifying as a permitted obstruction shall be excluded from the definition of #floor area#.

The exterior corners of the border of the space to be occupied by an open air cafe shall be marked on the ground by a line painted with white latex traffic or zone marking paint. The line shall be one inch wide and three inches in length on each side of the cafe border from the point where the borders intersect at an angled corner. In addition, a line one inch wide and three inches long shall be marked on the ground at intervals of no more than five feet starting from the end point of the line marking the cafe corners.

Open air cafes must be in operation and provide service a minimum of 225 days per year.

Open air cafes shall be located at the same elevation as an adjoining #public plaza# and sidewalk area, except for platforms that shall not exceed six inches in height.

(c) Certification

Kiosks and open air cafes may be placed within the area of a #publicly accessible open area# upon certification by the

Chairperson of the City Planning Commission to the Commissioner of Buildings, that:

- (1) such #use# promotes public use and enjoyment of the #publicly accessible open area#;
- (2) such #use# complements desirable #uses# in the surrounding area;
- (3) the owner of such #use# or the #building# owner shall be responsible for the maintenance of such kiosk or open air cafe, which shall be located within areas designated on building plans as available for occupancy by such #uses# and no encroachment by a kiosk or open air cafe outside an area so designated shall be permitted;
- (4) such #use# does not adversely impact visual and physical access to and throughout the #publicly accessible open area#;
- (5) such #use#, when located within a #public plaza#, is provided in accordance with all the requirements set forth in this Section;
- (6) for kiosks and open air cafes located within an existing #publicly accessible open area#, such #use# is proposed as part of a general improvement of the #publicly accessible open area# where necessary, including as much landscaping and public seating as is feasible, in accordance with the standards for #public plazas#;
- (7) a #sign# shall be provided in public view within the cafe area indicating the days and hours of operation of such cafe; and
- (8) for kiosks that are in operation less than 225 days per year, an off-season plan has been submitted to the Chairperson showing that such kiosks will be completely removed from the #publicly accessible open area# when not in operation, that the area previously occupied by the kiosk is returned to public use and such area is in compliance with the applicable #publicly accessible open area# design standards.

(d) Process

An application for certification shall be filed with the Chairperson of the City Planning Commission, and the

Chairperson shall furnish a copy of the application for such certification to the affected Community Board at the earliest possible stage. The Chairperson will give due consideration to the Community Board's opinion as to the appropriateness of such a facility in the area and shall respond to such application for certification within 60 days of the application's receipt.

The Chairperson shall file any such certification with the City Council. The Council, within 20 days of such filing, may resolve by majority vote to review such certification. If the Council so resolves, within 50 days of the filing of the Chairperson's certification, the Council shall hold a public hearing and may approve or disapprove such certification. If, within the time periods provided for in this Section, the Council fails to act on the Chairperson's certification, the Council shall be deemed to have approved such certification.

Such certification shall be effective for a period of three years.

All applications for the placement of kiosks or open air cafes shall include a detailed site plan or plans indicating compliance with the provisions of this Section, including the layout and number of tables, chairs, restaurant equipment and heating lamps, as well as the storage location for periods when the kiosk or open air cafe is closed. Where a kiosk or open air cafe is to be located within an existing #publicly accessible open area#, each kiosk or open air cafe application must be accompanied by a compliance report in accordance with the requirements of Section 37-78, paragraph (c).

Where design changes to #publicly accessible open areas# are necessary in order to accommodate such kiosk or open air cafe, or to comply with paragraph (c)(6) of this Section, a certification pursuant to Section 37-625 (Design changes) shall be required.

All such plans for kiosks or open air cafes, once certified, shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument providing notice of the certification for the kiosk or open air cafe, pursuant to this Section. The form and contents of the legal instrument shall be satisfactory to the Chairperson, and the filing and recording of such instrument shall be a precondition for the placement of the kiosk or open air cafe within the #publicly accessible open area#.

(10/17/07)

37-74

Amenities

All #public plazas# shall provide amenities, as listed in Sections 37-741 through 37-748, inclusive. All required amenities shall be considered permitted obstructions within the #public plaza#.

(6/10/09)

37-741

Seating

Standards for seating within #public plazas# are intended to facilitate the provision of abundant, comfortable and accessible seating throughout the #public plaza#, including, more specifically, as follows:

- (a) to provide a broad variety of seating types and configurations;
- (b) to accommodate individual users engaged in solitary activities as well as groups engaged in social activities;
- (c) to provide a comfortable and safe seating surface by providing smooth, even and level surfaces with rounded edges;
- (d) to incorporate, to the maximum extent possible, a combination of fixed benches, moveable chairs, seating with backs, seat walls and ledges, and seating steps;
- (e) to provide ample opportunity for social seating as a basic seating type that consists of seats that are placed in close proximity and at angles to one another or in facing configurations that facilitate social interaction.

There shall be a minimum of one linear foot of seating for each 30 square feet of #public plaza# area.

A minimum of one linear foot of the required seating for every two linear feet of #street# frontage must be located within 15 feet of the #street line#. At least 50 percent of this seating

shall have backs and at least 50 percent of the seats with backs shall face the #street#.

Seating requirements may be satisfied by the following seating types: moveable seating, fixed individual seats, fixed benches with and without backs, and design-feature seating such as seat walls, planter ledges, or seating steps. All #public plazas# shall provide at least two different types of seating. #Public plazas# greater than 5,000 square feet in area shall provide at least three different types of seating. #Public plazas# greater than 10,000 square feet in area must provide moveable seating as one of the required seating types.

Not more than 50 percent of the linear seating capacity may be in moveable seats that may be stored between the hours of sunset and sunrise, where the City Planning Commission has authorized a limitation on the hours of access pursuant to Section 37-727.

Devices or forms affixed or incorporated into planter ledges, steps, sills, or other horizontal surfaces that would otherwise be suitable for seating that are intended to prevent or inhibit seating (such as spikes, metal bars, or pointed, excessively rough, or deliberately uncomfortable materials or forms) shall be prohibited.

Deterrents to skateboards, rollerblades and other wheeled devices are permitted on seating surfaces if they do not inhibit seating, maintain a minimum distance of five feet between deterrents, and are integrated into the seating surface at the time of manufacture or construction or should be constructed of materials that are consistent with the materials and finish quality of the seating surface.

The following standards shall be met for all required seating:

- (1) Seating shall have a minimum depth of 18 inches. Seating with 36 inches or more in depth may count towards two seats, provided there is access to both sides. When required seating is provided on a planter ledge, such ledge must have a minimum depth of 22 inches.
- (2) Seating shall have a height not less than 16 inches nor greater than 20 inches above the level of the adjacent walking surface. However, as described in paragraph (5) of this Section, seating steps may have a height not to exceed 30 inches and seating walls may have a height not to exceed 24 inches.
- (3) At least 50 percent of the linear feet of fixed seating shall have backs at least 14 inches high and a maximum seat

depth of 20 inches. Walls located adjacent to a seating surface shall not count as seat backs. All seat backs must either be contoured in form for comfort or shall be reclined from vertical between 10 to 15 degrees.

- (4) Moveable seating or chairs, excluding seating for open air cafes, may be credited as 24 inches of linear seating per chair. Moveable seating provided as a required amenity shall be provided in the amount of one chair per 200 square feet of #public plaza# area. One table shall be provided for every four such moveable chairs.

All moveable seats must have backs and a maximum seat depth of 20 inches. Moveable chairs shall not be chained, fixed, or otherwise secured while the #public plaza# is open to the public; moveable chairs, however, may be removed during the nighttime hours of 9:00 pm to 7:00 am.

- (5) Seating steps and seating walls may be used for required seating if such seating does not, in aggregate, represent more than 15 percent of the linear feet of required seating in the #public plaza#. Seating steps shall not include any steps intended for circulation and must have a height not less than six inches nor greater than 30 inches and a depth not less than 18 inches. Seating walls shall have a height not greater than 18 inches; such seating walls, however, may have a height not to exceed 24 inches if they are located within 10 feet of an edge of the #public plaza#.
- (6) Seating in open air cafes shall not count towards meeting the seating requirement of this Section.
- (7) Seats that face walls must be a minimum of six feet from such wall.

(6/10/09)

37-742

Planting and trees

The provisions of this Section are intended to facilitate a combination of landscaping elements in order to provide comfort, shade and textural variety.

At least 20 percent of the area of a #public plaza# shall be comprised of planting beds with a minimum dimension of two feet, exclusive of any bounding walls.

All #public plazas# shall provide a minimum of four trees. For a #public plaza# greater than 6,000 square feet in area, an additional four caliper inches in additional trees or multi-stemmed equivalents must be provided for each additional 1,000 square feet of #public plaza# area, rounded to the nearest 1,000 square feet.

For all #public plazas#, at least 50 percent of required trees shall be planted flush-to-grade or planted at grade within planting beds with no raised curbs or railings. Trees planted flush-to-grade shall be surrounded by a porous surface (such as grating or open-joint paving) that allows water to penetrate into the soil for a minimum radius of 2 feet, 6 inches. Such porous surface shall be of sufficient strength and density to accommodate pedestrian circulation, including all requirements related to accessibility for the disabled, and shall be of a design that allows for tree growth. Installed fixtures such as lighting stanchions, electrical outlets or conduits shall not be located within the required porous area of any tree planted flush-to-grade.

Where trees are planted within a #public plaza#, they shall measure at least four inches in caliper at the time of planting, unless alternative, multi-stemmed equivalents are specified in the approved planting plans. Each tree shall be planted in at least 200 cubic feet of soil with a depth of soil of at least 3 feet, 6 inches.

Planting beds shall have a soil depth of at least eighteen inches for grass or other ground cover, three feet for shrubs and 3 feet, 6 inches for trees. No planters or planting beds shall have bounding walls that exceed 18 inches in height above an adjacent walking surface or the highest adjacent surface where the bounding wall adjoins two or more walking surfaces with different elevations. Any planting bed containing required trees shall have a continuous area of at least 75 square feet for each tree exclusive of bounding walls. Furthermore, each tree located within a planting bed shall be surrounded by a continuous permeable surface measuring at least five feet square. Any lawns or turf grass planting beds shall not exceed six inches above any adjacent walking surfaces.

All planted areas shall either be automatically irrigated or shall consist of species that do not require regular watering.

All planted areas located above subsurface structures such as #cellars# or garages shall have drainage systems to prevent collection and pooling of water within planted areas.

#Street# trees are required to be planted in the public sidewalk

area adjacent to a #zoning lot# that contains bonus #floor area# for #public plazas# in accordance with Section 26-41 (Street Tree Planting). The length of frontage of the #zoning lot# for the purpose of computing required #street# trees may be reduced by 50 feet for each #street# intersection fronted by the #zoning lot#. If the Department of Parks and Recreation determines that the tree planting requirements of this paragraph are infeasible, the number of required #street# trees that cannot be planted shall be planted in accordance with the off-site tree provisions set forth in Section 26-41 or within the #public plaza#.

(2/2/11)

37-743

Lighting and electrical power

#Public plazas# shall be illuminated to provide for safe use and enjoyment of all areas of the #public plaza#. Special attention should be provided in lighting steps and other changes in elevation and areas under tree canopies and permitted canopies within the #public plaza#.

#Public plazas# shall be illuminated with a minimum level of illumination of not less than two horizontal foot candles (lumens per foot) throughout all walkable and sitting areas, including sidewalks directly adjacent to the #public plaza#, and a minimum level of illumination of not less than 0.5 horizontal foot candles (lumens per foot) throughout all other areas. All lighting sources used to satisfy this illumination requirement shall be located outdoors on the subject #zoning lot#. Such level of illumination shall be maintained from one hour before sunset to one hour after sunrise, including #public plazas# that are authorized to close at night. A lighting schedule, including fixtures, wattage and their locations and designs together with a diagram of light level distribution, with light levels indicated at intervals of no more than every 20 square feet, shall be part of the required detailed design plans. Electrical power shall be supplied by one or more outlets furnishing a total of at least 1,200 watts of power for every 4,000 square feet, or fraction thereof, of the area of a #public plaza#.

All lighting sources that illuminate the #public plaza# and are mounted on or located within #buildings# adjacent to the #public plaza# shall be shielded from direct view. In addition, all lighting within the #public plaza# area shall be shielded to minimize any adverse effect on surrounding #residences#.

(10/17/07)

37-744

Litter receptacles

One litter receptacle shall be provided for every 1,500 square feet of #public plaza# area, up to a maximum of 6,000 square feet. Plazas greater than 6,000 square feet in area must provide an additional litter receptacle for every additional 2,000 square feet of #public plaza# area. #Public plazas# that contain open air cafes or kiosks providing food service shall provide one additional litter receptacle for each 1,500 square feet of #public plaza# area occupied by such outdoor eating area. All litter receptacles must have a volume capacity of at least 25 gallons and shall be located in visible and convenient locations. All top or side openings must have a minimum dimension of 12 inches. Litter receptacles shall be provided within 50 feet of required seating areas in the #public plaza#.

(10/17/07)

37-745

Bicycle parking

All #public plazas# shall provide parking for at least two bicycles. #Public plazas# greater than 10,000 square feet in size must provide parking for at least four bicycles. Bike racks must be provided on the sidewalk directly adjacent to the #public plaza# in accordance with Department of Transportation standards, unless the Department of Transportation has determined that the sidewalk area adjacent to the #public plaza# cannot accommodate the required bicycle parking.

(10/17/07)

37-746

Drinking fountains

A minimum of one drinking fountain shall be provided in all #public plazas#.

(10/17/07)

37-747

Public space signage

Entry and information plaques shall be provided, as described in Section 37-751 (Public space signage systems).

(10/17/07)

37-748

Additional amenities

#Public plazas# between 5,000 and 10,000 square feet in area must provide one of the following additional amenities and #public plazas# greater than 10,000 square feet in area must provide at least three of the following additional amenities. All additional amenities shall be considered permitted obstructions within the #public plaza#.

(a) Artwork

Artwork that is provided as an additional amenity must integrate with the design of the #public plaza#. Artwork shall not interfere with public access, circulation or visual openness within the #public plaza# or between the #public plaza# and adjoining public areas. Artwork may not incorporate addresses, text or logos related to the adjacent #building# or tenants of such #building#;

(b) Moveable tables and chairs, as described in Section 37-741, paragraph (4);

(c) Water features (such as fountains, reflecting pools, waterfalls);

(d) Children's play area;

(e) Equipment provided as part of children's play areas must be designed and constructed in accordance with applicable United States Consumer Products Safety Commission standards and best practices, including installation of protective surfaces and barriers. All barriers surrounding play areas shall be designed to allow for the adequate supervision of children at play and shall in all cases be substantially transparent and no more than 3 feet, 6 inches in height;

(f) Game tables and associated seating; or

(g) Food service, including:

- (1) food service in a retail space directly accessible from the major portion of the #public plaza#; or
- (2) an open air cafe or kiosk, as described in Section 37-73.

#Public plazas# greater than 10,000 square feet in area and associated with a #commercial building# must include a food service as one of the three additional required amenities.

(10/17/07)

37-75 Signs

(6/10/09)

37-751 Public space signage systems

The following public space signage systems shall be required for all #public plazas#:

- (a) Entry plaque

The entry plaque shall be located at each #street# frontage or point of pedestrian entry to the #public plaza#. On each #street# frontage occupied by the #public plaza#, a minimum of one entry plaque shall be provided for every 40 feet of linear #street# frontage occupied by the #public plaza#. The entry plaque shall contain:

- (1) a public space symbol which is 12 inches square in dimension and dark green or black in color with a highly contrasting background, a grid and tree-shaped symbol, as shown in this paragraph, (a)(1). The symbol shall match exactly the symbol provided in the [Required Signage Symbols](#) file at the Department of City Planning website;

(37-53h2.8a1, 37-751a1)

- (2) lettering at least two inches in height stating "OPEN TO PUBLIC." This lettering shall be located immediately adjacent to the public space symbol;
- (3) lettering at least one inch in height stating the words "Open 24 hours" or, if a nighttime closing has been authorized, pursuant to Section 37-727, shall contain the words "Open to the public:" followed by the approved hours of operation; and
- (4) an International Symbol of Access for persons with disabilities that is at least three inches square.

The entry plaque shall be mounted on a wall or a permanent free-standing post within five feet of the sidewalk with its center five feet above the elevation of the nearest walkable pavement. The maximum height of such free-standing post shall be six feet, with a maximum width and depth of 16 inches. It shall be in a position that clearly identifies the entry into the #public plaza#, and placed so that the entire entry plaque is obvious and directly visible, without any obstruction, along every line of sight from all paths of pedestrian access to the #public plaza#.

(b) Information plaque

An information plaque constructed from the same permanent materials as the entry plaque or combined with one or more of the required entry plaques shall be provided. Information plaques shall be mounted on a wall or a permanent free-standing post within five feet of the sidewalk and shall have all required lettering located three feet above the elevation of the nearest walkable pavement. The maximum height of such free-standing post shall be six feet, with a maximum width and depth of 16 inches. The information plaque shall consist of:

- (1) if provided on a separate plaque from a required entry plaque, a public space symbol which is at least six inches square in dimension and dark green or black in

color with a highly contrasting background, a grid and tree-shaped symbol, as shown in paragraph (a)(1) of this Section. The symbol shall match exactly the symbol provided in the [Required Signage Symbols](#) file at the Department of City Planning website.

- (2) if provided on a separate plaque from a required entry plaque, the words, in lettering one-half inch in height, "Open 24 hours" or, if a nighttime closing has been authorized pursuant to Section 37-727, the words, in lettering one-half inch in height, "Open to the public:" followed by the approved hours of operation;
- (3) in lettering three-eighths of an inch in height, the words "This public plaza contains:" followed by the total linear feet of seating, the type and quantity of trees, the number of bike racks, the number of drinking fountains and the number of any additional required amenities, such as moveable seating;
- (4) in lettering three-eighths of an inch in height, the name of the current owner of the #building# and the name, address, phone number and email address of the person designated to maintain the #public plaza#;
- (5) in lettering three-eighths of an inch in height, the statement, "Complaints or Questions: Call 311 and reference the #public plaza# at [insert building address]; and
- (6) the statement, "This public plaza is accessible to persons with disabilities."

(c) Hours of access plaque

On each #street# frontage occupied by the #public plaza# and where the City Planning Commission has authorized a limitation on the hours of access for a #public plaza#, pursuant to the provisions of Section 37-727, a minimum of one hours of access plaque shall be provided for every 40 linear feet of approved barrier that limits public access. The hours of access plaque shall be located on the barrier that limits public access to the #public plaza# and shall consist of:

- (1) a public space symbol which is two inches square in dimension and dark green or black in color with a highly contrasting background, a grid and tree-shaped symbol, as shown in paragraph (a)(1) of this Section. The symbol shall match exactly the symbol provided in

the [Required Signage Symbols](#) file at the Department of City Planning website.

- (2) the statement: "Open to the Public:" followed by the approved hours of operation.

All required public space signage shall be fully opaque, non-reflective and constructed of permanent, highly durable materials such as steel or stone.

All lettering provided on required public space signage shall be in a clear, bold, sans-serif, non-narrow font such as Arial, Helvetica, or Verdana, solid in color with a minimum height of 3/4 inch, unless otherwise specified above, and shall highly contrast with the background color of the #sign#.

(10/17/07)

37-752

Prohibition signs

To ensure a safe and comfortable environment for all #public plaza# users, a maximum of one prohibition or "Rule of Conduct" #sign# may be located within the #public plaza#. Such #sign# shall not exceed one foot square in dimension, may not be freestanding, and shall contain no lettering greater than 3/4 inch in height.

Such #sign# shall not prohibit behaviors that are consistent with the normal public use of the #public plaza# such as lingering, eating, drinking of non-alcoholic beverages or gathering in small groups. No behaviors, actions, or items may be listed on such #sign# that are otherwise illegal or prohibited by municipal, State, or Federal laws.

(6/10/09)

37-753

Accessory signs

A #public plaza# shall be treated as a #street# for the purposes of the applicable #sign# regulations. #Signs#, except for the plaque required by Section 37-751, are permitted only as #accessory# to #uses# permitted within the #public plaza# and #uses# adjoining the #public plaza#, and are otherwise regulated

by the applicable district regulations set forth in Section 32-60 (SIGN REGULATIONS), except as provided below:

- (a) each establishment fronting on the #public plaza# shall be permitted to have not more than one #sign# affixed to the #building# wall fronting on the #public plaza#;
- (b) all #signs# shall be non-#illuminated#;
- (c) all #signs# shall contain only the #building# or establishment name and address;
- (d) all #signs accessory# to retail #uses# affixed to #building# walls may not exceed four square feet in size;
- (e) not more than three #accessory signs# may be located within the #public plaza#, of which one may be freestanding. All such #signs#, including structures to which they are affixed, shall not be higher than three feet above the level of the adjoining public access area. Such #signs# shall not exceed an area of two square feet. In addition, no portion of such #sign#, including structures to which they are affixed, shall exceed a width of 16 inches facing a #street#, and 24 inches when not facing a #street#. For #corner public plazas#, such limitations shall apply to only one #street# frontage. If such #sign# is associated with a #building# used for office #use#, such #sign# shall contain only the names of principal building tenants and shall also contain the public space symbol as described in Section 37-751 and the words "Open to Public" in lettering at least two inches in height; and
- (f) all #signs# located on permitted canopies or awnings within the #public plaza# shall contain only the #building# or establishment name and shall not exceed a height of one foot.

(6/10/09)

37-76

Mandatory Allocation of Frontages for Permitted Uses

- (a) Ground floor level uses

At least 50 percent of the total frontage of all new #building# walls fronting on a #public plaza#, or fronting on an #arcade# adjoining a #public plaza#, exclusive of such frontage occupied by #building# lobbies and frontage used

for subway access, shall be allocated for occupancy at the ground floor level by retail or service establishments permitted by the applicable district regulations but not including #uses# in Use Groups 6B, 6E, 7C, 8C, 9B, 10B, 11 and 12D, or banks, automobile showrooms or plumbing, heating or ventilating equipment showrooms. In addition, libraries, museums and art galleries shall be permitted. All such #uses# shall:

- (1) be directly accessible from the major portion of the #public plaza#, an adjoining #arcade#, or a #street# frontage shared by the establishment and the #public plaza#;
- (2) have a minimum depth of 15 feet, measured perpendicular to the wall adjoining the #public plaza#; and
- (3) occupy such frontage for the life of the increased #floor area# of the bonused #development#.

The remaining frontage may be occupied by other #uses#, lobby entrances or vertical circulation elements, in accordance with the district regulations.

As an alternative, where retail or service establishments located in an existing #building# front upon a #public plaza# or an #arcade# adjoining a #public plaza#, at least 50 percent of the total frontage of all #building# walls fronting on the #public plaza#, or fronting on an #arcade# adjoining a #public plaza#, exclusive of such frontage occupied by #building# lobbies and frontage used for subway access, shall be allocated for occupancy at the ground floor level by retail or service establishments permitted by the applicable district regulations but not including #uses# in Use Groups 6B, 6E, 7C, 8C, 9B, 10B, 11 and 12D, or banks, automobile showrooms or plumbing, heating or ventilating equipment showrooms. In addition, libraries, museums and art galleries shall be permitted. All such #uses# shall comply with the provisions of paragraphs (a)(1), (a)(2) and (a)(3) of this Section.

(b) Public entrances

A public entrance to the principal use of the #building# associated with the #public plaza# shall be located within 10 feet of the major portion of the #public plaza#. Frontage on the #public plaza# that is occupied by a #building# entrance or lobby shall not exceed 60 feet or 40 percent of the total aggregate frontage of the new #building# walls on the major and minor portions of the #public plaza#,

whichever is less, but in no case shall #building# entrances or lobbies occupy less than 20 feet of frontage on the #public plaza#.

(c) Transparency

All new #building# walls fronting on the major and minor portions of the #public plaza# shall be treated with clear, untinted transparent material for 50 percent of the surface area below 14 feet above the #public plaza# level, or the ceiling level of the ground floor of the #building#, whichever is lower. Any non-transparent area of a new or existing #building# wall fronting on the major or minor portion of a #public plaza# shall be treated with a decorative element or material or shall be screened with planting to a minimum height of 15 feet above the #public plaza#.

(6/10/09)

37-77

Maintenance

The #building# owner shall be responsible for the maintenance of the #public plaza# including, but not limited to, the location of permitted obstructions pursuant to Section 37-726, litter control, management of pigeons and rodents, maintenance of required lighting levels, and the care and replacement of furnishings and vegetation within the #zoning lot#.

(2/2/11)

37-78

Compliance

(a) Building permits

No foundation permit shall be issued by the Department of Buildings for any #development# or #enlargement# that includes a #public plaza#, nor shall any permit be issued by the Department of Buildings for any change to a #plaza#, #residential plaza# or #urban plaza# without certification by the Chairperson of the City Planning Commission of compliance with the provisions of Sections 37-625 or 37-70, as applicable.

An application for such certification shall be filed with the Chairperson showing the plan of the #zoning lot#; a site plan indicating the area and dimensions of the proposed #public plaza# and the location of the proposed #development# or #enlargement# and all existing #buildings# temporarily or permanently occupying the #zoning lot#; computations of proposed #floor area#, including bonus #floor area#; and a detailed plan or plans prepared by a registered landscape architect, including but not limited to a furnishing plan, a planting plan, a signage plan, a lighting/photometric plan and sections and elevations, as necessary to demonstrate compliance with the provisions of Sections 37-625 or 37-70, as applicable.

All plans for #public plazas# or other #publicly accessible open areas# that are the subject of a certification pursuant to Section 37-625 shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument, in a form satisfactory to the Chairperson, providing notice of the certification of the #public plaza#, pursuant to this Section. Such filing and recording of such instrument shall be a precondition to certification. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date. No temporary or final certificate of occupancy shall be issued for any bonus #floor area# generated by a #public plaza# unless and until the #public plaza# has been substantially completed in accordance with the approved plans, as verified by the Department of City Planning and certified to the Department of Buildings.

Notwithstanding any of the provisions of Section 11-33 (Building Permits for Minor or Major Development or Other Construction Issued Before Effective Date of Amendment), any #residential plaza# or #urban plaza# for which a certification was granted pursuant to Article II, Chapter 3, or Article III, Chapter 7, between June 4, 2005 and June 4, 2007, and any #public plaza# for which a certification was granted prior to June 10, 2009, may be provided in accordance with the regulations in effect on the date of such certification.

(b) Periodic compliance reporting

No later than June 30 of the year, beginning in the third calendar year following the calendar year in which certification was made and at three year intervals thereafter, the Director of the Department of City Planning

and the affected Community Board shall be provided with a report regarding compliance of the #publicly accessible open area# with the regulations of Sections 37-625 or 37-70, as applicable, as of a date of inspection which shall be no earlier than May 15 of the year in which the report is filed. Such report shall be provided by a registered architect, landscape architect or professional engineer, in a format acceptable to the Director and shall include, without limitation:

- (1) a copy of the original #public plaza# or design change certification letter and, if applicable, any approval letter pertaining to any other authorization or certification pursuant to this Chapter;
- (2) a statement that the #publicly accessible open area# has been inspected by such registered architect, landscape architect or professional engineer and that such open area is in full compliance with the regulations under which it was approved as well as the approved plans pertaining to such open area and, if applicable, the requirements of any other authorization or certification pursuant to this Chapter, or non-compliance with such regulations and plans;
- (3) an inventory list of amenities required under the regulations under which the #publicly accessible open area# was approved and the approved plans pertaining to such open area and, if applicable, the requirements of any other authorization or certification pursuant to Section 37-70, together with an identification of any amenity on such inventory list for which inspection did not show compliance, including whether such amenities are in working order, and a description of the non-compliance;
- (4) photographs documenting the condition of the #publicly accessible open area# at the time of inspection, sufficient to indicate the presence or absence, either full or partial, of the amenities on the inventory list of amenities.

The report submitted to the Director of the Department of City Planning shall be accompanied by documentation demonstrating that such report has also been provided to the affected Community Board.

Compliance reporting pursuant to this paragraph, (b), shall be a condition of all certifications granted pursuant to Section 37-70.

(c) Compliance reports at time of application

Any application for a certification or authorization involving an existing #publicly accessible open area# shall include a compliance report in the format required under paragraph (b) of this Section, based upon an inspection of the #publicly accessible open area# by a registered architect, landscape architect or professional engineer conducted no more than 45 days prior to the filing of such application.

The following conditions may constitute grounds to disapprove the application for certification or authorization:

- (1) such report shows non-compliance with the regulations under which the #publicly accessible open area# was approved, conditions or restrictions of a previously granted certification or authorization, or with the approved plans pertaining to such #publicly accessible open area#; or
- (2) the #publicly accessible open area# has been the subject of one or more enforcement proceedings for which there have been final adjudications of a violation with respect to any of the foregoing.

In the case of a certification, the Chairperson, or in the case of an authorization, the Commission, may, in lieu of disapproval, accept a compliance plan for the #publicly accessible open area#, which plan shall set forth the means by which future compliance will be ensured.

(d) Failure to comply

Failure to comply with a condition or restriction in an authorization or certification granted pursuant to Section 37-70 or with approved plans related thereto, or failure to submit a required compliance report, shall constitute a violation of this Resolution and may constitute the basis for denial or revocation of a building permit or certificate of occupancy, or for a revocation or such authorization or certification, and for all other applicable remedies.

(e) Special regulations for an #urban plaza# in the #Special Lower Manhattan District#

In addition, the Chairperson of the City Planning Commission may certify any #urban plaza# that is the subject of

application N070416ZCM, filed in conjunction with application C070415ZSM, and such #urban plaza# may be provided in accordance with the regulations of Section 37-04, inclusive, in effect on April 23, 2007, as modified by the special regulations for such #urban plaza# as set forth in Article IX, Chapter 1 (Special Lower Manhattan District) and in the following provisions:

- (1) #Floor area# bonus for an #urban plaza# in the #Special Lower Manhattan District#

A #floor area# bonus for such #urban plaza#, pursuant to Section 91-22, may be permitted for a #development# or #enlargement# located within 50 feet of the #street line# of a #street# subject to the regulations for #street wall# continuity Type 2B.

- (2) #Street wall# regulations for an #urban plaza# in the #Special Lower Manhattan District#

The #street wall# regulations for #street wall# continuity "Type 2" in the #Special Lower Manhattan District# shall be superseded by #street wall# continuity Types 2A and 2B as indicated on Map 2 in Appendix A of Article IX, Chapter 1.

(2/2/11)

37-80

ARCADES

The provisions of this Section shall apply to all #developments# an #enlargements# containing an #arcade# that qualifies for a #floor area# bonus pursuant to Sections 24-15, 33-14 or 43-14.

An #arcade# shall be #developed# as a continuous covered space extending along a #street line#, or #publicly accessible open area#. An #arcade# shall be open for its entire length to the #street line# or #publicly accessible open area#, except for #building# columns, and unobstructed to a height of not less than 12 feet, and either:

- (a) have a depth not less than 10 feet nor more than 30 feet measured perpendicular to the #street line# or boundary of the #publicly accessible open area# on which it fronts, and extend for at least 50 feet, or the full length of the #street line# or boundary of the #publicly accessible open area# on which it fronts, whichever is the lesser distance;

or

- (b) on a #corner lot#, is bounded on two sides by the two intersecting #street lines#, and has an area of not less than 500 square feet and a minimum dimension of 10 feet.

Such an #arcade# shall not at any point be above the level of the #street#, or #publicly accessible open area# that it adjoins, whichever is higher. Any portion of an #arcade# occupied by #building# columns shall be considered to be part of the area of the #arcade# for the purposes of computing a #floor area# bonus.

No off-street parking spaces, passenger drop offs, driveways or off-street loading berths are permitted anywhere within an #arcade# or within 10 feet of any bonusable portion thereof. By certification, the Commission may permit such activity in the immediate vicinity of an #arcade# provided such activity will not adversely affect the functioning of the #arcade#. In no event shall such vehicular areas be eligible for an #arcade# bonus.

#Arcades# shall be accessible to the public at all times.

(11/28/07)

37-90 PARKING LOTS

(2/2/11)

37-91 Applicability

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, the provisions of Section 37-90 (PARKING LOTS), inclusive, shall apply to open parking areas that contain 18 or more spaces or are greater than 6,000 square feet in area, as follows:

- (a) #developments# with #accessory# open parking areas in which 70 percent or more of the #floor area# on the #zoning lot# is occupied by a #commercial# or #community facility use#;
- (b) #enlargements# of a #building# with #accessory# open parking areas or the #enlargement# of an open parking area, that result in an increase in:

- (1) a total number of parking spaces #accessory# to #commercial# or #community facility uses# on the #zoning lot# that is at least 20 percent greater than the number of such spaces existing on November 28, 2007; or
 - (2) a total amount of #floor area# on the #zoning lot# that is at least 20 percent greater than the amount of #floor area# existing on November 28, 2007, and where at least 70 percent of the #floor area# on the #zoning lot# is occupied by #commercial# or #community facility uses#; and
- (c) existing #buildings# with new #accessory# open parking areas in which 70 percent or more of the #floor area# on the #zoning lot# is occupied by a #commercial# or #community facility use#.

All #public parking lots# shall comply with the provisions of Section 37-921 (Perimeter landscaping).

The provisions of Section 37-90, inclusive, shall not apply to surface parking located on the roof of a #building#, indoor parking garages, #public parking garages#, structured parking facilities, or #developments# in which at least 70 percent of the #floor area# or #lot area# on a #zoning lot# is used for automotive #uses# listed in Use Groups 9 or 16.

For the purposes of Section 37-90, inclusive, an "open parking area" shall mean that portion of a #zoning lot# used for the parking or maneuvering of vehicles, including service vehicles, which is not covered by a #building#. Open parking areas shall also include all landscaped areas required pursuant to this Section within and adjacent to the open parking area.

Notwithstanding the provisions of this Section, where parking requirements are waived pursuant to Sections 25-33, 36-23 or 44-23, as applicable, on #zoning lots# subdivided after November 28, 2007, and parking spaces #accessory# to #commercial# or #community facility uses# or curb cuts accessing #commercial# or #community facility uses# are shown on the site plan required pursuant to Section 36-58, the provisions of Section 37-921 (Perimeter landscaping) shall apply.

A detailed plan or plans prepared by a registered landscape architect demonstrating compliance with the provisions of Section 37-90, inclusive, shall be submitted to the Department of Buildings. Such plans shall include grading plans, drainage plans and planting plans, and sections and elevations as necessary to

demonstrate compliance with the provisions of this Section.

Any application for a special permit certified by the Department of City Planning or application for an authorization referred by the Department of City Planning for public review prior to November 28, 2007, may be continued pursuant to the regulations in effect at the time of certification or referral and, if granted by the City Planning Commission and, where applicable, the City Council, may be #developed# or #enlarged# pursuant to the terms of such permit or authorization, including minor modifications thereto and, to the extent not modified under the terms of such permit or authorization, in accordance with the regulations in effect at the time such application was certified or referred for public review.

(11/28/07)

37-92

Landscaping

(2/2/11)

37-921

Perimeter landscaping

All open parking areas with 18 spaces or more or 6,000 square feet or more in area that front upon a #street# shall be screened at the #street line# by a perimeter landscaped area at least seven feet in width measured perpendicular to the #street line#. Such perimeter landscaped area may be interrupted only by vehicular entrances and exits. Walkways may also traverse the perimeter landscaped area in order to provide a direct connection between the public sidewalk and a walkway within or adjacent to the open parking area. In the event a perimeter landscaped area is greater than seven feet in width, the first seven feet adjacent to the open parking area must comply with paragraphs (a) and (b) of this Section. The remainder of the landscaped perimeter area may comply with paragraphs (a) and (b) or be comprised of any combination of grass, groundcover, shrubs, trees or other living plant material.

The perimeter landscaped area shall comply with the following requirements:

- (a) Grading, drainage and soil

The open parking area shall be graded to allow stormwater runoff to drain into all required perimeter landscaped areas and planting islands required pursuant to Section 37-922 (Interior landscaping). The perimeter landscaped area shall be comprised of soil with a depth of at least two and a half feet measured from the adjoining open parking area. Beneath such soil, filter fabric and one foot of gravel shall be provided. Proper drainage rates shall be attained through underdrains that are connected to detention storage that meets the drainage and flow requirements of the Department of Environmental Protection or through infiltration through the surrounding soil volume. If underdrains are not provided, soil boring tests shall be conducted by a licensed engineer to ensure that ponded surface water is drained in at least 24 hours. The perimeter landscaped area shall have an inverted slope to allow a minimum of six inches and a maximum of one foot of stormwater ponding, and surface ponding must drain in at least 24 hours. To allow for adequate drainage, elevated catchbasins shall be placed in the planting island above the ponding level. A raised curb shall edge the perimeter landscaped area, shall be at least six inches in height and shall contain inlets at appropriate intervals to allow stormwater infiltration from the open parking area.

However, where the Commissioner of Buildings determines that due to the natural sloping topography of the site the drainage provisions of this paragraph, (a), would be infeasible for a perimeter landscaped area, such drainage provisions may be waived. In lieu thereof, such perimeter landscaped area shall be comprised of soil with a depth of at least three feet measured from the adjoining open parking area. A raised curb shall edge the perimeter landscaped area and be at least six inches in height. The planting requirements of paragraph (b) of this Section shall apply to such perimeter landscaped areas, except that plantings need not be selected from the lists in Section 37-963.

(b) Plantings

(1) Parking lot frontage

The first two feet of the planting island fronting the open parking area shall be comprised of mulch and densely planted with groundcover above jute mesh to stabilize the inverted slope. This area may be used as an automobile bumper overhang area and may be included in calculating the required depth of an #abutting# parking space. All required groundcover shall be selected from the list in Section 37-963.

(2) Sidewalk frontage

The remainder of the perimeter landscaped area shall be densely planted with shrubs at a distance of 24 inches on center and maintained at a maximum height of three feet above the surface of the adjoining public sidewalk. All required shrubs shall be selected from the list in Section 37-963.

(3) Trees

One two-inch caliper tree shall be provided for every 25 feet of open parking area #street# frontage. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such perimeter trees shall be staggered wherever possible with #street# trees, but in no event shall perimeter trees be planted closer than 15 feet on center or within three feet to a perimeter screening area curb. Furthermore, a radius distance of at least 20 feet shall be maintained between trunks of perimeter trees and #street# trees. If such distances cannot be maintained, the perimeter tree shall be waived in that location. However, if a #street# tree cannot be planted in the public sidewalk adjacent to the perimeter screening area because the Department of Parks and Recreation has determined that it is infeasible to plant a tree in such location, such tree shall be planted instead within the perimeter screening area adjacent to such portion of the public sidewalk and credited towards the amount of perimeter trees required pursuant to this paragraph. However, any perimeter tree within 15 feet of an elevated rail line or elevated highway shall be waived. All required perimeter trees shall be selected from the list in Section 37-961.

(c) Obstructions

Utilities and #signs# permitted in Sections 32-62, 32-63 or 42-52 may be located in the perimeter screening area. Ornamental fencing, excluding chain link fencing, with a surface area at least 50 percent open is permitted in the perimeter screening area, provided such fencing does not exceed four feet in height and is located at least five feet from the #street line#.

37-922

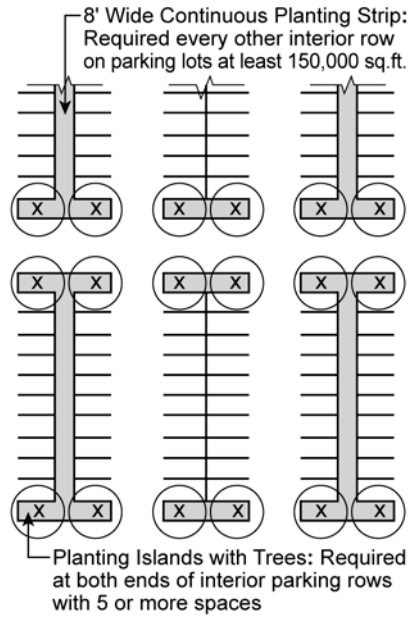

Interior landscaping

All open parking areas of 36 or more parking spaces or at least 12,000 square feet in area shall provide at least one tree for every eight parking spaces. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such trees shall be in addition to the trees required in the perimeter screening area. Each such tree shall have a minimum caliper of three inches and be located in a planting island with a minimum area of 150 square feet of pervious surface.

(a) Distribution

The following distribution rules shall apply:

- (1) Each end space in a row of five or more parking spaces shall fully abut a planting island or a perimeter landscaped area along the long dimension of such end space;
- (2) No more than 15 parking spaces shall be permitted between planting islands, or a planting island and a perimeter landscaped area; and
- (3) For open parking areas at least 150,000 square feet in area, in addition to the requirements set forth in paragraphs (a)(1) and (a)(2) of this Section, every other row of parking spaces in which each space does not fully abut a perimeter landscaped area shall abut a planting island. Such planting island shall have a minimum width of eight feet and extend along the entire length of such row of parking spaces. Such planting islands may be traversed by walkways no more than three feet wide and spaced at least 50 feet apart.

(37-922a3)

- (4) Planting islands required pursuant to paragraphs (a)(1) and (a)(3) may be discontinued where a pedestrian access lane is provided that serves no more than five parking spaces required by the Americans with Disabilities Act.

(37-922a4)

- (5) Compliance with paragraphs (a)(1) and (a)(2) may be waived where the Commissioner of Buildings determines that tree planting in such locations would conflict with loading operations. Such trees shall be planted elsewhere in the open parking area.

(b) Grading, drainage and soil

The open parking area shall be graded to allow stormwater

runoff to drain into all planting islands required pursuant to this Section and perimeter landscaped areas required pursuant to Section 37-921. Planting islands shall have an inverted slope to allow a minimum six inches and a maximum of one foot of stormwater ponding, and surface ponding must drain in at least 24 hours. To allow for adequate drainage, elevated catchbasins shall be placed in the planting island above the ponding level. Planting islands shall be comprised of soil with a depth of at least two and a half feet measured from the surface of the adjoining open parking area. Beneath such soil, filter fabric and one foot of gravel shall be provided. Proper drainage rates shall be attained through underdrains that are connected to detention storage that meets the drainage and flow requirements of the Department of Environmental Protection or through infiltration through the surrounding soil volume. If underdrains are not provided, soil boring tests shall be conducted by a licensed engineer to ensure that ponded surface water is drained in at least 24 hours. A raised curb shall edge the planting island, shall be at least six inches in height and shall contain inlets at appropriate intervals to allow stormwater infiltration from the open parking area.

However, where the Commissioner of Buildings determines that due to the natural sloping topography of the site the drainage provisions of this paragraph, (b), would be infeasible for an interior planting island, such drainage provisions may be waived. In lieu thereof, such planting island shall be comprised of soil with a depth of at least three feet measured from the adjoining open parking area. A raised curb shall edge the perimeter landscaped area and be at least six inches in height. The planting requirements of paragraph (c) of this Section shall apply to such planting islands, except that plantings need not be selected from the lists in Section 37-963.

(c) Plantings

The first two feet of the planting island fronting the open parking area shall be comprised of mulch and densely planted with groundcover above jute mesh to stabilize the inverted slope. This area may be used as an automobile bumper overhang area and may be included in calculating the required depth of an #abutting# parking space. The remaining area of the planting island shall be densely planted with shrubs, maintained at a maximum height of three feet, at a distance of 24 inches on center. Planting islands which are bisected by pedestrian access lanes serving Americans with Disabilities Act parking spaces (as shown in paragraph (a)(4) of this Section) shall provide groundcover in lieu of

shrubs. Each required tree shall be centered in a planted area measuring at least eight feet by eight feet. Multiple trees are allowed in a single planting island provided they are spaced no closer than 25 feet on center and there is at least 150 square feet of pervious area for each tree. Any area with a dimension of less than two feet shall not contribute to such 150 square foot minimum area. Required trees shall be located first in planting islands at the ends of parking rows required pursuant to paragraph (a)(1) of this Section, and then in planting islands that break up parking rows with more than 15 spaces required pursuant to paragraph (a)(2) of this Section. Any remaining required trees may be located in the continuous planting island required pursuant to paragraph (a)(3) of this Section or located in other planting islands within the open parking area. All required trees, shrubs and groundcovers shall be selected from the lists in Sections 37-962 and 37-963.

(11/28/07)

37-93

Maintenance

All on-site landscaping shall be maintained in good conditions at all times. Landscaped areas must be kept free of litter, and drainage components maintained in working order. In the event of the loss of any on-site landscaping, the owner of the #zoning lot# shall replace such landscaping by the next appropriate planting season. All landscaped areas must contain a built-in irrigation system or supply hose bibs within 100 feet of all planting islands.

(11/28/07)

37-94

Refuse Storage

All site plans must show an area designated for refuse storage. Any container used for refuse storage must be enclosed and screened either within a #building# or an #accessory structure#. If refuse storage is located in a container or #accessory structure#, it must be located at least 50 feet from any #street line# and screened on all sides by a six foot high masonry wall, with one side consisting of an opaque, lockable gate.

(4/22/09)

37-95

Modifications of Design Standards

(4/22/09)

37-951

Modification of landscaping requirements

The requirements of Section 37-90 (PARKING LOTS), inclusive, may be waived in whole or in part if the Commissioner of Buildings certifies that such requirements are unfeasible due to unique geological conditions such as excessive subsurface rock conditions, underground municipal infrastructure, a high water table, or a City, State or Federal mandated brownfield remediation that requires the site to be capped. Where a high water table exists, the planting requirements of Section 37-90, inclusive, shall be complied with, except such planted areas need not be designed to absorb storm water runoff.

Such waiver shall be based on a report prepared by a licensed engineer that such conditions exist.

(4/22/09)

37-952

Modification of design requirements by authorization

For #enlargements#, the City Planning Commission may authorize modifications or waivers of the maneuverability and curb cut standards of Section 36-58, and the landscaping requirements of Section 37-90 (PARKING LOTS), inclusive, for portions of the #zoning lot# occupied by existing open parking areas, provided the Commission finds that:

- (a) maneuverability and curb cut regulations have been complied with to the maximum extent practicable;
- (b) the amount of perimeter landscaped areas have been provided to the maximum extent practicable;
- (c) the amount of interior planting islands and their distribution throughout the existing open parking area have been provided to the maximum extent practicable; and

- (d) perimeter landscaped areas and interior planting islands have been engineered to absorb storm water runoff to the maximum extent practicable.

The Commission may request reports from licensed engineers and landscaped architects in considering such modifications.

Article IV
Manufacturing District Regulations

Chapter 1
Statement of Legislative Intent

(12/21/89)

41-00
GENERAL PURPOSES OF MANUFACTURING DISTRICTS

The Manufacturing Districts established in this Resolution are designed to promote and protect public health, safety, and general welfare. These general goals include, among others, the following specific purposes:

- (a) To provide sufficient space, in appropriate locations, to meet the needs of the City's expected future economy for all types of manufacturing and related activities, with due allowance for the need for a choice of sites.
- (b) To provide, as far as possible, that such space will be available for use for manufacturing and related activities, and to protect residences by separating them from manufacturing activities and by generally prohibiting the use of such space for new residential development.
- (c) To encourage manufacturing development which is free from danger of fire, explosions, toxic and noxious matter, radiation, and other hazards, and from offensive noise, vibration, smoke, dust and other particulate matter, odorous matter, heat, humidity, glare, and other objectionable influences, by permitting such development in areas where this Resolution restricts the emission of such nuisances, without regard to the industrial products and processes involved.
- (d) To protect adjacent residential and commercial areas, and to protect the labor force in other establishments engaged in less offensive types of manufacturing and related activities, by restricting those manufacturing activities which involve danger of fire, explosions, toxic and noxious matter, radiation and other hazards, or create offensive noise, vibration, smoke and other particulate matter, odorous matter, heat, humidity, glare, and other objectionable influences, to those limited areas which are

appropriate therefor.

- (e) To protect manufacturing and related development against congestion, as far as is possible and appropriate in each area, by limiting the bulk of buildings in relation to the land around them and to one another, and by providing space off public streets for parking and loading facilities associated with such activities.
- (f) To protect the character of certain designated areas of historic and architectural interest, where the scale of building development is important, by limitations on the height of buildings.
- (g) To protect light manufacturing and to encourage stability and growth in appropriate mixed-use areas by permitting light manufacturing and controlled residential uses to co-exist where such uses are deemed compatible.
- (h) To promote the most desirable use of land and direction of building development in accord with a well-considered plan, to promote stability of manufacturing and related development, to strengthen the economic base of the City, to protect the character of the district and its peculiar suitability for particular uses, to conserve the value of land and buildings, and to protect the City's tax revenues.

(4/9/81)

41-10

PURPOSES OF SPECIFIC MANUFACTURING DISTRICTS

(9/21/11)

41-11

M1 Light Manufacturing Districts (High Performance)

These districts are designed for a wide range of manufacturing and related uses which can conform to a high level of performance standards. Manufacturing establishments of this type, within completely enclosed buildings, provide a buffer between Residence (or Commercial) Districts and other industrial uses which involve more objectionable influences. New residences are excluded from these districts, except for:

- (a) joint living-work quarters for artists in M1-5A and M1-5B

Districts;

- (b) dwelling units in M1-5M and M1-6M Districts;
- (c) dwelling units in M1-1D, M1-2D, M1-3D, M1-4D and M1-5D Districts, where authorized by the City Planning Commission, both to protect residences from an undesirable environment and to ensure the reservation of adequate areas for industrial development; and
- (d) dwelling units in M1-6D Districts.

(12/15/61)

41-12

M2 Medium Manufacturing Districts (Medium Performance)

These districts are designed for manufacturing and related activities which can meet a medium level of performance standards. Enclosure of such activities is not normally required except in areas along the boundary of a Residence District. No new residences or community facilities are permitted.

(12/15/61)

41-13

M3 Heavy Manufacturing Districts (Low Performance)

These districts are designed to accommodate the essential heavy industrial uses which involve more objectionable influences and hazards, and which, therefore, cannot reasonably be expected to conform to those performance standards which are appropriate for most other types of industrial development. No new residences or community facilities are permitted.

Chapter 2

Use Regulations

(10/9/13)

42-00

GENERAL PROVISIONS

In order to carry out the purposes and provisions of this Resolution, the #uses# of #buildings or other structures# and the open #uses# of #zoning lots#, or portions thereof, have been classified and combined into Use Groups. A brief statement is inserted at the start of each Use Group to describe and clarify the basic characteristics of that Use Group.

Use Groups 4B, 4C, 5, 6A, 6B, 7, 8, 9B, 9C, 10B, 10C, 11, 12A, 12C, 12D, 12E, 13, 14, 16, 17 or 18, including each #use# listed separately therein, and certain #uses# listed in Use Groups 3A, 4A, 6C, 9A, 10A or 12B are permitted in #Manufacturing Districts# as indicated in Section 42-11 to 42-15, inclusive, except that any such #use# which is also an #adult establishment# shall, in addition, be subject to the provisions of Section 42-01 (Special Provisions for Adult Establishments).

#Uses# listed in Use Groups 11A, 16, 17 or 18 must also comply with the applicable performance standards set forth in Sections 42-21 to 42-28, inclusive. In case of any conflict between the Use Group and the performance standards, the latter shall control.

#Uses# listed in Use Group 18 are permitted in M1 or M2 Districts (as well as M3 Districts) if such #uses# comply with all of the applicable performance standards for such districts.

Whenever a #use# is specifically listed in a Use Group and also could be construed to be incorporated within a more inclusive #use# listing, either in the same or another Use Group, the more specific listing shall control.

The letters A, B, B1, C, D, E, F, G or H in the column entitled Parking Requirement Category [PRC] following a #use# listed in Sections 32-14 to 32-25, inclusive, refer to the classification of #commercial uses# to determine required #accessory# off-street parking spaces as set forth in the table in Section 44-21 (General Provisions).

The #uses# listed in the various Use Groups set forth in Sections

42-11 to 42-15, inclusive, are also listed in alphabetical order in the Index at the end of this Resolution, for the convenience of those using the Resolution. Whenever there is any difference in the meaning or implication between the text of these Use Groups and the text of the Index, the text of these Use Groups shall prevail.

Special regulations applying in the #waterfront area# are set forth in Article VI, Chapter 2.

Special regulations applying in the #flood zone# are set forth in Article VI, Chapter 4.

The following chart sets forth the Use Groups permitted in the various #Manufacturing Districts#:

USE GROUPS PERMITTED
IN MANUFACTURING DISTRICTS

Districts	Use Groups									
	#Community Facility#					Retail & #Commercial#				
	3	4	5	6	7	8	9	10	11	
Light Manufacturing M1		x	x	x	x	x	x	x	x	
Medium Manufacturing M2				x	x	x	x	x	x	
Heavy Manufacturing M3				x	x	x	x	x	x	

Districts	Use Groups							
	Recreation				Gen. Ser-vice	#Manufacturing#		
	12	13	14	15	16	17	18	
Light Manufacturing M1	x	x	x		x	x		
Medium Manufacturing M2	x	x	x		x	x		
Heavy Manufacturing M3	x	x	x		x	x	x	

(10/13/10)

42-01

Special Provisions for Adult Establishments

In addition to the applicable regulations for the #uses# listed in a permitted Use Group, #adult establishments# shall be subject to the following provisions:

- (a) #Adult establishments# are not permitted in a #Manufacturing District# in which #residences# or #joint living-work quarters for artists# are allowed as-of-right or by special permit or authorization. No provisions or findings of such special permit or authorization which require an assessment of the impact of new #residences# or new #joint living-work quarters for artists# on #commercial# or #manufacturing uses# within a #Manufacturing District# shall be construed as a limitation on the scope of this provision.
- (b) In all other #Manufacturing Districts#, no #adult establishment# shall be established less than 500 feet from a house of worship, a #school#, a #Residence District#, a C1, C2, C3, C4, C5-1, C6-1, C6-2 or C6-3 District, or a #Manufacturing District#, other than an M1-6M District, in which new #residences# or new #joint living-work quarters for artists# are allowed as-of-right or by special permit or authorization. No provisions or findings of such special permit or authorization which require an assessment of the impact of new #residences# or new #joint living-work quarters for artists# on #commercial# or #manufacturing uses# within a #Manufacturing District# shall be construed as a limitation on the scope of this provision. However, on or after October 25, 1995, an #adult establishment# that otherwise complies with the provisions of this paragraph shall not be rendered #non-conforming# if a house of worship or a #school# is established on or after April 10, 1995, within 500 feet of such #adult establishment#.
- (c) No #adult establishment# shall be established less than 500 feet from another #adult establishment#.
- (d) No more than one #adult establishment# permitted under this Section shall be established on a #zoning lot#.
- (e) #Adult establishments# shall not exceed, in total, 10,000 square feet of #floor area# and #cellar# space not used for enclosed storage or mechanical equipment.
- (f) #Adult establishments# which were established on October 25, 1995, and conform to all provisions of the Zoning Resolution

relating to #adult establishments# other than the provisions of all or any combination of paragraphs (c), (d) and (e) of this Section, shall not be subject to the provisions of Section 52-77 (Termination of Adult Establishments).

For purposes of this Section, an #adult establishment# shall be established upon the date of a permit issued by the Department of Buildings therefor, or, in the case of an #adult establishment# in existence prior to August 8, 2001, as determined by the Department of Buildings, subject to rules as the Department of Buildings may prescribe regarding the failure to perform work authorized under a permit or to commence operation pursuant to a permit and the discontinuance of an #adult establishment#.

(9/21/11)

42-02

Residential Use

In M1-1D, M1-2D, M1-3D, M1-4D and M1-5D Districts, the #use# regulations governing M1 Districts shall apply, except that #residential uses# may be permitted by authorization of the City Planning Commission in accordance with the provisions of Section 42-47 (Residential Uses in M1-1D through M1-5D Districts), subject to the regulations of Sections 43-61 (Bulk Regulations for Residential Uses in M1-1D through M1-5D Districts) and 44-28 (Parking Regulations for Residential Uses in M1-1D through M1-5D Districts).

In the M1-1 District bounded by 95th Avenue, 148th Street, 97th Avenue and 147th Place in Community District 12 in the Borough of Queens, the #use# regulations of an M1 District shall apply, except that #residential use# is allowed subject to the #bulk# regulations of Section 43-01 (Applicability of this Chapter) and the #accessory# off-street parking regulations of Section 44-024 (Applicability of regulations in an M1-1 District in Community District 12 in the Borough of Queens).

In M1-6D Districts, #residences# shall be permitted in accordance with the #use# regulations set forth in Section 42-48, the #bulk# regulations set forth in Section 43-62, and the parking regulations applicable in C6-4 Districts as set forth in Article III, Chapter 6, and as modified, pursuant to Article I, Chapter 3 (Comprehensive Off-Street Parking Regulations in Community Districts 1, 2, 3, 4, 5, 6, 7 and 8 in the Borough of Manhattan and a Portion of Community Districts 1 and 2 in the Borough of Queens).

(1/28/71)

42-10

USES PERMITTED AS-OF-RIGHT

(2/2/11)

42-11

Use Groups 4A, 4B, 4C, 5, 6C, 6E, 7A, 9A and 12B

M1

Use Groups 4B, 4C, 5, 6C, 6E, 7A, 9A and 12B as set forth in Sections 32-13, 32-14, 32-15, 32-16, 32-18, 32-21.

Use Group 4A shall be limited to all health facilities requiring approval under Article 28 of the Public Health Law of the State of New York that, prior to July 10, 1974, have received approval of Part I of the required application from the Commissioner of Health, ambulatory diagnostic or treatment health care facilities, as listed in Section 22-14 (Use Group 4), and houses of worship. Such #uses# are not subject to the special permit provisions of Sections 42-32 and 74-921.

(5/8/13)

42-12

Use Groups 3A, 6A, 6B, 6D, 6F, 7B, 7C, 7D, 7E, 8, 9B, 9C, 10A, 10B, 10C, 11, 12A, 12C, 12D, 12E, 13, 14 and 16

M1 M2 M3

Use Group 3A shall be limited to Museums that are ancillary to existing Motion Picture Production Studios or Radio or Television Studios, provided they are located within 500 feet of such studios and do not exceed 75,000 square feet of #floor area#.

Use Groups 6A except that food stores, including supermarkets, grocery stores or delicatessen stores, shall be limited to 10,000 square feet of #floor area# per establishment, 6B, 6D, 6F, 7B, 7C, 7D, 7E, 8, 9B, 9C, 10A, 10B, 10C, 11, 12A, 12C, 12D, 12E, 13, 14 and 16 as set forth in Sections 32-15 to 32-23, inclusive, and Section 32-25. However, in Community District 1, in the Borough

of the Bronx, in M1-4 Districts, food stores, including supermarkets, grocery stores or delicatessen stores, shall be limited to 30,000 square feet of #floor area# per establishment.

Use Group 10A shall be limited to depositories for storage of office records, microfilm or computer tapes, or for data processing; docks for ferries; office or business machine stores, sales or rental; photographic or motion picture production studios; and radio or television studios.

In the #Manhattan Core#, automobile rental establishments, #public parking garages# and #public parking lots# in Use Groups 8C and 12D are subject to the provisions of Article I, Chapter 3, and in the #Long Island City area#, as defined in Section 16-02 (Definitions), #public parking garages# and #public parking lots# in Use Groups 8C and 12D are subject to the provisions of Article I, Chapter 6.

(10/25/93)

42-13

Use Groups 6C, 9A and 12B

M2 M3

Use Groups 6C, 9A and 12B as set forth in Sections 32-15, 32-18, and 32-21. Use Group 6C shall be limited to antique stores; art galleries, commercial; artists' supply stores; automobile supply stores; banks; bicycle sales; candy or ice cream stores; cigar or tobacco stores; custom furrier shops; docks for ferries or water taxis; eating or drinking establishments with entertainment but not dancing, with a capacity of 200 persons or less; eating or drinking establishments with musical entertainment but not dancing, with a capacity of 200 persons or less; frozen food lockers; fishing tackle or equipment, rental or sales; jewelry or art metal craft shops; locksmith shops; meeting halls; millinery shops; music stores; newsstands, open or closed; paint stores; picture framing shops; and watch or clock repair shops.

Use Group 9A shall be limited to blueprinting or photostatting establishments; business schools or colleges; medical or dental laboratories; musical instrument repairs; printing establishments; public auction rooms; studios - art, music, dancing, or theatrical; trade or other schools for adults; typewriter or other small business machine sales, rental or repairs; and umbrella repairs.

Use Group 12B shall be limited to antique stores; art galleries,

commercial; candy or ice cream stores; cigar or tobacco stores; delicatessen stores; jewelry or art metal craft shops; music stores; and newsstands.

(8/20/81)

42-131

M1-5A and M1-5B Districts

M1-5A M1-5B

The regulations governing M1 Districts shall apply in M1-5A and M1-5B Districts except where the special #use# regulations set forth in Section 42-14, paragraph D. (Special Uses in M1-5A and M1-5B Districts) provide otherwise.

