What to Expect

We have planned this construction to occur in stages to minimize disruption and inconvenience to residents, pedestrians, and drivers. Some restrictions will be necessary, however, to complete the work.

Please take note of the following

- **Street Access** Pedestrian access will be maintained at all times.
- **Vehicular** access may need to be temporarily restricted, generally during work hours.
- **Signs** will be posted informing residents of necessary street closures and/or limited access.
- **Parking** may be temporarily restricted where necessary to allow construction to proceed. Signs will be posted indicating the temporary restrictions.
- **Driveway** access may be temporarily restricted in order to perform certain work.
- **Public Transportation** Some bus stops and/or bus routes may be moved or changed during the course of this construction. Signs and directions will be posted showing the new stops and/or routes.

You will receive notification of the above restrictions from the project staff.

Special Needs

Individuals with special needs who may be uniquely impacted by this project should contact the project's Resident Engineer, Community/Business Liaison, or Engineer-In-Charge as soon as possible, to make them aware of your situation. We will work with you to attempt to minimize the inconvenience as much as possible.

Sidewalk Violation Notices

You will not be assessed for any sidewalk construction work resulting from this project.

Property Damage Concerns

Under the terms of the contract, the Contractor is responsible for the repair of any proven property damage and restoration of the construction area, including sidewalks and curbs, to at least the condition that existed prior to the start of construction.

As a protection for the City of New York and the property owners along the route of the construction, pre-construction pictures are taken. The contract requires the Contractor to maintain property damage and liability insurance coverage until the completion of all work.

You are advised to inform the Contractor and the Resident Engineer in the first instance of any property damage you may have, and if the Contractor fails to respond within 10 days, you should inform the DDC Borough Director in writing.

Important

If you believe the city is responsible, or if you wish to file a claim with the city you must do so within 90 days of the occurrence with the New York City Comptroller's Office. For information please contact the Construction Community Liaison or Resident Engineer.
