Title Code No: 91638	Salary: \$449.68 Frequency: DAILY
Business Title: Senior Stationary Engineer "C"	Work Location: 16-16 Hazen Street, East Elmhurst, New York 11370
Division/Work Unit: Support Services Division	Number of Positions: 1
Job ID: 152373	Hours/Shift: Day Tour

Job Description

Supervises the operation, maintenance, adjustment, testing and repair of HVAC systems including steam components, air conditioning, chiller plants, HVAC fire protection assemblies, electro-mechanical building equipment and related HVAC system components. Trouble shoots all aspects of the operation and maintenance of motors, fans, belt systems, pumps, valves, heat exchangers, water treatment, cooling towers, condensers, evaporators, BMS and ATS controls, ventilating, air conditioning evaporators and condensers. Performs periodic inspections of equipment and repairs of such equipment; schedules and oversees preventive maintenance and addresses emergency repairs as required. Supervises the preparation of requisitions for materials and spare parts; carries out administrative duties regarding plant personnel; liaison with outside contractors and agencies; monitors the progress of ongoing projects within all DOC facilities; ensures that contractors and VTF personnel are carrying out their assignments effectively and within contractual guidelines; conducts research and development into cost saving measures; assists in interview process for prospective VTF employees and evaluates the job performance of VTF staff.

Minimum Qualification Requirements

1. One year of full-time experience as Stationary Engineer in charge of a high pressure plant supervising at least three stationary engineers in the operation, maintenance and adjustment of high-pressure boilers; and
2. A valid License for High Pressure Boiler Operating Engineer issued by the New York City Department of Buildings.

Preferred Skills

Candidate is required to have both a valid NYC Stationary Engineers license issued by the NYC Department of Buildings and a valid RMO (Refrigeration Machine Operators License) from the NYC Fire Department - unlimited capacity. Familiarity with HVAC system design, testing and balancing of HVAC systems.

Residency Requirement

New York City Residency is not required for this position.