(2/2/11)

42-132

M1-5M and M1-6M Districts

In M1-5M and M1-6M Districts in Manhattan Community Districts 1, 2, 3, 4, 5 and 6, the #conversion# to #dwelling units# of #non-residential buildings#, or portions thereof, erected prior to December 15, 1961, shall be subject to the provisions of Article I, Chapter 5 (Residential Conversion of Existing Non-Residential Buildings).

In M1-5M and M1-6M Districts, eating or drinking establishments with entertainment and a capacity of more than 200 persons or establishments of any capacity with dancing are permitted only by special permit of the Board of Standards and Appeals in accordance with Section 73-244.

(9/21/11)

42-133

Provisions for dwelling units in certain M1-5 or M1-6 Districts

- (a) In M1-5 and M1-6 Districts, except for M1-6D Districts, located within the rectangle formed by West 23rd Street, Fifth Avenue, West 31st Street, and Eighth Avenue, no new #dwelling units# shall be permitted. However, #dwelling

units# which the Chairperson of the City Planning Commission determines were occupied on September 1, 1980, shall be a permitted #use# provided that a complete application to permit such #use# is filed by the owner of the #building# or the occupant of a #dwelling unit# in such #building# not later than June 21, 1983.

Such #dwelling units# shall comply with the requirements of Sections 15-026 or 15-22, where applicable and with Section 15-23. For the purposes of Article 7C of the New York State Multiple Dwelling Law, such a determination of #residential# occupancy on September 1, 1980, shall be deemed to permit #residential use# as-of-right for such #dwelling units#.

- (b) In M1-6 Districts located within the rectangle formed by West 35th Street, Fifth Avenue, West 40th Street and Sixth Avenue, no #dwelling units# shall be permitted, except that:
- (1) #dwelling units# which the Chairperson of the City Planning Commission determines were occupied on May 18, 1981, shall be a permitted #use# provided that a complete application to permit such #use# is filed by the owner of the #building# or the occupant of the #dwelling unit# not later than June 21, 1983. For the purposes of Article 7C of the New York State Multiple Dwelling Law, such a determination of #residential# occupancy shall be deemed to permit #residential use# as-of-right for such #dwelling unit#;
 - (2) in any #building# for which an alteration application for #conversion# of #floor area# used for non-#residential use# to #dwelling units# or for an #extension# or minor #enlargement# of existing #residential use#, was filed prior to May 18, 1981, #dwelling units# shall be permitted, provided that such alterations shall comply with the regulations in effect on the date of such filing. The right to #convert# to #dwelling units# or #extend# or #enlarge# existing #residential use# pursuant to the provisions of this Section shall expire one year from July 23, 1981, unless a temporary or permanent certificate of occupancy has been issued; and
 - (3) in M1-6D Districts, #residential use# shall be permitted as-of-right subject to the supplemental #use# regulations set forth in Section 42-48 (Supplemental Use Regulations in M1-6D Districts).

(2/2/11)

42-14

Use Group 17

M1 M2 M3

Use Group 17 consists primarily of #manufacturing uses# that:

- (1) can conform to high performance standards by controlling objectionable influences; and
- (2) in so doing, can limit their impact on adjacent residential areas; and
- (3) normally generate a great deal of traffic, both pedestrian and freight.

A. Service or wholesale establishments

Building materials or contractors' yards, open or enclosed, including sales, storage, or handling of building materials, with no limitation on #lot area# per establishment, except that lumber yards shall be limited to 20,000 square feet of #lot area# per establishment, and provided that any yard in which such #use# is conducted is completely enclosed on all sides by a solid opaque fence or wall (including opaque solid entrance and exit gates) of suitable uniform material and color, at least eight feet in height and constructed in accordance with rules and regulations to be promulgated by the Commissioner of Buildings

Produce or meat markets, wholesale

B. Manufacturing establishments

Adhesives, excluding manufacture of basic components

Advertising displays

Aircraft, including parts

Apparel or other textile products from textiles or other materials, including hat bodies, or similar products

Automobiles, trucks, or #trailers#, including parts or rebuilding of engines

Beverages, non-alcoholic

Boats less than 200 feet in length, building or repair, open or enclosed, provided that such #use# or portion thereof may be conducted outside a #completely enclosed building# only if located at a distance greater than 200 feet from a #Residence District# boundary, or if effectively screened by a wall or fence at least eight feet in height with no boat building located less than 30 feet from a #Residence District# boundary

Bottling work, for all beverages

Brushes or brooms

Cameras or other photographic equipment, except film

Canvas or canvas products

Carpets

Ceramic products, including pottery, small glazed tile, or similar products

Chemicals, compounding or packaging

Cork products

Cosmetics or toiletries

Cotton ginning, or cotton wadding or linters

Electrical appliances, including lighting fixtures, irons, fans, toasters, electric toys, or similar appliances

Electrical equipment assembly, including home radio or television receivers, home movie equipment, or similar products, but not including electrical machinery

Electrical supplies, including wire or cable assembly, switches, lamps, insulation, dry cell batteries, or similar supplies

Film, photographic

Food products, except slaughtering of meat or preparation of fish for packing

Fur goods, not including tanning or dyeing

Glass products from previously manufactured glass

Hair, felt, or feather products, except washing, curing or dyeing

Hosiery

Ice, dry or natural

Ink or inked ribbon

Jute, hemp, sisal or oakum products

Laboratories, research, experimental or testing

Leather products, including shoes, machine belting, or similar products

Luggage

Machines, business, including typewriters, accounting machines, calculators, card-counting equipment, or similar products

Machinery, miscellaneous, including washing machines, firearms, refrigerators, air-conditioning, commercial motion picture equipment, or similar products

Machine tools, including metal lathes, metal presses, metal stamping machines, woodworking machines, or similar products

Mattresses, including rebuilding or renovating

Metal finishing, plating, grinding, sharpening, polishing, cleaning, rust-proofing, heat treatment, or similar processes

Metal stamping or extrusion, including costume jewelry, pins and needles, razor blades, bottle caps, buttons, kitchen utensils, or similar products

Motorcycles, including parts

Musical instruments, including pianos or organs

Novelty products

Optical equipment, clocks or similar precision instruments

Orthopedic or medical appliances, including artificial limbs, braces, supports, stretchers, or similar appliances

Paper products, including envelopes, stationery, bags, boxes, shipping containers, bulk goods, tubes, wallpaper printing, or similar products

Perfumes or perfumed soaps, compounding only

Pharmaceutical products

Plastic products, including tableware, phonograph records, buttons, or similar products

Printing or publishing, with no limitation on #floor area# per establishment

Rubber products, such as washers, gloves, footwear, bathing caps, atomizers, or similar products, excluding manufacture of natural or synthetic rubber

Scenery construction

Shoddy

Silverware, plate or sterling

Soap or detergents, packaging only

Sporting or athletic equipment, including balls, baskets, cues, gloves, bats, racquets, rods, or similar products

Statuary, mannequins, figurines, or religious art goods, excluding foundry operations

Steel products, miscellaneous fabrication or assembly, including steel cabinets, doors, fencing, metal furniture, or similar products

Textiles, spinning, weaving, manufacturing, dyeing, printing, knit goods, yarn, thread or cordage

Tobacco, including curing or tobacco products

Tools or hardware, including bolts, nuts, screws, doorknobs, drills, hand tools or cutlery, hinges, house hardware, locks, non-ferrous metal castings, plumbing appliances, or similar products

Toys

Umbrellas

Upholstering, bulk, excluding upholstering shops dealing directly with consumers

Vehicles, children's, including bicycles, scooters, wagons, baby carriages, or similar vehicles

Venetian blinds, window shades, or awnings, with no limitation on production or on #floor area# per establishment

Wax products

Wood products, including furniture, boxes, crates, baskets, pencils, cooperage works, or similar products

C. Miscellaneous #uses#

Agriculture, including greenhouses, nurseries or truck gardens

Docks for passenger ocean vessels, other than #gambling vessels#

Docks for sightseeing, excursion or sport fishing vessels, other than #gambling vessels#, with no limitation on vessel or dock capacity

Docks for vessels not otherwise listed other than docks for #gambling vessels#

Public transit, railroad or electric utility substations, open or enclosed, with no limitation as to size

Railroads, including rights-of-way, freight terminals, yards or appurtenances, or facilities or services used or required in railroad operations, but not including passenger stations

Truck weighing stations, open or enclosed

Trucking terminals or motor freight stations with no limitation on #lot area# per establishment

D. Special #uses# in M1-5A and M1-5B Districts

M1-5A M1-5B

(1) #Joint living-work quarters for artists# in #buildings# in M1-5A and M1-5B Districts, provided:

(a) Such #building# was erected prior to December 15,

1961.

- (b) The #lot coverage# of such #building# does not exceed 5,000 square feet except that in #buildings# with frontage along Broadway the #lot coverage# shall not exceed 3,600 square feet. However, such quarters may also be located in a #building# occupying more than 5,000 square feet of #lot area# if the entire #building# was held in cooperative ownership by #artists# on September 15, 1970. #Joint living-work quarters for artists# are permitted in other #buildings or other structures# only by special permit of the City Planning Commission pursuant to Section 74-782, by minor modification of the Chairperson of the City Planning Commission pursuant to Section 42-141 (Modification by certification of the Chairperson of the City Planning Commission of uses in M1-5A and M1-5B Districts), paragraph (e), or by authorization of the City Planning Commission pursuant to Section 42-142 (Modification by authorization of the City Planning Commission of use regulations in M1-5A and M1-5B Districts).
- (c) In M1-5B Districts in #buildings# occupying less than 3,600 square feet of #lot area#, #joint living-work quarters for artists# may not be located below the floor level of the second #story# unless modified by the Chairperson of the City Planning Commission pursuant to Section 42-141, Section 74-781 (Modification by special permit of the City Planning Commission of uses in M1-5A and M1-5B Districts), or by authorization of the City Planning Commission pursuant to Section 42-142.
- (d) In #buildings# occupying more than 3,600 square feet of #lot area#, #joint living-work quarters for artists# may not be located below the floor level of the second #story# unless modified by the Chairperson of the City Planning Commission pursuant to Sections 42-141, 74-781 or by authorization of the City Planning Commission pursuant to Section 42-142.
- (e) At least 30 percent of the gross roof area of a #building# containing 15 #joint living-work quarters for artists# shall be provided for recreational use. For each additional #joint living-work quarters for artists#, 100 square feet

of additional roof area shall be provided for recreational use up to a maximum of 50 percent of the gross roof area. This recreational area shall be accessible to all the occupants of said #building# and their guests. No fees shall be charged to the occupants or their guests. The provisions of this Section may be modified pursuant to Section 42-141.

- (f) In any #building# which, as a result of #zoning map# change CP-23167 is zoned M1-5B, any existing occupant of a #joint living-work quarters for artists# which cannot meet the qualifications of the Department of Cultural Affairs may remain as a lawful #use#. This lawful #use# is non-transferable and ceases immediately upon the vacating of such space. Such occupants must register with the Department of Cultural Affairs not later than August 31, 1983, in order to preserve their lawful status in their existing space.
 - (g) In a #building# for which an alteration permit for #joint living-work quarters for artists# was requested prior to April 27, 1976, such alterations may comply with the regulations effective prior to such date.
- (2) #Commercial# and #manufacturing uses# below the floor level of the second #story# provided:
- (a) In M1-5A Districts, in #buildings# occupying more than 3,600 square feet of #lot area#, only #uses# listed in Use Groups 7, 9, 11, 16, 17A, 17B, 17C or 17E shall be allowed below the floor level of the second #story# of such #buildings#, unless modified by the Chairperson of the City Planning Commission, pursuant to Sections 42-141 or 74-781;
 - (b) In M1-5B Districts, in any #buildings#, only #uses# listed in Use Groups 7, 9, 11, 16, 17A, 17B, 17C or 17E shall be allowed below the floor level of the second #story# of such #buildings# unless modified by the Chairperson of the City Planning Commission, pursuant to Sections 42-141 or 74-781;
- (3) In addition to the above restrictions, the following #uses# are not permitted as of right in any #building or other structure# or on any tract of land in M1-5A or

M1-5B Districts:

- (a) All eating or drinking places as listed in Use Groups 6A, 6C, 10A or 12A of more than 5,000 square feet of floor space, except that any eating or drinking place which is listed in Use Group 6A, which had obtained an alteration permit prior to July 14, 1976, is permitted.
- (b) Eating or drinking places of less than 5,000 square feet with entertainment other than musical entertainment but not dancing, with a capacity of 200 persons or less as listed in Use Group 6C, and with entertainment or dancing as listed in Use Groups 10A or 12A. However, such #uses# are permitted:
 - (i) provided that there is entertainment but not dancing, with a capacity of 200 persons or less as listed in Use Group 6C, only by special permit of the Board of Standards and Appeals in accordance with Section 73-241; or
 - (ii) with entertainment and a capacity of more than 200 persons or establishments of any capacity with dancing as listed in Use Group 12A only by special permit of the Board of Standards and Appeals in accordance with Section 73-244.
- (c) Non-commercial clubs as listed in Use Groups 6E and 14B.
- (d) All #uses# listed in Use Group 8A except that theaters are permitted only by special permit of the Board of Standards and Appeals in accordance with standards set forth in Section 73-202. However, this provision shall not apply to theaters with a capacity of less than 100 seats.
- (e) Banquet halls, wedding chapels, catering establishments, #physical culture or health establishments#, including gymnasiums, reducing salons, massage establishments or steam baths. However, this provision shall not apply to gymnasiums occupying not more than 10,000 square feet and used exclusively for the following sports facilities: basketball, handball, squash and tennis.

- (f) All other #uses# listed in Use Group 12A.
- (g) All #uses# listed in Use Group 13 except that theaters are permitted only by special permit of the Board of Standards and Appeals in accordance with standards set forth in Section 73-202. However, this provision shall not apply to theaters with a capacity of less than 100 seats.
- (4) (a) Any #use# which became #non-conforming# after April 27, 1976, shall be governed by Article V (Non-Conforming Uses and Non-Complying Buildings), except that in M1-5A and M1-5B Districts, Section 52-37 is hereby suspended and replaced by paragraph D.(4)(b) of this Section.
- (b) In M1-5A and M1-5B Districts, any #non-conforming use# listed in Use Groups 5, 6, 8, 10, 12, 13, 14 or 15 may be changed, initially or in any subsequent change, only to a conforming #use# or a #use# listed in Use Group 6.
- (5) Museums or non-commercial art galleries, subject to the #bulk# regulations applicable for #manufacturing uses#, and subject to the provisions of this Section.

- (a) As of right

In any #building#, a museum or non-commercial art gallery is permitted on the ground floor where a #use# in Use Group 6 is permitted pursuant to the provisions of paragraphs D.(2) or D.(4) of this Section and, above the ground floor where #joint living- work quarters for artists# are permitted, pursuant to paragraph D.(1) of this Section.

- (b) By authorization of the City Planning Commission

In an M1-5A District, the City Planning Commission may authorize a museum or non-commercial art gallery where it is not permitted as-of-right, provided that the Commission finds that:

- (i) the #use# of such space as a museum or non-commercial art gallery will not harm #manufacturing uses# in the M1-5A District or the industrial sector of the City's economy;
- (ii) any commercial or manufacturing tenants in

such space were given the opportunity by the owner or predecessors in title to remain in the space at fair market rentals, and the property owners or predecessors in title did not cause the vacating of the space through harassment, non-renewal of leases, or the charging of rents in excess of the then fair market value; and

- (iii) any such museum or non-commercial art gallery will be supportive of the local art industry.

The Commission may set such conditions on the grant of an authorization to allow such #uses# as it deems necessary to protect #manufacturing uses# or the industrial sector of the City's economy. In no case shall such museum or non-commercial art gallery occupy more than 65,000 square feet of #floor area#.

E. #Accessory uses#

(7/19/90)

42-141

Modification by certification of the Chairperson of the City Planning Commission of uses in M1-5A and M1-5B Districts

In M1-5A and M1-5B Districts, the requirements of paragraphs D.(1)(b), D.(1)(c), D.(1)(d) and D.(1)(e) or D.(2) of Section 42-14 may be modified by certification of the Chairperson of the City Planning Commission as provided in this Section. A copy of any request for modification under this Section shall be sent by the applicant to the applicable Community Board at least twenty days prior to the next regularly scheduled Community Board meeting. If the Community Board elects to comment on such requests, it must do so within 31 days of such notification.

- (a) The provisions of paragraphs D.(1)(c) or (d) or D.(2) of Section 42-14 may be modified if the #floor area# below the level of the second #story# was vacant as of January 28, 1976, and a complete application under this provision is filed with the City Planning Commission not later than June 21, 1983.
- (b) The provisions of paragraphs D.(1)(c) or (d) of Section 42-14 may be modified, provided that:

- (1) the #floor area# below the level of the second #story# was occupied by #joint living-work quarters for artists# as of September 1, 1980, and a complete application for a determination of occupancy has been filed by the owner of the #building#, or the occupant of a #joint living-work quarters for artists# in the #building#, with the Department of City Planning not later than June 21, 1983. For the purpose of Article 7C of the New York State Multiple Dwelling Law, such a determination of #joint living-work quarters for artists# occupancy by the Chairperson of the City Planning Commission shall be deemed to permit #residential use# as-of-right for such quarters; or
 - (2) the Chairperson finds that the space below the floor level of the second #story# is required by an #artist# whom the Department of Cultural Affairs has certified as working in a heavy or bulky medium which is not easily transported to the upper floors.
- (c) The provisions of paragraph D.(2) of Section 42-14 may be modified provided a #use# other than those listed in Use Groups 7, 9, 11, 16, 17A, 17B, 17C or 17E occupied the #floor area# below the level of the second #story# as of September 1, 1980, and an application under this provision has been filed with the City Planning Commission not later than June 21, 1983.
- (d) The requirements of D.(1)(e) of Section 42-14 may be modified provided that the Chairperson of the Commission has administratively certified to the Department of Buildings that the roof either is unsuited for open space use or cannot be made suitable for open space use at a reasonable cost.
- (e) The requirements of D.(1)(b) of Section 42-14 relating to #joint living-work quarters for artists# in #buildings# where the #lot coverage# is 5,000 square feet or more, or 3,600 square feet or more in #buildings# with frontage along Broadway, may be modified, provided that:
- (1) such #floor area# was occupied on September 1, 1980, as #joint living-work quarters for artists#, or consists of registered Interim Multiple Dwellings, or is found covered by the New York City Loft Board pursuant to Article 7C of the New York State Multiple Dwelling Law;
 - (2) such #building# consisted, on June 21, 1983, of two or more contiguous sections separated structurally by load-bearing walls, with independent entrances,

independent addresses, and other evidence of the independent functional use of each section of the #building#, which evidence may include but is not limited to separate deeds, separate tax lots, separate certificates of occupancy or separate utilities or systems for the entirety of each section of the #building#; and

- (3) the section within which such #floor area# is located has a #lot coverage# of less than 5,000 square feet of #lot area#, except that in #buildings# with frontage along Broadway the #lot coverage# shall not exceed 3,600 square feet.

(2/2/11)

42-142

Modification by authorization of the City Planning Commission of use regulations in M1-5A and M1-5B Districts

In M1-5A and M1-5B Districts, the requirements of Section 42-14 (Use Group 17), paragraphs D.(1)(b), (c), and (d), may be modified by authorization of the City Planning Commission, provided that:

- (a) such #non-residential building# is either a landmark or lies within a Historic District designated by the Landmarks Preservation Commission;
- (b) any alterations to the subject #building# required in connection with such #conversion# to #joint living-work quarters for artists# have received a Certificate of Appropriateness or other permit from the Landmarks Preservation Commission; and
- (c) a program has been established for continuing maintenance that will result in the preservation of the subject #building# or #buildings# as evidenced by a report from the Landmarks Preservation Commission.

In order to grant an authorization the City Planning Commission shall find that such modification of #use# requirements shall have minimal adverse effects on the conforming #uses# located within the #building# and in the surrounding area.

The City Planning Commission may prescribe appropriate additional conditions and safeguards in order to enhance the character of the subject #building# and to minimize adverse effects on the

character of the surrounding area.

(8/15/74)

42-15

Use Group 18

M3

Use Group 18 consists primarily of industrial #uses# which:

- (1) either involve considerable danger of fire, explosion or other hazards to public health or safety, or cannot be designed without appreciable expense to conform to high performance standards with respect to the emission of objectionable influences; and
- (2) normally generate a great deal of traffic, both pedestrian and freight.

A. Manufacturing establishments

Asphalt or asphalt products

Beverages, alcoholic or breweries

Brick, tile or clay

Cement

Charcoal, lampblack or fuel briquettes

Chemicals, including acetylene, aniline dyes, ammonia, carbide, caustic soda, cellulose, chlorine, carbon black or bone black, cleaning or polishing preparations, creosote, exterminating agents, hydrogen or oxygen, industrial alcohol, potash, plastic materials or synthetic resins, rayon yarns, or hydrochloric, picric, or sulphuric acids or derivatives

Coal, coke or tar products

Excelsior or packing materials

Fertilizers

Foundries, ferrous or non-ferrous

Gelatin, glue or size

Glass or large glass products, including structural or plate glass or similar products

Grain, milling or processing

Graphite or graphite products

Gypsum

Hair, felt, or feathers, bulk processing, washing, curing or dyeing

Incineration or reduction of garbage, offal or dead animals

Insecticides, fungicides, disinfectants, or related industrial or household chemical compounds

Leather or fur tanning, curing, finishing or dyeing

Linoleum or oil cloth

Machinery, heavy, including electrical, construction, mining, or agricultural, including repairs

Matches

Meat or fish products, including slaughtering of meat or preparation of fish for packing

Metal or metal ores, reduction, refining, smelting or alloying

Metal alloys or foil, miscellaneous, including solder, pewter, brass, bronze, or tin, lead or gold foil or similar products

Metal or metal products, treatment or processing, including enameling, japanning, lacquering, galvanizing or similar processes

Metal casting or foundry products, heavy, including ornamental iron work or similar products

Monument works, with no limitation on processing

Paint, varnishes or turpentine

Petroleum or petroleum products, refining

Plastic, raw

Porcelain products, including bathroom or kitchen equipment or similar products

Radioactive waste disposal services involving the handling or storage of radioactive waste

Railroad equipment, including railroad cars or locomotives

Rubber, natural or synthetic, including tires, tubes or similar products

Sewage disposal plants

Ship or boat building or repair yards, for ships or boats 200 feet in length or over

Soaps or detergents, including fat rendering

Steel, structural products, including bars, girders, rails, wire rope or similar products

Solvent extracting

Stock yards or slaughtering of animals or poultry

Stone processing or stone products, including abrasives, asbestos, stone screenings, stone cutting, stone work, sand or lime products, or similar processes or products

Sugar refining

Textile bleaching

Wood or bone distillation

Wood or lumber processing including sawmills or planing mills, excelsior, plywood, or veneer, wood-preserving treatment or similar products or processes

Wood pulp or fiber, reduction or processing, including paper mill operations

Wool scouring or pulling

B. Storage or miscellaneous #uses#, open or enclosed

Coal or gas storage

Dumps, marine transfer stations for garbage or slag piles

Electric power or steam generating plants

Explosives storage, when not prohibited by other ordinances

Gas manufacturing plants

Grain storage

Junk or salvage yards, including auto wrecking or similar establishments, provided that such yard is completely enclosed on all sides by a solid opaque fence or wall (including solid opaque entrance and exit gates) of suitable uniform material and color, at least eight feet in height and constructed in accordance with rules and regulations to be promulgated by the Commissioner of Buildings

Lumber yards, with no limitation on #lot area# per establishment

Manure, peat or topsoil storage

Petroleum or petroleum products, storage or handling

Refrigerating plants

Scrap metal, junk, paper or rags storage, sorting, or baling, provided that any yard in which such #use# is conducted is completely enclosed on all sides by a solid opaque fence or wall (including solid opaque entrance and exit gates) of suitable uniform material and color, at least eight feet in height and constructed in accordance with rules and regulations to be promulgated by the Commissioner of Buildings

C. #Accessory uses#

(2/2/11)

42-20

PERFORMANCE STANDARDS

In all #Manufacturing Districts#, after December 15, 1961, any #use# thereafter established or changed to a #use# listed in Use Group 11A, 16, 17, or 18, and every #building or other structure# or open area of a #zoning lot# thereafter #developed#,

constructed, or used for any #use# listed in Use Group 11A, 16, 17, or 18, shall comply with each and every performance standard governing noise, vibration, smoke and other particulate matter, odorous matter, toxic or noxious matter, radiation hazards, fire and explosive hazards, humidity, heat or glare applicable to the district in which such #use#, #building or other structure# or open area is located.

If any existing #use# or #building or other structure# is #extended#, #enlarged# or reconstructed after December 15, 1961, the applicable district regulations for each and every performance standard shall apply with respect to such #extended#, #enlarged#, or reconstructed portion or portions of such #use# or #building or other structure#.

In case of any conflict between the Use Groups and the performance standards, the latter shall control. #Uses# listed in Use Group 18 are permitted in M1 or M2 Districts (as well as M3 Districts) if such #uses# comply with all of the applicable performance standards for such districts.

In case of any conflict between the performance standards and the rules and regulations adopted by the Department of Environmental Protection, the more restrictive shall apply.

(12/15/61)

42-21

Performance Standards Regulating Noise

(12/15/61)

42-211

Definitions

For the purposes of this Section, the following terms are defined:

Decibel

A "decibel" is a unit of measurement of the intensity of sound (the sound pressure level).

Impact noise analyzer

An "impact noise analyzer" is an instrument used in conjunction

with the #sound level meter# to measure the peak intensities of short duration sounds.

Octave band

An "octave band" is one of a series of eight bands which cover the normal range of frequencies included in sound measurements. Such #octave bands# serve to define the sound in terms of its pitch components.

Octave band analyzer

An "octave band analyzer" is an instrument used in conjunction with a #sound level meter# to measure sound in each of eight #octave bands#.

Sound level meter

A "sound level meter" is an instrument standardized by the American Standards Association, which is used for measurement of the intensity of sound and is calibrated in #decibels#.

(12/15/61)

42-212

Method of measurement

For the purpose of measuring the intensity or frequency of sound, the #sound level meter#, the #octave band analyzer#, and the #impact noise analyzer# shall be employed.

The "C" network and the "slow" meter response of the #sound level meter# shall be used. Sounds of short duration, as from forge hammers, punch presses, and metal shears, which cannot be measured accurately with the #sound level meter#, shall be measured with the #impact noise analyzer# as manufactured by the General Radio Company, or its equivalent, in order to determine the peak value of the impact. For sounds so measured, the sound pressure levels set forth in Section 42-213 (Maximum permitted decibel levels) may be increased by six #decibels#.

(12/15/61)

42-213

Maximum permitted decibel levels

In all #Manufacturing Districts#, the sound pressure level resulting from any activity, whether open or enclosed, shall not exceed, at any point on or beyond any #lot line#, the maximum permitted #decibel# levels for the designated #octave band# as set forth in the following table for the district indicated.

In the enforcement of this regulation, sounds produced by the operation of motor vehicles or other transportation facilities shall not be included in determining the maximum permitted #decibel# levels.

MAXIMUM PERMITTED
SOUND PRESSURE LEVEL
(in #decibels#)

#Octave Band# (cycles per second)	District		
	M1	M2	M3
20 to 75	79	79	80
75 to 150	74	75	75
150 to 300	66	68	70
300 to 600	59	62	64
600 to 1,200	53	56	58
1,200 to 2,400	47	51	53
2,400 to 4,800	41	47	49
Above 4,800	39	44	46

(12/15/61)

42-214

Special provisions applying along district boundaries

Whenever a #Manufacturing District# adjoins a #Residence District#, at any point at the district boundary or within the #Residence District#, the maximum permitted #decibel# levels in all #octave bands# shall be reduced by six #decibels# from the maximum levels set forth in the table in Section 42-213 (Maximum permitted decibel levels).

(12/15/61)

42-22

Performance Standards Regulating Vibration

(12/15/61)

42-221

Definitions

For the purposes of this Section, the following terms are defined:

Frequency

A "frequency" is the number of oscillations per second of a vibration.

Impact vibrations

"Impact vibrations" are earth-borne oscillations occurring in discrete pulses at or less than 100 pulses per minute.

Steady state vibrations

"Steady state vibrations" are earth-borne oscillations that are continuous. Discrete pulses that occur more frequently than 100 times per minute shall be considered to be #steady state vibrations#.

Three-component measuring system

A "three-component measuring system" is a device for recording the intensity of any vibration in three mutually perpendicular directions.

(12/15/61)

42-222

Method of measurement

For the purpose of measuring vibration, a #three-component measuring system# approved by the Commissioner of Buildings shall be employed.

(12/15/61)

42-223

Maximum permitted steady state vibration displacement

In all #Manufacturing Districts#, no activity shall cause or create a #steady state vibration# at any point on any #lot line#, with a displacement in excess of the permitted #steady state vibration# displacement for the #frequencies# as set forth in the following table for the district indicated.

MAXIMUM PERMITTED
STEADY STATE VIBRATION DISPLACEMENT
(in inches)

#Frequency# (cycles per second)	District		
	M1	M2	M3
10 and below	.0008	.0020	.0039
10-20	.0005	.0010	.0022
20-30	.0003	.0006	.0011
30-40	.0002	.0004	.0007
40-50	.0001	.0003	.0005
50-60	.0001	.0002	.0004
60 and over	.0001	.0001	.0004

(12/15/61)

42-224

Maximum permitted impact vibration displacement

In all #Manufacturing Districts#, no activity shall cause or create an #impact vibration#, at any point on any #lot line#, with a displacement in excess of the permitted #impact vibration# displacement for the #frequencies# as set forth in the following table for the district indicated.

MAXIMUM PERMITTED
IMPACT VIBRATION DISPLACEMENT

(in inches)

#Frequency# (cycles per second)	District		
	M1	M2	M3
10 and below	.0016	.0040	.0078
10-20	.0010	.0020	.0044
20-30	.0006	.0012	.0022
30-40	.0004	.0008	.0014
40-50	.0002	.0006	.0010
50-60	.0002	.0004	.0008
60 and over	.0002	.0002	.0008

(12/15/61)

42-225

Special provisions applying along district boundaries

Whenever an M2 or M3 District adjoins a #Residence District#, the #steady state# and #impact vibration# displacement, measured at the district boundary, shall not exceed the maximum permitted for an M1 District for the #frequencies# as set forth in the tables in Section 42-223 (Maximum permitted steady state vibration displacement) or Section 42-224 (Maximum permitted impact vibration displacement).

(12/15/61)

42-23

Performance Standards Regulating Smoke, Dust and Other Particulate Matter

(12/15/61)

42-231

Definitions

For the purposes of this Section, the following terms are defined:

Combustion for indirect heating

"Combustion for indirect heating" is the burning of fuel in equipment, such as steam boilers, water or air heaters, stills, or brew kettles, where there is no contact between the products of combustion and the materials being heated.

Dust

"Dust" is solid #particulate matter# capable of being air- or gas-borne.

Particulate matter

"Particulate matter" is any finely divided liquid or solid matter capable of being air- or gas-borne.

Process weight

"Process weight" is the total weight of all materials used in any process which discharges #dust# into the atmosphere. Such materials shall include solid fuels, but not liquid or gaseous fuels or combustion air.

Smoke

"Smoke" is any visible emission into the open air from any source, except emissions of an uncontaminated water vapor.

Smoke unit

A "smoke unit" is a measure of the quantity of #smoke# being discharged and is the number obtained by multiplying the #smoke# density in a #Standard Smoke Chart number# by the time of emission in minutes. For example, the emission of #Standard Smoke Chart number# 1 for one minute equals one #smoke unit#.

Standard Smoke Chart numbers

"Standard Smoke Chart numbers" are the numbers on the Standard Smoke Chart of the Department of Air Pollution Control that coincide most nearly with the grids on the Standard Smoke Chart indicating graduations of light-obscuring capacity of #smoke#.

(12/15/61)

42-232

Maximum permitted emission of smoke

In all #Manufacturing Districts#, the density of emission of #smoke# during normal operations shall not exceed #Standard Smoke Chart number# 2, and the quantity of #smoke# shall not exceed a maximum of 10 #smoke units# per hour per stack in M1 Districts, 20 such units in M2 Districts, and 30 such units in M3 Districts. The method of measurement, additional limitations on the emission of #smoke# of a density not exceeding #Standard Smoke Chart number# 2, and the maximum permitted density and quantity of #smoke# during special operations such as building new fires, banking, or cleaning fires, soot blowing, or process purging, shall be determined in accordance with rules and regulations adopted by the Department of Environmental Protection.

(2/2/11)

42-233

Maximum permitted emission of dust

(a) Related to #combustion for indirect heating#

In all #Manufacturing Districts#, the emission into the atmosphere of #dust# related to #combustion for indirect heating# from any source shall not exceed the maximum number of pounds of #dust# per million British thermal units heat input per hour as set forth herein:

(1) In M1 Districts

In M1 Districts, the maximum permitted emission shall be 0.50 pounds for minimum-size plants producing a heat input of 10 million or less British thermal units per hour and 0.15 for maximum size plants producing a heat input of 10,000 million or more British thermal units per hour. All intermediate values shall be determined from a straight line plotted on log graph paper.

(2) In M2 or M3 Districts

In M2 or M3 Districts, the maximum permitted emission for such minimum-size plants shall be 0.60 in M2 Districts and 0.70 in M3 Districts, and for such maximum-size plants shall be 0.16 in M2 Districts and 0.18 in M3 Districts. All intermediate values shall be determined from a straight line plotted on log graph

paper.

(b) Related to processes

In all #Manufacturing Districts#, the emission into the atmosphere of process #dust# or other #particulate matter# which is unrelated to #combustion for indirect heating# or incineration shall not exceed 0.50 pounds per hour for 100 pounds of #process weight# or 50 pounds per hour for 100,000 pounds of #process weight#. All intermediate values shall be determined from a straight line plotted on log graph paper.

(c) Total limit on emission of #dust# or other #particulate matter# in M1 or M2 Districts

In M1 or M2 Districts the maximum amount of #dust# or other #particulate matter# from all sources including #combustion for indirect heating#, process #dust#, or combustion for incineration which may be emitted from a single stack or vent shall not exceed 33 pounds per hour in M1 Districts, nor 250 pounds per hour in M2 Districts.

(d) Method of measurement and #dust# from incineration

In all #Manufacturing Districts#, the method of measurement and permitted emission of #dust# related to combustion for incineration shall not exceed the maximum allowances established under rules and regulations adopted by the Department of Environmental Protection.

(e) Prevention of wind-blown air pollution

In all #Manufacturing Districts#, all storage areas, yards, service roads, or other untreated open areas within the boundaries of a #zoning lot# shall be improved with appropriate landscaping or paving, or treated by oiling or any other means as specified in rules and regulations adopted by the Department of Environmental Protection, so that #dust# or other types of air pollution borne by the wind from such sources shall be minimized.

(12/15/61)

42-234

General control over smoke and other particulate matter

In addition to the performance standards of regulating #smoke# and other #particulate matter#, the emission of such matter shall

be so controlled in manner and quantity of emission as not to be detrimental to or endanger the public health, safety, comfort, or other aspects of the general welfare, or cause damage or injury to property.

(12/15/61)

42-24

Performance Standards Regulating Odorous Matter

(12/15/61)

42-241

In M1 or M2 Districts

In M1 or M2 Districts, the emission of odorous matter shall be in accordance with limits established by the Department of Environmental Protection. In addition to such limits, the emission of odorous matter in such quantities as to be readily detectable at any point along #lot lines# or to produce a public nuisance or hazard beyond #lot lines# is prohibited.

(12/15/61)

42-242

In M3 Districts

In M3 Districts, the emission of odorous matter in such quantities as to produce a public nuisance or hazard at or beyond #lot lines# is prohibited.

(12/15/61)

42-25

Performance Standards Regulating Toxic Noxious Matter

(12/15/61)

42-251

Definitions

For the purposes of this Section, the following term is defined:

Toxic or noxious matter

"Toxic or noxious matter" is any solid, liquid, or gaseous matter, including but not limited to gases, vapors, #dusts#, fumes, and mists, containing properties which by chemical means are:

- (a) inherently harmful and likely to destroy life or impair health; or
- (b) capable of causing injury to the well-being of persons or damage to property.

(12/15/61)

42-252

Regulation of toxic or noxious matter

In all #Manufacturing Districts#, the emission of #toxic or noxious matter# into the atmosphere shall be in accordance with limits established by the Department of Environmental Protection. In addition to such emission limits, the emission of such matter shall be so controlled that no concentration at or beyond #lot lines# shall be detrimental to or endanger the public health, safety, comfort, and other aspects of the general welfare, or cause damage or injury to property.

(12/15/61)

42-26

Performance Standards Regulating Radiation Hazards

(12/15/61)

42-261

Definitions

For the purposes of this Section, the following term is defined:

Fireproof containers

"Fireproof containers" shall include steel or concrete containers and shall not include lead or other low-melting metals or alloys, unless the lead or low-melting metal or alloys are completely encased in steel.

(12/15/61)

42-262

Maximum permitted quantities of unsealed radioactive material

In M1 Districts, unsealed radioactive materials shall not be manufactured, utilized, or stored (unless such materials are stored in a #fireproof container# at or below ground level) in excess of one million times the quantities set forth in Column 1 of the table in Section 38-2 of the Industrial Code Rule No. 38, relating to Radiation Protection adopted by the Board of Standards and Appeals of the New York State Department of Labor on October 10, 1955, effective December 15, 1955.

In M2 Districts, such materials shall not be manufactured, utilized, or stored (unless such materials are stored in a #fireproof container# at or below ground level) in excess of 10 million times the quantities set forth in Column 1 of the table cited in this Section. In M3 Districts no limits as to such permitted quantities shall apply.

(12/15/61)

42-263

Maximum permitted quantities of fissionable materials

In M1 or M2 Districts, no one of the following fissionable materials shall be assembled at any one point, place, or work area on a #zoning lot# in a quantity equal to or in excess of the amount set forth herein:

Material	Quantity
Uranium-233	200 grams
Plutonium-239	200 grams
Uranium-235	350 grams

In addition, any establishment which provides radiation waste disposal services in the nature of collection or storage of radioactive waste from other #manufacturing uses# shall be prohibited in M1 or M2 Districts.

(12/15/61)

42-264

Administration and appeal

The Department of Health shall have exclusive jurisdiction to enforce and administer these hazards in accordance with the rules and regulations promulgated by the Board of Health. An appeal may be made to the Board of Health to permit the manufacture, utilization, or storage of unsealed radioactive materials or fissionable materials, in excess of the quantities set forth in Section 42-262 (Maximum permitted quantities of unsealed radioactive material) or Section 42-263 (Maximum permitted quantities of fissionable materials). In any case where the Board of Health determines that the radiation hazard on or beyond any #lot line# is remote and minimal, even in the event of an accident, the Board may permit such additional quantity.

(12/15/61)

42-27

Performance Standards Regulating Fire and Explosive Hazards

(12/15/61)

42-271

Definitions

For the purposes of this Section, the following terms are defined:

Flammable or explosive

"Flammable or explosive" materials are materials which produce flammable or explosive vapors or gases under ordinary weather temperature, including liquids with an #open cup flash point# of less than 100 degrees F.

Free burning

"Free burning" materials are materials constituting an active fuel.

Intense burning

"Intense burning" materials are materials which by virtue of low ignition temperature, high rate of burning, and large heat evolution burn with great intensity.

Moderate burning

"Moderate burning" materials are materials which in themselves burn moderately and may contain small quantities of a higher grade of combustibility.

Open cup flash point

The "open cup flash point" is the temperature at which a liquid sample produces sufficient vapor to flash but not ignite when in contact with a flame in a Tagliabue open cup tester.

Original sealed containers

"Original sealed containers" are containers with a capacity of not more than 55 gallons.

Slow burning

"Slow burning" materials are materials which will not ignite or actively support combustion during an exposure for five minutes to a temperature of 1,200 degrees F. and which, therefore, do not constitute an active fuel.

(10/11/62)

42-272

Classifications

For the purposes of this Section, materials are divided into four classifications or ratings based on the degree of fire and explosive hazard. The rating of liquids is established by specified #open cup flash points# as set forth in this Section, and the Board of Standards and Appeals shall determine the rating of solids under this Section.

- (a) Class I includes #slow burning# to #moderate burning# materials. This shall include all liquids with an #open cup flash point# of 182 degrees F. or more.
- (b) Class II includes #free burning# to #intense burning# materials. This shall include all liquids with an #open cup flash point# between 100 and 182 degrees F.
- (c) Class III includes materials which produce #flammable or explosive# vapors or gases under ordinary weather temperature. This shall include all liquids with an #open cup flash point# of less than 100 degrees F.
- (d) Class IV includes materials which decompose by detonation, including but not limited to all primary explosives such as lead azide, lead styphnate, fulminates, and tetracene; all high explosives such as TNT, RDX, HMX, PETN, and picric acid; propellants and components thereof, such as nitrocellulose, black powder, boron hydrides, hydrazine, and its derivatives; pyrotechnics and fireworks such as magnesium powder, potassium chlorate and potassium nitrate; blasting explosives such as dynamite and nitroglycerine; unstable organic compounds such as acetylides, tetrazoles, and ozonides; and strong oxidizing agents such as perchloric acid, perchlorates, chlorates, chlorites, or hydrogen peroxide in concentrations greater than 35 percent.

(12/15/61)

42-273

Regulations applying to Class I materials or products

In all #Manufacturing Districts#, Class I materials or products may be stored, manufactured, or utilized in manufacturing processes or other production.

(2/2/11)

42-274

Regulations applying to Class II materials or products

Class II materials or products may be stored, manufactured or utilized in manufacturing processes or other production only in accordance with the following provisions:

(a) In M1 Districts

In M1 Districts, Class II materials or products shall be stored, manufactured, or utilized subject to the following limitations:

- (1) such storage, manufacture or utilization shall be carried on only within #buildings or other structures# which are #completely enclosed# by incombustible exterior walls;
- (2) such #buildings or other structures# shall either be set back at least 40 feet from any #lot lines# or, in lieu thereof, all such #buildings or other structures# shall be protected throughout by an automatic fire extinguishing system which shall comply with the requirements set forth in the Administrative Code, and all such structures as storage tanks shall be protected by a fire extinguishing system which shall comply with the requirements set forth in the Administrative Code; and
- (3) the storage of Class II materials or products shall be limited to 100,000 gallons.

(b) In M2 Districts

In M2 Districts, Class II materials or products may be manufactured or utilized without limitation. The storage of Class II materials or products shall be limited to 200,000 gallons, except that such limitation shall not apply to storage in underground tanks or storage of finished products in #original sealed containers#.

- (1) Special provisions applying along district boundaries

In M2 Districts and within 100 feet of the district boundary of a #Residence District#, a #Commercial District# or an M1 District, Class II materials or products shall be stored, manufactured, or utilized only in accordance with the provisions set forth in Section 42-274, paragraph (a), for M1 Districts.

(c) In M3 Districts

In M3 Districts, Class II materials or products may be stored, manufactured, or utilized without limitation.

- (1) Special provisions applying along district boundaries

In M3 Districts and within 100 feet of the district boundary of a #Residence District#, a #Commercial District# or an M1 District, Class II materials or products shall be stored, manufactured, or utilized only in accordance with the provisions set forth in paragraph (a) of this Section for M1 Districts.

(2/2/11)

42-275

Regulations applying to Class III materials or products

Class III materials or products may be stored, manufactured or utilized in manufacturing processes or other production only in accordance with the following provisions:

(a) In M1 Districts

In M1 Districts, Class III materials or products shall not be manufactured in any event, and shall be stored or utilized subject to the following limitations:

- (1) such storage or utilization shall be carried on only within #buildings or other structures# which are #completely enclosed# by incombustible exterior walls;
- (2) such #buildings or other structures# shall either be set back at least 40 feet from any #lot line# or, in lieu thereof, all such #buildings or other structures# shall be protected throughout by an automatic fire extinguishing system which shall comply with the requirements set forth in the Administrative Code, and all such structures as storage tanks shall be protected by a fire extinguishing system which shall comply with the requirements set forth in the Administrative Code;
- (3) the final manufactured product shall have a rating of Class I; and
- (4) the storage of Class III materials or products shall be limited to 50,000 gallons.

(b) In M2 Districts

In M2 Districts, Class III materials or products shall not be manufactured in any event and shall be stored or utilized subject to the following limitations:

- (1) the final manufactured product shall have a rating of Class II; and
- (2) the storage of Class III materials or products shall be limited to 100,000 gallons, except that such limitation shall not apply to storage in underground tanks and storage of finished products in #original sealed containers#.
- (3) In M2 Districts, and within 100 feet of the district boundary of a #Residence District#, a #Commercial District# or an M1 District, Class III materials or products shall be stored or utilized only in accordance with the provisions set forth in paragraph (a) of this Section for M1 Districts.

(c) In M3 Districts

In M3 Districts, Class III materials or products may be stored, manufactured, or utilized without limitation.

- (1) Special provisions applying along district boundaries

In M3 Districts and within 400 feet of a #Residence District#, a #Commercial District# or an M1 District, the provisions set forth in paragraph (a) of this Section for M1 Districts shall apply. In M3 Districts and within 300 feet of the district boundary of an M2 District, no more than 200,000 gallons of Class III materials or products may be stored, except that such limitation shall not apply to storage in underground tanks or storage of finished products in #original sealed containers#.

(10/11/62)

42-276

Regulations applying to Class IV materials or products

Class IV materials or products shall not be manufactured in any #Manufacturing District# and may be utilized in manufacturing processes or other production in any #Manufacturing District# only when authorized by a special permit granted by the Board of Standards and Appeals in accordance with the provisions of Article VII, Chapter 3. No storage of Class IV materials or products is permitted in any #Manufacturing District# except such #accessory# storage as may be authorized by such special permit for the utilization of such materials or products in

manufacturing processes or other production.

(10/11/62)

42-277

Regulations applying to oxygen manufacture, storage, or utilization

Oxygen, gaseous or liquid, shall not be manufactured in any #Manufacturing District# except when authorized by a special permit granted by the Board of Standards and Appeals in accordance with the provisions of Article VII, Chapter 3. Oxygen, gaseous or liquid, may be stored or utilized in all #Manufacturing Districts# in accordance with the provisions set forth in the Administrative Code and subject to the following limitations:

(a) In M1 Districts

In M1 Districts, the total quantity of such oxygen stored shall not exceed 150,000 cubic feet at standard temperature and pressure.

(b) In M2 Districts

In M2 Districts, the total quantity of such oxygen stored shall not exceed 500,000 cubic feet at standard temperature and pressure.

(c) In M3 Districts

In M3 Districts, the total quantity of such oxygen stored is unlimited.

(12/15/61)

42-28

Performance Standards Regulating Humidity, Heat, or Glare

(12/15/61)

42-281

Regulation applying to M1 Districts

In M1 Districts, any activity producing excessive humidity in the form of steam or moist air, or producing intense heat or glare, shall be carried out in such a manner as not to be perceptible at or beyond any #lot line#.

(12/15/61)

42-282

Regulation applying to M2 Districts

In M2 Districts, any activity producing excessive humidity in the form of steam or moist air, or producing intense heat or glare, shall be carried out within an enclosure and in such a manner as not to be perceptible at or beyond any #lot line#.

(12/15/61)

42-283

Regulation applying to M3 Districts

When an M3 District adjoins any other district, any activity producing excessive humidity in the form of steam or moist air, or producing intense heat or glare, shall be carried out in such a manner as not to be perceptible at or beyond the district boundary.

(12/15/61)

42-30

USES PERMITTED BY SPECIAL PERMIT

(2/8/90)

42-31

By the Board of Standards and Appeals

In the districts indicated, the following #uses# are permitted by special permit of the Board of Standards and Appeals, in accordance with standards set forth in Article VII, Chapter 3.

M2 M3

Amusement arcades [PRC-E]

M1

Amusement parks, children's, with sites of not less than 10,000 square feet nor more than 75,000 square feet per establishment [PRC-E]

M1-5A M1-5B

Eating and drinking establishments, with entertainment but not dancing, with a capacity of 200 persons or less [PRC-D]

M1-5A M1-5B M1-5M M1-6M

Eating or drinking establishments, with entertainment and a capacity of more than 200 persons or establishments of any capacity with dancing [PRC-D]

M1 M2 M3

#Physical culture or health establishments#, including gymnasiums (not permitted under Use Group 9), and massage establishments

M1 M2 M3

Radio or television towers, non-#accessory#

M1 M2 M3

Sand, gravel or clay pits

M1

#Schools#, provided they have no living or sleeping accommodations

(5/8/13)

42-32

By the City Planning Commission

In the districts indicated, the following #uses# are permitted by special permit of the City Planning Commission, in accordance with standards set forth in Article VII, Chapter 4.

M1 M2 M3

Airports

M1

Amusement parks, children's, with sites of not less than 75,000 square feet nor more than 10 acres per establishment [PRC-E]

M1 M2 M3

Arenas, auditoriums, or stadiums with a capacity in excess of 2,500 seats [PRC-D]

M1 M2 M3

Bus stations, with less than 10 berths

M1 M2 M3

Bus stations, with 10 or more berths

M1

Carpet, rug, linoleum or other floor covering stores, with no limitation on #floor area# per establishment [PRC-B1]

M1

Clothing or clothing accessory stores, with no limitation on #floor area# per establishment [PRC-B]

M1

Department stores [PRC-B]

M1 M2 M3

Docks for #gambling vessels#, pursuant to Section 62-837

M1 M2 M3

Drive-in theaters, with a maximum capacity of 500 automobiles

M1

Dry goods or fabrics stores, with no limitation on #floor area# per establishment [PRC-B]

M1

Food stores, with no limitation on #floor area# per establishment [PRC-B]

M1

Furniture stores, with no limitation on #floor area# per establishment [PRC-B1]

M1 M2 M3

Heliports

M1

Indoor interactive entertainment facilities with eating and drinking* [PRC-D]

M1-5

Museums and non-commercial art galleries

M1-1 M1-2 M1-3 M2-1 M2-2 M3-1

#Public parking garages#** with capacity of more than 150 spaces

M1-4 M1-5 M1-6 M2-3 M2-4 M3-2

#Public parking garages#** with any capacity

M1 M2 M3

#Public parking lots# with capacity of more than 150 spaces**

M1 M2 M3

Railroad passenger stations

M1 M2 M3

Seaplane bases

M1 M2

Sewage disposal plants

M1

Television, radio, phonograph or household appliance stores, with no limitation on #floor area# per establishment [PRC-B]

M1 M2 M3

Trade expositions, with rated capacity of more than 2,500 persons [PRC-D]

M1 M2 M3

#Uses# listed in a permitted Use Group for which #railroad or transit air space# is #developed#

M1

#Uses# listed in Use Group 4A Community Facilities, except ambulatory diagnostic or treatment health care facilities and houses of worship

M1

Variety stores, with no limitation on #floor area# per establishment [PRC-B]

* In M1-1, M1-5A, M1-5B Districts and M1 Districts with a suffix "D," indoor interactive entertainment facilities with eating and drinking are not permitted

** In the #Manhattan Core#, these #uses# are subject to the provisions of Article I, Chapter 3, and in the #Long Island City area#, as defined in Section 16-02 (Definitions), such #uses# are subject to the provisions of Article I, Chapter 6.

(12/15/61)

42-40

**SUPPLEMENTARY USE REGULATIONS AND SPECIAL PROVISIONS APPLYING
ALONG DISTRICT BOUNDARIES**

(2/2/11)

42-41

Enclosure of Commercial or Manufacturing Activities

M1 M2 M3

In all districts, as indicated, all commercial or manufacturing activities established by #development#, #enlargement#, #extension# or change of #use#, except storage of materials or products, shall be subject to the provisions of this Section with respect to enclosure, except as otherwise specifically provided in the Use Groups permitted in the district, and in Sections 44-11 (General Provisions) and 44-51 (Permitted Accessory Off-Street Loading Berths). With respect to the #enlargement# or #extension# of an existing #use#, such provisions shall apply to the #enlarged# or #extended# portion of such #use#.

(12/15/61)

42-411

In M1 Districts

M1

In the district indicated, all such activities shall be located within #completely enclosed buildings#, provided, however, that #commercial uses# may be located within #buildings# which are #completely enclosed# except for store fronts or store windows which may be opened to serve customers outside the #building#.

(12/15/61)

42-412

In M2 or M3 Districts

M2 M3

In the districts indicated, all such activities within 300 feet of a #Residence District# boundary shall be located within #completely enclosed buildings#, provided, however, that #commercial uses# may be located within #buildings# which are #completely enclosed# except for store fronts or store windows which may be opened to serve customers outside the #building#.

(2/2/11)

42-42

Enclosure or Screening of Storage

M1 M2 M3

In all districts, as indicated, all storage of materials or products established by #development#, #enlargement#, #extension#, change of #use#, or any new open storage or any increase in the portion of a #zoning lot# used for open storage, shall conform to the provisions of this Section. In addition, new #accessory# open storage or any increase in the portion of a #zoning lot# used for #accessory# open storage shall conform to the provisions of this Section.

With respect to the #enlargement# or #extension# of existing storage of materials or products, such provisions shall apply to the #enlarged# or #extended# portion of such storage.

(12/15/61)

42-421

In M1 Districts

M1

In the district indicated, storage of materials or products within 200 feet of a #Residence District# boundary shall be located within #completely enclosed buildings#.

(12/15/61)

42-422

In M2 or M3 Districts

M2 M3

In the districts indicated, and within 200 feet of a #Residence District# boundary, open storage of materials or products shall be permitted only if effectively screened by a solid wall or fence (including solid entrance and exit gates) at least eight feet in height.

(12/15/61)

42-44

Limitations on Business Entrances, Show Windows or Signs

M1 M2 M3

In all districts, as indicated, the location of primary business entrances, #show windows#, or #signs# shall be subject to the provisions of this Section. For the purposes of this Section, a lot of record or a group of contiguous lots of record held in single ownership or control at December 15, 1961, or any applicable amendment thereto, shall be considered a single #zoning lot#, regardless of any subsequent subdivision.

For the purposes of this Section, a #corner lot# shall include the entire #zoning lot#, notwithstanding the 100 foot limitation in the definition of #corner lots# in Section 12-10 (DEFINITIONS). All other #zoning lots# shall be considered #zoning lots# with single frontage.

The provisions of this Section shall not apply to:

- (a) vehicular entrances or exits for permitted drive-in #uses# or automotive service establishments or for permitted or required #accessory# off-street parking spaces or loading berths;
- (b) service entrances, or other entrances less than 3 feet, 6 inches in width;
- (c) windows other than #show windows#; or
- (d) ventilators, fire escapes or other appurtenances required by law.

(12/15/61)

42-441**For zoning lots with single frontage**

M1 M2 M3

In all districts, as indicated, for #zoning lots# with single frontage, no primary business entrance, #show window# or #sign# shall be located on that portion of the #street# frontage within 20 feet of frontage on the same side of the #street# in a #Residence District#.

However, where the #street# frontage of such #zoning lot# or portion thereof located within the #Manufacturing District# is less than 30 feet in length, such minimum distance shall be reduced to 10 feet.

For #zoning lots# with a frontage of more than 30 feet, an application may be made to the Board of Standards and Appeals to reduce such minimum distance to 10 feet, as provided in Section 73-50 (SPECIAL PROVISIONS APPLYING ALONG DISTRICT BOUNDARIES).

(12/15/61)

42-442**For corner lots**

M1 M2 M3

In all districts, as indicated, no primary business entrance, #show window# or #sign# shall be located on that portion of the #street# frontage of a #corner lot# within 75 feet of frontage on the same side of the #street# in a #Residence District#.

However, primary business entrances, #show windows#, or #signs# may be located on frontage less than 75 feet, but not less than 20 feet, from a #Residence District# boundary:

- (a) if the total length of the #block# face containing such frontage is less than 220 feet; or
- (b) if such frontage adjoins frontage on a #corner lot# in a #Residence District#; or
- (c) if such frontage is separated from frontage in the #Residence District# by one or more #zoning lots# with single frontage.

(12/15/61)

42-45

Exceptions for Integrated Developments Divided by District Boundaries

M1 M2 M3

In all districts, as indicated, primary business entrances, #show windows# or #signs# may be located on any frontage within a #Manufacturing District#, if the Commissioner of Buildings finds that the #zoning lot# on which the business entrance, #show window# or #sign# is to be located:

- (a) is divided by a boundary between the #Manufacturing District# and a #Residence District#; or
- (b) is presently in the same ownership as adjoining property located in a #Residence District#, and no #building# in the #Residence District# exists, or will in the future be erected, within a distance of 75 feet from the #Manufacturing District#, as evidenced by deed restrictions filed in an office of record binding the owner and his heirs and assigns.

(2/22/90)

42-46

Air Space over a Railroad or Transit Right-of-way or Yard

(11/19/87)

42-461

Definitions

Words in italics are defined in Section 12-10 or, if applicable exclusively to this Chapter, in this Section.

(2/2/11)

42-462

Use of railroad or transit air space

M1 M2 M3

- (a) In all districts, as indicated, #railroad or transit air space# may be #developed# or used only for a permitted #use accessory# to the railroad or transit right-of-way or yard, a #use# permitted by the City Planning Commission as set forth in Section 74-681 (Development within or over a railroad or transit right-of-way or yard), a railroad passenger station permitted by the City Planning Commission as set forth in Section 74-62 (Railroad Passenger Stations) or an open vehicle storage establishment authorized pursuant to this Section unless the right-of-way or yard or portion thereof is no longer required for railroad or transit #use# as set forth in paragraph (b) of this Section.

If any #building or other structure# constructed in such #railroad or transit air space# in accordance with the provisions of Section 74-681 is #enlarged# or replaced by a new #building or other structure#, the provisions of this Section shall apply to such #enlargement# or replacement.

However, any #use# legally established in such #railroad or transit air space# in accordance with the provisions of Section 74-681 may be changed to another #use# listed in a permitted Use Group, and no special permit from the City Planning Commission shall be required for such change of #use#.

Any #building or other structure# within or over a railroad or transit right-of-way or yard, which #building or other structure# was completed prior to September 27, 1962, or constructed in accordance with the applicable provisions of Sections 11-31 to 11-34, inclusive, prior to December 5, 1991, may be #enlarged# or replaced in accordance with the applicable district regulations without any requirement for a special permit from the City Planning Commission. Ownership of rights permitting the #enlargement# or replacement of such a #building or other structure# shall be deemed to be equivalent to ownership of a #zoning lot# or portion thereof, provided that such #enlargement# or replacement will be on one #block# and the rights are in single ownership and recorded prior to February 22, 1990. Such ownership of rights shall be deemed to include alternative ownership arrangements specified in the #zoning lot# definition of Section 12-10 (DEFINITIONS).

#Enlargement# or replacement utilizing these ownership rights shall be deemed to be constructed upon the equivalent

of a #zoning lot#.

- (b) When the #use# of a railroad or transit right-of-way or yard, or portion thereof, has been permanently discontinued or terminated and a #large-scale development# requiring one or more special permits is proposed, no #use# or #development# of the property shall be allowed until the City Planning Commission has authorized the size and configuration of all #zoning lots# created on such property. As a condition for such authorization, the Commission shall find that:

- (1) the proposed #zoning lots#, indicated by a map describing the boundaries of, and the total area of, each lot, are not excessively large, elongated or irregular in shape and that no #development# on any #zoning lot# would result in the potential for an excessive concentration of #bulk# that would be incompatible with allowable #developments# on adjoining property; and
- (2) each resulting #zoning lot# has direct access to one or more #streets#.

No subsequent alteration in size or configuration of any #zoning lot# approved by the Commission shall be permitted unless authorized by the Commission. The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects of such #zoning lot# designation on the character of the surrounding area. Such conditions shall be set forth in a written Declaration of Restrictions covering all tracts of land or in separate written Declarations of Restrictions covering parts of such tracts of land and which in the aggregate cover the entire tract of land comprising the #zoning lot# and which is executed and recorded as specified in the definition of #zoning lot# in Section 12-10.

Prior to granting any #zoning lot# authorization relating to such right-of-way or yard, the City Planning Commission shall request the Metropolitan Transportation Authority and the Departments of Transportation of the State of New York and the City of New York to indicate within 30 days whether said agencies have any plan to use such property or portion thereof for a railroad or transit #use#.

- (c) In an M1-1 District, on the #block# bounded by Vanderbilt Avenue, Atlantic Avenue, Carlton Avenue and Pacific Street in the borough of Brooklyn, the City Planning Commission may authorize the #use# of #railroad or transit air space# for

an open vehicle storage establishment provided the Commission makes the following findings:

- (1) that adequate access to one or more #streets# is provided;
- (2) that access to such #use# is located on a #street# not less than 60 feet in width;
- (3) that the proposed open vehicle storage establishment will result in reducing the number of vehicles standing on nearby #streets#; and
- (4) that such establishment is located not less than 20 feet below #curb level# except for access ramps to the #street# or #streets#.

