

## New Workers' Compensation and/or Disability Waiver Required

As of December 1, 2008, the Buildings Department will only accept the "Certificate of Attestation of Exemption from New York State Workers' Compensation and/or Disability Benefits Insurance Coverage" (CE-200) as proof of Workers' Compensation and Disability insurance waiver. The WC/DB-100 will no longer be accepted.

Beginning December 1, the CE-200 will be available on the State of New York Workers' Compensation Board website: <http://www.wcb.state.ny.us>. Applicants without access to a computer may obtain a paper application by writing or visiting any Workers' Compensation Board District Office.

The following license types may use the CE-200:

- Electrician;
- Master Plumber;
- Master Fire Suppression Piping Contractor;
- Elevator Director; and
- Oil Burning Equipment Installer.

If you have already renewed your license with the old form, you will not have to submit the new form until expiration.

Please visit the web site of the State Workers' Compensation Board with any questions. For more information on the Department's insurance requirements, read our "[Guidelines for Licensees – Keeping Insurance Current](#)" on our website.
