This rule became effective on February, 20, 2009.

Since such date, one or more amendments have been made to this rule. Each rule amendment has its own effective date and Statement of Basis and Purpose.

Below you will find one or more rule amendments (the most recent appearing at the top), followed by the original rule.

The effective date of each amendment and the original rule can be found at the top of each "NOTICE OF ADOPTION OF RULE."

This amendment has an effective date of 10-15-14.

NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the Commissioner of the Department of Buildings by Section 643 of the New York City Charter and in accordance with Section 1043 of the Charter, that the Department of Buildings hereby adopts the amendments to Sections 104-06 and 104-09 of Chapter 100 of Title 1 of the Official Compilation of the Rules of the City of New York, regarding course requirements for electrician, hoist machine operator and rigger license renewals and certification requirements for hoist machine operator licenses.

This rule was first published on July 29, 2014 and a public hearing thereon was held on September 2, 2014.

Dated:

9/8/14
New York, New York

Rick D. Chandler, P.E.
Commissioner

Statement of Basis and Purpose of Rule

Sections 104-06 and 104-09 of the Department's rules require certain courses and certifications to be obtained by electrician, hoisting machine operator and rigger licensees prior to renewal of their licenses. The rule amendments will extend the date for compliance with these requirements because the required courses and certifications are not currently available.

The Department of Buildings' authority for these rules is found in sections 643 and 1043 of the New York City Charter, as well as in Article 401 of Chapter 4 of Title 28 of the New York City Administrative Code.

New material is underlined.

[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Paragraphs (3), (5), (7) and (8) of subdivision (b) of section 104-06 of Subchapter D of Chapter 100 of Title 1 of the Rules of the City of New York are amended to read as follows:

(3) Electrician (Master/Special). Beginning July 1, [2014]2015, during the one (1) year immediately prior to renewal, the licensee must have successfully completed a course approved by the Department of at least eight (8) hours, at least four (4) hours of which must focus on the New York City Electrical Code and other requirements pursuant to section 105-03 of subchapter E of this chapter. The Department will accept for each license year up to four (4) credit hours earned from an electrical continuing education course offered in another jurisdiction as part of a licensed electrician renewal process in that jurisdiction, provided that the course is at least eight (8) credit hours per license year in that jurisdiction, the credits were earned during the three (3) years immediately prior to renewal and:

- (i) the jurisdiction follows the National Electrical Code/NFPA 70;
- (ii) the course provider is a certified provider within that jurisdiction; and
- (iii) the course is taught by an instructor with experience in the electrical field who is certified
as an electrical course provider in jurisdictions following the National Electrical Code/NFPA 70.

Credit hours earned in another jurisdiction will not count toward the at least four (4) hours that must focus on the New York City Electrical Code and other requirements pursuant to section 105-03.

(5) Hoisting Machine Operator. Beginning July 1, [2013]2015, during the one (1) year immediately prior to renewal, the licensee must have successfully completed a Department-approved eight- (8) hour course covering those provisions of the

administrative code and regulations that are unique to New York City for the operation of a hoisting machine and the unique hazards of operating a hoisting machine within New York City.

(7) Master Rigger. ~~[During]~~Beginning July 1, 2015, during the three (3) years immediately prior to renewal, the licensee shall have successfully completed a Department-approved eight- (8) hour re-certification course including instruction on inspection, maintenance, repair, use, installation, hazards associated with, and the relevant sections of the building code and industry practice with regards to:

- (i) Rigging methods, hardware, and equipment;
- (ii) Hoisting machines, including cranes and derricks;
- (iii) Climber/tower crane assembly, jumping, and disassembly;
- (iv) Suspended scaffolds;
- (v) Critical picks; and
- (vi) Fall hazards and fall protection.

(8) Special Rigger. ~~[During]~~Beginning July 1, 2015, during the three (3) years immediately prior to renewal, the licensee shall have successfully completed a Department-approved eight- (8) hour re-certification course including instruction on inspection, maintenance, repair, use, installation, hazards associated with, and the relevant sections of the building code and industry practice with regards to:

- (i) Rigging methods, hardware, and equipment;
- (ii) Hoisting machines with a manufacturer's rated capacity of one ton or less;
- (iii) Suspended scaffolds;
- (iv) Critical picks; and
- (v) Fall hazards and fall protection.

§2. Section 104-06 of Subchapter D of Chapter 100 of Title 1 of the Rules of the City of New York is amended by adding a new subdivision (d) to read as follows:

(d) Additional powers of the commissioner. The commissioner may, upon a determination of good cause, extend the dates and deadlines set forth in this rule.

§3. Subparagraphs (i) and (ii) of paragraph (2) of subdivision (b) of section 104-09 of Subchapter D of Chapter 100 of Title 1 of the Rules of the City of New York are amended to read as follows:

(2) Valid national certification(s) as follows:

- (i) For Class A Hoisting Machine Operators whose license is renewed or reinstated on or after July 1, ~~[2013]~~2015, one or more valid certification(s) issued by an organization accredited to offer crane operator certifications by the National Commission for Certifying Agencies (NCCA) or the American National Standards Institute (ANSI) and acceptable to the Commissioner. For Class A Hoisting Machine Operators with licenses renewed or reinstated prior to July 1, 2015, such certification must be obtained within one year of renewal. The certification(s) shall authorize the operation of the type of equipment for which

the license is held or sought and the licensee shall provide to the Department a copy of the certification(s), a copy of future re-certifications and documentation of new specialties acquired. The applicable certification(s) must be maintained continuously for the duration of the license term.

(ii) For Class B Hoisting Machine Operators whose license is renewed or reinstated on or after July 1, [2013]2015, all crane operator certifications issued by an organization accredited to offer tower, mobile and crawler crane operator certifications by the National Commission for Certifying Agencies (NCCA) or the American National Standards Institute (ANSI) and acceptable to the Commissioner. For Class B Hoisting Machine Operators with licenses renewed or reinstated prior to July 1, 2015, such certification must be obtained within one year of renewal. The applicant must have passed at least one of the certification exams on a friction crane. The licensee must provide to the Department a copy of the certifications, a copy of future re-certifications and documentation of new specialties acquired. The applicable certifications must be maintained continuously for the duration of the license term.

§4. Section 104-09 of Subchapter D of Chapter 100 of Title 1 of the Rules of the City of New York is amended by adding a new subdivision (g) to read as follows:

(g) Additional powers of the commissioner. The commissioner may, upon a determination of good cause, extend the dates and deadlines set forth in this rule.

NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the Commissioner of Buildings by Section 643 of the New York City Charter and in accordance with Section 1043 of the Charter, and Sections 27-3015(a)(4) and 28-401.14, 28-402.2, 28-404.3, BC 3310.9 and BC 3314.4 of the Administrative Code of the City of New York, as well as Section 9-01 of Title 1 of the Rules of the City of New York, that the Department of Buildings hereby adopts the amendments to Section 104-06 of Subchapter D of Chapter 100 and Section 3314-01 of Chapter 3300 and the addition of new Section 105-03 of Subchapter E of Chapter 100 of Title 1 of the Rules of the City of New York, regarding course requirements for construction trades.

This rule was first published on March 22, 2013 and a public hearing thereon was held on April 26, 2013.

Dated: August 9, 2013

Robert D. LiMandri
Commissioner

Statement of Basis and Purpose

The following amendments to section 104-06 and section 3314-01 and new section 105-03 of Title 1 of the Rules of the City of New York are adopted pursuant to the authority of the Commissioner of Buildings under Sections 643 and 1043(a) of the New York City Charter.

A number of provisions of the Administrative Code of the City of New York and Title 1 of the Rules of the City of New York require that individuals in the construction trades (identified below) take Department-approved courses as part of trade license qualification, license renewal and worker training:

- Concrete Safety Manager- Building Code (“BC”) 3310.9 (qualification) of the NYC Administrative Code (“Admin Code”); Section 104-06 of Title 1 of the Rules of the City of New York (“RCNY”) (continuing education)
- Hoist Machine Operator- 1 RCNY 104-09 (qualification) and 1 RCNY 104-06 (continuing education)
- Site Safety Manager- Admin Code 28-402.2 (qualification) and 1 RCNY 104-06 (continuing education)
- Site Safety Coordinator- Admin Code 28-403.2 (qualification) and 1 RCNY 104-06 (continuing education)
- Rigger- Admin Code 28-404.3 and 1 RCNY 104-06 (continuing education)
- Filing Representative- Admin Code 28-416.3 (qualification) and 1 RCNY 104-06 (continuing education)
- Construction Superintendent- 1 RCNY 104-06 (continuing education)
- Electrician- Admin Code 27-3015(a)(4) and 1 RCNY 104-06 (continuing education)
- Master Plumber- 1 RCNY 104-06 (continuing education)
- Master Fire Suppression Piping Contractor- 1 RCNY 104-06 (continuing education)
- Supported Scaffold Worker- BC 3314.4 (training)
- Suspended Scaffold Supervisor- 1 RCNY 9-01(training)
- Suspended Scaffold User- 1 RCNY 9-03 (training)
- Mast-Climbing work platform- BC 3314-01 (training)

The new section 105-03 outlines the requirements of Department-approved courses so that course providers are aware of the process and conditions for approval and revocation of the approval. Qualified course providers are required to submit an application for Department approval of the course they wish to provide. Once the course is approved, the course providers must comply with the rule requirements and issue completion cards or certificates of completion to attendees who have completed the approved courses.

The Department amends section 104-06, regarding licensee continuing education requirements, by moving the course content and approval requirements to the new section 105-03, where they are more appropriately placed. Additionally, the date for Electricians to complete their continuing education requirements is being extended to give

them more time to comply with the new continuing education requirements of this rule. Section 104-06 is also amended to allow for the acceptance of some types of course credit for classes completed by electricians in other jurisdictions.

The Department amends section 3314-01, regarding mast-climbing work platforms, changing the required period for training providers to retain records of course attendees from six years to seven years. This change makes the rule consistent with the record retention requirements for course providers in the new section 105-03.

Section 1. Paragraph 3 of subdivision b of section 104-06 of subchapter D of chapter 100 of title 1 of the rules of the City of New York is amended to read as follows:

- (3) Electrician (Master/Special). Beginning [January] July 1, [2012] 2014, during the one (1) year immediately prior to renewal, the licensee [shall] must have successfully completed a course approved by the Department of at least eight (8) hours, at least four (4) hours of which [shall] must focus on the New York City Electrical Code and other requirements pursuant to section 105-03 of subchapter E of this chapter. The Department will accept for each license year up to four (4) credit hours earned from an electrical continuing education course offered in another jurisdiction as part of a licensed electrician renewal process in that jurisdiction, provided that the course is at least eight (8) credit hours per license year in that jurisdiction, the credits were earned during the three (3) years immediately prior to renewal and:
- (i) the jurisdiction follows the National Electrical Code/NFPA 70;
 - (ii) the course provider is a certified provider within that jurisdiction;
and
 - (iii) the course is taught by an instructor with experience in the electrical field who is certified as an electrical course provider in jurisdictions following the National Electrical Code/NFPA 70.

Credit hours earned in another jurisdiction will not count toward the at least four (4) hours that must focus on the New York City Electrical Code and other requirements pursuant to section 105-03.

