This data is in .kml format, easily displayed in Google Earth, Google Maps, and similar applications.

### **Theme Keywords**

New York City, Bicycle, Bike, Racks, Map, City Racks Program, User Feedback, CityRacks, Parking

### **Abstract**

This map contains the locations CityRacks installed by the New York City Department of Transportation in New York City from 1996 through present. The dataset currently contains locations of 8940 racks installed in 7366 locations. The data is a representation of approximate locations of New York City Racks. The displayed locations are based on the nearest street address to each rack. The locations were geocoded using the LION Locator created by New York City Department of City Planning. This dataset will be updated on a periodic basis as new racks are installed.

### **Edition #**

2010.4
