NEW YORK CITY DEPARTMENT OF BUILDINGS
NOTICE OF ADOPTION OF RULE AMENDMENT

NOTICE IS HEREBY GIVEN pursuant to the authority vested in the Commissioner of the Department of Buildings by Section 643 of the New York City Charter and in accordance with Section 1043 of the Charter, that the Department of Buildings hereby adopts amendments to Sections 12-01, 101-06, 101-07, 102-01, 104-08, 3500-01, and 3500-02 of Title 1 of the Official Compilation of the Rules of the City of New York, regarding extending the effective dates of such rule sections.

This rule was first published on October 1, 2014. The Department did not hold a public hearing on the proposed rule amendment on the grounds that a hearing would have served no public purpose.

Dated: 11.10.14

Commissioner

Statement of Basis and Purpose

Local Law 52 of 2014 changed the effective dates of amendments of the New York City Construction Codes pursuant to Local Law 141 of 2013 and certain other local laws as set forth in Local Law 52 from October 1, 2014 to December 31, 2014. These amendments together are commonly referred to as “the 2014 NYC Construction Codes”.

Therefore, the Department of Buildings (DOB) is amending rules previously adopted pursuant to the 2014 NYC Construction Codes to conform the effective dates of such rules to the new effective date of such code (December 31, 2014) as set forth in Local Law 52 of 2014.

In accordance with Section 1043(e)(iii) of the City Charter, DOB did not hold a public hearing on this rule amendment on the grounds that a hearing would have served no public purpose.

Further, in accordance with Section 1043(d)(4)(iii) of the City Charter, this rule is not subject to review pursuant to Section 1043(d) of same.

Statement of Basis and Purpose of Rule

The Department of Buildings (“Department”) is amending section 104-08 of Title 1 of the Rules of the City of New York (“Rules”).

The Department is amending section 104-08 by updating the section to reflect changes made to the New York City Administrative Code (“Administrative Code”) by local law number 141 for the year 2013, and by clarifying the eighteen month on-the-job training program and OSHA course requirements.

The Department’s authority for these rules is found in sections 643 and 1043 of the New York City Charter, sections 28-402.2 and 28-403.2 of the Administrative Code.

New material is underlined.

[Deleted material is in brackets.]

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 104-08 of chapter 100 of title 1 of the rules of the City of New York is amended to read as follows:

§104-08 Qualifications for site safety manager and site safety coordinator certificates.

(a) Site safety managers. The Department of Buildings shall issue a site safety manager certificate to an individual who shall have satisfied the requirements of section 28-402.2 of the Administrative Code.

- (1) For purposes of satisfying the requirements of paragraph (5) of section 28-402.2 of the Administrative Code, equivalent education and construction experience shall consist of successful completion within two years [of] prior to application [for certification] of an OSHA 30-hour safety course and one of the following:
 - (i) Eight years of experience within 10 years prior to the date of the application as a building code enforcement official charged with enforcement of the provisions of the New York City Building Code. The enforcement must have included inspections of major buildings under construction or demolition and thus this basis for qualification excludes officials whose primary role is to perform inspections of occupied or vacant buildings; or

- (ii) Eight years of field experience working on buildings within 10 years prior to the date of the application as a safety official for a governmental entity or construction firm or as a safety manager or safety engineer for a safety consulting firm specializing in construction or demolition. The experience must have included 4 years relevant work on major buildings under construction or demolition; or
- (iii) Successful completion of a New York State Apprenticeship Program for Site Safety Manager approved by the Department; or
- (iv) Ten years of experience within 12 years prior to the date of the application working in a relevant construction trade with plans in furtherance of building construction or demolition, five years of which must have been on major buildings under construction or demolition and three of those five years must have been in an on-site supervisory position.
 - (A) For purposes of this [subdivision] subparagraph, each year of formal training or education in a program with emphasis on construction at a college, technical or trade school may be substituted for one year of construction work up to a maximum of three years.

[(v)] Experience acquired pursuant to this [subdivision] paragraph must have been full-time experience acquired in the United States.

- (2) A holder of a site safety manager certificate may not simultaneously hold either an active site safety coordinator certificate or an active registration as a superintendent of construction.
- (3) [An]For the purposes of satisfying the requirements of paragraph (4) of section 28-402.2, an acceptable 18 month on-the-job training program shall [include] consist of successful completion within two years prior to application of an OSHA 30-hour safety course and the following:
 - (i) The buildings worked on must have been major buildings; and
 - (ii) The work must have been site safety work performed under the direct [and continuing] supervision of a certified site safety manager. For purposes of this subdivision, direct [and continuing] supervision shall include daily training at the location specified in the monthly summaries in the presence of the supervising certified site safety manager; and

- (iii) The [training program] trainee must have [been] worked on a paid and full-time [and paid]basis; and
- (iv) Dated and notarized summaries must have been completed by the certified supervising site safety manager at the end of every month [specifying]. Such summaries must specify the location and the precise nature of the construction activity the trainee was engaged in at the location for the month covered; and
- (v) [The program must cover all phases of construction and must specify precisely the activity in which the trainee was engaged for the month covered by each monthly summary, including but not limited to excavation, foundation work, plumbing, electrical, and mechanical;] The program must include at least four months of training in soil or foundation work, and at least four months of training in structural erection; and
- (vi) The supervising certified site safety manager may supervise a maximum of [two] three trainees simultaneously[;].
- [(vii) Completion within two years of application for certification of an OSHA 30-hour safety course.]

(b) Site Safety Coordinators. The Department of Buildings shall issue a site safety coordinator certificate to an individual who shall have satisfied the requirements of section 28-403.2 of the Administrative Code.