§ 2. Subdivision c of section 104-06 of subchapter D of chapter 100 of title 1 of the rules of the City of New York is amended to read as follows:

(c) [Course providers and content. Course providers seeking the Department's approval of courses shall submit written proposals that include the following:

- (1) Identification of the type(s) and class(es) of licensees for which the proposed course(s) will be taught;
- (2) A proposed curriculum appropriate for the type(s) and class(es) of licensees to which the course(s) will be taught. No more than four (4) hours of any curriculum shall consist of course materials or credits to be applied to multiple license types. This provision shall not apply to Master and Special Electricians. Except for the curriculum for filing representatives, which shall not include the requirements of subparagraphs (vii) and (viii) of this paragraph, all curricula shall include but not be limited to:
 - (i) Business practices;
 - (ii) Relevant building code provisions, rules, and policy and procedure notices enacted or promulgated by the Department;
 - (iii) Department of Environmental Protection water rules for Master Fire Suppression Piping Contractor and Master Plumber courses;
 - (iv) Occupational Safety and Health Standards for the Construction Industry for Site Safety Manager and Site Safety Coordinator courses;
 - (v) For Master Electricians, Special Electricians, Master Fire Suppression Piping Contractors and Master Plumbers, relevant New York City Fire Department code provisions, rules and policies, and relevant utility regulations;
 - (vi) Relevant Department of Buildings' filing and inspection requirements;
 - (vii) Safety/hazardous materials;
 - (viii) New technology;
 - (ix) Corruption prevention standards; and
 - (x) Other subjects identified by the Commissioner.
- (3) A schedule detailing the proposed course cost(s) to individuals and/or groups wishing to enroll;
- (4) A listing of proposed course availability, including a schedule of their times and locations;
- (5) A detailed statement of the proposed provider's qualifications, including but not limited to instruction staff names and qualifications, other jurisdictions in which the provider has been approved to provide continuing education or other courses (if any), the composition of its governing authority, identification of its administrative resources (Physical and human), certification that its facilities and equipment are adequate to deliver the training program, and documentation of financial viability;

- (6) A detailed statement of the proposed provider's procedures for confirming the identity and attendance of individuals taking any course(s), including logs reflecting those in attendance at different times during the course, and for the issuance of a fraud-resistant document demonstrating that a licensee attended the course(s);
 - (7) A commitment to generate and retain for five (5) years records of the course(s) offered, including attendance logs for each session of each course and course evaluations by the attendees; and
 - (8) Such other items as the Commissioner may deem appropriate and necessary.]
- Department-approved courses.** The Department will approve continuing education courses pursuant to the requirements of section 105-03 of subchapter E of this chapter.

§ 3. Subdivisions d and e of section 104-06 of subchapter D of chapter 100 of title 1 of the rules of the City of New York are REPEALED.

§ 4. Subchapter E of Chapter 100 of Title 1 of the Rules of the City of New York is amended by adding a new Section 105-03 to read as follows:

§105-03 Department-Approved Courses.

(a) Scope. This section outlines the requirements for Department-approved courses required by the Administrative Code and Department rules for training, license qualification and licensee continuing education. Unless otherwise authorized under the Administrative Code or Department rules, only Department-approved courses may be offered to fulfill Department course requirements.

(b) Course Provider Application Process.

(1) The course provider applicant must submit:

(i) an application form provided by the Department; and

(ii) proof that the applicant has met the requirements of paragraph (2) of subdivision (d) of this section. Prior to the date provided in that paragraph, an applicant that does not meet the requirements of that paragraph must submit upon application all documentation necessary for the department to determine whether the course would meet all the requirements of this section.

(2) A listing of the providers of the approved courses will be available through the Department's website. Incomplete or inaccurate applications will be rejected.

(c) Approved Courses.

(1) Course Requirements.

(i) All courses must comply with the Department's course curricula published on its website, which lists the relevant citations for statutory or other requirements listed in this paragraph.

(ii) No more than four (4) hours of any curriculum may consist of course materials or credits to be applied to multiple license types.

Exception: Subparagraph (ii) does not apply to course curricula for Master and Special Electrician, Master Plumber and Master Fire Suppression Piping Contractor.

(iii) All curricula must include the following information as applicable to the relevant construction trade:

(A) Business practices;

(B) Relevant building code provisions, rules, and policy and procedure notices enacted or promulgated by the Department;

(C) Administrative code provisions, rules and policy and procedure notices enacted or promulgated by any other city agency;

(D) Overview of Occupational Safety and Health Standards ("OSHS") for the Construction Industry;

(E) Relevant Department of Buildings filing and inspection requirements;

(F) Safety/hazardous materials;

(G) New technology;

(H) Corruption prevention standards; and

(I) Other subjects identified by the Commissioner.

(iv) All courses must reflect any changes in the Department's published course curricula or any applicable laws, rules and regulations within ninety (90) days.

(2) Notification of Approved Courses.

(i) The course provider must have a website and must publish course schedules on its website, including dates, times, and locations, and otherwise make all course schedules available in writing to the Department upon request. The course provider must also notify the Department of a scheduled course at least three (3) business days

prior to it being offered. All information on the course provider's website, including the location of courses and the courses taught, must be current.

- (ii) The course provider must notify the Department of any changes to the course within fourteen (14) days of such change.
- (3) Course Review. At the end of each course, the instructor(s) must conduct a review of the materials taught. The Department may require that a hands-on or written performance evaluation be given to attendees.
- (4) Course Instructor(s). Course providers must require that the course instructor(s) demonstrate that he or she is credentialed or trained in instructional methods and learning processes. The instructor(s) must also successfully demonstrate to the course provider his or her ability to solve or resolve problems relating to the subject matter by possession of a recognized degree, certificate, licensure or professional standing, or by extensive knowledge, training, and experience, in the subject matter being taught. To the extent that the course instructor(s) holds, or has held, a trade license issued by the Department, it must be in good standing and not be surrendered to, suspended by or revoked by the Department.
- (i) For Supported Scaffold, Suspended Scaffold and Mast-Climber training courses, the instructor(s) must also be authorized by the Occupational Safety and Health Administration ("OSHA") as a trainer(s) for its Construction and Outreach Program.
 - (ii) For Hoist Machine Operator courses, the instructor(s) must also hold a valid New York City Hoist Machine Operator's license or hold a national certification for crane operation.
 - (iii) For Master and Special Electrician courses, the instructor(s) must demonstrate credentials or training in instructional methods and learning processes through licensure or certification, including but not limited to, certification as an electrical course provider in jurisdictions following the National Electrical Code/NFPA 70.
- (5) Course Facilities. The course facilities must:
- (i) Have sufficient room to accommodate all expected attendees and the equipment needed to perform hands-on exercises where required as part of the course;

- (ii) Make provisions for the presentation of training material in all media types (computer, projectors, video/DVD players, etc); and
 - (iii) Comply with all applicable laws, rules and regulations relating to occupancy, zoning, egress, fire detection, fire suppression, light, ventilation, cleanliness, sanitary facilities, emergency notification and evacuation procedures.
- (6) Attendance Record. The course provider must have in place fraud-resistant procedures for confirming the identity and attendance of individuals taking any course(s), including logs reflecting those in attendance at different times during the course, and be able to produce the logs and any other documentation demonstrating that an attendee attended the course(s).
- (7) Course Completion.
 - (i) For training courses, the course provider must issue a wallet-size identification card to attendees upon course completion. Such card must contain the following information:
 - (A) The name of the person to whom it was issued;
 - (B) A photograph of the person to whom it was issued;
 - (C) The name and address of the issuing organization;
 - (D) The date of issuance;
 - (E) An indication of the type of training and the number of credit hours completed; and
 - (F) The signature of the course administrator.
 - (ii) For qualification and continuing education courses, the course provider must issue a certificate of completion to the attendees upon course completion. Such certificate must contain the following information:
 - (A) The name of the person to whom it was issued;
 - (B) The name and address of the issuing organization;
 - (C) The date of issuance;
 - (D) An indication of the type of course and the number of credit hours completed; and
 - (E) The signature of the course administrator.
 - (iii) The course provider must maintain a record of all the names of course attendees and the course they completed for a period of seven (7) years from the date of completion. The course provider must make these records available to the Department upon request.

- (8) Department Observation and Evaluation. The Department may observe any Department-approved course without prior notification to the course provider. The Department may evaluate courses taught by course providers through audit or other means at such intervals as it deems necessary and may require additional information as it deems necessary.

(d) Course Provider Requirements

- (1) The course provider must be a sole proprietorship, a corporate officer of a course provider corporation, a partner of a course provider partnership, an educational institution, a governmental agency or authority, a trade union, or a trade association, provided that a governmental agency or authority need not comply with paragraph (2) of this subdivision.
- (2) Beginning on August 31, 2014, the course provider must provide proof that it is:
- (i) approved by the New York State Department of Education, such as through a registered New York State Department of Labor vocational, trade or apprenticeship program;
 - (ii) licensed as an educational institution by the New York State Department of Education;
 - (iii) accredited by an accrediting organization recognized by the United States Department of Education or the Council for Higher Education Accreditation; or
 - (iv) certified by an organization accredited by the American National Standards Institute (ANSI) as a Standards Developing Organization with published standards for continuing education and training.

Upon a determination of good cause, including but not limited to the absence of approved courses needed to meet a Department requirement, the Commissioner may extend the time to meet the requirements of this paragraph beyond August 31, 2014.

For alternative Mast-Climbing work platform training course provider requirements to those listed in (d)(2), herein, see section 3314-01(m).

- (3) Course providers must continuously maintain the qualifications required by paragraphs (1) and (2) of this subdivision and must provide a copy of such approval, license, accreditation or certification to the Department upon

request. The course provider must immediately notify the Department of any lapse or expiration of its approval, license, accreditation or certification.

- (4) The individual course provider, the principals or partners of the course provider corporation or partnership and all course instructors must comply with all applicable Federal, State and local laws, rules and regulations.
- (5) The course provider must notify the Department of any changes to the course provider's name within fourteen (14) days of such change.

(e) Suspension and Revocation of Approval

- (1) Following notice and an opportunity to be heard, the Department may suspend or revoke approval of a course provider's courses based on the failure to comply with a Department requirement. However, when the public safety may be imminently jeopardized, the Commissioner may, pending an opportunity to be heard and Department determination, suspend approval for a period not exceeding thirty (30) days.
- (2) The basis for the suspension or revocation of a course approval may form the basis for the suspension or revocation of any or all of that course provider's approved courses.
- (3) The Department will post on its website that the approval of a course has been suspended or revoked.

(f) Notwithstanding the forgoing, the Department may act as a provider, or the sole provider, of any course to fulfill a Department course requirement. A listing of available Department courses will be posted on the Department's website.

§ 5. Paragraph 6 of subdivision m of section 3314-01 of chapter 3300 of title 1 of the rules of the City of New York is amended to read as follows:

(6) Records. The training provider of training courses required by paragraphs (1) or (2) of this subdivision (m) shall maintain records of all who attended the course(s) for a period of not less than [six (6)] seven (7) years. Such records shall be made available to the department upon request.

This amendment has an effective date of 04-14-13.

NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the Commissioner of the Department of Buildings by Section 643 of the New York City Charter and in accordance with Section 1043 of the Charter and Article 416 of Title 28 of the New York City Administrative Code, that the Department of Buildings hereby **REPEALS** Section 31-01 of Chapter 31, adds a new Section 104-24 to Subchapter A of Chapter 100, and amends Sections 101-03 of Subchapter A of Chapter 100, 104-03 of Subchapter D of Chapter 100, and 104-06 of Subchapter D of Chapter 100 of Title 1 of the Rules of the City of New York, regarding registered filing representatives.

This rule was first published on September 4, 2012 and a public hearing thereon was held on October 4, 2012.

Commissioner

Statement of Basis and Purpose of Adopted Rule

The following rule is promulgated pursuant to the authority of the Commissioner of Buildings under Sections 643 and 1043 of the New York City Charter.

In promulgating this rule, the Commissioner is exercising the authority set forth in Section 28-416.3 of Article 416 of the New York City Administrative Code, which states, “The commissioner shall promulgate rules for the proper and efficient administration and enforcement of this article. Unless required by rule, a registered filing representative shall not be required to take an examination or to complete continuing education courses as a condition for renewal of the registration.” This authority is being exercised at this time to meet the needs of the construction industry and the Department for qualified registered filing representatives.

The construction industry, including architects, engineers, contractors and owners, often use the services of registered filing representatives to present, submit, furnish and/or seek approval of applications or construction documents, and to remove documents from the possession of the Department of Buildings (“DOB”). These construction documents are then reviewed by DOB plan examiners and/or other DOB technical staff who may issue objections if the construction documents do not comply with the Construction Codes, zoning or other applicable laws, or other relevant rules or requirements. These objections should be addressed by persons with some threshold knowledge of the construction documents and the applicable procedures and requirements. Sometimes the person who presents, submits, or furnishes the documents is not qualified or prepared to address the objections issued by the plan examiner or other technical staff. In such instances, the approval process is delayed.

To eliminate this problem and ensure the efficient processing of construction documents, DOB is adopting a rule that creates training, education, filing experience and continuing education requirements for registered filing representatives. These requirements will create two classes of registered filing representative:

- Class 2 Registered Filing Representatives, who will be permitted to present, submit, furnish or seek approval of applications or construction documents, and remove documents from the possession of DOB, and who will be qualified to meet with plan examiners and other technical staff to address objections; and,
- Class 1 Registered Filing Representatives, who will be limited to presenting, submitting, furnishing or seeking approval of applications or construction documents, and removing documents from the possession of DOB.

By creating these two classes of registered filing representatives, the rule will:

- Assist the Department, the construction industry, and the public in identifying qualified individuals to support their filings; and
- Expedite the approval process by ensuring that only qualified registered filing representatives appear before plan examiners and other technical staff to address objections.

For those individuals who do not have the academic requirements to qualify for class 2 status, the rule provides a two-month window of opportunity (May 1- June 30, 2013) in which such individuals will be eligible to register as class 2 representatives based solely on their years as a registered filing representative with DOB and number of jobs filed with DOB.

The rule also restates the existing fee structure set forth in Section 28-401.15 of Article 401 of the New York City Administrative Code to align with the triennial filing representative registration term.

In addition, the rule amends Section 104-03 of the Rules of the City of New York to provide that, beginning July 1, 2014, the term of a filing representative's registration will be three years, beginning on the applicant's birthday following the date of registration, and that the registration may be renewed for terms of three years. Section 104-03 is also being amended to clarify that the term of a general contractor registration is three years, beginning on the applicant's birthday following the date of registration, and that the term of a master electrician or special electrician license is one year, beginning on the applicant's birthday following the date of issuance.

A public hearing on this rule was held on October 4, 2012. In response to comments received, the Department has made the following changes and clarifications to the following provisions of the rule:

- Subdivision (a) of Section 104-24: added a reference to Section 28-416.2 of the New York City Administrative Code, which sets forth a list of persons exempt from filing representative registration.
- Subdivision (b)(3) of Section 104-24: added a definition of the term "Job."
- Subdivision (c) of Section 104-24: clarified who constitutes "department technical staff."
- Subdivision (d) of Section 104-24: added a requirement that beginning May 1, 2013, those seeking class 1 filing representative status must complete a department-approved, integrity training prior to registration.
- Subdivision (f) of Section 104-24: clarified when a class 2 representative can appear/attend appointments at the NYC Development Hub.
- Subdivision (g) of Section 104-24: eased the registration requirements for class 2 applicants and made changes to dates at which the new requirements will begin to apply:
 - The final rule does not require the completion of a thirty-six hour training course until 2014. The proposed rule required completion of such course by 2013.

- The final rule imposes certain registration requirements beginning May 1, 2013, while the proposed rule imposed them beginning on April 1, 2013. This change was made to conform with Section 28-401.12 of the New York City Administrative Code, which states that applications for renewals of licenses shall be made no more than 60 calendar days prior to the expiration date of such license.
- Subdivision (g)(1)(i)(B) & (g)(2)(i)(B) of Section 104-24: For applicants submitting proof of a four year degree other than in Architecture or Engineering, the final rule lessened the requirements from 4 years of filing experience with at least 100 jobs within 6 years of application for registration, to 2 years as a registered filing representative with at least 50 jobs within 4 years of application for class 2 filing representative status.
- Subdivision (g)(1)(i)(C) of Section 104-24: During the two-month window for registration without submission of proof of academic degree, the final rule lessened requirements from 8 years of filing experience with at least 200 jobs within 10 years of application for registration, to 4 years as a registered filing representative with at least 125 jobs within 8 years of application for class 2 filing representative status. The time period for such registration was also changed from April 1 - June 1, 2013 to May 1- June 30, 2013.
- Subdivision (h) of Section 104-24: separated class 2 filing representative renewal requirements into 2 parts:
 - Beginning July 1, 2014, during the one (1) year immediately prior to renewal, a class 2 registered filing representative must complete an integrity training and the thirty-six- (36) hour training course.
 - Beginning July 1, 2017, during the three (3) years immediately prior to renewal, a class 2 registered filing representative must complete an integrity training and a sixteen- (16) hour, Department-approved, refresher course.
- Subdivision (h) of Section 104-03: lessened the fee for changing from a class 1 representative to a class 2 representative, from a \$150 registration fee to a \$50 reissuance fee.

Section 1. Section 31-01 of Chapter 31 of Title 1 of the Rules of the City of New York, relating to Suspension, revocation or limitation of registration of persons who present, submit, furnish or seek approval of applications for approval of plans or remove any documents from the possession of the Department of Buildings, is REPEALED.

§2. Subchapter A of Chapter 100 of Title 1 of the Rules of the City of New York is amended by adding a new Section 104-24, to read as follows:

§104-24 Registered filing representatives. This section establishes two types of filing representatives and sets forth the training, education, and experience requirements necessary at registration for both classes of representatives.

(a) References. See Article 416 of Title 28 of the New York City Administrative Code and Section 28-416.2 of same for a list of persons exempt from filing representative registration.

(b) Definitions. For the purposes of this chapter, the following terms mean:

(1) Architect. A person licensed and registered to practice the profession of architecture under the education law of the state of New York.

(2) Engineer. A person licensed and registered to practice the profession of engineering under the education law of the state of New York.

(3) Job. An application with an individual job number filed by the registered design professional of record. This does not include limited alteration applications, post-approval amendments, electrical applications, or demolition applications.

(4) Registered design professional. An architect or engineer.

(5) Registered design professional of record. The registered design professional who prepared or supervised the preparation of applicable construction documents filed with the department.

(c) Class 1 registered filing representatives. Class 1 filing representatives may, following registration and issuance of an identification card, present, submit, furnish or seek approval of applications or construction documents, and remove documents from the possession of the department. However, beginning July 1, 2013, such filing representatives cannot appear before or attend appointments with plan examiners and other department technical staff including, but not limited to code and zoning specialists, plan examiners, chief plan examiners, borough commissioners, and deputy borough commissioners, regarding

construction document approvals, including, but not limited to, plan review, audit review, pre-determinations, and determinations.

(d) Class 1 filing representative registration requirements.

(1) Beginning May 1, 2013, those seeking class 1 filing representative status must submit proof of the successful completion of a department-approved, integrity training at registration.

(2) Beginning May 1, 2014, those seeking class 1 filing representative status must submit the following at registration:

(i) Proof of the successful completion of a sixteen- (16) hour training course, approved by the department, within one (1) year of application for registration, in the following areas:

(A) The New York City Building Code;

(B) The New York City Energy Conservation Code;

(C) The New York City Zoning Resolution; and

(D) Relevant provisions of the New York City Administrative Code and department practices.

(ii) Proof of the successful completion of a department-approved, integrity training.

(e) Class 1 filing representative renewal requirements. Beginning July 1, 2014, during the one (1) year immediately prior to renewal, or beginning July 1, 2017, during the three (3) years immediately prior to renewal, a class 1 registered filing representative must have attended and successfully completed a Department-administered or Department-approved integrity training and the sixteen- (16) hour training course required by subdivision (d) of this rule. If the sixteen- (16) hour training course was successfully completed prior to registration, it need not be completed again prior to renewal. Proof of completion of such course(s) must be submitted to the Department at renewal.

(f) Class 2 registered filing representatives. Class 2 registered filing representatives (also referred to as “code and zoning representatives”) may, following registration and issuance of an identification card, perform all of the activities of a class 1 registered filing representative and may also appear before and attend appointments with plan examiners and other department technical staff regarding construction document approvals, including, but not limited to, plan review, audit review, pre-determinations, and determinations. However, class 2 registered filing representatives can only appear before, or attend such

appointments at, the NYC Development Hub for New Building applications, Alteration Type 1 applications, and any and all related applications, in person or online, if they are employed and supervised by the registered design professional of record. If not, when appearing before or attending such appointments at the NYC Development Hub, class 2 registered filing representatives must be accompanied by the registered design professional of record or an individual employed and supervised by the registered design professional of record in the preparation of the construction documents being discussed.

(g) Class 2 filing representative requirements.

(1) Beginning May 1, 2013, those seeking class 2 filing representative status must submit the following:

(i) Proof of:

(A) A four (4) year degree in Architecture or Engineering from an accredited college; or

(B) A four (4) year degree in another field from an accredited college, and proof of two (2) years as a registered filing representative with the department with at least fifty (50) jobs filed within four (4) years of application for class 2 filing representative status; or

(C) Those who do not meet the requirements of paragraphs (i) or (ii) above may register and submit proof of the following during the limited time period of May 1, 2013 through June 30, 2013 only: four (4) years as a registered filing representative with the department with at least one hundred and twenty-five (125) jobs filed within eight (8) years of application for class 2 filing representative status.

(ii) Proof of the successful completion of a department-approved, integrity training.

(2) Beginning May 1, 2014, those seeking class 2 filing representative status must submit the following:

(i) Proof of:

(A) A four (4) year degree in Architecture or Engineering from an accredited college; or

(B) A four (4) year degree in another field from an accredited college, and proof of two (2) years as a registered

filing representative with the department with at least fifty (50) jobs filed within four (4) years of application for class 2 filing representative status; or

(ii) Proof of the successful completion of a thirty-six- (36) hour training course approved by the department, within one (1) year of application for class 2 filing representative status, in the following areas:

(A) The New York City Building Code;

(B) The New York City Energy Conservation Code;

(C) The New York City Zoning Resolution; and

(D) Relevant provisions of the New York City Administrative Code and department practices.

(iii) Proof of the successful completion of a department-approved, integrity training.

