HEAT Joins FDNY Summer Block Party

CB5 HEAT with FDNY mascot Hot Dog.

The Community Board 5 (CB5) HEAT team joined the NYC Fire Department's summer block party at Engine 75, Ladder 33, on Saturday, July 22. This is the first year HEAT has teamed up with the NY's Bravest at their annual block party. The event was full of games, activities, music, food, and happy attendees. The HEAT team was able to spread the message of fire hydrant safety to the attendees and Assemblyman Victor Pichardo. The CB5 team was ready to have some fun with their HEAT-point game and HEAT cars.

The FDNY mascots were at the block party, and the team was able to get a picture with their mascot Hot Dog. The team took almost 80 pictures and received 30 follows on social media. FDNY was happy to have the HEAT Program, their partners for fire hydrant safety, at the event.

The HEAT program would like to thank the FDNY and can't wait to do it again next year!

The goal of the **HEAT** program is to educate community residents and stakeholders about the dangers associated with illegally opened fire hydrants. Promote and advocate for the use of spray caps on fire hydrants.

HEAT in the Farm!

Community Board 12's HEAT team was part of two events held at The Dyckman Farmhouse Museum. On Friday, July 21, The HEAT program joined Affirmative Art Organization at the farmhouse to reach families who visit the museum.

Also, on Sunday, July 22 the museum hosted a "Drop in Science" workshop. The workshop is an environmentally friendly activity for museum visitors. The HEAT team came ready to play and educate visitors with their HEAT-point game. The HEAT team also had an opportunity to speak with museum visitors about the effects illegally opened fire hydrants have on the environment. The team was able to reach many visitors thanks to these two events.

HEAT Ready to Boogie at the Blvd!

On Sunday, July 23, the Community Board 4 HEAT team joined the Bronx Museum's "Boogie on the Boulevard" event. During the event, the Grand Concourse is closed to traffic and opened to residents for a Sunday morning filled with exciting activities and lots of fun.

The HEAT team came ready with games and giveaways for attendees. They successfully reached hundreds of children and their parents and shared the importance of fire hydrant safety.
