Job Description

Working in the Operations Directorate, Division of Wastewater Operations, Mahopac Wastewater Treatment Facility, under the supervision of a Supervisor, Watershed Maintenance, the selected candidate will perform duties related to the operation, maintenance and repair of facilities, equipment and lands of the City of New York in accordance with department rules and regulations; operating motor vehicles and motor powered equipment, operating and maintaining wastewater conveyances, installing and maintaining fixtures and gauges, maintaining logs of operations, maintenance and water quality, and service pumps, engines, valves and motors, and performing laboratory analysis; checking security of structures and operating communication equipment, hand and power tools and complying with all environmental, health and safety rules and regulations.

Qualification Requirements

A four-year high school diploma or its educational equivalent and one of the following:

1. One year of full-time satisfactory experience in the operation and maintenance of equipment used in the controlling or purification of water at facilities in watershed areas, reservoirs, or aqueduct systems; or performing duties involving the upkeep, inspection, maintenance or operation of watershed areas and related facilities; *or*
2. Two years of full-time satisfactory experience as: a mechanic, journeyman or helper in the electrical trades or mechanical trades; or a technician in a chemical processing facility or chemical laboratory.

License Requirements - A Motor Vehicle Driver's License valid in the State of New York. This license must be maintained for the duration of employment. All candidates are required to obtain and maintain any license or licenses necessary to perform the duties of the position.

Essential Skills

Preference will be given to candidates possessing NYS Wastewater Certificate.