For the purpose of this authorization a secondary access ramp may be permitted provided that the intersection of such ramp and the #street# shall be no more than two #blocks# from the intersection of the primary access ramp and a #street#.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize any adverse effects on the character of the surrounding area, including requirements for the shielding of flood lights, screening, and surfacing of all access ramps or driveways.

- (d) Notwithstanding the above, the #High Line#, as defined in Section 98-01, shall be governed by the provisions of Section 98-17 (Air Space Over a Railroad or Transit Right of Way or Yard).

(9/21/11)

42-47

Residential Uses in M1-1D through M1-5D Districts

In M1-1D, M1-2D, M1-3D, M1-4D and M1-5D Districts, new #residences# or #enlargements# of existing #residences# may be permitted by authorization of the City Planning Commission provided the #zoning lot# existing on June 20, 1988, meets the criteria of paragraphs (a), (b) or (c) of this Section.

- (a) On #zoning lots# containing #residential# or #community facility uses#, new #residences# or #enlargements# of existing #residences# may be authorized, provided:

- (1) the #zoning lot# contains a #building# that has one or more #stories# of lawful #residential# or #community facility uses# and no more than one #story# of #commercial# or #manufacturing uses# therein;
 - (2) the #zoning lot# contains no other #commercial# or #manufacturing uses#; and
 - (3) 25 percent or more of the aggregate length of the #block# fronts on both sides of the #street# facing each other is occupied by #zoning lots# containing #residential# or #community facility uses#.
- (b) On vacant #zoning lots#, new #residences# may be authorized, provided:
- (1) the #zoning lot# has been vacant continuously since June 20, 1988, or has been vacant continuously for five years prior to the date of application for such authorization;
 - (2) a #zoning lot abutting# on one #side lot line# and fronting on the same #street# is occupied by a #community facility building# or a #building# containing #residences#; and
 - (3) either of the following conditions exist:
 - (i) such vacant #zoning lot# and any contiguous vacant #zoning lots# and #land with minor improvements# fronting on the same #street# aggregate no more than 10,000 square feet of #lot area#, and 50 percent or more of the aggregate length of the #block# fronts on both sides of the #street# facing each other is occupied by #zoning lots# containing #residential# or #community facility uses#; or
 - (ii) such vacant #zoning lot# and any contiguous vacant #zoning lots# and #land with minor improvements# fronting on the same #street# aggregate no more than 5000 square feet of #lot area#, and 25 percent or more of the aggregate length of the #block# fronts on both sides of the #street# facing each other is occupied by #zoning lots# containing #residential# or #community facility uses#.
- (c) On #land with minor improvements#, new #residences# may be

authorized provided such #land with minor improvements# otherwise meets all the criteria for vacant #zoning lots# listed in paragraph (b) of this Section, except that new #residential use# shall not be authorized on #land with minor improvements# that:

- (1) is used for parking, storage or processing in connection with a conforming, enclosed #commercial# or #manufacturing use# within the district; or
 - (2) has been so used within five years prior to the date of application, unless such land has not been so used since June 20, 1988.
- (d) In determining eligibility for #residential use#, pursuant to paragraphs (a), (b) or (c) of this Section, the following regulations shall be applicable:
- (1) In order to determine whether a #corner lot# meets the criteria of paragraph (a), (b) or (c) above, the aggregate length of the #block# fronts occupied by #zoning lots# that contain #residential# or #community facility uses# may be measured along any #block# front upon which such #corner lot# has frontage.
 - (2) In determining the percent of the aggregate length of the #block# fronts occupied by #zoning lots# that contain #residential# or #community facility uses#, the length along the #block# front of every #zoning lot#, whether occupied or not, shall be measured and aggregated, and this total shall be divided by the aggregate length of the #block# fronts occupied by #zoning lots# containing lawful #residential# or #community facility uses#. Vacant #zoning lots# and #land with minor improvements# shall not be counted as #residential# or community facility frontage.

For the purpose of this Section, the length along the #block# front of any #zoning lot# occupied by a #building# that contains one or more #stories# of #residential# or #community facility use# and no more than one #story# of #commercial# or #manufacturing use# shall be considered as a frontage of #residential# or #community facility uses#, and the length along the #block# front of any #zoning lot# occupied by a #building# that contains one or more #stories# of #residential# or #community facility use# and more than one #story# of #commercial# or #manufacturing uses# shall be considered as a frontage of #commercial# or #manufacturing uses#.

- (3) New #residential use# shall not be authorized on any #floor area# that is vacant or that is occupied by a #commercial# or #manufacturing use#, except that in a #building designed for residential use# where at least 50 percent of the #floor area# is occupied by #residential use#, the #residential use# may be #extended#.
- (4) In any #building#, no #residential use# may be located on or below a #story# occupied by a #commercial# or #manufacturing use#.
- (5) For the purposes of this Section, a #through lot# fronting on no more than two #streets# shall be treated as if it consisted of two separate #zoning lots# with #abutting rear lot lines# at a line midway between the two #street lines# upon which such #through lot# fronts. In the case of a #through lot# that fronts on more than two #streets#, the #through lot# portion shall first be considered as if it were so divided, and then any remaining portion shall be considered as if it were a separate #zoning lot#. Notwithstanding, in no event shall contiguous portions of a #through lot# that front on the same #street# be treated as if they were separate #zoning lots#.

Each resulting portion of such #through lot# on each #street# frontage shall be considered separately to determine whether it meets the criteria for new #residences# set forth in paragraphs (a), (b) or (c) of this Section, and only on such portion may new #residences# or #enlargements# of existing #residences# be authorized. Only the #lot area# of such portion shall be calculated in determining the permitted amount of #floor area# to be authorized pursuant to this Section.

- (6) A #zoning lot# or contiguous #zoning lots# existing on June 20, 1988, that have been vacant continuously since June 20, 1988, or have been vacant continuously for five years prior to the date of application for such authorization, that are contiguous to and front on the same #street# as a vacant #zoning lot# or #land with minor improvements# that meets all the requirements of paragraph (b) or (c) of this Section, may be combined with such eligible #zoning lot# in its application to authorize #residential use#. The aggregate #lot area# of all such contiguous vacant #zoning lots# or #land with minor improvements# shall be limited by the

requirements of paragraph (b) (3).

(e) In authorizing such #residential uses#, the Commission shall find that:

- (1) the #residential uses# will not be exposed to excessive noise, smoke, dust, noxious odor, toxic materials, safety hazards or other adverse impacts from current or previous #commercial# or #manufacturing uses#;
- (2) there are no open #uses# listed in Use Group 18 within 400 feet of the #zoning lot#;
- (3) the #residential uses# will not adversely affect #commercial# or #manufacturing uses# in the district; and
- (4) the authorization will not alter the essential character of the neighborhood or district in which the #use# is located, nor impair the future #use# or #development# of #commercial# and #manufacturing zoning lots#.

In granting such authorization, the Commission may prescribe additional conditions and safeguards as the Commission deems necessary.

#Residential uses# authorized pursuant to this Section shall be subject to the regulations of Sections 43-61 (Bulk Regulations for Residential Uses in M1-1D through M1-5D Districts) and 44-28 (Parking Regulations for Residential Uses in M1-1D through M1-5D Districts).

Regulations governing other #residential uses# in M1-D Districts are set forth in Article V, Chapter 2 (Non-conforming Uses).

#Residential uses# in M1-D Districts may #enlarge# pursuant to the regulations of Section 52-46 (Conforming and Non-conforming Residential Uses in M1-1D through M1-5D Districts) or of this Section.

(9/21/11)

42-48

Supplemental Use Regulations in M1-6D Districts

All permitted #uses# in M1-6D Districts, as set forth in Section 42-10 (USES PERMITTED AS-OF-RIGHT), shall comply with the

provisions set forth in this Section, inclusive.

(9/21/11)

42-481

Residential use

#Residential use# shall be permitted in M1-6D Districts only in accordance with the provisions of this Section. For the purposes of this Section, a "qualifying #building#" shall be any #building# that existed on April 25, 2011, and which contained at least 40,000 square feet of #floor area# on such date.

(a) #Residential use# as-of-right

#Residential use# shall be permitted as-of-right on any #zoning lot# that, on April 25, 2011, was not occupied by a qualifying #building#. Such absence of a qualifying #building# on the #zoning lot# shall be demonstrated to the satisfaction of the Department of Buildings.

(b) #Residential use# by certification

#Residential use# shall be permitted on a #zoning lot# that, on April 25, 2011, was occupied by one or more qualifying #buildings#, only upon certification by the Chairperson of the City Planning Commission that the #zoning lot# will contain at least the amount of non-#residential floor area# that existed within qualifying #buildings# on the #zoning lot# on April 25, 2011, provided that:

- (1) preservation of non-#residential floor area# within existing non-qualifying #buildings# on the #zoning lot# shall not be counted toward meeting the requirements of this certification; and
- (2) #floor area# from #community facility uses# with sleeping accommodations shall not be counted toward meeting the requirements of this certification.

However, non-#residential floor area converted# to #residential# vertical circulation and lobby space need not be replaced as non-#residential floor area#.

A restrictive declaration acceptable to the Department of City Planning shall be executed and recorded, binding the owners, successors and assigns to provide the amount of non-#residential floor area# that existed within qualifying #buildings# on April

25, 2011, on the #zoning lot#. Such restrictive declaration shall be recorded in the Office of the City Register. A copy of such declaration shall be provided to the Department of Buildings upon application for any building permit related to a change in #use# from non-#residential# to #residential#, or for a new #building# containing #residences#.

(9/21/11)

42-482

Community facility use

The #community facility use# regulations applicable in M1 Districts shall not apply in M1-6D Districts. In lieu thereof, all #community facility uses# listed in Use Groups 3 and 4 shall be permitted, except that #community facilities# with sleeping accommodations shall only be permitted in accordance with paragraphs (a) or (b) of this Section, as applicable.

For the purposes of this Section, a "qualifying #building#" shall be any #building# that existed on April 25, 2011, and which contained at least 40,000 square feet of #floor area# on such date.

- (a) #Community facilities# with sleeping accommodations shall be permitted as-of-right on any #zoning lot# that, on April 25, 2011, was not occupied by a qualifying #building#. Such absence of a qualifying #building# on the #zoning lot# shall be demonstrated to the satisfaction of the Department of Buildings.
- (b) #Community facilities# with sleeping accommodations shall be permitted on a #zoning lot# that, on April 25, 2011, was occupied by one or more qualifying #buildings#, only upon certification by the Chairperson of the City Planning Commission that the #zoning lot# will contain at least the amount of non-#residential floor area# that existed within qualifying #buildings# on the zoning lot on April 25, 2011, provided that:
 - (1) preservation of non-#residential floor area# within existing non-qualifying #buildings# on the #zoning lot# shall not be counted toward meeting the requirements of this certification; and
 - (2) #floor area# from #community facility uses# with sleeping accommodations shall not be counted toward meeting the requirements of this certification.

However, non-#residential floor area# converted to vertical circulation and lobby space associated with a #community facility# with sleeping accommodations need not be replaced as non-#residential floor area#.

A restrictive declaration acceptable to the Department of City Planning shall be executed and recorded, binding the owners, successors and assigns to provide the amount of non-#residential floor area# that existed within qualifying #buildings# on April 25, 2011, on the #zoning lot#. Such restrictive declaration shall be recorded in the Office of the City Register. A copy of such declaration shall be provided to the Department of Buildings upon application for any building permit related to a change in #use# from non-#residential# to #community facility# with sleeping accommodations, or for a new #building# containing a #community facility# with sleeping accommodations.

- (c) On #narrow streets#, ground floor #community facility uses# shall be subject to the streetscape provisions set forth in Section 42-485 (Streetscape Provisions).

(9/21/11)

42-483

Commercial uses

The #commercial use# regulations applicable in M1 Districts shall apply in M1-6D Districts, except that:

- (a) #Transient hotels# shall be allowed, except that #developments# or #enlargements# of #transient hotels# with greater than 100 sleeping units on #zoning lots# where #residential use# is permitted as-of-right, in accordance with paragraph (a) of Section 42-481 (Residential use), shall only be allowed upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the residential development goal has been met for the area in which such #transient hotel# is located, as set forth in this paragraph, (a), or where such residential development goal has not been met, by special permit pursuant to Section 74-802 (In M1-6D Districts).

The residential development goal shall be met when at least 865 #dwelling units#, permitted pursuant to the provisions of Section 42-481, on #zoning lots# located within an area bounded by West 28th Street, West 30th Street, a line 100

feet west of Seventh Avenue, and a line 100 feet east of Eighth Avenue, have received temporary or final certificates of occupancy subsequent to September 21, 2011.

- (b) Food stores, including supermarkets, grocery stores and delicatessen stores, shall not be limited as to size of establishment.
- (c) On #narrow streets#, ground floor #commercial uses# shall be subject to special streetscape provisions, as set forth in Section 42-485.
- (d) All #uses# listed in Use Group 10 shall be permitted without limitation, except as provided for in paragraph (c) of this Section.

(9/21/11)

42-484

Manufacturing uses

In M1-6D Districts, the #manufacturing use# regulations applicable in #Special Mixed Use Districts#, as set forth in Section 123-22 (Modification of Use Groups 16, 17 and 18), inclusive, shall apply.

(9/21/11)

42-485

Streetscape provisions

On #narrow streets#, for #zoning lots# with #street# frontage of 50 feet or more, ground floor #uses# limited to Use Groups 6A, 6C, 7B, 8A, 8B, 9A, 10A, 12A and 12B shall have a depth of at least 30 feet from the #street wall# and shall extend along a minimum of 50 percent of the width of the #street# frontage of the #zoning lot#. The remainder of the #street# frontage of the #zoning lot# may be occupied by any permitted #uses#, lobbies, or entrances to parking spaces, except that lobbies shall be limited to a total width of 40 feet. No minimum 30 foot depth requirement shall apply where a reduction in such depth is necessary in order to accommodate a #residential# lobby or vertical circulation core.

Enclosed parking spaces, or parking spaces covered by a #building#, including such spaces #accessory# to #residences#,

shall be permitted to occupy the ground floor, provided they are located beyond 30 feet of the #street wall#.

For any #development# or #enlargement# that includes a ground floor #street wall#, each ground floor #street wall# occupied by #uses# listed in Use Groups 1 through 15, not including #dwelling units#, shall be glazed with transparent materials which may include #show windows#, transom windows or glazed portions of doors. Such transparency shall occupy at least 50 percent of the surface area of that portion of the ground floor #street wall# located between a height of two feet and twelve feet, or the height of the ground floor ceiling, whichever is higher, above the level of the adjoining sidewalk. The lowest point of any such required transparency shall not be higher than four feet above the level of the adjoining sidewalk, with the exception of transom windows, and the minimum width of any such required transparency shall be two feet. In addition, the maximum width of a portion of the ground floor level #street wall# without transparency shall not exceed ten feet. However, the transparency requirements of this Section shall not apply to that portion of the ground floor level #street wall# occupied by an entrance to a parking facility.

(4/8/98)

42-50

SIGN REGULATIONS

(11/19/87)

42-51

Definitions

Words in italics are defined in Section 12-10 or, if applicable exclusively to this Chapter, in this Section.

(2/27/01)

42-52

Permitted Signs

M1 M2 M3

In all districts, as indicated, #signs# are permitted subject to the provisions of the following Sections:

Section 42-53 (Surface Area and Illumination Provisions)

Section 42-54 (Permitted Projection or Height of Signs)

Section 42-55 (Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways)

Section 42-56 (Special Provisions Applying Along District Boundaries)

Section 42-57 (Additional Sign Regulations for Adult Establishments)

Section 42-58 (Signs Erected Prior to December 13, 2000).

However, notwithstanding any provision of this Section, flags, banners or pennants other than those that are #advertising signs#, located on any #zoning lot# used primarily for #community facility uses# of a civic, philanthropic, educational or religious nature, are permitted in all districts, as indicated, without limitation.

(10/13/10)

42-53

Surface Area and Illumination Provisions

M1 M2 M3

In all districts, as indicated, all permitted #signs# shall be subject to the restrictions on #surface area# and illumination as set forth in this Section, provided that the following #signs# shall be exempted from such restrictions on #surface area#:

#Illuminated# non-#flashing signs#, other than #advertising signs#, located in a window within a #building#, with a total #surface area# not exceeding eight square feet on any #zoning lot# and limited to not more than three such #signs# in any window.

For the purpose of determining permitted #surface area# of #signs# for #zoning lots# occupied by more than one establishment, any portion of such #zoning lot# occupied by a #building# or part of a #building# accommodating one or more establishments on the ground floor may be considered as a

separate #zoning lot#.

No #illuminated sign# shall have a degree or method of illumination that exceeds standards established by the Department of Buildings by rule pursuant to the City Administrative Procedure Act. Such standards shall ensure that illumination on any #illuminated sign# does not project or reflect on #residences# or #joint living-work quarters for artists# so as to interfere with the reasonable use and enjoyment thereof. Nothing herein shall be construed to authorize a #sign with indirect illumination# to arrange an external artificial source of illumination so that direct rays of light are projected from such artificial source into #residences# or #joint living-work quarters for artists#.

(2/27/01)

42-531

Total surface area of signs

M1 M2 M3

In all districts, as indicated, the total #surface area# of all permitted #signs#, including non-#illuminated# or #illuminated signs#, shall not exceed the limitation established for non-#illuminated signs#, as set forth in Section 42-532.

(10/13/10)

42-532

Non-illuminated signs

M1 M2 M3

In all districts, as indicated, non-#illuminated signs# with total #surface areas# not exceeding six times the #street# frontage of the #zoning lot#, in feet, but in no event more than 1,200 square feet for each #sign#, are permitted.

However, in any #Manufacturing District# in which #residences# or #joint living-work quarters for artists# are, under the provisions of the Zoning Resolution, allowed as-of-right or by special permit or authorization, the total #surface area# of all such permitted #signs# shall not exceed six times the #street# frontage of the #zoning lot#, in feet, and that the #surface area# of each #sign# shall not exceed 750 square feet.

(10/13/10)

42-533

Illuminated or flashing signs

M1 M2 M3

In all districts, as indicated, #illuminated# or #flashing advertising signs# are not permitted.

#Illuminated# or #flashing signs#, other than #advertising signs#, and #accessory# or #advertising signs with indirect illumination# are permitted, provided that the total #surface area# of all such #signs#, in square feet, shall not exceed:

- (a) for #illuminated# or #flashing signs# other than #advertising signs#, five times the #street# frontage of the #zoning lot#, in feet, and that the #surface area# of each #sign# shall not exceed 500 square feet; and
- (b) for #accessory# or #advertising signs with indirect illumination#, five times the #street# frontage of the #zoning lot#, in feet, and that the #surface area# of each #sign# shall not exceed 750 square feet.

However, in any #Manufacturing District# in which #residences# or #joint living-work quarters for artists# are, under the provisions of the Zoning Resolution, allowed as-of-right or by special permit or authorization, the total #surface area# of all such permitted #signs# shall not exceed five times the #street# frontage of the #zoning lot#, in feet, and that the #surface area# of each #sign# shall not exceed 500 square feet.

(2/27/01)

42-54

Permitted Projection or Height of Signs

M1 M2 M3

In all districts, as indicated, all permitted #signs# are subject to the applicable regulations of this Section, inclusive.

(10/13/10)

42-541

Permitted projection

M1 M2 M3

In all districts, as indicated, except as otherwise provided in Section 42-542 (Additional regulations for projecting signs), no permitted #sign# shall project across a #street line# more than 18 inches for double- or multi-faceted #signs# or 12 inches for all other #signs#, except that:

- (a) in M1-5A, M1-5B, M1-5M and M1-6M Districts, for each establishment located on the ground floor, non-#illuminated signs# other than #advertising signs# may project no more than 40 inches across a #street line#, provided that along each #street# on which such establishment fronts, the number of such #signs# for each establishment shall not exceed two two-sided #signs# separated at least 25 feet apart, and further provided that any such #sign# shall not exceed a #surface area# of 24 by 36 inches and shall not be located above the level of the first #story# ceiling.
- (b) for #zoning lots# occupied by more than two theaters designed, arranged and used for live performances of drama, music or dance and located within the area bounded by West 34th Street, Eighth Avenue, West 42nd Street and Tenth Avenue, permitted #signs# may project across a #street line# no more than 4 feet, 6 inches, provided the height of any such #signs# shall not exceed 55 feet above #curb level#.

(2/27/01)

42-542

Additional regulations for projecting signs

M1 M2 M3

In all districts, as indicated, permitted #signs# other than #advertising signs# may be displayed as follows:

- (a) Non-#illuminated signs# may be displayed on awnings or canopies permitted by the Administrative Code, with a #surface area# not exceeding 12 square feet and with the height of letters not exceeding 12 inches. Any commercial copy on such #signs# shall be limited to identification of the name or address of the #building# or an establishment

contained therein.

- (b) #Signs# may be displayed on marquees permitted by the Administrative Code, provided that no such #sign# shall project more than 48 inches above nor more than 12 inches below such marquee.

(2/27/01)

42-543

Height of signs

M1 M2 M3

In all districts, as indicated, permitted #signs# shall not extend to a height greater than 40 feet above #curb level#, provided that non-#illuminated signs# or #signs with indirect illumination# may extend to a maximum height of 75 feet.

(2/27/01)

42-55

Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways

M1 M2 M3

In all districts, as indicated, the provisions of paragraphs (a), (b) and (c), or paragraph (d), of this Section, shall apply for #signs# near designated arterial highways or certain #public parks#.

- (a) Within 200 feet of an arterial highway or a #public park# with an area of one-half acre or more, #signs# that are within view of such arterial highway or #public park# shall be subject to the following provisions:

- (1) no permitted #sign# shall exceed 500 square feet of #surface area#; and
- (2) no #advertising sign# shall be allowed; nor shall an existing #advertising sign# be structurally altered, relocated or reconstructed.

- (b) Beyond 200 feet from such arterial highway or #public park#,

the #surface area# of such #signs# may be increased one square foot for each linear foot such sign is located from the arterial highway or #public park#.

(c) The more restrictive of the following shall apply:

- (1) any #advertising sign# erected, structurally altered, relocated or reconstructed prior to June 1, 1968, within 660 feet of the nearest edge of the right-of-way of an arterial highway, whose message is visible from such arterial highway, shall have legal #non-conforming use# status pursuant to Section 52-83 (Non-Conforming Advertising Signs), to the extent of its size existing on May 31, 1968; or
- (2) any #advertising sign# erected, structurally altered, relocated or reconstructed between June 1, 1968, and November 1, 1979, within 660 feet of the nearest edge of the right-of-way of an arterial highway, whose message is visible from such arterial highway, and whose size does not exceed 1,200 square feet in #surface area# on its face, 30 feet in height and 60 feet in length, shall have legal #non-conforming use# status pursuant to Section 52-83, to the extent of its size existing on November 1, 1979. All #advertising signs# not in conformance with the standards set forth herein shall terminate.

(d) Within one-half mile of any boundary of the City of New York, permitted #signs# and #advertising signs# may be located along any designated arterial highway that is also:

- (1) a "principal route" or "toll crossing" that prohibits direct vehicular access to abutting land and provides complete separation of conflicting traffic flows; and
- (2) a through truck route designated by the New York City Department of Transportation; and
- (3) that crosses a boundary of the City of New York,

without regard to the provisions of paragraphs (a), (b) and (c) of this Section, provided any such permitted or #advertising sign# otherwise conforms to the regulations of this Chapter including, with respect to an #advertising sign#, a location not less than 500 feet from any other #advertising sign#, except that, in the case of any such permitted or #advertising sign# erected prior to August 7, 2000, such #sign# shall have #non-conforming use# status pursuant to Sections 52-82 (Non-Conforming Signs other than

Advertising Signs) and 52-83 with respect to all other regulations of this Chapter to the extent of the degree of #non-conformity# of such #sign# as of August 7, 2000, including, with respect to an #advertising sign#, its location within 500 feet of any other such #advertising sign#.

Upon application, the requirements of paragraphs (a), (b) and (c) of this Section shall be waived, provided that the Chairperson of the City Planning Commission certifies that such waiver is limited to a single non-#flashing sign# other than an #advertising sign#, located on a #zoning lot# not less than one and one-half acres and, all other permitted #signs#, other than #advertising signs# located on such #zoning lot#, that are subject to the provisions of this Section, conform with all the #sign# regulations applicable in C1 Districts.

For the purposes of this Section, arterial highways shall include all highways that are shown on the Master Plan of Arterial Highways and Major Streets as "principal routes," "parkways" or "toll crossings," and that have been designated by the City Planning Commission as arterial highways to which the provisions of this Section shall apply.

(2/27/01)

42-551

Advertising signs on waterways

No moving or stationary #advertising sign# shall be displayed on a vessel plying waterways adjacent to #Manufacturing Districts# and within view from an arterial highway.

For the purposes of this Section, arterial highways shall include all highways that are shown on the Master Plan of Arterial Highways and Major Streets as "principal routes," "parkways" or "toll crossings" and that have been designated by the City Planning Commission as arterial highways to which the provisions of this Section shall apply.

For the purposes of this Section, an #advertising sign# is a #sign# that directs attention to a profession, business, commodity, service or entertainment conducted, sold or offered elsewhere than upon the premises of the vessel and is not #accessory# to a #use# on such vessel.

(2/27/01)

42-56

Special Provisions Applying Along District Boundaries

(2/27/01)

42-561

Restrictions along district boundary located in a street

M1 M2 M3

In all districts, as indicated, and within 100 feet of the #street line# of any #street# or portion thereof in which the boundary of an adjoining #Residence District# is located, or which adjoins a #public park# of one-half acre or more, #advertising signs# that face at an angle of less than 165 degrees away from such #Residence District# or park boundary shall not be permitted and all other #signs# facing at less than such an angle shall conform with all the #sign# regulations applicable in C1 Districts as set forth in Sections 32-61 to 32-68, inclusive, relating to Sign Regulations.

(2/27/01)

42-562

Restriction on angle and height above curb level

M1 M2 M3

In all districts, as indicated, and within 500 feet of the boundary of a #Residence District# or #Commercial District#, except C7 or C8 Districts, any illuminated portion of any #sign# shall face at an angle of more than 90 degrees away from such boundary line and a #sign with indirect illumination# may extend only to a height of 58 feet above #curb level#.

(2/27/01)

42-57

Additional Sign Regulations for Adult Establishments

M1 M2 M3

In all districts, as indicated, all permitted #signs#, other than #advertising signs#, for #adult establishments# shall conform with the provisions of this Chapter, except that the maximum #surface area# of all #signs#, other than #advertising signs#, for #adult establishments# shall not exceed, in the aggregate, three times the #street# frontage of the #zoning lot#, but in no event more than 150 square feet per establishment, of which no more than 50 square feet may be #illuminated# and no portion thereof may be #flashing#.

No #signs# for #adult establishments# shall be permitted on the roof of any #building#, nor shall such #signs# extend above #curb level# at a height greater than 25 feet.

(2/27/01)

42-58

Signs Erected Prior to December 13, 2000

M1 M2 M3

In all districts, as indicated, a #sign# erected prior to December 13, 2000, shall have #non-conforming use# status pursuant to Sections 52-82 (Non-Conforming Signs Other Than Advertising Signs) or 52-83 (Non-Conforming Advertising Signs) with respect to the extent of the degree of #non-conformity# of such #sign# as of such date with the provisions of Sections 42-52, 42-53 and 42-54, where such #sign# shall have been issued a permit by the Department of Buildings on or before such date. In all such districts, as indicated, a #sign# other than an #advertising sign# erected prior to December 13, 2000, shall also have #non-conforming use# status pursuant to Section 52-82 with respect to the degree of #non-conformity# of such #sign# as of such date with the provisions of Section 42-55, paragraphs (a)(1) and (b), where such #sign# shall have been issued a permit by the Department of Buildings on or before such date. Nothing herein shall be construed to confer #non-conforming use# status upon any #advertising sign# located within 200 feet of an arterial highway or of a #public park# with an area of one-half acre or more, and within view of such arterial highway or #public park#, or where such #advertising sign# is located at a distance from an arterial highway or #public park# with an area of one-half acre or more which is greater in linear feet than there are square feet of #surface area# on the face of such #sign#, contrary to the requirements of Section 42-55, paragraph (b). The #non-conforming use# status of signs subject to Section 42-55, paragraphs (c)(1), (c)(2) and (d), shall remain unaffected by this provision.

For the purposes of this Section, arterial highways shall include all highways that are shown on the Master Plan of Arterial Highways and Major Streets as "principal routes," "parkways" or "toll crossings," and that have been designated by the City Planning Commission as arterial highways to which the provisions of this Section shall apply.

(9/21/11)

42-59

Sign Regulations in M1-6D Districts

In M1-6D Districts, #signs# are permitted subject to the #sign# regulations applicable in C6-4 Districts, as set forth in Section 32-60, inclusive.

ZONING RESOLUTION Web Version

THE CITY OF NEW YORK

THE CITY OF NEW YORK

Chapter 3

Bulk Regulations

(12/15/61)

43-00

APPLICABILITY AND GENERAL PROVISIONS

(10/9/13)

43-01

Applicability of this Chapter

The #bulk# regulations of this Chapter apply to any #building or other structure# on any #zoning lot# or portion of a #zoning lot# located in any #Manufacturing District#. The #bulk# regulations of this Chapter shall also apply to any portion of a #zoning lot# in a #Manufacturing District# that is #developed# or #enlarged# with an open #use#. In addition, the #bulk# regulations of this Chapter or of specified Sections thereof also apply in other provisions of this Resolution where they are incorporated by cross reference.

Existing #buildings or other structures# which do not comply with one or more of the applicable #bulk# regulations are #non-complying buildings or other structures# and are subject to the regulations set forth in Article V, Chapter 4.

Special regulations applying to #large-scale community facility developments# are set forth in Article VII, Chapter 8.

Special regulations applying only in Special Purpose Districts are set forth in Article VIII, IX, X, XI, XII and XIII.

In Manhattan Community Districts 1, 2, 3, 4, 5 and 6, Brooklyn Community Districts 1, 2, 6 and 8, and Queens Community Districts 1 and 2, the #conversion# of non-#residential floor area# to #residences# in #buildings# erected prior to December 15, 1961, or January 1, 1977, as applicable, shall be subject to the provisions of Article I, Chapter 5 (Residential Conversions within Existing Buildings), unless such #conversions# meet the requirements for #residential developments# of Article II (Residence District Regulations).

In M1-1D, M1-2D, M1-3D, M1-4D and M1-5D Districts, the #bulk# regulations governing M1 Districts shall apply to #community facility#, #commercial# and #manufacturing uses#, and the regulations of Section 43-61 (Bulk Regulations for Residential Uses in M1-1D through M1-5D Districts) shall apply to #residential uses# authorized pursuant to Section 42-47 (Residential Uses in M1-1D through M1-5D Districts). M1-6D Districts shall be subject to the #bulk# regulations set forth in Section 43-62.

In the M1-1 District bounded by 95th Avenue, 148th Street, 97th Avenue and 147th Place in Community District 12 in the Borough of Queens, the #bulk# regulations of an M1 District shall apply to #manufacturing#, #commercial# and #community facility uses#, and the #bulk# regulations for an R5 District set forth in Article II, Chapter 3, shall apply to #residential uses#.

Special regulations applying in the #waterfront area# are set forth in Article VI, Chapter 2.

Special regulations applying in the #flood zone# are set forth in Article VI, Chapter 4.

(2/2/11)

43-02

Street Tree Planting in Manufacturing Districts

M1 M2 M3

In all districts, as indicated, all #developments#, or #enlargements# of 20 percent or more in #floor area#, excluding #developments# or #enlargements# in Use Groups 17 or 18, shall provide #street# trees in accordance with Section 26-41 (Street Tree Planting). In addition, any #building# where 20 percent or more of the #floor area# is #converted# from a #manufacturing use# to a #commercial# or #community facility use# shall provide #street# trees in accordance with Section 26-41. The #street# frontage used to calculate the number of required trees may exclude the #street# frontage occupied by curb cuts serving #uses# listed in Use Groups 16B, 16C and 16D.

FLOOR AREA REGULATIONS

(8/18/77)

43-11 **Definitions**

Words in italics are defined in Section 12-10 (DEFINITIONS) or, if applicable exclusively to this Section, in this Section.

(9/21/11)

43-12 **Maximum Floor Area Ratio**

M1 M2 M3

In all districts, as indicated, for any #zoning lot#, the maximum #floor area ratio# shall not exceed the #floor area ratio# set forth in the following table, except as otherwise provided in the following Sections:

Section 43-121 (Expansion of existing manufacturing buildings)

Section 43-122 (Maximum floor area ratio for community facility buildings)

Section 43-13 (Floor Area Bonus for Public Plazas)

Section 43-14 (Floor Area Bonus for Arcades)

Section 43-15 (Existing Public Amenities for which Floor Area Bonuses Have Been Received)

Section 43-16 (Special Provisions for Zoning Lots Divided by District Boundaries)

Section 43-61 (Bulk Regulations for Residential Uses in M1-1D through M1-5D Districts)

Section 43-62 (Bulk Regulations in M1-6D Districts)

Any given #lot area# shall be counted only once in determining the #floor area ratio#.

Maximum Permitted #Floor
Area Ratio#

Districts

1.00	M1-1
2.00	M1-2* M1-4 M2-1 M2-3 M3
5.00	M1-3 M1-5 M2-2 M2-4
10.00	M1-6

- * In Community District 1, in the Borough of Queens, in the M1-2 District bounded by a line 100 feet southwesterly of 37th Avenue, a line 100 feet southeasterly of 24th Street, a line 100 feet southwesterly of 39th Avenue, 24th Street, and a line 100 feet northeasterly of 40th Avenue, 23rd Street, 39th Avenue and 24th Street, the maximum #floor area ratio# shall be increased to 4.0 provided that such additional #floor area# is limited to the following #uses#: photographic or motion picture production studios and radio or television studios listed in Use Group 10A; and #uses# listed in Use Groups 16A, 16D, 17A and 17B as set forth in Section 123-22 (Modification of Use Groups 16, 17 and 18), except for automobile, motorcycle, trailer or boat sales, motorcycle or motor scooter rental establishments, poultry or rabbit killing establishments, riding academies, stables for horses and trade schools for adults

For #zoning lots# containing both #community facility use# and #manufacturing# or #commercial use#, the total #floor area# used for #manufacturing# or #commercial use# shall not exceed the amount permitted in the table in this Section or by the bonus provisions in Sections 43-13 or 43-14.

Notwithstanding any other provisions of this Resolution, the maximum #floor area ratio# in an M1-6 District shall not exceed 12.0.

(2/2/11)

43-121

Expansion of existing manufacturing buildings

M1 M2 M3

In all districts, as indicated, where a #building or other structure# used for a conforming #manufacturing use# was in existence prior to December 15, 1961, such #building or other structure# may be expanded for a #manufacturing use#. Such

expansion may consist of an #enlargement#, or additional #development#, on the same #zoning lot#, provided that:

(a) the resulting total #floor area# shall not be greater than:

- (1) 150 percent of the #floor area# existing on December 15, 1961; or
- (2) 110 percent of the maximum #floor area# otherwise permitted under the provisions of Section 43-12 (Maximum Floor Area Ratio).

(b) the resulting #floor area ratio# shall not exceed the highest of:

- (1) 150 percent of the maximum #floor area ratio# otherwise permitted under the provisions of Section 43-12;
- (2) 110 percent of the #floor area ratio# existing on December 15, 1961; or
- (3) a #floor area ratio# of 2.4, provided that in the event this paragraph, (b)(3), is utilized, the City Planning Commission shall administratively certify and the City Council approve, that such expansion will not adversely affect the surrounding area.

The parking reduction provisions of Section 44-27 (Special Provisions for Expansion of Existing Manufacturing Buildings) shall apply to such expansion.

(9/21/11)

43-122

Maximum floor area ratio for community facilities

M1

In the districts indicated, for any #community facility use# on a #zoning lot#, the maximum #floor area ratio# shall not exceed the #floor area ratio# set forth in the following table:

Maximum Permitted #Floor Area Ratio#	Districts
2.40	M1-1
4.80	M1-2

6.50

M1-3 M1-4 M1-5

10.00

M1-6

In M1-1D, M1-2D, M1-3D, M1-4D and M1-5D Districts, for any #zoning lot# containing both #residential use# and #community facility use#, the total #floor area# used for #residential use# shall not exceed the amount permitted in Section 43-61 (Bulk Regulations for Residential Uses in M1-1D through M1-5D Districts).

(9/21/11)

43-13

Floor Area Bonus for Public Plazas

M1-6

In the district indicated, except for M1-6D Districts, for each square foot of #public plaza# provided on a #zoning lot#, in accordance with the provisions of Section 37-70, inclusive, the total #floor area# permitted on that #zoning lot# under the provisions of Section 43-12 (Maximum Floor Area Ratio) may be increased by six square feet.

(9/21/11)

43-14

Floor Area Bonus for Arcades

M1-6

In the district indicated, except for M1-6D Districts, for each square foot of #arcade# provided on a #zoning lot#, the total #floor area# permitted on the #zoning lot# under the provisions of Section 43-12 (Maximum Floor Area Ratio) may be increased by three square feet. However, the provisions of this Section shall not apply to #zoning lots# that are both within 100 feet of the western #street line# of Seventh Avenue and between West 28th and West 30th Streets in the Borough of Manhattan.

(10/17/07)

43-15

Existing Public Amenities for which Floor Area Bonuses Have Been Received

- (a) Elimination or reduction in size of non-bonused open area on a #zoning lot# containing a bonused amenity

In all districts, any existing open area for which a #floor area# bonus has not been utilized that occupies the same #zoning lot# as an existing #publicly accessible open area# or other public amenity, open or enclosed, for which a #floor area# bonus has been utilized, may be reduced in size or eliminated only upon certification of the Chairperson of the City Planning Commission that all bonused amenities comply with the standards under which such #floor area# bonus was granted.

- (b) Kiosks and open air cafes

Kiosks and open air cafes may be placed within an existing #publicly accessible open area# for which a #floor area# bonus has been received, by certification, pursuant to Section 37-73 (Kiosks and Open Air Cafes).

- (c) Nighttime closing of existing #publicly accessible open areas#.

The Commission may, upon application, authorize the closing of an existing #publicly accessible open area# for which a #floor area# bonus has been received, during certain nighttime hours pursuant to Section 37-727 (Hours of access).

- (d) Elimination or reduction of existing public amenities

No existing #arcade#, #publicly accessible open area# or other public amenity, open or enclosed, for which a #floor area# bonus has been utilized, shall be eliminated or reduced in size except by special permit, pursuant to Section 74-761 (Elimination or reduction in size of bonused public amenities).

Regulations Applying in Special Situations

(12/15/61)

43-16

Special Provisions for Zoning Lots Divided by District Boundaries

M1 M2 M3

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts with different maximum #floor area ratios#, the provisions set forth in Article VII, Chapter 7 shall apply.

(1/22/98)

43-17

Special Provisions for Joint Living-Work Quarters for Artists in M1-5A and M1-5B Districts

M1-5A M1-5B

In the districts indicated, no #building# containing #joint living-work quarters for artists# shall be #enlarged#.

Mezzanines are allowed within individual quarters, in #buildings# with an existing #floor area ratio# of 12.0 or less, and only between floors, or between a floor and a roof, existing on January 22, 1998, that are to remain, provided that such mezzanines do not exceed 33 and 1/3 percent of the gross #floor area# of such individual quarters. Such mezzanines shall not be included as #floor area# for the purpose of calculating minimum required size of a #joint living-work quarters for artists#.

In the districts indicated no #building# containing #joint living-work quarters for artists# shall be subdivided into quarters of less than 1,200 square feet except where no #story# contains more than one #joint living-work quarters for artists# unless modified pursuant to Section 43-171.

However, the minimum size requirement may be replaced by the requirements of Section 15-026 for #joint living-work quarters for artists#:

- (a) for which a determination of #residential# or #joint living-work quarters for artists# occupancy on September 1, 1980, has been made pursuant to Sections 42-14, paragraph D.(1)(f), 42-141 paragraph (b) or 74-782; or
- (b) that are registered Interim Multiple Dwellings or are found covered by the New York City Loft Board pursuant to Article 7C of the New York State Multiple Dwelling Law; or
- (c) that the Loft Board determines were occupied for

#residential use# or as #joint living-work quarters for artists# on September 1, 1980.

#Joint living-work quarters for artists# existing on September 1, 1980, may not be divided subsequently into quarters of less than 1,200 square feet, unless required by the Loft Board for the legalization of Interim Multiple Dwelling Units in the implementation of Article 7C of the New York State Multiple Dwelling Law.

In the districts indicated, two or more #buildings# which are separated by individual load-bearing walls and contain #joint living-work quarters for artists#, each of which #building# conforms to the regulations set forth in Section 42-14 may be combined to produce a #lot area# covered by #buildings# in excess of 3,600 square feet.

(2/2/11)

43-171

Minor modifications

On application, the Chairperson of the City Planning Commission may grant minor modifications to the requirements of Section 43-17 relating to #joint living-work quarters for artists# size, provided that the Chairperson of the City Planning Commission had administratively certified to the Department of Buildings that the division of one or more #stories# into #joint living-work quarters for artists# with an area of at least 1,200 square feet cannot be accomplished without practical difficulties because the #floor area# of such #story#, exclusive of exterior walls and common areas, is within five percent of a multiple of 1,200 square feet.

The applicant must send a copy of any request for a modification pursuant to this Section to the applicable Community Board at least twenty days prior to the next regularly scheduled Community Board meeting.

(1/28/71)

43-20

YARD REGULATIONS

Definitions and General Provisions

(11/19/87)

43-21

Definitions

Words in italics are defined in Section 12-10 or, if applicable exclusively to this Section, in this Section.

(12/15/61)

43-22

Level of Yards

In all #Manufacturing Districts#, the level of a #yard# or of a #rear yard equivalent# shall not be higher than #curb level#. However, this Section shall not be construed to require that natural grade level be disturbed in order to comply with this requirement.

No #building or other structure# shall be erected above ground level in any required #yard# or #rear yard equivalent# except as otherwise provided in Section 43-23 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

(4/30/12)

43-23

Permitted Obstructions in Required Yards or Rear Yard Equivalents

In all #Manufacturing Districts#, the following obstructions shall be permitted within a required #yard# or #rear yard equivalent#:

(a) In any #yard# or #rear yard equivalent#:

(1) Arbors or trellises;

(2) Awnings and other sun control devices, provided that when located at a level higher than the first #story#, excluding a #basement#, all such awnings and other sun control devices:

(i) shall be limited to a maximum projection from a #building# wall of 2 feet, 6 inches; and

- (ii) shall have solid surfaces that, in aggregate, cover an area no more than 30 percent of the area of the #building# wall (as viewed in elevation) from which they project;
- (3) Canopies;
- (4) Chimneys, projecting not more than three feet into, and not exceeding two percent of the area of, the required #yard# or #rear yard equivalent#;
- (5) Eaves, gutters or downspouts, projecting into such #yard# or #rear yard equivalent# not more than 16 inches or 20 percent of the width of such #yard# or #rear yard equivalent#, whichever is the lesser distance;
- (6) Exterior wall thickness, where such wall thickness is added to the exterior face of a #building# wall existing on April 30, 2012, provided the added wall thickness has a thermal resistance (R-value) of at least 1.5 per inch, and is limited to one inch of thickness for every foot of existing #yard# width, up to a maximum thickness of eight inches. When an open area is provided along a common #lot line#, then such exterior wall thickness is limited to one inch for every foot of existing open area on the #zoning lot#;

Where #buildings# that have added exterior wall thickness pursuant to this Section are #enlarged#, such #enlarged# portion may similarly encroach upon required #yards# in order to align with the exterior walls of the existing #building#, provided such #enlargement# contains less #floor area# than the existing #building#, and there is no encroachment of #floor area# into a required #yard#;

- (7) Fences;
- (8) Flagpoles;
- (9) Parking spaces for automobiles or bicycles, off-street, open, #accessory#;
- (10) Solar energy systems on walls existing on April 30, 2012, projecting no more than 10 inches and occupying no more than 20 percent of the surface area of the #building# wall (as viewed in elevation) from which it projects;

- (11) Steps, and ramps for persons with physical disabilities;
 - (12) Terraces or porches, open;
 - (13) Walls, not exceeding eight feet in height and not roofed or part of a #building#.
- (b) In any #rear yard# or #rear yard equivalent#:
- (1) Any #building# or portion of a #building# used for any permitted #use#, except that any portion of a #building# containing rooms used for living or sleeping purposes (other than a room in a hospital used for the care and treatment of patients, or #joint living-work quarters for artists#) shall not be a permitted obstruction, and provided that the height of such #building# shall not exceed one #story#, excluding #basement#, nor in any event 23 feet above #curb level#. In addition, decks, parapet walls, roof thickness, skylights, vegetated roofs, and weirs, shall be permitted upon such #building#, or portion thereof, pursuant to Section 43-42 (Permitted Obstructions);
 - (2) Breezeways;
 - (3) Fire escapes;
 - (4) Parking spaces for automobiles or bicycles, off-street, #accessory#, provided that the height of an #accessory building# used for such purposes and located in a required #rear yard# or #rear yard equivalent# shall not exceed 23 feet above #curb level#;
 - (5) Solar energy systems on the roof of a #building# permitted as an obstruction to such #yard#:
 - (i) up to four feet in height as measured perpendicular to the roof surface when located above a permitted #commercial# or #community facility use# or attached parking structure; or
 - (ii) shall be limited to 18 inches in height as measured perpendicular to the roof surface when located above a shed or detached parking structure, or on any roof with a slope greater than 20 degrees;
 - (6) Water-conserving devices, required in connection with

air conditioning or refrigeration systems in
#buildings# existing prior to May 20, 1966, if located
not less than eight feet from any #lot line#.

However, no portion of a #rear yard equivalent# which is also a
required #front yard# or required #side yard# may contain any
obstructions not permitted in such #front yard# or #side yard#.

(12/15/61)

43-24

Measurement of Yard Width or Depth

In all #Manufacturing Districts#, the width or depth of a #yard#
or #rear yard equivalent# shall be measured perpendicular to #lot
lines#.

Basic Regulations

(12/15/61)

43-25

Minimum Required Side Yards

M1 M2 M3

In all districts, as indicated, no #side yards# are required.
However, if an open area extending along a #side lot line# is
provided, it shall be at least eight feet wide.

(4/30/08)

43-26

Minimum Required Rear Yards

M1 M2 M3

In all districts, as indicated, a #rear yard# with a depth of not
less than 20 feet shall be provided at every #rear lot line# on
any #zoning lot# except as otherwise provided in Sections 43-27
(Special Provisions for Shallow Interior Lots), 43-28 (Special
Provisions for Through Lots) or 43-31 (Other Special Provisions
for Rear Yards). #Rear yards# shall also be provided along
portions of #side lot lines# as set forth in Section 43-261

(Beyond one hundred feet of a street line).

(4/30/08)

43-261

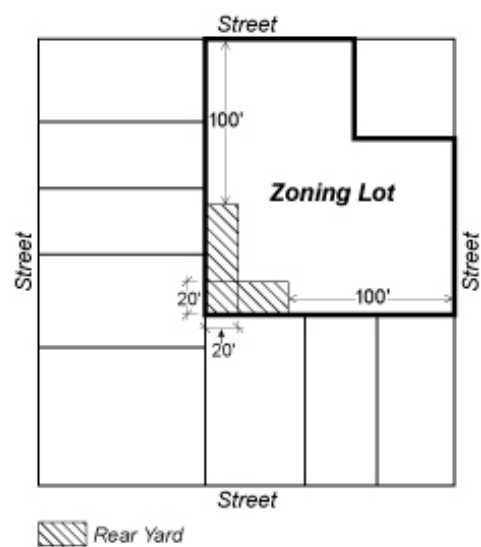

Beyond one hundred feet of a street line

M1 M2 M3

In all districts, as indicated, for #corner lots#, and for #zoning lots# that are bounded by two or more #streets# that are neither #corner lots# or #through lots#, the portion of a #side lot line# beyond 100 feet of the #street line# that it intersects shall be considered a #rear lot line# and a #rear yard# with a minimum depth of 20 feet shall be provided where such #rear lot line# coincides with a #rear lot line# of an adjoining #zoning lot#.

CORNER LOT
(33-261.1, 43-261.1)

ZONING LOT BOUNDED BY
TWO OR MORE STREETS
(NEITHER A CORNER LOT NOR A THROUGH LOT)
(33-261.2, 43-261.2)

(2/2/11)

43-27

Special Provisions for Shallow Interior Lots

M1 M2 M3

In all districts, as indicated, if an #interior lot#:

- (a) was owned separately and individually from all other adjoining tracts of land, both on December 15, 1961, and on the date of application for a building permit; and
- (b) is less than 70 feet deep;

the depth of a required #rear yard# for such #interior lot# may be reduced by one foot for each two feet by which the maximum depth of a #zoning lot# is less than 70 feet. No #rear yard# is required on any #interior lot# with a maximum depth of less than 50 feet.

(2/2/11)

43-28

Special Provisions for Through Lots

M1 M2 M3

In all districts, as indicated, no #rear yard# regulations shall apply on any #through lot# which extends less than 110 feet in maximum #lot depth# from #street# to #street#. However, on any #through lot# 110 feet or more in maximum depth from #street# to #street#, one of the following #rear yard equivalents# shall be provided, except that in the case of a #zoning lot# occupying an entire #block#, no #rear yard# or #rear yard equivalent# shall be required:

- (a) an open area with a minimum #lot depth# of 40 feet midway (or within five feet of being midway) between the two #street lines# upon which such #through lot# fronts;
- (b) two open areas, each adjoining and extending along the full length of the #street line#, and each with a minimum depth of 20 feet measured from such #street line#; or
- (c) an open area adjoining and extending along the full length of each #side lot line#, with a minimum width of 20 feet measured from each such #side lot line#.

Any such #rear yard equivalent# shall be unobstructed from its lowest level to the sky, except as provided in Section 43-23 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

(12/15/61)

43-29

Special Provisions Applying along Railroad Rights-of-Way

M1 M2 M3

In all districts, as indicated, along such portion of a #rear lot line# which coincides with a boundary of a railroad right-of-way, no #rear yard# shall be required.

(12/15/61)

43-30

Special Provisions Applying along District Boundaries

M1 M2 M3

In all districts, as indicated, open areas shall be provided in accordance with the provisions of this Section along the boundaries of #Residence Districts#, except where such district boundaries are also the boundaries of railroad rights-of-way or cemeteries.

(12/15/61)

43-301

Required yards along district boundary coincident with side lot line of zoning lot in an R1, R2, R3, R4 or R5 District

M1 M2 M3

In all districts, as indicated, along such portion of the boundary of a #Manufacturing District# which coincides with a #side lot line# of a #zoning lot# in an R1, R2, R3, R4 or R5 District, an open area not higher than #curb level# and at least 15 feet wide shall be provided within the #Manufacturing District#. Such an open area shall not be used for #accessory# off-street parking, #accessory# off-street loading, or for storage or processing of any kind.

(12/15/61)

43-302

Required yards along district boundary coincident with rear lot lines of two adjoining zoning lots

M1 M2 M3

In all districts, as indicated, along such portion of the #rear lot line# of a #zoning lot# in a #Manufacturing District# which coincides with a #rear lot line# of a #zoning lot# in an adjoining #Residence District#, an open area not higher than #curb level# and at least 30 feet in depth shall be provided within the #Manufacturing District#. Such an open area shall not be used for storage or processing of any kind.

(12/15/61)

43-303

Required yards along district boundary coincident with side lot line of zoning lot in a Manufacturing District

M1 M2 M3

In all districts, as indicated, along such portion of a #side lot line# of a #zoning lot# in a #Manufacturing District# which coincides with a #rear lot line# of a #zoning lot# in an adjoining #Residence District#, an open area not higher than #curb level# and at least 15 feet wide shall be provided within the #Manufacturing District#. Such open area shall not be used for #accessory# off-street loading or for storage or processing of any kind.

(10/25/67)

43-304

Required front yards along district boundary located in a street

M1-1 M1-2 M1-3 M1-4 M2 M3

In the districts indicated, if the boundary of an adjoining #Residence District# is located at the center line of a #street# less than 60 feet wide, a #front yard# not higher than #curb level# and at least 20 feet in depth shall be provided along any #front lot line# forming the boundary between a #zoning lot# located within the #Manufacturing District# and that portion of

the #street# in which the district boundary is located.

(12/15/61)

43-31

Other Special Provisions for Rear Yards

M1 M2 M3

In all districts, as indicated, the #rear yard# requirements set forth in Section 43-26 (Minimum Required Rear Yards) shall be modified as set forth in this Section.

(12/15/61)

43-311

Within 100 feet of corners

M1 M2 M3

In all districts, as indicated, no #rear yard# shall be required within 100 feet of the point of intersection of two #street lines# intersecting at an angle of 135 degrees or less.

(5/20/65)

43-312

Along short dimension of block

M1 M2 M3

In all districts, as indicated, whenever a #front lot line# of a #zoning lot# coincides with all or part of a #street line# measuring less than 230 feet in length between two intersecting #streets#, no #rear yard# shall be required within 100 feet of such #front lot line#.

(4/30/08)

43-313

For zoning lots with multiple rear lot lines

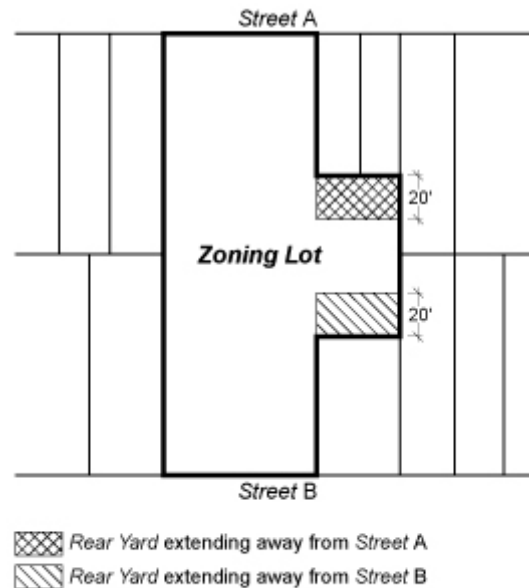

In all districts, as indicated, for #zoning lots# with multiple #rear lot lines#, if a #rear yard# extends from a #rear lot line# away from the #street line# which is used to determine such #rear lot line#, the following rules shall apply:

- (a) A #rear yard# with a minimum depth of 20 feet shall be provided where such #rear lot line# coincides with a #rear lot line# of an adjoining #zoning lot#.

- (b) No #rear yard# shall be required where such #rear lot line# coincides with a #side lot line# of an adjoining #zoning lot#.

- (c) For portions of #through lots# that have multiple #rear lot lines# and such portions are not subject to #interior lot# regulations, the #street line# bounding the #zoning lot# closest to such #rear lot line# shall be used to determine compliance with this Section.

(33-303c, 43-313c)

All Yards

(12/15/61)

43-32

Special Provisions for Zoning Lots Divided by District Boundaries

M1 M2 M3

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts with different #yard# regulations, the provisions set forth in Article VII, Chapter 7, shall apply.

(4/30/08)

43-33

Modifications of Rear Yard Regulations

M1 M2 M3

In all districts, as indicated, the regulations set forth in Section 43-313 (For zoning lots with multiple rear lot lines) may be modified in accordance with the provisions of Section 73-69 (Rear Yard Modifications).

43-41

Definitions

Words in italics are defined in Section 12-10 (DEFINITIONS) or, if applicable exclusively to this Section, in this Section.

(4/30/12)

43-42

Permitted Obstructions

In all #Manufacturing Districts#, the following obstructions shall be permitted to penetrate a maximum height limit or a #sky exposure plane# set forth in Sections 43-43 (Maximum Height of Front Wall and Required Front Setbacks), 43-44 (Alternate Front Setbacks) or 43-49 (Limited Height Districts).

- (a) Awnings and other sun control devices, provided that when located at a level higher than the first #story#, excluding a #basement#, all such awnings and other sun control devices:
 - (1) shall be limited to a maximum projection from a #building# wall of 2 feet, 6 inches, except when located on the first #story# above a setback;
 - (2) shall have solid surfaces that, in aggregate, cover an area no more than 30 percent of the area of the #building# wall (as viewed in elevation) from which they project; and

- (3) may rise above the permitted #building# height, up to the height of a parapet wall or guardrail permitted in accordance with Section 43-42 (Permitted Obstructions).

When located on the first #story# above a setback, awnings and other sun control devices shall be limited to a projection of 50 percent of the depth of the required setback, and shall be limited, in total, to 50 percent of the width of the #building# wall from which they project;

- (b) #Building# columns, having an aggregate width equal to not more than 20 percent of the #aggregate width of street walls# of a #building#, to a depth not exceeding 12 inches, in an #initial setback distance#, optional front open area, or any other required setback distance or open area set forth in Sections 43-43, 43-44 or 43-45 (Tower Regulations);
- (c) Chimneys or flues, with a total width not exceeding 10 percent of the #aggregate width of street walls# of a #building# at any given level;
- (d) Decks, and other surfaces for recreational activities, not more than 3 feet, 6 inches in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher;
- (e) Elevator or stair bulkheads (including shafts; and vestibules not larger than 60 square feet in area providing access to a roof), roof water tanks and #accessory# mechanical equipment (including enclosures), other than solar or wind energy systems, provided that:
 - (1) such obstructions shall be located not less than 10 feet from the #street wall# of a #building#, except that such obstructions need not be set back more than 25 feet from a #narrow street line# or more than 20 feet from a #wide street line#. However, such restrictions on location shall not apply to elevator or stair bulkheads (including shafts or vestibules), provided the #aggregate width of street walls# of such bulkheads within 10 feet of a #street wall#, facing each #street# frontage, times their average height, in feet, does not exceed an area equal to four times the width, in feet, of the #street wall# of the #building# facing such frontage;
 - (2) all mechanical equipment shall be screened on all sides;

(3) such obstructions and screening are contained within a volume that complies with one of the following:

- (i) the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, shall not exceed an area equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage; or
- (ii) the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and where the maximum permitted height of a #building# is less than 120 feet, such obstructions are limited to a maximum height of 25 feet, and where the maximum permitted height of a #building# is 120 feet or greater, such obstructions are limited to a maximum height of 40 feet.

For the purposes of this paragraph, (e), #abutting buildings# on a single #zoning lot# may be considered to be a single #building#;

- (f) Exterior wall thickness, up to eight inches, where such wall thickness is added to the exterior face of a #building# wall existing on April 30, 2012, provided the added wall thickness has a thermal resistance (R-value) of at least 1.5 per inch. Where #buildings# that have added exterior wall thickness pursuant to this Section are #enlarged#, such #enlarged# portion may similarly penetrate a maximum height limit in order to align with the exterior walls of the existing #building#, provided such #enlargement# contains less #floor area# than the existing #building#, and there is no penetration of #floor area# above a maximum height limit;
- (g) Flagpoles or aerials;
- (h) House of worship towers, ornamental, having no #floor area# in portion of tower penetrating such height limit or #sky exposure plane#;
- (i) Parapet walls, not more than four feet in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. A guardrail with a surface at least 70 percent open or with an opacity of not more than 30 percent (as viewed in elevation), shall be permitted above a parapet wall or within two feet of a parapet wall, provided such guardrail is not more than four feet above the accessible

level of a roof. Such restriction on guardrail height shall not apply when located beyond two feet from a parapet wall;

- (j) Roof thickness, up to eight inches, to accommodate the addition of insulation, for #buildings# or portions of #buildings# constructed prior to April 30, 2012. For a #building# that has added roof thickness pursuant to this paragraph, (j), an #enlargement# may align with the finished roof surface of such #building#, provided the #enlarged# portion does not exceed the maximum height limit by more than eight inches;
- (k) Rooftop greenhouses, permitted pursuant to Section 75-01 (Certification for Rooftop Greenhouses);
- (l) Skylights, clerestories or other daylighting devices, not more than four feet in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. Such devices shall be limited to a #lot coverage# not greater than 10 percent of the #lot coverage# of the roof and be located at least eight feet from the #street wall# edge. However, such devices shall not be permitted obstructions above a roof with a slope greater than 20 degrees;
- (m) Solar energy systems:
 - (1) on the roof of a #building#, up to four feet in height, as measured from the maximum height limit, or the finished level of the roof, whichever is higher;
 - (2) on the roof of a #building#, greater than four feet in height, as measured from the maximum height limit, or the finished level of the roof, whichever is higher, provided that all such portions above four feet are set back at least six feet from a #street wall#, limited to a #lot coverage# not greater than 25 percent of the #lot coverage# of the roof and do not exceed:
 - (i) a height of 15 feet;
 - (ii) a height of six feet when located on a bulkhead or other obstruction, pursuant to paragraph (e) of this Section;
 - (3) on walls existing on April 30, 2012, projecting no more than 10 inches and occupying no more than 20 percent of the surface area of the #building# wall (as viewed in elevation) from which it projects.

