CRO-513 - Government to Government - PIN# 82612T0001 - Due 8-12-2011 AT 4:00 PM
DEP, Bureau of Water Supply, intends to enter into an Agreement with the County of Westchester for CRO-513: Westlake Early Warning System. It calls for the County to purchase and install remote a warning system that will issue electronic alerts in the event of high wasterwater levels in the Westlake Trunk Sewer System. Because the Westlake Trunk Sewer System was constructed by the County of Westchester, this agreement to install an early warning system within the system shall be between NYC DEP and the County of Westchester. Any firm which believes it can also provide the required service IN THE FUTURE is invited to do so, indicated by letter which must be received no later than August 12, 2011, 4:00pm at: Department of Environmental Protection, Agency Chief Contracting Officer, 59-17 Junction Blvd., 17th Floor, Flushing, New York 11373, ATTN: Ms. Debra Butlien, (718) 595-3423
