(2) (a) The division and the city chief procurement officer shall develop a citywide utilization plan for procurements of goods.

(b) Agencies shall develop agency utilization plans pursuant to subdivision g of this
The citywide goals shall not be summarily adopted as goals for all annual agency utilization plans; rather, goals for such plans may be set at levels higher, lower, or the same as the citywide goals, subject to the approval of the commissioner as described in paragraph three of subdivision g of this section. When setting its goals, each agency shall consider the citywide goals, the size and nature of its own procurement portfolio, and the availability of MBEs, WBEs and EBEs with the capacity to perform the specific types and scale of work for which the agency anticipates it will solicit procurements during the year. Agencies shall seek to ensure substantial progress toward the attainment of each of these goals in as short a time as practicable.

(3) The citywide goals shall not be summarily adopted as goals for individual procurements; rather, as set forth in subdivision i of this section, goals for such procurements may be set at levels higher, lower, or the same as the citywide goals. In setting such goals, each agency shall take into account the citywide goals and the agency’s annual utilization plan, the size and nature of the procurement, and the availability of MBEs, WBEs and EBEs with the capacity to perform the specific types and scale of work involved in its procurements.

(4) [(A)](a) No later than 2015, [Beginning twelve months after the effective date of the local law that added this section and every two years thereafter,] the commissioner, in consultation with the city chief procurement officer, shall, for each industry classification and each minority group, review and compare the availability rates of firms owned by minorities and women to the utilization rates of such firms in agency contracts and direct subcontracts, and shall on the basis of such review and any other relevant information, where appropriate, revise by rule the citywide participation goals set forth in this subdivision. In making such revision, the commissioner shall consider the extent to which discrimination continues to have an impact on the ability of minorities and women to compete for city contracts and subcontracts. The commissioner
shall submit the results of such review and any proposed revisions to the participation goals to the speaker of the council at least sixty days prior to publishing a proposed rule that would revise participation goals. Such review shall thereafter be conducted at least once every two years.

[(B)](b) No later than 2015, [Beginning twelve months after the effective date of the local law that added this section and every two years thereafter,] the commissioner shall review information collected by the department to determine the availability and utilization of EBEs, and shall on the basis of such review and any other relevant information, where appropriate, revise by rule the citywide participation goals set forth in this subdivision. Such revised goals shall be set at a level intended to assist in overcoming the impact of discrimination on such businesses. Such review shall be conducted in 2015 and at least once every two years thereafter.

e. Responsibilities of the division.

(1) The division shall create and maintain and periodically update directories by industry classification of MBEs, WBEs, and EBEs which it shall supply to all agencies, post on its website and on other relevant city websites and make available for dissemination and/or public inspection at its offices and other locations within each borough.

(2) The division shall make its resources available to assist agencies and contractors in (i) determining the availability of MBEs, WBEs, and EBEs to participate in their contracts as prime contractors and/or subcontractors; and (ii) identifying opportunities appropriate for participation by MBEs, WBEs, and EBEs in contracts.

(3) The division shall develop and maintain relationships with organizations representing contractors, including MBEs, WBEs, and EBEs, and solicit their support and
assistance in efforts to increase participation of MBEs, WBEs, and EBEs in city procurement.

(4) The division shall coordinate with city and state entities that maintain databases of MBEs, WBEs, and EBEs and work to enhance city availability data and directories.

The division shall further develop a clearinghouse of information on programs and services available to MBEs, WBEs, and EBEs. *The division shall conduct meetings with MBEs, WBEs and EBEs to discuss what agencies look for in evaluating bids and proposals. The division shall also educate prime contractors on opportunities to partner or subcontract with certified MBEs, WBEs and EBEs.*

(7) The division shall develop standardized forms and reporting documents for agencies and contractors to facilitate the reporting requirements of this section.

(8) The division shall direct and assist agencies in their efforts to increase participation by MBEs, WBEs, and EBEs in any city-operated financial, technical, and management assistance program.

(9) The division shall study and recommend to the commissioner methods to streamline the M/WBE and EBE certification process.

All solicitations for contracts for which contractor utilization plans are to be established shall include notice of potential audit.

(11) The division shall assist agencies in identifying and seeking ways to reduce or eliminate practices such as bonding requirements or delays in payment by prime contractors that may present barriers to competition by MBEs, WBEs, and EBEs.

(12) The division shall encourage prime contractors to enter joint venture agreements with MBEs, WBEs and EBEs.