However, any installation on a roof with a slope greater than 20 degrees shall be limited to 18 inches in height, as measured perpendicular to the roof surface;

- (n) Spires or belfries;
- (o) Vegetated roofs, not more than 3 feet, 6 inches in height, excluding vegetation, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. On roofs with slopes greater than 20 degrees, vegetated roofs shall be limited to a height of 12 inches measured perpendicular to such roof surface;
- (p) Weirs, check dams and other equipment for stormwater management, not more than 3 feet, 6 inches in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher;
- (q) Wind energy systems on portions of #buildings# with a height of 100 feet or greater, provided:
 - (1) the highest point of the wind turbine assembly does not exceed 55 feet;
 - (2) no portion of the wind turbine assembly is closer than 10 feet to any #lot line#; and
 - (3) in districts where #residences# or #joint living work quarters for artists# are permitted as-of-right, by special permit or by authorization, or within 100 feet of such districts, the diameter of the swept area of the rotor does not exceed 15 feet;
- (r) Window washing equipment mounted on a roof;
- (s) Wire, chain link or other transparent fences.

(9/21/11)

43-43

Maximum Height of Front Wall and Required Front Setbacks

M1 M2 M3

In all districts, as indicated, if the front wall or any other portion of a #building or other structure# is located at the

#street line# or within the #initial setback distance# as set forth in the table in this Section, the height of such front wall or other portion of a #building or other structure#, except as otherwise set forth in this Section, shall not exceed the maximum height above #curb level# set forth in the table. Above such maximum height and beyond the #initial setback distance#, the #building or other structure# shall not penetrate the #sky exposure plane# set forth in the table.

The regulations of this Section shall apply, except as otherwise provided in Sections 43-42 (Permitted Obstructions), 43-44 (Alternate Front Setbacks) or 43-45 (Tower Regulations). In M1-1 Districts, for #community facility buildings#, the maximum height of a front wall shall be 35 feet or three #stories#, whichever is less, and the height above the #street line# shall be 35 feet, and in M1-4 Districts, for #community facility buildings#, the maximum height of a front wall shall be 60 feet or six #stories#, whichever is less.

For #zoning lots# in M1-6 Districts that are both within 100 feet of the western #street line# of Seventh Avenue and between West 28th and West 30th Streets in the Borough of Manhattan, the following #street wall# regulations shall apply to #street# frontages not occupied by a #public plaza#. The #street wall# of a #building# shall be located on the #street line# and extend along the entire #street# frontage of the #zoning lot# up to a minimum height of 125 feet or the height of the #building#, whichever is less, and a maximum height of 150 feet. Above a height of 150 feet, no portion of a #building# may penetrate a #sky exposure plane# except for towers, pursuant to Section 43-45. The #sky exposure plane# shall begin at a height of 150 feet above the #street line# and rise over the #zoning lot# at a slope of 5.6 feet of vertical distance for each foot of horizontal distance on a #wide street#, and at a slope of 2.7 feet of vertical distance for each foot of horizontal distance on a #narrow street#. The provisions of Section 43-44 (Alternate Front Setbacks) shall not apply. On the ground floor, recesses shall be permitted where required to provide access to the #building#, provided such recesses do not exceed three feet in depth as measured from the #street line#. Above the level of the second #story#, up to 30 percent of the #aggregate width of street walls# may be recessed beyond the #street line#. However, no recesses shall be permitted within 20 feet of an adjacent #building# and within 30 feet of the intersection of two #street lines#.

(23-632, 24-522, 33-432, 43-43)

(10/17/07)

43-44 Alternate Front Setbacks

M1 M2 M3

In all districts, as indicated, if an open area is provided along the full length of the #front lot line# with the minimum depth set forth in the following table, the provisions of Section 43-43 (Maximum Height of Front Wall and Required Front Setbacks) shall not apply. The minimum depth of such open area shall be measured perpendicular to the #front lot line#. However, in such instances, except as otherwise provided in this Section or in Sections 43-42 (Permitted Obstructions) or 43-45 (Tower Regulations), no #building or other structure# shall penetrate the alternate #sky exposure plane# set forth in the table in this Section. The #sky exposure plane# shall be measured from a point above the #street line#.

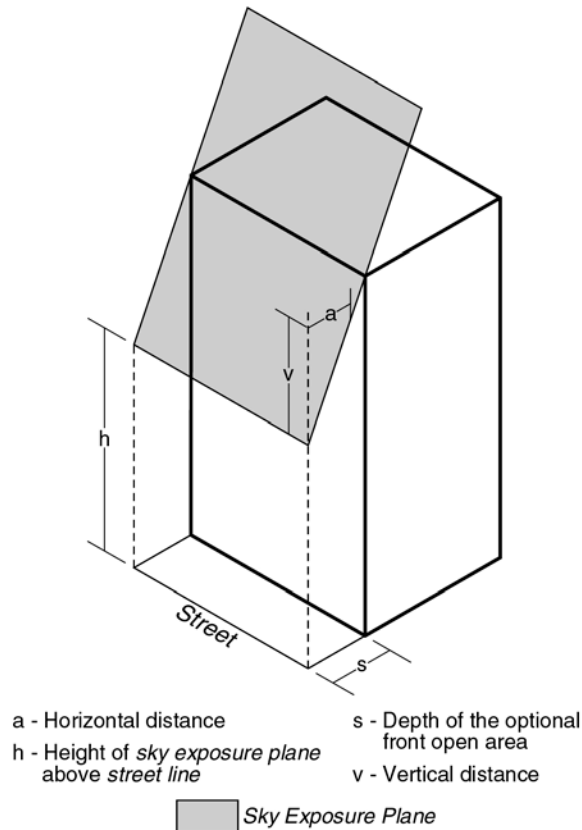

In an M1-6 District, if the open area provided under the terms of this Section is a #public plaza#, such open area may be counted toward the bonus provided for a #public plaza#, pursuant to

Section 43-13 (Floor Area Bonus for Public Plazas).

In M1-1 Districts, for #community facility buildings# the height above the #street line# shall be 35 feet.

Supplementary Regulations

(2/2/11)

43-45 Tower Regulations

M1-3 M1-4 M1-5 M1-6

In the districts indicated, any #building# or #buildings#, or portion thereof, which in the aggregate occupy not more than 40 percent of the #lot area# of a #zoning lot# or, for #zoning lots# of less than 20,000 square feet, the percent set forth in Section 43-451 (Towers on small lots), may penetrate an established #sky exposure plane#. (Such #building# or portion thereof is hereinafter referred to as a tower.) At any given level, such tower may occupy any portion of the #zoning lot# not located less

than 15 feet from the #street line# of a #narrow street#, or less than 10 feet from the #street line# of a #wide street#, provided that the aggregate area so occupied within 50 feet of a #narrow street# shall not exceed 1,875 square feet and the aggregate area so occupied within 40 feet of a #wide street# shall not exceed 1,600 square feet.

If all of the #buildings# on a #zoning lot# containing such tower do not occupy at any level more than the maximum percent of the #lot area# set forth in this Section or Section 43-451 for towers, the tower may occupy any portion of the #zoning lot# located 20 feet or more from the #street line# of a #narrow street# or 15 feet or more from the #street line# of a #wide street#, provided that the aggregate area so occupied within 50 feet of a #narrow street# shall not exceed 2,250 square feet and the aggregate area so occupied within 40 feet of a #wide street# shall not exceed 2,000 square feet.

(12/15/61)

43-451

Towers on small lots

M1-3 M1-4 M1-5 M1-6

In the districts indicated, a tower may occupy the percent of the #lot area# of a #zoning lot# set forth in the following table:

LOT COVERAGE OF TOWERS ON SMALL ZONING LOTS

Area of #Zoning Lot# (in square feet)	Maximum Percent of #Lot Coverage#
10,500 or less	50
10,501 to 11,500	49
11,501 to 12,500	48
12,501 to 13,500	47
13,501 to 14,500	46
14,501 to 15,500	45
15,501 to 16,500	44
16,501 to 17,500	43

17,501 to 18,500	42
18,501 to 19,999	41

Regulations Applying in Special Situations

(12/15/61)

43-46

Special Provisions for Zoning Lots Directly Adjoining Public Parks

M1 M2 M3

In all districts, as indicated, a #public park# with an area of between one and fifteen acres shall be considered a #wide street# for the purpose of applying the height and setback regulations as set forth in Section 43-43 (Maximum Height of Front Wall and Required Front Setbacks) to any #building or other structure# on a #zoning lot# adjoining such #public park#. However, the provisions of this Section shall not apply to a #public park# more than 75 percent of which is paved.

(12/15/61)

43-47

Modification of Height and Setback Regulations

M1

In the district indicated, for certain #community facility uses# in specified situations, the Board of Standards and Appeals may modify the regulations set forth in Sections 43-41 to 43-45, inclusive, relating to Height and Setback Regulations, in accordance with the provisions of Section 73-64 (Modifications for Community Facility Uses).

(12/15/61)

43-48

Special Provisions for Zoning Lots Divided by District Boundaries

M1 M2 M3

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts with different height and setback regulations, or whenever a #zoning lot# is divided by a boundary between a district to which the provisions of Section 43-45 (Tower Regulations) apply and a district to which such provisions do not apply, the provisions set forth in Article VII, Chapter 7 shall apply.

(4/4/82)

43-49

Limited Height Districts

M1 M2 M3

In all districts, as indicated, wherever such districts are located within a #Limited Height District#, the maximum height of a #building or other structure#, or portion thereof, shall be as shown in the following table:

#Limited Height District#	Maximum Height above #Curb Level#
LH-1	50 feet
LH-1A	60 feet
LH-2	70 feet
LH-3	100 feet

(12/15/61)

43-50

COURT REGULATIONS AND MINIMUM DISTANCE BETWEEN WINDOWS AND WALLS OR LOT LINES

Basic Regulations

(2/2/11)

43-51

Minimum Dimensions of Courts for Buildings Containing Community Facility Uses

M1

In the district indicated, the regulations set forth in the following Sections shall apply to all #buildings# containing #community facility uses#:

- Section 24-61 (General Provisions and Applicability)
- Section 24-62 (Minimum Dimensions of Courts)
- Section 24-63 (Outer Court Regulations)
- Section 24-64 (Inner Court Regulations)
- Section 24-65 (Minimum Distance between Required Windows and Walls or Lot Lines)
- Section 24-66 (Modifications of Court Regulations or Distance Requirements)
- Section 24-68 (Permitted Obstructions in Courts).

(12/21/89)

43-60

SUPPLEMENTARY REGULATIONS

(9/21/11)

43-61

Bulk Regulations for Residential Uses in M1-1D through M1-5D Districts

The following regulations shall apply to any #development# or #enlargement# authorized pursuant to Section 42-47 (Residential Uses in M1-1D through M1-5D Districts):

- (a) The total amount of #residential floor area# permitted on any #zoning lot# shall not exceed a #floor area ratio# of 1.65.

On #zoning lots# containing both #residential use# and #community facility#, #manufacturing# or #commercial use#, the maximum #floor area# shall be the maximum #floor area# permitted for either the #commercial# or #manufacturing use#

as set forth in Sections 43-12 (Maximum Floor Area Ratio) through 43-14 (Floor Area Bonus for Arcades), or the #community facility use# as set forth in Section 43-122 (Maximum floor area ratio for community facility buildings), or the #residential use# as set forth in this Section, whichever permits the greatest amount of #floor area#.

On #zoning lots# containing both #residential use# and #manufacturing# or #commercial use#, the total #floor area# used for #manufacturing# or #commercial use# shall not exceed the amount permitted by Sections 43-12 through 43-14.

- (b) The maximum number of #dwelling units# shall equal the total #residential floor area# provided on the #zoning lot# divided by 675. Fractions equal to or greater than three quarters resulting from this calculation shall be considered to be one #dwelling unit#.
- (c) The maximum #building# height above #curb level# shall be 32 feet.
- (d) No such #development# or #enlargement# shall be permitted within 30 feet of the #rear lot line#.
- (e) The maximum distance from the #street line# to the #street wall# of such #development# shall be ten feet, unless modified by the City Planning Commission pursuant to Section 44-28 (Parking Regulations for Residential Uses in M1-1D through M1-5D Districts).
- (f) No #side yards# shall be required. However, if any open area extending along a #side lot line# is provided at any level it shall have a width of not less than eight feet. However, #enlargements# of #single-family# or #two-family residences# existing as of June 20, 1988, shall be exempt from this requirement, provided such #enlarged building# does not exceed a height of two #stories#.

(9/21/11)

43-62

Bulk Regulations in M1-6D Districts

(9/21/11)

43-621

Floor area regulations in M1-6D Districts

(a) The maximum #floor area ratio# for #zoning lots# shall be 10.0, and no #floor area# bonuses shall apply, except as set forth in paragraph (b) of this Section.

(b) In #Inclusionary Housing designated areas#

For M1-6D Districts mapped within an #Inclusionary Housing designated area#, the provisions of Section 23-90 (INCLUSIONARY HOUSING) applicable to R10 Districts without a letter suffix shall apply, as modified in this Section:

(1) for #zoning lots# that do not contain #residences#, the maximum #floor area ratio# shall be 10.0; and

(2) the maximum base #floor area ratio# for #zoning lots# containing #residences# shall be 9.0 plus an amount equal to 0.25 times the non-#residential floor area ratio# provided on the #zoning lot#, up to 10.0. Such #floor area ratio# may be increased to a maximum of 12.0 only through the provision of #affordable housing#, pursuant to Section 23-90, inclusive.

(9/21/11)

43-622

Maximum lot coverage in M1-6D Districts

Any #story# of a #building# containing #dwelling units# shall not exceed a maximum #lot coverage# of 70 percent for #interior# or #through lots# and 100 percent for #corner lots#. However, where any such level contains parking spaces or non-#residential uses#, such level shall be exempt from #lot coverage# regulations.

(9/21/11)

43-623

Density in M1-6D Districts

The provisions of 35-40 (APPLICABILITY OF DENSITY REGULATIONS TO MIXED BUILDINGS) shall apply. The applicable factor shall be 790.

(9/21/11)

43-624

Height and setback in M1-6D Districts

In M1-6D Districts, the height and setback provisions of this Section shall apply to all #buildings#.

(a) Rooftop regulations

(1) Permitted obstructions

The provisions of Section 33-42 shall apply to all #buildings#, except that elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may penetrate a maximum height limit or #sky exposure plane#, provided that either the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage; or provided that the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 40 feet.

In addition, on #narrow streets#, a maximum base height or #sky exposure plane# may be penetrated, as follows:

(i) Structural columns

Structural columns may penetrate a maximum height limit or #sky exposure plane#, provided that such columns are one story or less in height, have a #street wall# no greater than 30 inches in width, and are spaced not less than 15 feet on center.

(ii) Dormers

- (a) On any #street# frontage, the aggregate width of all dormers at the maximum base height shall not exceed 60 percent of the length of the #street wall# of the highest #story# entirely below the maximum base height. For each foot of height above the maximum base height, the aggregate width of all such dormers shall be decreased by one percent of the #street wall# width of the highest #story# entirely below the maximum base

height.

- (b) The aggregate width of dormers at the maximum base height facing the #rear yard line# or #rear yard equivalent# shall not exceed 60 percent of the length of the wall of the #building# facing a #rear yard line# at the highest #story# entirely below the maximum base height. For each foot of height above the maximum base height, the aggregate width of all such rear dormers shall be decreased by one percent of the width of the #building# wall facing the #rear lot line#, at the level of the highest #story# entirely below the maximum base height.

Where two rear setbacks are provided as set forth in paragraph (b)(3)(ii) of this Section, the aggregate width of rear dormers, measured separately within each setback, shall not exceed 60 percent of the length of #building# wall facing a #rear yard line# at the highest #story# entirely below each rear setback. For each foot of height that a dormer is above the level of a setback, the aggregate width of dormers within such setback shall be decreased by one percent of the width of the highest #story# entirely below such setback.

In the case of a #through lot# on which a #rear yard equivalent# is provided, the requirements of this Section shall apply as if such #rear yard equivalent# were two adjoining #rear yards#.

(2) Screening requirements for mechanical equipment

For all #developments# and #enlargements#, and #conversions# of #non-residential buildings# to #residences#, all mechanical equipment located on any roof of a #building or other structure# shall be fully screened on all sides. However, no such screening requirements shall apply to water tanks.

(b) Height and setback

(1) #Street wall# location

The #street wall# shall be located on the #street line#

and extend along the entire #street# frontage of the #zoning lot# up to at least the minimum base height specified in paragraph (b)(2) of this Section. On the ground floor, recesses shall be permitted where required to provide access to the #building#, provided such recesses do not exceed three feet in depth as measured from the #street line#.

Above the level of the second #story#, up to 30 percent of the #aggregate width of street walls# may be recessed beyond the #street line#. However, no recesses shall be permitted within 20 feet of an adjacent #building# and within 30 feet of the intersection of two #street lines#.

(2) Base height

On #wide streets#, and on #narrow streets# within 50 feet of their intersection with a #wide street#, the #street wall# of a #building# shall rise without setback to a minimum base height of 125 feet and a maximum base height of 150 feet.

On #narrow streets#, beyond 50 feet of their intersection with a #wide street#, the #street wall# of a #building# shall rise without setback to a minimum base height of 85 feet and a maximum base height of 125 feet.

As an alternative, the minimum and maximum base heights applicable to a #wide street# may apply along a #narrow street# to a distance of 100 feet from a #wide street#.

(3) Required setbacks and maximum #building# heights

(i) Along #wide streets#

The provisions of this paragraph, (b)(3)(i), shall apply to #buildings#, or portions thereof, located on #wide streets# and on #narrow streets# within 100 feet of a #wide street#. The portion of such #building# above a height of 150 feet shall be set back from the #street wall# of the #building# at least 10 feet along a #wide street# and at least 15 feet along a #narrow street#, except such dimensions may include the depth of any permitted recesses in the #street wall#. The maximum height of such #buildings# shall be 290 feet. In addition, the gross area of each of either the highest two or three #stories# of such #building#

shall not exceed 80 percent of the gross area of the #story# directly below such highest two or three #stories#.

(ii) Along #narrow streets#

The provisions of this paragraph, (b)(3)(ii), shall apply to #buildings#, or portions thereof, located on #narrow streets# beyond 100 feet of a #wide street#. No portion of such #building or other structure# shall penetrate a #sky exposure plane# which begins at a height of 125 feet above the #narrow street line# and rises over the #zoning lot# with a slope of four feet of vertical distance for every foot of horizontal distance. The maximum height of such #buildings# shall be 210 feet. However, any portion of such #building or other structure# that is located beyond 15 feet of the #street line# may penetrate such #sky exposure plane#, provided such portion does not exceed a height of 210 feet. In addition, the gross area of each of the top two #stories# of a #building# may not be greater than 80 percent of the gross area of the #story# directly below such top two #stories#.

In addition, for #buildings# containing #residences#, no portion of such #building# exceeding a height of 125 feet shall be nearer to a #rear yard line# than ten feet. Alternatively, a pair of setbacks may be provided in accordance with the following:

- (a) a setback of five feet from the #rear yard line# shall be provided between a height of 85 feet and 125 feet; and
- (b) a setback of ten feet from the #rear yard line# shall be provided between a height of 125 and 165 feet.

However the heights of such setbacks shall be vertically equidistant from a height of 125 feet.

In the case of a #through lot# on which a #rear yard equivalent# is provided, the requirements of this Section shall apply as if such #rear yard equivalent# were two adjoining #rear yards#.

(4) Maximum length of #building# wall

The maximum length of any #story# located entirely above a height of 150 feet shall not exceed 150 feet. Such length shall be measured in plan view by inscribing within a rectangle the outermost walls at the level of each #story# entirely above a level of 150 feet.

(9/21/11)

43-625

Yard regulations in M1-6D Districts

In M1-6D Districts, the provisions of Section 43-20 (YARD REGULATIONS) shall apply, except that #residential# portions of a #building# shall provide a #rear yard# with a minimum depth of 30 feet at any level not higher than the floor level of the lowest #story# containing #dwelling units# with a #window# opening upon such #rear yard#. On any #through lot# that is 110 feet or more in depth from #street# to #street#, a #rear yard equivalent# shall be provided within 15 feet of the centerline of the #through lot# or #through lot# portion. In the case of a #through lot# on which a #rear yard equivalent# is provided, the requirements of this Section shall apply as if such #rear yard equivalent# were two adjoining #rear yards#.

(9/21/11)

43-626

Courts in M1-6D Districts

#Residential# portions of #buildings# shall be subject to the court provisions applicable in R10 Districts as set forth in Section 23-80 (COURT REGULATIONS, MINIMUM DISTANCE BETWEEN WINDOWS AND WALLS OR LOT LINES AND OPEN AREA REQUIREMENTS), inclusive.

Chapter 4

Accessory Off-Street Parking and Loading Regulations

(12/15/61)

44-00

GENERAL PURPOSES AND DEFINITIONS

Off-street Parking Regulations

(12/15/61)

44-01

General Purposes

The following regulations on permitted and required accessory off-street parking spaces are adopted in order to provide parking spaces off the streets for the increasing number of people driving to work in areas outside the high density central areas, to relieve congestion on streets in industrial districts, to help prevent all-day parking in residential and commercial areas adjacent to manufacturing areas, and to provide for better and more efficient access to and from industrial establishments within the City, and thus to promote and protect public health, safety, and general welfare.

(10/9/13)

44-02

Applicability

Except as otherwise provided in this Section, the regulations of this Chapter on permitted or required #accessory# off-street parking spaces apply to #manufacturing#, #commercial# or #community facility uses#, as set forth in the provisions of the various Sections.

Special regulations applying in the #waterfront area# are set forth in Article VI, Chapter 2.

Special regulations applying in the #flood zone# are set forth in

Article VI, Chapter 4.

(6/27/63)

44-021

Applicability of regulations to non-profit hospital staff dwellings

Except as modified in Section 44-211 (Parking requirements applicable to non-profit hospital staff dwellings), the regulations of Article III, Chapter 6, applicable to #residences# in C4-2 Districts shall apply to #non-profit hospital staff dwellings# in M1 Districts, and the regulations of this Chapter applicable to #community facility uses# shall not apply to such #use#.

(5/8/13)

44-022

Applicability of regulations in the Manhattan Core and the Long Island City area

Special regulations governing #accessory# off-street parking and loading in the #Manhattan Core# are set forth in Article I, Chapter 3, and special regulations governing #accessory# off-street parking in the #Long Island City area#, as defined in Section 16-02 (Definitions), are set forth in Article I, Chapter 6.

(9/21/11)

44-023

Applicability of regulations in M1-1D through M1-5D Districts

In M1-1D, M1-2D, M1-3D, M1-4D and M1-5D Districts, the parking regulations governing M1 Districts shall apply to #manufacturing#, #commercial# or #community facility uses#, and the regulations of Section 44-28 (Parking Regulations for Residential Uses in M1-1D through M1-5D Districts) shall apply to #residential uses# authorized pursuant to Section 42-47 (Residential Uses in M1-1D through M1-5D Districts).

(9/21/11)

44-024

Applicability of regulations in M1-6D Districts

In M1-6D Districts, the parking regulations governing M1 Districts shall apply to #commercial# and #manufacturing uses#. For #residential# and #community facility uses#, the parking regulations applicable in C6-4 Districts, as set forth in Article III, Chapter 6, shall apply.

In addition, parking regulations shall be modified by Article I, Chapter 3 (Comprehensive Off-Street Parking Regulations in Community Districts 1, 2, 3, 4, 5, 6, 7 and 8 in the Borough of Manhattan and a Portion of Community Districts 1 and 2 in the Borough of Queens), as applicable.

(9/21/11)

44-025

Applicability of regulations in an M1-1 District in Community District 12 in the Borough of Queens

In the M1-1 District bounded by 95th Avenue, 148th Street, 97th Avenue and 147th Place in Community District 12 in the Borough of Queens, the #accessory# off-street parking regulations of an M1 District shall apply, except that the #accessory# off-street parking regulations for an R5 District set forth in Article II, Chapter 5, shall apply to #residential uses#.

(6/27/63)

44-03

Definitions

Words in italics are defined in Section 12-10 (DEFINITIONS) or, if applicable exclusively to this Chapter, in this Section.

(12/15/61)

44-10

PERMITTED ACCESSORY OFF-STREET PARKING SPACES

(6/23/66)

44-11

General Provisions

M1 M2 M3

In all districts, as indicated, #accessory# off-street parking spaces may be provided for all permitted #uses# subject to the applicable provisions set forth in Section 44-12 (Maximum Size of Accessory Group Parking Facilities).

Such #accessory# off-street parking spaces may be open or enclosed. However, except as otherwise provided in Section 73-49 (Roof Parking), no spaces shall be located on any roof which is immediately above a #story# other than a #basement#.

(6/23/66)

44-12

Maximum Size of Accessory Group Parking Facilities

M1 M2 M3

In all districts, as indicated, no #accessory group parking facility# shall contain more than 150 off-street parking spaces, except as provided in Section 44-13 (Modification of Maximum Size of Accessory Group Parking Facilities).

The provisions of this Section shall not apply to #accessory# off-street parking spaces provided in #public parking garages# in accordance with the provisions of Section 44-46 (Accessory Off-Street Parking Spaces in Public Parking Garages).

(6/23/66)

44-13

Modification of Maximum Size of Accessory Group Parking Facilities

M1 M2 M3

In all districts, as indicated, a #group parking facility# may contain additional spaces not to exceed 50 percent of the maximum number otherwise permitted under the provisions of Section 44-12 (Maximum Size of Accessory Group Parking Facilities), if the Commissioner of Buildings determines that such facility:

- (a) has separate vehicular entrances and exits thereto, located not less than 25 feet apart;
- (b) is located on a street not less than 60 feet in width; and
- (c) if #accessory# to a #commercial# or #manufacturing use#, has adequate reservoir space at the entrances to accommodate a minimum of 10 automobiles.

The Commissioner of Buildings shall establish appropriate additional regulations with respect to the design of such facility to minimize adverse effects on the character of the surrounding area, such as requirements for shielding of floodlights.

The provisions of this Section shall not apply to #accessory# off-street parking spaces provided in #public parking garages# in accordance with the provisions of Section 44-46 (Accessory Off-Street Parking Spaces in Public Parking Garages).

(6/23/66)

44-14

Exceptions to Maximum Size of Accessory Group Parking Facilities

M1 M2 M3

In all districts, as indicated, the Board of Standards and Appeals may permit #accessory group parking facilities# with more than 150 spaces, in accordance with the provisions of Section 73-48 (Exceptions to Maximum Size of Accessory Group Parking Facilities).

The provisions of this Section shall not apply to #accessory# off-street parking spaces provided in #public parking garages# in accordance with the provisions of Section 44-46 (Accessory Off-Street Parking Spaces in Public Parking Garages).

(12/15/61)

44-20

REQUIRED ACCESSORY OFF-STREET PARKING SPACES FOR MANUFACTURING, COMMERCIAL OR COMMUNITY FACILITY USES

(2/2/11)

44-21

General Provisions

M1 M2 M3

In all districts, as indicated, #accessory# off-street parking spaces, open or enclosed, shall be provided in conformity with the requirements set forth in the table in this Section for all #development# after December 15, 1961, for the #manufacturing#, #commercial# or #community facility uses# listed in the table. In addition, all other applicable requirements of this Chapter shall apply as a condition precedent to the #use# of such #development#.

After December 15, 1961, if an #enlargement# results in a net increase in the #floor area# or other applicable unit of measurement specified in the table in this Section, the same requirements set forth in the table shall apply to such net increase in the #floor area# or other specified unit of measurement.

A parking space is required for a portion of a unit of measurement one-half or more of the amount set forth in the table.

For the purposes of this Section, a tract of land on which a group of such #uses# is #developed# under single ownership or control shall be considered a single #zoning lot#.

For those #uses# for which rated capacity is specified as the unit of measurement, the Commissioner of Buildings shall determine the rated capacity as the number of persons which may be accommodated by such #uses#.

The requirements of this Section shall be waived in the following situations:

- (a) when, as the result of the application of such requirements, a smaller number of spaces would be required than is specified by the provisions of Section 44-23 (Waiver of Requirements for Spaces Below Minimum Number);

- (b) when the Commissioner of Buildings has certified, in accordance with the provisions of Section 44-24 (Waiver of Requirements for All Zoning Lots Where Access Would Be Forbidden), that there is no way to arrange the spaces with access to the #street# to conform to the provisions of Section 44-43 (Location of Access to the Street);
- (c) for houses of worship, in accordance with the provisions of Section 44-25 (Waiver for Locally Oriented Houses of Worship).

REQUIRED OFF-STREET PARKING SPACES FOR MANUFACTURING,
COMMERCIAL OR COMMUNITY FACILITY USES

Type of #Use#

Parking Spaces Required, in Relation
to Specified Unit of Measurement

Districts

FOR MANUFACTURING OR COMMERCIAL USES

#Manufacturing# or semi-industrial #uses#. #Uses# in Use Group 17B, 17D, 18A or 18C, or in PRC-F in Use Group 11 or 16, and with a minimum of either 7,500 square feet of #floor area# or 15 employees.

None required - M1-4 M1-5 M1-6 M2-3 M2-4 M3-2

1 per 1,000 square feet of #floor area#¹, or 1 per 3 employees, whichever will require a larger number of spaces - M1-1 M1-2 M1-3 M2-1 M2-2 M3-1

Storage or miscellaneous #uses#. #Uses# in:

- (a) PRC-G in Use Group 10 or 16;
- (b) Use Group 17A, 17D, 18B, or 18C; or
- (c) Use Group 17C, except for agricultural #uses#, such exception including greenhouses, nurseries, or truck gardens;

with a minimum of either 10,000 square feet of #floor area# or 15 employees.

None required - M1-4 M1-5 M1-6 M2-3 M2-4 M3-2

1 per 2,000 square feet of #floor area#², or 1 per 3 employees, whichever will require a lesser number of spaces - M1-1 M1-2 M1-3 M2-1 M2-2 M3-1

Food stores with 2,000 or more square feet of #floor area# per establishment. #Uses# in PRC-A in Use Group 6

Square feet of #floor area#:

None required - M1-4 M1-5 M1-6 M2-3 M2-4 M3-2

1 per 200 - M1-1 M1-2 M1-3 M2-1 M2-2 M3-1

General retail or service #uses#. Food stores with less than 2,000 square feet of #floor area#; #uses# in PRC-B in Use Group 6, 8, 9 or 10; or #uses# in PRC-B1 in Use Group 6, 7, 8, 9, 10, 11, 13, 14, or 16, or when permitted by special permit.

Square feet of #floor area#:

None required - M1-4 M1-5 M1-6 M2-3 M2-4 M3-2

1 per 300³ - M1-1 M1-2 M1-3 M2-1 M2-2 M3-1

Low traffic-generating #uses#. #Uses# in PRC-C in Use Group 6, 7, 9, 13, 14 or 16

Square feet of #floor area#:

None required - M1-4 M1-5 M1-6 M2-3 M2-4 M3-2

1 per 600 - M1-1 M1-2 M1-3 M2-1 M2-2 M3-1

Places of Assembly. #Uses# in PRC-D in Use Group 6, 8, 9, 10 or 12, or when permitted by special permit

Rated Capacity:

None required - M1-4 M1-5 M1-6 M2-3 M2-4 M3-2

1 per 8 persons - M1-1 M1-2 M1-3 M2-1 M2-2 M3-1

Open commercial amusements. #Uses# in PRC-E in Use Group 13, or when permitted by special permit⁵

Square feet of #lot area#⁴:

None required - M1-4 M1-5 M1-6 M2-3 M2-4 M3-2

1 per 500 - M1-1 M1-2 M1-3 M2-1 M2-2 M3-1

Other #commercial uses#. #Uses# in PRC-H in Use Group 5, 6, 7, 12, 13 or 14, or when permitted by special permit

#Boatels#

1 per 2 guest rooms or suites - M1

Camps, overnight or day, with a minimum of either 10,000 square feet of #lot area# or 10 employees

1 per 2,000 square feet of #lot area# or 1 per 3 employees, whichever will require a lesser number of spaces - M1 M2 M3

Docks for non-commercial pleasure boats; rental boats; ferries; sightseeing, excursion or sport fishing vessels; passenger ocean vessels; or vessels not otherwise listed (see Section 62-43 for parking requirement)

Hotels

(a) For the #floor area# used for sleeping accommodations

Guest rooms or suites:

None required - M1-4 M1-5 M1-6

1 per 8 - M1-1 M1-2 M1-3

(b) For that #floor area# used for meeting halls, auditoriums, eating or drinking places, wedding chapels or banquet halls, or radio or television studios

Rated capacity:

None required - M1-4 M1-5 M1-6

1 per 8 persons - M1-1 M1-2 M1-3

#Motels# or #tourist cabins#

1 per guest room or suite - M1

Post offices

Square feet of #floor area#:

None required - M1-4 M1-5 M1-6 M2-3 M2-4 M3-2

1 per 1,200 - M1-1 M1-2 M1-3 M2-1 M2-2 M3-1

Prisons

Rated capacity:

None required - M1-4 M1-5 M1-6 M2-3 M2-4 M3-2

1 per 10 beds - M1-1 M1-2 M1-3 M2-1 M2-2 M3-1

Refreshment stands, drive-in

Square feet of #floor area#:

1 per 50 - M1-1 M1-2 M1-3 M2-1 M2-2 M3-1

1 per 100 - M1-4 M1-5 M1-6 M2-3 M2-4 M3-2

Funeral establishments

Square feet of #floor area#:

None required - M1-4 M1-5 M1-6 M2-3 M2-4 M3-2

1 per 400 - M1-1 M1-2 M1-3 M2-1 M2-2 M3-1

FOR COMMUNITY FACILITY USES

Agricultural #uses#, including greenhouses, nurseries, or truck gardens

Square feet of #lot area# used for selling purposes:

None required - M1-4 M1-5 M1-6 M2-3 M2-4 M3-2

1 per 1,000 - M1-1 M1-2 M1-3 M2-1 M2-2 M3-1

Ambulatory diagnostic or treatment health care facilities listed in Use Group 4

None required - M1-4 M1-5 M1-6

1 per 300 sq. ft. of #floor area# and #cellar# space³, except #cellar# space used for storage - M1-1 M1-2 M1-3

Clubs, community centers or settlement houses; philanthropic or non-profit institutions without sleeping accommodations, except ambulatory diagnostic or treatment health care facilities listed in Use Group 4; golf course club houses; non-commercial recreation centers; or welfare centers

None required - M1-4 M1-5 M1-6

1 per 10 persons-rated capacity - M1-1 M1-2 M1-3

Hospitals and related facilities⁶

1 per 5 beds - M1-1 M1-2 M1-3

1 per 10 beds - M1-4 M1-5 M1-6

Houses of worship, applicable only to the facility's largest room of assembly; however, rooms separated by movable partitions shall be considered a single room

None required - M1-4 M1-5 M1-6

1 per 15 persons-rated capacity - M1-1 M1-2 M1-3

Seminaries

(a) For that #floor area# used for classrooms, laboratories, student centers or offices

Square feet of #floor area#:

None required - M1-4 M1-5 M1-6

1 per 1,000 sq. ft. of #floor area# - M1-1 M1-2 M1-3

(b) For that #floor area# used for theaters, auditoriums, gymnasiums or stadiums

None required - M1-4 M1-5 M1-6

1 per 8 persons-rated capacity - M1-1 M1-2 M1-3

Outdoor skating rinks

Square feet of #lot area#:

None required - M1-4 M1-5 M1-6

1 per 800 - M1-1 M1-2 M1-3

Outdoor tennis courts

Number of courts:

None required - M1-4 M1-5 M1-6

1 per 2 courts - M1-1 M1-2 M1-3

NOTE: PRC = Parking Requirement Category

¹ For predominantly open #manufacturing uses#, the #lot area# used for such #uses# shall be considered as #floor area# for the purposes of these requirements

² For predominantly open storage or miscellaneous #uses#, the #lot area# used for such #uses# shall be considered as #floor area# for the purposes of these requirements

³ The parking requirements for ambulatory diagnostic or treatment health care facilities listed in Use Group 4 and #uses# in PRC-B1, may be reduced by permit of the Board of Standards and Appeals in accordance with the provisions of Section 73-44 (Reduction of Spaces for Ambulatory Diagnostic or Treatment Health Care Facilities listed in Use Group 4 and Uses in Parking Requirement Category B1)

⁴ In the case of golf driving ranges, requirements in this table apply only to that portion of the range used for tees

⁵ In the case of outdoor skateboard parks, in M3-1 Districts, the requirements of this table apply only to that portion

used as skating runs and #accessory buildings#. The #floor area# of #accessory buildings# shall be considered #lot area# for the purpose of these requirements

- ⁶ Requirements are in addition to area utilized for ambulance parking

(6/27/63)

44-211

Parking requirements applicable to non-profit hospital staff dwellings

M1

In the district indicated, the provisions of Sections 36-31 to 36-39, inclusive, relating to Required Accessory Off-Street Parking Spaces for Residences When Permitted in Commercial Districts, shall apply as set forth in this Section to #non-profit hospital staff dwellings#. The district regulations of Sections 36-31 to 36-39, inclusive, applicable to #non-profit hospital staff dwellings# are determined in accordance with the following table, and are the same as the regulations applicable to #residences# in the districts indicated in the table.

#Commercial District# whose Regulations are Applicable	District
C4-2	M1-1 M1-2 M1-3
C4-7	M1-4 M1-5 M1-6

(9/9/04)

44-22

Special Provisions for a Single Zoning Lot with Uses Subject to Different Parking Requirements

M1 M2 M3

In all districts, as indicated, where any #building# or #zoning lot# contains two or more #uses# having different parking requirements as set forth in Section 44-21 (General Provisions), the parking requirements for each type of #use# shall apply to the extent of that #use#.

However, the number of spaces required for houses of worship or for #uses# in parking requirement category D (Places of Assembly), when in the same #building# or on the same #zoning lot# as any other #use#, may be reduced by the Board of Standards and Appeals in accordance with the provisions of Section 73-43 (Reduction of Parking Spaces for Houses of Worship or Places of Assembly).

(12/15/61)

44-23

Waiver of Requirements for Spaces Below Minimum Number

M1 M2 M3

In all districts, as indicated, subject to the provisions of Section 44-231 (Exceptions to application of waiver provisions), the parking requirements set forth in Sections 44-21 (General Provisions) or 44-22 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Parking Requirements) shall not apply to #commercial uses# in parking requirement category A, B, B1, C, D, E or H, or to permitted #community facility uses#, if the total number of #accessory# off-street parking spaces required for all such #uses# on the #zoning lot# is less than the number of spaces set forth in the following table:

Number of Spaces	District
15	M1-1 M1-2 M1-3 M2-1 M2-2 M3-1
40	M1-4 M1-5 M1-6 M2-3 M2-4 M3-2

(12/15/61)

44-231

Exceptions to application of waiver provisions

M1 M2 M3

In all districts, as indicated, the waiver provisions of Section 44-23 shall not apply to the following types of #uses#:

- (a) #Manufacturing# or semi-industrial #uses# in Use Group 17B, 17D, 18A or 18C, or in parking requirement category F in Use

Group 11 or 16.

- (b) Storage or miscellaneous #uses# in Use Group 17A, 17C, 17D, 18B or 18C, or in parking requirement category G in Use Group 16.
- (c) The following #commercial uses# in parking requirement category H in Use Group 7 or 13:

#Boatels#

Camps, overnight or day

#Motels# or #tourist cabins#

Refreshment stands, drive-in.

(12/15/61)

44-24

Waiver of Requirements for All Zoning Lots Where Access Would be Forbidden

M1 M2 M3

In all districts, as indicated, the requirements set forth in Sections 44-21 (General Provisions) or 44-22 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Parking Requirements) shall not apply to any #building# or #zoning lot# as to which the Commissioner of Buildings has certified that there is no way to arrange the required spaces with access to the #street# to conform to the provisions of Section 44-43 (Location of Access to the Street).

The Commissioner of Buildings may refer such matter to the Department of Transportation for a report, and may base a determination on such report.

(9/9/04)

44-25

Waiver for Locally-Oriented Houses of Worship

M1

In the district indicated, the requirements set forth in Sections 44-21 (General Provisions) and 44-22 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Parking Requirements) shall not apply to a house of worship, provided the Chairperson of the City Planning Commission certifies that:

- (a) seventy-five percent or more of the congregants of such house of worship reside within a three-quarter mile radius of the house of worship;
- (b) the number of spaces required pursuant to this Section is less than the number of spaces listed in the table in Section 44-23 (Waiver of Requirements for Spaces below Minimum Number); and
- (c) such house of worship shall not include, as an #accessory use#, the leasing, licensing or any other grant of permission to utilize a room or other space in such house of worship for the operation of a business engaged in serving food or beverages for functions, occasions or events.

For the purposes of determining the number of spaces required pursuant to this Section, the product of the actual percentage of congregants living within a three-quarter mile radius of the house of worship, computed for the purposes of paragraph (a) of this Section, multiplied by the persons-rated capacity of the largest room of assembly, shall be subtracted from the persons-rated capacity of the largest room of assembly.

The provisions of paragraph (c) of this Section are not intended to restrict the lease, license or other permission to use a room or other space in a house of worship, when given by the house of worship to a person in order to hold a function, occasion or event, where such person hires or retains a business engaged in serving food or beverages for purposes of such function, occasion or event, and provided that such business is not located on the same #zoning lot# as the house of worship, makes its services available to non-congregants, and does not operate its business substantially for the benefit or convenience of congregants or visitors to the house of worship.

A certification pursuant to this Section shall be granted on condition that the Certificate of Occupancy for such house of worship be marked or amended to provide that #accessory uses# shall not include the utilization of a room or other space in such house of worship for the operation of a business engaged in serving food or beverages for functions, occasions or events. The Chairperson may impose additional conditions and safeguards to ensure compliance with the provisions of this Section, in the form of a signed declaration of restrictions. The filing of any

such declaration in the Borough Office of the Register of the City of New York shall be precondition for the issuance of a building permit.

Within 45 days of receipt of a complete application, including documentation of the residences of congregants in a form acceptable to the Department of City Planning, the Chairperson shall either certify that the proposed #development# or #enlargement# complies with the requirements of this Section or disapprove such application, citing the nature of any failure to comply.

(9/9/04)

44-26

Special Provisions for Zoning Lots Divided by District Boundaries

M1 M2 M3

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts having different requirements for #accessory# off-street parking spaces, the provisions set forth in Article VII, Chapter 7, shall apply.

(2/2/11)

44-27

Special Provisions for Expansion of Existing Manufacturing Buildings

M1 M2 M3

In all districts, as indicated, whenever an existing #manufacturing building# is expanded pursuant to the provisions of Section 43-121 (Expansion of existing manufacturing buildings), the City Planning Commission may reduce, up to a maximum of 40 spaces, the parking requirements of Sections 44-21 (General Provisions) or 44-22 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Parking Regulations), provided the Commission certifies:

- (a) that because of site limitations such a reduction is necessary for the proper design and operation of the #manufacturing building#; and
- (b) that off-site parking and mass transit facilities are

adequate to satisfy the additional parking demand generated by the expansion.

(9/21/11)

44-28

Parking Regulations for Residential Uses in M1-1D through M1-5D Districts

In M1-1D, M1-2D, M1-3D, M1-4D and M1-5D Districts, the regulations of this Section shall apply to #residential uses# authorized pursuant to Section 42-47 (Residential Uses in M1-1D through M1-5D Districts).

- (a) In M1-1D Districts, for any new #residence# authorized pursuant to Section 42-47, one #accessory# parking space shall be provided for each #dwelling unit#. The Commission may reduce this requirement if the Commission determines that there is sufficient on-street parking space available to meet the needs of the new #residence#.

Access to such required #accessory# parking shall be designed so as to minimize any adverse effect upon the availability of on-street parking and loading for conforming #manufacturing# and #commercial uses#. If necessary, in order to implement this requirement, the Commission may modify the ten foot maximum setback requirement of paragraph (e) of Section 43-61 (Bulk Regulations for Residential Uses in M1-1D through M1-5D Districts).

- (b) In M1-2D, M1-3D, M1-4D and M1-5D Districts, #accessory# parking shall not be permitted, except when authorized by the City Planning Commission.

The Commission may authorize #accessory# parking provided:

- (1) the #zoning lot# extends 40 feet or more along the #street line#;
- (2) the curb cut extends no more than 15 feet along the #street line# and provides access to a #group parking facility# of five or more #accessory# off-street parking spaces; and
- (3) the Commission determines that such curb cut will not adversely affect the availability of on-street parking and loading for conforming #manufacturing# and #commercial uses#.

(12/15/61)

44-30

RESTRICTIONS ON LOCATION AND USE OF ACCESSORY OFF-STREET PARKING SPACES

(9/9/04)

44-31

General Provisions

M1 M2 M3

In all districts, as indicated, all permitted or required off-street parking spaces, open or enclosed, #accessory# to any permitted #use# shall be provided on the same #zoning lot# as the #building# or #use# to which such spaces are #accessory#, except as provided in the following Sections:

Section 44-32 (Off-Site Spaces for All Permitted Uses)

Section 44-33 (Joint and Shared Facilities)

Section 44-34 (Additional Regulations for Required Spaces When Provided Off-Site)

Section 73-45 (Modification of Off-Site Parking Provisions)

Such exceptions to the requirement that the spaces be provided on the same #zoning lot# as the #building# or #use# to which they are #accessory# shall not apply in the case of spaces provided in a permitted #public parking garage# in accordance with the provisions of Section 44-46 (Accessory Off-Street Parking Spaces in Public Parking Garages).

(12/15/61)

44-32

Off-Site Spaces for All Permitted Uses

M1 M2 M3

In all districts, as indicated, all permitted or required off-street parking spaces #accessory# to any permitted #use# may be provided on a #zoning lot# other than the same #zoning lot# as such #use# but within the same district or an adjoining C8 or #Manufacturing District#. However, all required spaces shall be not more than 600 feet from the nearest boundary of the #zoning lot# on which such #use# is located.

(9/9/04)

44-33

Joint and Shared Facilities

(9/9/04)

44-331

Joint facilities

M1 M2 M3

In all districts, as indicated, required #accessory# off-street parking spaces may be provided in facilities designed to serve jointly two or more #buildings# or #zoning lots#, provided that:

- (a) the number of spaces in such joint facilities shall be not less than that required in the following Sections for the combined #floor area#, #lot area#, rated capacity, or other such unit of measurement in such #buildings# or #zoning lots#:

Section 44-21 (General Provisions)

Section 44-22 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Parking Requirements).

- (b) all such spaces conform to the provisions of Section 44-32 (Off-Site Spaces for All Permitted Uses); and
- (c) the design and layout of such joint facilities meet standards of adequacy set forth in regulations promulgated by the Commissioner of Buildings.

(9/9/04)

44-332**Shared facilities for houses of worship**

M1-1 M1-2 M1-3

In the districts indicated, required #accessory# off-street parking spaces may be provided for houses of worship in facilities designed to be shared with other permitted non-#residential uses#, in any district, provided that:

- (a) no more than 25 percent of the spaces in such facilities may be used to satisfy the parking requirement for both the house of worship and other permitted non-#residential uses#, except that such percentage may be increased by the Commissioner of Buildings if it can be demonstrated that such additional parking spaces would not be used by the house of worship and other permitted non-#residential uses# at the same times;
- (b) all such spaces are no further than 600 feet from the nearest boundary of the #zoning lot# containing the house of worship; and
- (c) all such spaces conform to all applicable regulations of the district in which they are located.

(9/9/04)

44-34**Additional Regulations for Required Spaces When Provided Off-Site**

M1 M2 M3

In all districts, as indicated, when required #accessory# off-street parking spaces are provided off the site in accordance with the provisions of Sections 44-32 (Off-Site Spaces for All Permitted Uses) or 44-33 (Joint and Shared Facilities), the following additional regulations shall apply:

- (a) Such spaces shall be in the same ownership (single fee ownership or alternative ownership arrangements of the #zoning lot# definition in Section 12-10) as the #use# to which they are #accessory#, and shall be subject to deed restrictions filed in an office of record, binding the owner and his heirs and assigns to maintain the required number of spaces available throughout the life of such #use#.

- (b) Such spaces shall conform to all applicable regulations of the district in which they are located.

(9/29/10)

44-35

Restriction on Use of Accessory Off-Street Parking Spaces

M1 M2 M3

In all districts, as indicated, #accessory# off-street parking spaces, whether permitted or required and whether open or enclosed, shall be used primarily for the owners, occupants, employees, customers, or visitors of the #use# or #uses# to which such spaces are #accessory#.

#Car sharing vehicles# may occupy #accessory# off-street parking spaces in #group parking facilities# containing 20 spaces or more; however, the number of spaces so occupied shall not exceed 10 percent of all parking spaces in such #group parking facilities#.

(6/23/66)

44-36

Restrictions on Automotive Repairs and Sale of Motor Fuel

M1 M2 M3

In all districts, as indicated, automotive repairs or the sale of motor fuel, motor oil, or automotive accessories are not permitted in connection with the operation of #accessory# off-street parking spaces.

However where such parking spaces are provided in a #building or other structure#, minor automotive repairs (not including body work) are permitted, and not more than three motor fuel pumps may be provided. However, no motor fuel shall be sold to persons who are not using the parking spaces. The provisions of this Section are not applicable to #accessory# off-street parking spaces provided in #public parking garages#.

(12/15/61)

44-40

ADDITIONAL REGULATIONS FOR PERMITTED OR REQUIRED OFF-STREET PARKING SPACES

(9/29/10)

44-41

General Provisions

M1 M2 M3

In all districts, as indicated, all permitted or required off-street parking spaces shall conform to the provisions of Section 44-40, inclusive.

Special regulations applying to #large-scale community facility developments# are set forth in Article VII, Chapter 8.

(4/30/12)

44-42

Size and Identification of Spaces

M1 M2 M3

(a) Size of spaces

In all districts, as indicated, for all #accessory# off-street parking spaces, open or enclosed, each 300 square feet of unobstructed standing or maneuvering area shall be considered one parking space. However, an area of less than 300 square feet, but in no event less than 200 square feet, may be considered as one space, where the layout and design of the parking area are adequate to permit convenient access and maneuvering in accordance with regulations promulgated by the Commissioner of the Department of Buildings, or where the applicant for a building permit or certificate of occupancy certifies that such spaces will be fully attended.

Driveways used to access required parking spaces must be unobstructed for a width of at least eight feet and a height of eight feet above grade and if connecting to a #street#, such driveway may only be accessed by a curb cut.

In any case where a reduction of the required area per parking space is permitted on the basis of the applicant's certification that such spaces will be fully attended, it shall be set forth in the certificate of occupancy that paid attendants employed by the owners or operators of such spaces shall be available to handle the parking and moving of automobiles at all times when such spaces are in use.

In no event shall the dimensions of any parking stall be less than 18 feet long and 8 feet, 6 inches wide.

(b) Identification of #car sharing vehicles#

Within an off-street parking facility that contains #car sharing vehicles#, an information plaque shall be placed at a location accessible to and visible to users of such facility. The plaque shall be fully opaque, non-reflective and constructed of permanent, highly durable materials and shall contain the following statements in lettering no less than one inch high:

- (1) "Total parking spaces in facility:" which shall specify the total number of parking spaces permitted within such parking facility; and
- (2) "Maximum number of car sharing vehicles:" which shall specify the total number of #car sharing vehicles# permitted within such parking facility.

6/21/73

44-43

Location of Access to the Street

M1 M2 M3

In all districts, as indicated, the entrances and exits of all permitted or required #accessory group parking facilities# and all permitted #public parking lots# or #public parking garages# with 10 or more spaces, shall be located not less than 50 feet from the intersection of any two #street lines#. However, access located within 50 feet of such intersection may be permitted if the Commissioner of Buildings or, in the case of #public parking lots# or #public parking garages# permitted in accordance with the provisions of Article VII, Chapter 4, the City Planning Commission certifies that such a location is not hazardous to traffic safety and not likely to create traffic congestion. The

Commissioner of Buildings or the City Planning Commission may refer such matter to the Department of Transportation for a report and may base its determination on such report.

The waiver provisions of Section 44-24 (Waiver of Requirements for All Zoning Lots Where Access Would Be Forbidden) shall apply when the Commissioner of Buildings has certified that there is no way to arrange the spaces with access to the #street# to conform to the provisions of this Section.

(11/28/07)

44-44

Surfacing

M1 M2 M3

In all districts, as indicated, all open #accessory# off-street parking spaces or permitted #public parking lots# shall be graded, constructed, surfaced, and maintained so as to provide adequate drainage and to prevent the release of dust, in accordance with rules and regulations promulgated by the Commissioner of Buildings.

Any area intended to be used permanently for an open #accessory group parking facility# shall be surfaced with asphaltic or Portland cement concrete, or other hard-surfaced dustless material, at least four inches thick. However, permeable paving materials may be used in open parking areas where the Commissioner of Buildings determines that such materials are appropriate.

(11/28/07)

44-45

Screening

M1 M2 M3

In all districts, as indicated, all open off-street parking areas with 10 spaces or more, which are located on #zoning lots# adjacent to the boundary of a #Residence District#, either at natural grade or on a roof:

- (a) shall be screened from all adjoining #zoning lots# in #Residence Districts# (including such #zoning lots# situated

across a #street#) by either:

- (1) a strip at least four feet wide, densely planted with shrubs or trees at least four feet high at the time of planting and which are of a type which may be expected to form a year-round dense screen at least six feet high within three years; or
 - (2) a wall or barrier or uniformly painted fence of fire-resistant material at least six feet high, but not more than eight feet above finished grade (or above the roof level, if on a roof). Such wall, barrier or fence may be opaque or perforated provided that not more than 50 percent of the face is open;
- (b) shall be maintained in good condition at all times;
- (c) may be interrupted by normal entrances or exits; and
- (d) shall have no #signs# hung or attached thereto other than those permitted in Section 42-52 (Permitted Signs).

Paragraph (a) shall not apply at the #street line# of #zoning lots# where the planting requirements of Section 37-921 (Perimeter landscaping) apply.

(6/23/66)

44-46

Accessory Off-Street Parking Spaces in Public Parking Garages

M1 M2 M3

In all districts, as indicated, permitted or required #accessory# off-street parking spaces may be provided in a permitted #public parking garage#, but only on the same #zoning lot# as the #building# or #use# to which such spaces are #accessory# and subject to all the other applicable regulations of this Chapter.

Such #accessory# off-street parking spaces shall be included with all other spaces in such #public parking garage# for the purpose of applying any regulations in this Resolution relating to the number of spaces in such #public parking garage#.

The computation of #floor area# for such #public parking garage# shall be in accordance with the definition of #floor area# as set forth in Section 12-10 (DEFINITIONS), except as otherwise specifically authorized in accordance with the provisions of

Sections 73-67 (Additional Floor Space for Public Parking Garages), 74-511 (In C1 Districts), 74-512 (In other Districts) or 74-52 (Public Parking Garages or Public Parking Lots in High Density Central Areas).

(2/2/11)

44-47

Parking Lot Maneuverability and Curb Cut Regulations

M1 M2 M3

In all districts, as indicated, the provisions of this Section shall apply to:

- (a) #developments# with #accessory# open parking areas in which 70 percent or more of the #floor area# on the #zoning lot# is occupied by a #commercial# or #community facility use#;
- (b) #enlargements# of a #building# with #accessory# open parking areas or the #enlargement# of an open parking area that result in:
 - (1) an increase in the total number of parking spaces #accessory# to #commercial# or #community facility use# on the #zoning lot# that is at least 20 percent greater than the number of such spaces existing on November 28, 2007; or
 - (2) an increase in the total amount of #floor area# on the #zoning lot# that is at least 20 percent greater than the amount of #floor area# existing on November 28, 2007, and where at least 70 percent of the #floor area# on the #zoning lot# is occupied by #commercial# or #community facility uses#; and
- (c) existing #buildings# with new #accessory# open parking areas in which 70 percent or more of the #floor area# on the #zoning lot# is occupied by a #commercial# or #community facility use#.

The provisions of this Section shall not apply to surface parking located on the roof of a #building#, indoor parking garages, #public parking garages#, structured parking facilities, or #developments# or #enlargements# in which at least 70 percent of the #floor area# or #lot area# on a #zoning lot# is used for automotive #uses# listed in Use Groups 9 or 16.

For the purposes of this Section, an "open parking area" shall mean that portion of a #zoning lot# used for the parking or maneuvering of vehicles, including service vehicles, which is not covered by a #building#. Open parking areas shall also include all required landscaped areas within and adjacent to the open parking area.

For all such new or #enlarged# open parking areas, a site plan shall be submitted to the Department of Buildings showing the location of all parking spaces, curb cuts and compliance with the maneuverability standards set forth in paragraphs (b) and (c) of Section 36-58.

(2/2/11)

44-48

Parking Lot Landscaping

M1 M2 M3

In all districts, as indicated, all #developments# and #enlargements# containing #commercial# or #community facility uses# and new open parking areas #accessory# to #commercial# or #community facility uses# shall comply with the provisions of Section 37-90 (PARKING LOTS), inclusive.

(6/10/09)

44-49

Cross Access Connections in Manufacturing Districts in the Borough of Staten Island

M1 M2 M3

In the Borough of Staten Island, in the districts indicated, existing or new open parking lots adjacent to one another on the same or separate #zoning lots# shall be required to provide vehicular passageways between such open parking lots in accordance with the provisions of Section 36-59 (Cross Access Connections in the Borough of Staten Island), inclusive.

Off-street Loading Regulations

(12/15/61)

44-50

GENERAL PURPOSES

The following regulations on permitted and required accessory off-street loading berths are adopted in order to provide needed space off public streets for loading and unloading activities, to restrict the use of the streets for such activities, to help relieve traffic congestion in manufacturing and industrial areas within the City, and thus to promote and protect public health, safety, and general welfare.

(12/15/61)

44-51

Permitted Accessory Off-Street Loading Berths

M1 M2 M3

In all districts, as indicated, #accessory# off-street loading berths, open or enclosed, may be provided for all permitted #uses#, under rules and regulations promulgated by the Commissioner of Buildings, and subject to the provisions of Sections 44-582 (Location of access to the street), 44-583 (Restrictions on location of berths near Residence Districts), 44-584 (Surfacing) and 44-585 (Screening).

(2/2/11)

44-52

Required Accessory Off-Street Loading Berths

M1 M2 M3

In all districts, as indicated, #accessory# off-street loading berths, open or enclosed, shall be provided in conformity with the requirements set forth in the table in this Section and under rules and regulations promulgated by the Commissioner of Buildings, for all #development# after December 15, 1961, for the #community facility#, #commercial# or #manufacturing uses# listed in the table, except as otherwise provided in Sections 44-53 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Loading Requirements) or 44-54 (Wholesale, Manufacturing or Storage Uses Combined with Other Uses), as a condition precedent to the #use# of such #development#.

After December 15, 1961, if the #use# of any #building or other structure# or #zoning lot# is changed or #enlarged#, the requirements set forth in the table shall apply to the #floor area# of the changed or #enlarged# portion of such #building# or of the #lot area# used for such #use#.

For the purposes of this Section, a tract of land on which a group of such #uses# is #developed# under single ownership or control shall be considered a single #zoning lot#.

Whenever any #use# specified in the table is located on an open lot, the requirements set forth in the table for #floor area# shall apply to the #lot area# used for such #use#.

REQUIRED OFF-STREET LOADING BERTHS FOR DEVELOPMENTS,
ENLARGEMENTS OR CHANGES OF USE

Districts
Type of #Use#

#Floor Area# - Required Berths

Next 25,000 square feet of floor area - 1 required berth

Next 40,000 square feet of floor area - 1 required berth

Each additional 80,000 square feet of floor area or fraction thereof - 1 required berth

* Requirements in this table are in addition to area utilized for ambulance parking.

(12/15/61)

44-53

Special Provisions for a Single Zoning Lot with Uses Subject to Different Loading Requirements

M1 M2 M3

In all districts, as indicated, if any #building# or #zoning lot# contains two or more #uses# having different requirements for loading berths as set forth in Section 44-52 (Required Accessory Off-Street Loading Berths), and if:

- (a) the #floor area# of each separate #use# is less than the minimum #floor area# for which berths are required; and
- (b) the total #floor area# of all the #uses# for which berths are required is greater than the smallest amount of #floor area# for which berths are required for any of the #uses# individually; then

off-street loading berths shall be provided as if the total #floor area# of the #uses# for which berths are required were used for that #use# for which the most berths are required.

(12/15/61)

44-54

Wholesale, Manufacturing or Storage Uses Combined with Other Uses

M1 M2 M3

In all districts, as indicated, except as provided in Section 44-53 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Loading Requirements), if any #building# or #zoning lot# is used partly for wholesale, #manufacturing# or storage #uses# or any combination of such #uses#, and partly for any other #uses# set forth in the table in Section 44-52 (Required Accessory Off-Street Loading Berths), at least 50 percent of the #floor area# in the #building# shall be subject to the requirements set forth for wholesale, #manufacturing# or storage #uses#, and the remainder shall be subject to the other applicable requirements.

