Office Title: Asbestos Enforcement Inspector	Work Location: 59-17 Junction Blvd Flushing NY 8th Fl.
Division/Work Unit: Bureau of Environmental Compliance/Asbestos Control	Number of Positions: 1
Hours/Shift: 35 Hours/Day	Agency Tracking #: N/A

Job Description

The selected candidate under direction, will conduct safety and health investigations to insure compliance with Asbestos Rules and Regulations, insure public safety and health by identifying and evaluating potential egress and or fire protection system hazards, passive fire protection system removal or reconfiguration hazards and violations, which may violate laws, rules and regulations that are intended to reduce or eliminate fire hazards or assist in extinguishing fires, and institute immediate control measures; prepare detailed inspection reports of field activities, and obtain worksite dimensions, diagrams and photographs; collect and document asbestos samples, interpret laboratory reports, review air sampling reports, and issue Notice of Violations; prepare case files and evidence, and provide testimony at Environmental Control Board Hearings and trials; respond to reports and concerns from the public and emergency situations; and conduct field and office audits of Asbestos Assessment Reports. Candidate will also perform joint inspections and investigations with other City, State and Federal Agencies; become familiar with the processing of applications for Asbestos Handlers, Supervisors and Investigators and the administration of standardized examination for new applicants and issue certificates.

Qualification Requirements

1. Baccalaureate degree from an accredited college including, or supplemented by 28 semester credits in industrial hygiene, environmental health science, occupational health science, and/or safety engineering; or
 2. A baccalaureate degree from an accredited college including, or supplemented by 28 semester credits in the physical or natural sciences, civil engineering, mechanical engineering, environmental engineering, chemical engineering and/or toxicology and one year of satisfactory full-time work experience in the identification, evaluation and control of health and safety hazards; or
 3. A baccalaureate degree from an accredited college and two years of satisfactory full-time work experience as described in "2" above; or
 4. A satisfactory combination of education and/or which is equivalent to "1", "2", or "3" above;. Semester credits from an accredited college in industrial hygiene, environmental health science, occupational health science and/or safety engineering may be substituted for experience on the basis of 7 semester credit equals 6 months experience, up to a maximum of 28 semester credits. However, all candidates must have at least a baccalaureate degree from an accredited college.
- A motor vehicle license in the state of New York is a requirement. The license must be maintained for the duration of employment.

Essential Skills

The selected candidate should have knowledge of Title 15, Chapter 1, of the Rule of the City of New York (the asbestos rule), New York State Industrial Code Rule 56, and the applicable provisions of USEPA NESHS.