(h) Class 2 filing representative renewal requirements.

(1) Beginning July 1, 2014, during the one (1) year immediately prior to renewal, a class 2 registered filing representative must have attended and successfully completed a Department-administered or Department-approved integrity training and the thirty-six- (36) hour training course required by subdivision (g) of this rule. If the thirty-six- (36) hour training course was successfully completed prior to registration, it need not be completed again prior to renewal. Proof of completion of such course(s) must be submitted to the Department at renewal.

(2) Beginning July 1, 2017, during the three (3) years immediately prior to renewal, a class 2 registered filing representative must have attended and successfully completed a Department-administered or Department-approved integrity training and a sixteen- (16) hour, Department-approved, refresher course. Proof of completion of such course(s) must be submitted to the Department at renewal.

(i) Additional powers of the commissioner. The commissioner may, upon a determination of good cause, extend the dates and deadlines set forth in this rule.

(j) Suspension or revocation. Filing representative registration may be suspended or revoked in accordance with Section 28-401.19 of the New York City Administrative Code.

§3. Paragraph (4) of Subdivision (b) of Section 104-06 of Subchapter D of Chapter 100 of Title 1 of the Rules of the City of New York is amended to read as follows:

(4) Filing Representative. [During the one (1) year immediately prior to renewal, the registrant shall have attended at Department-administered or Department-approved integrity training.] Renewals for class 1 or class 2 filing representative registration are subject to the requirements set forth in 1 RCNY 104-24.

§4. Subdivision (h) of Section 104-03 of Subchapter D of Chapter 100 of Title 1 of the Rules of the City of New York is relettered Subdivision (i), a new Subdivision (h) is added, and Subdivisions (d) and (g) are amended, to read as follows:

(d) The term of an initial general contractor registration [issued to a new or renewal applicant shall be three (3) years, measured from the date of the applicant's birthday] is three (3) years, beginning on the applicant's birthday following the date of registration, and may be renewed for additional three (3) year periods after such initial registration.

(g) The term of an initial master electrician or special electrician license [issued to a new or renewal applicant shall be one (1) year, measured from the date of the applicant's birthday] is one (1) year, beginning on the applicant's birthday following the date of issuance, and may be renewed for additional one (1) year periods after such initial issuance.

(h) Beginning July 1, 2014, the term of an initial filing representative registration is three (3) years, beginning on the applicant's birthday following the date of registration, and may be renewed for additional three (3) year periods after such initial registration. Changing from a class 1 registered filing representative to a class 2 registered filing representative will require payment of a reissuance fee.

[(h)] (i) Nothing contained herein shall limit the authority of the Commissioner to stagger the issuance of licenses based on considerations other than the date of issuance of the license or to otherwise provide for reasonable implementation of modifications to license terms.

§5. Section 101-03 of Subchapter A of Chapter 100 of Title 1 of the Rules of the City of New York is amended by adding the following entry to the end of the table set forth in that section:

<u>Filing representative</u>	<u>Initial:</u> <u>\$50 for a 1-</u>	<u>Renewal:</u> <u>\$50 for a 1-</u>	<u>Late-renewal:</u> <u>\$50</u>	<u>Reissuance:</u> <u>\$50</u>

<u>registration.</u>	<u>year registration or \$150 for a 3-year registration.</u>	<u>year renewal or \$150 for a 3-year renewal.</u>		
----------------------	--	--	--	--

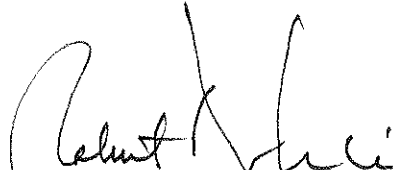

This amendment has an effective date of 05-26-12.

NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the Commissioner of the Department of Buildings by Section 643 of the New York City Charter and in accordance with Section 1043 of the Charter, that the Department of Buildings hereby adopts the amendments to sections 104-06 and 104-09 of Chapter 100 of Title 1 of the Official Compilation of the Rules of the City of New York, regarding hoist machine operator training and examinations.

This rule was first published on December 30, 2011 and a public hearing thereon was held on February 3, 2012.

Robert D. LiMandri
Commissioner

STATEMENT OF BASIS AND PURPOSE

Sections 104-06 and 104-09 of Chapter 100 of Title 1 of the Rules of the City of New York are being amended pursuant to the authority of the Commissioner of Buildings under sections 643 and 1043(a) of the New York City Charter and sections 28-401.5, 28-401.6, 28-401.7, 28-401.14, and Article 405 of Title 28 of the New York City Administrative Code (Administrative Code).

For the purposes of this rule, “shall” and “must” have the same meaning.

Rule changes pertaining to operators of power operated hoisting machines:

New OSHA Licensing Requirements

Section 28-405.1 of the Administrative Code requires the operators of power operated hoisting machines (including cranes and derricks) with a rated capacity of over one ton to hold a valid Hoisting Machine Operators (HMO) license from the New York City Department of Buildings (the Department). HMO licenses are divided into three classes, class A, B, and C. Section 28-401.7 further requires all applicants for a license to pass an examination.

In November 2010, new rules promulgated by the Occupational Safety and Health Administration (OSHA) governing the operation of cranes and derricks became effective (29 CFR 1926 Subpart CC). Section 1926.1427 of the OSHA rule requires all crane operators in the United States to be certified. Licenses issued by a state or local government are recognized as fulfilling the OSHA certification requirement, if the “testing meets industry recognized criteria for written testing materials, practical examinations, test administration, grading, facilities/equipment and personnel,” and the licensees are retested at least every five years.

Examination

Section 104-09 of Title 1 of the Rules of the City of New York requires applicants for a Class C HMO license to pass an examination administered by “an organization accredited by the National Commission for Certifying Agencies (NCCA) or the American National Standards Institute (ANSI) and acceptable to the Commissioner.” Such an organization meets the OSHA requirement for testing. Section 104-09 further requires Class C HMO licensees to maintain their national certification for the license period. To maintain their national certification, licensees are subject to retesting every five years, which satisfies the OSHA retesting requirement.

The amendment to section 104-09 will bring the examinations for Class A and Class B HMO licenses in line with the new OSHA requirements by requiring applicants to pass an examination administered by the same type of organization as Class C examinations. The exams for Class A and B HMO applicants are currently administered through the New York City Department of Citywide Administrative Services (DCAS).

Section 28-405.2 of the Administrative Code establishes a Class B HMO license as authorizing the “operation of hoisting machine without limitation or restriction.” Accordingly, the amendment to section 104-09 requires Class B applicants to be certified to operate all classes of cranes. Further, the examination currently administered through the DCAS occurs on a friction crane. The amendment requires at least one of the certification exams for a Class B applicant to have been passed on a friction crane. Similarly, where a Class A or C applicant seeks to operate a friction crane, the amendment requires that such applicant pass a certification exam on a friction crane.

Years of Experience

Section 28-405.3 of the Administrative Code further requires applicants for a Class A, B or C HMO license to possess a number of years of experience operating a hoisting machine under the direct and continuing supervision of a licensed operator before applying for their license. Section 104-09 clarifies that for a Class C HMO, the experience may be obtained within New York City or in an “urban area of comparable density within the United States,” under the supervision of a hoisting machine operator licensed by that jurisdiction. The amendment to section 104-09 expands this provision to Class A HMO license applicants and adds a requirement that at least one year of experience be obtained within New York City. As an alternative to the one year of experience in New York City, the requirement may be satisfied by having held a license issued by another jurisdiction within the United States for the past ten years prior to application, with at least five years of experience in an urban area of comparable density. Section 104-09 also requires applicants for a Class C HMO license to have performed “outrigger placement incorporating at least 100 crane set-ups.” The amendment to Section 104-09 expands this requirement to Class A HMO applicants.

Training Course

Section 104-09 specifies that applicants for a Class C HMO license are to complete a 40-hour training course. The amendment to section 104-09 expands this requirement to Class A and B HMO applicants.

Section 28-401.14 of the Administrative Code authorizes the Commissioner to require applicants for the renewal of a license to complete education courses approved by the Department. Section 104-06 requires individuals applying to renew other licenses issued by the Department, including but not limited to electricians, plumbers, and site safety managers, to complete a refresher course. The amendment to section 104-06 requires individuals seeking to renew a Class A, B, or C HMO license to complete an 8-hour refresher course.

Section 1. Subdivision a of section 104-06 of subchapter D of chapter 100 of title 1 of the rules of the City of New York is amended by adding a new paragraph 5 to read as follows:

(5) Hoisting Machine Operator

§2. Paragraphs 5 through 9 of subdivision a of section 104-06 are renumbered 6 through 10, respectively.

§3. Subdivision b of section 104-06 is amended by adding a new paragraph 5 to read as follows:

(5) Hoisting Machine Operator. Beginning July 1, 2013, during the one (1) year immediately prior to renewal, the licensee must have successfully completed a Department-approved eight- (8) hour course covering those provisions of the administrative code and regulations that are unique to New York City for the operation of a hoisting machine and the unique hazards of operating a hoisting machine within New York City.

§4. Paragraphs 5 through 10 of subdivision b of section 104-06 are renumbered 6 through 11, respectively.

§5. Paragraph 3 of subdivision a of section 104-09 of subchapter D of chapter 100 of title 1 of the rules of the City of New York is amended to read as follows:

- (3) An applicant for a Class A, B or C Hoisting Machine Operator license shall satisfy the [qualification and] examination requirements of the Administrative Code by complying with the following requirements:
- (i) [An applicant shall furnish] For a Class A or C applicant, providing to the Department [a] one or more certifications issued by an organization accredited to offer crane certifications by the National Commission for Certifying Agencies (NCCA) or the American National Standards Institute (ANSI) and acceptable to the Commissioner. The certification shall authorize operation of the type of equipment for which the applicant seeks a license. The applicant shall provide to the Department a copy of the certification, a copy of future re-certifications and documentation of new specialties acquired. The applicable certification shall be maintained continuously for the duration of the license term.

(ii) For a class B applicant, providing to the Department all crane operator certifications issued by an organization accredited to offer tower, mobile, and crawler crane operator certifications by the National Commission for Certifying Agencies (NCCA) or the American National Standards Institute (ANSI) and acceptable to the Commissioner. The applicant must have passed at least one of the certification exams on a friction crane. The applicant must provide to the Department a copy of the certifications, a copy of future re-certifications and documentation of new specialties acquired. The applicable certifications must be maintained continuously for the duration of the license term.

[(ii)](4) An applicant for a Class A or C Hoisting Machine Operator license shall provide proof of experience demonstrating [two (2) years of work, within the three (3) years prior to application, under the direct and continuing supervision of a Hoisting Machine Operator licensed by the Department or by another jurisdiction that regulates crane operators.]the years of experience required by the Administrative Code and compliance with the following requirements:

(i) For a Class A Hoisting Machine Operator license at least three (3) years of work within the five (5) years prior to application must have been under the direct and continuing supervision of a Hoisting Machine Operator licensed by the Department or by another jurisdiction within the United States that regulates crane operators.

(A) At least one (1) year of the qualifying experience must have been undertaken in the City of New York.

(B) Notwithstanding the above, in lieu of the one (1) year of qualifying experience undertaken in the City of New York, the applicant may have, for at least the past ten (10) years prior to application, held a Hoisting Machine Operator license issued by a jurisdiction within the United States, with at least five (5) years of experience within those (10) years having been in an urban area of comparable density within the United States, as determined by the Commissioner.

