DEPARTMENT OF ENVIRONMENTAL PROTECTION
Upstate Job Vacancy Notice

Civil Service Title: Scientist (<i>Water Ecology</i>)	Level: 02
Title Code No: 21538	Annual Salary: \$44,630 / \$51,325 - \$65,358
Office Title: Scientist WE II	Work Location: 7870 Route 42, Grahamsville, NY
Division/Work Unit: Bureau of Water Supply/ Water Quality	Number of Positions: 1
Hours/Shift: 35 Hours per Week/Day	Agency Tracking #: N/A

Job Description

Working in the Division of Watershed Water Quality Operations, under general supervision, the selected candidate will perform the following tasks: collect, filter, and preserve stream and reservoir samples; analyze field conditions in situ, calibrate, and maintain standard instrumentation such as temperature, pH, dissolved oxygen, conductivity and turbidity probes; trailer, launch and pilot survey boats to sample locations; deploy and maintain automated data collection and sampling instrumentation; maintain accurate quality control records and logbooks; and utilize the division's laboratory information management system for recording results and preparing reports. The selected candidate may routinely assist other work locations with sample collection, equipment maintenance and perform other duties as required; will comply with applicable Environmental, Health & Safety (EH&S) laws, regulations, policies and procedures; and must be able to work as needed on weekends and/or holidays to fulfill monitoring requirements.

Qualification Requirements

A master's degree from an accredited college in one of the following areas of study: environmental or chemical engineering, limnology, environmental science, marine science, geology, biology, earth science, chemistry, physics, or health science; *or*

A baccalaureate degree from an accredited college with 24 semester credits in one or a combination of the areas of study described in paragraph "1" above, at least 12 of which must have been in one of these areas of study; and two years of satisfactory full-time experience, which may not have been part of graduate or undergraduate course work, working in the field of water quality planning, management or research or performing environmental laboratory analyses, and/or environmental field sampling of water; *or*

An associate degree from an accredited college including or supplemented by 24 semester credits in one or a combination of the areas of study described in paragraph "1" above, at least 12 of which must have been in one of these areas of study; and at least three years of satisfactory full-time experience as described in paragraph "2" above.

Special Note

A master's degree from an accredited college in one of the areas described in paragraph "1" above may be substituted for up to two years of the required experience.

License Requirement

Candidate must possess a motor vehicle driver license valid in the State of New York. This license must be maintained for the duration of employment.