(12/15/61)

44-55

Waiver of Requirements for All Zoning Lots Where Access Would Be Forbidden

M1 M2 M3

In all districts, as indicated, the requirements set forth in the following Sections shall not apply to any #building# or #zoning lot# as to which the Commissioner of Buildings has certified that there is no way to arrange the required berths with access to the #street# to conform to the provisions of Section 44-582 (Location of access to the street):

Section 44-52 (Required Accessory Off-Street Loading Berths)

Section 44-53 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Loading Requirements)

Section 44-54 (Wholesale, Manufacturing or Storage Uses Combined with Other Uses).

The Commissioner of Buildings may refer such matter to the Department of Transportation for a report and may base a determination on such report.

(12/15/61)

44-56**Special Provisions for Zoning Lots Divided by District Boundaries**

M1 M2 M3

In all districts, as indicated, whenever a #zoning lot# is divided by a boundary between districts having different requirements for #accessory# off-street loading berths, the provisions set forth in Article VII, Chapter 7, shall apply.

(12/15/61)

44-57**Joint Loading Berths Serving Two or More Buildings**

M1 M2 M3

In all districts, as indicated, required loading berths may be provided in facilities designed to serve jointly two or more adjoining #buildings# or #zoning lots# within a single #block#, provided that:

- (a) the number of berths in such joint facilities shall be not less than that required for the total combined #floor area# of such #buildings# or #zoning lots# as set forth in Sections 44-52 (Required Accessory Off-Street Loading Berths), 44-53 (Special Provisions for a Single Zoning Lot with Uses Subject to Different Loading Requirements) and 44-54 (Wholesale, Manufacturing or Storage Uses Combined with Other Uses);
- (b) direct access is provided from such joint facilities to all such #buildings# or #zoning lots#; and
- (c) the design and layout of such joint facilities meet standards of adequacy set forth in regulations promulgated by the Commissioner of Buildings.

(12/15/61)

44-58**Additional Regulations for Permitted or Required Berths**

M1 M2 M3

In all districts, as indicated, all permitted or required #accessory# off-street loading berths shall conform to the provisions set forth in this Section.

(12/15/61)

44-581

Size of required loading berths

M1 M2 M3

In all districts, as indicated, all required off-street loading berths, open or enclosed, shall conform to the regulations on minimum dimensions set forth in the following table. The dimensions of off-street berths shall not include driveways, or entrances to or exits from such off-street berths.

MINIMUM DIMENSIONS FOR
REQUIRED ACCESSORY OFF-STREET LOADING BERTHS
(in feet)

	Length	Width	Vertical Clearance
Hospitals and related facilities or prisons	33	12	12
Funeral establishments	25	10	8
Hotels, offices or court houses	33	12	12
#Commercial uses#*	33	12	14
Wholesale, #manu- facturing# or storage #uses#:	with less than 10,000 square feet of #floor area# with 10,000 square feet of #floor area# or more	33 50	12 12
			14

* As set forth in the table in Section 44-52 (Required Accessory Off-Street Loading Berths)

(12/15/61)

44-582

Location of access to the street

M1 M2 M3

In all districts, as indicated, no permitted or required #accessory# off-street loading berth, and no entrance or exit thereto, shall be located less than 50 feet from the intersection of any two #street lines#. However, a location closer to such intersection may be permitted if the Commissioner of Buildings certifies that such a location is not hazardous to traffic safety and not likely to create traffic congestion. The Commissioner of Buildings may refer such matter to the Department of Transportation for report and may base a determination on such report.

The waiver provisions of Section 44-55 (Waiver of Requirements for All Zoning Lots Where Access Would Be Forbidden) shall apply when the Commissioner of Buildings has certified that there is no way to arrange the berths with access to the #street# to conform to the provisions of this Section.

(12/15/61)

44-583

Restrictions on location of berths near Residence Districts

M1 M2 M3

In all districts, as indicated, where #accessory# off-street loading berths are located within 60 feet of a #Residence District# boundary, such berths shall be enclosed within a #building#, and no entrance to or exit from the berths on to the #street# shall be less than 30 feet from the district boundary.

(12/15/61)

44-584

Surfacing

M1 M2 M3

In all districts, as indicated, all permitted or required open off-street loading berths shall be surfaced with asphaltic or Portland cement concrete, or other hard-surfaced dustless material, at least six inches thick.

(4/8/98)

44-585
Screening

M1 M2 M3

In all districts, as indicated, all permitted or required open off-street loading berths which are located on #zoning lots# adjacent to the boundary of a #Residence District# shall be screened from all adjoining #zoning lots# in #Residence Districts#, including #zoning lots# situated across a #street#, by either:

- (a) a strip at least four feet wide, densely planted with shrubs or trees which are at least four feet high at the time of planting and which are of a type which may be expected to form a year-round dense screen at least six feet high within three years; or
- (b) a wall or barrier or uniformly painted fence of fire-resistant material, at least six feet but not more than eight feet above finished grade. Such wall, barrier, or fence may be opaque or perforated, provided that not more than 50 percent of the face is open.

In addition, such screening:

- (1) shall be maintained in good condition at all times;
- (2) may be interrupted by normal entrances or exits; and
- (3) shall have no #signs# hung or attached thereto other than those permitted in Section 42-52 (Permitted Signs).

(4/22/09)

44-60
BICYCLE PARKING

M1 M2 M3

In all districts, as indicated, the provisions of Section 36-70 (BICYCLE PARKING), inclusive, shall apply to all permitted #commercial# and #residential uses#. In addition, for #manufacturing uses#, #accessory# bicycle parking spaces shall be excluded from the definition of #floor area#, provided that:

- (a) the space excluded from #floor area# does not exceed an amount equal to 15 square feet multiplied by one bicycle parking space per 10,000 square feet of #floor area#; and
- (b) the #accessory# bicycle parking spaces provided meet the standards for #accessory# bicycle parking of Section 36-73 (Restrictions on Operation, Size and Location of Bicycle Parking Spaces);

However, in no event shall #accessory# bicycle parking spaces be excluded from the calculation of #floor area# in the case of #single-# or #two-family residences# or in the case of #accessory# bicycle parking spaces provided off-site pursuant to Section 36-74 (Certification for Off-Site Bicycle Parking Spaces).

Space provided for #accessory# bicycle parking spaces within an #accessory group parking facility# shall not be counted as #floor area# provided that such portion of the #accessory group parking facility# does not count as #floor area#.

The number of #accessory# bicycle parking spaces provided pursuant to this Section, the total area, in square feet, of bicycle parking spaces and the total area, in square feet, excluded from the calculation of #floor area# for such spaces shall be noted on the certificate of occupancy.

Article V

Non-conforming Uses and Non-complying Buildings

Chapter 1

Statement of Legislative Intent

(10/25/95)

51-00

PURPOSE OF REGULATIONS GOVERNING NON-CONFORMING USES AND NON-COMPLYING BUILDINGS

The zoning districts established in this Resolution (as set forth in the district regulations in Articles II, III and IV and on the zoning maps) are designed to guide the future use of the City's land by encouraging the development of desirable residential, commercial and manufacturing areas with appropriate groupings of compatible and related uses and thus to promote and to protect public health, safety and general welfare.

As a necessary corollary, in order to carry out such purposes, non-conforming uses which adversely affect the development of such areas must be subject to certain limitations. The regulations governing non-conforming uses set forth in this Chapter are therefore adopted in order to provide a gradual remedy for existing undesirable conditions resulting from such incompatible non-conforming uses, which are detrimental to the achievement of such purposes. While such uses are generally permitted to continue, these regulations are designed to restrict further investment in such uses, which would make them more permanent establishments in inappropriate locations.

In the case of a few objectionable non-conforming uses which are detrimental to the character of the districts in which such uses are located, a reasonable statutory period of life is established for such uses, in order to permit the owner gradually to make his plans for the future during the period when he is allowed to continue the non-conforming uses of his property, thereby minimizing any loss, while at the same time assuring the public that the district in which such non-conformity exists will eventually benefit from a more nearly uniform character.

In the case of buildings not complying with the bulk regulations of this Resolution, the regulations governing non-complying buildings set forth in this Chapter are adopted in order to permit the appropriate use of such buildings but to prevent the

creation of additional non-compliances or increases in the degree of existing non-compliances.

These regulations are thus designed to preserve the character of the districts established in this Resolution in the light of their peculiar suitability to particular uses, and thus to promote and protect public health, safety and general welfare.

(12/15/61)

Chapter 2
Non-Conforming Uses

(12/15/61)

52-00
DEFINITIONS AND GENERAL PROVISIONS

(11/19/87)

52-01
Definitions

Words in italics are defined in Section 12-10 (DEFINITIONS) or, if applicable exclusively to this Chapter, in this Section.

(10/9/13)

52-02
Applicability of Article V, Chapter 2

In the #flood zone#, the provisions of this Chapter are modified by the provisions of Article VI, Chapter 4.

(12/15/61)

52-10
CONTINUATION OF NON-CONFORMING USE

(12/15/61)

52-11
General Provisions

A #non-conforming use# may be continued, except as otherwise provided in this Chapter.

(12/15/61)

52-20

REPAIRS OR ALTERATIONS

(12/15/61)

52-21

Repairs and Incidental Alterations

Repairs to both structural and non-structural parts or #incidental alterations# may be made in a #building or other structure# substantially occupied by a #non-conforming use#, or in connection with a permitted change or #extension# of a #non-conforming use#.

(12/21/89)

52-22

Structural Alterations

No structural alterations shall be made in a #building or other structure# substantially occupied by a #non-conforming use#, except when made:

- (a) in order to comply with requirements of law; or
- (b) in order to accommodate a conforming #use#; or
- (c) in order to conform to the applicable district regulations on performance standards; or
- (d) in the course of an #enlargement# permitted under the provisions of Sections 52-41 to 52-46, inclusive, relating to Enlargements or Extensions,

or except as set forth in Sections 52-81 to 52-83, inclusive, relating to Regulations Applying to Non-Conforming Signs.

(12/15/61)

52-30

CHANGE OF NON-CONFORMING USE

(5/8/13)

52-31

General Provisions

For the purposes of this Chapter, a change of #use# is a change to another #use# listed in the same or any other Use Group. However, a change in ownership or occupancy shall not, by itself, constitute a change of #use#.

A #non-conforming use# may be changed to any conforming #use#, and the applicable district #bulk# regulations and #accessory# off-street parking requirements shall not apply to such change of #use# or to alterations made in order to accommodate such conforming #use#, but shall apply to any #enlargement#.

In all zoning districts which mandate compliance with the Quality Housing Program, the provisions of Article II, Chapter 8, shall apply to such change of #use#.

However, notwithstanding the provisions above, in Manhattan Community Districts 1, 2, 3, 4, 5 and 6, Brooklyn Community Districts 1, 2, 6 and 8, and Queens Community Districts 1 and 2, the #conversion# of non-#residential floor area# to #residences# shall be subject to the provisions of Article I, Chapter 5 (Residential Conversion within Existing Buildings), unless such #conversions# meet the requirements for #residences# of Article II (Residence District Regulations).

A #non-conforming use# may be changed to another #non-conforming use# only in accordance with the provisions of this Chapter.

Any such change of #use# permitted by this Chapter shall conform to the applicable district regulations on #accessory# off-street loading berths as set forth in Section 52-41 (General Provisions) and on #accessory signs#, except that in #Residence Districts# such change shall conform to the regulations on #accessory signs# applicable in a C1 District.

In the #Manhattan Core#, a #non-conforming use# may be changed to an automobile rental establishment, #public parking garage# or #public parking lot# in Use Groups 8 and 12D only pursuant to the provisions of Article I, Chapter 3, and in the #Long Island City area#, as defined in Section 16-02 (Definitions), a #non-conforming use# may be changed to a #public parking garage# or

#public parking lot# in Use Groups 8 and 12D only pursuant to the provisions of Article I, Chapter 6.

In the case of a conflict between these provisions and retail continuity provisions that apply to the ground floor of #buildings#, a #non-conforming use# on the ground floor in such #building# may be changed only to a #conforming use#.

(12/15/61)

52-32

Land with Minor Improvements

In all #Residence# and #Commercial Districts#, a #non-conforming use# of #land with minor improvements# may be changed only to a conforming #use#.

(12/15/61)

52-33

Manufacturing or Related Uses in Residence Districts

(12/15/61)

52-331

Buildings designed for residential use

In all #Residence Districts#, a #non-conforming use# listed in Use Group 11A, 16, 17 or 18 which is located in a #building designed for residential use# may be changed only to a #use# permitted in #Residence Districts#.

(8/17/90)

52-332

Other buildings or structures in Residence Districts

In all #Residence Districts#, a #non-conforming use# listed in Use Group 11A, 16, 17 or 18 which is not subject to the provisions of Sections 52-32 (Land with Minor Improvements) or 52-331 (Buildings designed for residential use), may be changed

either to a conforming #use# or:

- (a) to any #use# listed in Use Group 6, 7B, 7C, 7D, 8, 9, 10, 11B or 14, in which case any subsequent change of #use# shall conform to the provisions of Section 52-34 (Commercial Uses in Residence Districts); or
- (b) in accordance with the provisions of the following table:

From Use Group	To Use Group
11A	11A
16 or 17	11A 16 or 17
18	11A 16 17 or 18

provided that such changed #use# shall conform to all regulations on performance standards applicable in M1 Districts, and that any such changed #use#, or the storage of materials or products #accessory# to any changed #use#, which is not located within a #completely enclosed building#, shall be screened by a solid wall or fence (including solid entrance or exit gates) at least eight feet in height. Whenever a #use# located within a #completely enclosed building# is changed to another #use#, no activity related to such changed #use#, including the storage of materials or products, shall be located outside of such #building#.

In no event shall any change of #use# permitted in paragraph (b) of this Section extend the statutory period of useful life applicable under the provisions of Section 52-74 (Uses Objectionable in Residence Districts).

(2/2/11)

52-34

Commercial Uses in Residence Districts

In all #Residence Districts#, a #non-conforming use# listed in Use Group 6, 7, 8, 9, 10, 11B, 12, 13, 14 or 15 may be changed, initially or in any subsequent change, only to a conforming #use# or to a #use# listed in Use Group 6. In the case of any such change, the limitation on #floor area# set forth in Section 32-15 (Use Group 6) shall not apply. Eating or drinking places, with musical entertainment, but not dancing, thus permitted as a change of #use#, shall be limited exclusively to the sale of food

or drink for on-premises consumption by seated patrons within a #completely enclosed building#.

(8/17/90)

52-35

Manufacturing or Related Uses in Commercial Districts

In all #Commercial Districts#, a #non-conforming use# listed in Use Group 11A, 16, 17 or 18 which is not subject to the provisions of Section 52-32 (Land with Minor Improvements), may be changed either to a conforming #use# or:

- (a) to a #use# listed in Use Group 6, 7, 8, 9, 10, 11B or 14, in which case any subsequent change of #use# shall conform to the provisions of Section 52-36 (Non-Conforming Commercial Uses in Commercial Districts); or
- (b) in accordance with the provisions of the following table:

From Use Group	To Use Group
11A	11A
16 or 17	11A 16 or 17
18	11A 16 17 or 18

provided that such changed #use# shall conform to all regulations on performance standards applicable in M1 Districts, and that any such changed #use# or any storage of materials or products #accessory# to any changed #use# shall be located within a #completely enclosed building#. Whenever a #use# located within a #completely enclosed building# is changed to another #use#, no activity related to such changed #use#, including the storage of materials or products, shall be located outside of such #building#.

However, in C1, C3, C4 or C5 Districts, a #non-conforming use# listed in Use Group 11A, 16, 17 or 18, which is not subject to the provisions of Section 52-32, may not be changed to a #motel# or #tourist cabin#.

(8/17/90)

52-36

Non-Conforming Commercial Uses in Commercial Districts

In C1, C2, C4, C6, C7 or C8 Districts, any #non-conforming use# listed in Use Group 7, 8, 9, 10, 11B, 12, 13, 14 or 15 may be changed, initially or in any subsequent change, only to a conforming #use# or to any #use# listed in Use Group 7, 8 or 9.

In C3 Districts, any such #non-conforming use# may be changed, initially or in any subsequent change, only to a conforming #use# or to a #use# listed in Use Group 6.

However, in C1 or C4 Districts, a #non-conforming use# may not be changed to a #motel# or #tourist cabin#.

(8/15/74)

52-37

Non-Conforming Commercial Uses in Manufacturing Districts

In all #Manufacturing Districts#, any #non-conforming use# listed in Use Group 5, 6, 7, 9, 10, 12 or 15 may be changed, initially or in any subsequent change, only to a conforming #use# or to any #use# listed in Use Group 6, 9, 10 or 12.

(10/25/95)

52-38

Special Regulations for Adult Establishments

In all districts, a #non-conforming use# may not be changed, initially or in any subsequent change, to an #adult establishment#, except as provided in Section 32-01 or Section 42-01 (Special Provisions for Adult Establishments).

(12/15/61)

52-40

ENLARGEMENTS OR EXTENSIONS

(5/8/13)

52-41

General Provisions

A #non-conforming use# may be #enlarged# or #extended# within the district in which such #non-conforming use# is located only in accordance with the provisions of this Chapter. However, a #non-conforming single-# or #two-family residence# in an R3, R4, or R5 District may be #enlarged# or #extended# in accordance with the #bulk# regulations specified for the district in which it is located. Furthermore, #enlargements# or #extensions# designed exclusively to permit conformity with the regulations on performance standards or in order to provide required #accessory# off-street parking spaces or off-street loading berths on the same #zoning lot# as the #use# to which such spaces or berths are #accessory# are not subject to the restrictions set forth herein.

For the purposes of this Section and Sections 52-31 (General Provisions), 52-42 (C6, C8 or Manufacturing Districts) and 52-43 (C1 or C4 Districts), the applicable district regulations on #accessory# off-street parking spaces or loading berths shall be determined in accordance with the following tables. The term "required" as used in this Section shall mean some or all of, but not more than, the number of spaces or berths which would be required by such applicable district regulations for #development# for such #use#.

For #non-conforming use# in #Residence Districts#, #accessory# off-street parking spaces or loading berths shall be subject to the provisions of Sections 25-66 or 25-77 (Screening).

In the #Manhattan Core#, #enlargements# or #extensions# of #non-conforming uses# which involve the provision of off-street parking are subject to the regulations set forth in Article I, Chapter 3, and in the #Long Island City area#, as defined in Section 16-02 (Definitions), such #enlargements# or #extensions# are subject to the regulations set forth in Article I, Chapter 6.

In the case of a conflict between these provisions and retail continuity provisions that apply to the ground floor of #buildings#, a #non-conforming use# on the ground floor in such #building# may be changed only to a #conforming use#.

(9/22/66)

52-42

C6, C8 or Manufacturing Districts

Except for the #use# of #land with minor improvements#, in C6 or C8 Districts, a #non-conforming use# listed in Use Group 17 or 18, or in C8 or #Manufacturing Districts#, a #use# listed in Use Group 11A, 16, 17, or 18 which is #non-conforming# with respect to the applicable district regulations on performance standards, may be #enlarged# or #extended#, provided that:

- (a) such #enlarged# or #extended# portion does not occupy more than 25 percent of the #floor area# or space which such #non-conforming use# occupied or utilized within the #building or other structure# at the time when it became #non-conforming#; provided, however, that in no event shall any such #enlargement# or #extension# create a #non-compliance# or increase the degree of #non-compliance# of a #non-complying building or other structure#; and
- (b) such #enlarged# or #extended# portion conforms to the applicable district regulations on performance standards and on #accessory# off-street parking spaces and loading berths, as set forth in Section 52-41 (General Provisions).

In the specified districts, such #use# may be #extended# into any #floor area# where it would be permitted as a changed #use# under the provisions of Section 52-35 (Manufacturing or Related Uses in Commercial Districts), provided that the applicable district regulations on performance standards and #accessory# off-street loading berths, as set forth in Section 52-41 (General Provisions), shall apply to such #extended floor area#.

(9/22/66)

52-43

C1 or C4 Districts

Except for the #use# of #land with minor improvements#, in C1 Districts, a #non-conforming use# listed in Use Group 7, 8 or 9, or, in C4 Districts, a #non-conforming use# listed in Use Group 7, may be #enlarged# or #extended#, provided that:

- (a) such #enlarged# or #extended# portion does not occupy more than 25 percent of the #floor area# or space which such #non-conforming use# occupied or utilized within the #building or other structure# at the time when it became #non-conforming#; provided, however, that in no event shall any such #enlargement# or #extension# create a #non-compliance# or increase the degree of #non-compliance# of a #non-complying building or other structure#; and

- (b) such #enlarged# or #extended# portion conforms to the applicable district regulations on #accessory# off-street parking spaces and loading berths, as set forth in Section 52-41 (General Provisions).

In the specified districts, such #use# may be #extended# into any #floor area# where it would be permitted as a changed #use# under the provisions of Section 52-36 (Non-Conforming Commercial Uses in Commercial Districts) provided that the applicable district regulations on #accessory# off-street loading berths, as set forth in Section 52-41, shall apply to such #extended floor area#.

In C1 Districts, no #extension# may be made in a #building designed for residential use#.

(2/2/11)

52-44

Residence Districts Except R1 and R2 Districts

In all #Residence Districts#, except R1 and R2 Districts, a fire station may be #enlarged# or #extended#, provided that:

- (a) such #enlarged# or #extended# portion does not occupy more than 25 percent of the #floor area# or space which such #non-conforming use# occupied or utilized within the #building or other structure# at the time when it became #non-conforming#;
- (b) such #enlargement# or #extension# shall not create a #non-compliance# or increase the degree of #non-compliance#; and
- (c) such #enlarged# or #extended# portion conforms to the applicable district regulations on #accessory# off-street parking spaces as set forth in Section 52-41 (General Provisions).

#Community facility bulk# regulations as set forth in Article II, Chapter 4, shall apply to such #enlarged# or #extended# fire stations.

(2/2/11)

52-45

Non-Conforming Residential Uses in M1 Districts

In an M1 District, a #non-conforming residential use# occupying at least 50 percent of the #floor area# of a #building# which was #designed for residential use# and erected prior to December 15, 1961, may be #extended# on the ground floor level provided that no #dwelling unit# or #rooming unit# may be located on or below a #story# occupied by a #commercial# or #manufacturing use#. The total number of #dwelling units# or #rooming units# in the #building# may not be increased by more than one for each 400 square feet of #residential floor area# created by such #extension#.

(9/21/11)

52-46

Conforming and Non-conforming Residential Uses in M1-1D through M1-5D Districts

In M1-1D, M1-2D, M1-3D, M1-4D and M1-5D Districts, a #building# containing conforming or #non-conforming residential uses# may be #enlarged# and the #residential uses extended# thereby, provided that no non-#residential uses# exist above the level of the first #story# ceiling.

Such #enlargement# is subject to all of the following regulations:

- (a) There shall be no increase in the number of #dwelling units# in the #building# beyond the lawful number in existence on December 21, 1989.
- (b) The total amount of #residential floor area# in the #building# shall not exceed 500 square feet additional to the #residential floor area# in existence on December 21, 1989, or a #floor area ratio# of 1.65, whichever is less.
- (c) No #residential enlargement# shall be permitted within 30 feet of the #rear lot line#.
- (d) No #enlarged# portion shall exceed a height of 32 feet above #curb level#.
- (e) No #side yards# shall be required. However, if any open area extending along a #side lot line# is provided at any level it shall have a width of not less than eight feet. However, #enlargements# of #single-family# or #two-family residences# existing as of June 20, 1988 shall be exempt from this requirement, provided such #enlarged building# does not

exceed a height of two #stories#.

#Enlargements# in excess of those permitted in this Section, and #enlargements# that create additional #dwelling units# may be permitted by authorization of the City Planning Commission, pursuant to the regulations of Sections 42-47 (Residential Uses in M1-1D through M1-5D Districts) and 42-48 (Supplemental Use Regulations in M1-6D Districts).

(12/15/61)

52-50

DAMAGE OR DESTRUCTION

(12/5/90)

52-51

General Provisions

Except as set forth in Sections 52-81 to 52-83, inclusive, relating to Regulations Applying to Non-Conforming Signs, if a #non-conforming building or other structure# is damaged, destroyed or demolished, the provisions set forth in Sections 52-52 to 52-56, inclusive, shall apply.

However, if a #non-conforming single-# or #two-family residence# in an R3, R4, or R5 District is damaged, destroyed or demolished, such #building# may be continued in #use# and reconstructed provided that such reconstruction shall not create a new #non-compliance# nor increase the pre-existing degree of #non-compliance# with the applicable #bulk# regulations.

(2/2/11)

52-52

Land with Minor Improvements

In all districts, if a #non-conforming building or other structure# or other improvement located on #land with minor improvements# is damaged or destroyed by any means, including but not limited to any demolition ordered or permitted by the Department of Buildings, to the extent of 25 percent or more of the assessed valuation of all #buildings or other structures# or other improvements thereon (as determined from the assessment

rolls effective on the date of damage or destruction), such #non-conforming use# shall terminate, and the #zoning lot# shall thereafter be used only for a conforming #use#.

(12/15/61)

52-53

Buildings or Other Structures in All Districts

(9/21/11)

52-531

Permitted reconstruction or continued use

In all districts, if any #building#, except a #building# subject to the provisions of Section 52-54 (Buildings Designed for Residential Use in Residence Districts), or of Section 52-56 (Multiple Dwellings in M1-1D through M1-5D Districts), which is substantially occupied by a #non-conforming use#, is damaged or destroyed by any means, including any demolition as set forth in Sections 52-50 et seq., to the extent of 50 percent or more of its total #floor area#, such #building# may either:

- (a) be repaired or #incidentally altered#, and the existing #non-conforming use# may be continued; or
- (b) be reconstructed, but only for a conforming #use#; provided, however, that in no event shall any such reconstruction create a #non-compliance# or increase the degree of #non-compliance# of a #non-complying building#.

However, where the damage or destruction is so great that the provisions in Sections 54-41 and 54-42 relating to Damage, Destruction or Demolition in Non-Complying Buildings also apply, the latter Sections shall govern the permitted #bulk# of the reconstructed #building#.

In addition, the alteration of an existing #building# resulting in both the removal of more than 75 percent of the #floor area# and more than 25 percent of the perimeter walls of such existing #building#, and the replacement of any portion thereof, shall be considered a #development# for the purposes of the provisions set forth in Section 11-23 (Demolition and Replacement).

In applying the provisions of this Section to damaged or destroyed structures, substantially utilized by a #non-conforming

use#, any appropriate measure of the size of such structures shall be substituted for #floor area# in determining the extent of damage or destruction.

In the event that any demolition, damage or destruction of an existing #building# produces an unsafe condition requiring a Department of Buildings order or permit for further demolition of #floor area# to remove or rectify the unsafe condition, and the aggregate #floor area# demolished, damaged or destroyed including that ordered or permitted by the Department of Buildings constitutes 50 percent or more of the total #floor area# of such #building#, then such #building# may be repaired or reconstructed only in accordance with the provisions of paragraph (a) or (b) in this Section.

For the purposes of this Section, any #single-family# or #two-family residence# located within an M1-1D, M1-2D, M1-3D, M1-4D, M1-5D or M1-6D District and existing on June 20, 1988, shall be a conforming #use#.

For the purposes of this Section, #buildings# that #abutted# one another on a single #zoning lot# on the date of such damage or destruction shall be considered a single #building#.

(12/15/61)

52-532

Use of alternative formula

In any case where the applicant alleges that #floor area# is an inappropriate measure of the extent of damage or destruction, and elects to substitute reconstruction costs for #floor area#, an application may be made to the Board of Standards and Appeals to determine the extent of such damage or destruction.

If the Board finds that the costs of reconstructing the damaged or destroyed portion of such #building# to its previous condition exceed 50 percent of the costs of reconstructing the entire #building# to the condition existing on the date of such damage or destruction, the provisions of Section 52-531 (Permitted reconstruction or continued use) shall apply. In determining reconstruction costs, the cost of land shall be excluded.

(3/28/85)

52-54

Buildings Designed for Residential Use in Residence Districts

In all #Residence Districts#, if the #floor area# occupied by #non-conforming uses# within a #building designed for residential use# is damaged or destroyed by any means, including but not limited to any demolition ordered or permitted by the Department of Buildings, to the extent of 25 percent or more of such #floor area#, such #building# may be continued in #use# or reconstructed only in accordance with the provisions of Section 52-53 (Buildings or Other Structures in All Districts) except that the 25 percent ratio set forth in this Section shall apply instead of the 50 percent ratio set forth in Section 52-53.

(2/2/11)

52-55

Lesser Damage or Destruction

In the event that a #building or other structure# substantially occupied or utilized by a #non-conforming use# is damaged or destroyed to a lesser extent than that specified in Sections 52-51 to 52-54, inclusive, relating to Damage, Destruction or Demolition, the #building or other structure# may be restored and the #non-conforming use# of such #building or other structure# or #zoning lot# may be continued, provided that such restoration shall not create a #non-compliance# or increase the degree of #non-compliance#, if any, existing prior to such damage, destruction or demolition.

(9/21/11)

52-56

Multiple Dwellings in M1-1D through M1-5D Districts

In the case of damage or destruction of less than 75 percent of the total #floor area# of a #non-conforming building# containing three or more #dwelling units# in an M1-1D, M1-2D, M1-3D, M1-4D or M1-5D District, such #building# may be repaired or reconstructed, and its #residential use# continued, subject to the following regulations:

- (a) there shall be no increase in the number of #dwelling units# in the #building# beyond the lawful number in existence prior to such damage and destruction; and

(b) there shall be no increase to the pre-existing amount of #floor area# except as expressly provided in Section 52-46 (Conforming and Non-conforming Residential Uses in M1-1D through M1-5D Districts).

#Enlargements# in excess of those permitted, pursuant to paragraph (b) of this Section, and #enlargements# that create additional #dwelling units#, may be permitted by authorization of the City Planning Commission pursuant to the regulations of Section 42-47 (Residential Uses in M1-1D through M1-5D Districts).

(12/15/61)

52-60 DISCONTINUANCE

(10/7/76)

52-61 General Provisions

If, for a continuous period of two years, either the #non-conforming use# of #land with minor improvements# is discontinued, or the active operation of substantially all the #non-conforming uses# in any #building or other structure# is discontinued, such land or #building or other structure# shall thereafter be used only for a conforming #use#. Intent to resume active operations shall not affect the foregoing.

The provisions of this Section shall not apply where such discontinuance of active operations is directly caused by war, strikes or other labor difficulties, a governmental program of materials rationing, or the construction of a duly authorized improvement project by a governmental body or a public utility company.

Except in Historic Districts as designated by the Landmarks Preservation Commission, the provisions of this Section shall not apply to vacant ground floor or #basement# stores in #buildings designed for residential use# located in R5, R6 or R7 Districts where the changed or reactivated #use# is listed in Use Group 6A, 6B, 6C or 6F excluding post offices, veterinary medicine for small animals, automobile supply stores, electrolysis studios and drive-in banks. In addition, the changed or reactivated #use# shall be subject to the provisions of Section 52-34 (Commercial

Uses in Residence Districts).

(9/21/11)

52-62

Buildings Containing Residences in M1-1D through M1-5D Districts

In M1-1D, M1-2D, M1-3D, M1-4D and M1-5D Districts, vacant #floor area# in a #building# originally designed as #dwelling units# or #rooming units# may be occupied by a #residential use# provided that the requirements of either paragraph (a) or (b) are met.

(a) #Residential uses# in such #buildings# may be reactivated as-of-right, provided:

- (1) the #floor area# has been continuously vacant for two years or more;
- (2) the #street line# of the #zoning lot# upon which the discontinued #building# stands does not exceed 60 feet in length (or, in the case of a #corner lot#, the #lot area# does not exceed 6800 square feet); and
- (3) the #zoning lots abutting# on both #side lot lines# and fronting on the same #street# (or #streets#, if a #corner lot#) are occupied by #buildings designed for residential use# and contain no #manufacturing uses#.

(b) #Residential uses# in such #buildings# may be reactivated by authorization of the City Planning Commission, provided:

- (1) the #floor area# has been continuously vacant for two years or more;
- (2) the #street line# of the #zoning lot# upon which the discontinued #building# stands does not form a continuous frontage with vacant land or #land with minor improvements# whose aggregate length exceeds 60 feet (or, in the case of a #corner lot#, the #lot area# does not exceed 6800 square feet);
- (3) the #zoning lot abutting# on one #side lot line# and fronting on the same #street# is occupied by either:
 - (i) a #building designed for residential use# or a #community facility building#; or
 - (ii) a #building# originally designed as #dwelling

units# or #rooming units# for which an application to reactivate #residential use# in such #building# has been combined with the subject application;

- (4) 25 percent or more of the aggregate length of the #block# fronts on both sides of the #street# facing each other is occupied by #zoning lots# containing #community facility buildings# or #buildings# containing #residences#; and
- (5) the Commission finds that:
 - (i) reactivating the #residential use# will not adversely affect #manufacturing# or #commercial uses# in the district; and
 - (ii) such #residential use# will not be exposed to excessive noise, smoke, dust, noxious odor, or other adverse impacts from #manufacturing# or #commercial uses#.

In granting such authorization, the Commission may prescribe additional conditions and safeguards as the Commission deems necessary.

The number of #dwelling units# permitted in such reactivated #building# containing #residences# shall not exceed the greater of the number of lawful #dwelling units# last recorded by the Department of Buildings, or one #dwelling unit# for every 675 square feet of total net #residential floor area# as defined in Section 28-02 (Definitions).

No #dwelling unit# shall be permitted on or below a #story# occupied by a #commercial# or #manufacturing use#.

#Residential uses# in M1-D Districts may #enlarge# pursuant to the regulations of Section 52-46 (Conforming and Non-conforming Residential Uses in M1-1D through M1-5D Districts) or 42-47 (Residential Uses in M1-1D through M1-5D Districts) as applicable.

(12/15/61)

52-70

TERMINATION OF CERTAIN NON-CONFORMING USES AFTER AMORTIZATION

(10/25/95)

52-71

General Provisions

In specified districts, specified #non-conforming signs#, specific #non-conforming uses# of #land with minor improvements#, specified #non-conforming# objectionable #uses#, certain specific types of #uses# involving open storage or salvage, #non-conforming adult establishments#, or certain #non-conforming public parking lots# may be continued for a reasonable period of useful life as set forth in this Chapter, provided that after the expiration of that period such #non-conforming uses# shall terminate in accordance with the provisions of this Chapter.

(12/15/61)

52-72

Land with Minor Improvements

In all #Residence Districts#, a #non-conforming use# of #land with minor improvements# listed in Use Group 11A, 16, 17 or 18 may be continued for three years after December 15, 1961, or such later date that the #use# becomes #non-conforming#, provided that after the expiration of that period such #non-conforming use# shall terminate, and thereafter such land shall be used only for a conforming #use#.

(4/8/98)

52-73

Non-Conforming Signs

(8/22/63)

52-731

Advertising signs

In all #Residence Districts#, a #non-conforming advertising sign# may be continued for ten years after December 15, 1961, or such later date that such #sign# becomes #non-conforming#, providing that after the expiration of that period such #non-conforming advertising sign# shall terminate.

(12/15/61)

52-732

Signs on awnings or canopies

In all #Residence# or #Commercial Districts#, a #non-conforming sign# on an awning or canopy may be continued for one year after December 15, 1961, or such later date that such #sign# becomes #non-conforming#, provided that after the expiration of that period such #non-conforming sign# shall terminate.

(4/8/98)

52-733

Advertising signs on waterways

On all waterways adjacent to #Residence#, #Commercial# or #Manufacturing Districts# and within view from an arterial highway, a #non-conforming advertising sign# may be continued for one year after July 23, 1964, if already in operation on April 15, 1964; provided that after the expiration of this period such #non-conforming advertising sign# shall terminate.

For the purposes of this Section, an #advertising sign# is a #sign# that directs attention to a profession, business, commodity, service or entertainment conducted, sold or offered elsewhere than upon the premises of the vessel and is not #accessory# to a #use# on such vessel.

(4/8/98)

52-734

Non-conforming signs for adult establishments

In all districts, a #non-conforming sign# for an #adult establishment# shall terminate within one year from October 25, 1995, or from such later date that such #sign# becomes #non-conforming#, except that such #sign# may be continued for a limited period of time by the Board of Standards and Appeals, pursuant to Section 72-40 (AMORTIZATION OF CERTAIN ADULT ESTABLISHMENTS AND SIGNS FOR ADULT ESTABLISHMENTS).

(2/8/68)

52-74

Uses Objectionable in Residence Districts

In all #Residence Districts#, any of the following objectionable #uses# listed in Use Group 18, other than a #use# of #land with minor improvements#:

Coal storage;

Dumps, marine transfer stations for garbage, or slag piles;

Junk or salvage yards, including auto wrecking or similar establishments (whether or not such yard is enclosed);

Lumber yards (whether or not such yard is enclosed);

Manure, peat or topsoil storage;

Scrap metal, junk, paper or rags storage, sorting or baling (whether or not the yard in which such #use# is conducted is enclosed);

that:

(a) involves activities not located within a #completely enclosed building#; and

(b) involves the #use# of #buildings or other structures# or other improvements with a total assessed valuation, excluding land, of less than \$20,000 as determined from the assessment rolls effective on the date established for termination;

may be continued for ten years after December 15, 1961, or such later date that the #use# becomes #non-conforming#, provided that after the expiration of that period such #non-conforming use# shall terminate, and thereafter such land or #building or other structure# shall be used only for a conforming #use#.

(2/8/68)

52-75

Certain Types of Uses Involving Open Storage or Salvage

In all districts, #non-conforming# building materials or contractors' yards, or #non-conforming# junk or salvage yards, including auto wrecking or similar establishments, or #non-conforming# scrap metal, junk, paper or rags storage, sorting or baling may be continued subject to the applicable provisions set forth herein, whichever impose the greater restriction.

- (a) In #Residence Districts#, where such #use# constitutes a #non-conforming use# of #land with minor improvements#, the provisions of Section 52-72 (Land with Minor Improvements) apply.
- (b) In #Residence Districts#, where such #use# constitutes a #use# other than a #use# of #land with minor improvements#, and meets the criteria set forth in Section 52-74 (Uses Objectionable in Residence Districts), the provisions of Section 52-74 apply.
- (c) In all districts where such #use# is #non-conforming# with respect to the required enclosure as set forth in the listing of such #use# in Sections 42-14 (Use Group 17) or 42-15 (Use Group 18), and is either conforming or #non-conforming# in other respects, it may be continued without such enclosure until a date three years from February 8, 1968, or from such later date that the #use# becomes #non-conforming#. Thereafter, any such #use# which does not conform with the enclosure requirements shall be terminated, and the land shall be used only for a conforming #use#.

(11/16/78)

52-76

Adult Physical Culture Establishments

In all districts, any #adult physical culture establishment#, unless subject to an earlier termination requirement contained in this Resolution, shall terminate not later than one year after November 16, 1978, and thereafter the space formerly occupied by such #use# shall be used only for a conforming #use#.

(10/25/95)

52-77

Termination of Adult Establishments

In all districts, a #non-conforming# #adult establishment# shall

terminate within one year from October 25, 1995, or from such later date that the #adult establishment# becomes #non-conforming#, except that such establishment may be continued for a limited period of time by the Board of Standards and Appeals pursuant to Section 72-40 (AMORTIZATION OF CERTAIN ADULT ESTABLISHMENTS AND SIGNS FOR ADULT ESTABLISHMENTS). However, the provisions of this Section shall not apply to an #adult establishment# subject to the provisions of paragraph (f) of Section 32-01 or 42-01 (Special Provisions for Adult Establishments).

(4/8/98)

52-80

REGULATIONS APPLYING TO NON-CONFORMING SIGNS

(4/8/98)

52-81

General Provisions

A #non-conforming sign# shall be subject to all the provisions of this Chapter relating to #non-conforming uses#, except as modified by the provisions of Sections 52-82 (Non-Conforming Signs other than Advertising Signs) and 52-83 (Non-Conforming Advertising Signs).

A change in the subject matter represented on a #sign# shall not be considered a change of #use#.

(4/8/98)

52-82

Non-Conforming Sign other than Advertising Signs

Any #non-conforming sign#, except a #flashing sign# or a #sign# subject to the provisions of Section 52-734 (Non-conforming signs for adult establishments), and except any #advertising signs# may be structurally altered, reconstructed or replaced in the same location and position, provided that such structural alteration, reconstruction or replacement does not result in:

(a) the creation of a new #non-conformity# or an increase in the

degree of #non-conformity# of such #sign#;

- (b) an increase in the #surface area# of such #sign#; or
- (c) an increase in the degree of illumination of such #sign#.

However, any structural alteration, reconstruction or replacement of a #non-conforming sign accessory# to a #non-conforming use# shall be subject to the provisions of Section 52-31 (General Provisions).

To the extent that such structural alteration, reconstruction or replacement of #non-conforming signs# is permitted under the provisions of this Section, the provisions of the following Sections are modified:

Section 52-22 (Structural Alterations)

Sections 52-51 to 52-55, inclusive, relating to Damage or Destruction.

(7/29/10)

52-83

Non-Conforming Advertising Signs

In all #Manufacturing Districts#, or in C1, C2, C4, C5-4, C6, C7 or C8 Districts, except as otherwise provided in Sections 32-66 (Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways) or 42-55, any #non-conforming advertising sign# except a #flashing sign# may be structurally altered, reconstructed or replaced in the same location and position, provided that such structural alteration, reconstruction or replacement does not result in:

- (a) the creation of a new #non-conformity# or an increase in the degree of #non-conformity# of such #sign#;
- (b) an increase in the #surface area# of such #sign#; or
- (c) an increase in the degree of illumination of such #sign#.

However, in Community District 1 in the Borough of Brooklyn, a #non-conforming advertising sign# may be structurally altered, reconstructed or replaced in a different location, and may create a new #non-conformity# or #non-compliance#, or an increase in the degree of #non-conformity# or non-#compliance#, provided such #sign# is reconstructed pursuant to a Certificate of

Appropriateness from the Landmarks Preservation Commission, is located on a landmark #building# that is part of a #general large scale development#, and there is no increase in the #surface area# or degree of illumination of such #sign#. Furthermore, the discontinuance provisions of Section 52-61 shall not apply to such #sign#, provided such #sign# is reconstructed on the landmark #building# prior to the issuance of a temporary certificate of occupancy for any #use# within such #building#.

No #sign# that exceeds or is otherwise in violation of any illumination standard established by rule of the Department of Buildings shall be #non-conforming# as to such illumination standard one year after such rule becomes effective.

To the extent that such structural alteration, reconstruction or replacement of #non-conforming advertising signs# is permitted under the provisions of this Section, the provisions of the following Sections are modified:

Section 52-22 (Structural Alterations)

Sections 52-51 to 52-55, inclusive, relating to Damage or Destruction.

(12/15/61)

Chapter 3

Conforming Uses in Violation of Supplementary Use Regulations

(4/23/64)

53-00

GENERAL PROVISIONS

The provisions of this Chapter shall apply to all conforming #uses# which are in violation of the provisions of Sections 32-41 and 32-42, relating to Supplementary Use Regulations, or Sections 32-51 and 32-52, relating to Special Provisions Applying along District Boundaries, or Sections 42-41, 42-42, 42-44 and 42-45, relating to Supplementary Use Regulations and Special Provisions Applying along District Boundaries.

(12/15/61)

53-10

CONTINUATION

All such conforming #uses# in violation of the supplementary #use# regulations, or of the special provisions applying along district boundaries may be continued, subject to the other provisions of this Chapter.

(12/15/61)

53-20

CHANGE OF USE

In all districts, any conforming #use# which is in violation of the supplementary #use# regulations, or of the special provisions applying along district boundaries, may be changed to another #use#, and the changed #use# need not meet such district regulations, except as set forth herein, provided that such changed #use# shall not create new instances of such violation or increase the amount of violation previously existing.

Any such changed #use# and all #accessory# storage of materials and products shall meet the requirements set forth in Sections

32-41 (Enclosure within Buildings), 42-41 (Enclosure of Commercial and Manufacturing Activities) or 42-42 (Enclosure or Screening of Storage).

(12/15/61)

53-30

ENLARGEMENTS OR EXTENSIONS

In all districts, any conforming #use# which is in violation of the supplementary #use# regulations, or of the special provisions applying along district boundaries, may be #enlarged# or #extended#, provided that the #extended# or #enlarged floor area# shall not create new instances of such violation or increase the degree of violation previously existing.

(12/15/61)

Chapter 4

Non-Complying Buildings

(12/15/61)

54-00

GENERAL PROVISIONS

(12/15/61)

54-01

Definitions

Words in italics are defined in Section 12-10 (DEFINITIONS) or, if applicable exclusively to this Chapter, in this Section.

(12/15/61)

54-10

CONTINUATION OF USE

(12/15/61)

54-11

General Provisions

The #use# of a #non-complying building or other structure# may be continued, except as otherwise provided in this Chapter.

(12/15/61)

54-20

REPAIRS OR ALTERATIONS

(12/15/61)

54-21

General Provisions

Repairs, #incidental alterations#, or structural alterations may be made in a #non-complying building or other structure#, except that such alterations made in the course of an #enlargement# shall be subject to the provisions of Section 54-31 (General Provisions).

(12/15/61)

54-30

ENLARGEMENTS OR CONVERSIONS

(2/2/11)

54-31

General Provisions

Except as otherwise provided in Section 54-313, a #non-complying building or other structure# may be #enlarged# or #converted#, provided that no #enlargement# or #conversion# may be made which would either create a new #non-compliance# or increase the degree of #non-compliance# of a #building or other structure# or any portion thereof.

(2/2/11)

54-311

Buildings non-complying as to density regulations

If a #building# or portion of a #building# has more #rooming units# than are permitted by the applicable district regulations, such #building# may be #converted# to #dwelling units# in accordance with the provisions of Section 15-111 (Number of permitted dwelling units).

(12/15/61)

54-312

Modification of provisions

The Board of Standards and Appeals may modify the above requirements in accordance with the provisions of Section 73-61 (General Provisions) and 73-65 (Enlargement of Public Utility Facilities).

(4/30/12)

54-313

Single- or two-family residences with non-complying front yards or side yards

- (a) In R4 Districts, except R4A, R4-1 and R4B Districts, and in R5 Districts other than R5B Districts, for an existing #single-# or #two-family residence# with a #non-complying front yard#, an #enlargement# involving a vertical extension of existing #building# walls facing such #non-complying front yard# is permitted, provided the following conditions are met:
- (1) the portion of the #building# which is being vertically extended complies with the height and setback regulations specified for the district in which it is located; and
 - (2) the #non-complying front yard# where the #building# wall is being vertically extended is at least 10 feet in depth.

Notwithstanding the above, the provisions of this paragraph, (a), shall also be applicable in R4A Districts in #lower density growth management areas#.

- (b) In all districts, for an existing #single-# or #two-family residence# with a #non-complying side yard#, an #enlargement# involving a vertical extension of existing #building# walls facing such #non-complying side yard# is permitted, provided the following conditions are met:
- (1) the portion of the #building# which is being vertically extended complies with the height and setback regulations applicable to an R3-2 District;
 - (2) the #non-complying side yard# where the #building# wall is being vertically extended is at least three feet in width and the minimum distance between such #building# wall and the nearest #building# wall or vertical prolongation thereof on an adjoining #zoning lot# across the common #side lot line# is eight feet;

- (3) the #enlarged building# does not contain more than two #dwelling units#;
- (4) that there is no encroachment on the existing #non-complying side yard#, except as set forth in this Section; and
- (5) the #enlargement# does not otherwise result in the creation of a new #non-compliance# or in an increase in the degree of #non-compliance#.

Notwithstanding the provisions set forth in paragraphs (a)(1) and (b)(1) of this Section, when an existing #building# has added exterior wall thickness pursuant to Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), such vertical extensions may align with the location of the finished exterior #building# wall of the existing #building#.

(7/26/01)

54-314

Modification by authorization

In R6, R7 or R8 Districts, for any substantial rehabilitation of one or more #non-complying# multiple dwellings which were in existence prior to December 15, 1961, the City Planning Commission may authorize the existing #open space# on the #zoning lot# to be reduced by not more than five percent and the existing #building floor area# on such #zoning lot# to be increased by not more than five percent, if the Commission finds that such modification of the applicable #bulk# regulations as set forth in Section 54-31 will result in an improved apartment design with adequate access of light and air and an improved circulation system. In the #Special Clinton District#, such authorizations may apply to complying multiple dwellings and may include a five percent increase in #lot coverage# and #floor area#. The Commission, in making the findings above may round out the #floor area# or #lot coverage# increase to the nearest percent.

No increase in the existing density and apartment #floor area# shall be permitted for such #buildings#.

(2/2/11)

54-40

DAMAGE OR DESTRUCTION IN NON-COMPLYING BUILDINGS

For the purposes of this Section, #buildings# that #abutted# one another on a single #zoning lot# on the date of such damage or destruction shall be considered a single #building#.

(2/2/11)

54-41

Permitted Reconstruction

If a #non-complying building or other structure# is damaged or destroyed by any means, including any demolition as set forth in this Section, to the extent of 75 percent or more of its total #floor area#, such #building# may be reconstructed only in accordance with the applicable district #bulk# regulations, except in the case of a one- or two-family residence, such #residence# may be reconstructed provided that such reconstruction shall not create a new #non-compliance# nor increase the pre-existing degree of #non-compliance# with the applicable #bulk# regulations. If the extent of such damage or destruction is less than 75 percent, a #non-complying building# may be reconstructed provided that such reconstruction shall not create a new #non-compliance# nor increase the pre-existing degree of #non-compliance# with the applicable #bulk# regulations.

In addition, the alteration of such existing #building# resulting in both the removal of more than 75 percent of the #floor area# and more than 25 percent of the perimeter walls of such existing #building#, and the replacement of any portion thereof, shall be considered a #development# for the purposes of the provisions set forth in Section 11-23 (Demolition and Replacement).

In the event that any demolition, damage or destruction of an existing #building# other than one- or #two-family residences# produces an unsafe condition requiring a Department of Buildings order or permit for further demolition of #floor area# to remove or rectify the unsafe condition, and the aggregate #floor area# demolished, damaged or destroyed including that ordered or permitted by the Department of Buildings constitutes 75 percent or more of the total #floor area# of such #building#, then such #building# may be reconstructed only in accordance with the applicable district #bulk# regulations.

(12/15/61)

54-42

Use of Alternative Formula

In any case where the applicant alleges that #floor area# is an inappropriate measure of the extent of damage or destruction, and elects to substitute reconstruction costs for #floor area#, an application may be made to the Board of Standards and Appeals to determine the extent of the damage or destruction. Such a #building# may be reconstructed as provided in Section 54-41 (Permitted Reconstruction), substituting the ratio which the cost of reconstructing the damaged or destroyed portion of such #building# bears to the cost of reconstructing the entire #building#, for the percentage of total #floor area#. In determining reconstruction costs, the cost of land shall be excluded.

Article VI
Special Regulations Applicable to Certain Areas

Chapter 1
Special Regulations Applying around Major Airports

(10/95/93)

61-00
GENERAL PROVISIONS

The maximum height of buildings or other structures shall be regulated by the special controls set forth in this Chapter established pursuant to the authority conferred under Article 14 of the General Municipal Law, in order to prevent the construction of obstructions to air navigation in the vicinity of major airports, and thus to protect the lives and property of persons residing within such vicinity and of persons in airplanes which are approaching, taking off from, or circling such airports, thereby promoting public health, safety, and general welfare.

The definitions applicable to this Chapter are set forth in Section 61-30.

(12/15/61)

61-10
FLIGHT OBSTRUCTION AREAS FOR MAJOR AIRPORTS

(10/95/93)

61-11
Designation of Major Airports

The major airports are hereby designated to include John F. Kennedy International, LaGuardia, and U.S. Naval Air Station (Floyd Bennett Field). For the purposes of this Chapter, the runways for such airports shall be the runways as shown in the diagrams in Section 61-42 (Runways for Major Airports).

(12/15/61)

61-12

Establishment of Flight Obstruction Area; Division into Districts

A #flight obstruction area# is hereby established in the vicinity of any such major airport.

Each #flight obstruction area# shall be divided into two parts, the Airport Approach District and the Airport Circling District, as described in this Section (and as shown, for convenient reference only, in the #flight obstruction area# maps available on request at the offices of the City Planning Commission).

(12/15/61)

61-121

Airport Approach District

The Airport Approach District comprises those parts of the #flight obstruction area# of any major airport which lie generally below the flight path of aircraft approaching or taking off from the runways of such airport, and, more specifically, below the following #airport referenced imaginary surfaces#: the #approach surfaces#, the #transitional surfaces# and those parts of the #horizontal surface# and the #conical surface# which coincide with such #approach surfaces# and #transitional surfaces#.

(12/15/61)

61-122

Airport Circling District

The Airport Circling District comprises those parts of the #flight obstruction area# of any major airport which lie generally below the flight path of aircraft circling such airport and, more specifically, below the following #airport referenced imaginary surfaces#: those parts of the #horizontal surface# and the #conical surface# which do not coincide with the #approach surfaces# and the #transitional surfaces#.

(12/15/61)

61-20

HEIGHT RESTRICTIONS

(12/15/61)

61-21

Restriction on Highest Projection of Building or Structure

Notwithstanding any other provisions of this Resolution, except as provided in Section 61-22 (Permitted Projection within Any Flight Obstruction Area), the highest projection of any #building or other structure# hereafter constructed or of any existing #building or other structure# hereafter relocated, #enlarged# or reconstructed shall not penetrate:

- (a) the #approach surfaces#, the #transitional surfaces#, the #horizontal surface#, or the #conical surface#, whichever is more restrictive, within the Airport Approach District of the #flight obstruction area#; and
- (b) the #horizontal surface# or the #conical surface# within the Airport Circling District of the #flight obstruction area#.

(12/15/61)

61-22

Permitted Projection within any Flight Obstruction Area

However, within a #flight obstruction area#, the highest projection of any such #building or other structure# may, in any event, extend to a height of 30 feet above #curb level#.

(12/15/61)

61-30

DEFINITIONS

Airport reference point (or points)

The "airport reference point" (or "points") is a point (or

points) within the boundaries of each major airport, as indicated on the #flight obstruction area# maps for each such major airport. The point or points applicable to each major airport are set forth in Section 61-41 (Airport Reference Point, Established Elevation, and Specified Radii).

Airport referenced imaginary surfaces

"Airport referenced imaginary surfaces" include the #horizontal surface#, the #conical surface#, the #approach surfaces# and the #transitional surfaces#.

Approach surfaces

The "approach surfaces" are imaginary inclined planes, trapezoidal in shape and located symmetrically with respect to the extended center line of any runway. Such #approach surfaces#, extending from both ends of any runway, consist of contiguous inner and outer sections whose dimensions are as follows:

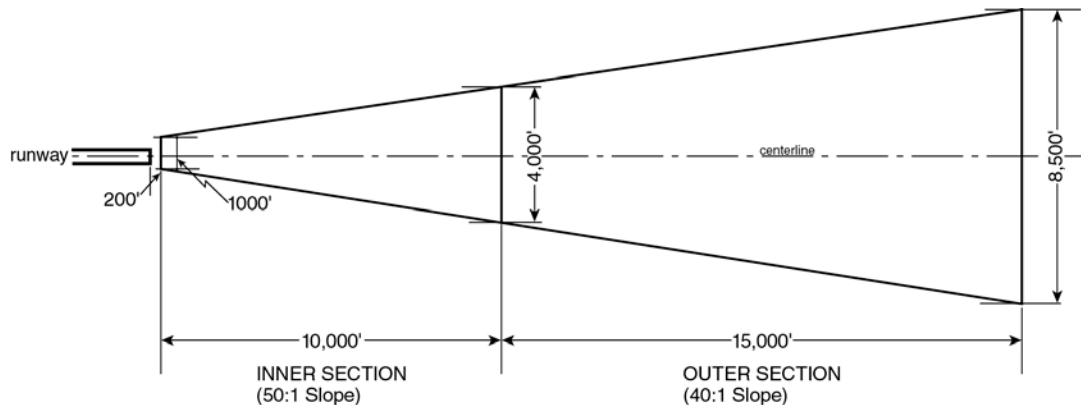

(a) The plane of the inner section:

- (1) begins at a line drawn parallel to, and at the same elevation as, the end of the runway, and at a distance, measured horizontally along the extended runway centerline, of 200 feet from the end of the runway;
- (2) extends for a distance of 10,000 feet, measured horizontally along the extended runway centerline;
- (3) has a width of 1,000 feet measured along the line described in paragraph (a)(1) of this Section, which increases uniformly (with respect to the extended runway centerline) to a width of 4,000 feet at the outer edge of such inner section, as described in paragraph (a)(2) of this Section; and
- (4) rises at a slope of one foot in height for every 50 feet of horizontal distance.

(b) The plane of the outer section:

- (1) begins at the outer edge of the inner section;
- (2) extends for a distance of 15,000 feet, measured horizontally along the extended runway centerline;

- (3) has a width of 4,000 feet commencing at the outer edge of the inner section, which increases uniformly (with respect to the extended runway center line) to a width of 8,500 feet at the outer edge of such outer section; and
- (4) rises at a slope of one foot in height for every 40 feet of horizontal distance.

DESCRIPTION OF APPROACH SURFACE

Conical surface

The "conical surface" is an imaginary inclined surface extending upward and outward from the periphery of the horizontal surface, which:

- (a) rises at a slope, measured in an imaginary vertical plane passing through the airport reference point (or points), of one foot for every 20 feet in horizontal distance; and
- (b) is measured on a horizontal radius from the airport reference point (or points), and extends for a distance set forth in Section 61-41 (Airport Reference Point, Established Elevation, and Specified Radii).

Established airport elevation

The "established airport elevation" is the elevation above mean sea level of the highest point of the usable airport landing area for any major airport. The elevation applicable to each major airport is set forth in Section 61-41 (Airport Reference Point, Established Elevation, and Specified Radii).

Flight obstruction area

The "flight obstruction area" comprises all areas of land or water below the #airport referenced imaginary surfaces# for each airport.

Horizontal surface

The "horizontal surface" is an imaginary horizontal plane, circular or elliptical in shape, which:

- (a) is located at a height of 150 feet above the #established airport elevation# for any major airport; and
- (b) is measured on a horizontal radius from the #airport reference point# (or #points#), and extends for a distance set forth in Section 61-41 (Airport Reference Point, Established Elevation, and Specified Radii).

Transitional surfaces

The "transitional surfaces" are imaginary inclined planes extending upward and outward from the side edges of all #approach surfaces#, and from lines parallel to, 500 feet from, and at the same level as the center line of each runway, which:

- (a) rise at a slope of one foot in height for every seven feet of horizontal distance measured in a vertical plane at right angles to the center line of the runway; and
- (b) extend to the point of intersection with the #horizontal surface# or the #conical surface#.