(13) (a) The division shall, upon reviewing applications for certification and recertification, determine whether a firm qualifies as a graduate MBE, WBE or EBE.

(c) At any time more than two years after the division has determined that a firm qualifies as a graduate MBE, WBE or EBE, the firm may apply to have such designation lifted. The division shall lift the designation if the firm demonstrates that it has been below the size standards established by the United States small business administration for its industry for a period of two years or more.

Each agency head shall designate a deputy commissioner or other executive officer to act as the agency M/WBE officer who shall be directly accountable to the agency head concerning the activities of the agency in carrying out its responsibilities pursuant to this section, including the responsibilities relating to EBE participation. (1) Beginning May 15, 2006, and on April 1 of each year thereafter, each agency which, during the fiscal year which ended on June 30 of the preceding year, has made procurements in excess of five million dollars[ during the fiscal year which ended on June 30 of the preceding
20 calendar year, without counting procurements that are exempt pursuant to paragraph two of subdivision q of this section, shall submit an agency utilization plan for the fiscal year commencing in July of the year when such plan is to be submitted to the commissioner. When setting its goals for such purchases, in addition to the factors set forth in paragraph (1) of this subdivision, each agency shall specifically consider the potential for such purchases to provide opportunities for MBEs, WBES and EBEs to develop greater capacity, thereby increasing competition for city procurements.

[(2)](3) An agency utilization plan may be amended from time to time to reflect changes in the agency's projected expenditures or other relevant circumstances and resulting changes in such agency's participation goals. Such amendments shall be submitted to the commissioner, the city chief procurement officer and the speaker of the council at least thirty days prior to implementation.

(4) Prior to approving individual agency utilization plans, the commissioner, in consultation with the city chief procurement officer, shall consider whether such plans viewed in the aggregate establish any goals exceeding the corresponding citywide goals set forth in subdivision d of this section. If any aggregated goals are found to exceed the corresponding citywide goal, the commissioner shall require agencies to adjust their goals so that plans, viewed in the aggregate, do not establish goals exceeding the citywide goals. Nothing in this paragraph shall be construed to limit the awards of contracts and subcontracts that may be made to MBEs, WBES and EBEs without using goals.

(5) The commissioner, in consultation with the city chief procurement officer, shall, no later than July 31 of each year, publish on the division’s website a plan and schedule for each
agency detailing the anticipated contracting actions for the upcoming fiscal year that form the basis for the agency utilization plan of each such agency. The plan and schedule shall include information specific to each prospective invitation for bids, request for proposal, or other solicitation, including, but not limited to, the specific type and scale of the services and/or goods to be procured, the term of the proposed contract, the method of solicitation the agency intends to utilize, and the anticipated fiscal year quarter of the planned solicitation.

[(ii)](b) Agencies shall encourage eligible businesses to apply for certification as MBEs, WBEs and EBEs and inclusion in the directories of MBEs, WBEs and EBEs. Agencies shall also encourage MBEs, WBEs and EBEs to have their names included on their bidders lists, seek pre-qualification where applicable, and compete for city business as contractors and subcontractors. Agencies are encouraged to advertise procurement opportunities in general
circulation media, trade and professional association publications and small business media, and publications of minority and women's business organizations, and send written notice of specific procurement opportunities to minority and women's business organizations.

[(iii)](c) All agency solicitations for bids or proposals shall include information referring potential bidders or proposers to the directories of MBEs, WBEs and EBEs prepared by the division.

[(iv)](d) In planning procurements, agencies shall consider the effect of the scope, specifications and size of a contract on opportunities for participation by MBEs, WBEs and EBEs.

[(v)] For construction contracts, agencies shall consider whether to enter into separate prime contracts for construction support services including, but not limited to, trucking, landscaping, demolition, site clearing, surveying and site security.

[(vi)](e) Prior to soliciting bids or proposals for contracts valued at over ten million dollars, other than contracts for capital projects valued at over twenty-five million dollars and contracts that are exempt pursuant to paragraph two of subdivision q of this section, an agency shall submit the bid or proposal to the city chief procurement officer for a determination whether it is practicable to divide the proposed contract into smaller contracts and whether doing so will enhance competition for such contracts among MBEs, WBEs and EBEs and other potential bidders or proposers. If the city chief procurement officer determines that it is both practicable and advantageous in light of cost and other relevant factors to divide such contracts into smaller contracts, then he or she shall direct the agency to do so.

