#### TR2 and TR3 Forms

New filing fees for the TR2 and TR3 Forms become effective September 20. The fee is \$130 per form per submission.

Applicants must pay a combined fee of \$390 (includes fees for both forms and the three required submissions) at permit issuance.

For fee deferred jobs, payment will be required prior to sign-off.

The Department has now made it easier to find concrete information and requirements online. Visit the new [Concrete website](http://nyc.gov/buildings) at [nyc.gov/buildings](http://nyc.gov/buildings).
