2010 Holiday Motorcoach Traffic Regulations

Special regulations and additional parking areas are in effect from November 19, 2010 to January 2, 2011 to improve tour and charter bus operations and maintain traffic flow during the holiday season.

Buses bringing parties to Manhattan core (Rockefeller Center and Radio City Music Hall) locations must not park or layover in the core. Buses must drop off passengers and immediately withdraw to private off-street parking or to the limited on-street peripheral areas (see below and map). Buses should return to the core at the scheduled departure time and wait in "No Parking", "No Standing", or "No Standing except Trucks Loading & Unloading" zones for no more than 20 minutes (15 minutes for Rockefeller Center and Radio City Music Hall) for passengers to rejoin the bus.

Midtown Thru Streets Program: On weekdays between the hours of 10AM and 6PM, regulations **prohibit turns off of Thru Streets** between 3rd and 6th Avenues, except turns are allowed at Park Avenue. **Motorists will still be able to access Thru Streets at any time.**

Radio City Music Hall Special Instructions: Buses should drop-off passengers on the N/S of 51st St. between 5th & 6th Aves. and the S/S of 50th St. between 6th Ave. & Rockefeller Plaza.

At the drop-off point, the driver will be given a voucher specifying the pick-up time and location after the show. Questions: call 212/485-7200.

Buses must comply with New York City regulations prohibiting engine idling. If the temperature is 40 degrees F. or above, no idling is permitted. If the temperature drops below 40 degrees F., idling is permitted only for three minutes. Buses may not park in City bus stops, at fire hydrants, and in crosswalks or driveways. Buses may not double park.