(12/15/61)

61-40

TABLES OR DIAGRAMS

(10/95/93)

61-41

Airport Reference Point, Established Elevation and Specified Radii

The #airport reference point# (or #points#), #established airport elevation#, and radii for the #horizontal# and #conical surfaces# for each such major airport shall be established as set forth in the following table:

APPLICATION TO MAJOR AIRPORTS

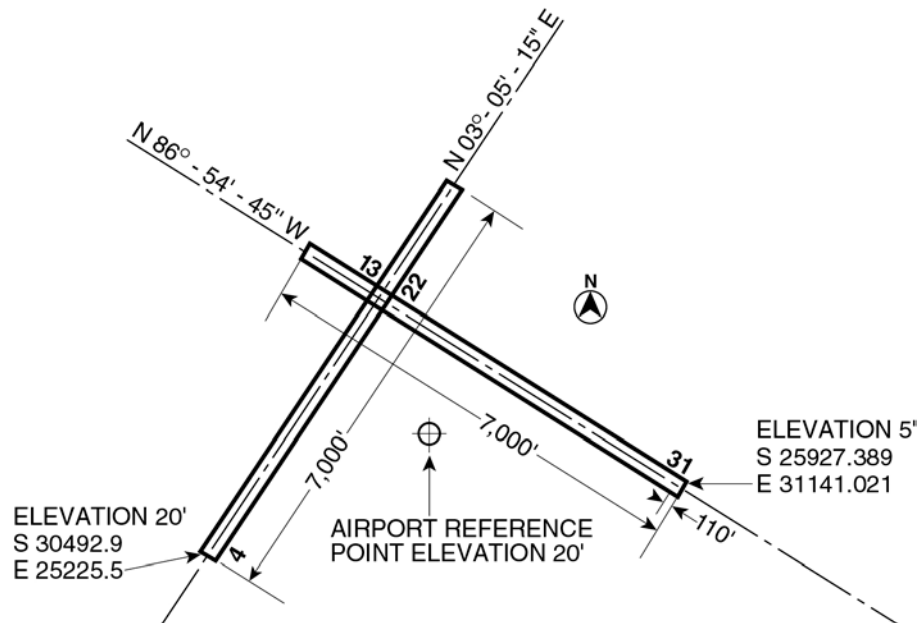

#Airport Reference Points(s)#	LaGuardia	J. F. Kennedy International	U.S. Naval Air Station (Floyd Bennett Field)
Primary point:			
North Latitude	40° 46'29.0"	40° 38'19.4"	40° 35'33.0"
West Longitude	73° 52'20.0"	73° 46'21.8"	73° 53'27.5"
Secondary Point:			
North Latitude	-	40° 38'57.9"	-
West Longitude	-	73° 47'47.9"	-
#Established airport elevation# (feet above mean sea level)	20	12	15
#Horizontal surface# radius, measured in feet from #airport reference point(s)#	10,000	13,000	11,500
#Conical surface# radius, measured in feet from #airport reference point(s)#	15,000	20,000	18,500

(10/95/93)

61-42

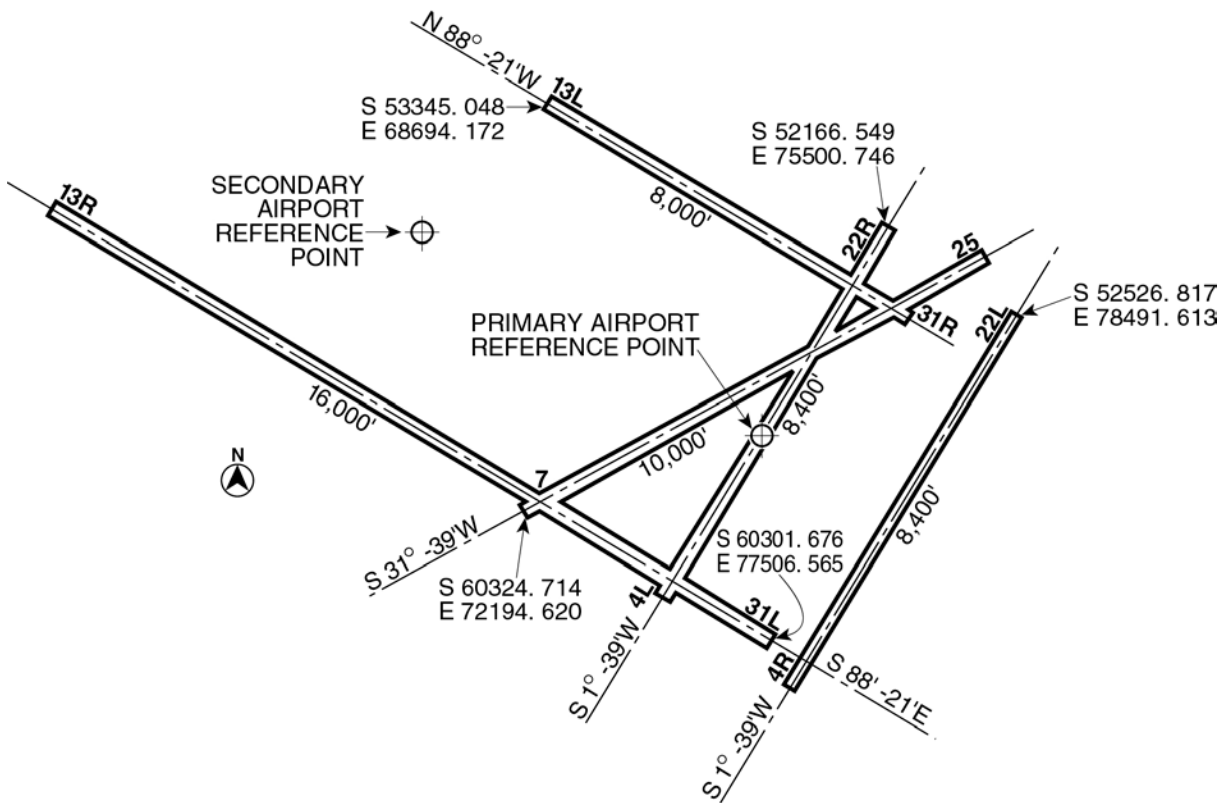

Runways for Major Airports

The runways for each such major airport shall be the runways set forth in the following diagrams:

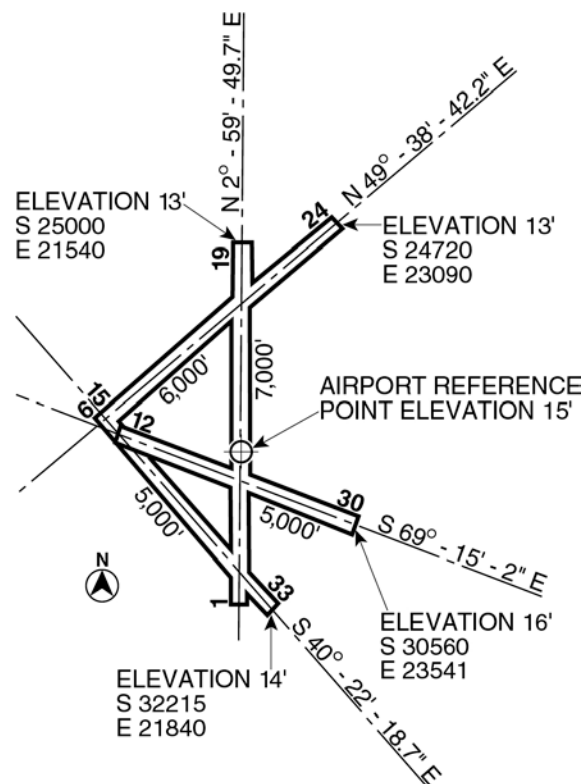

LaGUARDIA AIRPORT

Note: Coordinates shown refer to the U.S. coast and geodetic 10th Avenue base line. Elevations are above mean sea level.

J. F. KENNEDY INTERNATIONAL AIRPORT

Note: Coordinates shown refer to the U.S. coast and geodetic 10th Avenue base line. Elevations are above mean sea level.

U. S. NAVAL AIR STATION
(FLOYD BENNETT FIELD)

Note: Coordinates shown refer to the U.S. coast and geodetic 10th Avenue base line. Elevations are above mean sea level.

Chapter 2

Special Regulations Applying in the Waterfront Area

(10/25/93)

62-00

GENERAL PURPOSES

The provisions of this Chapter establish special regulations which are designed to guide development along the City's waterfront and in so doing to promote and protect public health, safety and general welfare. These general goals include, among others, the following purposes:

- (a) to maintain and reestablish physical and visual public access to and along the waterfront;
- (b) to promote a greater mix of uses in waterfront developments in order to attract the public and enliven the waterfront;
- (c) to encourage water dependent uses along the City's waterfront;
- (d) to create a desirable relationship between waterfront development and the water's edge, public access areas and adjoining upland communities;
- (e) to preserve historic resources along the City's waterfront; and
- (f) to protect natural resources in environmentally sensitive areas along the shore.

(10/25/93)

62-10

GENERAL PROVISIONS

(2/2/11)

62-11

Definitions

Definitions specially applicable to this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section 12-10 (DEFINITIONS).

Development

For the purposes of this Chapter, a "development" shall also include:

- (a) an #enlargement#;
- (b) any alteration that increases the height or coverage of an existing #building or other structure#;
- (c) an #extension#; or
- (d) a change of #use# from one Use Group to another, or from one #use# to another in the same Use Group, or from one #use# listed in Section 62-21 (Classification of Uses in the Waterfront Area) to another such #use#.

Floating structure

A "floating structure" is any vessel, barge or other water-supported structure, other than a floating dock #accessory# to a WD #use#, which is bounded by either open water, a dock or the #lot lines# of a #zoning lot#, and that is permanently moored or otherwise attached to a #pier#, wharf, dock, #platform#, bulkhead or flotation system for a period of more than 180 consecutive days. Support by means of a cradle or as a result of natural siltation shall not exempt a normally water-supported structure from this definition.

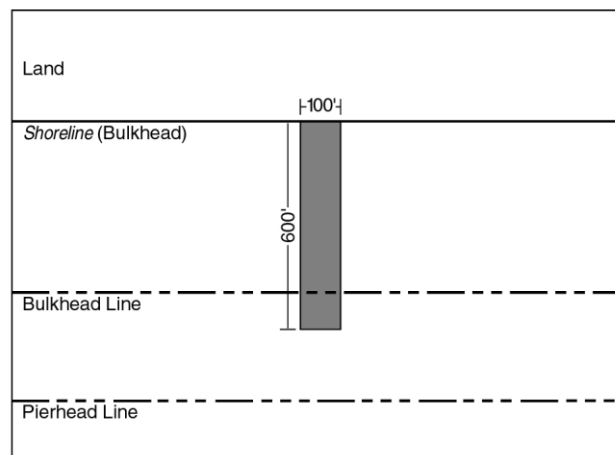

Any water-supported structure, other than a navigational vessel, docked for not more than 180 consecutive days for a purpose other than navigation or #accessory# to a WD #use#, shall be deemed to be a "temporary #floating structure#." Such temporary #floating structures# shall only be permitted subject to the approval of the Commissioner of Buildings or Business Services, as applicable.

Pier

A "pier" is a structure at the water's edge, not otherwise defined as a #platform#, that is:

- (a) a pile-supported overwater structure, or a portion thereof, that projects from a #shoreline#, bulkhead or #platform#; or
- (b) a solid-core structure, or a portion thereof, constructed for the docking of water-borne vessels, that projects from the land or from a #platform#.

Projections from #platforms# shall be considered #piers# if their length, measured from the portion of the #platform# from which they project, exceeds 50 percent of their width at such portion. Any further extensions from such projections shall be considered #piers# regardless of their configuration.

Pier

Pier (or Pier Portion)

Length - 600 feet
 Width - 100 feet
 Ratio - 6:1 > 1:2 (length to width)

(62-11.1)

Pier, existing

An "existing pier" is a #pier# where at least 75 percent of its surface is visible in the April 1988 Lockwood, Kessler and Bartlett aerial photographs of New York City.

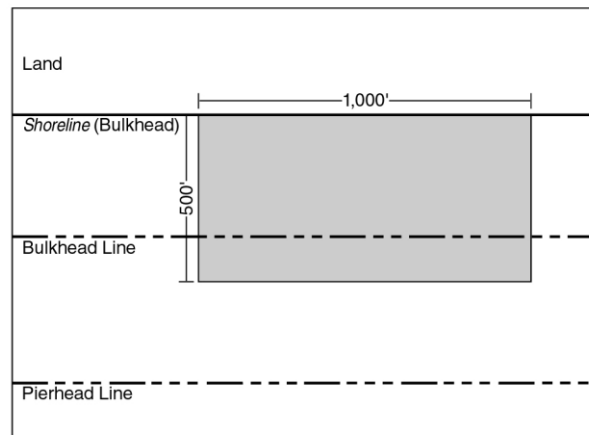

Pier, new

A "new pier" is any #pier# other than an #existing pier#.

Platform

A "platform" is a pile-supported or solid-core structure at the water's edge, or a portion thereof, that:

- (a) is permanently connected to the land; and
- (b) has a seaward dimension that does not exceed 50 percent of its dimension along the land to which it is connected.

 Platform

Platform

Length - 500 feet
Width - 1,000 feet
Ratio - $0.5:1 \leq 1:2$ (length to width)

(62-11.2)

Platform with Pier Portion

	Pier (or Pier Portion)	Platform: Length - 300 feet
	Platform	Width - 1,000 feet
		Ratio - 0.3:1 < 1:2 (length to width)
		Pier: Length - 300 feet
		Width - 80 feet
		Ratio - 3.75:1 > 1:2 (length to width)

(62-11.3)

Platform, existing

An "existing platform" is a #platform# where at least 75 percent of its surface is visible in the April 1988 Lockwood, Kessler and Bartlett aerial photographs of New York City.

Platform, new

A "new platform" is any #platform# other than an #existing platform#.

Predominant or predominantly

"Predominant" or "predominantly" shall mean that a #use# or a group of #uses# comprises at least 75 percent of the total #floor area# of the #building# or on the #zoning lot# or, in the case of open #uses#, the #lot area# or #pier water coverage#, as applicable.

Seaward lot

A "seaward lot" is the portion of a #waterfront zoning lot# located seaward of the bulkhead line, except for any land above water included as part of the #upland lot#.

SEAWARD/UPLAND LOTS (62-11.4)

Shore public walkway

A *shore public walkway* is a linear public access area running alongside the shore or water edges of a *platform* on a *waterfront zoning lot*.

Supplemental public access area

A "supplemental public access area" is a public access area provided on a *waterfront zoning lot*, in addition to other required public access areas, in order to fulfill the required *waterfront public access area* requirements. A *supplemental public access area* shall not include a *shore public walkway* or an *upland connection*.

Upland connection

An "upland connection" is a pedestrian way which provides a public access route from a *shore public walkway* to a public sidewalk within an open and accessible *street*, *public park* or

other accessible public place.

Upland lot

An "upland lot" is the portion of a #waterfront zoning lot# located landward of the bulkhead line. Where a portion of the #shoreline# projects seaward of the bulkhead line, such land above water shall be included as part of the #upland lot# (see illustration of Seaward/Upland Lots).

Visual corridor

A "visual corridor" is a public #street# or open area within one or more #zoning lots# that provides a direct and unobstructed view to the water from a vantage point within a public #street#, #public park# or other public place.

Water coverage

"Water coverage" is the portion of a #zoning lot# seaward of the #shoreline# that, when viewed directly from above, would be covered by a #pier#, #platform# or #floating structure#, including portions of #buildings or other structures# projecting over the water from such structures. #Water coverage# shall not include docking or navigational appurtenances which may project from the aforementioned structures.

Waterfront block or waterfront zoning lot

A "waterfront block" or "waterfront zoning lot" is a #block# or #zoning lot# in the #waterfront area# having a boundary at grade coincident with or seaward of the #shoreline#. For the purposes of this Chapter:

- (a) a #block# within the #waterfront area# shall include the land within a #street# that is not improved or open to the public, and such #street# shall not form the boundary of a #block#;
- (b) a #block# within the #waterfront area# that #abuts# a #public park# along the waterfront shall be deemed to be part of a #waterfront block#; and
- (c) a #zoning lot# shall include the land within any #street# that is not improved or open to the public and which is in the same ownership as that of any contiguous land.

However, any #block# or #zoning lot# in the #waterfront area# having a boundary within or coincident with the boundaries of the Gowanus Canal, as shown on the City Map, shall be a #waterfront block# or #waterfront zoning lot#, respectively.

Any #zoning lot#, the boundaries of which were established prior to November 1, 1993, and which is not closer than 1,200 feet from the #shoreline# at any point and which does not #abut# a #public park# along the waterfront, shall be deemed outside of the #waterfront block#.

Waterfront public access area

A "waterfront public access area" is the portion of a #zoning lot# improved for public access. It may include any of the following: a #shore public walkway#, #upland connection#, #supplemental public access area# or public access area on a #pier# or #floating structure#.

Waterfront yard

A #waterfront yard# is that portion of a #waterfront zoning lot# extending open and unobstructed from the lowest level to the sky along the entire length of the #shoreline#, stabilized natural shore, bulkhead or water edge of a #platform#, as applicable, for a depth or width as set forth in this Chapter.

(2/2/11)

62-12

Applicability to Developments in the Waterfront Area

Within the #waterfront area#, all #developments# on #zoning lots# within #waterfront blocks# shall be subject to all provisions of this Chapter, unless stated otherwise. #Developments# on other #zoning lots# within the #waterfront area# shall be subject to the regulations of this Chapter only when part of a #large-scale development#, any portion of which is within a #waterfront block#, or when on #zoning lots# located in an area designated as part of a Waterfront Access Plan in accordance with Section 62-90 (WATERFRONT ACCESS PLANS). The provisions of this Chapter shall not be deemed to supersede or modify the regulations of any State or Federal agency having jurisdiction on affected properties.

(a) Any #development# approved by special permit or

authorization of the City Planning Commission or any #zoning lot# subject to a restrictive declaration in conjunction with a land use action by the City Planning Commission and City Council, or former Board of Estimate, as applicable, prior to October 25, 1993, may be started or continued pursuant to such special permit, authorization or the terms of such restrictive declaration.

Notwithstanding the provisions of this Chapter except as set forth in paragraphs (a)(1) through (a)(6) of this Section, the Commission may authorize modifications of such special permit or authorization, or the terms of a restrictive declaration may be modified by the City Planning Commission and, if applicable, the City Council, provided such modifications do not:

- (1) increase the height or #lot coverage# of any #building# in a #waterfront block# beyond the maximum set forth in Section 62-30 (SPECIAL BULK REGULATIONS);
 - (2) extend the location of the exterior walls of any #building# within a #waterfront block# above the maximum base height for the district as set forth in Section 62-34 (Height and Setback Regulations on Waterfront Blocks);
 - (3) increase the total #floor area# on any #zoning lot# within a #waterfront block# beyond the amount approved prior to October 25, 1993;
 - (4) result in the obstruction of a required #visual corridor# or increase any existing obstruction of such #visual corridor#;
 - (5) increase the size of a #pier# or #platform# or the size of any #building or other structure# on a #pier# or #platform# approved prior to October 25, 1993; or
 - (6) involve a change that would create a requirement for public access or #visual corridors# without providing such public access or #visual corridors# in accordance with the provisions of Section 62-50 (GENERAL REQUIREMENTS FOR VISUAL CORRIDORS AND WATERFRONT PUBLIC ACCESS AREAS).
- (b) #Developments# for which an application for certification pursuant to this Chapter was filed prior to April 22, 2009 may be continued pursuant to the regulations of this Chapter in effect at the time of such filing.

- (c) Design changes to a previously certified application, including applications certified pursuant to paragraph (b) of this Section, may be made only upon further certification by the Chairperson of the Commission that such changes would not increase the degree of non-compliance or would result in a greater level of compliance with this Chapter.
- (d) #Developments# for which an application for authorization or special permit pursuant to this Chapter was filed prior to April 22, 2009 may be continued pursuant to the regulations of this Chapter in effect at the time of such filing.
- (e) #Developments# for which an application for an authorization or special permit, other than an authorization or special permit pursuant to this Chapter, was filed prior to April 22, 2009, may be continued pursuant to the terms of such authorization or special permit and, to the extent not modified under the terms of such authorization or special permit, shall be subject to the regulations of this Resolution that were in effect at the time such authorization or special permit was granted.

(10/30/13)

62-13

Applicability of District Regulations

The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4, the provisions of Article VI, Chapter 4, shall control.

In the event a Special Purpose District imposes a restriction on the height of a #building or other structure# that is lower than the height limit set forth in this Chapter, the lower height shall control. However, all heights shall be measured from the #base plane#.

The provisions of this Chapter shall not apply to the following Special Purpose Districts unless expressly stated otherwise in the special district provisions:

#Special Battery Park City District#

#Special Governors Island District#

#Special Southern Roosevelt Island District#

#Special Stapleton Waterfront District#.

The regulations of this Chapter shall not apply in the #Special Sheepshead Bay District#, except that Section 94-061 (Uses permitted by right) shall be modified to permit all WD #uses# listed in Section 62-211 from Use Groups 6, 7, 9 and 14 in accordance with the underlying district regulations.

The regulations of this Chapter shall apply in the #Special St. George District#, except as specifically modified within the North Waterfront Subdistrict.

(4/22/09)

62-131

Applicability of Article VII, Chapter 3

The following special permits by the Board of Standards and Appeals shall not be applicable within #waterfront blocks#:

Section 73-64 (Modification for Community Facility Uses)

Section 73-68 (Height and Setback and Yard Modifications).

The following special permits by the Board of Standards and Appeals shall be applicable on #waterfront blocks# only as modified in the following Sections:

Section 73-12 (Community Facility Uses in R1 or R2 Districts) shall be applicable, except that:

- (a) all references to #floor area ratio# and #open space ratio# shall be modified in accordance with the provisions of Section 62-32 pertaining to #floor area ratio# and #lot coverage#, which provisions the Board may modify pursuant to Section 73-12; and
- (b) all findings involving the amount and distribution of #open space# shall be made using the open area of the lot resulting from the maximum #lot coverage# set forth in Section 62-32; and

Section 73-45 (Modification of Off-Site Parking Provisions); and

Section 73-49 (Roof Parking) shall be applicable, except for those provisions expressly modified by Section 62-40 (SPECIAL PARKING AND LOADING REGULATIONS).

(10/9/13)

62-132

Applicability of Article VII, Chapters 4, 8 & 9

The following special permits by the City Planning Commission shall not be applicable on #waterfront blocks#:

Section 74-72 (Bulk Modification)

Section 74-75 (Educational Construction Fund Projects)

Section 74-82 (Through Block Arcades)

Section 74-84 (Developments with Existing Buildings)

Section 74-85 (Special Height and Setback Regulations)

Section 74-87 (Covered Pedestrian Space).

The following special permits by the City Planning Commission shall be applicable on #waterfront blocks# only as modified in the following Sections:

Section 74-51 (Public Parking Garages or Public Parking Lots Outside High Density Central Areas); and

Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas) shall be applicable, subject to the provisions of Section 62-26 (Special Use Regulations for Public Parking Facilities) and the special permit provisions of Section 62-835 (Public parking facilities on waterfront blocks);

Section 74-53 (Accessory Group Parking Facilities for Uses in Large-Scale Residential Developments or Large-Scale Community Facility Developments or Large-Scale General Developments) shall be applicable, except that finding (d), relating to roof parking, shall not apply. In lieu thereof, the provisions of Sections 62-411 (Accessory residential roof

parking) and 62-421 (Accessory non-residential roof parking) shall apply;

Section 74-711 (Landmark preservation in all districts) shall be applicable, except that #bulk# modification shall also include modification of public access or #visual corridor# requirements. However, in no event shall modification of paragraph (a) of Section 62-31 (Bulk Computations on Waterfront Zoning Lots) be permitted;

Section 74-74 (Large-Scale General Development);

Section 74-79 (Transfer of Development Rights from Landmark Sites) shall be applicable, except that permissible modifications shall also include all #bulk# regulations set forth in Section 62-30 (SPECIAL BULK REGULATIONS), except for paragraph (a) of Section 62-31 and maximum #floor area ratio# for the applicable district set forth in Section 62-32. Modifications may also include public access and #visual corridor# requirements set forth in Sections 62-50 and 62-60;

Section 74-922 (Certain large retail establishments) shall be applicable except that, on #existing piers#, the provisions of Section 62-241 (Uses on existing piers and platforms) shall also be applicable;

Section 78-00 (SPECIAL REGULATIONS APPLYING TO LARGE-SCALE RESIDENTIAL DEVELOPMENTS); and

Section 79-00 (SPECIAL REGULATIONS APPLYING TO LARGE-SCALE COMMUNITY FACILITY DEVELOPMENTS).

The #large-scale development# provisions of Section 74-74 and Article VII, Chapters 8 and 9, shall be applicable, except that:

- (a) In the event a #large-scale development# consists of a portion within a #waterfront block# and a portion within a non-#waterfront block#, all #zoning lots# within the #development# shall be subject to the #bulk# regulations of Section 62-30 (SPECIAL BULK REGULATIONS).
- (b) In the event a #large-scale development# is located partially within and partially beyond the #waterfront area#, the landward boundary of the #waterfront area# shall be relocated so as to encompass all #zoning lots# within the #development# and such #development# shall be deemed to be located entirely within the #waterfront area#.

- (c) Any height and setback modifications within a #waterfront block# shall be subject to an additional finding that such modifications would result in a site plan with visual and, where required, physical public access to the waterfront in a way that is superior to that which would be possible by strict adherence to the regulations of Section 62-341 (Developments on land and platforms).

For the purposes of modifying the height and setback regulations of Section 62-341, the term "periphery" shall include all portions of a #large-scale development# within 100 feet of a peripheral #street# or #lot line#. The term "wholly within" shall therefore mean any area of a #large-scale development# which is not within the area designated as periphery. #Large-scale residential developments# within R3, R4 or R5 Districts shall continue to be subject to the periphery provisions of Section 78-31 (Location of Buildings, Distribution of Bulk and Open Space and Modification of Height and Setbacks).

- (d) No distribution of #bulk# shall result in an increase in #floor area ratio# on a #zoning lot# within a #waterfront block# beyond 20 percent of the amount otherwise allowed by Section 62-32. In the event such #zoning lot# to which #bulk# is distributed is a #waterfront zoning lot#, such #bulk# may only be distributed to the #upland lot# and the computation of maximum #floor area ratio# for such #upland lot# shall include any #bulk# distribution from the #seaward lot#. Such limitation on #bulk# distribution shall not apply to #zoning lots# within non-#waterfront blocks#.
- (e) Modification of public access and #visual corridor# requirements shall be subject to the authorization provisions of Section 62-822. In lieu of making the findings in paragraphs (a) or (b) of this Section, the Commission may find that the proposed site plan would result in better achievement of the goals set forth in Section 62-00 than would otherwise be possible by strict adherence to the regulations of Sections 62-50 and 62-60.
- (f) In Community District 1, in the Borough of Queens, where the Commission has approved a #large-scale general development#, and a #lot line# within such #large-scale general development# coincides with the boundary of a mapped #public park#, such #lot line# shall be considered to be a #street line# of a #wide street# for the purposes of applying the requirements of Section 23-86 (Minimum Distance Between Legally Required Windows and Walls or Lot Lines).

(2/2/11)

62-133

Applicability of the Quality Housing Program

- (a) In R6, R7, R8, R9 and R10 Districts with a letter suffix, and in any C1 or C2 District mapped within such Districts, and in any other #Commercial District# with a letter suffix, any #zoning lot# within a #waterfront block# with #buildings# containing #residences# shall comply with the applicable district #bulk# regulations as set forth in this Chapter, and shall also comply with the requirements of Article II, Chapter 8 (Quality Housing Program), except as modified in this Section.
- (b) In R6, R7, R8, R9 and R10 Districts, and in any C1 or C2 District mapped within such Districts, and in #Commercial Districts# with R6 through R10 residential equivalents, any #building# containing #residences# on a #zoning lot# on a #waterfront block# shall comply with the applicable district #bulk# regulations as set forth in this Chapter. The #bulk# regulations in Article II, Chapter 3, applicable to Quality Housing #developments# shall not apply. However, all other requirements of the Quality Housing Program set forth in Article II, Chapter 8, shall apply.

#Developments# that provide a #shore public walkway#, in accordance with the requirements of Section 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), shall be deemed to have met the requirements for recreation space specified in Section 28-30 (RECREATION SPACE AND PLANTING AREAS). Also, for the purposes of Section 28-33 (Planting Areas), the boundary of an #upland connection# located within a private drive shall be considered a #street line#.

(2/2/11)

62-134

Applicability of Article VII, Chapter 7

The provisions of Article VII, Chapter 7 (Special Provisions for Zoning Lots Divided by District Boundaries), shall be applicable on #waterfront blocks#, as modified in the following Section:

Section 77-28 (Height and Setback Regulations) shall be applicable, except that all references to

#street# frontage shall be inapplicable. In lieu thereof, the percentage of the #zoning lot# in each district shall be used to determine the quantitative requirements. The provisions in such Section for #Quality Housing buildings# shall be inapplicable. Furthermore, the height and setback regulations applicable to the district in which more than 50 percent of the #lot area# on the #zoning lot# is located, may apply to the entire #zoning lot# provided that the greatest distance from the mapped district boundary to any #lot line# of the #zoning lot# in the district in which less than 50 percent of the area is located does not exceed 25 feet. Such distance shall be measured perpendicular to the mapped district boundary.

(4/22/09)

62-14

Integration of Waterfront Access Plans

Waterfront Access Plans shall be set forth in Section 62-90 of this Chapter. Such plans shall supersede, supplement or modify certain provisions of this Chapter. Except as expressly stated otherwise in the plan, all provisions of this Chapter remain in effect in the area subject to such plan.

(10/25/93)

62-20

SPECIAL USE REGULATIONS

(4/22/09)

62-21

Classification of Uses in the Waterfront Area

The following #uses# shall be classified in accordance with their relationship to the water: Water-Dependent (WD) or Waterfront-Enhancing (WE). Such #uses# are listed in this Section only in the lowest numbered Use Group in which they appear. Where a WD or

WE #use# appears in more than one Use Group, its additional listing is noted by a cross-reference.

#Uses# listed shall only be permitted in accordance with applicable district #use# regulations, unless expressly stated otherwise in this Chapter.

(4/22/09)

62-211

Water-Dependent (WD) uses

WD #uses# require direct access to a body of water in order to function or use waterways for transport of materials or products. WD #uses# shall be limited to the following:

From Use Group 4:

Non-profit private beach clubs

Non-profit private boat clubs

From Use Group 6:

*Docks for ferries, other than #gambling vessels#, limited as to passenger load (also listed in Use Group 14)

*Docks for water taxis (also listed in Use Group 14)

Docks or mooring facilities for non-commercial pleasure boats (also listed in Use Group 14)

Terminal facilities at river crossings for access to electric, gas or steam lines

From Use Group 7:

#Boatels#, provided that the units are #predominantly# occupied by persons with boats docked at the facility

From Use Group 9:

*Docks for sightseeing, excursion or sport fishing vessels, other than #gambling vessels#, limited as to dock capacity per #zoning lot# (also listed in Use Group 14)

From Use Group 10:

Docks for ferries, other than #gambling vessels#, with no restriction on passenger load

From Use Group 13:

Boat fuel sales establishments, open or enclosed, without restriction as to location

Commercial beaches

From Use Group 14:

Boat fuel sales establishments, open or enclosed, restricted to location within ten feet of a boat dock berth

Boat launching facilities for non-commercial pleasure boats

Boat rental establishments, open or enclosed

*Boat storage, repair or painting establishments with size and location restrictions

From Use Group 16:

Boat sales establishments, open or enclosed

*Public transit yards, *trucking terminals, warehouses and *wholesale establishments, provided such #uses# ship or receive materials or products by water as evidenced by operational docking facilities on the #zoning lot#

From Use Group 17:

*Boat building or repair establishments, open or enclosed, for boats less than 200 feet in length

Docks for passenger ocean vessels, other than #gambling vessels#

Docks for sightseeing, excursion or sport fishing vessels, other than #gambling vessels#, with no restriction on vessel or dock capacity

Docks for vessels not otherwise listed, other than docks for #gambling vessels#

All other #uses# in Use Group 17 that ship or receive materials or products by water as evidenced by operational docking facilities on the #zoning lot#

From Use Group 18:

Marine transfer stations for garbage

Sewage disposal plants

Ship or boat building establishments or repair yards, for vessels 200 feet in length or over

All other #uses# in Use Group 18 that ship or receive materials or products by water as evidenced by operational docking facilities on the #zoning lot#

Other Uses:

Airports

Heliports

Seaplane bases

#Uses accessory# to the preceding listed #uses#

* Refer to Use Group for detailed description of this #use#

(4/22/09)

62-212

Waterfront-Enhancing (WE) uses

WE #uses# comprise a group of primarily recreational, cultural, entertainment or retail shopping #uses# that, when located at the water's edge, add to the public use and enjoyment of the waterfront. WE #uses# shall be limited to the following:

From Use Group 3:

Art galleries, non-commercial

*Colleges or universities

Libraries

Museums

#Schools#

From Use Group 4:

Community centers

Houses of worship

*Ice skating rinks, outdoor

*Non-commercial clubs, with restrictions

**Playgrounds or private parks

Recreation centers, non-commercial

*Philanthropic or non-profit institutions without sleeping accommodations, excluding ambulatory diagnostic or treatment health care facilities listed in Use Group 4

Golf courses

*Tennis courts, outdoor

From Use Group 5:

#Transient hotels#

From Use Group 6:

All #uses# in Use Groups 6A and 6C, not otherwise listed as WD #uses# (some #uses# also listed in Use Groups 12 and 14)

*Non-commercial clubs, without restrictions (also listed in Use Group 14)

From Use Group 7:

Bicycle rental or repair shops (also listed in Use Group 14)

*#Motels# or #tourist cabins#

Refreshment stands, drive-in (also listed in Use Group 13)

Sailmaking establishments

From Use Group 8:

*Ice vending machines, coin-operated (also listed in Use Group 14)

*Theaters

From Use Group 9:

- *Boat showrooms or sales establishments

Catering establishments (also listed in Use Group 13)

Gymnasiums used exclusively for basketball, handball, paddleball, racketball, squash and tennis

Wedding chapels or banquet halls (also listed in Use Group 13)

From Use Group 10:

Eating or drinking places, without restrictions on entertainment or dancing but limited to location in hotels

From Use Group 12:

Arenas, auditoriums or stadiums, with capacity limited to 2,500 seats

- *Eating or drinking establishments, with entertainment or dancing

- *Historical exhibits

Indoor golf recreation centers

Skating rinks, enclosed

From Use Group 13:

Camps, overnight or outdoor day

- *Children's amusement parks, limited to a 10,000 square foot #zoning lot#

Circuses, carnivals or fairs of a temporary nature

Commercial swimming pools

Golf driving ranges

Miniature golf courses

Outdoor ice or roller skating rinks

- *Outdoor skateboard parks

From Use Group 14:

*Boat showrooms or sales establishments, restricted to boats less than 100 feet in length

Fishing tackle or equipment, rental or sales

*Sporting goods sales or rental establishments

From Use Group 15:

All #uses# listed

From Use Group 16:

Riding academies, open or enclosed

Stables for horses

#Uses accessory# to the preceding listed #uses#

* Refer to Use Group for detailed description of this #use#

** Open to the sky except for seasonal enclosures not more than 30 feet high or greater than 200 feet in any other dimension

(4/22/09)

62-22

Commercial Docking Facilities

Commercial docking facilities are listed in Use Groups 6, 9, 10, 14 and 17 in Sections 32-10 and 42-10. Such #uses# are permitted as-of-right in all districts set forth in the Use Groups and are subject to the #accessory# off-street parking and passenger loading requirements of Sections 62-43 and 62-462 of this Chapter.

(10/25/93)

62-23

Accessory Residential Docking Facilities

The definition of #accessory use# in Section 12-10 (DEFINITIONS)

is modified in accordance with the provisions of this Section.

(4/22/09)

62-231

Rental of accessory berths to non-residents

Berths or moorings for non-commercial pleasure boats provided as an #accessory use# to a #residential use# may be rented to persons who are not occupants of the #residences# to which such berths or moorings are #accessory#, for the accommodation of the non-commercial pleasure boats used by such non-residents, provided that:

- (a) not more than 40 percent of such berths or moorings are so occupied by non-residents;
- (b) except in Manhattan Community Boards 1 through 8, an additional off-street parking space, in a location adjacent to the docking facility, or off-site in accordance with the provisions of Section 62-412 (Accessory residential off-site parking), is provided for each berth or mooring so occupied;
- (c) such off-street parking spaces comply with all other provisions of this Resolution for the district in which they are located; and
- (d) the total number of #accessory# berths or moorings does not exceed the total number of #dwelling units# to which they are #accessory#.

(10/25/93)

62-232

Off-site accessory residential berths

#Accessory# berths or moorings may be provided on a #zoning lot# other than the same #zoning lot# as the #residences# to which such berths or moorings are #accessory#, provided that:

- (a) both #zoning lots# are contiguous or would be contiguous except for their separation by a #street# or #street# intersection; and
- (b) both #zoning lots# are in common ownership (single fee ownership or alternative ownership arrangements of the

#zoning lot# definition in Section 12-10).

(4/22/09)

62-24

Uses on Piers and Platforms

#Uses# on #existing piers# or #existing platforms# shall be subject to the provisions of Section 62-241. #Uses# on #new piers# or #new platforms# shall be subject to the provisions of Section 62-242.

(4/22/09)

62-241

Uses on existing piers and platforms

The #use# of an #existing platform# may be continued or such #use# may be changed, #enlarged# or #extended# in accordance with the #use# regulations of the applicable district.

The #use# of an #existing pier# may be continued or such #use# may be changed, #enlarged# or #extended# in accordance with the #use# regulations of the applicable district provided that any #use# within a #building or other structure# on the #pier# meets one of the following requirements:

- (a) such #use# is a WD #use#; or
- (b) the #building or other structure# within which such #use# is located existed on October 25, 1993; or
- (c) the #building or other structure# within which such #use# is located complies with the height and setback regulations of Section 62-342 (Developments on piers).

In addition, the following #use# regulations shall apply on #piers#:

- (d) the following #uses#, not otherwise limited in size by their Use Group listing, shall be limited to 20,000 square feet of #floor area# per establishment:
 - (1) all #uses# in Use Groups 6A and 6C;
 - (2) the following #uses# in Use Group 9A;

- (i) clothing or costume rental establishments;
 - (ii) typewriter or other small business machine sales, rental or repairs;
 - (3) all #uses# in Use Group 10 with parking categories "B" or "B1";
 - (4) the preceding #uses#, when listed in other Use Groups;
 - (5) wholesale establishments or warehouses that provide #accessory# retail sales areas; and
- (e) no #residential use# shall be permitted within a #building# on a #pier# unless 50 percent or more of the #floor area# of the #story# at the level of public access is allocated for occupancy by WE #uses#, subject to the size limitations set forth in paragraph (d) of this Section.

Any #use# on an #existing pier# not permitted by the foregoing provisions of this Section shall only be allowed by special permit of the City Planning Commission pursuant to Section 62-834 (Developments on piers or platforms).

(2/2/11)

62-242

Uses on new piers and platforms

#New piers# and #new platforms# shall be limited to WD #uses# or to the following WE #uses#: playgrounds or publicly accessible private parks. Changes of #use# to any other WE #use# are permitted only by special permit, pursuant to Section 62-834 (Developments on piers or platforms).

(4/22/09)

62-25

Uses on Floating Structures

- (a) WD #uses# shall be permitted on #floating structures# in accordance with the applicable district regulations.

The following WE #uses# shall be permitted on a #floating structure#, in accordance with the applicable district

regulations, only if the #water coverage# of the #floating structure# does not exceed 5,000 square feet:

- (1) eating or drinking establishments as listed in Use Groups 6 or 12;
 - (2) theaters as listed in Use Group 8; and
 - (3) any other WE #use#, provided such #use# is open to the sky except for minor #accessory# structures of less than 150 square feet.
- (b) Other #uses# shall be permitted on #floating structures# only by special permit pursuant to Section 62-833.

The applicable district #sign# regulations are modified as follows:

- (1) no #advertising signs# shall be permitted in any district;
- (2) no #flashing signs# shall be permitted in any district;
- (3) the regulations pertaining to roof #signs# shall be inapplicable;
- (4) the maximum height of a #sign# shall be measured from water level in lieu of #curb level#;
- (5) the maximum dimension of the #floating structure# on each side shall be used in lieu of #street# frontage of the #zoning lot# to determine the permitted area of #signs#; and
- (6) each side of the #floating structure# shall be deemed to be a #street# frontage for the purposes of maximum size of #sign# computations and the maximum area of #signs# for each side shall be as set forth for each #street# frontage of a #corner lot#.

(4/22/09)

62-26

Special Use Regulations for Public Parking Facilities

#Public parking lots# and #public parking garages# shall be permitted within #waterfront blocks# only as provided in this Section.

In C8 Districts and #Manufacturing Districts#, public parking facilities shall be permitted in accordance with the applicable district regulations. In other districts, public parking facilities shall be permitted within #waterfront blocks# only by special permit pursuant to Section 62-835. The requirement for such special permit shall be in addition to any special permit or authorization requirements of the applicable district.

(4/22/09)

62-27

Special Use Regulations for Playgrounds or Private Parks

Playgrounds and private parks shall be a permitted #use# in M2 and M3 Districts within the #waterfront area# in Community Districts 1, 2 and 4 in the Borough of Manhattan.

(2/27/01)

62-28

Special Sign Regulations

Within a #waterfront block#, no #flashing sign# permitted in accordance with the applicable district regulations shall exceed 50 square feet in #surface area# and no more than one such #sign# shall be permitted for each establishment located on a #zoning lot#, except that no #flashing sign# shall be permitted on any #pier# or #platform#.

(4/22/09)

62-29

Special Use Regulations for R6, R7, R8, R9 and R10 Districts

R6 R7 R8 R9 R10

In the districts indicated, any Use Group 6 or 9 #use#, listed in Section 62-212 (Waterfront-enhancing (WE) uses), shall be a permitted #use# anywhere on the #zoning lot#, provided such #zoning lot# is partially located within a #Commercial District#, and further provided that:

(a) such #uses# have a public entrance fronting on a #waterfront

public access area# or a #street# that provides public access to a #shore public walkway#;

- (b) such #uses# are limited to not more than 10,000 square feet of #floor area# per establishment;
- (c) the total amount of #floor area# used for such #uses# does not exceed two percent of the total amount of #floor area# permitted on such #zoning lot#; and
- (d) such #uses# are located below the level of the first #story# ceiling of a #building#, on a #pier# or #platform#, or in a kiosk within a #waterfront public access area# in accordance with the provisions for kiosks set forth in Section 62-611 (Permitted obstructions).

(4/22/09)

62-291

Special Provisions in Waterfront Access Plan BK-1

Docks for water taxis and docks or mooring facilities for non-commercial pleasure boats, listed in Section 32-15 (Use Group 6), shall be permitted #uses# on any parcel identified in Waterfront Access Plan BK-1.

(4/22/09)

62-30

SPECIAL BULK REGULATIONS

All #zoning lots# within #waterfront blocks# shall comply with the #bulk# regulations of this Section. For the purposes of this Section, non-#waterfront blocks# included in Waterfront Access Plan BK-1 shall be considered to be #waterfront blocks#. Existing #non-complying buildings or other structures# shall be subject to the provisions of Article V (Non-conforming Uses and Non-complying Buildings).

A change of #use# involving a #building or other structure# lawfully existing on October 25, 1993, shall be permitted in accordance with the applicable district #use# regulations, as modified by the provisions of this Chapter. Any #non-compliances# created with respect to the provisions of this Section due solely to the change of #use# shall be deemed to be existing #non-compliances#. However, no #enlargement# or other alteration of

such #buildings or other structures# may be made which would either create a new #non-compliance# or increase the degree of #non-compliance# with respect to the provisions of this Section.

Modification of the #bulk# regulations of Sections 62-31, 62-32, 62-33 or 62-341 shall only be allowed by authorization or special permit of the City Planning Commission pursuant to Sections 62-836, 74-711, 74-74, 74-79, 78-00 or 79-00.

Provisions for modification of the #bulk# regulations on #piers# and #floating structures# are set forth in Sections 62-342 and 62-343.

In no event shall any #bulk# modification include modification of the provisions of paragraph (a) of Section 62-31 or the maximum #floor area ratio# for the applicable district set forth in Section 62-322.

(4/22/09)

62-31

Bulk Computations on Waterfront Zoning Lots

On #waterfront zoning lots#, the areas of the #upland lot# and the #seaward lot# shall be computed separately.

(a) #Upland lot#

All #bulk# regulations pertaining to the #upland lot# shall be satisfied entirely on such portion of the #zoning lot#. All #floor area, dwelling units# or #rooming units# generated by such portion shall be located within the #upland lot# and all #lot coverage# computations shall be based solely on the area of the #upland lot#.

(b) #Seaward lot#

Within the #seaward lot#, only the #water coverage# of #piers# or #platforms# that are structurally sound and physically accessible directly from the shore, with a surface that is capable of lawful occupancy, shall be deemed to be #lot area# for the purposes of determining allowable #floor area#, #dwelling units# or #rooming units#, or to satisfy any other #bulk# regulations, unless expressly stated otherwise. In no event shall the #water coverage# of a #building or other structure# projecting over the water from a #pier# or #platform# be included in #lot area#. #Lot coverage# provisions shall not apply to the #seaward lot#.

Except where all #piers#, #platforms# or #floating structures# are occupied #predominantly# by WD #uses#, the maximum #water coverage# permitted on a #zoning lot# shall not exceed 50 percent and the #water coverage# of an #existing pier# or #platform# may not be increased by more than ten percent.

(c) Special provisions for #bulk# distribution

#Floor area#, #dwelling units# or #rooming units# generated by #existing piers# or #platforms# within the #seaward lot# may be located anywhere on the #zoning lot# provided the amount on the #upland lot# does not exceed the maximum for the district on such portion of the #zoning lot# by more than 20 percent. No #bulk# distribution from the #seaward lot# shall be permitted for #new piers# or #platforms#, except within Waterfront Access Plan BK-1. Such #bulk# distribution shall be permitted for new portions of #piers# located within Waterfront Access Plan BK-1, provided that such new portion of the #pier# is accessed from a portion of an #existing pier# containing not less than 25 percent of the #water coverage# of such #existing pier# and that the #water coverage# of the new and existing portions of the #pier# does not exceed the #water coverage# of the #existing pier#.

(10/25/93)

62-32

Maximum Floor Area Ratio and Lot Coverage on Waterfront Blocks

(2/2/11)

62-321

Residential uses in R3, R4 and R5 Districts

The maximum #floor area ratio# and #lot coverage# for #residential buildings# or #residential# portions of #buildings# in R3, R4 and R5 Districts shall be in accordance with the applicable district regulations, except as provided in Section 62-323 (Non-profit residences for the elderly in R3, R4, R5, R6 and R7 Districts).

(2/2/11)

62-322

Residential uses in R1, R2, R6, R7, R8, R9 and R10 Districts

For #residential buildings# or #residential# portions of #buildings# in R1, R2, R6, R7, R8, R9 and R10 Districts, the regulations of Section 23-14 (Minimum Required Open Space, Open Space Ratio, Maximum Lot Coverage and Maximum Floor Area Ratio) through Section 23-15 (Maximum Floor Area Ratio in R10 Districts), inclusive, shall not apply. In lieu thereof, the maximum #floor area ratio# and #lot coverage# on a #zoning lot# shall be as specified in the following table, except as provided for in Sections 23-952 (Floor area compensation in Inclusionary Housing designated areas), 62-323 (Non-profit residences for the elderly in R3, R4, R5, R6 and R7 Districts) and 62-35 (Special Bulk Regulations in Certain Areas Within Community District 1, Brooklyn):

MAXIMUM FLOOR AREA RATIO AND MAXIMUM LOT COVERAGE
FOR RESIDENTIAL BUILDINGS
OR RESIDENTIAL PORTIONS OF BUILDINGS

District	Maximum #Floor Area Ratio# ¹	Maximum #Lot Coverage# (in percent)
R1 R2	.50	35
R6B	2.00	60
R6	2.43	65
R6A R7B	3.00	65
R7-1 R7-2	3.44	65
R7A R8B	4.00	70
R7D	4.20	70
R7-3 R7X	5.00	70
R8 R8A R8X	6.02	70
R9 R9A	7.52	70
R9-1 R9X	9.00	70
R10	10.00 ¹	70

¹ In #Inclusionary Housing designated areas#, the #floor

area ratio# has been modified, pursuant to Section 23-952 (Floor area compensation in Inclusionary Housing designated areas) or Section 62-35 (Special Bulk Regulations in Certain Areas within Community District 1, Brooklyn), inclusive

- ² In R10 Districts, the #floor area ratio# may be increased to a maximum of 12.0, pursuant to Section 23-951 (Floor area compensation in R10 Districts other than Inclusionary Housing designated areas)

(2/2/11)

62-323

Non-profit residences for the elderly in R3, R4, R5, R6 and R7 Districts

In the districts indicated in the following table, the maximum #floor area ratio# and #lot coverage# for #non-profit residences for the elderly# on a #zoning lot# shall be as specified:

MAXIMUM FLOOR AREA RATIO AND MAXIMUM LOT COVERAGE
FOR NON-PROFIT RESIDENCES FOR THE ELDERLY
IN R3, R4, R5, R6 AND R7 DISTRICTS

District	Maximum #Floor Area Ratio#	Maximum #Lot Coverage# (in percent)
R3	.95	55
R4	1.29	55
R5	1.95	60
R5D R6B	2.00	60
R6 R6A R7B	3.90	65
R7 R7A R7D R7X	5.01	70

Where different maximum percentages of #lot coverage# apply to #residential# and #community facility uses#, the higher #lot coverage# shall be applied to any level containing both such #uses#. Furthermore, the maximum percent of #lot coverage# for #community facility uses# located below the level of #residential uses# need not be lower than the maximum percent of #lot coverage# permitted for such #residential uses#.

(2/2/11)

62-324

Community facility and commercial uses in Residence Districts

In #Residence Districts#, for any #community facility building# or #community facility# portion of a #building# on a #zoning lot#, the following regulations shall apply:

- (a) The maximum #floor area ratio# shall be in accordance with the applicable district regulations, except that no #floor area# bonuses shall apply. In R7-3 and R9-1 Districts, the maximum #floor area ratio# shall be the maximum permitted for #residential buildings# pursuant to Section 62-322 (Residential uses in R1, R2, R6, R7, R8, R9 and R10 Districts).
- (b) The maximum percent of #lot coverage# specified in Section 24-11 (Maximum Floor Area Ratio and Percentage of Lot Coverage) shall not apply. In lieu thereof, the following #lot coverage# regulations shall apply to #community facility buildings# or to that portion of a #building# used for a #community facility use#:

MAXIMUM LOT COVERAGE FOR COMMUNITY FACILITIES

District	Maximum #Lot Coverage# (in percent)
R1 R2 R3 R4 R5	60
R6B	65
R6 R6A R7B R7-1	70
R7-2 R7-3 R7A R7D R7X R8 R9A	75
R9 R9-1 R9X R10	80

Any portion of a #building# at any height up to but not exceeding 23 feet above the #base plane# may be excluded in determining the percent of #lot coverage# set forth in the table in this Section.

In #Special Mixed Use Districts#, #lot coverage# requirements shall not apply to #community facility uses#.

In #Residence Districts#, when permitted, #commercial buildings# or #buildings# used partly for #commercial use#, shall comply with the regulations for #residential buildings# as set forth in Sections 62-321 and 62-322.

The maximum #floor area ratio# permitted for a #community facility use# shall be in accordance with the applicable district regulations, and the maximum #floor area ratio# permitted for a #residential use# shall be as set forth in this Section, provided the total of all such #floor area ratios# does not exceed the greatest #floor area ratio# permitted for any such #use# on the #zoning lot#.

Where different maximum percentages of #lot coverage# apply to #residential# and #community facility uses#, the higher #lot coverage# shall be applied to any level containing both such #uses#. Furthermore, the maximum percent of #lot coverage# for #community facility uses# located below the level of #residential uses# need not be lower than the maximum percent of #lot coverage# permitted for such #residential uses#.

(2/2/11)

62-325

Buildings in Commercial Districts

In #Commercial Districts#, for any #commercial# or #community facility uses# on a #zoning lot#, the maximum #floor area ratio# shall be in accordance with the applicable district regulations, except:

- (a) no #floor area# bonuses shall be permitted; and
- (b) the #floor area ratio# on a #zoning lot# shall not exceed 10.0.

For #residential buildings# and #residential# portions of #mixed buildings#, the maximum #floor area ratio# and #lot coverage# applicable to #residential buildings# set forth in Sections 62-321 through 62-323 shall apply as set forth for the applicable #Residence District# and its corresponding #Commercial District# in Section 35-23 (Residential Bulk Regulations in Other C1 or C2 Districts or in C3, C4, C5 or C6 Districts).

(2/2/11)

62-326

Buildings in Manufacturing Districts

In #Manufacturing Districts#, for any #zoning lot#, the maximum #floor area ratio# shall be in accordance with the applicable district regulations, except that no #floor area# bonuses shall be permitted.

(2/2/11)

62-327

Maximum floor area ratio for a mixed use building in a Special Mixed Use District

The maximum #floor area ratio# for #zoning lots# containing a #mixed use building# in a #Special Mixed Use District# shall be in accordance with the provisions of Section 123-64 (Maximum Floor Area Ratio and Lot Coverage Requirements for Mixed Use Buildings).

(2/2/11)

62-33

Special Yard Regulations on Waterfront Blocks

#Yard# regulations for #zoning lots# shall be governed by the provisions of this Section. For #developments# containing WD #uses# or, in C8 or #Manufacturing Districts#, #developments# comprised predominantly of #uses# in Use Groups 16, 17 or 18, or for #developments# on #zoning lots# that are not #waterfront zoning lots#, #yards# shall be provided in accordance with the applicable district regulations. For all other #developments#, #yards# shall be provided in accordance with the provisions of Sections 62-331 (Front yards and side yards) and 62-332 (Rear yards and waterfront yards), except that no #yard# regulations shall be applicable on #piers# or #floating structures# nor may #piers# or #floating structures# be used to satisfy any #yard# requirements.

(7/26/01)

62-331

Front yards and side yards

#Front yards# and #side yards# shall be provided on #zoning lots# within #waterfront blocks# in accordance with applicable district regulations, except that:

- (a) any #rear lot line# of a #waterfront zoning lot# that intersects the #shoreline# shall be deemed to be a #side lot line# and be subject to #side yard# regulations; and
- (b) #side yard# regulations shall be inapplicable along #side lot lines# that are coincident with or seaward of the #shoreline#. In lieu thereof, a #waterfront yard# shall be provided in accordance with the provisions of Section 62-332.

(2/2/11)

62-332

Rear yards and waterfront yards

#Rear yard# regulations shall be inapplicable on #waterfront zoning lots#. In lieu thereof, a #waterfront yard# shall be provided along the entire length of the #shoreline#, bulkhead or stabilized natural shore, whichever is furthest landward, with a depth as set forth in the following table. The minimum depth shall be measured from the landward edge of the bulkhead, landward edge of stabilized natural shore or, in the case of natural #shorelines#, the mean high water line.

Where a #platform# projects from the #shoreline#, stabilized natural shore, or bulkhead, such #waterfront yard# shall, in lieu of following the shore at that portion, continue along the water edge of such #platform# until it again intersects the #shoreline#, stabilized natural shore, or bulkhead, at which point it shall resume following the #shoreline#, stabilized natural shore, or bulkhead.

The level of a #waterfront yard# shall not be higher than the elevation of the top of the adjoining existing bulkhead, existing stabilized natural shore or mean high water line, as applicable, except that natural grade level need not be disturbed in order to comply with this requirement. The level of the portion of a #waterfront yard# on a #platform# shall not be higher than the abutting level of the non-platformed portion of the #waterfront yard#, of which it is the continuation, except that the level of a #platform# existing on October 25, 1993 need not be altered in order to comply with this requirement.

No #building or other structure# shall be erected above the lowest level of a #waterfront yard#. Permitted obstructions in #waterfront yards# in all districts shall include permitted obstructions as listed in Sections 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) and 62-611, except that enclosed #accessory# off-street parking spaces and walls exceeding four feet in height shall not be permitted.

In addition, the following #rear yard# obstructions shall not be permitted except when #accessory# to #single-# or #two-family residences# in #detached#, #semi-detached# or #zero lot line buildings#:

Balconies, unenclosed;

Greenhouses, non-commercial, #accessory#;

Parking spaces, off-street, open or enclosed, #accessory#;

Swimming pools, #accessory#;

Terraces or porches, open;

WATERFRONT YARD DEPTH FOR ALL DISTRICTS

Column A	Column B
Districts with 30 Foot Requirement	Districts with 40 Foot Requirement
R1 R2 R3 R4 R5	R6 R7 R8 R9 R10
C1 C2 mapped in R1 R2 R3 R4 R5	C1 C2 mapped in R6 R7 R8 R9 R10
C3	C1-6 C1-7 C1-8 C1-9 C2-6 C2-7 C2-8 C4 C5 C6 C7 C8 M1 M2 M3

The minimum depth set forth in the preceding table may be reduced at the following locations provided no #waterfront yard# is reduced to less than ten feet:

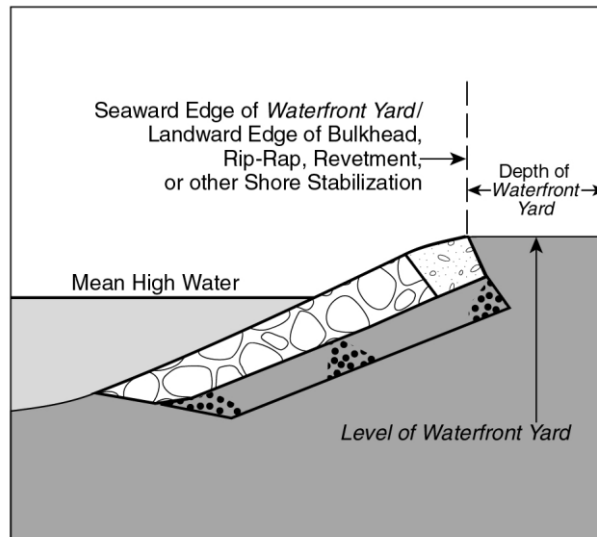

- (a) Along those portions of the landward edge of stabilized shore, bulkhead, natural #shoreline# or along those portions of the water edge of a #platform#, having a lot dimension, measured perpendicular and landward from such edge, that is less than 70 feet in the case of districts in Column A or 80

feet in the case of districts in Column B.

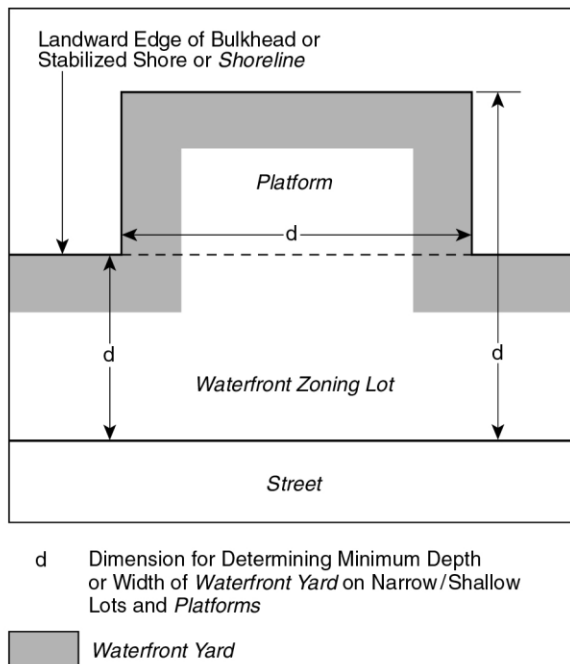

For such shallow portions of lots, the minimum depth may be reduced by one foot for each foot that the lot dimension measured from such edge is less than 70 or 80 feet, as applicable.

- (b) Along those portions of the water edge of a #platform# having a dimension, measured perpendicular from such water edge to an opposite water edge that is less than 100 feet in the case of districts in Column A or 120 feet in the case of districts in Column B.

For such narrow portions of #platforms#, the minimum depth along each opposite edge may be reduced by one-half foot for each foot that the #platform# dimension is less than 100 or 120 feet, as applicable.

WATERFRONT YARD AT STABILIZED SHORELINE
(62-332b.1)

WATERFRONT YARD (62-332b.2)

(7/26/01)

62-34

Height and Setback Regulations On Waterfront Blocks

Height and setback regulations for #zoning lots# within #waterfront blocks# shall be governed by the provisions of this Section. However, airports, heliports, seaplane bases and, in C8 or #Manufacturing Districts#, #developments# comprised #predominantly# of WD #uses# or #uses# in Use Group 16, 17 or 18 shall be exempt from the requirements of this Section.

(10/9/13)

62-341

Developments on land and platforms

All #developments# on portions of a #zoning lot# landward of the #shoreline# or on #platforms# shall be subject to the height and

setback provisions of this Section. However, when the seaward view from all points along the #shoreline# of a #zoning lot# is entirely obstructed by existing elevated roads, bridges or similar structures which are less than 50 feet above mean high water and within 200 feet of the #shoreline#, #developments# shall be exempt from the requirements of this Section. Height and setback regulations for #developments# on #piers# and #floating structures# are set forth in Sections 62-342 and 62-343.

(a) For the purposes of applying the height and setback regulations of this Section, the following provisions shall apply:

(1) #Street lines#

For the purposes of paragraphs (c) and (d) of this Section and of paragraph (h) of Section 62-354, a #shore public walkway#, #visual corridor#, #upland connection# or #supplemental public access area# shall be considered a #street# and its boundary shall be treated as a #street line#. Any #visual corridor# or #upland connection# that measures at least 75 feet in width, or any #shore public walkway# or #supplemental public access area#, shall be considered a #wide street#. Any other #visual corridor# or #upland connection# shall be considered a #narrow street#.

(2) #Initial setback distance#

For the purposes of paragraph (c) of this Section, an #initial setback distance# shall be a horizontal distance measured for a depth of 15 feet from a #narrow street line# and ten feet from a #wide street line#. However, an #initial setback distance# shall have a depth of 30 feet from the boundary of a #shore public walkway#. Wherever a #supplemental public access area# is provided as a widened #shore public walkway#, such widened area shall be included in the #initial setback distance#.

