

Linden Boulevard

2015: Kings Highway to 78th St

2015

Safety Workshop

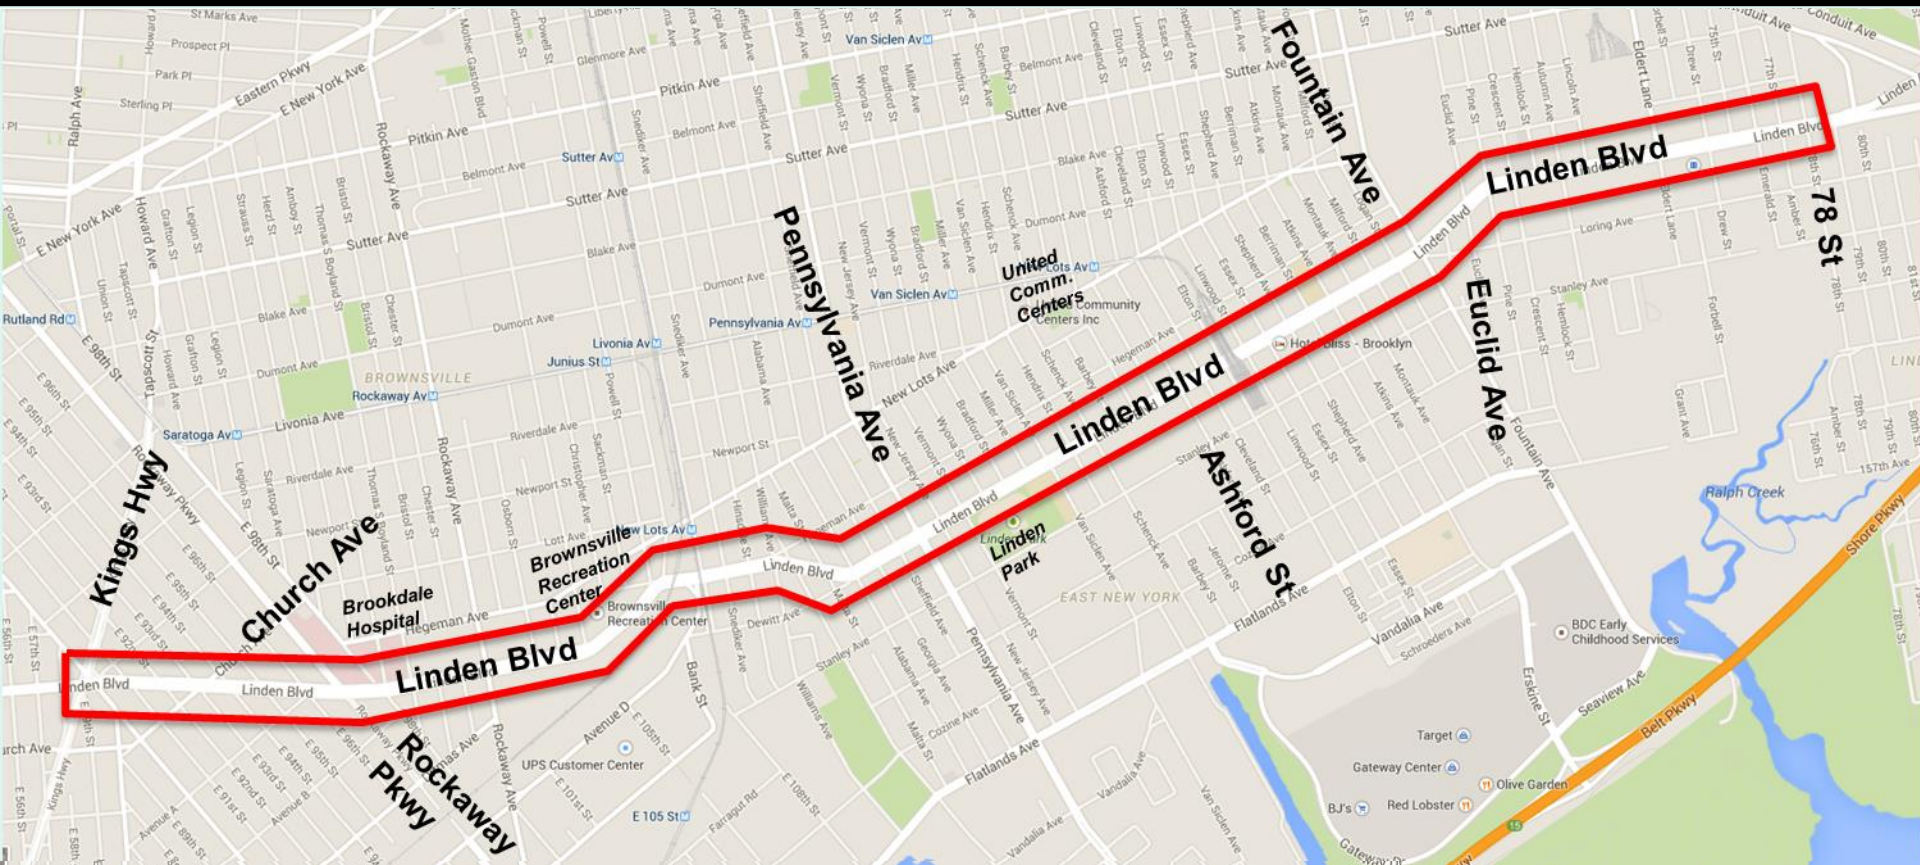

Agenda

- Brief overview of project area
- Table discussion
 - Data packet explanation
 - Pinpoint problem areas on map
 - Discussion of issues
 - Identify top points
- Share table input with everyone

Project Location

- 2015 project limits: Kings Highway to 78th St
- More information in data packet at the tables

Why We're Here

- Longstanding community requests for improvements
- 7 fatalities since 2009
- Need your local knowledge
- Want to make improvements in 2015

DOT Observations

- Long crossing distances and narrow medians
- High speeds on both mainline and service roads
- Used differently by locals and people passing through

DOT In-House Capabilities

- Markings
- Concrete
- Plantings
- Signals and stop controls
- Signage
- Street reversals/one-way conversions

Queens Blvd and 69 St

Collecting Input Until March 31, 2015

Linden Boulevard: Interactive Website

You can submit your thoughts about traffic safety on Linden Blvd at our interactive website:
www.nycdotfeedbackportals.nyc/linden-boulevard

Why We're Asking for Your Help

- Longstanding community requests for improvements
- High Crash Corridor with history of pedestrian and motor vehicle fatalities
- NYC DOT needs your local knowledge

Project Limits: Kings Hwy to 78th St
