

City of New York
DEPARTMENT OF ENVIRONMENTAL PROTECTION
Citywide Job Vacancy Notice

Civil Service Title: Electrical Engineering Intern	Level: N/A
Title Code No: 20302	Annual Salary: \$43,349 / \$49,851 - \$52,496
Office Title: Electrical Engineer Intern	Work Location: 96-05 Horace Harding Expway, Corona, NY
Division/Work Unit: Bureau of Wastewater Treatment/Division of Engineering/Electrical Engineering Section	Number of Positions: 2
Hours/Shift: 35 Hours per Week/Day	Agency Tracking #: N/A

Job Description

Under direct supervision of the Section Chief and Area Engineer, the selected candidates will perform elementary electrical engineering work in the field, or office and receive training in engineering work of moderate difficulty and responsibility. The work and training may be in one or more of the following engineering areas: development, design, drafting, specifications, estimating, construction, inspection, operations, or maintenance; visit sites with engineers to assist in project investigation, taking measurements, and recording pertinent data and field conditions; participate in construction meetings with engineers, contractors, and plant operators; and assist engineers in the preparation of reports, letters, memos and correspondence.

Qualification Requirements

- 1) A baccalaureate degree in electrical engineering, electrical engineering technology, or closely related engineering field from an accredited college; *or*
- 2) One year of full-time paid experience in electrical engineering work and either a valid New York State Professional Engineer's License or a valid New York State Certificate as an Intern Engineer. Candidates who have (1) a baccalaureate degree in electrical engineering or closely related engineering field issued upon completion of a course of study approved by the Engineers' Council for Professional Development; or (2) possess either a valid New York State Professional Engineer's License or a valid New York State Certificate as an Intern Engineer and one year of full-time paid experience in electrical engineering work will not be required to take the written test.

The selected candidates with a baccalaureate degree from a school that is not approved by the Engineers' Council for Professional Development or with a degree in electrical engineering technology must take the written test.

Essential Skills

License Requirement: The selected candidate should possess a NYS driver's license as they may be required to operate a motor vehicle in order to perform his/her assigned duties. This license status must be maintained for the duration of employment.