(C) In addition to the requirements of either (A) or (B), above, the other two (2) required years of qualifying experience must have been undertaken either in the City of New York or in an urban area of comparable density within the United States, as determined by the Commissioner.

(ii) For a Class C Hoisting Machine Operator license at least two (2) years of work within the three (3) years prior to application must have been under the direct and continuing supervision of a

Hoisting Machine Operator licensed by the Department or by another jurisdiction within the United States that regulates crane operators. At least one (1) year of the qualifying work must have been undertaken in the City of New York or in an urban area of comparable density within the United States, as determined by the Commissioner.

(5) [The] For a Class A or C Hoisting Machine Operator license, the qualifying work shall include [instruction in] outrigger placement incorporating at least one hundred (100) crane set-ups. [At least one (1) year of the qualifying work must have been undertaken in the city of New York or in an urban area of comparable density, as determined by the Commissioner.] For a Class A Hoisting Machine Operator license, at least 25 of the set-ups must have occurred on machinery for which a Class A license is required. Where an applicant for a Class A Hoisting Machine Operator license already possesses a Class C Hoisting Machine Operator license, the requirement for the remaining 75 set-ups on non Class A machinery is waived.

[(iii)](6) Additional qualification requirements. In addition to the qualification requirements set forth in the Administrative Code and in this subdivision (a), all Hoisting Machine Operator Class A, B, and C license applicants shall complete a forty- (40) hour training course, approved by the Department, covering those provisions of local law and regulation that are unique to New York City for the operation of a hoisting machine and the unique hazards of operating a hoisting machine within New York City.

§6. Paragraph 2 of subdivision b of section 104-09 is amended to read as follows:

(2) Valid national certification(s) as follows:

(i) For Class A Hoisting Machine Operators whose license is renewed or reinstated on or after July 1, 2013, one or more valid certification(s) issued by an organization accredited to offer crane operator certifications by the National Commission for Certifying Agencies (NCCA) or the American National Standards Institute (ANSI) and acceptable to the Commissioner. The certification(s) shall authorize the operation of the type of equipment for which the license is held or sought and the licensee shall provide to the Department a copy of the certification(s), a copy of future re-certifications and documentation of new specialties acquired. The applicable certification(s) must be maintained continuously for the duration of the license term.

- (ii) For Class B Hoisting Machine Operators whose license is renewed or reinstated on or after July 1, 2013, all crane operator certifications issued by an organization accredited to offer tower, mobile and crawler crane operator certifications by the National Commission for Certifying Agencies (NCCA) or the American National Standards Institute (ANSI) and acceptable to the Commissioner. The applicant must have passed at least one of the certification exams on a friction crane. The licensee must provide to the Department a copy of the certifications, a copy of future re-certifications and documentation of new specialties acquired. The applicable certifications must be maintained continuously for the duration of the license term.

- (iii) For Class C Hoisting Machine Operators, [a] one or more valid certification(s) issued by an organization accredited to offer crane operator certifications by the National Commission for Certifying Agencies (NCCA) or the American National Standards Institute (ANSI) and acceptable to the Commissioner. The certification(s) shall authorize the operation of the type of equipment for which the license is held or sought and the licensee shall provide to the Department a copy of the certification(s), a copy of future re-certifications and documentation of new specialties acquired. The applicable certification(s) must be maintained continuously for the duration of the license term.

§7. Subdivision d of section 104-09 is amended to read as follows:

- (d) A Class A, B or C Hoisting Machine Operator license issued following compliance with this rule shall authorize the operation of only that type of [equipment] crane for which Department records indicate the licensee is qualified or certified. For a Class A or C Hoisting Machine Operator license, where the applicant or licensee wishes to operate a friction crane, the applicant must have passed at least one of the certification exams on a friction crane.

§8. Paragraph 1 of subdivision f of section 104-09 is amended to read as follows:

- (1) [For a Class C licensee only, the] The certification(s) issued to him or her by an organization accredited by the National Commission for Certifying Agencies (NCCA) or the American National Standards Institute (ANSI) and acceptable to the Commissioner; and

This amendment has an effective date of 02-03-11.

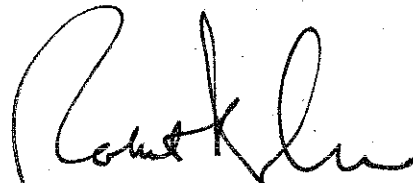

NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the Commissioner of the Department of Buildings by Section 643 of the New York City Charter and in accordance with Section 1043 of the Charter, that the Department of Buildings hereby adopts the amendments to Sections 104-01, 104-02, 104-03, 104-05, 104-06, 104-07 and 104-09 and the addition of new Sections 104-10 and 104-11 to Subchapter D of Chapter 100 of Title 1 of the Official Compilation of the Rules of the City of New York regarding licensing.

This rule was first published on October 14, 2010, and a public hearing thereon was held on November 15, 2010.

§3. Item D of subparagraph iii of paragraph 2 of subdivision b of section 104-01 of subchapter D of chapter 100 of title 1 of the rules of the city of New York is amended to read as follows:

(D) Candidates who fail the written test three (3) times within six (6) months must wait six (6) months before applying again to take the written test, in accordance with the procedure in paragraph (c) of this rule.

§4. Subdivision c of section 104-01 of subchapter D of chapter 100 of title 1 of the rules of the city of New York is amended to read as follows:

(c) Education, training and experience. An applicant must possess the minimum education, training and/or experience requirements specified by the Administrative Code at the time of filing the application. For purposes of this subdivision (c), the term “experience” refers to that experience gained as the result of full-time employment, unless otherwise determined by the Commissioner. An applicant shall verify the claimed experience by submitting documentation, including, but not limited to, the following:

(1) Notarized affidavits from all past or current employers under whom experience is claimed. Affidavits from New York City licensees shall be sealed where applicable. Affidavits shall include the following information:

(i) Applicant’s job title (helper, journeyman, etc.);

(ii) A detailed description of applicant’s duties;

(iii) When applicant worked with the licensee (employment dates shall be in mm/dd/yyyy format);

(iv) Whether employment was on a full or part-time basis, detailing the average weekly hours; and

(v) Where license supervision is required, a statement by the licensee that he or she directly supervised applicant’s work.

(2) Social Security History of Earnings for the years applicant is claiming as experience reflecting wages appropriate for the trade.

(3) Where the code requires supervision in the design and installation of plumbing or fire suppression systems, evidence that the supervising licensees performed such work as demonstrated by permits, completed contracts or such other documentation as the Department may require.

(4) Where the applicant is self-employed, the applicant shall verify that he or she performed qualifying work by submitting documentation, including but not limited to personal and business tax returns, route sheets or work logs from the supervising licensee, contracts with customers, and statements from customers detailing the work the applicant performed and when that work was performed.

§5. Paragraph 3 of subdivision d of section 104-01 of subchapter D of chapter 100 of title 1 of the rules of the city of New York is amended to read as follows:

(3) A candidate who has been notified of failure to meet the fitness and qualification requirements [may] and who has additional relevant information or documentation for the Department's review shall request reconsideration [provided that the candidate has additional relevant information or documentation for the Department's review]. Such appeal [must]shall be in writing with an original signature and addressed as the Commissioner may require. The request for reconsideration [must]shall state the title of the license examination, the applicant's name and return address, the date of the Department's denial and a detailed statement of the grounds for reconsideration with any supporting documentation. The request for reconsideration [must]shall be received not later than sixty (60) days from the date of notification of the denial of the license.

§6. Section 104-02 of subchapter D of chapter 100 of title 1 of the rules of the city of New York is amended to read as follows:

§104-02 [Proof of required] Required insurance.

(g) The term of a master electrician or special electrician license issued to a new or renewal applicant shall be one (1) year, measured from the date of the applicant's birthday.

(h) Nothing contained herein shall limit the authority of the Commissioner to stagger the issuance of licenses based on considerations other than the date of issuance of the license or to otherwise provide for reasonable implementation of modifications to license terms.

§8. Section 104-05 of subchapter D of chapter 100 of title 1 of the rules of the city of New York is amended to read as follows:

§104-05 Reinstatement of license. In accordance with §28-401.13 of the Administrative Code, a license may be reinstated in accordance with the following requirements.

(a) A license that has been expired for less than one (1) year may be reinstated upon filing of an application with the Department. Such reinstatement shall be subject to any applicable late and reinstatement fees.

(b) A license that has been expired for a period of one (1) year to five (5) years from the date of expiration may be reinstated without examination where the applicant demonstrates continued competence and completion of any and all required continuing education requirements.

(1) Continued competence shall be demonstrated by the applicant's active and legal engagement in the trade for which the applicant's license was issued. The applicant shall supply the Department with the following:

(i) A resume detailing employment history and the duties the applicant performed in each position during the time the license was expired;

(ii) A signed and notarized statement from the applicant's employer stating the nature of the applicant's duties and the dates of such employment;

(iii) For work in the trade requiring the supervision of a licensed person in accordance with Chapter 4 of the Code, a signed and notarized (or sealed) statement from the supervising licensee stating that he or she supervised the applicant, the dates of such supervision and the nature of the applicant's duties; and

(iv) Any other documentation the Department deems appropriate.

(2) An applicant for reinstatement must be actively and legally engaged in the trade during the time period between the expiration of the license and the date of the application for reinstatement, except for periods of time away from the trade not to exceed, in the aggregate, one (1) year.

(3) A candidate shall appear and furnish to the Department all requested original [forms,] documents [and fees] within six (6) months of the date of the request for reinstatement. Failure to do so will result in the denial of the reinstated license and will require a reexamination and reapplication.

(4) A candidate shall appear, furnish to the Department all requested original forms and pay to the Department all required fees within three (3) months of the date of the notice of approval of reinstatement. Failure to do so will result in the denial of the reinstated license and will require a reexamination and reapplication.

(c) No license shall be reinstated if it is expired for over five (5) years. The applicant must reapply for a new license and meet all applicable qualifications, including any required examination.

(d) Exceptions to reinstatement provisions. If an application for renewal of a [license]registration for Construction Superintendent, Concrete Safety Manager, [or] General Contractor or Safety Registration is not filed within one (1) year of a registration's expiration, the applicant must reapply for a new registration and meet all applicable qualifications.

(e) This section shall not apply to Electricians.

§11. Section 104-07 of subchapter D of chapter 100 of title 1 of the rules of the city of New York is amended to read as follows:

§104-07 Suspension or revocation.

(a) Hearings concerning disciplinary proceedings pursuant to Administrative Code §28-401.19 seeking suspension or revocation, with or without penalties, against any licensee or holder of a certificate[s] of competence issued by the Department shall be held before the Office of Administrative Trials and Hearings pursuant to 1 RCNY 105-05 and shall be governed by the rules of procedure utilized at that tribunal.