[(vii)](f) Agencies shall examine their internal procurement policies, procedures and
practices and, where practicable, address those elements, if any, that may negatively affect participation of MBEs, WBEs and EBEs in city procurement.

[(viii) Agency M/WBE officers shall, in accordance with guidelines established by the city chief procurement officer, establish a process for quarterly meetings with MBEs, WBEs and EBEs to discuss what the agency looks for in evaluating bids and proposals.

(ix) Agencies shall encourage prime contractors to enter joint venture agreements with MBEs, WBEs and EBEs.]

i. Participation goals for [construction and professional services] contracts for construction and professional and standard services.

(1) Prior to issuing the solicitation of bids or proposals for individual [construction and professional services] contracts, agencies shall establish [a target subcontracting percentage for the contract and] participation goals for MBEs, WBEs and/or EBEs. [The "target subcontracting percentage" for the contract shall represent the percentage of the total contract which the agency anticipates a typical prime contractor in the relevant industry would in the normal course of business award to one or more subcontractors for amounts under one million dollars. The participation goals established for a contract shall represent a percentage of the total dollar value of all subcontracts for amounts under one million dollars pursuant to the award]. Such goals may be greater than, less than or the same as the relevant citywide goal or goals established pursuant to subdivision d of this section. Taking into account the factors listed in this subdivision, an agency may establish a goal for a procurement that may be achieved by a combination of prime contract and subcontract dollars, a combination of construction and services performed pursuant to the contract, and/or a combination of MBEs, WBEs and/or EBEs. Alternatively, an agency may
establish specific goals for particular types of services, and/or goals for particular types of certified firms. In determining the participation goals for a particular contract, an agency shall consider the following factors:

[(i)](a) the scope of work;

[(ii)](b) the availability of MBEs, WBEs and EBEs able to perform the particular tasks required in the contract;

[(iii)](c) the extent to which the type and scale of work involved in the contract [presents] present prime contracting and subcontracting opportunities for amounts [under one million dollars] within the capacity of MBEs, WBEs and EBEs;

[(iv)](d) the agency's progress to date toward meeting its annual participation goals through race-neutral, gender-neutral and other means, and the agency's expectations as to the effect such methods will have on participation of MBEs, WBEs and EBEs in the agency's future contracts; and

[(v)](e) any other factors the contracting agency deems relevant.

(2) A contracting agency shall not be required to establish participation goals for

(i) procurements described in subdivision q of this section; or

(ii) when the agency has already attained the relevant goal in its annual utilization plan, or expects that it will attain such goal without the use of such participation goals.

(3) For each contract in which a contracting agency has established participation goals, such agency shall state in the solicitation for such contract that bidders and/or proposers shall be
required to agree as a material term of the contract that[, with respect to the total amount of the contract to be awarded to one or more subcontractors pursuant to subcontracts for amounts under one million dollars,] the contractor shall [be subject to] meet the participation goals unless such goals are waived or modified by the agency in accordance with this section. A contractor that is an MBE, WBE or EBE shall be permitted to count its own participation toward fulfillment of the relevant participation goal, provided that the value of such a contractor’s participation shall be determined by subtracting from the total value of the contract any amounts that the contractor pays to direct subcontractors. A contractor that is a qualified joint venture shall be permitted to count a percentage of its own participation toward fulfillment of the relevant participation goal. The value of such a contractor’s participation shall be determined by subtracting from the total value of the contract any amounts that the contractor pays to direct subcontractors, and then multiplying the remainder by the percentage to be applied to total profit to determine the amount to which an MBE, WBE or EBE is entitled pursuant to the joint venture agreement. Notwithstanding any provision of this paragraph to the contrary, a contractor’s achievement of participation goals shall be determined as described in paragraph two of subdivision j of this section.

(4) For each contract in which participation goals are established, the agency shall include in its solicitation and/or bidding materials a referral to the directories prepared by the division pursuant to this section.

(5) For each contract for which participation goals are established, the contractor shall be required to submit with its bid or proposal[,] a contractor utilization plan indicating:

(a) whether the contractor is an MBE, WBE, EBE, or a qualified joint venture; [the
percentage of the work it intends to subcontract, and]

(b) the percentage of work it intends to award to direct subcontractors; [for amounts under one million dollars, and,] and

(c) in cases where the contractor intends to award direct subcontracts, [for amounts under one million dollars,] a description of the type and dollar value of work designated for participation by MBEs, WBEs and/or EBEs, and the time frames in which such work is scheduled to begin and end.

