

NOTICE OF INTENT TO NEGOTIATE

(A) New York City Department of Correction

(B) PIN _072201545CPD

(C) Maintenance Service for Solar Turbines in Rikers Island Cogeneration Plant

This procurement is for maintenance services and extended warranty for Solar Turbines in Riker's Island Cogeneration Plant. The Combined Heat and Power (CHP) plant houses two 7.5 Megawatt Taurus 70 Solar turbines manufactured by Solar Turbines, a Caterpillar company. The gas turbine generator sets generate the electricity and are the most crucial equipment in the plant.

(E) Name of the proposed vendor: **Solar Turbines Incorporated**

(F) Summary of the determination:

Solar Turbines Inc. will provide maintenance service and extended warranty for the turbines in Rikers Island Cogeneration Plant. Solar Turbines Inc sells, manufactures and services its products. Services include overhaul, parts replacement, field service, package refurbishment and asset management. There are no third party service entities who can offer maintenance services and warranties. Also, it is an industry norm to provide such services to ones own equipment by training their own workforce.

The Department of Correction intends to enter into negotiations with Solar Turbines Inc. for provision of the above-described for the maintenance services and extended warranties of the turbines in Rikers Island CHP Plant.

(G) How qualified vendors may obtain an application, or express their interest in providing such goods, services, or construction:

Any firm which believes it can provide the required goods and or services in the future is invited to express interest via email to Pratibha.prabhu@doc.nyc.gov. The vendor must have specific expertise in maintenance of the turbines.