(b) Stop work and suspension of permits. Upon any suspension or revocation of a license, certificate of competence, approval or authorization, unless replaced by another licensee, certificate holder, approved agency, special inspector, or registered design professional within five (5) business days of such suspension or revocation, all open jobs on which the licensee, certificate holder, approved agency, special inspector, or registered design professional is designated shall be stopped and the permits shall be suspended until such time as another licensee, certificate holder, approved agency, special inspector, or registered design professional is designated or such permits expire. Where the [c]Commissioner has summarily suspended a license or certificate of competence pursuant to Administrative Code §28-401.19.1, all open jobs on which the licensee, certificate holder, approved agency, special inspector, or registered design professional is designated shall be stopped immediately and the permits shall be suspended immediately for the earlier of the duration of the suspension or until such time as another licensee, certificate holder, approved agency, special inspector, or registered design professional is designated or until such permits expire.

(c) Conduct of hearing by office of administrative trials and hearings. The administrative law judge assigned to hear any matter specified in this rule shall submit his or her proposed findings of fact and recommended decision to the [c]Commissioner. Where the [c]Commissioner has summarily suspended a license or certificate of competence pursuant to Administrative Code §28-401.19.1, at the conclusion of the hearing on the first return date, the administrative law judge may lift the suspension, finally determine the matter, or, if the administrative law judge finds that the summary suspension was appropriate, but that further hearings are necessary to make a final determination of the charges, the administrative law judge may make a finding as to the need for further hearings and continue the suspension pending such further hearings without need for issuance of a [c]Commissioner's order.

§12. Section 104-09 of subchapter D of chapter 100 of title 1 of the rules of the city of New York is amended to read as follows:

§104-09 Hoisting Machine Operators [Class C].

(a) Qualifications. In addition to the qualification requirements set forth in the Administrative Code, an applicant for a Class A, B or C Hoisting Machine Operator license shall satisfy the following requirements:

(1) An applicant for a Class A, B or C Hoisting Machine Operator license shall possess a valid driver's license effective for the term of the Hoisting Machine Operator license sought.

(2) An applicant for a Class A, B or C Hoisting Machine Operator license shall provide evidence on a form prescribed by the Commissioner that he or she has passed a physical exam that complies with the standards of ASME B 30.5-2007, or the most recent version approved by the Department, and that he or she has complied with the substance abuse testing provisions and standards of ASME B 30.5-2007, or the most recent version approved by the Department. Such evidence shall include the name, address and telephone number of the laboratory that performed the tests and consent to the release by such laboratory of the test results to the Department upon request of the Department.

(3) [Applicants] An applicant for a Class C Hoisting Machine Operator license shall satisfy the qualification and examination requirements of the Administrative Code by complying with the following requirements:

[(1) Applicants] (i) An applicant shall furnish to the Department a certification issued by [the National Commission for the Certification of Crane Operators or an equivalent certification entity approved by the Department] an organization accredited by the National Commission for Certifying Agencies (NCCA) or the American National Standards Institute (ANSI) and acceptable to the Commissioner. The certification shall authorize operation of the type of equipment for which the applicant seeks a license. The applicant shall provide to the Department a copy of the certification, a copy of future re-certifications and documentation of new specialties acquired. The applicable certification shall be maintained continuously for the duration of the license term.

[(2) Applicants] (ii) An applicant shall provide proof of experience demonstrating two (2) years of work, within the three (3) years prior to application, under the direct and continuing supervision of a Hoisting Machine Operator licensed by the Department or by another jurisdiction that regulates crane operators. - (i) Where a licensed master rigger chooses to personally supervise the installation or use of a suspended scaffold, the licensee shall have completed all additional training required by section 9-03 of title 1 of the rules of the city of New York.

(ii) Where a licensed master rigger chooses to personally supervise the assembly, jump, or disassembly of a climber/tower crane, the licensee shall have completed all additional training required by section 3319.10 of the building code.

(iii) Where a licensed special rigger chooses to personally supervise the installation or use of a suspended scaffold, the licensee shall have completed all additional training required by section 9-03 of title 1 of the rules of the city of New York.

(b) Fitness requirements for renewal and reinstatement. As a condition of license renewal or reinstatement, a licensed or previously licensed Master, Special or Climber or Tower crane rigger shall provide evidence of fitness to perform the work authorized to be performed by a holder of the license held or once held by the applicant. Evidence shall be on a form prescribed by the Commissioner and shall establish that the applicant has passed a physical exam that complies with subdivision (c) of this section, and that the applicant has received a negative result for a substance abuse test as required in subdivision (c) of this section. Such evidence shall include the name, address and telephone number of the laboratory that performed the tests and consent to the release by such laboratory of the test results to the Department upon request of the Department. A renewal applicant shall satisfy the requirements of this rule at every subsequent renewal.

(c) Physical exam. Applicants for a Master, Special or Climber or Tower Crane Rigger license shall meet the following physical qualifications, unless it can be shown that failure to meet the qualifications will not affect the ability to perform the work authorized to be performed by a holder of the license sought. In such cases, specialized clinical or medical judgments and tests may be required. The following physical qualifications shall be met at all times throughout the term of the license.

(1) Vision of at least 20/30 Snellen in one eye and 20/50 in the other, with or without corrective lenses.

(2) Ability to distinguish colors, regardless of position, if color differentiation is required to perform the work authorized to be performed by the license.

(3) Adequate hearing to meet operational demands, with or without hearing aid.

(4) Sufficient strength, endurance, agility, coordination, and speed of reaction to meet job demands.

(5) Normal depth perception, field of vision, reaction time, manual dexterity, coordination, and no tendencies to dizziness or similar undesirable characteristics.

(6) A negative result for a substance abuse test.

(7) No evidence of having physical defects or emotional instability that could create a hazard for the rigger or others, or that in the opinion of the examiner could interfere with the rigger's performance.

(8) No evidence of being subject to seizures or loss of physical control.

§14. Subchapter D of chapter 100 of title 1 of the rules of the city of New York is amended by adding a new section 104-11 to read as follows:

§104-11 Welders.

(a) Qualifications. An applicant for a welder license shall satisfy the qualification and examination requirements of the Administrative Code by complying with the following requirements:

(1) Applicants shall furnish to the Department a welder certification issued by the American Welding Society or the State of New York. The applicant shall provide to the Department a copy of the certification, a copy of future re-certifications and documentation of new certifications acquired. The applicable certification shall be maintained continuously for the duration of the license term and shall authorize performance of the type of welds the licensee performs.

(2) Applicants shall provide evidence of fitness to perform the work authorized to be performed by a holder of the license sought. Such evidence shall consist of documentation on a form prescribed by the Department that the applicant has passed a visual acuity test effective for the term of the license sought.

(b) Fitness requirements for renewal and reinstatement. As a condition of license renewal or reinstatement, a licensed or previously licensed welder shall provide evidence of fitness to perform the work authorized to be performed by a holder of the license held or once held by the licensee. Such evidence shall consist of:

(1) A welder certification issued by the American Welding Society or the State of New York. The licensed or previously licensed welder shall provide to the Department a copy of the certification, a copy of future re-certifications and documentation of new certifications acquired. The applicable certification shall be maintained continuously for the duration of the license term and shall authorize performance of the type of welds the licensee performs.

(2) Documentation on a form prescribed by the Department that the licensee has passed a visual acuity test effective for the term of the license held or once held by the licensee.

(3) A renewal applicant shall satisfy the requirements of this subdivision at every subsequent renewal.

STATEMENT OF BASIS AND PURPOSE

The foregoing rule is promulgated pursuant to the authority of the Commissioner of Buildings under Sections 643 and 1043(a) of the New York City Charter.

This rule amends §104-01 by clarifying the meaning of the term “license” and by listing the license examinations for which the Department expects to assume operational authority: Electrician (Master/Special), High Pressure Boiler Operating Engineer, Master Fire Suppression Piping Contractor (Classes A and B), Master Plumber, Oil Burning Equipment Installer (Classes A and B), Portable High Pressure Boiler Operating Engineer, Rigger (Master/Special/Tower), and Sign Hanger (Master/Special). It also adds provisions that indicate how an applicant can verify required experience.

The rule also clarifies and updates § 104-02, reflecting the license types required to submit proof of general liability, workers’ compensation and disability insurance; by adding a requirement that licensees shall ensure that their insurance policies cover the city, its officials and employees as “Additional Insured”; by prescribing certain standard notification and indemnity provisions in required insurance; and by adding a requirement that all submitted insurance documents must not contain any handwritten corrections.

Amendments to §§ 104-03 and 104-05 reflect recently enacted legislation requiring a Safety Registration. Section 104-03 is also amended to indicate the term of electrical licenses is one year, not three.

Section 104-06 reflects proposed new training requirements for Riggers and new substantive and procedural requirements for course providers.

The rule amends §104-07 to add a missing reference to § 105-05 relating to the Office of Administrative Trials and Hearings.

The rule additionally amends §104-09 governing Class A, B or C Hoisting Machine Operator licensees and/or applicants; to add qualification, examination and fitness requirements for license issuance, renewal and reinstatement; deletes certain requirements that are no longer relevant due to the passage of time; and extends the period for which Hoisting Machine Operator Classes A and B licensees shall provide to the Department certain information required to demonstrate fitness.

The rule further adds a new §104-10 containing training requirements for Master, Special and Climber or Tower Crane Riggers, reflecting the provisions of Local Law 44 of 2008, and requires evidence of fitness for all Riggers pursuant to Administrative Code §28-401.8 and §28-404.4.3.

A new section is added to cover Welders. Section 104-11 reflects the Department’s shift from administering local examinations for welder license applicants to accepting American Welding Society or New York State-issued welder certifications.

This rule has an effective date of 02-20-09.

Statement of Substantial Need for Earlier Implementation

I hereby find, pursuant to § 1043, subdivision e, paragraph 1(c) of the New York City Charter, and hereby represent to the Mayor, that there is a substantial need for the earlier implementation of new Subchapter D and Sections §104-01 through §104-07, §104-09 and §104-22 to Chapter 100 of Title 1 of the Official Compilation of the Rules of the City of New York, relating to licensing and qualification and regulation of businesses, trades and occupations engaged in building work.

The rule sets forth the procedures that will govern the Department's administration of certain licensing exams and addresses license terms for licenses of various types making clear that the Commissioner maintains the authority to stagger the issuance of licenses based on considerations other than the date of issuance of the subject license, or to otherwise provide for reasonable implementation of modifications to the terms. The rule also specifies insurance amounts, applicability to specific license categories, proper documentation, and certificate requirements and updates and recognizes the need to exempt certain licensees from required workers' compensation and disability insurance requirements when the licensee has no employees. In addition, the rule specifies requirements and procedures for license reinstatement, specifying the licensees required to meet continuing education requirements, and setting forth their course requirements as well as requirements for course providers seeking Department approval. Furthermore, the rule also reflects licensee obligations such as notification of address change and notification of criminal conviction. Finally, the rule requires license applicants to take examinations as provided in Department rule and authorizes the commissioner to require hoisting machine operators to provide proof of fitness to perform authorized work as a condition to license renewal.

§104-09 contains certification requirements for certain crane operators that have been in effect via emergency rule since October 22, 2008. Therefore, in order to avoid a gap in the regulation, there is a substantial need for the earlier implementation of these rules pursuant to Charter § 1043(e)(1)(c).

NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the Commissioner of Buildings by Section 643 of the New York City Charter and in accordance with Section 1043 of the Charter and Title 28, Article 401 of the Administrative Code, that the Department of Buildings hereby adopts a new Subchapter D and Sections §104-01 through §104-07, §104-09 and §104-22 to Chapter 100 of Title 1 of the Official Compilation of the Rules of the City of New York relating to licensing.