When the contractor utilization plan indicates that the bidder or proposer does not intend to [award the target subcontracting percentage] meet the participation goals, the bid or proposal shall not be deemed responsive unless the agency has granted a pre-award [waiver] request for change pursuant to paragraph 11 of this subdivision.

(6) (a) For each contract for which a contractor utilization plan has been submitted, the contracting agency shall require that within thirty days of the issuance of notice to proceed, and at least once per year thereafter, the contractor submit a list of persons to which it intends to award subcontracts within the next twelve months. In the event that a contracting agency disapproves a contractor's selection of a subcontractor or subcontractors, the contracting agency shall allow such contractor a reasonable time to propose alternate subcontractors.

(b) The contracting agency may also require the contractor to report periodically about the contracts awarded by its direct subcontractors to indirect subcontractors.

(7) For each contract for which a contractor utilization plan has been submitted, the contractor shall, with each voucher for payment, and/or periodically as the agency may require,
submit statements, certified under penalty of perjury, which shall include, but not be limited to, the total amount the contractor paid to its direct subcontractors, and, where applicable pursuant to subparagraph (1) of paragraph (1) of subdivision j of this section, the total amount direct subcontractors paid to indirect subcontractors, [(including subcontractors that are not MBEs, WBEs or EBEs)]; the names, addresses and contact numbers of each MBE, WBE or EBE hired as a subcontractor [pursuant to such plan] by the contractor or any of the contractor's direct subcontractors, as well as the dates and amounts paid to each MBE, WBE or EBE. The contractor shall also submit, along with its voucher for final payment, the total amount it paid to subcontractors, and, where applicable pursuant to subparagraph (1) of paragraph (1) of subdivision j of this section, the total amount its direct subcontractors paid directly to their indirect subcontractors [(including subcontractors that are not MBEs, WBEs or EBEs)]; and a final list, certified under penalty of perjury, which shall include the name, address and contact information of each subcontractor that is an MBE, WBE or EBE [hired pursuant to such plan], the work performed by, and the dates and amounts paid to each.

(8) If payments made to, or work performed by, MBEs, WBEs or EBEs are less than the amount specified in the contractor's utilization plan, the agency shall take appropriate action in accordance with subdivision o of this section, unless the contractor has obtained a modification of its utilization plan pursuant to paragraph 12 of this subdivision.

(9) When advertising a solicitation for bids or proposals for a contract for which a participation goal has been established, agencies shall include in the advertisement a general statement that the contract will be subject to participation goals for MBEs, WBEs and/or EBEs.

(10) In the event that a contractor with a contract that includes a contractor utilization
plan submits a request for a change order the value of which exceeds the greater of ten percent of such contract or $500,000, the agency shall [establish participation goals as if for a new contract for the work to be performed pursuant to such change order] review the scope of work for the contract, and the scale and types of work involved in the change order, and determine whether the participation goals should be modified.

(11) [Pre-award waiver] Requests from bidders or proposers for changes in participation goals.

(a) A bidder or proposer may request that an agency change the participation goal or goals established for the procurement on the grounds that goals are unreasonable in light of the availability of certified firms to perform the services required, or by demonstrating that it has legitimate business reasons for proposing a lower level of subcontracting in its utilization plan.

(b) If the contracting agency determines that the participation goals established for the procurement are unreasonable in light of the availability of certified firms to perform the services required, it shall revise the solicitation and extend the deadline for bids and proposals.

[(i)](c) Subject to subparagraph [(ii)]d) of this paragraph, the contracting agency may grant a full or partial waiver of the [target subcontracting percentage] participation goals to a bidder or proposer who demonstrates that it has legitimate business reasons for proposing the level of subcontracting in its utilization plan. The contracting agency shall make its determination in light of factors [which] that shall include, but not be limited to, whether the bidder or proposer has the capacity and the bona fide intention to perform the contract without any subcontracting, or to perform the contract without awarding the amount of subcontracts [for under one million dollars] represented by the [target subcontracting percentage] participation goals. In making such
determination, the agency may consider whether the utilization plan is consistent with past subcontracting practices of the bidder or proposer, \textit{whether the bidder or proposer has made efforts to form a joint venture with a certified firm}, and whether the bidder or proposer has made good faith efforts to identify portions of the contract that it intends to subcontract. [Within thirty days of the registration of a contract, the] The city chief contracting officer shall notify the council of any such waiver granted with respect to [the] a registered contract in the quarterly report required pursuant to subdivision \textit{l} of this section.

