

Broadway I

Reconstruction Advisory:

Starting On or About August 5th, 2013

Reconstruction of roadway, utility upgrades, and replacement of trunk water mains on Broadway between Rector and Ann Streets is scheduled to begin on or about Monday, August 5th.

This work will proceed in 2 block segments at a time:

1st Segment

August 2013 - December 2013

Rector – Thames (West Side)

2nd Segment

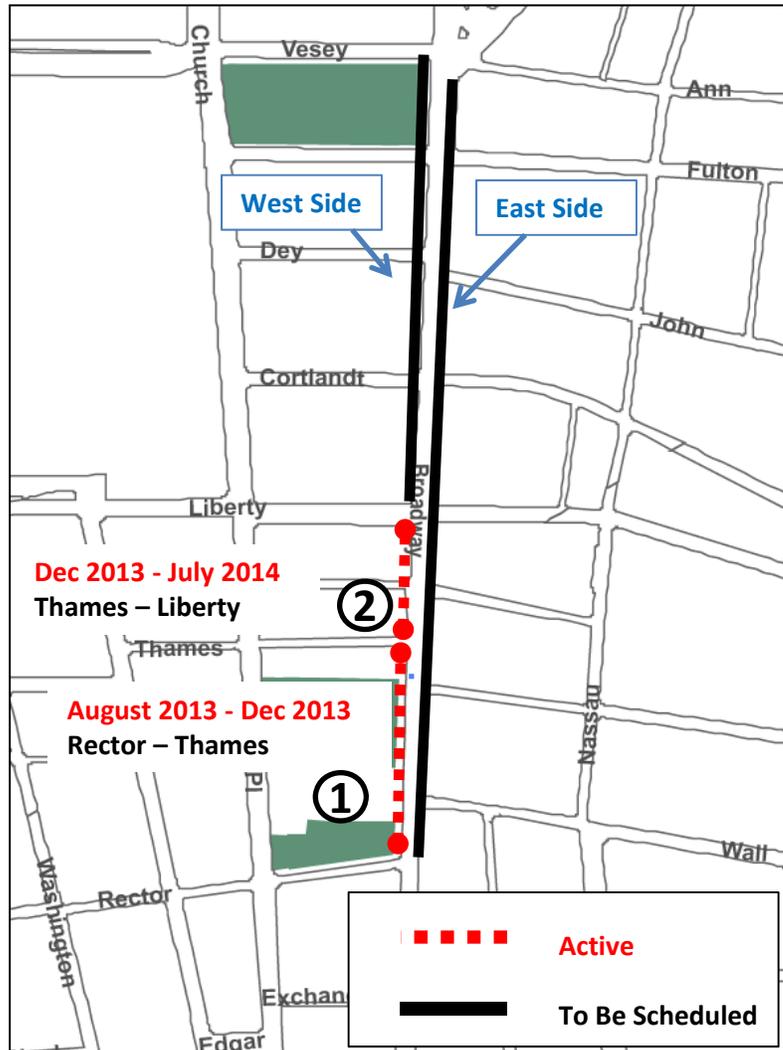

December 2013 - July 2014

Thames – Liberty (West Side)

The remaining segments are to be determined/scheduled as construction work advances.

The Contractor will maintain one southbound travel lane for traffic during segments 1 and 2.

The intersections will not be closed and necessary turning lanes and through traffic will be maintained. These work zones will be in place 7 days a week, 24 hours a day.

NYPD Traffic Enforcement Agents will be deployed to assist with circulation and enforcement.

Absolutely no tour bus loading/unloading is permitted alongside or approaching the work zones.

Existing bus stops within the work zone will be relocated or eliminated. DOT's Bus Stop Management Unit and Lower Manhattan Borough Manhattan Borough Commissioner's Office will coordinate.