Matter underlined is new.

This rule was first published on December 22, 2008 and a public hearing thereon was held on January 26, 2009.

Dated: 2.17, 2009
New York, New York

Robert D. LiMandri
Commissioner

Section 1. Title 1 of the Rules of the City of New York is amended by adding a new Subchapter D and Sections §104-01 through §104-07, §104-09 and §104-22 to Chapter 100 of Title 1 of the Rules of the City of New York, to read as follows:

Subchapter D
Licensing and Registration of Businesses, Trades and Occupations
Engaged in Building Work

§104-01 Examinations and Other Qualifications.

(a) Definitions. For purposes of this rule, the term “license” shall include “certificate of competence” whenever such a certificate is required by Chapter 4 of title 28 of the Administrative Code.

(b) Examinations

(1) Applicability

(i) This subdivision (b) shall apply to Department-sponsored examinations administered for the following licenses:

(A) Site Safety Manager Certificate

(B) Private Elevator Inspection Agency Director Certificate

(C) Private Elevator Inspection Agency Inspector Certificate

(D) Additional license types may be added to this listing as responsibility for their administration is transferred from the Department of Citywide Administrative Services to the Department of Buildings.

(2) Examination procedures.

(i) The examination shall consist of a written and/or a practical test, and a background investigation of the applicant's character and fitness and training/experience.

(ii) Candidates must first apply for the written examination by submitting an application on a form prescribed by the Department to the Department's Licensing Unit or its designee. The application must be accompanied by the examination fee and any other required documents as set forth in the Department's rules.

(iii) Failed written test.

(A) Candidates who fail the written test must wait at least fourteen (14) days before retaking it.

(B) Each time a candidate wishes to take the written test, including after a failure, the candidate must reapply to the Department and pay the required fee as set forth in the Department's rules.

(C) Candidates may take the written test three (3) times within a six (6) month period.

(D) Candidates who fail the written test three times within six (6) months must wait six (6) months before applying again to take the written test, in accordance with the procedure in paragraph (c) of this rule.

(iv) A candidate who has been notified of failure to pass the written test may appeal such failure only if the candidate has failed by not more than

five (5) points. Such appeal must be in writing with an original signature and addressed as the Commissioner may require. The appeal must state the title of the license examination, the applicant's name, return address and social security number, the date of the test and a detailed statement of the grounds for appeal. The appeal must be received not later than thirty (30) days from the date of notification of failure to pass the license exam.

(3) Issuance of license after examination.

(i) A candidate who passes the required examination as provided in this rule and who is found to have met the qualifications of §28-401.6 of the Administrative Code, after an investigation, shall receive a notice of qualification from the Department.

(ii) Upon receipt of the notice of qualification, the applicant must contact the Department's Licensing Unit to schedule an appointment to obtain the license.

(iii) The applicant shall appear and furnish to the Department all requested original forms, documents and fees within one (1) year of the date of the Department's notice of qualification. Failure to do so within the time specified will result in the denial of the license and will require a re-examination and reapplication.

(iv) License examinations administered by other agencies. License examinations administered by other agencies for licenses regulated by the Department shall continue to be subject to such other agency's rules and regulations regarding examinations and investigations until the responsibility for administering particular licensing examinations is transferred to the Department, at which point the provisions of this rule shall apply.

(c) Education, training and experience. An applicant must possess the minimum education, training and/or experience requirements specified by the Administrative Code at the time of filing the application. For purposes of this subdivision (c), the term "experience" refers to that experience gained as the result of full-time employment, unless otherwise determined by the Commissioner.

(d) Investigation.

(1) The Department or its designee shall conduct an investigation of each candidate to determine the candidate's fitness and qualification for the license. An applicant's failure to meet the requirements specified by the Administrative Code or by the Department's rules, and/or an applicant's refusal to cooperate with an investigation, will result in denial of the license or certificate of competence.

(2) Candidates who refuse to provide all requested documents within six (6) months of the date of request shall be denied a license or certificate of competence.

(3) A candidate who has been notified of failure to meet the fitness and qualification requirements may request reconsideration provided that the candidate has additional relevant information or documentation for the Department's review. Such appeal must be in writing with an original signature and addressed as the Commissioner may require. The request for reconsideration must state the title of the license examination, the applicant's name and return address, the date of the Department's denial and a detailed statement of the grounds for reconsideration with any supporting documentation. The request for reconsideration must be received not later than sixty (60) days from the date of notification of the denial of the license.

(e) Change of address.

(1) Candidates shall promptly notify the Department in writing of any address change that occurs after filing the license application.

(2) Failure to furnish such notification may result in denial of the license..

§104-02 Proof of required insurance.

(a) General liability insurance.

(1) The following licensees are required to submit proof of insurance prior to issuance or renewal of a license:

(i) Master Plumber

(ii) Master Fire Suppression Piping Contractor

(iii) Master Electrician

(iv) Special Electrician (to the extent of his/her employer's coverage)

(v) Rigger (Master/Special)

(vi) Sign Hanger (Master/Special)

(vii) Elevator Inspection Agency Director

(viii) General Contractors.

(2) Each holder of and applicant for a license shall secure Commercial General Liability (CGL) insurance policy or policies satisfying the requirements in this subparagraph. All CGL insurance policies, whether primary, excess or umbrella, shall:

(i) Be issued by a company or companies that may lawfully issue the required policy and has an A.M. Best rating of at least A-VII or a Standard and Poor's rating of at least AA.

(ii) Provide coverage at least as broad as that provided by the most recent edition of ISO Form CG 0001;

(iii) Provide coverage of at least \$1,000,000 (one million dollars) combined single limit per occurrence

(iv) Contain the following endorsement: This policy shall not be cancelled or terminated, or modified or changed unless thirty (30) days prior written notice is sent to the Named Insured and the commissioner of the New York City Department of Buildings, except that notice of termination for non-payment may be made on only ten (10) days written notice.

(3) Each holder of and applicant for a license shall file with the Department proof that there is in place insurance that provides the coverage set forth in this subdivision. Proof may consist of an insurance certificate, in which case the insurance certificate shall be accompanied by a sworn statement in a form prescribed by the Department from the insurer or from a licensed insurance broker certifying that the insurance certificate may be relied upon as proof that the certificate is accurate in all respects and that the insurance certified thereon is in force.

(4) The holder of and applicant for a license shall provide a copy of any required policy within thirty days of a request for such policy by the Department or the New York City Law Department.

(5) A failure by the City or the Department to enforce any of the foregoing requirements shall not constitute a waiver of such requirement or any other requirement.

(b) Workers' compensation insurance and disability insurance. Holders of and applicants for the license types specified in this subdivision shall, at their expense, procure and maintain workers' compensation and disability insurance:

(1) Master Plumber

(2) Master Fire Suppression Piping Contractor

(3) Master Electrician

(4) Special Electrician (to the extent of his/her employer's coverage)

- (5) Oil Burner Equipment Installer
- (6) Rigger (Master/Special)
- (7) Sign Hanger (Master/Special)
- (8) Elevator Inspection Agency Director
- (9) General Contractor

(c) Acceptable forms:

(1) Workers' compensation insurance. The licensee must submit one of the following forms to the Department, or another form acceptable to the Department, or exemption from required coverage:

- (i) C-105.2 Certificate of Worker's Compensation Insurance.
- (ii) U-26.3 -- State Insurance Fund Certificate of Workers' Compensation Insurance.
- (iii) Request for WC/DB Exemption (Form CE-200).

(2) Disability insurance. The licensee must submit a form demonstrating required disability insurance coverage or exemption from required coverage.

(d) Requirements for all submitted insurance certificates.

(1) Insurance certificate requirements. All submitted insurance certificates must contain the following:

- (i) The licensee's license or tracking number(s).
- (ii) The insurance policy number(s).
- (iii) The federal Employer Identification Number of the insured or the social security number on any workers' compensation or disability certificates.
- (iv) The policy holder's business address, which cannot be a post office box. The address must appear exactly as on the Department's Buildings Information System ("BIS").

(v) New York City Department of Buildings, Attn: Licensing Unit, 280 Broadway, 6th Floor, New York, NY 10007 shall be specified as a certificate holder.

§104-03 Term of license.

(a) The term of a license issued to a new or renewal applicant for which an examination is required shall be three (3) years, measured from the date the license is issued, except as otherwise specified in this rule.

(b) The term of a license issued to a new or renewal applicant for which no examination is required shall be one (1) year, measured from the date the license is issued, except as otherwise specified in this rule.

(c) The term of a construction superintendent registration issued to a new or renewal applicant shall be three (3) years measured from the date the registration is issued.

(d) The term of a general contractor registration issued to a new or renewal applicant shall be three (3) years, measured from the date of the applicant's birthday.

(e) The term of a concrete safety manager registration issued to a new or renewal applicant shall be three (3) years, measured from the date the registration is issued.

(f) Nothing contained herein shall limit the authority of the Commissioner to stagger the issuance of licenses based on considerations other than the date of issuance of the license or to otherwise provide for reasonable implementation of modifications to license terms.

§104-04 Renewal . License renewals shall be governed by the provisions of Administrative Code §28-401.12.

§104-05 Reinstatement of license. In accordance with §28-401.13 of the Administrative Code, a license may be reinstated in accordance with the following requirements.

(a) A license that has been expired for less than one year may be reinstated upon filing of an application with the Department. Such reinstatement shall be subject to any applicable late and reinstatement fees.

(b) A license that has been expired for a period of one year to five years from the date of expiration may be reinstated without examination where the applicant demonstrates continued competence and completion of any and all required continuing education requirements.

(1) Continued competence shall be demonstrated by the applicant's active and legal engagement in the trade for which the applicant's license was issued. The applicant shall supply the Department with the following:

(i) A resume detailing employment history and the duties the applicant performed in each position during the time the license was expired;

(ii) A signed and notarized statement from the applicant's employer stating the nature of the applicant's duties and the dates of such employment;

(iii) For work in the trade requiring the supervision of a licensed person in accordance with Chapter 4 of the Code, a signed and notarized (or sealed) statement from the supervising licensee stating that he or she supervised the applicant, the dates of such supervision and the nature of the applicant's duties; and

(iv) Any other documentation the Department deems appropriate.

(2) An applicant for reinstatement must be actively and legally engaged in the trade during the time period between the expiration of the license and the date of the application for reinstatement, except for periods of time away from the trade not to exceed, in the aggregate, one (1) year.

(3) A candidate shall appear and furnish to the Department all requested original forms, documents and fees within six (6) months of the date of the request for reinstatement. Failure to do so will result in the denial of the reinstated license and will require a reexamination and reapplication.

(c) No license shall be reinstated if it is expired for over five (5) years. The applicant must reapply for a new license and meet all applicable qualifications, including any required examination.

(d) Exceptions to reinstatement provisions. If an application for renewal of a license for Construction Superintendent, Concrete Safety Manager or General Contractor is not filed within one year of a registration's expiration, the applicant must reapply for a new registration and meet all applicable qualifications.

§104-06 Continuing education requirements.

(a) Applicability. This section shall be applicable to license holders seeking renewal of licenses requiring the completion of continuing education course(s) and to applicants seeking Department approval to provide continuing education courses for the following license types:

- (1) Construction Superintendent.
- (2) Master Plumber.
- (3) Master Fire Suppression Piping Contractor.
- (4) Site Safety Manager.
- (5) Site Safety Coordinator.
- (6) Concrete Safety Manager.
- (7) Master Electrician.
- (8) Special Electrician.

