“Who can tell us about the long-term health impact of 9/11?”

**The World Trade Center Health Registry** is a long-term project to evaluate the potential impact of exposure to smoke, dust, fumes and debris of the 9/11 disaster. If you are concerned about the possible health consequences of September 11th, enroll today. The Registry will track your physical and mental health over time.

To enroll, call 1-866-NYC-WTCR (1-866-692-9827). For information visit [wtcregistry.org](http://wtcregistry.org) or call 311. **Signing up is important and strictly confidential, so do it today. Enrollment ends August 2004.**

**TOGETHER WE CAN LEARN MORE**