[(ii)](d) The agency M/WBE officer shall provide written notice of requests for a full or partial waiver of the [target subcontracting percentage] participation goals to the division and the city chief procurement officer and shall not approve any such request without the approval of the city chief procurement officer, provided that the city chief procurement officer, upon adequate assurances of an agency's ability to administer its utilization plan in accordance with the provisions of this section, may determine that further approval from the city chief procurement officer is not required with respect to such requests for an agency's contracts or particular categories of an agency's contracts. The city chief procurement officer shall notify the speaker of the council in writing [within thirty days of] in the quarterly report required pursuant to subdivision \textit{l} of this section following the registration of a contract for which a request for a full or partial waiver of a [target subcontracting percentage] participation goal was granted, provided that where an agency has been authorized to grant waivers without approval of the chief procurement officer, such notice shall be provided to the speaker of the council by the agency. Such notification shall include, but not be limited to, the name of the contractor, the original [target subcontracting percentage] participation goal, the waiver request, including all documentation, and an explanation for the approval of such request.
(12) Modification of utilization plans at contractor's request or agency's initiative. [(i)]

(a) A contractor may request modification of its utilization plan after the award of a contract. Subject to subparagraph [(ii)](b) of this paragraph, an agency may grant such request if it determines that such contractor has established, with appropriate documentary and other evidence, that it made all reasonable, good faith efforts to meet the goals set by the agency for the contract. In making such determination, the agency shall consider evidence of the following efforts, as applicable, along with any other relevant factors:

[(A)](i) The contractor advertised opportunities to participate in the contract, where appropriate, in general circulation media, trade and professional association publications and small business media, and publications of minority and women's business organizations;

[(B)](ii) The contractor provided notice of specific opportunities to participate in the contract, in a timely manner, to minority and women's business organizations;

[(C)](iii) The contractor sent written notices, by certified mail or facsimile, in a timely manner, to advise MBEs, WBEs or EBEs that their interest in the contract was solicited;

[(D)](iv) The contractor made efforts to identify portions of the work that could be substituted for portions originally designated for participation by MBEs, WBEs and/or EBEs in the contractor utilization plan, and for which the contractor claims an inability to retain MBEs, WBEs or EBEs;

[(E)](v) The contractor held meetings with MBEs, WBEs and/or EBEs prior to the date their bids or proposals were due, for the purpose of explaining in detail the scope and requirements of the work for which their bids or proposals were solicited;
[(F)](vi) The contractor made efforts to negotiate with MBEs, WBEs and/or EBEs as relevant to perform specific subcontracts, or act as suppliers or service providers;

[(G)](vii) Timely written requests for assistance made by the contractor to the agency M/WBE liaison officer and to the division; and

[(H)](viii) Description of how recommendations made by the division and the contracting agency were acted upon and an explanation of why action upon such recommendations did not lead to the desired level of participation of MBEs, WBEs and/or EBEs.

[(ii)](b) The agency M/WBE officer shall provide written notice of requests for such modifications to the division and the city chief procurement officer and shall not approve any such request for modification without the approval of the city chief procurement officer, provided that the city chief procurement officer, upon adequate assurances of an agency's ability to administer its utilization plan in accordance with the provisions of this section, may determine that further approval from the city chief procurement officer is not required with respect to such requests for an agency's contracts or particular categories of an agency's contracts. The city chief procurement officer, shall notify the speaker of the council in writing within seven days of the approval of a request for modification of a utilization plan, provided that where an agency has been authorized to grant modifications without approval of the chief procurement officer, such notice shall be provided to the speaker of the council by the agency. Such notification shall include, but not be limited to, the name of the contractor, the original utilization plan, the modification request, including all documentation, and an explanation for the approval of such request.

types of work that the contractor indicated in its contractor utilization plan would be awarded to subcontractors.

[(iv)](d) The agency M/WBE officer shall provide written notice to the contractor of its determination that shall include the reasons for such determination.

(13) For each contract in which a contracting agency has established participation goals, the agency shall evaluate and assess the contractor's performance in meeting each such goal. Such evaluation and assessment shall be a part of the contractor's overall contract performance evaluation required pursuant to section 333 of the charter.

(1) An agency's achievement of its annual goals shall be calculated as follows:

[(i)](a) The [total] dollar amount that an agency has paid or is obligated to pay to a prime contractor that is an MBE, WBE or EBE, reduced by the dollar amount the contractor has paid or is obligated to pay its direct subcontractors upon their completion of work, [may] shall be credited toward the relevant goal.
