<b>Civil Service Title:</b> Stationary Engineer ( <i>Electric</i> )	<b>Level:</b> N/A
<b>Title Code No:</b> 91645	<b>Daily Salary:</b> \$363.92p/d
<b>Office Title:</b> Stationary Engineer	<b>Work Location:</b> Eastern Operations/Hudson River Pumping Station
<b>Division/Work Unit:</b>	<b>Number of Positions:</b> 1
<b>Hours/Shift:</b> 40 Hours a week/Days	<b>Agency Tracking #:</b> N/A

**Job Description**

Working in the Eastern Operations Division, Bureau of Water Supply, under general supervision, the candidate will be responsible charge of the operation, maintenance, scheduling, safety and environmental inspections, procurement, policy compliance, reporting and general upkeep of the Hudson River Pumping Station, and Shaft 6 of the Delaware Aqueduct, located in the Town of Wappinger; will repair, test and adjust equipment such as generators, pumps, transformers, electric motors, bearings, switchboards, controllers, compressors, meters, gauges, valves, fittings, heating apparatus, converters, rectifiers, controls, circuit breakers, etc., to maintain the operational status of the two facilities; and will operate and maintain a 115 kV sub-station, which provides the main power for both facilities. Also, may provide assistance to the Highlands Region Test Operations Services (TOS) Section performing similar tasks as outlined above.

**Qualification Requirements**

1. Five years of full-time satisfactory experience within the last 10 years in responsible charge of the operation of plants or facilities utilizing high tension electrical equipment (over 600 volts), including troubleshooting and repairing such equipment, in one or more of the following: electrical generating stations, electrical switching stations, water treatment plants, wastewater treatment plants, water pumping stations or high volume ventilation systems, one year of which must have been in a supervisory capacity; *or*
2. Two years of full-time satisfactory experience as described in "1" above, and a baccalaureate degree in electrical, civil or mechanical engineering from an accredited college; *or*
3. Four years of full-time satisfactory experience as described in "1" above and an associate degree in Science or Applied Science from an accredited college with a major in Water Quality Monitoring, Wastewater Treatment Plant Operations, Environmental Health, Environmental Control, Electrical Technology or Mechanical Technology; *or*
4. Two years of full-time satisfactory experience as described in "1" above plus three years of full-time satisfactory experience as an electrician; *or*
5. Five years of full time satisfactory experience within the last 10 years as an electrician, including three years of full-time satisfactory experience troubleshooting and repairing high tension electrical equipment (600 volts or more); *or*
6. A satisfactory combination of education and/or experience which is equivalent to "1", "2", "3", "4" or "5" above. Education may be substituted for experience on the basis that one year of experience will be credited for each 60 semester credits from an accredited college leading to a baccalaureate or associate degree in one of the following disciplines described in "2" or "3. However, all candidates qualifying under "1", "2", "3" and "4" above must have at least two years of satisfactory experience as described in "1" above, except for candidates who qualify under "5" above.

**License Requirement:** For appointment to certain positions, candidates must have a motor vehicle driver license valid in the State of New York. This license must be maintained for the duration of the assignment.

**Certificate Requirement:** Candidates appointed to the wastewater treatment plants operated by the Department of Environmental Protection must obtain certification as a Grade 3A or Grade 3 Operator of Public Sewage Treatment Plants by the New York State Department of Environmental Conservation within eighteen months of appointment. This certification must be maintained for the duration of the assignment.
