The CityBench program is an initiative to increase the amount of public seating on New York’s streets. DOT is installing attractive and durable benches around the city, particularly at bus stops, retail corridors, and in areas with high concentrations of senior citizens. These benches make streets more comfortable for transit riders and pedestrians, especially for those who are older or disabled. Anyone can request a bench. If you know of a good location that meets the requirements below, please submit this Request Form by mail to the address located at the end of this form, or apply online at www.nyc.gov/citybench.

In order to support walking and transit, priority bench locations include:
- Bus stops without shelters
- Sidewalks near transit facilities (e.g., subway stations)
- Senior centers
- Hospitals and community health centers
- Commercial zones and shopping districts
- Municipal facilities (e.g., public libraries)

Request a Bench

The sidewalk must be at least 12 feet wide from building to curb face for backed benches. For backless benches at bus stops, the sidewalk must be at least 14 feet wide. Other clearance requirements also apply – to learn more, please visit www.nyc.gov/citybench or call (212) 839-6692.