(3) Measurement of height

The height of all #buildings or other structures# on #waterfront blocks# shall be measured from the #base plane#, except where modified by the provisions of Article VI, Chapter 4. For #buildings# with pitched roofs, maximum #building# height shall be measured to the midpoint of such pitched roof, except for #buildings# subject to Section 23-631 (Height and setback in R1, R2, R3, R4 or R5 Districts).

(4) Permitted obstructions

The obstructions permitted pursuant to Sections 23-62, 24-

51, 33-42 or 43-42 and, where applicable, Sections 64-331, 64-332 or 64-432 shall apply. In addition, the following regulations regarding permitted obstructions shall apply:

- (i) Within an #initial setback distance#, a dormer may exceed a maximum base height specified in Table A of this Section or penetrate a required setback area above a maximum base height specified in Table C of this Section, provided that on any #street# frontage the aggregate width of all dormers at the maximum base height does not exceed 60 percent of the width of the #street wall# of the highest #story# entirely below the maximum base height. At any level above the maximum base height, the width of a #street wall# of a dormer shall be decreased by one percent for every foot that such level of dormer exceeds the maximum base height. (See Illustration of Dormer)
- (ii) A penthouse portion of a #building# shall be permitted to exceed the applicable maximum #building# height, specified in Table A of this Section, by not more than 40 feet, only if the gross area of any #story# within such portion has a #lot coverage# of at least 50 percent and not more than 85 percent of the highest #story# that is located entirely below the maximum #building# height. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the penthouse portion, where at least one setback on each face has a depth of at least four feet and a width that, individually or in the aggregate, is equal to at least ten percent of the width of such respective face. For the purposes of this paragraph, (a) (4) (ii), the penthouse portion shall have four faces, with each face being the side of the rectangle within which the outermost walls of the highest #story# located entirely below the maximum #building# height have been inscribed. The required setbacks shall be measured from the outermost walls of the #building# facing each penthouse portion face. Required setback areas may overlap.
- (iii) Wind energy systems

Regulations governing wind energy systems are modified pursuant to this paragraph, (a) (4) (iii).

In R6 through R10 Districts, #Commercial Districts#, other than C1 or C2 Districts mapped within R1 through R5 Districts and C4-1, C7 and C8-1 Districts, and #Manufacturing Districts#, other than M1-1 Districts,

wind energy systems located on a roof of a #building# shall not exceed a height equivalent to 50 percent of the height of such portion of the #building# or 55 feet, whichever is less, as measured from the roof to the highest point of the wind turbine assembly.

In C4-1, C7, C8-1 and M1-1 Districts, for #buildings# containing #commercial# or #community facility uses#, wind energy systems shall not exceed a height of 55 feet when located above a roof of the #building# as measured to the highest point of the wind turbine assembly.

In all districts, no portion of a wind energy system may be closer than 10 feet to a #waterfront public access area# boundary or a #zoning lot line#.

(b) Lower density districts

R1 R2 R3 R4 R5 C3 C4-1 C7 C8-1 M1-1

In the districts indicated, and in C1 and C2 Districts mapped within such #Residence Districts#, the underlying district height and setback regulations are applicable or modified as follows:

(1) #Buildings# containing #residences#

(i) In R1 and R2 Districts, and in #Commercial Districts# governed by the #bulk# regulations of such #Residence Districts#, the underlying height and setback regulations shall not apply. In lieu thereof, no #building# containing #residences#, except for a #predominantly community facility building#, shall exceed a height of 35 feet.

(ii) In R3, R4 and R5 Districts, and in #Commercial Districts# governed by the #bulk# regulations of such #Residence Districts#, the underlying height and setback regulations for #buildings# containing #residences# shall apply, except for #predominantly community facility buildings#.

(2) #Predominantly community facility buildings#

The underlying height and setback regulations shall not apply. In lieu thereof, any portion of a #predominantly community facility building# that exceeds a height of 35 feet shall be set back at least 25 feet from a #front yard line# or #street line#, where applicable, and no portion of such #building# shall exceed a height of 60 feet. However,

within a #large-scale community facility development#, for portions of a #building# that are located at least 100 feet from a #street line# and, on a #waterfront zoning lot#, 100 feet from a #waterfront yard#, the maximum height shall not exceed 100 feet.

(3) #Buildings# containing #commercial uses#

The underlying height and setback regulations for #commercial uses# are modified as follows: no #building# containing #commercial uses# shall exceed a height of 30 feet, except for #mixed buildings# as set forth in paragraph (b)(1) of this Section or #predominantly community facility buildings# as set forth in paragraph (b)(2) of this Section.

(4) Other structures

All structures other than #buildings# shall be limited to a height of 35 feet, except that in C4-1, C7, C8-1 and M1-1 Districts, freestanding wind energy systems shall be permitted to a height of 85 feet, as measured from the base plane to the highest point of the wind turbine assembly.

(c) Medium and high density non-contextual districts

R6 R7 R8 R9 R10

C1-6 C1-7 C1-8 C1-9 C2-6 C2-7 C2-8 C4-2 C4-3 C4-4 C4-5 C4-6
C4-7 C5 C6 C7 C8-2 C8-3 C8-4

M1-2 M1-3 M1-4 M1-5 M1-6 M2 M3

Except for medium and high density contextual districts listed in paragraph (d) of this Section, in the districts indicated, and in C1 and C2 Districts mapped within such #Residence Districts#, the underlying height and setback regulations shall not apply. In lieu thereof, the height and setback regulations set forth in this Section shall apply.

(1) Maximum base height

Except for dormers permitted in accordance with paragraph (a)(4)(i) of this Section, the height of a #building or other structure# or portion thereof located within an #initial setback distance# may not exceed the maximum base height specified in Table A of this Section.

(2) Maximum #building# height

Except for penthouses permitted in accordance with paragraph

(a)(4)(ii) of this Section, the height of a #building or other structure# or portion thereof may not exceed the maximum #building# height specified in Table A of this Section.

(3) #Floor area# distribution

#Zoning lots# with #buildings# that exceed the maximum base height listed in Table A of this Section shall have a minimum #floor area# coverage comprising at least 30 percent of the #lot area# at a height of 20 feet. For the purposes of determining this requirement, the #lot area# of #waterfront zoning lots# shall be deemed to be the area of the #zoning lot# landward of the #shoreline#. In the event the site plan involves construction on only a portion of the #zoning lot#, sufficient calculations shall be provided to show that such partial construction does not preclude compliance with the minimum #floor area# coverage requirements of this Section at the time the site is fully developed.

(4) Maximum #residential# tower size

Each #residential story# of a #building# located entirely above the maximum base height specified in Table A of this Section shall not exceed a gross area of 7,000 square feet on #zoning lots# less than 1.5 acres, and 8,100 square feet on larger #zoning lots#. On all #zoning lots#, dormers permitted within an #initial setback distance# in accordance with the provisions of paragraph (a)(4)(i) of this Section shall not be included in such gross area.

(5) Maximum width of walls facing #shoreline#

The maximum width of any #story# of a #building# that faces a #shoreline# and is entirely above the maximum base height specified in Table A of this Section shall not exceed 100 feet. Such width shall be measured by inscribing within a rectangle the outermost walls at the level of each #story# entirely above the maximum base height. Any side of such rectangle from which perpendicular lines may be drawn to a #shoreline#, regardless of any intervening structures, properties or #streets#, shall not exceed 100 feet. (See illustration).

(6) Ground floor streetscape provisions

For the purposes of this Section, "ground floor level" shall mean the floor of a #building#, the level of which is located within five feet of the finished level of the

adjacent sidewalk.

For #street walls# that are more than 50 feet in width and within 50 feet of a #waterfront public access area# or #street#, the following rules shall apply:

- (i) at least 50 percent of the width of such #street walls# shall be occupied by #floor area# at the ground floor level; and
- (ii) where such #street walls# do not contain windows with sill levels lower than four feet above the adjacent sidewalk for a continuous distance of at least 30 feet, such #street walls# shall be articulated with rustication or decorative grills, or screened with plant material, to a minimum height of four feet.

Parking garages that occupy the ground floor frontage along any #street# or private drive which is also an #upland connection# shall be screened in accordance with the planting requirements of paragraph (a)(7)(iii) of Section 62-655.

In the districts indicated, and in C1 and C2 Districts mapped within such #Residence Districts#, the height and setback regulations of Sections 23-60, 24-50 and 35-24 shall not apply. In lieu thereof, the height and setback regulations set forth in this Section shall apply:

(1) Maximum #building# height

No #building or other structure# shall exceed the maximum #building# heights specified in Table C of this Section.

(2) Setback provisions

Except for dormers permitted in accordance with paragraph (a)(4)(i) of this Section, setbacks are required for all portions of #buildings or other structures# that exceed the maximum base heights specified in Table C of this Section. Such setbacks shall be provided in accordance with the following provisions:

(i) #Building# walls facing a #wide street# shall provide a setback at least ten feet deep from such wall of the #building# at a height not lower than the minimum base height specified in Table C of this Section. #Building# walls facing a #narrow street# shall provide a setback at least 15 feet deep from such wall of the #building# at a height not lower than the minimum base height specified in Table C.

(ii) These setback provisions are optional for any #building# wall that is either located beyond 50 feet of a #street line# or oriented so that lines drawn perpendicular to it would intersect a #street line# at an angle of 65 degrees or less. In the case of an irregular #street line#, the line connecting the most extreme points of intersection shall be deemed to be

the #street line#.

62-342

Developments on piers

In all districts, the underlying height and setback regulations shall be inapplicable to #developments# on #piers#. In lieu thereof, the provisions of this Section shall apply.

The #base plane# of a #pier# shall be the elevation of the finished surface of the #pier#, below which no portion of a #building or other structure# penetrates, except for the supporting structure, plumbing or utility lines. In the event portions of a #pier# have different surface elevations, the surface elevation of at least 50 percent of the #pier# shall be used to establish the #base plane#.

The height of all #buildings or other structures# on #piers# shall be measured from the #base plane#. For #buildings# with pitched roofs, maximum #building# height shall be measured to the midpoint of such pitched roof.

The obstructions permitted pursuant to Sections 23-62, 24-51, 33-42 or 43-42 shall apply. In addition, a dormer may penetrate a required setback area above a height of 30 feet provided the aggregate width of dormers on any given #building# wall does not exceed 50 percent of the width of such #building# wall.

(a) Height and setback regulations on #piers#

The height of a #building or other structure# on a #pier# shall not exceed 30 feet. However, where a setback at least 15 feet deep is provided, the maximum height of a #building or other structure# shall be 40 feet. Such required setback shall be provided at a minimum height of 25 feet and a maximum height of 30 feet, and may be reduced to ten feet in depth along any portion of the #building or other structure# fronting on an open area of the #pier# having a dimension of at least 40 feet measured perpendicular to such fronting portion. In addition, wind energy systems shall be allowed, provided such a system does not exceed a height of 85 feet, as measured from the base plane to the highest point of the wind turbine assembly or, when located above a roof of the #building#, a height of 55 feet, as measured to the highest point of the wind turbine assembly, whichever is higher.

(b) #Building# width and spacing regulations on #piers#

The maximum length or width of any #building or other structure# on a #pier# shall be 200 feet. The provisions of Section 23-70 (MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT) shall be inapplicable on #piers#. In lieu thereof, the minimum distance on a #pier# between any two #buildings or other structures# that do not #abut# shall be 100 feet. However, such limitations shall not apply to any #building or other structure#, no portion of which exceeds 30 feet in height.

Permitted obstructions above the #base plane# within such required open areas between #buildings or other structures# shall be limited to those allowed above the lowest level of a #visual corridor# pursuant to Section 62-513 (Permitted obstructions in visual corridors), except that freestanding #accessory buildings or other structures# shall also be permitted provided they do not exceed a height of 30 feet and a total area, in aggregate, of 900 square feet. A minimum spacing of 15 feet shall be provided between such #accessory buildings or other structures# and any other #building or other structure# on the #pier#.

(c) Modification of #pier bulk# regulations

Modification of the regulations of this Section involving the height and setback or width and spacing of #buildings or other structures# on #piers# shall only be allowed by special permit of the City Planning Commission pursuant to Section 62-834 (Developments on piers and platforms), 74-711 (Landmark preservation in all districts) or 74-79 (Transfer of Development Rights from Landmark Sites).

(2/2/11)

62-343

Developments on floating structures

In all districts, the underlying height and setback regulations shall be inapplicable to #developments# on #floating structures#, except for WD #uses# in C8 and #Manufacturing Districts#. In lieu thereof, the provisions of this Section shall apply.

#Base plane# shall be inapplicable for #floating structures#. Height shall be measured from the water line of the #floating structure# to the highest point of the roof or uppermost open deck. However, the following obstructions are permitted to penetrate a height limit:

Chimneys, flues or stacks;

Flagpoles, aerials or masts;

Parapet walls or safety enclosures, not more than four feet high;
and

Wire, chain link or other transparent fences.

#Developments# permitted as-of-right pursuant to Section 62-25 shall not exceed a height of 23 feet. #Developments# on #floating structures# pursuant to the special permit provisions of Section 62-833 shall not exceed the height limits set forth in Column A of the following table except for navigational vessels being repurposed as #floating structures# in accordance with such special permit provisions. Such repurposed vessels shall be subject to the height limits set forth in Column B of the table in this Section.

HEIGHT LIMITS FOR FLOATING STRUCTURES

#Residential District#	#Commercial District#	#Manu- facturing District#	Column A	Column B
			Maximum Structure Height	Maximum Height of Repurposed Vessels
R1 thru R5	C1 or C2 mapped in R1 thru R5	-	23 ft.	40 ft.
	C3

(7/29/10)

62-35

Special Bulk Regulations in Certain Areas within Community District 1, Brooklyn

On #waterfront blocks# in #Inclusionary Housing designated areas# in Community District 1, Borough of Brooklyn, the special #bulk# regulations of this Chapter are further modified as set forth in this Section, inclusive.

(12/19/13)

62-351

Special floor area regulations

(a) Maximum permitted #floor area ratio#

In R6 Districts, the maximum permitted #floor area ratio# for any #zoning lot# containing #residences# shall be 2.43.

In R7-3 Districts, the maximum permitted #floor area ratio# for

any #zoning lot# containing #residences# shall be 3.75.

In R8 Districts, the maximum permitted #floor area ratio# for any #zoning lot# containing #residences# shall be 4.88.

In R6, R7-3 and R8 Districts, the maximum permitted #floor area ratio# for any #zoning lot# containing #residences# may be increased for #developments# and #enlargements# that provide #affordable housing# pursuant to Section 62-352 (Inclusionary Housing).

- (b) #Buildings# used for #accessory# off-street parking spaces

Within Waterfront Access Plan BK-1, the #floor area# of a #building# shall not include floor space used for #accessory# off-street parking spaces provided in any #story# located not more than 33 feet above the height of the #base plane#.

- (c) Special regulations for Parcels 4 and 5e within Waterfront Access Plan BK-1

On Parcels 4 and 5e within Waterfront Access Plan BK-1, in the event that a property is #developed# as a #public park#, such property shall continue to be considered part of a #zoning lot# for the purposes of generating #residential floor area# based on the #residential floor area ratio# applicable to the property prior to its #development# as a #public park#. In no event shall the #floor area# generated by the property #developed# as a #public park# be utilized within the #public park#, but may be utilized pursuant to Section 62-353 (Special floor area, lot coverage and residential density distribution regulations). Floor space within any structure constructed pursuant to an agreement with the Department of Parks and Recreation within such #public park# shall be exempt from the definition of #floor area#.

- (d) Special regulations for Parcel 5d within Waterfront Access Plan BK-1

On Parcel 5d within Waterfront Access Plan BK-1, up to 120,000 square feet of floor space within a public #school#, constructed in whole or in part pursuant to agreement with the New York City School Construction Authority and subject to the jurisdiction of the New York City Department of Education, shall be exempt from the definition of #floor area# and from #lot coverage# requirements for the purposes of calculating the permitted #floor area ratio# and #lot coverage# for #community facility uses# and the maximum #floor area ratio# and total permitted #lot coverage# of the #zoning lot#.

(5/14/14)

62-352

Inclusionary Housing

The provisions of Section 23-90 (INCLUSIONARY HOUSING), inclusive, shall apply in #Inclusionary Housing designated areas# on #waterfront blocks# in Community District 1, Borough of Brooklyn, as modified in this Section.

(a) Definitions

For the purposes of this Section, matter in italics is defined in Sections 12-10 or 23-911 (General definitions).

(b) #Floor area compensation#

- (1) For #zoning lots# located in R8 Districts, or located partially in R8 Districts and partially in R6 Districts, the maximum permitted #floor area ratio# on such #zoning lots# may be increased in R6 Districts from 2.43 to 2.75, and in R8 Districts from 4.88 to 6.5; and for #zoning lots# located in R7-3 Districts, the maximum permitted #floor area ratio# on such #zoning lots# may be increased from 3.75 to 5.0, provided that:
 - (i) the amount of #low income floor area# is equal to at least 20 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, on the #zoning lot#; or
 - (ii) the amount of #low income floor area# is equal to at least 10 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, on the #zoning lot#, and the #moderate income floor area# is equal to at least 15 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, on the #zoning lot#.
- (2) For #zoning lots# located entirely within R6 Districts, the maximum permitted #floor area ratio# may be increased from 2.43 to 2.75, provided that:
 - (i) the amount of #low income floor area# is equal to at least 7.5 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, on the #zoning lot#; or
 - (ii) the amount of #low income floor area# is equal to at

least five percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, on the #zoning lot#, and the amount of #moderate income floor area# is equal to at least five percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, on the #zoning lot#.

- (3) For #zoning lots# containing #residences# in R8 or C6-2 Districts, within a #large-scale general development# that is located in or partially within a C6 District, the #floor area# of a #zoning lot# may not exceed the base #floor area ratio# of 4.88, except that such #floor area# may be increased on a #compensated zoning lot# by 1.25 square feet for each square foot of #low income floor area# provided, or by 0.833 square feet for each square foot of #moderate income floor area# provided, up to a maximum #floor area ratio# of 6.5, provided that for each square foot of #floor area compensation# for #moderate income floor area#, there is one square foot of #floor area compensation# for #low income floor area#.

However, to receive such #floor area# increase, the amount of #low income floor area# plus two-thirds of the amount of #moderate income floor area# need not exceed 20 percent of the total #floor area# on all #zoning lots# in R8 or C6-2 Districts within the #large-scale general development#, exclusive of ground floor non-#residential floor area#, #floor area# within a #school#, and #floor area# within a non-#residential building# that is vacant above the ground floor.

For the purposes of the calculations in this paragraph (b)(3), inclusive, an amount of #moderate income floor area# not exceeding 50,000 square feet may be considered #low income floor area#.

For the purposes of this paragraph, (b), inclusive, #low income floor area# may be considered #moderate income floor area#.

Any #zoning lot# located entirely within an R6 District that, in conjunction with a #zoning lot# located partially or entirely within an R8 District, utilizes a distribution of #floor area#, #lot coverage# or #residential# density without regard to #zoning lot lines# or district boundaries pursuant to Section 62-353 (Special floor area, lot coverage and residential density distribution regulations), shall comply with the provisions of paragraph (b)(1) of this Section.

- (c) Permits and certificates of occupancy

The requirements of paragraphs (a) and (b) of Section 23-955 (Additional requirements for compensated developments) shall be modified as follows:

No building permit for any portion of the #compensated development# that utilizes #floor area compensation# pursuant to paragraph (b) of this Section, or is located on any #story# that utilizes the increased height for #developments# that provide Inclusionary Housing as set forth in paragraph (b)(2) of Section 62-354 (Special height and setback regulations) shall be issued until #HPD# has issued a #permit notice# with respect to the #affordable housing# that generates such #floor area compensation#.

No temporary or permanent certificate of occupancy shall be issued for any portion of the #compensated development# that utilizes #floor area compensation# pursuant to paragraph (b) of this Section, or is located on any #story# that utilizes the increased height for #developments# that provide Inclusionary Housing as set forth in paragraph (b)(2) of Section 62-354, until #HPD# has issued a #completion notice# with respect to the #affordable housing#.

(2/2/11)

62-353

Special floor area, lot coverage and residential density distribution regulations

Within any parcel identified in Section 62-931 (Waterfront Access Plan BK1: Greenpoint-Williamsburg), and with respect to any such parcels that are adjacent to each other and that are under single-fee ownership and with respect to which each party having any interest therein is a party in interest (as defined in paragraph (e) of the definition of a #zoning lot# in Section 12-10) or with respect to which each party in interest (as defined in paragraph (f)(4) of the definition of a #zoning lot# in Section 12-10) has executed a declaration declaring that the properties are to be developed as a single parcel or has waived its right to execute such declaration, the total #lot coverage# permitted pursuant to Section 62-322, the total #floor area# permitted pursuant to Sections 62-351 or 62-352 and the #residential# density permitted pursuant to Section 23-22, may be located anywhere within such parcel or between such parcels without regard to #zoning lot lines# or district boundaries provided that such location of #floor area#, #lot coverage# or #residential# density complies with Sections 62-31 (Bulk Computations on Waterfront Lots) and 62-34 (Height and Setback Regulations on Waterfront Blocks), as modified by Section 62-354 (Special height and setback regulations).

(12/10/13)

62-354

Special height and setback regulations

Within Waterfront Access Plan BK-1, the provisions of Section 62-341 (Developments on land and platforms) are modified, as follows:

- (a) Paragraph (c)(1) (Maximum base height) shall be modified in R6 Districts to permit a maximum base height of 65 feet or six #stories#, whichever is less. However, for #buildings or other structures# located on a #zoning lot# with more than 100 feet of frontage on a #street# in an R6 District, at least 20 percent of such frontage shall not exceed a maximum base height of 55 feet or five #stories#, whichever is less.
- (b) Paragraph (c)(2) (Maximum #building# height) shall not apply. In lieu thereof, the provisions of this paragraph, (b), shall apply:
 - (1) The maximum #building# height in an R6 District shall be 65 feet or six #stories#, whichever is less, within 100 feet of Commercial Street, West Street, Dupont Street, Franklin Street and Kent Avenue. Beyond 100 feet of such #streets# and any other portions of an R6 District, the maximum #building# height shall be 110 feet. In R8 Districts, the maximum #building# height shall be 190 feet, except that for #zoning lots developed# with multiple #buildings# or portions of #buildings# that exceed a height of 180 feet, not more than half of such #buildings# or portions of #buildings# may exceed a height of 190 feet, to a maximum #building# height of 290 feet. Such maximum #building# heights of 110 feet, 190 feet and 290 feet may be exceeded by a penthouse portion of a #building#, pursuant to the provisions of paragraph (b)(3) of this Section.
 - (2) For #developments# that provide #affordable housing# pursuant to Section 62-352 (Inclusionary Housing), the increased #floor area# permitted for such #developments# may exceed the height limits of an R8 District set forth in paragraph (b) of this Section, provided that the maximum #building# height shall be 260 feet, except that for #zoning lots developed# with multiple #buildings# or portions of #buildings# that exceed a height of 200 feet, not more than half of such #buildings# or portions of #buildings# may exceed a height of 260 feet to a maximum #building# height of 360 feet. Such maximum #building# heights of 260 feet and 360 feet may be exceeded by a penthouse portion of a

#building#, pursuant to the provisions of paragraph (b) (3) of this Section.

- (3) The maximum #building# height may be exceeded by a penthouse portion of a #building# with a height of not more than 40 feet, only if the gross area of any #story# within such portion has a #lot coverage# of at least 50 percent and not more than 85 percent of the highest #story# that is located entirely below the applicable maximum #building# height. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the penthouse portion, where at least one setback on each face has a depth of at least four feet and a width that, individually or in the aggregate, is equal to at least ten percent of the width of such respective face. For the purposes of paragraphs (b) (1) and (b) (2) of this Section, the penthouse portion shall have four faces, with each face being the side of the rectangle within which the outermost walls of the highest #story# located entirely below the maximum #building# height have been inscribed. The required setbacks shall be measured from the outermost walls of the #building# facing each penthouse portion face. Required setback areas may overlap.

- (c) Paragraph (c) (3) (#Floor area# distribution) shall not apply.
- (d) Paragraph (c) (4) (Maximum #residential# tower size) shall not apply. In lieu thereof, each #residential story# of a #building# located entirely above a height of 85 feet shall not exceed a gross area of 8,100 square feet in an R6 District and 11,000 square feet in an R8 District. However, in R8 Districts, for #buildings# where at least 20 percent of the total #floor area# is comprised of #affordable housing# pursuant to Section 62-352, each #residential story# of such #building# located entirely above a height of 100 feet shall not exceed a gross area of 11,000 square feet. If such #residential story# of a #building# is located partially in an R6 District and partially in an R8 District, it shall not exceed a gross area of 11,000 square feet and any portion located in an R6 District shall not exceed a gross area of 8,100 square feet.
- (e) Paragraph (c) (5) (Maximum width of walls facing #shoreline#) shall not apply. In lieu thereof, the outermost walls of each #story# located entirely above a height of 85 feet shall be inscribed within a rectangle. The maximum length of any side of such rectangle that is parallel or within 45 degrees of being parallel to Kent Avenue, West Street or Commercial Street, whichever is closest, shall not exceed 110 feet. The maximum length of any other side of such rectangle shall not exceed 170 feet, except that for #buildings# where at least 20 percent of the total #floor area# is comprised of #affordable housing#

pursuant to Section 62-352, such maximum length of 170 feet shall apply above a height of 100 feet.

- (f) Paragraph (c)(6) (Ground floor streetscape provisions) shall not apply. In lieu thereof, all off-street parking spaces located within 50 feet of a #street#, a #visual corridor# containing a #private road# and a #shore public walkway#, #upland connection# or #supplemental public access area# and which are located on a #story# that is above the #base plane#, shall be within facilities that are located behind #commercial#, #community facility# or #residential# floor space so that no portion of such parking facility, other than entrances and exits, is visible from such #streets#, #visual corridors# or publicly accessible open spaces. Such floor space shall have a minimum depth of 25 feet. Up to five percent of such floor space may be used for mechanical equipment provided that no floor space used for mechanical equipment is located within 15 feet of the #street wall# of the #building# below a height of 15 feet above the #base plane#, and that no exhaust vents are located on the #street wall# of the #building# below a height of 15 feet above the #base plane#. The remainder of such floor space shall be used for #commercial#, #community facility# or #residential floor area#. Seventy percent of the surface area of the facade of a facility containing parking spaces, which are not otherwise required to be behind such #floor area#, shall be composed of the same materials as the facade of the #building# in which it is located.
- (g) Any roof of a facility containing off-street parking spaces, not otherwise covered by a #building#, which is larger than 400 square feet, shall be landscaped. Up to five percent of such roof area may be used for mechanical equipment, provided that such mechanical equipment is screened from view by a fence which is at least 75 percent opaque or by at least three feet of dense planting. Up to 25 percent of such roof area may be accessible solely from an adjacent #dwelling unit# and the remaining roof area shall be accessible for the recreational use of the occupants of the #building# in which it is located. Hard surfaced areas shall not cover more than 60 percent of such roof area.
- (h) At least 70 percent of the width of the #street wall# of a #building# or #buildings# fronting on a portion of a #street#, #upland connection# or #visual corridor# that is not adjacent to a #shore public walkway# or #supplemental public access area# shall be located within eight feet of such #street line# and extend to a minimum height of 30 feet.
- (i) In addition to the applicable underlying #street# tree planting requirements, all #extensions# which increase the existing #floor area# by more than 10 percent, shall provide #street# trees in accordance with Section 26-41.

(j) On Parcel 5d, the provisions of paragraphs (c)(1) and (c)(2) shall be modified for public #schools# constructed in whole or in part pursuant to an agreement with the New York City School Construction Authority and subject to the jurisdiction of the New York City Department of Education, as follows:

- (1) the maximum base height provisions of paragraph (c)(1) shall not apply; and
- (2) the maximum #building# height provisions of paragraph (c)(2) shall be modified to permit a maximum #building# height of 100 feet or six #stories#, whichever is less.

(12/10/13)

62-355

Special yard regulations

On Parcel 5d within Waterfront Access Plan BK-1, the #yard# provisions of Section 24-36 (Minimum Required Rear Yards) shall not apply to public #schools# constructed in whole or in part pursuant to an agreement with the New York City School Construction Authority and subject to the jurisdiction of the New York City Department of Education.

(4/22/09)

62-40

SPECIAL PARKING AND LOADING REGULATIONS

(4/22/09)

62-41

Special Regulations for Accessory Residential Parking Facilities

The applicable district regulations pertaining to permitted or required off-street parking facilities #accessory# to #residential uses# shall apply to all #developments# on #waterfront blocks# except as modified in this Section or in Section 62-45 (Supplementary Regulations for All Parking Facilities).

(2/2/11)

62-411

Accessory residential roof parking

On #waterfront blocks#, parking spaces #accessory# to #residential uses# may be located on the roof of a #building#, or portion thereof, that does not contain #dwelling units# or #rooming units#, provided that:

- (a) the roof level is not higher than 23 feet above the #base plane#;
- (b) the perimeter of the roof is enclosed by a four foot high parapet wall or other enclosure at least 50 percent opaque;
- (c) trees are provided in accordance with Section 62-655 (Planting and trees) at the rate of one tree for each ten parking spaces for parking areas at grade;
- (d) if on the roof of a portion of a #building# containing #dwelling units# or #rooming units#, the sill level of any #dwelling unit# or #rooming unit# windows opening onto such roof area is at least ten feet above the roof and no parking spaces or vehicular aisles are located within ten feet of a wall with #dwelling unit# or #rooming unit# windows; and
- (e) no flood lighting shall be permitted and any lighting shall be directed away from any #residential# windows on the same or an adjacent #zoning lot#.

(2/2/11)

62-412

Accessory residential off-site parking

For #developments# on #waterfront blocks#, the provisions of Sections 25-52 and 36-42 (Off-Site Spaces for Residences) shall be modified so as to permit all permitted or required #accessory# spaces to be located on a separate #zoning lot#, provided that:

- (a) such off-site facility is not located in an R1, R2, R2X, R3A, R3X, R3-1, R4A, R4-1 or R4B District;
- (b) if such off-site facility is located in other R3, R4 or R5 Districts, such off-site facility is contiguous or would be contiguous except for its separation by a #street# or #street# intersection to the #zoning lot# occupied by the #residences# to which the spaces are #accessory#;

- (c) if such off-site facility is located in other than a R3, R4 or R5 District, all parking spaces shall not be further than 1,000 feet from the nearest boundary of the #zoning lot# occupied by the #residences# to which they are #accessory#;
- (d) in R3, R4 and R5 Districts, such off-site facility shall be an open lot not exceeding 12,000 square feet. In other districts, parking structures shall be permitted and the maximum size of the facility shall be governed by the provisions of Sections 25-12 and 36-12 (Maximum Size of Accessory Group Parking Facilities);
- (e) in #Residence Districts#, no parking spaces are located within a required #front yard# or within four feet of any #lot line#. #Front yards# shall be planted and screening shall be provided along any #lot lines# in accordance with Section 62-655 (Planting and trees);
- (f) in all districts, lighting shall be directed away from adjoining #buildings# containing #residences#. In no event shall flood lighting be permitted for off-site facilities in #Residence Districts#; and
- (g) in all districts, trees shall be provided in accordance with Section 62-655 at the rate of one tree for each ten parking spaces for on-site facilities within a #waterfront block#.

(4/22/09)

62-42

Special Regulations for Accessory Non-Residential Parking Facilities

The applicable district regulations pertaining to permitted or required off-street parking facilities #accessory# to non-#residential uses# shall apply to all #developments# on #waterfront blocks# except as modified in this Section or in Section 62-45.

(2/2/11)

62-421

Accessory non-residential roof parking

On #waterfront blocks#, parking spaces #accessory# to non-#residential uses# may be located on the roof of a #non-residential building# or a non-#residential# portion of a #building# containing #residential use#, provided that they comply with Section 62-411 (Accessory

residential roof parking), paragraphs (a) through (e).

(4/22/09)

62-422

Accessory non-residential off-site parking

For #developments# on #waterfront blocks#, the provisions of Sections 36-43 (Off-Site Spaces for Commercial or Community Facility Uses) and 44-32 (Off-Site Spaces for all Permitted Uses) shall be modified to permit such spaces to be within 1,000 feet of the #zoning lot# to which they are #accessory#.

(4/22/09)

62-43

Parking Requirements for Commercial Docking Facilities

#Accessory# off-street parking spaces, open or enclosed, shall be provided in conformity with the requirements set forth in the table below for all #developments# involving the commercial docking facilities listed. For the purposes of this Section, the term #development# shall also include, in the case of an existing docking facility, an increase in any unit of measurement used in computing parking requirements.

In addition, passenger drop-off and pick-up areas shall be provided as set forth in Section 62-462.

#Accessory# off-street parking or drop-off and pick-up area requirements for docking facilities serving ferries or sightseeing, excursion or sport fishing vessels may be modified by City Planning Commission authorization pursuant to the provisions of Section 62-821.

REQUIRED PARKING SPACES FOR DOCKING FACILITIES

Docking Facilities Serving	Districts	Number of Required Parking Spaces
Non-commercial pleasure boats	C1 thru C8 M1 M2 M3	1 per 2 berths or moorings

- * For sightseeing, excursion, sport fishing or passenger ocean vessels, "p" is the sum of the maximum capacities of all such vessels using a dock. The maximum capacity of each vessel is its U.S. Coast Guard certified capacity

For ferries, "p" is the total ferry passenger load of a dock on weekdays between the hours of 6:00 a.m. and 9:00 a.m., as determined by the N.Y.C. Department of Transportation

For docks serving both above categories of vessels, the number of parking spaces required shall be the sum of the number of spaces required for each category

- ** By City Planning Commission special permit only for ferries or passenger ocean vessels in districts indicated

(4/22/09)

62-44

Parking and Loading Requirements for Floating Structures

#Accessory# off-street parking spaces and loading berths shall be provided for all #developments# on #floating structures# in accordance with applicable district regulations unless specifically modified by this Chapter.

Where #floor area# is the unit of measurement for a #use#, the #floor area# shall be deemed to be the area of all floors or decks, both open and enclosed, on all levels of the #floating structure#. Floor or deck space occupied permanently and exclusively by mechanical equipment or that is normally inaccessible for human occupancy may be excluded.

Where #lot area# is the unit of measurement for a #use#, the #water coverage# of the #floating structure# shall be deemed to be #lot area#.

(2/2/11)

62-45

Supplementary Regulations for All Parking Facilities

The applicable district regulations for #developments# with #accessory# or public parking facilities are further modified by this Section.

(4/22/09)

62-451

Parking spaces on floating structures

No #accessory# parking spaces shall be located on a #floating structure# except in conjunction with a special permit pursuant to Section 62-833 (Uses on floating structures).

(4/22/09)

62-452

Off-site parking in public parking facilities

Notwithstanding the provisions of Section 12-10 (DEFINITIONS), a #public parking garage# or #public parking lot# may include permitted or required #accessory# off-street parking spaces which are #accessory# to #uses# on a separate #zoning lot#, provided that:

- (a) the #uses# to which they are #accessory# are on a #zoning lot# within a #waterfront block#;
- (b) the entrance to the facility is not further than 1,000 feet from the nearest boundary of the #zoning lot# occupied by the #uses# to which it is #accessory#; and
- (c) the ownership requirement for such #accessory# off-street parking spaces is satisfied by an interest commensurate with the interest of the principal #use#.

Whenever #accessory# parking spaces are provided off-site within a public parking facility, the number of spaces and the #use# to which they are #accessory# shall be recorded on the certificates of occupancy for both the principal #use# and the public parking facility.

(4/22/09)

62-453

Screening requirements for parking facilities on waterfront blocks

- (a) Open parking areas on #waterfront blocks# shall be screened from all adjoining #zoning lots# pursuant to Section 62-655 (Planting and trees), paragraph (a)(7)(iii), or from a #street# or an

#upland connection# pursuant to Section 37-921 (Perimeter landscaping). Screening may be interrupted only by vehicular or pedestrian entrances.

- (b) All parking garages that occupy the ground floor frontage along any #street# or #upland connection# shall be screened in accordance with the planting requirements of Section 62-655.
- (c) For parking garages on #piers#, at least 50 percent of the perimeter wall area on all sides fronting on public access areas, up to a height of 15 feet, shall consist of clear or lightly-tinted transparent material or latticework.
- (d) The screening requirements shall not apply to #accessory# parking for WD #uses# or other #uses# in Use Groups 16, 17 or 18, when located in C8 or #Manufacturing Districts#, except as set forth in the applicable district regulations.

(10/9/13)

62-454

Off-street parking in large-scale general developments in Community District 1 in Queens

For #large-scale general developments# within the Hallets Point Peninsula in Community District 1, in the Borough of Queens, #floor area# shall not include floor space used for off-street parking spaces provided in any #story# located not more than 33 feet above the #base plane#, provided that where such facilities front upon #streets# and #waterfront public access areas#, such spaces are within facilities that are located behind #commercial#, #community facility# or #residential# floor space so that no portion of such parking facility, other than entrances and exits, is visible from such #street# or #waterfront public access areas#. Such floor space shall have a minimum depth of 18 feet.

(4/22/09)

62-46

Supplementary Regulations for Loading Facilities

The applicable district regulations pertaining to permitted or required #accessory# off-street loading facilities shall apply to all #developments#, except as modified in this Section.

(4/22/09)

62-461

Screening requirements for loading facilities on waterfront blocks

All open off-street loading berths on #waterfront blocks# shall be screened from all adjoining #zoning lots#, including such #zoning lots# situated across a #street# and from all public access areas on the #zoning lot# pursuant to Section 62-655 (Planting and trees). Screening may be interrupted only by vehicular or pedestrian entrances.

The screening requirement shall not apply to #accessory# loading berths for WD #uses# or other #uses# in Use Groups 16, 17 or 18, when located in C8 or #Manufacturing Districts#, except as set forth in the applicable district regulations.

(2/2/11)

62-462

Passenger drop-off and pick-up areas for docking facilities

All #developments# providing new docking facilities serving ferries, sightseeing, excursion, sport fishing or passenger ocean vessels, shall provide an area for the drop-off and pick-up of passengers by car, taxi, van and bus as shown in the table in this Section. Such area shall be located on the #zoning lot# or on another #zoning lot# in the same or an adjoining #Commercial# or #Manufacturing District#, which is contiguous to the #zoning lot# occupied by the docking facility, or would be contiguous except for its separation by a #street# or #street# intersection.

Such area shall be accessed by a one-way driveway at least 15 feet wide with separate entranceways and exits located at least 50 feet apart on the same #street# or located on separate #streets#, provided that no entrance or exit is less than 50 feet from a #street# intersection.

Such area, which may include the driveway on the #zoning lot#, shall be large enough to accommodate the number of vehicles required by the following table, based on a dimensional allowance of 10 feet by 20 feet for cars, taxis and vans and 12 feet by 50 feet for buses.

The Commissioners of Buildings or Business Services, as applicable, may accept an equivalent lay-by area on a portion of a #street# adjoining the #zoning lot#, if such #street# treatment and drop-off area is approved by the Department of Transportation.

REQUIRED DROP-OFF AND PICK-UP SPACES FOR VARIOUS DOCKING
FACILITIES

Docks Serving	Maximum Vessel Capacity*	Number of Car Spaces**	Number of Bus Spaces
Ferries	100 or more	1 for each 50 passengers over 100; maximum requirement 10	None Required
Sightseeing, excursion, or sport fishing vessels	Up to 200 Over 200	None Required 1 for each 50 passengers over 200; maximum requirement 15	None Required 1 for each 50 passengers over 200; maximum requirement 2
Any #commercial# vessels	Over 2,500	20	3

* Capacity of the largest vessel using a dock. Capacity of a vessel is its U.S. Coast Guard certified capacity. For ferries, the N.Y.C. Department of Transportation operating permit capacity may be used as the vessel capacity

** Includes cars, taxis and vans

(4/22/09)

62-47

Special Parking and Loading Regulations for Waterfront Access Plan BK-1

Within Waterfront Access Plan BK-1, the special parking and loading regulations of this Section are further modified as follows:

- (a) The provisions of Sections 62-411 and 62-421 shall not be applicable.
- (b) #Accessory# off-street parking spaces for #uses# permitted pursuant to Section 62-29 shall be provided in conformity with

the regulations of Sections 36-21, 36-22 and 36-232 for C2-4 Districts.

- (c) Any required #accessory# off-street parking spaces provided for #uses# located on a parcel identified in Waterfront Access Plan BK-1 may be located anywhere within such parcel.

(2/2/11)

62-50

GENERAL REQUIREMENTS FOR VISUAL CORRIDORS AND WATERFRONT PUBLIC ACCESS AREAS

All #zoning lots developed# within #waterfront blocks# shall be subject to the provisions of this Section and Section 62-81 (Certifications by the Chairperson of the City Planning Commission).

For the purpose of determining requirements for #waterfront public access areas#, the #lot area# of #waterfront zoning lots# shall be deemed to be the area of the #upland lot# and #water coverage# of structurally sound #piers# and #platforms# within the #seaward lot#.

All #waterfront public access areas#, including those required pursuant to paragraph (b) of Section 62-52 (Applicability of Waterfront Public Access Area Requirements), shall comply with the provisions of 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), except as modified by:

- (a) authorization of the City Planning Commission, pursuant to Section 62-822 (Modification of waterfront public access area and visual corridor requirements);
- (b) special permit of the City Planning Commission, pursuant to Sections 62-833 (Uses on floating structures), 62-834 (Developments on piers and platforms) or 74-79 (Transfer of Development Rights from Landmark Sites); or
- (c) the establishment of a Waterfront Access Plan, pursuant to Section 62-90.

However, the design of portions of #waterfront public access areas# located within New York State-designated wetlands or their adjacent regulated areas, shall be in accordance with an approval from the New York State Department of Environmental Conservation.

In the event of a conflict between the provisions of this Section and a Waterfront Access Plan, the Plan shall control.

(2/2/11)

62-51

Applicability of Visual Corridor Requirements

#Visual corridors# shall be provided for #zoning lots developed# within #waterfront blocks# in accordance with the provisions of this Section.

However, the following shall be exempt from the provisions of this Section:

airports, heliports and seaplane bases

#developments# in C8 or #Manufacturing Districts# comprised #predominantly# of #uses# in Use Groups 16, 17 or 18, except for docking facilities serving passenger ocean vessels or sightseeing, excursion or sport fishing vessels

#developments# in R1 or R2 Districts

#developments# comprised of #single-# or #two-family residences# within #detached#, #semi-detached# or #zero lot line buildings# on #zoning lots# less than 10,000 square feet in any district

#extensions#

changes of #use# within existing #buildings or other structures#.

In the event the #visual corridor# requirement imposed on the #zoning lot# exceeds 50 percent of the #lot width# or there is no way to provide a #visual corridor# in compliance with Section 62-511, no #visual corridors# shall be required.

(4/22/09)

62-511

Location of visual corridors

#Visual corridors# shall be provided through the #zoning lot# using the following methodology:

- (a) the #street lines# of a #street# shown on the City Map which extend seaward of the first upland #street# bounding a #waterfront block# and terminate at a #waterfront block# shall be prolonged as a #visual corridor# through all intervening #zoning

lots# to the water if the prolonged #street# would intersect the #shoreline# at an angle of 45 degrees or more and there are no existing obstructions blocking 50 percent or more of the width of the #visual corridor# that would result;

- (b) a #visual corridor# designated in a Waterfront Access Plan that traverses the #zoning lot# shall be maintained through the #zoning lot# in accordance with the provisions of such plan; and
- (c) the #street lines# of a #street# shown on the City Map which terminate at the first upland #street# bounding a #waterfront block#, and which #street# would, if prolonged, traverse the #zoning lot# and intersect the #shoreline# at an angle of 45 degrees or more without traversing an intervening #zoning lot#, shall be prolonged as a #visual corridor# if there are no existing obstructions blocking 50 percent or more of the width of the #visual corridor# that would result.

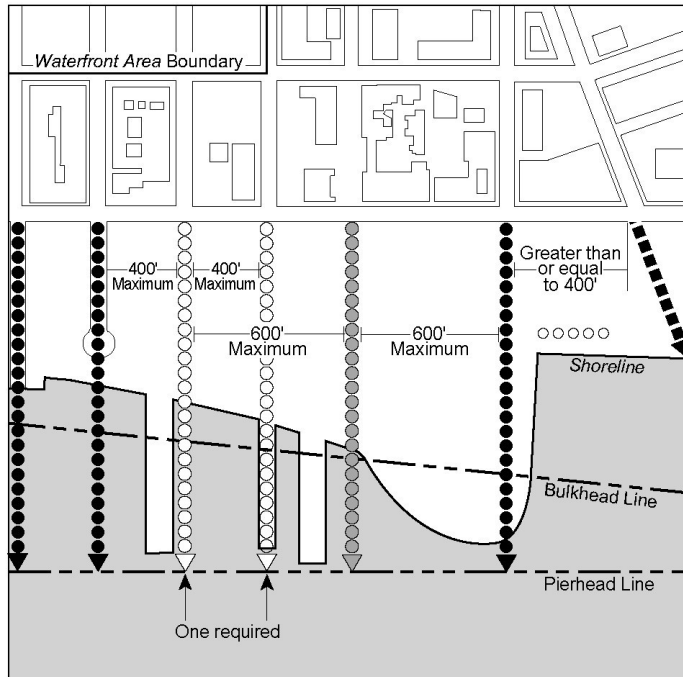

Such #visual corridor# pursuant to paragraph (c) of this Section shall not be required if any of the following conditions exist within 400 feet, as measured along the #street line# of the first upland #street# bounding the #waterfront block#, and its elimination does not result in a condition whereby #visual corridors# through the #zoning lot# or to either side of the #zoning lot# are more than 600 feet apart:

- (1) there is an existing mapped #street# extending to the water that intersects the #shoreline# at an angle of 45 degrees or more;
- (2) there is a required #visual corridor# pursuant to paragraph (a) of this Section;
- (3) there is an existing designated #visual corridor# either previously recorded by another property owner or mandated in a Waterfront Access Plan; or
- (4) the property owner is presently designating another #visual corridor# through the #zoning lot# pursuant to paragraph (c) of this Section which is equal to or greater in width than the #visual corridor# that would be eliminated.

For the purposes of paragraphs (a) and (c) of this Section, the angle of intersection of a #street# with the #shoreline# shall be determined from the intersection of the centerline of the #street#, or its prolongation, with the #shoreline#. The line connecting the two points of intersection of the #street lines#, or their prolongation, with the #shoreline# shall be deemed to be the #shoreline# (see illustration of Visual Corridor).

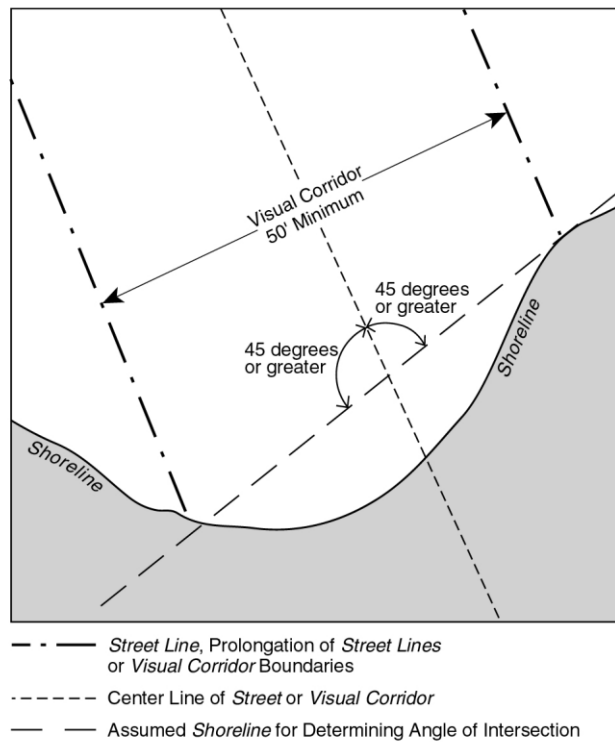

No existing #street#, or its prolongation, shall be considered presently blocked due to the presence of elevated roadways, elevated railways, or pedestrian or vehicular bridges existing on October 25, 1993.

In the event the methodology of this Section results in a condition whereby #visual corridors# through the #zoning lot# or to either side of the #zoning lot# are more than 600 feet apart, as measured along the #street line# of the first upland #street# bounding the #waterfront block#, additional #visual corridors# shall be provided at locations that would maintain a maximum spacing of 600 feet without traversing an intervening #zoning lot#. Such spacing may be increased only where an intervening #zoning lot# or an existing #building or other structure# on the #zoning lot# prevents compliance and only to the minimum dimension necessary to clear the intervening #zoning lot# or existing #building or other structure#. However, no #visual corridor# shall be required where such increased spacing would place it within 200 feet of another #visual corridor#. In order to determine the location of the nearest #visual corridors#, the methodology of paragraphs (a), (b) and (c) of this Section shall be applied to the adjoining portions of the #block# frontage to either side of the #zoning lot#.

- ▶ Designated *Visual Corridor* or Mapped *Street* Seaward of the First Upland *Street* (Mandatory Location for Visual Corridor)
- ▶ Mapped *Street* Terminating at First Upland *Street* (Alternative Location for *Visual Corridors* Mandatory at Maximum Intervals of 400 Feet)
- ▶ No Upland *Street* (*Visual Corridor* Mandatory at Maximum Intervals of 600 Feet)
- ▶ Mapped *Street* Terminating at First Upland *Street* (Distance Greater than or Equal to 400 Feet: Mandatory Location)

VISUAL CORRIDOR LOCATIONS (62-511.1)

VISUAL CORRIDOR
(ANGLE OF SHORELINE INTERSECTION)
(62-511.2)

(4/22/09)

62-512

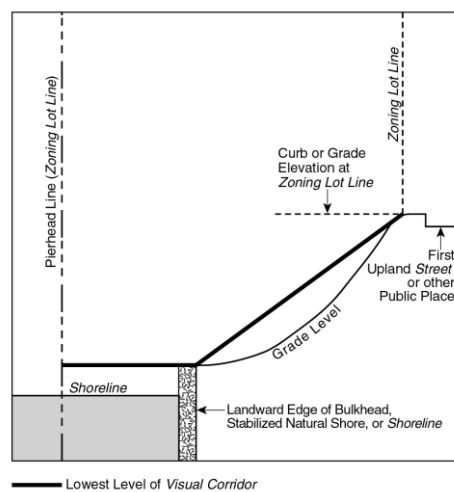

Dimensions of visual corridors

The width of a #visual corridor# shall be determined by the width of the #street# of which it is the prolongation but in no event less than 50 feet. #Visual corridors# that are not the prolongations of #streets# shall be at least 50 feet wide. For the purposes of establishing the width, vehicular turnarounds at the terminations of such #streets#, including curved or flanged treatments at intersections, shall be omitted.

The lowest level of a #visual corridor# shall be determined by establishing a plane connecting the two points along the #street lines# from which the #visual corridor# emanates at curb elevation with the two points where the prolonged #street lines# intersect the #shoreline#, stabilized natural shore, bulkhead or the #base plane# of

a #pier# or #platform#, whichever intersection occurs first. Such plane shall then continue horizontally seaward from the line of intersection. #Visual corridors# that are not prolongations of mapped #streets# shall be determined by establishing a plane connecting the curb elevation at the two points along the #lot line# from which the #visual corridor# emanates with the two points of intersection at the #shoreline#, stabilized natural shore, bulkhead or the #base plane# of a #pier# or #platform#, whichever intersection occurs first.

No obstructions are permitted within a #visual corridor#, except as set forth in Sections 62-513 and 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), inclusive, when a #visual corridor# coincides with an #upland connection#.

LEVEL OF VISUAL CORRIDOR
(62-512)

(2/2/11)

62-513

Permitted obstructions in visual corridors

No #building or other structure# shall be erected within the width of a #visual corridor# above its lowest level, as established pursuant to Section 62-512 (Dimensions of visual corridors), except as provided in this Section. Permitted obstructions within #visual corridors# in all districts shall include:

- (a) permitted obstructions listed in 62-611, provided that no shade trees shall be planted within 15 feet of the centerline of a #visual corridor#, except when provided within an open parking lot;

- (b) permitted obstructions listed in 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), as modified for #waterfront yards# in Section 62-332;
- (c) boats, ships or other vessels, and #floating structures# permitted by paragraph (a) of Section 62-25;
- (d) any moving or parked vehicles;
- (e) street furniture, including but not limited to, carts and open display booths; and
- (f) swimming pools, provided no portion projects more than 18 inches above the lowest level of a #visual corridor#.

(3/26/14)

62-52

Applicability of Waterfront Public Access Area Requirements

Waterfront public access shall be provided for all #waterfront zoning lots# with a #lot area# of at least 10,000 square feet and a #shoreline# of at least 100 feet that are #developed#, and for all #developments# on #floating structures#, in accordance with the provisions of the following Sections:

Section 62-53 Requirements for Shore Public Walkways

Section 62-54 Requirements for Public Access on Piers

Section 62-55 Requirements for Public Access on Floating Structures

Section 62-56 Requirements for Upland Connections

Section 62-57 Requirements for Supplemental Public Access Areas.

However, #zoning lots# with #developments# listed in paragraph (a) of this Section shall be exempted from #waterfront public access area# requirements; #zoning lots# with #developments# listed in paragraph (b) of this Section shall provide a #waterfront public access area# only as referenced therein.

- (a) The following shall be exempted from #waterfront public access area# requirements:

airports, heliports, seaplane bases;

#developments# comprised of #predominantly# WD #uses#, except as set forth in paragraph (b)(1) of this Section;

#developments# in C8 or #Manufacturing Districts#, comprised of #predominantly# Use Group 16, 17 or 18 #uses#, as listed in Article III, Chapter 2, and Article IV, Chapter 2, except as set forth in paragraph (b)(2) of this Section;

#developments# in R1 or R2 Districts;

#developments# comprised of #single-# or #two-family residences# within #detached#, #semi-detached# or #zero lot line buildings# in any district;

#developments# in R3, R4, R5, C3 or C4-1 Districts and in C1 or C2 Districts mapped within R1 through R5 Districts, comprised of #predominantly residential uses#;

#enlargements# which in the aggregate involve an increase in #floor area# (or for open #uses#, #lot area#) of less than 50 percent of the amount existing on the #zoning lot# on October 25, 1993, and not more than 20,000 square feet;

#extensions# which in the aggregate involve an increase in the amount of #floor area# occupied by such existing #uses# of less than 50 percent of the amount existing on October 25, 1993, and not more than 20,000 square feet;

changes of #use#, from exempt #uses#, as listed in this Section, to non-exempt #uses#, where the aggregate amount of #floor area# or #lot area# involved is less than 50 percent of the amount existing on October 25, 1993, and not more than 20,000 square feet;

(b) #Waterfront public access areas# required in conjunction with the following #developments# shall be subject to the minimum #waterfront public access area# set forth in the table in Section 62-57 and the requirements of Section 62-58 (Requirements for Water-Dependent Uses and Other Developments):

- (1) #developments# comprised #predominantly# of the following WD #uses#: docks for non-commercial pleasure boats, ferries, sightseeing, excursion or sport fishing vessels, #boatels# or commercial beaches;
- (2) #developments# on #piers# or #platforms# that involve existing #buildings or other structures# that are either New York City-designated landmarks or have been calendared for

consideration, or are listed or eligible to be listed in the National or New York State Registers of Historic Places; or

- (3) changes of #use# or #extensions# within #buildings# existing on October 25, 1993, which involve, in aggregate, an amount of #floor area# that is less than 30 percent of the maximum #floor area# permitted on the #zoning lot# for either #commercial# or #residential use#, whichever is greater.

In Community District 1 in the Borough of Brooklyn, on #zoning lots# with #developments# comprised exclusively of docks for ferries with a vessel capacity of up to 399 passengers, and #accessory# amenities for such docking facilities, such #zoning lots# shall be exempt from the #waterfront public access area# requirements of this Section, provided that such docking facilities are certified by the Chairperson of the City Planning Commission, pursuant to Section 62-813 (Docking facilities for ferries or water taxis in certain waterfront areas). However, for any subsequent #development# on such #zoning lot# that is not comprised exclusively of docks for ferries, the public access requirements of this Section shall apply, and any public access exemptions for such docks for ferries shall no longer apply.

(2/2/11)

62-53

Requirements for Shore Public Walkways

- (a) All #waterfront zoning lots# meeting the criteria set forth in Section 62-52 (Applicability of Waterfront Public Access Area Requirements), or #floating structures#, shall provide a #shore public walkway#, which shall comply with the following requirements:
 - (1) Such #shore public walkway# shall have a seaward edge contiguous with the seaward edge of the #waterfront yard# as established in Section 62-332 (Rear yards and waterfront yards) with a minimum width measured from such edge as set forth in paragraph (a)(2) of this Section, or for #floating structures#, as set forth in Section 62-55, unless relocation or modification of width is permitted pursuant to this Section;
 - (2) Such #shore public walkway# shall have a minimum width of 30 feet for #zoning lots developed# with #predominantly community facility# or #commercial uses# in R3, R4, R5 and C3 Districts, and such #uses# in C1 and C2 Districts mapped within R1 through R5 Districts. The minimum width for a

#shore public walkway# provided for a #zoning lot developed# with any #use# in all other districts, other than R1 and R2 Districts, shall be 40 feet.

(3) The minimum width of the #shore public walkway# set forth in paragraph (a)(2) of this Section may be reduced at the following locations provided no #shore public walkway# is reduced to less than 10 feet:

(i) on shallow portions of #zoning lots# that are less than 150 feet in depth, the minimum width of a #shore public walkway# may be reduced by one foot for every two feet that the lot dimension, measured from such edge, is less than 150 feet;

(ii) on narrow portions of #platforms# that are less than 150 feet in depth between the water edges located perpendicular to the landward edge of such #platform#, the minimum width of such #shore public walkway# along each opposite edge may be reduced by one foot for every two feet that the #platform# dimension is less than 150 feet.

(b) In the case of a natural #shoreline# within New York State-designated wetlands, the #shore public walkway# shall be permitted to be relocated using either of the following methods:

(1) further landward within the designated wetlands or its adjacent regulated area in accordance with an approval from the New York State Department of Environmental Conservation, in which case its width and design shall be determined by such agency; or

(2) immediately adjacent and contiguous to the landward boundary of the wetlands area and any State-regulated adjacent area at the same elevation, in which case its width shall be measured from the seaward edge, as relocated.

(c) #Shore public walkways# shall be accessible from a public sidewalk within a #street#, #public park# or other accessible open public place, according to the provisions of Section 62-56 (Requirements for Upland Connections). #Shore public walkways# shall connect with #shore public walkways# on adjoining #zoning lots#.

(d) Whenever a #zoning lot# is divided by a boundary between districts, each portion of the #shore public walkway# shall be governed by the width requirement specified for the district in which it is located. However, the total area of required #shore public walkway#, in square feet, may be distributed anywhere in

the #waterfront yard#, provided that the #shore public walkway# is at no point narrower than the lesser of the widths required by each district.

(2/2/11)

62-54

Requirements for Public Access on Piers

- (a) All #developments# on #zoning lots# containing #piers# shall provide #waterfront public access areas# that meet the provisions of this Section.

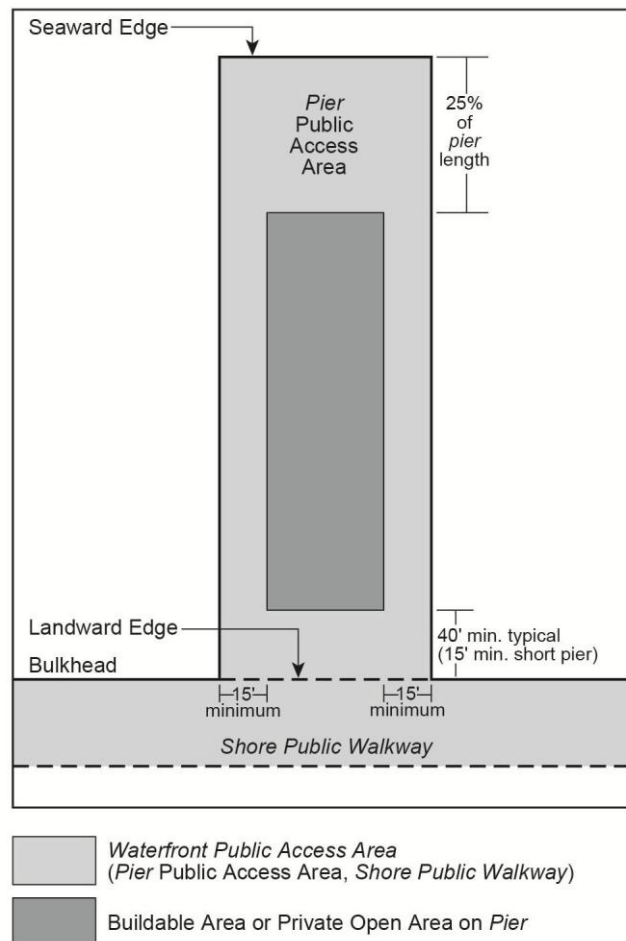

#Waterfront public access areas# on #piers# shall consist of:

- (1) an area along the seaward edge of the #pier# having a depth measured from such seaward edge equal to at least 25 percent of the overall length of the #pier#. Portions of #buildings# may project into the required #waterfront public access area#, provided that the aggregate width of all such projections at the level of any #story# does not exceed 50 percent of the aggregate width of the #building#. For the purposes of this paragraph, #abutting buildings# on a single #zoning lot# shall be considered a single #building#. The depth of the required #waterfront public access area# may be reduced by no more than 20 percent; such projections shall not be included in the computation of #waterfront public access area# provided on the #pier#. In no event shall the depth of the public access area be less than 15 feet;
- (2) an area along the landward portion of the #pier#, having a depth of 40 feet, measured seaward from the bulkhead, stabilized or natural #shoreline#, or #platform# edge from which the #pier# projects. The depth of such area, however, need not exceed 25 percent of the length of the #pier#. In no event shall the depth of such area be reduced to less than 15 feet; or
- (3) an area along all other water edges of the #pier#, having a depth of 15 feet measured from such edges. For portions of #piers# wider than 80 feet, the depth along the edges of such portion shall be increased by three inches for each additional foot of #pier# width over 80 feet, but need not exceed a total of 60 feet, in aggregate, for all other edges. Such areas along water edges which are directly opposite each other may be aggregated so that the entire area is along one edge. Alternatively, the required area may also be allocated to such opposite edges so that the total

aggregate depth is maintained with a minimum 15 foot depth along any edge.

