

1 RCNY §103-03

CHAPTER 100

Subchapter C Maintenance of Buildings

§103-03 Existing elevators and escalators.

The provisions of American Society of Mechanical Engineers (“ASME”) A17.3-2002 shall apply to elevators and escalators built in accordance with the 1968, or any previous edition, of the Building Code of the City of New York except as modified in accordance with Section 3610-01 of this Title.