- (1) For purposes of satisfying the requirements of paragraph (4) of section 28-403.2 of the Administrative Code, equivalent education and construction experience shall consist of successful completion within two years [of] prior to application [for certification] of an OSHA 30-hour safety course and one of the following:
 - (i) Five years of experience within 10 years prior to the date of the application as a building code enforcement official charged with enforcement of the provisions of the New York City Building Code. The enforcement must have included inspections of major buildings under construction or demolition and thus this basis for qualification excludes officials whose primary role is to perform inspections of occupied or vacant buildings; or
 - (ii) Five years of field experience working on buildings within 10 years prior to the date of the application as a safety official for a governmental entity or construction firm or as a safety manager or

safety engineer for a safety consulting firm specializing in construction. The experience must have included 2.5 years relevant work on major buildings under construction or demolition; or

(iii) Five years of experience within 10 years prior to the date of the application working in a relevant construction trade with plans in furtherance of building construction or demolition, three years of which must have been on major buildings under construction or demolition and two of those three years must have been in an on-site supervisory position.

(A) For purposes of this [subdivision] subparagraph, each year of formal training or education in a program with emphasis on construction at a college, technical or trade school may be substituted for one year of construction work up to a maximum of two years.

[(iv)] Experience acquired pursuant to this [rule] paragraph must have been full-time experience acquired in the United States.

(2) A holder of a site safety coordinator certificate may not simultaneously hold either an active site safety manager certificate or an active registration as a superintendent of construction.

(3) Applicants for a site safety coordinator certificate shall not be required to take an examination in order to qualify for the certificate.

(c) The term “major building” as used in this rule shall have the meaning given to it in Chapter 33 of the New York City Building Code.

This rule has an effective date of 07-01-08.

Statement of Substantial Need for Earlier Implementation

I hereby find, pursuant to §1043, subdivision e, paragraph 1(c) of the New York City Charter, and hereby represent to the Mayor, that there is substantial need for the implementation of new Section §104-08 of Title 1 of the Rules of the City of New York, governing the qualifications for site safety manager and site safety coordinator certificates, upon the publication in the City Record of its Notice of Adoption.

This is one of the rules needed to implement the City's new Construction Codes. The proposed rule implements provisions of the Administrative Code that authorize the Department to prescribe "equivalent education and construction experience" for site safety manager and site safety coordinator applicants to qualify for required certificates. In addition, pursuant to Administrative Code §28-401.7, it dispenses with the requirement of an examination for site safety coordinator certificates, as the Department has determined that these individuals can properly qualify on the basis of experience alone. The new codes require that these certificate holders be on-site at certain construction jobs to oversee site safety requirements. By making the rule effective upon publication, the City will more quickly enlarge the pool of potential certificate holders and thus advance public safety on construction sites.

(v) Experience acquired pursuant to this subdivision must have been full-time experience acquired in the United States.

(2) A holder of a site safety manager certificate may not simultaneously hold either an active site safety coordinator certificate or an active registration as a superintendent of construction.

(3) An acceptable 18 month on-the-job training program shall include the following:

(i) The buildings worked on must have been major buildings;

(ii) The work must have been performed under the direct and continuing supervision of a certified site safety manager. For purposes of this subdivision, direct and continuing supervision shall include daily training at the location specified in the monthly summaries in the presence of the supervising certified site safety manager;

(iii) The training program must have been full-time and paid;

(iv) Dated and notarized summaries must have been completed by the certified supervising site safety manager at the end of every month specifying the location and nature of the construction activity at the location for the month covered;

(v) The program must cover all phases of construction and must specify precisely the activity in which the trainee was engaged for the month covered by each monthly summary, including but not limited to excavation, foundation work, plumbing, electrical, and mechanical;

(vi) The supervising certified site safety manager may supervise a maximum of two trainees simultaneously;

(vii) Completion within two years of application for certification of an OSHA 30-hour safety course.

(b) Site Safety Coordinators. The Department of Buildings shall issue a site safety coordinator certificate to an individual who shall have satisfied the requirements of section 28-403.2 of the Administrative Code.

(1) For purposes of satisfying the requirements of section 28-403.2 of the Administrative Code, equivalent education and construction experience shall consist of successful completion within two years of application for certification of an OSHA 30-hour safety course and one of the following:

The experience must have included 2.5 years relevant work on major buildings under construction; or

(iii) Five years of experience within 10 years prior to the date of the application working in a relevant construction trade with plans in furtherance of building construction, three years of which must have

been on major buildings under construction and two of those three years must have been in an on-site supervisory position.

(A) For purposes of this subdivision, each year of formal training or education in a program with emphasis on construction at a college, technical or trade school may be substituted for one year of construction work up to a maximum of two years.

(iv) Experience acquired pursuant to this rule must have been full-time experience acquired in the United States.

(2) A holder of a site safety coordinator certificate may not simultaneously hold either an active site safety manager certificate or an active registration as a superintendent of construction.

(3) Applicants for a site safety coordinator certificate shall not be required to take an examination in order to qualify for the certificate.

(c) The term "major building" as used in this rule shall have the meaning given to it in Chapter 33 of the New York City Building Code.

STATEMENT OF BASIS AND PURPOSE

The foregoing rule is adopted pursuant to the authority of the Commissioner of Buildings under sections 643 and 1043(a) of the New York City Charter and pursuant to sections 28-401.7, 28-402.2, and 28-403.2 of the NYC Administrative Code.

The rule implements provisions of the Administrative Code that authorize the Department to prescribe "equivalent education and construction experience" for site safety manager and site safety coordinator applicants to qualify for required certificates. In addition, pursuant to Administrative Code §28-401.7, it dispenses with the requirement of an examination for site safety coordinator certificates, as the Department has determined that these individuals can properly qualify on the basis of experience alone.