- (b) Notwithstanding the requirements of paragraph (a) of this Section, when a #pier# is #developed predominantly# with a playground or private park, the #waterfront public access area# requirement on the #pier#, pursuant to Sections 62-52 and 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), inclusive, shall be deemed to be satisfied by such #use#.

#Pier# public access areas shall be directly accessible from a #waterfront public access area#, public sidewalk within an open #street#, #public park# or other accessible public place, or other public access area. For #piers developed predominantly# with a playground or private park, the minimum width of such connection shall be equal to at least 50 percent of the width of a #pier# where it projects from the bulkhead, stabilized or natural #shoreline#, or #platform# edge.

PUBLIC ACCESS REQUIREMENTS ON PIERS
(62-54)

(4/22/09)

62-55

Requirements for Public Access on Floating Structures

All #developments# on #floating structures# permitted as-of-right, pursuant to Section 62-25, shall provide #waterfront public access areas# in accordance with the provisions of this Section.

#Developments# subject to a special permit pursuant to Section 62-833 shall provide public access in accordance with a plan established pursuant to such special permit.

- (a) Public access in conjunction with a #development# on a #floating structure# shall consist of a 30 foot wide #shore public walkway# along the entire length of the #shoreline#, including the water edge perimeter of a #platform# projecting from any portion of the #shoreline# in accordance with the provisions of Section 62-53. In the event that there is additional #development# on the #zoning lot# requiring a 40 foot width, the greater width shall be provided.
- (b) When the primary entrance to a #floating structure# is located on a #pier#, and there is no other #development# on the #pier# that would require #pier# public access, a 15 foot wide public access area shall be provided in addition to the #shore public walkway#, along the full length of one of the longer water edges of the #pier#. Such public access area shall be directly connected to the #shore public walkway#.

(4/22/09)

62-56

Requirements for Upland Connections

All #waterfront public access areas# provided pursuant to Sections 62-53 (Requirements for Shore Public Walkways), 62-54 (Requirements for Public Access on Piers) or 62-55 (Requirements for Public Access on Floating Structures) shall be accessible from an open #street#, #public park# or other public place at intervals along the #shore public walkway# not to exceed 600 feet by means of either a direct connection or, where no direct connection exists, an #upland connection# between the #shore public walkway# and an adjoining public sidewalk within an open #street#, #public park# or other public place.

Where there is an intervening #zoning lot# that would prevent

compliance with the maximum interval, such interval may be increased to the minimum necessary to clear the intervening #zoning lot#. In the event there is no way to provide the #upland connection# without encroaching on an intervening #zoning lot#, the #upland connection# shall not be required.

(4/22/09)

62-561

Types of upland connections

#Upland connections# shall be provided as a single pedestrian walkway pursuant to paragraph (a) of this Section or as two pedestrian walkways pursuant to paragraph (b) of this Section.

(a) Single pedestrian walkway (Type 1)

- (1) The minimum width of an #upland connection# provided in the form of a single pedestrian walkway (hereinafter referred to as "Type 1") shall be as set forth in the table in this Section. Such widths shall be increased by 20 feet within 15 feet of a #street#, #public park# or other public place, hereinafter referred to as an "entry area".

Such widths may be reduced on #zoning lots# having a #lot width# less than 150 feet; the minimum width of a single pedestrian walkway may be reduced by an amount equal to one foot for each two feet that the lot is less than 150 feet. However, in no event shall the width be less than the reduced minimum width specified in the table.

MINIMUM WIDTH FOR TYPE 1 UPLAND CONNECTIONS

Districts	Minimum width (in feet)	Reduced minimum width(in feet)
R3 R4 R5 C1 C2 mapped in R1-R5 C3	20	12
R6 R7 R8 R9 R10 C1 C2 C4 C5 C6 C7 C8 M1 M2 M3	30	16

- (2) Where an #upland connection# does not coincide with a #visual corridor#, a 20 foot wide open area shall be required seaward of the entry area, and shall extend along the entire remaining length of the #upland connection# but

need not be publicly accessible. This open area may be located on either side of the #upland connection# or aggregated in any combination, so that the total width of the open area, at any point along the #upland connection#, is 20 feet. Such increased widths may be modified in accordance with the reduced minimum width provisions in paragraph (a)(1) of this Section.

- (3) Where an #upland connection# traverses portions of a #zoning lot# located in districts in which different width requirements apply, the width of the #upland connection# shall be computed as the weighted average based on the length of the #upland connection# in each district.

(b) Two pedestrian walkways (Type 2)

- (1) The minimum width of an #upland connection# provided in the form of two pedestrian walkways, one on each side of the roadbed of a private driveway (hereinafter referred to as "Type 2"), shall be 13 feet for each such walkway. However, where a private driveway terminates in a vehicular turnaround, the minimum width of the #upland connection# abutting such turnaround shall be ten feet.
- (2) In addition, a "transition area" shall be provided which shall have a width equal to the combined width of the Type 2 #upland connection# and the roadbed, and shall extend for a distance of 40 feet measured from the termination of such roadbed in the direction of the #shore public walkway#, as shown in Illustrations 1 and 2 in this Section, for roadbeds that turn and roadbeds that terminate in a turnaround, respectively.

Illustration 1
Upland Connection with Roadbed Turn
(62-561b2.1)

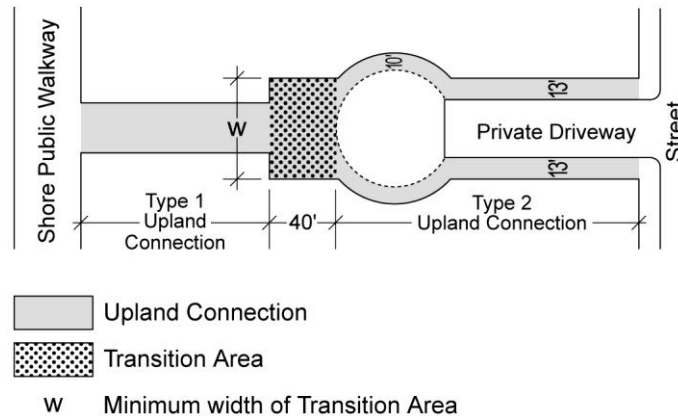

Illustration 2
Upland Connection with Vehicular Turnaround
(62-561b2.2)

- (3) Such transition area is not required for roadbeds that turn and are located within 15 feet of a #shore public walkway#, or for #waterfront zoning lots# that are less than 255 feet in depth and 260 feet in width. However, for #waterfront zoning lots# that are less than 255 feet in depth and 260 feet in width, an area of at least 10 feet in width shall be provided between the edge of the roadbed and the upland boundary of the #shore public walkway#, as shown in illustration 3.

Maximum Zoning Lot Dimensions to Waive Transition Area
(62-561b3)

(4/22/09)

62-57

Requirements for Supplemental Public Access Areas

- (a) If the aggregate area of the required #shore public walkways#, #upland connections#, public access areas on #piers#, and public access areas in conjunction with #floating structures# on the #zoning lot#, is less by 750 square feet or more than the amount of #waterfront public access area# required by the table in this Section, then #supplemental public access areas# shall be provided in order to meet the total amount of #waterfront public access area# required by the table. However, when a #zoning lot# is #developed predominantly# as a playground or publicly accessible private park, the requirements of this Section shall be deemed to be satisfied by such #use#.
- (b) Where #supplemental public access areas# are required within New York State-designated wetlands or adjacent State-regulated areas, the area requirements and the design standards for such #supplemental public access areas# may be reduced or modified by the New York State Department of Environmental Conservation.

#Supplemental public access areas# shall not be required where the total area of such designated wetlands and adjacent State-regulated areas on the #zoning lot# is equal to or greater than

the total #supplemental public access area# requirement and the Department of Environmental Conservation determines that public access to such areas is not permitted.

- (c) Whenever a #zoning lot# is divided by a boundary between districts in which different thresholds apply pursuant to the table in this Section, the #waterfront public access area# requirement shall be met for the entire #zoning lot#, provided that:
- (1) the #lot area# or length of #shoreline# in either district is less than the minimum threshold for which there is a total #waterfront public access area# requirement; and
 - (2) the total #lot area# or length of #shoreline# for the entire #zoning lot# is greater than the lowest threshold in either district for which there is a total #waterfront public access area# requirement.

Each portion of the #zoning lot# shall generate a total #waterfront public access area# requirement based on the percentage required in the table for the district in which it is located.

WATERFRONT PUBLIC ACCESS AREA REQUIREMENTS

Districts	#Zoning Lot# Threshold	Total #Waterfront Public Access Area# Requirement as a Percentage of #Lot Area#
R3, R4, R5, C1 or C2 in R1-R5 C3, C4-1	#Lot area#: 65,340 sq. ft. #Shoreline# length: 600 ft.	15
R6, R7-1, R7-2, R7A, R7B, R7D, R8B and #Commercial Districts# governed by the #bulk# regulations of such #Residence Districts#	#Lot area#: 20,000 sq. ft. #Shoreline# length: 100 ft.	15

square feet and have a minimum width to depth ratio of 3:1. The minimum depth perpendicular to the #shore public walkway#, as a weighted average, shall be 25 feet.

The width to depth requirements of paragraphs (a)(1) and (a)(2) of this Section may be satisfied with weighted average dimensions. The minimum angle between the two boundary lines of a #supplemental public access area# coinciding with the private portion of the #zoning lot# shall be 90 degrees.

(b) A #supplemental public access area# may be provided:

- (1) to widen the #shore public walkway#, with a minimum width of 10 feet running continuously along the #shore public walkway# between any two of the following: an #upland connection#, open #street#, #public park# or other public place;
- (2) as a pedestrian sidewalk area abutting a roadbed running along the #shoreline#, provided such sidewalk has a minimum width of 13 feet and complies with the provisions for a Type 2 #upland connection# pursuant to Section 62-64. Any additional #supplemental public access area# shall comply with the requirements of this Section; or
- (3) as a dedicated bicycle path if such path connects at each end to an open #street#. The minimum width of a bicycle path shall be 10 feet, with an additional two foot clearance on each side along the entire length of the path. There shall be a planted area between a bicycle path and a paved area for pedestrian use, pursuant to the requirements of paragraph (c) of Section 62-62.

(2/2/11)

62-58

Requirements for Water-Dependent Uses and Other Developments

#Waterfront zoning lots# that are #developed# with #uses# listed in paragraph (b) of Section 62-52 (Applicability of Waterfront Public Access Area Requirements) shall provide a minimum amount of #waterfront public access area# in accordance with the table in Section 62-57 (Requirements for Supplemental Public Access Areas).

The total #waterfront public access area# requirement in such table shall be provided in any manner that will enable the public to access a waterfront viewing area on the #zoning lot# from a public sidewalk within a #street#, #public park# or other public place. Such viewing

area shall provide an unobstructed view of the water and comprise at least 50 percent of the total #waterfront public access area# required on the #zoning lot#. One linear foot of seating shall be provided for every 100 square feet of viewing area.

#Waterfront public access areas# improved in accordance with this Section shall comply with the provisions of Sections 62-61 (General Provisions Applying to Waterfront Public Access Areas) and 62-65 (Public Access Design Reference Standards).

For #developments# listed in paragraph (b)(1) of Section 62-52, on #zoning lots# containing a public access area established prior to October 25, 1993, by restrictive declaration, lease agreement, maintenance and operation agreement, or other agreement with a public entity, which public access area is required to be provided for the life of the #development#, subject to such agreement, the requirements for the #waterfront public access area# shall have been met if the established public access area is substantially in compliance with the provisions of this Section.

(4/22/09)

62-59

Special Regulations for Zoning Lots that Include Parks

- (a) In M2 and M3 Districts pursuant to Section 62-27 (Special Use Regulations for Playgrounds or Private Parks), where a #zoning lot# or adjoining #zoning lots# are #predominantly developed# as a park, the requirements of Sections 62-50, inclusive, and 62-60, inclusive, shall be deemed satisfied for that portion of the #zoning lots# occupied by such park #use#, provided that:
- (1) such park is comprised of a minimum of nine acres of land above water and the #water coverage# of #piers# or #platforms#, located on the #zoning lot# or the #zoning lot# and adjoining #zoning lots#, having at least 600 feet of #shoreline#;
 - (2) such park provides a continuous paved walkway along the entire portion of the #zoning lots# occupied by such #use# with a minimum clear width of no less than 12 feet, within 40 feet of the #shoreline# for at least 75 percent of those portions of the park that abut the #shoreline#;
 - (3) such walkway connects with all other #shore public walkways# on the #zoning lot# and adjoining #zoning lots# and any adjoining public sidewalks or other pedestrian areas within

#pier# public access areas, a public #street#, #public park#, other public place or park;

- (4) such walkway shall be open and accessible from #pier# public access areas, a public #street#, park or other public place at intervals over the length of the park, not exceeding 1,000 feet with an average of 600 feet, by a continuous paved walkway with a minimum clear width of not less than 10 feet;
- (5) such park is open and accessible to the public from dawn to dusk, except when hazardous conditions are present that would affect public safety;
- (6) a maintenance and operation agreement providing for the maintenance and operation of the park in good condition is entered into with the Department of Parks and Recreation (DPR), except that no such maintenance and operation agreement shall be required for a park developed and maintained by the State or the City of New York, any subdivision or agency of the State or the City, or any public authority or other entity created pursuant to State or local statute for the purpose of operating such a park; and
- (7) #visual corridors# shall be provided in accordance with Section 62-51 (Applicability of Visual Corridor Requirements).

Any maintenance and operation agreement required pursuant to paragraph (a) (6) of this Section shall include a requirement that prior to obtaining any building permit or opening any portion of the park to the public, the property owner or operator of the park shall post with DPR security in the form of a maintenance bond, letter of credit or other security acceptable to DPR, in an amount certified by a registered architect or landscape architect to be sufficient to cover 125 percent of the cost of maintaining the park for a 12 month period following its final completion, and that such security shall be replaced every five years with new security in an amount sufficient to cover 125 percent of the then current annual cost of maintaining the park, as certified by a registered architect or landscape architect, for the life of the park. Any maintenance and operation agreement shall be attached to or included within a duly recorded, signed declaration of restrictions, indexed against the #zoning lot#, binding the owners and any lessees, tenants, successors and assigns to maintain and operate the park in conformance with this Section and with the maintenance and operation agreement for the life of the park. The filing of such declaration, where required, shall be a precondition to certification pursuant to paragraph

(e) of Section 62-811.

Any portion of a #zoning lot# that is not #developed# for a park #use# shall be subject to all of the requirements of Sections 62-50 and 62-60. For purposes of determining obligations pursuant to this Section, such portions of a #zoning lot# not used for park purposes shall be treated as a separate #zoning lot# or separate #zoning lots#, except that the entire #zoning lot#, including the portion used for park purposes, shall be considered in determining #lot area# for purposes of Section 62-53 (Requirements for Shore Public Walkways).

(b) In order to implement the East River Waterfront Esplanade and Piers Project described in the Final Environmental Impact Statement (FEIS) dated May 18, 2007, of the Lower Manhattan Development Corporation and the record of decision (ROD) adopted by such corporation on November 7, 2007 (the ERW Project), in C2-8, C4-6, C6-4 and M1-4 Districts located in Manhattan Community Districts 1 and 3, for #zoning lots predominantly developed# as publicly accessible open space under the ERW Project, the Chairperson of the City Planning Commission shall allow for the phased implementation of such publicly accessible open space, and the requirements of Sections 62-50 (GENERAL REQUIREMENTS FOR VISUAL CORRIDORS AND WATERFRONT PUBLIC ACCESS AREAS), inclusive, and 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), inclusive, shall be deemed satisfied, provided that:

(1) the application for certification pursuant to Section 62-811 for any such phase(s) includes a report demonstrating that:

- (i) a site plan of the design of the publicly accessible open space in such phase(s) has been shown by the applicant to the affected Community Boards and Council Member(s) and such Community Boards and Council Member(s) have had at least 45 days to review such plan;
- (ii) any comments and recommendations of the affected Community Boards and Council Member(s) have been considered by the applicant, and such report includes a response to such comments or recommendations. Where design modifications have been made in response to such recommendations, the report shall address how the design has been modified;
- (iii) the publicly accessible open space in such phase(s) will be open and accessible to the public at a minimum from dawn to dusk, except when hazardous conditions are present that would affect public safety; and

- (iv) a maintenance and operation agreement providing for the maintenance and operation of the publicly accessible open space in such phase(s) in good condition is entered into with the DPR, except that no such maintenance and operation agreement shall be required for a publicly accessible open space developed and maintained by the State or the City of New York, any subdivision or agency of the State or the City, or any public authority or other entity created pursuant to State or local statute for the purpose of operating such publicly accessible open space; and
- (2) the site plan of the design for the publicly accessible open space phase(s) in such application is determined by the Chairperson to be in substantial compliance with the ERW Project as described in the FEIS and ROD.

No excavation or building permit shall be issued for #development# under any phase for publicly accessible open space under the ERW Project certified pursuant to Section 62-811 in accordance with this paragraph, (b), until all applicable Federal, State and local permits and approvals have been received with respect to such phase, including, without limitation, permits and approvals of the New York State Department of Environmental Conservation.

(2/2/11)

62-60

DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS

#Waterfront public access areas# required pursuant to Section 62-52 (Applicability of Waterfront Public Access Area Requirements) shall comply with the provisions of this Section, inclusive.

(4/22/09)

62-61

General Provisions Applying to Waterfront Public Access Areas

- (a) All #waterfront public access areas# shall be unobstructed from their lowest level to the sky, except as set forth in Section 62-611 (Permitted obstructions). The lowest level of any portion of a #waterfront public access area# shall be determined by the elevation of the adjoining portion on the same or an adjoining #zoning lot# or the public sidewalk to which it connects.

Reference elevations shall be established from the public sidewalks, #waterfront yard# levels and the elevations previously established by adjoining #zoning lots# at #lot line# intersections of a waterfront public access network, as applicable.

- (b) The minimum required circulation path shall be connected and continuous through all #waterfront public access areas# on adjacent #zoning lots#.
- (c) #Waterfront public access areas# shall be accessible to persons with physical disabilities in accordance with the Americans with Disabilities Act and the American National Standards Institute (ANSI) design guidelines.
- (d) All #waterfront public access areas# improved for public access shall meet the following regulations for site grading:
 - (1) In required circulation paths:
 - (i) for cross-sectional grading regulations (perpendicular to the general direction of pedestrian movement), the minimum slope of a required circulation path shall be one and one-half percent to allow for positive drainage and the maximum slope shall be three percent. Steps and stairways accommodating a cross-sectional grade change are only permitted outside of the required circulation path(s).
 - (ii) for longitudinal grading controls (parallel to the general direction of pedestrian movement), grade changes shall be permitted along the length of a required circulation path by means of steps or ramps in compliance with the requirements for handicapped accessibility.

- (2) In required planting areas, including screening buffers:

Within five feet of the edge of any planting area, the grade level of such planting area shall be no more than 18 inches higher or lower than the adjoining level of the pedestrian circulation path.

- (e) Vehicle and emergency access

Vehicular access is prohibited within #waterfront public access areas# except for emergency and maintenance vehicular access. Parking areas, passenger drop-offs, driveways, loading berths and #building# trash storage facilities are not permitted within, or allowed to be accessed or serviced through, a #waterfront public

access area#, except for vehicular access to drop-offs and other required services #accessory# to docking facilities or to #development# on a #pier# or #floating structure#.

Such vehicular ways shall be used only to provide access across the #shore public walkway#. No single driveway shall exceed a width of 25 feet. Bollards shall be installed in accordance with Section 62-651. A minimum 12 inch paved border shall be installed along the driveway boundaries and shall have a color distinct from the paving of the adjoining paved surface.

Vehicular roadways are permitted as part of an #upland connection# in accordance with the regulations of Section 62-56.

Any vehicular roadway crossing a required #waterfront public access area# shall comply with the requirements for paving in Section 62-656.

(3/26/14)

62-611

Permitted obstructions

#Waterfront public access areas# shall be unobstructed from their lowest level to the sky except that the obstructions listed in this Section shall be permitted, as applicable. However, no obstructions of any kind shall be permitted within a required circulation path.

(a) In all areas

- (1) Trees and other plant materials, including grasses, vines, shrubs and flowers, watering equipment, arbors, trellises, observation decks, retaining walls;
- (2) Seating, litter receptacles, drinking fountains, other outdoor furniture;
- (3) Fountains, reflecting pools, waterfalls, sculptures and other works of art, temporary exhibitions;
- (4) Guardrails, bollards, gates and other protective barriers, in accordance with Section 62-651;
- (5) Lights and lighting stanchions, flag poles, exercise and other recreational equipment;
- (6) Kiosks and open air cafes

Where a kiosk is provided, it shall occupy an area no greater than 150 square feet, including roofed areas. A kiosk may be freestanding or attached on only one side to a #building# wall. Any area occupied by a kiosk shall be excluded from the definition of #floor area#, and may only be occupied by news or magazine stands, food stands, flower stands, bicycle rental stands, information booths or #uses accessory# to permitted WD #uses#, as permitted by the applicable district #use# regulations or as modified by Section 62-29.

Open air cafes shall be permanently unenclosed except that they may have a temporary fabric roof. No kitchen equipment shall be installed within an open air cafe. Kitchen equipment may be contained in a kiosk adjoining the open air cafe.

Notwithstanding the provisions of Section 32-41 (Enclosure within Buildings), outdoor eating services or #uses# occupying kiosks may serve customers on a #waterfront public access area# through open windows.

(b) In screening buffers

- (1) Paved entrances to #buildings# fronting upon a screening buffer, including awnings and canopies over such entrances, seating located within 42 inches of an adjacent paved area, bicycle racks within six feet of the sidewalk of an open accessible #street# or within ten feet of an #upland connection#;
- (2) Service equipment necessary for maintenance of #waterfront public access areas# or the functioning of adjacent structures such as watering equipment, sheds for tool storage, electrical transformers or other mechanical or electrical service devices, provided all such equipment covers no more than 100 square feet in any location and has a maximum height of ten feet. Such obstructions shall be screened in accordance with Section 62-655 (Planting and trees);
- (3) Exhaust vents located on #building# walls fronting on the screening buffer, only if the bottom of such vent is a minimum of ten feet above the adjacent ground level and projects no more than four inches from the #building# wall.

(c) Beyond 20 feet of the #shoreline#

Tot-lots, playgrounds, dog runs, public telephones, toilets, bicycle racks.

(d) In Community District 1 in the Borough of Brooklyn

Any amenity #accessory# to docking facilities for ferries or water taxis shall be considered a permitted obstruction only where such amenity is certified by the Chairperson of the City Planning Commission in conjunction with the docking facility, pursuant to Section 62-813 (Docking facilities for ferries or water taxis in certain waterfront areas).

(2/2/11)

62-62

Design Requirements for Shore Public Walkways and Supplemental Public Access Areas

The design requirements of this Section shall apply to #shore public walkways# and #supplemental public access areas#, except as modified by Section 62-57 (Requirements for Supplemental Public Access Areas).

(a) Circulation and access

- (1) In all districts, a #shore public walkway# shall provide a circulation path with a minimum clear width of 12 feet, except that in R3, R4, R5, C1, C2 and C3 Districts, and in C1 or C2 Districts mapped within R1 through R5 Districts, the minimum clear width shall be 10 feet.

Such path shall be located within 10 feet of the #shoreline# for at least 20 percent of the length of such #shoreline#, and the remainder of the path may be located anywhere within the #shore public walkway# or #supplemental public access area#. Secondary paths, when provided, shall be at least six feet wide. When two circulation paths are parallel to each other, they shall be connected by other paths or accessible lawn at intervals not to exceed 200 feet. In order to facilitate the future connection of pedestrian circulation paths, where a #shore public walkway# is on a #zoning lot# that is adjacent to a #zoning lot# without a #shore public walkway#, the portion of the circulation path that terminates at the common #zoning lot line# shall be located within 30 feet of the #shoreline#.

- (2) A #supplemental public access area# shall provide at least one circulation path with a minimum clear width of six feet that provides access throughout the #supplemental public access area#. This requirement may be met by a circulation path of the #shore public walkway# that traverses the

#supplemental public access area#;

(b) Seating

One linear foot of seating shall be provided for every 75 square feet of #shore public walkway# and #supplemental public access area#. Such seating may be located anywhere within such public access areas and shall comply with the standards of Section 62-652.

In addition, up to 25 percent of required seating may be located seaward of the #shore public walkway# and shall be subject to the provisions of Section 62-652, paragraph (h).

(c) Planting

(1) Planting areas

An area equal to at least 50 percent of the area of the #shore public walkway# and #supplemental public access area# shall be planted, except that in R3, R4, R5, C1, C2 and C3 Districts, and in C1 or C2 Districts mapped within R1 through R5 Districts, for #zoning lots# occupied by #predominantly commercial# or #community facility uses#, such area shall be equal to at least 40 percent.

In addition, the following conditions shall apply:

- (i) Where a #supplemental public access area# is greater than 1,875 square feet, at least 25 percent of the required planting area of the #shore public walkway# and #supplemental public access area#, combined, shall be provided as lawn;
- (ii) Up to 15 percent of the required planting area may be located seaward of a #shore public walkway# and shall be measured inplan view and not along the planted slope; or
- (iii) When a dedicated bicycle path is provided within a #supplemental public access area#, a planting area with a width of at least five feet shall be provided between the bicycle path and any paved area for pedestrian use. For the purpose of calculating planting requirements, the area of the bicycle path may be deducted from the combined area of the #shore public walkway# or #supplemental public access area#.

Such planting areas in this paragraph, (c), may be located anywhere within the #shore public walkway# or #supplemental

public access area# and shall comply with the standards of Section 62-655.

(2) Screening buffer

- (i) A screening buffer shall be provided within the #shore public walkway# or the #supplemental public access area#, running along the entire upland boundary of such area where it abuts non-publicly accessible areas of the #zoning lot#, except as waived pursuant to paragraph (c)(2)(iii) of this Section. Any screening buffer provided pursuant to this Section may be used to meet the planting requirements of paragraph (c)(1) of this Section.
- (ii) The minimum width of the screening buffer shall be 10 feet. On shallow lots where the width of the #shore public walkway# may be reduced pursuant to Section 62-53, the width of the screening buffer may be reduced proportionally but shall not be less than four feet.
- (iii) No screening buffer shall be required:
 - (a) adjacent to a private drive, a #street# or at the entrances to #buildings#; or
 - (b) for a #commercial# or #community facility use# where at least 70 percent of the area of the #building# facade, within a height of 10 feet, located within a distance of 15 feet from the sidewalk or #waterfront public access area#, is glazed with windows, transoms or glazed portions of doors. Not less than 50 percent of the entire area of such #commercial# or #community facility use# shall be glazed with transparent materials and up to 20 percent of such area may be glazed with translucent materials.

(3) Trees and additional planting

- (i) A minimum of one canopy tree shall be provided for every 2,000 square feet of #shore public walkway# and #supplemental public access area#. In no event may a #shore public walkway# have less than two canopy trees for every 100 feet of #shoreline#.
- (ii) In addition to the trees required pursuant to paragraph (c)(3)(i) of this Section, for every 1,250 square feet of #shore public walkway# and #supplemental public access area#, one of the following must be provided: a

canopy tree, an ornamental tree or a multi-stemmed equivalent, 60 square feet of planting beds or 110 square feet of accessible lawn.

Trees and additional planting areas may be located anywhere within the #shore public walkway# or #supplemental public access area# and shall comply with the standards of Section 62-655.

(4) Reduction in minimum required planting area

The minimum planting area, required by paragraph (c)(1) of this Section, may be reduced by 10 square feet for every linear foot of:

- (i) #shoreline# improved for boat launching or mooring or designed with architectural features to facilitate direct access to the water, such as steps or other forms of "get-downs," except that rip-rap used as stabilized shore shall not qualify for a planting reduction; or
- (ii) WE #uses# with frontage adjoining, and having a public entrance on, the #shore public walkway# or #supplemental public access area#, provided that the screening buffer for such #shore public walkway# or #supplemental public access area# is waived pursuant to the conditions of paragraph (c)(2)(iii) of this Section.

However, where a #supplemental public access area# having an area of least 7,500 square feet containing a playground of at least 3,500 square feet in area and improved in accordance with the standards of the Department of Parks and Recreation is provided, the required minimum planting area may be reduced by one square foot for every five square feet of playground area. The playground area may be located anywhere within the #waterfront public access area# that is beyond 20 feet of the #shoreline#.

In no event shall the reduced planting area be less than 25 percent of the combined area of the #shore public walkway# and #supplemental public access area#.

(d) Bicycle parking

Bicycle racks sufficient to provide at least four bicycle parking spaces shall be provided within a #waterfront public access area#.

Furthermore, when the combined area of the #shore public walkway# and #supplemental public access area# is greater than 8,000 square feet, two additional bicycle parking spaces shall be provided for every additional 2,000 square feet of #shore public walkway# or #supplemental public access area#.

Bicycle racks shall be adjacent to a circulation path and at least 20 feet from the #shoreline#. Such bicycle racks may be located in public sidewalks adjacent to the #zoning lot#. All bicycle racks shall comply with the standards of Section 62-657.

(e) Trash receptacles

One trash receptacle shall be provided for every 4,000 square feet of #shore public walkway# and #supplemental public access area#, and all trash receptacles shall be located in visible and convenient locations. All trash receptacles shall comply with the standards of Section 62-658.

(4/22/09)

62-63

Design Requirements for Public Access on Piers and Floating Structures

(3/26/14)

62-631

Design requirements for public access on piers

The design requirements of this Section shall apply to #waterfront public access areas# on #piers#, pursuant to Section 62-54.

(a) Circulation and access

At least one circulation path having a minimum clear width of ten feet shall be provided throughout the public access area required on the #pier#.

(b) Permitted obstructions

In addition to permitted obstructions pursuant to Section 62-611, #pier# public access areas may include one freestanding open or enclosed public pavilion, provided such structure does not exceed one #story#, is no taller than 30 feet and has an area no larger than 1,600 square feet. At least 50 percent of the perimeter wall area on all sides, up to a height of 15 feet, shall consist of

clear or glazed materials which may include #show windows#, glazed transoms, glazed portions of doors or latticework. Such structures shall be exempt from #building# spacing requirements on #piers# provided they maintain a spacing of at least 12 feet from other #buildings# and from any water edge of the #pier#, except that when a #pier# is 30 feet or less in width, a pavilion may abut one water edge.

In Community District 1 in the Borough of Brooklyn, any amenity #accessory# to docking facilities for ferries or water taxis shall be considered a permitted obstruction only where such amenity is certified by the Chairperson of the City Planning Commission in conjunction with the docking facility, pursuant to Section 62-813 (Docking facilities for ferries or water taxis in certain waterfront areas).

(c) Seating

At least one linear foot of seating is required for every 100 square feet of #pier# public access area, subject to the provisions of paragraphs (a) through (d) of Section 62-652.

(4/22/09)

62-632

Design requirements for public access on floating structures

The design requirements of this Section shall apply to #shore public walkways# provided in conjunction with as-of-right #development# on #floating structures#, pursuant to Section 62-55.

(a) Circulation and access

A circulation path shall be provided with a minimum clear width of ten feet. On shallow portions of #zoning lots# where the width of the #shore public walkway# may be reduced in accordance with Section 62-53, the minimum clear width of the path may be reduced to a minimum of six feet when the #shore public walkway# is less than 16 feet.

(b) Seating

At least one linear foot of seating is required for every 100 square feet of public access area, subject to the provisions of paragraphs (a) through (d) of Section 62-652.

(c) Screening

Any service areas, such as that used for equipment storage or similar purposes, shall be screened from the circulation path in accordance with the standards for screening in Section 62-655 (Planting and trees).

(4/22/09)

62-64

Design Requirements for Upland Connections

#Upland connections# shall be improved in accordance with the provisions of this Section.

(a) Circulation and access

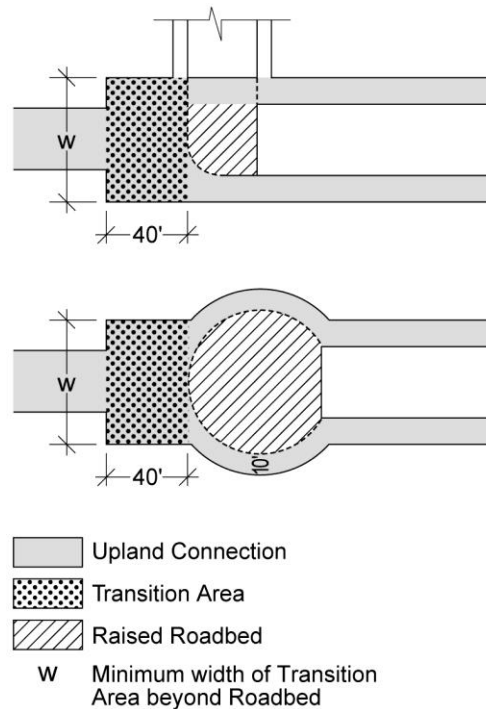

- (1) For Type 1 #upland connections# provided in accordance with the provisions of paragraph (a) of Section 62-561, there shall be at least one circulation path linking an open #street#, #public park# or other public place with a #shore public walkway#. Such path shall have a minimum clear width of twelve feet. Any secondary paths shall have a minimum clear width of six feet.
- (2) For Type 2 #upland connections# provided in accordance with the provisions of paragraph (b) of Section 62-561, each pedestrian walkway shall have a circulation path with a minimum clear width of eight feet linking an open #street#, #public park# or other public place with a #shore public walkway#. However, when a turnaround is provided, the entire required area shall be provided as a circulation path.
- (3) For transition areas, a circulation path with a width of at least twelve feet shall connect each circulation path of the Type 2 #upland connection# with a circulation path of a #shore public walkway#, #supplemental public access area# or Type 1 #upland connection#, whichever is applicable.

(b) Paving

- (1) For Type 1 #upland connections#, at least 40 percent but not more than 65 percent of the entry area shall be paved. Such paving shall include a five foot wide area along at least 70 percent of the frontage adjoining a public sidewalk.
- (2) Where any #upland connection# is interrupted by a private driveway, the full width of the required #upland connection# shall traverse the roadbed without a drop in level, and be paved with materials distinct from the roadbed. Such portion

of the #upland connection# shall not count towards fulfilling a minimum required amount of #waterfront public access area#.

In addition, for Type 2 #upland connections#, the area of the roadbed between both circulation paths, within which lines perpendicular to the #upland connection# traversing the roadbed can be drawn or the portion of the roadbed within a vehicular turnaround, shall be raised to be flush with the level of such adjoining #upland connections#.

Type 2 Upland Connection
(62-64)

- (3) The roadbed paving material of a private driveway leading to a vehicular turnaround may be extended into the turnaround provided the area of the turnaround paved with such material is not wider than the roadbed leading to the turnaround. The remaining portions of the turnaround shall be paved with distinct materials to facilitate pedestrian usage. In addition, the level of the area within the turnaround shall be raised to be flush with the level of adjoining circulation paths.

(c) Planting

- (1) For Type 1 #upland connections#, at least forty percent of

the area of the #upland connection# shall be planted in accordance with the provisions set forth in Section 62-655 (Planting and trees).

In addition, the following rules shall apply:

- (i) where such #upland connections# do not abut open parking lots or private driveways, six caliper inches of ornamental trees or their equivalent in multi-stemmed plants shall be required for every 100 linear feet of #upland connection#.
 - (ii) where such #upland connections# abut an open parking lot, screening shall be provided within the #upland connection# along the curb of such parking lot in accordance with Section 37-921 (Perimeter landscaping).
 - (iii) where such #upland connections# abut a private driveway, a continuous tree pit shall be provided within the #upland connection# along the curb of the driveway. Such tree pit shall meet the minimum planting requirements set forth in Section 62-655, and in addition, shall be planted with one tree for every 25 feet of private driveway frontage.
 - (iv) where such #upland connections# do not coincide with a #visual corridor#, at least 30 percent of the required open area along the length of the #upland connection# shall be planted, and the requirements of Section 62-513 (Permitted obstructions in visual corridors) shall apply within such open areas.
- (2) For Type 2 #upland connections#, a continuous tree pit shall be provided within the #upland connection# along the curb of the private driveway. Such tree pit shall meet the minimum planting requirements set forth in Section 62-655, and in addition, shall be planted with one tree for every 25 feet of private driveway frontage. Portions of the continuous tree pit may be paved with permeable paving such as Belgian block or similar unit pavers in order to accommodate any required amenities, such as benches or bicycle racks, or other permitted obstructions in accordance with the provisions of Section 62-611. However, no continuous tree pit shall be required where an #upland connection# abuts a portion of a roadbed that is required to be raised pursuant to paragraphs (b)(2) or (b)(3) of this Section.
- (3) For transition areas, at least forty percent of such area shall be planted. In addition, a minimum of two canopy trees or their equivalent in caliper inches of ornamental trees or

multi-stemmed plants are required.

(d) Seating

At least 12 linear feet of seating shall be provided for every 100 linear feet of #upland connection#, excluding the length of any entry or transition areas and the first 50 feet of a Type 2 #upland connection#. Such excluded areas shall have at least 24 linear feet of seating.

(e) Trash receptacles

One trash receptacle shall be provided within 15 feet of a #street#, #public park# or other public place and one receptacle shall be provided where the #upland connection# adjoins a #shore public walkway# or #supplemental public access area#, pursuant to Section 62-658.

(4/22/09)

62-65

Public Access Design Reference Standards

The standards of this Section, inclusive, shall be applicable to all #waterfront public access areas# and #visual corridors#.

No hollow plastic material, such as PVC (polyvinyl chloride) or similar material shall be permitted in guardrails, fences, seating, trash receptacles or other similar furniture within a #waterfront public access area#. However, high-density polyethylene shall be permitted.

(4/22/09)

62-651

Guardrails, gates and other protective barriers

(a) Guardrails

For the purposes of this paragraph, (a), the term "guardrail" shall refer only to fencing or similar structures provided along a bulkhead, stabilized shore or the water edges of a #pier# or #platform#.

When a guardrail is provided, it shall have a maximum height of 42 inches measured from the adjoining grade level, and shall be

at least 70 percent open. Guardrails may be mounted on a solid curb not higher than six inches.

A guardrail may be substituted for a wall, pursuant to paragraph (c)(3) of this Section.

(b) Bollards

(1) Bollards shall be limited to the following locations:

- (i) along the bulkhead, stabilized shore or the water edges of a #pier# or #platform#;
- (ii) along a #zoning lot line# adjacent to, and limiting access from an upland #street#; and
- (iii) along the boundaries of a roadway within an #upland connection#.

(2) Bollards shall not exceed 30 inches in height and shall be between six and fifteen inches in width. The top of bollards shall not consist of any sharp edges. The minimum clearance between two bollards shall be five feet.

(c) Fences and walls

(1) Fences and walls, when provided, shall be limited to the following locations:

- (i) along the boundary of a #waterfront public access area# and an adjoining private area on the #zoning lot#;
- (ii) around the perimeter of a playground, tot-lot or dog-run;
- (iii) adjoining WD #uses#;
- (iv) within a #visual corridor#; and
- (v) along any grade level change of 30 inches or greater.

(2) Fences shall have a maximum height of 36 inches measured from the adjoining grade level, and be at least 70 percent open. Fences may be mounted on a solid curb not higher than six inches.

(3) Walls shall not exceed a height of 21 inches, and may be fully opaque.

(4) Chain link fencing or barbed or razor wire shall not be

permitted.

(d) Gates

Gates attached to fences and walls that limit physical access to #waterfront public access areas# from #streets#, #public parks# or other public ways, or from adjacent #waterfront public access areas# on adjoining #zoning lots#, shall comply with the provisions of this paragraph, (d). Such gates shall be permitted only at the boundaries of #waterfront public access areas# and such adjacent publicly accessible areas, except that in Type 1 #upland connections# gates may be located at the seaward boundary of the entry area. Gates shall not intrude into any planting area. Gates may be closed only pursuant to Section 62-71 (Operational Requirements).

The maximum height of a gate shall be four feet above the adjoining grade level. Gates shall be no more than 30 percent opaque.

When opened for access, 70 percent of the total width, in aggregate, of the #waterfront public access area# shall be free of obstructions associated with the gate, and there shall be a minimum clear distance of at least 16 feet between any two obstructions of the gate.

In addition, in its open position, the gate and its support structures shall not obstruct:

- (1) any circulation path;
- (2) 25 percent of the width of the entry area of an #upland connection# along each side of the centerline of such entry area; and
- (3) at least 50 percent of the width of the #shore public walkway# closest to the #shoreline#.

(4/22/09)

62-652
Seating

All required seating shall comply with the following standards:

(a) Seating with backs

At least 50 percent of the required seating shall have backs, and

at least 50 percent of such seating shall face in the general direction of the water. Seat backs shall be at least 14 inches high. Walls located adjacent to a seating surface shall not count as seat backs. All seat backs must either be contoured in form for comfort or shall be reclined from the vertical between 10 to 15 degrees.

(b) Depth

Seating with or without backs shall have a depth of not less than 18 inches, and for seating with backs, such depth shall not be greater than 20 inches. Seating with a depth of at least 36 inches, and accessible from both sides, may be credited as double seating. When seating is provided on a planter ledge, such ledge must have a minimum depth of 22 inches.

(c) Height

At least 75 percent of the required seating shall have a height not less than 16 inches nor greater than 20 inches above the level of the adjacent grade. Seating higher than 36 inches or lower than 12 inches shall not qualify toward the seating requirements. Seating may be mounted on a solid curb not higher than six inches.

(d) Clearance

Seating shall be located a minimum of 22 inches from any circulation path or permitted obstruction along the accessible side of such seating, except that seating without backs may be as close to a guardrail as 12 inches.

(e) Types of seating

In #shore public walkways# and #supplemental public access areas#, at least two of the following types of seating are required: moveable seating, fixed individual seats, fixed benches with backs, fixed benches without backs, lounging chairs and design feature seating.

(1) Design feature seating

Planter ledges, seating walls, and seating steps may be provided, and shall be limited to 25 percent of the required seating. Walls and planter ledges shall be flat and smooth with at least one inch radius rounded edges.

(2) Moveable seating

Moveable chairs, excluding those in open air cafes, may be

credited as 18 inches of linear seating per chair; however, not more than 50 percent of required linear seating may be in moveable chairs. Moveable chairs may be placed in storage outside of the required hours of operation, pursuant to Section 62-71, paragraph (a). All moveable chairs must have backs. Moveable chairs shall not be chained, fixed, or otherwise secured while the #waterfront public access area# is open to the public.

(3) Seating steps

Seating steps shall not include any steps intended for circulation and must have a height not less than 12 inches nor greater than 30 inches and a depth not less than 18 inches.

(4) Lounge chairs

Lounge chairs shall allow for a reclined position supporting the back as well as the legs. Lounge chairs may be credited as 36 inches of linear seating per chair.

(f) Social seating and tables

At least 25 percent of required seating shall be social seating, consisting of seats that are placed in close proximity and at angles to one another or in facing configurations that facilitate social interaction. A minimum of two square feet of tables shall be required for every three linear feet of social seating. However, any requirement for tables that, in total, is less than 10 square feet shall be waived, and no more than 150 square feet of tables shall be required in any site.

(g) Shaded seating

At least 20 percent of required seating shall be shaded. Seating shall be considered shaded if it is located under a canopy tree or shade structure, or on the eastern side and within 45 feet of the trunk of a canopy tree or of a shade structure.

(h) Seaward seating

Up to 25 percent of required seating may be located seaward of the #shore public walkway# provided it is designed as:

- (1) a generally smooth and flat surface within a stabilized natural #shoreline#, in the form of rock, stone, wood or other solid material that measures at least 15 inches in width and depth and is between 12 and 30 inches high measured from the adjoining accessible surface; or

- (2) steps, with a depth and height between 12 and 30 inches, that facilitate access to the water.

Seaward seating shall not be subject to the provisions of paragraphs (a) through (g) of this Section.

Seating in open air cafes or stairs shall not qualify towards seating requirements. All seating located within a planting area shall be on permeable pavement and secured for stability.

(2/2/11)

62-653

Lighting

All #waterfront public access areas# shall provide lighting in accordance with the following requirements:

An average maintained level of illumination of not less than one horizontal foot candle (lumens per foot) throughout all walkable areas, and a minimum level of illumination of not less than 0.2 horizontal foot candles (lumens per foot) throughout all other areas, shall be required. Such level of illumination shall be maintained from one-half hour before sunset to one-half hour after sunrise.

The average illumination to minimum foot candle uniformity ratio shall be no greater than 10:1 within a #waterfront public access area#.

Glare shall be controlled to a semi-cutoff standard (not more than five percent of peak foot candle intensity radiating above 90 degrees and 20 percent of peak intensity above 80 degrees). The luminaire shall be equipped with lamps with a color temperature range of 3000 K to 4100 K with a minimum color rendering index of 65.

All lenses and globes shall be polycarbonate or equivalent.

All lighting sources that illuminate a #waterfront public access area# and are mounted on or located within #buildings# adjacent to the #waterfront public access area# shall be shielded from direct view. In addition, all lighting within the #waterfront public access area# shall be shielded to minimize any adverse effect on surrounding #buildings# containing #residences#.

(4/22/09)

62-654 Signage

The provisions of this Section shall apply to signs required in #waterfront public access areas#. All such signs shall be located in directly visible locations, without any obstruction at any time. Such signs shall be fully opaque, non-reflective and constructed of permanent, highly durable materials, such as metal or stone. All lettering shall be in a clear, sans-serif, non-narrow font such as Arial, Helvetica, or Verdana, solid in color with a minimum height of one-quarter inch, unless otherwise specified in this Section, and shall highly contrast with the background color.

Drawings documenting the size, format, and orientation of all required signs shall be included in the application for certification, pursuant to Section 62-80. Such drawings shall include detailed information about dimensions of the sign, lettering size, color and materials.

(a) Entry signage

All #waterfront public access areas# shall contain an entry sign mounted on a permanent structure. Such sign shall be located within five feet of the boundary of the entrance from a #street#, #public park# or other public way. Required signage shall contain:

- (1) the New York City waterfront symbol, 12 inches square in dimension, as provided in the [Required Signage Symbols](#) file at the Department of City Planning website and the "The New York Waterfront Symbol Standards and Specifications" (published by the Department of City Planning, April 1989, and as modified from time to time);

(62-654)

- (2) lettering at least one-and one-half inches in height, stating "OPEN TO PUBLIC" in bold type;

- (3) lettering at least one-half inch in height stating the approved hours of operation as required pursuant to Section 62-71 (Operational Requirements), paragraph (a);
- (4) lettering at least one-half inch in height stating "Do not enter outside of hours of operation";
- (5) the International Symbol of Access for persons with physical disabilities, at least three inches square, or the statement: "This public access area is accessible to persons with physical disabilities";
- (6) the address of the property where the #waterfront public access area# is located;
- (7) the name of the current owner and the name, phone number and email address of the person designated to maintain the #waterfront public access area#;
- (8) the statement: "For complaints or questions: call 311";
- (9) the statement: "For more information go to <http://nyc.gov/planning>"; and
- (10) rules of conduct as specified in Section 62-71, paragraph (b).

Information in paragraphs (a)(1) and (a)(2) may be inscribed in pavement or on any permitted appropriate amenity, such as a seating wall or sculpture.

All information required in this paragraph, (a), shall be included on signs with a maximum dimension in one direction of 16 inches. The maximum height of a sign above the adjoining grade shall be three feet for a horizontal sign and five feet for a vertical sign. The bottom of all signs shall be at least eighteen inches above adjoining grade, except for signs angled 45 degrees or less as measured from adjacent grade. However, the waterfront symbol required pursuant to paragraph (a)(1) need not be included in such signage if such symbol is inscribed nearby in pavement or any appropriate amenity.

(b) Signage at #zoning lot# line

A sign shall be required to be located within five feet of any #zoning lot line# adjacent to another #zoning lot# within a #shore public walkway# and at a distance no greater than five feet from the required circulation path. All information required in paragraph (a) of this Section shall be included on signs with

a maximum dimension in one direction of 16 inches. The maximum height of a sign above adjoining grade shall be three feet. The bottom of all signs shall be at least 18 inches above adjoining grade, except for signs angled 45 degrees or less, as measured from adjacent grade. However, the waterfront symbol required pursuant to paragraph (a)(1) of this Section need not be included in such signage if such symbol is inscribed nearby in pavement or any appropriate amenity, such as a seating wall or sculpture.

However, the waterfront symbol required pursuant to paragraph (a)(1) shall be no larger than four inches square, or 12 inches square if inscribed in pavement or any appropriate amenity, and the information required in paragraph (a)(2) of this Section shall be one inch high.

The information required in paragraphs (a)(1) and (a)(2) may be inscribed in pavement or on any permitted appropriate amenity.

(c) Other signage

Seating areas within #waterfront public access areas# allowed pursuant to paragraph (c)(2)(iii) of Section 62-62 (Design Requirements for Shore Public Walkways and Supplemental Public Access Areas) shall be identified by a sign with the words "SEATING OPEN TO PUBLIC" in lettering at least one inch high. Such sign shall be clearly visible from the #waterfront public access area#. In addition, such sign shall be no greater than 60 square inches, no higher than 18 inches above adjacent grade, and angled for visibility. The required sign may be freestanding or attached to a permitted amenity within the #waterfront public access area#.

No #advertising signs# may be located within a #waterfront public access area#.

(4/22/09)

62-655

Planting and trees

Within #waterfront public access areas# and parking areas where planting or screening is required, the design standards of this Section shall apply.

A detailed landscape plan prepared by a registered landscape architect shall be submitted to the Department of Parks and Recreation prior to seeking certification by the Chairperson of the City Planning Commission, pursuant to the requirements of Section 62-80. Such plans

shall include plants suited for waterfront conditions and include a diversity of species with emphasis on native plants, salt tolerance and the facilitation of sustainable wildlife habitats, where appropriate. No species listed on quarantine or as a host species for any disease listed by the Department of Parks and Recreation at the time of application shall be included.

All landscaped areas shall contain a built-in irrigation system or contain hose bibs within 100 feet of all planting areas.

(a) Planting areas

Wherever a minimum percentage of planting area is specified for a #waterfront public access area#, such requirements shall be met only through the provisions of the types of planting areas listed in paragraphs (a)(1) through (a)(7) of this Section. A curb with a maximum height of six inches is permitted along the perimeter of any planting area. Any edging higher than six inches above adjacent grade shall be considered a retaining wall. Retaining walls shall not exceed 60 percent of the perimeter of a planting area or a maximum height of 18 inches measured from the adjacent grade. At least one continuous length, equal to 40 percent of the planting area's perimeter, shall have a grade level within six inches of the adjacent grade level. Where not specifically indicated, the minimum planting standard for required planting areas shall be turf grass, other natural grasses or groundcover. All planting areas shall be located on undisturbed subsoil or clean fill.

(1) Single tree pits

A single tree pit shall have a minimum dimension of five feet with a minimum area of 30 square feet and a minimum depth of three feet, six inches. Only tree pits planted with ground cover shall count towards meeting a minimum planting area requirement.

(2) Continuous tree pits

A continuous tree pit is a planting area containing two or more trees. Continuous tree pits shall have a minimum width of five feet and a minimum depth of 3 feet, 6 inches, and a length as required to meet a minimum of five feet from the trunk of the tree to the end of the tree pit.

(3) Planting beds

Planting beds for turf grass or groundcovers shall have minimum dimensions of two feet in any direction and a minimum depth of two feet. Planting beds for shrubs shall

have minimum dimensions of three feet by three feet for each shrub and a minimum depth of 2 feet, 6 inches. Planting beds containing trees shall have a minimum dimension of five feet and a minimum area of 30 square feet for each tree, with a minimum depth of 3 feet, 6 inches. Trees, shrubs or groundcovers may be combined in a single planting bed only if such bed meets the minimum depth required for the largest plant.

Retaining walls are permitted along the perimeter of a planting bed in accordance with the regulations for planting areas in paragraph (a) of this Section.

(4) Raised planting beds

A "raised planting bed" is a planting area with retaining walls along more than 60 percent of its perimeter or a height along any portion greater than 18 inches. A raised planting bed shall comply with the dimensional standards for a planting bed except that the height from the adjacent grade to the top of the retaining wall of a raised planting bed shall be a maximum of 36 inches.

(5) Berms

A "berm" is a planting area with sloped grade stabilized primarily by plant materials rather than retaining walls or other similar built structures. A berm shall comply with the dimensional standards for a planting bed except that the height from the adjacent grade to the top of the berm shall not exceed 60 inches.

(6) Lawns

A "lawn" is an area planted with turf grass having a minimum soil depth of 2 feet, 6 inches. Along at least 60 percent of the perimeter, a lawn shall have a grade level within six inches of the adjacent grade providing unobstructed pedestrian access. Any required lawn shall have a minimum area of 500 square feet and no dimension less than 18 feet.

(7) Screening

Screening is intended to create a landscaped buffer between the #waterfront public access areas# and adjoining non-public #uses# to protect the privacy or minimize the visual impact of blank walls, equipment, loading and parking areas or similar conditions.

(i) Screening buffers

Screening buffers required pursuant to paragraph (c)(2) of Section 62-62 (Design Requirements for Shore Public Walkways and Supplemental Public Access Areas) shall consist of densely planted shrubs or multi-stemmed screening plants, with at least 50 percent being evergreen species. Shrubs shall have a height of at least four feet at the time of planting. The requirements of this paragraph, (a)(7)(i), may also be satisfied by the requirements of paragraph (a)(7)(ii) of this Section.

(ii) Blank walls and service areas

Blank walls higher than four feet measured from an adjacent grade level and service areas anywhere within a #waterfront public access area# shall be screened with any combination of evergreen trees, vines or espaliered trees or shrubs, and an architectural treatment such as a pergola, stone rustication, grills or sculptural features.

(iii) Parking garage screening

Open parking areas on any #zoning lot# fronting on an #upland connection# or #street# on any #waterfront block#, notwithstanding the #use# on such lot, shall require screening pursuant to Section 37-921 (Perimeter landscaping). Screening required pursuant to Section 62-453 shall consist of a planting strip at least four feet wide. Plants shall be at least four feet high at the time of planting and 50 percent of them shall be evergreen shrubs.

All required screening may be interrupted by vehicular or pedestrian entrances.

(b) Trees

(1) Tree caliper

At time of planting, canopy trees shall be a minimum of three inches caliper and ornamental trees shall be a minimum of two inches caliper.

(2) Trees in single tree pits

One of the procedures in this paragraph, (b)(2), shall be employed to protect trees planted at grade:

- (i) granite or cast concrete block pavers with a minimum four inch depth shall be installed in accordance with New York City Department of Parks and Recreation (DPR) standards for #street# trees;
- (ii) a grate shall be installed over the root zone, supported at its edges and set flush with the adjacent pavement for pedestrian safety, in accordance with DPR standards for #street# trees for grate size; or
- (iii) the root zone shall be surrounded with barrier hedge planting.

(4/22/09)

62-656

Paving

Paving in #waterfront public access areas# shall comply with the following:

(a) Locational requirements

(1) Within required circulation paths

All paving material for a required circulation path shall be permanent, durable, accessible to persons with physical disabilities, and shall consist of one or a combination of the following:

- (i) Unit pavers constituted of stone, concrete, granite, asphalt or a mix of these materials with other aggregates;
- (ii) Concrete, prefabricated, poured or permeable;
- (iii) Wood planks for boardwalk or decking, except that tropical hardwood shall not be permitted;
- (iv) Solid plastic, such as "plastic lumber," high density polyethylene, wood composite plastic or fiber-reinforced plastic.

(2) Other than within required circulation paths

In addition to the permitted paving materials of paragraph

(a)(1) of this Section, the following materials shall be permitted anywhere in a #waterfront public access area#:

- (i) Blocks such as Belgian blocks, cobble stones, concrete cobbles, or Eurocobble;
- (ii) Gravel, loose, installed over a solid surface or glued with resin;
- (iii) Wood chips or other similar material;
- (iv) Metal grating, limited to locations that require drainage and for #platforms#;
- (v) Asphalt, impermeable or porous, which may be imprinted with thermoplastic patterns.

(3) Special regulations for Type 2 #upland connections#

Paving for driveways and pedestrian paths shall be subject to the standards of the New York City Department of Transportation for roadbeds and sidewalks.

(b) Dimensional requirements

- (1) All unit pavers shall have a minimum thickness dimension of two inches for pedestrian use and three inches for vehicular use and shall not exceed a maximum of four square feet in area.
- (2) Wood planks or plastic lumber for boardwalk or decking shall be a minimum of three inches thick (nominal dimension). The direction of planks shall not be parallel to the direction of traffic.
- (3) Concrete slabs, other than in #upland connections#, shall be a maximum of two feet in any one dimension.

All the above materials may be installed to facilitate storm water management appropriate for specific site conditions.

(4/22/09)

62-657

Bicycle racks

Each bicycle rack shall allow for the bicycle frame and one wheel to be locked to the rack. If bicycles can be locked to each side of the

rack, each side may be counted as a required space. Thirty inches of maneuverable space shall be provided between parallel bicycle racks and an eight foot wide aisle shall be provided between bicycle rack areas.

(4/22/09)

62-658

Trash receptacles

Trash receptacles shall be placed within 50 feet of a seating area, have a minimum capacity of 25 gallons and have either top openings that measure at least 12 inches wide or side openings that inscribe a rectangle measuring at least 12 inches wide and six inches high. Trash receptacles shall be able to use standard bags used to collect trash.

(4/22/09)

62-70

MAINTENANCE AND OPERATION REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS

(2/2/11)

62-71

Operational Requirements

(a) Hours of operation

All #waterfront public access areas# shall be open to the public at the times indicated in the table in this Section, except when required to be closed for repairs, and for no more than one day each year in order to preserve the private ownership of such area, as set forth in the maintenance and operation agreement required pursuant to Section 62-74.

HOURS OF OPERATION FOR WATERFRONT PUBLIC ACCESS AREAS

Districts	April 15 to October 31	November 1 to April 14
#Zoning lots# containing predominantly #community	Dawn to dusk*	Dawn to dusk*

facility uses# in:

R3 R4 R5

* Dawn shall be defined as one half hour before sunrise, and
dusk shall be defined as one half hour after sunset

** #Waterfront public access areas# on #zoning lots# containing
predominantly #commercial uses# shall not be required to be
open to the public beyond 10 P.M. from April 15th to October
31st and 8 P.M. from November 1st to April 14th

(b) Rules of conduct

Rules of conduct for the #waterfront public access area# shall be
established with the Department of Parks and Recreation and set
forth in the maintenance and operation agreement as required
pursuant to Section 62-74 (Requirements for Recordation). Such
rules of conduct shall not prohibit typical promenade activities
consistent with public enjoyment of the waterfront, such as
walking, jogging, sitting or reclining, gathering in small
groups, or consumption of food or non-alcoholic beverages.

(4/22/09)

62-72

Performance and Maintenance Requirements

(a) Performance and maintenance

- (1) The property owner shall be responsible for the completion
and maintenance of all required #waterfront public access
areas# on the #zoning lot#. No certificate of occupancy

shall be issued until all required #waterfront public access area# improvements are completed except as otherwise provided in a phasing plan pursuant to Sections 62-811 (Waterfront public access and visual corridors) or 62-822 (Modification of waterfront public access area and visual corridor requirements).