(b) Course requirements for license renewals. The following courses are required for renewal of the below listed license types:

(1) Construction Superintendent. During the one (1) year period immediately prior to renewal, the licensee shall have successfully completed a Site Safety Manager refresher course approved by the Department, or any equivalent course(s) approved by the Department, including those in electronic format.

(2) Concrete Safety Manager. During the one (1) year immediately prior to renewal, the licensee shall have successfully completed an eight (8) hour Department approved course that is sufficient to qualify the individual as a competent person under OSHA standards to oversee concrete operations or any equivalent course(s) approved by the Commissioner, including those in electronic format.

- (3) Master Plumber and Master Fire Suppression Piping Contractor. During the two (2) year period immediately prior to renewal, the licensee shall have successfully completed a one-day (7 hour) continuing education course approved by the Department.
- (4) Site Safety Manager. During the one (1) year period immediately prior to renewal, the licensee shall have successfully completed a Site Safety Manager refresher course approved by the Department.
- (5) Site Safety Coordinator. During the two (2) year period immediately prior to renewal, the licensee shall have successfully completed a Site Safety Manager refresher course approved by the Department.
- (6) Master Electrician and Special Electrician. Effective January 1, 2010, during the one (1) year period immediately prior to renewal, the licensee shall have successfully completed a course of at least 8 hours, at least 4 hours of which shall focus on the New York City Electrical Code, approved by the Department.
- (c) Course providers and content. Course providers seeking the Department's approval of courses shall submit written proposals that include the following:
- (1) Identification of the type(s) and class(es) of licensees for which the proposed course(s) will be taught;
 - (2) A proposed curriculum appropriate for the type(s) and class(es) of licensees to which the course(s) will be taught. Except for Master and Special Electricians, no more than 4 hours of any curriculum shall consist of course materials or credits to be applied to multiple license types. All curricula shall include but not be limited to:
 - (i) Business practices;
 - (ii) Relevant building code provisions, rules, and policy and procedure notices enacted or promulgated by the Department;
 - (iii) Department of Environmental Protection Water Rules for master plumber and master fire suppression piping contractor courses;
 - (iv) Occupational Safety and Health Standards for the Construction Industry for Site Safety Manager and Site Safety Coordinator courses;
 - (v) For Master Electricians and Special Electricians, relevant New York City Fire Department code provisions, rules and policies, and relevant utility regulations;
 - (vi) Relevant Department of Buildings filing and inspection requirements;

- (vi) Safety/hazardous materials;
- (viii) New technology;
- (ix) Integrity/anti-corruption standard; and
- (x) Other subjects identified by the Commissioner.

(3) A schedule detailing the proposed course cost(s) to individuals and/or groups wishing to enroll;

(4) A listing of proposed course availability, including a schedule of their times and locations;

(5) A detailed statement of the proposed provider's qualifications, including but not limited to instruction staff names and qualifications, other jurisdictions in which the provider has been approved to provide continuing education or other courses (if any), the composition of its governing authority, identification of its administrative resources (physical and human), certification that its facilities and equipment are adequate to deliver the training program, and documentation of financial viability;

(6) A detailed statement of the proposed provider's procedures for confirming the identity of individuals taking any course(s) and for the issuance of a fraud-resistant document demonstrating that a licensee attended the course(s);

(7) A commitment to generate and retain for 5 years records of the course(s) offered, including attendance logs for each session of each course and course evaluations by the attendees; and

(8) Such other items as the Commissioner may deem appropriate and necessary.

(d) Course approval. The Department of Buildings shall notify proposed course providers in writing of its approval. The Department may reevaluate approved courses through audit or other means at such intervals as it deems necessary and may withdraw approval or impose additional requirements.

(e) Listing of approved course providers. Approved course providers shall be listed on the Department's website.

§104-07 Suspension or revocation.

(a) Hearings concerning disciplinary proceedings pursuant to Administrative Code §28-401.19 seeking suspension or revocation, with or without penalties, against any licensee or holder of a certificates of competence issued by the Department shall be held before the Office of Administrative Trials and Hearings and shall be governed by the rules of procedure utilized at that tribunal.

(b) Stop work and suspension of permits. Upon any suspension or revocation of a license, certificate of competence, approval or authorization, unless replaced by another licensee, certificate holder, approved agency, special inspector, or registered design professional within five (5) business days of such suspension or revocation, all open jobs on which the licensee, certificate holder, approved agency, special inspector, or registered design professional is designated shall be stopped and the permits shall be suspended until such time as another licensee, certificate holder, approved agency, special inspector, or registered design professional is designated or such permits expire. Where the commissioner has summarily suspended a license or certificate of competence pursuant to Administrative Code §28-401.19.1, all open jobs on which the licensee, certificate holder, approved agency, special inspector, or registered design professional is designated shall be stopped immediately and the permits shall be suspended immediately for the earlier of the duration of the suspension or until such time as another licensee, certificate holder, approved agency, special inspector, or registered design professional is designated or until such permits expire.

(c) Conduct of hearing by office of administrative trials and hearings. The administrative law judge assigned to hear any matter specified in this rule shall submit his or her proposed findings of fact and recommended decision to the commissioner. Where the commissioner has summarily suspended a license or certificate of competence pursuant to Administrative Code §28-401.19.1, at the conclusion of the hearing on the first return date, the administrative law judge may lift the suspension, finally determine the matter, or, if the administrative law judge finds that the summary suspension was appropriate, but that further hearings are necessary to make a final determination of the charges, the administrative law judge may make a finding as to the need for further hearings and continue the suspension pending such further hearings without need for issuance of a commissioner's order.

§104-09 Hoisting Machine Operators Class C.

(a) Applicants for a Class C Hoisting Machine Operator license shall satisfy the qualification and examination requirements of the Administrative Code by complying with the following requirements:

(1) Applicants shall furnish to the Department a certification issued by the National Commission for the Certification of Crane Operators or an equivalent certification entity approved by the Department. The certification shall authorize operation of the type of equipment for which the applicant seeks a license. The applicant shall provide to the Department a copy of the certification, a copy of future re-certifications and documentation of new specialties acquired. The applicable certification shall be maintained continuously for the duration of the license term.

(2) Applicants shall provide proof of experience demonstrating two years work, within the three years prior to application, under the direct and continuing

supervision of a Hoisting Machine Operator licensed by the Department or by another jurisdiction that regulates crane operators. The qualifying work shall include instruction in outrigger placement incorporating at least 100 crane set-ups. At least one year of the qualifying work must have been undertaken in the city of New York or in an urban area of comparable density, as determined by the commissioner.

(b) Fitness requirements for renewal and reinstatement. As a condition of license renewal or reinstatement, a licensed or previously licensed Class C Hoisting Machine Operator shall provide evidence of fitness to perform the work authorized to be performed by a holder of the license type held or once held by the applicant. Such evidence shall consist of a valid certification(s) issued by the National Commission for the Certification of Crane Operators or an equivalent certification entity approved by the Department. The certification shall authorize the operation of the type of equipment for which the licensee is licensed and the licensee shall provide to the Department a copy of the certification, a copy of future re-certifications and documentation of new specialties acquired. Class C Hoisting Machine Operator's licenses that have been or will be renewed or reinstated at any time between July 1, 2008 and September 30, 2009 shall be conditioned on the licensee's satisfaction of the requirements of this rule by September 30, 2009, and shall lapse, effective October 1, 2009, upon failure to satisfy such condition, provided, however, that the commissioner may for cause, following notice and an opportunity to be heard, accelerate the date by which holders of such licenses must satisfy the requirements of this rule and in such case, upon failure to satisfy such condition, the license shall lapse. Renewal applicants shall satisfy the requirements of this rule at every subsequent renewal. The licensee shall pay the full license renewal or reinstatement fee at the time of renewal or reinstatement.

(c) Licensees shall provide to the Department no later than September 30, 2009 or at an earlier date determined by the commissioner pursuant to subdivision (b) or upon application, renewal, or re-instatement, as applicable:

(1) Evidence of having passed a physical exam that complies with the standards of ASME B 30, effective for the term of the license sought or held by the licensee; and

(2) Evidence of having certified compliance with the substance abuse testing provisions and standards of ASME B 30, effective for the term of the license sought or held by the licensee. Such evidence shall include the name, address and telephone number of the laboratory that performed the tests and consent to the release by such laboratory of the test results to the Department upon request of the Department.

(3) Evidence of a valid certification(s) issued by the National Commission for the Certification of Crane Operators or an equivalent certification entity approved by the Department.

(d) A Class C Hoisting Machine Operator license issued following compliance with this rule shall authorize the operation of only that type of equipment for which Department records indicate the licensee is certified.

(e) The provisions of this rule shall be in addition to the qualification, renewal and reinstatement requirements prescribed by articles 401 and 405 of title 28 of the Administrative Code.

(f) In addition to any other documents required to be maintained on-site by a licensed Class C Hoisting Machine Operator, such Operator shall have on-site at all times the following documents:

(1) The certification(s) issued to him or her by the National Commission for the Certification of Crane Operators or equivalent certification entity approved by the Department; and

(2) The hoisting machine operator license issued to him or her by the Department; and

STATEMENT OF BASIS AND PURPOSE

This rule is adopted pursuant to the authority of the Commissioner of Buildings under sections 643 and 1043(a) of the New York City Charter and Title 28, Article 401 of the New York City Administrative Code. Article 401 authorizes rulemaking regarding the licensing, qualification and regulation of businesses, trades and occupations engaged in building work.

The rule sets forth the procedures that will govern the Department's administration of certain licensing exams. The rule will apply to specified license types; other license types may be added as responsibility for their administration is assumed by the Department. The rule also covers investigations of license applicants and certain administrative housekeeping matters.

In addition, the rule addresses license terms for licenses of various types and makes clear that the Commissioner maintains the authority to stagger the issuance of licenses based on considerations other than the date of issuance of the subject license, or to otherwise provide for reasonable implementation of modifications to the terms.

The rule also implements §28-401.9 by specifying insurance amounts, applicability to specific license categories, proper documentation, and certificate requirements and updates. It recognizes the need to exempt certain licensees from required workers' compensation and disability insurance requirements when the licensee has no employees.

The rule implements §28-401.13 and §28-401.14 by specifying requirements and procedures for license reinstatement, specifying the licensees required to meet continuing education requirements, and setting forth their course requirements as well as requirements for course providers seeking Department approval.

The rule also reflects miscellaneous licensee obligations not confined to the material covered in any one of the sections of Subchapter D. Such topics include notification of address change and notification of criminal conviction.

Finally, the rule contains provisions based on Sections 28-401.7 and 28-405.4 of the Administrative Code. The first requires license applicants to take examinations as provided in Department rule. The second authorizes the commissioner to require hoisting machine operators to provide proof of fitness to perform authorized work as a condition to license renewal. Recent crane accidents have prompted the City to re-assess its testing and ongoing training requirements for all persons involved in the operation of cranes, including Class C Hoisting Machine Operators. The examination for the Class C Hoisting Machine Operator license is alleged by law enforcement authorities to have been the subject of improprieties, making it necessary for the Department to take permanent steps to restore integrity to the examination and license renewal processes for this license type.
